MANLEY SPEAKS TO WHEAT GROWERS

ASSOCIATION HEAD STRESSES CUTTING OF PRODUCTION AS ONLY SOLUTION HIGHER PRICE

World overproduction of wheat, and high tariff walls in most of the European countries, have destroyed America's export wheat trade. Wheat production in the United States has reached its peak in the past two years in the face of lessened consumption. The American wheat farmer must bring production within the law of supply and demand, or a price of 24 cents a bushel will drive him out of business, John Manley, general manager of the Texas-Oklahoma Wheat Growers association, told a group of wheat farmers here Tuesday.

Grain growing nations of the world have increased wheat production from two billion to four billion bushels in the past 30 years. Most of this increase, Manley said, has come from Canada, the Argentine and Australia. For the past two years the great wheat belt of the United States has offered 100,000,000 bushels more than ever before.

Russia, entering the wheat market in 1930, for the first time in many years, added 50,000,000 bushels, and plans to increase that to 200 million bushels within the next few years.

High tariff walls ranging from 86 cents to \$1.26 a bushel, erected by European countries which formerly bought American wheat, cut exports from this country from 150,000,000 bushels to 50,000,000 bushels, last year. Even this restricted volume, Manley said will probably disappear in 1931.

Various economic causes have reduced wheat consumption in this country by one bushel per capita. That means 120,000,000 less than our local markets will absorb.

We have a 1930 crop over of 175,000,000 bushels. It was saved from being nearer a half a billion bushels because of a total failure of the corn crop. Approximately 263,000,000 bushels of wheat were fed to stock. In addition the Farmers National Grain corporation managed to export 50,000,000 bushels. We are not likely to have the assistance of either of these outlets next year. Corn crops do not usually fall two years in succession, and the average farmer would rather feed good old yellow corn.

Modern machinery, conserving moisture in the semi-arid districts of the world, has made this huge production possible. Rapid cultivation has made it possible to grow wheat in territory which had formerly been considered as valueless for raising grain.

The Agricultural Marketing Act, Manley said, has been given us just in the nick of time to cure us of the ills that have been creeping upon us for the past ten years. It may not be just the piece of legislation which many desired, but it is all we have and it is up to us to make the best of it.

Some may have preferred the McNary-Hagen equalization fee plan, or the debenture plan. Neither of these plans, he said, would have worked. Both depended on export and subsidy. Our export market is gone and the American farmer does not want a subsidy.

Enemies of the marketing act have pointed to the fact that every previous effort to help the farmer has failed. I admit, Manley said, that they are not now operating. Looking behind the bare statement of fact, however, we find that overproduction has been the cause in every case.

The Brazilian coffee project failed when so much coffee was raised that nobody could sell it. The same thing happened to England's Indian Rubber subsidy. Coming closer to home, the American Tobacco Growers increased the price of tobacco from six and eight cents to twenty.

LIQUOR VIOLATORS SENTENCED

BOOTLEGGERS ARRESTED FRIDAY NIGHT ARE INDICTED AND SENTENCED TO STATE PEN

Quick action resulted in the case of three men arrested by county officers last Friday night. Officers became suspicious of the trio who were in a small coupe, so when they parked their car in front of the Club Cafe, they searched it and found three gallons of liquor. The men, who were in the cafe eating, were arrested and taken to jail. They gave their names as J. E. Mitchell, Canton, Okla.; Luther Baas, Canton, Okla.; and Ralph Kennedy, Lipscomb. Mitchell confessed that he and Baas were in the whiskey business, but that Kennedy had nothing to do with the bootlegging.

The grand jury was reconvened Tuesday morning and indictments returned against Mitchell and Baas. No bill was found against Kennedy and he was released. The indicted men plead guilty before Judge Pickens on Tuesday afternoon and were sentenced to one year in the state prison.

FORM COUNCIL OF 4-H CLUBS

REPRESENTATIVES OF OCHILTREE COUNTY 4-H CLUBS ORGANIZE COUNTY COUNCIL

Thursday evening, representatives of Lone Tree, Waka and Farnsworth 4-H clubs met at the office of County Agent G. R. Sheets in the courthouse and organized a county council of the 4-H clubs of Ochiltree county, for the purpose of furthering the interests of all the clubs.

The representatives were Donald Schwab, Frank Roberts and Vivian Pletcher of Lone Tree; Odie Campbell, Joe Brown and Sherman Anderson of Farnsworth; and Mable Coleman, Beatrice Becker and Melvin Coleman of Waka.

Officers were elected and the constitution was read and adopted. The officers for the first year are Donald Schwab, president; Mable Coleman, vice-president; Frank Roberts, secretary; Joe Brown, reporter; Sherman Anderson, master of the pitch-fork; Vivian Pletcher, Odie Campbell and Beatrice Becker were appointed on the executive committee.

J. D. MERRIMAN JOINS SPEARMAN STAFF

J. D. Merriman came from Panhandle on Monday to take a position on the force of the Spearman Reporter. Mr. Merriman is a good newspaper man and printer and will be a great help to the present force. He is experienced in all lines of the work, and for the past 18 months has been employed in the Panhandle Herald.—Spearman Reporter.

FRANCIS FLOOD TO BE HERE MARCH 11

In his lecture, Francis Flood tells of ranches in Brazil as big as Oklahoma. The cattle are tough critters, good for both beef and work.

C. W. Callaway, president of the Perryton Lions Club reports that Francis Flood, world wanderer and traveler, has been secured for two lectures here on March 11, in the afternoon and evening.

It is reported that Mr. Flood is making a tour of some 35 communities in Oklahoma and Texas. He talks on the subject, "Strange Lands Below the Equator." His tour is sponsored by the Oklahoma Farmer-Stockman of which he has been travel editor for about 10 years.

According to local people who have been making the arrangements here, Mr. Flood comes well prepared to lecture about our South American republics. He spent a considerable part of the last year in South American republics traveling by airplane, train, automobile, mule and on foot gathering first-hand information on these countries for a series of travel stories now running in the Farmer-Stockman and for the lecture tour that he is now making.

On his way to New York City to sail for South America, Mr. Flood interviewed President Herber Hoover relative to the countries he was to visit. President Hoover, himself, visited many of these countries previous to his inaugural while he was president-elect.

Concerning Mr. Flood and his lecture the editors of the Oklahoma Farmer-Stockman who are sponsoring his present lecture tour say: "In the last 10 years Mr. Flood has

visited some of the most remote corners of the earth. His first adventure took him through Canada and Alaska. Following that he made a tour of Europe. In 1928 with his partner, Jim Wilson, he embarked on a cruise of Africa and Asia, sailing from New York on a freight steamer. With Wilson he completed a trip across the African desert on motorcycles, the only trip of the kind ever successfully completed and then continued across Siam and India, through Japan to Hawaii and home to San Francisco. Flood's travels have taken him to every continent, except Australia.

