Canadian River Dam Prospects in Danger

Shanghai Trip Is Called Off

HONG KONG — (AP) — The American President Lines today cancelled the liner General W. H. Gordon's trip to evacuate foreign nationals from Red-held Shanghai.

Chinese Communist officials earlier refused entry into Shanghai harbor of two shallow draft vessels needed to carry evacuees through waters which may be mined.

J. J. Berryman, Hong Kong manager of APL, said the decision was left open for a last minute agreement but he had little hopes.

The Communists' refusal to let two civilian-manned tank landing ships enter Shanghai harbor stemmed plans to evacuate more than 400 Americans and 1,200 nationals of other countries.

The Reds' decision was made known only after the LST's had cleared Nagasaki, Japan, yesterday for Shanghai.

Nationalists say they have mined the waters of the Whang-poo and Yangtze rivers leading into Shanghai harbor. The shallow draft LST's are needed to lessen the danger of accident.

They were scheduled to reach Shanghai tomorrow.

Fifteen foreign consulates in Shanghai scheduled a general protest (See SHANGHAI, Page 10)

Sen. Johnson Message Says Texans Must Band Together

By HENRY S. GORDON
Pampa News Staff

AMARILLO — The hopes and dreams of some High Plains cities for a surface water supply from the Canadian River are in imminent danger of heading for the rocks, it was revealed here yesterday afternoon.

The disclosure came during a meeting of the Panhandle Water Users Association in the Amarillo Hotel when Rex Baxter, member of the executive committee of the group, relayed a hint by Sen. Lyndon Johnson that "enthusiastic endorsement by the people of Texas concerned with the dam is necessary or you will have a fight in the subcommittee hearing on April 18."

The April 18 hearing is to be before a subcommittee of the Senate Internal Affairs Committee that now has the House-passed river dam bill.

It was also reported by the executive committee that two Western senators, one from Oregon and one from Idaho, reportedly were probing for weak points of the bill with the prime purpose of defeating it before it ever gets to the floor of the Senate. The reason for their attitude was not clearly set out by the committee's informers.

By almost the same token, the group assumed some interests in South and East Texas were attempting to block the dam after several questions surrounding ownership and control of the \$5,000,000 project when the cities paid their debts to the Reclamation Bureau. These questions were posed by members of the Texas Water Code Committee yesterday morning during its hearing of High Plains attorneys and farmers in the Herring Hotel. The hearing was primarily held to recodify the state's out-moded water conservation laws.

A. A. Meredith city manager of Borger, was instructed by the group to tell Gov. Shivers, by telephone, that the Panhandle was not interested in ownership or control of the dam, but interested solely in complete water rights of the reservoir. Meredith also was told to include this statement when he attempted to contact the governor yesterday following a report that Gov. Shivers' letter of endorsement to Secretary of the Interior, Oscar Chapman was a half-hearted endorsement, including several reservations recommended by the State Water Board.

The Water Users Association further instructed Meredith to ask Gov. Shivers if the report of (See SEN. JOHNSON, Page 10)

Probers Given Agent's Name

WASHINGTON — (AP) — Senator McCarthy said today he has handed Senate investigators the name of the man connected with the State Department whom I consider the top Russian espionage agent in this country.

The Wisconsin Republican made the statement to newsmen. Reports circulated meanwhile that the State Department is urging President Truman to open FBI and all other government loyalty files to the Senate committee looking into McCarthy's charges there are Communists in the department.

The "top Russian agent" was described by McCarthy as Alger Hiss' one-time boss "in the espionage ring in the department."

Hiss, former State Department official, has been convicted on a charge that he had in denying he had secret U. S. documents to a courier for Russia.

McCarthy's statement was prompted by another one made at a news conference late yesterday by Senator Tydings (D-Md.). Tydings is chairman of the Senate foreign relations subcommittee which is looking into McCarthy's contentions that there are 57 card-carrying Communists in the State Department.

"Up to the present time," Tydings said (See PROBERS, Page 10)

Miner Suing Union Faces Home Loss

UNIONTOWN, Pa. — (AP) — The retired coal miner who is suing the United Mine Workers welfare fund trustees said today he will be out on the street next Monday after his household goods are sold by the sheriff.

He is George H. Livengood, 55. The Fayette County sheriff has ordered his household possessions sold to satisfy a \$400 debt for back rent. Livengood also will be evicted.

The Livengoods live in an old rambling frame house for which Livengood pays \$100 a month rent.

Two children remain at home. They are Jerrie, 6, now ill with whooping cough, and Max, 19, who is able to earn about \$15 a week working as a stock boy in a candy company. The father has a heart condition.

Livengood, who formerly received a pension from the UMW welfare fund, was expelled from the union after he filed his federal court suit in Washington, D. C. last September.

He charged "wrongful dissipation of the fund and asked removal of the trustees — including UMW President John L. Lewis. The suit now is pending.

Divorce Sought By Mrs. America

SAN DIEGO — (AP) — Mrs. America of 1949 wants a divorce. The beautiful blonde Mrs. Frances L. Cloyd, 26, charged her husband, Arthur, 28, with cruelty — "physical as well as mental" — in a suit filed yesterday. Arthur is an auto mechanic.

Mrs. Cloyd is the mother of three children — Tommy, 3, Terry, 2, and Patricia, who was just seven weeks old when her mother was named Mrs. America at Asbury Park, N. J., in September. The Cloyds were married in 1943.

DENIAL — Ambassador-at-Large Philip Jessup, appearing before a Senate foreign relations subcommittee, makes a sweeping denial of charges by Sen. McCarthy (R-Wis.) that he (Jessup) is guilty of "Communist affinity."

Acheson Plan Turned Down

By EDDY GILMORE

MOSCOW — (AP) — U. S. Secretary of State Dean Acheson's recent conditions for better relations between America and the Soviet Union are getting a flat turn-down from the Russians.

Soviet press commentators over the weekend, attacking Acheson's recent speech at Berkeley, Calif., made it clear that the Soviets feel it contained no concrete proposition for fostering peace.

It is not likely there will even be an official reply to the secretary of state's speech.

In his speech Acheson said better Soviet-American relations would be possible if the Russians, among other things, would cease "obstruction" in the United Nations, agree to a realistic atom control plan, and permit Germany, Japan and Austria to become free countries.

There is probably no time since the war when mutual relations are as bad as they are now. Not only are there numerous problems dividing the two countries but they seem to be multiplying.

The Soviets evidently think war is possible but not probable. They show no outward signs of being convinced that it is coming soon, if at all.

The Russians appear as convinced as ever that the economic conditions in capitalist United States and Britain are heading those countries for a crisis.

School Filing Ending Today

Today is the final day for names to be added to the ballot for trustees of the Pampa Independent School District.

Roy McMillen, business manager, said the reason names cannot be added after today is because of the 10-day prior-to-the-election requirement.

Election for two men to fill places on the five-man board will be held April 1.

The names of Herman Whately and A. C. Troop have been filed by petition thus far for the trustee reelection. The terms of both men expire Saturday.

No other names have been filed. Holdover trustees include H. R. Thompson, J. C. McWilliams and Frank Smith.

Burning Trash Causes 2 Fires

Burning trash resulted in two minor fires yesterday and this morning. Fire Chief Ernest Winborne said.

Firemen extinguished a grass fire at 1445 N. Russell at 4 p. m. yesterday. Trash was being burned.

At 11 a. m. today firemen were called to 926 E. Brunow to put out a chicken house fire that started from burning trash. Winborne said the chicken house was burned to the ground, but had been only a discarded structure.

Loot-Laden Suspect Taken in Hollywood

HOLLYWOOD — (AP) — Police, acting on a tip, early today seized a man carrying a suitcase loaded with more than a quarter of a million dollars in bonds and jewelry stolen from the home of philosopher Will Durant.

Detective Herb Splaine said the man was being questioned about the Sunday robbery at the mansion of the noted author. The detective did not disclose the man's name.

END OF A HAPPY HOLIDAY—These three Eric, Pa., boys watch Lt. Francis J. Walsh (center) and Sgt. Adam Ferragamo (right) count the \$9,005 they had remaining after bus and rail tour of Western Pennsylvania. The youths were apprehended at Pittsburgh, Pa. Walsh said 11-year-old Nick Pakrout (left) took the money from his father's hiding place. Michael Manning (second from left) and Paul Veculan accompanied Nick on the happy holiday. (AP Wirephoto)

Student Art Exhibit Open

An exhibit on studies in art forms and art techniques by students in the Pampa school system went on display today in the City Library.

