TO DECORATE MAIN STREET

BUSINESS DISTRICT TO DON CHRISTMAS ATTIRE THIS WEEK WITH LIGHTS AND EVERGREEN

Christmas street lights and decorations will be installed this week in the business district of Perryton. The material has been received and committees have been appointed to take care of the decorations.

Colored lights will be used effectively with small Christmas trees and garlands of evergreens in the street decorations. Business houses have placed their windows in keeping with the holiday spirit, and are turning the fronts of their buildings with Christmas attire.

Those in charge of the street decorations are: C. B. Rogers, representative of Senior Chamber of Commerce; R. T. Shindler, H. C. Landon, E. W. Thomas, from the Lions Club; a committee from the Junior Chamber of Commerce to be appointed by J. E. West, president; C. E. Whippo of Community Public Service Company.

Insure Wheat Crops

Approximately 20,000 Acres Are Insured With Federal Crop Insurance in County

Approximately 20,000 acres of wheat in Ochiltree County are protected by Federal Crop Insurance for 1938. This will insure a yield of about 160,000 bushels of wheat. This is a record for the county since 1939, and there is not a man of wheat harvested there will be enough wheat in Ochiltree County to feed the entire acreage of the fall of 1940.

No complete losses have been reported at the present time but several fields have been damaged to such an extent that a damage report has been filed in the local office, and the dry weather continues and several hard freezes come no doubt much of the late wheat will be damaged or completely killed. In such cases where the wheat is completely damaged the claims will be paid.

Continues Term

District Court Term Extended In Order to Hear Motions in Last Two Cases

The November term of the District Court adjourned last Saturday, with the last jury case being completed Thursday. This was the case of *W. C. Gray, trustee, vs. E. C. Weaver et al.* and the verdict was in favor of plaintiff.

Judge Curtis Douglass extended the term to give sufficient time for hearing motions and filing pleadings in the above case, as well as in the case of *Bannister vs. W. E. Hancock*.

LEGIONNAIRES TO MEET AT HALL FRIDAY NIGHT

Every member of the Pierce Johnson Post of the American Legion is requested to meet at the Legion Hall Friday evening, December 9, at 7:30 p.m. with final plans for the celebration of Christmas baskets. H. Graham, Post Commander, states that after the business session, games will be enjoyed. Be there, Legionnaires, and help with details for giving every poor family a Christmas basket.

A son was born to Mr. and Mrs. French of Spearman at the Perryton Hospital, early Thursday morning, December 8. The name, *Dean*, has been selected for the young man.

Mr. W. R. Crawford, Jake Glasco and Mrs. Grady Ray, Amarillo, arrived in Sunday and stayed until Wednesday with Jake's mother, Mrs. J. P. Ray, who was taken to the hospital Monday and underwent a major operation on Tuesday. Others at her bedside beside Mr. and Mrs. Ray were Mr. and Mrs. Wade and Miss Viola Glasco.

SEND IN ANSWERS ON CONTEST PAGE BY SAT. NITE

Herald readers who have worked out solutions of the "Scrambled Word" contest page published in the Herald last week are urged to have them into the Herald office by Saturday, Dec. 10, at midnight. A large number of entries in this contest have been received and no doubt many more will come in. Orders for merchandise totaling \$45.00 will be awarded the winners in this contest. If you have destroyed your last week's Herald or need an extra copy for some reason or other, just come to our office and get another one. We have plenty of extra copies.

SCHEDULE FOR DISTRICT TWO

SINGLE LOSS ELIMINATION IS DECISION OF SUPERINTENDENTS BY VOTE AT DISTRICT TWO MEET

Single basketball game elimination will be featured at the District 2 High School tournament to be played in Pampa February 17-18. It was decided by a vote when superintendents and coaches of schools in the 10 northern Panhandle counties, including Ochiltree, met at Pampa Saturday morning. In the past two losses have been necessary for elimination. Supt. L. I. Sone was elected permanent director general of the district organization. He was named temporary chairman upon the resignation of R. B. Fisher when he moved to Corpus Christi. The delegates voted to retain the same committee chairman for the Interscholastic League meet to be held in Pampa on April 14-15.

Officials for the district basketball tournament will be one of the men who will handle the regional tournament at Canyon, if he can be secured and one official from out of this district to be selected by a committee composed of P. L. Mize of Lefors, Otto Burke of Perryton, Catfish Smith of Borger and C. T. Daniel of Miami.

Winners of the 10 county playoffs and the Pampa Harvesters will be eligible to compete in the district tournament with the winner going to the regional tourney in Canyon. The Pampa Harvesters are defending champions.

CCC Activities

District Officers Here This Week For Inspection; Enrollment Period Next Month

Captain E. L. Modlin, Lubbock, sub-district commander, made a complete inspection of Company 2874, CCC, the first three days of this week. Lt. Leonard Cronin, sub-district Chaplain, was at the camp from Monday until Thursday.

With an enrollment period ending this month, the company has a strength of 190. Captain G. W. Coffman Jr., commanding officer, states that he does not expect to lose over 15 men, as only ten enrollees indicated they would not re-enroll.

Among improvements now in progress is the erection of the auxiliary store room which is located at the southeast corner of the camp. This building is nearly completed. The material was hauled from the Mother Neff State Park Camp at McGregor, Texas. And the appearance of the kitchen has been greatly improved by putting battleship linoleum on the floor.

On Tuesday evening, the company heard an address by Wm. Schaeffer, Pampa, field executive for Boy Scouts. On Tuesday night last week, Curtis Douglas, District Judge, talked to the enrollees on patriotism.

H. D. Women Recommend Practical Farm Homestead

In the campaign, sponsored by the Parent-Teacher Association and other local organizations, to give the tuberculosis test to every school child in Ochiltree County, examinations and x-rays have been completed. A total of 650 children were given the test.

Only one child had an active case of tuberculosis and application has been made to send this child to the State Sanatorium at Carlsbad, Texas, for treatment. Of the 650 children examined, only eight showed a positive reaction and were given x-ray examinations to determine the stage of the disease. Some of the eight had spots on their lungs, but were not serious.

XMAS CANTATA DECEMBER 18TH

SINGERS OF METHODIST AND CHRISTIAN CHURCHES TO PRESENT CANTATA ON DECEMBER 18

Rehearsals have started on the Christmas cantata, which is offered annually by the Methodist senior choir. This year's cantata, "The Holy Advent," by Lee Rogers, will be given Sunday evening, December 18 at the Methodist church. The Junior choir will give a prelude and sing Christmas carols.

