VOL. 26, NO. 46 LUBBOCK, TEXAS, "The Hub Of The Plains" THURSDAY, NOVEMBER 10, 1949

WOMAN LEADS WITH HER LEFT—Mrs. Helen Mansky swings with her left as her husband, Charles Charen, 37, (at right) lunges at her during a magistrate's hearing in Philadelphia when Charen was given a hearing on charges of entering his wife's home, taking her father's money and beating her mother. Mrs. Mansky told police she had been separated from her husband for ten years and had resumed her maiden name. Police court officials in background pulled the man and woman apart.

Special Events Set; Football In Spotlight

Vet Groups Are To Conduct Meetings; Good Weather Due

From the first note of reveille at 6 a. m. until the last weary dancers go home around midnight, Lubbock will observe a full schedule of Armistice Day festivities Friday.

Not the least of these will be a mass exodus of some 6,500 football fans to Odessa for the Lubbock Westerners-Odessa Bronchos football game Friday afternoon. The title is the crucial District 3-AA game there. In a dozen or more South Plains towns other games are scheduled for the afternoon.

Good Weather Forecast

Harold Frost, the weather man, said "a mighty fine day" is in prospect for Friday. He eyed a cold front in the northwest states, but doubted that it will arrive in West Texas Friday.

Fair and warm, with possible high clouds during the day, was his prediction.

At Plainview, an elaborate Armistice day program will include a parade staged under a formation of airplanes provided by Reese Air Force base.

Buglers To Tour City

In Lubbock, the day will open with buglers from the Veterans of Foreign Wars post touring the city blowing reveille beginning at 6 a. m.

At 7 a. m. the American Legion post will hold a breakfast in the east ballroom of Lubbock hotel, while the VFW will hold a concurrent breakfast at the post home, Thirty-fourth and Ave. N. The Legion Auxiliary breakfast will be at 7:30 a. m. in the junior ballroom of Lubbock hotel.

Most of Lubbock's retail business establishments will be closed during the day.

Planes Take To Air

Eighteen B-25 airplanes from Reese Air Force base will fly over Lubbock and other South Plains towns in connection with Armistice Day festivities. The formation is scheduled to fly over Lubbock at 11:37 a. m.

The same formation will pass over Plainview at 10:30 a. m. on the heels of two F-80 Lockheed jet fighters from Williams Air Force base, Chandler, Ariz. The jets are scheduled to make their speed run at 10:25 a. m. Lockney will see the B-25 formation about 10:25 a. m., with Hale Center on the flight schedule at 10:44 a. m.

The RAFB band, directed by Chief Warrant Officer Carmine

Plains Grid Teams Shuffled

Brownfield To Go To Class A In New Setup

Sudan, Seagraves, Sundown To Drop To Class B Loop

(Special To The Journal)

LEVELLAND, Nov. 10—Several changes in the district alignment of South Plains high school athletic teams for the 1950 season were made here Wednesday night at a meeting of the District 4-A executive committee.

Major moves made at the meeting included:

(1) Brownfield, now a member of District 3-AA, next year will be in 4-A.

(2) Sudan, Sundown and Seagraves, current 4-A members, will be dropped to B classification in 1950.

Enrollment Below 500

(3) The nine schools of District 4-A next year will compete on a full-schedule basis, rather than the "split district' plan used in recent seasons.

Brownfield's return to Class A standing was automatic. The Terry county school does not have the minimum requirement of 500 students needed to meet, AA standards, and had remained in 3-AA this year only by special vote of other members.

S. P. Cowan, Brownfield superintendent of schools, discussed the move to Class A Wednesday by phone with Rhea Williams, Interscholastic league director in Austin. Williams informed Cowan that the Cubs would be assigned to District 4-A should the school drop from Double-A ranks.

O'Donnell Is Admitted

Cowan then attended the 4-A executive session, informing other school officials of Williams' action in assigning Brownfield to that conference.

Seagraves, Sudan, Sundown and O'Donnell, each with a high school enrollment below the 200 required for automatic Class A membership, all applied for special permission to remain in 4-A next year. The requests of the first three, each of which has fewer than 150 high school students, were denied. A unanimous vote was required to gain admittance for any of this group.

O'Donnell, with an enrollment in the 150-200 range, was granted permission to remain in 4-A by

Need For New Taxes Seen By Shivers; Extra Session Due

(By The Associated Press)

AUSTIN, Nov. 10.—The legislature will have four specific subjects including taxation to act on when it is called into special session during the latter half of January.

Gov. Allan Shivers yesterday announced the appropriate date of the call, and listed these as the topics he would submit:

Topics For Action

1. Administrative funds for state hospitals and special schools in a specific amount based on recommendations of the board studying their needs.

2. "Some start" on a building program for these institutions, based on the board's recommendations of what is most urgent and what can be accomplished immediately.

3. Buildings for the dental school and cancer research project at Houston; buildings for the medical school at Dallas "if the program is ready;" buildings for the Texas state university for negroes at Houston "possibly if the need is great."

4. Taxation, assuming additional revenue will be needed, on a broad base along lines of the existing omnibus tax law. Shivers said it was apparent more money would be needed, but it was too early to say how much, or to get a bill ready.

Has Little Comment

Shivers answered most questions about results of Tuesday's elections with "no comment."

"I am never surprised at what happens in an election," he said.

Asked if he still favored the idea of annual sessions and annual pay for legislators, as expressed in his inaugural address as lieutenant governor, Shivers said:

"I always bow to the will of the people."

"Would you take the vote as a sign of conservatism?"

"The vote was no indication of anything but what they were voting on," Shivers replied.

The special session call will come for a specific date depending on what the state hospital board finishes its study and makes its recommendations.

The extraordinary session—the first in recent years—will be called because Texas voters rejected the idea of annual sessions of the legislature. If it had been approved, the matters to be submitted by Shivers would have come up with the regular session.

Grief For North America Is Promised

Reds Suggest That Next War Might Be Fought In America

LONDON, Nov. 10 (AP)—The Russians suggested today that the next world war, if it comes, might be fought on the North American continent.

Pravda, the Communist party newspaper in Moscow, said in an editorial broadcast by Moscow radio:

"Let not the imperialist rulers of the United States comfort themselves with the illusion that they will be able to conduct the war beyond the confines of the continent of America using as cannon fodder the peoples of Europe and Asia. The days have gone when the warmongers were able to use such fables to fool the people. . . .

"Americans are beginning to realize more and more that if the warmongers organize a new slaughter of peoples, the grief of mothers, of wives, sisters and children will visit the American continent."

VOTES IN FROM 249 COUNTIES

Lunacy Amendment Believed Defeated

(By The Associated Press)

Votes were still being counted today on a proposed Texas constitutional amendment to permit lunacy trial without jury, but there appeared little chance it could come from far behind and pass.

At noon the Texas Election bureau announced this late but incomplete tabulation:

For the lunacy amendment, 133,835. Against the amendment, 142,260.

These votes were tabulated from 249 out of 254 counties with 76 of the counties complete.

Of nine other amendments voted on in Tuesday's special election, Texans had definitely defeated seven. Two passed.

The names of 16 board of education members chosen in the elecetion were known. But the Texas Election Bureau, unofficial vote-counting agency, was still checking ballots on five close races.

Higher Pay Squelched

An amendment to raise legislators' pay to $3,600 a year and provide for sessions every year instead of every two years took the worst beating. Nearly 75 per cent of the votes were against it.

The other beaten amendments would have repealed the poll tax as a voting requirement, allowed women to serve on juries, provided for county civil service, provided for hospital districts, provided for city-county health units, and provided for county pensions.

The amendments that passed will allow rural fire prevention districts and give the legislature more leeway in regulating the terms and sessions of district courts.

The amendment to let the legislature provide for lunacy trials without a jury was 7,167 votes behind when the election bureau quit counting for the night at 7 p. m. The bureau planned to resume counting on that amendment today.

Board Members Chosen

Returns from 249 of 254 counties, including 58 complete, showed 138,392 votes against the lunacy trials amendment to 131,225 for it.

The apparently successful board

380,000 Coal Workers Head Back To Mines

Remaining Firms In Steel Walkout May Sign Contracts

(By The Associated Press)

Some 380,000 United Mine Workers headed back to the coal pits today, but their chief snubbed the government's bid to a coal peace conference in Washington on new contracts.

The miners 52-day-old strike was ended suddenly yesterday when John L. Lewis ordered the miners back to their jobs until Dec. 1. He was supposed to be in Washington this morning, but he sent a wire saying he would see the federal mediators on Monday.

Is Dropping Efforts

Cyrus Ching, federal mediation director, said he was dropping his efforts to smoothe the way to a new mining contract.

He added, however, that he was not ruling out the possibility that another government effort to promote peace might be made.

The number of striking CIO steelworkers was reduced to about 300,000 today from the original 500,000 who quit work on Oct. 1 in the fight over pensions. Also getting ready to go back to jobs were furloughed railroad workers who were made idle by the twin strikes.

Rumors Are Heard

There were rumors that the end of the steel strike was in sight. There were reports that the CIO United Steelworkers soon would reach agreements with steel companies — including U. S. Steel—sending the remaining 300,000 strikers back to work. Forty-eight companies, including five of the major steel producers, already have agreed to the union's demands for non-contributory pensions.

Representatives of big steel and Phillip Murray, USW president, planned to meet in Pittsburgh today. Murray also arranged a meeting in Pittsburgh tomorrow of his wage-policy committee. Some observers said that means U. S. Steel will make an offer and the committee will accept it.

Meeting Is Called

At the same time, the government called a meeting in Washington of UMW Chief Lewis and coal operators in an attempt to settle their contract dispute and avert a new walkout by miners on Dec. 1.

The USW reached agreements yesterday with Youngstown Sheet & Tube company, employing 19,000 and with Great Lakes Steel,

INDUSTRY DISMANTLING TO STOP

Big Three Reaches German Agreement

(By The Associated Press)

PARIS, Nov. 10—The west's big three foreign ministers were reported today to have agreed that most dismantling of German industry should stop.

U. S. Secretary of State Dean Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman also were said by informed sources to have moved closer toward allowing the new West German republic to join the council of Europe.

Conditions for discontinuing the dismantling of German plants had yet to be worked out in the big three talks that opened yesterday. Britain still insists that such potential war industries as synthetic rubber and synthetic oil should be torn down, one source said.

Progress Is Reported

The ministers reported "satisfactory progress" in yesterday's talks and expected to wind up tonight or early tomorrow morning with a definite announcement of agreements.

Diplomatic sources said they had reached accord in principle, at least, on ways to give western Germany an international voice for the first time since the war's end, possibly modifying the state of war which still exists between the Western Allies and the former enemy country.

Broad policy revisions were being studied, apparently to counter Russia's exchange of diplomats with the Soviet-sponsored eastern German government and the possibility that Red army troops might be withdrawn from East Germany.

France Negotiating

Informed sources said all three ministers agreed tentatively that the west-sponsored Bonn regime should be admitted as an associate member to the council of Europe—a 12-national advisory parliament striving toward European unity. Schuman, however, was reported to have reserved a final commitment until after the French national assembly debates the issue later this month.

France meanwhile is negotiating separately with West German economic chiefs toward economic accords which would solve major security problems and might settle huge historical differences between the two neighbors.

Full reports on these negotiations were made to the ministers.

Police Looking For Swindling Mr. "X"

WASHINGTON, Nov. 10 (AP)—Local police are looking for a man who has succeeded in passing bad checks all over town despite a formidable handicap:

The check-passer is described as being about 75 years old, six feet tall, and clad in faded blue overalls.

Equipped with a social security card as identification, he has been ambling into stores and offering down payments—by check—on merchandise.

The checks invariably are for much more than the amount of the down payment.

He signs them with an "X".

Crash Victims' Rites Planned

ANTON, Nov. 10. (Special)—Funeral services will probably be conducted here Friday for Juan Herrera, jr., 8, and his nine-month-old brother, Ricardo, who were injured fatally at 3:15 p. m. Wednesday when a Santa Fe freight train demolished the loaded cotton truck in which they were riding.

Attendants of Hammons Funeral home of Littlefield this morning reported time for services and place of burial will be completed by late this afternoon.

Others Out Of Danger

Meanwhile, attendants at Littlefield hospital said Juan Herrera, sr., 50; another son, Airgrado, 3 and a daughter, Lupe, 2, were "out of danger" of injuries suffered in the crash.

The father suffered several crushed ribs, according to attendants. His daughter received two broken legs and his son sustained minor cuts and bruises.

Mrs. Herrera was in the cotton fields of E. B. Kelly's farm three miles southeast of Anton when the accident occurred.

The train was a through train from Fort Worth to Clovis. C. B. Tefertiller, engineer, and Claude Porter, conductor, both of Slaton, reported the train was traveling about 45 miles an hour at the time of the accident.

En Route To Gin

Herrera had just turned off the Anton-Lubbock highway onto the farm to market road leading north to Spade when the locomotive plowed into the right side of the 1940 ton-and-a-half truck.

The infant was killed instantly and his brother died at 10 p. m. in the Littlefield hospital. His

Partly Cloudy Skies Forecast For Texas

(By The Associated Press)

Partly cloudy conditions were forecast for Texas tomorrow. The weatherman said a few showers may come to West Texas late tomorrow.

Skies were generally fair yesterday.

Daytime temperatures were in the 50's and 60's over western and Central Texas. Overnight low readings ranged from 39 at Ozona to 71 at Brownsville.

High readings yesterday were 87 at Laredo and 65 at Guadalupe Pass. Alice and Brownsville had high temperatures in the middle 80's.

Truman Denies Price Of Gold To Be Hiked

WASHINGTON, Nov. 10 (U.P.)—President Truman said today that the price of gold in this country will not be raised as long as he is president.

The present price of gold is $35 an ounce. This rate was fixed when the dollar was devalued in 1934.

A reporter told the President at a news conference that according to a current Washington rumor, some administration officials were giving thought to a possible increase in the gold price. This would have the effect of a further devaluation.

Theft Reports Made In City

An automobile, a valuable camera and other property were reported stolen here Wednesday night and today, and the sheriff's department at Littlefield reported a car had been stolen there at noon.

Buford Allen of 2114 Nineteenth said his 1946 gray four-door Chrysler sedan, Texas license AR 4660, had been stolen.

Loss At $200

Elbert O'Neal, of O'Neal's studio at 1501 Broadway, said a Speedgraphic camera and equipment had been stolen from his car. His loss, he said, was $200.

Assorted tools valued at $50 were reported stolen at Ninth and Texas Ave., from Lee Heatley of Lubbock route 3.

Mrs. M. L. Gardner of 2312 Broadway informed police of theft of a $45 bike.

Sheriff Sid Hopping of Littlefield said a black 1947 Ford coupe, license AP 7829, had been stolen there.

Fine Is Assessed

Eldon S. Coats, about 28, a former police patrolman here, pleaded guilty of liquor law violation and was fined $450 and costs, county court officials said.

W. P. Beats, about 28, who had been sought since February 1948 on a check law violation complaint, was fined $1 and costs on a plea of guilty.

Don Hall, 24, posted $400 bond for trial appearance on a charge of aggravated assault, the shreiff's department said.

Alonzo Allen Hailey, 32, recently of San Diego, was arrested here today by state highway patrolmen and jailed on a warrant charging child desertion. He had been indicted on the charge here.

TRAINING IS GIVEN

BELGRADE, Yugoslavia, Nov. 10. (U.P.)—Yugoslav army reserves are being given intensive anti-paratroop training, including night drills near Belgrade, reliable sources said today.

Young Reelected As Head Of Boys Club

Dr. A. W. Young was reelected president, Harry Morris vice president, in an annual meeting Wednesday night for election of officers from the board of directors of Lubbock Boys club.

A. B. Watkins was elected secretary-treasurer. He succeeds Joe Bryant, a Rotary club representative who had been replaced on the board of directors by Cecil Cale.

J. Ray Dickey, chairmna of the club's operational committee, reported that $97,000 had been expended on a swimming pool and annex to house it. Dickey said it was hoped that an open house could be scheduled late this month or early in December, at which time formal operation of the pool could be commenced.

Other board members present at the meeting were Gradie W. Bownds, Gene Blackburn, Charles Nelson, Homer L. Hensley, O. B. Ratliff, Earl Ince, sr., and H. B. Bryan.

Phone Call Averts Suicide By Woman

HOUSTON, Nov. 10. (AP)—A long distance telephone call from Louisville, Ky., today was credited with preventing a 33-year-old divorcee from committing suicide.

Homicide Detective S. G. Farris said a man called him at 3:40 a. m. from Louisville and said his divorced wife had phoned and said: "I'm just calling to say goodbye."

Police had trouble locating the woman but finally did so by telephone. As Farris talked to her, other police sped to her apartment.

The apartment was filled with gas. They found four gas burners open.

The woman was taken to police headquarters where she was released to her attorney.

Today's Cotton

Today's prices on the Lubbock spot market:

CIO Members Backing Up Recent Purge

Workers Chase Left-Winger Union Officials Out Of Town

(By The Associated Press)

PULASKI, Va., Nov. 10.—Three officials of the left-wing United Electrical Workers union were chased out of Pulaski last night by former UEW members who considered them "too leftish."

UEW international representative Henry Rhine and two companions, Frank Connelly and Gene Derrickson, were forced to board an outbound train by some 50 men employed at the local plant of the Radio Corporation of America.

Workers at the RAC plant early this week seceded from the UEW after the union had been "purged" from the CIO.

The workers now are affiliated with the CIO-sponsored International Union of Electrical Radio and Machine Workers.

Rhine, Connelly, and Derrickson had come here to discuss contract relations with RAC representatives. Although the local union had shifted allegiance, Rhine contended that the UEW contract with the plant was still valid.

Max Miller, district repre-

Four Firemen Die In Crash

BALTIMORE, Nov. 10. (AP)—Four firemen were killed and four injured when two fire engines, racing to answer an alarm, collided at an intersection near Pimlico race track yesterday.

"Both of them were really travelling," said a filling station attendant who saw the trucks speeding for the corner. He estimated that one, a hook-and-ladder, was doing between 50 and 60 miles an hour, while the other, a hose truck was doing about 35 or 40.

Sirens Were Screaming

"Both of them had their sirens screaming and I guess they just couldn't hear each other," the witness added.

The eight firemen, four on each engine, were hurled through the air by the violence of the impact.

The dead were identified as Joseph A. Remeikis, 35; Charles Paff, 57; James W. Haynie, 26, and Joseph B. Magaha, 25.

Injured were William Flanigan, 40; Harry Burke, 58; Joseph H. Greiser, and Kenneth Medley, 32.

The fire turned out to be a small field blaze. It was quickly extinguished.

Former Texas Ranger Dead At San Angelo

SAN ANGELO, Nov. 10. (AP)—R. E. (Earl) McWilliams, 66, once known as the most typical Texas Ranger, died late yesterday after several weeks illness.

McWilliams was Runnels county sheriff for six years. He became a ranger in 1931 and resigned in 1944. Since then, he had been a deputy sheriff in Regan county, Crockett county and at McCamey in Upton county.

McWilliams was named the most typical Texas Ranger at the state centennial celebration in Dallas in 1936. While sheriff of Runnels county, he was president of the West Texas Sheriffs association and the Texas Sheriffs association.

The time of the funeral had not been announced today. Burial will be in Ballinger.

CLUB WOMAN DIES

HOUSTON, Nov. 10.—Mrs. Ned B. Morris, prominent club woman, died at her home here last night after a brief illness.

Mrs. Morris, 84, came here from Henderson in 1920.

Surviving are four daughters and two sons.

Judge Fines Student $2 For "Good Deed"

EVANSTON, Ill., Nov. 10. (AP)—It cost a Northwestern university student $2 for trying to help a motorist he did not know.

The student, William Wrobel, saw a car parked overtime beside a meter and dropped a nickel in the slot. A motorcycle policeman arrested him for attempting to extend illegally the one-hour parking limit.

"I wanted to save the fellow from getting fined," Wrobel explained to Municipal Judge James Corcoran yesterday.

But he didn't save himself a fine. Judge Corcoran fined him $2.

Hotel Executive's Wife Death Victim

ALBUQUERQUE, N. M., Nov. 10. (AP)—Mrs. J. B. Herndon, jr., wife of a Hilton hotel chain executive director, died here yesterday.

She was found in her hotel suite 12 hours after she apparently died in her sleep from a cardiac condition.

Her husband managed hotels in Albuquerque, Chicago, New York City and Denver.

Farmers Need Storage Space

Plagued with a critical labor shortage, lowering grades of cotton and resultant lower profits, South Plains farmers were faced with another bothersome problem today.

There simply isn't any storage for their grain sorghum crop, which in some sections of the area is reaching bumper proportions.

Elevators Clogged

Reports from Seagraves and Brownfield today told of long lines of grain trucks waiting to be unloaded at elevators, already clogged with grain because of the shortage of cars.

Grain was being piled on the ground by many farmers, especially in northwest Cochran county and southern Bailey, where more of the grain was planted this year.

Under the government price support program, farmers were offered added inducement this year for storage of the grain on farms. Loan price for farm storage is $2.03 per hundred while storage in elevators and other commercial storage nets approximately $1.87 per hundred. Both figures are considerably above the current cash market price, therefore most of the grain farmers are attempting to put their crop into the loan.

Farmers Are Fretting

Frank Matchett, Seagraves banker, reported long lines of

"Plenty Of Coffee" Forecast By Agency

WASHINGTON, Nov. 10 (U.P.)—The Agriculture department says there would be plenty of coffee to go around and there is no reason for hoarding.

The department also said coffee prices probably would drop somewhat after the recent price rise. The rise, it said, was due chiefly to "interpretation" of the supply and demand situation by the coffee trade. Actually, the department said, there is no acute shortage in sight.

COURT FIGHT OVER VOTING SEEN

Quirino Is Still Leading For Re-Election In Philippines

MANILA, Nov. 10 (AP)—Tension was high in the Philippines today as President Elpidio Quirino moved to a 170,000 vote lead over two opponents in returns still trickling in from Tuesday's election.

The army and national police heads assured Quirino full security measures were being taken to forestall post election violence. Already 26 have been killed and 40 wounded in election strife.

Court fights over the election results appeared almost certain.

Incomplete unofficial returns gave these figures late today: Quirino 931,521; Japanese puppet Jose Laurel 761,245, and independent Jose Avelino 216,048.

Some Holding Out

Complete official returns, which were far behind the unofficial figures, gave Quirino 405,142; Laurel 317,001 and Avelino 85,633 votes.

The commission on elections instructed provincial municipal treasurers to hold returns until they were complete to avoid duplications.

Some observers felt some delay in official returns might have been the result of the Philippine habit of waiting to see how the other fellow was making out before turning loose all of the election totals. That was the pattern in the 1946 election.

Returns have not been received officially from several strategic provinces. But observers felt Quirino's lead would be maintained or increase.

Congressmen Elected

Another reason for the slowness in the returns is the fact that municipalities in the Philippines are not compact and often embrace many small villages over a wide area.

Composition of the new Philippines congress was studied. Quirino's troubles with a balky congress have been manifold during the past two years. There has been a struggle for power between three factions, Quirino's liberals, the Nacionalistas of Laurel and dissident Liberals who followed Avelino.

Incomplete returns thus far show that Quirino may win control of the senate by the electhion of five or more of his candidates to the eight vacancies. The president holds a heavy margin in the house of representatives but he lost four Manila seats to the Nacionalistas.

Three Children Die In Farm House Fire

GROESBECK, Nov. 10. (AP)—Three small negro children died last night in a fire that burned their farm home near here.

Mrs. Elijah King, their mother, was severely burned while trying to rescue them. The children were J. L., 4; Elvira, 3, and Jeff, 2.

The father and four other children were away from home.

A fuel can explosion was blamed for the fire.

Houston Boys Find 16 Hand Grenades In Water Of Bayou

HOUSTON, Nov. 10. (AP)—Five boys found 16 hand grenades in a muddy bayou. They played with them for two days. Some fun—real hand grenades.

Yeah, said ammunition expert Sol Cohen, and some luck—that the boys didn't get blown to bits.

The grenades appeared old. But Cohen, chief ammunition inspector at the San Jacinto Ordnance depot, said some explosives can stay under water for years without losing their power.

Theodore Buselmier, 15, Joe Oubre, 13, Lee Wilson, 11, David McWilliams, 12, and Dan Davidson, 11, found the grenades Monday.

One boy said he dropped a grenade on a sidewalk—just to scare a girl. Oh, boy! Two said they intended to take some to school yesterday, but their parents would not let them.

One parent called Army and Air Force experts. They found 37 more grenades and a bazooka rocket in the bayou. Nobody knew how the stuff got there.

The experts said the shells were too dangerous to be unloaded, even at the depot. They ordered the lot destroyed.

The experts just about dropped their teeth when they found out that young Buselmier had already unloaded one of the grenades with a screwdriver.

MEET THE MANAGER—Winston Reeves, owner and manager of Reeves Photography and Photo-Engraving and Reeves Camera store, 1717-1719 Broadway, was born at Wapanucka, Okla., Nov. 5, 1913. He lived there the first two or three years of his life, and then, his father being a school teacher, they lived at Goodnight, Clarendon, Kress, Stratford, and Dimmitt. They moved to Plainview in 1928 and he was graduated from Plainview High school. He came to Lubbock to enter Texas Tech in 1931. He graduated from Tech in 1938 and in the fall of that same year established his business in the location where it now stands. He is just completing an addition giving five times the original floor space. Mr. Reeves is a member of First Baptist church and Rotary club, and is president of the Southwestern Photographers association, a director in the state association and a council member of the national association. He is immediate past president of the Panhandle Professional Photographers association. His hobbies are flying, hunting and fishing. Mr. and Mrs. Reeves and two sons, Bobby, 7, and Sammy, 4, live on Levelland road. (Staff Photo).

MAILMAN ONE OF HIS LAST JOYS

Youngster's Battle Of Eight Months Against Cancer Ends

PHOENIX, Ariz., Nov. 10 (AP)—An eight-months battle against cancer has come to an end for Bobby Byers.

The four-year-old youngster, who touched a nation's heart with a plea for mail, died in Good Samaritan hospital last night. He slipped into a coma early in the afternoon and never regained consciousness.

Blond, and once chubby, Bobby's condition first became known last June after an operation. Prior to that he had only complained of being tired, but finally told his mother:

"Mommy I hurt."

Post Office Overwhelmed

He was placed in bed and one of his greatest joys in life was to wait for the postman.

"Mommy did the mailman leave anything for me today?" he would ask his mother.

News stories of Bobby's wish soon brought response from all parts of a sympathetic nation and some foreign countries. Mail came by the truckload. More than 200,000 pieces had been received when the grateful parents, Mr. and Mrs. H. J. Byers of Phoenix, stopped counting.

Expressing their thanks, the Byers had to ask that no more be sent. The packages, toys and messages were creating a minor crisis in the post office department. The branch nearest their home had to reroute the mail through the central office.

Slipped Steadily

Bobby was given only 10 days to live after the operation, but, not knowing he was to die held his own and passed his days much as before. He played with his toys and his dog, and when he didn't hurt too much would tell his mother, "only sissies cry."

Bobby slipped steadily during the last two months, despite the lift he received from his mail. The letters were read to him a few at a tim.

When taken to the hospital yesterday his condition was immediately pronounced critical. His parents were at the bedside when his fight came to an end.

WELL LICENSED

DANVERS, Mass. (U.P.)—Motorists caught without a driver's license might think of Aaron Powers. He has 39 of them. Powers, who has been driving for 48 years, makes a hobby of saving his permits year after year. His collection runs back to 1911.

New York Budget For Next Year May Climb Higher, Dewey Says

ALBANY, N. Y., Nov. 10 (AP)—Governor Dewey indicated today that New York state's budget for the next fiscal year might reach a recorn high. He said he was "determined" to balance it without new taxes.

Dewey called his cabinet and his legislative fiscal leaders to a conference today to discuss the 1950-51 budget.

Before the meeting, he let it be known that the state's outlay for next year—a gubernatorial election year—might top the record $936,200,000 budget of the current fiscal year, which provoked a Republican revolt in the 1949 legislative session.

GOP Solons Revolted

Dewey's budget for the current fiscal year, when submitted to the legislature last February, carried with it proposed new taxes of $169,000,000. The revolt by GOP legislators resulted in reduction of the proposed increase by $48,000,000.

