OFFICIAL COUNTY PAPER OF OCHILTREE COUNTY

VOLUME VI.

PERRYTON, OCHILTREE COUNTY, TEXAS, FRIDAY, NOVEMBER 2, 1923.

NUMBER 39.

CANADIAN "HI" TO PLAY HERE SATURDAY

The gridiron warriors of the Perryton and Canadian High Schools will clash in their second annual game on the local field on tomorrow morning, Saturday, November 3rd. Advance dope indicates that this game will be one of the most hotly contested games to be played in the Panhandle this season. The visitors from Canadian are both going at top speed and are right now in the best of condition. Canadian has been playing a good game this year and they have been very successful. To date they have won every game played, scoring a total of 155 points to their opponents 13. Should this game we will be strong contenders for Panhandle championship honors.

Last year Canadian and Perryton tied a 13-13 tie and both teams were eager to settle this score. You want to see a real football game between two worth while teams, so out tomorrow and see this game. From all reports the teams were evenly matched and there is no doubt but what it will be a battle to start to finish. Go and see the game and give the boys your financial as well as moral support. The boys have not asked the business men for any donations to promote expense money this year but they are relying on gate receipts which unfortunately have been very low on account of so many home games being cancelled on account of roads and weather. This will be the best game of the year so do not fail to see it. Be there rooting with your might for the home team to

LOGAN-EUDY

The Tenny Logan and Mr. Andrew Eudy of this city were married on Friday afternoon of last week, the ceremony being performed by Justice Peace Taylor. Mrs. Eudy's parents live near Wawaka but she has been employed in this city for the past year. Mr. Eudy is a son of Mrs. L. Johnson and has been associated with Mr. Johnson in the operation of the O. K. Transfer Line. They were the fore part of this week for New Mexico where they will be their home. The Herald joins their many friends in wishing them a long and happy married life and much success in their new home.

AN EXPLANATION

In my article of November, 1922, leaving and expressing my appreciation of patronage received, I expressed a desire for a University graduate and physician to succeed me. By this I meant no objection on Drs. Brewer, Blank and Co. as I did not mean to discredit any in any way. I am sorry my statement could have been so interpreted. I did not mean to infer in that article that they were not gentlemen and first class men, as I did mean to refer to the physicians in that article. I am glad to have this put in this paper, as I stated verbally before leaving.

(Signed) ROBT. HARP.

HUNTON NEWS

In spite of the rain, snow and other weather, which has caused many of the pupils to be absent from school, Santa Fe has at last put this line operation, for which we are very thankful.

We have just received our new pumpkins, for which we have been waiting for some time.

Miss Inez Langhorne spent Sunday with Miss Marie Pearson.

Mrs. Alton Payne, Garland Pray and Jesse Morris and Misses Katie and Faye Morris spent Sunday with the Tipton.

Charles Salter and family went to Dallas Sunday.

Dell Taliaferro and son, Dallas, were here on business Saturday.

Carole Cassidy of Balke is visiting with his cousins, Della and Helen.

John Lawson reports that he has been receiving some fine programs on his radio.

Mrs. Jim Halcomb is reported to be ill. No doubt her illness is due to overwork during the mail rush last Friday and Saturday.

EPWORTH LEAGUE NEWS

Gladys Glasgow was our leader last Sunday eve and made us a fine leader. Gladys is one of our leaguers that will make a good leader at any time. We have a number of leaguers that are real workers, and their experience in the Epworth League is one of the main factors that has fitted them for leadership among the young people.

Ruth Puckett, one of our veteran leaguers, is doing some good work in Clarendon College. We are expecting Ruth to bring back some new ideas on the league work. Ruth is willing and capable of grasping any new ideas and will be quite willing for others to profit by her experience and observation.

Herring Lance surprised the whole body of leaguers by having nothing to say at our last meeting.

