LIGHTNING KILLS LAD ON MITCHELL COUNTY FARM

High Winds Whip Fire Out Of Hand

North Texas Placed Under Storm Alert

Billy Mark Geron, 5, son of Mr. and Mrs. H. J. Geron, who lived three miles southeast of Westbrook, was struck and killed by lightning Saturday afternoon. He and two brothers, Harold, 13, and David, 9, had gone out to drive up cows from the pasture when the bolt struck. The family lives on the Gordon Coe farm.

Harold Joe said the brothers were walking about 15 feet apart when the lightning struck Billy. Harold said he was knocked to the ground by the shock. David did not feel the shock. Neither boy was injured. The lightning came from a blustery thunderstorm which swept the area.

SURVIVORS

Survivors include the parents, the two brothers, a sister, Margie, 3; paternal grandparents, Mr. and Mrs. C. N. Geron, Sweetwater, maternal grandmother, Mrs. John Boyd Young, Sweetwater.

Billy Mark Geron was born in Snyder March 21, 1957.

Funeral arrangements are pending at the Kiker & Son Funeral Home in Colorado City.

The Big Spring fire department was jumping from 3 p.m. to 4:30 p.m. Saturday afternoon.

A grass fire west of the Immaculate Heart of Mary Catholic Church, starting just as a strong wind from the northwest came up, burned several hundred acres of grass, a few building supplies, and damaged a tool shed south of the Muir Heights addition.

Fire Chief H. V. Crocker said someone was burning grass and trash from a lot north of Willard street and the fire got out of hand, jumped Willard street and Parkway Road, and burned swiftly southward.

FOUGHT FURIOUSLY Firemen, aided by men on two graders, fought furiously for some 30 minutes to bring the worst of the fire under control. The last was extinguished shortly after 4 p.m.

Not too much damage was done (See LIGHTNING, Pg. 9-A, Col. 7)

Reviewing The Big Spring Week

With Joe Pickle

Now that the first primary has passed, there will be a respite of a week or two before the push to the runoff — a breather until late autumn.

The week turned up two tragedies, one a drowning at Lake J. B. Thomas and the other another traffic fatality. Temple H. Dicus, Hobbs, N. M., went down in extremely rough waters at the lake on Sunday and his body was not discovered until Wednesday afternoon. Airman 2.C. Joseph E. Kinsel, Hampton, Iowa, assigned at Webb AFB, was killed when his car plowed into the rear of a heavy truck early Thursday morning in the 1200 block of East Third. He was the first fatality within the city limits this year, the fifth in the county.

Rainfall charts show a total of 1.28 inches for the first four months of the year, 1.61 for the last five months. The five-month figure compares with a 60-year average of 4.51 for the period. The only consoling thing about this dreary report is that the 60-year average (if averages mean anything) for May is 2.86 inches. So it's about time.

Lt. Robert E. Dorough, Dallas, escaped with minor injuries when the trainer he was piloting apparently experienced power failure on a takeoff at Webb AFB. The craft went through the barriers, caught fire but was quickly extinguished.

Big Spring High School Band members took off Tuesday evening and arrived Thursday in Seattle, Wash., to visit the World's Fair. Something was bound to happen — and it did. One of the buses had a front wheel drop out of sight when pavement gave away under it at the band hall. The delay, however, was only momentary and gave the youngsters something more to remember.

At neighboring Colorado City, Robert Allen, inspector for the DPS Licenses and Weights division, was making a routine check of a truck. It turned out that the vehicle was not covered by a manifest to carry its cargo of 950 cases of whisky across dry territory. The (See THE WEEK, Pg. 9-A, Col. 7)

Runoffs For Two Commission Posts

It generally was a good day for the "ins," as Democrats at Howard County cast their first primary votes Saturday. In balloting that was lighter than had been anticipated — not more than 6,400 votes being tallied—the highlights on a strictly local level were the re-election to the 118th District Court bench of Judge Ralph Caton, and the resounding victory in the county judge's race by Lee Porter.

GOP In First Local Primary Goes For Cox

Local Republicans Saturday staged the first primary ever held in Howard County, and mustered close to 150 votes without the appeal of any local contests. GOP followers voted at four different polling places, but these encompassed all voting precincts in the county corresponding with Democratic precincts. The county gave a resounding expression of confidence to Jack Cox for governor, who amassed 129 votes to 15 for Roy Whittenburg. For lieutenant governor, Dibrell was favored over Hayes, 84 to 64. For congressmen - at large, Phillips led with 76, Miller had 37 and Barry 30.

## Cancer-Smoking Decision Upheld

NEW ORLEANS (AP)—A federal appeals court has upheld a lower court ruling that exonerated a cigarette manufacturer in the death of a Florida man from which a jury agreed was a lung cancer caused by cigarette smoking.

The Florida jury had decided that, while cigarette smoking was

one of the causes of a fatal cancer of Edwin Green Sr., the tobacco firm could not have foreseen that Lucky Strike smokers would be endangered by smoke inhalation.

Green claimed in the suit, brought in 1957, that he had contracted lung cancer from smoking Lucky Strikes. When he died several months later, his son, Edwin Green Jr., was substituted as a plaintiff under Florida law. His widow also filed suit.

## Tent City Goes Up

Boy Scouts from the Lone Star District set up camp for the fair and exposition at the Rodeo grounds Saturday morning. Most of the troops came in Friday afternoon and got ready to enter

the competition and exposition. Scout leaders, in the background, discuss the day's activities early Saturday morning.

## Scout-Cub Fair At Rodeo Grounds Turns Out Well

The annual Lone Star District fair and exposition for Boy Scouts and Cubs, held at the Howard County rodeo grounds, drew over 450 boys and leaders Friday afternoon and Saturday.

"We had a nice fair," Bill McRee, Scout executive, said. "The

showings and expositions were excellent. Some 250 Cubs, 100 Scouts and between 75 and 100 adult leaders were present."

McRee said winners of the contests would be announced in a few days.

Camps were set up between

4 and 6 p.m. Friday by troops and posts, supper was prepared from 6 to 7 p.m. and the opening ceremony held in the arena from 7:45 to 9 p.m. This included unit campfire singing, stunts, and skits. Taps sounded at 10 p.m.

The boys were up and getting breakfast by 7 a.m. Saturday, cleaned up campsite and stood inspection by 9:30 a.m.

Demonstrations and displays were made ready between 9:30 and 11:30. Cubs began arriving to set up their displays at the same time.

Cub Olympics began at 2:30 p.m. following a big parade of all units in the arena. The flag ceremony followed the parade. Indian dance teams from the Buffalo Trail Council came in to perform for the Scouts at the Campfire program Saturday night. This event is always the highlight of the fair.

GALLUP, N.M. (AP)—Two pickup trucks carrying Navajo Indians collided head-on Saturday killing six and injuring two about 20 miles north of Gallup.

## Band In Concerts, Takes Gander At World's Fair

By BOBBY DAWES  
SEATTLE — The Big Spring High School band members are living it up here at the World's Fair.

Although it is impossible to see all the fair in the short time we have, we are getting a good overall impression and having loads of fun doing it.

Saturday we played two concerts in the Century 21 Stadium. We were required to stay in groups of three while at the Fair from 12 noon to 11 p.m. Friday, but for most of us this didn't cramp our style.

As we came through Washington, the scenery simply took our breath and stole our hearts. We

followed a fast cold, stream through the mountains, making a stop at a ski resort 35 miles from Seattle.

We caught one glimpse of the space needle coming in, but we didn't see it again until Friday morning when we began a whole day in touring the fair.

Of course, the outstanding feature is the space needle, but other interesting aspects were the Ford Exhibit, Bell Telephone exhibit, the midway and exhibits from most of the leading countries of the world.

This is proving to be a truly memorable trip for all, and so far everyone continues in good health.

### Consumption Up

LAMESA (SC)—Water consumption in Lamesa during April amounted to 33,004,000 gallons, the highest month of the year. The total was an increase of 6,627,000 gallons over March and pushed the four-month total for 1962 to 178,114,000 gallons.

### Building Skyrockets

LAMESA (SC)—April construction in Lamesa skyrocketed to \$472,925, surpassing the aggregate of the first quarter of the year by \$24,975.

Included in the total were permits for 18 new homes, 11 of them by contractor J. W. Blackstock. It was by far the best month of the January total of \$231,650. It pushed the total building figure for the year to \$920,875.

Other new residence permits were granted to Capri Homes Inc.,

C. T. Reven, Charles Busby, A. W. Kluge and L. E. Reeves. Two sizable additions were also reported. The Medical Arts Hospital obtained a permit to construct an addition at an estimated cost of \$63,400 and the East Side Mission Church an addition permit for \$17,750.

### Civil Suits Filed

LAMESA (SC) — Eighteen civil suits were filed in Dawson County in April for disposition in 106th District Court. They included: six divorces, four suits on accounts, three compensation, two suits to recover damages, and one each for removal of disabilities, personal injury and adoption.

### Disabled Veterans Receive Grants

Approximately 6,800 seriously disabled veterans have received Federal grants totaling more than 64 million dollars for providing "wheelchair homes," Ray Boren, contact representative at the Big Spring Veterans Administration Hospital, said today.

As of Feb. 28, 1962, some 8,500 veterans who cannot get about without the aid of wheelchairs, crutches or similar devices because of their service-connected disabilities, have established their eligibility for these special grants. Of these eligible veterans, 6,770 already have received the grants

and either have moved into their homes or are in the process of having them built. The others have not yet put their plans into effect.

The VA defrays 50 per cent of the cost of "wheelchair homes" for eligible disabled veterans, up to a maximum of \$10,000 for a single grant.

### Births Decline

LAMESA (SC)—Both births and deaths in Dawson County declined sharply during April with 36 births and 11 deaths recorded. The two figures pushed 1962 total births to 174 and deaths to 65.

### Dawson Moisture Situation Improves

LAMESA (SC) — The moisture situation in Dawson County improved considerably in April as three different rainfalls amounted to 1.42 inches.

March was the only other month this year in which the county area received rain and it was a negligible .05 of an inch. Last year the county recorded 4.68 inches of rain in the first four months, but the average is only 3.24 inches.

## National Hospital Week To Be Observed At VA

"Your Hospital, Uniting Science and Patient Care," has been selected as the theme of the Veteran Administration's observation of National Hospital Week. The week begins today and continues through Saturday. And the VA Hospital is going all out to show its facilities and programs to the public during the week, according to V. J. Belda, hospital director.

"We want to show people, especially young people, the career opportunities in the field of health," Belda said.

"When a person mentions hospital work, most people think immediately of doctors and nurses. There is much more to it than that," he said. "There are auxiliary services which support the doctors and nurses."

He pointed out the pharmacy, supply, physical medicine and rehabilitation service, registrar service, X-ray, laboratories and many others. Each of the services is found at all hospitals, either alone or combined into single units.

The VA Hospital will have on display a large bulletin board covered with pictures of persons working in the various services. It will be shown in the main lobby during National Hospital Week.

To help young people become acquainted with hospital work, the hospital will be offering for viewing on tours to be conducted today and every day this week. Junior volunteers, or candy strippers as they are affectionately called by both patients and employees, will help the visitors become acquainted with work as they conduct groups through the hospital on tours.

The candy strippers, so labeled because of their striped uniforms,

The lieutenant is a 1953 graduate of the University of Wyoming, and was a geology instructor at Howard County Junior College for two years.

Lt. Grant took his pilot training at Webb and after completing the instructors course at Craig AFB, returned to Webb as a flight instructor. With the aid of Capt. Gerald McMillan who is currently touring Spain as an Explorer Scout, Lt. Grant organized Explorer Scout Post 1, in August, 1960. The unit is sponsored by the Big Spring Rotary Club.

The lieutenant's wife, the former Jeanne Stevens of Dallas, has also been active locally. She is a science teacher at Goliad Junior High School.

Mrs. Grant and the children will stay with her parents, Col. and Mrs. Eugene Stevens in Casper, Wyo., while the lieutenant is in Korea.

# Youth Work Leads To Writing Drama

Work on a youth program has encouraged a Catholic nun in Big Spring to write and produce a drama.

Sister Melita, one of four assigned here for religious instruction to area students where there is no parochial school, decided to write a play after her order (Our Lady of Victory) established a CYO (Catholic Youth Organization) at Sacred Heart, Catholic Church. The group of 60 members includes spiritual, cultural, physical and social activities in its program.

Each of the nuns took one phase, and Sister Melita drew the cultural side. Although she has had no formal drama training, she is interested in writing and English literature. A native of Kansas, she studied at St. Francis College, Fort Wayne, Ind. She has been in this area five years.

Sister Melita began work on the CYO program in January and soon decided to write a drama for the youngsters. About this time, she happened to see a pamphlet about Dr. Tom Dooley and found that youngsters were interested in him too. So, she began her research on the famous doctor, his life and his work.

After several weeks of study and reading, she sat down at the typewriter to begin writing. This required some three or four weeks and she gave it practically every spare moment—which happen to be rare because of travels to Ector, Midland, Martin and Dawson counties on instruction work.

"Much of the play was written

**POLISHING THE LINES**

while riding in the car," she said. The play is titled "Tom Dooley, M. D.," and is a biographical treatment of the man and his work.

"The play is actor-centered," she pointed out, "as opposed to author centered. I wrote it for the youngsters, in the hope it would inform, as well as inspire them."

"Of course, the cast members are not professionals, but they have much talent and are enthusiastic and cooperative."

Rehearsals began about March 1 with Sister Melita directing and polishing some of the lines at rehearsal. The play is expected to be ready for the stage May 18 at the Howard County Junior College auditorium. (Tickets are 75 cents for adults and 35 cents for students).

Proceeds from the production will go largely for athletic equipment, another phase of the CYO. However, a donation will be made to the medical work established by Dr. Dooley.

Bert Andries is assistant director; Inez Salazar is handling costumes; the set and prop work is directed by Mr. and Mrs. Lee Schattel; music is by Mrs. Leslie Green.

Dr. Dooley will be portrayed by Tony Marin. Others in the large cast of 35 include Alicia Torres, Bonifacio Salazar, Roy Doport, Tony Dutchover, Yolanda Gamboa, Viola Gamboa, Dolores Muñoz, Mary Martinez, Pedro Paredes, Rosalita Arista, Mary Ellen

Lansperry, Carol Lansperry, Albert Fierro, Willie Garcia, Margie Arista, Lupe Mendoza, Amado Molina, Richard Marquez, Humberto Hernandez, Mary Ann Hernandez, Peggy Hernandez, Zulma Yanez, Beatrice Martinez, Eloisa Paredes, Willie Mondoza, Gus Hernandez, Raymond Montez and Robert Puente.

