Fine Theatre Is Wrecked By a Bomb

(By International News Service)
HAMMOND, Ind., Nov. 8.—The State Theatre, a structure costing \$1,600,000, the pride of Hammond was wrecked by a gigantic bomb this morning.
Great holes were torn in the walls, causing a damage estimated at from \$600,000 to \$800,000.
Officials are at a loss to explain the bombing, as there had been no labor trouble here.
No lives were lost.

THREE NEW WELLS TO START DRILLING SOON

Announcement was made Tuesday morning of three new oil wells to be drilled north of Ballinger, all of which are to be commenced within the next few weeks.

The new tests are as follows: A 3,000-foot well on the A. P. Serratt farm, ETRR Co. survey, section 150, 1-200-acre block secured by Thos. C. Hall of Temple; Robert Watchorn, Oklahoma City, on the Domingo Diaz survey, section No. 532, J. L. King farm, southwest of the Sillix producer and north of the Empire et al Gray now drilling; and Gibson & Johnson, on the Juliana Vaske Cabrera survey, section 514, 3,300 feet from the north line and 660 feet from the east line. The last named well is to go down near Crews.

Thos. C. Hall, of Temple, who owns property in Runnels adjacent to Ballinger, and who has been directly connected and interested in the development of Runnels county's oil resources, announced Tuesday the location of a well to be drilled north of this city, about 3 1/2 miles.

This well, the second promoted by Mr. Hall here, is on the A. P. Serratt farm, ETRR Co. survey, section 150, and one and a quarter miles southwest of the Empire et al Gray No. 1.

This well will be spudded within the near future, Mr. Hall stated. The derrick will be erected within the next few days and as soon as the derrick is rigged the drillers will spud and start drilling. The hole is to be a 3,000-foot test in a block of approximately 1,200 acres obtained by Mr. Hall.

The Empire et al Gray No. 1 is drilling around 175 feet today after spudding last week. A steel derrick is erected at this location and the work is well under way. Gas from the main line of a gas company serving Ballinger is being used for fuel. This is a 4,000-foot test, and is located just north of this city.

Swensondale-Alworth, Werner No. 1 is drilling at around 1,200 feet after the completion of a fishing job Sunday morning. A bit, lost in the hole for several days, was caught early Sunday and extracted from the bottom of the hole. Reported cave-ins have been stopped, it was declared.

A flow of water was struck in the May-Schneider well, east of this city, at 1,032, and a casing crew is now setting 10-inch

casing to shut off this water. Sillix et al McMillan No. 1, the only producer in Runnels county, is still registering about 125 barrels daily, according to the weekly production records of Texas as announced late Monday afternoon. The Humble Oil and Refining Co. is still purchasing this oil, which is now graded as about 45 gravity.

This oil is loaded at Benoit on tank cars through a 2-inch line from the well, some six miles distant where it is pumped from storage tanks.

Noble et al Simms No. 1 is setting casing at 2,720 feet. 6 5/8 inch casing being used to shut off water which has been in the hole for some time. This well had been closed down for a month or more. Drillers recently completed an underreaming job of about 400 feet.

No information is being made public at the Farnsworth, Kennedy Talley No. 1, drilling near 2,000 feet. This well is north of the Sillix producer.

A report on the Miles Oil Co. Lawhon & Sons No. 1, near Miles, could not be obtained Tuesday afternoon.

THE WEATHER

(By International News Service)
East Texas—Cloudy, showers in the northeast portion tonight, cooler in the west and north portions tonight.

West Texas—Fair and cooler except in the south and west portions tonight. Cooler in the southwest portion tomorrow.

One hundred and sixteen visiting physicians had registered for the Fourth District Medical Association convention up to noon Tuesday, it was announced by Dr. T. Richard Sealy, of Santa Anna, councillor of the organization.

This is the largest number of registered delegates ever attending one of the meetings, it was asserted. The next largest was at Brownwood when 115 were registered.

Election of officers, the selection of a meeting place for the next gathering and the executive session Tuesday afternoon was to bring to a close the 23rd annual convention of the Fourth District Medical Association, which is already considered one of the most successful ever held since the organization was formed.

This is the second time that doctors and surgeons of the fourth district have gathered here for a convention but the number attending this year is much larger than the first meeting in this city, reflecting the unprecedented growth of West Texas.

