"Starts the Day On the South Plains"

SUNRISE EDITION

# LUBBOCK MORNING AVALANCHE

Twenty-eighth Year, No. 14 — 28 Pages Today — Lubbock, Texas, Wednesday, November 16, 1949 — Entered as Second Class Matter at the Post Office at Lubbock, Texas, under Act of March 3, 1879 — Full Leased Wires: (AP) And (INS)

# Cotton Quotas For Lubbock, Terry Given

LUBBOCK and Terry county's 1950 cotton acreage allotments from the state PMA office were revealed Tuesday night, with Lubbock county scheduled to receive 250,605 acres, the highest one-county allotment in Texas.

Terry county's allotment was set at 119,464 acres, Looe Miller, county PMA administrative officer, told 400 members of the Terry county Farm bureau and their families holding their annual convention in Brownfield Tuesday night.

Following Miller's surprise announcement, it was learned in Lubbock late last night that the Lubbock county quota also had been set.

**Other Totals Not Available**

Efforts made by The Morning Avalanche to learn quota figures of other South Plains counties were unsuccessful and it could not be determined how far the program had progressed on a state level.

However, Miller said the Terry county notification came Monday from D. F. Vance, state PMA director at College Station. It was learned that the Lubbock county notification was received on Saturday, and it was assumed that other cotton producing counties in Texas have received their 1950 allotments. No announcement of the quotas has been made from state or national officials.

Lubbock county's allotment of 250,605 acres was 86 per cent of the acres seeded to cotton in 1947 and 1948, which was 291,000. The 1947 acreage was 292,000, while this year 290,000 acres were seeded to cotton.

**'Delay' Is Explained**

It was learned in Lubbock that official announcement on allotments by county, state and national PMA offices was being delayed until publication of the figures in the Federal Register in Washington.

However, the publication was regarded as a mere formality and there was little doubt but that the figures released by the state office will be used.

"The only secret about it is that it hasn't been officially published in Washington," one source of information said.

"I am sure the figures are not tentative because we have been told to go ahead and figure allotments on an individual basis," he said.

"The official announcement from Washington is liable to come at any time," he added.

He explained that county offices must allot acreage to farmers on an individual basis prior to Dec. 15, the date of the market-

**Truman Declares Against 'Retreat'**

# HST Pledges Fight On Discrimination

By ROBERT G. NIXON
INS Staff Correspondent

WASHINGTON, Nov. 15.—President Truman served notice tonight that there will be "no retreat" by his administration in its fight for legislation aimed at ending racial and religious discrimination.

The President tackled the dynamite-packed civil rights issue for the second time within a week in an address to the National Council of Negro Women. Mr. Truman declared:

**Pledges New Effort**

"We are going to continue to advance in our program of bringing equal rights and equal opportunities to all citizens.

"In that great cause there is no retreat and no retirement."

The President spoke in the departmental auditorium for about 10 minutes at 8:45 p. m. He motored to the meeting from Blair House at 8:30 p. m., and before he spoke heard others condemn racial discrimination.

Mr. Truman had renewed his fight for civil rights last Friday when he spoke at an Armistice day luncheon launching "brotherhood week" under sponsorship of the National Council of Christians and Jews.

The President said tonight that his administration is pledged to "the extension of freedom and opportunity to all our citizens without racial or religious discrimination." He added:

**Much Progress Made**

"The people of this country have made much progress in this eause. We are awakened as never before to the true meaning of equality."

The President coupled his civil rights statement with a new plea for freedom for territories and colonial possessions of the world, together with their economic development.

He called his "point four" proposal a means of bringing about economic progress to undeveloped world areas and a fuller life to

# Tech Students Are Presented Awards At Annual Program

By EMMETT SHOCKLEY
Avalanche Staff Writer

Two Texas Technological college seniors were presented with $300 awards for outstanding scholarship by the Borden company in ceremonies on the campus Tuesday night.

William J. Krueger, jr., senior agriculture student from Clifton, was given one of the awards at the agriculture division's 22nd annual "pig roast" held to honor the seven judging teams in the division.

**Home Ec Award Made**

The other award went to Elizabeth Craig, senior home economics student, and daughter of Prof. and Mrs. William M. Craig, 2312 Eighteenth. The award was made at a regular meeting of the Home Economics club, the date for which was moved up to coincide with the presentation ceremonies.

Both awards were presented by W. A. Wentworth, New York, secretary of the National Borden foundation, which has established such awards in 29 other colleges and universities throughout the nation.

The awards, established here in 1945, are made annually, going to the senior in each of the two divisions with the highest scholastic averages. Krueger's scholastic average for the first three years is 2.88 out of a possible 3.00. Miss Craig's average is 2.82.

The only condition laid down by the foundation is that the agriculture senior complete at least two courses in dairying, and that the home economics senior has completed at least two courses in food.

More than 500 members and guests of the Agriculture club were present for the "pig roast," which also served as a send-off for three judging

# Taft Predicts HST 'Austerity'

WASHINGTON, Nov. 15. (AP)—Senator Taft (R-Ohio) said today adoption of President Truman's program next year would add more than $16 billion to the federal deficit and lead America to "stagnation and austerity."

Taft attacked "the entire Truman program" in a statement from his office. The Ohioan was home campaigning for reelection in 1950.

"We face a deficit of $5½ billion," Taft said. "Yet the Truman program would add to that $6 billions for UMT and other billions for services of all kinds."

**Many Projects Advocated**

His references were to compulsory health insurance frequently advocated by the President, to the "production payment" plan for keeping up farmers' income sponsored by Secretary of Agriculture Brannan, and to a long-pending proposal for universal military training—"UMT."

"How can we increase our federal tax 50 per cent without choking the development of all business expansion and creating vast

**SIX NEW STRUCTURES PLANNED**

# Plans For $4 Million Building Program At Tech Are Rushed

ARCHITECTURAL work is progressing on six structures included in a $4,000,000 building program at Texas Technological college, Dr. D. M. Wiggins, president, announced Tuesday.

Preliminary sketches have been turned over to professional architects for detail work on new Engineering, Home Economics and Music buildings, he said. A new Science hall and student Union building are also included in the project.

Plans on at least two or three be complete enough for action by

of the buildings are expected to the board of directors at a meeting to be held here Dec. 10, he said. The six buildings will include four completely new structures and two additions to present buildings and do not include two wings to the administration building, now under construction.

Exact amount that each of the buildings is expected to cost has not been revealed by college officials, pending the opening of building bids some time later. General outline of all except the student union building has been released.

To be located directly east of the present engineering building, the new egnineering structure will face west on what is known as Engineering drive. The two-story structure and basement will house the mechanical, civil and part of the architectural engineering depart-

# Police Rescue Girl Abducted From Home

DETROIT, Nov. 15. (AP)—Seven-year-old Karen Kuechenmeister was abducted from the living room of her parents' home here tonight, but was rescued an hour later in a wild police chase.

Chief Assistant Prosecutor Ralph Garber said the pretty, blue-eyed, blonde girl was saved from an abductor whose motive was sex. The child was found unharmed, but her clothing had been disarranged.

Garber said that William B. Marbey, 35, manager of a small hotel, was being held for questioning and would be charged "at least with kidnapping." Marbey was arrested after he reported theft of the car used in the abduction.

"The little girl was saved by the grace of God and efficient police work," Garber said after talking with the parents, Mr. and Mrs. Karl M. Kuechenmeister, and the little girl herself. Garber said he had not yet taken a statement from Mabrey.

Lt. Tom Picking of the special investigation squad said Mabrey told him he was forced to seize the child by two men, armed with guns. He did not amplify.

# Government Averts Coastal Strike In Last-Hour Talks

# Allies Draw German Plan

By LEON SHLOSS
INS Staff Correspondent

WASHINGTON, Nov. 15.—Secretary of State Acheson said today that he and the foreign ministers of France and Britain have reached "full agreement" to bring Western Germany back into the European family of nations.

Acheson's report on his European conferences was given newsmen when he arrived at National airport and coincided with announcement of another step to speed rearmament of western Europe against any Russian aggression.

**Johnson States Meeting**

Defense Secretary Johnson disclosed that he will meet with the North Atlantic pact defense committee at Paris Dec. 1. He is expected to present an integrated defense plan which will make possible full utilization of the $1 billion arms-aid program approved by Congress.

Acheson, who was met by President Truman, said his meetings with British Foreign Minister Bevin and French Foreign Minister Schuman, were "entirely harmonious" and that the trio "reached full agreement" on the thorny German problem. Chief stumbling block has been French fears of possible military resurgence by its old enemy across the Rhine.

The secretary added that his meetings with the leaders of the new West German state were "entirely harmonious."

**Confers With HST**

Acheson later conferred with the President at the White House and gave him a personal fill-in on the European discussions.

In Bonn, Germany, where Acheson conferred with leaders of the new German state Chancellor Konrad Adenauer said his country will be allowed to build larger sea-going vessels and that plant dismantling will be slowed down pending negotiations with the Allies.

In another "cold war" development, the Big Three western powers informed Russia and its satellites that they will not recognize the Soviet-dictated Danube river convention because it imposes a monopoly over traffic on the vital waterway in violation of World War II peace treaties and

# Roosevelt Seeks Governor's Post

LOS ANGELES, Nov. 15. (AP)—James Roosevelt, the late FDR's eldest son, today announced his candidacy for the Democratic and Republican nominations for governor of California in the 1950 primaries.

At the same time he made a move for White House support.

He said he will do his best to bring President Truman's "Fair Deal" to California. Asked at a press conference if that meant that he approved of the "Fair Deal" program in its entirety, Roosevelt said he did.

**Double Filing Planned**

He also told the press conference that while he disapproved of the California law which permits a candidate to file for the nomination by more than one party, he will do so.

Thus he will be running not only as a Democrat — with the party his father restored to power in 1932 — but as a Republican.

He said his mother, Mrs. Eleanor Roosevelt, will not be asked to participate in his campaign, but

**UMW LEADERS CHARGE 'GOUGING' PLOT**

# Miners Pay Huge Fine

BY PHILLIPS J. PECK
INS Staff Correspondent

WASHINGTON, Nov. 15. — John L. Lewis' United Mine workers accused the coal industry tonight of a "piratic scheme" to "gouge" the public with higher prices while the miners work under last year's contract terms.

The UMW charged that two of the nation's largest bituminous companies have boosted prices "surreptitiously" 25 to 75 cents a ton but plead "poverty" and inability to meet the miners' new contract demands.

**Lewis Is Attacked**

A union spokesman lashed out at the mine owners in a day which saw the UMW pay a $1,420,000 fine to the government and Lewis attacked before a House committee as a "virtual dictator."

The 1949 coal wage contract battle moved no closer to settlement, however.

The threat of a new walkout by 375,000 soft coal diggers Dec. 1 was undiminished as the operators looked to the White House for action, the government marked time and Lewis stood by his offer to resume negotiations.

**Price Hikes Claimed**

The union said the Eastern Gas & Fuel associates and the Pocahontas Fuel Co., producing a combined total of 19 million tons of coal annualy, have made "unjustified price increases" of 25 to 75 cents a ton to their retail dealers.

