LAND TENANT BILL PASSES

PREVALES IN TEXAS HOUSE BY AN
OVERWHELMING VOTE.

GOVERNOR FERGUSON PRESENT

During the Debate and While Action
on the Measure was Being Had
and Personally Thanked the Men
Supporting It.

By a vote of 102 to 23 the Texas house passed the McGregor senate land tenant bill. It carries the emergency clause and became effective immediately afterward. Act is intended in a legal way to prevent a landlord charging his tenant a rent in excess of the "third and fourth shares" of the crops.

Ferguson on Floor.
During the debate on the measure and while the vote was being taken Governor Ferguson was on the floor and intently watched the fate of an act he urged the passage of during his campaign last summer for the high office he was chosen to fill.

"Well, governor, are you going to approve the bill?" a member asked as a group of representatives gathered around the executive after the vote had been announced.

"Well, I guess I won't veto it," responded the executive with a hearty laugh. He signed it Saturday.

"The legislature has enacted the will of the people," he added. "I appreciate the spirit shown in both the house and senate. I have had, and have now, and want to continue to have, the highest regard for all the members of this body. I am gratified at this action and I know the people will be gratified."

Members of the house who said they had not supported Governor Ferguson in his campaign, working with those who were his loyal supporters, resisted every effort to amend the bill, insisting it had the governor's approval and so must meet the requirements expected by those who had elected him. It was advanced to third reading with no change, 103 to 25, and then finally passed, 102 to 23.

A substitute bill had been voted down, 23 to 104, and also an amendment, 24 to 103.

Bagby Faints After Speaking.
Mr. Bagby, author of a bill in the house identical with the McGregor one and the recognized leader in the house for this measure, spoke in advocacy of the McGregor bill. He said it had been made a special order for March 2, Texas Independence day, because it was fitting that such an anniversary should be recognized by the discussion of a measure designed to release from peonage a large class of citizens in the state. He urged that by the provisions of the Tillotson amendment a

landlord might charge a bonus per acre and the law could not touch him, whatever the amount might be, while the senate bill would permit a tenant to go into court and recover double the total amount of money so received or collected. He said that Texas has 250,000 tenant farmers looking for the enactment of this law and they had no lobby at Austin working for them. He argued the legal and constitutional features of the bill and insisted that they were sound and would stand every test. He asked the speaker to rule so the measure would have a fair and full hearing.

Mr. Wagstaff started to speak in opposition to the measure, which he claimed was defective in that it would not accomplish the purpose sought. He had been speaking only a few minutes when Mr. Bagby, who had not been well, suddenly fainted and had to be carried out. Adjournment was taken until 1 o'clock, when Mr. Wagstaff resumed his speech.

He said the measure did not meet the demands of its proponents in that it prescribed what should be prescribed to tenants, but made no higher charge unlawful, merely providing a civil remedy. He said it made a money contract with a tenant impossible because, if the crop proved a partial failure and the money rent exceeded in value more than the quarter, third or half the value of the crop raised, the tenant could sue for and collect double the amount charged. The bill would permit a tenant, he said, to go away and neglect the crop so that not a thing was harvested, and if the landlord charged him any rent whatever the tenant could sue him and collect double the amount.

Termed Roaring Foe.

During the debate Mr. Lewelling referred to the measure as a roaring force, an absurdity, a piece of monumental foolishness and not worth the paper it was written on, but said that it was the governor's bill and would vote for it and he did.

Mr. Williams of McLennan said he was not fighting the measure, but was unable to see how it would accomplish what was sought. He endorsed the Tillotson amendment, similar to a bill he and others had introduced.

TEXAS COMPANY BILL PASSES.

GOES THROUGH HOUSE AFTER CONSIDERABLE OPPOSITION.

"The bill is dead," said Representative Lewelling, temporarily presiding officer of the Texas house, after he had called for a viva voce vote on a motion by Mr. Cope to postpone indefinitely further consideration of the Texas company bill. However, later developments indicated that the measure had only been stunned. It was soon revived and finally passed, 80 to 37.

When the Texas company bill was placed before the house, which was done after several senate measures had been passed, only its caption was

read. Cope spoke briefly, asserting it was a disgrace to Texas to legalize a monopoly New Jersey had to kick out. When he concluded and made a motion to indefinitely postpone further consideration, Fuller moved to table that motion. The chair (Mr. Lewelling) called for a viva voce vote and announced Fuller's motion lost. He called for another vote, announced the bill indefinitely postponed; heard the Cope motion to reconsider and table, put that to a vote and announced the same carried. Utmost confusion prevailed and ten or more members were shouting for recognition—so that the presiding officer's voice could not be heard, because of the din, more than a few feet from the rostrum.

Speaker Takes Gavel.
Lewelling then announced that the roll would be called on the question of indefinitely postponing further consideration of the bill. Speaker Woods resumed the chair, and, after explanations by Lewelling and Bagby and aud protests from others whose feelings had been injured by what they termed a disposition to ride roughshod over the house, which was resented by Mr. Lewelling, who objected to the acoustation that while occupying the chair he had not endeavored to deal justly with every member, the speaker announced that the question of indefinite postponement was the one to be determined.

Cope again was recognized to speak against the measure and declared the independent oil operators would be destroyed if the measure became law. Motion to indefinitely postpone was defeated, 34 to 93.

McDowell offered an amendment to strike out the provision which would give auxiliary companies powers and privileges greater than the parent organization, including production, and argued for its adoption. He said the bill gave the parent company power to organize at least forty-seven foreign companies, each having practically unlimited powers, all of which might return to Texas and spread all over the state like an octopus, with its claws reaching to every part.

Bryant supported the bill and denied that it would permit auxiliary companies to do business in the state, insisting that the only thing desired was to put the Texas company on an equal footing with and able to compete against other great oil companies. As he concluded, Bryant moved the previous question, which seconded and ordered.

Fuller was in the chair. Lewelling complained that he had been promised recognition before Bryant and now he had been cut off from speaking against the bill and moved to reconsider the vote ordering the previous question, but the house voted otherwise.

McDowell closed for his amendment, which was lost, 40 to 88. The bill was then passed finally, 88 to 37, and a motion to reconsider and table, made by Bagby, was adopted.

High School Bill Signed.

Governor Ferguson signed the rural high school bill and it is now a law.

Other bills approved were: Amending the act of the Thirty-Second legislature authorizing county commissioners' courts to create drainage districts.

Governing the construction of switch connections with private side or spur tracks.

Amending the statute providing for the incorporation of cities and towns with a population of 600 or more inhabitants.

Several independent school district measures.

Passed Finally.
These senate bills were finally sent safely through the house:

Appropriating \$5,000 for the suppression and eradication of the citrus canker.

Joint resolution relating to supreme court was advanced to third reading. It provides for constitutional amendment that the supreme court shall consist of a chief justice and four associate justices, each to be elected for six years and each to receive a salary of \$5,000. Several slight amendments were adopted.

Bill providing for the reappraisal and repurchase of public school lands was passed finally with sufficient votes to put the emergency clause into immediate effect.

House also concurred in the senate amendments to the bill reorganizing the Forty-Sixth and creating the Seventy-Fourth judicial district, courts without amendment.

Education Measure Passed.
By 17 to 10 Texas senate passed the compulsory education bill.

Special Session.
Governor Ferguson will call a special session for either April 10 or 23.

TWO RAILROADS CLAIM ERROR

LEGAL APPLICATIONS MAKE COUPLE
OF VAST VOLUMES.

Applications for writs of error were filed in the Fifth court of civil appeals at Dallas by the Missouri, Kansas and Texas Railway company and the Trinity and Brazos Valley Railway company as appellants in two suits for injunction by the Empress Express company, recently decided unfavorably to the railroads.

The railroads seek by their applications for writs of error to carry the cases to the state supreme court.

The express company sued the Katy at Greenville and the Trinity and Brazos Valley at Hillsboro to compel the said roads to accept express business from that concern, under a new Texas statute ordering all railroads to carry business offered by any express company and not exclusively the business of any one company. The trial court also gave the Empress Express company judgment against the Katy for more than \$25,000 damages.

The applications were printed in large paper-bound volumes. That of the Katy contained 177 pages and the other 171.

WOODMEN AT FORT WORTH.

BIENNIAL CONVENTION OF HEAD CAMP
HELD AT THAT CITY.

With one of the largest gatherings in the history of the order the biennial convention of the head camp of the Woodmen of the World was held at Fort Worth.

Before the convention was called to order on Tuesday, the day previous the \$18,000 temple of the order at Cleburne was dedicated. Sovereign Commander W. A. Fraser of Omaha and United States Senator Morris Sheppard, sovereign banker, were present at both the dedication and the convention. H. W. Wiseman of Cleburne is head consul of this district jurisdiction.

Hotel de Gink a Success.

Hotel de Gink, derided and laughed at when Jeff Davis, the king of hoboes, first "blew" into New York and suggested it, is a success. The members of the mayor's committee on unemployment now admit it. They left Jeff Davis and his hoboes alone for a month. At the end of thirty days they went on an inspection tour and this is part of what they ascertained: On an average of 200 men a day were fed at the hotel each day for the first thirty days—that is, 600 meals a day. The meals have cost on an average of a fraction of slightly over 2 cents each, and, furthermore, they have been clean, well cooked and satisfying. To be sure, there has been no cake and demitasse served with them; neither do they start off with oysters. The hotel has its own hospital and tailoring establishment.

Attack Explained.

