

County Tax Rate Set at \$1.32 by Commissioners

The Commissioners Court, meeting Monday, September 9, set the county tax rate for the coming year at \$1.32 per hundred dollar valuation.

The rate is increased over last year only by the 30c ad valorem tax which the people of the county approved in an election April 2.

The rate last year was \$1.02. The 30c tax levy is listed under the heading of Farm-to-Market roads the category in which it was placed by the court. The general purpose however, is to relieve the overall financial problem in which the county found itself.

The tax money was divided by the court as follows:

FM roads	30c
Jury Fund	4c
Road and Bridge	0
Road and Bridge Sinking	15c
General Fund	59c
Court House and Jail	
General	9c
Road ROW Bond Fund	7c
Court House Bond Sinking	8c
Total	\$1.32

County Judge R. L. Templeton said following the meeting that the county is now \$36,000 better off than it was a year ago, by cutting down on expenses.

The commissioners also divided equally among the precincts the \$21,084.75 in gasoline tax money received from the state. This gave to each \$5,271.18.

This money with the tax money that will begin to come in within a few weeks, should enable the county to operate without difficulty through the remainder of the year Judge Templeton said.

Glen Lewis Gins First 1957 Bale At Dodson Monday

Glen Lewis, who farms just east of Dodson, along the Oklahoma line, ginned the first bale of cotton in that town Monday afternoon, September 9, Marvin Wynn, co-owner of the Dodson Gin announced.

The 500 pound bale was sold immediately to the First State Bank for 38c per pound, about six cents above the market price for the day.

The bale graded middling 31/32, Wynn said.

Lewis had 2,060 pounds of cotton and got 1,120 pounds of seed. It is of the Wacana variety and was planted about June 1. He pulled over between four and five acres to get the bale.

Several other farmers in the Dodson community have started pulling their cotton, Wynn reported.

This is approximately three weeks later than the first bale was ginned at Dodson last year, when the season was opened about August 15.

Plan Extension Work in Tuesday Night Meeting

The county program building committee, which will plan the coming year's work for the Extension Service agents in Collingsworth county, will meet Tuesday night, September 17, in the county court room. The meeting will begin at 7:30 p. m.

This committee includes a group of men and women, representing men's and women's work with the agents, 4-H Club members, and representatives of the various agriculture agencies.

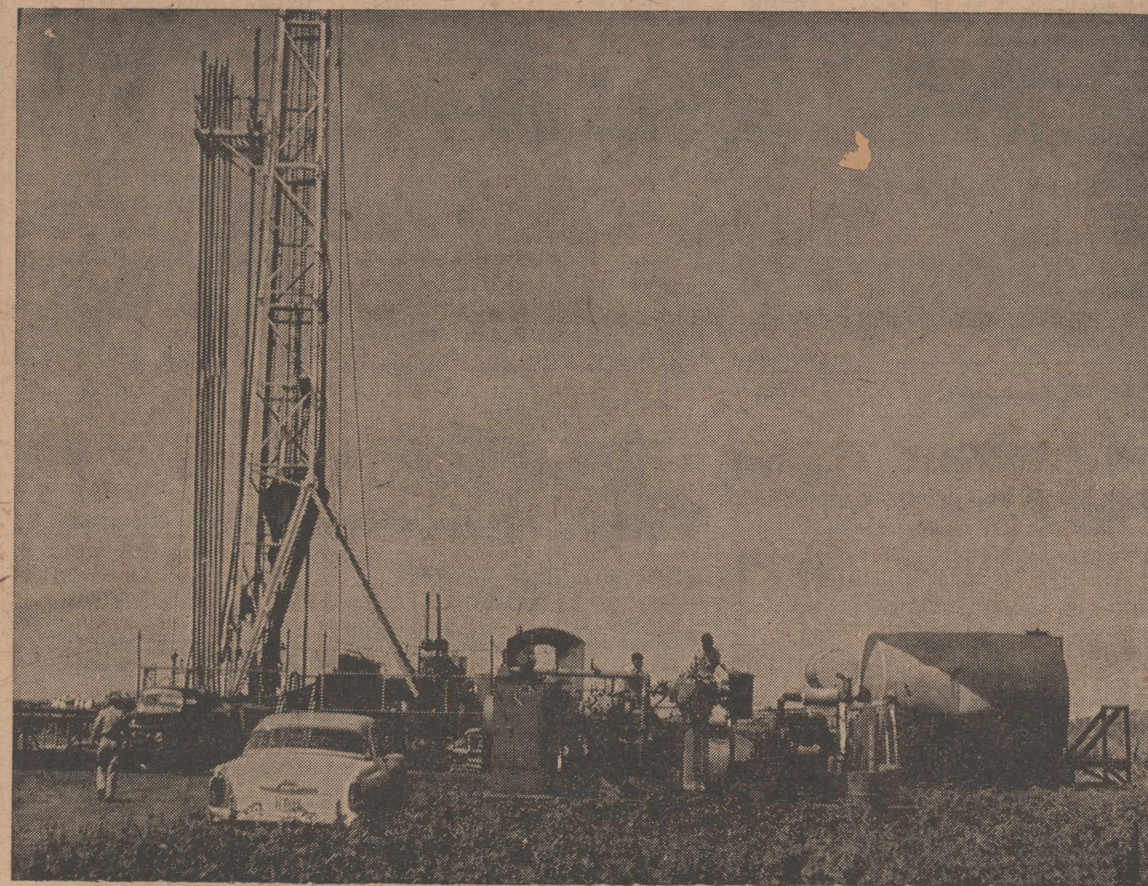

"All who are interested in planning the program of work for 1958 in connection with the Extension Service are invited to be present.

Candidate for State Title

Vada Bell New District Farm Bureau Queen

Wellington's Vada Bell was chosen Saturday as the district winner of the Farm Bureau Queen Contest, and a candidate for the state honor.

Miss Bell, 16, the daughter of Mr. and Mrs. Paul Bell, was selected at the district 1 contest in Amarillo Saturday September 7,

A MAJOR STEP IN COLLINGSWORTH DRILLING

This test, the Ethel Clement et al No. 1, five miles southeast of Wellington, in Fresno community, opened up drilling activity in the area south of town, as well as almost one half of the county south of Salt Fork river. Interest in the well is keen in this area, and the proposed depth of 2,000 feet should be drilled out within the next week.

K. E. Jennings Drills on Clement Farm

New Test Breaks Open Drilling In Area South of Wellington

A surprise move in Collingsworth county's drilling picture came late last week when K. E. Jennings, Texarkana, began a test five miles southeast of Wellington on the farm of Mrs. Ethel Clement. This is a mile and three-quarters south of the old Fresno Gin location.

The wildcat location is 330 feet from the east and 990 feet from the south lines of the southeast quarter of section 48, block 10. The proposed depth is 2,000 feet. The drilling rig was moved in Thursday night and drilling started during the week end.

No information is being given out on the well. Jennings is staying in Wellington to watch developments, and a Dallas drilling contractor is being used.

Jennings holds in his name leases amounting to 2,237 acres, scattered in a general area south of Wellington. In addition, Jennings in recent weeks has taken leases in the same area for J. K. Wadley, Texarkana, said to be one of the country's largest independent producers. Wadley leases total 2,118.

Holding leases in the same area are Shell Oil Company and R. C. Erwin of Wichita Falls, who is leasing for Shell; Sunray Mid-Continent Oil Company, Nebo Oil Company, Pure Oil Company, Tidewater Oil Company and Ohio Oil Company.

Methodists to Honor Faculty at Annual Dinner

Members of First Methodist Church will be hosts Wednesday night, September 18, at the annual covered dish dinner honoring the faculty of Wellington public school and their families.