A UMW spokesman said this will ultimately cost consumers 50 cents to $1.50 a ton more. Asserting that the industry's net profits already average $1 a ton, the spokesman added:

"These fat corporations will try to blame the union.

"Once again the coal companies are playing the old shell game and trying to con the American consumer, through their propaganda machines, into believing that he sees something that isn't there.

"The UMW cries 'shame' to this maneuver to squeeze the consumers' purse and blame it on the coal miner."

**Union Demands "Fair Share"**

The union charged that other companies soon will fall in line with "this piratic scheme to milk the coal-consuming public."

It reiterated Lewis' demand for contract improvements costing 30 to 35 cents a ton as "the mineworkers' fair share" of the coal industry's profits.

Developments on the coal front included:

1. The United Mine workers turned over to the U. S. district court a check for $1,400,000 to cover the fine against the union and $20,000 in cash to meet the fine imposed against Lewis personally as result of a 1948 coal strike.

2. Earl Bunting, managing director of the National Association of Manufacturers, demanded before a House committee that the UMW be prosecuted under the anti-trust laws as a labor monopoly. He branded Lewis as a "virtual dictator."

3. The Interstate Commerce commission rescinded an order for

# Nearly 17,000 Join Back To Work Move

PITTSBURG, Nov. 15. (AP)—The great steel strike of 1949 ended today for nearly 17,000 more members of the CIO united steelworkers.

Joining the back-to-work movement were:

Sharon Steel Corp., with 5,921 listed steelworkers members at Sharon and Farrell, Pa., and Lowellsville, O.

Pittsburgh Steel Co., with 6,969 workers at Allenport, Pa., and Monssen, Pa.

Babcock-Wilcox Tube co., Beaver Falls, Pa., 2,000 workers.

McClouth Steel Corp., with 800 employes in the Detroit area.

Oil City Supply Co,, of Dallas, with 891 steelworkers at Oil City and Braddock, Pa.

All the contracts were of the Bethlehem type, providing company-financed $100 pensions, including federal social security; and five cents an hour for health insurance, paid half by the company and half by the workers.

**COMMUNISTS CLAIM VICTORY**

# Chinese Reds Call On UN To Expel Nationalist Members

By PIERRE J. HUSS
INS Staff Correspondent

LAKE SUCCESS, N. Y., Nov. 15 — The Chinese Communist government called on the United Nations today to expell the representatives of the Nationalist regime.

A cable from Communist Foreign Minister Chou En-Lai to General Assembly President Carlos P. Romulo declared:

"The remnant reactionary Kuomintang government is fundamentally doomed and is no longer qualified to represent the Chinese people."

**Reds Called "Racketeers"**

When informed of the Communist government's action, Nationalist chief delegate Tingfu F. Tsiang shrugged his shoulders and called the Peiping spokesmen "racketeers." He said that he refused to recognize any move made by the government headed by Mao Tze-Tung.

Tsiang said that he knew of no arrival of Chinese Communist representatives at the United Nations.

Chou's cable to Romulo stated:

"On behalf of the central people's government of the people's republic of China, I formally inform you that the central people's government of the people's republic of China repudiates the legal status of the delegation of the so-called 'Chinese National government' attending the present session of the United Nations General Assembly and holds that it cannot represent China and has no right to speak for the Chinese people in the United Nations organization."

**Victory Is Claimed**

The cable declared that the "liberation war of the Chinese people has now won a decisive, nationwide victory."

The demand was seen as a forerunner to Communist requests to take part in United Nations deliberations on the Chinese question. The political committee is scheduled to take up Nationalist China's complaint of Soviet aggression next week.

Even as news of Chou's communication reached UN, Nationalist delegate Tsiang denounced Soviet aggression before the political committee and rejected Chinese inclusion in the Russian-sponsored Big Five "peace pact" as "adding insult to injury."

Tsiang said that Soviet infiltration of China began during World War II with exhorbitant economic demands on the Nationalist government. He said Russia demanded broad concessions in China as a price for Soviet participation in the war against Japan.

The Chinese spokesman said that Communist successes in

# Polish Family Gains New Member While Flying Over Ocean

(By The Associated Press)

NEW YORK, Nov. 15.— It happened before in the Rolbiecki family. But it never had happened on a cold midnight 8,000 feet above the Atlantic midway between Scotland and Newfoundland.

Today was the birth day of the newest Rolbiecki, a healthy six and one-half pound girl born on a Scandinavian Airlines system plane.

The Polish family of five—er, six now—arrived on their way to Dahlgren, Ill. The plane brought in 60—rather, 61 displaced persons.

The little girl was the second baby born on a trans-Atlantic plane in less than a month. On Oct. 17 a baby was born to Mrs. James C. Parker, wife of a U. S. Air Force sergeant serving in Germany, in an overseas plane flying the other way.

# Man Guilty Of Treason Charge

WASHINGTON, Nov. 15 (INS)—A federal court jury today found Herbert John Burgman, former U.S. embassy clerk in Berlin, guilty of treason for making Nazi propaganda broadcasts during the war.

The taciturn, balding American-born Burgman faces a prison term of from five years upward, and possibly a death sentence as a result of the verdict.

The five men and seven women on the jury reached the guilty verdict four hours and 45 minutes after they began deliberations.

Burgman was found guilty in the same courtroom where another German radio propagandist, "Axis Sally" Gillars, was tried, convicted and sentenced to from 10 to 30 years.

Burgman's defense lawyer James Laughlin, who also defended "Axis Sally," announced that there would be an immediate motion for a new trial, and that he would fight the case through to the Supreme court if necessary.

At Laughlin's request, each jury

## Lubbock Man Named Among Rural Road Group Directors

AUSTIN, Nov. 15. (AP)— Four new directors of the Texas Rural roads association were elected at a board meeting here today.

They are C. L. Walker jr., of Temple, Mrs. Jud Collier, of Mumford, Robert Lee Bobbitt, San Antonio and W. O. Fortenberry of Lubbock.

The association's annual meeting was set for Jan. 14 in Austin.

# 30-Day Truce Agreed Upon

(By The Associated Press)

WASHINGTON, Nov. 15. — A strike of 2,000 AFL deck officers operating from Gulf and Atlantic coast ports, which had threatened to tie up all shipping in the region, was postponed tonight on the plea of government mediators.

The strike had been called for midnight.

Little more than an hour before that deadline, a 30-day extension was agreed upon, subject to approval of the rank and file of the AFL masters, mates and pilots and the 38 companies making up the employers' group from Atlantic and Gulf ports.

**Deadline Set Monday**

The deadline for approval by the union and employers is next Monday.

A strike will be possible if either party rejects the peace plan as early as next Tuesday noon, Nov. 22.

Terms of the contract between the deck officers and the employers which expired Sept. 30 will be extended until 12:01 a.m. Dec. 16 under the plan, if both sides approve it by next Monday.

The announcement of the removal of the midnight strike threat was made by William N. Margolis, assistant director of the Federal Mediation service. Margolis took over the dispute on Monday when the government asked the parties to come to Washington for peace talks.

**Dispute Centers On Hiring**

The central issue in the dispute is the union's demand for rotary hiring halls — by which union members would get the jobs available in turn. The union wants to spread employment by having its members take turns shipping out.

It was learned that other AFL unions were anxious to avert a tieup. They were pledged by AFL President William Green to respect picket lines and to support the deck officers' strike in every way if it developed.

Such support could tie up all shipping in the East except inside ports or on coal barges, oil tankers and ships of the armed forces.

The contract extension, third since Sept. 30, was thrown into the deadlocked dispute by Mar-

# Major Truckers Strike Averted

DALLAS, Nov. 15. (AP)—A four-state truckers strike was averted tonight only a few hours before it was to have gone into effect.

AFL teamsters union representatives for about 3,000 drivers in Texas, Oklahoma, Arkansas and Louisiana reached a settlement with a committee representing trucking line operators.

The strike had been set for midnight tonight when the old contract expires. Negotiations had been broken off last night after being underway for several weeks. Tonight the talks were resumed and an agreement reached.

**Terms Kept Secret**

M. R. Dixon, chairman of the Dallas Teamsters local and union spokesman, declined to disclose settlement terms. He did say, however, that the agreement involves wage hikes, hospitalization and welfare benefits.

Dixon said virtually every inter-state and inter-city truck line in the four Southwest states was involved in the negotiations.

He said the new agreement is

**MUTILATED BODY OF GIRL IS FOUND IN HOLLYWOOD TRASH PILE**

# Search Spreads For Child Slaying Suspect

By JAMES PADGITT
Ins Staff Correspondent

HOLLYWOOD, Nov. 15 — An angry search for a suspect in the mutilation murder of a six-year-old girl whose body was found wrapped in a gaily-colored shawl and buried in a trash heap was extended tonight into Mexico.

Mexican authorities were called into the gruesome case of pretty little Linda Joyce Glucoft when police named Fred Stroble, 66, as their "hottest suspect" and a bus driver said he had let the admitted sex degenerate off at Tijuana.

The Driver, Dallas Lindsay, of San Diego, said he was "positive" that the man who had run a block to catch the bus bound for the Mexican border tallied with a police picture of Stroble.

A San Diego bus driver "positively identified" Stroble as the man he let off at the international border at Tijuana shortly after dawn today.

The driver, Dallas Lindsay, said that he was positive in his identification because the man attracted attention by running a block for the bus.

Lindsay said that several hours later he was given a police description and photograph of the murder suspect and he immediately identified him as his passenger.

Linda's blood-streaked, nude body was found buried in a trash pile in a neighbor's yard after an all-night search by hundreds of police, deputy sheriffs and civilians.

Near the child's body were a blood-stained long-handled axe and a freshly-sharpened butcher knife. Her clothing was found stuffed in an incinerator.

Dr. Frederick Newbarr who made the preliminary examination for the coroner's office reported:

"It appears the little girl was attacked in a bedroom of the Hausman home strangled with a woven tie possibly done on one of the hand looms of the Navajos or other Indians, wrapped in a blanket and taken outside.

★ ★ ★

LINDA JOYCE GLUCOFT

"Apparently the killer found she was still alive and slugged her over the head with an ax."

Police chemist Ray Pinker said that fingerprints were found on the ax and that they will be analyzed in the crime laboratory.

The body was wrapped in a gayly-colored Mexican serape, identified as the property of Stroble who is wanted on suspicion of her murder.

Stroble, admitted sex degenerate, reportedly risked arrest on a bail-jumping warrant to return to the home of his daughter and son-in-law, Mr. and Mrs. Rube Hausman yesterday.

The child disappeared from home late in the afternoon and, according to the Hausmans, Stroble vanished with all his belongings late last night.

Police described Stroble as their "hottest suspect" in the gruesome case. They reported that he has a police record of morals offenses involving young girls. He failed to appear in court on May 11 for a child molestation charge.

It was understood that Stroble traveled between Los Angeles and Mexico continually.

Neighbors said that little Linda had frequently been seen in the company of Stroble recently and had often played with Hausman's two little girls.

Police said that the body of the little girl was wrapped in a blanket and was concealed by trash, brush and bottles.

