Only Ten Days Left In Courier 25c Bar- gain Rate Campaign

With only ten days left of the Courier subscription campaign, it is high time you were getting busy and sending in that subscription if you want to receive the Courier another year for the special bargain rate of 25c for one year. This extremely low rate is available only to residents of Dawson and adjoining counties and will be withdrawn on December 5th, after which you will have to pay the regular rate for the paper.

Already most of those whose subscription is out or will be out this year have taken advantage of the special rate, but a few are left and we don't want to cut them off the list when their present subscription expires, but Uncle Sam says that newspapers must be paid for in advance and we are trying to obey that rule.

If you think it will be impossible to get to Lamesa before this bargain rate is taken off, just mail your two-bits to the Courier, Lamesa, Texas, with your name and address and we will see that you receive the Courier for one year. And you will be glad you did, for we are going to give you the best paper you ever read for 25c a year.

The honor roll the past week included:

Lamesa Schools Close Thursday and Friday

The Lamesa schools will close for Thursday and Friday of this week for the Thanksgiving holiday and State Teachers Association which meets this week end at Fort Worth. The session is expected to be attended by twelve to fifteen thousand teachers to hear lectures by nationally famous educators.

School Application For Clerks Granted

The Works Progress Administration has granted Lamesa Public School's application for a library project for four junior clerks. These have been placed on the job to serve the pupils of the public schools through the libraries. Representatives of the Big Spring office set up the work here on last Monday.

NOTICE TO ADVERTISERS

The Courier will be published a day early next week in order that it may be delivered to the readers before the Santa Claus parade to be held in Lamesa Friday afternoon. This will give the cooperating merchants an opportunity to tell the readers of their Christmas merchandise and invite them in to look at their stocks while attending the parade and window unveiling. The merchants will assist us in giving better service to them and the subscribers if they will prepare their copy a little early for the coming issue.

Lamesa Wins From Roby In Last Minute

A pitifully small crowd of loyal fans made their way to the McCollum stadium last Friday afternoon and were rewarded with one of the most interesting football games of the season when the Tornados took the game from Roby by the score of 6 to 0.

This is the third game this season in which the Tornados played and the score resulted 6-0. Twice Lamesa was on the long end of the score and once Roby was the team to get the six points. But this game Friday had the added thrill of the last minute rally. After seeing up and down the field for almost four quarters, the Lamesa boys finally started a drive when Roby fumbled the ball on the Lamesa 35-yard line, with a pass from Bridgeman to Jones good for 20 yards and a first on Roby's 45 yard line. A lateral lost 5 yards but Bridgeman picked up 11 in two plays and then Jones went through for 10 to make the first down. After two line plays made 4 and a pass was incomplete, another pass from Bridgeman to Jones put the ball within the Roby ten yard stripe and Bridgeman went through on the next play for a touchdown. The try for goal by Finley failed and the score was 6 to 0. The game was so near over that only three plays were made after the kickoff by Lamesa, and another game was won by the Tornados.

This gives the Tornados a record of seven wins in nine games and a total of 129 points against a total of 26 for their opponents, which we maintain is a record of which the Lamesa fans may well be proud.

WINNERS THIS WEEK

I like the Dawson County Courier because of its cleanliness and impartiality shown all people. It is edited in a modern way. Takes only a small space to tell a lot of news.

It contains city, rural, sports and club news, also bargains which our merchants have to offer. Is a wonderful little county paper within reach of all.

Mrs. W. P. Stovall, Motor Route B, Lamesa, Texas.

I like the Dawson County Courier because of the policy of its editors. This policy, it seems to me, is to publish the best county paper possible, with no leanings toward sensational nor controversial issues.

The complete account of the activities of my local friends and acquaintances represent this policy.

Harold Vaughn, Lamesa, Texas.

1200 to Participate In Boy Scout Circus

Twelve hundred performers—Boy Scouts and cubs from the South Plains Area council—will be presented Friday and Saturday nights at Texas Tech Gym, Lubbock, in the first annual Boy Scout circus of the area.

The participants will be from 28 towns and communities in the council and from Lubbock. Approximately 400 leaders are assisting.

Leading to the initial performance at 8 o'clock Friday night, scouts are to perfect their acts during the week and gather at the gym Friday morning at 10 o'clock for a final rehearsal.

