Money Is Donated To Help Paint Old CofC Building

Johnnie McLaughlin and Yvonne McMillan are receiving donations of Ervin Addy, Ayres Cermin and the hen Medi-Cluck's winnings from the First Annual Fowl Flying Contest at this year's Cisco Folklife Festival. Johnnie and Yvonne are co-ordinating collecting con-

tributions to paint the old Chamber of Commerce wall. This is part of the drive to get downtown Cisco looking even better.

To date they have the Doctor's \$133.00 contribution; Brad Kimbrough and Eddie McMillan's donations of their ice cream making contest, as well the 2nd place winnings from the Fowl Flying they won for a total donation of \$122; and up to \$200

for materials to paint the wall. They have a bid of \$584 total.

So they only need a little over \$175 more to have the painting done. After the painting is done they hope to have this wall painted with murals, supervised graffiti or some other art form to further enhance downtown Cisco. Contributions will be accepted at First National or Olney for this effort.

Mary's Thoughts At The Cross

By Vern Wheat

"My Son, my Son, why hang you there upon that cruel tree?"

"For you have done no wrong I know, then why this agony?"

"Why should I ask, I know full well, you are the Christ indeed."

"The Son of God came down in flesh, to save us in our need."

"I thank you Son, for letting me be part of that great plan."

"To bring salvation to the earth, to rescue fallen man."

Then Mary thought of years gone by, when first the angel came,

And told her this was God's own son, Jesus would be his name.

Although misunderstood by some, she knew within her heart,

A miracle from God had come, and she would have a part.

Then she thought of Bethlehem, she remembered well, the stable and stall,

The manger bed, where shepherds came and on their knees they would fall,

They would tell her how the light came down, and an angel brought them the word!

Precious God had sent to earth, a Saviour, Christ the Lord.

Then later on the Wise men came, with precious gifts did bring,

Of gold, frankincense and myrrh, to worship the new born King.

She thought of all the years she had watched, this child become a man.

Until at Cana's marriage feast, His ministry began.

Those precious, private years were gone, her mother's heart must share,

Her God born Son with all to world, His work He must declare!

He healed the sick, raised the dead, made the blind to see,

Proven by words and deeds of love, God's own Son was He.

Through tear filled eyes she watched, Him there, while thinking of the past,

His earthly life was nearly gone, His work complete at last!

Yet in her grief her heart was full, For she had been the one,

When God the Father chose her to be, the mother of His Son.

Eastland Mayor Grover Hallmark proclaims the week of May 8-14 to be Nursing Home Week in Eastland.

Eastland citizens are urged to join people nationwide in observing the week by remembering people in nursing homes and by supporting and appreciating the high standard of care which local facilities are providing.

During Nursing Home Week, Valley View on Sunday will recognize Pearl Huddleston (100) as the oldest mother, Gladis Walker (66) as the youngest mother, and Eunice Keith as having the most children (8 living).

On Tuesday night there will be a Birthday Musical and volunteers at the home will be recognized.

There will be a balloon liftoff at 10 a.m. on Wednesday and 500 helium-filled balloons with residents' names inside will be released.

The public is invited to visit and participate in nursing home activities.

Some residents haven't had a visitor in three years - think about it.

COUNTY COMMISSIONERS NEWS:

Public Hearing On Budget To Be June 13-Road On LeonDam To Be Repaired

At a meeting Monday Eastland County Commissioners set June 13 as the date for a public hearing for the 1989 County Operating Budget and planned use of Revenue Sharing Funds.

On the Revenue Sharing money, County Judge Bailey said that few - if any - Revenue Funds are expected.

He listed a last "Five or Six thousand dollars in Washington" that might be released to the county.

"But anything can happen in an election year," he added.

During the past few years the County has received around \$90,000 annually

from Federal Revenue Sharing funds. This has gone for Rural Firefighting, Roads and Bridges, Law Enforcement, Libraries, etc.

In other business Bryan Neaves, Resident Engineer, for the State Highway Department, told the Commissioners that FM 2214 over the Lake Leon Dam will have to be closed for about two months for repairs.

This repair is expected to begin in late summer, and will involve putting a new base on the road.

The Commissioners discussed this and related subjects - including the State load-limit signs now up on county bridges so designated

by the State Highway Department. They mentioned the 30-day limit put by the Department on the erection of these signs.

They indicated that condemned bridges were sometimes "cheaper to fix and pay all the cost ourselves" rather than to deal with the Highway Department and then pay on the 80-20 percent formula. (The county paying the 20 percent.)