Forty voices will participate in the cantata which will be free to the public. Mrs. R. P. Hurn is directing the music, with Miss Ruby Neufeld, as accompanist. In addition to the members of the Methodist choir, six singers from the Christian church are taking part: Mrs. Carl Ellis, Mrs. C. F. Milam, Mrs. Debs Riley, Mrs. Bernard Leslie and Mr. and Mrs. Carl Meunch.

ALLISON PLAYS IN BIG LEAGUE

WHEELER TO BE HOST TO ANICOS AAU CHAMPIONS ON DECEMBER 10-12 WHEN THEY MEET ALLISON

The Allison High School Ramblettes, Texas Girls high school basketball champions, are working out daily for the coming games with the Galveston Anicos, AAU Champions of the United States at Wheeler on Saturday and Monday nights, December 10-12. The Ramblettes have the smallest squad in the history of the school this year with only eight girls coming out for practice.

Although the Ramblettes will be playing out of their class in meeting this team, they will give people of this territory an opportunity to see the best in Girls' basketball. The Anicos team is composed of the very best players that are possible to obtain. They will bring the following players to Wheeler for the coming series: Francis Williams, Texas; Glennis Birkett, Kansas; Helen Cathcart, Arkansas; Lillian Justice, Oklahoma; Ruth Dean, Louisiana; Lottis Jackson, Tennessee; Ottillie Ponkoney, Texas; Hallie Fern Hunt, Oklahoma; Phyllis White, Oklahoma; Helen Davey, Iowa; Ardis Held, Iowa.

Plans are being made to take care of one of the largest crowds ever to see a basketball game in the Panhandle. The admission price is being held low so that every one will be able to attend the game.

Mr. and Mrs. Carl Ellis were weekend guests with his parents, Mr. and Mrs. B. S. Ellis, Las Vegas, N. M.

JUST HERE and THERE

And still we kill porcupines on the treeless plains of the Panhandle. George Sargent of the Gray community was in town Tuesday with a porcupine that he killed one-half mile north of Gray. The body was given to the science department of the Perryton high school.

G. R. Wilson of the Wilson Flower Shop offers a suggestion for the beautifying of yards and parkways for the holiday season. It is to give all trees a thorough white washing of the lower trunk. Mr. Wilson says that the whitewashing of trees for Christmas decorative purposes is a custom through many parts of the East.

This is an excellent idea. It is inexpensive. Mr. and Mrs. Wilson have just returned from a trip through the Eastern states and they picked up many ideas for the beautification of homes and business houses during the holiday season.

A tribute to the pulling power of advertising in the Ochiltree County Herald is the great success of the closing-out and quitting business sale at the Bryan Dry Goods Co. Virgil Castle, manager informs us that the sales on the first two days, last Friday and Saturday, were at least a third greater than his highest possible estimate.

This sale was advertised almost entirely through the Herald. A few circulars were mailed to outlying postoffices that are located on the edge of the Perryton trade area. Not a single circular was mailed or distributed in Ochiltree county or in adjoining counties where the Herald circulates.

Information from Austin is that contract for the overpass on Highway No. 117 north of Stinnett will be let by the state highway department on December 21. The unpaved portion of this highway is under construction. When this small gap is completed, the Perryton-Amarillo route will be entirely hard surfaced.

Associated Press dispatch from Austin states that a jury has found that the property of the Public Service Corporation, the public utility that furnishes Perryton with natural gas, is worth \$503,000 and that the annual depreciation is \$11,317.

Based on the finding of the jury, the gas utility division of the State Railroad Commission will ask that 27c be held a fair rate. Determining that a 27c rate was fair, the utility division had approved a 50c rate at the burner tip.

The present rate is 60c. In proceedings instituted by the City of Perryton a number of years ago, it was attempted to reduce the rate from 60c to 45c. Just when the new rate will go into effect cannot be determined as no doubt the gas utility will not make a reduction until they have exhausted every possible legal means to maintain the present rate.

President Manse Wood of the Perryton Chamber of Commerce has named C. E. Whippo, J. H. Woodward and H. C. Sanford as a nominating committee of three to name a slate of fourteen from which seven will be elected as 1939 directors of the Chamber.

Present directors of the Chamber are Dr. Manse Wood, W. B. LaMas-

STOCKMEN FEED OUT LIVESTOCK

J. O. WOOTEN SHIPPED OUT 750 HEAD OF LAMBS TO KANSAS CITY MONDAY FOR WINTER MARKETING

The sheep feeding operations of Ochiltree County farmers and stockmen are being watched with interest at this time.

J. O. Wooten shipped out 750 head of lambs that have been on wheat pasture for the first 45 days and then finished up on ground bundles and grain the last 30 days. The lambs were sold in Kansas City on Monday.

C. C. Freeman is pasturing the same number of lambs on wheat in the south part of the county at this time. Leonard Wright has had 600 lambs on good wheat pasture 8 miles southwest of Perryton and will finish them out early in January by adding grain to the ration. Haskell Holland is feeding grain on wheat pasture to 700 head on his farm near Perryton. J. S. Slaughter and Curtis Roach have taken 100 lambs each off of wheat pasture and are finishing them on dry lots of grain and sweet sorghum bundles supplemented with cottonseed cake. All of these lambs are expected to reach market sometime in January.

The lamb feeding is being hampered this year by the failure of wheat pasture under normal conditions usually extends until after the first of the year. However, with an abundance of rough feed in the county and cheap grain to be trucked in to the lambs, they may be finished out at a minimum cost with the years operations expected to yield satisfactory returns.

DEMONSTRATES H. D. BEDROOM

MRS. WALTER BOWEN, MISSOURI AVE. CLUB DOES OUTSTANDING PIECE OF WORK WITH DEM.

Mrs. Walter Bowen of the Missouri Avenue Home Demonstration club did an outstanding piece of work in improving her bedroom. One of the most difficult things that Mrs. Bowen had to do was to refinish her floors which were badly worn. Mrs. Bowen not only refinished the floors of her demonstration bedroom so that they were smooth, attractive and easily cleaned, but she refinished the floors of all her bedrooms. They were sanded, stained and varnished. Mrs. Bowen used the highest quality varnish.

The bedroom walls were papered in a dainty, light paper. The windows were hung with crisp ruffled curtains. A color scheme of green and orchid was carried out. A lovely bedroom suite which was a gift from Mrs. Bowen's daughter furnishes the room. The closet was arranged and furnished so that there was a place for everything. The inside of the closet was just as attractive as the room itself.

An outstanding part of Mrs. Bowen's room was her linens. The bed was fully equipped with protectors, light weight warm quilts, and attractive blankets. The sheets were 108 inches long. The bed was made up in a comfortable manner and presented a lovely picture of a well made bed.

