

Farm Bureau Re-elect Alex Coleman Head

Alex Coleman was re-elected chairman and W. R. Breeding vice-chairman of the Collingsworth County Farm Bureau at the annual meeting Thursday night, November 2.

This meeting and barbecue drew more than 750 Farm Bureau members and their families from every party, and was the largest held during the organization's history.

Allen Harp, of Childress, district attorney, who was the guest speaker, in a brief talk urged the members to work together, to work for each other, to look things and issues that come to them over carefully, and to exercise their right of voting in the general election Tuesday.

In the business meeting, the group also named 10 directors and an alternate; 8 voting delegates to attend the State Farm Bureau Convention, and seven non-voting delegates who will also attend.

Directors include C. A. Crawford, Jim Jones, Jack Clark, Sam Thompson, Monty Mitchell, A. J. Peters, J. H. Wood, Stanley Whitson, John R. Whitson, E. F. Bartlett, and Everett Anglin. The alternate will be picked at a later date.

Voting delegates are Gus Gooch, Palo Cummings, John Robert Herard, Wallace O'Rear, Wilson Porter, Bill Neely, Alfred Knoll and A. J. Peters.

Non-voting delegates are Marvin Seale, Bill Smith, Bob Bowen, Osa Black, Riley Garner, Truett Holland and Robert Karnes.

Two resolutions came before the meeting, and both passed unanimously.

In the first, the Farm Bureau asked that cotton acreage restrictions be resumed in 1951, with no farmer allowed to plant more than 60 per cent of his acreage to cotton.

The second resolution asked the amendment of the Child Labor Law as it pertains to agriculture so that it will allow children under 16 years of age to work during the time school is in session.

Both these resolutions will be carried on to the state convention, where they will go into the resolutions passed by that body.

Mr. Coleman in a short message to the membership, reported that the Farm Bureau now has 832 members in this county, the largest number it has ever had. Membership dues will be raised from \$5.00 to \$10 effective December 1.

The barbecue supper preceded the business session.

Rockets End Conference Play In Traditional Irish Game

The Skyrockets will close their conference schedule Friday night, November 10, when they meet their traditional Armistice opponent, the Shamrock Irishmen.

Spirits in Rocketland are high. The boys aren't out for the district crown, which slipped from their fingers last week, but nevertheless, a victory over the Irish would

Pfc. A. J. Cotton Flown to States For Hospitalization

In a telephone call to his mother, Mrs. Lulu Belle Cotton, Pfc. A. J. Cotton, who was wounded in the Korean fighting October 19, told of being flown to the west coast, and is now in California.

He said he would call back as soon as he received his orders, and Mrs. Cotton is making plans to visit him as soon as he is located.

Pfc. Cotton landed at San Francisco, Friday and is now at Wm. Beaumont Hospital, El Paso.

In service two years, the 18-year old soldier was sent to Hawaii a year ago from Camp Chaffee, Ark., with the 1st Cavalry Division. He played the French horn in the Division band until he reached Korea September 19.

Pfc. Cotton enlisted in the Army a few months before completing his work in Wellington High School. He has finished this work in an Army school, and is due to receive his diploma now that he is back in the United States, his mother said.

Pfc. Cotton is the son of Mrs. Lulu Belle Cotton and Lewis Cotton of Wellington.

18th District Legionnaires to Meet in Shamrock

The regular fall convention of the American Legion of the 18th District, which is held annually, has been called for November 11 and 12, and will be held in the new Legion home at Shamrock.

Every Legionnaire and Auxiliary member in the entire 18th District is invited and urged to attend. The Shamrock Legion Post has prepared programs for both Saturday and Sunday.

Department officers who will attend are William F. (Bill) Elkins, Department Commander; Mrs. Minnye Lytle, Department Auxiliary President; Chaplain Lester D. Cochran, Department Chaplain; Bill McGraw, Department Membership Chairman; Charlie Gibson, 5th Division Commander; and Mrs. Cathryn Pitt, 18th District Auxiliary President.

The call of this convention was issued by the 18th District Commander, Rhea Smith, and he urges all eligible Legionnaires to attend.

Delegates from Wellington included Ernest Harwell, Riley Dunson, Harry Gilbert, and Jess Wilson. Alternates are George Clark, Ernest Lewis, John Coleman, and John Bevers.

Dodson School Opens Nov. 20

The Dodson School will reopen Monday, November 20, Supt. T. E. Lennon announced this week.

The school will have been dismissed six weeks for the students to help with the cotton pulling, and it is believed the cotton will be near enough out that no difficulty will be experienced by farmers in getting enough pickers.

NOVEMBER 15 DEADLINE TO MAIL OVERSEAS CHRISTMAS PACKAGES

November 15 is the deadline for mailing packages to men serving overseas in the armed forces if they are to reach their destination by Christmas, R. F. Curry, postmaster, reminded Monday.

Packages will be accepted any time, but it is doubtful that any mailed after that date will arrive during the holiday season, he explained.

The usual precautions for mailing packages overseas should be taken, such as packing and wrapping the items securely, and writing the address plainly.

an almost perfect passing combination. Outstanding play is expected from Don Lee on offense, and Terry on defense.

Two Rockets are on the hurt list: Carroll Duncan, who has been starting at tackle; and Wayne Gray, who has started at center for the last four games. Both have knee injuries.

Time of the game has been set up to 7:30, Coach McKnight said.

Mrs. A. F. Swafford, County Pioneer, Buried Here Mon.

Burial services were held at the Wellington cemetery Monday afternoon, November 6, for Mrs. A. F. Swafford, one of the earliest settlers of this county, who died Saturday morning at 11:20 in Amarillo. She was 79 years of age.

Mrs. Swafford came to this county in 1890, and prior to her marriage made her home with her aunt and uncle, Mr. and Mrs. Albert Bonner.

Her husband, who died here in 1917, was the second sheriff of Collingsworth County, having been elected in 1892. He served three terms, through 1898.

He also engaged in ranching in this section. Mrs. Swafford left here about 20 years ago, and in recent years had lived with her children, but regarded Amarillo as her home.

She became ill while in California and returned to Amarillo five weeks ago.

Funeral services were held at Boxwell Brothers Ivy Chapel Monday at 11:00 a.m. with Dr. E. B. Fincher officiating. The body was brought overland for burial services at the family plot in the Wellington cemetery.

The Rev. L. L. Hill, pastor of the Methodist Church, officiated. Pall bearers for the service were Harris Royal, Harry Jones, Naylor Morgan, Cal Sugg, Scoop Abbott and Joe Glenn of Amarillo and D. W. Crawford.

Local arrangements were under the direction of the Ellis Funeral Home.

Mrs. Swafford is survived by nine children: Robert Swafford, D. C. Swafford, R. B. Swafford, A. L. Swafford, Mrs. H. C. Covey, Mrs. James C. Crawford, Miss Minnie Swafford, Mrs. A. P. Watkins, and Mrs. Eunice Thorn. Nine grandchildren also survive.

Hess Calves to Illinois Buyers

Jake Hess of McLean, while in Wellington recently, said that he and his son, Farris Hess, have shipped approximately 500 head of feeder steers to Illinois feed lots this fall.

These went to Ralph Wilson and sons of Industry, Ill.; Howard Johnson, Augusta, Illinois; and Fleming and Nelson of Blandinsville, Ill.; and H. G. Sperry of McComb, Ill. The latter two buyers have been taking feeder calves from the Hess Ranch in the northwest part of this county, for more than 20 years.

One car-load of cows was also sent by Mr. Hess to wheat pasture to Peak and Hatcher at Emporia, Kansas.

Retired Dodson Farmer Drops Dead Monday

J. J. Ford, retired Dodson farmer, dropped dead Monday afternoon, November 6, while working in a cotton field on the Noel Burge farm near Dodson.

Mr. Ford was 78 years of age. Funeral services have been set tentatively for Thursday at the Dodson Methodist Church, although the hour of the service is pending until the arrival of two sons from Washington. Burial will be in the Dodson cemetery under the direction of the Kelso Funeral Home.

Mr. Ford was born March 2, 1872.

He is survived by four sons and two daughters: Lawrence B. Ford, Yakima, Washington; Virgil Ford, Wichita Falls; Tronley V. Ford, Snyder; Kirby W. Ford, Fort Lewis, Washington; Mrs. R. M. Mulnax, Big Sandy; and Miss Naomi Ford, Dodson. Three brothers also survive, Tom Ford, Cave City, Ark.; Luther Ford and Pat Ford, Aurora, Mo.

Fellowship Meet At Fundamental Baptist Church

An all-day Fellowship Meeting is planned by the Fundamental Baptist Church for Thanksgiving Day, Thursday, November 23, the Rev. George Shoff, pastor, has announced.

The meeting will be held in the new church building, with dinner and supper served in the community building, as it was last year when more than 500 persons attended.

"An even larger crowd is expected this year, as several new churches have joined the Top O' Texas Fellowship," Rev. Shoff said.

Pastors expected to bring members of their congregations are Dr. Frank A. Gosdoo, Central Baptist Church, Amarillo; Dr. Maurice Hutchinson, the Bible Baptist Church, Pampa; Rev. Clarence Bishop, the Bible Baptist Church, Dumas; Rev. Bill Jones, the Bible Baptist Church, Sunray;

The Rev. Bruce E. Powell, the Fundamental Baptist Church, Childress; the Rev. Ralph McCoy, the Fundamental Baptist Church, Lubbock; the Rev. Mears, Fundamental Baptist Church, Littlefield; the Rev. Jack Young of the Fundamental Baptist Church, Floydada; the Rev. Webb of the Central Baptist Church, Canadian; the Rev. Fred Null, Central Baptist Church, Anthony, Kansas; Claude Craven and Pat Powell, students in the Bible Baptist Seminary, Fort Worth, are expected to be home for the holidays and will be present.

The public is cordially invited to attend, Rev. Shoff said.

One Buck's the Limit

County Has Open Season on Deer; Duck Hunting Now on

Collingsworth County hunters will hunt deer as well as ducks and quail at home this year, the Game, Fish and Oyster Commission decided at a meeting in Austin October 13, County Clerk J. M. Moore has been notified.

