The SDN Column

The name Roy McMillan was a familiar one to this pillar as it hit the headlines the other day when he was named to succeed Yogi Berra as manager of the New York Mets baseball team in the National League.

Yours truly happened to see McMillan play his first game as a professional baseballer. It was back in 1947 at Big Spring, shortly after the old Longhorn League went into operation. McMillan performed for Ballinger's Longhorn League club and by the time he played his first league game, the Ballinger manager, Buddy Hancken, declared that McMillan was headed for the majors.

We reminisced about McMillan and the old Longhorn League the other day with Tommy Hart, long-time sports editor of the Big Spring Daily Herald who now serves as managing editor there.

"You know McMillan was recruited from softball," Hart recalled.

If we knew that, it had slipped our memory. Anyway, it seems that the Ballinger team—a farm team of the Cincinnati Reds—found McMillan playing softball at Bonham, where he grew up. Hart compared him to a vacuum cleaner as he recalled how McMillan covered his shortstop position in the Ballinger infield.

Howard Green, who now lives in Fort Worth and who served as Tarrant County Judge until last Jan.1, had just organized the Longhorn League, and it went over well for several years. There was no television in those days and fans in the smaller cities and towns had to depend on the lower minor leagues for their contact with professional baseball. Most of the minor league teams had connections with major league clubs. Cincinnati had a working agreement with Ballinger and Washington had a similar arrangement with the Big Spring Broncs. Playing first base for the Big Spring entry in that inaugural game in which McMillan made his professional debut was Leamon Bostick, brother of Horrace Bostick, Snyder High School Principal.

A number of Longhorn League players made it to the majors, but Hart, who has kept up with such things for years, says McMillan is the first Longhorn League graduate to become a major league manager.

Stories about the postal service get into the news rather frequently nowadays and Jesse Lindsey figures he has one for the book. A friend mailed the Lindseys a wedding invitation in Snyder on July 29. The wedding was Aug. 2. The invitation reached the addressees on Aug. 7, but not via postal service. It had been returned to the sender, although it had Lindseys' correct address, zip code and all. The sender drove two miles to finally deliver it in person. Postmarks on the envelope indicated it had been to Morton and Muleshoe during its travels.

★ ★ ★

Dr. Joe Reaves of Western Texas College reports that he got in plenty of travel time this summer, and he is convinced that living in the biggest oil-producing county in the country doesn't necessarily give a person a break on retail gasoline prices. There was a time when you expected to pay considerably more for gasoline when you left Texas and in some cases this still is true, Reaves observed, but not always. Driving from Miami to California and back to Tennessee and Arkansas, Reaves said he found gasoline cheaper in Alabama than in Snyder. The highest was in Arizona where "regular" sold for 68 cents a gallon. but mostly other states were on a par or slightly below local prices.

In our own travels a few weeks ago we found a major brand of premium gasoline a nickel a gallon cheaper in southern Louisiana than here, but the lowest prices we found anywhere were in the Dallas area, just as nation-wide news reports have indicated for some time.

Another thing we confirmed was that you can usually save two to five cents per gallon by getting down off the freeways and driving into the towns.—WACIL McNAIR.

Today In History

By The Associated Press

Today is Sunday, August 10, the 222nd day of 1975. There are 143 days left in the year.

Today's highlight in history:

On this date in 1945, the Japanese offered to surrender in World War II if the Emperor would be permitted to keep his throne.

On this date:

In 1821, Missouri became the 24th state.

In 1845, the U.S. Naval Academy was established at Annapolis, Md.

In 1846, Congress created the Smithsonian Institution in Washington.

In 1914, France declared war on Austria-Hungary at the start of World War I.

In 1921, Franklin Roosevelt was stricken with polio at his summer home at Campobelle Island in Canada.

In 1967, the people of Gibraltar voted to retain their link with Britain rather than return to Spanish sovereignty.

Ten years ago: Blacks were registering to vote in heavy numbers under provisions of the new Federal voting rights bill.

Five years ago: Despite opposition from conservationists and public officias, the U.S. Army began moving a deadly cargo of obselete nerve gas from railroad depots in Kentucky and Alabama to North Carolina's coast for burial in the Atlantic.

One year ago: Portugal made public a two-year blueprint for the granting of independence to her Agrican territory of Angola.

The Weather

SNYDER TEMPERATURES: High Friday, 90 degrees; low, 64 degrees; reading at 7 a.m. Saturday, 65 degrees.

Northwest and Southwest Texas: Clear to partly cloudy Monday through Wednesday with near normal temperatures. Widely scattered thunderstorms northern Panhandle.

EXCHANGE STUDENT ARRIVES—Lars Clausen, exchange student from Denmark, second from left, is shown with the Bill Line family who will be his hosts during the coming school year. Young Clausen was greeted at a reception Saturday morning at city hall by County Judge Preston Wilson, Mayor Pro Tem Truett Bryan and Dane Witherspoon, president of the Snyder High School Student Council. Rep. Mike Ezzell presented him with honorary Texas citizenship papers on behalf of Gov. Dolph Briscoe, and Roy Carter, local AFS president, presented him with a western hat. Pictured from left are Tod Line, Lars Clausen, Mrs. Bill Line and Bill Line.

Brand Takes Responsibility For Gassing

By HOWARD BENEDICT
Associated Press Writer

WASHINGTON (AP) — Apollo astronaut Vance D. Brand said today he was to blame for not throwing two switches which would have prevented poisonous gas fumes from entering the American spaceship as it returned to earth after the docking mission with Russia's Soyuz.

"I'll take the responsibility," Brand told a news conference. "The switches should have been turned on, and they weren't."

But Commander Thomas P. Stafford sought to soften the blame on Brand by saying all three crew members should have been alert to the checklist and seen to it that the switches were flipped at the proper time.

Stafford, Brand, and the third crewman, Donald K. Slayton, met reporters for the first time since their return to earth.

They flew to Washington Friday night from Honolulu, where they were hospitalized for treatment of lung ailments resulting from breathing the gas.

After their hospitalization they spent an additional week in Hawaii. Their families joined them in the semi-isolation prescribed by doctors to reduce the chance of infection.

Stafford said all three spacemen have been given a "clean bill of health by the doctors." But he said they would be monitored for some time to make sure there is no recurrence of lung problems.

The switches which Brand should have thrown at 30,000 feet would have activated the automatic parachute system and also would have shut off steering jets. The gas fumes filtered into the spaceship from the jets, which continued to operate long after they should have.

Brand said that once the spacemen realized the switches had not been thrown they quickly activated the parachutes manually and "that backup procedure worked perfectly."

"We were all surprised when the gas entered the cabin through an air intake valve," Brand said.

"It was mildly irritating to the face and the main thing was we coughed a lot," he said.

"When we landed, Deke (Slayton) didn't look like he felt too well. Because I hadn't had my oxygen mask on too long I passed out for about 40 seconds," he said. "Tom got my mask on, and after that I felt O.K."

Stafford said that because of the angle of the parachutes the spaceship hit the Pacific "like a ton of bricks." He said it turned upside down immediately, which is a habit of Apollo spaceships, adding to the confusion as the spacemen scrambled for oxygen masks to protect themselves from the gas.

But the spaceship then righted automatically and its ventilation system pushed the gas out of the cabin.

The spacemen reported they were in great shape as they left Hawaii.

"We've just been resting on the beach," Brand said Friday.

They were accompanied by the Apollo crew surgeon, Dr. Arnauld Nicogossian, who directed their treatment and said they were no longer in jeopardy from exposure to the gas.

The-end-of-mission mishap was the only blemish on the first international space flight, during which the Apollo linked up in space for two days with a Soyuz spacecraft piloted by two Russian cosmonauts.

Ford Vows To Stay On Political Middle Ground

By FRANK CORMIER
Associated Press Writer

WASHINGTON (AP) — President Ford vows he won't be pushed to the political right by Republican conservatives. And he won't discuss what might happen to his own 1976 candidacy should wife Betty suffer a health relapse.

In a wide-ranging interview with three reporters, for release on this first anniversary of his taking office, Ford said that politically "we are going to stay in the middle."

As for Mrs. Ford's health as a potential campaign factor, the President said, "We don't speculate on those things." But right now, he reported, her health is better than "on many occasions when I was minority leader" of the House.

On other topics raised during a 35-minute Oval Office interview Friday, Ford said:

—"I am still firm" about vetoing a bill to extend oil price controls. But he said he would exercise unspecified options "that give me a chance to mitigate some of the alleged inflationary threats" that decontrol would raise.

—"From the reports we have gotten in South Vietnam, at least in the Saigon area, there doesn't seem to have been" the sort of bloodbath he feared before the Communists took over there. But he spoke of "horrible stories" about Khmer Rouge actions against the populace in Cambodia.

—Asked if he felt betrayed by resigned president Richard M. Nixon when he was persuaded to defend Nixon as vice president, Ford said, "I was put on a very difficult spot but I don't think I should go beyond that."

Ford expressed the view that his controversial pardon of Nixon "at least took off my desk the nagging things that would have gone on and on and on" had he not acted, and thus contributed significantly to making Watergate a part of history rather than current events.

"I thought I was right then and I'm more convinced I was right as we look back on it."

The President was asked if he perceived any danger that, in facing political pressures to placate supporters of former California governor Ronald Reagan and other GOP conservatives, he might vacate the political middle ground to his 1976 Democratic rivals.

"May I assure you that we are not going to give up the middle ground," Ford said.

At another point he said that within the GOP "the more conservative group makes up a part of the party spectrum "but they are not in the majority." He said a majority of Republicans are middle-of-the-roaders.

After Mrs. Ford underwent breast cancer surgery last fall, there was recurrent speculation Ford might not seek election next year because of her health. That speculation largely ended when he announced his candidacy.

"I talked with her about it and we came to the conclusion, one, that her health was sufficiently good that she could be a good teammate in the operation, and I think that judgment has been borne out."

The President said that "we don't foresee any health problems as far as she is concerned, except that she shouldn't try to keep up with the schedule that I keep up with sometimes."

If Ford vetoes a six-month extension of oil price controls, petroleum prices presumably would be free to rise sharply to world market levels as of Sept. 1.

However, Ford said he is now studying a series of administrative actions and legislative proposals that would dampen any inflationary impact.

Asked to be more specific, the President said:

"You watch. We will handle it with skill and success."

At another point, Ford said, "I think there probably will be a minimum increase in gasoline prices." And he said he also expected that boosts in grain prices attributed to major sales to the Soviet Union would have "a minimal impact on bread."

EXHIBIT OPENS—Nelda Bills, left, and Ruth Sentell are pictured in the Scurry County Museum as they finished hanging a Texas Watercolor Society traveling exhibit. Mrs. Bills is Acquisitions Chairman for the museum and Mrs. Sentell is museum secretary. The painting shown is "Espada" by Paul K. Walker of San Antonio, winner of a $200 purchase award. The exhibit will remain in the museum through Aug. 25 and is open to the public without admission charge.

Catholic Nuns Seek Equality

By LINDA KRAMER
Associated Press Writer

SAN FRANCISCO (AP) — The 750 Roman Catholic nuns meeting this weekend want an equal partnership in the running of the church, including ordination of women and perhaps the eventual election of a woman pope.

The nuns of the seven-year-old National Assembly of Women Religious say they seek more control over their own lives so they can respond better to today's social issues.

"I am 'church' as much as any bishop," Sister Catherine Pinkerton, 53, said pointing a thumb at herself. "We want partnership in the church. The whole thrust of this organization is that women should be at the decision-making and policy-making levels in the church."

And she said this includes the possibility of a woman pope someday.

The 3,500-member organization endorsed the proposed Equal Rights Amendment to the Constitution and supported the ordination in 1974 of 11 women in the Episcopal Church.

Members of the Chicago-based nuns' group belong to different orders across the country. They dress as they want and prefer to be called sisters instead of nuns, because "sister and sisterhood are meaningful words for contemporary society."

The sisters work with prisoners, farm workers, prostitutes, impoverished rural dwellers and inner city minorities. Some have been jailed for demonstrating. Others advocate for change as lawyers, doctors, bankers and politicians.

The sisters believe young women today are not interested in joining the type of institutionalized life a nun is believed to lead. They want women joining the orders to find it is an exciting career oriented toward building a "globally just society."

Progress On African Situation

PRETORIA, South Africa (AP) — The leaders of Rhodesia and South Africa announced today what appeared to be a breakthrough in the deadlock to reach a constitutional settlement between Rhodesia's white minority government and the black majority.

Prime Ministers Ian Smith of Rhodesia and John Vorster of South Africa issued the following statement after talks Friday night and Saturday morning:

"The Rhodesian and South African ministers had a very fruitful discussion on the whole southern African situation and have agreed to proposals which, if implemented by all parties concerned, can lead to a settlement of the issues involved."

The statement did not spell out the proposals but said further announcements on the discussions on white-ruled Rhodesia's political future will "be made in the near future."

Smith arrived in South Africa on Friday for talks with Vorster amid widespread speculation that a breakthrough in discussions on a constitutional conference in Rhodesia was imminent.

Scurry Museum Exhibits Watercolors on Circuit

Twenty-five paintings selected for the 1975 Museum Circuit exhibit of the Texas Watercolor Society are now on display in the Scurry County Museum on the campus of Western Texas College.

The museum will be open from 2-5 p.m. today for the first showing of the paintings. The exhibit will remain in the museum through August 25 and may be seen Monday through Thursday from 8 a.m. - 5 p.m. and on Fridays from 8 a.m. - 4 p.m.

A limited number of catalogues have been sent with the exhibit and copies may be secured at the information desk in the museum while the supply lasts. Some of the paintings in the exhibit are for sale.

The 1975 Museum Circuit exhibit has been traveling since April of this year. It has already been displayed at the Oklahoma Museum of Art in Oklahoma City, the Charles B. Goddard Center in Ardmore, Okla., the University of Oklahoma Museum of Art at Norman, Okla., and the Museum of the Southwest in Midland. After leaving the Scurry County Museum, it will be sent to the Masur Museum of Art in Monroe, La., and will then go to the Barnwell Memorial Garden & Art Center in Shreveport, La., and the El Paso Museum of Art in El Paso.

Watercolors included in the exhibit are:

Ice Blink by Betty Winton Fay of Fort Worth, Changing Patterns by Dixon Bennett of Houston, Blue Angel and Friends by Michael Frary of Austin, Espada by Paul Walker of San Antonio, Calle Andaluz by Emilio Caballero of Amarillo, China Town by Diana Fleming of Graham, April by Helen Van Buren of San Antonio, Quiet Inlet by Hal Sims of San Antonio, The Hart Oaks by Larry Harris of Burleson, Warm Tender

Air Charters To Be Cheaper

By JAY PERKINS
Associated Press Writer

WASHINGTON (AP) — Americans will be able to take package air vacations after Sept. 13 for less or about the same price as they now pay for air transportation alone.