The child's parents were grief stricken when authorities made their grim announcement. Mrs. Glucoft became hysterical and a physician was called to tend her. The Glucofts have one other child, Richard, 8.

Linda Joyce disappeared from her home late yesterday afternoon. Mrs. Glucoft called her repeatedly to come to supper. When there was no answer from her daughter, Mrs. Glucoft looked for her on foot.

The frantic cries of Mrs. Glucoft brought neighbors into the search for the missing girl.

The police were called in and

# Dismantling Of German Plants Slowed, West Leader Announces

FRANKFURT, Germany, Nov. 15. (AP) — West German Chancellor Konrad Adenauer announced today that Britain, France and the United States have agreed to slow down the dismantling of German industries.

His announcement came as he began negotiations with the western high commissioners in the hope of relaxing occupation restrictions on Germany.

In a foreign policy speech to the West German parliament, broadcast by the Frankfurt radio, Adenauer made this report on the results of the Paris foreign ministers' conference:

**To Invite Germany**

1.The United States, France and Britain, have agreed to invite West Germany to "many international organizations."

2.The Allies are considering how to alleviate the "consequences" of the present state of war between Germany and the western governments.

3.The allies have agreed to allow Germany to set up trade consulates in foreign countries.

5. The western powers have agreed to a certain relaxation of dismantling of former German war industry.

Explaining the decision on dismantling, Adenauer said that the three western foreign ministers had agreed to slow down dismantling of certain synthetic gasoline plants and steel factories pending further discussions between the German government and the allied high commission.

Adenauer emphasized the parliament at Bonn that all the discussions of the Paris conference depended upon further negotiations between the German government and the three allied high commissioners.

In exchange for allied concessions, Adenauer said that the German government is ready to:

1. Enter the Ruhr authority and acknowledge the Ruhr statute that will keep control of the Ruhr's big steel and coal industries.

2. "Cooperate closely" with the allied security board.

3. Allow foreign investments in German industrial enterprises. He did not say what percentage of foreign interest the German government would permit.

4. To take part "as soon as possible" in the economic union of the Benelux countries.

## Corsicana Man Re-Indicted On Charge Of Mount Calm Robbery

WACO, Nov. 15. (AP)—Ollie Otto Prince of Corsicana was re-indicted today for the robbery of the First National bank of Mount Calm three years ago.

A federal grand jury returned the indictment for the Nov. 22, 1946, robbery, adding one count to the original.

Prince originally was indicted only for entering the bank with intent to commit a felony—robbery.

The new added charges of "putting Mrs. Alice McKinney in fear, feloniously taking from said Mrs. Alice McKinney $4,100 which said money then belonged to the First National bank of Mount Calm.

U.S. Attorney W. H. Moursand said Prince would not be rearrested on the new indictment. He already has made bond under the original indictment. Trial is set here for the week of Nov. 21.

Prince is now out on bonds and appeal for robbery of banks at Rice and Malone, Tex.

## Sheriff In Oklahoma Warned Against Texas Liquor Sales

HOBART, Okla., Nov. 15. (AP)—Kiowa County Sheriff Leon Jennings has been notified by the Texas Liquor Control board he cannot legally sell confiscated liquor to licensed dealers in Texas.

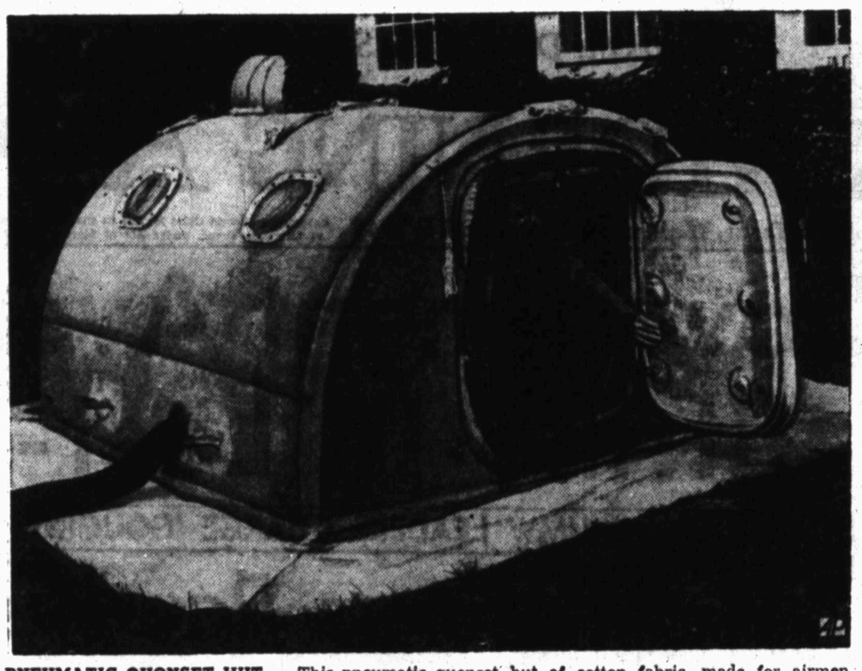

Oklahoma is constitutionally dry. Under a law passed by the last Oklahoma legislature sheriffs are permitted to sell confiscated liquor instead of destroying it. The law is now being tested in Carter county.

A letter from Bohn Hilliard, member of the board, said in part: "You are advised that under the provisions of the Texas liquor control act it is impossible to permit liquor to be sold to the holders of permits in the state of Texas, by sheriffs or other officers in the state of Oklahoma."

## Hollywood Star Met Royalty In Paris

# Errol Flynn, 40, Announces Engagement To Princess, 19

By CHARLES A. SMITH
INS Staff Correspondent

LONDON, Nov. 15 — Errol Flynn, veteran of many Hollywood love stories, announced tonight his engagement to teen-aged Princess Irene Ghica, exiled descendant of the founders of modern Romania.

The Australian-born screen star who has been married twice is 40 years old. His prospective bride, whom he met six months ago, is 19 years old and a divorcee.

Flynn presently is in London for a personal appearance at a royal command film performance Thursday. He sports a beard for the forthcoming lead in Kipling's "Kim," and will leave for India immediately after the royal appearance.

**Engagement Ring Needed**

"I am very happy and am hunting for an engagement ring," said Flynn, "and we plan to be married in Paris or London late next spring."

Flynn last was prominently in the news when divorced July 7 by his wife, Nora Eddington, 24, in Las Vegas, Nev. Before that he was fined $50 in New York last December for kicking a policeman.

Lily Damita, film acrtess, was awarded a divorce from Flynn in Hollywood, April 8, 1943, on grounds of mental cruelty.

Flynn said he met his intended third wife in Paris six months ago through mutual friends and only got the princess' consent to marriage last Sunday.

She is the brown-haired, slender, five foot six inch daughter of Prince Jean Ghica, who was killed in a plane crash 12 years ago, and Princess Ebi Ghica. The latter's second husband, named Donescu, was drowned at Deauville, French resort area, about three years ago.

Princess Irene was married to a young Frenchman two years ago and divorced early this year. After that she obtained a job as a mannikin in the middle class Parisian dress house of Juliet Verneuil, where she was working when she met the dashing Flynn.

The princess said in Paris that it was "love at first sight" when she met Flynn at a Paris cocktail party last spring.

**Flynn Describes Princess**

Flynn described the princess as belonging to one of the four oldest and wealthiest land-owning families in Romania. He said she left Bucharest five years ago to escape the Russians.

The princess said in Paris that she and Flynn spent most of the summer at Cannes, Cap D'Antibes, and other French Riviera spots.

Her father was a Romanian pilot in the first world war, and her ancestors ruled a Romanian principality for two centuries, beginning in the 17th century.

The family name, variously spelled Ghica, Ghika, or Ghyka, originally was of humble origin and is said to have come from Albania. The members became princes of Moldavia and Walachia.

The Hawaiian Islands have less than New York City, which is about 365 square miles.

**SMELLED OUT**

GROTON, Mass., (U.P.)—Lots of people don't care for skunks, but polecat popularity rates high with 250 pupils at the Boutwell school. They were given a holiday after a skunk invaded the building.

## New Houston Airport Possible, Mayor Says

HOUSTON, Nov. 15. (U.P.)—Houston's growth may make it feasible to follow the advice of Eddie Rickenbacker and build an auxiliary airport to accommodate Commercial air transports, Mayor Oscar Holcombe hinted today.

Rickenbacker, president of Eastern Airlines, suggested the additional facility here last week, but it drew no official comment.

Today, the mayor said it was "entirely possible" that the second airport would be built, and that construction might begin in 1950.

Mayor Holcombe suggested that the actual need might be determined in time to submit the question of using available airport funds to a straw vote of the people at the next bond election.

He referred to the 1947 balloting, in which plans to spend some $6 million of airport bond funds on the present municipal airport were approved. Of that amount, more than $3 million is still available.

"If the voters approve an idea to spend that money on still another airport, it is likely that it could be started next year," Holcombe said.

Rickenbacker suggested that the Municipal airport and Ellington field, the Army field, were too near to each other for commercial transport safety.

He envisioned a new field used solely by commercial transport ships, allowing the current municipal airport to accomodate air freight and private planes.

## Thieves Take Furniture While Amarillo Family Is Gone

AMARILLO, Nov. 15 (U.P.) — While the D. R. Stinnets were touring West Texas as cotton pickers, thieves made off with almost all their furniture, it was learned today.

Stinnett said intruders broke through the locked doors of his home and stole a living room suite, dining room pieces, a complete bedroom suite, rugs, a washing machine and other smaller articles.

The thieves did not touch a few books in the house.

"I guess they had already read those books," said a friend of Stinnett.

The largest open-pit iron mine is at Hibbing, Minn.

# NASH IS FIRST AGAIN—*IN POWER!*

Nash engineers have done it again! Now—for the first time—you can have all the thrill of super-compression power on *regular gasoline!*

You'd expect the company that's been ahead in the power parade for a third of a century to stay ahead—but wait 'til you drive a 1950 Nash Airflyte.

Take out a new Nash Ambassador. Its Turbo-head engine has a 7.3 to 1 ratio. Fill it up with "regular"—then tackle the worst hill you know—take the challenge of any other car at the traffic light.

*And let the throttle tell the story!*

Check your gas mileage for another surprise. No other car of Nash Ambassador size can come anywhere close to it in miles to the gallon.

And the Nash Statesman, with its high-compression engine, is equally outstanding in its class—with over 25 miles to the gallon at average highway speed.

What has Nash got the others haven't?

Exclusive sealed-in manifolds, for one thing. They utilize the leanest of mixtures. Uniflo-Jet Carburetion, for another. It means smoother performance.

***20.7% Less Air Drag***

Then, these great engines get another boost from America's best aerodynamic design—for Airflyte design has 20.7% less air drag than the average of nine other current cars tested.

And Nash alone has Airflyte Construction that is stronger, safer, without useless weight.

***Now—Hydra-Matic Drive***

For the best test of all, see your Nash dealer and get the thrill yourself of Airflyte high-compression power. Try it in the Nash Ambassador with Hydra-Matic Drive (optional extra) and exclusive Selecto-Lift Starting.

