## Wheat Harvest to be in Full Swing Next Week

### SOME BINDERS CUTTING FEED NOW RUNNING

Scattered Fields Expected to be Ripe Enough for Combines This Week-End

### Some Losses from Hail

Rain and Hail Damages Scattered Fields but Losses are Comparatively Light

Within the next few days the bumper crop of wheat will be harvested in this section from Perryton in every direction from Perryton as the golden wheat harvest gets underway. Many started binders cutting barley and oats this week and a number are operating binders in wheat fields, most of such grain being cut for feed. Fields on the east part of the county are the ripest. A. E. Devers stated yesterday that he had been binding wheat for several days and that he believed he had one of the best crops that he had ever raised in the many years that he has lived in Ochiltree county.

Rain and hail continue to be a serious threat to the 1938 crop. The rain that accompanied the rain on the night of June 8 damaged a number of fields. There was considerable rain Tuesday afternoon in the 21 mile corner on Highway 83 south of Perryton. There was also some rain in the southeastern part of the county from the severe rain and storm of Tuesday afternoon but much of the damage is not available.

### OPEN EMPLOYMENT OFFICE

WORKER AND EMPLOYER GIVEN FREE EMPLOYMENT SERVICE BEGINNING ON JUNE 15TH

Temporary quarters for Texas Employment Service were established in the County Courthouse at Perryton, Wednesday, June 15, and will remain open every day during the wheat harvest.

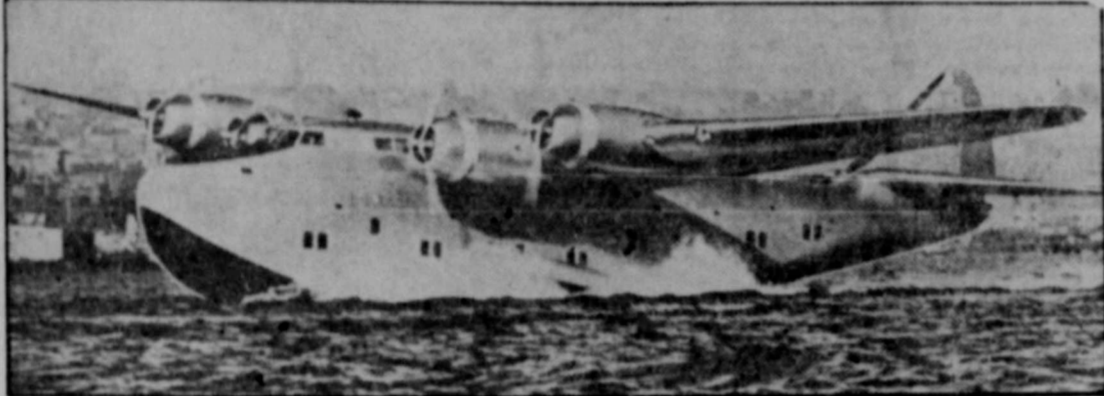

Mr. E. Dobyns, Texas State Employment Service interviewer, who has been serving Ochiltree County several months on weekly service, is in charge of the Perryton office.

The aim of the service is to assist those who are seeking work in wheat harvest to get the kind of work they can best fill. And the service will likewise secure for the farmer promptly the kind of help he needs.

### Theatre Attractions

The Ellis Theatre for the coming week will feature the following: June 16-17—Luise Rainer and Melvyn Douglas in "The Toy Wife"; June 18—Wallace Beery and Jackie Cooper in "Treasure Island"; June 19-20—Don Ameche, Simone Simon, Robert Young and Joan Davison in "Jezebel"; June 21-22—Rudy Vallee and the Four Tones in "Gold Diggers in Paris"; June 23-24—George Raft and Sylvia Sydney in "You and Me".

### New Clipper Plows Water in Trial Run

Whipping the waters of Elliott Bay into a spray, the new Boeing-Pan American Airways clipper, colossal achievement of aeronautical design, is pictured above as it started a somewhat disastrous test run near Seattle, Wash. A few minutes later the plane heeled over slightly, damaging its right wing, which dragged in the water. After repairs, the four-motored craft will engage in a second test flight before being put into trans-Atlantic service. The clipper has accommodations for 72 passengers, making it the largest hydro-plane ever built in the United States.

### SHINDLER HEAD OF ROAD ASS'N.

ELECTED PRESIDENT OF GREAT PLAINS HIGHWAY ASSOCIATION AT GARDEN CITY MEETING

R. T. Shindler, owner of the Shindler Drug Co., and life long booster for good roads, was highly honored last Wednesday at Garden City, Kansas, when he was elected president of the Great Plains Highway Association at their annual convention. The Great Plains Highway runs from the Canadian border to the Mexican border and traverses the great plains of Texas, Oklahoma, Kansas, Nebraska, and North and South Dakota.

Representatives from all the states were present at the Garden City convention. Attending from Perryton were Judge Geo. M. Perry, W. B. LaMaster, C. E. Woods, Mr. Shindler, T. W. Gray of Gray, Oklahoma accompanied the Perryton delegation. C. F. Arnott, Beaver county, also attended the meeting.

Other national officers elected were J. V. Romigh, North Platte, Neb., 1st vice-president; T. W. Gray, Gray, Oklahoma, 2nd vice-president; G. L. Light, Liberal, Kansas vice-president with Dr. H. J. Morrison, Oberlin, W. M. Prather, Oakley, and R. E. Stotts, Garden City, Kansas directors; J. W. Simms, Gray, Oklahoma vice-president, and J. T. Smith, Turpin, Oklahoma director; T. N. Carswell, Abilene, Texas vice-president, and Sam Allison, Canadian, Texas director. In addition to the above, two directors were elected from the southern part of the state.

### County Meetings Being Held To Explain Crop Insurance

A series of meetings are being held this week and next for the purpose of bringing the Crop Insurance Program before the farmers in each community. Schedules showing yield and loss cost on practically every farm in the county have been prepared from the data on file in county office and these schedules are being brought to the community meetings in order that any farmer operating in the community in which the meeting is held can determine the cost of insurance for his particular farm and due to the nearness of harvest, it is important that every farmer be present at the meeting in the community in which his farm is located.

Meetings will be in charge of County Agent, E. W. Thomas, and County Insurance Supervisor, Earl Waide. Schedule of the meetings all of which will be held at 8:30 P. M. are as follows: Wednesday, June 15th, Waka (includes Parnsworth community); Thursday, June 16th, Huntton and Ochiltree; Friday, June 17th, Perryton Court House; Monday, June 20th, Lone Tree and McMillen; Tuesday, June 21st, Black and Alfalfa; Wednesday, June 22nd, New Hope and Notia.

### DOUBLE DRIVERS' EXAM. DATES THROUGH HARVEST

The sheriff's department announces that State Traffic Officer O. K. Huddleston and his assistant will be in Perryton on Monday evenings at 8 p. m. where they will give driver examinations and issue drivers license in addition to their regular time on Tuesdays. This new system will be carried through harvest and for as long as applicants warrant, in order to serve people finding it difficult to get off in the mornings.

### SUMMER BAND CLINIC HERE

PARENTS ASKED TO MEET WITH BAND INSTRUCTOR REED AT JUNIOR HIGH BUILDING ON JUNE 24TH

Perryton will have a summer band clinic beginning Monday, June 27, under the direction of Sumpter E. Reed, local band instructor. Mr. Reed would like to meet all band parents for a few minutes Friday, June 24, at 8:00 p. m. in the band room in the Junior High School Building.

This summer is an excellent time to start your boy or girl on an instrument. Bandmaster Reed is especially interested in getting a large group of beginners, as there are several spots in both bands that must be filled. Parents are invited to meet with Mr. Reed on June 24 and discuss the band clinic and ask any questions.

### Legion Social Monday

Legion and Auxiliary to Have Ice Cream Supper and a Program Monday, 8:15 p. m.

Members of the Pierce Johnson Post and Unit of The American Legion will enjoy an ice cream social and a musical program on Monday, June 20, at 8:15 p. m. Harry Nall, Post Commander, states that the Legion will furnish the ice cream, and the Auxiliary members are asked to bring cake.

The evening's entertainment will open with a Fidac program, featuring musical numbers. This is being arranged by Mrs. Robert Barlow, Unit president. All members and eligible members of the Legion and Auxiliary are urged and invited to be present. Hostesses for the evening are Mrs. A. N. Dowers, chairman, Mrs. Ralph Adams, Mrs. Orval Jacobs, Mrs. W. C. Herndon and Mrs. Harry Cayler.

W. R. Landrum, Stratford, was on official visit at the local CCC camp, Tuesday.

### JUST HERE and THERE

Part time work for needy farmers was made possible under the relief set-up by an amendment offered by Senator Tom Connally and adopted by the Senate last week. Farmers, who have met with crop losses and other misfortunes and who are in need, will be permitted to supplement their farm incomes by working part time on rural relief projects, without being put on the relief rolls. Under present WPA rules a farmer cannot be hired for work on a project for a single day unless he is on the relief roll. This amendment will remedy that situation.

Senator Connally was active also in obtaining the passage of the "Russell Amendment" in the Senate to the Relief Appropriation Bill which provides \$212,000,000 to apply in bringing the price of farm products toward parity. Under this amendment those farmers who are taking part under the 1938 Farm Act will receive from the government ten cents per bushel in the case of wheat and varying parity payments on other farm products.

Mrs. W. F. Haggard, head of the Home Economics department of the Perryton schools, is carrying on with her work while most of her fellow teachers are either on vacation or attending school. On Monday and Friday of each week, Mrs. Haggard inspects the home projects of students residing in the rural sections. She has already driven 300 miles since school closed. On Wednesday, the home projects of students living in town are inspected. Tuesday is given to adult classes in Home Economics and classes for girls are held on each Thursday.

Follett has just voted to issue \$25,000.00 worth of bonds to build a new school gymnasium. The Federal government will make a direct grant of \$22,000.00, making \$47,000 available for the construction of the school building.