At 4 o'clock in the afternoon, the entire scout and cub membership of the area will parade through the Lubbock business district. Members of the Lubbock High School and Slaton High School bands also will be in the line of march.

Hundreds of general admission tickets at 25 cents each have been sold by scouts and adult committee members during the past three weeks. General admission at the gate will be 35 cents. Funds are to defray expenses, and a sales commission is to be allowed each troop.

Towns sending their scout and cub groups are Muleshoe, Littlefield, Sudan, Anton, Bula, Circle Back, Morton, Loveland, Olton, Brownfield, Lamesa, O'Donnell, Slaton, Post, Tahoka, Lorenzo, Idalou, Rails, Crosbyton, Spur, Matador, Wake school, Lockney, Floydada, Plainview, Tulia, Silverton and Hereford.

Library Drive Meeting With Liberal Response

The drive for funds for the Dawson County Public Library which began last Friday is reported to be meeting with success and it is expected that the goal will be reached with a surplus which can be used to advantage, as the leaders in the drive had placed the goal at a very conservative figure. Several young girls canvassed the business district Friday and Saturday and "tagged" everyone they could contact for small donations to help with the expense incident to operating the library next year.

Besides the cash there is a definite need for good literature and 250 volumes is the goal set for this drive. Many people have made their donation of books over the past week end and others have signified that they would give books this week. If one of the solicitors has not seen you, and you have some good books which you would donate to the Dawson County Public Library, contact one of the committee and they will be glad to send for them. Next Friday and Saturday have been designated as the time to gather up the books donated, so please get in touch with the committee before that time.

This Library is really one of the worthwhile institutions of the county and is worthy of the support of every citizen of the county.

FUNERAL SERVICES FOR B. I. LAWLER HELD HERE FRIDAY

Funeral services were in at the First Methodist church, Lamesa, last Friday afternoon for B. I. Lawler, who died from burns received in an explosion at Camp Texas in Lubbock Wednesday morning. Rev. M. M. Beavers and Rev. Gentry of Five Mile officiated at the services and interment was in the Lamesa cemetery.

Relatives attending the services from out of the county were Mr. and Mrs. O. B. Rankins and family of Lubbock; Mr. and Mrs. Sam Ratliff of Garden City; and J. P. Lawler of Bowie, Arizona.

Home Football For Thanksgiving

No home game seemed to be available for the Golden Tornados and rather than run weather and financial risks away from home, arrangements have been made to give football fans a double bargain bill at McCollum Field on Thanksgiving Day. The first round of the inter-class games for Seniors, Juniors, Sophomores and Freshmen will be played Thanksgiving Day. The pairings will be Sophomores against Freshmen for the first game beginning at 2 P. M. The other game will be between the Seniors and Juniors and it will be played immediately after the first game or about 3:30 p. m. The proceeds of the gate admissions will be used for the purpose of securing awards for members of the Golden Tornados and reserves.

The classes have been holding practices and scrimmages for about one month in preparation for the class competition. The rivalry is keen and their play will be observed with considerable pleasure by those interested in the membership of the squads of regulars for the next two or three years. The unequal size problem which would normally exist has been provided for by assignment of reserve players from the Golden Tornado squad to the Freshman and Sophomore squads. This system has resulted in adding men of considerable experience to each team.

The coaching assignments have been made as follows:

Freshmen coaches are Hardin Eastwood and Capt. Harold Lambeth who state their team will display an excellent brand of playing ability and football judgment. Coaches Zeke Bridgeman and Jack Finley are at the helm for the second year class players and are smiling from ear to ear at the pep and enthusiasm shown by their pupils. They claim to have some players equal to Preckles and other performers of comic strip fame.

Coaches Adams and Boyd of the Juniors are also optimistic over the prospects for their third year players and nothing will please them more than to take their team over their fourth year rivals.

Edwin Eastwood bears the brunt of coaching for the Seniors but had several aides from among his fellow seniors and former teammates. While not as talkative about prospects as some of the other coaches, Edwin has stated that the Seniors are out to better the reputation gained in previous years.

Officials for the game will be Sander, Jones and Allison from the first string Golden Tornados.

