IT WAS A LONG DRY SPELL for Floydada girls in their basketball wars, but the drouth ended on Saturday night when they won the championship of the Tahoka tournament in convincing fashion. Shown here are a happy bunch of Whirlettes as they boarded the bus Saturday night to head home with their trophy. At left is coach Kelly Chadwick and standing beside him are Jan Alexander, Charlotte Pierce and LaJuana Rimmer, holding trophy. Other team members are shown inside the bus. The Whirlettes have won 10 straight games this season without a loss. This week they host a tournament in Floydada.

Girls Basketball Tourney Starts Today, Finals Sat.

There will be basketball a plenty for area fans this weekend. The Floydada High School Whirlettes and their Coach Kelley Chadwick will play host to a girls and B tournament in Floydada. t the same time the boys team of Coach Bob Shields will be playing in the big Plainview tournament.

The girls tournament at Graves Gym in Floydada gets going this evening at 5:00 p. m. Four teams are entered in the B team division which will play a round robin. The A teams will follow the same schedule with each of the four teams playing the other entries once. Winners will be figured on percentages and trophies will go to the first place of each division.

Opening two contests this evening will be a pair of B team games the first at 5:00 pits Floydada against Crosbyton. At 6:00 it will be Slaton against Lockney.

Starting at 7:00 Floydada A team meets Crosbyton and then the number one units from McAdoo and Lockney come together at 8:00.

On Friday night all teams will change opponents. In the B bracket Slaton meets Crosbyton in the opener and then Floydada meets Lockney. The A teams from Lockney and Crosbyton, then Floydada - McAdoo follow suit and game hours are the same as those observed on Thursday.

On Saturday in the final rounds of action Lockney plays Crosbyton and then Slaton plays Floydada in B team action. The A team contests will match McAdoo and Crosbyton and Floydada and Lockney.

Not too much is known about the strength of the Crosbyton teams but most fans consider Floydada and Lockney to be the favorites.

The concession stand will be in operation throughout the tournament serving sandwiches, drinks and refreshments. Junior high basketbal girls and basketball parents from both school will be in charge of the stand. Proceeds are for the girls athletic program.

Boys Play at Plainview

The boys team will be busy in a big tournament at Plainview that will bring together some of the outstanding talent in this part of the state.

The Plainview meet gets underway this afternoon at 4:00 when McAdoo plays Canyon. At 5:15 it will be Littlefield against Floydada, and then at 6:30 Phillips meets Tulia. At 7:45 Dimmitt meets Lockney and then in the night cap Snyder plays Plainview.

On Friday in the second round of play Big Spring will meet the winner of the Mcdoo Canyon game; Midland Lee will meet the winner of the Littlefield - Floydada game; Abilene Cooper will meet the winner of the Phillips - Tulia game and winner of the Lockney - Dimitt game will meet winner of the Snyder Plainview game.

From that point on play will continue with a consolation and winners bracket. Teams will be placed first, second and third in the winners bracket and a consolation winner and runner-up will be named.

Win Two From Hale Center

The green and white teams won a pair of games from Hale Center on Thursday night. The Whirlettes jumped off to a long first quarter lead of 27 - 3, led 43 - 18 at the half, 51 - 27 at the three-quarter mark and coasted in to win 74 - 38. Jan Alexander made 21 points, La Juana Rimmer 17, and Shirley Rainer 15 to lead scoring for the locals.

In the boys game it was closer but not uncomfortable as the Whirlwinds took a 12 - 8 first quarter lead, stretched it to 22 -15 at the half, 40 - 21 at the three-quarter mark and roared in 50 - 34 at the final buzzer.

Shields continued to play with two platoons and Butch Gilliland led in scoring with 9 points.

WHIRLETTES DOWN MCADOO

The Floydada Whirlettes won a close 38 - 37 decision over the McAdoo girls team on Tuesday night at McAdoo. The local lasses jumped off to a 13 - 8 first quarter lead, stretched it to 23 - 12 at the half and then held on against a stubborn rally to win.

McAdoo came back to trail only 28 - 33 at the three quarter mark and was trailing by a single point at the final buzzer.

Jan Alexander led in scoring with 22 points. Ethel Scott scored 19 more McAdoo. Floydada girls now have 10 wins against no losses for the season.

The Floydada boys were no match for the sharp shooting Eagles of McAdoo on Tuesday night. The 'Winds were shooting cold and had trouble with their passing against the smooth McAdoo club.

The Eagles jumped off to an early lead and were never headed. Darryl Lindsey canned 22 points in the losing cause. Five of the Eagles scored in double figures.

School Board Goes To Work On Grade School Building

The Floydada school board got down to business on planning for the construction of more grade school space and facilities at the regular board meeting Tuesday night.

The board was unanimous in its agreement that the grade school is in dire need of better cafeteria facilities and at least 12 more class rooms will also be needed in the very near future. Also in consideration is a new gymnasium, and improvement of heating in the present grade school building.

Much of the board's discussion centered around the decision of whether to build on to the present grade school, or to seek a brand new site for a complete new building which would include cafeteria, classrooms, and gymnasium.

Also under study by the board is the necessity of securing money for whatever type of building they may decide upon. One contractor was called Tuesday night and went into a special called meeting with the board Wednesday morning.

Board president Ralph Johnston told a Hesperian reporter that the board certainly wanted the public to know that they realize the extremely critical need of the grade school housing and facility problems and the board is already checking into costs and building possibilities.

In other business the board approved the following persons to serve on a textbook committee: Hilda McDonald, Hollis Payne, Lena Christensen, Carol Bell, Luther Hayes, Ira Colley, Kerwin Baxter, nn Swepston, Alice Baker, H. G. Barber, Faris Wilson, Charles Tyer, A. E. Baker, A. W. Coltharp and W. P. Nicholson.

Loris Leibfried was approved to assess school taxes and Nina Copeland was selected to take the school census.

The following bills for payment were approved:

Lockney Band Wins First Place In Parade

Despite dreary damp weather a good crowd turned out Saturday morning for the annual Christmas parade of school bands and Santa Claus. Only five bands were present due to the bad weather. Three of these participated for trophies and prize money. Both Floydada school bands participated but were not in competition.

Lockney High School band, under the direction of David Mathis, won the prize for first place; New Deal band, under the direction of Frank Smith, won second; and Matador Band (drum and bugle corp.) won a $10 cash prize for third place.

Judges for the band were Dan Whitaker, director of the Floydada High School band, and Everett Maxwell, band director of the Abernathy band.

Wayne Brown was mcee for the event. Floydada Junior Hi band led the procession. Sant Claus, riding on the Floydada Fire Department truck was the last to appear in the parade.

Santa was swamped by youngsters who were given candy. Very few had a chance to talk with the white bearded St. Nick, until in the afternoon when he returned to visit with little ones.

Saturday also marked the date for the Christmas lights to be turned on. Saturday night the nativity scene sprang to life when the lights came on. Christmas lights will glow each night from now through January 1.

Winning tickets of the Christmas Treasure Hunt were posted at noon Saturday and persons went from business to business checking against the numbers posted. From all indication most of the first numbers posted revealed winners. On Monday if prizes were not claimed from the first ticket number then the second ticket was posted and if no winner the third ticket number will be posted on Monday, Dec. 10.

As of Tuesday this week 17 persons had turned in their winning tickets in the Treasure Hunt. That leaves 25 winning tickets which are eligible for gifts being

Floydada Stores To Open Nights December 20-22

The retail merchants group of the Floydada Chamber of Commerce decided to keep their stores open on Thursday, Friday and Saturday nights, December 20, 21, 22 for the convenience of the last minute shopper and the employe who hasn't had time to catch up on his or her Christmas shopping.

Approximately 18 merchants attended the meeting which was called by Wayne Brown, chairman of the committee.

Brown also welcomed Wendell Tooley, new publisher of The Hesperian, to the city.

Graves Gym Will Be Site For Jr. High Tournament

Graves Gym in Floydada will be the site next weekend for a junior high basketball tournament. Action is stated to get underway on Thursday, December 13, and continue through Saturday, December 15.

The event is being sponsored by Floydada Rotary Club and is the second annual Floydada Invitational for junior high teams.

Eight teams have entered the meet in both the girls and boys brackets. Schools that will be represented include Slaton, Tulia, Lockney, Hale Center, Ralls, Roosevelt and Floydada. The Floydada Junior High will enter both seventh and eighth grade teams for boys and girls.

Principal A. W. Coltharp announced this week that admission prices will be 50c for adults and 25c for students for each session.

On Thursday the session will start at 3:30 in the afternoon and run into the night. This same schedule will be followed on Friday. Saturday will see action in the morning between 9:00 and 12:00 and then again starting at 6:00 p. m. when the finals and championships will be decided.

Concession stands will be in operation and refreshments will be available to all fans attending the games.

The Floydada girls team is defending champion of the tornament.

County Cotton Allotments Slashed Over Ten Percent

The Floyd County farm review reveals both good and bad news this weeek as a Hesperian reeporter inquired into the results of the past grain harvest and into the prospects for cotton acreage another year.

The weather made a turn for the "sunny side" and this year's cotton harvest begins to roll to the gins again.

Looking at the bad news first, it is evident that the county will suffer a 10.2 percent cut in cotton acreage for 1963. This reduces the acreage from this year's 102,450 acres to 92,200 acres for the ne wcrop year.

The county ASC office reported that it had mailed individual farm cotton allotments out last week.

To date, 26,725 bales have been ginned of this year's crop and the estimate for the county's 1962 production remains at over 100,000 bales. The December 1st ginning count of 1961 showed a total of 35,012 bales ginned, indicating the lateness of this year's crop.

Grain Crop

On the good side of the ledger the county's grain farmers have received over seven million dollars worth of grain sorghum money.

This year's total of 88,477 measured acres shows a gross estimated income of $5,903,716.31. This is estimated on the county's alloted production of 3707 pounds per acre. A total of $1,611,166.30 was paid to the county's farmers for diverted grain sorghum acreage.

The corn diverted acreage payments for the county amounted to $42,838.45 and the 560 measured acres of corn produced an average of 3982 pounds per acre.

Of course the above figures do not represent the amount of white grain grown in the county, nor the amounts of grain sorghums stored on the farm.

Last year's grain sorghum crop grossed approximately $4,509,476.53 with $1,688,527.50 paid by the government for diverted acreage.

Local elevator men report that the 1962 grain sorghum is 99 percent harvested and only a few clean-up patches remain to be harvested.

County agent Cecil Lewis said that some farmers had produced unusually good grain sorghum yields this year — some as high as 8,000 pounds per acre, and that some dryland crops had yielded as much as 2,000 pounds per acre.

SECOND SUNDAY SINGING

C. M. Lyles announces the Second Sunday singing at the Nazarene Church, Dec. 8. There will be good gospel numbers presented by several groups of singers.

ll are invited to attend the singing between the hours of 2 p. m. until 4 p. m.

Nominating Committee Tells Chamber Board Candidates

Nominations have been made for the election of five new directors of the Floydada chamber of commerce, it was announced this week by the chairman of the nominating committee, Dr. Charles Craig.

Ten men have been nominated of which five will be elected. Chamber members will receive cards for the purpose of voting their favorites this month. Nominated are: Wayne Brown of Southwestern Bell Telephone; A. W. Coltharp, principal of Floydada junior high school; Howard Gregory, farmer; Sammy Hale, of Hale & Hale Insurance; Dr. Andrew McCulley, dentist; Louis Pyle, farmer; Ray Reed of Reed Ford Sale; S. W. Ross, mayor; John R. Williamson, terminal manager of United Transport; and Arthur Wylie, dealing in grain storage, fuel and fertilizer.

The five receiving the most votes will replace the following outgoing board members and will serve for a period of two years: Shirley Irwin, O. M. Watson Jr., Wayne Russell and Doyle Walls. Walls was appointed a year ago to finish an unexpired term.

Serving on the nominating committee with Dr. Craig were: E. L. Norman, Kenneth Bain, Jr., Ralph Mardis and J. A. Arwine.

County Cotton Quota Vote Set For December 11

The Cotton quota vote coming up on December 11 will mark the tenth consecutive year in which growers have voted on marketing quotas for their upland cotton crop.

Beginning with the referendum on marketing quotas for the 1954 crop, growers have approved quotas for each year's cotton crop. In the vote last year, on quotas for the 1962 upland cotton crop, 96.9 percent of the growers voting approved the quotas.

By law, quotas must be proclaimed by the Secretary of Agriculture in years when the cotton supply exceeds normal. The estimated 1962 - 63 supply of upland cotton exceeds the estimated normal supply by 4.7 million bales.

It is not anticipated that this will be the final national acreage authorized for the 1963 crop because of new legislation to be recommended to Congress by the President. Establishing the national acreage allotment at the statutory minimum for the time being will give the Congress maximum flexibility in determining the acreage provisions to be included in the new legislation, USD officials have said. It is anticipated, however, that such legislation would supplement rather than substantially change the basic program choices cotton farmers will vote on in the quota referendum Dec. 11.

If at least two-thirds of the growers voting in the referendum approve quotas for the 1963 upland cotton crop, price supprt at

Last Rites For Lockney Builder, W. J. Myers

Rites for W. J. (Uncle Jack) Myers, 92, a pioneer builder in the Lockney area were held yesterday in the First Baptist Church in Lockney.

The Rev. Gene Hawkins, pastor and the Rev. James Carter, pastor of the Methodist Church officiated.

Burial was in the Lockney Cemetery under the direction of Carter Funeral Home.

A Lockney resident since 1900, Myers, a retired farmer and carpenter, died early Tuesday in Lubbock Methodist Hospital. He had been in ill health for the past five years.