The dinner will be in the church fellowship hall beginning at 7 p. m., Mrs. Eldon Holley, educational director, said.

The local church activity committee is in charge of the dinner, Mrs. Holley said.

Wellington Reservist Reports

Cuban Situation Gives Navy Pause for Thought

American Naval Reserves on two weeks tour of duty in the Caribbean this summer docked in Havana harbor, then looked up into the muzzle of a loaded machine gun protruding from a narrow slit in a pillbox overlooking the harbor, one of the men reported this week.

This was a prelude of the rebellion which has since developed.

M. L. Burks, vocational agriculture teacher in Wellington high school and a lieutenant commander in the Naval Reserve, was aboard the USS Willett, a destroy-

er escort when it docked in Havana a few weeks ago. Cuba wasn't wanting any kind of trouble with the United States but if she had, one gunner could have pulled the trigger and our ship would have been raked with fire. It gave you a funny feeling," Burks said.

"And Cuba is just 90 miles from the United States, but it might as well be a million miles as far as its way of life is concerned," he added.

There was a definite feeling of tension when the Navy men were in Havana, according to Burks, who was on shore patrol duty. All American newspapers brought in were censored and anything pertaining to Cuba was cut out.

A man with enough rank to be police captain would ride down the street in a fast car with two or three armed officers beside him.

"There are 3,000 police for the 800,000 people. On that basis, Collingsworth county would have 30 policemen, but we have just 4, including officers and night watchmen," the Wellington teacher pointed out.

The Naval Reserve men could see as much of the city as they wished, except that they couldn't enter the federal buildings.

Cotton Farmers Called In to Study Problems

A county-wide meeting of cotton farmers has been set for Thursday, September 19, at 2:30 p. m. in the community building. The specific purpose of this meeting is to interest county growers and the cotton industry in cotton, County Agent J. W. Thomas declared as plans for the event were being made.

All cotton farmers in the county are urged to attend.

The theme of the meeting will be "Cotton's Problems, Program and Potential".

Initial plans were laid in a meeting September 4 when a group of county farmers, ginners, and representatives of farm organizations met with Earl Sears of the National Cotton Council, Memphis, Tenn.

Sears explained the National Cotton Council program to boost cotton consumption through education and promotion, particularly on the part of the growers and ginners. He further explained how this program can be applied locally.

Members of the Steering Committee named to meet with Sears were Dick Sweat, Zook Thomas, Alfred Knoll, Paul Bell, Boney Hunter, A. C. Parrigin, Fred Squyres, I. G. Vaden, Wallace O'Rear, Alonzo Cartwright and Thomas. Meeting with the group were Bryan Swaim, county agent of Wheeler county, and Mr. Smith, Wheeler ginners.

"The total market for US cotton can dwindle to eight million bales or grow to 16 million in four to five years," Sears told the group.

Facts supporting his statement will be discussed at the special September meeting, which will be open to everyone interested in cotton problems.

The meeting is one of a series being held in the major cotton growing counties of Texas, following a recent meeting at Memphis, Tenn.

There, a group of the south's cotton farmers, ginners and other industry members listened to the basic information on cotton problems, programs and potential by the members of the National Cotton Council.

It was recommended at the Memphis meeting that information be taken to a wide cross section of the cotton industry through a series of similar meetings.

Another Plunge in the Dark

Skyrockets Play Hollis On Oklahoma Soil Fri.

Wellington's Skyrockets go to Hollis Friday night, September 13, for a non-conference game with Coach Don Brock's Hollis Tigers, again going into the tilt in the dark as to really what kind of ball club they are meeting.

Game time is 8 p. m. "This is Hollis' first game and we don't have any information as far as scouting. We just don't know," Coach John Hurley said this week.

Miss Falk on Church Program

Miss Patsy Falk will give a half-hour program on the marimba at the Dodson Church of the Nazarene Sunday, September 15, beginning at 10 a. m. She will include a number of sacred songs on her program.

This is part of the Sunday School devotional hour, according to Farris Cornelious, who is helping with arrangements.

Fail from Tractor Injures Woman

By Mrs. Alex Coleman

A fall from the tractor which she was riding onto the pavement resulted in a broken leg and lacerations for Mrs. Lee Thompson of Samnorwood.

Mr. and Mrs. Thompson were going to Samnorwood from their home on their tractor, along the highway when the accident occurred.

First Tour of On-the-Farm Experiments Set for Mon.

Experiment Station Personnel from Lubbock and Bushland will be in Wellington Monday, September 16, to discuss with farmers and business men the on-the-farm experiments, as the group goes from field to field to observe these tests. This is the first tour of

the Collingsworth county experiments, a unique experiment program for the state.

Altogether, five farms will be visited on the tour that starts at 1:30 p. m. and continues for about three hours, Duane Scott, co-ordinator, said.

The four visiting agronomists will be Dr. N. W. Kramer, Lubbock, grain sorghum specialist, who will take the lead in discussions at those farms where grain sorghum experiments are being carried out.

Dr. Allen F. Wiese, Bushland, a weed control specialist, will be in charge at farms where johnson grass and bindweed control tests are carried out.

M. E. Jensen and Dr. Alex Pope, both of Bushland, will be in charge of the fertilizer experiments.

In each field, Scott pointed out, there are several test plots. Some varieties of grain sorghum are developing better than others, and the full intent of the experiments, he continued, are to see what varieties are best suited to the Collingsworth county area.

The same thing holds true in the irrigation - fertilizer experiments and in the bindweed and johnson grass control work.

Farmers and business people making the tour will start from the court house and the itinerary will include:

John Brim farm, 6 miles south of Wellington on Highway 83, to see dry-land plots of grain sorghum, sweet sudan and sorghum alnum.

Elvis Crawley farm at Old Fresno Gin - grain sorghum variety tests under irrigation.

G. R. Lewis farm, 5 miles out on Dodson highway, for bindweed control.

Zook Thomas farm, Lillie community, for cotton under irrigation and fertilization tests.

Woodrow Wilson farm, Lillie, for johnson grass control in cotton.

Those who may wish to see other experiments being carried out under this joint program of the Extension Service and Texas Experiment Station will be taken in small groups, Scott said.

More Members for Expanded Services

C-C Maps New Membership Drive

Directors of the Collingsworth County Chamber of Commerce have mapped a membership drive to open Monday, September 16, N. M. Higdon, manager, announced following a meeting Thursday, September 5.

Dr. Chas. B. Jones, drive chairman, explained that the drive will be spearheaded by M. W. Stingel, Bill Hatch, Jimmie Kelo, and Hershel Tyler. They in turn will select 2 or 3 assistants each for the membership solicitation.

Durant McInnis and Eldon Holley will work with the group. Only about one per cent of the people of Collingsworth county are members of the Chamber of Commerce, Higdon pointed out. Since the Chamber of Commerce is working to serve the entire county, it is also seeking to enlarge its membership and also to provide additional services to the area.

A membership goal has not been set, but the working group will contact all non-member businesses and individuals who might be interested.

The directors named four other committees at the Thursday night meeting.

On the 1958 budget committee are Holley, Stingel and Higdon. Nominating committee members are Kelo, George Shadid, Dr. Jones, Cal Sugg and Holley. The decorating committee and

fund raising committee includes Henry Sullivan, George Henry, Hiram Cudd, Tyler, Mrs. Chester Fries Mrs. Deskins Wells and Mrs. Hubert Bowen.

The program of work committee, to revise the 1958 program, includes Dr. J. M. Orr, McInnis and Higdon.

Mrs. J. P. Cummings Appointed to Library Post

Mrs. Pete Cummings, Wellington, was appointed librarian of the Collingsworth county library by the commissioners court in a regular meeting Monday, September 9.