The deer season opens November 17 and closes November 26; the duck season opened November 3 and continues until December 17, inclusive; and the quail season opens December 1 and will end January 16.

The Commission, in its regulation concerning wild deer, said that following a study of the supply, economic value, environment and habits of wildlife resources in the area, it is deemed expedient and in the interest of sound conservation practices to have an open season on certain game animals, birds, furbearing animals and fish.

Counties affected are Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Donley, Collingsworth, Parmer, Castro, Swisher, Hall, Childress, Cottle and Motley.

The shooting hours on deer are sunrise to sunset. Both bag limit and possession limit is one buck

County Follows Trend to Favor Rogers for Congress

Collingsworth County followed the Panhandle voting trend to favor Democratic nominee for Congress Walter Rogers over his Republican opponent, Congressman Ben Guill, giving him approximately 60 per cent of the votes cast.

Complete returns for the county gave Rogers 960 and Guill, 624 votes.

Over the 18th District as a whole, Rogers led by something over 2,000 votes, with incomplete returns giving him 23,199 votes to 21,192 for Guill.

The Collingsworth County vote follows. County returns are in-

complete, since voting on these offices was not tallied by the Aberdeen election judges.

International Meet at Houston

Handley Selected for City Managers Honor

City Manager Bura Handley has been named to serve on three committees for the International City Managers Conference, to be held in Houston November 26 through 29, G. O. Summers, Longview city manager, and general chairman of the ICMA Conference, has notified Mayor Ernest Lewis.

Committees on which Mr. Handley will serve are invitation, special arrangements, and entertainment.

City managers from all the

states, Canada, Puerto Rico and Alaska will attend the Houston meeting. This is the first time the conference has met in Texas in twenty years.

"Mr. Handley has brought honor to your town by this appointment."

"These conferences are really workshops where city managers from all over the country offer solutions to problems confronting each other," Mr. Summers explained.

Major McClaskey Commanding Officer

Air Force Reserve Unit Established in City

Organization of an Air Force Reserve Unit for Wellington was announced Tuesday, November 7, by Reserve Major William W. McClaskey, commanding officer, after T-Sgt. Hunn of Wichita Falls had been here to confer with officers and men.

The local unit will be Flight E of the 9826th Reserve Training Squadron, with headquarters at Wichita Falls. Lt. Col. J. M. Moore will be the executive officer and S-Sgt. Jim Leach, the personnel sergeant.

By noon Tuesday, approximately a dozen local men were making arrangements to sign up with the unit.

The unit will meet each Thursday night at 8:00 p.m. at the administration building of Marian Airpark.

"All reservists of any component of the armed forces are invited to attend, and you will receive point credit toward promotion and retention in the reserve," Major McClaskey said.

Any man who has served in the armed forces is eligible to become a member of Flight E, he pointed out, regardless of which branch of service he was in.

All persons interested in becoming members are urged to contact Major McClaskey at the First National Bank; Lt. Col. Moore at the County Clerk's office; or Sgt. Leach at the Jones-Watkins Clinic.

Letters from the People

DOZIER TAX PAYER AGAINST RAISE IN SALARY FOR COUNTY OFFICIALS

The following letter relates to the proposed increase in salaries for county officials, which will come up for final consideration by the Commissioners Court Monday, November 13, at 10:00 a.m. The proposed increase was voted by the court in its October meeting, with three of the commissioners, Jack Brewer, Alfred Knoll and Cortez Barnett, approving the increase, and one commissioner, Pat O'Hair, opposing it.

By MRS. E. L. RANKIN of Dozier

We hear a number of complaints from taxpayers about the proposed plan of our county commissioners

to raise their salaries and those of other county officials. We all know higher salaries mean higher taxes and we are too heavily burdened with taxes as it is.

We didn't hear a word last summer, from any candidate that the salary paid by the various offices was in any way inadequate. It seems we as taxpayers and constituents are being let down by such a proposal.

If our county lawmakers want to be true and faithful to those responsible for their job, they should serve for the salary they expected the county to pay when they asked for our vote.

Soil Judging Contest Planned At Samnorwood

A soil judging contest will be held at Samnorwood Wednesday, November 15, at 1:00 p.m., sponsored by the Veterans Vocational School agriculture classes, County Agent J. W. Thomas reported.

A talk on soils will be given by Mr. Thomas, then the group will go to a nearby field and each person participating in the contest will score the field as to soil type, surface, and slope of land, land class, permeability and treatment of soil, including what crops should be grown on it.

All farmers and club boys interested are invited to participate. Mr. Thomas explains that no experience in this type soil study is necessary. All the information needed in the contest will be given out at the time.

"We are anxious to have as many as possible take part, for this is one of the best ways possible for you to get acquainted with the soil, and it shows you how to judge your own fields," Mr. Thomas said.

Mr. Rogers of the Soil Conservation Service will set up the grading on the field that will be used.

Mrs. Ketchum Named Agent

Mrs. Wilton Ketchum of the Fresno community has been appointed local agent for the Old Line Mutual Life Insurance Company.

She has opened her office at 808 8th Street, in the City State Bank building, with office hours from 1 to 5 p.m.

Mrs. Ketchum said that various types of insurance are carried life and hospitalization.

"I extend a cordial invitation to my friends to visit me in my new business," she said.

Pfc. Carlos Austin Fights in Korea

Pfc. Carlos Jerry Austin of the medical company, 31st Infantry Regiment, is now serving in Korea, after having been sent to the Pacific in August.

He received his basic training at Camp Chaffee, Ark., and Fort Sam Houston, and was stationed at Fitzsimons General Hospital at Denver before going overseas.

He took part in two battles earlier in the war, one for Inchon and the other at Seoul. Following this action, he was awarded a combat medal.

Pfc. Austin is the son of Mrs. Ida Austin of Wellington.

### Wellington Day For Fat Stock Show Planned

Wellington, which had a "special day" designated in its honor at the Southwestern Exposition and Fat Stock Show last winter, has been invited to have a day at the 1951 exposition.

W. R. Watt, president-manager of the Fort Worth show, in a letter to the Chamber of Commerce declared that this city helped to make the 1950 show one of the most successful in history. The letter continued:

"Your city is invited to have a special day at the 1951 show (Jan. 26 through Feb. 4). By coming in an organized group, your citizens have lots of fun and advertise your city, as do the high school band and the Cowgirl Sweetheart. "Plans are being made — new buildings, new features — to make the show coming up the finest yet. We need your help and we're counting on you. So please let us know which day you wish designated as Wellington Day."

A total of \$146,000 in cash awards is offered, the highest in the show's 55 years. A colorful Western parade on Friday afternoon, Jan. 26, through the Fort Worth business district will usher in the show, with the first performance of the rodeo that night, and afternoon and night performances thereafter.

Construction now under way includes the Poultry Building, doubling of space for carload-and-pen division of bulls and glassing-in of the archways connecting the livestock buildings. The world's greatest indoor rodeo will be held in the magnificent Will Rogers Memorial Coliseum. The boys' show will be a big feature of the livestock department, with the first Saturday Future Farmers' and Future Homemakers' Day and Monday, 4-H Club Day.

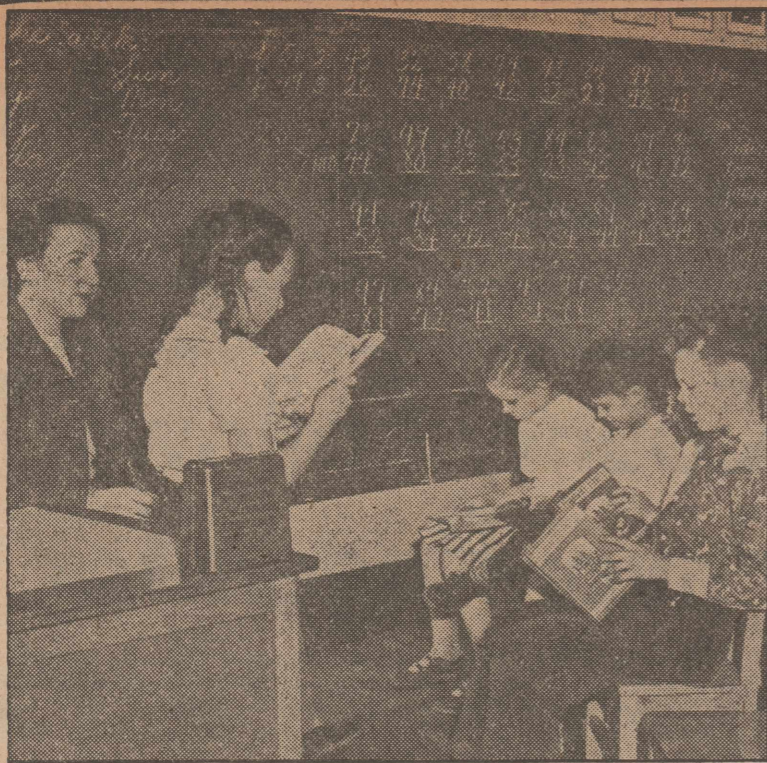

### Relative of City Woman Killed in Denver Train Crash

Jack Hollis, Fort Worth and Denver Diesel engine inspector who was killed when the engine went through a switch and crashed into a box car at Quannah Thursday, was a cousin of Mrs. Bura Handley of Wellington and nephew of Mrs. Annie Hollis.

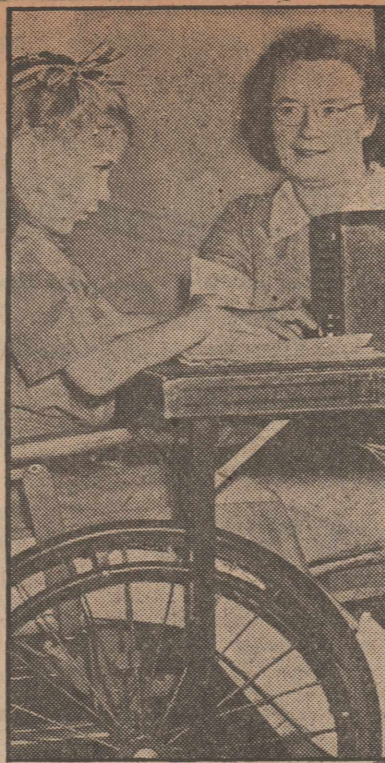

The two went to Childress upon learning of the accident to be with his parents, Mr. and Mrs. A. M. Hollis.

