New Rainfall Sends Waters To New Peaks

New Flood Menace Is Created In Section Today; Thousands Of Acres Under Water

(By The Associated Press)

HOUSTON, April 28 — Thousands of acres of additional farm land along the surging Guadalupe river were flooded today, as the river, on a rampage since Monday, rose to the highest marks of the present flood.

A two-inch rain between Hochheim and Gonzales Wednesday created a new menace, increasing apprehension as it began to flow into the river.

Still Rising Slowly

At Cuero, the Guadalupe had risen to 25 feet and was still rising slowly, with a peak of 27 or 28 feet expected as the full effect of the newest rain is felt by the already overflowing stream.

At Victoria, the water was back up to 27.5 feet, equal to the highest it had been in the present flood. The water had dropped to 26.8 feet and

FIVE INCHES REPORTED

ITALY, April 28. (AP)—Rain-plagued Ellis county received its second largest rain of the year early today, five inches falling in the Milford area.

Milford streets were flooded and considerable damage done to small bridges and growing crops in the south and southwestern portions of the county. Previous big rains this year had caused damage.

residents of that section had hoped that it would fall several feet more before the crest from the Gonzales area arrived.

Previous High 31 Feet

"It looks bad," was the general comment as residents saw the new rise hit when the river had fallen less than a foot. The previous all-time high was 31 feet, registered in 1935.

Water rose over the Cuero-San Antonio highway Thursday and Cuero's direct link with Austin remained flooded. The city still was able to get out by way of Flatonia.

All lateral roads in Victoria county were in bad condition with many bridges washed out, reports which

Final Vote On Union Is Near

(By The Associated Press)

BIRMINGHAM, Ala., April 28—Unification of the three branches of Methodism, long and bitterly debated, reached the quadrennial convention of the Methodist Episcopal church, South, today.

Already approved by the Methodist Episcopal (Northern) and the Methodist Protestant branches, the question of union will be considered and a final decision reached before the convention adjourns.

Based On Racial Question

Opponents of the proposed merger announced plans for a "last ditch" fight "to save the Southern Methodist church," basing their objections in part on the racial question, which separated the Northern and Southern branches in 1844.

Bishop John M. Moore, presiding today by virtue of his seniority over the active college of bishops, was confident, however, that unification would be approved by an overwhelming vote.

"There is not the slightest doubt in my mind," Bishop Moore said, "that we are on the verge of perfecting the greatest union of Christians that has ever been accomplished since Christianity began."

The merged church would have approximately 8,000,000 members, including some 360,000 negroes to be segregated in a central conference.

QUESTION PERKINS' TALKS

Administration Officials Are Silent On 'Family Luncheon'; Business Men Are To Meet

(By The Associated Press)

WASHINGTON, April 28.—Administration officials, silent about President Roosevelt's "family luncheon" conference with Henry Ford, undertook today to arrange an early meeting of 16 business men who have promised their aid in establishing economic stability.

"DOING BEST HE CAN"

NEW YORK, April 28. (AP) — Henry Ford, fresh from his White House conference with President Roosevelt, told interviewers today the president "is trying to do the best he can like everybody else."

The remark was prompted when someone commented that Ford had never appeared to be in such a genial mood. Was it because he came away from the White House with new optimism?

"Well, you never heard me say anything about the president, did you?" the automobile manufacturer smiled. "What's the use? He's trying to do the best he can like everybody else."

But of the conference itself Ford would say nothing.

The negotiations were being made by Secretary Roper and John W. Hanes, securities commissioner who conceived their pledge of cooperation with the president.

Nature Of Talk Undisclosed

The extent to which similar cooperation might be forthcoming from Ford remained undisclosed after his two-hour conversation in the cream-tinted oval dining room of the White House.

"The country is all right and always will be all right," the 74-year-old auto manufacturer told reporters.

He declined comment on the president's spending-lending program or on his general business policies, which he frequently has opposed.

Everything Was Pleasant

"Everything was very pleasant," Ford said of his talk with the president, whom he last had met while they were associated in naval department work during the World war.

"Did you reach any definite conclusions with the president?" Ford was asked when he reached New York last night. He had remained in Washington only seven hours.

"That's a long story," was the barely audible reply.

Ford was told that G. Hall Roos-

Straw Hats To Appear In City Friday

The old lid won't be in style Friday.

Straw hats will be found on the heads of those who wish to be fashionable.

Friday will be Straw Hat day. Into the moth balls and cedar-scented closets will go the old fedoras.

The following Lubbock firms are participating and will show the latest in weaves and styles: Sears-Roebuck, Hanna-Pope & Co., Hemphill-Wells Co., Paul Barrier, Inc., Levine's, Stephens' Dry Goods, Popular Price store, Montgomery Ward, J. C. Penney Co., and Walton's Store for Men.

Shriners Here For Banquet

Vanguard of Shriners of the area began arriving in Lubbock this morning for their annual observance of South Plains Shrine day.

Mayor Carl E. Slaton, Police Chief Don Reeder and Sheriff Tom Abel joined in a proclamation of complete surrender to the wearers of the red fez late Wednesday.

Shrine Officers Chosen

Replacing them for the day will be Robert H. Hester as mayor, Sam Rosenthal as police chief and Arnold H. Maas, as sheriff.

Hester immediately issued a "decree" warning that every Shriner must wear his fez and "a full and blooming smile," or be subject to whatever penalty may be dealt him.

J. S. Pitman of Amarillo, assistant recorder of Khiva temple of which the South Plains is a part, arrived here Wednesday to assist in the preparations and announced that invitations have been mailed to more than 500 Khiva temple Shriners on the South Plains to attend.

Among The Visitors

Among the visitors expected, he said, are included H. S. Wilbur of Canadian, illustrious potentate of the temple; Carl Studer, captain of the guard, also of Canadian; Rolla A. Cartwright of Amarillo, past potentate and principal speaker at a banquet at Hilton hotel at 7:30 p. m.; and Jay Slaughter, who advised he will be accompanied by a delegation from Post; and N. W. Durham of Memphis, a candidate for the ring at the ceremonial in Amarillo May 23.

L. D. Thomas, marshal of the temple, announced that a delegation will greet Wilbur at the city limits at 6 p. m., and that a parade will form at Hilton hotel 30 minutes later. Hester will be program chair-

Navy Will Ask Bids On Ships

(By The Associated Press)

WASHINGTON, April 28 — The navy, armed with a record peacetime $546,866,494 appropriation, prepared today to ask bids with a minimum of delay on two more battleships and a score of other craft.

President Roosevelt yesterday signed the regular appropriation bill for the next fiscal year, providing $14,000,000 to start work on the 22 new craft and continue construction of some 60 others.

Detailed Designs Complete

Detailed designs of the battleships are complete, officials said. They will be 4,000 tons or more larger, but otherwise similar to the 35,000-ton U.S.S. Washington and U.S.S. North Carolina, which were started late last year.

Construction of projected "super battleships" of about 45,000 tons depend on congressional approval of the separate $1,156,000,000 fleet expansion bill which the senate is debating.

The next pair of battleships will be known merely as Nos. 57 and 58 until they are named for states, probably several months hence. They will replace the Texas and the Nevada, which in 1940 reach the treaty overage status of 26 years.

Pioneer Circuit Rider Dies In Dallas; Served For 40 Years

DALLAS, April 28. (AP)—The Rev. J. F. Archer, 80, of Van Alstine, pioneer Methodist circuit rider, died here in a hospital early today. He had been a patient in the hospital two years, a paralytic.

Of his 40 years as a minister, 32 were spent in North Texas. He organized the first Epworth league in Sherman in 1894.

Vaughn Due To Go To Chair Tonight

HUNTSVILLE, April 28. (AP)—Barring an eleventh-hour stay of execution, John W. Vaughn, 37, will go to the electric chair in state prison here shortly after midnight tonight. It would be his second trip into the death chamber.

Last Friday he came back, reprieved for a week, because the electrocution machinery broke down.

Mack Gates, his attorney, predicted last night the San Antonio upholsterer, convicted of the slaying of a policeman, would not die in the chair. Gates would not elaborate on his plans. Previously he had announced he would petition District Judge Max M. Rogers to enjoin the scheduled electrocution on the grounds that the condemned man had suffered "unusual and cruel punishment" in the form of mental anguish because of two postponements of the execution.

Mrs. Vaughn, after a brief visit with her husband in death row here yesterday, returned to San Antonio with the announced intention of seeking funds for a legal fight to halt the execution.

In Austin, two members of the state board of pardons and paroles indicated they would not interfere with the execution. Chairman Bruce Bryant said the three-member board probably would make a formal recommendation today.

Rep. Hoffman Creates Stir In Senate Lobby Committee Hearing; Writes Letter

(By The Associated Press)

WASHINGTON, April 28—Representative Hoffman (R-Mich) wrote Secretary Perkins today asking whether she has been making lectures "for hire."

If she has, Hoffman said in a statement, she should make public the compensation she received and the senate lobby committee of which Senator Minton (D-Ind) is chairman should "check her statement with her income return."

Authority Questioned

"Some of us," Hoffman's statment said, "would like to know whether the president's authority to Senator Minton to go snooping through income tax returns will be directed solely against those who opposed the reorganization bill, or the president's more recent spending scheme, or whether the senator will ask for a peek at the income tax returns of Son Jimmie and Secretary Perkins."

Hoffman asked in his statement whether it is "fair" for the secretary to "take advantage of her official position to secure lecture engagements." He also asked whether she was following the example of President Roosevelt "who used his official position as president to sell his writings."

"As an individual," Hoffman wrote in his letter to the labor secretary, "whether you did, or did not, receive compensation is none of my business, but as a representative of a congressional district, where many men are out of employment, would like to advise them as to whether a member of the cabinet is permitted to lecture for hire.

"Would also be interested in learning where and at what cost I could obtain copies of your addresses which were delivered for hire if you did deliver them for compensation."

U. S. Explorer Says Paul Redfern Dead

GEORGETOWN, British Guiana, April 28 (AP)—Theorore J. Waldeck, New York explorer, returning from four months of perilous search for trace of Paul Redfern, missing American aviator, declared today that Redfern was dead.

"I found the place where the plane crashed and definite proof that the gallant airman is dead," Waldeck said.

He gave no further details of his discovery, saying first he must forward a report to Dr. Frederick C. Redfern of Columbia, S. C., father of the flier.

Redfern disappeared in August, 1927, in an attempt to fly non-stop from Brunswick, Georgia, to Brazil. Strange tales have come out of the steaming jungle of British Guiana since then—one saying that Redfern had become the "great white god" of a jungle tribe.

Third Party Move Is Seen In Parley

(By The Associated Press)

MADISON, Wis., April 28—Governor Philip F. LaFollette's program for a political realignment of liberals awaited revelation tonight at a mass meeting which may be the precursor to a national third party.

Aides to the governor, estimating an overflow crowd of possibly 10,000 in response to his radio plea for a depression-routing public action, set up flood lights and erected a loudspeaking system on the grounds outside the meeting site.

LaFollette Declines Comment

The conference was removed yesterday from a smaller building to the University of Wisconsin stock pavilion, which seats 3,500.

While LaFollette has declined to comment on his address, close friends expected he would disclose the third party plan and discuss party ideas.

May Modify Criticism

Some expressed the possibility he may modify his criticism of Roosevelt administration recovery policies, which he described as tending to restrict rather than increase production and as "tinkering and patching."

At Washington mutual friends of President Roosevelt and of the governor and his brother, Senator Robert M. LaFollette, jr., were said to be seeking to prevent a recurrence of further LaFollette attacks.

Lubbock Carpenters First To Respond To Red Cross Bid To Aid Area Storm Sufferers

Several Lubbock carpenters made first response to a Red Cross invitation for contributions to storm sufferers in Lynn and Dawson counties, said Dr. S. C. Arnett, chairman of the Lubbock county chapter, this morning.

Calls offering assistance of free labor in rehabilitating the storm area also were received by Mrs. J. S. Johnson of 2002 Broadway, Red Cross disaster chairman.

Offer Work Without Cost

Carpenters had offered to work without cost provided materials were furnished. Carpenters of Lamesa, O'Donnell and Tahoka had taken similar moves Wednesday afternoon.

At the same time a move to accept "freewill" contributions" for rehabilitation relief had been taken. Dr. Arnett said late Wednesday anyone who wished to assist in raising an estimated $1,000 needed for Lubbock's quota might send money to him or to W. C. Elliott, chapter treasurer, or John Denman, the latter two being at the First National bank.

Fifty Families Affected

Surveys late Wednesday in the Draw and OK communities showed that the noise of hammers and saws was beginning slow work of rebuilding some of the estimated 19 residences destroyed and approximately 40 badly damaged. Robert Bride, Red Cross representative from St. Louis, said almost 30 windmills had been scattered and that approximately 50 families had been affected by the damaging wind, funnel velocity of which was estimated at 250 miles an hour.

