S Girls' Chorus ces Second

high school girls' chorus second at the regional festival at Canyon last competing with chorus from all over the Pan- girls' chorus, under the di- of Mrs. David Miles, will programs at Phillips school Thursday morning Canadian high school day afternoon.

W LEGION HEAD — Char- Gibson of Amarillo was commander of the 18th American Legion, at the convention held in Pampa ril 17-18. Gibson is past nder of the Amarillo post past Grand Correspondent 40/8 of Texas. He served mbat infantryman in World His term as district com- is for two years.

City Water Pressure Is Ample for Present

Citizens who have been wondering about the city water supply the past few days will be glad to know that the water supply is ample for present needs. The cause for the water going off and on has been in faulty switches on the automatic pumps at the city wells. That difficulty was corrected Monday and city officials hope the pressure will be constant from now on, at least until the hot summer months ahead. The new city well in the south part of town is still in the planning stage, and consumption has just about caught up with supply at the present wells.

District Court Disposes of 18 Cases So Far

The April term of the 84th Judicial District court opened Monday morning, with Judge Jack R. Allen presiding, and 18 cases were disposed of during court sessions Monday and Tuesday.

Most of these 18 cases were dismissals.

The Grand Judy returned three bills of indictment, two for swindling and one for wheat theft. Names of the swindling cases were withheld pending the arrest of the accused.

Walter T. Hamilton, charged with the theft of 400 bushels of wheat from Mrs. Dennis Reed, pleaded guilty, waived trial by jury and was sentenced to two years in the state penetentiary, with the sentence suspended during the period of the defendant's good behavior.

Testimony in the case revealed that Hamilton had paid back Mrs. Reed the full value of the wheat, at $2.60 per bushel. He is 26 years old, has a wife and two children and spent four years in the Army during World War II, most of this time overseas. He has never been in any difficulty with the law before. His banker in Arkansas and his wife stayed with him during his trial.

In pronouncing sentence, Judge Allen stated that it was unusual to suspend sentence in a case of this type, but that the suspended sentence was given after taking into consideration the favorable aspects of Hamilton's character and past record.

The court heard arguments by counsel in the case of Mae W.

Smith Rites at Bethel Church

Funeral services were held Thursday morning at the Bethel Baptist church for Rev. M. C. Smith, who died Monday night of a heart attack at his home in the southeast part of Texas county. He was 67 years old.

Rev. Smith was pastor of the Bethel Baptist church for the past two years.

E. Ray Lansdown conducted the final services.

Pallbearers were Bob Johnson, Paul Johnson, Jimmie Blair, Nolan Neff, Cecil Watson and Harold Gibson.

He is survived by his wife, Clara, two daughters, Mrs. Alfred Worthington of Newkirk, Okla., Mrs. Stephen G. Gover, Aline, Okla.; a son, Clifford J. Smith, Shawnee, Okla.; three sisters, Mrs. A. A. Armstrong, Earisboro, Okla., Mrs. Anna Hoodson, Newkirk, Mrs. Belle Boyle, Stella, Mo., and 11 grandchildren.

Interment was in the Shawnee cemetery.

FIGHT AGAINST FOOT AND MOUTH DISEASE—Bulldozers are cutting a path through a Mexican jungle to keep foot and mouth disease from the United States. A part of the completed portion of the eight-wire high fence along the path shown here. Soldiers afoot, on horseback and in jeeps will patrol the line which starts at Dos Hermandos on the Gulf coast and will run approximately 116 miles to Tamazunchale on the Pan American highway. There will be gates at highways.

Light Rain Wednesday Night Brings Aid to Wheat Fields

Rain at last came to thirsty fields of the Perryton area Wednesday afternoon, bringing an end to six weeks of strictly dry weather.

The rain started falling around 6 o'clock, and was still falling when the Herald went to press Wednesday night. It was not a heavy rain, but will undoubtedly be of great benefit to the wheat crop.

The rain which fell Wednesday nigght amounted to .50 inch of moisture, according to the official rain gauge kept by Judge Allen. The rain was general over the Panhandle, with some localities receiving over an inch of moisture.

Not since the snow which came with a blizzard on March 10 has there been any moisture in this area, and the wheat needs moisture if a crop is to be made this year.

Moisture is especially needed because of the long, dry planting season last fall which kept wheat from germinating until late and the roots of the plants are shallow.

The weather for the past few weeks has been unusually warm for this time of the year. Temperatures the first part of this week reached 90 degrees, highly unusual for April.

In spite of the lack of moisture, little blowing of fields has been noted in Ochiltree county, in contrast to other sections of the wheat country reporting serious blowing damage to wheat fields.

Baseball Team to Open Season at Darrouzett Sunday

The Perryton baseball team will go into action for the first time this year when they play the fast Darrouzett team in a game at Darrouzett Sunday afternoon.

Manager Hank Richardson will field an untried aggregation and plans to give every player a chance to display his wares in this non-league game. The first league game will be in Perryton on May 2 against Sunray.

Approximately 20 players have been working out for the past few weeks, but most of the positions are still wide open, says Richardson. The battery for the game will probably be Chambers pitching and Muir catching.

Booker Church Of Christ Will Hold Meeting

The Church of Christ in Booker announces the beginning of a Gospel meeting from Thursday evening, April 22 through Sunday, May 2. Services will be conducted each evening at 8 p. m., with Lee E. Rawlings, minister of the Perryton Church of Christ, as the speaker.

Mr. Rawlings conducted a very successful meeting in Booker last year shortly after the establishment of that congregation.

The Booker church has a new brick church building and this meeting will be the first Gospel meeting to be conducted in the new location.

Among the subjects to be discussed are "The Bible Our Only Creed," "Christianity Weakened by its Friends," "Salvation by Faith but not by Faith Only," "Is Baptism Essential to Salvation?" "Justification," "The Witness of the Spirit," "Religious Sinners," "Some Judgment Day Surprises," "The New Testament Church," "The Bible—Is it True?" "If Thou Hadst Known."

Congregational singing will be featured each evening.

Training Clinic Opens Monday

A retail training clinic, similar to the very successful one held in 1946, will be held in Perryton beginning next Monday night, April 26, with Miss Gertrude Prince in charge. The clinic is sponsored by the Chamber of Commerce in response to a number of requests by local business firms.

Miss Prince, who is with the University of Texas Extension Training Bureau, conducted the course here two years ago.

The clinic is designed as an aid to retail sales people and

See No. 3, Page 8

Majority of Houses Have Wrong Numbers

A majority of houses in Perryton still bear incorrect house numbers, according to postal employees and the Chamber of Commerce committee which has been working to correct the house numbers. It is especially important to citizens living in the proposed extension area for city delivery that they install the correct numbers immediately if city mail delivery is to be approved in their area. It costs only 30 or 40 cents for new house numbers and the correct numbers may be secured at the city hall.

New Telephone System First In C. of C. Civic Project Poll

For the second straight year, improved telephone equipment ranks as the number one civic need in Perryton, according to results of the Chamber of Commerce poll, which was completed this week.

Telephone improvement received 786 votes as compared with the number two need, a new post office, which received 473 votes.

A year ago, when citizens expressed their desire for an improved telephone system, a committee met with officials of the Southwestern Associated Telephone Co., later holding a public hearing with the telephone company officials. At that time, the company promised to install a dial system, depending upon availability of equipment.

A letter from Ray F. Red, general commercial superintendent of the company, expressed the belief that dial equipment would be installed in Perryton in late December, 1948 or in January, 1949, with an estimated three or

See No. 4, Page 8

Here's How They Voted on Civic Improvement Poll

Here is how Perryton citizens voted on the list of civic projects for Perryton. The number of votes each received is shown in parentheses.

1. Telephone improvement. (786)
2. New postoffice. (473)
3. Eradication of flies and mosquitoes. (438)
4. Replacement of Wolf Creek Dam. (422)
5. Secure traffic lights and stop signs. (421)
6. Extension of railroad or secure another line. (379)
7. New industries. (362)
8. Better traffic enforcement. (346)
9. Extension of highway east.

See No. 5, Page 8

Clean-Up Day is Put Off Because of Rain

Clean-Up Day, scheduled for this morning, Thursday, has been postponed until next Thursday, April 29, because of the rain. The same clean-up captains, trucks and workers that were scheduled for the Clean-Up Day this Thursday will be called upon next week and the same general plan for cleaning up the city will be followed as was outlined for this Thursday.

Another Scrap Drive Planned By Boy Scouts

The scrap drive put on by Troop 55, Boy Scouts of America, proved to be such a money making proposition that a similar drive is planned this Saturday. The boys gathered up nearly 5 tons of scrap iron, netting $98.27 for the troop activity fund.

Assisted by Virgil Olmstead, the boys loaded a truck with scrap which had been set aside previously by various business firms in Perryton. A wrecker, which has a hoist for heavy articles, was loaned to the boys by the Perryton Motor Co.

Bank Deposits Drop Slightly From Dec. 31

Combined bank deposits in Perryton showed a slight drop from the December 31, 1947 figure, as revealed by the bank call on April 12. The drop in deposits amounted to $15,799.91.

Total bank deposits on April 12 were $9,317,442.51, with the First National reporting $7,042,141.35 and the Perryton National reporting $2,275,301.16.

Although some observers had expected an increase in bank deposits due to the selling of a portion of the heavy 1947 wheat crop which was held until after the first of the year, the heavy wheat selling did not materialize and income tax payments naturally decreased the amount on deposit.

On December 31, the First National had deposits of $7,098,225.

See No. 6, Page 8

Perryton Will be Host to 300 Club Women from 18 Counties At District One Convention

Perryton will be host to approximately 300 Home Demonstration Club delegates from 18 Panhandle counties at the District One convention of the Texas Home Demonstration Association which will be held in Perryton on April 30. The nine Home Demonstration Clubs of Ochiltree county are the official hostesses and have appointed committees to make arrangements for this district convention.

The convention will be presided over by Mrs. Carl McDowell of Sunray, District One vice-president. Miiss Ella Calfee, of Itasca, Texas state treasurer of the THDA, and Miss Doris Leggitt, District One Home Demonstration Agent, will also be present.

J. B. Linn, known as "Uncle Jay," over radio station KGNC, will make one of the main addresses. The title of his talk is "Family Life—Its Relationship to World Peace."

Registration of the delegates will begin at 9 a. m. Friday morning and the business session will start at 10 a. m. Luncheon will be served to the delegates in the Baptist church basement at noon. All sessions of the convention will be held at the Baptist church.

In charge of making local arrangements are Mrs. Virdie P. Wheeler, county Home Demonstration Agent, and Mrs. Amos Morris, council chairman of Ochiltree county.

The following committees

See No. 1 Page 8

New PTA Officers To be Installed at Monday Meeting

The Perryton Parent-Teachers Association will install officers for the coming year at the regular meeting Monday night. The new officers are Mrs. Cecil Dodd, president; Mrs. G. W. Acker, vice-president; Mrs. Harold Hudson, recording secretary; Mrs. Jack Todd, corresponding secretary; Mrs. Jerome Woods, treasurer; Mrs. Alton Witt, historian; Mrs. J. A. Anderson, parliamentarian.

The senior chorus of Perryton high school will present several numbers on the program.

Mrs. Leon Shrader will give a talk, "A Life of His Own," and Mrs. Virb Conley will give a summary of the findings during the pre-school Health Round-Up recently conducted under the sponsorship of the PTA.

JUST HERE and THERE

Just about the most enjoyed surprise we've had in many a day was a visit with Fred Hood, pioneer Perryton lumberman. Fred is now headquartered at Amherst, Tex., with his daughter, Marie. His son, George, is manager of the Petty Lumber Co. at Tuscon, Ariz.

It can be truly said that Fred Hood was a builder of Perryton from the very first day of Perryton on Aug. 22, 1919. He was a most active member of a small group that were untiring in their effort to lay the foundation for the city that is Perryton today. Back in those days, Fred was one of a bunch of boosters that were never too engaged with their own business to take a day, two days, or more if necessary, from their business to build for Perryton

See No. 7, Page 8

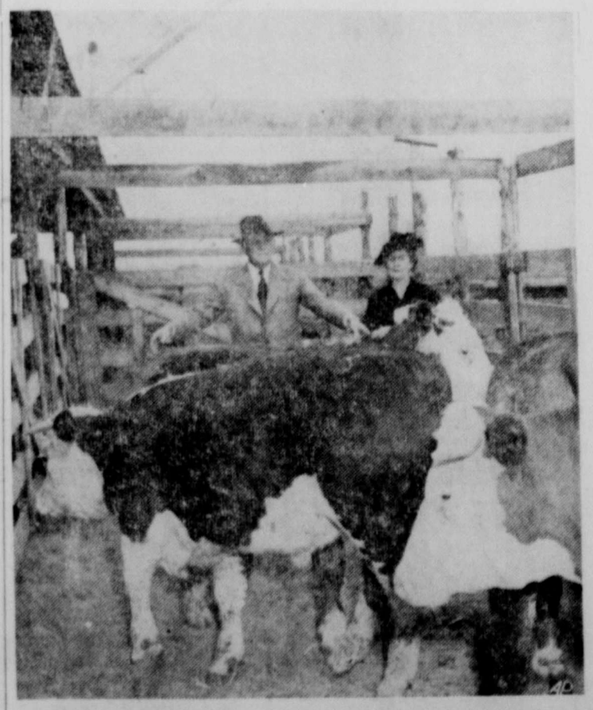

Legion Junior Baseball Team To be Formed

An American Legion junior baseball team is in process of being organized in the Perryton area, and will compete this summer against similar teams in Spearman, Liberal, Canadian and Beaver.

Virgil Olmstead, commander of the Pierce Johnson post, is organizing the team, assisted by Hood Wills. Practice sessions will be held within the next week or so, although intensive workouts will not be held until school is out in the middle of May.

Fifteen uniforms for the team will be furnished by the Ford Motor Co. through the A. & B. Motor Co., local Ford dealers.

The age limit for participation in this junior baseball program is 18 years.

BARBECUE TEXAS STYLE—Mrs. R. A. Thompson of Goliad is shown presenting a steer to Governor Beauford Jester for use at the Texas Democratic Barbecue at Fort Worth April 20. All Texas party members are invited to the barbecue, which is sponsored by Democratic organizations.

Sanford Hospital

Visiting Hours
2:00 p. m. until 4:00 p. m.
7:00 p. m. until 9:00 p. m.