*And let the throttle tell the story!*

***New Lower Prices—***
***$73 to $140 less than last year!***
See the new and finer 1950 Nash Airflytes, with Super-Compression Power, Skyliner Lounge Interiors, and dozens of other new features, all priced far less than last year. Compare value—compare prices—you'll agree they are the best buy today.

QUARRELSOME NOTE HEARD

# CAB Seeks Cause Of Air Crash In Mass Of Conflicting Evidence

BY JAMES J. STREBIG
Associated Press Staff Writer

WASHINGTON, Nov. 15. — Experts trying to dig out the cause of history's worst air collision began today to sift a mass of conflicting evidence gathered during five days of testimony.

The hearings—called to investigate the crash between a Bolivian-piloted P-38 fighter and an Eastern Airliner which caused the death of 55 persons two weeks ago—recessed yesterday on a quarrelsome note.

Representatives of the AFL airline pilots union stalked out of the hearing room when the special inquiry panel appointed by the Civil Aeronautics board restricted oral testimony to matters involving the crash.

**General Survey Wanted**

The union men wanted to read a statement about the need for a general survey of air safety regulations.

The pilots association later issued a statement which said the procedures followed in the crash probe were "completely and basically wrong."

David L. Behncke, president of the union, said that since the CAB is charged with writing air safety rules the agency was "actually investigating itself" in the hearings, while the "Civil Aeronautics administration, the implementer and enforcer of the rules, was standing close by."

Behncke called for reestablishment of the independent Air Safety board, which was dissolved by a congressional reorganization act in 1940.

**Withdrawal Prompts Remark**

The withdrawal of the union representatives prompted Harold A. Jones, a CAB member taking part in the inquiry, to make a statement for the record which said in part:

"I do not think it is a time for any person or organization to indulge in criticism or name calling. We are trying to make this a constructive investigation."

Jones pointed out that the inquiry panel had made clear that it would be glad to include suggestions for improving air safety in the record of the hearings, while restricting actual testimony to the P-38-airliner collision.

It may be months before CAB issues its findings on the probable cause of the crash, which occured near the south edge of Washington National airport.

**Recommedations Likely**

The CAB's report, when it comes is likely to contain recommendations for preventing similar aerial collisions. There have been four such crashes involving scheduled airlines planes this year.

The collision under study occurred Nov. 1 just before noon. A modified P-38 flown by Bolivian Civil Air Chief Erick Rios Bridoux slashed into an Eastern Airlines DC-4 carrying 51 passengers and four crewmen. All but Rios died, making it the highest death toll in an airplane accident.

At yesterday's hearing, Robert V. Garrett, CAB chief pilot, reported that he had followed Rios' estimated flight path in another P-38.

Garrett said it would have been "impossible" for Rios to have seen another airplane from the P-38 cockpit, assuming both planes were in the relative positions indicated by testimony.

He added that the location of the radio receiver controls in that model of the fighter had caused the volume to be cut off by his elbow every time he moved the plane's engine controls during the flight.

The inquiry panel, which had twice interviewed Rios in his room at Alexandria, Va., hospital, is expected to ask him to read the record of the hearing and then to answer further questions.

## Bakers To Attend Second In Series Of Sessions Held Here

Professional bakers from Lubbock and surrounding vicinity today will attend the second series of sessions in the three-day Fleishman school for bakers now underway at the Hilton hotel.

Cake making and frozen bakery products, the latest inovation in the baking industry, are to be featured at today's meeting.

The meeting was opened at 2 p.m. Tuesday with an introduction by H. L. Davis, representative of Fleishmann. A sound film entitled "The Market for Sweet Baked Products" was shown. The film revealed that pie is the leader in housewife dessert preference.

G. W. Thomas of the New York office of Standard Brands, Inc., is the instructor at the meeting.

Thursday's sessions will cover the discussions of bakery shop layouts.

## Army Engineers Chief Starts Tour Over Texas Nov. 18

DALLAS, Nov. 15. (AP)— Maj. Gen. Lewis A. Pick, chief of engineers, Department of the Army, will arrive here for a Texas tour Nov. 18.

General Pick will be honored at a Chamber of Commerce dinner in Dallas on the 18th and the next day will inspect several dam sites in the Dallas-Fort Worth area. He will be honored at a luncheon in Fort Worth the 19th.

On the 20th, the general will fly to Brownsville to attend the 44th annual meeting of the Intra-Coastal Canal association. The meeting will be held Nov. 20-22.

## Fadiman To Address Tech Students Today

Modern books which have a meaning in the lives of twentieth century humans will be discussed at 6:45 p. m. today in the Texas Tech Recreation hall by Clifton Fadiman, nationally-known radio personality and critic.

Townspeople will be accommodated at tonight's address, Dean of Mean James G. Allen announced, since the program will take place in the main portion of the hall instead of the smaller Green room. Admission charge to non-students is 80 cents.

Fadiman, most widely known as former master of ceremonies for the radio quiz show, "Information Please," will give an address entitled "The Literary Climate: Meaningful Books and Authors of Our Day."

Time for his speech was moved up in order not to conflict with the second performance tonight of the twin operas, "Cavalleria Rusticana" and "I Pagliacci," presented in the Lubbock high school auditorium by the Tech artist course.

Fadiman is an advocate of world government. He has been editor for the Simon and Schuster Publishing company, is a member of the Book-of-the-Month club board of judges, and as vice-president of Fadiman Associates is engaged in production of concerts in addition to his radio work.

**KEY COMES BACK**

MARIETTA, O., (U.P.) — Harry Nickerson, a lawyer, lost his Phi Beta Kappa key on the Milwaukee, Wis., Fair Grounds some time before his death in 1900. It is back at Marietta College where it was issued to him in 1882. A University of Wisconsin man found the emblem and returned it.

**AUSTIN MAN HEADS GROUP**

AUSTIN, Nov. 15. (AP)— The Texas Safety association today announced appointment of James O. Musick of Austin as its new managing director. Musick has been chief of the Texas Department of Public Safety's Bureau of Education. He replaces George M. Clark of Austin who became executive vice president of the Dairy Products Institute of Texas.

**HEARING IS SET**

AUSTIN, Nov. 15. (AP).— The Railroad commission today scheduled hearing at 10 a.m. Dec. 14 on the Burlington-Rock Island railroad company's request to discontinue passenger trains 11 and 12 between Waxahachie and Dallas. Evidence and statements in favor of and opposing the granting of the application will be heard at that time.

## Insurance Agents To Meet Here Thursday

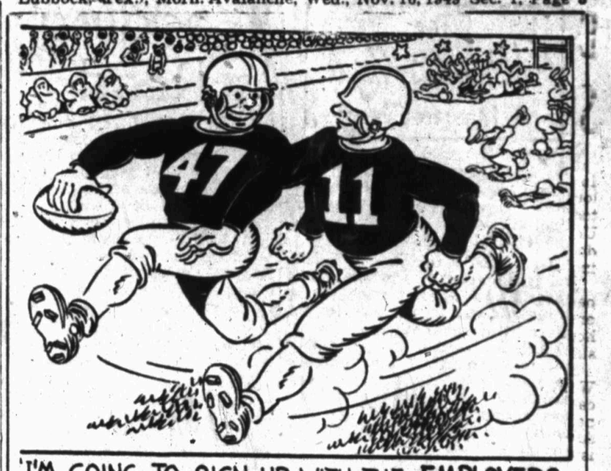

The Twelfth district of the Texas Association of Insurance agents will hold its regional meeting at hotel Lubbock Thursday beginning at 10 a.m.

Approximately 100 agents from 40 West Texas towns are expected to attend the meeting.

H. G. Denman, regional chairman, will preside at the morning and afternoon sessions, and the entire membership of the Lubbock Insurance exchange will serve as hosts to the visiting agents.

Russell B. Trimble of San Angelo, president of the Texas Association of Insurance agents will appear on the program along with Joe P. Gibbs, casualty insurance commissioner; Curtis N. Chapman, assistant manager of the insurance forms department; Willis McVey and Herman Begeman, directors of the automobile section of the casualty insurance department, all of Austin.

Also on program are E. L. Winston of Littlefield who will report on a recent hearing held on hail on growing crops. Drex G. Foreman of Fort Worth, executive secretary of the association, will lead a question period following Winston's talk.

I'M GOING TO SIGN UP WITH THE EMPLOYERS CASUALTY CO. AND SELL HOSPITALIZATION INSURANCE.

NEW STAR FOR THE GULF COAST

"The Cracker Bakery of Tomorrow"

WITH the opening of the new National Biscuit Company Houston Bakery on November 16, Nabisco inaugurates even better service for our many friends in the Great Southwest.

For this new bakery's 600-foot production line with its giant mixers and battery of traveling band ovens represents one of the greatest achievements in large scale food production.

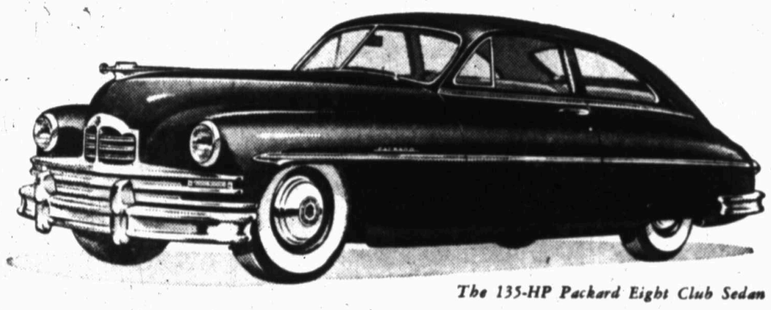

It's a matter of minutes from ingredients to golden-brown crackers and cookies all packaged and ready to be sped swiftly to your neighborhood food store fresher and tastier than ever before.

Other modern features include up-to-date sanitary construction and equipment, extensive use of air conditioning, and many facilities for the comfort and convenience of employees.

In every respect, our new bakery is designed to meet the needs of Texas people. And we pledge our best efforts to be worthy of your confidence and to fulfill the obligations we have assumed as the acknowledged leader in the baking field.

## The Woman's Angle
By Margaret Turner

THERE is considerable talk — one might almost say propaganda — these days about how mistaken we all are in assuming that life stops abruptly around the 40th birthday.

Of course, if one gets to feeling too good about the whole thing, there is always some sweet young thing present to put her in her place with such observations as: "I bet you used to be good looking, when younger." The inference to such a statement is that one can't look glamorous after one has succumbed to a facial line or so and has quit yanking out the gray hairs.

• • •

No one has done much to disabuse the general public of the idea that there can be fun, even beauty, on the long side of the 40th birthday. And for this little notion, we think we can thank the movies and the popular fiction magazines.

A woman who writes stories and sells them to the magazines came right out on a radio broadcast recently and admitted there was a cabal against permitting any female of such advanced age becoming, of all things, a heroine.

"If you want to sell your story," said the woman writer with some bitterness (we venture she is over 40 herself), you have to keep your heroine young and she must be slim. Oh, she might have a few gray hairs, but only a very few."

You know the incidents to which she refers. If the heroine has gray hair, it is quickly explained that she is prematurely gray and has a peaches and cream skin and youthful blue eyes to offset the hair color.