## KEDY-TV Seeks A New Tower, More Power

Permission for a change in antenna site and increase in power to 100,000 watts is being sought by KEDY-TV in an application recently filed with the Federal Communications Commission.

The application seeks authority to locate the KEDY-TV transmitter and antenna system at a site approximately 22 miles southwest of Big Spring, on Texas State Highway 137, four miles south of Stanton.

According to the application the antenna tower would be 1,161 feet high, the tallest in West Texas. The power output of 100,000 watts would be the maximum power permitted by the FCC for any station in the nation on Channels 2 through 6.

With the improvement in facilities, "rabbit ear" reception would be extended to Midland and Odessa, and outside antenna reception to a range of approximately 30 to 90 miles from the antenna site.

The KEDY-TV studios would remain at 2500 Kentucky Way in Big Spring. The station is owned and operated by Grayson Enterprises, Inc., of Lubbock. Other broadcast interests of Grayson include KQUB-TV and radio in Lubbock; KSYD-TV in Wichita Falls, and KPAR-TV, Sweetwater-Abilene.

## Construction Set For RM Road 33

The Texas Highway Department has announced a new construction project on the Big Spring-Big Lake highway.

Proposed work consists of grading, drainage structures and resurfacing RM Highway 33 in Reagan County from the Glasscock County line to 10.2 miles south.

The Border Road Construction Co. of Laredo holds the contract and is planning to start work Monday. The project is due to be completed by September of this year.

H. L. Bailey, supervising resi-

dent engineer in charge of construction, stated that traffic will be routed through the work for the entire project, and that adequate barricades and warning signs will be displayed prominently. Motorists should use extreme caution while passing through the area because it will be heavily traveled by large construction equipment, Bailey warned.

Only temporary unpaired detours are provided on this project and speeds should be reduced accordingly. Bailey urged the public to obey all traffic signals and warning signs through the job.

The work is part of a program of rebuilding and widening the ranch road. Previous work has been done in southern Glasscock County.

## Youngsters Admit Stealing Cars

Three thefts of automobiles from dealers' lots in Big Spring were solved Friday night with the arrest of six teen-agers in a car reported stolen at 10 p.m. The car was taken from the lot of Rhoades Used Cars, 601 W. 4th, and still had the dealers' license plates.

Assistant Chief of Police Leo Hull said two of the boys admitted taking cars from the lots of McEwen Motor Co. and Truman Jones Motor Co. The boys were 14 years old.

"The juvenile officer is out of town," Hull said, "so we released them to their parents until the officer returns."

Hull said the boys told police they had taken the cars just for joy riding. One had been damaged when found.

## Paine To Head Campaign For Mental Health

C. J. Paine, Dallas businessman, has been named for the second year as state campaign chairman for the Texas Association for Mental Health. It was announced by the Rev. Robert S. Tate Jr., San Antonio, president.

Funds for the association's fight against mental illness come primarily from public support solicited by local mental health chapters, augmented by United Fund campaigns in areas where there are no chapters.

"We finance research into the causes and cure of the many types of mental illness; work for greatly increased appropriations for treatment of mental illness; and encourage communities throughout the state to develop and expand their own resources for the mental health of their citizens," said Paine.

Organized in 1934, the state association is affiliated with the National Association for Mental Health. Texans are being asked to support the mental health campaign this year by contributing a total of \$300,000.

# Annual Rodeo Plans Being Completed

Officials of the Big Spring Cowboy Reunion and Rodeo are beginning the round up on preparations for the annual rodeo here May 30-31, June 1-2.

The Girls' Barrel Racing Association has given official sanction to the girls' competition in the rodeo, just as the Rodeo Cowboys Association has given its official blessing. Points earned by all contestants will count in the national standings and toward championships.

The purse this year will amount to \$3,035 for five major events including saddle bronc riding, bareback riding, bull riding, bulldogging, calf roping. In addition, all entry fees paid by contestants will be plowed back into their winnings.

Rodeo stock will be furnished again by Elra and Jiggs Beutler of Elk City, Okla., and Buster Morgan, producer from Burnett, will be in charge of operations.

Clem McSpadden, widely known rodeo announcer, will be making his fourth appearance at the Big Spring show.

In addition, there will be a number of specialty acts besides the clowns who double as funnymen while actually serving as arena helpers.

Several neighboring cities are sending nominees for a rodeo queen contest, and invitations have gone out to a score of sheriffs' posse and other riding groups to

participate in a big parade at 4 p.m. May 30. Bands also have been invited to march in the parade.

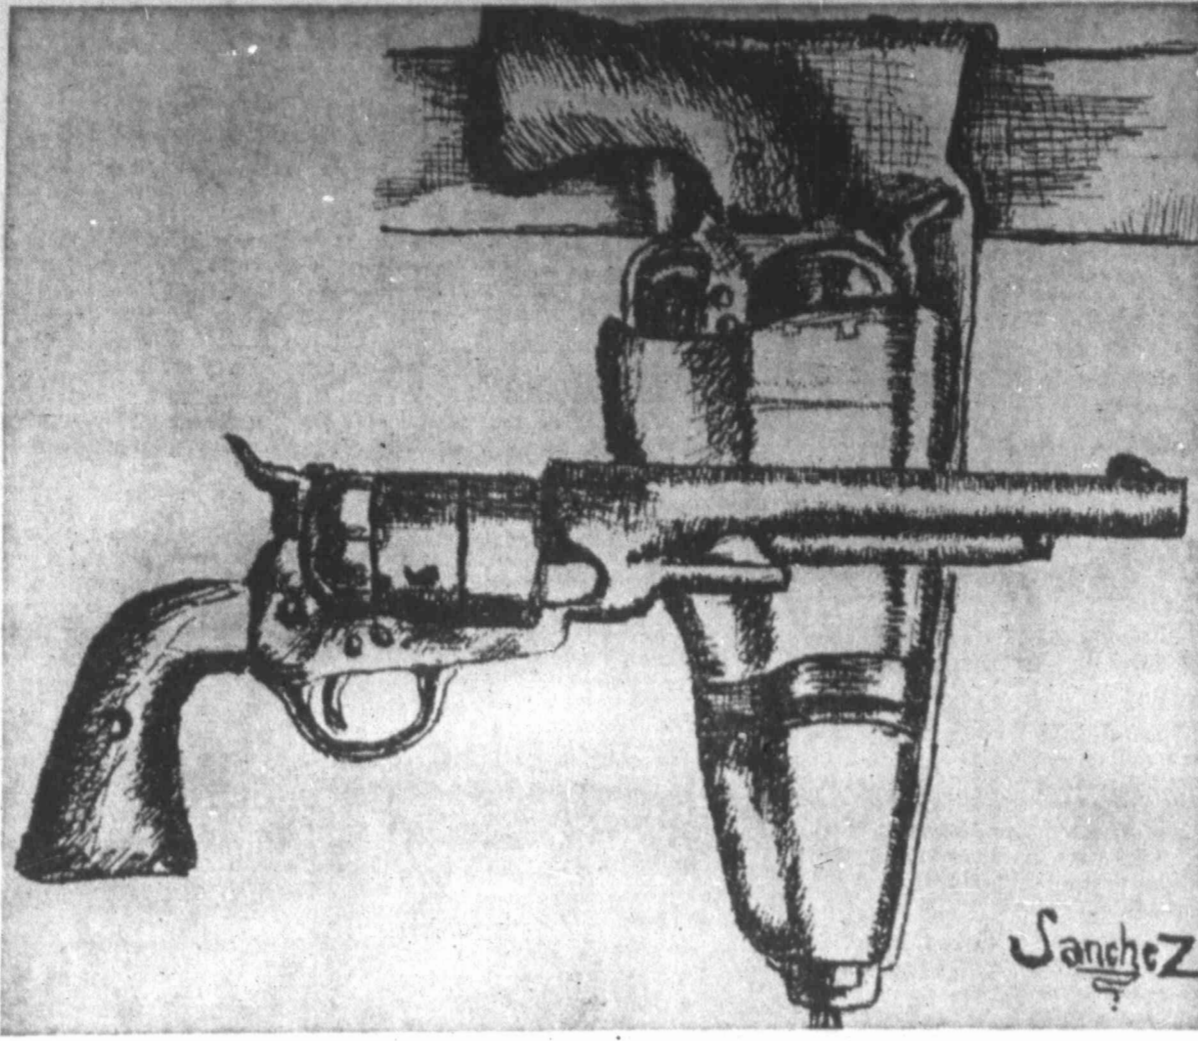

Immediately after the parade, the rodeo association will host the mounted patrols and visiting queen candidates and band members at a barbecue at the rodeo grounds.

## Emphasis Due On Bond Sales

Renewed emphasis is being placed on purchase of United States Savings bonds with the opening of the Freedom Bond drive this month.

Leonard Cowden, Amarillo, representing the bond sales division of the U.S. Treasury in this area, said that most firms employing 100 or more people would have

drives either in May or June. Among those planning new bond purchase signups are the VA Hospital, State Hospital, Cosden, Webb AFB, Texas Electric Service. The Southwestern Bell Telephone Company has completed its contacts with highly encouraging results. Cowden said a number of smaller firms had indicated that they are planning to contact their workers for bond purchases under the payroll plan.

## OFF THE BEATEN TRAIL

# Six Shooter Junction; Hempstead Rebuttal

By ED SYERS

Some weeks ago, Kennedy Advance's Bill Chesnut and I looked up that South Texas city's old-timer and lore-collector, Beauregard Choate Moyer. Mr. Moyer drove in a stout claim stake for Kennedy's right to the title of this State's "Six Shooter Junction."

Since then, I have received a few poison pen notes from the coastal areas around Houston. I have visited Ray Jones who has survived — without perforation — a quarter century's editing of the Hempstead News. I have been apprised of May 23, 1946, when 10,000 Texans celebrated Six Shooter Junction Day in Hempstead.

And I have spent the better part of a day with Lillie of Six Shooter Junction, about whom a

book by the same name was written. This time was spent in Mrs. Lillie Drennan's Six Shooter Junction Liquor Store shortly after I came in, introduced myself, cleared my throat and said, "Mrs. Drennan, I am writing."

"I know, Ray Jones called me," she said. "You're late."

### LILLIE'S STORY

It will be hard to write Hempstead without letting Lillie's story dominate it. She is a handsome lady with iron gray hair, a will to match, eyes that can pierce or twinkle, no objection to telling her age, and no resemblance to the figure she gives you for it.

She is America's first licensed woman truck driver. She ran a truck line for 24 years, hot-shooting oil field deliveries or common-carrying from Hempstead to Houston. She has forewarned drinking and smoking. During Carla, after her home and her liquor

stock were spared, she gave up cussing. She just uses initials now. She was an orphan who grew up in Hempstead. Of the shoot-outs she didn't see herself, her adopted "grannie" told her.

Lillie's notion of how Hempstead shot down its name parallels the Kennedy story. It came from the railroad, the Houston and Texas Central which had reached in Hempstead an Austin-Dallas junction in the 1860's. The porter, Lillie says, left no doubt as to what waited for the slowing train.

"Comin' into Hempstead... Six-Shooter Junction... Change cars for Austin... and be prepared for to meet yoh God!" Some did. A Hempstead lawyer walking toward the depot one morning was stopped by a stranger.

### WITNESS

"There's a man coming in on this train," said the stranger. "He intends to kill me. You're my witness." The train stopped. One of the passengers disembarking carried a gun strapped to his thigh. The stranger called his name and, as the passenger whirled and drew, shot him dead three paces into Hempstead.

Another even deadlier depot shoot-out occurred when an estranged husband returned to see his five-year-old daughter on a noon train. Waiting on the platform and convinced that the father intended kidnaping the child, the traveler's brother-in-law shot him down from the top of the train steps, was shot dead in turn by the sheriff and his deputy.

A friend of the man who had waited at the depot shortly thereafter killed the deputy. It all ran full, grim cycle when he was killed by the sheriff.

Perhaps the gristliest gunfight of all was that which shocked the nation the night of April 24, 1905. Local option prohibition was the issue. The town was split down the middle and both sides attended what was to be a "Law and Order Meeting." Hempstead's only U. S. Congressman, John Pinckney and his attorney brother, Tom, were to speak in favor of drying the town.

### 75 SHOTS

Heckling began. In less than two minutes, a fusillade of close-quarter fire had killed four men, wounded others. Among the dead were Congressman Pinckney and

## Henry Teele Dies Friday, Rites Set

Henry Teele, 94, died Friday at Muskogee, Okla., and rites will be held Tuesday at Muskogee, where his body will be interred.

Mr. Teele was the brother of the late Mrs. Annie Polacek of Big Spring and had visited here on numerous occasions.

He was the uncle of Miss Lucy Bauer, Mrs. Francis Wier, Louis Skalicky, J. F. Skalicky, Fred Polacek of Big Spring, Albert Polacek, Jal, N. M., Mrs. Bess Haines, Odessa, Mrs. Agnes Hudspeth, Fort Worth, and Joe Skalicky, Mangum, Okla.

his brother. The walls and ceiling, overturned tables and chairs which had fortified up the Waller County Courthouse were riddled with 75 shots in the fight.

There were many, many other gunned-out feuds. Lillie carefully avoids names, as Mr. Moyer did in Kennedy's case. I suggested that the triggers of Kennedy might have squeezed off a little earlier than Hempstead's. Lillie countered that Hempstead was the older town. I sought diversionary larks—shot-out train windows, the hat game, some of the humor of tipsy cowboys. Lillie wouldn't buy it.

In Hempstead they were feuds. Personal feuds, political feuds, family feuds. The feuds meant killing until they ran their course. Lillie's quick to observe that the gunplay didn't mean Hempstead had ever been anything but a real good town. It was just a time and a breed of man who settled things under the law with guns.

It was code. She has little patience with those who disclaim Hempstead's six-gun heritage. "They claim they don't like that name at all." She snorted. "But let somebody try to take it away from 'em. Like Kennedy!"

# HCJC Music Department To Present Concert Tuesday

The music department of Howard County Junior College will present "A Festival of Light Music," Tuesday evening at 8:15 o'clock in the college auditorium in observance of National Music Week. There is no charge for admission.

This program will feature the college choir, under the direction of Ira Schantz, and guest artists from the community, including Joyce Bradley, soprano; Milvern Ivey, baritone; Donna Wiehe, pianist; and Lt. Tom McDaniel, pianist. Jack Hendrix will be accompanist for the choir and soloists as well as appearing as a duet pianist.

Practically all musical selections featured on Tuesday evening's concert are familiar to the general public and have been arranged to add new interest. There will be duo-piano numbers on popular themes, soloists singing well known tunes from Broadway shows, duets like "Indian Love Call" and "Tea for Two" and choral selections not only featuring Broadway tunes but old favorites as well, such as "By the Light of the Silvery Moon."

