

IOWA PARK LEADER 50¢

Vol. 31, No. 6

IOWA PARK, WICHITA COUNTY, TEXAS 76367

Thursday, October 14, 1999

ONE OF THESE IPHS SENIORS will be crowned the last Homecoming Queen of the century Friday night. Coronation ceremonies will begin at 7:00 p.m. in Hawk stadium. Nominees include Lisa Nichols, Lacey Wells, Megan Horton and Erin Foster. Homecoming queens are selected by a vote of the student body.

Hawks hosting Hares Friday night

By DON YOUNG

Thirty four days is a long time no matter how you look at it.

It's even longer if it's the number of days since your football team won it's last game.

That's the case with the Iowa Park Hawks.

Iowa Park last tasted victory on Sept 10 against Hirschi, and despite being in it's last three games until the final gun, the Hawks have fallen on hard times, losing three games in a row and falling to 3-3 for the season.

Last week's loss to Childress in the district opener was the hardest of the three losses for the Hawks to stomach, not only because it hurt Iowa Park's chances at a District Championship, but because of the way it happened.

An inadvertent whistle late in

the game turned out to be a huge call that completely turned the game around, giving Childress excellent field position and eventually a 14-10 win.

"It's definitely frustrating," said head coach Weldon Nelms. "Nobody enjoys losing. We're kind of snake bit right now and we've been having a run of unlucky breaks. We just have to play through them. We might have lost some of our confidence and it's real easy to make excuses right now, but that's not going to change anything. We can't point fingers and blame others, we just have to pull together, play as a team and play through this."

"As coaches we haven't lost confidence in any of our players," Nelms added. "What we were doing has worked before and it will work

again. Last week our offense wasn't able to move the ball like we would have liked and it forced our defense to be on the field too long. This week we're going to move some more people around and try to give some of our starters a little more rest which should help us be fresher in the fourth quarter. This is a big game for us. It's homecoming and we're expecting a big crowd. We need a big win to get us rolling again. It's been a long time since our last win and we need this one to gain some of the confidence and momentum we've lost. We'll work through this."

Things wouldn't look and sound so drastic had it not been for the early whistle last week against the Bobcats. It's hard to say that one play cost a team a game, but when you look at the circumstances, that one play stands

out above all the rest as the one that decided the outcome.

"The call late in the game is still hard to understand," said Nelms. "It's a play we've run before and one we even went over with the officials before the start of the game. I don't know how he couldn't have seen it. I really feel like it completely changed the momentum in the game. If the play stands, we're in excellent field position and I feel like we would have been able to punch it in and seal the win, but as it turned out Childress had the field position and the momentum."

"Bad luck seems to run in cycles," Nelms added. "And we've certainly had our share lately. The call in the Childress game and the two touchdowns we had called back in our other two losses were all bad

Busy weekend for homecoming

The 1999 Homecoming activities of Iowa Park High School will get underway with a bonfire this evening and conclude with the annual Ex-Students' Association banquet Saturday night.

The bonfire will be lit at 9 p.m., and be located in the parking lot on the west side of the high school building.

A pep rally will be held in the school's gymnasium at 2:30 p.m. Friday.

A parade through the downtown area entitled "Whole New World Facing 2000" will get underway at 4:30 p.m. Friday.

Prior to the 7 p.m. football game between Iowa Park and Bowie, the homecoming queen will be crowned. That event is to start at 6:30.

One of the largest Whoop-T-Do events will be held downtown Saturday, starting at 9 a.m. and concluding at 4 p.m. Events will be staged in the 100 block of East Cash and 100-200 blocks of North Wall.

The Alumni Banquet will be held Saturday night in the high school cafeteria. Registration will begin at 5:00, and serving of the catered dinner at 6:00.

Featured speaker this year will be Dr. Steven W. Watson, Class of '71.

Admission will be \$9 per person in advance and \$10 at the door. However, as an incentive for graduates whose classes ended in "9", the charge for them is being reduced to \$5.

Reservations can be made by calling Patsy Rogers Roy, 767-3751.

Council offers help for Electra's problem

The city council agreed Monday night to assist the City of Electra with its water shortage problem, but the details are yet to be worked out.

Electra Mayor LaJune Lewis explained her city's water supply and financial problems, as well as the various sources of water that had been sought.

She was requesting permission to lay a line either to Lake Buffalo, for raw water, or to the city's water tower off US 287.

Electra, like all other cities in the area, has been experiencing water supply problems the past two years, due to the drought.

Additional work on that city's source has been completed, helping somewhat, but how long the supply will last is the major concern.

Though Iowa Park's elected officials agreed to help their neighboring city, they explained the only way that could be accomplished was to serve as a receiving point for treated water from Wichita Falls, and allow Electra to take that water from here.

Iowa Park began taking treated water from Wichita Falls in the early 1970's, when the three lakes here became incapable of any supply. While that line was being laid, the city's only source was water from the

irrigation canal on the south side of town.