• • •

WE all know in the movies, attractive mothers always look in their early 30's, unless they are character actresses such as Ethel Barrymore or Marjorie Main.

As one who has never been on the thin side, we resent both the magazines and motion pictures keeping their older heroines on the skinny level. The magazines have their glamor illustrations to think about, too.

The result of this campaign — it's probably unintentional and concerned with popularity — has been unfortunate. The great American reading and movie-going public has gradually absored the ideal that (a) once a woman is 40, she is ready for knitting and the rocking chair, and that's it and (b) nothing interesting or exciting can possibly happen to a woman a bit over the weight limit.

• • •

OBVIOUSLY, that cannot be true. Remember, the Duchess of Windsor, was 40 when she married the man who gave up a throne for his love. Remember, too, the number one hobby of American woman is dieting, as a look at the advertisements and articles in the same offending magazines will tell you. If you took out of circulation all the plump girls and fat women in the country, more than the nation's economy would be upset. The nation's menfolk would be, too, and there certainly wouldn't be anywhere near enough women to go around.

• • •

HAL Boyle, noted columnist, wrote a humorous article last week which set out that not life, but love begins at 40 for men. He cites such romantic characters as Bing Crosby, Gary Cooper and Clark Gable, all well along in their forties, who cause sighs when their pictures are projected on the silver screen. He holds out hope for the graying boys, telling them that at long last the fellows with the balding heads and pot tummies may still hang on to romance and glamor.

The daring authors of Broadway's top hit, "South Pacific," made their hero a guy in his mid-fifties — a widower, yet, deeply and romantically in love. When he sings "Some Enchanted Evening" we imagine the hearts of young and old beat a little faster. But they have the heroine cut more in the traditional pattern.

• • •

WHO knows but that by next year, a brave soul will do something about a wild love affair between a gray-haired widow of 45, a little on the plump side, and a balding gent of 55, also a little inclined toward avoirdupois.

What are we saying? We can't imagine anyone including this crusader, who could pay money for that kind of entertainment!

## New Members Meet With Dance Club

Lubbock 49'ers Square Dance club met Monday night at the Party house in Mackenzie State park. New members present were Mr. and Mrs. Pat McWhorter.

Guests attending were Messrs. and Mesdames Elliott Taylor, J. W. Spears, R. C. Mann, Denzil Hopkins and Dr. and Mrs. J. W. Kinard.

A Thanksgiving motif was carried out in refreshments.

## Wedding Is Read

Mr. and Mrs. J. D. Ross of 2110 Ave. M. announce the marriage of their daughter, Miss Betty Inez Ross, to Milam Woodrow Gipson of Lubbock, son of Mr. and Mrs. R. S. Gipson of Crosbyton. The wedding took place Sunday afternoon at 3:30 o'clock in St. John's Methodist church with Mr. M. Norvey Young of the Broadway Church of Christ reading a double ring service.

White mums against a background of greenery, lighted by tapers, decorated the altar.

Mrs. Frank Millican played an organ medley of "Romance" (Rubinstein), "Traumerei" (Schumann) and Evening Prayer "Hansel and Gretel". She accompanied Miss Coyla Prosser of Amarillo who sang "Because" and "I Love Thee."

The bride was given in marriage by her father. She wore a white sheer wool dress made with long tapering sleeves, peplum which extended into an overskirt in the back and trimmed with self covered buttons extending to the waistline. She wore a matching hat with sweetheart brim adorned with imported veiling sprinkled with pearls. A strand of pearls given to her by the bridegroom and a bracelet worn by her mother at her wedding were her ornaments. The bride carried a white Bible topped with lilies and split carnations.

**Attendant From Dallas**

Miss Velma Dee Ross of Dallas, sister of the bride and maid of honor, wore an aqua sheer wool dress identical to the bride's. She wore a matching hat and carried red rosebuds. The candlelighters, Marietta Cantrell and Nancy Carolyn Gipson of Kermit, wore pink wool crepe dresses with blue carnation wristlets.

Alamo Gipson of Pampa served as his brother's best man and Bill Cox and Frank J. Smith were ushers.

After the ceremony, a reception was given in the home of Mr. and Mrs. A. W. Scott, 1720 Twenty-fourth, sister and brother-in-law of the bride. Those assisting with hospitalities were parents of the bride and bridegroom, members of the wedding party, and Mrs. Bill Cox, Mrs. Clyde Allsup of Levelland, sister of the bride, and Miss Mildred Moorehead of Hereford. The refreshment table was laid with lace and arranged with a wedding ring cake, pink, white and blue tapers and srystal appointments.

Out-of-town guests were from Hereford, Amarillo, Dallas, Plainview, Crosbyton, Kermit, Pampa and Levelland.

After a wedding trip to the Davis Mountains, San Antonio and Austin, the couple will be at home at 2305 Eighth. For travel, the bride wore a beige gabardine suit with chartreuse and rust accessories and a corsage of lilies. She is a secretary for Commercial Truck company and is a member of Zeta Delta chapter, Beta Sigma Phi sorority, and National Secretaries association. Mr. Gipson is a representative for Commercial Traveler Casulty company. Both are graduates of Crosbyton High school.

## Talk On Charm Given At Sorority Meeting

Mrs. Ted Moss gave a talk on "Charm" following a dinner held by Kappa Gamma sorority Monday night at Hilton hotel. Miss Lucille Collier and Miss Laura Casey were hostesses.

Others attending were Mesdames Lesta Boles, Norma Caldwell, Susie Caudle, Floyd Dunn, Royce Durham, Neely Eichelberger, Clarence Gosch, Horace Hawkins, Richard Lisman, E. L. McCrory, Eugene Nail, and Misses Mildred Boone, Frances Conley, Ruth Ford, Ruth Griffis, Edna Houghton, Evelyn Jones, Ann Kelly, Nila Massey, Eddythe Walker and Dr. Pauline Miller.

MR. AND MRS. B. F. FLETCHER

★ ★ ★

## Fletchers At Celebration

Mr. and Mrs. B. F. Fletcher who oversved their Golden Wedding anniversary Tuesday, Nov. 8, held open house in their home at Crosbyton from 2 until 5 o'clock on that afternoon. The couple was married at Lampasas Nov. 8, 1899.

Five of their seven children were present for the celebration, and they are: Mrs. Lillian Smith, Austin; Mrs. W. T. Durrette, Roseville, Calif.; John Fletcher, Crosbyton; E. V. Fletcher, Turlock, Calif.; and Bud Fletcher, Melrose, N. M. Clyde Fletcher, San Pablo, Calif., and Mrs. O. G. Tucker of Yuma, Ariz., were unable to attend.

A long-time family friend, Lloyd Rice of Eric, Okla., gave a history of the family when relatives attended a luncheon at the Fletcher home.

Afternoon guests were from Melrose, Clovis, Fort Sumner, Portales and Rodgers, N.M., Morton, Maple and Crosbyton, Roseville and Turlock, Calif., and Eric, Okla. A four-tiered wedding cake, topped with a miniature bride and bridegroom, was served.

## Opera Is Postponed By Music Club Here

Because of illness in the cast, a presentation of "The Mikado," scheduled next week under auspices of the Lubbock Music club, has been postponed. The comic opera will be staged after the Christmas holidays.

**HERE FROM CALIFORNIA**

Mr. and Mrs. Robert Jaffe, three sons and daughter, of Long Beach, Calif., are guests this week at Hilton hotel. They are visiting Mrs. Jaffe's mother, Mrs. Irving Miller. Mr. Jaffe is in the automobile business in Long Beach.

South Dakota's Bad Lands are 5,200 square miles in area.

## Westerner Band To Be Honored With Christmas Banquet

A banquet for Westerner band members and their dates will be given Tuesday, Dec. 6, at Lubbock Country club by the Boosters club, according to plans made at a meeting of the organization Monday night in the Senior High school music room. Fifty persons attended the meeting.

The following program was presented by band students: trombone solo, Chuch Wilson, accompanied by Ned Hardin; cornet solo, Robert Harbaugh, accompanied by John Perry; baritone saxophone solo, Don Wortham, accompanied by John Perry; clarinet trio, Kenneth Stahl, Marcia Shafer and Ernest Sullivant; and a brass quartet, Don Zachary, Paul James, Bob Ford and Robert Harbaugh.

Mrs. J. B. Morriset presided. The next regular meeting of the club will be Jan. 9.

## Travel Club Has Guest

Mrs. George S. Adams of Seattle, Wash., a guest in the Elliott W. Adams' home, was speaker for Llano Estacado chapter of Travel Study club Tuesday afternoon in the home of Mrs. Belverd Needles.

The guest, a native of Mosjoen, Norway, spoke on "The Land of the Midnight Sun."

Ten members attending answered roll call with the name of a lake. Mrs. Elliott W. Adams presided and Mrs. R. I. Campbell was program director.

## Meeting Scheduled By Advisory Committee

A meeting of the advisory committee of the Lubbock Women's club has been called for Thursday night at 7:30 o'clock in the clubhouse, 2020 Broadway.

Mrs. Allie M. Dyer is committee chairman.

## Town Talk

IMMEDIATELY following the 7:15 lecture by Clifton Fadiman tonight in the Recreation hall at Texas Tech, a reception will be given at Hilton hotel in honor of the guest. Sigma Tau Delta, honorary English fraternity, and the college Radio club are sponsoring the entertainment.

Mr. Fadiman, master of ceremonies of the new television show, "This is Broadway," was with the radio program, "Information Please," for 10 years. In addition to the television show, he is a critical writer, and writes book reviews for the "New Yorker." He is a member of the board of judges of the Book of the Month, also.

Mesdames Gilmer G. Aycock of 2120 Fourteenth and Hugh McKelvy of 2320 Thirtieth entertained with a luncheon Tuesday in the Yaqui room of the Hilton hotel.

Fall decorations carried out a Thanksgiving motif. A large cornucopia pouring forth an assortment of fresh fruits centered the table. Surrounding the centerpiece were yellow candles, brightly colored autumn leaves and small turkey figurines.

Attending were 30 guests.

Mr. and Mrs. Paul Hardwick of 2307 Eighteenth have returned from Austin where they visited their son, Paul, jr., who is attending the University of Texas. The family saw the TCU-Longhorn football game Saturday.

Mr. and Mrs. Charles L. Willis and baby son, Timothy, are moving to Post this week from their home at 1922 Twenty-eighth. Both Mr. and Mrs. Willis are former residents of Dallas.

Mrs. Fred Holleman of 2717 Twenty-eighth honored Miss Jean Ralston, daughter of R. H. Ralston of Gruver, at a weekend announcement luncheon in the Holleman home. Miss Ralston is to marry Bob Cox of Detroit on Dec. 23.

Centering the table was an arrangement of gold chrysanthemums and gold wedding bells in a crystal basket. Crystal candelabra with gold candles flanked the centerpiece.

Place cards carried out a blue and white effect with a tiny silver wedding bell and gold ribbon.

**TO ADDRESS CLUB**

Mrs. M. Norvel Young will be guest speaker when Welcome Luncheon club meets at the Hilton hotel Thursday at noon.

An average freight car will carry 52.26 tons.