### NOTICE!

The Chamber of Commerce wants to warn the residents of Perryton and this community against the unreliable practices of the peddlers and "gyp" artists that are starting to do their work in this community. Perryton's established business houses are good sources of supply, and if they don't have just what you want, they can order it for you. Protect yourself against the invasion of these pests.

CHAMBER OF COMMERCE Harry E. Cayler, Secy. 23-81-c

### BURNED WEEDS SO GRASS-HOPPER CROP IS FAILURE

If more farmers, not only in this vicinity but all over the Southwest had done as D. K. Baumann did last fall, we might not have this grasshopper threat which is already an actuality in many localities. Mr. Baumann burned the weeds around his fields in the fence rows and corners last fall in the hope that hopper eggs would be destroyed and it appears that such was the case for very few grasshoppers are hatching out around this place. The Ochiltree county Commissioners ran a paid advertisement in the Herald the latter part of February of this year appealing to Ochiltree county farmers to burn the weeds around their fields and fences. Just how many heeded this plea we do not know but we would like to find out if other farmers have had the same good results as Mr. Baumann.

### NEW BOOKKEEPER AT WHITE HOUSE LUMBER

Mrs. Arthur Townsend has accepted a position as part time bookkeeper at the White House Lumber Co. Mrs. Townsend will continue her work at the L. S. Hobbs Inc., taking care of their books in the mornings and working at the White House in the afternoons.

### BASIN LISTING DEADLINE SET

VOLUNTEER WHEAT DISPOSAL IS EXPLAINED FOR FARMERS AS STATED IN THE PROGRAM RULES

The County Committee of the Ochiltree County Agricultural Conservation Association has, with the approval of the State Committee, set June 30th as the final date for each county or basin listing may be done to qualify summer fallowed land under the 1938 program. It is, therefore, important that these practices be put into effect as early as possible in order to have the land qualified before harvest begins.

Some misunderstanding exists as to what may be done with volunteer wheat. Under the regulations any volunteer wheat harvested either for hay or grain is counted as soil depleting. Therefore volunteer wheat or other wheat cut for hay will be included in the same classification as wheat harvested for grain.

### Ellzey's Camp Opens June 11 Boys Enrolled From 5 States

Five states are represented at the Ellzey's 4-Fold Summer Training Camp for Boys, which opened Saturday, June 11. The thirty boys registered this week are from Kansas, Oklahoma, North Carolina, Illinois and Texas.

Special days to be observed at the camp and in which the general public may participate, are: June 28 - Chicken supper for the Lion's Club of Perryton and surrounding area.

July 4 - Anvil Park Rodeo at Canadian, Texas, which the campers attend.

July 22 - Northeast Panhandle Amateur Rodeo and neighbors' Day, at the Camp. Congressman Marvin Jones, chairman of the agricultural committee of the House of Congress, and Congressman Phil Ferguson of Oklahoma will speak.

August 6 - Camp closes with Fathers' and Sons' Day and Camp Rodeo.

This summer camp for boys is directed by Mr. and Mrs. Tom Ellzey and is held each year at their L-Z Ranch on Wolf Creek. Besides Mr. and Mrs. Ellzey, other staff members of the camp are W. Clark Ellzey, head counselor, Durham, N. C.; M. Lawrence Ellzey, camp manager, Perryton; Jack Ellzey, assistant

### PERRYTON AND SPEARMAN CARS MEET IN HEAD-ON CRASH EARLY SUNDAY MORNING, JUNE 12TH

Lights Blind Drivers Twelve Miles North Of Stinnett on the Spearman Highway; Both Cars are Demolished

### FIVE OTHERS SERIOUSLY INJURED

One of the worst automobile tragedies ever to happen in this part of the Panhandle occurred at 2:30 a. m. Sunday morning, June 12, when a Perryton and Spearman car met in a head-on collision killing three Perryton youths, severely injuring three other Perryton youths, and injured two Spearman men, one critically. The accident happened on a swinging curve 12 miles north of Stinnett on the Spearman highway. One person died instantly and two others succumbed in a Borger hospital several hours later.

### OKLA. PORT OF ENTRY RULING

OKLA. WHEAT FARMERS TO REGISTER THEIR TRUCKS AT PORT OF ENTRY FOR EXEMPTION

Farmers raising wheat in Oklahoma and desiring to market their grain in Perryton and other Texas points will be interested in a recent ruling by the chief of the Oklahoma Port of Entry. Trucks hauling wheat must register but will be exempt from clearing.

A letter dated June 3 from Bill Ford, Director of the Ports of Entry in Oklahoma, states: "In answer to your letter inquiring as to a method by which farmers hauling their wheat to the market without the border of Oklahoma and into our neighboring states, I am glad to say that we have worked out an arrangement whereby these farmers may register their trucks at a port of entry and receive a windshield sticker that will exempt them from clearing the Ports of Entry, and allow them to proceed with their wheat without driving out of the way to go by Ports of Entry."

Another question pertaining to Oklahoma wheat hauling is answered by Dwight Leonard, Motor License Agent, Beaver, Okla. Mr. Leonard writes, "Entirely separate from the matter considered above, but along the same line, the question has arisen, what will a Texas man with a Texas truck have to do in order to haul wheat in Oklahoma for hire?"

The answer is: he will need to purchase a 30 day Oklahoma Tag which costs one-eighth of the yearly tag. However, a Texas farmer who desires to haul his own wheat to an Oklahoma shipping point may do so, entirely free of any charges whatsoever."

The dead are:

RICHARD FLOYD HAMMONDS, 30 year old farmer, killed instantly. RAYMOND PORTER, 24 years old of Perryton, died in a Borger hospital Sunday night at 7:30 o'clock. Porter, son of George Porter of this city, suffered the loss of the right eye, severe head injury, chest injuries and a broken collar bone. He never regained consciousness.

BENONA JACKSON, 19 years old, son of Mr. and Mrs. C. E. Jackson of Perryton, died at 8:30 o'clock Sunday night at Borger of chest injuries, a fractured jaw and a fractured skull.

Five Others Injured Oscar Murray, 25 years old, son of Mr. and Mrs. L. Murray, Perryton, skull fracture and broken leg. His condition is improved but he is still confined in the Borger hospital. William W. Carpenter, 21 years old, son of Mr. and Mrs. C. E. Carpenter, Perryton, broken nose, head and chest injury and deep cuts. He returned to his home east of the city and is recovering.

## CANADIAN RODEO JULY 2-4

ANVIL PARK RODEO ARRANGE PLANS FOR 16TH ANNUAL ENTERTAINMENT FOR JULY 2-3-4

Canadian, June 16—The 16th edition of the Anvil Park Rodeo, which is to be held here July 2-4, promises to eclipse anything heretofore shown in this enterprising little city.

The prize list has been materially increased which will insure a high class of rodeo contestants, including grand champion bulldoggers, calf ropers, bronc riders, and steer riders. The prize list including the entrance fees will amount to more than seven hundred dollars.

The Beutler Bros. stock has been leased this year, and will be augmented with stock of the local rodeo association. This will insure plenty of spills for ambitious cowboys, who will attempt to board the hurricane deck of equine dynamite.

The rodeo will be held at Anvil Park lake in the cool bottoms of the Canadian River where there is shade, water and an ideal outdoor atmosphere. It is appropriate that the rodeo be held at a place where a one day 4th of July picnic 16 years ago, has grown to a huge three-day show that provides entertainment for thousands of Panhandle people.

In order to provide a speedy program, there has been a change in the chute arrangement at the Park. There will be four chutes for the bucking stock, and one chute for the calves and steers.

After the afternoon entertainment at the park provision has been made to entertain the large crowds by providing dances each night at Canadian's spacious city auditorium.

The various committees have been at work for weeks, trouting out the little difficulties that arise beforehand, and the chairman John Cayce says that everything is ready for the biggest show in the Panhandle.

The Anvil Park rodeo is a community organization made up of the business, professional and cattlemen of this area for the purpose of promulgating the spirit of the frontiersman. It is fitting that it should be held here since the first rodeo in Texas was held at Canadian in the summer of 1888.

The first day of the show, Saturday, July 2 will be known as Old Timers day... those that have been here 45 years or more will be given a badge at the reception headquarters in the City Hall, which will admit them to the rodeo with no charge. This is a courtesy on the part of the committee given the old timers each year.

Mr. and Mrs. T. B. Starkey and Mr. and Mrs. Oran Starkey and son of Wellington were Sunday guests in the home of their daughter and sister, Mrs. W. M. Boston and family. Mrs. T. B. Starkey remained for a few weeks stay, the others returned Sunday evening.

R. A. McMahan out of the Fort Worth office of the Community Public Service, is attending to business in Perryton and expects to be here several weeks.

## International Sunday School Lesson A World-Wide Commission

The International Uniform Sunday School Lesson for June 26 Text: Mark 16:1-8, 14-16, 19, 20

THE open tomb is the triumphant answer to the tragedy of the cross. A revival of faith and hope was struck in the hearts of discouraged disciples by the knowledge that the Master had cheated the cross of its victim, that He was living indeed.

The glory of His resurrection, like the glory of His birth and the glory of that sad hour when His mother stood by the cross, is shared by women. What a remarkable place they occupy in all the beautiful story of the Master's life and death and resurrection—and all this coming out of a time when women had essentially an inferior social place and where, in general, they had little recognition. It is through the faith and courage of the women who went to the tomb and found it open that the disciples are rallied and brought into new faith and service.

And now that Jesus reveals Himself anew to these who had left all and followed Him, He gives them a deep and great commission. He no longer tells them to go into the villages of Galilee and Judea, but He gives them a great and world-wide commission.

There is a vision and purpose that even the discovery of new continents only expands. He said to the disciples, "Go ye into all

the world, and preach the gospel to the whole creation."

There have been great imperialisms in the world, the imperialism of Greece, the imperialism of Rome, the imperialism of later empires; but here is the great imperialism of love, service, and salvation, an imperialism that contemplates the reaching out to the whole world and all creation with the good news concerning God, and with the salvation that is able to transform cursing into blessedness through lifting men from sin into righteousness.