Mr. and Mrs. Wm. Etling, Gruver, are the parents of a daughter, born April 15.

Orso Hibbs, Booker, and Turk Hudson, Gruver, are receiving treatment for burns they received in separate gasoline explosions the past week.

Medical patients in the hospital are Gaylan Sargent, Perryton; Mrs. J. L. Ashenbeck, Brownsville; Mrs. Florence Thompson, Spearman; Mary Alice Bailey, Hardesty; Mrs. Roy Herbel, Jimmy Payne, Mrs. Georgia Echols, Booker; Mrs. V. V. Haskel, Elmwood; Karol King, Canadian; Larry Beckwith, Balko.

Mrs. Lloyd Drake and Mrs. E. H. Dye, Perryton, are surgical patients.

Mrs. George Hennigh and infant have been dismissed and have returned to their home in Booker.

Wilbert Seedig, who received treatment for a shot gun wound in the hand, has been dismissed.

Medical patients dismissed include Mrs. Charles Fike, Nancy Berne, Gruver; A. B. Hankins Jr., Terry Evans, Judy Butler, Mrs. Calvin Walton, Jimmie Ferguson, Mrs. R. C. Allen, Vance Apple, Mrs. Roy Sanford, Lynette Parsons, Perryton; Gerald Herbel, Booker; Mrs. A. B. Pennington, Hardesty; Mrs. W. B. Seitz, Spearman.

Surgical patients released are Bonnie Sullins, Gruver; Mrs. Lon Godley, Hardesty; Leona and Patricia Beason, Perryton; Mrs. Willard Davis, Spearman.

Mr. and Mrs. Ralph Rupprecht, Follett, visited his father, Geo. Rupprecht, Eldon Rupprecht, and Mr. and Mrs. Cyril Frommelt Sunday. They have just returned from a three weeks vacation to California.

New Equipment Added at Blue Bonnet Company

The Blue Bonnet Ice Cream Co. announces the installation of a new modern Vogt Continuous Ice Cream Freezer which will enable the company to better serve the Perryton trade territory. This new freezer, of the very latest type, insures tastier ice cream with better texture and improved flavor.

Another big improvement is the new hardening and freezing room containing 2,100 feet of space and which was completely built by Perryton labor. The low temperature of this freezing room is controlled by the recently perfected King unit. Five months were spent in installing new equipment and building the freezing room, at a cost of approximately $20,000.

The Blue Bonnet Co. is also equipped to manufacture and freeze popsicles and ice cream bars. Blue Bonnet ice cream, popsicles and ice cream bars are distributed through routes covering fifteen nearby counties and six local dealers.

The Blue Bonnet fountain will re-open this week-end with several special features and free gifts will be given to the kiddies. The public is invited to visit the fountain and the manufacturing department at any time.

Methodist Church Gives 12 Calves to Children's Home

Twelve calves, ranging from 400 to 950 pounds each, were taken to the Methodist Home at Waco this week as a gift from the local Methodist church.

Edwin Malaney and A. J. Eudy took the calves to Waco, leaving Sunday night and arriving there early Monday morning.

A special gift was a Shetland pony given to the children of the home by Vance Apple.

This is the third consecutive year that calves have been given to the home by members of the Methodist church. Last year there were 33 calves in the shipment, but due to the absence of wheat pasture and the resulting smaller livestock population in the county, the number of calves was much smaller this year. In 1946, there were 22 calves given.

Mrs. Kenneth Munger returned Friday evening from Portales, N. Mex., where she had visited the past two weeks with her daughter, Mrs. Sherwood Speegle and Mr. Speegle. The Speegles are happy to announce the arrival of a daughter, April 5.

Trash Fire Causes Lots of Excitement

City firemen answered a fire call Monday morning at the Sanford Dodson home, 1022 S. Drake where Mr. and Mrs. Dodson had become a bit too enthusiastic over their clean-up program.

They had gathered a huge pile of trash from their house and yard, piling it neatly in the alley behind their garage. The trash pile caught fire, and was checked through the efforts of Mr. and Mrs. Dodson and their neighbors, who used garden hoses. The fire scorched their fence, and threatened to catch both the fence and garage on fire, but it was kept under control before any damage was done.

This fire caused lots of excitement, furnished an excuse for approximately 20 curious automobile drivers to follow the fire truck, and got rid of the Dodson's trash.

Greek Soldiers Get Best Food In U. S. Program

(AP) Newsfeatures

ATHENS — American food is making the Greek soldier one of the best fed fighting men in the world.

Each soldier receives a ration of 3,800 calories daily from the American aid program and this is supplemented by supplies from his own government.

Everything that keeps the Greek army functioning is also supplied by the United States. Guns, ammunition, transport, pack animals, forage, uniforms and communications facilities are provided under the estimated $175,000,000 expenditure. Of this $80,000,000 is devoted to purely quartermaster supplies. The remaining $95,000,000 goes into items that provide firepower.

The best American mountain winter warfare clothing has been provided. Skis, ski boots, parkas and waterproof clothing makes the Greek winter fighters as well equipped as American mountain soldiers during the war.

Greek commando units already have been supplied with the American Army combat boots. Thousands more pairs are on order for field and mountain units in forward areas.

Hundreds of jeeps, command cars and trucks have increased the mobility of the army.

Similar allocations of food, arms, and other equipment have been made to the navy and air force.

Papua Studied As Food Producer

CANBERRA, Australia (AP) — A joint British and Australian mission will study Papua in New Guinea as a food producing area, says External Territories Minister Edward Ward. Some farm experts will be transferred from work in Africa. One authority believes ground nuts, cocoanuts and tea can be produced in large quantities in New Guinea.

Virtue's

MAYBE it's old fashioned — but Mom is back on her famed pedestal!

This year's affectionate Mother's Day cards are strictly on the sentimental side. No more kidding verses and "career girl" illustrations.

Instead, the cards are blooming with pansies and roses like an old garden wall. Heavy ribbons, lace borders, and sparkling rhinestones create an air of elegance and luxury.

Several of the greetings strike a religious note, containing prayers for Mother's continued happiness.

Old-fashioned domestic scenes take Mother for nostalgic little journeys into the happy past. Of course, there were slight differences of opinion over spinach, bed-times, and stray kittens. But the cards all end up in deep-hearted bursts of praise for "patient, understanding Mom."

One "fairy tale" card declares—

Story book Mothers
Are sweet, it's true,
But none of them ever
Are SWEET AS YOU!

Good wishes aren't limited to Mother, though, on Sunday, May 9. This year there are also Mother's Day greetings with appropriate sentiments for grandmothers, aunts, sisters, wives — yes, and even mothers-in-law!

Tech Engineering School Will Put Many Strange Gadgets on Exhibition

LUBBOCK — Senior engineering students at Texas Technological College promise spectator crowds a look at "what has never been before" during their visit to the campus April 23 and 24 for the sixteenth annual Engineers' Show.

A show geared to the signs of the time is the stock in trade in each of the 10 departments, architecture and allied arts, chemical, civil, electrical, industrial, mechanical, military science and tactics, petroleum, physics and textile, interested actively in the success of the 1948 exposition.

In keeping with its own development and the increased attention in West Texas in the oil industry, the petroleum and geology departments will exhibit the latest in oil field equipment. These groups will demonstrate a typical oil field structure with a miniature operating pump along with revolutionary machinery, and they are prepared to answer all questions concerning the petroleum industry.

Magic and mystery ever present in the field of science and mechanics will be harnessed by the physics, chemical, mechanical and electrical departments. These groups have listed among their exhibits "miniature fog and rain," a "Lena the Hyena box," radio controlled car, a "magic stream."

Familiar to the veterans will be the vast array of arms and munitions, mine detectors, sound power phones, and captured enemy equipment that will be shown with the modern equipment used in training Texas Tech military engineers.

Mechanical engineers have arranged a demonstration of water injection in an automotive engine. Shown for the first time this year also will be natural gas engines and a model of Here's Turbine, the first heat engine.

Textile engineers, recognized as the only textile students west of the Mississippi, have arranged a complete demonstration of cloth making from the raw cotton, moving through the dyeing process and turning out the finished product. The advancement in this industry from the day of the hand loom to the modern fly loom is to be a part of the textile exhibit.

Models of bridges, concrete and suspension, highway engineering methods and other model exhibits will be provided by the civil engineers along with their demonstrations.

Free hand drawings, water color paintings, pottery and clay modeling are to brighten the upper floors of the Engineering building during the show. Among the drawings there will be displayed by architecture students designs for an outdoor theater for MacKenzie State Park in Lubbock.

Every exhibit is to be complete. Each building will be equipped with official programs to aid visitors in moving about the show. The doors will open at 2 p. m. Friday, and a continuous show will run through Saturday night.

Miss Elizabeth Morgan, who is clerk at Hotel Perryton, is enjoying a several weeks vacation in California. She will visit with a sister near Oakland.

Mrs. R. R. Walton and Mrs. J. W. Chase Jr. left Sunday for Waco to visit relatives.

CARD OF THANKS

In appreciation—I am taking this means of thanking my friends for the flowers, cards and gifts I received. Thanks to the kind nurses and doctors, during my two weeks stay at Sanford Hospital.

Mrs. A. B. Pennginton
17-1t-p

Mr. and Mrs. R. L. Overbey were Sunday dinner guests of Mr. and Mrs. Gene Cudd and daughter, Genette, at their farm home.

Mr. and Mrs. Nathan Ferguson and children and Mrs. Frances Ferguson visited in Stinnett Sunday afternoon.

Mr. and Mrs. F. L. "Whitey" Perkins attended funeral services for Mrs. Perkins' grandfather, John Reimer of Higgins, Saturday afternoon in Shattuck, Okla.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 14.348 miles of Gr., Strs., Flex. Base & Single Asph., Surf. Treat. from Hwy. 117 at Farnsworth south 9.198 mi. from US Hwy. 83 at Perryton east 5.150 mi. on Highway No. FM 376 & 377, covered by S 966 (1) & S 967 (1), in Ochiltree County, will be received at the Highway Department, Austin, until 9:00 a. m., May 12, 1948, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of L. K. Cantrell, Resident Engineer Canadian, Texas, and Texas Highway Department, Austin. Usual rights reserved.

AT LAST! A sure way to choose a washing machine!

America's largest independent test lab reports the Bendix washes better 2 ways!

For two months, the Pittsburgh Testing Laboratory made test after test to find out *which* way is the *best* way to get clothes cleanest.

Compared with three leading non-automatic washers, the Bendix automatic Home Washer made by far the best showing on all counts. *The Bendix removed 28% more soil than the average of the other washers tested and also did 10 times as good a job of germ removal!*

What's more, the thrifty Bendix obtained these outstanding results with an average of *40% less soap and 10 gallons less water* than the runner-up washers used on a single load of clothes!

Best of all, from your standpoint, is the fact that the Bendix performs these laundering miracles all by itself . . . even when you're not in the house! It washes, triple-rinses and damp-drys *automatically.* All you do is set the dial, add soap . . . and you're through!

How the Tests were Made

The soil removal tests were made in accordance with the Test Manual of the American Washer and Ironer Manufacturers Association, with water temperatures of 160° for the automatic machine and 125° for non-automatic type machines as specified by the Manual.

For the germ removal tests the washing procedure as above was supplemented by a pre-determined rinse procedure established from contact with authorities in the field of home laundering including the manufacturers of the machines used. The Bendix was used in accordance with the manufacturer's published instructions. Staphylococcus aureus bacteria (bacteria commonly used for test purposes) were used to measure efficiency of germ removal.

The four washers used, three non-automatic and a Bendix automatic Washer, were purchased in the open market by the Pittsburgh Testing Laboratory.

WHITE CONGRATULATED—Governor Beauford Jester (left) of Texas, congratulates Dr. Will- White (right) after White was inaugurated as ninth president of Baylor University at Waco, Tex., 13. Pat M. Neff, who retired as president of Baylor Jan. 1 after fifteen years as the school's head on (center).

erican Films are Tailored for fferent Tastes in Foreign Lands

By GENE HANDSAKER

OLLYWOOD — In "The Tat- Millions," now shooting, y Woolley refers disparag- to another character as "a cing Communist." That's American audiences. In a ate version of the same for the foreign market, ley calls the other man "a Deal firebrand.'

's to avoid complications, studio executive puts it, in tries where the Communist is one to be reckoned with.' rs there might whack out Communist reference and make the film jerky.

Studios are constantly on the alert to avoid treading on foreign sensitivities. English censors won't permit views inside a surgical operating theater, showing instruments, blood, or motions of cutting. They were particularly strict on this during the war. A recent Bing Crosby-Barry Fitzgerald movie dodged the rule by staging an operation (on Barry) in his home.

Another film had an orchestral rendition of the American patriotic hymn, "My Country, 'Tis of Thee," the same melody as Britain's "God Save the King." In the export version, the tune was changed to "Columbia, the Gem of the Ocean," to spare British audiences the necessity of standing.

Sometimes the tailoring is merely to make the picture understandable in other lands. Jerry Colonna is a puzzling figure abroad, I'm told. In the version of Hope and Crosby's "Road to Rio" that went to Brazil, Jerry was replaced by a Brazilian actor, Raul Roulien. The best way to make the picture acceptable to Brazilians, it was felt was to put one of them on the team.

Columbia had to shoot a separate sequence of a Lucille Ball-Franchot Tone comedy for England. The American version permissibly showed them, as man and wife, occupying a double bed. For Britain, where couples must not be depicted in the same bed, they were put into twin beds. British censors consider a person in bed, by the way, the instant both his feet are off the floor.

Mrs. Wheeler Attends Clothing Conference

Mrs. Virdie P. Wheeler, county Home Demonstration Agent, is in Amarillo, attending the Extension Service annual Clothing Conference.

The conference last for three days, April 21-22-23.

Curt Roach, former Perryton resident who now makes his home in Amarillo, was in Perryton on business the first part of the week.

R. B. Yoakley was in Dallas several days last week transacting business.

Mrs. Glenn Phillips, Sunray, is spending this week in Perryton visiting in the Lloyd Phillips home and with other relatives. Mrs. Phillips' brother and sister-in-law, Mr. and Mrs. Lee J. Edge were in Sunray last Sunday and Mrs. Phillips accompanied them to Perryton.

