2 Stamford Men Buy Mark Lanes

Two Stamford business men are the new owners of Mark Lanes.

The 2, Sam Hopper and Harold Kendrick, purchased the bowling alley located north on State Highway 208 (to Snyder), just inside the city limits, effective July 1.

The purchase date was almost 1 year to the day of the date of opening of the bowling center here. The new $240,000 sporting center opened its doors officially on July 4, 1960.

The co - owners announced this week that there was no planned changes in personnel or policy in the near future. "We just want to create more interest in bowling in Colorado City," they said.

The 2 plan to make Colorado their permanent homes. Hopper and his family have moved from Stamford to Colorado City and live at 543 Vine St.

Kendrick and family will move here about the first of August.

They purchased the entire stock for the 12-lane bowling alley from Mark Lanes, Inc. The business includes the 12 automatic pinsetter equipped lanes, a snack bar and bowling equipment retail department.

"We hope to make Mark Lanes bigger and better," the 2 said upon taking over as owners.

Hopper, 39, has many years experience in the bowling business and was manager of

City Council To Convene Monday Night

MAN CHARGED, FINED

Untested Cattle Unloaded in City

Cattle without proper brucellosis certification were released in Mitchell County the third week in June.

A total of 63 head of cattle without the proper certification were unloaded at Tate Auction Barn, on east Highway 80, where they were discovered by 2 agents of the Texas Animal Health Commission.

D. L. Tate, owner of the local auction barn, pleaded guilty to a charge of violation of the livestock marketing act last Thursday and was fined a maximum of $200 plus court costs.

Tate was charged and fined in Justice of the Peace John Briggs' court in Midland. Tate is co-owner, with R. L. Tate, of an auction barn in Midland.

The cattle originally came to Tate's barn in Midland after being transported across the state from Palestine. The truck carrying the cattle passed through this area's certified modified, Type 2, brucellosis area — this area includes Mitchell County and stretches from Taylor County on the east to Midland County on the west.

The cattle, after failing to sell at the Midland auction barn, were transported by truck to the local barn here in Colorado City.

The cattle were unloaded, penned and fed before their discovery by the Commission agents.

Tom Neff, manager of the local barn, stated that the cattle were unloaded and fed as the usual procedure at the barn.

Although the shipment of cattle to the Midland and Colorado City barn originated in Palestine, the cattle had been brought to Palestine from several points in Louisiana. None of the cattle had proper certification.

The violation resulted from the cattle being moved from the Midland barn without being identified as out-of-state cattle and without proper certification. The Midland barn is an approved market to handle untested cattle in interstate commerce, but they must be tested before removal unless to slaughter.

Eight lots of the cattle, unloaded here, were sold at

IN OHIO CITY

Former Resident's Killer is Captured

An 18-year-old Dallas hospital orderly has admitted, report Dallas police, the murder of Thomas T. Watson, 22, a former resident of Colorado City.

The Dallas police took a 17-page statement from Roland Whitaker by phone from Conneaut, Ohio.

Whitaker stated that he killed Watson, whom he did not know, on the morning of June 29 at Grapevine Lake west of Dallas. The 2 had bumped into each other at the lake, Whitaker said, and an argument followed.

Whitaker knocked Watson to the ground with the butt of a sawed-off rifle and then fired a single shot into the back of Watson's head, police said.

Watson's body was crammed into the trunk of his own car and was driven to Arkansas where the body was dumped at the edge of a lake 3 miles east of North Little Rock, Ark. the body was discovered Saturday, July 1.

Watson usually went to the lake mornings before going to an afternoon job at an Oak Cliff retail store. His bride of less than 1 year saw him last the morning of the murder as he dropped her at her place of employment in downtown Dallas.

Watson attended Colorado City High School — graduating in 1957. His father, John T. Watson, operated the Derrick Cafe, now the B&B Cafe, on north State Highway 208 here several years ago.

Watson stayed in Colorado City with his grandmother, Mrs. H. H. Grubbs, 1804 Colorado St., while finishing high school after his parents moved to Dallas. Watson was a nephew of Mrs. Lindley Webb, who lives north of the city, and was a cousin of Mrs. Johnny Shackelford of the Dora Community.

Funeral services for the U. S. Marine Corps veteran were conducted in Dallas Friday.

Whitaker was picked up [illegible] Watson's body, [illegible] after a female girl was put into effect for the car.

NECESSARY, BUT NOT UNREASONABLE

Normal Rules Govern Housing Units Tenants

By RICK TAYLOR
Record News Editor

EDITOR'S NOTE—This is the second in a series of Record articles dwelling on the facts concerning the new low-rent housing projects recently completed here by Colorado City Housing Authority.

What are the rules and regulations for tenants living in the 2 new additions of low-rent housing units of the Colorado City Housing Authority?

Those are the questions now being asked by prospective tenants, states A. W. Hubbard executive director of the units.