The city has continued to take water through that line, when the demand for treated water is greater than the city's treatment plant is capable of producing.

The imported water is received at the ground storage tanks on Bell Road.

It is at that point where Electra would have to lay its transmission line, if Electra decides that would be what it needs, and can afford.

According to what Mayor Lewis said, financing that, or any project, will be a major problem for Electra. Her attempts to secure grant money from the state have thus far been unsuccessful.

Mayor Tim Hunter directed City Administrator Mike Price and Public Works Director Belvin Lytle to prepare an analysis of costs such a project would mean to Iowa Park, and forward that information to Electra for that council to consider in making its final decision.

In closing, Hunter assured Mayor Lewis, "We're certainly ready to work with you."

In other business, the council

NEWS BRIEFS

Water quality reports are mailed

Water customers of the City of Iowa Park this week began receiving the 1998 Water Quality Report concerning the drinking water produced through the city's treatment facility.

The report, mandated by the Texas legislature, requires the city to provide annual reports to customers, with information about the condition of their water.

The Environmental Protection Agency requires public-owned treatment facilities to test for up to 97 constituents, as well as turbidity, lead,

copper and coliform bacteria.

In all cases, the report indicates Iowa Park's water is well below any limitations set by the EPA.

The city's staff began mailing out over 2,500 copies of the reports to customers.

Any individual failing to receive a copy by this weekend is encouraged by Mike Price, city administrator, to contact city hall at 592-2131.

Additionally, Price suggests that customers who might have questions concerning the report also contact city hall.

Friday's storm drops near inch

Though Friday night's rain was a minor problem for the football teams and their fans in the stadium, it was extremely beneficial otherwise.

Police reports making 2 arrests

Iowa Park police reported making only two arrests during the past week.

Bobby Keith Nichols, 49, was taken into custody late Wednesday night of last week in the 300 block of

West Louisa, and charged with driving while intoxicated.

Then, late Saturday night in the 300 block of South Colorado, James Russell Sims, 25, was arrested on a charge of violation of his occupational drivers license.

Trustees hear reports

A demonstration of the new student record system at Iowa Park High School, an explanation of an intervention program for truants, and a request to amend the middle school dress code were highlights of Monday night's school board meeting.

The meeting was held at the high school library so Elaine Wineinger could demonstrate the capabilities of Winschool, a software program used for student accounting, grade reporting and other data. It takes four years to rotate into the system, and the high school is now in its second year.

A program to cut down on truancy, that seems to be working well in Wichita Falls, was explained by Aaron Alejandro, executive director of Turning Point.

He pointed out that during the 1998-99 school year, over 550 students and parents were cited for truancy violations in Wichita Falls. Turning Point is now working with the Wichita Falls ISD and the Wichita County Justice of the Peace courts to combat this problem.

Truant students are placed on probation and ordered by the JP court to attend, with their parent, an educational course, "Truancy Intervention Program." (TIP) If they fail to do so, they are held in contempt of court.

Representatives of the Rockin' Hawkettes drill team were at the

meeting to voice their grievance over the schools' dress code. The group's spokesman, Blaine Kidwell, said the girls aren't allowed to wear their uniforms at the middle school because of dress code violations. He felt that the uniform, which was modeled for the board members by one of the girls, was in good taste, and asked if the dress code on skirt length could be amended to fingertip length.

Superintendent Mike Caplinger said that according to the schools' attorney, it would not be advisable to make any dress code exception for a specific group outside the school setting once the policy/handbook has been approved. "The only way to deal with it would be to change the policy."

Board president Keith Fisher said the matter would be turned over to the dress code committee and would be tabled until the board received a recommendation from that group. He said they were welcome to attend the committee meeting. He said an exception would be made for Friday, Oct. 15, and the girls could wear their uniforms in honor of homecoming.

Kidwell said that his group wants to work with the board members and would abide by what they decide.

Mandy Lachelle Beisch and Ronny Steve Berry

Engagement announced

Mandy Lachelle Beisch and Ronny Steve Berry, both of Iowa Park, will marry Dec. 31 at Tom Burnett Memorial Library.

Miss Beisch is the daughter of Cindy Blair and the late Ervin "Butch" Beisch II, and the granddaughter of Suse and Ervin Beisch, all of Iowa Park.

Berry is the son of Ted and Lisa Berry of Iowa Park and Barbara and Scott Burleson of Wichita Falls. Dub and Martha Crawford of Wichita Falls are Berry's grandparents.

The couple are graduates of Iowa Park High School and are both employed at Computer Related in Iowa Park.

Locals attend "Duck Camp"

Two Tarleton State Univ. students from Iowa Park attended "Duck Camp" this summer at Camp Champions in Marble Falls.

Among those participating were Ross Dillard and Bryan Miller.

Hosted just prior to the beginning of the fall semester, Duck Camp is a four-day, three-night crash course

in what has been called the "Tarleton Experience."