Prominently featured will be a group of solos from the musical hit, "My Fair Lady." In this group the two guest vocalists will sing selections, as well as student soloists, Dorothy Wheeler and the HCJC choir director, Ira Schantz. Another student soloist, baritone Wayne Jennings, will be featured in one of the choir numbers "Shine On, Harvest Moon." Special lighting effects for the program will be under the direction of Vonnie Downey.

The concert will close the year on the HCJC Choir's activities. It was one of the most successful years in the history of this organization, which saw it receive an invitation to make a concert tour of Europe under the sponsorship of the U.S. State Department. Last fall the choir made several successful appearances at high schools, churches and civic clubs. It traveled to Lubbock and presented the Mozart "Litany in B Flat" at the First Methodist Church. The Tuesday program will be the third home concert of the group this year, which is the

most it has ever given. Members of the choir include: Iameta Carr, Donna Jo Percy, Gordine Froman, Sandra Ruth Ramsey, Tommy Gilmore, Frances Roberts, Robert Heard, Rufus

Roland, Jo Ann Horton, Glen Thompson, Wayne Jennings, Doug Vice, Sharon Martin, Dorothy Wheeler, Barbara Jo Moelling, Wayne Williams, Clea Jo Newsom.

## FEELINGS

By A Christian Writer

When our sins are taken away, we do not feel it, because forgiveness does not take place within us, but within the mind of God (Rom. 4:7, 8; Ps. 51:4). Our happiness comes at the time we are led to believe we are forgiven of God. If we are taught error, we will rejoice at the wrong time.

Those who heard the preaching of the apostles were certainly not misled. And when did they rejoice in salvation from their sins? See the examples of conversion in Acts of Apostles. The time of rejoicing is mentioned in two cases of conversion, and inferred in one. The Eunuch rejoiced following his bap-

tism (Acts 8:38, 39). So did the jailer (Acts 16:30-34). Saul refused to eat until he was baptized (Acts 9:18, 19).

There is no exception to this; and how different it is from what we often see today. In the days of the early church we do not read of a single person who thought he was saved before baptism.

# NATO Gets Nuclear Subs

ATHENS, Greece (AP) — The Western allies approved a U.S. plan Saturday to share atomic secrets. Then, to bolster defenses, the United States assigned five missile-carrying Polaris submarines to the Atlantic Alliance and promised more when they go into service.

The nuclear-armed submarines remain under American command, but as of now, they are under technical control of the North Atlantic Treaty Organization.

This means they would fall under actual NATO control if war broke out.

The word on the Polaris submarines was given the 15-nation alliance by U.S. Defense Secretary Robert S. McNamara during a session here of the annual spring policy review by NATO defense and foreign ministers.

The Polaris offer bolstered American appeals for the Western allies to beef up their conven-

tional ground forces, which the United States considers an essential part of any deterrent force.

The alliance earlier approved a far-reaching U.S. plan to furnish tactical and strategic nuclear information to the NATO powers hitherto stamped "top secret."

In accepting the U.S. plan, NATO also agreed to formalize guide lines on the possible use of

## Halfway House Getting Its 1st Occupants

First occupants of the Halfway House, a link for men resuming a normal productivity in society, moved in Saturday, and by Monday morning the quota of 10 should be in residence.

Desmond Powell, member of the Big Spring State Hospital staff, said that there was no terminal date for the men occupying the home at Fifth and Gregg, but that they were set up on six month increments. Some likely will make progress so rapidly they will be able to take other jobs and move elsewhere in less time; some may take longer.

Those in the Halfway House are men well on the road to complete recovery from mental illness. They have or will have jobs in town (some have been working at jobs for several weeks) and will use the house as their home. As their confidence and proficiency is restored, they are expected to move on to other jobs or return to their homes.

## Moslems, Jews Fight in Oran

ORAN, Algeria (AP)—Moslems and Jews fought each other in this city of hate Saturday and by nightfall six Moslems were dead and two Jews were wounded.

The ancient animosity between Moslem and Jew flared on a day that saw European Secret Army Organization (OAS) terrorism taper off in Oran with strikes.

# Loyal Troops In Venezuela Crush Rebels

CARACAS, Venezuela (AP)—Loyalist forces supported by air force planes and navy ships pushed into coastal Carupano Saturday night and smashed a marine garrison's revolt to unseat President Romulo Betancourt, a government source said.

The source said the three top leaders of the rebellion had been taken prisoner.

Betancourt had charged that the uprising was a Communist-inspired move aimed at setting up a Castro-style regime in this oil-rich South American nation.

The action in seizing the city from rebels was violent, the source said, but added that casualty figures were not immediately available.

The garrison of 450 marines and 50 military policemen revolted Friday, demanding Betancourt's resignation and calling on other military units to join in.

The government source said that by nightfall the loyalist forces were conducting a cleanup campaign in Carupano, 300 miles east of Caracas. They were reported earlier in the day advancing into the city from three different directions over mined roads.

The rebels fell back, breaking up their headquarters in a mid-city high school, and started a sniping action from rooftops and houses, the source said.

First reports reaching here told of the capture of Capt. Jesus Molina Villegas when government forces occupied an electric power plant. Molina had been identified by rebel broadcasts Friday as the revolt leader.

The informant said another rebel leader, Lt. Enrique Monterio Montiel, was captured on the Venezuelan resort island of Margarita, about 50 miles off the coast. He fled there in a launch, the informant added.

The third leader, identified as Lt. Alberto Osorio Jordan, was captured earlier, the source said.

Meanwhile, an Interior Ministry spokesman said that enlisted men participating in the uprising were refusing to take orders from their officers.

Earlier, Interior Minister Carlos Andres Perez announced that government security forces put down what he called a Communist uprising in Caracas early Saturday morning.

He linked it to the Carupano revolt.

# Atomic Mortar Joins U. S. Arsenal

WASHINGTON (AP) — The Army's Davy Crockett — an atomic mortar for front-line troops — finally is in the hands of American forces.

The Defense Department, confirming this for the first time, declined to say where the Crockett has been assigned.

But indications are the first of the weapons probably has been given to Army forces deployed in West Germany, facing 22 Russian divisions in Communist East Germany.

Sources said each of the five U. S. infantry divisions in Germany likely would mount about 15 of the Crocketts, which can hurl a warhead about six miles.

The weapon's nuclear warhead carries the blast power of somewhat less than 1,000 tons of TNT.

When the Crockett was unveiled two years ago it was said by the

Army to "dwarf in firepower anything we have ever known in the immediate area of the battle line."

When the Army's divisions are reorganized, the plan called for a Davy Crockett mortar platoon in each battalion, with three weapons to a platoon. A division of 16 battalions — the maximum — would have 48 atomic mortars.

Army specialists said the Crockett, operated by two — and three — man teams, would be aimed at blasting enemy pillboxes, bunkers, troop masses, artillery positions,

tank concentrations, command posts, supply dumps and communications.

It can chew up any of these within 200 to 500 yards of its burst.

The Crockett joins a family of army nuclear battlefield weapons that include the 12-mile-range Honest John bombardment rocket, the 75-mile-range Corporal and the 200-mile-range Redstone — all with the troops in Europe.

Each of these bigger missiles — functioning like artillery, only much more potent — can throw warheads with the power of 6,000 tons to 20,000 tons of TNT.

## THESE PEOPLE GOT WELL

### Nervousness

I told this young working mother this week that I was going to write about her. She has come in for a re-check and booster adjustment, so she could stay well and feel good. When we first saw her, my heart went out to her. Burdened with the demands of her job, demands on her as a mother, housewife, church obligations and all. She sought help because we had helped one of her family several years beforehand and when other systems and doctors had failed to get results, she remembered us. Nervousness, hay fever, dizziness, tension in the neck and shoulders, female disorders, hands and feet numb, excessive appetite, chronic anemia and valvular spasms of the heart, headaches and low back pains. Our card was filled when we completed her list of symptoms. After examining her and giving her a full spine X-ray in which the relationship of the vertebrae was measured, we showed her the X-ray (covered with markings) and she saw with her own eyes the vertebrae that needed the correction. Especially designed chiropractic adjustments were given her. She was gratified, too, to find the adjustments we gave were completely painless and now, seven months later, STILL is well and feeling good. No. 1402.

### Ulcers

We also saw and checked a man who, nine months ago faced an operation for the removal of his stomach due to ulcers. His wife was in for treatment for a low back condition which had previously been diagnosed incurable (she now is 90% pain-free) and while his wife, No. 1561, took her treatment, was checked and we found he was still doing well, the ulcer all right and the nervous condition, which brought on the ulcer, was well under control. No. 1323.

## CAR ROLLS, NO ONE HURT

Mrs. Shirley Sharp Morgan, Fort Bliss, and her two children, escaped injury when their car overturned on US 80 west about 3:15 p.m. Saturday. They were returning to Fort Bliss from Texarkana when the accident occurred.

Highway Patrolman Jack White, who investigated the accident, said the car was rolled back onto its wheels and Mrs. Morgan continued on to Fort Bliss.

He said one of Mrs. Morgan's children was asleep on the back seat. She turned around to straighten the child out on the seat when the car left the pavement and turned over on its side in the median strip about nine miles west of Big Spring.

Mrs. Morgan's husband is stationed at Fort Bliss.

## Tumbleweed-Laden Floats To Mark C-City's Festival

COLORADO CITY—Floats representing Big Spring, Brownfield, Colorado City and Lorraine will be featured in the 1962 Tumbleweed Parade May 11 held this year in honor of George Mahon. Mahon is 18th District congressman and chairman of the House Subcommittee on Military Appropriations.

All of the towns represented are in the 19th District. Lorraine is the congressman's home town.

Eighteen other floats all made of the sticky West Texas bush, the tumbleweed, will line up with several area bands, antique cars, convertibles and riding moses to form one of this section's most colorful parades. The floats, bearing themes of everything from nursery rhymes to astronauts will be painted in bright colors and will carry the 25 Mitchell County beauties vying for the title of Miss Tumbleweed.

Saturday will be the lucky night for the girl named to the county's highest honor as the judges narrow the field to 10, five and then the top three. The winner will be crowned by last year's queen, Sandra Cushing of Lorraine. She will be presented a bouquet of roses and will receive a scholarship to attend the John Robert Powers School in Fort Worth.

The Stringalongs, appearing for both evenings of the beauty pageant will also be featured at a Civic House Saturday afternoon.

Congressman Mahon, who will be accompanied here by the sec-

retary of the Air Force, Eugene Zuckert, will be cited for his contributions to the 19th District and Mitchell County, at a luncheon prior to the parade, Friday, Big Spring, Friday morning. They will be met at Webb by a Colorado City delegation and escorted here for the day's festivities.

Mahon, reared in Lorraine, followed a political career which carried him from county attorney to his present position of influence in the U. S. House of Representatives.

### Giant Screen Being Rebuilt

Big Spring Theatres, Inc., has started rebuilding the screen at the Jet Drive-In Theatre on US 87 south. The old screen was destroyed by a spectacular fire April 4 when an apparent short in the neon lighting system ignited the big structure, the store room at the bottom, and damaged the ticket office, all to the tune of around \$30,000. A heavy thunderstorm was raging just before the fire started.

Ike Robb, president of the company, said they hoped to have the 60-foot-high screen completed in two or three weeks, but that much depended upon the weather. No date has been set for reopening the theatre.

"Rain, high winds, or dust can hamper the work on the tall structure," he said, "but of course we want to get it ready as fast as possible and get the -Jet open again."

The base, containing a store room, will be built of concrete tile, and will be 14 by 88 feet. The screen will be 60 feet tall. The exterior will be of asbestos, and the roof of metal.

Jayhawks Win 11 Firsts in Meet

ROSSELL, N.M.—HCJC's track legends scored first places in 11 of the 16 events staged in the Western Conference meet here Saturday.

Belinsky Hurls No-Hit Contest

LOS ANGELES (AP)—Bo Belinsky, a rookie left-hander who wouldn't win in the minors, pitched the first American League no-hitter in four seasons Saturday night at the Los Angeles Angels defeated Baltimore 2-0.

Decidedly Leads Way In Kentucky Derby

By JOHN CHANDLER Associated Press Sports Writer LOUISVILLE, Ky. (AP)—Grey-coated Decidedly, a California colt trained by Argentinian Horatio Luro, pulled away from the leaders in the final sixteenth of a mile Saturday and won the 88th Kentucky Derby by clipping a full second off Whirlaway's 1941 track record.

Jockey Bill Hartack, who has been having his troubles in the big races, piloted the winner—a husky son of the 1954 Derby hero, Determine—to a 2 1/4 length victory over Roman Line.

Roman Line, owned by T. A. Grisson of Detroit and ridden by Jimmy Combs, was a great surprise as he was appearing in his fourth race in two weeks. He won at Keeneland April 16, was third behind Ridan and Decidedly in the Blue Grass Stakes April 26, and last Tuesday demolished his competition by winning the Derby Trial Stakes by six lengths over a sloppy track here a Churchill Downs.

Schools Await '62 Nationals

The opening gun of the annual National Junior College Track and Field meet, scheduled to be staged in three sessions at Memorial Stadium here, is less than two weeks away.

Defending champion and one of the favorites to repeat, Other strong contenders here include Phoenix, Ariz., which will probably have the biggest squad in the meet; Binn of Brenham, Texas, winner of the recent Texas JC Conference meet; Victoria, Texas, a past champion; Hutchinson, Kan., and Coffeyville, Kan., last year's runner-up.

Procter Hurls Lions To Win

Cooper Procter pitched a no-hit, no-run game and drove in the winning run as the Lions defeated the Stars, 1-0, in a National Little League game here Saturday night.

Procter struck out 12 and walked only four during the six-inning game. The Lions collected three hits in all.

Pott Lengthens Tournament Lead

BURNEVILLE, Okla. (AP)—Mississippi professional Johnny Pott dominated the field again Saturday with a third round 4-under-par 69 and widened his lead to five strokes in the \$20,000 Waco Turner Open Golf Tournament.

Pott's 54-hole total was 208 on rounds of 68-71-69, placing him 11 strokes under par for the tournament.

Pepitone Blow Nips Senators

NEW YORK (AP)—Rookie Joe Pepitone's first major league homer with a man on base capped a five-run New York Yankee spurt in the eighth inning Saturday for a 7-5 victory over Washington.

Yogi Berra's three-run homer accounted for the other runs of the big inning attack against Kenie Daniels and loser Marty Kutny. Berra's blow off the right field pole came off Daniels after Tom Tresh and Mickey Mantle singled.