Mrs. Bowen's demonstration was an inspiration to all the ones who saw it. None of the women who saw the room will ever be satisfied with an inferior, inadequate bedroom. "It took lots of hard work," Mrs. Bowen stated, but my comfortable bedroom will give the whole family pleasure and contribute to their health and well being."

Meeting Tuesday

Ochiltree Council Meets at the Courthouse Tuesday Morning For Regular Session

The Ochiltree county Agricultural Association will meet Tuesday, December 13 at the courthouse. The session will be called to order at 10:00 o'clock in the morning according to E. W. Thomas, county agent. All members are requested to be present.

Mr. and Mrs. John Stroupe came in Friday and visited until Monday with his mother, Mrs. E. L. Whippo and Mr. Whippo.

Mr. Glen McGibbon, B. B. Kent, H. L. Hudson, C. B. Rogers, and W. M. Boston. The latter three are serving their first year of their present term on the board. The first four in the director list are completing their second consecutive year. There is a sort of unwritten rule in the Perryton Chamber that directors serve for two years at a time unless they decline for personal reasons. There has been few exceptions to this rule since the organization of the civic body. The annual banquet of the Chamber will be held about the middle of January. Van W. Stewart has been named as banquet chairman.

Hold Snow Where It Falls

Snow held on the ground where it falls means more moisture for crop and grass growth in the Spring. Terraces, contour furrows, grain stubble and strips of vegetation all catch and hold the snow. If the ground is smooth and there is no obstruction to hold the snow, it is swept into gullies, ditches and drifts by the force of high winds. Stubble on this terraced field in a Soil Conservation Service demonstration area is holding the snow on the land.

FUNERAL RITES HELD SATURDAY

MRS. WALTER STOLLINGS DIED WEDNESDAY; RESIDENT OF THIS COUNTY FOR MANY YEARS

Friends of Mrs. Walter Stollings, resident of this county since 1902, gathered at the Baptist Church Saturday afternoon 2:30 o'clock, for simple impressive funeral rites conducted by Rev. Roy Patterson, Methodist pastor of Booker, assisted by Rev. P. E. Yarbrough. A choir of mixed voices sang her favorite hymns.

Ollie Morris, Bernard Hurter, Andrew Milledge, Kenneth Trooper, Clarence Zirkle and Roland Pearson were pall bearers. The remains were laid to rest in the Ochiltree cemetery by the side of the husband who died December 14, 1935.

Sarah Margaret Stollings was born near Kearney, Mo., November 13, 1869 and departed this life at her home near Perryton, Texas, November 30, 1938 at the age of 79 years and 17 days.

She was married to Walter P. Stollings on January 29, 1902 in Missouri and soon afterwards they moved to their ranch home in the Hurton community, which was her Eugene Clifton, Dumas.

EXPIRATION OF LOAN DATE SET

FINAL DATE FOR SECURING A WHEAT LOAN ON FARM STORED WHEAT SET FOR DECEMBER 31

December 31st is the final date for securing loans on farm stored wheat. It is expected that several farmers in the county will make application for loans during this month as the loan value is higher than the market price of wheat and an added advantage is that the farmer retains ownership of the wheat and can sell it any time the market rises above this level. The loan value on No. 2 Dark hard winter wheat is 51.6 cents per bushel plus 7 cents storage. The loan fees and insurance amounts to 3 cents per bushel, which makes a net loan value of 55.6 cents per bushel to the farmer. If the wheat has a higher protein content the farmer is given the benefit of the premium on protein wheat.

Except for three loans which were held up for various reasons all applications have been cleared through the Dallas office and it will take only about two weeks to complete loans in the future.

One Active Tuberculosis Case Among 650 Children

In addition to the land conservation practices recommended by the Ochiltree County Planning Board last February in connection with the Regional Committee on Land Use Practices, a committee of farm women appointed by Mrs. J. R. Stump who have lived in this county for at least 20 years offer practical suggestions for an ideal 20 acre homestead. The Planning Board, including the following members, E. W. Thomas, Scott Amend, H. C. Brillhart, Audie Conley, L. R. Conner, J. T. Daugherty, Carl Ellis, R. L. Flowers, G. B. Mears, Roger Pearson, Dave Shanks, Fred Tarbox and H. R. Turner, turned the homestead phase of ideal farming practices over to Home Demonstration women for suggestions.

The committee composed of Mrs. J. R. Stump, Mrs. Curtis Roach, Mrs. J. H. Kershaw, Mrs. J. H. Callahan, Mrs. Sam McLain, and Mrs. Kenneth McLain met on December 5 and made the following recommendations which, varying somewhat from recommendations offered by Texas A. & M. Extension Service, were deemed practical for Ochiltree county.

It is believed by these women that if a wise use is put to the 20 acres assigned to the farmstead it will aid the family in supplying needs during the years a farmer is seeking to establish a stabilized system of agriculture.

'38 ACTION ON CATTLE TRAIL

HERNDON BROS. RIDE HERD ON 423 HEAD OF CATTLE ACROSS COUNTRY FROM UTE, NEW MEXICO

A typical everyday activity of the old West was enacted recently by Cliff and "Pood" Herndon with the trailing of a herd of 420 head of cows and calves across country from Ute, New Mexico to the Herndon's respective ranches in the south part of Ochiltree county. The trek was begun on November 1 with the herd arriving here in good condition on November 21.

The mother cows belonging to the late W. L. Herndon Sr. were shipped from Pampa over a year ago to pasture at Ute Creek.

The herd was tended by five cowboys and was bedded down in small pastures, or fields, each night on the trail. Instead of the customary chuck wagon a pickup was used by the group. Taking the place of a big remuda of horses for the trip were two horses for each man. Grain was the ration supplying the horses feed. The trip was made direct from Ute, a distance of 225 miles via Dalhart, Sunray and across the Palo Duro creek north of Morse.

In reviving this old method of livestock transportation the Herndon's estimate a monetary saving of \$500.

JAYCEES PLAN XMAS LIGHTS

HOME DECORATIONS WILL RECEIVE PRIZES FOR FIRST SECOND AND THIRD PLACE THIS YEAR

At a meeting of the Junior Chamber of Commerce last Monday night in the Hotel Perryton, members voted to sponsor a home Christmas decoration contest again this year with prizes for first, second and third place being offered by Perryton business firms. J. E. West appointed C. H. Williams, Claude Shearer and Chub McGibbon on the committee in charge of the preparations. No definite plans have been made by this group but the project will get underway within a few days. Announcements will be made later.

The Jaycees will cooperate with the senior chamber in rigging Christmas decorations in the downtown section.

Red Cross Members

Membership Enrollment in County This Year One of Largest With 387 Members

The annual roll call of the American Red Cross in Ochiltree County closed with 387 individual memberships for 1938, according to Mrs. Otis Shearer, roll call chairman. Mrs. Shearer, giving contributions and individuals giving less than \$1.00 are not listed as members.

