Downtown Project Given Biggest Push

Although the project still has some distance to go before it gets "off the ground," the City Council last night began revving up the engines on the downtwn improvement proposal.

The council authorized a formal survey, which will include preliminary plans from which supporters of the proposal hope to develop a definite program of action.

Giving the proposal its biggest push to date, the council authorized a contract with J. D. Hinton, local architect. Hinton will be in charge of developing the preliminary plans. Hinton told the council that Gene Schrickel and Associates of Arlington, landscape architects, would be his consultants on the project. A committee of councilmen, merchants, property owners and others interested in the project had interviewed architects at an informal meeting several days earlier.

Hinton's fee for the preliminary plans will be two per cent of the anticipated cost. If the project is carried through to actual completion, the overall fee for detailed working plans and supervision will be six per cent of the actual costs, including the two per cent figure for the preliminary plans.

It was the concensus of the council that the project could not advance beyond its present stage without some preliminary plans that would outline a tangible objective and cost estimates.

Hinton will work closely with members of the council, members of the Chamber of Commerce Trade Promotion Committee and other interested groups in developing the preliminary plans.

In other business Monday night, the City Council opened bids for the purchase of 4,000 feet of asbestos cement pipe and for a new fire truck, but no contracts were awarded immediately. Snyder Truck and Tractor Co., with a net proposal of $7,666.98, was the apparent low bidder for furnishing the truck and chassis for the new fire engine, while a bid of $7,648.40 by American Fire Apparatus Co. was the apparent low for the booster unit to go on the truck. The bids will be studied in detail and specifications will be reviewed before a contract is awarded.

Three of four bids for furnishing the asbestos cement pipe were identical, $1.15 per foot, while a fourth bid was $1.16 per foot, The council rejected all bids and the city manager was instructed to negotiate with hopes of receiving a better quotation.

R. J. Walker and Wilson Bright were re-appointed to the city's board of tax equalization and John Collins was named as a new member of the equalization board. Collins replaces Bob Melton who has served on the board three years and requested that he not be re-appointed.

Doug McGee, representing the Scurry County Boys' Club, appeared before the council and gave a brief report on plans for replacing the Boys' Club building which burned last December. He said that any help the city could give would be appreciated. The request was taken under advisement and Mayor M. L. Broman said it would be studied.

The council authorized city participation in construction of a low water crossing of a creek on Avenue Z a block north of Twenty-fifth Street. The project had been proposed by County Commissioner Bill Herring of Pct. 2. The city and county will share the cost, estimated at approximately $4,000.

A letter from the First Methodist Church, offering public parking on the church's lot south of the square in the event that the city could move some dirt there, was read. The church proposed to make the parking lot available for public use six days per week, Monday through Saturday. The council authorized a letter of agreement which will be presented to the church board.

The city manager was authorized to advertise for bids on cleaning, repairing and painting the 100,000-gallon elevated water storage tank at Fortieth and Midland Avenue.

Mice Swipe Bottom Plate

BOLTON, England (AP) — A 61-year-old man asked the Bolton Health Service Council today to replace his false teeth. He said mice ran off with his bottom dentures.

The man—his name was not announced—will get another set of bottoms free, the council decided, because he is poor.

"It must have fallen on the floor," the man told the council, "and as I have a lot of mice, they must be responsible for the disappearance.

"We took the story about the mice with a pinch of salt," Dr. Bernard Thornley, chairman of the Health Service Council. "But he deserves a bouquet for such a novel reason."

Murray Maskell, deputy clerk of the council, said the allowance was because of the man's financial position — not because of his explanation.

FOUR JETS LOST

US Intensifies Viet Air War

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — The American air war against North Viet Nam climbed to record intensity in the past 24 hours but also cost four U. S. jets and the crews of three of them. Pilots reported they knocked out a fuel dump and a missile site.

Air Force and Navy pilots flew several hundred sorties against targets in the Communist North, a pace-setting performance since the raids began 13 months ago, an American spokesman said. The total number of planes was not disclosed, but there were 53 missions, the spokesman said.

Direct hits on the Son La oil storage center 130 miles east of Hanoi rocked the area with explosions and sent up black clouds 4,000 feet, the spokesman said.

The U. S. pilots blasted their second missile site in four days, hitting one 22 miles west of Thanh Hoa and 80 miles south of Hanoi, he said.

With the skies clear, the Americans also attacked roads, railroad tracks, ferries and bridges on a wide front ranging from the 17th Parallel frontier to the coastal city of Vinh.

A highway bridge was claimed destroyed 20 miles north of the border.

One F105 Thunderchief jet was hit by ground fire 52 miles southeast of Vinh. The pilot bailed out and was rescued unharmed by a helicopter crew.

Another Air Force Thunderchief was shot down while attacking a suspected missile site. The aircraft disappeared during its first pass at the target, boiling down through heavy flak. A spokesman said it may have been hit by a missile. The pilot was presumed lost.

Two Air Force F101 reconnaissance planes also disappeared Monday on a mission northwest of Vinh. The fate of the planes was unknown and the pilots were listed as missing in action.

Drugs Taken Off Market

WASHINGTON (AP) — The Food and Drug Administration announced action today to remove from the market hundreds of antibiotic lozenges and other antibiotic preparations, on grounds they are not effective against sore throats as claimed in their labeling.

A spokesman said the action adds up to one of the most sweeping drug removal orders the agency has ever issued.

All antibiotic lozenges sold without prescription and promoted for treatment of sore throats and throat pains associated with coughs and colds are to be taken off the market.

Products estimated to number as many as 250, which are sold under some 500 trade names and made by more than 70 manufacturers, will be affected, the spokesman said.

Retail sales of the products are estimated to run about $25 million a year.

Brothers Stage Blazing Shootout

NEW IBERIA, La. (AP) — Two brothers stood off lawmakers for 90 minutes in a blazing gunbattle which left one of them and three sheriff's deputies wounded.

Sheriff Jerry Wattigny said more than 1,100 shots were fired during the shootout late Monday.

He said Andrew Romero, 65, and Andre Romero, 60, opened fire on deputies attempting to serve them with legal papers at their farm house outside New Iberia.

Wattigny said deputies Albie Viator, 48, and Charles Taylor, 30, drove to the Romero house to serve the brothers with a summons to appear in court on charges of damaging personal property.

When the deputies stepped out of their car, a shotgun blast from the house wounded both of them and shattered the cruiser's windshield. They radioed for help.

Wattigny led 15 deputies to the house with guns and tear gas. The brothers kept up a rapid fire, said the sheriff, and he and his men could get no closer than 75 yards for nearly an hour.

After Andre surrendered, the other brother resumed firing but deputies had gotten close enough to lob tear gas shells into the house.

Wattigny said his men used over 1,000 rounds of ammunition. He said the brothers fired a 100-bullet box of 22 caliber shells plus two boxes of shotgun shells containing 24 shells each.

Andrew was taken to a hospital. Deputies Viator and Taylor had buckshot wounds in the face and chest but they were not considered serious. Another deputy received superficial wounds.

Wattigny said each brother was held under a $35,000 bond on attempted murder charges.

WEATHER

SNYDER TEMPERATURES: High Monday, 58 degrees; low, 39 degrees; reading at 7 a.m. today, 50 degrees.

North Central Texas: Mostly cloudy tonight, a little warmer in east. Decreasing clouds and warmer Wednesday. Low tonight 44 to 54. High Wednesday 65 to 74.

Northeast Texas: Cloudy tonight, decreasing clouds Wednesday. A little warmer tonight and Wednesday. Low tonight 45 to 52. High Wednesday 62 to 69.

Northwest Texas: Clear to partly cloudy tonight and Wednesday. A little warmer in southeast Wednesday. Low tonight 32 in northwest to 45 in southeast. High Wednesday 67 to 74.

Coast: Mostly southeast winds 8 to 18 knots tonight and Wednesday.

Southwest Texas: Clear to partly cloudy tonight and Wednesday, a little warmer Wednesday. Low tonight 42 to 52. High Wednesday 63 to 74.

US Blocks DeGaulle's NATO Takeover Plans

TOP OFFICIALS IN TEACHERS ASSOCIATION — Barbara Bigham, speech therapist for Snyder Schools, and Ben Brock, High School Principal, newly elected officers of the West Texas Teachers Association, were busy this morning at the Snyder High School Career Conference. Mrs. Bigham was elected president of the District IV Teachers Association and Brock was elected treasurer at the district meeting in Midland. This morning Mrs. Bigham served as the resource consultant in the career conference section on social work.

HELPING STUDENTS DECIDE — The career conference at Snyder High School this morning was designed to help students in the upper three grades of the school system decide on professions and vocations. Many areas of interest were represented as local citizens joined with faculty members and other resource persons from out-of-town in the conference sessions. Joan Lyster of Dallas, Trans-Texas Airline Hostess, served as the resource person for the conference session on airline hostesses, while Harold Lacik, unit manager for R. E. Smith, operator of the Sharon Ridge oilfield repressuring unit, was a consultant in engineering.

AT CATTLE MEET

Connally Cites Industry Growth

FORT WORTH (AP) — Gov. John Connally said today political stability and a greater unity of purpose have been deciding factors in achieving progress and economic expansion in Texas.

"We will always have a few voices of discord and division," he told Texas and Southwestern Cattle Raisers Association.