Glenn Ragan was absent at our last meeting. Glenn, we miss you. You have been one of our best leaguers and we count on you.

J. R. Yoakley has been visiting our League of late. J. R. has threatened to join us if we did not stop our meetings. We will be glad to see J. R. make his threat good.

It is gratifying to know that there is such a large number of young people in our town that can do league work. The League is a permanent and effective part of the church. Our League has been going since the beginning of Perryton and the future of the League promises to be even better than ever before.

From now on there will be a list of all the 100 per cent leaguers on the door of the League room each Sunday eve. There will be a certain number of points given for the following: Punctuality; Reverence for God's house; Payment of dues and League Work. All Leaguers should take note and make the highest places possible for them.

David D. Shanks has resigned as president of the League. Exactly two years ago Mr. Shanks became president of the League. His resignation as president of the League was an absolute surprise to practically every Leaguer. No reason is given for his resignation.

Glenn Ragan automatically became president of the League. Glenn is amply fitted for the place and there is no reason to believe that our League will not continue its progress. Mr. Shanks will continue to take part in the League gatherings but will not have any official connection therewith.

Mrs. Forbes was a visitor to our League Sunday eve. Come back to future meetings, Mrs. Forbes. We are glad to have you.

The officers of the Epworth League at the present are:

President: Glenn Ragan.
Secretary: Myrtle Rogers.
Treasurer: Addison Cutter.
Supt. of Devotional Department: Aleene Williams.
Supt. of R. & C. Department: Marie Kent.
Supt. of S. S. Department: Ninaice Glasgow.
Supt. of Missions Department: Mary Garrett.
Pianist: Marie Kent and Nina Glasgow (acting).
Era Agent: Myrtice Glasgow.

HIGHWAY IS NOW OPEN ACROSS CANADIAN RIVER

State Highway No. 4 across the Canadian River at Canadian is now open and cars are going across the river by the dozens every day. Arrangements were made to station a man and team at the bridge to pull cars across at a charge of \$1.00 per car, the same as a toll bridge charge. Wagons and other vehicles are crossing without any help. Cars can drive across the river on their own power as soon as the water goes down a little more. They can drive now but the water is high enough that there is a chance of flooding the carburetor.

Commissioner John Dorsey and County Engineer Dick Spiller expect to have a pontoon bridge over the water inside of a week and an approach to the end of the bridge so that cars can cross the water, go up on the bridge and come across on their own power.

The Santa Fe has a force of workmen on the river a mile west of the bridge and are ditching and throwing the stream back to the center of river so it will again flow under the bridges.

They turned the water into the ditch excavated in the river bed Tuesday and the water turned back to the center of the river and began cutting out the old channel. With no more floods to interfere it is likely that the river will be back where it belongs before many days. In the meantime the highway is open and tourists, farmers, traveling men and all others may resume travel on the highway through Canadian.—The Canadian Record.

EMPIRE OIL MEN LEAVE FOR AUGUSTA

Mr. and Mrs. W. M. Murphy and daughter, Miss Helen, Mr. and Mrs. W. C. Hutchinson and small son and Mr. and Mrs. Dayton Jones left in their cars on Wednesday of this week for Augusta, Kansas. These people have been here for almost a year working on the Empire No. 1 test which was abandoned a short time ago. During their residence in this city these good people have made many friends who hated to see them depart. Moerbrich Chadwick accompanied them to Wichita where he will visit relatives for a few days.

TRAIN SERVICE WAS RESUMED LAST FRIDAY

Train service over the North Texas & Santa Fe was resumed last Friday after a two weeks lay off on account of washed out bridges. Since resuming service the local employees have been swamped with work. Every train has brought many cars of freight which had accumulated at the terminal while this branch was out of commission. A number of cars of cattle and hogs have been shipped out during the past few days.