Following explanation has been issued by the German embassy at Washington of the recent attack on British hospital ship Asturias: "Government sorry to admit British hospital ship Asturias was attacked Feb. 1. Coming up in twilight transport was taken for ship carrying troops. Distinctive marks showing character of ship not being illuminated were only recognized after shot had been fired."

Store Wrecked.

Safe in a Creekmore grocery store, near Texarkana, was dynamited and about \$20 taken. The force of the explosion blew a drawer, containing a roll of about \$100, across the store and into a pile of debris, where the yeggs failed to find it. The interior of the building was badly wrecked by the explosion.

Snow at San Antonio.

The first real snow in San Antonio in twenty years fell Monday last. It was over three inches on the level and over eight inches in drifts.

Doubly Unlucky.

Thirteen passengers were hurt near Cuba, Kan., when a Rock Island railway train was derailed by striking a huge snow bank. Four cars left the track. No fatalities resulted.

Not "at Present."

President Wilson formally declined to visit the Panama-Pacific exposition "at present."

Trustees to Choose.

House committee on education favorably reported Senator Bee's county superintendents' bill, which provides for the election of county school superintendents by the boards of trustees instead of by the people, as now.

MUCH MONEY FOUND ON FARM

NEAR VAN ALSTYNE, TEX., OF A
PROMINENT PLANTER.

THIRTY THOUSAND DOLLARS.

Louis Dumas Says He Discovered
a Large Hole and Note Beside It
Stating Much Gold Had Been
Secured From Rusty Kettle.

Louis Dumas, a prominent planter of near Van Alstyne, Tex., stated he found a large hole on his place. By the hole was a rusty washing kettle such as was in common use many years ago. With it was a note informing him that the parties who dug the hole had unearthed \$30,000 in gold, that had been hidden on the farm long years ago by train robbers.

Mr. Dumas said that recently parties appeared in the neighborhood and reported that one of the men who had helped to bury the treasure had died. Before dying he had told the exact where the kettle of gold was buried.

These parties had maps and charts in their possession and had dug holes at various places.

Mr. Dumas was aware that the men had been digging on his place, but as they were damaging nothing he paid little attention to them.

PUT THROUGH MANY MEASURES

DESPITE LARGE NUMBER AT DALLAS
MUCH LEGISLATION DONE.

With a majority in Dallas attending the union station cornerstone laying, the theoretical quorum in the house of the Texas legislature had a busy day, enacting in the morning alone over twenty measures.

Four road laws were passed finally and eight more engrossed, as well as several school district bills.

No roll call was demanded upon any question and thus the absence of a quorum was not officially disclosed.

Mendell "fraudulent advertising" bill was engrossed. It fixes a fine for the willful and knowing circulation of fraudulent advertising, both the person and paper printing it being liable.

Woods of Navarro bill to create a state tax commission to investigate and recommend a new code of tax laws was killed by failure to go to engrossment. Vote was spread on the journal.

House engrossed the Boner joint resolution submitting a constitutional amendment to exempt cotton and woolen mills from taxation for a period of ten years.

Other bills engrossed were:

Granting an extension of time to railroads to complete the extension required under their charters.

Appropriating \$25,000 to fight the foot and mouth disease.

Increasing the pound fee to \$1 and reducing the time of notice.

Permitting mutual accident insurance companies to engage in the health insurance business.

Removing the requirement that the superintendent of Confederate home must be a Confederate veteran.

Requiring that a permanent record of tax receipts be kept by the county clerk in the same manner as deeds are now filed.

House passed finally the bill requiring railroad section hands to file with the county clerk a report and a description of cattle killed on railroad right of way.

House engrossed the bill requiring the teaching of elementary agriculture and cotton grading in the summer normal schools and county teachers' institutes.

It also engrossed the bill permitting towns of 400 population to incorporate, and the bill to allow redemption within two years of land sold for taxes. Sixty-two bills were passed on.

Communism Wine Stolen.

Waco police are looking for the individual who took the silver communion service belonging to the Central Christian church of that city out of cabinet in the basement where it was kept and also the wine used during the communion. The service was found in a room upstairs, but the wine had disappeared.

Child Burned to Death.

The nine-year-old daughter of Frank Howard, residing six miles north of Clifton, Tex., was burned to death. She was playing with her two little brothers when her clothing was ignited by a fire which the children built. She ran some distance to her home, reaching there with all her clothing in flames. In stripping off her wearing apparel the child's mother and an aunt had their hands badly burned.

Texas Cattlemen.

The Texas Cattle Raisers' association met in annual convention at San Antonio. Governor Ferguson spoke. Full crew bill was opposed and cattle quarantine endorsed. New members number taken in number 189.

March 20 to Adjourn.

Senate concurred in the house joint resolution to adjourn sine day on March 20.

No Operation for Justice Brown.

L. C. Chapman of Sherman, Tex., son-in-law of Chief Justice Brown of the Texas supreme court, says that the latter, who went to Chicago for the treatment of stomach trouble, will not be operated on. He will remain a few weeks in Chicago, after which he will return to Austin and resume his judicial duties.

TO THE HOUSEWIFE.

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.

It would certainly be the very quintessence of ill luck, if at the beginning of the chautauqua season, things should come to such a pass in Mexico that our secretary of state would be compelled to forego his stunt on the platform between those of the bearded woman and the Indian jugglers, and give his ponderous attention to the

nation's business, the outcome of which might mean war and all that war entails.

NOTICE OF SHERIFF'S SALE (TAX SUITS).

The State of Texas, County of Mitchell. By virtue of an Order of Sale for Delinquent Taxes issued out of the Honorable District Court of Mitchell County, on the 8th day of March, A. D. 1915, by Earl Jackson, Clerk thereof, in the case of The State of Texas vs. J. M. Terry and Earl Morrison, No. 2476

and to me, as Sheriff, directed and delivered, I will proceed to sell, at public auction, to the highest bidder, for cash in hand, within the hours prescribed by law for Sheriff's sales, on the first Tuesday in April, A. D. 1915, it being the 6th day of said month, at the Court House door of said Mitchell County, in the City of Colorado, the following described land situated in Mitchell County, Texas, to-wit:

Lot No. 1 in Block No. 34 in the Waddell and Martin Addition to the City of Colorado, Mitchell County, Texas.

Said property being levied on as the property of

J. M. Terry and Earl Morrison, to satisfy a judgment amounting to \$16.41, in favor of The State of Texas, with interest and costs of suit.

Given under my hand this 8th day of March, A. D. 1915.

A. W. COOKSEY, Sheriff Mitchell County, Texas.

Easter hats now ready at Mills. AN OBJECT LESSON RIGHT UNDER YOUR NOSE.

The Record clipped a notice from a Mineral Wells paper two weeks ago, relating that a lady in that county had supported her family and banked \$400 in one year with no other income than from a garden, chickens and cows. We thought this doing well and published the notice as an incentive to Mitchell county people to diversification.

This week comes farmer J. W. Gross, living eight miles northwest of town and deposes as follows: At the beginning of last year he possessed four cows 100 hens and one brood sow. Within twelve months he and his family lived very comfortably and cleared \$526.45 from the product and increase of these assets. If this showing does not convince any man that diversification is the salvation of this country, his head is impervious to argument. Mr. Gross is a young man and one of the most progressive and industrious farmers of Mitchell county. He is the type of farmer that gets rich on a farm, that always has something to sell and believes in doing what buying he must do with home merchants. May his tribe increase as the sands of the desert and as the stars of the firmament.

NOTICE TO THE PUBLIC.

I am leaving this week for Corpus Christi, Texas, where I shall remain for two or more months. During my absence my jewelry business will be under the management of Mr. Floyd Beall, while the watchmaking and general repairing department will be conducted by Mr. R. E. Cook, an experienced and thoroughly competent workman. All business entrusted to these gentlemen will be promptly and satisfactorily attended to and will be duly appreciated by me.

I KNOW HIM.

I know a man who thinks that he could write a book or tame a bee; could run the earth in every way much better than it's run today; could sail a boat or ride a mule, or teach the teacher in the school; could beat the band at every squeak were he to train about a week; could do all these were he to try. He doesn't though—I wonder why? I know him like a printed book, as well as if I were his cook. I know he thinks that he could run the universe and call it fun; if he could only get a start, that he would play a wonderful part. But still he sits around and waits, and on his merits cogitates. Perform in every line? Great Scott! He knows he could—but he does not. Now, how can I such insight show, and say of him that this is so? The man's myself—I ought to know.—Exchange.

Grady, I. T., Nov. 29, 1898.

Dear Sir:—About eleven months ago I was taken by something I thought to be rheumatism, and lost the use of one leg. I consulted physicians; they told me it was incurable and advised me to have the leg amputated. Unwilling to part with my leg, I commenced using medicines advertised for the above disease, all to no effect; but after taking two bottles of McCrosky's Tonic you left with W. C. Sappington for me, my health was greatly improved, and after taking the third bottle I am able to walk without my crutches. You may use this if you see fit. Anyone doubting this can write to me and I will answer them, provided a stamp for postage is inclosed.

HOW "JITNEY" ORIGINATED.