"But the people of Texas are pulling together as never before to meet the responsibilities of our growing and changing state.

"This was clearly reflected in the last two sessions of the legislature, when we made our greatest advances in education, mental health, recreation and water conservation and the development of industry and tourism.

"It is reflected in the aggressive leadership both in the legislature and in the state agencies which administer these programs.

Connally said the $3.7 billion budget for the 1966-67 biennium represents the highest level of state services in history—with nearly half of it committed to education.

"This budget is nearly $600 million higher than in 1964-65, yet we are operating in the black and maintaining pay-as-you-go government despite the tremendous population pressures in education, health, welfare and other fields," he said.

Connally noted that since 1963, appropriations for colleges and universities have doubled and that faculty salaries have been raised 40 per cent.

State aid for the expanding junior cohege program also has doubled, he said, and public school teachers were given $100 million in pay raises last year.

East Texas Has Showers

By The Associated Press

Gentle spring showers spread across the eastern half of Texas and all sections of the state warmed a bit more today.

Skies cleared in the extreme west and clouds were expected to disappear in most other areas by Wednesday.

The mercury eased down to 31 degrees at Dalhart in the Panhandle. Early morning marks elsewhere generally held above freezing, ranging up to the 50s along the coast.

Light rain started during the night around Mineral Wells in the north, Walnut Springs in Central Texas and at scattered points farther south.

One area of weak showers gradually widened along and 100 miles or more east of a line linking Lake Texoma, the Fort Worth-Dallas vicinity, Tyler and Waco, moving slowly toward the northeast.

Farther south light rain also fell around College Station and Beaumont before daylight.

Asks Control Of Bases

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP) — President Johnson has told French President de Gaulle that De Gaulle's proposal for radical reorganization of the North Atlantic Treaty Organization military system strikes at the heart of the alliance and can have a profound effect on French-American relations.

The U.S. response, made Monday night a few hours after a letter from De Gaulle reached the White House, implied that the United States would remove its NATO-support military installations from France rather than hand them over to French command and control as De Gaulle reportedly wishes.

De Gaulle has been informed, however, that the United States will discuss with its allies this and all other NATO problems raised by De Gaulle. Thus the door has not been slammed on negotiations, according to information available here, provided the French want to negotiate.

In Paris, a Foreign Office spokesman said Johnson had replied to De Gaulle, but added that the response was only a provisional one not going into the substance of the dispute.

De Gaulle's deadline of 1969 for a French takeover coincides with the date when members may quit the NATO organization. The French president's letter was considered in Paris as the opening gambit in his diplomatic confrontation with the United States over NATO's future.

De Gaulle's letter, it was learned, raised primarily the question of making new arrangements concerning the status of foreign forces and installations in France. U.S. officials say there are about 30,000 American troops stationed there on about a dozen bases which mainly provide supply and backup facilities for NATO forces in West Germany.

On this point De Gaulle's essential demand was understood here to be that the French would take over control. On this point alone, if the French want a nominal command, the issue has been considered negotiable so far as the United States is concerned.

However, parallel with the letter to Johnson, Gaullist officials in Paris have been advising the U.S. and other members of the 15-nation Atlantic alliance that France intends to remove French forces from NATO command completely. That would mean a pull-out of two French divisions and a number of air squadrons in West Germany.

Manpower Plans To Be Expanded

WASHINGTON (AP) — President Johnson told Congress today the government's manpower programs will be expanded and improved in the year ahead with the dual aim of reducing unemployment and heading off shortages of workers in some areas.

He called the Manpower Development and Training Act of 1962 the nation's most important tool in dealing with both of those problems.

Johnson outlined in his annual manpower report various steps he has taken to deal with various problems.

Among other things, he said he has:

1. Directed the commissioner of labor statistics to include in the monthly employment reports the fullest possible information on existing or threatened labor shortage situations.

2. Establish an office of assistant secretary of labor for manpower who will serve as chairman of the President's Committee on Manpower.

3. Instructed the secretary of labor to focus Manpower Development and Training Act programs to meet prospective manpower shortage situations, especially through on-the-job training.

Johnson cited the 3.7 per cent unemployment rate as evidence that there is no overall shortage of workers but said this has brought new problems.

Unemployment Rate Down In February

WASHINGTON (AP) — The nation's unemployment rate fell last month to 3.7 per cent, the first time in nearly nine years it has been under four per cent, the Labor Department said today.

The sharp drop from 4 per cent in January to 3.7 per cent in February brought the jobless rate down to the lowest point since November 1953, the Bureau of Labor Statistics said.

Changes Asked In China Policy

By JACK BELL

WASHINGTON (AP) — The Senate Foreign relations Committee heard a call today for drastic changes in U.S. policy and wide efforts to reach an accommodation with Red China.

A. Doak Barnett, acting director of Columbia University's East Asian Institute, said the United States should acknowledge the Communist regime as the government on the mainland, seek the seating of two Chinas in the United Nations and encourage trade relations with the Red Chinese.

Barnett was the first witness in a series of public hearings called by Sen. J.W. Fulbright, D-Ark., to alert Americans to the possibility of Chinese intervention in Viet Nam.

As the hearing opened President Johnson's critics seemed to be doing the most talking but his supporters appeared to be rolling up the most votes against challenges to his conduct of the Viet Nam war.

Fulbright, has indicated he is not going to be swayed from his criticism by the Foreign Relations Committee's 13-6 rejection Monday of a restrictive amendment he sought to attach to a $415-million Asia aid bill.

Barnet said he believes that the time has come "even though the United States is now engaged in a bitter struggle in Viet Nam, for our government to alter its posture toward Communist China and adopt a policy of containment but not isolation."

The containment policy, Barnett said, should "aim on the one hand at checking military or subversive threats and pressures emanating from Peking but at the same time aim at maximum contacts with and maximum involvement of the Chinese Communists in the international community."

Carr Asks Report On FBI Agents

AUSTIN (AP) — Forty-three county tax assessor-collectors were mailed requests Monday that they report to Atty. Gen. Waggoner Carr any interference or intimidation by FBI agents during Texas' 15-day emergency voter registration period.

The 43 are officials of counties designated for Federal Bureau of Investigation spot checks. The voter registration period, for those who did not qualify to vote under the poll tax system, began Thursday.

"If Mr. (U. S. Atty. Gen. Nicholas) Katzenbach's FBI agents interfere in the performance of your lawful duties or if their actions in any way intimidate you so that you are deterred or delayed in any way in rendering full and adequate facilities and service to your registrants, please notify me immediately," Carr said.

Carr, who has criticized the FBI surveillance several times, said in the letter the spot checks are an "insult to the integrity of our state."

He also asked the tax officials to submit to him reports on number of voters registered as well as number of deputies working and hours of registration.

Quake Shakes East China

MOSCOW (AP) — The Central Moscow Seismograph Station recorded a major earthquake early today in the populous eastern region of Communist China, Tass reported.

The quake also was recorded in Japan and at the University of California in Berkeley.

Tass said the tremor at 12:38 a.m. Moscow time was centered in the area of Kaifeng, a large city in eastern China's Honan Province about 350 miles south of Peking.

It registered 10 on the 12-point scale used in the Soviet Union, Tass said. This equals about 8.3 on the 10-point scale used in the United States. The quake which hit Alaska on Good Friday 1964 registered 8.6 on that scale.

Japanese news correspondents in Peking said a strong earthquake shook the Chinese capital this morning, causing walls to crack and toppling furniture. They said there were no reports of casualties.

The New York Mets had their best success in 1965 against the Cincinnati Reds, Philadelphia Phils and Chicago Cubs. They won 7 of the 18 games played with each of those rivals.

NY Plans Cinema City

NEW YORK (AP) — An elaborate $50-million theater complex — called Cinema City — is planned for midtown Manhattan on the site now occupied by Madison Square Garden, the famed sports arena.

Details of the proposed development were made public Monday by Irving Felt, chairman and president of the Madison Square Garden Corp., which will own and operate the center.

The project will feature twin 39-story office towers, four motion picture theaters, two legitimate theaters and film and recording studios.

Felt said construction would begin after demolition of the 41-year-old Madison Square Garden in late 1967. A new sports and convention hall is under construction atop Pennsylvania Station, 16 blocks south of the present site.

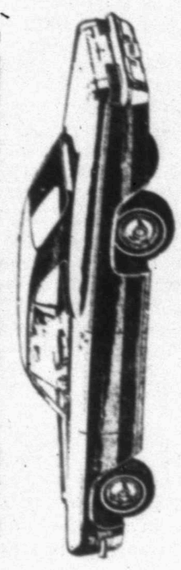

Returns Good From Jack Benny Tour

FORT WORTH (AP) — Jack Benny raised $83,500 for symphony orchestras on a spring tour of three Texas cities.

Benny played concerts at Corpus Christi, where he raised $20,200; Austin, which brought in $38,000; and Fort Worth where ticket sales netted $25,300.

A spokesman for the Fort Worth Symphony Orchestra who announced the figures, said all three concerts played to full houses.

Reserve Of Wheat May Be Short

WASHINGTON (AP) — U.S. wheat surpluses by midyear may drop slightly below what officials regard as an essential reserve. An Agriculture Department report today said foreign demands would be responsible for the drop.

