FINISHING TOUCH - Mollie, Heather and Steve Moody finish grooming a lamb in preparation for the Wichita County Junior Livestock Show last weekend.

Iowa Park exhibitors dominate premium sale

Iowa Park exhibitors dominated the 28th annual Wichita County Junior Livestock Show premium sale Saturday night at the Wichita County MPEC Center.

"I am very pleased with the way the kids did at the county show," said FFA advisor Ray Dillard. "I think we have an exceptional group of kids and parents. A lot of thanks needs to go to the (FFA) booster clubs and Young Farmers for the work they put in it."

And the work paid off.

When the showing was over, Iowa Parkans had four grand champions and a reserve grand champion go to the premium sale, along with 89 other top Iowa Park animals.

Drew Gholson's heavyweight cross hog was grand champion and earned him, before add-on money, \$2,700; Cari Hogan and Charlie Kidd took grand champion in turkey toms and hens, which brought \$1,300 and \$1,200, respectively; and Leya Jacobson's group of rabbit fryers was also named grand champion, bringing a premium of \$900.

Robert Baumer took reserve

grand champion with his turkey hen, for which he got \$650 in premium money.

Students from Iowa Park, Valley View, Rider FFA, City View, Electra and Burk Burnett vied for a place on the premium sale list during show competition Thursday night, Friday and Saturday.

Iowa Park exhibitors and their placings include:

Broilers:

Amanda Stephens, 3rd; Lindy Tyler, 4th; Lacy Downs, 5th; Justin Smith, 11th; and Jodessa Carter, 12th.

Competition develops in school board race

The first contested race in either of the May 3 elections developed this week.

Former school trustee Wendell House filed Tuesday for Place Three, which had already drawn Jeff Nolen as a candidate.

Bert Williamson, who has held that position, has not filed, nor has he indicated intentions to file.

Neither of the other two incumbents, Larry Dutton and Martha Dudley, have drawn any competition. They had filed earlier for places on the ballot.

Dutton unseated House in the 1994 election.

Because there were no contested positions on the school board in 1996, no election was required, under a new ruling by the state.

As of presstime, only two of the three city council positions had drawn candidates. Tracy Fears and Bob Hamilton, both incumbents, have filed for re-election.

Alderman Mark Raby, whose term also expires in May, has not indicated whether he will file, nor has anyone else filed for his place.

Candidates wishing to file for a place on the ballots in either election have until next Wednesday.

Council hopefuls must file at city hall.

Those wishing to file for the school board can file at the school tax office this week, during spring break while the administration building is closed, or next week at the administration building.

The final day for anyone to register to vote in either election, if they have not done so, is April 3. Early voting will begin April 14 and conclude April 29.

WILL THEY BE FOOLED AGAIN? Fruit trees, such as these plumb trees on South Jackson, have been encouraged to bloom by fine rains and warm temperatures. They, and their owners, are hoping a freeze will not set them back, as has been the case the past several years.

Police report five arrests

Five arrests and a criminal mischief complaint were recorded on the police blotter during the past week, and a stolen motorcycle was recovered.

Four of the arrests were posted during a 48-hour period.

The first, at 11:01 p.m. Wednesday of last week, occurred in the 100 block of West Garden, when an officer on patrol requested a computer check.

Albert Edward Delago, 35, was found to have an outstanding warrant against him, for speeding over 10 miles per hour above posted speed. He was released after paying a fine of \$84.80.

About half an hour later, the radio dispatcher received a 9-1-1 call from a residence in the 800 block of East Bank. The line was disconnected, and the dispatcher could not get an answer when the number was dialed.

An officer responded to that address, and took Michael Wayne Mills, 36, into custody on a charge of Class C assault.

Mills was released at 4:55 a.m. Thursday after posting a bond of \$132 and promising to appear in municipal court.

While patrolling the Lake Iowa Park area early Thursday, an officer requested information on two occupants of a vehicle, and it was determined one of them had outstanding warrants issued by Iowa Park.

John Allen Brinlee, 21, was wanted for defective tail lamps and defective stop lamps. He was trans-

ported at 3:39 a.m. to the police station, and released at 9:02 a.m. after signing a promise to appear in municipal court.

Peer John Odegaard, 22, was arrested at 11:01 p.m. Friday in the 1200 block of South Colorado, and transported to the council jail on a charge of driving while intoxicated.

Marvin Lee Menasco, 21, was taken into custody at 8:07 p.m. Tuesday in the 400 block of West Pecan, after it was determined by computer two outstanding warrants had been issued against him.

The warrants were for failure to maintain financial responsibility, which carries a fine of \$317, and operating a vehicle without a valid drivers license, a fine of \$103.50.

Menasco was released at 11:10 p.m. after signing a promise to appear in municipal court, according to the police blotter entry.

