### SUMMER NORMAL MATTER.

Committees at Saturday's Meeting Decide About The Teacher's School—To be Well Advertised.

The Summer Normal matter is entirely settled and will be held in Nacogdoches, the session beginning in June. This is the result of the meeting Saturday of the committees from the three counties: Angelina, Cherokee and Nacogdoches. Prof. Ed Singletary of Rusk, Prof. H. B. Stegall and County Superintendent T. M. Anderson of Lutkin, came up at noon and at 2:30 that afternoon the full committee of this county met them and discussed the Normal. Some fear has been entertained regarding the Normal, that a suitable place for holding it could not be had, on account of school not being out at the time. This fear is exploded now, and the Normal will be held at the college after the first day of June, as that week will possibly be utilized in arranging for school commencement. At the meeting Saturday, the publicity program was discussed too, and it was decided that an extensive advertising campaign be inaugurated, in an effort to get a very large attendance. It is believed that the tri-county normal will have at least 150 teachers here this summer and of course a most excellent session will be the result.

### Obituary.

On the morning of the 20th of last month Alfred West, who lived in the Trinity community, passed away. He was sick only about a week when he succumbed to that dreadful disease, pneumonia. He leaves a wife and three children to mourn. His aged mother survives him. Mr. West was about forty-three years old and was born and reared in this county. His remains, followed by quite a number from his home community, were laid to rest in Rock Springs cemetery. We extend to the bereaved family our deepest sympathy and may that peace that passeth understanding which comes as the result of absolute trust in God, be yours. A. J. G.

He will have personal charge of the hotel. R. P. Gurnel of Jacksonville all night clerk and assistant manager. Will Swift will remain with the Hotel for a week or more yet. Mr. and Mrs. Gurnel arrived this afternoon.

### RETURNS FROM BUSINESS TRIP.

D. B. Herring, Manager South Texas Telephone Company, Talks About Nacogdoches—Future Plans Yet Unsettled

D. B. Herring, manager of local affairs of the South Texas Telephone Company, has returned from a business trip to Austin, San Antonio and Corpus Christo, where he went to confer with the directors in reference to company matters. Mr. Herring stated that the plans in view and which were discussed are yet incomplete and nothing definitely will be known, possibly for several weeks. A number of things of great benefit are in contemplation, and if carried to the improvement period will prove of interest to Nacogdoches people, though the things are still unsettled and the outcome is really dependent on other "unforeseen" circumstances. Mr. Herring took occasion to get acquainted with the workings of the commercial organizations of the city, visited, and inquired as to the plans and results. At Austin he attended the banquet tendered to and by members of the two bodies and at which 600 covers were laid. Austin now has two commercial clubs, one with more than 300 members, the other, less than two months old, with more than 200 members. The two bodies work together, each has a paid secretary and a wonderful amount of good for the capital city is being done. "Austin people," Mr. Herring says, "have awakened from their Van Winkle sleep and since the business men have taken together for a better way, things are moving forward in a prominent way and all progress and the bettering of the city and civilization is being done in the very best manner possible, is the watchword of that progressive people." Mr. Herring returns too, thoroughly imbued with the idea of Nacogdoches getting busy and doing it on short notice. He took advantage of all opportunities to boost this city and section and had particular stress on the wonderful future of the historical town in a commercial way and the tobacco industry of this fertile section. "The growth of this town is more rapid than that of Nacogdoches people are letting slip by many good opportunities. A commercial organization being out of business and started up practically that until a change of methods took place, the other cities and sections would continue to capture industries, would continue to build and expand and progress, leaving our own beautiful and naturally advantageous city in the wake of a commercial history making epoch."

## THINK

Full many a human you have known along life's slippery pathway walking. Who left off thinking years ago, but kept on talking?

When you get a letter from a mail order house look it over and see what they will pay for your produce, see what their terms of credit are, in case you do not have the cash and whether they will sell you their goods to be paid for "next fall" and find whether you need a few dollars in money to "pay a hand you've hired" or to go to some member of the family who is sick, they will loan you the money.

Do these catalogue houses help to pay the taxes of Nacogdoches city or county, or Texas?

Do they help to build your school houses and churches?

Do they subscribe when your neighbor's house burns? If so, how much?

Do you think when they address you as "Dear Friend" that they should demand your money in advance? Is that the way you want your "Dear Friend" to treat you?

Do you know that a mail order house is a store in the home, and that the goods are sent to you by express or freight, and that you are responsible for the goods when they are delivered?

GILES M. HALTOM, Manager.

A PARK! a park!! If Nacogdoches had a park!!!

It pays to boost, for boosting is nothing else but advertising,—and advertising always pays.

KEEP ON "the sunny side of the street" is good advice, but what if the other side has cement walks?

THE folks who tell of their wares or wants through the Sentinel always get returns. Ask them and hear what they say.

A CLEAN yard, clean alley, clean street, are like a clean house: good to look at and tell a tale stronger than words.

NEARLY all the real live Commercial clubs now-a-days have paid secretaries. Nacogdoches would profit by just such an arrangement.

AN exchange says that eight drams make an ounce—but sometimes two drams will make a plum fool out of a fellow.

SOME mighty good work is being done on the streets in the residence portions these days. Such is pleasing in every particular.

If you have any doubt about the Texas Legislature being a busy body, watch the number of invasions extended—and accepted—and how long it takes the members to do the latter.

THE Port Arthur News says: The bill at Austin to require a ten days' notice before a marriage license can be issued should be cut down to the customary three minutes. As the bill stands it gives the ladies too much time in which to change their minds.

TALK about a woman's vanity all you please but there are precious few men who can pass a mirror without a peep, gentle shuffling of a tie, a roach at the hair or a sympathizing curl at that "beautiful" glossy mustache.

PRESIDENT Roosevelt has made another change—seemingly in an effort to perpetrate the "monstrosity" if not his cognomen. In the future all who perchance come in to possession of pennies, will view thereon the likeness of Lincoln—by order of "Teddy." This change will mark the initial commemoration of an ex-president by having his engraving on coins.

THE Texas Legislature seems to be a very busy body, and while the "boys" are determined to have a good time they also manage to do a terrible sight of work. That thing of accepting invitations to visit cities is no small matter and oft times takes a day or so to dispose of, and then the resolutions of thanks on the return are momentous questions. The salaries of the legislature ought to be increased to a million dollars a year and the tenure of office perpetuated!!!

### ANY FOOL CAN KNOCK.

Don't criticize your neighbors faults, no matter what they do.

Don't ridicule the masses, or malign the chosen few. Don't think yourself a censor for the silly human flock, And just remember as you go, that any fool can knock.

Don't laugh at those who make mistakes and stumble on the way. For you are apt to follow them, and almost any day. Don't think the other shifting sand, while you are solid rock, And don't forget for Heaven's sake, that any fool can knock.

Don't be a puller down of fame on other men conferred.

Don't give a parting to any one who fell because he erred.

Don't think you are perfect and the only size in stock. And now once more just bear in mind that any fool can knock.

—From the Cushing (Okla.) Independent.

Miss Annie Perkins of Fort Worth, a trained nurse, has sued the Pullman company for \$17,000 damages. She alleges that a traveling man pulled her ankle while enroute to San Antonio on a sleeper. If the fellow had pulled both ankles the immensity of the damages asked might have thrown the Pullman company into bankruptcy.

The Kansas executive has pardoned a large number of convicts of late and such action has caused some other prisoners to seek freedom. One of them resorted to an "out of the ordinary way,"—prose poetry—and here it is:

"A chance, a chance, give me a chance to rise to circumstance; serene and high and bold to try, the hazard of the chance. Think of my ways and happy days, where poisoned leisure lies, and from the path of tears and wrath, may I some day arise."

