DRUMMER AND FARMER

They Raise, Can and Market Tomatoes at a Good Profit.

A special to the Dallas News from Groesbeck says: As several tomatoes, not to mention other vegetables, were allowed to waste in Texas this year on account of the want of canneries it may not be amiss to give the experience of a Horace Greely sort of farmer and his brother in the cannery business. The first mentioned is a drummer and, of course, knows all about everything. He furnished the knowledge and experience; the brother did the work. They went for diversified farming. Among other things they, or rather the brother, planted tomatoes. Now here is where the drummer shows up good and strong. He bought three canneries for $25; a single cannery is priced at $10.

The tomatoes ripened as tomatoes will do, and the cannery was started. The drummer canned the first can just to show how it was done and then he rested from his labors, and let the brother and the hired help can 7449 more cans, which the drummer afterward sold to the retail grocers of Central Texas. Stock all sold and buyers wanting more, because they were far superior to any other canned tomato offered to the trade. These cans were two and four pound cans, which required more tomatoes than the drummer and brother made, so the drummer crossed the road to a neighbor's and bought his crop at ten cents per bushel. This neighbor had shipped one car and loaded a second car, but from some cause the tomatoes spoiled and were a total loss, and the neighbor no longer fights under the banner of diverisification, for the mere sight of a tomato makes him "sick unto death." The drummer and his brother made a handsome profit on their tomatoes and next year the cannery will be enlarged.

For the small sum of $10 a farmer can buy a cannery of sufficient capacity to save all of his vegetables and the only additional cost is the cans. Every farmer in Texas instead of buying can-goods should have the same to sell.

COMPLETELY EXONERATED

Comanche Boys Acquitted of Horse Stealing at Roby.

Roby, Tex., Oct. 18.—About September 30th, J. W. Tow and Milam Tow were arrested in Comanche county, charged with the theft of horses in Fisher county about the 7th of September, belonging to W. O. Chapman. They were brought here by the sheriff of Fisher county, and their examining trial was set for October 16. Yesterday the cases against the young men were dismissed because there was no evidence against them; in fact the horses had not been stolen by any one. They were in a pasture adjoining Chapman's.

Jim Bonner, a son of Judge J. D. Bonner of Comanche, and Miss Pearle Mills of Schleicher county, eloped from San Angelo and were married in Brownwood last week.

BUSY DOCTOR

Sometimes Overlooks a Point.

The physician is such a busy man that he sometimes overlooks a valuable point to which his attention may be called by an intleligent patient who is a thinker.

"About a year ago my attention was called to Grape-Nuts by one of my patients," says a physician of Cincinnatti.

"At the time my own health was bad and I was pretty well run down, but I saw in a minute that the theories behind Grape-Nuts were prefect and if the food was all that was claimed for it it was a perfect food, so I commenced to use Grape-Nuts with warm milk twice a day and in a short time began to improve in every way and I am now much stronger, feel fifty per cent. better and weigh more than I ever did in my life.

"I know that all of this good is due to Grape-Nuts and I am firmly convinced that the claims made for the food are true. I have reccommended and still reccommend the food to a great many of my patients with splendid results and in some cases the improvement of patients on this fine food has been wondeerful.

"As a brain and nerve food, in fact as a general food, Grape-Nuts stands alone." Name given by Postum Co., Battle Creek, Michigan.

WANTS QUICK RETURNS

Controller Requests Prompt Remittance of County Taxes.

Austin, Texas, Oct. 22.—The governor has caused the controller to mail to county tax collectors a letter urging them to send in their receipts as fast as they collect the taxes. This is following the policy already outlined by dispatches from this place, that of requesting counties to pay promptly the semi-annual interest due on bonds held by the school funds, and advising some of the departments to hold up in sending their annual reports to the printer for publication.

The governor believes that the reports can wait awhile, especially in view of the fact that the legislature does not meet until a year from next January and the data of the several departments is not needed at this time.

In writing the letters the governor overlooked the fact that the tax collectors are required by law to make a monthly settlement wtih the controller, and then pay in the taxes collected.

If the people of Texas pay their taxes promptly the tax collector can remit larger amounts in their monthly settlements. Some have suggested that the govrenor should have addressed his letter to the tax payers asking them to pay as soon as possible, and thereby tide the state over the possible and somewhat probable deficiency.

It is a violation of law for anyone to have in his possession a dead bird or part of a dead bird except the buzzard, hawk, crow or ostrich, or of quail, doves and plover at certain seasons, says the Comanche Chief. The ladies should take warning and see to it that their fall and winter hats contain no plumage except that of the aforenamed excepted birds, otherwise they may become inmates of the new jail. The chicken and all domestic fowls are exempt from the provisions of the law, fand it will therefore be no violation to pluck the tail feathers of the rooster or gobbler.

RAISING RIBBON CANE

Brazos County Farmers Make a Superior Syrup.

Bryan, Texas, Oct. 22.—The growing of ribbon cane for profit is on the increase in this section and many farmers are manufacturing a high grade of open kettle molasses, for which there is a better demand than for the better grades of commercial molasses sold in the stores.