The criminal mischief complaint was filed Saturday afternoon, when it was determined "super glue" had been put in the front door lock of the Optimist Gymnasium.

A motorcycle reported stolen last month from a business on East Highway was recovered this week by the Wichita Falls police department that was investigating a string of thefts and burglaries.

Local officers recovered the vehicle and returned it to the owner.

Two men are being charged in the series of thefts which reportedly range well over \$100,000.

Council considers pact to extend water service

The city council, during Monday's regularly-scheduled meeting, authorized the city administrator to seek bids to extend water service on Coleman Park Road, but reserved finalizing the project until later.

Mildred Thompson has subdivided land she owns, which is mostly on the north side of the road, with the intention of selling the lots for development.

There are already 19 residences along the roadway receiving water by way of a two-inch line, even though that area is outside the city. The line was privately owned when installed, but later given to the city.

Aldermen are considering replacing the existing line with six-inch PVC pipe, and extending that line to serve the proposed development, which has 14 lots.

While the city would pay the

cost of upgrading its current line, Mrs. Thompson is agreeing to repay the city for the extension, as the undeveloped lots are sold.

The city's portion of the project would cost approximately \$18,730, and Mrs. Thompson's extension would cost \$27,770, according to estimations provided by Administrator Mike Price.

The developer's payments to the city would include interest, on the same basis as a similar project being used on Park Place Addition.

When asked how many years the city's investment might amortize, based on average water bills of those residences currently being served, Price estimated between five and 10 years.

Action on the request was taken in the form of a resolution, and there were two other resolutions approved during the meeting, though not on the same subject.

The first resolution approved stated the council's opposition to a bill recently introduced in the Texas House of Representatives, which, if passed, would grant voting rights to residents of a municipality's extra-territorial jurisdiction.

The other resolution approved was action accepting water and sewer contracts at Park Place Addition, submitted by Wichita Contractors, Inc.

Aldermen approved the re-appointment of Don Kirkham to the Nortex 9-1-1 Communications District Board.

Also approved were Mayor Tim Hunter's appointments of Leonard Davis and Bo Watson to the city's Planning and Zoning Commission.

Davis has been serving on the board, but Watson is new. He replaces Greg Ross, who asked not to be re-appointed to another term.

NEWS BRIEFS

Lions' broom, mop sale Saturday

The bi-annual broom and mop sale held by the Iowa Park Lions Club will be Saturday, in Park West Shopping Center.

The sale area will be set up in the parking lot, between West Park and Subway, from 8:30 a.m. until 3 p.m.

House and shop cleaning equipment of all descriptions are sold. All the items are hand-made by blind persons.

"The reason we only hold the sale every other year," said Club President Joe Singer, "is because the things these people make last so long that we can't sell to the same people every year."

"But they sure come back after their broom wears out over two years," Singer concluded.

Announce engagement

Richard Sullivan of Shallowater and Linda Rockhold of Iowa Park announce the engagement of their

daughter, Regina Sullivan, to Robert Pena, both of Fort Worth. The groom-to-be is the son of Pilar and Irma Pena of Fort Worth.

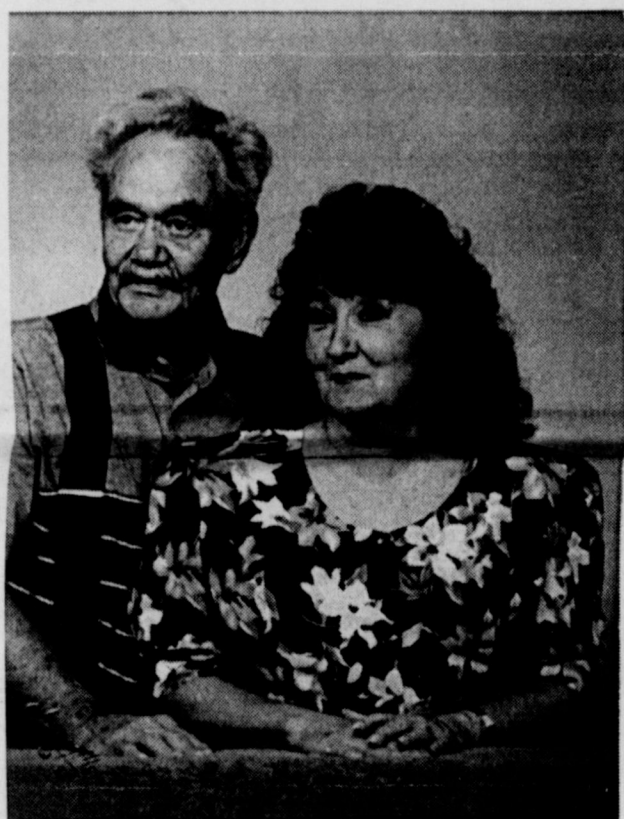

Parenting classes slated for Elementary parents

"Getting to Know You," an hour-long seminar for parents of elementary-aged students, will be held at 7 p.m. Thursday, March 20, at Bradford Elementary Library.