Comm. Billy Bacon, Pct. 4, said there was a need to show the people where their money was going on roads and bridges.

Judge Bailey said some people seemed to think they

were paying twice on their property when they paid a Road and Bridge Tax. But they were actually paying once on two different kinds of property, he remarked.

County Auditor Ray Pruitt, who was in a hospital for medical tests, sent a detailed up-date by office personnel of current county expenditures.

It showed that certain line items from Departments were in the red on expenditures. After studying this, the Commissioners voted to amend the line items on the current operating budget.

Among the items were payment to a jail consultant (James Wheeler of Abilene), jail repairs, purchase of the Lasater property just north of the jail, purchasing of the right-of-way for widening of a road near Gorman, etc.

The Commissioners decided that after the meeting

they would go to the property north of the jail and designate the four separate housing units to be sold and moved.

Billy Bacon, Pct. 4, reported that 22 people are currently in the county jail. Three have recently been transferred to the State Department of Corrections, with two more supposed to go tomorrow.

District Attorney Emory Walton told the Court that some who are convicted don't stay at TDC very long. He mentioned one man with a 4 yr. sentence on two Felony DWI's. He has served a short while and is now eligible for parole.

One pipeline crossing was on the Commissioner's agenda Monday. It was requested by S O Operating Co. for permission to cross a county road in Pct. 3. George Owens appeared for the Company, and the request was granted.

At the end of Monday's open meeting the Commissioners held an Executive Session with a District Attorney Emory Walton.

Special 4-H Self-Esteem Program Announced

All Junior High and High School age 4-H members have a special invitation to attend the upcoming 4-H Junior Leader's Association meeting this coming Sunday, May 15 at 3 p.m. in the TU Electric Reddy Room in Eastland.

This is the regular meeting of the Eastland County 4-H Junior Association. A special program entitled "I've Gotta Be Me" is being sponsored. The Self-Esteem program will teach "You are somebody!", maintaining positive self image, how to develop and keep better relationships with friends, finding good in ourselves and others, positive attitudes for a winning personality and much, much more.

The program leaders are all older 4-Hers who attended and participated in the 1988 State 4-H Teen

Leadership Retreat last January at the State 4-H Center. These 4-Hers learned and were trained to return to their home counties and teach other 4-Hers. Program leaders will be Brian Bailey, Howard Lawrence, Stephanie Long, Toby Long, Natalie

Stevens, and P.J. Kea. Mrs. Shelley Bailey, will be the adult discussion advisor, and she also attended the State 4-H Teen Leadership Retreat.

This is a very worthwhile program series, and all 4-H members in Junior and Senior High throughout the county are urged to take advantage of this learning opportunity.

Refreshments and recreation will be led by 4-H Junior Leaders.

Disabled American Veterans To Answer Question Monday May 16

Changes in VA programs. Cutbacks in VA health care eligibility. Proposals to slash your VA benefits. Changes in Social Security eligibility. You've read about them in your local newspaper over the past few years. You've heard about them on TV and radio. But how do all these changes affect you and your family?

If you're like most vets, you just can't keep up with it all. That's why so many are turning to the Disabled American Veterans - the DAV - for the answers they need. If you're worried about your rights as a disabled vet, you should be. And you'll be glad to know the DAV is coming to your area May 16 to answer any questions you

have. They will be set up in the Wal-Mart parking lot.

The DAV offers free service to all veterans and their families. We'll help you identify your entitlements. We'll help you file claims for such benefits as VA disability compensation, pension and medical care, as well as employment, education, and Social Security disability

benefits.

Like millions of brave Americans across our countryside, you answered when your country called...defended her with pride. That's why we're proud to serve you. And, for three important reasons, you can count on the DAV National Service Officers who'll visit your area in one of the DAV's field service units:

- We know veterans' programs inside and out, including benefits you're entitled to.

- We're on your side. We're disabled vets working for a nonprofit organization of one million other disabled vets.

- It costs you nothing to take advantage of our expert services.

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

THERE IS NO SUCH THING AS A FREE PRESS

ONCE UPON A TIME IN TEXAS, there lived a newspaper that reported all kinds of things, from weddings to recipes to obituaries to local needs and deeds, to club and church news, to water and power rates, to local elections. And while the town prospered, the newspaper prospered, too. But some of those bigger businesses tried different ways of advertising, or reduced their own dollars for advertising when they took command of the market. Some small firms left.

A FEW YEARS EARLIER, the newspaper didn't have as many readers. But its merchants advertised a lot, and there were more available dollars to hire writers and advertising sales people.