Here on this large and triumphant note we leave the quarter's studies in the life and messages of Jesus, as found in the Book of Mark. It is the climax of all our study and the climax of all our thought and effort. In a sense, also, it is no climax, for when we attain a peak in sight, we see beyond larger peaks to conquer.

From these studies in the life of Christ, we turn back to the history of the early years of Israel. It was the heroic and prophetic life of Israel and its great leaders that prepared the world for the coming of the Messiah. In the study of the Old Testament we find the source and foundation of all that is best in the New.

The Old Testament scriptures were the scriptures that Jesus knew, and in which he was trained in that devout home in Nazareth in which he grew up, increasing in wisdom, and in favor with God and man.

### Given Unique Honor

Gerald Mann Appointed Justice Of Peace While a Student At Harvard Law School

Dallas, Texas, June 13 (Special)—Former Secretary of State, Gerald C. Mann, candidate for attorney general, holds the unique distinction of being the only man who was ever made a justice of the peace for the sole purpose of performing a marriage ceremony.

It happened while Mann was a student at Harvard Law School. At that time he was earning his way through school by acting as pastor of the Union Congregational Church at Magnolia, Mass., a small town some thirty miles from Cambridge.

When he had held this pastorate a few weeks, two youthful members of his small flock decided to get married. Since Mann was their pastor they wanted him to perform the ceremony.

As they discussed wedding plans, Mann recalled that under the law, marriages may be solemnized only by an ordained minister or a justice of the peace. He was neither. He held a lay minister's license in the Methodist Church, but that wasn't enough.

So a request for his appointment as justice of the peace was hurried off to the governor.

In due time, the appointment came through. Mr. Mann was now Justice Mann.

It had come too slowly, however, for the impatient lovers. Unable to wait until the law's slow processes were complete, they had sought another minister.

But it was due to them that the community gained a new justice of the peace—a role which Mann filled whenever called upon to do so during the remainder of time he was in that community.

### Bruised in Crash

Thomas Carpenter, 13, Overturns Car 2 Miles East of Town On Monday Evening, June 13

Thomas Carpenter, 13, was injured Monday evening about 6 o'clock when his car overturned 2 miles east of town. The car belonging to Jim Putman was badly damaged when the boy swerved off the highway to miss a turkey crossing the road.

Young Carpenter driving alone, leaped clear of the car when the door came off and suffered a severe gash in the leg and bruises. The young man employed at the Putman Motor Company was enroute to his home 4 miles east of Perryton. He is the son of Mr. and Mrs. C. E. Carpenter. Passing motorists picked Carpenter up and took him to his home.

Mr. and Mrs. Herbert Sanford, who have been married since Easter, came in Thursday from Oklahoma City and visited until Sunday in the home of his parents, Mr. and Mrs. H. C. Sanford. They left Sunday with Roy Sanford and Andy Reed of Oklahoma City for a two weeks trip to California. They expect to visit with relatives and friends in Los Angeles and see many scenic places.

Mr. and Mrs. D. R. Henry, Pampa, and Mr. and Mrs. Tom Henry and Tomazine of Amarillo, parents and brother and family of Mrs. Castie, spent the week-end visiting with Mr. and Mrs. Virgil Castie and son.

The Gimme Girls Will Get Hugh

In fact, it looks like they've got him! Hugh Herbert is the dippy diplomat and these are just a few of his girl friends in "Gold Diggers in Paris," coming to the Ellis Theatre, Tuesday and Wednesday, June 21-22.

TRIO OF STARS AT MARDI GRAS

20TH CENTURY'S "JOSETTE" STARS SIMONE SIMON, DON AMECHE AND ROBERT YOUNG, JUNE 19-20

It's vive l'amour in naughty New Orleans! It's vive Don Ameche! vive Simone Simon! and vive Robert Young!

Simon! and vive Robert Young! For that matter it will be vive "Josette" in Perryton when this oo-la-la-laughing love escapade by 20th Century-Fox shows at the Ellis Sunday and Monday, June 19-20.

This spicy, tantalizing story is gayer than a Mardi Gras, with these three delightful stars. Don is more romantic than you've known him on screen or radio. Simone is the tantalizing little French coquette. She's got zis! And she's got zat! And Bob is the ardent swain who won't take no for an answer—not even in French!

It all starts gaily on its way when Don and Bob decide that their Papa is too ardently cherishing la femme—Josette. The fact that Simone is innocent of all guile as regards Papa—and that there is another woman in the case—only adds to the merry madness. For Don and Bob pack Papa off on a rtpj and decide to take Josette into their own hands... or arms, as it later develops.

The denouement can not be divulged here, but let it be said that "Josette," merry with its Gordon and Bevel songs, has the kick of a sazarac cocktail!

Three new song hits by Hollywood's ace tunesmiths are featured in the musical background of the film.

Bert Lahr and Joan Davis, sensational new comedy team first seen in "Love and Hisses," head the featured cast of "Josette."

The film is Joan Davis's first since she was voted No 1 comedienne in a New York daily's nation-wide fan poll.

Paul Hurst, William Collier, Sr and Tala Birell are included in the cast.

According to word received from the Hotel Commodore, New York City, Miss Virginia Correll, Perryton, was a guest of the hotel on June 11. Miss Correll is enroute to Acton, Maine, to act as a counselor in a Girls Summer Camp.

Gay Comedy Stars Delightful Cast!

Oo-la-la! Robert Young, Simone Simon and Don Ameche (top, left to right)—three delightful stars in 20th Century-Fox's "Josette," showing at the Ellis Sunday and Monday, June 19-20, the sauciest escapade in the History of Love. And what's sauce for them is sauce for those gosses, Bert Lahr and Joan Davis (lower right).

Love on Parole

George Raft and Sylvia Sidney Co-Star in the Dramatic Smash Hit of the Rackets

The fact that parole laws of many states forbid marriages for paroled persons motivates the new Sylvia Sidney and George Raft picture "You and Me," which shows Thursday and Friday, June 23-24 at the Ellis Theatre.

The two stars, last seen together in "Pick Up," play the roles of young ex-convicts, working for a philanthropic department store owner whose hobby is to give men and women a chance to go straight. Raft, who has served his parole, marries Miss Sidney, still on parole, conceals her past from him because she knows that by probation regulations, she may not marry. And also, she is aware of the fact that Raft is desperately trying to steer clear of anything that will remind him of his gangster days.

When Raft learns of her past he becomes embittered, gives up his struggle to go straight, returns to the "mob," and is saved from another criminal career only by the daring action of Miss Sidney, who

risks another stretch in the "Big House" to save him.

Two favorites of earlier film days, Jack Mulhall and Julia Payne, are cast in small supporting roles in the new picture, which also includes in its cast Warren Hymer, Roscoe Karns, Harry Carey and George E. Stone. Fritz Lang, who directed Miss Sidney in "Pury," directed and produced the new picture.

A Lusty Romance

"Treasure Island" Comes Saturday To Screen to Delight All Lovers of Vivid Adventure

The generations of people both young and old who have been thrilled by "Treasure Island," Robert Louis Stevenson's famous story of pirate adventure, will find the vivid story-book experiences of their youth created on the screen in the picture that shows Saturday, June 18 at the Ellis Theatre, with Wallace Beery and Jackie Cooper in co-starring roles.

Full power of the most widely read fiction book about pirates ever written has been retained in the adaptation by John Lee Mahin. Scenes have been reproduced exactly as described in the book with much of Stevenson's own dialogue between the characters followed to the word.

With Beery as Long John Silver and Jackie Cooper as Jim Hawkins, the adventurer, a cast has been assembled to bring each rover of the Spanish Main to the screen with living reality. Lionel Barrymore's blustering Billy Bones is one of the most entertaining characters he has ever played; Otto Kruger is forceful as Dr. Livesey; Lewis Stone's personal knowledge of sailing ships gives convincing background to his role of Captain Smollett; Nigel Bruce is a ruddy and typically English Squire Treawney; touches of quaint humor are put into the characterization of Ben Gunn, marooned pirate, by Chic Hale.

Also commendable in their minor roles are little Cora Sue Collins, William V. Mong, Charles McNaughton and Dorothy Peterson.

Victor Fleming, noted for the filming of such adventure pictures as "Bend Sinister" and recently "Red Dust," directed the pirate film with rare skill and imagination.

Dr. Powell, Eye, Ear, Nose and Throat specialist, will be at Dr. Kenyon's office, Tuesday, June 21st.

Rhythm in Paris

Rudy Vallee Heads Cast of Gold Diggers in Gay Musical Comedy to Show Here

"Gold Diggers in Paris," the sixth of the famous musical comedy series, will be presented Tuesday and Wednesday, June 21-22 at the Ellis Theatre. Ray Enright and Busby Berkeley directed, and the musical numbers were supplied by tunesmiths Harry Warren, Al Dubin and Johnny Mercer.

Rudy Vallee, crooning maestro of the airwaves, heads the cast and golden-voiced Rosemary Lane is featured opposite him, with Gloria Dickson doing a feminine menace. The Schickelfritz Band a specialty outfit that is taking the country by storm with their goofy antics, take care of the rhythm with Hugh Herbert, Allen Jenkins, Melville Cooper and Mabel Todd in charge of comedy. And then there are the Gold Diggers themselves, as luscious a group of chorines as Hollywood has to offer. Welded together by an hilarious story, "Gold Diggers in Paris" promises the maximum in entertainment value.

### COUNTY COUNCIL

**Mrs. Jack Dodson, Reporter**  
"There is need of cooperation in farm families to make this new farm program a success," stated E. W. Thomas, County Farm Agent, at the meeting of Women's Home Demonstration County Council, Saturday, June 11.

"The farmers are now working wheat insurance and it is hoped that in the future more farm families carry fire insurance," further remarked Mr. Thomas.

The Council voted to have a Ball jar contest in November. Three delegates are being sent to Short Course. Mrs. C. O. Roach, Mrs. J. R. Stump and Mrs. Blansit Carter, with Mrs. Alvin Koehn, as alternate. To balance the budget for the year, each club is asked to pay \$1.00.

The exhibit committee submitted suggestions for displaying canned goods, linens and quilts. A typed copy will be sent to club members.

