

REBELS MOVE AGAINST TORREON

AMBASSADOR OPENS VIGOROUS COUNTER OFFENSIVE AGAINST ANTI-BRITISH PROPOGANDISTS

By HUGH BAILLIE, United Press Staff Correspondent.

WASHINGTON, May 4.—A vigorous diplomatic counter offensive apparently has been launched to meet the campaign of anti-British propagandists in the United States whose activities were causing worry to statesmen on both sides of the Atlantic.

There were many evidences here today that such a counter stroke is being essayed and Sir Auckland Geddes, the new British ambassador, has been entrusted the task of leading the fight for America's good will.

Sir Auckland has been in Washington two weeks. He has made two speeches, issued one long statement, attended several public dinners, visited the capitol and shaken hands with a great number of congressmen, breaking all records for ambassadorial activity.

The precincts of the British embassy no longer are forbidden territory to newspaper men and the footmen who glared at them in the days of other ambassadors, now bow them in and Geddes comes forward with a hearty handshake.

The oldest diplomatic attaches in Washington cannot remember such an atmosphere of cordiality and freedom at any embassy.

Geddes will not have to work alone. British public men are expected to give interviews and issue statements, all intended to clear away American doubts and give the British government's side of the Irish situation and other affairs which are thought to have made the going rather easy for the anti-British propagandists.

One of the first efforts, evidently, is to eradicate the impression that the work of the United States is not appreciated in Britain.

A police sergeant was killed and two constables wounded when they were fired on from an ambush while cycling from Lister to Ballylongford, County Kerry, according to messages here today.

Dublin Recognizes Sinn Fein.
DUBLIN, May 4.—The city council has adopted a resolution acknowledging the authority of the Sinn Fein parliament as the duly elected government of the Irish people.

It decided to undertake to make the decrees of the parliament effective. Copies of the resolution were sent to President Wilson, Vice President Marshall and Speaker Gillett.

STRIKE IN FRANCE IS CONSIDERED AS REVOLT MOVEMENT

By HENRY WOOD

(United Press Staff Correspondent)

PARIS, May 4.—Additional arrests were expected today in the government's effort to break the general strike called by railway, dock and mine workers to enforce their demands for nationalization of basic industries.

Several radical leaders in various cities were taken into custody yesterday and last night.

The cabinet was to meet again today to take further action on the government's program. The strike, it was learned officially, is considered revolutionary in character.

Miners' executives in the industrial section of the Anzin Basin, in the center of France's greatest coal fields, ordered their men to stop work today. Similar action was taken in the Loire district. Miners in the Haute Loire, southeastern France, struck yesterday.

DENIM IS TO BE WORN IN HOUSE OF COMMONS

LONDON, May 4.—Overall are about to invade parliament, but will be combined with spats to relieve the historic place of some of the shock. Major Robert Prettymann Newman, member of the house of commons for the Finchley division of Middlesex, will be the man who will introduce denim to the chamber.

Major Newman has admitted his intention to wear overalls to the house and says he has become a firm convert of this means of smothering clothing prices, which was inaugurated on May Day. He claims, however, to spats and has told an interviewer he will wear them in connection with his unsparliamentary garb.

FORTY NEWSPAPER WRITERS ARE TOURING OIL SECTION

FORT WORTH, May 4.—Forty newspaper writers, representing papers from all parts of the United States, comprising the "fighting journalists" organization, which was formed on the Rhine last year, left here this morning on their tour of the oil fields.

The first stop was at Mineral Wells, where a brief business meeting, adjourned from this city, was held. The trip will be made by automobile and will be concluded at Pecos Saturday.

SWITCHMEN IN CHICAGO DENIED SENIORITY RIGHTS

CHICAGO, May 4.—The switchmen's strike still was in effect today, following the refusal of the railroad managers to accept the offer of John C. Canan, the strikers' leader, that the men would return to work if their seniority rights were restored.

William Nelson Pelton, president of the Illinois Manufacturers' Association, interceded for a settlement because of a shortage of raw materials reported by plants. Grunna claimed 15,000 men "who have not taken other work" still were out.

MODERN BLUEBEARD WITH 2 OF HIS 26 WIVES

Walter Andrew Watson, also known as James L. Hurt, who is said by officials at Los Angeles of having admitted marrying 26 women, of whom he distinctly remembers having killed five. On the left is a picture of Miss Elizabeth Fryer, a Spokane girl, whom Watson married on March 25, 1919, and whom he is said to have killed soon thereafter. On the right is reproduced a likeness of Mrs. Elizabeth Williamson, of Sacramento, who Watson married under the name of Lewis.

DEATH TOLL AT PEGGS, OKLA. IS FIFTY-SEVEN

One of Three Buildings Left Standing There Was Vacant House

MUSKOGEE, OKLA., May 4.—The death toll from the tornado at Peggs on Sunday night, today reached 51 as volunteer workers continued their search in the wreckage of the devastated village. There are about 100 injured, it was estimated.

Physicians, nurses and business men from neighboring cities continued today to care for the injured, and search for the missing bodies while others dug graves in the little cemetery. Some of these still hold the bodies of entire families killed in the storm.

The tornado covered an area three miles long and one mile wide. Dead were piled in heaps, reports from Peggs stated. Bodies were so badly mangled that it was almost impossible to identify them.

The injured, it is believed, will die. The tornado was not without its freaks. One of the three houses left standing in the village was vacant; clothing was found half a mile away placed to trees and the concrete schoolhouse was crushed to fine bits.

Two injured at Cardin.
MIAMI, OKLA., May 4.—Two persons at Cardin were badly injured and property damage estimated at \$250,000 resulted from a tornado that swept the Ottawa county mining field north of here last night.

Mining operations are halted here today because an electrical power line was blown down.

The school house at Hockerville was destroyed.

WOLFE DISCUSSES POLITICAL MEANING OF A GRAVEYARD

DALLAS, May 4.—M. H. Wolfe, chairman of the state democratic executive committee, commenting on the sweeping victory of the Wilson administration forces in the Texas precinct conventions Saturday, declared that "history repeats itself" and the "reactionary politicians have been repudiated."

He made no direct reference to an earlier statement from anti-administration headquarters, "in which fraud and intimidation" in the precinct meetings was charged.

"The political grave yards is white with tombstones of the men whose political selfishness and egotistical ambitions bury them with their faces down," Mr. Wolfe said in the statement. "In this country and in Europe constructive progress is the slogan of the people and we betide the man who gets in the way."

Ten years ago, when Lloyd George in the British parliament made that matchless fight for reforms in behalf of the common people, he was looked upon as a freak. But today Lloyd George is counted, with one exception, the greatest statesmen in all the world.

The statement by the anti-administration element of the Texas democratic party, signed by Luther Nichols, campaign manager for former Senator J. W. Bailey, declared the former senator would continue in the Texas gubernatorial races. It charged "fraud and intimidation" in the precinct conventions and declared that the results were due to the unit rule.

Only about 100,000 of the 1,000,000 Texas voters expressed their will at the conventions," Mr. Nichols asserted.

GUIDES POSSE TO GRAVE OF KILLED WOMAN

Alleged Wife Murderer Says He Wanted to Make the World Better

DIXIELAND, CAL., May 4.—The body of Nina Lee Delaney was found by the searching party directed by Walter Andrew Watson, her alleged husband and murderer, Los Angeles county officers expected today to renew the search in an isolated and desolate portion of San Diego county for the grave of Nina Lee Delaney, one of five "wives" Watson is said to have confessed he killed.

The start was to have been made from El Centro, California, to which Watson was taken from here late last night. Before boarding the train Watson issued through his attorney a long statement in which he reviewed the acts set forth in his alleged confession to the district attorney and concluded with the query: "Is it reasonable to think my acts are the work of a sane man who was in a position to control himself or to understand the risk of exposure he ran?"

He described himself as ordinarily "a quiet, reserved, and unassuming man" and said he was "not a violent man" and "not a man of blood."

He said he had lived with three "wives" at the same time in San Francisco and risked detection by escorting them to restaurants and theaters and had done practically the same thing in other cities.

"UNCROWNED KING OF SPAIN" ACCEPTS THE PREMIERSHIP

MADRID, May 4.—Eduardo Dato, former minister and liberal leader, has accepted King Alfonso's invitation to form a new cabinet. Marquis de Lema will probably be minister of foreign affairs.

UNION BARBERS AGAINST HAIRCUTS AT 75 CENTS

CHICAGO, May 4.—Attempts of master barbers to increase the price of haircuts to 75 cents, because of wage increases granted week ago, were fought by the Journeymen Barbers' Union, A. B. Raymond, business agent, declared today.

DIRECTORS OF FIRST CHURCH WILL RULE TEMPORARILY

BOSTON, May 4.—Announcement that the present board of directors of the First Church of Christ, Scientist, would be regarded as the de facto board until the full bench of the supreme court has decided whether a dismissal of John V. Dittmer as a director was legal, was made in the supreme court today by Judge Pierce.

The court also denied a motion by the trustees that Attorney General J. Weston Allen be made a defendant in the same proceedings. Judge Pierce said that he had conferred with the attorney general and believed he would shortly bring an independent bill in behalf of the state.

UTAH G. O. P. DELEGATION WILL NOT BE INSTRUCTED

PRICE, UTAH, May 4.—Utah republican delegates to the national convention will go uninstructed, the state convention here yesterday ordered, in electing four delegates at large. The delegates are headed by Senator Smoot. They are believed pro-Wood. Four district delegates were also elected. They were uninstructed.

POLITICAL LEADERS SAY JOHNSON AND WOOD WILL WIN

General in Indiana and Californian in Home State Favored

By HAROLD D. JACOBS.
(United Press Staff Correspondent)

NEW YORK, May 4.—Inquiry has developed the fact that if prominent politicians were making "a book" on today's republican primaries they would rate the entries thus:

Indiana—Wood, Johnson, no choice; Lowden, Harding.

California—Johnson; Hoover.

That was the "dope" as the voters of Indiana and California went to the polls today in what were regarded as the last of the big important primary elections. But the same analysis who agreed on this probable outcome further agreed that the "dope" was subject to the same caveat it has suffered in a majority of the republican primaries this year.

Surface sentiment in Indiana within the few days showed as much variation as the present spring weather. To win uncontested claim to Indiana's entire delegation of 36, a candidate must poll a majority of the votes.

This was regarded as an impossibility. Johnson's strength was believed to lie up state, especially in the steel cities of Hammond, Gary and Michigan City. Wood's chief claim to support was in the downstate counties and Indianapolis.

Johnson and Herbert Hoover were before the voters of California to determine which is to be the state's "favorite son." Defeat for either will mean almost irretrievable loss of prestige. The former food administrator's stronghold appeared to be Los Angeles and vicinity. The senator was so confident of the outcome, that he declared that "history repeats itself" and the "reactionary politicians have been repudiated."

He made no direct reference to an earlier statement from anti-administration headquarters, "in which fraud and intimidation" in the precinct meetings was charged.

"The political grave yards is white with tombstones of the men whose political selfishness and egotistical ambitions bury them with their faces down," Mr. Wolfe said in the statement. "In this country and in Europe constructive progress is the slogan of the people and we betide the man who gets in the way."

Ten years ago, when Lloyd George in the British parliament made that matchless fight for reforms in behalf of the common people, he was looked upon as a freak. But today Lloyd George is counted, with one exception, the greatest statesmen in all the world.

The statement by the anti-administration element of the Texas democratic party, signed by Luther Nichols, campaign manager for former Senator J. W. Bailey, declared the former senator would continue in the Texas gubernatorial races. It charged "fraud and intimidation" in the precinct conventions and declared that the results were due to the unit rule.

Only about 100,000 of the 1,000,000 Texas voters expressed their will at the conventions," Mr. Nichols asserted.

Occupation of the town of Shemakha, about 65 miles west of Baku, in the Caucasus region by Bolshevik troops occurred on April 30, it is announced.

MEXICAN REVOLUTION LEADERS NOW HAVE ALMOST CLEAR WAY TO CAPITAL OF THAT COUNTRY

JUAREZ, Mexico, May 4.—The bloodless revolt of Juarez yesterday and capitulation of General Francisco Urbalejo and his Yaqui Indians at Casas Grandes virtually gave to the Sonora revolutionists control of the state of Chihuahua and paved the way for an unobstructed advance against Torreon from whence a campaign is to be launched against Mexico City.

Events moved rapidly. At 5 o'clock the garrison revolted and a popular celebration followed. Federal officers unfavorable to the revolution were superseded. Abel S. Rodriguez, former national senator, was named provisional governor.

General Urbalejo, commanding the last large body of Carranza troops in the state, joined the revolt and plans were made for an immediate advance through Chihuahua upon the interior strongholds of the Carranza government.

With the pitulation of Juarez, the revolutionists were given control of the majority of custom houses through which hundreds of thousands of dollars in revenue is developed for the Mexican government. Comparatively small bodies of troops remained loyal to Carranza at the border towns east of here. The Olinda garrison, opposite Presidio, Texas, was expected by Mexican officials to join the revolutionists.

Chihuahua City, state capital, order is being preserved. Political prisoners have been set free and protection has been assured Americans and other foreigners. Disputes last night said they were continuing at their work as usual. Similar guarantees were made by authorities here in a formal statement to American representatives.

Tentative plans of the revolutionists, according to Arturo M. Elias, brother of General P. Elias Galles, call for the entrance into Chihuahua via Pulpito Pass with six thousand Sonora troops who will proceed to Torreon and from there to Mexico City, where they will co-operate with forces sent through Sinaloa in an attack on the Mexican capital.

So far as indicated by information available here, either from official or rebel resources, the two campaigns begun by Carranza have been failures. His efforts to attack the Sonora troops from the state of Chihuahua have brought to an end by the detection of every garrison in that state and the expedition sent from the south through the states of Sonora and Chihuahua has failed.