THE TOWN PROSPERED and its population grew to attract new, bigger businesses that came in to compete for customers from throughout the entire region. But some of those bigger businesses tried different ways of advertising, or reduced their own dollars for advertising when they took command of the market. Some small firms left.

TIMES GOT TOUGHER for the newspaper in spite of helping it's town grow. In just 18 months, the price of newsprint increased 30 percent, and it cost 20 percent more just to mail the same newspaper. The newspaper faced the same higher taxes, increased minimum wages and all of the other new challenges to business as did everyone else. Just the cost of keeping its doors open increased to \$526 per day for every 2,500 circulation.

The newspaper was forced to reduce its staff a bit, along with some of its local coverage because the dollars just don't have the same reach as prior years.

THE TOWN STARTED LOSING its close kinship and upbeat manner. And its citizens became less interested in ideas for the future of a town in which they were losing contact . . . and information.

BUT THE NEWSPAPER (every newspaper) kept plugging along, attending countless local meetings and events. And its staff worked long hours to find ways to produce a better newspaper for the town, and to provide businesses with a valuable means of selling their goods and services, and informing readers about everything from government to fashions and foods.

TEXAS NEWSPAPERS are always plugging, because they enjoy exercising "Freedom of the Press." But please understand, this freedom doesn't come cheaply. It costs lots of dollars to keep it going. So help to put a happy ending on this story for both your town and its newspaper . . . SUPPORT YOUR LOCAL NEWSPAPER, AND ITS ADVERTISERS, because they're truly helping your town!!

* Based on an informal survey of 1987 newspaper expenses.

Corinth Cemetery

Working To Be Saturday

The Corinth Baptist Church Cemetery will be the site of the annual cemetery working or Decoration Day on Saturday, May 14.

Anyone who has a friend or relative buried in the cemetery is encouraged to attend, and their friends are also welcome.

Bring yard or garden tools, and flowers if you like, and help trim up and beautify the graves of

ancestors and other loved ones.

And don't miss this opportunity to visit with people you may not have seen in a while.

Bring your lunch or a dish and share in the noon meal in the church fellowship hall.

Some money has been raised for a perpetual care fund for the cemetery. Interest from the donated

money will be used each year for maintenance while the donated money remains and earns more. If you would like to donate or you need more information, call Walter Kurkin in Cisco at 442-3271.

Pharmacy Topics

Injectable polio vaccine, superseded by an oral vaccine almost 30 years ago, has been improved and strengthened. Enhanced vaccine would be given in a combination "shot" with other childhood vaccinations such as diphtheria, tetanus and pertussis.

Elevated levels of a blood protein, hemoglobin F, may correlate with the crib death phenomenon (SIDS), researchers at the University of Wisconsin School of Medicine found. Next step would be a blood test to spot those at risk.

New blood test, developed at Roswell Park Memorial Institute in Buffalo, can spot prostate disease -- including cancer. Test has FDA approval and is recommended for yearly use.

Other researchers at Roswell Park report that nicotine chewing gum helps smokers break the habit and gain less weight in the process than those quitting cold turkey.

Good news! The National Institute of Dental Research reports that toothlessness has almost been eliminated among working adults in the United States, thanks to improved dental hygiene.

Good dental hygiene starts at home, and you'll find everything you need -- from toothbrushes and floss to dental irrigators -- at Wal-Mart Pharmacy, Hwy 80 East, Eastland, 629-3347.

Music that will warm the hearts of country music lovers can be found in this season's edition of "Country Caravan" scheduled for a performance on Tuesday, May 17 in Ranger.

Showtime is 8:30 p.m. at Ranger Jr. College. Admission is free to the performance being sponsored by Ranger Chamber of Commerce. Bring lawn chairs & blankets. Concession stand will be available.

Produced annually by South Plains College in Levelland, Texas, this down-home music celebration has delighted country music fans for 12 summers now, bringing genuine family entertainment to communities throughout West Texas and Eastern New Mexico. And like its predecessors, this latest edition of "Country Caravan" builds a country mansion out of an energetic blend of top country music hits, classic standards, colorful costumes, sizzling vocals, topflight musicianship and precision dancing. The net result is 90 minutes of nearly non-stop country music fun.

The foundation that holds up the entire framework of "Caravan" is entertainment, and plenty of it.

"We're here to entertain," says John Hartin, general director for "Caravan" and instructional coordinator of SPC's unique country and bluegrass music program. "The magic of country music comes alive in our show, and we want people to leave the performance with a happy feeling—one that they will talk about for days."