Three persons killed, Mrs. Vernon O. Caswell, 22; John Walters, 15, and George Walters, about 40, were to be buried this afternoon at the Draw community.

Conditions Satisfactory

Of the approximately 50 injured, less than a dozen remained in hospitals, five of them in Lubbock. Condition of all apparently was satisfactory.

CCC and Red Cross combined Wednesday afternoon to salvage lost property, which had blown

Mexico To Pay, Leader Opines

(By The Associated Press)

DALLAS, April 28—Dr. J. Silva Herzog, technical advisor to the treasury department of Mexico, said last night that foreign oil companies whose properties were expropriated by Mexico recently will be paid in from three to five years.

CARDENAS SCORES REPORTS

MEXICO CITY, April 28. (AP)—President Lazaro Cardenas wishes to assure his people that reports his administration faces an economic crisis, disorders and armed revolt as a result of oil expropriation are "alarmist versions."

The Mexican president declared yesterday at the celebration of "soldier's day," the Mexican people could view such reports with "serenity."

He said Mexico will sell her oil only to democratic countries and he believed she would be able to sell at market prices.

Value Placed Lower

Explaining he was not speaking as an official but as an individual, Doctor Herzog said the government took foreign assets of approximately $50,000,000 as against reports of $400,000,0 or more. He pointed out that his figure did not include concessions which the government had made to the companies. The status of these concessions, he said, "will take international lawyers

Truck Driver Learns They're Looking For His Body Instead

HOMESTEAD, Fla., April 28 (AP)—Spectators noticed that Edward McGarrah was showing unusual interest in efforts of divers to enter the cab of a truck submerged in a drainage canal near here.

Finally he turned to one and said, with a sigh:

"I sure hope they get my truck out all right."

"Your truck?"

"Sure, I was driving it."

"They're not after your truck. They're hunting for your body," said the spectator.

The divers and an ambulance crew left quickly.

C. Of C. Group To Push Plans For Service

Concerted Campaign To Get Line Through City Is To Be Conducted During May

A four-fold aviation program for Lubbock—the most ambitious ever undertaken on the South Plains—was launched at the chamber of commerce this morning.

Objectives of the program, as outlined at the organization meeting of the chamber's aviation committee were announced as being:

1. To work for the establishment of a proposed air line from Amarillo to San Antonio.

2. To participate in national air-mail pickup week, May 15-21 when an airmail plane operating from Amarillo to San Antonio will be "fed" by four other planes operating on circuits out of Lubbock so as to completely blanket the South Plains and a portion of eastern New Mexico.

To Seek Designation

3. To seek designation of the airport here as an intermediate point for U. S. army planes.

4. To investigate needs of improvements for Municipal airport and to seek those improvements needed.

Heading the program will be C. E. Maedgen, who was named chairman of the committee. Other members who participated in outlining plans were Vernon Herndon, R. J. Allen, Clayton Gammill, Harold Griffith, C. L. Dean, Robert Dean, Lee Hubby, Dr. Ben B. Hutchinson, A. F. Holt, R. F. Hinchey, Clent Breedlove, J. O. Jones, M. R. Smith, jr., W. B. Price, Hub Jones, W. H. Rodgers, John R. Green, Postmaster Amos Howard and Dick Shinkle, who was named secretary.

Mahon Lending Aid

The committee which will seek to place Lubbock on a commercial line from Amarillo to San Antonio follows the numerous activities in various other cities along the proposed route which already has been advocating such a service. Among those various activities have been petitions to congress and direct appeals to several congressmen, several of whom already have declared their support of such line. One among those lending his aid in the effort to procure the service is Congressman George Mahon, repre-

League Will Conduct Vote

(By The Associated Press)

AUSTIN, April 28—The troublesome "12th grade" football problem and a matter of determining extent of district committee's authority were placed before schools in the Texas Interscholastic league today for a referendum vote.

Dean T. H. Shelby, executive committee chairman, said the ballots were mailed with a two-week return limit.

Question Submitted

"The first item," Shelby said, "submits to a vote of participating football schools of the current year the question whether a district committee shall be allowed to tighten eligibility rules for intra-district play, and, if it does, whether the state committee shall have explicit authority granted it to reject the champion certified by the district committee.

"The second item submits the question whether 12-grade (or 12-year) systems and 11-grade (or 11-year) systems shall both be required to count semesters from the eighth grade. The present rule permits school system on a 12-grade basis to count semesters from the ninth grade in both the eight-semester and four-year participation rules."

Dean Shelby pointed out under article XV of the constitution and rules, the state committee is given authority in a case considered an emergency to submit a matter direct to participating schools for a referendum vote.

Revolt On Federal Control Planned

MACOMB, Ill., April 28. (AP)—Leaders of the Corn Belt Liberty league projected plans today for a nation-wide agrarian revolt against federal crop control programs after enlisting the support of several hundred Illinois farmers at a mass meeting here.

The league was organized last week in McDonough county, Ill. Tilden Burg, president, said long time opposition to crop control crystallized in the formation of the league after corn allotments were made recently.

At a rally last night a crowd estimated by Burg at 2,000 heard speakers assail crop control measures and urge resistance to them.

Mother Of Lubbock Women Dies In Sulphur Springs

Telegram advising of the death of Mrs. J. E. Chapman, 78, a frequent visitor to Lubbock who spent the last Christmas holidays here, was received by friends this morning from Sulphur Springs.

Death occurred at the home of a daughter, Mrs. Mervin Davis, following a prolonged illness. Roy and Foy Davis, students at Texas Technological college, and Arvie Davis, in the insurance business here, are grandsons of Mrs. Chapman.

Other survivors include Mrs. Vernon Brown, 2410 Fourteenth street, and Mrs. Homer L. Pharr, 2608 Twenty-second street, daughters, and John E. Chapman of Odessa, and Dr. Will Chapman of Los Moschis, Mexico, sons.

Funeral arrangements had not been completed this morning but services probably will be held Friday or Saturday.

Coping Bars Amos From Flippantly Fleeing In Flatbush; Elopement His Last Escapade

(By The Associated Press)

NEW YORK, April 28.—Amos, the errant sea lion of Prospect Park zoo, can flippantly flee no more.

But he basked happily today under a coping erected to prevent a fifth escape over the barred wall of his tank—for he is famous in Flatbush.

For one thing, he was the subject of an editorial yesterday in a local paper which called him the "Marco Polo of Flatbush;" for another, his picture was featured in a 2-column display ad of a fur-storage company which boasted no seals wandered from its warehouse.

Amos' escapades have paled even the exploits of the Brooklyn Dodgers.

First he was found waiting for a street car on Flatbush avenue, next thumbing a Man-

Uncle Sam Decides He May Be Able To Run Government On Less Money Next Year But All The Household Bills Aren't In Yet

(By The Associated Press)

WASHINGTON, April 28—Uncle Sam, taking a peep into his checkbook, decided today he will be able to run regular government departments more economically next year.

All the household bills aren't in yet, but he calculated, on the basis of what he has spent this year, that he will get along with about 5 1-2 per cent less for customary annual expenses.

The relief problem, however, may send his total living costs far into the red, compared with this year. No relief funds for 1939 have yet been voted, nor have any pump-priming appropriations.

The house has voted to give Uncle Sam $5,389,895,683 for regular expenditures for the year beginning July 1—about $300,000,000 less than the same items cost him in the current 12 months. Relief costs for both years are excluded.

Five portions of this total have been approved by the senate and President Roosevelt. The other bills either have not yet gone through the senate or have not been accepted finally by both chambers. Minor changes may be made in these incomplete bills.

The house trimmed about $14,000,000 off January 1 estimates of government expenses for the 1939 fiscal year.

Mock Initiation, Staging Of Plays And Book Review Feature Evening Meetings

"Hill Billy" Stunts Given By Pledges

Mock initiation, presentations of plays and dramatic scenes and a book review were of interest to three women's groups Wednesday night.

Ten pledges to the Kappa Gamma sorority, dressed as "Hill Billies" attended a mock initiation staged at the home of one of the hostesses, Mrs. Robert Maxey, 2629 Twenty-first street. Other hostesses were Dr. Pauline Miller and Miss Helen Hart.

The sorority will honor the pledges with a breakfast at the Hilton hotel Sunday morning at 8:45 o'clock and will present them at a formal dance May 10.

The pledges formed their own orchestra for the program Wednesday night. Attending were Misses Bonnie Gary, Nancy Oliver, Pauline Hooser, Lennie D. Johnston, Ruby Hill, Lola May Grundy, Ernestine Richmond, Mesdames Ameral Payne, Lucile Smith and J. D. Leftwich. Two others, Misses Mary Lois Thompson and Joyce Johnson, were unable to attend.

A supper of baked beans, salad and apple cider was served to the pledges and the following members: Mesdames Winnie Wheat, Yancey Price, Lottie Hilton, M. J. Aderton, Misses Ann Kelly, Louise Chance, Verna Upton, Ruth Gosdin, Dorothy Levey, Ruth E. Ford, Edith Henderson, Mildred Boone, Evelyn Jones, Gladys McSpadden, Eufaula Wise, Opal Sloan, Margaret Carroll Robertson, Hazel Duncan and Maurine Jons.

Dramatic Unit Meets With Mrs. Hvass

Mrs. Ivy Savage and Miss Ruth Mildred Rylander were hostesses to the A. A. U. W. dramatic unit Wednesday night in the home of Mrs. Florence Hvass, 2502 Twenty-second street.

Mrs. Mary W. Doak, president of the Lubbock A. A. U. W. branch, told of the program of other groups sponsored by the association and an interesting dramatic program was given including scenes from the popular Broadway play, "The Women" given by the group; dramatization of a one-act play, "Peg O'Neal," Mrs. J. L. Teal; discussion of the ten best plays of 1937 and marionette performance, Mrs. Leroy T. Patton.

Pansy corsages were favors with an ice course served to 18 members and three guests.

Mrs. Sherrill Boyd Is Guest Book Reviewer

Mrs. Sherrill Boyd, guest speaker, reviewed "Children of Strangers" (Lyle Saxon) at a dinner meeting of the Lubbock Business and Professional Women's club Wednesday night at the Hilton hotel. Mrs. W. O. Harbison presided, assisted by Mrs. G. P. Cunningham.

Mrs. Harbison and her sister, Mrs. Ralph B. Cantrell of Houston sang "The Old Apple Tree."

It was announced Miss Lavenia Williams is chairman of the club's

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys—How To Get Happy Relief

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling puffiness under the eyes, headaches and dizziness.

Don't wait. Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Losing Your Pep? Feel "Run Down"?

Do you belch and bloat after eating? Is your sleep restless? Do you feel tired; are you losing strength and pep? These are very bad symptoms and, if neglected long, may lead to serious organic disease. They mean that your food is not digesting; your blood is becoming weaker and your body robbed of its nourishment.

Perhaps your trouble is functional and all you may need is a bottle of B-L Tonic. It's a splendid appetizer and aid to digestion, used by millions. Every drug store sells it. You may have friends who can tell you what wonderful things "B-L" has done for them.

B-L Tonic is very economical,—only 10c a day if it helps you; price of first bottle refunded if you are not delighted. Don't you think that "B-L" must be a wonderful tonic to justify such a strong guarantee? Why delay? Try B-L Tonic today!—(Adv.)

Dallas Visitors Put On Program Here

A varied and entertaining program was presented by Dallas Chamber of Commerce visitors before approximately 1,500 persons in Senior High school auditorium Wednesday night and a dance at which the good will visitors were hosts was conducted afterward at Lubbock hotel.

After the arrival of the special train at the Santa Fe station Wednesday afternoon at 4:30 o'clock, bringing the Dallas visitors on their good will tour, they were welcomed during a parade down town.

Program Is Presented

A program was presented at 5 o'clock near the Lubbock hotel at which the speakers were introduced and several musical numbers presented.

Members appearing on the program at the high school auditorium were: Roy Cowan, master of ceremonies, Plainsman Quartet, Freddie Martin, J. P. Scoggins, Peg Moreland, Shorty Smythe, John Malone, Bob Pool, alias "Buck" Whisenant, Dale Butts, Wilbur Ard, Miss Brunette Beard of Lubbock, and Alexander Keese's Early Bird Band.

The transporting of the members to the auditorium and back to the hotel was in charge of the following committee: J. H. Beasley, Ray Farmer, E. C. Kuykendall, and John Jackson.

The delegate train left snortly after midnight for Sweetwater.

Meeting Of Fire Prevention Committee Set For Friday

Appeals to civic and luncheon clubs, business men and school children will be made by a fire prevention committee that will meet at 10 o'clock Friday morning at the chamber of commerce, Supt. W. B. Irvin is chairman of the campaign this year.

A 25 per cent reduction is allowed on fire insurance rates if total losses over a five year period fall under 24 per cent of the premiums paid.