I shot an arrow into the air, it fell in the distance, I knew not where, till a neighbor said that it killed his calf, and I had to pay him six and half (\$6.50). I bought some poison to slay some rats, and a neighbor swore it killed her cats; and rather than argue across the fence, I paid her four dollars and fifty cents (\$4.50). One night I set sailing a toy balloon, and hoped it would soar till it reached the moon; but the candle fell out on a farmer's straw, and he said I must settle or go to law. And that is the way with the random shot; it never hits in the proper spot; and the joke you spring that you think so smart, may leave a wound in some fellows heart.

—Emporia (Kan.) Gazette.

AN Exchange says that a young lady in one of the neighboring towns went into a dry goods store the other day and blushing asked the head clerk if he "had any of those elastic bands, capable of being elongated and adjusted at pleasure, and used by the feminine portion of man-

kind for putting around the lower extremities of their locomotive members to keep in the proper position and the required altitude habilaments of their tibias." The clerk is now on a sheep ranch.

SOME people never seem to be at ease. They are always fussing, fidgeting, worrying or borrowing trouble. They actually feel uncomfortable if they do not find something to worry about. People of this kind always have small narrow minds. Worrying is a sure indication of weakness. It is a confession that we are not equal to our daily tasks, and that we have not the ability to cultivate and care for the little plot of ground that has been entrusted to us. We worry because we are not self centered, and because we have not learned to walk with the poise and dignity becoming the children of a great Father. No large, generous soul was ever a worrier. Calmness, serenity, poise and power to move through life rhythmically, without jar or fret, are char-

### TEXAS GROWERS MEET.

The Tobacco Leaf's Good Work Appreciated—Mr. McNess Writes Interestingly of Industry.

(Tobacco Leaf.)

Washington, Feb. 10.—The Tobacco Leaf's correspondent is in receipt of an interesting informal report regarding the growth of the tobacco industry in Nacogdoches County, Texas, from George T. McNess, under whose supervision while he was acting in the capacity of tobacco expert to the Bureau of Soils of the Department of Agriculture, the growing of high grade leaf in that section was begun. Mr. McNess left the service of the Government to undertake the growing and packing of leaf in the Southern States, and is now one of the prominent packers of Texas shade wrapper and Cuban filler. His letter, in part, is as follows:

"The growing and packing of high grade cigar leaf in this region is now a well-established industry. In this immediate vicinity about 400

and important increase in acreage.

"The Nacogdoches Tobacco Growers' Association held its midwinter meeting on February 6, at which I had the honor of making a brief address. Taking as my subject the United States experiment station, I urged the growers to take every possible advantage of the assistance and advice offered them, and to exercise more care in the handling of their crops with a view to maintaining the high standard of Texas leaf, aiming for quality rather than quantity. I pointed out that there would always be a market for high class leaf and that profits in raising it were far greater than in producing a much larger quantity of an inferior article.

"The meeting was also addressed by J. Thomas Hall, well known in the tobacco industry here, who urged the Nacogdoches growers to use their best efforts to develop every branch of the industry here and to support the local packers, who would thus be enabled to secure a world-wide market for their tobacco.

"The association authorized the secretary to draw up a petition addressed to the Secretary of Agriculture and to the Senators and Representatives of the State of Texas in Congress, urging the continuance of the work of the Department in Nacogdoches county. These petitions were signed and have been forwarded to Washington.

"The officials of the association elected for the coming year are as follows: President, J. Thomas Hall; vice-president, J. L. Gill; Secretary and treasurer, Geo. T. McNess. The first spring meeting of the association will be held March 5."

### BONHAM NEWS SAYS:

The purpose of store advertising is not only to sell goods, but to sell more goods—to make friends and build up a patronage that will not only stick but grow.

Newspapers reach the greatest number of people in the immediate vicinity in the most natural way, at the least expense, and they are therefore the best of all mediums for stores. In a newspaper you follow the lines of least resistance, you follow with the stream—you talk to an audience already assembled, to people want to read—their mental cosmos is right—they are on your wire and they won't ring off if you hold their interest.

Attraction is the basis of all advertising—the store is the sun, the customers the planets that revolve around it.

### OBSERVANCE OF LENT.

Something of the Season Commemorative of the 40 Days of Prayer—Climax Is Easter.

February 24, Ash Wednesday, marked the beginning of the Lenten season, a time of the year distinctly set apart for meditation on the things which make for the spiritual one; on self-denial, self-sacrifice and consecration.

It marked the beginning of that season of forty days—commemorative of the forty days spent in prayer by the Christ at the beginning of his ministry while he was upon earth—and as such a season it will be recognized and observed by more than half of the Christian world. The Roman Catholic and Protestant Episcopal churches formally observe the time.

The definite observance of Lent as a season for fasting and penance in the early church was not fixed until after Tertullian. Before the Third Century there is possible evidence of the solemn observance everywhere of the last two days of Holy Weeks, and it gradually spread to include the whole week. But outside of this fast Tertullian, Origen and other early writers allude to a forty days' fast, and the Council of Nicaea (A. D. 325) recognizes it as an established custom. The probability is that it was a practice of the more zealous even in apostolic times, and gradually grew into a rule.

From the day it was fixed as an authorized custom of the church by the Council of Nicaea until the Reformation the tendency was to grow constantly more strict and rigid. With the breaking away from the old church the English church clung to almost all of the Catholic observances, moderating only in the direction of individual liberty and choice. Some of the other Protestant bodies did away entirely with any observance of the season, on the high moral ground that all life ought to be a Lent and every Sunday was an Easter; the only flaw in this conception being that it takes too little account of the frailty of human nature. Presbyterians proclaim facts from time to time, when special blessings are being prayed for thereby admitting the fundamental principles of asceticism that we renounce one thing to attain another.

Beginning with Ash Wednesday, the season proceeds along the even tenor of its way until the beginning of the last week or Holy Week.

Then the services assume more special significance, the meaning of the days and of the observance becomes more and more apparent. And the climax of it all is attained when on Easter morning (April 19) the season of fasting and meditation and self-sacrifice is broken by the joyous proclamation of the resurrection.

acteristics of greatness and true nobility.—Success.

Is the March number of Success Magazine a splendid article by A. P. Thomas, entitled "The Three Barnacles." The first mentioned is Joseph Cannon, czar of the House of Representatives, and who is pictured as the worst enemy the nation has today. With the other hard corns, Dalzell and Payne, he rules the big house of congress with a high hand and thwarts all legislation but that personally pleasing to "Uncle Joe" and his closest allies. Such a method of doing business is of course contrary to the will of the masses, the bone and sinew of the immense government—but like many other matters, "what's the use."

"The Tobacco Leaf has been of great assistance to the tobacco industry, especially in bringing to the attention of the trade the efforts that have been made by the Department of Agriculture and by individual growers to extend the production of Cuban and Sumatra leaf of the best quality. As secretary of the Nacogdoches Tobacco Growers' Association, I shall greatly appreciate any attention that may be bestowed upon our industry by the Tobacco Leaf. The cigar tobaccos of this region have genuine merit, as you are aware, and we desire a larger market for our crop and would like to see more buyers in the field, for it will mean a very prompt

# OWES HER LIFE TO

## Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va. — "I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound." — Mrs. Emma Wheaton, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaint: inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham at Lynn, Mass. Her advice is free, and always helpful.

## RUNAWAY LAST AFTERNOON

Mrs. Luther Swift and Children Have Narrow Escape From Serious Injury—Buggy Demolished.

Mrs. Luther Swift and children had a very narrow escape from serious injury in a runaway last afternoon and but for the lady's presence of mind the affair might have resulted in more harm. Mrs. Swift and two children were out for a drive, the horse making a run toward the barn on Main street. The animal did not seem to be frightened and yet could not be gotten under control. He dashed into the shed at the barn, jerking loose from the buggy and dragging Mrs. Swift several feet. As she fell from the vehicle her face struck the tongue of a survey bruiser an eye considerably. She received several other bruises too, but it is stated that no serious injury was done. One of the children also received some bruises, the other escaping entirely unharmed. The buggy was badly broken.