Mrs. Cummings will begin work Monday, September 16. She fills the vacancy in that office created by the death of Miss Katherine Boverie.

A long time resident in the county, Mrs. Cummings lived in Salt Fork community until the death of her husband. Since then she has made her home in Wellington and has stayed part of the time in California.

She is a former teacher and music teacher.

The Commissioners, in considering the library during a called meeting last week, voted to keep it open.

The Mixers Slate Basketball Games

A group of girls, former basketball stars at Wellington, Quail and Samnorwood, have organized an independent team that during the fall and winter months will meet high school and other independent teams, Joy Martindale, spokesman for the group, announced.

The Mixers, as they have named themselves, have two victories behind them, and while they appear to be doing quite well, they are now hunting a coach.

"We think that would help us," Miss Martindale said.

The Mixers defeated Samnorwood high school girls by one point, playing two overtime periods on September 3. September 9 they defeated Quail High School 33 to 22.

Their next game will be with the Quail Bobwhites, high school team, Monday night, September 16, in the Quail Gym. Game time is 8 p. m. and there is no charge. The public is invited.

Playing for the Mixers are Joy Martindale, Rita Boen and Juanita Langley, guards; Slemma McAllister, Martha Johnson, Lois Ameron, Aleta Coleman, Shirley Seago and Sally Jo Busty forwards.

Teen Age Canteen News

By Mickey Breedlove

Dear Mickey:

At the meeting of the Glynn Moore Post, Veterans of Foreign Wars, September 3, 1957, the following motion was made, seconded and carried:

"Motion that Teen Age Canteen be discontinued until next summer with the exception of special occasions requested by the Teenagers and approved by Teenage Canteen Committee."

This Post wishes to express its thanks to the Teenagers for their conduct and attendance and also to the hosts and hostesses who have helped out with the canteen.

It is the thought of this Post that since there are football games on week ends, along with other school activities, the Canteen should be closed until next summer, at which time we hope to have more and better entertainment for the teenagers.

Quinton Brewer, Post Commander, Glynn Moore Post, VFW

Hosts for the final meeting of Teen Age Canteen were Mr. and Mrs. Henry Sullivan, Mr. and Mrs. Heber Brantley, Mr. and Mrs. Richards, Commander and Mrs. Brewer and Herbert Bearden.

Thirty-eight teenagers attended.

B. W. Boarman Dies Recently At Burkburnett

B. W. Boarman who farmed here for many years, and operated one of the best known orchards of this area, died at his home at Burkburnett in mid-August of a heart ailment. He would have been 81 years of age August 22.

He and Mrs. Boarman left Wellington about 10 years ago and after living a short time at Altus, they retired from farming and moved to Burkburnett 8 years ago.

Funeral services were held at the Owens Brumley Chapel in Burkburnett August 14 with the Rev. Leon Turner, pastor of First Methodist Church officiating. Burial was in Burkburnett cemetery.

Mr. Boarman was born August 22, 1876, at Liveoak.

After moving to Wellington he and Mrs. Boarman lived at their farm two and a half miles north of Wellington.

Mr. Boarman was a farmer in the best tradition, with a special talent in orchard management. His love for trees was seen not only in his fruit trees, but in those around the family home, and the shelterbelts with which he surrounded his place.

He was an active and devoted member of the Methodist Church, and for many years taught a Sunday School class.

Mr. Boarman is survived by his wife, Mrs. Ellen Boarman of Burkburnett; and two daughters, Mrs. Vance Swinburn, Tulsa, and Mrs. John Bowyer, Dallas. There are also five grandchildren and two sisters, Mrs. Carrie Thornton, Liberey and Mrs. Alex Sanford, Mt. Pleasant.

Selfs Home from Midwest Tour

Mr. and Mrs. French Self, Quail, with their daughter and son-in-law, Mr. and Mrs. John Cherry of Big Spring, have returned from a two-weeks vacation that took them to 9 mid-western states.

Going first to Corning, Ark., for fishing they next went to Indianapolis, where they toured the city, and visited a niece, Mrs. C. L. Cline at near-by Zionville, Indiana. Mrs. Cline is the former Pauline Atkinson of Quail.

Several days was spent at Saugatuck Health Resort on Lake Michigan, and from there they drove up and down the east side of the lake.

En route home they visited in Chicago, Des Moines, Lincoln and Omaha.

Mrs. Helbert Dies in California

Mrs. Thellie Helbert, who made this her home more than 45 years, died August 12 at Chowchilla, Calif., where she was living with her daughters.

She is survived by three daughters and two sons: Mrs. Calvin Johnson, Mrs. Price Daves and Mrs. Louise Holland of California; W. L. Helbert and U. V. Helbert of Hale Center. There are 12 grandchildren and three great-grandchildren. Surviving brothers and sisters are Mrs. Ruth Richards, Fort Worth; O. N. Guthrie of Hale Center; Mrs. Kate Moore, Anton; Mrs. W. F. Haynie, Portales, N. M.; J. P. Guthrie of Wellington.

Also living in this county are two nieces, Mr. Z. J. Neeley of Quail and Mrs. Elmer Smith of Aberdeen.

Edith Messer Edits Annual

The Staff at the Echo, Quail high school annual, was announced this week by Mrs. Ben Ratliff, and Mrs. Mary Lee Gilbreth, sponsors.

Editor this year is Edith Messer with Gano Wilson assistant editor. Other staff members are: Dale Ratliff, business manager; Jerry Debord, copy; Ronald Cummings and Don McGill, arts; Carolyn Wright and Marion Tidwell, photos; Lloyd Langford, sports; Troy Harrison, organization; Marvin Newman, features; Raymond Minatrea, advertising; Joel Young, treasurer; and James Colson, Dee Blasingame and Billy Duckworth, subscriptions.

FFA to Exhibit Calves at Fair

Seven Wellington Future Farmers will exhibit beef calves in the State Line Free Fair, Shamrock, Friday and Saturday, September 13 and 14. M. L. Burks, vocational ag teacher has announced.

Benson Long and Jerry Scott will exhibit Hereford calves. Exhibiting Angus calves will be Glen Warrick, Mike Glenn, Carroll Daves, Dee Holliman and Richard Tignor.

Burks reported that on an overall evaluation of the calves, he believed they were the best bunch the Wellington FFA has exhibited in several years.

Mr. and Mrs. Amos Gollighugh of Paeonia, Calif., spent last week visiting in Wellington and vicinity with his brothers, Albert and John Gollighugh, and their families, and with old friends. They have been living in California several years, but are former county residents.

Real Estate Transactions

Transfers of real estate recorded in the office of Cliffla Jean Tow, County Clerk, included:

O. G. Stokely to R. R. Kyner, et al — section 10, block 23, and section 121 in block 22, 1280 acres.

Mrs. G. W. Killingsworth to Sarah C. Killingsworth — lots 20 and 21, block 220, Wellington.

Mr. and Mrs. Earl Martin and Mrs. Irene Sutton, a sister of Mrs. Martin, of Portland, Oregon, were Wellington visitors one day last week. Mr. Martin is a former resident of Collingsworth County, having lived in Quail community, and in Wellington for a number of years. They had also visited in Amarillo with Mr. and Mrs. Otis Melton, former county residents, and were on their way to Van Buren, Ark.