Members whose names have not been published are: Lester Baumann, D. C. Wilson, Mrs. W. B. LaMaster, B. L. Barnes, Crow Walker, Dorothy Patton and Ruby Neufeld.

Employ Floral Expert

Miss J. DeGraffenried is Now With The Wilson Flower Shop In Designing Work

Miss J. DeGraffenried, formerly of Canyon, Texas, has entered the employ of the Wilson Flower Shop of this city, as an expert in the designing of bouquets, decorations, floral pieces and growing of flowers and plants.

Miss DeGraffenried is a graduate in floral designing and Mr. and Mrs. G. R. Wilson are fortunate in securing her services. For many years, she has been associated with her mother in the operation of a floral business at Canyon.

She will be glad to consult with people of this community in regard to any problem concerning flowers, decoration or design.

LETTERS from OUR READERS

The Herald will print communications that are acceptable to it. They must be free of libel and personal abuse. Short ones will be given preference. Author's names must be signed to manuscript and their addresses must be given. Only original communications addressed to The Herald will be printed; open letters or letters otherwise addressed to various persons in public life are not acceptable.

Ochiltree County Herald:

The benefit of the Townsend Plan would be to all the churches of all the denominations is varied. In the first place it would give every minister of more than 60 years of age an opportunity to retire from any salaried position and receive a check every month which would enable him to enjoy life. This would relieve the churches of the necessity of striving to build up a retirement fund to support aged ministers, which generally provides only a bare living. While it would prohibit a minister from accepting a salary, it would not prevent him from serving a financially weak congregation or organizing a new church, providing he did not accept pay for his services; and there would be no need for him to do so, as his monthly check would provide for his very need.

There is another important feature in the bill. It makes special provisions for every church member over 60 years of age to use ten per cent of all he receives for the church or like purposes. Just think what the church could accomplish with such a fund. Not only those over 60 but the younger members could easily pay a tithe, as they would have opportunities for jobs and would not have to hoard their dollars for their old age.

Every church member should be working earnestly for the passage of the Townsend Bill and one way to do this would be for every church to raise a special fund to place a copy of the Townsend Weekly in every home for three months. If this were done, there would be such a united demand for the passage of the Townsend Bill that every member in Congress would be compelled to vote for it.

Sincerely yours,
J. R. McLarty

CHEVROLET DEALERS HANDLE 11,837,153 CARS IN 5 YEARS

A phenomenal record of 11,837,153 sales has been set by the Chevrolet Dealers of America during the last five years, according to W. E. Holler, general sales manager.

Mr. Holler has just completed his 5th year as Chevrolet general sales manager and it was brought out in a recent interview in New York that 4,187,718 new cars and trucks were sold by company dealers during his administration, while at the same time they were selling 7,649,435 used cars.

"The volume achieved by Chevrolet dealers during the last five years exceeded the largest company record for any previous five year period, including the boom years of 1929 and 1932 by 750,417 new passenger cars and truck sales, and 1,949,912 used car sales," said Mr. Holler. "During this same five year period Chevrolet dealers sold 842,519 trucks and this exceeds by 290,916 truck sales any previous five year truck sales in the 27 years' history of the company."

"This outstanding selling record actually obtained for the company six years results in five years of selling, and is a testimony to the co-operative selling ability of 8900 Chevrolet dealers in the United States." Asked how this all-time peak selling record was achieved Mr. Holler replied: "When fundamental policies are established that are fair and equitable to a dealer organization—and then they are carefully and conscientiously administered year by year—accumulated confidence and selling strength bears results not obtained by any other temporary activities or plans. We attribute this six year record of results, obtained in only five years, to the Quality Dealer Program, with its elimination of over-packing of dealers and its scientific appointment of dealer locations, with consequent strengthening of the entire Chevrolet merchandising structure as it deals with the buying public."

"The ultimate consumer has already discovered that the Chevrolet Dealer is a permanent establishment in the community, with his growing strength, financial independence and merchandising and service reputation."

"Such other policies as the planning partnership—where there is a committee of ten dealers on new car planning and ten dealers on used car planning in every one of the 45 zones in the United States—enables Chevrolet Dealers to transmit directly the practical merchandising plans and programs that they feel are necessary for their own interests and the interests of their own communities: And when these are brought thru the Regional and National Committees in Detroit they become national policies which immediately affect the sales policies making them most practical in field operations."

"Not only does the consumer or purchaser recognize today outstanding reputation of the Chevrolet Dealer, but everything that the factory organization and the dealers together combine to promote in every local community has survived the test of dealer analysis, dealer thinking and dealer planning. It is a matter of record that 63% of all the recommendations made by the dealers have actually become the Chevrolet retail selling policies nationally."

"As a further confidence of the close dealer and factory relationship in Chevrolet, schools for dealers' sons have been conducted throughout the year 1938 with three graduating classes, comprising over 100 sons of dealers. These young men through the most strenuous practical retail merchandising courses have qualified for their diplomas, and have returned to their fathers' places of business to assume a leading position in the local dealer's operation. This proves conclusively that Chevrolet dealers realize and appreciate the heritage that can and is being built in Chevrolet retailing, to the extent that their sons in selecting a life vocation are now joining hands with their fathers in the operations of the independent dealer's local operation."

International Sunday School Lesson

Covetousness

The International Uniform Sunday School Lesson for Dec. 11.
Text: Exodus 20:17; Luke 12:13-21; I Timothy 6:6-10.

A STORY from the New Testament and a very wise homily by St. Paul in his letter to Timothy serve to emphasize the teaching of the tenth Commandment against covetousness.

It would seem obvious, in a primitive society where the conditions affecting all were very much alike, that wherever a man sought to grab more than his fellows to get unusual advantage or when he became eager of possessing what others could not have the whole social structure would be very greatly weakened. If we could see our complex society today with clear vision, we would understand that covetousness is just as deep and deadly a sin today as it ever was, and that it is the destroying force beneath much of our social inequalities and injustice.

Covetousness is a social sin, but it is equally a personal sin in its effect upon the man who practices it. It is a social sin because it may have serious results upon one's fellowmen. The man who has an inordinate desire for wealth, or for possessing what other men have, may create all manner of distress and social injustice by his covetousness. What he does not always see is that, even where he gains

his ends, he blasts and destroys his own soul.

Covetousness may be the underlying motive of self-seeking, even when one would put it upon the plane of justice. This is illustrated in the story of the man who came to Jesus, asking Him to have his brother divide the inheritance with him. We do not know all the circumstances or details, but Jesus evidently sensed the fact that this man was poisoning his own life by some false sense of justice or by some covetous spirit. So He said, "Man, who made me a judge or a divider over you?" It was in this connection that He particularly emphasized the sin of covetousness and the fact that a man's life does not consist in the abundance of the things that he possesses.