Time of meeting for council has been changed from 1:30 to 2:00 o'clock until September. Expansion reports are due to the Expansion chairman.

The 4H Sponsor gave a report on the 4H club and announced June 18 was tomato canning contest, June 21 is 4H Encampment at Amarillo. She urged the women to cooperate more with the girls.

Texas is allowed five delegates to London in June, 1939. Mrs. C. O. Roach was nominated from this county. The named are eliminated by districts and sent into A. & M.

Five clubs reported 100 per cent in publicity for May. News stories selected for May were Blodgett, Missouri Ave., Wolf Creek and Waka. A reporters' meeting will be held June 28, 2:00 p. m.

Those present were Mesdames Van Earl Steed, Blansit Carter, Jim Dodson, C. O. Roach, J. R. Stump, Wayne Lovett, Carl Carter, Earl Church, Deta Blodgett, Bradley Lee, Herman Callham, Fred Butler, W. A. Henry, Fred Huston, Dan Sell, Kirt Williams, Orsa Hibbs, Jack Dodson and Miss Wertha Tarter.

### MISSOURI AVE. CLUB

**Mrs. Fred Huston, Reporter**  
"Sponge cakes should not be frosted. The sweetness of the frosting detracts from the delicate flavor which is one of the outstanding values of a sponge cake," stated Miss Wertha Tarter, County Home Demonstration Agent, at the Missouri Avenue club which met in the home of Mrs. C. O. Roach, Wednesday, June 8, at 2:00 p. m.

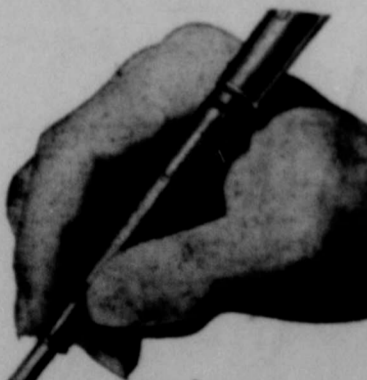

Use a flat egg beater to beat the egg whites for a sponge cake," continued Miss Tarter. "The air beaten into the egg white is the leavening for sponge cake, so they must be beaten gently and quickly and cake baked as soon as the ingredients are mixed."

The hour of meeting was changed from two o'clock to 2:45.

Those present were Mesdames H. J. Wilson, J. D. Copeland, A. W. Henry, F. C. Huston, J. E. Johnson, L. H. Kaup, J. H. Kershaw, Willie Lawrence, Jim Putman, C. O. Roach, J. S. Slaughter, E. W. Witt, W. D. Thompson and Miss Wertha Tarter. Visitors were Mesdames Gertrude Edwards, E. W. Thomas, F. Roach, J. H. Kershaw Sr. and Miss Ruth Huston.

### WAKA CLUB

**Mrs. R. G. Burger, Reporter**  
"In making sponge cakes, always have the eggs at room temperature; two day old eggs are preferable," stated Miss Wertha Tarter at the Waka Home Demonstration Club meeting Tuesday, June 7, at the home of Mrs. John Luthi. When yolk gets into the white of the egg in separating, remove the yolk with the corner of a damp rag.

During the business, it was decided to piece and give a quilt top to the high-point woman in the County Exhibit.

Those present were: Mesdames Marvin Groves, Howard Brillhart, H. N. Elledge, V. E. Steed, J. R. Stump, Fred Butler, and the hostess, Mrs. Luthi. Visitors were Mrs. C. B. Barber and Miss Bonnie Elledge.

### WAKA CLUB WILL MEET ON TUESDAY, JUNE 21

The next meeting of the Waka Home Demonstration Club will be June 21 at 2:00 p. m. in the home of Mrs. Marvin Groves. Visitors are always welcome.

**Beryl Dodson, Reporter**  
"Tomatoes should be firm and uniform in size," stated Miss Wertha Tarter, County Home Demonstration Agent, at the meeting of the 4H County Council on Saturday, June 11.

"Wear washable dresses and hair nets or head bands," further stated Miss Tarter.

The time of the canning contest was announced as June 18, 2:00 p. m. in the courthouse. The exhibit chairman submitted suggestions for canned goods, linens and cakes. A typed copy of these suggestions will be sent to each club member.

The bedrooms will be judged on June 17 and Miss Mashburn will judge for the district on June 20. The district encampment will be in Ama-

### McMILLEN CLUB

**Mrs. Willis Hardy, Reporter**  
"When making sponge cake, be sure there is no fat on the egg beater," stated Miss Wertha Tarter, Home Demonstration Agent, at the McMillen Club meeting held in the home of Mrs. Willis Hardy, Tuesday, June 9, at 2:00 p. m.

"If there is any fat on the egg beater it will make the cake heavy, and it will not have as good a texture. Another important thing in cake baking is to have the heat of your oven at the right temperature," further stated Miss Tarter.

Members present were Mesdames B. L. Barnes, J. L. Flowers, Joe Bryan, Delbert Davis, James Hardy, R. A. Flowers, Harvey Urban, Sam Mc-

### BEDROOM DECORATION HINTS

**LENA MAE WILSON, 4-H DEMONSTRATOR OUTLINES RULES FOR THE IDEAL COMFORT BEDROOM**

"Crisp washable curtains at the bedroom windows give an air of cleanliness and sanitation that is particularly desirable in bedrooms," says Lena Mae Wilson, a 4-H bedroom demonstrator.

The walls of Lena Mae's bedroom are a plain bluish gray. For her curtain, she chose a plain white dimity material with a peach dot here and there to help bring out the color of her walls and to match her bedspread. Lena Mae has the tie back ruffled curtains which do not interfere with the admission of light, air, and sunshine and which gives the desired attractive effect that is suitable for a girl of her age.

Lena Mae has also added a dressing center to her room by making a dresser out of a chiffonier. The chiffonier was cut half into taking off the closet part and leaving the drawers and mirror for the dresser. A closet was added, floors refinished, and the bed dressed up with the addition of more slats, spring cover, mattress protector, and light weight covering. Lena Mae's bedroom will be judged Friday, June 17th, when the county wide 4-H bedroom judging will be done.

### McMILLEN CLUB MEETS THURSDAY, JUNE 23RD

The next meeting of the McMillen Club will be held in the home of Mrs. James Hardy on Thursday, June 23, 2:30 p. m. Members are urged to be present. Visitors welcome.

### ADVANTAGES OF TRENCH SILOS PROVEN BY MANY EXPERIMENTS

Goodwell, Okla.—Trench silos and silage are life insurance for cattle and financial insurance for the Panhandle feeder, says Prof. Warren N. McMillen, head of the Panhandle A. and M. college animal husbandry department, who has conducted various recent experiments with trench silos.

In every section of the country where they have been used, McMillen says, trench silos have proved successful. Texas has over 10,000 trench silos at the present, and Kansas and Nebraska have 6,000 each to lead the list of states in trench silage use.

In an experiment in the Panhandle A. and M. college experimental farm during the past year silage went approximately one-third farther than dry feed from the same acreage, and beef and dairy cattle fed silage were sleeker in appearance and apparently healthier than those fed dry feed.

McMillen lists the following to be

The next meeting of the McMillen Club will be held in the home of Mrs. James Hardy on Thursday, June 23, 2:30 p. m. Members are urged to be present. Visitors welcome.

some of the advantages of silage to the plains farmer:

1. Since silage is not so bulky as dry roughage, it is easier to store.  
2. Silage maintains its palatability and nutritive value with age. It will keep for years in a large percentage of roughages lose a large percentage of their feed value in a year or two.  
3. Silage is much easier to handle in the wind than dry roughage.

4. Silage furnishes succulent feed during seasons of the year when native grasses and weeds or temporary pastures are not available.

5. Silage helps overcome vitamin deficiencies that are exhibiting themselves in reproductive troubles and other difficulties due to lack of green feed for long periods in this region.

The saccharine sorghums such as Amber and Orange cane and non-saccharine sorghums such as hegari, Atlas sargo, feterita, and Kafir make excellent silage for this section, McMillen says. It is necessary that these crops be fully mature before ensiling to prevent their souring, he continued.

Sudan grass, sunflowers and thistles make satisfactory silage. In drought years, Russian thistles, wild sunflowers, soapweed, bear grass, and cactus may be used.

Selection of crops for silage should be based upon the expected yield of the crop. Since all of the sorghums make satisfactory silage, if properly handled, the crop that will yield the greatest tonnage is the most desirable, McMillen concludes.

### A HINT FOR BRIDES

June brides will be grateful for this prescription made by The Progressive Farmer for their hope chests:

Your linens should be bought on the following basis: for each bed, 6 sheets; for each person, 6 bath towels, 6 hand towels, and 4 wash cloths.

### CROQUET

Apparently there are cycles of fashion in game as well as in fashions for the ladies. Just as Gibson girl shirtwaists and sailor hats began a new period of popularity, there is a revival of interest in a game very popular with the Gibson girl of a generation ago. Says the Young Southerner's page of The Progressive Farmer:

"I'm becoming more and more enthusiastic about croquet as a game for farm folks," said Dr. Clarence Poe recently to the young folks' editor. "Every farm yard has plenty of room for it, the equipment doesn't cost much, and all the family can play. I don't know anything from which our own young folks get more pleasure."

## JOHN DEERE MODEL D TRACTOR

In speed, in performance, in all-round dependability, this is the greatest of all John Deere Model D Tractors—a tractor that for more than fourteen years has been outstanding in all those things you look for in a heavy-duty tractor.

It is simplicity itself—there are only two cylinders. This means fewer operating parts—fewer parts to wear—fewer adjustments to make—less upkeep.

This two-cylinder construction means more. It insures the ability to burn low-cost fuel successfully—fuels that save money every working day.

Here is smooth operation, too, on belt and drawbar jobs of all kinds. Here is power—the ability to handle four bottoms in many soils, three bottoms in practically any condition, and similar drawbar and belt jobs. Greater speed, too—a high of 4½ miles per hour with a low of 2½, and an intermediate of 3½ miles per hour.

