Rail Problem Is Cleared Up By Agreement

Executives And Labor Leaders Settle Upon 10 Per Cent Reduction To Be Effective To June 30, 1934

Withdraw Demand

Both Sides Wish To Do Nothing Which Would Embarrass Or Threaten Present Policy Of Administration

(By The Associated Press)

WASHINGTON, June 21. — An agreement was signed tonight by representatives of railroad executives and railroad labor leaders settling upon a 10 per cent wage reduction to be effective until June 30, 1934. The agreement was signed in the office of Joseph E. Eastman, federal railroad coordinator.

In return for the extension of the 10 per cent cut now in effect the railroad management agreed to withdraw a demand for an additional 12 1-2 per cent reduction in the basic rates of pay.

Agreement Announced

Announcing the agreement tonight, Eastman said "this agreement has been reached because both the railroads and the employees wish to do nothing which would in any way embarrass or threaten the present policy of the administration."

The agreement came after two days of conferences between the coordinator and the conference committee of managers of the railroads and the Railway Labor Executive association.

Eastman's announcement said:

Arrangement Extended

"The railroad managers and the railroad labor executives have entered into an agreement under which the arrangement by which 10 per cent is being deducted from the pay checks of employes will be extended from Oct. 31, 1933, until June 30, 1934, and under which the date on which either party can submit a notice in accordance with the provisions of the railway labor act indicating a desire to change the basic rates of pay will be extended from June 15, 1933 to Feb. 15, 1934.

"Under this agreement the railroads will surrender for a period of eight months their right to seek a further reduction in employees' compensation and the employees will surrender for an equal period of time their opportunity to secure an elimination of the present 10 per cent reduction.

Notice Cancelled

Americans Stand Pat On Policies

LONDON, June 21. (AP)—The impression prevailed at the world economic conference tonight that the United States would stand pat in its determination against stabilizing the dollar until internal price-raising objectives are more nearly achieved.

This impression was prevalent as the American delegation held a star chamber session this evening from which the leaders did not leave until after midnight. The Americans were authoritatively reported to have received further instructions from President Roosevelt before the protracted night parley at the hotel headquarters, but important delegation quarters denied that any change in policy had been ordered.

The Americans now propose to use dollar stabilization as a bargaining weapon for obtaining realization of the Washington program in the conference.

Back Allowable Withdrawals In East Texas Field Reduced

AUSTIN, June 21 (AP)—The Texas railroad commission today issued an order reducing the back allowable withdrawals in the East Texas oil field from 50 barrels daily per well to 25 barrels daily.

The commission has permitted wells which were unable to produce regularly the permissable allowable to make up for their losses. However, the rate at which they can draw on the reserve has been reduced fifty per cent.

The commission decided that it will not permit back allowable to wells closed on Sundays. Owners closing their wells on Sunday will lose the production for that day.

TO RENEW EFFORTS

WASHINGTON, June 21 (AP) — William Leahy, counsel for Alphonse Capone, announced today he would renew efforts to release him from the Atlanta penitentiary either through application to the United States supreme court or to the Atlanta federal district court.

Spanish Fliers Crash In Mexico And One Is Dead

Ship Plunges Into A Mountain; Wreck Is Found By Indian

MEXICO, D. F., June 21 — Lieutenant Joaquin Collar, Spanish trans-Atlantic flier, was killed and his companion, Captain Mariano Barberan, seriously injured, officials of the department of communications said tonight, when their plane crashed yesterday while en route here on a flight from Havana, Cuba.

Department officials said they had confirmed a report telephoned here by Mayor Antonio De La Lanza, of Apizaco, in the state of Tlaxcala, 100 miles southeast of here, that the fliers' plane, Cuatro Vientos, had crashed on the slopes of La Malinche mountain.

Reported In Coma

Captain Barberan was in a coma, the official announcement said.

The government ordered that the injured flier and the body of Lieutenant Collar be sent here immediately.

At the time the mayor telephoned the Spanish embassy still insisted the report was unconfirmed, but the ambassador had dispatched an official car containing secretaries to Tlaxacala.

Confirm Report

The office of the Mexican President confirmed the report that the plane had crashed on the slopes of the mountain.

Captain Barberan and Lieutenant Collar, who recently flew from Seville, Spain, to Cuba, took off early yesterday on the projected Havana-Mexico flight of approximately 1,175 miles. After visiting the Mexican capital they had planned to fly to the Century of Progress exposition in Chicago.

Headed For Storm

The last report from the fliers had placed them over the state of Tabasco yesterday. A commercial pilot who reported sighting them said they were headed at the time toward a storm area.

Mayor Lanza said an Indian found the plane high up on the slopes of the mountain between the villages of Guadalupe and Ostlahualpan.

The scene of the crash is at an altitude of more than 11,000 feet. Aviation circles said the region must have been shrouded in clouds yesterday during the storm which swept that territory.

Ordinarily an airplane course from Vera Cruz to this city would have led south of the mountain, the top of which rises 14,000 feet.

Retail Sales Start Upward

Smaller Decline In Sales For Year To Date Than For 1932 Shown In Texas; Substantial Increase Noted

(By The Associated Press)

AUSTIN, June 21. — The University of Texas bureau of business research today released information to show that department and clothing store sales sustained a smaller decline in sales for the year to date than over the same period in 1932.

The bureau said reports received by it from 89 stores showed the decline in cumulative sales for the year-to-date as compared with a year ago was reduced to 12.6 per cent, as contrasted with a decline of 16 per cent for cumulative sales to the close of April.

The bureau said Abilene, Port Arthur, and San Angelo made substantial increase in May sales as compared with a year ago, the gains being 24.2 per cent, 25.5 per cent and 24.7 per cent respectively. Houston's sales were reported 10 per cent over those for May a year ago and increases of 2.7 per cent, and two per cent respectively were revealed in Fort Worth and Dallas.

Several Million Dollars To Be Spent In Fort Bliss Work

WASHINGTON, June 21 (AP)—War department officials said today it was expected that several million dollars would be spent on construction work at the Fort Bliss, Texas, post of the first cavalry division, but that both the amount and the exact character of the work remained uncertain.

It was explained that approximately $13,000,000 was to have been spent during 1934 at Fort Bliss, but that plans for this work had been cancelled and the matter turned over to the public works division under the national recovery act.

Nazi Revolution Enters A New Phase; Raids Staged

BERLIN, June 21 (AP)—The German Nazi revolution entered upon a new phase today in attempting to eliminate Dr. Alfred Hugenberg's nationalist followers and other units which formerly marched side by side as comrades with the Hitler brownshirts.

Nationwide raids on nationalist party headquarters were carried out and the steelhelmet veterans' organization, another patriotic group, was dissolved throughout the Rhineland.

BANK IS LOOTED

CAMDEN, Ark., June 21 (AP)—Four armed bandits shortly after noon today robbed the Citizens Bank and Trust company here of between $6,000 and $10,000 cash and tonight apparently had made their escape after abandoning their automobile in a wooded section 20 miles south of Camden.

Triangle Affair Brings A Bullet

When Bentwell Stafford was seriously injured by a bullet the news spread rapidly that the man who fired the gun had been seen frequently with Stafford's wife.

It was known Stafford had been bitterly disappointed when he failed to inherit a share of the Sexton millions. These events lead to a dramatic climax in beginning Tuesday, June 27, and "Bargain Bride," the new serial following in daily installments in the Lubbock Morning Avalanche.

Four Inmates Of Reformatory Missing After Man Is Found Fatally Beaten; Axe Used By Young Killers

(By The Associated Press)

GATESVILLE, June 21 — Four youthful inmates of the state reformatory here were missing after Will Leonard, reformatory blacksmith, was found fatally beaten in his shop late today.

Other youths told Superintendent J. H. McClellan they saw the four leave in Leonard's automobile. The missing youths were Grady Applegate, of Wood county; Willard Scott, of Oklahoma City; James Anderson, of Fort Worth; and Clarence Raines, of Centerville.

Found Unconscious

Leonard, 48, found unconscious in a corner of his shop with his head battered. Reformatory officials said an axe apparently was used in the attack. He died half an hour later. The door of the shop had been locked. Leonard had been employed at the reformatory for 14 years.

Officials, who immediately started a search for the missing youths, said they had been working in the blacksmith shop.

To File Charges

Superintendent Mclellan said the four youths would be charged with murder when caught. It was learned that they drove north toward

"All hope of his recovery has been given up," an attendant said.

Salesman Labors With A Handicap

KANSAS CITY, June 21. (AP)—Lee Leon, Los Angeles, today carried a letter in which Lieut. William Gordon, police bureau of identification, informed "whom it may concern" that the visiting Californian is not Charles (Pretty Boy) Floyd, notorious gunman, but a cosmetic salesman who would appreciate a chance to attend to his business.

After several forced visits to the office of the chief of detectives, Leon complained. A motor ride, a walk, a casual stroll in the park—all brought the same result, he said. An energetic patrolman would halt him and say, "if you're not Pretty Boy Floyd I'll eat a night stick."

Gordon wrote the letter after a careful examination of his records and the salesman, handing it over with the observation:

"My, but you do look like Floyd."