Methodists Set Rally Sunday

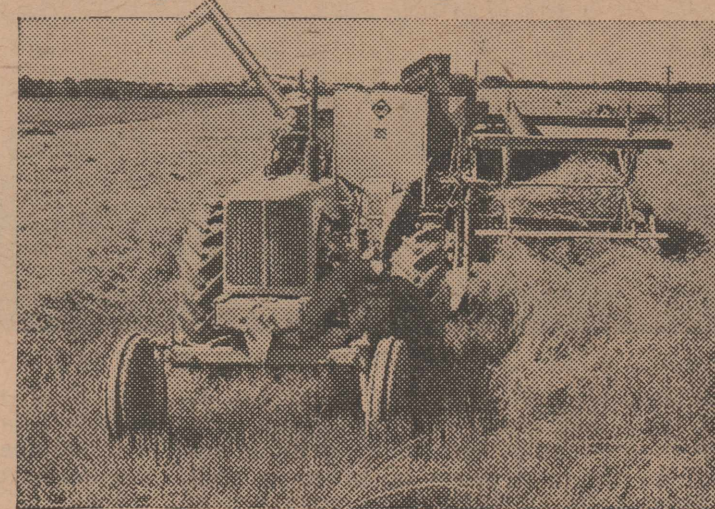

The Church School Rally Day in First Methodist Church has been set for Sunday, September 22. Mrs. Eldon Holley, educational director, has announced.

Goals for each class and each department have been set. This day marks the emphasis on Christian education, Mrs. Holley explained.

The rally day program will begin at 10 a. m.

E. E. Vaughan of Forney and Mrs. Clyde Gentry of Garland visited over the weekend with their aunt and uncle, Mrs. C. L. Keith, and Henry Vaughan of Wellington and Winfield Vaughan of Kelly, and a cousin, Miss Daisy Somerville of Wellington. Mr. Vaughan the son of the late LeRoy Vaughan is a former resident of Collingsworth County.

boost egg earnings...

save up to 7 cents per dozen with efficient Purina feeding

With prospects bright for a strong fall and winter egg market, now is the time to get your laying flock ready for top production. One of the best ways to help your pullets and hens pay off is to cut your feed costs per dozen eggs. It may mean a real boost in your egg earnings this year.

Here's what 10,000 flock owners reported from their experience on a Purina feeding plan for laying hens.

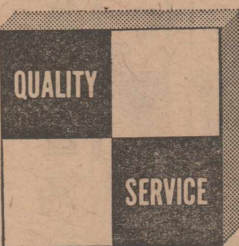

They averaged a dozen eggs from every 4 1/2 pounds of Purina Laying Ration. That's a full 1 1/2 pounds of feed saved (compared to the national average) for every dozen eggs produced. This saving on Purina averaged about 7 cents per dozen.

GOOD EGG PRICES FORECAST Poultry experts predict strong egg prices this fall and winter. So, help your layers do their best...

start them on Purina Laying Rations right away. We have complete Purina Layena, the efficient Laying ration that's been proved on thousands of American farms.

Get Purina Layena the next time you're in town. And be sure to talk over all your poultry feeding problems with us. No matter what size poultry flock you have, you can depend on the answers you get from your Purina Dealer. We're in business to help you produce lots of eggs at low cost... the efficient Purina Way.

Poultry Health Hint—Pullets need worming before going to the laying house. Wormed birds are healthier, need less feed. Now Purina Research has developed low-cost Purina Liquid Poultry Wormer for your birds. Just put it in the drinking water. The cost—only 1/4¢ to 1/2¢ per bird!

Hall County Picnic Sept. 15

The third annual Hall County Picnic will be held Sunday, September 15, at Memphis City Park, J. Claude Wells announced.

Between 3,000 and 5,000 are expected to attend.

Those going should take basket lunches.

The picnic is held to give former residents as well as those still in Hall county, a chance to renew acquaintances and to visit friends and neighbors.

Delaware is sometimes called the Diamond State.

"Hart" is the European term for a fully-grown male deer.

First Baptist Lists Visitors

Visitors attending services at First Baptist Church Sunday, September 1, were: Virginia Lacy, Lefors; Mr. and Mrs. T. J. Leathers and family of Dumas; J. N. McEachern, Ruth McEachern of Pasadena, Calif.; Mrs. Otto Gililand, Hereford.

Quail Students Guests of Fair

AMARILLO — All pupils of the Quail Schools will be guests of the Tri-State Fair which opens September 16 for six days and nights of fun and competition in livestock, farm and home departments.

This year's fair, featuring the glamorous productions of Holiday

on Ice of 1957, free acts twice daily and the largest railroad show in the south, is expected to set new attendance records. Fair officials say there are two reasons for this prediction — the best year for Golden Spread agriculture since 1950, and the most attractive entertainment program in the exposition's 34-year-old history.

Mr. and Mrs. Billy Frank Agee of El Paso visited in the homes of their parents, Dr. and Mrs. J.

WSCS Begins Study of Race

The Women's Society of Christian Service of First Methodist Church had the opening session of the study, "Christ, the Church and Race" Friday morning, September 6 in the church parlor. Mrs. Henry Vaughan is leading the study. All women of the church and any visitors from other churches will be welcome, she said.

There will be four sessions, meeting each Friday morning in September at 9:30 a. m. in the church parlor. Member participation is planned for each session, and there will be group discussion of timely topics. Worship will be the heart of the study.

The class was organized with Mrs. Lawrence Warrick as secretary. Other chairmen appointed are: hospitality, Mrs. Gorman Owens; books and materials, Mrs. L. B. Bratten; current events, Mrs. W. R. Franks, N. E. Masten, R. L. Karnes; survey committee, Mrs. Jno. Henard, S. L. Lindsey, Calvin Hurst; song leader, Mrs. E. F. Bartlett.

The lesson was in two parts: "Mankind's Most Disturbing Problem" and "Facts and Fancies About Race". Assisting with the program were: Mrs. Elvis Crawley, Warrick, Owens, Hurst, Masten, Lynn Courtney, R. L. Karnes, Frank Weir and Bartlett.

Church Circle Elects Officers

The Business Women's circle of First Baptist Church met Monday evening, September 1, at the church.

Following a covered dish supper, the Royal Service Program was presented and a business meeting was conducted by Mrs. Bruce Hite, chairman, during which time officers for the coming year were elected.

Those taking part on the program were Mrs. Jess Cook, Mrs. J. L. Hays and Mrs. C. C. Bishop. Officers elected included: Mrs. Ernest Harwell, chairman; Mrs. Donnie Huston, 1st vice chairman; Mrs. Bruce Hite, 2nd vice chairman; Miss Doris White, secretary-treasurer; Mrs. C. C. Bishop, prayer chairman; Miss Inez Clemens, Stewardship chairman; Mrs. Jess Cook, Community Missions; Mrs. Dora Ryan, Mission Study; Miss Mary Hays, Social chairman; Mrs. W. F. Roberts, publicity chairman; Miss Mabel Leeper, music and song leader; Mrs. Doyle McElroy, young people's leader; Mrs. J. L. Hays, advisor.

Next meeting of the circle will be with Miss Mary Hays, Monday, October 7 when each member is requested to bring a gift for a kitchen shower for the Church kitchen.

Co-hostesses with Mrs. Scott were Mrs. Raymond Patton, L. A. Gilmore, C. E. McKinney of Memphis, Merritt James, Jess Young and Francis Roberts.

Receiving the guests were Mrs. Scott, Mrs. Ford, her mother, Mrs. King Bowen and the mother of the bridegroom, Mrs. Hobart Ford of Vinson.

Mrs. Curt Boone of Amarillo, cousin of the bridegroom, registered the guests.

The serving table was covered with a white net cloth over pink. Lighted white tapers in crystal candelabra were grouped together to form the center piece, while a wreath of pink carnations and fern surrounded the crystal punch bowl. Miss Betty Patton poured punch and Miss Anita Savage served the cake.

Approximately 100 friends called during the entertaining hours.

City Federation Meets Saturday

The City Federation of Women's Clubs met in regular session Saturday morning, September 7, in the county library, with Mrs. Chester Fires, president, in charge of the meeting.