His efforts to attack the Sonora troops from the state of Chihuahua have brought to an end by the detection of every garrison in that state and the expedition sent from the south through the states of Sonora and Chihuahua has failed.

WILSON GETS ENDORSEMENT OF PARTY HERE

Delegates to the Democratic State convention at Dallas were named and resolutions adopted endorsing the Wilson administration, national prohibition, woman suffrage and the league of nations, with or without reservations, at the Wichita County Democratic convention Tuesday afternoon.

The convention was held in the 75th district courtroom.

The resolutions also condemned the republican congress for its failure to amend the income tax law for its simplification and to make such changes in it as will make it more equitable to all the people, as recommended by President Wilson after the signing of the armistice.

R. E. Hurt was chosen chairman of the convention. E. H. Eddie was made secretary.

The following delegates were named to cast Wichita county's seven votes in the state convention:

City Hall box—J. T. Donovan and Mrs. M. E. Green.

Court House box—J. W. Lee, Rev. H. D. Kaicker, E. F. Taylor, J. C. Ward and J. L. Meers.

A. C. Paige, Bryan Robbins, Mrs. A. C. Paige, W. J. Townsend, Ed Howard and E. M. Swanson.

Box No. 4—J. H. Shaw.

Box No. 5—H. Wyatt, Mrs. J. M. F. Gill, and Judge David Thorne.

Box No. 6—O. E. Moreland and J. C. Murphy.

Box No. 10—W. Self, J. H. Harris, C. F. Engleking and Ed Yarbrough.

Box No. 11—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 12—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 13—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 14—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 15—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 16—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 17—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 18—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 19—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

Box No. 20—J. H. Harris, C. F. Engleking, and Ed Yarbrough.

NEW BANK ENTERTAINS 17,774 VISITORS AND GETS DEPOSITS OF \$2,600,000 ON OPENING DAY

Visited by 17,774 people during the day and in the evening, and receiving \$2,600,000 in deposits during the business hours, officials of the new City National Bank of Commerce, announced the success of their Monday opening in their new quarters to be the utmost that could be desired.

Of the visitors, 11,780 visited the bank during their reception, 5,997 visited the bank during business hours. The number of visitors was obtained by means of tally registers in the hands of members of the bank organization stationed at each entrance to the banking room.

Floral offerings by the score, received from both local and out of town friends of the bank and of the officers of the bank literally strewn every foot in the banking room, in addition to which were received a perfect flood of wires of congratulation from financial institutions in practically all of the large cities over the entire country.

Features during the afternoon session were provided by the presentation of a portrait of J. A. Kemp, president, to the new City National Bank of Commerce by the directors of the old City National Bank, and the presentation of a handsome watch to C. W. Snider, active vice-president of the bank, by the Old Men in Appreciation of Service in Erecting the City National Bank Building. Mr. Snider exercised personal supervision over the construction of the building, as well as over the building of the new Hotel Kemp, opposite the bank building.

The perfect co-ordination of the organization of the new bank is evidenced by the record made by two of the tellers in the new bank, each originally from a different organization. W. O. Hamilton, one of the tellers, handling deposits of \$263,000 in round numbers, had balanced his books to an exact cent at 4 p. m. Monday, an hour after the closing of the bank, while W. S. Abbott, who handled \$232,000 in deposits, was only five cents over a balance at the same hour, and had balanced the business handled in his case a few minutes later.

AUDITOR REFUSES TO PAY BILLS OF ROAD CONTRACTORS

County Auditor W. W. Murphy on Tuesday announced that he would refuse to pay any bill presented for payment in connection with road building contract entered into between the commissioners of Wichita county and Potts & Prentice, Waco contractors. The county auditor, declared that "as long as I am county auditor of Wichita county I will not knowingly deplete the tax payers of this county. The public thinks that such is true in any sense."

County Auditor Murphy made the statement following an executive session of the county commissioners held late Monday and at which time the road problem was discussed. It is understood that sharp dissensions are threatened as a result of the county auditor's stand and the entire future of Wichita county road building rests upon the final outcome of the contest. Fred Weeks, local attorney, appeared before the contested Monday afternoon and insisted that certain clauses in the contract which he claims are not for best interest of the county.

The contest arose over a contract entered into between the county commissioners and Potts & Prentice, who have the contract to build Wichita county's million one-half dollar highway system. County Auditor Murphy refused to pay bills in connection with the contract immediately upon making a study of the document.

An open session of the commissioners court is scheduled to be held this afternoon, at which time the road problem will again be discussed.

Census Reports

WASHINGTON, May 4.—The census bureau today announced the following 1930 population figures: Winfield, Kansas, 7,953, increase 1,383 or 14.4. Bowling Green, Mo., 3,965, increase 130 or 3.4. Elkhart Ind., 24,277, increase 4,955 or 25.3. Alliance, Ohio, 21,603, increase 9,330 or 43.2. Orange, N. J., 33,233, increase 3,809 or 12.3.

GRANT KELTON DIES AS RESULT OF ACCIDENT

Struck on the back by a heavy pole, while assisting in the unloading of heavy machinery, Grant Kelton, aged 30, employed by the Panhandle Boiler Works, died at 7 o'clock Monday evening at the Wichita General hospital, living one hour after the accident. The body will be taken to Windsor, Ark., tonight by a brother of the young man, who was called Monday night. The Hines Undertaking company has the body preparing it for burial.

Mr. Kelton retained consciousness from the time of the accident until the time of death, giving instructions as to who should be notified. He was taken from the boiler works to the hospital immediately in the Hines ambulance, dying shortly after reaching the hospital.

Mr. Kelton was to have been married shortly to a Wichita Falls girl. The friend who accompanied him to the hospital went for the fiancée, but death was too swift, and the young girl arrived too late for a last word, attendants stated.

His mother, at Windsor, Ark., was notified, but was unable to come, and a brother at Hugo, Okla., is coming for the body to take it to Windsor.

OKLAHOMA FACING RACE SUICIDE AT A RESULT OF DIVORCE ACTIONS

OKLAHOMA CITY, May 4.—Oklahoma today is facing race suicide as a result of the increased number of divorces according to J. W. Scroggs, director of public welfare.

Isolation, monotony and loneliness that drove early Sooners to insanity is responsible Scroggs stated.

The same trend exists in family affairs today. Loneliness is causing homes to be broken up. Divorces are increasing.

At the May term of court in Sequoyah county, eighty-three divorces cases are to be heard.

The attention of Billy Sunday, evangelist, who is holding a revival here, was called to the number of divorces in Oklahoma. Sunday said he would investigate.

GLOIS GREENE RESIGNS AS WILSONER COMMISSIONER

VERNON, TEX., May 4.—Glois L. Greene, commissioner of precinct No. 3, has tendered his resignation to the county commissioners' court, effective at once. A. M. Bourland was named by the commissioners as Mr. Greene's successor. Mr. Greene is an extensive oil operator in the Burk-Wagoner and Stiger fields and his resignation was made on account of demands made upon his time.

CONFEDERATE PICNIC TO BE HELD MAY 8 ON CHURCH LAWN

Saturday, May 8, the annual picnic to honor the Confederate veterans and their wives living in Wichita Falls and community will be held by the local chapter of the Daughters of the Confederacy, the picnic to be held at the First Presbyterian church, a central location, where there is a beautiful lawn with shade. The picnic will begin at 11 o'clock.

All Confederate veterans of the city and any veterans who may be visiting Wichita Falls, with their wives, are urged to come. This newspaper invitation will be the only invitation issued, since the records of local veterans are incomplete, and it is desired that all veterans who read this invitation be present, and see that all veterans of their acquaintance are also present. As usual a splendid program has been provided, and there will be an abundance of good things to eat.

NEGRO PUT ON TRIAL FOR MURDER AT ELAINE, ARK.

HELENA, ARK., May 4.—Selection of a jury in the case of John Martin, negro, charged with murder in connection with the Elaine massacre of October last, was completed at last night's session of the Phillips circuit court and three witnesses for the state were placed on the stand before 10:00 p. m., when court adjourned until 8:00 o'clock this morning. All were closely questioned by the defense.

It is the opinion in court circles that the trial will continue throughout today.

OFFICERS ELECTED FOR VERNON OPEN SHOP

VERNON, TEX., May 4.—The Vernon Open Shop Association has been

Century of Cycling Brings Style Changes

The bicycle has become so much a part of modern life as a utility and a means of exercise and recreation that cyclists do not realize that the bicycle of today represents a century of development.

These drawings show how the old fashioned "hobby horse" of a century ago has been succeeded in turn by the "boneshaker" in Civil War days, the high wheel safety used during the 70's down to the "safety" of a generation ago.

Women riders will remember some of the later models by the styles that were in vogue at the different periods of bicycle development.

When the fair cycles of 1875 perched themselves on the clumsy contraptions of those early periods, they were objects more of ridicule than of envy. But bicycles have grown in popularity because they fill a need that nothing else can.

In the nineties everybody rode a bicycle. Riverside Drive in New York, the Fenway in Boston, and other famous boulevards were thronged with men, women and children on wheels. Those were the days when the bloomer girl flourished in all her glory.

Bicycling proved very popular at Palm Beach during the present season. Society women from every part of the United States rode daily. Many men, well-known in business and financial circles, were also seen on bicycles at the resort.

formed in Vernon with the following officers: J. A. Birdsong, president; E. H. Coffey, A. M. Bourland and Daniel Bond, vice presidents; Emory Rhoads, treasurer; J. M. Morrow, general manager of the Chamber of Commerce, secretary of the association. Twenty-six directors were appointed to serve one to three years in groups.

Saving Nearly One-half Means More Today Than Ever

When prices are soaring higher and higher it means a lot to hear of a price change that helps to reduce the high cost of living.

No more timely or welcome announcement could be made than that scientific methods of production with PURE PHOSPHATE, make it possible to sell Dr. Price's Baking Powder at just about HALF the price charged when the powder contained Cream of Tartar.

Swift & Company Does Not Control Its Raw Material

Other industries can buy their raw materials according to need or judgment, and set a selling price. They need manufacture only what they can sell at their price.

Cotton, wool, wheat, lumber, iron, steel, and other non-perishables, can be held either by their producers or their users until needed.

But live stock comes to market every day in fluctuating quantities from scattered sources, wholly uncontrolled and at times without regard to market needs.

An immediate outlet must be found for the perishable products, at whatever price, as only a very small proportion can be stored.

No one can foresee or stipulate what they shall bring; prices must fluctuate from day to day to insure keeping the market clear.

Only the most exacting care of every detail of distribution enables Swift & Company to make the small profit from all sources of a fraction of a cent per pound, necessary for it to continue to obtain capital and maintain operations.

Swift & Company, U. S. A.

WELL BALANCE PROGRAM
AT WICHITA THEATER

Eddie Howett and his gobs jazz players is the headliner of the bill at the Wichita opera house the first half of the present week. Eddie's act is labeled as a "jazzland naval octette" and the musicians, certainly live up to their title. Attired in the familiar uniform of Uncle Sam's sailors, the boys stage an extremely clever act overflowing with singing, music, and dancing. The company is composed of men who served with the American naval forces during the world war.

Allman and Nally are extremely clever comedians and stage some genuine comedy in an act entitled "Vice Versa." Faber and Burnett in "Off and On" are interesting performers as are also Mack and Lane in "What's It All About?" Beenan and Grace appear very interesting in a skating novelty.

The current program is a well-balanced one, although the familiar trap-act is missing. Singing and dancing spiced with clever jokes compose the bulk of the bill. Some of the jokes are old ones but there is plenty of new stuff to bring the current bill up to the average and above some of the programs staged at the local opera house during the past season. Some of the songs too are old ones but they are presented in a way that the audience receives them enthusiastically and at least three of the actors were greeted with encores, last night.

A good feature of the present bill is that much of the suggestive songs and jokes that sometimes characterize the modern vaudeville program are missing. While the bill is not perfect in this respect it is far better than many seen here in recent months. Wichitaans last night seemed to enjoy the bill and the house was filled at both performances.

A screen weekly of unusual merit opened the bill.

At the Majestic.

Miss Lillian Gish has again proved her remarkable talent as a screen actress in her performance of Lucy, the child in "Broken Blossoms." D. W. Griffith's art sensation now playing at the Majestic theater in Thomas Burke's story, "The Child and the Child," taken from "Limehouse Nights," Lucy, the daughter of "Battling Burrows," is supposed to be 12 years old, but with the license of the artistic producer, Mr. Griffith took the liberty of adding three years to her age.

Few who see her performances as Lucy will forget that tragic moment when at her bullying father's command she tries to push her way into the assembly hall to smile. Mr. Griffith declares that this was a purely involuntary piece of acting; for when, during the photography of the first scene of cruelty between her father and herself and she was all in very real tears, he suggested as director, that she smile through her tears.

She was so wrought up over the scene that she tried to smile, but could not, and then, quite naturally and without thought of artifice, she, with trembling fingers tried to push up the corners of her lips. It was so pathetic and human a gesture that Mr. Griffith at once realized its value and it remains one of the striking notes of the performance of this moving tale of love and love.

At the Empress.

Again Nazimova has come to the screen and carried her audience fairly out of itself by the sheer power of her emotional depths and the finish of her performance. Last evening, at the Empress theater, this great Russian star justified once more her right to be acclaimed the world's greatest actress when she appeared in her most recent production, "The Heart of a Child," a photoplay adapted by Charles Bryant from the novel by Frank Danby.

To see it is to live through the struggle Sally Snaps made against the world's attack, at once so alluring and so sinister, with only the armor of her inborn sense of right to guard her.

The photoplay, by Rudolph Bergquist, is exceptionally artistic, as are the special effects by Allen Ruff. Ray C. Smallwood has displayed unusual ability in the direction, and those who remember Frank Danby's greatest book in its fiction form will be thankful to Charles Bryant for his intelligent and able adaptation to the screen of the best of it. The same picture will be shown again today and tomorrow at the Empress.

