

## Lake Issue Settled Ordinance To Set Skiing & Boating Area

A proposed city ordinance restricting skiing and boating from both Morgan and Cherry Creeks and requiring standard mufflers on all boats on lake waters is being drawn up by city manager James Campbell at the council's instructions following Tuesday's workshop session of the city council.

An orderly discussion involving more than 70 people who attended the session saw all views on the issue aired before the council in a town hall type debate.

Proponents of some type of restriction on skiing and boating on the lake, mostly residents in the creek areas, expressed their concern over threats made to their property, obscene language and gestures by some boaters and skiers, damage to private docks and fishing piers, loud noise made by jet boats and boats with above-transom exhausts and general rudeness of some people who had splashed them on their docks.

Boating and skiing enthusiasts denied knowledge of any of the above accusations as a number of spokesmen opposed any speed limits or restricted areas to boating and skiing.

After all people in the audience had had a chance to talk on the issue, a move was made by councilman Rick Perkin to instruct drawing up the following ordinance:

"In order to provide for the safety of the users of Lake Colorado City, the protection of property on and adjoining the lake, and the general ecology of said lake, the following proposal is being made for an ordinance placing a five (5) mph no-wake speed zone for the waters including the Morgan and Cherry Creek necks of Lake Colorado City--this area to be marked by buoys across the mouths of Cherry and Morgan Creeks; and the prohibition of airboats, and to require all outboard motors to be equipped with manufacturers stock intake and exhaust systems, and to require all inboard craft to have muffled intake and exhaust manifolds."

Perkin's original proposition included jet boats in the prohibited category but councilman Dr. Elton Berkman objected to excluding the jet boats from the lake and that clause was omitted.

The ordinance will be passed at the council's next session, Tuesday, August 12, but will not go into effect until 30 days after passing, making it effective after Thursday, September 11 following Labor Day weekend.

The intention of the council to enforce the new ordinance was made clear in a follow-up discussion with game warden Ronnie Aston as they asked Aston if putting a city policeman in a city-owned boat on the lake wouldn't help with Aston's enforcement problems. Aston said that a better course from his standpoint would be to request additional wardens from the Texas Parks & Wildlife Department for a short period following the ordinance's effective date.

As the proposal now stands, all skiing and boating can take place on any of the waters of the main body of the lake, south of the Col-Tex Club point. No boating or skiing will be permitted in either Morgan or Cherry Creek. The creek areas will be restricted for fishing and swimming activities, as Perkin pointed out, "creating something for everyone."

Anyone living on the two creek areas would have to go to the main part of the lake for skiing or travelling at a high rate of speed in a boat.

Many of the council members, who were all present, told of numerous telephone calls they have received concerning the issue of some type of restriction. Some of the council have personally visited the lake to inspect conditions and hear for themselves. Campbell said he had visited the lake, also, and had talked to a Texas Park & Wildlife official in Austin about the council's problems with making some sort of ordinance that everyone could live with.

Campbell said that the P&W offered full cooperation in solving Colorado City's lake problems, further stating that state laws are inadequate, especially those concerning noise levels of boats and that new guidelines are being drawn up at the state level to send to enforcers in the field concerning the noise levels of boats.

After the council had heard discussion on the boat and skiing issue and the proposed drawing up of an ordinance was approved, a short recess was called so that anyone who did not wish to stay for further

council business could leave. After the council was called back into session, the speed limit around schools, churches, nursing homes and the hospital was changed. Campbell said the change should be made because the present 24-hour 20 mph limit is unenforceable.

An ordinance will be drawn up keeping the 24-hour 20 mph limit around the hospital and nursing homes but requiring

the low speed around schools only an hour before and an hour after school is in session and eliminating entirely the 20 mph zone around churches. Present speed limit on city streets is 30 mph, Campbell noted, and that should be adequate.

Other council business included discussion of damage to city streets following rains last weekend and Campbell's advis-

ing the council that the Texas Railroad Commission has approved a pass through rate increase for Lone Star Gas Co. for a one cent increase per 1,000 cubic feet of natural gas. He also said that it's possible that the gas company will ask for a rate increase for the company in the near future. The rate increase approved by the Railroad Commission represents an increase in the rate the gas company has to pay for gas at the well head and is not a profit-making increase for the company, he explained.

Campbell further informed the council that he is attending

a traffic engineering school and changes in the city's traffic control signs are in the offing as probably 50-60 per cent of the city's traffic signs do not meet federal standards and should be eliminated entirely. He is gathering information to fill out an application for funds which would help the city make the changeover to federally approved markers.

The council's session was adjourned following general discussion by members of items that need to be worked on in the future, including further street improvement and moving vacant lots.

