Protest Made After Planes Have Trouble

By The Associated Press

Two more planes got in trouble over Texas Thursday. Nine persons died Wednesday in crashes.

Three Air Force officers escaped injury when a B25 crashed while trying to land at an auxiliary air strip at McGregor. The plane was based at Connally AFB at Waco. It attempted the landing after the left landing gear froze in flight. The ship skidded and the gear collapsed on landing.

Capt. W. J. Larsen of Dallas landed his American Airlines ship at Fort Worth, despite a nose-wheel which would not come down.

Larsen had weight moved to the rear of his twin-engine Convair and landed with the nose high. The ship almost stopped rolling, then tipped over on its nose, damaging the section and the propellers. Miss Rayma Ditson of Dallas suffered a slight cut on her cheek, the only injury among the 40 passengers who had joined the flight at Tulsa.

An American Airlines spokesman said Larsen told him the ship struck a large bird, possibly a goose, while over Lake Texoma.

Two private pilots protested the Air Force's use of civilian airfields and airways for training. West Texas Rep. J. T. Rutherford urged the Air Force to move jet training operations from Big Spring away from the Midland air terminal.

Col. Cleon Freeman, executive officer at Webb AFB at Big Spring and Brig. Gen. James Roberts, inspector general of the Air Training command, expressed sorrow over the Midland crash which killed seven persons.

Rutherford said he is asking Air Force Secy. Quarrels to investigate the possibility of moving the jet training operations at Webb away from the Midland terminal.

"I know you are as grieved as I am over the tragedy of Oct. 24th which claimed seven lives in a Midland air crash involving a T33 jet trainer and a private aircraft," Rutherford said in a letter.

"We have in West Texas so much wide open space away from populated areas and away from the airlines that there seems to be no excuse for not moving the instrument landing operation to the existing Air Force landing strips at places such as Marfa and Pyote." Rutherford said.

Webb officials said they were temporarily discontinuing the instrument landings at Midland.

Freeman told the people of Midland: "I wish to express the sorrow which we in the Air Force feel in regard to the crash at Midland which claimed the lives of five civilians and two of our officers."

Roberts was at the base to investigate.

Fred Harmon and Roger Harlan, owners of Southwestern Engineering and Equipment Co. at Dallas, said they filed a complaint with the secretary of the Air Force against "irresponsible, hot-rodding" military pilots. They said they were "extremely active business pilots."

George Haddaway, editor of "Fligt Magazine" of Dallas, said he would print an editorial in the November issue dealing with the Midland incident.

He said near misses of collisions involving military pilots occur "almost daily all over Texas."

Quoting from the editorial, he said, "Regardless of the official explanations or alibies, if any, for the U.S. Air Force, local jet training operations have no business on or near the runways, or over the City of Midland."

THOSE WERE SUCH PRETTY FLOWERS—An early season snowfall blanketed the Intermountains area of Salt Lake City, Utah. It spread a heavy white mantle over shrubs, with their leaves still on, and on potted plants, left too late on an unprotected porch. But the snow was wet and mushy and melted rapidly from streets and other paved areas.

Hungarian Civil War Continues To Spread

Chinese Mobs Renew Riots In Singapore

SINGAPORE (AP)—Chinese mobs rioted anew in Singapore today. Officials said 4 demonstrators were killed by police guns and 80 injured in the outbreak sparked by government attempts to end a Red-inspired students' strike.

The leftist Peoples Action party called on the government to resign as fighting spread through the colony.

The riots began on the east side of Singapore Island near the Chung Cheng High School. About 2,000 Communist-led students at this and another Chinese school have been on a sitdown strike since Oct. 10 protesting the government's ban on their student union and the arrest of four union officials.

Rebellious students managed to stay in the schools another night. But police chased them out this morning with clubs and tear gas.

Later the students joined striking workers and hoodlums in clashes with police.

Six Europeans were injured when their cars were attacked by rioters.

As dusk settled, High Commissioner Sir Donald MacGillivray at Kuala Lumper ordered 1,000 Malayan police to Singapore Island to reinforce hard pressed police and British troops.

Rebels Hold Big Section

VIENNA, Austria (AP)—Hungary's anti-Communist civil war spread over much of the country today despite orders from the government for an all-out military effort to crush the rebels.

Three Belgian diplomats who arrived at the Austrian border after leaving Budapest at 11 a.m. said:

"The whole of western Hungary is in the hands of the rebels."

Heavy fighting raged throughout last night and also today in Budapest, with scores of Russian tanks taking part.

"The dead and dying were lying about everywhere in the streets," the diplomats reported.

Rebels controlled the highway to Vienna, from Budapest to the border. Rebel civilians and Hungarian soldiers who had deserted to the revolution stopped the Belgians six times enroute to the Austrian frontier.

Several thousand persons were believed dead or wounded in fighting that had flamed for three days in the Danube capital and spread to the western countryside and such major cities as Gyoer, Szeged, Szolnok and Pecs.

Three radio stations apparently were in the hands of rebel forces. All were heard faintly here, calling themselves "The Freedom Radio." Two identified themselves as being at Pecs, near the Yugoslav frontier, and Miskolc, near the Czech border.

Leaflets proclaiming establishment of a "revolutionary government" were being distributed.

Reports at the Austrian border indicated Hungarian workers had gone out in a general strike, paralyzing railways, transport and other industry.

The pledges of the new government of Premier Imre Nagy, for a new deal with eventual withdrawal of Soviet troops from the country, apparently had not gotten anywhere. The Budapest radio broadcast repeated urgent appeals to the rebels to give up their arms and cease the bloodshed.

These broadcasts pledged reforms of all kinds, an amnesty for rebels, better living conditions, independence from Moscow, and a new popular front government "today or tomorrow."

The radio appeals were addressed especially to "young soldiers" who apparently had deserted the government, to workers, youths and even "old Communists."

The general strike apparently had stopped all rail movement except military traffic.

Some of the dead in Budapest had been shot down by Russian tanks when demonstrators advanced with only Hungarian flags and no weapons.

North Africa Is Rocked By New Violence

TUNIS (AP)—New violence rocked North Africa as border incidents strained French-Tunisian relations another notch toay.

Premier Habib Bourguiba's government claimed many Tunisians were wounded when a French military convoy from Algeria tried to smash through a roadblock the Arabs had set up to prevent such crossings.

The French denied breaching any barricade and said there had been no casualties.

Elsewhere in Tunisia, Algeria and Morocco, French troops and Arabs clashed in fresh flareups sparked by resentment over French seizure of five top Algerian rebels Monday while en route to a conference in Tunis.

In Casablanca, two Moroccan policemen were killed and two wounded last night in the European quarter. A jeep carrying the four was sprayed by machine-gun fire from an American-made car.

In Algiers, six Europeans were wounded when extremists fired into a cafe.

In Oran, where four Europeans were killed by rebels yesteray, French forces shot down five rebels. The French lost one dead and four wounded.

At Ain Mokrane near Oran, 14 rebels were killed. Seventeen others fell elsewhere in Algeria.

The French have been patrolling the Tunisian border to prevent supplies of arms from passing over to the rebels.

The French have granted Tunisia independence, but thousands of troops still remain in the country pending final negotiations.

Polls To Open Here At 8 For School Bond Election

The polls will open at 8 a.m. tomorrow and remain open until 7 p.m. in the $160,000 school bond election called recently.

All voting will be done at the Snyder school tax office, located just west of the city hall on Twenty-sixth Street.

Eligible to vote in the election are school taxpayers who are qualified by having paid their poll taxes or being exempt.

Proposed is a high school addition for the Abraham Lincoln School. If the bond election passes, construction will start on the building in the near future, with the building to be completed for use by next September, if possible.

A total of 9,000 square feet of floor space is planned for the high school addition at Lincoln. That would provide ample space for all required high school courses, as well as a number of electives.

Science, homemaking, shop bookkeeping, typing, shorthand, and other courses are planned for the building, and facilities would be provided for special needs in those courses.

A library, restrooms, and an office are also to be included in the new building, and there would be some revision of the present cafeteria-auditorium at the school to provide more seating space.

At the present time, the Lincoln School has grades one through eight. If the new building is constructed, the school will serve its area of the south part of Snyder with all grades, and the high school will be fully accredited.

The addition would be built adjacent to the present building. It would be a north-south wing on the east side. There is ample space on the campus for expansion of playground facilities later.

The Snyder school board has urged that voters not forget to turn out for the election, whatever their opinion on the issue.

Showers Hit Sections Of State Friday

By The Associated Press

Freezing and near freezing temperatures nipped parts of West Texas and the Panhandle early Friday in the wake of a cold front that dropped early morning showers over East Texas.

Salt Flat had 32.

Showers early Friday included .29 inch at Lufkin, .27 at Texarkana, .16 at Houston, .08 at Beaumont and .01 at Waco.

Other temperatures included 38 at Amarillo, 31 at El Paso and Van Horn; 41 at Lubbock, 42 at Abilene; 44 at Wichita Falls; 45 at Texarkana; 46 at Dallas; 48 at Alpine; 51 at Lufkin; 58 at San Antonio; 60 at Beaumont and Brownsville; 61 at Houston and 67 at Laredo.

Dalhart had 32 early Thursday. High temperatures Thursday ranged from 91 at Alice to 59 at Amarillo.

Rain Thursday was reported at Houston, .16, Waco .01 and ollege Station a trace.

Wet weather was the outlook today for broad areas in the northern part of the country from the Pacific Coast to the upper Ohio Valley.

More rain fell in the Far Northwest, with heaviest amounts measuring more then 3½ inches, along the Oregon coast.

Mrs. Burks Dies Today

Funeral services are pending at Bell Funeral Home for Mrs. Frank Burks of Andrews, 31, the former Joceille Bynum of Snyder, who died at 3 a.m. today in Parkland Memorial Hospital in Dallas.

Mrs. Burks had been flown to the Dallas hospital after undergoing a major operation in Midland.

She was a graduate of Snyder High School and lived here most of her life. She was the daughter of Mr. and Mrs. Jodie Bynum, 605 Twenty-ninth Street.

Other survivors include her husband, and eight-year-old son, Larry Kirk Burks, and a brother, Brady Bynum of Snyder.

The body was being returned here today by Bell coach.

Negro Group Denies Help In Lucy Case

BIRMINGHAM, Ala. (AP) — The National Assn. for the Advancement of Colored People denied in answer to a million dollar suit that it aided Autherine Lucy Foster in enrolling at the University of Alabama and that it provided legal council in her suit against university authorities.

Mrs. Foster became a student at the school Feb. 1 under a federal court order. On Feb. 6 rioters drove her from the campus.

In her fight to re-enter the the university, she accused Ed Watts and Earl Watts, brothers living at Tuscaloosa, Kenneth Lewis Thompson, also of Tuscaloosa, and R. E. Chambliss of Birmingham of conspiring in the mob action against her.

Mrs. Foster dropped the charges on Feb. 9, but soon thereafter the four men each filed a million dollar suit against the Negro co-ed.

The denial by the NAACP that it aided Mrs. Foster came yesterday in reply to interrogatories filed by attorneys for Ed Watts.

Representing Mrs. Foster in her fight to re-enter the university were Thurgood Marshall, chief counsel for the NAACP; Mrs. Constance Baker Motley of New York, also an NAACP attorney; and Authur D. Shores, Negro attorney of Birmingham.

Shores is one of the attorneys representing the NAACP in the circuit court suit of the four men.

No date has been set for the hearing.

Plants In Hot House Are Damaged By Fire

Fire in a hot house at 1010 Twenty-sixth Street seriously damaged the plants in the hot house, but did only slight damages to the small building, D. A. Porter, fire chief, said.

The fire was apparently caused by a gas space heater in the building.

Porter said the fire occurred shortly before 8 o'clock this morning.

The hot house was behind the residence of W. B. Johnson.

Egypt Facing French Charge

UNITED NATIONS, N.Y. (AP) — France charged Egypt today with direct responsibility in the Algerian rebellion and called on the U.N. Security Council to act.

A formal request for U.N. action was handed to Secretary General Dag Hammarskjold by French Delegate Bernard Cornut-Gentille. The complaint was listed as: "Military assistance rendered by the Egyptian government to the rebels in Algeria."

Cornut-Gentille's letter was accompanied by a memorandum giving details of the seizure earlier this week of the yacht Athos loaded with arms allegedly intended for the Algerians.

The memorandum said the arms were loaded in Alexandria on the night of Oct. 3-4 and charged the Athos had on board six clandestine passengers trained in Egypt for military and sabotage activities in Algeria.

Health Department Gives Polio Report

AUSTIN (AP)—The State Health Department said today studies in Texas indicate a case rate for paralytic polio ten times greater in unvaccinated persons than in vaccinated ones.

The department encouraged health officials and doctors to continue the use of the Salk vaccine as the polio season nears an end.

Since the series of three inoculations takes eight months, unvaccinated individuals should begin the series now to obtain maximum protection for next season, the department said.

Eleven polio cases were reported for last week bringing the year's total to 1,154 compared to 1,658 a year ago.

Question Of Soviet Troops In Hungary May Be Aired In UN

WASHINGTON (AP) — The United States has started consultation with Britain, France and other friendly governments on "the feasibility and advisability" of taking the Hungarian situation into the United Nations.

This was announced today by State Department press officer Lincoln White. He said consultations are being conducted in various capitals and that one question under discussion "is whether Soviet troops are in Hungary legitimately under the Warsaw Pact."

Two other lines of action are also getting urgent consideration within the American government —and presumably in allied consultations:

1. The possibility of making a strong protest directly to Moscow against the intervention of Soviet forces in the Hungrian civil war.

2. The possibility of giving financial and economic help to Eastern European countries which successfully assert their independence of Moscow control.

Either a protest or an appeal to the United Nations would apparently be based on the charge that Russia acted illegally in throwing its two or more divisions in Hungary into action against the thousands of students and workers who revolted against Soviet Communism and demanded Western style freedom.

The State Department is looking into all aspects of the matter—legal, moral and political — in a study of what is possible and desirable.

The subject presumably was discussed at a morning session of the National Security Council with President Eisenhower presiding.

In Paris, French Foreign Minister Christian Pineau said the United States, Britain and France might take the Hungarian case to the U.N., charging illegal use of Soviet army units to shoot down demonstrating workers and students.

Officials have conceded that an appeal to the U. N. is in fact being studied but said that no decision had yet been made.

Officials also said that reports from Budapest told of various demonstrator groups appealing to the U. S. Legation within the last two or three days for help to their cause.

Legation officials told them the legation was reporting fully to Washington on developments and informing officials here of the feelings of the legation officers about the situation.

These accounts did not say the workers had asked at the U. S. Legation for an appeal to the U.N. as they were reported to have done at the British legation.

A question which has been worked on intensely here is that of possible financial and economic aid to regimes which make a determined effort to assert independence from Moscow.

Hebbronville Judge Killed

HEBBRONVILLE (AP) — Rafael Garza Jr., 33, was held today on a charge of murder in the shooting of Jim Hogg County Judge Francisco Barrera Guerra Jr.

Barrera Guerra was shot to death yesterday after being called from a club.

Deputies M. Lunoff Jr. and Theodore Gonzales identified Garza as the brother of a man killed in a tavern shooting Sept. 2. Barrera Guerra had defended the man charged with the tavern shootings in a trial that ended Wednesday night.

Pedro Chapa, editor of the Jim Hogg Enterprise, said Barrera Guerra was shot once in the side and twice in the back.

He said the judge had been appointed to defend Abundio Garza, who was sentenced to 20 years for killing Mrs. Maria Larriva and Juan Garzia Sept. 2.

Three Texas Rangers were sent to Hebbronville at the request of Dist. Atty. James Kazen of Laredo to prevent any further violence.

Garza, a Jim Hogg County constable, was taken to the Jim Wells County jail at Alice after being charged before Mrs. Edmundo Barrera, justice of peace.

Interest In Senate Contest Is Growing

BROWNSVILLE (AP)—A controversy over the political philosophy in Rio Grande Valley stirred interest today in the race for the state Senate post from Hidalgo and Cameron counties.

C. W. Davis, 44, Republican candidate, questioned whether "it is right and proper to spend $40,000 to be nominated to a job that pays only $1,500 a year." He referred to a primary expense statement filed by his Democratic opponent, Hubert Hudson, 29, of Brownsville. Hudson listed expenditures of nearly $40,000 in his successful primary campaign against Rogers Kelley of Edinburg, who held the Senate post 18 years.

Police Solve Robbery Of Supermarket

FORT WORTH (AP)—Ovie Steward, 43, scheduled for trial here Monday on a murder charge, was arrested early today as a suspect in the $9,172 predawn holdup Thursday of Buddies Supermarket in Arlington.

Steward and two companions, dazed by drink, surrendered meekly to seven officers who surrounded their car in the darkened driveway of a motel.

Officers found a pistol, several bottles of whisky and $1,223 on the three men. A search for the remaining $7,949 was on.