E. C. Routh, Ft. Worth, was a business visitor in Perryton Tuesday.

Drew Ellis, Alton Boxwell, Walter LaMaster and Gordon Shackleford returned Sunday from El Paso, where they attended the state Junior Chamber of Commerce convention.

Mr. and Mrs. John Furrow, Oklahoma City, Okla., were in Perryton this weekend to transact business.

Mr. and Mrs. Jack Neil Jennings, Canyon, visited in Perryton Thursday.

Gene Akers was in Hugoton, Kans., Sunday on business.

Lee Reiswig, Shattuck, Okla., visited Monday in the home of Mr. and Mrs. C. E. Cone.

C. M. McDonald, Elmwood, Okla., transacted business in Perryton Tuesday.

Mrs. Ray Bowles, Gray, Okla., went to Fort Worth Sunday where she will make an indefinite visit with friends. Her daughter, Miss Velma Lee Bowles, has been visiting in Ft. Worth since Easter.

Mr. and Mrs. Jake LeMaster and Mrs. Phyllis Dye spent last Wednesday in Amarillo.

Mr. and Mrs. Bill Zenor, Canadian, were in Perryton last week visiting her parents, Mr. and Mrs. Hardy Hulsey.

Brents Norman, who made many friends in Perryton during his tenure as court reporter for the 84th Judicial District, is now in the sand and gravel business in Matador, Texas.

Max W. Boyer was in Canadian Monday attending to legal matters in District Court.

Women's Nite Is Observed By Waka PTA

Women's Night was observed at the Waka PTA on Friday night, April 16, with Mrs. Mart Wagner as leader.

Judge Dave Shanks spoke on the subject, "Weeds—Ignorance, Intolerance, Prejudice and Hatred." Other numbers on the program were: Music by Mr. and Mrs. Merydith, piano solo by Sandra Sue Stump, reading by Avis Lee Janzen, Ladies' quartet by Ellene and Nadine Wiebe, Danetta and Anna Margaret Scroggs, piano duet, Mrs. LeRoy Reeves and Mrs. Dean Leignor, reading by Mrs. Sam Janzen, skit by Mrs. Lester Ward and Mrs. Carl Scroggs, trio by Mrs. Allan Dennison, Mrs. Herman Wiebe and Mrs. Carl Scroggs.

During the business meeting Mrs. J. R. Stump was chosen to serve as president again next year. All other officers were also reelected.

Plans were made to have the annual community picnic on May 7 at Lake Fryer. Everyone in the community is invited to attend.

Wreck Destroys Truck, Injures Two Liberal Men

A wreck which occurred between two trucks Wednesday afternoon on highway 83 about 22 miles south of Perryton demolished one truck, caused extensive damage to the other and injured two men.

The wreck took place about 4 p. m. when Samuel N. Tune of Liberal, driving a R. H. Fulton Co. truck, smashed into the rear of a truck driven by Julius Beck of Spearman. The Beck truck was hauling a large load of lumber.

The Tune truck was demolished, according to state highway patrolmen who investigated the accident. Tune and a passenger, Clarence Hadley of Stillwater, Okla., were injured, though not seriously.

The patrolmen stated that Tune evidently fell asleep at the wheel when he ran into the back of the other truck.

Charges were filed against Tune for failure to pass the Beck truck on the left side.

Damage to the Beck truck was estimated at $500, while the truck Tune was driving was reported to be a complete loss.

Hospital Council Meets in Amarillo

The Panhandle Hospital Council will meet Sunday, April 25, at the nurses' home, St. Anthony's Hospital in Amarillo, Joe Erickson, president, has announced.

A discussion of Blue Cross hospital plan will be held, along with other business matters of the council.

Attending from Perryton will be J. W. Erickson, Mrs. Verna Roberts and Mrs. Helen Allen, all of the Sanford Hospital.

Mr. and Mrs. Clifford Burns, Bobby Sue and Barbara Jo, of Phillips were Sunday guests of her parents, Mr. and Mrs. R. H. Holland.

Lawrence Good transacted business in Amarillo Saturday.

L. K. Cantrell, state highway engineer from Canadian, was in Perryton Tuesday.

Church of Christ Changes Night Service Hours to 6 p. m.

The Church of Christ announces a change in the time of the Sunday night services for the next two Sundays, April 25 and May 2. Services will be held at 6 p. m. instead of the regular time at 8 p. m.

The change is made because Lee E. Rawlings, minister of the church, is conducting a Gospel meeting in Booker and by holding the Perryton services two hours earlier, both he and the congregation can attend the services in Booker.

After the evening service of May 2, the Sunday evening service will return to the regular time.

Cancer Drive Reaches $253

A total of $253 has been contributed by Ochiltree county to the 1948 Cancer Fund drive, reports Dean McCutcheon, county chairman. The quota for the county is $563.

Most of this amount has been secured by personal solicitation by a Jaycee committee headed by Ray McWilliams, local chairman of the drive.

The drive will continue through the end of April and it is hoped that the full quota will be reached.

Contributions may be mailed or given to Dean McCutcheon, Ray McWilliams, either bank in Perryton or to any member of the Junior Chamber of Commerce.

Declamation and Tennis Teams to Regional Meet

Perryton will be represented at the regional Interscholastic League meet at this week-end by tennis singles and doubles teams, and an entry in senior girls declamation.

The tennis players are David Hummer, district singles champ, and Tommy Pletcher and Jerry Ward, doubles champions.

Diane Kent will represent the district in senior girls declamation. She won second in the district meet, but the winner, Dorothy Barnett of White Deer, was declared ineligible, so Diane will represent the district.

Mr. and Mrs. J. L. Rowe Jr. were in Clarendon, Texas, Sunday visiting his parents, Mr. and Mrs. J. S. Rowe.

Mr. and Mrs. Paul George were in Boyd, Okla., Sunday to visit his parents, Mr. and Mrs. W. A. George.

Ben Koch, Lipscomb, visited in Perryton Friday.

Mr. and Mrs. A. C. Partridge were in Guymon Tuesday visiting Mr. and Mrs. Ward H. N. Gregg and other friends.

Services Held Wednesday for Joe Bill Kelley

They laid little Joe Bill Kelley to rest Wednesday and a host of friends paid tribute in the services at the First Christian church, with Rev. Harvey Parker officiating.

Joe Bill was six years old last November 14. Monday he was playing at the corral and fell, breaking his left arm. He was brought to town and an anesthetic administered to permit doctors to set the arm properly and without pain.

Coming out from the anesthetic, he became nauseated, choked and his windpipe was blocked. Swift efforts by three attending physicians were to no avail and the spirit left his sturdy little body.

He is survived by his parents, Mr. and Mrs. R. T. (Ike) Kelley, Jr., his grandparents, Mr. and Mrs. R. T. (Cap) Kelley, Sr., of Canadian and Mr. and Mrs. Sam Hergert of Perryton, and his great-grandparents, Mr. and Mrs. C. N. Rynearson of Canadian and Mrs. Henry Foote of Clinton, Okla.

Pallbearers were four uncles, Jake Kelley, Irvin Hergert, Vernon Dale Hergert and Joy Hergert.

He was laid to rest in the Canadian cemetery, clad in the plaid shirt, blue jeans and boots he loved so well.—Canadian Record.

Jewish Paintings Going to America

ROME (AP)—An exhibition of 95 paintings by Jewish displaced persons in Italy is on its way to Los Angeles.

The exhibit was bought by the Jewish Welfare Federation. Most of the pictures deal with the life of Jews in Europe. Some depict the horrors of German concentration camps.

For about $2,000, federation officials bought these for exhibit in Los Angeles and possibly other American cities as part of the United Appeal's fund raising campaign.

Shame on You, Tony!

LONDON (AP)—Anthony Eden, who has appeared on world best-dressed-man lists, has been reprimanded by the magazine Tailor and Cutter for not tieing his tie neatly.

This internationally circulated organ of the men's wear trade said it could distinctly see yesterday's creases in ties worn by Britain's former foreign minister in recent photographs.

Poles 92 Per Cent Of Catholic Faith

WARSAW, Poland (AP)—Poland is 92 per cent Catholic, according to Church statistics just released. They show that of Poland's 24,000,000 people, a total of 21,341,000 are Catholics.

The capital city of Warsaw is 97 per cent Catholic. There also are 1,200 Methodists and 300 Baptists here.

Jews in Poland number between 95,000 and 105,000. Most Jews are centered in Lower Silesia around Wroclaw; in the textiles center of Lodz, and in western Pomerania around the city of Szczecin.

And Little Lambsie Gasoline

LONDON (AP)—Horses eat oats and dogs eat meat—but it still takes thirty gallons of gasoline a month to operate the famed Quantock stag hunt in Somerset.

One use is collection of the deer that the hounds run down. The other: "noting any damage which may have been caused by the hunt in passing so that it may be repaired."

CO-OP TRACTOR TIRES

CONTROLLED: QUALITY — PRICE — CONSTRUCTION

The unusual lug design of this big husky tire is what gives your tractors more pull, less waste motion. Firmly buttressed to the heavy undertread, these deep rectangular lugs are powerfully braced to give extra years of service. They bite in, they forge ahead, regardless of soil conditions.

Each lug meets the soil squarely, assuring a full bite of the tread from shoulder to shoulder.

Scientific spacing and curvature of the lugs forces mud and clay out as the wheel turns. Mud pockets don't form. You get positive traction in any type of soil.

Strong plies of powerful cord fabric give this tire the inner strength to support the massive lugs, take punishing treatment without weakening of the tire.

four months for installation. The company has installed new nonmetallic cables in the city limits, and has put in four new long distance lines.

Meanwhile, Perryton still uses antiquated hand-cranked telephone sets.

The number two civic project, a new post office, seems highly unlikely, in spite of the fact that the present post office is crowded and the lease expires in November. However, efforts are being made by the C. of C. to see what steps can be taken.

The number three project, fly and mosquito eradication, will be taken care of this year as it was a year ago, by liberal spraying of the entire city with DDT. Last summer was the most insect-free in Perryton's history, due to the effective spraying program in the early spring.

The number four project, the replacement of Wolf Creek dam, now awaits action of Congress. Gene Worley representative from this district, has introduced a bill to repair the dam, but no action has been taken in Congress.

Securing of traffic lights and stop signs, number five in the poll, awaits approval of the state highway department. A traffic count was made by representatives of the highway department some three weeks ago, and approval seems likely for at least two signal lights on Main street.

The other 21 civic projects, as expressed by the poll, are receiving the attention of C. of C. committees, but the first five in the poll will draw the most attention.

No. 7

Continued from Front Page

and the surrounding area. People just didn't seem to be so busy back in those days . . . or on second thought we might add that they were not so selfish or money mad as most of us are in these days of inflate, deflate and go bust.

Here's a letter from B. L. Rogers voicing his approval of the revival of this column. Thanks Bird, you've offered some food for thought on the parking situation. Here it is.

"As one reader who was glad to see your HERE AND THERE column reappear, I would like to say so and out loud. I also appreciate the broad fairness evidenced by the printing of the dissenting article on the opposing side of the parking meter issue. Like all issues, there are two sides. (Some one has said there are three sides: the two opposite sides and the third which is the right side.) "The parking lot idea, with progressive merchants joining in providing this courtesy for their customers, works very well in many places. And speaking of surveys, it would be interesting if a check could be made on a busy day . . . any day . . . to disclose how many of the choicest parking places are occupied by cars of business and professional people and their employees. Perhaps it might not show up as bad as some think, anyway it would be interesting. Perhaps the parking lot idea for the cars of management and staff, the shoppers' cars would be leaving the spaces in front for the solution. If all the business and professional people would join in such a program and live up to it, it might make a lot of difference."

The Perryton residential area is a beehive of activity with workers in almost every yard putting out trees and shrubs, planting grass, making gardens and such. We're mighty afraid that when the hot summer days hit, with the abnormal demand and need for water to keep these trees and plants green, there is going to be a drastic water shortage.

We understand that the recent failures of the city water supply were not due to a water failure but were caused by a mechanical failure of some kind of a switch. We are told that this has been corrected but folks, there is bound to be a water shortage.

Trees or no trees, flowers or no flowers, grass or no grass, gardens or no gardens . . . city officials must never permit the available water supply to become so short that sufficient water will not be on hand to meet any anticipated fire peril. So if a water stortage develops which we are sure will develop then we plead with you to be reasonable and to observe strictly the edict of the city officials when they say, "No water for irrigating." You might pay the price by having your own home or business go up in flames. Be a good citizen . . . do not use water when requested not to do so . . . insist that your city officials keep plenty of water in storage for fighting fire.

Mrs. Dean Thomas and children, Goodwell, Okla., spent Saturday in Perryton visiting her mother, Mrs. J. W. Herrell and Mr. Herrell.

Patten, et al, vs. Esther Patten Dickenson, et al in a suit involving the partition of some 15,000 acres of land in Ochiltree and Hansford counties. The arguments were concluded Tuesday afternoon and the court took the matter under advisement until May 20.

A special effort is being made to clear the court docket this term. There were 37 civil cases pending at the opening of court.

Judge Allen and District Attorney W. L. McConnell were called to Hansford county Wednesday to try a wheat theft case, and district court in Ochiltree county was due to open again Friday.

Local members of the bar who have cases in this term of court are the firm of Boyer, McConnell and Hankins, R. T. Correll, Oscar Flowers and Dan Archer. Visiting attorneys are Dan B. Hoover, Ed Hoover and E. J. Cussen of Canadian; H. L. Adkins, J. W. Sanders, and B. L. Morgan of Amarillo.

The petit jury list has not been drawn, though it will be drawn later on in the court term if a jury case develops.

Standard Soil Dist. Hearing Set Tuesday

On Tuesday afternoon, April 27, Ochiltree county farmers will attend a hearing regarding the formation of a standard soil conservation district. The meeting will be held in the district courtroom and will begin at 2 p. m.

Petitions asking for the hearing have been submitted for several weeks, and the hearing will be the final step preparatory to calling an election to determine whether or not the county will form a standard district.

Officials from the state soil conservation board will be present to explain fully the details and advantages of a standard district.

