## VOID FERGUSON HIGHWAY SUIT

**COURT ACTION DISSOLVES INJUNCTION HOLDING UP HIGHWAY CONTRACT LETTINGS**

The temporary injunction awarded James E. Ferguson and others to restrain the Texas Highway commission from awarding further construction contracts was dissolved on Tuesday of this week by action of the third court of civil appeals, leaving the highway department free to authorize lettings at once.

The highway department was holding in obeyance the official letting of approximately $4,000,000 in new construction work, bids on which were taken last week and tabulated to await disposition of the Ferguson suit.

Ferguson, Bailey Hardy and John Chamberlain, had obtained the injunction on allegations that the highway commission planned to contract in excess of the highway fund's ability to pay during the current fiscal year which ends next August 31.

Another contention was that the commission planned to award excessive contracts as a part of a scheme to embarrass the administration of Governor-elect Mrs. Miriam A. Ferguson, wife of James E. Ferguson, the principal plaintiff in the injunction case.

The law question was presented to the appeals court last Saturday, and contentions of James V. Allred, attorney general, who prosecuted the case for the highway commission, were upheld in practically every particular. Ocie Speer, attorney for the plaintiffs, indicated an appeal would be taken to the supreme court. Fifteen days are allowed in which to perfect an appeal.

Dissolution of the Ferguson injunction clears the way for immediate construction on 41.4 miles of Panhandle highways representing a contracted expenditure aggregating $362,890, it was revealed at Amarillo offices of the State Highway department. The contracts include work in Collingsworth, Hall, Moore and Potter counties.

## M'LEAN TIGERS WIN FROM LYNX

**MEET AT PAMPA FRIDAY FOR BI-DISTRICT CHAMPIONSHIP; WIN BY 14-6 SCORE**

The Tigers of McLean High school are the Class B football champions of Districts 1 and 2 as the result of the game with the Spearman Lynx played at Pampa last Friday afternoon for bi-district honors. They will meet Olney this week-end for the regional championship.

The Tigers scored in the first quarter shortly after the game opened, taking a 7 to 0 lead. The lone Spearman counter was made in the second period with Madden, Lynx fullback, doing most of the ball toting. Again in the final quarter, the Tigers charged across the Lynx goal to win the game by a 14 to 6 count.

Twice the Lynx held the Tigers on their two yard line. The summaries of the game revealed fourteen first downs for McLean to four for Spearman and 231 yards gained from scrimmage by McLean and 98 by Spearman.

Mr. and Mrs. A. H. Word, Spearman, were dinner guests Saturday evening with his cousins, Mr. and Mrs. Delos Word, and were guests for the night and Sunday with her sister, Mrs. W. B. Hicks, and family.

## GIVE TOYS FOR SHOW TICKETS

**JUNIOR WELFARE LEAGUE WILL CANVAS TOWN FOR OLD TOYS SATURDAY MORNING**

An intensive drive will be made on Saturday morning of this week by the Junior Welfare league in their effort to collect old toys for the Christmas baskets and the entire town will be covered in their canvas.

The drive will open at 9:00 o'clock and will continue until the entire city has been covered. Tickets for the matinee at the Ellis Theatre will be given to children under twelve years of age, giving old toys to the league. The toys will be repaired, printed and made ready for distribution to the poor children with the Christmas baskets that will be given out by the welfare organization.

To conduct the drive the city has been divided into four sections with one part given to each church, with the church chairman in charge. Several people have offered their services and equipment for the repairing and painting of the toys. The paint for this purpose will be furnished by the Plainview Hardware & Furniture company.

The tickets given to the children in exchange for toys will be good at the Ellis Theatre at the Saturday matinee. The Lions club and the Chamber of Commerce have arranged with Carl Ellis to redeem the tickets turned in, Mr. Ellis offering a more than liberal arrangement.

According to Miss Lura Mae Sharpe, general chairman of the Junior organization, several hundred toys have already been turned in and many more are expected as the result of the Saturday drive.

Miss Ruby Jane Simmons, who has been teaching at Taos, N. M., for the past two years, spent the day Saturday in Perryton visiting with friends. She returned to Fairview, Okla., where she had been visiting several days in the Clint Apple home and Sunday she and Miss Bonnie Apple left for Denton and Dallas.

B. C. Hurn, Higgins, was a Perryton visitor Tuesday and Wednesday.

R. T. Correll Jr. is in Liberal, Kans., this week receiving medical treatment.

### ROOMS NEEDED FOR CAGE CONTESTANTS

Many bedrooms are going to be needed to take care of the various basketball teams that will again be in Perryton for our tournament next week. No meals are to be given to contestants, rooms only being furnished.

If you have a room or rooms that are suitable for boys or girls, please call me and let me know how many you can keep. Your help will be greatly appreciated.

There will be only one night that teams will need to be kept, Friday night, December 16.

## STAGE MUSICAL PLAY DEC. 14-15

**EASTERN STAR PRESENTING MUSICAL COMEDY "OH, PROFESSOR" AT AMERICAN**

An unusual entertainment will be offered to the people of this community on next Wednesday and Thursday evening, December 14 and 15, when the successful musical comedy, "Oh, Professor" is presented at the American Theatre by the local chapter of the Order of Eastern Star.

The cast is composed entirely of local talent, nearly one hundred characters composing the principals of the play and the many choruses that appear in the production which is being staged under the direction of Miss Emily Neville, Kansas City, Mo.

"Oh, Professor" deals with the lighter side of life of a typical American university. The scene is laid in the living room of a fraternity house and the time is the afternoon and evening of one of the biggest dances of the season. At the time the story opens Steve Crandell, the champion athlete of the college suffers from an inferiority complex as far as girls are concerned. Bob Davis, another popular man on the campus has persuaded Steve to invite his childhood friend, Helen, to the dance. Ted Hethcock appears in the role of Steve and Addison Cutter appears as Bob Davis. Miss Lois Blue makes an attractive Helen. Bob goes to the station to meet Helen and immediately falls in love with her.

In the mean time Bob his written to his brother, Dave, to dress as a Spanish girl from Zeigfeld follies and come to the dance. Instead, however, Bob's sister, Wilhimina, gets the letter and decides that she will impersonate the Senorita Rita Mae from Broadway. Bob tells Steve all about Dave coming dressed as a Spanish girl and as a joke on the boys Steve plans to take the fake Senorita to the dance. The joke is on Steve, however, when Wilhimina comes to the dance, and thinking all the while she is Dave he makes violent love to her. Mrs. Yvonne Baber makes a most charming Whilimina.

The real comedy of the show is carried by C. W. Claybaugh as Professor Bangs, the typical absent minded bachelor professor and Mrs. W. B. Irvin as Mrs. Bumboard, the widowed matron of the college who persues the professor throughout the play. The plot is further complicated at the opening of the second act when Bob's brother, Dave, comes to the college also posing as the Senorita. The near sighted professor sees Dave and mistakes him for a real girl. One of the high lights of the show is the hilarious love scene between Mr. Claybaugh as the professor and Fred Carter who takes the roll of Dave Davis. Miss Mary Lee Wilson appears as little Avanellie, the mischievous little daughter of Mrs. Bumboard. Emory Lee appears in the excellent comedy role of Chink the butler who is "velly, velly" Chinese.

During the course of the party at the house some valuable spoons are stolen from Mrs. Bumboard. The policeman, portrayed by Arch Talley, is called in to investigate the theft and his discovery of the spoons

## EVERYTHING IS READY FOR BIG SHOW TO OPEN

**Guy R. Sheets Is Superintendent Of 1932 Show With Peter Krause Assistant**

### Offer $400.00 In Prizes

**C. C. Ward, Guthrie, Okla., Will Act As Judge Of Show; Expect Large Entry**

Everything is in readiness for the opening of the North Plains Poultry show on next Wednesday morning, December 14, and all indications point to one of the most successful and largest shows ever staged by the association. The show will last for four days, until Saturday night.

