

NUMBER 6

I desire to state further that those who desire to vote in this primary are not required to swear that they voted the Democratic ticket last election, but may vote if they make affidavit they will support the nominees of the party.

T. T. CLARK,
Chairman Democratic Com.

Miss Mamie Lou is the daughter of Mr. and Mrs. A. Baldwin and has grown to womanhood here. Lieutenant and Mrs. Rouse left Wednesday night for Kelly Field where Lieut. Rouse is now stationed as an instructor of instructors in the aviation field.

We join their many friends in wishing them a happy future.

Resolution of State Bar Association

July 20, 1918.
From: Adjutant Gen. Dep.
To: All Local and District Boards in Texas.
Subject: Resolutions of State Bar Association With Reference to Attorneys Charging Registrants fees.

1. I am glad to be able to advise that at the recent annual meeting of the Texas Bar Association, the members thereof discussed and considered the pernicious and unpatriotic practice upon the part of a few of our Texas lawyers who charged registrants fees in connection with the draft.

2. After full discussion the State Bar Association adopted two resolutions, one denouncing the practice of charging registrants fees; the other recommending disbarment of the guilty lawyers, and providing for a committee whose duty it will be to institute disbarment proceedings.

3. If your local newspaper has not already published these resolutions, please request the publisher to do so, especially the first resolution. This pernicious practice can be controlled to a large extent by public sentiment, and it will therefore be desirable to give the resolutions the widest possible publicity.

FIRST RESOLUTION

Wichita Falls, Texas, July 4, 1918.

WHEREAS, our beloved country is now engaged in the unprecedented world war, bending its every energy to break and overcome Prussianism and tyranny and make the world safe for democracy and;

WHEREAS, our National Congress has wisely adopted certain methods of raising an army by the selective service process and has authorized our President to prescribe rules and regulations for proper and effective operation and enforcement of the selective service law; and,

WHEREAS, certain lawyers in each county in Texas (and other States) have been designated by the President as members of legal advisory boards and certain other lawyers in each county have been duly designated as associate members of such legal advisory boards for the express purpose of rendering efficient and free advice and assistance to registrants and officials engaged in the administration of the selective service law; and,

WHEREAS, the President issued a solemn proclamation, coincident with the promulgation of the Selective Service Regulations, calling upon each and every lawyer (whether expressly designated as a member or associate member of a legal advisory board or not) to assist registrants and draft officials gratis in every way possible to the end that the Selective Service Regulations might be impartially and properly enforced and all possible errors avoided, and all lawyers were in effect drafted by the Federal Government to perform this necessary and patriotic service during the existing emergency; and,

WHEREAS, the very great majority of the members of the Texas State Bar Association and the Texas lawyers generally have rendered and are rendering splendid patriotic service to their country by gladly responding to the request of the President as above set forth, and have advised, assisted and counseled with registrants and draft officials without fear or favor and without charge; but,

WHEREAS, it has been brought to the attention of this Association that a few Texas lawyers have been so unmindful of their duty to their country and so deaf to the appeal of the President, and so unpatriotic in their actions, and so completely actuated and moved by selfishness and greed, as to demand receive or exact from registrants or their representatives fees (and in some instances very large and shocking fees) for services rendered or supposed to be rendered in behalf of such registrants in the matter of assisting or attempting or purporting to assist such registrants in obtaining deferred classification or avoiding military service altogether, and that the same conditions have prevailed and the same conduct indulged in with reference to obtaining the discharge of those inducted into the service; and,

WHEREAS, the War Department through the Provost Marshal General has found such pernicious activities upon the part of said lawyers to be most detrimental to the Government in raising an army in accordance with the plan adopted;

NOW, THEREFORE, Be It Resolved, by the Texas Bar Association in annual meeting duly assembled, as follows:

First: That this association hereby renews and reiterates its fidelity to the National Government,

and to the President and to our fighting forces whether on land or on sea;

Second: This association hereby congratulates, thanks and commends that great majority of Texas lawyers who have been and are so generously assisting our Government in the proper administration of the Selective Service Law.

Third: This association hereby denounces as unpatriotic, against professional ethics, and beneath a decent lawyer, the practice by a few Texas lawyers of charging or accepting from registrants or their representatives fees of any amount (whether large or small) for services in connection with their classification or in anywise appertaining thereto. The contractual relation of attorney and client should in no event exist between a Texas lawyer and a registrant or his representatives in so far as the enforcement of the Selective Regulations are concerned; except in cases arising in the courts;

Fourth: This association hereby strongly recommends that those Texas lawyers who have charged registrants or their representatives fees or accepted compensation for services rendered or supposed to have been rendered, or who engage in such practice in the future be expelled from this association if they be members thereof.

SECOND RESOLUTION

1. That this resolution, in connection with the resolution already adopted upon the motion of Major Townes of the United States Army, be published, if possible, in every newspaper of this State and be given the widest publicity.

2. That we consider it unethical for any lawyer to accept a fee in order to procure exemption from the draft of a preferred classification and that we consider that lawyers should charge no fees.

3. That all interested registrants be advised, when they need legal assistance to apply to lawyers of reputable character and standing in accordance with the recommendations of the President that lawyers render this assistance gratuitously.

4. That by Article 325 of the Revised Civil Statutes of Texas it is provided that lawyers have their license suspended or be disbarred who are guilty of fraudulent or dishonorable conduct or malpractice.

5. That any lawyer who has accepted or who shall accept any fee disproportionate to proper services rendered plainly comes within in the terms of this statement, is guilty of violating the statute and of traitorous conduct, either by deceiving the registrant or his family and friends upon the expectation that he will use influence or corruption, or is plainly guilty of accepting a fee with that view, and should be disbarred. We denounce the acceptance of any fees whatever.