# City Golf Tourney Qualifying Begins

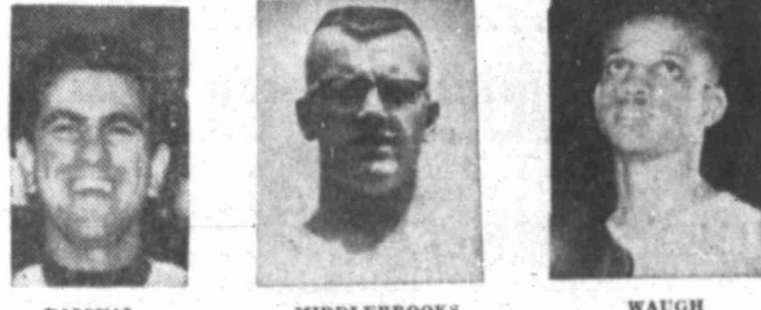

Qualifying in the 14th annual City Golf tournament gets under way at the Municipal course today. Linksters have only one week to play their matches on successive days but they do have to complete all of them within a week, or eight days to be specific. Sixteen players will be assigned to a flight. There'll be prizes valued at \$76 offered to winners, runnersup and consolation round winners in each flight.

The Arnold Palmer of local amateur golf, Bobby Wright, will be seeking his seventh City crown. Wright won four consecutive championships — in 1955, 1956, 1957 and 1958. He yielded the title to R. S. (Red) McCullah in 1959 but regained it in 1960 and repeated last year. Other winners have been Bobby Maxwell, 1948 and 1953; John M. Pipes, 1949; J. C. (Jake) Morgan, 1950 and 1951; and Luke Thompson, 1954. No tournament was held here in 1952.

Top contenders for the City crown include Charles Baker, Jimmy Patterson, Tommy Wilkerson and Bobby Rutherford. Tournament, which will be held at the Big Spring Country Club June 19. Pipes is also planning a Partnership Handicap tournament for the Muncy course, which he will stage in co-operation with Shorty Gideon, the Muncy course manager, on Wednesday, May 30. Proceeds from that meet will go toward expenses of the Public Links sectional winner to the National Public Links meet. Contenders for the City crown include Charles Baker, Jimmy Patterson, Tommy Wilkerson and Bobby Rutherford.

LOOKING 'EM OVER With TOMMY HART

PASCUAL MIDDLEBROOKS VAUGHN

Pedro (The Warrior) Rodriguez, the lightweight boxer being managed by Milton McCormies and L. D. Ringener of the Tarzan community (Martin County), is booked to fight the veteran Henry Watson in an Amarillo ring a week from Tuesday... Rodriguez, a native of Chihuahua, Mexico, hasn't fought since he was kayoed in a Los Angeles ring several months ago... He's been in training here for several weeks now... He's working out from 6 to 7 p.m. nightly in a gym on the north side of town (near the west viaduct)... Watson, who actually is a welterweight, has agreed to come in at about 140 pounds, which means Rodriguez will be spotting him five pounds... Willie Roach, promoter of the fight, has billed the bout as one of three main events on the show... He's matched Billy Compton and Joey Parks in another fight and is seeking an opponent for the nationally known Gaspar Ortega... Roach is also after an opponent for Chuck Vaughn, who is also in the McCormies-Ringener stable... Vaughn is a lightweight who was formerly stationed at Webb AFB... Larry Click, who forsook a football career at SMU to sign a baseball contract, is now playing the outfield for the Austin club of the Texas League... Joe Kuharich, the Notre Dame football coach, hints that his Irish may have 55 days of racing this year, starting with May 18... The fourth annual All-America Futurity, with a purse estimated at \$200,000, will be run there Sept. 3... Gus Snodgrass of Brownwood is being projected as the track "coach of the year" in Texas high school circles for the job he has done with the Lions this spring.

## Pete Cook Named To Important Post

Big Spring's Pete Cook has been elected District 2 representative of the Southwestern Basketball Officials Association, an important post... District 2 embraces 36 area counties, including the Trans-Pecos country, Colorado City, the Comche Valley, Midland, the Permian Basin and Abilene and boasts an estimated 120 members... Quite probably, the SBOA rules interpretation meeting will be held in Big Spring before next basketball season... The SBOA is made up of eight districts... Cook succeeded W. D. (Shorty) Lawson of Abilene to the position... Bill Craig of Colorado City, a regular in the Big Spring Invitational Golf tournament, lost out in the finals of the Sweetwater Golf tournament recently to Holly Teft of Hamlin, 2 up... Craig had trouble on the tees and tumbled to a 79 on his final round... Big Spring's Jan Loudermilk was pitted against Steve Strangle in a recent SMU law school case, a trial that highlighted Law

Week there... The case was hilarious, according to observers—enough perhaps to send Oliver Wendell Holmes back to writing poetry... A Western Union messenger boy fractured the court at one point when he rode into the room on a bicycle and handed the presiding judge a telegram expressing best wishes, signed by a Dallas exotic dancer... Loudermilk, the basketball legend, is studying law at SMU. Scribe Bob Milburn of San Angelo has figured the two Odessa high schools as the favorites in District 2-AAAA football next fall... Midland High will be tough, too, make no mistake about that... Camilo Pascual, the former Big Spring hurler who is now the ace of the Minnesota pitching staff, should win 20 games this season... He got off to a good start and he usually pitches his best ball when the hot weather comes on... Attendance at American horse race tracks has gained 55 per cent in the past 11 years.

## Maxwell Is Calmed By Arnie Palmer

Ex-Big Springer Billy Maxwell had words with a heckling spectator during the Texas Open while playing in a threesome that included Arnold Palmer and might have expanded on his argument had it not been for Palmer's calming influence... Arnold stopped his play to approach Billy and soothe Maxwell's temper with kind words... As it was, Billy didn't make the cutoff—one of the few times this year he didn't play the final 36 holes of the meet... Bobby Dodd is expected to field one of his greatest starting elevens in history at Georgia Tech next football season but his bench strength is suspect... Dodd has been coaching 17 years at the Atlanta school... Stephen Leddy, the San Angelo speedster who put Abilene's Jack Middlebrooks in virtual eclipse this spring, has served as president of his class for the past three years... Leddy is a member of the National Honor Society... The Houston Colt 45s played to 202,000 paying customers in their first 11 National League games at home this season... If they maintained that average over the season, they would draw 1,400,400—not bad for a start... Stanton's Buzzy Brewer, a transfer from the University of Houston, was one of 43 candidates who reported for spring football workouts at Eastern New Mexico University recently... The ENMU publicity department

Maxwell is calmed by Arnie Palmer. Maxwell is playing in a threesome that included Arnold Palmer and might have expanded on his argument had it not been for Palmer's calming influence. Arnold stopped his play to approach Billy and soothe Maxwell's temper with kind words.

## Half Of This County's Residents Own Home

Every other family in Howard County owns the home in which it resides. But nearly 2,500 of the 12,600 houses in the county are rented as less than good condition. Moreover, 1,200 families live in these poorly conditioned homes. There are approximately 11,300 homes in the county occupied.

These are some of the highlights from the 1960 federal census regarding housing units. Copies of the complete report (No. 45, Texas) published by the U.S. Department of Commerce, Bureau of Census, are available from the Superintendent of Documents, Government Printing Office, Washington 25, D. C. at \$2 per copy.

Here are highlights from the 1960 census report: There were 12,583 housing units in Howard County, of which 10,109 were in sound condition with all plumbing. There were 11,292 houses occupied, 6,348 of them by owners. Another 4,944 houses were occupied by renters.

The gross median value of owner-occupied homes was \$9,500, and on this basis the aggregate value would be \$6,000,000. There was no means established for rental units, but assuming they average at a third of the value of owner-occupied units, this would account for another \$2,000,000 value.

The rental units, however, did yield a mean gross rent of \$72 per month. This would account for around \$350,000 per month or \$4,200,000 per year.

Out of all the 12,583 houses, 11,677 had hot and cold running water, 11,727 had flush toilets, 11,647 had a bathtub or shower.

Only 454 homes had basements. The total housing units included 404 house trailers or roughly three per cent.

One surprising figure was that only 1,094 households were listed with air conditioning in 1960. (The census report did not say if evaporative cooling is regarded as air conditioning.) They did a lot better on appliances.

No less than 10,340 had television, 10,140 had radio, 8,164 had telephones. Another 7,149 had washing machines, 1,590 clothes dryers, 2,130 one or more home food freezers. By households, the automotive picture was pretty firm. A total of 6,001 had one automobile, 3,375 reported two automobiles and 737 had three or more automobiles.

### WINGS OVER BIG SPRING

## Physicians Fly In Here Today

By M. A. WEBB  
Physicians from Texas and Eastern New Mexico will come to Big Spring Sunday morning in 38 airplanes. Dr. F. W. Lurting, regional chairman for the physician's fly-in mobilization Sunday, said.

The physicians will fly in first to an initial touchdown point near Big Spring, sign in, and then fly to Howard County Airport where they will register, get refreshments, and see a film, "Wings to Alaska."

"A Civil Defense firefighter and ambulance unit will be at the strip," Dr. Lurting said. "Webb Air Force Base will provide communications with a unit at the strip."

Both the FAA and Civil Defense are interested in the operation, which will be conducted nationally Sunday. The Flying Physicians Association will hold the mobilizations on 15 airports in the nation.

The Big Spring Flying Club, Inc., will begin a drive for additional members to complete the

list for two units, it was announced this week. Applications for membership, on the same basis as those now in the club, are being received. Anyone interested can contact any member, or the secretary, Betty Ray Clifton, 1305 Scurry, for application blanks. Address of the club is Howard County Airport, Big Spring.

The club is making plans to purchase a four-place airplane to supplement the Piper Custom Colt, a two-place plane, now owned.

Business has been good at Howard County this week, Ted McClung and Howard Loyd reported Friday. A lot of local flying has been done by students and pilots in the Webb Aero Club and the Big Spring Flying Club.

Among several transient craft coming in for service were: Phillips Petroleum Corporation's B-26 out of Bartlesville, Okla., Helicopters, Ltd., M. J. Delaney on business, Drs. Shoultz and Ramsey to VA Hospital, Etruscan Corporation, and others.

Those signed up during the week for flying Webb Aero's Piper Colt were: last names only on register: Conner, Dowlearn 2, Moench 3, Jones 2, Weismantle, McMillan 3.

For the Cessna, Archuleta, Lillie 2, Marks 4, Stein 4, Conner, McMillan Tibbs, Moench.

Flying the Tri-Facer: Wafford 2, and Bradshaw 2.

Big Spring Flying Club's Colt: Ed Pearson, Betty Ray Clifton 2, Doug Warren, Dan Fuller 3, Dr. M. A. Porter 3, Bill Wilson, John Stanley 3, Charles Neeff 3, B. Weaver.

Several are getting pretty close to soloing, Howard Loyd said. Several have already soloed and will get their private licenses before long.

John Stanley said it looked like he never would be able to set the airplane down without bumping Loyd, his instructor, said he was beginning to get the proper feel Friday morning and that he could now compensate for the weight in the Colt.

### Vaccine Cocktail Trial A Success

LONDON (AP) — A vaccine cocktail giving protection against poliomyelitis, diphtheria, whooping cough and tetanus in one shot has been successful in a clinical test, the British Medical Association journal, The Lancet, reports.

A team of Belfast University scientists tested the four-in-one serum on 44 babies, aged 6 to 19 months.

All the children developed far more protective antibodies against polio virus than had been the case with standard Salk vaccine, said the report by Prof. George Dick and his team.

