Once Upon a Time...

Once upon a time... there was a dejected young baseball player. He played and played with all his might, but he just couldn't seem to hit a home run.

Oh, he hit the ball from time to time and even carried a fair batting average, but no home run.

This young player, with his broken baseball bat, played in Muleshoe; he played in Sudan; he played in Lubbock - Herford - Bovina ---now Bovina rings a bell.

Bovina was the small town where the dejected young ball player became the jubilant hitter last Wednesday night.

Bobby Burge hit his home run and what a run it was! But, that's not all. In the first time at bat against the Bovina team, Bobby hit a single -- o. k. that was fair. His second time at bat, he hit a double, better! The third and fourth times -- two more singles -- but, no home run! Then came the big one... his fifth time at bat in the ball game.

He stood poised in the batter's box and took a big swing at the first ball pitched to him... and WHAM... he connected with a swing, straight out into left near

The long Memorial Day holiday proved to lean toward the wild side up to press time.

Thursday, an Associated Press release said vicious winds assailed the Fort Worth area before dawn Thursday, unroofing a suburban home as a rash of tornado funnels and bristling thunderstorms tapered off in a sweep across the northern third of Texas.

Scattered storms continued in the early morning through a belt plagued by repeated twister sightings.

To put the wraps on Memorial Day weather, at least two tornadoes struck in the Texas Panhandle. One unroofed a house and flattened power lines in Tulla and the other reportedly touched down in open country near Sanford.

Otis Hancock, who lives in north Tulla said he was standing in the garage and could see the tornado approaching from the southwest Thursday. He said he was going into the house when the tornado sheared off

about half of the roof and scattered it across a field to the east. Boards from the Hancock home were driven through the windows of the Calvary Baptist Church to the back of the house.

Heavy black clouds and high winds blasted the Muleshoe area along with much of the Panhandle-South Plains from early Friday evening until the early hours Saturday.

Severe weather warnings and/or tornado warnings covered a major portion of this section of the Plains.

Olton received 1.18 inch of rain and hailstones ranging in size from peas to golf balls and high winds. Friona measured .30 inch and light to small rains were reported from Amarillo, Abilene, Sudan, Farwell, Shallowater, Slaton and Hub.

Not less than 10 tornadoes were spotted in the Plains area.

The U. S. Weather Bureau station at Lubbock released the following chronological order of funnels, conditions, places and times:

5:05 p.m. - Funnel cloud aloft, reported by the public two miles south of Herford. System also speared marble to golf ball size hail.

5:45 p.m. - Tornado sighted five miles west of Kress, moving southeast.

6:15 p.m. - Department of Public Safety reported tornado still on ground west-southwest of Kress, heading southeast; possibly same twister, this time nine miles west-southwest of Kress, moving southeast.

6:25 p.m. - DPS reported twister on the ground just south of Tulla.

Band and choir students who made 1 Ratings in interscholastic competition at Lubbock are to leave today (Sunday, June 2) at 1 p.m. for the State meet being held in Austin. They are to return June 4.

Announced at a meeting of the executive officers of the Fine Arts Boosters held Monday were the arrangements made for the trip.

The students will be traveling by bus with adult sponsors. Board besides the driver, Sponsors are Mr. and Mrs. Roy Dyer and Mrs. Bernard Phelps.

At the meeting, a motion was made and approved to pay \$5 per day for meals for the students, driver, teachers and two sponsors with motel bills paid for the students and sponsors. This will be paid by the Fine Arts Boosters.

6:50 p.m. - Tornado with damage at Edmonson while large, severe thunderstorm was lying from Olton across to Edmonson to Tulla to Plainview. System described by U. S. Weather Bureau as "very dangerous."

7:55 p.m. - Tornado sighted five miles southeast of Plainview, traveling south.

8:28 p.m. - Tornado indicated by radar seven miles north of Singer.

9:22 p.m. - Tornado reported north of Reese AFB, got close enough to cause weather observers to evacuate spotting tower.

10:45 p.m. - DPS sighted still another twister five miles east

of Post, traveling southeast. Muleshoe received only about .02 of an inch of rain. In this vicinity, Needmore reports that no rain fell, however high winds caused uneasiness in that vicinity.