The exhibit, shown annually in the library, is a collection of projects from students in the sixth, seventh and eighth grade art classes.

Sixth grade students submitted work in full figure and relief wood carving, weaving and embroidery. One group of sixth grade pupils built their project for the year, a complete marionette show including marionettes, stage and drawing curtains and the assembly for animating figures.

Seventh grade art was a display of colored chalk on colored backgrounds. Animals as subjects, predominated in these studies of color harmony and contrast.

Water color was the medium used by eighth grade students. These works were a study in form. Study of true movement with no particular subject was brought out in finger paintings by the eighth graders. One group of work, entitled scribbles on circles, shows origination of an idea for an art subject from scribbling. An example of this is shown in connection with the finished pieces conceived by this method.

Civil Defense Plans Urged

WASHINGTON — (AP) — Lawmakers today weighed fresh demands from citizen groups for a national program of civil defense against atomic attack.

The demands backed up testimony to the Senate-House Atomic Energy Committee that the American people are fearful of the future, and are looking to the federal government for action.

"If war strikes now, we would have panic and hysteria," Dr. Walter S. Cronin, disaster coordinator for Cambridge, Mass., told the committee yesterday.

He recommended that a civil defense agency be set up in the Defense Department immediately.

American Legion officials earlier had said that the Legion has repeatedly requested that responsibility for civil defense be placed in the Defense Establishment.

They also took occasion to prod Congress for action on a Legion bill to create a national security training corps.

The committee has been pushing into the state of U. S. civil defenses against atomic attack in a series of high-level closed-door sessions. The hearing yesterday was the second in a limited number of public meetings on the problem. Dates of future open hearings have not been set.

President Truman has placed responsibility for civil defense in the hands of the National Resources Security Board. The board March 1 set up an agency headed by Dr. Paul H. Larson, to handle defense planning.

'Anti-Cold' Drugs Facing Crackdown

WASHINGTON — (AP) — The Federal Trade Commission says that at least two so-called anti-cold drugs — those with the trade names "Resistab" and "Anahist" — do not measure up to their advertising claims and may even be harmful.

Manufacturers of both disputed the statement.

The government agency made its complaint yesterday following a government investigation of the effectiveness of antiasthmatic preparations in preventing or treating common colds.

In an unspoken charge that "false and misleading" advertising is being used to promote the sale of both "Resistab" and "Anahist," FTC alleged:

"The products are neither cures, preventatives nor adequate of competent treatments for the common cold or its manifestations."

The trade commission complaint was directed at Bristol-Myers Co. and the Anahist Co. Inc., both of New York. Under federal law, FTC has power to force the companies to halt or revise advertising claims if the government can prove the "false and misleading" complaint.

The Bristol-Myers product is "Resistab." The Anahist Company's preparation is called "Anahist." Both have been extensively advertised.

Spokesmen for Bristol-Myers and Anahist, in separate statements, called the FTC's complaint erroneous and said the Federal Food and Drug Administration had cleared their products for sale.

"Every advertising claim we have made is backed by clinical evidence," said Anahist. Similarly, Bristol-Myers said: "All advertising of Resistab has been based upon thorough clinical and scientific investigation."

The FTC served notice that it possibly would stop with the initial complaints that other companies in the field are under scrutiny.

Not only did the agency attack the value of the products in combating colds, it also alleged that:

"Contrary to the claims of the respondents, both Resistab and Anahist, taken as directed, may be unsafe and produce injury or harm to the user."

No elaboration was made on this fact of FTC's charges.

Bristol-Myers and Anahist Company were given 20 days to answer the FTC complaint. Following this, both firms will be given opportunity to present rebuttal arguments in oral hearings.

Slayer Asks New Trial in Girl's Death

LANCASTER, Pa. — (AP) — Edward Lester Gibbs, sentenced to death for the slaying of Marian Louise Baker, wants a new trial and lists 17 reasons why last week's verdict should be set aside.

Judge Joseph B. Wissler, who presided at the trial of the 25-year-old Lancaster, Pa., Marshall College student, yesterday set argument on the motion for the April term of court, beginning April 17.

W. Hensel Brown, Gibbs' attorney who filed the plea, said he would carry the appeal to the state Supreme Court and the governor, if necessary.

One of Brown's reasons for seeking a new trial claimed Judge Wissler charged Gibbs with murder in the first degree with life imprisonment, murder in the first degree with the death penalty, or a verdict of not guilty.

Gibbs' attorney contended the jurist overlooked the possibility of a second degree verdict.

Brown also said the court erred in permitting the commonwealth to introduce various photographs of the college typist bludgeoned to death on Jan. 10 and other evidence.

Gibbs, son of a prominent Pittman, N. J., family, was convicted of killing the attractive Miss Baker and then hiding her body under the porch of a summer cottage several miles south of Lancaster.

WASHINGTON — (AP) — The Commodities Credit Corporation today sold \$2,118,000 pounds of surplus dried eggs costing about \$40,000,000 to the United Kingdom for \$7,000,000.

The sale disposed of about 37 percent of the corporation's stocks of dried eggs bought under a farm price support program during 1948, 1949 and this year.

The purchase is being financed by a grant of \$3,000,000 in Economic Cooperation Administration funds, \$1,000,000 in British dollars, and \$3,000,000 of Agriculture Department funds available for disposal of farm surpluses.

The sales price was said to average about 22 cents a pound compared with a cost to the CCC of about \$1.26 for eggs bought in 1948 and 1949 and about 96 cents this year.

The British actually are getting them for about 3.1 cents a pound in their own money. The CCC, which is the government's multi-billion dollar farm price support agency, will be reimbursed in the amount of about 22 cents a pound, but other U. S. government agencies will supply about 18.9 cents a pound of this amount.

Mexico Pays Tribute To Indian Benefactor

MEXICO CITY — (AP) — Mexico celebrates today the birth of Benito Juarez — the only one of five national holidays which honors a single man.

It was Juarez, an Oaxaca Indian, who overthrew the French-supported empire of Maximilian and seized church property for the benefit of the government.

IFECAC IN HOT CHOCOLATE caused the entire football team in the Senior Class play, "Beauty and the Beast," to fall into the condition of "Bubbles," (Jerry Coley) above on the divan. Other characters pictured above are the professor, (Bob Epps), Mitz, (Eunell Johnson), and Franny, (Beverly Brandt, standing). The estimated 1,100 persons jammed into the High School Auditorium for last night's performance laughed throughout the three-act comedy, proving the production was well accepted. The final performance of "Beauty and the Beast" will start at 8 p. m. today. The auditorium doors will be opened at 7 p. m. (News Photo and Engraving)

Chapter Leaders Will Complete Red Cross Drive

Members of the Pampa Red Cross Chapter yesterday decided to complete the current fund drive by working the remaining contact cards themselves.

"Quite a few of the workers who volunteered to solicit for the drive have failed to do so," Fred Neslage, chapter chairman, said.

The local chapter's goal is \$10,337. Slightly more than \$6,000 has been raised to date.

The Jaycee-Ettes have agreed to form a telephone brigade starting tomorrow, to remind Pampans of the drive. In previous years the chapter has sent drive follow-up letters, but the telephone brigade will be the only reminder this year.

Neslage said some of the volunteer workers have reported in full. Also, other volunteer workers still are needed by the board to help complete the drive.

406 PATIENTS SERVED BY HIGHLAND GENERAL

Four hundred six patients had been admitted to Highland General Hospital, the new county institution, by this morning, a check of the records showed.

Two hundred seven were admitted the 14 days the institution operated last month from Feb. 13 to Feb. 27.

The big influx of cases, it was revealed, was due to a flu epidemic in Pampa.

A total of 199 patients has been admitted this month to date. Supt. Chet Lander said a number of rumors had arisen regarding operation. He said some persons thought there could be no flowers sent to patients, but he added, this is not true.

A new priced bed is being set up this week. Three and four-bed rooms are being set up to cost \$5.50 per day. Two-bed rooms are already in use at \$8 per day each. Private rooms at \$9.50 per day. Rumor had it, he said, that rooms cost a minimum of \$14 per day.

65 at Opening Food Handler School Meel

Sixty-five Pampa food handlers yesterday attended the first day of a food handlers school in the City Palm Room.

C. B. Breedlove, public health instructor of Texas State Department of Health, presented movies and slides on "Food Handling and Bacteria." Tomorrow's course will be entitled "Three Enemies of Food Establishments."