To achieve just that, Hartin and his crew have put together a show that features powerful country tunes

which have deep roots in the music industry and which bring home the spirit of country music. "Country Caravan" combines contemporary songs with all the colorful nuances which have influenced country music throughout the years and have made it great.

The program for the 1988 season runs the gamut of contemporary country chart-busters. In fact, Tim McCasland, assistant professor of music at SPC and the show's musical director, says "Caravan" has become more contemporary with each passing year. "Current artists are reviving a lot of the country styles that were prevalent 15 to 20 years ago," he says. "They are adding a different twist to the songs they write and perform today."

So the program of songs include hits like Rosanne Cash's "Tennessee Flat Top Box", acclaimed as the most requested country music song since Kenny Rogers' "The Gambler"; Hank Williams, Jr.'s, "Born to Boogie" that helped earn him 1987 Entertainer of the Year; Asleep at the Wheel's "House of Blue Lights" that revives western swing; Reba McEntire's "Last One to Know"; and Los Lobos' movie hit "La Bamba".

But the show would be missing a key element to the country music story if it didn't touch on the country classics. Hartin and McCasland have orchestrated a wonderful medley of seven country music favorites that are sure to please. "Country music is like culture itself," says Hartin. "You touch part of it, and you wind up touching it all. These particular artists touched a part of country music which strengthened the industry and certainly contributed to the collective nature of country music."

So take a walk down memory lane with songs

made famous by country music greats Mel Tillis, Tammy Wynette, and Ray Price. The styles of Kitty Wells, Conway Twitty and Ernest Tubb are represented in memorable tunes like "Honky Tonk Angels," "After the Fire is Gone," and "Walking the Floor Over You." And who could forget the Sons of the Pioneers' "Tumbling Tumbleweeds."

In addition, you'll find further enjoyment in a medley of inspiring country goings, authentic Appalachian-style clogging to "Alabama Jubilee," banjo licks in an interesting arrangement of "Dueling Banjos," and some country humor in a parody of George Jones' "Window Up Above." A medley of country saxophone tunes and a touch of patriotism round out the more than 35 songs and instrumentals packaged into "Country Caravan."

The instrumental and vocal talent found in "Country Caravan" is at an all-time high, say both Hartin and McCasland. The cast consists of 11 multi-talented students from South Plains College's country and bluegrass music program and four faculty members.

Student performers for "Country Caravan" include seven musicians who form the nucleus of the Caravan Band which backs-up the vocal talent found in the show. They include Shelby Hines, Jacky Howard and Paul Zamora, all from Levelland; Mike Huffman from Seminole; Donnie Larkin from Slocum; Steve Garner from Durant, Oklahoma; and Brent Jobe of Lubbock.

Hines and Zamora are featured vocalists who also play guitar. Howard is featured on saxophone and Huffman is the band's percussionist. Larkin plays guitar and keyboards, while Garner plays banjo and is a vocalist. Jobe is the group's

bass guitarist.

In addition to Hines, Zamora, and Garner in male vocal roles, the talents of four young ladies are showcased in "Country Caravan." At the head of the list is Paula Horton of Perrin, Texas, who thrilled audiences last summer with her ability to yodel.

Newcomers include Latrell Houk of Littlefield, Texas; Amy Price of Lubbock; and Kendra Pirkle of Sanger, Texas.

"We certainly have the best singers and best musicians in our entire history," Hartin boasts. "Their skills and talents are of professional quality."

Faculty members in the band include Hartin, who plays the electric guitar with a passion and sings the classic country style. McCasland, in his 12th season with the show, plays the pedal steel and guitar.

Joe Carr, SPC bluegrass instructor, serves as the show's host, gauging the pace of the performance and interjecting a unique brand of humor. Carr also picks the guitar, mandolin, and fiddle. Ed Marsh, assistant professor of music, has been with the show eight seasons, providing expertise on the fiddle and on vocals.

The sum total of everyone's efforts is a memorable entertainment experience.

"Country Caravan" is set to tour 37 towns and cities, with stops in East Texas, the South Plains, Central Texas and Eastern New Mexico. When the "Caravan" presents its traditional finale July 4 in Levelland, the cast will have logged more than 10,000 miles and will have played to more than 25,000 country music fans.

It's family entertainment at its best, says Hartin. "There are three forces in the USA that provide quality family entertainment—Disneyland, Opryland, and Levelland," he quips.

instruments and respect for tradition, the Playboys also present excellent new compositions from within the group. They wear country costumes to complete the scene.

Returning for their second year, The Guadalupe River Jazz Band is a fair favorite. Jazz quickly spread from New Orleans to East Texas and then across the state. GRJB plays several of its distinct styles.