Investigate this greatest of all John Deere Model D's. Come in.

CHURCHES

CHRISTIAN SCIENCE

"Is the Universe, Including Man, evolved by Atomic Force?" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, June 19.

The Golden Text is: Our help is in the name of the Lord, who made heaven and earth" (Psalms 124:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord hath brought forth our righteousness: come, and let us declare in Zion the work of the Lord our God. He hath made the earth by his power, he hath stretched out the heaven by his understanding" (Jeremiah 51: 10, 15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected" (page 502).

OBITUARY

Richard Floyd Hammonds was born March 25, 1908, near Gray Oklahoma. He moved with his parents to Perryton a number of years ago

where he resided until his death on June 12 at the age of 30 years, 2 months and 21 days.

He leaves to mourn the loss of a son and brother the following: mother, Mrs. Nellie Cone of Perryton; sisters, Mrs. Ruben Schmucker of Plevna, Kansas, Mrs. Alton Sudduth and Mrs. Earl McGarraugh of Perryton; brothers, Johnson Hammonds of Perryton and Alvie Cone of Fort Sill, Oklahoma.

Funeral services were conducted at the Christian Church in Perryton Tuesday at 9:30 a. m. with W. C. Bryan in charge. Beautiful songs were sung by a quartet composed of Mrs. Carl Ellis, Mrs. W. E. Fogiesong,

Mrs. Howard Holt and Mrs. Debs Riley.

Active pallbearers were Buck Henderson, Joe Julison, Arthur Pearson, Harlan Pearson, Johnnie Russell and Ray Halsey. Burial was made in the Blue Mound cemetery.

Out of town relatives attending the funeral were Mr. and Mrs. Ruben Schumucker of Plevna, Kansas, who returned to their home Tuesday, and Alvie Cone of Fort Sill, Oklahoma, who expects to remain until Sunday.

Mrs. Ida O. Rifenberg, Mrs. Verna Stephens and daughter, Miss Aldine Caley, came in last week from Hot Springs, Ark., to look after business

interests here. Mrs. Stephens, who was seriously injured in a car wreck last fall, has been in Hot Springs for several weeks for treatment, and will return for further treatment after harvest.

Mr. and Mrs. H. J. Wilson and son, Harvey, left this week for a two week trip to Los Angeles, Calif., for a visit with relatives. Mrs. Wilson was selected by the local branch of the Townsend Club as delegate to the Townsend Convention to be held in Los Angeles starting June 19.

## WASHINGTON LETTER

### Surplus Commodity Corporation Will Lessen Bumper Crop Difficulties

BY SPECIAL CORRESPONDENT

WASHINGTON.—The threat of bumper crops to the administration's farm program is somewhat lessened by the function of a little known agency, authorized to buy and distribute surpluses, the Federal Surplus Commodity Corporation.

Secretary of Agriculture Henry A. Wallace has recently asked the FSCC, which in 1935 became a bureau of the department he heads, "to make a thorough survey of the situation in each of the 48 states to determine whether additional supplies of farm commodities beyond those now being consumed are needed to keep families of unemployed workers adequately nourished and adequately clothed."

AS in the case of the recently authorized purchase of nearly 125,000 barrels of surplus wheat flour which represents some 575,000 bushels of wheat, FSCC purchases are calculated to assist state relief administrators in supplying the consumer needs of the unemployed, and at the

same time put a wedge under prices that slide off as crop surpluses stack up.

Unannounced, but under consideration, is a plan for FSCC to buy cotton which will be used in comforter covers and bed ticking for distribution to the unemployed on relief. In 1937 the FSCC bought about \$40,500 of cotton fabric when cotton production climbed to an all-time high of 41,000,000 acres.

ALTOGETHER in 1937 FSCC spent over \$15,000,000, mostly on such foodstuffs as apples, beans, oranges, peas, potatoes, prunes, rice, milk, butter and eggs, oats, rice and figs.

Whether or not it will become the policy of FSCC to concentrate its buying power in those quarters where natural elements threaten to upset AAA so-called "balanced economy" cannot be ascertained.

But the corporation is singularly adaptable to the need, which may become urgent, for further control over the agricultural controls already set up.

## WPA PROJECT WORK HALTED

CALICHE WORK TEMPORARILY DISCONTINUED ON HIGHWAY 117 UNTIL AFTER HARVEST ENDS

W. G. Caldwell, county welfare worker, announces that in compliance with the policy of the Works Progress Administration, work has been discontinued on the caliche project on highway 117 to release the men for seasonal occupation. It will remain closed until sufficient men apply for work after harvest to carry on the work which officially closed June 13.

Mr. Caldwell states that the project was opened February 14 to caliche a 4 mile stretch from the Lipscomb county line this way. The work was to be completed by June 30 in accordance with the closing of the government's fiscal year. It is thought by WPA officials that another project will be let for continuing the caliche on toward Perryton.

At the present time 2.1 miles of caliche top has been completed. Slow progress has been made due to inclement weather. Of the amount completed is included a 36 ft. strip across a lake near the county line.

Homer Beck left Tuesday for his home in Sudan, N.M., after spending the week-end in the home of his brother, Clifford Beck.

Mr. and Mrs. J. F. Claybrook and children, G. C. Katheryn and Mrs. George Lynch, Amarillo, spent the week-end visiting with Mrs. Claybrook's mother, Mrs. J. M. North, and her sister, Mrs. Clyde Cofer. They also visited with Mr. Claybrook's parents near Boyd, Okla.

## BENEFITS TO ESTATES

Close relatives or estates of deceased wage earners who have been in employment covered by the Federal old-age insurance program are eligible to file claims for lump-sum benefits. Applications from this city should be directed to the Social Security Board, 1012 Oliver-Eagle Building, Amarillo.

Mrs. George Cutter will receive a quart of PLATT'S ICE CREAM free upon presentation of this advertisement to the Perryton Creamery on Saturday, June 18.

E. E. Barnett made a business trip to Amarillo Tuesday.

T. O. Calhoun left Saturday for Waco, Texas where he will attend a poultry short course. Mr. Calhoun and his brother, Dave, were associated in the baby chick business here this season.

Miss Ouida Brazzil, Rising Star, Texas, is visiting in the home of her uncle and aunt, Rev. and Mrs. T. M. Johnston. She returned home with the Johnstons from Abilene, where they had gone for the graduation services of their sons, Almon and Wilson, from McMurry College.

Ralph Headlee, member of the local staff, left Tuesday on a six weeks leave of absence. He will attend summer school at WTSC, Canyon.

Miss Virginia King left Tuesday for Spearman after a two day visit with Mrs. Pauline Slavin and other friends.

## LOANS FOR FARM BUILDINGS AND FARM REPAIRS

Some definite and authoritative information on securing government loans for building and repairs is offered in these paragraphs from The Progressive Farmer:

Can farmers borrow money from the government to build homes?

In years past readers making such inquiries have been referred to their Federal Land Bank or nearest production credit association with the note that these institutions could make certain restricted types of improvement loans but that in general building loans were not in their field.

Now, under recent amendments to the Federal Housing Act a definite farm building, repair, and improvement loan program is provided. The summary that follows is based on provisions of Title I of the act.

How much can I borrow to build a home?

Up to \$2,500 for new structures. It may be a barn, a home, laying house, silo, or several structures combined.

Can I get money to repair my home? Yes. Repairs, alteration, and improvement loans include such things as a new roof, a new paint job, a plumbing system, new fencing, landscaping, etc. Loans cannot be made for buying equipment that is not actually a part of the property itself.

How much can I get for repairs? For all types of repairs and improvements, not over \$10,000.

What is the interest rate? Total charges, including interest may not exceed 6.69 per cent for new structures, nor more than 9.72 per cent for repair and improvement loans.

How long may a loan run? Not over five years for repairs; not over 10 years for a new building.

How are loans repaid? In regular monthly or seasonal installments, depending on the periods of year when crop or livestock sales are usually made.

Do I get the money from the gov-

## Milking Contest

No Winners Found in Congressional Cow Milking Contest Held in Washington June 9

Declared "a draw" by the referee and two expert dairy farmers, the contest to decide the cow milking championship of the House of Representatives came to a happy end June 9 in the nation's capitol under the glare of a noon-day sun, amid uproarious applause accompanied by the flashing action of many news cameras, motion picture and sound reel machines.

The contesting teams consisted of representative Harold Knutson of St. Cloud, Minn., republican, and Gerald J. Bolesau of Wausau, Wis., progressive, representing the middle west, with Representative Walter M. Pierce of LaGrande, Ore., democrat, and Harry R. Sheppard of Yucaipa, Cal., democrat, defending the prestige of the Pacific Coast.

Representative Marvin Jones of Amarillo, Texas, chairman of the House Committee on Agriculture, acted as referee, with Ben H. Welby of Waynesboro, Pa., president of the Inter-State Milk Producers Cooperative and Frank S. Walker of Orange, Va., president of the Maryland and Virginia Milk Producers Ass'n, serving as judges.

The contest was staged under the auspices of the National Cooperative Milk Producers' Federation to inaugurate National Dairy Month. For the next four weeks extra pressure to move dairy products into consumption will be exerted by more than 200,000 retail grocery stores, 3,000 drug stores, 3,000 variety stores and approximately 4,000 wholesale and retail milk distributors.

erment? No. Thousands of banks and other institutions approved by the government actually make the loans. If you don't know of such an institution near you write the Federal Housing Administration, Washington, D. C.