Committee on fire prevention is composed of Guy L. McAfee, Joe H. Bryant, C. W. Ratliff, J. E. Maisen, Marion Sanford, Charles H. Read, Rufus Scarborough, Chief W. E. Twitty, and Fire Marshal Cecil Casey.

OIL VARNISHED FLOORS

Frequent dusting with a slightly oiled cloth or mop will keep varnished floors in good condition. If there are soiled spots, clean quickly with a cloth wrung as dry as possible in mild warm soapsuds. Work quickly, since water is not good for varnished surfaces, unless the varnish is a special water-repellant type. Dry with a clean cloth and then rub with a good floor polish or an oiled cloth.

Versatile Singer

Fredda Gibson is called the Cinderella girl of radio because of her sudden rise to fame in little more than a year. The first nine years of her life were spent in an orphanage in Massachusetts. At the age of 18, Richard Himber heard her singing on a cheap recording and was so impressed with her voice that he called her immediately and asked her to sing with his band. Because of her ability to sing either "smooth" or "hot," she is considered the most versatile popular vocalist on the air. From Ithaca, N. Y., she is now 19 and is the soloist with George Olsen's orchestra.

New Dutch ovens (heavy iron kettles with lids) should be "seasoned" to prevent the iron taste from permeating foods. Wash and scour the oven in hot water and a strong cleansing powder. Fill it with hot soda water, using one teaspoon of soda for each cup of water. Cover and let simmer an hour. Scour again and then grease the inside with lard or oil. Heat for an hour in a slow oven and finally wash well in hot soapy dishwater.

The WINNER!

R-879 cream-white; R-869 pure white

THE WINNER of baking prizes usually will be found to be the homemaker who does her baking with an oil range, and most often it's a Perfection range with the famous "Live-Heat" oven.

And here is the beautiful porcelain enameled Perfection range about which you've heard so much—the range that has won the greatest popularity of all the ranges ever built by Perfection—the largest selling Perfection range of all time.

There must be a reason. There is. In fact, there are several reasons:

1. Fast High-Power burners that can be instantly regulated for any degree of heat you want—burners that leave cooking utensils spotlessly clean.
2. Famous "Live-Heat" oven, scientifically designed for perfect baking with heated air that circulates in great volume.
3. Convenient elbow-high oven, making stooping and heavy lifting unnecessary. (Can be had with oven at either right or left end.) Concealed two-gallon fuel reservoir, requiring filling only half as often as with most ranges.
4. Beautifully finished in porcelain enamel.

Come in and see this deluxe range and the other new Perfections, from one to five burners. Liberal allowance for your old stove, and easy terms.

Banquet Held At Floydada

(Special To The Journal)

FLOYDADA, April 28—Farmers and business men were urged to cooperate in the upbuilding of the community by G. L. Kirk, new president of Floydada Chamber of Commerce, at the annual banquet of the organization in Andrews Ward school gymnasium here Wednesday night.

Homer Steen, newspaper publisher, was toastmaster of the occasion. The meal was served by the home economics class of the high school, as a class project, with Miss Fannie Mae Rees, teacher, supervising. Music was by the high school band, Carroll Grummish, head of the music department, directing.

Several Are Guests

Representatives of ten rural communities were guests, Antelope, Pleasant Hill, Campbell, Sand Hill, Sterley, South Plains, Lakeview, Daugherty, Fairview and Barwise. In addition delegations from Lubbock, Plainview, Crosbyton, Lockney and Spur were present.

Misses Dorothy Dell Stovall, Sappho Ward and Gloria Hammonds sang three numbers. Miss Ward played a piano solo.

Miss Ruth Grimes, the new home demonstration agent, was a special guest. She announced a county-wide meeting of club women of the county on May 7.

Report Is Given

O. M. Watson, outgoing president, reported briefly some of the accomplishments of the past year, including construction of a Southwestern Bell Telephone company building and a common battery plant, costing $25,000; 20 to 30 miles of rural toll lines; establishment of unit No. 1 of the state health department with a $24,000 payroll; an irrigation well east of town, a rural electrification program.

President Kirk introduced the directors, most of whom were present. They were: E. L. Norman, Walton Hale, Lon M. Davis, W. Edd Brown, T. P. Collins, C. B. McDonald, R. E. Fry, J. C. Webster, Steen, J. B. Claiborn, G. C. Collins, Henry Bloodworth, A. M. Bailey, Walter Wood, J. G. Deaking, R. C. Wakefield, W. U. White, Marvin English, W. H. Martin, W. M. King and Vice President Conner Oden.

R. E. Dickson, superintendent of the Spur state experiment sub-station, was introduced and he asked Oscar Schmidt, of Van Zandt county, to speak. He gave his impression of the South Plains, as "just one big business to me."

Schmidt, in fact, was C. Hohn, Washington county agent, whom H. H. (Bill) Williamson, state director of the extension service of Texas asked to represent him here. Williamson, because of illness in his family, was unexpectedly recalled to College Station from Wichita Falls.

Hohn said this was his "first trip on top of the caprock" and he was impressed with the immensity of the area. "I did not know you had so much land up here," he said. "This meeting shows the wonderful spirit of this country."

Business men were urged to get behind the farmers in seeking a parity price for their products and in equalizing the buying power of the farmers with that of business men. Farmers, he said, had to sell their products on a low market and buy their supplies on a high market.

Sloan Advises Car Dealers

(By The Associated Press)

DETROIT, April 28.—Alfred P. Sloan, jr., chairman of General Motors Corp., told the nation's organized automobile dealers last night the motorcar industry "stands at the cross roads" on the question of solving its difficulties "from within through a spirit of co-operation," or from without, "by government edict."

Addressing the National Automobile Dealers association, Sloan advocated a forum for discussion of policies as they affect dealer-manufacturer relationship and involve interests of the consumer.

"Government," Sloan said, "is essential to protect and develop our civilization. But let us have government by law—thou shall or shall not—not government by edict. That means a stifling regulation—the direct road to regimentation. Political control of industry may be likened to a cancer within the human body. It starts, it grows, it consumes, and ultimately destroys."

Sloan discussed merchandising problems, "intelligent balance between dealer selling power in any community and a properly determined sales expectancy," and the used car bugaboo. He urged a "scientific analysis of each community," to develop a plan that would place the "right number of dealers, each of the right size, each in approximately the right location. And no more."

Sloan said he questioned the economic soundness of an "arbitrarily established take-in value for used cars, even if permissible legally," and added that he saw no justification for ear-marking a part of the dealers' gross income specifically for the junking of old vehicles.

"Many cars ought to be junked," he said, "and the dealers must junk them. Many dealers do not do their share."

Brief Bits Of News

Plan Church Broadcasts—The Church of God, Fifth street and Avenue G, will sponsor a series of weekly radio programs over KFYO starting Sunday at 7:30 a. m., according to announcement this morning by Rev. R. M. Nolen, pastor. The program will consist, he added, of music and a brief sermon. He announced also that the church, following a revival, will return to regular schedule Sunday with Sunday school at 10 a. m. and services at 11 a. m. and 8 p. m.

Subjects Are Announced—Subjects of sermons by Dr. F. B Thorn, pastor of the Second Baptist church of Houston, for revival services today and Friday at the First Baptist church were announced this morning He will speak on "Three Greates Sinners" tonight; "Finishing Touches." Friday morning; "How Can God Do It?", Friday night. This morning he spoke on "How God Deals With the Sins of Saved Men." Morning services are conducted at 10 o'clock and night services at 8 o'clock.

Attend Steak Fry—Seventy-eight members of Block and Bridle club of Texas Technological college and guests attended an annual steak fry Wednesday night at Buffalo Springs. The group played baseball and other games. C. C. Nunnally is president of the club, membership of which is made up of animal husbandry department students. Special guests were Ray L. Chappelle, Mr. and Mrs. W. L. Stangel, Mr. and Mrs. Ray C. Mowery, Dr. F. G. Harbaugh, Casey Pine, Miss Dollie Clements, Mr. and Mrs. Clayson Fuller, Mr. and Mrs. W. T. McKinney, Clifton Cole of Brownfield, Joe Randolph, Vernon McWilliams and Ed Smith.

Kiwanis Hear Mullican—Col. Clark M. Mullican spoke today before the Kiwanis club on the amicable relations between the United States and Canada in two-nation observance of the signing of a treaty 121 years ago. T. E. Buckner was chairman.

City Manager Visits—A. P. Hancock, city manager of Kerrville, and Mrs. Hancock are visiting in Lubbock. He is a former classmate in Texas A. and M. of Marlin R. Smith, city engineer, and G. W. Parkhill, assistant professor of civil engineering in Texas Technological college.

Gypsies Sought—An automobile driven by Gypsies and bearing an Indiana license was being sought today by South Plains authorities at request of Sheriff B. L. Parker of Tahoka. He said there were three women, one infant and one man in the machine. The adults, he informed Lubbock police, were wanted in several towns.

Investigation Continued — Clues were being sifted this morning in an attempt to determine who stole five cows in Lubbock and near Brownfield Tuesday night. Sheriff Tom Abel of Lubbock and Sheriff Ches Gore of Brownfield were working on the case. Indications were the same truck had figured in theft of all cattle. Victims of the theft included County Judge J. J. Dillard of Lubbock.

Suspect Held—A 30-year-old suspect in two cases of burglary at Floydada will be released to Floyd county authorities, said the sheriff's department in Lubbock. Cap Moore, deputy sheriff, and John LeMond, deputy constable, arrested the man near the Santa Fe stock pens Wednesday, assertedly after an attempt had been made to dispose of stolen property.

Son Born Today — A son weighing 7 3-4 pounds was born to Mr. and Mrs. K. C. Light of 615 Avenue N at 1:50 o'clock this morning at the residence, Lubbock clinic reported.

Picnic Scheduled—The YM-YWCA of Texas Technological college will sponsor a picnic at 7:30 o'clock tonight in the agricultural grove. Any students may buy tickets.

INVESTIGATING REPORT

SANTA FE, N. M., April 28. (AP) — New Mexico state police said last night they were investigating a report that Peter Levine, 12-year-old New Rochelle, N. M. boy kidnaped February 24, had been seen by a cafe owner in company of two neatly-dressed men here Tuesday night.

More Spanish guitars are sold in Hawaii than Hawaiian guitars, Honolulu music dealers report.

Forbes Cites Improvement

HOT SPRINGS, Ark., April 28. (AP) —Picturing America's future with bright aspect, B. C. Forbes, New York columnist, told the Western Petroleum Refiners association here "public opinion is returning to sanity and common sense and before long the demand for constructive legislation and policies will become stronger than the more experimental reforms costing billions upon billions of dollars."

"I am satisfied in my own mind," Forbes told the closing session of the refiners' 26th annual convention, Wednesday, "that America's future has become distinctly brighter."

Check In Trend Seen

Describing the recession as the swiftest slump of business in history, he said the last six weeks have seen a definite check in the downward trend.

The speaker predicted the coming November elections "will be most encouraging to you business men."

Hitting at the Madison, Wis., price fixing trials of oil companies in 1937, he said it was "a most inconceivable outrage and never again will you see such monstrous action from Washington. The people will not stand for such unfairness to business."

Clyde M. Boggs, Arkansas City, Kas., today became the first president of the association to assume a fourth term.

Others elected included: Roy B. Jones, Wichita Falls, Tex., vice president.

Directors: C. W. Cahoon, jr., Wichita Falls; E. H. Gray, Shreveport; M. J. Grogan, Shreveport; J. W. Welch, Shreveport; ex-officio director, W. D. Richardson, Fort Worth, Tex.

The directors took under advisement, with what they described as a favorable eye, a manufacturing committee resolution calling upon the association to adopt a code for inspection of cracking plants and other equipment to "prevent serious injuries to employes and destruction to thousands of dollars worth of valuable property."

The proposal, said W. F. Sims, Wichita Falls, member of the committee, is designed to "keep this regulation within the association and head off state legislation and possibly result in reduction of insurance rates which are exhorbitant."

State Meet To Attract Many

(By The Associated Press)

AUSTIN, April 28—With reports received from all but two divisions, indications were today more than 400 Texas public schools will compete in scholastic and athletic events of the Interscholastic league here May 5, 6 and 7.

Roy Bedichek, director of the bureau of public school extra curricular activities, said track and field events had drawn about 350 competitors who qualified in regional meets.

Scholastic events include debate, declamation, extemporaneous speaking, ready writing, drama, typing, shorthand, and journalism.

Bedichek said free housing facilities would be provided competitors.

Store Opening To Be Friday

Largest store of its kind in West Texas, and third largest in the state, the enlarged, air-conditioned store of F. W. Woolworth Co., 1011-13-15 Broadway, will be opened to the public Friday morning, said George A. Meiser, manager.

Addition of the building at 1017 Broadway gives the store a space 72x120 feet, enabling a considerable expansion in the amount of space for display purposes. Counters have been rebuilt and enlarged, the aisles widened and a greteer variety of stocks carried.