### Isolated Bridge

Colorado City police department was alerted to the precarious condition of the bridge at Lone Wolf Creek and Front Street about 4:15 p.m. Sunday. Street

department manager Julian Mendoza Tuesday was overseeing installation of a large blockade to keep traffic warned of the bridge out.

## 38-40,000 Catfish Poisoned At Farm

Three of four earth tanks of farm-raised catfish belonging to Jim Kelley were wiped out by a high concentration of pesticide about two months ago.

From 38,000 to 40,000 two-to-three pound catfish were poisoned.

Kelley said he has been plagued recently by people going onto his property, located on Lake Colorado City near the electric plant, and a few days before the fish were poisoned, he found a lock broken off the door to the barn where catfish are held in a tank before they are shipped.

The metal handle and lock were broken off but whoever had tried to gain entry was unable to because the lock's hasp was bent and the door could not be opened.

In a few days, the poisoning occurred, Kelley said, discovered on a Monday morning when he and some of his employees found catfish which had climbed as far out of the water up the bank as they were able, where they died.

Most of the fish were killed immediately, amounting to over a \$30,000 loss, but some have stayed alive until this week, when Kelley and some workers cleaned out the rest in the three tanks and buried them in narrow trenches, to fertilize the soil in Kelley's garden.

"Maybe I can get some use out of them this way," he said, as he watched two employees and his son, Mike, unload the fish from a trailer into tubs to be carried and buried in the trenches.

Kelley started his catfish farm 6 years ago, using the warm discharge water from Texas Electric's Morgan Creek Power Plant to raise large quantities of the fish during the winter months at the lake.

Fish are raised from eggs, hatched in wire baskets with a motor driven fan to simulate the male fish's movement over the eggs as in nature.

Until they reach fingerling size, they are fed automatically. Then the fish are placed in tanks in warm-weather months, which is where the poisoning occurred.

During winter months, the fish are placed in wire cages in the lake waters and grown to eating size, but the water temperature in the discharge area becomes too hot to maintain fish growth in warm weather and the small, growing fish are put in four earth tanks and water is pumped into

keep the water temperature between 80-85 degrees.

Kelley sent samples of water, poisoned fish and mud from the tanks to Texas A&M University for analysis. He has been assisted in establishing the catfish farm by specialists from the university and Texas Electric Service Company.

The report showed that the pesticide was in a high concentration, about 10 times higher in the fish bodies than would be normal even if farmers or ranchers had been spraying large amounts nearby, which they were not.

Kelley said that even a tablespoon of the chemical would be enough to kill anything in an acre-foot of water.

He was busy overseeing the cleaning of fish from the tanks this past week, taking additional mud samples in order to determine how much dredging is necessary to get the tanks back in operation.

"I don't know who did this," he said. "I think whoever it was just thought they would kill some fish. I don't think they meant to wipe me out of the fish business."

A \$1,000 reward is being offered for information leading to the arrest and conviction of

persons guilty of destroying the fish.

Catfish fanciers, who liked the farm-grown catfish, marketed under the label "Kilowatt Catfish," will not be able to purchase them in the market for some time to come, not until "Katfish" Kelley can get his catfish farm back into operation.

### Catfish Cleanup

The two photos above show only part of the damage at Kelley's Catfish Farm, located at Lake Colorado City. Farm raised catfish were poisoned by a high concentration of pesticide in three of the four earth tanks at the lake farm. Jim Kelley, owner of the fish

raising operation, is offering a \$1,000 reward for information leading to the arrest and conviction of the person or persons responsible. Top photo shows workers loading up the damaged fish at the lake for burial in trenches, bottom photo, in Kelley's garden.

## \$2 Million Budget OKed

Colorado Independent School District board of trustees Tuesday night in a brief meeting approved a \$2,268,557.60 budget for the 1975-1976 school year, calling for a 4¢ reduction in taxes.

The budget includes teacher pay raises as dictated by the last session of the Texas legislature. Salary costs make up 80.97 per cent of the total budget and the increase in salaries have increased per pupil cost from last year's \$894.38 to an anticipated \$1,080.10 for the coming year.

To make up the funds needed for salary increases and other financial demands on the school district, the budget calls for the elimination of one teacher each in the second, third and fourth grades, a secretary in the tax assessor-collector's office and seven aides, some of whom worked in the bilingual program which the federal government did not fund for Colorado City for the coming year.

The 4¢ tax reduction will come off the portion of taxes used for retiring school indebtedness. The tax rate for the coming year will be \$1.50 for maintenance and operation and 37¢ for debt retirement, making the tax rate \$1.87 on 55 per cent of valuation compared to \$1.91

last year on 55 per cent of valuation.

This tax reduction will mean a savings of \$4 per year for the owner of a \$10,000 house

## White To Speak At Farm Tour

Elmer Martin, Colorado City's representative to the Texas legislature, has made arrangements for Texas Secretary of Agriculture John C. White to speak at the annual Farm Tour, August 28.