When the jitney bus became epidemic, every one began asking the meaning and derivation of the name. That jitney signified a nickel was soon established, but how the word came first to be used in that sense was not so easily discovered. All the authorities were at a loss, and even The Lexicographer was compelled to confess his inability to answer the inquiries. The Chicago News is apparently the first one to suggest a solution of the puzzle. According to a letter received by that paper, from one who signs himself No. 1234 E. X., the term "jitney" known and used from New York to San Francisco, was originally coined within prison walls—"in a certain large reformatory," in the words of the writer, who continues, "The rules were very strict about tobacco, and as smoking was easily detected and severely punished, the inmates' craving was universally satisfied with chewing tobacco that is, what they could get of it, which was mighty small compared to the demand. Nevertheless, a certain trusty, whose name was Jedney, would smuggle tobacco in for any inmate who furnished him the money to buy it up town. He drove a dray for the prison, and in consideration of the risk he took he kept half the stuff as his commission. In this connection I remember they used the expression "60-40" and "50-50," describing the split. It was the first time I heard "50-50" and that was sixteen years ago. Finally Jedney was paroled and a little stout, bow-legged colored boy got the dray, and I was standing by when a "runner" came to this colored boy and showed him a dime he had

had slipped to him by somebody going through on a visit of the grounds and wanted to know if he would get him in some tobacco. The colored boy, as he is to Jedney's perquisite of office, accepted the proposition and established his basis of doing business with these words: "You-all get a jitney's worth for dis here dime, 50-50." From that time on a dime bought a "jitney's" worth of tobacco within the walls of that institution. And the first one I heard use that word outside was a graduate of the reformatory who spoke of going to a "jitney" show when it first started.—Literary Digest.

A WONDERFUL HEALING INFLUENCE IN KIDNEY TROUBLES.

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that nothing had to be given me. Was attended by a doctor who pronounced it as Stone in the Bladder and prescribed Lithia Water. I took Lithia Water and Tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-Root in the house I decided to try it and felt much relieved. While taking the second bottle commenced to pass Gravel in urine until I had passed in all at least a half dozen or more and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours truly, H. W. SPINKS, Camp Hill, Ala.

Personally appeared before me this 16th day of August, 1909, H. W. Spinks who subscribed the above statement and made oath that the same is true in substance and in fact.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince any one. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Colorado Record. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

COTTON PRODUCERS WARNED.

Cotton producers in Oklahoma, Texas and Arkansas were warned by the Department of Agriculture against the planting of the "half and half" variety of cotton, which the department experts have found "far inferior to cotton ordinarily produced in those sections." Field tests by the department on numerous varieties have shown that "half and half" does not maintain a high rank in total lint yield per acre. Its lint is of poor character, irregular, waxy and very short, much of it less than seven-eighths of an inch in length and untenderable on future contracts under the cotton futures law.

The department points out that buyers will penalize it whenever discovered and many interior buyers, as well as practically all of the larger cotton firms, have declined to handle it at any price. The department's warning says production of the "half and half" variety will be likely to seriously damage the reputation of the markets where grown.

"FOOT AND MOUTH DISEASE."

W. N. Waddell, of Fort Worth, told a story to the convention delegates that was both clever and timely. In speaking of the foot and mouth disease he said the state authorities reminded him of a friend who went to see the doctor.

"Doc, I don't know what is the matter with my wife. She talks all day, and dances the tango all night," the man said.

"Kill her at once," the doctor replied. "She has the foot and mouth disease."—El Paso Herald.

Kersmith & Kicksaw deal in wax and Chinese eggs and carpet tacks. They are good sports in every way; they cough up money every day to make the town a better place in which to live and push your face. They hire a dozen clerks or more, who wait on patrons in their store. Our cross roads burg they would upbuild, and see it with glad people filled, and to that end they blow their scads like truly patriotic lads. But when we need of eggs a few, we send away to Timbuctoo; and when a carpet tack we wish, it's shipped from Ypsilanti, Mich. Each has the notion in his dome that things are best away from home, and so we order hods and hats, and humming birds and maltese cats, from strangers in some town remote, who would not know us from a goat. We ship away our hard earned kale, and get our fourth rate junk by mail. Say, are we seers, or are we fools? Those strangers don't support our schools, or keep the peeler on his beat, or help to pave Elizabeth's streets. They do not paint the village pump or build a fence around the dump. If our old burg were blown away they wouldn't care a bale of hay. Kersmith & Kicksaw ought to get the local trade, already yet.—Walt Mason.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy and Luxuriant at Once—No More Falling Hair.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubtless the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp, the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

FEARED TEXAN WOULD SHOOT.

Havana, March 6.—The Johnson-Willard fight will take place here the first week in April, Jack Curley announced today. Johnson admitted his fear of fighting in Juarez was not that the United States would extradite him for the Chicago white slavery charges. The negro feared some hot-headed Texan would shoot him when the Texan saw him beating up the white fighter.

WARNS GIRLS ABOUT POSITIONS.

By request we are printing the following warning sent out by the San Francisco Federated Clubs of San Francisco.

The women of San Francisco are determined to prevent the letting of a portion of the fair grounds for the purpose of establishing houses of prostitution and are doing all in their power to stay the evil.

However this controversy ends, one thing must be remembered: The vice that sacrifices the girlhood and boyhood of this country and brings contamination upon innocent wives and children—that vice intends to flourish somewhere during the world's fair.

Let it be remembered that the country will be scourged for girls to supply the demand of this nefarious business, and every means that it is possible for man to conceive will be used in order to snare and mislead these girls in order to secure them.

Every girl should be warned against advertisements of positions in San Francisco, for every place that is worth while will be taken, and the door that will open to the strange girl will be the door that leads to perdition.

The papers that do their duty to girlhood and to the nation will publish this warning, and the women of every town and city who would protect the youth of the land, will sound the alarm of caution and guard the girls of their neighborhood.

COUNTY TREASURER'S QUARTERLY REPORT.

Ending March 8, 1915.

In the matter of the Quarterly Report of J. E. Stowe, County Treasurer of Mitchell County, Texas, and the affidavits of the Commissioners of said County.

In the Commissioners Court, Mitchell County, Texas, March term, A. D. 1915, this 8th day of March, A. D. 1915.

We the undersigned Commissioners of Mitchell County, Tex. and J. H. Bullock, County Judge of said Mitchell County, constituting the Commissioners' Court of said county, and each one of us do hereby certify upon oath that on this, the 8th day of March, A. D. 1915, at a regular term of our said Court, we have compared and examined the quarterly report of J. E. Stowe, Treasurer of Mitchell County, Texas, for the quarter beginning on the 12th day of November, A. D. 1914, and ending on the 8th day of March, A. D. 1915, and upon finding same correct, have caused an order to be entered upon the minutes of the Commissioners' Court of Mitchell County, stating the approval of said Treasurer's report by said court which said order recites, separately, the amounts received and paid out of each fund on the said 8th day of March since his last report in the Court and during the time covered by this report, and the balance remaining in each fund on the said 8th day of March, A. D. 1915 and have ordered the proper credits to be made in the accounts of said Treasurer, in accordance with said order as required by Article 867 Chapter 1, Title XXV, of the revised Statutes of Texas, as amended by an act of the 25th Legislature of Texas at its regular session.

And we, each of us, further certify upon our oaths that we have actually and fully inspected and counted the amount of money, in cash and other assets, in the hands of said treasurer, belonging to Mitchell County on this day and date and found the same to be as follows, to-wit:

Total cash on hand, belonging to Mitchell County in the hands of said Treasurer, \$24,238.23.

Assets in addition to the above amount of money as actually and fully counted by us, in possession of said County Treasurer.

Permanent School Fund invested in bonds \$1000.00.

Permanent School fund in land notes \$7856.00.

Total \$8856.00.

Assets \$33,094.23

RESIGNATION ACCEPTED.

Austin, March 6.—Governor Ferguson today accepted the resignation of Representative E. W. Fry, member of the legislature from Young and Jack counties. Mr. Fry is the member who is involved in a shooting affray at Graham. The governor will call an election to fill Fry's vacancy.

AUTOMOBILE THEFT NO FELONY.

According to a decision of the state court of criminal appeals, it is not a felony in Texas to steal an automobile. R. R. Sparks of Clay county stole an automobile valued at more than \$1,000. He was tried, convicted and given two years in the penitentiary. An appeal was taken to the higher court which has just rendered its opinion to the effect that under a statute enacted by the 33rd legislature, the theft of any motor vehicle is only a misdemeanor and punishable by fine or imprisonment in the county jail from ten to twenty days.

JUVENILE COURT LAW VALID

TEXAS COURT OF CRIMINAL APPEALS SO HOLDS.

Texas court of criminal appeals upheld the constitutionality of the Texas juvenile court act in case from Dallas of Sanford Barteas, a white boy, who asked for a habeas corpus hearing following his arrest at Dallas after escaping from the Gatesville reformatory. He was sent there after conviction on the charge of robbing J. J. Fagan, who, with Deputy Sheriff H. A. Hood, was held up last summer, as Barteas were being taken back to Dallas with Mr. Fagan's automobile, that had been stolen.

Criminal District Court Judge Seay remanded the boy to the custody of the sheriff and the case was sent to the higher court on an agreed statement of facts. Judge Seay refused to pass on the constitutionality of the law, which had been attacked by A. S. Baskett, attorney for the relator, on the grounds that the constitution does not allow trials of felony cases in any but district courts, yet the juvenile laws place the trials of such cases in county courts. Court of criminal appeals sustained the action had in the habeas corpus hearing.

J. DABNEY DAY IS TO DEDICATE

TEXAS STATE BUILDING AT PANAMA-PACIFIC EXPOSITION.

J. Dabney Day, a banker of Dallas, accompanied by Mrs. Day, has gone to California. Mr. Day will deliver the address at the dedication of the Texas building at Panama-Pacific San Francisco exposition. Dedication date has not yet been fixed. Mr. Day was one of those greatly interested in getting Texas well represented at the exposition. Cost of the building was approximately \$20,000. The Record welcomes the re-appearance on its exchange table, the El Paso Times.

