New Housing Title

Lewis Elliott, left, of Mitchell County Abstract Co., is turning over title policy from Belco Construction of Temple on the new housing in Colorado City to Jake Merritt, second left, chairman of the local housing authority board. Looking on are R. B. Baker, vice chairman of the board and Dennis Walding, executive director of the housing authority. At least five residents will move in Monday. Open house will be held soon.

Wind Damage

Lake Champion was hit by a storm Wednesday night, described by area residents as a small tornado. A mobile home was moved from its foundation and camping shelters at Fisher Park and some electric lines were destroyed. Cotton crops in the area suffered hail and high wind damage.

Lorraine Votes To Join County Hospital District

Precinct 4 (Lorraine) voters turned out Saturday and by a narrow margin voted to join the local hospital district.

The vote in Precinct 4 was 117 for, 99 against. Of that total six votes for joining the district were cast absentee and two cast against the issue were absentee votes. A total of 111 votes were cast for and 97 against Saturday.

A total of 249 voted for and three against Saturday with eight for and one against being cast absentee.

In the hospital district, 257 persons voted for having Lorraine and Precinct 4 in the hospital district and only four voted against having Lorraine in the hospital district.

Vote totals listed above are only tentative totals. The election results will be canvassed by the hospital district board of directors at a meeting later this

month. Precinct 4 did not join the hospital district when it was first

formed as a hospital existed in Lorraine at that time. However, that hospital was closed several

years ago and early this year, Lorraine voters petitioned the hospital district to call an elec-

tion on the proposition of Lorraine joining the hospital district.

✓ Noon Lions Endorse School Bond Issue

The Colorado City Noon Lions Club Friday at their regular weekly meeting overwhelmingly voted to endorse the Sept. 25 \$1.75 million school bond issue. There were 46 members of the club's total membership of 66 present at Friday's meeting.

The endorsement came after School Board President Tom Rees presented the program for the meeting. The program consisted of facts about why every-

one should vote for the bond issue.

Among those facts were the points that 10 taxpayers, none of whom are individuals, pay 63 per cent of the school tax.

Rees said he could not speak for the opinion of the bond issue on the part of the top 10 taxpayers but he stated that none of those top 10 taxpayers are openly against the bond issue.

Rees outlined the proposals of the bond issue, saying that if the bond issue is passed, it will result in a better education system for local youngsters as well as provide for more economical, more efficient operation of the school system.

He also pointed out passage of the bond issue will cost a large majority of taxpayers less than \$1 a month in taxes.

One of the main reasons for calling the bond issue, which Rees pointed out has been under study for several years, is the rapidly changing means of educating youngsters.

Only a few years ago, there were subjects that were being taught in colleges only. Now these subjects are being taught in high school and in junior high.

One of the most rapidly changing aspects of education has been in the vocational field. Most other schools are now offering vocational courses to students in the sixth, seventh and eighth grades. The Colorado School District cannot do this presently as no vocational teaching facilities are available for

those classes and it would be impractical and almost impossible to try to add onto the junior high building because of the small area where it is located and the limited space for expansion.

By moving the junior high and sixth grade to the existing high school, these facilities and plenty of room would be available.

Rees also pointed out that by abandoning Wallace School, where only one grade is taught, enough money can be saved to easily justify abandoning the building.

Here are the estimated costs and plans for use of the bond funds:

--\$1,269,845, construction of a new comprehensive high school.

--\$200,000, renovation of present three-story high school for sixth, seventh and eighth grades and air conditioning the school.

--\$25,000, renovation and air condition present junior high school for education service administrative center and early childhood program for 4-year-olds. Part of the existing junior high also will be used for a

warehouse facility for the junior high.

--\$80,000 to renovate and air condition Kelly Elementary and add physical education facility for kindergarten, first and second grades.

--\$175,155, renovate and air condition Hutchinson Elementary and redo the lighting in the school, plus add a new cafeteria to replace the one built in 1909.

Booster Meeting Set Tuesday

A meeting will be held at 7 p.m. Tuesday in the high school auditorium for the Colorado City schools band boosters.

Band Director Ken Holder will be the speaker for the meeting and the high school band will play several selections.

Everyone who has a youngster in the band has been urged to attend.

The band boosters also have scheduled an ice cream and cake sale at Ruddick Park at 6 p.m. Sept. 25 to raise funds for the band. The high school and junior high bands will play during the sale.

Learn To Stage A Play

The organizational meeting of the Playhouse Lab will be Wednesday, Sept. 19 at 8 p.m. in the Opera House.

This workshop which is "Introduction to the Theatre" is open to all participants and observers over 14 years of age.

Informality and practical application will be the keynote of this fun lab which will encompass all phases of the theatre in forthcoming sessions.

Supervising the Playhouse Lab will be Marsha Moore, who

has studied at the University of the Americas, Mexico City; San Angelo State College; Cisno Junior College and Sam Houston State.

