Country Club in Choral Club of Nice Condition Fifty Girls De- for Xmas Dance lighted Rotary

American Legion and Legion Auxiliary members held their first meeting at Cisco Country club last night. F. D. Wright presided in the absence of Simon Coplin, commander, and some sixty men and women braved the wintry weather to inspect the recently rehabilitated club quarters, which are to be used jointly by Legion and Country club members.

The meeting was strictly a social affair and for the particular purpose of inspecting the improvements recently made and to determine whether anything had been left undone that might contribute to the complete success of the Legion's inaugural dance of Saturday night, December 22, which will open the winter series of entertainments to be given at the club house by John William Butts Post. Everything was found okay and it was stated that approximately 600 dance tickets had already been sold.

TURNED HER LOOSE.
CHELSEA, Mass., Dec. 20. (U.P.)—Denouncing the defendant as an exhibitionist, a district judge refused today to discuss a murder charge against Mrs. Rose Carlan in the death of her "kidnaped" baby son Ronnie, but admitted her to bail so she could spend the Christmas season with her family.

AUSTIN, Dec. 20. (U.P.)—A forty-cent cut in the average old age pension paid in Texas was forecast by Director John Winters of the welfare department today.

O. J. Russell was chairman at the Rotary club luncheon today when Fred Baumgardner, public schools bandmaster and Choral club director, presented the Choral club in a wonderful program of Christmas music.

Fifty or more girls composed the choral group and a trombone quartet from the Lobo band contributed two numbers to the marvelously excellent entertainment.

The entire Lobo band was present at the luncheon.

At the conclusion of the program W. W. Fewell, Rotary president and chairman of the band committee, presented Mr. Baumgardner with a handsome pen and pencil set from the band committee as a slight token of the committee's appreciation for the director's fine work with those public school students composing the two musical groups.

Loboes Made It 2 Straight Over Mav Basketeers

The Cisco Loboes, returning the visit of the Eastland Mavericks to Cisco some time ago when they defeated the Mavericks 20 to 16, made it two straight Tuesday night by winning 23 to 16 on the Mavs own court.

The Cisco quint was never behind, leading 13 to 10 at the half and extending their lead during the second period by outplaying and out-manuevering a fast-stepping Eastland five. At the end of the third quarter the score was 19 to 14.

The Loboes, led by Capt. Mac Harrelson, showed great improvement over their play both in pre-season games on their own court and in games which they played in the McMurray college tournament last week. Harrelson was high with 8 points. Noble and Williams were outstanding players.

The B team, with O. W. Ford in the principal scoring role, defeated Eastland B by a score of 22 to 7 in the second game of the Tuesday night series. The B's showed brilliant form in stepping to the front with an 8 to 1 lead at the quarter and allowing only two points for the entire second half. Ford scored 12 of his team's points.

The starting lineup for the Cisco A team was Harrelson and Smith at guards, Williams at center and Sauls and Nobles at forwards.

NOMINEES CONFIRMED.

WASHINGTON, Dec. 20. (U.P.)—The Senate today confirmed the American delegation to the United Nations organization by a voice vote.

CISCO, STAR LEAD IN E BOND SALES

Cyrus Frost, county chairman for the Victory bond drive, informed the Daily Press this morning that Eastland county is now over the top on all quotas.

Mr. Frost also stated that only 52 of the 254 Texas counties have completed their quotas and that Eastland county stands 19th from the top.

With the exception of Eastland, Ranger and Gorman, Mr. Frost said, all towns have topped their Series E assignments. Eastland still needs \$250, Ranger \$5,000 and Gorman \$5,000.

Cisco and Rising Star, he added, are far in the lead of all towns which have exceeded their E quotas.

Sales of E bonds will continue through December and the county chairman urged continued efforts by Eastland countians in order to bolster the state deficit as much as possible.

A complete breakdown of all county sales, by towns, will be furnished the papers as soon after the first of the year as possible, Mr. Frost concluded.