Approximately four hundred dollars in prize money will be paid out to the winners in the open classes and the 4-H club and vocational agriculture exhibits, according to County Agent Guy R. Sheets, who is superintendent of the show this year. In addition to the prize money, attractive ribbons will be offered the winners of the first three places as well as the champions and grand champions.

Two silver loving cups will be given in the show, one for the best poultry display and another for the best 4-H club or vocational agriculture judging team. One of the cups has been donated by the Purina Mills through the Perryton Equity Exchange, the other by the First National Bank.

C. C. Ward, Guthrie, Okla., licensed in American Poultry association work, has been secured to judge the show again this year. Mr. Ward has been judge of the North Plains show for several years and his work has been so excellent that the directors of the association were unanimous in insisting on his return for the show this season.

The poultry show this year was made possible through the cooperation of the Perryton Chamber of Commerce and the Commissioners Court of Ochiltree county. The former organization authorized an expenditure of $250.00 for this purpose while the county donated $100 for this use. The show will be held in Donley's hall, the use of the building being donated by J. L. Donley again this year. The Perryton Equity Exchange will furnish the feeds for the show, supplying Purina products. Peter B. Krause is the assistant superintendent of the show.

The 1932 show is the fourth annual affair of the North Plains Poultry association which sponsors the annual showing. M. M. Cudd is president of the association.

Poultry breeders any where on the North Plains who have not already received one of the premium lists of the show may have one by addressing a request to C. W. Claybaugh, who is acting as secretary of the association.

### Cleared Up Burglary

**Officer W. J. Pottorff Called To May, Okla., On House Breaking Case, Sunday**

Officer W. J. Pottorff was called to May, Okla., Sunday morning to assist Sheriff John Duvall of Harper county in clearing up a burglary case. Officer Pottorff obtained finger prints in the case which lead to the arrest of a May youth who confessed to the crime, implicating two others living at Supply, Okla.

Officer Pottorff states that he will be leaving Perryton shortly after the first of the year, taking his finger print bureau with him. Pottorff has been active here in solving many of the small jobs committed and the very presence of the bureau has undoubtedly kept down more serious crimes.

It will be a distinct loss to Perryton to have the bureau moved from here. Criminals have learned to keep away from cities where finger print bureaus are established and operate mostly in smaller communities.

Mrs. William Pearson of south of town, spent the day Saturday visiting in the J. C. Cooper home.

### ON TRADIN' AT HOME

Now don't get excited folks, this is not going to be another tirade about spending all your money with the merchants of Perryton. This is for the business man himself. Many folks in business are just as bad, if not a little worse than the rest, in this matter of trading away from home. We figure that the business man who is eternally beseeching and pleading with people to "trade at home" is pretty darned inconsistent if he don't practice what he preaches. Yet such is the case. We know lots of business houses here in Perryton and elsewhere that do most of there trading, both personal and business, with out-of-town institutions that don't spend a dime for the support of Perryton schools, churches, city government, or anything else that builds this community. Yet they say that the man that trades with the mail order house isn't doing right by the home town merchant. Business houses, above all other people, should spend their money where they make it.

### FERGUSON'S HIGHWAY SUIT

We would like to think that Jim Ferguson is sincere in his suit against the State Highway Commission asking that they be restrained from letting any more contracts for state highway construction. Ferguson claims that they are letting contracts in excess of their ability to pay. We do not think that this is the case. Judge Ely and his highway commission are men of ability and integrity and we do not believe for one minute that they will let contracts for highway construction if they did not have the funds to pay same when they are completed. The state highway department is in excellent financial condition and not one charge of graft has ever been made against the present commission except those uttered by Ferguson in the heat of the last campaign, and he had not a single iota of true facts to back up his charges. The Herald is still hopeful that Mr. Ferguson has the best interests of the state at heart in this suit but it looks to us that this is just another one of his political moves and that he wants the highway fund to come under his control with just as many millions in it as possible so that he and his henchman contractors will once more get their hands on thousands and thousands of dollars in highway grafts.

Ferguson has always been loud in his campaign talks as being a friend of the working man. How about it in this case? Thousands of people throughout Texas and especially in the Panhandle are depending upon state highway construction labor for a living. It means the difference between bread and butter by honest labor or getting it from public charity. Our particular section is faced with a shortage in crops and no farm buying power. Our road work means bread and meat to hundreds of families.

This injunction suit is a bitter pill to the Ferguson supporters over the Panhandle for they are just as interested in the highway program as those who opposed the Fergusons. They realize the importance of completing our highway system.

Texas is today receiving several millions of emergency relif money from the Federal government for highway work. This money is matched with state funds for the construction of Federal highways. This is true of No. 4 through Ochiltree county. Under the terms of the emergency act, these projects must be completed by June 30, 1933. If Ferguson's suit is decided in his favor, this work will halt and the millions of dollars from the Federal government will be lost to the state forever. It will go to buy food, clothing and necessities of life for people in other states of the union and our people will suffer.

The people of Ochiltree county hope that Ferguson will lose his suit, making possible the completion of the two main highways now planned through the county. Many of our people are dependent upon this road work for sustenance this winter.

### CHARITY IS HARMFUL

Charity is harmful. That is not very often true but nevertheless there are many cases where persons and families have actually been done an injustice by being made the objects of charity. Assistance in time of need to some people only spurs them on to greater efforts to provide the necessities of life for themselves. In others of the spineless variety with the India rubber backbone, charity often starts them on the list of persons and families who are perpetually in need of help, regardless of business conditions, depression or good times. We are thankful that Ochiltree county and nearby communities have few of the latter type. Most of our citizens are hard working folks who only ask for the opportunity to be able to work for their daily bread.

### OBITUARY
**James Milo Blodgett**

Again the Bells of Time toll for a true pioneer and son of pioneers. The tinkle of the horse bells, the lowing of the herds, the setting of the plains, the rumble of oncoming wheels mark the pages of a life now at ease. The crack of the mule driver's whip, the rumble of heavy freight wagons give way to the shriek of the locomotive, the roar of the tractor and the hum of the auto and we come together today from many points far and near to show our appreciation of and to pay our respect of esteem to one who lived well his place in the midst of these things.

From Watertown, N. Y., one Samuel Blodgett journeyed westward and found along the way Miss Isabel Trimette of Wisconsin natavity who became his wife. Into their home at Leaf Valley, Douglas county, Minn., an area of rolling prarie great forests and many lakes, on June 26, 1871, a little babe came. They named him James Milo.

Still the call of the great opportunity could be heard as a friend wrote of the great Southwest and to Kendall, in western Kansas, they came while Milo was still just a lad. Then again to move in the autumn of 1886 the family came to Hemphill county, Texas. In a few years the family moved on into Oklahoma. Milo's mother had been laid to rest in Kansas and he remained to begin his life as a Builder of the Plains.

He worked for a short while on the Moody ranch down the river northeast of Canadian and in 1888 or 1889 entered the employ of the Bar C C ranch with headquarters on Wolf Creek in Ochiltree county. He remained with this ranch until 1896 when he established a home of his own on Dry Creek on the south side of the Canadian river in Roberts county. Another pioneer family had come this way and the Walsteds of Norwegian sturdy blood gave one of their daughters, Myrtle Mae, to be his bride. The wedding ceremony was spoken at high noon out in the yard of the Walsted home on the Canadian amidst the bright sunshine of December 23, 1896.

Sunshine and shadows crossed their path but a beautiful affection survived the trials of the years. Here in the early home three children were born, Clarence Ralph, who died in 1922 leaving his wife and children to the tender shelter of his parental home; Thelma, who is now Mrs. John E. Kennery, who with her husband and their two children were present at the funeral and one other child who died in infancy.

In 1907 Mr. and Mrs. Blodgett moved to their present home in the southwest part of Ochiltree county where they have since lived except for the years 1919 to 1923 when he owned and operated the Moody ranch on Horse Creek in the northwest part of Hemphill county. Around their plains home has grown the "Blodgett Community".