Hon. Don Biggers is another legislator who thought it easier from the outside to run a state than he found it to be on the inside, and also like others of that kind, got mad and quit.

Upon her sixth trial for the murder of her daughter, Mrs. Agnes Orner was found guilty by an El Paso jury last week. Motion for a new trial will be made, failing which, the case will likely be taken again to a higher court.

The Record's indictment of old Professor G. Hog for lying, found a hearty response in several quarters. Others deferring the making of gardens and doing various outdoor work, lost much valuable time, and have "fell out with him" accordingly. We predict his next appearance in this section will get hardly a line in the papers, and that of no very complimentary tone.

The demand for shade trees this season is a most hopeful sign of the home making sentiment. When the people of a section begin to think of comforts, conveniences and adornments for the place where they live instead of being content with a mere squatting place, that section can truly be said to be settled. It indicates a permanent population with habits of thrift and desire for improvement. Every tree planted, house painted or garden made is an added hostage for good citizenship.

A man has only to hang up his old clothes and wait a spell; the whirligig of fashion will make them vogue again. Take men's britches, for instance: about twenty years ago they were worn so tight that they had to be put on with soap-stone and a shoe horn. Then they began to widen out until an ultra dressed young fellow, with a bell-muzzled coat and peg top pants looked like a ship in full sail. Now, the fellow foresighted enough to preserve his tight clothes, can dig 'em up in full confidence of being strictly "in wriggle."

The greatest nature fakers in the world are legislators who attempt to regulate the balance of nature in the animal kingdom. They will pass laws for the protection of the odorous skunk wily fox and devilish coon and lay a bounty on the scalp of the coyote wolf. If it were not for the coyote the rabbits would eat West Texas up in short shift. As for protecting the skunk, their sympathy is wholly wasted, as Mr. Skunk is the only animal of the entire kingdom that doesn't need tooth, claw, fleetness or horns to render itself impregnable to attack. It can stand flat-footed and alone and defy all comers.

If the warring nations of Europe depend on America to feed and equip their armies and yet interfere with American commerce by trying to blockade each other's ports, why wouldn't the refusal of America to supply anything to either side in the conflict only on the condition of peace, have a salutary effect? Aside from the commercial advantages this country derives from supplying the sinews of war to Europe, there is a moral and humane aspect of the case that should be considered. If by denying these supplies to the nations at war, peace can be secured and human life saved, say nothing of preventing the destruction of property, is there not an obligation on this country to do so?

Remember neighbors, the offices of mayor and councilmen are important ones, and more immediately and closely touch your material interests than any other office in this government. Every citizen of the town is directly interested in who fills these offices. An election for mayor and two members of the city council will occur on Tuesday, April 6th. Don't sit quietly by and vote for anyone who may be suggested as a "good man" by someone else who possibly may have an ultimate interest to serve, but do your own thinking and selecting, and have the names of men put on the ticket, who will not serve your own interests or the other fellow's either, but serve the interest of the whole community. Put aside private profit, and whether you expect to get one cent out of the city treasury or not, select men who have an interest in the city's welfare and who will magnify their office and fully discharge their obligations.

Now is the time for all good men and true to get together, put their shoulders to the wheel and get Colorado out of the rut of "dumps" into which the town seems to have gotten. The town never will be anything more than it now is unless its citizens do better team work than they have done in the past. The town has been moving in the line of least resistance for several years. Those who have seemed to be content, while those of us who haven't are powerless to do anything worth while.

About the year 1453 the Turks under Mehmet used cannon for the first time in history in capturing the city of Constantinople, when the Byzantine empire fell and the crescent waved over the mosque of St. Sophia. That was nearly 500 years ago, since which time the presence of the Turk in Europe has been a constant menace to the peace of the world. Last week cannon were again used to retake the Dardanelles and Constantinople from the Moslem and restore the land and city of Constantine to Christendom.

ITS USE AND PLACE DEFINED

In an opinion handed down upholding the constitutionality of a recently enacted law by the legislature, prohibiting the keeping of intoxicants in social clubs, the supreme court of the state of Mississippi, says: "Whiskey is a good thing in its place. There is nothing like it for preserving a man when he is dead. If you want to keep a dead man, put him in whiskey; if you want to kill a live man, put whiskey in him."

The Record has frequently heard the question of late—"What's the matter with Colorado?" There's nothing the matter with the town of Colorado. It has the same physical identity as of yore, the sun shines just as brightly, the water is just as good, the rains fall impartially still upon the workers and loafers, the grass grows just as green, and mother earth yields even more abundantly to light labor than ever before. Materially, Colorado is all to the good, but only in an instrumental way. In a commercial, religious, educational and industrial sense, the town is just what the spirit of its citizens allow it to be. If ever this principle was made concrete, it was in the panic produced by the European war, in America. We were worse demoralized than the people of the belligerent nations who had to face bullets and bayonets. Subsequent events have shown us that all the scare and defeat was a phantom of our own brains. Colorado has lost its concert of effort—its team work, and its largely every man for himself and the sheriff catch the hindmost. Colorado has as many and great natural advantages as any town with but one railroad in West Texas. Mitchell county is the peer of any county in this immediate section of the state, as an agricultural proposition. All Colorado needs is the spirit of co-operation among its citizen-ships.

The bill requiring all legal notices to be published in a newspaper instead of being posted at the court house, livery stable, postoffice or other three prominent places, passed the senate, but so far has been lost in the shuffle in the house. This is a good law and we would favor its passage even if we were running an undertaking establishment instead of a newspaper. The posting of legal notices in public places is a relic of the time a town crier was used to disseminate the news and proclaim legal business.

Economic conditions in all European countries not engaged in the war, are growing desperate. In Spain, Italy, Portugal, Holland, and other nations industries are paralyzed, men are either drafted in the mobilized armies or idle, while the price of all kinds of food goes upward every week. With the opening of spring other nations will quite likely be drawn into the conflict and the fighting become more general and desperate. It now looks as if only exhaustion of men or resources will make for peace. Even the victor in this great contest will emerge bankrupt, and in the final allotment of spoils, the quotient will be so small to several of the minor nations that they will be little more than dependencies of the larger ones.

OUR PRESENT BENEFIT.

In America great stress has been laid upon the output of machinery in manufacturing processes, and in this respect no nation can compete with us in the making of machinery. But little attention has been given to the supply of raw material. Wherever American manufacturers could get the best and cheapest supply, there they went. In Germany and other European nations sources of supply of the raw material were given first importance. Every manufacturing concern maintained a department of scientific research with experts continually working for better and cheaper methods. There are no trade secrets in German manufacturing—everything is put to the acid test of science, and so much cheaper and better were many raw products made in Germany, that American manufacturers abandoned trying to compete and came to rely solely on that country for what they needed in their particular lines.

With the war came the realization that many lines of American manufacturing must either shut down or find another source of supply for many of the ingredients they used. Many of them got busy at once, like Edison, who now produces all the creosote he uses in his factory by a process devised by himself. New industries have come into existence, new processes have been discovered and utilized, domestic sources of supply have been uncovered to such an extent, that if the war in Europe lasts as long as it has progressed, it is reasonable to assume that this country will be producing everything it formerly imported from that country. This condition will work greatly to the present benefit of America, but when peace has been secured and the German nation again turns to factory and workshop, a greater effort than ever will be made to regain and enlarge its lost and interrupted trade with this country. Then is when the real pinch will come. Will we be able to hold the business our own necessities have built, when swamped with German goods seeking a market?

Mexico bids fair to give the United States more concern than all the warring European nations combined.

Some men hitch their wagons to a star and then try to convince the star that it would never have succeeded had they not tailed along.

TRUST TOOLS.

The present Democratic administration has accomplished more than any of its predecessors in relieving the government from trust influences which for three decades have practically dominated its politics and the business interests of the country. However, the sanguine citizen who is inclined to lay the flattering unction to his soul that the influence of trusts no longer is a potent factor in shaping the legislation in congress, is sadly in error.

When the lamentable spectacle of seven Democratic Senators opposing the ship purchase bill, a Democratic measure in the interest of the people, at the bidding of the ship trust, was witnessed by an outraged public, the conviction was forced upon it that the trust snake was sketched, not killed. Discussing the conduct of Democratic Senators who engaged in the work of defeating the ship purchase bill, the Memphis News Scimitar truthfully says:

"These seven Democratic traitors have stabbed the Democratic party in the back and made it reasonably possible for the Republican or some new party to take charge of national affairs at the next election. The guilty blood is on their hands, and the 'damned spot' can not be wiped out by any tergiversation or apology, no matter how skillfully framed."

One is lead to believe that for some unaccountable reason Senators who permitted themselves to engage in this traitorous assault upon Democracy and the important measure in the interest of the people, forgot, for the time being, that the fate of their political ambitions now rests in the hands of those to whom they must be directly accountable for the embezzlement of power vested in them. This unfortunate incident again directs attention to the fact that while no difficulty is experienced in selecting men for important offices who possess the requisite patriotism, ability and integrity of character to conscientiously and faithfully discharge their duties to the people, there are too many instances in which it is practically impossible to prevent them thereafter from coming under the influence and domination of arch enemies of the people.—Austin American.

WORTH TRYING.