Mrs. Moore, who has a major in theatre arts, is experienced in acting, directing and all technical work in the theatre.

"If you have ever had a hankering to step on stage, build a set, or set the mood for a scene with just the right light, we have just the right place for you--the Playhouse Lab", said Mrs. Gwen Wistrand, in announcing the Lab.

Interceptions Haunt Wolves Second Time

Intercepted passes again proved fatal for the Colorado City Wolves as Coahoma turned three interceptions into touchdowns and went on to defeat the Wolves 26-0.

Last week, the Wolves gave up three touchdowns to Monahan on three pass interceptions.

Coahoma marched 64 yards late in the first quarter, a drive that was kept alive on a pass interference call on third down and 16 to go. The drive was capped by a touchdown run of 27 yards by Quarterback Jody Bennett. The try for point after failed.

The Wolves possession of the ball near the Coahoma 30 yard-line just prior to Coahoma's first touchdown was as close as Wolves got to scoring territory throughout the night. Two

good drives by the Wolves were throttled by interceptions.

Early in the second quarter, Coahoma intercepted a Wolves pass on the Wolves 36 and ran it back to the Wolves 20. Two plays later, Bennett threw a 17 yard touchdown pass to Dean Wood. Wood kicked the extra point.

Early in the third quarter, the Bulldogs intercepted a Wolves pass on the Coahoma 41 and then put together a drive, climaxed by a 16 yard run by Puff Choate for the score. The PAT by Wood was good.

Then with 1:42 left in the third quarter, Coahoma intercepted a Wolves pass on the Wolves 35 and carried the ball in for the score in eight plays, the last of which was a two yard plunge by Bennett. The PAT was wide.

Ed Warren was the leading rusher for Colorado City with 63 yards in 16 carries.

On defense, Colorado City Athletic Director Weldon Brevard named Gene Banks, Vicente Garcia and Ed Warren for outstanding play. On offense, Brevard singled out Roger Roenfeldt and Ronnie Lindsey for outstanding effort.

Next week, the Wolves will play Ballinger at Wolf Stadium Friday night. Other Colorado City games include the 7th grade playing Coahoma at 5 p.m. Thursday at Wolf Stadium; the 8th grade playing Snyder at 6:30 p.m. at Wolf Stadium and Hamlin playing the Wolves Junior Varsity at 8 p.m. Thursday at Wolf Stadium.

Last Thursday night, the Hamlin Junior Varsity defeated the Wolves JV's 47-6; the Wolves "B" team lost to Ballinger 24-0 and the 8th grade defeated Ballinger 7-0 with Cornell Ausbie catching a pass from Frank Sanchez in the fourth quarter for the only score in the 8th grade game.

Five Fumbles Stop Lorraine

The Lorraine Bulldogs lost five fumbles within the five yardline of the Lubbock Christian High School Eagles Friday night, enabling the Lubbock team to take an 18-13 victory.

Lorraine Coach Hal Porter said the Bulldogs played a good game but there were just too many mistakes. Outstanding players for the Bulldogs, according to Porter, were Sylvester Rose, who scored one touchdown and made 21 tackles and two assists. The 160-pound Rose was suffering from a concussion and missed last week's game.

On offense, Michael Jones was leading rusher for the Lorraine team with 127 yards, Eddie

Merket did a good job passing, completing 13 of 23 for 191 yards. Eight of those receptions for 112 yards were caught by Don Crawford who scored one touchdown and kicked one point after touchdown.

The Bulldogs first touchdown came in the first quarter on a one yard run by Rose. Crawford kicked the extra point.

The Bulldogs only other score came in the fourth quarter on a 10 yard pass from Merket to Crawford. The PAT was no good.

The Lubbock team scored in the first, third and fourth quarters.

Big Bass

During the monthly meeting of the Colorado City Bass Club Wednesday night, Maxey Ware, member from Westbrook, was awarded the yearly trophy. His largest catch is shown on the wall behind him, a 7 pound 6 ounce bass caught at Lake Brady.

New At Theatre

Ed and Patsy Walls, left, are pictured accepting keys from Charles and Dorothy Roberts to the Palace Theatre. Walls, who has been associated with the Palace Theatre for

many years, and his wife take over operation of the theatre today (Sunday). One of the upcoming attractions at the Palace is "The Poseidon Adventure," which will be showing next week.

Practice

Production dates for Snow White, the play now being practiced at the Playhouse, have been set for Sept. 28, 29 and 30, with a Sunday afternoon matinee on the 30th at reduced rates for boys and girls. In the above picture, left to right, Ritchey Womack, Cara DeLaney and Jana Bassinger are shown practicing a scene with Linda Englert on the floor. Shown practicing a dance are, left to right, Jessie Bodine, Don Jones, Marjorie Maddox, Sareesa Mitchell, Toni Hutto and Tammy Bodine, with Raymond Bassinger jiggling in the foreground.