Lunch Counter Featured

On the east side of the room is the lunch counter 83 feet long, with 41 stools. Equipment is of the latest design, stainless steel being used. There are two soda fountains, latest type of glass washers, two service elevators leading to the kitchen in the second floor above.

An office for the manager and bookkeeping department has been built in the rear of the store. Storage space on the second floor was increased to permit carrying of a larger stock.

Store Air-Conditioned

A new lighting system was installed. The air-conditioning equipment permits change of the air in the store every four minutes.

For the opening, Friday and Saturday, an extra force of clerks, three times the former staff size, has been added.

E. M. Alspaugh, Denver, Colo., district superintendent, is here for the opening. C. A. Hanson, also of Denver, in charge of lunch department and merchandising manager of the district, has been here supervising installation of equipment.

Store Officials Here

Also to assist in reassembling stock and to handle the opening a number of store officials of this section are here. They include: F. C. Wright, manager and T. Harmon, assistant, Amarillo; R. Van Overschelder, manager, Clovis, N. M.; A. Ellington, manager, El Paso; R. McBeel, assistant manager, Plainview; Wendell Jones, assistant manager, Abilene; M. Taylor, assistant manager, Coleman.

J. A. Patterson, Denver, assistant superintendent in charge of construction for the district, has been here supervising the remodeling

Alspaugh, in discussing the new store, said it was the latest in merchandising in his section. He praised the work of Meiser, who came here March 1, 1939 to take over the store, and the record the store has made.

FACES INDICTMENT

Annual Boy Scout Nail Pickup Is Planned Today; Prizes Are To Be Awarded Youths

Details of arrangements for the annual nail pickup which will feature Boy Scout participation in the annual cleanup-paintup drive May 4-18 were completed at a meeting of the pickup committee in scout headquarters in the Myrick building this morning, according to Hugh A. Anderson, chairman. The pickup will be May 14.

Members of the committee are J. W. Broome, W. P. Crawford, Allen Benton, Penner Tubbs, J. D. Jenkins and G. V. Fulton.

Prizes Are Announced

Merchandise prizes will be awarded, Anderson announced, to the individual scout gathering the most junk and cash prizes to be applied on summer camp expenses to each member of the troop making the best record. The camp expense allowance will be $1, 50 cents and 25 cents as first, second and third prizes for the troop members, the chairman added.

Crawford, Tubbs, Broom and Benton were named chairmen of the four districts into which the city was divided, and Jenkins and Felton were named to supervising the weighing of junk.

Tours Leave Today

Announcement also was made at scout headquarters that three "covered wagon" good will tours designed to publicize the scout circus in Texas Technological college stadium the night of May 6 left on schedule today. The groups will present programs in the school auditoriums of more than 30 towns and communities in the 20 counties comprising South Plains council area before they return late Friday.

Musicians Off For Contests

More than 150 musicians and directors comprising Senior and Junior High school bands and Senior High orchestra and 50 to 75 parents were en route to San Angelo this morning for the opening there today of the annual tournament of West Texas High School Band and Orchestra association.

No information had been received here as to the definite schedule, although individual instrumental events and the orchestra contests were scheduled today and tonight. The Junior band event, however, likely will be Friday, and the senior band contests the climaxing feature of the tournament Saturday.

Three Leaders In Charge

In charge of the delegations from here were H. A. Anderson, director of senior band, Joe Haddon of junior band and Miss Beulah Dunn of the orchestra. Most of them travelled by bus.

Also attending the tournament are D. O. Wiley, director of Texas Technological college band and immediate past president of the association, and Mrs. Wiley, who is president of the Band Parents club.

Senior High band has won a class A rating in the last several West Texas tournaments, which is the highest possible position under the system of scoring. Junior band will participate as a uniformed body in its first tournament.

Those placing in class A this year will quality for the tournament sponsored by the national association in Abilene two weeks hence.

Construction Nears $750,000-Mark

Lubbock building for 1938 forged to within less than $250 of the three-quarter million dollar mark this morning with the issuance of permits for structures to cost an aggregate of $6,650, according to records at the city building inspector's office.

Construction to cost a total of $14,150 was authorized during the 24 hours to noon today. Totals for the week were increased to $57,715, for the month to $205,784 and for the year to $749,750.72. Figures compare with $122,094 for the whole of April, 1937, and $347,819 to June 1, last year.

New permits today included: Robert H. Crawford, two-story combination tile and frame residence at 1723 Twenty-ninth street, $4,400, and Mrs. Ethel Huebner, two-story garage apartment at 2401 Seventh street, $1,800. Those issued Wednesday afternoon included: Loyd S. Johnson, owner, and G. A. Browne, contractor, one story rock-veneer residence at 2023 Tenth street, $4,500, and LeRoy Johnson, owner, and C. B. Harris, contractor, frame residence at 2416 Fifteenth street, $3,000.

Trinity Work To Be Studied

(By The Associated Press)

WASHINGTON, April 28.—Army engineers advised Senator Sheppard (D-Tex) today they expected to spend an additional $160,000 for studies of the proposed Trinity river development in Texas.

Brigadier General M. C. Tyler, acting chief of engineers, wrote Sheppard the detailed survey would not be complete before July, 1939.

He recalled the pending war department appropriation bill contained $3,000,000 for flood control surveys.

He said if the bill were approved, funds would be made available for prosecuting the Trinity river flood control survey as rapidly as was consistent with sound engineering and economical administration of the investigation.

He said a tentative plan for flood control work on the river had been developed, but the department still was working on the studies, including investigation of desirable reservoir sites and local protective measures.

Cost Of Road Mishaps Cited

(By The Associated Press)

DALLAS, April 28. — Automobile accidents in Texas are causing losses of more than $30,000,000 annually, R. G. Waters of Austin, state casualty insurance commissioner, estimates.

Last year's toll of property destruction was more than twice enough to have paid the state's deficit.

"If the mangled human bodies and twisted cars from any single month's toll could be assembled they would present a picture as horrifying as any war-torn city in China or Spain," he said.

Speaking before the junior chamber of commerce here Wednesday, Waters said an aroused public opinion was the only cure for the destructiveness of motor traffic in Texas. He suggested an effective driver's license law, proper enforcement of traffic laws and proper inspection of motor vehicles.

PETRIFIED APPLE

LOS ANGELES, Calif. (AP)— Horticulturalists have sawed in two a heavy object owned by Charles A. Schrader and decided it is a petrified apple. They even have identified the seeds.

The 14-ounce object was found in a shipment of Pennsylvania anthracite, looks like an apple and is pale green in color. It is believed it was carried into a coal mine by a workman and that some peculiar quality in the underground air petrified it.

Tech Group At Waco Session

A meeting of Texas deans and advisors of men is being attended in Waco today by Dr. James M. Gordon, dean of arts and sciences at Texas Technological college, and James G. Allen, acting dean of men.

Three Tech representatives are to attend the Association of Texas Colleges meeting to be conducted in Waco Friday and Saturday.

W. P. Clement, registrar, J. F. McDonald, director of extension, and Dean Gordon will attend the association meeting. Dean Allen will return after the deans and advisors of men meeting. Clement will speak on "The Functions of the Registrar in Adapting to Individual Differences" at 2 o'clock Friday afternoon at a business meeting in the banquet room at the Roosevelt hotel.

Dean Gordon will participate in panel discussions.

Six Indictments Returned By Grand Jurors At Crosbyton

CROSBYTON, April 28, (Special) —A half dozen indictments charging burglary and driving while drunk were returned Wednesday by a 72nd district grand jury that reported to Judge Daniel A. Blair. It had been impaneled Monday.

Assisting in the investigations were Burton S. Burks, district attorney, and Victor H. Lindsey, assistant district attorney.

Indictments Announced

The indictments according to the district attorney's office, were against:

Pinkey Hodge, negro, charged with burglary in connection with entry into the residence of Russell McCurdy's residence at Crosbyton.

Lenory Pierce, charged with burglary of the M System Grocery store here.

J. P. Edwards, negro, charged with burglary of the Golden Rule Dry Goods store at Ralls. Edwards recently was sentenced to two years in the state penitentiary on a charge of forgery.

A charge of burglary against a negro who has not been arrested.

W. D. Gant, of Ralls, charged with driving when intoxicated.

A. G. Sargent of Plainview charged with driving when intoxicated.

Criminal week will be opened Monday, it was announced officially. Grand jurors were dismissed for the term, subject to call by court authorities.

MANY CARS REGISTERED

CROSBYTON, (Special) — Total car registrations for the year are nearly 2,200, Clay Henry, collector assessor, said. There were 1,757 passenger cars, 220 commercial vehicles, 226 farm trucks and four motorcycles.

Clovis Downs Hubbers, 8-7

CLOVIS, N. M., April 28—Lubbock's Hubbers and the Pioneers of Clovis were to square off today at 3:30 o'clock in the second game of their opening West Texas-New Mexico baseball league series here, with Hack Miller's Hubbers trying to make it an even count before the same teams go to Lubbock Friday for "opening day" there.

The Hubbers will be fighting back this afternoon, with Italo Angaran, speed ball artist, on the mound, after dropping the opener to Dick Ratliff's crew Wednesday, 7 to 8.

Breaks Against Hubbers

Big Casamir Kaliski and wee Marvin Gramly combined to pitch a four-hit game against the Pioneers yesterday, but the breaks of the game went against the visitors; uncontrolled pitching and a trio of costly errors afield decided the game in favor of the Clovis brigade.

The opening game started with a bang, Joe Gedzius, shortstop and lead-off man for Lubbock, opening with a "Texas Leaguer" double over short. But there he stayed, because Al Carr and Johnny Taylor went down swinging at Dick Dickerson's low curve, and Outfielder Pope Mize, who was to divide hitting honors of the day with Pitcher Gramly, grounded out to Puss Ballard, the veteran Littlefield second baseman who joined the club yesterday.

Things weren't so nice for the Hubbers defensively. Kaliski, who has looked great in exhibition and practice games, walked Ballard and Gore. Wyss advanced them with a bunt, and McDonald hoisted a fly to Boyd Watkins in deep left. Ballard scoring. Hodges hit a fly to right center and Al Carr, who has looked sensational all spring, tried to field it, with disastrous results. It fell through his glove and Gore came tearing home. Ratliff flied to Watkins.

Dickerson struck out Miller and Mosel and Watkins lined to McDonald in Lubbock's second, while Clovis added another run after Qualls and Adkins, first two up, had walked. Kaliski retired them in favor of Gramly. Dickerson flied to Mosel, but Ballard waited out a walk, filling the bases. Gore grounded to Taylor but Qualls scored on the play. Wyss struck out.

Lubbock counted in the third when Gramly was safe on an error, advanced on Gedzius' walk and tore home on a bad throw by Ratliff to McDonald.

But Clovis came back to score three times, without hitting safely once. McDonald walked, Hodges was safe when Stevens bobbled at second. Ratliff, trying to bunt, laid down one that Mosel gathered in nicely and flung to Taylor in an effort to cut off McDonald. Taylor didn't have his apron down and the ball skittered to deep left while McDonald and Hodges scored. Ratliff going to third. Qualls flied to Mize in right and Ratliff scored easily.

Gramly Takes Charge

After that, Gramly had the Pioneers eating out of his hand for a couple of innings, retiring them in order, and the little fellow from Dallas sandlots clouted the apple for a triple in the fifth to start a rally that tied the score.

Trailing by five runs, the Hubbers got busy. Stevens walked, and Gramly tripled. Gedzius walked, Carr walked and Taylor struck out. But Big Mize came to the rescue, put his heart into the game and his willow into the ball for a lusty double to right, clearing the bases. Miller fanned, but Bob Mosel wanted that tying run, so he lifted a Texas Leaguer over short for a single, scoring Mize and it was a deadlocked ball game.

Lubbock went ahead, 7 to 6, in the sixth on a single by Gramly and another by Carr, Gedzius scoring before Carr could be retired at second. But Dickerson stood off the Hubber batsmen for the next three innings, while his Pioneer mates got to Gramly for three consecutive singles in the last of the sixth, after a walk and a sacrifice, to tie the score and go one up.

Home teams came through famously in opening day games of the West Texas-New Mexico league yesterday, Clovis, Big Spring and Hobbs winning from Lubbock, Midland and Wink respectively in two daylight and one nocturnal skirmishes.

At Clovis, the Lubbock pitchers got off to a wild start, although giving up but a total of four hits, and the Pioneers emerged winner, 8 to 7.

Hobbs Beats Wink, 13-2

The Hobbs Boosters were more severe with the league champions from Wink, pounding out a 13 to 2 victory against two pitchers. At Big Spring, the Barons of Charley Barnabe downed the Midland Cardinals, 9 to 2.

The same teams oppose each other at the same parks today, with Hobbs and Wink playing another night game in the Hobbs park. Tomorrow, it'll be opening day all over again as Clovis comes to Lubbock, Hobbs goes to Wink and Big Spring to Midland.

