Assassination Attempt Puts Citizens In Shock

A stunned and shocked nation watched in horror and disbelief as shots rang out and, for the second time in the history of modern tele-

vised news coverage, the nation actually witnessed an assassin's bullet enter a President of the United States.

Expressions of rage, anger and despair could be heard nationwide as the form of the President was hurriedly shoved into a black limousine and rushed to a hospital.

On the streets of Colorado City, citizens could be heard, once again reliving that fateful day

17 years ago when President John F. Kennedy lost his life to an assassin's bullets.

Among the comments of citizens in Mitchell County were the remarks, "What is this country coming to," and "It will soon be so that the President must stay isolated and cannot get out in public."

An on the street interview was done and several persons voiced their opinions on the

subject of what punishment should be given in an attempt on the life of a President.

Rosemary Lopez, 1917 Cedar St., commented, "They should put him away for a hundred years, I just can't believe it's happened."

Fred Butts, 1109 Hickory, stated, "I was working at the shop when it happened and a customer came in and said the President had been shot."

"My initial reaction was shock and I was very angry, but I was not surprised. I've been reading about the possibility, and hearing on television that the President's policies and pro-

Turkey Season To Open

Mitchell County will have its first Spring Turkey Season beginning April 18 and ending May 3.

Game Warden Ronnie Aston commented that most Spring turkey hunting is done by calling the birds out of hiding.

He noted that the turkeys are extremely shy at this time of year because it is mating season, but for that same reason, the birds are highly susceptible to being called.

Hunting may begin 30 minutes before sunup and must end 30 minutes after sundown.

Only "Gobblers" and not hens are considered fair game during this season.

"Gobblers" may be distinguished from hens by their red heads, as opposed to the hens' blue heads.

The limit is one turkey for the season.

"Since this is the first time we have ever had the Spring Turkey Season in Mitchell County, I want to stress that hunt-

Colorado City reported 13 ballots cast in the race for councilman and Westbrook Independent School District Board of Trustees' election saw the third greatest number of votes cast with 10 persons going to the polls to vote absentee.

Colorado Independent School District Board of Trustees' election, which has three candidates for the three available slots, has had five absentee votes.

The City of Loraine reports a total of five absentee ballots have been cast in that election.

Loraine Independent School District Board of Trustees' election which is the only uncontested race has three incumbent candidates for the three seats available and reports no absentee votes cast.

Officers Elected For Tax District

Mitchell County Tax Appraisal District re-elected incumbent officers Curtis Latimer, chairperson; Willie Landau, vice-president, and Fleta Lewis, secretary, during a special called meeting Thursday.

Cleanup Planned For Barn

County Extension Agent Bob Benson announced a clean up day is planned at the agriculture barn on West Highway 80 today (Thursday).

"I know this is a busy time of the year for all of us," he stated, "but the chore of cleaning up the agriculture barn needs to be done."

"We had a great county livestock show and all enjoyed excellent prize money from a lot of hard work by members of the committee," he said.

"Now we all need to pitch in and help clean up the barn," Benson said.

"We will meet at the county agriculture barn at 4 p.m. today (Thursday). If we have enough help, it won't take us long to clean up," he commented.

Terms of office are for one year.

District members set June 19 at 10 a.m., in the Middle School Cafeteria as the date, time and place for the Board of Review for mineral valuation.

Latimer noted the date for real estate board of review will depend on the date Southwestern Appraisal Company completes re-appraisal. Completion of the project is currently anticipated about June 15.

Board of Review members include W. R. (Jinx) Powell, Ray Preston and Bobby Lemons. District members voted to compensate board members \$100 per day per person for each day they serve.

Chief Appraiser Mike Burt noted he anticipates the board will take one day to hear questions on mineral valuations and two or three on real estate valuations. Burt reminded district members \$3,000 has been budgeted for compensation to review board members.