The department said it is possible that surplus wheat on hand July 1, the beginning of the 1966 crop statistical year, may be around 593 million bushels—slightly below the 600 million bushels regarded by department experts as a safe reserve for such emergencies as crop failure, unforeseen new demands and, possibly, war.

The carryover reached a record high of 1.4 billion by July 1, 1961, but has been going down since.

Last October the department predicted the wheat carryover next July 1 would be 750 million bushels. But foreign demands —particularly those of India— have increased exports beyond earlier expectations.

It now appears that domestic and foreign outlets will take a record 1,537 million bushels from the 1965 crop supply, a supply that included a crop of 1,327 million bushels and a carryover last July 1 of 816 million bushels.

The decline in wheat surplus clearly indicates that the Agriculture Department will authorize larger acreage allotments for the 1967 crop. Thus the 1967 national wheat allotment may be set at 55 million acres, compared to 49.9 million allotted for this year's crop.

The allotment will be announced by summer because winter wheat for next year's harvest must be seeded in the fall.

Dallas Church Votes To Change Name

DALLAS (AP) — A church which traces its start from pioneer services along the banks of the Trinity river and in a saloon in 1847 is changing its name.

Members of City Temple United Presbyterian Church voted to take the name of North Park University Presbyterian Church.

The church moved from a downtown site to the suburbs three years ago.

BIRTHS

Mr. and Mrs. Joe Carrisalez, 1209 Twenty-ninth, are the parents of a 8 lb. 3½ oz. baby girl born at 11:58 a.m. March 7.

A baby boy was born at 2:53 p.m. March 7th to Mr. and Mrs. Felix Alvarez of Rt. 2.

Interesting Info

AUSTIN (AP) — The Texas Parks and Wildlife Department's postcard poll of some 8,000 Southeast Texans is turning up some interesting hunting items:

—A Jasper man failed to get his deer despite spending 20 days, 100 hours in the field.

—A Beaumont huner got a varied bag, including two squirrels, 34 doves, 19 ducks and one goose.

Vacant Houses Are Entered By Vandals

Vandals have been causing damage to vacant houses in Snyder.

Someone forced entry into a house at 3000 Forty-first Street Monday night and removed all of the valves from the gas jets. An employe of the Gas company turned off the gas, according to City Police, who investigated the incident. The theft was reported by Mickey Nunley.

Vandals forced entry into a house in the same neighborhood, at 2212 Fortieth Street, and cut several screens. They also splattered silver paint on the walls, bath fixtures and blinds.

WOMEN

Py-Lo 4-H Meeting Held

Delores Schwarz was hostess for a meeting at the Inadale community center for the Py-Lo 4-H club. Refreshments of sandwiches, cookies and Cokes were served prior to the meeting.

Delores Schwarz called the meeting to order. The minutes were read and approved. A discussion was held on team demonstration for March 19. A quiz was held on foods to be entered in the Food Show. Cynthia and Jeanne Melton gave a demonstration on a salad. A sample of the salad was served to Judy and Amy Bollinger, Rita, Cynthia, Jeanne and Caroline Melton, Shirley and Wilma Stirl, Delores Schwarz, and the leader, Mrs. Walter Stirl.

Melton Sisters Host Meeting

Rita and Caroline Melton were hostesses to the Py-lo 4-H Club in the Hermleigh Community center recently.

Shirley Stirl called the meeting to order and minutes were read and approved.

Mrs. Stirl gave some pointers on the Food Show. Shirley Stirl gave a report on County-wide committee meeting. Rita and Caroline Melton gave a demonstration of salmon sandwiches.

Refreshments of sandwiches, cookies, Fritos and tea were served to the following: Judy and Amy Bollinger, Rita, Cynthia, Jeanne and Caroline Melton, Shirley and Wilma Stirl, a visitor Susan Melton, Mrs. Melton and the leader, Mrs. Walter C. Stirl.

Miss Strubbe Speaks To Altrurians

Mrs. Minnie George entertained the Altrurian Club in her home Friday afternoon at 3 o'clock.

Mrs. Pat Colvin introduced the guest speaker for the day, Miss Martina Strubbe, the exchange student from Belgium. Martina, in a charming manner reflecting her delightful personality, gave a very comprehensive description of her land. She showed slides of her city, Brugge, Belgium, and her home.

The tea hour was enjoyed by the following: Mesdames A. C. Alexander, R. L. Gray, Ross Blanchard, Hugh Boren, Pat Colvin, Giles Bowers, Joe Caton, Alvie Dolan, J. E. Ezell, Fred Grayum, Dave Harlin, J. W. Leftwich, Edith McKanna, Dewey Odom, C. C. Miller, Hugh Taylor, A. C. Preuitt, Enid Irving, Hallie Carter, a guest, and the speaker, Miss Strubbe.

BENGAL BASEBALLERS — These scrappy lads will uphold the honor of Snyder High School in the District 3-AAA baseball wars this year. Currently sporting a 2-2 record, the Tigers host Lubbock Monterey at 4 p.m. Friday. They are, from left to right, Front Row, Delbert Foree, Mac Galyean, David Cadena and Freddie Benitez; Middle Row, Lloyd Potts, Roy Kizer, Bob Ray and Terry Holt; and, Top Row, David Holt, Robert Hobbs, Bobby Clardy, Roy Hunter and Carlos Mijares. Ray Kizer (not pictured) is out for two weeks with a fractured ankle. The same type of injury sidelined Hobbs last Friday, and substitute catcher Max Moreland sustained a fractured finger. (Staff Photo).

TWC, UofH Beat Foes

WICHITA, Kan. (AP) — A bit of psychology by Texas Western Coach Don Haskins, who benched top scorer Bobby Joe Hill the first 11½ minutes, was just what the Miners needed for an impressive 89-74 victory over Oklahoma City in a first round NCAA game Monday night.

Houston Coach Guy Lewis credited his full-court press as the difference in his club's 82-76 victory over Colorado State University in the other first round game in the one-night stand before 9,045 in the Wichita Roundhouse.

"Hill had been playing poorly last four or five games," Haskins explained. "He came in and played a great game for us."

The 5-foot-11 Hill watched OCU jump to a 20-9 lead. It was 21-13 when Hill finally got in the game. He promptly drove the middle for 13 points in six minutes, leading a 20-6 surge for a 33-27 lead.

Hill finished with 24 points. David Lattin, 6-foot-8 240-pound Texas Western pivot, had 20 points and 15 rebounds, three more than OCU's 6-7 James Ware, the national rebound leader. The winners led 55-31 in rebounds.

"Lattin was great on the boards," Haskins said. The Miners bounced back strongly from their first defeat of the season last Saturday at Seattle and will take a 24-1 record against Cincinnati in the NCAA Midwest regional at Texas Tech Friday. Cincy, 21-5, is the Missouri Valley Champion.

Houston's gifted sophomore, Elvin Hayes, 6-8 and 225, had 13 points and 12 rebounds compared to his season averages of 28 and 17, but observers were impressed. Houston's top man was little Joe Hamood, key man in the press, who scored 23.

Houston will take a 22-5 record against Oregon State's Pacific Coast champs, 20-6, in the Far West regional at Los Angeles Friday.

"Offensively this wasn't one of our better games," Lewis said, "but when you get to the NCAA and win, you can't complain."

Houston had a 100-point scoring average for the season, a record.

Wildcats Meet North Dakota

EVANSVILLE, Ind. (AP)—Abilene Christian meets North Dakota, ranked second in The Associated Press poll, at 3:30 p.m. Wednesday in the first round of the NCAA College Division basketball tournament.

The Texas team won the Southland Conference and has a 21-6 won-lost record for the season.

North Dakota captured the blizzard-delayed Midwest Regional tournament by beating Valparaiso 112-82 Monday. Phil Jackson set a North Dakota one-game scoring record of 44 points. The Sioux have a 23-3 season record.

Giants Revived As Cepeda Goes Strong

By DICK COUCH
Associated Press Sports Writer

Orlando Cepeda has traded in the blues for the cha-cha and the San Francisco Giants are dancing to the new tune.

Cepeda, limited to occasional pinch-hit duty last season because of a damaged right knee, appeared fully recovered Monday as he cavorted through the Giants' spring training drill at Casa Grande, Ariz.

The big slugger from Puerto Rico worked out at first base without a sign of strain on the knee and cleared the center field fence with a 400-foot drive during batting practice.

Cepeda, in high spirits since his arrival at camp, has been crooning Latin melodies — with a preference for the cha-cha — while he works.

Last spring the Baby Bull wasn't singing. He had re-injured the knee in a training camp foot race with Manager Herman Franks after undergoing surgery for removal of cartilage in December 1964.

He appeared in seven games before being placed on the disabled list in May and did not play again until mid-August, finishing with only 34 at-bats, one home run and five RBI. In 1964 he led Gian hitters with a .304 mark, crashed 31 homers and drove in 112 runs.

The Giants are counting on a Cepeda comeback to make up the difference between last year's second-place finish and a National League pennant. He had a .309 lifetime batting average and 222 home runs before his knee troubles began.

With the 28-year-old Cepeda apparently sound, the only sour note in the San Francisco camp was the absence of pitchers Juan Marichal and Bob Shaw. Marichal is seeking a $75,000 contract and Shaw a $50,000 pact.

The list of holdouts was reduced by one Monday when southpaw pitcher Juan Pizarro checked into the Chicago White Sox' camp and signed within 30 minutes. Pizarro, who won only six games for the Sox last season, took a pay cut.