Class pep squads and other rooting sections have been organized for the occasion and all preparations are being made for two real football games of the type that has made the southwest famous. Nominal charges of ten and fifteen cents will prevail at the gate.

MRS. G. W. HAMILTON PASSED AWAY THURSDAY

Funeral services for Mrs. G. W. Hamilton were conducted at the Higginbotham Funeral home last Friday afternoon, with Rev. M. M. Beavers officiating. Mrs. Hamilton passed away at the home of her daughter, Mrs. Mile Powers, Thursday night, following a three week's illness of flu and complications.

Mrs. Hamilton, who was 76 years of age, had been a resident of Dawson county for several years and leaves a host of friends to mourn her passing. Surviving the deceased are her husband, G. W. Hamilton, and three children, a daughter, Mrs. M. H. Powers, T. W. and J. T. Hamilton, all of Lamesa.

REVIVAL MEETING AT PATRICIA

A revival meeting begins at the Patricia Methodist church the 5th Sunday night, November 29.

Pastor-evangelist G. C. Williams of Scranton, Texas, will do the preaching. Everyone in the community is urged to cooperate in every way possible that we may have a great meeting.

J. A. Wheeler, pastor.

FIFTH SUNDAY SINGING AT McCARTY, NOV. 29TH

We have been asked to announce that the Fifth Sunday Singing Convention will meet at McCarty this coming Sunday afternoon, November 29.

The singing will start promptly at 2 o'clock. Every body in the county is invited to attend and those who have song books are asked to bring them.

Merchants Prepare For Christmas Open- ing, December 5th

Lamesa merchants are working out plans for one of the most interesting entertainments ever presented to the friends and customers in this trade territory, to be given on Friday afternoon, December 4th.

A special announcement party opening the 1936 Christmas shopping season in this territory, which will also serve as an invitation to the people living in this territory to do their shopping with the Lamesa merchants during the holiday season, will be given. A big parade headed by Santa Claus himself will be given, and will be followed by an unveiling of the specially decorated Christmas windows of the Lamesa merchants.

Complete plans have not yet been worked out, but the tentative arrangements promise that this will really be the most elaborate program the Lamesa merchants have put on in recent years.

The merchants of Lamesa have stocked the most complete line of holiday goods which they have carried in years and a selection which will make it unnecessary for anyone to go elsewhere to purchase their Christmas needs. These goods will be tastefully arranged in the stores on December 4th and after the unveiling of the windows, it is probable that the visitors will be given an opportunity to make early selections from these varied stocks.

Santa Claus will have some candy and other trinkets for the kiddies as he goes through the streets. He will be followed by floats of different firms of the city in what bids fair to be a most colorful parade. Make your plans to be here on that day and bring the children so they may enjoy Santa's visit.

Gov. Allred Endorses Christmas Seal Sale

Texas' first citizen, Governor James V. Allred, endorsed the 30th annual Christmas Seal Sale to fight tuberculosis in a statement to all Texas citizens today as Christmas Seals go on sale throughout the nation.

Governor Allred said, "The declining death rate from tuberculosis is ample demonstration that the state and national tuberculosis associations are accomplishing their purposes. Texas has been generous in contributing to the Texas Tuberculosis Association by the purchase of Christmas Seals each year. The thirtieth such sale in the nation presents a challenge to good citizens everywhere. As your Governor, I earnestly hope that the citizens of Texas will contribute to this cause this year to the limit that their means will permit."

Texans who purchase Christmas Seals this year will assist their state and local tuberculosis associations in a concerted drive planned for 1937 to reach more people between the ages of 15 and 45, where tuberculosis is still the leading cause of death, with those methods of diagnosis, prevention and cure which have reduced the death rate from tuberculosis more than two-thirds in the past thirty years.