Flood's stories in the Farmer-Stockman are familiar to readers all over Oklahoma. He talks as well as he writes. He has the faculty of being able to take his listeners with him on his adventures.

In his lecture he gives his listeners a glimpse of our neighboring South American republics that is not soon forgotten. Most of the countries about which Flood talks are still in the pioneer stage of development but when they awaken to their own possibilities they will become important competitors of our own wheat, cotton and livestock farmers. Flood's lecture tour will offer Oklahoma and Texas farming communities opportunity to become acquainted with the other half of the new world, the half that lies below the equator, with which they will some day have to compete."

WHY THE STOP SIGNS AT INTERSECTIONS

The question is often raised, "Why the stop signs at the Main Street intersections with First, Second and Third avenues?"

We wonder what they are for. No attempt is apparently made to enforce the ordinance compelling motorists to bring their cars to a complete stop before entering Main street. Many cars and trucks openly violate the "stop" order and do not even hesitate. The vast majority of motorists merely slow down or possibly shift into intermediate gear, maintaining a speed of from ten to twenty miles per hour. A few cars, very few, actually stop, only to be bumped from behind by a motorist who didn't intend to observe the sign.

The pedestrian has no protection. If he crosses in front of an approaching car, he takes the chance of being run down unless he cares to sprint for the opposite curb should the motorist feel that he or she is privileged to run the sign. Or if the pedestrian waits cautiously to see how the "stop" sign will effect the motorist, the car may come to a grinding halt with the driver glowering at the walker and mutely waving him on across and out of the way.

The driver on Main street is in the same condition. He does not know whether he is protected from the intersecting avenues or not.

It's all very confusing. The Herald believes that the "stop" signs should be observed and the ordinance enforced or else taken out all together and let each pedestrian and each driver look out for themselves.

SPRING RAINS ADD MOISTURE

GENERAL SHOWERS DURING PAST WEEK SUPPLY TWO-THIRDS OF AN INCH

Two easy, general rains during the past week supplied approximately two-thirds of an inch of moisture in Perryton, the first fall coming on Friday night and early Saturday morning, measuring 44 of an inch, followed by another rain on Monday night measuring around 20 of an inch.

According to reports that have reached this office, the rains were general over this immediate territory, some sections reporting a heavier fall than was recorded in Perryton.

The balmy spring weather that preceded and followed the rains should bring the wheat out in fine shape, it is said. Fear of a too advanced season is felt by some, especially in the fruit trees.

HOLD EXAM FOR RURAL CARRIER

POSITION IS OPEN AT BOYD, OKLA.; APPLICATIONS IN BY MARCH 13; EXAM HERE

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at Boyd, Okla., receipt of applications for the position to close on March 13. The examination for the position will be held in Perryton and will be about fifteen days after that date.

According to the rules of the commission, the examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists, who have been actually domiciled there for six months next preceding the closing date for receipt of applications and who meet the other requirements set forth.

Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Application blanks can be obtained from the Boyd, Okla., post office or from the United States Civil Service commission at Washington, D. C., prior to the close of business on the date specified.

The salary of a rural carrier on a standard route of twenty-four miles served daily except Sunday is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. Certain allowances are also made for the maintenance of equipment.

MANY CASES IN DISTRICT COURT

LARGE CRIMINAL DOCKET IS BEING TRIED THIS WEEK THREE SENTENCED TO STATE PRISON

District court is still in session and a number of criminal cases yet remain on the docket. District Attorney W. L. McConnell and County Attorney Max Boyer have been successful in obtaining a number of convictions, three liquor law violators receiving state prison sentences. The case of the State of Texas vs. C. W. Barker was continued for the term. Among the cases called for this term is that of the State vs. J. O. Brown, former Maytag agent in Perryton. Brown has two charges of forgery pending against him. E. N. Bland will be tried on a liquor charge.

The grand jury was reassembled, after being dismissed on Wednesday of last week, on Tuesday to return bills against two men by the name of Mitchell and Bacas, who were arrested Friday by county officers, charged with possession of liquor for sale. Bills were returned, both pleaded guilty and received sentences of one year. W. F. Maxfield of the Waka country got a one year prison sentence for possession of liquor for sale. Johnny Krause, charged with liquor sale; this case resulted in a hung jury, reported to be 9 to 3 for conviction. At one time the jury in this case is said to have been almost solid for acquittal. Doyle Hollingsworth, charged with driving a car while intoxicated, got off with a two year suspended sentence.

A complete list of civil cases disposed of cannot be given at this time. Judgment or final action in the following has been filed at time of going to press: Champlin Refining Co. vs. L. O. Street, attachment dismissed and cause continued until next term; E. B. Kelly vs. N. G. Nelson et al, foreclosure judgment for plaintiff; Wm. L. Sharp vs. C. N. Peery et al, judgment for plaintiff; Jim H. Wright vs. M. B. Davidson, judgment for plaintiff; Stella Purcell vs. Lee Purcell, divorce for plaintiff and maiden name restored; C. E. Reitz vs. Phoebe L. Jackson, dismissed; Clarice Cook vs. C. R. Cook, transferred to Hemphill county.

White House Lumber Co. vs. G. R. Davis, et al, dismissed; Panhandle Lumber Co. vs. Augie Hollingsworth, et al, dismissed; J. H. Anderson vs. Wolf Creek Royalty Co., judgment for plaintiff; Panhandle Improvement Co. vs. E. O. Bruner, et al, judgment for plaintiff; Carl Ellis vs. Ochiltree Grain Co., judgment for plaintiff; Dave Shanks, et ux vs. Roy L. Beever, et al, judgment for plaintiff; Sharon Grain Co. vs. C. E. Reitz, et al, judgment for plaintiff; W. L. Haynes vs. C. N. Peery, judgment for plaintiff.

RANGERETTES GO TO DALHART

TO COMPETE IN TOURNAMENT AT DALHART BEFORE GOING TO STATE A. A. U. MEET

The Rangerettes will leave Friday morning for Dalhart to take part in the tournament at that city before entering the state A. A. U. tournament at Plainview on March 12-13-14. They will play Stratford girls in the first game, scheduled for 3:00 o'clock Friday afternoon.

The Rangerettes for the first time have entered the state meet and have a good chance of going well up in the meet. Two hundred girls teams have been entered in the Plainview tournament.

The Rangerettes have a nearly perfect score this season, losing only one game, to Dimmitt, former state championship team, and winning twenty-one.