Still unsigned are pitchers Sandy Koufax and Don Drysdale of the world champion Dodgers, Jim Maloney of Cincinnati and Jim Grant of Minnesota; outfielders Frank Robinson of Baltimore and Tony Oliva of the Twins, and Dodger shortstop Maury Wills.

All-State Cage Team

AUSTIN, Tex. (AP) — The state champion schools in Classes AA, A and B provided seven of the 15 players chosen on the all-tournament basketball teams in those classifications.

Lake Worth of Fort Worth, two-time Class AA titlist, placed three players—Teddy Gillum, Lambert Koeniger and Mike Wakin. Gillum and Kkoeniger also were all-tournament selections a year ago.

Eddie Jones of runnerup Crane was the only unanimous choice for the AA team. The fifth member was Stanley Bower of Rockdale.

Champion Gruver placed two on the Class A team. They were Bill Lieb and Sam Tipton, who averaged 32.5 points in the two tournament games last week.

Other Class A selections were Mike Morrow of runnerup Honey Grove, William Toliver of Woodsboro and Paul Smith of Fairfield. Tipton, a unanimous choice, and Toliver were repeaters from last year's all-tournament team.

Dallas Pro Has Confidence, Cash

PENSACOLA, Fla. (AP) — Ten per cent of the golfers on the pro tour don't run scared of the Big Three—Arnold Palmer, Jack Nicklaus and Gary Player—says the latest tournament winner.

The other 90 per cent quake a little and probably tense up when any of the awesome threesome is around, adds Gay Brewer Jr., who pocketed the $10,000 first-prize Monday in the $65,000 Pensacola Open.

"I don't feel any different going into the Doral Open at Miami than I did here," the strapping 6-footer from Dallas said today. "When a guy gets on top of his game, he feels nobody—not Palmer, not Nicklaus, not anybody—can beat him.

"The real top guys on the tour, the top 10 per cent, feel this way."

In the tournament here, the field lacked not only the Big Three but also such prominent players as Tony Lema, Ken Venturi, Bill Casper and Gene Littler.

Then the event lost another big name when Doug Sanders, leading by four strokes after 36 holes, was disqualified for not signing his scorecard. This opened the door for Brewer, who jumped in to win by three strokes with a score of 65-69-67-71—272, 16 under par.

Bruce Devlin of Australia made a late charge with a final-round 67 but had to be content with the $6,000 second money at 275. Jacky Cupit of Dallas, with a final 68, was third at 276 and Mason Rudolph of Clarksville, Tenn., fourth at 277.

Now the barnstormers move to Miami where they will face up to Palmer and Nicklaus and perhaps Player.

Travis Girls Win

Travis' 8th and 9th grade volleyball teams swept two matches in the Lamar gym Monday.

The 9th grade won 15-11, 16-18, and 15-13 while the 8th graders emerged victorious, 15-13, 16-14, and 5-3.

Coach Janet Wesson's varsity high school girls were to contest the "B" team today following a "B" team - Travis 9th match about 6:30 p.m.

FORD LTD 2-DOOR HARDTOP

Ford's quiet ride whispers it...

A million Mustangs say it over and over...

MUSTANG HARDTOP

Fairlane's performance says it loud and clear... You're ahead in a Ford

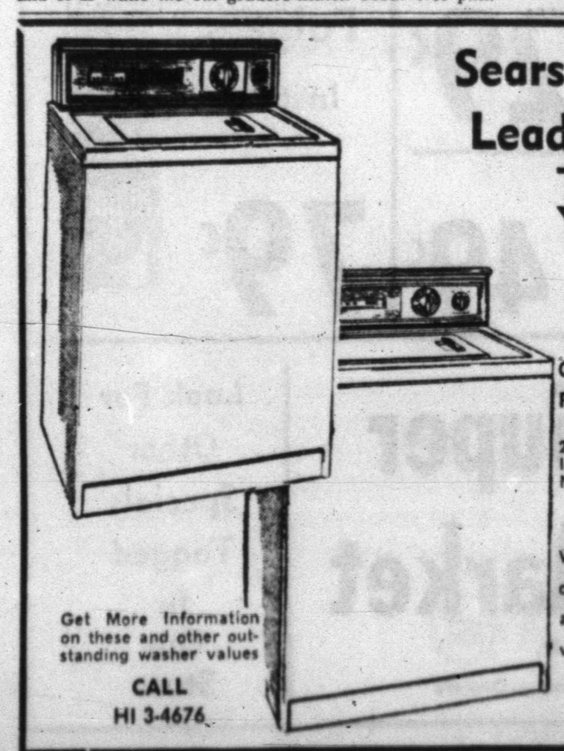

FAIRLANE GT HARDTOP

And booming sales prove it! More and more people are switching to Ford every day...and no wonder. Fords do things other cars can't. ▪ You can have a radio in any car, but Ford offers a Stereo-Sonic Tape Player option that turns your car into a concert hall with music of your choice. ▪ Most station wagons have a one-way tailgate, but Ford's Magic Doorgate swings out like a door for people and down like a tailgate for cargo. ▪ Most cars offer a choice between manual and automatic shift, but Fairlane's GT/A Sport Shift works both ways. ▪ Visit your Ford Dealer and test-drive a '66 from Ford.

VOL. 16, NO. 266 SNYDER, TEXAS (79549) TUESDAY, MARCH 8, 1966

SHOW CHAMPS — The Snyder High School FFA grass judging team won the first place trophy at the Houston Livestock Show last weekend. They are, from left to right, David Payne, Danny Bavousett and Ronnie Laster. The coach is agriculture teacher Billy Bob McMullen. The Snyder boys won out over 50 other teams. (Staff Photo).

Medicare Signup Is Moving Along

With three weeks still to go until the March 31 deadline for enrollment in the voluntary medical insurance part of medicare, about 75 percent of the Nation's older people have already signed up.

The medical insurance will cover 80 percent of doctor bills and a variety of other health services over and above the first $50 of expenses in a year, supplementing the basic hospital insurance provided persons 65 and over under the medicare law.

According to figures released today by Erven Fisher, social security district manager in Big Spring, 651,000 people, about 73 percent of 890,000 persons 65 and over in the State of Texas, had enrolled in the voluntary medical insurance as of Feb. 15. Only about 7 percent had decided against enrolling and many of these are changing their minds, he said.

Still to be heard from were about 179,000 Texas residents, Fisher said. The percentage of Texas residents who have elected to enroll is slightly above the national average—71 percent on Feb. 15.

The enrollment period for persons who reached 65 before the beginning of this year closes on March 31, Fisher said. Those who fail to enroll by then will have to wait two years for another chance and pay higher premiums. The premium for those who enroll now is $3 a month, one half the cost of the protection. The other half is met out of Federal revenues.

Persons 65 and over, whether or not they have ever worked under social security, are eligible for medicare protection, Fisher emphasized. Also, both hospital insurance and medical insurance benefits are payable whether or not they are retired, or continue to work.

Older people in the Big Spring area who are on the social security or railroad retirement benefits rolls and most working people 65 and over were sent medical insurance enrollment cards in the mail, Fisher said. Anyone who has lost or misplaced his or her card can get another card from the social security district office at 1006 Gregg Street, Big Spring, Texas. Persons 65 and over who have not received enrollment cards should call, visit, or write the district office for information about enrolling for the doctor bill insurance and also about establishing their eligibility for hospital insurance.

Skeletons Declared 14,000 Years Old

DALLAS (AP) — Southern Methodist University has determined that 70 skeletons found in Nile River deposits in Egypt are 14,000 years old.

The skeletons were found last year, along with a large number of artifacts. The age has been determined by carbon dating—a process where age is determined by loss of radiation.