HEALTH FOR ALL

Use and Abuse of the Eyes

yes are expected to serve fully during every wake-ent throughout our liv-we abuse our eyes prob-re than we do any of the gans of the body.

per cent of all our ge comes to us through We use about a quar-r daily output of energy While the exacting de-made upon our eyes can ted to take a toll, much n and many defects of ould be avoided with a e and common sense.

than three-quarters of le in the United States fective vision. In our alone, one out of every dents has imperfect eye-ost of these cases of de-eyesight can be helped ably if caught in time ted properly.

uld be bad enough if the of our eyes harmed those alone. But when any part ye is suffering, other the body often are af-and our entire physical ing may be upset. Chron-aches, nervous irritability n indigestion may be the f eyestrain.

modern living does de-such constant and exact-s of the eyes, it is wise to em checked at least once wo years. Your doctor is st source of advice on eye may send you to a spec-who can detect imperfec-fore they become too ser-d advise corrective meas-whether they be better and studying habits, eye s or suitable eyeglasses.

mber that the eye physi-metimes called the ocu-the one who knows best treatment is needed for particular sight imperfec-Do not confuse him with tician whose job is to fit ith correct eyeglasses ac-g to the eye doctor's pre-tion.

ddition to having your examined regularly, and ally at the first sign of eye e, there are certain rules of are that everyone should The greatest cause of eye-strain is reading or working in inadequate light or in glare. While reading, sewing or doing any close work, a person should sit with his main light slightly behind him. Working with just a section of light thrown on the material while the rest of the room is in darkness strains and tires the eyes because they must constantly adjust from light to darkness. Sit up straight when you read, with the material no closer than about a foot from your eyes. Avoid close work in the direct sunshine or when the sun reflects on the working surface. Reading while stooping, lying down or on moving vehicles places a severe strain on the strongest eyes. Sufficient sleep and a well-balanced diet promote the health of the eyes.

Taking care of the eyes, in general, should never be left until old age, when we can expect our senses to be less than perfect. On the contrary, a child should be taken to the oculist before he enters school for the first time. Defects of vision are often discovered and corrected then, when they can be improved with the least amount of time, expense and trouble.

Dress Uniforms

SINGAPORE (AP) — Soldiers of the Malay Regiment, part of Britain's armed forces, claim the most exotic dress uniforms of any military men in the world.

They have been issued silk sarons woven in green, red and gold; green velvet sonkoks (Muslim hats), and white silk underdresses.

"Small Zoo" For Small Park

PEKIN, Ind. (AP)—The Pekin Banner's campaign for a town park has reached a point of desperation. This southern Indiana town has no park yet, but readers have already filled the newspaper's back yard with donations for a wildlife exhibit for the park. Now the editorial voice is amplified by those of a fox, three goats and white mice.

SCHOOL COMES TO HER—Little Margaret Ann Kirk, age 7, shown here at home with her teacher, Miss Eloise Burns, is one of 377 boys and girls in West Virginia who receive their education from traveling teachers. The plan of traveling teachers is sponsored by the state, provding teachers for children kept at home by various types of illnesses, such as paralysis, heart trouble or deformity.

APOSTLES OF COMMUNISM—The Communist party has given three women posts of great political power in Europe—but all are outside the U. S. S. R. All were strong factors in spreading and strengthening communism outside Russia. Most famous today is Anna Paulker, (center), foreign minister of Roumania, and the first woman to direct a modern country's foreign policy. The second is dramatic Tscola Dragoicheva (left)—once condemned to death, and now minister of posts and telegraphs in Bulgaria. The third is Hertta Kussinen (right) of the Finnish parliament, credited with being the moving spirit behind the proposed Soviet-Finish treaty.

Mr. and Mrs. Stiner Mason, Tucumcari, N. Mex., were guests in the home of Mr. and Mrs. Max Boyer from Thursday to Sunday.

F. B. Sumpter and Van W. Stewart were business visitors in Dumas, Texas, Monday afternoon.

Seed Treated With 'Silent' Sound Makes Pine Trees Grow Faster

COLLEGE STATION—Will our southern pines grow faster from seed treated by "silent" sound? The A. & M. College Texas Forest Service intends to find the answer through an experimental planting of treated seed of the slash and longleaf pine species.

Scientists have been doing considerable research of late with "silent" sound, sound which has such a high vibration rate that it is beyond the range of human hearing. Few people can hear sounds which vibrate faster than 16,000 times a second, but some generators are now turning out ultra-sound with a vibration rate as high as 12,000,000 a second—far beyond reach of the human ear.

According to research reports, potatoes treated with ultrasonic waves flowered a week earlier than normally with a 40 to 50 per cent increase in yield. Peas sprouted earlier and in some cases tripled their crop yield.

D. A. Anderson, Texas Forest Service silverculturist chief, read about these experiments and sent a small quantity of pine seed to Dr. Raymond H. Wallace, a University of Connecticut botanist, for treatment.

He now has these treated seed back and is ready to plant them and observe results. Even if the pines should grow faster, the resulting wood may not be of required quality for some purposes. Should speedier growth occur, however, it could certainly be utilized by the wood using industries.

Mr. and Mrs. O. A. Schuster and Janice made a business trip to Amarillo Friday afternoon.

Mr. and Mrs. Herman Hargrove left Sunday morning for Oklahoma City, Okla., where Mr. Hargrove will spend several days receiving medical examinations.

Mr. and Mrs. J. W. Putman and Janie were Borger visitors Friday morning.

No More 'Iron Pants' In Japanese Offices

TOKYO (AP) — Anti-militarism in this nation which once bristled with militarism takes the darnedest forms.

Kyodo News Agency said officials of Kagawa prefecture refuse even to sit in a chair once owned by Gen. Maresuke Nogi and it had to be moved out to the reception room.

Gen. Nogi won his fame in the Russo-Japanese war.

Sunday dinner guests of Mr. and Mrs. Luther Wade were Rev. E. S. James, Rev. and Mrs. O. C. Curtis and Lynn, Mrs. Pearl Wade and Mr. and Mrs. Carl H. Cade.

THE BIBLE TODAY

International Uniform Sunday School Lesson

By LOUIE D. NEWTON, D.D.

ZECHARIAH 1:1-6; 4; 7—8.
DEVOTIONAL READING: Psalms 24: 1-6.

Zechariah Pleads For Righteousness

Lesson for April 25, 1948

ZECHARIAH almost certainly was born and reared in or near Babylon, and was trained for the priesthood and ordained of the Lord as a prophet. His father, Berechiah, was the son of Iddo, the prophet. Though much younger than Haggai, about whom we studied last Sunday, Zechariah began his ministry only two months later than Haggai—a ministry which was to summon the people to righteousness as a condition essential in the rebuilding of the temple and in cleansing themselves of idolatry, if they were to throw off the yoke of their foes. The student will need to read the entire Book of Zechariah to have the background for this lesson. Also Psalm 24:1-6.

Dr. Newton

* * *

LIVING TOGETHER IN GOD'S WAY

"TURN ye unto me, saith the Lord of hosts, and I will turn unto you," Zechariah 1:3. People cannot live together in peace and harmony until first they are on speaking terms with God. The insidious onslaught of secularism was weakening the Jews at the very moment when they needed to be strong and united for the task of rebuilding the temple and restoring their life in Jerusalem.

Read further into the prophecy of Zechariah and note the admonitions of the Lord for kindness one toward another—kindness and understanding and sincerity, which are the indispensable qualities of community life.

* * *

WHAT MAKES A PEOPLE GREAT?

ZECHARIAH reminds the people that the downfall of their fathers had been due to their forgetfulness of God. He calls them now to repentance of their own sins, that they become truly a great people. "Fear not, but let your hands be strong," Zechariah 8:13.

"What makes a nation great
and strong?
Not brick, nor stone, nor wood,
But justice, love and brotherhood."

Boys and girls will do well to look again at what this old prophet was saying. We long to see the United States a truly great nation. Then let us be strong in the Lord.

* * *

GOD HAS A STANDARD

READ chapter seven, verses 8-14, and 8:16-17, for some of the standards which God sets up for his people. "Execute true judgment, and show kindness and compassion every man to his brother. Oppress not the widow, the orphan, the foreigner, or the poor, and never plot evil in your hearts against one another."

Zechariah is here epitomizing the Ten Commandments and the Sermon on the Mount. All of which is to remind us today that we do not need new standards. We simply need to conform to God's eternal standards.

* * *

GOD IS TO BE SOUGHT UNTO

THE first eight chapters of Zechariah have to do with the essential qualities of life if the people are to rebuild the temple. The last six chapters deal with the general standards of life which we must accept and strive to attain if we are to be well-pleasing unto him.

I like the phrase of the fathers. "God is to be sought unto." And how are we to come into the presence of the Lord? "He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully." Psalms 24:4.

It was not enough to rebuild the temple. God wanted his people to become living stones of integrity and fidelity in the city of God.

This we shall attain only as we seek first the Kingdom of God and his righteousness—constantly seek this daily walk with the Lord, in the light of his word.

"Righteousness exalteth a nation, but sin is a reproach to any people."

* * *

(Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features.)

By the Bible

If we abide by the principles taught in the Bible, our country will go on prospering and to prosper; but if we and our posterity neglect its instructions and authority, no man can tell how sudden a catastrophe may overwhelm us and bury all our glory in profound obscurity. —Daniel Webster.

Mr. and Mrs. Ernest Morgan and son, Ernie Frank of Fort Worth are spending this week with Mr. Morgan's parents, Mr. and Mrs. E. B. Morgan and with her sister, Mrs. J. R. Gunter and family.

"Probation After Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 25.

The Golden Text is: "As the Father raiseth up the dead, and quickeneth them; even so the Son quickeneth whom he will" (John 5:21).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He will swallow up death in victory; and the Lord God will wipe away tears from off all faces; and the rebuke of his people shall he take away from off all the earth: for the Lord hath spoken it" (Isaiah 25:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Death will be found at length to be a mortal dream, which comes in darkness and disappears with the light" (page 42).

H. H. Bruce and Otho Spearman, were business in Perryton last Thursday ing.

...LSO LONG DISTANCE HAULING

WAYLAND CLEANS UP—Mary Anne Bramlette was one of many Wayland College faculty members who participated in the all-college beautification program held recently. Wayland, now in a transitional period from junior college to senior college status, is promoting an extensive enlargement and beautification campaign. Students and faculty members one hundred per cent behind the move, borrowed shovels and dug holes for setting out shrubs and trees. The plan was headed by Claude Witten, agriculture department head, who is in charge of the campaign.

Mr. and Mrs. J. T. Pemberton, Fort Worth, were Saturday night guests in the home of Mr. and Mrs. Van W. Stewart.

Bill Ediger and A. H. Hinz of the Floris, Okla., community were business visitors here last Thursday.

Pioneer Day At Guymon to Be On May 1

GUYMON, April 20 (Special) With construction of the stage setting now underway, the 16th annual Pioneer Day rodeo program in Guymon includes a night presentation of the Ken Roberts show in the new $40,000 Guymon High School stadium.

Date of the celebration proper is May 1.

Preparations for the night event April 30, presented under high powered field lights, includes the installation of new, all-steel pipe chutes at the stadium. John Allen, chairman of the rodeo committee, said the permanent chutes are being installed at a cost of $4,000.

Planning for an even greater parade, bewhiskered Bob Buster, parade wrangler, has already lined up scores of entries to compete for the more than $1,000 offered in prizes.

Prizes will be offered in the following divisions: ranch type entry; buggies; pioneer woman; pioneer man; best typical pioneer man rider; best dressed cowboy; best dressed junior cowboy; best whiskers; wagons, floats; oldest pioneer in parade; most typical pioneer woman rider; best dressed cowgirl; best dressed junior cowgirl, and novelties.

In addition, $50 is being offered to the best out-of-town queen float. First prize winner in the division will receive $25, $15 for second, and $10 for third.

Free street entertainment will be furnished throughout the day, and the May 1 afternoon presentation of the rodeo will be free as in previous years.

An old-time dance and a modern dance will close the day's activities.

Silk Worms Fed To Fur Animals

MOSCOW (AP) — Hundreds of thousands of rubles are being saved in the Soviet Union by feeding fur bearing animals with the chrysalis from silkworm cocoons instead of valuable meat.

A Tiflis newspaper said these chrysalis previously had been thrown away.

"It was discovered,' said the announcement, "that the quality of the fur as well as the pigmentation was better in animals fed on the chrysalis."

Mr. and Mrs. Tom Shirley, Odessa, and Mrs. Tom Carver, Canadian, were weekend guests in the home of their mother, Mrs. J. M. Grigsby.

STATE SOIL CONSERVATION BOARD OF TEXAS NOTICE OF HEARING UPON ORGANIZATION OF PROPOSED OCHILTREE SOIL CONSERVATION DISTRICT, EMBRACING LAND LYING IN OCHILTREE COUNTY, TEXAS.

WHEREAS, on the 23 day of March, 1947 there was duly filed in the office of the State Soil Conservation Board, at Temple, Texas, a petition signed by fifty or a majority of land owners pursuant to the provisions of the State Soil Conservation Law, as enacted by the 47th Legislature, known as House Bill No. 444, requesting the establishment of Ochiltree Soil Conservation District; and

WHEREAS, the lands described by said petition, and other lands which will be considered for inclusion in said district, are located in Ochiltree County, described substantially as follows:

All the land lying in Ochiltree County, Texas.

Now, therefore, notice is hereby given that a public hearing will be held pursuant to the said petition, on the question of the desirability and necessity of the creation of such district; on the question of boundaries to be assigned to such district; upon the propriety of the petition, and of proceedings taken under the said Act. The said public hearing will be held by the State Soil Conservation Board on the 27 day of April, 1948, beginning at 2:30 o'clock p. m. at District Court Room, Perryton, Texas in the county of Ochiltree.

All interested parties are invited to attend and will be given opportunity to be heard at the time and place hereinbefore specified.