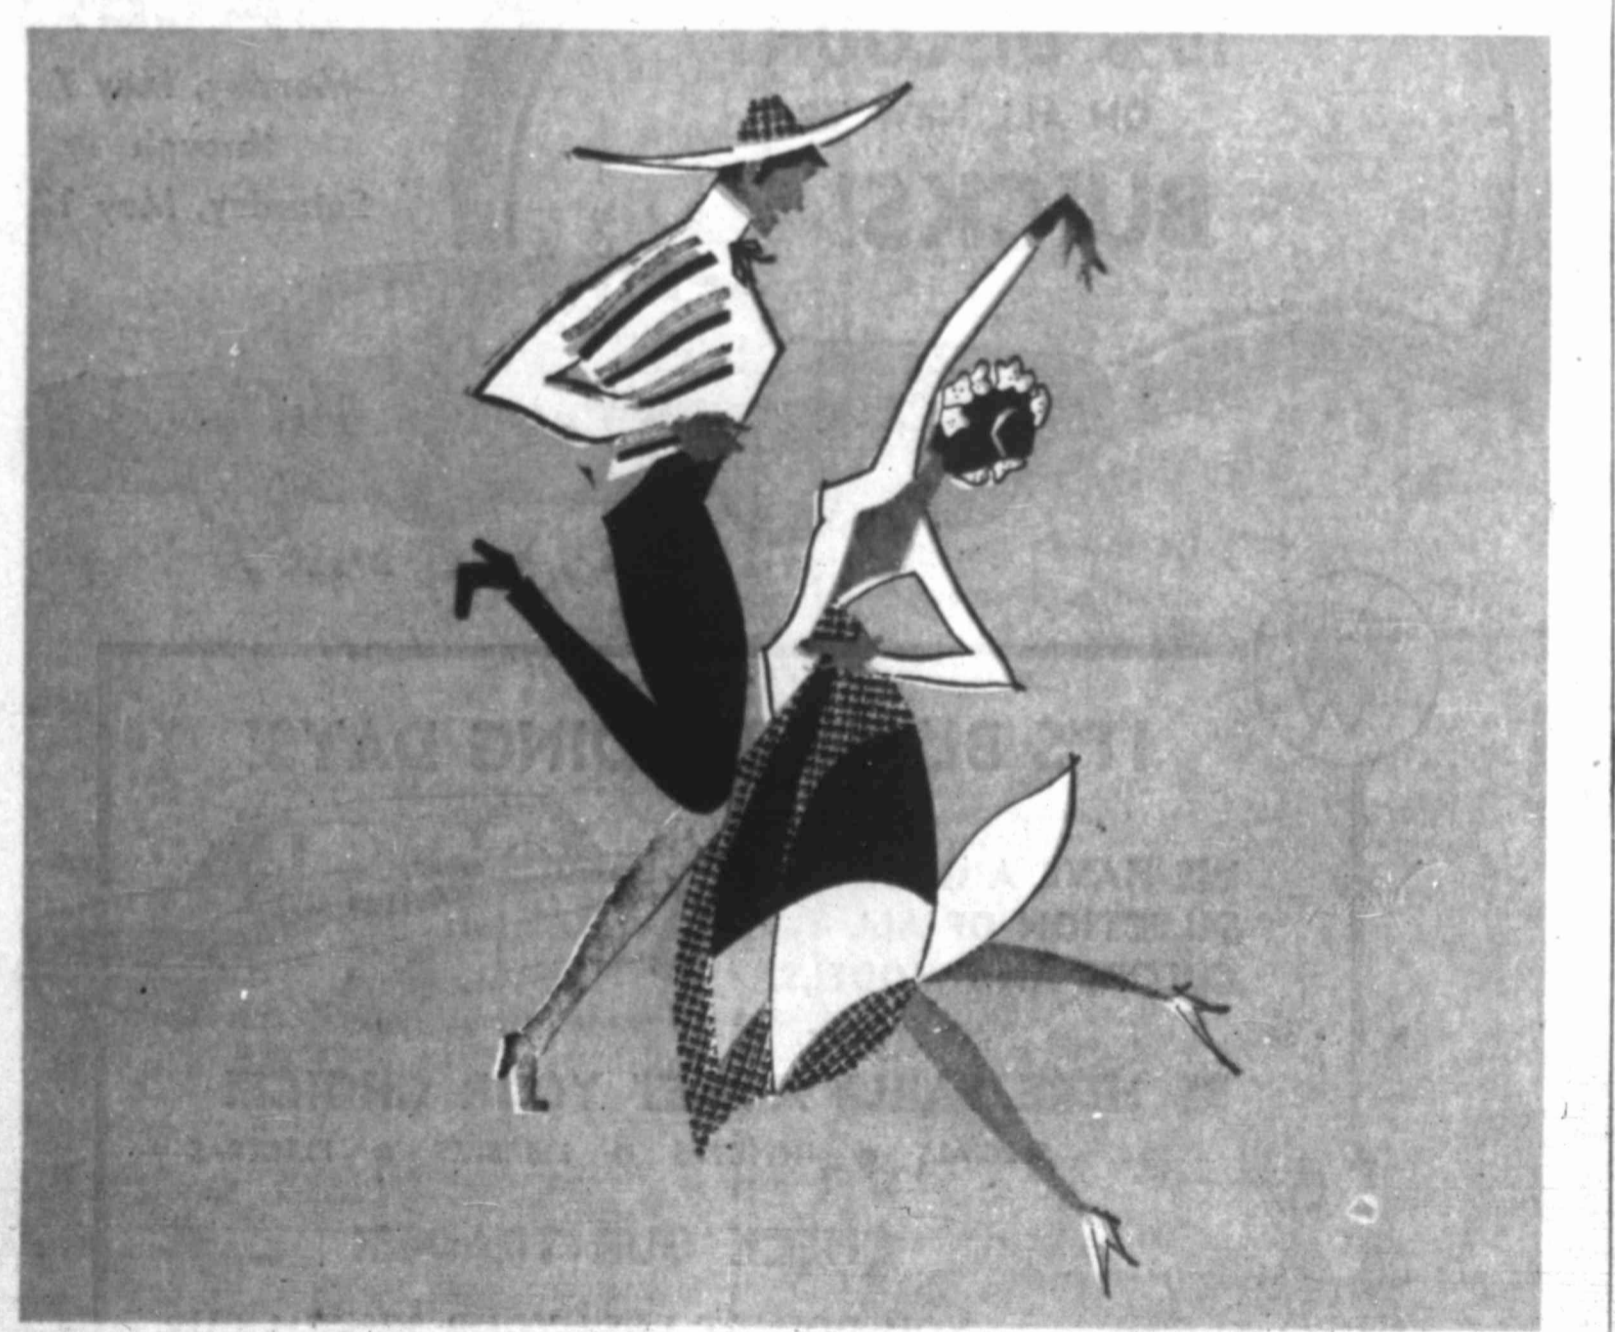

The scientists reported it may eventually be possible to add to the cocktail vaccines against measles and smallpox, to make a six-in-one serum.

### Local Girl In Libyan Theatre

The production will be the central attraction of the Wheelus High School Fine Arts Festival, to be given in the magnificent Second Century theater at Sabratha, Libya, a major archaeological site 40 miles west of Tripoli. The program will be co-sponsored by the province of Tripolitania.

Proceeds will be used by Tripolitania's Department of Antiquities to help further restoration work at the Sabratha theater. It is considered one of the finest examples of Roman architecture in the Mediterranean area.

BASS NOTES are heard sweet and clear when Hallis Webb holds forth with his bass clarinet. A student at Runnels Junior High School, Webb is soloist with the band and will be presented in the week's NMW programs. Joe Birchfield is the band director.

FEMINE FLAUTISTS' accompaniment is Mark Price's idea of proclaiming the nation's week of music, and he will lead off with a trumpet solo. Here he is shown among Goliad Junior High band members, from left, Karen Elrod, Kay Bettle, Annie Nuttall and Sandy Ivie. Their performances under the direction of Bill A. Jones, are scheduled this week as outlined by the Big Spring Music Study Club.

SING, SING, SING some more in preparation for week-long events says Ira Schantz while directing a practice session for HCJC students, Wayne Jennings and Dorothy Wheeler. Schantz and his choir members are slated for presentations throughout the week, including the final program on Sunday.

PERFORMERS ALL are Sheila Minnick, Judy Stuteville and Charles Vessel, from left front row, and Gene Morris and Hallis Webb on the back row, left and right. Webb is

the bass clarinet soloist of the Runnels group. The others form a clarinet quartet to be presented in service club programs for National Music Week.

# Programs Here Mark National Music Week

"Let the World Rejoice with Music" is to be heralded by music organizations throughout the nation this week, National Music Week. Sponsored by the National Federation of Music Clubs, the week is planned to call attention to the influence of music as a means of communication and understanding between all peoples. The national president, Mrs. C. Arthur Bullock of Canton, Pa., has acclaimed music as "the language of all peoples, whether used nationally or internationally, and one of the greatest forces in creating peace and harmony." In word to Mrs. Bullock, Presi-

dent Kennedy expressed the thought—"America's musical voice is a voice of creativity, hope, and optimism which strikes a responsive chord in people the world over."

**PROCLAIMED BY MAYOR**  
Mayor George Zachariah has proclaimed this as National Music Week, calling upon residents to reflect for a moment on the contribution that music makes toward more satisfying life experiences. He took note of the efforts expended in teaching and making it possible for others to hear good music. This makes for a better community to a greater extent

than most realize, he said. Hospitals and service clubs, as well as the public, will be afforded the opportunity to participate in the city's observance, according to Big Spring Music Study Club.

**DAILY EVENTS**  
"The sound of music" in Big Spring will begin this afternoon when a piano recital is to be given at HCJC auditorium by Miss Rachael Pheasant and Miss Marilyn Doelp, senior students of Mrs. Ann Houser. They are the daughters of Mr. and Mrs. C. M. Pheasant and Mr. and Mrs. Fredrick Doelp. The recital begins at 2 o'clock, and afterward members of the Music Study Club and parents of the young artists will host a reception.

A musical program planned for the Junior Chamber of Commerce on Monday will include Mrs. Carl Bradley who will sing, and Justina Palmer of Runnels Junior High School, in a French horn number. Monday night Goliad Junior High students will be presented in an instrumental program for the Lions Club.

Mrs. Don Newsom will be the vocal soloist for the Tuesday luncheon meeting of Rotary. That afternoon Runnels band director, Joe Birchfield, and Goliad band director, Bill A. Jones, will direct their bands in a program for the VA Hospital. Tuesday night the HCJC Choir will be heard in public concert at the HCJC auditorium.

A flute trio from Goliad Junior High School is to play on Wednesday morning for the Optimists. Also there will be a high school choral group to sing under the direction of Ellsworth Windem.

Mrs. Harold Jones will sing in a Kiwanis program on Thursday. Also featured at that time will be Mark Price in a trumpet solo with piano accompaniment by Peter Einstein.

American Business Club will hear Mrs. Carl Marcum, vocalist, and an instrumental solo by a member of the Runnels band with Birchfield, the director.

Scheduled events will have as a finale, the state hospital program on Sunday, May 13, when the HCJC choir will sing under the direction of Schantz.

## Buttons Is Speaker At Luncheon

Observing National Credit Week, the Credit Women's Club held a luncheon on Thursday at the Wagon Wheel Restaurant. Guest speaker, "Zip" Buttons, presented some of the main problems in business and offered solutions for them, such as enthusiasm on the job and well trained employees.

Mr. and Mrs. Buttons and Bob Finley, past president of Midland Credit Executive Club, were special guests.

Members were reminded of a breakfast to be held in the home of Mrs. J. B. Apple, 419 Westover Road, on May 6 from 8 to 9 a.m. The next regular meeting will be on May 17 at the Wagon Wheel.

Twenty-one members and 15 guests were present at the luncheon.

## 'ROUND TOWN

With LUCILLE PICKLE

For the past few weeks I have been walking . . . something I have always enjoyed but couldn't find time for. I had heretofore just walked when I wanted to, a distance that pleased me and I stopped when I came upon anything more interesting.

I have been set a distance as a goal . . . up to 20 blocks a day but where I live the blocks are far from the same distance as those that someone set up when they put 16 in one mile. Also I climb hills and walk into the wind and, having turned to return home I must either walk at double or triple cadence or fall on my face.

Now I am beginning to wonder who I am going to judge if I have far-exceeded my goal, or if I am struggling so hard with the wind that I become exhausted before I have gone even a fourth of the way.

Does it count more if the walker is putting forth extra effort to climb the hill and then pull hard into the wind to proceed? With the wind to the back does one strengthen muscles in bracing against the West Texas wind or limber them up in a faster gait? Anyway that's what I think of when I'm walking. I'm sure I'll come up with some good answers when the sun is too hot and I can't find time again.

MISS RUTH MILLIGAN, a sister of MRS. P. W. MALONE, has returned to her home in Huntsville, Ala., after a short visit here. Miss Milligan is employed in the Redstone Arsenal at Huntsville.

MR. and MRS. GLEN BARNES are to return today from Lake Travis where they spent the weekend.

MRS. H. H. PADGETT, a long time resident of Big Spring, celebrated her 82nd birthday anniversary Friday. That evening her daughter, MRS. JOE ROBERTS, invited neighborhood friends in for cake, coffee and visiting to observe the occasion.

Airman 2C and MRS. J. E. STRONG, who make their home at 1602 Johnson St., have had a good time this week entertaining friends who were their neighbors in Warrington, England, not too many years ago. Airman 1C and MRS. JERRY SNODDY who are now stationed at Richards-Gebaur AFB, Mo., had as their guest her mother, MRS. ETHEL CLARKE, whose home is in Warrington. They all wanted to see the United States so they invited Airman Snoddy's mother, whose home is in Delta, Iowa, to join them for the tour. The four were especially anxious to come to Texas and Big Spring to visit the Strongs. The two young women had been childhood friends and neighbors. Both the couples had been married in England.

The touring party planned to visit the Carlsbad Caverns and continue to Las Vegas, Nev., and then return to Missouri by the northern route.

We were delighted to hear from MRS. ROBERT LANTZ who makes her home at 805 Rosemont since she and her husband came here from Cortez, Colo., last February. She called to tell us she had recently visited her mother in Cortez and had visited MRS. C. M. BOLES whose heart is still in Texas though she has made her home in Colorado for several years. The trip back was an extremely important one for Mrs. Lantz as she got to show off her

new son, Michael Lynn, who was born after the couple moved here.

DR. and MRS. CHARLES WARREN and DR. and MRS. H. M. JARRATT have returned from the Texas State Dental Meeting in Dallas. The couples went early in order to attend services at the First Baptist Church in Oak Cliff where JAKIE SHIRLEY, former Big Spring resident, is musical director.

During the dental meeting, Mrs. Warren and Mrs. Jarratt joined other members of the auxiliary in a trip to Six Flags Over Texas and had a fine time. The women were entertained with numerous other events including a fashion show.

JONES C. LAMAR, who has been a patient in a local hospital for several months, has been taken to John Sealy Hospital in Galveston for possible surgery.

## Mrs. Wilson Is Hyperion Hostess

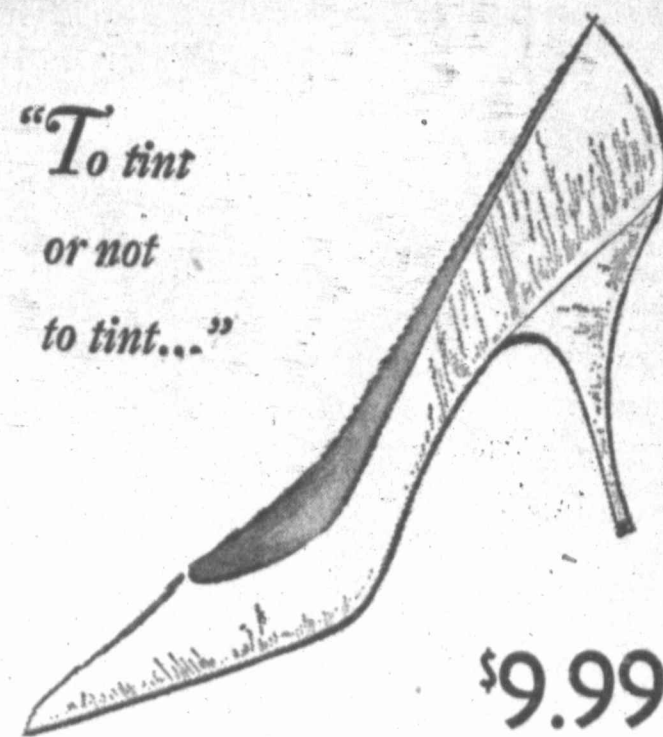

A 1953 Hyperion luncheon was held on Wednesday afternoon at the ranch home of Mrs. W. L. Wilson Jr. Hostesses assisting Mrs. Wilson were Mrs. Bill Edwards, Mrs. Ken Perry and Mrs. Pete Cook.

The buffet luncheon was served from a table featuring an array of roses and iris.

Members presented Mrs. Cook, outgoing president, with a gift. Mrs. Perry, incoming president, appointed program, project, ways and means and telephone committees.

Fifty guests from Forsan, Big Spring, Coahoma and Midland were served from a lace covered table centered with an arrangement of pink roses.

The Days plan to make their residence in Big Spring.

Mr. and Mrs. L. W. Willis were in Midland Friday on business. Cecil Klahr was home during the week with his father, F. J. Klahr.

Home for the weekend from Oklahoma to be with their families are Sammy Porter and William Hoard.

Mr. and Mrs. Jack Lamb were in Fort Worth to visit relatives.

Mr. and Mrs. D. L. Knight were in Stephenville to visit her parents, Mr. and Mrs. H. O. Greer.