## WALTER BYBEE ARRESTED.

Man Charged With Horse Theft Here Ten Years Ago is in Jail —Has Spent Two Decades in Prison.

Walter Bybee, alias a number of different names, a criminal history back of him covering twenty or more years, and wanted here on a charge of horse theft committed ten years ago, is now serenely resting and meditating, presumably in the county bastille. Many of the older citizens of Nacogdoches well remember the circumstance—the disappearance of the two fine young horses of G. W. Partin—the final capture of Bybee in Leon county, riding one of the horses, having disposed of the other, and the man's escape from jail here. Since that time he has been a fugitive from this charge, though all the years he has been almost continually into trouble.

According to Bybee's story he is 47 years old and has spent more than 20 years in prisons and jails, has an unfinished sentence or six months on the state farm and a suspended sentence of five years in the Federal prison, all for horse theft. The latter assessment was given for appropriating horse flesh in Oklahoma while that state was in the list of territories. He claims that he has been in this section a number of times during the last ten years but concealed his identity. He has been on a state sugar plantation near Wharton for some time and was a frisky until it was known that a charge existed in this county against him. When Sheriff Spradley went after him he was in stripes and citizen's clothes had to be gotten for him. After some little skirmishing around, the management at the farm got an old suit for him, rather dilapidated in appearance. At Houston Sheriff Spradley had to remain over night, so put the prisoner in the city jail. During the night some other men were put in jail—nice looking and well dressed, but overloaded with fire water. When called for next morning, Bybee emerged from the iron house having on a new suit, hat, collar, tie etc. Where he got the clothes of course may be his business, but it is pretty certain that some other was not so well dressed as he "once was." Bybee will likely be tried at the March term of District court.

Phil King, with the Dixie Lyceum Bureau, headquarters at Dallas, was in the city last evening meeting old time friends and acquaintances. He went to Garrison today to visit home folks but will return here in a few days to arrange for a lyceum course for the coming autumn and winter.

## Fair View News.

Our first Quartley Conference for Melrose Circuit, San Augustine District, was held at Melrose, Rev. Walter Mills of Nacogdoches brought C. A. Towers, our presiding elder out and preached a fine sermon Saturday at 11 o'clock. Text, First Cor., 29 Chap., 5th verse.

Quarterly Conference convened at 2 o'clock, Rev. Towers in the chair. Dr. Harde-man was elected secretary; every church was represented but one union in San Augustine. The circuit is in very good shape. We have a good preacher, hope and pray we will have a good time on Melrose circuit this year. The following assessments were made:

|               |          |            |
|---------------|----------|------------|
| Fair View     | \$125.00 | paid 25.50 |
| Elm Grove     | \$40.00  | " 10.00    |
| Black Jack    | \$10.00  | " 5.10     |
| Cove Spring   | \$25.00  | " 8.25     |
| Simpson C. G. | \$100.00 | " 15.00    |
| Melrose       | \$90.00  | " 28.75    |
| Union         | \$190.00 | " 15.00    |
| Chireno       | \$190.00 | " 40.00    |

Rev. Lit Smith is to come back in the work, in fact he is at work now. He is a fine preacher; he says he is in for the war.

The next Quarterly conference goes to Elm Grove. Rev. Nolen appointed a building committee to remodel or build a new church at Melrose, Taylor Mast, Dr. Harde-man, Kit Patton and Mr. Mangram.

So many old settlers of Melrose have crossed over the river. Just let one call the roll please, Major Harde-man, Peter Barron, John Matthews, Jack Matthews, Lindsey Davis, Bob Mays, Oapt. Mast, Guss Stevens, Tom Swift, Dr. Leak, Bunch Harde-man, that I knew twenty-five years ago. Now Mr. Editor let me call the roll around Fair View. Old veterans that I knew well and was with most of them in their sickness, Acton Shofner, Dr. R. P. White, Uncle George Menefee, Elid Muckleroy, Dave Parish, Mose Patton, Vick Simpson, A. Muckleroy, Larken Chapman, Uncle Dave Muckleroy, Joel Durham and George Rector. Just one more call and I am through, the names of our preachers that have bid farewell to this old world. George Langley, M. Donegan, A. D. Parks, Jule Bridges, George Wilson, Jim Bridges and Uncle Dick Menefee.

Farmers are getting along fine around here; health very good.

Charley Chapman's wife is on the sick list and has been for quite a while. Johnnie Matthews seems to be getting along very well with his school here.

Corn planting will soon be the order of the day.

Most of the farmers are ready to plant some oats, killed by the freeze. I think most of the farmers in this neighborhood are out of debt and plenty to run them this year.

I am proud of my county

When Your Joints are Stiff and muscles burn from cold and rheumatism, when you sprain a joint, strain your side or bruise yourself, Perry Davis' Pain-killer will take out the soreness and fix you right in a jiffy. For over 70 years it has been the standby for emergencies in thousands of families. Don't go home without a 50c. or one of the new size 50c. bottles.

## Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, favoring restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless safeguard against the ordeal of baby's coming and raising the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, growing or distressed sensation in stomach, dizzy or faint spells, see imaginary spots or floating before eyes, have discharges, pelvic catarrhal, grain, proflaps, or version or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its make-up. All its ingredients are printed in plain English on its leaf wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best ingredients known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. C. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept a substitute for this remedy of known composition, a secret nostrum of unknown composition. Don't do it.

and town; yes we want the \$50,000 Federal building on the square. This is an age of improvement. G. P. Parks.

Letter to W. G. Barron.

Nacogdoches, Texas. Dear Sir: Let's have a little private talk by ourselves on business, nobody else, please, read.

You want to know how to do a cheap job of painting, and have it look good. Here it is: The cheapest thing there is in the way of a good-looking job—say nothing about its being good—is Devoe: the regular thing in Devoe.

The reason is: Devoe goes further than anything else. Lead-and-oil is good-looking; don't go so far and costs more. The other paints are more or less short in one way or another; don't go so far and costs more than Devoe.

Devoe costs least of all; you don't mind its lasting longer, did you? We can't help it; a paint that goes further lasts longer; we can't help it. Yours truly, E. W. Devoe & Co.

## Injured By Falling Shed.

L. A. Legg of the Douglass community was in Nacogdoches yesterday and paid the Sentinal office a pleasant call. Mr. Legg happened to an accident a few days ago and as a result is considerably bruised about the face. While erecting a temporary shed at his shingle mill, the structure fell, knocking another down and completely covering himself and another man. On account of the affair being temporary, the two men crawled out, showing bruises of a painful, but not serious nature. In the melee several timbers were caught in the machinery, breaking one saw and otherwise damaging. The amount of actual damage will possibly total \$50 or \$60.

## HERE IS RELIEF FOR WOMEN.

If you have pain in the back, urinary, bladder or kidney trouble and want a certain, pleasant relief from Women's Life, try Mother Gray's "AUSTRALIAN-LEAF." It is a safe, reliable regulator, soothes all female weaknesses, including inflammation and migrations. Mother Gray's Australian-Leaf is sold by Druggists or sent by mail for 50c. per bottle and 3 bottles \$1.50. Address, The Mother Gray Co., Le Roy, N. Y.

## Long Ridger Notes.

The farmers of our community are progressing nicely. Most of them have planted their corn and have most of their land broken.

Mr. Lon Thomas of Dwire has been visiting our community this week.

Mr. W. P. Page has been real sick the past week but is reported some better.

Miss Mary Menefee left last week for St. Louis and other points.

Mr. Sol Menefee and Miss Beatrice Metteuer are visiting Shady Grove.

Messrs. Hollis and Claud Muckleroy of Fairview visited here last week.

The cow man, Mr. Herington, has been in our community buying cattle this week.

Mr. Hardy Page has just returned from West Texas where he has been for several months.