The seminar is part of a program, "Building Family Strengths," co-sponsored by the Iowa Park CISD and Region Nine.

This seminar will help parents know what his child is capable of and set realistic expectations.

There will be no charge to attend, and door prizes will be given away. Those interested should call 592-4193.

James L. and Janie Keen

Keens celebrate 50 years

James and Janie Keen of Wichita Falls celebrated their 50th wedding anniversary with their family at Uncle Lynn's Catfish.

Hosts were their children and their families, Larry and Paula Keen of Grandfield, Okla., Kandy and Abraham Garcia of Iowa Park, David and Terry Keen and Jerry Paul Keen, all of Wichita Falls.

The Keens were married Feb. 28, 1947, in Alba. They came to Wichita Falls in 1952.

Keen, a native of Yantis, retired in 1990 as a sheet metal worker. He served in the U.S. Army during World War II and coached in the Wichita Falls Boys' Club Baseball League in the late 1950s and early 1960s.

Mrs. Keen is a native of Gunter Community, near Alba. She now owns and operates the H & R Block office in Iowa Park.

The Keens also have three grandsons and a granddaughter.

Health Notes

Expired Drugs

by Joe Hughes, R.P.H.

How is an expiration date determined? "The expiration date on the manufacturer's package is based on the stability of the drug in its original closed container. The date does not necessarily mean that the drug will be unstable after a longer period; it means only that the drug will still be stable at that date." (The Medical Letter, 7/19/96)

Once the original bottle on the pharmacy shelf has been opened, the expiration date no longer applies. Medication potency can be affected by exposure to air, light, humidity or temperature extremes. Outdated drugs are unlikely to be harmful - the only report of human toxicity has been associated with degraded tetracycline. The problem lies with loss of effectiveness - for example, tablets of carbamazepine, an anti-seizure medication, have failed to dissolve after being exposed to humid conditions, and seizures have resulted. An infection may not respond to the use of an outdated antibiotic. As always, take medication only as directed.

RAC News

Bridge Results

With two tables in play on Monday, Virgil Woodfin had the high score of 4970. Mary Lou Alderman reported the second high of 4760.

There were three tables in play last Wednesday, with high score going to Mary Lou Alderman, with 5900 points. Second high of 5350 was reported by Billie Dowell.

Cheerleading Lessons

Cheerleading lessons started this week at the RAC and will run through April 9. Classes are being held on Wednesday evenings from 6:00-7:00, (ages 5-8) and 7:00-8:00 (ages 9 and up). Mandy Threeth Hollis will be instructing the classes.

Cost for the full session, which will include a Saturday one-to-one lesson, will be \$30. For those who are unable to attend the free session, single classes are available at \$10 each. Students who are not RAC members should add \$5.00 to prices above.

Food Handlers Course

There will be a food handler's certification course at the RAC next Tuesday at 6:30 p.m. Cost for the course is \$12.50 per person, payable in advance at the RAC office. Registration papers are also required in advance, and are available at the RAC. Persons who are renewing cards are reminded that you must bring your old card to the class.

Thank You

We would like to extend a special "Thank You" to the members of the ESA Sorority and the participants of the 1996 Whoop-T-Do King & Queen contest. Thanks to your efforts, the RAC received a very generous donation, which we appreciate very much!

Cook of the Week

Vicki Alexander

Vicki Alexander is well-known for her tireless efforts in whatever project she is working on. During the past two years, she was a big factor in the success of the Kidwell Carnival, a PTA fundraiser.

This year, with her nine-year-old son Austin in the third grade at Bradford, Vicki is in charge of that school's yearbook.

Vicki grew up in Wichita Falls. She is a graduate of Hirschi High School and attended Houston Community College. She is married to Dr. Ted Alexander, who is director of Clinic Care at Clinics of North Texas in Wichita Falls.

Their son, Austin, keeps them busy with school activities, in addition to soccer, basketball and baseball games.

At their home, on the outskirts of Iowa Park, the Alexanders have three horses and five dogs. They also have a farm with larger acreage where Ted raises cattle.

Working on the Bradford annual this year works right in with one of Vicki's favorite hobbies - photography.

She is a member of Bradford PTA, Daughters of the Nile, and Lady of Guadalupe Catholic Church in Wichita Falls.

Vicki's recipes are those she has used many times. Austin's favorite is "Manicotti," and Ted likes "Taco Soup." The recipe for "Baked Chicken" was given to her by Ted's mother. Vicki said it is easy to prepare and always draws compliments when she serves it to a group.