Processing Tax On Wheat Is To Take Effect About July 8

CHICAGO, June 21. (AP) — A. J. Weaver, head of the wheat division of the department of agriculture, today told the National Millers' Federation convention that the processing tax on wheat probably would go into effect July 8.

The task of compiling rules and regulations to make the Roosevelt agricultural recovery act effective was about finished, Weaver said, and another two weeks or so should see the necessary machinery set up and ready for operation.

Sheppard On His Way Home To Fight Texas Wet Forces

WASHINGTON, June 21 (AP) — Senator Sheppard, (D-Tex), one of the authors of the eighteenth amendment, was on his way home today to use his influence against repeal of the prohibition law.

Sheppard will speak at the opening of the convention of prohibition's defenders at Austin, June 27, and close friends of the Texan reorted he probably would make a series of other speeches against repeal.

KILGORE, June 21. (AP)—The capture of Jack Lebo, under 50-year sentence for murder, was reported by officers today.

They said Lebo was convicted and sentenced at Center, Shelby county, but left the penitentiary at Huntsville three years ago on parole and failed to return.

County Cotton Schedules Are Outlined Here

Series Of Community Meetings Will Be Held Next Week And Information On Acreage Cut Will Be Given

Farmers Notified

Each Section Will Select Its Own Committee to Assist In Signing Contracts; Agents Are Cooperating

SCHEDULE of a series of community meetings next week at which full information on the cotton acreage reduction plan will be given to interested farmers, was announced last night by County Agent O. G. Tumlinson. The meetings will be held the week of June 26.

Mr. Tumlinson and R. N. McClain, assistant county agent, will meet farmers in the school house of each community. Four to eight meetings a day will be held, at 10 a. m., 1, 4 and 8:30 p. m.

Session At Slide

The Slide community is having its regular monthly meeting on Friday night, June 23. This information will be given at that meeting, if available, Mr. Tumlinson added. If not, a date will later be worked out for some time next week.

"Each community interested in the plan will select its own committee to assist in signing the contracts," Mr. Tumlinson explained.

Following is the schedule of meetings:

Monday, June 26—10 a. m., County Line; 1 p. m., Hardy; 4 p. m. Shallowater; 8:30 p. m., Grovesville.

Tuesday, June 26—10 a. m., Caldwell and Barton; 1 p. m., Monroe and Woodrow; 4 p. m., Center and Union; 8:30 p. m., Becton and New Hope.

Wednesday Schedule

Wednesday, June 28—10 a. m., Acuff and Northeast Ward; 1 p. m., Estacado and Southeast Ward; 4 p. m., Idalou and Northwest Ward; 8:30 p. m., Liberty and Southwest Ward.

Thursday, June 29—10 a. m., Foster; 1 p. m., Wolfforth; 4 p. m., Hurlwood; 8:30 p. m., Carlisle.

Friday, June 30—10 a. m., Canyon; 1 p. m., McClung; 4 p. m., Slaton; 8:30 p. m., Posey.

"I do not have any information on the plan at this time, and do not expect any until the contracts are received here," said the agent. "I am expecting the contracts to reach here in time for the meetings."

Chairman Contacted

Mr. Tumlinson said he had contacted chairmen of the ten communities already organized and had asked them to notify all their farmers of the meeting plan. He will later notify them of the dates and hours of the meeting in their respective communities.

The agent spent Monday and Tuesday contacting as many com-

Freight Rate Reduction Is Asked By Congressman Jones

WASHINGTON, June 21 (AP) — Representative Jones of Texas said today he had requested the presidents of the Burlington, Rock Island and Santa Fe railroad to reduce freight rates one half on feed for livestock to points in drouth stricken sections in the southwest.

Jones said he had received a reply from President S. T. Bledsoe of the Santa Fe promising cooperation and that he was awaiting word from the heads of the other two roads.

Miller Funeral Services To Be Conducted This Morning

DALLAS, June 21 (AP)—Last rites for Barry Miller, three times lieutenant governor and one of the most colorful figures in Texas political life, have been arranged for tomorrow morning.

Miller, who was in his sixty-ninth year, died yesterday afternoon at the family home, Millermore, south of Dallas. He had been ill for several months.

Prince Renounces Rights To Throne To Take Bride

Love's Dream Comes True In Marriage To A Commoner

(By The Associated Press)

LAUSANNE, Switzerland, June 21. The former Prince of the Asturias, defying parental opposition and renouncing his rights to the Spanish throne for love, was married today to Edelmira Sampedro, attractive daughter of a Cuban merchant.

Bitterly disappointed over the lack of approval from former King Alfonso XIII, whose last word before the wedding caused the bridegroom to burst into sobs, the couple nevertheless smiled happily through the civil and religious ceremonies.

Still His Highness

The brief civil marriage in the city hall of Lausanne was followed later in the afternoon by the nuptial benediction in the Sacred Heart church of Ouchy, just below Lausanne on the shore of Lake Geneva.

Although shorn officially of royal prerogatives, the former prince was still "His Highness" in the wedding ritual, while to people who crowded the streets and shouted acclamations, the wedding was a real fairy tale romantic union of a prince and a commoner.

Receive Presents

The couple received numerous wedding presents, although many Spanish nobles sent their regrets, fearing disapproval. But no presents came from Fontainebleau, France, the exile residence of the former king and queen.

The former prince, who now retains only the nominal title, Count Cavandonga, took his bride tonight to Evains-Les-Bains, on the French side of Lake Geneva, where they will spend a honeymoon of a month or two. Later they plan to visit Cuba.

Cotton Plan Is Endorsed By 300 Farmers At Corpus Meet

CORPUS CHRISTI, June 21 (AP)—Approximately 300 farmers in meeting here today endorsed Secretary Wallace's plan of cotton acreage retirement, as presented by J. E. McDonald, Texas commissioner of agriculture.

The farmers, who were here from Nueces, San Patricio, Live Oak, and Refugio counties, cheered McDonald repeatedly during his talk and explanation of the plan. At the close of the meeting those attending voted unanimously in favor of the plan.

FDR Combines Some Business With Pleasure On His Jaunt

LITTLE HARBOR, N. H., June 21 (AP)—Combining a little business with a lot of pleasure, President Roosevelt cruised into this familiar harbor tonight after a leisurely sail from Gloucester, Mass.

Before taking off he conferred with Lewis Douglas, his director of the budget, and Col. Edward M. House, sage of foreign affairs. Veterans economies and how to ease them was the topic with busy Mr. Douglas, who is charged with keeping the budget balanced.

Grain Prices Go Up After Threat

CHICAGO, June 21 (AP)—A threat by Secretary of Agriculture Henry A. Wallace that United States might dump its surplus wheat on world markets unless other production nations agreed on restrictive measures was followed by skyrocketing of prices at Chicago and Kansas City today.

Serious damage reports to the domestic crop, also contributed to the advances, but the speech of Wallace, before the National Millers' Federation meeting, though late, was credited as a major stimulant.

His remarks were part of an explanation for the administration's insistence on wheat acreage reduction during the next three years. He pointed out that the country still has a 350,000,000 bushel wheat surplus and that, with rising prices, farmers might be inclined to increase acreages, with a resulting 800 or 900 million bushel crop and an additional surplus of 200,000,000 bushel.

Soviet Officials Will Aid In Search For Texas Flier

MOSCOW, June 21 (AP)—The chief of the Soviet air service, M. Shevelieff, wirelessed the Soviet government's station on Chukot peninsula, near Alaska, today to establish contact with American wireless stations in an effort to help in the search for Jimmie Mattern, missing American aviator.

There have been no reports concerning Mattern's fate since he took off from Khabarovsk, Siberia, a week ago with the intention of flying to Nome, Alaska, on another leg of his projected air journey around the world.

Mercury Soars To New Highs

Summer Makes Its Entrance As Scorching Weather Visits Big Area; Cool Breezes Are Reported In Some Parts

(By The Associated Press)

Summer made its official entrance Wednesday with scorching weather over a goodly section of the nation. Paradoxical cooling breezes prevailed in a few scattered regions.

A baking sun outshone its previous efforts in a dozen or more states as temperatures in the high 90's ceased to become unusual and readings of 100 became frequent.

Crops Damaged

Damage to crops was reported in several states, but in districts where the ground held sufficient moisture fields of corn, hay and small grains were growing well.

Neodesha, Kas., took the honors in early reports with 104 degrees above zero registered. Birmingham, Ala., had 102, Bartlesville, Okla., 101, and Fort Scott, Kas., 101.

Schools Closed

Pittsburgh closed the schools as the mercury reached 94 and headed higher. Cleveland had a water shortage and the weather was less than comfortable at 88.

Along the eastern seaboard, the temperatures graduated from a temperate 75 with showers promised at New York, to 97 at Baltimore.

Cotton Spinning Operations During May Move At Fastest Pace Since 1929; Upturn In Employment Seen

(By The Associated Press)

AUSTIN, June 21. — The Texas highway department is prepared to start projects estimated to cost $15,000,000 in highway construction with a minimum of delay as soon as emergency federal unemployment relief funds are available, Gibb Gilchrist, state highway engineer said today.