6. That this association will lend its earnest aid to stamp out this practice and to procure the disbarment of those guilty, and call upon its members and all respectable lawyers of the State to lend their aid.

7. That the President of this association, as soon as may be, appoint, if possible, one or more lawyers in every county of the State, members of this association, or others, who will agree to act, but at least one lawyer for every Senatorial District and others from time to time, and that the lawyers so appointed shall bring disbarment in all proper cases in the State and Federal courts, co-operate with Major John C. Townes Jr., draft officer for Texas (whose office is at Austin) and with his associates and successors, and with the secret service officers of the Government (who have collected much evidence) and all other officers of the National and State Governments and with every patriotic citizen and that the Provost Marshal General of the United States and all other authorized officials of the United States be requested to recognize, co-operate with, empower and authorize the appointees of our President in every legal way to bestow upon them national authority, if possible.

8. That the President of the association furnish General E. H. Crowder, Provost Marshal General and Major Townes with copies of this resolution and the names and addresses of all lawyers appointed by him.

CECIL H. SMITH,
O. H. CARRIGAN,
JAMES MCLENDON,
W. B. PADDOCK.

4. These resolutions are transmitted to you for your information with the request that you aid in giving the same the publicity this matter deserves.

JOHN C. TOWNES, JR.,
Major Infantry, U. S. R.,
Supervisor Selective Service Law in Texas.

To the Lady Voters:

I wish to extend to the ladies of Memphis and Precinct No. 1, my congratulations upon their right and privilege to vote in the primary July 27. I regret to say that I will not be able to see all of you personally and solicit your vote for re-election for the office of Public Weigher. For your information I wish to say that I regard this office as a very important one. For some years I have given my full time and attention to this work and I feel fully competent to discharge the many duties of this office. This is a time when experience and efficiency counts for much. I shall be pleased if you will give my candidacy a careful consideration and when you shall have done this I feel sure that after the election I shall have no cause to regret that the women have had an opportunity to cast their vote. Again thanking you in advance for a careful consideration in behalf of my candidacy, I am

Your very respectfully,
JNO. T. BISHOP.

CATTLE PREMIUMS LARGEST YET AT THE STATE FAIR

Premiums larger than any heretofore offered for live stock will be given at the 1918 "Win the War" session of the State Fair of Texas, Secretary W. H. Stratton announces.

Prizes totaling \$26,000.00 will be offered for Beef Cattle—\$10,000.00 for Herefords; \$7,500.00 for Short-horns; \$4,000.00 for Aberdeen-Angus; besides smaller amounts for other breeds.

Then the Sheep premiums will aggregate \$4,500.00; while \$5,500.00, including numerous specials, will be offered for Swine. Poultry will come in for \$2,250.00 in prizes; while Percheron Horses will compete for amounts aggregating \$1,400.00.

The hundreds of cattle raisers of the north and east, as well as of Texas, who are planning to send their choice stock to the Fair, will insure the greatest exhibition of thoroughbreds ever assembled in the South. Expressions of appreciation for the greatly increased awards are coming in from everywhere.

The restocking of the drought-stricken districts of the Plains country has been kept well in mind by the Fair management this year for they desire to be of service in that direction. President R. E. L. Knight, Col. Jno. N. Simpson, director in charge of Live Stock, and Secretary W. H. Stratton working hard to carry out these ideas and make the 1918 cattle show the best ever.

We would like to have a little more trade please.

We need it and will appreciate and treat you the best we know how

UP TO SAVE THE SUGAR.

SYRUP OR OTHER SYRUP CAN be used to sweeten cakes, ices, puddings, and for canning and preserving. In canning and preserving fruits, third by weight of the original amount of sugar used may be replaced by syrup. There are some recipes suggested by the United States Food Administration.

SPICE CAKE

1/2 cup of the sugar replaced by corn syrup.

1/2 cup butter
1/2 cup sugar
1/2 cup corn syrup
1/2 cup vanilla
1/2 cup baking powder
1/2 cup salt
1/2 cup cinnamon
1/2 cup cloves
1/2 cup allspice
1/2 cup barley flour
1/2 cup raisins

the fat, sugar and egg yolks, syrup, milk and vanilla and mix all alternately the liquid and the dry ingredients. Add the raisins and fold in the well-beaten egg. Bake in a moderate oven.

PINEAPPLE SHERBET.

1/2 cup syrup
1/2 cup boiling water
1/2 cup pineapple
1/2 cup lemon
1/2 cup egg

the ingredients with the exception of the egg white. Cool the mixture. Add the beaten egg white before the freezing is completed.

EGG FLIP.

1/2 cup corn syrup
1/2 cup milk
1/2 cup vanilla

the corn syrup to the egg and beat with an egg beater until it is thick. Add the milk and the vanilla. Mix thoroughly and serve it.

MOTHER FRIES IT IN A PAN.

Remember the little rhyme about the fish in the brook? Catching fish is a real war work. Eating it instead of meat is patriotism. The United States Food Administration submits these menus to give you some ideas.

1. Halibut with Mexican Sauce
Belgian Baked Potatoes
Corn Bread
Stuffed Peaches with Rice

2. Fish Pilaf with Spanish Sauce
Fried Green Tomatoes
Tapioca Pudding

3. Salmon Loaf with Nippy Sauce
Beef and Green Pepper Salad
Blackberry Pudding

4. BUT WITH MEXICAN SAUCE.

1/2 cup halibut
1/2 cup corn flour
1/2 cup salt
1/2 cup water
1/2 cup Worcestershire sauce

the halibut with flour and salt. Mix flour and salt with cold water. Add to tomatoes, stirring constantly. Stir and pour over fish. Bake 15 minutes and serve.

