MOTEL DESTROYED BY FIRE

Little more than charred framework is left of the 14-room Ranch House Motel which burned at 1305 Avenue S shortly after midnight Tuesday. Three of the five upper rooms were destroyed; only two of the nine lower rooms remained unburned. Approximately 60,000 gallons of water were used in the two hours of fire fighting, according to Ivan Gatlin, fire marshal, who said the blaze apparently started from electrical wiring. J. C. Umphress, owner, said the building was insured.—(LaWayne Hulse photograph.)

Reds Pledge Neutrality And Ask Talks Continue

McCarthy May Not Get Chance To Name Names

WASHINGTON, Aug. 9. (AP)—Routine Senate business today threatened to delay Senator McCarthy's plans to make public the names of 29 state department employees whose loyalty, he says, has been questioned.

"I don't plan to delay the calendar call by making my speech in bits," the Wisconsin Republican told a reporter. "But I hope to get the floor, possibly late in the day."

The Senate was scheduled to call its calendar of bills under a system whereby routine measures are passed as read unless some Senator objects. Any Senator can speak for five minutes after each bill is brought up. In the past lengthy speeches in five-minute spurts.

"I never do that unless they try to shut me off," McCarthy said.

Chairman Gillete (D-Ia) of the subcommittee that policed last year's election campaign, said, meanwhile, that action on a request for an investigation of McCarthy, himself, probably will be delayed "at least six weeks."

Senator Benton (D-Conn) has asked for an investigation of McCarthy's part in the Maryland Senate election last fall of Senator John Marshall Butler (R-Md). Benton also suggested that McCarthy resign his Senate seat. McCarthy scoffed at the proposal and referred to his critic as a "mental midget."

Action on Benton's move will be delayed because the subcommittee on privileges and elections has other jobs pending, Gillette said. These include hearings on the Ohio senatorial election, which Gillette said he hoped to get started "next weekend."

Mercury Tops 100 for 5th Day, Weak Cool Front in Panhandle

The temperature topped the 100-degree mark for the fifth consecutive day in Snyder yesterday with a maximum reading of 106 degrees.

A cloudbank which rose in the northeast after dark brought little drop in temperatures. The mercury finally got down to 71 degrees before dawn but had risen to 80 degrees at 7:30 this morning.

By the Associated Press

The heat wave that has claimed at least 15 lives blanketed the state again today.

The weather bureau saw little sign of relief.

A cool front is in Oklahoma and the Panhandle area, today but a weather forecaster said that it was "weakening and slowing down" and would probably never get out of the Panhandle.

The latest heat victim is Victor Emanuel Anderson, 51, who died early today in a Houston hospital. Doctors said he suffered a heat stroke Wednesday.

Mrs. Dorothy Good, also of Houston, collapsed in her room last night. She died with her body temperature 109 degrees.

OTHER DEATHS, TOO

The blistering heat has been a contributing cause in at least four other deaths over Texas.

More than 25 points Wednesday reported temperatures of over 100 degrees. The hottest spot was on the far west border. There the thermometer hit 114.

Thundershowers dropped temperatures sharply in parts of the South Plains—in West Texas—and a little cooler weather came to parts of the Panhandle and the Texas coast.

The forecaster said it was "purely local".

"There's nothing to indicate any real break in the heat wave," he added.

WATER SHORTAGES

Water shortages hit some cities. Lands and gardens were dying, ranges and pasture lands were shriveled.

Denver City in West Texas had a half-inch rain and so did Morton, and areas to the southwest and south of Lubbock had good showers. Denver City also had a power failure caused by lightning.

Texans sweated and grumbled in such places as Henrietta which had 113 degrees, Wink 108, Cotulla 107, Laredo and Salt Flat 106; Del Rio, Fort Worth, Wichita Falls, Alice and Mineral Wells, 105.

Denison had its ninth straight day of 100-plus temperature and reported its first death from the heat. Henry Wiley, 50, a grocery clerk, died after a heat stroke.

SIX DALLAS DEATHS

Walter Lloyd, 77, was found dead in his sheet-iron shack at Vernon. Officers said he probably died of heat exhaustion and malnutrition. Vernon had 108 degrees for the third straight day.

Richard Parker, 47, died of heat prostration at Wichita Falls.

An unidentified inmate of the Houston city prison farm died — possibly from heat. The Texas heat toll now shows six in Dallas, five in Houston and one each in Austin, Sherman, Wichita Falls and Denison.

Two Versions Of Broadcast Are Received

TOKYO, Aug. 9. (AP) — Communist leaders in Korea asked the United Nations to resume cease-fire talks today and said there would be no further violations of the cease-fire zone unless they were created by the Allies.

Differing versions of the Red reply to Gen. Matthew B. Ridgway were intercepted in San Francisco and Tokyo. Both were from the Peiping radio.

An English language broadcast heard in San Francisco said the Reds told Ridgway things would go smoothly "unless you should deliberately fabricate incidents as an excuse to terminate the armistice negotiations."

An earlier Peiping broadcast heard here and translated from Chinese to Japanese to English worded the phrase this way: "As long as you have no intention of creating incidents."

In both translations, the top Red leaders said they had issued new orders that their soldiers observe the neutrality agreement. And both expressed hope that Ridgway would send his negotiators back to Kaesong to resume negotiations.

The Reds filed a new complaint that the Allies had violated the neutrality agreements.

An open Red violation of the neutrality zone pact led to a break down in negotiations.

"SOLEMN GUARANTEE"

The United Nations commander had demanded "complete compliance."

They answered today via Peiping radio: "we have already guaranteed strict adherence" to the neutrality agreement.

They added: "we hope you will order your truce team back to Kaesong."

There was no immediate indication when Ridgway would reply; nor when talks might be resumed.

Brig. Gen. William P. Nuckols, spokesman at the U. N. "peace camp" in Korea, said "any plans for the delegation to go to Kaesong very obviously await General Ridgway's instructions."

A spokesman at Ridgway's headquarters said the general had given no hint when he would answer but "we wouldn't be too surprised if one came" immediately.

FOLLOWS PROTEST

Red China's broadcast came a few hours after Communists protested Allied planes had violated a safe conduct pledge for truce convoys.

Top Communist negotiator, Lt. Gen. Nam Il, said a truck bearing white flags was machine-gunned Tuesday en route from Kaesong to the Red capital at Pyongyang.

Vice Adm. C. Turner Joy, head of the U. N. truce delegation, rejected the protest as invalid. He said Reds had not announced the time and route the truck would travel, as required.

Joy openly wondered whether the Reds "are abusing the use of white markings," supposed to be used exclusively by truce teams.

Chinese and North Korean commanders, in their message to Ridgway, said they would protest any apparent violations connected with negotiation agreements.

Their statement was a reply to a strongly worded declaration Ridgway broadcast 51 hours earlier.

Japanese Pact Over Soviet 'No' Expected

By JOHN M. HIGHTOWER

WASHINGTON, Aug. 9. (AP)—United States officials expressed confidence today that a Japanese peace treaty will be signed at San Francisco next month despite expected strong Soviet opposition.

Secretary of State Acheson told a news conference Wednesday he was sure the Kremlin would wage a propaganda campaign aimed at disrupting the treaty conference scheduled to open Sept. 4.

However, other officials were unable to foresee any action the Soviets might reasonably be expected to take which could succeed in disrupting the session.

Acheson's prediction grew out of a discussion of Soviet President Nikolai Shvernik's letter to President Truman earlier this week. Responding to a letter Mr. Truman had written him, Shvernik advocated a five-power "peace pact" which would include Red China.

Acheson challenged the Soviets to back up their avowed interest in peace objectives with deeds. He suggested they might start by working for peace in the United Nations.

President Truman has an opportunity at his news conference today to give his views on Shvernik's letter. He is expected to take substantially the same line which Acheson took, that is to treat it as Russian propaganda devoid of any hint of change in real Soviet policy.

Acheson said he did not know whether the Soviets would send a delegation to San Francisco.

Reds Troubled At Youth Meet

BERLIN, Aug. 9. (AP) — The West Berlin newspaper Telegraf reported today that more than 60 young East German Communists had been arrested by Red police for deserting their World Youth Festival to visit West Berlin.

The newspaper added that "several" leading officials of the Communist youth movement had been fired and arrested because of a breakdown in supply and organization for the festival, which has massed a half million youngsters into battered East Berlin.

West Berlin press reports also claimed that the blue-shirted East German Communist youths had engaged in several fights with "People's Police" who tried to bar them from visiting West Berlin.

Grand Jury Condemns County Jail Again, Indicts Sixteen

The grand jury, after returning 16 indictments, condemned the existing conditions at the county jail, made certain recommendations for improvements by the sheriff's department and the county commissioners and recessed yesterday afternoon. The report said:

"We the members of the grand jury, have made an inspection of the county jail which reveals to us that the health of the prisoners confined therein is in danger because of the grossly inadequate toilet facilities. There is only one commode for the use of 25 to 50 prisoners; that there are no facilities whatever for the prisoners to take a bath; there are no tables provided for preparation of the meals, the prisoners cooking their own food from one 2-burner hot plate, which stove is the only accommodation for the preparation of food for as many as 50 men; and the prisoners eat off of the floor or on their bunks.

NO SEGREGATION

"There are no facilities provided for the segregation of negro women from white women prisoners nor for the segregation of negro men from white men. Neither are there any facilities for confining juveniles and insane persons separate from other prisoners.

"The grand jury feels that these conditions could be improved, at least in part, by appropriate action on the part of the sheriff's department and the county commissioners—signed, Martin Murphy, foreman of the grand jury."

INDICTED

Those indicted who are either at liberty on bond or in jail, include the following: Shurman Leon Gray, 23, fleeing from scene of an accident; Floyd O. Bunch, 22, driving while intoxicated as a second offense, which is a felony (Bunch is being held on a murder charge in the Ector County jail); Reece Hester, 47, on two counts, one of swindling by worthless check and theft of commercial paper; Ivory Rose, 22, theft of automobile; A. R. Vessels, 33, indicted on two charges, one of assault with intent to murder, and the other of breaking in and entering a private residence with intent to kill; F. A. Barrett, for theft by bailee of an automobile (Barrett is in custody at Plains, Texas); Alfred Foshee, 31, on two charges, one of passing a forged instrument, and the other for passing a forged instrument.

The grand jury, while in recess is subject to call by Judge Ben F. Thorpe, of the 132nd district court during the current August term.

Colonel States He Got Players

WASHINGTON, Aug. 9. (AP)—Col. Lawrence (Biff) Jones, former graduate manager of athletics at West Point, said today he had asked many Congressmen to appoint good football players to the U. S. Military Academy.

Jones retired as graduate manager in early 1948. He said in the last three years he had visited Members of Congress at the request of Col. Earl Blaik, head coach at the Academy. He added:

"All received me very graciously. I met some fine people on these calls. I was never rebuffed and none gave any indication they resented my visits."

A number of Senators said they saw nothing wrong with the West Point policy of recruiting some high school football players. But other Senators found fault with it.

Jones, who for several years was head coach at West Point as well as at LSU, Oklahoma and Nebraska, said he was glad to make visits to Members of Congress "to help out Blaik."

Jones expressed regret that "somehow or other" the dismissed cadets will finally be identified publicly.

Chairman Hoey (D-NC) of the Senate's special investigating subcommittee said he did not see anything wrong with the Academy's policy of recruiting high school players.

Martin County Well Flowing At 432 Barrels

Tide Water Associated Oil Co. No. 1 E. B. Dickenson, indicated Ellenburger discovery in Central-South Martin County, was flowing oil at the calcaulated rate of 432 barrels per day at last reports.

After washing perforations at 12,087-105 feet with 500 gallons of mud acid, operator went into the hole to drillstem test those perforations. Packer was set at 11,818 feet. Gas was at the surface in 75 minutes, mud in 95 minutes and oil in 100 minutes.

At last report, the oil had been flowing at the rate of 18 barrels per hour. During the first 13 hours of the flow, tubing pressure was 100 pounds. It then dropped to eight pounds and remained constant the next seven hours. The flow is being gauged through a five - eighths - inch choke. The test tool is still in the hole.

The No. 1 Dickenson is 660 feet from north and east lines of section 44-37-T&P and nine miles west of Stanton.

FULLER SAND

Joseph I. O'Neill has reported completion of the No. 1 - F Feldman & Pardo from the Fuller sand in the Cogdell pool of Scurry County.

The well flowed six hours through a one - half inch choke to make an estimated potential of 1,321.76 barrels of 45.9 gravity oil. The flow was natural, with no water present. Gas - oil ratio was 231-1.

Casing pressure on the test was 100 pounds, with tubing pressure 200 pounds.

Top of the pay was at 5,117 feet. Five and one-half inch casing was set at 5,118 feet. Total depth is 5,140 feet.

The well is 467 feet from south and west lines of the lease in section 651-97-H&TC.

KENT COUNTY

Kewanee Oil & Gas Co., No. 1-F Wil Connell, outpost to the East Polar - Pennsylvanian field in Kent County, is drilling below 6,758 feet in shale.

Texas No. 1 Swenson, Northwest Kent County wildcat, is drilling in lime and shale below 6,728 feet.

GARZA COUNTY

Humble Oil & Refining Co. No. 1 Jeff Justice, Garza County exploration, is at total depth of 7,513 feet and waiting for cement to cure on five and one-half inch casing set at 7,499 feet.