The Civil Aeronautics Board on Friday approved one-stop inclusive tour charters with rules far more liberal than present charter requirements.

The one-stop charters will provide air transportation from one city to another, hotels during the vacation, baggage handling and related ground transportation. They may also be offered with other items.

The charters will be organized by independent tour operators and sold directly by them. There is no requirement that purchasers belong to any organization or social club.

The charters will cut the cost of air vacations drastically in some instances.

Examples prepared by American Airlines showed that travelers could go from New York to Honolulu on a charter flight and stay seven nights for as little as $361. The regular coach air fare for that trip is $550.

A Dallas to Brussels charter flight might cost as little as $437 compared to $804 for coach fare alone now.

Charter flights are much cheaper than scheduled flights because they operate only with full passenger loads. The scheduled airline flights normally have only about 55 per cent of their seats filled.

The new charters do have several restrictions. One-stop charter trips to places within the 50 states, Mexico, Canada and the Caribbean must be at least four days long. The minimum length outside North America will be seven days.

The price will be based on each passenger's share of the cost of chartering the plane plus $15 for each night's stay for adults and $7.50 per night for children under 12 accompanied by an adult.

Passengers will be required to purchase their tickets in advance of departure and the tour operator and airline doing the chartering must file a list of passenger's names with the CAB at least 15 days before departure on North American charters and 30 days on all others.

The board also approved similar reduced fares for special events, such as the Super Bowl. The flights could leave no more than 36 hours before or after the event.

The board's order was challenged immediately by Trans World Airlines. TWA asked a federal appeals court in New York to overturn the new rules, saying the CAB had overstepped its authority.

TWA's profits have fallen recently and the existing charter fares have gotten some of the blame.

Warrior Blocked In By Ice

WAINWRIGHT, Alaska (AP) — The giant tug Warrior is like an olive in a martini glass trying to find a moving room between ice cubes. With about as much success.

The Warrior and its two huge barges arrived at this Eskimo village at the top of the world July 24 on their way to the North Slope oil fields from Puget Sound.

They're still here; they'll stay here until the polar ice blocking the way to Prudhoe Bay moves.

"This ice isn't going to melt or disintegrate," says Warrior skipper Thomas R. LeLia Hunt. "The ice has to move and that's not going to happen until we get the right wind."

The right wind is southerly or southeasterly, strong enough to push the ice pack farther from shore.

Meanwhile, the Warrior and its barges and the remainder of a 10-mile flotilla of ships carrying 160,000 tons of oil field cargo wait 260 miles short of their destination.

Some of the vessels wait to the south for the situation to improve. All told, there are 23 tugs and 47 barges with 184 crew members on the way to the oil fields. Their cargoes, modules up to 10 stories high, create an alien skyline along the flat arctic horizon.

Fresh food is in short supply, books and magazines are becoming well worn and there has been only one mail-call during the wait for the ice to move. There won't be a restocking until the flotilla reaches Prudhoe Bay.

One of the big concerns is the cables between the tugs and the barges they are towing. The Warrior, a $2 million, 9,000-horsepower supertug, pulls two 400-foot-long barges. Between them is 2,700 feet of 2¼-inch cable.

The tow lines drag on the abrasive bottom while the Warrior is at anchor in 30 feet of water. Whenever a big chunk of ice bears down on the tug, the Warrior is maneuvered to avoid a collision. The tug's two engines run day and night.

"When that ice hits the boat, you are rudely awakened," one seaman says. "It's like sleeping in a dungeon with someone hammering on the walls."

Boats Collide, Killing 400

HONG KONG (AP) — A collision between two triple-decked excursion boats in the Hsi river near Canton has left more than 400 dead and 100 missing, newspapers here reported today.

Accounts attributed to Hong Kong residents returning from China said two 1,000-ton boats collided at 1 a.m. last Sunday. Each carried more than 400 passengers. About 100 passengers on one boat were believed to be Hong Kong residents.

China has not officially reported the incident and Hong Kong officials refused comment.

The Hong Kong bureau of the official Chinese news agency Hsinhua said: "It was believed such an incident happened recently."

The reports said the steel-hulled Red Star 245 capsized immediately and sank when it was rammed by the Red Star 240. The cement hull of the Red Star 240 disintegrated and it sank later.

Swift currents in the Hsi, south China's major river, slowed rescue efforts by troops, medical personnel and boats from Canton, the newspaper reports said.

Carrillo Hires Expensive Defense Team For Trial

SAN DIEGO, Tex. (AP) — State District Court Judge O. P. Carrillo says he is hiring a high-priced defense team for his impeachment trial next month in the Texas Senate.

He dropped the names of nationally known lawyers Abe Fortas of Washington, D.C., a former Supreme Court justice; F. Lee Bailey of Boston; and Percy Forman and Racehorse Harris, both of Houston.

In a separate statement, Carrillo said Friday night he has knowledge of the "largest narcotics ring in South Texas which is headquatered in Duval County."

In an exclusive interrview with the Corpus Christi Caller, Carrillo said he is trying to hire the four prominent lawyers as a team for his defense at the impeachment trial Sept. 3. Carrillo is accused of official misconduct.

The judge showed the Caller a financial statement on stationary from the First State Bank of Rio Grande City indicating that as of last January he had a net worth of slightly more than $1.5 million.

"I would not be willing to spend all of my resources and what has been pledged in addition by my family if I did not feel I was innocent of the charges brought against me," Carrillo said.

During the interview with Carrillo in his office here, Foreman called. During the telephone call, Foreman told the Caller, "...I will do everything I can to help the judge. He is a good friend and I would have been by his side earlier if he had called me. I will do everything I can."

Foreman added that he has two cases tentatively scheduled in September.

Arthur Mitchell of Austin, Carrillo's attorney during the recent House impeachment proceedings, also called during the interview with Carrillo and told the Caller he is "an old associate" of Bailey and has been in contact with Bailey to assist in Carrillo's defense.

Mitchell added that the defense task force is being formed and will hold an organizational meeting sometime next week.

Referring to narcotics in Duval County, Carrillo said; "I refuse to discuss the narcotics end of it unless the Texas Department of Public Safety wants to (release the information) first." He added that he would release the information regardless of the DPS stance if his defense in the Senate trial depended on it.

"I have the names and the connections," he said.

Carrillo said he is not concerned about his safety when the statement is released.

"I have talked to the Texas Rangers and the DPS and they have assured me that I will be provided protection," he said.

Traffic Deaths Up In Texas

AUSTIN, Tex. (AP) — Traffic deaths in Texas continue to run 19 per cent ahead of 1974, the Department of Public Safety reported Saturday.

So far this year, according to DPS statistics, there have been 1,925 deaths on Texas highways and streets compared to 1,622 for the same period in 1974, an increase of 303 persons or 19 per cent.

The DPS said there have been 1,640 accidents in which deaths occurred, 16 per cent more than the 1,412 fatal accidents for the same time last year.

CRMWD To Show New Headquarters

The Colorado River Municipal Water District will show off its new headquarters in Big Spring Aug. 22 and Aug. 24.

City council members and city managers, state and national representatives, state water officials and past directors will inspect the new offices the evening of Aug. 22, then will take part in a dinner affair at the Big Spring Country Club. The general public is invited to view the building and grounds from 2 p.m. to 4 p.m. Sunday, Aug. 24. The building is located at 400 E. 24th in Big Spring, or at the juncture of FM-700 and Goliad.

Total cost including site, construction and fees will run about $398,000, H.S. Sampson, Odessa, reported for the building committee to directors at their meeting in the new headquarters Thursday. The board appropriated up to $10,000 for various details to round out the project.

Directors also authorized advertising for bids for a second point of delivery to the City of Odessa. This will extend the supply line to the campus of the University of Permain Basin in Odessa and tie into the UTPB irrigation system. The City of Odessa, which will draw its funds from the University system, will reimburse the district for the work.

Unusually wet weather in the late Spring and early summer have cut water demands sharply, Paschal Odom, assistant general manager, told the board. July totals ran 29 per cent under the same month a year ago. Storage reservoirs are all full and pumping patterns now are being designed to conserve energy, he said.

O.H. Ivie, general manager, was instructed to continue studies of possible ways to modify debt service requirements which "hump out" in the next seven years so that effect on rates to cities can be minimized.

Scurry Student To Get Degree

CANYON—Janet Russell Stribling of Fluvanna will receive the bachelor of business administration degree in summer commencement exercises at West Texas State University.

The commencement program is set for 4:30 p.m. Aug. 16 in the Amarillo Civic Center Coliseum.

Amin's New Wife Is Nominated

NAIROBI, Kenya (AP) — Ugandan President Idi Amin's new wife, Sarah, has been nominated to be called "Miss Africa."

Secretary General William Eteki Mboumoua of the Organization of African Unity made the suggestion Friday, the Uganda Broadcasting Corp. said reported.

MRS. RICHARD OGDEN GORMAN

Greene, Gorman United In Double-Ring Ceremony

Miss Karen Kay Greene and Richard Ogden Gorman exchanged wedding vows at First Baptist Church August 8 at 7 p.m. Rev. Miller F. Robionson, pastor of Colonial Hill Baptist Church, officiated in the double ring ceremony.

Mr. and Mrs. Jack Greene are parents of the bride. The bridegroom is the son of Mr. and Mrs. Jack Gorman.

She was escorted to the altar and given in marriage by her father. Her formal length gown was of white organza over peau-de-soie, fashioned with a deep scoop neckline edged with scalloped chantilly lace. The empire bodice was gently gathered at the waist with tiny satin bows and her full length sheer bishop sleeves which had a band of lace encircling them and a narow cuff of lace. A band of scalloped lace extended down each side of the empire bodice and onto the softly gathered A-line skirt and encircled the hemline. A detachable, lace edged, chapel length train accented with a large Dior bow flowed from the center back waistline. The headpiece was a Juliet Cap of matching lace holding a laced edged chapel length veil of illusion.

The bride carried a bouquet of cascade design with white pixie carnations and stephanotis accented with white satin streamers and English ivy attached to a white lace covered prayer book.

For something old she wore her maternal great grandmother's wedding band and carried a lace handkerchief that belonged to her paternal great-grandmother; something new, her dress; something borrowed, a pair of diamond earrings belonging to her sister-in-law; something blue, a garter made and given to her by Mrs. Peggy English, and a penny in her shoe to complete the tradition. She wore a cameo necklace traditionally worn in past weddings of the family.

Miss Lesa Minor served as maid of honor. She wore a formal length gown of blue organza, featuring a scoop neck bodice of blue lace and sheer puffed short sleeves.

Following the same pattern with the exception of a bodice of white lace were the bridesmaids, Miss Debbie Bently, of Kermit, cousin of the bride, Miss Donna Early and Miss Julie Glass of Snyder. They all carried traditional nosegays of mixed pastel colors of daisies, pom-poms, miniature carnations, baby's breath and white satin streamers. They wore matching flowers in their hair.

Miss Tara Greene, of Nederland, and Miss Christy Greene of Snyder, nieces of the bride, were the flower girls. They dressed in formal length dresses fashioned after the other attendants and scattered rose petals from lace baskets.

Mack Williams of Snyder, was ring bearer. He wore a white tuxedo and carried a satin heart shaped pillow made by the maid of honor.

Jack Gorman, Jr. attended his brother as best man. Other groomsmen were Grant Kripe, Sam Byrom and David Yearwood, all of Snyder. Ushers were Bill Griffin of San Angelo, Steve Grimmett, Carlton Crownover and Tim Jones of Snyder. The groom wore a formal tuxedo with blue coat trimmed in black and black pants. His white shirt featured black trimmed ruffles and black bow tie. His attendants and ushers wore white tuxedos trimmed in black, with black pants, blue ruffled shirts, and black bow ties.

For her daughter's wedding, Mrs. Greene chose a teal blue formal gown of knit. Mrs. Gorman wore a floral formal gown of voile. Their gowns were complimented with gardenia corsages.

Alice Hollis of Snyder presented traditional wedding music at the organ, along with Miss Wendy Monroney at the piano. Miss Kathy Williams sang "There is Love," "If," and "The Wedding Prayer."

The altar of the church was decorated with brass arched candelbra holding fifteen tall burning tapers, flanked by two twenty branch brass spiral candelebraes. Two other matching seven branch candelebraes completed the candelight ceremony. A memory candle on a brass stand decorated with boxwood and pew markers of white satin finished the setting.

Parents of the bride hosted a reception in the fellowship hall of the church. The bride's table was covered with a white dotted swiss cloth. The table was centered with a silver candelabrum, holding four white burning tapers and a nosegay of mixed colored flowers.

The four-tiered cake was decorated with blue flowers and topped with white satin bells. Punch was served from a crystal punch bowl with crystal and silver appointments. Mrs. Vicki Ramage of San Angelo, cousin of the bride, and Miss Lesa Westfall presided at the bride's table.

A groom's table covered with a floor length brown cloth held a three-tiered chocolate cake. Coffee was served from a white ironside coffee service. Appointments were of silver and crystal. Miss Lou Ann Griffin, of Colorado City, and Miss Cydney McDonald of Snyder, presided at the table.

For a wedding trip to Lubbock and Lake Brownwood, the bride chose a white pant suit of polyester with matching accessories. She is a 1975 graduate of Snyder High School. The groom is a 1974 graduate of Snyder High School. Both bride and groom plan to enroll at Angelo State University for the fall semester.

Out-of-town wedding guests were from Canyon, Kermit, San Angelo, Floydada, Ft. Worth, Abilene, Big Spring, Nederland, Lubbock, Colorado City, Austin, Houston and Peyson, Arizona.

The groom's parents hosted the rehearsal dinner in the back yard of their home.

Leather styles, sueded or smooth, are designed in the new slimmer coat shapes and for wear as all-weather coats.

'Prove Your Love' Is Proof of Lust

By Abigail Van Buren

© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: I am a guy, 18, who has been brought up in a good home with fine parents who tried to teach me right from wrong. I have always had high moral standards, but when I was younger, my friends would tell me it was a bunch of puritanical nonsense for a boy to keep his virginity. As I grew older, I realized that a man has no right to expect the woman he marries to be a virgin if he isn't one, himself.

I recently found a column of yours that my mother said she was saving for my younger sister. It was dated August 2, 1964.