Sponsored through the Division of Student Services, Duck Camp is aimed at making first semester freshmen more at home on the Tarleton campus. Now in its fifth year, enrollment in Duck Camp has grown steadily and this summer over 320 campers participated.

WHAT DOES GOD SAY?

By
Ross Saunders

About Y2K? As we draw near a new millennium, speculation escalate and imaginations run wild! Religious "prophets" come out of the woodwork, professing to have determined the time of the return of Christ. The writer has observed that not many have reached the same conclusion about a date for the "end," but there is one thing they all have in common—they all want MONEY! However, if the Lord's return is imminent, as some claim, why the need for money?

The Holy Spirit said in Galatians 1:8, "But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed." So important was this point that He repeated it in verse 9. Paul, nor any of the Holy Spirit inspired apostles revealed the time of Christ's return. They did not know. Jesus said, "But of that day and that hour knoweth no man, no, not the angels which are in heaven, neither the Son, but the Father. Take ye heed, watch and pray: for ye know not when the time is" (Mark 13:33).

From a religious point of view, the millennium scare is filled with the same speculation that "clergy" has been foisting on people for many years without any sound Biblical evidence. They have implied that people can't understand the Bible for themselves, so the "clergy" must read it and understand it for them. Somewhere near 60 AD, the Holy Spirit inspired Paul to write to the Christians at Ephesus: "How that by revelation he made known unto me the mystery" (as I wrote afore in few words, Whereby, when ye read, ye may understand my knowledge in the mystery of Christ)" (Ephesians 3:3-4). Paul was not writing to preachers. Were these people more educate? No, in fact, they were limited to incomplete letters, or oral sermons. They did not have the entire revelation of Christ in hand, as do we. If Paul wrote so the Ephesians could understand, surely we can comprehend. It is to this end that scriptures are given in these articles, so you as readers may read for yourselves. See Acts 17:11.

The "day of the Lord" will come and it will be at a time unexpected. "The Lord is not slack concerning his promise, as some men count slackness; but is long suffering to usward, not willing that any should perish, but that all should come to repentance. But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. Seeing then that all these things shall be dissolved, what manner of persons ought ye to be in all holy conversation and godliness" (2 Peter 3:9-11). Our Lord placed the emphasis on being ready, not on the time. What a glorious day that will be! Friend, are you prepared to meet Him?

Whatever
happened
to happily
ever after?

Getting married is easy. Staying married — and happily, at that — is a different story. What you thought was a marriage made in heaven can turn out to be something else. It's so easy to say "I do" when you're blinded by love. Yet, those great expectations that led you to the altar can turn into grave disappointments all too quickly. But here's good news: home improvement is possible! Don't give up. Discover how you can have a fairy tale marriage after all.

Homecoming 99 Where Are They Now?

Robert Johnson
Class of '89

Robert Johnson, IPHS Class of 1989, is now an Iowa Park Police Officer.

He and his wife, April, have a son, Zacary and daughter, Kennedy.

When asked about his favorite high school memory, Johnson said, "I can't say that I have one in particular but there is one that stands out in my mind kind of above the others. My senior year we were traveling to an away football game and another player I'll leave unnamed decided that while we were traveling in downtown Wichita Falls on a charter bus, he would give a police officer the 'California Welcome Sign.'

He said, 'Look guys, he can't see me.' You see, the bus had tinted windows. Well, to make this short and simple, the cop pulled this bus over with all of us football players and coaches on it and I watched as he pointed exactly at this person identifying him as the bird flyer from the road. For the rest of the season this

guy had to ride to all of the games with one of my buddy's parents. The coach wouldn't let him ride on the bus anymore."

As a police officer, one of the most important classes he took would turn out to be English. "I thought I would probably never need to know much I learned in English class," Johnson said. "But, as it turns out it is a very important part of my job everyday. I have to articulate things in paperwork and write in complete sentences with correct punctuation and keep everything in order and sounding sensible."

His favorite teacher was Mr. Collins, English teacher.

In his spare time, Robert enjoys surfing the internet, woodworking, playing video games and being with his family.

Lions hosts for Trustees

Continued from page 1

The Iowa Park Evening Lions Club hosted the Lion's Club 2 E-1 zone meeting Thursday evening.

Zone chairman Harper Perkins, of Wichita Founders Club, presented the program on "We Serve" and "Membership." October is Lions Club membership month and each club is encouraged to set a goal to increase its membership during the month of October.

Perkins installed the Evening Lions newest member, Diane Bryan Dobbs, during the program.

Thirty-two lions were in attendance from Iowa Park Evening, Wichita Founders, Boomtown and Burkburnett Club.

Members of the Evening Lions Club prepared home cooked meal of grilled chicken breast, barbecue brisket and various vegetables, salads and desserts.

Hemphill Bus Sales, Inc. for two new school buses was accepted by the board.

In his report, Allen Shewmake, director of transportation, said that the total bus mileage for the 1998-99 school year totaled 216,062 miles. This includes 166,203 for regular bus routes, 3,579 for special needs mileage, and 46,280 for extra curricular activities.