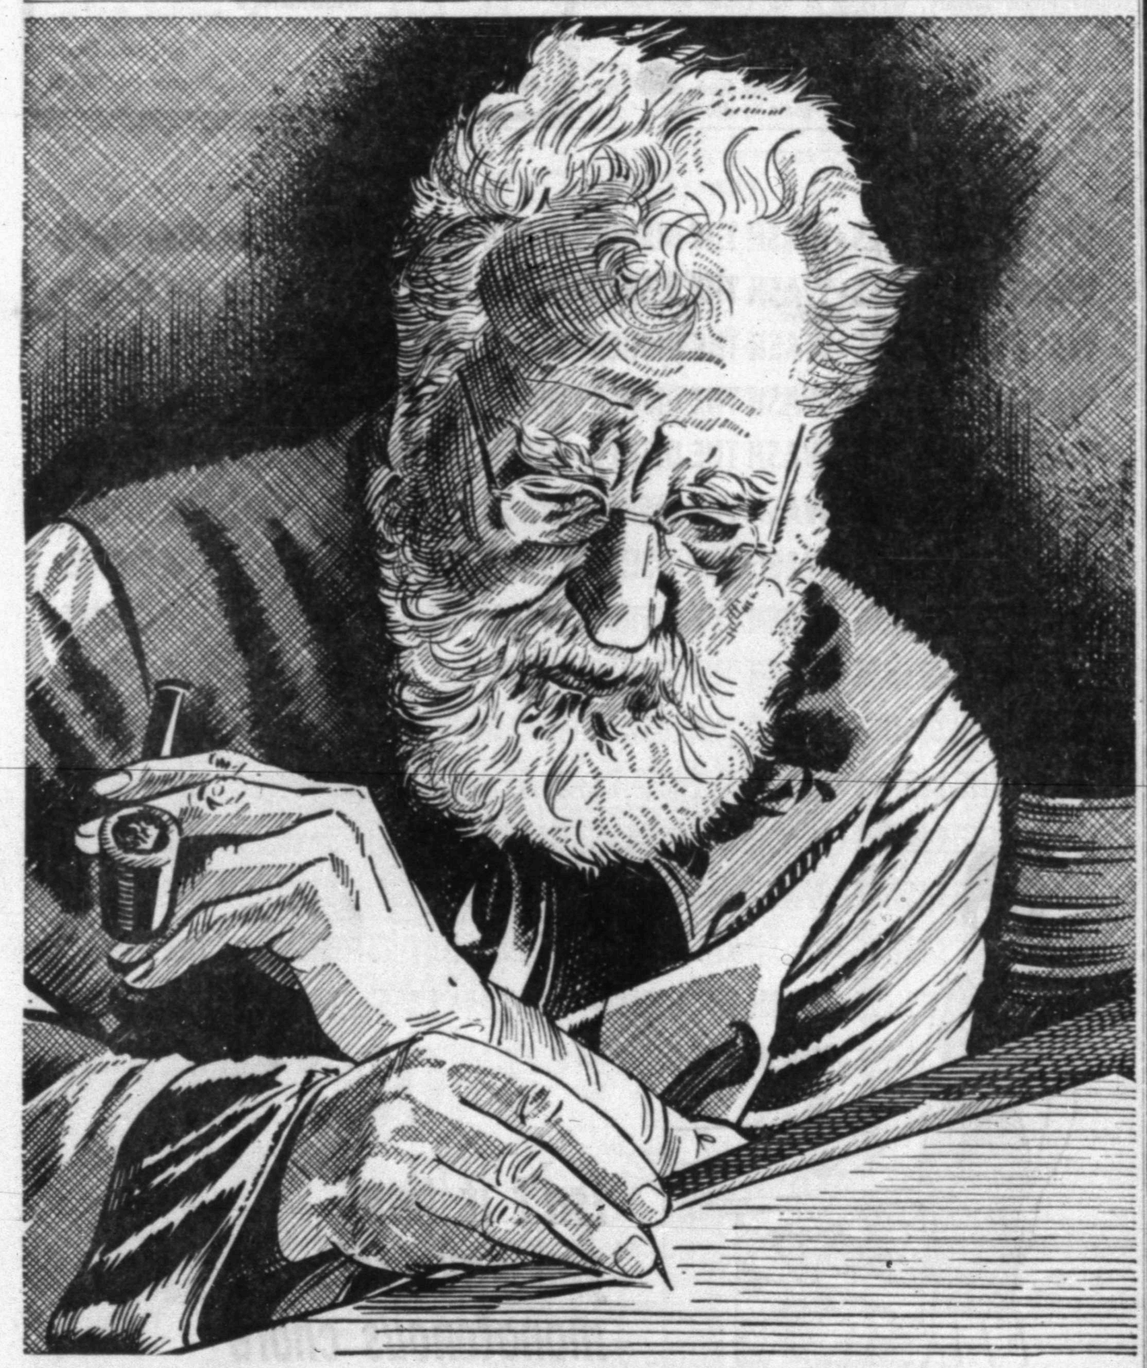

The project was the first launched under the school's newly established Institute for the Study of Earth and Man.

Scurry Sailor On Visit To Hawaii

Gunner's Mate Third Class Michael F. Fuller, U. S. Navy, son of Mr. and Mrs. Les T. Fuller, Rte. 1, Hermleigh, spent Feb. 19-21 in Hawaii while serving aboard the guided missile light cruiser USS Providence, flagship for Vice Adm. Lawson P. Ramage, Commander, U. S. First Fleet.

The trip to Hawaii was part of the Providence's normal operating schedule and gave the admiral an opportunity to confer with other military commanders in the Hawaiian area. As commander of the First Fleet, Adm. Ramage's area of responsibility includes the Hawaiian Islands.

Mr. Bell liked to make things better...

After Alexander Graham Bell invented the telephone in 1876, he did not rest on his laurels. He helped form the National Geographic Society, developed the basic method of making phonograph records on wax discs and pioneered a method of locating icebergs by detecting echoes from them. He made suggestions and contributions that helped give us air conditioning and the iron lung. For 46 years after inventing the telephone, he lived a vigorous and creative life.

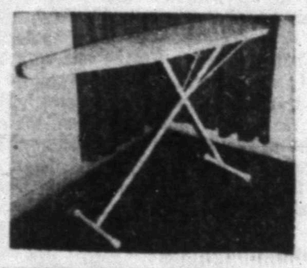

Southwestern Bell likes to make things better, too ... Six short years ago, we did not offer the Princess® telephone, Home Interphone, Wide Area Telephone Service, Centrex service, Data-Phone data communications service or Panel Phone. There was no electronic artificial larynx, no automatic dialer and no Speakerphone. Today, these new items help us provide the best telephone service in the world. But we want to make it better. That's our legacy from Mr. Bell.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Can I sue a machine for alienation of affections? I am 29, and was practically engaged to a terrific woman, when she suddenly got the crazy idea that we should go to a "testing clinic" to take "compatibility tests."

According to the machine we were not "right" for each other. They offered us names of other men and women who would be better suited to us scientifically. I am not interested in meeting other women. I liked this one. What do you think of choosing a marriage partner by machine?

ELECTRONICALLY JILTED

DEAR JILTED: Don't sue the machine—shake hands with it. It saved you from marrying a woman who has more faith in nuts and bolts than in people. Computers will never replace "that old feeling." And anyone who prefers mechanical mate-selection must have a screw loose somewhere.

• • •

DEAR ABBY: What do you do when a woman actually hangs on to you while she brags, brags, brags about how cute and sweet and smart her grandchildren are? Every time she sees me, she keeps me standing on the street anywhere from 30 minutes to an hour just raving about her grandchildren.

I am not jealous because I have more grandchildren than she has, but I can't get a word in about mine. I would just like to tell her one of these days that ALL grandparents think a lot of their grandchildren, and hers are "special" only to HER. Or is there a better way to shut her up?

HATES BRAGGERS

DEAR HATES: You will never convince her that yours (or anybody else's grandchildren) are as cute, sweet, or smart as hers, so don't try. Besides, she doesn't want to hear about yours anymore than you want to hear about hers. Only lockjaw or laryngitis will "shut her up," so if you see her first, RUN!

• • •

DEAR ABBY: I realized soon after I married that it was a mistake, so we were divorced. Here's the problem: I helped pay for my wedding band. It happens to be a very beautiful and expensive one. I hate to leave it in the box where no one will see it, so I wear it on my right hand.

I don't feel sentimental about it, and it doesn't mean anything to me. It's just a piece of jewelry. My mother says I shouldn't wear it because the minute I meet a man he will know I was married before. I am not particularly proud that my marriage failed, but I am not going to try to hide it either. Do you see anything wrong in wearing my wedding band on my right hand?

NOT SENTIMENTAL

DEAR NOT: Most widows wear their wedding bands on their right hands. And most divorcees keep theirs out of sight. You are either consciously or unconsciously advertising the fact that you were once married. A wedding band, unlike other jewelry, is symbolic. I think your mother has a point.

• • •

CONFIDENTIAL TO LEN: Now is your opportunity to be superior. I quote Noah Webster: 'By taking revenge a man is even with his enemy, but by passing it over, he is superior.'

• • •

Problems? Write to Abby, Box 69700, Los Angeles, Cal. For a personal reply, enclose a stamped, self-addressed envelope.

• • •

Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Cal., for Abby's booklet, "How to Write Letters for All Occasions."

Jim Grabowski of Illinois set a Big 10 record for carrying the football. In a game against Michigan State this fall he rushed 27 times and gained 125 yards.

TAKES OVER — Mrs. Carolyn Clark, Edinburg, Tex., post office employee, usually works inside, but when one of the heartier male carriers is unable to report for work Mrs. Clark totes the mail around the route. She sometimes carries a sack weighing almost as much as she does. (AP Wirephoto)

60 Costumes Are Required For Comedy

Sixty costumes representing the 1920's through the 1940's have been made, bought or borrowed for the 49 characters in "Auntie Mame," Broadway comedy hit. The play will be presented at 8 p.m. Friday and Saturday nights in the high school auditorium.

In each performance, Nan Martin, who is cast in the title role, is going to be zipped into and out of 15 costumes at a dizzy pace — about a minute between some scenes.

As she spins from a Chinese housecoat to a formal day dress, from a riding habit to a dinner gown to a sari of an East Indian aristocrat, she will require the help of one person, Lora Pinkerton, who will be waiting to change the main garments along with shoes, hats, and hair-dos. In some scenes, Miss Martin will be wearing clothes under clothes to help speed up the changes.

Before the performances begin, all of the wigs, jewelry, shoes, hats and costumes will be assembled in the 'order of their appearance.'

Since Mame's escapades are not only scattered chronologically over 18 years, but in widespread geographical locations as well, Mame's costume changes are an important part of the show.

Costumes for the other characters were bought from second - hand stores or were already in the costume wardrobe.