Myers, a native of Lee County, Va., was credited with the construction of many of the older buildings on Lockney's main street. He also built buildings in Silverton, Quitaque, Floydada and Plainview.

He had served as a school trustee at the old Roseland school and at Lockney school. A member of the First Baptist Church for the past 40 years, he was a former Sunday school teacher and superintendent.

Survivors are his wife; two sons, Claude, Amarillo and George, Lockney; a daughter, Mrs. Sid Mudgett, Lubbock; 10 grandchildren and 17 great grandchildren.

Wonderland Of Christmas Decoration Show Dec. 12

The 1950 Study Club will open the door to the "Wonderland of Christmas Decorations" show Wednesday, December 12, at 10:00 a. m., in the building east of Arwine Drug. Samples of lovely Christmas creations that grace the home this holiday season will be on display. The Christmas season is short and people are so busy that they rarely get to see and appreciate the many varied talents that the "next door neighbor" spends much time on. Here is the opportunity to show and see the many novel and beautiful Christmas decorations that make the uletide a gala affair.

Persons that are interested in entering their decorations in the show may select any or all of the divisions, and may enter as many as desired. The divisions are centerpieces, tablecloths, aprons, and hanging or wall decorations. To enter, call or notify Mrs. Sammy Hale, U3-3308 or Mrs. David Kirk, U3-3383 before December 11th. A member of the club will be present at the building east of Arwine Drug on the afternoon of Tuesday, December 11th to receive the entries. Precautions will be taken to see that good care is given each object.

First, second, and third place winners will be awarded in each division. Judges will have the ribbons placed for the public to see by 10:00 a. m., opening hours, and until 6:00 p. m., closing of the show.

An unusual highlight will be featured as Mrs. Harry Morckel gives a demonstration of the old art of making candles. This event is scheduled for 2:00 p. m. for weary shoppers that would like to rest their aching feet and learn a new craft. Mrs. Morckel's lovely candles that she has made will be on display all day.

The entrance fee will be fifty cents. Income from the show will be contributed to one or more projects that the 1950 Study Club has on calendar for the year.

Mrs. Sammy Hale, president of the club, and Mrs. David Kirk, general chairman, welcome the public to spend a few minutes drinking free coffee and renewing the Christmas spirit.

The committee chairmen are: Awards, Mrs. Claude Weathersbee; Refreshment, Mrs. Charles Craig; Advertising, Mrs. Doyle Moore; Window and Display, Mrs. James Lovell and Mrs. Tommy Assiter; Music, Mrs. Bob Copeland; and Utilities, Mrs. Cecil Lewis.

Teague Has Good Year At Okla. State University

Recent reports in the daily press say that Rodney Teague has just completed a fine freshman football year at Oklahoma State University. Teague is one of the all time greats from Floydada High School where he graduated last May. The ex-Whirlwind quarterback made about all of the honors afforded a high school athlete including all-state in both football and basketball. He is the son of Mr. and Mrs. Riley Teague southwest of town.

The report quoting Coach Sammy Baugh says "He is a comer, has good passing potential, and will play some varsity football next year."

This year Teague alternated with Vernon as OSU quarterback. Running off the winged T the team defeated OU 9 - 0 and tied Arkansas 12 - 12 in their only two games.

The Floydada boy is also planning to play basketball at the Oklahoma school.

Fans who remember Teague's passing skill in high school will be well pleased to hear an old passing master like Sammy Baugh give such high praise for this fine young athlete.

BULLDOZER CLEARS EAST WARD SCHOOL — many Floydada and area persons attended the East Ward School and they will no longer be able to point to its remains and say, "there's where I went to school", because the Alston Construction Company of Sweetwater has been clearing the property in preparation of building almost a half million dollar low rent housing project. The contractor has some 240 working days for the building construction and an additional 45 days for landscaping.

Outdoors In Texas

By—Vern Sanford

This is for worm fishermen... the folks who use those live, natural baits with the long, squirmy bodies.

Weber Tackle Co., the Stevens Point, Wisc. firm that has made thousands, probably millions, of artificial baits . . . has been thinking of you.

Evidently Weber has adopted the old slogan ... "If you can't whip 'em, help 'em"

Anyway, the firm now has a Food-Bedding for worms. It's designed to keep worms fishing-fresh the year around. And—as any angler who has worm-fished knows—those slimy little rascals are hard to keep alive.

Weber says its unique formula contains food and minerals in a base that "worms just love to cuddle in." The new product is called **"Mr. Worm."**

Each package contains two one-pound bricks of compressed food-bedding. It looks and feels like the felt-type wall-insulation. But it isn't.

You simply place a half brick or a whole brick or both bricks into a container . . . and add water. Amount depends on how much food-bedding you need. One brick will support 60 of the large night crawlers or 125 smaller worms.

You add a quart of water for each half brick. Then stir or hand-mix until bedding is uniform. Just do not overwet.

For saltwater baits, such as blood worms, etc., use sea water for wetting.

When mix is ready simply place the worms on top of the bedding. Don't cover them with the bedding. Just let them seek their own way to "bed.". Then place a cover on your container and store in a cool place.

Naturally Weber recommends its own Weberlite high insulation bait buckets (or coolers) as the ideal bedding containers. These are the foam plastic, expandable polystyrene, very light weight coolers that are becoming so popular as containers nowadays.

They can be found everywhere—used as ice boxes for cold drinks, fish storage, even minnow buckets. Women sometimes carry the real small buckets as unique purses or shopping bags.

Now comes a new use ... as worm beds.

Okay—you have the bed made and the worms are sleeping in it. Now a word about the care of your fishing worms.

Worms thrive best in temperatures ranging from 40 to 60 degrees and in complete darkness.

While you are out fishing keep the cover tightly on the container and avoid direct sunlight if possible.

Don't expose worms to insecticides, flies, bugs, ants, or rodents. Flies particularly should not be permitted to come into direct contact for laying eggs.

Keep container cover snugly in place at all times.

Warning! Don't overcrowd the bucket with worms when taking a long, hot trip. It's better to arrive with a reasonable number of good, healthy worms than none at all.

A few ice cubes in a water-tight polyethylene bag, placed on top of the bedding, will help keep the worms alive on long trips, especially during extremely hot weather.

Incidentally — **"Mr. Worm"** feeds and beds a wide variety of bait. It is said to be outstanding, not only for all kinds of night crawlers—big reds, little reds, cob, manure, African, or just plain old garden worms—but other baits too.

It slso adds life to frogs, hellgrammites, crabs, leeches and the like.

Sounds like the answer to the worm fisherman's biggest problem ... and the worm raiser's too.

'Miracle Baby' with Birth Defects Is Named March of Dimes Child

Jimmy Boggess' mother, Mrs. Shirley Boggess, reads a fairy tale to the 1963 National March of Dimes Boy, a victim of the birth defect known as open spine. She is a March of Dimes volunteer in her home town of Coy, Ark., because she wishes to encourage research "to learn why some children, like my Jimmy, aren't born perfect."

Five-year-old Jimmy Boggess of Coy, Ark., a "miracle baby" who has survived a constant battle against serious birth defects, has been named the 25th Anniversary March of Dimes Boy for 1963.

Jimmy, the son of Mr. and Mrs. James Boggess, was born with a birth defect known as spina bifida, or open spine. He underwent an operation when he was five days old to correct this condition. A few months later, it appeared that he also had hydrocephalus, or water on the brain. However, this condition has apparently arrested itself without need of surgery.

In spite of the fact that he also has defects in both the genito-urinary and digestive systems, Jimmy is a happy, inquisitive child who plays with his pets and his toys as eagerly as any other youngster his age. He walks with the aid of steel braces and wooden crutches.

He looks forward to his nationwide tour scheduled for January, which marks the 25th anniversary of The National Foundation-March of Dimes. His picture will be on millions of coin collectors, leaflets and school cards used in every county in the nation. He will also visit with a number of congressmen, senators, governors, mayors, screen stars, TV personalities and stage celebrities.

A winsome, intelligent lad, Jimmy was born in Panama City, Fla., Jan. 20, 1957. His parents, both natives of Arkansas, took him soon after to their home state to be nearer specialists and medical facilities there, so that their son could get the expert medical care he needed to survive.

"Jimmy is a symbol of the 250,000 children born each year in this country with significant birth defects. He is living proof that something can be done for seemingly hopelessly crippled children," said Basil O'Connor, president of The National Foundation-March of Dimes.

Jimmy's mother, Shirley Boggess, who was a model before her marriage, today is a March of Dimes volunteer. One of the satisfactions she finds in this work is the hope it affords that "research will find the reasons why some children are not born perfect, and then will find a way to prevent these tragedies. The March of Dimes helped wipe out polio with the Salk and Sabin vaccines. I am certain that something can be done about birth defects.

"I am going to work as hard as I can to see that Jimmy continues to get the best possible medical care, and that funds are available for research so that someday other mothers won't suffer the terrible shock that I did.

"Children like Jimmy will benefit most from expansion of the March of Dimes-supported nationwide network of clinical study and treatment centers, which bring the most modern medical care to victims of birth defects, arthritis and polio. Today there are more than 50 of these centers. Our nation could easily use twice that number."

Over Million Of Algerians Face Starvation

More than a million victims of the seven-year civil war in Algeria are in danger of starvation and a third - million more are in destitute circumstances, it was reported today by Rev. R. F. Kuretsch, Chairman of the Texas Christian Rural Overseas Program, a division of Church World Service.

The report came from a survey made by Church World Service and the Christian Committee for service in Algeria. Refugees returning to the war-devastated country are facing the cold winter months ahead and critically need emergency help.

"Since food supplies have been depleted in recent months, and a limited amount of US Government food is available, special requests are being made for Crop food. CROP Committees in Texas counties are being asked to step up their local appeals to help provide the much - needed food items," Mr. Kuretsch said.

"Shipments exported by CROP process of being exported, valued at $66,000 are : 500,000 pounds of wheat: 30,000 pounds of dry beans; 60,000 pounds of chopped beef: 20,000 pounds of sugar; and 2000,000 pounds of general purpose soap."

CROP, the Christian Rural Overseas Program, is the Community Food Appeal of Church World Service, and is operated in Texas as a Department of the Texas Council of Churches. Kuretsch, who is the Chairman of the Department, is also Pastor of the First Protestant Church (United Church of Christ) in New Braunfels.

"Due to the serious lack of housing facilities," Mr. Kuretsch said, "650,000 blankets are urgently requested. A recent emergency shipment to the Congo reduced the supply of blankets in CWS warehouses to 2,500. These have already been sent to Algeria and the American people are being urged, through their churches, to contribute the blankets needed."

The blanket appeal is being presented to Texas churches urging that they organize and promote a Community Blanket Appeal in their local areas so that Texans may be given an opportunity to share in this opportunity of showing Christian love and concern with a blanket.

Underground Irrigation Water Limited

Have you ever asked yourself, "where does all this water that we pump from the thousands of wells in this area come from"?

The High Plains Underground Water Conservation District suspects that many have had such a thought, but that most perons probably do not really concern themselves with actually discovering an answer to the question. According to officials of the conservation district, most people accept water in much the same manner as they accept warmth from the sun and life from the air they breathe.

Spokesmen with the High Plains Water District are quick to point out that underground water beneath the Southern High Plains of Texas is quite different however, from air and the sun's rays. They say, underground water in this area is limited — it's depletable, and can be correctly compared to a deposit of oil, gas, coal or gold. There is only a given quantity of water in storage beneath the land's surface. When we pump water from a well, we are literally mining our deposit of water that required centuries of time in which to accumulate.

Does this mean then, that we should abandon all of our wells and no longer irrigate our land?

No, not at all, say the High Plains Water District officials. They point out, that water can play a beneficial role in our lives only if we put it to use. However, it does mean that we should use the water that we pump from storage as wisely and as efficiently as we know how.

An analogy was used by the District people in which a man has a million dollars in the bank. If he is to realize any benefit from the money, he must check on his account and withdraw some of the money occasionally and put it to use buying the things that he needs. Spending a part of the money that is on deposit not only benefits the man with the million dollar bank account, but it also indirectly benefits his entire community.

The High Plains Water District takes this line of thinking and applies it to the underground water situation in this area.

They say, "The Good Lord deposited the underground water to our account. Only through use does the water have value and benefit to our society. Using water necessitates the purchase of many items. This brings indirect benefits to the entire area.

"The thing to keep in mind, however, is that no one derives any benefit from water used in wasteful practices."

The District officials conclude with a word to those who have been wasteful in their use of underground water in the past. They say, "remember, we're mining water, and unlike the air we breathe and the warmth of the sun's rays we enjoy, underground water is limited. We only have that which is in storage today to last for all time to come. We think that is is a pretty substantial reason for making the most with what water we have.

"Think abou it, and we believe you will agree."

Huggins And Welborn Receive State Award

AUSTIN — An official State Health Department citation was awarded this week to Harold Huggins and Bobby Welborn, service specialists with the Floydada city water department, for proficiency in water plant management.

The impressively designed certificates of competency, signed by the state commissioner of health and authorities of the Texas Water and Sewage Works Association, credit recipients with having demonstrated "skill and knowledge" of water treatment plant management and an understanding of the public health importance of the work.

Under the State Health Department's operator certification program, operators are carefully examined on their technical ability and on their knowledge of their work's influence on community health. Each must pass a stiff written test to qualify for certification.

The Texas general sanitation law requires that at least one plant operator per shift be certified by the state health agency, but other plant personnel and persons in related fields frequently seek certification on their own time and at their own expense to advance themselves professionally and to increase their efficiency as vital public servants.

"The recipients of these certificates are a credit to their profession and to their communities," sponsors of the certification program said.

Points toward certification are earned through actual work experience and by attendance at annual district and state short schools sponsored and conducted by the Texas State Department of Health, the engineering extension Service of Texas A and M College, and the Texas Water and Sewage Works Association.