TAM-ANNIE

At the Tam Annie Elevator between Hub and Dimmitt, extending south toward Lazbuddie, and to the north, farmers report 25 percent damage to the crops from a one and one-half inch rain, accompanied by hail and high winds. Reports from the Tam Annie Gin reveal that windows were knocked out of buildings and hail stones varied from pea-sized to hen egg size.

The Board of Equalization of the Muleshoe Independent School District will meet in session Thursday, June 11, from 8 a.m. to 5 p.m. at the School Administration building located at 514 West Ave. G.

Men of Fiber... Those Bailey Pioneers

Some of the highlights of the "Men of Fiber" who pioneered Bailey County are coming in to the Muleshoe Publishing Company office and will go into the pages which will make up a history book of fact and notable memories of incident of Bailey County.

Many letters and forms have been mailed to known pioneers of the county, however, many have remained lost in the folds of someone's memory.

The Publishing Company is asking that citizens of the county submit names of those pioneers whom they know have not been

contacted for their story of early Bailey County.

As the county passes the half-century mark, since its origination, all efforts are being made to preserve the shaping up, from that time to present day, so that it can be passed down from generation to generation.

Crossing this desk have been many incidents which will be in the book. Incidents of interest to those who will be residents of this county 50 years from this Golden Anniversary year.

One couple wrote a comedy story mixed with facts.

It said, in part... "We were born of pioneer parents (how about that?) who homesteaded land east of Hollis, Okla. where we grew up and married.

"We bought land 11 miles south and three west of Muleshoe in 1923 and built a house in 1924. Then in 1925, we chartered a box car in Hollis to ship our stock and household goods and came to Muleshoe in a T-Model Ford.

"I guess you could call us sod-busters as my wife broke land with a one-bottom sulky plow with three mules. While

she was doing this I grubbed mesquite. She had only one mishap, a rattler showed up and the mule took a wide circle, that was her first CANTOUR row. I thought I had lost a hand, but that PIONEER blood kept her going after I killed that rattler!

"Riding a sulky plow or grubbing mesquite in the "good ole days" was plenty tough, but nothing compared to the depression of 1930. We got up very early, milked 6 to 10 cows, fed hogs and chickens and separated milk. We fed the skimmed milk to the hogs and chickens

and sold the cream and eggs to buy groceries and one tank of gas had to last for a week. We raised our meat and vegetables. We had plenty of home cured ham and beef hanging on the windmill in the winter. We cured sausage and rendered our own lard in a 30-gallon kettle... which we still have. We canned enough fruit and vegetables for the family each year and made lye soap to wash out clothes.

"Five hours over a rubboard sure made an automatic washer look good. Our clothes dryer

No severe damage by either wind, hail or rain has been reported in this county, however tree limbs were blown about city streets, and light-weight signs and objects were moved about by the early evening wind.

The winds ceased around 9:45 p.m. here and left the city heavy-

center field and out of the ball park.

With no hesitation, he began his run around the bases, his cap flying one way while he was flying the other way. As he rounded third and headed home, his fellow members of the team were swarming along the sidelines cheering him on, Bobby didn't stop (as is somewhat traditional) to shake hands with the team as he came into home, but was only intent in making it home, He did.

His somewhat ruffal comment following his hard-earned homer was, "My first home run in four years and I didn't even stop to shake hands with the team."

He is the son of Mr. and Mrs. Alvis Burge and will be a senior in high school this fall.

Now, he didn't win the game all by himself by any means, but did make his worthy contribution to the Muleshoe Outsiders' baseball team.

With the 16-4 win over the Bovina team, the team standing for this year is 11 wins and one loss.

Eugene Shaw was the winning pitcher for the Mules, and gave up only one hit during the entire game.

After twelve games, the top five batting averages are:

- Bobby Burge .674
- Larry Calvert .591
- John Agee .517
- Eugene Shaw .500
- Sam Gonzales .450

Today, Sunday, the Mules will go to Bovina for a return engagement with the team they defeated Wednesday night.

Game time is 2 p.m.

ly overcast with ominous black clouds hanging overhead.