In order to produce a more merchantable package, some farmers have abandoned barrels and jugs and are putting their product up in neatly labeled cans of various sizes this year, with promise of good returns.

The Texas Baptist Memorial Sanitarium at Dallas has been incorporated. Its purpose is to conduct a benevolent hospital and sanitarium, and its assets are estimated at $35,000. Giles H. Connell, formerly of Dublin is one of the incorporators. The others are R. C. Buckner, C. C. Slaughter, A. B. Flanary, J. B. Gambrell, G. W. McDaniel E. T. Lewis, Dallas; G. W. Carroll, Beaumont; F. W. Johnson, Pecos; F. L. Carroll, Waco and J. P. Crouch, McKinney.

DIED IN COMANCHE

News of the Death of J. H. Patterson Received at Greenville.

Greenville, Texas, Oct. 18th.—Messages were received here late this afternoon to the effect that J. H. Patterson, ex-Deputy Constable of this city, had died suddenly at Comanche, Comanche county. Mr. Patterson left here last Wednesday night to go to his farm near Comanche to see about having his crop gathered, and the information obtained did not state what was the cause of his death. His family resides here.

The Standard describes the cowboy ball at San Angelo last week as a "howling success."

TOTAL OCCUPATION TAX

Figure is Cut Down by Prohibition Operations.

Austin, Texas, Oct. 22.—The decrease in the receipts of taxes paid by liquor and beer dealers, due to the increase of prohibition, has had the effect of reducing the total income from occupaion taxes, though there be stringent times in revenue balances.

The total amount of occcupation taxes collected during the fiscal year just ended was $1,0118,888.38, as against $1,058,406.36, a decrease in a year of $46,518.06.

J. H. REAGAN TALKS OF HIMSELF

Some Early History of an Illustrous Confederate.

On the eighth of the present month the eighty-fifth anniversary of the birth of Hon. John H. Reagan was fittingly celebrated by the John M. Stephens camp of Ex-Confederates at Stephenville and upon the occasion was the recipient of a bit of personal history of the hero written by Judge Reagan at the solicitation of the camp for some information of his doings previous to 1856.

Judge Reagan said, "In 1839, the year I came to Texas, I was in the army of what is known as the Cherokee campaign and participated in the battles of the 15th and 16th of July of that year. In 1841 I was in the campaign against the Inidans in the cross timbers. 1839 to 1843 I was a deputy-surveyor in the Nacogdoches and Houston land districts. In 1843 I commanded the Nacogdoches company sent to quell the civil war in Shelby county. In 1842 I was elected captain of a company, and justice of the peace in Nacogdoches county. In 1846 I was probate judge and colonel of militia in Henderson county. In 1847 I was elected to the house of representatives of Texas. In 1855 I was elected judge of the 9th judiciall district of Texas for six years. In 1856 I resigned that position and was re-elected for another term of six years, and in 1857 I received my first election for a seat in congress."

J. J. King, a prosperous and intelligent farmer who now reisdes near Dublin on a farm of sixty-one acres, only lately came here from Hill county, where he cultivated land which was worth on the market fifty dollars an acre. He remarked to a reporter a few days since that he would not give his present farm near Dublin for any equal amount of land in the whole of Hill county. Mr. King is only one of many progressive planters who are learning the productiveness of Erath soil and are seling out farther east and coming to this coutnf.

TEXAS COTTON GROWERS

Convention to be Held in Dallas November 5th and 6th.

J. H. Connell, secretary of the Texas Cotton Growers Association, has issued a call for the second annual session which will be held in Dallas November 5th and 6th. Everything pertaining to the culture of cotton will be discussed and particular attention will be given to the boll weevil.

By the call issued for this convention the county judges of Texas are requested to appoint prominent farmers and cotton planters from each county to this convention, and the commercial clubs and similar bodies in Texas and all the cotton states, together with the cotton seed oil mills, compresses and cotton factories throughout the country, and the railroads interested, are requested to appoint responsible delegates who will attend this important meeting.

All officers and business organizations desiring to have their delegates recognized in this convetion should send the names of such delegates as soon as possible to J. H. Connell, Dallas, the secretary of the cotton Growers' convention.

AFTER BETTER RESULTS

Commissioner Clay Investigates Matter of Marine insurance.

Austin, Texas, Oct. 22.—W. J. Clay, commissioner of insurance, has returned from a trip to points in the east, where he made investigations of methods pursued by certain insurance concerns. One of the purposes of the trip was to ascertain the reason of the small tax receipts from companies doing a marine business.

There are thousands of bales of cotton and bushels of grain leaving the port of Galveston, not to mention other ocean freights, which are insured, but the state receives a very small amount of tax from the inusrance companies taking the marine risks.

Mr Clay refused at this time, to make any statement relative to what he accomplished on his trip, but it is understood that the department expects results in an increased tax next year from marine companies.

It seems that the trouble has been that these companies are foreign establishmnts to a great extnt and it is hard and almost next to impossible to reach them with the laws of Texas.

Boy at McGreggor Plays with a Gun and Kills His Brother.