Newest Water Well Is Tied Into System

Addition of a new well to the city's water supply and the anti-watering ordinance have given relief to the critical water shortage here W. J. Ramsey, city superintendent, said this morning.

A new 200 - gallon - per - minute well was tied into the city mains at about 5 o'clock Tuesday afternoon, while another is now being drilled, Ramsey said.

"We are in fair shape on reserve water storage this morning," he said.

"However, the emergency still exists and probably will until we get a good rain," he added.

"In fact," Ramsey said, "our water problems won't be over until we can get tied into the new lake now being built on the Colorado River—if then."

A test hole drilled at Seventeenth Street and Avenue M showed a highly favorable formation, and a well is now being drilled at the location. It was one of three test wells drilled by the city in the past two weeks in an attempt to determine location for a good producer near a water main so that it could be tied in quickly.

"If we have as good luck with this well as we had with the one tied into the mains Tuesday afternoon, we can probably tie it in within the next two weeks," he said.

Actually it took the city less than two weeks to drill, test, case, set the pump, and tie the last well into the city mains. Ramsey had anticipated having the well tied into the mains by Aug. 10 but favorable conditions permitted them to tie it in on Aug. 7—three days early.

The new well, completed at a cost of about $5,100, is the twenty-eighth in the city system.

Army Releases Last Of Jail Breakers

Army authorities have agreed to release Charles Ray Gardner, 18, last of the five men who escaped from the county jail here in March to Scurry County authorities, according to Bob Davie, district attorney.

Gardner was arrested by FBI agents at Ford Ord, Calif.

In April, Gardner was indicted on a charge of robbery by assault of Elmer Sikes.

Davie is discussing the extradition of Gardner with the governor, he said this morning.

West Germany Demands To Keep More Coal

BONN, Aug. 9. (AP)—West Germany indicated today it might pull out of the International Ruhr Authority unless her export quota is reduced.

Files Cleaned Up By Police

Records and filing system of the police department are being cleaned out and brought up to date under the supervision of Ray J. Keenan, new police chief.

The record system is being gone through thoroughly and pictures, partial records, and finger prints which have no possible future use as aids in crime detention are being destroyed, Keenan said.

"We have burned some of the incomplete records which had no value so that we could put the filing space to active use," he added.

To be of value a record, picture, or finger print must be made in triplicate with a copy retained by the local police department, and one copy sent to each the Federal Bureau of Investigation in Washington, and the State Department of Public Safety in Austin, Keenan said.

He added that there were no copies of the destroyed records to be forwarded to the higher agencies, and that all the destroyed matter was worthless, but occupied filing space for his new system.

Absentee Vote Deadline Set

Midnight Tuesday is the deadline on absentee voting in the bond elections ordered for next Saturday.

Pat Johnston, county clerk, said all ballots cast in the absentee voting must be returned to his office in the courthouse before midnight Tuesday. The law governing such voting states that three full days must be allowed between the acceptance of absentee ballots and the beginning of voting at the polls.

The procedure for absentee voting is: present poll tax receipts or exemption certificates to the county clerk and obtain ballots and envelopes in which the ballots must be sealed after marking. Forms on the back of the envelopes must then be filled out in full, and the envelopes are ready to be returned to the clerk.

Less than a dozen absentee ballots have been cast so far, Johnston said.

Absentee ballots may be cast only by qualified voters who are unable to go to the polls because of either illness, physical disability, or absence from the county.

Two Men Off Police Department Rolls Today

Strength of the city police department dropped from 12 to 10 men with the suspension of one man and the resignation of another, Ray J. Keenan, chief, said.

Earl W. Bonner, police sergeant, resigned because personnel in the department had been put on a 12-hour work day, and another man whose name was not disclosed was suspended, temporarily, Keenan said.

Rumor Change In Foreign Aid

WASHINGTON, Aug. 9. (AP) — A House committee reportedly has agreed tentatively to lop $1 billion from President Truman's $8.5 billion foreign aid program and place the entire program under a new high-level official.

The decision — subject to possible reversal later — was reported Wednesday night by members of the House Foreign Affairs Committee. Although some members were absent when the agreement was reached at a closed door session, those present said they didn't expect a reversal.

The committee plan would place both economic and military aid under a new administrator, appointed by the President and confirmed by the Senate. He would be responsible only to the President but would work closely with the State and Defense Departments.

Such a plan could be expected to gain support from Republican forces which have been pressing for removal of foreign aid direction from Secretary of State Acheson.

Another Move Planned To Save Richard McGee

LUBBOCK, Aug. 9. (AP)—Attorneys for Richard W. McGee, doomed for the murder of R. L. Allston, may resort to a mandamus in an effort to get him a sanity trial.

Judge Dan A. Blair has denied an application for such a hearing.

McGee was convicted in 1949 of killing Allston and is in the death house at Huntsville. He was ordered executed Aug. 2 but got a 30-day reprieve to seek the sanity hearing.

Russia Knew In Advance About Pearl Harbor, Japanese Says

WASHINGTON, Aug. 9. (AP)—Japan's top investigating officer testified today the Russians knew a month before Pearl Harbor of the Japanese plan to strike at the United States and Britain in the Pacific.

The House Unamerican Activities Committee drew this testimony from Mitsusada Yoshikawa, chief of the special investigating bureau of the Japanese attorney general's office.

The House group and a Senate subcommittee were simultaneously holding separate hearings revolving about activities of a Soviet spy ring, headed by Richard Sorge, which operated in Japan before and during World War II.

Before the Senators, Maj. Gen. Charles Willoughby testified he sought in 1949 to "unmask" members of this spy ring but was overruled by military authorities in Washington.

MESSAGE TO MOSCOW

Yoshikawa testified Sorge's spy apparatus sent a message to Moscow early in October, 1941, while U. S.-Japanese peace talks were going on in Washington. He quoted it as advising that "if America refuses to compromise by the middle of October, Japan will attack America, the Malay countries, Singapore and Sumatra."

Willoughby, former military intelligence chief under Gen. MacArthur, testified before the Senate Internal Security Subcommittee. It is checking whether there have been subversive influences on United States foreign policy.

Willoughby said "the best legal American talent in Tokyo" had approved as proper evidence a report naming Writer Guenthen stein and the late Agnes Smedley, conducted "a smear campaign" against the report, which he had made public, and "that the War Department public relations officers, in my recollection and the Secretary of War's office, then under Mr. Toyall" squelched a report as a result.

"INDIRECT REPUDIATION"

He said the report met a fate of "indirect repudiation" when these men "indicated this report never should habe been publishd"

Kenneth C. Royall, now a lawyer, was Secretary of War at the time.

"No action ever was taken," Willoughby said. "Smedley never sued for libel (as she had threatened), and the case died for lack of further attention."

The committee has taken testimoney that both Mrs. Smedley and Stein were connected with the Institute of Pacific Relations, private research organization founded in the 1920s with the announced objective of studying Far Eastern problems.

Willoughby said Stein was "thoroughly implicated" in the spy ring. He described Stein as an "itinerant journalist" and said he became a British citizen in Hong Kong in 1941.

PREVIOUSLY MENTIONED

When Willoughby mentioned Stein, Robert Morris, subcommittee counsel, noted that previous testimony had linked Stein with the IPR.

Morris also said Stein was a British delegate to an IPR conference at Hot Springs, Ark., in 1945.

Willoughby said Stein was arrested this spring by French secret police on a charge of Soviet espionage and was deported from France.

Willughby said Stein was "not present at the time" the Soviet spy ring came to the notice of Japanese intelligence agents during the war.

"Otherwise," the general said, "he would have been arrested."

Willoughby also said that at the time of an initial Army report in 1949 on the spy ring, Stein had disappeared and was not heard of again until the French secret police arrested him.

WEATHER

WEST TEXAS: Partly cloudy and continued high temperatures tonight and Friday except widely scattered afternoon or evening thundershowers in the Panhandle.

EAST TEXAS: Generally fair and continued high temperatures tonight and Friday except a little cooler in extreme northwest portion tonight.

SHOW FOR A GUZZLE

Fuzzy, a good-natured black bear at North Bay, Ontario, drinks soda pop during the tourist season when his winning ways inspire visitors to pay the tariff.

PERMIAN OIL NEWS

Field Location In Sharon Ridge-Canyon Flows 216 Barrels

R. E. Smith No. 22-B Thompson, Sharon Ridge - Canyon field location, flowed 24 hours to make 216.57 barrels of 44.2 gravity oil on the official potential test.

Gas - oil ratio was 690-1. The flow was gauged through a one-quarter inch choke with casing pressure 90 pounds and tubing pressure 425. No water was present.

Top of the pay section was at 6,612 feet. Casing was cemented at 6,616 feet. Total depth is 6,646 feet.

The well is in section 120-25-H&TC.

• • •

Kelley-Snyder Well Is Finaled from C Zone Of Strawn for 248 Bbls.

Cities Service No. 5-B Popnoe, Kelley - Snyder field well, has been completed from the C zone of the Strawn section for 548.82 barrels of oil with 2.8 per cent water.

The potential was estimated from an eight - hour flow. Gravity of the oil was 40 degrees. Gas - oil ratio on the test was 1,220-1.

The flow was through a one-half inch choke with casing pressure 113 and tubing pressure 126. The hole had been washed with 500 gallons of mud acid and 3,000 gallons of acid.

Pay was topped at 7,610 feet. The hole was plugged back to 7,662 feet from original total depth of 7,803 feet.

The well is in section 158-3-H&GN.

• • •

Dawson Wildcat Logs Shows of Oil In Cores

El Tee Oil Co. No. 1-96 Briley and others, Central - West Dawson County wildcat 15 miles west and slightly north of Lamesa logged some interesting shows of oil in cores between 7,300 feet and the present total depth of 7,354 feet in an unidentified Permian lime.

The cores through that 54-foot section had 100 per cent recovery.

The project has run a drillstem test at 7,310-54 feet. Results of that investigation had not been reported.

Some observers had thought that the project was in the Spraberry. However informed sources report that the section which has the shows of oil is a straight lime and they do not think it is Spraberry.

Location is in section 96-M-EL-&RR. That puts it three miles east of the Gaines County line.

White Leads Mississippi Primary Race

By the Associated Press

The Democratic organization in Virginia headed by Sen. Byrd has emerged about as strong as ever from Tuesday's primary elections.

In Mississippi, former Governor Hugh White appeared to be one of the two candidates who will battle it out in a run-off primary Aug. 28 for the gubernatorial nomination.

Who his opponent will be remained in doubt. Unofficial returns from Tuesday gave White 85,321 out of 367,562 votes. The rest of the votes were so split as to make it impossible for any candidate to get a majority.

Second place was a three-way toss-up. With some 20,000 votes yet to be tabulated, Paul Johnson, Jr., had 77,812 votes; Lieut. Gov. Sam Lumpkin had 76,496, and Ross Barnet 73,003.

The Byrd faction in Virginia lost two state Senate races both in touch-and-go areas. A "People's Party" ticket in Princess Anne County challenged the Byrd group up and down the line, but lost every race. Attorney Victor C. Wilson turned back the Byrd organization by defeating C. Alvin Massenburg in the Newport News area.

Near Washington, Senator Andrew W. Clarke was unseated, by 101 votes, by a political newcomer, Lawyer John A. K. Conovan.

Elsewhere, the Byrd organization scored almost a clean sweep.

Five Amendments Will Be Voted November 13

AUSTIN, Aug. 9. (AP)—A proclamation setting Nov. 13 as a special election day for five proposed amendments was issued Wednesday by Gov. Shivers.

The amendments would:

Raise the annual public welfare ceiling from $35 million to $42 million.

Permit rural fire prevention districts to increase their maximum tax rate to 50 cents per $100 valuation.

Allow the state to issue $75 million more in bond for financing of the veterans land program.

Permit counties to set up retirement and disability pension systems.

Allow the University of Texas to invest its permanent fund in other than governmental bonds and securities.

Suspected Marijuana Grower Put In Jail

LONGVIEW, Aug. 9. (AP)—A man suspected of cultivating a patch of marijuana was in jail today.

The man was arrested by Constable Truman Clark of Hallsville Wednesday night.

The marijuana was pulled up near Longview.

Standard To Deepen Hale Wildcat Failure

Standard Oil Co. of Texas No. 1 Joe E. Kelichor, wildcat failure in Central - East Hale County, 10 miles north of Petersburg, is to be re-entered and deepened to 11,000 feet for a test of the Ellenburger.

The project was plugged and abandoned by Standard in 1947 on total depth of 8,010 feet in Pennsylvanian lime.

Drillsite is in the northeast corner of league 3 and in lot 97, Callihan County school land survey.

Drilling out and deepening operations are to start at once.

• • •

Lynn County Wildcat Testing In Spraberry

Humble Oil & Refining Co. is running a drillstem test to total depth of 7,090 feet in the Spraberry at No. 1 Jarrell Q. Cox, wildcat in Central - West Lynn County.

Packer is set for the test at 7,050 feet which is the top of Spraberry. No elevation has been run.

This project is 14 miles west of Tahoka and in section 49-E-EL&RR.

NO. 1 THOMAS

Humble No. 1 Thomas, possible Mississippian discovery in Southwest Lynn County, swabbed natural on perforations at 10,894-914 feet and made an average of three barrels of fluid per hour for 16 hours.

The recovery was 50 per cent oil and 25 per cent salt water and the rest basic sediment and water.