The group will be joined occasionally by well known jazz professionals. Fair visitors may sit in the shade to listen to the cool jazz.

International Music At State Arts And Crafts Fair May 28-29 And June 4-5

Kerrville—The International Year of Art in Texas will be celebrated across the 16 acre grounds of the upcoming Texas State Arts and Crafts Fair. The seventeenth annual event will be held in Kerrville on May 28-29 and June 4-5.

Music will also have an international flavor, with one of the three fair stages devoted strictly to rhythms arriving from other lands. Texas festivals are incomplete without Texas music, so one fair stage will be devoted to homegrown styles.

Flamenco guitarist Ronald Radford topped a lifetime of study with two years of experience in Spain. Here he traveled with a gypsy flamenco music and dance troupe. Fascinated by regional styles and the stories behind them, Radford shares delightful personal experiences with fairgoers.

"Scartaglen" a group devoted to Celtic folk music will perform the first weekend of the event only, May 28-29. With four voices and over a dozen instruments, Scartaglen gives powerful interpretations of traditional Irish music.

Their range goes from rousing one moment to haunting and sweet the next. Instruments include pipe drones, pipe chanters, fiddle, guitar, tenor banjo, mandolin, whistle, bodhran, cittern, bodhran and keyboard.

The Bavarian Two salutes the Germanic roots of Texas with performers meant to be fun. Accordion and guitar and lively vocals will have fair visitors tapping their feet and singing along.

Headline performance on the Texas music stage is by Chisholm, a Dallas based group apparently destined for future fame. Young, clean-cut and energetic, their performance begins with melodies as old as "The Yellow Rose of Texas".

Rousing, spine-tingling renditions of "Dixie" and "The Battle Hymn of the Republic" bring audiences to their feet. Thirties "dust bowl" music is followed by the swing and romance of the WW II years, complete with "Don't Sit Under the Apple Tree".

Early rock and roll is

followed by the consciousness songs of the sixties as Chisholm brings the program to the present. The versatile group performs twice each fair day.

Randy Erwin is a cowboy yodeler. It's an art form that peaked in popularity decades ago, then rode off into the sunset with Roy Rogers. Now he wants to bring it back.

From Patsy Montana's "I Want To Be a Cowboy's Sweetheart" to Hank Williams' "Long Gone Lonesome Blues", Erwin's

songs are sure to stir memories. Of course, he will do the "Cattle Call".

Following each performance, Erwin will go directly to the Children's Area and a program of rope tricks. Visitors should not hesitate to follow. The Children's Area seems to always draw as many adults as children.

Two Kerrville groups are a source of great pride for the event. The Poverty Playboys have delighted fair visitors with bluegrass each fair day since it started in 1972.

Using strictly acoustical

"Scartaglen", a group devoted to traditional Irish music, will perform May 28-29 at the Texas State Arts and Crafts Fair in Kerrville. The fair also runs June 4-5.

Social Security Benefits

People who delay applying for Social Security retirement or survivor benefits for some time after they become eligible may miss out on some checks, Glyn Hammons, Social Security manager in Abilene, said recently.

This is because the number of months for which back payments can be made is limited.

In general, people who apply for retirement or survivor benefits after they reach 65 can get back benefits for up to 6 months

before the month they apply, but not before the month of their 65th birthday.

People who apply for reduced benefits before 65 generally cannot get benefits for any month before the month they apply.

People who apply for benefits because they are disabled—workers, adult children, widows, and widowers—can get benefits for up to 12 months before the month they apply if they are eligible in all other ways.

People can save time when they do apply for

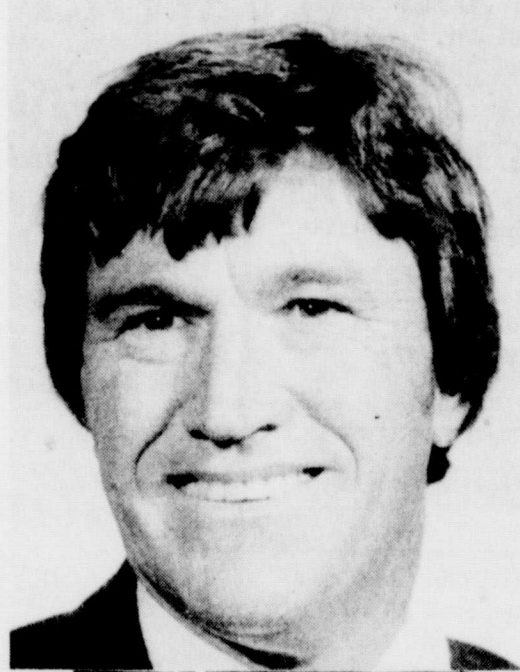

benefits if they have the necessary documents ready, Hammons said. This includes the person's Social Security card or record of the number, birth or baptismal certificate, W-2 forms or self-employment tax return for the past year and marriage and death certificates, if appropriate.