Taco Soup

Brown and drain:
1 lb. ground beef
1 large onion

In large pot, add:
2 cans pinto beans
1 can stewed tomatoes
1 can Rotel tomatoes
1 can water
1 pkg. dry taco seasoning
1 pkg. dry Ranch style dressing
1 tsp. cilantro
1 tsp. cumin
1 tsp. garlic salt

Cook for 1 hour. Nacho chips, shredded cheese, and sour cream are optional for topping.

Baked Chicken

Boneless/skinless chicken breasts
Flour
Wesson oil
Lawry's Seasoning Salt

Rinse chicken breasts and dip in flour and then Wesson oil. (Make sure to dip in flour first - then oil.) Place chicken in dish lined with foil and sprinkle with Lawry's salt. (Sprinkle quite a bit - until top looks red.) Cover tightly with foil and bake 1 1/2 hours at 350 degrees.

Linguine Carbonara

1 lb. linguine
2 Tbsps. olive oil
1/4 cup chopped onion
4 ozs. smoked bacon
1/2 cup sliced mushrooms
2 cloves garlic, minced
2 cups heavy cream
1/4 cup grated Parmesan cheese
Salt and pepper

Cook pasta in boiling water. Heat olive oil in large skillet. Sauté the onions, bacon, mushrooms, and garlic. Drain the cooked pasta and add to the skillet mixture. Add cream and cheese, and salt and pepper to taste. Serves 4.

To lower fat and cholesterol, use Canadian bacon, 2 cups evaporated skim milk and Pam with 2 tsps. olive oil.

Arts and craft group has monthly meeting

The Iowa Park Arts and Craft Association's monthly meeting was held Tuesday night at the RAC.

Debbie Williamson was in charge of the program on making jar top bunnies.

Dorothy Johnson, vice president, presided over a short business meeting.

A floral embellished picture frame, made by Linda Mott, was the door prize won by Mrs. Johnson.

Gardening is program for Amity Study Club

A program on gardening was presented for Amity Study Club members when they met March 3 in the home of Pam Teplicek.

The program was presented by Brad Teplicek, Rangeland Management Specialist, and Al Norris, Texas Master Gardener.

The speakers gave an overview of gardening aids specifically designed for North Texas.

They mentioned that soil evaluation and preparation are essential, and pointed out varieties of vegetables specifically suited for this area. They distributed several brochures and fielded questions from club members regarding gardening problems.

Linda Crumbliss, president, presided and members answered roll call by naming something that had worked for them in gardening.

Mrs. Crumbliss led the club in finalizing plans for Spring Convention to be held at the RAC in Iowa

Park March 15. Members were directed to furnish salads, and cakes, and to try to help with decorations Friday, March 14 at 4 p.m.

The club president announced that City-Wide Cleanup Week is April 7-11. The Amity Club is responsible for cleaning the right-of-way on Pacific from the library to Wal-mart. It was decided to use two clean-up sessions. The west side of the street will be cleaned April 7, beginning at the library at 1 p.m. The east side will be cleaned April 7, beginning at 3:45 p.m.

Members brought items to the meeting for M.D. Anderson Cancer Hospital for the club's monthly project.

As I See It...By Bob Hamilton

I was both impressed and appreciative of the unity and comments made Monday night when members of the city council passed a resolution opposing a bill submitted to the House of Representatives.

The bill, submitted by Rep. Bob Rabuck, a Republican from Conroe, seeks to allow anyone residing in the extraterritorial jurisdiction of a municipality to vote on that city's issues.

While it's true that people living within a certain distance of a city can be, and often are, affected by regulations passed by the city's council.

And I suppose there are a lot of folks living outside Conroe who don't take kindly to some of that city's rules which affect them.

But let's face it. If people want to have a say with a city council, they should become members of that community, either through annex-

ation or by moving into town.

But if they live outside the city, and don't pay taxes on their home to help finance the city, they shouldn't have anything to say when it comes to the operation of a municipality.

Let's look at it like this:

A small group of city folks think it would be great to have a museum that would cost several millions of dollars.

The majority of the other people living in the city might not agree, mainly because of what it would cost them in taxes to finance the museum.

Somehow, the minority gains the support of those living in the extraterritorial jurisdiction, explaining how great it would be, and that it wouldn't cost them a cent because they didn't pay city taxes.

The issue is brought to a vote, and the minority living in the city and those residing outside the city have

the greatest turnout at the ballot box.

In that case, the majority living in the city is left financing a project they neither wanted, nor could afford.

Actually, we could look at it from a different perspective.

There are folks living north of the Red River who could be, in effect, in the extraterritorial jurisdiction of Burk Burnett. Would they be able to vote on issues involving Burk, should this bill be passed in Austin?

The government of the United States does, often, pass requirements that affect people living in France. Do you think a Frenchman should be allowed to vote on issues our congress acts on?