Mr. M. Weeks and family visited Mrs. Anna Metteuer last week.

Mr. Morris Metteuer is at Broadus on business.

Miss Emma Crawford has just returned from visiting San Augustine.

The young people enjoyed the Valentine party last Saturday night.

Messrs. Burtram and Johnnie Menefee visited, Bethel Saturday and Sunday.

Rev. Jones preached at Clearspring last Sunday.

Miss Exie Menefee has just returned from Dwire where she had been visiting her sister, Mrs. L. G. Thomas, for several weeks.

Mr. Kimp Florney was in our midst on business Wednesday.

Mr. Oscar Pinkston attended church here last Sunday.

Mr. W. P. Metteuer has just returned from Sharpville where he has been buying cattle the past week.

Mr. Clarence Layton visited our village the past week.

Miss Odett Menefee attended the party last Wednesday night.

Miss Edith Lambert is visiting her cousin, Miss Jonnie Page.

Mr. and Mrs. R. E. Metteuer visited here this week. I think we will have a wedding in our town before long. It is whispered.

Mrs. and Mrs. Charley Florney passed through here last week on their way to Attoyac to see her mother, Mrs. Buckner, who is reported real sick.

Mr. Floyd Menefee is visiting Etiole.

Mr. J. T. Still had the misfortune of getting his fine cow killed last Wednesday.

Miss Emma Smith spent Saturday and Sunday with home folks.

Mr. and Mrs. Sam Florney of Oklahoma are visiting his mother, Mrs. Sally Florney, this week.

Fox hunting is still the sport of our community. If you want to enjoy a race just come down.

Fox Hunter.

Commissioner Frank M. Nelson is said to have had a rather severe spell, or attack of sickness Tuesday and when he left for his home was but little better.

## Elderly People Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it. A. A. Felts, of Johnston City, Ill., suffered from stomach trouble for six years, and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends, others through the doctor's offer to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address he will send you a trial bottle direct to your home. If it proves itself, as he claims, then continue the treatment by buying a full-sized bottle of the drug, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouched for with the U. S. government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottles bought of druggists, who will refund your money if it does not satisfy you. Send at least for the free trial bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 313 Caldwell Bldg., Monticello, Ill.

The C. C. Club met with Mrs. J. R. McKinney Thursday afternoon at two-thirty o'clock with a large number of guests present, and Mrs. Gerard of Dallas as an out of town guest. Roll call for the afternoon was items of Current Events which proved to be very entertaining, showing the varied reading of the members. After the minutes were read and approved the business session next occupied the attention of the club. Among the items of general interest was the election of delegates to the district meeting of the Federation, which convenes in Orange early in May. Mrs. Charles Perkins was elected delegate and Mrs. Sam Stripling alternate. Mrs. Neil Ingraham was first on the program and gave "The Story of Tanhauser" by Wagner. This story was given in an admirable manner and was a treat to all who heard it. It is a story of intense interest throughout. Mrs. R. P. Locke was next on the program and read a most excellent paper on the subject that is now agitating, not only the scientists and physicians, but the people as well, "The Emanuel Movement." The paper showed much thought and research. The lesson for the afternoon was not so interesting as some we have had as it was on the lives of some minor German authors. Mrs. Gerard again delighted the club with a piano selection. The hostess served most delectable refreshments, in two courses, after which the club adjourned to meet the following week with Mrs. Marcus Smith.

If Nacogdoches people were required to do some things that other little cities demand, they would show wrath and a bit of excitement. And yet those "some things" are town builders.

Is there a place that can compare with East Texas climate? It is doubtful and the past few days are the kind calculated to make any one fall in love with this wonderful section. The prettiest, brightest sunshine, the crisp refreshing atmosphere. Really, aren't you glad you live in old East Texas?

ESCHew all conglomerations of babblement and assinine affections. Let your extemporaneous decanting and unpremeditated expatiations have intelligibility and veracious vivacity without rhodomontade or bombast. Sedulously avoid polysyllabic profundity, pompous prolixity, ventriloquial verbosity and grandiloquent yapidty. Shun double extenders, prurient jocosity and pestiferous profanity, obsequant or apparent.—Caldwell Ledger.

The complaint made by some of the citizens about the Southwestern Telephone company not connecting with local phones is a just one, and the indications are that things will be righted here. The idea of a man having to chase down town or to some distant booth to answer a long distance call when he has a telephone in his own house is rather absurd, yet it's a fact right here in Nacogdoches. The tip is given that connections are "coming,"—not over night, nor in the passing of a fortnight,—but they're coming. The people of this city will hail with delight the real fact.

ALL the world is hungry for love and affection, and the little tender attention that are the manifestations of love. So many of us are so busy that we stifle in our homes the expression of the longing in the heart. We are too rushed to kiss our little children good-bye, or to say to the wife who is so staunch and true and unselfishly devoted, "sweetheart, I love you." It will sound sweeter to her now, a little worn and weary with the struggles of the fleeting years, than it did when she was a blushing bride. It costs but a very little effort to give daily exhibition of love and tenderness. Life is so short and eternity lasts so long. Do not stifle love and affection. Cherish them above everything else, and in the years to come you will be glad that you did it.—Cleburne Daily Enterprise.

### ONLY ONE NACOGDOCHES!

All editors are charged with plagerism (and are guilty) sooner or later—and some of them both times. It is not so bad though when a fess up is made, and that's what we are doing now. Truth is, it fits our own dear old Nacogdoches so well, we had to steal the thing out right. Apologies to Editor Cates of the Bartlett Tribune, or who ever the inspired may have been.

"When a fellow gets back from his journey and sees Once again the old town of his love,

And feels once more the enlivening breeze

That blows from the hill-tops above;

When he meets with embraces like hugs of a bear.

That lessens his usual girth, He's ready to kiss the Bible and swear;

There's only one Nacogdoches on earth.

"On pinions of silence his memory flies

Back o'er the paths he has trod—

To the beauties beneath / semi-tropical skies, Where flowers bespangle the sod;

Great cities of grandeur that never can wane,

Proud temples of fabulous worth—

Yet roused from his dreaming, he hums the refrain:

There's only one Nacogdoches on earth.

"No skies quite so fair as her arches of blue,

No friends quite so true anywhere,

No mortal more brave than her people so true,

So loyal, devoted and square,

Who can push her on rapidly straight and to the fore,

With an energy knowing no death;

She's the town of our hearts, a queen to the core—

There's only one Nacogdoches on earth.

From a Carrier.

Dear Sentinel: Route No. 3 out of Nacogdoches traverses the old San Augustine road as far as Melrose and returns by the upper Melrose road. About 126 families are served in 70 odd approved iron mail boxes. Other routes serve more families maybe but those on route three are probably larger. Mail for people on this route should be addressed "Nacogdoches" even if they live very near Melrose, as Melrose mail goes by locked pouch and is not distributed by the carrier. Please do not forget this as your letter is sure to be delayed if you do. Chireno and Attoyac mail is carried by carrier No. 3 as far as Melrose where he is met by star route service. The rural carrier gets no pay for hauling these P. O. pouches except the pleasure of doing his "Uncle" a favor.

Route 3 was established May 16, 1904. At that time and previous the roads were in very bad shape but the people out this way are wide awake and are now better upon road-building than elsewhere. Not that we have the best roads but that

worse conditions have been overcome. The government expert who built the mile of demonstration road out here did not seem to realize what tough proposition he was up against but most agree that his theory was good. When the route is covered by road built like the sample it will be hard to imagine a more pleasantly situated rural community. Of course there are some who would like to move to a better farming country, but there isn't any, so there is little or no land for sale here.

Jesse Muckleroy and Frank Power, 6 miles out, recently connected with the local telephone system.

Nat Sisco is building a tobacco barn 120 feet long and 48 feet wide.