Two classes will be instructed daily through Friday. The 9 a. m. and 2 p. m. classes each day cover the same subjects so more food handlers will have the opportunity to take the course.

Certificates will be presented Friday to the persons who have attended one class a day. The certificates, issued from the Texas State Health Department, are signed by Dr. George Cox, state health officer.

Pampans attending the first session of the five-day course were Mrs. Ida Barton, Mrs. Ben Morris, Harry P. Stone, Miss Eunice Hudman, Miss Audene Edmonds, Charles DeMoss, Bob Parkinson, Mrs. Stella Wilkie, Bradford Hinkle, S. A. Elder, Miss Martha Snider, Tommie Gee, Larene Rush, Miss Alpha Smith, Mrs. Alice Posey, R. D. Morris, Miss Maude Hinds, Mrs. Jess Turner, H. L. Clanton, Miss Carrie Austin, Mrs. Katie Snow, Mrs. Allie Heron, Miss R. O. S. Bearden, Mrs. Lettie E. Jones, Miss Garnet Poole, Mrs. Roy Howard.

Miss Pat Willis, Miss Reggie W. King, Mrs. W. E. James, Mrs. Edith Rowe, Miss Freda Fairrest, H. F. Sidney, Miss Irene Lynch, Miss Virginia Harris, Billy Gee, Mrs. H. P. Stone, Mrs. Marie Drenna, John Gikas, Mrs. F. A. Elder, Bill Coromis, Mrs. Jane Jones, Mrs. E. B. Lindsey, Miss Della Kilgough, Mrs. Lana Payne, Mrs. Willie Carruth, Miss Leith Hoyler, Miss Margaret Smith, Miss Edna M. Spinks, Miss Minnie Harris, Mrs. Clay Coston.

Joe King, Miss Zella Mae Prescott, Miss Anna Mae Heron, Mrs. Leila B. Haynes, Miss Pearl Broome, Miss Wilma Wilson, Mrs. Glenn Andrews, Miss Mildred Cole, Mrs. Ellen Swindle, Mrs. Roy Kilgore, Mrs. Velma Meador and Mrs. David Fletcher.

'Monopolistic' Labor Unions Hit By Texas Solon

WASHINGTON - (AP) - Congress should apply anti-trust laws to labor unions, Rep. Burlington of Texas says.

He told the House John L. Lewis has gained the highest hourly wage rate for miners of all large organized union groups, and set a goal for other labor leaders.

"The pressure is on every union head to make his demand, and so goes the merry-go-round," said Burlington.

"The union boss must maintain his position as leader and he can only do so by keeping up with the gains of his competitor."

HD Women Study Grace Friend... Sewing Machine Attachment Use

A demonstration on "The Use of Sewing Machine Attachments," with Mrs. Joe Stone in charge, was the feature of a meeting of the Hopkins Home Demonstration Club. Mrs. Vern Savage was hostess.

Mrs. Stone first demonstrated the ruffler, showing that it can make dainty tucks and ruffles, and also be used for group pleating. She then told how to use the edge stitcher for sewing strips of lace or braid together and applying lace to garments. She also demonstrated the buttonholer and showed that the attachment makes straighter, stronger buttonholes than can be made by hand, and that they can also be made in various lengths and stitch widths. Several other attachments were also demonstrated.

Mrs. C. H. Brickey discussed "Short Cuts in Sewing." She advised the women to remove the selvedge before sewing up a garment, and to always "stay stitch" garments. She said, also, that sewing a garment upward will prevent sagging. She concluded her talk by advising that shoulder pads be snapped in a garment rather than stitched.

At a short business meeting, led by Mrs. Stone, the club members voted to make a donation to the 4-H Club.
Mrs. W. E. Melton was in charge of recreation. Molded salad and hot spiced tea were served. Others present were Mrs. B. V. Brummett, Mrs. George Reeves and one guest, Miss Nell Brummett.

The experts say it is possible for a hen to lay two eggs in the same day, although she generally lays only one.
It is estimated that 1,500,000-000 baby chicks are hatched annually in the United States, the majority of them in spring.

Mobeetie
MOBEETIE — (Special) — Mr. and Mrs. George Wurnig of Hereford, S. D., were guests in the home of Mr. and Mrs. Jim Hathaway Friday.
Mrs. C. R. Brown and Joe were in Amarillo Friday. Joe had a minor operation for a chronic mastoid condition.
J. B. Carmichael and R. B. Walker, of Yakima, Washington, are visiting with Mr. and Mrs. Arthur Carmichael this week. J. B. is the brother of Arthur and lived here in 1934 and '35.
Mr. and Mrs. Luther Petty, of McLean visited Thursday afternoon with Mrs. F. P. Heare.
Mr. and Mrs. Bill Wright are visiting relatives in Dalhart this week.
Mr. and Mrs. Clinton Stribling are the parents of son, born Wednesday at Highland Hospital in Pampa.

Simplified Work In Home Is Topic Of HD Club Meeting

Mrs. L. Z. Rhodes gave a report on the 4-H Club of Skellytown at a recent meeting of the Skellytown Home Demonstration Club in the home of Mrs. L. N. Cahill.

Each member of the club agreed to do at least one thing to further 4-H Club work in the Skellytown community.
On the program, Mrs. E. E. Crawford taught work simplification, and Mrs. J. T. Crawford demonstrated how to make a bed by just one trip around it.
Sandwiches, cookies and coffee were served. Present were Mrs. Jack W. Cornwell, Mrs. M. L. Giesler, Mrs. M. C. Kuykendall, Mrs. C. C. Coleman, Mrs. R. E. Dalton, Mrs. P. J. Boyd, Mrs. J. L. Burba, Mrs. E. E. Crawford, Mrs. L. N. Cahill and Mrs. J. T. Crawford.

Argentina averaged 260 pounds of meat per person in 1948, Uruguay 227.
The cardinal is the official bird of seven states.

Louis Promises to Decide on Comeback After Waco Bout

ODESSA — (AP) — What appears to be probably the worst kept secret of the year will "leak out" at Waco Saturday.

Joe Louis, who "retired" as a heavyweight boxing champion of the world, is giving every indication that he will announce a comeback.

The Brown Bomber appeared here last night in an exhibition. He has two more before finishing a national tour. Tomorrow night he will be at El Paso, then Saturday at Waco. There, he says, he will decide whether he will return to the championship fighting line.

All along the way Louis has shown he's preparing for another title fight. He is carrying only 230 pounds — 15 above the weight he assigned himself. He has had more than 20 fights since Feb. 2, including three that went the full ten rounds.

He estimates it will take him about two months to get ready for a title bout.

The 35-year-old Louis says he did not need the money, but not to be surprised if he agrees to a bout with Ezzard Charles, the current champion. If it comes off, it'll be next September in New York.

"My punch is just as good as it ever was," Louis said. "I hit as hard as ever, but my legs aren't as good as they used to be. Still, I can go 15 rounds without them bothering me."

Louis said he was waiting to hear from James Norris, one of his two partners in the International Boxing Club, which holds Charles' contract, before he makes his announcement. "He'll have to o.k. the financial arrangements before we can hold a fight," Joe explained. Norris is president of the IBC.

He professed great respect for Charles, the Cincinnati Negro recognized as champion by the NBA.

Louis will be winding up a 26-bout exhibition swing at Waco. Then he plans to go to South America for 16 more exhibitions. "I scheduled this exhibition tour to find out whether or not I could get in shape for a championship fight," he said. He apparently answered that before mentioning it.

MY Biggest BONER

Hermanski Finds Ballplayer Can't Coach Base-Runner and Be One, Too

By GENE HERMANSKI
Brooklyn Outfielder

It's a wonder the rabid Dodger fans didn't exile me to Siberia after the stunt I pulled last summer.

It was mid-season, and we were tangleling with the Cardinals in an extra-inning game at Ebbets Field. The score was 4-1, with Jack Banta on second and one out. I drew a base on balls.

Jake Pittler was working in the first base coaching box, and he kept yelling to Banta to take a bigger lead.

"Jake," I said, sauntering back to the bag, "let me tell you how big a lead he should take. I'm closer to him. He can hear me better."

"Okay," Gene, he's all yours. But don't let him get picked off," warned Pittler.

"Not a chance," I assured him. For the next two or three pitches I kept my eye on Banta, telling him how big a lead to take. All the while I kept edging off first, farther and farther. But I paid little or no attention to myself. I was more interested in seeing that Banta played it safe. After all, he was the potential winning run.