Mr. Hollis, who was 45 years of age, lived at Fort Worth.

Margaret Rose Sisk, Vicky Ann Allen, Marilyn Plunkett and La Quita Hollingsworth were tonsillectomy patients in St. Joseph's Hospital last week.

### You Can Catch More Now

### COUNTY STREAMS COME UNDER NEW STATE MINNOW CATCH LAW

AUSTIN — Two regulations affecting fishing in Texas were recently amended at the last regular monthly meeting of the Game, Fish and Oyster Commission, according to the Executive Secretary of the Commission.

The first of these regulations affects the taking of minnows from waters in the Panhandle area. Under the amended regulation not more than 1,000 minnows may be taken or possessed at any one time by any one person from the waters of the following counties: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Farmer, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Castro, Swisher, Briscoe, Hall, Childress, Cottle, and Motley.

This regulation, prior to amendment, provided that not more than 200 minnows could be in the possession of any one person at any one time.

The second change in regulations acted upon by the Game Commission affects the North Bosque River below the Waco Dam to where the Bosque River flows into the Brazos River. All nets and seines, other than the 20 foot minnow seine and fruit jar type trap for taking minnows for bait, are prohibited in this two mile stretch of the Bosque River.

The Executive Secretary announcing that these new regulations go into effect November 10.

### Sue Anderson Honored at SMU

DALLAS — Miss Sue Anderson, daughter of Mr. and Mrs. Frank Anderson of Wellington, was recently pledged to Kirkos at Southern Methodist University. This is an honorary organization composed of outstanding women on the campus and has for its purpose the furthering of leadership and true friendship.

Miss Anderson is a member of Delta Zeta, a social sorority, in which she has held two offices. She is secretary of Theta Sigma Phi, women's journalism fraternity; special amusements reporter for "The S. M. U. Campus," their semi-weekly newspaper; and serves on two committees in the Methodist Student Movement.

As a senior now, Miss Anderson will receive her Bachelor of Science degree in June, 1951, with a major in Journalism.

Herbert Gray of Vinson, Oklahoma is a medical patient in St. Joseph's Hospital last week.

Blair McGee of Hollis is a medical patient in St. Joseph's Hospital last week.

## Are Our Texas Highways Being Destroyed by 1% of Highway Users?

This question is presented squarely for the first time by the Texas Tax Journal in its booklet, "The Case of the One Per Centers."

Every Texan who wants good highways, adequate for 99 of every 100 users, should write for a free copy of this revealing booklet.

Approximately 99% of all Texas motor vehicles are registered for a gross weight of 20,000 pounds or less.\*

All Texas taxpayers, including your Texas Railroads, have reason to be concerned about the high cost of constructing and repairing our highways and the prospect of building more costly roads made necessary by the operation of highway "box cars."

No one has any desire to bar vehicles of reasonable size from our highways, so long

as each pays its fair share of construction and repair costs.

Other Texas taxpayers should not be required to shoulder the burden of a roadway system for highway "box cars", representing only 1% of highway users.

Every Texan interested in good highways without increasing the growing tax burden should fill out the coupon below and get a copy of this valuable booklet.

### Weevil Infestation Heavy on Farm

Boll weevils had damaged approximately 20 bolls of cotton out of 100 examined in a field of cotton on the Frank Fuson farm, seven miles east of Wellington, J. W. Thomas reported after checking the field last week.

Each boll had from one to three weevil larva, the county agent added.

Boll weevils apparently came into this area late in the season, Mr. Thomas said, explaining that while he had received a number of reports of weevils in the county, those on the Fuson farm were the first he had actually seen. There was little blasting of weevils in the square stage, and there were no reports of them until September.

Mr. Thomas added that he had received no reports of weevils west of Highway 83, and that so far, there had been none from fields of small, stunted cotton. All have been found so far in fields of tall heavily loaded cotton.

### Loco 4-H Club Girls Meet

Miss Jimmie Lou Wainscott, demonstrator from Childress, met with the Loco 4-H Club girls at the Loco school recently.

Linda Bell Nix, president, was in charge of the short business meeting, after which, Miss Wainscott gave a demonstration on oatmeal hurry-ups.

The girls' sponsor for the year, Mrs. Loyd King, was present at the meeting, along with 15 members of the club.

### Florida Man to United Market

Ray Campbell of Sebring, Florida, is in charge of the meat department of the United Super Market. He began his duties there Tuesday, October 31.

Mr. and Mrs. Campbell and their two daughters moved here last week. They said this West Texas weather was entirely new to them, but otherwise, they like the country fine.

Miss Patsy Smith of Denton spent the week end here with her parents, Mr. and Mrs. Willie Smith. Accompanying Miss Smith home was her roommate, Miss Ann Keeler. Another guest in the Smith home was Russel Harryton of Newport, California.

ROUNDUP

By THELMA WAYNE JOHNSON

(Intended for Last Week)

Ike Smith spent Friday afternoon in the home of Edwin Marsh. The cotton is really being harvested quickly here. The weather has been ideal the past few weeks for the farmers to do their fall work.

Everyone is cordially invited to attend Sunday School and church at the Aberdeen church each Sunday, beginning at 10:30.

Jesse Rountree of Littlefield spent the week here visiting friends and relatives. He is a former resident of this community. The wheat in this community could use a good rain.

Miss Frances Sheffield spent Thursday night with her brother and family, Mr. and Mrs. William T. Sheffield and Linda, of Lutie. Mr. and Mrs. C. O. Bodine and children, and Mrs. Charles Vick visited with Mr. Bodine's sister, Mrs. Walter Litchfield, and family of McLean, Sunday.

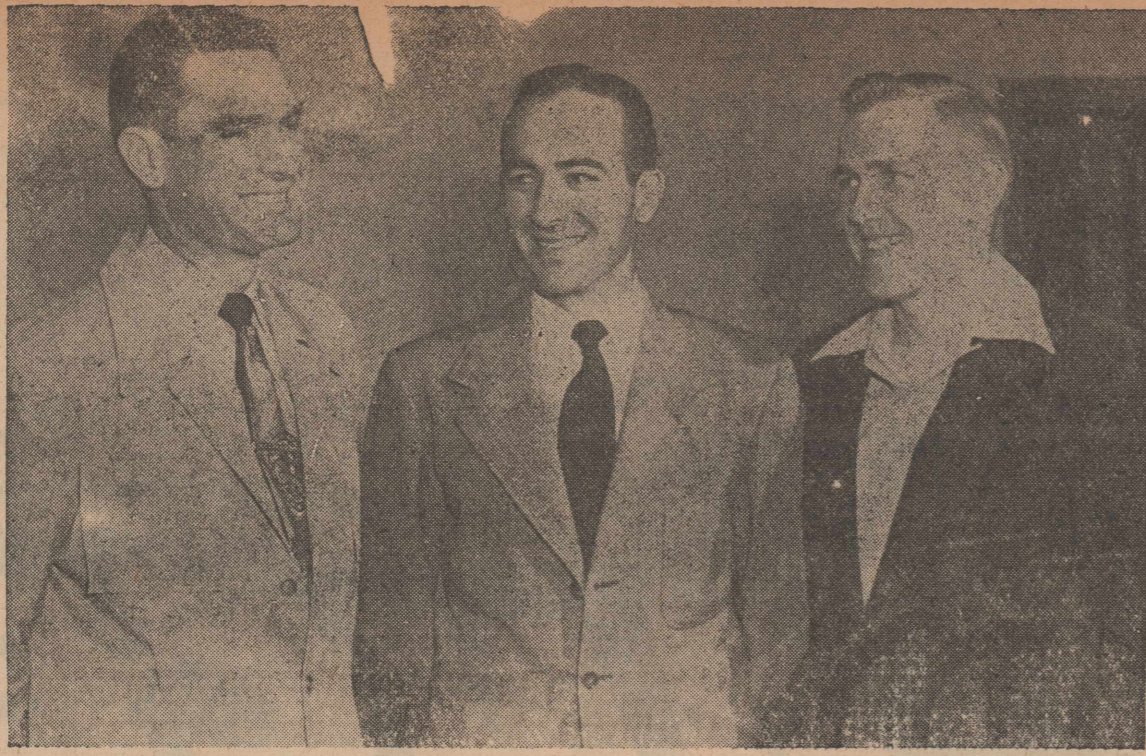

Leonard Marchbanks of Amarillo spent the week with his grandparents, Mr. and Mrs. H. A. Marchbanks, and other friends and relatives.

Word has been received by Mr. and Mrs. W. R. Benton that their son, Pvt. Clyde Benton is out of the hospital in Germany. He has been suffering from a liver ailment.

Mish Dukeminier of Wellington sprayed his cattle here this week. He spent most of the week here at his lodge.

Mr. and Mrs. W. R. Benton and children, Maxie and Paul, and Mildred Johnson visited in the Bob Johnson home Friday.

Earl Hunter of Wellington was here Sunday looking at the crop

IN COLLEGE "WHO'S WHO"

Three of the 17 Southwestern State College upperclassmen who will be included in the 1950 edition of the national publication, "Who's Who Among Students in American Colleges and Universities," left to right: Joe E. Lowrie, Wellington, Texas; Jake Wright, Weatherford, and Ed Brown, Hollis.

on his farm.

Miss Mazie Benton spent Saturday afternoon with Mrs. J. L. Light.

Charles Vick spent Sunday with his brother-in-law, Wisdom Bodine.

Visiting with Doug and Bob Johnson Sunday were Ike Smith, John and Glen Moody, Jerry Pritchard, Robert Ray Hill, Leonard Marshbanks, Benny Benton, and Edwin Marsh.

Bob Johnson spent Saturday night with Jerry Pritchard.