Operator is preparing to treat the perforations with 1,000 gallons of acid and test further.

Location is in section 35, H-EL&RR, and 10 miles northwest of O'Donnell.

• • •

Two Wildcats Slated For Runnels County

Two wildcats have been staked in Runnels County.

Baker & Baylor Drilling Co. of Amarillo will drill the No. 1 Noma Brannon 330 feet from northwest and 1,267 feet from southwest lines of a 246-acre tract in section 558-8-Hickman survey.

The 5,000 foot test is two miles southwest of Winneth in Northwest Runnels County.

LaGloria Corp. spotted the other Runnels County operation.

No. 1 C. C. Gray will be projected to 4,200 feet and will be drilled 2,720 feet from north and 2,500 feet from east lines of section 147, ET survey. It is on a 438.2-acre lease.

Location is five miles northeast of Ballinger.

• • •

Reagan Offset Staked

Tide Water Associated Oil Co. is scheduled to drill its No. 1 E. C. Wilde as a south offset to Sohio Petroleum Co. No. 1 E. P. Williams, indicated Spraberry discovery in Northwest Reagan County.

Location of the new tester is 660 feet from north and west lines and section 30-36-t5s-T&P.

South Plains Water District May Be Formed

PLAINVIEW, Aug. 9. (AP)—High plains residents speak out today on regulating water beneath their lands. From this testimony, the State Board of Water Engineers will decide whether to call an election for the creation of an underground water district.

This district would have seven board functions authorized by the legislature. It could also levy a tax not exceeding 50 cents on the $100 valuation for its administration.

The proposal for an underground water district has stirred wide interest over the 21-county, 10,649-mile area it would embrace.

The district can not require permits for certain type wells such as those producing under 100,000 gallons of underground water a day, or producing more than this amount but meeting regulations applicable to an underground water reservoir.

Make and enforce rules for the conservation and recharging of underground water of the district.

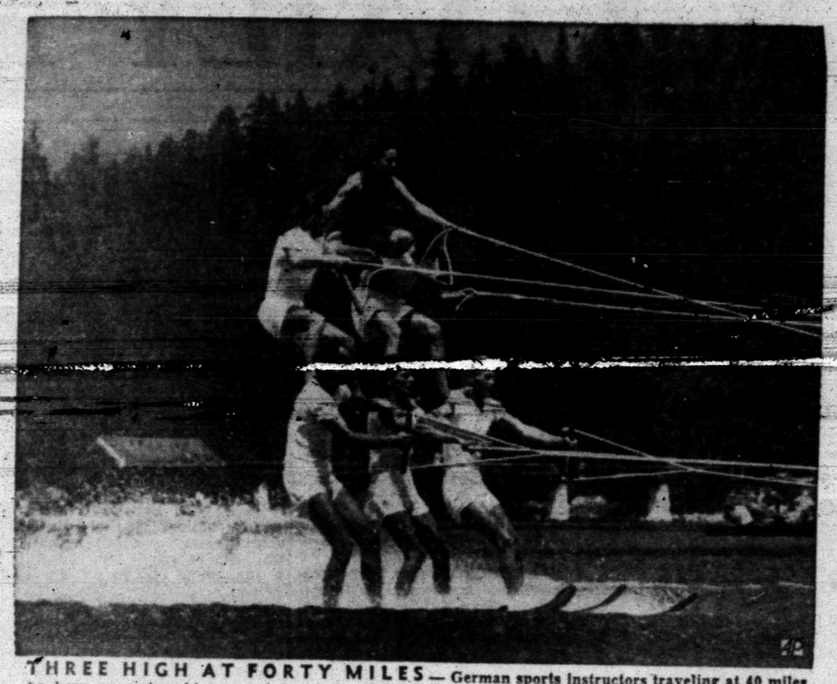

Acquire lands for dams or draining lakes and to install pumps and other equipment to recharge the underground reservoir.

Enforce its rules by injunction secured in court.

The proposed district would embrace all or a portion of these counties: Armstrong, Bailey, Briscoe, Castro, Cochran, Crosby, Dawson, Dickens, Floyd, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Oldham, Parmer, Potter, Randall, Swisher and Terry.

Price Daniel Elected

SEATTLE, Aug. 9. (AP) Price Daniel, Texas attorney general, was elected first vice president Wednesday of the National Association of Attorneys General.

THREE HIGH AT FORTY MILES— German sports instructors traveling at 40 miles an hour on water skis succeed in creating six-person water pyramid on the Eib Sea near Munich.

County's Total Deep Oil Wells Reaches 1,785

Scurry County oil wells producing from pre - Permian formations rose to 1,785 during the week ending Aug. 1 according to the drilling resume completed on that day.

A total of 1,903 wells have been completed from pre - Permian formations. These wells include 30 wildcat producers and eight wildcat producers with no designation. Field location and wildcat dry holes now total 110.

Four wildcats were drilling on Aug. 1, an increase of one over July 25. Field wells drilling had increased from 40 on July 25 to 45 on Aug. 1. Thirty - six additional field wells were slated for drilling on Aug. 1, although no wildcats were pending.

On Aug. 2, 1950, 1,167 pre-Permian completions, including both producers and dry holes, had been completed. Three wildcats and 164 field locations were drilling, with two wildcats and 108 field locations pending.

Mrs. Moore's Funeral Set

Funeral services for Mrs. Lula Sonora Moore, 65, of 1712 Twenty-eighth Street, will be held at 3 o'clock tomorrow afternoon at the First Baptist Church.

Mrs. Moore died about 4:50 o'clock yesterday afternoon following a heart attack. She was being taken to a hospital, and died enroute.

Mrs. Moore had been a resident of Scurry County for 20 years, and had made her home in Texas for 27 years. Her husband, the late John Moore, died in August, 1942.

The Rev. E. K. Shepherd is to officiate at funeral services. Burial will be in Snyder cemetery.

Survivors include children, David Moore, Paula Moore, Grady Moore, Mrs. Octavia Pierce all of Snyder; Mrs. Geneva Ware and Mrs. Stella Irvin of Sweetwater; Doyle Moore of Peoria, Ariz., E. E. Moore, stationed at Carswell Air Force Base in Fort Worth; Mrs. Annie Ruth Carter of Lamesa and Milton Moore of Lubbock; five brothers, Sherman Bailey of Georgia and Cimmey Bailey, Erbbie Bailey and Doyle Bailey, all of Alabama; two sisters, Mrs. Eddie Askins of Georgia and Mrs. Fonnie Miller of Florida.

Pallbearers will be Burton Echoles, Mardell Winters, Albert Bills, Will Merritt, Jack Ramsey and Arlie Eicke.

Bolger - Barnes Funeral Home will be in charge of arrangements.

City Connects 23 New Water Meters in Month

An increase of 29 new water meters was made by the city water department last month, the monthly report of W. J. Ramsey, city superintendent, showed.

Completing 633 orders of various kinds during the month, the water department connected 128 new meters, and disconnected 99.

There are now 2,782 water meters in service, the report showed. The city also has 2,192 sewer accounts.

Total collections for the water and sewer department were also up for July, probably because of the heavy dry - weather drain on the water supply. Collections for July totaled $23,267.74.

May's collections in the water and sewer department totaled $15,793.49, and were less than $15,000 in January.

Texas Cotton Prospects Fair

AUSTIN, Aug. 8. (AP)—One of the two largest Texas cotton crops since 1937 could be realized this year, the U. S. Department of Agriculture said today.

The agency, analyzing its prediction of Wednesday that Texas would produce five million bales, said the figure could be achieved if average conditions prevailed after Aug. 1.

State Agriculture Commissioner John White said he doubted the estimate would hole up in view of the August heat wave. He predicted a decline of one-half to one million bales under the forecast.

A five million-bale crop would be two million bales larger than last year and the 1940-49 average.

The indicated yield per acre of 187 pounds of lint is 24 pounds below the 211 pounds harvested last year but is six pounds above the 1940-49 average.

Assuming average abandonment on the 13,125,000 acres under cultivation July 1, acreage for harvest would be 12,810,000 acres, nearly double that of last year and the largest since 1932, when over 13 million acres were harvested.

Production in each crop reporting district except No. 7, was expected on Aug. 1 to be considerably above last year and also above the average for recent years.

Poor prospects in District 7, generally covering the southern low rolling plains, the southern blacklands, and south central counties, point to a crop somewhat below last year but above average.

Rails Advance Nearly $2 At Market's Opening

NEW YORK, Aug. 9. (AP)—Railroads were strong in a generally higher stock market today at the opening.

Carriers gained up to nearly $2 a share at the start. Many steels, motors, and oils, however, posted small losses.

Moving higher were Santa Fe, American Telephone, Du Pont, Texas Co. and U. S. Steel.

July Corporation Court Fines Increase Over Previous Month's Total

Fines collected in corporation court on arrests made during July by the police department showed an increase of $1,264 over fines collected in June. The July total was $2,745.

A total of 300 charges were filed against persons jailed or cited for traffic violations during July. Of those, 106 persons were arrested.

Intoxication continues to head the list of arrests made by the department. Various arrests were: intoxication 44, reckless driving nine, intoxicated in automobile, 21, driving while intoxicated two, investigation of insanity two, attempted escape one, one arrest for murder, simple assault three, disturbance seven, night prowling one, investigation for automobile theft three, affray one, investigation of burglary two, theft eight, assault with attempt to kill one, auto theft one talking to prisoners one, and investigation for violation of probation.

The department's three cars used 910 gallons of gas and 61 quarts of oil in traveling a combined total of 9,676 miles during the month.

De Gasperi Wins Slim Vote Of Confidence

ROME, Aug. 9. (AP)—Premier Alcide de Gasperi won a 291-to-175 vote of confidence today for his government in the chamber of deputies after a stormy session in which he denounced both Communists and Fascists. His fiery speech touched off a brief fist fight between Communists and Christian Democrats.

The leader of the Christian Democratic Party won a half-hearted 151-101 vote of confidence from the Senate Wednesday. He was alternately booed and cheered.

Many Will Be Questioned In Noble's Death

DALLAS, Aug. 9. (AP) — Gambler Herbert Noble, the cat with 11 lives, will be buried today while officers seek the men who blasted him to bits.

Eleven times the silvery-haired gambler escaped attempts on his life—for which he was nicknamed The Cat—but Sunday a gun Tuesday, a car bomb and a mine both failed near his ranch 25 miles north of here.

Three Fort Worth police characterized several members of the old Lois Green gang here would be questioned.

Lois Green was the Dallas gangster killed outside a Dallas night club in 1949—a week before an ambusher wounded Noble at his Dallas home. Noble was questioned in Greens death. Green had been queried in the bomb death of Noble's wife.

Benny Binion, a gambler Noble said "never liked me too much," asserted at Las Vegas, Nev.:

"I had nothing to do with it. The first thing I knew about it was when I got a call from the Fort Worth Star-Telegram. I told them I did not know anything about it. I haven't any feeling one way or the other about Noble's death. I knew him just as another guy. I never had any cross words or business dealings with him. I never was associated either in a friendly way or any other way with Noble."

Noble had said that Binion took a dislike to him 10 years ago when he had taken a fling at the policy game in competition with the Nevada gambler, then a resident of Dallas.

Binion is under indictment here on policy game charges. Attempts to extradite him have failed.

Bill Decker, Dallas County sheriff, said although he never knew Noble and Binion to work together "you might say they were associated competitively."

World Title In Golf At Stake

CHICAGO, Aug. 9. (AP) — Ben Hogan and 63 other pros charged today after golf's biggest purse, $12,500, in the Tam O'Shanter.

Promoter George S. May, who introduced $1 golf to Chicago's populace, has upped his turnstile fee to $2.60 for today and Friday and $3.60 for the final two days of the 72-hole meet he calls the "World Championship of Golf."

Golf-loving addicts get a look at Hogan, three-time National Open winner and will be making his first Chicago appearance since 1947.

May has put up $56,000 for his self-styled "world" affair. The women, featuring such pros as Babe Zaharias, Patty Berg, Louise Suggs and Alice and Marlene Bauer, will be shooting for a $2,100 first award.

Ten men amateurs, led by Frank Stranahan, will be playing along with the pros for the "World" crown.

The "World" winner would receive $17,500, but second place would drop down to $7,500. The PGA is expected to frown on such [illegible] to be forthcoming.

Legion Teams Go Into Playoff In Fort Worth

LUBBOCK, Aug. 9. (AP) — Reagan of Houston plays Paschal of Fort Worth tonight to furnish a finalist against Austin for the Texas American Legion Junior Baseball championship.

Austin reached the title game Wednesday night by blasting Reagan, 15-1.

Reagan and Paschal meet in the losers' bracket with the winner to meet Austin Friday night for the championship.

Paschal edged Lubbock, 14-12.

Hambletonian Today

GOSHEN, N.Y., Aug. 9. (AP)—The pick of the nation's three-year old trotters brought their battle for the riches and glory that go with winning the Hambletonian to Good Time Park's triangular racing strip today.

The area of the Netherlands is 15,764 square miles.

Peiping has a population of 1,556,364.

California produces more gold than any other state.

Fire Is Extinguished At Star Night Club

An early morning fire damaged the air conditioning unit at the Star Night Club north of Snyder, but did no serious damage to the club building, Ivan Gatlin, fire department superintendent, said.

The fire, reported at 2 o'clock this morning was well underway in the air conditioner when firemen arrived, but was quickly put out with damage being confined to the wooden cooling tower portion of the unit, Gatlin said.