Ruth COFFEY'S
CONVERSATION CORNER

BATTLE Between the sexes is one of the downright funniest spectacles known to the human race. Still it goes on and on and on, no matter how ridiculous and often unnecessary the whole thing is. And neither sex fights fair.

A man started the whole thing, of course. His name was Adam whose address at that time was the Garden of Eden.

When God, who created Adam then gave him Eve to keep him from being lonely, questioned Adam after flagrant disobedience what did Adam say? You know. "The woman Thou gavest me she did tempt me," Adam was hiding.

He was the first man to hide behind a woman's skirt—fig

leaves, that is. He was not the last.

DOWN through the ages man and women have loved and fought and fought and loved. And to a great extent lived happily ever after. Two of the most delightful pieces ever read are "Adam's Diary" followed by "Eve's Diary," both written by Mark Twain. The clever author proves—but does not explain—the beginning of the Battle Between the Sexes.

Was sad to read in a new book that Twain, the matchless wit, became a cynic and a cranky, cantankerous old man during his later days.

He brought so much joy when he thought and wrote that life

was fun and funny and very much worth living.

NOW HERE in the seventies, on top of Watergate, modern cattle rustling, high and higher prices and pandemonium in general, we've got Women's Liberation.

Women's Lib has and is making open war with no holds barred and absolutely no use of woman's oldest weapons—subtlety and tears. And don't get the foolish idea that men are not fighting back, tooth and toenail and boot heel.

Because men and women like each other so much can not think why they rage at each other. It still takes two to tango.

Am with Women's Lib all the way when it comes to equal rights in voting, running for public office, equal pay for equal work, ditto promotions, and equal household chores when a woman works. That's it.

Can not seem to feel "subjugated" any ways that count much.

THINK men—some of 'em—are working hard at not feeling subjugated in this era. Cite the shoulder bag, long frizzy hair, clog heels, lockets, wild shirts being worn by masculine creatures as a form of retaliation—maybe because women insist on wearing the pants...and blowing smoke rings.

Women fight back by making speeches or filing suits against discrimination, serving TV din-

ners, discarding petticoats and some other "unmentionables," along with the courteous titles Miss or Mrs. for Ms.

"The hand that rocks the cradle rules the world" is passe'. The hand that writes the check wants to rule—and women write most of them.

I'M DEFENDING neither men nor women per se. They're doing all right defending themselves. Me, too.

Still something atavistic brought a real kick and a shameless smug feeling over some statements published recently. After reading that "Everybody knows or should know by now that women are stronger than men," agreed utterly. They BETTER be 'cause a man can be sicker with a head cold than a woman with double pneumonia.

Then came this bit: "Women are not only out-living men in America, they tend to stay SMARTER longer than men." Only exception offered was that "males manage to uphold their superiority in arithmetic."

WHO SAID all that? Three researchers from Medical Genetics Department of New York State Psychiatric Institute. They decided after tests that "Elderly females retain all their marbles and overall intelligence longer than men" it sez here.

Poppycock. It is an individual matter. But isn't it an entertaining idea? No, No, it honestly isn't after thinking it over.

Suppose you get to be the smartest elderly woman in this country and all the elderly men are gone one way or another, either in body or mind? Who, then will you disagree with, discuss public affairs with? Talk to?

You'll be talking to yourself, that's what.

TALKED to Mrs. Dale Warren, via Alexander Graham Bell's contraption, Mrs. Warren, petite Citian for years and years before moving to McAllen to be near her daughter "Baby Dale," Mrs. Willis Shropshire, was here visiting old-time friends. She and "Baby Dale" drove up from the Valley Thursday and stayed until Tuesday. Mrs. Warren is also little mother, y'all know, of Brady (Pete) Warren now a Big Spring business man who visits here frequently.

Talked to Auda Doss by dial system and to her husband Henry Doss in person...A. C. Craig, always nice to see...Swapped friendly greetings with Drew Ballard, owner-manager of our radio station KVMC.

ENJOYED a conversation filled with optimism from Lloyd McKee, superintendent of Colorado Independent School System, who was carrying around a dream—beautiful picture in color (architectural drawing) of the proposed new Colorado High building. It hangs now in Villa Restaurant in case you want to admire close-up.

Exchanged hello's with Mildred (Mann) Boyd and her glamorous daughter Susan...Tall, good-looking John Williamson, son of the Ira Williamsons... Attractive Josie (Hale) Feaster, wife of Dwayne...Otho Rice.

Also Robert Henderson, his young wife Brenda, nee Chambers, and their small son Robbie at a refreshment break... Bill Bloomer, husband of Faye.

MET for the first time likable George Jameson, new manager for Anthony's, who moved to C-City from Seminole.