Informative Program Presented To PTSA Monday

An informative program was presented Monday night to the Parent - Teachers - Students Association at the Floydada Junior High School.

Mr. and Mrs. Tom Snead, chairman and co-chairman, presided at the meeting.

Tommy Wilbanks of the Lubbock Police Department, presented the program, showing the Idento Kit, which is used primarily to make composite pictures of suspects from descriptions given. The kit, only in use to this part of the county a short time, is now being used widely for the purpose in tracking down fugitives.

A good number was present for the meeting.

Less than 4 per cent of a steer is sirloin steak, and only a little more than half is meat. This helps explain the difference between on-the-hoof and on-the-hook prices of beef.

into her body to be absorbed.

Kathy went back home to Grundy in February of 1961 after spending a month at Children's Hospital, but she's been a regular visitor since.

Faithfully each month from March through October, Mr. and Mrs. Anderson drove 650 miles, round trip, between Grundy and Columbus, leaving home at midnight to reach Children's Hospital at 8 a.m. and returning the same afternoon.

Kathy Checked Closely

This enabled Dr. Robertson and all the other members of the Clinical Study Center's medical team to keep a close check on Kathy in the important early months and to act promptly on any changes in her condition.

Now that the critical stage is past, the Andersons must make that long auto trip only once every three months. But it doesn't seem so long to them now because it leads to hope for Kathy's future.

Despite her continued improvement, Kathy's problems are far from over. Says Dr. Robertson:

"Kathy is a cheerful little girl who seems to be responding well to much of the treatment we are prescribing for her. However, like most children with severe birth defects of the central nervous system, she has complications which we can't fully correct because we don't know enough about them yet."

Centers Fight Crippling

The expert medical team at the March of Dimes-supported center in Columbus and those in more than 50 other centers are working to improve diagnosis, treatment and rehabilitation techniques to help make possible nearly normal lives for the victims of crippling birth defects, arthritis and polio.

Jim and Barbara Anderson can only hope that the work of Dr. Robertson and his associates will bring a promising future to Kathy. But they can personally endorse his diagnosis of their daughter's disposition.

"She's a lively, happy baby who loves to have people around her," says Mrs. Anderson. "We try to keep her from getting spoiled but it's not easy. What can you do with four grandparents who have only one grandchild to fuss over?"

Sisters-In-Law Display Arts And Sewing For Public

Two sisters-in-law with hobbies that differ combined their talents one day last week and put on a display of their art and sewing for public show.

Sixty-five guests, a number from surrounding towns, called at the E. J. Barker home Tuesday to view the beautiful works of art in china painting, quilt making, fancy sewing, and oil paintings. Mrs. Barker, art teacher, desplayed oils and china paintings and her sister-in-law, Mrs. C. B. Lyles, showed an array of quilt making and embroidered arts. Also on display was the table setting of Mrs. C. W. Jones, one of the outstanding china students of Mrs. Barker.

Mrs. Barker, who has resided in Floydada since 1916 has been conducting classes in oils and china painting for 35 years. She has taught in Plainview, Lockney, Portales, Clovis and Floydada. Another sister of Mrs. Barker, Mrs. E. B. Chesnutt, has taught art since 1953. She teaches china painting, art classes for children and young people and was a teacher of a kindergarten group until she fell during the summer and sustained a broken hip.

Mrs. Barker was director of the Caprock Community Art Show from 1952 through 1955 which was held in Floydada annually. She served as president of the Paint Brush Art Club, which sponsored the show.

The Texas Fine Arts Association circuit exhibit was held in Floydada for the first time in 1953 under the sponsorship of the Federated Clubs and the Chamber of Commerce. In 1959 it was held under the auspices of the 1956 Study Club.

Students of Mrs. Barker have gone far under her teachings. Among the outstanding amateur painters of Floydada was the late Mrs. Dan D. Shipley. Mrs. Shipley first became interested in art in 1916 when she studied with a Plainview teacher. She started working in oils in 1944 under the direction of Mrs. Barker and also did china painting.

Among the most promising young painters in Mrs. Barker's group in 1959 was Eric Christensen, son of Mr. and Mrs. L. H. Christensen. An oil painting of his dog, "Maxmillian" won the grand prize and $15 in a division of the State Fair of Texas. The painting received 16 blue ribbons at the fair and was adjudged "picture of the day" on one occasion. Eric also won awards at other fairs with his painting. He is now attending the University of New Mexico at Albuquerque.

Eric started studying under Mrs. Barker at the age of seven.

He has exhibited his paintings in the Texas Techological College museum; Art Gallery at Kansas City; and Laguna Art Gallery at Galveston.

Mrs. Barker herself was a youngster when she became interested in painting. She started her studies in 1910. She has been an award winner in numerous exhibits of art as well as her china painting. Her painting of the "Blue Bonnet" won first place at the Texas Fine Art Exhibit at Austin. She took first places in 1960-61 for her china painting at the South Plains Fair at Lubbock but said "I found myself too busy to enter in 1962". Her favorites in art are her Christ paintings.

At the age of 72 Mrs. Barker is still teaching. At present she has four students. Several of her graduate art students are now teachers, three at Lockney and Mrs. Chesnutt in Floydada.

Mrs. Barker says "a person is never too old to start painting." "Mrs. Shipley did at the age of 88 and I had a man student at Portales to start at the same age, nor are you ever too young," Mrs. Barker continued.

Mrs. Barker is the daughter of the late Mr. and Mrs. J. W. Lyles, pioneers of Floyd County.

Mrs. Lyles is just as interested in her lovely quilt work as her sister-in-law is in her paintings. Her lovely work has almost become a lost art, but now is becoming more popular with housewives of today.

MRS. C. M. LYLES displays two of her favorite quilts, the Tulip and the Morning Glory, which were just a few among her many that were shown last week at a "coffee and hobby party" held in the E. J. Barker home. Other lovely handmade articles were also shown by Mrs. Lyles.

Martha Class Of Calvary Baptist Supper Honorees

Mr. and Mrs. Clarence Foster were host and hostess for a supper party honoring the Martha Sunday School class in the dining room of the Calvary Baptist Church Thursday night. The group present enjoyed a lovely feed and an evening of good singing and fellowship.

Present for the occasion were Mrs. Edna Patton, Mrs. Vernon McPeak, Mr. and Mrs. Travis Lightfoot and Mike, Mr. and Mrs. Houston Bradford and Charles, Mrs. C. E. Finley, Rev. and Mrs. Vance Zinn, Wiley, Joy and Kathy, Mrs. Lindsey Warren and Ruth, Mrs. C. L. Bradford, Delzie Bradford and the host and hostess, Mr. and Mrs. Clarence Foster.

Floydada Garden Club Has Guest Day And Bazaar

Friday morning the Floydada Garden Club held a bazaar and guest day in the home of Mrs. J. B. Bishop. Funds from the bazaar will go into the Floyd County park fund.

Guests were greeted by Mrs. Bishop, Mrs. B. A. Robertson and Mrs. Grady Walker.

They were registered by Mrs. Ed Muncy and assisted in the display room by Mrs. J. M. Willson and Mrs. R. E. Fry.

The serving table was laid with a Christmas decorated net cloth of red, green and white, accented by a tall white candle decorated in gold. Mrs. L. T. Wood presided at the silver service and was assisted at the table by Mrs. Tom Porter.

Guests registering were Mmes. Doyle Moore, W. D. Mount, F. M. Smith, George Stiles, W. D. Newell, Fred Brown, Grigsby Milton, L. W. Crabtree, Carl Yoakum, P. W. Bell, Burl Huckabay, Guy Ginn, Tate Jones, Charlie Lewis, Newell Burk, J. H. Barnard, J. R. Williamson, Jimmy Willson and Nanette Burk.

Members present included Mmes. Harry Koenen, Lee Rushing, Edna Hunter, S. E. Thurman, Wilson Kimble, George Smith, E. F. Stovall, I. H. Parks, A. V. Stewart, E. J. Morehead, Ed Muncy, Troy Leonard, L. T. Wood, P. F. Bertrand, S. J. Latta, J. M. Willson, Tom Porter, Grady Walker, B. A. Robertson, R. E. Fry and Mrs. J. B. Bishop.

Jimmy Willson Jr., was overnight guest Friday of Mr. and Mrs. Douglas Pitts at Matador and Saturday morning the two men went to Waco where they are attending a Masonic Convention. They are due back home tonight. Leaving for the convention Sunday were Wallace Trapp and J. S. Calahan Jr., and on Tuesday were Wayne Russell, Lyndal Carey and Troy Bearden. Mr. Bearden is from the Petersburg Masonic Hall.

Among Mrs. Lyles' quilts are the "turkey track" design, "Lone Star", the "Fan" the "Tumbling Block" and one which shows an unusual amount of work features, the "State Flower" quilt.

Her favorite however is the "Morning Glory" and "Tulip".

Mrs. Lyles has been quilting for several years or since her six children have married and left home. She has 17 grandchildren and most of the quilts are going to them as they marry, she said. Six have already received their quilts.

The hobby of Mrs. Lyles has brought her many peaceful hours. She said, "I never sit down that I don't have quilt pieces in my lap". She continued, "I have saved quilt patterns since a young girl and guess I taught myself how to quilt as my mother died when I was quite young."

Mrs. Lyles has only entered her fancy quilts in the Floyd County Fair of which she won blue ribbons. "I never take the time to enter them in other fairs" she commented.

The hobbyist is the daughter of the late Mr. and Mrs. Bob Allen.

Hostesses assisting Mrs. Barker and Mrs. Lyles were Mrs. George Stiles, Mrs. S. E. Sparks, Mrs. Marvin Lyles, Mrs. C. W. Jones, and Mrs. A. L. Barker.

STUDY CLUB TO HAVE CHRISTMS PROGRAM

Lutrick Home Is Scene Of Club's Christmas Party

Mrs. Charles Lutrick, Mrs. J. S. Hale Jr., and Mrs. J. P. Moss were hostesses to members of the 1934 Study Club at a Christmas and Pinata party in the home of Mrs. Lutrick Tuesday night. The Latin-American theme, which is the year's study topic, was carried out in the Christmas decorations.

Mrs. Ralph Johnston led club members in prayer for the opening of the meeting, after which she gave a report on the Fine Arts Department.

"The Legend of the Christmas Eve Flower" adopted by Cynthia Pearl Mans, was given by Mrs. Hale. Mrs. Moss spoke on the Latin American Christmas customs.

Members brought exchange gifts which they placed in the Pinata and much effort was made by different members before the Pinata was eventually broken and the gifts distributed.

Mrs. A. W. Wylie Jr., presented as her gift to the club an exercise mat for use in Andrews Ward school. Gifts for patients at the State Hospital were also brought and they will be forwarded to them in time for Christmas.

Refreshments were served to Mmes. H. G. Barber, Ralph Coggdell, A. W. Coltharp, Dennis Dempsey, R. G. Dunlap, Homer Guffee, John Hoffman, Ralph Johnston, C. O. Lyles, Joe March, M. J. McNeill, Virgle Shaw, George Springer, John Stapleton, G. W. Switzer, J. M. Willson Jr., A. L. Wylie Jr., and hostesses, Mrs. Lutrick, Mrs. Hale and Mrs. Moss.

Golden Circle SS Class Meets

The Golden Circle Sunday School class of the First Baptist Church met in Fellowship Hall on Nov. 28 for a business and social meeting.

Mrs. J. C. Newsome gave the devotional and Mrs. R. H. Smith gave the program on "Good News to Share". Closing prayer was by Mrs. Newsome.

Members present were Mmes. E. F. Stovall, Calla Wilson, J. E. Horton, Pearl Fuqua, W. C. Sims, L. A. Marshall, Joe Wilson, R. L. Nichols, R. H. Smith, Pearl Martin, J. C. Newsome and Miss Marie Marshall.

Ceremony Unites Jo Ann Newton-Floyd K. Linch

An impressive double ring ceremony Sunday, December 2, united in marriage Miss Jo Ann Newton and Sp-4 Floyd K. Linch in the Baptist Church at South Plains. Rev. Sealey Smith, pastor, read the vows before an altar banked with baskets of white glads.

Parents of the couple are Mr. and Mrs. E. W. Newton of South Plains and Mr. and Mrs. T. U. Linch, of Floydada.

Miss Barbara Milton was organist and presented wedding selections, among them "O Promise Me" and "Because".

The bride was given in marriage by her father. She wore a street length dress of white net over taffeta, fashioned with a fitted bodice of identical material and a high scalloped neckline. Circlets of seed pearls highlighted each scallop and accented her shoulder length veil of illusion which fell from a tiara of white seed pearls. The bride carried a bouquet of white roses touched with blue.

Mrs. Eugene Byrd of Stanton, sister of the bride, was Matron of honor. She wore a blue street length dress of dacron, princess style with pleated skirt, and a round neckline coming to a v-shape in the back. She wore white accessories and carried a nosegay of white carnations.

Dennis Warren served as best man and ushers were Nathan Mulder and J. Ronald Taylor.

A reception followed the wedding in Fellowship Hall of the church. Mrs. Leonard Moore of Lockney, sister of the bride, and Mrs. Faye Reynolds, Amarillo, aunt of the bride, presided at the table. The two were assisted by Mrs. Collis Roland and Yvonne Karr. Guests were registered by Mrs. Delmas McCormick, aunt of the groom.

The bridal table was laid with a white lace cloth over blue and centered with the bride and matron of honor's bouquets. A three tiered wedding cake and punch were served from crystal appointments.

For traveling the bride changed to a blue sheath dress with black accessories. The couple will make their home in Mineral Wells where the bridegroom is stationed with the U. S. Army.