McGregor, Texas, Oct. 18.—Obed, fourteen year old son of Berry Cox, a farmer near Ryan, accidentally shot and killed his ten year old brother, Jim, this eveninng. The parents were atteding a burial at Evergreen. The boys were playing each with a gun, supposed to be empty. The one in Obed's hands proved to be loaded with bird shot, which killed his brother instantly, entering the right breast. A younger brother was present and witnessed the accident. The mother is prostrated with grief.

BROWN, THE COTTON KING

Announces Complete Success of the Bull Campaign.

New Orleans, La., Oct. 18.—W. P. Brown, the cotton king, returned home today from New York. He announced the complete success of the bull campaign, which actually handled three hundred thousand bales of cotton.

He admitted that French capital was largely interested in the corner, and claimed that the campaign would permanently raise the price of cotton, the fact that a corner could successfully be accomplished preventing low prices in the future.

The independent packing house proposition will be taken up by leading cattlemen of Texas after the adjournment of the meeting of the executive committee of the Texas Cattle Raisers' association at Fort Worth on November 30th. Fort Worth hopes to get the plant.

The farmers meeting at the opera house last Saturday evening was very poorly atended by the farmers, the main portion of the attendance being patent right men selling cream separators and patent churns, etc. The farmers were busy gathering and marketing thier cotton, and not more than a dozen genuine farmers who farm on the soil were present.

When the strike of Pacific express messengres was declared last week only one employe running on the Texas Central obeyed the order; this was messenger Hensley. Two of the messengers who belonged to the union withdrew and said they were too old to secure other positions in case the strike was lost. The other messenger who continued to hold down his run was not a member of the union. At present the company is handling express on trains No. 1 and 2, but no business is handled on the other two trains.

A LIE NAILED.

To Whom it May Concern.—There has been a report circulated that the managers of the Farmer's Cotton Yard entered into a conspiracy with the merchants and cotton buyers to scale the farmer out of four pounds on each bale of cotton that is weighed with us. This report we denounce and brand as a falsehood from first to last. We grant every man the right to try our new and tested scales, as they are public property and we are public servants wishing to do every man right and are actuated by the principle of right.

We assert that no merchant or buyer has even made us a proposition of this kind, on the other hand all have said we only want just and honest weights.

Now, we are here in the cotton yard business to do everyone right, regardless of any report you may hear and we are thankful for past favors and solicit a liiberal share in the future. We are your servants,

A. E. Marsh,
T. E. Davies.

FURNITURE.

We are showing the largest line of furniture ever shown in Dublin trade territory and are going to make some prices on it that will move it in the next few weeks.

ALL KINDS OF UNDERTAKER'S GOODS.

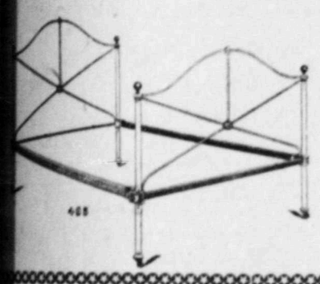

DRY GOODS.

We simply want to say on Dry Goods: we invite comparison on legitimate merchandise. We are here with the goods and ask you for your trade on purely business principles—that is, if the other fellow sells you the same grade of goods cheaper, buy from him; if not, we ask the business.

PALMER.

Regular Correspondence.

Oct. 21st.—Farmers are still busy picking cotton but if the weather remains fair this week some of them will get up with their picking.

Andrew Jordan had the misfortune to get his blacksmith shop burned last Saturday. It was a farm shop and in it was stored a considerable amount of cotton seed, meat, molasses and other products, all of which were destroyed. The fire was supposed to have been started by some children playing with matches.

Miss Lou and Arch Sheats, who are attending school at Stephenville, were down Saturday visiting home folks.

John Wilhite is at Comanche this week.

Earle Douglass and family went yesterday to Jesse Shadrick's to pick a crop of cotton which he has there.

Mr. Hugh Blair was married to Miss Laura Bingham yesterday evening a the residence of the bride's father, H. L. Bingham. We wish the young couple much joy.

VICTOR.

Regular Correspondence.

Oct. 21st.—Mrs. Sparger is reported quite sick at the present time, otherwise health in this community is exceptionally good.

Cotton picking is going on at a rapid rate and in this locality cotton will soon be out.

Nean Stephens made another business trip to Victor Saturday and remained for the singing Sunday.

Edgar Wharton is recovering slowly.

From present indications our prophets on weather prognostications say that we shall have unfavorable weather soon. That's easy.

The Woodman entertainment here last Saturday night was pronounced a success by all who attended, and there was a large number present. The program consisted of music, recitations, songs, etc. An especially interesting feature was a song by Mr Bill Bowen. Old people and young from the surrounding communities attended, some coming as far as fifteen miles. Several of the young people present came from Highland and from the Roch school house communities. Among those present were Ben Moore, N. Stephens and the Hood boys, who had visited our community before and we hope will return at intervals again.

In connection with the entertainment and a part of it the young ladies of this community arranged to have a box suppper, which was a notable feature, as it was well looked after and all neccessary preparations made. Extra boxes were prepared for any visiting ladies who might like to take a part. All the boxes were taken and more would have been, had the suppply been as the demand.