During the late spring of this year he became ill, gradually grew worse and on September 12 he was taken to the Mayo Clinic at Rochester, Minn., where he was pronounced as being afflicted with a malignant malady in an incurable state. The fight for life was continued at Boise City, Okla., but on Sunday, November 27, his loved ones and friends brought him home and at 11:10 p. m. November 29, his spirit took its departure and the tired suffering body is at rest. He lived 61 years, 5 months and 3 days in honor, usefulness and uprighteousness.

He leaves to mourn his going, the beloved companion and tender helpmate of the years; his daughter-in-law, Mrs. Ralph Blodgett and her son, Ralph Junior, members of his household since the death of his son, Ralph; his daughter, Mrs. John E. Kenney, with her husband and their two children who live near the old home; two brothers, Mark Blodgett of Range, Okla., and O. E. Blodgett of Sulphur Springs, Ark.; four sisters, Mrs. Stella Langford of Nickerson, Kans., Mrs. Jennie Bertschy of Bentonville, Ark., Mrs. May Ridenour of Denver, Colo., and Mrs. Nellie Lawson of Delta, Colo. None of his brothers or sisters were able to attend the funeral.

He was baptized into Christ in March, 1930, by Rev. Jasper Bogue in the First Christian church of Perryton, Texas, and cherished and ever sought to serve in this faith until death, holding membership in the Christian church at Spearman, Texas. He was a member of the Board of Trustees of the church at the time of death and also superintendent of the Blodgett community Sunday school.

For many years he had served as a member of the school board of the Blodgett school and was in his second term as a member of the Ochiltree County Board of Public Instruction.

Milo Blodgett was a good man, a citizen who served his country well, a business man of thrift and honor, a true husband and beloved parent. He will be missed from the thinning ranks of the early cowboy force. Those who drove their freight teams across the plains taking their produce to market and bringing in supplies will remember his skill and his teams. He took pride in having good stock and equipment. He was careful of the good and worth while things of life. He and his violin will be missed in many Panhandle gatherings where his skill as a musician was so often in demand.

Friend, we pay you tribute
You have lived to good and noble purposes.
Your acquaintances are your friends,
Your memory we will cherish.

Funeral services were held at the Baptist church at Perryton, Thursday afternoon at one o'clock. Interment was in the Ochiltree cemetery.

### A Bonafide Sale Says Virgle Castle

Mr. Hill has ordered this store closed by January first! He has instructed us to sell every possible item of merchandise, regardless of cost. This is the task set before us!

Mr. Hill regrets the necessity of this move, yet conditions make it impossible to do otherwise. May I say that this is the 'saddest glad event' that could ever come to Perryton. The loss of this fine store, yet the offering of these bargains at a time when you need them so badly.

## Where Two Men Were Killed on Their First Job in Months

From this mass of crumpled stone the dead bodies of two workers were taken, and four others may die, after an aged wall fell. All the men, unemployed for months, had obtained employment from the Reconstruction Finance Corporation fund to demolish the old wall at Austin. They were getting $1.25 a day, and had worked only two days when the disaster occurred. A. C. Reissig and W. L. Lamb are the dead men.

# CHURCHES

### CHRISTIAN SCIENCE

"Thanksgiving" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Thanksgiving Day, November 24.

Included with other passages read from the Bible was the following from Psalms 118: "This is the day which the Lord hath made; we will rejoice and be glad in it. Save now, I beseech thee, O Lord: O Lord, I beseech thee, send now prosperity. . . . Thou art my God, and I will praise thee: thou are my God, I will exalt thee. O give thanks unto the Lord; for he is good: for his mercy endureth for ever".

Citations were also read from the Christian Science textbook by Mary Baker Eddy, "Science and Health with Key to the Scriptures", one citation being as follows (p. 3): "We admit theoretically that God is good, omnipotent, omnipresent, infinite, and then we try to give information to this infinite Mind. We plead for unmerited pardon and for a liberal outpouring of benefactions. Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitute is much more than a verbal expression of thanks. Action expresses more gratitude than speech . . . What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love, and good deeds".

"Ancient and Modern Necromancy, Alias Mesmerism and Hyppnotism, Denounced" was the subject of the Lesson-Sermon in all Church of Christ, Scientist, Sunday, November 27.

Among the passages read from the Bible was the following from James 3: "Who is a wise man and endued with knowledge among you? let him shew out of a good conversation his works with meekness of wisdom . . . For where envying and strife is, there is confusion and every evil work".

The Lesson-Sermon also included citations from the Christian Science textbook by Mary Baker Eddy, "Science and Health with Key to the Scriptures", one of which was as follows (p. 407): "Man's enslavement to the most relentless masters—passion, selfishness, envy, hatred, and revenge—is conquered only by a mighty struggle. Every hour of delay makes the struggle more severe. If man is not victorius over the passions, they crush out happiness, health, and manhood. Here Christian Science is the sovereign panacea, giving strength to the weakness of mortal mind—strength from the immortal and omnipotent Mind—and lifting humanity above itself into purer desires, even into spiritual power and goodwill to man".

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, December 4.

The Golden Text is from Psalm 75: "Unto thee, O God, do we give thanks, unto thee do we give thanks: for that thy name is near thy wondrous works declare".

Included with other passages to be read from the Bible will be the following from Matthew 8: "And when Jesus was come into Peter's house, he saw his wife's mother laid, and sick of a fever. And he touched her hand, and the fever left her; and she arose, and ministered unto them. When the even was come, they brought unto him many that were possessed with devils: and he cast out the spirits with his word, and healed all that were sick".

The Lesson-Sermon will also include citations from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy; among these will be the following: "Christian Science acts as an alterative, neutralizing error with Truth. It changes the secretions, expels humors, dissolves tumors, relaxes rigid muscles, restores carious bones to soundness. The effect of this Science is to stir the human mind to a change of base, on which it may yield to the harmony of the divine Mind" (p. 162.)

### FULL GOSPEL TABERNACLE

Robert Girouard, Pastor

The revival is on. Souls are being converted. Bro. Brown is bringing soul stirring messages in the power of the Holy Spirit. The meeting will continue indefinitely.

Some have said they would like to attend church but would not do so because they were not able to help in a financial way. Christ came to preach to the poor. We invite the poor to our services.

Our church is debt free. The pastor is supported by the free will offerings of those who care to help spread the gospel through his ministry. No private or public solicitations for this purpose. Our evangelist likewise trusts God for their needs. He never fails.

Some may wonder how this is possible. The secret is to bring people a message that will do them so much good that they voluntarily offer to help spread the good news. Under this plan the God called ministers survive. Others can't.

So we are not inviting you to share a burden of debt too heavy to bear, but we ask you to share the blessings of the gospel with us.

We are taking orders for dressed pork, one-half or whole hogs at 4c per lb. Wheat Belt Grocery. 40-tf-c

### TOWN'S BANK LOANED FOR AMUSING DRESSLER SCENE

Borrowing a bank is a hard job nowadays—except in the movies. But an entire bank, with everything in it, including the office cat, was borrowed for a day to help Marie Dressler and Polly Moran in their latest comedy, "Prosperity", playing at the Ellis Theatre next week.

The Metro-Goldwyn-Mayer company making the picture, went to Burbank where a nice little bank in a nice little street awaited them. The studio negotiated its use and Marie and Polly did their scenes of the amusing bank "run" to the great delight of hundreds of Burbank citizens who turned out en masse for the free treat.

"Prosperity", an original story written for the comedy pair, concerns the riotous tribulations of rival mothers-in-law. Anita Page and Norman Foster head the supporting cast.

Harry McCauley and Jack McBride were business visitors in Amarillo Sunday.

J. T. Cropper had as his guests for the week-end Burn Thompson of Beaver, Okla., and Ernest Randolph. Other guests for Sunday dinner were Clifford Wakefield and Geo. Andress.

Luther Riley, Fort Worth, and C. A. Creagan were guests Friday evening in the C. E. Whippo home.

George Rupprecht has been confined to his home by illness the past few days.