A minute of silence out of respect to the former secretary and county librarian, Miss Katherine Boverie, opened the meeting.

Mrs. Henry Vaughan was appointed to fill Miss Boverie's place as secretary in the Federation.

In reports from committees, it was brought out that slip covers for the City Federation furniture in the community building have been made and paid for. The community building curtain has been put up and the air conditioning drive will be completed in a short time.

Plans were made for two important dates on the Federation calendar for October. Mrs. House, State President of the Texas Federation of Women's Clubs, will be entertained with a coffee in the community building Wednesday, October 2. Mrs. A. J. Fires is in charge of arrangements.

On October 31, the City Federation will entertain Mrs. Lindsey, district president, with a tea. Mrs. James Sullivan is chairman.

Other activities reviewed were the meeting of a committee with the commissioners court asking that the county library be continued, and a report on the Katherine Boverie Memorial Book Shelf.

Club delegates present were Mrs. A. B. Clark, Mrs. Bess Owen and Mrs. Jim Wood of Belles Lettres Club; Mrs. W. R. Orr, Domestic Science Club; Mrs. R. L. Templeton, Mrs. Billy Hatch and Mrs. Earl Clark, 1954 Study Club; Mrs. Henry Vaughan, Garden Club; Mrs. Bernice Welch and Miss Marie Shadid, Excelsior Club; Mrs. Bobo Castleberry, 1924 Study Club. Mrs. Clyde Drake became an individual member of the City Federation, and one visitor attended, Mrs. T. J. Boling, Dodson Civic Club.

Library Club Opens Year

The initial meeting of the Wellington High School Library Club featured a discussion and book review by two of last year's members.

Verdel Masten spoke on "Encyclopedia" and Anita Savage reviewed the book "There is a Season".

The business session was conducted by Edna Fay Bryant, president. Games at the park followed the meeting.

Refreshments were served to: Glyndon Burkhardt, Masten, Miss Savage, Carl Daves, Carroll Daves, Janice Downs, John Duncan, Ethelda Floyd Danny Garvin, Barbara Hannah, Bobby Harris, Sharron Herring, Keith Jesse, Donna Johnson Gaylon Jones, Leon Martin, Lahanda Mayhugh, Don Maxwell, Joetta Moore, Cozetta McNabb, Eldon Owens, Ernest Peach, Quinda Patterson, Rodney Porter Zonella Porter, Harry White, Glenna Ward, Doris Wolf and Mrs. John Justice.

Lime Chiffon Pie Captures Spirit of Summer

BY DOROTHY MADDOX

HERE'S a cool-tasting, elegant chiffon. Fresh limes give it a particularly delightful flavor. The filling for the pie can be pretty much a one-utensil operation by a new technique. The gelatin and sugar are combined in top of double boiler. No need to soften gelatin in cold water first. Then egg yolks and lime juice are added.

The mixture is cooked over boiling water about 6 minutes and cooled. Beaten egg whites and heavy cream folded in create the wondrous height and richness that make chiffons party desserts.

Lady Finger Lime Chiffon Pie (One 9-inch pie)

Twelve lady fingers, 1 envelope unflavored gelatin, 1 cup sugar, divided, ¼ teaspoon salt, 4 eggs, separated, ¼ cup Florida lime juice, ¼ cup water, 2 teaspoons grated Florida lime rind, ½ cup heavy cream, whipped.

For lady finger pie shell, split lady fingers and cut off ends. Stand, cut side down, around edge of pie plate. Put remaining whole lady fingers and pieces evenly in bottom of pie plate.

Mix together gelatin, ¼ cup of the sugar and salt in top of double boiler. Combine slightly beaten egg yolks, lime juice and

water; add to gelatin mixture. Cook over boiling water, stirring until gelatin dissolves and mixture thickens, about 6 minutes.

Remove from heat; stir in lime rind; cool. Beat egg whites until stiff, but not dry. Gradually add

remaining ½ cup sugar, and beat until very stiff. Fold gelatin mixture into beaten egg whites. Fold in whipped cream. Turn into pie shell; chill until firm. If desired, garnish with additional whipped cream.

WMU Observes Week of Prayer

"In Our Vinyard" is the theme of the Week of Prayer Program of the WMU of First Baptist Church being conducted during the week of September 9 through the 13th. The devotional thought for the week, Psalm 107-37, "Sow the fields and plant vineyards which may yield fruits of increase".

The WMU especially invites all ladies of the church, and others who are interested to attend the Week of Prayer for State Missions. Meetings are being conducted each morning from 9:30 until 10:30 in the various homes.

Mrs. Charles Cason Jr. was hostess Monday, Sept. 9, and the Nina Hankins circle was in charge of the program. Tuesday, Sept. 10, Mrs. John Trev was hostess, with the Blanche Groves circle presenting the program. The Olea Snell circle is in charge of the program for Wednesday morning, Sept. 11, and Mrs. Charles Cason Sr. is hostess. Thursday morning, Sept. 12, Mrs. Griff Finley will be hostess, and the Betty Tennison Circle will have the program.

Garden Club Meets in Park

The Wellington Garden Club met in Ellison Park Wednesday morning, September 4, with Mrs. John Henard and Mrs. Grady Van Pelt as hostesses.

In opening the meeting, Mrs. Henry Vaughan led the group in the reading of the club prayer. A short business meeting was conducted by the president, Mrs. Deskins Wells, during which time plans were made for the coming work shop and flower show to be held October 9th and 10th. Mrs. Chester Fires gave a paper on "Containers, Arrangement and Composition of Flowers".

Following adjournment the group met at the Red Top Cafe, where cold drinks were served by the hostesses.

Members present were Mrs. Henry Vaughan, Chester Fires, Woodrow Wood, Doshia Dix, Wil-

HD Club Leaders Meet Sept. 19

Elected to serve with him were Don Langford, vice-president; Travis Cummings, secretary; Dee Holliman, treasurer; Billy Moseley, reporter; and Glenn Harris, sentinel.

Ten Greenhands will be initiated into the chapter Friday night, bringing this year's membership to 47. Thirty-three of these area enrolled in vocational agriculture classes.

Miss Cherry Hiett Convalescencing at Home of Father

Miss Cherry Beth Hiett, who has been seriously ill in St. Paul's Hospital, Dallas, for 5 weeks, is convalescing at the home of her father, Kenzie Hiett, and brother, Bobby, near Vinson.

Miss Hiett was interning as a medical technician in St. Paul's when she became ill.

Bible Comment:

Shepherd's Psalm Is Timeless Piece Of Truth, Beauty

THE 23rd Psalm, the Shepherd's Psalm, has taken hold of human experience as perhaps no other single passage. There is no purer gem in all literature than these six brief verses in the modern presentation.

It is a good psalm to read when people are faced with want and danger, as a great many are today. It reminds us that these sad and dark experiences are not all of human life, that they are not indeed of God's purpose and planning. It shows that there is for man a life of peace and quiet, of faith and strength. It shows that goodness and loving kindness haven't left the universe.

The psalm strikes an even deeper note in its sense of security. Though one walk

"through the valley of the shadow of death," there is in life something stronger than the forces of destruction and decay.

We speak of this as the Psalm of David. Though a man of blood and war, there was something in David very fine and gentle as well as strong and courageous. We see him first as the young shepherd boy going out with great daring to kill Goliath. But there was a later incident in his life that reveals the quality of his spirit.

Hard pressed in battle, he had made a casual wish for a drink of water from the well at Bethlehem. Valiant soldiers heard the wish and risked their lives to bring him a cruse of water.