STATE SOIL CONSERVATION BOARD
By V. C. Marshall,
Executive Director.
((SEAL))
Dated this the 29 day of March, 1948.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS
COUNTY OF OCHILTREE

Notice is hereby given that by virtue of an order of sale issued out of the Honorable District Court of Ochiltree County, Texas, by the clerk of said court on the 24 day of March, A. D. 1948, in the case of Ollie Morris vs. Vernon H. Hawkins and Julia Hawkins, No. 981, on the docket of said court, on a judgment rendered in said court on the 10 day of January A. D. 1948, in favor of the said Ollie Morris and against the said Vernon H. Hawkins and Julia Hawkins for the sum of $911.93 with interest thereon from the 10 day of January A. D. 1948, at the rate of 6% percentum per annum and costs of suit, with a foreclosure of vendor's lien on the following described real estate, to-wit:

Lot No. 5, Block No. 5, Cranfill addition to the City of Perryton, Ochiltree County, Texas

as said vendor's lien existed on the 10th day of January, A. D. 1948, and levied upon as the property of Vernon H. Hawkins and Julia Hawkins, and that on the first Tuesday in May 1948, the same being the 4th day of said month, at the courthouse door of Ochiltree County, Texas, in the town of Perryton, between the hours of 10 o'clock a. m. and 4 o'clock, p. m., I will offer for sale and sell at public auction, for cash, to the highest bidder, all the right, title and interest of the said Vernon H. Hawkins and Julia Hawkins in and to said above described real estate.

Witness my hand, this the 24 day of March A. D. 1948.

W. H. LANCE, Sheriff
(or Constable) of
Ochiltree County, Tex.

From where I sit ... *by* Joe Marsh

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

Ladd and Lake Team Up Again

Alan Ladd continues his two-fisted tour of the world in "Saigon," which plays at the Ellis on Wed.-Thurs., April 28-29. For this latest film adventure, Ladd has Veronica Lake, the woman who brings out the best in him, as his traveling companion.

The latest leg of Ladd's screen wanderings—he was last seen overseas slugging and loving his way out of a murder rap in "Calcutta"—finds him in China with two buddies who had flown with him in the war. The boys undertake a well-paying secret commission to fly a Shanghai business man and his secretary to Saigon.

The flight turns out to be a gigantic money-smuggling scheme, with enough wealth at stake to lead men and women to lie, cheat, steal and murder. Love, too, is besmirched, with pal pitted against pal for the affections of a scheming female. Only the grim finality of smashing bullets in the pulse-pounding climax brings about a just ending.

A. W. Hibbs, who has been visiting in the home of his brother, W. G. Hibbs, left this week for his home in St. Louis, Mo.

ASK YOUR DRUGGIST

WOTTA WOLF—David Niven, portraying a harried cleric, is dazed when his vistor-secretary portrayed by Cary Grant, shows an obvious attraction for Loretta Young as the heroine in "The Bishop's Wife," new comedy which comes to the Ellis screen on Sun.-Tues., April 25-27.

'The Bishop's Wife' is Unusual Comedy with Grant and Young

Events attending the result of a clergyman's prayer form the entertaining action in "The Bishop's Wife," which co-stars Cary Grant, Loretta Young and David Niven. The film appears at the Ellis on Sun.-Tues., April 25-27.

Absorbed in the financial responsibilities of his office, a young Protestant bishop in a mid-Western city discovers he is rapidly drifting out of the heart of his wife, as well as losing touch with all his old friends. But when he prays for divine guidance to help him out of his difficulties, he is astonished to have a mysterious gentleman, one Dudley, appear and calmly announce that he is an assistant sent to straighten out the Bishop's troubles.

Ignoring the clergyman's protests against a stranger meddling in his private affairs, Dudley sets to work. He quickly reawakens the wife's love for her husband, settles the money troubles regarding a new cathedral, and brings peace and harmony to the household in a genial and masterful way.

FINDS RINK ROUGH — Jim Richardson, wingman for the San Francisco Shamrocks of Pacific Coast Hockey League, is one of the most banged up players in the game. He has suffered a broken arm, cracked jaw, fractured skull, dislocation of both knees, two brain concussions, a hip dislocation and a damaged spine. Still he plays.

Mr. and Mrs. Tom Metcalf and son, George David, came in Friday from their home in Ulysses, Kans., and were overnight guests of her parents, Mr. and Mrs. Bill Wilson. George David stayed with his grandparents while his parents were in Oklahoma City Saturday for medical attention, and they came back to Perryton for him Saturday night.

Mr. and Mrs. Clifford Gyger had as their dinner guests Saturday night Mr. and Mrs. Pete Williams and Glenda, Mr. and Mrs. Gene Cudd and Genette and Mr. and Mrs. Jack Williams.

Ask Me About My Business

CECIL DODD

Innocent Man Gets Scared Half to Death in Court

Charles Boyer, the old smoothie of "Algiers" fame, gives a moving portrayal of a man on trial for his life in "A Woman's Vengeance," which comes to the Pertex on Sun.-Mon., April 25-26.

Boyer plays an English country gentleman in the Aldous Huxley story, a classic of contemporary British literature, whose unhappy marriage to a shrewish invalid is ended by her death in circumstances indicating murder by poison.

Tried in Old Bailey, central criminal court of London, he is convicted by an imposing array of circumstantial evidence and sentenced to hang.

Boyer turns in a fascinating study of a man who comes to accept an unjust death as punishment not for the crime of which he is accused but as a retribution for his life's mistakes.

Ann Blyth, one of the best of Hollywood's younger emotional actresses, is superb as Boyer's shop-girl sweetheart and later his wife, whose marriage opens with crushing tragedy with fate pushing her toward simultaneous motherhood and widowhood.

Channel Swimmer Plans Non-Stop Round Trip

LONDON (AP) — Tom Blower swam the English Channel once, but he isn't satisfied. He announced that he would attempt this summer to swim both ways, non-stop. It's something no one else has ever accomplished.

Blower, of Nottingham, said he would try the stunt on the first favorable tide after July 26.

Radio in Poland

WARSAW (AP) — The government controlled Radio Polskie announces it installed more than 26,000 loudspeakers in Polish villages last December and is asking parliament to approve the erection of 100,000 more.

Mrs. Grace Russell and Mr. and Mrs. Cecil Russell drove to Trinidad, Colo., Saturday to take Mrs. C. L. Pattison and Sherry to their home. Mrs. Pattison and Sherry have been visiting relatives here for several weeks; the Perryton folk returned home Sunday.

Young Men Wondering What The Future of the Draft Holds

Several million young people are now wondering just what influence the pending preparedness program will have on their personal destinies. An exact answer now is impossible but the trend of Congressional thinking is becoming clearer. The United States News recently published an excellent summing up of what is and what is not likely to happen.

First of all, the prospects for universal training now are exceedingly dim. The idea of it goes against the grain of national sentiment and, from a purely political point of view, it is considered too hot to handle in an election year.

On the other hand, a limited draft has a better than even chance of getting by Congress. The armed forces have made a good case of their need for manpower, and Congress seems to be reluctantly coming to the conclusion that at least a temporary return to selective service is avoidable.

If the draft law is passed, it will probably call for two years of service for those chosen. During the coming year, the forces will need about 900,000 men, of whom 720,000 will go to the army. It is believed that voluntary enlistments will account for all but 220,000 of that number. That means that one out of each six young men who are eligible for selection will go into uniform.

The pending law will probably demand the registration of all men from the ages of 18 through 30. However, only those in the 19-25 age group will be called to the colors at this time. And a great many of these will be exempt. The exemptions will include veterans of World War II, if they saw a year or more of service, and high school students. It is expected that married men and industrial workers with important skills and trades will be at least temporarily deferred by local draft boards, even though the law does not specifically exempt them from the draft. And physical qualifications will be substantially higher than they were in wartime when, as the saying went, anyone who could chew mush, see lightening and hear thunder was considered grist for the military mill.

The reserves, both commissioned and enlisted, will be asked to volunteer for service, and a good many of them will be needed to train the new draftees. However, it is unlikely that those who do not volunteer will be ordered back into service. One rather curious anomoly exists here. Under the law, the Army reserves cannot be ordered to active duty for more than two weeks a year unless Congress declares a state of emergency. This is also true of the Air Force and Coast Guard reserve. On the other hand, Navy and Marine reserves can be ordered back by the President without Congressional action.

At the beginning, therefore, the probability is that the draft will affect a relatively small number of people, and place only a minor drain on the manpower resources of the country. It is possible that it will stimulate enlistments to the point where an even lesser number of men will have to be taken than is now anticipated. From the longterm view, on the other hand, the situation is not bright. It is unquestionably true that if the international situation continues to worsen, the military forces will ask for more and more personnel—and Congress will reluctantly go along with them. By the same token, an improvement in U. S.-Russian relations might lead to an early ending of peacetime selective service, and that is a hope which is almost universally held.

Substantially increased appropriations for national defense are now inevitable. It will cost between two and three billions a year to pay for the manpower jump in the armed forces. And look for very heavy appropriations for expansion of the air force.

Mr. and Mrs. Chas. W. Claybaugh, Brigham, Utah, announce the birth of a son on Friday, April 16. Mr. and Mrs. J. N. Conley are the maternal grandparents.

Send a birthday card from the Stewart Printing Co.

Mrs. H. C. Eubank and son Dave Kettell of Cebolia, N. M., left Wednesday after a visit with Mrs. Eubank's niece, Mrs. Van W. Stewart. They also visited relatives in Canadian and Higgins. Mrs. Eubank will be remembered by many as Mrs. Effie E. Kettell.

Dudley Hargrove returned his studies at W. T. S. C. Sunday after visiting a few the last of the week with his ents, Mr. and Mrs. Herman grove and Lanny.

ADVERTISEMENT FOR BIDS
Job No. 343

Sealed proposals will be received by the Architects and the Owner at the office of Mr. J. M. Hocking, President of Board of Trustees, Booker Independent Consolidated School District, Booker, Texas, in the High School Building, Booker, Texas until 2:00 o'clock, P. M., Central Standard Time, 8th day of May, 1948, for the furnishing of all labor and materials and the erection and completion of a School and Gymnasium Building, at which time and place the proposals will be opened and read aloud. Any bid received after closing time will be returned unopened.

Copies of the plans, specifications and other proposed contract documents are on file in the offices of J. C. Berry & Kerr & Kerr, Associated Architects, at 312-B W. 10th St., Amarillo, Texas, and are open for public inspection.

A set of such documents may be obtained by qualified General Contractors, from the Architects at their offices, upon deposit of Twenty-five Dollars ($25.00), cashier's check. This deposit will be refunded to each actual bidder upon return of such documents in good condition within 5 days after the receipt of the bids. Other deposits will be refunded, with reductions not exceeding the actual cost of production of the drawings upon return of all documents in good condition within thirty (30) days after date of opening bids.

A Cashier's Check, certified check or acceptable Bidder's bond payable to Harry S. Mitchell, Secretary, in an amount not less than five percent (5%) of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rate of wages which have been established by the Owner and are as follows:

Mechanic, Workman Or Type of Laborers	*General Prevailing Hourly Rate*
Air Tool operators (jackhammermen, Vibrator)	1.375
Asbestos workers	2.00
Bricklayers	2.25
Carpenters, Journeymen	1.875
Electricians	2.00
Iron Workers, structural	1.875
Iron Workers, reinforcing	1.75
Laborers, unskilled	1.125
Lathers, wood	2.00
Lathers, steel	2.25
Mason tenders	1.375
Mortar mixers	1.375
Painters, brush	1.875
Painters, spray	2.375
Pipe fitters	2.00
Plasterers	2.25
Plumbers	2.00
Power Equipment operators:	
Hoists, 1 drum	1.75
Mixers	1.375
Trenching machines	2.00
Roofers	1.75
Sheet Metal workers	2.00
Steam Fitters	2.00
Teamsters	1.25
Truck drivers, up to 1½ tons	1.375
Truck drivers, 1½ and over	1.50

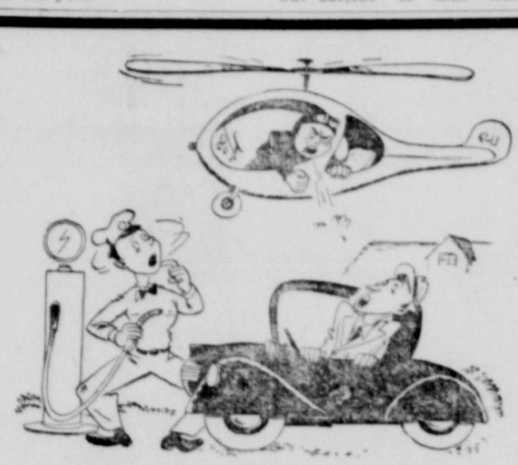

Wages are based on eight (8) hour day and forty (40) hour week, all overtime to be paid at 1½ times the hourly rate.

No bid may be withdrawn, after the scheduled closing time for receipt of bids, for at least thirty (30) days.

The Owner reserves the right to open the bids either privately or in public as he deems fit and to reject any and all bids and to waive informalities.

Mrs. McConnell Has Friday Club

Friday club members met last week in the home of Mrs. W. L. McConnell; Mrs. A. B. Hankins and Mrs. Stiner Mason, Tucumcari, N. Mex., were guests. Mrs. LaRue Norris played high for club members, and Mrs. Hankins for guests.

Seated for the games were Mesdames Norris, Glen McGibbon, Max Boyer, G. W. Acker, Vance Apple, Hankins, Mason and the hostess.

Mrs. Byers Has Notla Club Apr. 15

The Notla Home Demonstration club met Thursday, April 15, in the home of Mrs. Raymond Byers. During the business hour a round table discussion was held on the district meeting to be held in Perryton April 30 and plans were discussed for remodeling the schoolhouse. To convert this schoolhouse into a community center will require much effort from each club member.

For the program Mrs. Fayette Waggoner displayed drapes made without lining and the advantages of cleaning, draping and hanging of drapes made in this fashion.

Among old articles displayed at the meeting were a blue back speller and tintype photograph album at least 75 years old; these belonged to Mrs. Geo. Yates. Mrs. Waggoner brought her collection of irons from all periods, including the charcoal iron. Mrs. Byers' hobby, crotcheting, was in evidence throughout her home where a tablecloth, bedspread and other small pieces, all her handiwork, were being used.

Announcement was also made that Mrs. J. D. Wright won second place in the county-wide essay contest.

Refreshments were served during the social hour to Mesdames Wright, Yates, Ed Savage, Fay Savage, Waggoner, Carroll Wall and Bill Kelln by the hostess.

Mavolyn Sodowsky Honoree for Party

Mavolyn Sodowsky was the honoree for a children's party last Saturday afternoon because it was her fourth birthday anniversary.

After hours at play, the guests were presented favors and served a refreshment plate of cake and ice cream by Mavolyn's mother, Mrs. Jake Sodowsky.