With the help of Mrs. Carol Gafford, Polly Wadleigh, Brenda Benton, Evelyn Feather and Barbara Gracey and Nan Martin, crew heads assembled the costumes for the cast. Three other presons assisted the crew by making some costumes. Mrs. Inez Lowry made a dress, evening gown, suit and Chinese housecoat, while Anne Shelburne made a blouse and Mrs. L. C. Gordon sewed two skirts.

Librarians Will Hear Miss Wallace

Miss Sarah L. Walace, Public Relations Officer, Library of Congress, will be the chief speaker at the Public Relations Workshop to be held at the Abilene Public Library, Saturday, March 12, 9 a.m. to 4:30 p.m. The workshop is being sponsored by the Texas State Library in cooperation with the Texas Library Association District III for librarians, library board members, Friends of libraries and others interested in the development of Texas libraries. Problems discussed will include ways and means of disseminating knowledge of the function of modern libraries, information about library services and resources. Attention will also be given to reporting costs of library resources and services.

Miss Wallace was a staff member of the Minneapolis Public Library for a number of years, during which time she served as reference and branch librarian, publicity and administrative assistant. She is the author of numerous articles, which have appeared in professional and other journals, and two books on public relations in libraries — they are: "Patrons Are People" and "Promotion Ideas for Libraries." Joining Miss Wallace in discussing public relations in libraries will be Mrs. Lillian Bradshaw, Director of the Dallas Public Library, and Mr. Jerry Hunt, Librarian, Denison Public Library, which recently received the Dorothy Canfield Fisher Award. Mr. Robert E. Kennedy, Vice President, West Texas Utilities, will present public relations from the point of view of industry.

Mrs. Jack Hover, Secretary, Abilene Public Library, will receive luncheon reservations, which should be received by March 10. The luncheon will be held at the Abilene Public Library.

SARAH L. WALLACE

Some Fields Dry Enough For Planting

AUSTIN (AP) — Soils dried sufficiently last week in clear weather—the first in some parts of Texas in 14 weeks—for the planting of crops, the U.S. Department of Agriculture reported Monday.

In the Rio Grande Valley, the planting of cotton, sorghum and corn resumed and was extended on a limited basis into upper South Texas, the department said.

The department, discussing Texas' crops and weather in its weekly report, said the first major dust storm of the season damaged dryland wheat on the plains.

"Wheat is still generally dormant," the report said, "but it is beginning to grow."

The clear, open weather gave oats a chance to green, and flax made satisfactory growth, the report said.

The vegetable harvests picked up in the Valley and the San Antonio-Winter Garden areas.

A colder than normal February, however, caused the condition of range feed, cattle sheep and goats to decline.

Banquet Is Held By 2 Cub Packs

Cub Scout Pack 36, sponsored by the East Elementary School P-TA and Pack 34, sponsored by Central Elementary P-TA, held a joint Blue and Gold banquet last week at the East Elementary cafeteria.

Dr. John Hamblen was master of ceremonies for the event, which was attended by some 170 Cub Scouts, families and friends.

The Webelos of Pack 36 presented the flag ceremony, and Dr. A. B. Lightfoot entertained the group with magician's acts.

Receiving awards in Pack 34 were Melvin Walker, Tim Collier, Dwain Collier and Randy Miller, bobcat pins, and Eddy Hatfield, denner badge. Bill Mayfield is the Cubmaster.

Receiving awards in Pack 36 were Paul Davidson, Charles Stansell, Larry Landreth and Vic Overby, wolf badges; James Robbins, Reed Wilson, Danny Early and George Watts, bear badges, Jerry Bob Lee and Mark Young, lion badges.

Two-year pins went to Gary Buchanan, Ricky Blakey, Danny Early, George Watts and Reed Wilson. Receiving three year pins were Mark Young, Bobby Bell, Lothar Bartels, while one-year pins went to Greg Crawford, Paul Davidson, Kevin Henderson, Joey Hardin, Charles Stansell, Larry Landreth, Radford Turner, Randy Worley, Gary Lehamn, Phil Robinson, James Robbins, Vic Overby, Jerry Bob Lee, Steve Whittenburg, Richard Kruger, and David Justice.

A den chief's shoulder cord was presented to Billy Campbell, first class Boy Scout in Troop No. 35 and Den Chief for Den 3, Pack 36.

Bill Baldwin, Eagle Scout of Troop 35, received a special service award for two years as a den chief. Cubmaster of Den 36 is B. J. Bartels who holds the Silver Beaver award in Scouting.

Mrs. Bill Sikes is denmother of Den 1, Pack 34. Denmothers of Pack 36 are Mrs. Harold Kornegay and Mrs. Preston Wilson, Den 1, Mrs. C. W. Stansell, Den 2, and Mrs. Kenneth Buchanan, Den 3.

Dr. Hamblen closed the program by singing two numbers and leading the boys in singing "Good Night Cub Scouts."

Learns To Suspect Affectionate Woman

SAN ANTONIO (AP) — Service station attendant Willie E. Wilson found recently it's not always wise to trust an affectionate woman.

He was working at the station one night when a woman got out of her car, threw out her arms and tried to kiss him.

Wilson said she didn't get a kiss, but he learned later she did get his wallet.

He said he lost no money, just some pictures and identification cards.

Your Child's Portrait in LIVING Color

Parents: We have arranged to have a leading child photographer at our store on the dates shown below.

Any age, any number of children accompanied by a parent will be photographed **FREE** in Living Color.

ONE complimentary color portrait will be given to each FAMILY as a gift from our store.

DON'T MISS THIS OPPORTUNITY

to get a living color portrait you will treasure always. Several poses are taken and low cost additional portraits are available for those who wish them.

This is our way of saying 'Come in to see us.' If you are one of our many regular customers, this is a 'Thank You' for your patronage. Incidentally we believe these color portraits to be something really special. These are beautifully posed portraits — not snapshots, so dress the children colorfully.

and bring them to

Isn't it time you gave this monotonous chore to an automatic Electric Dishwasher?

BREAKFAST, lunch and dinner dishes. In-between-time dishes. Seems like you're always washing and drying dishes, doesn't it? Why not make it easy on yourself and let an automatic electric dishwasher take over this tiresome chore? It cuts after-meal clean up time in half. You just scrape the scraps from the dishes, load and start your dishwasher, then relax or tend to other things while your dishes are washed and dried sparkling clean . . . automatically. See your appliance dealer soon about an electric dishwasher—built-in or portable—that will help you Live Better Electrically!

MATCHING COMPLETER PIECES AT EXCEPTIONAL SAVINGS!

THIS WEEK START YOUR SET WITH THE 10½" DINNER PLATE!

Look! We're bringing you this beautiful Genuine Sheffield BONE WHITE DINNERWARE at a never-before low price!

WITH EVERY $5 PURCHASE EACH PIECE ONLY...

9¢

FIRST WEEK	10½" Dinner Plate	9¢	with each $5 purchase
SECOND WEEK	Bread & Butter Plate	9¢	with each $5 purchase
THIRD WEEK	Dessert Dish	9¢	with each $5 purchase
FOURTH WEEK	Coffee Cup	9¢	with each $5 purchase
FIFTH WEEK	Saucer	9¢	with each $5 purchase

If you love fine things yet must be practical, you'll be thrilled with this lovely, gracefully fluted dinnerware — for it has all the important qualities needed for everyday use . . . it's chip resistant, oven-proof and dishwasher safe. And it's "white" — the beautiful go-with-everything color for both formal and informal dining!

OWN A COMPLETE SET THIS EASY WAY . . .

Each week one of the pieces pictured above will be featured for just 9¢ (see schedule). For each $5 in grocery purchases, you are entitled to one piece at that fantastic low price. There's no limit: with a $10 purchase you can get 2 pieces for 18¢; with a $20 purchase you can get 4 pieces for 36¢ . . . and so on.

FOLLOW THIS SCHEDULE

(It will be repeated 3 times during the next 15 weeks . . .)

If you haven't collected the number of place settings you want in the first 5 weeks . . . you can add to your set the 2nd and 3rd time around. The sequence of the items featured will remain the same for each 5-week period. Imagine — if you spend $20 a week you can get 60 pieces — 12 — 5 pc. table settings — for only $5.40. That's really worth getting acquainted, isn't it!

Justice Guards Convictions Even If He Stands Alone

By BARRY SCHWEID

WASHINGTON (AP) — The complexity of Hugo L. Black alongside a fiery belief that the Constitution means exactly what it says shines through the Supreme Court's affirmation of the 1965 Voting Rights Act.

Black, 80 nine days ago and an associate justice since 1937, won't sit still for any label, be it "liberal," "conservative" or "activist." And he won't sit still when he feels his fellow judges have marched off in the wrong direction, no matter how worthy the goal.

Black demonstrated this again Monday. Chief Justice Earl Warren got the unanimity he wanted for upholding two key sections of the voting law — the suspension of literacy tests where used to keep Negroes from the polls and the dispatch of federal examiners to those areas to register qualified Negroes.

But Black wouldn't go along with his eight colleagues in upholding a third key section of the law that would require new state voting laws to pass federal muster.

From his seat to Warren's right, the position traditionally reserved for the senior justice, Black lashed this ruling because it would treat states "like separate corporate units with no power of their own."

Scanning the less than half-filled chamber, Black said, "I would have yielded a lot not to have had to file a written dissent in this case — but I felt compelled to do so."