High school Principal Alan Seay gave a report on graduation plans recommended by the state. He told of the increased graduation requirements, and the three graduation plans: Minimum Plan, Recommended Plan, and Distinguished Achievement Plan.

The Minimum Plan calls for 25 credits to graduate, and the Recommended Plan and Distinguished Achievement Plan both require 26 credits.

Two teachers were hired following a closed session of the board. Michelle Lyn Turner was hired as a P.E. teacher at Kidwell Elementary, and Janet Sue Swanner was employed as a part time special education aide at W.F. George Middle School.

Supt. Caplinger and board members, Keith Fisher, Randy Brown, Randy Alsop, Jeff Watts, and Martha Dudley reported on the workshops they attended at the state school board convention held last weekend in Houston.

Meet the president

Iowa Park MuleSkinners

Kenny Gilmore

This weeks featured club of the week is the Mule Skinners.

In 1974 Don Flowers, then president of State National Bank, came up with the idea to form a club and promote Iowa Park.

The club, which started with 40 members and has 25 members, three being charter members.

The main function of the MuleSkinners is to be a service to the community.

Members volunteer many hours cooking to raise funds. They also spend many hours cooking as a contribution to the community.

The MuleSkinners put on a free feed for senior citizens, who live in the Iowa Park School District, four times a year as one of their contributions to the community.

They also hold an annual "Bean Feed" at Faith Mission in Wichita Falls, and they prepare the meal for the Iowa Park Chamber of Commerce Banquet at cost.

MuleSkinners provide trophies for the local 4-H and FFA shows. They have made contributions toward the walking track and support other service organizations such as, the Lions Club, Hospice, Optimist Club, Highland Cemetery, and others.

For the past several years they have cooked for the State National Bank's annual Customer Apprecia-

tion Day held the on Homecoming Friday.

They also serve chili, beans and brisket, at the Whoop-T-Do.

This is just naming a few of the many contributions the MuleSkinners make to the community.

The 1999 - 2000 president, Kenny Gilmore, has been a member of the club 14 years.

He has served as an officer in every capacity except treasurer and secretary.

He and his wife, Linda, have seven children and nine grandchildren.

He has been employed at Gilmore Inc. for 28 years.

According to Gilmore the group is always looking for members with an interest in working for the community.

Members meet the second Wednesday of each month at 7:30 p.m. at the MuleBarn at 111 W. Cash.

Gilmore says that some of the members meet at the MuleBarn every other Saturday at 6:30 a.m. and have breakfast. He says it rotates on who buys breakfast and is not a requirement for members to attend.

For more information contact Kenny Gilmore, 592-4920 or 592-4144.

Comptroller releases unclaimed money list

Are you sure you know where your money is?

The state comptroller's office this week released lists of accounts that are being turned over to that office, and there are 20 names from here.

Financial institutions and businesses report unclaimed cash and valuables to the state, from uncashed checks, deposits and refunds, to the

contents of long-forgotten safe deposit boxes.

The names include W.H. Baccus, Arnold Blake, Bob's Satellite Service, Jesse Bosmans, Monty Britt, Ferne M. Corder, Ethel Cowan, Larry Davis, Zemke Gardner, Jackie E. Hodges, and Loyd W. Holmes.

Also, Jose Lelia, Jerry I. Meisel, Paul R. Panter, Dale Ray Reece, Irwin

Robers, Golda W. Sheets, Harry Stanland, Rod Staudinger, and W. M. James Williams.

Over the past year, the state of office has returned over \$42 million of unclaimed property to the rightful owners, the comptroller's office reports.

Owners can call the comptroller's office toll-free, at 1-800-654-3463, for information on how to reclaim

their property.

Or they can write: Comptroller of Public Accounts, Unclaimed Property Research and Correspondence Section, P.O. Box 12019, Austin, TX. 78711-2019.

Blood donors needed for Iowa Park graduate

Blood donors are needed for Jamie Dixon, 31, who is in St. Paul's Transplant Center in Dallas, awaiting a new heart following a massive heart attack last week.

A single mother of an eight-year-old daughter, she was graduated from Iowa Park High School in 1986, and Midwestern State Univ. in 1994.

She is the daughter of Susan Duggins Crume, granddaughter of

Wanzell Copeland Duggins, and the niece of Jimmy, Sammy, Rodney and Robert Duggins.

Donors may give any blood type at a local center, designating it to be credited to Dixon's benefit.

An account has been set up at State National Bank under the name of Jamie Dixon Fund, No. 8001057, to assist in expenses.

Homecoming 99 Where Are They Now? Susan Miller Stucki Class of '76

Playing "Let's Make a Deal" in Mr. Gotcher's class is a favorite memory of Susan Miller Stucki, IPHS Class of 1976.