People scurried to storm shelters in the major portion of the Panhandle-South Plains during the height of the storm.

More turbulence is expected Saturday with another session of the same type of weather in store for dwellers of the area.

Bailey and surround areas who report the lesser brunt of the storm were Larit, reporting wind and sand with little rain and hail; Progress reports wind and sand and West Camp had high winds. No damage was reported in these areas.

Lubbock was perhaps the hardest hit in the area with 84 mile per hour winds, tornadic winds and hail mixed with flying debris.

Deputy Sheriff Homer McLaury, Sudan, reports high wind, sand and a trace of rain. Fieldton was hit by rain and hail.

Littlefield Police Department reports a trace of rain within the city, accompanied by high wind, sand and no hail. Tree limbs were blown about the city and the area remained under tornado alert for several hours.

Earth City Marshal Alvin Pittman said light rain fell there accompanied by high winds and sand with damage mostly to the north and northeast. Marshal Pittman said Springlake was buffeted by hail and high water from a deluge with the water running high-levels the most of Friday night.

Telephone lines were blown down in the Hub vicinity and damage, if any there, is not reported.

WAS TWO LINES STRUNG BETWEEN TWO POLES. Now, this does not sound bad, but just add a 50-mile-per-hour wind and some West Texas sand and you can't help but think there must be a better way. The wind didn't help when we tried to throw the dishwasher out the door. We were always ended up with most of the water in your face!

"I guess Jess Osborne thought these were rough days for a banker, too. My friend, the late W. R. Young, and I needed to borrow \$75 between us and he looked at us and said "Are you fellows trying to break the bank?"

"He did loan us the money, which we paid back, and he is still our friend!"

This is only a small part of the items which have been submitted for the book to contain. Several descendants of pioneers have submitted records and pictures of their parents and grandparents so that they might be included in the Bailey County book of history.

Should you be a child of a pioneer, report their history.

The scholarships presented to Rose, to Dean, and to Kathy at their respective graduation exercises may be used at any college or university and will be paid in four checks, \$100 each semester for the first four semesters the student is enrolled in a college. The scholarships can only be used if the student enrolls in a college.

Mr. and Mrs. Harry Waddle left Sunday for Rochester, Minn. where she will enter Mayo Clinic, for a series of tests. They will be gone several days.

ECONOMY AND TAXES Government economists believe the nation's economy will convince Congress of the need for higher taxes. The report from the Commerce Department showed increases in personal income, production and home building.

NEWS NOTES

PRINCETON & VISITORS Princeton, N.J. - Trustees of Princeton University have extended the hours when women would be allowed in men's dormitories to 10 p.m. on week nights and 2 A.M. on weekends. A student petition claimed the 7 P.M. limit eliminated "the freedom to make moral decisions."

MOTHER OF 23 Wellington, New Zealand - After giving birth to her 23rd baby, Mrs. Maria Beckman said, "This is my last." Mrs. Beckman, 45, and her husband, who

is jobless and crippled by arthritis, live on government and other benefits which equals \$150 a month in U.S. currency.

NO USE FOR PENSION Cedar City, Utah - Lehi M. Jones sent 22 uncashed social security checks totaling \$4,437 back to the U.S. Treasury in Washington. An accompanying letter explained that he couldn't find any place that needed the money more than the U.S. Treasury, even if the government was managing its money poorly.

Double Wedding Vows to be Read

Miss Rita Diane Bryant - Bride-elect of Jackie Stowers

Miss Dana Dianne Moore - Bride-elect of Billy J. Darnell Jr.

Mr. and Mrs. Wiley Moore of Muleshoe and Mr. and Mrs. Russell Bryant of Las Cruces, N.M. and formerly of Muleshoe, announce the engagements and approaching marriages of their daughters, Miss Dana Dianne Moore to Billy J. Darnell Jr. of Muleshoe and Miss Rita Diane Bryant to Jackie Stowers of Friona.

The double wedding services will be read in the First Methodist Church of Muleshoe on

August 30 at eight o'clock in the evening. The Reverend Douglas DuBose of the First Methodist Church and Mr. Royce Clay, minister of the Hobart, Okla. Church of Christ and brother of Billy Darnell, will perform the double ring ceremonies.