As he has so many times in the past 28 years, often standing alone, Black made his case by looking smack at the Constitution. There he found nothing to support what Congress had done and the court approved.

"Nothing like that was ever contemplated when the Constitution or the 15th Amendment was adopted," he said.

In his written opinion, Black added: "I see no reason to read into the Constitution meanings it did not have when it was adopted and which have not been put into it since."

Two weeks ago, a bristling Black went to the Constitution and found nothing to prevent any state, including Louisiana, from making it unlawful to stage "sit-ins" in public libraries.

He found the "sacred" right to protest clearly protected by the First Amendment, but not "the right to use someone else's property even that owned by government and dedicated to other purposes, as a stage to express dissident ideas."

This reading led Black, a champion of human rights, to vote against reversal of 'breach of peace" convictions of five Negro civil rights demonstrators.

Again Black was in the minority but again he raised his voice loud and clear.

In crackling anger he said, "I shall never agree to any opinion or holding that people may go anyplace and insist on staying in that place to exercise their right to talk."

Dissent can be a lonely pursuit and to a casual observer, at least, it would appear to be a trying position, especially for a man of 80. But almost daily, Hugo Lafayette Black gives evidence that his fighting spirit will not be curbed.

Criminals Join The Exodus As US Moves To Suburbs

By JERRY BUCK
Associated Press Writer

Police officials say suburbia's soaring population, public apathy and small police forces contribute to the pace-setting crime rise in the suburbs, an Associated Press survey shows.

Millions of Americans have escaped to the suburbs. But criminals apparently have joined in the exodus from the cities.

The FBI said Monday the suburbs paced a 5 per cent increase in the nation's reported crimes in 1965. Crime in suburbia was up by 8 per cent over 1964, with 12 per cent more rape and 15 per cent more robbery.

"Certainly our crime rate is growing, but then so is our population. They follow together," says Donal Meehan, police chief of Alhambra, Calif., a suburb of Los Angeles.

"We're getting some of the crime that used to be elsewhere," said Police Chief John O. Kenyon of Overland Park, Kan., which is 12 miles from downtown Kansas City and one of the 10 fastest-growing communities in the nation.

In Yonkers, just outside New York City, Safety Commissioner Daniel F. McMahon says: 'We're part of the national picture — lowering of moral standards and a growing disrespect for law and authority, and we haven't been helped by court decisions."

One of the major problems facing suburban communities is that their police forces have not kept up with the population.

"We're just not able to get the personnel, and we haven't had the personnel for 10, 12, 14 years now," said Chief James F. Corr of Lexington, Mass., a suburb of Boston. He said he needs 65 policemen, but has only 34.

"Perhaps because we're the affluent society, I don't think too many parents say to their children, 'You ought to be a policeman,'" Corr said. "There are too many professors and architects here."

Chief Meehan of Alhambra says: "We're getting calls now for things we never did 25 years ago. We're expected to check routine domestic squabbles. The citizenry is expecting and getting more services without an appreciable boost in our manpower.

"We have to get the citizens to help us if we're to make a real effort against crime."

Chief Meehan has 77 officers to patrol a community of 65,000 persons.

In nearby Burbank, Calif., Police Chief Rex R. Andrews has 137 officers to police a community of 95,000. He has his own views about the rise in crime.

"Anyone who can tell you what causes crime to increase is either a damn fool or a damn liar or both," Andrews said.

'We're trying to fight public apathy, the feeling that if it isn't happening to me, I'm not interested. Last week we had some officers trying to make an arrest and they asked a bystander to call for help. He answered: 'Oh, hell, I'm late for work already.'"

Despite the statistics, all is not bleak in the suburbs.

In the Atlanta, Ga., suburb of College Park crime is down 13 per cent. "This year I've had one auto stolen in two months," says Police Chief T. Owen Smith.

Smith said he believes the decrease stems from cooperation by Greater Atlanta authorities. He said: "We feel that our Metropol organization has done something — the cooperation, better education, and communication."

One of the wealthiest suburbs in the country is Winnetka, Ill., just north of Chicago. It has no industry, no hangouts, it is dry, its population is stationary — and so is its crime rate.

Winnetka has had no homicides or rapes in more than two years. Last year it had 39 burglaries and 35 major larcenies. Chief Don Derning says residents are quick to report suspicious persons and to notify police when they are leaving town.

Many of the communities surveyed are affluent, and that means burglaries.

"It seems like wealthy people are moving out of the cities into areas like ours," said Chief R.J. Hundley of Prairie Village, Kan., a community near Kansas City. "This is increasing our losses. We try to combat it by loading police into areas with the greatest incidents."

Driving In Leopoldville Is Suicide

By MICHAEL R. CODEL

LEOPOLDVILLE, the Congo (AP) — Two good ways to risk death in the Congo: 1. Join the mercenaries to fight rebels; 2. Drive a car in Leopoldville.

As the first is safer, let's look at No. 2.

Driving habits here are at first unbelievable, but after a while reduce themselves to simple terror.

The right of way is on the right, and most drivers accept this. Vigilance is necessary for about 10 per cent who must think they're in England and bear left. A variation is the one who decides to back up a couple of hundred yards the wrong way down a one-way street. These are usually taxi drivers running back to get a fare.

Taxis are a lesson in themselves. The cars generally have not undergone a serious maintainance since they were obtained. How they were obtained is still a matter of question among car-theft victims.

Headlights, good brakes, signals, a complete chassis and unworn piston rings are out. Rubber dice dangling from the rear-view mirror and plastic flowers planted along the dashboard are in.

The mirror, by the way, is for the driver to view himself, never to look back at a car.

To become a taxi driver, one must reach a rather loose agreement with the authorities not to gouge the client much more than is on the rate card, and to print a "taxi" sign which must be slapped in front of the driver, guaranteeing obscured vision.

There are few traffic cops. At peak hours, three control the flow along the city's streets. They are assisted by a corner man who is in perpetual argument with one offender while a hundred more drift by.

Usually the police wait until a total traffic jam occurs to get off their stand and join the corner man for a smoke.

There are a few foot patrolmen to check offenders.

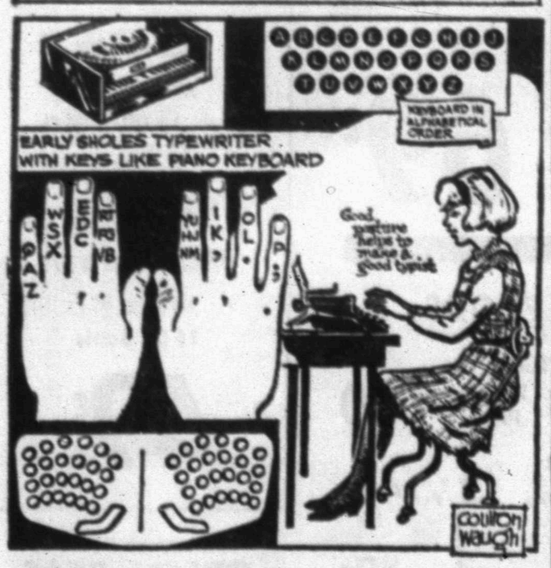

There are two forms of speed, too much and too little. Leopoldville has its collection of hotshots who tool down the boulevard at 80 miles per hour or so. It has some more decrepit cars which can't top 20.

No exact accidents rate figures are available, but newspaper pictures, remnants of windshield glass and the everpresent symphony of screeching tires tell the story.

Who's to blame? Some say the Congolese got as much training to run cars as they did to run a government, which is about nil. Others blame the former Belgian colonialists.

Belgium was reportedly the last country in Europe to require drivers' licenses. Some say it's because nobody could pass the test. In any case, it soon becomes necessary to join the mob and wheel at random, or walk.

Junior Editors Quiz on TYPEWRITERS

***QUESTION:* Why aren't the letters on a typewriter in order?**

• • •

ANSWER: The first typewriter that really worked was invented in 1867 by Christopher Lathrop Shole, assisted by Carlos S. Glidden and Samuel W. Soule. It was a crude machine, but the three men worked hard to perfect it and it was put on the market in 1874 as the Remington Typewriter. The inventors realized that the typewriter keys should be arranged to make it as easy as possible to the typist to operate them. Certain letters and words are used a great deal more than others; certain fingers are naturally stronger than others. The inventors experimented a long time and finally came up with what seemed to them the best arrangement. This system proved to be practical, for it is almost exactly the same as that now used everywhere. Recently, careful studies have been made to find out if it really is a perfect system. Some have felt an arrangement such as shown beneath the hands would be better. But so many typists have been trained to use this system, and so many typewriters built with it, that it seems doubtful if it will ever be changed.

• • •

FOR YOU TO DO: We show a keyboard with alphabetical arrangement. Trace the word 'the' on this and compare with the same word when made by Soule's arrangement of letters on the hands. To find your strongest fingers, put your hand down and lift each finger without moving the others. You'll find how strong the index fingers are and why they are given so many letters to handle. 3-8

(Evelyn Avery of Macomb, Ill., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

TEXAS ROSE QUEEN—Miss Lynn Clawater, daughter of Dr. and Mrs. Earl W. Clawater Jr., of Tyler, Tex., has been named Queen of the 1966 Texas Rose Festival. The 18-year-old brunette is a freshman at the Univ. of Texas. She will reign over the annual festival in Tyler Oct. 12-16. (AP Wirephoto)

Venireman Excused!