Singing at this place was well attended last Sunday evening.

ALEXANDER.

Regular Correspondence.

Miss Aima Murray is visiting here brother Dr. Murray at this place.

Mrs. Amanda Goodson has moved back from the plains to her farm near here.

The gin at this place has broken down and it is uncertain whether it will be repaired for this crop or not as the crop is thought to be over half out.

Wm. Hickman of Downing is here to visit with his son J. A. Hickman, who is farming with J. L. Watson this year. Mr. Hickman expects to remove to the west as soon as he gets his crop gathered and he has already settled upon locating in the Reaves county strip. It is said that he wants company and it is likewise reported that some of our girls are looking out for that.

ARRARAT.

Regular Correspondence.

Oct. 21st.—People of this community are greatly behind with their work, some not even being done harvesting their corn and as a consequence farm help is greatly in demand.

Cotton is now doing very well and the yield will be better than it was thought a few weeks ago though not as good as was expected at the beginning of the season.

Miss S. J. Wells has been sick again the past two or three weeks.

Misses Rhoda Dennis and Pollie Wells are each improving from a recent spell of sickness.

W. L. Brown has been very sick for the past two weeks or more.

W. T. Wells attended business at Comanche last Monday.

There was a large crowd in our burg last Saturday night to attend the show.

Tom Davidson and family visited Tom Wells and family last Sunday.

POINT LOOKOUT.

Regular Correspondence.

Oct. 19th.—The picking of cotton that is now being made will finish the crop in this section and the yield will be exceedingly short.

This scribe visited in Hamilton county last week. We found cotton pickers greatly in demand in that county and the crop very good, much better than in this county. I met with some of my old time friends while on the trip. Some of them I had not seen in thirty-five years and we enjoyed talking over many incidents of our youthful days.

Luther Ogaleberry, nephew of Fountain Johnson, is very sick.

The two Miss Johnsons, who we reported sick last week are now about recovered.

W. J. Stephen and Miss May Timberlake were married a week ago last Sunday.

Miss Annie Timberlake was taken quite sick last Friday night but is better at this writing.

COW CREEK.

Regular Correspondence.

Oct. 22nd.—Cotton picking is moving rather slowly at the present time on account of the scarcity of pickers.

Mrs. Crawford, who has been quite sick for some time, is improving slowly.

The infant child of Johnnie Humphrey and wife, died Sunday night and was buried in the Northcutt cemetery Monday.

Rev. Ewell of Proctor preached here last Sunday.

Rev. K. S. VanZandt and family of Harbin, were visiting in this community this week.

M. J. Thompson and Davis K. Doyle of Stephenville spoke here last Friday night. The gentlemen acquitted themselves nicely and to the satisfaction of all present. Each of them will at any time meet a hearty welcome in our midst should they visit us again.

Rev. Everage, pastor of the First Presbyterian church at Stephenville, for some unknown cause failed to meet his regular appointment here last Sunday night and evening.

LINGLEVILLE.

How's Your Face?

This is the season when some people's face hurts them—its very annoying to have your face chapped and burning. You can avoid such trouble by using

Overtons Cream of Roses

A great many people use it—they all like it—it is very fragrant and is pleasant to use. Unlike most preparations, for this purpose, it does not leave the skin oily, but as soft and smooth as a baby's. Gentlemen find it delightful to use after shaving—it removes that stinging sensation and prevents chapping. Try a bottle this cold spell, you will be surprised at the benefit you will get from it. Mrs. Duncan, mother of J. F. and Dave Duncan and Mrs. Ruskin of the Lingleville community, died at the home of her son J. F. Duncan, near Lingleville, last Sunday night at the advanced age of eighty-two years, death being due to a complication of diseases induced by advancing age. She was buried at the Methodist cemetery, in Lingleville Monday afternoon. The deceased resided in this county more than twenty years.

Owing to unavoidable circumstances, the time and place for the meeting of the Brownwood Presbytery which was to have been held in Dublin October 20th, had to be changed. A quorum not arriving in Brownwood that morning in time to catch the train for Dublin, Mr. Hall, who was to have been ordained here Tuesday, was advised by telephone to go down to the Synod at Milburn, where it was arranged for the ordination to take place. It was a disappointment to the church here not to have the Presbytery meet with them and they regret it very much. A cordial invitation to attend regular services on the first and third Sundays is extended.

Reports from various parts of the county are to the effect that farmers are practically all selling their cotton as fast as it is gathered. Many are also now sowing rye, wheat and oats whenever they can get time away from their cotton crop to do so. It is argued particularly for oats that they make as good or better pasturage than anything else if they should not be caught by the frost and that after use for pasturage they are nearly sure for a good crop next year. If killing frost does not appear before another three or four weeks it is said that another crop of sorghum will also be made, largely increasing the already fairly good supply of forage in the country.

It's Impure Blood.