The officers had been waiting in cars at the motel ever since spotting the bandits' getaway car yesterday afternoon.

Detective A. C. Howerton said seven shotgun carrying officers surrounded the men when they drove up in a car.

Howerton said the men were too drunk to be questioned at once but officers also wanted to talk to them about the recent $4,000 holdup of the Safeway Store here in which two gunmen made prisoners of 10 persons.

Arrested with Steward was a companion, 33, suspected of also being in on the Buddies holdup. The third man, 31, is not believed to be implicated, Howerton said.

Boy Admits Killing Man

DALLAS (AP) — Police said today a south Dallas eighth grade boy, 14, had told them in a written statement he shot to death T. L. Jackson, 35, of Dallas.

Jackson was shot once in the back shortly before noon Wednesday. He was walking with Newburn Grimes, 64, along a railroad line in south Dallas.

"I saw two hoboes. I aimed the rifle at the one behind and shot one time," the boy's statement said.

The boy said he shot because he feared the two men were going to seek revenge because one of his companions had stolen a wine jug from them.

The youth and three companions were placed in the Dallas County juvenile home awaiting grand jury action.

New Dormitories

WASHINGTON (AP) — Austin College at Sherman today received approval for a one million dollar Community Facilities Administration loan to finance construction of two dormitories. One will house 158 men students, the other 142 women.

WEATHER

SNYDER TEMPERATURES: Yesterday's high 72, low 35; with a reading of 38 at 7:30 a.m. today.

North Central and West Texas—Fair through Saturday. No important temperature changes with lowest in 40s tonight.

Atomic Agency To Get U.S. Uranium

UNITED NATIONS, N. Y. (AP)—President Eisenhower today gave the new international atomic energy agency a send-off with a pledge of an initial 11,000 pounds of uranium 235 plus as much as all other nations contribute until 1960.

It was the first pledge of fissionable material received by the agency. It ws delivered by Louis L. Strauss, chairman of the Atomic Energy Commission, at signing ceremonies of an 82-nation atomic energy conference on behalf of President Eisenhower.

In his message, Eisenhower said he would present the agency's charter to the Senate for ratification and would request congressional authority to transfer special nuclear materials to the agency. He added:

"I wish my country to be among the first to recognize by official action what you at this conference have accomplished.

"Assuming that all nations represented at the conference undertake parallel steps— within their capabilities — together we can overcome the obstacles that lie ahead and prove to each other that international controls are not only feasible but generally acceptable as a way to achieve peace."

The charter of the new agency was adopted unanimously Tuesday after a month's debate and nearly three years of negotiation begun when Eisenhower propose the formation of a world atoms-for-peace project in December 1953.

The agency will come into force when 18 nations, including three of the major atomic powers, submit ratification. Work will actually start at proposed headquarters in Vienna soon after a general conference next summer.

At that time, underdeveloped nations will apply to the agency for fissionable material contributed by the major atomic powers. They will build atomic power plants and start research and medical projects.

Scout Exposition Slated Saturday

One of the biggest events of this year for the scouting movement here will be the 1956 Boy Scout Exposition, which will be held tomorrow at the exhibit barn in Towel Memorial Park.

Tickets for the exposition can still be secured, and those wishing them should contact Jim Kincaid at the Diamond M Industries. All tickets are 25 cents.

A total of 30 booths were reserved by scouting units in this area for the exposition, which is sponsored by the Lone Buffalo District of Scurry, Mitchell, and Borden Counties.

Cub achievements, hobbies, and crafts, Boy Scout requirements, skills, and merit badges, and Explorer requirements and skills will be displayed and demonstrated at the exposition.

Snyder units which will participate in the exposition include Cub Scout Pack 34, sponsored by the Central Elementary P-TA; Pack 35, North Elementary P-TA; Pack 36, East Elementary P-TA; Pack 37, West Elementary P-TA; and Pack 112, St. Elizabeth's Men's Club; and Boy Scout Troop 27, First Methodist Church, Troop 36, Rotary Club; Troop 110, American Legion; Troop 111, St. Elizabeth's Catholic Church; Troop 123, Veterans of Foreign Wars; and two new troops, one of which is sponsored by the Snyder Fire Department.

From Colorado City will be Cub Pack 8, First Christian Church, and Boy Scout Troops 20, First Methodist Church, and 22, First Baptist Church.

The exposition will be open at three different times tomorrow, from 10 a.m. to noon, 2 to 4 p.m., and 8 to 10 p.m.

The barn will be open today and tonight for units to set up their booths.

Booths will be judged by members of the district camping and activities committee. There will be blue ribbons for units scoring in the top 25 per cent, red ribbons for those in the second 25 per cent, and yellow ribbons for all other units participating.

Judging will be on the number of scouts in the booths during exhibit hours, uniform and appearance of the scouts, their attitude toward the public, general attractiveness of the booths, including audience interest, originality, and satisfactory presentation or demonstration of the subject.

Units will be competing against a standard, not against other units, and all are eligible to win blue ribbons.

AREA OIL ROUNDUP

Offset In Garza Gets Oil On Test

The Superior Oil Co. No. 1-38 Crump, north offset to the discovery well of the South Rocker A (Strawn) field of South Garza County, indicated production on Strawn drillstem test.

Operator tested the section from 7,484 to 7,500 feet. One one hour, the test surfaced gas in 15 minutes and returned 186 feet of oil and 314 feet of heavily mud-cut oil. Recovery from below the circulating sub was 90 feet of 39.5 gravity oil.

A previous 1½-hour test from 7,432 to 7,467 feet surfaced gas in 50 minutes and recovered 500 feet of heavily oil and gas-cut mud, 55 feet of heavily mud-cut oil, five feet of salt water-cut mud and 60 feet of oil-cut mud. Gravity of the oil was 33.9 degrees.

Coring continued below 7,500 feet.

Location is 660 feet from south and west lines of section 38, block 6, H&GN survey, three miles southwest of Justiceburg.

Ellenburger drillstem test in Panhandle Oil Corp. No. 1 Terry, Southwest Fisher County wildcat, developed gas and oil, while a deeper test in the zone showed oil and water.

Initial test, from 6,581 to 6,591 feet, open one hour, recovered 2,450 feet of gas, 135 feet of oil and 30 feet of heavily oil and gas-cut mud, 30 per cent oil.

Subsequent one-hour test at 6,591 to 6,611 feet, returned 1,580 feet of gas, 30 feet of oil, 60 feet of heavily oil and gas-cut mud and 30 feet of brackish water. Coring was slated.

Location is 660 feet from north and east lines of sub-division 69, Gilliland County School Land survey, four miles southwest of Longworth.

Anderson-Prichard Oil Corp. No. 1 Waters, Southwest Terry County wildcat which developed shows of possible discovery production in the Spraberry, Strawn and Siluro-Devonian has set casing and will test.

Total depth is 12,797 feet. The 5½-inch casing has been set at 12,975 feet. The well is 8½ miles southwest of Gomez and 1,750 feet from north and 990 feet from west lines of section 118, block B-11, C&WRR survey.

The Spraberry show was at 8,200-90 feet; the Strawn at 11,328-500 feet and the Siluro-Devonian at 12,640-760 feet.

The section at 12,760-797 feet made water with some gas and oil.

Camp Oil Co. of J. E. Jones Drilling Co. No. 1 Wasson, northeast offset to Camp's No. 1 Blue, recently completed Canyon reef discovery in Southeast Dawson County developed water in that formation.

It is to set casing and test a section in the Spraberry above 7,630 feet which offers possibilities of making a well.

The project is six miles north of Ackerly and 550 feet from south and 660 feet from east lines of section 24, block 34, T-4-N, T&P survey.

The water came in the Canyon in a 30 minute drillstem test at 9,102-40 feet. Recovery was 500 feet of muddy, gas-cut salt water. There were no shows of oil.

Ray Smith Drilling Co. of Dallas No. 1 Charles G. Abernathy, Central Stonewall County wildcats, six miles east of Aspermont, was bottomed at 6,044 feet in Bend conglomerate and shale and was testing.

It ran a two-hour drillstem test on the conglomerate section at 6,008-20 feet and recovered 4,300 feet of gas and 110 feet of heavily oil and gas-cut drilling mud.

An earlier test at 3,238-56 feet in a lime just above the Strawn sand had indicated production from that formation.

The operation is 5 aths of a mile northwest of production in the Fumphrey Conglomerate pool and 2,010 feet from south and 2,690 feet from west lines of section 14, block D, H&TC survey.

General Crude Oil Co. No. 39-1 Girard Trust Estate, Northwest Kent County wildcat, which logged shows in the Canyon, failed to make a commercial well and has been temporarily abandoned.

Total depth is approximately 7,625 feet in Ellenburger. The failure was 12½ miles northwest of Clairemont and 660 feet from south and west lines of section 39, block 1, H&GN survey.

In Southwest Garza County, Southern Union Gas Company No. 1 Koonsman, deep wildcat, drilled to 8,305 feet and has been abandoned.

It was 12 miles southwest of Post and 660 feet from north and west lines of section 5, block 2, T&NO survey.

Amendments Are Discussed Here

The proposed amendments to the Texas Constitution, which will be voted upon during the general election in November, were discussed by two Snyder men yesterday during the weekly luncheon of the Rotary Club.

They were Haskell Beard, president of the local unit of the Texas State Teachers Association, and Robert R. Patterson, state representative.

Beard spoke in support of Amendment 4, which concerns teacher retirement. In his talk, he said the amendment, rather than being just on teacher retirement, is for a social security plan for all school personnel, not just teachers. It also includes disability and survivors benefits for personnel.

The present retirement plan, Beard said, was designed in 1937 and provides a teacher who retires after 40 years in the classroom only $60 a month. It also provides that no teacher can put more than five per cent of his annual income, up to $180 annually, into the plan.

The proposed plan would provide that no teacher retired would draw less than $100 monthly, his benefit depending on length of service and amount put into the plan; provides that no teacher totally and permanently disabled on the job draw less than $50 monthly, and requires each teacher to put six per cent of his annual income, up to $504, into the plan.

The plan would cost taxpayers $4.5 million annually, Beard said, but it is a plan which would help attract people into the teaching profession. Teachers are now being lost to industry and business because of lack of benefits.

Patterson briefly discussed the remainder of the nine amendments proposed. All will be voted upon Nov. 6 with the exception of one, which will be considered the following Tuesday.

Patterson said the Texas constitution was adopted in 1876 and was very detailed, and the fact that it was detailed necessitated many amendments.

The proposals include:

Amendment 1 — Granting the legislature the power to compensate persons wrongfully convicted of crimes.

Amendment 2 — Permitting the commissioners courts a little more latitude in handling county funds but not revising the maximum rates combined for the funds.

Amendment 3 — Reorganizing the college system, including permitting the investment of permanent funds in common stocks and bonds.

Amendment 4 — Teacher retirement.

Amendment 5 — Reorganized the veterans land board to include two persons who are not a part of the state government but are familiary with veteran's and land affairs, also authorizing $100 million more available for veterans land loans.

Amendment 6 — Amending a section of the constitution on general provisions to change the oath of office to apply to appointed as well as elected officials.

Amendment 8 — Providing that a person twice convicted of a felony can be held without bond, for a period of only 60 days.

Amendment 9 — Authorizing the Legislature to appropriate money to pay permanently disabled persons from 18 to 65, the funds to be matched by the federal government. This is the amendment which will be voted upon the next week after the general election.

Check Charge Fine Is Assessed Here

A fine of $58.50, including court costs, was assessed in county court this morning against Kelly Grandstaff.

Grandstaff's fine came after a plea of guilty to a charge of swindling by worthless check.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

COGDELL MEMORIAL

ADMISSIONS: Mr. Hoyt William Andrews, 201 Thirty-sixth; Mrs. Shirley Ruth Churchwell, Rt. 1, Box 29, Sharon Rutledge, 503 Thirty-fifth; Vicki Lynette Allen, Box 1472; Mrs. Opal Stephens, Gail; and Mrs. Eula Mae Camp, Rt. 1, Box 13.

DISMISSALS: Mrs. Timpie Wall, Route 1; Mr. Ed Murphy, Box 17 Knapp; Mrs. Bonita Johnson and baby, 1001 Thirty-third; Mrs. Juanita Kennemur and baby, Route 1; Mrs. Joan Lindsey and baby, 3302 Noble Drive; Mrs. Billy Merle Howie, and baby, Route 1; Mrs. Janette Rylander, 2003 Avenue E; and Mrs. Willie Mae Vernon and baby, Box 1650, Snyder.

BATTENFIELD-JONES

ADMISSIONS: Mrs. R. R. Williams, 502 Twenty-eighth; Miss Ruby Butts, 2908 Thirty-second; Mr. C. L. Martin, Odessa; Mrs. J. T. Quintaner, Route 3, Mission, Tex.; and Mrs. C. R. Daniel, Snyder.

DISMISSALS: Miss Mary Kelso, 203 Thirty-fifth; Mr. W. G. Breedlove, 2910 Avenue S; Mr. J. T. Hughes, 2410 Thirtieth; Mrs. Katie Rhodes, 2903 Avenue N; Janice Devenport, 2503 Avenue U; Mrs. D. D. Chandler, Clairemont Route; and Patricia Ann Holmes, 1907 Coleman.

Sister Of Snyder Area Woman Dies

A former Snyder school teacher and sister of Mrs. Dick Webb who lives on the Lubbock highway north of Snyder, died at her home near Rosebud, Tex., about noon yesterday.

She was Miss Jo Hailey whose age was in the 60's.

Details of the funeral arrangements were not known this morning, but the funeral services were to held in Rosebud, with burial later in the Union Community Cemetery near Rosebud.

Miss Hailey has been ill for about a year prior to her death.

Man Released Here After Posting Bond

Charles Hale, charged in county court with driving while intoxicated and contributing to the delinquency of a minor, was released from the county jail today on bond.

The bonds were $500 and $250. Surety was Robert R. Patterson.

Tarpon Rodeo Winner

PORT ARANSAS (AP)—Billy Griffith of Longview caught his fifth tarpon yesterday to win the Texas Tarpon Rodeo. Mrs. Ben Vaughan Jr. of Corpus Christi caught her fourth to hold second.

Directors Approve Budget Of CRMWD

Directors of the Colorado River Municipal Water District in a meeting in Big Spring Thursday approved a budget of $1,579,959 for 1957.

This was little less than $400,000 over the budget for the current year. The approved budget now goes to the trustees for consideration of bondholders. In the absence of formal protests, it would stand as adopted by the board.

While the new budget envisions $131,000 more expenses, it also anticipates $389,000 more revenues. All of the gain (and more because recreational revenues are pegged down to be on the conservative side) is forecast in water sales.

In submitting the document, E. V. Spence, general manager, said that estimates of income had been held at probably less than the actual totals might be, and that expenditures had been adequately covered barring any emergency situations the CRMWD could operate well within it during next year, he said.

The budget anticipates $1,548,209 in prime (water) revenues. This would include $611,490 from Odessa, $267,750 from Big Spring, $79,119 from Snyder, $492,750 from the SACROC repressuring unit, $82,800 from the Sharon Ridge repressuring unit, $10,800 from Texas Gulf Producing Company and $3,500 from rural users. The additional $31,750 would be from recreational facilities, including $13,500 from lease on cabin sites, $11,000 in recreational permits, $3,250 from boat launching permits and $4,000 from concessions.

Breakdown on expenditures shows $7,000 for operation of city production systems, $43,200 for royalities on water, $103,425 in maintenance, $65,860 in operating expense for labor and $173,630 for electric power, $25,000 for repairs and supplies, $81,400 for administrative and general and $31,750 for recreation.

Also included are some minor lease items aggregating $2,271 and $6,000 capital expenditures for automotive equipment.

Of the $1,040,423 excess of income over operating expenses, $264,756 will be required for interest and $190,000 for repayment of bonds, leaving $585,667 for application to other funds in keeping with the bond indenture. This sum will have $175,700 to the contingency fund, $136,655.63 to improvement and extension fund, and $273,311.27 the bond retirement fund.

Charles Perry, Odessa, chairman of a budget committee composed also of Willard Sullivan, Big Spring and Lyle Deffebach, Snyder, explained that the CRMWD likely will have met its requirement of a million dollar reserve in keeping with the indenture, and that a larger amount would be available for distribution to the contiagency, improvement and retirement funds. The contingency fund was set up for a larger cut to rebuild it because heavy dam maintenance expenditures this year depleted it.

Only change in the document made at the board meeting was in transferring $2,600 from an administrative contingency to administrative salary. In so doing the general manager's salary was pegged at $12,000 and the secretary-treasurer at $1,800.

Although no formal action was taken, the board inclined to a policy of private development of recreational facilitie and asked the recreational committee, headed by R. L. Cook, Big Spring, to continue negotiation with its lease holders.

A contract in the amount of $240,621 to Allis-Chalmers Co. for pumps and transformers on the Big Spring-Odessa supply line was approved. This sets the district in position to furnish raw lake water to Odessa possibly late in 1957.