Card of Thanks.

I wish to thank kind friends for their assistance during the illness of my husband and for their sympathy and aid upon his death. I will remember them gratefully.—Mrs. Leon Joseph.

Society and Clubs

THE SINCLAIR CLUB
TO GIVE DANCE FRIDAY

The Sinclair club, a social organization of the personnel of the Sinclair Oil and Gas company in Wichita Falls, has issued invitations to its first annual dance, to be held Friday night at Hacks' academy.

MRS. SALM RETURNS FROM
BUYING TRIP TO NEW YORK

Mrs. Louisa Salm, head of the women's department of the Baum and Gardner store, has returned from a two weeks' buying trip in New York city. Mrs. Salm has purchased the summer stock, and will return to New York in June or July for the late summer and early fall buying.

SON BORN TO MR.
AND MRS. W. R. HAMMOND

The birth of a son April 27 is announced by Mr. and Mrs. W. R. Hammond, 1639 Elizabeth.

Mrs. J. B. Stokes has returned from San Antonio, where she visited her daughter, Mrs. Dan Murphy.

CALL FIELD

Civic League Plans.

The Civic League committee of the Community Club met with Mrs. Sheldon Friday afternoon and made plans for the disposal of the garbage on the field. The best method of disposing of the waste matter was thought to be to have it collected in cans and carried away each week. The committee visited each of the sets of quarters and planned that there should be at least one can for the six families. These families were asked to place all of their refuse in these cans and to see that the cover was kept on the can. Arrangements have been made to have the cans emptied each Friday and the occupants of the quarters will be expected to share the expense of 25 cents a week. The committee has gotten in touch with the county health officer and he has promised to visit the field some time this week and make an inspection for the purpose of offering suggestions as to other sanitary measures.

Sewing Circle.

The Ladies Sewing Circle met last week with Mrs. Duffey. Ice cream and cakes were served at the close of the meeting. The topic for discussion was the advantages and disadvantages of woman's suffrage. The discussion was led by Mrs. Aycock.

Next week the circle will meet with Mrs. Netherton and the discussion will be led by Mrs. Duffey. The subject will be The Montessori System of Child Education.

Children's Story Hour.

The ladies of the field have planned a story hour for the children every week. The ladies will take turns entertaining the children in their homes on Friday afternoons at 4:00 o'clock. Last week Mrs. Duffey entertained about 10 of the youngsters and this week Mrs. Gillen will have them. All of the children living on the field are invited.

Week End Visitors.

Mrs. Netherton was visited by her brother, Paul Keene, and his friend, Tom Jones.

Mrs. Shock, Mr. Duffey and Mrs. Duffey Sr. were week end callers with Mrs. Duffey.

Notes.

Mrs. Pitts and her three children have left the field for their home in Brooklyn, N. Y. Mr. Pitts has moved to Wichita Falls, where he is employed with one of the large oil companies.

FRENCH SATISFIED U. S. WAS RIGHT ABOUT REPARATION

few of Early Settlement of Those Clauses Upheld by Public

Paris, May 4.—Premier Millerand is going to London next week to confer with David Lloyd George, the British prime minister, regarding financial questions. It is expected that agreement will be reached upon the line of action to be adopted concerning Germany with regard to execution of the reparations clauses of the treaty of Versailles.

The premier will also agree on the basis of the discussions to be held with German representatives at Spa May 25 in line with the understanding reached by the supreme council at San Remo that the allies would not discuss before the Germans any questions upon which they were not in accord among themselves.

French public opinion, which a year ago would not accept the possibility of Germany not paying for the damage she caused, is considered now to be prepared to take a more moderate view, the French people preferring a concrete settlement with the prospect of its realization beginning in the near future rather than waiting indefinitely for an indefinite sum.

Thus the French have been brought back to the original viewpoint of the American peace delegation. They probably will not accept a lower minimum than 100,000,000 marks gold, but are likely to consent to fixing the maximum reparations payable by Germany at 150,000,000 marks, which was the limit the American experts reported they found Germany was able to pay.

Postpone Plebiscite.
PARIS, May 4.—The conference of ambassadors this morning decided to postpone the plebiscite in the Teuchin district of Belgium for two months. The balloting to decide the nationality of the region will occur July 12, instead of May 12, the date originally fixed.

Disorder in Ruhr Section.
LONDON, May 4.—New disorders have broken out in the Ruhr district of Germany and German troops have occupied Düsseldorf and South West, an Exchange Telegraph dispatch from Amsterdam today.

More serious disorders in the industrial district were feared, the dispatch added.

KNOX PEACE RESOLUTION
TO BE VETOED IF PASSED
WASHINGTON, May 4.—In the opinion of administration officials close to President Wilson the Knox peace resolution is certain to be vetoed if adopted by congress.

It was said at the white house today that no one had been authorized to speak with final authority for the president, but it was intimated that the general expectation among those in the confidence was that he would adhere strictly to the position he announced last summer against any form of separate peace.

HOUSE COMMITTEE INQUIRES INTO MORSE'S CONTRACTS
WASHINGTON, May 4.—At the request of the department of justice the house committee investigating shipping board expenditures went into executive session today to continue its inquiry into the contract of the C. W. Morse Company with the board.

Members of the committee refused to explain the department of justice's request for a secret investigation, but they denied that it was connected with the indictment of Charles W. Morse by a federal grand jury at New York yesterday for violation of the shipping board act.

Hair Grown on Bald Head
After several months which brought out a new growth of hair on the bald spot, I am now able to wear my hair in the same style as I did before. I am now able to wear my hair in the same style as I did before. I am now able to wear my hair in the same style as I did before.

"Beats Anything Have Ever Heard of, Declares Shipping Clerk

"When it comes to getting rid of bad stomach and liver troubles, Orgatone beats anything I ever heard of," said A. R. Nichols, who lives at 1621 East Hattie Street, Fort Worth, Texas, and is a shipping clerk at Swift & Company's packing house, North Fort Worth.

"If there is anything that will make life miserable for one," he continued, "it is a real bad case of stomach trouble. More than six years ago my stomach went bad on me. I had a mighty tough time of it ever since. I lost my appetite to start with, and hardly ate enough to keep my strength up so I could work. I also suffered from loss of weight and energy as well as nervousness all the time."

"I had heard much about Orgatone and the good it seemed to be doing so many people, I decided to try it and see what it would do for me. Well, sir, I honestly feel like a brand new man today and I have taken only four bottles of Orgatone. I am hungry all the time now and I know from that my stomach is in good condition. In fact, I am feeling better in every way than I have felt in six years. There is no doubt about it—Orgatone is the best treatment going, and I am glad to recommend it to everybody."

Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and sold in Wichita Falls by the Young and the Miller Drug Stores exclusively, under the personal direction of a special Orgatone representative.—Adv.

REBELS MOVING AGAINST TORREON

(Continued from Page 1)

further defections in the federal forces. Mexican agents here persist in their assertions that further cases of government troops declining battle will hasten the end of their struggle.

Rebels Protect Foreigners.
SAN PABLO, TEX., May 4.—A telegram from Consul J. B. Stewart, in Chihuahua City to American Consul Dow in Juarez, sent by the way of Douglas, Ariz., said that the district surrounding the state capital is quiet and all Americans are safe. The telegram added that Parral and Cuernavaca, two important mining towns, are in the hands of the rebels. American there are safe and the mines and smelters were not required to cease operations when the change of government took place, Mr. Stewart said.

Military men in the mining districts controlled by the rebels announced that foreigners will be accorded every consideration and will be given complete protection. All foreign residents are being treated with utmost consideration, Mr. Stewart declared.

Following the fighting for possession of the state capital, the rebel commanders forbade looting, released all political prisoners and announced that Mexican and foreigners alike would not be molested if they maintained strict neutrality, Mr. Stewart added.

Labor Opposes Campaign.
AGUA PRIETA, SONORA, May 4.—A general strike of Mexican labor is a potential weapon possessed by the revolutionists for use against President Carranza, General P. Elias Calles, military commander in the northwest, announced here today.

"Labor organizations are active everywhere in Mexico for the liberal constitutional movement," General Calles said.

"Louis Morones, who is the 'Sam Gompers' of Mexico, is in Michoacan or Guerrero; Samuel Rudico is in Vera Cruz; Celestino Gueza is in Puebla; Enrique Mondeda is in Zacatecas, and Juan Ruiz, secretary of the labor party of Mexico, is here. They are the most prominent labor leaders of the republic and their followers have signified they would go on a general strike if the move seemed necessary."

"The strike will be called only as a last resort and from the aspect that is attending the revolution it will not be necessary. Our aim is to disturb conditions and industry as little as possible."

WOOD DEFEATS JOHNSON
BY 2 TO 1 IN MARYLAND
BALTIMORE, May 4.—Major General Leonard Wood carried the Maryland preference primary by nearly 2 to 1 vote over Senator Hiram Johnson, according to the returns tabulated today.

Wood carried Baltimore, all but two of the twenty-three counties, and will have complete control of the state convention which will select sixteen delegates to the republican national convention. The delegates will be instructed to vote for Wood for nomination for president as long as they believe he has a chance of obtaining the nomination.

The vote was exceptionally light, not more than fifty per cent normal in many parts of the state. There were no democratic candidates for president and the delegation sent by Maryland to the San Francisco convention will be unfrustrated.

FIND CAR THAT MAY HAVE BEEN USED BY BANDITS
WACO, TEX., May 4.—A car stolen at Buffalo Sunday night, found two miles east of this city late yesterday and it is believed that the parties who abandoned the car were the men who robbed the bank at Buffalo Sunday night. No particulars of the robbery have been received here. Detectives have a clue to the guilty parties and arrests are expected.

GALLIGAN VOICES ELOQUENT APPEAL FOR LIQUOR LAW

Anti-Saloon Funds Being Used for Hunting Still Says Congressman

WASHINGTON, May 4.—Prohibition enforcement will cost \$25,000,000 annually, Representative Galligan, democrat, Massachusetts, declared today in the house.

There are more illicit stills now than before prohibition became effective, he said, adding that the bulk of Anti-Saloon League funds are used to hire special agents to locate stills.

"There were 2000 stills found in Georgia in 1918," he declared, "154 in North Carolina and 26 in Nebraska, the home of the first apostle of grape juice."

"Blind tigers are now surrounded by romance. It is not respectability. Members of congress could tell interesting personal interviews with bootleggers who have become respectable citizens of the communities in which they live."

"During the year when prohibition was young over 5,000 stills were captured by prohibition inspectors and 300,000 gallons of moonshine confiscated."

Besides the stills raided in Georgia, North Carolina and Nebraska, Mr. Galligan said 252 had been found in Alabama, 465 in South Carolina, 336 in Tennessee, 245 in Virginia, 121 in Kentucky, 191 in Florida, 49 in Michigan, 41 in Texas and 40 in West Virginia. Control of congress and the presidential election may be decided by the prohibition question, Mr. Galligan declared.

"You can no more settle the prohibition question or keep it out of politics than you can sweep back the ocean," he said.

"Every law bottle and stew pan is placed under suspicion since the Volstead act has become effective. It prohibits everything with more than one-half per cent alcohol and yet the sap of every tree flows in violation of that law."

"FAMO was evolved by scientists in one of the recognized pharmaceutical laboratories of Detroit. Three years were spent in perfecting it before it was offered to the public. The ingredients in FAMO have never before been used on the head. But they have been well known to medical science for many years. They work differently from any other hair preparation. FAMO stands alone. If your hair is thin and lacks lustre and the dandruff scale causes constant irritation of the scalp, you should start the use of FAMO at once. It destroys the dandruff bacilli. FAMO is sold at all toilet goods counters in two sizes—35 cents and \$1. The dollar bottle is extra large and contains four times as much as the smaller size. Applications of FAMO may be had at the better barber shops and hair dressing establishments. Seborrhea is the medical name for a scaly condition of the scalp. The seborrheic eruption forms in scales and dandruff and is commonly known as dandruff. From the laboratories of F. A. Thompson & Company, Manufacturing Pharmacists, Detroit, Mich.

METHODIST CHURCH STRONGLY OPPOSED TO IRISH FREEDOM

Conference Asks Congress Not to Pass Bills Favoring Recognition

DES MOINES, IA., May 4.—The Methodist church today went on record as opposed to Irish freedom. The general conference of the church, meeting here, unanimously adopted a resolution urging congress to defeat all bills or resolutions similar to recognize the republic of Ireland. The resolution was introduced by Rev. J. C. Nicholson, Baltimore.

"The fight to make the United States a member of the League of Nations today was taken up in earnest by the Methodist church in conference here."

The general conference voted to refer that part of Episcopal address referring to the League of Nations to the committee of the state of the church. The section referred to urges the president and the senate to compromise on the treaty issues so that an effective League of Nations may be established.

"The conference was resumed early today. The reports of the bishops from Europe and Africa were read. This morning dealt with present conditions in these countries. The principal address of the day will be delivered late this afternoon by Bishop Francis J. McConnell, Denver. His subject was not announced."

As a Broom attacks Corners, so should your Toothbrush Sweep Crevices

SOME people brush their teeth as they sweep a floor—leaving little piles of rubbish in the corners. Particles of food left between the teeth eventually decay—trouble sets in and soon a good tooth is gone. With your Colgate's Ribbon Dental Cream, sweep up and down—not across. Get between the teeth. Then, with a brushing of the tongue, gums and inside of the cheeks, your mouth will be clean and wholesome. Use Colgate's twice a day and see your dentist twice a year—the safest safeguard against tooth troubles.