"What is it?" asks the mother as she notices the smooth skin of her child marred by a red or pimply eruption. It is impure blood, and the child needs at once to begin the use of Dr. Pierce's Golden Medical Discovery, the best and surest remedy for impurity of the blood. It entirely eradicates the poisons which corrupt the blood and cause disease. It cures scrofula, boils, pimples, eczema, saltrheum and other eruptive diseases which are the direct result of impure blood. It enriches as well as purifies the blood.

"Dr. Pierce's medicine has not only benefited me greatly, but it has done wonders for my two sons," writes Mrs. M. Hartrick, of Demster, Oswego Co., N. Y. "Both had scrofula. I have lost two daughters in less than five years with consumption and scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery, and has not had a hemorrhage in over a year. My younger son had scrofulous sores on his neck, had two lanced, but has not had any since he commenced to take your medicine."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

The case of Carroll Bates, convicted in Comanche county of running a disorderly house, has been reversed and remanded for a new trial.

John McCarley has sold out his interest in the steam laundry at Cisco and returned to Dublin and gone to work for the Ideal people.

Bishop A. C. Garrett of Dallals will be in Dublin next Sunday and hold services at the usual hour at the Episcopal church. The Bishop is a forceful and entertaining speaker with more than the usual depth of thought and command of language.

Sam Ewalt says that he expects to double his cantaloupe crop next year in order to afford employment for two bouncing baby boys that arrived at his home on the last Friday the 16th. inst. The youngsters weighed respectively 6½ and 7 pounds and are well and hearty. The mother is reported as doing well.

Among other things required in an application for a license to practice law one must be at the time in good moral standing in the country in which he lives. It must be a pleasant thought to the lawyer long in the profession to know that in one time in life his morals were up to the standard.—Joshua News.

There's no risk for you in buying the Buckskin Breeches. No risk for the dealer in selling them. If there's any kind of weakness or fault about them, you get another pair or your money back We don't run any risk ourselves. We know they are all right—know they are the best working pants that can be had at any price.

E. R. Snead, proprietor of the Red Wagon yard, solicits the patronage of the general public. Mr. Snead has generally overhauled the yard, placed it in better condition than it has heretofore been and now makes it a point to keep all kinds of feed, which he will sell at reasonable figures. You will be treated right at the Red wagon yard. 18tf.

J. D. Martin of near Carlton, a staunch and long time friend of the Progress, was in town last Saturday on business and as his usual custom called and advanced his figures on the Progress. Mr. Martin is a prosperous and intelligent farmer, the likes of whom are worth something to the country. He has recently bought a three hundred acre tract of land adjoining his farm near Palmer and added it to his already large holdings of valuable property. The tract was that known as the Gibson place.

W. M. Shipman who lives on the 3 Circle ranch near Bluff Dale was in Dublin this week marketing a load of cotton and buying supplies. Weighmaster Young asked him how it was that he hauled his cotton so far when there were scales and cotton buyers at both Bluff Dale and Stephenville, nearer his home. "I wanted to come to a market," Mr. Shipman replied, emphasizing market. "Wouldn't Sephenville do" the weighmaster inquired. "No; I wanted to come to a market," reiterated Mr. Shipman, "and that's why I didn't stop at the other places" Dublin buyers are buying cotton of the merchants and buyers in the surrounding towns at from 1-16th to 1-4th of a cent over the prevailing prices in those places and then get it for less than the prevailing prices in Dublin. For that reason many farmers who have no mortgages on their cotton and are not under obligations to merchants in other towns, are hauling their cotton to Dublin and getting the advantages of top prices.

TO THE FARMERS OF THE SURROUNDING COUNTRY:

The report has come to us that some party or parties have norated among the farmers and cotton raisers of this section, that we, as cotton weighers at the People's yard in Dublin, had gone into an agreement with the buyers of Dublin to hold up four pounds on every bale of cotton that we weighed. We unhesitatingly denounce this report as false and without any foundation whatever and also denounce the party or parties who placed it in circulation as falsifiiers of the first water. Our scales are absolutely correct and we invite an inspection of them wby anyone interested and especially the farmerss. We mean to give honest weights and honest wieghts only; neiether discriminating in favor of the buyer or seller. The senior member of our firm has been in Dublin twenty-seven years and defies anyone to charge a dishonest act against him. After a rigid investigation of these reports, which we ask you to give, we are willing to stand the consequences and if they are untrue give us your cotton; if they are true do not do so.—Yours Truly,

J. N. Brown,
H. A. Norwood.

George Bryant Surrenders

George Bryant of near Wilson came into the office of the sheriff of Comanche county last week and surrendered, acknowledging that he killed Newt Jones, whose death was mentioned in a recent issue of the Progress. Bryant said that the deceased had twice insulted his wife. The last time she had told him and he took his gun and laid for Jones where he knew he would soon pass. When he came by in his buggy he called to him and told him he intended to kill him. Jones attempted to draw his pistol and he shot him twice with a shot gun loaded wih buck shot.

He said that the deceased had once caused a seperation between himself and wife.

Notice to City and School Tax Payers.