The program which was arranged by Dr. J. W. Tottenham, Brownwood; Dr. T. Richard Sealy, Santa Anna; and Dr. J. G. Douglass, of this city, was declared to be one of the most interesting ever presented to the group of physicians who are members of the organization.

Prominent doctors and surgeons from the larger cities and hospitals of Texas were on the program and delivered lectures for the Monday and Tuesday morning sessions.

The session Tuesday afternoon started at 1 o'clock.

Those on the program Monday afternoon and Tuesday morning were as follows:

Monday afternoon—Dr. H. G. Walcott, Dallas; Dr. A. C. Scott, Jr., Temple; Dr. T. Wade Hedrick, Abilene; Dr. Geo. L. Carlisle, Dallas; Dr. J. A. McIntosh, San Antonio; Dr. Will S. Horn, Fort Worth; Dr. E. D. Crutchfield, Galveston; Dr. J. S. Hixson, San Angelo; Dr. T. Richard Sealy, Santa Anna; Dr. W. C. Farmer, San Antonio; Dr. R. B. Walker, San Antonio; Dr. G. W.

BOSTON, Nov. 8.—Starvation and commercial ruin today stalked hand in hand over the desolate flood swept areas of Vermont, Connecticut, New Hampshire, Rhode Island and Massachusetts. Vermont is still in dire distress, but the other four New England states are fast recovering from the catastrophe.
The Party Courier declared that starvation faced the entire town of Newport, Vermont. Even drinking water is rationed there now. Relief must come soon or it will be too late, reports say.
Of the 130 known dead from the flood, 114 were reported from Vermont.

New England railroads will be crippled for months.
The menace of fire is still abroad in the flooded district.

JURY TAMPERING IS BEING AIRED

(By International News Service)
WASHINGTON, Nov. 8.—The man whom the government believes actually hired sixteen Burns Agency detectives to keep the Fall-Sinclair conspiracy trial jurors under surveillance, came before the grand jury today in the person of Harry Jeffreys, chief clerk of the Sinclair Consolidated Oil Company.
A. Sheldon Clark, vice-president of the Sinclair Refining Co., is also waiting to testify.
Clark and A. Mason Day, vice-president of the Sinclair Exploration Company, received reports on the jury stalking, according to the testimony of Charles G. Ruddy, a Burns manager.

BERLIN AUTOS INCREASE NOW 65,000 REGISTERED

(By International News Service)
BERLIN, Nov. 8. — Berlin's
total of privately owned motor
cars is increasing at an astound-
ing rate. Since the first of Janu-
ary the number of registered
cars has been increased by 11,000.

Statistics show that about 83
per cent of the traffic is done by
automobiles. The total of motor
driven vehicles in Berlin is about
65,000.

LEGION PLANS FOR NOV. 11TH

Ex-service men, members of the
American Legion, and their fam-
ilies will have a big day in Bal-
lenger on Friday November 11th,
Armistice Day, it was announced
Tuesday by L. Cohen, commander
of Pat Williams Post No. 8, and
chairman of the committee on
arrangements for the celebration.

The morning program will com-
mence at 10 o'clock with H. C.
Lyon, superintendent of the city
schools, as the principal speaker
at the Baptist church. A mem-
orial service will be held with a
silent tribute to the dead at 11
o'clock.

To start the afternoon program
a water fight between the Miles
and Winters fire departments
will be held on Hutchings
Avenue near the court house
lawn. The winner of this battle
will be matched with the Ballinger
fire company in a second
clash. This is expected to attract
considerable attention.

Following the water fights
there will be a parade in which
every former service man and
Legionnaire is expected to take
part. Other military and semi-
military organizations are re-
quested to line up for this pro-
cession.

A six-inch German cannon will
head the procession. It is a new
gift to the local post. This
howitzer, captured in the Meuse-
Argonne offensive by American
troops, will be brought to Ballinger
from Austin this week.

The three fire companies to be
here Armistice Day, Winters,

Miles and Ballinger, will also be
seen in the parade, together with
the entire student body of the
Ballinger high school, Company
C, Texas National Guard, vet-
erans of former wars, the Brady
and Ballinger pep squads and the
football teams of each school in
uniform.