Dewey told newsmen that increased education costs, a rising relief bill and a boost in the amount the state would have to pay into the state retirement fund would contribute to a high budget next year.

24-Hour Liverpool Fire Under Control

LIVERPOOL, England, Nov. 10 (U.P.)—A dockside warehouse blaze was reported under control today after raging for 24 hours and causing an estimated $5,600,000 worth of damage to rubber stocks and other export goods.

Six fire brigades, some from districts 40 miles away, supported by a firefighting train and two fire ships, brought the fire under control after battling it since noon yesterday.

Molten rubber oozed from the three-story warehouse and covered the dockside under the firemen's feet. Fourteen firemen were overcome or injured by falling debris and had to be taken to the hospital.

Thirty-two cranes each weighing two tons, stored on the warehouse roof crashed through the roof, damaging the dock and showering lumps of metal and burning timber on the firemen.

EIGHT COACHES PLAY

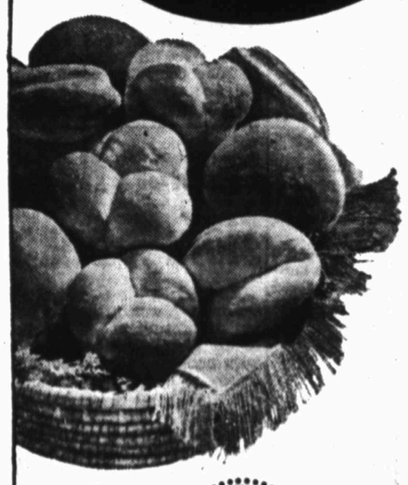

NEW YORK, (AP)—There are eight playing coaches in the pro National Basketball Association this year. There are Cliff Barker, Kentucky; Buddy Jeanette, Baltimore; Howie Schultz, Anderson; Ken Suesens, Sheboygan; Al Cervi, Syracuse; Bob Feerick, Washington; Charley Shipp, Waterloo and Jim Darden, Denver.

ONLY LEWIS KNOWS REAL REASON

Factors In Sudden Ending Of Long Coal Walkout Discussed

By JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, Nov. 10—This is now the open season for guessing why John L. Lewis called off the coal strike yesterday.

One man's guess is as good as another's, since Lewis doesn't tell why Lewis told his miners to resume work. Start with some background.

Lewis' contract with the mine owners ended June 30. Under that contract they paid into the miners' health and welfare fund 20 cents on every ton of coal mined.

Lewis wanted a new and better contract: more pay, shorter hours, and more money for the fund.

Payments Suspended

The owners didn't budge. In previous years, when his contract ended, Lewis pulled his miners out, saying "No contract, no work."

He didn't do that this year. Instead, when the contract ended June 30 and no new one was signed, he ordered them to work only three days a week This went on for a while.

Then some mine owners turned Lewis' old argument against him and refused to contribute any more to the pension fund, saying in effect: "No contract, no contribution."

The board of trustees which ran the fund—Lewis is on the board—suspended payments of benefits to miners from the funds.

There have been charges—not of dishonesty, but of mismanagement in the way the fund had been handled—that it had never been set up on a sound basis.

But after the fund suspended payments, Lewis called his miners out on strike. This was Sept. 19. On Oct. 1 the steelworkers went on strike because the steel companies wouldn't meet their demands.

Steel Strike Important

It's possible Lewis figured wrong when he struck on Sept. 19. He may have thought there'd be no steel strike.

But, if his coal miners struck, it would only be a matter of time before the steel mills ran out of coal. This would have been pressure on the mine owners to settle with Lewis and get coal mined.

But when the steelworkers struck, this shut down the mills. They did not need coal while their strike lasted.

So a good bit of the effectiveness of the coal strike—insofar as it touched the vital industry and therefore might bring pressure on the mine owners to settle with Lewis—was wasted.

When the strike started Sept. 19 there were widely published estimates that this country had on hand a supply of coal to keep its industries, such as steel and railroads, going 50 to 70 days.

When Lewis sent his men back to work yesterday, they had been on strike 52 days.

Lewis said he issued the back-to-work order as an "act of good faith designed to contribute to the public convenience."

Maybe Miners Rebelled

Which was Lewis' way, apparently, of saying he didn't want anyone to suffer because of the strike. Yet, from a practical standpoint, a strike becomes most effective when the effects are most acutely felt.

So at the very moment the coal supplies were running down and the strike was putting on increasing pressure, Lewis called his men back to work.

He said he did this for the public welfare. It's also possible his miners, workless and payless for 52 days with a settlement apparently no nearer than when the strike started, couldn't stand it any longer.

If that is true—and some mine owners said some miners were beginning to drift back to work — Lewis might lose his grip on the union.

Something else might have induced Lewis to call off the strike:

National Emergency Possible

If the strike lasted much longer and the nation began to suffer badly, President Truman might have declared a national emergency, brought the Taft-Hartley act into the picture, and set up a board of fact-finders to examine the Lewis demands and the mine owners' ability to pay.

Since Lewis was demanding more money for the pension fund, the fact-finders probably would have wanted to check on the fund's operations.

This report would have been made public. The public has not been informed of the detailed operations of the fund, which is a private thing, and Lewis might not have wanted that publicity, particularly if the fact-finders said they thought it had been poorly managed.

Since Lewis has called off the strike supposedly only for about three weeks, nobody's guess at this moment may have been right. Now we have to wait and see what he does next.

Plans For District VFW Meet Announced

More than 300 members of the Veterans of Foreign Wars Post No. 2466 attended a regular semi-monthly meeting at the post home Wednesday night.

H. B. Virgil Crawford, district seven commander, was present and announced final plans for the district convention to be held Nov. 26-27 in Lubbock.

Tom Carter of Fort Worth, past Lubbock and state commander, addressed the members briefly.

At the meeting the members were urged to see that all veterans were invited to attend the special Veteran's Breakfast to be held at 7 a. m. Armistice Day at the post home. A special program has been prepared and Dr. Doyle Jackson, of Texas Tech, will be the speaker.

Bald-Headed Britons Refuse Barber Rates

LONDON, Nov. 10 (AP)—Some bald-headed Britishers are so sensitive they even turn down bargain prices currently being offered by London's barbers.

The barbers, figuring there's not quite so much work to trimming a fringed noggin, have been quietly knocking sixpence (seven cents) off the bill if the customer's head is bare on top. A regular haircut costs two shillings (28 cents).

One men's hairdresser in the financial district disclosed that some of the more vain baldpates have "indignantly insisted upon paying the full price."

"Better Stores" To Be Goal Of Grocers

The Lubbock district of the Texas Retail Grocers association launched a "Better Stores" program Wednesday night when members met at the B. E. Adair Music company to see two instructive films.

The films, "Design for Selling," and "Strategy for Selling," were presented by Robert E. Crozier of Waco, business manager for the "Texas Food Merchant," official publication of the state organization.

The films considered the various physical layouts and stock arrangements that can be uesd to make a store more attractive to prospective customers.

Crozier conducted a forum at which the local store owners discussed the various ways in which they had met some of the requirements in their own stores.

Clyde Stovall, president, presided at a business meeting at which members discussed their credit and collection plan. A special nominating committee was selected to choose officer prospects for the association for the next year.

Rufus G. Starnes of Abilene, director of the National Association of Retail grocers, was a special guest. Also attending were J. T. Ellis, representative of the Credit and Collections bureau of the state organization at Waco, and Prof. Howard Golden, associate professor of marketing at Texas Technological college.

Some of the Lubbock retail grocers attending included G. C. and R. T. Sandlin, Homer L. Hill, Fay D. Holt, Bueford W. Crawford, an others. Several prospective members of the association also attended.

Taft Can't Read All His Mail, Wife Says

CLEVCELAND, Nov. 10 (AP) — How much good does it do to write a letter to your senator in Washington?

Regretfully, Senator Taft's wife, Martha, says she feels many such letters are "rather ineffective"—particularly in the populous states like Ohio.

The Ohio Republican senator, she told Cleveland members of the American Association of University Women last night, receives an average of 500 letters a day and cannot possibly read them all.

"The letters which do a particularly good job of expressing viewpoint are passed on to him by his staff," she said. "The others, of course, are tabulated as to the number of writers on either side of any question."

Accused Jap Slayer Attempts To Escape

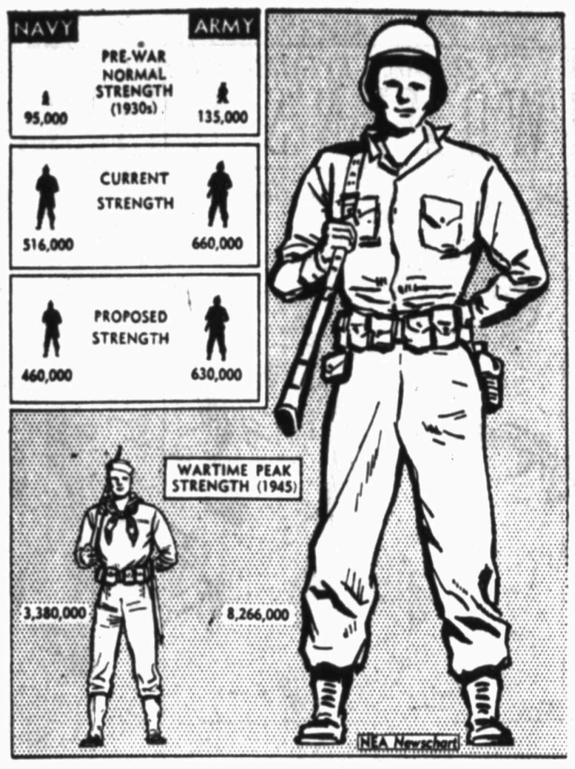

TOKYO, Nov. 10. (AP)—Tsue Ito, 28, was enroute to Utsunomiya today for trial in the slaying of her husband.

At a way station she leaped from her police guards, stripped off her clothing and plunged naked into the crowd at the station.

Her screams and efforts to elude police delayed the train for half an hour.

Passengers and police were shocked—not so much by her actions, but by her act.

It is an unpardonable offense in Japan to delay a train.

CUTBACKS FOR ARMED FORCES—Comparative strengths of the Army and the Navy (including Marine Corps) after proposed cuts are made are shown on the Newschart above. The Navy expects to lose 56,200 men from its current strength of about 516,000. The Army's release of 30,000 draftees will bring its strength down to about 630,000. Silhousettes of soldier and sailor are in proportion to symbolic figures showing peak wartime strength.

Sub And Ship In Collision

GROTON, Conn., Nov. 10. (AP)—The submarine Tusk, damaged yesterday in a collision with the supply ship Alderbaran in maneuvers off Labrador, today was proceeding under escort to the U. S. naval base at Argentina, Newfoundland.

A destroyer is accompanying the damaged undersea craft, a submarine base spokesman said. He declared there had been no injuries or loss of life in the accident.

The Tusk, commanded by Commander Robert K. P. Worthington, 34, of Oakmont, Pa., figured in the dramatic rescue of the crew of another submarine which exploded and sank off the coast of Norway last August. Worthington directed the rescue.

Rammed During Gale

The Tusk was struck by the Alderbaran yesterday as she was surfacing, the spokesman said. Her radar and radio antennae were carried away by the collision, and her communications facilities knocked out.

The Alderbaran reported no damage was done to her.

The ramming was reported to have occurred 175 miles off Newfoundland during a gale which whipped up towering 40-foot waves. Because of weather conditions the time of the Tusk's arrival at Argentia was uncertain.

Mrs. Eliza Neave, of Gisleham, England, aged 94, beat out a hedge fire adjoining her garden with a cane before the fire brigade arrived.

Soldier In Japan Is Shot During Quarrel

ZAMA, Japan, Nov. 10. (U.P.)—The U. S. Army disclosed today that Sgt. William A. Hicks, 30, of Pittsburgh, Pa., was shot and killed instantly Monday night by Master Sgt. Clemons Johnson, 28, of Little Rock, Ark.

An Eighth army spokesman quoted witnesses as saying the two men began quarreling at the non-commissioned officers' club. Sgt. Johnson left the club, but returned with a carbine and shot Hicks at least five times.

Johnson is in the Army stockade awaiting trial by a general court martial. Both soldiers were members of the 76th anti-aircraft battalion.

Brazil has threatened to ration gasoline unless car owners use less fuel.

UDC Chapter Is Host At Traditional Tea

Stephen Wilkinson chapter of the United Daughters of the Confederacy attended a tradition: memorial tea Wednesday afternoon at Hotel Lubbock.

Mrs. Mary Lovell was program chairman for the following numbers:

Vocal solos, "Memory" (Ganz), "Old Kentucky Home" (Foster) and "One-Two-Three" (Zimbalist-Millet), Mrs. Gordon Treadaway; memorial to the man for whom the chapter was named, Mrs. Dan A. Blair, president; reading "The Blue and The Gray," Mrs. Charlotte Carter; selection from "Queen New Orleans" (Kane), Mrs. Russell Ray.

Confederate flags decked the room. The refreshment table was covered with a lace cloth and was centered with a silver bowl of red and white mums. Silver services were presided over by Mrs. J. H. Hankins and Mrs. M. V. Gray.

The committee in charge of the tea was made up of Mesdames Gray, J. D. McKnight and W. O. Stevens.

Fifty called.

Ritual Given By Sorority

Mrs. Bill Butler and Mrs. Bennie Setliff were pledged to Zeta Chi chapter of Beta Sigma Phi corority in a ritual held at the Hilton hotel Wednesday night. Mrs. R. B. Parkinson chapter president, conducted the ceremony and served as toastmaster at the pledge dinner that followed.

Mrs. A. L. Rose, jr., vice president, welcomed the pledges and response was given by Mrs. Butler. Mrs. H. I. Lynn discussed the purpose of the organization. Sorority songs were led by Mrs. Parkinson.

An arrangement of lighted candles, autumn leaves and berries, centered with a bowl of yellow roses, sorority flower, decorated the table.

The soical committee consisting of Mrs. Bill Tilger, Mrs. Ray Chapman and Mrs. Elizabeth Florence, was in charge of arrangements.

Others present were Mesdames W. H. Galloway, William A. Wilbanks, Robert Stokes, Stanley Cotton, R. A. Barnett, W. S. Garrison and P. W. Erikson.

Meeting Conducted By Dental Assistants

South Plains District Dental Assistants association attended a monthly dinner meeting at the Hilton hotel Tuesday night. Dr. D. O. Hollingsworth, a guest, projected a movie and lectured on "Removal of Brown Stains."

During a short business meeting presided over by Vera Darby, president, a meeting in Plainview Dec. 13, was discussed.

Dr. C. M. Baldwin also was a guest.

Thirteen members attended.

Study Units At Lessons

Five members were received in AAUW Child Study Unit 4 Wednesday afternoon at a meeting in the home of Mrs. W. H. McKelvy, 2518 Thirty-third. They were Mesdames Frank Campbell, G. E. Crosby, J. P. Watt, Bill Ranck and Lee Hewitt.

Mesdames Leo Baggett and H. A. Bryant were assistant hostesses with Mrs. McKelvy.

Mrs. John Blakey presided for a business meeting. A panel on "Discipline" was directed by Mrs. Owen Caskey, assisted by Mesdames M. W. Warren, O. B. Hull, M. L. Cooper and Frank Cook.

Nancy Hayes played a piano solo.

Others present were Mesdames Lloyd Price, H. F. Keith, Everett Miller, Charles Darwin, O. B. Haught, Walter Granberry and R. T. Mangum.

TALKS ARE ON SAYING "NO"

When AAUW Child Study Unit 2 met with Mrs. Belverd Needles, 1710 Thirtieth, Wednesday afternoon, Mrs. Paul Cates and Mrs. Otis Fincher spoke on "How To Say No."

They brought out in their discussions that "Mothers sometimes say no out of indifference or thoughtlessness. We should think of reasons for and against suggestions before giving decisions."

Mrs. B. H. Bird was received as a member.

Ten attended.

Woman's Auxiliary To Typographical Union Has Annual Dinner

Members of the Woman's auxiliary to the Typographical union attended an annual Thanksgiving dinner at the IOOF hall Thursday night.

During a business session after dinner, plans were made for a Christmas party to be given Dec. 17.

Three guests, Mesdames H. C. Wade, Harriet Moore and Walter Neal, attended. Members present were Mesdames A. L. Borho, W. R. Steckman, Edgar and Jack Danklefs, J. B. Cearley, Will J. White, H. Wampler, George Blair, Hugh Small, Carl Hyatt, Jack Ellis, George Box, R. P. Raney, Herb R. Miller, R. R. Decker, D. W. Moore, W. D. Donald, A. A. Foster and Charles Ferguson.

Needle Societies

Twelve members of Fit and Fashion club met with Mrs. Bennie McWilliams and Mrs. Howard Price in the home of the former, 1214 Tenth, Wednesday afternoon.

A Christmas party for Dec. 14 at 3:30 p. m. was planned by the club. Mrs. Ishamel Hill, 2214 Twenty-first, and Mrs. W. C. Watts are to be hostesses.

* * *

Two holiday parties were planned by Betsy Ross Needle club Wednesday afternoon in the home of Mrs. E. E. Rodgers, 1716 Twenty-fourth. A Thanksgiving dinner for husbands is scheduled for Nov. 22 at 7 p.m. in the home of Mrs. Elmer Harris, 2519 Thirty-fifth.

On Dec. 14 at 3 p. m., a Christmas party will be given with Mrs. Toy Rodgers, 202 Ave. U, as hostess.

Pillow cases to be given to Girlstown were brought to the meeting by 11 members.

Friendly Nine Needle club met for luncheon Wednesday in the home of Mrs. John H. Stephenson, 2010 Fifth, apartment 11. During the afternoon the members attending crocheted on hats and bags. Mrs. E. C. Caviness was honored with a layette shower.

Next meeting will be at Luby's Bruncheon club on Wednesday, Nov. 16, at 9 a.m.

Mrs. C. M. Whipp, 812 Ave. K, has gone to Flagstaff, Ariz., to visit her son, John E. Whipp, and family.

A HAIRDO FOR EVERY FACE . . . Here are some coiffure suggestions for girls with round, square, oblong, diamond, long or oval faces. Study your face and decide which one suits you. Then go to your hairdresser for a new coiffure, if you need one.

★ ★ ★

Beauty

There Is A Hairdo For All Faces; What Is Yours?

By BETTYE CLARKE
Associated Press Beauty Editor

Please, girls, don't fall in love with a hairstyle because it looks attractive on your best friend or on a fashion model. Just because other girls can wear the latest style coiffure as fashion dictates it is no reason to think you can get away with ity.

One thing you should remember, however, is that if you study your face and learn its possibilities, you will be able to frame it with a flattering hairdo and correctly arched eyebrows.

But then of course the question is: How will I be able to tell the coiffure that is most becoming to me? It is true that most girls are not good judges of their own makeup. Otherwise, you would not see some of the garish makeups and frou-frou hairdos on otherwise pretty girls.

You will find that there are some good basic rules to start you in the right direction. Perhaps you will not be satisfied at first. But the moment you are complimented, you will begin to perk up and take notice of the hairdo that you might have considered too plain, too curley, too short or too long. As more and more compliments come your way, you will have a feeling that you are working in the right direction. Then you can eliminate all the hit-and-miss hairstyles that came before.

One New York hair stylist, John Fonda, always studies the face shapes of his customers before be gives them coiffures. He does not chop away at the hair before he consults them, however. Usually he can show them a sketch that will resemble the hairdo he plans for them. If he can persuade them, he goes ahead.

Stylist Suggestions

Here are his suggestions:

First decide whether your face is round, square, diamond, oblong, oval, heart, pear o rother shape.

In framing any face with a hairdo or even in applying makeup, try to achieve a more oval line, considered the perfect face contour. You must add or subtract from fullness or from thinness by arranging your hair in a becoming style.

If you have a round face, for instance, you will want to bring your hair away from your face on the sides, and wear it a big higher on top to help elongate your face.

The square face must avoid anything like a Dutch boy hairdo which will just emphasize the square line. She must wear hair away from the face, pushed back and soft on top, perhaps with more fullness on one side.

An oblong or an inverted triangle type face will need a side part, a little height and fullness on the sides toward the crown to make up for a hairline that grows too far out on the forehead.

The diamond face must wear a hairdo that offsets the narrowness of the forehead or that cuts down width across the face. Sometimes it is necessary to combine both.

If you have a long face, you will need fullness around it to give more width and to give the illusion of foreshortening. This is accomplished by experimentation. You will have to find the right hair length for you.

The oval face is, of course, easy to frame. This girl can wear about any hairstyle from the madonna-part-in-the-middle straight hairdo to a feathery cut.

Mr. Fonda does not believe that all women should wear the short coiffure, just because it is popular now. He says the length of the hair should be judged solely by what it does for you in beauty. He is not recommending the long bob, but he believes that school girls look more natural in a bob that comes below the ears and falls in soft waves almost but not quite to the shoulders. Older women do look better in the shorter cut, as a rule, he has noticed, but even they must take into consideration the facial pointers just mentioned.

TO CONTINUE GIFTS

Members of Shaareth Israel auxiliary, who met at the Synagogue Wednesday, voted to continue sending packages overseas. Mrs. Alvin Goldstucker presided.

Mrs. Sam Portnoff, program chairman, spoke on National Education week.

Music Of Russia Studied

At Lubbock Women's clubhouse, 2020 Broadway, Wednesday afternoon a program, "The Music of Russia," was presented and a business session was conducted. The club voted to assist South Plains Music Teachers association in sponsoring a yearly scholarship for graduating seniors of Lubbock High school.

Mrs. Raymond Marshall, program chairman, reported a district meeting of Texas Federation of Music clubs held in Spur recently. At the meeting, the Allegro club yearbook won third place, and the club scrapbook placed first.

Hostesses were Mesdames Elliott Taylor, D. W. Douglas, Joe Kelly, James Vickers and Benny Wright.

Program numbers were: selections from "The Golden Age" (Shostakovich), Mrs. Bailey Ireland; "Deep In Love Was I," "Lilacs" and "To the Children" (Rachmaninoff), Mrs. Frank C. Goodwin; "None But the Lonely Heart" (Tchaikovsky), Mrs. Fred Nelson and Mrs. John Howell; "My Songs are Envenomed and Bitter" (Borodin), Mrs. Gordon Treadway; "Polichinelle" (Rachmaninoff), Mrs. James Atcheson.

BRT Auxiliary Holds Election Wednesday

Officers elected by Auxiliary to Brotherhood of Railroad Trainmen Wednesday afternoon at IOOF hall are as follows:

N. M. Lowery, counselor; and Mesdames D. R. Patterson, president; W. D. Donald, vice president; J. D. Mullins, secretary; J. A. Nunley, jr., conductress; Paul Seay, warder; Ervin Grady, chaplain; W. L. Jordan, inner guard; Ben Clifton, outer guard; Arno Boyd, pianist; Clark Zachary, delegate; and N. M. Lowery, past president; Mrs. T. K. Martin is serving a four year term as legislative representative.

Mrs. H. F. Whitson was hostess and others attending were Mrs. Lewis Hogan and Mrs. Trenton McCurry.

Mrs. Robertson Gives Needle Club Party

Mrs. Melvin Robertson was hostess to the Sew on Wednesday club yesterday afternoon at her home with nine members present. Mrs. Oran Wilson and Mrs. Curtis Ripley were guests.

The club will meet Nov. 23 at 2 p. m. with Mrs. G. R. Saverance, 2510 Twenty-fifth.

When making tea, if a silver pot is used, make sure it is cleaned thoroughly.

Legislation Is Talked

Miss Marjorie Temple of Washington, D. C., legislative program associate from the American Association of University Women's national headquarters in Washington, D. C., spoke at a tea given by the legislative committee of the Lubbock branch Wednesday night at the Hilton hotel.

Miss May Jones of Stephenville, state president, also was a guest.

Miss Temple gave highlights of pending legislation in which women should be interested. She spoke at length on the international Bill of Human Rights, pending legislation on the Federal Aid to Education and said there is discussion underway to establish a department of education and science.

Miss Jones told of inter-change visits between women from the University of Mexico and universities in the Southern Region. She said a visit may be arranged here, if the Lubbock branch is interested.

A harvest theme was used in decorations.

Mrs. Wester Returns From Visit To Kin

Mrs. F. C. Wester, 412 Ave. R has returned from a visit with relatives in Colorado, her native state. She visited a sister, Mrs. J. C. Hohnstein, who recently underwent major surgery in Greeley and spent some time with another sister, Mrs. Grace Mahaney, who lives on the Lazy SU ranch, east of Akron, where Mrs. Wester was born. The ranch belonged for fifty years to her father, the late R. S. Shook who was a prominent political figure in Colorado.

After leaving the ranch Mrs. Wester was the guest of nephews in Denver.

Brunch Is Courtesy

Continuing a party series for Miss Mary Jarrott, bride-elect of Gene Anderson, Mrs. Tom O. Murphey, 3224 Twentieth, gave a 10 o'clock brunch this morning.

Other hostesses were Mrs. Murphey's sister, Mrs. Jack Boren, and their mother, Mrs. Hub Jones. White mums were featured in decrations.

The honoree was presented with a hostess gift.

Guests will be Mesdames Richard Jennings, Frank Hudgins, O. L. Slaton, jr., Paul Graham, Wayne Prather, Harris Underwood, W. C. Couch, Horace Humphries, Harry Holcomb, Truman Hutson, Charles Murphy of Houston, Tom Simmons, jr., W. E. Keeney, Charles Bucy, Kirk Dean, Joe Bob Johnston, Neil Wright, jr., James Vickers, John Vickers, Pete Durham, John W. Jarrott, and Misses Kathryn Weaver and Alice Phillips.

Miss Jarrott and Mr. Anderson will be married Saturday. A rehearsal dinner for them and their wedding party is to be given tonight at Lubbock Country club and will be hosted by Dr. and Mrs. Abner Roberts of Clovis, N. M., Mr. and Mrs. Horace Humphries and Mr. and Mrs. Ted T. Tipps.

Mary Haworth's Mail

After Seven Years, Wife Still Unable To Get Farmer Husband To Broaden Interests

DEAR Mary Haworth: My husband is an excellent farmer, a good mixer and a good neighbor. But after seven years' marriage I am still hunting for activity we can share, to establish a closer companionship than now exists.

Handcrafts such as refinishing furniture, leather work, simple carpentry and the like frighten him, for he feels clumsy. He scoffs at card games, doesn't dance and has no desire to; and considers "collecting" a foolish activity. He has no interest in music, either in making music or listening to it. He is indifferent to sports, even as a spectator, and completely shies away from participation.

He enjoys reading but his literature is confined to newspapers and current periodicals, many of them farm journals. I have never seen him read a book, and although I have several times persuaded him to read aloud while I mended, it was obviously an ordeal for him. More and more I find myself utterly bored with following my own pursuits while he follows his.

THEY CONDUCTED COURT BY LETTER

YOU may think it odd that I married a man without knowing his traits and tastes beforehand. The explanation is simple. During the two years that ensued between our meeting and marrying, our courtship was carried on almost entirely by correspondence, as John was in the Army then. His letters were never newsy and rambling, but some people don't write freely and I assumed he was one of those.

For both our sakes as well as for the benefit of our children, I feel we should do things together, and as a family. I am looking to you for helpful suggestions, so please advise.

Signed: V. R.

HER ACCENT ISN'T ON COUNTRY LIFE

EAR V. R.: Perhaps your husband's ideas of companionship activities might include feeding the stock, cultivating or harvesting the kitchen garden, gathering fruit from the orchard, visiting farm machinery shows, reading agricultural lore across the table evenings and comparing notes on your separate studies, etc. In short, comradely pursuits naturally related to the farmer's traditional way of life.

Evidently your ideas of family sociability are patterned on the traditional example of genteel townsfolk, who have time on their hands and try to fill it with "makework" and pastimes that blank out thought, after the factories and marts of trade close down for the night or weekend—and maybe John is instinctively resisting the unsuitability or superficiality of your striving (as it seems to him) in maintaining indifference to your suggested interests.

However, I must say you could not ask stronger proof of game devotion, despite different tastes and social goals, than his reading aloud (against his grain) at your insistence—because anyone who wasn't brought up to love books, in a family that shared them in that fashion, is bound to regard the exercise as tiresome or awkwardly "arty."