"He would hide questions (or was it points?) behind his map, his calendar or in his desk. Then he would run around, flailing his yardstick, jumping on furniture and dare us to bet test points against his questions," she said. "I remember Bubba Nolen lowered his test grade more than once! Personally, I was too chicken to

participate."

Mr. Gotcher was also listed as one of her favorite teachers, as was Ms. Black.

Susan is now a kindergarten teacher in Pampa, where she lives with her husband Jerry, and children Ashley, 15, and Grant, 12. Jerry is a game warden.

Susan said learning to crop a picture for the yearbook is information she learned in school she later found useful.

Among her hobbies and interests are gardening, redecorating and sports in which her kids are participating.

CADETTE GIRL SCOUT Troop 7 of Iowa Park show off the ribbons they received while attending the Cadette/Senior Roundup early this month in Granite, Ok. Troop leaders are Judy Munoz and Becky Wirmel.

Holtzens newest members

Mr. and Mrs. Don Holtzen of Iowa Park are new members of the American Angus Association, reports Dick Spader, executive vice president of the national organization.

The organization, headquartered in St. Joseph, MO., has more than 33,000 active adult and junior mem-

bers. The association computerizes records with detailed information on over 13 million registered Angus.

Visits son in Germany

Mr. and Mrs. Garry Stamm recently returned home from visiting their son, Capt. Charles Stamm and family, in Hanau, Germany.

Capt. Stamm commands the 149th Maintenance Company in Hanau. The company was recently de-activated.

The 1987 graduate of Iowa Park High School will now take command of the 77th Maintenance Company, also stationed in Germany.

Godwin graduates police academy

Eric Godwin recently graduated from the 37th Concho Valley Regional Law Enforcement Academy, where he took top academic and physical honors.

Godwin is employed as a police officer by the San Angelo Police Dept.

He graduated Iowa Park High School in 1989, and is the son of Larry and Jackie Godwin of Kamay.

Eric and his wife, Trish, reside in San Angelo.

Homecoming Where Are They Now?**99****Jim Meisel***Class of '81***Lynette Flick Meisel***Class of '79*

Jim and Lynette Flick Meisel, both IPHS graduates, have fond memories of their high school days.

Jim and Lynette have been married 17 years, and have two children, Janis, 10 years old, and Trent, four. They reside in Lawton.

Jim, a 1981 graduate, said his favorite teacher was Mrs. Meux, history teacher. "When she would ask, 'How do you know, have you been there?' I loved the look on her face when I said, 'Yes, I have.' Dad took us traveling a lot the four years we lived in Holland so I had been to most of the places she was talking about.

He said Mr. Lyles, building trades instructor, was another favorite.

Sharing lockers with Tammy Richardson for three years, "even though she was kind of messy," is one of Meisel's favorite memories.

Also, he said, his father would only let him get a job during the summer months, but not during school. "At the time I thought he was crazy because every time I asked him about getting an evening job, he would just say, 'you get to work the rest of your life, just enjoy being a kid.' He had me budget the money I made every summer to last during the school year, and also found jobs and ways for me to earn money on the weekends."

"Even though at the time this would be a bad memory," Jim said, "it turned out to be my favorite because in hindsight I did get to be a kid and enjoy being a teenager."

Meisel, a lieutenant on the Lawton Fire Dept for 15 years, said two of the subjects he did not think he would need, but does include algebra and geometry. He said he uses algebra at the fire department, and geometry for building projects.

Jim's hobbies include golf, helping with kids sports and school programs, cooking for guests, hosting parties and dancing with Lynette.

Lynette, Class of 1979, is a Mary Kay Senior Sales Director.

The former Lynette Flick said her favorite teachers were Mr. Mooney, band director, and Mrs. Johnson, algebra, because "they were both very encouraging, and always wanted to see us excel."

Lynette's favorite high school memories were numerous. "Cruising Sonic, and always see Blaine Kidwell there! Having such good friends to share all the good times in high school."

Also, she said, "The incredible Hawk spirit was special, 'MUH,' and being involved in the best Hawk band and choir all four years. I have great memories of how fun the football games were even though we didn't win very many, if any at all."

Information she learned in school and needed were leadership skills, biology, geometry, Spanish and doing "the dreaded research papers every year." "All of these have come in handy over the years," she said.

Lynette says she enjoys singing and playing the piano for fun and does many church activities. She also spends a great deal of time playing with her children and going to their activities.

She said she and Jim have many get-togethers with friends.

Lynette enjoys giving facials and traveling across the United States visiting and training Mary Kay consultants in her unit to help them build their business.

Also, she said, they just attended her 20-year class reunion in July, and "it was so good to see all of our classmates. We had a great time!"

Homecoming Where Are They Now?**99****Frank Johnson***Class of '83*

A 1983 graduate of Iowa Park High School, Frank Johnson is now a teacher and coach in Colorado City.

He and his wife, Tammy, have two sons, J.C., seven, and Jake, four.

Beating state-ranked Gainesville in football, 7-6, on their homecoming, and finishing the season 8-2 are Johnson's favorite high school memories.