Wayne Johnson visited his fa-

ther, Warren E. Johnson, in Wellington Saturday night.

LILLIE

By MRS. G. D. THOMAS

(Intended for Last Week)

Sunday school was well attended Sunday morning at Lillie. Our new pastor, Rev. Roberts, from Pampa will be with us next Sunday. We hope all of you will be present to hear him preach.

There will be singing at Lillie next Sunday morning. We hope there will be a big crowd present.

Mr. and Mrs. Haskel Manuel and Mr. and Mrs. I. H. Manuel honored Mrs. Hubert Manuel and Mr. and Mrs. L. H. Manuel honored Mrs. Hubert Manuel and Rebecca Manuel with a birthday dinner Sunday. Others present were Mr. and Mrs. Norvel Manuel and Mr. and Mrs. Hubert Manuel.

Sgt. and Mrs. Joseph G. Thomas and children, Joe Kirk, Edmond D. and Cina Sybil, of Roswell, New Mexico, visited in the Conn Hall and G. D. Thomas home from Wednesday until Friday this week.

We are glad to report that Mrs. S. E. Brown was able to be out at Sunday school. We are happy for Mother Brown to be with us again, as she has been confined to her bed for several months, and still cannot be up long at a time.

Miss LaDona B. Horton and Raymond Barnett visited Miss Lucille Davis Sunday afternoon.

Mr. and Mrs. D. S. Morris visited in the L. D. McMinn home Sunday.

Everybody is busy pulling bolls in the Lillie community. The cotton is not very good.

Presley Ashton of Cactus, Texas, visited in the G. D. Thomas home Thursday.

Wayne Sullivan leaves next Friday for the Army. He will report

Miss Harris at Cochran Drug

Miss Mildred Harris, formerly of La Plante, South Dakota, has moved to Wellington to make her home, and has accepted a position in the Cochran Drug.

Miss Harris, a cousin of Mr. and Mrs. Harris Royal and Mr. and Mrs. Pat Swift, made her first visit to this part of the country last summer.

Her father, Richard Harris, who was born and reared here, was a close friend of Judge R. H. Coker. Mr. Harris and his sister, the late Mrs. Royal, were left orphans when they were small, and the late Mr. and Mrs. R. H. Coker, parents of Judge R. H. Coker, took them into their home and reared them as members of their family.

Mr. Harris lived here until he was about 30 years of age, going from here to South Dakota. There he married, and had a family of three daughters.

Miss Harris, with her two sisters and their husbands, made their first visit here last summer, and she liked it well enough to come back here, to make her home. She is staying with Mr. and Mrs. Pat Swift at present.

Mr. and Mrs. Tom Parker have recently returned from a seven week visit with their son, Edwin Parker, and family, in New Orleans, Louisiana.

Frank Coleman, Jr., underwent surgery in St. Joseph's Hospital last week.

Mr. and Mrs. Bura Handley were guests of her cousins, Mr. and Mrs. Joe Nance in Wichita Falls Saturday night.

to Childress for assignment.

Mr. and Mrs. Matt Eiland of Midland were visiting with friends in Wellington Saturday. They were guests in the Boots Sechrist home.

Mr. and Mrs. Henry Langford visited in the Earl Sullivan home Sunday evening.

REMEMBER WHEN

... cooking was only half the chore

Cooking on those old-fashioned stoves was difficult enough, but cooking was only half the chore. There was wood to chop, fires to build—and the inevitable bucket full of ashes to carry away. What a difference today . . . when natural gas provides instant heat at the turn of a knob. A new AUTOMATIC GAS RANGE is an asset to the smartest kitchen. It makes cooking easier, faster, cleaner and cooler . . . at surprisingly low cost. See the outstanding new models today . . . wherever good gas appliances are sold.

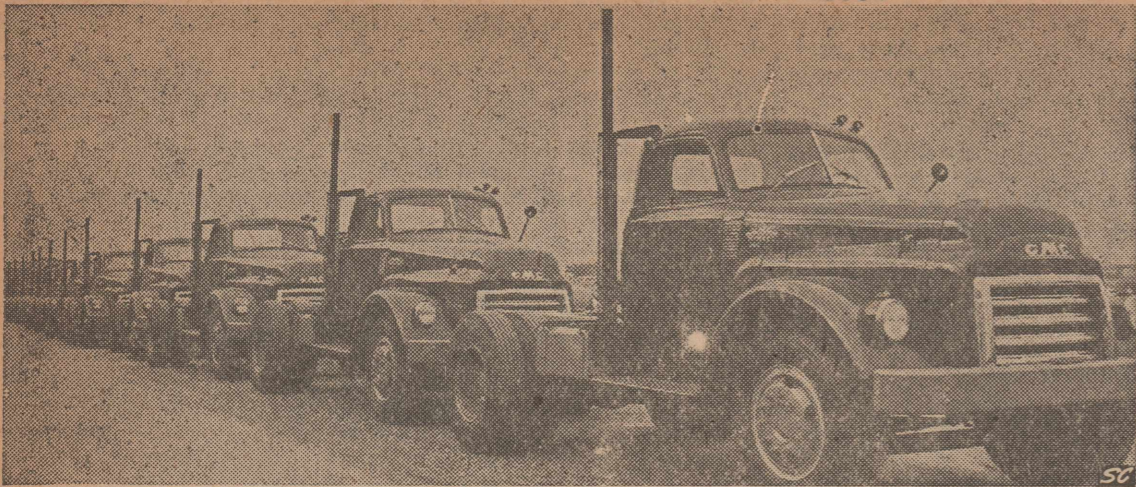

The companies which make up the natural gas business have had an important part in bringing business prosperity to the Gulf South area. The money they pay out in payrolls and royalties, the money they spend with local merchants for supplies, the taxes they pay . . . ultimately work their way into the channels of trade. That helps to make business better for everyone—everywhere.

**New GMC Trucks For Red Ball Motor**

PONTIAC, MICHIGAN — Ready for delivery to the Red Ball Motor Freight, Inc., of Dallas, Texas are these 12 GMC model 650 Diesel truck-tractors, announced last summer as GMC's newest economy for heavy duty haulers. Thirty of the new Diesels have been ordered by Red Ball, whose President, Henry E. English, recently became Chairman of the Board of Directors for the American Trucking Association.

**Thomas Trophy Will Be Awarded  
TEX. TECH HOMECOMING PARADE  
TO SHOW 25 YEARS OF PROGRESS**

LUBBOCK — The theme of this year's homecoming parade of Texas Technological College will mold itself around the institution's Silver Anniversary celebration.

Each float in the Nov. 11 parade will depict one year of Tech's rapid growth since 1925. An outstanding event or scene relative to Tech or of national prominence will form the basis for each display.

The most beautiful float, the float most clearly describing its subject, and the float most cleverly depicting its year's event will be awarded engraved plaques.

The Thomas trophy will be presented to the best of the three winners as the most outstanding float. The parade is sponsored by the Student Council and D. M. McElroy, executive secretary of

**Church Youths Meet Here**

The Col-Wheel Sub-district Methodist Youth Fellowship meeting was held at Wellington on October 24. Churches which are represented in the sub-district include: Allison-Briscoe, Dodson, Lela, Shamrock, Shamrock Circuit, Wheeler, Wellington Circuit and Wellington.

The young people of the Wellington church presented the program. Marion Baumgardner directed the recreation in the basement following the program. Refreshments of hot dogs and pop were served to the group.

the Ex-Student Association. But the parade will be only one part of the Nov. 11 festivities at Tech.

Earlier that day, U. S. Sen. Lyndon Johnson, D., Tex., will be keynote speaker at the formal dedication ceremony of Tech's \$4,600,000 building program now under construction.

Over 20,000 persons are expected to swarm the campus for the dedication, the parade, and the Red Raiders' homecoming football game with the University of Tulsa.

Following the dedication and parade, ex-students from Tech will meet in the Gymnasium for a luncheon. Then comes the game with more Silver Anniversary entertainment during halftime.

The quarter-century theme also will be used at the homecoming dance that night.

**Rev. Gray In Canadian Revival**

The Rev. Archie Gray completed a revival at the First Christian Church at Canadian Sunday night, October 26.

The revival was two weeks in length and the church was filled each night, Rev. Gray reported.

Pastor of the Canadian church is his brother, the Rev. Thomas A. Gray, former pastor at Clarendon. Mrs. Gray accompanied Rev. Gray to Canadian.

**County Men Report to Army**

Results of the latest pre-induction physical examinations for area men, October 17 in Amarillo, have been announced by the Area Draft Board office at Childress.

Of the 51 registrants ordered to report, 11 were either transferred to other boards, married, or members of the armed forces already. One registrant went with this group who had received a deferment earlier, making a total of 41 who were sent to the Armed Forces Induction and Examining Station in Amarillo.

The local board also released a report Friday of a call for 13 registrants to be delivered for induction on December 6, 1950. A board meeting will probably be held in the early part of November to select these registrants in accordance to age group.

Seventeen young men had previously received notice to report for induction on Friday, November 3.

Only two Collingsworth County men were in the group accepted for the October call, Denzil H. Lewis of Dodson and Sam D. Morgan of Wellington. Others accepted from the area covered by the draft board were Ben William Carter, Fred Harry Cordell, Jimmy L. Hill of Tell; Harold D. McCallum, Herman D. Lineycomb, Kirkland; Billy E. Sims, John O. Harris, and Harold L. Moon of Childress.

Rejected from the group were Hardy Gratts, Eugene Dill and J. E. Vaught Jr. of Childress; William B. Fish of Swearingen; Julius L. James, Grady Austin, Jackie G. Coward and Richard N.

Guinn of Paducah; Billy F. Thomas, Jim F. Hansard and Sanford G. Sasser, Memphis; Kenneth A. Gosnell, Wade R. Welch, Malcolm N. Seale and Rube M. McClain, Wellington; J. C. McKay, Turkey; Billy J. Owens, Dodson; George D. Hillis, Milton A. Beasley, Jr. and Anderson J. Jones, Lakeview.

Chester Williams is a medical patient in St. Joseph's Hospital last week.