Darnell is the son of Mr. and Mrs. Billy J. Darnell of Muleshoe. Parents of Stowers are Mr. and Mrs. A. T. Stowers of Friona.

Grandparents of Miss Moore are Mrs. Dana Arnold and the late Lonnie Arnold of the Needmore community and Mr. and Mrs. N. C. Moore, Route 5, Muleshoe. Grandparents of Miss Bryant are Mrs. Lola Bryant and the late E. T. Bryant of Muleshoe and Mrs. F. G. Mossholder, Columbus, Ohio.

Both prospective brides are 1968 graduates of Muleshoe High School. Miss Bryant is attending summer school at Texas Tech, Lubbock, and Miss Moore is employed as dental assistant for Charles Lewis, D.D.S.

Darnell is a 1967 graduate of Muleshoe High School. He attended West Texas State University, Canyon, as a freshman this last year.

A Friona High School 1966 graduate, Stowers attended South Plains College, Levelland, as a sophomore student this past year.

Ron Reynolds To Judge Art Exhibit

Ron Reynolds will be one of the judges for the Muleshoe Art Association annual awards exhibit, to be held the last of June.

Reynolds teaches the forty hours of credit offered in the college curriculum. Joining the faculty in 1963, he earned the B S degree in art education from Oklahoma State University where he held an assistantship in the College of Education, and his M S degree with the specialty in printmaking from the University of Missouri. He maintains a studio at his home and displays his work in the Reynolds Gallery, Taos, N.M.; and Talisman Gallery, Bartlesville, Okla. He has held one-man shows at Seminole, Okla., Columbia, Mo., Lubbock and Amarillo.

Three one-man shows have been held at Wayland College. Also work has been done on exhibits in print shows in Fulton, Mo.; Stillwater, Okla; and Lockney. A painting was selected for the South Plains Art Association Traveling Exhibition and work was shown in an invitational Religious Show at Methodist Hospital in Lubbock.

A work was selected for the Southwest American Painting Show in the Oklahoma City Arts Center.

Reynolds makes an effort to keep his output high, spending a part of each summer concentrating on painting and printing full time. Several weeks of the past summer were spent painting and sketching scenes in Coal County, Okla., where Reynolds spent his early years.

Buildings and landscapes were executed in rapid studies or an occasional location for a few days would produce a finished water color or oil.

Such subjects as Reynolds' grandfather's first school house and remembered views of the farm and mining areas kept him busy from daylight to dusk. A year before, during the summer, Reynolds had completed eight oils of the Taos, N.M. area.

He is represented in private collections in California, Arizona, New Mexico, Texas, Oklahoma, Missouri, Kentucky, Iowa and Georgia.

He is presently looking forward to a one-man show in

The library has ordered two books which will be placed in the Muleshoe Area Public Library in honor of J. Frank Peery, who served as Chairman of the Library Board of Trustees, and as Chairman of the Library Memorial Fund. Rev. Peery worked with the area. The books selected will

be the new VERY-LARGE-TYPE books that are printed especially for people with failing sight, but may be enjoyed by all who like an "easy on the eyes" book. This is a gift of the present library board. I hope everyone noticed the notice that in the future all Memorial gifts should be brought or sent to the library. We have received gifts this week in memory of Mrs. Bert White; Gerald Byrd; Mrs. Coleman Jones; and J. L. Harris. These gifts were given by: Mr. and Mrs. Vic Benedict; Dr. Chas. Lewis; Mr. and Mrs. Fred Johnson; and the Road Johnsons; Mr. and Mrs. Wayne Williams; Mr. and Mrs. Willard Tibbets;

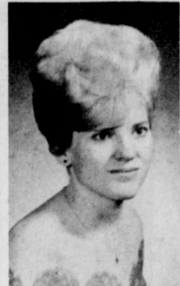

Mr. and Mrs. Jimmie Carpenter; and Mr. and Mrs. Richard Puckett. The library also received a donation of 62 books, given by Mr. and Mrs. Ted Millsap. This gift they wish to give in memory of her father, Jack Cox. Holly Millsap has been helping at the library, and is kept busy processing these and other new books, as well as helping patrons and assisting at the desk. Holly is well-read; has a wide range of reading interests and enjoys helping find the right book for each person. The members of the AAUW of Muleshoe will do volunteer work this summer as they have each summer since the library

opened at the present building. This help is greatly needed and appreciated. IN A RACE Texas agriculture is in the midst of a fast, accelerating technological race, says W. E. Black, Extension economist. New knowledge and skills are being applied daily to crop and livestock production by producers who assume that prevailing economic conditions and market relationships will not change. But, he adds, changes are coming fast and economic and market relations are not exempt. East Germany announces reforms for youth.