Rumors of a "concentration camp" style of existance for tenants were not substantiated by present tenants in an interview with 3 last week. Four of the 7 had heard the rumors and all stated they were not true.

The rumors spoke of frequent inspections at 3 a. m. or other unreasonable hours in the units, 2 months advance rent payments, no visitors allowed in the units, flowers could not be grown by the tenants, tenants were treated with disrespect, and the lights had to be turned out at 10 p. m. each night.

The present tenants quickly discounted the rumors.

"Yes, there are rules governing tenants," states Hubbard. "I doubt if any one would rent a new $10,000 home to a family without some understanding as to the care it would receive and that the rent would be paid when due."

"Two sets of rules are furnished, and explained 1-by-1 by myself personally at the time of renting, to the tenants," says Hubbard.

One set of rules is posted in each unit. The other is included in the lease contract each tenant signs.

"These are not unreasonable or unnecessary rules, however, they are just an average set of rules any person would be expected to observe when renting a house," the director continues.

Posted in each unit is a card asking compliance with all rules of the housing units and all city laws and any amendments that may be made to either and:

Unreasonable or wasting of water (which is furnished free to all tenants) is prohibited. Tenants may not make alterations or repairs personally to the units.

Tenants will be held responsible for loss or damages other than normal wear and tear and tenants must report all accidents or damages to the office.

Inflammable materials may not be used or kept on the premises, bolts, nails and screws may not be used in the walls, floors or trim without approval and all electric wiring work must be done or supervised by the director.

Equipment must be used only for the purpose for which it was designed, not additional shades or window awnings may be installed and television antennas must be installed as directed.

The landlord may enter the "tenant's premises during all REASONABLE hours" to to make needed repairs, additions or inspections. All units must be kept clean and sanitary.

No 4-legged pets are allowed and all cars and trucks must be parked on the streets and not on lawns.

"There is nothing unreasonable or uncommon about these rules," states Hubbard.

In signing the lease contract, the tenant agrees:

To report any changes in family numbers or income and to pay the rent on the due date (usually the first of each month).

Not to transfer or assign the lease to any other person or persons, to rent any part of the unit, or to use it for anything other than a private dwelling.

To move to a smaller or larger unit as required by

By The Way...

By PAULINE CORNUTT

We know of a person who has a big job on her hands this summer and who has really put her best foot forward.

That is MRS. WELDON RIVES, director at the Community Center.

Mrs. Rives was responsible for organizing the special summer program at the center and she has made a big success of knowing just what certain age groups like and what sort of activities they want to participate in . . . she directs groups from the elementary age level on through high school age.

Those taking part in the program get a chance to learn different types of craft work, enter sports tournaments and take part in group activities and other events.

Our summer program here is well organized and gives the kids a chance to accomplish something during the summer months.

We won't be seeing the L. C. MORRIS family for 3 weeks—they will be vacationing in Colorado after Monday.

* * *

FREDDIE HARRISON, son of Mr. and Mrs. L. N. Harrison has been assigned to duty in Germany with the army and is enroute to Boblingen, Germany, where he will be a clerk with a signal battalion operation.

Freddie is a graduate of Colorado High School and attended San Angelo Junior College before joining the service.

He received basic training at Ft. Hood and special training in administration at Ft. Jackson, S. C. He was to have left New York City for Germany the last part of this week.

MR. AND MRS. R. H. RATLIFF JR. and family were in Austin recently visiting with Mrs. Lucille Baer.

* * *

Ambitious is the word for MRS. ELLEN VAUGHN who took her first piano lesson the other day and liked the idea of playing the musical instrument better than ever.

Overheard Mrs. Vaughn say that she had always planned on taking piano lessons with her two little girls when they got old enough but she got impatient and decided not to wait so long.

Piano will be worked in with her already rigid schedule—besides her household chores, she operates her own beauty shop on Elm St.

MRS. VADA WELLS entertained visitors last weekend.

Her guests—Mr. and Mrs. John M. Rand and children, Donna, Steve and Joe from Kermit; and Mr. and Mrs. Jack Wells of Lubbock.

Swimming Instructor

Rosemary Thomas, swimming instructor at Municipal Swimming Pool, teaches Susan Boyd, one of her students the basic steps in learning to swim. Here, Rosemary is demonstrating to her students the importance of correct breathing for underwater swimming. Miss Thomas and Miss Cynthia Aycock are teaching summer swimming lessons at the pool and began their lessons shortly after school dismissed for the summer months.

Harvey Leaches Spend Fourth with Relatives

Mr. and Mrs. Harvey Leach and daughter, Mrs. Georgie Corbell, of Loraine spent the July 4 week end visiting relatives.

They were in Plainview first visiting Mrs. Leach's sister, Mrs. W. W. Eaves. Their next stop was Clovis, N. M. where they visited a daughter, Mrs. Opal Conner. They stopped in Crane and visited another of Mrs. Leach's sisters, Mrs. Fred Davidson, on the return trip.