Members of the Agriculture Committee of the Chamber of Commerce met for a 7 a.m. breakfast Thursday and began planning for the annual Farm Tour in the county.

Present for the breakfast meeting were Woody Anderson, chairman and director representative; State Rep. Elmer Martin, City National vice president Bobby Lemons and farmers D. M. Smith and Alton Raschke.

### Terrace Washout

Washed out gullies which used to be terraces resulted from heavy rainfall in the county, Saturday and Sunday. Farmers who have terraces damaged similar to the one pictured above are asked by ASCS executive director Don Stewart to report the number of damaged terraces to the office. Stewart said it is possible that emergency relief can be obtained for repairing the terrace systems washed out by the rain.

Also included as part of the planning session were representatives of the various farm agencies in the county; Don Stewart, executive director of the Agricultural Stabilization and Conservation Service; Van Mills, conservationist with the Soil Conservation Service; David Matron, Farmers Home Administration county supervisor and Bob Benson, county extension agent.

In addition, Chamber executive vice president Setton Pickens met with the committee.

Instead of meeting at the Lone Wolf Co-Opatorium this year as in the past, assembly point will be the city's new Civic Center. Busses, donated for use by Colorado Independent School District, will leave for the tour from the Civic Center and return in time for a catered barbeque luncheon.

Tour points of interest will be planned by the ASCS, SCS, FmHA and extension service. Pickens said that tickets for the luncheon will be printed and go on sale within the next few weeks.

"It's possible that we'll have a watermelon feed at some stop on the tour," Pickens said, "but plans are not yet definite about that."

"We do want more businessmen, as well as farmers and ranchers, to attend the tour this year, and we're hoping that the Civic Center meeting point

will bring more businessmen out for the tour," he said.

### Lions Tennis Tourney Starts

The Student Division of the annual Lions Club Tennis Tournament gets underway Saturday morning at the high school tennis courts.

Junior division begins play at 8:30 and Senior division competition starts at 10 a.m.

Finals in the Student Division will be played Sunday afternoon starting at 1 o'clock.

Grades 6-9 will compete against each other in the junior division and grades 10-12 are entered in the senior division.

Adults begin their play Monday, playing during a two-week period ending August 3. Tournament director Ken Burnam said adults will play as their work schedules permit as they make arrangements with their playing partners to meet at the courts and play.

Last year's winners include: David Hargrove, singles champion; Jackie Palmer and Mel Palmer, mixed doubles; Don Delaney and Johnny Grubbs, men's doubles.

Entry can be completed by contacting Burnam, phone 728-2975 or by filling in the entry blank printed in Sunday's edition of the Record.

## Heavy Rains Hit County

Lake Champion caught more than four and one-half feet of water from rains which fell heaviest in the Lone Wolf Creek and North Champion Creek watersheds Saturday and Sunday.

Six inches of rain fell in Colorado City, first downpour about 4 p.m. Saturday and last cloudburst coming Sunday afternoon.

A number of cars stalled on city streets overnight, reported to police dispatcher by patrolmen and motorists who had to leave their cars after they passed through a low spot and drowned out.

Holes washed out in several spots on city streets but the worst rain-related incident was rushing water that washed away both sides of the bridge over Lone Wolf Creek on Front Street.

The bridge had not been in place long, installed in November, 1973 in what had been a low water crossing. City crews devised the bridge at a low cost, only \$2,289, but to replace it now will be at greater expense.

The rain gauge at Texas Electric's power plant on Lake Colorado City showed 3.367 inches for Saturday and Sunday and Lake Colorado City's elevation increased only .55 feet. Rainfall was slighter in that lake's watershed area and what there was soaked in.

Lake Champion's elevation was measured at 2,048.25 last week and by Tuesday morning had reached 2,052.90.

Other rainfall amounts were reported as follows:

## Meeting Conflict Postpones Golden Age Club Meeting

By MRS. ALTIS CLEMMER  
Record Correspondent

The Golden Age Club's regular meeting scheduled for Aug. 5th will be postponed until Aug. 12 according to Mrs. A. G. Anderson, club president.

Postponement of the meeting was due to a conflict with the annual REA meeting in Colorado City.

The club will be observing their birthday dinner during the Aug. 12 meeting and the program will be presented by Rev. Wayne Oglesby, grandson of Mr. and Mrs. Aubrey Oglesby.

Rev. Oglesby will be presenting a program of slides of the Holy Land taken by his father, the late Rev. Dan Oglesby.

Committee for the birthday dinner are Mrs. Earl Hays, Mrs. P. E. Clawson, Mrs. Ruth Morgan and Mrs. Altis Clemmer.