Suddenly, Banta was scurrying back to second, waving his arms and pointing to me.

"Gene, you fool!" he shouted. "Look out! Back of you!"

It was too late. The pitcher had turned and thrown to first base, catching me napping. It was a perfect pick-off. I had become so concerned about Banta that I'd completely forgotten about myself. Pittler had been yelling at me to get back, but I hadn't heard him.

We failed to score that inning, and the St. Louis club went on to win.

All because I thought I could coach a runner and be one, too. That's the last time I ever offered my services to the first-base coach.

As you well know, nothing

Sports Round-Up

By HUGH FULLERTON, JR.

NEW YORK — (AP) — The preliminaries to the 1950 National Collegiate A.A. Basketball Tournament have been attended with more than the usual amount of bickering from ambitious teams and coaches. . . . And, for once, we're inclined to agree with Chet Nelson that the whole selection system is due for an overhaul job. . . . The Rocky Mountain News sports editor points out that two Big Seven teams were unhappy when Kansas was chosen and that every year the Rocky Mountain Conference "takes on a good pout" over being ignored. . . . You can go further and add that Bradley got into last night's playoff against Kansas only by holing; that Kentucky wasn't at all pleased at being passed and a lot of folks weren't happy about the handling of the District 2 choice of CCNY. . . . Nat Holman's boys made that one look good, but how about those Princeton kids who were kept waiting a week after their season ended before they were turned out? At least Bruce Drake, C. E. McBride & Co. made their decision without undue delays. . . . Best suggestion we can offer is to set up an ironbound plan before the season, or to let more teams into the playoffs.

SHARP CRACK CORNER
Jersey Jones, the well-known cauliflower importer, offers this one: "If the IBC matchmaker lopped one L off the last half of his name and put it on the front half of his handle, you'd have a pretty good description of the fight game in New York." . . . That, of course, would make it "J. L. Jones." . . . P. S.: Jersey adds, "I don't care what Will thinks; I can't get a fight in the joint anyway."

ONE-MINUTE SPORTS PAGE
Oddest oddsit reported in the 1950 Baseball Guide (just arrived) was an "inside the glove" homer scored by the Cardinals' Rocky Nelson while Andy Pafko of the Cubs, still holding the ball, ran in to register a beef with the ump. . . . Gossip around the boxing beat is that negotiations are underway for a Joe Louis-Jackie Robinson scrap next spring. . . . Later if he does well enough. . . . The Clemson and South Carolina football teams, which set a state attendance record by drawing 38,000 last fall, have been outdone by evangelist Billy Graham and his evangelists. . . . The packed stadium . . . Bill Mokray, the Boston Garden basketball boss, claims some scribbles remain away from the basketball camps to absorb the "color" of the New England scholastic basketball tournament. The color, as we get it, consists mainly of throwing paper.

END OF THE LINE
The U. of San Francisco basketball team set a distance record by 17.43 miles traveled by coach and an attendance record (188,728) last season. . . . W. H. (Dinty) Moore, Navy's lacrosse coach, also is president of the Maryland College for Women. . . . He must have adopted Theodore Roosevelt's motto: "Speak softly and carry a big stick."

Middlecoff Wins At Jacksonville; Burke Is Sixth

JACKSONVILLE, Fla. — (AP) — Cary Middlecoff may have started another run of red-hot golf with his victory in the Jacksonville Open yesterday.

The 29-year-old National Open champion ended a series of high finishes with the top \$2,000 in this event last year. This time he is just warming up and has his eye on the climax of the winter circuit — the Masters at Augusta, next month.

Shooting a 69 on final day here, Middlecoff scored 279 for the 72 holes. The three-under par round stood out among a flock of sad ones as a treacherous wind gusting across the 6,508-yard Hyde Park course.

Jack Burke of White Plains, N.Y., the youngster who is second to Sam Snead in money won this year, saw his 54-hole lead vanish with a sad 78. At 285 the best he could do was a sixth place tie.

Snead also slipped. He came in with 74 for 284 and a fourth place tie.

George Fazio of Washington, D.C., added 71 to three rounds of 70 for 281 and second money of \$1,400. Henry Ransom of St. Andrews, Ill., was a steady par 72 to end with 282 and \$1,000.

Snead and Jim Ferrier of San Francisco got \$750 each for 284's. Burke, Al Besenick of Detroit, Bob Hamilton of Landover, Md., and Skip Alexander of Knoxville, Tenn., collected \$487.50 apiece at 285.

Edmondson, Richardson Off To Seek Sports' Surplus Stars

Owner R. L. Edmondson and his new manager, Virgil Richardson, left today for Shreveport and the spring training camp of the Shreveport Sports in hopes of picking up some top talent boys that the Sports can't use.

Pampa Boys Club Fighters Meet Broncos Tonight

Tonight the Pampa Boys Club boxing team goes to Clarendon in search of the third team victory of the season. The club holds victories so far over Kress and Panhandle, and has been defeated by evangelist Billy Graham and his evangelists.

Blackie Slowly Returning to Top With More Weight

TAMPA, Fla. — (AP) — Evell Blackwell rolls slow and easy up the comeback trail. Step by step, the lean Cincinnati right-hander, with the whip-cracking motions nears pitching form.

Manager Luke Sewell gave Blackie his first workout Sunday, a three-inning stint. It was a stiff test against St. Louis Cardinal varsity with its lefthanded power. Except for wildness, Blackie slipped home free, using a slow curve.

"I didn't throw one fast ball," said Blackwell. "It's much too early, with a month to go. But I feel fine, stronger than the time last season. I'm taking it slow and easy. This has to be the year for me."

A year ago Blackie was water-tight at 165 pounds. A serious operation for removal of a kidney almost ended his baseball career. The all-star pitcher of 1946-47-48 couldn't throw a ball all last spring. He didn't appear in a game until May 1 and only started four all season. His longest work stretch was seven and 2-3 innings on relief.

At the end of the season he had pushed his weight up to 175. After a winter of rebuilding he scaled 197. Now he's 198 1-2. Apparently the work is agreeing with him.

Nobody can tell, of course, if Blackie will be able to stand up in the grind of competition. But everybody is optimistic.

His Cincinnati teammates are enthusiastic. To a man, they are pulling for "the thin man" to come through. They realize he can be the difference between last place or a shot at the first division.

"It looks great to see Blackie running," said catcher Dixie Howell. "Last spring he couldn't even run in the outfield. He's going to be all right."

The Card batters thought he looked better than at any time last season, although they knew he wasn't throwing hard.

Manager Sewell was favorably impressed. So was the Card centerfielder Chuck Diering who struck out twice. Blackie's side arm delivery was as baffling as ever.

Perhaps Blackwell never again will hit the heights he reached in 1947. That was the year he won 22 and just missed a double no-hitter. He won 16 in a row, a new modern record for right-handers in the National League.

Now he's 27, younger than most of the 20 pitchers in the league last season. Barring a accident, Blackwell appears to be on the road back.

Bradley Tops Kansas for Berth in Western NCAA

Waitkus Looking Good; Ted Rests; Zernial Is Benched

(By The Associated Press)
FRESNO, Calif. — (AP) — There seems to be a jinx on New York Giant catchers lately.

With first string receiver Wes Westrum, straining a sore, swollen right thumb, veteran Roy Muelier was sent in behind the bat yesterday against the Pittsburgh Pirates at San Bernardino, a game the Giants won, 9-8.

In the third inning, a foul tip tore the nail off Mueller's right index finger. Sal Yvars caught the remainder of the game.

VERO BEACH, Fla. — The changes for a spring trade involving the Brooklyn Dodgers' catcher Bruce Edwards looked slim today.

Here's why: Rookie catcher Steve Lembo, up from Montreal, had been considered the possible No. 2 receiver behind Roy Campanella should Brooklyn get a solid pitcher in a trade for Edwards.

But Lembo yesterday was sent back to Brooklyn for a rest and checkup, victim of an extended flu attack. So Edwards looks like the second catcher indefinitely.

CLEARWATER, Fla. — It looks more every day as though Eddie Waitkus will be the Philadelphia Phillies' varsity first baseman when the National League season opens.

Waitkus has been waging a spirited battle to retain the position taken over by Dick Sisler last summer when Eddie was shot by a deranged girl in Chicago.

In yesterday's game with the St. Louis Cards — won by the Red Birds 15-4 — Eddie banged out a double in two trips to the plate and was the Waitkus of old in his defensive play.