Had a warm 'anishake from Charlie Thompson, president of City National Bank. Then, the new bank VP Bobby Lemmas. Started for fun to address him as Mr. Lemmas in view of his new position but recalled in time that around here it's Gus, executive VP, Mr. Chesney, Wayne, senior VP, Mr. Shawn, George, VP Mr. Womack, AND Charlie, bank prexy-lawyer-rancher who's not been called Mr. Thompson by this West Texan for 30 years—except on very formal occasions. So? So Mr. Lemmas remains Bobby!

This is a first name town re-enters.

SEEN LATELY included Elizabeth (Mrs. C.P.) Gary who is the proud great-grandmother of a new boy baby named Thomas Riley Bennett born in La Marque where his father Tom Bennett is high school band director. Paternal grandparents are Harold and Lois Bennett, former Citians who live in Snyder. Their only son Tom and his wife Susie also have a daughter Teresa, almost five and in kindergarten.

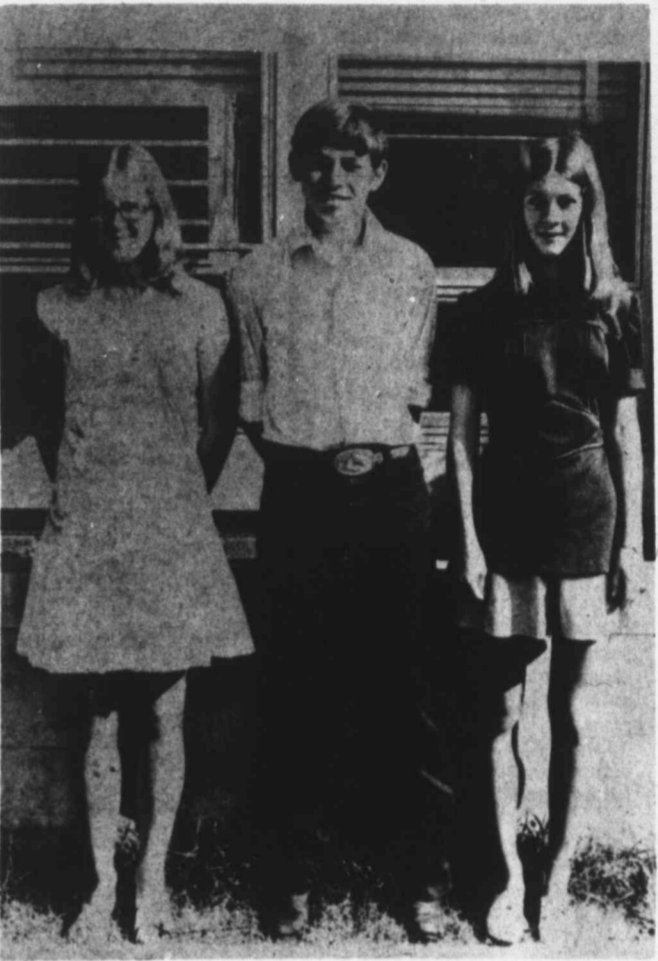

Saw Toby Sanderson...Mr. Earl (Lil) Brown...L.C. Morris

and wife Florence...J.D. Hill Jr. and his wife Mary Jo, nee Pickens...Gerald Gordon looking wonderfully well after recent illness...Bennett Scott, nice husband of "Miss Nell"...Bert Coper...Valma Lindsay...Ma McKinnon...RECORD boss, "Mac", that is...Linda (Mrs. Don) Stewart...Arlene M. Morris, the postmaster...Doris Carter and Frances Webb.

Well, some invisible gremlin tricked this column by giving a very strange married name to cute little Carol Ann (Brown). She is Mrs. Max HILDEBRAND. Max is our city filter plant operator.

Adios—until Sunday, Sept. 23, officially one week before first day of AUTUMN! Autumn means college. And Jerry Landau has already returned to Colorado where he will be a senior in University of Denver.

REMEMBER the gremlins?

Miss Caron Sue Russell, bride-elect of Jesse Perkins.

Russell, Perkins Plan December Vows

Mr. and Mrs. John M. Russell, of Matador, Texas; former residents of Colorado City, announce the engagement and approaching marriage of their daughter, Caron Sue to Jesse Perkins of Matador.

The prospective bridegroom is the son of Mr. and Mrs. Boyd Perkins of Lubbock.

The couple will exchange vows

December 8 in a 7 p.m. ceremony in the First United Methodist Church in Matador.

The bride-elect has attended Texas Tech University and West Texas State University. She was a member of Alpha Delta Phi at Texas Tech.

The prospective bridegroom completed a two year program at Clarendon Junior College.

School Board Has Meeting

The school board for the Colorado ISD met in regular session Monday night with all board members present, Jay Craddock, business manager, and Lloyd McKee, superintendent.