Sold Everywhere

Colgate's is Recommended by More Dentists Than Any Other Dentifrice

Oxfords in Which a Girl Doesn't Count Every Step

Here is an oxford designed for growing girls, yet so restful that maturer women much on their feet ask for it by name. It has a one-inch sports heel, a stylish street toe, and swaggy wing-tip decorations. This Walk-Over oxford carries the weight of the body so well back on the heel that out-door young women wear it to keep their feet feeling fresh and young. You can be fitted perfectly in it.

NAVY NOT JUSTIFIED IN PLANNING BEFORE WAR WAS DECLARED

WASHINGTON, May 4.—In view of the general sentiment over the country, the navy would not have been justified in actively preparing for war with Germany in advance of a declaration by congress, Admiral W. S. Benson, war time chief of naval operations, testified today before the senate committee investigating the Sims-Daniels row.

The witnesses said the navy prepared plans before the declaration of war. "They were not complete," he testified, "and are not complete in some respects today. We knew if we did enter the war we would have to conform our operations to the general plans of the other allies and we had no knowledge of their plans until after we declared war."

Chairman Hale asked whether the secretary had held up or delayed Admiral Benson's efforts to prepare the navy after war was declared. "I don't think so," the admiral replied. "There were many things that I as a military man thought ought to be done that he did not approve as matters of policy. Among these were improving the powder supply and getting more small caliber guns for merchant ships. Subsequent events justified Mr. Daniels' attitude, I believe. "There were things I think we were not justified in being prepared in, personnel, particularly."

PROVIDES PENALTIES FOR DENYING VOTE TO WOMEN

WASHINGTON, May 4.—A bill providing for federal enforcement of the woman suffrage constitutional amendment was introduced today by Senator Watson, republican, Indiana, and referred to the judiciary committee. It provides a fine of \$500 and one year's imprisonment for interference with women voting in all elections, including state, territorial, county, city, parish, school district or others.

HOISTING AND PORTABLE ENGINEERS ASK RAISE

FORT WORTH, May 4.—Hoisting and portable engineers served notice on employers today that effective June 1, their wages must be raised from \$1 to \$1.25 per hour. No answer has been given by the employers.

OIL WORKERS OPPOSE OPEN SHOP MOVEMENT

FORT WORTH, May 4.—The international convention of oil field, gas field and refinery workers in session here today adopted two resolutions—one against the open shop movement and the other asking an investigation of the Mexican immigration problem. Edward Fenton, president of the Oklahoma Federation of Labor, spoke before the oil workers this morning.

WILSON SIGNS MEASURE INCREASING PENSIONS

WASHINGTON, May 4.—President Wilson has signed the Fuller pension bill increasing the pensions of veterans of the Civil war and widows and other dependents of veterans.

NEW YORK STATE VILLAGE VISITED BY WILD BEARS

POUGHKEEPSIE, N. Y., May 4.—Hunters were searching today for two wild bears which invaded the village of Chelsea, near here, and caused a panic while the people were returning from church service.

IMPOSSIBLE FOR HUSBAND TO STEAL FROM HIS WIFE

CHICAGO, May 4.—It is impossible for a husband to steal from his wife, Robert E. Crowe, chief justice of the criminal court, ruled here today. The ruling came when Mrs. Seymour Cohen filed charges against her husband, who is an attorney, charging theft of \$41,103 worth of stocks and bonds left her by her father.

FARM LOANS OF \$50,000,000 HELD UP BY LITIGATION

WASHINGTON, May 4.—Farm loans aggregating more than \$50,000,000 have been held up by the litigation over the validity of the farm loan act, it developed today at the conference of farm loan officials here.

DOZEN TRAFFIC CASES OCCUPY COURT'S TIME

Trial of various traffic cases occupied most of Tuesday's session of corporation court. More than a dozen cases alleging violation of various traffic ordinances were called and fines assessed in a major portion of them.

RAPS DEMOCRATIC PARTY AT G. O. P. COUNTY MEETING

A scoring of the acts of the democratic administration, of Joe Bailey and democrats in general, together with an expression of the belief that the republicans will not only sweep the country in the fall elections, but put Texas in the republican column, marked the county convention of the republican party, held in justice court room No. 1 at the Wichita County courthouse Tuesday afternoon, at which uninitiated delegates were elected to both the state and the district conventions of the party, the former to be held in San Antonio May 25 and the latter at Gainesville on Saturday. Delegates to the state convention were instructed to vote for H. F. McGreggor of Houston, national committeeman, for one of the four delegates at large, and those to the district convention for O. P. Maricle of Wichita Falls, county chairman, for one of the district delegates to the Chicago convention.

"Our democratic friends point with pride to the achievements of President Wilson," said O. T. Bacon, who was elected chairman of the convention, in the course of his attack of the democratic administration. "What did he do? Among other things he sailed off in his ship from Brest, leaving soldiers sleeping there in the mud, saying that he didn't want to be bothered with them."

In addition to the democratic party, the new "American party," which he declared to be the "Jim Ferguson party," an offshoot of the Joe Bailey party, came in for Mr. Bacon's denunciation. He furthermore expressed the hope that the democrats do nominate Bailey, declaring that he believed the republicans would be able to beat him.

After criticizing the "criminal waste and extravagance in the government," and the still more criminal attitude in administration, through the interior department, in holding up the deportation of 3,000 reds who should have been out of the country three years ago, the same speaker proceeded to a review of President Wilson's attitude in the Mooney case.

"The execution of this man, who he placed a suitcase filled with dynamite in a crowd corner in San Francisco, the explosion of which resulted in the death of 17 Americans engaged in watching a patriotic parade, and who was indicted by a grand jury, tried and convicted by jury, and the conviction affirmed all the way to the supreme court, was prevented by the intervention of Wilson on the grounds that it would lead to international complications which were not to the best interests of the United States."

"This constitutes the darkest blot on the Wilson record," the speaker concluded, quoting Senator Poindexter's statement to the effect that "Wilson was the recognized leader of the 'Reds' the world over."

Delegates to the conventions are as follows:
District convention delegates: Miss Joella Turner, O. T. Bacon, L. M. McCracken, T. B. Smock, C. C. Brunnenberg, John Moore, O. P. Maricle and T. H. Roberts. Alternates: Miss Mary T. Bentley, Bentley Bacon, Mrs. R. R. Smock, Mrs. J. A. Richolt, H. C. Hulling and J. C. Bradshaw.
Delegates to the state convention: J. G. Culbertson, O. P. Maricle, Bentley Bacon, L. M. McCracken, Orrville Bullington. Alternates: J. W. Culbertson, C. C. Brunnenberg, Mrs. T. B. Smock and L. N. Ashton.

BELL BOY ARRESTED IN CONNECTION WITH THEFT

INDIANAPOLIS, May 4.—Raymond Cooney, 24, said to have been recently employed as captain of the bell boys in a New York hotel, is under arrest here today in connection with the alleged theft of 200 bond certificates valued at \$200,000 from Henry L. Doherty, a New York oil man and stock broker.

"ISLAND THEORY" IS USED BY GOVERNMENT IN PRESENTING ITS SIDE OF RED RIVER CASE

Special to The Times.
WASHINGTON, May 4.—Answers to the motions filed by Texas claimants asking for a modification of the receivership and injunction order issued by the court in connection with the Red river boundary dispute, involving oil lands in the northern part of Wichita County, were filed today by the State of Texas, the State of Oklahoma and the United States.

The State of Texas entered no objection to the modification, but entered protest to the admission of various placer mining claimants to the litigation, on the ground that such action would virtually mean a nullification of the title to the lands against states by individuals, which is unconstitutional.

The State of Oklahoma and the federal government both protested on being required to answer at this time, stating that the time given by the court for filing their answer was insufficient to allow for the preparation of a case of the importance and complexity of the one in question.

In the government's answer it brought out, as was expected, its island theory—which explains the presence of vegetation of apparently more than a hundred years of age existing on some of the patented lands lying below the Texas bluff by declaring these lands to have been formerly islands, and the channels to have been filled up by the action of the river.

The brief declares the channel of the river at this time to have closely skirted the south bank of the river.

To the point raised in the briefs filed by some of the Texas land owners, which included Mrs. Lilla Morgan, J. B. Evans et al., as to the long undisturbed possession of the lands in question, and to the acquisition of the titles in good faith by these owners, the government countered with a declaration that the titles had been acquired in full knowledge that they were subject to question, and that the lands had been recklessly developed and drilled by others in spite of this knowledge.

The government answered the application of the Sinclair Oil and Gas company to operate their properties independently, depositing the royalties accruing through their operations with the receiver, and to the Bass Petroleum company, asking permission to remove certain specified movable personal properties by suggesting that action in these instances be delayed until the receiver appointed by the court, Frederic A. Delano, who is to file a report with recommendations as to an operating policy within 30 days of his appointment, files his report.

NEW SAND IS PICKED UP IN MUNGER, BLOCK 31

A test of a new sand picked up in the Art-Haynes-Cannon No. 1 Munger, in Block 31, to the east of the Kemp-Munger-Allen No. 3, is to be made tonight, according to an announcement by J. L. Art, one of the owners of the well. The sand, which has the appearance of a rich, brown oil sand, was picked up only a few feet lower than the first one encountered several days ago, which proved a broken sand.

The second sand was found at 1,770, two feet lower than in the Kemp-Munger-Allen discovery well, which with a difference of 16 feet in the elevation of the two locations, leads the owners of the new well to believe themselves to be 14 feet higher on the same structure than the Kemp-Munger-Allen.

TEXAS WELL ON C. BIRK REPORTED AT 700 BBL.

Completion of the Texas company's No. 5 C. Birk is reported, the well making around 700 barrels. The sand is being drilled deeper today, and an increase in the production is expected, as deeper drilling has materially increased production in other wells on the Birk tract. This is the Texas company's fifth consecutive producer on this tract.

L. W. WORTHAM OF HOUSTON SUES TO GET COMMISSION

The White Eagle Oil and Refining company is named as defendant in a debt and damage proceeding for \$7,500 filed Tuesday in the 30th district court by L. W. Wortham of Houston. The suit is the outgrowth of a contract by which the plaintiff alleges he was to receive a certain amount of commission on a deal by which the White Eagle Oil and Refining company secured a leasehold on part of the Lacinda Meadows survey of Wichita county.

BURK-CAMERON NO. 2 IS SETTING CASING

The Burk-Cameron No. 2, in Block 33, offsetting Burk-Cameron No. 1 north, is reported setting casing today. The hole is eight feet in the sand which was found at 1,844 feet.

In the same territory in the northeast corner of Block 332 Staley has set casing and is due to start bailing today.

The Caudle well in 326 is reported drilling around 1,700 feet. Bowers in 332 is drilling around 1,650 feet.

BOUGHT LEASE FOR \$20,000; IT IS SOLD FOR \$800,000

OKMULGEE, OKLA., May 4.—An oil lease which was bought March 25 by Etchold and Cook of this city for \$20,000 was sold to a New York firm for \$800,000, it was reported here today. One well on the lease is making 200 barrels a day. Other wells are drilling, it was said.

BOILER EXPLODES BUT DOES NOT HURT ANYBODY

A boiler explosion Monday afternoon on the Gulf Production company's Daniels lease, South Burkburnett, destroyed one boiler and damaged another, but caused no other damage, though there were several workmen on the lease. The explosion occurred at 3:30 Monday afternoon. The exploding boiler was blown some distance from the rig.

TO HEAR INDIAN CLAIMS FOR RED RIVER TERRITORY

OKLAHOMA CITY, May 4.—The petition of Indian allottees holding Red River land in the disputed area for a temporary injunction will be heard in the federal district court here May 10, it was announced today.

Judge John C. Pollock of the Kansas district of the federal court, will hear the injunction proceedings.

TELEPHONE AND TELEGRAPH COST WAS \$14,000,548

WASHINGTON, May 4.—Operation of the telegraph and telephone companies during the war cost the government \$14,000,548, Postmaster General Burleson informed congress today in asking immediate appropriations of that amount to liquidate the affairs of the federal wire administration.

EXAMINATIONS FOR TEACHERS TO BE HELD EVERY MONTH

Due to the shortage of school teachers, state examinations for teachers' certificates will be held at each county seat in the state the first Friday and Saturday of each month, beginning with May and ending with December, E. C. Hall, county school superintendent, announced Thursday.

The Wichita county examination will be held at the superintendent's office in the court house on Friday and Saturday. Examinations will be given in all subjects leading to a second, first, permanent and permanent primary certificates.

SATURDAY'S CONVENTION

Not in any spirit of exultation but
of gratification only it is that we shall
refer to the results of Saturday's elec-
tion in Texas, the question being that
of repudiating the democratic adminis-
tration with some other collateral is-
sues of state interest also involved.

Led by a man whose personality in
many minds obscure the real issue and
whose old time personal following gave
the movement a strength that many
thought made it really formidable,
the effort to repudiate the administra-
tion failed ignominiously. It was
swamped and overwhelmed and
covered up and beaten down under one
of the most spectacular and crushing
defeats that any political question of
seeming strength ever received in Tex-
as. When we some time ago declared
that the Bailey movement had reached
its zenith at the time of his Dallas
speech and that it had waned con-
stantly since, there were those who,
hoping as we did, could not believe it.
The other side merely hooted at the
idea and pointed to the great crowds
their leader was drawing. But we
think no administration adherent ever
had any real hope that the ending
would be so one-sided as it proved to
be or believed that the former Texas
Senator could show so little strength
anywhere.

In the county he claimed as his
home, in the old Fifth District where
his word was political law and where
support of Bailey for years was the
shibboleth of the democratic faith; in
the counties of his lieutenants and
sublieutenants, in the counties where
he spoke—in all these, the defeat
seems now to have been complete.
Heaping insult on injury his own ward
refused him the paltry honor of send-
ing him as a delegate to his county
convention; his home town voted
overwhelmingly against him. If he
goes to the state convention other than
as a spectator, some other county than
his own will have to furnish him the
credentials.