Today, with so many people confusing love with lust, I think a lot of young people would benefit if you would run that letter again.

GOT IT TOGETHER

DEAR GOT IT: With pleasure. Here it is:

"DEAR ABBY: I am 17. I copied something out of your book, 'Dear Teen-Ager,' and typed it up to carry with me. It has helped me a lot. Two of my girl friends did the same thing.

"You would be doing many girls a big favor if you would print it in your column. So many girls are having trouble in this line. Thank you, Abby.

SEVENTEEN

"DEAR SEVENTEEN: Here it is:

'Girls need to "prove their love" through illicit sex relations like a moose needs a hat rack. Why not "prove your love" by sticking your head in the oven and turning on the gas? Or playing leapfrog in traffic? It's about as safe.

'Clear the cobwebs out of your head. Any fellow who asks you to "prove your love" is trying to take you for the biggest, most gullible fool who ever walked. That "proving" bit is one of the oldest and rottenest lines ever invented!

'Does he love you? It doesn't sound like it. Someone who loves you wants whatever is best for you. But now figure it out. He wants you to:

'Commit an immoral act...

'Surrender your virtue...

'Throw away your self-respect...

'Risk the loss of your precious reputation...

'And risk getting into trouble...

'Does that sound as though he wants what's best for you? This is the laugh of the century. He wants what's best for him: He wants a thrill he can brag about at your expense...Love? Who's kidding whom?

'A guy who loves a girl would sooner cut off his right arm than hurt her. In my opinion, this self-serving so-and-so has proved that he doesn't love you.

'The predictable aftermath of "proof" of this kind always finds Don Juan tiring of his sport. That's when he drops you, pick up his line and goes casting elsewhere for bigger and equally silly fish.

'If he loves you, let him prove HIS love—by marching you to the ALTAR!' "

DEAR ABBY: Two years ago, my husband got himself a hairpiece that improves his appearance 100 per cent. The problem is that he wears it only about two-thirds of the time.

I think it's ridiculous for a man to wear a hairpiece all week to work and then to leave it off on the weekend. That's what Horace does. He knows that I want him to wear it all the time, so just to punish me for something, he refuses to wear it to an important function.

When Horace takes a mind to go without his hairpiece, no amount of begging, crying or pleading can make him change his mind.

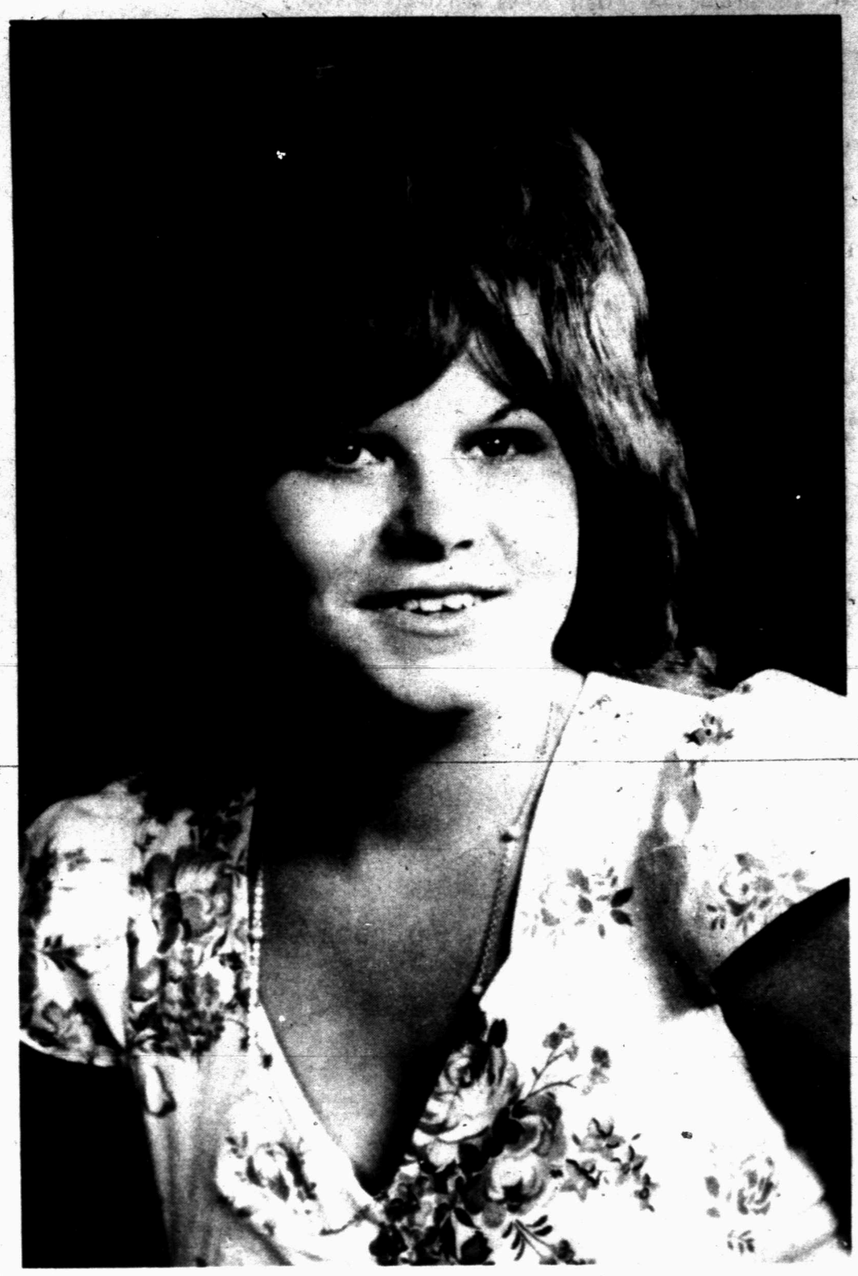

Abby, how can I get him to wear his hairpiece all the time?

BITTER HALF

DEAR BITTER: You can't. But if you stopped making such a fuss when he refuses to wear it, he'll probably wear it more.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send $1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212, for Abby's booklet "How to Write Letters for All Occasions." Please enclose a long, self-addressed, stamped (20¢) envelope.

TO WED—Mr. and Mrs. Dale Swigert announce the engagement and approaching marriage of their daughter, Cindy Kay to Darrell Lee Stout, son of Mr. and Mrs. Herbert Stout. The couple will wed August 23 at the Bethel Baptist Church. (Photo by Raun's)

Convenience Foods With 'Eat-A-Peel'

COLLEGE STATION—Mother Nature's "convenience foods" have a peel you can eat.

Many fresh vegetables actually taste best raw-try cucumbers, sweet peppers and onions this way, Mrs. Gwendolyne Clyatt, consumer marketing information specialist, suggested this week.

"Tasty young carrots can be eaten peel and all-just rinse well, cut off the stem end and the tip of the root. Another vegetable in the 'eat-a-peel' category is summer squash. Just wash and slice," this specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

No cooking needed for cabbage and head lettuce either, when they're washed in cold water for a minute, then cut in wedges, chop or break coarsely and serve as a salad.

"Sweet corn is a quick cooker when dunked in a kettle of boiling water. And tomato halves, seasoned and buttered, will broil in two or three minutes.

"Cooking vegetables only until crisp tender retains more flavor, better texture and saves preparation time," she pointed out.

Money, Lewis Wed In Dallas

Miss Kay Money and Don Wayne Lewis, both of Dallas, exchanged wedding vows August 2, at 4:00 p.m. Reverend Tommy Potter, minister of East Dallas Christian Church, officiated in the double ring ceremony which was performed in the home of the bridegroom, 7739 El Pensador.

Parents of the couple are Mrs. Polly Money of Dallas and Mr. and Mrs. Leverett L. Lewis of Snyder.

The bride was adorned in a formal length gown with lace bodice and caftan sleeves. A pearl necklace complimented her attire. She carried a bridal bouquet of white roses, daisies and baby's breath.

Traditional wedding music was furnished by Mrs. Marty Parrish at the piano. She also accompanied herself as she sang "Speak Softly, Love."

The reception was held immediately following the ceremony in the groom's home.

The bride is a graduate of North Texas State University and is currently pursuing a master's degree at North Texas University.

The bridegroom is a graduate of Texas Tech University and of North State University and is currently pursuing a Ph.D. at NTSU.

The couple will reside in Dallas.

MRS. DON WAYNE LEWIS

RECEIVES HIGHEST HONOR—Karen Sue Bailey was presented the highest scholastic honor given by the estate of the late Mrs. W.J. Behrens in memory of her husband at the Mary Meek School of Nursing of Hendrick Memorial Hospital. Commencement exercises Friday, August 1. Miss Bailey received a watch for her superior academic achievement of a 3.81 grade point average. Miss Bailey is the daughter of Mr. and Mrs. John E. Bailey of 2704 Avenue W. and a 1972 graduate of Snyder High Sphool. While attending Snyder High School, she worked as an I.C.T. student during her junior and senior year at Cogdell Memorial Hospital. Before entering Mary Meek School of Nursing she attended Western Texas College. She also worked at the hospital during the time she attended WTC.

Community Calendar

SUNDAY

Scurry County Museum open from 2-5 p.m. Texas Watercolor Society 1975 Museum Circuit Exhibit will be on display and will remain in the museum through Aug. 25.

MONDAY

Board of directors of Martha Ann Woman's Club will meet at 10:00 a.m. the woman's club.

WEDNESDAY

Women's Hospital Auxiliary of Cogdell Memorial Hospital will host a membership tea for members and guests from 2-4 p.m. in the conference room of the hospital.

THURSDAY

Newcomers Club will meet at 10:00 a.m. in the Snyder Savings and Loan Community Room. Frank Miller will present the program on the Snyder Public School System.

FRIDAY

Open duplicate bridge games will be played at 1:30 p.m. at the Snyder Country Club.

SUNDAY

Open duplicate bridge games will be played at 1:30 p.m. at the Snyder Country Club.

Satellite Photos Taken Of Lakes

CORVALLIS, Ore. (AP) — Satellite photographs are being used by scientists here to evaluate about 100 of the nation's lakes in studies which may cut costs for future water quality monitoring.

Using the Earth Resources Technology Satellite, the study group examines photographs taken from 569 miles and compares them with ground samples.

David Boland, physical geography expert for the U.S. Environmental Research Center, says the team may eventually determine the quality of lakes without visiting them.

Boland said the survey is designed to identify major lakes which have potential or existing "aging problems" caused by municipal sewage discharges and runoff from other sources.

If table linens crease during storage, try putting them away unironed. Then iron them on the pad covering the table. Some people prefer to set the ironing board alongside the table, then just slip the cloth onto the table after ironing, Mrs. Lillian Chenoweth, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Dr. Lamb

No smoking link to arthritis

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—Would you kindly discuss the effects of smoking on an arthritic person? I feel there is some sort of link between the two and feel if you confirmed this maybe it would help people give up smoking. I know a woman in her 70s who is bothered with painful arthritis, but while complaining about it continues with her cigarettes.

DEAR READER—Cigarettes are associated with a lot of ills, but there is not evidence that they cause or make arthritis worse.

There is some evidence that patients with rheumatoid arthritis are particularly prone to develop lung disease from smoking, much more so than the average smoker and that is bad enough already.

For a discussion of the effects of tobacco on health, write to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019 and send a long, self-addressed, stamped envelope and 50 cents, and ask for The Health Letter number 2-6, Tobacco: Cigarettes, Cigars, Pipes.

DEAR DR. LAMB—I am so angry at myself for being so dumb. I had two gall blader attacks, so I called my obstetrician. He is the only doctor I have had since my only problem has been having six babies. He sent me to a friend of his, an internist. I had tests, and three days later he said the radiologist's report said I had gall stones, and should go see a surgeon. He sent me to a surgeon friend of his because he doesn't operate.

Now why didn't I know that and go to a surgeon in the first place? I suppose all this running around is so everybody can get a bite out of my Blue Cross Blue Shield! I want you to tell me which of the following list of specialists do surgery and which ones don't, for future use.

DEAR READER—Forgive me for not including your list, but you are using poor judgment.

Think how angry you would be with yourself if you had gone to a surgeon and found out that your problem was not gall bladder disease. Then you would have seen a surgeon for no reason at all and would still have the problem which would require an internist.

Your obstetrician was right in sending you to an internist first. The diagnosis could have been several different things, including an ulcer or hiatel hernia or colon problems. The internist has to hear the symptoms and do an examination to make a correct diagnosis. The X rays help, but many people have stones and have symptoms from something else, such as a spastic colon.

Except in those small communities where the surgeon does family practice as well as some surgery, I recommend that all patients see their family physician first or an internist before seeing a surgeon. The exception is for injuries, as from an automobile accident, that are of such a nature as to require a surgeon.

A good surgeon really is too busy to sort through all the medical complaints that may not require surgery at all. That is why he limits his practice to surgery. A surgeon who is too enthusiastic about surgery, and there are some, often has his enthusiasm controlled by the internist who doesn't do surgery.

Finally, many patients who require surgery also have medical problems that need the skills of the family physician or the internist, in addition to surgery.

DEAR DR. LAMB—In counseling sessions I have been asked about the dangers of masturbation to the male, especially physical dangers, if any. Could you help me on this? Is it dangerous to a normally healthy man past 40 such as myself?

DEAR READER—The idea that masturbation is harmful still persists despite the general increased sexual awareness of our society. I am always amused by a report by Dr. Harold Lief, a well-known sex educator, that half of the seniors in one medical school surveyed in 1959 thought that masturbation caused insanity and that one-fifth of the faculty thought so too.

Fortunately that problem in medical schools is a thing of the past, and most modern medical schools include sensible sex education as part of the curriculum. About 90 per cent of today's practicing physicians accept masturbation as perfectly normal.

One of the earliest steps toward dispelling the old prejudices was accomplished by the late Dr. Alfred Kinsey and his staff in their surveys of human sexual behavior. Their studies revealed that masturbation provided about two-thirds of all sexual outlet for single men in college and that even after marriage about two-thirds of the males still masturbated occassionally.

All the significant surveys have shown that masturbation in either males or females is a normal form of sexual outlet. It does not cause insanity, pimples, knock-knees, homosexual behavior or any other mental or physical disorder.

Inappropriate masturbation may be a symptom of another problem. When it replaces entirely all other forms of sexual outlet in individuals old enough to have matured sexually and emotionally, it is a symptom of sexual maladjustment. Not because of masturbation, but because of the lack of other forms of sexual expression.