Notice is hereby given that all city and school taxes for the year 1903, are now due and payable and tax receipts are prepared and ready for delivery upon payment of the amounts. These taxes must be paid before February 1st of the coming year and all not paid by that time will dealt with as the late law directs. I may be found at the Dublin National Bank and respectfully request that all tax payers come forward at as early a date as possible and liquidate their amounts, thus preventing action required by law for me to make in case of delinquency.

Child Accidentallv Killed.

A ten months old child of Mr. and Mrs. A. B. Crank of the Shelby community, north of Lingleville, was accidentally killed last Sunday. The parents had started in a wagon to attend a wedding at the home of Jim Gardner and on the way the wagon ran over a stump. The jar threw the mother with the child in her arms out of the wagon in such a position that the child's head was crushed and it was almost instantly killed. The mother was also severely bruised, though not dangerously so. The child was buried Monday.

A Progress representative looked in on the Harbin and Purves folks the first of the week. It was no joke indulged in by our correspondent from the former place about the doctors and dry goods boxes; but the rest of the population—well if it were as numerous as it was busy that day, Chicago would have to extend it's corporations lines. The continuous procession of wagons traveling to and from the cotton gins does not give one a fair idea of the amount of raw material that is being handled. At Purves Wednesday the cotton wagons were packed together like sardines in a box. The opinion at Purves is, however, that another week of good weather will about harvest the cotton crop. At each of the places named our representative addeda large number of new subscribers to our already large list at those places and made considerable collections also. The friends of and patrons of the paper in all sections of the country are coming forward at the present time in a manner calculated to make the publisher begin to figure on a greater paper for the people next year. Our representative will be out for some time to come and will try to see all the subscribers possible, as well as those who are not subscribers.

Farms Wanted.

I can sell your farm in Erath or any of the adjoining counties. My facilities for so doing are the best. I am turning away people every day because I have not the place that just suits them—yours might fill the bill. By mail I am getting from five to ten inquiries daily from people who are hunting new locations. These inquiries come from farmers who are selling out in the old states, and a great many from counties in this state. If you want to make a change now is the time to do so. My terms are reasonable and all business intrusted to me will receive my careful personal attention. If you cannot get in to see me at once, write, giving full description, price terms, etc. Do not wait until too late, let me hear from you at once.—W. R. McClellan, Real Estate and Loans, Stephenville, Texas. Office in court house, east side. 19tf

Lampasas: The antis lost out before Judge Martin, the testimony being insufficient to nullify the election. The antis, however, gave notice of appeal and another fight came up Tuesday as to whether or no the commissioners would now be allowed to proceed with the count. Judge Martin held that pending the appeal the injunction was in force until finally disposed of by the higher court.

TOLAR.

Regular Correspondence.

Oct. 21st.—The sad news was received here last night that Mrs. Will Watkins, nee Miss Lucy Nutt, had died in Ft. Worth late yestreday afternoon. Mrs. Watkins was partly raised here and has many friends who regret to hear of her untimely death. The corpse will arrive on this afternoon's train and be laid in its final resting p'ace in the family cemetery.

Jerome Grooms of the Fairview community was shaking hands with friends here to-day.

Mrs. Emma Culpepper is visiting in Carlton. Jeff Nutt and lady of Granbruy are here to attend the funeral of Mrs. Watkins.

Chas. Holderfield of Buckner is here in the interest of the Praetorian Fraternal Society.

Miss Lena Brown visited home folks at Granbury last Monday.

The Tolar cotton market is attracting quite a lot of cotton from Bluff Dale, Paluxy and other points.

Albany: District court convened Monday morning Judge J. H. Calhoun presiding. The case of the state vs. Flournoy, transferred from Jones, is the first case on the docket. There are nearly one hundred witnesses in the case. The court docket is the heaviest in years, both criminal and civil.

Hillsboro: A call has been issued by Chairman D. C. Warnall for a meeting of the Hill county populist executive committee at Hillsboro on October 31st. Cyclone Davis and Stump Ashby will speak in the afternoon.

Moody: The $10,000 building of the Methodist church at Moody is nearing completion.

W. J. Hood is having a paint shop erected on the lot immediately in the rear of H. A. Simth & Co's. lumber yard and directly in front of Warner's carpenter shop.

San Angelo: The one-thousandth bale of the San Angelo market's cotton receipts for which a premium of $5 had been offered by the business club was brought in by M.E. Trimble.

Marlin: Father O'Shorer, for five years in charge of the Catholic church at Marlin was killed Monday while out hunting, by the accidental discharge of a gun.

Langtry: Sam Bean, son of the late Judge Roy Bean who was known to fame as the law "and whiskey west of the Pecos," has been arrested for stealing goats.

Denton: The union carpenters working on the Girls' Industrial school struck last week because some non-union men were employed on the job. The strike has since been called off.

Taylor: The wife and child of Carl Hanson were burned to death Monday. The chlid's clothing caught fire at a wash pot and in trying to save it the mother was also fatally burned.

Sherman: C. L. Andrews and R. L. Heflin have been appointed receivers of the Sherman Oil and Cotton company, operators of the largest cotton mill in the world. Liabilities $225,000; assets $500,000.

