School Board proposes no tax increase

The Winters Independent School District Board of Trustees voted on September 14 to propose the same total tax rate as last year.

The $1.29 tax rate is the same as the school district's rate last year combined with last year's rate of the County Education District (CED).

Because of state legislation, the CED has been abolished and no longer levies a tax for the county. This allowed the school districts to set a total tax rate for the district.

The bottom line is the taxpayers' tax rate for the Winters school district is going to stay the same as last year's total rate.

The only reason a taxpayer's taxes would change is if his or her appraisal has changed.

This tax rate will be set by the school board on September 28, 1993, at 7:30 p.m. at the WISD administration office.

In other business, Mariea Bellinger made a request for consideration of crossing guards on Main street and other locations around school. No action was taken by the board.

A group health plan for school employees was heatedly discussed and after several motions, a plan by Accordia Educational was accepted.

Problems raised by the administration included buses used by the band and football teams. The back door exits of the equipment buses are being blocked and this is against safety regulations. No student can ride on a bus where an exit is blocked.

Alternatives discussed were buying a trailer, renting a trailer or taking an additional bus on out of town games.

Another problem presented to the board was that of the future need of an elevator in the high school building. This requirement is brought about by specifications in the American Disabilities Act.

This is a complicated problem because of no easy access to all floors from any single location. No action was taken at this time.

Board members attending the regular session on September 14 were Gary Pinkerton, Charles Allcorn, Bob Webb, Bob Prewit, Joe Pritchard, superintendent Tommy Lancaster, business manager Jimmy Butler, principals Charles Kidwell and Terry Wyatt.

Goldthwaite defeats Blizzards

District play starts Friday

The Eagles of Goldthwaite showed the Blizzards why they should be number one in the state in class 2A. Scoring 27 points in the first quarter, the Eagles coasted to a 47-6 win last Friday night.

Two running touchdowns, three passing touchdowns and an interception for a touchdown showed Goldthwaite's diversity in scoring.

Coach Robin Byrd states, "We gave up the big play too many times. We didn't make the plays on defense when we had the opportunity."

The Blizzards were held to just twenty yards rushing on 19 carries and were intercepted three times.

"Being unable to run the ball offensively, we had to go to the passing game and they (Goldthwaite) sent lots of people, knowing that," said Byrd.

"On the positive side," said Byrd, "we played the entire game and did not give up. Also we were able to score when we got the ball inside the twenty yard line."

"Our passing game is improving and our quarterback did a good job when given time."

Winters scored late in the game on a seven yard pass from John Belew to Zane Guy.

This Friday the Hamlin Pied Pipers come to town. Hamlin's record is 3-0 with a tough win over Floydada last week.

The Pied Pipers have a new coach this season and he hopes to keep Hamlin on track to a third straight playoff appearance.

Hamlin has 10 offensive returnees and 7 defensive starters off a team that made it to the area playoffs in 1992.

Byrd says, "The Blizzards passing game may be our strong suit right now, but we have to get our running game going.

We have looked at lots of people in lots of different positions the last three weeks and we will make some moves to strengthen our team."

The Blizzards need to grow up quickly because the Hamlin game is the start of a hard district road.

Byrd concludes by saying, "I think the main thing for us is to keep our heads up and to realize that the first three games don't count toward district.

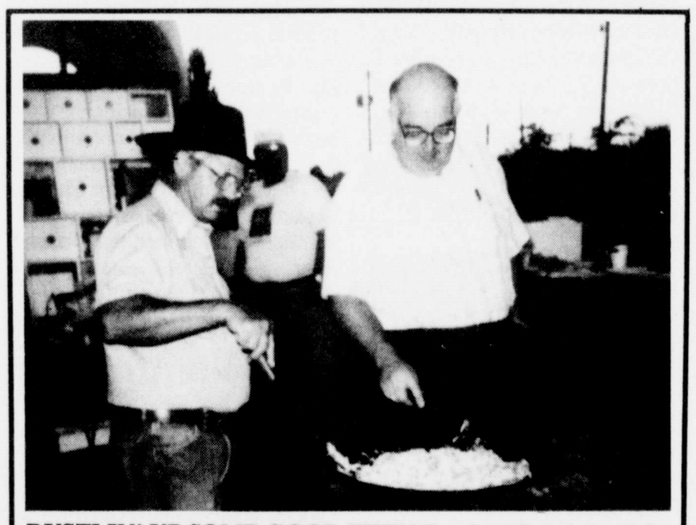

I believe we can have a good football team and can be in the race if we continue to improve. No one said it would be easy."