Commencement Speaker

Memphis Pastor Will Make Commencement Address to 31 Class of Perryton High School

Dr. Ira T. Miller, pastor of the First Baptist Church of Memphis, Texas, has been secured to make the commencement address to the 1931 graduating class of the Perryton High School, so states Superintendent W. B. Irvin.

The entire class and school feel very fortunate in having obtained the services of Dr. Miller for he ranks as one of the ablest speakers in the Panhandle. The speaker for the commencement sermon will be selected later.

Miss Lorene Coffee and Miss Lola Belle Barbour were Liberal, Kans., visitors Wednesday.

LUTHERAN CHURCH NOTES

The Message of Lent

A woman once came to a preacher, carrying in her hands a quantity of wet sand. "Do you see what this is, sir?" she asked. "Yes, it is wet sand," he said. "That's me, and the multitude of my sins can't be numbered," and she gave way to passionate weeping. The preacher, calming her, asked her where she had procured the sand. "At the beach," she said. "Go back, then, and take the spade with you and dig till you raise a good mound; shovel it as high as you can and leave it. Stand back on the shore and see the effect of the waves upon it." The meaning came home to the woman. The blood of Christ would wash all her sins away.

"The Saving Blood of Christ" is the central theme of all our Lenten services. Sunday morning's topic will be "We Would See Jesus." Special mid-week Lenten services will be held during March on Wednesday nights at 8 o'clock, in which the history of our Saviour's suffering and death will be presented, the services alternating in English and German. The following is the schedule of these mid-week Lenten services:

- Wednesday, March 4, 8 p. m. (English)
 - Wednesday, March 11, 8 p. m. (German)
 - Wednesday, March 18, 8 p. m. (English)
 - Wednesday, March 25, 8 p. m. (German)
 - Good Friday, April 3, 10:30 a. m. (English)
- We welcome you to any and all of our services.
 H. W. Hartenberger, pastor.

CHRISTIAN SCIENCE

"MIND" was the lesson-sermon subject in all Churches of Christ, Scientist, Sunday, February 22. Isaiah 11:9 furnished the golden text: "The earth shall be full of the knowledge of the Lord, as the waters cover the sea."

The lesson-sermon included the following passages from the Bible: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways are past finding out! For who hath known the mind of the Lord? or who hath been his counselor? For of him, and through him, and to him, are all things: to whom be glory forever"—Romans 11:33, 34, 35.

The following citations from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, were also included: "Mind is God, and God is not seen by material sense, because Mind is Spirit, which material sense cannot discern... Mind is the I AM or infinity. Mind

never enters the finite. Intelligence never passes into non-intelligence, or matter... The divine Ego, or individuality, is reflected in all spiritual individuality from the infinitesimal to the infinite."

BLODGETT ITEMS

Quite a large representation from Perryton, Spearman and neighboring communities attended the play given Friday night. We certainly appreciated the large attendance and hearty cooperation of friends and all those who assisted in any way.

The P-T A program for March 5th (1st Thursday in March at 2:30 o'clock) is as follows: Music, Milo Boldgett; Safety Pageant, by mothers; Safety First, S. J. Powell; Health, Mrs. Ralph Boldgett. All members are urged to be present.

Mr. and Mrs. J. P. Sim were Sunday dinner guests of Mr. and Mrs. H. A. Peary.

Mr. and Mrs. W. Y. Williams and daughter, Velma, will visit this week with Mr. and Mrs. E. E. Kenny near Gray, Okla.

Weston Tracy, Wellington, is residing at present in the home of W. M. Deck.

J. M. Blodgett, Earl Church, Edward Beck, Olen Williams, L. M. Bell, S. J. Powell and L. W. Austin did a little visiting and boosted the play for the P-T A this week. They reported a jolly time which evidently bore much fruit.

County Agent Guy R. Sheets of Perryton was out in this vicinity the first of the week.

Matt. 8th ch. is to be studied March 1st at Bible Study, 2:30 to 4:00 o'clock in the afternoon. Everybody is invited to come and join us in this study class.

Unless weather conditions prevent quite a number from this community will attend the P-T A program at Black, Tuesday afternoon.

BOYD, OKLA. ITEMS

The beautiful weather still continues and Friday night a fine little rain visited this part of the country.

Mr. and Mrs. E. E. Hughey of Hardisty, Okla., were visitors of Mr. and Mrs. J. H. Pierce Wednesday.

Mrs. E. M. Pope and Mrs. J. H. Pierce attended the special club meeting at Beaver, Monday in the interest of the club women.

The meeting being conducted at Dunchgrass by Rev. Barnum is progressing nicely.

Mr. and Mrs. J. A. Haworth and Mr. and Mrs. J. J. Stanley were visitors at the Beaver hospital, Friday where Mr. Stanley is receiving treatment.

Miss Olive Stanley who is attending school at Eureka spent the week-end at home and with her

grandparents, Mr. and Mrs. J. J. Stanley.

Mrs. M. A. Schollenberger is quite ill in the hospital at Shattuck, Oklahoma. Mrs. W. A. George, her daughter, and husband drove down Sunday afternoon to see her.

The members of the Palestine Parent-Teacher Association are preparing a program for the next meeting Friday evening, February 20. This is also the time to elect officers of the association for the coming year.

Mr. and Mrs. J. H. Pierce attended the play given by the Dombey club women at Turpin, Friday night.

NOTIA ITEMS

Mrs. W. F. Taylor spent last week visiting her daughter, Mrs. Merydith and family of Lipscomb.

Fred Turner was in Canadian Monday to have some dental work done.

R. E. Wamble and Frank Cox were on grand jury at Perryton last week.

Mr. and Mrs. Sam Nitsche of Booker spent Saturday visiting her sister, Mrs. Fred Turner.

Mrs. Loughofer and daughter, Elsie, called on Mrs. Kizzlar Thursday afternoon.

Mr. and Mrs. Arthur Henry and small daughter and Mr. and Mrs. Reece Taylor and family of Perryton and Mr. and Mrs. Morris Merydith and family of Lipscomb spent Sunday in the W. F. Taylor home.

Mrs. Lawrence Good and family were at the Fred Turner home two days last week doing some quilting.

HUNTOON ITEMS

A large crowd attended the program given by the Parent-Teachers association Friday evening and an excellent program was given. We wish to thank all those who helped with the program, especially the men for the interesting debate and Mr. Lemon for his splendid talk on "Morals."

Interest is growing and everyone is pulling for the Huntoon P-T A. Friday is "Parents Day" and we hope to have the parents 100 per cent strong visit school. Sandwiches, cake and coffee will be served at noon. The candle lighting ceremony will be observed in the afternoon. A short program, followed by games for everybody will complete the day's program.

