County-Wide Meeting Set For Farmers

Hansford County wheat producers, faced with reported record state wide acreage plantings, market uncertainties, and continued low prices have set a county-wide meeting to study their plight and map stratigies for future production and market decisions.

Joe Dan Bryan County Directors of the Texas Wheat Producers Association said the meeting, open to all producers, is scheduled for Thursday, February 11, 10:00 a.m. at Court Room in Spearman.

The county director said that staff and/or officers of the state-wide organization will be on hand to discuss emerging information related to the program provisions of the 1982 wheat program, political uncertainities and impact on wheat markets related to the continuing review of the U.S.A.--U.S.S.R. trade relations and crop situation and market outlook for the coming months as harvest approaches.

Bryan said that this is a particularly important meeting for producers to attend in that the market and price picture for the new crop marketing period may be directly related to what action, or the lack of it, that farmers take in connection with the use of set-aside acres, use of the loan and reserve programs and marketing strategy.

Fruitcake Review 1982 Baby Contest

The two previous Fruitcake Reviews starred local and area talent. We have been lucky enough to secure baby pictures from ten members of our past casts. The Reporter will be running these pictures from now until February. Study them and make your guess as to their identity. The first five people to correctly name all ten will receive two free tickets to the 1982 Fruitcake Revue as well as area recognition for their outstanding ability to recognize faces!

Hey! No fair telling, if this is YOUR picture. Please mail guesses to: Chamber of Commerce, % Name the Baby Contest, Box 161, Spearman, Tx. or drop by the Chamber office after you have seen all ten pictures. All ten pictures will run again late in January.

#9 (CLUE) Practising at an early age really paid off as she grew up to be quite a singer.

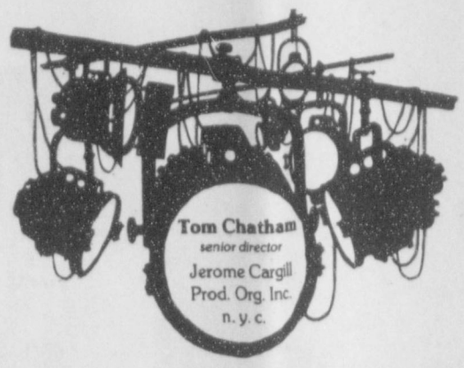

#10 (CLUE) He grew up to be **some dancer** especially if the costume is just right.

Hospital News

Patients in Hansford Hospital are Dan Shrader, Carolyn Russell and daughter, Anna Sanchez and son, Keesee Richardson, Leo Frazier and Mary King.

Dismissed were Laura Mackie and son and Rita Cole.

Fruitcake revue director predicts great show

Tom Chatham, senior director with Jerome Cargill Agency, New York, has staged and directed shows in 48 states. Tom is a graduate of New York's American Theatre Wing and served for three years on the staff of The Wing.

Chatham established the first theatre in the round in New York State: The Red Barn Summer Theatre, Averill Park, N.Y. He was the first director-producer of childrens' theatre in Vermont.

The ladies of the Sacred Heart Catholic Church will be selling homemade Enchiladas on Saturday, Feb. 6, at the Parish Hall, 901 S. Roland. They will sell at $7.00 a dozen. There will be pre-orders taken--call Anita Sumner at 659-3469 or Frances Ortega at 659-3688, for your order. To pick up your order, simply go by the Parish Hall, 901 S. Roland, between 11:30 a.m. and 3:30 p.m. on Feb. 6, after YOU CALL!!

Chatham has directed supper club shows on both coasts. He has served as a writer for NBC-TV, west coast operations. He has written and directed shows for Voice of America, National Arts Foundation, and the University of Virginia.

In the past two years, he has directed Cargill shows in Halifax, Nova Scotia; Atlanta, Sioux Falls, Memphis, Phoenix, Paducah, Pittsburgh, Bridgeport (Conn.); Hannibal, (Mo.); and Kalamazoo (Mich.).

Chatham comments on directing Cargill shows - ". . . it is fun and rather exciting to come into a city and create a two hour FUN show in less than 3 weeks. A director does NOT do this alone." Chatham adds - ". . . in the case of Spearman, Texas. I have 3 excellant general chairmen plus many other chairmen who make this type of show fun for everyone. Spearman is a unique part of the world. The folks I have met are charming - and fun people who love Spearman. THIS show should be fast, fun, and a joy for the entire family. The show is big, beautiful, and a very NOW revue."

Lynxettes 'Devour' Coyotes

Lea Ann Gibner Crowned Queen

The Spearman High School held their 1981-82 Basketball Homecoming on Tuesday, January 26. There were a couple of interesting concepts in this 1981-82 Homecoming. #1 was that the Basketball Queen was a JUNIOR--traditionally it had been a SENIOR. #2 was that the Lynxettes "devoured", just simply "cremated" the Higgins Lady Coyotes. Lea Ann Gibner, was crowned the 1981-82 Basketball Queen and **STEPHEN TINDELL**, Senior, was crowned King. The Ceremony was just as beautiful as usual. The final score between the Lynxettes and the Higgins Coyotes was **78 to 42!!** Stephen is the son of Mr. and Mrs. Lawrence Tindell and Lea Ann is the daughter of Mary Alice Gibner. Congratulations to both the King and Queen!!