Chas. Shofner, who won the prize last year for the best yield of tobacco, is at it again, and in connection with George Shofner, who has a big new barn, is going to double his acreage.

This week's Watchman, the organ of the Congregational Methodist church, has a good picture of Mr. Alton Smith and family on the front page with a very complimentary and deserving notice of him as leader in that church.

Conda Muckleroy is preparing to close his school at Midway with an entertainment Friday night.

I have been carrier on route three since it was established and find it pleasant work. The people treat me very friendly, offering many nice things to eat. It doesn't cost a cent to get appointed carrier and one then has a job at big wages and scarcely any work for the rest of his life. When a carrier dies his job is taken from him of course but he gets a nice monument and his wife gets a large sum of money if he has been a good Woodman of the world and hasn't gone suspended. We get several holidays besides 15 days vacation with pay every year. A bill is being pressed to pension all civil service employees who have become too old or too lazy to work. This will include rural carriers. When I think what a care free life we lead, like Willis Burrows, I am shocked that our partner swears at his patrons and they at him.

Of course we have troubles but I prefer to write them on a separate sheet and haven't time or space. It would put the everlasting kibosh on my pretty picture any way so will close with three don'ts to patrons. Don't buy stamps on rainy days if you can help it, please don't. Don't mind telling the carrier your troubles and don't ask the carrier to take dinner unless you mean it.

Wm. T. Petty.

Good for The Blues.

Is your appetite on a vacation, your energy absent, and everything else out of "whack?" If so, you had better take something and take it now. Simmons Sarsapilla is the king of tonics. It will make you eat all you want to pay for. Try it and hear yourself laugh again.

### SOME BACK TALK.

A CITY'S PRIDE.

What's the matter with starting the "new court house" proposition? Such a building is badly needed and the people of the county know it and want a new structure.—Nacogdoches Sentinel.

The editor of the Sentinel is cordially invited to visit Tyler and see work in progress on one of the finest court houses in the state.—Tyler Courier.

BETTER A WOMAN!

The person who works incessantly, who puts all the energy and ability possible into that labor and who does it with an easy free will, may not be the financial or business leader of his community, but he is a very valuable citizen just the same.—Nacogdoches Sentinel.

The Madam has found that a person may work incessantly, put all the energy and ability possible into that labor and do it with an easy, free will, and still be not only no financial or business leader but not even berated as a "citizen."—Timpson Times.

Of the ninety original members of the Commercial Club, one thirty-three paid their dues when called upon, and only eight were present at the meeting Saturday night. What great things can be accomplished by such unanimous attendance!—Nacogdoches Sentinel.

That is just what handicaps the work of a commercial organization so many times. In a fit of enthusiasm, everybody will become members of the organization, then when the collector comes around for the dues, a number of them will find some sort of rotten excuse for not paying. Others will find themselves so busy on the meeting nights that they can't possibly attend, the faithful few, who are always to be depended upon, will come out for a while, find that they are receiving no support from the major portion of the community, become discouraged and the thing goes to pieces. We have seen this occur so often. It takes a better brand of unanimity and enthusiasm than that to keep up an organization and build up a prosperous community.—Orange Leader.

THE Mt Pleasant Journal is making a call to delinquents and does so in a most convincing way, despite the antiquity of the spell:

"It is reported that one of the fastidious newly married ladies of this town kneads bread with her gloves on. This incident may be somewhat peculiar—but there are others. The editor of this paper needs bread with his shoes on; he needs bread with his pants on; and unless some of the delinquent subscribers of this Old Flag of Freedom pony up before long he will need bread without a thing on; and North East Texas is no Garden of Eden in the winter time."

TALES of cities oft remind us That it is a pity to be dark, Yet the awfulness is as pleasing As a place without a park.

## The Greatest School of Telegraphy in the World and Why.

The Tyler Commercial College of Tyler, Texas is now the largest and best equipped and best patronized school of telegraphy and railroad work to be found anywhere. After reading the following endorsement, write for 188 page beautifully illustrated catalogue, giving convincing facts as to the wonderful superiority of our school of telegraphy and railroad work. Presidents of railroads, operators, and prominent men from other walks of life, after visiting our school have pronounced our work most wonderful they say it is practical beyond a doubt and that we are giving the most thorough and practical course possible. FOUR OR FIVE ON OUR DIVISION.

Votaw, Tex. 12, 5, 1908.—You will, no doubt, be surprised to hear of my success. I left Tyler in February, and on my arrival found a job as operator waiting for me. Have been at several offices on this Division and have been with the G. C. & S. F. Ry. Co. for about eight months; am now agent and operator at this place at a salary of \$65 per month and an express commission. Had begun to think I was fortunate to have a good job, but find that all who attend the telegraphy department of the F. C. C. and complete the course are holding the best of jobs all over the country. About four or five of the T. C. C. boys and school chums of mine or holding excellent positions on this Division of anyone seeking knowledge of business and telegraphy. With best wishes, I am,

Yours truly,

LeRoy Bell.

"Forty Two" Party.

One of the most enjoyable affairs of the week given for Mrs. Saunders and Miss Davis of San Augustine, Texas, was the "Forty Two" party given by Mrs. Frank Sharpe at her home on Mound street last Tuesday afternoon. The dainty little house presented an attractive appearance with prettily gowned women surrounding the tables, each enthusiastic over the prospect of renewing their interest in the ever popular game of forty two.

The guests present were drawn from the Bridge Club (Mrs. Sharpe being an ex-member) and a few other intimate friends.

Prior to the game, the dear little daughter of the house, Rosine, passed among the guests distributing the score cards with the grace and tact of one far beyond her years.

After six interesting games had been played, a tempting salad course was served, of fruit salad, sandwiches, salted nuts, coffee and wafers, after which the guests departed, enthusiastic of their appreciation of this most charming hospitality.

Do Not Suffer.

No use suffering from itching piles when one box of Hunt's Cure is absolutely guaranteed to cure any case. One application will convince you of its merits.

### MISERY IN STOMACH.

And Indigestion Vanishes in Five Minutes and You Feel Fine.

Why not start now—today, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feel-like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from stomach and cleanse the stomach and intestines, and besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to begin taking Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of indigestion.

The Sewing Circle.

On last Thursday afternoon Miss Lorena Middlebrook was the hostess to the Sewing Circle. There was an unusually small attendance, owing to the fact that quite a few of the members are observing Lent.

The rooms were beautifully decorated with fragrant violets, the color of the flower being carried out in the refreshment.

After a well spent afternoon, the hostess assisted by her mother served delicious banana salad, grape fruit ice, stuffed dates, and wafers. Dainty boutenieres of violets accompanied this repast which prettily decorated the plates.

Those enjoying the afternoon with Miss Middlebrook were, Misses Fannie and Ella Mae Wade, Rachael and Belle Zeve, Cohn of St. Louis, and Mesdames Fulgham and Johnson.

The Bridge Club.

Had its weekly meeting with Miss Bell Zeve when three tables of players took part in the closely contested games, at the end of which the hostess served a salad course of tongue salad, water, pickles and coffee, with a second course of chocolate pudding and cake.

Mrs. Tom Johnson of Tyler, Mrs. Arnold and Miss Arnold of Tennessee, and Miss Emily Cohn of St. Louis, were the out of town guests present.

Judge John P. Box, who lectured yesterday at the Methodist church, returned today to his home in Jacksonville, Texas.

## LUNG HEMORRHAGES

(I TOOK PE-RU-NA.)

MISS NINETTE PORTER.  
Miss Ninette Porter, Bralstree, Vermont, writes: "I have been cured by Peru-na."

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me. I saw a testimonial in a Peru-na almanac of a case similar to mine, and I commenced using it. I wrote to Dr. Hartman for advice. He kindly gave me free advice."

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me."

"After I had taken it a while I commenced to raise up a stringy, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment."

"I grew more fleshy than I had been for a long time, and now I call myself well."