## Margaret's Candy Factory

By JANE OSBORN

"YES, our business offices are located out here at the factory." Margaret Drew was saying with a smile to the telephone receiver.

"But, of course, I wouldn't want to ask you to come so far out of your way for our little business conference. It happens that I am to be up in the business section today. I can quite easily drop in at your office—"

"Oh, I wouldn't think of putting you to that trouble, Miss Drew," came back the man's voice. And Margaret frowned a little.

"But I would very much rather call at your office. It's so—noisy here—with the machinery—"

And Margaret, having won her point—and got this Mr. John Bailey's consent to call at his office instead of having him call at her "factory"—hung up the telephone with a sigh of relief.

As a matter of fact Margaret's offices and factory occupied a total floor space of about twenty by fifteen feet. She was sitting in what she called the outer office—there was a telephone table and two chairs. There were four closets off the room which with the one window and the door into the outside hall pretty nearly filled the available wall space.

On one of these closets was neatly painted the sign—"Private. M. C. Drew, Pres." Behind that door were a few shelves on which were stowed a battered typewriter and some boxes.

Another door was marked with the neat sign, "Shipping Department—Positively No Admittance." and behind that door was a larger closet in which were neatly stored a supply of candy boxes, hammer screwdriver, nails and a few empty wooden boxes. The third closet was large enough to stand in. There was one small window and on a shelf by the window a three-burner gas stove. On other higher shelves on the opposite side were neatly arranged kettles, cans and canisters, paper bags and pasteboard boxes. On the outside of the door into this more spacious closet were painted the words, "KITCHEN—Please Use Other Entrance."

But even with these deceptions Margaret did not wish to have the important advertising expert see the pathetic limitations of her budding candy factory. Entirely convinced of the goodness of the sweets which she was able unaided to make and pack in her small quarters she had inserted an advertisement in the current number of a fashionable magazine which stated that on receipt of twenty-five cents in stamps she would send a sample box of the New Sweets that society folks were talking about.

Within a week had come just enough twenty-five centses to pay for the advertisement, but not the materials used in the making of the candy. Still, Margaret was not discouraged. And she had also received on very impressive letter-head stationery a letter from the Universal Advertising company suggesting that there might be advantage in a conference between a member of the firm of the Universal Advertising company and the advertising director of the New Sweet Candy concern. The result was the telephone conversation between Mr. Bailey and Margaret.

But she didn't even get to the elevator in the office building mentioned on the letter-head paper of the Universal Advertising company for as she entered the building she was approached by an entirely presentable young man who asked her whether she were not Mrs. Drew.

"Miss Drew—Margaret Drew," she corrected and then the young man said he was John Bailey of the Universal Advertising company and that it had occurred to him that it might be pleasanter if they discussed business over a cup of tea or coffee or something.

He escorted her not to any of the fashionable hotels in the neighborhood but to a popular lunch room with gleaming white tables where coffee was served in thick cups with paper napkins. Margaret had heard that it was considered quite smart to go to those places.

She talked of her candy factory rather vaguely and Mr. Bailey talked with a vagueness that Margaret did not detect of the Universal Advertising company. Then John Bailey seemed to shake off all formality of manner and began to laugh.

"Let's be frank," he said. "I'm just a beginner—on my own entirely. I've got desk room in a dingy dark office in that building. But I'm going to win out—I think I can pull some big stuff in candy advertising—"

"I wish I had let you come to see my place, then," said Margaret. "I'm all there is to the staff, too. But I've got a three-burner stove besides the desk and telephone. If you'll have faith in me—why, I'll have faith in you."

Two days later when Margaret and John met at Margaret's "factory" they made plans for joining forces. Margaret would proceed with the candy making—and John Bailey would go in tooth and nail to build up the business side of the undertaking.

And thus began the J. and M. Candy company which has since grown to such enormous proportions—and thus began also the romance that resulted just a year later in the marriage of the president and the vice president of the thriving concern.

**Get your flashy pick-up from this "fast-steppin' gas"**

"That fast-steppin' gas." If you happened to be visiting the great Sinclair refineries you'd probably hear those mysterious words more than once — for it's the nickname the men around the refineries have just applied to Sinclair Regular Gasoline. And the reason for it is this — *Sinclair Regular is being refined to a formula which has been developed to produce flashy pick-up for the congested traffic of great cities!*

Sinclair Regular Gasoline is a fast, light gasoline — a gasoline with a quick, eager surge of power that'll put you out in front while the blast of the traffic cop's "go" whistle is still ringing in your ears. There's power in Sinclair Regular — power and punch that'll put new life in your engine — and new enjoyment into motoring — be it in city street or on country highway. Try a tankful — drive into one of the many Sinclair Service Stations and ask for Sinclair Regular Gasoline.

*NOTE: For best results, use either Sinclair Opaline Motor Oil or Sinclair Pennsylvania Motor Oil. These oils have been de-waxed, and freed from petroleum jelly at as low as 60° F. below zero.*

## The Man She Won at Cards

By H. IRVING KING

NANCY BLODGET was a haughty beauty and moved in the very best social circles. Everybody expected Nancy Blodget and Bert Chalmers to marry each other. Nancy and Bert had expected the same thing—for a while—and then, to both of them, had come a feeling that these expectations were not as rosy as they had been at first. They had been much thrown together in society, and had "sort of" drifted into the position in which they found themselves. They liked each other well enough, as far as that went, but—!

The fact was that each had met the "other one," the "only one." How to get out of the situation gracefully was the question. Nancy did not want people going around saying that she had heartlessly jilted Bert, and Bert did not want all the gossips declaring that his conduct in throwing over Nancy was "shameful."

There is a game played by children—if it can be called a game—known as "Letting the old cat die." A child in a swing ceases motivating the oscillation of the said swing until it slowly comes to a dead stop.

If Nancy and Bert had been endowed with sufficient courage and frankness they might have "fessed up" to each other and contrived some quiet and unostentatious way of letting the old cat die with regard to their personal relations. But they did not have such courage and frankness—and the situation, after all, really was an awkward one.

Who Bert's other and only one was Nancy could only guess. She rather suspected that it was that slangy, sporty Betty Harrington. Betty was what the knowing called a "dead game sport." She could do the most daring and unconventional things and get away with it. Bert was well assured who Nancy's other one was. The way Tom Leonard looked at Nancy, and the cold manner in which he treated Bert betrayed the secret. Several times Nancy was on the point of speaking to Bert regarding the situation, but it was such a difficult subject to introduce. And Bert felt just that way about speaking to Nancy. Besides, he felt that the woman should always speak first in such a case.

Nancy went so far at last as to confide in Alice Wonderleigh—everybody confided in Alice sooner or later; she was such a sweet, mild, quiet little thing, she simply compelled confidence. "Now what would you do?" asked Nancy.

"Oh, dear, I don't know," replied Alice, in a distressed manner. "I think—I think I should tell him. But perhaps—oh, dear, I really can't advise you, only—"

"Only the situation has got to be cleared up some way," put in Nancy.

"Y-e-s," faltered Alice.

The next day there was a bridge at the Brownsons. "Everybody" was there. They had paused in their bridge-playing for a brief interval of eating and talking, when Betty Harrington came romping up to Nancy with "Hello, Nance! Got your nerve with you today?"

"A moderate amount," replied Nancy, very curious as to what was coming.

"Then we'll gamble," said Betty. "Don't look so shocked. I know you are dead set against gambling, which, as your old grannies say, 'is infecting society.' But this isn't serious. We'll gamble for nothing; we can't afford to lose. What do you say? See this bracelet? I won it on a bet from Tom Leonard, and I'll stake it against Bert Chalmers. I don't want the bracelet—and you don't want Bert. So come on—where's your sporting blood? We'll cut cards—best two out of three."