Mr. and Mrs. Gerald Anderson and daughter, Pvt. Christy Anderson, have been visiting their parents, Mr. and Mrs. A. G. Anderson of Westbrook and

Mrs. Obie Bolin of Colorado City.

Pvt. Anderson is being transferred from Ft. Monterey in California to Ft. Denver, Massachusetts.

Other guests of the Andersons were Mr. and Mrs. Perry Lee Anderson, Tasha, Teresa and Chad of Vernon and Mr. and Mrs. David Anderson of Midland.

## "Pow-Wow" Begins In Snyder Park

Cub Scouts from Snyder, Fluvanna, Hermleigh and Colorado City in the Lone Buffalo District are invited to participate in an "Indian Pow-Wow" hosted by the Lone Buffalo Chapter, Order of the Arrow in Towle Park, Snyder, Saturday July 26.

Registration will begin at 9:30 a.m. at the Towle Park swimming pool. A registration fee of 50¢ per Cub Scout will cover the cost of "Indian war paint" and other supplies.

Everyone is to bring a sack lunch for the noon meal.

After the opening ceremony at 1 p.m. the Cub Scouts will participate in Indian Crafts and games. These activities include observing an Indian tepee, Indian war painting, pemmican making, a spring hunt, tug of war and physical fitness activities.

A closing ceremony and Indian dancing will end the day's activities by 5 p.m.

Cub Scouts are asked to wear their uniforms and bring their "fathers" for a day of Indian activities and games.

Mr. and Mrs. A. G. Anderson are attending an encampment at Paisana in the Davis Mountains this week.

Joining them at the encampment will be Mrs. David Anderson and Randy.

A. G. Anderson and his sister, Mrs. Kelley Blalock of Snyder attended the recent Golden Wedding anniversary for Mr. and Mrs. Moody Richardson in Loraine.

Visiting in the home of his grandparents, Mr. and Mrs. P. E. Clawson, is Morris D. Clawson Jr. of Austin.

Other guests are Mr. and Mrs. Era Clawson of Corpus Christi.

Rev. and Mrs. S. L. Yielding of Wellman were guests of Mr. and Mrs. Johnny Shackelford Sunday. Rev. Yielding is a former pastor of First Baptist Church in Westbrook.

Glenn Gainey of Monahans spent the weekend with his grandparents, Mr. and Mrs. D. J. Barber.

Guests of Mr. and Mrs. Kay Morris this week are their grandchildren and grandson, Mechell, Melissa and Ronnie of Sweetwater.

Descendants of the late Mr. and Mrs. J. D. Hays held their family reunion at the Col-Tex Club at Lake Colorado City July 13.

Children present were Mr. and Mrs. Denver Hays of Coahoma, Mr. and Mrs. Kay Morris of Lake Colorado City, Mr. and Mrs. Arvol Hays of Dallas, Mr. and Mrs. J. D. Hays Jr. of Channing and Mr. and Mrs. Earl Hays of Westbrook.

Mr. and Mrs. Altis Clemmer spent Saturday in Abilene.

## Attend Camp

Attending the Caravan of Camps Twirling School at West Texas State University were the Colorado Middle School twirlers. They are kneeling left to right

Marty Calaway, Lori Long and Malinda Fuller. Standing left to right Rane Grisham, Anne Marcom, head twirler and Laurie Wilkinson.

## Twirlers Attend Camp

Twirlers for the Colorado Middle School for the upcoming school year attended the Caravan of Camps Twirling School recently in Canyon at West Texas State University. They learned new twirling routines, modeling, make-up and hair dressing for the field.

Twirlers are Marty Calaway, Laurie Wilkinson, Lori Long, Rane Grisham, Malinda Fuller and Anne Marcom, head. Director of the Middle School band is Bob Newman.

## Group To Present Program

The Staffers, a group of young people from the Permian Basin Baptist Encampment near Lamesa, will present a program in song and a testimonial service Thursday at 7:30 p.m. at the First Baptist Church in Westbrook.

The Rev. Clinton Eastman, camp manager, will accompany the group and present slides of the camp.

Everyone is invited to attend, according to Rev. Fred Smith, interim pastor of First Baptist Church.

## Group Returns From Camp Roadrunner

As the "skyline" of Colorado City came into view Saturday morning, it was probably a welcome sight to a group of counselors and campers.

Six counselors from the Teens Aid the Retarded and the Retarded and six campers, along with their drivers, returned Saturday from a week's stay at Camp Roadrunner near Merkel. The week was filled with activities such as swimming, music classes, physical education and arts and crafts groups.

Each night the camp had an activity which included puppet shows, dances, picnics, hikes, talent shows with Thursday night being Awards Night.

Taking "turns" with the driving were Beulah Stanley, Mrs. Lonnie Wyrosdick and Mrs. Robert Woodard.