**Oil Lease News**

Only two oil and gas leases were filed in the County Clerk's office this week, and they are as follows: James B. Lowe and wife, Lois, to Dallas George, Amarillo, all of the northeast quarter of section 32, block 19.

W. R. Ward and wife, Alice Mae, to Kelly Pigg, all of the west one hundred twenty acres of the north one-half of section 44, block

14. J. C. Bell underwent surgery in St. Joseph's Hospital last week.

Mr. and Mrs. D. L. Harris of O'Donald, Texas, spent the week end visiting Mr. and Mrs. W. O. Copeland.

Mr. and Mrs. Raymond Albet of Hale Center spent the week end here with their daughter, Miss Betty Albet.

**Bird in hand that's a Beauty**

**and a Buy!**

Now it can be told. This cleaned, smart-stepping 1950 version is the most popular Buick ever built.

Ever since early in the present year, a value-wise public has been taking them away from us as fast as—or faster than—the great Buick factories could roll them out. Within recent weeks, production and sales have set an all-time record.

**Only Buick has Dynaflo—and with it goes:**

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
- NEW PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights
- WIDE-ANGLE VISIBILITY, close-up road view both forward and back
- TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius
- EXTRA-WIDE SEATS cradled between the axles
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
- WIDE ARRAY OF MODELS with Body by Fisher.

When better automobiles are built BUICK will build them

Count off the distinguished and time-tried features of this winner and you'll know why.

It has a Very Exclusive Motor — Buick's own high-compression Fireball—which gets its driving power from a combustion chamber found in no other car in the world.

It has the bump-smothering softness of coil springs on all four wheels and a torque-tube drive—a comfort combination that no other car provides.

It has Dynaflo Drive\*—which ushered in a whole new concept of effortless travel.

It has a brilliant styling which sets it apart from every other car on the road.

And it has prices which say "buy me" to any motorist who's looking for maximum money's worth.

Isn't it sensible, while these great cars are still coming off the line, to check with your Buick dealer about getting one to call your own?

Wood and Wood Team for Rocket Score

LEFORS PIRATES TAKE SURPRISE VICTORY FROM ROCKETS 18 TO 6

Two touchdowns and two safeties by the Lefors Pirates to a single score for the Rockets jolted Wellington out of the top section of District 2-A Friday night, November 3. The 18-6 score was considered an upset in a conference that had expected a tight game with a Rocket win.

Four of the Pirate points came on safeties, one in the first period and one in the last.

It was Rocket quarterback, Tommy Wood, however, who provided the big thrill of the game, pulling a sneak on the Pirate 30 and racing 70 yards for a score in the third period.

Co-partner in this spectacular sprint was Sheldon Wood — the two Rocket stars are not related — who went right alongside the ball carrier almost the full distance, keeping several of the faster Pirates off the Wellington scorers. Try for the extra point was no good.

The first Pirate score came when Jimmy Doom fell on a Wellington fumble on the Rocket 31. From there Ray Dickerson made

three plunges, then went over from the one yard line.

The first Lefors safety came after the Pirates had marched down to about the Rocket 4-yard line. With the Rocket backfield extending into goal territory, a shifty Pirate filtered through the Rocket line and tackled Clyde Ingram, substituting for Copeland, behind the goal line.

The score at the half was 9-0 for the Pirates, followed in the third by the Wellington score.

The second Pirate touchdown came when Dickerson went over from the 5 yard line, after getting possession on the 37. Dickerson ran one conversion, Joe Martin the other.

The second Pirate safety was practically a repetition of the first.

Rocket defense at times looked good enough for any 2-A team, especially on the two penetrations that because of lucky breaks led to safeties. It was the Rocket line, particularly Charles Johnson, Jimmy Graves and Jimmy Brock that caused the Pirates to get four points instead of 12.

Christian Church Has New Organ

A new organ has been installed at the First Christian Church, and E. J. Shailer, Borger, will be the guest organist Sunday, November 12, when it is used for the first time, the Rev. Archie Gray, pastor, has announced.

Mr. Shailer, considered one of the Panhandle's outstanding organists, will play at both the evening service, 11:00 a.m., and the evening service at 7:00 p.m. He will give special numbers, as well as accompany the congregational singing.

This organ attachment, bought in connection with a new piano, gives the same musical effect as a pipe organ, it is explained, and their use in churches is widespread.

"The public is cordially invited to attend each of the Sunday services," Rev. Gray said.

Mrs. Guy Clay is the church pianist and Mrs. A. Y. Bell is assistant.

Wayland Band at Lutie Church Sat.

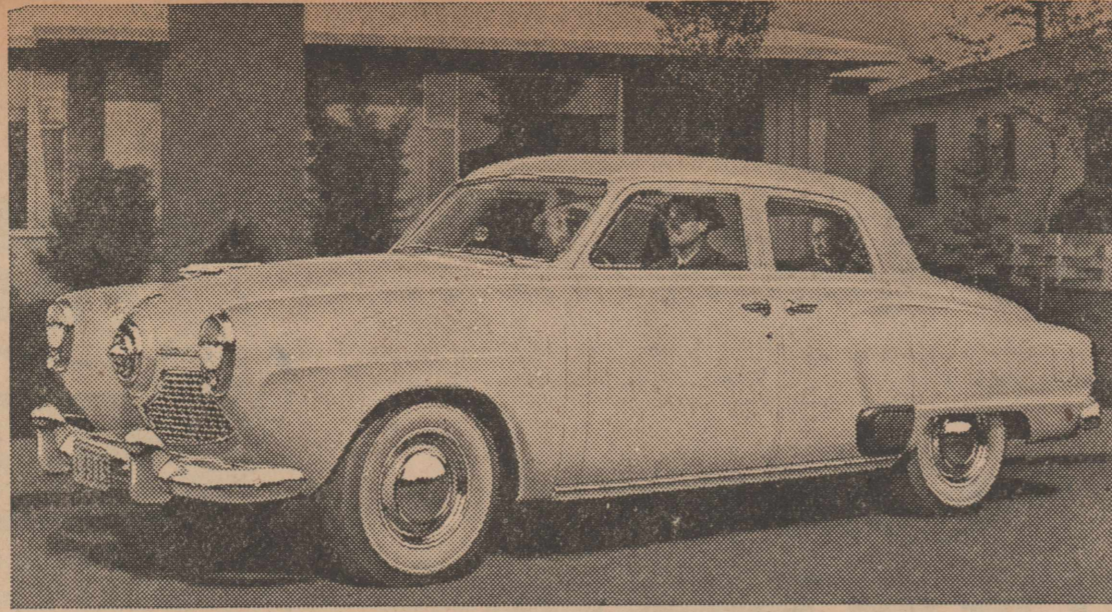

The Mission Band from Wayland College will appear at a regular service at the Lutie Baptist Church Saturday, November 11, at 7:00 p.m. This group has been in the community several times and has been popular in the area.

Miss Peeples Quail Sweetheart

The Quail Chapter of Future Farmers of America held its annual election for chapter sweetheart recently, and Miss Fayteen Peeples, daughter of Mr. and Mrs. Deniz Peeples won the election.

Miss Peeples will compete with the other local sweethearts for the title of district sweetheart at the district banquet which will be held at the community building December 5.

Other contestants were Misses Jo Blevins and Jo Helen White.

Increased driving visibility, pioneered by Studebaker in its earliest postwar cars, is carried on even more extensively in the 1951 models. One-piece windshields are now standard on all Champions and Commanders. The increased visibility provided by such windshields will make an important contribution to safer motoring. Also standard on most models are one-piece rear windows. Shown is the 1951 Champion 4-door Regal sedan.

New Studebaker Will Be Shown November 15

L. E. Ward announced this week that the new 1951 Champion Studebaker would be on display in his showroom November 15, and that he expected to have a showing of the sensational New Commander, powered by a rugged, V-type, 8 cylinder engine in the near future.

Changes on the 1951 Champion include the adoption of centerpoint steering, a re-designed instrument panel, and steel jacket-enclosed steering column and gear shifter lever on all but the custom series. The Champion engine, one of the most efficient in its field, reveals no major changes except for a modification of the oil pan. The generator has been stepped up from 35 to 40 amperes and radiator frontal cooling area increased by 22 square inches.

Box section, double-flanged frames, used on all Studebaker models, remain substantially unchanged but incorporate front-end modifications to allow for the new V-8 engine and suspension. Self-adjusting, self-centering brakes, introduced by Studebaker on its early postwar cars and widely acclaimed for their contribution to brake efficiency, dependability and safety, are continued.

Parking brake handles on all models have been re-designed and mounted on the instrument board moulding to provide greater accessibility.

Studebaker's automatic transmission will be available on all models as optional equipment at extra cost. Overdrive will likewise continue as extra-cost optional equipment.

Studebaker officials print out that engineering refinements throughout the new models have permitted a weight reduction of 205 pounds on the Commander and 55 pounds on the Champion. These weight savings, officials claim, will add still further to economy, performance, and riding qualities.

450 Boys and Girls Members in County COUNTY 4-H CLUBS OBSERVING NATIONAL ACHIEVEMENT WEEK

Although their own achievement activities are highlighted at the Project Show each spring, Collingsworth County 4-H Club boys and girls are observing this week National 4-H Club Achievement Week.

Approximately 450 boys and girls in Collingsworth County are in 4-H Club work according to Miss Jo Wylie, county home demonstration agent, and J. W. Thomas, county agent, report. They, with the agents and their sponsors, are carrying on livestock and homemaking projects to help them become better farmers and farm homemakers.

The six girls 4-H Clubs have a membership of 275. Wellington has a junior club and Dodson a senior club. Both Quail and Samnorwood have junior and senior clubs.

Sponsors are Mrs. Jack Lowry and Mrs. W. R. Breeding, Samnorwood juniors; Mrs. John Groves, Mrs. Gus Gooch and Mrs. Andrew Honeycutt, Samnorwood senior club; Mrs. Dudley Phipps, Quail junior club; Mrs. Lowell Wells and Mrs. A. L. Robinson, Quail senior club; Mrs. H. C. Yarbrough and Mrs. Thurman Crowner, Dodson senior club; and Mrs. J. W. Thomas and Mrs. Lawrence Warrick, Wellington junior girls.