Plans are ready for this amount of work, Gilchrist said. The only delay will be in obtaining federal approval of the projects and advertising for bids, he said.

The commission was awaiting instructions from the federal bureau of public roads concerning regulations to govern the use of the approximately $25,000,000 apportioned to Texas for highway work. The committee will select the projects as soon as the federal regulations are received.

Fresh Stimulus Given To Recovery Program

WASHINGTON, June 21. —Fresh stimulus for administrators of the national recovery legislation came today in reports that cotton spinning operations during May moved at their fastest pace since October, 1929—the month of the stock market crash.

These indications of renewed industrial activity came as Hugh S. Johnson and Donald H. Sawyer, administrators for industry and public works, drove ahead with their business revival programs.

As a part of this widespread program Acting Secretary Roosevelt of the navy said the navy planned to spend $86,000,000 on ship construction during the year beginning July

Ranger Confident He Has Murderer

BRYAN, June 21. (AP) — A man and a woman brought here today from Houston by state rangers were viewed by Erwin Conway, 21, of Bryan, victim of bandits' bullet last Friday night in a holdup near here in which Miss Ledelle Hammond of Kosse was slain, and were being held tonight.

Sheriff J. H. Reed of Bryan said Ranger Captain E. H. Hammond, of Houston, told him he "was almost certain he had the right man in the case." The woman was being questioned further.

Because of the excitement among town folk over the slaying of the Baylor university co-ed and the wounding of Conway, her fiance, precautions were being taken by officers. Only a few were aware of the fact that the man and woman were brought here for questioning after the rangers found them near Houston early this morning.

Wets Jubilant And Drys Determined As Battle Over Repeal Gets Hotter

(By The Associated Press)

WASHINGTON, June 21.— A prediction from Senator Joseph T. Robinson that his home state of Arkansas probably would vote for repeal on July 18 came today close behind the verdict of New Hamphire, Iowa and Connecticut against prohibition.

In reply to such prophecies and the jubilation of anti-prohibitionists over 14 successive state victories, the Anti-Saloon League, through its superintendent, F. Scott McBride, said the "real battle" was yet to come.

"It would have greatly encouraged the drys had Iowa and New Hampshire voted against repeal," McBride said. "However, the fact they did not is not disheartening because, although both these states were dry, neither had gone dry by statewide referendum."

In contrast, James A. Farley, chairman of the Democratic national committee, predicted that "practically every state in the union" would vote for ratification of repeal.

Jouett Shouse, president of the association against the prohibition amendment, called the Iowa vote "astounding" and challenged prohibition leaders to name three states that would vote to keep the 18th amendment in the constitution.

Complete unofficial returns from Iowa today showed 377,275 for repeal and 249,943 against. The result in a state long considered dry impressed

SOME one with a liking for analysis might look into the secret desires of their friends—the reason why they want to do and see the things they will mention.

• • •

It might be an interesting study in types, for instance, to discover who it is that desires above all things to see a salmon run in Alaska, to watch the Dutch windmills turn in Holland, to trek across an Australian desert or to simply sit and dream on Hawaiian sands.

• • •

Almost everyone has some one place he would like to see above all others if he were privileged to go where he pleases. And few of these desires include the usual show places of the world.

• • •

BALL FOR THE GIRLS

SOME one with a desire to start things might promote a city basket ball league among the employed women in the city as a companion to the soft ball league among the men.

• • •

There are a lot of stenographers, nurses, clerks and other young women in the city who might welcome the league as an opportunity to get some much-needed exercise and at the same time have a good time. Many of them have played basket ball and like the sport.

• • •

This writer isn't looking for a job as promoter or player but there are probably plenty of young women around here who might like to play.

• • •

One of the greatest difficulties that many women have who work indoors continuously, particularly those who sit at a desk all day, is that they put on weight. Exercise isn't always easy to get when they have little time and no means of getting to and from golf courses or swimming pools. This league might be welcomed.

IT MIGHT HELP

"TRY spending a night in your guest room," suggests some writer on home-making. "This will give you some idea about the changes that need to be made in order to make the room comfortable."

• • •

That is an inspiration. If most of us could try out our guest rooms, our company, our cooking and a lot of other things with an unprejudiced slant, we might change things considerably.

• • •

It might be a grand thing if most of us could see ourselves as others see us for an evening. We might discover with some chagrin that our patter was very tiring, that our habits were distasteful or that we needed to be improved in some other way. Most of us unconsciously pull our hair, drum on the chair arms or do other things that are distasteful to the people with whom we associate.

• • •

This spending a night in our guest room idea might be profitably expanded. The greatest difficulty might be that too many people would come out of the ordeal burdened with an inferiority complex. Such a minute self examination might have its drawbacks.

• • •

INEXPERIENCE

THE PEOPLE who "take" disappointments the hardest are not usually the people who have had a great many.

• • •

You can watch some one moan because something prevented a week-end trip that had been planned and be pretty sure that this person is one who usually has his way. Listen to the people who wail over their hard luck and the chances are that they haven't had much of it.

• • •

The people who silently endure troubles and forget them readily, or at least appear to forget them, are not usually new at the game. They have discovered that wailing does no good and that it is far better to hope for something else. Don't waste too much sympathy on the one who says he is having the hardest time. The chances are he isn't.

"This soap contains precious elements NATURE puts in skin itself——"

"It keeps my skin so soft . . . so young-looking!"

That's the reason millions of women couldn't be tempted away from this beauty soap . . . which Hollywood stars have used for years!

But WHY does it get such wonderful results?

The secret of youthful skin

Nature puts certain precious elements into all types of skin; young skin is rich in them. But as years go by, these elements are gradually lost . . . skin becomes unattractive, old-looking.

Now scientists have discovered Lux Toilet Soap *actually contains* precious elements skin itself has . . . and must have to stay youthful.

It *checks the loss* of such precious elements, these scientists now declare!

Lux Toilet Soap, they tell you, with its complete freedom from harshness, its ready solubility, and *its content of such precious elements*, is a wonderful aid in keeping skin soft, young-looking.

Is it any wonder that 9 out of 10 screen stars are so devoted to this fragrant, white soap . . . that it's the *official* soap in all the big film studios?

Surely *your* skin deserves this scientific care! Get Lux Toilet Soap and start today.

For EVERY Type of Skin...*dry...oily...in-between*—BEGIN TODAY!

"No wonder screen stars have used it for years," says Miss Wilhelmina Wagner, of Chattanooga, Tenn. "I took their advice and changed to Lux Toilet Soap. It keeps my skin so clear, so soft and really young-looking, that it's been a revelation to me. I wouldn't be without it."

Extension Service Head Says Texas Farmers Rally To Call

Offers Are Pouring In From Many Quarters And Quota Of 4,493,000 Acres Expected In Near Future

COLLEGE STATION, June 21. (AP) O. B. Martin, extension service director at Texas A. and M. college and in active charge of the cotton reduction program in Texas, said today that the state seemed to be "rallying to the support" of the extension service in the administration of the cotton relief act.

Offers to help have poured in from farmers' organizations, commercial organizations, chambers of commerce, vocational agriculture teachers and other public-spirited citizens," he said. "It seems likely that the goal set for Texas of 4,493,000 acres retired from cotton production will be reached next week."

Moving Rapidly

He said the extension service was moving rapidly in preparation for the reduction campaign next week and by Monday would have every cotton county in Texas organized on a neighborhood basis.

"President Roosevelt had much to do with formulating terms of the farm relief act," he said, "and is the one who conscripted the extension services of the states to administer the act and is responsible for the plan of calling off operation of the act as to cotton unless southern farmers would respond to the government offer."

Returns Monday

Martin returned here Monday after a week's conference in Washington. He praised J. E. McDonald, Texas commissioner of agriculture who, he said, had a great influence in Washington in getting cotton reduction contracts drawn up in simple language and on favorable terms to growers.

"I am counting heavily on counsel and advice of McDonald in carrying out the project in Texas," Martin said.

Martin will attend the southwestern wheat regional conference at Kansas City Monday to discuss with Secretary of Agriculture Wallace and state representatives the application of the farm relief act to winter wheat.

John Garner Off On Fishing Trip

UVALDE, June 21 (AP)—John N. Garner, vice-president of the United States, was off on another fishing trip today with his companions, Pete Walcott and Ross Brumfield.

"Are you sure," he asked as they started away, "we have plenty of pots and pans and plenty of 'grub'?"

Although their destination was unknown, there were indications they would prepare their own meals. Garner ranks among the best camp cooks in the country.

One of Garner's prized possessions is a "diploma" given him several years ago by Walcott for proficiency in camp cooking.

Mrs. Garner remained at home to superintend planting of her garden and to catch up with her work about the house.