On last Friday and Saturday Talley & Donley shipped four cars of hogs to Los Angeles and two cars of cattle to Wichita. W. M. Shrader shipped nine cars of calves to Bowling Green, Missouri, on last Friday. W. R. Street shipped a car of mules to Fort Worth on Tuesday of this week and on the same day, John Rogers shipped a car of hogs from his station to Wichita. On account of the bad roads, very little broom corn has been hauled in since last week. About twelve cars have gone out since the road was repaired.

PERRYTON SCHOOL NEWS

The bad weather during the past week or so had little or no effect on attendance. Even the teachers have been heard to say that they wondered how some of the children managed to make it.

There has been some little improvement in the matter of lessening the number of tardies; however, much remains yet to be done. The Third Grade made the best record for the month just closed, by having the fewest numbers of tardies. The Second Grade came second. It is fine for these little fellows to set such a good example for the larger boys and girls.

Several of the rooms are decorated for Hallowe'en. Cats and witches and pumpkins are in evidence and a visitor would think that he had found a nook in Fairyland if he should see one of the lower grades at just this time.

Tests and examinations were given in many of the classes during the past week, and the teachers are busy grading and checking up the work of the pupils. The boys and girls are eager for their grades, which will be given soon for the month just closed. Some will be disappointed, however the attitude displayed by the students in the High School concerning their grades is fine. If an unsatisfactory grade is made, they realize that greater effort and application is necessary for the future.

Brother Hitchcock appeared at Chapel recently and, as is always the case, he was heartily welcomed.

Next Saturday Canadian and Perryton play here. The Perryton boys are ready and anxious to annex another game. Be on hand. Boost for Perryton.

Visitors are always welcome at school. Come and see us. You will see a busy bunch.

SCHOOL REPORTER.

Rev W. A. Hitchcock, pastor of the Methodist Church of this city, left Tuesday for Plainview, Texas, where he will attend the Annual Conference of the churches of the Northwest Texas section. There will be no regular preaching services at his church next Sunday but the Sunday School and League services will be held as usual.

A. W. Kimmel and Wm. Kuhn of Beaver, were visitors here last Tuesday.

TWITCHELL NEWS

Plenty of water and mud and scarcely any feed cut in this locality. Quite a few are having bad colds this changeable weather.

ALFALFA SCHOOL

There will be a box supper at the Alfalfa schoolhouse on Saturday night, November 10th. A short program will be rendered by the pupils of the school. Everybody is invited to attend this program and supper.

J. H. Norwood received word the latter part of last week that his son, George, who lives at Monticello, Utah was seriously ill with typhoid fever, at the Denver & Rio Grande Hospital at Salida, Colorado. George has a number of teams at work on a grading project for the above railroad company.

Miss Carrys Dodson left Saturday for Liberal, Kansas, for a few days visit with friends.

WHEAT AS A FEED FOR LIVESTOCK

Because of the present low price for wheat and high price for corn, much interest is being shown in the feeding of wheat. There may be data available that will show favorable to feeding wheat of low grade; but there is nothing to show that it pays to feed a good high grade of wheat, unless it sells for practically the same price as corn. Government figures show that high grade wheat and corn are practically equal in feeding value, pound for pound, providing the wheat is ground, as it does not pay to feed it whole. When corn is 75 cents a bushel on the farm 80-cent wheat is practically equal in feeding value, and when corn is 93 cents wheat should be figured at \$1.00. These figures do not take into consideration the cost of grinding the wheat, which is from 5 to 10 cents a bushel.

Two-thirds of the wheat received on the Kansas City Market falls in grades 1, 2, and 3; the other third falls in grades 4, 5 and Sample. The first three grades are by far the best for milling and sell for the highest prices. Carefully compiled figures from the Kansas City wheat receipts for the past two months (August and September, 1923) show that the price paid for low grade 4 wheat was almost 8 cents a bushel less than that paid for low grade 2. The same data shows that grade 5 wheat sold for almost 12 cents a bushel less than low grade 2. Sample grade sold at from 15 to 17 cents a bushel less than low grade 2. The average premium paid for the first three grades was almost 12 cents a bushel above that paid for the last three grades. While the three low grades sell for less money and are not suitable for a high grade of flour, they have almost as high feeding value as the better grades.