Texarkana: Harry Mitchell, printer, was found dead alongside the track of the Texas & Pacific railroad. His parents reside at West Alexander, Pa., and the remains were shipped there by the typographical union.

Goldthwaite: The local option election in Mills county Saturday excited very little interest. More than half the voters stayed away from the polls. There was not a speech made on either side but the county went dry by a vote of about five to one. Only one box went wet.

Beaumont: The holdings of the Hogg-Swayne Oil syndicate in Louisiana and Texas have been consolidated and a new company with a capitalization of $2,000,000 will take over the properties. General Nelson A. Miles is one of the principal stockholders of the new company.

Stamford: Cotton pickers are badly needed in the Stamford country. The fields are white with cotton and extra hands are scarce. Gins are running day and night. The yield will greatly exceed former expectations. Two or three weeks more of pretty weather will increase the out put, as many bales will open.

Bonham: In the county court of Fannin county Hance Kirby was convicted of violating the local option law and was given twenty days in jail and fined $25. Kirby is the proprietor of a cold storage at Honey Grove. Several cases for violating the local option law have been tried in Bonham this week and in each instance a conviction was had.

Bishop Scarborough of the Episcopal diocese of New Jersey has refused to approve the appointment as rector of a church in his jurisdiction, of Rev. George Kettel, who married a divorced woman. The case has been taken into the civil courts and may become a celebrated one.

DOCTOR KNEW

Had Tried It Himself.

The doctor who has tried Postum Food Coffee knows that it is an easy, certain, and pleasant way out of the coffee habit and all of the ails following, and he prescribes it for his patients as did a physician of Prospertown, N. J. One of his patients says: "During the summer just past I suffered terribly with a heavy feeling at the pit of my stomach and dizzy feelings in my head and then a blindness would come over my eyes so I would have to sit down. I would get so nervous I could hardly control my feelings.

"Finally I spoke to our family physician about it and he asked if I drank much coffee and mother told him that I did. He told me to immediately stop drinking coffee and drink Postum Food Coffee in its place, as he and his family had used Postum and found it a powerful rebuilder and delicious food drink.

"I hesitated for a time, disliking the idea of having to give up my coffee, but finally I got a package and found it to be all the doctor said. Since drinking the Postum in place of coffee my dizziness, blindness and nervousness are all gone, my bowels are regular and I am agagain well and strong. That is a short statement of what Postum has done for me." Name given by Postum Co., Battle Creek, Michigan.

Look in each package for a copy of the famous little book, "The Road to Wellville."

Notice to Homeseekers.

The lands originally granted to the Houston & Texas Central railway company, situated in the counties of Stonewall and King, aggregating 203,000 acres in the former county and 51,000 acres in the latter county, will be put on sale at the town of Aspermont on November 4th, 1903.

Sales of these lands will be made in tracts of 160 acres up to as much as four sections to one purchaser. Terms of sale, one-fifth cash, balance in four equal annual payments, 6 per cent interest, payable annually, deferred pyments secured by the land; conveyance made under general warranty.

The lands in Stonewall county are mixed grazing and agricultural, the Brasos Valley lands in this county being as fine as can be found anywhere for agricultural purposes. The lands are adapted to the growth of cotton, corn, and all forage crops, and are particularly adapted to stock farming purposes, which has been pursued with great success. They also produce melons and fruits to great perfection indigenous to that climate.

The lands in King county are a high-class of grazing lands and are adapted to the growth of small grain and forage crops, as well as stock farming purposes. Melons and fruits of every variety indigenous to that climate are grown in this county.

For maps or other information relative to the above lands apply to Geo. H. Williams, Local Agent for the receiving of applications for the purchase of lands at Aspermont, Texas, or C. C. Gibbs, Land Commissioner, San Antonio, Texas. 22-13

Notice to Teachers

I hereby call a meeting of the Teacher's County Institute of Erath county, to meet at the public school building in Stephenville at 10 a. m., Saturday October 31st, 1903. Every teacher in the county is cordially invited and earnestly requested to be present at this meeting, this Oct. 14th, 1903.—L. N. Frank, Co. Judge and Ex-Officio County Superintendent of Schools.

Ex-Governor Peter Turney of Tenneessee is dead at his home in Winchester, that state.

After three months of idleness cotton mills at Fall River, Mass., employing one thousand hands, have resumed operations.

Judge Isaac Stoddard, secretary of Arizona territory, is involved in a political scandal. The charges have not yet been made public.

The Union Trust company and the Maryland Trust company of Baltimore failed Monday. The liabilities of the two companies exceed $10,000,000.

The Columbian government has intimated that it desires to renew negotiations for the construction of the isthmian canal and the United States will give the proposition, when made, a hearing.

The gin at Highland broke down last Friday and has not since been able to run which condition may probably continue during the present season unless it is repaired within the next few days. A defect in the press screw was the cause of the trouble. The patrons of the gin are now patronizing the gins at Dubiln, Bunyan and De Leon, with a decided preference for the former.