The first quarter showed all the fans that the Lynxettes were "on a roll". They were ahead, 14 to 8, and the Higgins Coyotes didn't know what was going on. The starters for the Lynxettes were Mary Ann Martin, SENIOR, Janet Reed, JUNIOR, QUEEN Lea Ann Gibner, JUNIOR, Susan Davis, JUNIOR, and Lana Paul, JUNIOR. The Higgins Coyotes had 3 **Freshman, 1 Junior** and **1 Senior**. They too, have a pretty young basketball team, they did play a whale of a game. Every team that has a homecoming, plans on winning that game, it is a very special game to all involved, so the Lynxettes were going to win the game and win it BIG, that they did!! The 2nd quarter, Coach Ralph Newton--the Lynxettes head coach, put in his "outside" shooters--Robbie Heinrich, Kelli Crawford, he also put in his speedsters--Jean Davis and Jan Davis, who can make a fast break, with a rebound. As a matter of fact, Coach Newton put in all the Lynxettes--not at one time, and that made a difference once again in the 2nd quarter. The Lynxettes scored, as a team, **26** points, and stopped the Lady Coyotes with 16. The Lady Coyotes were getting all their points from the free throw line--they were almost perfect.

The halftime stats showed that the QUEEN--Lea Ann Gibner--was having a great night on the Offensive boards, was leading with 8 points, she hadn't gone to the free throw line and had 1 foul. 2nd in line was Kelli Crawford, a **SOPHOMORE**, had 6 points, then Mary Ann Martin, Senior, Janet Reed, Junior, Lana Paul, Junior and Robbie Heinrich, another **SOPHOMORE**, all had 4 points; while Johnnie Eaton, Senior, Cindy Young, Junior, Susan Davis, Junior, Jean Davis, Junior and Jan Davis, Junior, all had 2 points a piece. The foul situation showed that Jan Davis had 3 fouls, Cindy Young had 2 fouls, and Johnnie Eaton, Janet Reed, Lea Ann Gibner, Jean Davis, and Robbie Heinrich all had 1 foul. Kelli Crawford was the only Lynxette that had a chance at the free throw line, and made both her free throws. A very interesting stat showed that the Higgins Lady Coyotes were very stingy with their fouls--they only fouled 2 times in the first half--that is very impressive. The Lynxettes had a total of 11 fouls, making the Lady Coyotes go to the free throw line 19 times, and they made **13**--that is also impressive. The Lady Coyotes knew that they had to do something to get back into the game--they knew they had a great percentage of making free throws, the question was, would the Lynxettes start getting stingy, themselves?! The Lynxettes, on the other hand, **knew** that they had to watch their fouls very careful like. They had to see just how many times they could make the Lady Coyotes foul, that could be the difference in the game.

Well, the 3rd quarter started, and the Lynxettes started very fast, they had a better 3rd quarter than they did the first quarter, so this was more bad news for the Lady Coyotes, because when the Lynxettes score more in the 3rd quarter than the 1st, they are going to win big. They scored 19 points and stopped the Lady Coyotes with 7. The score after 3 quarters of play was 59 to 31, in favor of the Lynxettes. The final quarter, was once again, Lynxette quarter. The Lady Coyotes were outscored for the 4th time in a row--19 to 11. The final score was **78 to 42**, the highest score--point-wise for the Lynxettes!!

The final stats, showed that the 1981-82 QUEEN--Lea Ann--was the leading scorer 14 points--had four fouls and had all her points from the field; Kelli, the super sophomore, had 10 points--having 4 field goals--equaling 8 points, 2 of 2 from the charity stripe and had 1 foul; Cindy had 8 points--all from the field, had 4 fouls; Janet and Robbie--another super sophomore--both had 7 points, while Lana, Jean, Johnnie and Mary Ann, all had 6 points--Lana got hers from the field and had 1 foul, Jean had 2 field goals, was 2 of 2 from the free throw line with one foul, Johnnie and Mary Ann both had theirs from the field with 1 foul a piece; Jan Davis had 4 points--2 field goals, and missed 2 free throws, had 3 fouls--and Susan Davis had 4 points also. Susan had 1 field goal, was 2 of 3 from the charity stripe and had 1 foul. Two interesting facts about the Higgins Lady Coyotes--1. they fouled 7 times in the 2nd half, and they only had 12 free throws, but made 8. Free throws played an important role for the Higgins Lady Coyotes--they kept the Lady Coyotes not too far behind.

After the game, the Homecoming ceremonies began. The crown bearers were Summer Riggins, daughter of Ricky and Carla Riggins, and Schane Schneider, son of Ken and Cindy Schneider. The King and Queen for the 1981-82 Basketball Season are Senior, **STEPHEN TINDELL** and Junior, **LEA ANN GIBNER**. King Stephen placed the traditional kiss on Queen Lea Ann and the ceremonies were over. The stands were all filled. Homecoming is such an event for the high school, high school students and of course, the parents!!

The Lynxettes will have Tuesday, February 2, off, but will be twice as ready for the River Road Wildcats. This game will be played at the Lynx Varsity Gym, with the Lynxettes and Wildcats playing after the JV Lynx and Wildcat game. This game will be on a Friday--February 5. Basketball season is almost over, the Lynxettes will have to play one game at a time, but everyone knows that they're looking forward for "D-Day"--February 9 at Dalhart--this will be the game of the CENTURY--or at least the game of the YEAR!!

Congressman Hightower Announces For Re-Election

Washington--Congressman Jack Hightower (D-Vernon), who has represented the 13th District since 1975, has announced he will seek a fifth two-year term.

He has filed officially as a candidate in the Democratic Primary.

"I believe my conservative philosophy and common-sense approach to the complex national problems we face represent the views of the vast majority of the people of this area," Hightower said.

Hightower was a founding member of the Conservative Democratic Forum in the House, which advocates conservative tax and budget policies. He joined other conservative Democrats in supporting the major elements of the Administration's budget and tax reduction program in 1981.

"President Reagan received a nationwide mandate to reverse spending policies which have driven the nation into excessive debt while imposing high taxation on the people," he said. "This is a bipartisan program and I believe it is imperative that Democrats and Republicans work together to restore our economic strength."