I can tell you from the many letters that I receive that it is not unusual in males or females, young or old. Many older individuals who have no sexual partner find release this way. I recall one letter from a man in his late 40s and the father of 10 children who wrote to ask about any possible damage it might be causing. Another man in his 80s wrote to ask if there was any danger that he might drop dead while doing it.

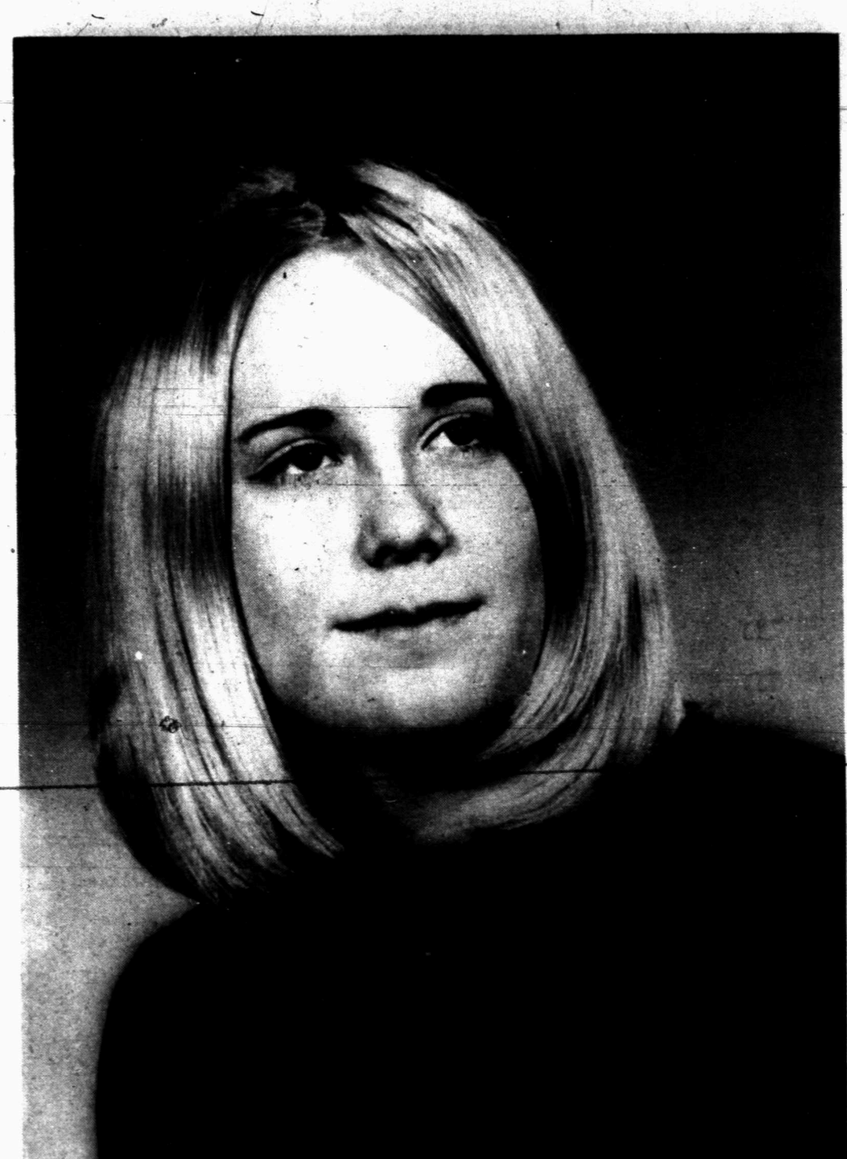

Many young boys are concerned about the practice, and because sexual tensions are very high in the teenage period they soon learn that all the resolve in the world will not enable them to break the habit. Those who have heard nightmarish tales about the dangers and evils of masturbation then carry a heavy burden of guilt and fear that can cause problems. It is the guilt feeling, not the masturbation, that is truly dangerous. One cause of psychological impotence in young men is a deepseated and unresolved guilt feeling about masturbation and misconceptions about its meaning.

To prevent psycho-sexual crippling that can occur from misinformation and guilt feelings, it is important that people understand the relatively innocuous nature of masturbation. It isn't necessary to encourage it, but it needs to be put in its perspective as part of the normal sexual behavior of most people, particularly at certain periods of their life.

Send your questions to Dr. Lamb in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019. While Dr. Lamb cannot answer all of your questions personally, he will answer representative questions in this column.

(Newspaper Enterprise Assn.)

Chemises aren't out of the fashion picture. This cool, comfortable design is especially good during late summer and early fall months when one wants to dress up a bit without feeling smothered by layers of clothing.

HEALTH TIP from DEAN

Just as an engine can't run without fuel, your body can't work efficiently without a good breakfast. This is especially true for rapidly growing youngsters. Over five week periods, late morning tests at Iowa University showed that in every instance when students ate no breakfast, they took longer to make decisions, were less steady, and able to less work. Earlier tests with adults showed that when they ate adequate breakfasts they had quicker reactions, did better work, and felt more alive'.

Top Hitters Have Varied Theories

By BRENT KALLESTAD
AP Sports Writer

"All You've Ever Wanted to Know About Hitting," is a collection of theories by three of baseball's top stars who can't agree on much of anything about the science of hitting.

Cincinnati's Pete Rose, Boston's Carl Yastrzemski and Minnesota's Rod Carew have one thing in common—they bat left-handed, although Rose does that only part of the time.

Despite their different philosophies they already have accounted for 10 batting titles, and Carew is a cinch to make it 11 when he notches his fourth straight crown and the fifth of his career this year.

"I liked it better when the mound was high," said Yastrzemski, who is 12 days short of his 36th birthday. "A guy my size can't supply the power to hit home runs, and a pitcher had more on the ball when the mound was higher."

Yastrzemski has won three American League batting championships with one included in his 1967 Triple Crown when he also led the AL in home runs and runs batted in.

"I've always felt that if you're not hitting, then it's up to a guy to do something about it," Yaz said. "And, on the other hand, when you're swinging well, you could care less who is pitching."

Rose believes the National League's artificial surfaces are widely misunderstood and that relief pitching has taken away a lot from the game's hitters.

"The relief pitching is almost getting ridiculous," said Rose, a three-time ve king. "Some guy making $60,000 a year comes in and gets two guys out and then another guy comes in—he's probably making $70,000—and gets another guy out, and most likely its the number eight or nine hitter."

The 33-year-old Rose entered the 1975 season with a .309 lifetime batting average and has had more than 200 hits six times in his career, including three years in succession.

"In 1973, when I got 230 hits, I was the only guy on our team who had much success at Riverfront Stadium," said Rose. "I really think people are misled about the turf. Some turf is beneficial. I'd say dirt and turf are good for a hitter. St. Louis, Pittsburgh and Houston are good hitting parks."

Carew, who has the highest lifetime batting average among active players in the major leagues, and the switch-hitting Rose are not power hitters like Yastrzemski.

"Why try to do something you're not cut out to do," says Carew. "I am not the kind of hitter who hits a lot of home runs, but I can make a good living hitting and stealing bases."

Carew, at 29 the youngest of the trio, says the World Series is his only goal. Yastrzemski and Rose already have been in World Series competition.

"I've done about everything else," said the Minnesota second baseman. "The World Series is the big apple that's left for me."

Yastrzemski says Carew is the best hitter in the game today and Rose tends to agree, although he hasn't had many opportunities to see the Twins' slasher.

"Carew must be something from what I've seen and heard of him," said Rose. "I know he gets the most out of what he's got and he's a great bunter."

All three have a strong chance to get 3,000 hits before stepping aside.

Yastrzemski started the season with 2,267 hits and 303 home runs.

"I won't count myself out," said Yastrzemski. "Age isn't as important as a lot of people make it out to be."

The Red Sox slugger also wants to play in another World Series, preferably this fall and perhaps across the chalklines from Rose, who wants to be remembered as the game's best switch-hitter.

"I think 2,880 hits is the record for a switch-hitter," said Rose, who entered this year with 2,337 base hits.

Carew still has a long road ahead for 3,000 hits, but he should reach the halfway mark by the end of the season. And, he apparently has established himself as a .375 hitter who will get 200 hits a year for several seasons, barring injury.

IRWIN PLUCKS HIS ACE FROM THE HOLE—Hale Irwin of St. Louis, Mo., reaches to take his golf ball from the hole on the 12th green after making a hole-in-one in the second round of the PGA tournament at Firestone Country Club Friday in Arkon. (AP Wirephoto)

Russell To Defend Titles

HOUSTON (AP) — Olympian Keith Russell will defend two national diving titles beginning Tuesday in the National Amateur Athletic Union (AAU) Outdoor Diving Championships at Woodlands Swim and Athletic Center.

Russell, a 1973 graduate of Brigham Young University, won the three-meter springboard and 10-meter platform diving titles in last year's AAU meet at Decatur, Ala.

Russell will be joined in the field by three other defending champions from last year's meet. They are Tim Moore, Westerville, Ohio, men's one-meter springboard; Christine Loock, Fort Worth, Tex., women's three-meter springboard; and Cynthia McIngvale, Dallas, women's one-meter springboard.

Teri York of Canada, who won the women's 10-meter platform title last year, will not return because of a recently adopted AAU rule that forbids foreign divers from winning national titles.

Other top men's entries include Air Force Lt. Phil Boggs, who qualified in all three men's events; Dr. James Henry, Colorado Springs, Colo., who will compete in all three events, and Michael Finneran, Worthington, Ohio.

Other outstanding women divers will include Jennifer Chandler, Lincolan, Ala., Janet Ely, Dallas; Carrie Irish, New Canaan, Conn. and Barbara Schaefer Nejman, Pittsburgh, Pa.

Also in the field will be Keala Watson of Honolulu, Hawaii, a 1968 Olympian who is making a comeback.

Tuesday's opening day of competition will include preliminaries and finals in men's one-meter springboard and women's three-meter springboard.

Moore, 21, has won six national AAU one and three meter springboard titles and two platform championships. He is a 1975 graduate of Ohio State University after winning three collegiate indoor springboard diving titles.

First and second place winners of the three-meter springboard and 10-meter platform competition here will qualify for the Pan American Games scheduled in Mexico City in October.

Rotan, S'Water Teams In Finals

Rotan and Sweetwater advanced to the finals in the Mini-Minor Division, while teams from Midland, Odessa, and Sweetwater took opening round victories in the Minor Division of the Miss Softball America tournament here Friday night.

Play was continuing Saturday in the Minor Division, while the Mini-Minor Consolation final was set for 7 p.m. between Big Spring and Snyder.

Rotan downed Big Spring, 15-4, and Sweetwater edged Snyder, 19-17, in the Mini-Minor openers Friday night. The Friday action sent the Rotan and Sweetwater teams into the championship finals set for 3:30 p.m. Sunday on the Farm League diamond.

In the Minor Division, Midland Blue downed Big Spring East, 26-14, Odessa East waxed Rotan, 24-1, Odessa West trimmed Snyder, 9-3, and Sweetwater sidelined Big Spring West, 6-3.

Saturday's action began with Sweetwater facing Midland Green at 9 a.m., with the winner of that one scheduled to meet Odessa East at 7 p.m. Midland Green drew a bye in the first round. In the other Saturday morning game, Midland Blue and Odessa West were to fight it out, with the winner advancing to the finals set for 1:30 p.m. Sunday.

In Minor Division consolation bracket play Saturday, Big Spring East was to meet Snyder and Big Spring West was to face Rotan at 1:30 p.m. The consolation finals in the Minor Division were set for 9 p.m. Saturday.

Thomas Yields Super Catfish

Two whopper yellow catfish along with a heavy run of channel cat dominated reports from Lake J.B. Thomas fishing last week.

Eddie Bradley Woolsey of Lake Thomas landed a 45-lb. yellow cat on perch, and Henry Everton, Snyder, has a 38-lber. on shad. Everton also caught two yellow cat 6½ and 9 lbs. and 34 channel cat to 3 lb.

E.E. Schuler, Snyder, had 30 channel cat to 1½ lb using lye soap bait; a 12 lb. yellow cat on perch; and a 5 and 8-lb. yellow cat on soap bait. W.D. Chaney, Snyder, landed 22 channel cat to 4 lb. on goldfish. Mike and Ella Bridge, Lake Thomas, caught 17 channel cat, one of them a 6-lber. David Payne, Big Spring, had 27 channel cat to 4 lb. and a 3-lb. black bass, the latter on minnows.

Leon May Brownfield, caught 13 channel cat on liver. Mr. and Mrs. Frost, Big Spring, had nine channel cat to 3 lb on shrimp. Richard Ones, Odessa, strung two channel cat to 5½ on minnows. Kathy Bell, Houston, caught seven channel cat to 2 lb. and 4-lb. yellow cat. Raymond P. Sobo, Big Spring, boated 11 channel cat to 1½ lb. Jackie Calvert, Snyder, had three channel cat, one a 6-lber.

Striped bass were in the forefront at Lake E.V. Spence.

At Y.J.'s Marinas, Ralph Wood and Linda Harris had two stripers to 4½ lb. Lois and Bill Schwager landed two striped bass to 5¾ lb, and Tim and Leslie Schwager had five black bass to 2½ lb.

Triangle Bait and Grocery reported Mr. and Mrs. Ralph Ross, Midland, with 14 channel cat to 2 lb.; Mr. and Mrs. Bob Carleton and Gregg of Hobbs, N.M., with 19 channel cat to 2 lb.

Wildcat Fish-A-Rama showed Mr. and Mrs. H.H Morris, Big Spring, with 41 channel cat, the largest 10 lb.; Vern Landrum Lubbock, with a 6-11 striper; Don Clemmer Andrews, a 5½-lb. striper; Jack Miller Lubbock, a a 6-lb. striped bass; and Fred Arthur and Del Houston, Lubbock, 26 channel cat to 3 lb, and a 5½ lb. black bass. At Hillside, Bill Bailey, landed 42 channel cat up to 4 lb.

Of the top 11 finishers in the 1975 U.S. Open, Frank Beard with 69 and 67 rounds, and Tom Watson, with early rounds of 67 and 68, were the only pros to better par during the 72-hole event.

Memphis Group Seeks Sounds

BALTIMORE (AP) — A group of Baltimore investors says it will meet Monday with American Basketball Association Commissioner Dave DeBusschere to finalize an offer to purchase the Memphis Sounds.

According to David R. Cohan, a member of the group as well as its attorney, the as yet unidentified investors are prepared to put down $250,000 as a down payment on the ABA franchise. Cohan said that DeBusschere verbally agreed to the purchase although it must be approved by the other ABA owners.