That gap in the continuity of buildings on the northwest corner of Second and Walnut streets, where the St. James hotel once reared its three-storyed front, is a discreditable commentary upon the progress and enterprise of the town. If the conviction that rebuilding on those lots would prove a paying investment could penetrate to the gray matter of the people who own them, we believe business houses would spring up on them like the palace of Aladdin, almost over night. The Record has heard four different business concerns complain of the lack of business houses in Colorado. Two of these concerns wanted to locate in Colorado, but said they could get no sort of encouragement as to eligible houses and locations. The other two were already established here, but wanted better and more modern quarters, and are willing to pay for what they get in the matter of up to date buildings and conveniences.

Now a suggestion as to what live team work might be able to accomplish: Granting the need of more eligible business houses in Colorado, the great probability of their being leased to responsible parties at reasonable rates, it is not improbable that the owners of the St. James lots could be brought to see a profit to themselves in rebuilding. They have not the slightest sentiment in the matter; all they consider is its dividend producing aspect, and if given a reasonable assurance that a block of business houses similar to but larger than the block they built facing these vacant lots, could be leased at a reasonable profit, the Record believes they have the business instinct sufficiently strong to consider the matter favorably. The possibility of success is well worth the effort on the part of Colorado. However, if these favored few already firmly entrenched in business here do not want further competition, and are willing for the town to dry up for lack of expansion—to sacrifice the greater public good to their own private gain—if these do not want further improvements and greater business facilities, why, the jig's up with the town, and we might as well settle down to a state innocuous disuse and accept the inevitable. Colorado will at least enjoy the distinction of being a "Finished Town."

Congressmen under the Wilson administration have done more time in return for their salaries, than the oldest of them can recall. Since the calling of the extra session, on April 7th, 1913, up to noon, March 4th, 1915, congress has worked 637 days.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

You can't make a mistake in taking

CARDUI
The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

CHURCHES, CLUBS AND SCHOOLS ENTERTAINMENTS, PARTIES AND SOCIETY'S DOINGS

—BY MRS. A. L. WHIPKEY—

You will confer a favor upon the Record and the editor of this department if you will 'phone her (No. 157) any announcement or news item

THE CLUBS.

BAYVIEW.

Mrs. C. M. Adams was hostess for the Bayview last week, with Mrs. Royall G. Smith as leader. The lesson was:

Roll call—Quotations from Shakespeare.

Henry V, Act 3, Scenes 1, 2, 3, 4, 5.

Current events.

Silas Marner, Chapters 14, 15.

The guests were Misses Eleanor Van Tuyl, Juanita Shropshire and Mrs. Jno. C. Moar.

At the social hour an elaborate two course luncheon was served.

STANDARD.

The Standard met with Mrs. Rordaan last week. The program was carried out as follows:

Roll call—Current events.

Cymbeline, Act I, Scenes 4-5, Mrs. Coleman, leader.

Africa, Chap. XI, Mrs. Hooper as leader.

Paper—Domestic life among the Egyptians, Mrs. Foulkes.

Magazine—Pyramids and Sphinx of Egypt, Mrs. Prude, leader.

Reading—Seventh plague of Egypt, Mrs. Rordaan.

Social hour, refreshments.

HESPERIAN.

The Hesperian met with Mrs. Barcroft last week, with Mrs. J. L. Allen as leader.

Roll call—Things that interest you most.

Parliamentary law demonstrated.

One minute reports; Home reading on the history involved in the play—the Club.

Shakespeare vs. history or Henry, Mrs. Merritt.

Lesson—Act II, Scenes 2 to 4.

Talk—Is leisure becoming a lost art to American women? Mrs. Jackson.

Paper—Dress for comfort and health—can it be united with artistic dressing? Mrs. Winn.

At the social hour the hostess served ice cream decorated with whipped cream, cake and coffee.

Mrs. J. T. Davis has recently been elected a member to fill the vacancy made by the death of Mrs. Stowe.

U. D. C.

The Daughters had their regular monthly meeting with Mrs. J. G. Merritt last Monday. The subject was Texas and Texas heroes.

With roll call on Texas heroes, Mrs. J. L. Shepherd had a very interesting paper on General Tom Gratiot.

Mrs. Merritt heard the questions on Wrongs of History Righted by the general historian, Mrs. Rutherford.

The remainder of the time was spent in a general discussion of Texas and the snow storm that was blowing outside was forgotten for the time.

The hostess served biscuit, veal loaf, stuffed eggs, cake and coffee.

The next meeting is with Mrs. Phenix.

B. Y. P. U. SOCIAL.

The Junior B. Y. P. U. held its regular monthly social last Friday evening at the Sunday school rooms.

Each member had invited a guest. Games, stories, speeches and music were enjoyed. Mr. and Mrs. Pierce were assisted in entertaining by Rev. and Mrs. Williamson, Mrs. Robt. Terrell and Misses Campbell and Mann.

Punch and cake were served. These youngsters look forward with pleasure to these social meetings.

500 CLUB.

Miss Elsie Hooper was hostess for the 500 club this week. The guests were Mesdames Burns, Carter, Chaney and Miss Eleanor Van Tuyl. Mrs. Bell won the club prize, a box of lovely hyacinths, and Miss Eleanor Van Tuyl the guest prize, a Boston fern.

A luncheon of grape fruit, turkey, dressing, cranberries, nut bread, olives and coffee was served. The meeting next week is with Mrs. Henry Doss.

BUSINESS MEETING.

After a busy day of sewing for the B. O. H. box last Thursday, the Mission and Aid Society of the Baptist church held the regular business meeting. Before this meeting the ladies were pleasantly surprised by delicious refreshments of hot chocolate, coffee and cake served by their pastor's wife, Mrs. W. L. Williamson.

Besides the regular business they unanimously accepted the kind invi-

tation of Mrs. G. D. Adams to have the monthly all day sewing at the room formerly occupied by Mrs. V. O. Marshall as a studio, where plenty of new White sewing machines would be at their disposal. It is to be hoped that every member of the church will be there and if possible bring some material for any kind of garments for children. Also stress was laid on the offering for Home and Foreign Missions in March and April.

NOTICE!

The county contest of the Inter-scholastic Declaiming and Debating League will be held in Colorado, April 3rd. It is expected that all schools of the county desiring to enter the contest will forward their names, together with the phases of the contest in which they will be interested, to the secretary of the County Organization, Miss N. L. Ellis. A fuller announcement will follow.

R. M. DONNELL,

Pres. of County Organization.

CENTRAL CIRCLE.

The Central Circle of the Methodist church met with Mrs. Sprull Monday afternoon. Despite the snow storm there was a good attendance. Besides the regular business a meeting to entertain the husbands was planned for the first of April. The dues amounted to six dollars and twenty-five cents. Mrs. Grantland was a guest. Refreshments of hot chocolate and cake were served. The next meeting is with Mrs. Sam Wulffen.

LENTEN TEA.

The ladies of the Episcopal church are having a series of teas during Lent. The time is pleasantly spent with hand work, while someone reads some article that is for spiritual uplift of those present. Light refreshments are served and an offering given. So far the teas have been given by Mesdames Earnest, Lupton and Moar. Other members will give them during Lent.

Friday evening Mr. Thos. Dawes entertained the Westminster League at the "British Embassy." This is a very interesting and flourishing organization of the young people of the Presbyterian church. The signal success of our first social affair led us to hope for many more such pleasant meetings.—A Member.

METHODIST CHURCH.

Every Sabbath Sunday School at 9:45 a. m.; Preaching at 11 a. m. and 7:30 p. m.; Junior League 2:30 p. m.; Senior League 6:30 p. m.; Prayer meeting every Wednesday 7:45 p. m.; Choir practice every Wednesday following Prayer Meeting; Vesper Service every 4th Sunday 7:30 p. m.

A cordial invitation is extended to all.

R. A. CLEMENTS, Pastor.

AUXILIARY MEETS.

The Auxiliary to the C. W. B. M. met with Mrs. C. T. Harness last week. At the business period the ladies decided to have a package tea on Tuesday, Mar. 23rd. They will also organize an auxiliary at Snyder sometime this month. These faithful workers to be on what is known as the double honor roll this year, which closes next month. For several years they have been on the honor roll and if faithfulness counts they will enter the double honor one.

A very interesting missionary program was given. Mrs. Ed Jones gave a specially interesting paper on "Relation of the Auxiliary to the Mission Band and Junior Christian Endeavor." The bible questions were on the four gospels.

A dainty salad course was served at the social hour.

DON'T FORGET THE DATE.

It is none too early to remind the singing contingent of Mitchell county that our county convention will occur on the first Saturday and Sunday in May, at the tabernacle in Colorado. Classes should get busy now, so that we may be able to have the most enjoyable convention in the history of the organization. Reorganize your classes and begin regular practice now.

W. L. DOSS, Pres.

PACKAGE TEA.

The ladies of the Christian church will have a package tea at Mrs. Crowder's Tuesday, March 23. An admission of 25 cents will be charged and a number given each one, which entitles one to a package correspond-

ing with this number; also refreshments will be served. The ladies will be glad to have all their friends come.

DEATH OF Z. L. HOOTEN.

After a most heroic fight against the ravages of that fell destroyer, tuberculosis, the tired spirit of Zack Hooten left its frail tenement Wednesday afternoon and went home to rest.

Mr. Hooten and his wife came to Colorado about six years ago from East Texas, with the hope that this climate would restore his health, and for a time the change seemed to be greatly beneficial. He took a travelling position with a drug house and for a while felt and looked his old self again. But the malady had marked him for its own. For more than a year he has grown weaker, until in the early fall of last year, he was compelled to keep to his room and bed; since which time he steadily declined until the end came Wednesday afternoon, peacefully and quietly.