Official data from the Kansas City office of the Federal Grain Supervision show that during the years 1919, 1920 and 1921 almost 68 per cent of the wheat inspected graded down one grade or more on account of low test weight per bushel. The 1923 receipts, up to October 1, show that test weight is affecting the grades more than during the three years named. While it may not be practical to run much, if any, of the better grades of wheat through a fanning mill or grain grinder, yet much of the poorer wheat can be improved from one to two grades. The best re-cleaned wheat from the fanning mill will sell at from 5 to 10 cents a bushel higher than the uncleaned wheat, and the screenings will bring almost as much as the re-cleaned wheat when fed to hogs or other livestock.

DEPARTMENT TO FINANCE BUILDING NEW BRIDGE

Judge J. E. Stephens received a telegram Monday morning from Capt. J. D. Fauntleroy, chief engineer of the State Highway Department at Austin, that the department had granted an appropriation of three-fourths of the expense necessary for building the additional four spans or six hundred feet necessary to extend the highway bridge over the river. The county will at the earliest possible moment let the contract for the bridge and work will start right away. It is supposed that the old contractors on the bridge will get the new contract, as the old bridge has proven satisfactory in every way, and has stood against all floods with no damage whatever.

This is good news to the entire Panhandle, and the prospects are that the Canadian River will be bridged again in a few weeks.

All the officers of the county court have been right together on the proposition of getting a bridge across the river, and all are to be commended for this splendid appropriation from the state highway department.

BRILLHART SCHOOL

Mrs. Hugh Shannon, teacher of the Brillhart School, announces that the pupils of that school will render a program on Saturday evening at 8 o'clock to which everybody is invited. Remember the date, Saturday, November 3rd.

Mrs. Albert Hills of the Gray community was a visitor at the Herald office last Saturday.

EAT MORE BISCUITS

We would not stop all the foreign flour coming into our town if we could. The same flour will not satisfy everybody. We know that GOLDEN RULE FLOUR makes good biscuits, cakes and pies. Some people have to mix their flour for the best results in making light bread. In selling direct to you, we have made all flour in this town sold cheaper and those that use GOLDEN RULE exclusively save the most. The only way we can do ourselves any good is by benefiting you.

We have had a car of BOX APPLIES on the road for about ten days. They will be sold at \$1.75 per box. A small profit means quick sales.

Please try the following recipe for Baking Powder Biscuits with GOLDEN RULE FLOUR.

Recipe using sour milk or buttermilk:

Sift together thoroughly:
2 cups Golden Rule Flour,
1 level teaspoon salt and 3 level

teaspoons of baking powder.

Add 3 level tablespoons lard (rub in with tips of fingers until mixture has the consistency of meal.) Now, stir in with fork:

1 full cup of sour milk or buttermilk, to which has been added one-fourth level teaspoon of soda. (Mix at ONCE. Do not allow the sour milk and soda to stand.)

Toss on a well floured board, roll to one-half inch thickness, cut with two-inch cutter and bake in hot oven to light brown, about 15 minutes.

Something to Think About

Since we have been selling the SAMSON HAYATT ROLLER BEARING windmill we have not had one single complaint, either on the performance or the workmanship of this wonderful new windmill.

Quite a record, but it is true. With the SAMSON HAYATT ROLLER BEARING you simply put up the mill and forget all about windmill troubles. Go up and oil it every two years and it goes on and does the work.

If you are thinking of buying a new mill it will pay you to look this mill over before you buy. Seeing is believing.

Everything for a first class WELL job.