In his report to the board, Spence said that 1957 plans called for the addition of four to six wells, but that after next year well production would likely be tapered as lake water reached Odessa. He also said the Governor's state mapping committee had given a top clause, to the basin area above a new proposed lake for the upper Colorado River in southern Mitchell County. This opens the way for a direct request to the United State Geological Survey in Washington for topographical maps of the area this winter.

YOU AND YOUR TEEN-AGER

By BEVERLY BRANDOW

Has your teen-ager got a crush on someone? Then, as a parent you know the anguish of being relegated to a back seat in your teen-ager's affections and being obliged to listen both day and night to the endless praises, some of which may even be in poetry, of your teen-ager's idol.

A crush is quite a bit different from the love bug that bites steadies, for the affection lavished on a crush is usually unreturned and the realization of your lovesick child's dreams quite hopeless.

A crush is love that finds its mark on a love object that is generally unsuitable and unattainable.

An example might be Mary Jo who daydreams through history, algebra, English, and dinner over Elvis Presley. She imagines she is his steady, but in reality the most of him she'll ever own will be a cardboard picture and a wax record. She must share him with eleven million other teen-agers.

Helen has an intense crush on her home room teacher who, according to Helen, has attained absolute perfection as a woman and is the most understanding of all God's creatures.

Pixie, who wants most of all to seem older, is entranced by popular Gloria who is two grades ahead and seems so glamorous.

Why do teen-agers get crushes, what do we know about them, and how should you react?

Crushes are like mumps in that some boys and girls have them and many others don't.

We do know that girls are more susceptable to the malady than boys and it is most apt to strike at the junior high level.

It can be indicative of trouble at home and may mean that, as a parent, you are not as understanding as you should be or are not acting in a manner to gain your teen-ager's respect and admiration and, needing someone on whom to lavish affection and from whom to receive understanding, he or she, turns elsewhere.

Have you been too busy for your teen-ager or perhaps too nagging and critical lately?

Crushes do not always indicate trouble. Often, as when movie stars are the love objects, the crush is a sort of fad and necessary, at the moment, to being one of the group.

Crushes frequently are on members of the same sex. While in the junior high age group, this is neither shocking nor alarming.

The object of the crush often has some quality your teen-ager would like to incorporate into his or her own personality. That quality may be patience, cheerfulness or something else equally desirable. The teen-ager sees in the ideal, the person he, or she, wants to be.

Because your teen-ager talks incessantly in glowing terms about a wholly ordinary individual and seems temporarily to ignore you, don't be hurt, or jealous.

Realize the phase is a normal one and important in the growing up process just now. Be sure you are being the very best parent you know how and agree with your teen about the wonder "crush" whenever you can. This latter, in itself will do much to end the crush and will help you regain the admiration of your teen.

Chiding your boy or girl will only make the crush more intense. Hang on; be patient. It's no more abnormal than mumps and it won't last forever.

It is estimated that small loan companies receive their largest single number of applications for medical loans.

FINAL PLANS—The VFW Ladies Auxiliary have completed plans and preparations Thursday for the Fall District Round-up to be held here Saturday and Sunday at the Veterans Clubhouse. Pictured above from left standing are: Mava Brown, Bessie Nichols, Patsy Mapes, Choate Lamb, Edna Hall, Lavelle Parker, Joy Carter, Virginia Kenney, Jan Norris, Amanda Jones, seated are Mildred Craven and Kaye Pope. (Lee Watson photograph)

WELCOMED:—The group of ladies above were welcomed into the Ladies Auxiliary to the Veterans of Foreign Wars at a called meeting Thursday evening. Seated from left to right are: Choate Lamb, Lavelle Parker, Edna Hall, Joy Carter, Janet Norris and Virginia Kinney.

WOMEN

NEWS FROM DUNN

By ELWANDA STEWART

James Norwood of Stinnett, Tex., was a weekend visitor with friends. He is a teacher in the Stinnett school.

Mr. and Mrs. Blake Durham and Mark, and Mr. and Mrs. J. O. Sheid, Jr., were in Lubbock last week to attend a surprise house warming for Eulene Koch.

Visiting Mr. and Mrs. Blake Durham and Mark, and the Billy Durham family recently were Mr. Frank Garrett of Bishop, Mr. and Mrs. Harrison Durham of Levelland, Mrs. Eulene Koch of Lubbock, Mr. and Mrs. Jerry Rose and children of Colorado City, and Mrs. Price Jarrel of Snyder.

Mrs. Clarence Smith of Plainview visited friends here recently. Mrs. Smith is the daughter of the late Mr. J. A. Dunn, for whom Dunn was named. She is a former resident of Dunn.

Guest of Mrs. W. A. Johnston this week were, Mr. and Mrs. Grady Mason and daughter, Mrs. Bill Hunter of Coahoma, Mrs. Walter Woods of China Grove, Russell Dunn and family of Loraine and view.

Miss Rita Johnston of Snyder visited her parents, Mr. and Mrs. Marcus Johnston over the weekend.

The Rev. and Mrs. A. B. Teague have returned from Tuscon, Ariz.

Mr. and Mrs. Oscar Bowers of Pasadena, Cal., are visiting their son, Mr. George Bowers and family.

Mr. and Mrs. Curtis Brown of Odessa spent Sunday with Mrs. W. E. Wade and Mr. and Mrs. Harold Wade. Mrs. W. E. Wade returned home with them.

Mrs. Mary Bowers of Tenaha is visiting her sister, Mrs. Tom Echols, and family.

Ricky Don Billingsley, son of Mr. and Mrs. Ted Billingsley, is a patient in Cogdell Memorial Hospital.

Judy Richardson spent last week end in San Marcos where she visited her sister, Mrs. Max von Roeder, and family. She accompanied Mr. and Mrs. Fred Cary of Tulia. The Cary's were also guests of the Richardsons recently.

Mr. George Whitten of Colorado City was guest speaker Sunday morning at the Dunn Methodist Church. The church observed laymen's day Sunday.

Patsy Foree of Snyder spent Tuesday night with Ruth Goodlett.

Mrs. Carl Caswell visited in Meadows recently.

Plans Completed Here For Halloween Carnival Oct. 30

Plans have been completed and preparation is well underway for the picturesque Halloween carnival, sponsored annually by the Junior High Parent Teachers Association.

Over 1,000 items of merchandise has been donated by Snyder merchants to be used as prizes for the various booths. The carnival, which is set up in the school's gymnasium, is the P-TA's main source of fund raising and has become a local festivity that is looked forward to each Halloween by all the local townspeople.

The predominating idea of the carnival is to keep the usual Halloween vandalism and pranks to a minimum by giving the children a place to go and to celebrate in a supervised manner. Local law officials bear out the success of this factor.

This year's carnival has been set for Oct. 30, due to the holiday falling on Wednesday. Everyone is reminded to keep this change of date in mind.

In conjunction with the carnival, there is a queen's race that is also an annual event drawing equal interest. Candidates for queen are chosen by popular vote from each of the homerooms in Junior High and votes for winning are figured at one vote for each penny turned in.

Candidates for queen, and their escorts are: Becky Perkins and Reginald Scarborough, Judy Wallace and Jan Lindsey, Brenda Townsend and Mokey Hale, Judy Huddleston and John Weaver, Barbara Shoemake and Charles Merritt Shirlene Morton and Billy Ray Harless, Linda Gale Miller and Larry Guyger, Patti Green and Larry Devers, Virginia Payne and Wayne Dower, Pat Murphy and Keith Roberts, Diann Wolfe and Dowell Edleman, Mary Ann Moffett and Steve Free, Lynn Caperton and James McCromick, Glenda Condray and Bill Hazel, Donna Taylor and Ronnie Eades, Kathryn Vernon and Freddie Miller, Jessie Kay Mottesheard and John Best, Linda Staton and Larry McNair, Jean Wade and David Gann, Beverly Black and Tommy Stephens, Karen Aylor and Tommy Nicks, Ginny Sims and Larry Patterson, Sue Taylor and Jimmy McFarland.

Tri-Community Club Meets Here

The Tri-Community Home Demonstration Club met Wednesday with Mrs. George Light, 2004 Avenue M.

Mrs. Leston Edwards gave a council report with Mrs. Geo Gibson reporting the arrival of the Christmas cards that were ordered.

A committee was appointed for the annual Thanksgiving dinner to be held, including Mrs. Leston Edwards, Mrs. Lewis Bird, Mrs. Dalton Ball, and Mrs. Guy Stoker.

An announcement was made of a called meeting to be held on crafts Nov. 7. The group will be instructed in basket weaving.

A skit on civil defense was given, showing the entire family working as a team in case of disaster. Those participating included Mrs. Richard Stoker, Mrs. Guy Stoker, Mrs. Dalton Ball, and Mrs. Billy Huddleston.

Mrs. Guy Stoker gave a report on the National and State Convention held in San Antonio Sept. 23-28.

Refreshments were served to 10 members and one guest, Mrs. T. A. Favor.

Auxiliary Of VFW Initiates Members

A called meeting was held Thursday evening at 8 p.m. by the Ladies Auxiliary to the Veterans of Foreign Wars. Mrs. Delbert Jones, president presided at the meeting.

The purpose of the meet was to hold initiation for new members so they may participate in the Fall Round-up Convention that will be held here Saturday and Sunday.

Those initiated were Choate Lamb Grousen, Lavelle Parker, Joy Carter and Virginia Kinney. Janet Norris was welcomed as a reinstated member and Edna Hall as a transfer from the Tulia, Tex. auxiliary.

Heat crushed pineapple with fresh mint leaves, then cool. Serve as a sauce for vanilla ice cream.

Luncheon Is Held

The country home of Mrs. Hollis Jones, west of city, was the setting for a luncheon Thursday noon. The occasion was in honor of close friends of Mrs. Jones. They included Mrs. Will Floyd and daughter, Mrs. Allen Stone, and Mrs. Haskell Templeton. Mrs. Jessie Mayo, who was to have been an honoree was unable to attend.

Oil Is Topic Of Program Given Here

Mrs. Julian Hendren was hostess for the Altrurian Daughter's Club Wednesday afternoon at 2:30. The home at 3100 Avenue T was attractively decorated with arrangements of roses and fall flowers.

Mrs. Ophelia Blackard presided at the business session. Mrs. Manning Davis, program chairman, presented a most interesting program on "Research for the Petroleum Industry", through the cooperation of the local Oil Industry Information Committee.

Following a film, Mr. Glenn Richardson of the High School Science department explained some of the chemical processes involved in extracting natural gasoline, butane, iso-butane, and propane from low pressure field gas as practiced by various gasoline plants in this area. He also spoke of future possibilities for finding other sources of oil and of various experiments being carried on by high school chemistry students.

Mrs. Davis read an editorial published by McGraw-Hill Dept. of Economics entitled "The Shortage of Scientists and Engineers—a Threat to Economic Progress", and explained the Science for Youth Program, originating with D-X Sunray in their West Tulsa laboratories. The objective of the program is to interest young people in science so that they will have a desire to practice science as a lifetime profession.

Following the program seasonal refreshments were served to the members.

Lost 70 Pounds With Barcentrate

Rose V. Collins, 228 Lenox, Houston 2, Texas, wrote us as follows: "I lost 70 pounds in three months, taking Barcentrate and I never felt better."

—and Mrs. Velma Sigler, 815 E. 10th, Mission, Texas, states that she lost 15 pounds taking Barcentrate.

Get Barcentrate from any Texas druggist. If the very first bottle doesn't show you the way to take off ugly fat, return the empty bottle for your money back.

ANNOUNCING THE 1957 NASH V-8

UP GOES POWER..DOWN COMES PRICE
IN THE BIGGEST OF THE BIG V-8'S!

PRODUCT OF AMERICAN MOTORS

WHILE other prices go up—Nash prices go down. Nash power goes up—now 255 HP in the big, new long-wheelbase Nash Ambassador for 1957.

Here's the biggest car of all where bigness counts. Over 18 feet long. Only 5 feet road to roof. Tops even highest-priced cars in headroom, shoulder room, leg room, visibility.

Come see brand-new Lightning Streak styling. Brand-new, bold front-end design. New Four Beam Headlight System.

New sharper turning. New wider front tread. New feather-touch steering. New 14-inch wheels. New Transistor-Powered radio. All-Season Air Conditioning. Reclining Seats, Travel Beds.

See the first big cars with single unit construction—the new stronger, safer, all-welded body-and-frame.

Drive the all-new Nash V-8 with catapult pick-up, plus smoothness, economy, dependability only Nash can build into an engine. Flashaway Hydra-Matic, Overdrive or Synchromesh.

Bible Thought

Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour. I Peter 5:8.

EDITORIALS

Adlai's Home Town

One of the great election issues of 1956 troubled the people of Libertyville, Ill., right smartly last week.

That's the town which Adlai Stevenson's farm is about four miles from. It is almost solidly Republican, but some of the good people of the town decided a banner should be stretched across the main street, called Milwaukee Avenue, saying it was Adlai's home town.

Somebody did indeed stretch such a banner, but the village council ordered it taken down, on the ground there was an ordinance against stretching signs across the street. So the proud banner was struck, and there was the dickens to pay.

Indignant businessmen, stoutly maintaining they were all Republicans, waited on the council and demanded restoration. They pointed out that such things as Christmas decorations and even carnival signs had been stretched without anybody lifting a hand against them before.

"Repeal the law," the spokesman demanded. One of them declared hotly: "You're making our little village look mighty small in the eyes of the world."

Besides, as someone pointed out, in the neighboring village of Mundelein four signs bearing the legend, "Welcome to Mundelein, Home of Joe Smith," had already blossomed out, and Mundelein might soon be claiming Adlai if Libertyville didn't act pronto.

The village elders were adamant, however, voting 4 to 2 against the street-spanning banner.

Next day a junior-sized billboard on private property proclaimed, in red, white and blue lettering, "Welcome to Libertyville, the Home of Adlai."

The Republican businessmen along Milwaukee Avenue were threatening to go to court to reverse the village council, at last account.

No Easy Chore

On the word of William J. Mortimer, county superintendent of highways in Cook County, Ill., the next time you see a motorist calmly puffing a pipe as he tools down the road, you'd better be careful. He's a menace to life and limb.

According to Mortimer, the pipe-smoker, otherwise a model citizen and good fellow well met, is the kind of relaxed, easy-going character who is likely to dream himself into a fatal accident.

"I have nothing against pike smokers," the man says. "But they do typify the sort of relaxed people who forget they're driving and wind up in an accident." He insists easygoing people as typified by pipe-smokers cause 90 percent of all highway tragedies.

For our book, the man who drives everywhere with his left hand propping up the top of the window might belong in the dangerous category. Dangerous to himself, particularly, for a great many people have lost their left arms by dangling the elbow out the window.

One-handed drivers might be safe enough at 15 to 20 mph, but in heavy traffic at high speeds one needs both hands on the wheel, both eyes and ears wide open, and a sense of alertness akin to that which enabled our forefathers to exist in a country peopled by bears, panthers and skulking redskins.

Today's traffic isn't something to be taken lightly nor driving a chore to be performed casually. Nonchalance is more fitted to the quiet precincts of home.

Ahead And Behind

DES MOINES (AP)—A doctor told a Des Moines man he should limit himself to two alcoholic drinks a day and take 1 prescribed number of vitamin pills daily.

Several months later the doctor met the fellow's wife on the street and asked her how her husband was getting along.

Said she: "Well, he's way behind on the vitamins and way ahead on the booze."

Familiar Face

NORTH LITTLE ROCK, Ark. (AP)—The face was familiar.

T. H. Brooks told police that a man came to his house and robbed him of 10 dollars after threatening his with a knife.

The previous week, Brooks said, he was robbed by the same unknown man.

Polls And Poles

'Fall-Out' Stepchild Of Atomic Age, Becomes Major Issue In '56 Campaign

By ALTON L. BLAKESLEE
Associated Press Science Reporter

NEW YORK (AP) — Fall-out — scary stepchild of our new atomic age — has become a hotly radioactive election issue.

Human dangers from fall-out underlie proposals to end H-bomb tests, and the differences of view on how and when to do it.

In this debate voters must decide concerning scientific matters, on some of which prominent scientists are divided. Fall-out and H-bombs also involve, of course, moral, political, diplomatic and military security questions.

Here are some of the main scientific facts and points of view

Q. What is fall-out?

A. Radioactive atoms created from pieces of the exploding nuclear weapon itself, and from dirt, debris or water sucked up by the blasts. Radioactive means atoms which are "excited." That is, at some later time they emit Xrays or other radiation and then become harmless, stable atoms. The rays they emit can be harmful to living tissues.

Q. How can fall-out harm humans?

A. In three ways: (1) a huge amount, as from a war, can cause generalized radiation sickness and death (2) even very tiny amounts might affect human heredity (tomorrow's subject in these articles); (3) even very small amounts might damage humans living now if they were hit by or ate or breathed enough of certain kinds of these atoms.