He proceeded then to tell the story of the successful farmer, the man who was going to pull down his barns and build greater and take his ease and enjoyment out of the things that he had built up over many years. The successful farmer was probably no better or no worse than many men in a similar circumstance, but he had left out of account the most important thing of all, namely, his life. Death made all his prosperity and the things he had stored up mean nothing to him. But even in death, if he had sought treasure in heaven, there would have been some satisfaction in his life and some real heritage of goodness.

CHRISTIAN SCIENCE

"God the Preserver of Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, December 11.

The Golden Text is: "Withhold not thou thy tender mercies from me, O Lord: let thy lovingkindness and thy truth continually preserve me" (Psalms 40:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the Lord shall deliver me from every evil work, and will preserve me unto his heavenly kingdom" (II Timothy 4:18).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Let neither fear nor doubt over-shadow your clear sense and calm trust, that the recognition of life harmonious—as Life eternally is—can destroy any painful sense of, or belief in, that which Life is not" (page 495).

Ranks Second

Texas Second To Kansas in Premium Payments for Crop Insurance on Wheat

COLLEGE STATION, Tex.—Texas farmers are interested in the future of crop insurance, currently being tried out on wheat, and county agricultural agents over the state report that they are frequently questioned as to the progress of the plan.

Wheat growers in Texas rank second only to Kansas in the amount of premiums paid to date for "all-risk" crop insurance policies on their 1939 wheat harvest, according to E. R. Duke, state crop insurance supervisor.

"To November 11, 2,724 Texas wheat growers, out of the 5,957 who have made application for insurance, have paid 329.60 bushels of wheat as insurance premiums," Duke said.

November 19 was the final date for receiving premiums, and Duke indicated that county reports lead him to believe that most applicants had paid their premiums on or before that date.

Of the 215,110 wheat growers in the United States who had made application for insurance, more than 68,000 had paid their premiums by November 4. The wheat reserve had

The wheat insurance plan contemplates the building of a reserve in wheat that will be paid to insured farmers in the event of crop failure.

Master of Mortification

"Hot cha cha—am I mortified." These seem to be Jimmy (Schwartz) Durante's sentiments as he is presented with an honorary Master of Speech degree by Dean Norman Alexandroff, left, of the Columbia College of Drama and Radio. The big-nosed comedian won the degree for "his outstanding contribution to screen, drama, and radio."

Lose Cage Game

With Only One Week Practice The Ranger First and Second Teams Lose 25-13 and 15-14

The Ranger cagers went to Pampa last Thursday night to engage in the first basketball game of this season. The first team lost by a score of 25-13 and the second team lost by a score of 15-14. This was a good showing considering the fact that the Rangers had not practiced but a week.

The starting line-up for the first team was as follows: guards, Willis Lilly and Clarence Lewis; forwards, Clarence Morris and Irvin Lilly; and center, Mack Winter.

The starting line-up for second team was Wayne Symons and S. R. McClung, guards; Vernon Hergert and Dickie Littleton, forwards; and center, Glen McWilliams. Other boys making the trip were Bob Lawrence and Clyde Flowers.

ROOM III

The officers selected for the third six weeks are: Miles Sumpter, president; Donald Ellis, vice president; John Daniel, secretary-treasurer; and Jack Dodson, reporter.

Judges in the home room club are: Kenneth LaMaster, Roland Hurter, Jimmy Denman, Leon Engleman, and John Foglesong.

Honor roll students for the second six weeks are: Roland Hurter, Betty Jean Pugh, John Foglesong, and Jimmy Denman.

The seventh grade has won the two dollars attendance award at P. T. A. three times and are very proud of this record.

LONE TREE NEWS

Mrs. Ralph H. Francis, Reporter
There were fifty-nine present at Sunday School at the Lone Tree school house last Sunday and the offering was \$6.23.

Mrs. Ed Goins was hostess to the Good Samaritan Club, Wednesday, November 30. The members worked on embroidery pieces for the hostess. A delicious luncheon was served to thirteen members and several visitors at the noon hour. The next meeting will be in the home of Mrs. Ralph Francis, December 14. All members are urged to be present as this will be the Christmas party also.

Mr. and Mrs. Ralph Francis entertained with a progressive "42" party in their home last Friday night. The guests spent an enjoyable evening. Refreshments were served at a late hour to: Mr. and Mrs. Allen Wagner, and Mrs. Elton Walker, Mr. and Mrs. Mr. and Mrs. George Pletcher, Mr. and Mrs. Byron Pletcher, R. H. Francis, Duane Walker, Miss Allene Wagner, and the host and hostess.

Mr. and Mrs. Harvey Pletcher and Mrs. T. S. Pletcher were guests in the home of Mr. and Mrs. Byron Pletcher for dinner, Sunday. In the afternoon they all went to the Alice Barton home to help organize a Sunday School in that community.

Mr. and Mrs. George Pletcher and Mrs. T. S. Pletcher were Amarillo visitors, Tuesday.

(Too Late for Last Week)
Thanksgiving Day was appropriately observed in the Lone Tree community with a basket dinner at the school house followed by a Thanksgiving service. Earl Schowalter delivered the sermon. Over 100 people were present to eat three large turkeys purchased by the Sunday school.

The revival meeting conducted by Rev. Earl Schowalter the past two weeks closed Sunday night. The meeting was successful and there-

was rejoicing over the converts during the meeting. The people of the community were grateful to Brother Schowalter for the spiritual messages he brought to them.

Misses Ida Mae Kile and Frankie of Anson were visitors in the home of their sister, Mrs. Paul Pletcher, through the Thanksgiving holidays. Marvin Kile, brother of Mrs. Pletcher, and family from Oklahoma came Sunday for a visit with his sisters and the Pletcher family. Earl Schowalter, Ted Winter and Marcus Adair also took dinner with Mr. and Mrs. Paul Pletcher.

Mr. and Mrs. Harold Holdeman and family and Mr. and Mrs. Clarence Peterson and family took Sunday dinner at the home of Mr. and Mrs. Harvey Holdeman of Perryton.

Mr. and Mrs. Allen Wagner and John Pletcher returned from Oklahoma City where they attended the Hardin-Simmons and Oklahoma football game. Bill Pletcher is a member of the Hardin-Simmons football team and came home with his father for a short visit. He returned to Abilene, Sunday.

Mrs. Valda Lackey and mother-in-law, Mrs. Bill Lackey visited with Mrs. Schrab, Monday.

Mr. and Mrs. Allen Wagner entertained Mr. and Mrs. Ester Bowen, Sunday.