Mr. and Mrs. E. L. Whippo from the Farnsworth community and Tom Hogland and daughter, Miss Faye, from the New Hope community attended the Huntoon P-T A program Friday evening.

The fine rain which fell Friday night made us all happy.

Mr. and Mrs. Spencer Whippo gave

a Washington birthday party at their home on Saturday evening. At 11:30 ice cream and cake was served to the following guests: Allie Lindaman, Julia Lindaman, Dora Mae Lee, Francis Sell, Winifred Devera, Olive Nowlin, Charline Nowlin, Rosey Annette, Mable Annette, Wilma Glidens, Kelley Hall and Raymond and Russell Sell, Alfred and Avin Lee, Alva, Arnold and Virgil Devera, Leonard and James Latham, Charley Crist, Quinn Lemmon, Paul Bollinger, Noland Reed, Charon Marriott, Russell and Raymond Nowlin, Venson Byrenes and John Devera.

Mr. and Mrs. Wayne Emberson took Mrs. Emberson to Canton, Kansas to attend the funeral of her sister-in-law.

The following pupils made an average of 92 1-2 or higher for the sixth month of school and are on the honor roll: First grade—Suzanne Sellers; Second grade—Lenora Kershman, Randolph Skulley, Bobby Schuster, Bernard Crist; third grade—Joy Nowlin, Christina Glidens; Fourth—Virgil Devera; Fifth—J. W. Depew; Eighth grade—Carl Glidens.

"You can bet your Bottom Dollar Germ-Processed Oil won't fail you these cold days"

The multitude of motorists who have switched to Conoco Germ-Processed Motor Oil know what a great oil it is for summer use. Maybe they are wondering how it will act in cold weather at zero and below.

The makers of Conoco know. Better still, thousands of users know, from their experiences of last winter. In Canada, Montana, the Dakotas... in Denver... with temperatures far under zero, Conoco Germ-Processed did not congeal. It remained fluid and continued to furnish efficient lubrication.

This accomplishment is no surprise. Conoco Germ-Processed is easy starting, non-congealing at sub-zero temperatures, because it is a thoroughly de-waxed paraffin base oil. The Penetrative Lubricity of Germ Process makes certain an ever-present lubricating film in your motor, even after long periods of idleness... particularly valuable at starting time, when 40% to 60% of motor wear occurs.

Save this wear on your motor... your battery... your nerves. Drain and refill now with the proper grade of Conoco Germ-Processed oil at the sign of the Conoco Red Triangle. All grades, 35¢ per quart.

The year's greatest gloom-buster—Ed Wynn, making his talking picture debut in "Follow The Leader." Wynn is known as "The Perfect Fool" to everyone who has seen him behind the footlights of Broadway.

"CIMARRON" ON SCREEN FINDS NOVEL'S POWER

Against the sweep of rampaging empire is Radio Pictures' gift to the great things of the screen in "Cimarron."

Towering above the current film crop as Yancey Cravat towered above the stalwarts of the old Southwest, the film holds every ounce of the power and majesty Edna Ferber packed into her history-making novel. Around Richard Dix in the role of Yancey, is spread this drama of Oklahoma, her men, her women, her heroes, and—well, those glamorous others we must have always with us.

Saga of Oklahoma
Here is the story of Yancey and Sabra Cravat, told with the same rugged honesty Edna Ferber lifted from the oil-drenched soil of Oklahoma to strike life into her novel. Opening amid the clamor of '89's historic land rush, the picture moves with unimpeded speed through the whole turbulence of Oklahoma's history.

Irene Dunne is Sabra—the lace-and-lavender daughter of the Louisiana Venables who plunges with the adventuring Yancey into a land of men with hair on their chests and hell their hearts. She it is who becomes the most heroic figure of them all—all that is, except the matchless Yancey.

5,000 In Cast
Creating other of the five thousand characters in the picture are William Collier Jr., as The Kid; Estelle Taylor as Dixie Lee; Nance O'Neil as Felice Venable; Roscoe Ates as Jess Rickey; George Stone as Sol Levy; Stanley Fields as Lon Fountis; Edna Mae Oliver as Mrs.

Wyatt; Robert McWade, Helen Parrish, Tyrone Breton, Robert McKenzie, Douglas Scott, William Janney—like Adair, Heinie Conklin, Barney Furey, Eshan Laidlaw and Tim Lonergan.

GREAT SCENE TOPS THRILLS IN FERBER EPIC

A pistol shot, a wild huzza from 5,000 throats and the great rush scene in Radio Pictures' "Cimarron" was under way.

For days an army of men had been gathering in the rolling plains country near Bakersfield, California, focussing mind and effort on the preparation of a mile long front of ox teams, covered wagons and rigs of all descriptions for a simulation of the Oklahoma land rush of 1889. All morning they had waited for that starting pistol shot. Animals and men were tense with expectation. A bugle sounded, then came the roar of the pistol. There was hum of awakened life; a loud huzza of discordant notes shouted by men drunk with enthusiasm, and the sharp reports of bull whips that pricked the ears like singing bullets.

They're Off
The whole world had turned on end. Pandemonium reigned. Prancing, curvetting horsemen leaped into action as though they were propelled from rifles, while some 800 covered wagons, ox teams, carry-alls and two-wheeler rigs and a few bicycles shook the rust and age out of their joints and careened madly onward.

From the vantage point of the thirty-five cameras perched on fifty-foot elevations, the plain seemed to fill instantly with hundreds of flying things. Men, horses and ve-

hicles were everywhere and as they thundered towards the camera stands the ground shook as though it were in the throes of an earthquake.

Like the original Oklahoma rush, this was a race in which only the strongest could survive. Scores of the hastily-recruited ranch hands of the section who served as "extras" in the scene fell by the wayside unable to keep up the terrific pace. Their woe-begone expressions were additional tid-bits for the cameras.

Wagons in Crack-Up
Many of the ancient wagons hired for the scene gave way under the strain and broke down, piling horses and men in confused jumbles. Meanwhile the procession of the strongest rolled madly on past the camera stands where, atop the highest, Wesley Ruggles, the director, was wreathed in smiles. At times the racers were absorbed in dust of their own making. Swirled into the eddies by the wind, the dust shaped into rolling cloud in and out of which moved the racers. This was an unexpected touch.

FOOLS WEBSTER

A fool, according to Webster is "one destitute of reason or of the common powers of understanding."

Write the famous lexicographer as wrong in at least one instance. "The Perfect Fool," Ed Wynn, has plenty of gray matter up top.

The famous stage comedian, who will be seen in "Follow The Leader" at the Ellis Theatre the first two days of the week, is noted for his inventions, for his gags and for his amusing antics on the stage and before the talking picture cameras. All his lines, all his inventions, all his business are the work of Ed Wynn. He claims to be the only man who has ever assembled a revue, written all the lyrics, music, gags and business for it, starred in it, at the same time, managed its run.