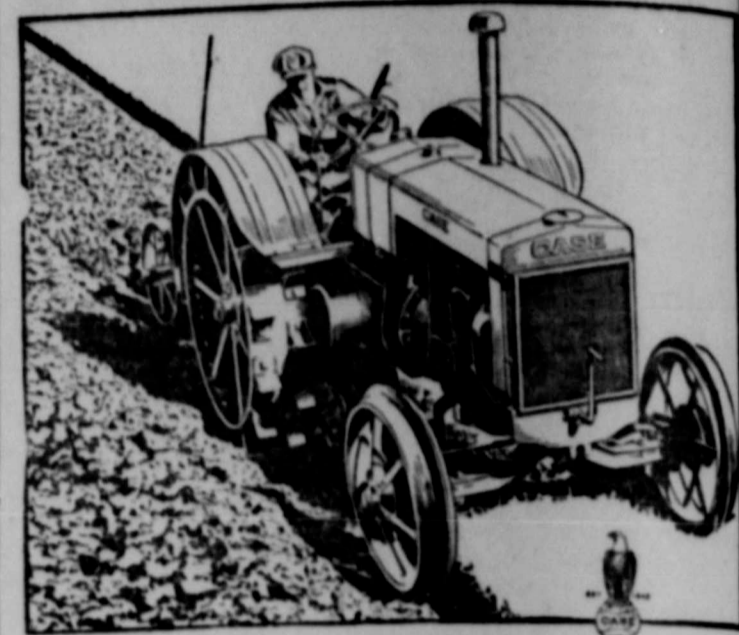

Mrs. Jennie Karau and Mrs. J. E. George, Liberal, Kans. were Sunday visitors in the C. E. Woods home.

## 4-H GIRLS TO AMARILLO 21ST

APPROXIMATELY 50 GIRLS TO MAKE EDUCATIONAL TOUR OF AMARILLO POINTS OF INTEREST

The Ochiltree county 4-H Club girls of District 1 will go to Amarillo Tuesday, June 21 for the first educational tour to be made by that group. Miss Wertha Tarter, home demonstration agent, announces that approximately 50 girls will make the trip in two trucks. The group will leave the courthouse at 5:30 a. m. in order to reach Amarillo by 9 a. m. Arrangements have been made for the children to visit the following points of interest: helium plant, west on highway 66; Presbyterian church to see grounds; meet in auditorium where they will hear talks by Gene Howe, publisher, Globe News, Mayor Ross Rogers and O. L. Taylor, secretary of Tri-State Fair, and Elmwood Park.

In the afternoon the program will include a visit to the Herring Hotel, Borden's Creamery and a tour of the residential section.

The one day tour will be closed in the evening with the return to Perryton by the party.

Mr. and Mrs. Marvin Reeves, and children, Wendel and Adeline, Boise City, Okla., were week-end guests in the home of his sister, Mrs. Claud Allen and family. Claud Jr. returned home with Wendel and Adeline remained for a weeks stay with Jo Layne.

McClellan Chevrolet Co. of Spearman To Sell Cultivators and Dammers in this County

Bill McClellan, manager of the McClellan Chevrolet Co., Spearman, was in Perryton the first of this week making arrangements for a dealer to handle two farm tillage machines that he has recently closed a contract for a several county distributorship. Mr. McClellan states that they will have these machines on display in Perryton this week and that they hope to be able to announce their Perryton dealer within the next few days.

One of the machines is the famous Hoeme field cultivator made at Hooker, Oklahoma. A large number of these machines are now in use in Ochiltree county, having been purchased direct from the factory. The other machine is the Western disc dammer, a low cost damming tool that can be attached to any one-way plow.

Mr. and Mrs. Garnet Smith and daughter, Barbara June, have moved here from Woodward, Okla. Mr. Smith, a brother of E. L. Smith is employed at the Farmers Cooperative Society.

Ralph Adams received word Monday of the death of his aunt, Mrs. Fred Crasser, Alva, Okla. Mrs. Adams and daughters, Patay and Jacklyn, who had been visiting in Alva for ten days, were enroute home at the time. Mr. Adams accompanied by his brother, Gail, of McLean, and his sister Mrs. Pat Davis of Amarillo, left Tuesday morning to attend the funeral services.

They had as special guests the employees of the Oklahoma Electric and Water Company from the towns of Guymon, Spearman and Beaver. This district is supervised by Spearman, Booker, Polk, Durawett, Higgins and Perryton. C. E. Whippo is division superintendent.

In the morning, a safety meeting was held at the local power plant. Demonstrations were held by R. H. Mills and W. J. Millican, out of the general office, Fort Worth.

## Berry Nuptials

The marriage of Miss Neta Berry and T. Correll Jr. was quietly solemnized at Spearman, Sunday evening, June 12, with the Methodist church officiating.

The bride is the youngest daughter of Mr. P. M. Berry of Waka and made her home in that community a number of years, graduating from the Waka high school. At present she is employed at the Perryton and will continue her work through the summer.

The bridegroom, son of Attorney Mrs. R. T. Correll, has spent his entire life in this county. Since graduating from the Perryton high school, he has been associated with his grandfather, E. L. Whippo, in farming.

After harvest, the young couple will live at their many friends at the Correll farm, south of Waka.

## at Beaver

Miss Bess Schollenbarger became the bride of Mr. Wilson Hibler, Saturday evening, June 11, at a very beautiful wedding, which took place at the Christian parsonage in Beaver, Okla.

Miss Hibler is a daughter of Mr. Mrs. J. N. Schollenbarger of this town where she has grown to womanhood. After completing her high school work in Perryton, she attended P. A. M. C. Goodwell, Okla. and the past two years has followed the teaching profession.

Mr. Hibler makes his home with his parents at Goodwell, where he attended his high school education and later attended college. He is employed in the Arnett, Okla. school system. Both Mr. and Mrs. Hibler are members of P. A. M. C. this summer.

## Guests

Mr. and Mrs. W. R. Cayler had their guests for Sunday dinner at their home, J. W. Cayler, Balko, Okla.; Mr. and Mrs. J. H. Woodrow of Plainview; Mr. and Mrs. J. T. Outhrie; her mother and family, Mr. and Mrs. Osterburh and Gene of Enid.

## Anniversary

Mr. and Mrs. Frank Wolff celebrated their silver wedding anniversary on Sunday, June 12, and their relatives surprised them on the happy occasion.

The celebration began at the church where all assembled and Rev. H. M. Daeser held a beautiful service fitting the occasion. A lovely framed silver crown presented the honorees by the congregation at the close of the service.

Friends and relatives gathered at the Wolff home and enjoyed a beautiful dinner, served buffet style. The honorees received a number of lovely gifts. Several relatives presented them with a china dinner set. Ladies of the Lutheran congregation gave them a beautiful silver set.

At a late hour, the guests departed, leaving the honorees many more years together.

## Honored With Dinner

Complimenting Mrs. Alvis R. Kennedy of Childress, who visited here last week, Miss Helen May had guests in for an attractive and appetizing seven o'clock dinner, Thursday evening, at the May home, 122 Southwest Fourth avenue. Each guest brought the honoree, who before her recent marriage was Miss Doris Cofer, a personal gift.

Places were marked for Miss Myrtle Dowers, Miss June Phelps, Miss Ruth Sharpe, Miss Ruth Ann Shearer, Miss Virginia Holland, Miss Sylvia Apple, Mrs. Kermit Johnson, Mrs. Paul Brickley, Mrs. Kennedy and the hostess.

#### GREYS UNABLE TO SCORE IN HOME HALF OF INNING AFTER GETTING A MAN ON BASE

In a strenuous full ten innings the Dalhart entry in the Dust Bowl league turned the Perryton Greys back last Sunday on Flowers Field here with a 3-2 score.

Gill started the last inning for the visitors with a hard bouncer to Riley at second but was thrown out at first. Adams filed out to Young in leftfield for the second out, making it look encouraging to the local boys but—there was some more to the last paragraph of that chapter. Barbour beat out an infield hit to Richardson at first. Koehler came up and hit safely to centerfield advancing Barbour to third, and Kelso put the frosting on when he singled to leftfield scoring Barbour. Piorott sent a healthy one to rightfield but it was sacked to retire the side.

Tom Riley, first up for the Greys in their half of the inning, boosted the value of Perryton's stock by lifting one to the leftfield to get on first—and there he stayed while the rest of the inning was being played, fouled out to Piorott at third and Young air-conditioned his bat on a third strike to end the game.

The whole game was more or less a pitcher's battle, each of the moundmen getting four strikeouts, and each allowing eight hits.

Dalhart started the scoring when they ran in a score in their half of the third inning. They repeated for one in the fourth, and won the game in the tenth. Perryton ran two men across the plate in the fourth for their total scoring.

Errors were limited, and it so happened that they were not costly ones—Dalhart being chalked up with six and Perryton making two.

"Lefty" Blair, employed through the LaMaster Realty Company of office made his debut as a Perryton hurler. While his control was poor, and he was placed in two or three tough spots, he and his mates came out of them without serious damage. Peculiarly he gave his three free passes to one man. Gill, for the visitors, issued no free tickets to the Greys.

#### PERRYTON GREYS WILL GO TO SUNRAY SUNDAY

The next scheduled game for the Perryton Greys in the Dust Bowl league will occur next Sunday when they go to Sunray. The locals have won one game from the Sunray team played here May 29 with a score of 4-3. They hope to repeat and raise their standing in the league.

## Indians' New Found Spirit Makes Tribe Team to Beat in American League Race

BY IRVING DIX

SOME of the experts still can't figure them out—the Cleveland Indians, we mean.

Based on previous Indian performances, the Tribe should begin to fold up just about at this time, after a hot, early season start, and slip into its customary slump. A slump which usually results in the club winding up somewhere near the bottom of the first division, and nowhere in sight of a pennant.

Not so this year. The Indians are on the war path, and there are plenty of signs on the baseball trail which point to them as the team to beat in the American League, and NOT the New York Yankees, as has been the case for these many years.

A good explanation of the new Indian threat may be in Oscar Vitt, the little pepper box who came from Newark to become the Tribal chief. There's no chance to lag with Vitt on the job, and the Redskins know it.

THE vital gentleman who led Newark to an International League pennant by a margin of 25½ games keeps his club in line like no Cleveland pilot has done since Tris Speaker. He demands—and gets—improvement in his club every day.

