SHIRT MADE IN RED CROSS WORK AT LAKEVIEW BRINGS LETTER FROM ENGLISHWOMAN

(Editor's Note: Mrs. J. A. Lutrick put her name and address in the pocket of a boy's shirt which she made in Red Cross sewing at Lakeview. Recently she received the following letter from a woman in England.)

3 Dakefield Road, Normanton Yorks, England. Dear Mrs. J. A. Lutrick: No doubt you will be surprised to get my letter. A week or two ago I had reasons to visit the D. V. S. at Normanton for clothes, details of which I shall explain later. One of the things given me was a boy's gray shirt and in the pocket was (I presume) your address. Also at the bottom of the paper, "Please write" . . . Well, I'm taking the opportunity of writing you. The shirt was given me for a little boy of seven years. Three years ago this boy, along with his parents, another brother and two sisters, were living in London. They had a direct hit on their home in 1941 and the mother was killed, the rest taken to the hospital. Since then they have been separated. The children living about an hour's train ride out of London, all four in different billets. The father in London where his work was . . . Three weeks before Christmas we had a wire from the hospital in London asking us to visit the father, (my husband's brother) and I'm sorry to say three days later he died. We had to decide something for the children. Well, we brought them to our home to live at Christmas. My only thought was to keep them together and I'm pleased to say they are all very happy. The oldest is 14, the youngest nearly 5, and the other two are 7 and 11 . . . The school master suggested I should visit the D. V. S. for clothes for them, and that, of course, was how I came by the shirt. Everything was such a good help, they had very little clothing . . . The girl, aged 14 years, passed her scholarship, so now is able to go along with my daughter to Girls High school. We are hoping to get the pension for the three youngest. The older girl will be on the lookout for work. At present I am keeping her at home for a while. I myself, have the one girl and one boy in the forces in Holland, I think, 20 years old. Four children is a big undertaking but I think we shall all get along fine together. My husband is in an office in Leeds, not very far away, a desert train journey night and morning.

I hope you have not been too bored with all my troubles. Tell me a few of yours if you can make time to drop me a line. Sometimes I should very much like to hear from you. I think it good to write to someone you have never met. . . . By the way, have you any one in the Forces? If so please ask them (should they have a leave in England) to come to Normanton to my address, and I will really give them a good welcome. I only live three minutes from the station. We are very well known.

I will not trouble you any more now. We all join in wishing you everything of the best for the New Year. Kind regards, Yours sincerely, Margaret Prince

—Although in the army air forces, Sgt. Edgar T. Struve, son of Mr. and Mrs. T. J. Struve, Abernathy, recently found himself sharing the dangers and deprivations of front line life with his fellow soldiers of the infantry when the aviation trucking unit of which he is a mem-

ber was assigned to hauling supplies and food to the 7th Division during the battle for the port of Ormoc on Leyte island.

With his unit's trucks traveling in convoys of 20 to 50 trucks over roads which at times became virtually impassable because of the mud produced by torrential tropical rains — through areas harassed by Japanese snipers and sometimes bombed and strafed by Jap planes, the task facing Sgt. Struve and his fellow Fifth

Air Force Service Command automotive mechanics, responsible for keeping the trucks rolling, frequently required their taking their repair kits practically into the front lines to dig out or repair their trucks.

Sgt. Struve, who has been overseas over 12 months, has seen service in New Guinea, the Netherlands East Indies and the Philippines. He is entitled to wear the Good Conduct medal and the Asiatic-Pacific Theater ribbon with a bronze star for participation in the New Guinea campaign.

Prior to entering the service in February of 1942, Sgt. Struve was employed as an auto mechanic by Chapman Motor Co. He is a graduate of Abernathy High school.

New Santa Fe Bridge Speeds War Traffic

Santa Fe trains are now rolling across a new double-track steel bridge over the Colorado River near Topock, Arizona, speeding up vital war traffic along the route to Tokyo through California's ports of war.

This new Santa Fe bridge removes the

"bottle-neck" created by the old single-track bridge it replaces and has ample strength to take care of future requirements as to weights to be imposed on it.

• The new Topock bridge is an impressive engineering feat, but it is only one step in Santa Fe's program of plant improvement—started long before Pearl Harbor. These improvements have speeded up war traffic today, and they will enable a higher standard of Santa Fe service in the days of peace to come.

A GOOD TAX-PAYING CITIZEN ... wherever we serve!

Every good citizen realizes that it is a duty and a privilege to help support our government, schools, public institutions and to help maintain other government services.

There is only one place from which this money can come.

It must come in the form of taxes from those who enjoy the benefits of our democratic form of government.

Taxes make these benefits possible and in addition are helping to win the war.

Like yourself, we are glad to be Americans—to pay taxes—to enjoy the securities and privileges of this great country—our America!

Dear Buford: Well, I hope every-
thing is O. K. with you and every-
one else. I am O. K. and now I am
right back where I was last year—
and it is still the same old place . . .
We are going to work at the same
thing we did in civilian occupations,
and I have hopes of getting into a
theatre or in base radio communica-
tions . . . We will be here about six
weeks to two months then we will
either go back to Carlsbad or Chil-
dress. If we go to either or both, it
will be O. K. because both are fairly
close to home . . . The boys who ar-
rived here before us tell us that it's
a good deal here—class A passes and
the like . . . I haven't much more to
say except I hope to see everyone
very soon . . . Take it easy and I'll

(Editor's Note: Sgt. Elton Wylie,
who was wounded in the Philippines
Feb. 3, wrote the following letter to
his uncle and aunt, Mr. and Mrs. J.
F. Sosebec, Abernathy.)

Philippines, March 7.
Dear Aunt, Uncle and All: Hope
this finds all well. It leaves me do-
ing pretty good. However, I've been
in the hospital for over a month. I
tried to stop all the shrapnel from
one of those Jap knee mortar shells.
I didn't do much job at it, though,
only stopped five pieces. They were
small. Guess I was very lucky at
that . . . Roland is somewhere in
these islands, 'tho I don't know just
where. I'd like to see him, 'tho it's
doubtful that we will ever get to-
gether . . . It was three years ago
last month since I left home. That's
a long time (and it seems longer.)
Also, I've covered several miles in
that time . . . This isn't much, just
enough to let you know I'm doing
O. K., even 'tho I have been in a
few hot spots and I don't mean
night clubs. Ha! Tell all hello. So
long, Elton.