At the same time, Hightower pointed out that "I disagree with the disastrous agricultural policies of the Reagan Adinistration just as I disagreed with the Carter Administration." He also said he will continue to oppose any effort by the administrationi to reduce Social Security retirement benefits.

He added: "This indicates how important it is to have a Congressman who is independent from partisan pressures. I've never asked the President how to vote and I've never asked Speaker O'Neill how to vote. I make up my own mind based on what is good for this district and the people of our district want a rubber-stamp Congressman for any President or any political party."

Hightower said his experience in local, state and national government, his seniority in Congress and his key committee assignments have enabled him to effectively influence decisions in Washington. He is a ranking member of the powerful House Appropriations Committee which played a central role in reducing government spending this year. He also serves on the appropriations subcommittees for the Agriculture, Commerce, Justice and State Departments and the Judiciary.

Hightower listed interest rates, crime, immigration, social security and farm problems among his 1982 priorities.

"One of the keys to bringing down interest rates is to reduce the impending budget deficit in the next few years," he said.

Hightower pledged he "will continue to fight to make the government serve the people and not the other way around."

County commissioners:

Optional homestead exemptions adopted

Taxes held the stage in one form or another at the regular session of the Hansford County Commissioners court, Monday.

Following a briefing on tax matters from the new central taxing agency for the county, commissioners voted to adopt the homestead exemption three-year program recently provided by the state legislature on a local option basis.

This will allow ALL residents out in the county an exemption on their homestead or domicile. This is on a graduated basis amounting to 40 percent the first year, 30 percent the second year and 20 percent the third year. At the conclusion of that third year, the program expires.

Now, this is NOT just for senior citizens. It is for all out-in-the county residents owning the homestead where they live.

Application will have to be made for this exemption.

The program was authorized by the legislature as a kind of cushion between current taxation and the new revaluation program to be undertaken. Hansford County is the only taxing entity within the county to adopt it thus far. The cities of Spearman and Gruver and their respective school districts have until March to make a decision.

County commissioners passed over a decision on exemption of family automobiles from tax roles for this session.

Other matters were the routine conduct of county business.

7th, 8th & 9th Lynxettes

The 7th, 8th and 9th grade Lynxettes will be hosting the tough Dalhart 7th, 8th and 9th grade Wolverines at the Lynx Little Gym on Monday, February 1, beginning at 4:30 p.m.

The 7th grade Lynxettes and Wolverines will be playing first in the Lynx Little Gym. They will begin at 4:30 p.m. If y'all recall, the 7th Lynxettes and Wolverines have met twice, both winning one time. This should decide which team is better. Coach Terry Crocker has done a great job with his 7th Lynxettes this year.

The 8th Lynxettes and Wolverines will play right after the 7th grade girls get finished. Coach Crocker has done a fine job with the 8th Lynxettes also.

The final game of the night will have the 9th Lynxettes and Wolverines going up against each other. This game will be a close game. Robin Travis has done a fine job with his Freshman Lynxettes this year.

Go on out to the Lynx Little Gym and check the action out. The action begins at 430 p.m., don't miss any of it.

To Travel

The 7th, 8th and 9th Lynx will be traveling to Dalhart to face their arch-rivals, the Wolves.

The 7th Lynx and Wolves will play first, beginning at 4:30 p.m. Dan Shaver has been doing a fine job with the 7th Lynx. The 7th Lynx, almost beat the 7th Wolves in the latter part of the year, they will make it a closer game, and try to win at Dalhart.

Coach Tom May and his 8th Lynx will be up next against the tough 8th Wolves. It seems that the 8th Lynx want to beat Dalhart at Dalhart, this is their chance--Monday, February 1.

The final game of the night will have the Freshman Lynx, coached by Ricky Smith, take on the tough Dalhart Freshman Wolves. These two teams are the best in the District, and this game should decide which team should be the "District Champion"!!

Go on over to Dalhart and check the action out.

Spearman JV & 9th Teams At Tourn.

The Jr. Varsity and Freshman Lynx and Lynxettes are competing in the Perryton Jr. Varsity and Freshman boys and girls Basketball Tournament that is being held this weekend--January 28, 29 and 30.

The only results we have at press time are Thursday's results.

The Freshman Lynxettes, coached by Robin Travis, played the Liberal Apaches at 2:30 in the Raider Gym of the Jr. High and just completely "scalped" the Liberal Apaches. Today the Freshman Lynxettes fought the Dalhart Wolverines at 9:30 a.m. today at the High School Gym. IF the Freshman Lynxettes won, they advanced to the Championship game which will be played at 1:00 p.m. Saturday, January 30, at the High School Gym. IF the Freshman Lynxettes lost against the Wolverines, then the Freshman Lynxettes would have had to played this afternoon at 2:00 p.m. against an unknown opponent. Then IF the Lynxettes won in the 2:00 p.m. game, they will advance to the 3rd Place game which will be played at 1:00 p.m. on Saturday, at the Raider Gym of the Jr. High. BUT IF the Freshman Lynxettes lost, then they will automatically advance to the Consolation game which will be played at 1:00 p.m. on Saturday in the Kelley Gym of the Jr. High.

The Freshman Lynx played the tough and rough Boys Ranch Freshman Lynx at 1:00 p.m. in the Kelley Gym. Now, today--Friday, January 29, the Freshman Lynx played against the winner of the Borger/Canadian game at 12:30 p.m. today at the Raider Gym of the Jr. High. IF the Freshman Lynx win today, they will advance to the Finals and play at 2:30 p.m. at the High School Gym. BUT IF the Freshman Lynx lose today, they will play for 3rd Place at 2:30 p.m. in the Raider Gym. One way or another, the Freshman Lynx--coached by Ricky Smith, will play for a trophy!!