Even in the old liquor strong-holds,
which were counted on as certain-sure
for the repudiators, the effort to dis-
credit the democracy of President Wil-
son and the achievements of the demo-
cratic administration failed, indicat-
ing that the old organizations that
used to dominate in those counties
have about come to their ends. The
Bailey strength was negligible every-
where.

At Gainesville, following the precinct
convention, Mr. Bailey was quoted as
saying the "Preachers and the women
did it." During the campaign he
harked on the "sisters and the sisters"
who seemed to him to constitute the
bulk of the opposition to him. At
Gainesville, on Friday, he declared that
his defeat meant the death of real
democracy. The real reason that the
Bailey movement failed so utterly was
that it stood for the wrong things,
that it opposed the things which Tex-
as democrats believe to be right. The
preachers and women helped to it,
those he called "sisters" helped to it.
But in casting about for collateral
reasons for the puncture again of the
"Bailey myth" candor compels the
statement that nobody contributed to
it more greatly and more effectively
than did Bailey himself, and the fact
that every county in the state in which
he spoke rejected him is proof of that
statement!

And Wichita county is to be con-
gratulated that it played no small part
in bringing this worthy accomplish-
ment to pass.

MORE FRANK THAN
CIRCUMSPECT.

Senator Lodge was probably more
frank than circumspect the other day
when he said that if there was any
trouble coming to the United States
it was on our West Coast rather than
anywhere else and Senator Lodge re-
ferred to the Japanese situation. The
United States is not afraid of Japan or
any other nation in the world. But the
United States is not "banking any"
for a war with anybody, much less one
of the kind that we would have to

carry to them over 9,000 miles of
water, and Senator Lodge's recogni-
tion of the menace of Japan ought very
forcibly recall to his mind his recent
attitude on the League of Nations, the
covenants of which were designed pri-
marily to prevent war. Resultant
mainly from the success of Senator
Lodge's efforts, there was never a
time when the United States as a na-
tion was so internationally unpopular
as now and that Washington realized
it is indicated by the demand for a
"big-as-any" navy and the action of
the Senate by a non-partisan vote in
raising the Navy department appro-
priations the other day by many mil-
lions for no other purpose than to ex-
pedite the work of naval construction
in the program now under way of
additional significance. "With France,"
notes the World's Work, whose
sources of international information
seem very accurate and unextravagant,
"our relations are also deplorable,"
largely because of President Wilson's
charge of militarism being in the ad-
dis there, "and the French people are
almost ferociously resentful. Italy like-
wise regards the United States as little
better than an enemy." It continues:
"But it would be hard to put one's
finger on any country which has not
reason, just or unjust, for unfriend-
liness to this country. This feeling, in
most cases, is entirely unwarranted
in reason; unpopularity is always the
fate of any nation which waxes rich
and powerful; yet official Washington
should be rather more careful in the
future than it has been in the immedi-
ate past about exhibiting its rough
edges to nations which should be our
best friends."

But we continue officially adopting
meddlesome resolutions with regard
to Ireland, which is inevitably a prob-
lem that Great Britain must solve and
the solution of which is only made
more difficult by our unwarranted, if
not impertinent interference. We've
taken a hand in the Egyptian question.
There is nothing of an international
Import too sacred for some American
congressman at least to present a res-
olution concerning it. Rejection of
the peace treaty and of the League
of Nations has led many foreign gov-
ernments to believe that we want a
determining voice in international mat-
ters, but refuse to accept any of the
responsibility that goes with the de-
cision.

The unfriendliness of the whole
world is not a thing lightly to be
considered even though we resent it as
being unwarranted and unjust and ob-
livious of the tremendous things this
country has done for the world's wel-
fare in the past few years. Things
might arise on our West Coast that
would make us consider it more
deeply.

The Making of Bolsheviki in the U. S.
(Dallas News)

Exaggerated reports of the cost to
the government of collecting the taxes
have spurred the bureau of internal
revenue to make the announcement
that it has cut 50 cents to collect
every \$100 in taxes, or a little more
than half a cent for each dollar col-
lected. Some of the reports in cir-
culation had charged that cost the
government 50 cents for every dollar
in taxes collected. — Terrell Trans-
cript.

The government is daily and out-
rageously abused by wordy dema-
gogues dedicated to partisan purposes.
This stripe of public nuisance charges
sins of extravagance, corruption, graft,
inefficiency—anything to make a
point. Business men, poorly informed
but uneasy, as business men too fre-
quently are—read or hear these in-
genious falsehoods, which are often
backed up with ingenious but fictitious
evidence, and believe them. Then they
are surprised when a few numbers of
foreigners flame out with demands for
the "overthrow of the government and
the substitution of a set of regular an-
archists for the people's duly chosen
representatives. How can we expect
thick-headed bolsheviki to respect our
country when they read in a certain
type of newspapers every day, or hear
from a certain type of speakers
charges of such a nature as would, if
the charges were true, deserve der-
isment? It is not the true, but the
big lie, that is the most effective
bring this or any other country into
public contempt? Every honest and in-
telligent American should be ashamed
to asperse his government, which is, as
he knows, the freest and best-man-
aged and the most economically-governed
country in the world. The shameful
accusation that our administrative
officials are expending more than
half the taxes in collecting the same
deserves the severest rebuke de-
cent Americans can administer. All
our bolsheviki are not counseled aliens
in our midst on suffrage. Some of
them are native-born products, some
of them are editors, some orators, and
a few of them are capable of doing
more harm to free institutions than all
the jabbering anarchists put together.

It Can't Be Done

WILLIAM PUT THAT
CALF IN THE
BARN!

SENATOR LODGE WAS PROBABLY MORE
FRANK THAN CIRCUMSPECT.

Senator Lodge was probably more
frank than circumspect the other day
when he said that if there was any
trouble coming to the United States
it was on our West Coast rather than
anywhere else and Senator Lodge re-
ferred to the Japanese situation. The

SENATOR LODGE WAS PROBABLY MORE
FRANK THAN CIRCUMSPECT.

Senator Lodge was probably more
frank than circumspect the other day
when he said that if there was any
trouble coming to the United States
it was on our West Coast rather than
anywhere else and Senator Lodge re-
ferred to the Japanese situation. The
United States is not afraid of Japan or
any other nation in the world. But the
United States is not "banking any"
for a war with anybody, much less one
of the kind that we would have to

carry to them over 9,000 miles of
water, and Senator Lodge's recogni-
tion of the menace of Japan ought very
forcibly recall to his mind his recent
attitude on the League of Nations, the
covenants of which were designed pri-
marily to prevent war. Resultant
mainly from the success of Senator
Lodge's efforts, there was never a
time when the United States as a na-
tion was so internationally unpopular
as now and that Washington realized
it is indicated by the demand for a
"big-as-any" navy and the action of
the Senate by a non-partisan vote in
raising the Navy department appro-
priations the other day by many mil-
lions for no other purpose than to ex-
pedite the work of naval construction
in the program now under way of
additional significance. "With France,"
notes the World's Work, whose
sources of international information
seem very accurate and unextravagant,
"our relations are also deplorable,"
largely because of President Wilson's
charge of militarism being in the ad-
dis there, "and the French people are
almost ferociously resentful. Italy like-
wise regards the United States as little
better than an enemy." It continues:
"But it would be hard to put one's
finger on any country which has not
reason, just or unjust, for unfriend-
liness to this country. This feeling, in
most cases, is entirely unwarranted
in reason; unpopularity is always the
fate of any nation which waxes rich
and powerful; yet official Washington
should be rather more careful in the
future than it has been in the immedi-
ate past about exhibiting its rough
edges to nations which should be our
best friends."

But we continue officially adopting
meddlesome resolutions with regard
to Ireland, which is inevitably a prob-
lem that Great Britain must solve and
the solution of which is only made
more difficult by our unwarranted, if
not impertinent interference. We've
taken a hand in the Egyptian question.
There is nothing of an international
Import too sacred for some American
congressman at least to present a res-
olution concerning it. Rejection of
the peace treaty and of the League
of Nations has led many foreign gov-
ernments to believe that we want a
determining voice in international mat-
ters, but refuse to accept any of the
responsibility that goes with the de-
cision.

The unfriendliness of the whole
world is not a thing lightly to be
considered even though we resent it as
being unwarranted and unjust and ob-
livious of the tremendous things this
country has done for the world's wel-
fare in the past few years. Things
might arise on our West Coast that
would make us consider it more
deeply.

The Making of Bolsheviki in the U. S.
(Dallas News)

Exaggerated reports of the cost to
the government of collecting the taxes
have spurred the bureau of internal
revenue to make the announcement
that it has cut 50 cents to collect
every \$100 in taxes, or a little more
than half a cent for each dollar col-
lected. Some of the reports in cir-
culation had charged that cost the
government 50 cents for every dollar
in taxes collected. — Terrell Trans-
cript.

The government is daily and out-
rageously abused by wordy dema-
gogues dedicated to partisan purposes.
This stripe of public nuisance charges
sins of extravagance, corruption, graft,
inefficiency—anything to make a
point. Business men, poorly informed
but uneasy, as business men too fre-
quently are—read or hear these in-
genious falsehoods, which are often
backed up with ingenious but fictitious
evidence, and believe them. Then they
are surprised when a few numbers of
foreigners flame out with demands for
the "overthrow of the government and
the substitution of a set of regular an-
archists for the people's duly chosen
representatives. How can we expect
thick-headed bolsheviki to respect our
country when they read in a certain
type of newspapers every day, or hear
from a certain type of speakers
charges of such a nature as would, if
the charges were true, deserve der-
isment? It is not the true, but the
big lie, that is the most effective
bring this or any other country into
public contempt? Every honest and in-
telligent American should be ashamed
to asperse his government, which is, as
he knows, the freest and best-man-
aged and the most economically-governed
country in the world. The shameful
accusation that our administrative
officials are expending more than
half the taxes in collecting the same
deserves the severest rebuke de-
cent Americans can administer. All
our bolsheviki are not counseled aliens
in our midst on suffrage. Some of
them are native-born products, some
of them are editors, some orators, and
a few of them are capable of doing

170 PRODUCING WELLS WITH PRODUCTION OF 8890 BARRELS IN RECEIVER'S TERRITORY

One hundred and seventy producing wells, with a total production of 8,890 barrels, in the river bed pool, and in the north part of blocks 96, 97 and 98, and the Meadows survey, taking in a part of the C. T. Taylor lands, the Morgan, Evans and the north part of block 319, 320 and 321, represents the oil properties which have just been put under control of Fredrick Delano, receiver for the United States pending settlement of the suit which Oklahoma and the United States have filed for the Texas base and lowlands on Red River, under claim that the river has changed its course, since early treaties defining the state boundary. The receiver himself expressed much surprise on finding out the production on which his only previous information has been press stories, which referred to the production controversy as worth "two hundred and fifty millions" and put the production as around 40,000 barrels. The out of the state press has been estimating the production, evidently on the reports of flush production of some of the river bed wells, and as a consequence the actual production figures were not a little startling. The receiver also expressed surprise to those who kept in close touch with the field, and knew how the wells, after producing almost a year had dropped off. Wells that had an initial flow of well over a thousand barrels are now making 35 and 40 barrels, while wells with smaller production at first are down correspondingly. The north end of the Wagoner pool has much dry hole territory, and as there is where the sand pinches out the wells are also small, since the rock pressure is gone. There is a sort of finger of oil which goes up in the Meadows, blocks 96, 97 and 98 survey, almost to the river on which the Spinks claim has about 300 barrels production—then there is much condemned territory, with dry holes scattered about. Following the river west, production is again picked up, on the Durfee, then the Michna, Holtsen and Schnakenberg in block 319, is doubtful, with only failures along the river bed, and further west, in block 320 and 321 there is a small amount of production in the patented land, and around 1200 barrels in the river bed. So the slice which the receiver has taken charge of has only a very inconsiderable portion of the 70,000 barrels which the Wagoner and extension pools are producing.

The heaviest producing lease affected is that of the Bass Petroleum Corporation on the Durfee, north of block 319, which has fifteen producing wells. The Lone Star Oil & Refining Company has about 500 barrels production in the district taken over by the receiver, part of it in block 98, on the C. T. Taylor, and a part of it in the river bed, Sparks survey. Chesnut and Rowe also have one of the heaviest producing leases in the receivership area, their block 98 lease making around 500 barrels. Minnis and Snowden have about 350 barrels production on their lease in block 98, under the receivership. The Oklahoma Producing & Refining Company is the heaviest producer in the litigated area, next to the Bass interests, their production on the part of the lease in block 96, 97 and 98 which is in the receivership, reaching a thousand barrels.

The largest single producer is the No. 1 Sparks of the Southern Oil & Drilling Company which is making 300 barrels.

Drilling Practically Suspended.

The litigation has been no doubt responsible for the failure of the river bed pool to show more production, because there has been practically no

drilling in the disputed territory since it became apparent that property would be tied up there for some time. It takes money to develop oil leases, and with no prospect of getting the money back any time soon there are few operators who care to test out the territory, regardless of the prospects. This receivership order promises to work a decided hardship on operators with property in the receivership area, since all property of any sort is under the control of the receiver, and before it can be moved it must be covered by a surety bond. There have been several instances reported where drilling contractors have had their rigs on contract holes, and now since they are finished desire to move them off, but can not do so without furnishing bond to the receiver. Some of the leases in question that are not being developed have been used for storing materials and a number of companies with a part of their lease under the receiver, and the remainder in the bluff stored on their lease, are in the predicament of needing casing, or other materials but being unable to get it from their own warehouses until making bond. This state of affairs is causing much inconvenience, and expense to operators, on both the patented lands and the river bed. As no such rigid control was anticipated, the operators left their property on the leases when the receiver took control, expecting that only the oil production and the actual drilling would be under the control of the receiver.