More information about applying for benefits can be obtained at the Abilene Social Security office, located at 142 S. Pioneer. The telephone number is 698-1360. The people there can suggest other documents if those listed are not available.

CISCO

A fund has been set up at Olney Savings to receive contributions for the K-9 Patrol Dog for the Cisco Police Department. "A dog is not a positive cure for crime, but he is one of the biggest deterrents ever devised," says Cisco Police Officer Cris Key. The Officer says that a lot of people don't see or don't want to see how bad the drug problem is in Cisco. He says 95 percent of all the burglaries in the town are drug related. One way a K-9 will stop the flow of drugs is that the dogs can detect odors one million times better than humans. If there are any narcotics in a car, the dog will react and a search can be made. There are also many other uses for such a dog in law enforcement, including protection for the officer he accompanies. Key says a German Shepherd dog from Germany will be used.

The Cisco Kiwanis Club is making plans for a Golf Tournament on Saturday and Sunday, May 21-22 at Cisco Country Club. The three person scramble will begin with shotgun starts at 8 a.m. and 1 p.m. daily. There will be an entry fee of \$40 per person, and this includes a greens fee and barbeque. Calcutta and barbeque will be held in the Corral Room Saturday evening. Guest dinner tickets will be available at \$5 each. The first hole-in-one on No. 2 green will win a \$12,000 automobile. Cash prizes will also be awarded for first, second and third places in each flight.

Officers for the Cisco Volunteer Fire Department have been elected. Re-elected for the second year

were Fire Chief Richard Connell, Assistant Fire Chief W.T. Eaton, Training Chief Gerald Jackson and Sec.-Treasurer Joe Jarvis. Fire Chief Connell said that last month the Department answered a total of 25 calls. He said they are still answering a lot of calls on rural grass fires. Donations are still being taken to purchase materials to build a new rural fire truck.

The Cisco Chamber of Commerce is holding its regular meeting this Wednesday, May 11, at 7 p.m. at the Traditions Restaurant. Featured on the program will be slides presented by Gus Smothers. They were prepared by the members of the Cisco Junior College Student Government, and are about the College. The slide presentation won first place in a contest in El Paso recently.

On Saturday May 14 a ladies' volleyball tournament will be held at the Cisco Community Gym. It is sponsored by the Cisco Association of Texas Professional Educators, and the purpose is to create a scholarship for a Cisco High School Senior. Everyone is invited to attend, and there will be no admission. Concession stand items will be available.

The Baird Golf Team, winners of Region Class A Title, are competing in the State Tournament on Thursday and Friday of this week. Coach Quinn Conley has high praise for the whole team. "When you've got as many boys as we've got that can win on

any given day, then I would say we have a very good team," he says. The Baird Girl's Golf Team was also outstanding this year - they were the District 14-A Champions, and finished Fifth at Regional.

Country and Western musician George Strait has produced an album for fund-raising for local Future Homemakers of America chapters. In this special arrangement, Strait selected his favorite songs for this FHA album. An album, or cassette, is available for \$10 from the Baird FHA Chapter. Please call 854-1334 to make arrangements.

In a recent meeting Ranger City Commissioners heard police complaint from a local citizen. Truman Miller stated to the Commissioners that he felt there was a problem with the current Chief of Police, because of his temper. And Miller said he, being in the firearms business, did not understand why the Chief walks around town with his gun cocked in his holster. He asked that the Council consider dismissing the man, and presented a list of names on eight petitions. Later the Police Commissioner presented a list of names in favor of keeping the current Chief.

The Ranger Jaycees, along with Mayor David Rogers and city employees Barry Alexander and Lee Cantrell have painted the city pool and helped with minor repairs. Loretta Brister has been hired as Swimming Pool manager. All is ready for summer.

The Ranger Volunteer Fire Department will be

sponsoring their Second Annual Memorial Day Barbeque Dinner in conjunction with the Memorial Day Service at WW II Park on May 29. Tickets are \$5 for adults and children, 12 and under \$3. They may be purchased from any Fireman, at the Fire Station, or at the Ranger Times office.