RIGHT APPROACH TO REAL HARMONY

MY REACTION to your frustration is to think you are mistaking the letter for the spirit of companionship, and thereby missing the fruits you wish to reap. According to 2 Corinthians 6, "The letter killeth but the spirit giveth life." And in Galatians 5:22, we are told, "The fruit of the spirit is love, joy, peace, longsuffering, gentleness, goodness, faith—."

The healthy countryman, rational, literate, somewhat traveled, has a notable capacity for physical stillness combined with mental journeys in the realm of meditation that isn't often apparent in persons who grow up in urban thickets of population. He accepts a sense of solitude and "breather" quietude as natural conditions of being; and the passport to rapport with such as he consists in agreeably "entering the silence" with him at common tasks.

Given a climate of rapport, sympathetic affirmative interest in another's temperament is the final step to true relatedness; and when that has been achieved, harmony is reciprocally expressed, in the sense that each happily espouses the other's interests, just for the joy of being together. It isn't the activity that matters. So my advice is to stop trying to redesign John into the image you had in mind when courting him, and seek harmony with him "as is."

M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of The Lubbock Evening Journal.

Texas Nu Sorority Is Represented By Two Province Officers

Two members of Lubbock Texas Nu chapter, Delta Theta Chi sorority, were elected Taygete province officers at a province conclave held in Enid, Okla., recently. Miss Mary Keesee was named vice president and Mrs. Douglas Blackburn, program director. The province is composed of chapters in Oklahoma, Arkansas, Louisiana and Texas.

Miss Lela Craddock was initiated in a formal ceremony conducted at the meeting and Mrs. R. C. Johnson, jr., received a big sister badge in ceremonial rites. Other features of the meeting were business and panel sessions, a formal dinner-dance and a coffee.

As an achievement project, the Lubbock chapter presented a program on Franz Schubert, with Mrs. Blackburn as narrator and Miss Dovie Parr as soloist. Selections sung by Miss Parr were "Serenade," "My Sweet Repose," and "Ave Maria."

Other Lubbock sorority members attending the Oklahoma meeting were Miss Dahlia Trammel and Miss Juanita Parr. Next year's conclave is scheduled for Oklahoma City.

DRESSMAKER COAT . . . Fine black suede cloth makes an elegant fitted coat with cape collar.

P-TA Notes

A visiting period was conducted at McWhorter school Wednesday afternoon preceding a Parent-Teacher program which featured a panel discussion, "Teamwork Between Parents," led by Mrs. A. W. Young. Others on the panel were Mesdames L. C. Peveto, A. A. Holmquest and L. L. Miller.

Musical numbers were presented by the fourth and fifth grades of Mrs. Ernest Wilpitz. Mrs. Reuby S. Rhodes, principal, gave a welcoming talk.

During a business session Mrs. Paul Seay, P-TA president, was named delegate to the state P-TA convention in Waco this month. Meeting time of the unit was changed from the second to third Thursday.

Approximately 100 attended the meeting.

• • •

For George R. Bean P-TA Wednesday at the school, a juvenile jury composed of one pupil from each room of the school was questioned by parents on habit, punishment and school problems.

The fifth grade of Mrs. Ahnise Lindsey gave a story book character play and the fifth grade of Mrs. C. A. Gentry sang songs and recited poems.

Mrs. Howard Patterson presided. She will represent the unit at the state P-T meeting in Waco.

Seventy-three persons were at the afternoon meeting, and Mrs. Lindsey's room won the attendance contest.

• • •

Sanders Parent-Teachers association met Tuesday at 7:30 p.m. at the school. Six boys from Mrs. Grace North's room illustrated "Teamwork Between Father and Son" with posters.

A panel discussion was conducted by W. G. Tarrance, John W. Wilson and I. M. McMillan. Mrs. J. L. Damron presided at a business meeting. Mrs. F. B. Mullinex was selected to attend the state P-TA convention in Waco.

After the business session, refreshments were served and an openhouse was held with the children's work on display in their homerooms.

Suicide Is Ruled In Death Of Texas Man

FORT WORTH, Nov. 10 (AP) — Howard James Childress, 32, quarreled with his wife last night, then killed himself with a shotgun blast on the dance floor of a tavern.

Justice of the Peace Frank Hurley returned a suicide verdict.

His wife, Mary, 35, and half a dozen patrons of the tavern saw Childress shoot himself in the head with his 12-gauge shotgun.

Theft Of Whisky Is Admitted By Worker

CHICAGO, Nov. 10. (U.P.)—A worker at a wholesale liquor warehouse told police today that for the past two years he had stolen two quart bottles of whisky a day.

Clifton Rhodes, 27, said he drank one bottle on the spot and took the other home to drink.

San Angelo Woman Shoots Man And Then Takes Her Own Life

SAN ANGELO, Nov. 10 (AP) — Officers today identified a woman they say killed a man and then herself as Mrs. Geneva Mathews, a 30-year-old widow with one child.

Gwinn R. Medders, 39, and Mrs. Mathews died in a double-shooting on a San Angelo street last night. She left a note, officers said.

Police Officer Bill Martin said Medders died of three .22 caliber bullets in his chest. Then the woman turned the pistol on herself and fired once, Martin said. She died of a wound in the heart.

Justice of the Peace Bob Aycock said he would return a verdict of murder and suicide.

Scuffle Seen

Bob Wells and Harold Shields were witnesses to the shooting which occurred on a street just outside the downtown business section.

Medders had just gotten off work at a combination garage and filling station.

Wells and Shields said they heard a man calling for help.

Then, they said, they saw a man and woman scuffle briefly.

They heard four shots. Medders fell first, and then the woman.

Medders is survived by his wife, Mrs. Helen Medders, and by three children.

Mrs. Mathews is survived by her child and her parents, Mr. and Mrs. J. A. McDonald of San Angelo.

In her note, Mrs. Mathews said she had worried recently over "domestic trouble," officers reported.

Funeral Pending For Dr. Clyde N. James

Funeral services for Dr. Clyde N. James, 67, of 2315 Twentieth, who died at 9:15 p. m. Wednesday at his residence after a long illness, are still pending the arrival of relatives.

Dr. James was a Lubbock resident for the last 20 years. He was, until his retirement several years ago, a veterinarian with the City Health department. He was a member of the First Baptist church.

He is survived by his wife; three daughters, Mrs. S. J. Nabers of Lubbock; Mrs. Charles Moeser of Lubbock, Mrs. W. D. Norris of Beaumont; one son, Noble of Lubbock; his father, W. H. of Hickman Mills, Mo.; four sisters, Mrs. R. J. Ervin of St. Joseph, Mo.; Mrs. Nell McKinney of Chicago; Mrs. Frank Cummings of Hickman Mills; Mrs. F. R. DeWeese of Lee's Summit, Mo.; and seven grandchildren.

Services will be under the direction of Sanders Funeral home.

Mrs. W. S. Hodges of 2425 Twentieth is confined to her home due to serious illness.

RELIEF AT LAST For Your COUGH

Mystery Mallow Cake- Mixed in just 3 minutes because SNOWDRIFT is Emulsorized!

MYSTERY MALLOW CAKE
Quick-method recipe

No creaming! **No egg-beating!**
Mixing time 3 minutes!

Sift together into a large bowl:

2 cups sifted cake flour — 1 tsp. salt
½ tsp. soda — 1½ cups sugar

Add:

½ cup Snowdrift (Emulsorized—quick-blending)
¼ cup milk

Mix enough to dampen flour. Beat 2 minutes. If by hand, count beating time only. With electric mixer, use "low speed"; scrape bowl often; scrape beaters after 2 minutes.

Add

¼ cup milk — 3 squares unsweetened chocolate, melted and cooled
1 tsp. vanilla
2 eggs

Beat 1 minute for Snowdrift-smooth batter. Turn into 2 greased 8" layer pans, lined with plain paper. Bake in moderate oven (375° F.) about 25 minutes. Cool and frost with—

MYSTERY MALLOW ICING: Combine 2 *egg whites*, 1½ *cups sugar*, ⅛ *tsp. salt*, ⅛ *tsp. cream of tartar* and ⅓ *cup water* in top of double boiler over boiling water. Beat with rotary beater 7 minutes, or until icing peaks. Add 1 *tsp. vanilla*. Spread between layers. "Spike" 8 *marshmallow halves* on top with toothpicks, leaving enough toothpick exposed to remove easily. Then frost all over. Remove toothpicks. Melt 1 *square chocolate* with ½ *teaspoon Snowdrift* and drip over top.

Compliments come thick and fast when folks taste this new Mystery Mallow Cake. So rich and chocolaty! Surprisingly different! Yet quick and easy to make with Emulsorized Snowdrift.

All ingredients mixed in the same bowl in just 3 minutes. No creaming! No egg-beating! *Only an emulsorized shortening* can blend these cakes so quickly and successfully—and *Snowdrift is emulsorized*. For finer-grained, richer-tasting cakes so moist they stay fresh for days, for fluffy biscuits and flaky pie crust, for crisp, digestible fried foods, rely on Snowdrift!

Teams Hold Final Workouts

Broncs Polish For 3-AA Tilt

ODESSA, Nov. 10. (Special)—Long practice sessions have been undergone by the Odessa Bronchos as they look forward to Friday and the Lubbock Westerners.

Wednesday the Broncs romped through their third three-hour workout of the week, applying polish to their old plays and perfecting new ones to use against the favored Lubbock eleven in the crucial District 3-AA tilt. Defensive drills were also held.

Head Coach Joe Coleman, who guided the Broncs to the state championship in 1946, and who put Odessa teams into the playoffs the past two years, has his white-shirted regulars running offensive and defensive scrimmage against a team of red shirts employing Lubbock formations.

Workouts Taper Off

After the drill, Coleman said the Broncs "still had lots of work to do." But the mentor indicated that the rugged workouts would taper off sharply Thursday in the final session before the game.

No injuries cropped up to mar Wednesday's practice, and it appears that the Broncs will go into the game at full strength. The one possible exception may be second string quarterback Mac Tyler who reinjured a weak knee in the Lamesa battle last Friday.

Quarterback Charles Clover directed the Bronc running game in the Wednesday drill, and running with him in the number one backfield were right halfback T. W. Harvey, left half Bobby Jackson and fullback Howard Dye.

Coleman shuffled the linemen extensively throughout the session in an effort to find more blocking power to throw at the bulky line.

Heard May Move To Tackle

It appears now that Roy Heard, first string tackle moved to guard earlier in the week, may open at his original position Friday. This would bring up little (150 pounds) Marshall Bonds for a starting guard berth.

Meanwhile, the game became an absolute sellout Wednesday morning, when the last 500 bleacher seats were sold out. Ticket booths opened at 9 a.m. and 15 minutes later the last pasteboard was gobbled up.

No tickets will be available at the stadium Friday, and the pregame sale assures a crowd in the excess of 22,000 persons.

PENICK REAFFIRMS STAND

AUSTIN, Nov. 10 (AP)—Dr. D. A. Penick, a coach for a half-century and once president of the Southwest conference, today reaffirmed his stand that college athletes ought to work for the financial aid they get.

IRISH PICKED BY WIDE MARGIN

Longhorns, Ponies Favored Over Foes

BY DR. E. E. LITKENHOUS

The undesirable task of attempting to bell the cat this week falls to North Carolina. But there won't be much "belling" done at New York this week end when the Tar Heels meet Notre Dame, the No. 1 team in the Litkenhous Difference by Score Ratings.

The Ratings give the Irish a 25.5 point romp over "Choo-Choo" Justice and his pigskin colleagues. Oklahoma, the No. 2 club in the Ratings, will find closer going but the Sooners will triumph over Missouri by 13.1.

The banner battle in the Big Ten this week finds Ohio State and Illinois trading punches for a possible ticket to the Rose Bowl. The Bucks figure to enjoy the California sunshine in January, though, with the ratings naming Ohio State by 6.7. In the only other conference engagements Michigan is a 22.9 choice over Indiana and Wisconsin is a 11.0 point pick over Iowa.

In the East, Army will continue its domination with a 21.3 conquest of Pennsylvania while Princeton will add Yale to its Ivy League victims by 18.5. Navy is a 35.3 shoo-in over Columbia.

A close one is forecast in the Southeastern Conference where Georgia Tech is regarded as less than a point favorite over Alabama. The actual figure is Tech by 0.8. Kentucky should fatten its S.E.C. average with an 18.1 win over Florida. Tulane should master Vanderbilt by 8.2 while Tennessee is a slight 2.3 favorite over Ole Miss.

In the Southwest it's Rice by 25.9 over the Texas Aggies, Texas by 12.5 over T.C.U. and S.M.U. by 7.4 over Arkansas. The Pacific Coast's feature tilt finds California with a 14.7 nod over Oregon.

Following is the week-end schedule of college football games with Litkenhous Difference by Score predictions. The figure after the name of each team is its power-point rating. The figure in the last column is the difference between the ratings and therefore the approximate probable difference between the scores they will make in the games. The names of the probable winners are set in boldface type.

THAT MAN AGAIN!

ABILENE, Nov. 10. (AP)—Mighty Brad Rowland of McMurry has run his total yardage for the season to 1432 in eight games—an average of 179. It is one of the greatest one-man offensive shows in college football.

Defense Gets Special Work

Stiff scrimmages have been forgotten out at Chapman field this week, but it doesn't mean that the Westerners are not getting set for Friday's crucial encounter with the Odessa Bronchos when the two elevens meet at 2:30 p. m. at Broncho stadium.

In place of scrimmages, more time has been given to methods of stopping Odessa's offensive thrusts while figuring out ways to penetrate the Bronc defense.

How well these two points have been covered will be seen when the two elevens meet, and thus far this season the strategy of Coach Pattison has been 100 per cent correct as the Westerners rolled to seven straight victories.

The Westerners are regarded as favorites locally and by sports writers over the state who have voted Lubbock as the number one team in the state the past three weeks. And practices this week have been designed to aid the Westerners in maintaining that position.

Head-Knocking Absent

Absent the past few days have been the rugged head-knocking sessions held in previous weeks as Coach Pattison rounded the team into shape for the long grind, but workouts have been patterned to give the members of the squad the necessary offensive and defensive assignments to defeat the Broncs.

Heading the list of essentials is a stout defense, and all three coaches —Pattison, Bill Fyold and Fred Taylor—have worked hard to try to solve this problem. Defensive patterns have been stressed to the limit in practice, and on the blackboard and in practice against a team running from an Odessa formation, it appears that the Broncho offensive will be slowed considerably.

Offensively the Westerners will show the same attack which has clicked so successfully, with a well-balanced ground and air attack being used and speed and deception as the main points.

Game Interest High

Wednesday's session got underway with a skull practice, following which the players took to the practice field for calisthenics, punting and place kicking and offensive and defensive workouts. The same type workout is scheduled for today.

Interest in Lubbock has been high as game time approaches, and ticket sales have reached 5,731 for adults and 930 for students. This puts 6,661 ducats in the hands of Westerner fans for the Armistice day tilt. Student tickets are still on sale.

From Odessa comes word that the entire stadium has been sold out and that more requests for tickets are being received.

Top Schoolboy Teams Tangle This Weekend

(By The Associated Press)

Sunset plays Crozier Tech tonight in a game that may sew up the Dallas district championship of the Texas schoolboy football City conference.

It is one of four games for the night in a crucial week-end.

If Sunset wins and Adamson upsets Woodrow Wilson Saturday night, the former will clinch the title.

Other games tonight have Fort Worth Tech playing Amon Carter-Riverside in the Fort Worth district, Sam Houston meeting Stephen F. Austin in the Houston district and Brackenridge playing Burbank in the San Antonio district. The only important one is the Brackenridge-Burbank tilt. Brackenridge could lose a chance at the district title if defeated.

Tomorrow Lubbock will be at Odessa in the feature game of the state for the week. While it will not mathematically clinch the District 3 title in Class AA for the winner, it will establish an overwhelming favorite for it. Lubbock is regarded as the top team of the state.

Paris plays at Gainesville in another headliner. The championship of District 7 Class AA is on the line.

There will be 42 games in the state tomorrow and tomorrow night with six Saturday.

BLAZING BRONCS—Two of the top Odessa Bronc backfield stars who will face the Lubbock Westerners Friday afternoon at Broncho stadium are shown in the photos above. At top is Howard (Jake) Dye, battering triple-threat Odessa fullback, and below is Tommy Salmon, slender defensive specialist. Dye is the workhorse of the Broncs' top ground-gainer, while Salmon is used as a defensive safety to return punts and kickoffs. (Photos courtesy Odessa American).

ROCKY GRAZIANO SIGNS

LONDON, Nov. 10. (AP)—Rocky Graziano, former middleweight champion from New York, has agreed to fight the winner of Tuesday's fight here between Randolph Turpin, of England, and Pete Mead, of Grand Rapids, Mich., promoter Jack Solomons said today.

Frosh Meet Cowboys

Tussle Set At Abilene Field

Texas Tech's freshman football team takes on Hardin-Simmons' first year men tomorrow afternoon in Abilene in what might be a foretaste of the Nov. 26 meeting in Lubbock between the two varsity elevens.

The Picadors, dreams of an undefeated season erupted by a 13-0 licking handed them last week by Odessa Junior college, will be seeking revenge in this game. The Cowboy frosh haven't been beaten yet and the Raiders freshmen are eager to get the job done. In addition, a lot of football fans will be watching the game closely for indications of things to come.

This, like all Tech-Simmons games, will be a grudge affair, with no holds barred. The Cowboys have won four games without loss. The Picadors have won two and lost one.

Seek Third Win

The Picadors will be seeking their third victory for the second time. Last week they traipsed down to Odessa for what they thought would be a breeze. Instead, they ran into a backlash and dropped a 13-0 game to the Odessa Junior college team.

That licking was the first of the season for the Picadors and left them somewhat aghast. They didn't think that another team could do that to them, especially one they had beaten the week before by the same score.

Prior to that time, the Pacadors had taken a 59-7 victory from the West Texas State college freshman and a 13-0 win from Odessa Junior college. They were flushed with success.

After all, they had a large group of former all-state high school players and many others ranked right up with them. They had had a field day against the junior Buffaloes and everything they had done was right.

But the Odessa game last week changed the complexion of the squad. They were beaten by a team that they should have beaten and most of them knew it Now they face a Hardin-Simmons eleven that is good and the Tech frosh can expect nothing but trouble.

Coach Allie White sent his players through a scrimmage against the varsity Tuesday and then drilled them on execution of plays. Timing came in for close inspection, as well as smoothing out flaws in blocking assignments.

The Picadors again will rely on a sharp passing attack headed by Carl Madison and Don Seale, two better than average passers, and a good ground game, headed by Waldo Young, Gene Doss, Chuck Reynolds, W. H. Barker and Sandy Welton.

Pass receivers who have been outstanding this year include James Thames and Alton Linne, while defensively, Hollice Davis and James Clark have been standouts.

The line boasts such stalwarts as Center Jimmy Williams, Guards Buddy Barron and Don Gray, Tackles Charles Goff, Ed Briggs, Harold Harrison and Marlan Ribble.

TECH ELEVEN HAS OPEN DATE

Red Raiders Hold Rough Scrimmage

Texas Tech's football team doesn't have a game this week and so it is vacation-time on the Red Raider gridiron.

That's the way the script should read. It doesn't. The material has been collected, collated, interpreted and is in the process of being disseminated. The process is painful to the Raider players, who are going through scrimmages as rough as those held just before a game.

Coach Del Morgan gave his players a day of respite, letting them off with only a chalk talk on Monday, but Tuesday and Wednesday were full days. Wednesday's workout was even rougher than Tuesday's drill, but there were no injuries. Halfback Herman Bailey was knocked out temporarily, but that was all.

Bailey Recovers

Bailey recovered quickly and continued to spark the Raider drill, which wasn't smooth by any means. Blocking, which has been the big failing on the Raider squad all year, was not sharp and backs were not getting loose for consistently good gains.

"If you can't block out here", Coach Morgan said vehemently, "how do you think you're going to be able to block in Albuquerque next week?"

Noticeably weak in the blocking department was the protection given the passer. It was one of the big weaknesses at El Paso Saturday night and has been one of the weak points all season in the Raider attack. Second string linemen were rushing Quarterback Billy Lyman badly yesterday, just as Texas Western linemen rushed Quarterback Ernest Hawkins Saturday.

Face Lobos Next

The Raiders have the remainder of this week and all of next in which to get ready for New Mexico, a team with which they should have little trouble. The Lobos have been bitten more this year than they have bit, winning only once, a 14-13 victory eked out over New Mexico A&M.

Coach Berl Huffman, however, has a way of building the Lobos up for one game and it's usually the Texas Tech encounter. Moreover, the Nov. 19 game in Albuquerque is homecoming and the home team is bound to be keyed up. Two years ago the Raiders eked out a 26-20 game in which New Mexico barely missed winning, after Tech had rolled up a 26-0 lead at the half.

Loop Games To Top Plains Grid Slate

South Plains high school grid teams will be playing for keeps when they take the field this weekend for a crucial 23-game schedule.

Championship arguments in six of the area's eight conferences are expected to be settled, or at least clarified, by this week's all-important slate.

Only in Class B will there be relative quiet along the championship front. Olton's Mustangs already have captured the 3-B pennant, while Meadow, the 4-B leader, isn't expected to run into tough going until it meets New Deal on Nov. 18.

Elsewhere, which means through the Class AA and A ranks, there is action a-plenty this weekend.

Pampa and Plainview, the two District 1-AA pacesetters, tangle Friday afternoon at Plainview in a game which will produce a clear-cut district leader. Pampa, winner over Amarillo last week by 20-12, will be favored to down Plainview and go on to the title. Should Plainview upset the scrappy Harvesters, it still would need to get past Amarillo.

The big game of the week, one which holds the interest of the entire state, is Lubbock at Odessa. The victor is virtually assured of the District 3-AA pennant, and of a favorite's role in the ensuing Class AA playoff. Coach Pat Pattison's high-scoring Lubbock aggregation, sporting an undefeated and untied record, goes into the game a solid 14-point favorite.

In a 3-AA tussle of lesser importance, Brownfield is at Lamesa. Lamesa, which last week threw a real scare into Odessa before bowing by 32-14, will be a top-heavy choice over the Cubs, who haven't dented the win column all season.

3A Leaders In Jeopardy

The two 3-A co-leaders, Spur and Floydada, will be in jeopardy as they meet Ralls and Crosbyton, respectively. Should both front-runners come through successfully, they'll tangle next week at Floydada for the bunting. An upset of either of the leaders this week would toss the race into a scramble in which any of four teams—Spur, Floydada, Lockney or Crosbyton—could come out on top.

In other 3-A tilts, it will be Lockney at Paducah, and Tulia at Abernathy.

Littlefield plays host to Levelland Friday night, with the north zone crown of District 4-A squarely on the line. The hometown Lobos can sew up the championship with a victory or tie, while Levelland can throw the chase into a three-way deadlock with an upset.

Sundown Game Advanced

Sudan is at Sundown in another 4-AN encounter tonight. This game was advanced to Thursday night because of widespread interest in Friday night's Littlefield-Levelland setto. Similarly, the Morton at Muleshoe meeting has been moved up to 2 p. m. Friday.

The top tussle in 4-A South is the traditional Slayton at Post classic. These two teams boast unblemished records in district play, and interest in Friday afternoon's scrap has hit fever pitch. The winner automatically will become the south zone titlist. Winless Tahoka is at O'Donnell, while Seagraves plays host to Miles in the week's lone non-conference game.

District 5-A interest centers on the Wink at Kermit battle Friday night. Wink currently is leading the pack, and can all but sew up matters with a triumph over the tough Yellowjackets. Other 5-A frays are McCamey at Andrews, Crane at Monahans, Pecos at Fort Stockton and Seminole at Denver City. The last-named is a Friday afternoon affair, while all others are slated Friday night.

Anti-climactic action is on tap in 3-B, where Olton clinched the crown last week. The high-flying Mustangs close out their regular schedule at Hale Center Friday night. Other games are Farwell at Springlake, Anton at Friona, Amherst at Whitharral and Spade at Dimmitt.

In 4-B, front-running Meadow is host to hapless Friendship. New Deal, still very much in the title scramble, plays at Petersburg, and Whiteface will be at Cooper.

Mustangs Hit By Injuries

(By The Associated Press)

It's a rare thing for Southwest conference coaches to admit their stars are ready for action—but that's what three of them did yesterday.

Jess Neely of Rice, Bob Woodruff of Baylor and Harry Stiteler of Texas A&M were the paragons.

But if football coaches were songwriters, the rest of the Southwest conference would be bluer than Basin street.

Even Woodruff and Stiteler added some mournful notes.

Owl Guard Returns

Neely didn't have a complaint. S. J. (Speedy) Roberts, regular guard, returned after two weeks absence. He received a rib separation in the Texas game. Neely said the rest of the squad is in top shape, and the Owls aren't taking Saturday's game with Texas A&M lightly.

"They're showing more spirit than they have in the past few weeks," said Neely.

A&M's safety man, John Christensen, out since the Louisiana State game with a shoulder injury, rejoined the team yesterday and will play some Saturday. Stiteler's complaint was that Dick Callender will be out for sure because of a knee injury.

Woodruff had the best news of all. Halfback Dudley Parker, Fullback Frank Boydstun and Center Gene Huebner, bunged up in last Saturday's game with the University of Texas, returned to practice. But Woodruff was afraid starting Left End Stanley Williams wouldn't get into the game against Wyoming Saturday because of a bad arm.

Coach Dutch Meyer of Texas Christian could hardly believe what he saw. His reserves, using University of Texas plays, scored 10 touchdowns against his first string. Meyer was extremely displeased as a visiting sports writer understated it. He decreed more defensive work today.

Four Steers Hurt

Texas listed four players who'll see little action or none at all against the Frogs in Austin Saturday. First string End Ray Stone won't get into the game because of a groin injury. Halfback Billy Pyle, a co-captain for the game, will suit up but won't play. Tackle Gene Vykukal and Guard Danny Wolfe won't play much because of colds, said the Texas mouthpieces.

At Southern Methodist, Matty Bell switched six players back and forth in his empty defensive tackle spots. He said the line still looked weak against Arkansas running plays and he won't make up his mind who'll start for injured Bob Vann and Bob Collier until tomorrow. He tried offensive starters Harold Clark and Charles Perry and Neil Franklin, Sam Adkisson, John Cheney and Kenneth Blackburn.

Arkansas Coach John Barnhill said it's "very questionable" whether his injured fullback, Leon Campbell, will be able to play against the Mustangs. His regulars stopped SMU running plays cold yesterday, but the B team clicked time and again on Mustang passes.

Justice May Miss Notre Dame Clash

ASHEVILLE, N. C., Nov. 10 (AP)—The Asheville Citizen quoted Coach Carl Snavely as saying last night "it is very doubtful" whether Charlie Justice, University of North Carolina all-America tailback, "gets into the ball game" against Notre Dame in New York Saturday.

Justice, an Asheville native, has been under constant treatment for a badly sprained right ankle received in the football game against Willia mand Mary last Saturday.

Tech Quintet Plays Nov. 28

Wayland college's Pioneers will open Texas Tech's 1949-1950 basketball season the night of Nov. 28 in Tech5s gym only two nights after Coach Polk Robison has helped direct the football team in its final game against Hardin-Simmons.

After that game, the Raiders swing into a 27-game schedule that keeps them out of town almost as much as they are in it. The usual Border Conference home and home slate will be played, with several non-conference foes also being met.

Among the games that don't count on the standing side on the ledger are Wayland, twice; McMurry; Trinity; Austin college; Howard Payne college; and three Southwest Conference foes, Rice, Baylor and Texas Christian college.

Tentative games also are scheduled with Hardin college and Austin, both away from home.

Coach Robison said last night that the entire schedule is subject still to approval by the athletic council, which hasn't met to discuss the schedule yet.

Two non-conference trips are on the schedule. The Raiders will meet Rice in Houston Dec. 6 and the following three nights will play Trinity, Baylor and Howard Payne away from home. The other trip, in between semesters, will send the Raiders to Fort Worth for a game against TCU and probable games against Hardin and Austin.

One feature of the home schedule will be the Chuck Taylor clinic Dec. 10. Tech will play either Abilene Christian college or West Texas State college as a climax of the clinic, which may changed to another date so as to cap the coaches clinic planned by the City Recreation Department.