BELIEVED TO BE ONLY WOMAN FOOTBALL COACH

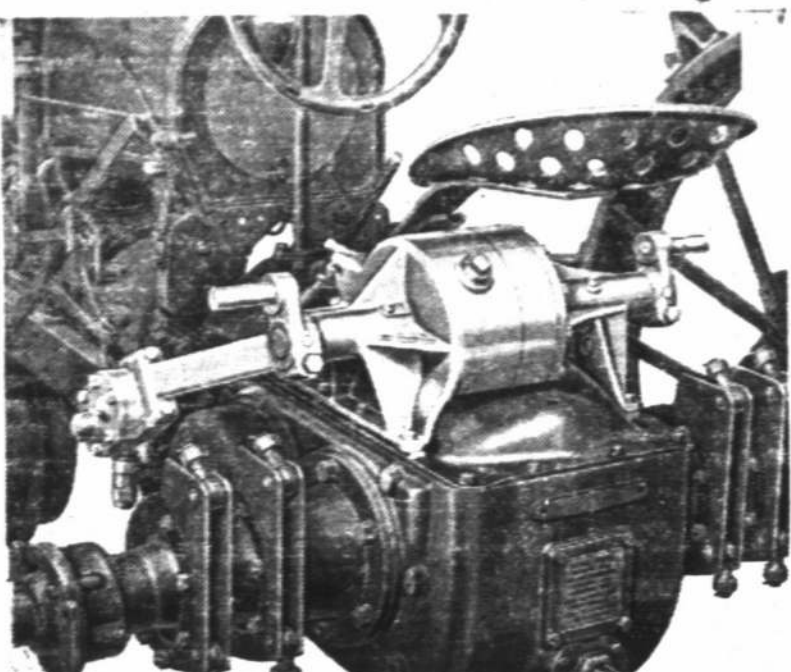

El Paso, Nov. 23.—Miss Edith Schell, recent graduate of the College of Mines and Metallurgy here, a branch of The University of Texas, is believed to be the only woman football coach in the State. Miss Schell trained herself to teach English, and, upon graduation, obtained a job in Bailey Elementary school here.

"But, out of a clear sky, I was told that if I didn't take over the football and playground work at Bailey, the boys would have no team this year, and in fact, no football at all," she explained. "So, of course, I couldn't let them down, and I said 'yes,' and hoped for the best."

So now she spends one-fourth of the school day teaching English, health and spelling, and the remainder of her time supervising playground work and coaching football.

Mr. and Mrs. J. D. Biggs announce the arrival of twin babies, born last Thursday morning, Nov. 19. The youngsters have been named Betty Ann and Bobby Dan. Both mother and babies are reported as doing nicely.

Linard Daugherty of Midland spent the week end here with home folks.

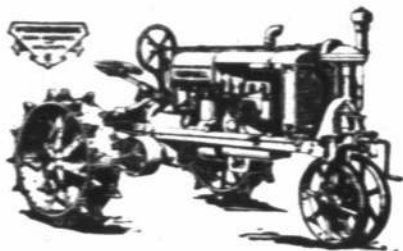

This New McCORMICK-DEERING Hydraulic Power-Lift Gives You "One-Finger Control" and Quick, Positive Action

WHEN operating various direct-connected Farm-all implements you will find it a great advantage in many cases—and a necessity in some—to have your tractor equipped with this new hydraulic power-lift. In addition to lifting beams and other equipment from the ground this lift can be used to apply pressure on certain implements operated

in connection with the lift. The McCormick-Deering hydraulic power-lift is a simple, positive lift, and one that will not readily get out of order. It is thrown into operation by a small lever which can be manipulated with one finger. Next time you are in town drop in and see this new hydraulic power-lift. We will gladly demonstrate it to you.

Pension Checks Mailed Last Week

Austin, Nov. 20.—Employees of the Texas Old Age Assistance Commission were busy Friday and Saturday stamping 87,756 envelopes, containing assistance checks for November, and rushing 30,000 of them to the Austin post office each eight hours. Acting Director Orville S. Carpenter said today.

November checks now being released by the Commission total \$1,365,289. The \$240,000 federal grant was received Thursday.

NEW FORDS ARE PROVING POPULAR

The new line of 1937 Ford cars have been received with such universal approval that the Ford Motor Company have already raised their 1937 estimated output five hundred thousand above the original plan. It being their aim now to manufacture 1,500,000 Fords during 1937. The 60 horse-power motor is being especially well received in America. It is known that this ECONOMY motor is not an experiment, but has been definitely proven for the past two years in France and England where Ford has very large factory outputs in those lands where economy has been a real necessity. Dealers everywhere are reporting ready acceptance of these by their customers, a manifestation of their confidence in Ford products.