DRAMATIC ROLE FOR DOT LEE

"Hook, Line and Sinker," a hilarious farce, co-featuring Bert Wheeler and Robert Woolsey at the Ellis Theatre, means more than one of the greatest comedy picture Radio Pictures has produced, at least it means more to Dorothy Lee.

To her it commemorates the realization of a lifelong ambition to be an actress. In this side-splitting comedy, she makes her first appearance as a full-fledged actress . . . without a single song or a dance. Singing and dancing were the weapons she used to crash the studio gates.

Musical Comedy Star
She went to New York and appeared, still singing and dancing, in "Hello Yourself." Through all these years she was forced to suppress her desire to act. The studio doors remained aloof, and tightly closed.

The Radio Pictures purchased "Hello Yourself," and produced it as "Syncopation." Miss Lee was given a part. She was given a contract and sent back to the studio near her old home.

Acting, however, seemed as far away as before. In succession she danced and sang her way through several Radio successes . . . "Rio Rita," "The Cuckoos," "Dixiana" and "Half Shot at Sunrise." In each of these productions, though, there were lines to be spoken, and she spoke them so well that her selection to support the famous comics,

Wheeler and Woolsey, in "Hook, Line and Sinker" was a foregone conclusion.

IMPORTANT STAGE "NAMES" SEEN IN SUPPORTING CAST

In addition to Miriam Hopkins,

Mr. and Mrs. Carter Honored

Mr. and Mrs. A. L. Carter, who celebrate their birthdays within a few weeks of each other, were honored with a dinner at the home of their daughter, Mrs. Howard Holt, Sunday, February 22.

A large white cake decorated in green formed a table centerpiece. Red, white and blue, symbols of George Washington's birthday, and the St. Patrick green were blended in the room decorations and the table favors.

Enjoying the affairs, beside the honorees were Mr. and Mrs. S. L. Brillhart and children, Mr. and Mrs. Dewey Allen and daughter, Kathleen, Mr. and Mrs. Blansit Carter, Mr. and Mrs. Tom O'Dell, Mrs. G. D. Holt, Fred Carter and Mr. and Mrs. Howard Holt and son.

Mrs. Merton Smith Guest of Honor

Mr. and Mrs. Merton Smith and daughter were dinner guests Friday evening in the home of Mr. and Mrs. Ray Chase. The occasion was in honor of the birthday of Mrs. Smith. After dinner as a surprise to the honoree, a number of friends were invited in for the evening.

Trips were enjoyed until a late hour. Score favors going to Mrs. R. W. Stratford and Dean Conner. Ice cream and cake was served to Mr. and Mrs. Smith, Mr. and Mrs. L. R. Conner, Mr. and Mrs. R. W. Stratford, Mr. and Mrs. Geo. Van Arsdale, Mr. and Mrs. Dan Conner, Mr. and Mrs. Herman Hargrove and the Chase family.

Mr. and Mrs. J. P. Gilbert and family, Beaver, Okla., T. B. Matthews, Amarillo, Fred McQueary, Fort Worth and M. M. Couger, city, were dinner guests in the home of Mr. and Mrs. J. Nathan Bryan Sunday.

Birthday Carnival

The K. B. class of intermediate girls have issued invitations to a Birthday Carnival, which they will hold in the basement of the Baptist church Friday evening, February 27 at seven thirty o'clock.

The proceeds are to be used to help pay for pulpit chairs. They assure you an interesting evening.

Surprise Party

A delightful evening was spent at the home of Mr. and Mrs. R. E. Carr in the honor of their son's birthday Saturday evening.

They were entertained by a number of party games and later several games of dominoes were played. At a late hour all were served with delicious pineapple and angel food cake.

Those present were: Viola Skully, Clara and Lydia Phillip, Velma Ragsdale, Blanch Massey, Audrey Beaver, Ethyl and Evelyn Clark, Mr. and Mrs. Watson, Hadie and Charlet Palmer, Retha and Reva Morgan, Clara Carr, Marvin Phillip, Wilson and William Skully, Clea Grogan, Melvin Wilson, Wilson Morgan, William Gray, Orville and J. B. Watson, Tom Johnson, Mr. and Mrs. Vern Wilson and Mr. and Mrs. Carr.

It was a very enjoyable evening spent by all.

Miss Yoe Hostess

The Arts Club met with Miss Mary Louise Yoe Tuesday evening, February 24. The discussion included the early Italian painters, Giotto and Fra Angelico, preceded by a survey of Roman art. Refreshments were served.

Members and guests present in-

cluded Mrs. W. H. Razor, Misses A. Dye Hicks, Eugenia Mitchell, Helen Sheeks, Kathryn Orr, Eula Marie Wales, Mary Louise Yoe; J. Lee Funk, Raymond and Glenn Wilson.

Open House Held For Grandmother Perry

Open house was held at the Geo. M. Perry home Saturday afternoon between the hours of three to five o'clock in honor of Grandmother Perry, who celebrated her birthday anniversary on Monday, February 23.

Mrs. Perry was dressed in her wedding gown, a beautiful creation of green and silver taffeta, designed with a close fitting bodice and hoop skirt.

Mrs. Carl Ellis and Mrs. Charles Whippo accompanied by Mrs. J. W. Wilson at the piano gave a lovely vocal duet. Mrs. W. G. Caldwell read "The Land of Beginning Again" and played a piano selection.

Fragrant bowles of sweet peas and hyacinths helped to carry out a color scheme of pink and white.

Fifty-six friends called during the afternoon. Miss Nellie Perry, Mrs. Harriet P. Thornton and Miss Harriet Perry received the guests and served each with ice cream and birthday cake.

Surprise Birthday

Mrs. Vance Apple surprised her husband with a bridge party on Saturday evening, February 21 in honor of his birthday anniversary. After a number of interesting games, a delicious refreshment course was served to Mr. and Mrs. Arthur Mayo, Mr. and Mrs. Charlie Kent, Mr. and Mrs. Cecil Dodd, Mr. and Mrs. Don Penn, Miss Lorene Coffee and Henry Richardson.

Sorosis

The Home Economic division of the Sorosis club met at the Home Economic rooms on Wednesday afternoon, February 18, with Mrs. J. H. Woodward, Mrs. W. L. McDivitt and Mrs. J. B. Nash as hostesses.

Roll call was answered with "my favorite flower and how to grow it." The lesson topic was on "Landscaping," "Beautifying Home Grounds" by Mrs. K. H. Crisp and "Vegetable Gardening" by Mrs. J. H. Woodward were interestingly discussed. A beautiful book was presented the library by the hostesses.