A new accreditation policy set forth by the accrediting agency in Austin was discussed and plans were made to work out a new local policy in the coming months. New job descriptions and evaluating principles must be made on the local level.

The board also discussed the new bus driver regulations set forth by the state with which the local district must comply. Each driver must pass a physical examination and make bond, these expenses being paid by the school district.

Craddock reported on the school lunch program, giving information on the numbers of free lunches served in the month

of May last school year. A breakdown of the figures show that the free lunches per day in each school are: High School, 70; Junior High, 87; Wallace, 66; Hutchinson, 161; Kelly, 161; total 545 free lunches served per day.

Mrs. Marilyn Hicks has been hired to become the new cafeteria director to take over Sept. 15.

The school board urged that the quality of the lunches served stay at a high level and be pleasing to the students.

The board also discussed the educational programs that have been conducted by the members on the up-coming bond election.

Each member has attended meetings of clubs and organizations to explain the facts of the election, supplying interested persons with figures and brochures on the plans and reasons behind the election.

YOUR VOTE FOR THE SCHOOL BONDS IS AN INVESTMENT IN THE FUTURE

PROPOSALS:

- ★ Construct a new High School plant on a 40 acre campus to serve 500-600 students in grades 9, 10, 11 & 12.
- ★ Renovate, air condition, and improve the present High School facility to Middle School unit to serve students in grades 6, 7 & 8.
- ★ Renovate, air condition, and improve Hutchinson Elementary School, including a new cafeteria, to serve students in grades 3, 4 & 5.
- ★ Renovate, air condition, and improve Kelley Elementary School including a new physical education facility, to serve students in Kindergarten, and grades 1 & 2.
- ★ Convert the first floor of Jr. High School building to an Early Childhood Center serving 4 year old youngsters of the district.
- ★ Convert the remainder of the Jr. High School facility to an Education Service-Administrative Center.
- ★ Discontinue Wallace Elementary School as a functional school unit.

To develop & continue a high quality school program for the youngsters of the District during the next decade the following items must receive the very highest priority:

- ★ A comprehensive 4 year high school with a wide range of programs and course offerings to meet the varying interests, needs and aptitudes of students.
- ★ A sound academic, college preparatory program.
- ★ A diversified vocational-technical-career-occupational program of education and training.
- ★ Special & compensatory education programs.
- ★ The year round school.
- ★ The school as a Community Center.
- ★ Early Childhood Education.

THIS WILL BE THE COST TO THE AVERAGE HOME-OWNER:

IF PAYING \$40 SCHOOL TAX, INCREASE WOULD BE \$5 PER YEAR
 IF PAYING \$50 SCHOOL TAX, INCREASE WOULD BE \$6²⁵ PER YEAR
 IF PAYING \$60 SCHOOL TAX, INCREASE WOULD BE \$7⁵⁰ PER YEAR
 IF PAYING \$70 SCHOOL TAX, INCREASE WOULD BE \$8⁷⁵ PER YEAR

70% of the tax-payers will fall under the \$70 per year payment.

Floral Tribute

The flower stole presented to this year's winner of the 15th All American Quarter-horse Futurity at Ruidoso Downs on Labor Day, Timeto Thinkrich, was jointly sponsored by Midland Floral and Rush Neff of Neff's Greenhouses, Colorado

City. Puddy Neff helped to construct the stole of red, white and blue carnations shudded with white orchids. In the above picture, left to right, are Bill Koegler, Rash Neff, Joe Koegler and Jockey John Watson astride Timeto Thinkrich.

LITTLE LETTERS

By JILL DAVIS

Jill Davis, 10 answers letters from young readers and tries to help them with their problems.

Dear Jill,

I hate school, I never want to go again. What can I do?

HATE SCHOOL

Dear Hate School,

Just think of how much you learn, and you also get to see your friends everyday.

Dear Jill,

I want to paint my fingernails in bright colors but my mother says it makes me look cheap. What can I do?

FINGERNAILS

Dear Fingernails,

Ask your mother if you can paint your nails with clear fingernail polish. That looks pretty because it shines and goes with everything you wear.

Dear Jill,

We are going to have our house repainted. I want my room painted a light blue but mother says no. What can I do?

BLUE

Dear Blue,

Your mother is smart. The reason she doesn't want it a light blue is if you ever decided to change your room, you couldn't because your walls would be the wrong color.

Dear Jill,

I'm 10 and my mother washes my hair. It makes me feel like a baby. I want to wash my own hair. What can I do?

HAIR

Dear Hair,

Just let her wash your hair, soon she will probably realize how old you are and let you wash it yourself.

Dear Jill,

My mother cleans up my room. She puts things where I can't find them. What should I do?

MOM CLEANS MY ROOM

Dear Cleans,

Tell her you want to clean up your own room so you know where things are. She'll probably let you.