Q. How can a single H-bomb test in the Pacific, or in Siberia, or somewhere else equally remote, affect me in the United States?

A. In time, a tiny sprinkle of its fall-out descends on your city, adding a bit to the radiation in which you live. How much is added depends on the number, type and timing of the tests. A slow enough rate of tests conceivably would add no more radiation than was disappearing by decay of an earlier fall-out. The more tests, the more fall-out.

Q. Are we exposed now to dangerous amounts from A-bomb and H-bomb tests conducted so far by all nations?

A. The Atomic Energy Commission says no. It says fall-out has exposed us to only about 1-100th of the amount of radiation to which we are inevitably exposed by natural radiation which has always surrounded us. It says fall-out exposure so far is about equal to having one chest X-ray.

Other scientists aren't so sure it's all been safe so far, or are worried about certain types of fall-out, especially strontium-90 which Adlai Stevenson called "the worst poison."

Q. What is strontium-90 and why is it especially dangerous?

A. Strontium is a natural chemical element, an alkaline earth metal. Radioactive strontium (strontium-90) is dangerous because, like ordinary calcium, it can go to the bones. And it stays active for an average of 40 years, emitting rays in declining amounts. If animals are given big enough doses, it produces cancers of the bone.

Q. Have dangerous amounts of strontium been created and distributed so far?

A. The AEC says the amount falling from all tests to date would have to be increased "many thousand times" before any effect on humans would be noticable. Dr. Willard Libby of the AEC estimates that even if 110,000 bombs were exploded—each one of them equal to a one-megaton H-bomb—"It would be hard to prove statistically that any of the strontium had caused bone tumors in anyone." (A megaton is equal to one million tons of TNT.)

The National Academy of Sciences, an independent scientific agency, says some children now have detectable amounts in their bones but that it is only 1-1,000 of what is considered a permissible or very safe dose.

Other scientists say there is no question but that strontium is dangerous, and that the critical question is exactly how much is bad, and how close we are now to that point, or will be in the future.

Q. Can strontium-90 be absorbed by plants and animals and thus enter human bodies through vegetables, meats and milk?

A. Yes.

Q. What's the hazard from this so far?

A. Dr. Libby's studies indicate that cow's milk contains only about one sixth of the strontium content in the cow's feed. Plants absorb only some of the fall-out strontium, he says, and animals don't retain all that they might get from contaminated plants.

Q. Is strontium-90 formed only in H-bombs?

A. No. It is created by atom bombs when uranium or plutonium atoms split.

Q. Would halting H-bomb tests halt production of strontium-90?

A. No. A-bomb weapons would have to be banned also.

Q. Can fall-out from H-bombs be reduced?

A. The AEC says last spring's tests in the Pacific helped show how to localize fall-out. It has not explained how this was done, and to what extent. Height of detonation and engineering of the weapon could be factors.

Q. Is strontium the only dangerous fall-out?

A. Many different kinds of radioactive atoms and dust are created. Some die out fast, others linger. The concern is over those which can add to general radiation.

Q. How is fall-out broadcast?

A. Heavy particles soon drop to earth, near the test site. Lighter ones float in the lower atmosphere, can go around the world in a belt of latitude several times in a few weeks before drifting to earth, or being carried down by rain. Some is thrust into the stratosphere by powerful weapons, and may stay there for 10 years before descending. While airborne, the radioactivity decreases, the extent depending upon how long-lived are the particular types of atoms.

Q. How are nuclear tests in a foreign country detected?

A. By air-sampling at government stations and other means, not described for security reasons. Fall-out gives clues to the type and strength of the weapon tested.

Q. Can a foreign nation's tests be detected accurately enough to learn whether it was violating an agreement not to test?

A. Many atomic scientists say yes, at least for all but the smallest-power ones, and that the advantages gained by a single test cannot be very great.

The AEC says detection systems cannot ensure picking up every test, and that learning the size and nature of the test takes time, particularly with the larger, more complicated weapons.

Q. Have we learned enough from our tests, or built up our nuclear arsenal enough, to stop testing?

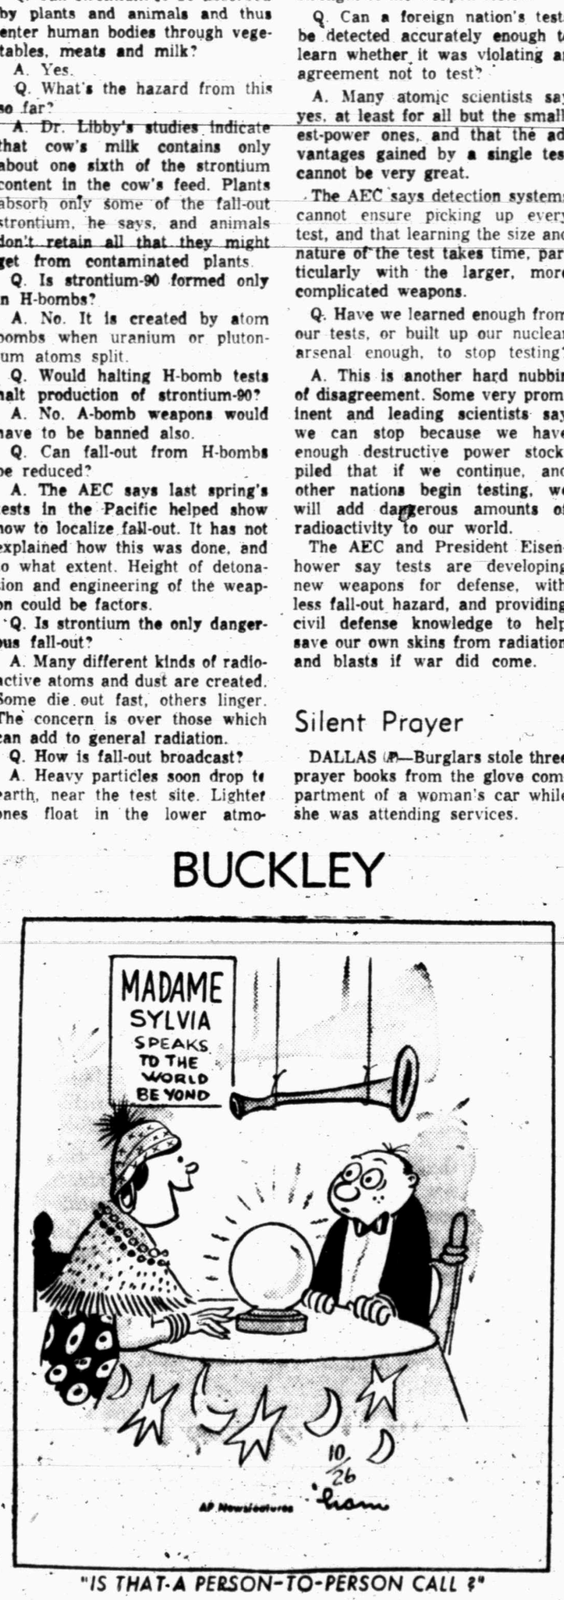
A. This is another hard nubbin of disagreement. Some very prominent and leading scientists say we can stop because we have enough destructive power stockpiled that if we continue, and other nations begin testing, we will add dangerous amounts of radioactivity to our world.

The AEC and President Eisenhower say tests are developing new weapons for defense, with less fall-out hazard, and providing civil defense knowledge to help save our own skins from radiation and blasts if war did come.

Silent Prayer

DALLAS (AP)—Burglars stole three prayer books from the glove compartment of a woman's car while she was attending services.

BUCKLEY



"IS THAT A PERSON-TO-PERSON CALL?"

Private Polls, Actual Voting Differ On Power Of Major Political Parties

By WALTER LIPPMAN

The campaign has been showing that there are two distinct, though of course related, elections in progress. There are the Congressional and local contests. There is the Presidential contest. This is reflected, we may suppose, in the extraordinary contradictions between what the private polls are indicating and what the actual voters in Maine and Alaska have shown. The polls show Eisenhower running very well and the early voting in Maine and Alaska shows great strength in the Democratic party.

It is, it seems to me, too early to come to any conclusion as to what these contradictions portend.

• • •

It would be fair to say that until the past week or so the main emphasis of the campaigning has been on the contests at the Congressional level. Stevenson and Kefauver have been rallying the Democrats in the various regions of the country, and the issues they have been raising are those which in the different states are most likely to draw the Eisenhower Democrats of 1952 back into the fold. Stevenson's speeches have been pointed primarily at the weaknesses of the Republican party as opposed to the Democratic party. Eisenhower has been involved only insofar as he can be identified with the Republican record. A reason, I would not be surprised if it were the main reason, why Stevenson has not been arousing strong national interest is that up to this point his campaign has been very largely devoted to helping the Democrats in their local contests.

During this period the Republicans have been on the defensive, with Nixon working to activate the Republican politicians and Eisenhower working to hold on to the Eisenhower Democrats.

• • •

The striking characteristic of this phase of the election, which looks as if it might now be ending, has been that the crucial issues of the Presidential contest have been allowed to lie under, though just under, the surface of the campaign. These issues are not farm parities, big business in government, or even the hydrogen bomb tests and foreign policy. The crucial issues arise from the fundamental fact that Eisenhower's leadership and control of the Republican party depend uniquely on his own personality, on his own active presence, and therefore on his health and his energies.

Gen. Eisenhower's great default, which is, I believe, the central issue of the Presidential contest, is that he has not provided carefully and reliably for a successor. Given his age, given his illnesses, it was his primary duty, if he chose to seek a second term, to provide for a successor. It was his duty to offer the country a successor who was indubitably a believer in his principles, a man of unimpeachable character and of proven ability. It would be absurd to say that such men do not exist in the Republican party. Gen. Eisenhower's failure to bring one of them forward is the crucial issue in the contest between him and Stevenson.

• • •

In this contest the main point is not that Stevenson is younger, nor who is going to live the longer. The main point is that Eisenhower does not have a party behind him and around him which can be counted upon to carry on along his lines if, for any reason, his energies diminish or fail. There is here a risk to the public interest and to the national interest which cannot prudently be ignored. It cannot be discounted by saying that Stevenson too is mortal. The essential point is that Stevenson has a party around him and behind him, and that if anything happened to him, there would be no risk, not even a probability, that the party would go off course and in a very different direction.

Michael Todd Jr. Is Now In The Double Dip Bracket

By INEZ ROBB

There is something awesome — as in Grand Canyon or Fort Knox — about a man who (1) has just turned down $20,000,000 in expectation of $50,000,000 and who (2) is on the verge of a merge with the cinema's delectable Elizabeth Taylor — on condition she give up her career.

This fearless fellow is Michael Todd Sr., a non-such who has had the world by the tail on a downhill grade ever since his picture "Around the World in 80 Days" opened on New York's Broadway to unprecedented huzzas by press and public. (Who ever thought he'd live to see the day when tickets to a movie are as difficult and costly to scrounge as those for "My Fair Lady"?)

"Sure, I may get married," said the current Broadway-Hollywood nonpariel, a sartorial symphony in brown, highlighted by greenbacks. "But I won't be Mr. Elizabeth Taylor! I never in my life saw a happy actress in the home, and I've seen a lot of 'em.

"If she ever does a picture after marriage, she'll have to do it darning socks!" he said emphatically.

"But will she be content to be Mrs. Mike Todd, homemaker?" I asked.

"That's a decision she's going to make," he said with such a broad grin that I could only interpret it as Miss Taylor's unconditional surrender to the Todd ultimatum.

"Just before I met you," continued Mr. Todd with the air of a man who had just quaffed a barrel of benzedrine, "I was saying 'no' to a syndicate that wants to buy the film of 'Eighty Days' for $20,000,000. That's up $10,000,000 from the previous offer two days before the show opened.

"But you've probably read already that conservative fellows in the industry — that means bankers — figure that the picture will gross, conservatively, $50,000,000. And I own the whole picture, film, residual rights and all. I have only one partner, Mike Todd Jr. This is the first time that a show of this size has ever been owned by one guy, and that's me.

"I parlayed — you know what a parlay is? — everything I owned to make this picture. I parlayed my interests in Cenerama, Todd-AO and the film version of 'Oklahoma!' to finance 'Around the World in 80 Days.' Sold the whole lot, and put all my eggs in one basket. But let's don't think about that! My stomach still hurts.

'I haven't figured out the costs of the picture yet," vaguely said the unvague Todd. "Five, six millions? I don't know.

"What am I gonna do next? Well, I'm still dreaming of 'War and Peace' (P.S. On the first round, Todd has beaten to the draw on this one). I don't want to get into any fight, but I say that picture still hasn't been made," he said, ignoring the elaborate picture version of the Tolstoy novel that opened on Broadway several weeks ago.

At that moment, Mike Todd Jr, in his late 20s and a dead-ringer for his old man, came into the room. He was eating an ice cream cone.

Mike Sr. looked at his son with the doting air of a proud parent.

"His allowance has been upped," said the senior Todd. "He can afford a double dip now."

WASHINGTON LETTER

Mrs. Brownell Is Busy In Capital These Days

By JANE EADS

WASHINGTON — Mrs. Herbert Brownell, Jr., wife of the attorney general, deep in daughter Joan's wedding plans, politicking with other cabinet wives, filling her official and social obligations, is a busy woman these days.

The surprising thing is that the more complicated life gets for energetic, youthful-looking Doris Brownell, the more zesty she finds her lot and the more enthusiasm she exudes.

Joan, the eldest of the Brownell's four children, is getting married in December to Tom Beagan of Springfield, Pa. He's a young law graduate of Dickenson College at Carlysle where Joan finished her freshman year in June. Tom begins his basic military training in January and Joan plans to return to college. The ceremony will take place at the Methodist church the family attends here and no doubt will be a notable social event of the season. Joan's debut at fabulous Anderson House was a brilliant highlight two years ago.

Meanwhile the Brownells are watching with equal interest the growing political leanings of daughter, Anne, 18, a Swarthmore College freshman, who is vice chairman of her college's Youth for Eisenhower organization.

Tom Brownell, a student at the Orme Ranch School in Arizona, is interested in athletics, while a younger son, Jim, is an eighth grade student at St. James School in nearby Hagerstown, Md.

Conversation around the Brownell home centers mainly on the approaching wedding with the attractive cabinet wife, a talented housekeeper and hostess, giving her daughter pointers on cooking and homemaking in general.

"She notices everything and learns fast," says her mother. "These young people today are so eager to do things right, and so sensible and responsible."

Between now and the elections Mrs. Brownell expects to appear at numerous Republican functions and with other official wives has contributed largely to the success of the state and local level "Kitchen Cabinets," sponsored by the National Federation of Republican Women.

The cabinet wives, banding together as a team, also made a 28-minute film to be used by Republican women's club and community groups, and possibly for TV in the remaining days of the campaign.

Mathematics Course Given Only On TV

ST. LOUIS (AP)—Washington University takes its basic freshman mathematics course to television.

All lectures in the one-semester five-credit course in college algebra and trigonometry are given on educational TV station KETC. It is the first time a basic college course has been offered here only on TV.

Legal Lesson

NORFOLK, Va. (AP)—Bill Davis, an assistant U. S. Attorney here, quotes this handy guide to courtroom practice:

"When the law's on your side, pound on the law. When the facts are on your side, pound on the facts. When nothing's on your side, pound on the table."

LITERARY GUIDEPOST

SOUTH AFRICA IN TRANSITION. Text by Alan Paton, photographs by Dan Weiner. Scribners.

From Durban in Natal down to Cape Town in Cape Province and back up to Johannesburg in the Transvaal, Paton the novelist and Weiner the American cameraman traveled for the absorbing material in this book.

Paton introduces the subject with a review of South African history with its early Dutch, English and Indian immigrants, its innumerable gradation of skin pigment, its turbulent 19th century culminating in the Boer War, its untold riches in gold, diamonds and now uranium. There also are forewords to the separate sections — the cities, the mines, the people and political and racial problems.

The pictures range from shore to mountains. There is an endless variety of urban settings but mostly this is a fantastic swarm of people doing what you never saw people doing and wearing what you never saw worn, in squalor you cannot imagine.

They are wrapped in blankets and shawls and flowing colorful saris. They wear heavy bracelets, great anklets, and looping earrings. They cover their heads with straw hats, felt hats, tin hats and kerchiefs. They are clothed in rags and patches tied on with string. You would not dream you could envy them anything, yet in fact you might envy their often gay and festive spirit, the occasional flashes of defiant pride, the many aloof, dignified and noble faces.

This book gives you the fateful South African spectacle: you travel in a land painfully old and painfully new, among hurt, baffled and lovable peoples. And what continent of all the continents comes with a guide half so good as Paton?

W. G. Rogers

RADIO-TV REPORT

By CHARLES MERCER

NEW YORK (AP)—One of the interesting things about one of the better things available on television this weekend is the fact that Garson Kanin, author and director of "Born Yesterday," has chosen that Broadway success for his television debut.