SAN BERNARDINO, Calif. — Thanks to the 9-8 defeat the New York Giants handed them yesterday, the Pittsburgh Pirates now sport a record of five and five for their 1950 exhibition baseball season.

The Buccos head North today for a week in the San Francisco area. They'll play there games with the Giants up there and another three with San Francisco of the Pacific Coast League. Murray Dickson and Cliff Chambers are listed to lead the Bucs in their bay area opener today against the Giants at Fresno.

SARASOTA, Fla. — Ted Williams may get a day off today when Boston's Red Sox play the Detroit Tigers at Lakeland, Dom DiMaggio was given yesterday off by Manager Joe McCarthy who was happy to report Ellis Kinder had pitched to Coach Johnny Schuch and seemed ready to go. Kinder, 23-game winner last season, suffered a cracked rib recently when struck by a bouncing line drive while running in the outfield.

SAN FRANCISCO — Gus Zernial, pegged as the Chicago White Sox' heaviest hitter, has been benched.

"The big fellow is overtrained," Manager Jack Onslow said. "He has been physically active all winter getting his arm in shape and he's been hustling all spring. Now he's stale."

Zernial, who broke a collar bone last May diving for a fly ball in Cleveland, notched only four hits in six games, struck out nine times and drove in two runs. Prior to his injury in May he was leading the American League in batting with .355.

TAMPA, Fla. — The Cincinnati Reds got back into the victory department of the spring training Grapefruit League yesterday — but they didn't have much to cheer about.

The Reds licked the Boston Braves, 12 to 7, but their slugging was done against three second line hurlers.

Today the Reds will entertain the Philadelphia Phils on their "home" field here and Manager Luke Sewell said he would start Howard Fox on the mound and let him go six or seven innings. He'll finish off with Frank Smith.

LAKELAND, Fla. — The luck is running bad again for Charley Keller.

The former New York Yankee slugger is on the Detroit Tigers' casualty list and may be out for three weeks. His foot slipped on a throw and he tore muscles in his left leg.

Keller, trying a comeback after injury with the Yanks, brooded. He said "a lot of hard work and high hopes just went out the window."

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

QUESTION: What active National League hitter holds the top lifetime batting average?

DON'T THINK FOR ONE minute that Borger High School isn't going to be tough to reckon with in a couple of years. The sports program being instituted in their school system is terrific and will produce top football and basketball teams for the Bulldogs in the very near future. Each grade school within the city has its own coach for football and basketball and a grade school league is operated in both sports.

Pampa at one time had a similar program, but the crowded conditions that arose in the grade schools snuffed it out. Now that the school board has been approved by the voters, perhaps the system can once again be revived for the youngsters that want to participate.

Borger places a capable athlete in each school to do a dual job, as a teacher of some subject and as a coach. Several of the dual-purpose men have been picked off the Borger Gasser baseball club, named Verduin Gilchrist and Jim Bachelor. Gilchrist's school had a fine record of 7-0 in football and 17-0 in basketball this past season, and just finished playing a grade school basketball tournament last weekend.

If Pampa did the same thing, and it has the facilities for it at each school, or will have after the new additions have been erected, it certainly would strengthen the athletic teams at the high school. Amarillo has had the program in operation for along while and Borger has been at it for a couple of years, so again Pampa trails.

I see in the Sporting News that Frank Okrie, Albuquerque Duke shortstop who was attacked by polio last fall, had decided to return to the Dukes this season. Earlier he made the announcement that he was going to retire from baseball to stay with a job in Detroit that he liked. The Dukes opened their spring work last week as they prepared to seek their third straight title. In '48 they were knocked off in the playoffs, but last season went all the way.

Mark Ba, famed cage coach at Oklahoma A&M, has announced that next season he hopes to take his team to Oklahoma City to play "home" games. "If it can be arranged," Ba said, "we hope to increase our so-called home schedule by four or five games and take the added contests to Oklahoma City. The move is intended to give more Oklahoma fans an opportunity to see the team in action."

Only 2,000 seats were put on sale for the general public for games in Stillwater, the remain-

IN THE TRAINING CAMPS

Most Violent Effect of Frisch's Youth Movement is Visible in the Cubs' Infield

By CHESTER L. SMITH

LOS ANGELES — (NEA) — Phil Wrigley was given a watch by the players to show their appreciation before the Cubs broke camp on Catalina Island.

Now if they don't give Owner Wrigley a headache in the form of another last place team, things will be looking up on Chicago's North Side.

The Cubs have not been in the first division since 1946, have gallantly fought off all pretenders the past two seasons for the honor of bringing up the rear.

Frank Frisch, who was lifted off the Giants' coaching lines last summer, is on his own now. The Old Flash had neither the time nor the timber toinker with when he arrived in Wrigley Field. He had to do what he could with what was at hand, sweat it out until the buy and trade department could come to his aid.

The most violent effects of Manager Frisch's youth movement are visible in the infield, where, with one exception, he has made a clean sweep. Roy Smalley is a veteran of the inner defense, and this will be only his third year with the club. Smalley hits the long ball, although not often, but plays a lot of shortstop. There aren't many at his trade who can cover more ground.

The new first baseman is Preston Ward, who, with Pitcher Paul Minner was bought from the Dodgers. Ward batted .303 for Fort Worth in '49.

One of Frisch's first moves when he took over was to send Frank Gustine to Los Angeles, grab Wayne Terwilliger from the same club. Terwilliger played 36 games at the tag end of the season, hit .223. He's the second baseman.

On Smalley's right, at third base, you'll find Bill Serena. Stacey got into 32 games as a Cub last September to bat .216, slightly less reassuring than the .281 he brought with him from Dallas. Frisch points a crooked forefinger in Serena's direction, tells the visitor the boy has the "best arm of any third baseman in the National League."

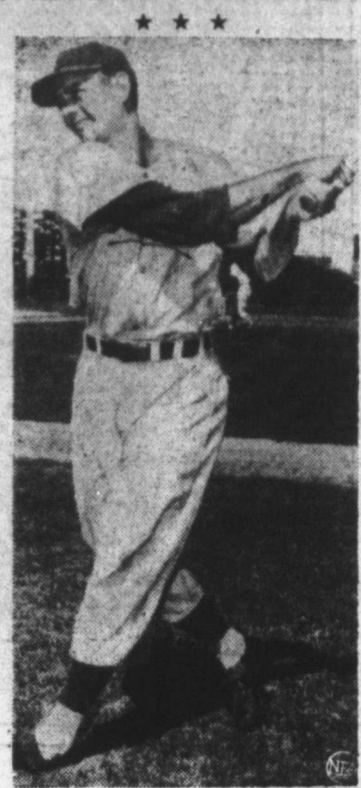

Serena has one other distinction. At 26, he's the senior member of the infield. Smalley and Terwilliger are 24, Ward 23.

It's true that an infield has to have at least one old hand around to call for order when panic strikes. Onkel Frank is in for many a hair-pulling moment.

Unless, of course, Smalley has absorbed enough big league savvy in his brief stretch to take charge.

You remember Phil Cavarretta, who has been a great Cub for years on end, and inquire what may be the plan for him. He's 34, but still must have some baseball left.

Frisch answers the question indirectly. "We gotta go with the kids," he says. "When you don't gamble, you stay where you are."

DISTANCE MAN—There aren't many at his trade who can cover more ground than the Cubs' Roy Smalley, who plays a lot of shortstop.

and with us that's the tail of the kite. Elsewhere, Onkel Frank's yen for yearlings is not so evident, especially in the pitching staff. That's Bill Voiselle, in from the Braves, warming up over yonder, and you spy Johnny Vander Meer, long of the Reds, in a pepper game. Added veterans are Johnny Schmitz, 11-13, and Dutch Leonard, 7-16.

Cub fans won't need a scorecard to identify the outfield of

Five SWC Teams Enter WT Relays

ODESSA — (AP) — The West Texas Relays will present a top-flight field for the first presentation of a University Division.

Five Southwest Conference teams and Texas Tech will match strides Saturday in the one-day track and field meet. Some 38 high schools are expected to enter this division, with Odessa a solid favorite to capture its third title in as many weeks.

The University of Texas, which passed up the southwestern position last week, is an early favorite to cop the first University Division of the relays. Texas A&M, Rice, Southern Methodist and Texas Christian are the other Southwest Conference teams entered.

Amarillo is the defending high school champion. Four meet records may fall in the High School Division.