May 14 is the date set for the Annual Open House, program and graduation of the Mesquite and Rusk Church of Christ Tuesday School. All students will be participating in the program, which will feature songs, skits and projects. All family and friends of the students are invited to come and see what the children have learned.

Southern Baptist Woman's Missionary Union Celebrate 100 Years

The year was 1888; the place, Broad Street Methodist Church, Richmond, Va. Present were 32 official delegates of Baptist women's societies representing 12 states; watching were at least 200 observers. The stage was set - but should the women organize? One by one, states placed their votes. First to be polled was Maryland, represented by a young woman named Annie Armstrong.

When the 1888 convention ended, Southern Baptist Woman's Missionary Union had been created, but not without controversy. "If you vote for this organization," said one Kentucky gentleman, "God only knows what the women will do. Nobody on the face of this earth will be able to manage them, and they will be in danger of wrecking the whole business."

This Kentuckian was right about one thing: only God knew what the women would do. Who, on May 11, 1888, could have envisioned that the Annie Armstrong Easter Offering, between the years of 1895 and 1987, would provide a total of \$271 million dollars for home missions? Could anyone have foreseen the creation of Baptist Center work, literacy missions, church loans, volunteer programs or language missions? Could anyone have anticipated the impact that WMU would have on the lives of men, women and children worldwide.

The organization's ideals and aims have never changed. The spirit of courage, compassion and forward thinking that birthed WMU sustains WMU. The women in Richmond started down a path that would enlarge the vision, stir the compassion and challenge the understanding of Southern Baptist 100

"My Little Girl"

Written by: Patricia Flippin and dedicated to Nita and her daughter Victoria I have a little girl, and I hope that she will see, How much I love and miss her, since she's away from me.

My love is always there, deep down inside my heart. My thoughts are always with her, even though we are apart.

I know that your alright, with the people you live with now. But I hope to spend more time with you, in the future, and this is how.

As time goes on, and you get older, the decisions will be yours to make. And hopefully you will have the desire, to be closer for both of our sake.

A mothers love is always there, may you never doubt what I say. For the love of a mother for her daughter, can shine as the sun in the day.

Chambers Family Serving Your Family

Second Generation Funeral Directors

SHOULD THE CASKET BE OPEN OR CLOSED?

This question can only be answered by the family, never by the funeral director.

There are several options available to the family. The casket can be open during the hours of visitation and closed during the final rites or it can remain open during the final rites. It can also remain closed at all times.

The customs of the family's faith and the influence of their clergyman's thoughts may help determine what is to be done.

Modern psychologists tell us viewing the deceased helps the family to accept the fact of death, especially when it may have been sudden or unexpected. If, however, the appearance of the deceased cannot be made acceptable, viewing may possibly be harmful.

The family's own wishes on the desired procedure will always be the guideline for the funeral director at our firm. We respect the family's wishes on all particulars of the funeral service as we try our very best to provide a truly personal and meaningful service.

Wanda's Corner

Jasper and Evelyn Cook of Cisco recently returned from a trip to Forest City, Kentucky, where they were right in the middle of a real life police speed chase.

Jasper said they were on the interstate and leading a line of cars that were backed up about a mile behind them while they were pulling their 26 foot long travel trailer. He said they were going 5 miles over the speed limit when they saw a highway patrol car coming toward them, turn around with his blue lights flashing. Jasper thought they were going to stop him, but they were after a small pickup behind the Cooks.

Jasper said the police were trying to get the men in the pickup to pull over but they wouldn't. Then the city police came up beside the Cooks on the other side and everyone started pulling out guns and trying to shoot the tires out and everything.

He said the pickup finally made it around the Cooks, but the police and the pickup were bumping each other trying to get them to stop and still shooting. He said it was just like in the police shows on TV.

Jasper said the pickup had a wreck on an overpass and finally stopped. He said it's kind of funny talking about it now, but it wasn't a bit funny while it was going on.

Some little child left a view finder in The Press last week. It has a Donald Duck cartoon in it. So if your child left one here, be sure and stop by during our business hours and pick it up.

Last Friday the Spring 1988 graduates of Cisco Junior College received their certificates in a program held at the Harrel Fine Arts Auditorium.

Graduates from the Cisco, Clyde and Abilene CJC campuses were there along with their family members.

Mr. William H. Coots of Baird graduated and when he walked across the stage a little girl about 3 or 4 years old, yelled out, "Yeah, Granddad!"

Toba Jean Hackett of Abilene also had some young children say, "We're proud of you Mom," when she walked across the stage. Kay Trice of Cisco had someone tell her, "Way to go Mom."