New motor oil shows America how to get 28½% more miles per quart

1930

3 YEARS OLD—One of the cars borrowed for this test run had piled up thousands of miles on its speedometer—*yet Gulf-lube cut its oil consumption to the bone!*

1931

2 YEARS OLD—Pistons and rings in this car had never been replaced—but that made no difference to Gulf-lube! For *Gulf-lube outlasted every competing oil tested in this car by a wide margin!*

1932

1 YEAR OLD—This roadster was in good average mechanical shape, with pistons and rings well "broken in" but not worn. *And again Gulf-lube carried off top honors against other leading 25c motor oils!*

1933

BRAND-NEW—This car's mileage was little over 1000 miles. Rings and pistons were tight and oil consumption was low. *Yet even in this almost new car, Gulf-lube lasted 37.4 more miles per quart than the average of the competing oils!*

MEASURING THE EXACT AMOUNT OF OIL placed in each of the test cars. Representatives of the Contest Board of the American Automobile Association tested Gulf-lube against leading brands of 25c oils in 6 borrowed cars—and Gulf-lube stood up 28½% longer before a quart of oil had to be added.

Gulf-lube wins amazing test with borrowed cars of different makes

SIX AVERAGE CARS—from new to several years old—were borrowed from their owners and placed on the Indianapolis Speedway.

In these cars, representatives of the Contest Board of the American Automobile Association tested four of *America's leading brands of 25c oils.*

In a 4-day grind around the track, at a constant speed of 45 miles an hour, these cars tested *each* of the competing oils.

And, at the end of the test, *Gulf-lube had beaten every oil in every car!* In Car No. 2, for example,—when oil "C" was replaced with Gulf-lube, consumption dropped from a quart every 652 miles to *a quart every 1447 miles!*

And, averaging the figures for all cars, *Gulf-lube cut the oil costs on these cars 28½%!*

Buy less oil—get better lubrication

Switch to Gulf-lube now. You'll buy less oil. And you'll get better lubrication. Try it! It's the finest motor oil a quarter ever bought. Get it at any Gulf station.

Moody And Vines Continue To Win In English Court Joust

LONDON, June 21. (AP)—The strong American contingent, led by the 1932 Wimbledon champions, Ellsworth Vines and Mrs. Helen Wills Moody, carried on through the third round of the London tennis championships today with its ranks almost unbroken.

The only major casualties among the group from the United States were David N. Jones, former Columbia university student who bowed to Vines in the day's outstanding match, and Clayton Lee Burwell of Charlotte, N. C., an Oxford student. Cliff Sutter, third ranking player in the United States, Lester Stoefen, Keith Gledhill, W. L. Breese, the former Harvard player, Mrs. Dorothy Andrus Burke and Virginia Rice all negotiated the third round barriers successfully.

Vines, preparing to defend his Wimbledon title next week, ran into some real opposition against the hard-driving Jones, winning 6-2, 6-2.

Mrs. Moody beat Mrs. E. C. Peters, 6-0, 6-1. Mrs. Burke also won in straight sets from Mrs. L. MacReady, 6-4, 6-4. Miss Rice turned back Jeanette Morfey, 6-4, 6-4.

California's football star, Dave Meek, registered for the shot put and in six weeks of training increased his distance from 45 to 46:11 3-4.

Cards Keep On Giants' Heels With 7-5 Win

Gabby's Men Overcome 5-Run Lead To Beat Dodgers; Boston Takes Two-Header Over Third Place Pirates

(By The Associated Press)

BROOKLYN, June 21. — The St. Louis Cardinals spotted the Brooklyn Dodgers five runs in the first inning today and then came from behind to win 7-5 when a pinch double by Rogers Hornsby rammed over the deciding markers in the eighth inning. The victory left the Cards still a half-game back of the Giants.

Sled Allen To Set Strong Team On Kelly Field Fliers Sunday, Monday

Extra Hands Are Imported For 3-Game Go

For one of the outstanding baseball attractions of the season here, Manager Sled Allen of the Lubbock Hubbers is busy this week in an effort to strengthen weak places in his lineup against the invasion Sunday by the Kelly Field Fliers of San Antonio.

The Fliers, managed by Sergeant W. E. Newman, arrived here early Sunday and will play two games Sunday afternoon. The third game of the series is scheduled for Monday afternoon.

At College Ave. Park

Popular prices will prevail, and additional bleachers will be erected to take care of a large crowd. The game will be played at the College Avenue park, entrance to which is from 2nd street, where the Hubbers played last Sunday.

In an effort to strengthen his club, Manager Allen has procured the servides of Dick Ratliff, professional catcher who played in the Central League last year with Akron and Canton, for the series. Ratliff, unattached this season, resides at Littlefield. Mickey Ratliff, one of the star shortstops of this region, may be brought in.

Nudie Moore To Pitch

Nudie Moore, star pitcher of the South Plains, brother to the celebrated Wilcy Moore, is slated to take the slab in one of Sunday's games against Uncle Sam's army officers.

Efforts are being made to bring "Pus" Ballard, fleet-footed and heavy hitting second sacker, home for the series. He, with Red Gaither also may be here for the series, rounding out an outfield which Lubbock customers like to see. Ed Hambright and Evo Marshall or Harold Crites will be the other outfielders, or Crites may be positioned at third base.

The Fliers, seventeen strong, are reputed to be one of the strongest independent teams of South Texas. Many of the men on the team are former Texas League players, while others have played professional ball in Oklahoma and in middle west states.

Henry Greenberg, big freshman infielder of the Detroit Tigers, was judged the most valuable player in the Texas League last season.

Pittsburgh's great catcher, Earl Grace, was playing semi-pro ball at Phoenix, Ariz., as late as 1927 and was listed as a rookie with the Chicago Cubs only two seasons ago.

El Paso Netter Upsets Dope To Beat Favorite In Tourney

FORT SMITH, Ark., June 21. (AP) Nelson McInnich of Kansas City, second ranking favorite for the men's singles title, was an upset victim in the third round of the Missouri Valley championships here late today at the hands of George Ball, 18-year-old star from El Paso, Tex.

McInnich was put out of the title running by a 3-6, 6-0, 6-4 score.

Fred Royer of Dallas, defending champion, narrowly escaped defeat at the hands of Russell Ball, bespectacled 16-year-old brother of George, in another late match that brought the gallery to its feet. The score was 7-5, 3-6, 7-5.

Both the Ball brothers had advanced to the quarter finals of the junior singles earlier in the day. George's victory over McInnich pairs him with Joe Apple, Durant, Okla., in the men's quarter finals.

Albert Rollins, Okmulgee, seeded six, was eliminated in another upset by Bobby Kamrath, Austin, 6-4, 6-4.

Jack Fouts Of Dallas Wins Cleburne Invitation Tourney

CLEBURNE, June 21. (AP) — Jack Fouts of Dallas today won the fifth annual invitation golf tournament of Cleburne Country club by defeating Bud McKinney, seasoned campaigner from Del Rio.

The match was decided on the nineteenth hole, where McKinney's approach was short and he missed a needed putt by less than an inch.

Bob DeHoney of Waxahachie won the second flight; Connor Blakeney of Stephenville, the third; Houston Cole of Fort Worth, the fourth; Bill Baechtel of Cleburne, the fifth.

The hammer throw and the hop-step-and-jump will be dropped from the Drake relay carnival in 1934.

Quicksall-Pryor And Sporting Goods Teams Win Soft Ball League Battles Yesterday; Two Games Slated Today

The J. & J. Sporting Goods company team took the lead in the "National" soft ball league yesterday by defeating the Texas Utilities team, winners over West Texas Gas last week, 19 to 12, yesterday afternoon.

In the "American" league, Quicksall-Pryor's team nudged out the Lubbock Compress, 30 to 10, to join Hotel Hilton in the undefeated list of American league teams.

In this afternoon's games, West Texas Gas company takes on City Hall, winners over Kuykendall Chevrolet last week, in the National league, and Weiss-Truck Terminal meets Dee's Coffee Shop in the American league.

May Change Site

The National league game will be played at the Fair Park field, the American league contest at the 22nd Street park. Negotiations are under way to procure a more suitable park for the American league games, and place for today's contest may be changed.

The lineups for yesterday's games:

Quicksall-Pryor: Scott, left shortstop; Price, pitcher; Powers, third base; Allen, left field; Leaverton, first base; Lowery, second base; Hamilton, right shortstop; Bullock, center field. McGee, catcher and Turner, right field.

Lubbock Compress: Keetch, first base; Lattrell, left shortstop; Manley pitcher; Brown, left field; Jackson, second base; Lewellen, third base; McGraw, catcher; Robertson, right shortstop; G. McGraw, left field; Stillwell, right field.

J. & J.: Girand and Benoit, catchers; Waller, third base; McAllister, right shortstop; Harston, first base; Swart, right field; Jones, pitcher; English, left field; Reeds and Lockhart, second base; Tadlock, left shortstop, and Brooks and Mansell, center field.

Texas Utilities: Pearson, left field; R. V. Galey, catcher; D. Brock, center field; H. Galey, third base; Hamilton, second base; Urguette, first base; A. Chase, right shortstop; C. Brock, left shortstop; Hopkins, right field and R. Brock, pitcher.

Chaddie Andrews of Tampa won the Florida high school golf championship with a round of 75.

Adolph Arlitt, giant first baseman with the Springfield, Ill., club, stands 6 feet 6 inches and weighs 230 pounds.