Eagles Lead League; Cats Drop Behind One-Half Game

The 'mighty' cats fell this week. In their first meeting of the season with second place Eagles, the Cats were defeated by a score of 14-6. Chuck Clemmons was losing pitcher for the Cats in the Thursday night game, and Eddie Samas was winning pitcher for the Eagles. This loss drops the Cats one-half game behind the Eagles for first place. Monday night's action saw Eagles going down under the

Keith Turner, who normally plays center field for the Cats, hit his first home run of the season, but it wasn't enough to keep the Eagles from first place. Lazbuddie was defeated by the Eagles in the first game of the week on Monday night. This game ended with a score of 17-11 for the Eagles. Tuesday night, third place Dusters were defeated by the Colts, 14-11. Ronnie Meason was winning pitcher and Billy Riels was losing pitcher.

TRANE GRANT—Mrs. Wanda Jennings, daughter of Mr. and Mrs. James Wedel of Muleshoe, has been selected to receive a senior traineeship grant from the U. S. Office of Education in special education for 1968-69. She will be a senior at Texas Tech this fall.

Armyworms Invading Young Cotton

Beet armyworms are invading the young cotton crop on the South Plains and are doing extensive damage. This report comes to County Agent J. K. Adams from Lynn-don Almand, area entomologist with the Texas Agricultural Extension Service, who has found numerous infestations of the worms throughout the area. The tiny larvae first feed on the underside of cotton plants, says Almand, and this damage is barely recognizable. However, in a few days the worms begin to feed on the terminal buds of the plants and then eat holes in the leaves and eventually may cut off the stem. The entomologist points out that armyworms can be recognized by a dark spot which appears on the side toward the front of the insect's body above the second pair of legs. Mature worms range from light brown to almost black in color but most of them are greenish. They are about one and one-half inches long. Methyl parathion or Trichlorfon (Dylox) give good control, says Almand. Apply methyl parathion at one pound of active ingredient per acre or trichlorfon at one to one and one-half pounds of active ingredient per acre. Best results will be obtained by applying the spray directly over the row. Increase dosage by 50 percent for aerial applications, the entomologist adds. In addition to attacking cotton, beet armyworms also damage grain sorghum alfalfa, sugar beets and vegetable crops.

Shorthorns 18 - Firefalls 14
Gimmers 23 - Builders 12
Motormen 6 - Sluggers 13 - in this game, until now, both teams had been undefeated and met for the first time of the season. At mid-point of the game, the score stood 4 for the Motormen and 1 for the Sluggers.

MAJOR RESULTS
Cards 14 - Cubs 17
Mustangs 6 - Colts 13
Sox 0 - Cubs 8
Lions 5 - Mustangs 14
Cards 11 - Longhorns 8
Colts 27 - Sox 10
Cubs 5 - Mustangs 11
Longhorns 6 - Sox 13
Two home runs were logged in the scorebook for major league players this week. One was a homer by Ricky Smallwood on the Mustangs during their game with the Lions; the second was hard-hitting Dusty Davis for the Colts when they tangled with the Sox.

A REWARDING TUMBLE
St. Paul—By an odd coincidence, a fall from a bicycle for Scott and Clifford O'Boone was quite profitable. The fourteen-year-old boys tumbled into brush along a park path and found \$2,000 in currency wrapped in an old newspaper. They can keep the money if the owner is not found in six months.