A delightful two course luncheon was served after the program to Mrs. P. T. Sherman, Mrs. D. D. Shanks and Mrs. Jewell Walker, as guests; Mrs. J. M. Bull, Mrs. K. H. Crisp, Mrs. G. W. Cutter, Mrs. W. STOCK SHOW AT AMARILLO NEXT

TRI-STATE FAIR ASSOCIATION SPONSORS SHOW AT AMARILLO ON MARCH SECOND TO FIFTH

Amarillo, Feb. 23.—Farmers and stockmen from all over the Southwest are planning to come to Amarillo for the forthcoming Amarillo Fair Stock Show, which is to be held in that city March 2nd to 5th, according to Wilbur C. Hawk, president of the Tri-State Fair Association, under whose auspices the event takes place.

Special events are planned for each day of the show. On Tuesday, March 3rd, at 2:00 p. m., an outstanding sale is planned of Poland China and Duroc Jersey hogs. Thirty head of bred sows and gilts are to be offered, selected from the best herds of Texas, and bred to outstanding boars that have won in their classes in the leading fairs of the Southwest in 1930. The sale will be conducted by Col. Ed F. Herriff of Oklahoma City. There will also be a Pig Club Show and Sale, in the Swine Department.

On Wednesday, March 4th, at 1:00 p. m., sixty-five registered Herefords will be auctioned off by Fred Reppert, auctioneer. These will include fifty-five herd bull prospects and high class range bulls. Ten females, select foundation cattle, will complete the sale. All animals carry the blood lines of Anxiety 4th strains. In addition, some good polled cattle are included in the event.

The final day of the show, Thursday, March 5th, will have as its feature the sale of two hundred baby beef calves. This event will take place at 9:00 a. m. Earl Gratin is to be the auctioneer.

Several conventions are planned during the show dates. These include those of the Amarillo Livestock Breeders' Association and the Panhandle Swine Breeders' Association. A big free automobile show in the new Automobile Building at the Tri-State Fair Grounds in Amarillo is another feature expected to interest the thousands of visitors for whom preparations are being made.

An interesting and unusual phase of the show is that everything will be free to visitors—gate, parking space, auto and horse shows, band concerts, and attendance privileges at the various auctions and exhibits.

The local yard of the Panhandle Lumber Co., in accordance with the company's well known interest in anything which promotes better and more diversified farming, is cooperating actively in advertising and promoting the attendance at this event of farmers, live stock raisers, and others from this locality.

Big Wrestling Match

Tri-State Fair Association Is Offering Big Card at Amarillo Friday Night

AMARILLO, Feb. 21.—Three big wrestling matches on one card will be the pre-fat Stock Show attraction next Friday night, February 27, at the Municipal Auditorium in Amarillo.

The program will mark the return to the ring of Cal Farley, outstanding contender for the welterweight crown. The Amarillo business man will meet Billy Hallas of El Paso, another outstanding welterweight. Farley and Hallas have met several times, and the result has always been a sensational match. Farley's last bout was with Jack Reynolds, the champion, in Amarillo last June.

The semi-windup will see the famous "ape-man," Dutch Mantell, of Amarillo, matching holds with "Blacksmith" George Pedigo of Toledo, Ohio. Pedigo has wrestled his way up the welterweight ladder until he is among top-notchers, while Mantell's ability is known far and wide.

The third match will feature Bob Roy of Amarillo and Bob Bennett of San Francisco. Roy is a youngster who has won his spurs on recent trips through the Southwest and West, while Bennett, who is on his way East after a successful conquest of the Pacific Coast, has proven the sensation of the last few months in Amarillo. His showing against Jack Rose and Pete Brown the last two weeks has convinced fans that he is one of the greatest stylists the game has ever known.

The triple card will be sponsored by the Tri-State Fair Association.

MORE PAVING AT SPEARMAN

CITY COMMISSION WILL LET CONTRACT FOR FIFTEEN ADDITIONAL BLOCKS ON MARCH 10TH

On Tuesday, March 10, the city commissioners of the city of Spearman will let the contract for the paving of about 15 blocks of Spearman.

This big project is the culmination of some mighty hard work of the city commissioners and many good boosters for the town. The paving will be located principally on Collard, Kenneth and Bernice streets, and is to connect up with the paving already in. Collard street, known as Elevator Row, is the route of highway No. 117. It is thought that the work will all be finished before harvest time this year, and that local labor, in so far as is possible, will be employed. The commissioners hope to have the work begun immediately after letting the contract, says Mr. Sampson, city manager.

Sampson states that the matter of securing state aid in part payment of the cost of paving Collard street in Spearman, was approved by Judge W. R. Ely of the state highway commission at Abilene last week. The plans and specifications of the job must first be approved by the highway engineers before the final endorsement of the entire state highway department.—Spearman Reporter.

Mrs. Warren Teter, Liberal, Kan., visited Thursday in the home of her daughter, Mrs. Gordon Murray, Spearman. Mrs. Teter, who has been away with her sister for the past several weeks, returned home with her mother.

Sunday School Lesson

International Sunday School Lesson for March 1
JESUS SENDING FORTH MISSIONARIES
 Luke 10:1-11; 21-22
 Rev. Samuel D. Price, D. D.
 Here is a lesson that is much larger than appears at first glance. Too many fail to reach the heart of the matter because they are about as unrelated as those who flippantly talk about "giving it the once over." Dig deep this time and you will discern the program that Jesus presented to complete His entire missionary enterprise. He did not plan to reach the people en masse, as when He fed the five thousand. His plan was to go after the individual in a "Win One" campaign that should never end. Some time before He had commissioned the Twelve to go forth as workers. Now He starts Seventy on their way as ambassadors of the Kingdom of God.

In that day the area was more thickly peopled than now. Every individual was a prospect and the Master Teacher was eager to have each one invited to become a believer, a follower, and in turn a "Win One" worker in further extending the Kingdom. It was heart-breaking to see the populace in their spiritual ignorance and without any inner power to help them up to God's way of thinking. Again the Omniscient tells how the desired end can be accomplished. The same method is the one to be followed today though the population is much greater than in that generation. The direction is found in the Golden Text: "The harvest, indeed, is plenteous, but the laborers are few; pray ye therefore the Lord of the harvest, that he send forth laborers into his harvest."

Then you can rejoice at the result which was reported at the conclusion of the itinerary. The Seventy were able, through spiritual power, to win many as believers. Miracles were wrought and these confirmed the value of the teachings. Why have thousands of churches in America not added a convert in a year?

TELLS OF QUEER LANDS BELOW EQUATOR

Natives caiking a boat on the upper Amazon river, Brazil, while Francis Flood looks on.