Mexican Sauce.

1/2 cup tomatoes
1/2 cup onion
1/2 cup corn flour
1/2 cup salt
1/2 cup water
1/2 cup green or red pepper

the tomatoes and onion to boiling. Mix flour and salt with cold water. Add to tomatoes, stirring constantly. Stir and pour over fish. Bake 15 minutes and serve.

PILAF WITH SPANISH SAUCE.

1/2 cup rice
1/2 cup boiling water
1/2 cup salt
1/2 cup onion
1/2 cup Worcestershire sauce
1/2 cup green or red pepper

the rice in boiling salted water. Drain, reserving the water. Mix the rice, onion, Worcestershire sauce, pepper and salt. Pack into center of dish. Set in a steamer or on stove. Simmer for 15 minutes. Turn out on a platter and serve with Spanish sauce.

Spanish Sauce.

1/2 cup fat
1/2 cup corn flour
1/2 cup salt
1/2 cup onion
1/2 cup Worcestershire sauce
1/2 cup green or red pepper

the fat, add flour, salt and pepper. Fry from fire, add tomato and water. Fry and bring to the boiling. Stir constantly, add onion and turn out on a platter and serve around it.

STAY ON THE JOB OF WINNING THE WAR AND SPEED UP

Address of Administrator Peden Before Texas Commercial Executives at San Antonio.

"We must stay on the job of winning the war. That means not only the saving of food, but doing everything in our power toward speeding up every industry and every essential necessity. We must not grow weary of well doing. We must realize that we are all enlisted for the period of the war, and it is just as unpatriotic for a civilian to fall back when he receives orders to help the government as it would be for a soldier to quit when he is told to go over the top."

This was the message that Food Administrator E. A. Peden of Houston had for the people of San Antonio when he came to the city to attend the joint meeting of the Texas Commercial Executives' Association and the League of Texas Municipalities.

"Whoever," he declared, "is so selfish as not to deny himself, might just as well be reaching with a long arm across the ocean and taking food away from some poor emaciated human being there—or from his own soldier son."

I can not forbear also to impress upon you the great, urgent necessity—and the great help—civilians can render in this war by just being cheerful. That means going about your work every day, every hour, with a heart for it, knowing that by it more efficient and better work can be done, the morale of others held up, as well as the morale of a soldier.

"A third important matter, and one of the largest, is: Learn to do what the government says so, and speed up on it. I can not do better than give you an illustration to show what I mean by this. When the great Schwab moved from Washington to Philadelphia to be nearer his job of war-time shipbuilding, an officer came to him with a blue print from government officials. Here and there changes had been made.

"Who made these changes?" queried Mr. Schwab.

"Said the army officer: 'It was done locally, as we thought this would suit conditions better.'"

"You're fired," declared Schwab. The officer protested that he could not be fired by a civilian.

"Be that as it may," responded the ship supervisor, "you're fired just the same. It's our business here to build the ships like the government has specified they shall be built, and nobody has a right to stick a finger in and delay the program. These ships are going to be built just as the government has set forth in these blue prints—and no other way."

"And they are being built just that way," emphasized Mr. Peden. "And the sooner we apply this rule to our own directions in helping to win the war, the sooner it is going to be over. When an order comes from Washington to save this, that or the other food, or put over some war and campaign, let us not stop to haggle over minor details—let's do it. Let's get the habit of doing it—and doing it speedily."

Coming down to the actual details of the work of the food administration, Mr. Peden said that it had very much stabilized and lowered prices since being inaugurated, and he thanked the heads of Chambers of Commerce throughout Texas for the aid they had rendered him in his task of applying the food laws to the State.

"When the order first came to get busy," he said, "I spent considerable time trying to figure out just who to ask to help me out in this big work for Uncle Sam. After eliminating various classes of people in many vocations, I finally decided that it was the commercial secretaries of the State who could probably lend me the most aid. For I wanted aid that would be persistent, permanent, and that would not grow weary after a short time. Besides they were men trained to deal with the public. As a consequence most of you commercial secretaries are either county or district administrators, and I have not been disappointed in one of you."

He urged the necessity of the public paying more attention—as well as the merchants—to the rules of the price interpreting committee.

"You should take scissors or a knife and cut them out whenever they are printed, and carry them with you when you go shopping. These prices are based on good, fair returns to the merchant, and they should be absolutely insisted upon."

"While Texas has been a banner State, so far as the conservation of wheat and other food products is concerned, I hand the greatest amount of credit to the people themselves, who have done it by their loyalty to the cause. There, of course, have been a few who have been dishonest, but these few have been punished—and rightly—in order that one man might not profit because all his neighbors wanted to help win the war."

"In some instances I have observed cases of men who have grown discouraged over one thing or another—or over a blue outlook for their businesses. And I always say to them: 'Brace up—if the Kaiser could see you now it would please him. That's just what he wants to see—discouragement.' And in every case these men have gone back with their teeth set to do bigger, better, harder, more persistent work."

"My greatest wish is that after the war these lessons we Americans have learned of how to keep down speculation, to conserve, and to become thrifty shall remain as part of the life of our people for good and all."

Good Bye, Woollens.