David would not drink it to slake his thirst. Men had staked their lives on it and made it something sacred. He poured it out on the ground as an offering, a great act of faith and worship which only a deeply feeling man could have conceived or performed. It was this quality in David that made him capable of writing such a psalm.

It never grows old.

Paul and Winney Allingham, who published the Atchinson, Kan., Globe, and who were in Wellington a few weeks ago, live in Amelia Earheart's girlhood home. It's a large house, overlooking the Missouri River, and Winney tells how you come to love these places, with their lovely interiors.

Patsy Smith Bowden, who looked like a model even as a teenager here, is now modeling professionally for Bullocks, one of Pasadena, Calif., finest stores. It happened this way her mother, Mrs. Willie Smith, said: She went with a friend to a style show . . . the friend suggested she apply for a modeling job . . . she did and was accepted. Her husband, Dillon Bowden, has been attending the Pasadena Playhouse, famous school for dramatics students, and is now in television work.

Archie Roberts, now superintendent at Beeville, saying they built new school last year, but not fast enough. With the beginning of term this week, 150 children will attend classes in the Baptist Church. He's the son of Mrs. C. E. Roberts, and reports are he's doing a fine job with the Beeville school system.

Harold Pigg going around town in his 1925 Ford Touring Car with the gas and spark regulated by two levers just below the steering wheel—the kind of car a lot of us learned to drive with. Kern borrows it occasionally. This may or may not be some sort of progress for the boys. For years

Kelly and Mary Miles have had a buggy for the boys, to the delight of the youngsters when it's brought out and hitched up.

The handsome appearance of the community building, with the new rose stage curtains hung, and the interior redecorated in pastel green . . . the only complaint heard is of the heat . . . and the inquiries of "why don't they have air conditioning". (If a small group here has their wishes there will be air conditioning by next summer.)

Mary Beth Atkins, who taught dancing here the last few years, was in town from her home town of Oklahoma City. She is not returning, but is opening a studio there, to be in the building with her sister, who operates an unusual nursery school in The Village. They're going in a new building that has been written up in the Daily Oklahman, and the representative of Life in Oklahoma City has made inquiries. Mary Beth already has more than a hundred young students, and altogether, more than 500 children will go through the nursery - dancing school each day.

Mary Frances Templeton Walker visiting here from Midland, saying that after she and John read The Wellington Leader, she gives it to the E. C. Purveys. They return it, then it goes to Joe and Grace Coleman. As we figure that out, these former Wellington residents are keeping up with the happenings of the town for a mere 66 2/3 cents each per year.

Visiting with friends here last Wednesday were Mr. and Mrs. P. W. Maddox of Hereford.

Mr. and Mrs. J. E. Bowen of Plainview visited with relatives and friends here Saturday.

* REPORT

Dear Editor:

I see where a scientifically-bent citizen claims he has figured out that how long a man lives depends on the size of his brain.

I guess this is logical, if you take it that a big brain has more room for horse sense, which feature has lengthened many lives by keeping the owner thereof out of the way of fast cars, jealous husbands, etc.

My 6% neighbor, though, says that the length of a man's life depends a lot on the size of the other driver's brain.

I note from the news reports what seems like about \$5 billion worth of confusion among the big wheels about what congress did to the national budget.

Mr. E. says they only shaved about \$1 billion off his expense account, but some of the lawmakers themselves think they wrangled off around \$6 billion.

Over coffee this morning, my bitter neighbor says he don't know either what happened to the national budget, but it's a cinch they put the usual crimp in his personal budget.

I note that many folks, including juveniles, army brass, etc., are inclined to complain about how they get criticized every time they do something wrong.

Whereas, they say, there is no comment when they do something right, on account of apparently people are not much interested in this type of conduct.

My Confidential-reading neighbor says this is true to human nature, and if somebody printed a magazine or a newspaper which just told about people behaving themselves, it wouldn't sell.

I see where an etiquette columnist says it is bad manners always to insist on picking up the check when you are out coffeeing with other folks.

This authority takes the stand that only a low-brow will be discourteous enough to keep his friends from enjoying their generous natures.

My deep-pocketed neighbor says it's real nice to learn that being a champion-grade fumbler not only saves money but also shows high-class breeding.

I see where a reporter says that a magazine which peddles dirty tales on celebrities has taken a 50 per cent drop-off in sales over the last six months.

Which I guess is a health sign, showing that folks are getting more finicky about the way their reading matter smells.

My self-respecting neighbor says one time he read a story in this magazine about a big-time movie actor, and hasn't had any use for the fellow since, on account

Lynson Thomas, Former Resident, Dies at Canyon

Lynson E. Thomas, 60, of Canyon, died suddenly of a heart attack Saturday, August 24 at Neblett Hospital in that town. A former Wellington resident, he was a brother of Mrs. John C. Harper. Thomas had farmed 5 miles east of Canyon since leaving here about 1925.

Funeral services were at Warren-LaGrone Chapel in Canyon Wednesday, August 28, with burial in Dreamland Cemetery there.

Mr. Thomas was born at Chico and grew up here. He was married to Miss Myrtle Bingham here.

Surviving are his wife; three sons and four daughters, L. E. Thomas Jr., Perryton; Bill Thomas James Thomas and Mrs. Harold Kerlagon, Van Nuys, Calif.; Mrs. Tom Thul, Milwaukee, Wis.; Mrs. James Guthrie, Boulder, Colo.; and Mrs. Carl Anderson, Seattle. There are two brothers and two sisters: P. E. Thomas, Amarillo; Major Thomas, Perryton; Mrs. H. C. Sloan, Dalhart; and Mrs. Harper.

Road Rockets Hold Meeting

The Road Rocket Car Association met Monday night, Sept. 2, with 10 members attending. One new member, Tom Belew, was admitted on the usual week's trial membership.

The club now has 19 active members.

Plans were made for a watermelon feast to be given for fathers of the members.

of he wasn't man enough to hunt up the author and rub his nose in it.

I see where the Department of Agriculture researchers have found a substance they call gibberellin which makes cabbage grow 12 feet high, tomatoes the size of footballs, etc.

The Ag Department boys must have stumbled onto the same fertilizer formula that my Uncle Mose used when he was farming, back in the 90s. He raised potatoes that it only took a peck and a half to make a bushel.

Stuff was no good on pumpkins, though. It made the vines grow so fast they wore out the pumpkins dragging them over the ground.

Assembly of God Rummage Sale Set

The Women's Missionary Council of First Assembly of God Church is sponsoring a rummage sale beginning Saturday, September 14, and continuing through out this fall.

This is a non-profit sale and all the money derived from this sale will be paid on the church indebtedness. Rummage for this sale has been donated by members and friends of First Assembly and the ladies are sponsoring this as their project to raise money to help pay off the church indebtedness, Rev. Calabrese, pastor, said.

Also, on the opening day, there will be a bake sale in connection with the rummage sale and proceeds from the bake sale will also go for the same project.

The W. M. C. has secured the building on West Avenue, next door to the Red Top Cafe for this rummage sale.

Mr. and Mrs. Zook Thomas and Nancy returned recently after several days vacation spent in South Texas. They visited in Victoria, Corpus Christi and Houston. In Austin they were guests

of Mr. and Mrs. Lester Myers, and Mrs. and Mrs. C. T. Roberts, all of whom are former Collingsworth County residents. They returned by way of Ralls, where they attended a reunion of the Bennett family, relatives of Mrs. Thomas' father.

Mr. and Mrs. Paul Dorn and daughter of Madera, Calif., were visitors in the home of Mr. and Mrs. J. S. Dorn Wednesday and Thursday. This was the first time the families had seen each other for several years. The Paul Dorn family formerly lived at Childress.