"Born Yesterday," starring Mary Martin and Paul Douglas, will be seen on Hallmark Hall of Fame (NBC-TV) Sunday night in both color and black and white.

At this wirting Kanin's status on the program—whether to be listed as director or producer—is up in the air. The Radio and Television Directors Guild says the director's credit should go to one of its members, George Schaefer. But whatever his title on the program, Kanin has been active in directing his work.

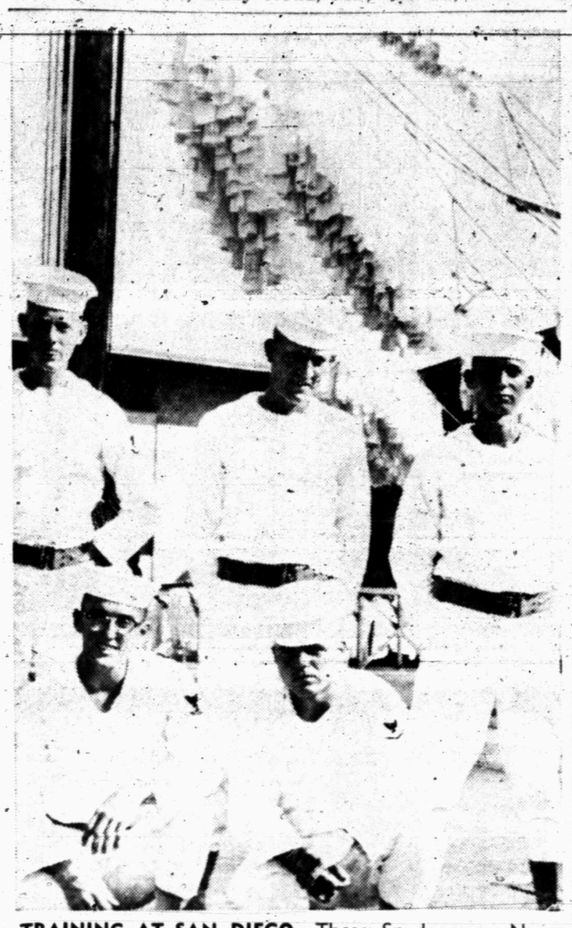
Kanin, a slight, mild-mannered, articulate man, is renowned as one of the most creative minds in the theater and motion pictures. Why, then, has he finally decided to try his talents in television?

"It's not a question of how one feels about television," he said. "Television is a fact upon us and those of us in the business of story-telling, the business of communicating ideas and entertainment, have to come to grips with it.

"One who has worked in the theater and motion pictures has adopted his own ways of doing things. Any new form is likely to throw you unless you throw it. There is no question in my mind but that one who writes or directs must come to grips with all methods of literary communication.

"I look like a middle-aged man, but I think of myself as a growing boy. That's why I am trying television."

Kenin hopes to do more television work—"the next time helping to create something specifically for the medium."



TRAINING AT SAN DIEGO—These Snyder area Navy recruits, currently in recruit training at the San Diego Naval Training Center, will soon be graduated from training. Here they take time out during an intensive training schedule which lasts nine weeks to pose together. Recruit training at the U.S. Naval Training Center, San Diego, teaches the recruit seamanship, fire fighting, swimming and physical stamina as well as safe and accurate handling of the various Naval weapons. At the end of recruit training these Navymen will be assigned either on-the-job training in our Fleet or sent to one of the Navy's many technical schools. Pictured here are seaman recruits (left to right, front row) Tommy Hensley, son of Mr. and Mrs. Thurman Hensley, Snyder; Joseph W. Cain, son of Mr. and Mrs. Charles Cain, Route 2; (rear row, left to right) Dan Beckham, son of Mr. and Mrs. James W. C. Beckham, 306 36th; his brother, Dale Beckham, and J. P. Shaw, son of Mr. and Mrs. Garland Shaw, Route 1, Snyder.

U. S. May Protest Red Intervention

WASHINGTON (AP) — The United States may make a strong protest to Russia in the next few days against use of Soviet armed forces in the civil warfare in Hungary.

President Eisenhower said in New York yesterday this country "deplores the intervention of Soviet military forces" in Hungary and under the Hungarian peace treaty of 197 those forces "should have been withdrawn."

It was not clear just what steps the United States might be able to take. But it was learned that the State Department is looking into all aspects of the matter — legal, moral and political — to see what actions are possible and desirable.

The peace treaty which formally ended Hungary's participation in World War II provided that all Allied forces should be withdrawn within 90 days. A proviso permitted Russia to keep in Hungary "such armed forces as it may need for the maintenance of the lines of communication of the Soviet army with the Soviet zone of occupation in Austria."

It was generally understood that when the Austrian occupation ended, Soviet forces would be withdrawn from Hungary as well as from Austria.

However, in May 1955, Russia made a 20-year mutual defense treaty, known as the Warsaw Pact, as a countermove to the North Atlantic Treaty and the decision to rearm West Germany.

When the Western power forces were withdrawn from Austria, a year ago this month, Soviet forces stayed on in Hungary under provisions of the Warsaw Pact.

When they were thrown into the fighting in Budapest early Wednesday, Budapest radio announced that they were intervening at the request of Hungary's Communist government.

Assuming that such a request was made freely and not under Soviet pressure, this appears to provide the basis for a legal argument that the Soviets were not improperly interfering in Hungarian affairs but acted only when asked to do so.

Eisenhower, however, showed little patience with any such legal argument. He declared that the presence of Soviet forces in Hungary "as is now demonstrated, is not to protect Hungary against armed agoression from without, but rather to continue an occupation of Hungary by the forces of an alien government for its own purposes."

Eastern Star Installation

FORT WORTH (AP)—The Grand Chapter of Texas, Order of the Eastern Star, installed Mrs. Pauline Smith of Lubbock and Ed Sharpe of Dallas last night as heads of Texas' 130,000 members.

Mrs. Smith, new worthy grand matron, succeeds Mrs. Lois Burnett of Fort Worth. Sharpe succeeds Charles Bairfield of Clarendon as worthy grand patron.

Other officers include Mrs. Ruby Enloe of Bryan, associate grand matron; Dr. Russell Holt of El Paso, associate grand patron; and Mrs. Mary Smith of Gainesville, associate grand conductress.

Mrs. Smith made appointments to other offices, including: Mrs. Agnes Pollock of Marshall, grand chaplain; Mrs. Marietta Clark of Waco, grand Adah; Mrs. Nina Spikes of Lubbock, grand Electa; and Mrs. Amy Elliott of Lubbock, grand warden.

Drought Hurts Trees

WACO (AP)—Park Supt. Andy Neumann said yesterday that between 7,000 and 8,000 trees, some of them as old as 100 years, have died in Cameron Park as a result of the drought.

Israel Gives Warning At UN Meeting

UNITED NATIONS, N.Y. (AP) — Israel has told the U.N. Security Council it will not start a war but reserves the "right" to attack Arab countries that attack Israel.

Israeli Ambassador Abba Eban stated this position to the 11-nation council yesterday in defending his country against Jordanian charges that recent Israel raids into Jordan were "acts of aggression."

Jordanian Ambassador Abdul Monem Rifa'i repeated a previous request that the council punish Israel by calling on U.N. members to cut diplomatic, economic or communication ties with Israel.

The council adjourned to next Tuesday to study what to do about rival Jordanian and Israel complaints and to wait for U.N. Secretary General Dag Hammarskjold to set forth his views.

Eban said 37 Israelis had been killed in attacks from Joran since last April, when Hammarskjold got cease-fire pledges from Israel, Egypt, Jordan, Lebanon and Syria. He held Jordan's government responsible.

Rifa'i denied "categorically" tat the Jordanian government was responsible for the attacks from its territory into Israel. He denied that they represented government policy.

WHAT'S ALL THE FUSS?

It's Only Their 13th Son

MANITOWOC, Wis. (AP) — Mathew and Julitta Wagner can't understand why anyone should make a "fuss" over the fact that their new baby is the 13th son in an all-boy family.

Newsmen who called at their big, two-story farm house southwest of the city limits since the birth of 11½-pound Paul Amos last Saturday have come away without much information about the family.

The Wagners have let it be known that publicity is distasteful to them. After the birth of their 12th son, Raymond, a little over two years ago, the family came in for quite a bit of attention in the press and radio. Wagner said it brought a few "crank" letters, and some "ribbing" which he said was particularly unpleasant to the two oldest boys who are in high school.

"Anyway," Wagner said, "this isn't important. But if it had been a girl—" he didn't finish the sentence.

Mrs. Wagner, 41, came home from the hospital when the baby was 5 days old. She began at once to help the older children with the cooking and other household chores which they handled in her absence.

The parents insisted they had seen a family of 13 sons, no girls, on a television program recently. They couldn't remember the family name or other details.

"So you see," said Wagner, "all we've probably done is tie the record."

The Wagners' eldest son is Peter, 17, a senior in high school. Then comes Mathew Jr., 15, a high school sophomore, followed by Thomas, 13; Anthony, 12; Charles 11; John, 9; Michael, 8; Nicholas, 7; Richard, 6, Phillip, 5; Joseph, 3; Raymond, 2; and the newest arrival, Paul Amos.

Wagner has a 38-acre farm and the work, he said, "gets done" because "everyone cooperates."

Part Time Job

SPARKS, Nev. (AP) — Cassius S. Clay, studying journalism at the University of Nevada and planning a newspaper career, has lined up a part-time job to meet school expenses. The city of Sparks hired Clay at $100 a month to work four hours a day as dog catcher.

School Case Being Aired

NEW BRAUNFELS (AP) — Diego Heras, former acting secretary of the Benavides School District, testified yesterday he cashed checks made out to fictitious persons.

He said he turned most money over to South Texas political leader George Parr.

Heras testified in the theft conspiracy trial of B. F. Donald Jr. Heras said he signed and cashed at least 100 and possibly as many as 1,200 such checks on Parr's orders. He said he usually cashed them with Donald, then a teller at Parr's Texas State Bank at Alice.

The witness said he had been promised immunity from prosecution for testifying for the state.

W. F. Reed, principal of the Freer High School, testified a check for $900 was issued for painting the school, but that no painting was done at that time.

Parr and Givens Parr are to be tried separately on theft conspiracy charges.

Slaying By Teenager

DALLAS (AP)—A teenager told officers yesterday he shot and killed T. L. Jackson, 45, Wednesday. Jackson was killed by a rifle bullet.

WHY BE A MEMBER OF THE THE CHURCH OF CHRIST? (NO. 10)

BECAUSE MAN MUST HAVE A COMPLETE CHANGE OF HEART. The term, "heart" is defined as the seat of life. Since man is both physical and spiritual (2Cor.4:16), it is not the physical heart that must be changed but the spiritual. When the physical heart is pricked, death follows (2Sam.18:14) but when the heart of the inward or spiritual man is pricked, the outward man is untouched (Acts 2:37). The gospel affects the heart of the inward man; this is the heart that is changed when one becomes a Christian.

WHAT IS THE HEART THAT IS CHANGED? It is: THE INTELLECT which thinks (Matt.9:4), reasons (Mk.2:8), understands (Matt.13:15), and believes (Rom.10:10)—God calls this function of man, the heart; man calls it intellect; THE EMOTION which despises (2Sam.6:16), desires (Rom.10:1), loves (Matt.22:37), and trusts (Prov.3:5)—what God calls the heart, man calls the emotion; THE VOLITION (will) which determines (1Cor.7:37), intends (Heb.4:12), purposes (Acts 11:23), and obeyes (Rom.6:17)—God calls this function of man, the heart; man calls it will (volition); THE CONSCIENCE which pricks (Acts 2:37), cuts (Acts 5:33), and assures or condemns (1Jno.3:19-21); God calls this function of man, the heart; man calls it the conscience.

HOW IS THIS COMPLETE CHANGE OF HEART BROUGHT ABOUT? The intellect is changed by evidence, the word of God (Jno.20:30,31; Rom.10:17). The emotions are changed by faith in that evidence (Acts 2:37). The will is changed by motives contained in that evidence of which there are four: The fear of hell (Rev.20:15), the hope of reward (Heb.5:9), the goodness of God (Rom.2:4), and love for the Lord (John 14:15). The conscience is changed by faith in having done what the word of God says. This is true both in becoming a Christian and in living the Christian life. For instance, baptism is a command to be obeyed in order to enjoy the remission of sins (Acts 2:38); when once a person believes this, he cannot have a good conscience until he has been baptized (1Pet.3:21). Obedience to this command is the consummating act which puts one "into Christ" (Gal.3:26,27). Thus, when man's intellect, emotion, will, and conscience are changed, the heart has been completely changed. This is another reason why one should be a member of the church of Christ: Conversion to Christ demands a complete change of the heart.

FORD TRUCKS COST LESS
...less to own...less to run...last longer, too!

Before you buy your next truck, look at both sides of Ford's story of value: what you get and what it costs. You'll like what you see.

Look at the costs. Ford's first cost is low. Resale value is high. Ford's Short Stroke engines are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life. And a 10-million truck study *proves* Ford trucks last longer.

Look at what you get and you'll see you get *more* for your money in a Ford. For example, only Ford gives you modern Short Stroke power in every truck, V-8 or Six. Sodium-cooled exhaust valves in Heavy Duty engines run up to 225° cooler, last longer. More comfort with a Driverized Cab. More safety with Ford's exclusive Lifeguard features.

Look carefully . . . consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal—a great deal *more* for your money—see your Ford Dealer.

The big fleets buy more Ford trucks than any other make

Four Area Teams In Grid Battles Tonight

Ira, Hobbs Play In Feature Tilt

PROBABLE OFFENSIVE STARTERS

IRA BULLDOGS			HOBBS PANTHERS	
PLAYER	WT	POS	PLAYER	WT
Jerry Ford	200	LE	Howard Gordon	135
Fred Turner	180	C	Fred Cave	165
Duane Rosser	145	RE	George Gantt	140
Billy Farmer	160	QB	Doyle Hayes	180
Tom Echols	190	LH	Mack Etheredge	160
James Autry	175	RH	Bernon Etheredge	175

Two area teams which have both been running over opponents all season on the six-man grid field — Ira and Hobbs — will clash at 7:30 o'clock tonight at Hobbs in the top game of the area.

Both the Hobbs Panthers and Ira Bulldogs are undefeated in district play, and tonight's game will probably decide the championship of District 9-B.

Hobbs has played two district games, downing Divide, now in third place, 59-20 and McCaulley 56-6. Ira, in its one loop tilt, defeated McCaulley 65-18. The McCaulley six is the two teams' only common opponent so far this season, Hobbs winning by 50 points and Ira by 47.

All indications are that the game will be a close one for the homecoming crowd at Hobbs. At halftime, Betty Moffett will be crowned Hobbs football sweetheart. Miss Moffett is a senior. Runners-up were Dena Etheredge, a sophomore, and Rita Burnett, a junior.

So far this season, Ira is undefeated in five games and has scored 229 points to opponents' 111, an average of 46-22 per game. Hobbs has lost one game out of seven and has scored 307 points to 169, an average of 44-24.

Hobbs will have a slight weight advantage in the game, averaging 150 points per man to Ira's 137.

Offensive starters for Ira Coach R. C. Taylor will be Jerry Ford and Duane Rosser at ends, Fred Turner at center, Billy Don Farmer at quarterback, and Tom Echols and James Earl Autry at halfbacks. Defensive substitutes will be William Autry, 170, and Joneil Smallwood, 150, at ends.

Those for Coach John Comte of Hobbs will be Howard Gordon and George Gantt at ends, Fred Cave at center, Doyle Hayes at quarterback, and Mack Etheredge and Bernon Etheredge at halfbacks, with Pat Murphy, 115, filling in for Cave on defense.

While Hobbs and Ira are battling, McCaulley and Blackwell will be fighting each other to get out of the cellar at Blackwell. Divide will be idle.

DISTRICT 9-B STANDINGS
(Six-man)

Team	W	L	PCT.
Hobbs	2	0	1.000
Ira	1	0	1.000
Divide	1	1	.500
Blackwell	0	1	.000
McCaulley	0	2	.000

UNDEFEATED so far in season play and meeting their roughest opponent tonight are members of the Ira Bulldog six-man grid team. Hobbs has lost only one game this season and will host Ira in an 8 o'clock game which will probably decide the championship of their district. Top players on Ira's squad include, left to right, first row, Billy Don Farmer, Fred Turner, Jerry Ford; second row, William Autry, Tom Echols, and James Earl Autry. All will be in tonight's starting lineup except William Autry, who will be replaced by Duane Rosser. At left is Ira Coach R. C. Taylor. (Lee Watson photograph)

Lamesa Nips Snyder Frosh Team, 18-6

The Snyder Tiger freshmen lost their third game in seven this season last night when they bowed to the Lamesa frosh 18-6.

The Snyder team had downed the same Lamesa squad previously this season 18-12.

Last night was a bad one for the Tiger frosh in holding the ball, however, and they lost the ball five times on fumbles in the game.