Cohan said the final contract would have to include a provision stating that Baltimore would remain as a franchise in the event of an ABA-National Basketball Association merger.

Wilkinson's Wife Files For Divorce

OKLAHOMA CITY (AP)—A suit for divorce was filed in district court here Friday by the wife of Bud Wilkinson, former University of Oklahoma football coach and now an ABC sports commentator.

Mary S. Wilkinson gave incompatibility as her reason for wishing to end her marriage to the 59-year-old Wilkinson.

The couple, married in Grinnell, Iowa, would have celebrated their 37th wedding anniversary on Aug. 27.

Mrs. Wilkinson listed in her suit only the couple's home in Oklahoma City as property acquired during their marriage.

An ABC official said Wilkinson was attending a golf tournamnt at the Firestone Golf and Country Club in Akron, Ohio, Friday and could not be reached for comment.

Mrs. Wilkinson declined comment.

Wilkinson coached the Oklahoma University football team to three national championships in 1950, 1955 and 1956.

EVERYONE IS ENCOURAGED TO DRESS THE WAY THEY DID IN THE "GOOD OLD DAYS." COVERED DISH DINNER SERVED AFTER THE SERVICE.

PRODUCTION SALE...REGISTERED HEREFORD CATTLE

Planned fall production sale of approximately 90 bulls. 20 would be around one year old with the remainder being between the ages of 18 months and 3½ years old---a good breeding age.
Sale will include approximately 100 TOP cows, most with calves and remainder to calve soon. Drys will be pregnancy tested.
Herd built from best blood-lines including: Mischiefs---Anxiety 4th---Real Silver---Sam Domino, & etc.
"To those interested in starting a registered herd--we could hand pick a good bunch of even ages and uniform appearance with a good bull to match."
All cattle in excellent shape, good ages, and calves are outstanding. A great opportunity to start a good herd of Registered Hereford cattle.
Some of these cattle were offered at our special auction in Big Spring, Texas the 26th of May. However, the date of the sale, being the Memorial Day Holiday and having a bad break in the weather, we only had 3 or 4 volume buyers, when their quota was reached, we were left with only a few packer buyers, hence, the reason for pulling the remainder of my cattle and the selling of them here at the ranch as open treaty. Of the approximate 80 head sold at the sale their prices ranged in the $500, $600 and $700 dollar brackets per pair.
Credit terms are available. We will carry own paper at 8½ per cent on or before date with approved credit rating.
We invite you to inspect our cattle, however, it would be advisable to call me at (915) 459-2438 around 10:00 p.m. and set up an appointment just to be sure that I will be on hand to meet you when you arrive at the ranch.
Ranch Location:
Out of Lamesa, Texas southwest on 349 for 12 miles (to withon one mile of Patricia, Texas)---turn south on 829 for about 14 miles. White stucco house west side of road.
From Stanton, Texas--2 miles west on north IS 20 Service Road--turn north on 829 for about 16 miles (one mile north of Wolcott Gin). White stucco house west of side of road.

—ALSO—
For sale my 1975 crop of 320,000 pounds of OATS and 387,000 pounds of WHEAT. To be sold at market price. Will load bulk grain out through our elevators. Contact A.C. WOODWARD - Tarzan, Texas 915 459-2438.

DIVERSIFIED

BY BILLY E. ROACH
COUNTY EXTENSION AGENT

COTTON INSECTS:

Cotton insects increased during the past week as was expected. Most noticeable increase was in boll worms. This was also expected. All the rain we have received and high temperatures along with higher than average humidity have been favorable for the bollworm.

In checking some of these fields we do find damage. I'm not smart enough to say whether it will pay to try to control them at this time, at present prices, at this low population infestation. The population level of infestation of the bollworm when it is recommended for control measures, has probably been reached. However, you as a producer must also consider the cost of control measures, the number of times you will have to follow up, the economic loss now and what you expect to receive for your cotton. These questions are hard and if not impossible to answer, but considerable figuring needs to be done before beginning control measures.

At the present time in the fields I have seen, the worms are all sizes and only the very young (1-3 inch or shorter) can be successfully controlled with insecticide. Very few eggs are present in those fields checked.

It takes about 35 days from egg to adult for bollworms. The eggs hatch in about three days. The young worm feeds on the tender leaf buds and small squares in the terminal before attacking larger squares and bolls. The larbal or worm period lasts about 18 days and 14 more days are required to complete transformation into the pupal stage.

Recommended insecticides are listed in the Guide for Controlling Insects in the Rollings Plains, No. L-508, available in my office.

PECAN INSECTS:

If you have noticed your pecan tree lately you are probably finding a sticky excretion on the leaves. This is honey dew being caused by aphids.

There are two aphids which cause damage to pecan trees, the black pecan aphid and the black-margined aphid or yellow aphid. Both these aphid secrete honey dew which sets up an ideal medium for the development of sooty mold.

Extremely heavy infestations of aphid can cause defoliation in late summer or early fall, which will result in reducing the current and succeeding crop.

Gunthion or Malathion should give control if the producer feels it is necessary to control them.

OTHER PROBLEMS:

Early August is a good time to apply control measures for grub worms. Diazinon is recommended.

Check your grape vines, if leaf hoppers are bad, spray with Sevin.

Aphids seem to be prevalent on many different plants. Diazinon should give good control and harvest waiting period is short.

Spider mites continue to cause problems. Two or three applications of a miticide such as Diazinon, Guthion, Kelthane, Ethion, Cygon and others will control. Be sure and follow the label and check the product before applying to edible crops.

SCREWWORM ALERT:

There have been two cases of screwworms confirmed in Kent and Wichita Counties. Producers are encouraged to be on the alert for possible screwworm cases and submit samples to Mission for identification. Mailing cartons are available in my office for this purpose.

Postponing of surgical practices at this time would be most advisable.

THANK YOU

MEET JOE SENTELL

Let's get one thing straight about Joe Sentell. He is not. . .definitely, he is not. . .a crack billiardist like Greenleaf or Ponzi. Why, he thinks body English is another name for Twiggy. He's the originator of the messy masse. To him, side pockets belong only on pants.

However, whatever Joe Sentell's shortcomings on a pool table, when he takes aim at any insurance problem you drop in his lap, you'll get results. In fact, if you're behind the 8-ball as regards insurance; if you're paying too much for too little; if the coverage just isn't tailored to your needs, here's a cue: Call on Joe Sentell, 2615 College, 573-3791.

"BE OUR GUEST" FOR 1,600 MEALS!

Now you can air condition your home and save both electricity *and* money—when you buy a new Payne model RCUH or RCUHL high-efficiency system. These models are up to 28% more efficient than standard models. That means they use only about three-fourths as much electricity. In fact, an average family could save enough electricity in one year to cook up to 1,600 meals on an electric range—or run their color TV free for up to three years.*

PAYNE HIGH EFFICIENCY AIR CONDITIONING

The new Payne high-efficiency system may cost you a little more to buy—but real quality always does!

Payne

SCHOLARSHIP PRESENTED—For the second year, the Altrurian Club has presented a full scholarship to Western Texas College. Pictured above are Miss Evelyn Boone, club president, Mrs. W.C. Wheeler, vice president, Dr. Ben Brock, WTC vice president, and Mrs. Alvie Dolen, Altrurian Club treasurer, as the $300 check was formally presented to the college. The Altrurian Club has given a WTC scholarship each year since the college opened.

CLASSES BEGIN AUGUST 25

Snyder School Teachers To Report August 18

Orientation for faculty and staff of Snyder Public Schools will begin Monday, Aug. 18, for the 1975-76 school term. Classes will begin on Monday, Aug. 25.

Faculty members are to report at 8:30 a.m. at the Snyder High School Auditorium for registration and coffee. A general faculty session is set for 9 a.m. to noon, with Jack Gorman, assistant superintendent presiding. Delbert Downing will be guest speaker at the general meeting.

The morning's program will include the invocation by the Rev. Otto Schaufele, pastor of First Christian Church and president of the Scurry County Ministerial Alliance; the pledge of allegiance led by James Stehley, principal of Snyder Junior High; the singing of America, led by Bill Lyon, high school choral director, accompanied by David Vaughan; anouncements by heads of teacher professional organizations and welcome by Mayor Bill Vestal, School Board President Bill Eiland, Chamber of Commerce President Joe Williamson and Supt. Bill J. Hood.

In the afternoon, teachers will go to their respective buildings for meetings, with principals presiding. The Texas State Teachers Association and Classroom Teachers Association will sponsor an ice cream supper honoring new faculty members at 7:30 p.m. at the Towle Park Barn.

The schedule for Tuesday, Aug. 19 will include senior student registration at the SHS Student Center from 8 a.m. to noon, and junior student registration from 1 p.m. to 4 p.m. Elementary and junior high teachers will meet at the respective buildings, with a first grade Distar-meeting set for teachers and aides at West Elementary.

On Wednesday, Aug. 20, sophomores will register from 8 a.m. to noon and freshmen will register from 1 p.m. to 5 p.m. at Snyder High School. A curriculum study and development session has been set for junior high teachers, while elementary teachers will meet at their respective building, with exception of second grade Distar teachers and aides who will attend a workshop at West Elementary during the morning hours, and third grade Distar teachers aides who will attend the workshop in the afternoon.

On Thursday, Aug. 21, high school faculty will meet in the morning at the SHS building and the junior high curriculum study and development session will continue. Elementary workshops are scheduled, with consultants presiding, in science for grades 1-3 and English and grammar in grades 4-6 at Stanfield Elementary. Kindergarten teachers will meet at North Elementary. In the afternoon, teachers in grades 4-will attend the science workshop and the teachers in grades 1-3 will be in the English-grammar workshop.

The study sessions and meetings will continue with teachers in their respective building on Friday morning.

Cat Has Problem

SEATTLE (AP) — Bernie, the feline pet of the Robert Aley family, has a problem.

The Aleys noted that Bernie was using the neighbor's walkway rather than his own. Then the Aleys discovered why.

Comfortably installed in Bernie's favorite parking spot, an old laundry room window well, were a mother raccoon and her four kits. Now the Aleys leave out food for the raccoon and the food is gone each morning.

Meanwhile, Bernie just makes the best of a troublesome problem.

Registration Schedules For Snyder Public Schools

Registration schedules for the Snyder Public Schools 1975-76 school year have been announced by the school administration.

Elementary pupils—kindergarten through sixth grade—will register at the elementary school in their attendance area on Thursday, Aug. 14, between the hours of 9-12 a.m. and 1-4 p.m. It is not necessary that the student himself be at registration, but a parent is essential so that registration cards may be signed by an adult member of the family. An activity fee of $2 per child for purchasing student workbooks; meal tickets at 55c per meal, $2.75 weekly, $5.50 two-weeks, or $11.50 monthly may be paid at this time.

Parents of Kindergarten and first grade children should report on Aug. 14 even if they pre-registered in the spring. Kindergarten classes will be offered in all elementary schools. Since there are kindergarten classroom space limitations at some of the elementary schools, it may be necessary to assign some students to an elementary school other than the one in their attendance zones.

Health records are necessary for all students new to Snyder schools, and birth certificates will be needed for kindergarten and first graders unless these have been submitted to the schools previously.

Students in the 7th and 8th grades who are new to the Snyder school system will register at Snyder Junior High school on Thursday, Aug. 14, also.

Lunches for students at the junior and senior high school levels are 65cents per meal, $3.25 weekly, $6.50 two-weeks, or $13.00 monthly.

Snyder High School

The schedule for registration of Snyder High School students for 1975-76 school year has been set.

High School students new to the Snyder schools will pre-register from 9:30 a.m. to 4 p.m. on Wednesday, August 13, in the high school counselors' office.

All students will be required to report to the student center at Snyder High School according to the schedule below. Students will be registered according the the first letter of their last name with the exception of I.C.T., D.E., and Voc.Ag. Co-op.

Freshmen: Aug. 14
9:00 Q, R
10:00 S
11:00 C

1:00 D, E
2:00 F, T, U, V
3:00 W, X, Y, Z

Freshmen: Aug. 15
9:00 A, B
10:00 G
11:00 H

1:00 I, J, K, L
2:00 M, N, O, P

Seniors: Aug. 19
8:30 I.C.T., D.E., Voc.-Ag. Co-op
9:00 T thru Z
9:30 A thru B
10:00 G thru L
10:30 M thru P
11:00 Q thru S
11:30 C thru F

Juniors: Aug. 19
1:00 I.C.T., D.E., Voc.-Ag. Co-op
1:30 C thru F
2:00 Q thru S
2:30 A thru B
3:00 T thru Z
3:30 M thru P
4:00 G thru L

Sophomores: August 20
9:00 G thru L
10:00 M thru P
11:00 C thru F

1:00 Q thru S
2:00 A thru B
3:00 T thru Z

Students enter the front doors at Snyder High School. I.D. pictures will be made (please bring social security number). Students are expected to be in conformance with the school dress code. Annual pictures will be made on the 20th. All students will need to come on the 20th for annual pictures.

Students planning to park their cars on school property must obtain a parking permit for 25 cents. Lockers will be assigned during registration. A $1 fee for a locker will be charged for seniors wanting a locker in the student center. Other lockers with locks are also available for the 9th, 10th and 11th graders for a fee of $1.

Coffman Named Associate Prof Of English

The appointment of Sue Coffman as associate Professor of English at Western Texas College has been announced by Dr. Ben Brock, vice president.

Miss Coffman will receive the Ph.D from North Texas State University in December with a major in English. She holds the bachelor of arts and the master of arts degrees from NTSU.

She is a member of Kappa Delta, Mortar Board Alumnae, National Education Association and the National Council of Teachers of English. She was named to Who's Who in American colleges and Universities and as an undergraduate was a member of the Women's Forum, Sigma Tau Delta, Kappa Delta, Alpha Lambda Delta and Alpha Chi.

Miss Coffman has served as a teaching assistant at NTSU for the past two years. She has previously served as chairman of the English department at Central High School in Seat Pleasant, Md., and taught in Upper Marlboro, Md., and in Fort Worth, her hometown. She worked as a writer-editor for the National Park Service in Washington, D.C., for a year.

Barkowsky To Receive His EdD Degree

MUNCIE, Ind—Edward Richard Barkowsky, associated professor of English, Western Texas College, Snyder, will have the doctor of education degree in English (British and American literature) conferred upon him during Ball State University's summer commencement, to be held at 11 a.m. Friday in Emens Auditorium.

Born in Lamesa, Texas, Barkowsky is a 1960 graduate of Flower Grove High School, Ackerly. He received his bachelor's degree in 1964, and the master's in 1968, both from Texas Tech University. He also studied at Saint Paul School of Theology, Kansas City, Mo.