Counselors for the trip were Mark Miles, Donnie Woodard, Sheila Woodard, Donna Wyrosdick, Shirley Wyrosdick, all of Colorado City and Erma Gonzales of Westbrook.

Campers making the trip were Juana Gonzales of Westbrook, Geneva Pinkerton, Bobby Woodard, Rosie Sims, Junior Counselor and Dunelle Gibson, all of Colorado City and Marie Wilson of Loraine.

The group expressed special thanks to Delta Kappa Gamma, Fidelis Sunday School Class of the First Baptist Church and Miss Clara Shoemaker for their personal contributions which helped make the trip possible.

## Parsons, Rich Wed In Home Ceremony

Miss Katherine Parsons became the bride of Bruce Rich Friday in the home of the groom's grandparents, Mr. and Mrs. J. D. Iglehart. Double ring wedding vows were read by Rev. Homer Sallee during the 7:30 p.m. ceremony in a setting formed by blue and white flowers and candles.

Mr. and Mrs. H. R. Parsons of Colorado City are the parents of the bride and Mr. and Mrs. Cleburne Rich of Westbrook are parents of the groom.

Given in marriage by her father, the bride wore a dress fashioned of white lace featuring an empire waist and a high collar. She carried a nosegay of blue and white pom poms. Serving as candle lighter was Tommy Parsons, brother of the bride.

For a honeymoon trip to Lubbock the bride chose a blue and pink pant suit. The couple will be at home in Westbrook.

The home of Mr. and Mrs. Iglehart was the scene for a reception following the ceremony in which a tiered cake decorated with blue roses and topped with a miniature bride and groom centered the refreshment table.

The couple are both graduates of Westbrook High School. Out of town guest was Mrs. J. D. Parsons of Eastland.

### Official Memorandum By DOLPH BRISCOE Governor of Texas

GREETINGS:

Farms and ranches play a major role in the economy of Texas and help feed millions of Americans. In these days, when both the economy and food supply are matters of critical importance to Texas and the Nation, there is an urgent need to reduce the needless waste of human and material resources in agricultural accidents.

The demanding environment on Texas farms and ranches, with long, physically exhausting hours, frequent absence of close supervision, and remoteness from immediate assistance, places a premium on individual responsibility for alertness and safety precautions.

The President of the United States has acknowledged this problem nationwide by proclaiming the week beginning July 25, 1975, as National Farm Safety Week.

In Texas a special week-long, statewide program to highlight farm and ranch accident prevention will be conducted by the Texas Safety Association, Texas Farm Bureau, State Agricultural Extension Service, Future Farmers and Future Homemakers, and the Young Farmers of Texas.