Two years in service have proven that it creates an entirely new standard of modern motoring economy. It is a genuine effort on the part of the Ford manufacturers to give those wanting more economy the greatest possible value for their investment. Local dealers report their only trouble is in trying to get cars enough to supply the demand.

"REPTILES OF NORTH AMERICA" PRESENTED DECEMBER 4TH

Jack Raymon of Chicago will present "Reptiles of North America" in Lamesa high school on Friday, December 4, at 10:30 A. M.

The story of the Reptiles of North America has been presented by Mr. Raymon from coast to coast before almost every type of audience, regardless of age, and has held the undivided attention of everyone throughout the entire talk.

Without exception each program finds an interested audience crowding about the speaker at the close, eager to ask questions and obtain a closer view of the live specimens.

From the standpoint of dramatization and educational value of the program, colleges, schools and clubs, have been high in their praise, for the real facts and oddities of one of nature's most misunderstood forms of life is presented in a striking manner.

Thousands of Students and adults have been given the opportunity to hear and view the thrilling song of the full-grown Texas Diamondback Rattlesnake as he vibrates his rattles in angry warning.

Fifteen or more different, live and attractive species of the reptile family are displayed; and to see Jack Raymon handle these various 'pets' in an actual demonstration that even snakes can be domesticated is proof that the average person's knowledge of herpetology has

been greatly neglected.

The Parent-Teacher's Association is sponsoring the appearance of Mr. Raymon.

Mrs. W. L. Marr and daughter Ethelyn were Lubbock visitors last Friday night.

Things you should know about the lower
Rio Grande Valley of Texas

Take a trip with us and see for yourself what we have to offer in the way of a nice home and income the rest of your life. You will know your family is taken care of after you are gone. Don't listen to the one who stands on the street and knocks, for he has either been sold some high priced land and could not make good or he has heard some one else knock who doesn't know anything about the valley.

Spend five days with us and see the Valley. Talk to the ones who are making good on their groves and look at our land we have to offer at prices equalled no time in the history of the Valley, where you can have a home on a ten acre grove and make more money than you can on any other investment you can make. It will pay you to see us and plan to go with us the next trip. The cost for the five days is only \$12. The bus leaves here on Saturday, Nov. 28, at 8:00 A. M. Come in now and plan your trip. You will find some one in the office of W. R. Kelly at all times to tell you about the trip.

Chevrolet Motor Co. Thanks Americans

The Chevrolet Motor Company today offered its thanks to the American people for having given the company the greatest year in its history by buying 1,130,000 new 1936 Chevrolets.

In display advertisements printed in newspapers throughout the country, Chevrolet expressed its appreciation for the warm friendship of the American people, which enabled the company to break all previous marks for domestic production and sales.

The Thanksgiving offering is considered unique in industrial advertising, but Chevrolet has done it in the past. The company has depended largely on the newspapers of the country in establishing its all-time records in selling not only an unprecedented number of new passenger cars and trucks during 1936, but also in moving two million used cars at the same time.

The advertisement, appearing today, declared in part: "The builders of Chevrolet are thankful for many things but most of all for the warm friendship of the American people."

"All we can say is, 'Thanks a million' for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer."

METHODIST NOTES
WELCH CIRCUIT
Sunday school was good Sunday and unusual interest was manifested.
Rev. W. M. Pearce preached at the eleven o'clock hour, and held quarterly conference at 3 P. M.
His sermon was enjoyed by all. The conference session was very pleasant. His introductory remarks were on the proposed church building. A committee was appointed to decide whether or not to build a new church.
We are looking to the committee for plans in the very near future. When they say go we will be ready. We are looking to every one for assistance, our friends as well as members seem to be interested. That makes us feel good. We can in a vision see our selves worshipping in a new church.
The pastor will preach next Sunday morning and evening. Come. Our theme will be Building for the Kingdom.
J. W. Walker, Pastor.