Cathedral, Theatre Burn

SAN SALVADOR, El Salvador, Aug. [illegible] destroyed Metropolitan Cathedral and National Theatre Wednesday night. Eighty persons were injured fleeing the theatre. Damage was estimated at $200,000.

Beadel's Square Meal Salad

Featuring Hellman's Real Whole Egg Mayonnaise

Try These Delicious Salads Today:

SQUARE MEAL SALAD
6 Tomatoes
1½ cups diced cooked veal
½ cup cooked peas
½ cup celery crescents
1 tablespoon minced onion
½ teaspoon salt
⅛ teaspoon pepper
Hellmann's Real Mayonnaise
6 slices toast
Parsley
Cut tops from tomatoes and remove pulp; turn cups upside down to drain. Combine veal, peas, celery, onion and season with salt and pepper. Add a little Real Mayonnaise just to hold mixture together. Sprinkle inside of tomato cups with salt and pepper and fill with veal mixture. Top each with spoonful of Real Mayonnaise and broil 10 minutes to brown lightly. When browned, serve hot on toast. Yield: 6 servings.

WESTERN SALAD
2 teaspoons Best Foods Mustard with Horseradish

NEWS FROM FLUVANNA

By MRS. TENNIE J. CREEK

Mrs. Jessie Sims was called to Dallas Sunday to be with her brother, Hollis Letcher, who is ill in a hospital there.

Mr. and Mrs. Lee Lavender and Mr. and Mrs. H. C. Carmichael left Monday to return Mrs. Cullen Perry to her home in Piney Comfort, Mo. They also plan to visit there.

Don McDonald left Tuesday for Pampa where he will enter the rodeo.

Mrs. Cleo Tarter and daughter visited in the Carmichael home over the week end.

Chester McDonald and family spent the week end in Bangs, Tex., visiting relatives and friends.

Mr. and Mrs. Hub Carmichael spent the last two weeks visiting her sister, Mrs. Annie Loveless, in Big Spring.

Fred Jennings has returned home after spending several days with relatives in Abilene. His grandson, Tommie Rodgers, of Lamesa is spending this week with him.

Mr. and Mrs. A. J. Griffin of Sylvester visited Mrs. Raymond Griffin and daughter over the week end. Mrs. A. B. Alexander and children also visited there Sunday.

Mrs. Vera Knight of Houston and Mr. and Mrs. Dolph Favors of Snyder visited friends here Tuesday.

Mr. and Mrs. Rawleigh Mason have returned from a trip to Missouri.

Mrs. Eunice Nesbitt visited Mr. and Mrs. J. J. Belew Monday.

Mr. and Mrs. Fred Winters and Mr. and Mrs. J G Landrum were in Big Spring Monday.

Mr. and Mrs. Henry Moody of Ballinger visited Mr. and Mrs. T. C. Maynard and other friends over the week end.

Jackie Stancell of Jacksboro is visiting relatives here this week.

Mr. and Mrs. Bob Jennings and Mr. and Mrs. Roy Pehmister attended services at the Church of Christ in Dunn Monday night.

Mr. and Mrs. T. M. Hughes attended the Baptist Association meeting in Anson last Sunday.

Bob Jennings left Wednesday for Little Rock, Ark., after receiving word that his brother is ill there.

Mr. and Mrs. A. R. Marley spent the week end with relatives at Hobbs, N.M.

Alton Milliken, Mert Jones and Don Jones made a business trip to Fort Worth Monday.

The Pruitt Brothers of Lovington, N.M., were here buying cattle Tuesday.

Sgt. Raymond Griffin is now home recuperating from injuries received in an accident at Biggs Field in El Paso recently. Mrs. Griffin and their daughter Shirley Raye, met him in Big Spring Tuesday night.

Mr. and Mrs. Clyde Bankston and sons are now here in the home of Mr. and Mrs. Alford Browning. Mr. Bankston, who suffered a serious back injury recently, was released from an Abilene hospital Tuesday.

Mrs. H. M. Creek spent the week end with her father, J. R. Jones. Johnnie and Frances Creek were other guests there.

Mrs. Tennie J. Creek and Miss Bertie Lee Kellner flew to Big Spring and back Saturday afternoon.

Joe Lewis of Houston visited friends here over the week end.

J. R. Jones returned home Friday after spending several days in Cloudcroft, N.M.

Arch Lavender, who was hospitalized after suffering a back injury last week, is reported in satisfactory condition.

Mrs. W. A. Reeder, Mrs. Cullen Perry and Loy Reeder visited relatives in Dallas over the week end.

Mr. and Mrs. C. A. Daugherty and son of Missouri are visiting his parents, Mr. and Mrs. R. V. Daugherty.

Mr and Mrs. John Stavely drove to Sweetwater Sunday to visit Mrs. Stavely's parents, Mr. and Mrs. W. R. Craft, and her sister.

John Stavely attended a REA meeting in Roby Saturday.

Mr. and Mrs. C. F. Landrum have returned home after a month-long tour through the Western states.

Recent guests of Mr. and Mrs. Sipes were Mr. and Mrs. Earl Whitaker of Odessa, Ezike Smith of Colorado City and the Rev. and Mrs. Patterson and family of Sweetwater.

A reunion of the Dyess family was held Sunday at Dermott park. Those attending were Mr. and Mrs. D. J. Dyess and children and Mr. and Mrs. James Sharp, all of Spur; Mrs. C. M. Newberry and daughter of Enid, Okla.; Mr. and Mrs. Mervin Newberry of Lubbock; Mr. and Mrs. Lon Dyess and children of Roggen, Colo.; Mr. and Mrs. Curtice Dyess and children of Winters; Mr. and Mrs. C. F. Washmon of Grand Saline; Miss Sue Watson of Dallas; Andy Combs of Sweetwater; Mr. and Mrs. Frank Pinkerton and children and Mr. and Mrs. Jimmie Dyess and daughter, all of Snyder, and Mr. and Mrs. A. J. Dyess of Fluvanna.

Guests of Mr. and Mrs. A. J. Dyess recently were Mr and Mrs. R. E. Flowers of Fort Worth, Charles Washmon of San Antonio and Miss Betty Ann Acrey of Dallas.

made by the Shell Oil Co. and shown through the courtesy of the Rev. Clifford Taylor.

Guests were M. E. Stanfield, superintendent of schools; Frank Wilson, director of education in the Snyder schools, and J. M. Kayser, line coach of the football team.

Kiwanis Plans Project For Children's Fund

In order to boost their funds for underprivileged children's work in this community, the Kiwanis Club has voted to place about 350 ball gum machines throughout the city it was announced at the club luncheon held at the Sage and Sand yesterday. Revenue from the vending machines will be used exclusively for the underprivileged children's fund.

Leroy Johnson has been named general chairman of the penny gum machine program, and will be assisted by Dr. William Jones and W. James, as team captains. Members of the club will be divided into two teams.

The entertainment feature of the luncheon was a film telling the story of aviation and gasoline, made by the Shell Oil Co. and shown through the courtesy of the Rev. Clifford Taylor.

Testimony On Vet Scandal

WASHINGTON, Aug. 9. (AP) — Lieut. Col. Leon P. Howell, a former veterans administration officer in Texas, was called to give his side of the story today concerning charges of misconduct in office.

The hearing was before a special House committee headed by Chairman Teague of Texas.

The committee, Teague said, will ask Howell to explain charges that he had made personal use of government transportation while with the VA and had used his influence to help a friend get a loan and a veteran's disability rating.

Howell was manager of regional VA offices in San Antonio, Houston and Dallas and once was head of a sub-regional office in Beaumont.

Howell quit his San Antonio VA managership early this year after the Teague committee and VA headquarters began an investigation of the GI education program in Texas.

Not Quite in Family

BROOKLYN, N. Y. (AP)—"This telegrapher must think I'm crazy, but as one Brooklyn boy to another and as one Tommy Homes to another Tommy Holmes, here's wishing you the best."

That was the telegram Tommy Holmes, Brooklyn Eagle sports columnist, sent to Tommy Holmes after the latter became manager of the Boston Braves. They are not related but have been friends for almost 20 years.

The Romans introduced the bagpipe to the British Isles.

George Washington had sandy hair and blue eyes.

U. S. Offers No Counterattack In Red Psychological Battle

DOROTHY THOMPSON

Much can be learned about one's own failures by studying the tactics of one's opponents.

Communist propaganda today is not emphasizing the material benefits of life in sovietized countries. It is emphasizing the benefits of peace. It is less concerned with creating pro-Russian feeling than with whipping up Anti-American feeling, by presenting the United States as the leading warmonger, and the power most likely to precipitate the third world war.

The old Communist argument about the inherently warlike nature of capitalism in its later "imperialist" phases has become relevant are the publicized Soviet overtures for a great - power peace settlement. The Soviet lead in obtaining a cease - fire in Korea; the reiteration of belief in the peaceable co-existence of Capitalist and Communist states; the protests against the revival of German militarism, and the call for German neutralization; and proposals to end occupations; and the charge that the United States is flirting with fascism.

• • •

This campaign is winning adherents who are not Communists. Millions signed the Soviet peace petition who, under no circumstances, would welcome a Communist government in their own countires. The spectacular rally in East Berlin of youth from all countries — including a handful of Americans—all demonstrating, under their own national flags, for peace with Stalin is symptomatic. Before the festival ends 2,000,000 people are expected to visit the Soviet sector — half a million, it is claimed, are already there. Thus the Communists perpetually dramatize the idea of peace.

• • •

It is inadequate to counter this by warnings of Soviet trickery, by the exposure of a generation of Communist aims, by the reiteration that the West by building military strength aims (at some undefined point and by undefined means) to put an end to war.

People respond to symbols. In the average mind generals are symbols of war. Soviet generals are very much in the background. No hint comes out of Russia that they have anything to do with making political policy. American generals are all over the place, and patently do influence political policy.

Soviet belligerency is carefully mixed with Pacific overtures. The Soviets carry on a hate campaign but simultaneously offer olive branches, while no overtures whatever come from the West.

I do not pretend to know whether the Soviets, in genuine fear, would be prepared to make any concessions for a great - power peace, or whether the whole campaign is a maneuver of unadulterated hypocrisy. The point is that as long as the overtures are not met and tested by counter - overtures, it is psychologically effective.

• • •

In the recent French election 5,000,000 persons, one - fifth of the electorate, voted Communist. The French Communist party has never in its most exaggerated estimates claimed more than a million members. Why did 4,000,000 Frenchmen prefer Russia to the United States? That is difficult to answer precisely, but the keenest observers have reported growing apprehension that America means war, and with France as a battleground.

The negotiations with General Franco could not have been more unfortunate, from the viewpoint of influencing these 4,000,000 non-Communist Frenchmen who tomorrow may either double or halve their number. These Frenchmen (mostly industrial workers and largely from the steel area) hate Franco.

The negotiations lend substance to Russian charges of American fascist sympathies. But Frenchmen further ask themselves, "for what sort of war does the U.S. want bases in Spain? To fight Russian armies once they have overrun France? To 'liberate' France once more" If that notion gets fixed, French opinion will certainly move toward neutrality.

In short, the battle for the minds of men is not going well for the United States, which singularly lacks the capacity to see herself as others see her. And if we lose the minds of men, military force alone will be unavailing.

(Released By The Bell Syndicate)

Marshall Women To Write Every Member Of Congress On Tax

MARSHALL, Aug. 9. (AP) — Congressmen are due to find their mail picking up shortly. The postmark will be Marshall, where wives are balking at collecting Social Security taxes from their servants

The defiant women said Wednesday they would write personal letters to every Congressman, urging repeal of the federal law that requires them to collect the taxes.

Treasury agents have been in town this week, taking $46 from the bank accounts of 10 women who refused to pay the taxes.

Some 20 women who don't have domestic help said they had endorsed the stand of the women who do.

Canada Picks Starters For Tennis Tourney

MONTREAL, Aug. 9. (AP)—Canada's top tennis aces Brenjan Macken of Montreal and Lorne Main of Vancouver received starting assignments today in Friday's opening singles matches of the North American final Davis Cup tie against the United States.

Art Larsen, United States National singles champ, and Dick Savitt probably will be the United States singles starters.

HEAVY SNOWFALL HITS AUSTRALIA

SYDNEY, Aug. 9. (AP)—Southeastern Australia has been hit by its heaviest snowfall.

Hobert, its streets covered today with two and one half inches of snow, reported a temperature of 28.9 degrees — coldest in 49 years.

Melbourne had two snow falls and Geelong, Victoria, reported the first snowfall for 50 years.

Weather Reported As Fair Everywhere But South And Southwest

By The Associated Press

The August heat wave over most of the South showed no signs of ending today. Fairly pleasant weather prevailed in the rest of the country.

Readings were above 100 and in the high 90's again Wednesday in Texas and other areas in the hot belt. Hottest spot was Presidio, Tex, 114. Other high marks included 109 at Yuma, Ariz., 104 at Phoenix; and 100 at Oklahoma City. In contrast, the day's top at San Francisco was 66.

Thundershowers were reported in the Lower Missouri Valley southeastward to the Texas Panhandle. Light showers also hit areas along the Canadian border in Montana, in the Upper Ohio Valley and in New England.

Paper was invented about 100 A.D. and soon came into common use as a cheap substitute for silk in scrolls.