Game time this Friday night is 7:30 p.m. at Blizzard Stadium.

Come out and back the Blizzards.

One-vehicle accident results in fatality

Burris died in Ballinger Memorial Hospital about 7:30 p.m. on September 15 while being treated for multiple injuries sustained in the accident.

His body was sent to the Bexar County Medical Examiner's Office in San Antonio for autopsy.

The accident was investigated by Texas Highway Patrol Trooper Tom Barkley of Ballinger.

OIL BIDNESS . . .

By Reg Boles ©1993

It's Oil Patch Basics time, again, and, this month we are going to discuss how some folks can own oil wells but never actually get their hands dirty.

These folks may own a minority interest, a majority interest, or all of the interest in a particular property. So, how do they keep their hands clean?

Well, they hire an operating company to do their dirty work.

An operating company can be any of a number of different types of entities. It can be a guy with a pickup, a specialized operating company with a large workforce, or it could be an oil company that owns other oil wells but has spare manpower.

The operating company charges on a per well basis to provide complete operating services, including pumping, troubleshooting, bookkeeping, and regulatory compliance. There may be additional charges for special situations where there are abnormally time-consuming accounting or regulatory considerations.

There are also special additional charges for supervision of drilling or workover operations and the like.

The operator may operate under its name (most common) or one selected by the owner.

Owners who hire operating companies are those who are enamored by the financial aspects of the oil business but know nothing about the nuts and bolts of producing oil and gas. Or, the owners may not have proximity to the wells and facilities, and an operator can do a better job.

Whatever the reason, the owner needs to trust the operator because there are many opportunities for unscrupulous activity. The operator will be reporting production, distributing checks, and generally the source for all information about the well or wells for the owner. Therefore, if the operator wanted to manipulate the situation in some way to the operator's advantage, the owner would have difficulty detecting it.

That said, most operators are very honest and are in the business to give everyone a fair shake while making a living. Of that honest majority, there is still room for an energetic and aggressive operator to burden a well and an operator with unnecessary expenses. That is where the vigilance of the owner must prevail. A well supervised operating company runs a property the way the owner wants it run—an unsupervised operating company runs a property the way the operator wants it run.

In any case, an operator can provide a cheap package of services that allows an owner to simply sit back and cash the checks. As long as the owner gets up occasionally to check how things are being run, both parties usually benefit.

Poe's Corner

by Charlsie Poe

He rode with Booger Red

I recently received a letter from Pete Guinn of Lubbock which included an order for my book Booger Red: World Champion Cowboy.

In his letter, Guinn gave his reason for wanting the book:

"The object of my personal interest lies in the fact that my deceased father, C.A. Guinn, rode with Red in Red's traveling bronc shows from 1909 until 1911. It is thought that his show was disbanded sometime in 1911."

"At the time my father was with the show, Red had a string of some 10 bucking horses and mules, plus wagons, teams and saddle horses. He had four riders, three pickup men, a cook and teamsters; approximately 12 men in the outfit."

"The most notable among the pitching stock was a red mule and a vicious old outlaw mare named 'Belle Star' that had a well known reputation as being virtually impossible to ride. She was said to have maimed and killed several attempted riders through those years."

"My father was a young man at the time, some 19 or 20 years of age. He held Red in high regard as a friend and mentor."

"He said that although Red was 'tough as steel' he was always fair. His word was good and he had a 'personal code of ethics,' much like that of the olden times in the west."

"This was an era when the old west was fast fading into the sunset, but lived on for a time by men like Red and my dad. All the men with the show were known by their first names or nicknames. No last names were ever divulged with one exception; that of one rider who told Dad in confidence that his name was 'Chuck Sanders.'"

"Besides Red and Chuck, if Dad ever knew the others' last names, he never mentioned them to anyone."

"Both of my parents were of Pioneer Texas families, and I regret that in my younger years, I did not chronical the early events of their lives in a factual manner."

"I was born 66 years ago on land that my father had purchased from the old Syndicate Land Co. that had been XIT ranch land and sold in parcels; located 5 1/2 miles south of Black, Texas in Palmer County."