That resolution, by the way, will be forwarded to legislators from our area, as well as to the Texas Municipal League.

Hopefully, those folks will see the folly of the proposed bill, in the same light as our city council, and see that it never gets to the governor's desk for signing.

IF YOU can read this, so can your customers!

WORTH QUOTING

Every time I need a laugh, I think about the U.S. Postal Service's newest advertising campaign.

The new campaign advertises the Postal Service's expertise in delivering foreign mail. (Ha! Ha! Ha!)

This is the same outfit that often needs five or six days to deliver *The Post-Signal* from Pilot Point to Valley View or Sherman. And they expect us to believe they can efficiently deliver mail from the U.S. to, say, England? (Ha! Ha! Ha!)

I have told you before about our problems in getting papers to out-of-town subscribers. We field regular complaints from subscribers in far away places like Valley View and Sanger and Whitesboro, who want to know why it takes so long for them to receive their papers. It's not unusual for these subscribers to get their papers on Monday or Tuesday.

We sort, sack and mail our out-of-town papers by Postal Service regulations. A truck takes the sacks to a USPS distribution center in Fort Worth on Thursday evenings. The sacks are supposed to be opened and the papers sorted for delivery back to the post offices in the immediate area the next morning. That means our out-of-town subscribers should receive their papers on Fridays.

The system breaks down somewhere. The sacks apparently aren't opened in Fort Worth when they arrive. As a result, out-of-town subscribers have to wait for their papers. (By the way, Postal Service employees in Pilot Point, Aubrey and Tioga are always willing to do

whatever is necessary to help us get the paper out on time locally.)

Pilot Point Postmaster Willene Crutsinger tells me USPS officials in Fort Worth are working on these delivery problems. I'm sure some big, long study will be required. I hereby offer my advice without benefit of a study: OPEN THE SACKS AND DELIVER THE MAIL!

So you see why I laugh when I see those USPS commercials and advertisements about delivering foreign mail. Go ahead, say it again: *The United States Postal Service is your foreign mail delivery expert.*

Thanks, I needed that.

SOCIAL SECURITY HAS PUBLICATION FOR WOMEN'S HISTORY MONTH

March is Women's History Month, and Social Security is promoting its special publication for women as its "book of the month."

The booklet, "Social Security: What Every Woman Should Know," describes how Social Security affects a woman as a worker, wife, widow, mother, or divorcee.

It gives important information on the family protection resulting from your earnings, how to insure earnings are correctly credited to your Social Security account, and benefit options.

You can order the booklet by calling Social Security's toll-free number, 1-800-772-1213.

LETTER

TO THE EDITOR

Legislator takes issue with column comment

Dear Mr. Hamilton:

I found your editorial about me very interesting since, to my knowledge, you have never contacted me for any information about legislative issues or expressed to me any concerns you may have with my representation. I find it very unusual that you would make such negative comments about me and my legislation without ever having spoken to me or my staff about any of the concerns you publicly expressed.

In response to your judgmental comments about my representation and interest in Iowa Park, I would like to let you know that I have deep family roots in Iowa Park starting in 1886 and remain very proud of the fact that my grandfather, who was Chairman of the Board of the Bank in Iowa Park, was able to help keep the bank open during the depression. I have also banked in Iowa Park and am currently a stockholder in the bank. In addition, I am a taxpayer to Iowa Park ISD and farmed in the county just north of Iowa Park for several years. I have been to Iowa Park many times while in office including two meetings with area farmers in the last six months.

I have always tried to respond to every invitation, phone call and letter I have received from Iowa Park citizens. Even though Iowa Park is a divide legislative district and I only officially represent about half of the citizens, I always respond to everyone. In fact, I usually respond to every citizen that contacts me in the North Texas area. Since redistricting in 1993 when part of Iowa Park was included in my legislative district, I have assisted 50 Iowa Park constituents who have problems with state government and responded to 80 phone calls and letters about legislative concerns. I believe the citizens of Iowa Park know that I am available and responsive to their needs and always willing to do what I can to help.

In regard to my legislative service, I have co-sponsored many bills with members of the Republican party and am the only Democrat to sign on to term limits legislation in the House. In addition, at the end of my freshman term, a Republican member and I initiated ethics reform for the House which Speaker Laney implemented his first term as Speaker. As far as I know, I am the only member of the House or Senate who does not accept PAC or lobby contributions. Anyone that knows me knows that I never take an issue or responsibility to the citizens I represent lightly. I still consider my service as a privilege and honor and try to reflect that in my representation in the Texas Legislature.