Coach Robison's green basketball squad is working out daily, getting ready for a rugged season. Only three lettermen are back, with replacements for the rest of the squad made up of 15 men from last year's freshman squad and three transfers.

Nov. 28—Wayland, here.
Nov. 30—McMurry, here.
Dec. 6—Rice, Houston
Dec. 7—Trinity, San Antonio.
Dec. 8—Baylor, Waco.
Dec. 9—Howard Payne, Brownwood.

Feb. 21—New Mexico A&M, here.
Feb. 22—Texas Western, here.
Feb. 28—Arizona, here.
Mar. 4—West Texas State, Canyon.

Redskins To Battle Rangers For Crown

The City Junior High school championship football game will be played at 7:30 o'clock tonight, with O. L. Slaton's Redskins and J. T. Hutchinson's Rangers tangling at Chapman field.

Coach Benny McWilliams of the Redskins and Roy Hendrix of the Rangers have brought their teams through a tough schedule, and the game should be a good one. Admission is 50 and 25 cents.

Tonight at 8 p. m. the Pioneers play Ropesville in Ropesville, and the local squad should face a rough time. The Ropesville squad has been beaten twice.

Likely to start for the locals are John Pittman, center; Melvin Deardorff and Charles Nix, guards; Harlan Cooke and George Berry, tackles; Roy Burrows and Harry Estil, ends; and Sammy Sayers, C. D. Walker, Charles Northington and Billy Tucker, backs.

On Friday the San Angelo Leopards invade Chapman field for a 2:30 game with Dunbar High school in a district clash.

Between the Lines by Joe Kelly

Despite defeats by Hardin-Simmons and Texas Tech, El Paso fans are behind Coach Jack Curtice of Texas Western 100 per cent. They were slightly numbed by the Hardin-Simmons loss and completely chilled by the loss to Tech, but instead of "fire the coach" sentiments, most fans accepted the losses philosophically. As one of the more ardent supporters said to us: "Well, maybe we just had our hopes too high this year." And while this year's record already is worse than the 1948 season's mark of eight wins against one loss and one tie, most fans are rallying behind the Miners.

• • •

We learned from a reliable source last week that up to Oct. 29, Curtice was in line for the job as head coach at Tulsa university. Conversely, we learned that up to Oct. 14, Tulsa was about to lose its head coach. Oct. 14 was the day that Tulsa licked Villanova, thus apparently saving Coach Buddy Brothers' neck. Oct. 29 was the day that Hardin-Simmons licked Texas Western. It was rumored in El Paso that Brothers was on his way to Texas Tech as an assistant coach, with Curtice replacing him. Now the picture has changed. Tech officials, however, say that any such proposals come as a complete surprise to them. And El Paso people say that the week before the H-SU game, Curtice could have gone almost anywhere.

• • •

Best story of the year on the Border Conference also came from E. P. Seems that some short time before the football season was to open, Arizona Coach Bob Winslow paid a friendly visit to the Border City. During the course of events, talk turned to football and the Border circuit. Winslow, fresh from Southern California and big time football, was asked about his schedule and the conference. They say that Winslow expressed some concern about the non-conference games on the Wildcat schedule, but so far as the Border Conference was concerned, he wasn't very much worried, they apparently didn't play such tough football. Then came Oct. 8, 15 and 22 when, on successive Saturdays, Arizona lost to Hardin-Simmons, Western and Tech!

• • •

Coach Polk Robinson, with a total of roughly seven days spent with his basketball squad, isn't entirely pessimistic. He has a complete rebuilding job to do and the team will be as green as fresh peas this year. He looks torward to a rough year, but at the same time it will be an interesting one. Moreover, Polk assures us that they'll be hustling all the time. We can believe it. Robison teams always do have hustle, or they don't play for Polk. The genial Tech mentor is pleased with his schedule. He'd like to bring Southwest Conference teams here, but can't, or won't, with present conditions. As soon as Lubbock gets a coliseum (we've heard of that somewhere) the SWC teams will be invited.

• • •

Polk makes no bones of the fact that he'd like to go back to Oklahoma City in December for the invitational tournament there. But he hastens to point out that it is an invitational affair and so far no invitation has been extended. On the other hand, Polk is glad, in a way, that he hasn't had an invitation, for his squad isn't up to the caliber of play exhibited in Oklahoma City. He had planned a tour up that way with games against Oklahoma City university, possibly Tulsa, and the Phillips 66 quintet. But all games except the one with Phillips fell through and he felt that it was too far to go for one game against that great team. There's one thing, though, that Polk does feel happy about; he doesn't have to make the three-game Arizona trip right after semester exams!

• • •

Some people may think that the Lubbock-Odessa game is important, which it is, but over around Post and Slaton way, folks are acting as though they never heard of the contest. Their thoughts are solely and entirely on Post, where tomorrow afternoon the Antelopes and Tigers collide in a game that has all the importance, all the color and all the ferocity of the Lubbock-Odessa clash. Post, defending champion of District 4-A (C) goes into the game reeling from defeats outside the conference, but with a clean slate in loop play. Slaton, up and coming and feeling the cloak of supremacy rightfully belongs on its shoulders, also has a spotless conference record. Each team has lost three games outside the circuit, while Post has a tie on the escutcheon.

• • •

When we journey to Post tomorrow, we're going to be strictly neutral, may the best or better team win. We're going with the expectation of seeing one of the best games of the year, college or high school circles concerned. And we're sure that we won't be disappointed. This is THE game of the year to Slaton and Post fans and South Plains football lovers could go a lot farther and possibly do a lot worse than take in the game. A lot of you planned to go to Odessa and couldn't get tickets. Go, instead, to Post and see a game that promises thrills and action from start to finish. It should be a bitter fight and we won't attempt to predict the winner. And be sure of one thing; no matter who wins, it won't be a miracle.

• • •

THE ROUNDUP: Don Grove, former Tech court star, was one of 12 men on the Phillips 66 team making the trip to South America . . . Tech Coach Allie White, asked which players from Lubbock High school he'd like to have next year, replied "all of 'em!" . . . As of Nov. 1, Gene James is ranked as second challenger to Odolfo Quijano, Texas heavyweight champion. Whitey Berlier is ahead of him . . . Eddie Lamar is No. 1 challenger to Quijano's light heavyweight title . . . Bill Henderson is ranked fifth in the light-weights, with the title open . . . We'll take Lubbock over Odessa with plenty of daylight in between them . . . And Tech's freshmen to bounce back over Hardin-Simmons . . . Thanks for the nice card, Ed Slaughter, and the fine letter, Fred D. Pinkston . . . The Hilton in El Paso is the only hotel where you have a washcloth in every room, but the hotel garage doesn't clean your car windshield!

Mentor Jess Neely Not "Bowl-Minded"

HOUSTON, Nov. 10. (AP)—You can't even get Coach Jess Neely of Rice Institute to admit these days there is such a thing as a Cotton bowl.

Those who speculate, however, are certain Neely's Owls will be the host team at the annual classic New Year's day in Dallas.

And they'll even tell you the Owls' opponent possibly will come from among such teams as Oklahoma, Kentucky, Virginia, Tulane, and Louisiana State.

But Neely, who does not like speculation anyhow, doesn't know anything about it.

"I didn't know we had a game scheduled for Jan. 1," was the way he put it today.

Fort Worth Woman Heads Golf Group

CORSICANA, Nov. 10. (AP)—Mrs. J. J. Rady of Fort Worth is new president of the Central Texas Women's Golf association.

She was elected yesterday at the association's annual tournament and meeting. Other officers are Mrs. E. H. Dietz, Fort Worth, vice president, and Mrs. M. V. Williams, Fort Worth, secretary-treasurer.

In the championship flight, Mrs. Guy Henry of Ennis took low gross with 93, and Mrs. Paul Smith of Waco low net with 84.

TEXAS HIGH SCHOOL FOOTBALL

OFFICIALS PROBE AIR DISASTER

Radio Effort To Avoid Crash Possibly On Wrong Channel

WASHINGTON, Nov. 10. (AP)—Officials investigating the air crash which killed 55 here last week weighed the possibility today that a frantic radio efforts to prevent the disaster might have been transmitted to the wrong plane.

Glenn Tigner, 21, a national airport traffic controller, conceded yesterday that his shouted warnings to the Bolivian pilot of a P-38 fighter plane might have gone out on the wrong channel — to be heard, instead, in the Eastern airlines transport which the fighter rammed moments later.

An inquiry panel set up by the civil aeronautics board expected today to hear the views of Erick Rios Briodoux, director of Bolivian aviation, who was at the controls of the ill-fated P-38.

Plane Delivery—Not Accepted

Rios Bridoux offered a detailed statement to investigators Monday at the Alexandria, Va., hospital where he is being treated for severe injuries suffered in the crash.

Maj. German Poll, another Bolivian aviation official, was one of the witnesses at yesterday's opening hearing.

Poll, who witnessed the collision from his parked automobile at the airport, said it appeared to him that the Eastern airline DC-4 had swerved into the fighter.

As for the P-38, Poll testified that his government had turned down the plane three times prior to the fatal test flight—on one occasion because the radio was not working properly.

He said Bolivia had never accepted delivery of the plane, and that it still belonged to the Universal Marine and Supply company of Washington at the time of the crash.

Instructions Requested

The Bolivian official said Rios Bridoux had indicated before the takeoff that the radio was working. But he added that Rios passed on a request to the control tower to instruct him by lights if his radio failed.

Tigner said he had not received such instructions. What's more, he said, lights might have confused both pilots, since they were coming in from the same direction.

Tigner said he had ordered the DC-4 to turn sharply to the left to avoid a collision after the P-38 failed to either heed or acknowledge his instructions to let the airliner land first.

CAB investigators brought out that Signer's communication with the airliner was over one radio channel, while he could talk to the fighter only by using another. By Pressing both buttons, he could have transmitted to both planes.

Trouble Not Indicated

Was it possible, he was asked, that "you were on the wrong frequency" in calling the P-38?

"It is possible, yes," Tigner said.

A CAB attorney asked whether it would have been "desirable" to have jammed down both buttons and sent the warning messages to both planes.

"It would seem so," said Tigner in a low voice.

Tigner said that at no time had the Bolivian indicated mechanical trouble or any need for emergency clearance for a landing, although, he said, the fighter came in unusually fast for a P-38.

There also was discussion about the part a third plane may have played in the tragedy. Tigner said a B-25 had been in the area, but added that he did not think it could have confused the other pilots.

U. S. TEAM BEATEN

BUENOS AIRES, Nov. 10 (AP)—Beaten in the second round of the Argentine polo tournament, the U. S. Meadowbrook club pointed today to the two other big events of the international season—the Americas Cup and the world championships.

Missouri Will Seek Revenge Against Oklahoma This Week

By CHARLES NETHAWAY
United Press Sports Writer

COLUMBIA, Mo., Nov. 10.—Missouri's football boys are going to the movies every day this week an dthey aren't very happy about it.

The producer of the film is Coach Don Faurot and he seems very fond of it. The movie is strictly a four handkerchief tragedy with tears in every reel—the story of Missouri's 41 to 6 slaughter by Oklahoma's Sooners last year.

Oklahoma, unbeaten, untied, and unmerciful, hopes to re-enact that tragedy here Saturday in a game in which the winner may be asked to R. S. V. P. to a Sugar bowl invitation.

Mistakes Are Shown

But Oklahoma won't perpetrate another massacre if Faurot can help it. He has made movie addicts out of his boys, hoping to show them the mistakes they made in that trouncing, and they get the film over and over again, even in slow motion, and without benefit of even a Mickey Mouse short to break the monotony.

This game, more than any other, involves pride with Faurot, who is now the acknowledged dean of the collegiate T-formation coaches, a professor who has taught many other coaches how to use his version of it.

Faurot invented the split-T in which the line spreads out more than usual and it has become a highly successful offense in many schools. Unfortunately, one of its staunchest advocates is Coach Bud Wilkinson of the Sooners, who have piled up 16 straight victories over a two-year stretch with the system. Wilkinson learned a lot of what he knows about coaching from Faurot when they worked together with the famed Iowa Pre-Flight Seahawks during the war. They're still pals off the field but the head-knocking Saturday will be strictly for blood.

Oklahoma, riding along with Notre Dame and Army in football's high society, has scored 268 points in winning seven straight games, against just 60 for Sooner rivals. Missouri, unbeaten in Big Seven conference play, has run up 182 points in seven games against 123 for its opponents.

And but for just two missed points after touchdown, the Tigers would have just as good a record as the Sooners. That was the margin by which they lost their only games, 35 to 34 to Ohio State and 28 to 27 to Southern Methodist on successive weekends at the start of the season. You can be sure that along with the movies that extra-point booting is getting special attention this week, too.

American Education Week Is Observed

Numerous school patrons are taking advantage this afternoon of final opportunity to visit schools during American Education week.

Since Friday will be observed as an Armistice holiday in all schools of the city except Carroll Thompson Junior High school, today will be the last day of classes this week for most of the city's public school students.

Arnett, K. Carter, Guadalupe and Wolffarth schools invited the public to visit those schools this afternoon, in observance of the national week.

"Home and Community Obligations" will be the Education week theme for today.

In addition to the visiting period planned in the four schools this afternoon, visiting will continue in several other schools in the city. Brown, Wilson and Sanders schools have given special invitation to parents to attend at designated hours, and some have been invited to attend today. Hunt, Harwell, Overton, Cottage and Dunbar have invited patrons to attend at any time during the week.

Carroll Thompson Junior High school Friday will begin making up time lost at the beginning of the school year when the building was not ready for use and opening was delayed two weeks. Students in that school will attend on regular schodule Friday and will attend from 8 a. m. to 12:50 p. m. Saturday. Classes will be dismissed at 12:50 so that working students may hold their jobs.

Quads, all girls, were born to Mrs. A. W. Martin, 23, wife of a laborer, in Colombo, Ceylon.

Kasaboski Is Bout Winner

The main event last night at Sled Allen's arena was typical of the three matches seen on the program, and in the main go Alex Kasaboski took the measure of Herb Parks in a hardfought battle.

The card wa sone of the best in in recent weeks, and the Russian used every unorthodox device possible to stave off Parks and finally win.

The first fall of this match was Parks' all the way, and the veteran grappler caught the Russian with a cat toehold and stomp in 13 minutes to earn a rest.

Kasaboski came from behind in the second fall with the aid of a fistful of Parks' hair to apply a full reverse and win the fall in 15 minutes, injuring Parks in doing so.

With another full reverse in one minute Kasaboski won the match and gained the booes of the crowd.

Opening the activities were Charlie Carr and Salvador Flores, with Flores winning the match in three falls. Flores stopped Carr in 15 minutes of the first fall with a crucifix and then lost to Carr in the second set-to, due to a shoulder scissors, in seven minutes.

A drop kick and smother produced the desired results as Flores won the last fall in 11 minutes.

A rough and rugged match from start to finish was that between the Grey Mask and George Overhull. The Mask pinned Overhull with a reverse crab in 23 minutes of the initial fall.

In the second fall the going was very rough, with Overhulls working both the referee, Al Getz, and the Mask over. In fact, he lost his temper after being pulled off the Mask, who was in the ropes, and knocked Getz to the canvas a couple of times to be disqualified after 11 minutes.

A. B. Watkins Speaks To 20-30 Club Here

A. B. Watkins, an official in Dunlap's department store and a past president of the American Business club, was guest speaker Wednesday night at the regular weekly meeting of the Lubbock 20-30 club, held in Hotel Lubbock.

Watkins' talk before the club was on " What Controls Our Destinies."

Charles Nelson, member of the Lubbock club last weekend attended a district 20-30 meeting in Pecos, reported on the events of the meeting, and announced that a 20-30 convention is to be held in San Angelo Dec. 30-Jan.1.

Garland Hoover was elected secretary of the club, succeeding Gene Blackburn who recently resigned the office.

Other guests attending last night's meeting were James F. Gregory, J. E. Bradley, Paul C. Turpen, and Ed A. Lankford. Eighteen members attended.

Bout Decision Is Criticized

DETROIT, Nov. 10. (AP)—Young Lester Felton of Detroit, who is fast becoming one of the most controversial figures in boxing, was back in the headlines today—this time because he did not win a fight.

The 20-year-old negro welterweight zoomed into national prominence Oct. 21 when he got an unpopular decision over Kid Gavilan of Cuba in a fight here that touched off probes by the state boxing commission and police.

Fight Is Draw

Felton returned to ring warfare last night and wound up with a ten-round draw at Olympia stadium with rough Tony Pellone of New York.

Most of the 8,967 fans and the newspapermen thought Felton had won.

Judges Johnny Webber and Lou Jallos each called it a 50-50 fight, while Referee Clarence Rosen voted for Felton by a 54-46 margin. Under Michigan rules, explained by boxing commission Chairman Floyd Stevens, that was a draw.

It was a bitter disappointment for Felton, who had figured the Pellone fight as one "I had to win to prove to the people that I am a good scrapper."

Decision Is Disputed

The decision had scarcely been announced when a heated discussion broke out among Felton's handlers and boxing commission officials over scoring of the fight.

Chief issue was the card of Judge Johnny Webber, who awarded Pellone the second round by a 7-3 margin after Felton hit the canvas for a no-count.

Under Michigan rules a fighter who floors his opponent once in a round wins it by a 7-3 margain. If there is no knockdown, the greatest edge he can have is 6-4.

Webber scored it as a knockdown, but Referee Clarence Rosen said after the fight that it was not a knockdown.

"Rosen never indicated it was not a knockdown and I felt Felton had been dropped by a stomach punch," Webber explained to Commissioner Stevens.

Chinese Nationalist Planes Fire On Ship

HONG KONG, Nov. 10 (AP) — Two Nationalist planes fired two bursts of machinegun fire today at the British steamer Wosang.

The ship is held at the mouth of the Yangtze river by a Nationalist gunboat. The British warship Alacrity is standing by just outside of Chinese territorial waters.

Jardine and Matheson and company of Hong Kong, agents for the Wosang, announced the plane attack. They said the planes circled the Wosang, which left Communist Shanghai yesterday, before firing the bursts.

The vessel reported no hits.

The Wosang and the Tsinan, also British, have been stopped by blockading Nationalist warships this week. They are both held at the mouth of the wide river while Chinese naval units try to force them to return Chinese passengers and cargo to Shanghai or dump them overboard.

Amsterdam, Holland, "World's Diamond Center," is holding a Diamond Exposition in June.

TOUR OF SOUTHWEST PROJECTS SET

Ruler Of Iran Is Coming To U. S. For Talks With Truman

WASHINGTON, Nov. 10. (AP)—Iran's 30-year-old ruler is expected to press for stronger military backing from the United States on his forthcoming state visit to America.

American officials said today the subject is almost certain to arise in talks President Truman and Secretary of State Acheson will have with Mahammad Reza Shas Pahlavi. The shah is to arrive next Wednesday.

With the arms and other assistance already extended, the United States has made plain its interest in strengthening Iran, both in a military and economic way. Like Turkey, the country is squarely in the path of any Soviet Russian attempt to expand southward.

Has Share In Funds

Officials indicated the shah and his advisers will get a sympathetic hearing, but there has been no hint of anything else.

Iran has a share in the new $1,314,000,000 military assistance program for western European and other non-communist nations. Of this $27,640,000 is earmarked for military assistance for Iran, the Philippines and Korea.

Two American advisory missions have been on the scene in Iran for the last five years, advising the 115,000-man army and the smaller force of gendarmes. Iran also has been supplied with substantial quantities of American war surplus equipment.

Iranian officials contend that despite its small army Iran in an emergency might be potentially as useful as Turkey, to which the United States has given substantially greater military support. It has a population of 17,000,000, nearly as large as Turkey's and is immensely rich in oil resources.

The shah also is expected to be preoccupied with Iran's new seven-year $650,000,000 enterprise to raise the country's living standards. Oil royalties are expected to pay for the bulk of the cost, but there may be requests for loans from the World bank and the American Export-Import bank.

The shah will travel from Terran in Mr. Truman's plane, the Independence. His visit is similar in many respects to that recently concluded by Prime Minister Nehru of India.

Like Nehru, the shah has never visited the United States. His plans call for a 23-day transcontinental tour, on which he will devote considerable time to American industries and to irrigation projects in the southwest.

Junior Chorus Will Be Organized Here

A city-wide junior chorus wil. be organized for intermediate Girl Scouts at 2 p.m. Saturday at the Girl Scout Little House at 2600 Ave. P.

The time of the meeting has been changed, originally having been planned for 9:30 a.m. Saturday.

Four representatives from each of approximately 35 intermediate troops in Lubbock are to take part in the chorus. Miss Peggy Hess, field director of Girl Scouts, will be coordinator for the chorus and will be assisted by Mrs. Frank Milliken and Miss Anne Birkman.

The chorus will present programs for special occasions. It will make its first appearance at a Lubbock Girl Scout association meeting Nov. 21 at the First Methodist church. One objective will be to learn Scout songs so that chorus members may teach the songs to their own troops.

Program For U. S. Oil Industry Is Recommended By MIT Expert

CHICAGO, Nov. 10. (AP)—The U. S. "Must choose between insecure alternatives" in stockpiling for war, a chemist told the American Petroleum institute today.

The speaker was Walter G. Whitman, of the Massachusetts Institute of Technology department of chemical engineering. In a prepared paper for final sessions of the API's annual convention, he said:

"If we were certain of world peace, the United States could fairly rely on private enterprise alone to secure its liquid fuel supplies for the indefinite future.

Absolute Security Myth

"In contrast, the possibility of a major war introduces the complications and compulsions of national security . . . If national security demands that actions be taken which are not sound investments for private enterprise, the people, as a whole through their government, must accept the responsibility and pay the cost."

This, he concluded, "points up what we all instinctively recognize; absolute security as a myth —we must choose between insecure alternatives." In choosing Whitman recommended the following program as "most promising" to secure sufficient petroleum for war or peace:

Active research for the development of better oil discovery methods; high exploratory activity hunting for new oil; restriction of production from new fields; securing of better information on the nation's maximum capacity to produce; development of specific projects looking toward better efficiency; development of the western Canadian fields; and stockpiling of oil field and pipeline steel.

Energy Use Inefficient

In addition, Whitman recommended that an oil rationing plan be prepared to take effect immediately on an emergency; important of as much oil as possible without hampering domestic production; development of synthetics; and development of refinery flexibility to permit higher yields of distilled products.

In another paper, four researchers from the Socony-Vacuum laboratories, New York City, said that less than one-third of the energy used in the U. S. is used effectively. They were W. M. Holaday, R. E. Albright, T. L. Apjohn, and L. R. Steffens.

They said: "Naturally-occurring energy (oil, coal, and water) sources are adequate to supply the ever-increasing demands of this country for centuries to come.

"For the foreseeable future, sufficient petroleum should be available to meet any and all transportation requirements."

Physician Will Speak To Bar Association

Dr. D. D. Cross, prominent Lubbock physician, will address Saturday's luncheon program of Lubbock County Bar association on some of the medical aspects involved in damages suits, especially as regard back injuries.

A technical approach to the problem, which annually takes a big percentage of the bar association into court on one side or the other of the counsel table, will be made, attorneys said.

George W. McCleskey is president of the association, and will preside. The program will be in Hilton hotel.

Texas Election

(Continued From Page One)

of education candidates, by districts, included:

District 1—Leon Coker of Naples. District 2—A. D. Moore of Beaumont. District 3—Thomas B. Ramey of Tyler. District 5—Dr. J. F. Kimball of Dallas. District 6 — Jack Hawkins of Groesbeck. District 7—Emerson Stone of Jacksonville. District 8—Jackson Binion of Houston. District 10—Paul Bolton of Austin. District 11—Leslie Huff of Waco. District 12—Cecil A. Morgan of Fort Worth. District 13—R. B. Anderson of Vernon. District 14—Neal B. Marriott of Corpus Christi. District 16 — Herman Rosch of El Paso. District 17—E. J. Woodward of Sweetwater. District 18—A. R. Bivins of Amarillo. District 20—W. S. Jackson of San Antonio.

Ramey, Huff and Woodward were unopposed.

Races Undecided

Latest reports last night showed these district races undecided, with the bureau planning to resume the count today:

District 4—Returns from seven of seven counties, two complete, Paul Matthews of Greenville leading with 4,939, Roby G. Baker of Sherman 4,292.

District 9—Returns from 14 of 15 counties, one complete, Mrs. Joe A. Wessendorff of Richmond leading with 4,972. George Duncan of Alvin 4,376.

District 15—Returns from 13 of 15 counties, five complete, Paul G. Greenwood of Harlingen leading with 5,606. Lewis H. Moore of McAllen 4,001.

District 19—Returns from 24 of 25 counties, nine complete, E. H. Boulter of Lubbock leading with 4,095. J. M. Rankin of Ralls 3,814.

District 21—Returns from 26 of 27 counties, six complete, George Morgan of San Angelo leading with 4,232. John T. Rowntree of Lampasas 2,558. Gordon Griffin of Brownwood 2,427.

Fatal Accident

(Continued From Page One)

head was crushed.

Herrera was apparently en route to the Anton gin with about two bales of unginned cotton when the accident took place.

Austin is the home of the family.

Deaths of the children brought to 17 the number of traffic fatalities in the Lubbock vicinity in the last 11 days.

Daily MARKETS

Stock Market

GENERAL TREND DOWNWARD

NEW YORK, Nov. 10. (AP)—The stock market closed today with a scramble of gains and losses.

The general tendency seemed to be downward but enough buying interest developed in selected issues to prevent a decisive decline.

Most price changes were fractional. In a few cases they amounted to around 2 points or more.

Business slowed down considerably from yesterday although volume was still sizable. Turnover hit a rate approaching 1,200,000 shares for the full session.

Traders more or less ignored labor developments.

Golds were hard hit, with Homestake off around 3 points at one time and McIntyre porcupine down 2. Fractionally lower were Alaska Juneau and Dome.

High-priced Amerada Petroleum dived around 5 points and Coca-Cola lost almost 2.

Non-ferrous metal stocks improved, along with radio & television, and a hand-picked group of chemical and utility shares.

Also higher most of the time were Admiral Corp., Philco, Radio Corp., American Telephone, North American Co., Anaconda Copper, Allied Chemical, Du Pont, American Woolen, Santa Fe, and Warner Bros.

Cotton Market

NEW YORK REPORT

NEW YORK, Nov. 10. (AP)—Cotton futures moved lower in slow trading today. Most of the activity centered on switching operations from nearby December to later months, particularly March and May 1950 deliveries, anticipating first notice day for December contracts on Nov. 25. Local traders were on both sides of the market. Mill buying about offset light hedging. Trading in futures was restricted partly by holiday influences, with the New York cotton exchange to be closed Friday, Armistice day.

NEW ORLEANS REPORT

NEW ORLEANS, Nov. 10. (AP)—Cotton futures advanced a few points in the early trading here today but gradually eased off under long liquidation and hedge selling.

Closing prices were steady 10 cents to 30 cents a bale lower.

	Open	High	Low	Close
December	30.02	30.02	29.95	29.95
March	30.04	30.04	29.96	29.97
May	29.92	29.92	29.86	29.89
July	29.54	29.54	29.48	29.50-51
October	28.03	28.04	28.01	28.04

Livestock

KANSAS CITY REPORT

KANSAS CITY, Nov. 10. (AP)—Cattle 300; calves 100; slow, steady to weak cleanup trade on odd lots cows; vealers and killing calves little changed; scattering canner and cutter cows 10.50-13.00; few beef cows 13.50-16.00; vealer top 25.00; medium to good killing calves largely 15.00-20.00.

Hogs 2500; slow, 25 to mostly 50 lower; good and choice 170-280 lbs mostly 15.50-75; few choice 190-220 lbs 15.85-16.00; sows 14.50-15.25; stags 12.00 down.

Sheep 500; fairly active, slaughter lambs strong to 50 higher; other killing classes mostly steady; good and choice trucked in native lambs 21.00; medium and good lots 20.50-22.25; small lot good and choice 75 lb clipped lambs 22.75; deck common and medium around 84 lb weight with No. 3 skins 19.50; deck good and choice 104 lb yearlings with fall shorn skins 20.50 with a 2 year old sort at 18.50; good and choice slaughter ewes 9.50.