His favorite teachers included Mr. Gotcher and Mrs. Johnson.

Since he uses a computer almost every day, he says typing is the class he took in high school that he didn't know he would use.

When he isn't working, Frank enjoys bird hunting, bird dogs and golf.

Homecoming Where Are They Now?**99****Steve Fairchild***Class of '82*

Steve Fairchild, class of 1982, said the discipline he and others received from coaches and teachers has turned out to be invaluable to him.

Now the president and general manager of Hamilton Bryan, Fairchild said Jim Gotcher, government teacher, was his favorite.

His favorite high school memory

was "talking Steve Harris into skipping classes, then getting Mr. Dawson and meeting Harris as he returned in the parking lot. Seeing his face looking at me and Mr. Dawson standing there. He got busted!"

Fairchild lists his family and the outdoors as his interests.

GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

Q. We have a very large pecan tree in our Wichita Falls landscape. The problem is that limbs are breaking off and falling down regularly. This can be a big problem when parking a vehicle under the tree. What is causing the limb drop?

A. Pecans are a messy tree in terms of limb drop, pollen shed, aphids and honeydew and, last but not least, leaf drop in the fall.

Pecan trees planted over patios and driveways create even more problems and hazards. The best place for a pecan tree is out in an open area away from the home and drive.

*Limb drop has been a problem

this year because we have an excellent crop of pecans on most trees. The pecans are in the late water stage of development which adds a tremendous amount of weight to limbs on a tree. It is much like hanging jugs of water on the tree limbs.

Proper pruning every couple of years can help eliminate weaker branches that are subject to breaking.

Another cause for limb drop is an insect called the twig girdler. If you find that the fallen branches are cut smoothly in a spiral pattern where they once attached to the tree, you may be dealing with this insect.

Twig girdlers can be controlled

with most insecticides labeled for use on pecans. Pick up and remove all fallen limbs under pecan trees to eliminate twig girdlers from fallen branches where they overwinter.

Hawks edged out by Childress

In Iowa Park's last game against Wichita Falls High School it was the phantom block in the back call that cost the Hawks a chance at a win.

This week against Childress in the District 5-3A opener, it was an inadvertent whistle late in the game that prevented the Hawks' victory.

What looked to be a perfect night for football at around 6 p.m. turned out to be a nightmare by kickoff, and got even worse as the game went on.

Leading 10-7 heading into the final period of play, with the Hawks facing a third-and-six from the Bobcat 19, Tyler Pulley shuttled a pass to Bryan Swenson who broke free and ran all the way to the Hawk 43 for a gain of 38 yards, only to see the play wiped out because of an early whistle. That play changed the momentum of the game and gave the Bobcats excellent field position which turned out to be the deciding factor in a 14-10 Childress win.

Iowa Park evened it's record at 3-3 and is 0-1 on District, while Childress is 6-0 and 1-0.

Points were not going to be easy to come by with the field conditions and the elements being what they were, with the entire game being played in a driving rain storm. The elements forced the postponement of the Hirsch-Rider game less than 10 miles away.