District member J. D. Clifton reported to the district that he had appeared before the County Commissioners Court and discussed available office space in which the district offices could See TAX Page 5

Chopper Lights On Villa Lawn

By DONNA WATSON

Cars were screeching to a halt, patrons were running out of the Villa Restaurant and a crowd was forming, when some joker yelled, "Look, up in the sky, it's a bird; it's a plane; no, it's a Robinson Helicopter."

And sure enough, that's exactly what it was, a shiny, tiny new helicopter and it was landing on the front lawn of the Villa Inn Motel.

The crowd pushed in around the tiny bubble, halfway waiting for "Superman" to emerge, but instead two smiling "Yankees" popped out, grabbed a night bag from behind the seat and took a room for the evening in the motel.

The crowd began to think and I became curious as to why this gnat like vehicle had suddenly dropped from the sky, dispatching two grinning sky-riders in our country town on this windy Friday evening.

A quick visit to the waiting desk indicated the "natives" were friendly so I pressed onward and "upward." Well not really upward, although at one point they did allow me to sit in their surprisingly comfortable toy-like machine for a small demonstration of "how a helicopter operates."

I must admit, the "Yankee" accents threw me for a moment and I thought I was communicating with a couple of foreigners. However, after a brief conversation, I discovered they were simply two very likable "characters" who thought of flying this "bubble" 3,000 miles over mountains, deserts and Texas wastelands, as a vacation.

As the story began to unfold, I discovered Roger Green, who is a Delta Airlines Pilot in real life, and Howie Fuller, aircraft mechanic, instructor pilot, flight school owner and more, were on a trip back to a place called Sterling, Massachusetts.

It seems the duo had flown (free of charge since they both work for airlines) to Los Angeles, via airliner, to pick up the new helicopter and transport it back to Sterling, Mass., where it will be used to instruct student pilots in the art of flying helicopters.

The pair flew along Interstate 10 from L.A. to Pecos and then cut across to Colorado City, at times See VILLA Page 2

City Police Hire Randy Haskins

Randy Haskins, 25, formerly of San Angelo, has been hired to fill the vacancy left by the resignation of Kenneth Lawhon in the Colorado City Police department.

Haskins previously served as manager for Albertson's Grocery in San Angelo for four years.

He was born and raised in Roswell, N.M., and is a graduate of Roswell High School.

Haskins also served as dispatcher for the San Angelo Police Department for a period of nine months.

It was during that time, he said, he became interested in police work and decided to change careers.

A single man, Haskins' main hobbies are hunting and working with fire arms. He reloads his own ammunition.

grams would make him a prime target.

"I put myself in his place and thought how I would feel if someone tried to take my life because of my political views.

"That's what we have all fought for overseas, the right to disagree peaceably.

"I believe Reagan is a very courageous man, although I don't agree with all his policies, I AREA.

respect his view point.

"I believe we have reached an all time low point when we have to settle things with a gun.

It is senseless when a leader that we have elected can't serve in that office without being in fear of his life.

"I believe he (the assassin) should serve some time. It is time we made an example of one of these guys. They are nuts and if they are determined to kill someone, there is no way to protect his target 24 hours a day.

"Sure, they hire guys to do that, but there is just so much anyone can do.

"I believe violence is a sign of the times and the events are fulfilling Bible prophecy."

Mrs. Bonnie Calaway of 836 East 13th St., stated, "I was shocked, hurt and it nearly made

me physically sick when I heard the President had been shot.

"I believe the man who shot him should be given the most severe punishment possible.

When asked how and why a thing like this could happen in today's world, she answered, "I believe it goes way back.

"I have a 23 year-old son and of the kids he grew up with, three are in the penitentiary and one is a missionary.

"It's the attitude when they were growing up. It's the Vietnam Era and parents who wanted their children to have more than they had.

"I've thought about this thing all day and I truly feel sad for the parents of the man who shot the President, but there is little they or anyone else could do about it.

"It was just a part of that generation. I have an eight-year-old girl and she is much more patriotic and understanding than my older children seem to be.

"I believe and hope that her attitude is a sign that we are getting back to a better way of thinking and things are coming back around to normal," Mrs. Calaway said.

VILLA, From Page 1

following the railroad, highway or just a fence line.