Former Decathlon Champ Goes to Israel

By The Associated Press

NEW YORK — Irving (Moon) Mondschein, National AAU Decathlon champ in 1944, '46 and '47, has gone to Israel to teach track and field coaches. Mondschein also will work with the Israeli track team in preparation for its participation in the 1952 Olympic Games at Helsinki.

Mondschein was given a one year leave of absence by Lincoln U. at Oxford, Pa., where he is track, football and basketball coach.

Before leaving amatuer athletics to become a coach, Moon was a football and track star at NYU.

This will be Mondschein's second trip to Israel. In 1950 he coached [illegible] who competed in the Maccabian Games.

Blair Named Coach

ABILENE, Aug. 9. (AP)—Bob Blair, two year backfield letterman for the Hardin - Simmons University Cowboys, has been named on the coaching staff at Memphis High School. He graduates this month.

TALK OF THE TOWN

BY FRANCES BROOKS

"Well, at least I'm happy to know my grass is still edible," dryly commented Mrs. OLA B. LEATH, whose large lawn at 2612 Avenue R is being hungerly nibbled in the picture above. Water shortage the past weeks had led the lady to fancy her lawn would not attract a living thing hardly a mesquito...The animal in the picture above remains anonymous.

Not pictured was the sheriff, hot in pursuit. It seems the morning grazer ate all his own yard, whereever that may be, and sought new and greener pastureland. He was, shortly after this shot was made, caught flatfooted and incarcerated. They SHOULD throw the book at him, hard as lawns are to grow these days!

• • •

Mrs. D. S. BODIE and her teenaged daughter, Miss MERRIE DAVELLYN BODIE, waited with me in a market line....Merrie was understandably agog over plans for Texas University .... Freshman are oriented Sept. 14, though she will go early for a fling in Austin stores AFTER she observes what the well - dressed T.U. coed is wearing....Austin climate being what it is, she expects to wear summer sportswear for a long time yet... Her consuming interest in music, and the university's fine cirriculum has drawn her there... She applied three years ago for a room in the pretty Scottish Rite Dormitory, which is run by Texas Masons for their daughters, sisters ... She doesn't meet her roommate until she arrives, though she has peeked at the rooms... they're spacious, good for studying and sessions. MISS SANDRA JOSEPHSON agrees...she spent last year in that dorm . . .

• • •

THINGS I've noticed recently: Mrs. E. P. "SIS" KETNER'S ability to LOOK COOL .... crunching ice over soft drinks, we talked about her busy little flower mart, her hopes for the Youth Center carnival. "It JUST HAS to raise funds, to get going again!" she said sincerely. That day she wore a white and black summer ensemble....organdy blouse figured in delicate embroidery ... Listen to her if you want to add a floral touch, inexpensively, subtly ...At times she wears a gold shantung suit with the touch of a single blossom at her waist ... Once she reached into the purple stock, pinned on a dramatic flower ...once, used a cluster of purple - dyed daisies ... "Two or three carnations with their stems left on are effective pinned on a suit which is buttoned high at the throat."... She recommends a wristlet of small yellow rosebuds with matching "ear rings", which are attached to concealed wires bent, like reversed spectables, over the ears.

• • •

Mrs. J. E. LeMOND's big lift out of becoming a grandmother for the first time ... "My daughter (Mrs. Weldon Kincaid) is the busiest one ... she still is at the hospital where Pamela Ann was born Tuesday, but she's due to be mation of honor at her sister's (Miss Nell Verna LeMond) wedding Friday night! And her doctor has said "O.K."

• • •

Mrs. HAROLD BROWN, president of PTA Council, has handed over that interesting document two lists of suggested names for the town's school buildings. ...Scores of ideas had poured into the council ...the competition between those wanting Texas statesmen's names for the schools, and those urging that local men's names be used. Mrs. Brown diplomatically submitted two lists to the school board, whose big job it is to decide final names.

THE STARS

By BOB THOMAS

HOLLYWOOD, Aug. 9. (AP)—It seems that every hour on the hour some film player returns from some far-off place. But here is one whose travelogue is out of the ordinary.

He is Glenn Ford, whose European travels included a visit behind the Iron Curtain. While making "The Green Glove" over yonder, the actor broadened himself with trips throughout France, Spain and Italy, plus visits to Budapest and Vienna.

The trip to Budapest was brief. He arrived just as U. S. diplomatic people were pulling out. He took the hint and left too. But he spent a week pulling out. He took the week in Vienna and he discovered first-hand the tactics of the Russians.

MADE MISTAKE

"It started when I was crossing the frontier from the U. S.-Controlled zone to the Russian zone," he said. "The train stopped at Innes, where the American soldiers looked at passports and visitor oards. I had made the mistake of having two names on my card — my real name, Gwyllyn Peter Newton Ford, and Glenn Ford.

"The American officer said the two names would cause suspicion with the Russians, so I had to get another card. I got off the train and had to wait for the next one, which was a cattle train. When I went through, the Russians passed me all right. I learned later it was because I was traveling with the cows in third class. If I had been first class, I might still be there."

QUESTIONED CLOSELY

Ford was taken in hand by a state department official when he arrived in Vienna. He was well indoctrinated of the powder-keg situation in the international city. At press conferences he was bombarded by questions in several languages.

"They asked me about everything from MacArthur to labor unions in America," he recalled. "I had to be extremely careful of my replies because the reporters were ready to twist them for their own purposes. Sometimes I would wait a long time before I thought of the right reply. The State Department man said, "I hate to think how they will interpret those pauses.'"

The actor found his own way of dealing with the Russians. Foreigners are not supposed to walk on the sidewalk in front of the two big Russian hotels, but Ford did it one day. A jeep drove up beside him, bearing a Russian Navy officer, an Army officer and two privates. They trailed his steps until he wheeled around and demanded: "What do you guys want?"

The Russians were flustered and sped away.

"That was the secret," he declared. "Whenever a Russian gave me the silent treatment, I started to talk to him. Then he never gave me trouble. I discovered why: The three degrees of penalty for fraternization are: 1. Demotion; 2. Demotion and confinement to barracks; 3. 23 years in Siberia.

TEXAS BRANDS

BY JOHN M. HENDRIX

One of the few brands of record that uses a man's head is the one registered in 1886. Just when the brand was evolved and first registered is not known but it is being used by J. H. Lovejoy of Pidcoke, Texas, whose father came to Texas in the fall of 1866 and started raising cattle. Since its beginning the brand has been used on hundreds of thousands of cattle.

PERSONALS

Mr. and Mrs. Jack Morgan and daughter, 3120 Avenue T, recently returned from a week's vacation visiting Mr. Morgan's parents, Mr. and Mrs. L. O. Morgan, in Norman, Okla., and Mr. and Mrs. R. C. Miller in Tulsa.

Mr. and Mrs. Hodges were accompanied by two other sons, Harold and Allen Hodges, and Mr. and Mrs. Evans Millhollen and children of Ira.

Mr. and Mrs. Jack Kennedy and son plan to leave this week end for Washington, D. C., for a 10 - day business and vacation trip. From Washington, they will drive to New York for a short visit, returning to Snyder afterward.

Mr. and Mrs. Junior Harris, A&T Trailer Court, are the parents of a daughter born early yesterday morning at the Snyder Hospital.

ASK MILDRED

Please send your questions to Ask Mildred in care of the Snyder Daily News or to the Home Demonstration Agent at the courthouse.

Is the evening meal properly called dinner or supper? B.B.C.

Emily Post says "Whether a meal is correctly called dinner or supper depends upon what is served. At dinner, soup is always served in plates (with rims) and eaten with a tablespoon. Coffee is always black and served in half sized cups after dinner. At supper, soup is served in cups or bowls. Coffee is served with cream in breakfast cups during the meal. There is also a difference in the menu, such as a roast with dinner and mince or hash or other made-over meat or else cold meat for supper."

• • •

There are gnats in my garden, what can I do about them? L.W.

First the breeding places should be eliminated. Sources of contamination may be tin cans, bottles, jars, old tires and the like or any places that are kept constantly moist by drainage, leaking hydrants, etc., should be eliminated. Elimination of these breeding places should stop the infestation. If not spray the premises with 5 per cent D.D.T. solution, taking care not to get the spray on edible vegetables in your garden.

How do you keep a rocking chair from squeaking? Mrs. B.L.

Try one or more of these remedies after you have located the squeak.

(1) Oil. (2) Brace rocker to chair leg to make very sturdy. (3) Brace any other part of rocker that is weak. (4) Undo the joint and rub paraffin or wax on the fittings and replace.

• • •

I am interested in setting out some shrubs around my home. Could you tell me when is the proper time to do this? Mrs. C.V.T.

Set out new shrubs from December through February and early March. Plant seeds and cuttings in late winter, spring or early summer.

Bridge Club Meets In Mrs. Lee's Home

Mrs. W. B. Lee, 2907 Avenue W, was the hostess for the Sine Cura Bridge Club, which met in her home Tuesday afternoon.

Guests present were Mrs. Tom Boren, Mrs. O. P. Thrane of Abilene, and Mrs. J. C. Dorward.

Others attending were Mrs. Hugh Boren, Mrs. Wayne Boren, Mrs. Ella Cooper, Mrs. R. H. Curnutte, Mrs. A. D. Erwin Mrs. J. C. Stinson, Mrs. H. G. Towle, Mrs. T. L. Lollar, and Mrs. John R. Williams.

Mrs. Erwin won high, Mrs. Dorward won low, and Mrs. Curnutte received the traveling prize.

The hostess decorated her home with flowers.

Cool refreshments of nuts, candy, and frosted Cokes were served to the group.

The next meeting will be Aug. 21 with Mrs. T. L. Lollar, 3001 Avenue U, as the hostess.

Two Arrested In Bomb Case

DALLAS, Aug. 9. (AP)—Four men have been arrested in the bombings of South Dallas Negro homes.

Two were picked up Wednesday — one a former coal miner charged with making two bombs, and the other a 45-year-old construction worker accused of handling some of the dynamite.

Claude T. Wright, 42, and his half - brother, Arthur Eugene Young, 62 had been charged earlier as the actual bombers. Both are in jail.

The former miner, James Paz Alvarez, 50, was charged as an accomplice to an attempted arson by bombing.

Humphrey Would Raise Old Age Benefits

WASHINGTON, Aug. 9. (AP)—A bill to increase federal old age insurance payments by about $265 million a year is to be introduced today by Senator Humphrey (D-Minn).

Bob Feller Pitches Indians Into Lead While Yanks Lose

By the Associated Press

Bobby Feller shines like the Feller of old in Cleveland's first place surge to the top of the American league.

With 18 victories in the book, Feller is a sure shot for the 20 Club. If he maintains his pace, he could equal his personal high of 27 victories in 1940. So far he's 18 up and 9 games to play.

But Feller would trade them all for one World series win. That is his chief remaining ambition in baseball at the age of 32.

Feller pitched Cleveland into the lead for the first time since May 9 when he made St. Louis his 18th victim Wednesday, 2-1. Washington's Bob Porterfield opened the door by knocking his ex-New York Yankee mates out of the lead with a 4-1 triumph.

BOSTON RAINED OUT

Boston was rained out of its game with Philadelphia and Chicago, the other first division club, lost ground in bowing to Detroit, 6-5, in 11 innings. The White Sox now trail Cleveland by seven full games.

Brooklyn opened up an 11½ game lead in the National, high mark for the year, by sweeping a day-night doubleheader from runnerup New York, 7-2 in the afternoon and 7-6 in 10 innings at night. Philadelphia sneaked closer to the Giants by shading Boston, 3-2.

Pittsburgh bombed St. Louis, 10-7, for Murry Dickson's 15th win and Cincinnati took a pair from Chicago, 7-5 and 4-3.

Feller's victory made him top winner in the majors and extended the Indians' streak to seven straight. The tribe has won 31 of 40 in a drive since June 30.

VERNON'S BAT BLAZES

Porterfield has solid hitting support from Mickey Vernon who blasted Vic Raschi for two homers, each with a man on, to account for all Washington runs. Hoy was the first Senator to hit a home run since July 22, a 15-game streak, longest no-homer string in the majors.

The Yanks ruined Porterfield's shutout in the last of the ninth on Yogi Berra's double and Johnny Mize's single.

George Kell singled home Steve Souchock with the winning run in the 11th to beat Chicago's Saul Rogovin. Souchock had doubled to tie the score a moment earlier.

Gil Hodges hit his 32nd homer, Duke Snider No. 23 and Carl Furillo No. 12 in the Dodgers' day win over the Giants' Jim Hearn. Carl Erskine who replaced Preacher Roe after two innings when his arm failed to loosen up won his 12th.

Billy Cox singled with the bases full in the 10th for the night verdict over reliefer Dave Koslo. Clyde King, who replaced Don Newcombe in the ninth when the Giants scored three to tie, was the winner. Snider and Furillo also homered in this game and Bobby Thomson hit his 22nd off Newcombe.

Juvenile Will Be Tried For Eight Murders

SAN FRANCISCO, Aug. 9. (AP)—Despite his mother's plea that "he is still a little boy," 17-year-old Kenneth Skinner will be tried in superior court for murder. He is accused of setting the apartment house fire that caused eight deaths here July 22.

Juvenile court Judge Milton D. Sapiro ruled:

"Were he to be treated under juvenile law, he would be under the court's jurisdiction for only a three-year period and that is not sufficient for his rehabilitation."