San Benito Light: Government officials at the head of the wool and woolen department announce that during the period of the war conservation of both men's and women's woolen apparel will be absolutely necessary. They predict that in another year no garment will be fashionable unless it displays the "Democratic yarn" or the "patriotic patch." The "reactionary rip," however, will not be tolerated.

Woolen clothing will gradually disappear from the shivering frames of civilians, if the war goes on two years longer. There aren't sheep enough to produce wool enough to make woolen clothes enough to dress the American military and civilian population. There are so many dogs killing so many sheep and destroying so many tons of wool and preventing the breeding of so many lambs, and causing the loss of so many mutton chops, that wool and meat are now so high-priced that poor people must wear cotton clothing in winter time and subsist upon vegetable products most of the year. But as an offset to these admitted disadvantages America can proudly point to a robust and rabble-rousing dog crop. Every neighborhood in America contains a flourishing dog population—biting dogs, barking dogs, disease-carrying dogs and other kinds of dogs, all of them panoplied with fleas. A visitor from the dog star in the dog days would glow with pleasure to view the American dog crop, especially the Texas dog crop, perhaps the mangiest in any State. Also probably the celestial visitor above mentioned would exhort with delight when looking upon our busy hospital at our state capitol, a hospital entirely devoted to saving men, women and children, mostly children, from agonizing deaths induced by dog bites. This is a free country, the visitor from the dog star would be told, and our freedom manifests itself, in one particular, in the people's right to keep as many sorry dogs as their tastes dictate. In fact, freedom and dogs appear to be accepted as similar assets in some of our doggonedest communities.

Russia Has Corner on World Platinum Supply.

The needs of platinum in war industries and in the sciences are explained by Dr. Charles L. Parsons, chief chemist, Bureau of Mines, Department of the Interior, in an argument for discontinuance of the use of platinum in jewelry.

"The war can not be won without platinum," says Dr. Parsons, "and it is equally essential in times of peace if our country is to excel Germany in the development of chemical science and industry. With the aid of platinum from one ordinary wedding ring about 100 pounds of nitric acid can be made every 24 hours. This 100 pounds of nitric acid converted into high explosives will send a number of 3-inch shells against the Germans and help to bring the boys back home."

"Platinum rings, pins, cigarette cases, and mesh bags are not factors in winning this war—explosives are. I wonder if the purchasers and wearers of platinum jewelry know that explosives can not be manufactured without the use of sulphuric and nitric acids; that the manufacture of these acids require the use of supplies of platinum; that airplanes must have platinum for important instruments they need; that platinum is absolutely necessary in the manufacture of special pyrometers; that pyrometers are necessary in all steel treatments; and that no guns can be made without the use of pyrometers."

"There is a shortage in the supply of platinum. Russia has a

corner in the world's supply, and only a small amount is produced in this country. Our domestic production of platinum is negligible, while our military requirements are increasing at a rapid rate."

DELCO-LIGHT

Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year. That is equal to an army of 60,000 men working ten hours a day for a full month.

Delco-Light is a complete electric light and power plant for farms and suburban homes. It furnishes an abundance of clean, safe, economical light, and operates pump, churn, cream separator, washing machine and other appliances. It is also lighting rural stores, garages, churches, schools, army camps and railway stations.

SUMMER FASHIONS FOR SUMMER DAYS

The Charm of Youth Is Simplicity

At last we have some summer weather, and it is interesting to watch the transformation of Fifth Avenue. A week or so ago, coat suits and capes were the order of the day; now, they are laid aside in favor of cooler costumes. Gingham and linens and organdies, calico and voile and crepe; bewildering in their endless variety of design and color. The Avenue is like an enormous flower garden, and knitting bags carry out the delusion delightfully.

The simplest dresses are always the case, the most offhki TgRdd. The simplest dresses are, as is always the case, the most desirable. One interesting little model that I saw the other day of fine striped voile had no trimming whatsoever, the stripes themselves being used as trimming. There was a yoke on the waist and also one, semi-

Simple Dress of Gray Poplin fitted on the skirt, with the stripes running around. The collar and cuffs were cut on the bias, and the sleeves, the bottom part of the waist and the skirt had the stripes running up and down. The material was a deep purple and white stripe, and the soft crushed girdle was of matching purple satin. A wide organdie hat of white with a wreath of flat dull green leaves was worn with it, and the whole effect was perfectly charming.

For Picnics and Other Occasions

They are showing the most fascinating sets of "things" now; there is the wide brimmed shade hat with an interesting design worked in wool or flat flowers applied around the crown; a deep bag, presumably for knitting, but far larger than those we have been accustomed to seeing which can hold a weedy-end wardrobe if nec-

Youth Plus Simplicity Equals Charm.

essary; a sports suit, consisting of a sleeveless coat with two skirts, one being camouflaged in the bag; sports shoes with low heels; and a wide spreading parasol. With this set one feels able to set forth on a prolonged auto or camping trip.

Illustrated here is a very attractive little frock that is just simple as it can be. It is cut all in one, with only two seams, those under the arms and down the skirt. The Quaker gray poplin of the dress is relieved by the white braiding, and white soutache braid binds the round collarless neck and lower edge of the sleeves. The dress buttons on each shoulder with large white pearl buttons, and the belt with its rows of white braid, slips through slashes in the front, and fastens under, thus showing no fastening. The drop shoulder is one of the very newest of the Fall fashions.

Hints of Autumn

Now that we have gotten summer nicely started, we are turning our thoughts to Autumn and the necessary Fall wardrobe. Every now and then one sees on the street a velvet hat. The shops have been showing them for some time now, but perhaps because we have had such a cool summer, the devotees of "something new" have not rushed the season as they were wont to do of old. Velvet coats and slip-on jackets are quite popular, and some of the smartest sports skirts are of plaid wool.