Hits Are Bunched

Clarence Trantham of Big Spring gave up 9 hits, while his mates collected but six off Franscaner, Franklin and Parks, but Big Spring bunched its hits in the third and seventh innings, employing Midland mistakes, for runs. Midland got its two runs in the seventh.

At Hobbs, the Boosters took a lead in the second, Wink scored in the third but a five-run spree in the fourth, two more runs in the fifth, one in the seventh and another in the eighth gave Hobbs its margin.

Clovis took advantage of Casamir Kaliski's wildness and three Lubbock errors, along with a bit of wildness by Marvin Gramly, to score its close win over Lubbock after the Hubbers had tied the score in the fifth and gone ahead in the sixth. Dick Dickerson pitched seven-hit ball for Clovis, and the Hubbers used nearly every one of them for runs.

Bill Ordering His Players To Hit Now

By GAYLE TALBOT
Associated Press Sports Writer

The biggest change of the baseball season has come over Manager Bill Terry, whose New York Giants, by the way, were in a dead heat with Pittsburgh today for the leadership of the National league, with eight wins and a single loss.

Bill is doing his coaching now from third base and he's spending practically all his time signalling his men to hit the ball. In past seasons Bill's idea of offensive strategy was to draw a walk, then sacrifice and then score, if possible, on a two-base error.

Swing From Shoe-Tops

It must not have been bad strategy, as witness the Giants' record of three pennants in five years under the old colonel. But now Bill has his boys swinging from their shoetips. They have hit 13 home runs and are overwhelming the eastern half of their opposition.

Terry considers his present Giant team the best he has managed, even with his regular second baseman, Burgess Whitehead, back in the hospital for perhaps a month as an aftermath of an appendectomy. It appears to have some of the power that he has craved since the Yankees caved in his lads last October.

No Bunts Signalled

In swamping the Phillies twice yesterday, 7 to 3 and 11 to 6, the Polo Grounders pummelled a total of 27 hits, and Terry didn't signal for a bunt all afternoon. In the seventh inning of the second game they put over six runs on five solid smacks, including home runs by Hank Leiber and Joe Moore.

Pittsburgh prevented the Giants from taking full possession of the lead by defeating the Chicago Cubs, 6 to 5. Arky Vaughan, slugging Pirate shortstop, supplied the winning margin when he hit the jackpot in the seventh inning — a home run with the bases loaded. Larry French was his victim.

Warneke Wins For Cards

The Brooklyns snapped a four-game losing streak by belting four Boston Bee twirlers for 17 hits and a 13 to 2 victory. Lon Warneke brought the St. Louis Cardinals out of their prolonged slump with a 5 to 0 shutout of Cincinnati. Cleveland's Indians remained on top in the American league, although they suffered their first defeat since opening day at the hands of the Chicago White Sox, 6 to 3.

The Yankees finally won two in a row at the expense of Philadelphia 9 to 2, and their 26 hits would indicate that the champions are at last finding the range.

Jimmy DeShong pitched the surprising Washington Senators into second place with a 5 to 2 performance over Boston. The St. Louis Browns gave Detroit a 7 to 2 beating.

TIRE PUMP SAVES COW

Exes-Westerners To Battle Tonight

Football spring training for Lubbock High school prospects in regard to the 1938 District 1 campaign come to a grand climax tonight when the Chapman charges clash with a team of ex-Westerners at Tech Stadium.

Game time is 7:45 o'clock, and the lads promise an interesting game of football. Westerner fans will see, for a change, something in the way of reserve strength popping up for the 1938 season—something Coach Chapman hasn't had for quite some time.

The regulars and the reserves, as determined by spring training show-ups but subject to change as the fall swings around, may be seen in action tonight.

An Added Attraction

As for the ex-Westerners, they promise to put up a great battle, and the game, which will be regulation in style and length, should be interesting.

As an added attraction between halves tonight, there'll be a mile relay race between Lubbock and Muleshoe high school teams. Lubbock, winner in district and regional meets, was closely followed by Muleshoe's quartet. The latter has challenged the Westerners for a "re-count," and the race, one of the most interesting in track meets, will go on tonight. The Lubbock relay team consists of Kennedy Lyons, Jarvis Wright, Robert Moxley and Melvin Cooksey.

The Westerner lineup for tonight at the start of the game probably will consist of Ends, Howard Alford and Clifton Hill; tackles, Wayne Pipes and Pat Farris; guards, Joe Pytell and Lloyd Sanders; center, Paul Sparkman; quarterback, Leete Jackson; halfbacks, Wayne Johnston and Jack Lovin; fullback, Jumbo Webster.

For the ex-Westerners: Ends, Jack Coursey and Bob Ritchie; tackles, Babe Ritchie and Herb Leaverton; guards, Wilburn Piercy and D. H. Stockton; center, L. D. Venable; quarterback, Joe Jones; halfbacks, Coulson Paxton and Furman Williamson; fullback, Earl Ince.

Thus the past and the future will parade again before Lubbock fandom tonight with promises for 1938 and remembrances of seasons past.

Exporters Recoil From Two Defeats

(By The Associated Press)

The league-leading Beaumont Exporters recoiled today from two straight defeats administered by the San Antonio Missions, who last night capitalized on a home run in the eighth inning to defeat the visiting Exporters 9-7.

San Antonio, in fourth place in the Texas league standings, staged a five-run rally after Beaumont held a three-run lead in the first half of the eighth.

The lowly Shreveport Sports also made it two straight wins by defeating the Houston Buffaloes 3-2. The visiting Buffs were baffled by Southpaw Frank Sansosti's offerings.

Five Tulsa pitchers let the Fort Worth Cats get away with 20 hits and a 13-6 victory.

Jack Brillheart, Oklahoma City pitcher, chalked up his fourth straight victory when the Indians defeated the Dallas Steers, 5-3. Al Baker, Dallas moundsman, settled down after the third inning, allowing the Indians only one hit the rest of the way.

Jockeys Name Stagehand To Win Derby

NEW YORK, April 28—By the narrow majority of two votes, a jury of 12 of the country's foremost jockeys today named Maxwell Howard's Stagehand as the probable winner of the Kentucky Derby at Churchill Downs, May 7.

The Earle Sande-trained son of Sickle, conqueror of Seabiscuit in the Santa Anita handicap, received votes of confidence from five of the experts. Three cast their ballots for William Woodward's Fighting Fox, two for Dauber from William duPont, jr.'s Foxcatcher farm and one each for W. S. Kilmer's Nedayr and Hal Price Healey's Menow.

Stagehand received the support of Nick Wall, Johnny Gilbert, Lester Balaski, Johnny Longden and Earl Porter. All agreed it will take a mighty good horse to hold off the Howard ace when he makes his bid in the stretch.

Youngsters In Golf Feature

By FELIX R. McKNIGHT
Associated Press Sports Writer

HOUSTON, April 28.—Two teen age youngsters with all the shots—Betty Jameson and Jo Henson—tossed their golfing skill at each other today in the featured quarter finals match of the Texas Women's Golf association tournament.

Quiet, modest Miss Jameson, two times Texas champion, current Trans-Mississippi titlist and candidate for the U. S. Curtis cup team rated an edge over her nervous little foe who has never held a title more important than her club championship of Paris, Texas.

Her Putter Unruly

But golf veterans who yesterday saw Miss Henson struggle with an unruly putter and still card a 72 over the treacherous Houston Country club course, gave her the chance against the 18-year-old San Antonian her golf game rates. Five times Miss Henson, a power swinger, three putted greens but still she bounced back and eliminated a fine tourney player in Mrs. J. Lee Wilson of San Antonio.

She was around the last nine in 39, counting her green trouble in a 3 and 2 victory. Calmly Miss Jameson worked along only one over women's par to oust Miss Hilda Urbantke of Austin, 4 and 3.

Faces Houston Veteran

Attractive Mrs. Frank Goldthwaite Fort Worth's matron who has held the Texas, Southern and other titles—as well as a Curtis cup team berth—had a deliberate Houston veteran in her path in Mrs. W. C. Johnson.

Mrs. Goldthwaite suffered only one lapse in her match against Mrs Otto Armstrong of El Paso, letting a three-hole lead she built up through the first seven holes get away from her, but she rallied quickly and finished the match at the seventeenth, 3 and 1. Mrs. Johnson eliminated Mrs. Maye Smith of Houston, 3 and 2.

The powerful tee shots of Mrs. E. R. Hury of San Antonio, winner over Miss Virginia Williams of Houston, 2 and 1, after a stormy finish, were pitted against the deadly putting of Mrs. Harry Scott, Houston veteran who rapped in a side-hill putt for a birdie two on the second extra hole to eliminate Mrs. C. O. Stevens of Dallas.

Out of the match between Mrs. R. E. Winger of Fort Worth and Mrs. George Rohrer of Galveston may come a stiff challenger to the favorites. Mrs. Winger was around in 78 to beat Mrs. John Parnell of Dallas while Mrs. Rohrer eliminated Mrs. Clarence Dodge of Houston, 4 and 3.

The Seasons Do Overlap

By Collier Parris

FOOTBALL TONIGHT at Tech Stadium.

If you should suddenly come up out of a cistern and ask us, we would say that this is a heckuvatime for football, being April about-the-last, 1938. We would say, every sport for its season—and now it's baseball season.

But we are acquainted with the facts that not many West Texans took time to dig cisterns, and that, even if they had, not many would be coming up out of them at this time of year, cistern cleaning being done in the very early spring. We also are familiar with the fact that football has a toe-hold here similar to the toe-holds Yaqui Joe puts on, and that football is ever and always an interesting subject.

● ● ●

Football and baseball are going to run together here this week. An overlapping of seasons, as it were.

As constant readers of these columns would verify, we frequently try to make the sport fit the season, and vice versa. We were brought up to recognize football as an autumnal sport, basketball as a winter sport, track and field as the late winter and spring sport, baseball and golf as the summer sports, with a lot of tennis, polo, trap shooting, marbles and ping-pong mixed in between and during seasons.

So we can never feel at home with football in the springtime, no matter how much possible "copy" there is in prospect. To make it a true confession paragraph, we never have believed, never will believe, in spring or summer football or winter baseball, or autumnal track meets, or the law of averages or the odds on a hoss race. We could add other disbeliefs, such as spinach, a hole-in-one, black cats and four-leaf clovers.

● ● ●

We record these disbeliefs with full knowledge that we are out of step with a lot of folks, in step with a few, and at angles with others.

Lots of persons we know are interested, for example, in tonight's football game at Tech Stadium, where the Westerner hopefuls of 1938 show their stuff against the past-Westerners, whom we all know. The 1938 Westerners may be the team of destiny; they may lose every game they play, but lots of folks are interested in what they may do. These people are cordially invited to the Tech gridiron tonight to watch them. There is no charge.

On Saturday night, the Texas Tech college footballers, who have been working out almost daily for the past six weeks, offer a 1938 preview of themselves. There is a charge for this preview, except for the host of guests invited here to look over Tech. There is more of the competitive spirit in this scrimmage, because the Techs will be indulging in intercollegiate rivalry with Sul Ross. There'll be a full parade of Red Raider hopefuls.

● ● ●

Lest we appear cynical, let us hasten to say that the shows to be offered at the Tech grid tonight and Saturday night should be worth your time and money.

If you're a football fan, you're sure to see something about which you can start conversation for days succeeding. The Westerners of tonight may be the Westerners of next Fall, and the Red Raiders may show something in the way of premises for next Fall. Personally, we are perfectly willing to wait until next Fall, when the football season rolls around, to consider the winning and losing chances of Westerners and Raiders.

The baseball season will be over by then, and football will be the apple of our eyes.

But for the nonce, about a four-months nonce, we are going to be busily occupied with spring and summer sports—baseball and golf.

● ● ●

At the moment, we are concerned mostly with baseball. We know a lot of local and West Texas persons who are especially interested in baseball at this time of season, and particularly so because of the arrival of professional baseball to these parts.

Tomorrow is opening day in Lubbock.

The Hubbers, representing Lubbock in the city's first professional baseball since 1929, take the local diamond against Clovis' Pioneers tomorrow afternoon at 3:30, in the home opener of the 1938 campaign. Given a blessing by the weatherman, the game is due to attract a large crowd indeed.

There is no reason why baseball, at popular prices, should not attract as large a following here in the summer as football does in the fall—except that football, for some mysterious reason, takes more of the publicity spotlight.

The mayor of Lubbock has proclaimed Friday, April 29, official baseball day in Lubbock. That is tomorrow. The mayor will be out there to toss the first ball. There'll be a parade down town preceding the game, if the parade committee and the weather man cooperate—and there'll be a good ball game.

● ● ●

The Hubbers and the Pioneers conclude a two-game series in Clovis today, and move here for three games, first of which is slated tomorrow.

It was a big day in Clovis yesterday, and it was nice that Clovis won its own opening day game, despite the chills that crept up the backs of Lubbock supporters in the stands.