Poisoned Bullets Caused Death of U. S. Soldiers

NUERNBERG, Dec. 20. —Nazi Elite Guard (SS) surgeons fired poisoned bullets into concentration camp prisoners and carefully recorded the symptoms accompanying slow death for the victims, according to German documents disclosed at the war crimes trial of a score of Hitler's highest leaders.

Details of the notorious activities of the black - shirted Elite Guard were unfolded before the international military tribunal by American prosecutors to support their charges that the SS and five other once-powerful Nazi organizations should be convicted as criminal groups.

The poisoned bullet experiments resulted in the deaths of three out of five prisoners selected, SS records disclosed.

The prosecution also recounted the experiments, previously reported at the Dachau war crimes trial, in which women prisoners were used to reward frozen men with the heat of their naked bodies.

Want Ruhr and Rhine Removed From Nazi Hands

WASHINGTON, Dec. 20.—An expiring government war agency today proposed permanent separation of the Ruhr and Rhineland from Germany to prevent reconstruction of a war industry "capable of once again unhinging security of Europe."

The Foreign Economic Administration, officially dissolved by President Truman Sept. 27, put forth the suggestion as part of a detailed program for German economic and industrial disarmament. H. H. Fowler, director of FEA's enemy branch, made the program public in an appearance before a Senate military affairs subcommittee.

Pacific Fleet Out of Line When Japs Hit Pearl Harbor

WASHINGTON, Dec. 20. (U.P.)—Adm. Richmond Kelly Turner, former chief of navy war plans, said today the Pacific fleet should have been deployed for action instead of concentrated in Pearl Harbor when Japan struck on Dec. 7, 1941.

Turner told Pearl Harbor probers that "Deployment" was what Washington headquarters had in mind when it dispatched a war warning to Pacific commands, Nov. 27, 1941.

The war warning instructed commanders of the Pacific fleet at Hawaii and the Asiatic fleet at Manila to "execute an appropriate defensive deployment preparatory to carrying out the tasks assigned in war plan 16—war plans based on possible hostilities with Japan."

Meanwhile, the House and Senate adopted a resolution extending the life of the investigation from Jan. 3, the previously scheduled expiration date, to February 15.

Russians Are to Stay Out of Ja- pan, It Appears

BULLETIN (U.P.) — The state department has received no communication from Gen. Douglas MacArthur threatening to resign if the Russians are given any further participation in the occupation of Japan.

SAN FRANCISCO, Dec. 20. (U.P.)—The American Broadcasting company said today that Russian troops will not participate in the occupation of Japan as a result of a disagreement between Gen. Douglas MacArthur and the Soviets over which of the home islands the Russians would occupy.

Larry Tighe, ABC correspondent, said in a broadcast from Tokyo the break came after General MacArthur reportedly told the state department yesterday that if he was not left alone, and if Russia was allowed any further participation in occupation affairs, he would resign.

"Over a long period of time MacArthur and the Russians have been dickering over the problem of the Russian occupation of Japan," Tighe said.

"First the Russians wanted to bring an army over here. MacArthur flatly said 'No.' He would permit them to bring only one division.

"Finally, the Russians agreed, but insisted that they be allowed to occupy Hokkaido, the northernmost of the main Japanese islands.

"MacArthur again said 'No,' with implications that if the Russians ever got into Hokkaido they would never be dislodged.

"MacArthur offered, instead, to let the Russians into Kyushu, which would put American troops between the homeland and the occupying force. Then the Russians said 'No.'"

Tighe concluded by saying that he was informed that the Russians now have 60 divisions massed on the Russo - Manchurian border where they only had 38 divisions when the war ended.

CHOSEN BY LOT.

AUSTIN, Dec. 20.—E. W. Borders of Kaufman county was chosen by lot to represent all Texas Selective Service boards in receiving from President Truman the Congressional Selective Service Medal at a white house ceremony Jan. 21. Borders' name was drawn from an old iron kettle by Governor Stevenson.

By United Press.

WASHINGTON, Dec. 20.—General Motors told President Truman's fact - finding panel today that it will withdraw from the proceedings if the panel considers prices and profits in making a wage recommendations for settlement of the strike against the company.