The Jr. Varsity Lynxettes played the tough Perryton Freshman, and beat them soundly. The JV Lynxettes played the tough Dalhart JV Wolverines beginning at 11:00 p.m. at the High School Gym IF the JV Lynxettes won, they will automatically advance to the Championship game which will be played at 4:00 p.m. in the High School Gym on Saturday. IF the Freshman Lynxettes lost to Dalhart, they would play today at 3:30 p.m. again at the Raider Gym of the Jr. High against an "unknown" opponent. IF the JV Lynxettes win the 3:30 game today, then they will play for 3rd Place which will be played at 4:00 p.m. at the Raider Gym. BUT IF the JV Lynxettes lost today at 3:30 p.m., then they would automatically play for Consolation, which will be played at 4:00 p.m. at the Kelley Gym of the Jr. High. Coach Terry Crocker coaches the JV Lynxettes.

The JR. Varsity Lynx played against a very tough team--the Borger Bulldogs at 1:00 p.m. at the Raider Gym. The JV Lynx lost, making them play in the Raider Gym in the Loser's Bracket at 5:00 p.m. today, January 29. IF the JV Lynx, coached by Gary Rambo, lose, they will be out of the tournament. BUT IF the JV Lynx win today at 5:00, they will play for Consolation at the Kelley Gym on Saturday beginning at 5:30 p.m.

Go on over to Perryton and cheer on all the High School Lynx teams to VICTORY and to get a TROPHY!!!

Boulter Files For Congress

Beau Boulter, Amarillo attorney and City commissioner, announced for U.S. Congress Wednesday, January 27, 1982. In news conferences in Amarillo and Wichita Falls, Boulter said he felt that the people of the 13th District deserve a representative who reflects their conservative views.

"Hightower claims he is a conservative, but a close look at his voting record reveals some alarmingly liberal tendencies. This District needs a Congressman who doesn't have to be pressured by his constituents to vote their convictions. Hightower's party ties prevent him from being able to vote as conservatively as this District mandates. While no one wants a Congressman who will just be a rubber stamp, we do need input and influence with the Reagan administration and Hightower just doesn't have it!"

Boulter said he had no intentions of running for Congress until friends and supporters began coming to him and asking him to run. "At first, it was just my close friends and supporters who talked to me about it. Then, after Mr. Hightower had to be pressured by his constituents to support the tax cut bill, party leaders began to approach me about it. Next, volunteers I had worked with in the Reagan campaign and in the city election began calling me. It was a snowballing movement. Rosemary and I discussed it at length. We decided that I would wait and possibly run in 1984; but as more and more people came to me I realized that this District is in crucial need of effective representation and I owe it to my family, my supporters, my fellow Texans, and my country to start fighting for the principles we believe in and to do it now."

"Everybody knows that Jack Hightower is a nice guy. But when times are tough, we need more than a 'good ol' boy'. The facts are that Jack Hightower is more pragmatic than philosophical; he is more a man of compromise than of conviction. He is personable but he is not a fighter for principles. Mr. Hightower claims he is a conservative, but he is a part of an outmoded Democratic machinery led by Tip O'Neil, Ted Kennedy and the liberal establishment. This machine has brought the country to near economic, military and political disaster. Hightower's Democrat party ties often make it difficult to vote his District and his party at the same time. When put to the test, he votes the party line. The President's tax cut got Mr. Hightower's approval only at the 'eleventh hour' after heavy pressure from his constituents. Until then he was committed to the Democrat's bill and for years has called any substantial tax cuts 'irresponsible'.

"The 13th Congressional District is one of the most conservative in the nation and we deserve a Congressman who will fight for what we believe in. I am a conservative first and a Republican second. I supported Ronald Reagan in the Presidential Primary in 1980, served as Reagan-Bush Chairman for Randall County, worked as Co-Chairman of the Panhandle Presidential Inaugural Committee, and organized a door-to-door voter registration effort for Committment '80. I can make the needs and convictions of this District known to the Reagan administration.

"I am running for this office because I have the desire to serve and can gain broad-based support as evidenced by the more than 500 petition signatures obtained in just three weeks. I think I am the best candidate because I have the will and the ability to win. I believe that I can further the principles that made America great and made us the leader of the free world. I believe that the only source of real power and justice, at home or abroad, lies in these principles. They alone attract the minds of freedom-loving people and provide a rallying point in troubled times for people everywhere."

Cecil Crawford wants visitors

Cecil Crawford is recovering from a stroke suffered a few months ago and would like to have visitors, according to Spearman friends who have been to see him.

He is at the Quality Care Center, 1009 Clyde, Amarillo.

A number of friends, in Amarillo on other business, have visited Cecil and report that such visits cheer him considerably.

As one who had called on him noted, it is so easy to forget the best of friends when they are kind of "parked" for recovery.

It was also suggested that those unable to plan a visit to Cecil, write to him at that same address.

Onions will stay firm longer and keep from sprouting if you wrap them individually in aluminum foil.

Faye's Daze

Strange things are happening at this place. Yesterday morning when I came to work I noticed the phone had a clear plastic cover on it, and no one knew who put it there or anything. I didn't think much about it until I started to use it, and discovered that there were no numbers on it. Of course, the first call I needed to make was a long distance call. I'm surprised I got the right number because I had to wait until the dial returned and then count to the number I wanted. Great fun.

Billy called the telephone office about it, and he said the lady on the other end just died laughing at our predicament.

Anyway, the phone now has numbers on it and is certainly easier to use.

I guess the moral to this story is never take anything for granted, not even the telephone dial.

*****

I knew mothers-in-law were not held in very high esteem, and now I have proof.