Odessa's Joe Childress is a good bet to better the 100-yard dash mark of 10.2 and the 220-yard dash record of 22.6 seconds.

Galen Fowler of Amarillo is figured to better the 440-yard dash record of 22.3 seconds and Roy Morris, Odessa distance thrower, seems likely to better the 146-foot meet mark.

Beauchamp Quits Midland for AAC

ABILENE — (AP) — Garvin V. Beauchamp, line coach at Midland High School, today was named head football coach at Abilene Christian University.

He succeeds A. M. (Tonto) Coleman, who resigned yesterday to become head freshman football coach at the University of Florida.

Don Morris, president of Abilene Christian, announced Beauchamp's appointment. Morris expressed regret at Coleman's decision to go to Florida.

"He is one of the very best coaches that we know and he fits into the program of our institution in an unusually fine way," Morris declared.

Both Beauchamp and Coleman are graduates of ACC.

Coleman had been head football coach five years. His teams won 28 games, lost 15 and tied two. After the 1948 season, Texas sportswriters named him "Texas Conference Coach of the Year."

Beauchamp, 30, captained the 1940 ACC football team. He served in the Navy during World War II and went to Midland High School as line coach a year ago. He is married and has two children.

Coleman said he would report to Florida April 1. Beauchamp expects to arrive at ACC April 15.

The original Cape Hatteras, N. C., lighthouse was built in 1798.

Injuries Make Cardinals Into Question Mark

By FRANK ECK

ST. PETERSBURG, Fla. — The St. Louis Cardinals have more question marks than a quiz program.

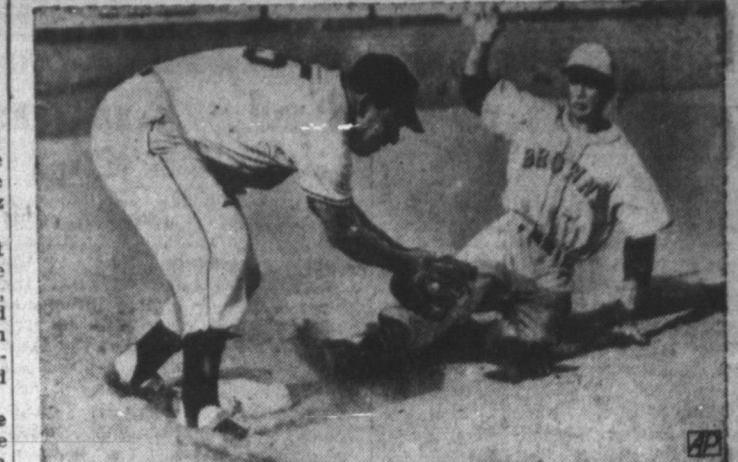

Eddie Kazak, the Purple Heart veteran who was a brilliant rookie as far as he went last season, is being counted on to play third base but he still gets pains in the ankle he fractured last summer. Bone chips were removed during the operation.

First base may go to the healthiest ball player among the three in camp, Nippy Jones is a better fielder than Steve Bilko and Glenn Nelson but Nippy had a spinal disc operation during the winter. Bilko is the hitter but not the fielder. Though he is only 22, he had varicose vein operations on his legs and it's a question whether he'll be ready for opening day — or opening night as is the case with the Cardinals.

Ted Wilks, the National League's top relief pitcher, has been troubled by bone spurs in his right elbow a la Joe DiMaggio. The after effects of an operation bother him every time he presses down on the heel to make a pitch.

One bright spot, however, is southpaw Max Lanier, the Mexican jumper. Lanier, winner of six straight before he headed south of the border in 1946, was 10 pounds overweight when he was reinstated last July. He lost a couple of key games, too. But now Max is two pounds under his weight of last October and looks in the pink.

The Cat looks great. Everybody knows the Cat. He's Harry Brecheen, who at 35 has more ambition than a rookie 15 years his junior. He's the fellow who won three World Series games against the Red Sox in 1946, the only southpaw in history to take three payoff games.

BROWNS RUNNER NIPPED AT THIRD—Tom Upton, St. Louis Browns shortstop, is put out by New York Giants Third Baseman Nap Reyes as he slides into the bag on a forced play in the eighth inning of an exhibition game at Phoenix, Ariz., March 18. The Browns scored three runs in that inning and won the game, 3 to 2. (AP Wirephoto)

Kleiner's Kotner

By DICK KLEINER
NEA Staff Correspondent

Jersey Joe Walcott, continuing his unimpaired comeback campaign, stopped Johnny Shkor in about a minute and a half of the first round.

That's the way Joe likes his fights — short and to the point of his opponent's chin. But Johnny Shkor figures that the next time he meets Walcott, he'll have a Shkor to settle.

In Caracas, Venezuela, a plunger hit on a six-horse parlay and ran his initial investment — \$9.65 — up to \$205,020. The man identified himself as an army officer, second in command of the city's armored car battalion.

The Miami, Okla., team in the Class D K-O-M League has changed its name from the Owls to the Eagles.

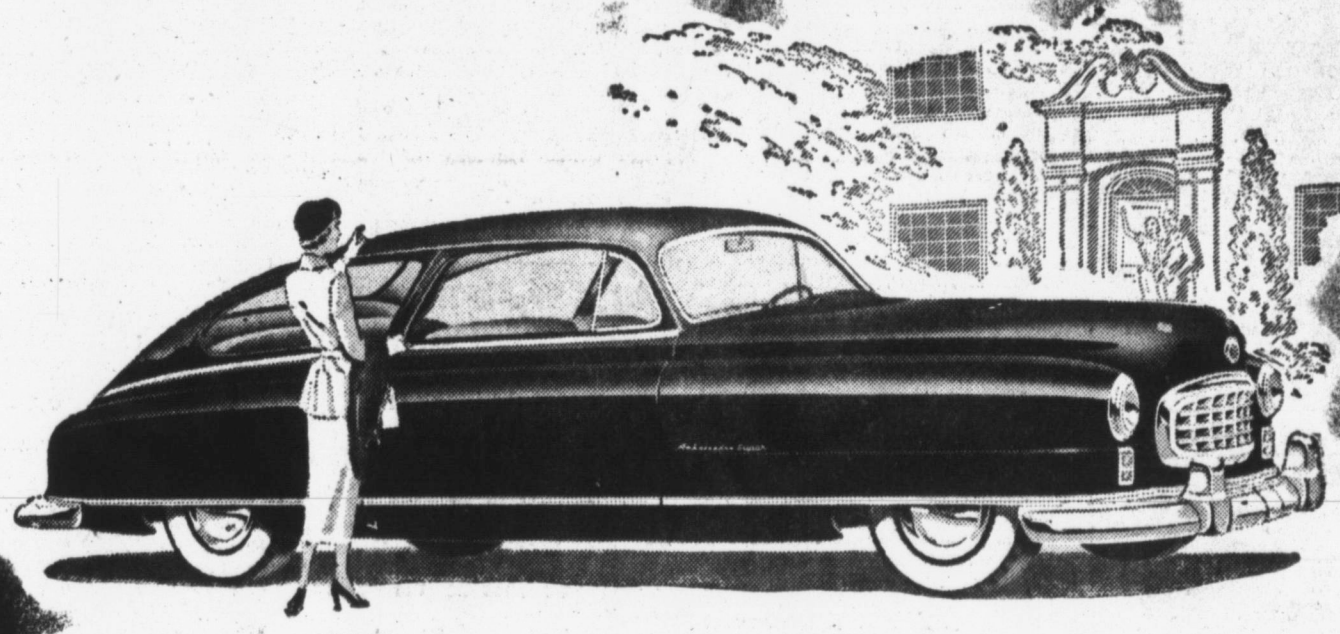

The players, since the switch, will have to score, instead of hoot, at the umpires.

After that game, the Wildcats were even wilder.

THE 1950 NASH AMBASSADOR

Presents

AN ENTIRELY NEW IDEA OF LUXURY

A completely new kind of automobile—with comfort never possible before—awaits you in the 1950 Nash Ambassador.

Here alone is an Airliner Reclining Seat . . . the spaciousness of a Sky-Lounge. Here is the superlative riding smoothness of super-soft coil springing on all four wheels.

Drive it and listen. In this ear of best aerodynamic design, wind-noise is hushed . . . and Airflyte Construction ends body-bolt squeaks and rattles.