The first attack of ague should be worn off the Hubbers, who can really buckle down and play baseball when they're of a mind, after yesterday's jittery start. Clovis has a good ball club, a hitting club, but it is no better than Lubbock's Hubbers.

Tony Demonstrates Age Is No Handicap In Baseball Game

(By The Associated Press)

CHICAGO, April 28—"Poosh-'Em Up" Tony Lazzeri, handy man for the Chicago Cubs, is giving a remarkable demonstration that 35 years are no handicap for a man with a bulldog spirit.

Lazzeri, at that age, has what it takes to continue in baseball.

When Philip K. Wrigley, youthful owner of the Cubs, engineered the deal five months ago for the Italian veteran's release by the New York Yankees, he was engaged as a coach, strategist and utility second baseman.

Played In Seven Games

To date the Cubs have played nine games and Lazzeri has been in seven, assaulting National league pitching for eight hits, including two home-runs on successive days, in 21 times at bat and driving in seven runs. The home runs, bleted out in Pittsburgh, put the Cubs out in front. They didn't stay there, but Tony's blows nevertheless were important in the progress of the play.

Lazzeri, judging by his performance, gives the Cubs a reliable infield substitute, the lack of which was a factor in the Chicagoans' failure to win the National league championship last year. Originally Tony was cast for the roles of pinch-hitter and understudy to Billy Herman to fill the talented second-baseman's post if he were injured.

Hasn't Played Second Yet

Lazzeri has yet to play second base. Nor has he appeared as a pinch-hitter. But he has performed admirably at both third base and shortstop, positions strange to him. In three games he filled in for Stanley Hack at third base and then shifted to short for four more when Billy Jurges injured his right thumb.

In seven games Lazzeri acquired a batting average of .381 putting him high up among Cub hitters.

Lazzeri is one of the strangest members of the Cubs. He speaks only when he has something important to say or to pull an occasional wise-crack. Ordinarily, he is silent as a tomb and wouldn't speak eight words in a month unless spoken to. Lean and thin, he appears in perfect physical condition. His hair is beginning to thin perceptibly, revealing a bald spot that belies his age.

Jury Still Out On New Yellow Baseball For National Game

NEW YORK, April 28 (AP)—The jury is still out on the new yellow baseball Frederic H. Rahr hopes to introduce to the national game.

The colored missle, which Rahr, a color engineer, claims is easier to follow in flight and on the ground, was used in Columbia's 8 to 7 victory over Fordham yesterday. A crowd of about 1,500, which included a sprinkling of profesisonal and semi-professional baseball officials watched the "test case."

The coaches, Andy Coakley of Columbia and Jack Coffey of Fordham, agreed the fancy spheroid had not had a fair test.

"One game isn't enough," said Coakley, "but I'm inclined to like it."

Coffey declared he thought the ball was dead in the first seven innings. The players themselves agreed it was easier to see at the plate but added there was little or no difference in the field.

Athletes Are Converning On Des Moines For Drake Relays

DES MOINES, Ia., April 28. (AP)—Athletes from many of the nation's colleges and universities converged upon Des Moines today for the 29th annual running of the Drake relays tomorrow and Saturday.

Though there were some early arrivals yesterday, most of the athletes were expected today. Drake university officials predicted that nearly 2000 would compete in the two-day meet.

Six teams tested their skill on the Drake track yesterday. They were the representatives of Rice institute, Texas, Oklahoma Baptist, Fresno State, Compton Junior college and Tuskegee.

CHILEAN STAR BEATEN

BOURNEMOUTH, Eng., April 28. (AP)—Anita Lizana of Chile, American singles title-holder, was the victim of a major upset in the British hard courts tennis championships today.

The Chilean girl, defending champion in the women's singles division, was eliminated by Nancy Wynne, Australia's No. 1 ranking player, 6-1, 7-5, in the quarter-final round.

In the men's division, the defending champion, Henry (Bunny) Austin of England whipped Henri Bolelli of France, 6-2, 6-3, 6-0.

The Hubbers came to Lubbock, as a professional team, asking nothing except your support—even paying for the privilege of inviting your support—as box office fans only. Certainly the citizens should reciprocate by seeing them off and staying with them.

So let's go to town with 'em!

Sampson Ruffles Tremaine On Mat

As if he had suddenly consulted with his board of strategy, Dandy Dick Sampson of Denton went berserk in a big way last night to better Andy Tremaine of Tucson, but lost the main event of the wrestling match at the Auditorium.

Maybe he sensed that he wasn't getting anywhere fast with his usual gentlemanly treatment of opponents, or maybe he had other ideas. Anyway, Sampson turned villain last night, and did a fair job of roughing up the Tucson Thunderbolt, who was substituting for Gorilla Pogi.

Sampson was a man changed. But it was new stuff for him, and Tremaine slipped in a cradle after 15 minutes of roughing and cuffing to win the first fall.

Then the bad, bad boy batted the Arizonan into submission for the second fall in 13 minutes. But Andy was not to be denied the pleasure of avenging the ungentlemanly treatment he had received. He took the deciding setto in 10 minutes, pinning the ex-Boston gridster.

The Bob Cummings - Soldier Thomas semi-final match smelled of rotten-egg gas to the far reaches of the bleacher seats. Cummings passed up a crab hold (made-to-order) for a toe hold, then released that to fall meekly on Thomas to no advantage.

He carried the soldier along to the end for a draw.

Dilly Davis, a newcomer from Houston, and George Hartay battled to a draw in the opener.

Tech Freshman Day Dropped This Year

Fish day at Technological college will not be observed this year.

The administrative council has ruled that interest this year and failure of other years to maintain sufficient orderliness had contributed to the decision to ban the traditional observance.

The class originally had planned to go to Buffalo Springs for a picnic on May 14, "Fish day."

Because of actions by freshmen on their "one-day rule" in former years, the administrative council had placed the class on probation in its observance last year.

EXCAVATORS FIND CHILD

WASHINGTON (AP)— Archeologist of the National Park Service have uncovered an infant burial in excavations at the Chaco canyon national monument in Arizona.

The child, wrapped in reed matting, had been buried beneath the first floor of one of the rooms in the ruins. Two half bowls of Mesa Verda ware and numerous squash seeds were placed next to the infant.

Tyler Trojans Win Their 7th Straight Game In East Texas

Outhit 11 to 8, the Tyler Trojans won their seventh straight East Texas league game last night by defeating the Texarkana Liners, 4-3. It took three pitchers, two of them in the eighth and ninth inning, to hold the Liners in check.

Kilgore took a 6-5 victory from Jacksonville when Dave Short's single in the eighth inning scored Bob Price.

Marshall's Bill Howell outpitched Elmer Rice to give the Tigers a 4-2 win over the Palestine Pals.

Orval Grove pitched the Longview Cannibals to a 4-2 victory over the Henderson Oilers.

Dutcher's News Of Washington

BY RODNEY DUTCHER
Journal Washington Correspondent

WASHINGTON, April 28—President Roosevelt tried to forestall the Democratic row in Pennsylvania by getting party leaders to agree on his friend William C. Bullitt, ambassador to France, for governor.

Rodney Dutcher,

And each new outburst of scandal in the historic Pennsylvania primary fight indicates what a bright idea that was—or would have been, if it could have been made to stick. But Matt McCloskey, Philadelphia political boss and contractor, broke up the play by insisting that the state machine endorse Charles Alvin Jones of Pittsburgh.

At least that's the story told by Senator Joe Guffey, which no one seems to deny. Guffey, who was supposed to be undisputed boss of Pennsylvania himself until other leaders ignored him by choosing to back Jones, is supporting a ticket led by Lieut. Gov. Tom Kennedy—C. I. O. candidate—for governor and Mayor S. Davis Wilson of Philadelphia for senator. On the Jones ticket, running for senator, is Gov. George H. Earle.

• • •

Side Angles

The story of how Boss McCloskey's wishes overcame the agreement on Bullitt—at least as far as Earle and State Chairman Dave Lawrence were concerned—is especially interesting now that Earle, who bosses the PWA program in Pennsylvania, is revealed to have borrowed $30,000 from McCloskey, who has received millions of dollars in building contracts.

Guffey's story also is interesting because it indicates that Roosevelt, in seeking to help compromise the situation, did not support Kennedy despite open endorsement of Kennedy by John L. Lewis, and did not on the other hand support Jones, as has been rumored.

For what it may be worth, the following story is percolating since a recent visit of a group of labor leaders at the White House.

"Mr. President," said the delegation spokesman, "you are our candidate for 1940. We want you for a third term."

"No," Mr. Roosevelt is said to have replied, "I'm tired and I want to go home."

Guffey says he went to the White House with Earle, Lawrence and Publisher J. David Stern of the Philadelphia Record, that the President urged Guffey to stay in the Senate instead of running for governor, and that all four came away agreeing to recommend Bullitt for the state committee's endorsement.

• • •

Switch?

Another curious behind-the-scenes angle is found in Guffey's original candidate was State Supreme Court Chief Justice John W. Kephart, a Republican. McCloskey used to be a Republican himself. And there's a growing administration fear in Washington that by blocking Bullitt and precipitating the current vendetta, McCloskey has almost assured election next November of Gifford Pinchott, who seems the leading Republican gubernatorial contender, and of Republican Senator James J. Davis.

There's also the possibility that Guffey gives McCloskey too much credit. For John Lewis, regardless of Roosevelt's wishes, might well have insisted on running his man Kennedy against Bullitt in the primaries.

• • •

Florida Test

The first test of the administration's House-defeated reorganization bill as a campaign issue will come in Florida's Democratic senatorial primary on May 3. Congressman J. Mark Wilcox, who seeks the seat of Senator Claude Pepper, voted with anti-administration forces to recommit the reorganization bill. He voted similarly against the wage-hour bill last December.

Pepper was in Florida when the reorganization measure passed the Senate, but has been endorsed by Jimmy Roosevelt and runs as a New Dealer. There's a third candidate, former Gov. Dave Sholtz, and politicians generally expect that a run-off primary between the two top vote-getters will be necessary.

A cube of gold barely over 14 inches in each dimension would weigh a ton.

Love Laughs at the Doctor

BY ELINORE STONE
Copyright, 1938, NEA Service

CAST OF CHARACTERS

CONSTANCE MAIDWELL—heroine; the stand-in.

DEREK MANTHON—an artist who loved money first.

HILDEGARDE THORVALD—Derek painted her portrait.

DR. ROGERS—he met his most difficult case.

• • •

Yesterday: As a stand-in for Camilla Wynne, Connie spends her first day at the Thorvald ranch. Advised by the doctor not to take her acting too seriously, Connie is about to reply scathingly when he speaks again.

CHAPTER XVI

"You committed Miss Wynne to a rather large slice of humble pie, didn't you?" Dr. Rogers went on, his eyes cooly amused on her. "I wonder whether she'll accept her dismissal so gracefully in her own person. Her 'Jo-jo's daddy has a lot of money, you know. However, from what I've heard of the lady's adventures in romance, she should be the last to question your philosophy on one point at least. . . As you so wisely observed, 'No one can help not loving some one any longer.'"

"It's flattering to know you consider my philosophy sound," Constance said stiffly, and knew before the words were out how childish they sounded.

She was beginning to realize that her hands were cold, and that she was tense and shaking with the nervous strain of the past hours.

"I can't help wondering," he went on, "whether your conclusions are based on observation or experience."

"Really?" Constance asked. "I didn't suppose there was anything left about me for you to wonder about. You've had me under the microscope for quite a while. By this time you ought to know how to take me to pieces and put me together again."

His quizzical look faded, and he said with an abrupt resumption of brisk, professional concern, "You're terribly tired, aren't you? Now I think you'd better go to your room and let me arrange to have your dinner sent up. Then go right to bed and get a good night's rest."

Constance's lip curled in angry amusement. . . Rest. When, somewhere in the house was Derek. And so much to be said between them.

He was going on, "I shouldn't be surprised—" but Constance interrupted with dangerous smoothness, "You are about to say that you wouldn't be surprised if I had another difficult day ahead of me?"

• • •

Suddenly all the resentments and frustrations of the day flared up in a need to thrash about and hit out at some one.

"You don't miss a single detail, do you, Doctor? Life to you is an orderly pattern of nurses and obedient patients who trot off to bed when you send them, so that at dawn they may be up and doing—nice and adult, the way you like them."

Tearing at her throat she was beginning to feel an irresistable urge to laugh and laugh and laugh. He was so funny—standing there with that look of incredulous amazement in his eyes. . . . Everything was funny—so funny that it hurt.

"I was about to say," he said stiffly, "that I shouldn't be surprised if you wondered why Miss Thorvald hadn't shown up yet. I have an idea she's going to be annoyed with me tomorrow; but as a matter of fact, I have given orders that she must sleep as long as she can, because—"

"Don't tell me why. I know already," Constance cut in, her voice rising recklessly in a kind of triumphal chant, "because she's likely to have a difficult day tomorrow."