Barkowsky taught from 1967-74 at South Plains College, Levelland, Texas. He was also supply pastor at Singer United Methodist Church, South Plains, from 1966-74.

His dissertation is: "The Popular Christian Novel in America, 1918-1953."

Barkowsky resides at 4508 El Paso Avenue, Snyder.

Feathered Teaching Aides

NEW YORK (AP) — Teaching aides usually don't come decked out in yellow feathers but this fall many grade-school teachers across the U.S. will be using the very yellow Big Bird and his "Sesame Street" cronies to turn new and problem learners on to reading.

It's all part of a new three-part multimedia reading assistance program jointly developed by the Children's Television Workshop and the Addison-Wesley publishing company to give teachers the proven appeal and popularity of "Sesame Street" and CTW's grade-school-level reading show, "The Electric Company," as tools to head off reading failure.

One of the three supplemental classroom reading kits based on "Sesame Street" is designed to teach prereading on the kindergarten and first-grade levels. The other two, one of which is already being used in schools, employs "Electric Company" characters to teach important first elements of the actual reading process.

THE WAY IT WAS—This is how the front of the Ira School building looked before summer repairs and improvements were initiated.

HOW IT'S GOING TO BE—Lesley Shelburne points to one of the new "slim" windows being installed at the Ira School building as Supt. Myron Crawford looks over the project.

Ira Schools Have New Look, Superintendent

IRA—Teachers will report Aug. 11 and pupils Aug. 18 for the opening of the new term in Ira Public Schools and they will find a new superintendent and some new surroundings when they arrive on the campus.

Myron Crawford has succeeded Roy Salle as superintendent. Sallee accepted the position of superintendent of Aspermont Public Schools earlier in the summer after serving as Ira superintendent for 20 years. Crawford has been serving as principal at Ira.

Teachers and pupils will find extensive improvements to both the outisde and inside of the Ira School buildings. New windows and a new front have been added to the outside of the building. Inside, carpeting has been installed throughout, all rooms have been painted, new ceilings have been installed and new lighting has been installed in all rooms.

Teachers will begin their in-service work days Monday, reporting at 8:30 a.m. and continuing each day to 3:30 p.m. On Thursday, the teachers will go to Hobbs for an in-service workshop, and on Friday they will go to the regional service center in Abilene for an all-day workshop.

On Monday, Aug. 18, pupils will register and there will be a full day of school work, from 8:30 a.m. to 3:35 p.m.

Plans are being made to hold an "open house" on Sunday, Aug. 17, between the hours of 1 p.m. and 4 p.m. for the public to see the improvements made to the Ira school facilities.

The Ira Schools, along with others, will be on the quarter system for the first time this fall. Kindergarten classes will start on the second quarter of the school year, which will begin on Nov. 12. The kindergarten will operate on a full day schedule.

The Ira School staff remains unchanged from last years, except for Crawford succeeding Sallee as superintendent and Bruce Land succeeding Crawford as principal.

Hermleigh Begins Classes Aug. 15

HERMLEIGH—Teachers in Hermleigh Public Schools will report on Aug. 12 and classes for the 1975-76 term will begin on Friday, Aug. 15.

Larry Dooley of the Regional Media Center will be in charge of a teacher workshop on Aug. 12, and another workshop will be held on Aug. 13, with high school registration set on that date from 9 a.m. to 4 p.m.

Hermleigh faculty members will go to Hobbs on Aug. 14 to attend a Small Schools Association Workshop for area schools from 9 a.m. to 3 p.m.

Elementary school pupils will enroll on Aug. 15, which is the first day of classes.

The Hermleigh Elementary School faculty is composed of Tommy Riley, principal, Brice Fuqua, Joyce Fuqua, Billie Haynes, Timmy Mosley, Jacque Taylor and Barbara Dressler, teachers and Bertha Holdridge, Linda Hughes, Johnie Riley and Nita Rodriguez, teacher aides.

The high school faculty is composed of Ray Simmons, superintendent; George Vicary, principal; Fred Mercer, Brenda Mitchell, Brenda Row, Richard Smith, Clarence Spieker, Ken Long, Phyllis Smith and LaVon Bridges.

Cotton Stahl is school custodian and the school secretary is Jane Smith.

The Hermleigh School Board will meet at 7:30 p.m. Aug. 12 to discuss the district's annual budget.

Dr. Fleer Joins Faculty At WTC

Dr. Gilbert E. Fleer will join the faculty of Western Texas College as a counselor this fall, Dr. Ben Brock, WTC vice president, has announced.

A native of Missouri, Dr. Fleer was graduated from Central Methodist College in Fayette, Mo., Drew University in Madison, N.J., and East Texas State University in Commerce. He has been employed as a teaching assistant in the Student Personnel and Guidance Department at ETSU and had taught courses in religion at the University Christian Center at ETSU from 1971-74.

He previously served as director of youth work for the Lovers Lane United Methodist Church in Dallas and the Missouri Wesley Foundation at Columbia, was director of an experimental young adult project in Kansas city, and served as assistant professor of religion and sociology at Central Methodist College. He is a veteran of two years service in the Army.

As a student, Dr. Fleer was named to Who's Who in American Colleges and Universities, Pi Gamma Mu, the C Club (letterman's club), and Omicron Delta Kappa. He presently holds membership in the Texas Personnel and Guidance Association and is a clinical member of the American association of Marriage and Family Counselors.

Dr. and Mrs. Fleer are the parents of three children, ages 18, 15 and 12.

Jr. High Band Rehearsals Set

Snyder Junior High School "A" Band members will begin rehearsals Monday. The rehearsals will continue from 9 a.m. to 10:30 a.m. daily through Friday, Aug. 15.

Students should bring instruments for all rehearsals. If anyone is unable to attend, Sam Robertson or Lynn Cooper, junior high band directors, should be notified by calling 573-3553 between the hours of 9 a.m. to 12 noon, or from 2 p.m. to 4 p.m.

Any student who is not now enrolled in band but is interested in enrolling should go by the band hall or call 573-3553 any afternoon between 2 p.m. and 4 p.m.

Seventh grade beginners will not meet until the first day of school.

Instructor Rejoining WTC

Charlotte Strasner McDonald will be re-joining the faculty of Western Texas College at the opening of the 1975 fall semester, Dr. Gene McClurg, Dean of Occupational Education and Technology, has announced.

Mrs. McDonald will again be an instructor in Secretarial Science. She was first employed as an instructor by WTC in the fall of 1972, moving to Snyder from McCamey where she had been employed as business instructor in McCamey High School.

She resigned from the faculty of WTC in the spring of 1974 shortly before her marriage to James C. McDonald. She taught a class for educationally disadvantaged adults offered through WTC in Post last spring. Mr. and Mrs. McDonald will make their home in Post, where he is employed as a coach.

A graduate of DeLeon High School, Mrs. McDonald received the bachelor of arts degree from Howard Payne College. She later earned the master of education degree from Texas Tech University.

When tree sap, insect spray, cinders or salt fall on a car, immediate washing is required. Otherwise foreign matter can destroy the car's finish.

21 New Personnel In Snyder System

Twenty-one new faculty and staff members will be asociated with Snyder Public Schools this fall.

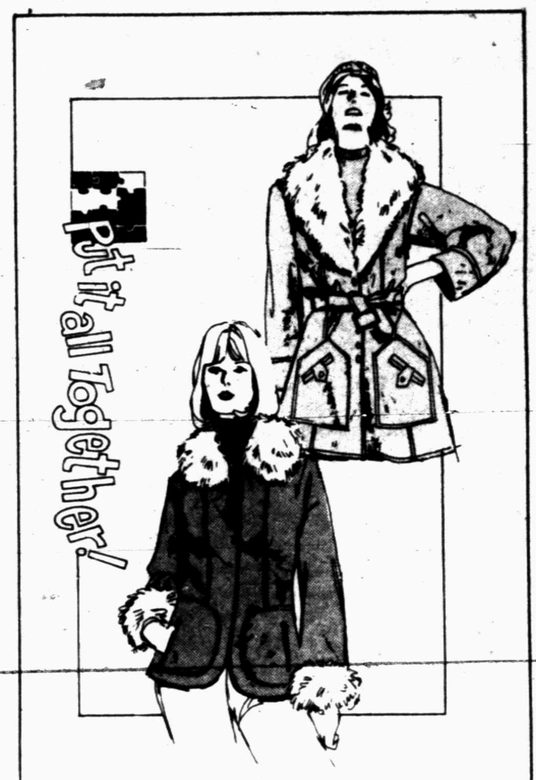

They include teachers, coaches, band directors, and one new administrator, Dr. Thomas Scannicchio, new curriculum coordinator, De. Scannicchio came here from Austin.

Other new personnel include Mrs. Billie Adams, fourth grade teacher at North Elementary; Mrs. Darlene Beard, homemaking teacher at junior high; Richard Bell, exchange teacher from England, who will teach at West Elementary; Alvin Bolton CVAE at high school; Jackie Brownd, coach at high school; Lynn Cooper, assistant band director at junior high; Mrs. Genevieve Gallegos, girls physical education teacher at junior high; Mrs., Mary Lou Griffin, girls physical education teacher at junior high; Terry Huestis, industrial arts teacher at junior high; Mrs. Sandra Johnson, sixth grade teacher at North Elementary; Mrs. Linda Joslin, resource teacher at junior high.

Also, Karrie Jane Lynn, girls physical education teacher at junior high; Mrs. Beverly Robertson, secretary at high school; Sam Robertson, band director at junior high; Roy J. Rosson, fifth grade teacher at Northeast Elementary; Ms. Patsy Rainwater, girls physical education at high school; Mrs. Kathie Sherman, resource teacher at Stanfield Elementary; Mrs. Trina Taylor, music teacher at Northeast elemenary; Mrs. Mollie Walker, first grade teacher at Central Elementary; Jane A. Wilson, physical education teacher at high school.

WTC Enrollment Has Increased Each Year

Western Texas College held classes for the first time in the fall of 1971, using "borrowed" classrooms in various locations because its own buildings were not completed.

Fall classes will open again at WTC on Sept. 4 on a campus far different from that viewed by those first students. There are 17 buildings, adequate to serve 1,500 students easily, including men's and women's dormitories planned to house 192 students.

Enrollment at WTC has increased each year. Figures compiled by Dr. Duane Hood, Dean of Student Services and Registrar, are as follows:

ENROLLMENT ANALYSIS—FALL SEMESTERS

WTC Students Pre-Register Aug. 25-29

Pre-registration for the fall semester at Western Texas College will be held from 8 a.m. to noon on Aug. 25-29, Dr. Duane Hood, Dean of Student Services and Registrar, has announced.

Students pre-registering will go first to the registrar's office in the Administration Building, then go to counselors' offices to work out schedules and finally to the business office for payment of fees. They will return to the campus on registration days, Sept. 2 and 3, only to receive identification cards and parking permits.

Classes in the fall semester will begin Sept. 4.

Davis New Aids Officer

A Snyder resident, Glenn N. Davis, has been named new Financial Aids Officer at Western Texas College, Dr. Ben Brock, WTC vice president, has announced.

Davis is a graduate of Rule High School and received the bachelor of arts in sociology from Midwestern University in Wichita Falls in 1971. He has done additional study at Cameron College in Lawton, Okla. As a student, he was a member of Tau Kappa Epsilon and a member of the Interfraternity Council.

Davis has been employed by the State Welfare Department in Snyder since 1973.

Bicycles Used On Long Deck

PORT ELIZABETH, South Africa (AP) — The deck of the Cassiopeia, a large Swedish ore carrier docked here, is so long that some crew members use bicycles to get from one end to the other.

The ship is 772 feet long and 102 feet wide so that three rows of 30 end-to-end tennis courts would almost blanket the deck.

Capt. Ove Prytz says three bicycles are kept on board so that crew members can move quickly from one end of the vessel to the other.

IN MID-MANAGEMENT

Henderson, Lewis Named Instructors

Two new instructors have been named for the Mid-Management program at Western Texas College, Dr. Gene McClurg, Dean of Occupational Education and Technology, has announced. They are Charles H. Henderson of Hermleigh and Royale D. Lewis of Fluvanna.

Henderson, a graduate of Hermleigh High School, served in the Army from 1951-1953. He attended Odessa College before enrolling at Texas Tech University where he received the bachelor of business administration degree. He was awarded the master of education degree at Colorado State University. He has been employed by the Sweetwater Independent School District during the past year, and previously taught at El Paso Community College.

He is a member of the Texas State Teachers Association, the National Faculty Association, the American Vocational Association and the Lions Club. Mr. and Mrs. Henderson are the parents of two children.

Lewis was graduated from Ackerly High School and received the Associate in Arts Degree from Lubbock Christian College. He attended Texas Tech University and was graduated from West Texas State University. He has also taken courses at WTC and was named to the Dean's List.

Lewis is engaged in farming near Fluvanna, and was employed as a Scurry County deputy sheriff for about two years. He is a veteran of four years service in the Marine Corps. Mr. and Mrs. Lewis are the parents of two daughters and a son.

Dennis Named Diesel Instructor

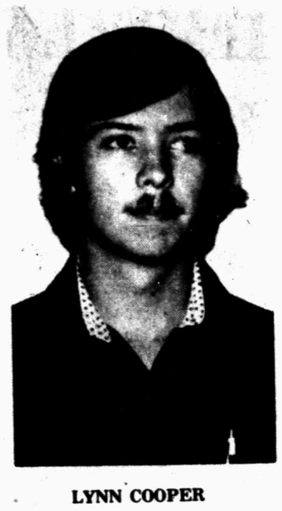

Western Texas College has employed Jerry M. Dennis as Diesel Mechanics instructor beginning with the 1975 fall semester, Dr. Gene McClurg, Dean of Occupational Education and Technology has announced.

Dennis was graduated from Snyder High School in 1954 and served in the Marine Corps from 1954-57. He has more than 14 years experience as a mechanic with most of that time spent in Bailey County where he maintained and repaired county owned machinery of various types.

He has been employed by Womack Drilling in Snyder since January, 1974, and has been a student at WTC where he has completed 26 hours in Diesel Mechanics.

SAM ROBERTSON

LYNN COOPER

Junior High Band Directors Named

The instrumental music department of Snyder Public Schools has announced the appointments of two new band directors for Snyder Junior High School.

Sam Robertson is the head band director at the junior high, and Lynn Cooper is the assistant.