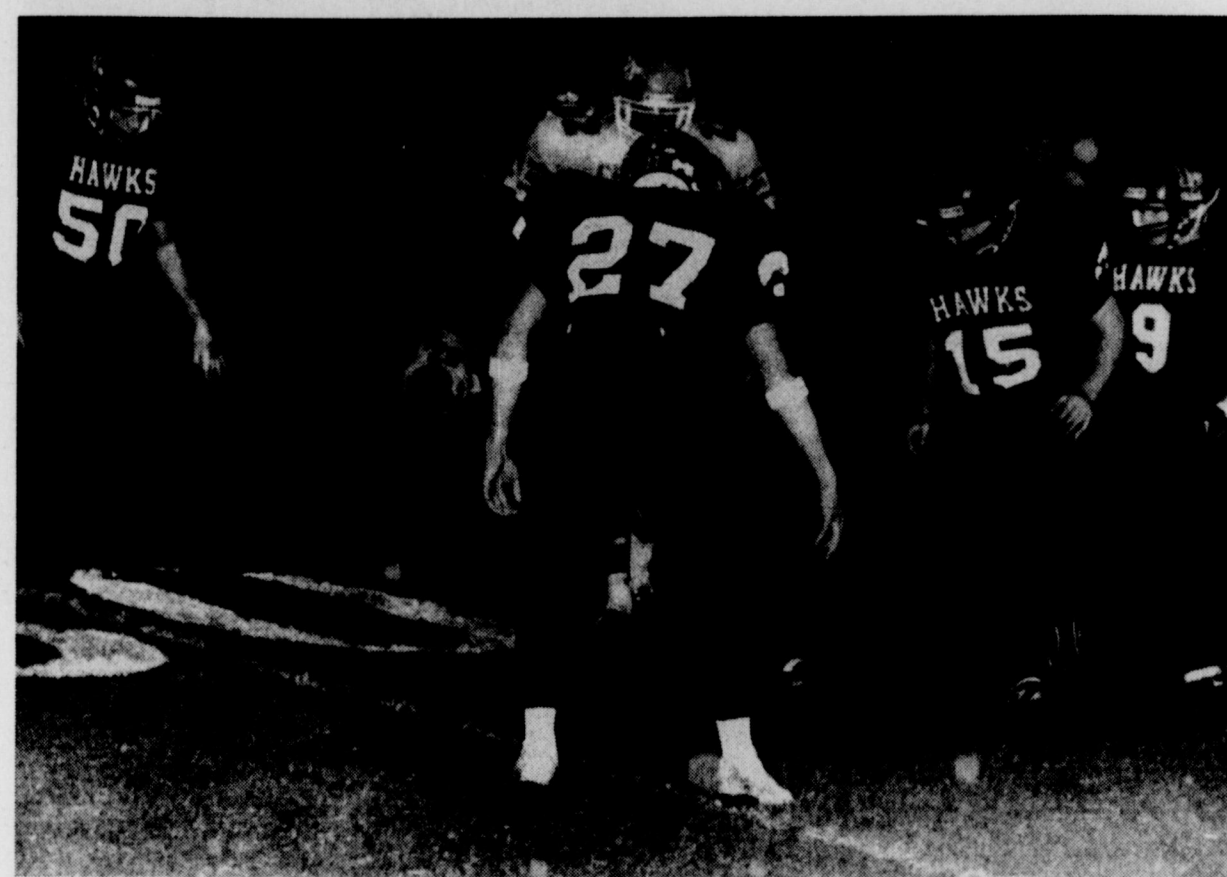

A Bobcat fumble that was recovered by Shane Dunn at the Hawk 35 midway through the second quarter gave Iowa Park the ball for the second time in the game. Fifteen plays and 65 yards later, the Hawks were in the end zone. Pulley capped the drive with a four-yard keeper to put the Hawks on top 6-0 on the first play of the second quarter. Rick Hartman added the point after to push the lead to 7-0. Big plays in the drive included a 13-yard completion from Pulley to tight end J.R. Mattot, an eight-yard toss to Ryan Huff on a third-and-seven, and a big 12-yard run by Jimmy Wilson.

On the Bobcats ensuing possession, another Childress fumble, this one recovered by Chris Simmons, gave the ball back over to the Hawks at the Childress 47. A holding penalty three plays in to the drive forced the Hawks to punt the ball away without making a first down.

Both teams struggled in the first half, with Iowa Park holding a slight edge in total yards, with the Hawks outgaining the Bobcats 80-66.

Iowa Park received the kickoff to start the second half and picked up only one first down before having to punt the ball away.

On Childress' first snap quarterback Don Grunden fumbled the ball, which was recovered by Matott at the Bobcat eight, giving

HAWKS PREVENT RETURN OF A PUNT

Iowa Park a golden opportunity to add to it's 7-0 lead. But three plays netted only six yards, leaving the Hawks with a fourth-and-goal from the two. Iowa Park decided on a field goal attempt from Hartman who came on and knocked it through with 6:52 left to play in the third quarter to push the lead to 10-0.

Childress got on the board late in the period on a 79-yard run by Willie Thomas with 1:21 left in the third quarter to cut the lead to 10-7.

The ensuing possession was when the inadvertent whistle play occurred.

Facing a third and six from it's own 19, Iowa Park ran a shuttle pass play from Pulley to Swenson that caught everybody off guard, including the official for a big gain. But the early whistle nullified the play, forcing the Hawks to punt the ball away.

An interception by Aaron Duran stopped a scoring drive by the Bobcats on their next possession, but the Hawks were unable to move the ball, forcing another punt.

Childress took over at mid-field and marched 50 yards in nine plays, capped by Thomas' second touchdown of the night, this

one a 25-yarder with 2:07 remaining to give Childress a 14-10 lead.

The Hawks moved the ball to the Childress 31 but were unable to put points on the board before the clock ran out.

Defensively for the Hawks, Matott led all tacklers with 10, followed by Simmons with nine. Duran and Chase Wright each finished with eight.

Offensively, Huff led all Hawk ball carriers with 53 yards on 14 carries. Pulley completed six-of-eight passes for 56 yards.

TOP OF TEXAS FOOTBALL

MIDGET CENTRAL

The Iowa Park Central Hawks used a big second quarter, then relied on their defense to shut out Bowie 28-0 Saturday night.

Wayne Horton in state competition

He'll be revving up his engine and taking off for Austin next month. Wayne Horton is one of two Department of Transportation employees who will represent the Wichita Falls District at the TxDOT State Truck Roadshow Nov. 4.

The truck roadshow judges highway workers from all over the state on their knowledge and skills at handling a six-yard dump truck. They compete in 7 different events designed to simulate real work experiences.

Horton won the right to go by beating out his fellow workers at the Wichita Falls Maintenance office. Then he competed Sept. 27, in Wichita Falls against 31 other employees from 9 surrounding counties and specialized departments to take second place.