SOUTHLAND LEADS CORN
BELT IN HOG GROWING

Texas farmers have captured all
honors in hog growing as projected
by the Ton Litter Clubs of the sev-
eral states for 1923. A Poland China
litter of twelve pigs bred and fed
by M. L. Marcom, of Leonard, Texas,
weighed officially 3,542 pounds on
the 180th day after farrowing, which
is 502 pounds above the record weight
held by an Indiana litter in 1922. It
is the heaviest litter of this breed
for 1923.

Another litter of ten, same breed,
fed by J. M. Martin, of Denton Coun-
ty, Texas, was weighed the last of
September, and averaged 333 pounds
each, which is the heaviest average
of any litter in the United States, all
breeds included.

The suspicion immediately arises
in the reader's mind that these litters
could not have been practically fed,
but the fact is that the litter of
twelve were fed on ground corn and
wheat shorts, with tankage. Only
270 gallons of skimmed milk were
fed during the entire six months.
The pasture consisted only of two
thirds of an acre of alfalfa, burmuda
and sudan mixed.

The cost of the litter was as fol-
lows:
Feed for sow from breeding
to farrowing time.....\$11.50
Feed for sow from farrowing
to weaning time..... 14.90
Feed for litter from weaning
to 100 days old..... 31.60
Feed for litter from 100 days
to end of period..... 161.69

Total feed cost.....\$219.69
The litter was sold to a local
butcher for \$2.50 per cwt. above the
market price at Fort Worth that day,
or \$11.50 per hundred pounds, return-
ing to Mr. Marcom a check for
\$407.33 and leaving him a profit of
\$187.64.

The pigs averaged 2.5 pounds per
head per day growth from weaning
time until they were 180 days old.
The sire of this litter was sired by
Liberator, a boar which sired the
world's champion sow of 1921, the
world's champion sow and boar of
1922 and the world's champion sow
of 1923. The dam is by the grand
champion boar of Nebraska State
Fair a few years ago.

Business men—with whom the runabout has always been very popular—are well pleased with the changes embodied in this model. Always rugged, the car has been made decidedly trimmer and more comfortable. This result is obtained by raising the radiator and enlarging the cowl, making a decided improvement in looks and providing more leg room. A well designed top and slanting windshield do their share toward adding a finished, clean-cut appearance. Make it a point to see the other new models also on display in our show room.

Red Cross Field Of Action Covers All the World

Represented by 33,668 members, the American Red Cross penetrates to nearly every part of the world. The insular and foreign roll call statistics for the past year are a most conclusive manifestation of the Red Cross spirit carried into the most remote lands. In Europe there are 4,088 members; in Turkey, and active in the Constantinople Chapter, 3,545. China has an enrollment of 2,252; Africa, 136; India, 224, and Australia, 29. Even Vladivostok, in frigid Siberia, has a live chapter with 100 members. The Philippine Islands can mobilize 53,747 under the Red Cross banner and Hawaii 7,863. The total funds raised through foreign and insular membership enrollment and sent to national headquarters in Washington amounted to \$60,216.54, while an additional \$33,350 was forwarded for the endowment fund of the American Red Cross. The high seas roll call in 1922 was an inspiring success. The Navy signed on 4,331 for the Red Cross and the merchant ships 4,141. Of the total membership outside the United States \$3,990 are registered with chapters in foreign lands, the insular possessions and dependencies.

WE ADMIT THAT APPEARANCE MAY HAVE HAD SOMETHING TO DO WITH EVERY WELL-ROUNDED SUCCESS, BUT PERFORMANCE HAD A GREAT DEAL MORE. APPEARANCE SOMETIMES DECEIVES. PERFORMANCE NEVER DOES :: :: :: ::

AMBITION TURNED LOOSE OFTEN SURPRISES US

Many a flivver has made the hill other cars were afraid to tackle. Their ambition gets them into lots of trouble—but it also gets them out again.