Mr. and Mrs. Elton Walker and son went home with the Byron Pletcher family from Thanksgiving service and spent the evening there. Benton Bowen came home from Austin, Wednesday, where he has

been attending the university, to spend the Thanksgiving holidays with his parents, Mr. and Mrs. Claude Bowen.

Mrs. Byron Pletcher and children, B. R. and Margie, were visitors in the home of Mr. and Mrs. Ralph Francis, Monday. Mr. Pletcher and Wilma and Juanita came in for supper.

Mr. and Mrs. Byron Pletcher and family were Sunday dinner guests of Mrs. Maria Pletcher.

World's most modern tractor

Again MINNEAPOLIS-MOLINE steps ahead and OPENS THE DOOR to a revolutionary advance in farm tractors. OPENS THE DOOR and seats the farmer in a cab as comfortable as that of his modern automobile. Of course, the MM is more than a tractor with a cab—it's a "COMFORTTRACTOR" with a cab as much a part of it as the cab on an automobile. There are comfortable cushion seats for two in the roomy air ventilated and temperature controlled cab with a hot water heater in cold weather and air circulation in hot weather. COMFORTABLY seated away from the dust and elements, the farmer has at his command FIVE SPEEDS forward—from a crawl to 40 M. P. H. Gears can be shifted "on the go". The variable speed governor is controlled like a foot pedal. Before the operator are the speedometer, ammeter, oil pressure gauge, and water temperature gauge. Almost any convenience he may name is at his command including such luxuries as a radio and a cigar lighter. A self-starter and powerful electric head lights obey his touch. For night work there is a powerful spot light controlled from the cab that can be turned in any direction. Naturally, POWER and UTILITY have not been sacrificed to modern conveniences, and the new Special DE LUXE Model MM Tractor promises performance records as astonishing as its comfort features. SAFETY, TOO, has been a watchword—the Cab is made of Steel. Safety glass has been used throughout. Vision is excellent.

Tested and proved for several years in the Mohave Desert and under many other tough farming conditions we offer you this modern MM tractor that has every modern feature of the modern automobiles. Windshield wipers, and an electric horn respond to a touch. Big Bendix "self-energizing" brakes and smooth action clutch are foot operated. See the heavy duty bumper, fenders, front and rear, and many other features you'll want to read all about. HIGH COMPRESSION for using regular "leaded" gasoline is standard equipment for this 3-4 plow tractor with speed and power for every need on belt, power-take-off and on the drawbar in the field and on the highway.

Church Wedding

Miss Marie McCubbins and Mr. Kenneth George were united in marriage with a beautiful ring ceremony, held in the Christ Church by the Sea, Newport Beach, Calif., three o'clock, Sunday afternoon, November 27.

Miss Melba McCubbins, sister of the bride, and Mr. Jake Booth of Los Angeles, Calif., were the attendants. A number of relatives and friends were present for the vows and for the reception held following the ceremony in the home of the bride's parents, Mr. and Mrs. C. H. McCubbins.

The bride wore an attractive dress of Roosevelt blue velvet, made in period style, and carried an arm bouquet of roses. She has a number of friends in Perryton, having spent her high school days here and graduated with the class of '34. Soon afterwards she moved with her family to California where they have since made their home.

Powerful Human Conflict

Three Stars of "Angels With Dirty Faces", from left to right, James Cagney, Ann Sheridan and Pat O'Brien. The human drama of life in the slums comes to the Ellis Theatre, Sunday and Monday, December 11-12.

Brown Comedy Here Dec. 8-9

In his latest hit Joe E. Brown is seen as a romancing bull thrower of the Pampas in "Flirting With Fate" showing at the Ellis Theatre Thursday and Friday, December 8-9. Seen in a swell supporting cast are Leo Carrillo, Wynne Gibson and many others.

"Girls' School" Here

Tender Fragile Story Brings to The Ellis Theatre Genuinely Human Drama December 12-14

When hearts are young and June moonlight bathes a magnolia-scented campus at graduation time, is it any wonder that 17-year-old girls become thrilled with the aura of romance? That is the question Columbia's "Girls' School" is reported to answer tenderly and dramatically in a film whose fragile beauty enhances a genuinely human drama.

"Girls' School," which shows at the Ellis Theatre, Tuesday and Wednesday, December 12-14, is set in Magnolia Hall, exclusive seminary in the southland, where Anne Shirley and Nan Grey are students. Anne is working her way through the school as a librarian and dormitory monitor; Nan is a snobbish young senior whose indiscretions almost result in her expulsion. The conflict between the two, with its undertones of adolescent jealousy, ingenious snobbishness and juvenile cruelty, is brilliantly captured by director John Brahm and cameraman Franz Planer, according to the advance notices which have hailed "Girls' School" as

New Crime Thriller

Mary Carlisle and Robert Preston Play Romantic Lead In "Illegal Traffic" Saturday

Trained together for the first time, Mary Carlisle and Robert Preston play the romantic leads in the new crime thriller, "Illegal Traffic," a picture of a "getaway and shake-down" racket, which is showing at the Ellis Theatre, Saturday. Preston has the role of the young G-man who outwits the racketeers, while Miss Carlisle plays a young girl innocently mixed up with the gangsters through the activities of her new-do-well father. Others in the cast are J. Carroll Naish, Larry Crabbe, Regis Toomey and Judith Barrett.

The "different" picture of the year, Ralph Bellamy is also a featured member of the cast, which includes Gloria Holden, Margaret Tallichet, Noah Berry, Jr., Kenneth Howell, Doris Kenyon, Pierre Watkin, Heather Thatcher, Marjorie Main and Cecil Cunningham. Tess Slesinger penned the original story, adapted to the screen by Miss Slesinger and Richard Sherman.

"Angels With Dirty Faces" Stars Cagney and O'Brien

A lecture destined to stir and whip cinema-goers with its powerful reality as have few films before is "Angels With Dirty Faces," the Warner Bros. melodrama starring James Cagney and Pat O'Brien, which shows at the Ellis Theatre, Sunday and Monday, December 11-12.

No ordinary filmfare, according to those who have seen previews of the picture, is this gripping story of two boys from the slums, who, through a strange quirk of fate, grow up at opposite ends of the social order to a conclusion as thrilling and human as ever produced for the screen.

The great cast assembled to play the roles in the film show at once the care which went into the production. Besides Cagney and O'Brien, the six "Dead End" kids play dirty-faced angels of the slums as only they can. Humphrey Bogart and George Bancroft, take roles as crooked lawyer and politician, respectively, while Ann Sheridan provides the love interest with more than ordinary appeal.