A football game between Bal-
lenger and Brady will be the
principal feature of the day.
This game will be played at Fair
Park at 3:30 p. m. Last Armistice
Day the Brady team defeated the
Ballinger team in Brady by a
score of 32 to 7.

In the evening, starting at 7:30
o'clock, there will be tacky party
for Legionnaires and their fam-
ilies at the American Legion audi-
torium. Doughnuts and coffee
will be served at this affair.
There will be no speech-making
at this gathering, the program
states, "just lots of fun and real
enjoyment."

The committee in charge of this
program and who are now work-
ing out the details are: L. Cohen,
chairman; E. W. McLaurin, R.
W. Earnshaw, C. W. Thorp, M.
H. Boynton, Mrs. C. W. Thorp,
Mrs. K. V. Northington and Mrs.
C. W. Cheatham.

STORK WORKS OVERTIME FOR MID-SOUTH FAMILIES

(By International News Service)

MEMPHIS, Tenn., Nov. 8. —
Storks have been flying in coveys,
swarms or howsoever they travel
over the tri-states lately, or per-
haps favoring the mid-South with
a convention.

At Greenville, Tenn., storks
left quadruplets—three boys and
a girl—at the home of Mr. and
Mrs. Sam L. Chase, who already
were the parents of four children.
The quadruplets are all normal
and healthy.

The same night down at Canton,
Miss., triplets—two girls and one

boy—were left at the home of Mr.
and Mrs. Walter Sparks. Mr. and
Mrs. Sparks were already the
parents of three sets of twins.
Mrs. Sparks is 39 and her hus-
band 41.

Not wishing to slight Arkansas,
Old Doc Stork dropped over the
next night and left triplets at the
residence of Mr. and Mrs. John
Hess. Two more boys and one a
girl and so healthy were all the
children that they weighed seven
pounds each. Twins were left
previously at the same home.

MIDLAND—Two more excel-
lent oil producing wells have been
completed in the Pecos territory.

A Mother, Her Child, and One Dime!

Easy to Keep the System
Sweet at Any Age

Many people who never have to take
a laxative eat a candy cascaret now
and then. Do you know why?

They have found that cascara sweet-
ens the whole system—brings an im-
maculacy of person that means every-
thing. It prevents bodily chemistry from
ever making one unconsciously offen-
sive to others. And what a perfect regu-
lator of the bowels!

Salts affect the lining of the bowels.
Mineral oils leave a coating that the
blood must carry off through the pores.
How much better to cascade the sys-
tem, and cause the bowels to expel
everything by normal muscular con-
traction! To say nothing of the cleaner,
sweeter condition that lasts for days—
a wholesome condition that makes the
use of deodorants quite unnecessary in
January or July! Men and women
whose years have brought on sluggish-
ness often find that a cascaret only once
a week is all the tonic they needed.

Cascara is splendid for children, too,
and they love the taste of this candy
laxative which every drugstore has
for 10c and 25c.

"HOW INNOCENT a drug can be—
and how helpful! I'm done with pur-
gatives that leave even a child's sys-
tem so acid you can detect it in the
perspiration. A little cascara is a per-
fect sweetener, and my boy and I
both love the candy—"

BEARCATS WORK HARD FOR BRADY

Much tougher than when they
went into the game last Friday
against the Eden Bulldogs, the
Ballinger high school Bearcats
are today ready and waiting for
Friday when they are to meet the
Brady eleven, a team that ran up
a 32 to 7 score over the locals last
Armistice Day in the McCullough
county capital.

However, the Bearcats in
reality are not waiting for any-
thing. Instead they are working
hard for the next game and by
Friday they expect to have their
passing and running game com-
pleted enough to get the Brady
representatives off their guard
and to keep them back from their
goal. The Bearcat defense did
not show up so well against the
fast Eden backs last week, but
Coach Felton Wright expects to
improve the line and make it
the strongest it has been this
year.

Cervenko and Arthur were not
seriously hurt in the Eden game
but the Bearcats could have done
much better had these two men
not been injured and had the
weather been a slight bit cooler.
The weather has never been right
for a game here this year and the
team has only two more games
scheduled this season.

In preparing for Brady the
Bearcats are also working up a
fine edge for the Winters Bliz-
zards, which game will decide the
championship of Runkles county
this year. This game is to be
played on Friday, November 18
in Ballinger, and several thou-
sand citizens of Runkles county
are expected to attend.