FORT WORTH REPORT

FORT WORTH, Nov. 10. (AP)—Cattle 1,200; calves 1,000; steers and yearlings steady to 50c lower; other cattle steady; calves active and strong; common to medium steers and yearlings 15.00-23.00; beef cows 13.50-15.00; canners and cutters 9.00-13.50; bulls 12.50-16.50; good and choice fat calves 19.00-23.50; common to medium calves 14.00-18.00.

Hogs 500; butcher hogs steady to 25c lower; sows strong and feeder pigs unchanged; good and choice 200-270 lb butchers 16.25-75; good and choice 150-190 lb 15.50-16.25; sows 15.00-50; feeder pigs 15.00 down.

Sheep 1,100; lambs and yearlings bid and some sold 1.00 or more lower; medium to good slaughter lambs 20.00-21.50; good yearlings 18.00-19.00; feeder lambs 21.00-50; feeder yearlings 17.50 down.

Grain Market

CHICAGO REPORT

CHICAGO, Nov. 10. (AP)—Corn and oats punched their way into new high territory on the board of trade today. The rest of the market was steady, but lacked the aggressive demand shown for the feed grains. A brisk trade was conducted in all pits.

December corn rose to its best price since last February while all other deliveries made new highs since trading in them started. All oats deliveries established new highs.

Wheat closed ⅛-⅛ lower, December $2.11⅝; corn was ⅛-½ higher, December $1.30¾-⅞, oats were ⅛ lower to ⅜ higher, December 75, rye was unchanged to ¼ lower, December $1.34-1.34½.

FORT WORTH REPORT

FORT WORTH, Nov. 10. (AP)—Wheat No. 1 hard, 2.31¼-37¼.

Oats No. 2 white 91¼-92½.

Corn No. 2 white Texas only, 1.60-62.

Sorghums No. 2 yellow milo, per 100 lbs 2.09-10.

Produce

CHICAGO REPORT

CHICAGO, Nov. 10. (U.P.)—Produce:

Live poultry: 25 trucks; hens easy; chickens firm. Hens colored (heavy) 22½, light 24. Springs: colored 25, white rock 27, plymouth rock 28, grey cross 27, white cross 27, baseback 23. Fryers: colored 29, white rock 34, plymouth rock 35, white cross 34, grey cross 28, bareback 24. Broilers: colored 27, white rock 29, plymouth rock 29, white cross 28, grey cross 28, bareback 24. Turkeys: young toms over 20 lbs 26.

Butter: 445,351 lbs; the market unsettled; 93 score 62 cents a pound; 92 score 61½; 90 score 60; 89 score 56; carlots: 91 score 61½; 89 score 57½.

Eggs (brown and whites): 6,844 cases; the top firm; balance uneasy; extras 70 per cent A and over, unquoted; 60-69.9 per cent A 52-54 cents a dozen; standards 43-46; current receipts 42-42½; dirties 39-40; checks 37½.

MARKETS AT A GLANCE

NEW YORK, Nov. 10 (AP)—

STOCKS—Mixed; selective buying.

BONDS — Mixed; volume declines.

COTTON — Quiet; hedging offset by mill buying.

CHICAGO:

WHEAT—Easy; sells off at close.

CORN—Steady; new highs; best gains lost.

OATS—Steady; new highs.

HOGS—25 to 50 cents lower; top $16.20.

CATTLE — Unevenly 50 cents lower.

Joy-Riding Father Lets Family Starve

CHICAGO, Nov. 10 (U.P.) — Alex Kveinis, 33, of Chicago, was sentenced to 90 days in jail on charges by his wife that he:

Spent all the family's funds to buy a car.

Went joy-riding while the family stayed home hungry.

Gave her a scant 50 cents a day to feed and clothe their five children.

Refused to let her work to augment her meager allowance.

Cook county Judge Guy L. Smith found him guilty of contributing to the delinquency of the children after he admitted his wife's charges.

A French horticulturist is displaying a new rose, cultivated during German occupation, which he named the Peace Rose.

Appeals Court

AUSTIN, Nov. 10. (AP)—Supreme court proceedings:

Applications for writs of error refused; no reversible error:

The Western Union Telegraph Co. against Charles W. Hinson, from Dickens county.

AUSTIN, Nov. 10. (AP)—Proceedings in the court of criminal appeals:

Affirmed:

Jimmie Hensley, from Hockley county.

Atomic Blast Not Indicated

WASHINGTON, Nov. 10 (U.P.)—President Truman said today that to his knowledge there have not been any more atomic explosions in Soviet Russia since the one he announced in late September.

He was asked at a news conference whether there had been additional atomic explosions in Russia. He replied that there had not been, as far as he knew.

HST Expresses Hope

The President also expressed hope that this country's relations with Russia are improving.

This developed from questions about the big three foreign ministers conference in Paris.

Asked whether he thought the present meeting would lead to better relations with Russia, the President said he could not say at this time.

Efforts Are Continued

"Well, are we getting anywhere with Russia?" a reporter asked.

The chief executive said he hoped so.

In reply to additional questions, he said that efforts to improve relations with Russia are being carried on through regular diplomatic channels.

Armistice Day

(Continued From Page One)

Luce, will arrive in Plainview by bus at 9:30 a. m. to take part in the Armistice Day parade sponsored by the Ray Blakemore post of the American Legion. High school bands also will march in the parade.

In Lubbock, open house will be observed all day Friday at the Naval Reserve Training center, Eighth and College avenue, said Lt. J. E. Ruzic, USN, officer-in-charge.

The public will be welcomed during the day, Ruzic said. Hours will be 10 to 12 a. m. and 2 to 6 p. m. For the occasion the building will "dress ship" with colorful flags, the same as ships are dressed for special occasions.

Legion Plans Dance

A traditional Legion dance will be held in Hilton hotel beginning at 8:30 p. m. Friday, with admission charge of $1 per person. It is open to the public.

Roads to Odessa promise to be congested with traffic, advance indications show.

A total of 5,731 non-student reserved and general admission tickets has been sold in Lubbock, and no others are available, said E. J. Lowrey, Westerner business manager. Additional student tickets over the approximately 1,000 already sold are available.

Ten to 13 chartered buses will carry high school students to the game, leaving the Eighteenth street side of the high school at 7:30 a. m. The band members and cheerleaders will be in the group, and each bus will be accompanied by a teacher.

Other Routes Offered

Alternate routes, by way of Seminole or Midland, will be taken by alternate buses to avoid highway congestion. Bus tickets were available until 1 p. m. today.

When the buses arrive in Odessa, students will conduct a pep rally from 1 to 1:15 p. m. on the courthouse lawn. En route to Odessa, students going the Midland route will eat lunch at the Ranch House and Park Inn and Manhattan cafe in Midland and those going the Seminole route will eat at Lloyd's and Furr's cafeterias in Odessa.

Buses will leave the field immediately after the game and are expected to arrive in Lubbock about 8:30 p. m.

Texas Highway patrol officials said special patrols will be placed on the Odessa highways, and urged extreme caution as a larger number of automobiles will go to Odessa than went to Amarillo.

A chartered Pioneer airliner will make the trip to Odessa, leaving Lubbock at 11:30 a. m. Friday, arriving at Odessa at 12:20 p. m. where transportation to town will be available. The return flight will leave Odessa at 6:45 p. m. and arrive at Municipal airport here at 7:35 p. m. Fare for the round trip will be $16.79 including tax.

At 1 o'clock this afternoon the Legion post presented a traditional Armistice Day program at a special assembly program for Senior High school students in the auditorium.

J. A. Raley and Joe Meador acted as masters of ceremonies. The Note-ables quartet performed, and Miss Maxine McCollum, Texas Tech students, danced and performed imitations. Members of the quartet are Jim Black, J. Ray Dickey, Dick Richards and Ivor "Tiny" Jones.

The main talk was made by Dr. Doyle D. Jackson on the subject "Democracy and Patriotism."

Dr. R. G. Lee Talks At Kiwanis Luncheon

Dr. Robert G. Lee, president of the Southern Baptist conference, today was guest speaker at the luncheon meeting of the Lubbock Kiwanis club in Hotel Lubbock.

The Memphis minister paid many compliments to science and its feats "but there is one thing science has failed to do," he said, "and that's to bring man closer to God."

In a deep southern drawl, Dr. Lee said there must be a moral and spiritual regeneration if mankind is to be saved.

Roy Bass was program chairman and Fred Sparks presided.

PRIZE POSTER—Herbert Matter, New York photographer, looks at his poster, which won him $1000 in a New York contest sponsored by the Museum of Modern Art and the National Foundation for Infantile Paralysis. The poster, which won first prize, is a photo-montage. Matter used his own son, who recovered from polio, as one of the models.

BANKS COLLECT ON STATE FUNDS

Rep. Smith Proposes Way To Get Funds Without Tax Hike

Representative Preston E. Smith today called for a program of financing that would permit renovation of the state eleemosynary institutions without the necessity for raising new taxes.

The money, under Smith's plan, would come from the interest on state surplus funds.

These funds, now deposited in Texas banks, bring little or no return. But under the terms of a bill which Smith introduced at the last session of the legislature, they would be invested in government bonds.

Bank Interest Low

The interest thus earned would be sufficient to put through the state eleemosynary improvement and building program, Smith asserted.

"Interest received on $190 million held by the U. S. Government for the Texas Employment commission amounts to more than $4 million per year," the Lubbock representative asserted. "Banks pay the state less than $120,000 depository interest on a like amount. The state now has approximately $190 million in cash funds and suspense accounts."

Smith described conditions in the eleemosynary institutions as "deplorable" and recommended that they should be remedied efficiently—and at the same time economically.

Banks Collect From U. S.

"It does not make sense," he declared, "to impose new taxes on an overburdened citizenship when it is possible to achieve the desired result with the means already at our disposal." Smith added:

"There is no need for new taxes if we employ a business-like method of handling the state's finances.

"At the present time the banks have state money invested in U. S. bonds, and the banks collect the interest. There is no reason why the state should not itself invest the money in U. S. bonds, collect the interest and use the money thereby earned to pay for eleemosynary improvement program."

Boulter Holds Election Lead

Belated returns from over the 25-county district continued to give E. H. Boulter of Lubbock a slight lead in the race for membership on the State Board of Education from the 19th district in Tuesday's election.

With one county, Borden, still unreported, Boulter led J. M. Rankin of Ralls by 192 votes at noon today. Boulter's total was 4,285 and Rankin had 4,093.

It was estimated that less than 200 votes were still out over the entire district.

Boulter's lead of approximately 400 votes earlier in the day was reduced late Wednesday with returns from Haskell county which gave Rankin a 308-239 margin. Rankin also picked up votes in King, Kent and Scurry counties.

In five counties, Dawson Dickens, Haskell, Lynn and Martin, one or two boxes were still unreported.

The tabulation by counties over the 25-county district at noon today was as follows:

County	Rankin	Boulter
Andrews	31	69
Bailey	64	94
-Borden	—	—
Cochran	65	115
Crosby	420	111
*Dawson	188	140
*Dickens	99	126
Floyd	412	174
Gaines	81	120
Garza	66	90
Hale	582	413
*Haskell	308	239
Hockley	131	249
Howard	118	359
Lamb	250	252
Kent	23	20
King	31	10
Lubbock	581	933
*Lynn	100	166
*Martin	45	69
Mitchell	125	133
Scurry	92	86
Stonewall	53	57
Terry	155	166
Yoakum	73	94
Totals	4,093	4,285

-No report.
*One box unreported.

Business Section Of Missouri Town Razed

HERMITAGE, Mo., Nov. 10. (U.P.)—This small Missouri community without a fire department today was virtually without a business district, too.

A windspread fire which the town's 225 citizens fought with buckets, spakes and hand extinguishers, yesterday destroyed five two-story buildings and one residence. Flames raging out of control for three hours caused an estimated loss of $100,000.

Nearby Osceola dispatched its single fire truck and three firemen to fight the blaze.

NAMESAKES MEET

SALT LAKE CITY (U.P.)—Don W. Pearson, police traffic officer, batted his eyes after asking a motorist involved in an accident for his operator's license. The license holder, a complete stranger to the officer, was D. W. Pearson.

LaFont Chosen As Legislator

Harold M. LaFont, Plainview attorney, is the new state representative from the 120th district, comprising Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties, on the basis of unofficial and nearly complete returns from Tuesday's election.

LaFont, former district attorney of the 64th district, led his two opponents, Tom Deen of Floydada, former representative, and J. W. Jennings, Hale county farmer, by more than 800 votes.

LaFont's total was 2,095 votes with 1,281 for Jennings and 1,257 for Deen.

Two Boxes Unreported

Only two boxes, one in Bailey and one in Briscoe, both with less than a dozen votes were still not reported late Wednesday afternoon.

The unofficial count is as follows:

County	Deen	LaFont	Jennings
*Bailey	34	102	37
*Briscoe	81	60	65
Castro	80	206	138
Floyd	510	233	259
Hale	227	844	373
Lamb	121	257	180
Parmer	91	89	123
Swisher	113	304	106
Totals	1,257	2,095	1,281

*—One box unreported.

Music Education In U. S. At New High

CHICAGO, Nov. 10 (U.P.)—Music education in the United States has reached an all-time world high, according to Dean John W. Beattie of the Northwestern University School of Music.

Beattie said there are approximately 30,000 teachers of music in schools and colleges in this country. All these teachers reach a total of 30,000,000 students of all ages, he said.

Formerly musicians educated abroad made up the major membership of prominent symphony orchestras. Now Americans educated in American institutions are filling up the musical ranks, he said.

Beattie predicted that within a few years conductors of many major orchestras will be products of our own educational system.

SUBWAY TO BE FILMED

NEW YORK, Nov. 10 (AP)—New York subways are pictured in an educational film being made here. The full-length picture will deal with the behind the scenes problems of the system. It has an operating force of 40,000 people. Scenes for the picture are being made in power stations and other places seldom seen by the millions who ride the subway.

The picture will cost $50,000.

Houdini Outlaw Eludes Officers

HOUSTON, Nov. 10. (U.P.)—Houston police conceded today that a 14-year-old "wild outlaw" was still at liberty, although handcuffed, and that he had made a shambles of a somewhat porous dragnet.

Billy Wayne Jones of Houston and Texarkana has slipped through five police traps, escaped twice from officers who had him in custody, outrun a horse, eluded a posse of 30 men for hours, and set off a three-state alarm.

Police Given Warning

Records show the boy first tangled with the law six weeks ago when he was charged with stealing $58 from a wallet and taking a car from his step-father here.

In a crazy-quilt pattern that officers failed to follow, he whipped up to Texarkana, abandoned the car, and went to Nashville, Ark. There, he is charged with taking $580 from a safe and stealing two more cars.

Billy left another stolen car in Louisiana, picked up another one and headed back to Houston. Houston police, warned two days in advance that the young thug was on the way, constantly checked highways leading in from the east.

So, Billy Wayne came in from the west.

Aunt Tips Officers

When he stopped at the home of an aunt for some sleep, she slipped out and called police.

Just like in the movies, he awoke in time, hurtled through a window and escaped into thick woods, leaving his most recently acquired automobile in front of the house.

When officers gave up the search, he slipped back to the stolen car and sped away to nearby La Porte, leaving officers in a cloud of dust.

Then, in a wild chase yesterday near the little Harris county town of Addicks, Billy Wayne was trapped by a circle of officers on the flat prairie land.

Outran Horse

When the armed men warned him to "come out with your hands up," the youngster retorted, "I'm long gone from here." Dodging officers fullback fashion, he led the possee on a four-mile chase through rice fields. He outran one officer on a horse and hid in a thicket.

And that was his undoing. Thirty officers waded into the dense growth and pulled the "outlaw" out. Probation Officer J. W. Hill ignored Billy Wayne's warning that he would "get away in less than 24 hours," and handcuffed him.

Outside the juvenile detention ward, Billy snapped open the car door with his foot, rolled out on the ground before Hill could grab him, did an acrobatic flip into piles of brush and faded away in the dark.

A new possee grouped to trace the pint-sized Houdini, but the men openly pessimistic.

"Our only hope is that he will be trapped by the handcuffs, Detective George Bell said. "If we get him again, we'll put cuffs on his feet, too."

Student Sets Long Attendance Record

STARKVILLE, Miss., Nov. 10. (U.P.)—Billy Burdine hasn't missed a day of school in 15 years—including elementary, high school and college.

The strict attendance has paid off. Billy's grades were 96 per cent.

Pearl G. Burdine of Mathiston likes to tell about the closest his son came to missing school. It was in the second grade.

"His feet got cold in the snow on the way to school, and he came back home. I took off his shoes, put his feet in my back pockets and carried him to school on my back."

Mix-Up Of Baggage Costs Woman Dearly

OKLAHOMA CITY, Nov. 10. (U.P.)—A Dallas woman said today a baggage mix-up here cost her between $3,000 and $3,500 worth of jewelry and clothing.

Mrs. Laura Ing, 25, told officers she left her suitcase a few moments Monday night at the union bus station here. When she returned it was gone, but another bag similar to hers was standing nearby, bearing the initials C. C. P.

She said her suitcase contained jewelry worth $1,300, in addition to other valuable articles.

DIES OF INJURIES

DALLAS, Nov. 10. (AP)—Mrs. Laverne Patterson, 25, of Dallas, died today of injuries she received in an automobile crash last Friday.

Congratulations to:

Mr. and Mrs. J. R. Herrington of Abernathy on birth of a daughter weighing 6 pounds 7 ounces at 5:21 p. m. Wednesday in Lubbock Memorial hospital. The father is in the Army.

Mr. and Mrs. J. C. McGee of 4203 Ave. A on birth of a daughter weighing 8 pounds 3 ounces at 8:40 a. m. Wednesday in West Texas hospital. The father is a truck driver.

Mr. and Mrs. M. A. Parrish of 2005 N. Fifth on birth of a son weighing 8 pounds 6 ounces at 2:35 p. m. Wednesday in West Texas hospital. The father is a wholesale grocery salesman.

Mr. and Mrs. A. W. When of 224 Paris on birth of a daughter weighing 5 pounds 8 ounces at 5:40 p. m. Wednesday in West Texas hospital. The father is employed in the Piggly-Wiggly wholesale department.

Mr. and Mrs. G. L. Graves of Lubbock general delivery on birth of a son weighing 7 pounds at 4:35 p. m. Wednesday in West Texas hospital. The father is a linter.

Mr. and Mrs. P. S. Marshall of Lorenso on birth of a daughter weighing 7 pounds 12 ounces at 6:10 p. m. Wednesday in West Texas hospital.

CHUNGKING TO BE EVACUATED

Chinese Airlines Boost Red Forces

(By The United Press)

HONG KONG, Nov. 10—The families of Chinese Nationalis government officials prepared to flee the Nationalist co-capital of Chungking today as a major portion of Nationalist air transport strength deserted to the Chinese Communists.

As Chinese Communist ground forces pressed within 160 miles of Chungking in a two-pronged drive, the Chinese Communist radio boasted that "all 4,000" employes of the China National Aviation Corp. and the Central Air Transport Corp. had joined the Communist war effort.

Planes Turned Over

Airport sources here said nine planes already had been turned over to the Communists by crews which flew them out of Kaitak airport on a ruse that they were en route to the Nationalist island of Formosa.

The Communist broadcast said that 70 additional planes now in Hong Kong were being guarded by crewmen of the airlines who promised to turn them over to the Communists eventually.

The defection of the plane personnel faced the Nationalist government with the task of moving out of Chungking earlier than originally anticipated or facing the threat of being pocketed by fast moving Communist spearheads.

Reds Push Drives

Private, unconfirmed reports said "local Communists' have reached Fowling (Cowchow), only 70 air miles east of Chungking.

At the same time official sources admitted the Communists were near Pangshui, 100 airmiles away.

The 80 CATC and CNAC planes unquestionably would have been used in a Nationalist evacuation.

The Nationalist government, seeking to prevent further desertion and losses of badly-needed multi-million dollar equipment, sought to impound all remaining planes, equipment, bank accounts and other properties of the two airlines in this British crown colony.

Seizure Is Authorized

The ministry of communications in Chungking authorized Chief CATC Engineer Col. Tai An-Kuo to take over the planes in the name of the Nationalist government. But it was doubted the move would be successful.

The greatest opposition likely would come from the hordes of laborers, mechanics and other technicians now swarming around the planes at the airport.

They have vowed to keep them safe from the Nationalist government pending British recognition of the Communist government, when they plan to turn them over to the Peiping government.

The British government here was expected to lend little encouragement to the Nationalist move.

"The Universal Elements in the Jewish Religion" will be the sermon topic of Rabbi Julisu Kerman in the Sabbath Eve service at 8 o'clock Friday night at Congregation Shaareth Israel, Twenty-third and Ave. Q.

A fire at the Canyon Cotton gin, about eight miles east of Lubbock, was quickly extinguished by firemen about 6 p. m. Wednesday. The fire, which caused no damage, started in a lint flu, workmen at the gin said.

Mr. and Mrs. Ray S. Blackwell and Mr. and Mrs. C. E. Blackwell have gone to Chicago to attend the Spring-Air mattress convention. They will be gone for ten days.

A Speed-graphic camera valued at $200 was taken from the O'Neal Photographic studio at 1501 Broadway late Wednesday, police were informed. Elbert O'Neal, owner, said negatives of the Lions club minstrel show were in the camera.

Judge G. V. Pardue adjudged three persons in contempt of earlier orders of his 99th district court, in hearings Wednesday afternoon. They, Harold Schoolboy Long, 34, a negro, T. G. Sims, 34, and Jake Hill, 50, a Slaton negro, violated terms of permanent injunctions restraining them from trafficking in alcoholic beverages, the court found. Each was fined $100 and court costs. In addition, Hill was ordered to serve three days in county jail.

Firemen who answered an alarm at 10:30 a. m. from Acme Mattress factory, at 506 East Thirty-fourth, said they found only a small amount of cotton burning and that loss was negligible.

Topic Is Announced For Baptist Service

Dr. Robert G. Lee, president of the Southern Baptist convention, will preach on "Is It Nothing?" in the service at 7:30 o'clock tonight in an eight-day revival at First Baptist church.

On Friday night, he will deliver for the 367th time his famous sermon, "Pay-Day—Some Day." A motion picture of him presenting that sermon was made by the Sunday school board of the Southern Baptist convention.

Friday night will be observed as Texas Technological college night. Wednesday night was observed as High School night.

Approximately 1,500 persons have crowded the auditorium to capacity in each night service.

Services are conducted at 10 a. m. and 7:30 p. m. daily.

Since the revival opened Sunday, 59 persons have joined the church or come forward for conversion or rededication.

Dr. Lee spoke this morning at Wayland college.

Storage Space

the required three-fourths majority.

As a result of the committee's action, District 4-A next year will include Brownfield, Littlefield, Morton, Muleshoe, Post, Slaton, Tahoka, Levelland and O'Donnell.

Celebrated Composer Claimed By Sickness

HOLLYWOOD, Nov. 10 (U.P.)—Funeral services will be held Saturday for pianist-composer Billy Baskette, 64, who wrote "Goodbye Broadway, Hello France" and "Writing For The Evening Mail."

The Tin Pan alley celebrity, a native of Henderson, Ky., died yesterday after a long illness. He leaves his wife, Julia.

U. S. Strikes

(Continued From Page One)

which employs 10,000. The contracts, generally, followed the "Bethlehem pattern," which calls for $100 monthly pensions to workers over 65 years old with 25 years' service. The contract calls for a five-cent-an hour social insurance program, workers and company each to pay to and one-half cents.

Following Bethlehem's acceptance of the contract last week were two other major producers, Republic Steel company and Jones & Laughlin Steel corporation. At the same time agreements were reached with smaller companies, leaving only U. S. Steel as the biggest hurdle in the way to peace in the steel industry.

The coal miners returned to their jobs under a contract which expired last July 1. They are expected to work five or six days a week during the truce. The coal strike suspension will not alter the interstate commerce commission's order curtailing traffic of coalburning passenger trains by 25 per cent.

NATION'S SUPPLY OF BLOOD BEING SURVEYED

Hospitals Face Decline In Blood Donations Although Demand Shows Enormous Increase

By ALMA GAINES RAMSAY
Written For NEA Service

WASHINGTON, Nov. 10. — The nation's supply of human blood is now being surveyed as one of America's natural resources—a resource that is becoming dangerously low.

Wartime experience in the use of whole blood and certain of its components has enormously increased its demand for civilian medical practice.

As a consequence, the major problem facing the nation's physicians and health authorities today is the maintenance of a stable supply of blood and its fractions. In addition, available resources must be evaluated in case of major disasters or national emergency.

Unlike many other therapeutic agents, blood cannot be synthetically produced. It must come from the veins of healthy human beings. And mostly it must come as a free will offering; otherwise, it is too expensive for most patients.

Many Need Transfusions

A high percentage of persons undergoing major surgery require whole blood transfusions. Many of them also receive bloom plasma, the liquid in which blood cells are suspended. A patient undergoing an operation on the heart, or the the removal of cancerous growth, may require as many as 15 or 20 pints of blood.

Other illnesses demanding what physicains term "massive transfusions" include childbirth hemorrhage, hemorrhage from accidental injuries, amputations, and extensive burns. Outside the surgical field, whole blood in great quantities is needed for a variety of chronic ailments. These include several forms of anemia and the baffling killer, leukemia.

Present requirements for whole blood are being met in several ways; from hospital blood banks; through the American Red Cross national blood program; from local facilities provided by other medical, public health and voluntary groups; and from commercial suppliers.

Requirements Unfilled

The combined efforts of all these agencies still leave many physicians unable to meet the blood requirements of their patients and leave no surplus for processing a variety of valuable blood derivatives.

One of the most used and most effecitve blood derivaties is immune serum globulin, given to prevent or modify measles and avoid complications usch as pneumonia, heart impairment, damage to the eyes, or inner ear infection which sometimes results in deafness. Immune serum globulin is also being used as a modfying agent in scarlet fever. Scarlet fever, like measles, carries its own danger from complications, notably heart damage, kidney impairment and deafness.

The immune globulin which is used for measles has been, for the most part, processed from surplus wartime plasma. But the serum —must be processed from the blood of people who have had the disease within a few months previous to the time of donating blood.

Up to October of this year, the American Red Cross distributed, through state health departments, 1,935,602 units of immune serum globulin for the treatment of measles alone.

Uses Are Listed

Another highly valuable blood derivative, or fraction, is serum alubumin. Four or five pints of blood are required to prepare one dose of this highly concentrated material.

Although having only one-fifth the volume of blood plasma, serum albumin is equally effective in combating shock and even more valuable in the management of certain liver and kidney diseases such as cirrhosis or hardening of the liver and nephrosis, a chronice degenerative condition of the kidney. Young people are the main sufferers from nephrosis. Serum albumin is also used to control dangerous increases in pressure within the skull after brain operations or injuries.

Division of blood into its fractions offers new lifesaving and health restoring agents. It also makes possible a greater economy in the use of blood. A dozen or more people may benefit from the pint of blood which was once useful only to one person as a transfusion.

Problem Is Posed

The perplexing problem facing the medical profession today is where to procure these valuable fractions.

The Red Cross is still supplying derivatives processed from surplus plasma, derived from blood donations during the war, but this supply is now dangerously low. It cannot be expected to last for more than another year. A major disaster or a serious epidemic might deplete the remaining supply even earlier.

The dwindling supply of blood from which to process these derivaties means that often a patient's life hangs literally by a fraction.

A 13-year-old New York boy, for example, desperately needed a derivative known as Cohen's fraction No. 1 to win his 27th battle against hemophilia this fall.

It takes 500 cc. of whole, fresh blood to produce five cc. of the fraction, which has proven to be one of the most effective means of combating attacks of the dread disease in which blood does not clot. And it took the National Hemophilia Foundation more than eight hours of frantic long-distance searchin gto locate the only four vials of the fraction then available, fly them from Boston, and rush them by police escort to the boy in the hospital.