### A Bad Cough.

Mrs. Emma Martin, Olmeca, Mo., writes: "I cannot thank you enough for curing me."

"For two years I doctored my cough, which cost me many dollars, but still I seemed to get worse. My cough was so bad I could not sleep."

"Finally I purchased a bottle of Peru-na. After the use of six bottles, I feel that I am cured."

"People who object to liquid medicines can now secure Peru-na tablets."

### Now Money Order Office.

T. K. Raynor, post master at the city of Decoy, was here today, mixing and mingling with the folks and incidentally attending to some business matters. Decoy has been made a money order post office, to the regret of the genial guardian of Uncle Sam's affairs, and will enter the list of "big fourths" April 1st. Mr. Raynor's business here today was to get up his new bond. To a Sentinel man he stated that business in his section was picking up and prospects were very bright for a good year with the farmers and all others.

### A Neighbor of Yours.

As well as yourself is liable at any time to have rheumatism. We're all liable to have cuts of burns, bruises or scalds, crick in the back, neck or side—some kind of an ache or pain. Then heed this advice and tell your neighbors—Ballard's Snow Liniment relieves on aches and pains and heals all wounds. Sold by Mast Bros. & Smith.

The Elks band met last night at the home of President and Manager Robt. Lindsey on Harris Heights. The elaborate music room was turned over to the boys and a good practice was had. Mrs. Lindsey served refreshments of ice cream and cake. The evening was highly appreciated by the boys and such occasions are hoped for again.

### No Need of Scratching.

Other afflictions may be more painful, but none more annoying than many forms of itching trouble. The quickest and most reliable remedy for itching disease of any character is Hunt's Cure. One application relieves—one guaranteed to cure.

Melrose Musing.

Nacogdoches Sentinel.

A compliment to the misses and all other little girls; guard them and keep them, as they advance in life, from the meshes of sins illusive webs.

After traveling nearly all day yesterday over rough roads, I came home late in the afternoon, tired and much exhausted. Went to bed early after supper; was restless for some time but finally went to sleep. I had not been asleep long before I was awakened by the soft sweet melodious strain of vocal music made by the misses and little girls of Melrose and the sound of the first notes that greeted my ear were the voices in concert of those misses and little girls singing that old time song so full of sacred and pathetic sweetness "Home Sweet Home." They sang several other songs of sacred and sentimental order. The music was really enchanting and brought to my imagination the voices of angels singing in concert. Such music made by little girls raises our thoughts and feelings from the sordid things of earth aloft; higher and higher until they reach the realm of promethian fire.

The people of this community are pursuing their avocations undisturbed by any thing tending to mar happiness. They are farmers, most of them, and rely upon the products of earth for support; they rely upon the cultivation of the bosom of mother earth from whence the milk of life's sustenance is drawn hence they are away from the contact of the turmoil of the tricks of competition in trade.

The school of this place conducted by Prof. J. B. Stripling and his assistants is progressing well. When I think of it I wish I were a boy again that I might attend and obtain that kind of education that prepare the youth for usefulness in future life—that kind of education which I have so much needed in my long life.

Now a word to the boys; just one word—"Think: boys that one word involves every thing of importance to you. The exercise of your talent in serious profound thought now while you are young will shape your destiny in future life. Remember boys that earliest impressions are the most lasting."

Respectfully,

L. T. Barret.

### The Exhibition Shoot.

Several hundred people witnessed the exhibition shoot of Mr. and Mrs. Otto Topperwien yesterday afternoon at the gun club grounds. The feature was a most enjoyable one and the friendship of the gentleman and lady is really marvelous. Mrs. Topperwien is indeed an expert and bears out well the title as champion woman shooter of the world. To those who fancy such the exhibition was a treat and not one but who came away talking of the most excellent trap, fancy and trick shooting of Mr. Topperwien and wife.

### Six O'clock Dinner.

Mr. and Mrs. Guy Blount elegantly entertained their young lady friends on last Tuesday evening with a most perfectly appointed seven course dinner, complimentary to the visiting young ladies Misses Davis, Webber and Cohn.

The interior of the elegant home presented an appearance of surpassing beauty; here no extra decorations were needed to enhance the artistic loveliness of its furnishings.

The charming young guests were in full evening attire, and presented a picture of beauty, where no artist's eye could pick a flaw, or poets pen do justice to.

Covers were laid for eleven, each place being designated by dainty place cards. Mrs. J. J. Hayter, the mother of Mrs. Blount, lent dignity to the occasion by her charming presence.

After the dinner hour the young gentlemen friends of this bevy of winsome maidens called, and chaperoned by their host and hostess, escorted them to the Elk's rooms where they enjoyed the remainder of the evening in the dreamy mazes of the dance.

### What's The Use?

Aches, pains, burns, cuts, sprains, and all similar afflictions are always instantly relieved; often entirely cured by an application of the unequalled remedy, Hunt's Lightning oil. Don't suffer. Don't delay. What's the use?

Mrs. F. C. Ford entertained very informally Monday afternoon for Mrs. Saunders and Miss Davis of San Augustine and Miss Cohn of St. Louis.

One table of Bridge and one of forty-two constituted the afternoon's pleasure, and a jolly good time prevailed.

Those who had the good fortune to be present besides the honorees were Mesdames Perry, Branch and Sharpe and Misses Rachael and Belle Zeve.

Misses Davis and Cohn were both the recipients of pretty little prizes showing their skill of the above games.

Delightful punch and bonbons were served during the afternoon.

### SHAKE IN A BOTTLE.

Advice of Noted Authority, Also Gives a Simple Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in a case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsapilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney remedy for all forms of Rheumatism which is caused by uric acid in the blood which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity when shown the prescription stated that they can either supply these ingredients, or if our readers prefer they will compound the mixture for them.

We have just received another big car load of P. & B. Stoves the best medium priced line of goods in the country. We know they are good. Have sold them for years and years. Everybody pleased. Bring in your catalogue and if we don't save you money on a stove or anything else that we handle we don't ask for your trade.

### EVER WATCHFUL.

A Little Care will Save Many Nacogdoches Readers Future Trouble.

Watch the kidney secretions. See that they have the amber hue of health. The discharges not excessive or infrequent; contain no brick-dust like sediment. Doan's Kidney Pills will do this for you. They watch the kidneys and cure them when they're sick.

Mrs. T. F. Cooley, living on North Fredonia street, Nacogdoches, Texas, says: "When I first began using Doan's Kidney Pills, which I procured at Mast Bros. & Smith's drug store, I was hardly able to get around."

My feet were terribly swollen and other parts of my body became bloated. I feared dropsy and came to the conclusion that I was bordering on this complaint. A constant heavy aching in my back kept me in misery. The kidney secretions were also too frequent at times and then again scanty and accompanied by a scalding sensation. Off and on for two or three years I was in this condition, and it had a desponding effect on my general system. I was devoid of energy and ambition and at times was hardly able to drag myself around. Seeing Doan's Kidney Pills advertised I began taking them and my condition improved from the very first. The swelling disappeared my back became strong and my whole system was invigorated. I cannot praise Doan's Kidney Pills too highly.

Complimentary Bridge Party. Mrs. Robt Jordan complimented Miss Fennie Bell Webber with a lovely Bridge party Monday evening, when three tables of players enjoyed her hospitality.

The guests played until a late hour when the hostess served a midnight supper of deviled crabs, pickles, wafers, hot biscuit and coffee. Wine and candies were passed during the progress of the game.

### WHEEZER OR SNEEZER.

Have You Heard of Hyomei for Catarrh, Asthma, and Hay Fever?

If you wheeze or sneeze, hawk or spit, snuffle or blow, something is the matter with the membrane of your respiratory tract, and you need Hyomei.

And you need Hyomei because it will cure you of any catarrhal or inflammatory condition that exists.