Mr. Hooten was about 38 years of age and leaves a wife and one child of his immediate family. He had a host of friends, who loved his quiet and gentlemanly ways, and who join the Record in expressions of deepest sympathy.

The remains were shipped to his old home at Pittsburg, Texas, Thursday morning where interment will occur.

QUIET WEDDING.

On Wednesday evening at Roscoe at 7 o'clock, Miss Eva Smith and Mr. A. L. Stewart were united in marriage. The Rev. W. W. Brewer officiated. The bride, groom and a few intimate friends motored down and the ceremony was performed at the parsonage.

The bride is a daughter of Mr. and Mrs. A. J. Smith. She was reared here and is known by every one, and has many friends who wish her a long life of happiness.

The groom has only been here a little more than a year, but is well and favorably known.

For the present they will make their home in Colorado. The Record extends best wishes to this happy couple.

HOME WEDDING.

On Tuesday evening at 7:30 Miss Edna Norred and Mr. Herbert Forbes of Loraine, were united in marriage, Rev. R. A. Clements, pastor of the Colorado Methodist church, officiating.

Only the family and a few intimate friends were present to witness the happy event. The bride is a niece of Mrs. Fulkerson. The groom is a young business man of Loraine.

They received many pretty and useful presents as tokens of love, from their friends. They left Wednesday morning for Loraine where they will make their future home. The Record joins their many friends in wishing them a happy and useful life.

BIRTHDAY DINNER.

Little Miss Mary Terrell celebrated her eleventh birthday Wednesday by having seven of her classmates and her teacher, home with her from school for a six o'clock dinner. It is needless to say they enjoyed it so soon after school and Mrs. Terrell's good cooking. After dinner they had drawing contests and Miss Terry won the prize, a box of marshmallows.

Mr. and Mrs. D. N. Arnett, Mr. and Mrs. Floyd Beall and Miss Nell Ruth Arnett motored to Lubbock last Friday expecting to return Monday but were snowbound and never reached home until Thursday.

Mrs. John Walker of Brownwood, is the guest of Mrs. Burns this week. Mrs. Walker was a former resident of Colorado and is well known here. Mr. Walker was in business with F. M. Burns.

Mr. and Mrs. W. L. Doss and Mr. Green Delaney will represent the subordinate and Rebekah lodges of Odd Fellows of this place, at the San Antonio state gathering.

The auditor of the Texas & Pacific Railway made the statement before the state railroad commission sitting at Dallas last week, that the net revenue of that road the past five years had been approximately \$5,000,000, of which amount \$4,500,000 had been expended for betterments, etc.

Abilene will make a red letter day of April 2nd, prox. The Chicago White Sox base ball team No. 1, will play the Abilene Bankers on that date. The White Sox are making a tour of the country before the opening of the ball season.

Snow in the panhandle section and all over the states north, has lowered the temperature here considerably. Sunday was a beautiful day with genial sunshine, but a steady cold wind from the north discouraged walking and riding.

The Birth of Spring

The buds are beginning to swell, the leaves to unfold—All Nature is putting on her Spring attire.

Does it not remind you of your Spring attire? Of pulling off the old and putting on the new! Brighten up your appearance for the brighten-up season is on hand.

We take pride and pleasure in the privilege of inviting you to both of our immense Millinery Openings to be given in our store at Loraine, March 19th and 20th, under the management of Miss Ruth Kirk, and at our new place of business in Colorado, March 26th and 27th, under the management of Miss Myrtle Mays. Miss Kirk comes to us represented as a lady who will treat all with courtesy and as a milliner whose designing and trimming is unexcelled. Miss Mays has been in our employ for the past two seasons at Whitney, Hill County, Texas. She is a first class milliner and has won and sold to the best trade of Hill County. We assert that she cannot be excelled as a milliner and a lady who will treat with the greatest courtesy all customers and callers.

In making this excellent display of Millinery there will be other features well worth seeing and attending. It is the contribution of these two stores to the gaily of Style Show and so making a living model display at each place on the nights of the above named dates of our entire lines of the latest and newest styles of Dress Goods, namely: Lattice Green, Exposition Gold, Wall Blue, Battleship Gray, Delaware Peach, Belgian Blue, Rocky Mountain Blue, Palm Beach Sand and Putty colors in our various lines of New Dress Goods. On all these as well as every other line we will make you a special 10 per cent discount on lines shown during these two nights. We will also have a staple and fancy line of Novelties that will be sold to the highest bidder. This is our idea of the feature of the Spring Style Show and you should not miss it. All of the items shown will be of the most practical nature; not the class of wearables most adapted to the particular climate while some of the patterns and garments are fine show plaids. Many of a very popular price nature will be included in this exhibit. First take notice of our special low-priced offer to you in every line and department of our stores. We urge and plead with you to visit at the earliest date possible either of both of our stores at Loraine or Colorado to see and learn of the new Spring Styles we have to show you. Also see how well we have provided for your requirements for the new season. Every department of each store has new and interesting lines of the world's highest class merchandise. Beautiful Silks, Woolens, and Novelty-Cottons are here in almost endless varieties. The Millinery department of each store is showing all the new seasonable real novelties in hats. Hats for street wear, hats for semi-dress and the most beautiful dress hats ever shown in Colorado. The most exclusive styles await you at these two stores. New Trimmings, New Gloves, Hosiery, Neckwear, Ribbons, Pipe Underwear, Negligees, Ladies' Skirts and Silk Waists, Ladies' Ready to Wear Dresses and Aprons, Girl's Dresses and many other lines of immediate interest. The very latest creations produced by the recognized fashion centers of the world, St. Louis and New York, will be embodied in this very interesting living model display. You will find this an opportunity to become thoroughly posted as to the correct styles for the new season by only visiting either of our stores at Loraine or Colorado the nights above named. Doors will be open at 7:30 p. m.

We also have in and to arrive a car of high grade Planters and Cultivators. Hold your order for us. Special price will be named to you. Also a line of other implements—Go-Devis, Walking Cultivators, Georgia Stocks and all styles of Plow Shapes at a special low price.

Our car of Mebane Cotton Seed is now in. Guaranteed to be pure Mebane Cotton Seed at \$1.50 per bushel, Loraine or Colorado.

We are moving our stock of high grade merchandise from Whitney, Texas, to Colorado, Texas, and will occupy the two brick buildings on the corner just west of the City National Bank, and will carry the same line of merchandise at both places. Also prices will be the same each week named to you in the Loraine News, Colorado Record and Rescoe Times. It will likely be April 1st, before the stock will be entirely completed at Colorado, but you can rest assured the Colorado stock will be kept as complete as the Loraine stock and we will at all times offer you inducements for your business on a cash basis, for, as before stated, this is the year for farmers to avoid making all debts possible on account of high-priced groceries. Watch our weekly ads. We are sincere in saying we believe we can save you money in buying your goods from us, for our plans are to buy everything in the heavy staple line in carload lots and same will be delivered at the two points, Loraine and Colorado. We want your business on a small-profit and we desire to prove same to you if you will only give us an opportunity in selling you anything we carry. We know that we can buy cheaper in car lots. We also know that we have the money and can get the money to discount our bills. We trust you will hold your orders in our Colorado territory until our stock is complete. Prices on Dry Goods and Groceries remain unchanged.

W. L. Edmondson & Co.

LORAIN AND COLORADO, TEXAS

In the heaviest snowstorm Fort Worth has seen in years, several thousands of Woodmen of the World paraded Tuesday morning, formally opening the tenth biennial convention of W. O. W. of Texas. The attendance has increased to over 5,000. Following the parade the opening exercises were held in a down town tabernacle, featured by an address by United States Senator Morris Sheppard, sovereign grand banker of the order. The convention adjourned today.

Plain notes at Record office.

The reason Jack Johnson failed to show up at Juarez for his fight with Jess Willard has been given out by Johnson himself. He said he was afraid that if he gave Willard the wallop he intended to give him, some hot headed Texan might get so excited that he would put a bullet in his precious dusky hide. Johnson says he will remain at Havana and the fight between him and Willard will likely be staged at that place.

President Wilson has sent two battleships to Vera Cruz in case they may be needed.

Rats are becoming very troublesome in many sections of West Texas. Abilene merchants report great damage to their stocks by these rodents. Traps hardly make an impression on their numbers, while poison is out of the question in storehouses. The most deadly and persistent foe of the rat is a ferret. They can go anywhere a rat can go; kill their prey for the very joy of killing them and bring the dead bodies out where they can be destroyed. No rat gets too big or too wise to elude the ferret, and its only chance of escape is in flight—and to stay flown.

NO SUFFRAGE FOR THE WOMEN**MEASURE DOES NOT RECEIVE VOTE THAT IS NECESSARY.**

The woman suffrage constitutional amendment will not be submitted to the voters of Texas. The resolution came to a final vote in the house on Saturday, receiving 90 affirmative and 32 negative votes. It lacked three votes, 95 being necessary to submit a constitutional amendment.

Since one representative has resigned, the authors of the bill contend 94 votes would have passed it in the and sent it to the senate. Also, it must be taken into consideration, that Burmeister, who voted for the resolution, changed to "no" in order to move to reconsider. On this calculation the resolution failed by three votes.

Taking the vote as it shows on the record, and granting 95 were needed, it failed by five votes.

The resolution had previously been engrossed, 84 to 42.

Land Tenant Bill Signed.