Remarking that Kenneth's "misbehavior was due solely to failure to develop character," the judge then ordered the case to superior court.

Mrs. Louise Skinner, the boy's mother, wailed:

"He never was cruel or deliberately harmed anyone. He should be tried here."

Police say young Skinner first admitted setting the early morning fire "accidentally" while delivering newspapers, then changed his story and admitted he started it deliberately. Later, he repudiated this and said he was pressured into "confessing" he did it on purpose.

The grand jury indicted him on eight counts of murder.

Gainesville In Close Quarters

By the Associated Press

Waco and Temple meet no more in the regular 1951 Big State League season and Waco is probably glad. The Eagles whammed the Pirates Wednesday night to make it nine out of ten games in their own park.

Temple took a 5-3 decision and moved within a game of the Gainesville Owls again. Gainesville took an 8-1 lashing at the hands of Texarkana.

Gainesville and Texarkana also met for the last time this season with Tince Leonard getting the best of the Owls. Leonard gave up seven hits while his mates were blasting Jim Gleason for 14. The Owls scored off Leonard in the first inning but he was in command the rest of the way.

Austin and Tyler turned in another fast contest with the East Texans taking a 7-0 shut out. The game was played in an hour and 22 minutes, just seven minutes longer than the one Tuesday night.

Houston Coasts Along In Lead

By the Associated Press

Four Texas League clubs are in a battle for three spots in the playoff bracket. Houston is coasting on an 11 game lead but Dallas, Beaumont, San Antonio and Fort Worth are after the other three spots.

Beaumont moved into a tie for second place with Dallas Wednesday night.

San Antonio is a half game back and Fort Worth is only two games off the second position pace.

Dallas lost to Beaumont, 4-3, Fort Worth trimmed Shreveport, 8-5, and San Antonio outlasted Oklahoma City in 15 innings, 5-4.

Houston added a game to its lead with a 7-2 decision over the Tulsa Oilers.

15 Errors In LonghornGame

By the Associated Press

Big Spring and Roswell hung up a record Wednesday night in Longhorn League play. The 15 errors committed in their game seems tops in its class.

The Rockets committed 10 miscues, six in one inning, to lose a 12-7 decision to the Broncs. Only six of the 12 Big Spring runs were earned.

San Angelo whammed Sweetwater, 12-2. Odessa bested Vernon, 5-1, and Midland trimmed Artesia, 6-2.

San Angelo banged out 17 hits. Odessa scored three runs in the first and coasted.

Midland also counted thrice in the first and never was in danger.

ERRANT COWPOKES

SCHENECTADY, N. Y., Aug. 9. (AP)—Police, Boy Scouts and volunteer searchers combed every park and playground in Schenectady looking for two errant "cowboys," aged 7 and 10.

Seven hours after they had been reported missing, two patrolmen found Thomas Stanhope, 7, and Roy Scrafford, 10, strolling along on the outskirts of town looking for a good "ranch" site.

SPORTS MIRROR

By the Associated Press

Today a year ago — Sugar Ray Robinson retained his welterweight title by punching out a 15-round decision over Charlie Fusari before 30,000 in Jersey City.

Five years ago — Rudy York cracked a three-run homer to give the Boston Red Sox a 4-3 victory over the New York Yankees in a night game at Yankee Stadium witnessed by 63,040.

Ten years ago — Sammy Snead shot a 274 to win the Canadian Open Golf Tournament at Toronto.

Twenty years ago — Guy Bush of the Chicago Cubs hurled a 1-0 shutout over the St. Louis Cardinals and Dick Coffman of the St. Louis Browns stopped the Chicago White Sox by the same score, as both pitchers allowed only one hit.

Abilene Man Will Talk At Farm Bureau Meeting

Maurice Howell of Abilene, area service official for the Texas Farm Bureau, will address a meeting of the board of directors of the local farm unit in the office of O. M. Fowler, county agent, at 7:30 o'clock tonight.

Ross Williams is president of the farm bureau here.

The largest crowd to ever see a professional football game was 95,625 at Memorial Coliseum in Los Angeles, Sept. 16, 1950.

Corpus Losing StreakSnapped

By the Associated Press

Two top-rated players in the Gulf Coast League, Ray Mink and Bob Moyer, teamed to snap a Corpus Christi losing streak Wednesday night. The pair paced the Aces to a 9-2 victory over Brownsville after they had lost six of their last seven games.

Mink scattered eight Charro hits and collected four for four himself as he pitched the Aches to victory. Moyer got his 36th home run and drove in four runs.

Second place Harlingen Capitals bowed to Galveston, 6-5.

Port Arthur and Laredo split a ed back from a 14-1 first game spanking to take the second, 6-2.

Lake Charles blasted Texas City, 18-5.

Amarillo Drops Two In Series

By the Associated Press

The Amarillo Gold Sox, once the losingest club in Texas, had a chance to move into fifth place in the West Texas-New Mexico League Wednesday night but muffed it. Lubbock pounded out 14-2 and 10-6 victories over the Sox.

Pampa fell before Borger, 7-4, to give Amarillo its chance.

Eddie Carnett pitched Albuquerque to a 3-1 victory over Abilene in a pitching duel. He bested Fred Schmidt.

Lamesa paraded three hurlers against Clovis but rallied for a three-run sixth inning to take a 9-5 victory.

Canadians On War Effort

OTTAWA, Aug. 9. (AP)—The National Research Council says Canada's scientists, including her atomic energy specialists, have turned most of their efforts to war work.

In its official 1950-51 report, the 3,100-man, government-backed research agency said the growing uneasiness of the world situation is causing Canadian scientists to turn "more and more to projects arising from the requirements of the armed forces."

It was the first official indication that Canada's big atomic energy project at Chalk River, Ont., may be engaged in war work. The NRC is in charge of the Chalk River plant, which previously has been said to be engaged only in peaceful projects — mainly concerned with aiding medical research.

The carefully worded report by NRC President Dr. C. J. Mackenzie declared:

"At the present time, in addition to the atomic energy project which always had had a dual character, the divisions of electrical engineering, mechanical engineering and to some extent building research, applied physics and applied chemistry, have turned almost exclusively to war work."

All-Star Games Being Stopped

By the Associated Press

Four high school all-star football games will be played in Texas within three weeks — and they may be the last.

Texas [illegible] has banned such games on public school property effective next year. Only the All-Star game at the Texas Coaching School each year may be played.

The first game comes this week at Tyler when East Texas schoolboy stars clash Friday night. Floyd Wagstaff of Tyler Junior College and Lee Smith of Navarro Junior College are the coaches.

Two games are scheduled Aug. 17—the Permian Bowl at Odessa, with Jess Neely of Rice and Ed Price of Texas as the coaches, and the Greenbelt game at Childress, with Ki Aldrich, former TCU star, and Jack Mitchell, assistant coach at Texas Tech, as coaches.

The annual Oil Bowl game Aug. 24, matching stars of Texas and Oklahoma high schools, will be played at Wichita Falls. Joe Golding of Wichita Falls and Johnny Kitchen of Austin will coach the Texans. Paul Young of Muskogee and Alton Kelly of Sayre will tutor the Oklahoma squad.

After this year, such games will have to be played in stadiums not operated by the public schools and high school coaches can not be used.

Most observers think this will wipe out all of the games.

Mr. and Mrs. Leo Huddleston, route No. 1, are the parents of a daughter born Wednesday morning at Snyder Hospital.

The lowest 72-hole score in the USGA Open's the 67-72-68-69—276 recorded by Ben Hogan at the Riviera Country Club in 1948.

Cotton Export Quotas Lifted By Brannan

WASHINGTON, Aug. 9. (AP)—The government has eased restrictions on the export of cotton. The action was made possible by forecasts of a bumper crop of 17,266,000 bales.

Secretary of Agriculture Brannan announced Wednesday that rigid export quotas will be replaced by an export licensing system under which friendly countries can get all the cotton they need while the government can ban shipments to unfriendly areas.

No Damages Awarded

No damages were awarded by the jury in a suit of Lois Wilford and others against James A. Clark and H. C. Myers for possession of certain lots in the Gross sub-division of the Scarborough Addition to the city of Snyder. The Daily News erroneously reported that $3,500 damages were included in the jury verdict.

The U.S. ROYAL Show
New things about TIRES to See and Know!

YOU WILL MAKE unforgettable discoveries at the big U.S. Royal Tire Show.

You will see all the new and sensational U. S. Royal tire and tube advancements—improvements not known or possible before, changing all standards of tire life and safety!

You'll see the New Tread Depth of much greater Mileage Capacity—the new Safety-Tread Treatment for entirely new stopping power and skid protection.

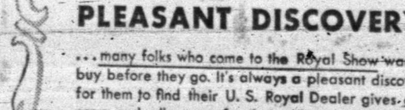

And for the first time you'll see "Total Tread Depth" Safety—fully renewable at each level of wear, without recapping or anything of the sort.

Many Other Things You'll See and Know

And you'll see and know the New Protected Sidewalls—their strength and beauty shielded and guarded from curb scuff and abrasion.

You'll see the great New Nylon Life-tubes, the new Royal inner-tubes strong as tires, preventing blowouts from happening.

UNITED STATES RUBBER COMPANY

PLEASANT DISCOVERY!

...many folks who come to the Royal Show want to buy before they go. It's always a pleasant discovery for them to find their U. S. Royal Dealer gives generous cash allowance for their old tires and tubes—with LONG, EASY CREDIT TERMS on their new ones.

This is not only a tire show—to see and know!—but it's also your opportunity to make YOUR ONE TIRE INVESTMENT FOR YEARS TO COME!

Order Sending Youth To Gatesville Altered By Juvenile Court

The order directing that the 16-year-old youth who admitted shooting Jesus G. Luera, 19, be sent to the State School for Boys at Gatesville has been modified, Robert R. Patterson, special judge, announced today that the youth will be put under the probation of his father until he is 21 years of age or unless sooner discharged from the order.

Following the original verdict, attorneys for the youth, Frank Sentell and George Killam, Jr., filed a motion asking that the order be modified to permit the boy to be placed on probation, which was granted by Judge Patterson.

Keith L. Merrick, county attorney, represented the state in this case.

LEGAL NOTICE

ORDINANCE CALLING AN ELECTION

AN ORDINANCE ORDERING AN ELECTION TO DETERMINE WHETHER A COMMISSION SHALL BE CHOSEN TO FRAME A CHARTER AND PROVIDE FOR A CHARTER COMMISSION AND DECLARING AN EMERGENCY.

On this the 6th day of August, 1951 the City Council of the City of Snyder, Texas convened in regular session at the regular meeting place in the City Hall in Snyder, Texas, with the following members present to-wit:

Mayor F. G. Sears
Councilman Ernest Taylor
Councilman Claud Lloyd
Councilman Harry Allen
Councilman Jack Contella
Councilman R. B. Sears

WHEREAS, on the 21st day of May, 1951, the City Council of the City of Snyder met in Special Session at the regular meeting place in the City Hall in Snyder, Texas, with the following members present, to-wit:

Mayor F. G. Sears
Councilman Jack Contella
Councilman Harry Allen
Councilman R. B. Sears
Councilman Claud Lloyd

WHEREAS, at said special meeting there was presented a petition requesting the City Council of Snyder to provide by ordinance for the submission, to the qualified voters of the City of Snyder the question, to-wit:

"SHALL A COMMISSION BE CHOSEN TO FRAME A CHARTER"

Whereupon the City Council examined the said petition and found that the same was signed by ten (10) percent of the qualified voters of said city.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SNYDER, TEXAS:

That the City Council finds and determines that all the prerequisites by law for the calling of an election to determine the question: "Shall a Commission be chosen to frame a Charter," has in all things been complied with.

That an election be called by the Mayor, to be held on the 18th of September, 1951, with the City of Snyder submitting to the qualified voters of the city the following question; to-wit:

"SHALL A COMMISSION BE CHOSEN TO FRAME A CHARTER?"

That should the majority of the qualified voters voting on said question have voted in the affirmative, that a Charter Commission of fifteen members be elected from the city at large. The said election shall be held at the City Hall in the City of Snyder, Texas, and C. H. Callis is hereby appointed manager of said election and he shall select the necessary number of judges and clerks to assist him in holding the said election.

That said election shall be held under the provisions of the Constitution and laws of the State of Texas, governing general elections and all persons qualified to vote in said city under the laws of this state regulating general elections shall be allowed to vote. The manner of holding said election shall be governed by the laws of the State of Texas, governing general elections.

That the form of the ballot to be used in said election shall be substantially as follows:

SHALL A COMMISSION BE CHOSEN TO FRAME A CHARTER.

ANSWER "YES" "NO"

For the following named persons to constitute the Charter Commission, not more than fifteen in number:

Renal Rosson
Dr. D. R. Ratliff
W. H. Cargile
George Frazier
Hayman Dosk
Wayne Boren
G. B. Clark
John Sentell
Joe Graham
Harry Holbrook
Russell Yorgeson
Jim Mixon
Harry Reed
D. C. Drinkard
Malven Stevenson

Those desiring to vote for the proposition, "Shall a Commission be chosen to frame a charter?," shall strike out the word, "No," and those desiring to vote against the proposition, "Shall a Commission be chosen to frame a charter?," shall strike out the word, "Yes."