I heard on the radio this morning about a man who received a 5 year prison term for hacking his mother-in-law in pieces with an ax. He testified that he thought she was a raccoon.

Evidently the jurors and judge didn't think too much of mothers-in-laws either.

*****

The wind and dirt yesterday reminded me of March, and if we don't get some measurable precipitation in some form or other soon, I think this country will blow away. I've been telling myself for several weeks that I need to water the yard, but so far I haven't got that LITTLE chore done.

*****

I visited with Pope Gibner this morning about his first great-grandson. He said he went to Perryton to see this new arrival to check out if they wanted to keep it or not. Evidently they did decide to keep it.

Steve and Danny George announce the arrival of a son, Merrick Colby, born Jan. 8 at Hansford Hospital. He weighed 6 lbs. 11½ oz. at birth.

Maternal grandparents are Jim and Jackie Tiner of Gruver. Paternal grandparents are Jerry Viola George of Spearman.

Paternal great-grandparents are Mr. and Mrs. Dennis George and Mrs. Lera Langston, all of Spearman.

Mr. and Mrs. Dean Lee of Gruver announce the arrival of a daughter, Tiffanie Dawn, born January 27, 1982 at 12:32 P.M. She weighed 6 lbs. 15 oz. and was 20¼ inches long at birth. She was born at High Plains Hospital in Amarillo.

She joins a 2 year old sister, Chanda in the home.

Maternal grandparents are Mr. and Mrs. John R. Collard, Jr., of Spearman and paternal grandparents are Mr. and Mrs. Oscar Lee of Gruver.

Gibner's Welcome Great-Grandchild

Mr. and Mrs. Pope Gibner of Spearman welcomed their first great-grandchild on Jan. 19 when the young man, Jonathan Brian, was born to Mr. and Mrs. Van Pope Steed of Perryton. He weighed 8 lbs. 2 oz. at birth.

He is the grandson of Gene Steed of Amarillo and the late Marvel Gibner Steed.

You Name It

From the den of the poison pen

Lots of action taking place in Spearman and Gruver this week - We have a new nursing home administrator: His name is Ray Wascil, and he is on duty at the Hansford Hospital now.

Also have a new manager at TG&Y, his name is Mr. Blackburn, and he comes to Sperman from Guymon. Tony Antell transferred to El Paso and will stay with TG&Y as a manager in that area.

Just saw AlbertGraves and Robert Elliott walking down the street in Spearman and I told them to get to work. Sure enough being as it was Friday, they did make a move in the right direction. Had a real good visit with Bob Fletcher of Gruver this week. Bob recalled the good old days with Spearman and Gruver. He recalled the big battle between some of the Gruver ad Spearman boys over Mary McLain, now Mrs. J.L. Brock. Bobby said the boys met at Old Hansford and Troy Sloan and one of the Fletcher boys tangled and the big fight didnt last long as Sloan received a black eye and what not. All of these boys became good friends later in life, and it kind of reminds me when I first had an encounter with some of those Gruver boys over a girl in 1940. Leon Chesser and I were going with the same girl and this lead to a very distastful fighting event, one evening. I met head on with one of those Bayless boys from Gruver, and it is the first time I ever got knocked flat before the big battle started.

Leon and I talked about those good old days many a time, and Leon went ahead to become a commissioned officer and a hero in World War II. He has since passed away, and I do miss him.

All of you kids from Spearman, it is fine to fuss and fight with the boys from out of town, but remember some day they will be your best friends. And if you do have a little spat, shake hands and forget it.

Isn't this weather something? It is getting rather dry in Spearman, but a threat of snow and rain hangs over us this week-end.

I understand that the district tournament will be held at Stratford this year. It seems that the district representatives voted on Stratford as a neutral sight instead of Perryton. This was because next year there will be no district tourney, and both the first and second place teams will go to the play-offs like they do in Oklahoma.

More on Jimmie Linn and his 1.5 million dollar donation to a hospital in Oklahoma City. Many of our NEW readers do not know Jimmie. His mother, Mrs Ruth Caro, live in Spearman. And, Jimmie was destined for greatness from the beginning, as he was named as the outstanding citizen of Spearman earlier in C. of C. History. Also he is a past president of the Spearman C. of C. So, when you give a 1.5 mil. donation, you deserve some publicity once in a while.

We are saluting our public servants this week, and you will notice their names on the front page. This is about the only recognition they get, so call them and thank them for their service to the community.

Slover Again Seeks Election

A former congressional candidate, Ron Slover of Amarillo, announced today that he will again seek election to Congress. Slover, in a press conference at 9 A.M. today in Amarillo, called for committed and predictable conservative leadership for the 13th Congressional District of Texas. Slover will enter the Republican primary.

The Amarillo resident, who received 45 per cent of the vote in the 1980 General Election against Jack Hightower, stated that Hightower's support of the liberal House leadership is deplorable and a slap in the face to conservatives and those who are independents of both political parties. Slover said the people of this area deserve a representative they can believe in and be proud to support.

Slover cited three problem areas for the Republican party in 1982. They were social security, the windfall profits tax bill, and the farm program.

Regarding those issues, he remarked that social security must remain solvent in order to meet the retirement and disability needs of those who actually contributed taxes to it. Slover said social security funds should not be used to prop up the welfare system, or be diverted to wasteful programs.

He said the "Windfall Profits Tax" bill, which he described as the "worst piece of legislation ever passed by Congress", must be totally repealed.

Concerning agriculture, Slover stated that "as producing state Republicans, we must relate to the Republican Administration the realities of agriculture. We cannot continue to pay high costs to produce valuable commodities, in demand throughout the world, then treat farm products as throw aways".

Slover said the Economic Recovery Act of 1981, if given an opportunity to work, can turn the economy around, leave local and state governments some money to work with, eliminate deficit spending, help the small businessman, and give people an opportunity to save some money and eventually buy a home.