Mrs. Linch is a graduate of Floydada High School. Her husband attended schools here and completed his education in the Army.

Inspiring Story Of Christmas Is Given 1950 Club

The annual Christmas party of the 1950 Study Club was held Tuesday night in the home of Mrs. Sammy Hale. Mrs. Adrian Helms led opening prayer and members answered roll call with a hint on Christmas decorations.

The program on "When Mary Went to Bethlehem" was given by Mrs. Charles Craig. Her inspiring story was followed by Christmas music and the exchanging of gifts.

Present for the evening were Mmes. Tommy Assiter, Howard Bishop, Bob Copeland, Charles Craig, J. L. Dalton, Lane Decker, Claude Estes, Earl Edwards Jr, Bill Feuerbacher, Herman Graham, Sammy Hale, David Kirk, Cecil Lewis, James Lovell, Doyle Moore, Bobby Rainer, Tom Thedford, Claude Weathersbee, Adrian Helms, Ralph Rucker, Elwin Chappell and Ruth Perry.

Lois Ann Glover Given Courtesy In G. Ginn Home

Lois Ann Glover, bride elect of Gerry Sawyer, was extended a bridal courtesy Saturday afternoon from 3 o'clock until 4:30 in the home of Mrs. Guy Ginn.

Mrs. Ginn received guests and presented them to the honoree, the prospective bride-groom's mother, Mrs. Leo Sawyer and Mrs. Raymond Teeple, aunt of the bride to be.

Guests were registered by Mrs. Lon V. Smith and Mrs. George Smith. Beth Scott presided at the silver service.

The bride's table was covered with a white net cloth designed with pastel sequins patterned in miniature wedding bells. The centerpiece was a large blue candle trimmed with white roses.

Hostesses for the event were Mmes. Ralph Johnston, Lon V. Smith, George Smith, Zant Scott, John Reue, Effie Foster, A. S. Mize, W. C. Snodgrass, Doyle Mount, J. R. Tinnin, Troye Stansell, L. H. Blum, Sam Lide, Grady Walker, Q. D. Williams, J. T. Myrick Jr., Bun Hopper, Tom Porter, A. H. Robertson and Mrs. Guy Ginn.

Miss Glover received an electric mixer from hostesses.

Study Club Will Sponsor Special Education Party

The regular business meeting of the 1962 Jr., Study Club was called to order Tuesday, Dec. 4, in the home of Mrs. Greer Christian with Mrs. Bobby Christian as active hostess. Roll call was answered by each member's plans for Christmas.

A full agenda of old and new business was brought before the club as Christmas and new projects were brought forth for discussion. The new club will entertain the special education class of Andrews Ward with a Christmas party as one of their projects, along with trying to bring more Christmas cheer to children of the less fortunate families in Floydada.

The new name of Mrs. Bill (Kay) Orman was brought forth for consideration of membership and she was unanimously accepted by secret ballot.

After adjournment by the club president, special Christmas refreshments were served from a lovely holiday serving table. The club members enjoyed finger sandwiches, cookies, and hot spiced tea, before opening their Christmas gifts from their "Secret Pals".

Games of bingo and password were enjoyed by all, especially those who were rewarded prizes as winners.

Annual Dinner Honors Martin & Company Group

Martin and Company in Floydada and Lockney honored their employees and their families Tuesday night at the Colonial House with an annual Christmas dinner.

Those attending from Lockney included Mr. and Mrs. Blaine Holt, Mr. and Mrs. Al Stewart, Lowell Bilbrey, Bobby Spence, Mr. and Mrs. Gwen Bailey, Roy and Bob Varner and Bob McDonald.

Attending from the Floydada company were Mr. and Mrs. Mark Martin, Mr. and Mrs. Fred Martin, Mr. and Mrs. David Lewis, Mr. and Mrs. Alvie Jackson, Mr. and Mrs. Rainey Varner, Mr. and Mrs. Weldon Kirk, Mr. and Mrs. Bruce Johnson, Mr. and Mrs. E. J. Barker, Larry Stewart and Fred Zimmerman Jr.

Also Mr. and Mrs. Milton Jetton of Plainview, Mr. and Mrs. O. P. Rutledge of Tahoka and John Lewis of Adrian.

Texas Farmers Union Meets In San Antonio

Farmers from every area of Texas will congregate at San Antonio at the Granada Hotel on December 7th and 8th for the 59th Annual Convention of the Texas Farmers Union.

Highlighting the convention program will be the appearance of a Hartington, Nebraska banker, Vincent Emmett Rossiter, who has gained nation-wide recognition for his speech made before the Land and People Conference held recently in Denver, Colorado.

In the Denver speech, Rossiter told the conference on Land and People "We must restore the profit level in our basic industry of agriculture and thus the total economy, or we will be unable as a nation to sustain the more than one trillion dollars of public and private debt that presently exists at all levels of the financial system of this country."

Rossiter went on to ask the questions "When all of the farmers and rural townspeople have moved to the city and the last dollar of credit is spent duplicating facilities that are left to rot and decay in the rural areas, what then?"

"What will sustain the economy when the last resource has been shifted and the last dollar of credit used up?"

He went on to answer his own questions, "Then the law of the jungle will really prevail and our theorists will find that all of the money that they leave accumulated with their efficiency and the shifting of resources isn't very palatible, and they will wonder what happened to the food and fiber that used to be so abundant".

Rossiter refers to himself as a "dirt banker" as a counterpart the "dirt farmer" and his varied and colorful career from farm hand to bank president might well be an Horatio Alger success story.

After graduating from high school at Hartington, Rossiter attended and graduated from St. Paul, Minn. in 1932. During the lean years of the 1930s, he worked as WP laborer, farm hand and a salesman: and in 1936 he went to work for the Bank of Hartington as a bookkeeper. He was promoted through the various departments of the bank until he became president in 1951.

He is now President of the Bank of Hartington, Hartington, Nebraska. Treasurer and Director of the Hartington Telephone Company, Hartington, Nebraska. Past Chairman, and now a member of the Independent Bankers Association Committee on Agriculture (an association of 6,000 plus predominatry rural bankers.) interests, of the Nebraska Agricultural Products Research Fund Committee, (administering a million dollar State program intended to find new and industrial uses for farm products.) Member of Agricultural Public Relations, and is chairman of the Advisory Committee to the State Director of the FHA, State of Nebraska.

Rossiter will appear on the convention program at 10:00 A. M. Saturday morning.

Also appearing at the Texas Farmers Union convention will be National Farmers Union President James G. Patton who will address the banquet on Friday night, December 7th.

District Gold Star Banquet

The 5th Annual District 4-H Gold Star Banquet honoring all Gold Star winners of District Two was held at Lubbock Monday night December 3. The banquet is sponsored by the Electric Cooperatives of this area.

The honorees included Floyd County Gold Star Girl, Paulette Kropp of the Lockney 4-H Club and Neil Mitchell of the Sand Hill 4-H Club.

Paulette is the 17 year old daughter of Mr. and Mrs. Paul Kropp who completed her third year of 4-H club work this year. She is a freshman at Texas Tech. Paulette has served as president of her local club, secretary and chairman of the Floyd County 4-H Council. She has participated in the County Dress Revue, the County and district 4-H Favorite Food Show, and at many livestock shows with several champion lambs. Her 4-H projects include: Jr. Leadership, foods, clothing, sheep, swine, beef cattle, electricity and public speaking.

Neil Mitchell is the 14 year old son of Mr. and Mrs. Chester Mitchell of Lockney. Neil is a freshman at Lockney High School and has completed 6 years in 4-H work. He has served on the recreation committee for county camp and district electric camp and participated in the Field Crop demonstration contest in the county, district, and state. He has shown champion steers and barrows. Neil's projects include: swine, beef cattle, crops, Jr. Leadership and electricity.

Frank Junell, v-president of Citizens National Bank at Lubbock was master of ceremonies. Judge Charles E. Lawrence, county judge of Gaines County was guest speaker. The Suttle Sisters of Lubbock provided musical entertainment.

Ushers for the banquet included Janice Miller, daughter of Mr. and Mrs. Lynn Miller, Sand Hill and Norman Hopper, son of Mr. and Mrs. Bob Hopper, Harmony. Floyd County delegates to the district 4-H Council, Paulette Kropp and Norman Hopper were on the committee to help plan the banquet.

Also attending the banquet in addition to the two Honorees and two ushers were: Mr. and Mrs. Paul Kropp and Jimmy; Mr. and Mrs. Chester Mitchell; Mr. and Mrs. Lynn Miller; Mr. and Mrs. Bob Hopper, Mr. and Mrs. Cecil Lewis; Phyllis Roggendorff, Darrell Smith, and Lighthouse Electric representatives Mr. and Mrs. Harry Morckel and Delbert Smith. Lighthouse Electric is one of the sponsoring Electric Coop. for the banquet.

JRS. & SRS. IN 800 HI SCHOOLS PARTICIPATE IN TESTS

Junior and senior high school students in more than 800 Texas schools are participating in a three - year testing program sponsored by the Texas Education Agency to evaluate current standards of education in the state and to determine the possible need for revision of the state curriculum outlines.

An estimated 200,000 students in grades seven, nine, ten, and eleven are being given a series of standardized tests published by Science Research Associates, Inc., Chicago - based educational publishing firm, in an effort to measure their educational ability in the natural and social sciences, mathematics and English, and their aptitudes in the job skills, interests, reasoning ability and language usage areas. Tests of other publishers are also being used in the statewide program.

The TEACH Battery, a specially constructed combination of tests designed to meet Texas Education Agency curriculum specifications, is being used in ninth grade. Other SRA tests used in the study are the company's Tests of Educational Ability (TEA) and Achievement Series in seventh grade; the Flanagan Aptitude Classification Tests (FACT) in ninth and tenth grades, and the Iowa Tests of Educaitonal Development (ITED) in eleventh grade.

These tests are administered by local school officials and sent to McHenry, Ill., for scoring by the company's DocuTran Service (T.M.), an unusual high-speed, high-accuracy data processing system that operates without need of special electrographic pencils or punched cards. Score reports, including class, grade and system composites which can be used for comparing performance locally with national norms, will be returned to each school for evaluation.

The current fall test period, the first in the three-year study, will end December 15. Another test period has been scheduled for Spring, 1963.

Grain Sorghum Prices Reduced

Grain sorghum producers received a cut in net income of 25 per cent to 100 per cent as the price supports and layout payments were announced by Secretary of Agriculture Orville Freeman. This administrative decision will amount to as high as $6 per acre throughout much of the grain producing areas.

There are two cuts to the farmers' prices: (1) Two cents per hundred on the support price (national average 1.91 per hundred instead of 1.93 as in 1962), and (2) not so widely known is the cut in payment on the layout acres. Secretary Freeman announced it would be at 20 per cent instead of 50 per cent of normal yield of 1959 - 1960 base years. This is a cut of 60 per cent of the 1961 - 1962 payment rate or a total of about $25 per acre on the first 20 per cent of the base to be laid out. This is required to comply with the 1963 Feed Grain Program. Payment on the second 20 per cent layout, which is optional, remains at 50 per cent of normal yield.

The Grain Sorghum Producers Association has been busy this past week gathering information about the effect on farmers of these cuts, and trying to determine the reason for such cuts. Elbert Harp, President, said the Association will have a delegation in Washington, D.C. this week working with the United States Dept. of Agriculture officials.

It is hoped to have the support price and layout payments restored to the 1961-1962 level. It is believed this was the intent of Congress and because of earlier discussions with the Department of Agriculture, there was every reason to belleve that the prices would not be cut. If allowed to stand as announced, these drastic cuts would result in needless hardship on the commercial feed grain producers of the nation and even send many into bankruptcy. The only farmers who can profit from this program as announced are the non - commercial producers. They feed their grain and still collect the 29 cents per hundred pounds direct payment in addition to the payment on the layout land for complying. The Department feels the direct payment will take the place of part of the payment on the layout and result in an even better participation in the program.

The commercial producers did not receive due consideration and everything possible is being done to bring this to the attention of officials.

LEGAL NOTICE

THE STATE OF TEXAS

TO: WILLIAM ELDEN HARDEN GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 31st day of December, A. D., 1962, at or before 10 o'clock A. M., before the Honorable District Court of Floyd County, at the Court House in Floydada, Texas.

Said plaintiff's petition was filed on the 10 day of October, 1962. The file number of said suit being No. 4943.

The names of the parties in said suit are:

EVELYN JANICE HARDEN as Plaintiff, and

WILLIAM ELDEN HARDEN as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce, Plaintiff alleging that Defendant has been guilty of excesses, cruel treatment and outrages toward Plaintiff of such a nature as to render their further living together insupportable, and to entitle Plaintiff to divorce; Plaintiff further alleging that one child was born as a result of the marriage of Plaintiff and Defendant, to-wit: a girl named Kimmie Janine Harden, and asking for custody and control of said child, all as is more fully shown by Plaintiff's Petition on file in this suit.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 13th day of November A. D., 1962.

Given under my hand and seal of said Court, at office in Floydada, Texas, this the 13th day of November A. D., 1962.

Chalk Up 26 Years In 4-H, Claim Top State Awards

Christine Laws

Debra Witzsche

Carroll Rabel

Randall Ihms

Talent, persistence and an aggregate of 26 years of 4-H experience have paid off handsomely for four Texas 16-year-olds.

Each has won a state championship, and two won trips to the 41st annual National 4-H Club Congress held in Chicago Nov. 25-29.

Debra Witzsche of Austin and Christine Laws of Buda are two of the state's 4-H Dairy Foods demonstration team members. Each won a handsome wrist watch donated by the Carnation Company.

Carroll Rabel of rural Rosanky won the state swine project crown and Randall Ihms of rural Georgetown, the poultry crown. Rabel was named recipient of a Moorman Mfg. Co.-donated trip to Chicago. Ihms was the guest of the Heisdorf & Nelson Farms, Inc.