Now Horton along with a maintenance worker from Throckmorton will go to Austin to drive against the best of Texas' 25 transportation district offices.

The top two drivers from the Austin competition will go on to the national meet.

Horton has worked for TxDOT for five years.

The Hawks jumped out to a 6-0 first quarter lead when Corey Sikes scored from 39 yards out for the Hawks first points. Troy Williams and Ryan McLaughlin each recovered fumbles in the opening period for Iowa Park.

Iowa Park then scored 22 points in the second quarter to take a 28-0 halftime lead. Sam Raines intercepted a pass to set up a 22-yard touchdown by Chris Trevino. Sikes then added the two-point conversion run to make the score 14-0. Sikes then scored from 10 yards out to push the lead to 20-0. Tyler Duggins threw to Raines for the conversion to make it 22-0. Later in the period, Raines hauled in a 44-yard pass from Trevino to make it 28-0 at intermission.

Neither team scored in the second half. Defensive standouts for the Hawks included Williams, Raines, Trevino, Cody Hicks and McLaughlin.

PEE WEE HAWKS

There were no results available for the Pee Wee Hawks this week, but in the previous stories, Darren Morris was not mentioned for his excellent play. Morris scored three touchdowns two weeks ago and another last week.

7TH GRADE

The Iowa Park 7th grade Hawks improved to 3-2 for the season, but more importantly 1-0 in district play, with a 54-12 thumping of Childress last Thursday.

The Hawks got two touchdowns from Justin Swenson, two from Jeremy Williams and two more from Zac McAlister en route to the big win. Lance Morton also caught a 20-yard pass for a touchdown.

Swenson and Williams each added two two-point conversion runs while Ryne Smith and Michael Sargent scored one apiece.

The Hawk offensive line of Chris Catlin, Brandon Hopper, Teddy Lytle, Grant Miller, Josh Morris, Matt Wilson and Ryne Smith all were credited with doing a super job of opening holes for the backs to run through all night long.

8TH GRADE

The 8th grade Hawks fell 28-0 to Childress in the district opener for both teams on Thursday.

Iowa Park looked to be on the way to a big win after scoring on the third play of the game, only to have the play nullified due to a holding call. The Hawks were unable to find the end zone again as the Bobcats finished with a 28-0 win.

According to coaches, Kyle

Stewart played well on both sides of the ball. Zac Davis and James Rowland both had several good runs for the Hawk offense and Michael Fulkerson played well on defense.

Players are recognized

Players of the week for the Childress game were announced on Monday with J. R. Matott, Chase Simpson and Brandon Lane all receiving honors.

Matott was named as the offensive player of the game after grading out at 88% on his blocks and coming up with a big catch to help keep a drive alive.

Simpson was named as the defensive player of the game after leading the team with 12 tackles including five assisted, five unassisted and two caught behind the line plays.

Lane was named as the special teams player of the game because of the good job on his deep snaps on punts despite the bad playing conditions.

Hawk JV now 5-1

The JV Hawks improved to 5-1 and started the district portion of their schedule off on the right foot by beating Childress 14-8 Thursday night in Childress.

Iowa Park's lone loss was to Hirschi.

The Hawks jumped on top 6-0 on their first possession of the game. Jamie Eaton capped a 75-yard drive with a seven-yard run off tackle to put the Hawks on the board. The drive was sparked by a 60-yard run by Robert McCann.

On Childress' ensuing possession, the Bobcats drove the ball deep into Iowa Park territory only to see Eaton intercept a pass at the goal line to prevent the Bobcats from scoring.

Iowa Park then marches 82 yards

to pay dirt on a one-yard quarterback sneak by Matt Kelly to make the score 12-0. Eaton then added the two-point conversion run to push the lead to 14-0 at the end of the first quarter.

The Bobcats lone score came in the second quarter to cut the lead to 14-8.

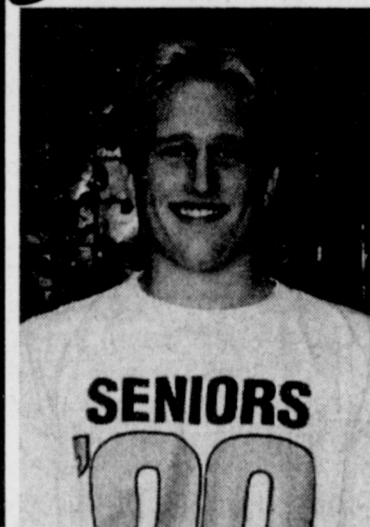

The second half was a defensive struggle with neither team scoring.

Eaton finished with a pair of interceptions, while Kelly finished with one.

Other defensive standouts included, Matt Ohm, Andy Simpson and Ashton Jones.

Iowa Park will try to make it 6-1 and 2-0 tonight when the Hawks travel to Bowie to take on the Jackrabbits at 7 p.m.