Survey Is Conducted

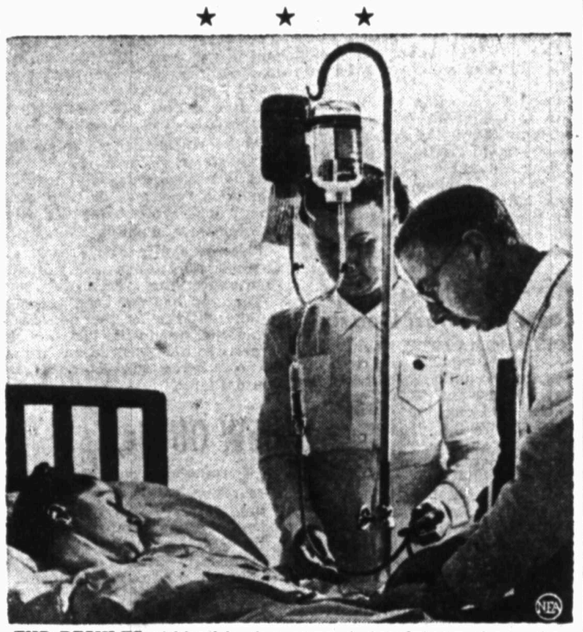

The vials of Cohen's Fraction No. 1 came from the Red Cross blood bank in Boston, one of 30 regional banks in the Red Cross National Blood program which at present is the largest single source of whole blood and derivatives.

This chain of procurement and processing, it is hoped, will eventually link the nation. In addition, an estimated 1500 hospitals operate their own blood banks, but how effective they are is not known.

To get the complete picture of the nation's blood resources, a survey is being conducted by the American Medical Association in cooperation with blood bank representatives, medical associations, hospital groups, clinics, the Red Cross and the National Research Council.

Results of the survey will decide needs for expansion to supply civilian medical needs, as well as show what machinery is necessary for insuring adequate blood and blood derivatives for military use.

★ ★ ★

END RESULTS of blood bank program is supplying patients who need whole blood transfusions or vital blood derivatives.

Morale Of Cattlemen Boosted By Improved Range Conditions

DENVER, Colo., Nov. 10 (U.P.) — With winter just around the corner, the western livestock office of the U. S. department of agriculture reported today that range conditions in 10 of the 17 western states were nine points higher than they were last year.

This was a big morale booster to western stockmen who are girding themselves for the coming winter months which some experts predict will be as severe as the one of 1949 which caused untold hardships in some parts of the Rocky mountains.

Grazing Prospects Good

The Record Stockman, one of the west's leading livestock journals, reported that the final death toll from last winter's storms had been placed at about 55,000 head of cattle and 250,000 sheep. In money this would be about $12,700,000, in addition to large property damage.

F. W. Beier, jr., statistician for the Denver livestock office, reported that fall and early winter grazing prospects were good to very good in the central and southern great plains and the southwest. Poor to fair feed in the dry areas of the northern plains and far west was reported.

A high point of Beier's survey revealed that cattle in the central and southern great plains and in the southwest were in very good flesh, the highest Nov. 1 condition in several years. "In the dry areas of the northern great plains and the far west, there are only a few thin cattle, but delivery weights of cattle and calves are below average," it was noted.

Marketings Smaller

Cattle roaming the western ranges are said to be rated at 85 per cent. This, despite the severe blizzards and freezing temperatures of last January, was the same rating cattle had a year ago and only one percent below the 10-year average (1938-47).

Of marketing, the report pointed out that cattle and calf marketings during the summer and fall were light and smaller than last year from Oklahoma, Texas, New Mexico and Arizona. Dry conditions tended to reduce the movement of cattle into California, resulting in an eastern movement of cattle that usually move west. There was also noted a tendency for ranchers to sell cattle down to feed supplies in the dry northern plains sections.

Texas and New Mexico have the best sheep conditions in several years, with generally good conditions in Colorado, Wyoming, Utah and Arizona, Beier said.

Whereas cattle are reported two per cent lower tha nat the same time last year, sheep are three per cent lower, according to the report.

Shorthand writing was invented in the days of the Romans.

Dixie Organization Seeks Meeting Site

NEW ORLEANS, Nov. 10, (AP)—Six cities have invited the United Daughters of the Confederacy to establish their national headquarters within their limits but none has offered to be host to the 1950 convention.

Mrs. John Francis Weinmann of Little Rock, Ark., retiring president general, said in the absence of invitations the matter has been referred to the executive committee, and it is up to the commitee to find a meeting place.

She explained that "it is becoming increasingly difficult to find a convention site and for that reason we are anxious to establish a permanent headquarters."

The matter of a permanent headquarters is to be discussed today.

Bids have been received from Richmond, Va., Charleston, S. C., Atlanta, Ga., Savannah, Ga., Montgomery, Ala., and Jackson, Miss.

To help mechanize farms, Hungary will produce 700 threshing machines, 600 seed cleaners and nearly 300 flour-milling machines this year, Budapest reports.

Former City Manager At Taylor Claimed

TAYLOR, Nov. 10 (U.P.)—Arthur V. Hyde, long-time city official and Taylor's first city manager, died yesterday in an Austin hospital.

Hyde, 67, had lived here 65 years. He became Taylor's city manager when that form of government was adopted in 1914. He retained the post until his retirement in the early 1930's.

The New Zealand kiwi sleeps so soundly that it can be picked up without its being awakened. It is a flightless bird.

TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcentrate DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcentrate, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty.

Here is proof

Here is what Mrs. H. P. Bishop, Route 2, Stamford, Texas, wrote us:

"I am very glad to endorse Barcentrate, so please accept my sincere thanks and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way.

"I had to have a very serious operation and was told that I must lose a lot of weight before the operation could be performed. I went on a diet and tried very hard to reduce, but wasn't losing much weight until I heard of Barcentrate. I began taking it and could soon tell the difference in the way I felt and the weight I was losing. I weighed 200 pounds when I started and I lost a total of 47 pounds and was able to undergo my operation. I can truthfully recommend it to others, since it did so much for me."

At all druggists

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

New Hilton Offer Of 250-Room Hotel For City Revealed

Local Capital Is Necessary

The Hilton Hotels corporation proposed Wednesday to join with local capital in building a new 250-room hotel in Lubbock.

This announcement Wednesday afternoon followed a meeting of directors of the chamber of commerce, to whom the proposal was submitted.

The proposition was described as being in a stage so nebulous that there are no details as yet on such points as possible total cost of the structure, the amounts which would be contributed toward the cost by the Hilton corporation and local capital, the site for the suggested multi-story building, and the height to which such a structure would rise.

But there was an undisguised feeling of optimism among directors and officials of the chamber of commerce that their meeting mark the start toward the actual realization of the long discussed new hotel for this city.

The present Hilton hotel has 196 rooms and is 12 stories high. The Lubbock hotel, with 255 rooms, is 11 stories.

Interest in the new proposal was sufficient that A. B. Davis, manager of the chamber of commerce, promptly began attempts to arrange a conference for two members of the board with C. N Hilton, president of the Hilton corporation.

Representing the board in the conference will be Roy Furr, head of the food stores chain bearing his name, and Retha Martin, president of the Dunlap department stores.

Hopes were that, from this conference, will emerge a detailed and concrete proposition as to the financing of the proposed structure.

The details of the proposal reported to the chamber directors Wednesday afternoon were those submited to Manager Davis in a long distance telephone conversation with Spearl Ellison, executive vice president of the Hilton chain and a large scale hotels operator in his own right.

In gist, here were some of the suggestions which emerged from the conversation:

A separate corporation would be formed to build an entirely new hotel of approximately 250 rooms.

The Hilton corporation would take the largest block of stock; local capital would subscribe the remainder.

Hilton Would Operate Building

The Hilton corporation would enter into a contract to act as the operating agent of the new hotel, including the provisions of the necessary furnishings — a stipulation which would involve an outlay running into many hun-

BOYS STUDY COOKING—Pictured at work in the homemaking department kitchen at Carroll Thompson Junior High school, Wayne Coffman, standing, and Roger Garrett are included in 66 boys who are studying homemaking in Carroll Thompson, O. L. Slaton and J. T. Hutchinson Junior High schools. They are interested enough to take the course without receiving school credit for it. This year is the first year in approximately 10 years that a homemaking course has been available for boys in Lubbock public schools. School officials pointed to the boys' homemaking courses as an example of preparation for Home and Community Obligations, the theme today during observance of American Education week. (Staff Photo).

Maidens Sigh For The Older Gents

Love Begins At 40 For The Men Of Today, Experts Say

By HAL BOYLE
Associated Press Staff Writer

NEW YORK, Nov. 10 — With politics out of the way for another year, let us return to a quaint, old-fashioned subject that entnralls us all.

I refer to love — l'amour, l'amour, l'amour.

The news from this crowded field is pleasant indeed to those dwelling in the shady years of life. For with no government subsidies of any kind, there has been wrought a "fair deal" for the middle-aged man in the politics of love. He has turned out to be the Romeo of our times.

Turn To Older Gent

No longer do maidens sigh for the young man with an apple in his hand. They turn to the older gent with a hundred acres of land. But he doesn't win them with his real estate. It's his sex appeal. For it isn't life that begins at 40 for the American man. It's love—you know, l'amour, l'amour, l'amour.

The public awoke to this fact with the discovery that 57-year-old Ezio Pinza star of "South Pacific," was affecting the weaker sex in a way no other matinee idol has since Rudolph Valentino. This grandpa still has 'em gasping with his bass-bellowed enchanted evening.

Some In The Movies

And it isn't just a one-man matter. The current issue of Cosmopolitan has found the same thing to be true in the movies: The real romantics—the eight top-drawing men film stars—are all over 40. Among the standouts are Bing Crosby, 45, Gary Cooper and Clark Gable, 48, and Humphrey Bogart, the dean of panda-huggers at 50, one year older than the century he lives in.

But this recognition of the amatory leadership of the time-mellowed male didn't become official—at least not in my mind—until it was confirmed by Dorothy Dix. I have always thought that Dorothy knew more about love than either Freud or Dr. Kinsey suspected. They had to ask people questions about it. Dorothy just knows all about affairs of the heart — from some interior radar of her own.

Well, 'tother day, Mrs. Dix said yes, it was true that men over 40 are most attractive to women. She said girl bobby soxers mightn't agree, but they didn't know anymore about men than they did about food.

She Gives Reason

And Dorothy gave reasons. She said the mature fellow knew more about life, had more to talk about—and understood women better than feckless youths. A bald head and a pot tummy didn't offset the

See LOVE AT 40, Page 6

Miners Going Back To Pits

PITTSBURGH, Nov. 10. (AP)—Thousands of John L. Lewis' United Mine Workers followed the orders of their boss today. They dug coal.

The unpredictable Lewis ordered his 378,000 soft coal miners east of the Mississippi to go back to the pits until midnight, Nov. 30. They had been idle eight weeks.

Lewis is still trying to get a contract to replace the one which expired last June 30.

Follow His Orders

And some of Lewis' members say they don't like the idea of going back to work until the contract issue is settled. But, as always, they're following Lewis' orders.

"Why go back for just three weeks?" was the general reaction among a sober-faced group of miners at nearby Bridgeville when they learned of Lewis' dramatic move.

"We might as well stay out till we get something," said one UMW member.

"After the 30th, we'll be at it (on strike) again," another miner declared grimly.

At Russelton, near Pittsburgh, about 95 per cent of the striking miners were hunting when Lewis' orders came. One fellow, his gun on his shoulder and a rabbit in his hand, said he'd be glad to work.

Is Tired Of Loafing

"I'm tired of just loafing around," he said.

Within a few hours after Lewis' order, his representatives in the field delivered official word to local officials. Some mine locals scheduled meetings immediately—others planned them today.

Joseph Mautino, president of local 4426 at Hamarville, Pa., said his men would meet today. He added:

"What the boys decide is okay with me. They are very bitter, but Mr. Lewis' orders will send them back to work. They may grumble a lot but they'll always do what Lewis tells them."

Burns Are Fatal To Fort Worth Resident

FORT WORTH, Nov. 10 (AP) — Six hours after a stove flared and burned her from the knees up, Mrs. W. A. Tucker, 83, died yesterday.

On hearing of the tragedy, her daughter, Miss Jess Tucker, 56, collapsed and was taken to a hospital.

Mrs. Tucker was alone in her home. Firemen said they believed she struck a match to light the stove after an earlier fire went out and did not realize gas was escaping.

LUBBOCK EVENING JOURNAL

Lubbock, Texas, Thursday, November 10, 1949

Club Banquet Is Scheduled

Members of the Lubbock High school distributive education club will hold their annual banquet honoring their employers at 8 p.m. today at Hilton hotel, club officials have announced, with approximately 200 persons scheduled to attend the event.

The 53-member club, which includes students who combine part-time jobs at 34 Lubbock business firms with their regular school work, has planned a program that will feature an address by Roy L. Reinarz of the employers' group.

Other Speakers On Program

Other speakers will be A. B. Watkins of Dunlap's, and students Betty Ball and Elwanda Ethridge. Special music will be presented by Pat Givens, Bob DeSpain, Gene Dean, Jerry Wheeler and Mary Massingale.

Honor guests at the banquet will include R. W. Matthews, superintendent of schools, Senior High Principal Floyd Honey and members of the adult advisory board of the distributive education department. They are W. A. Lawrence, chairman; M. L. Zukav, Zale; Arnold Behrend, Margo's; A. B. Watkins; J. D. Thomas, Sears and Roebuck; Elmer East, Lubbock National bank; and Mrs. Gladys Workman, manager of the Retail Merchants association.

Club officers are Bob DeSpain, president; Pat Lewellyn, vice president; and Elwanda Ethridge, secretary. The club is sponsored by A. B. Reese.

Girl Dies In Refrigerator

DETROIT, Nov. 10 (AP)—Trapped in an unused refrigerator in a neighbor's garage, five-year-old Mary Russo suffocated yesterday.

She apparently crawled into the box while at play and the door locked behind her.

A fire department rescue squad worked 45 minutes to revive the child but she was pronounced dead shortly after being admtited to Saratoga General hospital.

She was one of four children of Mr. and Mrs. Joseph L. Russo.

The Curious Reporter

JOAN PROUTY

THE QUESTION

How much home work do you think should be required of students each night?

(All answering this question are ninth grade students at Carroll Thompson Junior High)

THE ANSWERS

JULIA BETH REED, 1917 Fifteenth, daughter of Mr. and Mrs. E. J. Reed: "I think that there should n't be too much, so that we could get a little exercise in the afternoons. I think that we should have study halls at school rather than homework."

ANN EISENBERG, 2214 Sixteenth, daughter of Mr. and Mrs. W. F. Eisenberg: "I don't think there should be any homework. You should go to school only six hours and then have time to play outdoors. We could get the work necessary in study hall."

SANDRA PRICE, 1808 Seventeenth, daughter of Mr. and Mrs. W. H. Price: "I don't think you should have much homework, but you should have some. If you do have some, you will understand your subjects better and be stronger in them."

Norway will trade fish and spirits for zippers and hops, in a deal with Czechoslovakia.

ROY CARNES, 2311 Thirteenth, son of Mr. and Mrs. R. B. Carnes: "I think we should have at least 30 to 45 minutes of homework every night. It would make us stronger in all of our subjects."

JOHN HAVINS, 314 Temple Ave., son of Mr. and Mrs. A. T. Havins: "I think we ought to have a little homework in each subject every night. Just enough to keep us busy; maybe 45 minutes to an hour of it would be enough. Some kids talk about having too much homework, but if you listen in class, it will be easy to get."

BILLY FOSTER, 1708 Tenth, son of Mr. and Mrs. T. J. Foster: "I think you should have homework lasting about 35 to 45 minutes each night. This will help us to be stronger in all of our work."

DIES IN WRECK

CROCKETT, Nov. 10. (AP)—John Dominey, 30, of Pennington died in an automobile wreck yesterday and Monk Lowry, another occupant of the car, was injured.

The car overturned in Trinity county, about two miles from the Houston county line.

A South African farmer has advertised: "2,000 drought-stricken cattle. At your own price."

Homecoming Is Set At Lamesa

LAMESA, Nov. 10. (Special)—Lamesa High school ex-students will gather here today and Friday for the first Lamesa Homecoming and the Lamesa-Brownfield football game.

Homecoming activities will get underway tonight with a bonfire pep rally in front of the new Lamesa High school building, Mrs. R. A. Stuart, high school co-ordinator of activities, announced. At that time registration of exes will begin.

Band To Lead Rally

Leading the rally will be the Golden Tornado band and cheer leaders June Wright, Annelle Lovelady, Joanne Boone, Cynthia Pearson and Donna Jean Caldwell.

Friday morning exes will be welcomed in a parade sponsored by the Lamesa chapter of the VFW. Four ex-Tornado queens will be on hand for the parade and homecoming activities, Mrs. Stuart said. Present will be Mrs. Kent Morgan of Big Spring, the former Miss Fay Fisher, Mrs. Bill Scott of Levelland, the former Miss Billie Sue White, Miss Freda Womack of Lamesa and Miss Vennal Lou Morrisett, high school senior who was queen last year.

1949 Queen To Be Presented

At the half of the Lamesa-Brownfield football game Friday afternoon, Miss Kay Wiggins, 1949 Tornado queen will be presented.

After the game, the Lamesa High student council will act as hosts in a reception in the cafeteria of the new million dollar high school building. Members of the council will show visiting exes through the building. A musical program will be given during the reception.

Josh Beckham is president of the student council.

Plans for organization of ex-students were not fully completed Wednesday, Mrs. Stuart said.

Final Performance Of Show Presented

The third and final performance of this year's annual Lions club Jubilee Minstrel was presented to a capacity crowd last night in Lubbock Senior High school auditorium.

Performers were in fine fettle last night and observers said it was perhaps the best of the three performances—all of which have been lively.

This year's show was the fourth such production presented by the local club. Proceeds are for the benefit of the Girl Scouts at Buffalo Lakes.

Richard G. Richards was director of music for the show. Music was arranged by Ted Crager.

★ ★ ★

Due to stress of other business, we are unable this week to allot more than three minutes to thought about the current problems of the United Nations.

★ ★ ★

IN Fort Worth last week, where had gathered the nabobs of the Associated Press, we fell into a brief companionship with several editors from South Carolina. Specifically, we chewed the fat with Carl Weimer, of the Greenville News and Piedmont; Ed Chaffin, of the Greenwood Index-Journal, and Don West, of the Spartanburg Herald-Journal.

As a result of this yackety-yack, we can hereby report the following about the very interesting political situation in South Carolina.

1. Former Justice, Senator, Secretary of State, Representative and Assistant President James Francis (Jimmy) Byrnes is not only talking about running for governor of South Carolina in 1950. He's running as hard as he can at this early stage and will run even harder as the time goes along; and

2. Gov. J. Strom Thurmond, who carried four states last November as Presidential candidate of the real Southern Democrats, likewise is running as hard as he can for the U. S. Senate post now held by Sen. Olin D. Johnson.

★ ★ ★

The South Carolina editors, although competitors at home, agreed that Jimmy Byrnes will win in a walk.

They also agreed that Governor Thurmond has at least a 50-50 chance to oust Senator Johnson, a former governor and for many years a professional politician. Johnson is in his first term in the Senate and under normal conditions might be expected to win a second term handily. However, as a Truman pal and former Democratic National committeeman (New-Tru-Deal variety) he's in bad with most of the influential people of his state.

The South Carolinians think that Jimmy Byrnes' candidacy for governor will help Thurmond's campaign for the Senate, since Jimmy's sole announced reason for running is to strike a blow for State's Rights and Thurmond is the outstanding champion of State's Rights in the South. Since Byrnes once was one of Franklin Roosevelt's chief lieutenants in the matter of trying to substitute federal control for State's Rights and now confesses the error of his ways, his attitude is expected to be a big aid to Thurmond's campaign.

Byrnes is and for three decades has been South Carolina's favorite son. Suave, personable Governor Thurmond naturally made some enemies when he refused to be sold down the river by the leftwing of the national Democratic party in 1948.

★ ★ ★

OUR South Carolina informants told us that Governor Thurmond's chances for election over First-Termer Johnson hinge almost entirely upon whether he can cut slightly into the "cracker" support of Senator Johnson.

Highly educated, polished and affable, Governor Thurmond is very strong with the higher type citizenship, but does not appeal too much to segments of the population who fall for the "we'll give you the moon" line of the Tru-Deal element in the party.

The South Carolina editors did not commit themselves as between Senator Johnson and Governor Thurmond. They did, however, agree that the State's Rights fight in South Carolina—carried on by men of the calibre of Governor Thurmond and Mr. Byrnes—is likely to impress old line Democrats in other Southern states. They think maybe it will influence other Southerners to take heart, get up on their hind legs and fight the socialistic wing of the party now in the driver's seat.

In Washington—and, of course, in political circles elsewhere—there is a great deal of interest in whether the Old Line Democrats have disintegrated as the result of the 1948 elections. In fact, Collier's Magazine has a staffer running around the South now, checking up on sentiment in this regard. He was in Texas two weeks ago.

If outstanding Southerners continue the battle, there is a chance of some day liberating the kidnaped Democratic party from the big city bosses of the North and the various pressure groups which now dominate it.

If not, the Democratic party as such soon will have disappeared entirely from the face of the nation.

MRS. W. B. PRICE, who long has been one of our favorite people as well as one of the great ladies in our town, knows a good book when she sees one. Recently, she passed along to us Paul I. Wellman's latest opus, "The Chain."

For those who like good writing, honest description and sound plots, "The Chain" is a "must" for these Fall evenings. It meets bravely and head-on the challenge of Christianity in action. It should be read by everyone who likes to read good books—but especially by every preacher, every deacon, elder, steward, vestryman, etc.

Wellman's story of "The Chain" is based upon a church congregation's smug satisfaction with itself; upon the sociological aspects of religion and the efforts of an Episcopal rector to follow, completely, the invitation of the Master when He said: "Come unto me ALL ye who are weary . . ." etc.

We recommend it highly, not only for pleasurable reading, but for the message it brings. Furthermore, we can think of a few "professional Christians" we know around here who should be forced to commit it to memory!

★ ★ ★

Direct your energies! Remember the guy who got caught in the revolving doors: he kept moving, all right, but he never went anywhere!

★ ★ ★

HAVE you ever read, or heard, of a barber commiting suicide with a razor, or, for that matter, using a razor in a fight?

Cecil Turner, the tonsorialist, says it is axiomatic in the barber trade that barbers will not use razors to injure themselves, or anybody else. And he offers a good reason why.

"All his business life," says Mr. Turner, "the barber schools himself to be careful with a razor. That's something he never forgets and he bends every effort, when using or handling a razor, to avoid injury to himself or others. Therefore, he would be going against years of self-training if he were to use a razor to end his own life, or to hurt an adversary in a fight."

Mr. Turner may have something there. Habit is a very strong force.

BY DREW PEARSON: U. S. HELPS BIG STEEL DESPITE OPPOSITION TO TRUMAN PALICY

GOP Bickering Contributed To Dwindling Funds

WASHINGTON—Resignation of isolationist insurance man James Kemper as treasurer of the GOP national committee was dressed up in a high-sounding smoke-screen about foreign policy in order to cover up a bitter personal GOP feud. Actually, his resignation was handed in one hour after Guy Gabrielson of New Jersey became the new national chairman last August, but it was agreed to delay the announcement until the political horizon was calmer.

PEARSON

Kemper's exit puts the spotlight on some red faces and raw nerves inside the GOP committee, which probably will be smoothed over now that he is out. Although Kemper talked big about lack of funds in the GOP treasury, real fact is that he was never much of a money-raiser. The best GOP money-raiser was the man Kemper and Dewey ousted as GOP national finance chairman after the 1948 convention—Walter Hope.

Hope, an able New York lawyer, learned of his resignation by reading it in the morning papers, and his friends claim that the shock was responsible for his death a month or so later. Hope left in the treasury a surplus of $800,000 after the Philadelphia convention.

He was replaced by Bourbon prince Harold Talbot, eager aspirant to the court of St. James, whose family had almost ordered their clothes for their presentation to the king—when they heard the news of Dewey's defeat. Between January 1949 and August 4, when GOP Chairman Hugh Scott resigned, Talbot had raised the magnificent sum of $71,000 — while Scott and Kemper were spending money at the rate of $80,000 a month.

Talbot's main excuse was that he couldn't collect funds because of the Omaha GOP fight. And when it became apparent that Guy Gabrielson was to be the new chairman, Talbot began a quiet campaign against him, which culminated in a lunch at which he and Gabrielson patched up their differences. That same night, however, Talbot dined with an oil executive who reported back to the new GOP chairman that Talbot had begun his attack all over again.

As a result of all this, GOP finances today are in terrible shape. However, with Sinclair Weeks of Massachusetts now in charge of the national finance committee, they are improving. Johnny Hanes, one-time Democrat and member of the Roosevelt administration, has been appointed vice-chairman, and some of the big contributors already have promised to kick in.

Merry-Go-Round

Some folks were surprised when Senator "Wild Bill" Langer, Republican, praised President Truman, Democrat. But it was this same President who appointed Langer's nephew, Morgan Ford, as judge of the United States customs court in New York. Ford was an insurance man in North Dakota, a long way from New York . . . Air Secretary Stuart Symington staged a private poker party for President Truman and cronies last week. The now vanished 70 air groups were not discussed—not even the 58 air groups which have also vanished . . . Colliers magazine hits the purge of the left-wing CIO unions right on the nose in its advance article by Sam Stavisky. The man responsible for injecting new pep into Colliers is Louis Ruppel, one of FDR's old newspaper pals.

• • •

WHILE the U. S. Steel corporation was using its influence against a settlement of the strike, it was also trying to increase its tremendous hold on the steel industry through the U. S. government.

Its latest proposed acquisition is a government wartime shipyard at Orange, Texas, which it plans to convert into a factory for making steel pipe for the oil industry. The shipyard was purchased by U. S. Steel's wholly owned subsidiary, Consolidated Steel, upon whose property the yard was built. Then Alert Herbert Bergson, head of the Justice department's antitrust division, ruled that this would increase U. S. steel's monopoly position and would be against the best interests of the U. S. A.

However, this didn't please Congressman J. M. Coombs and other Texas politicos who thereupon pushed a resolution through both houses of Congress authorizing the shipyard facilities to be sold to U. S. steel.

Once before, congressional and White House pressure was used to increase U. S. steel's hold on the industry. After the war, when the government advertised its Geneva, Utah, steel plant for sale, once again the Justice department's antitrust division ruled that any sale to U. S. steel would be against the best interests of the nation.

However, then Senator Abe Murdock of Utah, now a labor relations commissioner, pulled every wire possible to sell the government's property to U. S. steel. Simultaneously, Secretary of the Treasury John Snyder, a good friend of U. S. steel president Ben Fairless, was given credit for talking to the White House.

At any rate, President Truman personally directed Attorney General Tom Clark to overrule his antitrust division and decree that there was no objection to selling the government's Utah steel plant to U. S. steel.

Thus the steel corporation has been in the fortunate position of being able to thumb its nose at President Truman's fact-finding board and at the same time get President Truman's help in tightening its monopoly hold of the steel industry.

THE Cinemagicians: 20th's "Everybody Does It" (with experts Paul Douglas, Lindarnell and Celeste Holm) is button-bustin' hilarity . . . "Abandoned Woman" is another about the reporter who cracks-the-case-wide-open and rescues the damsel-in-distress. Allinadaysworkfolks. . . . "Tokyo Joe" strums the spine with Bogart's tightlipped heroics. He risks this, defies that and settles everything with a Right to the Jaw as though he were defending a Panda in a night club . . . Thanks to MGM's "Battleground" for reminding Americans of their right to be proud . . . "Golden Stallion" is the customary blend of Cowboys and Horsefeathers.

• • •

Movie Hocus-Focus: News services are pushovers for obvious press stunts such as the one about the actor who supposedly swooned while being smooched by Marilyn Maxwell. Gad! . . . A scenario doesn't have to be good if Maureen O'Hara is the scenery . . . Broadway has 13 films this week . . . The Gordon MacRaes are in from Movietown. They will view 15 shows in 11 days and nights . . . Insiders think the reason B. P. Shulberg (once a Paramount great) is unemployed out there is over the sizzling novel ("What Makes Sammy Run?") by his talented son, who is typewriting another devastater . . . There's no peace. If it isn't the U. S. and the USSR, it's the Army and Navy or Lauren Bacall and Warner Bros.