Restrictions Onerous.
One of the biggest producing companies in this area reports that their workmen are leaving the lease, preferring not to be restrained by the stringent regulations that prevail. This same company has around \$300,000 worth of materials, not being used either in drilling, or in producing oil, stored on their lease, and are unable to get it moved.

An inventory is being taken of all property in the receivership area. Under present orders Receiver Delano can only conduct the inventory, and follow the present plan of absolute control over all property, pipelines and materials. It is understood, however, that more detailed orders as to the program of operation for the properties will be received from the court in a few days.

A complete list of companies who have properties in the receivership area, together with the number and condition of wells, has been secured. It shows a total of 170 producing wells, an average of about 52 barrels to the well, 24 dry holes and a number of drilling wells.

Wells Drilling.

The list in full follows: George Alton, Schnakenberg, Block 319, one well drilling.

Apple et al, Roberts, Block 320, one hole junked, rig skidded, second drilling, one well swabbing.

American Refining Company, Lillis Morgan tract, four wells pumping, one salt water.

Bark Senator Oil Company, riverbed, north of block 319, junked, not producing.

Bark Northern Oil Company, Holtsen, Block 301, one dry hole.

Bass Petroleum Company, Durfee survey, four producing wells, four on sand, two plugging off salt water, and two derricks up.

T. H. Bass, trustee, Durfee survey, one well on sand.

Burkhardt Van Cleave Oil Company, Roberts tract, Block 320, two producers.

Baker Oil Corporation, Morgan tract, one producer, two derricks, abandoned.

Burkhardt Mo-Tex Oil Company, Ev-

ans tract, Block 318, one producer, one dry hole.

Bark Consolidated Oil Company, Evans tract, one producer.

Bark Backley Oil Co., and Young Drilling Co., Taylor tract, Block 96, one well swabbing.

Bark China Oil Company, C. T. Taylor, Block 96, one well pumping.

Bell City Oil Company, B. T. Taylor, Block 98, one well pumping, one cleaning out.

Bones and Rubin, C. T. Taylor, Block 96, one well pumping.

Curtis Drilling Company, Sparks, river bed, one well on sand.

Commercial Oil Co., C. T. Taylor, Block 96, one dry hole.

E. L. Cragin, C. T. Taylor, Block 96, two wells pumping.

Clover Leaf Petroleum Company, C. T. Taylor, Block 97, one well pumping, one drilling.

Chesnut and Rowe, C. T. Taylor, Block 97, six wells pumping.

Delta Oil Company, river bed, one well shut down on sand.

Franklin Drilling Company, C. T. Taylor, Block 98, two wells pumping.

Ken-Tex Oil Company, Lillis Morgan, four producing wells, one salt water well.

Bark Wagoner Oil Company, C. T. Taylor, Block 96, six wells pumping.

Great States Oil Company, C. T. Taylor, Block 98, one well, building in.

Harrison and Dale, C. T. Taylor, Block 97, one well pumping, one well junked.

H. O. Harvey, C. T. Taylor, Block 96, five wells pumping, one well on sand.

Hill and Roberts, Roberts 320, (lease A) one well pumping.

International Petroleum Company, C. T. Taylor, Block 96, one abandoned hole.

Jefferson Oil Company, C. T. Taylor, Block 98, dry hole.

Kimmell and Dillard, C. T. Taylor, Block 97, not producing at this time.

Ken-Tex Oil Company, Lillis Morgan, four producing wells, one salt water well.

Lambert and Volting, Lillis Morgan, one pumping well, one junked hole, on temporarily abandoned.

Lone Star Realty Company, C. R. Taylor, Block 96, two wells pumping.

Lone Star Oil and Refining Company, C. T. Taylor, Block 96, three pumping wells.

Lone Star Oil and Refining Company, Sparks lease, river bed, two swabbing wells, one drilling well, one drilling.

Lone Star Oil and Refining Company, Evans tract, Block 318, one producing well.

Mo-Tex Oil Company, Evans, Block 318, one producing well, five drilling.

McMahon Oil Company, Sparks Lease, river bed, four drilling wells, one derrick.

Buckeye Petroleum Company (Marigold) Sparks survey, river bed, one well swabbing, three drilling.

McAfee Oil Company, C. T. Taylor, Block 96, one dry hole.

Minnis and Snowden, C. T. Taylor, Block 98, four wells pumping.

McClintock Oil Company (Double F) C. T. Taylor, Block 96, one well pumping.

Middle States Oil Corporation, C. T. Taylor, Block 98, two wells pumping.

Magna Oil and Refining Company, Lillis

Morgan, four producing wells, one on sand. Magna Oil and Refining Company, C. T. Taylor, Block 98, two producing wells.

Middle States Oil Corporation, C. T. Taylor, Block 96, two producing wells.

Magna Oil and Refining Company, C. T. Taylor, Block 97, three wells pumping (one well rigging rotary).

Mid-Co Oil Company, C. T. Taylor, Block 97, two wells producing.

New Pool Oil Company, No. 1, Lillis Morgan, two wells producing.

National Petroleum Company, C. T. Taylor, Block 98, one well drilling.

National Petroleum Company, C. T. Taylor, Block 97, two wells pumping.

Nebraska Oil Company, C. T. Taylor, Block 96, one producing well, one drilling.

Oklahoma Producing and Refining Company, C. T. Taylor, Block 97, five wells producing.

Oklahoma Producing and Refining Company, C. T. Taylor, Block 96, four wells producing.

Oklahoma Producing and Refining Company, C. T. Taylor, Block 96, fourteen producing wells.

John Onell, C. T. Taylor, Block 97, one well producing, one fishing job.

Palhandle Oil and Refining Company, J. B. Evans, five wells producing.

W. M. Fridley, J. B. Evans, six producing wells.

Production Oil Company, Durfee, two wells drilling.

Perkins and Griesham, C. T. Taylor, Block 97, two wells producing.

Ranger Burk Oil Company, J. B. Evans, two wells producing.

Republic Oil and Refining Company, L. Morgan, Meadows survey, one producing well.

Ryan and Hutchinson, C. T. Taylor, Block 96, one producing well.

Sinclair Oil and Gas, Lillis Morgan, Meadows survey, seven wells producing.

Southern Production Company, C. T. Taylor, Block 96, one non-producing well, one on sand.

Southern Oil and Drilling Syndicate, Sparks, river bed, one producing well.

Silver Moon Oil Company, Sparks, river bed, one well drilling.

Supreme Oil Company, Schnakenberg, Block 318, one producing well.

S. B. S. Oil Company, C. T. Taylor, Block 96, one dry hole.

Texas Consolidated Oil Company, C. T. Taylor, Block 96, three producing wells.

Texas Warden Oil Company, J. B. Evans, one producing well.

Baseball and
TrapshootingANOTHER BIG LEAGUE
RECORD IS BROKEN
BY BROOKLYN OUTFITDefeated yesterday 2 to 1 After
Batting Nineteen In-
nings With Braves

BOSTON, May 3.—Boston and Brooklyn went into the 19th inning before Sullivan scored the winning run which gave Boston a 2 to 1 victory. Fillingim and Smith pitched all the way and honors were practically even until Smith weakened in the 19th. Today's game, following the 28th in the series between Brooklyn and Boston on Saturday and Brooklyn's 13th game with Philadelphia yesterday, gave Brooklyn the new major league record of 33 innings pitched by Pittsburgh and Brooklyn in 1917.

Score:
Brooklyn 000 010 000 000
Boston 000 001 000 000
Smith and Miller; Fillingim and O'Neill.

PHILADELPHIA BEATS GIANTS 9
TO 6 FOR FIFTH STRAIGHT

PHILADELPHIA, May 3.—Philadelphia pounded New York 9 to 6 today, winning easily from New York the third straight game of the series and the local fifth straight victory.

Score:
New York 000 010 000 000
Philadelphia 000 000 000 000
Nehf and E. Smith; Meadows and Truesdale.

CUBS TAKE TWO FROM REDS BY
SCORE OF 2 TO 1 AND 5 TO 0

CINCINNATI, May 3.—Chicago today won both games of first doubleheader of the season here today from Cincinnati. Score:
First game:
Cincinnati 000 010 100 2 6 1
Chicago 010 000 000 1 8 1
Vaughn and Kilfinger; Eller, Luque and Rariden.
Second game:
Chicago 000 004 010 5 6 0
Cincinnati 000 000 000 0 6 5
Alexander and Kilfinger; Fisher and Wingo.

Major League Bits

Yesterday's heroes: The Tigers. They won a game and beat the Cleveland Indians as an added feature. Score 5 to 1.

The Phils picked Nehf for 21 hits and went into first place by beating the Giants 5 to 6.

Grover Alexander and Vaughn each took a fling at the Reds and pitched them out of the lead. Vaughn did it 2 to 1, and Alexander repeated 5 to 0.

Babe Ruth struck out twice and hit one fly which didn't hurt the Red Sox a bit and the Yankees lost 3 to 1.

Claude Williams won his fifth straight game for the White Sox and beat the Browns 7 to 0.

Washington mailed three Athletics pitchers and the Mackmen lost 11 to 6.

Dr. Garrison, Mackey and Wells have moved their offices from First National Bank building to New Commerce building, rooms 706-708-710.

J. PLOVUS BREAKS
UP SPUDDER CONTEST
IN FOURTH FRAMEDallas Leading 1 to 0 When
Rain Spoils a Promising
Looking Game

Rain broke up the Spudders' game with the Marines in Dallas yesterday in the middle of the fourth inning with the Marines leading 1 to 0. Buck Weaver was working for the Spudders and was going along in great shape when J. Plovus won out.

Falk, the Marine right fielder, made one of the most sensational catches ever seen here when he climbed a telephone pole in the first inning and speared Josselyn's clot that was let for the current play. Brownlow's error was responsible for the Marine's lone tally.

Big Ed Appleton is due to work for the Spudders today.

GALVESTON TAKES SLOW
GAME FROM SAN ANTONIO
BY SCORE OF 7 TO 6

SAN ANTONIO, May 3.—Galveston won a long drawn game here today, 7 to 6. Barfoot was driven to shelter in the first inning when Hunter Hill was ejected from the bench by Umpire Hoyt. The game was played out under protest by the visitors. An alleged catch by McDonald in left on a drive hit by Gross was not allowed. Gross was ejected from the game. Gaudger and Gaudger, who relieved him, dished good ball. Cerniglia worked the last frame after Kinsley was passed with none out. Score:

MANY PROMINENT MARKSMEN
TO COMPETE IN BIG STATE
SHOOT HERE MAY 17 TO 20

Among those who have already signified their intentions of competing in the big state shoot to be held at the Athletic Park under the auspices of the Wichita Gun Club May 17 to 20 are Nick Arle, present Texas champion and American champion at the double targets; Woolfolk Henderson, Kentucky; Kingston, Mark to of Illinois and Homer Clark, a professional representing the Western Cartridge Company.

J. L. Nash, secretary of the Wichita Gun Club, expects to hear from several others in the near future, and stated today that the greatest galaxy of marksmen that ever assembled in Texas at one time will be on hand the opening day.

Local shooters were getting in trim at the range today and give promise of making some of the national figures humble for honors.

JACK REEVES STOPS KROHN
IN SHORT BUT FAST SCRAP

TULSA, May 3.—Jack Reeves, San Francisco, had hitting middleweight, stopped Harry Krohn, Akron, O., in the third round of a scheduled 15-round go here last night.

The Akron fighter was shaded in the first round, and decidedly beaten in the second and third rounds, refusing to take on the hard hitting Reeves for any further punishment.

Krohn injured his arm in the third round, according to Dr. Spitz, club physician, but there was no doubt that Reeves was not superior.

YOUNG FITZSIMMONS HAS CLEAN
WIN OVER JACK DILLON IN 10
ROUND MATCH AT CAMEL A. C.

Jack Dillon showed last night in his 10-round bout at the Camel A. C. that he has nothing left but a reputation. Young Fitzsimmons, the Oklahoma City battler, hammered Jack almost at will and though he landed far more blows than his opponent, they had no visible effect on Dillon's sturdy frame.

Dillon's greater weight and his uncanny ability to absorb punishment was all that saved him from a terrific beating. He held at least 10 rounds on Fitz. In the final frames Dillon uncorked several haymakers that might have put Fitz to sleep, had they landed, but the latter was too nimble and avoided his swings with ease.

The exhibition was a clean affair throughout but was much tamer than the bouts staged in the club's former quarters. This was true of the prelims as well as the main go. There was very little excitement manifested in any bout and the customary yelling was conspicuous by its absence.

Both Dillon and Fitz opened up cautiously with Fitz jabbing lightly. Fitz started the second with a trifle more speed and had Dillon's mouth looking bad at the end of the round. Several blows were swapped but Fitz had the better of the argument. The third and fourth brought no decisive change and Fitz was still pecking away at Dillon's face. Dillon seemed anxious to clinch often and beat a tattoo around Fitz's stomach, but most of his blows landed on the latter's gloves.

The highlight of the night was the preliminary between Bill Brewer and Emerson Williams, two dusky exponents of the flistic art. They may not have been skilled boxers, but they stood in the ring and scrapped. Williams had a shade on Brewer, but the latter made a whirlwind finish and had the bout gone over six rounds story.

For once the will take its time. The time stage co. of the noted owner, truck and in the day amid mu will be used in shows on t where a speed the history o which many government's All stock t Up arrived f have already over there w to those wh the stock in condition, and all that any had to be ab fine.

QUANAH
STAGE
BE

A few mor the grounds a ness for the b he staged at Friday, and are arriving arrivals are Stroud, Hugh Byers, Ed M. Tomlin, Doug others who u of the cowboy Louise Har arrive a ch Miles City, M ater riding c the fact that the Round-U ever used in the little girl the reputation greatest cowg United States w: the

QUANAH PARKER. STAGE COACH WILL BE AT ROUND-UP

A few more finishing touches to the grounds and all will be in readiness for the big Round-Up which will be staged at the ball park Thursday, Friday and Saturday. Contestants are arriving on every train, the latest arrivals are Leonard Stroud, Mayne Stroud, Hugh Strickland, Chester Byers, Ed McCarty, Curley Griffith, Tommy Douglas, John Harris and others who are considered the best of the cowboy profession.