Lamesa had scored first in the game, then Coach J. P. Ward's charges came back with a sustained drive down the field, capped by Jimmy Moroney's two-yard plunge for a touchdown.

The score remained at 6-6 at halftime, but when Snyder kicked off after the half, the Lamesa quarterback returned it 80 yards for another score.

Right after that Snyder had a long drive down to the Lamesa 10 but lost the ball on a fumble there. There were only two times the Snyder frosh got close to the Lamesa goal line.

Coleman John was leading ground gainer in the game. There was little passing done in the game, but the passing game did include one long gain on a completion from Alex Cross to Moroney.

The frosh team will host Sweetwater next Thursday and will have games with Stamford and Big Spring the next two weeks to round out the season.

Sal Planning 3 More Years

BALTIMORE (AP)—Sal (The Barber) Maglie has hopes of making his "comeback" of 1956 a little more permanent by continuing to shave National League batsmen for another three years.

"I take each season as it comes," the veteran righthander said yesterday during an appearance at a downtown store. "But I would like to last three more years—either as a player or a coach."

Maglie has his eyes on the $175 a month pension plan for 10-year vets in the major leagues. He has completed a little more than seven years and would have reached that plateau already but for a jump to the Mexican League which cost him four years of eligibility (1946-49).

Sal will be 40 next April, but off his record this past season could be around for awhile yet. He compiled a 13-5 mark for the Brooklyn Dodgers after eing purchased from the Cleveland Indians early in the champaign, hurled a no-hitter, and wound up with a World Series victory over the New York Yankees.

Few Repeaters In Golfdom's Top 10

DUNEDIN, Fla. (AP)—Only leader Ted Kroll and two others who were among the first 10 money winners in the PGA a year ago are in the top 10 so far this year, the PGA said today.

With the fall tour almost over, Kroll is in front with $72,835. Other repeaters in the leading 10 from last year at the corresponding time are Cary Middlecoff, in third place with $27,352, and Gene Littler, sixth with $23,833.

Newcomers are Dow Finsterwald, $28,113; Fred Hawkins, $24,805; PGA champion Jack Burke Jr., $24,085; Ed Furgol, $22,823; Mike Souchak, $21,256; Peter Thomson, $20,413, and Dick Mayer $19,266.

Lee Stebbins Dies

FORT WORTH (AP)—Lee Stebbins, 57, who played with Fort Worth, San Antonio, Houston and Beaumont in the Texas League, died yesterday.

B Team To Host S'water Tomorrow

The Snyder Tiger B team will be trying to remain undefeated tomorrow night when they host the Sweetwater B in a grid game.

The game is set for 7:30 p.m. tomorrow on Tiger Stadium.

The Snyder team, coached by Dutch Stehley and V. V. Shearburn, is undefeated but tied once this season in five games.

The B squad is going through one of the most successful seasons ever experienced by a B team here. Last week the team downed Midland, which had tied them before, 31-19.

Probable starters for the game:

Rex Wilson	E
Ronnie Giles	T
Terry Lee	G
Harley Merritt	C
Bill Dubose	G
Leon Reed	T
John Griggs	E
Richard Mahan	Q
Kenneth Drake	H
Dick Hayes	F
Dickie Martin	H

Sam Houston Has Top Mark

By The Associated Press

Sam Houston, with one of the fastest backfields in the nation, dominates Lone Star Conference football statistics.

The Bearkats are tops in total offense with 344.8 yards per game and in total defense, giving up only 123.4.

Bobby Grisham of Sam Houston is the leading ball carrier with 427 yards on 64 runs, and tops in scoring with six touchdowns.

Votto Gadis of Stephen F. Austin is the leading passer with 43 completions in 93 throws for 528 yards. He tops in total offense with 569 yards.

Gaddis' receivers, Bruce Bradshaw and Stan Cruse, rank one-two in the conference. Bradshaw has taken 12 throws for 90 yards and Cruse 9 for 146.

Raymond Meyer of Lamar Tech leads the punters with an average of 39.6 yards on 24 kicks.

Hermleigh Faces Rule In Toughie

The Hermleigh Cardinals will be taking time out from their district grid battles this week to take on an intersectional foe when they meet Rule at 8 o'clock tonight on Rule's field.

Rule, member of District 7-B, is running as strong in its district as is Hermleigh in District 6-B. The Cardinals lead 6-B with two wins and no losses, their roughest competitors out of the way. Rule is tied for first place in 7-B but still must meet the team with which it is tied, powerful Rochester.

DISTRICT 6-B STANDINGS

Season

Team	W	T	L	Pct.	Pts.	Opp.
Hermligh	6	0	1	.857	202	72
Bronte	5	0	1	.833	136	47
Trent	5	0	1	.833	131	44
Robert Lee	4	1	1	.643	128	76
Loraine	1	0	6	.143	85	184

District

Team	W	T	L	Pct.	Pts.	Opp.
Hermleigh	2	0	0	1.000	60	27
Trent	1	0	0	1.000	30	6
Bronte	1	0	1	.500	48	34
Robert Lee	0	0	1	.000	0	33
Loraine	0	0	2	.000	13	87

The Rule team is undefeated and untied in six season games and has tallied a total of 204 points while allowing only 19, an average of 36-3 per game. Hermleigh, beat only once this season, and that time by Rochester, has won six games and scored 202 points to opponents' 72, an average of 35-10.

Coach Ray Isaacs of Hermleigh is expected to field his usual starting lineup. The offense will be led by Billy Mac Dividson, 180-pounder who has ripped off 128 of his team's 202 points this season. The backfield will also probably include Robbie Robinson, Morris Light, and Don McHaney.

On the line, Isaacs and his assistant, Willie Bigham, will probably start Clyde Wilcox, 162, and Jimmy Roemisch, 155, at ends; Donald Joe May, 200, and Don Vineyard, 195, at tackles; Dub Etheredge, 164, and Jerry Gannaway, 180, at guards; and T. J. Hillis, 150, at center.

Rule is led offensively by Sonny Whorton, back who has scored 80 points this season.

Hermleigh has only two games left on its schedule, including a homecoming tilt against Loraine next week and its final game with Trent, which has been set recently for 2:30 p.m. Nov. 10 instead of on Nov. 9.

Trent is the main obstacle standing in the Cardinals' way in their attempt to take another district has won one district game and lost none. Loraine has lost two district games.

Irish Hunt Defense For Fast Sooners

SOUTH BEND, Ind. (AP)—Defense against Oklahoma's speedy calling of plays and the running pass exploited by halfback Tommy McDonald is posing plenty of concern for Notre Dame Football Coach Terry Brennan.

Another big problem for the young director, whose Irish have lost three of their four starts, is the condition of Paul Hornung's dislocated thumb.

Brennan said it will not be until game time Saturday before he determines if the versatile Hornung, who leads Notre Dame in virtually every department of play, will be able to handle the snapback from center and thus continue to be at quarterback.

Hornung handled the ball fairly well yesterday in drills, but said his thumb still is very sore.

Brennant, who had said he would decide definitely whether to use his star at quarterback or shift him to halfback after yesterday's practices, decided to postpone any announcement.

The only available quarterback to replace Hornung is sophomore Bob Williams, who has seen no competitive action.

Oklahoma, seeking its 13th straight victory and first over the Irish after losses in 1952 and 1953, is favored by as much as 21 points in the nationally televised game.

The Sooners top the country's major colleges in total offense with an average of 459.5 yards per game, 396.5 of these made on the ground.

Conversely, Notre Dame ranks 101st on defense, yielding an average of 389.8 to four opponents.

The performance of Hornung remains the bright spot in the Irish's otherwise gloomy picture. He is second nationally on total offense with 764 yards in four games.

Texas Teams Rank High In Statistics

KANSAS CITY (AP)—A number of Texas colleges rank with the leaders in football statistics of the National Assn. of Intercollegiate Athletics.

Through last week's games West Texas was second in team rushing with 342.2 yards per game. Texas Lutheran was eighth in passing with 131.6 yards per contest, while Stephen F. Austin was 15th with 111.7.

West Texas was eighth in team total offense with 394.0 yards per contest, Sam Houston 14th with 344.8 and Texas Southern 17th with 338.2.

Sam Houston was ninth in team rushing defense, allowing only 81.4 yards per game. Sam Houston was sixth in passing defense, giving up only 40.0 yards, Texas Southern was ninth with 42.4 and West Texas 13th with 45.2.

Sam Houston ranked third in team total defense, allowing only 121.4 yards per outing.

Charlie McMahon of Texas Lutheran was fourth in passing with 576 yards in five games and 11th in total offense with 617.

Charles Sanders of West Texas was second in scoring with 72 points.

Rod Marburger of Texas Lutheran was ninth in pass receiving with 12 catches for 251 yards.

John Landy In Race Against Calender

MELBOURNE (AP)—John Landy, the world's best miler against a clock, is racing against time again. But now it's a calendar, not a stopwatch, he has to beat.

With less than a month to go before the 1956 Olympic Games open here, Landy still is undecided about entering. He's been hobbled by a foot injury and has done little competitive running since his last successful assault on the 4-minute mile, in the United States last summer.

Bruised heel tendons scratched Landy, holder of the 3:58 mile record, from the Australian Olympic track trials, but he was named to the team in both the 1,500 and 5,000 meters. There is no mile run in the Olympic program.

Gail Called Favorite Over Knott

The Gail Coyotes will be highly favored for another win in six-men grid District 7-B tonight when they host Knott in their third conference game.

The game is scheduled for 8 p.m.

A win over Knott, which has lost all three of its district games so far, would give the Coyotes a 3-0 district record.

Even so, they will have a long road to travel, with remaining opponents including Loop and Dawson, both undefeated in district play, and Klondike, which holds a 2-1 loop record.

Gail has won three games out of five so far this season, downing Flower Grove, Ackerly, and Union and losing to Ira and Garden City. In those games, the Coyotes scored 100 points to opponents' 116 for an average of 20-23.

In district games, the Coyotes downed Ackerly 30-12 and Flower Grove 12-0.

Coach Eddie James said his team is in good shape for tonight's game. There have been no serious injuries, and all team members will be suited out.

Offensive starters will probably include Lloyd Ramsey, 140, at left end; Norman Ledbetter, 150, at center; Jerry Staggs, 130, at right end; Jerry Reddell, 135, at quarterback; Reuben Vaughn, 148, at fullback; and Raymond Walton, 150, at wingback. On defense, Larry Doyle, 145, will replace Ledbetter, and Wilson Walker, 130, halfback, will go in for Staggs.

DISTRICT 7-B STANDINGS
(Six-man)

Team	W	L	PCT
Loop	3	0	1.000
Dawson	2	0	1.000
Gail	2	0	1.000
Klondike	2	1	.666
Ackerly	0	2	.000
Flower Grove	0	2	.000
Knott	0	3	.000

To Collect $150,000

CHICAGO (AP) — Archie Moore and Floyd Patterson each will collect about $150,000 for their scheduled 15-round fight for Rocky Marciano's vacated heavyweight title in Chicago Stadium Nov. 30.

Two Tilts Tonight Open 3A-3 Chase

Sweetwater and Lamesa will be favored to jump into the initial lead in the District 3-AAA grid tonight as loop play opens.

The Snyder Tigers, undefeated so far this season and hoping for another district win, have an open date this weekend as all other teams in the district take to the field. All district games will start at 7:30 p.m. this season.

The Sweetwater Mustangs will host the Lake View Chiefs in the feature game of the district, while the Colorado City Wolves will be hosts to the Lamesa Golden Tornadoes.

Sweetwater and Lake View have not had a common opponent this season, but the Mustangs will be favored by virtue of their better record. Neither team's record looks good on paper, but both are expected to have strong teams in district play.

Sweetwater has won two games and lost four so far this season. The victories were 14-0 over Breckenridge and 25-6 over Monahans, a contender in another AAA district west of here. Two of the losses were to teams considered strongest in their respective classes, Abilene of Class AAAA 39-7 and Stamford of Class AA by a close 7-6. Other losses were 28-7 to Big Spring and 34-6 to Midland.

The Mustangs have scored a total of 66 points to the opposition's 114.

Lake View of San Angelo, with a season record of one win, one tie, and three losses, opened its season by losing to McCamey 32-13 but came back the next week to edge Del Rio 13-12. The team then tied Ballinger 6-6 before losing to Pecos 6-0 and to Andrews 20-0.

So far this season Lake View has scored 32 points to opponents' 76.

Lamesa holds the same season record as does Sweetwater, 2-4, after downing Austin of El Paso 28-12 and Monahans 33-25, while losses were to Midland 13-7, Kermit 27-12, Brownfield 20-14, and Big Spring 19-14.

In those games the Tornadoes tallied 108 points to 117.

The Lamesa team is easily favored over Colorado City, which has lost all six of its games so far this season, 37-6 to Seminole, 39-13 to Ballinger, 20-7 to Monahans, 33-6 to Kermit, 31-0 to Hamlin, and 27-0 to Brownfield.

Comparing their faring with common opponents, Lamesa beat Monahans by eight points while Colorado City lost to that team by 13, Lamesa lost to Kermit by 15 points and Colorado City lost by 27, and Brownfield downed C-City by 27 points and Lamesa by six.

The district race will get hotter next week when Snyder goes to Sweetwater and Lamesa to Lake View.

In Class AAAA's District 2, Abilene will be at Big Spring, Odessa at San Angelo, and Midland open tonight.

District 2-AAA will have Andrews at Kermit, Brownfield at Pecos, and Monahans open tonight.

Bahama Rules 3-1 Favorite

NEW YORK (AP)—Two eager 23-year-old middleweights will try to elbow past the old favorites into the top 10 of the division tonight in a Madison Square Garden match between Yama Bahama and Tex Gonzalez.

If Bahama, a 3-1 favorite, loses it would be quite a surprise for he had a 23-fight winning streak until he was upset by Pat Lowry at Saginaw, Mich., Aug. 9. Bahama's manager Bobby Nelnick claimed his fighter first was announced as winner but the decision was changed while he was leaving the park. He hasn't fought since.

In 47 fights since 1953, Bahama has a 40-5-2 record with 13 knockouts. He was stopped only once.

Gonzalez, who fought two "wars" with Gaspar Ortega during the winter months, has a 23-5-1 record. Although he has knocked out only two, his handlers claim he is a better puncher than his record indicates.

NBC will telecast at 9 p.m., EST.

Aggies Mild Favorites To Lick Ailing Bruins

By HAROLD V. RATLIFF

Texas A&M and Baylor bat each other around at Waco Saturday night in the big one of Southwest Conference football.

The winner of the Aggie-Baylor collision will be tied with SMU for the league lead. Southern Methodist is bound to be at the top because it doesn't play this week. It won its first and only conference game, beating Rice 14-13.

The Aggies are mild favorites to lick the ailing Bears and roll on among the nation's unbeaten teams. Baylor isn't in the best shape desired, with several good men out with injuries and most of the others recovering from food poisoning.

But Baylor is acknowledged to have the most and best personnel and its depth in veteran material may see it through.

Some 45,000—a record for Baylor stadium—will be in the stands for the game that matches the last undefeated teams in the conference and establishes a strong favorite for the championship and host spot in the Cotton Bowl.

Another conference game and two intersectional tests round out the week's schedule. At Houston Saturday night Texas and Rice fight for a place in the championship picture. Each has lost one game and another will mean virtual elimination.

Arkansas turns from the conference wars, in which it wasn't very successful—losing two and winning one—to take on an ancient foe, Mississippi. A sellout crowd of over 36,000 is anticipated at Little Rock.

TCU, fighting back from its 7-6 loss to A&M last week, takes on rugged Miami at Fort Worth. The Horned Frogs, tie with Mississippi for the tenth spot in the national rankings, hope to add a triumph over the Hurricane, which brings an unbeaten record. Miami was tie by Georgia 7-7 last week.

All told, 171,000 are due to see the four games with the biggest turnout at Houston where 65,000 will watch Rice and Texas.

For an "expert" who missed two out of three last week, it would appear your correspondent ought to retire to something that requires less thought. But, as said before, it costs nothing and there are no alumni, so here goes:

Baylor-A&M: A weak vote for the Aggies.

Texas-Rice: Can't see how Texas is going to win another one Rice by a couple of touchdowns.

TCU-Miami: TCU should have won last week and ought to have a better chance this week.

Arkansas-Mississippi: Ole Miss but it won't be a cakewalk.

Negro Group To Transfer

DALLAS (AP)—A Negro congregation at Texarkana, Tex., was voted permission yesterday to transfer into the Arkansas Valley Presbytery, part of the Synod of Oklahoma which has voted to end segregated churches.

The Texas Presbyterian Church, U.S.A., approved the transfer at the close of its annual meeting of synod. The general assembly of the Presbyterian Church, U.S.A., has voted to integrate.

The Texas Branch has not endorsed the action.

The governing body had assigned the Texarkana congregation, the New Bethel Presbyterian Church, to the synod of the Presbytery of Paris. The vote was 73-14.