In either event the voter will then vote for a Charter Commission of the fifteen members to serve in case a majority of the voters voting at this election have voted in the affirmative. The above list has been selected by the City Council as a charter commission and should the voter desire to vote against any or all of the above named person, he may do so by scratching the name of such person and writing opposite such name the name of the person for whom he desires to vote, provided that a failure to so name a Charter Commission shall not invalidate the vote as to the question, "Shall a Commission be chosen to frame a charter?"

That should a majority of the qualified voters voting at said election vote in the affirmative as to the question, "Shall a Commission be chosen to frame a charter?" then, after the Charter Commission has completed its work and submitted a charter that a second election will be called, at the date designated by the charter commission, in conformity with law, to determine whether the charter will be adopted.

The mayor of the city is authorized and directed to cause notice of said election to be posted at the City Hall and at two other public places in the City of Snyder, Texas, for at least thirty (30) full days prior to the date of the election. The mayor is further authorized to have this ordinance, after its passage, published one time in some newspaper of general circulation published in said city.

The fact that there is a pressing and great public demand for a change in the municipal form of government of the City of Snyder, and the growth of the city is being retarded for a lack of a charter form of government, and the powers of the council of said city are limited under the present form of municipal government combine to create an emergency for the immediate preservation of the public peace health and safety, which makes it necessary that any rule or rules requiring that Ordinances be read at more than one regular meeting of the City Council before passage, be, and the same is—are hereby suspended and this Ordinance is passed and adopted at its first reading and it is hereby declared, ordained and enacted that said Ordinance shall be in full force and effect from and after the date of its passage by adoption on first reading.

A motion that an emergency be declared was made by Councilman Jack Contella, seconded by Councilman Harry Allen, and upon being submitted to a vote of the Council resulted in the following "aye" and "Nay" vote:

Councilman Ernest Taylor-Voted aye
Councilman Claud Lloyd - voted aye
Councilman Harry Allen - voted aye
Councilman Jack Contella - voted aye
Councilman R. B. Sears - voted aye

WHEREUPON Councilman Jack Contella moved the passage of said Ordinance, which motion was seconded by Councilman Harry Allen and upon being submitted to the vote of the Council resulted in the following "aye" and "nay" vote:

Councilman Ernest Taylor - voted aye
Councilman Claud Lloyd - voted aye
Councilman Harry Allen - voted aye
Councilman Jack Contella - voted aye
Councilman R. B. Sears - voted aye

WHEREUPON said Ordinance was declared adopted at its first reading as an emergency measure by a vote of 5 "ayes" and 0 "nays" this 6th day of August, 1951.

Approved, this 6th day of August, A.D., 1951.

F. G. Sears,
Mayor

Mrs. Pauline Grisham, 27, a British war bride who appealed for letters from her homeland last May because she was lonely and got more than 21,000 replies sued her husband for divorce in Martinez, Calif. She said her husband was jealous "toward my fan mail." Here she wears a leopard skin bathing suit she designed and said she posed for a picture in it that was published in England. "This sort of got my husband," she said.

'Boll Weevil' Picks His Bale

HARLINGEN, Aug. 9. (AP)—"I made it," is the chant of that disc jockey, Ed Keane, today.

Ed the mustachioed radio announcer usually found around sporting events, picked a bale of cotton in six days. That was a day quicker than he had boasted.

He will receive $1,600 in prizes, thus will become a pro in cotton picking.

He was even thinking about a personal appearance tour. "I hear they love me in St. Joe," he quipped.

Keane got into the cotton picking business when some listeners scoffed at his boast. The little fellow hit the cotton patch.

He had finished the task last night — he had gathered 1540 pounds of cotton, which ginned a 542-pound bale.

Rain held him up on three days but judges allowed him time out.

Ed's hands grew raw and red. He sucked lemons.

A group of girls set up a cold drink stand and did a big business.

Cotton men from as far away as Louisiana came here to see him work.

Keane ate it up. He asserted he might not go back to work at the radio station.

"I have come to like life in the open air," he said.

Bills Sponsored To Exempt Baseball From All Anti-Trust Laws

WASHINGTON, Aug. 9. (AP)—The lawmakers' invasion of the sports pages neared a punctuation mark today.

The House Judiciary Subcommittee that has been eyeing organized baseball for two weeks has an open date.

It will hear Friday from Reps. Price (D-La.), Herlow (D-Fla) and Mills (D-Ark), all sponsors of bills to exempt the game from anti-trust laws.

Then the inquiry will be shelved until after the world series in October.

"We don't want to interfere with the playing of the game," Ernest Goldstein, counsel for the committee, said.

"We still want to hear from some club executives, players and sports writers."

VOL. 2, NO. 86 — SNYDER, TEXAS, THURSDAY, AUGUST 9, 1951 — SECTION TWO

Seven Field Locations Staked In Scurry County Proven Areas

Locations for 106 tests for oil including 13 wildcats, were listed during the week July 23 to 28 in 24 West Texas Counties. The preceding week listed 127 tests for oil, including 21 wildcats, in 27 counties.

Totals for the first 30 weeks in 1951 became 3,280 in proven areas and 571 for wildcats, a grand total of 3,851. This is a weekly average of 127.36, down from 128 for the 29th week.

District 7-C gained 23 field tests and 2 wildcats; District 8 added 10 projects and three wildcats.

Concho, Reagan, and Runnels Counties were first in wildcat locations with two each, Coke, Crockett, Gaines, Garza, Hockley, Sutton, and Tom Green added one each.

Midland County led in field starters with 23, Upton gained nine, Pecos and Scurry seven each, Andrews, Runnels, Howard, and Loving three each, Glasscock, Midland, and Schleicher two each, Coke, Crockett, Reagan, Sterling, and Upton Counties one each.

COKE COUNTY

CATTLE BUYING RESUMES AFTER FLOOD

Commission agent Jud Cash, left, seller Alfred Henzel, Nebraska cattle raiser, and Estill Reid, a buyer for the Cudahy Packing Co., look over cattle in a pen in the stock yards in Kansas City, Mo., as livestock trading resumed after a 24-day shutdown due to the mid-July floods. Reopening of the market, world's second largest, followed a herculean clean-up and rehabilitation task at the yards. About 3,000 cattle and 1,500 hogs were on hand for the reopening.

Building Trade Startled At Restrictions of Basic Metals

NEW YORK, Aug. 8 (AP)—It is now virtually impossible to start the construction of any house except the smallest bungalow.

This is apparent in an analysis of the new restrictions on the use of steel, copper and aluminum.

Even a four or five-room minimum cottage does not fit into the allowances of essential metals now available.

The restricting order, entitled M-4A, issued by the National Production Authority (NPA), has created widespread consternation in building circles. When it was announced on Aug. 3, its full significance was not immediately realized by builders.

The order temporarily froze the start of new industrial and commercial buildings, apartment houses and hospitals, as well as all structures requiring more than a minor quantities of the three critical metals.

METAL CONSERVATION

The action was taken with the avowed purpose of conserving these metals for the national defense emergency.

The order specifies that no individual one-family dwelling can be started if it uses more than 1,800 pounds of carbon steel, including its plumbing supply lines, or more than 35 pounds of copper.

If the house is to have copper water pipes, a total of 160 pounds of copper can be used, but only 1,450 pounds of carbon steel.

No structural steel, such as I-beam girders and columns, no aluminum and no alloy of stainless steel can be used in any house.

Those figures may sound big to the uninitiated, but they fall far short of the amounts used in the average four or five room cottage.

Findings of the government's housing and home finance agency, in a survey of 30,000 new homes built under FHA-insured loans, show these houses averaged 1,000 square feet in size. This amounts to a house measuring about 31 by 32 feet and including four or five rooms.

HOUSES USE MORE

This average small house used 3,733 pounds of steel — more than twice the amount now permitted. It used 299 pounds of copper. Even the elimination of structural steel girders, columns and lintels left a total of more than a ton and half of steel.

The importance of steel in a house can be realized when you consider such items as nails, 400 pounds; reinforcing bars and mesh, 300 pounds — even the areaways around basement windows involve 14 pounds in this sample house.

The restrictions on the use of copper and copper-base alloy are even more serious. The electric wiring in the average 1,000 square-foot house calls for 35 pounds of copper — the entire allotment under the new order M-4A. In addition, a three-wire lead-in from the power line involves the use of 11 more pounds of copper.

Under these restrictions all such items as copper termite shields, roof flashing, gutters and downspouts are out. Aluminum cannot be used as a substitute.

Although order M-4A is temporary, applying only to construction started between Aug. 3, and Oct. 1, builders are pessimistic as to any considerable liberalization in the fall. On Oct. 1, the building industry will be under the controlled materials plan, a division of the NPA, which will allocate critical metals to fill defense needs.

Woman Reporter in Korea War Gets Compliments from Men

By RELMAN MORIN
(For Hal Boyle)

NEW YORK, (AP) — My wife, who is a career woman and admits to strong feelings on the subject, has a favorite cliche, to wit: "A woman, in any kind of business, has to work twice as hard as a man to get half as far."

I used to be stuck for an answer to that, but war in Korea provided one. "How about Marguerite Higgins," I ask by way of a crusher.

Maggie Higgins was the only woman reporter over there on a daily stint. Some others came and went on quickies. (One, in fact, made such a quickie that she had to consult a map when she got back to find out where she had been!) But Maggie made a job of it.

She came back with a Pulitzer prize, an excellent book, and a clear track for the lecture circuits. A Hollywood studio wanted her life-story as the basis for a picture, but the agents made the mistake of showing her the story-outline they had in mind, and she said nix to that. There were many other emoluments that came to her.

All were richly deserved.

Whether Maggie worked twice as hard as the men on the same beat would be hard to determine. Let's just say that she worked as hard as most, and harder than others. In any case, the point is that when the rewards were being passed out Maggie was handsomely remembered. And so she should have been.

She underwent all the usual hardships of war correspondents—plus.

As a group, women reporters are mighty good. Maggie is one of the best.

Senator Tobey Said Improving Slowly In Secluded New Hampshire

TEMPLE, N. H., Aug. 9 (AP)—U. S. Sen. Charles W. Tobey (R-NH) today was reported "in seclusion" recovering "slowly but surely" from a cerebral hemorrhage suffered July 15.

His daughter, Mrs. Louise Dean, said the Senator and Mrs. Tobey left their summer home for an undisclosed spot "several miles distant" to get away from the telephone which rang steadily since the illness was announced in Washington.

She added the 71-year-old Senator had been "up and around" for some days and was recovering "slowly but safely."

VFW Pressures Congress

WASHINGTON, Aug. 9 (AP)—The Veterans of Foreign Wars have asked Congress to override President Truman's veto of a bill increasing pensions of war veterans disabled by non-military causes.

NEWS FROM IRA

BY MRS. MABEL WEBB

Mr. and Mrs. Wiley Eubank of Seymour spent Saturday night with Mrs. Eubank's parent, Mr. and Mrs. M. J. Bryant. Mrs. Ora Eubank returned home with them Monday.

Mr and Mrs. Travis Burney and children of Lubbock and Mrs. W. F. Burney of Snyder attended church here Sunday and were dinner guests of Mr. and Mrs. Jack Burney.

Mr. and Mrs. J. L. Byars and daughters were in Big Spring Tuesday.

Princess Elizabeth And Husband Not To Visit In New York

LONDON, Aug. 9 (AP)—Princess Elizabeth and her husband, the Duke of Edinburgh will not visit New York on their American tour this fall, it was learned today.

They have sent a message to Grover Whalen, chairman of the New York mayor's reception committee, expressing "deep regret" at being unable to visit the city.

It had been hoped that the royal couple might tour the biggest United States city either before or after their Oct. 24-26 visit with President Truman in Washington.

A baby usually triples its weight during its first year of life.

Relief Money Alloted

WASHINGTON, Aug. 9 (AP)—President Truman has allocated another $3.5 million for emergency relief in flood-damaged areas of Kansas.

Cancer now is killing more men than women in the United States.

LEGAL NOTICE

AN ORDINANCE BY THE CITY OF SNYDER, TEXAS, REGULATING AND RESTRICTING THE USE OF WATER WITHIN THE CITY OF SNYDER, TEXAS; PROHIBITING THE USE OF WATER FOR THE WASHING OF BUSINESS AND RESIDENTIAL BUILDINGS, HOUSES, OUTHOUSES, GARAGES, SHEDS, SIDEWALKS AND DRIVEWAYS; PROHIBITING THE USE OF WATER FOR WASHING AUTOMOBILES, TRUCKS, MOTORCYCLES; PROHIBITING THE USE OF WATER FOR WATERING SHRUBS, FLOWERS AND TREES ON CERTAIN SPECIFIED DAYS AND WITHIN CERTAIN HOURS; EXEMPTING USES OF WATER ONCE USED FOR ANY LAWFUL PURPOSE; DECLARING AN EMERGENCY; PROVIDING PENALTIES FOR THE VIOLATION OF SAID ORDINANCE.

SECTION 2. From and after this date it shall be unlawful for any person to use, suffer, cause, permit or allow to be used water drawn or flowing, directly or indirectly, from the water mains of the City of Snyder, Texas, for the purpose of washing down business and residential buildings, houses, out - houses, garages, sheds, sidewalks and driveways in the City of Snyder, Texas.

SECTION 3. From and after this date it still be unlawful for any person to use, suffer, cause, permit, or allow to be used water drawn or flowing, directly or indirectly from the water mains of the City of Snyder, Texas for the purpose of washing automobiles, trucks, motorcycles, or any other motor vehicle of any type except on Tuesday from 8 a.m. to 2 p.m.; all day Saturday of each week.