Mrs. Joe T. Holladay and her mother, Mrs. B. R. Estes of Dallas, are in Midland for the weekend with Mr. and Mrs. Wayne Glenn.

Mr. and Mrs. Joe Hoard were in Midland Saturday.

Guests of Mr. and Mrs. Glyndol Snodgrass and daughter, Constance, have been Mrs. Snodgrass' parents, Mr. and Mrs. John Sorell, and his mother and sisters, Mrs. A. C. Snodgrass, Lucy and Brenda of Brady.

## Ruth Class Names Slate Of Officers

Officers of the Ruth Sunday School Class of Park Methodist Church were elected on Thursday evening during a social hour and business session in the home of Mrs. E. R. Thompson Jr., class teacher.

Those elected were Mrs. Minnie Cannon, president; Mrs. Abbie Anderson, vice president; Mrs. W. B. Morris, secretary; treasurer; Mrs. Joe Barbee, recording secretary; Mrs. Thompson, teacher; Mrs. W. C. Buckner, assistant teacher.

A report of cards sent to members who are ill was given by Mrs. Cannon. After a devotion by Mrs. G. C. Graves, the nine members present joined in games.

## Mrs. Teele Visits With Indians

GARDEN CITY (SC) — Mrs. Virgie Brooks, Van Nuys, Calif., and her sister, Mrs. Edward Teele, with whom she has been visiting, left on Monday morning for Edmondsville, Ind., for a visit with Mrs. Brooks' daughter.

Sgt. Glen H. Pendley, who has been stationed at a missile base in Alabama, was a recent guest in the home of his brother, H. L. Pendley and family. Sgt. Pendley is en route to Korea.

Five years ago twins, Albert and Charles Brandano, were born. Two of Mrs. Brandano's sisters are twins. There are two sets of twins among her aunts. Two sets of mixed twins also are counted on her side. Brandano has to buy a new twin carriage and a new twin stroller. He and his wife were so sure they'd have no more twins they disposed of their original twin equipment.

**Part Of The Decor**

Mrs. Larence Casey might well be a part of the decorative theme in her home at 38 Chanute. Her fragile blondness is defined in the blue and white color tones of the room which also fea-

tures treasured Dresden and other china pieces. Christened Mary Elaine, Mrs. Casey is known among family and friends as "Ode." She is the wife of Maj. Casey at Webb AFB.

**Professional Dancing Interesting, Hard Work**

Something of the artist is recognized in the personality of Mrs. Lawrence Casey whose life could hardly be called humdrum. She is a professional dancer which is evident in her grace and poise. She is the mother of 10-year-old Larry and wife of Maj. Casey, Group commander in civil engineering, Webb AFB. The family has recently moved to Big Spring from Tucson, Ariz., where he was stationed at Davis Monthan AFB.

and choreographed Air Force shows. This phase of work has been most satisfactory to Mrs. Casey who exclaimed at length over the talent found among the young AF wives.

Life in the Air Force has taken the Caseys to various stations including Neuburg, Germany which is near Munich, and St. Johns, Newfoundland. In New-

foundland for three years, there was a lot to be desired, according to Mrs. Casey, but in Germany she was supremely happy. There was so much to see and do. All the continent was visited—except Switzerland. They also toured in the British Isles.

Many of the furnishings in the Caseys' home were brought from abroad, each carefully selected for harmonious decor.

Maj. Casey being absent from the interview could not tell of his favorite hobby — golf.

Neither could son, Mike, tell his story. He was off to a Little League game. It was learned that he is interested in Scouting more than any other activity.

## She Flips Over Wig

By VIVIAN BROWN  
AF Newsfeatures Writer

Should a young girl wear a wig? That's the question from the mother of a 17-year-old high school girl. She writes:

"My daughter has very fine hair and very little of it. It has been difficult for her to manage, but she has never complained until recently when the wig rage began. Now she reads that movie stars and some prominent women wear wigs and she has gone into an utter slump because we do not want her to wear one. She thinks it will solve her hair problem.

"She is very attractive and though her fine hair could have more body to fill out her appearance, it is a lovely blonde shade and she is very popular with the boys. How can we convince her that it is a silly idea to wear a false head of hair?"

She's possibly more interested in the fashion possibilities of a wig than in its practical value; and perhaps she is using her thin hair as an excuse for wanting one, even though she is not aware of her reason. Young people like to flirt with new ideas and many wear the inexpensive wigs to parties for fun. If she wants you to invest in a real hair wig however, the expense involved should be enough to convince her that the investment should prove some need to justify itself. From what you write, her fine hair doesn't seem to be a drawback to her looks or popularity.

Many important women do wear wigs for travel to protect their own hair from humidity or for social engagements because their own busy schedule doesn't give them enough time to get to beauty parlors.

A good hairdresser should be able to give your daughter some pointers on dressing her hair to give it more body.

**Mrs. Virginia Ungerer To Judge In Auditions**

Mrs. Ann Gibson Houser, local chairman for National Guild of Piano Teachers, announced that Mrs. Virginia Ungerer, Chesterfield, Mo., will be judge of 131 Big Spring piano students in an audition of the National Guild of Piano Teachers on May 7-12 at Howard County Junior College.

MRS. VIRGINIA UNGERER

Mrs. Ungerer, educated at Drury College, Peabody Conservatory and the St. Louis Institute of Music, has specialized in class piano and taught throughout public schools in the District of Columbia and Virginia. An experienced accompanist and church organist, she is presently teaching piano and organ in a private studio. She is a member of Music Teachers Round Table, Musicians Guild and the American Guild of Organists in St. Louis, Mo.

Guild auditions, involving over 60,000 piano players, are non-competitive. Each pupil is judged individually. The main purpose of the Guild is to stimulate the interest of the average piano pupil in a fuller musical life; but for those who aspire to be professional musicians, there are scholarships, competitions and contracts with professionals from other centers.

Those pupils playing 15 to 20 pieces of music receive the International certificate; those playing 10 pieces, the National certificate; those playing seven to nine pieces, the State certificate; those playing four to six, the District certificate; those playing two or three, a Local certificate.

Big Spring teachers whose pupils are participating in auditions are Mrs. Emilee Beckham, Mrs. Nell Frazier, Miss Robert Gay, Jack Hendrix, Mrs. Robert Heinze, Mrs. Ann Gibson Houser, Mrs. Dick Mitchell of Garden City, Mrs. R. L. Morris, Mrs. Wanna Tarbet, Mrs. Douglas Wiehe and Miss Eloise Willis.

Mrs. Houser announced names of her pupils to play in the audition. They are Becky Bright, Paul Camp, Ann Garrett, Peter Einstein, Candy Bacus, Linda Gray, Yvonne Knous, Karen McGibbon, Cynthia Pond, Kay Dyer, Susan McNary, Ann Gibson, Debbie Duncan, Ann Talbot, Deana Durham, Merry Lee Dibrell, Ann Puckett.

**Standard Fee Set For Babysitting**

Recently an AP writer received a letter from a group of teenagers, who expressed their ideas on various subjects. One of the main issues in question was that of babysitting.

"A group of us high school girls have decided to organize a babysitting service so that we will all charge the same fee. As it is, we charge different amounts, and those who charge more do not get as much work. What would be a good amount to charge?"

These fees must be judged on the basis of what a particular community should bear. Why not raise the amount slightly from the lowest figure charged now, if it is too low, and work up from there? If that fee is acceptable, you could talk it over later with some of the mothers for whom you sit, suggesting that you would like to increase the amount asked. I would not charge so much that you are ganging up on them, which I'm sure is not your intention.

**Observance Changed, Significance Same**

Mother may have "changed" since the modern observance of Mother's Day began early this century, but the significance of the observance has remained the same.

Today's mother is much more interested in the world around her than her mother was, according to Paul Hathaway, manager of Penney's. To support this statement, he pointed out that women spend an estimated 80 per cent of all family income, are said to vote 70 per cent of all corporate stock and have ownership interest in some 500,000 small businesses.

"These are startling statistics when one considers that mother at the start of the Twentieth Century was pretty much a 'stay-at-home,'" Hathaway declared. "Her life revolved almost entirely around her family."

Today, he commented, mother not only has time to raise a family, but also keeps the family budget, maintains an active interest in the stock market and does numerous other things that wouldn't have been considered "suitable" back in 1907 — the year authorities say the modern observance of Mother's Day began.

But even before 1907, there was agitation for a tribute to mothers. It is believed the first public plea for a national Mother's Day was made by Frank E. Hering, ora-

tor and humanitarian, in a speech before a Fraternal Order of Eagles meeting on Feb. 7, 1904, in Indianapolis, Ind.

The building in which Mr. Hering made his speech has been replaced by one housing a J. C. Penney store, where a plaque commemorating his suggestion as being "the first known public plea for a nationwide observance of Mother's Day."

It was three years later, in May, 1907, that the modern observance of Mother's Day actually began. It was inspired by Miss Anna M. Jarvis of Philadelphia, who thought sons and daughters should pay tribute to their mothers at least once a year. The second Sunday in May was agreed on as a suitable date for the tribute.

In December, 1912 a Mother's Day International Association was incorporated to encourage greater observance of the day.

Congress in 1914 designated the day Mother's Day and asked the President to issue a proclamation calling on government officials to display the national flag on all public buildings. President Woodrow Wilson on May 9 issued such a proclamation, asking people also to display the flag on their homes as "a public expression of our love and reverence for the mothers of the country." Similar proclamations are issued each year by his successors.

**Tetraploid Is Four In Number**

More and more you read about "tetraploids" in your garden catalogs. What are they? Literally, the meaning is "four

in number," and it refers to the plant's internal structure. A tetraploid plant's cells have four chromosomes — which carry the characteristics of the species from one generation to the next — for every two that a regular, or diploid, plant of the same species has. Doubling the chromosomes to

create a tetraploid is done generally by treating regular plants with the drug colchicine from the fall crocus. This method, we are told by David Burpee, was inaugurated in separate 1937 experiments by Dr. Albert F. Blakeslee and Drs. B. R. and Mabel R. Nebel. Increasing the chromosomes

may alter characteristics of a plant. For instance, Burpee says, on snapdragons it works very well and a tetraploid has larger flowers and a wider color range on stronger plants. Tetraploiding may kill a plant and it doesn't react on some.

## City Making Improvements At Moss Creek

All available men from city street and traffic crews began work at Moss Creek Lake last week to begin the task of preparing the recreation area for summer use. The lake and grounds will be closed through May 11 to permit crews to finish the work.

"We are going to stabilize all roads on the south side of the lake around the boat docks and swimming area," Bruce Dunn, director of public works, said. "We will also establish picnic and recreational areas with cable fences to keep cars out, put in sand beaches in two areas on the south side for swimming, and place a foot bridge across a small creek to give access to a small island during high water. It is often used as a picnic area."

Dunn said a dozen new fireplaces for picnickers would be built in the swimming and picnic areas on the south side. "We are also going to place a few more trash barrels in the area with the hope that they will be used," he said.

Other work to be done at the lake will be creating new and improving old parking areas where cars and trailers will be parked after boats are launched.

"On the north, side two sections of concrete steps will be built from Pavilion Nos. 3 and 4 to the water. Each will have a hand rail on one side," Dunn said. "We are also going to build a fence in the No. 4 area where a 30-foot

bluff rises from the water. It will prevent children from getting too close to the edge.

"All tables on the south side, trash barrels, and facilities will be repainted, toilet facilities repaired and repainted, and the entire area cleaned up generally."

Recreational permits may be purchased, for fishing and putting boats in the water, from R. L. Millaway at the concessions stand. Firewood will also be available at the stand free of charge.

"Camping at the lake is free," Dunn continued, "and we are getting more and more campers as time passes. We counted 30 campfires on one night recently."

Water is available at the lake. It is filtered through a small system, but is not chlorinated, Dunn said.

# Cadillac

*No place to tell a secret!*

Take it from us, you'd better not try to exchange confidences in a new 1962 Cadillac.

For the car is so silent in operation—even at the legal limit of the road—that even a whisper can be heard.

But while that wondrous quiet might make it difficult to trade secrets—it speaks volumes about motor car quality and goodness.

For the silence of the Cadillac car is as unique as the circumstances that produce it.

Cadillac cars, for instance, are built in only one place—and they are built by men who build nothing else.

They are crafted to unbelievably fine tolerances. Some engine parts must be machined to

an accuracy of one ten-thousandth of an inch.

They are styled so scientifically that wind noise is reduced to a lullaby—and they are constructed so well and insulated so thoroughly that outside sounds are virtually eliminated.

They undergo more than 1400 inspections in the course of their manufacture and assembly—and are then subjected to the most authoritative final inspection in the industry.

You ought to visit your Cadillac dealer soon and sample the results for yourself. And while you're at the wheel—listen to the eloquent quiet.

It's one more example of why only a car that's designed like a Cadillac and built like a Cadillac can ride like a Cadillac.

## BSHS Band Goes To World's Fair

By MARILYN GUM

The Big Spring High School Band left Tuesday afternoon at 5 p.m. for Seattle and the World's Fair. Seventy excited band students climbed on two Greyhound chartered buses to take them to the Fair. Along with the band members are nine sponsors, including Mr. Doug Wiehe, director of the band, Mr. and Mrs. Rex Bishop, Mrs. R. E. Dobbins, Mrs. Florence Odom, Mrs. Lucille Turner, Mr. and Mrs. Robert E. Hadden, and Mrs. Joe Peay. After getting off to a roaring start, the buses carried the band through Texas, stopped in New Mexico for a mid night snack, ate breakfast in Colorado, and on to Salt Lake City, Utah, Wednesday at 4:30 p.m. A tour was made of the Mormon Temple and then the band was on their way to Washington again. Continuing their fulfilled journey, the band traveled through Idaho and ate breakfast in Oregon Thursday morning. Two concerts were presented yesterday at the World's Fair. The remaining time will be spent visiting the Fair grounds. The long trip home will begin today at 6 p.m. after

## GC Gets Yearbooks

By DIANA PHELPS

GARDEN CITY — Much excitement and many surprises were experienced by the GC students Monday, April 30, when they received their new 1961-62 yearbooks. A dedication assembly was held in which Jamie Pagan, editor, presented Mrs. J. C. Venable an annual for being the one to whom the annuals were dedicated. Mrs. Venable has taught in the Garden City School system for fourteen years, and she is now the seventh grade teacher. Thursday night the FHA girls honored their mothers at the annual Mother - Daughter Banquet. Part of the decorations included rose corsages for all the mothers and teachers. New officers were installed and degrees were presented. In the past few months one of the GC track boys has earned many honors. He is Babe Shields, a senior, who excels in the high jump. This season he has won one ribbon and two medals, in as many meets. This past week he participated in the Red Raider Relays, in Lubbock, and took fourth place in the high jump. Thursday he left for the State Meet in Austin to try his luck there. Mr. William Richardson, his coach, accompanied him. This year Babe has also won ribbons and medals in the 440 run and the broad jump. Congratulations in your success Babe! Saturday was a busy day for the pep squad and the freshman class. The pep squad, planning for next year, had a car wash. The freshmen had a bake sale.