Mexico Boxers Refused Entry To U. S. Side

Scheduled To Fight In Los Angeles Next Week, Fighters May Be Held Up For 10 Days For Permission

EL PASO, June 21. (AP) — Baby Face Casanova, Mexican bantamweight champion and Kid Azteca, Mexican titleholder, en route to Los Angeles from Mexico City, today were denied admittance to the United States through the Juarez port on the ground they are alien contract laborers, under contract to fight in Los Angeles.

The battlers may take an appeal to the department of labor at Washington, it was said. Definite decision of their status probably will not be determined within 10 days, immigration officers said, even if the appeal is made. Azteca was scheduled to fight in Los Angeles, June 27 and Casanova was booked to fight July 11. Both youngsters made application for entry on tourist passports representing themselves as on a pleasure trip, officers said. Information from Los Angeles immigration officers, however, said it appeared the fighters have already signed contracts for impending battles.

AMONG the AMATEURS

By ADAM DUBB

FINAL arrangements have been made for the women's city open golf tournament. The schedule of play has been slightly changed. The qualifying rounds of 18 holes will be played at the Meadowbrook either on July 24 or 25. The first matches will be played either on July 26 or 27 at the Meadowbrook. The second round July 28 at the Country Club and the third round July 29 at the Meadowbrook. The finals will be played July 30 at the Country club. There will be 16 contestants to the flight and as many flights as entries justify.

All members of the Country club are urged to get in touch with Johnnie Edmisson before the end of the week if they want invitations to the Annual Invitation golf tournament July 1 to 4 sent to any of their personal friends.

BULLETIN: The news has finally leaked out. Not an alibi but a fact that can not be disputed by anyone on the plains. The reason that the C. C. golfers didn't fair so well at Ruidoso was that it "rained all the time." Now you can't expect our local golfers, who don't even know what rain looks like, to play golf in it. For a while I thought it would be the trees that bothered them but according to "Windy" Watkin, you would have to use a driver to approach to the green through six inches of water—in wet pants—imagine him in wet pants.

The South Plains Golf league schedule for the coming Sunday is as follows: Slaton at Lubbock, Littlefield at Brownfield, and Meadowbrook at Plainview.

THE Meadowbrook caddies defeated the Lubbock Country club caddies all four matches yesterday at the Meadowbrook course. A return match will be played on the the Country club course Saturday morning.

The results were as follows: Joe Bihl defeated Howell Young, 2 and 1; Alfred Holton defeated Weldon Counts, 6 and 5; Babe Christian defeated Jack Trammel, 2 and 1; and Robert Pearce defeated Ray Brannon, 6 and 5.

Joe Bihl shot the lowest medal score with a 70 for the Meadowbrook team and Howell Young shot a 75 for the Country club's lowest score.

A chicken barbecue will be held at the Meadowbrook July 16. Captain J. W. Branch and Captain Dr. V. V. Clark will choose sides among the members. Loosers will pay for supper that will be held at the club house at 7:30 p. m. July 16. Prizes will be offered to medalists according to ages in groups of 14 to 18, 18 to 25, 25 to 35, 35 to 45, 45 to 50, and 50 to 100.

THIS column has been asked to notify all members of Meadowbrook golf course that are going to Plainview Sunday plan to leave the club house at 11 o'clock that morning. If anyone leaves earlier, please notify "Tosh" at the club house.

Canadian May Battle Dunlap In British Go

Ross Somerville Advances To Fifth Round With American In British Amateur; Clash Between Two Is Likely

HOYLAKE, Eng., June 21. (AP) — Safely past two more rounds of competition today in the scramble for the British amateur golf championship and now standing together in the upper half of the fifth round, Canada's Ross (Sandy) Somerville and America's George T. Dunlap, jr., approach a golfing collision that will oust one of the two invading threats from the tournament.

They will meet in the sixth round tomorrow afternoon if Somerville disposes of the veteran Scottish star, Edward P. Kyle, and Dunlap succeeds in getting past the sharp-shooting Lister Hartley, British Walker Cup player, in the morning.

Dunlap, the blond New York youth who twice won the American college championship for Princeton, gave his followers a thrill today by taking an extra hole to defeat Alarie De Forest, 1 up, on the 19th green.

Somerville also was obliged to play only one match, in the fourth round. He was only one stroke over par, for 13 holes, as he polished off D. J. Walker, old Cambridge University captain, 6 and 5.

Kyle, Somerville's next opponent, sprang the biggest upset of the fourth round by eliminating Jack McLean, 22-year old Scot.

Scarcely less noteworthy was the continued advance of Jack Nash of London, Ontario, a club-made of Somerville, who went to the 19th hole to beat John Burke, Irish star and Walker Cup player.

Former Legion Leader Buried

Legionnaires Are Prominent In Funeral Services Held For Major O. L. Bodenhamer At El Dorado

ELDORADO, Ark., June 21 (AP)—The body of Mayor O. L. Bodenhamer, former national commander of the American Legion who met death in an East Texas oil field explosion Monday, was borne to a grave today by eight commanders, past and present, of the local Legion post from which he rose to state and national eminence in Legion affairs.

Gov. J. Marion Futrell and other state officials and national and state Legion officers joined city officials, local legionnaires and other of Major Bodenhamer's friends to accompany the flag draped casket in the funeral cortege from the modest Bodenhamer home to the first Baptist church. Church services were in charge of the Rev. Doctors John H. Buchanan, pastor, and C. E. Dicken later at the cemetery military services were in charge of the El Dorado Roy V. Kinard post and the Little Rock M. Eberts post of the Legion.

Representing the national American Legion were Frank Samuels, national adjutant, and Jim Barton, general manager of the Legion's monthly magazine, who flew here from Shreveport for the funeral.

Services at the church were set for 4:30 p. m.

The 40-year-old former Legion executive died in a Shreveport hospital from burns received in an explosion which followed his attempt to light a cigaret in the vicinity of his oil wells near Henderson, Texas, early Monday.

Demo Leader Is Illness Victim

AUSTIN, June 21. (AP) — Maury Hughes of Dallas, chairman of the Texas Democratic executive committee was stricken ill while a passenger on the Texas Special, Missouri-Kansas-Texas train today. He was en route to his home in Dallas.

George Bendetti, passenger agent for the railway, was notified that the political leader was suffering intensely with a sudden attack, described as a bladder ailment, when the train arrived in Granger.

Bendetti said two doctors were called and accompanied him to Temple, where it was planned to remove him to a hospital. However, when the train arrived in Temple Hughes' condition had improved and it was decided to take him on to Dallas aboard the train.

Hughes was in the best of health when he went aboard the train here at 10 a. m., Bendetti said.

"He had requested that we hold the train for him a few minutes," Bendetti said. "He came to the station in a taxi, jumped out and went aboard apparently feeling fine."

Slaton Plans July 4 Affair

All-Day Celebration Is Being Planned By American Legion Post; Other Groups Aid In The Observance

SLATON, June 21. (Special)—Arrangements are being made for Slaton's Fourth of July celebration, which is sponsored by the American Legion, assisted by the chamber of commerce, retail merchants' association, Rotary club members, and others.

The day will open with a street parade, starting on Texas avenue and marching around the business portion of the city square and then to the community house. The Legion, boy scouts and chamber of commerce band will head the parade.

At the community house there there will be some speaking, music, a ball game between teams of juniors, a girls' bicycle race, a terapin race and other amusements. A basket lunch on the club-house lawn is planned.

In the afternoon there will be a baseball game between Slaton and Tahoka, a square dance, old fiddlers' contest and other contests.

At night a dance is promised by the American Legion.

Invitations have been sent out to surrounding communities and nearby towns. Prizes for first and second places will be awarded in each contest.

SHOT TO DEATH

SAN ANTONIO, June 21. (AP) — Daniel W. Martine, 58, traffic chief for the Western Union here, was found shot to death at his home today. A gun was nearby.

Martine had been in ill health.

Of the 40,000,000 mail bags handled by the British Post Office in 1932, only 40 were lost or stolen.

Unlawful Assembly Trial Will Be Staged On July 12

FORT WORTH, June 21. (AP) — Trial of 29 men and women, charged with unlawful assembly, probably will be set for July 12, Assistant District Attorney Bransford announced today.

Meanwhile, the scene of the arrests on La Gonda avenue was quiet. Armed guards had gone. Neither Jack Daniel, whose eviction from a house led to the disturbances or any of his unemployed friends were to be found. Daniels' furniture remained piled in the front yard of the place, unmolested.

Aimee McPherson-Hutton Is Reported As Ill In Paris

LOS ANGELES, June 21. (AP) — Harriet Jordan, manager of Angelus temple, said today she had been informed Aimee Semple McPherson-Hutton is ill in Paris. The evangelist left here several months ago on a European trip in search of a rest.

"We received a brief cable at the temple from Bernice Middleton, the nurse who accompanied Mrs. Hutton to Europe, to the effect that Mrs. Hutton had suffered a new relapse and had to be taken to the hospital, Miss Jordan said.

The biggest month in Frigidaire history

Thousands are buying this new Frigidaire that uses less current than one ordinary lamp bulb

This June more Frigidaires for home use are being built and shipped than have been produced in any single month during Frigidaire's seventeen year's of leadership. Frigidaire's plants—the largest refrigerator factories in the world—are working at full capacity to meet the greatest demand in the history of the company.