She was rolling on now with the rising tide of hysteria, without a chance of stopping herself, even if she had cared to try.

"I suppose," she rushed on, "that every evening when you're through playing with your funny little test tubes, you say to the squirmy things in them, 'Now just stop wriggling, my dears, and settle down for the night, because—'"

"Will you get into your room and keep quiet"—with an apprehensive glance toward the door of the sick room, he advanced swiftly upon her—"or am I going to have to carry you in and hold you down in a tub of warm water?"

"'because,'" Constance brought out on a high, triumphant note before he smothered her hysterical wail against the shoulder of his coat, "you may have a difficult day tomorrow.'"

He picked her up unceremoniously, carried her into her own room, and closed the door. For a few moments she laughed uncontrollably; then laughter gave way to tears. Wrenching herself free from his arms, she dropped face downward upon the bed, and sobbed as if trying to release, in a few brief minutes, the pent-up tears of the last month.

• • •

When it was over, she looked up with a defiant, shame-faced stare to find Mark Rogers standing over her, his eyebrows raised, his hands in his pockets, his lips pursed in a thoughtful whistle.

"Well," he said grimly, "you win. You're a better doctor than I am, Gunga Din. . . . You knew what you needed, and you went and did it. . . I wash my hands of you. Go to bed when you get damn good and ready."

Nevertheless, Constance's dinner was served in her room that night, and there she ate it.

She spent the evening hoping at every moment in the hall outside that it would be Derek coming to find her. It was very late, however, when a knock sounded at her door. When she opened the door, one of the Mexican servants stood outside with a note.

The senor Manthon, the man said, had told him that la ama de la casa wished this letter given to the Senorita.

"But I don't understand," Constance said. "Who—"

"La senorita Thorvald, the senor told me," the man explained with a half smile. "In English la ama de la casa iss mestress off the 'ouse."

Something in his look as he turned away—something furtive—puzzled and irritated Constance. It was as if he were secretly amused—tolerantly indulgent—as a Spaniard and a man of the world, at the incredible lack of subtlety of these naive Gringos.

When Constance glanced down at the sealed envelop in her hand, she thought she understood. The envelope was one of the kind Derek habitually used—as the servant must have known—had used ever since she had known him.

She thought, How childish of Derek—and how utterly like him. But what possible difference could it make if the whole house knew he had written her a note?

"Connie, dear," Derek wrote, "Back of the house is a grove of fruit trees. I will be there at eleven. The servants will have gone to bed by that time."

• • •

And what Constance wondered, had the bedtime of the Thorvald servants to do with it?

Then she remembered the time Derek had stolen up to her apartment after midnight bringing the news of Ernest Thorvald's first visit to his studio—and some sandwiches and a bottle of Amontillado to celebrate it all, boyishly triumphant secret about it all, boyishly triumphant over having eluded the curiosity of the second-floor back. . . Derek was incurably romantic.

Constance laughed, threw an evening wrap over her entirely respectable lounging pajamas, and slipping silently through the sleeping house, hurried toward the grove.

The moon was high and unbelievably white, lighting the distant mountains with mystery and flooding the valley with magic—etching the vines about the house in dense black lacework against the creamy walls, while each pale flower stood out in startling relief.

As Constance sped along the fragrant hedge bordering the rear of the grounds, the sense of living in a dream that had been with her throughout the unpredictable happenings of the last twenty-four hours still held her.

It seemed the result of some strange miracle, after all these weeks of hoping and doubting and almost despairing, that within a few minutes she was to be with Derek again—without either of them having lifted a finger to bring it about. . . . Without Derek's having lifted a finger to bring it about, she remembered soberly.

Perhaps it was having to remember that which gave her this troubling sense of unreality, as if she had been handed a treacherous fairy gift, which might vanish at her first attempt to touch it.

Then she saw Derek waiting for her, and forgot everything else in the joy of his nearness.

PATCHED FRIENDSHIPS

A woman in Chicago who made a giant quilt out of scraps of celebrities' wearing apparel has refused the offers of a number of museums, explaining that the quilt was made for her granddaughter, Nancy.

What proportion of the world's celebrity population is represented may be suggested by the facts that the quilt took more than six years to make, and holds some 10 million sitches.

The lady's devotion to her task and her granddaughter is thoroughly laudable, but can't somebody who is accomplished in such things break the news to her, in a tactful and gentle way, about the susceptibility of the child mind to sensory impressions, especialy in the relaxed state just receding sleep?

Nancy will get the quilt as soon as she is "old enough to appreciate it," her grandmother says. When she is old enough to appreciate it, how is she going to be able to get to sleep under it, and if she does get to sleep, what kind of dreams is she going to have?

Patches have been contributed by the following celebrities, among others: Chief Justice Charles Evans Hughes, Charlie McCarthy, General John J. Pershing, Mae West, President Roosevelt, ex-President Hoover, and Rear Admiral Byrd, not to mention a number of the crowned heads of Europe.

If Nancy can drift off into untroubled slumbers after a thoughtful glance at a cozy gathering like that, even if it's only a gathering by proxy, Nancy deserves the world's most extraordinary quilt.

Hollywood Chit-Chat

BY PAUL HARRISON
Journal Hollywood Correspondent

HOLLYWOOD, April 28 — By the time you see Freddie Bartholomew in "Kidnaped", that young star will have been off the screen about a year. An actor whom many a critic and player said deserved the 1937 Academy Award for his performance in "Captains Coureageous," Freddie finds himself trying to make a comeback in 1938.

Hard-luck stories are rare in the high places of Hollywood, but Bartholomew, just turned 14, could tell three of them — the long custody squabble with his parents which he and his Aunt Myllicent finally won; the surprising court order to pay one-fifth of his earnings to his parents and $15,000 to their attorneys; and his own long suspension by Metro, ostensibly over a salary disagreement.

• • •

A Year Of Freedom

However, recently both court orders compelling the payments to his parents and attorneys were set aside, and although he is not only broke today, but in debt, there is actually a fair fortune in sight for him ahead. The trusteeship of his estate has been removed from a bank which had depleted it from $30,000 to less than $400, and Freddie is now a financial ward of Superior Court. Even his aunt cannot spend any of his money without court approval.

Immediately behind him is a year of idleness which might have been his most profitable one.

"Actually, though, it was the best year of his life," said Miss Myllicent Bartholomew. "You couldn't realize how much the freedom meant — to be able to do things like other boys. I didn't have to say, 'Be careful on those skates, Freddie,' or 'Better not climb that tree, Freddie; you couldn't finish the picture with a broken leg.'

"He rode often at one of the stables that rents horses. He learned to take hurdles, and he was trying to go under the horse as they do in circuses. He went flying several times with a friend of ours, and wants to take lessons when he is 16.

"On his birthday a few weeks ago, March 28, he was up practically at dawn. He kept saying, 'Cis, can you realize it — I'm 14! I'm 14!' He's proud of his long pants and his big feet; he buys shoes about two sizes too big. His voice is getting lower, but it doesn't crack.

"You know he used to be a bit undersized and rather — ah — fragile-looking. Well, he weighs 104 pounds now, and is 5 feet 4 inches tall, and has an appetite like a wolf. He grew more than an inch in the last three months, and —. But here he comes now."

• • •

Getting Wild And Husky

We were on location with the "Lord Jeff" company. Bartholomew, with other naval cadets had been climbing some marine rigging erected for practice on the grounds of a school. In the recently completed "Kidnaped," for which he was loaned to 20th-Fox, he had a more rugged, youngmanly role than ever before. For "Lord Jeff," though, he again is an arrogant brat. His next assignment probably will be "Kim," and after that "One Young American."

Freddie said, "Hello there," in a voice that seemed to originate from the region of his ankles. He shook hands in the Victor McLaglen manner. He seemed pleased when I noted his conventional haircut — his first. But he showed marked unwillingness to chat about the picture or future roles. Kept looking at me speculatively and finally burst out with, "I say — do you want to go to sleep?"

I said no, thanks, but I would call on him next time I was troubled with insomnia. He said, "Oh, you must; it's real jiujitsu. Now take three deep breaths and hold the last one—"

Strong hands (Mr. Bartholomew's) grabbed me. I took three deep breaths and held the last one. Then two strong thumbs moved athwart my ears and pressed on a couple of nerves, or arteries or something.

I saw stars (non-movie) and the aurora borealis, and heard bells. Just as I was about to subside into the arms of a property man who acts as Bartholomew's catcher on these occasions I was reprieved by Director Sam Wood's yell of "Freddie, hurry up; we're waiting!"

Auction Sale
TUESDAY AND FRIDAY

Buying continued at a fast and fully steady to strong pace on all cattle that we had in our yards this week. The sellers were the boasers in the cattle market. We had plenty of buyers, and could have sold twice as many cattle as we had this week, and all classes sold higher than any recent sale. Don't forget our Friday auction sale will begin promptly at 10:00 o'clock every Friday morning and our Tuesday sale will continue to start at 1:00 o'clock as usual.

Stock Market

WALL STREET REPORT

NEW YORK, April 28. (AP)—Despite extremely light offerings, stock market leaders took the back-track today for losses of fractions to around 3 points.

Intermittent attempts to extend yesterday's mild rally met with scant success as motors, utilities and "blue chip" specialties gave ground easily. Rails were resistant the major part of the session.

The ticker tape was more often at a standstill than otherwise and transfers approximated 450,000 shares.

Wall Street apparently had its doubts about strong cooperation between industry and government.

Secretary Morgenthau, at his press conference, said published indices indicated business was getting worse.

Bonds were narrow and, on the whole lower. Commodities were uneven. Wheat at Chicago was unchanged to up ⅜ of a cent, a bushel and corn was ¼ off to ⅛ higher.

Prominent share losers included Westinghouse, Western Union, Consolidated Edison, General Motors, Chrysler, American Telephone, U. S. Steel, Bethlehem, U. S. Rubber, Sears Roebuck, Montgomery Ward, J. I. Case, Douglas Aircraft, Standard Oil of N. J., Gennecott, General Electric, Allied Chemical, Container Corp., Eastman Kodak, Allis Chalmers, Johns-Manville and U. S. Gypsum.

The art collection which Jules S. Bache gave to New York state valued at $20,000,000 contained 77 paintings, sculptures, furniture, porcelain, tapestries.

Cotton Market

NEW YORK REPORT

NEW YORK, April 28. (AP)—Cotton futures opened 2 to 6 lower with disappointing Liverpool cables partly offset by an absence of May notices and trade buying of near months. May 8.82; July 8.86; Oct. 8.94; Dec. 8.96; Jan. 8.97; March 9.05.

July fluctuated between 8.87 and 8.84 and shortly after the first half hour was quoted at 8.85, with the list 5 to 7 points net lower.

The market continued to fluctuate irregularly later in the morning. A dip to net losses of about 8 to 11 points reflected additional near month liquidation but by midday July had recovered from 8.81 to 8.83 and the list generally was a few points above the lows.

NEW ORLEANS REPORT

NEW ORLEANS, April 28. (AP)—Cotton futures opened 3 to 4 points net lower here today in sympathy with disappointing foreign markets and lack of buying support.

First trades showed July at 8.98, Oct. 9.06, Dec. 9.07, Jan. 9.10 and March 9.16.

The market had very little selling pressure during the morning but demand also lagged and prices fluctuated within an extremely narrow range.

Towards mid-session May sold at 8.89, July at 8.95, Oct. 9.03, Dec. 9.04 and March 9.16, or 4 to 7 points below the previous close.

The turnover yesterday was 15,800 bales and open commitments 350,350 bales, a decrease of 650 from the previous day.

Grain Market

CHICAGO REPORT

CHICAGO, April 28. (AP)—Wheat prices today quickly overcame a dip here at the outset. Cables that Italy was in the market for Argentine wheat had a strengthening influence.

Opening unchanged to ⅛ cent decline, May 80⅛-⅜, July 79¼-⅝. Chicago wheat futures then advanced somewhat. Corn started ⅛ off to ⅛ up, May 58⅛-⅜, July 60.

At the close, Chicago wheat futures were unchanged to ⅜ above yesterday's finish, May 80⅞-81, July 80¼-⅜, corn ¼ off to ⅛ up, May 58⅛-¼, July 60⅛, and oats at ⅛ decline to ⅛ advance.

'Family Luncheon'

(Continued From Page One)

evelt, the president's brother-in-law who arranged the meeting, called it "just a pleasant family conversation." Then the motor magnate was asked:

Never Had Falling Out

"Does this mean you patched up any difference with the president?"

"I've never had any falling out with him," Ford said. "What makes you think that? I have never criticized him."

The auto manufacturer was accompanied to the White House by his son, Edsel Ford, president of the Ford Motor company, and W. J. Cameron, public relations counsel. Sitting with them and the president around a mahogany Duncan Phyfe dining table were G. Hall Roosevelt and Mariner Eccles, chairman of the Federal Reserve board.