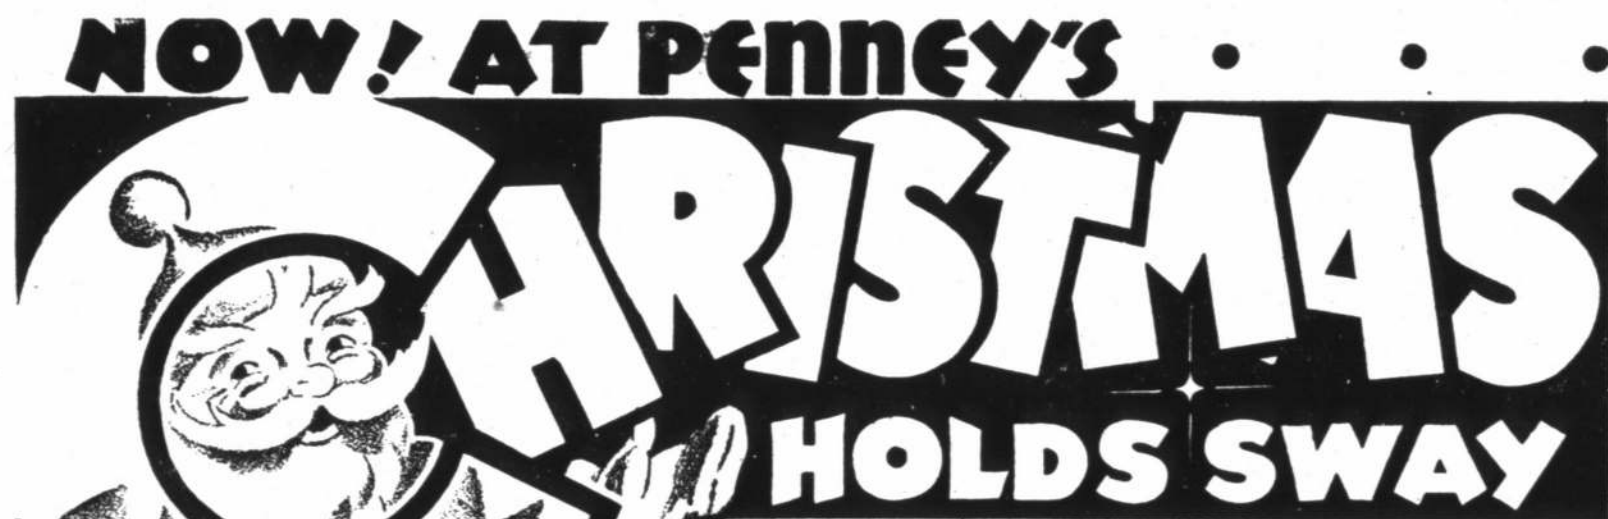

Mr. and Mrs. Joe Pounds had as their guests Sunday, Mr. and Mrs. Eddie Pounds and daughter, and Chapel Pounds of Hancock community; Mr. and Mrs. Judge Pounds and family of Munger; Mr. and Mrs. Joe Pounds and daughter of Lamesa; Mr. and Mrs.

Lonnie Pounds and son of Hancock; Mrs. Addie Beavers of Lamesa; Mr. and Mrs. M. M. Debnam and Ralph Pounds of Higginbotham; and S. A. Pounds.
Mrs. G. T. Grant left Wednesday for Abilene to spend Thanksgiving with her mother.
Mr. and Mrs. Dell Barron, Earl Barron, Mrs. S. P. White, Mrs. Olive Austin, and Mrs. Sam Bockman attended the Eastern Star banquet in Big Spring last Friday night honoring Mrs. Florence Reed, worthy grand matron of the State of Texas.
Misses Gertrude Jones and Virginia Sharp left Wednesday for Ft. Worth to attend the annual state teachers convention.
Miss White and Jack Phinizy left Monday morning for Huntsville to return Monte Bridges to stand trial on a murder charge.
Misses Edith Mae Collins, Vanabel Clark and Jack Hart spent Tuesday in Lubbock with Miss Evelyn Burnside.
Mrs. Leck Crowden of Wichita Falls is visiting in the home of her sister Mrs. R. E. Simpson.
Mr. and Mrs. Bill Van Huss and sons of Midland spent the week end here with Mr. and Mrs. Guy Weekes.

HEALTH SAFEGUARDS CAUSE FOR THANKS

"A high standard of community health is the best asset that a state can possess," said Dr. John W. Brown State Health Officer, in speaking of the progress made in public health education since the first Thanksgiving Day was observed by our forefathers. "The State of Texas has much to be thankful for in this Centennial year," he said, "in the steadily increasing interest and cooperation of the people of the State in matters pertaining to sanitation and control of communicable diseases."