Miss Witzsche, daughter of Mr. and Mrs. N. J. Witzsche, has been a 4-H junior leader three years. In her six 4-H project years she has prepared 579 dishes and 193 meals, made 353 dairy foods dishes, and completed food preservation, clothing and home improvement projects.

Miss Witzsche is president of her local and chairman of her county 4-H Clubs, as well as a delegate to the district council.

Miss Laws, daughter of Mr. and Mrs. Preston Laws, has completed 1,593 complete meals and 2,335 other meals in foods-nutrition work, canned 43 jars, frozen 815 packages and participated in gardening, poultry, clothing, home improvement, stock breeding, lamb raising, safety and four years' junior leadership.

Rabel, son of Mr. and Mrs. Henry Rabel, has spent seven 4-H years helping improve the family's 684-acre Bastrop County operation.

Beside raising 752 swine, he has devoted four years to electric projects, five to landscaping, three to entomology, two to corn and one to soil conservation projects.

Ihms is a member of a 100 per cent 4-H family. His mother and father were both 4-H'ers and now are leaders. His older brother and younger sister both boast impressive 4-H records.

Young Ihms' poultry projects total 1,121 birds in six 4-H years. He also has raised 11 beef animals and two sheep while completing agricultural, electric and junior leadership programs.

He is past-president of his local club and co-chairman of the County 4-H council.

Whirlettes Are Winners Of Tahoka Basketball Tourney

The Floydada girls basketball team brought home their first tournament championship in a number of years when they took first place at Tahoka last weekend. Coach Kelly Chadwick and his Whirlettes breezed through the eight team bracket and were never extended.

In the opening round of play the Floydada girls downed Crosbyton 65 - 35 as all members of the team got in for some action.

In the semi-finals on Saturday morning the victim was Slaton's Tigerettes who fell to the tune of 41 - 68. Saturday night the girls put the game on ice quickly and coasted in for a 62 - 29 championship victory over the New Home Girls team.

Beside the big three foot high championship trophy the Whirlettes also came in for additional honors when Jan Alexander was named to the all - tournament team as a forward. Jan scored 116 points in the three games of the tournament to lead all forwards. Team mate Charlotte Pierce was also named to the all-tournament team as a guard.

4-H Projects Pay Off For Four

Two Texas teen-agers have been awarded all-expense paid trips to the 41st National 4-H Club Congress in Chicago as rewards for being the state's top 4-H'ers in their 1962 club projects.

They are Janet Paclik, 17, of Gainesville, entomology project winner, and Sereita Giaketti, 15, of Montague, top electric project winner.

The Cooperative Extension Service also picked Eugene Roberts Jr., 19, of Paris, as the state boy leadership winner, and Eugene Schilder, 17, of Arlington, as winner of the state beautification of home grounds award.

Roberts will receive a special

citation from the Sears-Roebuck Foundation, Chicago, and Schilder will be awarded a 19-jewel wrist watch by Mrs. Charles R. Walgreen of Chicago.

Miss Paclik will be the Chicago guest of the Hercules Powder Company, Wilmington, Del., and Miss Giaketti's trip will be sponsored by the Westinghouse Educational Foundation, Pittsburgh.

The two trip winners will compete for $400 scholarships that their sponsors will award to national winners during the congress in the Conrad Hilton Hotel on Chicago's lakefront.

Miss Paclik, daughter of Mr. and Mrs. Rudolph Paclik, fulfilled the objectives of the entomology project when she learned the life history of insects and how to control them through use of insecticides.

"I live on a farm and there are many insects to control," she said. She also collected more than 100 different varieties of insects.

Miss Giaketti, daughter of Mr. and Mrs. J. L. Giaketti, said: "When my mother has trouble with her small electrical appliances, I can usually tell what is wrong with them and repair them."

The project is designed to teach 4-H'ers more about electricity and to properly use and care for electrical equipment.

Roberts, sophomore at Paris Senior College, has held more than a dozen leadership posts and is a former president of the Lamar County 4-H Council and state 4-H District 5.

The leadership project is designed to provide opportunities for club members to acquire knowledge, skills and desirable attitudes needed by leaders and members of democratic groups.

Schilder fulfilled the objectives of his project when he transformed what he said was "a poor, weedy unkept yard" into a spot of beauty through planting of flowers and trees and putting in sidewalks around flower beds.

a level within the range of 65 to 90 percent of parity will be available to growers who comply with their farm allotments, and marketing quota penalties will apply to any "excess" cotton produced on a farm.

If more than one-third of the voters oppose quotas for the 1963 crop, the allotment program will remain in effect, and price support will be available to cooperators at 50 percent of parity, as provided by law.

All farmers who engaged in the production of upland cotton in 1962 are eligible to vote in the Dec. 11 referendum. Also the wife of an eligible voter is eligible to vote.

1963 WHEAT STABILIZATION SIGN UP -

December 14, 1962 is the final date to sign up for participation in the 1963 Wheat Stabilization Program.

Things to Remember about the 1963 Wheat Program:

(1) December 14 - final date to sign up.

(2) You are eligible for the $1.82 price support without reducing from the original allotment.

(3) You may divert 20 percent to 50 percent of your 1963 allotment.

(4) If you sign up to reduce and do not reduce the amount signed up for you will not receive price support on any of the wheat produced on the farm.

(5) You may graze the wheat on designated diverted acres until May 1, 1963.

1963 ACP SIGN UP -

The sign up for practices to be carried out after January 1, 1963 will start January 2, 1963 at 8 a. m.

The per farm and per person limitation for Floyd County has been set at $800.00. We are having increased participation in the ACP and the county committee decided to reduce the limit to make the allocation available to more participants.

Kirk & Sons Will Have Christmas Party on Saturday

Kirk and Sons Hardware and Furniture in Floydada has announced a big Christmas party for Saturday, December 8. On that date everyone is invited to come in and help the firm celebrate.

David Kirk told the Hesperian this week that he is planning to make this an annual affair. Last year Kirk's tried the party for the first time and it proved so popular that the event is to remain on the store calendar.

There are no strings attached to the Christmas party celebration. There will be free coffee, doughnuts and refreshments for callers all day. Kirks will give some nice favors to all visitors and they will be asked to register for a number of valuable door prizes.

Kirk's are in the midst of a pre-holiday furniture sale and have furniture on display for every room in the house. Callers are invited to look over the big selections that are being offered at year-end sale prices — and in time for Christmas shopping.

Texas Taxpayers Show Increased Incomes For Year

Texas taxpayers reported $13.6 billion adjusted gross income on the 2,873,000 Federal income tax returns filed for 1960, Ellis Campbell, Jr., District Director of Internal Revenue, said today.

Income statistics, after allowance for deductions and exemptions, showed taxable income in Texas of $7.17 billion resulting in income tax liability of $1.69 billion.

Both items represent increases over the income year 1959 — an increase of 0.3 per cent on taxable income ($7.15 billion in 1959) and an increase of 0.2 per cent in income tax liability ($1.69 billion in 1959).

Internal Revenue reports that Texas tax returns showed an increase in 1960 over the previous year in salaries and wages, dividends, interest, and combined other income and loss. Largest increase reported was the 14.1 per cent rise in interest with $213 million reported in 1960 as against $187 million in 1959. Dividends were 8.3 per cent higher with $321 million in 1960 and $297 million in 1959. Combined other income and loss reported in 1960 was $2,384 million in 1960 as compared with $2,376 million in 1959, an increase of 0.3 per cent.

Salaries and wages showed the largest dollar amount increase, with $10,658 million reported in 1960, an increase of 0.8 per cent over the $10,575 million in 1959.

On a nationwide scale, Internal Revenue's Preliminary Report for 1960 indicates the vast change in taxpayers' adjusted gross income over the past decade. In 1950 only 14 percent of the returns had income over $5,000. By contrast, of the 61 million individual returns filed for 1960, 42 per cent showed income above the $5,000 level.

As might be expected, the bulk of the increase in income from taxpayers reported nationally during 1960 came from salaries and wages, and it dwarfed the changes from other sources. Salaries and wages totaled $257.9 billion for 1960, a $10.5 billion increase over 1959.

Taxable income nationally reflected the over-all rise in the level of income received by taxpayers in 1960. Taxable income of $171.6 billion represented a $5.1 billion increase over 1959, with the result that income tax liability rose to $39.5 billion — over $800 million hi 1959.

This information is the Preliminary R tics of Income - 19 Income Tax Return by the Internal Rev This publication is a the U. S. Governm Office, Washington, cents.

Baptist Pastor Resigns, And Will Move Family Back To Lubbock

CENTER, December 3 — Sunshine is beautiful today after last week's damp, cloudy weather.

Church was well attended Sunday in spite of the dreary weather. It was sad for us at Calvary Baptist Church as we were hearing the last sermons by Brother Zinn as our pastor this year. He has resigned and this week he and his family are moving back to Lubbock. We regret losing these faithful, talented people and wish for them happiness, health and continued success wherever they are.

The Martha Class entertained the Zinn family Thursday evening at the Center dining hall at the church. The Zinns were Sunday dinner guests of the J. E. Greens.

Mr. and Mrs. J. D. Welborn and Donna spent Saturday night with the Nolan Arneys. Donna spent Sunday and Sunday night with Mr. and Mrs. Bobby Welborn and children.

Weekend guests of the Thomas Warrens were her sister and family, the Bob Alldredges of Hobbs, N. Mex., who were on their way home from Oklahoma City where they had gone earlier in the week for medical aid for one of their children. Also a guest in the home was Mrs. Charley Battey. Others there Friday evening were Mrs. Ola Warren, Mr. and Mrs. Fred Battey, Mrs. Evers and Mr. and Mrs. Burl Huckabee.

Mr. and Mrs. James Lovell are busy building a house on a plot east of Floydada.

Kitchen And Field Report

from Lighthouse Electric Cooperative, Inc., by Nancy Morckel, Home Economist

"Home for the Holidays" - is an expression heard often these days, some going home, some coming home, but either way it is such a heart-warming expression.

It seems the traditional holiday festivals bring out the visitor and party-giver in all of us. Thanksgiving, Christmas, New Year's - when children are home from school, when friends and relatives gather to celebrate the season together.

During most of the year, people split up by age groups for most of their parties; but the best of the holiday affairs are a joyous coming-together of all ages, from great-grandparents to toddlers, and a time for entertaining not just the family circle, but the neighbors as well.

How most people celebrate these occasions - the foods they serve - the things they do - are so firmly rooted in their own family history, their religion, and the place they live it would be impertinent to even offer a suggestion that might contradict traditional customs in their family.

Be a Good Planner - Be a "Choosy" Buyer -

Choose only the foods that will meet the needs of your family and one that will spell time-saving and convenience for you this busy holiday season.

Don't forget that your food freezer is one of the best helpers you can find - if only given the chance. Planning meals is a pleasure instead of a chore when the food is in the freezer and not at the store.

Mr. and Mrs. Ronnie Dalton spent the weekend in Littlefield with his parents, Mr. and Mrs. Lloyd Dalton.

Mr. and Mrs. Gary Jones and Darla of Lubbock spent the weekend with her parents, Mr. and Mrs. Ed Pollan and other relatives in Floydada.

Wiley Rogers, Ed Pollan and Andrew James went to the ball game in Lubbock on Saturday afternoon and Saturday night they went to Canyon to see the Petersburg- Sunray game.

Mr. and Mrs. Doyce Smalley spent the weekend in Garland visiting his brother Earl Smalley and Mrs. Smalley.

Mr. and Mrs. Jackie Duke, Lana and Randy visited in the home of his sister, Mr. and Mrs. Edward Baird in the Harmony community on Sunday. Other guests in the Baird home was another brother and his family, Mr. and Mrs. Jimmie Duke.

A good salad for holiday leftovers is:

Hot Chicken (or Turkey) Salad

3 cups cooked chicken
½ cup chopped almonds
1 tablespoon minced onion
1½ tablespoons lemon juice
1-8 teaspoon pepper
1 cup mayonnaise
1½ cups grated cheddar cheese
1½ cups crushed potato chips
1½ cups diced celery

Combine chicken, celery, almonds, onion, lemon juice and pepper in mixing bowl. Add mayonnaise and toss. Put into casserole dish - sprinkle the top generously with grated cheese and finish with the crushed potato chips.

Bake in preheated oven (375 degrees) for 25 minutes.

And for a delicious dip - and it's a "Christmas color" as well - you might like to try the following recipe for -

Avocado Dunk:

2 avocados
1-4 cup mayonnaise
2 tablespoons lemon juice
1 garlic clove, mashed
3-oz package cream cheese
Freshly ground black pepper and salt to suit taste
1 teaspoon chili powder (may be omitted)

Peel avocado and mash the pulp. Add other ingredients and mix well (here is where a blender does a good job). Cover and let stand for at least one hour. Serve with corn chips.

Mr. and Mrs. Tom Hutchins and Dale spent Sunday afternoon with Tom's mother, Mrs. J. H. Hutchins in Ralls.

Norman Ferguson attended the FHA "Best Beau" banquet in Lockney Saturday night with Mary Starkey.

Mr. and Mrs. Jerry Bourland of Abilene spent the weekend with their parents, Mr. and Mrs. Pete Hickerson.

Carolyn Porter, Cashier at the Lighthouse, attended the Newton-Linch wedding in South Plains on Sunday.

A letter recently from a lady in Victoria, Texas, wanted to know if we had cook books Nos. 1 and 2 for sale, and if we didn't could we tell her of anyone who had a copy of these books they would like to sell. She wants them to add to her cook book collections. She ordered a copy of our current book (No. 3) and was so well pleased with it that she ordered some more copies for Christmas gifts. She said, "I received the cook book and it is wonderful. I have lots of books in my cook book collection but the Lighthouse book is one of the nicest I have." So if you want to sell either of these books or know of someone who would like to sell either o fthese copies let me know and I will get in touch with her.