Dealt In General Terms

Though he was chary in all his comments to newsmen, Ford indicated that no specific business subject was discussed, but that the president and he dealt only in the most general terms about "what's going on and what's being done in the country."

He was asked whether they had considered the application to industry of the principle of annual wages, under which workers would be guaranteed a specified yearly income.

Ford said of the annual wage idea, "I never heard about it—only in the newspapers."

He declared also that he gave the president no advice, recalling that "I said when I came down that I wasn't going to give any advice."

Meanwhile the president held an increasing number of conferences with administration officials in preparation for starting his proposed spending-lending program, now before congress.

Ford Company Charges Board Was Influenced

COVINGTON, Ky., April 28. (AP)—The Ford Motor Co., in an affidavit filed in the sixth U. S. circuit court of appeals today, charged that the National Labor Relations board was "improperly influenced by extraneous considerations, political and otherwise, in handing down its order against the firm to require compliance with the Wagner labor act.

The affidavit, prepared by Frederick H. Wood of New York, Ford company counsel, sought continuance of a hearing scheduled for May 9, to permit the taking of depositions from 32 officers and attaches of the NLRB, including Chairman J. Warren Madden of Washington.

Wood petitioned that the hearing on Ford company's contest of the order be delayed until the June session.

hattan-bound taxicab, then frightening an amazed woman—and finally eloping.

Yes, eloping with Andy—a girl sea lion who shares his tank. Andy was quickly caught and returned, but Amos waddled on down the avenue and was overtaken some time later on his fourth and last escape at the door of a tavern.

Rivers Rising In S. Texas

trickled into Victoria revealed. County Commissioner J. B. Payne, resident of the southern part of the county for 26 years, reported the rain was the heaviest in that section he has ever seen, registering between 12 and 15 inches around Kemper City, Morristown, Anaqua and McFaddin. The section with water forming almost a solid lake, had been isolated since the deluge hit last Sunday afternoon and Monday morning.

Several houses were hit by lightning but the torrential rain prevented fire. A number of occupants were reported slightly shocked by the lightning but none seriously injured.

All main roads out of Victoria were open.

Air Mail Drive

(Continued From Page One)

senting the district which includes Lubbock.

Efforts to consolidate the endeavor for the line are to be made at a meeting in Big Spring May 13, at which, the committee decided, Lubbock is to be represented.

Time schedule of the airmail pick-up test plane which will be routed through Lubbock during the national week observance had not been received, although it is to stop at Plainview, Big Spring and San Angelo additional to Lubbock.

However, the four "feeder" services to be operated from Lubbock will be:

No. 1—Littlefield, Muleshoe, Morton, Levelland.

No. 2—Brownfield, Seagraves, Hobbs, N. M., Seminole, Lamesa, Tahoka.

No. 3—Floydada, Lockney, Hale Center, Abernathy.

No. 4—Slaton, Post, Spur and Ralls.

In each case, the plane will start from and return to Lubbock. Each town will be given official credit for its portion of the airmail load.

Howard Named Chairman

Howard was named chairman of that sub-committee.

The pickup test will be the second for Lubbock and, as in the previous case, will be sponsored by the federal postoffice department in line with surveys to determine where feeder services to transcontinental lines seem logical.

Last year, Lubbock was included in the test at the last minute. Yet in spite of the lack of time for preparation, Lubbock ranked first among more than 50 cities in the nation where similar tests were made. The airmail load here totaled more than 4,000 covers weighing more than 90 pounds.

Activities decided upon by the committee seeking Lubbock's designation as an intermediate point for army planes takes into consideration the fact that the field here is a logical stopping and fueling point between other parts of the nation and San Antonio and El Paso. Randolph field, the nation's "West Point of the air" and the largest military airport in the world is at San Antonio.

Numerous improvements likely will be required before such designation can be possible, and it will be the work of the remaining sub-committee to determine what they are, as well as to work for other port projects.

Drive To Aid Sufferers To Be Conducted At Levelland

LEVELLAND, April 28. (Special)—Without being asked to contribute Hockley county Red Cross chapter will stage a drive to assist victims of a Tuesday night storm that cut a swath through Dawson and Lynn counties.

County Judge Alvin R. Allison, chairman of the roll call of the relief organization, said:

"We realize our county might easily have been buffeted by the storm and that we just as easily might have been in a position to need assistance," he said.

"We will give Hockley county persons a chance to help and every cent collected will be sent to the proper Red Cross authority for the rehabilitation relief of storm sufferers in our neighboring counties."

Judge Allison was in the path selected by the storm—just an hour before it broke.

Mexico To Pay

years to determine."

No contracts have been made for sale of oil, he said, but numerous negotiations are in progress.

Reviews Controversy

Reviewing the history of the oil controversy, he said the foreign companies refused to abide by a decision of the supreme court that the companies should pay more wages.

"Had companies been allowed to continue operations after that stand a terrible precedent would have been set," he said, pointing out that Mexican law does not provide for extraterritorial rights. "There was nothing to do but expropriate their properties and place them under government supervision.

"After the expropriation order took effect, companies decided they were willing to pay the additional remuneration to workers, but then it was too late."

Four Suspects In Cattle Thefts Held

Arrest of four suspects in theft of cattle in Lubbock and in Terry counties was announced at noon by Sheriff Tom Abel in a telephone call from Vernon to Jas. P. Posey, chief deputy of the Lubbock department.

One of several cows known to have been stolen had been recovered and statements said to have been taken from the four men will result in the rest being found, Posey said he believed.

The Lubbock sheriff, who with Sheriff Ches Gore of Brownfield had investigated the case after being informed one of the cows had been stolen from County Judge J. J. Dillard of Lubbock, informed Posey the sheriff's department at Vernon had arrested the men, two of whom "had been staying at Lubbock."

Cattle had been disposed of at Seymour and in Oklahoma, Posey said he had been informed.

Firm Observes Its 10th Year

Oldest furniture dealer in Lubbock, when continuous service is considered, F. W. Groce of Groce Furniture company at 1107-09 Thirteenth street this morning began a sale.

Groce and B. A. Carter opened Lubbock Furniture company in 1928. Groce bought out Carter three years ago.

Back from service in France, where he spent 18 months in the army, Groce came to Lubbock in 1919 and went to work for the Citizens National bank. He remained there until the first of last July, when he resigned his post as assistant cashier to devote his entire time to his furniture business.

Name of the concern was changed to Groce Furniture Co., the first of January this year.

Carries Complete Line

One of the most complete lines of furniture in West Texas is carried in the three floors of the building. The building was originally designed for a furniture house and the main floor includes a 5-room cottage for showing room furniture. The floors are 50x135 feet.

Complete lines of rugs, carpets, linoleums and stoves are carried as well as all kinds of furniture.

A full line of baby furniture, the only one of its kind west of Dallas is carried on the balcony of the main floor.

Besides the main floor and second floor, the basement is used for display purposes.

Hobbs Child To Be Buried In Erath; Dies Here Wednesday

Body of De Wyott Massey, 18-months-old son of Mr. and Mrs. T. E. Massey of Hobbs, N. M., was taken overland to Exray in Erath county, where funeral services are to be conducted. Rix Funeral home announced.

The baby died at 12:15 o'clock this morning in a sanitarium here of pneumonia. He had been a patient a week.

Complete funeral arrangements were not announced here.

The parents and two other children survive. The father is production foreman for the T and P Coal and Oil company at Hobbs.

CONDITION STILL SERIOUS

Condition of Marshall Baine McDonald, 21, of McAdoo, remained serious this morning at Lubbock sanitarium, where he was being treated for injuries suffered about 4 o'clock Wednesday afternoon when he lost control of a motorcycle at McAdoo.

He suffered a fractured skull, lacerations of the left arm, and head lacerations with a severe one on his right forehead. He was admitted to Lubbock sanitarium about 9 o'clock Wednesday night.

According to reports received here, the motorcycle crossed a barrow ditch when McDonald lost control of it.

Anglers Await Season's Open

Indications are that Lubbock will move ito its place as a fisherman's Mecca with the opening of the new season Sunday, according to report this morning by E. C. Wallace, resident manager of Buffalo lakes, situated nine miles southeast of Lubbock on Slaton highway.

Reservations already received for opening day, he said, include every county in the South Plains area and several in eastern New Mexico.

New Dam Is Complete

Opening day, he added, will afford most of the visitors their first opportunity to see Upper Buffalo lake, created by a dam recently completed. The dam already has backed up more than a mile of water to a depth of 15 feet at the dam. When full, Upper lake will be approximately 40 feet in greatest depth, more than three miles long and a half-mile in greatest width.

The dam is situated at the head of Lower lake, which is approximately two miles in length.

Lakes Stocked With Fish

The lakes, Wallace said, have been stocked with 100,000 imported game fish since last fall. More than that number, he said, have been produced from hatcheries at the lake.

License requirements for fishing in Texas were listed as being: for fishing with artificial lures, $1.10; for fishing with "natural" bait such as worms, minnows, liver or the like, no fee.

Licenses are available at the office of County Clerk Ed D. Allen, at practically all stores handling sporting goods and at the lakes.

Shrine Day Here

man at the banquet.

Especially invited to the banquet, said Pitman, are Shriners and their ladies who may be visiting in Lubbock, regardless whether they are members of Khiva temple and regardless whether their dues are paid.

Pitman announced that 23 among the class of 38 who are candidates for the Shrine degrees at the Amarillo ceremonial are from the South Plains. Nine are from Lubbock.

The list follows: T. J. George, Durwood Bradley, Joseph R. Griggs, L. R. Rampy, Charles R. Duncan, E. J. Parsons and Douglas Pounds, all of Lubbock; C. A. Wilhite and W. R. McDuffie, Brownfield; J. H. Haire and J. R. King, Southland; C. A. Butcher, C. H. Hancock and Lyle B. Raper, Plainview; W. S. Cooper and H. T. Gladman, Dimmitt; H. R. Aycock, Tulia; George R. Sandridge, Littlefield; Dr. C. M. Phillips, Levelland; O. C. Applequist, Bruce E. Autry, Abe Feferman, A. D. Goldfine, Ben Lipshy, John J. Ogles, Don D. Parker and Thomas R. Wingate, Amarillo; N. W. Durham and A. W. Howard, Memphis; Harry Lipshy, Fred L. Radcliff, John J. Roby, H. P. Snyder and Ben H. Williams, Pampa; Joe S. Jersig, Bovina; and C. E. Barber, Borger.

Speakers For Meet Named

Speakers were chosen Wednesday afternoon for the business conference at Texas Technological college Friday and Saturday, according to T. C. Root, professor of economics and business administdation.

W. B. Irvin, superintendent of Lubbock public schools, will speak on "Improvements in Methods of Teaching Commercial Subjects" and Dr. D. D. Jackson, associate professor of education at Tech, will speak on "How Shall Commercial Subjects Be Taught?" Floyd Honey, head of the Lubbock High school commercial department, will lead a discussion on those two addresses. Several commercial teachers of West Texas are to participate in the discussion. Dr. Harry L. Kent, director of administrative research at Tech, will deliver the welcome address. Root will preside.

Response to invitations indicates that approximately 100 West Texas commercial teachers and school superintendents will attend the conference, said Root. That number is several times the total formerly expected.

Time of the conference has been changed from 9:30 to 10 a. m. A luncheon will be conducted.

A business show at which will be demonstrated latest business equipment will open Friday night to Lubbock business men and any others interested. A billing machine, electric typewriter, electric calculator, dictaphone, budget control machine, and combination typewriter and adding machine will be included in exhibits. The budget control machine is owned by the Tech department. Each of those machines will be demonstrated. Factories and Baker company, Hester's Office Supply company, and Lubbock Printing company of Lubbock will demonstrate equipment.

Both the show and conference will be conducted in the men's dormitory. The 580 Tech business administration students are to attend, in addition to others.

The business administration department and the departmental club are to sponsor the show and meeting.

GATHERS HISTORIC SOIL

WASHINGTON (AP)— Soil from outstanding historic spots in the 48 states is being gathered by the American War Mothers of Oklahoma for use in tree-planting ceremonies at the new civic center in the state's capital, Oklahoma City.

American Legion posts in the various states have volunteered to collect the soil for this purpose. Earth from Fort McHenry national park, Baltimore, the place which inspired Francis Scott Key to write the national anthem, will be Maryland's contribution.

MAKE WAR ON MICE

BARNWELL, S. C. (AP)—Farmers in this section say country mice are just as bad as their city cousins, maybe worse.

One kind eats melon, cantaloup and cucumber seed in the field before they can sprout. Another breed cut off the growing plants and cause the farmers no end of trouble.

The best remedy so far found is a poison mixed with cane syrup. It is used on old melon seed, grain, peanuts or small pieces of cheese and scattered around where the mice will eat it instead of the planted seed.

When the red deer of England develops 12 points on his antlers, he automatically becomes a "royal stag."