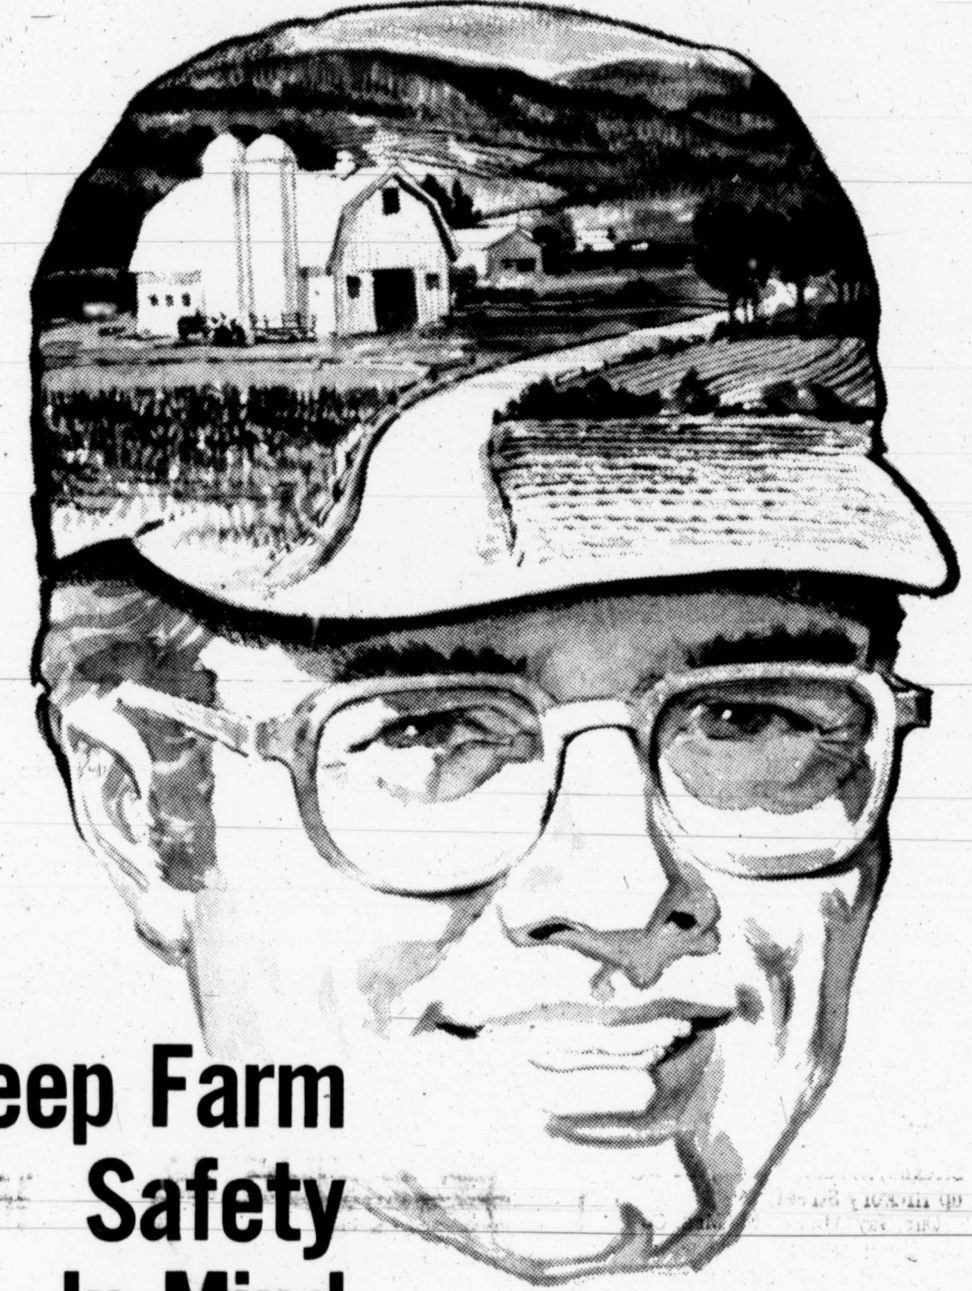

THEREFORE, I, as Governor of Texas, do hereby designate the week beginning July 25, 1975, as

TEXAS FARM AND RANCH SAFETY WEEK

and urge all who live and work on Texas farms and ranches to put safety first, to plan for accident prevention and to work diligently to remove hazards in agricultural environments; and further encourage all persons, organizations, and those working in agriculture to participate and to encourage others in reducing accidents on farms and ranches, and on the roads and highways to market.

In official recognition whereof, I hereby affix my signature this day of July, 1975.

*Dolph Briscoe*  
Governor of Texas

# Happy Days

By Ann Randle Davis

Like I said--and the rains came!!

Heretofore mentioned in this column has been our new Civic Center-Chamber of Commerce building of which we can all be very, very proud.

The Cultural Committee of our Chamber of Commerce has brought us many programs of which we can and should be very enthusiastic about. The last one with Mrs. Dorothy Brandt, dance instructor from Sweetwater, our Cheryl Hines (who's getting prettier every day), and four of her very fine students is no exception to what this Committee is doing for each one of us.

Can't help but think of the many times I've heard there is "nothing to do here" but our main pain is we do not realize the many advantages we do have. Can you imagine anything of this nature in say, Dallas or Houston? Why you'd be thirty minutes driving there and the same coming back and you wouldn't know a soul after you get there.

Saw many of our wonderful citizens there--Mr. and Mrs. Sefton (Aldred) Pickens, Mrs. R. D. (Alice) Coles, Sr., Mrs. Witt Hines, George Womack, Mrs. Jewell Richter, Miss Nedda Garrett, Mrs. Bob (Charles) Reilly, Joe Earnest, Mrs. Wilma Womack, Mrs. Bob (Dale) Creighton (who also did the introduction), Miss Lily Bennett from Loraine and this by no means covers everyone.

Others seen here, there and everywhere--our very nice, Robert Chambers--very kind and talented school choral director, Surry Gillum--Emily (Mrs. R. D.) Bridgford, driving down the street--our very nice Zena Pritchett hard at work--Don Minschew--Jackie Ellis a BIG junior in high school and getting better looking every day, if possible--Bill Coffey waiting at a stop sign--J. C. Britton, who's always smiling and also very helpful--dear, sweet Miss Clydine Stickey--Eddie Piland, driving up Hickory Street.

Our Gay Ainsworth (Mrs. Corry Houston), her two dears, Mary Alice and son, Sam and Connie Ainsworth (Mr. W. R. Hampton) and her three children, Bobby, Nancy and Will of Houston, met in Galveston for a five day vacation of swimming and fishing. Also heard somebody hooked a big 'un. How about that, Sam?