Robertson came here from Hearne, where he taught for one year. Previously he was at Smyer for two years, at Lockney for two years and at Seminole for six years. His band have been consistent UIL winners and in 1972 he directed the Seminole Band to the Region XVI AAA honor rating.

A graduate of Palo Duro High School in Amarillo, Robertson was active in band and sports at both local and regional levels. His college work was completed at Texas Tech University where he earned both his bachelor of music education and master of music education degrees. The past year he worked for Robert Heath Trucking Co., driving from Texas to California.

Robertson is married and has three children, Dayton, 13, Bradley 11, and Mindy 18 months. His wife, Beverly, is employed as a secretary in the school system.

Cooper moved to Snyder from Longview. He is a 1970 graduate of Longview High School and while there he was a member of the marching, concert and stage bands. He received consecutive first division medals for UIL solo and ensemble competition. He was a member of the All-Region IV band for two years and first alternate to the all-state band in 1969. In 1970 he made the TMEA All-State Band on alto saxophone.

Following graduation from high school, he attended Stephen F. Austin State University where he received the bachelor of music degree last December with emphasis on woodwind instruments. He was a member of the Lumberjack marching, symphonic and concert bands and the "Swingin' Axes" lab band and various woodwind ensembles for all four years at AFASU. He was presented the "outstanding member award" in the spring of 1974. He is also a member of Phi Mu Alpha, professional music fraternity.

Cooper is married and has a daughter, Heather, 18 months old. His wife, Ramona, is an accomplished twirling instructor. She is a member of the Southwest Twirling Academy and the International Twirling Association.

Fishy Tale

PORT ELIZABETH, South Africa (AP) — Francis Lombard of Port Elizabeth has a fishy tale for his insurance agents.

He claims a whale fell on his car, denting the roof and damaging the windshield.

The whale is a fiber-glass model mammal which stands near the entrance to a seaside resort hotel at Plettenberg Bay.

A strong gale recently lifted the whale from the ground and it came crashing down on Lombard's brand new car parked nearby.

Farmer's Dig Metric System

RACINE, Wis. (AP) — The metric system apparently rates low with farmers, if one is to judge from a recent poll conducted by Wisconsin Agriculturist, a farm magazine.

Farmers were asked. "Since most countries of the world now use the metric system, it has been suggested that we adopt it." Only 17 per cent said we should adopt it. Sixty-three per cent were against it and 20 per cent were undecided.

Special Texas School Projects Get Fed Funds

AUSTIN—A total of 146 new or continuing special projects developed by Texas school districts, state schools, and regional education service centers will receive more than $4.1 million in federal funds during 1975-76.

The funds, allocated on a competitive proposal basis by the Texas Education Agency, are made available under Title III of the Elementary and Secondary Education Act originally passed by the Congress in 1965.

Each program will be monitored by members of the Texas Education agency staff throughout the school year, according to Miss Dorothy Davidson, associate commissioner for general education. "Some of thse programs are going into their third year, a fact which in itself proves good ideas keyed to specific needs can be made to work," Davidson points out.

Texas school districts allocated grants under the Title III program include: A&M Consolidated-- individualized instruction in dental health, $10,141; Alvin--career education, $28,500; Amarillo -alternative high school, $85,550;

Anson--reading curriculum modification, $10,925; Austin--accountability and evaluation, community education, individualized instruction in math, science, and at the secondary level, $168,468.

Also Ben Bolt-Palito Blanco--individualized instruction in reading, $12,350; Bonham--curriculum modification in reading, $15,200; Canyon--junior high math, community education, and reading, $28,270; Carthage--math individualized instruction, $9,500; Columbia Brazoria-- early childhood, $13,300; Comal--community education, $17,000; Commerce--career education, $18,050,

Also, Corpus Christi - alternative education center, reading center for teacher education, staff development, handicapped, and career education, $177,857; Crowley--community education, $11,790; Cuero--handicapped, $17,700; Daingerfield-Lone Star--reading and math staff development, $12,350; Dallas--handicapped,, physics, individualized instruction, career education, reading, gifted and talented, $258,967.

Also, Denton - elementary guidance, $26,937; Eagle Pass--career education, $15,354; Ector County (San Angelo), guidance and counseling, $38,000; Eden--community education, $10,000; Edinburg--career education, $17,150; El Paso--career education, arts and humanities, $42,750; Eustace--individualized instruction, 11,400; Fort Worth--environmental education, bilingual, secondary mainstreaming, $55,392; Georgetown--career education, $14,140.

Also; Gonzales - individualized instruction, $23,750; Granbury--career education, $6,973; Grand Prairie--early childhood-education, $9,500; Grapevine--community education, $11,790; Hallsville--early childhood, $11,100; Hamlin--diagnostic reading instruction, $9,500; Harlingen--career education and teacher renewal, $50,502; Harris County--environmental education, $47,285.

Also, Hitchhock--community education, $11,400; Houston--alternative school, bilingual-bicultural training program, handicapped, and ethnic arts center, $134,915; Huffman-reading, $11,400; Irving--math, career education, environmental education, $30,232; La Porte--individualized instruction, $16,910; Lewisville--career education, guidance and counseling, $45,932; Lockhart--community education, $12,350; Longview--individualized instruction, health screening program, $34,912.

Also Mesquite-gifted and talented, $11,400; Nacogdoches--biology, $14,250; Paint Rock--accountability, $28,500; Pampa math, $14,250; Pasadena--math, $23,850; Perrin--reading, $9,500; San Antonio--accountability, $70,110; Shelby County--careereducation, $7,903; Spring Branch--instructional resources, $15,200; Springtown--community education, $11,400; Stamford--reading, $8,075.

Also, Stephenville--community education, $12,350;

Sulphur Springs--career education, $17,100; Sweetwater, career education, $15,000; Waco - math psycholomotor laboratory creative art for the handicapped, $63,669; Wall--reading, $15,200; Waxahachie--handicapped, $22,000; Weatherford - community education, $11,500; Weslaco-bilingual, $19,00; Wildorado--individualizedinstruction, $4,560; Yoakum--individualized instruction, $26,220; Ysleta--reading $23,750. State schools receiving grants include: Austin $33,500; Brownwood- $7,820; Corpus Christi--$66,018; Lubbock--$42,920; Mexia--$22,118; Richmond--$26,000; and Travis--$15,000.

Education Service center grants include: Region I, Edinburg - $91,200 Region II, Corpus Christi--$74,100; Region III, Victoria--$38,952; Region IV Houston--$367,650; Region V, Beaumont--$63,650; Region VI, Hunstville--$45,600; Region VII, Kilgore--$82,650. Region VIII, Mt. Pleasant-- $34,208; Region IX, Wichita Falls--$28,500; Region X, Richardson--$328,250

Also, Region XI, Fort Worth--$134,748, Region XII, Waco--$62,700; Region XIII, Austin--$78,000; Region XIV, Abilene--$33,250; Region XV, Angelo--$33,00; Region XVI, Amarillo--$53,150; Region XVI, Lubbock--$60,800; Region XVIII, Midland--$50,475; Region XIX, El Paso--$69,000; Region XX, San Antonio--$157,558.

Mills Joins Agriculture Program

Western Texas College will expand its agricultural program this fall with the addition of Kent Mills as ranch management instructor, Dr. Gene McClurg, Dean of Occupational Education and Technology, has announced.

Mills was graduated from Richardson High School and received the bachelor of science degree from Texas A&M University in May, 1970, with a major in ranch science. He was employed part-time by the Range Science Department at A&M as a student and was employed by the USDA Farmers Home Administration for two summers while attending A&M.

Mills was comissioned a 2nd Lieutenant in the Army upon graduation from A&M and served as Infantry Platoon Leader in combat in Vietnam with the 101st Airborne Division (Airmobile). He has been employed by the Fuller Ranch north of Snyder since September, 1972.

Mississippi seceded from the Union in 1861, but was readmitted in 1870.

Business Recovery Restricted

AUSTIN (AP) — Considering 1975 economic conditions, Texas business is likely to have a restricted economic recovery for the 1975-1980 period, the Texas Business Review said Saturday.

"Impressive evidence now indicates an end to the slide of the Texas economy," said James L. Weatherby, assistant professor of economics at the University of Texas, in a special report for the Review. He pointed to an increase in industrial production in Texas for the second straight month and the increases in the average work week for manufacturing and nonmanufacturing.

"In Texas, the petroleum-intensive industry and expanding population have insulated the state from the severe fall in economic activity suffered by most of the nation," Weatherby said. "However, an upturn in the national economy is vital for the resumption of a healthy economic climate in Texas. The degree of integration of the Texas economy with the economy of the rest of the United States is high and the vitality of the Texas economy is intimately linked to that of the nation as a whole."

Weatherby said that "resurgence of the Texas economy should bring unemployment down in the El Paso and Sherman-Denison areas, which have been particularly hard hit by the downturn. Although there will be marginal improvements in the unemployment rates in Laredo, Brownsville and McAllen, the recovery will not be strong enough to reduce these rates significantly," he said.

"The pace of economic activity in Austin and Houston, where the economies have recently faltered, should begin to increase soon."

Weatherby said if the gross national production increases rapidly and lowers the national unemployment rate to 5 per cent by 1980, then Texas' approximately 6 per cent unemployment rate in 1975 should be about 4.7 per cent in 1980. If the national unemployment rates only decreases to 6.8 per cent by 1980, then Texas would have an unemployment rate of 5.4 per cent.

"In the end, given the threat of resurging inflation, the most plausible form of recovery is the restricted one," Weatherby said. "For Texas, the restricted recovery would mean a gradual fall in the unemployment rate to 5.4 per cent in 1980.

SRSU Representative Due At WTC Aug. 25

Registration will open Aug. 25 for extension courses to be offered by Sul Ross State University at Western Texas College.

A representative from SRSU will be in the extension center office in the WTC Administration building from 6:30-8 p.m. on Aug. 25 for consulation with students. Registration will be continued from Aug. 25-Sept. 5 during regular office hours at WTC. Classes are to begin Sept. 8, with the semester closing Dec. 18.

Eleven courses are tentatively scheduled for the fall semester. They are:

Ed. 5307-Graduate Research

Ed. 5309—Administration and Utilization of Modern Media and Innovations in Education

Ed. 5310—Educational Statistics

Ed. 5323—Individual Diagnostic Procedures (Prequisites: Ed. 5306, Ed. 5315, Ed. 5321 or work in special education meeeting requirements)

Ed. 6308—Advanced Studies in Child Growth and Development

Ed. 7303—Techniques of Counseling

Ed. 7304—Curriculum Development in the Elementary School

Ed. 7305a—Workshop in Education - School Administration (Student should be in final phase of maters' program before enrolling in this class)

Ed. 7305b—Workshop in Education - Educational Diagnostician - Elementary Education-Secondary Education (Student should be in final phase of masters' program before enrolling in this class)

Ed. 7307—Theories in Administration

P. Ed 5301—Testing in Health and Physical Education

A minimum of five graduate students is required for a course to be offered. Students may register for no more than six semester hours during one term. Tuition is $70 for three semester hours or $100 for six hours. Students wishing to receive VA benefits must contact the office of Mrs. Frances Newsom at SRSU in Alpine.

Persons wishing further information about the SRSU program may contact Mrs. Mitzi Elledge at Western Texas College, 573-7640, or may see her in the Administration Building.

Dr. Keener Heads Science Division

Glenn Keener, Ph. D., has been named Chairman of the Division of Science and Mathematics at Western Texas College, Dr. Ben Brock, vice president, has announced.

Dr. Keener will also serve as Associate Professor of Science beginning in the 1975 fall semester. He and his wife and their two sons are planning to move to Snyder soon.

A graduate of Edwards County High School in Albion, Ill., Dr. Keener received the bachelor of science from Hardin-Simmons University in 1969 with a major in chemistry. He attended Eastern Illinois University in Charleston, Evansville College in Evansville, Ind., and Odessa College.

He entered Texas A&M University in June, 1969, to work toward the Ph. D., which he received in May, 1974, with a major in organic chemistry. While at A&M, he was the recipient of a National Science Foundation research traineeship, a Phillips Petroleum Institute Fellowship, Graduate School Fellowship, and Graduate College Scholarship. He was a member of Phi Lambda Upsilon, an honorary society recognizing academic achievement in chemistry, and was awarded a National Institutes of Health Biomedical Support Grant for research in the biomedical sciences from June, 1974, to May, 1975.

4 Snyderites On ACC Honor Roll

ABILENE—Four students from Snyder are among a record 553 at Abilene Christian College who were named to the dean's honor roll for the 1975 spring semester. To qualify for the honor, a student must enroll for at least 12 semester hours and have a grade point average of more than 3.45 on a 4.0 scale.

Those from Snyder on the honor roll are Ella Coronado, daughter of Mrs. Delia Coronado, 1904 Scott Street; Raleen Martin, daughter of Mr. and Mrs. S. Barber Martin, Box 88; Jenny Mullins, daughter of Mr. and Mrs. Clay Mullins, 3004 Beaumont; Sue Jane Sullivan, daughter of Mr. and Mrs. Guy Sullivan, 3601 Hill Avenue.

You Dial In, But Not Out

ST. MAARTEN (AP) — Visitors to this half Dutch, half French resort island in the Netherlands Antilles Windwards now can keep in touch with their families or businesses in the United States by direct dial telephone.

Calling St. Maarten from the U.S., however, must still be done the old fashioned way through the overseas operator.

Radiation is energy transmitted by electromagnetic waves.

GILL IS NEW SUPERTINTENDENT

In-Service Training Set For Fluvanna Faculty

FLUVANNA — In-service training for faculty members will begin Aug. 12 and classes will begin on Aug. 18 at Fluvanna Public Schools.

The Fluvanna system has a new superintendent and four new teachers this year. Dalton Gill has succeeded James Chapman as superintendent. Chapman has moved to Blanket

DR. T.H. SCANNICCHIO

and Gill came to Fluvanna from Aspermont, where he had served two years as superintendent.

Earlier, Gill had served as superintendent at Old Glory for six years, had been a principal at Hereford two years and had taught and coached at Flower Grove and had taught at Old Glory. He received his bachelor's degree at Sul Ross State University and masters degree at Hardin-Simmons University. He is a graduate of Ackerly High School. He is married and he and his wife, Geraldine, have a son, Mitchell.

Faculty members at Fluvanna will go to Hobbs Aug. 15 for the Small School Association training session and return for another in-service day Aug. 15 at Fluvanna.

On Monday, Aug. 18, pupils will report to classes. Buses will run and lunch will be served in the school lunchroom.