Here's new Turbo-Head high-compression power—a revelation in performance and economy. In the recent 1950 Grand Canyon Economy Run, the big Nash Ambassador averaged 26.4 miles to the gallon on regular gasoline!

Yet the Nash Ambassador, even the luxurious Custom model, costs as much as \$1,000 less than other cars of comparable size and quality. See it and drive it today. Hydra-Matic Drive with Selecto-Lift Starting is available at new low price.

Only Nash Ambassador Owners Enjoy All These Fine-Car Features

TURBO-HEAD high-compression engine—now 7.3 to 1 ratio. The only American engine with the jeweled smoothness of 7-bearing, 100% counter-balanced crankshaft. Premium performance on regular gasoline.

SKY-LOUNGE INTERIORS, with one-piece curved windshield, Pull-Out Glove Locker, the Uniscope.

AIRLINER RECLINING SEAT that goes back as far as you like at the touch of a lever.

AUTOMATIC-WEATHER EYE. Fresh air ventilation and heat control. You never have dust or know cold, front seat or back, in any weather.

Now Available in All Nash Ambassadors:
HYDRA-MATIC DRIVE, AUTOMATIC OVERDRIVE OR STANDARD TRANSMISSION

Rush of Industry to Report Profits Revives Arguments

By SAM DAWSON
NEW YORK — (AP) — The rush of the giants in industry in recent days to report profits — huge in dollar totals, and many of them all-time records — revives the twin debate over:

1. The size of profits and how they are made. 2. Bigness in business and how large a company can grow without hurting others in that industry, and hence the consuming public through monopoly.

Let's look at a few of these giants: at their assets, and at their sales. Let's relate their profits to sales to see how much the consumer puts in the earnings kitty, and to assets to see what return investors get on their money.

And then let's look at some of the conditions, varying in each industry, which management feels justify bigness in business, huge earnings in terms of dollar totals, and large corporate reserves against the needs of replacements and expansion.

General Motors announces a profit of \$656 million, in 1949. It says it made this — the highest corporate profit ever — because its sales were also at a peak, \$5.7 billion. In other words, it made 11 1/2 cents on every dollar's worth of products it sold, and it sold you a lot.

But GM says it made that same profit on its sales dollar, on the average, in the years just before the war. Profit totals are higher because sales totals are higher. Then it adds that its fixed costs are so high that when and if

the huge sales volume starts to slide, profits will tumble at a much faster rate.

General Motors' assets of \$2.8 billion make it the largest of manufacturing corporations, although it is topped by several banks and insurance companies, and by giant American Telephone and Telegraph with \$10.7 billion. But that is like comparing apples and eggs. A.T. & T. requires a much larger plant to render its services than GM needs to turn the raw materials and parts it buys into cars.

The motor giant's profit was a 23.2 percent return on assets. The phone company's \$232.8 million profit was a 2.2 percent return.

Other billion dollar manufacturing corporations include U. S. Steel.

"Big Steel" reports sales of \$2.3 billion and assets of \$2.5 billion. Profits of just under \$166 million were 7.2 cents on the sales dollar, and 6.5 percent of assets.

There is one important difference in manufacturing. U. S. Steel companies are using up some of their natural assets — the iron ore and coal they own — and they must spend millions to find and process more. Auto companies are buying raw materials from others and converting them into end products.

This is more marked when you turn to the large food processing and chain store companies. Here sales are far in excess of assets. Profits show high returns against assets, but take a much smaller slice of the sales dollar. And the raw materials these companies use are generally renewed by nature with the next crop.

General Foods reports a record \$474 1/2 million of sales on assets of \$238 million. Record high profits of almost \$27 1/2 million are only 5.8 cents of the sales dollar, although 11 1/2 percent of assets.

Borden's \$613 3/4 million sales on only \$252 million assets brought slightly less than \$22 million profits. But the dairy products company made 3.6 cents on the sales dollar, and 8.7 percent on assets.

O'Hara Novel To Be Filmed By Skirball

By BOB THOMAS
HOLLYWOOD — (AP) — After years of being stalled, John O'Hara's famed novel, "Appointment in Samarra," will finally reach the screen.

Producer Jack Skirball says the film will be the next on his schedule. "We are going to do a revolutionary thing with the book," he declared. "We are going to film it as it was written."

Of course, some of the very sexy stuff will be omitted. "Samarra" has been on film schedules for many years, but never reached the production stage. Skirball now believes he has the censorship problem licked — but he doesn't say what he's going to do about the ending. A suicide is the final note. He would like Henry Fonda for the lead. If Henry can be separated from "Mr. Roberts."

Bette Davis herself asked for Frances Dee to play the second lead in "The Story of Divorce." They were last together in "Of Human Bondage" at the same studio.

Roy Rogers is hoping for a boy. He and Dale Evans are expecting in August, and they want a lad to be a companion for their son, Rusty. They have two daughters. Roy is proud of his fancy gold, silver and rubied saddle, which he has insured for \$50,000. He won't ride in it; it's just for show.

Sincere Reporter Gives Paper Scoop

HARRISBURG, Pa. — (AP) — Reporter George Fox called his newspaper, the Harrisburg Patriot, and informed the city desk: "I have a holdup story."

"Is that so?" commented the rewrite man. "Who was the victim?"

"Me," said Fox.

Then Fox told how two men held him at gunpoint and forced him to hand over \$40.

His story phoned in, Fox reported the robbery to police.

XC-99 Blast Blamed On Static Electricity

SAN ANTONIO — (AP) — Air Force officials blame static electricity for the explosion in one engine of the world's largest land-based plane, the XC-99.

Eight men were injured in the explosion yesterday, none seriously.

Workmen were spraying carbon dioxide gas into the left inboard gas tank when it exploded. The blast ripped out a section of the left wing.

Potato water was once regarded as medicinal lotion in Ireland.

Advice TO HUSBANDS

How To Keep Out of Trouble At Home!

Mister, if you'll remember this one thing you'll save yourself a lot of grief:

NEVER, NEVER make a purchase and fail to accept Gunn Bros. Stamps for the little wife — else you may never hear the last of it. It might even pay you to look for the store that gives these stamps before you buy.

Gunn Bros. Stamps, you know, are a pretty important consideration, for they can be redeemed for some mighty nice premiums. As a matter of fact, you may want to look into this stamp business yourself, for among the premiums is some fine hunting and fishing equipment!

FUNNY BUSINESS

"Thank heaven for spring—now we can get stubs of good brands instead of those Christmas cigars!"

Poland Drops Daily Worker Old Form of Local Rule

WARSAW — (AP) — Poland has abolished its old form of local government and set up a new system of centralized councils along Soviet Russian lines.

Parliament yesterday unanimously voted an act eliminating the local organs, assigning their property to the state and creating new national councils on village, district and state levels responsible to the highest bodies of the central government.

Although they are titled "national" councils they will be subordinate to the Council of State, the Council of Ministers (cabinet) and individual ministries of the national government.

Western diplomats said Parliament, in passing the act, had voted away such authority as possessed and would henceforth be a mere "rubber stamp" giving formal approval to legislation presented by the Communist government.

By so centralizing the authority over even local rule, Poland which heretofore was regarded as the most moderate of the nations in the Soviet sphere, has taken in one jump the Soviet-like course other Communist-led countries have achieved more gradually.

Horsemeat Tip Brings Seizure By Chicagoans

CHICAGO — (AP) — Information from Texas led to the discovery of 12,000 pounds of horsemeat stored here as beef tallow.

Dr. Herman N. Bundesen, president of the city health board, yesterday announced seizure of the meat here. An additional 6,000 pounds of horsemeat was confiscated at a packing plant in South Bend, Ind.

Thousands of pounds of horsemeat, labeled beef tallow, were found recently in Dallas and two other Texas cities — Fort Worth and Houston.

Dr. O. W. Seher, inspector in charge of the Chicago federal meat inspection station, said the horsemeat was shipped to Chicago from South Bend by truck in boxes marked "tenderloin." He said it was stored as "beef tenderloin."

Authorities said it was repacked in South Bend from boxes bearing the government stamp and labeled "horsemeat." The shipment was believed to have come from Kansas City, Kan., authorities said.

Dr. Seher said information from Dallas led to the confiscation here.

1949 Cotton Crop Exceeds 1948 Mark

WASHINGTON — (AP) — The Census Bureau has reported that 35,900,502 running bales of cotton were ginned from the 1949 crop.

This compared with 14,580,279 from the 1948 crop and 11,557,138 from the 1947 crop.