The guests present were Don Neufeld, Betty Ann McCelvey, Peter and Mary Lou Jacquot, Ruthie Whippo, Kenneth Jones, Bonnie Witt, Al Tremble Jr. and Sammy Hergert.

Cpl. John A. Smith of the U. S. Marine Corp, left last week for Honolulu, Hawaii, for reassignment, after spending a leave with his brother, E. N. Smith and family and his sister, Mrs. Lester Barnes and family. Cpl. Smith had spent 17 months at Subic Bay, Philippine Islands, near Manila.

AT HOME IN DALLAS— Dr. and Mrs. Alexander A. Eisenberg are at home at 5603 Anita, Dallas, folowing their wedding trip to New Orleans, La. Mrs. Eisenberg is the former Miss Virginia Correll, daughter of Mr. and Mrs. R. T. Correll, Perryton; her marriage to Dr. Eisenberg was solemnized Sunday, March 21, in the home of her parents. Dr. Eisenberg is now preceptee of Dr. Arthur G. Schoch, Dallas.

Anniversaries Are Marked by Party Saturday Night

A card party Saturday night in the Paul Corbin home, marked the wedding anniversaries of Mr. and Mrs. Corbin and Mr. and Mrs. John Brodie.

Mrs. Brodie assisted Mrs. Corbin with the hostess duties, and they served a light refreshment plate to Messrs. and Mesdames Alton Williams, Harry Barlow, Ivan Lovett, Onas Littleton, Ross Leatherman and E. B. Gyger.

Former Residents Observe Anniversary

Mr. and Mrs. Ralph Adams, former residents of Perryton, who now make their home at Compton, Calif., were honored at an open house on April 4 to mark their silver wedding anniversary. Their daughters, Mrs. Jackie Hamilton and Mrs. Jim Asher were co-hostesses for the courtesy at 3182 Euclid Ave., Lynwood.

The house was decorated throughout by seasonal flowers and big white bells were hung from the doorways. The table was covered with a lace cloth and held the silver tea service and the cake which was inscribed with "25th Anniversary."

Mrs. Hamilton and Mrs. Asher were assisted in serving by Mrs. H. W. Marriott.

Approximately 30 guests called to help surprise Mr. and Mrs. Adams, who received many lovely gifts and hosts of best wishes.

H. L. Quint, Shattuck, Okla., visited in Perryton Saturday.

Black H. D. Club Regular Session

Black Home Demonstration club members were entertained Friday afternoon in the home of Mrs. W. A. Schubert with Mrs. H. W. Bagely presiding for the business session.

Mrs. Virdie P. Wheeler, agent, gave her demonstration on cooking vegetables to preserve the mineral and vitamin content.

Those attending the meeting were Mesdames E. D. Clement, Sid Beck, H. W. Bagley, C. F. Moses, C. U. Pope, D. B. Pearson, Virdie P. Wheeler, W. A. Schubert and L. L. Rawls.

The next meeting will be May 21 in the home of Mrs. E. D. Clement.

The public is invited to attend a pie sale which will be held in the Black schoolhouse May 6, at eight o'clock.

Dinner Meeting Of B & PW Club Held on Thursday

The Perryton Business and Professional Women's Club met last Thursday evening for dinner in the Coffee Shop. Mrs. Frances Ferguson, president, presided and turned the meeting to Miss Virginia Good, program coordination chairman.

Mrs. Raymond Powell, chairman of Education and vocations committee, and her committee presented the program: piano solo, Mrs. Verna Roberts; talk, "Is today's woman prepared for tomorrow," Mrs. C. A. Igou; vocal solo, Mrs. Edythe Williams; talk, "Our Problems," Miss Grace Schneider.

Other members present were Mesdames W. E. Perry, Georgia Hurlhey, Dorothy Crisp, Howard Holt, Wilford Lance, F. A. Edwards, F. L. Garrett, H. D. Meadows, Walter Holmes, Van W. Stewart, Misses Edith Eggleston, Hulda Schmidt, Bobbie Webster, Moina Caldwell, Carmenita Wright, Mary Florence Tullis, Maurine Turner, Marjorie Price, and Doris Jines.

Sunday Dinner Guests In John Lehman Home

Mr. and Mrs. John Lehman of the Gray, Oklahoma, community entertained several guests at dinner Sunday.

Plates were laid for Mr. and Mrs. Werner Lehman and family, Amherst, Colo.; Mr. and Mrs. Ted Lehman and son, Beaver, Okla.; Mr. and Mrs. Fred Lehman and son, Woodward, Okla.; Mr. and Mrs. Henry Lehman and family, Gray; Mr. and Mrs. Kenneth Cudd, Mr. and Mrs. C. R. Cudd, Merl Cudd, Perryton; Carl Schmidt, Amherst, Colo., and the host and hostess.

Mr. and Mrs. B. L. Carlisle of West Frankfort, Ill., left this week for their home after visiting a few days in the W. G. Hibbs home.

WHAT'S A GIRAFFE? Junior is intrigued by the new zoo toy of plastic-coated fabric. It's washable, sanitary and right for the playpen age.

Mrs. Cecil Bartel Honoree for Shower Tea

The bride's tea table was the focal point of interest at the shower given for Mrs. Cecil Bartel Tuesday afternoon in the Jack R. Allen home. Laid with a white cloth and crystal appointed, the table had a floral centerpiece of pink and white carnations in a basket, and white bells depended from the basket handle which formed an arch over the arrangement. Pink satin bows and streamers at the corners and center edges of the table were joined by a drape of ribbon and was interspersed by white sweetpeas.

Hostesses were Mesdames Allen, H. C. Brillhart, R. B. Orrill and Harlan Hawk.

Mrs. H. I. Hudson, Dumas, mother of the bride, and Mrs. H. G. Bartel, presided at the punch bowl. Mrs. Harold Hudson registered the guests, and Miss Ruby Ann Patton and Miss Marguerite Jean Orrill were also members of the house party.

Before her marriage April 8, Mrs. Bartel was Miss Helen Marie Hudson.

Sharon Watson's Seventh Birthday

Tuesday, April 13, marked Sharon Watson's 7th birthday. After the party hours, five to seven o'clock, were spent playing games, the many lovely gifts were opened.

Refreshments of fruit salad, cake and soda water were served to Sharon and Joan Miller, Lynda Harris, Waymon Harris, Bobby and Kenneth Hood, Judy Burkhart, Dean, Sue and Galen Neff, Linda Lou Gordon, Pamela Kay and Gary Williams, Burlene Bohling, Tomniy and Ann Lanagan, Ronny Seaton and Judy and Gerry Sargent.

Those unable to attend were Lavada Miller, Tommy and Bobby Blair, Jay Harris, Marva Sue Delk and Jo Nita Watson.

Making Curtains And Draperies Studied by Club

"If you hem your lining and drapery material separately, the drapes will hang evenly when hung," Mrs. Jim Dodson remarked at the meeting of the Ochiltree Home Demonstration Club in her home last Friday, April 16.

Many helpful suggestions on making curtains and drapes during the round table discussion which filled the study hour.

Refreshments were served to Miss Sammie Roach, a visitor; Mesdames Robert Thurman, Kirt Williams, Oscar Blank and Jack Dodson.

The club will meet with Mrs. Fred Pshigoda May 7, and a hobby and antique show will be held at this meeting. Visitors are always welcome.

Lone Tree Club Has All Day Meet Wednesday

Members of the Lone Tree Home Demonstration Club met in the home of Mrs. B. R. Pletcher for an all day session last Wednesday. They brought covered dishes for luncheon, and Mrs. Wheeler, agent, prepared vegetables by cutting and grating and using a small amount of water so that they retained a great part of their nutritive value.

Present for the club business meeting and luncheon were Mesdames Julius Pshigoda, Robert Barlow, C. O. Peterson, Chas. Selby, T. M. Osborne, Glenn Tarbox, Jack Osborne, Wheeler, M. J. Wolfrum and the hostess.

In the afternoon Mrs. I. H. Sharpe, presented a demonstration on Stanley Products. Those present for the afternoon party in addition to the above guests were Mesdames J. A. Waggoner, Frank Moon, F. B. Kile, W. M. Escoe, Bessie Reimer, Chas. Stewart and Sharpe.

Queen Esther G. A.

Queen Esther G. A. met Tuesday evening in the home of Miss Mary Harrington, and she directed the program "The W. M. U.'s part in Home Missions."

Discussions were given by Joan LaFever, Marion Day, Texas Cunningham and Miss Harrington. Others present were Annabelle Daniel and the sponsor, Mrs. Mark Burton.

Current Events Group Entertains At Musical Tea

Current Events department of Perryton Sorosis Club held a musical tea last Wednesday afternoon in the banquet room at the First Baptist Church. The 65 guests who registered included members of the Fine Arts and Home Economics departments of the club and other special guests.

Mrs. Charley Kent, program chairman, offered the following numbers: piano solos, Mary Lou Jacquot; piano solo, "Deep Purple," Marianna McGibbon, musical reading, Diane Kent accompanied by Faye Marie Beck; vocal solos, "Old Man River" and "Road to Mandalay," Wilbourn Sharp accompanied by Norma Flowers; two readings, Zona Donley.

Jim Nelson, piano solo; Mrs. Rodney Williams, two vocal selections, "Bless This House" and "Rose of Tra La Lea" accompanied by Mrs. Louis Jacquot; piano solo, "Because" by D' Hardelot, Jerry Ward; vocal duet, Kay Cayler and Janice Miller, "Now is the Hour" and "I'm Comin' A Courtin' Cora Belle" accompanied by Norma Flowers.

During the tea hour, Mrs. Dean Blank was at the piano. Mrs. W. L. Herndon, Mrs. Chas. Garrett and Mrs. T. O. Pugh registered the guests, and Mrs. Herndon and Mrs. Pugh poured during the tea hour.

The tea table carried out the club colors, purple and gold, in the floral centerpiece of jonquils and iris and the gold tapers which shed soft illumination.

Hostesses were Mesdames John Bolin, H. C. Brillhart, T. O. Pugh, A. V. Goff, Frances Ferguson, Chas. Garrett, H. T. Cutter, R. B. Orrill and A. S. Brillhart.

Eileen Marshall Complimented at Linen Shower

Miss Eileen Marshall was complimented at a linen shower Friday afternoon, April 16, in the M. M. Cudd home, 518 South Amherst, with Mrs. Cudd and her daughter, Mary Ann Cudd, sharing the hostess duties.

Miss Marshall became the bride of Howard Tilton in a ceremony Sunday, April 18, at Booker, Texas.

Mrs. Warren Marshall, mother of the bride, poured and Mrs. Carl Tilton assisted at the serving table appointed in silver and accenting the blue and yellow decorative theme. Blue sweet peas and yellow iris formed the floral centerpiece.

Miss Wilda Rae Marshall, sister of the bride, registered approximately 30 guests who called.

Eat Between Meals, It's Not A Bad Habit

Three square meals a day is a good idea, but everybody can't hold to this. Some people do better by eating frequently—but lightly—during the day, rather than sticking to the three-meal-a-day business. Miss Louise Mason, extension food preparation specialist of Texas A. & M. College, says that research by the USDA home economists show that eating between meals is not always a bad habit. There are three things involved, says Miss Mason—the food, the time, and the person doing the eating.

Between-meal snacks may be used to supplement the regular meals and to help provide an adequate diet. Growing children, underweights and active workers often need more food than they can eat comfortably at a meal so they turn to snacks. For them a light fill-in at the mid-point between meals keeps them from getting tired and too hungry before the next meal.

A glass of milk, a sandwich, a hard-cooked egg or fruit after school is recommended for giving children plenty of energy for active play without spoiling their appetite for the supper meal. However, candy, cake, or sweet drinks shortly before a meal usually spoil the child's appetite for such essential things as vegetables.

Eating the right food at the right time is a good, healthy habit, but constant nibbling on everything between meals is something else again, and may mean spoiling the enjoyment of the main meals, overweight and bad health.

Bob Urban, who attends Texas Tech, spent a few days at home last week with his parents, Mr. and Mrs. Harvey Urban.

MINIATURE FORMALITY . . . Hand-made coat and bonnet in pastel silk crepe, with detachable undercoat of crepe-covered lamb's wool. Collar and cuffs of coat and ruffle brim of bonnet are trimmed in imported Val lace and hand embroidery. Designed by Yolande.

Lorene Reiswig And Albert Littau Take Nuptial Vows

Miss Lorene Reiswig, daughter of Mrs. George Reiswig of Perryton, became the bride of Albert Littau in a ceremony read Friday afternoon, April 16, at five o'clock in the home of the bridegroom's parents, Mr. and Mrs. L. H. Littau.

Rev. J. H. Sharp, minister of the First Methodist Church, pronounced the vows before an improvised altar decorated with white carnations.

For her marriage, the bride chose a two piece suit dress of pink linen. She carried a white Bible and a bouquet of white roses tied with white satin streamers.

Her only attendance was her sister, Miss Helen Reiswig. Her dress was two piece, of blue crepe and she carried a bouquet of red roses secured by pink satin bows.

James Clement was best man.

Mrs. Reiswig chose a dress of royal blue crepe for her daughter's marriage, and it was accented by a corsage of white carnations; Mrs. Littau chose a blue gabardine dress and her corsage was of white carnations, also.

At the reception immediately following the ceremony Miss Helen Reiswig served the two tiered wedding cake and Mrs. L. H. Littau and Mrs. George Reiswig, the punch.

Guests were Mr. and Mrs. Joe Reiswig, Mr. and Mrs. Dave Shieck and children, Mr. and Mrs. Jack Williams and Mr. and Mrs. Elmer Conley.

Junior M. Y. F.

Memers of the Junior Methodist Youth Fellowship group met in the home of Ronnie Witt Sunday evening. The lesson was on "Jesus Teaching" in the Synagogue."

Mrs. Alton Witt served ice cream and cookies to Kay Cayler, Ann Osborne, Jane Malone, Joy Anderson, Marilyn Scott, Donna Swink, Bobby Beck, Kathleen Jones, Lois Beck, Kent Apple, Frank and Larry Bell, David Kent and Ronnie Witt.

Next Sunday's meeting will be in the home of Frank and Larry Bell.

Faith Circle Meets

The home of Mrs. Cecil Dodd was the scene for the meeting of Faith Circle, W. S. C. S., last Thursday afternoon. Mrs. R. L. Kirk led the study program; Mrs. Dewey Allen presented the main topic of the afternoon.