There are a lot of good Colorado City people out--maybe the rains had something to do with it--Rick Perkin babysitting with his two dolls, Shannon and Chris--young, nice looking Barry Blackmon, up and coming and growing taller--sweet Betsy Mann, washing her car--the very dear Ophelia (Mrs. F. N.) Thomas, driving down the Street--Virgil Mann, working in his yard--Shayna (Mrs. Hubert) Bassinger and her two

adorable kids, Janna and Reggie, waiting for something to eat--Gerald Hill, driving down Hickory--one of our most outstanding young beauties, Toni Wulfen, shopping (she's also very sweet)--Shirley (Mrs. Drew) Ballard, another wonderful person--Jerel Lynch, nice city policeman--charming and brilliant, Miss Gladys Miller--A. L. (Buck) Geer, driving up Chestnut Street--Selma (Mrs. Willie) Landau, who's so very nice and also smart!

Just back from Colorado Springs, Colorado, our very dear Mr. and Mrs. Henry (Luna) Bilberry, where they visited their older daughter, Judy and her husband, Arthur and saw their lovely new home.

My fun-loving and very attractive across-the-street neighbor, Cresta (Mrs. Eddie) Mitchell and her two little dolls, Brian Paul and Courtney paid me a short visit--spied Billy Erwin, who's always so very nice--also the George Callenders, she's always so sweet and accommodating--saw OUR Susan Blasingame who's so kind and a very smart cookie--Amoria (Mrs. Rusty) Lee having a fun time--Bea Smith, hard at work but always smiling--our pretty, young Dawn Etta Leonard, driving--then that Bill Everett, Jr. who's a real charmer besides good looking--Helen Smith, who's always a peach!

HAVE A HAPPY DAY!

or piece of property.

Of the total budget, \$1,273, 945.89 will come from local taxes; \$308,744.76 from money left over from a bond issue for construction and will be used to finish the construction program during the coming year; \$2,517 will come from the federal government to cover indirect costs and \$683,349.95 will come from the state. In addition, there is \$109,706.14 which will

come from federal government for other expenditures.

The list of expenditures of budgeted funds includes \$977, 281.55 for instructional services; \$60,241.82 for instructional resources; \$108,780.28 for school administration; \$17, 603.60 for guidance and counseling; \$12,406.50 for health services; \$82,047.60 for transportation; \$47,372.96 for co-curricular activities; \$25,807.14 for food service which includes funds for purchasing cafeteria equipment for the new high school; \$710,779.21 for general administration which includes funds to complete construction

projects; \$217,416.06 for plant maintenance and operation and \$8,820.88 for the new community services at Wallace School.

Among those attending the public hearing on the budget were B. B. Hardee, manager of the local Texas Electric Service Co. office and Don Benson, representative of the TESCO tax office in Fort Worth.

They announced that TESCO has again agreed to pay half of their tax bill before November. TESCO pays taxes in two installments of about \$240, 000 each.

## Art Show Scheduled At Library

The Colorado City Brush and Palette Club will hold their annual Art Show in the Hesperian Room of the Mitchell County Library Sunday thru August 2. The show will be open from 2 p.m. to 5 p.m. Sunday and regular library hours the rest of the week.

Each club member will display four paintings. This year there will also be some macramé pieces on display.

Carl Bell, club president, cordially invites the public to attend the show.

## To Be Wed

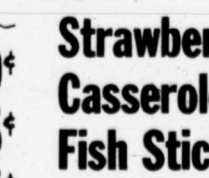

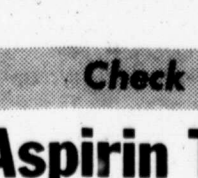

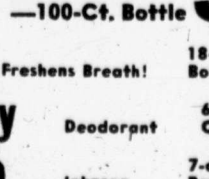

Mr. and Mrs. Loyd Hair, Rt. 2, Loraine, announce the engagement and approaching marriage of their daughter, Linda, to Larry Wayne Grisson of Rotan.

The ceremony will be performed 3 p.m., July 26 in the West Side Baptist Church in Sweetwater.

EVERYONE WELCOME

The back yard of Fern Coon's home was the setting for the annual family picnic for members of the Baumann Home Demonstration Club and their families and guests.

Tables and chairs were arranged on the lawn and those attending brought covered dishes for the picnic meal which included ice cream and cake.

After the meal a short business session was held.

Guests were Mr. and Mrs. Wilberly Butler, Mrs. Vera Carpenter and Lester Webb.

Members attending were Mrs. Lester Webb, Mrs. Pauline Smiley, Mrs. Mable Givens, Mrs. Clara Butler, Mrs. Vada Preston, Mrs. M. D. Cheek, Mrs. Thomas Vest, Mrs. Cullen Payne, Mrs. Lynne Compton and the hostess.