Thousands have bought the new Frigidaire. Thousands more are buying. Every day it is winning the enthusiastic approval of people everywhere.

This new Frigidaire actually uses less current than one ordinary lamp bulb! And it not only sets new standards of economy but of convenience, beauty and quality as well.

There's one-fourth more food space—a compartment for frozen storage—automatic defrosting—automatic ice tray releasing.

With its pleasing lines, its porcelain interior, inbuilt dependability and long life—every detail reflects that quality which has made Frigidaire the choice of a million more buyers than any other electric refrigerator.

$99.50 Delivered and Installed

Use Broadway Parkways

THROUGH use of city and RFC funds the unsightly center parkways have been eliminated on Broadway, laying the foundation for making that wide thoroughfare one of the best traffic carriers in the state.

But the newly surfaced center of Broadway needs traffic—and plenty of it—to settle it and make it 100 per cent useable.

Contrary to general opinion, hardsurfacing of the parkways is completed. There will be no "topping". The asphalt underlies the surface of No. 3 rock, which is chat, and it is necessary for the chat to be driven into the asphalt to complete the process. Traffic is the only thing that will turn the trick.

As the asphalt "bleeds", traffic will force the chat into the underlying asphalt and, in the end, will result in making the center way as hard and as smooth as any asphalt paving anywhere.

So use the center parkways as you drive up and down Broadway. That's what they are for, to take care of the heavy traffic which plies that thoroughfare. They are in no sense a place for cars to park, any more than the center of the downtown streets.

The sooner the rock is driven into the asphalt, the sooner the project will be successfully concluded.

BARRY MILLER'S DEATH

The death of former Lieutenant-Governor Barry Miller removes from the state a political figure of many years and a man who served his state well in many capacities.

There was nothing flashy, nothing sensational about the Dallas man but he was steady and dependable, hardworking and capable of holding the various offices to which his fellow citizens elected him.

While his defeat in his race for governor in 1930 largely removed him as a power in Texas politics, never-the-less his advice and counsel, backed by long experience in public life, was valuable to his friends and to the state as a whole.

We join with other Texans in lamenting the passing of Barry Miller, the public servant.

He fought a good fight, he ran a good race, he finished the course.

LESS SPENDING NEEDED

Figures collected by the Twentieth Century fund, an organization making a study of economics, point unerringly to the fact that spending by the state and local governments must be drastically reduced if the country is to be saved from a more serious experience than that through which it now is passing.

The aggregate of state and local debts in 1932 was $18,685,000,000, which represented an increase from $17,000,000,000 in 1928 and was four times that of 1914. The interest alone in 1932 amounted to $887,000,000, with retirements calling for $607,000,000 in addition.

Of the total indebtedness, only $2,000,000,000 represented the debts of states, which emphasizes that municipalities are the chief offenders in unwise spending. The total of state and local debts has risen to 7 per cent of the nation's taxable wealth as against 3 per cent a decade ago.

What are some of the results of these mounting debts? Increased taxation to meet them, is one. A more serious one is that taxes already have reached such heavy proportions in some communities that they can not be boosted further and that default results. Up to February 1 last, the Twentieth Century fund found, more than 1,100 local governments in 42 states had defaulted on their bonded indebtedness, and one state, Arkansas, was listed as having done likewise.

These figures show the serious drift of conditions. There is but one remedy and that is to cut down on spending.

If prosperity is to endure, it is evident that there must be called a halt in this extravagant borrowing by local governments. Massachusetts has learned what a pay-as-you-go-plan can accomplish in state affairs. Cities and towns the country over must learn the same lesson. Otherwise the time will come when borrowing will be no longer possible, and private business will be in danger of suffocation in the midst of public bankruptcy.

If the federal government permits easy access to the federal treasury of municipalities and states facing bankruptcy it will be giving encouragement to continuance of the conditions that have brought on the present dangerous situation.

If the explorers are seeking unknown lands to explore, how about some of those minor league ball parks this season?

Faith is belief in things unseen. For instance, men believe in the rights of a minority.

The National Whirligig

The News Behind The News

WASHINGTON
By Paul Mallon

THE HOUSE Democrats are very angry on the inside about this patronage business. The administration has relegated their influence to first, second and third class postmasters of which none have been distributed.

The situation is disclosed by what happened to a certain North Carolina congressman. He had a man for assistant attorney-general. He was told he did not have a chance unless he received approval from the two North Carolina senators. He does not get along well with the senators and the senators do not get along well with each other.

The result was he could not get anything.

• • •

Even on the postmasters the house members must obtain approval from their county chairmen. Most chairmen want the best postmasterships for themselves or their relatives.

That leaves the poor congressmen feeling like an orphan in the storm.

They have been honeying around Mr. Roosevelt and Mr. Farley trying to get the patronage rules changed. That is one reason why so many of them were willing to listen to reason on the Veterans issue.

If the rules are not changed the congressmen will not contain themselves indefinitely.

• • •

POLITICS: The Republican bigwigs are whispering to each other that they came out of the first Roosevelt congress in good political shape. They are quite proud of themselves. They grabbed off two issues—Veterans and gold. They kept out of the London conference.

The Veterans issue is planned for wide use in the next congressional campaign. The party is united on it.

The value of the gold issue is questionable. There is a good chance yet that Mr. Roosevelt will make a success of it.

• • •

The master stroke was keeping Republican leaders off the London conference delegation. Mr. Roosevelt tried hard to hook one but they all refused to bite. The one who went (Senator Couzens) is such a liberal he cannot sway party influence.

Hooking the opposition in such affairs is an old political custom. The Republicans have never gone to a conference in the past 13 years without taking a Democratic leader along. They got Underwood on the Harding Arms conference; Robinson of Ark. on the London Naval conference; Swanson on the Geneva conference.

Always these men returned to defend the action of the conference.

There will be none of that this time. The Republicans were too smart.

• • •

TACTICS: Mr. Roosevelt's inside strategy in getting rid of congress was practically perfect. It was worked out largely by Vice-President Garner.

They whittled away all the business except Veterans. They prevented any other issues from being played against that one. They afforded no opportunity for filibusters.

If the leadership had been less skillful congress would have been here until July 1 and perhaps longer.

• • •

PRESS: Mr. Roosevelt always takes care of the newsmen. He knows his publicity.

A week before his vacation he dispatched his son James to New England for the express purpose of providing a boat for the journalists to follow him. Every reasonable convenience was offered them.

That is a far cry from the days of the Hoover administration when the boys had to find their own boats. They were treated like nuisances then.

• • •

NOTES: At least three members of the house have been receiving retirement pay from the governmnt. . . . They all voted against the Veterans' cuts. . . . Senator Bulkley went lobbying in the house Ohio delegation for the president's Veterans stand. . . . Bulkley voted mostly against the president but switched at the end. . . . Other senators also came over to buzz in the ears of their state congressmeu for Mr. Roosevelt. . . . The Truth-in-Securities division expects to do a rushing business. . . . They have concluded there will be between 100 and 1,000 new securities issued during the rest of this year. . . . They base the estimate on exchange registrations.

NEW YORK
By James McMullin

INSIDERS will tell you that a slight recession in business and the markets would be the best thing that could happen this summer. They will also tell you there is a good chance it will work that way. Cooperation between the government and financial and business leaders will be directed to that end. It remains to be seen whether they can control it.

They don't want a continuous rise counter to seasonal tendencies. Such a movement could only come from excessive speculation and might lead to an unhealthy reaction when an upturn is needed most. On the other hand a full seasonal drop would discourage business and damage reemployment prospects.

Some mighty important Wall Streeters are all set to cooperate every way they can. They are now convinced that the only salvation for themselves and for the country is in the course the president has charted. Their knowledge and skill in speculation should make them useful allies.

• • •

INFLATION: The Federal Reserve banks are about ready to give up their credit expansion program through the purchase of governments for the time being. They have created $400,000,000 of excess reserves, of which about $125,000,000 are in the New York district. If the banks won't use this extra credit it's a cinch there's no use pumping more down their throats.

This doesn't mean that credit inflation has failed. It simply means that neither the banks nor business are quite ripe for it yet.

• • •

AUSTRIA: New York gets private word that Austria now outranks even Danzig as the possible source of an explosion. The Austrian Nazis may prove stronger than the government. If they gain power they will probably declare Austria part of Germany. This would create an immediate crisis with both France and Italy.

• • •

BRITAIN: Local observers say that Sir Herbert Samuel's Liberal group in Parliament is anxious to join the opposition in spite of election pledges to support the government. They will probably move over shortly. Liberals in general would like to see Lloyd George return to leadership. Conference results may shape a new government.

Business leaders here say that Britain seems to be the first to show real improvement in employment. There is a steady monthly decrease in unemployment there for the first time in five years. Ninety-two thousand more people are at work in England today than a year ago.

LIVING SAILS:
The natives of Dutch Guiana use a transplanted palm in their native rivercraft (corials), which takes the part of mast and sails. The palm is the famous Moriche (Maurita Flexuosa) whose fruit is edible, the juice yielding a palatable beer. The pitch of the palm yields bread, while its sap is made into wine.