"We got the funniest reaction from traffic as we flew overhead. They would all be speeding along at about the same pace we were traveling (up to 100 MPH) and then they would notice our shadow and they would slow way down. (The copter cruised at about 400 feet.) I think they thought we were the highway patrol," Fuller snickered a little under his breath.

"There were times we raced with trucks and lost, too," Green smilingly commented.

The duo have a general notion of where they are headed but are flying by "dead reckoning."

"Actually, we read highway signs, that's how we found this place. I read a sign that said 'Villa Inn two miles ahead,' then the next sign said 'Exit here for Villa Inn,' so we did," Fuller quipped.

"Do you land this thing just anywhere?" I foolishly inquired. You have to remember I don't see a helicopter park in front of the Villa everyday.

"Anywhere that's big enough for this thing to set down, and anywhere it looks like the people will be waiting with open arms," Fuller winked and said.

Then he got off on a tale about the sights and sounds from inside the tiny "bubble."

"You should have seen the Javelina Hog we saw not three miles from here. It was chasing a bunch of

cows and the mama cows were trying to stay between it and the calves; now that's an amazing sight. This has really been a great vacation," he said smilingly.

He went on to explain that the "bubble" only has a range of about 220 miles per tank of fuel and every two hours, landing is a must.

"The longest we stayed airborne was somewhere in New Mexico and when that two hours and twenty minutes was up and there was still no fuel pump in site, it got kinda tight," Green frowningly recalled.

But, every story must have a happy ending and as the sun began to slowly sink in the West (and the thin power lines became all but invisible) the shiny, tiny new helicopter glided safely into Colorado City and one more leg of the trip was behind them.

So ends the saga of the second helicopter ever to stay overnight at the Villa Inn.

For the story of the first such event you'll have to contact the manager of the Villa.

Oh, yes, if you hear some strange tale of how the two flyers were so taken with the food at the Villa Restaurant that they just had to stay over and enjoy breakfast too, take it with a grain of salt, although I'll admit the Villa spreads a great meal, I really believe the pilots' story that the sun was setting and it was time to put that thing on the ground for the night.

Candidate's Statement Correction

In correcting typographical errors, the RECORD accidentally reworded a paragraph in the candidacy statement for the Colorado City Council made by Ray Mason in Sunday's edition. The RECORD regrets the error and the following quotation is the exact way the statement was worded.

"I believe the same way now as I did when I served as city manager, the more informed the citizens are, the more co-operation and understanding the council and employees will receive in return."

LIP Group Meets With Building Improvements Discussed

Loraine Improvement Program met in regular meeting March 25 for business and to observe their third anniversary since its organization.

During the business, the club voted to purchase the material to complete the interior of the building they had bought and moved to the ball field in the south part of Loraine for the youth's summer program.

The building will be used for concession stands and restrooms. There is a lot of work to be done in the interior, walls put up, plumbing work, etc. This work will be done with volunteer labor, so the public is asked to note this and be ready to volunteer your help for this work which is for the benefit of the youth of our town and community.

In the drawing for the afghan, Earl Phillips

was the winner. Refreshments of punch and cookies were served from a table holding a centerpiece of yellow silk roses.

Plans were discussed for the annual "Harvest Festival" combined with the celebration of Loraine's 75th birthday which is set for Sept. 19.

The Athenaeum Club plans to set up an old fashioned school room, and ask anyone having old school desks, school class books, report cards of that era to let them know. Clubs should decide what they

plan to do to make the anniversary the best.

Leukemia Victim Needs Assistance

Maron Jacy Eagle, daughter of Mr. and Mrs. Al Eagle of Roscoe, is a victim of leukemia and the family is in need of financial assistance.

The six-year-old granddaughter of Mr. and Mrs. Roy Bailey of Loraine, has undergone extensive medical treatments which are scheduled for an extended period.

Because of the frequency of her treatments, the family is required to make several trips out-of-town.

She is currently in the hospital and the mother is staying with her at a cost of \$15 a day. Donations may be made in the young girl's name at the Roscoe State Bank.