Slover is employed by a promotion company based in Amarillo. He also owns Ron Slover & Company, a financial planning firm, as well as Amarillo Broker Service. He is 44 years of age and resides at 3614 Royal Road.

Police report:

Vandalism acts, theft occur here

Spearman police investigated the second traffic accident, Jan. 22, actually bringing to three the mishaps during the current reporting period.

At 3:50 p.m. on that date, in the 500 Block of Kenneth St., a 1977 Lincoln town car driven by Gus O. Birdwell and a 1977 Lincoln Mark V driven by Nina G. Hendricks were involved in a wreck.

Injuries were reported but no one was transported from the scene for treatment. Damage also was extensive.

(An accident very early the morning of Feb. 22 was included in the reporting period for last week.)

At 10 a.m., Thursday, on Northwest Court near the courthouse, a 1966 Chevrolet pickup driven by William P. Martin struck a legally parked 1977 Chevrolet Caprice owned by Ralph H. McClellan, Dumas. There were no injuries and very little damage.

In other police activity, officers investigated the report that a "Boot" had been removed and the wires damaged to a motorcycle parked at the Pizza Hut. The vandalism occurred some time late Friday night or early Saturday morning. That investigation continues.

Other acts of thievery and vandalism for the reporting period include theft of wire spoke wheel covers from a vehicle on Hergert's used car lot and destruction of a windshield and side vent windows of a grain truck parked at McClellan Grain Co.

The theft at Hergert's occurred some time between 6 p.m., Saturday and 8 a.m., Monday.

Vandalism to the truck was reported Tuesday. It was apparently done with a BB gun.

ON SOCIAL SECURITY TAX

The Reagan administration will not raise the payroll tax or use general tax money to pull Social Security out of its financial hole, even if that's the recommendation of a new presidential group created to study the system's problems, the commissioner of Social Security, John A. Svahn, says.

C of C Membership Drive

February has been designated Membership Month by the Spearman Chamber of Commerce. Frances Loftin and Claudine Laxton are in charge of the Membership Drive which will begin Monday, February 1. They plan on visiting every business in town that is not a member of the Chamber to give them the opportunity to join. Your Chamber of Commerce is, A NEW BUSINESS PARTNER, or a department of your business with top-flight business and professional men and women providing voluntary and willing committee or task service. People like you.

It is, ANOTHER PAIR OF EYES. Eyes of specialized observers who maintain a watch on legislation which affects every citizen of the community, and watching to be sure the "life quality" of the area is maintained.

It is ANOTHER PAIR OF HANDS--doing research, preparing letters, developing information, preparing publications, folders and pamphlets--and telling the story of YOUR market, and YOUR area. And finally, it's ANOTHER FRONT OFFICE. The show window of your community, a place where visitors gain their first impression of the soundness, and the hospitality of the community. It is truly a central clearing house for community thought and action. The primary role of chambers of commerce is still economic--being sure that there are people with jobs in the community...and of course there is much, much more. Projects designed to reach the goals of people and to have goal accomplishment...to get results. This takes people and financing. The time to join is now and it all starts with you. So when Frances and Claudine stop by your place of business join, then you'll be a proud part of an organization that is dedicated to MAKING THINGS HAPPEN!!!!!

The Lynx team consists of Stephen Tindell, David Brandt, Cam Collinsworth, Kyle Brack, Monte George, Scott Alford, Darren Goodheart, Jay Pack, Scott Dunlap and Buddy Pool. They are coached by F.G. Defeat Higgins

Stephen Tindell

1981-82 Basketball King -

The Spearman Lynx played an excellent game against the Higgins Coyotes. The Lynx won 50 to 40. King Stephen Tindell, had a great game, being the leader of the game.

The starters for the Lynx were King Stephen Tindell, Senior, Kyle Brack, Senior, Monte George, Senior, Darren Goodheart, Junior and Buddy Pool, the super Sophomore. The Lynx, mentor is Coach F.G. Crofford, played a great first quarter outscoring the Higgins Coyotes--**24 to 6**!! Coach Crofford put in all the guys at one time or another. The hot-hands for the first half, happened to be the super Sophomore and a Senior--Buddy and Monte. The Coyotes Defense was tough in the second quarter letting the Lynx score 4 points, with the Coyotes scoring 8 points, themselves. The score at the half was 30 to 14, in favor of the Lynx.

The halftime stats showed that Buddy Pool and Monte George were leading with 6 points--Buddy had 1 foul and scored his from the field, Monte had his points from the field and had 0 fouls; Jay Pack --a Junior, had 5 points--2 field goals and was 1 of 2 from the free throw line; King Stephen Tindell, Kyle Brack and Darren Goodheart all had 4 points a piece--King Stephen had his from the field, with 1 foul, Kyle had his from the field with 1 foul, and Darren had his from the field with 1 foul, Scott Dunlap had 1 point to finish the scoring for the Lynx--being 1 of 2 from the line. The Lynx had a total of 7 fouls, the Higgins Coyotes had a total of 6 fouls, the Lynx were 2 of 4 from the charity stripe, while the Higgins Coyotes were **0 of 5**. The Coyotes knew that they had to make some kind of move to keep on scoring and stop the Lynx from scoring in order to have a chance to win the game or at least make a "game" out of this romp!!--the Lynx ahead by 16.