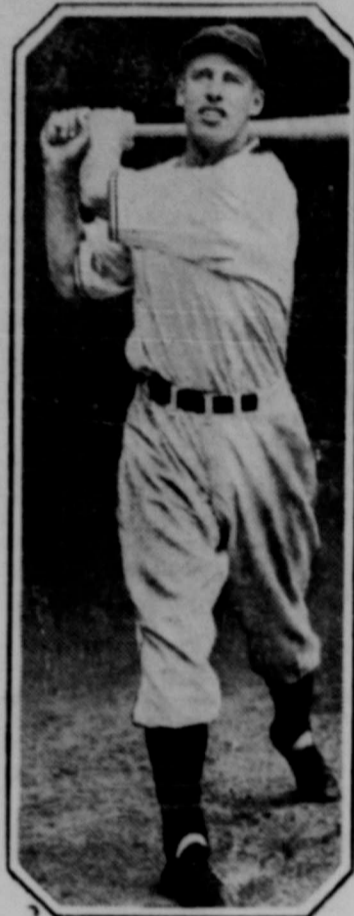

There are a few tangible reasons, however, why Cleveland is bouncing along at a merry clip. One of them is Ken Keltner, the rookie up from Milwaukee who undoubtedly is the star freshman of the year. Keltner's play at third base has been nothing short of sensational; his hitting belongs in the same class.

No one ever suspected he was a power hitter, but the way he's blasting out round-trippers proves the youngster had more than the Cleveland scouts knew about.

Some observers go so far as to say Keltner is the one most responsible for Cleveland's suc-

Experts give much of the credit for Cleveland's success to the Tribe's new manager, Oscar Vitt, above, who has made Hal Trosky, right, one of the most feared hitters in the league.

Big Hal Trosky is another cog in the main works. The hard-hitting first sacker is having the best year of his career, and if he doesn't suffer a slump will find himself the American League batting champion when October rolls around.

AND here again may be seen traces of Vitt's handiwork. Ol' Os took Trosky aside this spring and informed him he'd have to learn to hit to all fields, instead of swinging for home runs. Trosky learned, all right, causing great sorrow among the loop's pitchers.

Speaking of pitchers, Cleve-

land's mound corps, headed by Johnny Allen, Bob Feller, Mel Harder and Denny Galehouse, is the strongest in the American League.

Vitt and the Indians don't need much more. They've got terrific hitting, great pitching, and a new spirit of competition.

And they refused to fold up on their eastern road trips as in yesteryear.

It's still a little early to say, but all these things might combine to spell "championship" for the Tribe.

### GUYMON WINS THIRD START

Guymon, Okla.—Gus Rockway's team of this city won its third game in the Dust Bowl league Sunday when they defeated the Liberal Harvesters here with a 4 to 2 score. Every member of the team played good, steady baseball, and as the season progresses we look for them to win some close games. They are hard players and good losers.

During the eight innings he worked, Herbert Schroeder fanned seventeen men. This boy has a wonderful delivery, and we look for him

to win his share of the games for the Guymon team this year. Mike McCoy relieved him in the ninth, and delivered in the fine old McCoy style.

Bolo Valdez chalked up many outs by catching high pop-ups in the vicinity of home plate. He becomes faster each game he catches. Bill Mayfield knocked one that was so hot it couldn't be handled by the Liberal first basemen, and old Bill was safe at first.

Lefty Dickerson smashed out one of the most unusual home runs we have ever seen. The ball went like a bullet, just skimming the ground about one foot inside of

### MILTON SCOTT DIES AT RANCH HOME ON JUNE 10

A large crowd was in attendance at funeral services for Milton Linvey Scott, 75 years old, prominent retired ranchman who died at his ranch home northwest of Higgins last Friday. The services were held Sunday at Lipscomb. Mr. Scott had been in ill health for many months and had just returned from a vacation at Mineral Wells when he was stricken with a heart attack.

### Born in Kentucky in 1862 Scott moved to Texas 12 years ago. He was married to Lula M. Scott in 1890 and they established their home on the ranch in Comanche County in 1902. Mrs. Scott died in 1926.

Surviving him are four daughters and six sons.

**Vacation Advice**

**State Health Department Advises Vaccination for Typhoid And Protection in Summer**

Austin, Texas, June 16.—No matter how busy you are just now planning your vacation, looking up road maps, camping sites and equipment stored since last summer, Dr. Geo. W. Cox, State Health Officer, advises all Texans to add one extra item to their list of things to do before vacation starts.

The advice: "If you have not been vaccinated against typhoid fever within the last year or two, go to your family physician and have him give you the three 'shots' that will protect you against the disease. It takes several weeks for the protection treatment to establish itself throughout the system, so it is an undue risk to wait until just before starting your vacation to attend to typhoid vaccination. Begin the treatment without further delay," Dr. Cox admonished.

"Typhoid fever is much less of a menace than it was a number of years ago. But it still is the cause of much unnecessary sickness. Typhoid fever is contracted through the mouth. You either eat or drink the germs. Typhoid is transmittable through the use of water, milk or other foods that are contaminated by typhoid germs passed on by someone ill with the disease or someone who has had the disease.

"Vigilant protection of public and private water supplies from pollution, pasteurization of milk, protection of food supplies from contamination and such sanitary precautions have reduced greatly the incidence of typhoid fever in Texas.

"But there are certain other sources of danger that cannot be reached by public precautionary measures. Certain persons who have had typhoid fever continue to pass the germs that cause the disease long after they have recovered from the illness—these persons are called typhoid 'carriers.' When they are careless in their personal habits they are likely to leave typhoid germs on any food they touch. In recent years some of the more serious outbreaks of typhoid over the state have been due to careless carriers.

"There are other sources of typhoid: a stream or spring along the highway may be clear and sparkling but there is no guarantee the water is free from contamination. Milk may be a source of danger. If unsure of the safety of your milk or water supply, it is a good health practice to always boil them before using. The Texas State Department of Health can warn you against sources of infection—but vaccination is the only safe way against contraction.

**Poultry "Blackhead"**

**Sanitation Prevents Losses From Blackhead Among Turkeys And Chickens in Summer**

Stillwater, Ok., June 14 (Special)—A few years ago the turkey-growing industry was threatened by blackhead. Since the cause has become better understood, the disease is largely preventable through the application of sanitary measures. It is reported to H. G. Ware, Extension poultry specialist, Oklahoma A. and M. College, by turkey flock demonstrators.

Blackhead is a parasitic disease that affects, principally, young turkeys in the early summer and late fall. It may also cause losses among chickens and older turkeys. The term "blackhead" has been applied because of the common discoloration of the head of the bird that dies of the disease. However, this symptom is seen also in other diseases, and does not always occur in blackhead. The most common symptoms are sulphur-colored, foamy droppings, droopiness, loss of appetite, and an invariable loss of weight.

Many turkey breeders now rear their poults artificially in order to prevent losses from blackhead. They keep the poults first in coops and runs that can be easily cleaned, and later on pasture that is known not to have been ranged on by turkeys. Any turkeys which show symptoms of disease are promptly removed and isolated, and those which have died are promptly buried.

Chickens may contract the disease, says Ware, but they usually recover and remain as carriers of the organisms which are discharged in their droppings. These organisms may infect other birds if picked up in contaminated feed or water and, as young turkeys are especially susceptible, they should never be allowed to run with chickens. It is a dangerous practice even to fertilize with chicken manure the ground on which turkeys are allowed to range, as they may pick up the organisms in sufficient numbers to cause serious losses.

# What Do You Mean— GOOD OLD DAYS ?

Your grandmother probably lived in a house like this. Perhaps you had many a good time there as a child. But would you want to go back to grandmother's house—to live there **now**!

The "good old days" were **not** good; nor were they easy. They were crude, inconvenient and uncomfortable. They were marked by a life that may have been satisfying to those who lived it, but scarcely broadening, hygienic or entertaining.

**Good Old Days?** The town's richest family lacked the safeguards and conveniences we all now take for granted: electric fans, adequate refrigeration, reliable drug products that the doctor can prescribe with safety, cheap telephone service, day and night, nationally known dependable packaged foods, automatic central heating, chic popular-priced apparel, and that glory of American art, the modern bathroom!

Many things have made these blessings possible—inventive genius, plentiful capital and that insatiable desire for "something better" so peculiar to Americans. But only one thing has made them available to **everybody**, north and south, city and country, banker and workingman alike: **Low cost manufacture and distribution created by advertising.**

When you look at the ads in this newspaper today consider this fact: All over the country millions of other informed men and women are reading ads in their own local newspapers, checking values very similar to those being offered you by Her-

ald advertisers. They are visiting their own local stores . . . they are viewing and selecting stylish clothes, tasteful furniture, smart shoes, delicious food products and many, many other things, all having the same high quality as those you, yourself, buy!

And it is this uniform, nationwide demand, created and fostered by newspaper advertising that has made it possible for you to buy these luxurious necessities at the low popular prices everyone can afford to pay.

Consider this, too! Grandmother had to be a shrewd trader. **Not every merchant was trustworthy in her time.** But because newspaper advertising is universally accepted and believed it has actually brought about higher standards of buying and selling. Long ago advertisers discovered that unless their goods were "as advertised" they could not hold public confidence and stay in business. In this way newspaper advertising protects every man and woman who buys. Today the watchwords of every advertising merchant are "Dependability and Service . . . First, Last and All the Time."

Do you want proof? Then check every ad in today's Herald! You will find that every item advertised is a real value calculated to make your buying dollar go farther. More important, when you purchase any article advertised in the Herald you will find back of it a real pledge of dependability; dependability that your grandmother often sighed for but seldom found.

## CLASS ENROLLS MANY STUDENTS

**TWENTY-SIX GIRLS DO HOME PROJECT WORK AND WILL RECEIVE CREDIT IN HOME MAKING**

All plans are completed and projects are well under way in the Summer Project Work being done by girls of the Homemaking Department of Perryton High School.

Each girl, who successfully completes her project, will receive one-half credit equal in value to one semester's work done during the regular term of school. This work is under the direction of Mrs. W. P. Haggard, instructor in the Homemaking of the Perryton schools.

On Thursday of each week, classes are conducted at the schoolhouse. Mrs. Haggard must visit each student twice during the month to inspect her project. Mondays and Fridays, Mrs. Haggard inspects the projects of girls living in the country. On Wednesday's she visits the girls in Perryton. To date, Mrs. Haggard has driven over 500 miles in the country inspecting the work of girls enrolled in this summer course. Forty girls enrolled when the class was organized in May.