RECIPE for Flowers by Male

Home-made Egg Foo Yong
(SERVES 6)

6 Meadow Gold Eggs
½ tsp. salt ⅛ tsp. pepper
1 can LaChoy Bean Sprouts (drained)
1 cup cooked meat, fowl or seafood, cut fine
¼ cup onions, cut fine
3 cups cooked converted rice

Drain LaChoy Bean Sprouts thoroughly (very important). Beat eggs 1 min. with rotary beater. Add drained Bean Sprouts, seafood or meat, salt, pepper and onions. Mix lightly together. Place 1 tsp. butter in small (6-inch) hot cast iron skillet. Pour ¼ of mixture into skillet and cook quickly over hot fire, until set and brown on edges. Turn and brown other side. Remove to hot plate and keep covered till rest of mixture has been cooked. Serve on converted rice; cover with gravy made with LaChoy Brown Gravy Sauce.

# Afternoon Programs Presented For Women

Members and guests of four women's clubs presented programs for the organizations Tuesday afternoon on varied subjects. The programs were the regularly stated ones for the third Tuesday of November.

**INDIAN DANCES ARE ON CLUB PROGRAM**

Frank A. Runkles, Post Ranger of the Post Boy Scout camp, in full costume of the Sioux Indians, presented Indian dances for Lubbock Woman's club Tuesday afternoon, and explained their religious meaning. The guest also discussed the meaning of sign language.

"Motion in Life and Art" was topic of the talk given by Mrs. Roy Bass in which she said the art where the kinesthetic effect was first seen was the dance. She spoke, also, on the kinesthetic effect in other arts—movies, drama, literature and paintings. Examples were given in each instance.

Mrs. Edwin H. Bodeker, 2123 Thirty-second, was hostess and Mrs. W. M. Blake presided in the absence of the president, Mrs. B. H. Moore.

A solo, "Land of the Sky Blue Water," was sung by Miss Carol Jean Sandlin, accompanied by Miss Jane Austin.

Twenty-four persons were present.

**WELFARE WORKER MEETS WITH CLUB**

Miss Mary Lou Hawkins, supervisor of Lubbock County Child Welfare unit, spoke to Shakespeare club Tuesday afternoon in the home of Mrs. Charles Whitacre, 1905 Twenty-ninth. Miss Hawkins, a graduate of West Texas State college and a former student of Tulane university, specializes in child psychology.

Roll call was answered with "one I admire in social welfare and public service work."

Seventeen members and one guest attended.

**AFTERNOON TALK IS ON CERAMICS**

Mrs. L. E. Parsons, who gave a talk on ceramics for Garden Study club Tuesday, displayed various articles she had made. The program leader was Mrs. Reginald Rushing.

Hostess was Mrs. C. W. Ratliff, 2009 Twenty-ninth, who was assisted by Mrs. A. E. Dietering and Mrs. D. B. Pope, jr. Guests were Mesdames A. A. Holmquest, H. E. Archer and C. C. Sherrod, and other members attending were Mesdames W. T. Bradbury, W. M. Cauley, M. M. Ewing, Aubrey Faulkner, Roy Grimes, C. J. Hollingsworth, E. K. Hufstedler, J. W. Mallory, Henrie Mast, W. G. Newton, W. A. Pettey and L. A. Purtell.

**QUESTION-ANSWER PROGRAM CONDUCTED**

When Mrs. Frank Bass was hostess to Sunshine Study club at Lubbock Country club Tuesday, Mrs. J. E. Hartley directed a program on the topic, "Are You a Mom?" The members' answers to a questionnaire were compared with the proper answers for the purpose of determining whether the mothers of the club are "moms."

Mrs. Clyde Tatum presided. Others present were Mesdames H. D. Delaney, C. W. Bartlett, W. H. Chappell, J. T. Langford, Lewis Kittrell, A. D. Montgomery, C. W. Tatum, E. B. McNeill, Ben Eskridge, O. A. Woody, C. V. Sandlin and J. C. Sanders.

# Artist Gives Up On Cross Country Hop

DUNKIRK, N. Y., Nov. 15. (AP)—Norman Marsh, 48-year-old comic strip artist, gave up his attempted non-stop transcontinental flight today in his small light plane and landed here after 26 hours in the air.

"I had weather all the way from El Paso on," said Marsh. There were shifting headwinds something like 60 or 70 miles an hour and it was pretty rough going."

Marsh said he flew on instruments for five hours at about 12,000 feet.

The thing was I got mixed up and then I couldn't get any radio contact to find out where I was on top, so I quit. It was better to quit than to kill myself."

Marsh landed here about 3 p. m. He left Los Angeles at 2:12 p. m. (EST) yesterday.

It was his third attempt to make the flight. He was flying a single engine Aeronca in an attempt to best the 30-hour record set a decade ago by Johnny Jones, now an American airlines captain.

Marsh estimated he had enough gasoline for about four hours additional flying time, enough to reach New York City.

Pockets are big news in fall fashions. Some designers use double or triple pockets for dress trimmings. Home dressmakers may copy the idea.

DINNER DATE . . . Swirls of creamy feathers trim a small sculptured tricorne of white felt, designed for important winter gaiety by Laddie Northridge.

# Lubbock Men Named To Fill Legion Posts

AUSTIN, Nov. 15. (AP)—Chairmanships of two national American Legion committees have been awarded to Texans, and 126 Legionnaires of this state are on other committees, State Commander Joe Spurlock reported today.

Betram E. Giesecke of Austin was reappointed chairman of the Legion's housing committee and Sen. Jimmy Phillips of Angleton was named to head the national marine committee.

Appointments were made by National Commander George N. Craig.

Other major appointments included Sen. Rogers Kelley of Edinburg to the inter-American committee; William C. McCraw, Dallas, national naval affairs; Lewis P. Fields, Amarillo, insurance advisory board; George S. Berry of Lubbock, national security training; Tom Wheeler, Vernon, national membership; Allen C. Ater, Galveston, national transportation.

Texans on the national marksmanship committee include Garland DeLamar, Waco; Charles E. Curtis, Pharr.

The national law and order committee includes Louis Murfee, jr., Lubbock.

Texas Legionnaires named to the national rehabilitation advisory board included C. A. Hubbard, Lubbock; Dr. Giles Deason, Longview; Fred Young, Lubbock.

The national distinguished guests committee includes Attorney General Price Daniel, Austin; Gov. Allan Shivers; E. H. Thornton, Galveston; Tom Pollard, Tyler; Chris Fox, El Paso; Dorsey B. Hardeman, San Angelo; Rogers Kelley, Edinburg; Warren McDonald, Tyler; Willis E. Jarrel, Tyler; Louis F. Jordan, Abilene; and Joe M. Kilgore, McAllen.

Associate Justice Tom Clark of the U.S. Supreme court has been named to the national pilgrimage committee along with U.S. Senators Tom Connally and Lyndon Johnson and Reps. Olin Teague, Wright Patman, Eugene Worley, John Lyle, jr., Wingate Lucas, Homer Thornberry, Albert Thomas, W. R. Poage and J. Frank Wilson.

# Social Meeting Held By A-B Needle Club

Arnett-Benson Needle club attended a social at the home of Mrs. W. W. Nichols, 2716 Sanders, Tuesday afternoon. Fourteen members and one guest, Mrs. R. D. Mobley, attended.

Mrs. R. P. Housour and Mrs. C. R. Miner reported a trip to Girlstown, where they took a quilt made by the club.

On Dec. 6 at 1:30 p.m., the club will meet with Mrs. M. C. Sharp, 2702 North First, to quilt.

Plywood is used extensively in the construction of motion picture sets.

# Church Groups

Decorations at a Thanksgiving luncheon given by First Baptist Elizabeth class Tuesday included pumpkins surrounded by fall leaves and a center arrangement of pyracantha berries, fall flowers, fruits and vegetables. Approximately 35 persons attended the luncheon and program in the Activities center.

Mrs. Vester Wolber presided and Mrs. Gradie Bownds, a guest, brought a devotion. The class song, "Sweet Hour of Prayer," was sung.

The women voted to send a Christmas box to a family in Greece; the family has been aided by the class on previous occasions.

Mrs. Barbara Dennis was another guest.

• • •

The Homemakers class of the First Baptist church will have a Thanksgiving luncheon at 12:15 Friday in the church annex.

• • •

Mrs. Russell Denison discussed the book, "Japan Begins Again," when Asbury Methodist Wesleyan Service Guild met at the home of Miss Ruby Stewart, 2419 Twenty-first, for a covered dish supper Monday night.

Mrs. Wilbur Hunt led a devotion on "Faith."

Twenty-one members, three guests and one new member were present.

The Guild will attend a Christmas party at the home of Mrs. J. E. Walter, 2421 Twenty-seventh, at 7 p. m. Dec. 12.

• • •

St. John's Methodist Wesleyan Service guild met in the home of Mrs. Archie Leonard of 2402 Eighth Monday with members of the guild of the Overton Methodist church as guests.

Mrs. W. F. Gaede led the guild hymn, and Mrs. Howard Wilson gave the devotional. The program was based on the purpose of the guild and the function of each officer and committee chairman.

Mrs. R. Lloyd Neeley, president, appointed Miss Johnnie Margaret Price the Spiritual Life chairman, and Mrs. J. J. Barrett as music chairman. Mrs. Howard Wilson was appointed chairman of the Staus of Women committee, with Mesdames Frank Shotwell and Freeman Strickland assisting.

A Christmas dinner will be held Dec. 12 with husbands of the members as guests.

• • •

"Needs in the Far East" was the subject discussed at the meeting of the Lottie Moon Young Women's auxiliary of the Trinity Baptist church Monday night.

Special music was provided by Misses Euleta Harkey and Hiawatha Hayslip. Nine members were present.

A study of missions will be the topic of the next meeting.

• • •

Mrs. E. E. Hewett directed a study on "Japan Begins Again" when Evening circle of Forrest Heights Methodist Woman's Society of Christian Services met Monday with Mrs. John D. Teague, 2909 Jefferson.

Mrs. Burgin Watkins directed a devotion.

Ten members and one guest attended.

U. S. railroads had $125,000 invested in road and equipment per mile of line in 1948.

# New Club Adds To Membership

Eight new members, making a total of approximately 65, were accepted Monday night, when Cooper Civic Agricultural club held its first regular meeting.

The club was organized two weeks ago, to assist vocational agricultural students and to give attention to any program deemed of importance to the Cooper community 10 miles south of Lubbock on the Tahoka highway. Meetings will be each second Monday night in the Cooper school cafeteria.

**Quartet Entertains Group**

The Notables, a quartet composed of Jim Black, J. Ray Dickey, "Tiny" Jones, and Dick Richards, entertained at Monday night's program.

Accepted as new members were Cecil Webb, Otho Doyle, Jack Powers, W. W. Allen, Alvin Shambeck, John C. Robertson, Pat Patterson, and Jim Skipworth.

Program chairman was H. H. Nicholas food committee was W. O. Harper, chairman, Ed Foreman, W. H. Watson; chairman of the arrangements committee was Hubert Whatley. Members who are to assist with arrangements next are Howard Carlson, L. H. Sandlin, Theo Lide, and H. F. Dunn.