75th Anniversary Plans Are Made

"St. Patrick's" appointments were used when Mrs. Floyd Coffee entertained the Athenium Study Club in her home on March 17th.

Mrs. Coffee, president, presided at a business meeting preceding the program. Minutes were read and approved and treasurer's report was heard.

Mrs. W. A. Taylor, first vice president reported on plans for next year's yearbook. She asked each member to turn in subject matter and material they would like to have included in next year's program.

Plans for a "School Days" exhibition for the Loraine 75th anniversary celebration were made. The club plans to have an "Exhibition Booth" of articles pertaining to the early schools of Loraine. It was decided to ask the community to share in this project. If anyone has old books, report cards, school equipment, such as desks, erasers, yearbooks, pictures or any other article pertaining to school, the Athenium Club would like to use them in this booth. Some member will be in the booth at all times so your treasurers will be safe. Please contact any club member.

Mrs. Woodrow Pratt was program leader for the afternoon. She led the pledge of allegiance to the American flag. Roll call was answered with each member "Did You Know," many of which pertained to Irish culture. In her opening remarks, Mrs. Pratt told of the New York City's St. Patrick's Day celebration and parade. She then introduced Mrs. Lily Bennett who gave a two part program.

First, she told of "What's Special About the White House." "It makes one proud to be an American to visit the White House," she stated. Here, history happens daily. The physical things of the house are important as well as the events that take place. Mrs. Harry Truman was responsible for the most important restoration of the house. It was in 1948 it was made architecturally sound and safe to last for decades. She also discussed the historical plans and gardens; the Jefferson Elm, Mrs. Woodrow Wilson's rose garden and Jackie Kennedy's children's garden.

"Summertime" was the title of the second part of her talk which was a poetic discussion of memories of summertime that have inspired poets, musicians, writers and painters. She mentioned old time summers, washdays in the ash house in the back yard and sudden showers drenching the clothes before they were dry on the line.

She concluded with Judy Barrington's idea of summer: House full of neighbors children, kids in the pool, not enough clean towels, entertaining the children, car pooling, keeping the yard, etc.

Mrs. Coffee served frosted St. Patrick's punch and cookies to Mmes. W. A. Taylor, Doyle Hester, Glen Coon, Woodrow Pratt, R. H. Bennett, Bruce Johnson, C. A. Matejowsky, Harold Martin and Lily Bennett.

Leisure Lodge News

Marsha McAdams

St. Patrick's Day is behind us with all its green fun. Actually, everyone here was scrambling to find something to pin on that was green. I saw about six people with a leaf pinned on their collar. Now we are looking forward to Easter and its pretty weather.

Our Easter decorations are going up this week with all their pastel colors. We are making plans for an egg hunt as we have done in the past years. Last year, in decorating our eggs, we wound up with eggs that look like a nurse, large eye, chorus girl, sun, and many more

that brought laughter and fun.

Due to a lack of birthdays for March, we didn't have a party. I guess with nine birthdays in February everyone decided to skip March.

Gladys Oden, in cooperation with the Mitchell County Public Library, came twice and showed us some great movies. It's one of many events we truly look forward to.

Ann R. Gregory from Loraine dropped in one morning and played some lovely songs on the piano for us. My favorite was "Chatanoga

Choo-Choo" which dates back away but has a lively tune. Another favorite mentioned by many to me was "He's Got The Whole World In His Hands." We are grateful to Ann for spending some of her time with us.

The month of April will be bringing some new activities for us to enjoy along with our pretty weather. Three times a week we will be taking walks outdoors including those who are confined to a wheel chair. Then a current events class is being started and will be conducted outdoors when possible.

Mrs. Ida Baird donated many magazines and books for which we are grateful.

Thanks to Inez Thomas, Dorothy Merket and Bea Looney for donations to our bingo prizes.

Mable Graham also gave for our bingo and some coffee cups for those who drink instant coffee and had need of their own cup.