• • •

THE Airistocrats: Will Mahoney's delightful act (unseen here for decades — he was an Australian favorite all that time) was surefire on M. Berle's frolic . . . Ben Gross (ye radio ed for the Daily Snew) will play himself on Bob Monroe's "John Steele, Adventurer" bill . . . Leo De Lyon came over expertly on the Ben Gage program . . . Stan Freeman's pianotes (via WJZ's Piano Playhouse) fall easy on the ears . . . Three more TV stations here are readying to pull in their belts for the long, cold Winter . . . The V. Monroe and F. Laine versions of "Mule Train" are pets already, but will soon become fodder for the burleskers . . . Jerry Vale's (Sherwood) record of the Kennys' "Scattered Toys" is a hit-division entry. (Plug over) . . . Add Nightingals: Connie Russell on the D. Garroway click . . . Don't-Throw-Bouquets-At-Me Dept.: John Crosby's corsage for Carmen Miranda on Ed Wynn's frolic: "On kinescope Miss Miranda looked as if she had just been interred."

• • •

The Story-Tellers: Dale Kramer's biog, "Heywood Broun," shatters the fable that There's Nothing Deader Than Yesterday's Newspaper. Many of Broun's themes were more pertinent. How he is missed . . . Hemingway has been working on a novel for almost 10 years — yet he wrote three of his finest short yarns in 24 hours . . . Read the shocker on how parents infect children (with bigotry) in Woman's Home Comp. . . . Pic Sports Review (out in a few days) features Runyon's last photo — taken at the ringside in The Working Press.

"Whaddya Mean I'm Overdrawn?---"

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

By Bennett Cerf

JUDGING from my mail it's the little things in marriage that get most women to feeling down at the mouth.

A man doesn't have to beat his wife to make her miserable. He can do it with lots less effort than that.

MILLETT

Writes one wife: "It's been years since my husband has bought me a gift." She didn't claim he beat her, or refused to pay the bills, or was unfaithful. Yet he succeeded in making her just as unhappy as though he'd combined all three offenses by just neglecting to ever bring her a gift, however, small. "How could he love me and not even give me a gift on my birthday?" she asks.

Another wife complains: "I never hear a word of praise from my husband. He complains, quick enough, if something isn't done to suit him, but he never offers me a word of consideration or praise. I wonder if he just doesn't realize how hard a wife will work for a little praise and understanding—and how like drudgery the work becomes when she never gets either?" Another unhappy wife—not because her husband has done her a great wrong—but because the little wrong he has done her is a big wrong in any woman's eyes.

• • •

CHILDREN LOSE RESPECT

AND still another wife writes: "My children are going to grow up feeling nothing for me but contempt because their father is forever belittling women and treating me as though I haven't sense enough to come in out of the rain."

That husband could have all the big virtues but that so-called little fault in him would make any self-respecting woman bitterly unhappy.

Such complaints come to me so frequently I begin to suspect that many men have no idea of what faults in a man are capable of robbing a marriage of all happiness for the wife.

If a man is hard-working, faithful, and doesn't take advantage of his superior physical strength to bully his wife he must mean to do his part to make the marriage a success.

Why then would he spoil the marriage through some minor faults can ruin a marriage for a woman.

"The size isn't important, just so it's soft and reasonably palatable."

"Try And Stop Me"

THE CONTROVERSY over the origin of one of the most widely quoted phrases in baseball history is settled seemingly once and for all by Sports Editor Dan Parker, who states with finality, "The late Yussel Jacobs liked to remain snuggled under six or seven blankets until about four every afternoon, but his cronies persuaded him to attend the opening game of the 1935 world series between the Detroit Tigers and the Chicago Cubs.

"It was played in Detroit on a bitter cold afternoon, with snow flurries powdering the diamond, and icy winds blowing down the spectators' necks. Yussel suffered for a few minutes in silence, his teeth chattering like castanets, and then uttered his famous complaint: 'I should of stood in bed'."

• • •

GEORGE JESSEL, notoriously susceptible to anything in tkirts, was introduced at a Motion Picture Relief dinner by Bob Hope. "One thing you'll have to say for Georgie," Hope pointed out. "He never gives a girl a second thought. The first one covers everything."

(Copyright, 1949, Bennett-Cerf.)

The Runyon Committee blows a kiss to the editors for the Dedication . . . Evelyn Barkins, who auth'd a pair of best-sellers ("I Love My Doctor" and "The Doctor Has a Baby"), delivers her next, "The Doctor Has a Family," on Valentine's Day . . . It is ironic that Richard Wright had to go to pro-Hitler Argentina (where persecution is gov't policy) to film his great novel, "Native Son."

BY ROBERT C. RUARK

Former Shimmy Dancer Lives Quietly On Colorado Ranch

DENVER, Nov. 10 — We have been to call on Miss Gilda Gray, the reformed kootch, or shimmy dancer, and find her remarkably chipper for a lady who has suffered some fairly prominent lumps in her time. Miss Gray is chaperoning chickens and cows on a little ranch near Denver, getting healthy and contemplating a million bucks worth of lawsuits against Columbia pictures.

RUARK

Miss Gray was standing hip-deep in chickens, one of whom is madly in love with her, and was flanked by three cats as we came to call. She naturally eschews her formal costume of fringed shimmy skirt for the rugged life on a ranch, since the costume weighs 47 pounds and has no appeal to the chickens, anyhow. She was wearing a green coat, gray flannel skirt, a yellow necklace and a jet-trimmed blouse. I cannot estimate her age, but she has gained weight up to 115 pounds, now. Her figure is as trim as a girl's and her blond hair is honestly flecked with gray.

Geegee, the gal who set 'em crazy in the follies and who drove strong men to gnawing hunks out of the seats in such movies as "Devil Dance" and "Aloma of the South Seas," has lost none of her spirit or charm. She ain't busted, she says, but the reason she ain't busted is that she is living very mildly with her friends, Earl and Elsie Tucker, and not throwing her dough in the lush spots of Denver and Colorado Springs.

• • •

Her lawsuit against Columbia, which may be tried here soon, stems from her resentment of what she feels was an infringement of copyright. Columbia did a very sexy picture with Rita Hayworth, called "Gilda," in which Miss H. was portrayed as a jazz-age hipshaker. Miss Gray feels that there was too much coincidence, such as three husbands and the unauthorized use of a name she holds to be unique in the society of writhers. Hence the suit.

Miss Gray, who was born in Krakow, Poland, some years ago, first started her historic shimmy in a family-type night club in Milwaukee in 1915. She hit her peak in the 20's, was colorfully married to Gil Boag, a nightclub tycoon, and to a Venezuelan diplomat who looked like Rudy Valentino. She made as much as $17,000 a week playing big theaters on a percentage basis.

• • •

MISS Gray's shimmy was, I believe, all by itself as an art form. She was describing it in the kitchen of the ranch.

"First I moved the muscles up top," she said, "with the bottom motionless. Then I moved the muscles below ,with the top stationary. Then I moved the muscles on the right side, with everything stationary on the left. Then I moved the muscles on the left. Then I sort of rippled all the way up from my feet with everything."

Even today, when Geegee is past her prime, this is an inspiring operation. She used to sing "St. Louis Blues" to accompany her quivers, just as Mrs. Aly Kahn sang "Put The Blame On Mame." in the disputed picture, and I can imagine that gentlemen hated their wives for days after her performance.

• • •

Health Is Restored

Miss Gray feels that the Gilda Gray era is coming back, or, in fact, is almost here. She is heartened by the fact that the coal-skuttle hats the ladies wear now approximate the headgear of her time; that a few coonskin coats have cropped up in colleges, and that Miss Betty Grable is playing the part of a shimmy-dancer in an upcoming picture. She figures the hip-flask is just around the corner.

Very ill and not too rich, Miss Gray came here in 1947, weighing a fast 92 pounds. She has gotten a lot of her old health and bounce back, and has become a favored daughter of her community. Just recently she was asked to be a sponsor of a high-school dance, a fact of which she is intensely proud. The glamour queen of the 20's wears denims and washes dishes, performs amateur surgery on ailing fowls, ministers to the cattle and seems to be pleased with her lot .Whether or not she wins her suit, her health will probably keep her in Colorado.

The girl who never considered less than champagne had a small bourbon-and-branch with me in the kitchen, and then walked me out to the car. She waved goodbye, and a swarm of chickens came dashing out to surround her, clucking excitedly—just like the gents used to do in the 20's, when Broadway was a state of mind.

Mockingbirds can imitate approximately three dozen birds.

Today's Journal Editorial

LET'S NOT INTRUDE!

Just why anyone should worry because the President predicts the population of the United States will total 300,000,000 by 2049 is somewhat mystifying. None of the worriers are likely to be around when, and if, that should happen.

But, for those who do worry, contemplation of one present-day fact might be re-assuring. That fact is that Uncle Sam has been the chief contributor for several years to the support of natinos with populations totaling more than 500,000,000, counting the 140,000,000 at home.

Compared with what the U. S. is doing now, provision for the needs of a mere 300,000,000 people should look like the easiest sort of pushover. Of course, if we still are operating a world soup kitchen in 2049, that would be different. But maybe our descendants will be smarter than we are. Heaven help them if they aren't.

In any event, too many worries are available right now to have to borrow new ones from a century hence. If we cannot do anything else for our descendants of that day, let's at least avoid intrusion upon their worries.

EXECUTION OF FOUR MEN OPPOSED

American Missionary Seeking Clemency For Wife's Slayers

SEOUL, Nov. 10. (AP)—Dr. Horace H. Underwood, American missionary and educator ,today asked clemency for four young Koreans condemned to death for slaying his wife.

The kindly missionary appealed by letter to President Syngman Rhee. The government made public this part of the letter:

"My dear wife had a deep and strong love for Koreans of every class and especially for the young people of Korea. It was her hope and it is our hope that the people of Korea may more and more come to know Jesus Christ and to have life—not death—but a more abundant life. It is not our wish that any Korean should die because of us or because of our family."

Wrong Woman Shot

Dr. Underwood said the slayers deserved punishment "for crimes against this country and against civilized law and order," But he expressed belief the 60-year-old Mrs. Underwood would not want her slayers executed.

Mrs. Underwood was shot by two hooded gunmen at her home last March 17. At the time she was giving a tea for the wives of faculty members of Chosen Christian college, which she and her husband founded.

Last month nine members of a leftist group were tried for her murder. It was testified the gunmen intended to kill Miss Mo Yoon Sook, Korean poetess and anti-communist author. Miss Sook was a guest at the tea party.

Five other members of the group were sentenced to prison.

Action on Dr. Underwoor's letter is not expected before the sentence is appealed to a higher court.

FILM CUTIE—Actress Mary Jane sanders, age 7, clutches tightly the $6000 to $20,000-a-year movie contract approved for her by a Los Angeles superior court. The child actress starred with Bob Hope in "Sorrowful Jones," the "Little Miss Marker" role that started Shirley Temple on the road to fame.

Texas Tech Group Schedules Banquet

An International banquet will be the first social activity of the Texas Tech Foreign Languages Interclub council this year, and will be held at 7 p. m. today in the Mexican Inn, 1910 Ave. Q, it was announced by Dr. C. B. Qualia, head of the foreign languages department.

Speaker for the occasion will be H. N. Roberts, local consulting engineer, who will speak on Guatemala, accompanying his talk with Kodachrome slides made in that country last year by his son, James H. Roberts, a manufacturer of building materials in Guatemala City. The slides include scene of the ancient ruins of Mitla, the ruins of the old capital city Antigua, which was destroyed by an earthquake, and pictures of damage caused in the present capital by the recent revolution there. Mr. and Mrs. Roberts were visiting their son in Guatemala at the time of the revolution.

Guests Named

Honored guests at the banquet, besides Mr. and Mrs. Roberts, will be Dr. D. M. Wiggins, president of Texas Technological college, and Mrs. Wiggins; Dr. E. N. Jones, vice-president of the college, and Mrs. Jones; Dr. and Mrs. Qualia; and Mrs. Roscoe Wilson, founder of the Roscoe Wilson Memorial Scholarship in foreign languages. Dr. Eunice Gates, professor of foreign languages, will be in charge of seating arrangements.

The Inter-club council is composed of representatives from each of the language clubs of the college, which are Sigma Delta Pi, national honorary Spanish fraternity; Capa y Espada, Spanish club; Liederkranz, German club; Le Cercle Francais, French club; and Cosmopolitan club, a fraternity of foreign students attending Tech.

Further activities of the council this year will be a group of Christmas plays in Spanish, German, and French to be given Dec. 15 in room 202 of the administration building, and a spring dance and reception to be held March 17 in the Rocket room of Womble Olds automobile agency.

Love At 40

(Continued From Page One)

intellectual charm that only years bring, in her opinion.

Dorothy summed it up:

"It is because the man of 40 knows women and can play upon them as upon a harp of a thousand strings that makes him more dangerous to women at that age than any other."

Oh, boy! Oh, boy! Oh, boy!

Ladies, I'm giving you fair warning. I'm 38, getting bald, and I'm 15 pounds overweight. But in two more years I'll be a swashbuckling, fascinating devil looking for his fair share of harp playing.

There's a good gray time a'coming for us all boys—if our arteries last.

Thief Grabs Hat And $45 Off Man's Head

WICHITA FALLS, Nov. 10 (AP)—You'd better hang on to your hat around here, and not because of the wind.

L. B. Smith, city carpenter, told Sheriff Hammett Vance a man grabbed his hat off his head and fled yesterday. Smith said the hat had $45 in the flap.

O. H. Loftin of Electra reported Monday that a grab-and-run thief made off with his hat and the $35 in the band as he stood on an Electra street corner.

New Hotel

(Continued From Page One)

dreds of thousands of dollars.

The Hilton corporation would guarantee the payment of taxes, insurance, interest at a rate of be set upon outstanding stock and the amortization — meaning the purchase — of not less than 3 per cent of that stock per year.

Any profits resulting from the operations of the hotel would be prorated among stockholders in proportion to their holdings.

The conversation did not attempt to deal with or to reach an agreement on, many of the important details which would be involved in the project, if it should be undertaken.

For example, no attempt was made to estimate the possible cost of building a hotel of the kind proposed.

Cost Would Be Heavy

But applying standard yardsticks in computing such projects, the cost of building a 250-room hotel probably could not fall much below $2,500,000, and might run well above that figure. This would not include the cost of furnishings.

Neither was there any discussion of the height to which a 250-room hotel might rise. Many factors would determine that — the size of the site, the size of the rooms and such other accommodations as dining rooms, ballrooms and the like. But the chances are that it would be taller than any present building in Lubbock.

The question as to how much of the building cost would be supplied by the corporation and local capital will be one of the most vital topics of discussion when Martin and Furr confer with Hilton.

Directors of the chamber were unanimous in their agreement that there would be a limit to the amount of money which could be raised in Lubbock for a hotel.

No one attempted to say what that limit might be. But the officials did point out that Lubbock has no one of enormous wealth who could subscribe, individually, a large part of any commitment that might be made on behalf of the city.

To reach any goal, regardless of what it might be, officials agreed, it will be necessary to rely upon many subscriptions of comparatively modest amounts.

Obstacles Are Foreseen

Looming now as the most formidable obstacle to the project, it was agreed, is the possibility that the Hilton corporation might insist upon more local financing than would be possible to raise. The seriousness of this obstacle cannot be estimated, at the earliest, until after Martin and Furr have conferred with Hilton.

If this hurdle can be surmounted, optimisim prevailed that the new hotel will be built.

The proposition was the third to come from the Hilton corporation designed to provide Lubbock with more adequate hotel facilities than now are available. These have been the result of negotiations, spearheaded by the chamber of commerce, which have been in progress more than two years.

The first proposal was to add 60 rooms and three floors to the present Hilton at a cost of about $400,000, with local capital subscribing half that amount.

The reaction to this was that 60 rooms wouldn't be a drop in the bucket toward supplying Lubbock hotel rooms.

The second proposition was to build a new wing containing about 148 rooms on the north side of the Hilton. This cost was estimated at about $1,000,000. Discussions did not get far enough to go into the mater of how much of this investment would have to be financed locally.

But the general reaction to proposed enlargements of the present Hilton was somewhat less than enthusiastic. The chief objection was that such an expansion program, if carried out, would not provide dining rooms, ballrooms and meeting rooms of sufficient size to accommodate large conventions.

Chamber officials have said repeatedly that it is pointless even to seek major meetings because facilities are lacking to entertain them, even if they could be obtained.

Continuing discussions with Hilton corporation executives, chiefly with Ellison, led to the proposal announced Wednesday.

And the announcement was made with the assurance that the new hotel, if built, would include accommodations large enough for any convention or other meeting that might be obtained for Lubbock.

The word "apron" was originally "napron" and was corrupted from "a napron" to "an apron."

Wife Wins Divorce From Flying Drunk

SYDNEY, Australia, Nov. 10 (AP)—A wife suing for divorce told the judge her husband asked one night if she would like to seem him jump out of the bathroom window. The bathroom was 15 feet above

the ground. She ignored his question and went on with her needlework.

Out of the window went her husband.

He came back in the room, asked if she had seen him. She said, "No."

He took another header out the window.

She was granted her divorce on the grounds of drunkeness and cruelty.

"He was a flying drunk," said the judge.

Parasites Menace Minnesota Fishing

ST. PAUL, Nov. 10. (AP)—An invasion of sea lampreys in the Great Lakes is threatening Minnesota fishing waters.

Dr. Ray Johnson fisheries research supervisor for the state department of conservation, said waters along the shore of Upper lamprey has been captured off Grand Marais, Minn.

The sea lamprey is an eel-like parasite which fastens itself on valuable game fish and sucks their blood and body juices. It favors the soft-scaled lake trout.

Johnson said specimens have been taken in the Chicago drainage canal which connects the Great Lakes with the Mississippi. This means, he said, that the lampreys may come upstream in the Mississippi and infest Minnesota lakes.

Johnson said the lampreys already have damaged trout fishing in Lakes Huron and Michigan. They invaded the Great Lakes through the St. Lawrence gateway about 15 years ago, experts believe. Since then, they have cut annual trout production in Lake Huron from 1,720,000 to 5,000 pounds.

Houston Bus Fare Is Hiked To Dime

HOUSTON, Nov. 10 (U.P.)—Houston bus fares went up to 10 cents today as the result of last week's strike settlement that gave drivers and mechanics of the Houston Transit Co. a 13-cent hourly pay increase.

The new fare was approved by the city council in a special ordinance. It called the increase "temporary."

Carl B. Frazer, bus company president, said the sale of tokens would be discontinued immediately. However, persons caught with tokens on their hands may use them until next Wednesday. After that, the bus company will redeem them at cost—eight and three-fourths cents each.

Beekeeper Finds Out How Busy Bees Are

RALEIGH, N. C., Nov. 10. (U.P.)—Bookkeeper W. A. Stephen of North Carolina State College has figures to prove you're wrong if you think you are as busy as a bee.

The production of four pounds of red clover seed, said Stephen, requires about 1,000,000 individual flower pollinations. So to produce 10 bushels of seed per acre, there must be some 150,000,000 separate pollinations.

The honeybee is responsible for about 80 per cent of that work, said the bookkeeper, and that figures out to 120,000,000 visits by honeybees.

Grand Prairie Child Is Victim Of Mishap

DALLAS, Nov. 10. (AP)—Carol Nugent, 15 months old, was killed yesterday by a car which ran over her in a driveway near her Grand Prairie home.

State Highway Patrolmen Roy Calvert and E. D. Pringle said they believed someone drove over the child without realizing it.

The mother, Mrs. Leo Nugent, went into the yard to look for Carol and saw her body lying in a driveway two doors away.

U. S. Sends Russia Best Wishes On Anniversary Of Revolution

MOSCOW, Nov. 10 (AP)—U. S. greetings to the Russian people made the front page today in Pravda, the Communist party's official organ.

U. S. Ambassador Alan G. Kirk sent "best wishes" on the occasion of the 32nd anniversary last Monday of the 1917 Soviet revolution.

Pravda published 16 similar messages from other foreign governments along with the American note.

Kirk addressed his message to Deputy Foreign Minister Andrei Gromyko, for transmittal to N. M. Shvernik, president of the presidium of the supreme Soviet. The message said:

"On the occasion of the national holiday of the Union of the Soviet Socialist Republics, my government has requested me to transmit to you that the people of the United States send their best wishes to the people of the Soviet Union."

Labor Groups Join Demos In Praising Results In Election

(By The Associated Press)

Labor organizations joined Democrats today in praising Tuesday's election results as a major victory for President Truman's program.

But Republicans, who lost important campaigns in New York state and elsewnere, disagreed on the significance of their setback.

Both the CIO Political Action Committee and the AFL's political organization issued statements calling the Tuesday balloting a clear sign that the nation's voters haven't changed their minds about Mr. Truman's proposals since electing him President in 1948.

A top Republican, Harold E. Stassen, also recalled last year. The results of this week's elections, he said, "re-emphasize the very serious nature of our defeat in 1948."

But New York's Gov. Thomas E. Dewey, Mr. Truman's GOP opponent in 1948, saw things in a different light. Dewey backed the losing candidate in the New York Senate election which saw former Democratic Gov. Herbert H. Lehman defeat Senator John Foster Dulles.

"The result of the senatorial election," said Dewey, "is a setback and not a gain for the policies of the national administration, since Senator Dulles ran well ahead of local tickets all over the state."

Stassen, in his talk at a National Press club luncheon in Washington yesterday, put in a plug for Senator Taft (R-Ohio), his opponent for the 1948 GOP presidential nomination which finally went to Dewey.

The election Tuesday had raised speculation that victorious Mayor Thomas A. Burke of Cleveland, a Democrat, might be built up to oppose Taft in the Congressional campaigns next year.

Great Friend Of Taft

Stassen said he is a great friend of Taft, despite their differences on some issues, and will do all he can to help reelect the Ohioan.

Friends o Burke intimated that he isn't anxious to campaign against Taft, anyhow.

Stassen said the Republican party must "rebuild."

This should be accomplished, he added, not by throwing anyone out of the party, but rather by urging the older members to "move over and make room" for younger people.

Labor-backed candidates — including Burke—won in most of the main contests Tuesday. But they lost in some of the city races and some of the winners had the supply of only one of the two big organizations, the CIO or AFL.

Labor received its greatest lift in the election of Lehman. It also claimed a part in the victory of Democratic Congressmen from Brooklyn and San Francisco, as well as in the Democratic inroads in the Republican city hall at Philadelphia. It backed a losing candidate for mayor in Buffalo.

AFL Backed Winner

The CIO supported the losing candidate for mayor of Detroit and the AFL was behind the winner. The AFL backed Elmer H. Wene, losing Democratic candidate for governor of New Jersey, while the CIO attacked Wene for his tie with Jersey City political leader Frank Hague.

Jack Kroll, director of the CIO Political Action Committee(summed up the election results this way:

"I think it is reasonable to expect that members of Congress at the next session will keep in front of them the Nov. 8 returns and push forward the fair deal program of health legislation, repeal of Taft-Hartley, broadened social security coverage, civil rights legislation, and the other measures necessary for the security and welfare of the people."

Joseph Keenan, director of labor's League for Political Education, an AFL group, said in a separate statement that the elections "demonstrated beyond a doubt that the election victory of 1948 was not an accident."

"The American people," he said, "have come of age and can no longer be terrorized by scare words and deceived by vague and meaningless promises. . . .

"Wherever there was a clean-cut contest between a liberal and reactionary candidate the liberal won.

Michael J. Kirwan, chairman of the Democratic national congressional committee, said in another statement that the elections "placed the Democratic party in a most favorable position as we approach the 1950 campaign."

"We have tried to represent the people," he said, "and they have given our party a real vote of confidence."

Exercise And Diet Did Work, She Claims

Esther Williams Figure Back To Normal After Baby's Birth

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, Nov. 10—I am pleased to report today that Esther Williams' figure is even better since she had a baby.

Yep, it's true. What effects this news will have on the national birth rate is a question. It may help push the U. S. toward the 300,000,000 population mark Mr. Truman has been talking about.

I happen to observe the movie mermaid's figure on the set of "Duchess of Idaho." Strictly from a reporter's viewpoint, you understand. It seemed to me the chasis was as classy as ever. If not classier.

I asked if there hadn't been some improvement in the topography.

Lost Inch From Hips

"It's strange," she admitted, "but I seem to have lost an inch from my hips. None of my dresses fit anymore."

The vital statistics? "I'm still 36," she said, indicating the general vicinity of her bust, "26 in the waist and 35 in the hips. I used to be 36 in the hips and 26 in the waist. I should be able to take off that half-inch with no trouble."

But wait a little minute, added Esther. She doesn't want to convey the impression that her frame magically improved after motherhood.

"Other mothers will hate me," she said. "They know it's no cinch to gain back your figure after having a child.

Exercise Helped Out

"Every mother owes it to herself and her husband to do all she can to get her figure back to normal. Nature needs a little help in this matter, for only exercise and proper diet can tighten the muscles and tone up your general health.

"I was lucky to be able to start swimming a month after my baby arrived. I have also been conscientiously touching my toes and doing other exercises for the first time in my life. And I feel wonderful.

"It isn't easy, but it's certainly worth the effort. I'd do it even if I weren't in pictures. After all, any mother likes to be able to step on the scales without shuddering."

Okay, mothers, take it from here.

ESTHER WILLIAMS

Egypt has 23,000 factories, in 120 industries, with annual output worth $800,000,000.

Southern Koreans To Receive U. S. Goods

SEOUL, Nov. 10 (AP)—The Korean assembly has approved an agreement with the United States whereby the new republic will take over some $7,000,000 to $9,000,000 worth of goods stored in South Korea.

The goods originally were shipped here to pay North Korea for power furnished the southern zone when it was occupied by the United States.

The goods were put in storage when North Koreans turned off the power last year in a dispute over payment. The United States wanted to pay the goods to Russian authorities in the north. The Russians refused payment, saying it should be given to the Communist North Korean regime which the United States does not recognize.

By releasing the goods to South Korea, the United States frees itself of the power debt. South Korea has been authorized to sell the goods and hold the proceeds to pay for the power at some future date.

New Wildcats Boost Activity In Area; Drilling Will Start

H. J. (Jack) Porter of Houston is to start drilling on a wildcat to test into the Ellenburger in south-central Borden county by or before Dec. 21.

Th prospector is to be on a block of 7,000 acres which Porter has secured from Stanolind Oil & Gas company. The acreage sets in about three miles south of the town of Gail.

Stanolind retains an override on the leases which have been turned to Porter. Exact location for the wildcat has not been reported.

Included in the block which the Houston independent has taken are sections 41, 43, 46 and the north half of section 45, all in block 31, TP survey, T-5-N, and all of sections 2, 3, 4, 8, 9, 16 and 17, in block 31, TP survey, T-4-N.

DRILLING TO BEGIN ON SCURRY COUNTY WILDCAT

Drilling is to be started by November 21, on a 8,000-foot wildcat to explore into the Ellenburger in Central-West Scurry county, 14 miles west of the town of Snyder.

The venture will be drilled on the J. H. Langford land which is the east 445 acres in section 240, block 97, H&TC survey. Exact location has not been reported.

A. T. Barrett, jr., and J. C. Ratliff, jr., both of Midland worked up the deal for the drilling of this wildcat. They took the lease from the landowner and then turned it to Spartan Drilling company and Big West Drilling company, for the drilling of the project.

Barrett and Ratliff are understood to have been paid an undisclosed amount of cash and to have retained an override on the lease.

Grady Vaughn of Dallas is the major owner of both Spartan and Big West. It has not been learned how the name of the operator on the Langford wildcat will be carried.

KELLEY FIELD EXTENSION NEARS TEST, COMPLETIONS

S. B. Roberts and associates No. 1 Lewis Central-West Scurry county wildcat discovery from the Canyon reef lime, flowed 177 barrels of clean oil in 15 hours, through various sized chokes and the flow then died.

The well is now shutin to pressure up to take potential test and complete as an extension to the Kelley field.

The pay section between 6,841 feet and the total depth at 6,868 feet had been treated with 1,000 gallons and with 3,000 gallons of acid.

After the load and residue from the last acid injection had been recovered the well was shutin for six hours. When opened up through a one-inch choke on tubing it flowed 95 barrels of oil in five hours. The choke was then changed to a one-quarter inch opening and in nine hours the well produced 71 barrels of oil. It was then flowed for one hour through a one half inch choke and made 11 barrels of oil, and then died.

That was a total of 177 barrels of oil in 16 hours. No formation water was produced.

This well is 467 feet from south and west lines of the southeast quarter of section 246, block 87, H&TC survey. It is two and one quarter miles west of the Kelley field and one and one half miles northwest of the northeast side of Diamond M field.