BRENHAM, Tex. (AP) —Legal questions sometimes take on a rural character during hearings in this East Central Texas farm and ranch town.

During a recent jury selection, a venireman indicated he didn't understand how a defendant would be considered innocent until proven guilty.

County Atty. James Kershaw gave him this illustration:

"If you were going to pick out 10 cows from a herd of 20, you would look at all 20, wouldn't you," he said. "We want you to look at our 10 cows and at the 10 cows of the defense."

The venireman indicated he already had an opinion about the state's "10 cows". He was excused.

Many Texans Are Joining Peace Corps

DALLAS (AP) — The Peace Corps reported this spring that 444 persons from Texas universities and colleges, hospitals and trade schools were in the organization.

Number of schools from which the volunteers came totaled more than 81 in Texas.

University of Texas led all the rest in numbers in the corps with 82.

Something New In Dedications

DALLAS (AP) - People trying to gain notice through groundbreaking ceremonies are at their wits end to arrive at something new.

The Dallas Transit System dedicated a new building and depot with a bush crash.

Nothing was hurt however, for the bus crashed through a huge paper sign extolling the virtues of the new building.

High Standards Lend To Medical Personnel Shortage

By ALTON BLAKESLEE
AP Science Writer

NEW YORK (AP) — Dozens of reasons are advanced as causes of today's shortage of doctors and health personnel.

The diagnosis includes, ironically, two elements that have made American medicine very good medicine indeed.

One is its quality, stemming partly from very high standards of medical school training, most observers point out. But this has limited the output, with only about 8,000 new doctors being graduated annually from U.S. schools.

Another is brilliant progress from research—new drugs, new surgical and medical and rehabilitation techniques, all making the physician far more effective than in the old sugar pill and sympathy days of medicine.

Today's doctors can do more. But, as in open-heart surgery, a whole team of surgeons, physicians, nurses and other skilled people may become involved for one patient at a time.

A cardiologist estimates 45,000 heart attack victims, who now die soon after their attacks, could be saved each year if major hospitals all had intensive care units. But each unit requires a 24-hour staff of nurses, doctors and technicians, razor sharp in skills, ready to rush to a patient's bedside at the first signal of trouble.

Too many go into research for "nice 9 to 5 jobs, leaving fewer physicians on the firing line seeing patients," says one busy New York City internist. "Lots of the research is minor."

Administrative tasks, government and military service, other jobs also employ doctors. Right now, only 63 out of every 100 U.S. doctors are engaged in private practice.

Each year, 10,000 young American men and women are turned down in their applications to enter medical schools—88 of them now. There are five schools of osteopathic medicine.

At least 13 new medical schools are being started, but it takes 10 years and $35 million or more from initial plans for a school to the first graduating class. And medical education is costly—$16,000 to $20,000 over four years.

Many rejected U.S. students have been going to foreign schools, but some of those schools are now closing their doors to them. Americans trained abroad are estimated to comprise about one-quarter of the 1,400 newly licensed doctors each year who studied outside the United States and Canada.

The rest constitute part of the "brain drain" from other countries.

"Organized medicine and organizations of medical education are not facing up to the problems of the medical manpower shortage," says Dr. Eliot Corday of Los Angeles, president of the American College of Cardiology.

Organizations, like individuals often tend to resist change. Dr. Michael E. DeBakey of Houston, Tex., notes that professional organizations tend to become "guild-like, and rigidly and staunchly defend their health domains."

Is it still necessary to train all medical students alike, he asks? Present laws virtually require this — to obtain his license, the physician must pass examinations measuring his knowledge in many areas of medicine.

"But is it really necessary for an ophthalmologist to know how many bones there are in the foot?" he asked.

Numerous medical schools are in a ferment of re-examining and experimenting with their curricula, to streamline teaching, make it more effective.

A few are experimenting with compressing four years of college and four of medical school into six year total for picked students, and report this approach looks promising.

Some observers stress a shortage of modern skills as a serious problem.

The majority of doctors never go back to school for refresher courses, and are "practicing today's medicine with yesterday's tools and information," declared Dr. W. Albert Sullivan, Jr., of the University of Minnesota Medical School.

The manpower shortage includes pediatricians and psychiatrists, medical school faculty—nearly 1,000 positions are listed as unfilled: nurses, technologists, medical social workers and librarians, hospital pharmacists, X-ray technicians, orderlies, and many others.

Low pay often is blamed.

Girls can earn higher incomes, in most cities, as stenographers than registered nurses.

Some groups of hospital workers are notoriously underpaid, said Dr. John Knowles of Massachusetts General Hospital, Boston, and "you can't feed the poor sawdust and expect them to protect your birthright." And if, as applies to some big hospitals, "You have dingy, shabby surroundings for people to work in, you wind up with shabby personnel, and not many of them."

Jack Webb's Dragnet Returns

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Dum-de-dum-dum is back.

If you don't know what dum-de-dum-dum is, you must be terribly young. That was the opening theme of "Dragnet," which was one of television's most notable series in the years from 1952 to 1959.

The saga of Los Angeles police operations made a millionaire of Jack Webb, who produced, directed and starred as Sgt. Joe Friday. Webb moved on to other enterprises including television series and most recently, a post as head of Warner Bros. Television.

He is now in the midst of filming "Dragnet 1966," an up-to-date, two-hour version of the show for broadcast by NBC. I dropped out to see the filming and it appeared that time had stood still for Joe Friday. He has the same stolid face, the same emotionless voice, and he's still a sergeant.

"But I'm exactly 10 pounds heavier than when I finished the series," confessed Webb.

The poundage no doubt came from his tour of executive duty, a role in which he considered himself miscast.

"A lot of my friends, were upset when I was fired from Warners — much more upset than I was," said Webb, who enjoyed the balm of $3,000 weekly severance pay for a couple of years.

"I wasn't happy behind a desk. I'm much more in my element out here on the floor with the others."

Sgt. Friday has a new sidekick in the two-hour drama, which comprises three actual cases from Los Angeles police department films. The fresh partner is veteran character comedian Harry Morgan. He replaces Ben Alexander, the longtime Frank Smith of "Dragnet."

"We wanted Ben back," explained Webb, "but he had already signed for a pilot film at Fox. They wouldn't let him loose for ours."

"Dragnet 1966" is another of a series of feature-length films made especially for television, with the added potential of a release in theaters overseas. It is a forerunner of the operation which the networks may need to face when they run out of old movies.

Says Food Boom Based On Advertising

DALLAS (AP) — Persuasion — through advertising and sales — is the foundation on which the current business boom is built and the key to further growth, a food industry executive said here recently.

Herbert M. Cleaves, senior vice president of General Foods Corp., also told a business meeting that businessmen should be alert to any efforts to curb advertising directly or through special taxes.

"Greater consumer demand increases volume. Higher volume brings lower unit costs and puts more products within reach of more people," he said.

Arlington Contributes Painting Of Mules

ARLINGTON, Tex. (AP) — A painting of 20 mules will be Arlington's contribution to the Cowboy Hall of Fame in Oklahoma City.

The painting is by Joe Ruiz Grandee, 36 of Arlington, who quit his job as apartment house owner to devote full time to art.

Retiring Reverend Honored By Church

DALLAS (AP) — The Rev. Wallace Bassett spent 48 years as pastor of the Cliff Temple Baptist Church in Dallas until his recent retirement.

The Rev. Dr. Bassett is 81. At his retirement, he was presented checks totaling $17,800, and a scholarship fund was established in his name. He received a letter from President Lyndon B. Johnson.

Santa Fe Orders New Freight Cars

DALLAS (AP) — The Santa Fe Railway says the line has placed the largest order ever for covered hopper freight cars.

The railroad has ordered 2,500 of the cars at a cost of more than $38 million.

TRAIN BURIED IN BLIZZARD — Northern Pacific's westbound Mainstreeter passenger train lies buried in western North Dakota snow drifts near New Salem as the worst blizzard of th century howled across the northern plains. Three Northern Pacific passenger trains were stuck and highway travel and movement within towns came to a halt. (AP Wirephoto)

Trucker Tells Safety Secret

WICHITA FALLS (AP)—How to drive 2.6 million miles with only one accident?

Charles Clack of Wichita Falls has a simple formula: "Just sit up there and hope nobody hits you."

Only once has he been hit, he said, and that from the rear by a drunk. Clack is a truck driver.

In case you do not have his reflexes and confidence, he has some additional safe driving pointers:

"You keep both eyes open and both ears open. And you watch what's happening in front of you and what's goin' on behind and on both sides of you. And you just sit up there and drive."

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next weeks list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The $2332.00* happens to be its price. *Manufacturer's suggested retail price for Special V-8 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge.

Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to F. J. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

Buick's $1,000,000.00 Sweepstakes.

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

With ordinary bread, forget this test. You need extra fine texture. And only one bread is Batter Whipped so fine, that air can't get in to rob it of its softness. That's Baldridge's . . . the bread that gives you more.

There's a big difference in bread. Some brands may cost less. So don't take chances. Buy Baldridge's. Batter Whipped into Baldridge Bread is full nourishment from choice wheat blends. Go-power for today's high-speed living. That's why those on the go . . . go for Baldridge Bread.

Those on the go... go for Baldridge Bread