Delbert Smith, Harry Morckel and I attended the 5th Annual Gold Star Banquet at Memorial Hall in the First Methodist Church of Lubbock on Monday night, honoring County Gold Star winners of District II Texas Agricultural Extension Service. Boys and girls who were Gold Star winners from 20 counties were all present for this outstanding occasion.

Troup 64 and their scoutmaster, Robert Crowell, will be busy the next few weeks trying to earn money for their summer trip. They are planning on collecting and selling scrap paper.

Rev. F. O. Parr, brother of C. J. Parr of the Lakeview community, was released Sunday from Cook County Hospital in Chicago, Ill., where he had been for two weeks under treatment for spinal meningities.

Rev. and Mrs. Joe Wilson left Tuesday for San Diego, Calif., after receiving the message from their daughter, Mrs. L. V. Minter, that their granddaughter was critically ill with pneumonia. The granddaughter is two months old and has been gravely ill for several days.

James L. Deen, 58, youngest brother of Tom Deen, who lives in Sanger, Calif., passed away in a U. S. Navy Hospital in Oakland on Nov. 27.

Miss Jean Bain, daughter of Mr. and Mrs. Kenneth Bain, became the bride of Leroy Rushing, son of Mr. and Mrs. Lee Rushing, in ceremonies read Nov. 25 in the home of the bride's parents.

Mrs. J. R. Evers Jr., and her daughter, Mikey, spent last weekend in Dallas with Mrs. Ever's sister, Mrs. Buck Hall and family. Mrs. Evers has been in Floydada awaiting housing facilities in South America, where her husband has been working since May. She is the daughter of Mr. and Mrs. W. H. Harrison and the sister of Don Harrison.

New Farm Road Designated To River Dam Site

A new Farm to Market road, extending from FM 651, 14 miles south of Crosbyton, east and south to the White River damsite, has been designated by the Texas Highway Commission.

It was learned that Crosby County will supply all necessary right of way clear of obstructions and free of cost to the state. Engineering surveys will be started in order to furnish right of way to the county.

Funds for constructions will come from future work programs allocated to Crosby County, and the road will be constructed in sections.

The new road will make the distance from Crosbyton to the White River Dam a total of 23 miles.

FLOYDADA BOY IN COLLEGE CLUB

Jay Dycus, son of Mr. and Mrs. L. T. Dycus of Floydada, was recently initiated into Sigma Kappa Chi, a men's social club at Lubbock Christian College, Lubbock, Texas.

Organized in 1958, when the junior college was in its second year of operation, the club participates in inter-campus sports events, competes for the highest cumulative grade average of the 11 social clubs at LCC, and holds special events such as banquets and picnics.

Dycus, a May graduate of Floydada High School, is a freshman at LCC.

Calahan Burks, Bob Reeves, Don Probasco, Grigsby Milton and Mrs. Sealy Smith. Members will meet Tuesday at 4 p. m. Wednesday night — Prayer service. Thursday and Friday meetings will be held at 4 p. m.

We offer sympathy to Mrs. H. L. Marble and family in the passing of her brother-in-law, the Rev. J. W. Burgett, who died at 2:45 p. m. Saturday in Weatherford, and the Marbles have been there the whole past week.

Rev. Burgett is married to the former Ruby King of Floydada, sister of Mrs. Marble and lived in Floydada before moving to Weatherford.

Mrs. Lee Pearson went to Amarillo Friday where she underwent surgery on one of her eyes for a small growth. She was able to come home over the week end, and although weak, she is getting along fine.

Guests in the home of Mr. and Mrs. Tillman Powell for supper Friday night were his mother, Mrs. W. S. Powell, and his sister, Mr. and Mrs. Bud Adams, Larry and Glenda all of Anna.

Mr. and Mrs. L. T. Wood have started on the remodeling of their home, and are living in a small house there while the building is going on.

Mrs. Raymond Upton was surprised by a group of friends and neighbors at her home Wednesday morning at 8:30 for her birthday, and enjoying cookies and coffee there were Mmes. Bryan Karr, Leighton Teeple, Grigsby Milton, J. P. Taylor, Bryant Higginbotham, Roy Burks, Arby Mulder, Roy Bledsoe, and John Key West.

Another birthday surprise was tendered Mrs. Roy Burks this Monday morning as callers came during the morning hours. Present were Mmes. Bryan Karr, Shelby Calahan, H. S. Calahan Jr., Arby Mulder, Grigsby Milton, Sealy Smith, Leighton Teeple, Early Pritchett, Frank McClure, Fred Fortenberry, Tillman Powell, J. P. Taylor and Mrs. E. J. Kinslow.

Mr. and Mrs. E. M. Jackson of McCoy had dinner and the day Sunday here with their daughter, Mr. and Mrs. Eugene Beedy and Mark. Mark went home with them for the night and they met this Monday to all go shopping together.

Mrs. Bryan Karr visited with her parents, Mr. and Mrs. H. S. Calahan Sr. in Lockney this Sunday afternoon.

Mr. and Mrs. Frank McClure left Thursday and stayed until Saturday night in Snyder where they visited with her mother, Mrs. R. W. Newman, who has been ill, but is better at this time.

Mrs. Johnney West entertained at a bridge supper for members of her bridge club and their husbands, Saturday night at 7:30 at the Colonial House in Floydada. Ten couples met for a delicious buffet supper, after which bridge was played at five tables. Attending from here were Mr. and Mrs. Rex Smitherman, Mr. and Mrs. Kenneth Bean and Mr. and Mrs. Johnney West.

Members of the Floydada Whirlwind football squad left Friday morning on a football trip which took them the first night to Sweetwater where they watched the game between Brownfield and Brownwood and spent the night there. The next day they went to Lubbock where that afternoon they enjoyed the football game between Denver City and Dalhart with the close score of 13-12. They all came home Saturday night. Boys from here who went on the weekend trip were Bill Bledsoe, Bruce Julian, Allan Adams, Jimmy Upton and J. Frank Parks.

The Floydada Garden Club met in Floydada on Friday morning. Members from here who went were Mrs. J. P. Taylor, Mrs. L. T. Wood and Mrs. I. H. Parks.

Mr. and Mrs. Bill Beedy went up to Spearman from Thursday Nov. 29 to Dec. 1, where their son, Bradford, held the formal opening of his "Beedy's Furniture Store".

A forty two party for the whole community will be held this Tuesday night at the schoolhouse recreation room and hostesses for the party will be Harry Hartman, Fred Fortenberry and Mrs. Carl Huckaby.

Kelly and Bryn Smitherman will take a part in the forthcoming Christmas program given Thursday afternoon at 4 in the First Baptist Church by grandchildren of members of the 1929 Study Club. They are the grandchildren of Mrs. John Smitherman of Floydada.

We are sorry to learn that Mrs. Alvin Nichols has been in the Lockney Hospital since a week ago Saturday. Her daughter, Mrs. Glen Whitfill of Sweetwater was here with her over the weekend. We hope she is well enough to come home this week.

Mr. and Mrs. Murray Julian left Friday morning to spend that day and Saturday in Roscoe with Mr. and Mrs. Terry Julian and their granddaughter. It was so dry down that way that farmers were plowing in the fields.

We are sorry to learn that Mrs. Johnnie Wilson is in the Peoples Hospital at Floydada and was taken there Saturday with bronchitis. We hope she is able to come home this Tuesday.

Mr. and Mrs. Fred Fortenberry visited Saturday and Sunday in the Lockney Hospital with Mr. Freeman Love, who has been there several days.

T. R. White, who has been visiting with the Frank McClures the past several weeks, returned to his home in Houston last Monday night.

Hostesses for the bridal shower for Miss Jo Ann Newton met at the home of Mrs. Sylvin Kinnibrugh Tuesday afternoon to plan the shower. Snacks, coffee and cookies were served Mmes. Bryan Karr, Grigsby Milton, Hollis Shewmake, Murray Julian, Frank McClure, J. K. West, Roy Burks, Early Pritchett, Fred Fortenberry and Mrs. Kinnibrugh.

We extend a warm welcome to Mr. and Mrs. George Trimble and family who have moved here on the Charlie Jarrett place the past two weeks. We understand their son is employed at the Cedar Hill store. Mr. Trimble works with the highway department.

Saturday night at the Masonic Lodge Hall in Floydada members enjoyed a banquet at 6:30 with sons or friends as guests of the members. Those from here who attended were H. S. Calahan Jr. and guest Sylvin Kinnibrugh; Raymond Upton, guests Ronnie Upton and Karl Craig, and Roy Bledsoe and son Bill Bledsoe.

Mr. and Mrs. Wendle Johnson were hosts at the recreation room of the schoolhouse Friday night to members of the Young Married Couples Sunday School Class. Games of forty two were played throughout the evening with cake, coffee and cocoa served to everyone. Three tables of forty two and one of eighty four were played. Attending were Messrs. and Mmes. Hollis Shewmake, Garvin Beedy, H. S. Calahan Jr., Sylvin Kinnibrugh, Bob Reeves, Philip Smitherman, Rex Smitherman, the hosts Mr. and Mrs. Wendle Johnson and Rev. and Mrs. Sealy Smith.

Miss Newton is Shower Honoree

Miss Jo Ann Newton, bride-elect of Floyd Linch was honored at a tea and miscellaneous shower Thursday afternoon, Nov. 29 from 2-4 in the home of Mrs. E. P. Pritchett on the Silverton Highway. Other hostesses with Mrs. Pritchett were Mmes. Sylvin Kinnibrugh, Fred Fortenberry, Roy Burks, Arby Mulder, Murray Julian, Bryan Karr, John Key West, Frank McClure, Grigsby Milton, John Wilson and Mrs. Hollis Shewmake.

Chosen colors of blue and white were used in decorations. The tea table was laid with a white linen cloth and centered with an arrangement of white chrysanthemums and white carnations in a blue bowl, and table appointments were in silver. Hot spiced tea, coffee and dainty white iced cakes were served from a silver service by Mrs. Kinnibrugh. Blue napkins lettered in silver and bearing the names, Jo Ann and Floyd were used.

Mrs. Pritchett received the guests and presented them to the bride-elect, her mother, Mrs. E. W. Newton, and to the groom's mother, Mrs. T. U. Linch. Hostesses alternated in the gift room.

The hostess gifts were an electric steam iron, ironing board and pads.

Mr. and Mrs. Ronnie Upton and children of Amarillo and Mr. and Mrs. Karl Craig and girls of Clovis, New Mexico spent the weekend here with Mr. and Mrs. Raymond Upton and Jimmy.

Mr. and Mrs. John Smitherman were hosts at Sunday dinner to his sister, Mr. and Mrs. W. Fred Cox of Edmonton, Alberta, Canada, who came to Fort Worth last week for the funeral of P. M. Smitherman's brother's wife, Mrs. E. L. Smitherman, whose funeral was held there in Fort Worth Wednesday afternoon. The Cox family came here Friday and are visiting her and in Hart. Other dinner guests with the Smithermans Sunday were Mr. and Mrs. Rex Smitherman and children and P. M. Smitherman from here. The Jack Smithermans of Hart and Ernest Smitherman visited the Smithermans also.

Mr. and Mrs. Alton Higginbotham and Mr. and Mrs. Eugene Beedy went to Plainview on a business trip Saturday night.

Mrs. Hansel Sanders will show the film "The Littlest Angel" at the regular meeting of the South Plains PTA on Dec. 7, Friday afternoon at 2:45. Everyone is welcome to attend.

Margaret Nash On Honors Plan At Texas Tech

Margaret Lou Nash, daughter of Mr. and Mrs. J. D. (Pete Nash) of Floydada, is among freshmen at Texas Tech who are members of this year's Honors Plan in the School of Business Adminsitration.

Students are selected on the basis of superior academic performance and motivation as determined by admission test scores, high school graduation standing and personal interviewing with faculty members.

Charlie Spence is in Crosbyton Hospital where he is under treatment for a kidney ailment. Mr Spence was taken ill Friday but went about his duties until Saturday late when his condition prompted him to seek medical attention. He was reported resting comfortably Tuesday and had hopes of coming home from the hospital within a short time.

SANTA CLAUS LETTERS

When December rolls around our thoughts just naturally turn to Christmas and children think of Santa Claus. They are not rushing the holidays by sending their letters in to the Hesperian the first week in December, they just want to be sure they reach Old St. Nick in time.

The first letter to Santa ro reach us this year comes from Cary O'Keefe. fter we print the letter it will then be mailed on to Santa.

Below is Cary's letter:
Dear Santa Claus,
For Christmas I want some roller skates, bike, stuffed animal, new pretty stylish dress. In my stocking I want some lipstick that will really show on me, gloves, candy and I would like for you to give me one of your hairs.
Love,
Cary O'Keefe

P. S. Thank you for the things you gave me last year. If I can't have a bike I want a pair of mittens.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

Sunshine Brightens Fairview; Cotton Harvest Begins Again

FAIRVIEW, December 3 — We are all enjoying the lovely sunshine. First time we have seen the sun for almost a week. Fog, rain and drizzle were getting pretty tiresome. Fields, unpaved roads, and streets are really wet. A number of our folks had to miss church yesterday due to muddy roads.

Farmers are waiting for fields to dry so they can get back in the swing of gathering their crops.

Here are two items that missed the news last week:

On Thanksgiving day Mr. and Mrs. Lee Rushing went to Amarillo where they spent the day with their daughter and son-in-law, Mr. and Mrs. Bob Poe and enjoyed a lovely dinner with them.