"At that time there were still some old XIT wooden paddle windmills and dirt stock tanks scattered over the area that I recall; as well as the old syndicate, two-story hotel. It was located about eight miles south of our place, in the middle of the prairie. The land company had used the house for potential land buyers that came to look at the raw grassland."

"I was the youngest of Dad's four children: my oldest brother was 14, my sister was 12, and another brother 8 when I was born. In 1916, Dad moved to Otto, New Mexico in the Estancia Valley."

"Dad was 36 years old when I was born in 1927 and I was strictly a Daddy's boy. In later years we were more like friends than that of a father-son relationship. He could do more with a bronc horse in 30 minutes than any man I ever knew."

Pete Guinn enlisted in the Marine Corps in 1945 at the age of 17. His son Pete, Jr. enlisted in the Marine Corps at the age of 17, also, and was wounded in Viet Nam.

Arthur and Ethel Adams

Couple celebrate 60th anniversary

Arthur and Ethel Adams celebrated their 60th wedding anniversary on September 18th and 19th.

They were married on September 20, 1933, in Wingate. The Adams lived in Winters four years before moving to Tahoka. He was a farmer and retired ginner. She was a dry goods clerk and homemaker.

The event took place in Tahoka in the home of the honorees. Relatives hosted the event. Thirty friends and relatives attended the occasion.

Ethel Adams is the sister of Lucretia Oats and Arthur Adams is the brother of Mamie Wilkerson all of Winters.

Girl Scouts taking applications for members and volunteers

The Winters Girl Scout Service Unit is now registering girls for 1993-94. Girls are placed in troops according to their program age levels. Forms have been distributed at school and should be returned to the teacher.

Scouting offers girls a great opportunity to have fun, make close friends and learn more about themselves and their interests.

Because this is a volunteer organization, people are needed to help out in different areas. Becoming a leader or an assistant leader is a rewarding way to give service and share experiences. There are various ways volunteers can help such as sharing a special talent or skill. The Winters area Service Team of volunteers consists of troop leaders, assistants and committee members who assist in planning special events.

If you are interested in volunteering or need information about registration, call Chris Parramore, Service Unit Chairman, at 754-4917.

From The Well

by Pastor Jim Hanson

Toward the end of April, our daughter Katie, married Dan Tvedt. It was my privilege to give the sermon and tie the knot. A very special time since Katie is our only daughter. We have four sons, and we're glad and proud of each one. But, daughters are different. And I was so pleased to be asked to preach.

My text was taken from Jeremiah 32:39, "And I give them one heart and one way, that they may fear me forever, for the good of them, and of their children after them." It is a beautiful text, and one especially suited for Christian marriage. As I developed the text, it came to me that for sure "one way" had to include the way of the family. God had always worked that way. He made Adam and Eve and told them to be fruitful and multiply. He told Abraham that he would be the father of many nations. When Jesus came to this earth, he was born into a family. A holy family. Families are the way God does it. He puts us in families.

So, as I was preaching along about God's way as the way of the family, I spoke out, "And now Katie and Dan, very soon, I expect you, Katie to be in a family way." The congregation liked that, they chuckled. Some laughed out loud. Ramona's oldest sister was somewhat mortified. And my next older brother Rolf looked down at the floor. But what was most important was that Katie and Dan smiled and nodded.

Well, it happened. But they were not the first to announce the news of the conception. Stephanie and Tim, at the time of our reunion, were the first to tell us "we're expecting in February." Katie and Dan knew this, and knew that they were second in line, so they waited a while to tell their good news, that they were expecting in March. Such good news. Now four of our five children either had children or were expecting.

About ten days ago, just a few days before Grandparent's Day, our son Paul called. As we were talking, he said, "Dad, Mary has her birthday in May, and I was wondering if you and mom could come over and help me deliver...deliver her present?" My mind wondered what could be so big that it would require both of us to help him deliver it? So, I asked him, "What are you going to deliver?" And he replied, "Well, what would you prefer, a boy or a girl?"

Bingo! Much happy laughing and some happy tears. All five are now either with family or in a family way. We are so excited! For them! For us! We want to sing Mary's song, "My soul doth magnify the Lord, and my spirit hath rejoiced in God my Savior...For he that is mighty hath done to me great things!" Just like wise old Solomon said in Proverbs 17:6, "Grand children are the crown of the aged." And whereas we don't feel so aged, we surely do feel crowned!