Lupe Vasquez was voted as employee of the month by her co-workers. Lupe has worked here for two years and recently finished special schooling at T.S.T.I. in Sweetwater to become one of our new medication aides.

Seen around lately were: Lola Faye Bennett, Bea Looney, Earl Phillips, Mr. and Mrs. W. A. Swafford, Ruth Butler and Fern Coon.

Bill Lyons of El Paso spent the night of March 25 with his aunt, Mrs. Edwin Hallmark and his mother, Mrs. Fannie Lyons returned with him after spending three weeks here with Mrs. Hallmark.

Mrs. Hubert Thomas and Mrs. Ira Coffee spent March 25-26 in San Angelo. Mrs. Thomas visited her sister and brother-in-law, Mr. and Mrs. Bill Shields and Mrs. Coffee visited Mrs. Winnie Coffee.

Mr. and Mrs. R. E. Nichols and granddaughter, Stacy Price of Colorado Springs, Colo., came in March 25 and Mr. and Mrs. W. C. Harris of Iredell arrived March 27 for a visit with their sister, Mrs. Ruth Blair.

Mrs. Clara Butler was brought to the Root Memorial Hospital in Colorado City March 27 from Hendrick Medical Center in Abilene where she had undergone hip surgery and been a patient the past 12 days.

Mrs. Syble Walker returned home March 27 after spending several days in Odessa with her daughter and husband, Mr. and Mrs. Jack Allbright.

The Westbrook community.

My experience in the teaching field afforded me the opportunity to gain insight into some of the problems faced by board members in operating a school system that is effective and efficient.

A board of an independent school will budget and spend large sums of tax dollars each year. I feel I have the education and business experience needed to assist in monitoring all money expended so we may be assured, the expenses directly benefit the children and the community.

I ask your support in the upcoming election. If elected, I am willing to devote the time and effort required to be an effective and positive member of the board.

Town Meet Set In Westbrook

A special town meeting with tax district representatives and officials of the Southwestern Appraisal District has been set in Westbrook, April 16 at 7:30 p.m., in the school.

The purpose of the meeting is to explain the reappraisal program and to answer any questions citizens may have in regard to the process, Burt said.

Colorado City Police Investigate Two Accidents

Colorado City Police investigated two major accidents Sunday at almost the same time.

A 1962 Chevrolet, driven by Nova Dunn of 2133 Locust St., was in collision with a 1978 Suzuki Motorcycle, ridden by Enrique Reyna, 18, of 325 Temple St., at 12:13 p.m., at the intersection of Sixth and Chestnut Streets.

The rider was thrown from the cycle and was transported to Root Memorial Hospital by ambulance where he was treated and released.

While that accident was being investigated, a second accident occurred at the intersection of Sixth and Oak Streets.

A 1971 Mercury, driven by F. E. Hestand of Rt. 1, Loraine, was in collision with a 1975 Chevrolet Van, driven by David Pineda of 314 Cherry St., Colorado City at 12:25 p.m.

Hestand was taken to Root Memorial Hospital where he was treated and released.

ers may shoot only "Gobblers," Aston stated.

"All hunters should be very cautious of what they are shooting and be certain of the target before firing and not just shoot any turkey they see," he cautioned.

In other activities Game Warden Ronnie Aston reported Lake Colorado City was the scene of two major accidents over the week-

end, neither of which resulted in injury.

Saturday at about 3 p.m., a 1963, 17 foot inboard Glastron motorboat exploded, burned and sank.

The owner, an Odessa man, jumped from the burning boat and swam safely to the shore, Aston said.

Saturday evening about 11, a 1980 Ford Bronco overturned on the first curve leading into

the State Park Recreation area.

The vehicle apparently overturned, resting on its top about 100 yards north of the headquarters building.

The two occupants of the vehicle were reportedly from Odessa and were uninjured.

Easter Pageant Ready To Go

April 19 is Easter and the Kendrick Religious Easter Pageant is planned to kick-off as usual, beginning at 3:30 a.m. and to conclude at sunrise.