Lone Star Steel Co. Earnings Reported

DALLAS (AP)—Lone Star Steel Co. said today it earned $2.61 per share for the first 9 months.

E. B. Germany, president, said that compared with $1.32 in 1955. Net sales and operating revenues totaled $64,911,287 and net profit was $6,891,540.

Germany said work is progressing on a fifth open hearth furnace and on installation of a stretch reducing mill.

The new open hearth furnace is expected to increase basic steel production 20 per cent.

Girl May Get Her Commission In WAF

DENVER (AP)—Joy Polhemus, 19, of Lamar, Colo., can take a modest place among other pioneers of her sex.

Joy, a sophomore, is the first girl ever to enroll in the Air Force Reserve Officers Training Corps at University of Denver.

If she finishes the three-year course satisfactorily, she will receive a commission as a second lieutenant in the Women's Air Force.

Small arms ammunition should be stored in a cool, dry place, away from heat and the direct rays of the sun.

Beaumont Park Sold

BEAUMONT (AP)—Beaumont interests have obtained Stuart Stadium, the old Texas League park, and will operate Beaumont's club in the Big State League there next season. Beaumont Stadium Corp., capitalized for $50,000, got the stadium through an agreement to assume all financial obligations.

Junior High Grid Teams Edge C-City

Snyder Junior High seventh and eighth grade football teams added to their victory strings last night in Colorado City.

The Snyder seventh graders decisioned the C-City seventh grade team, 20-0, while the Snyder eighth graders triumphed, 27-13.

It was the second victory of the week for both Snyder teams, as B squads came in for action. The A squads of both teams scored victories over Lamesa on Tuesday night.

Fullback Bill Weaver romped for two touchdowns for the Snyder seventh graders. He loped 40 yards for the first score, which came in the opening quarter, and then broke through for a 20-yard scoring gallop in the fourth period.

Joe Cates scored the other TD on a 15-yard run in the second quarter. Mike Morris ran over for one extra point and passed to Freddie Miller for another.

Tackles Tom Romero and Charles Deere stood out on defense for the Snyder team.

Charles Davis, Larry Patterson, Charles Newman and Mike Moffett scored touchdowns for the Snyder eighth graders. Patterson's TD came on a pass from Davis, with the play covering 40 yards.

Coach Ace Amos sent in his first stringers for seven plays late in the ball game. During that series of plays the team drew penalties aggregating 60 yards, but still scored a touchdown.

The victory last night gave the Snyder seventh grade team a season's record of seven wins and no losses. The eighth graders have won four, lost one and tied one. Their only loss came at the hands of the South Junior High team in Abilene, 13-12.

The Snyder seventh and eighth grade teams will go to Sweetwater for games next Thursday night.

Few Of Top Teams Appear In Danger

By The Associated Press

Dallas Jefferson and Houston Lamar remained among the state's unbeaten teams in a scattering of games Thursday night that opened title play schoolboy football. Jefferson, playing its first season of football, beat Richardson 26-0. Lamar nosed Houston Sam Houston 28-21. Both Jefferson and Lamar are unbeaten but have been tied.

Few of the state's 35 undefeated, untied teams appear in danger Friday night except that two meet each other. This game comes in Class AA where Comanche hosts Hamilton in Dist. 8. Each has won seven straight.

Another feature that matches unbeaten teams is in Class AAA. It sends Phillips, unbeaten and untied, against Littlefield, undefeated but once tied, in a decisive Dist. 1 clash.

Abilene, kingpin of AAAA and seeking its 30th straight victory to better the all-time record for the upper classes, takes on a fair Big Spring. The Eagles are highly favored.

Stamford, defending champion of Class AA, will be after its twenty-fifth straight in a scuffle with Nocona.

Man Involved In Presley Fight Fired

MEMPHIS, Tenn. (AP)—The man who got an Elvis Presley fist in the face was looking for a new job today — fired because of his battle with the teen-agers' rock 'n' roll idol hurt business.

The fist fight with Presley also cost 42-year-old Edd Hopper a black eye, a $25 fine and left him with a slight ringing in his ears — the aftermath of telephone calls from a horde of irate Presley fans.

Clarence Harwell, owner of the service station where Hopper was manager, said he fired Hopper yesterday but let him "stay on a few days until he can line up another job."

"I asked Harwell not to fire the man," said Presley, "The man has a family. It was just one of those things. We regret it, but it's too late."

Harwell said business at the station had fallen off drastically since the week-old incident. He called at the Presley home yesterday to apologize for the fracas.

Hopper declined comment. He got his black eye Oct. 18 at the filling station after becoming irate because a crowd drawn by Presley and his $11,175 car was blocking business at the gas pumps.

Witnesses at the court hearing said Hopper reached inside the auto, slapped Presley on the back of his ducktail haircut, and snapped, "I said 'move on.'" The singer came out swinging.

Brownsville Mayor To Seek Rehearing

BROWNSVILLE (AP)—Mayor M. M. Vicars, who apparently has lost the post to former Mayor H. L. Stokely, said yesterday he would ask for a rehearing.

The 4th Court of Civil Appeals named Stokely the winner of last year's election. Vicars was apparently elected by 17 votes and has been serving in the office.

Bowling Meet Opens

CORPUS CHRISTI (AP)—The Texas All-Star bowling elimination starts tonight with 76 men and 16 women entered. The tourney, which decides berths for the National All-Star Tournament in Chicago in December, winds up Sunday.

Corporation Change

WASHINGTON (AP)—The Communications Commission was asked yesterday to approve a corporation change for Radio Station KMOS, Tyler, requesting assignment of permit to Edward McLemore.

Ruling May Be Appealed On Schools

ST. LOUIS, (AP) — An appeals court ruling that administrators have a "federal right to be free from direct and deliberate interference" in desegregating public schools may be appealed to the U.S. Supreme Court.

The three-judge Federal Court of Appeals made its ruling yesterday, upholding a permanent injunction prohibiting segregationist groups from interferring with integration in the Hoxie, Ark., public schools.

The appeals court upheld a District Court finding that their campaign was marked by intimidation, acts of terrorism and threats of violence.

The decision is expected to help determine the government's course of action in school integration trouble spots throughout the country. The government called it a test case and said it had "nationwide impact."

James D. Johnson of Crossett, Ark., lawyer and one of the defendants, said "every effort will be made" to appeal the ruling.

But Amis Guthridge of Little Rock, also an attorney and defendant, said, "The financial angle may keep us from appealing further. We are in the unfortunate position of not having the Department of Justice to fight our battles for us."

Japanese Impressive

TOKYO (AP)—A vice president of the Brooklyn Dodgers said today he had found a number of Japanese baseball players "quite impressive"—especially pitcher Sho Horiuchi—but did not feel their teams were up to U.S. major league caliber. "I would say they are somewhere between the Texas League, (AA class) and Southern Assn. (AAA)," said Fresco Thompson.

Carpet Traffic Paths Removed

Do you have a traffic path? It's that beat down section of carpet that has received the heaviest wear.

To preserve the "new all over" look those traffic paths must be eliminated, so apply Blue Lustre carpet cleaner with an easy to use long handle brush. The colors will spring out fresh and bright with the nap open and fluffy to blend with the unsoiled sections of your carpet.

One-half gallon of Blue Lustre cleans three 9x12 rugs.

SNYDER AREA CHURCH NOTES

Special Services Set In Several Snyder Churches

Lutheran Mission Week services wil open at the Sunday 10:45 a.m. service at the Grace Evangelical Lutheran Church, which meets at the West Elementary School.

The Rev. Myron K. Blackman, pastor of the Salem Lutheran Church of Houston, will be guest preacher. Rev. Blackman, graduate of Southern Methodist University and Central Lutheran Seminary, is secretary of the Eastern Conference and is serving his second term on the board of directors of the seminary he attended. Special music will be by the youth choir. Services will be held nightly Sunday through Thursday at 8 o'clock. Nursery facilities will be provided. Three other Lutheran churches in this area are holding similar mission week services, according to the Rev. Paul Janson, pastor here. The speaker's subjects will include "My Church," "Why We Worship," "Let Us Pray," "Above the Average," "The Foundation for a Christian Home," and "Doers of the Word."

REV. M. K. BLACKMAN
. . . Mission week leader

REV. M. H. MOOBERRY
. . . Leads revival

• • •

A deacon ordination service at he Sunday 7:30 p.m. service will highlight activities at the First Baptist Church Sunday. New deacons include Wilson Howell, Clyde Dawson, Curtis Hays, Lyle Alexander, L. C. Leach, J. C. Dyess, and I. S. Cross. The Rev. Roy Shahan, pastor of the First Baptist Church of Post and former pastor here, will be among those helping conduct the ordination service. Special music will be by a quartet of deacons composed of Silas Devenport, Wayland Holt, Ralph Laswell, and Dale Walton singing "Must Jesus Bear the Cross Alone?" At the 11 a.m. service, the pastor, the Rev. G. M. Cole, will speak on "The Foundation Stones of Heaven," and the choir will sing "The Pearly White City."

• • •

The youth revival at the North Side Baptist Church will close Sunday evening. The Rev. Jimmy Kirkland is evangelist. At tonight's 7:45 service, there will be special emphasis on youth. Services Sunday will be at 11 a.m. and 7:30 p.m. Next Tuesday and Wednesday several members of the church will attend the convention of the Missionary Baptist Association of Texas at the East Amarillo Baptist Church at Amarillo.

• • •

"Thy Faith Hath Made Thee Whole" will be the subject of Ted Norton, minister at the Twenty-fifth Street Church of Christ, at the Sunday 8:30 and 11 a.m. services. At the 7 p.m. service, he will speak on "The Destiny of Man."

The Rev. T. Gerald Cates, pastor, will speak on the second commandment, "The Sin of Idolatry," on the Calvary Baptist Hour set for 8:30 a.m. Sunday on KSNY. "The Conversion of Saul," Acts 9, will be the topic for adult Bible study at the church at 10 a.m. At the 11 a.m. worship services at the church, Rev. Cates will speak on "Deathbed Repentance," in the second of a series of messages on the seven last words of the Savior. "Love's Complaining" will be Rev. Cates' topic for the fifth in a series of message on the Revelation at 7:30 p.m.

• • •

A revival meeting will open Sunday at the First Assembly of God and last through Nov. 11, with the Rev. M. H. Mooberry as evangelist. Services will be held daily at 10 a.m. and 7:30 p.m., according to the Rev. Robert Owens, pastor.

At the First Methodist Church, the Rev. J. Lennol Hester, pastor, will speak at 10:55 a.m. and 7:30 p.m. services. At the moring service, the choir will sing "Faithful Shepherd Is My Lord," and at the evening service the men's choir will sing.

WATCH THAT PIN! — Judging from his expresion, President Eisenhower apparently is apprehensive over the posibility of a pin jab as Boy Scout Wever Weed, 8, of Minneapolis, not at all flustered by the honor, attaches a carnation to the President's lapel. Scout Weed performed the good deed as the President stopped in Minneapolis for a campaign speech.

New Express Highway Is Under Study

AUSTIN (AP)—A 460-mile express highway from Orange to Brownsville, estimated to cost $250,000,000, is "a dream which we hope will become a reality in parts during the next four years," Highway Commission Chairman E. H. Thornton Jr. said yesterday.

Speaking to 247 delegates asking the project, Thornton said the Highway Department already had started planning.

From Orange past Beaumont to Houston and Victoria, the department has started work.

Thornton emphasized the project could be completed faster if it was designated as an interstate highway. The federal government would put up 90 per cent of the funds and the state 10 per cent if the road was part of the interstate system.

He said the request had been made, but doubted if it would be granted.

Lon Hill of Corpus Christi and Congressman-elect John Young were the main spokesmen for the delegation.

From Victoria, the expressway would pass near Corpus Christi and Kingsville and end at Brownsville, where it would meet the International Highway.

"The answer of course is additional funds," Thornton said. "We don't have but half enough money to do the work on the roads we want."

Other county projects taken under consideration by the commission included:

Grayson: County Judge J. N. Dickson requested a change in location of the proposed Farm 2321 which will enter Sherman. He said it would serve more people in the rural area and make access to the city easier.

Jim Wells, Live Oak, McMullen and La Salle: Requested extension of Farm 624 from U.S. 281 in Jim Wells County to U.S. 81 in La Sale County, about 62 miles, at a cost of $3,250,000.

Bandera and Kerr: Requested extension of Farm 187 from Vanderpool to State 39, about 38 miles, at an estimated cost of $675,000.

On May 3, 1952, a ski-and-wheel equipped Air Force plane made the world's first successful North Pole landing.

He Battles Rough Water

LONG BEACH, Calif. (AP)—After battling rough water, an ebb tide, a heavy swell and strong currents, Dr. Bill Slater reached the mainland 17 hours and 30 minutes after plunging into Catalina Channel.

But when he reached land yesterday he found that it was inaccessible, rocky spot 4½ miles north of his destination at Palos Verdes. "The only way I could get out," he said, "was to swim."

The 48-year-old plastic surgeon swam back to a boat which had followed him over from Catalina Island and returned aboard it to Long Beach. His time bettered his last year's 18 hours 54 minutes. The record is 13 hours 25 minutes.

Ike Rated At Top By U. S. Pollsters

By The Associated Press

President Eisenhower is still top man in poll after poll with the presidential election 11 days away.

Adlai Stevenson, the Democratic presidential nominee, showed some gains.

The New York Daily News, supporting Eisenhower for re-election, said its poll shows Eisenhower leading Stevenson 3-2 in New York State.

Latest returns: Eisenhower 59.7 per cent, Stevenson 40.3.

A week ago the News poll gave Eisenhower 60.4 per cent to 39.6 for Stevenson.

Eisenhower won New York's 45 electoral votes in 1952 with 56 per cent of the popular vote.

The latest California Poll, published by the Los Angeles Mirror-News, gave these results in a statewide sampling: Eisenhower 49 per cent; Stevenson 44 per cent, and, undecided, 7 per cent. This was a 2-point gain for the Democrats since the last poll a month ago.

Eisenhower still led in a poll of Indiana's "weathervane" Vanderburgh County, which has voted for the winner in every election since 1896, though Stevenson gained there for the third straight week.

A poll conducted in the county by the Evansville Press gave Eisenhower 60.6 per cent and Stevenson 39.4, a loss of .6 per cent for the President.

An over-all gain for Eisenhower in New Jersey was reported by professional pollster Kenneth Fink. His figures as of Oct. 18 were: Eisenhower 52.6 per cent; Stevenson 45; undecided 2.4.

As of Sept. 26, Fink's figures were: Eisenhower, 53.4; Stevenson, 43.4; undecided 3.2.

A statewide sampling in Utah by the Salt Lake Tribune produced these: Eisenhower 59 per cent; Stevenson 37; undecided 4.

In Omaha, radio station KFAB this week asked listeners to telephone or mail their preference. The vote: Eisenhower 2,042, Stevenson 1,062.

A Denver Post poll last weekend of Colorado gave Eisenhower 55 per cent; Stevenson 38; undecided 7.

The Lansing, Mich., State Journal, Republican independent, continuing a poll of various occupation groups, sampled opinion of farmers at grain elevators, a farm auction and at Farm Bureau meetings. It reported 378 farmers for Eisenhower and 50 for Stevenson.

A poll being conducted among Baltimore citizens by students of Goucher College's politics center, cumulative since Oct. 8, gave: Eisenhower 47.2 per cent; Stevenson 39.1; undecided 13.7.

The Lynchburg (Va.) News, polling the city with 1,000 telephone calls, said the response showed: 52 per cent for Eisenhower, 30 per cent for Stevenson, 2 per cent for T. Coleman Andrews, and 16 per cent undecided.

Large United Fund Donation Turned In

LOUISVILLE, Ky. (AP)—A $100,000 donation to Louisville's community chest campaign was announced by some 15,000 employes of General Electric Co.'s Appliance Park here yesterday.

The firm itself gave the fund another $45,000 corporate gift, pushing the campaign past the one-million-dollar mark.

Car Looks Familiar, Gets Ticket Anyway

PASSAIC, N.J. (AP) — Patrolman Anthony Massaro told the judge that when he ticketed a parked car recently he "thought it looked familiar."

The car belongs to his brother, Salvatore Massaro, who was fined $5 and had to pay $5 costs in municipal court.

Mountain Road Closed

COLORADO SPRINGS (AP)—Four-foot snowdrifts closed the Pikes Peak aut ohighway for the season yesterday. The famed scenic road to the top of the 14,110-foot peak will remain closed until next spring.

NORTHSIDE BAPTIST CHURCH
16th and Ave. S
Jack Dean, Pastor
Missionary-Evangelistic-Ecumenical

An angel's food cake may be a work of perfection.

An athlete may have a perfect golf swing. But, generally speaking, our lives are quite imperfect. *About the most perfect thing one could ever find is a little girl just turned five.*

"Be ye perfect as your Father in heaven is perfect."