Hostesses

Hosting the Garden Club meeting at the Community Center Wednesday afternoon were left to right, Mrs. Drew Ballard, Mrs. Vernon Lewis, Mrs. Zeno Hemphill, guest speaker and Mrs.

Ken Sanderson. Mrs. Hemphill spoke to members on district work, stressing the importance of bettering environmental conditions.

Garden Club Holds Hospitality Tea

The Colorado Garden Club had a hospitality tea for new and prospective members at their regular monthly meeting Wednesday afternoon.

The hostesses for the tea were Mrs. Ken Sanderson, Mrs. George Powell, Mrs. Billie Bruce Bridgeford, Mrs. Drew Ballard and Mrs. Vernon Lewis.

Coffee was served from a silver coffee service and strawberry-fruit punch served from a milk glass punch bowl. The table arrangements of yellow and green complimented by the icing on the petits fours and pastel colored mints.

After a short business meeting conducted by the President, Mrs. B. B. Bridgeford, the leader for this month's meeting, Mrs. Bruce Johnson, introduced the guest speaker, Mrs. Zeno Hemphill of Coleman, director of District VIII.

Mrs. Hemphill spoke on the district work, stressing the importance of bettering environmental conditions. She challenged every garden club member to plant at least one native plant in the community this year. Each garden club in the state is asked to plant trees this year to meet the goal set for Texas of one million new trees planted.

After the hospitality tea, each garden club member was asked to pick up a dozen or so boxes of daffodil and crocus bulbs to sell as one of the projects this year.

Project chairman is Mrs. A. H. Jackson, with Mrs. Ken Sanderson, Mrs. W. S. Edge and Mrs. E. B. Willbanks on the committee. The Garden Club plans to hold a bake sale in November with Mrs. Jackson in charge.

Girl Scouts Need Leadership Now!

Almost everyone knows something about Girl Scouts of the U.S.A., because it has been an integral part of the American scene for over 60 years.

We take for granted that any girl who wants to can belong. That is true-but only up to a point. The unhappy truth is that, without enough adult leaders and assistant leaders, girls who want and need Girl Scouting have to wait.

Today, Girl Scouting serves one out of every seven girls ages 6-17 in the U.S.A. It could and would serve many thousands more if those adults who care about our youth would volunteer to be a leader.

There is a mistaken tendency to believe you must be a parent of girls in order to be a Girl

Scout Leader. This of course is nonsense. Thousands of women and men, from young singles to senior citizens, from every ethnic, economic, and educational background are in Girl Scouting.

Right now the Girl Scouts in our area need you. They are ready to provide leadership training and to give you all the help you want, so that you can work in partnership with girls, sharing your skills, your enthusiasm, and some of your time.

Because we know Girl Scouts represent a positive factor in our community, we are glad to lend a hand to their current adult recruitment campaign.

Call or write to Mrs. Charles Wood, 728-5170, 908 East 13th Street.

Demand For Cotton Strong In Markets

Demand was strong for 1973-crop cotton in Western cotton markets this week, according to the Agricultural Marketing Service, USDA.

In the early harvesting areas of Texas, merchants continued to actively seek uncommitted cotton. Offering prices were generally steady when compared to last week. Available supplies of early-harvested cotton were short because many growers were delivering early-ginned cotton against previously made contracts.

Elsewhere in the West, a strong foreign demand caused merchants to actively seek to contract the 1973 crop. Offering prices of 80.00 cents per pound or higher in California, Arizona, and New Mexico caused some growers to contract a limited volume of 1973-crop cotton.

On the Texas Plains, offering prices were up 2.00 to 4.00 cents per pound from a week ago, and contracting remained active. Growers on the Texas Plains and around Harlingen showed an increased interest in contracting the 1974 crop but volume contracted was light.

In general, offering prices for the 1974 crop were lower than last week. Rainfall in varying amounts brought the early harvest to a halt in all locations except around Harlingen, Texas. In many areas it was expected to be several days before harvest could resume.

Weekend rain also benefited the Western Oklahoma cotton crop. Crop progress was described as good in most other Western production areas. Open bolls were being noted in many areas.

Bell To Adjust Telephone Rates

Southwestern Bell today announced an adjustment of telephone rates for long distance calls within Texas which will produce an after-tax revenue gain of less than \$12 million (\$23 million before taxes) to the company. This amounts to a little less than 2% of the company's total operating revenues in Texas.

T.O. Gravitt, vice president for Southwestern Bell operations in Texas, said the new rate will increase the cost of most three-minute intrastate calls from a few cents to a dime. The change is effective September 24. Rates for local service and charges for long distance calls to other states will not be affected.

"The increase on long distance rates in Texas is needed to partially offset sharp increases in the cost of doing business," Gravitt said. He cited that telephone wages for 1973 will be more than two years ago when the last intrastate rate adjustment was made.