Oklahoma and Texas have some of the biggest cattle ranches in the United States but Francis Flood who will lecture at Perryton on March 11 under the auspices of the Lions Club tells of cattle ranches that dwarf any that the entire southwest can produce.

Concerning some of the big Brazilian ranches Mr. Flood recently said in one of his stories in the Oklahoma Farmer-Stockman: "One man up on the Amazon owns a ranch that is almost as large as the whole state of Oklahoma. And there is another estate owned by a single firm in the same Amazon district, one single ranch, mind you, that is just about the size of Oklahoma and Kansas combined."

A cow can be bought for \$3 a head F. O. B. in Brazil, according to Mr. Flood, but he explains that in this case he means "found on bush." The cattle are tough critters good for both work and beef.

When Flood asked why the cattlemen raised hideous looking, slate-colored, thick-skinned, huge-framed

PARENT-TEACHERS

The Perryton Parent-Teachers association met in regular session at the high school study hall, Monday evening, February 23, at 7:30 o'clock. The program was very entertaining.

Invocation given by Rev. L. O. Eyerly. The feature of the evening's program was "The Gum Chewer's March" played by the high school band. The origin of the march was explained by the composer, Prof. R. R. Willmann. In his discussion of "Music as a Character Builder," Rev. Eyerly said: "Music is never degrading but always uplifting. It does not educate but inspires and appeals to love of beauty. Parents should never think of money spent on the child's music lessons or instruments as wasted for

Indian zebu cattle, a Brazilian rancher replied.

"Well we use that kind of critter for the same reason that your Texas cattlemen of 60 years ago used the rangy, quant Longhorn, the only kind that could stand the gaff."

In conclusion Flood said, "Brazil already has some 40,000,000 head of cattle and range for twice as many more—more than there are in the whole United States—and pastures to burn. If the country is ever tamed, the ocean roads to the European real, high-quality cattle can be raised, the ocean roads to the European markets will be full of Brazilian beef and our own cattle producers will find a potent competitor in the field."

The sponsors of Mr. Flood's lecture here say that because of the first-hand information concerning the agricultural possibilities of South American countries, his message will be of especial interest to farm folks but his adventures have been varied enough that his lecture has an appeal to everyone.

It helps to make a mark on the child's character, which will cling to them through life." He also complimented the Perryton school on the present system which is used in the music department.

Dewey Allen gave a very interesting talk on "The Boy Scout Organization as a Character Building Agency." He used the scout oath: "On my honor I will do my best, to do my duty to God and my country and to obey the scout law; to help other people at all times; to keep myself physically strong, mentally awake and morally straight" as the basis of his talk.

The treasurer reported \$376.84 in the treasury and \$18.40 received from the sale of show tickets. A proposition for selling light bulbs on a commission offered by the Stansberry Electric Company was accepted.

To those who are not attending the Parent-Teachers meetings, you are missing some good programs. We need you.

G. C. Widmer of the southeast part of the county, was a Perryton visitor Saturday. The Widmer home was completely destroyed by fire a few weeks ago. They started work on a new place immediately and will be ready to move in it in a few days.

Mr. and Mrs. R. H. Gamel and Mr. and Mrs. J. D. Wade visited with the Carl Gamel family at Guyton, Okla., Wednesday.

Billie, son of Mr. and Mrs. Fred Battle, fell from a rafter in the garage last week and broke his right arm at the elbow. He is doing nicely and able to be in school again.

Mr. and Mrs. C. W. Claybaugh spent the week-end visiting with Mr. and Mrs. J. C. Barton, Lipscomb.

Kentucky Man Says Crazy Crystals Are Wonderful

Feels Better Than He Was in 40 Years

I have been a sufferer with nervous indigestion and stomach trouble for the past twenty years, and have tried almost everything recommended by physicians and friends with but very little relief.

I heard of this wonderful Water at Mineral Wells and concluded to try it out some two months ago. Words will not express my sincere pleasure for this wonderful crystallized water that has helped me so much in this very short period of time, and I can most heartily recommend it to anyone suffering from indigestion and stomach trouble.

C. D. Barber, Manager, Dily Goods Department, J. A. Ruby & Sons, Paducah, Kentucky.

The new, million dollar, Crazy Water Hotel at Mineral Wells, Texas, covers an entire block of ground. It is modern, fire-proof and complete in every detail. It is natural to think it would be expensive to stop at this magnificent hotel, yet, you can enjoy its genuine hospitality, pleasing service and receive the benefits of the Crazy Mineral Water Treatment at very reasonable rates. If you have rheumatism, stomach trouble, diabetes, colitis, kidney trouble or any chronic ailment brought on by faulty elimination, we urge you to write the Crazy Water Hotel, Mineral Wells, Texas, for full and complete information about their treatment. 5-4-c.

Mrs. A. C. Witt attended the basket ball games at Canyon Friday and from there went to Tulla to visit with her sister, Mrs. C. E. "Scatter Sunshine Cards." A card for Card Headquarters.

FORD COMFORT

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers. ONE of the fine things about driving the new Ford is that it takes you over the miles without strain. No matter how long the trip, you know it will be safely, quickly, comfortably to the journey's end. The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs. Houdaille double-acting hydraulic shock absorbers. These work both ways — up and down. They absorb the force of road shocks and also provide a cushioning rebound of the springs. Other features that make the new Ford above the price are the Triplex shatter-proof glass shield, silent, fully enclosed four-wheel brakes, than twenty ball and roller bearings, extensive fine steel forgings, aluminum pistons, chrome alloy valves, torque-tube drive, Rustless Steel, unusual accuracy in manufacturing. In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation, low up-keep, and low yearly depreciation.

1,000 Cigarette Contest Under Way

Offering fifty thousand prizes has been announced by R. J. Reynolds Tobacco Company, makers of Camel Cigarettes, with special announcements appearing every newspaper in the United States. Eight days are left for submission of essays, contest closing at midnight on March 4.

Prizes will be awarded for the best answers to the question: "What change has recently been made in the wrapping of the Camel Cigarette?" Answers are limited to 200 words in length, and must be on one side of the paper and are to be mailed to Contest Editor, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Prizes are twenty-five thousand dollars, with second and third prizes of ten thousand dollars and fourth prize of five thousand dollars. Numerous other prizes will also be awarded.

The contest is Ray Long, editor of the International Magazine and editor of Cosmopolitan Magazine; Roy Howard, editor of the board of the Howard Newspapers, and Dana Gibson, international artist and publisher of Agony.