Under Miss Wylie's direction, the girls this year are studying cereals and breads, including their use, food value, and how to prepare them tastefully. Their study of clothing will be climaxed by the annual dress revue in May.

In addition to exhibiting their work at the Project Show and dress revue last spring, the 4-H Club girls entered a number of divisions of the State Line Fair, Shamrock, and brought home 73

J. D. Farrars Have 50th Anniversary

About 400 friends and relatives attended the golden wedding celebration of Mr. and Mrs. J. D. Farrar Sunday, October 22. The reception was held in the home of a daughter, Mrs. Earl Self of Melrose, New Mexico.

Open house was held between 2 and 5 p.m. The table was laid with an imported cloth, the cutwork of which depicted an English hunting scene, and silver from the Circle H Ranch of Toyahvale. Centering the table was a huge three-tiered wedding cake, topped with a bride and groom underneath an arch of golden bells and leaves.

On either side of the cake was inscribed in gold letters "Lillie-J. D." with a gold "50" in the center. Individual cakes with a gold "50" on each were served to the guests. Mrs. Emmitt Clayton and Mrs. J. M. Foster, Jr., both of Portales, New Mexico, presided at the table.

Baskets of gold colored mums, dahlias, and marigolds decorated the rooms of the house.

Mrs. S. W. Love of Clarendon, sister-in-law of Mrs. Farrar, presided at the guest book which had a white leather binding and was imprinted in gold, "Mr. and Mrs. J. D. Farrar for fifty years."

Mr. and Mrs. Farrar and Mrs. W. T. Lowe, mother of Mrs. Farrar, were in the receiving line. Their five daughters acted as hostesses.

Hundreds of cards, letters, and telegrams came from all parts of the county, congratulating the couple on their half century of married life.

Mr. and Mrs. Farrar were married in Granbury October 22, 1900. She is the former Lillie Annie Lowe. In the 1920's they moved to Melrose, New Mexico, from Wellington, where they had made their home for 25 years, then moved to Portales, New Mexico, on a small acreage in 1949 to retire. They are both still very active, and Mr. Farrar looks after cattle and farming interests.

To the Farrar family were born five daughters. They are Mrs. J. Foster, Portales; Mrs. Earl Self, Mrs. W. W. Rogers, and Mrs. C. Wilbanks, all of Melrose, and Mrs. E. L. Hunsaker of Toyahvale. All with five sons-in-law, were present for the Sunday party. Also there are nine grandchildren, Donald Farrar Rogers, who is with the U. S. Navy, aboard a destroyer patrolling the Korean waters, Donald's younger brother, Woodrow Wilson, Jr., stationed with the Army at Camp Carson, Colorado, and Ernest L. Hunsaker, Jr., a student at T. M. I. in San Antonio, who were not present at the celebration.

Other grandchildren who attended were Mrs. Emmitt Clayton, the oldest grandchild, and only granddaughter, of Portales; Douglas, Jimmie, Bob and Malcolm Rogers of Melrose, and J. M. Foster, Jr., who is associated with the Portales Daily News. A granddaughter by marriage, Mrs. J. M. Foster, Jr., and a grandson, Emmitt Clayton, were also present.

Johnson-Sanders Vows Solemnized

By THELMA WAYNE JOHNSON Miss Bonnie Ruth Johnson, daughter of Mr. and Mrs. Kenneth E. Johnson of Shamrock, became the bride of Charles Sanders, son of Mr. and Mrs. Frank Sanders of Shamrock Saturday evening, October 21. The double-ring service was read in the parsonage of the Church of Christ in Shamrock with the Minister Grady Copper officiating.

The couple exchanged their vows before an arrangement of bronze chrysanthemums and lighted tapers in branched candelabra. Miss Frieda Johnson, who attended her sister as maid of honor, wore a beige suit with brown accessories and a corsage of red rosebuds.

Joel Sanders, a student at the University of Texas, served his brother as best man.

The bride wore a dress of royal blue jersey fashioned with a high neckline, long sleeves, and an accordion pleated skirt. She wore a hat of frost pink felt and matching gloves. Her corsage was an orchid.

Mrs. Johnson, mother of the bride, wore a suit of plum colored wool with black accessories and an orchid corsage. Mrs. Sanders was attired in a suit of blue wool, with which she wore black accessories and an orchid corsage.

As the couple left for a wedding trip in New Mexico, the bride was wearing a tailored suit with black accessories.

The bride is a graduate of Sannorwood High School, and at the time of her marriage, she was employed by the First National Bank in Shamrock.

The groom graduated from Shamrock High School and attended the University of Texas before going to Northwestern University at Chicago where he received his commission as an ensign in the Navy. For the past two years he has been associated with the First National Bank in Shamrock.

The couple will make their home in Shamrock.

ROUNDUP

By THELMA WAYNE JOHNSON

Rev. and Mrs. Bill Hankins of near Lubbock spent a few days here with her parents, Mr. and Mrs. G. M. Thompson, and other relatives and friends, last week.

Cotton is opening fast here, and the farmers are working every minute they can in order to harvest their crop.

Miss Alma Leta Clement of Lutie spent Saturday night with Miss Mildred Johnson.

C. O. Bodine purchased a new tractor this week.

Mrs. James L. Light visited her niece, Miss Thelma Wayne Johnson Monday night.

We had a freeze and frost this week. Looks as if winter is here.

Alfred and Marlon Sheffield spent Saturday afternoon with Robert Johnson.

Misses Ramona and Iona Johnson of Amarillo visited with relatives and friends here this week end.

Mr. and Mrs. John F. Moody have a new butane heating system in their home now.

Wisdom Bodine spent Saturday afternoon with Jerry Pritchard. Benny Benton visited with John and Lavone Moody Thursday night.

Mrs. Houston Baird of Tulia is here visiting her mother, Mrs. C. E. Sutton, and other relatives.

### Rising Land Price Picture In Texas

Record high prices for Texas farm and ranch land in 1949 are due to be topped by even higher land prices at the end of 1950.

This is the conclusion of a recent study carried on by the USDA Bureau of Economics and the Texas Agricultural Experiment Station.

Taking Texas as a whole, during 1949, land prices rose about seven and a half per cent, or from an average of \$41.36 to \$44.44 per acre. It was the third straight year that land prices have stayed at a record high level, far above the high prices which existed in 1926.

Although the price increased in 1949, the number of acres sold was 25 per cent less than was sold in 1948. The average size of the tracts of land sold was smaller than had been the case for several years, and the number of sales dropped 11 per cent.

The biggest increase in price came on wheat farming land of the High Plains, which has risen from the average of \$32.01 to \$50.00, an increase of 65 per cent. Large increases also occurred in the grazing area of the High Plains, the Trans Pecos and Lower Rio Grande Valley areas. On the other hand, the average price of cotton lands on the plains was 18.7 percent lower than in 1948, and a drop of 15.2 per cent occurred during the year in the Grand Prairie.

USDA and the Experiment Station attribute the rising price of farm and ranch land in 1949 to the continued high prices paid for agricultural products resulting from the increasingly high incomes in non-agricultural industries and government support of agricultural prices.

### Is Unionized Migratory Labor Down the Road?

Migratory farm labor, chief source of gathering this area's cotton crops of many years, as well as the fruits and vegetables of the West and the big truck crops of the Atlantic Coast, has been free of regulation except that imposed by supply and demand. Now there are straws in the wind that within the next few years, it may become otherwise. This year's rude awakening to the child labor law on hiring children during school hours is likely to be followed by other measures.

Both government and organized labor have their eyes on these high numbers of people who travel from south to north, year after year, to gather crops that with

the possible exception of cotton are not gathered successfully by machinery.

A government committee is now investigating the conditions of the so-called "stoop workers", and according to information is due to take its survey over the entire country, making its first report around December 15.

The International Teamsters Union, one of the more conservative and better run labor unions, headed by Daniel Tobin, called attention in a recent issue of its magazine, the International Teamster, to the large number of migratory laborers, and pointed out that here lies a field for its work. Understand, there is no movement in this direction, but the suggestion has been made.

We are fortunate in that cotton can shift to mechanized harvesting, probably to its own benefit, but this much seems certain: All the big happenings in the agricultural revolution are not over.

### "No" Is Doing the Job

Businessmen and housewives believe there are fewer peddlers and solicitors in and around Wellington than for any fall in recent years. This is directly the result of our saying "No" to those with causes and goods we believe are not all they are represented to be.

The Chamber of Commerce, which is responsible for bringing this "No" out in the open, reminds that Wellington will be free from such moochers only as long as we continue to refuse to buy and contribute to dubious salesmen and solicitors.

The "No Solicitation" cards in so many business houses and homes make the local attitude plain. If you don't have one of these cards, or have mislaid yours, another is available simply by asking for it at the Chamber of Commerce office.

P. T. Barnum coined the phrase that there's a sucker born every minute. The Wellington Chamber of Commerce is of the opinion that there's no reason why Wellington should be furnishing any body sucker money. It takes just one word, two letters, to keep the town fairly clear of undesirable salesmen and solicitors, "No."

### Parents Invited To Visit School Week of Nov. 5-11

Wellington schools are observing American Education Week November 5 through 11, Supt. C. T. Roberts has announced. "There is no special program. School as usual is being emphasized, but patrons and interested citizens are invited to visit the school during the week," he said.