It isn't a stomach medicine, or spray, or douche, but a very pleasant, healing, antiseptic balsam, from the eucalyptus forests of Australia. You breathe this balsamic air through a small, hard rubber inhaler, and it reaches every nook, corner and crevice of the membrane, and promptly kills the catarrh germs.

Stripling, Haselwood & Co. will sell you a complete Hyomei (pronounced High-o-mee) outfit for \$1.00, on the money back plan.

The use of Hyomei cured Mr. Cutler of Catarrh in 1904. He has strongly endorsed the use of Hyomei in many instances, and we are glad to go on record regarding this marvelous catarrh cure, and endorse it."—Mrs. A. Cutler, 201 Post Ave., Battle Creek, Mich.

### Farmers in Town.

From Saturday's Daily:

By far the largest crowd that has been in Nacogdoches in several months was here today. All seemed to be on business bent and the merchants all had a most excellent trade. The farmers report things looking good in their sections, fine seasons, lots of turned soils, some corn planting and prospects bright for intense farming, the kind that pays.

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. ### Teachers Here Today.

Committees of teachers from Angelina and Cherokee counties and a committee from this county met this afternoon at 2 o'clock in the county superintendents office, the purpose being to discuss the summer normal plans.

### John Brewer Dead.

The death of Uncle Johnny Brewer, as he was generally called, occurred last Thursday, the 25th of February, 1909, at the noted old Brewer homestead on Brewer mountain in this county about fifteen miles northwest of the town of Nacogdoches. This is an event of unusually sad interest. He was so venerable, so well known and so much beloved and of such peculiar personalities as to class him distinctly out of the ordinary.

He was about ninety-four years old at the time of his death and he had lived on his first and only homestead in this county about seventy years.

We are not informed as to what religious denomination he belonged, probably the Methodist, but his morals and integrity were proverbial as well as his many virtues as a man, a citizen and a neighbor. He was never known to be intoxicated or to drink to excess, yet he always kept and used alcoholics at home. He never had but one child, a son Robin Brewer, who survives him and lives at the same home. He was twice married, his first wife being a Taylor, his second wife a Johnson.

We would be glad to be able to give more of the history of this worthy character.

### Did You Ever Notice?

When you have Rheumatism your friends will recommend various remedies, many of which you have already tried without success. Next time you have it get a bottle of Rheumazone and you will not need the other remedies. Rheumazone is, just as sure, a cure for Rheumatism as White's Head-Ease is for Headache and Neuralgia. Sold by Stripling, Haselwood & Co., at 50 cents and \$1.00 per bottle. 3mW

### A Religious Author's Statement.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick, white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. Mast Bros. & Smith. eod

### Captain Watkins Returns.

Captain J. J. Watkins has returned from his home at Douglass and will spend several days here under treatment. He stated that his hand was greatly improving. The Captain reports a very good rain Monday in his section and a big crowd at the picnic and dinner. Congressman-elect Dies spoke there too, to a large audience.

### Simple Remedy for Lagrippe.

Lagrippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. Mast Bros. & Smith. eod

Mrs. Chas. G. Bruton and her two children, Miss Sylvia and Carroll, left today for Houston to join Mr. Bruton and will make that place their future home. Mr. and Mrs. Bruton have lived in Nacogdoches for several years and have many friends here who regret to see them leave and wish them well in their new home. Mr. Bruton has engaged in business in Houston.

Mrs. J. E. Mayfield has returned from a visit to Alto.

### Mt. Meriah Greetings.

Well as Spring time is near and Sleepy Boy has awoke from the long sleep will try and let Lazy Kid know he is still living and that he is very thankful to his friend who wrote from here last.

Rev. J. C. Judd preached for us Sunday and every member who missed hearing him will regret it. He requests every member to be at services on next third Sunday as there will be some new rules of decorum and discipline to be adopted and at other important business to attend to at that meeting.

There was singing at Mr. W. A. Barry Saturday night which was enjoyed by all.

In the joint debate Friday night between Swift and Shady Grove, was won by Shady Grove Society. Swift has won one subject and Shady Grove one. Now the Shady Grove Society had better prepare to get busy for Swift is not satisfied and we are coming again.

A. L. McCarty has moved down to our mill and has the filing room in charge.

Ollie Lambert has quit his farm and is sawmilling now. Messrs. Roy Morris and John Green of Appleby made us a flying visit Saturday.

Earnest Skelton of Mayo is making frequent visits to our hub and from appearances he is liking someone here.

Mr. and Mrs. W. Herrington have thrown open their doors to all singers to come next Saturday night.

### Sleepy Boy.

This is the most dangerous time of the year to catch cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good, nearly like maple sugar. Sold by Mast Bros. & Smith. dw

The little son of C. M. Langford was kicked by a horse yesterday hurting him about the face very much.

We say without hesitation that DeWitt's Kidney and Bladder Pills are unequalled for weak kidneys, backache, inflammation of the bladder and all urinary disorders. They are antiseptic and act promptly in all cases of weak back, backache, rheumatism and rheumatic pains. Accept no substitute. We sell and recommend them. Mast Bros. & Smith. dw

### An Ancient Newspaper.

C. A. Neuman, barber at the Tucker shop, has in his possession an old newspaper, printed in Utica county New York in 1780.—129 years ago. The paper contains many interesting things and it is amusing to read and note the peculiar style of advertising. Mr. Neuman received the ancient paper from a friend who lives in Belton, Iowa.

## S.S.S. HEALS OLD SORES

No old sore exists merely because the flesh is diseased at that particular spot; if this were true simple cleanliness and local applications would heal them. Whenever a sore or ulcer refuses to heal readily, the blood is at fault; this vital fluid is filled with impurities and poisons which are being constantly discharged into the place, feeding it with noxious matter and irritating and inflaming the nerves and tissues so the sore cannot heal. These impurities in the blood may be the remains of some constitutional trouble, the effect of a debilitating spell of sickness, leaving disease germs in the system, or the absorption by the blood of the fermented refuse matter which the bodily channels of waste have failed to remove. Again the cause may be hereditary, the diseased blood of ancestry being handed down to posterity; but whatever the cause, the fact that the sore will not heal shows the necessity for the very best constitutional treatment. There is nothing that causes more worry and anxiety than an old sore which resists treatment.

Every symptom suggests pollution and disease—the discharge, the red, angry looking flesh, the pain and inflammation, and the discoloration of surrounding parts, all show that deep down in the blood there are morbid and dangerous forces at work, constantly creating poisons which may in the end lead to Cancer. Local applications are valuable only for their cleansing and antiseptic effects; they do not reach the blood, where the real cause is located, and can therefore have no real curative worth. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the poison-producing germs and morbid matters which are keeping the ulcer open. It removes every particle of impurity from the circulation and makes his life-stream pure, fresh and health-sustaining. These new, rich blood cells, new tissue and healthy flesh are formed, the inflammation leaves, new tissue and healthy flesh are formed, and soon the sore or ulcer is well. S. S. S. is the greatest of all blood purifiers and is of tonic, just what is needed in the treatment, and in addition to curing the sore will build up and strengthen every part of the system. Special book on Sores and Ulcers and any medical advice desired furnished free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel, and having on a blue woolen stocking the place was badly poisoned from the dye. A great sore formed and for years no one knew what I suffered with the place. I tried, it seemed to me, everything I had ever heard of, but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore. J. H. ELLIS, 880 Navy Street, Brooklyn, N. Y.

### Anniversary at Old Home.

Dr. H. G. Long of Mt. Enterprise was in the city yesterday on business. He has just returned from visit to his old home in Vermont, where he enjoyed a "family reunion" with his two sisters, 81 and 79 years old. The Dr. is 74 years old and celebrated his birthday anniversary in the house where he was born and which has been in the Long family 105 years. This was the first visit the Dr. had made to his old home in 49 years.