I will be glad to respond to anyone concerning what I consider to be the merits of the tobacco ingredient disclosure legislation. Since all ingested products including Coke and Fritos must disclose their ingredients, it seems reasonable that tobacco products (which kill more Americans each year than were lost in all of WWII, Korea, and VietNam combined) should disclose theirs. It is a documented fact, not available to the public that tobacco companies add over 400 different ingredients to various brands of cigarettes. I believe tobacco consumers have a right to know what is in their brand of cigarettes besides tobacco and that this information should be made available for those that are interested. As Vice Chair of the House Public Health Committee, one of my main concerns is minors access to tobacco. If you approve of the rapidly growing illegal use of tobacco products by teenagers, I would like to know your reasoning.

Perhaps you would be interested to know that tobacco control legislation is a bipartisan issue supported by over half of the members of the Texas House. It is also supported by every Texas health organization I know, such as American Heart Assoc, American Lung Assoc, to name a few. This broad support is based on statistics that show that tobacco use kills more Texans than alcohol, AIDS, heroin, cocaine, auto accidents, suicides, murders and fires combined.

I will continue to work hard for all my neighbors in Iowa Park and encourage you, as a constituent and responsible editor, to contact me the next time you have any legislative concern.

Sincerely,
John Hirschi

There are numerous publications in existence which include some data on practically all families, but locating a copy of a publication which mentions one's ancestors is difficult. A genealogy is a record of the descendants of one blood line, while an ancestral search is limited to one's self and his ancestors.

Genealogies usually present a rather complete history of the compiler's line but the lateral lines are not included.

This may be due to losing all trace of descendants or the failure of members of some branches to cooperate and supply necessary data.

Various methods are used to designate the generations such as number 1 or the letter A for the first emigrant or the beginning ancestor, and subsequent numbers or letters for their descendants. Other arrangements are in use, some difficult to follow. Some genealogies will be found that were not indexed in the original publication, but have been done by others in later years.

Whether a genealogy has been published containing data on any family can possibly be ascertained from other members of the family, especially from those who are known historians.

Inquiry should be made at libraries or of dealers who specialize in the sale of used books. Most publications are copyrighted and two copies are normally deposited in the Library of Congress.

There are a very few rental libraries in operation where books can be borrowed. Cumulative indexes showing the family names included in various publications are exceedingly valuable and great time savers, if available.

The title of a publication does not always indicate its contents and only through the use of cumulative indexes can one learn of the existence of a book which contains references to the family in question.

Many family genealogies and indexes have been donated to the Tom Burnett Memorial Library as well as the Wichita Falls public library. Each serve as a good starting point in your family line.

Bank of America changes ownership

Bank of America's branch location at 301 North Wall in Iowa Park officially became First American Bank Texas, SSB as of Monday.

It was among 11 such facilities in the state affected by the change of ownership, according to William C. Atkinson, president and chief operating officer of First American Bank Texas.

"We offer customers the convenience of 61 full-service locations throughout West and North Central Texas, 21 in the Abilene area and 16 in the Wichita Falls area," Atkinson said.

First American Bank Texas SSB is a \$2.2 billion Texas owned and operated financial institution.

Hawks continue winning ways on the diamond

The Iowa Park Hawks continued their winning ways on the diamond this week as they finished with a 3-1 mark and a second place finish in the Wichita Falls Invitational Tournament.

Iowa Park improved to 7-3 overall and 7-1 in its last 8 games, by beating Holliday 7-2 on Tuesday as the Hawks took advantage of the Eagles inability to throw strikes.

The Hawks scored five runs in the bottom of the first to grab a 5-0

lead with only one hit. Holliday issued 5 base on balls in the first frame. Wayland Stewart laced a double down the third baseline to drive home Chad Wright and Kevin Brazier, then Dusty Crawford, the winning pitcher for Iowa Park, drove home Jonathan Clubb with his ground out to short.

"I thought our kids did a good job of being patient at the plate in the first inning," said head coach David Fuhrman. "Their pitcher had some control problems early and with him

missing that much, it's hard to get too many hits. I thought we did a good job of running the bases. Brazier stole four bases and Shaun Campbell stole home on a double steal."

Iowa Park added another run to make it 6-0 in the second, then scored another in the fifth when Brazier singled, stole second, then stole third with two outs and came in to score on a passed ball.

Holliday scored its runs in the fifth on a balk and in the seventh on an

RBI single to center.

Earlier in the week, Iowa Park defeated Wichita Falls High School 12-5 in the opening round of the Wichita Falls Invitational Tournament at Hoskins Field.

The Hawks pounded out 13 hits and led the game 8-0 at one point before the Coyotes scored 3 runs in the bottom of the fourth. Old High scored a single run in the sixth to make it 8-4. But Iowa Park slammed the door shut with 4-run seventh in-

ning as Justin Terry picked up the win to even his record at 1-1 for the season.

Leading hitters for Iowa Park included Brazier, 3x5 with 2 runs scored, 3 RBI's and a triple; Stewart, 3x4, 2 runs and an RBI with a double; Terry, 2x4, a run scored and a pair of RBI's, and Jake Dillard, who finished 2x4, scored 3 runs and also had a double.