BY CHARLES E. SIMONS

AUSTIN, June 21. (AP)—There will be no vacation for Governor Miriam A. Ferguson and her husband, ex-Governor James E. Ferguson, this summer.

Mrs. Ferguson said that so much was going on in the way of relief work and the pressure of routine business had so increased that she and her husband expected to stay on the job throughout the summer. She indicated she would decline the invitation to attend the annual governors' convention in California.

Looks To Session

Governor Ferguson is looking forward to a special session of the legislature next fall to consider taxation and relief legislation.

Should the electorate approve the proposed $20,000,000 state bond issue for unemployment relief it will be necessary for the legislature to assemble and pass an enabling act to put the amendment into effect. In event the bond issue is not approved, Ex-Gov. Ferguson has indicated the administration will ask the legislature to make some provision to relieve the situation.

HAS MANY CALLERS

Ferguson believes his wife has had more callers han any other Texas governor.

"We have more callers in a day than most governors have had in a month," he said. "I recall that during my administrations, some days would pass without anyone trying to see the governor. It was an awfully busy day when we had 30 or 40 visitors."

The unemployment situation has been largely responsible for the increase.

Many of the callers, Ferguson said, were better posted on developments in Washington than the governor's office.

"They follow the news from Washington closely and often come in and tell us about some project planned for Texas before we get official notification," he said.

Output of automobiles in the United States during April was the highest in 21 months. The production was estimated at 137,300 units by the National Automobile Chamber of Commerce.

Testimony Opens In Robbery Case

VERNON, June 21. (AP)—Defense testimony was underway today in the trial of Dallas Paschall, 28, of Dallas, charged with burglary in connection with an attempt to rob the First State bank at Oklaunion, April 10.

The state rested after seven witnesses had testified in support of the prosecution's circumstantial evidence. They were C. Reed of Oklaunion, active vice-president of the bank; J. D. Linton, sheriff; C. O. Hooper, former sheriff of Cotton county, Okla.; Boss Cleveland of Walters, Okla.; C. B. Shelton and L. C. Sport, state rangers of Dallas, and John J. Howard of Dallas, brother of Albert "Rusty" Howard, indicted in the same case with Paschall.

A defense motion for a continuance at the start of the trial was over-ruled.

Youth Held For Attempt To Send Bomb To The President

WATERTOWN, N. Y., June 21 (AP)—A youth whom the police called mentally deficient was under arrest today accused of trying to send a crudely made bomb to President Roosevelt last February.

The authorities said the prisoner, Joseph Doldo, 20, admitted the attempt and declared he did it "just for fun." He also acknowledged sending several other packages and threatening letters to the president.

Arrested last night, he was held on an open charge.

MARKET REPORTS

Stocks

WALL STREET REPORT

BY JOHN S. COOLEY
Associated Press Financial Writer

NEW YORK, June 21. (AP)—Stocks jogged along in a relatively narrow groove today. Oils and a representation of "commodity shares" outstepped other sections, but the rank and file showed mostly small variations, although the trend was upward. Closing prices averaged slightly higher, with advances of a point or more the rule for petroleum issues.

Wheat and corn took a late sprint in their market, making new highs on some deliveries, and stocks responded with a fair rally after early firmness. Extreme gains, however, were not fully maintained. It was interesting to note that the market was able to make progress against a steadier dollar. The market appeared to have concluded that stabilization or control was to be held in abeyance for a time, though Wall street heard reports that some agreement might be reached reasonably soon.

Oil shares had in their favor a series of price advances, a reduction in crude and current expressions of optimism as to the industry's eventual success in rehabilitating itself. That group traded actively, particularly the low priced issues. Volume dropped to 2,067,670 shares, the smallest five-hour market since May 23.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, June 21. (AP)—After ruling quiet all morning, cotton became active and firm after mid-session due to a sharp upturn in grains and an advance in sterling exchange. Shorts covered freely and there was good general buying. The close was 13 to 15 points net higher.

The opening was quiet, but steady as Liverpool cables came in better than due and sterling was steady. Private cables said continental selling was absorbed by speculative and London buying. Manchester reported a good market in cloths.

A favorable weekly weather report caused October to ease off 9.40 and December to 9.35 down 7 points from the earlier highs but towards mid-session prices improved and in the afternoon advanced on sharp covering by shorts and good trade and other buying on upturns in grain and an advance in sterling exchange.

October advanced to 9.53 and December to 9.68 up 16 to 17 points from the previous close. There was a slight reaction at the end on realizing. October closed at 9.51 up 14 points net and December at 9.66, up 15 points net.

Liverpool is due on New Orleans tomorrow 4 to 5 penny points up.

Port receipts 12,041, for week 47,900, for season 9,519,118, last season 9,935,918. Exports 43,755 for week 101,467, for season 7,146,174, last season 8,115,662. Port stock 3,835,729, last year 3,649,139. Combined shipboard stock at New Orleans Galveston and Houston 126,242, last year 59,944. Spot sales at southern markets 5,000, last year 2,338.

NEW YORK REPORT

NEW YORK, June 21. (AP)—Cotton showed a generally steady tone today with prices advancing on trade and commission house buying which seemed to be stimulated somewhat during the afternoon by the firmness of the grain and stock markets.

October sold up to 9.57 and closed at 9.54, with the general market closing steady at net advances of 14 to 16 points.

After opening at gains of 5 to 8 points in response to relatively firm Liverpool the advance was extended 10 to 13 points with July selling at 9.34 and December at 9.36.

Buyers were supplied at these levels by realizing or liquidation, and some southern selling.

Offerings were not heavy and were taken on setbacks of a few points. Later the market firmed on local and commission house buying, with some covering or rebuying by early sellers.

July advanced to 9.30 and December to 9.71; closing quotations were within 2 or 3 points of the best.

Employment Gains

The encouraging reports from the spinning mills followed closely announcements of the labor department of a sudden and marked upturn in employment in May as compared with April—the largest in years—and a gain in indicated expenditures for private building of 128 per cent during the two months.

The statement of the census bureau said that during May the domestic mills operated an aggregate of 8,209,664,722 spindle hours as contrasted with 9,005,849,000 in October, 1929.

First To Act

Operators of these mills have been the first to submit a code of practices to Johnson and apparently will be the first of the nation's major industries to bring themselves under the national recovery act with operations limited to 40 hours a week per man and a wage scale of $11 a week in the north and $10 in the south.

Johnson, meanwhile, was conferring with representatives of other industries and there were indications that additional codes would be laid before him shortly so that other hearings might begin soon after the textile hearings starts June 27.

Grains

FORT WORTH REPORT

FORT WORTH, June 21. (AP)—Demand was good for wheat and fair for other grains on the Fort Worth market Wednesday.

Prices ranged as follows, basis car loads on track at Fort Worth, freight paid to destination—delivered Texas Gulf ports, export rate, or Texas common points: Wheat No. 1 hard 86 1-4@87 1-4c.

Barley, No. 2 nominally 46@47c; No. 3 nominally 45@46c.

Sorghums, No. 2 milo per 100 lbs. 1.20 @1.25; No. 3 milo 1.17@1.20; No. 2 kaffir per 100 pounds 1.12@1.15; No. 3 kaffir 1.10 @1.13.

Delivered Texas common points or group three: Corn, No. 2 mixed 61@62c; No. 2 white 62 1-2@63 1-2c; No. 2 yellow 61 1-2@62 1-2c.

Delivered Texas common points: Oats, No. 2 red 38@39 1-2c, No. 3 red 38@38 1-2c.

CHICAGO REPORT

CHICAGO, June 21. (AP)—Almost the entire list of grains jumped late today to fresh high price records for the season.

Indications pointed to a return of hot weather in the northwest, where recent scorching temperatures and drought were unofficially estimated to have cut United States spring wheat crop prospects fifty to seventy million bushels. Much notice, too, was taken of a statement by Secretary Wallace of the department of agriculture that losses of winter wheat, together with damage to spring wheat, meant probably the smallest total domestic wheat crop in a generation.

Friends of higher prices for wheat gave particular emphasis also to suggestions voiced by Secretary Wallace that the United States, while holding the domestic price of wheat around $1, might resort to dumping this country's wheat surplus on the world market, if Australia, Argentina and Canada did not see the light at London.

Wheat closed buoyant at the day's highest level, 2 to 2 5-8 cents above yesterday's finish, corn 1 1-2 to 3 cents up, oats 1 1-4 to 1 5-8 advanced, and provisions varying from 12 cents decline to a rise of 3 cents.

Wheat specialists said everything as to the United States spring crop outcome depended on whether rainfalls would prove adequate to stop damage by heat and drought.

Corn and oats went skyrocketing with wheat. Need of rain for corn gave independent strength to that cereal.

Provisions were irregular, with grain price jumps largely off-setting the effect of hog market downturns.

Closing indemnities: Wheat, July 78 1-2 79 1-2; Sept. 79 1-2@8-8, 82@82 1-8; Dec. 81 1-8@3-8, 84 1-2. Corn, July 46 3-4@ 47; 49 3-8; Sept. 50 3-4@51; 53 1-4@1-2; Dec. 55@55 1-8, 57 3-4.