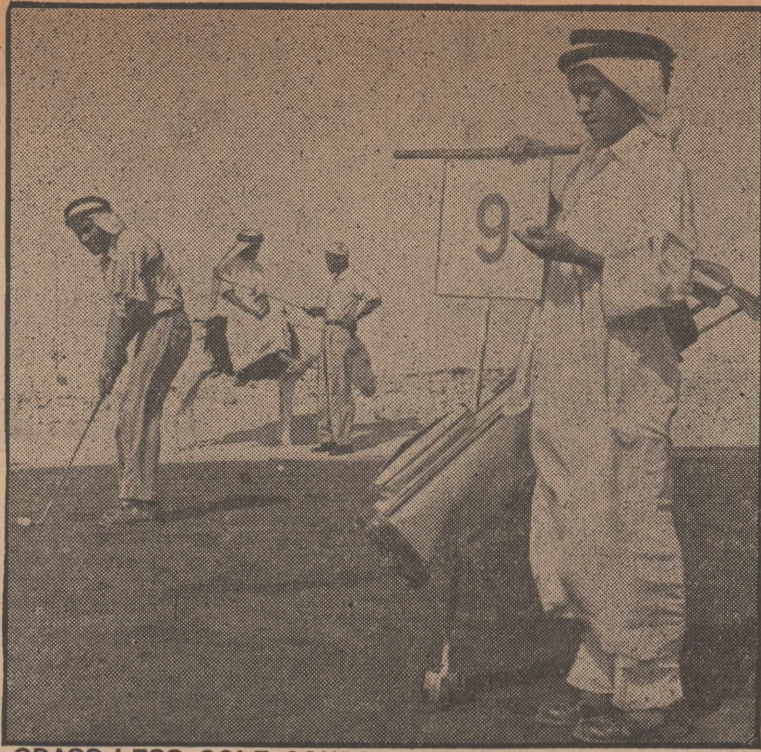

"Government of, by and for the people" is the theme chosen for 1950. Daily topics for the week are: Sunday, November 5, "Moral and Spiritual Values;" Monday, November 6, "Responsibilities of the Citizen;" Tuesday, November 7, "Meaning of the Ballot;" Wednesday, November 8, "Urgent School Need;" Thursday, November 9, "Opportunity for All;" Friday, November 10, "Home, School and Community Teamwork;" and Saturday, November 11, "Freedom's Heritage."

American Education Week was begun after World War I under the sponsorship of the American Legion, National Congress of Parents and Teachers, and the National Education Association, to arouse the interest of the public in the cause of Education.

By BETHINE ADKINS

The hard freeze and frost is the most recent news here. Much damage was done to late cotton and feed. This is the first time in years that a single freeze has killed everything. It generally takes two or three to do a complete job.

A soil conservation meeting was held at the Loco School auditorium Monday night. L. D. Hufsteler and V. E. Hefner of Childress were in charge of the meeting. A movie on the types of erosion and their prevention was shown. Refreshments of ice cream and cake were served to the fifty persons attending.

Mrs. F. D. Adkins of Amarillo and Mrs. Tom Scroggins of Lakeview are spending the week with their sister and family, Mr. and Mrs. M. L. Adkins.

Mr. and Mrs. Herman Belew and Mr. and Mrs. W. F. Harbin were hosts to a Halloween party Monday night, honoring the classes of the B. T. U. The party was held in the parlor of the church. Everything was decorated with the Halloween motif, and guests arrived in costumes. Refreshments of tuna sandwiches, cookies, candy, and hot chocolate were served to the thirty-five guests attending.

Mrs. Jack Brown and new daughter, Jackie Lynn, returned home Friday. Visiting the little girl were Mr. and Mrs. G. W. Adkins, Mrs. George Patterson and Judy of Wellington, Mr. and Mrs. M. L. **Improvement on U. S. Highway 83 Near Canadian**

The only sub-standard stretch of U. S. Highway 83, the narrow Canadian River bridge in Hemphill County, will soon be eliminated.

Hemphill county Judge Hez Wood has reported that final specifications for the new Canadian River bridge will be ready for contractors within a week after last minute details can be worked out.

Plans call for a 40-foot pavement from the north edge of Canadian, to the "Y" north of the bridge. There will be 20 feet of concrete with 10-ft. shoulders on each side of heavy gravel and blacktop, Judge Wood said.

The bridge itself will be 26 feet wide, with concrete railings of low construction so that combines using this route will be able to over-

hang the guard rails and cross without blocking traffic. Estimated cost of the construction will be \$974,000, and construction will probably start this winter.

At the annual meeting of the Great Plains Highway 83 Assn. held last month in Perryton, Texas Highway 83 Assn. president Dr. B. E. Pickett of Carrizo Springs reported that the Canadian River bridge was the only part of the highway not up to standard.

During the past year, the gap at Kerrville has been closed and a new million dollar bridge across the Nueces River has been completed.

U. S. Highway 83 extends from Canada to Mexico, passing through North and South Dakota, Nebraska, Kansas, Oklahoma and Texas. It is the only paved continuous north-south route.

Mr. and Mrs. Wayne Jones and daughter, Luvette, of Dallas spent the week end with her parents, Mr. and Mrs. M. L. James.

**Civil Service Exam Listed**

The U. S. Civil Service Commission has announced an examination for Junior Professional Assistant, \$3100 per annum. According to John R. Sanderson, manager of the Amarillo social security field office, future employees of the Social Security Administration in Texas will be selected from persons passing the Social Science Analyst option of this examination.

Persons interested in future employment by the Social Security Administration, Sanderson says, are advised to take this examination if qualified. He adds, however, that there are no present vacancies in the Amarillo office.

Information as to qualification requirements and filing procedure is included in the announcement, which is available at all first and second class post offices. Closing date for application for this examination is November 13.

What Ails Collingsworth Farming?

LOCAL AGRICULTURAL PROBLEMS AND SOLUTIONS FOR 1951 STUDIED

What are the major problems of Collingsworth County agriculture, and what can be done about them in 1951?

These problems and solutions are outlined in a series of articles worked up by County Agent J. W. Thomas and members of the County Agriculture Council.

Considered in this and following articles are the problems of soil and water conservation, pasture improvement, cotton production, livestock production, orchard production, grain production, and alfalfa production.

Assisting Mr. Thomas were Alex Coleman, Wood Coleman, Duard Scott, Cameron Beam, C. R. Leggett, J. T. Slay, Willie Knoll, and R. D. Wiley.

AGRICULTURAL, ECONOMIC AND SOCIAL CONDITIONS

Collingsworth County is in the southeast corner of the Texas Panhandle with about 23 inches annual rainfall. Approximately 100,000 acres running through the county from northwest to southeast is sandy soil which is devoted principally to cotton and grain sorghum with an increasing acreage of alfalfa, grass for seed, hairy vetch, Austrian winter peas, peaches, apples, berries and other fruits.

voted principally to the raising of cotton, grain sorghum, and small grain with the rocky, rolling soils being used for beef cattle grazing. Mesquite is a serious problem on these soils and overgrazing is a rule.

Throughout the county, and especially in the sandier areas, cotton and maize yields are decreasing except in the few places where legumes and phosphate are being used in rotation, and here the increase in yields has run 75 to 100 per cent. Many sand farms have been abandoned by families and attached to other farm units because of decreased yields which is caused by continued row cropping in maize, cotton, and peanuts. Much of the cotton is sledged, the maize is either bundled or combined and then the stalks grazed, thus leaving the fields open to water and wind erosion during the usual hazardous spring months of March, April and May.

In the ranching areas mesquite, shin-oak, and sand sage is a serious problem. Generally, farmers at present are in fair financial condition except where hail, insects, and too much rain (deep sands) damaged crops.

Sixty percent of the farms in the county are tenant operated. Tenant operation is approximately eighty percent in the sandy, low production area.

Five Veteran Agricultural classes are operating in the county and these farmers are assisting in carrying out farm demonstration work.

Two Civic Clubs, the Chamber of Commerce, and individual business men and farmers are assisting in carrying on 4-H and F. F. A. Club boy work in dairy cattle, swine, and beef cattle. These

groups are also assisting in promoting and holding an annual county Youth Project Show.

SOIL AND WATER CONSERVATION Major Problems

In the sandier areas, the crop yields are on a constant decline and grazing acreages are carrying less livestock. On the tighter lands the problems of production are less noticeable although present.

Approximately 45,000 acres of land has been terraced in the last six years in the county. Six years ago there were 1,000 acres of legumes grown in the county — phosphate had never been used. This year there are 15,000 acres of legumes and over a 1,000,000 pounds of phosphate used.

- 1. Many soils are low in nitrogen and phosphate.
2. Many pastures are infested with weeds, sand sage, mesquite and shinnery.
3. Grasses in many areas lack nutrition.
4. Lack of understanding the proper use of drilled legume crops or legume crops in combination with small grains with proper fertilization and inoculation used in rotation with clean tilled crops as cotton and maize.
5. Farm tenancy problems tends to hold back soil and water conservation program.

Goals
1. Four demonstrators carrying on a balanced farm program showing value of soil and water conservation.

Solution

1. Four demonstrations will be selected in the various sections of the county for the purpose of setting up an over-all soil and water conservation program on these acreages the coming year. The Extension Agent, with the assistance of the Soil Conservation Service, the Vocational Agricultural Instructors, and Veterans Vocational Agricultural Instructors, will work with demonstrators to the fullest extent in arriving at a solution of a complete program on these farms and ranches as far as practicable.

2. Meetings have been and will be held in all communities, giving special emphasis to the planting of legume crops, mixtures including legume crops, the use of super phosphate and the inoculation of legume seed.

3. The county agent will assist the Board of Supervisors of the Salt Fork Soil Conservation District in carrying out their program of work.

Methods

1. The Extension Specialist will be used in this county program either personally or in an advisory capacity.
2. Results obtained will be published in the local paper and other papers of this area. Radio will also be used if available.
3. Field tours will be conducted at dates which will be most advantageous to bring out progress and results.

4. Bulletins and circulars will be supplied to all county residents upon request. Bulletins will also be distributed on field tours and at method and result demonstrations.

5. Colored slides will be made locally showing improved soil and water conservation practices and shown at different meetings.

6. Soil Judging Contests will be held at different meetings.

7. Regular visits will be made to demonstrators to keep check on progress, give special assistance needed, and secure result information.

8. Demonstration teams will be trained in soil and water conservation to present information before 4-H Clubs and other groups.

Social Security Man Here Nov. 15

A representative from the Amarillo social security office will be in Wellington at the County Court House at 9:00 a.m., Wednesday, November 15.