## Goliad Names Cheerleaders

By ROXANNE BOLTE

Next year's poppy cheerleaders have finally been chosen. After many close tallies, Linda Cochran, Kay Statter, and Andrea McCain were picked as eighth grade leaders; Tommie Touchstone, Jackie Crawford, and Sue Burns as ninth grade cheerleaders. Terry Cauble was chosen as sophomore leader from Goliad. There will be no seventh grade cheerleaders next year since seventh grade sports on a competitive bases are being dropped.

In a close race last week the three Goliad freshmen chosen to serve on high school's student council were John Bennett, Terry Cauble, and Dub McMeans.

At a student council meeting held Monday, plans were discussed for the spring formal to be held May 11 at the Cosden Country Club. Decoration committees, the decorations themselves, and many surprises for the students were talked over and decided upon. The formal is to be one of the most elaborate and beautiful Goliad has ever had.

Tests, tests, and more tests marked Wednesday and Thursday for Goliad ninth graders. These were the yearly achievement tests given by the counselor. Despite days of preparation by the GJHS band, the day of the Odessa University Interscholastic League Concert Festival seemed to be a little off the track as far as their usual standards were concerned. They received only a third rating in their concert. Nevertheless, they have done an excellent job this year and are proud of them and their leader.

May 7-11 are Buddy Days at Goliad Sixth grade students from Washington Place, Park Hill, Argport, Marcy, and College Heights Schools will visit from 9:15 to 1:45. Each student will be assigned a "buddy" who will act as host during the day.

School will be dismissed this Friday at 11:30 a.m. due to an In Service Training Day for faculty members. This gives students something to look forward to this week.

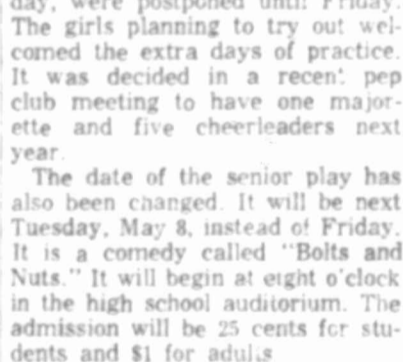

We welcome the following three students who arrived during April - Rosalinda Montemayor, Tracy Dean, and Terry Proctor. The Goliad choir journeyed to Coahoma Tuesday morning to present an assembly program for that school.

## Runnels Tennis Club Is Organized

Recently a girls' tennis club has been organized at Runnels. Seventh, eighth and ninth graders are eligible for it and they practice on Mondays, Tuesdays and Thursdays. The girls were asked to purchase their rackets and balls.

## Senior Play Date Changed At Sands

By GLYNDA FLEMING SANDS — The annual came in last Friday afternoon and we received them Monday after a short assembly. The yearbook was dedicated to Mr. and Mrs. Joe Youngblood, who have contributed so much to this school year in both athletics and classroom work. The annuals are really nice this year. Kay Wallace received top honors in the senior class this year. She is valedictorian with a 92 average. Mike Kemp is salutatorian. Commencement exercises will be May 25. Try-outs for cheerleader and majorette, scheduled for Wednesday, were postponed until Friday. The girls planning to try out welcomed the extra days of practice. It was decided in a recent pep club meeting to have one majorette and five cheerleaders next year. The date of the senior play has also been changed. It will be next Tuesday, May 8, instead of Friday. It is a comedy called "Bolts and Nuts." It will begin at eight o'clock in the high school auditorium. The admission will be 25 cents for students and \$1 for adults.

## Homemakers Are Busy At Runnels

By CANDY BACUS

Our Future Homemakers have been quite busy these past few months. The state meet was held last weekend and the girls are working hard on their Junior Degree of Achievement in order to get them ready by May 10. A council meeting will be held tomorrow at noon. The girls are inviting their mothers to lunch with them. We would like to commend the girls on the fine work they did on their skirts and blouses. Some had home projects of sewing and cooking. The eighth grade FHA girls are now making aprons. The freshman girls are working on decorating and child care.

The summer program will begin June 1 and will last through July. Thirty-nine girls are going to participate in the program. It will include community work, group, and individual work. Fourteen of the girls are going to work at the Crippled Children's Center while a large number of them are going to be junior volunteers at the Veterans Hospital.

Miss Velma Blagrove, Language Arts teacher at Runnels, has a very interesting display of different themes and letters nicely arranged on the bulletin board. There are some very interesting short stories posted on the board by the outstanding students.

## Mary Wilson Is Valedictorian Of Flower Grove Senior Class

By CAROLE WADE

FLOWER GROVE — The big moment finally arrived — the Junior - Senior Banquet with the junior class honoring the graduates. It was held in the ballroom of the Settles Hotel. The theme was "Hello, Young Lovers." Soft music supplied a background of love songs during the meal. The guest speaker, Mr. R. N. Pierce, superintendent of Sands High School, presented "Advice to the Lovelorn." The ballroom was decorated in silver, pink and white. Thursday, the junior class received their class rings. These are the standard ring of Flower Grove. The FFA boys traveled to Lubbock to a judging contest last week. Those who made the trip were Butch Howard, Jimmy Robertson, Pablo Perez and Anthony Hanson. The ushers for graduation were announced Tuesday. They were juniors Lawana Froman, Carole Wade, Beaver Ramsey and Dennis Walker. The date for the baccalaureate services has been set for May 13. They will be held in the Flower Grove Auditorium. The graduation exercises will take place there on May 18. There are eleven students in the

## HS Junior-Senior Banquet Set For Saturday Evening

By MARSHA BRISTOW

STANTON—This has been another busy week for us at SHS. It seems that instead of finishing things, we are starting more! We seniors are very busy! This week Mr. Johnson, our principal announced the ten top-ranking seniors. They are in the order that they rank: Marsha Bristow, Dorothy Lawson, Glenda Payne, Mona Epley, Nina Vater, Sandra Kelly, Jim Sale, Frances Graves, Steve Springer, and Brenda George. So we are busy planning commencement, baccalaureate services and speeches. We would like to invite everyone to the graduation exercises, which will be held May 18, in the auditorium. We would like for our Big Spring friends to attend if it is possible. We seniors have only one week and two days left. However, as of yet no tears have fallen, but graduation night will probably bring a flood! The juniors are very busy also. The Junior-Senior Banquet will be next Saturday night at the Cosden Club, and we are looking forward to hearing Mr. Joe Pickle, our main speaker. This banquet is quite an event to all of us, and we are really looking forward to it. Meanwhile, juniors, keep up the

good work; the end is in sight!

Tuesday night the Stanton P-TA presented the annual May Festival. Each grade in school was responsible for a certain phase of the program. The program was centered around "Texas Under Six Flags." Everyone really enjoyed the songs, skits, etc. that were presented, and the money collected will go toward a new piano for the auditorium.

Friday the freshman class of next year was invited to attend a day of school at high school. The various clubs were hosts and the whole day was sponsored by the Student Council. Each club was represented by its president who gave some of the attributes of it. The students then were conducted on a tour, ending in the cafeteria with a cake party. The prospective freshman class then registered for next year. We hope that they all enjoyed it!

## Seniors Commended

Shortly after the Coahoma Senior class returned from their trip to Corpus Christi, W. A. Wilson, superintendent of Coahoma school, received a letter from the manager of the Sea Gull Motel, in which the students stayed during their visit there, commending them on their conduct.

Among other things he stated: "Without a doubt, they were one of the nicest and most well behaved groups I have ever had the pleasure of accommodating! I have handled hundreds upon hundreds of kids in this motel. . . your bunch has restored my faith in the younger set!"

MARY WILSON

graduating class at Flower Grove this year. Valedictorian is Mary Wilson, daughter of Mr. and Mrs. Bill Wilson. Salutatorian is Jerry Webb, son of Mr. and Mrs. John Webb.

The date for the Athletic Banquet has been changed to May 11 and will be held in the FG gymnasium.

**Are Discussed**

The cultural affairs committee of the Chamber of Commerce came up with a host of recommendations to improve the cultural atmosphere of Big Spring during a meeting last week.

Each of these possible programs will be taken up in more detail through the cooperation of existing agencies, such as the schools, library, Civic Theater, Toastmasters and Toastmistresses clubs and others, Mrs. Clyde Angel, co-chairman, pointed out.

Present at the meeting were Mrs. Clyde Angel, Helen Hurf, Mrs. Toots Mansfield, Mrs. James Duncan, Dr. Akin Simpson, Col. Leonard Einstein and G. F. Chapman.

which children could participate. A record-lending library was suggested as a way to disseminate information about music and the musicians who composed the works. This would include classical, semi-classical, Dixieland and jazz music. Another suggestion was to hold an annual fine arts festival.

Most of the ideas were pointed toward stimulating interest among youngsters to give local cultural interest a firm base which can grow with each passing year. Suggestions included putting on a series of children's concerts, a story hour at the library, a children's theater which might be tied in with the Civic Theater, a children's hour on a local radio station or on television, and other means of spreading culture in

Although we have more than 4,000 different medicines in our prescription laboratory, our reference books list many thousands more. Yet, rarely do we not have in stock the medicines physicians, even from distant cities, prescribe.

We constantly read drug and medical journals to keep informed. Leading drug manufacturers send us enough of every new drug to fill at least the first prescription.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

# 100 Appealed Cases Called In County Court

One hundred cases, all of which have been appealed to the county court from the corporation court since Feb. 2, have been set down for trial by Judge Ed Carpenter starting May 14.

Wayne Burns, county attorney, said that he took the most recently filed 100 cases of the several hundred pending appeals on the docket.

Judge Carpenter said he was calling a jury panel that he proposes to dispose of as many of these cases as possible. He has notified attorneys of the defendants that he will sound the docket on the afternoon of May 14.

Defendants named in the cases which are to be heard:

**DEBENDANTS**  
James T. Dees, Lee J. Freeze, Curtis A. Rogers, Jerry M. Wilson, Robert Earl Arnolds (4 cases), Preston J. Lucas, Daniel J. Plus, Jim Matthews, Ramon Cruz Villa, James W. Nesbitt, Selestine Mitchell, P. R. Mora, William Ingram, Paul Limer Jr., John Rangel, Gerotimo N. Gonzales, Johnny Carl Grantham, Lupe Quintana, Trinidad Torres (two cases), Cleofas Rodriguez (two cases), Violet Henry, Harold David Delgado, Lupe Lujan, Billy H. Makowsky, Julian Arispe, (two cases), Ronald Earl Reagan, Richard P. Holmes and Gary Ray Simmons.

Also, Patricia Fannin, Leonard Morgan, Rene Ann Cox, Charlene Dobbins, Marvin M. Lamb, William S. Birdwell, Sharon Tally, Richard Mitchell, Terrell Lowery, Nancy Marshall, Kenneth Dodd, Eugene Williams, Bralio D. Nuncio, Paul Graves (three cases), Robert Hudgins, Bralio Nuncio, Paul Cole, Star Everett, Noah Perkins, Dave Nelson (two cases), Mary Kate Holley, Marshall Ray Box, Hugh Eddy Rhyne, (two cases), Bill Franklin Horton, (two cases), Marilyn Sue Righam, Frances Johnson, R. H. Rowden, Charles Ray Richards, Raymond Lee Noble, Leonard M. Nixon, Virginia Everett, E. T. Tucker, Jimmy B. Abree, and William J. Phillips.

Also Valentin Quintana, (two cases); Joe A. Torres, Mary Rodriguez, Manuel Jimenez, Petra Veliz, Ramon Veliz, Joe A. Ram-

irez, Linda Reyna, Lino Jimenez, (two cases); William A. Bonner Sr., George E. Webb, Jackie Lee Winn, Anna Belle Lane, Jack Lee Phillips, Harry C. Ray, Beverly Hooser, John Harold, Frederick J. Webster, Marvin T. Erhardt, L. Z. Bell and Enequina Flores.

**MANY MORE**  
These are but a part of the scores of appeals which have been taken from convictions handed down by the corporation court in recent months. Additional appeals cases have been filed from the justices of the peace courts.

Pressure has been building up to try these cases or otherwise get them off the docket. Judge Carpenter announced some weeks ago that he was setting down a jury docket to handle as many of the matters as possible.

The offenses involved in the cases run the gamut. Many are traffic violation charges. The new state insurance law, which penalizes the driver with moving accident convictions, is credited for the numerous traffic appeals. In the past when such incidents had no other repercussion, many offenders were willing to pay the city police fine and forget the matter. Now that the incident will be charged against their car insurance records, many elect to appeal — the increased rate cannot be charged against them while an appeal is pending.

**TRIAL**  
Trial of appeal cases from the city court through the county court are not like appeals from higher courts through state appellate courts. In these latter courts, the questions considered are matters of law and whether or not all rights and privileges of the defendant have been safeguarded.

In the appeal cases before the county court, the proceedings are exactly as though no prior hearing of the original complaint had been held.

Witnesses for prosecution and defense are presented and the details of the alleged offense are related. The jurors then actually rule on the guilt or innocence of the defendant as though this was the first hearing of the complaint.

## TUESDAY

# Commissioners To Study Applications

The Big Spring City Commission will review and begin consideration of applicants for the position of city manager Tuesday. Two ordinances will be read, two bids will be received, and requests to advertise for bids on two items will also be considered, during the regular meeting.

An ordinance to close Sixteenth Street between Princeton and Virginia will receive the second reading, and another will be read call-

ing for the issuance of \$90,500 in warrants to pay for relocation of utility lines on IS 20. The money is to be refunded by the Texas Highway Department, with interest, upon completion and acceptance of the relocation work.

Bids will be considered for furnishing and delivering an altitude control valve for the new 1.5 million-gallon elevated storage tank, and for construction of drainage structures on the East Fourth and East Third paving project. The paving will be done by the highway department in connection with IS 20 as business routes.

Freese, Nichols and Endress, consulting engineers, will request permission to advertise for bids for the construction of piping, appurtenances, and installation of the 20-inch altitude control valve on the elevated tank. Bids are to be received June 12 at 7 p.m. The engineers will also request permission to advertise for bids for fencing the elevated storage tank. These bids will be received June 12 at 7 p.m.