In the second game of the Tournament, Iowa Park held off Lawton High 11-10 to advance to the title game on Saturday. Tyler Pulley picked up the win to improve to 2-0 for the season, but not without some excitement.

The Hawks fell behind 2-0 after the first inning but scored 4 times in the top of the third to take a 4-2 lead. That lead was short-lived as Lawton answered with 5 runs in the bottom of the third to re-take the lead at 7-4.

Iowa Park scored twice in the fourth to make it 7-6, then took the lead for good with four big runs in the top of the sixth to lead 10-7. The Hawks added what looked to be an insurance run in the top of the seventh, but it turned out to be the game winner as Lawton scored three times in the bottom half of the seventh and left the tying runner stranded at third when the game ended.

Brazier and Stewart, who were each selected to the All-Tournament Team, again led Iowa Park at the plate. Along with Clubb, all three finished 2x3 with Clubb and Stewart

each driving in a pair of runs. Brazier scored three times and drove home another and finished with a pair of doubles. Stewart and Michael Swenson also doubled. Swenson finished 1x3 with 2 runs scored and an RBI.

In the title game against Rider, the Hawks, playing in the light rain that started falling in the first inning, stayed right with the 5A Raiders with the score tied at 3-3 after two innings. But Rider took control from that point on scoring 3 runs in the third, 6 more in the fourth and 2 more in the fifth to win 14-3.

Clubb, Terry and Swenson each had a hit against Rider but that was all that Iowa Park could come up with.

"Overall, I thought we competed real well," Fuhrman added. "We did a pretty good job with our hitting and base running, but our pitching still needs to be more consistent. Defensively we're about average for this time of the year, but that will pick up the more we play."

Iowa Park will open play in the Boomtown Classic today at 12:30 against Rider's JV, then will play the winner of the WFHS-Hirschi game at 5:30 p.m.

"We open with Rider's JV and I hope our kids don't take them lightly," Fuhrman said. "Two years ago, Rider's JV team finished second in the same tournament. We want to continue to improve and to have our pitchers throw more strikes. I'm looking forward to a good tournament."

Lady Hawks place 2nd at Lindsay

Both the Hawks and Lady Hawks traveled to Lindsay on Saturday to take part in the Lindsay Relays, and despite the rainy conditions, both teams finished well.

The Lady Hawks finished in second place out of 30 teams.

Leading the way for the Lady Hawks was the first place finish by the 400m Relay team of Bambi Pryor, Randi Tigrett, Lacy Wells and Alisha Clements with a time of 53.19.

The 800m Relay team finished second with a time of 1:55.96. Members included Pryor, Lisa Nichols, Clements and Brandi Butler.

The 1600m Relay team came in 6th with a time of 4:36.72, with Amanda Kingcade, Jennifer Pack, Butler and Nichols running for Iowa Park.

In the individual events, Tigrett pulled off her second consecutive

double gold medal performance by winning both the Long Jump and the Triple Jump. Tigrett won both events in the Hawk Relays earlier this season. She leaped 15-6 in the Long Jump and 32-4.5 in the Triple Jump.

Clements finished third in the 100m Dash with a time of 13.27; Sharla Hughes finished fifth in the High Jump with a leap of 4-8; Kingcade finished fifth in the 400m Dash with a time of 68.82; Nichols finished third in the same race with a time of 65.32; Pryor finished third in the 200m Dash with a time of 27.59; and Lacy Wells finished sixth in the Long Jump with a jump of 14-4.

In the Boys' division, Iowa Park's 400m Relay team of Malcom Wise, Brandon Brown, Michael Swenson and Tommy Duerson, finished second with a time of 45.02.

The same four guys teamed up again in the 1600m Relay and once

again came in second with a time of 3:35.24.

In the individual events, Shawn Fulfer won the High Jump for the second week in a row, this time clearing 6-2. Fulfer also picked up two second place finishes in the Triple Jump, with a leap of 42-7, and in the Long Jump with a jump of 20-2.

Brown picked up the gold in the 100m Dash with a time of 11.36; Lyons finished sixth in the 3200m Run with a time of 10:55.00; Swenson finished fifth in the 800m Run with a

time of 2:13.00; Duerson finished third in the 400m Dash with a time of 54.33; Wise finished third in the 200m Dash with a time of 23.62; and Lyons finished fifth in the 1600m Run with a time of 5:10.00.

Due to Spring Break, there will not be a scheduled track meet for this week. Holliday will be having a meet and some of the Hawks and Lady Hawks could compete in that meet if they choose to. The next scheduled meet will be in Seymour on Saturday March 22.