Electric Cooking
is COOL

It's truly an exciting song when you have an electric kitchen. You feel so thoroughly modern with electricity to help with every task. Electricity keeps and cooks the food, does the dishes, makes the toast and coffee and even stirs the cake. It's dependable too! Night or day, whenever you flip a switch, you know electricity is there, ready and willing.

Cool, of course it's cool, because the heat cooks the food and not the cook. Electricity is so inexpensive you can use a lot of it.

Whirlwinds Slip Past Rockets In Friday's Season Opener

By Lyndon Crelia

Wellington's Skyrockets came out of their season opener with Floydada Whirlwinds Friday night on the short end of a 12-6 ball game. The Rockets, although they controlled the first half easily, fell behind in the last half and could never get a rally started. Playing in what started as a sand storm, and ended in rain, the Rockets were dogged by fumbles throughout the game, of which the Whirlwinds repeatedly took advantage.

The setting for the first score of the game came after Floydada was stopped on the Wellington 30 yard line and on the second play quarterback Pat Wilkins tossed a 10 yard pass to end Jerry Elbert, who romped all the way to the end-zone, for a 60 yard run and TD. The attempted conversion fell low.

After the kickoff to Floydada on the second play Frank Potts, Whirlwind back, tossed a long aerial shot, which Jerry Elbert snatched out of the air and returned for 15 yards. This seemed to be the break Wellington needed, but the opportunity was short lived, for after two first downs, the Rockets fumbled, and the ball was recovered by Floydada.

The second quarter was pretty much yard for yard gaining on both teams. The ball went back and forth repeatedly from both teams on failure to make yardage for first downs. Floydada attempted a few pass plays, but the Rocket defense men held the receivers down so well, only one pass was ever completed, and it was only for short yardage.

Third quarter saw Wellington slip behind, and the Whirlwinds take the lead to rack up a scoring drive. The drive started after a Rocket fumble and the Whirlwinds took over on the Wellington 25 yard line. On the 7th play, Frank Potts, Floydada back, slashed off left guard and over from the 4 yard line. The kick for extra point failed. This tied the ball game 6-6.

After being forced to punt back on their own 8 yard line, the Rockets were hampered by the driving wind and the ball fell short on the Rocket 24-yard line. This set the field for the drive to victory for

the Whirlwinds. With only 1 play gone in the 4th quarter, Frank Potts drove over from the 2-yard line to score the TD. The attempted run for extra point was no good.

The Whirlwinds picked up only 11 first downs while grinding out 202 yards rushing and four first downs with two of them coming via the air route. Grant Cooper, Floydada's fullback, was

the game's top grund-gainer, rushing for 55 yards in 13 tries. Pat Wilkins, Rocket quarterback, carried 14 times to gain 34 yards.

Top defensive men for Wellington included almost the whole team. Every lad seemed to be doing a terrific job of holding the Whirlwinds back. Outstanding were Tank Forrester, Richard Carter, Carrol Nunnelley, Carl Daves and Jerry Elbert.

How would you like to RE-BUY everything in your house?

— if everything burned TONIGHT?

The furnishings in your home are probably worth 5 or 10 times what you think they are.

You've accumulated them one at a time—a chair, a book, a picture, a suit of clothes, a set of dishes—so you underestimate their total value.

Your insurance on these things is probably only a fraction of what it should be. For example, just list the things in one room, and see! Or ask us for a form on which to make a complete inventory of your household possessions. And we'll tell you how inexpensive complete America Fore protection against fire loss really is.

YOU ARE INVITED MONDAY, SEPT. 16

... to the Field Tour of the Field Tests that have been held in Collingsworth County during the past year.

These tests have been conducted on various types of hybrid grain sorghums, cotton production, and include the use of fertilizers and irrigation, and Johnson grass and bindweed control.

As an institution that has always been interested in better farming methods, we urge you to attend. We believe that it will be as valuable as a trip to Spur, Chillicothe, or any other experiment station, for you can see first hand the results that have been achieved right here on our own land on various types of soil.

Annual Meetings Of NFLA Held by Wellington-Wheeler

Stockholders of Wheeler County and Wellington National Farm Loan Associations held their annual meetings jointly in Shamrock Friday, September 6, with a good attendance by members and visitors from both counties.

Tom R. Cunningham, director, Samnorwood, gave the invocation, and Bob Douglas, secretary of the Shamrock Chamber of Commerce, the welcome.

A report on the financial condition was given by Raburn L. Smith, secretary-treasurer of the two associations, and manager in Shamrock.

Directors' reports were given by John R. Henard, Wellington, NFLA, and Raymond Moore, Wheeler County NFLA.

Election of directors, main purpose of stockholders' meetings, was separately by each association. A. J. Peters presided for the Wellington Board at their election in which Tom R. Cunningham was elected by acclamation to serve a 3-year term. With Raymond Moore presiding for the Wheeler County Board, Robert Terry was elected to a three-year term.

Following the business session and after adjournment, the crowd was treated to refreshments and a full-length movie featuring "Lum and Abner."