Don't marry the girl that puts all that she gets on her back. It is more important that she have something in her head than upon it, and you must remember that what she does before marriage, she will want to do after marriage. I wish the girl of today would take Shakespeare's advice, "put money in thy purse." Why

should the man be expected to do and be all in the partnership? Why should not the girl add her quota to the burden of life? In France, the poorest girl has her "dot" a little purse, and a big chest of house clothing etc. I think it would be a good fashion for the American girl to adopt.

Then, don't marry the girl that courts the notice of every man. Some girls seem as tho they could not be happy unless every man is bowing before their shrine; that girl will after marriage seek the same devotion, and then at least it becomes dangerous, if not before. It bespeaks a frivolous mind, a mind lacking in equanimity, and one that will not be content with the everyday devotion of one man. Again, think more of domesticity than either good looks, or fine clothing. Young man, you cannot eat a hat no matter how much like a bird that hat may be, and it is true the words of Napoleon, "an army goes upon its stomach." Yes and so does a church; so does a home. The girl that is able to conduct a home no matter how homely she may be in personal appearance will not go long without a husband. But the most important part of what I wish to say tonight is the girl, and I proceed to address myself to her. My dear girl the step you are taking is to make or mar your life, to the man it is an episode in his life, but

**First, let me impress upon you the fact that God is a real guide to His people, that the man asking his guidance, is most assuredly guided; therefore, to both of you, the man and the woman, I say ask God's guidance in this the most important change of your life.**

Then let me give you the young man a word of advise, and of course, you are the one of the two that needs advise less than the other, for you can form and fashion your wite, whilst she has little to do with the formation of character in you.

Don't marry the girl that puts all that she gets on her back. It is more important that she have something in her head than upon it, and you must remember that what she does before marriage, she will want to do after marriage. I wish the girl of today would take Shakespeare's advice, "put money in thy purse." Why

is an epidemic in this age, and that you are to you it is life or death. Can you therefore be too careful? Marry no man you know nothing of. It would seem that such advice is not necessary, yet when we read of a girl marrying a man that she has only known half an hour, the absurdity of such advice is seen to be a necessity.

Only a short time ago, I read in the "World" that a young girl married a man she met on the streets within the hour; was it a wonder that she was applying for a divorce? Conditions in this country are such that a man can marry a woman in New York, leave her there, come to Texas, and begin life over again with a new man. This is becoming so common that we will have to adopt some such measures as are existing in older countries, viz., demand strict account of new comers, references from last employer. I think it would certainly be for the well being of girls if the old English

system was adopted, viz., the proclamation of banns. In England if you wish to marry, you have to give your name, and the name of your intended wife to the minister of the town, ward, or village, and the fact that you are about to marry is publicly announced for three Sunday's to the congregation, not only where the girl lives, but also where man lives. If that man is married somewhere else, it is 10 to 1 that it comes out before the banns have been published three times.

Again, do not think it necessary that you should be married before you are 25: in other words don't be afraid of being called, or being an old maid. Better far an old maid than the miserable wreck of all that a woman should pride herself of being. Many of the most gracious, most lovable of women that I have known were old maids, and in many instances, the word means one who has sacrificed self for others. My memory takes me back 30 years; I see one with graces of person and mind giving herself to the care of two orphan children of her brother's; giving up all hopes of home for herself, and all the pride and joy of children, of her own, that she might serve others. It might be truly said of her, "she died that we might live." The girl that is always fearing she is going to be an old maid, is like the woman praying for a husband,—"Lord, Lord, send me a husband" and an owl in the tree outside her window said, "Who, who-o-o;" "Lord," said the woman, "why anybody so long as it is a husband."

Then dear girls, prove your  
intended; find out what he is.  
Of course to you he is all that  
is perfect, he has on his best  
manners, as they say, "butter  
would not melt in his mouth"  
but what is he to his mother?  
what is he to his sister? how  
does he speak of other girls?

Let me tell you dear girls, if that boy is good to his mother, you can be pretty well assured that he will be good to his wife; if he treats his sisters with kindness, is gentle and considerate to them, be sure he will be to you; but if on the other hand he is undutiful to his mother if he speaks rude to his sisters if he speaks ill of other

women, then be sure he will be unfaithful to his wife; rude, uncompassionate, yes, and what he says of other girls to you is what he says to other girls of you.

Perhaps there will be some who will say that I should not say what I am going to now, they will say that I should leave it for the girl's mother to say, but I know that there are mothers that do not say this, and more, there are girls who have no mothers, and were I not to say this, I would feel that I had not done my duty. More than this, at the bottom of this advise or the lack of it, lies the moral shipwrecks that flood our cities.

Marry no man that will take liberties with you. Dear girls, remember this; the man who will do this, does it with other girls now, and will do it to other girls, after he is married to you. If this man has no respect for you, if he does not feel that in making you his wife he is singling you out from all the world, you had better not marry him.

Never advertise for a husband, or answer an advertisement for a wife. Think a little will you, what sort of man is it that advertises for a wife? Either one that has intention to marry, and therefore one that will play with the most sacred things, or one that no girls that knows him will marry; some old scallowag unfit for any sweet girl.

A last word, never marry without your parents consent. I know that many of you are going to say, "ah, the preacher, old-fashioned, he is behind the times." Perhaps so, and it so I am thankful to

be so, for I am old-fashioned enough to believe in God's word, and He says, "Honor thy Father and thy Mother." My dear girl let us reason about this for a moment; do you think that your father and mother wish you well? do you think that your father and mother know as much as you? Well! if they wish you well, they do not wish you to marry this man because they do not think it is for your good and happiness. Many a father knows things about the man that wishes to marry his daughter, that he feels he can not tell his girl the man knowing this says "your father is prejudiced

against me, he will not give his consent, run away with me" and you think he is a poor persecuted dear. I wish that again we could adopt the system of the old country in this matter; there if a girl runs away and marries, she is simply cut by her acquaintances, she is considered to have disgraced herself. Remember, the best friend you ever will have in this world, is your father, or your mother, or both.

The white brakeman on the T. & N. O. passenger train received a serious and painful hurt yesterday afternoon as the Southbound train was entering the city. At the crossing in front of Mrs. Clark's residence he started down the steps and stepped on a banana peeling which through him out on his back, hitting a culvert on the side of the track.

Chireno News.

Last Saturday when the shadows of evening faded into a beautiful moonlight here, the Chireno Music club gathered at the home of Mrs. E. M. Weeks to enjoy themselves. They were all buoyed with good spirits and let them radiant by laughing and conversing in merry style. Each suggestion set the musical cords in vibration and they were followed by flushes of pleasure which uncovered the melancholy of this occasion and thawed it into joy and merriment.

After rehearsing the songs and listening to the instrumental music furnished by different talented members of the club, the hostess pleased her guests with refreshments which consisted of hot chocolate and cake served in a pleasing manner. This was so congenial with the delightful evening and jocund guests that the meeting was an eventful one.

After electing new officers for the club, music and chatting prevailed until the appropriate hour brought the evening to a close.

The club extended its thanks to the entertainer for her sharing these few hours with her

An Ideal Cough Medicine.

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire, of Gwynnesville, Ind. "I take great pleasure in testifying to the result of Chamberlain's Cough Medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ills it is intended." For sale at our drug store.

No living man is "independent," the farmer needs the merchant, the mechanic and the doctor. The merchant needs each of the others. We must support each other to make the country and the town prosperous—one cannot prosper without the other. We owe it to ourselves, and to our community to give preference to our home people. Have you read Cason Monk & Co's. ad. in this issue?

Stiff Neck.

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale at our drug store. Mr. and Mrs. Conrad Rusche shipped their household goods Saturday and left this morning for Mt. Enterprise which will be their future home.

Good Cough Medicine for Children

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold.

The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children, and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as an adult. For sale at our drug store. Stripling, Haselwood & Co. w

George King left this morning for Houston on business. He will also go to Austin and San Antonio while away and will return home about Thursday.