47.6 PER CENT

Wool Payments Go to Producers

Shorn wool payments for the 1960 marketing year will amount to 47.6 per cent of the dollar returns for each Mitchell County producer, reports Orrion J. (Jack) Linam, Chairman of the Mitchell County Agricultural Stabilization and Conservation Committee.

Linam points out that this is the percentage necessary to bring average wool prices up to the previously announced incentive level of 62 cents per pound under the national wool program.

It means that county producers will receive an incentive payment of $47.60 for every $100 received from the sale of shorn wool during the wool marketing year ended March 31, 1961.

The payment rate on sales of lambs that have never been shorn to compensate for the wool on them will be 80 cents per hundredweight of live animals sold. This payment is based on the shorn wool payment and is designed to discourage unusual shearing of lambs before marketing, he reports.

No payments will be made on mohair sold during the 1960 marketing year since the average mohair price of 89.7 cents per pound received by producers was above the mohair support price of 70 cents per pound.

According to the chairman, County ASCS offices will begin payments soon after July 1. Applications for payment had to be filed by April 30 (May 1 this year because April 30 was on a Sunday). The payments will be made on shorn wool and unshorn lambs marketed from April 1, 1960, through March 31, 1961.

The incentive level for shorn wool for the current 1961 marketing year has also been announced at 62 cents per pound, the same as for each of the preceding years of the program. Program regulations continue the same as for earlier years.

Payments were mailed to Mitchell County producers under this program on Wednesday, Linam concludes.

TOBY DEAREN NAMED MANAGER

Oilers Win Flag; Pace All-Star Unit Selections

Humble's Oilers are the champions of the 1961 Pony League — and dominate the All-Star team.

The Oilers beat Craddock Witten 12-4 Thursday night as the season ended and then placed 7 players on the 15-man all-star team.

In the play Thursday night, Myers Auto beat Roberts Butane 10-8 to finish second in the loop race — 1 full game behind the Oilers.

Oilers named to the all-star unit were David Bearden, Tommy Bryant, Larry Currie, Dee Dearen, Elmer McMahan, Roger Proctor and Curtis Taylor.

Reggie Noble was the only player from the last - place Craddock-Witten crew to be named to the team.

The runnerup Myers team placed 4 players on the team. They are Howard Belvin, David McKay, Leon Sweatt and Melvin Williams.

Rounding out the all-stars are Roberts players Ronald Hillhouse, Possum Mann and Skipper Warren.

Toby Dearen is the manager of the all-stars. His coach is Roy Sweatt, but W. D. Harris will assist Dearen until Sweatt returns from summer training with the local National Guard unit.

Myers Auto had to win and the Oilers had to lose for the Myers squad to tie for the loop pennant in the final games Thursday night.

But things didn't work out that way for Myers . . .

Myers beat Roberts Butane but the Oilers walked off with it all by rolling past last place the Oilers walked off with it all by rolling past last place Craddock-Witten in easy fashion.

Corky McAdams paced the Myers' 8-hit attack against Roberts hurler Warren who went the distance for the loss. McAdams battered out 3 singles and scored as many times.

Belvin started and won for Myers. McKay came in in relief.

Roberts got only 5 hits — with no batter getting 2.

Myers jumped to a 5-1 lead afer the first frame and were tied in the top of the second, but took back the lead by 1 run in the bottom of the frame and went to the victory.

The Oilers battered C-W starter John Beezley and reliever Alan Ramage for a total of 10 hits as they scored 12 times. Beezley was the loser.

Robert Petty and Proctor led the Oiler attack with 3 hits each. Petty got the only extra-base blow by the 2 — a booming triple in the third inning.

Bryan started and won for the Oilers although he had relief help from Bearden.

C-W got 7 hits, but could only muster 4 runs as they left base runners stranded inning after inning. Cupp led their attack with a triple and a single.

Letters to the Editor

Dear Editor:

The 1961 Little League Co-op Tigers would like to offer this tribute to their manager and coach — Jimmy Harrison and Ed Rothwell.

* * *

We thank you, Mr. Harrison and Mr. Rothwell, for all the time you have unselfishly spent to teach us sportsmanship.

For all the times that we have goofed off out on the practice field, we thank you too for your patience.

You must have thought many times it was to no avail, but you stayed there those 2 hours or more, through all the heat and work, to train us in the manly arts — as Little League ballplayers.

We want you both to know that when the umpire yelled, "Play ball," we tried to form a team. For we love the game and we gave each game our best and our very all—whether we won or lost.

The credit for our season isn't all ours — it's the manager's and the coach's too. They taught us how to play the game.

We hope you both think your time well-spent — we bow to you in honor of the job you have done for us and the success you have made possible for us.

The Tigers of 1961.

(Signed)

Kenneth Key, Don Smith, Lynn Northcutt, Butch Woods, Steve Hill, Larry Rothwell, Mike Garrett, Lynn Barnett, Ronnie Corbell, Bill McGee, Jimmy Harrison, Richard Chambers and Kelly Jones.