Summer Readers

Librarian Anne Camp reported that 227 children had signed up for the Summer Reading Program held at the Muleshoe Area Public Library during the first three days. A total of 824 books were checked out to the children, even though the checking was limited to one per person for those who had not previously used the library before registration started. Mrs. Camp said they expected more than 1,000 books to be issued to summer readers before the week ended. "Reading Round Up Time" is the theme of the reading program this year and is in keeping with the Golden Anniversary of Bailey County. Children who read more than 12 books during the summer will receive a Gold Buckle Award and if only 12 books are read, the person will receive a silver saddle bag award. Mrs. Camp urges those who are to participate to begin their reading early in the summer so that they will have time to complete the required number of books and return their reading logs to the Library before August 20. The summer program is sponsored by the AAUW in conjunction with the Library. Library hours are weekdays from 2 to 6 p.m., and Saturday from 9 a.m. to 12 noon.

Vacation Bible Schools Start

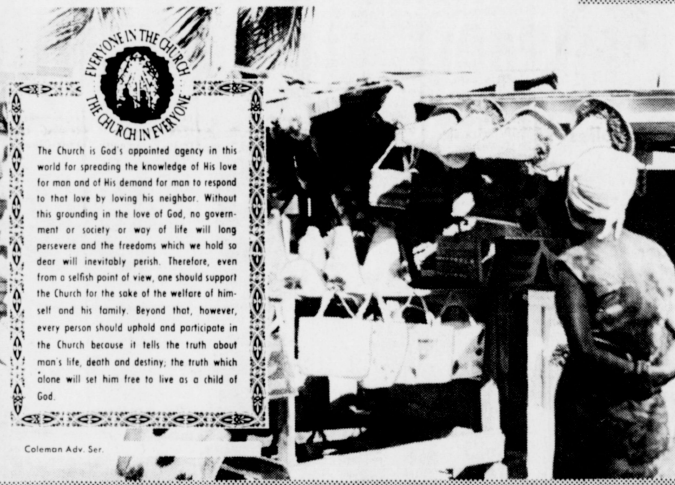

The First Methodist Church Vacation Bible School is starting Monday, June 3. Sessions Monday through Thursday will be from 8:30 to 11 a.m., and the final class will be Friday from 9 a.m. to 12 noon. Friday will be the sharing day session and lunch will be served at noon for the students and parents in Fellowship Hall at 50 cents per plate. Children who attend Vacation Bible School ages are from four years to 11 years and will include Anglo, Negro and Latin American children.

A HAT WOULD BE SO MUCH COOLER!

She must go to the native market for her physical needs. The straw hat would be so much better than the old scarf tied and knotted about her head. Sweet, cool air could come through that straw and that would feel so wonderful in this heat!

Where does she go for her spiritual needs? Is there a church on the island? Does she know that she will be told about a great God there who will help her, guide her, and refresh her?

How fortunate we are in this country that there is a church in every community. Spiritual help, refreshment of soul, fellowship and love awaits all who enter her doors. We invite you to attend Church this week.

Everyone in the Church
The Church in Fellowship

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the well-being of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Go To Church Every Sunday

Some people plant tomatoes in the spring

Others plant carrots, or onions, or cucumbers, or asparagus, or lettuce. But there's one thing you can plant now that will create a variety of tastes. A gas barbecue grill.

We have several varieties. Any one lets you harvest a delicious meal any time of the year. Its perfect heat control and permanent briquettes give you year 'round cooking pleasure without the mess of a charcoal fire.

For best results, we recommend early planting. This will guarantee larger yields because you can start your harvest immediately. New lower prices on the 68 models are in effect through July 31st. Prices start at \$77.52 cash (includes installation and tax) or as little as \$2.50 a month, whichever you prefer. After that, it will only cost a few cents per month for us to feed it.

Call us. We'll plant a gas barbecue grill in your yard. That is, if you have a taste for the outdoors.

Buy a PATIO PAIR (one gas light and one gas barbecue grill) and save \$20.00. Prices start at \$103.79 (includes installation and tax) or \$4.00 a month.

MEN AND MONEY:
 Both must be employed if our community is to prosper. If you plan to buy anything, purchase it from a local merchant. If you want your job to be secure and your investment protected, then trade at home. If you want a good thriving community, with good churches and good schools, one that you would be proud to be a part of, then support your local business men who are largely responsible for making all this possible.