The projects consist of various phases of Homemaking. Some are doing gardening and yard beautification work. While others are doing various clothing problems. Several have selected problems in management. Each girl selected work suitable for her situation.

Twenty six girls have successfully met the requirements of the course up to the present time. These are: Kathleen Allen, Virginia Barker, Clarine Buller, Audrey Brannon, Marie Carlson, Hazel Cook, Eula Copeland, Letha Corbin, Beryl Dodson, Francis Mae Dodson, Margaret Drake, Mildred Drake, Lois Flowers, Ruby Mae Hardy, Avanelle Hill, Bernice Holland, Wilma Holland, Virginia Hogland, Paye Delle Johnson, Billie Keim, Neva Morris, Mary Ellen Newman, Margaret Mary Fletcher, Nell Scroggs, Doris Mae Wagnon and Glenna Williams.

## For Texas Judge

**JUDGE HARRY N. GRAVES**

Judge Harry N. Graves of Williamson County today made formal announcement of his candidacy for Judge of the Court of Criminal Appeals of Texas.

Judge Graves succeeded the lamented Judge O. S. Lattimore on this Court and now seeks the Democratic nomination for the unexpired term. He has served with distinction upon the Court after many years in other fields of public service and after more than thirty years in the active practice of the law in this State.

"I feel impelled by duty to remain on the Court until the end of the present term and therefore will be unable to make a personal campaign throughout the State. I shall deeply appreciate the efforts of those citizens who feel that my record in public and private life merits continuing my service upon the Court," Judge Graves stated.

of the Perryton car stated that Ben Jackson was driving at the time and that each driver was apparently blinded by the oncoming lights. Carpenter remembered watching the approaching car as it rounded the curve and remembered nothing else. The accident seemed to be unavoidable.

**Rushed to Hospital**  
W. T. Hunt of Perrion, accompanied by Mrs. Hunt and Lew Rayburn, returning from Berger where they had been visiting with friends were the first on the scene. With the aid of other passing motorists the group rushed the injured to a Berger hospital.

When interviewed in Perryton Mr. Hunt stated, "It was the worst sight I have ever seen. When we came upon the scene the cars were twisted masses of wreckage. All occupants were unconscious, with Barclay, Carpenter and Murray thrown clear of the car about 15 feet. Hammond, Porter and Jackson were half in and half out of the Perryton car. Womble and Patterson were both inside their car. Blood was everywhere."

Funeral rites were held for Raymond Porter at the Nazarene Church Monday afternoon; Floyd Hammonds at the Christian Church Tuesday morning; Ben Jackson at the Baptist Church Tuesday afternoon. The O. R. Wilson Funeral Home was in charge of the arrangements.

of the Texas Route. Vice Presidents and directors from the three northern states, Nebraska and the Dakotas were named.

W. B. LaMaster of this city, for the past year traveling secretary of the association, was reelected. Addison Cutler of Perryton has been appointed secretary of the association by President Shindler.

## Journalism Graduate

Dave Shanks Jr. Graduates From Missouri University Department Journalism

Dave Shanks Jr., son of County Judge and Mrs. Dave Shanks, graduated from the School of Journalism of the University of Missouri last week. There were 180 graduates. In the class, Dave, after attending Texas Tech at Lubbock for two years transferred to the Columbia, Mo. college, where he has been a student for the past two years.

Dave is now visiting in the home of his parents. He has a number of openings available for newspaper work but has not accepted any definite proposition.

Mr. and Mrs. J. H. Jines went to Las Animas, Colorado, last week to take Mrs. W. J. Spencer, sister of Mrs. Jines back to her home. Mrs. Spencer has been visiting with them for the past week.

## HOPPER BATTLE PROGRESS MADE

**MANY FARMERS REPORT FINE RESULTS FROM POISON IN PARTS OF COUNTY; RAIN RETARDS SOME AREAS**

The grasshopper poisoning campaign is proceeding satisfactorily in the county. To date 173,000 pounds of wet poison mash has been distributed. This is approximately 85 per cent as much as was distributed the entire season of 1937. Fine results are being reported by many farmers, although others have failed to secure good results due to rains falling and washing away the poison.

J. W. Moore, Jr. of Notia community had a field of wheat adjacent to pasture land in which hoppers had scattered over 30 or 40 acres of wheat and were present in sufficient numbers to destroy the wheat before harvest. By scattering poison at the rate of about 15 pounds of wet mash per acre, on the wheat land and about 100 yards over in the pasture the hoppers were destroyed almost entirely on the wheat land and on the strip of pasture land so there is very little danger of any damage to the wheat.

So far the black wing migratory hopper has not been found in any considerable number in the county. Farmers are cautioned however, to be on the alert especially on the pasture lands for this variety of hopper which moves about in bands until wings are developed and they take flight to either near by or distant fields. Control of this species is accomplished only by discovering the bands and poisoning before the hoppers develop wings.

Residents of Perryton are again urged to secure and apply the poison on the premises. The small amounts necessary may be secured by going direct to the Donley Building. Sacks or other containers must be furnished by the purchaser.

## NO. 4-Continued From Front Page

people of the Canyon community. This machine will probably save many a swimmer's life this summer.

**Charles Lee Bryson**, managing editor of the Lions, the official magazine of the Lions Clubs, recently popped-off in the Editor and Publisher calling the average reporter of today ignorant of the basic rules of English grammar. Well we are not so sure that the average reporter knows a lot about English grammar, but we are pretty sure that we know a lot of average reporters that could make a great improvement on the Lions magazine without much effort. Every time we read a copy of the magazine, it reminds us of an old fashioned testimonial revival meeting. Bryson's article was fine but his magazine is lousy.

We've heard of some political mud-slinging by adherents of William McCraw, present Texas attorney-general and a candidate for governor against Ernest O. Thompson, blaming him for the present inactivity in the case in which the City of Perryton seeks a reduction in the natural gas rates of the Public Service Corporation.

From what we can ascertain, the Texas Railroad Commission has done everything possible to uphold this rate reduction and the

case is now back in court with the future prosecution of the case in the hands of the attorney-general's office, so it appears to us that if any mud-slinging is in order, then McCraw and his office should be the target and not Ernest Thompson or C. V. Terrell of the railroad commission.

Mayor C. E. Forbes, in a conference with the members of the Ochiltree County Planning Commission and a number of business men on Monday evening, brought up the question of planning a WPA project to curb and gutter a number of unpaved city streets and possibly hard surface same with caliche base and a low cost black topping. The planning commission indicated that they would give their approval to such a project when plans and details were prepared and submitted.

At this conference Mayor Forbes asked for suggestions from those present as to possible projects under the new PWA government spending program by which the federal government makes an outright grant of 45 per cent of the cost of any public improvement and will loan the remaining 55 per cent of the cost on bonds bearing four per cent.

A possible and much needed project for the city would be the erection of a municipal auditorium with quarters for the city administrative offices and the fire and water department. If the city could dispose of the present city hall, the proceeds could be applied on the city's 55 per cent of the cost. It was also suggested that in case the city did consider an auditorium, that it might be possible for a deal to be made with the American Legion whereby the Legion site would be obtained for a city building and permanent quarters for the Legion be provided in the new building.

Another possible project mentioned was the improvement of the Ochiltree county fair lands. A part of this site is now occupied by the CCC camp. There has been much talk recently about the building of a suitable plant for the holding of rodeos, races, pageants, fairs, exhibits, football, baseball and other athletic contests. Such a project could be sponsored by the county and by designating same as a county park, it could be supported in part from county funds. Ochiltree county needs such a plant and with a water system, it could soon have shade trees and grassy lawns available for many affairs.

## To Amarillo Meeting

Mrs. A. K. Wooten, Sewing Room Supervisor Attends Called Meeting, Thursday, June 9

Mrs. A. K. Wooten, supervisor of the local WPA sewing room, attended a called meeting of all supervisors in district 16 at Amarillo, Thursday, June 9. Supervisors were present from each of the 28 counties included in this district.

A general school of instruction was held under the direction of Mrs. Albert Walker of Amarillo, district supervisor, on the different phases of the sewing work. Teaching instructions were given as to how to train unskilled workers into skilled seamstresses.

Greeting cards with class at Stewart's.

## METHODISTS IN MEETING HERE

**LOCAL MISSIONARY EXPECTING MANY VISITORS AT MEETING OPENING HERE THIS MORNING**

The district meeting of Women's Missionary Societies of the Methodist Churches will convene at the Perryton Church at 10:30 this morning. This will be an all day meeting, with the local Society serving lunch to the visitors at noon. Mrs. T. M. Johnston, new District Secretary, will preside and be in charge.

Delegations are expected from every church in the district, and plans are being made to entertain 150.

# Hoeme Field Cultivators

Many Ochiltree County Users

Ask The Man That Owns A 'Hoeme'

We have recently taken over the distributorship for the famous HOEME FIELD CULTIVATOR made at Hooker, Oklahoma, for the counties of Harford and Ochiltree.

This is the all-purpose field cultivator that is proving so valuable in the fight to conserve moisture and prevent wind erosion. A number of the leading farmers of Ochiltree county have been using these cultivators for the past year and they recommend their use.

This universal machine is being used for chiseling, deep plowing, furrowing, etc. It will use shovels, sweeps, list furrows and is approved for government soil conservation. We ask that you consult with those who own a "HOEME" for proof of its adaptability for use in this area.

## On Display In Perryton

These machines will be placed on display in Perryton this week and we also hope to be able to announce soon the appointment of a dealer for Perryton and vicinity.

## WESTERN DISC DAMMER

We have a limited supply of the Western Disc Dammer for attachment to any one-way plow. This dammer has been approved by many counties for soil conservation use. It will absolutely eliminate side draft and does not catch weeds. No increase in power necessary.

Use soil and moisture conserving tools. If you are able to hold the moisture this fall, it may mean the difference between production and failure... wheat pasture or no income from grazing.