New faculty members include Mrs. H.B. Walker Jr., kindergarten and first and second grades; Mrs. Deanie Mills, social studies and English in high school; Mrs. Lois Ann Dixon, English and business subjects; Mickey Rundell, principal and coach.

The first six weeks will end on Sept. 26 and the second six weeks will begin on Sept. 29. Faculty members will attend the District Convention of the Texas State Teachers Association on Oct. 27 in Snyder, and the second six weeks and first quarter will end on Nov. 7. There will be a teacher work day and student holiday on Nov. 10 and the third six weeks will begin on Nov. 11. Thanksgiving holidays are set for Nov. 27-28 and the third six weeks will end on Dec. 23.

The fourth six weeks will begin following the Christmas-New Year holidays on Jan 5. There will be a Small School Association In-Service training day on Jan. 23, and the fourth six weeks and second quarter will end on Feb. 13.

Teachers will have another work day and students another holiday on Feb. 16, with the fifth six weeks and third quarter beginning on Feb. 17. The fifth six weeks will end March 26 and the sixth six-weeks period will begin March 29. Another Small School Association workshop will be held April 15 at Westbrook.

Easter holidays are set for April 19-23 and the third and final quarter and sixth six-week period will end on May 20. There will be a teacher work-day on May 21.

Rounding out the staff of Fluvanna Public Schools are Mrs. Jo Ball and Mrs. Lou Smith, cooks; Durwood Stockman, bus driver and Houston Bishop, custodian.

Curriculum Expert On Staff Here

Dr. Thomas H. Scannicchio has been appointed curriculum coordinator in Snyder Public Schools.

His duties will relate to the overall instructional program, course of study, course offerings and changes, innovations and curricular research. He will work with elementary school principals and grade level teachers in implementing a new curriculum, improving existing curricula and in administering in-service and professional development programs.

Dr. Scannicchio has three earned degrees, all from Louisiana State University where he received the bachelor of science degree in teacher education in 1969. He has 10 years of classroom teaching experience and six years experience in education research and development, early childhood and elementary curriculum design, evaluation, staff development and in-service training and learning disabilities programming. He has taught at all levels—elementary, junior high, high school and university.

He came to Snyder from Austin where he was coordinator of training and special projects for Southwest Educational Development Laboratory.

He and his wife, Barbara Ann, have two sons, Jeffrey, a high school sophomore, and Daniel, 4.

A veteran of military service with the U.S. Army Military Intelligence Division, Dr. Scannicchio has been active in civic and church organizations in Austin and belongs to several educational professional organizations.

Bennetts Plan Party For Susan

TOPEKA, Kan (AP) — Gov. and Mrs. Robert F. Bennett plan a private party at the governor's mansion for President Ford's daughter, Susan, on Sunday. About 50 persons have been invited to the outdoor barbeque. Miss Ford is staying here while working at her summer newspaper job.

NSA Chief Refuses Comment

WASHINGTON (AP) — The director of the supersecret National Security Agency refused today on foreign telephone monitoring that eavesdrops on American citizens.

The director, Lt. Gen. Lew Allen Jr., declined to give any clarification publicly before the Select House Intelligence Committee about Central Intelligence Director William E. Colby's disclosure Wednesday that Americans' telephone calls are sometimes overheard.

"I believe it would be a disservice to both you and the American people," Allen said, "If I attempted to give inaccurate or incomplete replies."

He refused to comment after chairman Otis G. Pike, D-N.Y., told him that he wanted at least some answer in public session.

But Allen promised to give full details to the committee in closed session and said he was confident he could explain there that the privacy of Americans is protected in the operation.

ASTRO-GRAPH

Bernice Bede Osol

For Sunday, Aug. 10, 1975

ARIES (March 21-April 19) Today will try your patience. You can cope. Don't say something you'll later regret.

TAURUS (April 20-May 20) You could clutter your driveway with a lot of little projects you'll never finish. Concentrate on one. Complete it.

GEMINI (May 21-June 20) You're on the restless side today. You'll be anxious to reach your destination and you'l then be in a hurry to get someplace else.

CANCER (June 21-July 22) Personally take charge of any of the fragile and precious possessions you use to entertain with today.

LEO (July 23-Aug. 22) Keep your seat belt buckled and your eyes on the speedometer. You could have a heavy foot today if you're not careful.

VIRGO (Aug. 23-Sept. 22) Money has a tendency to burn a hole in your pocket today. you could wreck next week's budget before you realize it.

LIBRA (Sept. 23-Oct. 23) It's not a good day to use high-pressure tactics to serve your self interests. It will have the reverse effect.

SCORPIO (Oct. 24-Nov. 22) If you're the victim of a frustrating incident today, let it pass. Harping could blow it out of all proportion.

SAGITTARIUS (Nov. 23-Dec. 21) A friend may spy you taking it easy today and call on you to use your strong back to help him with chore.

CAPRICORN (Dec. 22-Jan. 19) Don't try to collar people you're with socially into doing something to further your ambitions. They'll resent it.

AQUARIUS (Jan. 20-Feb. 19) Your ideas are good today, but you won't have the patience to see them through. Shelve them temporarily or you may lose the urge.

PISCES (Feb. 20-March 20) Avoid discussing money matters with your mate today. You'll be at odds on objectives.

Your Birthday
Aug. 10, 1975

A sideline you're working on with a friend could be very profitable for both of you this coming year. IF you carefully put all the pieces together.

(NEWSPAPER ENTERPRISE ASSN)

For Monday, Aug. 11, 1975

ARIES (March 21-April 19) There's opportunity around you today through those you come in contact with, yet it's likely you won't see the forest for the trees.

TAURUS (April 20-May 20) Quantity means more to you today than quality. What could appear to be a big bargain may actually be a lot of little, worthless pieces.

GEMINI (May 21-June 20) You're apt to place more emphasis on having a good time today than you should. Keep the aspirin handy and your diet in mind.

CANCER (June 21-July 22) Your household budget can only be stretched so far. Wait till you can buy what you want without having to pay excessively.

LEO (July 23-Aug. 22) A plan of importance to you is sound. It should work, but you're too easily influenced. You'll change it unwisely.

VIRGO (Aug. 23-Sept. 22) Continue to be careful again today in managing your resources. Though you may anticipate additional funds, deal only from what's in hand.

LIBRA (Sept. 23-Oct. 23) Be wary of one today who may promise more than he can deliver. Bank too heavily on his words and your hopes could later be dashed.

SCORPIO (Oct. 24-Nov. 22) Watch your step today. Don't talk too freely about a confidential matter to one who has a problem keeping secrets.

SAGITTARIUS (Nov. 23-Dec. 21) This is not the time to try to modify arrangements you've made with another to better suit your ends. Honor your agreement.

CAPRICORN (Dec. 22-Jan. 19) Don't press your luck today where your reputation is on the line. The limb you're out on is a weak one.

AQUARIUS (Jan. 20-Feb. 19) Be extra attentive today to chores so routine you do them by rote. They're the ones that could give you a headache.

PISCES (Feb. 20-March 20) Be careful in business situations today if you're offered something on the side for going along with the deal.

Your Birthday
Aug. 11, 1975

Your prospects look very promising for the coming year, provided you don't try to put too many irons in the fire at once. Weed out the time and money wasters carefully.

MEDICAL STUDENT—Stanley Allen, first medical student sponsord by the Women's Hospital Auxiliary Scholarship Fund, is shown with his wife, Diana, and year-old daughter, Jennifer. He is at Cogdell Memorial Hospital now getting acquainted

Med Scholarship Recipient Visits

Stanley Allen, the first medical student sponsored by the Women's Hospital Auxiliary of Cogdell Memorial Hospital, is spending some time in Snyder in the hospital getting acquainted. He is a native of Clyde, is married and has one daughter.

He is a graduate of Abilene Christian College and currently attending Medical School in Galveston. Upon completion of his education he will return to Snyder as an M.D.

The Women's Hospital Auxiliary established a Medical Students Scholarship Fund last March to be used exclusively for helping medical students through school, with a contract that they will return to Snyder and practice medicine upon completion of their education. These students are chosen and screened by a qualified board and Cyrus Miller, Administrator of Cogdell Memorial Hospital.

The Medical Students Scholarship Fund is a community project and is dependent largely upon donations, which are tax deductible. Many donations have been received from citizens interested in bringing doctors to Snyder.

Since the fund was established, the Auxiliary has donated in excess of $4,800. The Auxiliary is relatively small but one of the most active for raising money for the Medical Students Scholarship Fund. Donations to this fund is an excellent way of remembering a loved one and any size donation will be acknowledged.

Mrs. Billie Mills is Chairman of the Medical Students Scholarship Fund and donations may be mailed to her at P.O. Box 306, Snyder, Cyrus Miller, Administrator of Cogdell Memorial Hospital, or Mrs. Vivian Gibson, president of the auxiliary.

Charter Received By DAV Chapter

The new Disabled American Veterans Chapter No. 206 of Snyder received its charter at its regular monthly meeting Thursday night.

Commander Howard Lomax opened the meeting and introduced Region I Commander C.B. O'Neal of Big Spring and Senior Vice Commander Buford Kay of O'Donnell. Kay presented the charter to Lomax. He spoke briefly and stressed a need for a local DAV unit and close cooperation of all members to aid disabled veterans in this area.

Commander O'Neal then gave pointers and words of encouragement for a new organization and stressed the need for good publicity to reach all disabled veterans.

DAV Auxiliary Region Commander Oletha O'Neal spoke briefly also, and it was determined that the Auxiliary now had enough members to form a charter. Elections for the Auxiliary officers will be held at the next regular meeting, which is set for Sept. 4.

Out-of-town guests at the meeting from Big Spring included Region Commander O'Neal; Region Auxiliary Commander Oletha O'Neal; George Kunkel, public relations man; Mrs. Margaret Caldwell, Auxiliary Region I Junior Vice Commander; Mrs. Gladys Miller and Mrs. Spivey of Big Spring Chapter No. 47.

From Lamesa were Jack Kay, Region I Senior Vice Commander; Mrs. Gladys Kay, Auxiliary Region I Past Commander; Tom Fitzgerald, Commander of Lamesa Chapter No. 34; Clyde Haines Jr., Junior Vice Commander; C.L. Houston, Adjutant; Mrs. Ellen Houston and Mr. and Mrs. Raul Pena of Chapter No. 34.

In March 1766, repeal of the Stamp Act in Britain was followed by the Declaratory Act claiming the King, by and with the consent of Parliament, had authority to make laws to bind colonies in all respects.

CPT Surveys Teen-Age Needs

The Concerned Parents for Teenagers in Snyder are seeking assistance in determining the need for a centralized location for troubled teenagers.

The are asking all interested persons to respond to a series of questions and to mail their answers to the Rev. Henry Hartman, 3750 Avondale, Snyder.

The next public meeting of the CPT will be held Thursday, Aug. 14, at Grace Lutheran Church. All interested persons are invited to attend.

Meanwhile all are asked to study the following questions and mail their answers to Rev. Hartman:

1. Do you feel there is a need for a centralized location to help troubled teenagers?
2. Do you feel the troubled teenagers should be referred by judges, teachers, atc., to these services?
3. What services do you feel should be made available: Hot line? Counseling (including family)? Other (please specify)?
4. What type of facility? Indefinite time with food and lodging? Daytime? Twenty-four-hour emergency service? Other (please specify)?
5. What types of youth need to be served? Drug users? Unwed mothers? Runaways? Those with emotional problems? Those with family conflicts? Other (specify)?
6. What areas should this serve? City? County? Four-county? State? Other (specity)?
7. What ages of youth should this serve? All ages? Specific age groups? (specify)?
8. What is your age?
9. Have you ever had the need for this type of service?
10. Would you be willing to assist in this project? If so, please include your name, phone number and address.

Snyderite Gets FFA Training

Tammy Maxfield of the Snyder Chapter has returned from the Area II Future Farmers of America Leadership Training School, held at Camp Musquiz, Fort Davis.

She is now serving as vice president of Area II.

The leadership training school was under the direction of Hulan Harris, Big Spring, supervisor of Vocational Agriculture in Area II. All students attending received training in making introductions at public meetings, duties of each office held by the student, making speeches, FFA public relations and their duties in performing as district and area officers for the 1975-76 school year. Miss Maxfield is the daughter of Mr. and Mrs. W.A. Maxfield, Route 2, Snyder, and attends Snyder High School.

NOTICE

Desiring that our patients have a physician available for their medical needs at all times, we have arranged for one of us to be available 24 hours every day.

If you are in need of any one of us after office hours, on Sundays, or on holidays, please call 573-6100.

Conservationists At Annual Session

Five local members of the Soil Conservation Society of America are in San Antonio attending the Society's annual meeting.

Herman Hundsnurcher of Hermleigh; Soil Conservationist, James Crownover; Range Conservationist, Charles Anderson; District Conservationist, Erwin A. Pavlik, and Mrs. Erwin A. Pavlik, all of Snyder, all members of the Permian Basin Chapter are attending.

District Conservationist Pavlik is serving as the Texas Council's Photo Contest Chairman. Pavlik also represented the Permian Basin Chapter as the Chapter delegate at the Texas Council meeting yesterday and is representing the Permian Basin chapter at the Society's House of Delegates meeting today. Pavlik, active in the Mid-Gulf Coast and Permian Basin Chapters for the past 5 years is also a candidate for Zone Councilman.

South Dakota Senator George McGovern will make the keynote address on Monday, August. 11. His topic wil be the meeting theme-"Land Use: Food and Living."

More than a thousand professional conservationists from the United States, Canada, and Mexico are expected to attend the four-day meeting, which begins today with registration and a reception.

The Society is a non profit scientific and educational organization dedicated to advancing the science and art of good land use. It has about 14,000 members throughout the world.

Official hosts for the San Antonio meeting are the members of the Society's Texas Council of Chapters.

Dennis Cast In ACC Musical

ABILENE—Mike Dennis, son of Mr. and Mrs. E.B. Dennis, Route 3 of Snyder, has been named to the 27-member cast of "1776," Abilene Christian College's 1975 homecoming musical.

Dennis, a 1972 graduate of Snyder High School, majors in drama at ACC. Presently a sophomore, he will portray "Benjamin Franklin," whose wit and humor held together that first Continental Congress.

The musical is scheduled to play four performances Oct. 23 26 in Abilene's 2,200-seat Civic Center.

Bailey Cleared Of Fraud Charges

ORLANDO, Fla. (AP) — Attorney F. Lee Bailey has been cleared of mail fraud charges.

U.S. Dist. Court Judge John A. Reed dismissed the charges Friday after Bailey argued that he had been denied a speedy trial.