Hospital Needs Comics, Westerns

Comic magazines and pocket editions of western stories are being sought for the Veterans Hospital, Amarillo, it is announced. Old magazines in good condition should be brought to Burk Drug, where they will be picked up and taken to the hospital.

The need for these items was stressed by the Red Cross Council which met at the Veterans Hospital last Wednesday. Representatives from each of the nine counties which comprise the council were present; Mrs. R. T. Correll and Mrs. J. F. Cox were representatives from the Ochiltree chapter.

Safer Pick-Ups For the Housewife

There is much picking up for the housewife to do around the house, and some of it is difficult or dangerous if done by hand. Because burns and cuts are among the most frequent home accidents suffered by women, more care should be taken with hot and sharp articles. There are ways to handle these dangerous articles without getting cut or burned, says Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College.

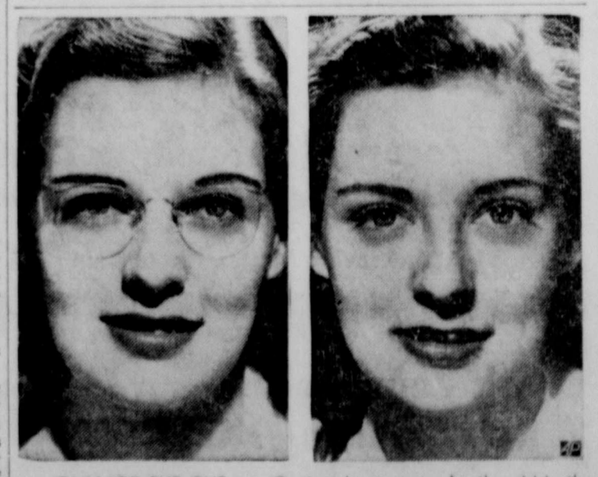

Tongs to pick up hot articles at the stove, outdoor fireplace or kitchen will save many burned fingers, she says. Use tongs to lift jars from hot water in canning, large vegetables from cooking water, baked potatoes from the oven or hot grates or lids from the fire. Use tongs to lift the silverware from hot rinse water.

A small magnet will easily pick up pins and needles that have been dropped on the floor, and to save fingers and hands when a glass falls off a shelf or out of a cabinet, use damp cotton. The cotton will pick up the small splinters of glass and will offer the housewife protection from cuts, says Mrs. Claytor.

Mr. and Mrs. Burl Schollenbarger were in Shawnee, Okla., over the weekend visiting Mr. and Mrs. Floyd Crabb and making the acquaintance of their new daughter.

The devotional period was led by Mrs. Clarence Neufeld.

Others present were Mesdames H. W. Ragan, D. A. Caldwell, Vance Apple and Kara Bess, Charley Kent, Claude Cook, Alice McCarty, Robert Barlow, T. V. Elizey, Lawrence Elizey, L. H. Lance, and Leo Johnson and son, Bobby.

GLAMOR EYE CUE . . . Contact lenses, worn by the girl in the photograph at right are eye savers for the damsel whose vanity keeps her from wearing eyeglasses. Glass or plastic lenses of thin, saucer shaped shells, which fit under the eyelids and are worn on the eyeballs, will not be detected by a casual onlooker. These lenses, removed with a small rubber suction rod, keeps your secret, because they move with the eyes. They can be prescribed properly only by experts.

Dallas Rebs' Owner Wants Dallas Team

(AP) Newsfeatures

DALLAS — The ambition of President George Schepps of the Dallas Club of the Texas League is to have a Dallas ball club. By that he means a team made up entirely of Dallas products.

Last year he had three Dallas boys playing much of the time. They were Quentin Altizer, pitcher; Bob Finley, catcher, and Johnny Creel, outfielder. Hank DeBerry, scout for the New York Yankees, noted them one night and said this was unheard of in fast professional baseball.

Schepps says just wait until 1951; he expects to have an entire team of local talent by that time. A check-up shows that Finley is not with the club but Creel and Altizer are still here along with five other Dallas youngsters, including Earl York, optioned to Dallas this year by the Chicago Cubs. Schepps also has Red Borom, a Georgian by birth but now a permanent resident and property owner in Dallas.

The Dallas club prexy points to Heinz Becker and H. K. Ferry, now with Milwaukee and Buffalo respectively, as proof that Dallas kids can play baseball as well as anybody. He had both of them on his club until they earned promotion to higher company.

Schepps says he has no desire to lower the grade of baseball by pushing his home-town idea. He subscribes to the theory that a lot of ball players are born but more can be made by proper encouragement and practice. And he contends that the schoolboys of Dallas are far ahead of those in any other city in the diamond game. Baseball is big stuff in Dallas high schools.

Another point: Schepps says nothing could do more to revive civic interest and home-town pride, cornerstones of minor league baseball, than the development of local talent.

'COURSE YOU DON'T HAVE TO TAKE IT

Crime Doesn't Pay

CHICAGO (AP) — Robbery has run up against a resistance movement. Two thugs set out on a crime wave that went like this:

They robbed two lone men, but all they got was $12. They met three others, one at a time, and each of the vigorous victims gave them a boxing lesson. A woman put them to rout by screaming.

They took $30 from a truck driver. But the driver smashed his heavy truck against their automobile and they had to leave it in the street. The robbers next tried to take a car from a woman. She foiled them by hurling away the keys in the darkness. One of the bandits was caught quickly. He had a black eye and a variety of bruises.

Washington Letter

By EUGENE WORLEY
Congressman, 18th District

I am glad to report further progress in connection with enlargement of the Veterans Hospital at Amarillo. In a conference with the President at the White House last Wednesday, he personally assured me of his approval and full cooperation in securing early action. As advised last week, I have already introduced necessary legislation to increase the capacity to 500 beds and hope to secure the earliest possible Congressional approval.

Another matter of vital importance to farmers and ranchers of the Panhandle is passage by the House last week of the bill providing for research on the Foot-and-Mouth Disease virus. The efforts of this government in cooperation with Mexico in stamping out the disease in Mexico have not been nearly as successful as either country had hoped they would be. The only way to positively stamp out the disease has been slaughter and immediate burial of infected and exposed livestock. Should the disease spread into this country, it has been estimated that land values in Texas alone would drop a billion dollars. The States and Federal Government would have to begin immediate slaughter and burial of infected livestock. The result of this would not only be the actual loss of the cloven-hoofed animals themselves but would also create greater scarcity of meat supplies. Quarantine lines would be necessary with a resultant freezing of many types of commerce between Mexico and the United States and among the States themselves.

The purpose of the legislation is to set up a research laboratory with the hope of finding a preventative or cure for this dread disease. It will be staffed by top-notch scientists. In order to eliminate as much danger as possible to our own livestock industry, the bill provides an island site shall be used. Scientists have assured Congress that every possible safeguard will be taken and the quickest possible work will be done. The disease is now within 300 miles south of the Texas border. So far the quarantine line established at that point has held but this country cannot afford to overlook any step designed to confine the disease to Mexico and continue every effort to eradicate it from that country. The Senate will probably adopt the House bill this week.

Veteran Forum

Q. I have added total disability income coverage to my 20-payment National Service Life Insurance policy. Does the disability coverage continue after my policy is paid up?

A. Yes, provided you have not reached the age of 60. You continue to pay the additional premium for disability protection to the end of the 20-year period when it, too, becomes paid up. All disability income protection ceases when the insured reaches age 60, but payments are continued to those who are totally disabled at the time they reach 60.

Q. I have been discharged from the service for over a year. What is the latest date on which I can enter school or take training under the GI Bill?

A. You have until July 25, 1951 to start to school or training under the provisions of Public Law 346 (GI Bill), and all schooling or training must be completed by July 25, 1956.

Q. I converted my National Service Life Insurance to 20-payment life. Is it possible to convert this policy once again to a cheaper plan of insurance, such as ordinary life?

A. You may, provided you are able to pass a physical examination, and the effective date of the converted policy is not more than five years ago.

Q. I am the beneficiary of a $10,000 National Service Life Insurance policy. Are the payments I am receiving subject to taxation?

A. No. The payments of National Service Life Insurance as such are wholly exempt from Federal taxation. Except that they must be included as a part of the estate for Federal estate tax purposes.

R. E. Douglas, Lubbock, was transacting business in Perryton last Saturday.

Clearly Seen Hobby

CHICAGO (AP) — One of the prime pastimes of Superior Court Judge Frank M. Padden is washing windows. The glass panes in his home, he says, "sparkle like diamonds." He started in a and got into the habit.

"And, as so often happens," says, "the habit became a by."

Veterans' NEWS

Veterans Administration relieved its training offi- of all responsibility for the supervision of 220,000 non- World War II veterans ining under the GI Bill in Louisiana and Mississip-

change will permit VA's ing officers to devote more to the needs of the 30,000 ed veterans in training un- Vocational Rehabilitation Public Law 16) in the same te area. The law gives VA sponsibility for the train- these veterans.

suspending supervision of ll trainees by direct con- tact, VA called on all state approval agencies, schools and training establishments to meet fully their obligations under the Servicemen's Readjustment Act (GI Bill).

VA will look, to an increased extent, to state approving agencies to carry out their obligation to approve only schools and establishments that are fully qualified and equipped to give good courses of instruction and are otherwise satisfactory on the basis of current inspections.

Schools and job establishments are obligated to furnish effective education and training to each veteran they enroll, VA said. The institutions must not keep a verteran in training any longer than his conduct and progress warrant. They must provide VA with reports of the veteran's attendance and progress.

VA will use these reports, along with spot checks of veterans in GI Bill programs, to safeguard the veterans' rights to adequate training and to prevent possible fraud against the government.

The new supervision policy varies among the different types of training institutions.

No change was made among colleges and universities which already have the responsibility to supervise all veteran-students they enroll.

VA will use periodic conduct and progress reports and spot checks to supervise ex-servicemen and women in other schools and in job-training establishments.

Spot checks will be used in supervising veterans taking institutional on-farm training.

INDEX OF BUSINESS ACTIVITY—The volume of Texas business rose 1 per cent from January to February, the Bureau of Business Research reported. The Bureau's composite index of business activity was 214 per cent of the prewar base period, 1835-39. This level was only 10 per cent below the wartime peak in January 1945. Three components showed increases and 3 fell below January levels. Pay rolls gained 2 per cent to 243; electric power consumption rose 8 per cent to 326; and crud runs to stills advanced 4 per cent to 178. On the downturn were department and apparel store sales, dropping 4 per cent to 337; miscellaneous freight carloadings, 1 per cent to 156; and employment, 1 per cent to 122. Compared with February 1947, all components were up, and the composite index gained 11 per cent. The greatest February to February increase was in crude runs to stills—21 per cent.

India's in a Reforming Mood

By DANIEL DE LUCE

(AP Newsfeatures)

BOMBAY—Mother India is acting today like a Puritan.

Although pessimists say you can't change human nature with law books on this old sub-continent, the trend is toward national prohibition and the abatement of prostitution.

Alcohol and legalized vice are now ranked as public enemies by the highest statesman of the young Indian Dominion.

Social reformers, comforted by the saintly teachings of Mahatma Gandhi, are already writing more stringent legislation.

The most direct blows have fallen on the sale of intoxicants. Traffic in women is proving harder to control.

Test tubes for social experiments are India's largest cities, Bombay and Calcutta. Two dry days are enforced each week in Bombay, including the pay-day for mill-hands in the big textile industry. Calcutta goes drinkless on Saturdays.

"It's only a small beginning," said a young Brahmin reporter on the police beat here. "But anyone can notice the change in the moral climate since the British Raj gave up the ghost and we Indians took over political authority last August.

"The British were not too concerned. They let things slide."

Foes of white slavery are handicapped by religious tradition as well as the enormous profits made from vice.

Hinduism accords a recognized position to the prostitute class. Basavis (temple girls) still cater to pilgrims in backward states, although it is now generally forbidden to allow superstitious families to dedicate a daughter to temple service.

In Southern India, where matriarchal systems flourish, it is common to find prostitutes whose female ancestors, as far back as any records exist, belonged to the "oldest profession."

Vice is big business in Bombay. The red-light district, which spreads over several principal thoroughfares, is perhaps the most infamous in the East. There are streets lined with cages in which blotched-faced girls behind iron bars solicit for 12 annas—25 cents.

Rich banias (merchants) frequent a cluster of apartment houses further uptown where silk-gowned singers and dancers, with golden bangles hanging from nose and ear, entertain nightly at private parties which may cost 300 rupees ($100) or more. The girls are usually attended by musicians who are their male relatives, including husbands.

The Bombay provincial government recently publicly confessed that the last anti-prostitution act, adopted 24 years ago, had "failed to achieve its objectives." It issued a new decree which is something less than half a loaf for determined leaders of a purity campaign here.

Under terms of the new act, prostitution is forbidden "within 150 yards of a place of public religious worship, educational institution, park, playground, cinema, railway station or tram line."

Ironically, race rioters, not reformers, have done the most harm so far to white slavery. Most brothels are in a mixed area of Moslems and Hindus. The hazards of assassination in the street have discouraged customers, frightened girls back to their native villages, and cut the income of overlords during the past six months.

LAREDO CANDIDATE—Philip A. Kazan of Laredo is a candidate for Congress from the 15th Texas district.

My Husband Is Very Busy Now and Doesn't Want to be Disturbed

It's a lot more disturbing, lady, to have a fire and not be insured. Let's take time now to talk about your insurance protection. Come in and see us for detailed information.

BABSON DISCUSSES STALIN

ROGER W. BABSON, Editor-in-Chief

EUREKA, Kans., April 16—I have never met Mr. Stalin; but I have friends who have often talked with him. Some of them have been at the famous conferences attended by Mr. Stalin, Mr. Churchill, and Mr. Roosevelt. I, therefore, am using my column this week to answer certain inquiries coming to me. The conclusions are not pleasant.

Some Definitions

There are three different economic or social theories today. They are: (1) Capitalism. This is what is commonly known as free enterprise which has been so successful in the United States. (2) Fascism. This has been tried in Germany, Italy and Japan; it is a form of State capitalism where persons continue to own their property but use it as the State directs. (3) Communism. This is where there is no private ownership. Communism is Socialism with brutality added. One country could get on under either the Capitalistic System or Fascistic System by itself; but Communism or Socialism probably needs a world organization in order to make it work. At least, this is what Mr. Stalin thinks.