The altitude control valve will be installed to maintain the same water level in the new tank and the present tank on North Runnels. The ground elevations are the same water levels in the tanks will have to be regulated as they will supply the same water lines.

The automotive committee, John Stanley and Arnold Marshall, will make recommendations on city vehicles to be traded in on new ones. The commission was told at the last meeting that several were getting too costly for efficient operation.

# Auto Show Set For May 26

A glittering display of the newest models of automobiles—virtually every make—will be an attraction in downtown Big Spring on May 26.

That date has been agreed upon by all the city's new car dealers for a Spring, 1962 show. It will make up, probably the largest new car display the city has seen, since all dealers will have a half-dozen or so models each.

Arrangements have been made to close off the block on Main Street between Fourth and Fifth, and this will become the "show-ground" from 10 a.m. to 10 p.m. on the 26th. The City Commission has granted permission to close the block, and business operators along the block are cooperating.

People who wish to, may park on the First National Bank lot west of the block while they tour the automobile displays.

A special feature during the day will be music by both the Runnels and Goliad Junior High School bands. Both organizations have agreed to play at intervals.

# Sentence Matches Time In Jail

Lee Dobbs was charged with theft under \$5 on Feb. 24 of this year.

Friday he pleaded guilty to the charge. Judge Ed Carpenter asked Wayne Burns, county attorney, what sentence he recommended.

"I suggest 79 days in jail," said Burns.

He explained that Dobbs has already spent that much time in his cell.

C. White, charged with DWI, was fined \$50 and sentenced to serve three days in the county jail when he entered his pleas of guilty in the court.

Bishop B. Johnson, charged with DWI second offense, has posted \$1,500 bond and been released from custody.

## Dance Permits Being Re-Issued

Several dance hall operators on the North Side, whose licenses were suspended in March and April, have been re-issued licenses by the Big Spring police department.

Chief Jay Banks said one of the primary conditions included in the permits was installation of telephones.

"If these people want to retain their licenses they must be in a position to contact police immediately when trouble develops," Banks said. "When one of them has to go out to a telephone there is a delay, during which time somebody could get badly hurt. If the operators show us they want to cooperate and to eliminate the trouble spots they can reach us and get help quickly. We are going to keep a close watch on all of them to insure as much safety as possible for patrons."

# 'All Fall Down' Adult Story Of Broken Home

With its screen play written by a Pulitzer Prize winner and its cast including two Academy Award winners, Metro-Goldwyn-Mayer's "All Fall Down" comes to the screen of the Ritz Theatre today.

Based on James Leo Herlihy's novel, the picture was adapted to the screen by the noted Broadway playwright William Inge, whose only previous screen play was the original story for "Splendor in the Grass."

The stars are Eva Marie Saint, last seen in "Exodus"; Warren Beatty, newcomer who starred in "Splendor in the Grass" and opposite Vivien Leigh in "The Roman Spring of Mrs. Stone"; Karl Malden, Angela Lansbury and young Brandon deWilde. Both Miss Saint and Malden have won Academy Awards.

"All Fall Down" is the story of the midwestern Willart family, focusing on Berry-Berry (Beatty), the restless, wandering son who can't stay out of trouble or the clutches of women; and his hero-worshipping, 15-year-old brother, Clinton (deWilde).

The mother of the family is Anabel (Miss Lansbury), well-meaning but over-possessive, who

drives her husband, Ralph (Malden) to seek refuge in the bottle in his cellar hideaway.

When Echo O'Brien (Miss Saint), who describes herself as "the old maid from Toledo," ar-

rives for a visit at the same time as Berry-Berry returns from one of his adventures on the road, an explosive attraction is ignited between them. It is a relationship which brings on harsh consequences affecting not only them but the other members of the family as well.

Its dramatic contents involve the conflict between a girl deeply in love and a man who cannot give himself wholly to anyone. "All Fall Down" also is permeated with humorous scenes, many of them involving the precocious Clinton and his adolescent problems of which he keeps a record in voluminous notebooks.

The picture was produced by John Houseman, whose screen credits include "The Bad and the Beautiful" and "Lust for Life." It was directed by John Frankenheimer, director of the award-winning television show, "Playhouse 90" and, on the screen, of "The Young Savages" and "Birdman of Alcatraz."

The opening scenes of "All Fall Down" were filmed on location in Key West, Fla., with the remainder of the action set in a typical Ohio small town.

### Back In Business

NEW YORK (AP) — Sam Levene goes back into the textile business again as star of "Seidman," comedy tabbed for Broadway debut next fall.

The veteran actor will portray a big-wheel garment manufacturer in the play based on Elick Moll's best-selling novel "Seidman and Son." In "Let It Ride!" one of this season's musicals, Levene appeared in one of his frequent incarnations as a gambler.

The clothing business was previously explored by Levene in "The Fifth Season."

# 'Horizontal Lieutenant' Is Another Spoof Of Military

The makers of "Where the Boys Are" are back with a new Metro-Goldwyn-Mayer comedy — "The Horizontal Lieutenant."

Produced by Joe Pasternak, written by George Wells, filmed in CinemaScope and color and starring Jim Hutton and Paula Prentiss, plus TV and nightclub comic Jack Carter in his film debut, "The Horizontal Lieutenant" is in the sassy tradition of such service comedy winners as "Tea House of the August Moon" and "Don't Go Near the Water."

Also involved in the new laugh offering are Jim Backus, Charles McGraw and petite Japanese star Miyoshi Umeki, who recently starred in "Flower Drum Song." "Hermione," a chicken adept at hunt-and-peck typing, is the animal comic relief.

The story starts off in Honolulu in 1944, when the most severe action of the U.S. Army is seen by the intra-service baseball team and the hottest combat is competition for Female Americans, as resented by the grumpy corps and

in particular by Lt. Molly Blue (Paula Prentiss).

One of her fervent admirers is Lt. Merie Wye (Jim Hutton), an intelligence officer who receives his Purple Heart for injuries sustained on the field of action when he is hit by a foul ball. Of no further use to the team, Merie is assigned to the remote island of Rotohan, where he is to capture a mysterious Japanese nicknamed "Bottletop," who is still at large on the island already held for seven months.

The "man hunt" involves the bewildered and beset lieutenant's pursuit of the wily "Bottletop," whose penchant for G.I. soda pop compromises the High Command. In the course of his stratagems, Merie is aided or hindered, as the case may be, by Molly, who has followed him to the island; a romance-happy fellow lieutenant (Jack Carter); a Navy commander whose saltiest characteristic is his language (Jim Backus); an explosive tempered colonel (Charles McGraw) and a naive

interpreter called Tada (Yoshio Yoda).

The latter's sweetheart (Miyoshi Umeki) comes close to fouling up the clean-up operation but redeems herself in the picture's climactic prison compound show-within-a-show when, along with jugglers, tumblers and tight-wire artists, she sings and swings to "How About You."

Does Merie get his man? He certainly does, and his woman, too, even though he has to become a "horizontal lieutenant" to do it.

Based on Gordon Cotler's novel, "The Bottletop Affair," the Euterpe Production was directed by Richard Thorpe — with tongue in cheek.

## Stamps In The News

By SYD KRONISH  
 AP New Features

British Honduras, discovered by Columbus in 1502, has issued a beautiful new set of 12 multicolored stamps depicting local birds. The birds chosen for the stamps were selected by Dr. D. A. Lancaster of Louisiana State University and the color paintings from which the stamps have been reproduced are the work of the celebrated American bird artist, Don R. Eckleberry. Each stamp also bears a portrait of Queen Elizabeth with Saint Edward's Crown.

The featured birds are: the Great Curassow, the Red Legged Honeycreeper, the American Jacana, the Great Kiskadee, the Scarlet-rumped Tanager, the Scarlet Macaw, the Massena Trogon, the Red-footed Booby, the Keel-billed Toucan, the Magnificent Frigate Bird, the Rufous-tailed Jacamar and the Montezuma Oropendola.

Spain has issued a set of new stamps devoted to famous paintings, many of which are now in U. S. museums. Included are: "A Martyr," "Burial of Saint Catalina," "Saint Cecilia," "Jesus Crowning Saint Joseph," "Saint Hieronymus," "Madonna as Child" and the "Immaculate Madonna."

Canada will issue on May 5 a

5-cent stamp depicting the Red River Settlement of 1812. At the right of the adhesive will be a portrait of Thomas George, Fifth Earl of Selkirk, who founded the settlement. The colors will be brown and green. Three million of these stamps will be printed.

The United Arab Republic has announced the issuance of two new

air mails, 10-mils and 50-mils, to honor the African Postal Union, which held a recent session in Cairo. Soon to be released by the U. A. R. are commemoratives for the Mukhtar Museum and Patrice Lumumba.

Paraguay has issued a new set of stamps honoring its Boy Scouts. The lower values for regular mail depict a Boy Scout encampment and a Scout blowing a bugle. The higher values for airmail show a portrait of Lord Baden-Powell.

# Innocent Girl's Troubles Screened

Photographed in CinemaScope and color on locations in Florence and Rome, Metro-Goldwyn-Mayer has brought to the screen Elizabeth Spencer's novel, "Light in the Piazza." The film will screen Tuesday at the Ritz Theatre.

Both the film's producer, Arthur Freed, and its director, Guy Green, are Academy Award winners, as is also Olivia de Havilland, who plays Margaret Johnson, the attractive American woman who is visiting Florence with her daughter, Clara (Yvette Mi-mieux).

Clara, while physically a fully matured young woman, has the innocent emotional reactions of a child. Miss Spencer's story revolves about the doubt and uncertainties experienced by Margaret Johnson when Clara falls deeply in love with the impetuous young Italian, Fabrizio (George Hamilton).

Frightened of the consequences which the blossoming relationship between the two young people may bring, falling in her attempt to tell the truth about Clara to the boy's father, Signor Naccarelli (Rossano Brazzi) who is delighted at the prospect of Clara as a daughter-in-law, Margaret takes her daughter to Rome.

Here they are joined by Noel Johnson (Barry Sullivan) who is blind to Clara's despair at being separated from Fabrizio and is convinced that the only solution is to place her in a special private school.

This is a solution Margaret cannot bring herself to accept. Instead, after her husband has

MIMIEUX, de HAVILLAND, BRAZZI Does she or doesn't she? Tune in at the Ritz

gone back to America, she and Clara return to Florence, where an ardent Fabrizio is waiting for Clara to accept his proposal of marriage.

Does Margaret finally permit her innocent daughter to assume the responsibilities of marriage? Is she certain that the girl will find happiness and protection in the household of the warm and affectionate Naccarelli family? These are the questions which are brought up and resolved before the story is brought to its conclusion.

The scenes in "Light in the Piazza" take place against the

historic squares, streets, buildings and monuments of both Florence and Rome. There is a sequence in the famed Uffizi Art Gallery, permitted to be used as a motion picture interior for the first time. Another delightful scene takes place against a gala "San Giovanni Day" celebration in which the Florentines turn back the clock to medieval times.

But first and foremost, "Light in the Piazza" is a romantic story of compelling emotional appeal, beautifully enacted by a uniformly fine cast.

JOEL McCREA, RANDOLPH SCOTT Co-starring in "Ride the High Country"

## Scott, McCrea Together For First Time In Movie

Metro-Goldwyn-Mayer's "Ride the High Country," a drama of the Old West, co-stars Randolph Scott and Joel McCrea for the first time and introduces Mariette Hartley.

At the beginning of the adventure story, set in the High Sierra country of California's gold-mining era, there is a honky-tonk carnival scene featuring a race between three horses and a camel, in which the camel streaks to victory. This unique contest sets the keynote for the incidents featured in the new picture, photographed in CinemaScope and color.

It is at the carnival that Steve Judd (McCrea) encounters his old enemy, Gil Westrum (Scott), now a pitchman. Both men had been quick-triggered "town tamera," but the years have caught up with them. Steve has been hired to transport a shipment of gold from a mining camp over the lonely mountain trails to Sacramento, but it is too big and dangerous a job for one man. He enlists Gil and the adventurous young drifter, Heck Longtree, in the project.

Steve little suspects that his old friend and the young drifter are planning to double-cross him and steal the gold. Nor does he anticipate a further complication in the person of Elsa Knudsen (Miss Hartley), a girl who insists on

joining them on the trail. She has run away from home to marry Billy Hammond, one of the brothers of a wild, undisciplined, fighting clan. Marry him she does, only to discover that all the brothers now consider her their property.

It is after Steve, Gil and Heck have started back from the mining camp with the gold, taking a terrified Elsa with them, that the action reaches the gunplay in a climax involving the ironic situation of the pair who had attempted to double-cross Steve joining him in their united battle against the pursuing Hammonds.

Ron Starr, who appeared on Broadway in "The World of Suzie Wong," enacts Heck Longtree, with other featured roles played by Edgar Buchanan as the befuddled judge who performs the marriage ceremony, R. G. Armstrong as Elsa's puritanical father, Jenie Jackson as a saloon keeper, and James Drury as Billy Hammond.

Capturing the color and rugged beauty of California's mountain areas, "Ride the High Country" was filmed on locations at Mammoth Lake in the High Sierra, Frenchman's Flat, Conejo Valley and Malibu Canyon. For other scenes, part of a Western town was built on the back lot at MGM.

## Performs For Parents

NEW YORK (AP) — James Mitchell cut short his vacation from Broadway for a special reason. Mitchell's parents, who live in California, arrived for a brief holiday of their own while he was having a week's rest from his role of magician in the musical "Carnival." So they could catch him onstage, Mitchell went back to work on his Saturday off—and did both matinee and evening performances.

## Church Launches Attendance Drive

A drive to set a record in Bible class attendance has been launched by the Fourteenth and Main Church of Christ. The congregation hopes to exceed, on May 20, the record high attendance of 502 reached one year ago in a similar effort.

A previous drive last September fell short with 492 in attendance. Since that time a new classroom building has been completed and additional classes added. There are now 28 classes on Sunday in addition to a staffed nursery. Twenty of these classes meet on Wednesday evenings also. Average attendance last month was 421 on Sundays and 287 on Wednesdays. Classes are staffed by 56 teachers.

The goal for the present drive for "5-0-4 or More" was set by

the educational committee in a March meeting. Since that time, the classes have set individual goals totaling 652. Those serving on the committee are Curtis Camp, minister; Dan Conley and Arthur Latson, elders; Walter Stroup, deacon; Mrs. Dan Conley, Mrs. George Weeks and Mrs. Avery Falkner, who are also departmental supervisors; and Gary Tate, educational director.

The congregation will host the regular third-Sunday singing of Churches of Christ in this area the afternoon of May 20. They also invite all those desiring to inspect the new educational building to come during the afternoon for the open house between 2 and 5 p.m., May 20.