Harvey Owen is president, Wilbur Lemon vice-president, Charles Cade secretary, A. B. Allen reporter. They and Gaylord Kinard, Pete Workman, R. H. Wilke, and J. P. Clark comprise the board of directors. Four directors were elected for two years, the other four for one year.

# Kappa Kappa Iota Makes Year's Plans

Plans for the year's work were discussed when 16 members of Beta conclave of Kappa Kappa Iota met Monday night in the Rocket room of Womble Olds building.

Bridge and forty-two were played after the business session.

Hostesses were Mesdames E. A. Deering, A. F. Rasor and Kathryn Czerwiec.

'Stubborn Fruit and Jelly Stains Disappear Like Magic With Hi-lex!'

Says Mrs. Robert Smyth

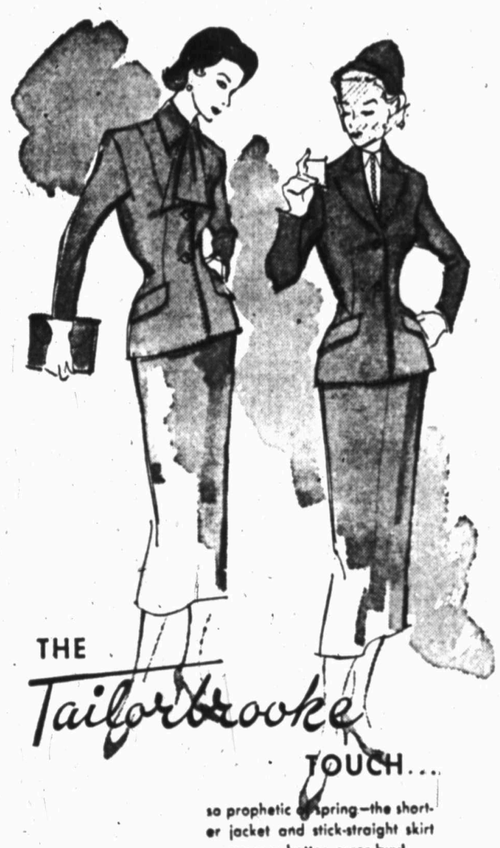

"I've never had a failure when I use Hi-lex Bleach to remove stains from my white cottons and linens. And the new Hi-lex containing ingredient "X" works much quicker yet safer than before.

"Here's how I use Hi-lex for best results on such stains as Scorch, Berry, Coffee, Mildew, Medicine and similar discolorations:

"First rinse fabric well, then soak about 15 minutes in a solution of 2 tablespoons Hi-lex to a quart of water. If the stain is stubborn, add a little vinegar. Rinse well in clear water."

Fade Weathered BROWN SPOTS

$1.50 PLUS 30c TAX Skin Magnifier With Every Jar

A NEW Hand Cream Specially Made to Do It!

ESOTERICA is that marvelous new kind of hand cream for fading those brown spots that make your hands look old.

Also fades other blemishes and roughness caused by weather or neglect in a way no ordinary hand cream or lotion can.

Leaves hands whiter, clearer, younger looking quickly—often within the first few days.

While ESOTERICA looks and feels like the finest non-greasy vanishing hand cream, it has an added clearing action.

Produced in a laboratory that has studied the effect of cosmetics on skin pigments for 25 years.

When used on face or neck, ESOTERICA makes a perfect powder base by day—delightfully non-greasy when used at night.

If you want clearer, whiter-looking hands, get ESOTERICA. Money back if the first jar does not bring desired results.

# CRANBERRY COOKERY

by Carol Reed

If someone spills cranberry sauce on the table, don't fret. Here's how to take the stain out, quick and easy: Place stained portion of cloth over a pan. Pour boiling water over it from a height of at least a foot. Comes clean as a whistle.

• • •

Of course you'll serve Ocean Spray with your Thanksgiving dinner. But for Thanksgiving night buffet, try this delicious Frozen Cranberry Loaf made the day before.

*Frozen Cranberry Loaf*

1 pound can Ocean Spray Cranberry Sauce (Jellied or Whole)
2 tablespoons lemon juice
½ pint heavy cream, whipped
¼ cup powdered sugar
1 teaspoon vanilla
2/3 cup chopped nut meats

If Jellied cranberry sauce is used, crush with a fork. Add lemon juice. Pour into refrigerator tray. Combine whipped cream, sugar, vanilla, and nut meats. Spoon whipped cream mixture over cranberry layer and freeze until firm. Slice to serve. Serves 6 to 8.

A tip about quality: Be sure to choose Ocean Spray brand with Good Housekeeping and Parents' Seals of Approval, and now selling at the lowest price in years.

# Air Force To Announce Awards For $600 Million In Contracts

WASHINGTON, Nov. 15. (U.P.)—The Air Force soon will announce contracts for upwards of $600,000,000 worth of aircraft, informed sources said today.

The planes are being ordered under provisions of the recently-enacted military appropriation law for the current fiscal year. The first announcement will cover "more than half" of the $1,240,400,000 tentativcly approved by Air Secretary W. Stuart Symington for plane procurement in the 1950 fiscal year.

Congress approved $2,035,000,000 for buying planes in fiscal 1950. This would have permitted the Air Force to build up to 58 groups.

**Had Larger Sum**

But President Truman impounded $615,000,000 and said the Air Force would have to stay at 48-group strength. Symington then made a tentative cut of $180,000,000 more to take care of the economy reductions ordered by Defense Secretary Louis Johnson.

However, the Air Force hopes that a rehearing by Johnson's economy committee will result in freeing at least a good portion of the $180,000,000.

Air Force sources would not comment on the numbers or types of planes to be included in procurement announcement. Informed sources, however, expected it to include some B-47, six-jet stratojet bombers to be built at Boeing's Wichita, Kan., plant. Fifteen B-47's have been ordered previously.

## Dallas Rail Clerk Comes Up With New Labor Saving Unit

DALLAS, Nov. 15. (U.P.)—A Dallas railroad bill clerk has thrown some odds and ends together and fashioned a device which saves at least two hours work each day, and makes his job more pleasant.

The gadget, for want of a better name, is called by its inventor, Z. R. James, a bill conveyor. He built it with two old typewriter plattens, a discarded phohograph motor, two oblong boxes and a few yards of twines.

James, chief bill clerk at Texas & Pacific's Dallas freight terminal, has rated thousands of waybills since he came to the company in February, 1945 from the International Great Northern.

Until recently he jotted down the rate applying to freight covered by a waybill and tossed it across his own desk to the one facing him. Sometimes the paper fell upside down; sometimes it fell to the floor.

James threw across the desk an average of 1,300 waybills daily, a lot of pitching in any railroad league. Like a ball player, his pitching arm got tired, and so did Mrs. Martha Rozell, the catcher.

She had to pick up, sort and straighten each one before "running extensions." which, in railroad lingo, means multiplying weight by rate to determine charges to shippers.

When T&P's local freight offices moved into a new, modernistic building last summer, someone suggested James make an escalator to pass the bills. Though the remark was made in fun, James went to work and the bill conveyor was the result. He may patent the device, he says.

## Texas Baby Killed, Two Adults Hurt In Missouri Truck Wreck

DEXTER, Mo., Nov. 15. (AP)—A baby was killed and two adults critically hurt in collision of two trucks near here last night.

The child, Steve H. Salcido, son of Mr. and Mrs. A. H. Salcido of Taft, Tex., died instantly and the mother, Mrs. Theresa Salcido, 23, and Jessie Hernandez, 14, a passenger in the truck were taken to a hospital. Salcido was traveling from Michigan to Texas.

## California Woman Pays For Tree Stolen 13 Years Ago

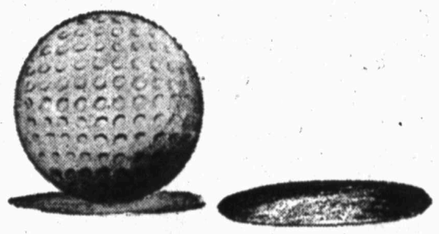

CUSHING, Okla., Nov. 15. (U.P.)—A California woman, who said she stole a tree from the Cushing city park and decorated it for Christmas 13 years ago, paid for it today at pre-war rates.

She mailed $2 from Sun Valley, Calif., and asked City Manager Elmer Edge to forgive her.

Edge said he'd keep the money but hoped the woman would realize that she got the tree at a cut-rate price.

**Former Vice President To 'Rough It'**

## Garner, Uvalde Garageman Leave On Annual Deer Hunt

UVALDE, Nov. 15. (AP)—In a jaunty red hunting cap and old khaki clothes, 80-year-old John Nance Garner set out today on a deer hunt.

The former vice president and his old crony, Uvalde garageman Ross Brumfield, about 55, have been going deer hunting every year for the past 30 years.

Today they loaded Brumfield's pickup truck with camping equipment, tied a canoe on top and set out for the brushy country. Wouldn't tell people where they were going.

"Gonna rough it and gonna stay until we get our limit," Garner 'lowed.

In Texas that's two deer apiece for the season that opens tomorrow.

Garner and Brumfield always bring back their limit. Years ago they could get it in an afternoon. "Now it takes a few days longer," Garner admitted. He'll be 81 years old Nov. 22.

The two took no cook. Garner does his own cooking—bacon and eggs and the usual camp fare. And cornbread—that's one of his favorite dishes.

In a last-minute check-up of provisions today, Garner added another box of strong, black Mexican cigars.

**Services To Be Held Today For Mrs. Anna L. Bauers, Lubbock**

Funeral services for Mrs. Anna L. Bauers, 67, resident of Lubbock for 32 years, will be conducted at 9 a. m. today at St. Elizabeth's Catholic church.

Rites will be conducted by Rev. William F. Blakeslee, pastor, and burial, under direction of McDonald and son funeral home, will be in Tech Memorial park cemetery.