A large crowd is also expected
here on Armistice Day as the day
is a holiday. Brady is reported
to be mobilizing a large dele-
gation for this event.

Henson Alagood, fleet Bearcat
half, who aided materially in
winning the Winters game last
year, will probably be in uniform
this week but will not play. He
went out of the playing during
the game with the San Angelo
squad here when he received a
fractured arm. He has been at
every game since, however, and
carried Ballinger's end of the
line. Alagood will play in the
Winters contest.

The Ballinger team played
ragged football at times last Fri-
day, but at other times their
playing was superior to that of
the Bulldogs. At least it was

good enough to win.

Following are the scores of all
of last year's games:

Marion Davies Plays Alluring
Dutch Heroine in "The
Red Mill"

Marion Davies Hollandaise—a
piquant foreign creation that is
alluringly new—that's the new
Marion Davies in "The Red
Mill," new Cosmopolitan spec-
tacle which closes its two-day run
tonight at the Palace Theatre.
The much heralded adaptation of
the famous stage hit scored in-
stant popularity with its quaint
settings, a spectacular winter
fete, dramatic intensity inter-

mingled with lightsome comedy
and Marion Davies' faultless act-
ing of a role unlike any in her
entire career.

One associates Marion Davies
with gowns—with costumes—
with plays like "Beverly of
Graustark," or "When Knight-
hood Was in Flower." But here
is a new one—Marion Davies in
pigtails and wooden shoes.

Her talents as a comedienne
have the best opportunities they
have had to date, and she makes
the most of them, in the skating
scenes where she drops to disaster
and a frozen face—the struggle
with the patent American ironing
board that invades the sacred pre-
cincts of her Holland kitchen,
and other hilarious details.

William Goodrich directed the
new story from a scenario by
Frances Marion, based on the
noted comic opera by Victor Her-
bert and Henry Blossom. Owen
Moore plays the Irish hero in a
debonnaire style that is appealing
in its charm; George Siegman,
famous serene villain, is as bad as
ever in the role of the sinister
"Uncle Willem." Louise Fa-
zenda and Karl Dane make an
amusing comedy team in the new
production, and Fred Gambold,
William Orlamond, Russell
Powell and other well-known fa-
vorites are included in the cast.

Several hundred people are seen
in the glittering winter festival
scenes and other elaborate details
in the quaint Dutch village in
which the action of the new play
takes place.

Murray and Conklin Coming in
Comedy, "McFadden's Flats"

A group of literary hodgepotters
and serious minded funmakers
have undertaken the task of lit-
erally building a house of laughs.
The fortunate poker player who
could point to his home as "the
house that Jack built," had nothing
on Edward Small, who built
"McFadden's Flats" for the
screen, from nothing more
weighty than grins, chuckles and
apropos guffaws.

With the aid of a cast of players
that is declared to be as nearly a
reproduction of the original cast
in the stage comedy as present
day conditions will permit, "Mc-
Fadden's Flats"—known to the
amusement world as the funniest

of plays for more than a quarter
of a century—has been put in
films.

And instead of seeing the cus-
tomary canvas drop that served
for the stage production of the
comedy, the flats have been
erected for the screen story to
serve as a professional home for
such players as Charlie Murray,
Chester Conklin, Edna Murphy,
Cissy Fitzgerald, Dorothy Dwan

and a host of celebrities who were
not permitted to draw a serious
breath for several weeks.

The comic classic will be shown
at the Palace Theatre tomorrow

ASPIRIN

The whole world knows Aspirin as an effective antidote for
pain. But it's just as important to know that there is only one
genuine Bayer Aspirin. The name Bayer is on every tablet, and
on the box. If it says Bayer, it's genuine; and if it doesn't, it is
not! Headaches are dispelled by Bayer Aspirin. So are colds,
and the pain that goes with them; even neuralgia, neuritis, and
rheumatism promptly relieved. Get Bayer—at any drugstore—
with proven directions.

Physicians prescribe Bayer Aspirin;
it does NOT affect the heart

Easy to Keep Sweet

Many people who take a laxative eat a lot of candy. They have found that Cascara affects the whole system. It prevents constipation and ever making one sick. It is safe to others. And it is the best laxative of the bowels. Salts affect the blood. Mineral oils leave blood must carry of. How much better is Cascara! To say nothing of the sweeter condition of the whole system. Use of deodorants in January or July! whose years have been often find that Cascara is splendid and they love the laxative, which costs for 10c and 25c.