Governor Ferguson has signed the land tenant bill and the same is now in effect.

LUMBERMAN RUNS AMUCK.**TAKES LIFE OF FOUR AND IS SHOT TO DEATH HIMSELF.**

Four men were shot and killed and five others seriously wounded by Monrye Phillips, a lumberman at Brunswick, Ga., firing at random as he ran along a street. Phillips himself was shot to death by a policeman. Those killed by Phillips were:

H. F. Dunwoody, an attorney.

W. M. Hackett, an undertaker.

Rex Reaves, a policeman.

W. P. Padgett, a former policeman.

Several of the wounded are prominent citizens.

Phillips is said to have lost much money in real estate transactions and blamed others for his financial difficulties. He first put bullets in Dunwoody's head, killing him almost instantly, and then went along a street, shooting as he ran, until finally laid low himself. Citizens fled in terror before the deadly fire of his automatic shotgun.

Forty-Seven Saved.

Forty-seven miners alive and well being four days and nights were found Saturday morning in the No. 3 mine of the New River and Pocahontas Consolidated company upon Quindimont mountain, in the Layland, W. Va. section, where an explosion trapped 182 men. News of the finding of these men after ninety bodies had been recovered spread like wildfire through the mining camps and hundreds went to the scene. Weakened by hunger, the first five men told rescuers they believed others were alive in a remote chamber. A crew equipped with oxygen helmets began pushing its way toward that point and found them forty-two more.

Foresaw His Death.

Justice of the Peace Charles W. Newby, who strangled to death at Fort Worth after an illness of some weeks, foresaw his death and asked the county commissioners to name his successor and to ask that successor to give one of his daughters a position in the office. For twelve years Mr. Newby was desk sergeant in the central police station of that city. He was secretary of Texas Police Chiefs' association.

Sings Last Song.

George (Honey Boy) Evans died in a Baltimore hospital. He went there for an operation several days before. The noted minstrel had been suffering from stomach trouble for a long period. Lately he had been touring the south with his company, but left it about three weeks ago.

Woman Shoots Men.

Mrs. Pat Conway, the jailer of Tom Green county, Tex., emptied two loads of buckshot from a shotgun into the back of Hardy Hays as he attempted to pass saws, it is alleged, into the jail. He was but recently released on bond from jail. Hays' condition is said to be serious.

BEST LAXATIVE FOR BOWELS—"CASCARETS"

When Constipated, Headachy, Bilious, Breath Bad, Stomach Sour.

Get a 10 cent box.

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

NOTICE OF SHERIFF'S SALE. (TAX SUITS).

The State of Texas, County of Mitchell. By virtue of an Order of Sale for Delinquent Taxes issued out of the Honorable District Court of Mitchell County, on the 8th day of March, A. D. 1915, by Earl Jackson, Clerk thereof, in the case of the City of Colorado, vs.

L. E. Lasseter, No. 2804, and to me, as Sheriff, directed and delivered, I will proceed to sell, at public auction, to the highest bidder, for cash in hand, within the hours prescribed by law for Sheriff's sales, on the first Tuesday in April, A. A. W. COOKSEY, Sheriff Mitchell County, Texas.

BEST AND CHEAPEST WAY.

Mrs. Housewife, do you realize that the cost of living grows higher? Had you thought of the fact that soap, starch, blueing, washing powder, clothes pins, tubs, wash boards, etc., come in on the grocery bill and materially increase its size? Think over this and see if the Steam Laundry way is not best. Only one bill and it very reasonable; no worry about delayed washwoman; no tired bodies; but clean, sanitary ready to wear clothes. This is indeed the best and cheapest way.—The Laundry.

When one mail order house spends \$8,700 on postage alone sowing the country broadcast with their catalogues, it is not surprising that these commercial pirates get business from right under the nose of our local merchants when they go to such expense to get it. Many of these same catalogues were received at the Colorado postoffice and many Colorado people will doubtless send good money away from home for goods they could buy just as cheaply from Colorado merchants. But the local merchants seem to think the business is not worth what it would cost to go after it. We heard one local business man—no, we take that back; it was one man in business—say that advertising did not pay because he had tried it several times. He had spent about \$2.50 for advertising, and because the people did not come running, he decided advertising was a fake and quit it. The kind of advertising such alleged business men do will always be both a joke and failure. It will be money thrown away.

NERVY WOMAN JAILER.

Mrs. Pat Conway, Tom Green County's jailer, emptied two loads of buckshot into the back of Hardy Hays at San Angelo the other day. Hays is charged with attempting to pass saws into the jail. He was but recently released from jail under bond. Hays' condition is serious.

"There was nothing else for me to do," said Mrs. Conway. "For a month I expected an attempt would be made to do this."

Mrs. Conway has been jailer there for more than four years. She is probably the only woman jailer in Texas. She fears nothing, and treats the county prisoners with kindness when they deserve it.

SENATOR ROOT'S RETIREMENT.

Commenting on the retirement from public life of Senator Elihu Root of New York, and comparing his foreign policy while secretary of state with that of the present incumbent, the Washington Herald is moved to remark:

"Senator Root's record in the Department of State is an enviable one, which, unfortunately for the country, has by no means been equaled by the present Secretary of State, whose blundering, inattention and lack of capacity to efficiently discharge his important duties have been a prolific source of embarrassment to the present administration, as also of whatever of just criticism to which it has been subjected."

NOTICE OF CITY ELECTION.

By order of the City Council, notice is hereby given that an election will be held at the court house in the City of Colorado, Texas, in this county, on the First Tuesday in April, 1915, the same being the 6th day of said month, for the purpose of electing a Mayor, three Aldermen and City Secretary, for said City.

F. A. Winn has been appointed presiding officer for said election and he shall select two judges and two clerks to assist in holding same; and said election shall be held in the manner prescribed by law for holding other elections.

Every male person who has attained the age of twenty-one years and who has resided within the limits of said city for six months next preceding the date of said election, and is a qualified voter under the laws of the State of Texas shall be entitled to vote at said election.

Witness my hand this 24th day of February, A. D. 1915.

RANCHMAN IS FOUND BURIED WITH WOUNDS.

With two gunshot wounds in his breast, the body of R. B. Olmstead was buried in the yard of his ranch near Upland, on the 9th. Olmstead has been missing two weeks. The last seen of him he was leaving Midland in his new automobile with a stranger. The stranger several days later drove alone in Olmstead's car through Rankin.

GOETHALS TO RESIGN.

Major General G. W. Goethals, governor of the Panama Canal Zone, in a speech at the annual banquet of the Society of the Chagres, announced his probable retirement as governor within a year. He said he had requested that he be relieved in favor of a younger man and that the request undoubtedly would be granted.

Mr. Secretary of State, Bryan, must have fortified his pugnacity with divers potations of the juice of the grape before sending that "ultimatum" to old Carranza, after having assumed the various revolutionary leaders in Mexico that "so long as he was secretary of state there would be no intervention by this country in their affairs."

COLDS

An up-to-date remedy for colds. That is what Peruna is. In successful use over 50 years.

Colds are caught in many ways: Illy ventilated rooms; rooms that have direct draughts; crowded rooms; damp houses; stuffy school rooms; offices illy heated.

A dose of Peruna at the right time, at the first symptom of cold, before the bones begin to ache, before the sore throat manifests itself, or the cough, or the discharge from the nose, just a dose or two of Peruna before these symptoms begin is generally sufficient. But after the cold is once established with the above symptoms prominent, a bottle of Peruna, or maybe two, will be necessary.

"For several years I have been troubled with colds at each change of season. I took Peruna and have not been troubled with the slightest cold this entire season." Mr. Harry Fisher, 1928 Mosher St., Baltimore, Md.

"I give the children Peruna if they have a cold, and it always relieves them." Mrs. J. D. Hayes, 1937 Druid Hill Ave., Baltimore, Md.

"When I feel a cold coming on I take a little Peruna, and it does me good." Mr. Charles S. Many, 12 Water St., Ossining, N. Y.

"No family should ever be without Peruna, for it is an unfailing cure for colds." Mrs. M. F. Jones, Burnside Springs, Ky.

NOTICE TO THE PUBLIC

I am leaving this week for Corpus Christi, Texas, where I shall remain for two or more months. During my absence my jewelry business will be under the management of Mr. Floyd Beall, while the Watchmaking and General Repairing Department will be conducted by Mr. R. E. SAYING WHAT YOU BELIEVE.

Of course you cannot convert the world to your way of thinking, but that should be no reason why you should not think and express your thoughts. There is no excuse for the existence of a newspaper that does not attempt to lead the people into better things. As purveyors of neighborhood gossip two women and a back yard fence can beat the average local newspaper without any effort, while two idle men with a fair supply of tobacco and a pair of sharp knives can get in the sunshine on a goods-box and outdistance the best metropolitan daily. Stand for something worth while in your community.—Texas Journalist.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION.

"Pape's Diapiesin" Settles Sour, Upset Stomachs in Five Minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, grassy or out of order stomach surely within five minutes.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

THE HORSE "COMES BACK."

There are many evidences of the "return" of the horse on the park drives and boulevards of our large cities. The horse, together with the finer grades of carriages, park and other pleasure vehicles, is more frequently seen on the fashionable drives than has been the case at any time within the past five years. The head buyer for one of the largest dealers in horses in New York City has given the reason for the renewed horse popularity to a New York newspaper in the following language: "The motor car has about reached its limit in possibility of cost, elegance and luxury. It is an inanimate thing, offensive in its scent, nerve racking in its performance, and is failing to attract the attention it once did. Horses are animate, they appeal to human beings accordingly. An elegant park turnout will attract comment and attention now where a dozen machines of the latest make will not cause a second glance. It is the craving for something nearly human that is making pleasure horses possible again."