Included in the total for 1949 were 3,724 bales of American-Egyptian cotton compared with 3,465 for 1948 and 1,208 for 1947.

The bureau estimated that 23,422 bales of the 1949 crop would be ginned after March 1, the date of yesterday's canvass, compared with 37,049 last year.

Smallpox Is a National Disgrace

MORE THAN 150 years ago, scientists proved that smallpox could be prevented. The procedure is simple, and complications are relatively few. Every child should be vaccinated against this horrible disease at an early age. Don't wait for health campaigns. Don't be influenced by fear and prejudice. Take your child to your family physician. Rely on his judgment. We can supply fresh smallpox vaccine at a moment's notice.

Burned Wreckage Of Ship Carrying 2 Texans Found

HARLINGEN — (AP) — The charred wreckage of a plane missing since Sunday was found at the mouth of a dry arroyo near here yesterday — both occupants dead.

The bodies of Hal Shumate, Harlingen radio newscaster, and E. W. Elwell, Harlingen businessman, were found in the twisted ruins of the light plane. They took off from the airport here Sunday.

Grant Klopstein found the wreckage late yesterday afternoon at the mouth of the dry Arroyo Colorado.

Private fliers and planes from the Corpus Christi Naval Air Station had hunted the craft.

WOMAN DIES

LUBBOCK — (AP) — Mrs. James M. Gordon, 74, wife of the dean emeritus of the art and science department of Texas Tech, died here yesterday.

PAMPA NEWS, TUESDAY MARCH 21, 1950 PAGE 7

Liners Delayed By Bad Weather

NEW YORK — (AP) — Rough seas and high winds on the Atlantic have disrupted schedules of at least eight ocean liners plying toward New York.

The ships, carrying more than 4,500 passengers, have radioed their offices here that they will be from one to three days late.

The Queen Mary and the Atlantic, both due today, are not expected until tomorrow. The Washington also is expected tomorrow, two days behind schedule.

The Veendam, the Franconia, the La Guardia and the Exeter, all scheduled to arrive tomorrow, have messaged they won't be able to make port until Thursday. The Edam is expected Monday, three days late.

Just what the State Water Board's reported comments on the dam were not clear to the association.

Lubbock City Commissioner Clarence Whiteside, during the morning session of the Water Code Committee declared the Panhandle was interested solely in the water rights of the Canadian River Dam and not the ownership after it was paid back to the government. This was his answer to a question from the committee as to who would operate the dam when it was paid for—whether it would be the United States government or controlled from a local level.

That and other related questions by the committee on payment of the Canadian River dam made the Water Users Association suspicious because that problem has nothing to do with recodification of the state's water laws. The questions came from South and East Texas, the area of the state that could stand to lose, in a way, should the Panhandle industrialize further.

During the Water Users' meeting in the Amarillo Hotel unanimous approval was given to extend the Executive Committee to take in Mayor Gene Klein of Amarillo. The committee now consists of Mayor C. A. Huff, Whiteside and Rex Baxter, Amarillo, with Joe Cooley, Borger, secretary.

Selection of a law firm to look after the cities' legal problems on the project was thrown into the lap of the executive committee. The committee was told to consult with the legal firms on questions of fees, and what amount of time they could put into the project.

Reports of the dam's danger brought on a flurry of activity by the association in building up their witness list to testify before the subcommittee on April 18. Included among the witnesses will be Secretary Chapman, Executive Committee members of the association, Charlie Guy, Lubbock; Jim Cunningham of the Southwestern Public Service Co.; Senator Kerr, of Oklahoma; and others reportedly favorable to the dam. An effort also will be made to influence Gov. Shivers to testify.

Expenses for the Washington trip and attorneys' fees are to be drawn from the \$15,000 treasury being built by the association by assessments from each of the 11 cities at 29 cents per water meter.

Meanwhile, the farmers, ranchers, and businessmen attending the Water Code Committee hearing at the Herring made clear their approval of the local level option control of underground waters. The law, Texas House Bill 162, passed by the last Legislature, is facing mounting opposition from other parts of the state.

Throughout the committee sessions at the Herring the questions and answers appeared to center around central control of water like oil is controlled by the Railroad Commission. William Broadhurst, chief of the U. S. Geological Survey in Texas, carefully avoided involvement in the subject of control by Rep. Douglas E. Bergman, Dallas, and the cross-examination ended when Sen. Rogers Kelley, Edinburg, recessed the meeting.

The shirt-sleeved audience stood and cheered when asked their opinion of the present local level control system on underground water conservation.

From Pampa, City Manager Dick Pepin, Mayor Huff and Chamber of Commerce Manager E. O. Wedgeworth attended the morning session of the Water Code Committee and then went to the Amarillo Hotel for the Water Users Association meeting.

About 1,300,000-000 pounds of butter are produced in the United States annually.

PROBERS

(Continued from Page 1)

ings declared, "neither Senator McCarthy nor anyone else has given us the name of a single person who is accused of being a Communist or a card-carrying Communist."

Since the inquiry started on March 8 McCarthy has publicly accused nine persons of being pro-Communist or otherwise had security risks. He has turned over 106 other names to the committee for study behind closed doors.

Tydings said McCarthy has not lodged definite charges against anyone on the list of 106.

Mr. Truman, who is vacationing in Florida, is faced with making a decision on whether to let senators on the inquiry committee examine the loyalty records of persons whom McCarthy has accused.

A particularly knotty problem for the president is whether the records of the FBI and the Civil Service Loyalty Review Board should be made available—or just the State Department loyalty records. He has refused in the past to let congressional committees at any such records.

SHANGHAI

(Continued from Page 1)

test meeting today. There was no word whether they were able to present their arguments to Chinese communist leaders.

The desire of large numbers of foreigners, including businessmen and diplomatic personnel, to leave Red China constitutes "loss of face" to the Communists.

Berryman said the Gordon could be diverted to Shanghai before reaching Yokohama if the difficulties can be ironed out.

The Reds have given no reason for refusing to let the LST's enter Shanghai harbor.

Plans to evacuate the stranded foreigners were set up by the U. S. State Department and APL several weeks ago. The APL's Shanghai office said more than 2,000 nationals of the United States and other countries want to leave Shanghai.

Troy Sharp Rites Set Wednesday

Funeral services for Troy Sharp, 34, who was found dead Sunday in the home of his brother-in-law and sister, Mr. and Mrs. George Selsor, 218 W. Craven, have been set for 2 p. m. tomorrow.

The Rev. Collins Webb, pastor of the Calvary Baptist Church, will officiate and services will be held in the Duenkel-Carmichael Chapel. Burial will follow in Fairview Cemetery.

Sharp, who had been in Pampa since December when he was dismissed from a veterans hospital at Denver, was found after his cousin, Cal Sharp and Luter Carson, 218 1-2 W. Craven, crawled through a window of the locked house. Sharp was a World War II veteran.

The cause of his death has not been determined.

Very Few Attend First Aid Course

More than 30 Pampans are eligible to take the Red Cross first aid instructors' course, but a very small number attended last night's organizational meeting in the Police Court Room.

Mrs. James Clauser, Red Cross executive, said school bus and ambulance drivers are two of the groups that are required to have the course.

The second meeting of the instructors' course will be offered

LEFORS SENIOR PLAY SET THURSDAY NIGHT

LEFORS — (Special) — "Let Me Out of Here," a comedy in three acts, will be presented by the Senior Class at 8 p. m. Thursday in the High School Auditorium.

The cast includes Wanda Joyce Rickman as Eve Boyd, a vivacious young woman of twenty; Marlene Swafford as Bona Lynn, Eve's roommate; Wanda Roberts as Beanie Rhodes, the landlady; Sue Redus, as Hazel Miles, the colored maid; Joe Rice, as Steve Cobb, the colored boy.

Joel Ray Combs, as Garret Lynn, Bona's handsome brother; Bill Clemmons, as Victor Ward, Garret's pal; Barbara Jeffreys as Angela Boyd, Eve's wealthy aunt; Jimmy Boggs as Gifford Morton, an eccentric young man; and Isaac Doom as Marshall Ward, Victor's father.

Mrs. Helen Lette is director of the play. Student assistants are Barbara Ross, Ruth Ann Bogard, and Kenneth Florence.

The National Geographic Society says there is evidence the Norwegians occupied parts of the Shetland Islands in A.D. 700.

at 7:30 p. m. today in the Police Court Room, City Hall. Robert Lucey, first aid instructor from St. Louis, will teach the course.