Union representatives argued that the panel could not pass intelligently on their 30 per cent wage increase demand without considering the company's ability to pay.

President Truman said today that he considers it necessary for fact - finding boards to have authority to examine books of employers where wages are in dispute.

CIO STANDS FIRM.

DETROIT, Dec. 20. (U.P.)—The CIO United Auto Workers Union held firmly to its industry-wide 30 per cent wage increase demands today by refusing to discuss other points in contract - negotiations with Ford Motor Company.

The union rejected Ford's previous 12.4 per cent wage increase offer and reaffirmed its original demands on the entire auto industry on the 30th day of its nationwide strike against General Motors, which has made 175,000 UAW members idle.

The UAW objected to Ford's making its "completely unacceptable" wage offer "contingent on other matters that should be negotiated separately and on their own merits."

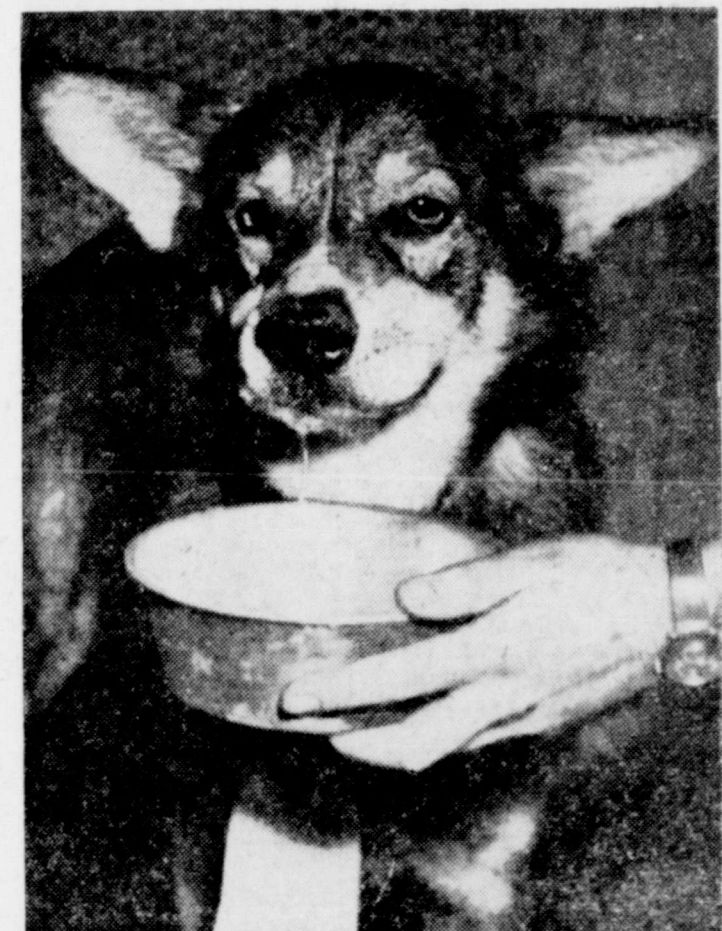

Fathers Out From Under Draft; Boys of 18 Necessary

WASHINGTON, Dec. 20.—All fathers are out from under the draft but selective service quieted speculation Thursday that this might lead soon to inducting 18-year-olds only.

The end to the drafting of fathers coincided with a new reduction in Army and Navy point scores. But high official of selective service said veterans are not re-enlisting in sufficient numbers to narrow the draft any further.

This means, said this official who asked anonymity, that temporarily at least, single men 18 through 25 must fill replacement needs of the Army and Navy.

As has been the case since the end of the war, however, the great majority of those drafted will be youths becoming 18.

Reds Want Valuable Property May End Jan. 1 From the Turks Washington Says

MOSCOW, Dec. 20. (U.P.)—The problem of Turkey was injected into the forefront of Big Three deliberations today when the Soviet official press prominently published a demand that Turkey turn over to Russia a strategic 5,500-square mile Black Sea coastal belt adjacent to the Soviet oil port of Batum.