That's a big order. No man has perfectly kept God's commandments... we all break them in thought and word and deed. Yet, the order stands — "perfection!" "Be perfect!"

Then, make perfection the constant aim of your life.

Be dissatisfied with your accomplishments and unremittingly and everlastingly strive toward the highest and the best which is found only in Jesus. "Be ye perfect!"

Traveling the perfect way one needs all the help he can muster.

We suggest regular church attendance as your greatest aid.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial arc molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. You in the Church and the Church in you form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

Billboards Needed But In The Right Places

PORTLAND, Maine (AP)—There was a bit of billboard confusion at a state chamber of commerce luncheon.

Development commissioner Louis Shapel suggested Maine needs more billboards, but was reminded that tourists object to such signs because they hide the state's natural beauty.

"Oh, not more billboards in Maine," said Shapel. "I mean more billboards in other states to advertise the state of Maine."

An object in the grip of air follows the earth's rotation at approximately 1,000 miles an hour at the equator.

LEGAL NOTICE

TO: Marie Boatenhamer
GREETING

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of October, A. D., 1956, at or before 10 o'clock A. M. before the Honorable district Court of Scurry County at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 3rd day of July, 1956.

The file number of said suit being No. 6526.

The names of the parties in said suit are J. D. Boatenhamer as Plaintiff, and Marie Boatenhamer as Defendant.

The nature of said suit being substantially as follows, to wit: Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 11th day of September, A. D., 1956.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 11th day of September A. D., 1956.

(s) Eunice Weathersbee Clerk
District Court Scurry County, Texas

Nixon Slates Last Visit To Pacific Coast In Campaign

CHICAGO (AP) — Vice President Nixon makes his last visit of the campaign to the Pacific Coast today, brimming with confidence that the election tide is running heavily in favor of President Eisenhower.

He said in a statement, "On the basis of what I have observed first hand in the past week, culminating in the tremendous crowds our campaign drew in the Chicago area, I am revising my estimates of the size of the Eisenhower vote upwards."

He said that his campaigning in Chicago had convinced him that his party would get "as much as 40 per cent" of the Negro vote this year, or double the 1952 figure.

He said that many Negro leaders had told him they now realized their best hope in getting action on civil rights legislation lay in the election of a Republican Congress as well as a second term for Eisenhower.

The vicepresident's first thrust in his Western trip is aimed at the two key Senate races in Washington and Oregon. He has an afternoon speech scheduled in Walla Walla, Wash., and a night rally at Medford, Ore.

In Washington Republican Gov. Arthur Langlie is trying to unseat Sen. Warren Magnuson (D-Wash) while in Oregon, former Secretary of the Interior Douglas McKay is after the job of Sen. Wayne Morse (D-Ore).

Nixon wound up two jam-packed days of campaigning in Illinois last night, highly optimistic because of the enthusiastic reception he got, both downstate and yesterday in 150 miles of motorcading in the Chicago area.

His aides reported jubilantly that they considered it one of his top days since he has been on the road. They said the thousands who saw and cheered him in a luncheon -hour parade through Chicago's Loop were the biggest throng he has had.

Speaking to a predominantly Negro audience, Nixon asserted that only the Republicans could bring real progress in civil rights. At a luncheon sponsored by a Republican Jewish group, he said the Eisenhower administration would use all the moral, economic and military strength of the nation to maintain the independence of Israel. And to housewives in a suburban community, he pressed the claim that his party had stabilized the cost of living in the last four years.

In his final Illinois speech last night at Rockford, Nixon for the first time made use of the anti-Russian riots in Poland and Hungary as a campaign issue.

He said no one knew yet for sure what might come out of this, but that he was certain "bold Eisenhower decisiveness" could exploit the opportunity presented the free world by the outbreaks where "weak Stevenson indecision" could not do so.

"This is a time for the Eisenhower kind of wisdom, born of long years of high command, rather than the Stevenson brand which comes second - hand from advisers whose incredibly bad judgment has been exposed in recent days," he said.

Space Ships May Replace Old Airplanes

WASHINGTON (AP) — Two top Army specialists predicted today that present military airplanes will be replaced by rocket-driven space ships designed to carry nuclear bombs or fighting men and their equipment.

The forecasts were made in papers prepared for the convention of the Association of the United States Army, a private group, by Dr. Wernher von Braun and Maj. Gen. J. B. Medaris, chief scientist and commander respectively of the Army ballistic missile agency at Huntsville, Ala.

Von Braun, chief developer of the German V2 rockets of World War II who since 1945 has been working for the U.S. Army, predicted the launching within four or five years of unmanned space stations.

He said they could "obtain a vast amount of information" through the use of electronic devices and relay it back to the earth.

The original version of his speech distributed before deletions were made at the Pentagon carried a prediction by Von Braun that rockets carrying a dozen men could be launched "in less than six to eight years" to an altitude of 1,075 miles. At that height, he said, the men could erect a space station that would orbit around the earth and from which "bombing could be carried out with unprecedented accuracy."

Medaris said in his prepared talk that "the time has arrived" to consider space missiles as "the most efficient delivery system which can be predicted."

These New Babies Are A Little Small

RESEDA, Calif. (AP)—Babies are coming in small sizes these days in California.

A couple of Crescent City had a son last Sunday weight 1 pound 13½ ounces. The day before a boy checked in at Glendale at 1 pound 15 ounces.

Now Mrs. Donald Jaeger, 32, of Reseda reports her daughter, also born last weekend, weighed 1 pound 8 ounces. She said the new arrival, named Alicia Kay, is doing nicely in an incubator.

Jackson To Hospital

HOLLYWOOD (AP) — Eddie Jackson, 59, partner of comedian Jimmy Durante in 40 years of show business, enters St. John's Hospital, Santa Monica, today for removal of a cyst on his vocal cords.

Who Learns The Lesson?

SACRAMENTO, Calif. (AP)—From the family car which his wife had left unlocked in a shopping district, a California highway patrol officer took several newly purchased packages.

On the officer's arrival home, relates the patrol's monthly report, without names, the wife wailed that her purchases had been stolen.

"No use getting excited," the officer said, bringing in the missing packages.

"But let this be a lesson to you."

'Very interesting," last worded the Mrs. 'I forgot to mention I went back and bought the same things again. You can return the packages you took."

Demos Will Meet Here

A campaign meeting for Democrats of Scurry County has been scheduled for 2 p.m. tomorrow in the district courtroom in the courthouse.

The meeting was called by Robert R. Patterson and Mark McLaughlin, serving as co-chairmen for the county Democratic campaign organization.

Special campaign material is to be passed out, and the group will make plans for the last week of the campaign.

Patterson said all persons interested in election of Stevenson and Kefauver are invited to attend.

Group Gets Larger, Women Get Smaller

MANCHESTER, Conn. (AP) — A group of women here is getting bigger as the women get smaller.

Seven overweight women who started Manchester's WATES (Women's Assn. to Enjoy Slimming) have grown to 260 women who brag they sloughed off two tons in the last 22 months.

Sixty of them will sweat off some more tonight when they present a musical show—"The 1956 Tons of Fun."

DIVORCES TEXAN — Actress Jayne Mansfield, wearing a tight-fitting knit dress that did little to conceal her fabulous figure, arrives in Superior Court, Los Angeles to obtain a default divorce decree from Paul J. Mansfield, a public relations man of Dallas, Texas. They separated two years ago, just before Miss Mansfield began her widely publicized climb to fame.

Shivers And Long Unleash Sharp Attack

By WHITEY SAWYER
The Associated Press

Gov. Shivers sharply criticized Democratic presidential candidate Adlai Stevenson Thursday while Sen. Long of Louisiana attacked Atty. Gen. Brownell on the tidelands issue.

Shivers, speaking at Jacksonville, Fla., told a group of Florida Democrats for Eisenhower that election of Stevenson would mean "foreign policy by applause meter."

Shivers said the reason Stevenson advocated that the United States lead the way in banning H-bomb tests "was that he had tried it out before a couple of crowds and got a lot of applause.

"Under Truman we had government by crony. Under Stevenson, I assume, we would have foreign policy by applause meter," the governor said.

Shivers, who supported Eisenhower in 1952, said the presidential campaign was a contest between two men, not two parties. "Read the two platforms and see for yourself there isn't enough difference to quibble over.

"I will vote for Dwight D. Eisenhower on Nov. 6 because I want to—because he is one of the best and most popular presidents in our history—because he is by my measure the best Democrat on the ticket," the governor said.

Sen. Kennedy of Massachusetts predicted in Dallas that Texas would vote Democratic this year.

"This campaign is becoming a campaign of a party against one man. But policy is not made by one man but by a party," Kennedy said. "And the people will put their confidence in the Democratic Party."

Sen. Kerr of Oklahoma will talk in Amarillo Saturday in support of Stevenson.

Long said at Corpus Christi he "understands" Brownell will file a tidelands suit against Texas. Long said Brownell has filed against Louisiana in an effort to restrict its Gulf boundary to three miles offshore instead of the 10 miles claimed by the state.

"I understand he would like to do the same to Texas," Long said.

Long said imports of oil should be stopped, allowing Louisiana, Texas, Oklahoma and other oil producing states to increase their crude production.

Harold Stassen will speak in Wichita Falls Monday and at Waco Tuesday in support of the GOP.

Sen. Anderson (D-NM) will speak at a Democratic rally at Waco Thursday.

In Vernon, the Republicans for Stevenson headquarters were opened right across the street from the Democrats for Eisenhower office.

Thomas Werdel, vice presidential candidate of the Constitution and States Rights parties, said at Houston "We think we'll definitely have some votes in the electoral college.

"No doubt about it, we're going to be a strong party in 1960. But we're in this thing now to win. We're on the ballots in 14 states and assured of a strong write-in vote in 24 other states. I would say we're drawing votes from both parties."

Ken Nordeman and Richard Higgins, both of Austin, said a statewide Texas High School Youth for Stevenson-Kefauver group is being formed.

Radar Looks Like Lolipop

BALTIMORE (AP) — A balloon shaped like a lollipop is the latest thing in radar antennas.

But it's nothing for the kids to play with. It weighs 1,690 pounds and is three stories high. Yet, that is small compared to the 10,000 pounds for metal antennas which will do the same job.

The Westinghouse Co. announced that engineers at plants here and in Lansdowne, Md., developed the collapsible and portable antenna for the Air Research and Development Command.

The idea was supplied by Coleman J. Miller, a Westinghouse engineer from Pasadena, Md. It netted him a special award of $5,000.

Westinghouse said the whole balloon assembly can be packed into airlift containers and air-dropped into tactical areas for use in detecting hostile aircraft.

The innovation is called the "paraballoon antenna."

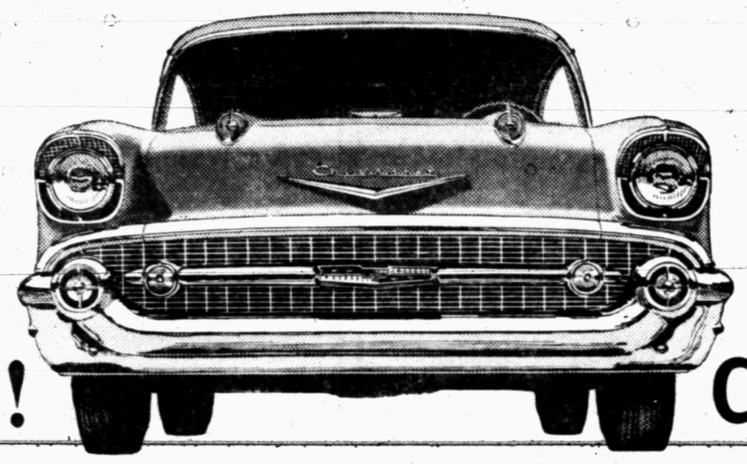
Siamese Twins May Have Common Heart

OXNARD, Calif. (AP)—Results of an electrocardiograph taken of Siamese twin girls born last Monday "strongly suggest" they have a common heart, says a doctor.

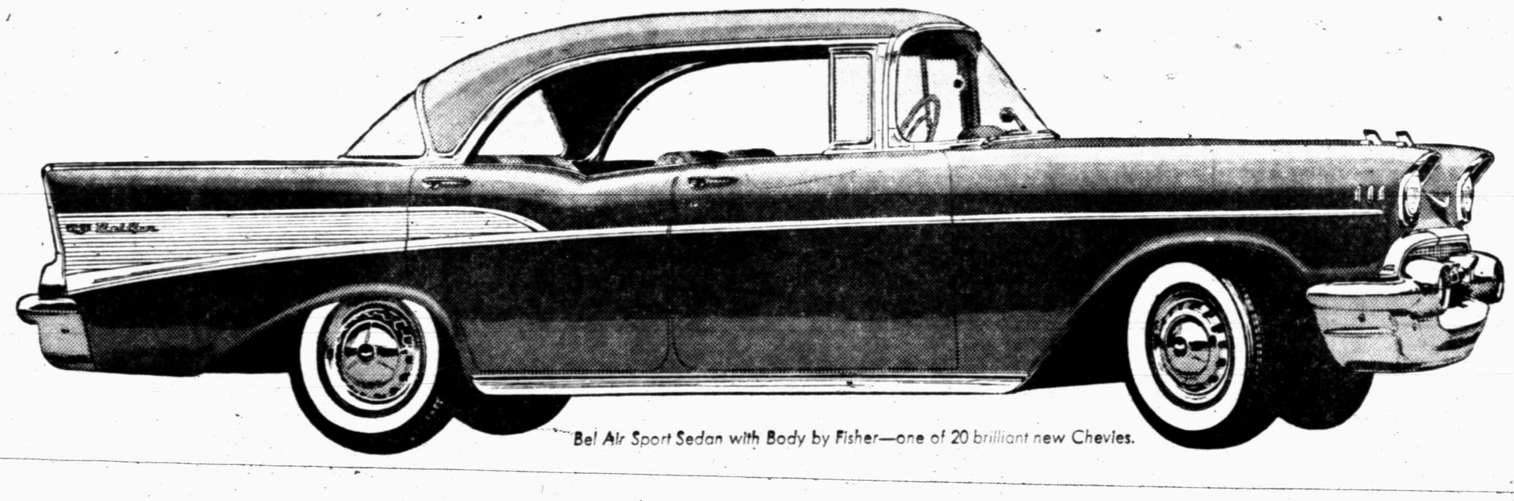
This would rule out any chance of surgically separating the twins, he added. They are joined from neck to abdomen.

The physician described their condition as poor.

The babies, named Nancy Diane and Laura Lee, were born at St. John's Hospital to Mrs. Diane Curries and her husband Raymond, of nearby Somis.

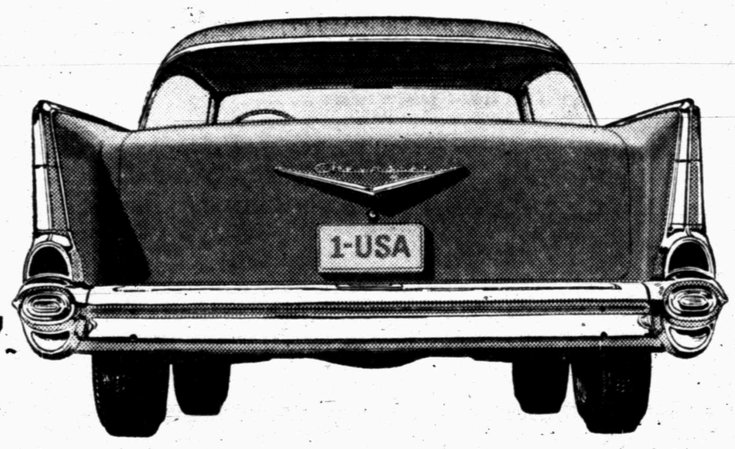


IT'S HERE! COME SEE!



Bel Air Sport Sedan with Body by Fisher—one of 20 brilliant new Chevies.

IT BREAKS THE PATTERNS OF THE PAST!



THE '57 CHEVROLET

Chevrolet takes a daring departure for '57. This is the new car that goes 'em all one better with fuel injection . . . with daring new ideas in design . . . in styling . . . in automatic driving. It's sweet, smooth and sassy!

Chevrolet is the place where new ideas grow. And what a crop of them *this* year! . . . Fuel injection . . . a brand-new Turboglide automatic transmission (optional at extra cost) with Triple-Turbine take-off, smo-o-o-th as Jersey cream. A full range of *five* potent engines, with horsepower options ranging clear up to 245.* Scintillating new styling that puts Chevy right up there with the very highest priced cars—and a whole galaxy of 20 spanking new models. A deeply hooded Command Post instrument panel. A functional new "face" in which bumper and grille are styled as a single unit and the same smart idea in the rear, combining bumper, bumper guards, stop and taillights. Dozens upon dozens of other brilliant touches, from the ventilation intakes that cap the headlights right down to the smaller 14-inch wheels. It's an idea year at Chevrolet—and you'll want to sample them all!