Mitchell Case Is Given Jury

Jury Deliberating The Fate Of Former Banker Is Locked Up For Night; Will Resume Studies Today

NEW YORK, June 21. (AP)— The jury deliberating the fate of Charles E. Mitchell was locked up for the night at 10:30 p. m. eastern standard time and court was adjourned until 9:30 tomorrow morning.

Mitchell, former chairman of the National City bank, is on trial on charges of evading about $850,000 income tax payments in 1929 and 1930.

Conviction would carry a maximum prison sentence of ten years and a maximum fine of $20,000.

Charge Completed

Judge Henry W. Goddard completed his instructions to the 12 men at 11:25 a. m. (eastern standard time) after telling them:

"A reasonable doubt does not mean reluctance to perform an unpleasant duty."

The jurors, among whom are two engineers, a contractor, and an architect, were in their consultation room less than an hour before they were taken out to lunch. On their return the door was locked.

The jury returned to the court room at 5:05 p. m. and asked Judge Goddard to reread the portion of his charge dealing with Mitchell's participation in a management fund in 1929.

Reads Instructions

The judge read most of the section of the instructions, but was interrupted by Foreman James K. Campbell, who said:

"We think what you've read covers the point, your honor. Thank you."

The jurors then were taken to dinner.

Mitchell, whose tanned face appeared tired, remained in the court room, where he ate a sandwich for lunch.

Judge Goddard in his charge reviewed at length the allegations against Mitchell: that he made fake stock sales to his wife and to W. D. Thornton to show losses so great he paid no income tax, and that he failed to report receipt of $666,666.67 from the National City company management fund.

Problem Explained

Of the transaction whereby Mitchell turned over 18,300 shares of National City bank stock to his wife, the judge said:

"The problem for you to decide is whether or not that was a bona fide sale.

"You cannot convict the defendant unless you find that there was an understanding between Mr. Mitchell and his wife, or that Mrs. Mitchell was merely a nominee and that the stock really remained in her husband's possession."

STORE YOUR WHEAT

Wheat is too high to store on the ground or in out houses. We will advance the money to pay threshing and hauling if the wheat is not mortgaged and you store with us.

A rain now would damage wheat and the loss would be greater than storage charges for several months.

TARZAN OF THE APES No. 16

By Edgar Rice Burroughs

Tarzan had early learned to form ropes by twisting and tying long grasses together. By constant experimenting, he learned to tie rude knots and make sliding nooses. Then, with painstaking practice, he learned the art of roping. He would catch some playfellow thus, to the other apes' unlimited amusement.

To Tarzan the closed and silent cabin was always a source of never-ending mystery and pleasure. His own connection with the cabin had never been told him. Kala had explained vaguely that his father had been a strange white ape. He didn't know that Kala was not his own mother.

The apes avoided the deserted abode. Only too well they remembered its deadly thunder-stick! One day Tarzan found the door, spending hours examining it and fussing with the hinges, the knob, and latch. Finally he stumbled upon the right combination—the door swung creakingly open before his astonished eyes.

Tarzan slowly and cautiously entered. He saw three skeletons, giving but passing heed. The other contents riveted his attention! He opened chests, examining minutely strange tools, weapons, books, and clothing. Finding a sharp hunting-knife, he immediately cut his finger. A child's illustrated alphabet interested him greatly. Dusk was approaching.

Tarzan departed, taking the hunting-knife to show his fellows. Suddenly a great form rose up—it was Bolgani, the huge gorilla! Tarzan knew he must stand and fight for his life. He met the brute mid-way in its charge. They rolled upon the ground in the fierce frenzy of combat.

Moley Goes To London Parley

Assistant Secretary Of State To Act As Link Between The President And Americans At Economic Session

NEW YORK, June 21. (AP)—Raymond Moley, assistant secretary of state and close advisor to President Roosevelt, sailed for London today to act as a link between the administration and the American delegation to the world economic conference, from which he predicted definite results.

Raymond Moley

Moley, who bore last minute instructions received from the president yesterday in a dramatic meeting off the Massachusetts coast, said in a statement:

"I feel that the two weeks of preliminaries at the conference have been useful in the direction of exploring the possibilities of action, and the delegation is ready to pursue vigorously the plans which they developed in the weeks before they sailed, and America may look forward to definite results from their efforts."

The Columbia professor had little to say about his conference with the president, aside from the fact that they canvassed the situation thoroughly.

Another authority indicated, however, that the administration is firm in its domestic program and that international agreements, if any, must be in line with its promotion.

No Specific Orders

Asked about his instructions, Moley said:

"They are not in the nature of specific orders.

"I can be useful to the delegation in giving them background. There have been many developments here since they sailed.

"I am, as the president stated yesterday, serving as a means of contact between the administration here and the delegation."

There has been no indication that the assistant secretary is bearing any great change of policy to the delegation.

Stand By Policy

From a high source it was learned the administration is standing by its intention to give the industrial recovery act and other measures in its domestic program a full opportunity to demonstrate their value.

With business on the upgrade it was pointed out, the delegation would not be inclined to give favorable consideration to any proposal unless it fitted in with this domestic program.

It also was emphasized that all proposals must first receive the president's approval before they finally are adopted.

The latter is in line with instructions given the delegates at the time they sailed, when they were told to investigate and report to the president. It was reiterated the American group or the administration is not to be rushed into any decision on the major aims of the conference.

Militia On Job In New Hampshire Strike

New Hampshire National Guardsmen are shown politely but firmly maintaining order at Manchester, N. State Courts Have No Jurisdiction To Try Employes Of Federal Reserve Bank Or Of Members Banks

AUSTIN, June 21. (AP) — State courts do not have jurisdication to try employes of the federal reserve bank or of member banks of the reserve system who are charged with embezzlement of funds of those institutions, the court of criminal appeals ruled today.

It reversed a five-year sentence and ordered prosecution dismissed against Robert Martin, convicted in Harrison county for embezzlement of $962.30 from the Marshall National bank at Marshall. Martin was an assistant cashier at the time the offense was alleged to have been committed.

Attacked Jurisdiction

Martin had attacked jurisdiction of the state court to try him because the offense affected a member bank of the federal reserve system. The court upheld his contention and decided only United States district courts had jurisdiction over similar cases.

The court remarked that this was the first time the question had been raised in Texas. It quoted decisions from other states, however, upon which its ruling was based.

Motions Are Lost

Whitmore Stonewall Phillips, convicted in Stephens county and given 99 years for murder, and Johnnie Orr, Bowie county, under sentence of ten years for murder, lost their motions for rehearings. Their convictions previously had been affirmed by the appelate court. Phillips killed E. L. Churchill in a Fort Worth hotel. His case was sent to Stephens county on a change of venue. Clarence Echols was shot to death by Orr.

The court plans to hold its final session of this term on next Saturday, when it will adjourn until next October.

Solon Declares That Usefulness Of Sheriff Is Ended Because Of Words Of Praise Given For Pretty Boy Floyd

SPRINGFIELD, Mo., June 21. (AP)—Representative O. K. Armstrong, Republican, today asked Marvin Casteel, superintendent of the state highway patrol, to investigate actions of highway patrolmen and other officers in connection with the kidnaping Friday of Sheriff Jack Killingsworth of Bolivar.

"Of course no one wants any more patrolmen sacrificed before the murderous guns of banditry," Armstrong wrote to Casteel, "but such an investigation as this ought brings out that your officers and men acted with proper intelligence and bravery, will surely also bring out some glaring weaknesses in the system of cooperation between the state patrol and local peace officers."

He mentioned the fact that highway patrolman Oliver "fell back and away" from the kidnapers car when he was waved back by Sheriff Killingsworth.

Armstrong expressed belief that Killingsworth's usefulness as a peace officer is at an end.

"Not because of his actions during the kidnaping," his letter said, "but because of his statements holding Floyd, this murderer, bandit and thug, as a gentleman and 'fine fellow,' placing him in the role of dramatic hero."

BASEBALL'S BIG O

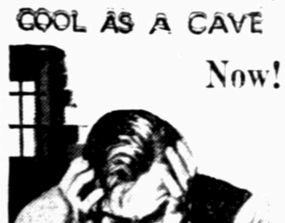

(By The Associated Press)

Ben Chapman's two hits in five times at bat while Al Simmons was connecting only once in four trips to the plate yesterday boosted the Yankee outfielder into undisputed possession of the batting leadership in the American League. The day's activities left Chapman with a percentage of .367, a gain of one point, and Simmons with .364, a loss of two points. Randy Moore was the only other member of the Big Six, in addition to Chapman, to show a gain. The Braves' outfielder got three hits in two games to boost his average to .342.

Why shouldn't I say nice things about Luckies?

I must confess that I enjoy smoking more and more. Maybe it's because I started with a cigarette that suits me right. Luckies are so very mild. I like the fine taste of their tobaccos—and because I'm so sensitive to personal daintiness—for, after all, my cigarette touches my lips—I particularly welcome the added assurance of purity which "Toasting" affords. Whenever I hear comments about cigarettes—I always say, "But Luckies are different." And then I would say some nice things about "Toasting". To hear me you'd think that *I* discovered "Toasting"—but that's just my way. I like to root for things that please me. And certainly—"Luckies Please!"