MOTHER! THE CHILD IS COSTIVE, BILIOUS.

Don't Hesitate! A laxative is Necessary if tongue is Coated, Breath bad or Stomach Sour.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach, sour breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

One drawback about immigration after the war is that we'll either get a crippled patriot or a healthy undesirable.

\$12,000,000 ORDERS FOR WAR MATERIALS

Surely a big boom to local industry at the Bethlehem Steel Works the last seven months, or since the war broke out in Europe, has been the filling of big orders for England and even France and Russia in the way of various kinds of ammunition of war. The war departments of this great plant are being rushed night and day. Daily long trains of loaded shrapnel shells issue out from the yards of the plant, mostly under cover of darkness and speed out into the night destined for Canadian points, from where the shells and weapons find their way to various battlefronts. Dispatches a few days ago from Berlin stated that shells picked up in France indicated American make. While no official figures can be obtained, workmen are free in expressing the opinion that so far war material to the value of at least \$12,000,000 has been shipped. This does not only mean shrapnel shells, but big guns, etc.

WHY THEY ARE PATRONIZED.

The largest individual check ever received at the local postoffice for a single order of postage passed thru Postmaster Speer's hands the other day. It was for \$7,800 and came from Bellas, Hess & Co., a large New York mail order house. It marks new business for the local postoffice. "We want this to apply to our postage account," E. W. Palmer, general manager of the firm's traffic department, wrote. "It is to cover all or part of eight car loads of catalogues which we are shipping from New York now and which should reach you within ten days." The catalogues will be distributed from Fort Worth.—Fort Worth Star-Telegram.

Keeping Up the Service

The European war brought to our attention with very great force the dependence which modern industry places upon the complete and continuous transportation service. Let something happen to disturb the action of transportation facilities and the whole machinery of modern commerce slows up.

In this country the railroad systems are the arteries of the commerce system, and the service rendered by them is so important that any difficulty is speedily felt by everybody. All materials which enter into the running of the railroad must be carefully selected for quality and service in order to avoid disastrous interruptions.

TEXACO QUALITY AND SERVICE have made themselves felt in keeping up the railroad service. On the books of The Texas Company as customers are almost all the railroads of any importance in all parts of the country—using "Made in Texas" Texaco Products because of the quality which insures the reduction of operating difficulties and the prompt service which insures supply.

The same quality and service which have induced these immense transportation systems, with their difficult requirements, to use Texaco Products are to be secured by you.

Call up the nearest agent. He will be delighted to serve you.

Some say it did, while some say it didn't, but the consensus of expert opinion is that some was and some wasn't. We refer to the fruit crop. In some localities the freeze seems to have left considerable marks, but in others, no ill effects can be seen. The making of a good fruit crop this year will mean much to the farmers and all other citizens of West Texas. It would give old man H. C. Living such a punch in the solar plexus that he would be "in the red" for twelve months.

Despite the several nipping mornings the past week, gardening preparations continue in all parts of town. The Record believes more gardens will be made in Colorado and Mitchell county this year than ever before. Not only does the season promise to be more propitious than usual, but the high prices that obtain for everything bought from the stores to eat, have had a stimulating effect on the living at home industry. And there is no reason why Colorado should not be plentifully supplied with home grown garden truck. A little work at the right time, a little patience all the time, would save many a dollar on the household expenses and provide fresh vegetables when most appreciated. If you can not qualify for the early gardening class, then arrange to have one later on; raise the more staple and permanent kind of truck.

Monday morning was reported by the weather observant contingent, to be the coldest we have experienced within a month—or since the groundhog mixed things up so that the most knowing of us can't tell any more about it than the almanacs. The fate of the fruit crop is still a mooted question. Undoubtedly much of the fruit in bud and bloom at the time of the first big frost of last week, was killed, but there is hope that enough escaped, which was not so far advanced, to make a half crop, at least. The grapes are not beginning to put out, so they are safe so far.

ROY E. FOX'S RETURN.

The tent show of Roy E. Fox has been entertaining the people of Colorado the past week. Although the inclement weather the first part of the week militated against attendance for all but the most enduring, the latter part of the week gave good weather. On Monday night, "The Servant in the House" was presented; Tuesday night "The Half Breed"; Wednesday night, "Shepherd of the Hills"; Thursday night "The Wolf"; Tonight "The Clansman" will be presented, and for Saturday matinee and night, "Lena Rivers" and "What Happened to Hobson" respectively, will be given. Fox always pleases his crowds, while the cleanliness of his show and its personnel, commend it to all lovers of wholesome entertainment. He and his show will always receive a generous welcome in Colorado.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

o'clock and by nightfall was coming
down in earnest and with apparent in-
tent of keeping it up through the night,
which it very nearly did. By morning
it lay fully three inches deep in undis-
turbed dry places. The temperature
Tuesday morning was not as low as
on Monday morning and no hurt was
done vegetation. This amount of
snow is estimated equal to an inch of
rainfall, and it will be of great bene-
fit to all kinds of small grain, besides
putting the ground in most excellent
condition for plowing. Truly, West
Texas bids fair to have a reserved seat
in this year's prosperity performance.

J. P. Hunter, J. R. Hastings and M. C.
Ratliff returned from a business trip
to New Mexico, Monday night. After
looking over a great deal of the coun-
try adjacent to Roswell, Mr. Hunter
was taken with a piece of highly im-
proved property near Dexter, 18 miles
south of Roswell and closed a deal for
same through Messrs Hastings and
Ratliff. The property consists of 160
acres, with 1600 sixteen year old apple
trees and 60 acres alfalfa, an 8-inch
flowing artesian well and water rights
from the Hagerman irrigation canal,
thus being assured of an abundance of
water at all times. Conservative esti-
mates of the value of the annual yield
of this orchard place it at \$200 per
acre. The consideration was \$150 per
acre. Mr. Hunter placing some of his

I AM WHAT YOU NEED.

I am the tireless servant of man.
To the intelligent doctor, merchant
or farmer—the man who prizes econ-
omy, efficiency and security—I am a
necessity.

No animal that lives has strength
and endurance such as I possess.

I, who am more powerful than the
horse; swifter than flesh and blood;
tireless and sleepless. I, who eat lit-
tle and drink seldom; who feels not
the lash of the driver; and fears nei-
ther heat nor cold.

I, who ask no money; expect no
kindness; to whom day and night are
as one. Born full grown and full
strength.

I, whom age does not weaken or ill-
ness harm.

I lengthen the reach of the phys-
ician, am a thousand fold and daily
help to win the battles of life; bring-
ing him quickly to the bedside of your
dear ones, be they near or far.

To the isolated family I bring the
blessings of both school and church.

I furnish healthful and innocent
amusement for the entire family.

I render useless the society for pre-
vention of cruelty to animals.

To you the wealth that comes from
bridging space, come I, compressing
time, saving money, eliminating un-
certainty.

Various imitators have I, but no
competitors.

The brains of a thousand inventors
have seethed, dreamed, contrived and
thought, so as to bring me up to my
present form.

I represent a maximum of carry-
ing power, with a minimum of cost.
You do not have to possess wealth to
command me.

I symbol safety, surety, economy
and convenience.

I take you there and bring you back.

I AM THE FORD.

BIG AUTO ORDER.

The Thomas B. Jeffery Company of
Kenosha, Wis., has just received an
order by cable, from the French gov-
ernment for 750 trucks for use by the
armies of the allies. The contract
calls for the delivery of the entire
order, amounting in money value to
more than \$1,000,000, within sixty days.
Many men who have been out of em-
ployment for months returned to the
Jeffery plant.

King Constantine of Greece is in a
strait betwixt two. His wife, the
queen is a sister of Emperor William
of Germany, and he hesitates to enter
war against him. His prime minister,
cabinet and majority of his subjects
are in favor of joining the Allies and
giving old Turkey a drubbing. The
prime minister and cabinet have re-
signed.

EXECUTRIX'S NOTICE.

The will of William H. Moesser hav-
ing been probated and the undersigned
appointed executrix of the same, Feb-
ruary 2, 1915, all claims for money
against the estate of William H. Mo-
esser, deceased, must be presented to me
for allowance, at Colorado, Texas, it
being my place of residence and post-
office address, within one year of the
2nd day of February, 1915, the date
of letters of administration issued to
me as executrix of said estate. If not
presented to me within the year afore-
said, payment of the same will be
postponed until the claims presented
within that time are paid.

MRS. KATIE MOESSER,
Executrix.

YOU'RE AN EASY PREY, with your
flesh reduced below a healthy standard,
for Consumption and other Scrofulous
and dangerous diseases. And it's for just
this condition that Dr. Pierce's Golden
Medical Discovery is especially valuable.
If you're thinner than you ought to
be, whether from wasting diseases, de-
fective nutrition, or whatever cause,
the "Discovery" will surely bring you
up to the healthy standard. By restor-
ing the normal action of the deranged
organs and functions, it arouses every
natural source and means of nourish-
ment. A strength-restorer and flesh-
builder. It can be had in tablet or liquid
form. Ingredients printed on wrapper.
Dr. Pierce's Pleasant Pellets are the
original little liver pills, first put up over
40 years ago. They regulate and invigor-
ate stomach, liver and bowels. Much
imitated but never equalled. Sugar-
coated and easy to take as candy.