Sleeveless Sports Suit With Sheer Waist.

Felt hats are always good for sports wear. Thus it goes. We are eagerly watching for news of Fall fashions, even in the midst of summer's heat.

For Sports

The sports costume is a well recognized part of the wardrobe, for it fills so many needs and bridges the gap between morning and afternoon so nicely! Sometimes they are made of heavy sports silk, Ra-

jah, tussah, or some other silk especially designed for this type of garment. Sometimes the coat is of satin and the skirt of silk, satin, or cotton or wool. There is no limit to the variety of these styles. The one illustrated here is suitable for dressy afternoon wear. The sleeveless jacket and skirt are of French blue Rajah, the waist with its rows of cord around the neck and wrist is of white Georgette crepe and the long kimono collar is of oyster white Rajah. The skirt buttons down the front, and is rather narrow at the lower edge, following the mode.

NOT THE ONLY ONE

There Are Other Memphis People Similarly Situated.

Can there be any stronger proof offered than the evidence of Memphis residents? After you have read the following, quietly answer the question.

Mrs. Jno. A. Wood, Eighth St., Memphis, says: "I have used Doan's Kidney Pills with good results. I gladly advise anyone to get a box of this medicine at Tomlinson's Drug Store and try it, if troubled in any way with disordered kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills, the same that Mrs. Wood had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Cut the weeds! Begin now, and keep them down; it is much easier to do if you begin when the weeds are small and tender.

NEW ATTRACTIONS WILL BE IN EVIDENCE OCT. 15-27

Amusements at State Fair of Texas Will be First-Class and Varied.

The Coliseum attractions at the 1918 "Win the War" session of the State Fair of Texas will be of greater variety and even higher grade than ever before. Instruction as well as amusement will be the keynotes of this department.

The headliner offering will be the Karasakoff Ballet. It is the most pretentious terpsichorean presentation ever seen in the Southwest. It is a "whirlwind topnotcher" and no mistake. There are numerous other beautiful and entrancing acts about which a lot of curiosity is being shown by many enquirers, but the management only smiles and looks mysterious when further questioned.

But Secretary Stratton has secured and announces one of the most wonderful pyrotechnic attractions ever produced. This will be presented before the Grand Stand. The spectacle is staged by the Theatrical Fireworks Company, and is known as "The World War." It portrays the battle fields of the western front in a most astonishingly realistic manner. Three hundred people present it on a 450 foot stage.

PRESIDENT APPROVES STATE FAIR OF TEXAS

"WIN THE WAR" SESSION TO BE HELD IN DALLAS OCTOBER 15 TO 27, INCLUSIVE.

President Wilson has approved the idea of holding the State Fair of Texas as usual this year. He has done so because he believes strongly in its inspirational value to stimulate patriotism. He considers it a splendid medium for this, the results to be accomplished through education.

The people also demand relaxation. Just as the Government provides plenty of diversion for the men of our armed forces, so the State Fair of Texas provides diversions for the Texas farmer, stockman, banker, manufacturer, merchant, laboring man, and other civilian workers. They can get both instruction and amusement of the very highest class this year. And it will have a special "win the war" flavor.

The Federal Authorities, as well as the State Fair management, are confident the Fair will be of great value to the cause of world freedom during the present momentous struggle. It will be a splendid medium for instructing the people in essential war facts, to stimulate production of food and feeds, and to encourage conservation and thrift.

To this end President R. E. L. Knight announces the Army, Navy, Food, Commerce, Public Information, Agriculture and Labor Departments at Washington will send extensive displays that will far surpass anything of the kind formerly shown at Dallas. A number of our faithful Allies are also co-operating to make the Fair this year bigger and better than ever.

The furrows on the farms are equally as important as the firing lines at the front. Culinary skill must back up military skill. Money and machinery must support our fighting men. New ideas for raising feed go hand in hand with new ideas for raising Fritz. All are essential. All will be visualized this year at the State Fair of Texas.

U. S. INSURANCE GAINING.

All railroad insurance except fidelity bonds of employees handling cash, is to be allowed to lapse, according to an announcement of Director-General McAdoo recently.

This means that the government controlled railroads have ceased to pay the enormous tribute formerly going to private insurance companies and that undoubtedly the government intends to do its own railroad insuring at cost by setting aside a fund to pay the losses usually handled by insurance companies. Several state governments have already adopted this policy in the operation of state utilities.

The Federal Government is also working out a plan by which all munition plants can be insured by a Federal Bureau at cost. The Nonpartisan League has always advocated this principle.

The animals we kill are slaughtered in an absolutely sanitary slaughterhouse and nothing but fat, healthy animals are used. We buy and sell stock of all kinds.

ROMANCE GONE

Efficiency Kills Sentiment as Machine Makes Socks in 25 Minutes.

By RUTH DUNBAR.

"How snowy white your fingers look against the scarlet wool!" was the favorite speech of grandfather when he was paying suit to grandmother, who, if history is correct, never allowed little things like love and courtship to distract her mind one minute from her knitting.

The modern young man is robbed of any opportunity to make these puffy speeches for the wool is no longer scarlet but khaki. Worse yet, the maiden sits before a cold, steel machine and grinds off socks in as many minutes as it takes hours to knit them. This is what efficiency does to romance.

In the various Red Cross workrooms of the New York County Chapter there are nearly seventy-five sock machines. Eight of these are in the model workroom at 20 East Thirty-eighth street and others that have been ordered are held up by traffic conditions. Here instructions teach the use of the machine to Red Cross workers.