Dillard's pitching outstanding

Former Iowa Park baseball standout, Ralph Dillard, now pitching for Texas Pan Am University, helped his team defeat Notre Dame this week by throwing six strong innings in a 5-2 win.

Dillard, now 3-2 overall with a 2.90 ERA, allowed only 5 hits, 2 walks and struck out four while allowing only 1 earned run on a solo home run. Dillard's conference record is 1-2 with 1 save.

The former Hawk, has the honor

of playing for the NCAA Division I's winningest active coach in Al Ogletree. Dillard helped Ogletree pick up his 1,199 and 1,201 win, all coming after 41 years of coaching. Ogletree plans to retire following this season.

Dillard's next trip to the mound will be on Saturday when his team travels to Mobile, Alabama to take on South Alabama. His following start will be in New Orleans against the University of New Orleans.

Lady Hawks win region

MISTY DIPPREY MAKING EFFORT

Following the Regional Power Lifting Meet held here Friday, Iowa Park will definitely be well represented when the State Meet takes place in Houston on March 21-22.

In all, head coach Steve Stewart will be taking 13 lifters, 12 of those girls, to the State Meet after putting on quite a show in the Regional Meet. The Lady Hawks not only won the meet, but they set 13 new Regional records along the way and shattered 18 school marks at the same time.

Amanda Stevens, lifting in the 97-lb. division, set four Regional records and three school marks to earn her trip to Houston. Carmen Tidwell, lifting in the 148-lb. division, added three more Regional marks and two school records in finishing first in her weight class.

Here are the results from the Regional Meet for the Lady Hawks:

STATE QUALIFIERS			
97-lb.			
Amanda Stevens	1st.	555	(3 school and 4 Regional records)
Danielle Clynch	2nd.	420	123-lb.
Jessica Shaw	2nd	600	(4 school records)
Jessica Love	7th	525	132-lb.
Jennifer Nicholson	1st.	630	(3 school and 2 Regional records)
Carmen Tidwell	1st.	665	(2 school and 3 Regional records)
Vanessa Hebel	7th	600	(1 school and 1 Regional record)
165-lb.			
Stacy Roby	3rd.	575	(2 school records)
181-lb.			
Sabrina Lucky	1st.	670	(1 school record)
Shannon Eaves	2nd.	640	(1 school and 1 Regional record)
198-lb.			
Melinda Bradshaw	1st.	725	(1 school and 2 Regional records)
Christy Goin	3rd.	590	

Others Lifting for Iowa Park
Sage Hamilton 4th in the 97's
Lacey Slack 8th in the 123's
Robin Harmon 4th in the 132's
Stephanie Wilson 10th in the 148's
Misty Dipprey 4th in the 105's

As for the boys division, Iowa Park will be sending only one lifter, Richard McCann in the 242-lb. division. McCann finished second with a total of 1305, which was a new school record.

Three other Hawks will be the first alternate to the State Meet by finishing in third place in the Regional Meet.

Jeremy Tatom finished third in the 123-lb. division with a total of 820, which set 3 new school records. Brandon McLemore, lifting in the 181-lb. division, finished third with a total of 1235, and Calvin Galliton finished third in the 198-lb. division with a total of 1275 and a school record. Overall, Iowa Park finished fourth in the boys division.

Others lifting for Iowa Park included, Cody Russell, 4th in the 148's

GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

Q. We plan on having a good sized garden this year in Iowa Park. I need to know the approximate time for planting tomatoes and peppers.

A. Tomato and pepper transplants should not be set out until we pass our average annual frost-free date of March 25. Even then you should be prepared to provide protection for the young plants in the event of a late freeze.

Tomato and pepper plants are really tropical plants that need warmer soil temperatures to properly grow and produce a crop. Planting early really does not allow you to gain much in terms of growth.

Late March and early April are prime planting times for these warm-season vegetables.

Q. I have henbit all through my St. Augustine lawn. What can I use to eliminate the weeds?

A. Use a broadleaf herbicide such as Wipeout or Weed-B-Gone among other products. Apply the weed control on a warm day with low winds and carefully spot-treat only the broadleaf weeds you want to eliminate. Give the herbicide 10 to 14 days to be effective.

Q. We live in Iowa Park. Can you please remind us which fertilizer to put around our pecan trees.

A. The fertilizer to apply around pecan trees now is 21-0-0 (Ammonium Sulfate). The recommended rate is one pound of fertilizer for each inch of trunk diameter. Spread the fertilizer around the dripline of the trees and water it in after the application. You can re-apply the plant food in May, using the same method.

CHAT WITH PATTY
Question: Should I be concerned with lead base paint?
Answer: The State of Texas now requires buyers to be notified of the possibility of lead base paint on a home built prior to the year 1978. There is a pamphlet published concerning lead poisoning that I would be happy to give you. Just stop by the office. You have the right to hire an inspector to check for lead base paint.