Larry Walls, of Plainview came home with his grandparents, Mr. and Mrs. E. W. Walls on Thanksgiving day and visited until Sunday here with them. Larry returned home Sunday in order to be ready to go back to school on Monday morning.

Mrs. E. W. Walls made a trip to Lubbock Tuesday.

Bud DuBois and family, of Lubbock spent Sunday here with his parents, Mr. and Mrs. Edell DuBois. Mr. and Mrs. Bill DuBois and sons were also guests in the DuBois home Sunday.

Thursday night visitors in the home of Mr. and Mrs. A. S. Mize were Andrew Jetton and his sister, Mrs. Mamie Yeary.

Mr. and Mrs. Joe Rushing and sons, Dickie Lee and Joe Ray, of Lubbock, spent the weekend here with his parents, Mr. and Mrs. Lee Rushing.

Mrs. A. S. Mize attended the bridal shower for Lois Ann Glover Saturday evening at the home of Mrs. Guy Ginn.

Mrs. Oran Hatley visited her sister, Mrs. Cecil Payne Tuesday.

Mr. and Mrs. Bill Nichols spent Tuesday in Amarillo. Mrs. Nichols reports they received one and one-half inches of rain at their place last week.

Mrs. Dot Hammonds spent the day, Thursday, with Mrs. Walter Wilson.

Mr. and Mrs. Bill Tye and Mrs. Bill Beedy, of Claude, spent Tuesday in the home of Mrs. W. B. Wilson.

Thursday night guests of Jimmie Tye were James McNeill and Keith Teague.

Mrs. Clyde Bagwell made a business trip to Plainview Friday afternoon.

Mr. and Mrs. Harvey Allen and Mike visited Sunday afternoon with her parents Mr. and Mrs. Walton Wilson.

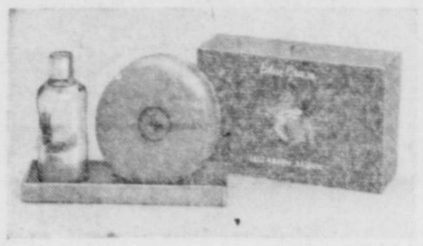

Mr. and Mrs. Carl Yeokum visited last Monday night in the home of Mr. and Mrs. Cecil Payne and enjoyed watching color television with them.

Mr. and Mrs. Walton Wilson spent Friday in Plainview.

Visitors in the Bill Tye home during the week were Mrs. M. O. Stapleton, of Plainview, who was here Saturday.

Wednesday night Mr. and Mrs. Weldon Pruitt and son, Greg, were there and on Sunday Mrs. W. B. Wilson spent the day in the Bill Tye home.

Farmers Union Banquet To Be Held In Houston

Farmers from all areas of Texas and others interested in agriculture will congregate at San Antonio, Granada Hotel, on Dec. 7th for the opening of the 59th Annual Convention of the Texas Farmers Union. Texas Farmers Union, which is a division of National Farmers Union, had its origin in Texas 60 years ago in Rains County at Point, and the parent organization has now grown to be one of the three major general farm organizations in the United States.

The theme for the convention is "Public Relations and Farm Programs", and to amplify this theme there will be a discussion by a panel composed of National and Texas members of the Farm news media. Dr. John Eklund, Director of Education for National Farmers Union, Washington, D. C., will moderate this panel; and serving on the panel with Dr. Eklund will be James Sullivan, Assistant to the Administrator of the REA-USDA; R. S. Gilfillian, Public Relations of the Farmers Union Grain Terminal Association, St. Paul, Minnesota; Bill Durham, Farm Director for the Houston Post and Dewey Compton, Farm Director of Radio Station KTRH in Houston.

Provocative questions concerning the farm news media's responsibility to agriculture and the relationship between news reporters and farm programs will be discussed by this panel of outstanding representatives of the news media. Following the discussions by the panelists, the convention will be divided into workshop groups, and these groups will further discuss the questions presented to the panilists. This will give each person attending the convention an opportunity to express his views concerning this very challenging theme.

James G. Patton, National President of Farmers Union, will address the Annual Banquet session on the first night of the convention. Patton, who is the immediate past president and a member of the Executive Committee of the International Federation of Agricultural Producers, has recently returned from Europe where he attended a meeting of this Organization which includes 41 countries in its membership. While in Europe, President Patton also went to Rome for conferences with the Director-General of the FAO and his staff regarding The Freedom from Hunger Campaign, of which he is President of the United States, and the World Food Congress which is to be held in Washington, D. C., in June, 1963. Patton is expected to discuss his European experiences in his convention speech.

Congressman Henry Gonzales of the 20th Congressional District will open the convention on Friday with a welcome to his congressional district. A tribute will be paid to Congressman Gonzales for his support of farm legislation proposed by the administration during the last session of Congress and supported by Texas Farmers Union. Following Congressman Gonzales' welcome, James F. Sullivan, Assistant to the Administrator REA-USDA, Washington, will address the convention. Sullivan will discuss the importance of improving the public image of the REA and the Rural Electric Cooperatives.

Also addressing the convention will be banker and spokesman for Agriculture, Vincent Rossiter from Hartington, Nebraska, whose remarks recently made before the Land and People Conference held at Denver have stirted considerable controversy among bankers and businessmen, and H. S. (Hank) Brown, President of the Texas AFL-CIO. Brown will discuss the importance of improving relationship between farmers and labor in order that both may accomplish a mutual goal.

A special luncheon honoring the ladies and wives of the distinguished guests will be held at the convention hotel at noon Friday along with a style show which is being sponsored by one of San Antonio's stores.

Many young people who are active in Farmers Union Junior activities are expected to attend this convention and they will be busy with junior planning sessions and sessions for junior-leader training. Sherlyn Berg, daughter of the vice president of Texas Farmers Union and Mrs. J. J. Berg, will receive the highest award that can be earned by a Farmers Union Junior. The Torchbears Award, at the Banquet session on the first night of the convention. This award is made after five years of activity in the Farmers Union Junior Program and the accomplishment of certain achievement requirements.

The delegates will be called upon to elect a State President and Vice President during the convention and adopt a State Program from the hundreds of resolutions passed by the county organizations and submitted to the State Convention for consideration. This policy program will guide the State Organization in its attitude toward National and State problems concerning farmers for the coming year. In addition, during the business session the convention will elect delegates to the National Farmers Union Convention, which is held in New York during the month of March.

The delegates selected by the Texas Convention will take the policy program passed by this convention to the National Convention in New York and work toward the inclusion of the Texas resolutions into the program of the National organization. By this process, each farmer-member is represented in the policy making decisions of the National organization.

Following the official convention adjournment on Saturday afternoon, many of those attending the convention will remain in San Antonio to tour the historic missions, including The Alamo, and to enjoy bus tours to the famous San Antonio Zoo and Brackenridge Park which tours and site seeing excursions have been planned by the convention committee.

President Jay Naman of Waco says, "Because of the location of this convention and the growth of Texas Farmers Union this year, this should be the biggest and best convention that we have ever had."

Bro. Of Jessie Richardson Dies

John Wiley Richardson, 69 year old resident of Bailey County and brother of Jesse Richardson of Floydada, died Friday in the Littlefield Hospital and Clinic. Mr. Richardson farmed in the Bula Community near Littlefield since moving there from Oklahoma in 1933.

Funeral rites were conducted Saturday in the Bula Baptist Church and were followed by burial in the Littlefield Memorial Cemetery.

Survivors include the wife; three sons; three daughters; 13 grandchildren; one great grandchild; three brothers; and two sisters.

Ray Johnson, formerly the operator of Floydada Frozen Food Lockers, who now teaches school in Ralls, is said to be improved. Mr. Johnson is in Methodist Hospital under treatment for a recent heart attack. He is now able to have a limited amount of visitors, according to Mrs. W. M. Spears, local friend of the family.

UNPLEASANT WEATHER in the form of cold winds and drizzle, hampered by muddy and wet streets, didn't dampen the spirit of the New Deal Band when they participated Saturday in the Christmas Parade of Bands in downtown Floydada, nor did it stop Jeri Lyn Rieken from putting on a fine performance as drum majorette for the New Deal Band. They won second place in the competition. Jeri is seen receiving the trophy from Dan Whitaker, one of the judges for the contest. To Jeri's right is Frank Smith, band director at New Deal, and to the left of Whitaker is Everett Maxwell, also a judge.

Rabid Skunk Bites Woman

Mrs. Manuel Vallejo has started rabies shots as of last Thursday after learning that a skunk which had bitten her leg, had an infectious disease.

The Vallejo family work on the Gerald Lackey farm in Cedar Hill community. Mrs. Vallejo was bitten two weeks ago Tuesday by the animal as she was burning trash.

Members of the family said the skunk came up behind unknowingly to Mrs. Vallejo and brushed against her leg. As she attempted to kick him away he swung around and bit her. The family immediately killed the animal and brought the head to Dr. T. H. Thedford, Veterinarian.

Reports came back from Austin that the skunk was rabid.

Another incident with a skunk took place at South Plains Sunday of last week when a farm hand there was scratched painfully on the hand by a skunk. He obtained a tetanus shot and the skunk's head was sent off but reports proved negative.

Towns people and rural residents as well should use extreme caution against a carnivorous animal who wanders onto their property.

Accofding to medical information it usually takes 10 days for an animal before the infectious disease starts showing its symptoms. An animal becomes unable to swallow thus forcing saliva from his mouth. He is able however to transmit the rabies to others, animals and human beings alike, before his symptoms show. For a person it is 14 days normally before symptoms occur. There is a wide variation of as early as 10 days to as late as 12 months before the symptoms show; the majority however is usually from 20 to 90 days and rarely less than 15 days or more than five months, medical reports say.

Homeless animals should be picked up and pets should be vaccinated against rabies, officials say, in order to keep the disease at a minimum.

It has been a number of years since a rabid animal has been reported here in Floyd County, and even longer for a person to have been bitten by one.

Johnny Lee Lackey, son of Mr. and Mrs. Gerald Lackey of Cedar Hill Community, is reported quite a bit better this week. The youngster is in Methodist Hospital at Lubbock. Members of the family said if Johnny Lee continues to improve he will be able to come home for the Christmas holidays, and possibly return to his school studies in January.

Former Floydada Resident Passes At Weatherford

Rev. J. W. Burgett, formerly of Floydada, and brother of Zollie Burgett of this city, passed away Saturday afternoon in Weatherford after several months illness.

The deceased was pastor of the Cumberland Presbyterian Church in a community near Weatherford until he became ill early this year.

He was a native of Alabama and moved to Texas in 1912. He married the former Ruby King of Floydada and taught and preached in Floyd County before moving to Weatherford County.

Funeral services were conducted Tuesday in Weatherford.

Survivors include his wife; a son, Quinton of Fort Worth; three daughters, Mrs. Clarence Law, Coleman, Mrs. Verner Henning, Harlingen; and Mrs. Tom Ballard of Alabama; two brothers, Zollie of Floydada and Lester of Garland.

Mr. Burgett was preceded in death by a brother of Portales who was killed last month in a car accident.

Mrs. Francis Gunter returned home Thursday from Crosbyton Hospital where she received medical treatment for several days. She is doing nicely at present.

AMA Reports Anti-Fat Fad Risky

The anti - fat, anti-cholesterol fad is not just foolish and futile - it also carries some risk, says the American Medical Association.

This statement is one of the latest in the tide of words about cholesterol, a fatty substance that gets into arteries. Officials of the AMA reports that it isn't definitely known whether cholesterol levels can be changed significantly by dietary means.

Scientific reports linking cholesterol and heart attacks have touched off a new food fad among do-it-yourself Americans. It suggested that:

Dieters shouldn't try to reduce their blood cholesterol without supervision.

Willy-nilly substitutions of a few food items without overall control of the diet accomplishes little, if anyting, in reducing cholesterol. Elimination of certain foods of proven nutritional value could be detrimental to health, the American Medical Association reports.

Home Demonstration Club Officers Training

Training for Home Demonstration officers will be held Friday at 2 p. m. in the Home Demonstration Council room. The president, v-president, secretary - treasurer and parliamentarian are to attend this meeting.

4-H Officers Training

4-H officers will attend a training meeting on Saturday December 8 at 9:30 in the council room of the courthouse. The training will be for the presidents, v-presidents, and secretaries.

4-H Council Christmas Party

The 4-H Council planned a Xmas party for Saturday night December 8 at 7:30 in the PCA party room. All council members of 1962, the new ones for 1963 and the 4-H organization leaders are invited to attend.

The Evening Star

The brilliant evening star is a symbol of many things to many folk. Mariners hail it as a good omen, for it usually forecasts a clear, calm night and smooth sailing. The shepherd tending his flock on a desolate hillside gratefully notes its appearance in the heavens, for its friendly light offers an intangible sort of companionship during his lonely vigil. To many, the star is representative of God's infinite power and wisdom.

Just as this star touches hearts in countless different ways, so may the Church bring to those in all walks of life, peace and comfort which lead to a happier, more fruitful pattern of life.

Let us make the Church our guiding light. We can brighten our lives if we accept the teaching of the Scriptures as guideposts along the pathway to future endeavors.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A large addition to income — if recommendations are adopted — would come from applying the state sales tax to motor vehicles sales in place of the selective excise tax now levied on vehicles.

Commission recommended repeal of the exemption of farm machinery and equipment, but suggested that feed for farm work animals; herbicides, defoliants and desiccants, and all fertilizer sales be exempt.

Some other recommendations were:

1. Apply sales tax to all clothing sales, which would up revenue $10,000,000 a year.

2. Exempt vending machine sales of less than 25 cents, and all sales of less than 25 cents for retailers who derive 50 per cent of receipts from such sales.