The 1950 amendments of the Social Security Act contain an important provision which concerns the men and women who served in our armed forces during World War II. The act now provides wage credits of \$160 for each month of military service in World War II.

This change may qualify many widows and children of those who were killed in action or who may have died since the war. Benefits may be payable with the month of September, 1950. This provision would affect unremarried widows

and children under age 18 on September 1, 1950. Also, in some cases, parents who were receiving at least one-half of their total support from the service man or woman at the time of his death would be entitled to payments.

In addition to allowing the payments mentioned above, the adding of military service credits would result in some present payments being increased. This would be the case if the added credits would increase the average monthly wage of the deceased.

Anyone who feels this would change present payments or would entitle them to payments is urged to contact the Amarillo social security office for further information.

Alfalfa Dying On Poor Land

A number of farmers who planted alfalfa on poor sandy land this fall are finding that fields which came up to an excellent stand have almost died out, County Agent J. W. Thomas reports.

This is due to their being so little plant food or fertility in the soil that water was not held where it would benefit the alfalfa plants, but when dry weather set in, seeped down to lower levels, he explained.

The fertility of this land will have to be built up before it can carry a stand of alfalfa, and Mr. Thomas recommended seedings of rye and vetch, with applications of phosphate for the purpose.

**Holcomb Lists Dept. Advance**

LUBBOCK — Dysart E. Hol- comb, Dean of Engineering at Texas Technological College, has announced that two more depart- ments have been fully accredited.

Approval was granted by the Engineer's Council for Profession- al Development. The two departments are textile engineering option curriculum and industrial engineering curriculum. In 1937, civil, electrical and me- chanical engineering departments were rated by the Council.

This approval is of great ben- efit to both the students and to the school. The Council is the main accrediting agency for all engi- neering schools. Students graduat- ing from the approved institutions do not have to take an examina- tion to secure the license required to practice engineering work.

Inspection of the two depart- ments was made in February and included the qualifications of the staff, equipment, enrollment and financial support.

**Baseball Comedy Stars Bendix**

"Kill the Umpire," Columbia Pictures' behind-the-plate comedy of a constantly-behind-the-eight- ball diamond arbiter will be at the Ritz Theatre Tuesday, November 14. William Bendix is starred in this cinematic eulogization of what probably is America's most-aligned individual. At that, according to Hollywood report, there's nothing wrong with Bendix as an umpire that a good seeing-eye dog couldn't cure! It's a far cry from his star- ring role in "The Babe Ruth Story!"

Una Merkel, Ray Collins and Gloria Henry top the featured sup- porting cast of the film, in which Bendix is seen as an ardent base- ball fan, whose strident boeing of decisions has gotten him tossed out of ball park after ball park, while his too-frequent attendance at ball games has gotten him tossed out of job after job. Faced by an im- minent domestic crisis, with his wife planning to leave him, Ben- dix decides to compromise: he be- comes an umpire, thus receiving a steady salary and, simultaneously, getting a chance to see baseball games.

"Kill the Umpire" carries him through the training regime at the school for umpires in Florida, and then into minor league ball. At the former establishment, Ben- dix finds hilarious difficulty in ad- justing his umpire-baiting way of life to the rigid disciplines and techniques which help to make an umpire what he is.

On the diamond itself, Bendix does all right — until one of his decisions leads to a near riot dur- ing a crucial game. Home team fans seriously set out to kill the umpire or, at least, to tar-and- feather him, and Bendix goes through a hair-raising series of comedy encounters before one of the ball players involved can clear the air by his testimony.

**WHO'LL BE NEXT?**

What would you do if tomorrow the Federal government were to announce a plan through which it would become your boss, setting forth the new regulations and conditions under which you would henceforth work and the standard salary or wage all people in your occupation would be paid? You wouldn't like it. You'd no doubt protest in every way you could. Most adult Americans have observed and even had some direct contact with political management and political regimentation. Very few would want a political bureau or ward heeler to take over their occupation, business or profession.

Of course, if I'm a plumber and you're a butcher and the politicians announce they're taking over the butchers and the livestock industry so we plumbers can have more meat to eat, and at little, if any, cost, that might be a horse of a different color — at first glance. Until I'd had time to think twice, it might get my favorable attention. The butchers wouldn't like it, but of course they're outnumbered.

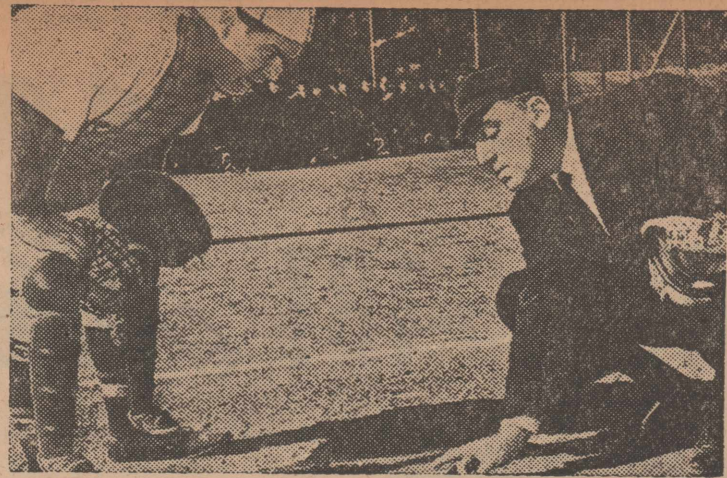

**YOU'RE IN LINE**

Upon thinking the thing through, I'd know the plan was a come-on for the Socialists: that after taking over the butchers and the livestock industry they'd have to take over the farmers and the feed mills because they're a part of the livestock industry; and the railroads and truck lines because they're necessary to transport both livestock and feedstuff; and the automobile manufacturers and box car and locomotive foundries because they make the vehicles of transportation; and the construction industry which builds the plants to house the box car and auto production lines and — oh! oh! — the plumbers! For who else would put pipes in those manufacturing plants to make them operate.

That's what is happening in England. There the Socialist-Labor Party used medicine instead of meat as the first persuasive come-on; though they also promised, as all Socialists do, "fair shares" of meat and bread and butter for everyone — without compensating effort. But the "fair shares" turned out to be hardly more than sustenance rations.

**RESULTS WARN US**

Before the English people had thought twice, the politicians and

bureaucrats had taken over the profession of medicine and the physicians and hospitals for their compulsory health program which, they said, would not cost anybody much of anything. Then the Socialists went on from there. They're taking over the steel industry now because everything else they've socialized has, they point out, some direct or indirect dependence upon this basic metal. A great many English people still haven't thought twice. They continue to live in a miserable Socialist austerity, propped up by American dollars, blindly hoping for economic miracles.

In America the political "medicine men" are proposing a compulsory health program which would socialize, or "nationalize" the American medical profession. Most Americans already have thought twice on this scheme and have refused to be taken in. But the entire leftwing press and a number of influential politicians and bureaucrats are keeping up a huge flow of propaganda for the something-for-nothing Federal medicine program.

**FREEDOM IS AT STAKE**

Our hypothetical butcher didn't want to become a pawn of the Socialists. Neither does the American doctor. The medical profession is fighting back. And in their fight every American citizen, young and old, has a stake — his individual freedom. If the Federal government, operating under no matter what "brand" of political philosophy, should take over the medical profession, it would be only a matter of time before every other business and profession — and every job — would fall within the grasp of the comparatively

small group of "planners" who seek to become the ruling force in a Socialist America. The medical profession has been slow realizing that its fight is not merely against socialized medicine but rather against Socialism itself. It realizes that fact now. The public should not be so slow in recognizing that the ultimate objective of the compulsory medicine politicians is not merely socialized medicine, but rather the full socialization (and thus the destruction) of our great nation. We must keep our professions, our business and industries — our occupations — out of the hands of politicians.

**Caperton Named Tech Favorite**

Claude Caperton of Dozier was named sophomore man favorite at Texas Technological College in the recent elections for favorite man and woman of each class.

He won out over two opponents. Favorite woman of the class was Doris Betenbough of Shamrock, who won over five opponents.

They were the only students from this section of the state to win honors.

Caperton is the son of Mr. and Mrs. C. H. Caperton and is an honor graduate of Samnorwood High School.

Guests of Mrs. El Wood recently were her father-in-law, Ken Wood of Lubbock and the latter's children, Mr. and Mrs. Athal Wood of Bellaire, Mrs. Blanche Hutton of Lubbock and Mrs. Kay Doshier of Childress.

**Buck Creek**  
*Philosopher*

*Editor's note. The Buck Creek Philosopher on his Johnson grass farm on Buck Creek is getting out of his territory this week, but it's his funeral, not ours.*

Dear editor:  
While I know about as much about education as you do about farmin or the experts know about what Russia has in mind or the Russians know about what Stalin has in mind, I was readin the other day in a newspaper I had saved to cut up and use as inner soles for my shoes where they're wearin through but decided to put knowledge ahead of comfort, cardboard works better anyway, where there is some talk in some places of runnin the schools twelve months a year instead of nine.

As I understand it, the nine-months school started in New England a couple of hundred years ago when school children was needed in the summer months to get in the hay, and the idea has stayed with us, but some of these advanced educational experts are arguin the system is out of date, very few children bring in much hay now, no use lettin the school buildings stay idle a fourth of the time, keep the children in school the year-round.

As I say, I ain't no educational expert, which shouldn't be no secret by now, but I'm here to tell you it won't work. There ain't a school teacher alive who can put up with most children twelve months out of the year. Break em down faster than a round-the-clock bomb attack.

After nine months of contendin with children, the average teacher is lucky if she can stagger off and recuperate in the three remaining months in time to start over again. As for the average parents, they're able to put up with their children only three months out of the year, not to mention nine, and if they can afford it half of the three months they send em off to camp or to visit relatives. Parents and chil-

dren are fine, but in lots of cases they sure do get in each other's way.  
But this may be out of my line. Maybe I'd better stick to Johnson grass. You can let it run wild, too, same as children, but you don't get talked about near as much. Some times though both crops turn out to make pretty good hay.

Yours faithfully,  
J. A.