7th Breezes - 22 Goldthwaite - 8

As promised last week, the Breezes played harder and with more consistency. Last Thursday we beat Goldthwaite 22-8.

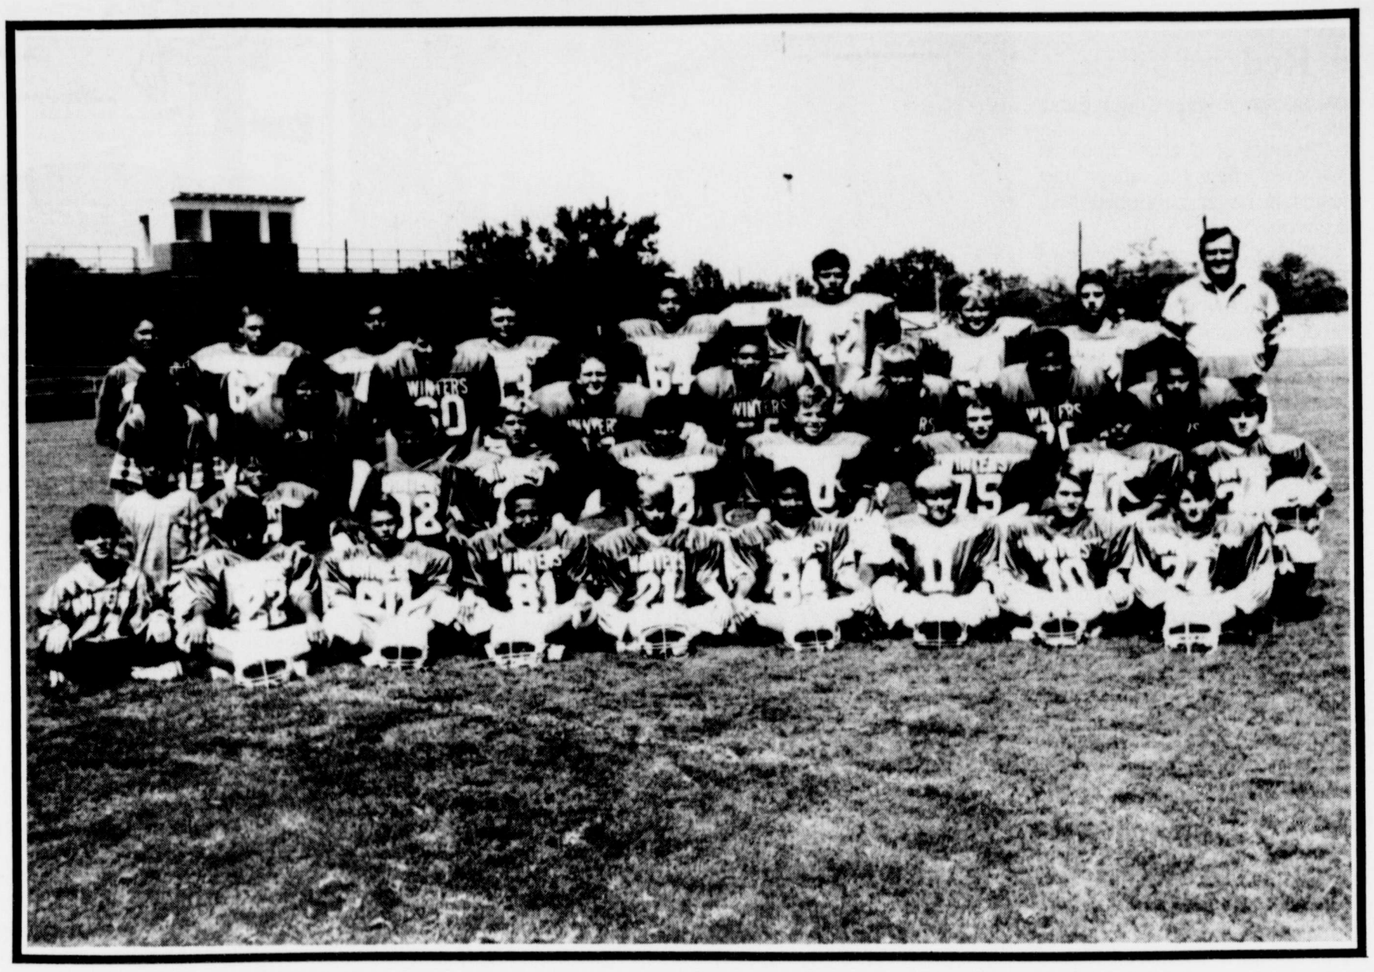

The 1st half saw the offense scoring on a 70-yard run by Junior Barquera and a 45-yard run by Michael Prewit. Barquera ran for both 2-point conversions.