"So," thought Nancy my suspicions were right. "It is Betty whom Bert wants." She glanced at the bracelet which glimmered on Betty's muscular but shapely wrist. That had come from Tom Leonard, had it? Possessed by a sudden impulse, Nancy leaned over and cut a pack of cards which was lying on a table beside the two girls. "Ace!" cried Betty. "Beginner's luck." Then Betty cut and showed a five-spot, while Betty's luck gave her a king. The third cut resulted in Betty cutting a seven-spot and Nancy a two-spot. "I've won," cried Betty, and called across the room: "Bert, come here!"

"Oh, I was only joking; please, please," pleaded Nancy.

"Joking nothing!" retorted Betty, and as Bert came up Nancy, as she said afterwards, "feeling as if she should sink through the floor," the hoyden went on, "Here, Bert, I've just won you from Nancy. You are mine now, and I am going to give you away."

Bert frowned and looked around anxiously to see if anyone was watching this mad prank of Betty's. But she, the irrepressible, seized his hand and, leading him to where Alice Wonderleigh sat alone, silent and pensive, placed his hand in Alice's, saying: "I've just won him at cards from Nancy. Take him if you want him. Lord knows I don't. Nancy, you go and talk to Tom Leonard. He's standing over in that corner making eyes at you."

Later in the day Bert and Nancy had a very satisfactory and friendly talk together. The story got out, of course, but was forgotten inside of two weeks.

## YOUNG PEOPLE COLLECT TOYS

**YOUNG PEOPLE OF CHURCHES FORM CHARITY ORGANIZATION; GATHERING TOYS**

It was announced in chapel last Thursday that the young people of the Methodist, Baptist, Christian, and Full Gospel churches had formed a charity organization.

The purpose of this group is to obtain all toys possible to distribute to children who will not be fortunate enough to get them any other way. Dolls, wagons, or any toys that can be remodeled will be appreciated by this group. Different business establishments of the town are donating things to repair these toys.

A great interest is being taken in the school and many toys have been received. Through the courtesy of Carl Ellis, the Chamber of Commerce, and the Lions club, it has been arranged to give show tickets to all children under twelve years of age who bring a toy. They may be brought to the churches or the school building this week.

A canvass of the town is being planned for this week, perhaps Saturday. Many toys are expected. Toys will be accepted Saturday morning at the welfare building and show tickets given for the matinee that afternoon; although we cannot give any tickets after that time, any toys will be appreciated if delivered from now until Christmas. This is a worthy cause and all school children as well as parents should cooperate.

### CHAPEL PROGRAM

Due to illness Supt. W. B. Irvin could not be with us Thursday and O. A. Bush took his place. Mr. Bush introduced Rev. Hart, who in turn introduced Rev. Jackson. Mr. Jackson is the man who is holding the revival at the Christian church.

A very interesting message was brought to us by Rev. Jackson. The strong points of his talk were moral, physical and spiritual development.

### CLUBS

**F. F. A. Club**

A meeting of the vocational agriculture boys was held December 6. The purpose of this meeting was to decide on the "Fathers and Sons" banquet. The president called the house to order and appointed a program committee and the toastmaster. This banquet which is to be given Thursday evening, December 15, promises to be a great success for the vocational agriculture boys and all others attending. We are going to have some outside speakers and some good music. The banquet is to be held in the home economic department and will be served by the girls of that department. Meeting adjourned after an extended discussion.

—Richard Anderson Reporter

**Athletic Club**

The Athletic club met Friday the first time since October 21, because of having to allot their time to football trips and getting ready for home games.

We discussed the new official 1932-33 basket ball rules and Coach Keith diagrammed some plays on offense and defense to the basket ball squad for the game we have Friday night.

**Travel Club**

G. Ward Moody was our speaker Friday and he certainly is an interesting speaker. He told about the Northern Lights and about his trip across the ocean, and also many interesting things about France and other foreign countries.

**Boxing and Wrestling Club**

The boxing and wrestling club boys were very much surprised over the visit paid to them by the senior girl scouts. The girl scouts are trying to make a boxing and wrestling club of the opposite sex which looks hopeless at the present but may improve in the future. Mr. Bush gave the girls pointers on boxing and those that boxed got them on the nose. Ray Phelps and Emile Withers put on a two round bout for the girls and also Jim Taylor and George Budock gave a two-round bout. Of course this was for the benefit of the future boxing club. Then the club did as usual and had their visitors box. Of course they could not all box for there were an accountable number of them, although we picked six out to box which put on very comical bouts, for some it was the first time to have on the gloves. After it was over there was a great laugh. This proved to be the most interesting meeting of the year.

**The Dramatics Club**

Wee Paramount Players met Friday, December 2, and the house was called to order by President Arnold Krause. The roll was called and the minutes of the last meeting were read.

The first number on the program was a vocal duet by Lois Blue and Inez Packard—with encore.

Jack Woodward introduced the famous Shanks-Hardgrove debating team to the club.

Prohibition was the subject of debate.

David Shanks was on the affirmative side, and Robert Hardgrove was on the negative side.

The negative side won by a large majority.

Leta Mae Price, Kathleen Cook and Zelto Osborn were appointed to be on the program committee for the next three weeks.

Leta Mae Price shall have charge of the program December 9.

There was not time for any business to be brought before the house, so the meeting was adjourned until Friday, December 9.

—Evelyn Dunn, Reporter.

**Artcraft Club News**

President Jo Brown read the minutes for the meeting of November 17, when the meeting was called to order December 2, as Secretary Kathleen Kelly was absent.

The George sisters, Steryl, Wilma and Claudine, honored us with a number of songs. Mary Alice Nies read a few jokes, a work period followed, and the meeting was adjourned.

**Current Event Club**

The Current Events club met on December 2. As our program committee was absent and did not get up a program, we were without entertainment. But the club talked over the prospects of having a party. It was decided that it would be held on Tuesday of next week. Mr. Irvin kindly consented to let us have it at the school building.

After that a very important announcement concerning Christmas toys was made. The complete announcement will be found elsewhere in this paper.

If your car won't start—phone 333.

We are taking orders for dressed pork, one-half or whole hogs at 4c per lb. Wheat Belt Grocery. 40-tf-c

## CAGE TOURNEY DECEMBER 16-17

**SECOND ANNUAL PRE-SEASON BASKETBALL TOURNAMENT TO BE HELD HERE NEXT WEEK**

As stated in last week's paper, over forty schools have been invited to enter the second annual pre-season tournament. This event will be regarded as one of the most prominent activities of the school year.

The whole hearted support and cooperation of the student body is necessary in order to make this event a success. Many homes will be needed to care for the many expected guests. Talk with your parents and make arrangements to entertain some of our visitors on the dates of December 16-17.

### FOOTBALL—BASKET BALL

The Perryton Rangers have played their last game of the season. None of the teams that Coach Keith wrote to cared to play a post season game. We have closed our season with a very good record.

The girls and boys basket ball teams look good. They will test their ability December 16-17, when we have the tournament here. The boys have a game with Balko for Friday night. The Balko players have been playing for two months and we have just started a few weeks ago. We expect a good year from the players and hope them lots of luck on their first game. Coach Kelley is trying to get a game for Friday night and everyone is wishing him good luck.

### PEP SQUAD ELECTS LEADER

As both yell leaders of the pep squad are active Rangerettes it was necessary to elect new leaders for the basket ball season last week. The members voted to have only one leader during the coming season. Elsie Clark was selected by popular vote. Although small, she possesses a quantity of energy that will make a good wide awake, peppy yell leader. Pauline LaMaster is president of this organization.

### PROFESSOR ZEPH VISITS SCHOOL

Tuesday, December 6, the high school student body assembled in the study hall for the regular ten-minute chapel program. President Williams called the house to order and introduced a distinguished Prof. Zeph, a traveler over the entire globe. When the curtains parted there seated upon the stage was our own respective David Shanks.

Prof. Dave Zeph surely did his "stuff". He lectured on an invention of his. An invention that could make people big, small, wide, or slim. Randel Jones tried his luck and very near ruined the machine. A slight pause for repairs had to be called. He wanted to be fat and he looked very near like a human balloon tire. Ralph McLaningham decided that if that could be done he should be made at least a little more slender. After a lot of noise out walked a classy, slender shiek. Gilbert Welch's hearts desire was granted when a real live dog was made from one-half dozen weiners. The climax came when David sang "A Spanish Calvey Dear" accompanied by Mary Madolyn Sherman. Opal we will give you at least some credit. You sang well considering who was supposed to be singing.