Louise Hartwig, one of the latest arrivals, a chic strip of a girl from Miles City, Mont., will enter the wild steer riding contest. Notwithstanding the fact that the steers to be used in the Round-Up are the most vicious ever used in a contest of this kind the little girl from Montana who has the reputation of being one of the greatest cowgirl steer riders in the United States, will take her chances with the longhorns.

Uncle Hiram Birdseed, a quaint and unique character, one of the advance vanguards of the Round-Up visitors created much amusement on the streets yesterday with his rig and quainter wife who has a tendency for sobbing in public. Uncle Hiram claims to have a bad bucking horse which he wants to try out at the Round-Up. Anyway Uncle Hiram will be one of the chief figures at the big show and he always has something to say about everything that takes place, and being somewhat deaf himself labors under the impression that every one else is hard of hearing and talks very loud.

For once the old style stage coach will take its place in a class above the auto. The Quanah Parker old time stage coach which has not been out of the shed since the death of its noted owner, was loaded on an auto truck and will arrive in the city today amid much pomp. This coach will be used in the parade and will be shown on the "Round-Up" grounds where a special lecturer will explain the history of the famous old coach which many times has carried the government's much trusted agents. All stock to be used in the Round-Up arrived from the Burnett ranch this morning and as the cowboys who have already arrived looked at them over there was much speculation as to those who would be able to handle the stock in their present excellent condition, and it was the opinion of all that any but the greatest experts would be able to qualify for the final.

Col. Zack Mulhall of Mulhall, Okla., father of Mrs. Lucile Mulhall Burnett, champion lady roper, has arrived in the city and will have charge of the

Indians. The colonel is known to the Indians as "Much Noise," on account of his occasional songs and loud voice but he says the Red Man and will bring his band of warriors who are now camped on the Burnett ranch to the city tomorrow.

GRIFFIN VS. GOODMAN WILL BE MAIN ATTRACTION AT CAMEL A. C. NEXT MONDAY

Dick Griffin, Fort Worth bantam weight, will meet Clarence Goodman of Ohio in the main bout at the Camel A. C. next Monday night.

Manager Edwards is arranging a preliminary card that will equal any seen at the club this year.

BROOKLYN TEAM GETS MUCH NEEDED REST IN BOSTON

The Brooklyn Dodgers should not be a bit mad today. The game scheduled with the Braves in Boston was postponed on account of rain. If any club deserves a rest it is Brooklyn. Their last three games have taken 58 innings instead of the customary 27.

Black Spudettes Drop One. The Black Spudettes from Dallas turned the tables on the Black Spudettes at Athletic park yesterday and handed them a 5 to 4 defeat. The local outfit remains at the top of the heap, however.

TEXAS UNIVERSITY LOSES TO A. AND M. IN BOXING AND WRESTLING MATCH

COLLEGE STATION, TEX., May 4.—A. and M. college defeated Texas university in the inter-collegiate wrestling and boxing meet here last night by taking 11 of the 14 points. The Aggies won all the boxing bouts except one and lost but one wrestling match. The meet was staged under American Athletic union rules and was said to have been the first inter-collegiate competition of the kind ever staged in Texas.

WILL GATHER DATA TO MEET EXPRESS CHARGE COMPLAINT

AUSTIN, May 4.—For the purpose of preparing data for presentation at the hearing of the interstate commerce commission on the application of the express companies for a 25 per cent increase in rates in zone three, Charles E. Gilmore, member of the Texas railroad commission, left today for Chicago, where he will confer with commissioners from Iowa, Nebraska, Minnesota and Missouri, on May 6. The interstate commerce commission will hold a hearing before one of its members on this subject in Texas at Houston on June 1.

Sport Comment

By
Paul W. Larkin

Don Flynn's actions in the Spudder-Marine game Sunday will not tend to make him the most popular player around the circuit. When a man starts to go wrong and then shifts the blame on the man with the indicator, he belittles himself in the eyes of every one. It's small time stuff. An "ump" is not infallible, but he's right more than the player. Flynn worked himself up to such a state that he could not stop an amateur outfit. When going right, he'll travel with the best of them, but he's got to realize that self-control is one of a hurler's greatest assets.

See where "Babe" Ruth has started busting 'em again. The \$130,000 bounty got away to a poor start and the Yankees suffered accordingly. His two circuit clouts in as many days in the recent Red Sox series should give the New York fans new hope and if "Babe" keeps going, Miller Huggins and the two Colonels will consider their money well spent. Just watch the gate receipts swell now wherever the home-run king appears.

"Jawny" Evers, one of the scrappiest players who ever donned a big league uniform, is at last in a position to express his sentiments so that more than an umpire and a few nearby ball players can hear him. "Jawny" is now a scribe on the Albany (N. Y.) Knickerbocker Express. Umpires beware!

It was announced at the Camel A. C. last night that Luke Craft of San Antonio would stack up against Sid Martin at the Camel smoker in the club rooms Saturday night. If Craft has all the goods he is said to possess, Martin

better keep the strike going so that he will be able to finish hard. He'll need all he can get.

Manager Al Edwards of the Camel Athletic club has a fine location for staging his bouts now. The new quarters on Tenth street are as cool as any place in town. He is now planning to install seven tiers of elevated seats, which will be a notable improvement. His bouts went off without a hitch last night and the clean way they were handled helped a lot.

Al Venn, better known as the "bull frog referee" made a big hit with the fans last night. His ability to keep down, giving the spectators a clear view of every blow is a style that more third men in the ring would do well to adopt.

Rain gave the Spudder a much-needed rest in Dallas. The boys have been going at top speed of late and they were not much disappointed when the game was called. A spring shower in a victory today if he works and he is the logical man to leave them over the platter.

This new Vernon league will make the rivalry between the neighboring oil towns keener than ever. There are many college stars now working around the derricks and many will bear watching. Electra has a gem in young Brady, a former Fordham university star. He was a teammate of Frank Frisch, who made the big league fans sit up and take notice until he was forced out of the game by appendicitis.

TEXAS NURSES HOLDING CONVENTION IN AUSTIN. AUSTIN, May 4.—The Texas nurses association began a three-day convention here today with over fifty delegates present. Meetings are being held in the Elmer Club. The delegates were welcomed to Austin by Mayor Yett. A number of interesting papers are to be read during the three-day convention.

PRODUCTION WANTED

"As a cook, I'm a fine bricklayer"

"SURE THING," I said.
"YOU STAY in bed."
AND I'll cook breakfast.
SO MY wife agreed.
SHE'D TRY it once.
AND THE fruit was fine,
AND THE coffee—well,
SPEAKING ROUGHLY, it was fine.
BUT WHEN I tackled
SOUP MILK griddle-cakes,
SOMETHING WENT wrong.
THEY LOOKED easy,
FLOUR, SODA, and salt,
SOUP MILK, one egg.
MIX, DROP, cook, sog.
BUT SOMETHING went wrong,
SO I stacked the cakes,
UNDER MY window,
TO MASSACRE.
THAT TENOR cat next door,
AND I asked my wife,
WHY CAKES go wrong.
SHE SAID, "It's like
THE CIGARETTES you smoke,
JUST THINK it over."
AND FIRST I said,
"THEY SATISFY."
BUT SAW that wasn't it.
THE NEXT guess landed.
"THE BLEND can't be copied."
AND I gotta admit,
THERE'S SOMETHING in
THIS TALK of knowin' how.

"KNOWING HOW" is everything in blending cigarette tobacco. The Chesterfield recipe calls for the choicest Turkish and Domestic tobaccos, expertly blended in the exclusive, can't-be-copied way—our own secret. We do "know how"—and that's why Chesterfields "satisfy."

They Satisfy
Chesterfield
CIGARETTES
Lightly and smoothly

HIGH PRICES REACH PEAK IN DRYGOODS; BOYCOTT PLANNED BY MERCHANTS

DALLAS, May 4.—Dry goods prices are at the peak, or if they are not, southern jobbers will boycott the market, according to the declaration of the Southern Wholesale Dry Goods Association meeting here today.

Jobbers have prevented prices going lower than they are now, asserted Norman H. Johnson, secretary of the association. "It remains to be seen whether they will operate at higher prices. They believe they have reached their peak and that there is no justification for further increase."

The 200 jobbers here for the meeting represent more than one billion dollars buying power. "The tremendous increase in the volume of business of southern jobbers is the best indication of the fact they have supplied merchandise at the lowest possible prices," Johnson declared.

HOOVER AND JOHNSON TEST MADE TODAY IN CALIFORNIA

SAN FRANCISCO, May 4.—Senator Hiram Johnson and Herbert Hoover test their pre-convention strength today in bidding for the favorite son endorsement for the republican presidential nomination in the state primary.

Both candidate's headquarters here today admitted defeat in securing the backing of the home state would be serious handicap to presidential nomination in the Chicago convention. Hoover and Johnson closed strenuous campaigns last night. The campaigns have been conducted by charges and counter-charges from the rival camps.

NEW ROUTE CHOSEN FOR SHIP BY TRUCK TOUR THIS MONTH

Mapping out of a new course for the Wichita Falls "Ship by Truck and Good Roads" trip, to start May 17, was effected at the meeting of truck dealers, held Monday night at the Motor Sales Company. The course was changed because of bad roads encountered by the logging committee in its trip last week. The course decided upon is as follows: Wichita Falls, Archer City, Olney, Newcastle, Throckmorton, Haskell, Munday, Seymour and back to Wichita Falls. The trip starts May 17, and concludes May 21.

The next meeting will be held Thursday, May 6, at the Nash sales rooms, and all truck dealers are urged to be present. It is necessary to have a committee of five, to be chosen at the end of the week. It is stated, so that the committee may have ample time for final arrangements. All dealers participating are requested to hand the entry fees to Mr. Omohundro, as soon as possible.

At the conclusion of the business meeting Monday night, Mr. Omohundro gave a pleasant surprise, refreshments of ice cream and water, and cigars, and a delightful social half hour was enjoyed.

NARCOTIC PEDDLERS OPERATE IN NORTH PART OF COUNTY

That a gang of narcotic peddlers are operating in the northern part of Wichita county and furnishing scores of unfortunate "white slaves" is the conclusion reached by a long series of investigations carried out by government agents here working under the supervision of Harry Bishop, special agent of the department of justice.

Underworld girls, many of them victims of the nefarious "white slave" trade, have been lured to the "rag towns" of the Texas oil fields and there acquire the drug habit by methods known only to the traffickers in narcotics. It is said that young girls were induced to form the drug habit by peddlers who freely give their drugs away until the habit has seized its victim, and then the traffickers charge exorbitant prices for his wares.

Deputy Sheriff A. A. Willey, working under the direction of Sheriff McFall, has been working in connection with federal agents and wholesale disclosures of illicit drug sales and smuggling was the result of the investigations. Fifteen complaints alleging violations of the Harrison anti-narcotic law have been filed by United States Commissioner J. A. Lantz and several arrests have been made.

UNITED STATES TO RECEIVE TWO MORE GERMAN SHIPS

LONDON, May 4.—Six former German warships, the Baden, Helgoland, Poseidon, Rheinland, Westfalen and Nassau, and 124 submarines have been allocated to Great Britain, according to an announcement in the house of commons. The United States will get the Odenburg, Nassau and Augsburg, and Italy will receive seven submarines.

Allocation of the remaining 12 light cruisers, 59 destroyers and 50 torpedo boats, the commissioners were informed, depends upon the selections made by France and Italy from the ships to be surrendered under the Austrian treaty.

CAKE AND BREAD CAUSE UNREST SAYS LABOR MAN

WASHINGTON, May 4.—Too many people eating cake and bread will find it impossible to get enough bread is the underlying cause of unrest in the country, E. F. Grable, president of the United Brotherhood of Maintenance of Way Employers and Railway Shop Laborers, declared today before the railroad labor board.

Arguing for a minimum wage increase of 7 cents an hour over the present maximum rate of 53 cents, Mr. Grable declared that the majority of the men in his organization were working for less than "starvation wages."

"People who can't get bread don't like to be told to eat cake," he said, "and they don't like it any better in democratic America than they like it in monarchial France."

FEDERAL SUGAR INQUIRY TO CONTINUE ALL WEEK

KANSAS CITY, May 4.—Federal probe of irregularities and high prices of sugar among wholesalers and brokers was to be continued here all this week, according to United States District Attorney Wilson here today.

Federal authorities have invited two Kansas City firms to appear before the district attorney and defend themselves against apparent violations of the Lever act, it was stated.

REALM OF RHODAMANTHUS OF TEXAS YEOMEN WILL HOLD ANNUAL MEET WEDNESDAY

Texas Yeomen will gather in Wichita Falls Wednesday for the annual session of the Realm of Rhodamantus, the pinnacle of Yeomanry, when 70 initiates will take this degree. The meeting opens Wednesday night, with a session at the Yeoman Hall, on Scott avenue, when the local ladies' league team will put on work, and the formal presentation of the banner for membership records to the Wichita Falls lodge will take place. There will be a large number of out-of-town visitors outside the initiates to attend, and the Wichita Falls Yeomen have planned a royal entertainment for the visitors.

W. W. Bryant, of Kansas City, special legislator for the national organization, with Mrs. Bryant will be the guest of Wichita Falls for this occasion. Other high officers who will be present are: W. I. Shirley of Muskogee, chairman of the board of directors for the national organization and A. M. Duke Jr. of Dallas, state manager.