The Texas Monthly magazine rated the event that is held between Eastland and Cisco as the "Best Outdoor Show" in Texas, according to Richard West, writer of the article, "Texas Best."

The Easter pageant dramatizes the "Life Of Christ" from the birth to his resurrection. J. W. Hicklin and his family from Colorado City devote time and energy preparing for the pageant, as they portray several characters taken from the King James Bible.

Hicklin stated that every line is taken verbatim from the King James version of the Bible and not one single word is changed.

The Hicklins are among some other 40 Christians devoted to

the pageant's success and the reality of the characters they are portraying.

This is a non-denominational presentation and the admission is a free-willed donation. Free parking is available and overnight camping is permitted on the grounds.

Restrooms and con-

cession stands are also provided for the convenience of the spectators.

The only Texas religious Diorama and Museum is also located on the grounds and is open to the public seven days a week year around.

The tour hours are 10 a.m. until 5 p.m. and after hours may be arranged in advance.

Mr. and Mrs. Hicklin stated they would both be happy to give a talk and film presentation for any group or organization interested in the pageant. You may contact them by phoning 728-3809 if interested.

In conclusion, Mrs. Hicklin stated that the pageant was open to any and everyone and she said she would like to encourage all to attend the true-to-life presentation of the "Life Of Christ."

Students Raise \$5,122.51

"Jump Rope For Heart" was the theme of the jump-a-thon held at Hutchinson Elementary for the American Heart Association on March 6. The 174 children raised \$5,122.51 to be donated to the association.

Team number 26, out of 29 teams entered, raised the most money as they donated \$431.20. For their efforts, the Heart Association, they will each receive a warm-up suit.

Participating on the winning team were Melinda Conner, Ashley Owens, Tammy Loving, Brittany Bridgford, JoAnn Ornelas and Rachel Grayson.

Ten other students raised \$100 each and they will receive windbreakers. They are Lorraine Hendrix, Gina Gilstrap, Craig Rees, Yolanda Salazar, Dane-shu Lusk, Ray Carpenter, Hadley Weaver, Shelly Barber, Dusty Upshaw and Morris Lynn Chaney.

These third, fourth and fifth graders from Hutchinson were among some 32 schools in region 16 helping with the jump-a-thon.

Because of the amount of their donation raised and the wide participation, they are eligible for equipment for their school. They are competing with other schools across the state.

Debbie Blair, physical education teacher of Hutchinson said, "It was rewarding to the students at Hutchinson because it taught them to jump rope, cardiovascular fitness techniques, rhythm, eye-hand and foot coordination, as well as the opportunity to serve a charity organization that benefits the young and old of our community."

"Not only did the Jump Rope For Heart, help raise funds so that the Heart Association is able to carry on its research in its fight against heart disease but it enabled us to educate our youth of the importance of an individual exercise program."

Teachers working with Mrs. Blair were Mmes. Vanessa Taylor, Becki Lewis, Brady, Earleen Sellar, Carolyn Weaver, Trina Taylor, Betty Wilson, Dell Riley

and Miss Sherri Long. Mothers helping were Mmes. Sandra Biggs, Betty Miles, Charlotte

Clemmer, Betty Kemp, Dwainna Wulfjen, Amelia Garcia, Janie Ornelas, Betty Bradley, Dell

Barber, Delores Gilstrap, Nancy Moore, Vicki Weaver and Vickie Rees.

THIS TEAM OF JUMP ROPERS raised \$431.20 to be donated to the American Heart Association Jump-A-Thon recently at Hutchinson Elementary. They are pictured left to right, (front row), JoAnn Ornelas, Ashley Owens, Tammy Loving, (back row), Brittany Bridgford, Rachel Grayson and Melinda Conner.

COLORADO HIGH SCHOOL Howl staff members are pictured left to right on the front row: Lucy Davila, Loretta Morris, Mickie Palmer, Rachel Heredia, Pat Holguin, Kim Hutto, Martha Rios and Sam Houston and in the back row: Sherry Stinson, Tanya Randle, Diana Costillo, Jay Green, Yancy Spivey and Mike Bailey.