Mr. and Mrs. Lee Lieske celebrated their 74th anniversary last week. Mr. Lieske is 100 years and 6 months old and his wife is 94 years old.

Jerry Sitton entered the Dyess Air Force Base Hospital last Thursday. He is in the hospital for treatment and will be there for several days, according to his wife Dorcas.

The Big Country March of Dimes is currently seeking volunteers to help with a variety of services including the Speakers Bureau, Publicity Committee, Office Services, Volunteer Chairman for Organization Relations and Volunteer Coordinator. For more information on these and other volunteer opportunities with the March of Dimes, call 1-915-608-4022 for more information.

Mr. and Mrs. John Briscoe were in Cisco last week visiting her sister, Louise Walton. Mrs. Briscoe said they had been fishing when the tailgate on their pickup fell out and all their fishing equipment fell out. They did not notice it at the time.

She said this happened on Saturday and when they discovered what had happened they went back along the same route they had been on earlier. She said someone had picked up their fishing gear and placed it on the curb on 9th and Avenue N. She called The Press bragging on the people in Cisco. She said there are some honest people left in the world.

A woman brought in a sign to go in our office about Office Hours. The sign says:

OPEN Most days about 9 or 10. Occasionally as early as 7. But SOMEDAYS as late as 12 or 1.

WE CLOSE about 5:30 or 6, occasionally about 4 or 5. But Sometimes as late as 11 or 12.

SOMEDAYS or afternoons, we aren't here at all and Later I've been here just about all the time. Except when I'm someplace else.

The ladies of the Assembly of God Church will be making their delicious home made fried pies again this Friday.

They will have chocolate, lemon, cherry, apple, peach and blueberry pies. They will deliver in Cisco. Call 442-1561, or stop by 308 West 7th and pick up some of these pies.

We need to remember to lift the Sitton family up in our prayers. They have been going through some hard times lately.

Brothers Jerry, Joe and Robert Sitton, all of Cisco, heard last week that their brother Elbert Louis Sitton was in serious condition in a Ft. Worth hospital and Elbert's wife and daughter were killed when a gunman broke into their home on May 3 and opened fire on the family as they were watching TV.

Alexandra, 27 was killed immediately and Martha Lindsey, 50 died Thursday from her wounds. Elbert Sitton is in critical condition at John Peter Smith Hospital in Ft. Worth. He was shot several times in the arms and chest.

Police have made no arrest in the shooting, but are

investigating the incident.

The Cisco High School Band went to Six Flags Over Texas last weekend. My daughter, Teresa Pevey went with the group since she is also a band member.

Saturday was her 16th birthday. While at Six Flags Kimberly Clinton, Donnielle Rabel and Lisa Donica, all sophomores at CHS, bought a slice of pizza and put candles on it and gave it to Teresa for her birthday.

Cisco Gun Club To Hold Trophy Shoot

The Cisco Gun Club will hold its first trophy shoot of the year May 14th starting at 12 noon. There will also be a shoot for children starting at 10 a.m.

The trophy shoot for the adults will consist of four matches. The .22 pistol match will be first, followed by the large bore pistol. Both of these matches will be shot at a slow fire 25 yard target. Each person entering the competition will shoot three separate rounds, consisting of five shots per round. The highest total score will be the winner.

The next match will be the .22 rifle shot off a rest at a hunter type target. Scopes are limited to 6.5 power. Three sights are allowed and then one shot is fired at each of the five remaining targets. There will also be three rounds shot in this event with the highest total score winning the trophy. The last event will be the .22 silhouette shoot. This event is shot from an off-hand standing position at NRA regulation silhouettes. There is no limit on the scope size.

Silhouettes and distances to the banks are as follows:
Chicken-- 43 yards.
Pig-- 65 yards.
Turkey-- 84 yards.
Ram-- 100 yards.
Entry fee for the match is \$6.00 for members and \$12.00 for non-members. Memberships are also available before the match starts for \$10.00. The matches are open to the public and if you are

interested, bring your guns out, have some fun, and possibly take home a nice trophy.

Something that many of the younger hunters need to be aware of is the mandatory hunter education program that the Texas Parks and Wildlife Department will begin enforcing. This program will be phased in during a five year period, but will be enforced starting September 1, 1989, for hunters whose date of birth is during the period September 2, 1971, through August 31, 1973. Hunters in this age group will be required to have proof of certification. Anyone born after September 2, 1971, will eventually have to be certified. This program's goal is to reduce hunting accidents

and violations as well as giving the student an understanding of wildlife conservation and management.