Cherry Taylor of Lubbock spent the weekend with her grandparents, Mr. and Mrs. Dexter Taylor and with her maternal grandmother, Mrs. R. B. Golden in Colorado City.

Joe McGee is reported to be doing satisfactorily in the Methodist Memorial Hospital in Lubbock after undergoing open-heart surgery on July 17.

Visiting Mrs. Harvey Leach last Thursday was Mrs. Irene Applewhite of Boise City, Idaho. Mrs. Applewhite is a former teacher in the Loraine school system.

Visiting Mrs. Leach Friday and Saturday were Mr. and Mrs. Fred Davidson of Crane.

Mrs. Hal Bennett has returned home from a ten-day trip with her daughter and son-in-law, Mr. and Mrs. Joe Reeder of Odessa.

During the trip the trio visited several Tennessee cities and a highlight was a tour of "The Hermitage," historic home of ex-President Andrew Jackson.

On the return trip home Mrs. Bennett visited with her son and family, Mr. and Mrs. R. C. Bennett in Midland.

Mrs. Mable Givens returned

**Based on latest FPC figures,  
Texas Electric's residential rates are  
27% below the national average.**

The average family uses about 750 kilowatt hours of electricity per month. Based on the latest Federal Power Commission figures, Texas Electric's rates for this much electricity are about 27% below the national average.

But all over the country, the costs of producing electricity are rising.

New supplies of Texas Electric's major generating fuel — natural gas — are harder to get and more costly.

So we're turning to lignite coal and nuclear fuels. While these fuels cost less

than new supplies of natural gas, plants that use them are considerably more expensive to build than gas-fired plants.

This means electricity will have to cost you more.

But we're trying to keep your rates reasonable by using fuels that will keep costs lowest in the long run.

| Indianapolis         | \$14.14 |

Your town may have a general service rate above or below the average rate listed above. Rates differ in all the towns we serve, because each town has a unique gas distribution system and has different revenue requirements.

We know your gas bills have been rising steadily in the past year or two, and they'll continue to rise. The average price Lone Star has had to pay for gas supplies has risen more than 250 per cent during the past three years, and some of this increase has been passed on to our customers.

Lone Star has been consistently able to supply our customers with natural gas. Other parts of the country are having severe problems in obtaining adequate supplies of this premium fuel, and we're working hard to prevent those problems here in our area.

In fact, the average rate in cities on the Lone Star Gas Company system in Texas ranks among the lowest general service gas rates in the country for residential and commercial customers.

These rates are based on a recent comparison by Lone Star Gas. The rate you see listed for the Lone Star Gas system is based on the average of all general service rates in the 410 incorporated cities and towns we serve in Texas, and are based on 10-thousand cubic feet of natural gas used by residential customers on June 1, 1975.

**Card Of Thanks**

We express our sincere thanks for the many ways you showed concern for me while I was in the Abilene Hospital. The visits from Lorraine friends while there, the cards and prayers were greatly appreciated and helped so much. I am now back at the Lorraine Nursing Home and making a fine recovery. Howard joins me in saying thanks and may God bless each of you.

Mrs. Maggie Bryant

**Card Of Thanks**

We would like to express our deep appreciation to the good friends who showed their love and concern during our recent sorrow. The cards, visits, food, kind words and prayers meant so much to the entire family. Thank you so very much.

**Three ways to travel by Long Distance:**

Emmett Kelly Jr. for Southwestern Bell

**Cheap**

Call One-Plus

One-Plus is always the cheapest way to call Long Distance. For example, a coast-to-coast call during business hours (8 a.m. to 5 p.m., Monday through Friday) is only 56¢ for the first minute. Out-of-state calls spanning shorter distances cost even less.

**Cheaper**

Save 35 percent evenings

You save 35 percent over the day rate when you call out of state the One-Plus way evenings (5 p.m. to 11 p.m., Sunday through Friday). For example, a coast-to-coast call costs only 36¢ for the first minute.

**Cheapest**

Save 60 percent nights and weekends

Our lowest rate. Save 60 percent over the day rate when you call out of state the One-Plus way on weekends (all Saturday and Sunday until 5 p.m.) and nights (11 p.m. to 8 a.m. daily). For example, a coast-to-coast call costs only 22¢ for the first minute.

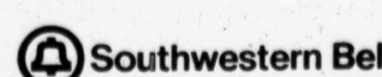

Want to know more ways to save on out-of-state Long Distance calls? Return this coupon and we'll send you a free calling guide.

Remember, additional minutes are always less than the first on out-of-state calls. Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

Travel by Long Distance... and stay awhile.

For rates to Alaska and Hawaii, call the operator. One-Plus rates don't apply to person, coin, hotel-guest, credit card or collect calls, or calls charged to another number.