Contest is part of what advertising experts declare is one of the most intensive advertising campaigns ever staged. Practically every daily and county seat newspaper in the country will carry it as well as college periodicals and financial newspapers. Campaign is to be followed by aggressive advertising drive in newspapers, magazines, and outdoor display.

ty-five and thirty cents a pound and then went by the board when tobacco was planted in every available foot of soil where the plant would grow. The California Raisin Growers association, after a number of years' successful operation, lost a reserve of \$5,000,000 when a surplus equal to one whole year's crop of Muskat grapes, was developed. They had guaranteed a price of three cents a pound.

Assistance offered by the Agricultural Marketing Act is not in the form of a subsidy, but is an offer of the American government to superintend the formation of cooperative associations in every branch of agriculture, and to operate them until a time when agriculture will be able to take care of itself.

Economic production and economic marketing are the two big things offered to us. By economic production I mean, raising just that quantity of grain that can be readily sold. By economic marketing, I mean the huge volume of grain from all parts of the United States through one central selling agency.

The Farmers National Grain corporation has been set up as the agency through which all grains are to move to market. Farmer owned and farmer controlled, it now has 27 farmer cooperative stockholders and represents the 35 cooperative associations which formerly competed with each other in trying to get the best price possible for farm products.

During the organization period, the Grain Stabilization corporation is in a position to remove a portion of the present surplus from the market each year, in order to maintain prices. We cannot, however, expect the government to go on year after year, buying up wheat. Not only would three year's carrying charges equal the value of the grain in storage, but eventually a full year's production would come back and slap us in the face.

Fortunately, wheat consumption in the United States approximates 75 per cent of present production. If our wheat acreage is cut by that 25 per cent which represents what we formerly shipped to Europe, nature's law of supply and demand will bring a price for farm products which will be cost plus a margin of profit sufficient to enable farmers to meet their just obligations and accumulate a competency for their declining years.

If we do not heed the warning which has been given by the failure of similar movements, and information given as to the condition of the world wheat market, a price of 25 cents a bushel will drive us out of business. Canadian wheat is now selling for 29 cents.

I am not here, Manley said, to make you feel good. I want to make you feel bad. I want to tell you the truth and to leave it to you to say whether you will get behind the marketing act, economically produce, economically market, and build up an effective cooperative organization which will continue to function after the government steps down.

It is not a job for 8,500 wheat farmers out of 30,000 in Oklahoma, or 4,000 wheat farmers out of 15,000 in Texas. The program must be 100 per cent effective.

Start Community Church

Neighboring City Starts Fund For Community Church To Be Built at Once

Fred Krueger in last weeks Gruver News announces that over \$3000.00 has been subscribed by the people of that progressive Hansford county town for the building of a community church. The old courthouse at Hansford has been purchased and will be razed and the salvage brick and lumber used in the Gruver church building.

The new community house of worship will be of brick construction. The Gruver people are to be commended for this move. It seems to us as though it would be far better to have all the people in any community united together in a common cause than to have a half dozen or more factions and bodies, all working, in many instances against each other, with the same goal in view. The old saying, "In Unity, There is Strength," applies to almost everything except church work.

Mrs. A. B. Nave, Childress, and Mrs. A. T. Collins, Chillicothe, were in Perryton from Tuesday until Thursday visiting with their niece, Nina B. Paulk, who has been in the Plaza hospital for the past ten days. Little Miss Nina is getting along nicely and will be able to return to her home at Darrouzett in a few days.

COURTHOUSE AT SPEARMAN SOON

CONTRACT LET FEBRUARY 13 FOR NEW COURTHOUSE AT SPEARMAN TO OKLAHOMA BUILDER

Contract for the erection of Hansford county's new court house was let on Friday, February 13, to the Kreipke Construction Company of Oklahoma City for the sum of \$41,499.00. This contract price includes electrical wiring and plumbing, but the contracts for these were let separately. The electrical contract was let to the Triangle Electrical Company of Amarillo.

This contract was let by the county commissioners, following several weeks of deliberation and after making inquiry and investigation. Nine general contractors bid on the job, and the commissioners feel that they made a real good deal. It is understood that work will begin within a very short time and that Hansford county people will be employed on the job in so far as is possible.

Hansford county will be proud indeed of this fine building. It will not be the biggest and best courthouse in north Texas, by any means.

TOO MUCH CENSORSHIP

The United States Postoffice Department, through Mr. William C. Wood, superintendent of the division of classification, warned the members of the New York Press Association at their recent convention that Uncle Sam's minions would get them if they don't watch out.

According to Mr. Wood, anything which can be interpreted by the postoffice as advertising, whether the paper receives pay for it or not, is to be counted in computing postage on any given issue, regardless of whether it is actual advertising matter or not. And Mr. Wood went farther than that; he announced it as the policy of the Postoffice Department to treat any sort of publicity or promotion copy published as a means of holding advertising or in the hope of getting advertising as advertising matter itself.

This seems to us to be stretching the definition of advertising far beyond any reasonable limit. It also seems to us to be something far more serious than that.

It is just another effort on the part of the bureaucrats in Washington to censor the newspapers.

It doesn't make any difference whether the government of the United States is administered by Republicans, Democrats, Prohibitionists or Socialists—the bureaucratic mind knows no party. It wants to control every human activity. Give it an inch and it will take an ell. It seems to us that we have had just about enough meddling from Washington with affairs that are purely private and personal and which do not call for governmental regulation, not only in the newspaper field, but in many other walks of life.—American Press.

HOME HINTS

Children should eat bananas only when they are fully ripe. For cooking, bananas that are still slightly hard may be used.

The color of canned salmon is no indication of its quality. It indicates variety. There are several kinds of salmon and after canning they vary in color from bright red to almost white.

The right height for the kitchen sink depends on the height, length of arm, and general build of the person who is to use it. Thirty-six inches from the rim to the floor is often given as a good average height. If the sink is too low, a flat box or block may be used on which to set the dishpan while working at the sink.

In making fruit salad, cut the fruit in small, shapely pieces. Do not stir them about or they will look mushy and unattractive. Any sort of fruit that combine well may be used, depending on the season. Fruits for salad are not sweetened; those for fruit cup, used as an appetizer or a dessert, usually have a little sugar sprinkled over them before serving time.

Do not add water when roasting meat. Sear the roast at a high temperature, then reduce the heat and cook 15 to 20 minutes to the pound. Better still, use a roast meat thermometer which tells exactly when the meat is "rare," "medium," or "well done."

Mrs. M. A. Schollenbarger of the Gray community underwent a very serious operation on Monday of this week. Mrs. Schollenbarger, who is seventy-eight years of age, is the mother of Joe N. Schollenbarger of this city.

Mrs. Paul Ballew underwent an operation at the Plaza hospital Wednesday.

Miss Ada Leatherman and Miss Margaret Butler were in Canyon last week-end attending the basketball tournaments and visiting with Margaret's sister, Miss Mary Louis, and with the Hogland girls.