A complete pair of socks can be made on the machine in 25 minutes. The machine looks like a cross between fishing tackle and a pile driver. The worker threads it through the arm and carrier on to the treader. The body of the machine is a circle of needles bent at the ends like crochet hooks.

Sweaters also are made on the sock machine, the strips sewed together and the ribbing at top and bottom knitted on by hand.

Besides the machines in the Red Cross workrooms there are many owned by private individuals or groups who work at home and donate the results to the Red Cross. In a family hotel, for instance, four or five women can club together and buy a machine.

"WHAT HOME SERVICE HAS DONE FOR ME"

My husband enlisted over a year ago. Shortly after he went away our twelve-year-old boy had the measles. After his recovery his school teacher complained about his conduct. At home he was nervous and irritable. When I called at the Red Cross to find out how I could secure an increase in allowance because of our newly born babe I told them of my trouble with Harry. On their advice I took him to an oculist, who said glasses were needed immediately because of the weakened condition of the eyes following measles. He no longer causes trouble at home or at school.

T. R. TO GET SHELL THAT HIT HIS SON

Captain Roosevelt, Who Was in Hospital, Lauds Red Cross.

Capt. Archibald Roosevelt, who recently was injured and nursed back to health in a Red Cross hospital, in speaking of the Red Cross work, is reported as having said:

"The Red Cross is doing everything possible for us. I cannot say too much in appreciation of their efforts, which make us feel as if we were back home. It is a great comfort to us fellows in hospitals, and if our folks could see the way we are being taken care of they would stop worrying."

The Red Cross chaplain in this particular hospital happens to be Doctor Billings of Groton, Mass., who taught Captain Roosevelt at the Groton school. The Red Cross shopping service in the hospital has been commissioned by Captain Roosevelt to obtain a new uniform for him to replace the one which was torn to pieces when he was wounded by fragments of a German shell.

The piece of shrapnel which wounded Captain Roosevelt will be presented to Captain Roosevelt's father, Col. Theodore Roosevelt.

NURSES PRETTY

Red Cross Hospital Uniform Most Becoming in History of World.

In a recent news letter from the front the war correspondent of the Philadelphia North American helps to explain the song, "I'm in Love With a Beautiful Nurse."

"There are 62 Red Cross nurses at this place," says the dispatch. "They are cheerful, obedient, brave and competent. And those who weren't pretty to begin with became so the moment they donned the uniform that is the most becoming in all the long history of costumes devised for the mystification and beguiling of men."

"In the officers' ward was a colonel with bronchitis. I've seen them in the Philippines, and I've seen them in China," he told me. "I suppose I've seen about all the existing types, but I never yet saw one that wasn't pretty inside of 24 hours."

"He reminded me of an Irish Tommy, who, so his major told me, woke up in a hospital in 1916 and, seeing the nurses in the ward, exclaimed, 'May the howly Virgin bless us, but the angels have come down to the Somme!'"

Hundreds of Red Cross nurses, however, are doing work abroad in which their looks are less eagerly considered. Finding and caring for war orphaned babies, fighting tuberculosis, re-establishing homes in shell wrecked villages—these are some of the big tasks of mercy which, thanks to American contributions, the Red Cross sets for its nurses.

There are 13 divisions of the Red Cross in the United States. There is a complete organization at each division, with a great warehouse for the collection and shipment of all kinds of Red Cross supplies.

22 Million Families in the United States

4 CUPS OF WHEAT FLOUR TO THE POUND

If each family used 4 cups of flour less per week, the saving would be 22 million pounds or 112,244 barrels every week.

The greatest help housekeepers can give to win the war is to make this saving and it can be done by using this recipe in place of white flour bread.

Corn Meal Biscuits

$\frac{3}{4}$ cup scalded milk $\frac{1}{2}$ teaspoon salt
1 cup corn meal 1 cup white flour
2 tablespoons shortening 4 teaspoons Dr. Price's Baking Powder

Save $\frac{1}{2}$ cup of the measured flour for board. Pour milk over corn meal, add shortening and salt. When cold, add sifted flour and baking powder. Roll out lightly on floured board. Cut with biscuit cutter and bake in greased pan fifteen to twenty minutes.

New Red, White and Blue booklet, "Best War Time Recipes," containing many other recipes for making delicious and wholesome wheat saving foods, mailed free.

WANTED

25,000 Women to Enroll in the United States Student Nurse Reserve.

The Government is calling for 25,000 young women to join the United States Student Nurse Reserve and hold themselves in readiness to train for service as nurses.

The war is creating an unprecedented demand for trained nurses. Only those who have taken the full training course are eligible for service with our forces overseas. These nurses are being drawn largely from our hospitals at home. Their places must be filled by student nurses enrolled for the full training course of from two to three years. Every young woman who enrolls in the United States Student Nurse Reserve is releasing a nurse for service at the front and swelling the home army which we must rely on to act as our second line of hospital defense. Upon the health of the American people will depend the spirit of their fighting forces.

The call is for women between the ages of nineteen and thirty-five.

Intelligent, responsible women of good education and sound health are wanted—the pick of the country. A college education is a valuable asset, and many hospitals will give credit for it. Credit will also be given for a special scientific equipment or for preliminary training in nursing, such as that given in special courses now being conducted by various colleges and schools. Some schools, on the other hand, do not even require a full high-school education.

Women will be given an opportunity to enroll in the United States Student Nurse Reserve in any one of three ways:

(1) As engaging to hold themselves in readiness until April 1, 1919, to accept assignments to nurses' training schools. These women will be sent to the schools as fast as vacancies occur. Those of superior qualifications will be given preference, and it is, of course, possible that not everyone who enrolls will be accepted.