Scene after scene of "Angels With Dirty Faces" are of the ilk that stamp themselves unforgettably on the mind—and will provide table talk for Perryton for weeks to come. The climactic scene which shows Cagney walking "the last mile" is probably one of the greatest of all time in motion picture history. The ending itself, which, for obvious reasons, should remain undisclosed, takes its place with such powerhouses as those of "Public Enemy," "I Am a Fugitive" and "They Won't Forget."

James Cagney's role is made-to-order for him. A breezy, tough, cocky ruffian who grows up to be a big-shot gangster is Cagney's forte, and that the role will bring him again to the top spot in male cinema ranks goes without saying.

Pat O'Brien as the soft-spoken yet two-faced priest, gives an amazing performance, restrained yet powerful enough to balance the strong characterization by Cagney.

Senator at WTSTC

LaFollette of Wisconsin To Address Student Body Saturday On Speaking Tour

CANYON, Dec. 5.—U. S. Senator Robert M. La Follette of Wisconsin has left Washington, D. C. for a series of public addresses, including one at West Texas State College on the evening of December 10.

The fiery young senator will talk here on "The Present Economic Situation." His address will begin at 8:15 p. m., according to Prof. Wallace R. Clark, head of the College Yreum committee and a friend of the speaker. Admission will be one dollar.

Senator LaFollette gives only two weeks of each year to lecture tours. He was scheduled to speak here last year but was forced to cancel the engagement because of a delay during a European tour. His speech here will be the only one he will make in West Texas.

Many out-of-town residents are expected to come here to greet "Young Bob."

Mrs. Joe Cleveland and son of Arlington are visiting this week in the home of Mrs. Hazel Martin, home demonstration agent.

Mr. and Mrs. Dick Mason and daughter, Marcella of Hooker, Okla., were week-end visitors of Mrs. Hazel Martin.

Brown Comedy Here

Hilarious Side-Splitting Comedy "Flirting With Fate" at Ellis December 8-9

Seldom, if ever, has Joe E. Brown been as generous with hilarity as in "Flirting With Fate," a side-splitting rib-tickling comedy concoction which moves with pace and tempo and manages to leave the laughter with a goodly sprinkling of thrills.

As the harassed manager of a vaudeville troupe stranded in South America, Brown proves once more to audiences of the Ellis Theatre Thursday and Friday, December 8-9, that he is past master of pantomime, clown prince of hilarity and an athlete of no mean skill.

He is aided by the story which is more than a framework upon which to string laughs. Solidly constructed, it adds to the comedy by building bigger laughs through suspense.

Again, the star has been given the most capable cast ever to perform with him. In Leo Carrillo, he has a running-mate who adds breeziness, gallantry and a dashing daredevilry to the film. In the role of a lovable bandit chieftain, Carrillo is more concerned with winning smiles from señoritas than purses from way-farers.

The remainder of the cast, chosen with skill, includes Beverly Roberts in the feminine lead, Wynne Gibson, Steffi Duna, Stanley Fields, Leonid Kinsky and Charles Judels.

Direction by Frank McDonald is adroit, capitalizing on every comedy sequence and timing the laughs so that no dialogue is wasted.

FAIRVIEW ITEMS

The monthly community club of the Fairview district will meet at the school house Friday night, Dec. 9, for a cake walk. Mesdames Chas. Stewart, Bert Leatherman and Bill McCarty have arranged a nice program for the evening. The proceeds will be used to buy Christmas treats, a custom of the district. Everyone is invited.

Mr. and Mrs. W. J. Miller and Janice spent Friday evening with Mr. and Mrs. Pruner Apple.

Mr. and Mrs. Crawford Sims were visiting in Amarillo, Wednesday. They returned to Stinnett and spent the night with Mr. and Mrs. Paul Groves and family.

After the supper Mrs. B. B. Lee was in charge of the program. Mrs. J. R. Stump, chairman of the county council expressed the appreciation of the women of the entire county for the cooperation and help given them by the commissioners court. Judge D. D. Shanks responded to Mrs. Stump's speech. He expressed the opinion of the commissioners court that the Home Demonstration work was progressing smoothly in the county.

The following program was given: orchestra selection by Thurman Trew, Leonard Barlow, C. B. Trew and Atlas Flowers, accompanied by Miss Wilma Leitch; tap dance, Betty Bryan; reading, Patricia Ann Henry; reading, Bennett Thomas; tap dance, Charles Linville. Miss Wilma Leitch accompanied all the dances and music. She also played a selection on the accordion.

Mrs. Hazel Martin, home demonstration agent, told the purpose of the home demonstration work and showed how the programs for the coming year were planned to contribute to making more ideal homes for members.

Exhibits Bedroom

Mrs. Blansit Carter of McMillen Home Demonstration Club Has Attractive Bedroom

"I intended this bedroom to be a guest room, but it is so comfortable and attractive I find I am using it for my own room," Mrs. Blansit Carter of the McMillen club said when she exhibited her demonstration bedroom. Mrs. Carter's room is a light, airy room that will be comfortable both summer and winter. Her closet is large and equipped with hat stands, shoe racks, clothes protectors, a stout clothes rod, and shelves. The whole room leaves the impression of spotless cleanliness, and restfulness.

Mrs. Carter is fortunate in having a beautiful bedroom suite which adds to the attractive appearance of the room. Her large chest of drawers and the dresser gives her plenty of storage space.

"I find a bedside table convenient," Mrs. Carter stated. "The writing desk is also convenient."

The whole demonstration is a good example of what an adequate bedroom should contain, how it should be arranged, and how it should look to give the most rest and enjoyment to the occupants.

OCHILTREE H. D. CLUB WILL MEET TUESDAY

An all day meeting of the Ochiltree Home Demonstration club will be held Tuesday, December 13, in the home of Mrs. George Yates, 702 Southwest First street. At noon a covered dish luncheon will be enjoyed. All members are reminded to bring their thimbles and embroidery hoops as the day will be spent working.

Miss Edith Williams was a weekend guest of Miss Barba Lee Chase.

H. D. COUNTY COUNCIL WILL MEET SATURDAY

All delegates and presidents of the home demonstration clubs of the county are asked to be at the courthouse Saturday afternoon, 1:30 o'clock, for a business meeting. Year-books for the coming year will be planned.

Reserve Officers

Plan to Organize Troop School of Reserve Officers Here in The Near Future

An effort is being made to perfect a Troop School for Reserve Officers in this area. A minimum of five is needed before authority is given to organize a troop.

Captain G. W. Coffman Jr., commanding officer at the Perryton CCC camp, would like to contact all Reserve Officers in Ochiltree County, as well as adjoining counties. Any officer interested is asked to communicate with Captain Coffman, or if possible to call on him personally at the CCC camp.