Kathryn Orr, a member of the program committee, coached the stunt.

Dorance Woodward wishes to make a complaint against the tooth paste and shaving cream manufacturers for putting their produces in tubes so near alike, as he made a sad mistake the other night while visiting at Farnsworth. He was getting ready to make a call on one his old friends when he decided he needed a shave. When he was through he discovered the fact that he had used tooth paste instead of shaving cream. I am sure several of you know how to sympathize with him and we will see to it that the manufacturers hear about this.

### McLEAN AND LYNX

The powerful McLean Tigers won its tenth straight victory Friday, defeating the Spearman Lynx. It was a battle between the forward walls with both of them on about even terms. Madden, fullback for the Lynx, was the mainstay of the team, scoring in the second quarter, makthirty-two yards in two plays. This was the first defeat of the season for the Lynx, but they never gave up fighting, until the game was over. The win over Spearman gave McLean its first bi-district championship, and next week they play Olney, for class "B" highest honors.

### COMMERCIAL NEWS

Maybe commercial work is not so hard after all as Mr. Haggard has been trying to tell us since so many had an average of ninty or above. The following made the high average of ninty or above during the second six weeks:

Shorthand — Albertine Andress, Oliver Graves, Anna Lee Hodges, Ina Mae Hollis, Irene Jones, Waldemar Krause, Thaylia Pearson, Margaret Rogers, and Laurie Shaul.

Commercial Law: Cleo Cudd, Iva French, Otis Ives, Anna Lee Lovett, Kenneth McLain, and Bess Schollenbarger.

Typewriting: Harold Anderson, Albertine Andress, Paul Bollinger, Evelyn Dunn, Drew Ellis, Ava Dunlavy, Elgene Funk, Ina Mae Hollis, Alice Kuhn, Ruth Lawrence, Esther Lewis, Lonnie McGarrough, Juanita Morgan, Thaylia Pearson, Louise Prewitt, Glenn Reynolds, Margaret Rogers, Nina Beth Stapp, and Johnnie Ferguson.

Bookkeeping: Paul Bollinger, Juanita Morgan, Jewel Pearson, Louise Prewitt, Laurie Shaul, Audrey Sheeks, J. Roy Watson, Geneva Green, and Mary Anne Forbes.

Those having perfect papers in typewriting on the second six weeks test were: Nena Beth Stapp, Elgene Funk, Alice Kuhn, Drew Ellis, and Esther Lewis.

Jack Bosley has withdrawn from typing as he is leaving to enter school at Wheeler.

Nena Beth Stapp made the highest number of words per minute on the last test. Her score was 38.5. Thaylia Pearson with 37.5 and Lonnie McGarrough 37.4 ran a close second and third.

Mr. Haggard says next time he will find whose work he is criticizing. The other day while a section of the shorthand class was at the board, Mr. Haggard started criticizing some of the work. After he had made all the corrections, he was told that the words were the ones he had made as samples for the class.

Mr. Orrill: What color?
Max: I don't care.
Mr. Orrill: Well, why—
Max: Oh, it's for my trombone.

Drew E.: Dad, what's a base deceiver?

Mr. Ellis: It's a ball player who deceives the opposing pitcher by getting him to throw the ball to a baseman and going back to the bag from which he made believe he was about to steal.

Lawrence Morton: Boy, I come from a tough breed. My dad cuts his nails with an axe, and brushes his teeth with a file.

Could Your Car Pass a "Cold Test" like this?

Illustrations Drawn From Actual Photographs

Through deep snow drifts that blanketed Wolf Creek Pass, 10,800 feet above sea level in Colorado's Rockies, a great V-type snow plow doggedly pushed its way. A whirring rotary plow spouted clouds of snow, clearing the roadway. And soon, despite temperatures daily below zero, workers of Liberty Truck & Parts Co., of Denver, had opened the 15-mile road.

"We used Conoco Germ Processed Motor Oil and Conoco Gasoline exclusively in our Cletrac Tractors with wonderful results," wrote a Liberty official. "We had no difficulty starting our motors in the mornings."

There's a "cold test" to guide you in buying motor oil!

Conoco Germ Processed Motor Oil is thoroughly dewaxed and circulates freely below zero. It makes Winter-starting easier. More important still, it saves your motor from terrific punishment during the starting period, *when half of all motor wear occurs!* Other oils drain away overnight. A "Hidden Quart" of Conoco Germ Processed Oil stays up in your motor and lubricates *before* your motor starts.

Only Conoco Germ Processed Motor Oil can offer you this vital protection, for it is the only oil that penetrates and combines with metal surfaces. Let it protect your motor this Winter.

### LEGION WOMEN PLAN WIDE ACTIVITIES IN FROGRAM FOR NEW YEAR

A wide variety of activities which will provide work of interest for all members is being planned by Pierce Johnson Unit of the American Legion Auxiliary for 1933. Activities of the Unit will cover a wide scope during the coming year, according to Mrs. F. L. Garrett, Unit President, and members will have opportunity to take part in the phases of the work of special interest to them.

"The Pierce Johnson Unit of the Auxiliary has always endeavored to be a real asset to the city and to give its members a means of working effectively in civic, welfare and patriotic projects," Mrs. Garrett said. "During the year ahead we feel that there will be increased need for the type of work which our Unit does, and increased opportunity for members to do worthwhile work through the Unit.

"While the Auxiliary has many interesting social activities, it is much more than a social organization. It is an organization for patriotic service. It gives its members a means of expressing their devotion to America and American ideals through concrete work for the welfare and progress of the community and the nation."

The Auxiliary's program for 1933 will include activities for the relief and rehabilitation of the disabled veterans, their families and the dependents of the dead; cooperation in general relief activities; work for better international understanding through the Fidac, the interallied veterans' federation; promoting the security of America by work for maintenance of adequate national defenses, and activities to promote understanding of a loyalty to American ideals and institutions.

On the night of November 21, the monthly joint meeting and pot luck supper of the Legion and Auxiliary was held with the usual large attendance. Immediately after the sumptuous repast was partaken of the house was called to order by the commander and a short business meeting was disposed of. Both the commander and the president made urgent requests that the membership contests now in full swing be pushed to the utmost efforts as the closing time is nigh. Reports on the contests were made by the chairmen, which showed the drive progressing nicely, but with many eligibles still on the waiting list. If each member would contract these eligibles again they might find them in the 'yes' mood and make full fledged members of them by the next meeting date. The Pierce Johnson Unit invites all eligible women not members in 1932 to come into the organization for 1933.

A motion was made and carried that a committee be appointed to investigate the work for the Christmas Cheer program carried out annually by the Legion and Auxiliary. Van W. Stewart, W. Horace Lackey and W. P. Ballew were appointed on this committee. After reports from various committees having worked on the Armistice program, the meeting was adjourned.

G. Ward Moody gave a very interesting and instructive talk on "Origination and Courtesy to the Flag" which was enjoyed by everyone. Mrs. B. Carter spoke on "Eligibility to the Auxiliary" and Mrs. G. Ward Moody followed with a talk on the "Valuation of an Auxiliary Membership". Misses Alice Kuhn, Lois Blue and Inez Packard honored the audience with several musical numbers, for which the Legion and Auxiliary wish to express their appreciation. H. I. Hudson made an interesting talk on the Legion's program for the year.

It was decided that the Legion give a Charity Ball on the night of December 3 at the Donley Hall in an effort to raise funds for the Christmas Cheer work, providing rations and supplies to the needy families in this county on Christmas day. The Auxiliary will be in charge of the advance ticket sale and all proceeds are to be used for Christmas charities. Heretofore, the Auxiliary has used an advertising scheme to raise funds for this purpose but this work will not be carried out this year. Mrs. B. Carter, finance chairman, is in charge of the ticket sale, $1.00 to be the price of admission.