Senator Quay has announced that he intends to renew his efforts to secure statehood for Oklahoma, New Mexico and Arizona, and it is anticipated that the long fight of last winter in the senate will be repeated, although in a different form. The republican management will lead off with an affirmative proposal for consolidating the territories. This the democrats and Quay republicans will oppose. Senator Quay has large railroad and other interests in New Mexico, which probably explains his insistency in demanding statehood for the territories.

Malaria

Is a veritable dragon of ill-health. It leaves in its more physical wrecks than probably any other one disease peculiar to Americans.

WHY? Simply because upon the first indication of the malady the system is speedily scourged with quinine, or that deadly mineral calomel.

Don't Do It. It's Dangerous. It isn't at all necessary either. We positively guarantee

HERBINE

to PREVENT and PERMANENTLY CURE any form of malaria. It is purely herbal. Has all the virtues of quinine and calomel—none of their deadly effects. It corrects all liver, kidney and stomach troubles.

HAMILTON.

Peter Landon has purchased Matthias M. Girk's 480 acre farm on Partridge creek, paying therefor the sum of $3,000.

The Herald notes that Jim Williams sold his farm and ranch, embracing 67 acres and lying five miles south of Hamilton, to W. W. White at ten dollars an acre.

The Herald is booming George Oliver of Hico for re-election to the office of county clerk of Hamillton county. Hico must be pacified and nothing short of pie will effect that result.

Mark Campbell, recently of Lamkin, is relieving the sufferings of the thirsty patrons of J. L. Talley's bar. Editor Peck of the Rustler vouches for Mr. Campbell's talent as a mixologist.

H. Nagel, a substantial farmer of Jonesboro, who has resided in Hamilton county for twenty-one years, has sold his farm of 371 acres to Emil Binger of Austin county for a consideration of $3000.

A "show" struck Hamilton the other day. The "band" consisted of four persons, and the Herald says the horns looked like they had done service in the revolutionary war. Hamiliton "turned out" in large numbers to see the "colossal aggregation of peerless and unrivalled entertainers."

To the Herald's "clipologist": There's no copyright on the Progress' local stories. Help yourself. There was a noticeable improvement in the Herald last week. Sharpen your scissors, lay in a new supply of paste and keep your readers posted as to what's doin' over this way. Don't go to the trouble of giving credit.

GRANBURY.

John E. Brown, the noted Shorthorn breeder, sent his show herd of prize winners to the Santone fair.

Preston Goforth went forth from Granbury last week in quest of a better town in which to pitch his photograph tent and stopped at Tolar.

Cards are out announcing the approaching marriage of Mr. Charles Morris of Granbury, and Miss Theopa Dabney of Thorp Spring, on Sunday, October 25th.

Poles for the electric light wires at Granbury have arrived at that point and are being put up. So soon as the dynamo arrives and is placed in position the lights will be turned on.

J. Newton Nutt, casher of the First National Bank of Granbury, and Miss Georgia Ferguson of Fort Worth who were recently married have returned to Granbury and gone to housekeeping.

J. H. Roberts' nose was broken the other day, and it didn't result from poking it into somebody else's business, as is sometimes the case in such accidents. He fell from a road grader and struck a grub.

In the case of Will Fine, charged with seduction and on trial in the district court at Granbury last week the jury failed to agree and were discharged. A divorce was granted during the week to I. P. Collins from Mrs. Quinn Collins.

The Graphic-Truth apologises for failing to say that Sheirff Sandlin stopped the operations of the gamblers and graftres with the Sells & Downs show. The sheriff had to bring his six shooter into play to convince one of the gamblers that he meant business.

John Groesbeck & Co., of Stephenville, have bought a half interest in J. E. Shelton's real estate business and the firm will hereafter be Groesbeck & Co. Mr. Shelton will have the local management of the business. They will also put in an office at Tolar in a few days.

Z. C. Morrison, a farmer near Granbury gives it as his experience that boll weevils will not thrive in fields where the cotton is planted in rows far apart. It is certain that the weevil would not thrive where the cotton rows were a mile apart and the intervening ones planted with other crops.

GRAND OPENING OF FALL AND WINTER GOODS!

Good goods, like good deeds, are unending in their results. Permanent success was never built on chance or luck. It must have a firm foundation. The fact that our business continues to grow, and each year's growth is greater than the one before, is evidence that the people are pleased with us and our methods of doing business. We know that to hold our present large business, and increase it in the same ratio as in the past, that we must give every man, woman or child who spends a dollar with us a dollar's worth. We have been with you over twenty years. We have not built up on the demerits of others, but have attained our present high standard and large patronage by meritorious conduct, strict honesty, and by giving the people the most of the best for the least money.

A WELL DRESSED MAN

Makes you stop and consider the very important point "Do I look like him, or am I a little off in style? I wonder what it costs him to look like that.

NOW LISTEN!

If he lacks good judgment it costs him a lot of money. If he places himself in our hands it doesn't, because our suits are very moderately priced, from $5.00, $7.50, $10.00, to $15.00 and $20.00, etc., and we try to give him just a little more than his money calls for—a little more than he expects. We consider his whims and pocket book. He's pleased and he can't help telling his friends so—thus the work goes on.