The Soviet demand included the important Turkish port of Trabzon and a slice of coast about 110 miles long and roughly 50 miles deep extending south from the Russo-Turkish frontier on the Black Sea.

Simultaneous publication of the demand in all four of Moscow's major newspapers left no doubt that it had Soviet official blessing.

TEMPORARY INJUNCTION.

DALLAS, Dec. 20. (U.P.)—A temporary injunction restraining the National Labor Relations Board from holding strike votes among employees has been granted one transfer and warehouse firm but denied a trucking company by Federal Judge W. H. Atwell.

VET PAYMENTS OKAY.

AUSTIN, Dec. 20.—It was legal today for the University of Texas and other state-supported institutions of higher learning to accept payments from the Veterans Administration for the education or training of veterans. The attorney general's department ruled Wednesday that payments not less than those charged civilian students may be accepted.

WASHINGTON, Dec. 20. (U.P.)—The OPA is expected to issue a statement today on the ending of tire rationing in the near future. J. D. Small, chief of the Civilian Production Administration, has said frequently that he hoped tire rationing could be ended around the first of the year.

President's War Powers to Extend Six More Months

WASHINGTON, Dec. 20.—President Truman is assured of another six months of war powers which, among other things, include rationing.

The administration failed to obtain a hoped-for one-year extension when the Senate concurred yesterday, 31 to 30, with a House-approved bill setting up the lesser period.

The bill goes back to the House because of a Senate amendment setting Dec. 31 as the deadline for members of the armed forces to apply for naturalization, and providing that only persons in the service when the measure becomes law may apply.

MONUMENTAL LOANS.

Even a nation so great, rich and powerful as the United States is jarred by the statement of Dr. Lewis H. Kimmel, public financial authority of the Brookings Institution at Washington, that the federal government will need \$22,000,000,000 to carry on its necessary operations in 1948, with probably higher limits to come later. But Dr. E. M. Elkin, general tax attorney for the Westinghouse Electric Corporation of Pittsburgh, offers a little consolation by saying that congressmen who talk of

\$25,000,000,000 or more are "disregarding the tax-payers."

It remains to be seen whether the taxpayers will, or can, reduce the vast national debts which have developed in the war period. Presumably it can be done, but the operation takes courage and everlasting persistence. And strange to say, millions of Americans don't seem to care how greatly the federal taxes mount up. They lack knowledge or imagination to understand and oppose the methods by which so many billions are extracted from American pockets. These processes should be more clearly explained, and so should

IS HE RIGHT?

President A. Graves Williams, of the Ohio chamber of commerce, is seriously concerned by what he calls an "organized revolutionary movement driving to unseat the established American system of industrial and commercial enterprise."

He says he is convinced that "there is in this country a well-planned, thoroughly disciplined

and carefully directed revolutionary movement, seeking to undermine, destroy and discard the competitive enterprise system, and to substitute for it a completely centralized bureaucracy masked in the cloak of state socialism." And viewing the situation in this light, he maintains that the problems of peace are "as desperate as the problems of war."

BLACKBURN-FORD WEDDING SATURDAY.

Miss Dora Lillian Blackburn, daughter of R. F. Blackburn of Cisco, became the bride of Marvin R. Ford, son of R. Ford of Floydada, Saturday evening, December 15, in the home of her aunt, Mrs. Anna Thompson, Breckenridge.

The minister read the single ring ceremony as the wedding party grouped before an improvised altar of evergreens and poinsettias with baskets of vari-colored chrysanthemums placed at each side of the altar. Lighted white tapers gave added radiance to the scene. Mrs. Gladys Hensley played Lohengrin's bridal chorus as the bride's party entered and "I Love You Truly" softly during the ceremony.

The bride was given in marriage by her brother Robert Blackburn and wore a blue wool jersey suit with Navy accessories, with corsage of miniature cerise. She carried a handkerchief that had been carried by members of her family in nine weddings. The bride's sister Mrs. J. W. Robertson of Cisco was her matron of