The defense was led by two big play stoppers -- a fumble recovery on our 30 by Victor Flores and a key interception by Kenny Whittenburg on our 38 yard line which stopped Goldthwaite drives.

The 2nd half was total dominance by our offense which played ball control for 12 minutes. A couple of times the Breezes were forced to try for a first on fourth down, but they made it. Goldthwaite never ran an offensive play. The only flaw was a kick-off return by Goldthwaite for a touchdown.

Coach Biff White states, "I was really proud of the Breeze's progress and we will be waiting for the Pied Pipers. See you next week."

POWER RUSH—Arnold Silva, #32; James Andrae, #75; and Jace Wade, #33, gang up to stop the Goldthwaite advance last Thursday during JV action.

DEFENSIVE ATTACK—8th grade Breezes put on the rush against Goldthwaite last Thursday as they captured their second win in as many outings. At left is defensive end Michael Pritchard, #50; defensive right tackle, #70, Eric Tabone and #74, Michael Sanchez.

GOOD FOR THE TD—Dennis Conner, #88, adds six more points as he outruns a Goldthwaite Eagle during the 8th grade game.

8th Breezes - 26 Goldthwaite - 0

The 8th grade Breezes defeated Goldthwaite 26-0 last Thursday. Their record is now 2 wins, 0 losses.

The defense has yet to allow a point. They also scored two touchdowns to help out the offense.

Scoring began with a 32-yard pass from Eric Bernal to Dennis Conner. The try for the extra point failed.

Bear Nitsch stepped in front of a Goldthwaite lateral and ran the ball into the end zone where he fumbled the ball. Conner recovered for a touchdown. Conner caught the 2-point conversion pass from Bernal.

In the third quarter, Marshall Scates picked up a fumble and ran the ball 37 yards into the end zone for a touchdown. The try for point failed.

Ray Lee Luera scored in the fourth quarter on a 42-yard quarterback keep. The try for point failed.

Also contributing to the win, Justin Minzenmeyer blocked a punt and made numerous tackles. Michael Pritchard and Michael Sanchez had fumble recoveries. There were several hard hits by the defense, causing fumbles.

"Offensively," Coach Ron Yancy said, "the Breezes are still stopping themselves by mistakes and penalties. Concentration on the field and in the classroom would help everyone."

"We are getting better and will continue to do so if we want to compete for a district title."

The Breezes travel to Hamlin this week to start district play. Last year Hamlin defeated the Breezes. Hamlin has a large team and can run and throw the ball.

"We need to cut down on our mistakes to beat Hamlin," Coach Yancy said.

Goldthwaite - 32 J.V. Blizzards - 0

The Junior Varsity Blizzards lost to Goldthwaite 32-0 last Thursday night.

Coach Chuck Lipsey said, "Offensively and defensively the j.v. is improving, but are having too many letdowns. We must eliminate mistakes and play consistently all four quarters."

The bright spot offensively was the throwing of the football. Michael Mostad completed passes to J.W. Angel, Justin Mitchell, Kyle Loudermilk and Jace Wade. He even completed a pass to himself.

Defensively, the bright spot was linebacker play from Jace Wade and Jose Vega.

GOOD-BYE AND GOOD LUCK!—Sheryl, Doug and Lauren Peters are shown with the quilt presented to them by the congregation of North Main Church of Christ at their farewell party Sunday night. Doug will be an Associate Minister with the 1500-member Southern Hills Church of Christ in Abilene.

To the Citizens of Winters:

It has truly been a pleasure to spend the last three years ministering in this fine community. The spirit of cooperation and mutual respect among residents of the Winters area is impressive. At a time when so much of our world desparately craves togetherness and community, you are very fortunate to live in a real community.

Thank you for making our family feel a part of the Winters family. Our thoughts of Winters will always bring smiles to our faces and special feelings in our hearts. May God bless Winters!

Doug, Sheryl and Lauren Peters

Renew special friendships at North Main Church of Christ Homecoming on September 26, beginning at 9:30 a.m.