3. Exempt sales made to state banks, since sales to national banks are exempt.

4. Exempt all sales of alcoholic beverages.

5. Permit grocery stores to pay sales tax in proportion to purchases of taxable and non-taxable items. Grocers with annual receipts of less than $100,000 would pay sales tax on the assumption that 85 per cent of receipts are from exempt items.

ELECTION CHANGES — The Election Law Study Committee released a 221-page report on proposed changes in Texas election laws.

Sen. Tom Creighton of Mineral Wells, chairman of the committee, said the main goal is to remove conflicts and deficiencies from the present code. The more palatable suggestions will be included in one bill for legislative consideration. More controversial items will be presented separately.

Public will have a chance to challenge the proposals on December 6 and 7 when an open hearing will be held in the Senate Chamber. Committee also will hold hearings at that time on a voter registration law and a proposal to change the dates of primary elections.

Some of the 120 proposed amendments concern:

1. Having voters check preferred candidates on paper ballots, instead of scratching those opposed.

2. Requiring write-in nominees and runoff candidates to pay the same fees as other candidates.

3. Fining voters who cast a ballot in one party's primary and then vote in the runoff of another party.

4. Requiring campaign expense reports by newspapers, magazines, billboards, printers, radio and TV stations, on all advertising contracts.

5. Requiring all voters over 60 years of age to get annual exemptions.

6. Permitting different parties to hold primaries in the same building, as long as there is no means of direct passage between polls.

DEBT INCREASED — State Treasurer Jesse James reports that the deficit in the General Revenue Fund increased by 6,000,000 between November 11 and November 23, when it was $34,146,666.

GUARDSMEN WAIT — Waiting for approval of armories under the federal-state building program are 32 units of the Texas National Guard.

Federal government, which underwrites 75 per cent of the cost of each armory, is approving construction at the average rate of six per year, but there is no priority arrangement.

So far, 11 armories have been built under the program, according to Harry B. Kelton, director of the Texas National Guard Armory Board.

Eight are under construction at Bonham, Seguin, Dallas, Mexia, Kerens, Mission, Mercedes and Harlingen. Units at Brownwood, Tulia and Fredericksburg have approval for construction.

On the waiting list are units in El Paso, Clipper, Canyon, Belton, Olney, Houston, Electra, Winnsboro, Galveston, Paris, Taylor, Kingsville, Austin, Port Neches, Gatesville, Alice, Huntsville, Borger, Pecos, Monahans, San Antonio, Sulphur Srpings, Grand Prairie and New Boston.

RUNS AT STANDSTILL — The "Run rate" at Gatesville State School for Boys has been reduced to zero since September 4, when the new $2,000,000 Mountain View School for serious offenders was opened.

School was dedicated last Saturday in a public ceremony featuring an address by Gov. Price Daniel.

Weldon Brewer of the Texas Youth Council said the "Run rate" has been cut down gradually over the past five years.

In 1958-59, when the average monthly population at Gatesville was 1,115 boys, there was a monthly average of 51 escapes. In 1959-60, with 1,197 boys, there were 44 escapes a month. In 1960-61, with 364 boys, there were 31 escapes. In 1961-62, there were 1,502 boys with only 24 escapes.

Since the 200-plus inmates most likely to run were moved into the double-fenced Mountain View campus, there have been no escapes.

"A walled home may seem cruel to some people," Brewer remarked. "But it's a very humane arrangement when you realize that the boys within are able to take part in a training program and group recreation."

Before the new school was opened, the boys who broke out had to be confined to a small room.

Guards on Gatesville's 40 acres do not carry guns.

SAFETY STRESSED — Governor Daniel has proclaimed December 9 as "Safety Sunday" in an effort to stress the hazards of holiday traffic.

He recalled that highway collisions in the state in 1961 took 2,314 lives. They caused 132,000 injuries and a loss of $356,000,000 worth of property.

Each Christmas - New Year's holiday from 1964 through 1957 averaged 106 traffic deaths. From 1958-61, when safety campaigns were conducted, there were 23 fewer traffic deaths.

HUNTING DEATHS — Cecil Reid of the Sportsmen's Clubs of Texas urges hunters to put a stop to a tragic string of hunting deaths and injuries by practicing caution in the field.

He cites three recent deaths where hunters were mistaken for game and killed.

Reid said no hunter should allow himself to shoot at anything which he has not identified fully as game.

He urges hunters to request passage of legislation such as the "careless and reckless hunting" laws in effect in some other states.

COURT OVERRULES COMMISSION — Texas Supreme Court has negated an order of the Railroad Commission and revoked a specialized motor carrier permit to transport road building materials granted Lively Trucking Contractors.

Decision to vacate the commission's order was made on the basis that findings on which permit was based were insufficient.

In a concurring opinion, Associate Justice Joe Greenhill criticized the Railroad Commission's use of a printed form of "standard" finding-of-facts on which an order is based; filling in date, names and authority.

He called this "a lack of procedural due process of law."

BRACERO CALLS DOWN — Texas cotton farmers reacted to a U. S. Department of Labor wage standard of 70-cents an hour, for braceros hired to chop cotton, by resorting to almost exclusive machine harvesting.

While 45,000 Mexican contract laborers were hired in August of 1961, only 16,000 were used in August this year, and they also harvested vegetables and grain.

WOMAN MAY BE EXECUTED — The State of Texas may legally execute its first woman in more than 100 years in 1963.

She is Carolyn Ann Lima. Her death penalty has been affirmed by the Court of Criminal Appeals in Austin.

Meanwhile, she is being held in the Harris County jail in Houston. She awaits the court's decision on a motion for rehearing. Such is rarely granted.

If she lives until February 23, she will be 20 years old.

The Lima woman and a companion, Leslie Douglas Ashley, were given the death penalty for the murder of a wealthy antique dealer in Houston.

It was 1859 or 1860, when the State of Texas last executed a woman.

Only one woman has been sent to the Texas death house since the electric chair was installed in 1924 at Huntsville. However, her sentence was commuted on June 29, 1951.

So, if time runs out for Carolyn Ann Lima, she will become the first woman ever to sit in the state's electric chair.

Wayland Cagers Face Busy Road Schedule

Coach Clifford Ozmun's Wayland Baptist College Pioneers face a busy schedule for the next two weeks as they prepare to play a seven-game road trip before returning home to meet the Southwest Missouri State Tigers, Dec. 20.

The Pioneers, who dropped their opening games to Panhandle A&M by scores of 70-61 and 73-68, left this morning for Las Vegas, N. Mex., where they hope to grab wins in two games at Highlands University, Nov. 30 and Dec. 1.

Following the games at Highlands, the Pioneers play Texas Western University in El Paso Monday night, and meet Sul Ross State College in Alpine Dec. 8.

In the second game of the Panhandle series, Ozmun was surprised to have a 23-point scoring burst from freshman Terry Bugher whom he coached at Noble High School, Noble, Okla., where he was basketball mentor before coming to Wayland this year.

This year's roster includes: Bill Davis, 6-0 junior guard from Seminole; Lu Gilman, 6-2 senior forward from Pocatello, Ida.; Kenny Thornton, 6-1 freshman guard from Silverton; John Alexander, 5-11 senior guard from Samnorwood; George Boydstun, 6-2 freshman guard from Caddo, Okla.; Andy Hubbard, 6-3 junior forward from Ellisville, Mo.; Chuck Saul, 6-1 freshman forward from Kress; and Terry Bugher, 6-3 freshman forward from Noble, Okla. Bud Lovell, 6-1 senior forward from Hockley may also joint the Pioneers for some road trips.

WATER DILEMMA — Water districts which serve customers within the limits of a city are in a dilemma over a Texas Supreme Court ruling.

A court decision finds them in the position of trying to set rates to pay their costs and at the same time having their rates prescribed by the city.

Texas Supreme Court has upheld the power of Houston to fix rates charged customers within the city by a water district.

Ruling applies equally to all cities served wholly or in part by water districts.

SECURITIES PERMITS — Seven applications have been filed for permits to sell $1,688,500 in securities in Texas.

State Securities Commissioner W. M. King said the applicants include two Texas companies, Petro Electronics Systems, Inc., Midland, $150,000; and Serba Oil and Gas Company, San Antonio, $600,000.

SENTORS MUST WAIT — Will Wilson, Texas Attorney General, has ruled that state senators may not take their oaths of office until the Senate convenes in January.

Attorney general recently held that state representatives could qualify for office on November 23.

Dates of terms for senators and representatives are regulated by different sections of the state constitution.

Constitution provides no beginning date for the term of office for state senators, the opinion said.

BOOST EDUCATION — Beating the drums for top quality in higher education is the privately financed Committee of the Governing Boards of State Colleges and Universities.

It's membership consists of one representative from each of the 19 bodies which direct the institutions of higher learning in Texas.

These are business men. They stress the economic angle of education.

Texas must industrialize, they say, to insure our future prosperity. To get industry, we must have excellence in higher education.

Supporting that thesis, they quote such authorities as Governor-elect John Connally, Defense Secretary Robert McNamara and Dr. John R. Stockton, director of the Bureau of Business Research, University of Texas.

These experts agree that industry follows brainpower, and will go where brainpower is available.

Presently, Texas is lagging.

FACE FUND LOSS — Texas school districts have been warned to desegregate by next September or lose certain "impacted area" funds.

Warning was contained in a letter from Wayne O. Reed, acting U. S. Commissioner of Education, and was sent to 58 Texas school districts.

State education officials interpret the letter to mean that the federal government will build and operate schools on military posts and other places where its personnel is involved only if local districts desegregate.

Federal government has been paying about $12,000,000 a year for operating locally-run schools in Texas, attended by children of military and defense establishment personnel.

Latest announcement apparently covers only children living "on base" and not those whose parents work on a military post but reside off the base.

Leon Graham, assistant State Commissioner of Education, said it is impossible to gauge the immediate effect.

Ruling poses a serious problem for districts still maintaining segregation, to any degree, and depending on federal funds for educating children who live on nearby bases.

TO HONOR DANIEL — Vice Pres. Lyndon B. Johnson and Governor - elect John Connally will join other Texans in paying tribute to Gov. and Mrs. Price Daniel with an appreciation dinner.

Many members of the Texas congressional delegation, Texas Legislators and other state officials will participate.

Former Lt. Gov. Ben Ramsey, now a member of the Railroad Commission, is arrangements chairman.

The $10 per plate appreciation dinner will be held in Austin's Municipal Auditorium on December 12.

Annual Angus Sale Friday

The West Texas Angus Association will hold their annual fall sale at the Lubbock Fair Grounds in Lubbock, tomorrow, Dec. 7. Forty-eight bulls and 39 females will be sold. The sale starts at noon.

Fed. Land Bank To Reduce Interest Temporarily

The Federal Land Bank of Houston has announced that effective on January 1, 1963, it will reduce temporarily to 5 per cent the interest rate on all outstanding loans which presently bear a rate in excess of 5 per cent. The contract rate on new loans will continue to be 5 and one-half per cent but interest on loans closed on and after December 1, 1962, will be billed temporarily at 5 per cent until further notice by the bank.

In making the announcement, Hal Weatherford, President of the bank, said that of its $269 million of loans outstanding more than $100 million bear contract rates in excess of 5 per cent and that the savings to Texas farmers and ranchers by this action will be more than a half million dollars in the year 1963 alone. Weatherford said this is the fourth time the Bank has voluntarily reduced the interest on its outstanding loans.

The Houson bank makes long-term farm and ranch loans through 73 Federal Land Bank Associations located throughout Tex. The one serving this area is the Federal Land Bank Association of Floydada. Jake B. Watson is the Manager and the other officers and directors are Raymond Rucker, President, Lockney; Maynard Field, Vice-President, Floydada; Tate Jones, Floydada; John Irwin, Matador; Edgar Lee, Matador; Carroll Garrison, Silverton; F. O. Ham, Turkey; and J. T. Parsons, Jr., Manager with an office in Quitaque, Tex.

THE FIRST CHRISTMAS TREE LIGHTS

Know who made the first Christmas tree lights?

Well, considering the name of this column, the answer shouldn't be too much of a surprise — a telephone man. Here's how it happened:

Back in the early 1900's Raph E. Morris' little boy crawled under the Christmas tree, upset one of the wax candles and singed his hair. Morris promptly announced there would never be another flame near a Christmas tree in his house. Then, he got to thinking and remembered the switchboard down at the telephone office and how, at certain times of the day, it often reminded him of a Christmas tree.

So what did he do but buy several dozen switchboard lamps which he then soldered to wires to make a string of lights. He used colored paper to cover the lamps, and so it was — the first electric lights on a Christmas tree!

TOO BAD YOU CAN'T FIND IT THERE

I read the other day about an unusual message that resulted when a storm tore away part of a Christmas billboard greeting. Underneath the greeting, part of a Yellow Pages billboard was revealed. The combined message of the two boards was "Peace on earth — find it fast in the Yellow Pages."

Well, you can find a lot of things in the Yellow Pages and save yourself a lot of time and walking. It's just too bad the Yellow Pages can't lead us to that most wonderful commodity . . . peace.

WHAT DO YOU THINK OF?

When someone mentions "Christmas" to you, what do you think of? Shepherds on a hill . . . a bright star in the sky . . . mistletoe . . . "I'm Dreaming of a White Christmas" . . . holly . . . trees . . . gifts . . .

If you're like me, you think of all these and more. You also think of people you care about. Your folks, close friends, far-flung relatives, all sorts of people you've grown to know and like.

I hope you'll be able to be with your folks and friends during this holiday season. Still, if the miles keep you apart—remember you can get together by telephone.

ONE LAST THOUGHT

The surest way to have happiness and peace of mind is to give them to someone else.

Happy holidays from all of us at . . .

Call by number. It's twice as fast.