(2) As desiring to become candidates for the Army Nursing School recently established by authority of the War Department, with branch schools in selected military hospitals.

(3) As engaging to hold themselves in readiness until April 1, 1919, to accept assignments to either a civilian training school or the Army Nursing School. Those who so enroll will be called when the need arises. The Government hopes that a majority of those who enroll will thus put down their names for both.

There are 1,579 nurses' training schools in this country. Their need is a great one and imperative as that of the Army School of Nursing. Those who enroll for these schools will be assigned as vacancies occur.

The enrollment card will indicate two classes of registrants, Preferred and Deferred. The preferred class will be those who are ready to accept assignment to whatever hospital the Government directs them, although they may state what training school they prefer to be sent to. Those who register in the Preferred class will be assigned first, and all possible consideration will be given to their preference as stated. The Deferred class is composed of those who limit their pledge of service, that is, who will not engage to go except to certain hospitals. This class is extended largely for those who, for family reasons, can not accept training at a distance from their homes. Those who register in the Deferred class will be assigned only after the Preferred class is exhausted.

The Government relies on the patriotism of those who enroll to fill out Preferred cards if they go where they are most needed.

Nobody will be assigned to a school whose conditions of training are not approved by the State

Board of Nurse Examiners

The terms of training varies from two to three years, according to the requirements of the particular school to which the student nurse may be sent. No course takes less than two years nor more than three.

At present every woman who completes satisfactorily her training in any accredited school is eligible for service as an Army nurse at the front and stands a chance of being assigned to duty abroad. At the same time she will be qualified to earn her living in one of the noblest professions open to women. It should be remembered, furthermore, that her usefulness will begin not when she graduates from the front, the training school but as soon as she enters it. Practical nursing work is a part of the work of every training school, and the student nurse is not only learning to serve but serving her country from the outset.

The student nurse gets her board, lodging, and tuition free at practically every training school and in most cases receives a small remuneration to cover the cost of books and uniforms. After graduation she has an earning capacity of from \$100 to \$300 a month. Private-duty nurses now receive an average of from \$100 to \$120 a month together with board while on duty; institution nurses from \$50 to \$250 a month together with board, lodging, and laundry; and public-health nurses from \$100 to \$250 a month without maintenance. There is no danger of the earning capacity of nurses being lowered after the war ends on account of the great number who will then be qualified for the profession; the country will need all the nurses that can be trained, not only during the war but after it, especially for reconstruction work. Even if the war ends within three years, every student nurse will be able to complete her training and will be needed.

Ever since the days of Florence Nightingale the nursing profession has been one of especial honor. It was never so honorable as it is today. The Army needs every nurse it can get to "keep up with the draft." The United States Student Nurse Reserve is the equivalent for women of the great National Army training camps for soldiers. The Government will rely upon the student nurses to fight disease at home, to care for those injured and disabled in our hazardous war industries, and to make themselves ready to serve when the time comes as fully trained nurses, either abroad or at home. Let us show that we know how to answer the Government's call to the women of the country.

May Vote Before Election Day.

Dallas, Texas, July 24.—A number of voters who expect to be absent on the date of the primary election, July 27, have asked me if there is any way they can vote. Knowing that a considerable number will be interested in this same question, I take this means of stating that the law governing the rights of absentee voters (Art. 2939, Sayles Rev. St.) provides that any voter, man or woman, who will be in Texas on the date of the primary, but not in his or her county, may leave his ballot in a sealed envelope with the County Clerk of the county of his residence, not more than ten nor less than three days before the election, and have his vote counted as other ballots. We trust this general information may be of service to many of the voters who can not be personally present on election day.

A. A. COCKE.

Profiteering in Supplies.

Washington, July 24.—Fraud and gross profiteering has been uncovered in many contracts for army shoes, shirts, leggings and other soldiers' supplies and equipment as a result of investigation by army intelligence and department of justice agents, it was learned today.

POLITICAL ANNOUNCEMENTS

The Democrat is authorized to make the following announcements for the offices named, subject to the action of the Democratic primary election to be held July 27, 1918.

For Representative 104th. District S. A. BRYANT

For District Judge, 46 Judicial District, WILEY C. TISDALE, Foard Co.

R. H. COCKE, Jr., Collinsworth.

J. A. NABERS, Vernon.

For State Senator, in 29th District R. L. TEMPLETON, Wellington.

W. S. BELL, Crowell.

For Tax-Assessor, A. G. POWELL (Second term).

For County Superintendent, M. E. McNALLY (Second term).

For County Attorney, W. J. BRAGG.

PRECINCT OFFICES

For Constable, Precinct No. 1, E. A. ("TATER") THOMAS.

For Justice of Peace, A. C. HOFFMAN. (Second term).

For Commissioner, Precinct No. 1, T. M. McMURRY.

For Commissioner, Precinct No. 2, J. T. DENNIS (Second term).

For County Commissioner, Prec. 3, JOHN R. BARNES, Estelline.

For Public Weigher, Precinct No. 1, JOHN T. BISHOP (re-election).

R. C. (BOB) HIGHTOWER.

HILLSBORO LAWYERS UP.

HOLDS WOMEN'S VOTE

(Continued from front page)

right of suffrage as conferred upon women by the new law, should be in conflict with the new, shall, as to female voting, be governed by the provisions of the new law.