The Lynx had another high scoring quarter with 18 points, but the Coyotes finally broke the one-digit scoring and broke into the double-digit with 12 points--the score at this time was 48 to 26, the Coyotes had cut the 18 point lead in the 1st quarter to 16 in the second and now, in the third, was 12. The Lynx had one in foul trouble--Cam. Cam is an important person on the Lynx squad, because he gets into position to make his opponent be caught on a charge, while he has quick hands to steal the ball, and fast feet to take him into the fore-court and score another 2 for his team. Well, Cam fouled out of the game. Cam played a great Defensive game having scored 2 points--but had lots of steals and lots of assists as well as rebounds. King Stephen was having a hot second half, along with Kyle Brack. The Coyotes had put their mind to stop Monte and Buddy--because they were very "hot" in the first half, but now the ones "burning" the Coyotes were the King and his teammate--Kyle. The Lynx were outscored, once again--making it the 2nd time in the game--14 to 10, but the Lynx held on to win the game 50 to 40. What a game--the Coyotes had lost by 10, but had been behind by 18 in the first, 16 in the 2nd and by 12 in the third, losing the game by 10.

The leading scorer was the King himself--Stephen Tindell with 12 points, in second place was Kyle Brack and Monte George with 10 points, Jay Pack had 9 points, Buddy Pool had 8 points, Darren Goodheart had 6 points, Cam Collinsworth had 2 points and Scott Dunlap had 1. King Stephen was 2 of 2 from the free throw line, Jay was 1 of 2 and Scott (Dunlap) was 1 of 2 from the line--making the Lynx be 4 of 6 from the free throw line. The total fouls in the second half were 7 fouls--the total for the game was 14, as for the Coyotes--they had a total of 5 fouls in the second half--making the total for the game--11. They made 6 of 10 in the second half of the game of free throws, while in the game altogether, the total was 6 of 13.

The Lynx will be playing against the Boys Ranch Rough Riders this Tuesday, February 2, at the Lynx Varsity Gym. The Jr. Varsity boys will play first and then the Lynx and Rough Riders. It will be a good game, and this will be another District game, important for the Lynx to win. Then on Friday, the Lynx will host the River Road Wildcats. Try and show up both days, they Lynx appreciate all the support they get from **you**, the local fan.

Go on out to the Lynx Varsity Gym and check all the action out on Friday, February 5, beginning at 4:00 p.m.

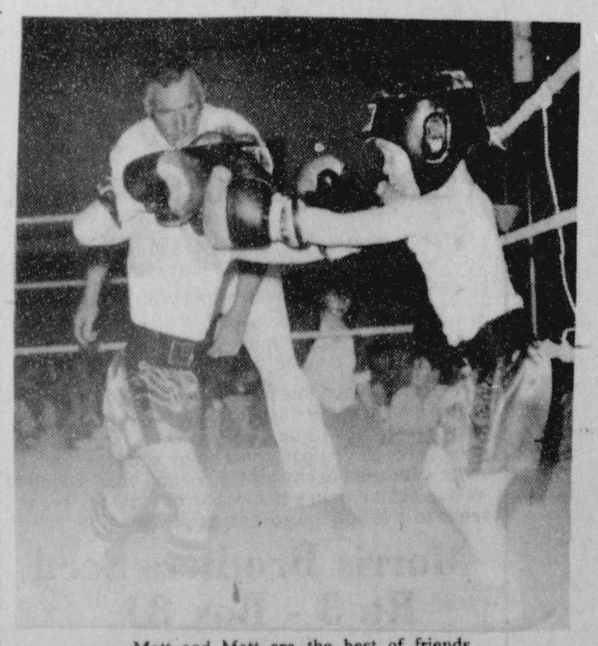

Referee, Zeke Clements raises the hand of winner, Matt Archer in his bout with Matt Eakin. The boys really did a good job showing their boxing skills.

Pictured above is referee, Zeke Clements of Stinnett raising the hand of the winner of the bout between Paul Trosper of Spearman and (winner) Dee Mayfield, also of Spearman.

Pictured above are Dee Mayfield and Paul Trosper, both of Spearman and referee, Zeke Clements of Stinnett during matches Friday, January 15 at the Spearman Boxing Tournament. These boys really fought hard.

Matt and Matt are the best of friends outside the ring, but once in the ring, each tries his hardest to place as many blows as possible so the judges can award each contestant points. Matt Eakin of Spearman and Matt Archer, also of Spearman seem to be matching each other blow for blow most of the time, with referee, Zeke Clements of Stinnett watching to make sure all the blows are legal and no one is hurt.

Spearman nears debt-free status

Despite impressive annual reports from city departments, the condition of the city of Spearman's total indebtedness at the end of the auditing firm's report was the highlight of the regular city council meeting Tuesday night.

In 1991, just nine years away, the city can be totally out of debt -- a fiscal position not enjoyed by most cities of like size and growth, past and potential.

In terms of money, a debt-free city is only 7.3 years away. Because bonded indebtedness must be paid off on a schedule, the city has accumulated a surplus of bond retirement funds that can only be paid out on schedule. They are drawing interest and if they could be used tomorrow, they represent 1.7 years of debt payment already in hand and drawing interest.

This leads to one of the ironies of present-day economics. The city of Spearman will actually lose money the day it goes out of debt. Debt-payment funds are drawing more interest than the city is paying on bonds. When this money is finally paid out to retire all debt, there will be no more interest income from that source!

In other business, the council authorized Mayor Ralph Blodgett to order a city election. The terms of two aldermen, Ed Garner and Ray Ingle and Mayor Blodgett are expiring. Feb. 1 is the first day candidates can file for one of these offices. The incumbents have made no statements regarding intentions to seek re-election.

Troy Sloan was named election judge with Helen Etter as alternate.

Two actions of the panel had to do with taxation. The city voted to go along with the school district in exempting automobiles in family use from the tax rolls. Resolution 2-82 passed Tuesday night accomplishing this also repeals any resolutions in conflict with this action.

Also passed was an ordinance repealing the penalty and interest rates the city had established on delinquent taxes.