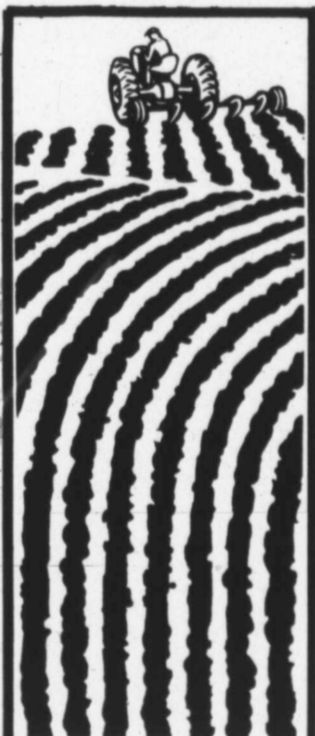

The largest portion of the increase will be on One Plus calls, but this type of call will still be considerably cheaper than operator handled calls.

One Plus calls within Texas, which constitute about three-fourths of the calls, will still generally be lower than the average for 41 other states offering a One Plus rate. The other states do not have a One Plus rate schedule. On calls requiring an operator, Texas rates generally compare favorably with other states, with some states higher and some lower.

For example, at the new rates, a One Plus call from Dallas to Houston will be only 93¢ for three minutes during the day. A station-to-station call requiring an operator will be \$1.15, and a person-to-person call \$2.05. A similar San Antonio to Waco One Plus call will cost 82¢ while a station-to-station call will be \$1 and a person-to-person call \$1.75.

"We truly dislike having to increase rates; however, we too have become the victims of inflation—not the cause of it," Gravitt said.

GOD'S FIVE MINUTES

CONSIDER THE BIBLE

The bread and wine had been shared. The promise of the Passover was now fulfilled in the Lord's Supper. The men reclined, at rest, around the low table. Quiet conversation took place while the Lord looked at them with love and pride. "You are my friends," He said, knowing full well what the word "friend" implies.

Does it touch you to know that God wants and needs friends? He called Abraham His friend. And their friendship is one of the highest and holiest chapters in all sacred history.

"You are my friends if ye do whatsoever I command you." Our Lord has friends everywhere. People like you and me who, in the joy of loving and serving, find this Friend so very real — He is closer than a brother!

THE STATE OF TEXAS County of Mitchell County,

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of October, A.D., 1973, at or before 10 o'clock A.M., before the Honorable 32nd District Court of Mitchell County, at the Court House in Colorado City, Texas.

Said plaintiff's petition was filed on the 24th day of April, 1973. The file number of said suit being No. 8968.

The names of the parties in said suit are:
Anita Brooks Molina & Arthur Molina as Plaintiff,
and
David Thomas Keating & Kay D. Butler as Defendant.

The nature of said suit being substantially as follows, to wit: NOW COMES Anita Brooks Molina, and her husband, Arthur Molina, hereinafter called Plaintiffs, complaining of David Thomas Keating and Kay D. Butler, hereinafter called Defendants, and by way of petition and for cause of action, your Plaintiffs would respectfully show unto the Court the following:

Your Plaintiffs are resident citizens of Mitchell County, Texas; the Defendant, David Thomas Keating, is a resident of 8451 Southwestern Boulevard, Dallas, Texas and the Defendant, Kay D. Butler is a resident of Las Cruces, New Mexico, and upon whom citation of service may be had in this cause.

Your Plaintiffs would show that on the evening of September 22, 1971, Anita Brooks Molina,

Public Notices

lina, then known as Anita Brooks, was riding as a passenger in a 1969 Chevrolet automobile which was lawfully parked at 742 Elm Street, adjacent to the curb, headed in a northerly direction in the City of Colorado City, Mitchell County, Texas. Such Chevrolet automobile owned by Richard Raymond Sage, was legally parked, and Richard Raymond Sage was sitting in said car on the driver's side. Thereupon, suddenly and without warning a 1969 Chevrolet Caprice Station Wagon, owned by Defendant Kay D. Butler and driven by Defendant David Thomas Keating collided with great force with the vehicle in which the Plaintiff, Anita Brooks Molina, was riding. As a result thereof, Anita Brooks Molina was caused to suffer serious bodily injuries, which will be described hereinafter with particularity.

The collision of September 22, 1971, out of which this suit arises, resulted from the negligence of the Defendant, David Thomas Keating, in one or more of the following particulars, to wit:

1. In failing to maintain a proper lookout.
2. In failing to make proper application of brakes on the 1969 Chevrolet Caprice Station Wagon.
3. In failing to make timely application of brakes on the 1969 Chevrolet Station Wagon.
4. In failing to bring the 1969 Chevrolet Station Wagon to a stop before it struck the rear of the 1969 Chevrolet Corvette automobile in which Anita Brooks Molina was riding as a passenger.
5. In failing to turn the 1969 Chevrolet Station Wagon to the left to avoid striking the rear of the 1969 Chevrolet Corvette automobile.
6. In operating the 1969 Chevrolet Station Wagon at a rate of speed in excess of that at which it would have been operated by a person of ordinary prudence and in the exercise of ordinary care and control under the same or similar circumstances.