Winters Woman's Club begins year patriotically

Winters Woman's Club started a new year September 14th with a patriotic theme.

Marthiel Russell introduced the program honoring Frances Scott Key, who wrote "Star Spangled Banner." Guests were led in several patriotic songs by Fran Kidwell.

Following the program, Yearbook Chairman, Marthiel Russell passed out new yearbooks and explained the program for the year.

The annual Spaghetti Supper, September 24, from 5 to 7 p.m. was discussed, tickets distributed and work schedules given to each of the members.

The meeting was closed with a silent prayer for Jamie Sims, who was seriously injured recently in an accident.

Members attending were Dolly Airhart, Billie Alderman, Joyce Bahlman, Beth Briley, Virginia Brown, Betty John Byrns, Kay Colburn, Edna England, Vivian Foster, Melvena Gerhart, Sandy Griffin, Nina Hale, Tooter Harrison, Lois Jones, Harte Joyce, Doretha Laughon, Pat Russell, Edna Self, and Marsha Shoemake.

Hostesses were Lavera Tharp, Betty John Byrns, and Horte Joyce.

Letters to the Editor

Dear Editor:

To the committees and concerned citizens of Winters who are working to make Winters a better and more beautiful place to live and attract retired people to settle here, (we) have a problem that should be investigated. The problem is overcharging people at a local grocery store. The store advertises items on sale, but the checkout register prices are not changed to reflect the sale price. Also regular prices marked on the shelves are not the same as the register charges.

The above practices create a problem for senior citizens who cannot observe the prices (and) as the result are overcharged on sale items. I know this condition has existed for the past four years. Complaining to the store managements has not resulted in any improvements.

Some of our senior citizens and others are on a fixed income and unable to drive to other locations and cannot afford this gross neglect on the part of a business who has a captive clientele.

Thank you,
Wanda Smith

Go Big Blue!

Dear Editor:

I was shocked and disgusted with our city officials when I read your article on the city council meeting.

Who was the genius that came up with this idiotic solution to the budget?

During our efforts in the past to make the cross-walk safer, I was given many excuses such as:

1. We don't have enough police officers to monitor the speed in this area.
2. We have a low budget.
3. We don't want to be known as a speed trap, it might discourage people from coming into our town.

To think they actually had the nerve to say they are proud of themselves and what they did.

1. To dismiss the best and most effective police officer they had.
2. To increase the risk of crime.
3. To increase the danger of children crossing the street.

For what? "6¢"

I don't buy it. Whose toes did he step on? Could it be _ _ _ _ _ _ _ _ _ _ _ _ _ _ _ _ _?

What a sense of values. Where monitary value is worth more than a human life.

What a way to discourage people from coming to our town.

Donna Barnett

Texas farmers and ranchers may be due $5 refunds on farm vehicles license fees

"Refunds are now available for agricultural producers who, since January 1, 1992 have been required to pay a special $5 vehicle license fee on farm and ranch vehicles to fund a state program to help young farmers get started into business," State Comptroller John Sharp has announced.

"County Tax Assessor-Collectors were required to collect the fees between January 1, 1992 and August 30, 1993, but because vehicle registration fees are constitutionally dedicated to Texas highways, the money collected for the Young Farmer Endowment Program could not be used for its intended purpose."

The Texas Legislature has now authorized the refunds on fees for the Young Farmer Endowment Program. Refunds can be obtained from the Comptroller's Office through November 1, 1993. Refund claim forms are available from the Comptroller of Public Accounts by calling 1-800-252-1382. Claim forms are also available from county Tax Assessor-Collectors.

Information required on the claim form will be the agricultural producer's name, social security number, taxing county and the license number of each vehicle for which a refund is sought.

During the 1993 legislative session earlier this year, lawmakers amended the law to earmark the $5 fee on farm vehicles to the Texas Agricultural Finance Authority which will administer the program, now called the Young Farmer Loan Guarantee Program.

Effective September 1, 1993, as amended, the law continues a $5 "voluntary assessment" on farm vehicle registration fees, but makes provision for refunds to be obtained from county tax assessor collectors.

Under the program, the state guarantees commercial loans of up to $50,000 to new farmers and ranchers between the ages of 18 and 39. Applications for the loan guarantee may be made to the Agricultural Finance Authority starting on October 1, 1993.