Stalin's Ultimate Goal

Therefore, Stalin's goal is to eliminate Capitalism. Anyone responsible for making a success of Communism would probably have the same aim as Stalin. The Labor government in England is gradually coming to this same conclusion. It is not ruthless like the Communists, but even their leaders believe that their success depends upon having the same program adopted by all other leading countries.

Therefore, it is possible that as soon as Russia gets the Atomic Bomb she may blow up the big cities of the United States. She may have no thought of landing troops here or of taking over our government. It would be only one step in her campaign of destroying Capitalism. Her hope would be that—with our big cities destroyed—a Socialistic System would be needed to operate our remaining industries. This would also eliminate undue competition from industries in communistic nations.

What Will the Communists Do?

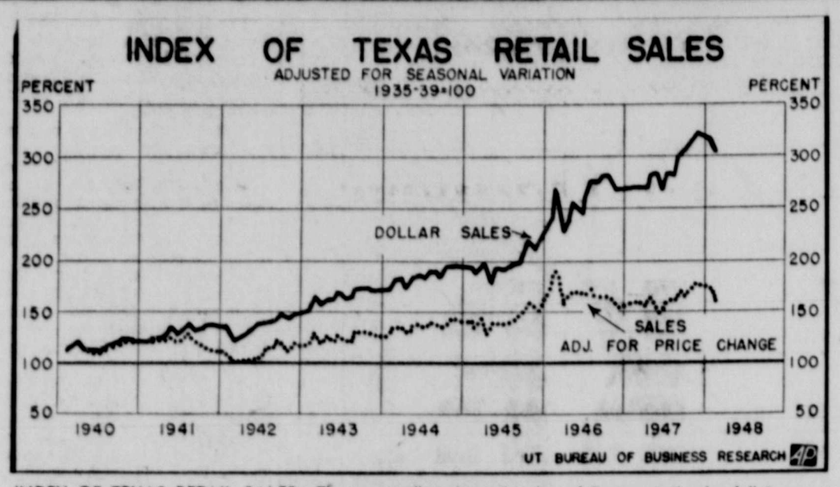

If this is their program then, when the Russians get the Atomic Bomb, they may get these bombs planted, by their own friends, in the center of our big American cities. It would be easy to get them over here in trunks, or in bales of goods. They could be smuggled across our borders in automobiles, trucks or airplanes without being detected by custom examiners. Then the Russian agents could deposit these in their boarding houses in our big cities until the time came to explode them at a certain moment on a certain day. Time clocks could be used so that the Russians would have time to get away. Thus all these cities could be destroyed at a certain set hour.

Of course, the Russians would expect that we would retaliate with our airplanes. On the other hand, how can we then prove that it is the Russian Government, or the Spanish Government, or the Argentine Government that does the damage? Of couse, the time would be selected when we are more or less in a row with all of these governments. Therefore, our big cities could completely be destroyed without our knowing for sure who destroyed them and certainly without war having been declared.

Final Result

What the final result would be nobody can foretell. With a dozen of our biggest cities destroyed, there would not be much hope for Capitalism for many years to come. Thus, the purpose of the Communists would have been attained. They might try to have a hand in the government of the United States; but it would then be taken over by the people of the smaller cities and rural communities, largely the people of our Central West. If my prognostications come about, which I hope they will not, it certainly means that the people of our Central West will someday have a great oportunity and responsibility. The question is are these people now preparing for such even though it may be a remote possibility?

INDEX OF TEXAS RETAIL SALES—The seasonally-adjusted index of Texas retail sales fell 5 per cent to 304 in February, according to the University of Texas Bureau of Business Research (Base: 1935-39). This second consecutive monthly decline was brought about by decreased sales of both durable and non-durable goods stores. The durable goods index slid 9 per cent in February to 337, and the nondurable goods index registered a 3 per cent drop from 369 in January to 337 in February. Deflated for price changes, the adjusted total sales index decreased 5 per cent to 160 in February. The total dollar value of Texas retail sales fell 8 per cent from January, without seasonal adjustment.

Neil Boardman, author of the novel, "The Long Home", is a native of Minnesota and a resident of St. Paul. Writing a book must have come naturally to him for as a librarian his business is books. Graduate of the University of Minnesota and for one year a student of Mary Ellen Chase's he has been employed in several capacities at the St. Paul Public Library, and now heads one of its branches. His previous creative work includes book reviews, feature articles, comic opera librettos, and two unpublished novels. Married and the father of two children, he lists his hobbies as walking, conversation, music, reading and trains.

Art Turner Gets Award from FHA For Long Service

Certificates and lapel-emblems were awarded April 8th by the Farmers Home Administration to all employees who have been in the service of the U. S. Department of Agriculture ten years or more.

Included among those receiving awards were Marvin C. Wilson, Muleshoe; Ralph W. Dent, Plainview; Robert C. Land, Memphis; John Barbee, Littlefield; Arthur R. Turner, Perryton; Harry N. Clarke, Amarillo; Harold D. Himmel, Tulia; and Miss Myra F. Hays, Wheeler.

The presentation of the certificates and service emblems was made by Mr. Oris R. Bruner, State Field Representative, of the Farmers Home Administration at Amarillo, Texas. In congratulating the award-winners for their long and loyal service Mr. Bruner said, "It is fitting that the Department of Agriculture should take recognition of good service rendered to the public by its employees who carry on their duties faithfully year after year. Thru experience you have undoubtedly acquired knowledge and skill which make you valuable as an employee of your Government. I am sure you deserve this recognition and honor."

Mr. Bruner said that the ceremony held April 8th would be duplicated each year in the future as a part of the Department of Agriculture policy of recognizing meritorious accomplishments and longevity of service.

C. C. Stanley and Mr. Wright of San Bernardino, Calif., are visiting this week in the home of Mr. Stanley's sister, Mrs. Harve Cook, near Hardesty, Okla. Mr. Stanley is a former resident of the Range community in Okla., and was in Perryton with Mr. and Mrs. Cook on Tuesday renewing old acquaintances.

Mayor Booms Collections For His City

(AP Newsfeatures)

CHARLES City, Ia.—Harold S. Henry, 55-year-old retired newspaper publisher, is a mayor who can supplement city funds by personal solicitations.

When it became apparent that $60,000 on bonds voted for construction of a municipal swimming pool would not suffice, Henry conducted a one-man solicitation which brought in $25,000. The fund now is being supplemented by a house-to-house canvass to raise another $19,503.

He directed the drive which raised $100,000 for a community project to build between 300 and 500 homes. Other accomplishments include:

Raised $14,000 as community chest chairman in 1947, and now is serving as community chest vice chairman. Served as 1947 Floyd County Red Cross drive chairman in which $7,862.10 was collected with the goal of $2,694.

Personally sold 2,000 shares of Charles City Building and Loan stock at $100 a share. He's president of the organization.

Worked out with the city council an arrangement by which J. E. Armstrong, Waterloo industrialist, agreed to build 40 new houses this year and next on property which he owns here.

As mayor he is proud of the 4,700 feet of sewer laid during his administration; installation of parking meters which will bring in an estimated $20,000 a year; and imposition of a sewer rental fee amounting to 40 per cent of water bills, which will net an estimated $20,000 a year; and imposition of a sewer fee amounting to 40 per cent of water bills, which will net an estimated $15,000 annually.

Grace Spencer, Mr. and Mrs. Glen Tindle, Kate and Jane returned Monday afternoon from Huntington, Ill., where they spent several days visiting relatives. Mrs. F. C. Spencer who has been visiting in Huntington several weeks, returned with them.

Chili Pushes Antarctic Claim

SANTIAGO, Chile (AP)—The National Defense Ministry has named a six-man commission to pick a site for the capital of the "Chilean Antarctic," much of which Britain claims as the Falkland Dependencies. President Gabriel Gonzalez Videla chose Navarino, a lonely island inhabited by about 200 persons, mostly sheepraisers.

The commission is to map it, locate a sit for the capital and find out what it needs in the way of ports, roads and other installations. The inhabitants told the president they would like to have a boat service across the strait to the Argentine naval base at Ushuaia, their only supply center.

Calvin Flowers left Wednesday morning for Hot Springs, N. Mex., to spend three weeks taking the baths.

Mrs. W. J. Welch and Mr. and Mrs. Guy Welch and daughter, Guymon, visited Sunday afternoon in the home of Mr. and Mrs. W. J. Herrell.

ASK YOUR WIFE!

Ask her what a new cream separator would mean to her. She'll probably say: "Less work and bigger cream checks."

Particularly if you tell her you're thinking of investing in a new McCormick-Deering Separator.

We have McCormick-Deering Separators in stock now. Bring your wife along, when you come to look at them.

HE'LL HAVE TO BE A MAGICIAN—New Washington Manager Joe Kuhel, right, discussing National prospects with two of team's few real "pros" pitcher Early Wynn, left, and first baseman Mickey Vernon. Joe has a dismal outlook this year. His top hitter is Tom McBride, who slugged an anemic .269 last year.

From The SIDELINE

with HAROLD HUDSON

We were remarking a few weeks ago about the scarcity of baseball players around Perryton and pointed out that one reason is that the youngsters were not taught the game. Now comes the answer to that one. An American Legion junior baseball team is being formed which will give these boys a chance to learn and play the game.

Virgil Olmstead and Hood Wills will work with these boys, and while they have unselfishly agreed to take on the big job, they need someone with some baseball knowledge to teach the boys the finer points of the game. Neither Virgil or Hood profess to be baseball experts, and they'd like to have some help.

Maybe enough high school baseball players can be developed this summer to insure a school team next spring. Since spring football training has been outlawed, schools all over the country are fielding baseball teams to fill in the spring sports picture.

The Ford Motor Company furnishes uniforms for American Legion baseball teams all over the nation and it is plain to see that they have done a lot to encourage participation in the national sport.

We notice where seven of the clubs in the WT-NM baseball league predict pennant winners for their teams. With all this optimism, there should be some good games this summer. We wouldn't go so far as to predict a pennant for Perryton in the North Plains league, but maybe after we see the team play a time or two we can make a prediction.

It's here! Or nearly so, anyway. We got a letter from the Chicken-of-Tomorrow committee telling us that the search is on for an even better kind of chicken. A chicken with larger thighs and breast, smaller wings, back and neck. That's what we call a worthwhile research project. Incidentally, the chairman of this national Chicken-of-Tomorrow committee is one F. Z. Beanblossom, whose name could not be more appropriate for the position than if it had been coined especially for the purpose.

A shrine is being built at Baylor University, honoring Robert Browning, famed English poet. The building will be the most beautiful in America, says Dr. A. Joseph Armstrong, professor of English at Baylor. In it will be put the Browning collection, the greatest in the world.

The thing that interests us about this building is the foyer, which will be used for student meditation. "This will be a room where a student may come and think intensely on great thoughts," said Dr. Armstrong.

That's what we need around Perryton. A secluded, noiseless room where a person can sit down and think great thoughts. We've had a couple of great thoughts skipping around in our head for a long time, but because we don't have a good place to sit down and think, they haven't been released yet. And we're curious to find out what these great thoughts may be.

We're anxious for them to get that shrine built. Then we can go down to Waco, sit in that foyer, and think intensely on our great thoughts.

• East of Boyd

The weather continues dry and windy.

The contests in Fine Arts were held at Turpin, Tuesday afternoon and evening. The winners in solos and readings with the Glee Club and chorus groups went to Beaver on Friday and Saturday to enter the contests.

James Rodgers was a guest of Hugh Williams Thursday night.

Some of those in Liberal Saturday were: Mr. and Mrs. W. H. Williams and Hugh, Mr. and Mrs.Jester and daughters, Mrs. George Kirton, Mr. and Mrs. Fred Whittet, Mr. and Mrs. Aldeen Rogers and children.

Mr. and Mrs. Harry Kirton and Paul Dean Kirton called on Mr. and Mrs. Aldeen Rodgers and sons Sunday evening.

Mrs. Douglass Sherrill and daughter Naomi, and Marilyn Rodgers were in Liberal Sunday to see the show.

Henry Law and daughter Barbara, Liberal, Kans., called at the Douglas Sherrill home Sunday.

Mr. and Mrs. W. E. McMillen and E. R. Thurman are vacationing in Hot Springs, N. Mex., this week and taking the baths. Later they will join Mr. and Mrs. Mood McMillen and go to El Paso where they will receive medical attention. Mr. Thurman will visit his sister while in El Paso.

Brian Ethridge of Dalhart is visiting his parents, Mr. and Mrs. T. M. Ethridge.

Marriage Licenses

Loren J. Christianson and Pearl Reeder, both of Perkins, Nebraska, were issued a marriage license at the county clerk's office April 13.

G. Van Slagle and Dale Hermon, both of Ness, Kansas, were issued a marriage license April 19. Judge Dave Shanks performed the marriage ceremony for the couple in his office Monday morning.

CARD OF THANKS

I want to thank my many friends and neighbors for the nice cards, visits and flowers during my stay in the hospital.

Mrs. J. M. Haley

Paint Job Increases Teachers' Work

CHICAGO (AP) — The Stolp school in suburban Wilmette is bright—and so, it seems, are the children.

The place has a new paint job. Walls are pale yellow, baby blue and other pastel hues. The blackboard is dark green and the chalk is yellow.

"There's an entirely different attitude now," says Gordon Walker, an instructor. "There's no late afternoon letdown. The kids stay awake and always are ready for something. Of course, that makes the teacher's job a little harder."

Send a birthday card from the Stewart Printing Co.

Mrs. E. L. Whippo [illegible] guest Friday night in the [illegible] of Mr. and Mrs. Mark [illegible]

Mr. and Mrs. Charley [illegible] spent the weekend in [illegible] Texas, visiting their son [illegible] cent Hobbs and Mrs. Hobbs.

Col. and Mrs. L. E. Lichtenwalter and children, Leon, Lance and Lance Christian, are visiting this week in the home of Mrs. Lichtenwalter's father, brother, L. L. and W. H. [illegible] Col. Lichtenwalter and family are stationed at Fort [illegible] Ga.

Mrs. E. L. Whippo is [illegible] with Mrs. E. R. Thurman. Mr. Thurman is in Hot Springs, N. Mex., taking the baths.

DU PONT PAINTS

FOR ALL YOUR PAINTING NEEDS
Clean Up - Paint Up