In the alternative, that Anita Brooks Molina and the vehicle in which she was riding as a passenger were in a position of peril by David Thomas Keating, who realized that neither Anita Brooks Molina nor the driver of the car in which she was riding as a passenger could or in reasonable probability would be able to extricate Anita Brooks Molina and the vehicle in which she was riding from such position of peril, at such time and distance as by the exercise of ordinary care in the use of all of the means at his command, consistent with his own safety and that of his vehicle and its contents, said David Thomas Keating could have avoided the collision and that after making such discovery and realization, he negligently failed to exercise ordinary care in the use of all of the means at his command to do so.

Each and all of the above and foregoing acts, both of omission and commission, were negligent and constituted negligence and were each and all a proximate cause of the collision made the basis of this suit, of the injuries suffered by Anita Brooks Molina and of the damages sustained by your Plaintiff as the result thereof.

In said collision, which is made the basis of this suit, Anita Brooks Molina suffered severe injury to her neck and cervical spine. Her shoulders and upper back were injured and damaged. She has been caused to experience frequent severe headaches, spells of dizziness. She suffered a severe traumatic nervous shock, which has produced great nervousness. It was necessary for her to attend a

Public Notices

physician to apply therapy to her neck and head and to use diathermy treatments. Her injuries and the effects thereof, has caused Anita Brooks Molina to suffer from great and excruciating physical pain and mental anguish, and she will, in all reasonable probability, continue to suffer from such physical pain and mental anguish, as well as from great nervousness, for a long time in the future, if not for the balance of her natural life.

On September 22, 1971, Anita Brooks Molina was a woman of the age of sixteen (16) years, who had a life expectancy of 60.1 years, according to the standard ordinary table of mortality. She is now a housewife, who customarily maintains her home for her husband and family. She has been handicapped in the discharge of her household duties and has required the assistance of many others. It is reasonable and probable that she will continue to be disabled and handicapped in the discharge of her household duties in the future and that she will continue to require assistance from many others. Her activities since September 22, 1971 have been, and it is reasonably probable that her future activities will be, engaged in under the hardship of pain and suffering.

Anita Brooks Molina has required medical care and will, in all reasonable probability, require additional medical care in the future. Your Plaintiff has been required to pay and incur liability to pay, and will in the future, in reasonable probability, be required to pay and incur liability to pay, the medical charges which have been made and which will be made for the services rendered and to be rendered unto Anita Brooks Molina. The medical charges which have been made and which will be made, have represented, and will represent, the usual, reasonable and customary charges for like and similar services in the vicinity where they have been and will be rendered. All of such services, both past and future, have been and will be made necessary in connection with the proper treatment of the injuries suffered by Anita Brooks Molina in the collision of September 22, 1971, which is made the basis of this suit.

By reason of all of the above and foregoing, your Plaintiffs have been caused to suffer damages in the reasonable and just sum of \$50,000.00, for which sum they here now seek recovery from Defendants.

WHEREFORE, premises considered, your Plaintiffs pray that Defendants be served with citation to appear and answer herein and that upon final trial of this cause, your Plaintiffs have judgment against the Defendants for damages for the reasonable and just sum of \$50,000.00; that they recover their costs of court in this behalf incurred; and that they have such other and further relief, general and special, at law and in equity to which they may show themselves justly entitled and in duty bound will ever pray.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 23rd day of August A.D., 1973.

Prospect Swabbing New Oil ★★★★★

A Mitchell County prospect was making new oil in the southeast part of the county.

J. V. Atkinson, Midland No. 1 J. H. Nail Estate, in 8-12-H&TC, prospective Strawn reef oil re-operate one location south of the dual Canyon and Strawn reef opener of the Nenia Lucia, West field of Mitchell County, 20 miles southeast of Colorado City, swabbed new oil, along with unidentified fluid, from the Strawn reef.

Operator acidized open hole at 6,988-80 feet; and Aug. 20, 1962, and swabbed 2 1/2 hours, recovering 52 barrels of fluid, 17 per cent oil, and then swabbed four hours, recovering 42 barrels of fluid, 28 per cent oil. Operator was preparing to put on a pump and resume tests.

The discovery, Gordon Knox & Associates, No. 1 Nail, was finalized July 30, 1962 from the Strawn reef for 238,8 barrels of 48.3 gravity oil through a 15-64-inch choke and perforations at 6,988-80 feet; and Aug. 20, 1962, from the Canyon for 177 barrels of 42 gravity oil through a 15-64-inch choke and perforation at 6,232-46 feet. It is still producing from the Canyon.