Plan New Hatchery

Jack Todd and T. O. Calhoun To Open Perryton Hatchery In Masonic Building

Perryton will acquire a new business firm December 15 with arrangements having been completed by Jack Todd and T. O. Calhoun to locate the Perryton Hatchery in the south half of the lower floor of the Masonic building. New equipment has been purchased to enable the new firm to meet the demands of the most exacting patron. Two all electric Buckeye incubators are to be installed with a capacity of 32,000 eggs. Buckeye baby chick equipment will be used. Custom hatching and baby chicks will be a feature of the firm.

Jack Todd announces that he will still operate his poultry and egg business with T. O. Calhoun managing the hatchery.

NO. 1-Continued From Front Page

The farmstead should be protected by a windbreak which should consist of trees which have been proved adapted to this county. The windbreak should be composed of three to five rows of trees running north, west and south. The whole acreage should be about one acre. Trees recommended are: Russian mulberry; American elm; Chinese elm; Juniper; desert willow; honey locust; black walnut; cottonwood. There should be some method to divert water from roads to the windbreak.

The yard should be protected from the wind also with a picket fence or dense planting. The yard should be sodded to Buffalo or Bermuda grass in order to keep the dust down and add beauty to the home. Shrubs and flowers should be limited according to the ability of the family to care for them.

The house, yard and barn and poultry yard should consist of about five acres. The buildings and plantings should be arranged with regard to beauty and convenience.

A field garden of about one acre is recommended under conditions of normal rainfall.

The following vegetables may be planted in the field and with a small amount of care should produce food for the family: black eyed peas; Mexican beans; field corn; popcorn; peanuts; pumpkin; melons.

Some fruit trees should be planted and replaced often as they tend to die out in a few years. The following have proved desirable: cherry-plum; apple; plum; peach; wild grapes; currants.

A garden is desirable. It should be comparatively small (one-eighth acre). This small garden is recommended because it is necessary to irrigate a garden and the women believe that water is available for a small garden only. The community does not believe that sub-irrigation has been successful in this county, though they believe it may not have been given a fair trial (improperly laid).

Fertilizer should be used sparingly and the garden is best fertilized every four or five years, applying the manure in the fall.

The garden should be protected from the wind by the use of a picket fence, sacks or dense planting. Okra, corn and flowers are suggested as windbreaks.

Frame gardens are recommended if a top can be made that will not be whipped off with the wind and at a reasonable cost. The following vegetables are recommended: okra; squash; marrow pie; Detroit red beets; K. wonder and Mexican beans; black wax beans; long red radishes; Bermuda onions; tomatoes; Boston pickings; cucumbers; carrots; black eyed peas; crowder peas; mustard; Swiss chard; New Zealand spinach; turnips; purple globe; parsnips.

Disease Hazards

Babies and Young Children Need Protection Against "Winter Complaint" Says Dr. Cox

AUSTIN, Texas.—"Babies and young children need as careful protection at this time of the year against 'winter complaint' as they do during the warm weather against 'summer complaint,'" states Dr. Geo. W. Cox, State Health Officer, in discussing seasonal disease hazards for young children.

"Winter complaint" includes influenza, tonsillitis, pneumonia, bronchitis, and other diseases of the respiratory or "breathing" system as distinguished from "summer complaint" which attacks the digestive system. Diseases like pneumonia may develop from a neglected cold, they may follow as an after effect of measles or whooping cough or one of the other so-called children's diseases; or they may occur suddenly and with very little warning. They are more prevalent in winter than in summer and they are even more difficult to combat than digestive ailments. Nearly all the diseases are spread through the secretions from the nose and mouth.

These respiratory diseases are particularly dangerous to babies and young children, though not in vigorous health are more susceptible to these infections. The first line of defense is to strengthen their powers of resistance against ill health; the second is to keep them under medical supervision, the third is to keep them away from others—young or old—who have coughs, colds or fevers.

The importance of keeping young children away from persons who have colds, or any other infectious disease cannot be emphasized too strongly. The utmost care should be exercised by those with colds, and who are unavoidably brought in contact with young children, not to cough or sneeze so that the spray of saliva reaches the children.

DECREASE IN TRAFFIC DEATHS IN TEXAS SEEN IN PAST YEAR

AUSTIN, Texas.—The lives of three hundred eleven motorists in Texas were saved during the first ten months of this year as compared to the same period last year, State Police announced today. The loss of 130 lives in traffic accidents in October brought the 1938 death toll for the year to 1,1278 with a mounting toll expected during November and December.

Homer Garrison, Jr., director of public safety, compared the traffic pictures of this and last year and claimed Texas as a state with a much greater traffic death reduction—20 per cent—than state officers had anticipated last January 1, when the heaviest street and highway slaughter in the history of the state was recorded.

Although there were 100 more crashes this October than in the same month of 1937, there were fewer deaths. Garrison said this indicated that lowered speeds are lessening the serious consequences in collisions. He furthered his theory by pointing to the death list which showed 14 fewer pedestrian names than in October of 1937.

"Even the most skillful and physically fit drivers, passengers, and pedestrians are unable to survive declared. 'That's why state patrolmen have emphasized speeding. It violates all foundations of safe driving.'"

Bodily injury marked almost every collision reported in October, records of the safety department revealed. In the 1,224 accidents, 1,220 persons suffered wounds. Eleven of the 119 fatal crash-ups killed more than one person. Forty-two bicycle riders were involved in accidents of which number three died. Four motorists were killed at railroad crossings, one in collision with a horse drawn vehicle and two died after colliding with

livestock at large on the highway. Primary causes of accidents as reflected by information on accident reports received by the Department of Public Safety in October were the following:

Did not have the right of way—161; Driver or pedestrian had been drinking—149; Driving too near center or on wrong side of road—88; Driving too fast for conditions—72; Pedestrian (or bicyclist) ran into path of vehicle—52; Improper passing—39; Disregarded traffic control sign or signal—38; Driver failed to signal or gave wrong signal—35; Driver fatigued or asleep—33; Livestock on road—33; Improper left turn—30; Blindly lights—29; Tire failure—28; Pedestrian (or bicyclist) ran into vehicle—26; No lights or no tail light—22; Skidded on wet pavement—19; Pedestrian crossing not at intersection—16; Defective brakes—18; Miscellaneous mechanical defect—16; Driver's attention diverted—14; Defective steering mechanism—14; R. R. grade crossing—12; Stopped in roadway—11; Attempting to dodge other vehicle or pedestrian—10; Fell or jumped from vehicle—9; Visibility poor account weather conditions—8; Improper right turn—7; Inefficient driver—6; Improper backing—5; Blinded by sun—4; Driver had physical defects—4; Defect in highway—3; Hitting on vehicle—3; Passing school bus stopped for passengers—1.