The Thursday program calls for an automobile ride over the city in the morning, and a parade of the business district to start at 1:00 o'clock. The concluding feature is a banquet to be served at the First Methodist church, corner of Seventh and Lamar. The social features will be supervised in between the work. The Realm of Rhodamantus degree will be administered by the following team: Rhodamantus, W. F. Wallace, city; Momo, Paul Humphrey, Dallas; Eacus, A. P. Green, Haskell; Pluto, Mike Dressler, Dallas; Veni, Mrs. E. I. Richardson, city; Vidi, Mrs. Nellie Dalton, Dallas; Vic, Mrs. R. H. Ramsey, city; Medea, Mrs. Georgia Thornton, Waco; Vulcan, T. B. Vernon, Fort Worth; Cyclop, W. W. Bessell, Houston; Cereus, F. M. McDonald, McKinney; Charon, Pierce Cottle, Hillsboro; Malebo, J. O. Hughes, Tyler.

All members of the Wichita Falls Brotherhood of American Yeomen are expected to be in attendance at the meetings. Arrangements have been made for a closing dance, to follow the banquet, and to be held at the Hack Academy, Thursday night.

RESETTING PACKER IN BOGER-ARD-MER TEST

After making a short flow of oil on being opened up late Monday night, the packer was reset by the test of the Boger-Ard-Mer test in the northwest corner of block 41 and a mile south of the Hack Academy. The packer was reset by the test of the Boger-Ard-Mer test in the northwest corner of block 41 and a mile south of the Hack Academy.

Two of Morgan's "problems" are charged with the theft of a horse and saddle; another is charged with implication in the theft of an automobile, while the remaining freckle-faced "problems" are implicated in similar escapades.

Morgan, however, is proving to be a tireless worker and although he sees much of the dark side of boyhood still contends that there is at least a "little good in the world of us."

EVICION SUITS AGAINST 2000 TENANTS STARTED

CHICAGO, May 4.—Deputy bailiffs of the municipal court were prepared today to begin the eviction of tenants who had "struck" against rent increases and refused to move.

More than 2,000 eviction suits had been filed by landlords.

RAISE RATE OF INTEREST ON COUNTY ROAD BONDS

The rate of interest on Wichita county's road bonds, totalling \$1,500,000 was raised Monday from 5 per cent to 5 1/2 per cent by vote of the county commissioners. This means that the county will pay \$45,000 more interest during the 30-year period of the road bonds than would have been paid at the former rate.

ENGINE AND SHED BURNED AT BURKBURNETT TUESDAY

BURKBURNETT, May 4.—Fire destroyed a gas engine, shed and tools on block 14, in northeastern part of Burk Burnett early Tuesday morning. The loss is about \$4,000. The origin of the fire is unknown.

C. GOODFELLOW CASE GOES BEFORE JURY NEXT WEEK

The case of Clarence Goodfellow, charged with carrying a pistol, set for Tuesday afternoon, was continued to the absence of the defendant. The case will be tried before a jury next week, it is announced.

Suits Filed in 30th District Court. The following suits have been filed in the 30th district court:

John Moore et al vs. H. C. Schmeier et al, suit to try title.

H. E. Calontager vs. J. C. Wharton, et al, damages.

Booth and Lewis vs. T. T. Chisum, foreclosure.

New Suits Filed. New suits filed in the 78th district court Tuesday were: Power Oil and Refining Company vs. Red Burk Oil Company, injunction. Sadie Cooper vs. Sol Cooperstein, divorce.

Dr. A. W. West, representative of the board of health in Wichita county has returned after an extended visit with relatives in Louisiana and Mississippi.

John Davenport, county attorney, is visiting in Mineral Wells and Weatherford.

JOINT SURVEY BEING MADE TO DETERMINE PROPERTY INVOLVED

A joint survey, participated in by representatives of the State of Texas, State of Oklahoma and the federal government, is now in progress to establish definitely the property which is included in the reversionary order of the supreme court. It was announced Monday afternoon at the office of Frederic A. Delano, federal receiver for the river bed property, that the survey will be made by the property owners, who have been called at practically every home and place of business in the city and those who have been missed will call at the office of the receiver, once, or your property will be placed on the unknown roll.

Notice to Property Owners. Those who have property within the city limits or the Wichita Falls Independent school district, who have not made rendition of same will have a few days yet in which to render. We have called at practically every home and place of business in the city and those who have been missed will call at the office of the receiver, once, or your property will be placed on the unknown roll.

Oriental Rug Sale. Will last until Wednesday only. You should not fail to see this wonderful exhibit. 339-11c.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, May 4.—Lower Liverpool cotton, unfavorable news from New England and reports of a continued falling off in demand for goods were followed by declines in the cotton market early today. The opening was barely steady at a low of 15 to 21 points and active positions soon sold 25 to 37 points net lower with July touching 37.85 and October 35.60. Liverpool was a seller here and there was scattered local selling, but early advices were not entirely satisfactory as rains were reported in parts of Alabama and Louisiana. This brought in some covering and there were rallies of several points later, although the tone of the market was unsettled.

The market was firmer during the middle of the afternoon owing to the favorable detailed weather reports for the day than expected, the stronger tone of the stock market, Wall Street buying and covering. July sold up to 38.32 and October to 35.92, or 12 to 22 points net higher.

A private report indicated an increase of 2.5 per cent in acreage of 3.5 per cent in the use of fertilizer and a more bullish impression on sentiment than otherwise and after the early break of 25 to 37 points, prices stabilized on covering. This was stimulated to some extent by the eastern belt forecast for showers in some sections. July sold up to 38.32 and October to 35.92, but trading was quiet late in the morning and fluctuations narrow with active months ruling about 5 to 17 points net lower.

The market closed steady.

New Orleans Cotton

NEW ORLEANS, May 4.—Much lower cotton than due, the plus correction of 75,000 bales in the Liverpool stock and private reports of good rains in Texas caused moderately heavy selling of cotton today under which prices broke in the first hour of trading 22 to 34 points. July fell off to 37.85 and October to 35.60, but trading was quiet late in the morning and fluctuations narrow with active months ruling about 5 to 17 points net lower.

The cotton market closed steady 10 points up to 13 down, net.

Liverpool Cotton

LIVERPOOL, May 4.—Cotton spot inactive; prices quiet. Good middling 28.60; fully middling 27.07; middling 25.80; low middling 22.50; good ordinary 19.30; ordinary 16.30.

Sales 2,000 bales, including 1,000 American; receipts 24,000 bales, including 200 American. Futures closed quiet.

20.13; July 24.05; October 24.00; December 23.40; January 23.30; March 22.95.

Spot Cotton

DALLAS, May 4.—Spot cotton steady; middling 40.50.

HOUSTON, May 4.—Spot cotton steady; middling 41.25.

SAN ANTONIO, May 4.—Spot cotton steady; middling 42.00.

NEW YORK STOCKS.

NEW YORK, May 4.—Advances of 1 to 3 points were made by leading shares at the opening of today's stock market, although overnight advices bearing upon industrial conditions were not calculated to inspire bullish confidence. The same issues that featured yesterday's rally were again conspicuous, notably Republic and Vanadium. Steel, Central Leather, U. S. Copper, Industrial Alcohol, Reading and the sugars. Railroad Locomotive and the oils were under moderate pressure, the Mexican situation inviting further selling of the latter group. Foreign exchange was firm in the preliminary quotation.

Under the impulse of a 6 per cent call money rate, speculative stock recorded higher prices later but shaded toward the end of trading for profits. The closing was irregular.

General Motors and Crucible Steel were objects of bearish activity at midday, falling back 4 to 5 points respectively. Other leaders were carried down 1 to 2 points.

GRAIN AND PRODUCE

CHICAGO, May 4.—Decided fresh advances took today in the prices of corn. Scarcity of offerings rather than urgency of buying characterized the trade. Opening prices, which ranged from 4 1/2 to 5 1/2 cents, advanced with July 5 1/2 to 5 1/2, and September 5 1/2 to 5 1/2, were followed by quick gains all around.

Wild bidding for May oats at Winnipeg helped to lift the market here. After opening 4 1/2 to 4 3/4 higher, including July at 5 1/2 to 5 1/2, the market continued to advance.

Weakness of hog values had only a transient depressing effect on provisions. Later the market temporarily reacted a little owing to reports that a Japanese financial situation continued much strained. The close was nervous, 1 to 2 1/2 net higher with July 15.00 to 15.10 and September 15.00 to 15.10.

COUNTY CLINIC TO BE OPENED AT COURT HOUSE SOON

A county clinic is to be opened shortly in the basement of the court house, Dr. A. W. West, full time health officer, announced Tuesday. The clinic will occupy the quarters now used by Dr. West and his staff, who are moving to new quarters in the Bob Waggoner building. Miss Mary Quinn, public health nurse, will assist in operating the clinic. Much of the sanitary work recently carried on within the city limits was supervised by J. A. Little, sanitary engineer. Little served with the sanitary corps of the 18th Division at Camp Travis coming here shortly after the demobilization of that unit.

MORE BLOCK PARTIES ARE SCHEDULED TONIGHT

Three more blocks in Southland addition are scheduled to form organizations at block parties set for tonight. Those scheduled are: Mr. and Mrs. John C. Tancered, 1717 Elizabeth, for block bounded by Brook, Baylor, Elizabeth and Lucile. Mr. and Mrs. R. E. Shepherd, 1721 Huff, for block bounded by Baylor, Brook, Huff and Elizabeth. Mr. and Mrs. John Gould, 1815 Elizabeth, for block bounded by Baylor, Duval, Elizabeth and Lucile. A number of meetings are also scheduled for tonight in blocks where organizations have already been formed. These are: Mr. and Mrs. Harrison E. Bachman, 2904 Tenth, for 2900 block between Ninth and Tenth. Mr. and Mrs. A. E. Myers, 2905 Tenth, for 2900 block between Ninth and Tenth. Mr. and Mrs. J. T. Shaver, 2108 Ninth, for 2100 block between Eighth and Ninth. Mr. and Mrs. Merle Waggoner, 1925 Ninth, for 1900 block between Ninth and Tenth. Mr. and Mrs. C. D. Shambarger, 2801 Ninth, for 2800 block between Ninth and Tenth. One block meeting in District "G" was held Monday night at the home of Mr. and Mrs. J. T. Cumley, 1305 Monroe. Musical numbers by Mrs. Lee Clark were a pleasant feature of the program. J. G. Dixon was elected block chairman. J. T. Cumley, vice chairman, and Mrs. David Hinshaw, secretary. Those present were Messrs. and Mesdames J. T. Cumley, David Hinshaw, J. G. Dixon, J. E. Miller, Mesdames E. F. Calvert, H. S. Crawford, E. L. Thompson. The first steps for organizing District "C" will be taken at a meeting Thursday night at 8 o'clock at the home of Mr. and Mrs. Frank Kell, 900 Bluff, to be attended by representa-

SARSAPARILLA

"THE REMEDY SPRING MADE FAMOUS"
The first "Sarsaparilla Compound" gained renown 75 years ago and from that day to this this class of Spring medicine, tonic, blood purifier, skin clearer has

been a standard favorite remedy—better today than ever because a highly improved formula. Just ask for Pepsin Sarsaparilla and insist on taking it in preference to any other.

BODY OF LEON JOSEPH TAKEN TO FORT WORTH

Funeral services were held Monday in Fort Worth for Leon Joseph, who died Friday in Wichita Falls. Mr. Joseph, who moved to Wichita Falls about two years ago from Fort Worth, has been connected with the Wolfson Cigar company. He is survived by his widow and two children. His wife is a daughter of Mr. and Mrs. J. W. Tolowsky of this city.

MONEY APPROPRIATED FOR OFFICE FURNITURE

The county commissioners Monday appropriated \$4,000 for the purchase of office fixtures to be installed in the office of M. F. Yeager, deputy clerk of the county court. Mr. Yeager, who is a former judge of Wichita county, is the first deputy county clerk appointed in this county. His appointment was made sometime ago at the request of County Clerk Harris due to the fact that county court proceedings had grown so greatly in recent months that the services of a deputy clerk became a necessity. Deputy Clerk Yeager's office will be maintained in the county court room. The money appropriated yesterday by the county commissioners will be used for the purchase of book cases and filing cabinets for the classification of county court records.

TUESDAY PAY DAY FOR COUNTY EMPLOYEES

Tuesday was pay day for Wichita county and all county employees were given checks in payment for their month's service. Various expense bills accumulated during the past month were paid by County Treasurer McHam. Saturday was pay day for approximately 550 rural school teachers who came to the county superintendent's office and received their checks for the month of April.

Buy your coal early. Prompt delivery. Andrews Grain and Coal Co. Phone 1297.

\$61,000 PAID OUT BY COUNTY DURING APRIL

Expenses of Wichita county for the month of April totaled approximately \$61,000, according to figures compiled by County Treasurer T. W. McHam. Nineteen thousand dollars of this amount was paid on the principal of county bonds while \$27,000 was interest on the county sinking fund. Jurors serving in various courts of the county cost \$1,750.50, while county road and bridge upkeep cost \$560. The county general fund amounted to \$8,128. This sum includes various minor expenses of the county.

Raids conducted during the past three days by county and precinct officers have netted six arrests. It was announced at the court house Tuesday. At least 30 of those taken into custody were arrested at local hotels and were charged with vagrancy or gambling. New office buildings have been a pop-

ulated during the past week and a score or more persons arrested on charges of gambling. Workmen gather in vacant rooms of the office buildings after work hours and engage in games of chance, it is said. A gathering place for "craps" shooters recently, the sheriff's office announced. Three raids have been conducted.

Buy your coal early. Prompt delivery. Andrews Grain and Coal Co. Phone 1297.

It's the condition of the eyes not the age of the person which determines whether glasses are needed or not. Thousands of children wear glasses, because they need them. Thousands of other people don't wear them because they don't need them. Weak eyes should be assisted—made strong. Glasses will do it if they are the right kind.