AIRPLANE "SKY HAWKS" BOTHER CHIC 'N FARMS

(By International News Service)

BATAVIA, N. Y., Nov. 8.—Havoc among poultry here has been wrought by airplanes using the landing field near their coops, according to Batavia poultrymen, who have complained to state police about the "sky-hawks."

Every time an airplane started or landed the fowls refused to leave shelter to eat their rations, the complaint stated. One of the owners said that unless the flyers stopped passing over his land he would take the law into his own hands.

Troopers were unable to move in the matter and suggested that chicken raisers adopt a campaign of education to teach their flocks that airplanes were harmless and not a particularly dangerous chicken hawk.

ECONOMIC CLASS HOSTESS MONDAY

Miss Minnie Lee Melton, instructor of the home economics class of the Ballinger high school and 16 members of the class were hostesses to the board of trustees of the city schools Monday evening at 6:30 o'clock at a dinner served in the high school dining room.

Misses Fay Corum and Eva Ruth Forney acted as waitresses while the other members of the class prepared the meal and arranged it in the kitchen at the high school. This was done under the supervision of Miss Melton.

Those present for the dinner were: C. A. Doose, Rex; W. H. Doss, Lee Butler, W. E. Middleton, Tom Caudle, Dr. E. C. Baskin, A. F. Brock and Superintendent H. C. Lyon.

The following menu was served: tomato soup, chicken a la King, carrot salad, hot rolls and butter, string beans, coffee

and whipped cream, orange sherbet and cake.

Sour Stomach

"Phillips Milk of Magnesia"
Better than Soda

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

BUILD NEW CAR TO HAVE SPEED OF 250 M. P. H.

By F. A. Wray
(International News Service Staff Correspondent)

LONDON, Nov. 8.—The latest stage in the speed duel between the United States and Great Britain is the plan for the construction of a British car capable of a speed of 250 miles per hour.

Francis Coatalen, who designed the Sunbeam 1,000 h. p. car with which Major Segrave made the present record, has conceived the idea of this new machine which he hopes will preserve the record for Britain.

"I intended to keep the details of my new car secret," said Coatalen, "but now that news of the American car has leaked out there is no longer any need for mystery. I have known for some time that the United States cherished an urgent desire to beat our record."

Plans New Sunbeam

"I have accepted the challenge, and have passed plans for a new Sunbeam car which I believe will travel at a speed of 250 miles per hour. This may seem optimistic, but our 1,000 h. p. car was designed to do 200 miles per hour, and achieved it. The new car will have two engines each of 20 h. p. rating, but with a probable power output of 600 h. p."

"Wind difficulty is, of course, the great difficulty. We have to reduce this to a minimum. For this purpose a close study has been made of the British seaplane which won the Schneider trophy for Britain."

"All parts of the car such as springs, brakes and wheels, will be enclosed within a pear-shaped body. There will be no radiator in the engine. We shall employ a system of steam cooling—condensation—which should be sufficient as the car will be in action only for a few minutes."

"The engines will not be fore and aft as they were in the 1,000 h. p. Sunbeam. They will be side by side at the front of the chassis and their drive will be synchronized."

Ready by Spring

"I cannot conceive the possibility of chains standing up to this great speed so I am employing a propeller shaft transmission."

"The car, I hope, will be ready in the spring, when it will undergo a modified trial in England before being shipped to the United States."

It is understood that no expense will be spared in meeting Frank Lockhart's challenge to the British record. As for the driver, it is believed that Major Segrave having practically abandoned racing, K. Lee Guinness, one of the greatest of British motor-racing drivers, will be secured. He retired from racing some years ago, but he is prepared to take on this new big adventure.

Belgium Issues Decree for Stork's Protection

(By International News Service)
BRUSSELS, Nov. 8.—The stork has come into its own in little Belgium. Following its visit to the royal household of the Duke and Duchess of Brabant, a decree has been issued declaring that the stork will henceforth be a protected bird in this country. It is now forbidden to shoot, capture or imprison storks in cages.

The decree is the outcome of efforts which have been made to introduce the bird here.