"It is our opinion that the law granting women the right to vote in all primary elections and nominating conventions as passed by the fourth called session of the Thirty-fifth legislature, page 61, is in all respects valid, and confers upon women complying with the provisions thereof, the right to vote in the coming primary election, and that the test contained in article 3096 above quoted, does not apply to the ballot cast by women in so far as voting in the general election, but only to the extent that they will otherwise support the nominee of the primary election. Respectfully submitted,

"W. C. WEAR.
"R. M. VAUGHAN."

German Sword Found in Amarillo

While some city laborers were repairing a culvert on Grant street in the city of Amarillo, Texas, in the month of April last, some children found a package containing a sword.

This sword was given to a gentleman, who, in turn, gave it to Dr. Wm. McDair Boyd, who is a member of the United States Medical Advisory Board, in whose possession the mysterious sword remains.

The sword was in a crudely made cedar scabbard and when found was carefully wrapped in an Amarillo Daily News. It is a very fine specimen of warfare cutlery and of finest steel, the blade of which is twenty-seven inches in length, at the broadest place it is two and one-half inches wide and weighs about seven pounds. It is sharpened to a razor edge. The handle is ebony and very handsomely and elaborately carved, the guard is ebony, the hilt is a helmet design, all the handle part is very richly inlaid with German silver. It is a German cavalry saber.

There are all sorts of conjectures as to the history of this sword and why such a valuable piece of workmanship and steel should be secreted under a culvert.

Was it the valued property of some German, probably an heirloom, who became burdened with a fear that with it in his possession he would be considered an alien enemy, though, in fact, he may be loyal to the country of his present residence. That is an open question.—Amarillo News.

Paper thread in a Denmark war substitute for use in binder twine.

Miss Maudie Thorton of Clarendon was here this week, a guest at the home of A. Baldwin and family.

Mrs. Collier of Houston arrived Sunday for a short visit with her parents, Mr. and Mrs. T. R. Garrett.

H. Baldwin is in Dalhart transacting business this week.

W. R. Fickas and family are visiting relatives at Allamore this week.

Mrs. Elmer Johnson and little daughter, Mozelle, left Wednesday for Silver City, New Mexico.

Miss Geraldine Smith, of Oklahoma City, is visiting at the home of W. W. Clower this week.

Messrs Tom Dunbar and Tommie Harrison returned Thursday of last week from a trip to Kerrville.

Dr. J. S. Wiggins, Masseur, Office at Mrs. Spradlings. Hours 8 to 6—Closed Sundays. Phone 152.

Mr. J. A. Johnson, of Estelline, was here Tuesday afternoon.

Elbert Johnston came up from Estelline Tuesday afternoon to leave with the soldier boys who left for camp Wednesday.

Mrs. C. S. Boykin and family left Friday of last week for a visit with relatives in Lipscomb county.

Cleo Andis went to Fort Worth Saturday night returning Monday morning.

Raymond Ballew went to Fort Worth Saturday night on business.

T. E. Whaley left Monday morning for Bowie.

Mr. West left for San Francisco Tuesday.

Mrs. T. E. Whaley of Bowie, Texas, is here this week visiting relatives.

Mrs. J. J. Dolman and son, Jack, who have been visiting Mrs. Will Noel departed for Dalhart Tuesday morning.

Mrs. Helen Gillenwater returned from Vago, Texas, where she has been visiting her daughter, Mrs. C. J. Silvey.

Sid Geddis, of Estelline, was here today.

Harold Cravens of Kansas City, is here visiting his grandparents, Mr. and Mrs. J. P. Bass.

Miss Lucile Craft, of Hedley, is visiting friends here this week.

Howard Rndal was at Fort Worth Saturday and Sunday.

J. H. Gibson, Jot Montgomery, J. W. Stokes and Jim Franks returned Sunday morning from Clayton, New Mexico.

Mrs. Tony Somers and Miss Annie Gene Specht of Quanah are guests at the home of W. W. Clower this week.

Mrs. Draper and son, of Corpus Christi, and Miss Willie Peabody, of Fort Worth, were here visiting Mrs. J. A. Whaley. They left for Colorado Springs, Tuesday.

Miss Thelma Rouark left last Thursday for her home at Mill Creek, Oklahoma, after an extended visit with her sister, Mrs. R. E. Stroup.

W. S. S.

Rev. and Mrs. W. T. Rouse and children of Vernon came in Saturday and attended the wedding of their son, Lieut. Rouse and Miss Mamie Lou Baldwin, Tuesday evening.

Wheat is selling for \$50 a bushel in Turkey, reports the American and Syrian Relief Commission in Turkey. Before the war the normal price was 50 to 60 cent per bushel.

We carry an up-to-date line of gents furnishings, including the Wilson Brothers' Shirts.

Parcels Can Be Sent Men in Navy

Postmasters have been informed by the postoffice department at Washington that the order prohibiting the acceptance of parcels for mailing to the expeditionary forces in France which are not being sent at the written request of the addressee, does not apply to parcels addressed in care of the postmaster at New York City, to the officers and men on board naval vessels or attached to naval bases.

VEEDOL THE LUBRICANT THAT RESISTS HEAT

Also Mobile Oils, Goodyear Miller and Batavia tires are at your service.

When you use it means a dollar saved by a dollar earned.

VEEDOL is unlike ordinary oil because it is made by the Falkland Islands which gives Veedol its remarkable heat-resisting and wear-resisting qualities.

VEEDOL resists heat, does not evaporate quickly, and does not carbonize. It will reduce your operating expense by decreasing sediment, one of the causes of friction and wear. Try it the next time you need motor oil.

Also Mobile Oils, Goodyear Miller and Batavia tires are at your service.