OPERATORS SWAB DISCOVERY AFTER MUD ACID TREATMENT

R. W. Baxter and associates No. 1 Feldman, Central-East Scurry county Ellenburger discovery was swabbing approximately 10 barrels of new oil per hour from perforated section at 7,314-26 feet, after that interval had been washed with 500 gallons of mud acid.

The project had swabbed out the acid residue and oil load during a period 15 hours where a total of 156 barrels of fluid had been recovered.

A part of that was new oil, a part load oil and a part was drilling mud and acid residue. Operators are continuing to swab to try to make the well kick off and flow.

The open hole section at 7,340-57 feet in the Ellenburger is still shutoff from the perforated zone at 7,-314-26 feet.

Location is 10 miles east of Snyder and 660 feet from north and east lines of section 63, block 3, H&TC survey.

DRILLING CONTINUES ON POSSIBLE GAINES DISCOVERY

Mid-Continent Petroleum Corporation No. 1 Nichols,, Central-West Gaines county wildcat which has indicated a possible discovery from the Clear Fork of the Permian, 23 miles west of Seminole, is making new hole below 6,691 feet in dry dolomite.

The section at 6,446-6,660 feet failed to show any signs of oil or gas during a two hour drillstem test. There was a fair blow of air for most of the period. Recovery was 640 feet of drilling mud, with no shows of oil, gas or formation water.

The show of production came in a drillstem test at 6,390-6,446 feet. During the three hours the tool was open recovery was 870 feet of 34.6 gravity oil and 480 feet of heavily gas cut and slightly oil cut drilling mud. Some gas showed during the investigation.

Location is 660 feet from north and west lines of section 7, block A-10, psl survey.

SCURRY COUNTY WILDCAT ABANDONED AS DRY HOLE

Olson Drilling company No. 1 Green, Central Scurry county wildcat two miles north of Snyder, has been plugged and abandoned as a dry hole on a total depth of 8,177 feet in the Ellenburger.

That development resulted from a drillseem test at 8,137-77 feet. The tool was open one and one-half hours. Recovery was 6,750 feet of sulphur water. There were no shows of oil or gas.

The venture entered the Ellenburger at 7,920 feet. Elevation was 2,438 feet. Location is 660 feet from north and west lines of the northwest quarter of section 157, block 3, H&GN survey. It is two miles south and three-quarters of a mile east of the nearest producers from the Canyon reef lime on the southeast side of the North Snyder field.

The Olson venture was low on the Canyon and it found no possibilities of production in that formation or in any other zone of the Pennsylvanian.

A small show of oil and gas was developed in the Ellenburger at 8,075-137 feet. However the water at 8,137-77 feet eliminated any chance for making an oil well.

SKELLY OIL COMPLETES ANDREWS COUNTY WELL

Skelly Oil company has completed its No. 3-A P. W. Cowden from the Ellenburger in the Dollarhide field of Southwest Andrews county.

The well was completed as a pumper and made a daily potentioal of 215.11 barrels of 41.9-gravity oil and no water. Gas-oil ratio was 367-1.

Completion was through perforations in the casing between 10,125 feet and 10,150 feet. That interval was treated with 9,500 gallons of acid. The venture drilled to a total depth of 10,155 feet.

Location is 560 feet from east and 660 feet from north lines of the lease in section 4, block A-55, psl survey.

STANDARD OIL PLANS TWO NEW EXPLORATIONS

Two more explorations to test the Canyon reef lime have been planned by Standard Oil company for the North Snyder field of North Central Scurry county. Both are contracted to drill to 7,000 feet.

The company's No. 3 S. L. Terry will be 660 feet from north and east lines of section 383, block 97, H&TC survey, and eight miles north of Snyder.

Standard No. 1-2 J. W. Brown is to be 467 feet from south and west lines of the north half of section 392, block 97, H&TC survey. That makes it ten miles north of Snyder.

NEW WELL COMPLETED BY CITIES SERVICE FIRM

Cities Service Oil company has completed its No. 3 Pearson in the Sharon Ridge-Canyon field southwest Scurry county, for a calculated 24-hour potential of 2,498 barrels of oil, plus 2.6 barrels of basic sediment.

Gravity of the oil was 42.5 degrees and the gas-oil ratio was 867-1.

The flow was natural from open hole between the 5½ inche oil string cemented at 6,443.79 feet and the total depth at 6,612 feet.

Flow was through a three-quarter inch tubing choke. Flowing casing pressure was 50 pounds and the flowing tubing pressure was 290 pounds.

The new well is 660 feet from north and west lines of section 162, block 97, H&TC survey.

HOUSTON MEN STAKE TWO GARZA WILDCATS

Two wildcats to test the Permian lime have been staked in Garza county.

In Northwest Garza county, Herman & George R. Brown of Houston No. 2 W. J. Long is to be a 4,000-foot prospector, located one and one-quarter miles east of their No. 1 Bassinger, recently completed as a pumper.

Slated to begin drilling immediately No. 2 Long is to be 330 feet from south and southwest lines of the Long lease in the east part of section 726, abstract 893, B. Hall survey. That makes it 10½ miles northwest of Post and three miles southeast of Southland.

The Central Garza county prospector is to be Dr. Sam G. Dunn and associates No. 1 Hammonds.

This venture will be 330 feet from south and 660 feet from east lines of the west half of section 1,235, block 280, C-170, AB&M survey. It will be one and one-half miles northwest of Post.

Contract depth is to be 3,400 feet.

Operations are to begin immediately.

The drillsite is one mile west of the nearest completed well on the northeast side of the Garza field.

HALE COUNTY WILDCAT ABANDONED AS FAILURE

Tobe Foster of Lubbock and others, No. 1 G. A. Harrell, Northwest Hale county wildcat eight miles northwest of Hale Center, has been plugged and abandoned as a failure in the lower Permian after drilling to a total depth of 7,009 feet.

It is understood that efforts had been made to drill this wildcat deeper. The filing of the plug application with the Railroad commission of Texas indicates that those efforts were unsuccessful.

The dry hole is 660 feet from south and west lines of section 7, block O, DS&E survey.

Song Writer's Plea Rejected

NASHVILLE, Tenn., Nov. 10. (AP) If convict composer Frank Grandstaff gets beyond prison walls any time soon, it will be in fancy only —on wings of song.

The 47-year-old life termer asked the Tennessee board of pardons and paroles for a pardon yesterday, but the board turned him down.

The cantata which Grandstaff wrote on the walls of his cell earned him a six-day fling at liberty in Texas last month, and the outing gave him an urge for permanent freedom.

Under technical guards, he was feted as guest of honor at Big Spring, Texas, where hic 70-page composition, "Big Spring Cantata," was sung for the first time.

Job Offered

The leave was granted by Gov. Gordon Browning on petition by citizens of Big Spring who wanted the bespectacled life-termer on hand for their centennial celebration. The little Texas town had inspired Grandstaff to write the cantata.

Grandstaff was sent up for life nine years ago as an habitual criminal, after his twentieth conviction.

He told the board yesterday that he had been offered a joo in Big Spring if he was given his freedom. The board said no, and it will be six months at least before he may try again.

The board has only the power to recommend a pardon to the governor. And not so long ago Browning indicated he looks with disfavor on pleas for releasing Grandstaff.

Optimists Make Smile Worth Silver Dollar In Harrisburg

HARRISBURG, Pa., Nov. 10 (AP)—A smile was worth a bright silver dollar in Pennsylvania's state capital today.

The Harrisburg Optimist club posted members along downtown streets to give away $1,000 to passersby wearing the biggest and the broadest smiles.

"The only requirement," explained Optimist President David Porter, "is a great big smile. This is one day we hope there won't be a frown in town."

Standing at strategic street corners, Optimist members handed out certificates to pedestrians with the broadest smiles. Each certificate was exchangeable for a brand new silver dollar.

The Optimist club also sent members to local hospitals to distribute another 100 silver dollar certificates to smiling patients.

Smile day in Harrisburg was started by the Optimist club four years ago when 20 silver dollars were handed out.

"It made such a hit and brought so many smiles in our city, we decided to keep it up," Porter said.

BIDS FOR TROPHY

TULSA. (AP)—Lorne Chabot, jr., son of professional hockey's top goalie of 20 years ago, hopes to see his own name inscribed on the Vezina trophy, which his father won twice. Young Chabot is tending goal for the Tulsa Oilers and at 20 is determined to make the National Hockey League and to win the trophy that is emblematic of goal-keeping supremacy.

Swedish Jet Fighter Plane In Production

STOCKHOLM, Sweden, Nov. 10 (AP)—Sweden was reported today to have begun regular production of a new arrow-shaped yet fighter plane which can fly more than 650 miles per hour.

The new plane, which has been designed to form the backbone of Sweden's air force, is said to be faster than any other aircraft presently built in numbers in Western Europe.

The newspaper Dagens Nyheter said the new single-seated fighter, with swept-back wings and a pressurized cabin, is being built by the SAAB Aircraft company in an underground factory blasted into the rock at Linkoping, 120 miles southwest of Stockholm.

It has been unofficially reported that 500 of the new planes —called the SAAB-29—have been ordered for the Swedish air force for delivery between 1950 and 1954.

Girl Banished For Five Years If She Leaves California

LOS ANGELES, Nov. 10 (AP) — If Lila Leeds, who figured in the Robert Mitchum marijuana case, leaves California for a night club engagement, she can't return for five years.

This was a condition of probation imposed yesterday in superior court after her arrest on a reckless driving charge. The blonde bit actress, aged 21, wept a little as Superior Judge Clement D. Nye criticized her.

Violated Probation

Judge Nye made it plain he did not originate the idea of banning her from California but that she voluntarily offered to stay out of the state for the term of her probation.

Earlier she was granted probation on a marijuana conspiracy charge after 60 days in jail. She was before the judge for probation violation on the reckless driving charge.

Three new stamps have been issued in the Philippines, with a surcharge, to help to rebuild libraries destroyed by the Japanese in wartime.

EXCLUSIVE FRANCHISE DEALERSHIP
Eastern Corporation has lucrative dealership with protected territory available to qualified party for new, ultra-modern, confection dispensing machine. This machine is far ahead of anything in the vending machine business. Expansion on the West Coast makes this opening possible. This business is depression-proof and provides income of $200.00 per week, upwards. Liberal financial assistance enables rapid expansion. Reliability and honesty more important than experience. Applicant must have a car and $2500.00 capital for inventory. If cash is not available and you cannot qualify, do not answer this ad. Write fully giving address and telephone number.

U. S. DELEGATE SMELLS A RAT

UN To Debate Soviet Proposal For Big Five Peace Pledge

LAKE SUCCESS, Nov. 10. (AP)—The United Nations moved today toward full-scale debate on Russia's demand for a big five pact to preserve world peace.

Russia's charge that Britain and the U. S. are warmongers lies at the base of Soviet Foreign Minister Andrei Vishinsky's proposal for a peace pact signed by Russia, Britain, the United States, France and China.

It foreshadowed a new peak in strained east-west relations, following several days of accelerated drum-beating against what the Russians call "Anglo-American aggression."

The 59-nation political committee gets into debate on the peace pact proposal today if it clears its decks of the prewar Italian colonies problem. It is expected to come up tomorrow at the latest.

Phoney Offer Charged

When Vishinsky, early in this general assembly session, fought to get his peace pact proposal on the program, he made a three-fold statement:

1. The United Nations should voe to prohibit atomic weapons.

2. Britain and the United States are engaging in acts that are leading to a new war.

3. The big five should sign a peace pact.

A United States delegate immediately called it "an olive branch surrounded with poisonous thorns" and labelled it "phoney propaganda."

Russia's atomic proposals are already being debated in the special political committee, which resumes its atomic debate this afternoon, after a recess since yesterday morning.

Formally, the Russian atomic proposals are for simultaneous outlawing of atomic weapons and putting into effect an atomic energy control statute.

Russia Won't Yield

France, Canada, Britain and the United States all argue that the Soviet plan would fall far short of being effective. They favor continued discussions in the atomic energy commission based on the majority plan which calls for rigid inspection of all nuclear energy materials and plants under international control. Russia refuses to yield any sovereignty to any international body. Such a body would be, Russia argued, a monopoly controlled by the United States and Britain.

Argentina has a new proposal calling for prohibition of atomic weapons in attack. Its proposal would allow the nation attacked, however, to use atomic weapons in retaliation.

Yesterday, Soviet Delgate Amazasp Arutiunian charged in the debate on Italian colonies that "Britain and America" did not want to desert bases in Liberia or give up "Colonial" controls because that area could be used as a springboard for aggression against the Soviet Union.

12. Legal Notices

Sealed bids will be received in the office of the State Board of Control until 10:00 a. m., November 18, 1949 covering the sale of approximately 100 old tunk batteries belonging to the Texas Highway Department and may be inspected at their District Warehouse in Lubbock, Texas.

Bid invitations may be obtained from the Texas Highway Department or the State Board of Control. Each bid must be accompanied by a certified or cashier's check made payable to the State Board of Control in the amount of ten per cent of the bid price. Checks will be returned to unsuccefful bidders.

The State Board of Control reserves the right to relect any or all bids and waive any formalities in connecetion therewith. All bids are F. O. B. Location of property. Successful bidders will be required to remove the surplus property from the premises within ten days upon notification of award.

Refer in correspondence to sealed Bid Offer HWY 1083, 10:00 a. m. November 18, 1949.

NOTICE TO CONTRACTORS

Sealed proposals addressed to the Mayor, Tahoka, Texas, for constructing water mains, sewage collecting lines, 2 lift stations and force main, will be received at the office of the City Clerk, Tahoka, Texas, until 2:00 p. m. November 22, 1949 and then publicly opened and read.

Bidders must submit a bond, cashiers or certified check for Five Thousand Dollars ($5,000.00) as a guarantee that the bidder will enter into the contract under the conditions set forth within 10 days after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area as set forth in the specifications. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The City reserves the right to waive all formalities and to reject any or all bids. Plans and specifications may be inspected at the office of the City Clerk, Tahoka, Texas, Texas Contractors' Publication Office or Hasie and Green Engineering Office in Lubbock, Texas. Plans and specifications may be obtained at the office of Hasie and Green Engineering Company, P. O. Box 1139, Lubbock, upon a deposit of twenty five dollars ($25.00) which will be refunded to each actual bidder upon return of the plans and specifications. Fifteen dollars ($15.00) will be refunded to non-bidders upon return of the documents. Proposals are available without charge.

Actress Bette Davis Returns To Husband

HOLLYWOOD, Nov. 10 (AP) — Bette Davis and William Grant Sherry are back together again.

However, the 41-year-old actress decided to leave her divorce suit on file—just in case. But her publicity agent said she will "postpone any further action in her divorce in the hope of solving their marriage difficulties."

The Academy Award winner filed her surprise suit against 34-year-old Sherry last Oct. 1, charging extreme cruelty and asking custody of their two-year-old daughter, Barbara. She also obtained an order restraining her third husband from harming her.

Sherry blamed his "severe temper" for the whole trouble and has sought psychiatric help to rid himself of it.

School Children To Attend Baylor Play

WACO, Nov. 10. (U.P.)—The unique Children's theater of Baylor university tomorrow will present Mark Twain's "Tom Sawyer" for an estimated 2,000 Central Texas school children.

Invitations have been addressed to 35 schools in the Waco area, Miss Jeanne McCrae, director of the Children's theater, a branch of the overall Baylor drama program, said.

The performance begins at 2:15 p. m. Friday in Waco hall.

Texas Tech Pre-Med Students Hear Dean

Pre-medical students of Texas Technological college will hear Dr. D. Bailey Calvin, dean of student and curricular affairs at the University of Texas School of medicine, Galveston, at an address in the Tech chemistry building at 5 p. m., today, according to Roy Baker, president of the pre-med club.

Dr. Calvin will also be available for student conferences from 3:30 to 5 p. m., he said.

Hong Kong has been buying unprecedented amounts of India's cashew nuts recently.

Kentucky Couple On Way To Guadalcanal

MEMPHIS, Nov. 10. (AP)—An elderly Kentucky couple is heading for Guadalcanal to toss a wreath on the watery grave of their son, who went down with the cruiser Juneau in 1942.

David Wallen, 50, and his wife stopped over here yesterday before resuming the long bus ride to San Francisco. They don't know how they'll cross the Pacific to Guadalcanal.

"We'll get there," Wallen said, "with the Lord's help."

Wallen originally started the trek afoot, trudging out of Corbin, Ky., carrying the aluminum wreath on his back. He walked as far as Cookeville, Tenn., and then decided things had gone wrong—too much publicity.

He caught a bus back to Corbin and conferred with Mrs. Wallen. Now they're both going—but no more walking.

Four Wells In Area Excused From Order

AUSTIN, Nov. 10. (AP)—Four wells in the Wasson field, Gaines and Yoakum counties, were excused yesterday from the Railroad commission's order prohibiting gas flaring.

The commission said limited volume of gas from the wells made expense to conserve the gas unjustifiable.

The excused wells were the Mabee Petroleum corporation's Abilene Christian college Nos. 1 and 2 wells, J. L. Chapman No. 1 well and oil development "B" well No. 1.

Man Given $50 Fine For Meter Tampering

VAN NUYS, Calif., Nov. 10 (AP) Leonard Collen is $50 poorer today because he tried to save a woman five cents.

Said James Smith, parking-meter inspector, in municipal court yesterday:

Collen told a woman he'd show her how to beat the meter and banged it with his hand until it showed an hour's free parking. Smith called police. Collen pleaded guilty to a charge of meter-tampering.

The fine was $50.

RECURRENCE OF CLASHES SEEN

Precautions Taken To Avoid Election Strife In Colombia

BOGOTA, Colombia, Nov. 10. (AP)—Troops cordoned off Colombia's capitol building last night and stood guard throughout the nation to ward off a repetition of election clashes which reportedly have taken hundreds of lives.

The conservative government imposed a 9 p. m. to dawn curfew in Bogota and in Cali, Colombia's fourth largest city, to keep everyone off the streets at night.

Troops were dispatched to strategic points throughout the country. Government buildings were put under heavier guard. Congress members and newspaper reporters were barred from the capitol building.

Balloting Scheduled

Speculation grew that the army might take over power from the civilian government to curb the bloody outbreaks between conservative and liberal party supporters.

Such action might postpone the balloting scheduled Nov. 27 to name a successor to conservative President Mariano Ospina Perez.

(A New York Times dispatch from Bogota said a state of siege had been declared. The dispatch said the government had suspended constitutional guarantees and all sessions of state legislatures, and that censorship had been placed on the press, the radio and outgoing press dispatches.)

Though Bogota has been free of political violence recently, party newspapers in recent weeks have reported a steadily-rising wave of hard fighting between groups of conservative and liberal partisans. Each party blames the other for the fighting.

May Boycott Voting

The government has confirmed only a few of the reports. Press accounts put the death toll at more than 500 in the last two weeks of October alone.

The conservatives so far have appeared determined to hold the election Nov. 27, with Laureano Gomez as their candidate. The liberals have said they will boycott the voting. They charge the government has not preserved order and any election now would not be a free vote.

Liberal leaders last night reiterated they would not recognize the result of any election now.

Though President Ospina and his government are all conservatives, the liberals have a majority in both houses of congress. Their leaders have threatened to push through a proposal for a four-man provisional government to succeed Ospina when his term ends next May 5.

Clashes Violent

Ospina won his post in 1946, due to a liberal party split which gave Colombia a conservative president for the first time since 1930. The liberals retained control of congress. Though Perez governed with a coalition cabinet until last spring, violent clashes between the two parties developed.

The biggest was in April, 1948. The assassination of a liberal leader touched off wholesale riots in which 1,200 persons were killed in Bogota and 300 elsewhere in the country. The rioting also interrupted the work of the Inter-American conference, then meeting in Bogota.

There were more clashes and more deaths before the congressional elections last June. The wave of violence subsided for a time during the summer, but in recent weeks the incidents, and deaths, have rapidly increased in number.

Beirut, Lebanon, shortly will have an automatic telephone system.

$890 Burned Up In Heating Hot Water

DAYTONA BEACH, Fla., Nov. 10 (AP)—A hot bath may cost Fred Disselkoan $890.

He hid $890 in an envelope in the water heater at his home while he went fishing. Back from the fishing trip, he lit the heater to take a bath. A few minutes later, he recalled hiding the money. He opened the heater and found only charred remains of the currency.

A bank advised him yesterday to send the remains to the U. S. treasury in Washington. Bank officials said government experts might rule in his favor and send him new bills to replace the charred fragments.

Services For Solon Slated

PARSONS, Kan., Nov. 10 (U.P.) — Sen. Clyde M. Reed, R., Kan., whose death brought sympathy messages from Republican and Democratic leaders alike, will be buried here tomorrow.

Vice-President Alben Barkley named 12 senators, including members of both parties, to represent the upper chamber at funeral rites for the 78-year-old publisher-politician who died of a heart attack Tuesday night.

The Kansas delegation in the House of Representatives also planned to attend.

Truman Praises Solon

President Truman led a list of national and state officials, business and industrial leaders, who paid tribute to Reed.

Mr. Truman described the second-term senator as "my friend and colleague through all the years when our work in the Senate brought us in daily association."

At Topeka, meanwhile, Kansas Gov. Frank Carlson was silent concerning an appointee for Reed's unexpired term but state GOP leaders predicted he would name a Republican willing to retire after the 1950 elections.

May Enter Race

It was generally believed that Carlson plans to enter the Senate race next year upon completion of his second term as governor.

Observers agreed his chances for election would be enhanced if he passed up the opportunity to appoint himself to the Washington post now and selected instead a person who would not seek election after serving his brief term.

Carlson was not expected to comment on the matter until after attending Reed's funeral.

Considered as "possibilities" for the interim appointment were Harry Darby, Kansas' national Republican committeeman; former state party chairman Walt Fees; Kansas GOP chairman Wes Roberts; Oscar Stauffer, owner of a chain of radio stations and newspapers, and Clif Stratton, Washington correspondent for the Capper publications.

Alfred Landon, 1936 Republican presidential nominee and former Kansas governor, was rated an unlikely prospect for the position.

HE DIVES FOR SUNKEN 'TREASURE'—At left, diver Bob Forrest is lowered by his helpers into the Crown Zellerbach log pond at Port Angeles, Wash. He's going down to search for "treasure" in the form of sunken logs. "Treasure?" you say. Darn tootin'. Loggers up in the woods float great "booms" of logs down the river to the sawmills. A boom consists of thousands of logs, chained into a gigantic raft. About 5 per cent of the logs become waterlogged and sink. And at present lumber prices, that ain't hay. Hence the salvage operation. Picture at right shows Forrest supervising recovery of one of the logs he located below the surface and hooked on to the salvage hoist.

British Professor Finds Old Village

FOGGIA, Italy, Nov. 10. (AP)—War experiences have led a young British professor to important archaeological discoveries in southeastern Italy. Prof. John Bradford, 31, of Oxford University (Pitt River Museum) was a Royal Air Force pilot during World War II. In his flights over the Gargano plateau, he noticed traces of neolithic ruins hitherto unmentioned in archaelogical textbooks.

He came back a few days ago. So far Bradford has discovered the medieval village of Salpi. It is of interesting historic value and its full plan is clearly outlined from the aerial photographs. Another unknown village was discovered by the party near Torrione del Casone, on the highway Pescara Lecce.

Prof. Bradford's use of aerial photography for archaeological research is completely new in Italy. The British used it widely, especially in the Mesopotamian desert to trace the ancient Assyrian towns between the two wars.

New York Youth, 11, Hitches Plane Ride

ST. LOUIS, Nov. 10 (U.P.)—Eleven-year-old Arthur Biggs, New York, may be impractical about such necessities as food, clothing and money, but he knows how to get around.

Arthur, without luggage, food or money, climbed aboard a TWA airliner at New York's La Guardia field yesterday and sat down. No one noticed him until the plane was flying over Ohio.

St. Louis county police took him into custody when the plane arrived here.

Giant Aussie Crater Caused By Meteorite

LOS ANGELES, Nov. 10. (AP) — Wolf Creek crater in Western Australia was caused by a meteorite, says reports to Dr. Frederick C. Leonard, University of California astronomer. Iron fragments recently found in the giant pit prove it, he says.

The Wolf Creek crater is 2,800 feet across and 280 feet deep. It is second only to the Canyon Diablo crater in Arizona which is 4,200 feet across and 600 feet deep.

No one knows when the meteorites which made these craters fell.

Estimates run from 700 years to 70,000 years ago.

HEADACHES

Relieved Quickly With Fast-acting

"BC" Powders or Tablets

● When you use "BC" for the relief of simple headaches, neuralgic pains or minor muscular aches you get the full relief-giving effectiveness of not just one, but *several* of the world's most popular pain-relieving ingredients. In combination these ingredients are remarkably effective—far more so than either would be alone. This is something worth remembering when a headache strikes and you want relief, and want it in a hurry.

Nowadays when you buy "BC" you may have it in either tablet or powder form. In both you get the same famous "BC" formula—the same fast relief. You also get a preparation that has stood the test of time—one you can use with complete confidence. Buy "BC" today and use as directed. You'll agree that nothing is more comforting or relieves faster. Two "BC" Tablets equal one "BC" Powder. 10c & 25c sizes.

Russia Asked To Aid Return Of Americans

WASHINGTON, Nov. 10. (U.P.)—The United States has sent Russia a note expressing "grave concern" about the welfare of two Americans missing in Communist-controlled North Korea since Sept. 22, it was learned today.

The note called on Russia to try to locate the missing men and help return them to American control. Russia rejected a similar appeal made by the United States Oct. 1.

The missing men are Albert Willis of Brooklyn, and Alfred T. Meschter of Kinderhook, N. Y., employes of the Economic Cooperation administration. They were aboard the steamer Kinball R. Smith when its Korean crew mutinied and took the vessel and the two Americans to North Korea.

An immediate American note to Russia brought the reply that the United States should take up the problem with the North Korean government, which the United States does not recognize. The latest American note, delivered by Ambassador Alan G. Kirk in Moscow, tried to side step this diplomatic issue in an effort to get Soviet action.

Glass Foam Used As Substitute For Cork

DENVER, Nov. 10 (AP)—The University of Denver Industrial Research Institute is making glass foam, which in effect is a mass of tiny vacuum bottles. The purpose is improved insulation against heat. A chunk about as big as an ice cream cone may contain about a million of the tiny jugs.

The new glass material is white, strong and about as light-weight as cork. It is intended to be a substitute for cork and is a development for the U. S. Army Quartermaster Corps. Powdered glass, mixed with a little powdered cadmium is melted. The glass becomes fluid. The cadmium vaporizes. This cadmium vapor forms minute bubbles all through the glass. The hot glass rises like baking bread. When the glass loaf cools, the cadmium bubbles condense to metal again. The metal coats the inner surface of the bubble, leaving a vacuum the size of the bubble.

CRASH IS BAD LUCK

LEWISTON, Mont., Nov. 10. (AP)—Roger Brandt escaped eight plane crashes without a scratch. But on the ninth his luck ran out. His plane crashed while taking off and Brandt suffered a back injury.

Attorneys Seeking Release Of California Kidnaping Suspect

LOS ANGELES, Nov. 10. (AP)—Attorneys for Nicholas Meyers, held on suspicion of kidnaping and murdering a little girl three years ago, say they will seek his freedom on a habeas corpus writ.

Meyers was booked Monday in the case of six-year-old Rochelle Gluskoter, whose bleached skeleton was found in the desert 18 months after her abduction in 1946.

Sam Houston Allen and Edward Mosk, attorneys for Meyers, say they will ask his freedom "unless some immediate action is taken by authorities."

Evidence Insufficient

Norris Stensland, chief of detectives in the sheriff's office, declared, "We will resist by all legal means the release of Meyers on a writ."

However, Stensland said yesterday the district attorney's office told him that evidence so far is insufficient for a complaint.

Meyers, arrested at the pool hall he operates, has denied all allegations.

His arrest followed a tip from a woman who saw the car in which little Rochelle disappeared. Investigators said the license plates on Meyers' car tallied with those on the alleged kidnap vehicle. California has used the same plates since the war.

The Ministry of Labor in Guatemala has suggested that producers of coffee and other export crops be required to grow sufficient corn for their employees.