Remember next regular meeting, Monday night, December 5th, the close of the big membership contest; who is going to be the Fats and who the Leans?

Mr. and Mrs. Van W. Stewart left early Friday morning for Excelsior Springs, Mo., to be at the bedside of his mother, Mrs. Maude M. Stewart, who is quite ill.

## Deposit 'Guarantee' Fails of Purpose

THE editor of the Norwalk, Ohio, Herald takes a somewhat different view on the banking situation from a good many people. His idea is as follows:

"With rents falling and unpaid, real estate does not present a happy picture. Nor does the owner of carefully selected bonds feel any happier, with a bunch of them going wrong. A lot of folks very carefully invested in preferred and common stocks in the finest companies in the world and have seen them fall to perhaps a tenth of what they paid for them, and no dividends at all. Some folks kept their money in savings accounts in banks, and some banks have closed and left them high and dry. But the situation is worth looking at very carefully.

"On government authority, most banks that closed were really solvent but for frozen assets and popular timidity. Gradually the closed banks are coming out from under and depositors in even bad cases will get at least 50 per cent of their savings. That's tough of course; nobody likes to lose half of what they had scrimped and sacrificed and saved. But when you hoard and stick the roll of bills in a coffee pot or under a mattress, some plug-ugly comes along and burns your feet till you tell him to take it and welcome.

"And what about the great majority of banks that weathered the storm, met all comers and are doing business as usual, carefully and conservatively, but safely? What about the savings in those banks? They are a full 100 per cent today—and they are the only thing we know of at 100 per cent anywhere. After all is said and done, a good, well managed bank is still the best place in all the world for money or savings. Right now in Ohio the banks pay the taxes on all savings and pay their depositors net interest on their savings. We can't think, just now, of many other investments that are a tenth as safe as a savings account in a solid bank. Why, even a savings account in a closed bank is actually worth more today than most stocks."

## THE TAX MENACE A GROWING CRISIS

By FRANCIS H. SISSON
*President American Bankers Association*

NO danger, economic or social, more seriously menaces our life, happiness and prosperity than the rising tide of taxes which threaten to engulf us. This is not simply a problem of the depression. It has been developing for many years, growing more serious all the time. The depression merely brought it to a climax. Unless drastic steps are taken to reverse this trend the problem will not end with the depression. It will continue to weigh down and retard progress for an indefinite period.

F. H. SISSON

In city, county, state and nation the orgy of spending has run on. It is estimated that in the United States the total cost of all government is nearly five times what it was before the World War. Many localities have been brought to the verge of bankruptcy by their expenditures, while many have saddled their citizens with a debt burden that will darken their lives and hamper their progress for years.

The total cost of Federal, state and local government in the United States is estimated at forty-six million dollars a day. Based on national income in 1930, this represents about one-fifth the total income of our people, or about $110 for every individual in the nation. Total taxes in 1931 are estimated to have taken more than 22 per cent of the national income. **It is occasion for serious thought on the part of everyone when one day's income out of every four or five must be contributed to the maintenance of government machinery.**

United States Government expenditures were reduced one hundred and forty million dollars during the first quarter of the current fiscal year. The recent action of bankers in calling a halt to unnecessary expenditures of New York City as prerequisite to loans will reduce the cost of government in the country's metropolis, which is second in its expenditures to only the Federal Government. No state in the Union, in fact, no other government on this hemisphere, spends half as much as this one city. These savings in Federal and municipal costs are only the beginning of a movement needed throughout the country, if we are to be led out of depression into prosperity.

Unless the people can be made to realize that money for governmental expenditure can come only from their own pockets as taxpayers, casting depressing effects on both individual effort and general business, there is an imminent threat that we may be forced to meet economic difficulties similar to those that have so seriously handicapped other [illegible] these mounting extravagances can be raised by following the slogan "Soak the Rich" is utterly fallacious, for such a policy will simply exterminate "the rich" and eliminate sources of revenue. It is also important to realize that corporate business in this country is in no position to withstand the effects of indefinite advances in tax rates. Current earning reports reveal that fact beyond shadow of doubt. The tax base must be broadened, and it therefore seems likely that Congress will be called upon to reconsider the sales tax.

### LEAGUE NOTES

Ave Dunlavy led the program Sunday evening on "Church and Public Affairs".

After a few songs we were led in prayer by Brother Hicks. Then Avis gave a short introduction talk which was followed by a piano solo by Ruby Neufeld. The rest of the program was composed of talks.

"Public Affairs Not All Political", Willard Witt.

"Better Home and Better Health", Margaret Rupprecht.

"Unemployment Relief", Anna Lee Lovett.

"Leisure Time", Luella McMillen.

"Better Schools", Delta Winfrey.

"Dramatics", Bill Stark.

Music, Ellen Huston.

Next Sunday's program will be very interesting as it is an all boy program. Claude Shearer will be leader. We cordially invite everyone to come at six-fifteen and bring someone with you.

### CARD OF THANKS

Friends and neighbors, we thank you for your expressions of sympathy and well wishes, for your prayers and deep concern, for your helping hands and opened purses, for your tender ministries and beautiful floral offerings, for all that you have done which meant so much to our beloved husband and father, J. M. Blodgett, and which means so much to us. These came to help our loved one in his suffering and to help us in our sorrow. From out of the depths of our hearts we thank you and plead Heaven's blessings to come to you in return.

Mrs. J. M. Blodgett
Mrs. Ralph Blodgett and son
Mr. and Mrs. John E. Kenney and children.

### "DECEPTION"

Leo Carrillo, Dickie Moore, Nat Pendleton, Thelma Todd and Barbara Weeks are featured on the screen of the Ellis Theatre on Monday and Tuesday of next week in the Columbia picture, "Deception", a Bryan Foy production. It is a romantic drama. Carrillo, well known on both stage and screen, is entertainingly cast as a more or less heavy character in the principal role of the picture, directed by Lew Seiler.

**Lost 20 Lbs. of Fat In Just 4 Weeks**

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weight 150 lbs. I also have more energy and furthermore I've never had a hungry moment".

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

Some few clouds have appeared this week to cheer us with a hope of rain but no rain or snow has really appeared.

The Farm Women's club met Friday afternoon, December 2, with Mrs. G. O. Pope. Nineteen members and Miss Amick were present. There was a very interesting meeting. Each member had prepared a gift from her scrap bag which was presented to her unknown friend. The contents of the mystery box was awarded to Miss Amick as leader in a geographic contest.

Whereas, for the last eighteen years the local chapter of the Order of Eastern Star has faithfully served the community of Perryton and Ochiltree county and earnesjly endeavored to carry out the beneficent, cultural and religious purposes for which the order was founded; and

Whereas, the local chapter of the Order of Eastern Star is faced with the necessity of certain funds to carry out its expressed program; and

Whereas, the first definite effort towards this end that the local chapter has made in recent months is the staging of the three act musical comedy, "Oh, Professor"; and

Whereas, the local chapter of Eastern Star hopes to derive sufficient funds from this entertainment to assist in carrying out their program for the coming year; and

Whereas, the local chapter of Eastern Star will present to the people of Perryton an enterainment worthy of their time and patronage;

Therefore, I, Dave Shanks, Mayor of Perryton, do hereby proclaim the cause a most worthy one and respectfully urge each and every citizen of this community to attend "Oh, Professor" either Wednesday or Thursday night, December 14 or 15, at the American Theatre, at 8:15 o'clock.

(Signed) Dave Shanks,
Mayor of Perryton, Texas.

## STAGE MUSICAL

(Continued from page 1.)

is one of the surprises of the evening. After hours of delightful comedy situations every thing comes out happily. Steve is cured of his bashfulness and is in love with a real girl; Bob and Helen are engaged and Mrs. Bumboard has at last won the man of her choice, the professor. "Oh, Professor" ends with everyone happy and in love, just as all good musical comedies should end. "Oh, Professor" is said to be the show with a laugh in every line.