"The control of water and milk supplies, sewage disposal, vaccination against smallpox, immunization against diphtheria, food inspection, housing regulations, and many other measures

have been spectacularly successful in reducing the killing power of a number of maladies that formerly took a terrific annual toll.

"Responsibility for success and advancement of a public health program lies not with the health department primarily, but with the people who support and encourage the community effort put forth and who apply in their own individual lives the knowledge which they have acquired."

"It follows that the individual citizen, to reap the benefits of public health administration, must be more concerned about his well-being than he is today. His program should involve a conscientious effort to abide by the living rules prescribed by nature, as well as a clearer conception of the value of a physician's services from a disease prevention standpoint."

"In short, when the private citizen fully appreciates the benefit of public health administration and shows that appreciation by a reasonable personal concern for his own welfare, medicine, surgery, and science generally will be able to do their wonderful work with utmost efficiency."

Mrs. W. A. McClintock and children and Frank Veasey returned Saturday from Dallas where they attended the Texas Centennial.

W. B. Osborne left Sunday for Dallas to attend the Centennial.

Mrs. Gaines Davis left Saturday night for New York where she will join her husband.

10,061 YOUTHS EMPLOYED PART TIME BY NYA

The National Youth Administration has employed an average of 10,061 youths part time in Texas on work projects during the last six months, Lynden B. Johnson, state director, announced Tuesday. These youths have been engaged in socially desirable work much of it permanent construction on public property. Including wages, materials and supervision, the average cost to the NYA of this work per youth is \$10.53 per month, 97 per cent of this sum being paid as wages.

Road-side Highway Parks, soil conservation surveys, and public park improvements have been developed in many places for the benefit of the people of Texas. Workers on home ec projects have canned much food and made many thousand garments for distribution to Texas relief families thru relief agencies.

Mr. Johnson explained that many of the youths employed get their first work experience on NYA projects.

"The youths employed by the NYA learn what an employer expects of a workman, and many hundreds of them have been hired by private employers as a result of their NYA work records. Employers have found that youths on NYA projects have learned to cooperate, to take direction, and how to do what is expected of them on the job," he said.

INVESTIGATORS BUSY RECHECKING APPLICANTS

Austin, Nov. 24.—Investigators were busy this week throughout the 254 Texas counties re-investigating present old age assistance recipients granted aid under the old pension law, reported Acting Director Orville S. Carpenter, of the Texas Old Age Assistance Commission today.

"No one will be removed from the rolls until a thorough re-investigation of his case has been made," he said.

Last week Carpenter explained that there would be no arbitrary or mechanical cut in the rolls but that each case would be studied and re-investigated upon its own merits before any action were taken. Rumor that 36,000 aged would automatically be dropped from the assistance lists was declared unfounded.

"Re-investigations are now being made in each district of all people on the rolls who possess income or property. Their cases are being re-investigated to determine whether they are eligible under the new law. But until they are found ineligible, they will continue receiving monthly checks."

Misses Oma Lena Medlin and Madge McLendon spent the week end with Miss Betty Chaffin of the Klondike community.

Mr. and Mrs. Charles Culver and children of Hobbs, N. M., spent the week end with Mrs. Culver's parents, Mr. and Mrs. Miley Powers.

Mr. and Mrs. Sidney Randal spent Sunday here with relatives.

Miss Thelma Wright of Lubbock spent Sunday here with relatives.

Miss Bernice Williams of Lubbock spent the week end here with relatives.

"THANKS A MILLION"
FOR MORE THAN A MILLION

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of buyer preference it has ever enjoyed.

CHEVROLET The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people.

And so again at this Thanksgiving season we say, "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry.

Consider, for a moment, all that you have done to inspire Chevrolet's appreciation during the past twelve months:

You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh time in the past ten years; you have given Chevrolet strong preference in every section of the

country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 205,000 commercial units; you have made 1936 the most successful year in all Chevrolet history.

And now, to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937.

It is difficult to express adequate appreciation for gifts so great and so generous as these.

All we can say is, "Thanks a million" for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer.