SECTION 4. From and after this date it shall be unlawful for any person to use, suffer, cause, permit or allow to be used water drawn or flowing, directly or indirectly, from the water mains of the City of Snyder, Texas, for the purpose of watering any ground, lawn or vegetable garden.

SECTION 5. USE OF WATER FOR WATERING SHRUBS, FLOWERS AND TREES.

(a) It shall be lawful for the owners or occupants of homes or businesses in the City of Snyder, Texas which are located within the area North of the South Boundary Line of 25th Street to use water supplied to such owner or occupant by the Water Department of the City of Snyder, for the purpose of watering shrubs, flowers and trees; however, that it shall be unlawful for such owner or occupant to use water for such purposes on any day of the week except Tuesday of each week, and then only between the hours of 6 and 8 o'clock a.m. and 6 and 8 o'clock p.m.

(b) It shall be lawful for the owners or occupants of homes or businesses in the City of Snyder, Texas which are located within the area South of the North Boundary Line of 25th Street to the South Boundary Line of 30th Street, to use water supplied to such owner or occupant by the Water Department of the City of Snyder, Texas for the purpose of watering shrubs, flowers and trees; however, that it shall be unlawful for such owners or occupants to use water for such purposes on any day of the week except Wednesday of each week, and then only between the hours of 6 and 8 o'clock A.M. and 6 and 8 o'clock P.M.

(c) It shall be lawful for the owners or occupants of homes or businesses in the City of Snyder, Texas which are located within the area South of the North Boundary Line of 30th Street and East of the West Boundary Line of the Big Spring Highway - being U. S. Highway No. 350, to use water supplied to such owner or occupant by the Water Department of the City of Snyder, for the purposes of watering shrubs, flowers and trees; however, that it shall be unlawful for such owners or occupants to use water for such purposes on any day of the week except Thursday of each week, and then only between the hours of 6 and 8 o'clock A.M. and 6 and 8 o'clock P.M.

(d) It shall be lawful for the owners or occupants of homes or businesses in the City of Snyder, Texas which are located within the area South of the North Boundary Line of 30th Street and West of the East Boundary Line of the Big Spring Highway - being U. S. Highway No. 350, to use water supplied to such owner or occupant by the Water Department of the City of Snyder, for the purpose of watering shrubs, flowers, and trees; however, that it shall be unlawful for such owners or occupants to use water for such purposes on any day of the week, except Friday of each week, and then only between the hours of 6 and 8 o'clock A.M. and 6 and 8 o'clock P.M.

(e) Provided further, however, ..., that where watering of shrubs, flowers, and trees is permitted hereunder, such watering must be done from open hose or hoses, and the use of any sprinkling device for such purposes is prohibited.

SECTION 6. Provided that water from whatever source derived, once used for any lawful purpose, may be collected and spread or poured upon any thing prohibited to be watered by this ordinance.

SECTION 7. EMERGENCY - The fact that the water situation in the City of Snyder, Texas is deemed critical, that the supply of water, for drinking and sanitation purposes within the City of Snyder, Texas, is rapidly dwindling, therefore necessitating the immediate institution of conservation and preservation creates an emergency, and this ordinance shall take effect immediately upon its passage.

SECTION 8. PENALTY - Any person violating any of the terms of this ordinance shall be deemed guilty of a misdemeanor and upon conviction of the violation thereof shall be fined not less than Twenty - Five ($25.00) nor more than One Hundred ($100.00) Dollars.

SECTION 9. That this ordinance shall go into effect immediately and shall continue in effect until the reserve water in storage is deemed safe by the City Council, at which time this ordinance shall be suspended or terminated.

UNANIMOUSLY APPROVED, PASSED AND ADOPTED on emergency, this the 3rd. day of August A.D., 1951.

F. G. Sears
Mayor, City of Snyder, Texas.

Redskins Will 'Play Indian,' But Like Cowboy Suits Better

By HAL BOYLE

SIOUX FALLS, S. D. (AP)—When a guest departs, he usually drops his host a bread-and-butter note.

And on leaving South Dakota, I'd like to write a thank-you note to a state where I've had a world of fun and good food. The main thing South Dakotans complain about is that the rest of America doesn't seem to know what they've got out here in "The Land of Infinite Variety."

"Maybe you'd better start off your article by pointing out that South Dakota is one of the 48 states," an editor remarked dryly.

SOME REMAIN

What do they have out here, where the deer and the antelope played and the buffalo roamed? Well, you can still find buffalo, deer and antelope — and some of the nation's greatest Indian reservations.

They've got 10-gallon hats, ear-to-ear grins, and mile-deep gold mine. They've got endless miles of waving corn and wheat, and rolling oceans of grass studded with fattening herds of cattle, they've got dinosaur tracks in stone. And not far away they've got a big B-36 air base, where modern monsters of the sky rise to guard our northern frontiers.

South Dakota is a mixture of the Old West and the New West. The tourists love the legends and symbols of the Old West, such as the small cemetery above Deadwood, where Wild Bill Hickok and Calamity Jane lie side by side. Or they like to visit the Homestake mine, which has yielded more than $550 million in gold since 1875.

PLAY INDIANS

The Indians are still willing to play Indian for the tourists. But for themselves they like to play cowboy.

"Most of them prefer to dress like cowboys," said one oldtimer. "And their ambition is to be ranchers."

The buffalo are on government preserves now and can thumb their beards at hunters. But sportsmen fly from both coasts here to hunt Chinese pheasants. They are almost as beautiful as birds of paradise.

All South Dakotans love their famous Black Hills, a wonderland of fish and game where the Indians believed the Great Spirit of Manitou dwelt. Once a year they made a pilgrimage into the hills to fashion their arrowheads and tomahawks.

NOTICE

To DALY J. PITT,
Snyder, Texas,
formerly of Edmonton, Alberta,
Canada.

TAKE NOTICE that an action at law has been commenced against you in the Supreme Court of Alberta, Judicial District of Edmonton, No. 41950, by James M. Fawcett and Lydia Fawcett, Plaintiffs, to recover damages aggregating $5,625.20 and costs alleged to have been incurred by the said Plaintiffs by reason of your negligence in the operation of a motor vehicle on the 20th day of August 1949 on the Fort Saskatchewan Trail between Horse Hills and Fort Saskatchewan in the Province of Alberta, resulting in a collision between your said vehicle and that of the Plaintiff's and causing the Plaintiffs personal injuries and damaging their automobile.

A copy of the said Statement of Claim may be obtained by you on application to the undersigned, or to J. H. Ogilvie, Esq., K. C., Solicitor for the Plaintiffs, Agency Building, Edmonton, Alberta.

AND FURTHER TAKE NOTICE that you are required to deliver a Statement of Defence or Demand of Notice in respect of the said Statement of Claim by filing the same in the office of the undersigned and serving the same on the said Solicitor on or before the 25th day of September 1951 as you may be advised, and that in default of your so doing the said action will be set down for trial and the damages, proffered by the Plaintiffs assessed against you and Judgment given in accordance with the practice of the said Court, without further notice to you.

DATED at Edmonton, Alberta, this 26th day of July, 1951.

MICHEL DUBUC
A Clerk of the Court,
Court House,
Edmonton, Alberta.

Government Plans to Extend Its Control Over Metal Uses

By SAM DAWSON

NEW YORK, Aug. 9. (AP) — The government is extending its controls this fall over civilians as well as defense use of steel, copper and aluminum. Its aim is to see that civilian goods shortages don't become acute next winter. To that end, it will hand out almost every pound of the metals.

The Defense Production Administration hopes in time to end the present wild scramble for these basic metals, which it says has been brought about in part by some manufacturers asking for a lot more metal than they need for defense work.

But some industry spokesmen predict the confusion in the metals markets will be even worse for the rest of this year, while civilian industry switches over from the present "free market" to one where the government parcels out the metal needed for more than 4,000 products—everything from nuts and bolts to automobile bodies.

Some in the metals industry believe that by the first of the year the controlled materials plan can be working smoothly, if it is applied to all users — as the government says today it will start doing in October.

Under this plan, the makers of steel, copper and aluminum hope each manufacturer of civilian goods will be getting his fair share of the metals, and makers of defense goods will be getting all they need. The plan is roughly comparable to that used during world war II, except that civilian goods makers will be getting a much larger share this time.

However, there are doubters around: A steel industry weekly, The Iron Age, says today: "There is no guarantee that CMP will be operating realistically—that steel tickets will match production—by the first quarter of 1952, or later."

It contends that the government "is assuming that many customers will not order as much steel as they are allotted; and it is assuming that many others will cancel steel tonnage when they find their inventories growing too large."

Experiment In Sociology On Ohio River

MOUNDSVILLE, W. Va., Aug. 9. (AP)—Four young adventurers — two bachelors and two unmarried girls — were floating down the Ohio River again today in what they called an experiment in sociology.

They shoved off on their raft "Lethargia" Wednesday hoping to hitch rides all the way to New Orleans. The voyage was interrupted two weeks ago when the raft turned over near here and the four had to swim for their lives.

Marry Ellin McGrady, 24-year-old sociology student from the University of Michigan, is skipper of the 12-by-20 foot raft. She describes the trip as an experiment to find out how people adjust themselves to living in a small place.

Others on the floating laboratory are Geraldine Garcia, 23, Boston artist; Milton Borden, 30, New Bedford, Mass., and Don Brown, 24, Detroit, another University of Michigan student.

HOME FOR YOUNG JAPANESE FOUND

WASHINGTON, Aug. 9. (AP)—Little Mike, a Japanese-American occupation orphan, may soon have a family and a home in the United States — thanks to Congress.

The House of Representatives Wednesday passed a bill which would let three-year-old Mike become foster son of U. S. Army Sgt. Jack R. Terry and his wife, Carolyn, of Roanoke, Va.

Now it's up to the Senate and the President.

Mike was born in Japan, the son of an American occupation soldier and a Japanese girl and was placed in an orphanage in Japan.

The Terrys found Mike at the orphanage in 1949. They wrote Rep. Burton (D-Va) who sponsored a bill for Mike's adoption.

Freight Rate Hikes To Cost The Consumer

By JAMES MARLOW

WASHINGTON, Aug. 9. (AP)—Trying to keep down living costs is like trying to sit on a pail of steam. Now just a little more steam has escaped.

Railroads have been allowed to raise their freight rates. They got permission Wednesday from the Interstate Commerce Commission.

Since this raises the cost of shipping goods, the shippers will want to boost the price of their goods to pay for the added cost.

But the retailer who buys from the shipper will get stuck unless he can tack on this higher price to the goods which finally are sold to you.

So you get stuck. The consumer, you're the last buyer.

That's a simplified explanation of how prices will rise as a result of the ICC ruling. But right away a couple of things come to mind:

1. I thought we had a new price control law to keep prices down.

2. I thought OPS — Office of Price Stabilization — was supposed to sit on prices.

3. How come, if we have OPS, the ICC can do something which will let prices go up?

OPS has absolutely no control over anything done by the ICC which is a long-established agency whose job is deciding what freight rates ought to be.

And the price control law passed by Congress flatly said the law does not apply to ICC.

Since the ICC has to be fair to railroads, the ICC members decided on permitting the freight increase for these reasons:

This country needs to keep their railroads in good running shape to carry goods; there's an emergency now; the railroads are spending, and will spend, a lot of money on much new equipment; a lot of this spending has been encouraged by the government and the "shipping public, with national defense primarily in mind."

All of which is a gentle reminder that the job of keeping down living costs, while trying to be fair all around, isn't simple.

GOP Congressmen For Truman Giving Up Yacht

WASHINGTON, Aug. 9. (AP)—Some Republican congressmen think President Truman should set an example of simple living and saving by giving up his presidential yacht and airplane.

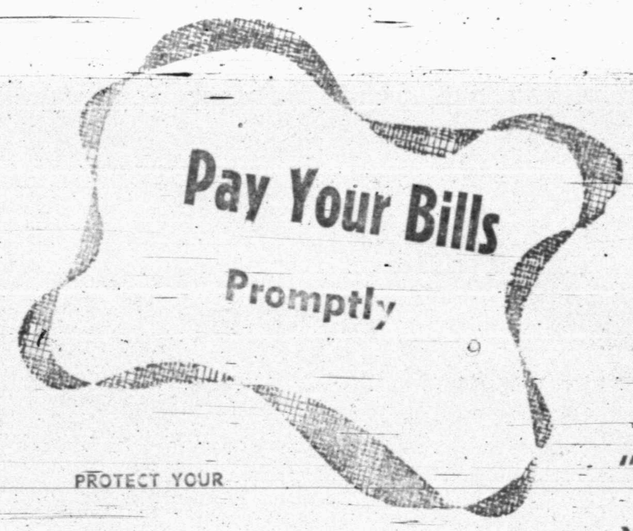

Rep. Auchinloss (R-NJ) told the House the President would set a good example by "denying himself some of these luxuries."

HIGHER LIVING COSTS PREDICTED

WASHINGTON, Aug. 9. (AP)—Living costs may boom — by 10 to 116 billion — during the next year under the present price controls bill, Economic Stabilizer Eric Johnston is reported to have said.

A source close to the ESA said Johnston made this statement at a meeting Wednesday of Defense Mobilizer Charles E. Wilson's advisory board. The meeting was concerned mainly with the new controls law and possible difficulties in carrying it out.