Besides comedy lines and situations "Oh, Professor" has much else to endear it to one's heart. Unusually beautiful songs and carefully trained dances are woven through the plot. Miss Blue's attractive voice is shown to good advantage in her blues number "I'm Going to Keep You Guessing". Whilmina's sparkling Spanish song, "Rita", sung by Mrs. Baber always proves to be one of the hits of the show.

Mrs. Irvin, who proved to be such a very popular amateur appearing in the recent production, "Ghost House", will present the title musical number of the show, "Oh, Professor". One of the loveliest songs in "Oh, Professor" is the dreamy love song, "When You're Waltzing With The One You Love" which opens the third act. Attractive high school girls in striking costumes dance to this song and many others.

Girls appearing in these choruses are Misses Janice Murphy, Kathleen Kelly, Margaret Rupprecht, Luella McMillen, Esther McLarty, Jeanette Slaughter, Nell Coffee, Orene Hergert, Winnie Mae Isom, Nina Beth Stapp, Neta Beth Stapp, Irene Chilcott, Carmen Cofer, Alene Ready, Mildred Williams, Opal Foglesong, Pauline LaMaster, Louise Prewitt, Loretta Parsons, Inez Packard, Mary Madolyn Sherman, Albertine Andress, Mary Ann Forbes, Geneva Green, Anna Lee Hodges, Goldie Jackson, Laura James, Marie McCubbins, Augusta Mae Stark, Bess Schollenbarger and Mildred Ellsbee.

Attractive members of the younger set appearing as college girls are Misses Lola Belle Barbour, Elizabeth Richardson, Ada Leatherman, Helen Buckland, Bessie Littleton, Juanita Morgan, Dorothy McLarty and Mrs. Lorene Richardson. Members of the fraternity where the story takes place are Marion Tucker, Walter Nies, Mansel Coffee, Lee Tucker, Irvin Hergert, Fred Nies Jack Todd, and Drew Ellis.

Perhaps the one most popular feature of the show is the prologue in which the prominent business and professional men of Perryton appear. The place is a scene in an old fashioned country school house and the characters are the business men dressed as school boys and girls. Imagine seeing the man from whom you buy your groceries wearing short dresses and long curls and reciting poetry. You'll enjoy the prologue and laugh for many a day when you see the following dressed as school children: Sam Hergert, Jummie Barbour, Ronald Harlow, R. C. Johnson, Irvin Buchanan, Roy Orrill, Bill Caylor, W. L. Lovett, J. O. Wooten, Guy R. Sheets, Oscar Flowers, Emile Hearne, D. D. Shanks, M. M. Cudd and A. C. Nies.

The chorus introducing the prologue is the miniature college chorus in which some of the most attractive little second graders appear. Children appearing in the chorus are Jack Morris Allen, Archie Correll, Finley Hammon, Kenneth Kutch, R. C. Pugh, Harold Sharpe, Elton Symons, Carolyn Conley, Louise Flowers, Doris Jines, Laverne Pottorff, Jane Rogers, Ruth Neufeld, Joan Dillingham, Jacqueline Corey, Lindsey McWilliams, Dock Patton, and Billy Johnson.

The director, Miss Emily Neville, has expressed great pleasure over the efficient manner in which the committees are functioning and over the excellent progress the choruses and cast are making. Miss Irene Jones is the general chairman in charge of production and Mrs. L. T. Tucker, and Mrs. C. W. Claybaugh are serving on the casting committee.

Advance tickets are now on sale by members of the Eastern Star. Reserved seats will be on sale at the Perryton Drug company beginning at ten o'clock Tuesday, December 13. A small section of the house will be reserved for those people who prefer to have their seats saved for them.

Through the gracious courtesy of Carl Ellis, the show will be held at the American Theatre. Remember the dates, December 14 and 15, and the curtain rises at eight fifteen, promptly. Miss Alice Kuhn will accompany the show in her usual charming and efficient manner. There will be intermission music by a local orchestra.

All in all, "Oh, Professor" promises to live up to its reputation of being the snappies, happiest musical comedy ever staged.

## A Long Trip for Such a Little Girl

By JOSEPHINE SHELDON

ELISE WINSTON pointed with a long stick at the animals pictured on the huge sheet on the wall.

"Not gat but cat, Wappi, dear," she corrected. "Now, Yuna, what's this?" The stick slid from cat to dog and then to cow and on to horse. The brown skinned little natives wriggled and twisted their slender bodies and wrestled with the English words.

As Elise worked with them her mind was not always on what she was doing and at times her thoughts were so far removed from the little island that it was a shock to her when at last she was once more conscious of her surroundings. After a while things became more a habit and she could spend whole hours in the United States and at the same time instruct the young in her charge perfectly. Her lips could keep up a steady flow of "No, Ataquilla, don't take off your pinafore, dear," and "Wappi, you are not trying to make your letters," and "Your mother said, Celia, she wanted you to learn to wear shoes, so put them back on right away." And all the time her mind was saying: "I wonder what my crowd would think if they could see me now. I wonder what they are doing and whether the United States really is the same old place it was three months ago—three months ago. And what it would feel like to dress for dinner again and to go to the theater in the evening. Oh, Lord, what did I ever sign up for a year of this for! I must have been insane."

"Gala hata santa—Gala hata santa!" they would chant, which in their dialect meant golden-haired saint.

But with all the novelty and fascination of her new life Elise was homesick and she lived from one week to another for the letters she received from home. Every Thursday a steamer from San Francisco touched the little island and always great excitement attended its arrival. The natives would get into little boats and hurry out to the big steamer, climb aboard and try to sell their wares.

The faculty always went to the dock in hope of glimpsing an American. Occasionally business brought some one to the island. At least there was always hope. It was a Thursday in early March that Elise stood out in the dazzling sunshine watching the passengers on deck, when suddenly she saw a man come down the gangplank followed by the usual number of bags and baggage and suddenly her knees began to tremble and she turned her back on the steamer.

John Armistead Porter, reaching the end of the gangplank, looked up and about him with an air of one eagerly interested in his surroundings. It was then that he spied the familiar back and waved his hat at its unseeing expanse. Elise did not look around, but she knew somehow that he had seen her and could feel him approaching nearer, nearer. Her heart beat suffocatingly. Stupid idiot, what was the matter with her? He must not see her like this.

He caught her arm American fashion and looked down into her face.

"I told you I'd follow you to the ends of the earth," he laughed. "I wish all these people weren't cluttering up the place, for I'd kiss you even if I did get my face scratched afterward."

"J. A., you dear old silly—what did you come down here for?" she asked.

"Just to get you. Long trip for such a little girl, isn't it? But you've had your fling and educated enough savages by now. It's time you came home. I spoke to your mother about it and she agrees with me."

"But, but I won't go back with you—you know I'm not in love with you, J. A."

"There were so many men hanging around you, you hadn't a chance to know what you were. Down here it's different. To really fall in love you have to be a little lonesome; have that little hollow empty feeling in your heart. I know because I've had it." He was cheerfully optimistic as they walked up the beach together, but Elise was silent.

That night they walked on the beach in the dazzling moonlight. The waves swished and slushed softly along the sandy coast, the palm trees stood out against the white background plain as day, the natives had long before retired to their huts.

The spell of the place was upon her—gripped her as it never had before. The weird charm of it all, the strange loneliness. She caught her breath and looked up at him, her eyes big with a new wonder.

"Is it you or is it the place?" she asked in a whisper.

"I think it's the combination," he answered.

He held her to him a moment, then kissed her and she unresistingly submitted to his caresses.

Suddenly she came back to earth with a thud and she made a wry face in the moonlight.

"But, oh, John, I forgot. I didn't intend to capitulate so soon. You'll never value me as you should, but when I saw you get off that steamer—"

"Don't you worry, dear," he soothed. "A fellow's apt to value the girl he goes three thousand miles to get and that after he's been definitely turned down nineteen separate and distinct times."

And reassured by his words she was quite happy again.