The ambitious man may make mistakes. He may even fail, but failure is no disgrace if it were preceded by a real effort to win. And such men do not remain failures for long. They're soon up and after it again stronger than ever.

Success begins and ends with performance.

Performance creates the material with which to practice thrift.

Thrift creates bank accounts.

Bank accounts lend encouragement.

Encouragement is the fuel that fires ambition.

Ambition is the stuff that makes a man perform.

THE MAN WHO SUCCESSFULLY HANDLES A SMALL INCOME IS A GREATER MAN THAN HE WHO SUCCEEDS WITH A LARGE ONE.

Scott's Lucy, registered Duroc-Jersey sow, and her world's record litter of twelve pigs that weighed 3898½ pounds at 6 months old. Upper left, Vic. Hill, owner and feeder; upper right, E. R. Eudaly, County Agent, who supervised the feeding.

TEXAS LITTER WEIGHS ALMOST TWO TON

Texas now holds the world's record in the National Ton-Litter contest with an official weight of 3898½ pounds for a litter of twelve Duroc-Jerseys at the end of 180 days feeding. The pigs averaged 324.9 pounds each when weighed September 1st under the supervision of A. L. Ward, Swine Specialist of Texas A. & M. College and officials of the McLennan County Farm Bureau. The pigs made an average daily gain of 1.8 pounds during the entire feeding period.

This record litter was bred and raised by Vic Hill, Chalk Bluff, McLennan County, Texas, and is from champion ancestry on both sides. The sire is a son of the champion junior yearling boar at the Texas State Fair in 1920 while the dam is by L's Pathfinder that was state grand champion Duroc boar at Dallas in 1919. The pigs were farrowed March 5th; there being fourteen in the litter, twelve of which were raised. The dam was a few days less than three years old when the contest ended.

In order to be correct and certain on every point, the litter was earmarked when seven days old by the County Agent, E. R. Eudaly, in the presence of the President of the local County Livestock Association. The scales on which the pigs were

weighed were tested and sealed by the Waco city inspector of weights and measures.

For raising this great litter, Mr. Hill won \$335.00 in cash prizes; \$200.00 of which was offered by the National Duroc-Jersey Record Association, Peoria, Illinois, and the balance by Waco business houses. On the day weighed, the pigs were valued at 9½c per pound on the market though Mr. Hill will realize much more for them. He has recorded nine of the pigs and after being shown at the Waco Cotton Palace they will be sold for breeding stock. The total cost of feed consumed including pasture was \$29.84 making the cost of the production \$5.89 per cwt. At the market value of 9½ cents a pound the pigs showed a net profit of \$140.51. The pigs were fed corn, corn feed meal, pig chow and skim milk. When 90 days old the litter weighed 1243 pounds; at 131 days the litter passed the ton mark weighing 2325 and at 160 days the weight was 3117. The last twenty days the daily gain was 3¼ pounds per pig.

On August 2nd, 1921, the Security State Bank & Trust Company of Eastland closed with deposits of more than a Million Dollars. Messrs. Fleming & Stitzer had on deposit in this bank \$70,658.93; on November the 25th, 1921, the Commissioner of Insurance & Banking sent them a check on the First State Bank of Eastland, for payment in full.

When a Texas State Banker solicits your account he knows that if the unforeseen happens you will be paid one hundred cents on the dollar for every non interest and unsecured deposit you have in his bank.

He pays for this protection, and it does not cost his depositor one penny. He also gives you every safeguard that any other kind of a banking institution gives. In view of the fact that all banks are more or less run on the depositors money this right and all banks should be willing to give you every safeguard possible as we never know what the future has in store for us. Take out an insurance policy on your life's earnings now by placing your money in a State Bank.

They have no paupers to their credit caused by bank failures. The Texas State Bankers are at this time contributing to a fund to be used in prosecuting crooked bankers and have been successful in placing three behind the bars in the past thirty days. The time has come when we must have clean banking. Encourage them by giving them your co-operation.