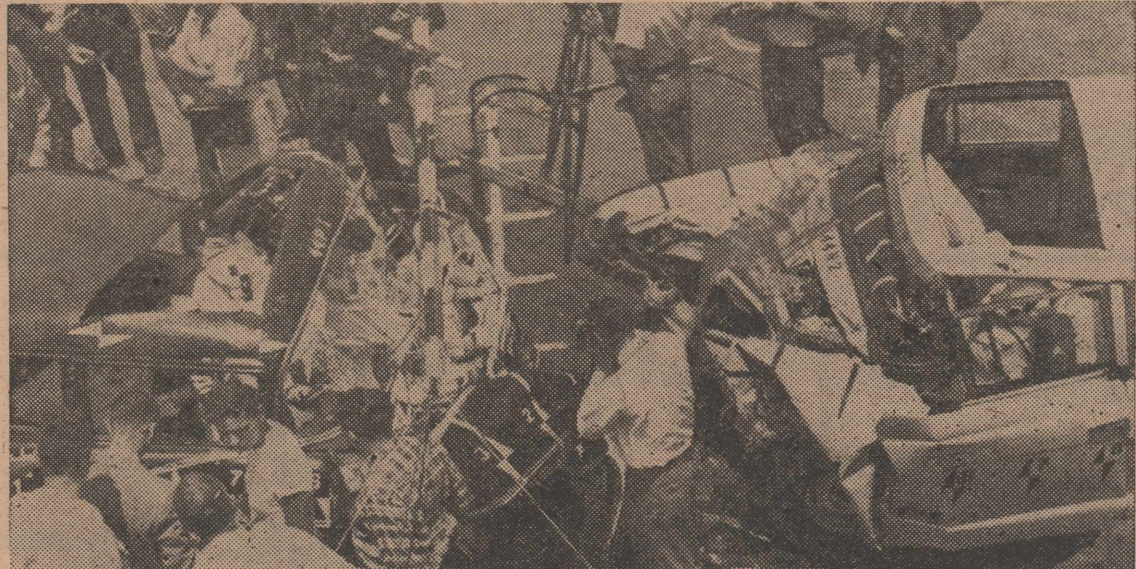

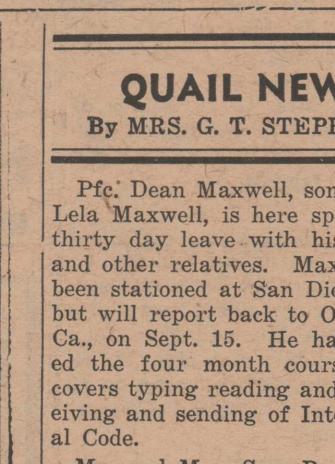

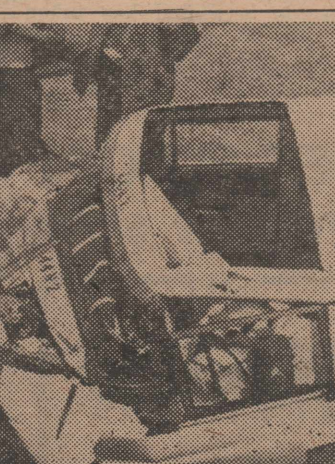

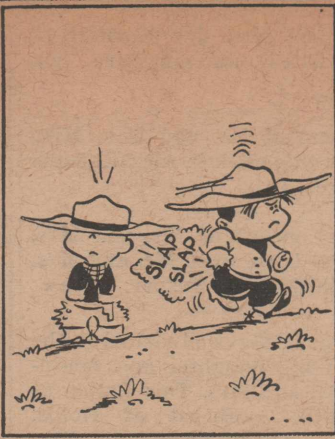

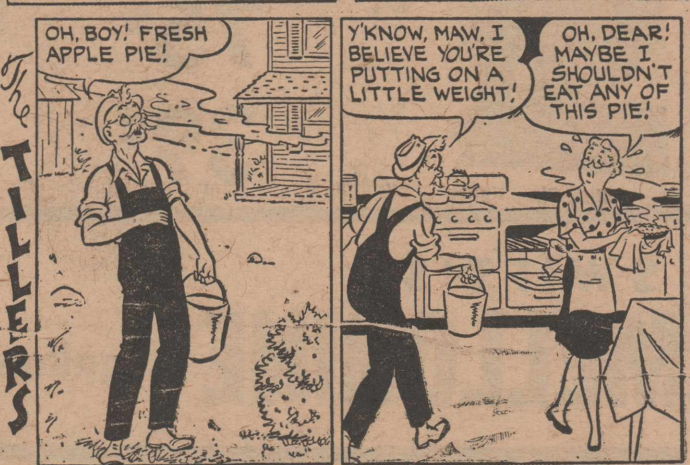

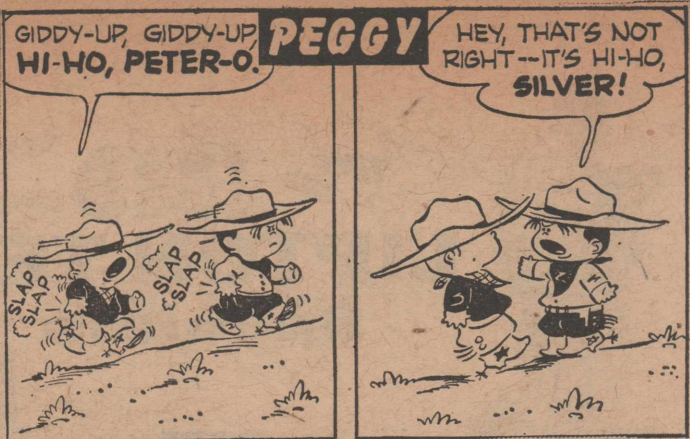

At a special meeting held in their officiation offices, the boards were organized. Wellington officers are Peters, president; W. S. White, vice president; and P. C. Cummings, Henard and Cunningham directors. Wheeler county officials are Terry, president; H. J. Finsterwald, vice-president; C. F. Waters T. C. Lott and Moore, directors.

Smith and Miss Glenna Hefley, office assistant, serve both associations. Mrs. Russell Yates, assistant secretary-treasurer serves the Wellington office.

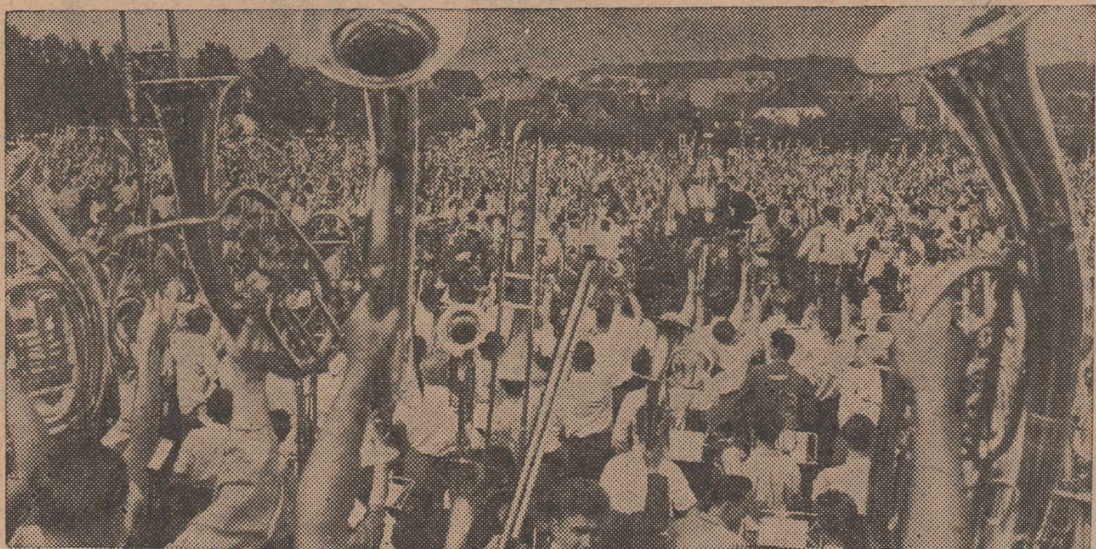

News of Men in Service

Aberdeen Proving Ground, Md. (AHTNC)—Sgt. Delmer B. Brewer, whose wife, Delta, lives in Purcell Okla. recently was graduated from the 16-week automotive repair course at the Army's Ordinance School Aberdeen Proving Ground, Md.

Sergeant Brewer entered the Army in November 1956 and received basic training at Fort Chaffee, Ark. His father, Robert Brewer, lives in Wellington.

MEMORIZE THIS PICTURE—This scene is duplicated all too often on a bright, pleasant Sunday afternoon. Many of the elements of highway tragedy are here. The smashed cars—the news photographers—curious passersby. You can smell, almost, the fumes of dripping gasoline and hot engine oil. You can hear, almost, the keening of ambulance sirens. But this is no accident. It is a carefully staged wreck, made to occur on a test track at the UCLA engineering laboratory, Long Beach, Calif., to study the effects of head-on collision.

YOUNG MEN WITH HORNS—Saluting the band leader, some 3,600 musicians raise their instruments in Gunzenhausen, Germany. The Bavarian town was the setting for a gathering of evangelical trumpeters from all over the country, a bi-annual event.

A Reminder of an Interesting Event

The First Field Tour of the Agricultural Experiments in This County

The tour will start at the Court House in Wellington, Monday, Sept. 16.

These are the experiments that have been conducted during the past year under the direction of Texas A&M.

We feel that it will be a most interesting experience for everyone who goes on the tour and observes the results of the tests on sorghum, cotton, fertilizer, irrigation and weed control.

VISIT AN EXPERIMENT STATION

RIGHT HERE AT HOME ...

MONDAY, SEPTEMBER 16, at 1:30 p.m.

Those of you who have ever visited an agricultural experiment station know that it can be a valuable and interesting experience.

Next Monday you will have the opportunity to do the same thing right here in our own county. At that time a field tour of the agricultural tests that have been conducted in various parts of the county during the past year will be held. Four experts will be on hand to discuss and explain the operations. These are:

DR. N. W. KRAMER, Lubbock—Grain Sorghum
DR. ALLEN F. WIESE, Bushland—Weed Control
M. E. JENSEN, Bushland—Cotton and Fertilizer
DR. ALEX POPE, Bushland—Fertilizer and Irrigation

As an institution that has always been interested in better and more profitable farming, we feel that you will find this tour next Monday most interesting.