IMPORTANT NOTE: This does NOT do away with penalties and interest on such. It just does away with the city scale for same. The city will apply the same scale used by the state.

"The two programs were very close," City Manager Jim Murray told the REPORTER. "In fact, the state schedule may be more advantageous in some areas. Rest assured, penalties and interest will still be imposed.

Reports covering activities of the Spearman Police Department, the Volunteer Fire Department and H&S Emergency Medical Service for 1981 were approved with commendations for the leadership and the working staffs of all departments.

Just before the remainder of the meeting was given over to the audit report, City Manager Murray was authorized to seek bids for the 1982 seal coat project for city streets.

Members of the council also approved the audit report prepared and presented by the firm of Mason and Henton.

Other items were simply the routine matters of conducting day-to-day city business.

PSU Honor Roll List

Several Spearman students have been named to the Panhandle State University honor rolls for the fall semester.

Judy Kay Hergert and Holly J. Simpson were named to the President's Honor Roll. They were among fifty-one students listed on this honor roll.

To be named to the President's Honor Roll, a student must have completed 12 credit hours during the semester, have no incomplete grades and a straight "A" or 4.00 grade point average.

Sharon Kay Harris, Tracie L. Keetch, and Alan B. Shields were named to the Dean's Honor Roll. They were among the 140 students listed on the Dean's Honor Roll.

To be named to the Dean's Honor Roll, a student must have completed 12 credit hours during the semester, have no incomplete grades, no failing grades, and a grade point average of 3.30 or better based on a 4.00 scale.

FEDERAL SAFETY

A federal safety panel said recently that air travel is safe despite fewer air traffic controllers. But its chairman warned fatigue among working controllers could have "the potential of a time bomb" in the future.

ON FACTORIES

American factories are now operating at less than three-quarters of capacity, falling in November to the lowest level they hit during last year's recession, the government reported recently.

ON TRADE SURPLUS

The nation recorded a fifth straight quarterly surplus in its foreign trade balance of payments in the July-September period, the government reported recently.

FARM BILL SIGNED

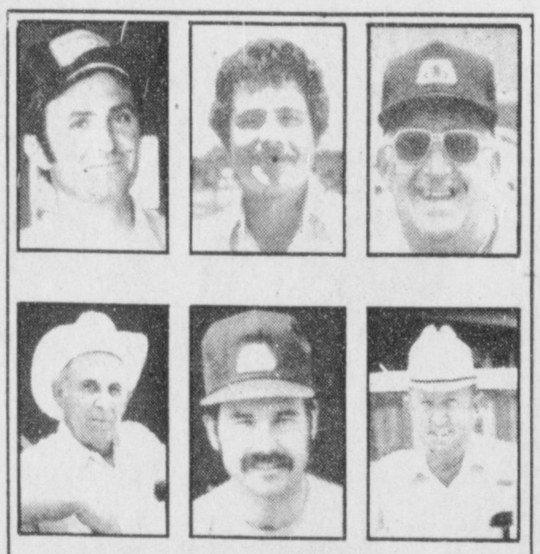

The Reagan administration finally has in place the four-year farm program it wanted--a minimum cost plan that it says still provides a financial safety net for farmers.

ON COASTAL DRILLING

Interior Secretary James Watt has scaled back his controversial plan to open up virtually the entire U.S. coastline for oil and gas drilling over the next five years, aides reported.

PROGRAMS SPARED

President Reagan is sparing the government's chief urban development programs from David Stockman's budget ax in the wake of protests from state and local officials who fear the loss of nearly $4 billion a year in federal aid, administration sources said.

Presenting The First Individual Retirement Account

How To Retire As A Millionaire On $5.48 A Day

You are eligible to open an individual retirement account no matter where you work or whom you work for. It's a tax-sheltered investment fund that gives you tax protection today and income protection when you retire.

HOW DOES IT WORK?

You can put up to $2000 a year (that's only $5.48 a day or $167 a month) into a First IRA. A working couple can put in $4000 a year. That money is deducted straight from your taxable income. The interest earned is tax-sheltered as well. For a worker in the 30% tax bracket, that means $600 in taxes that don't have to be paid right away. You only pay taxes on it as you withdraw, at retirement time, usually in a much lower tax bracket.

HOW CAN $5.48 A DAY BUILD UP TO $1,000,000

If, for example, at age 30, you open up an IRA with $2000 and continue to deposit $2000 annually until you're 65, at 12% interest, your account would grow to $1,161,000! The interest alone will be over $1,000,000! Judge for yourself by the chart.

Retirement Growth For Working Persons Sheltering $2000

At End Of Year	Total Amount Deposited	Balance In Account At 12% Interest
5	$10,000	$ 14,541
10	$20,000	$ 41,035
20	$40,000	$ 177,277
30	$60,000	$ 629,614
35	$70,000	$1,161,772
40	$80,000	$2,131,427

Based on $2000 deposited at first of each year at a rate of 12% interest compounded. Tax and interest penalties for early withdrawal.

HOW DOES IT WORK FOR COUPLES?

A married couple, when both parties work, may set up separate IRA accounts. Together, they can tax-shelter up to $4000 a year. If your spouse does not work, you may increase your annual contribution to $2250 to cover both of you.

DO I HAVE TO PUT IN $2000?

No. You can contribute whatever you like. You can put in a little each month, or every quarter, or as you choose. Better yet, you can authorize us to transfer automatically from your checking account or savings account at First National to the IRA.

WHAT ELSE DO I NEED TO KNOW?

Here are three things you should know:

1. ***IT'S FREE.***
   There is no set-up fee, no annual charge, to have a retirement account. It's open to everyone without cost.
2. ***IT PAYS MONEY MARKET RATES.***