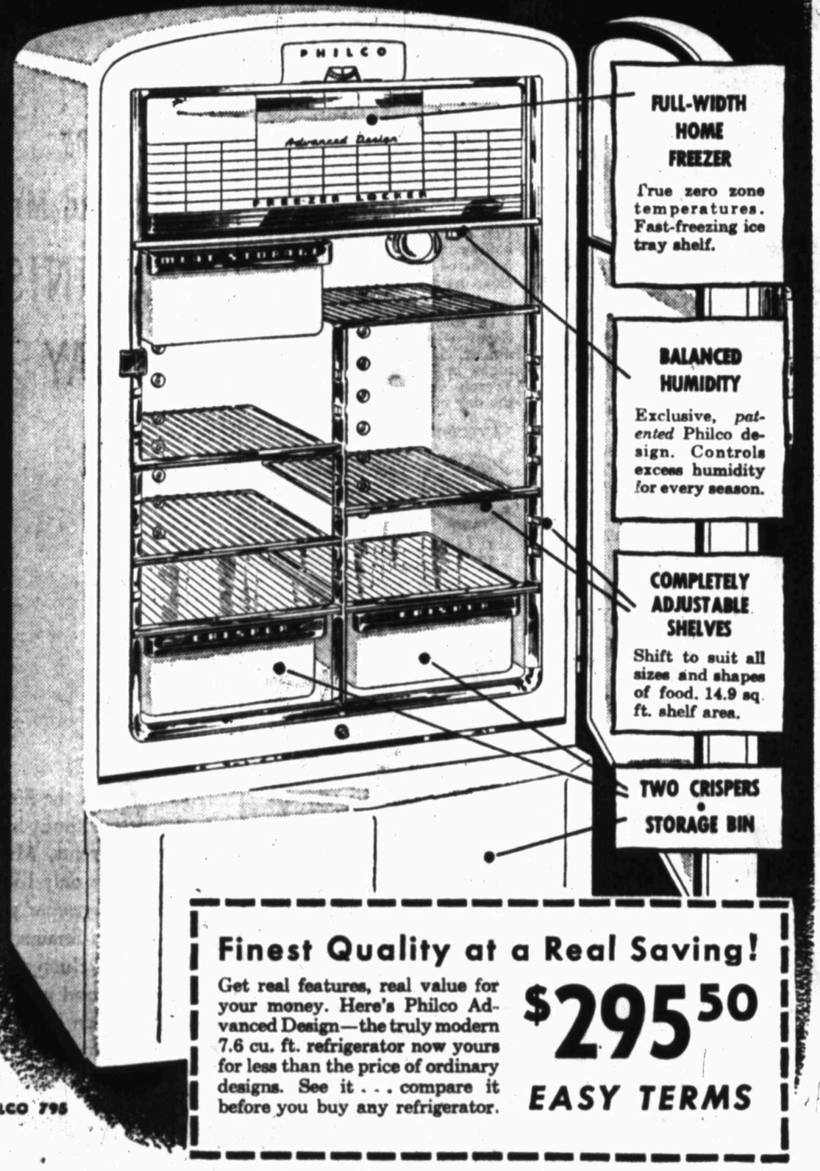

Mrs. Bauers died Sunday at St. Mary's hospital.

Pallbearers will be F. C. Smart, Charles Begey, George Simmons, Dr. C. B. Qualia, Bill Wylie and Otis Speers.

## Royalty Owners To Meet Today

AMARILLO, Nov. 15. (Special)—Royalty owners from a wide area of the Panhandle-Plains area are expected to gather here Wednesday for a tenth district meeting of the Texas Independent Producers & Royalty Owners association.

The meeting will be a dinner session starting with a fellowship hour at 6:15 on th emezzanine floor of the Herring hotel.

Two top officials of the state organization will be present, President Guy Warren of Corpus Christi and E. I. (Tommy) Thompson, executive vice president, of Austin. Ray Willingham, field representative, also of Austin, has been here this week making arrangements for the meeting.

Senator Grady Hazlewood of Amarillo will be principal speaker at the dinner.

Talks will also be made by President Warren and by Tommy Thompson. Warren, a member of the National Petroleum Council will talk on the work of that committee, the attempt in Washington to reduce or eliminate the depletion allowance and the present execssive imports of foreign oil.

Thompson will devote his remarks to state oil taxation legislation.

Comparatively a new organization the TIPRO now has about 4,500 members in the state of which approximately 400 are in the Panhandle. All members are urged to attend and bring in a new member if possible.

The independent operator and the royalty owners are facing hard time if predictions come true that the major importing companies will be bringing in 1,600,000 barrels of imported oil daily by 1951. This is especially true of Texas producers and royalty owners because of the big percentage of the national production produced in this state.

**Test Makes Show 15 Miles From Seminole**

# New Oil Field Seen In Southeast Gaines

Discovery of a new oil field in Southeast Gaines county has been indicated at Forest Oil Corporation and Anderson-Prichard Oil Corporation No. 1-A Parmer county fee.

This wildcat, 15 miles southeast of Seminole, had an oil fill up at the rate of 14.48 barrels per hour during a drillstem test at 12,045-156 feet. The oil was 40.1 gravity. No signs of formation water were developed.

**Taking New Test**

The possible new field opener is now bottomed at 12,206 feet and is taking another drillstem test.

The tool for the drillstem test at 12,045-156 feet was open for three hours and 53 minutes. There was a blow of air at the surface for the entire period.

A 4,500-foot water blanket was used. No gas or fluid came to the surface while the tool was opened —largely on account of the weight of the 4,500-foot water blanket.

When operators started pulling the drill pipe after the test, sweet gas was found in the first joint of the pipe which was broken off.

Fluid was found when 2,900 feet of dry drill pipe had been pulled and racked. Recovery was 4,500 feet of oil cut water blanket, 560 feet of oil cut drilling mud, and 4,070 feet of 40.1 gravity oil. There was no water.

Open flowing bottom hole pressure was from 1,200 pounds to 2,225 pounds. Shutin bottom hole pressure, after 15 minutes was 5,070 pounds.

**In Lime, Shale Section**

The section covered by the test which developed the oil is said to be a fractured lime with some sign of shale in it.

Operator representatives have not officially identified the formation other than to say that it might be Pennsylvanian or that it might be Mississippian. It is understood that no geologist thinks the section is in the Devonian.

This exploration is 860 feet from west and 660 feet from south lines of labor 12, league 317, Parmer county School Land survey. It is projected to 15,000 feet to test into the Ellenburger—unless it develops commercial production before reaching that level.

**ROTARY WILDCAT TO BE DRILLED IN BORDEN**

Bay Petroleum Corporation No. 1-A L. A. Pearce is to be a 8,200-foot rotary wildcat to test the Canyon reef of the Pennsylvanian in Central Borden County, one mile west of the town of Gail.

No. 1-A Pearce will be located 660 feet from south and west lines of section 35, block 31, T-5-N, T&P survey.

Drilling on the prospector is to begin by November 18.

Gulf Oil Corporation has filed an application with the Railroad Commission of Texas requesting a permit to drill a 10,700-foot wildcat in Central Crane county, 11 miles northwest of Crane.

The venture, Gulf No. 5-HH Texas Consolidated Number One, will be 555 feet from north and 810 feet from east lines of section 3, block 31, University Lands survey.

Drilling is to be in immediately.

**FOUR NW TESTS ARE SET IN SCURRY COUNTY**

Drilling on four new projects to test the Canyon lime reef in Scurry county is to be started in the near future. Two of the ventures will be in the North Snyder field and two in the Kelley-Canyon field.

Tide Water Associated Oil Company No. 1 F. G. Sears is to be a 6,800-foot exploration in the North Snyder field of North Central Scurry county, five miles north of Snyder.

The drillsite will be 467 feet from north and southwest lines of the lease in the southwest quarter of section 21, tract 6, J. P. Smith survey.

The other North Snyder development is to be Lone Star Producing company No. 1 Lyle Deffebach. It will be 467 feet from north and east lines of section 40, lot 18, Kirkland & Fields survey. That makes it four miles north of Snyder.

It is projected to 7,000 feet.

In the Kelley field of Central Scurry county, R. J. Carraway has staked location for his No. 1 P. A. Wilkirson, and others, contracted 7,000-foot operation.

No. 1 Wilkirson will be 467 feet from north and east lines of the northwest quarter of section 248, block 97, H&TC survey, and six miles northwest of Snyder.

Magnolia Petroleum Company No. 3 Ray Haney is to be a 6,875-foot project in the Kelley field, two miles east of Snyder.

Location is 660 feet from south and east lines of the northwest quarter of section 209, block 97, H&TC survey.

**COUPLE RECEIVES STOVE**—Mr. and Mrs. Edd C. McLeroy of Floydada, on the right, look over the Tappan deluxe gas range which was presented to them Tuesday by the Tappan Stove company through Dunlap's Department store, 901 Broadway. On the left is Archie H. Rambeau, Dunlap's appliance department manager. The stove was one of several items given the couple when they were married on the Bride and Groom radio program in Hollywood on Oct. 18. The program is heard at 1:30 p.m. Monday through Friday over KFYO in Lubbock. McLeroy is assistant Floyd county farm agent. He and his wife met as students at Texas Technological college and were married following the Bride and Groom program on Oct. 18. On hand for the presentation of the stove was C. M. MacLean, Tappan representative, not shown in the picture. (Staff Photo.)

## Buyer's Market Now Taking Over In U.S., Employes Are Told

Businessmen and merchants must now go out after customers if they want trade in a tightening market, Burritt S. Mills, retired industrial and sales engineer, told over 200 Lubbock sales employes in the first of two lectures in the Lubbock hotel ballroom Tuesday night.

Mills is sponsored by the Lubbock Sales Executive club and will speak again tonight at 8 p.m. on "The Technique of Selling."

"We are in a buyer's market today and we will stay there for at least five to 15 years," Mills asserted in saying customers are now more careful with their money than they were during the war years. He quoted figures which showed 10 per cent of the nation's salaries were saved in the frist six months this year as compared with five per cent in 1947.

**Customer Now Counts**

"It is the customer and not the sales that counts," the speaker told his audience. He declared that the salesman is the medium by which a company is judged and that first impressions can make or repel a customer for lifetime. "That is even more important in Lubbock, with its great influx of new residents," he said.

Mills has 35 years' experience to his credit, including work abroad. He moved to Lubbock several months ago and has made a large number of speeches throughout the South Plains. Stores are paying for his two-night lecture here at the rate of $2 per employe attending.

A salesman must be aggressive and polite in order to get the money which "people are still quite wiling to spend but are going to be darned particular with whom they spend it," he asserted. A little later he said the average person will spend a few cents extra to receive courteous attention at a higher priced store.

**LONGEST LOSING STREAK**

REWEY, Wis., Nov. 15. (AP)—A 92-game losing streak, believed to be the longest in the nation, was snapped last night when Rewey High school beat Avoca, 31-20, in its opening basketball game of the season.

## Lubbock Man Fined On Liquor Charge

Sam Calloway, 32-year-old Lubbock man, Tuesday was fined $500 and sentenced to six months in jail following his conviction on a charge of liquor law violation in the county court of Judge Walter Davies.

The defendant immediately appealed from the judgment and was released on bond of $500 posted shortly after his arrest Oct. 16.

Calloway, the state charged, had a four-fifths quart of whisky in his possession when he was taken into custody at a service station on East Broadway after police had chased his car from the downtown area. A charge of reckless driving was filed in connection with the chase.

The defendant was represented by C. L. Harris, the state by County Attorney Waggoner Carr and Assistant County Attorney Dudley Brummett.

## Young Girl Adopts Bull Calf As Pony

SOUTH THOMASTON, Me. Nov. 15. (AP)—Marianne Lufkin, 12, couldn't have a pony so she settled for a bull calf.

Ferdinand does more than sit and smell flowers. He carries Marianne to school and back.

Riding astride a saddle made from and old belt, some burlap and a blanket, Marianne steers with rope reins.

**BASEBALL MEETING SET**

DALLAS, Nov. 15. (AP)—The East Texas League will hold its annual meeting Thursday afternoon at Longview, President J. Walter Morris announced today.

# Notre Dame And Oklahoma Retain Lead In National Poll

## Army Falls To Fourth Place

NEW YORK, Nov. 15 (AP) — Notre Dame, Oklahoma, California and Army continue to be the only "regulars" in college football's first ten.

The seventh weekly Associated Press poll is out today and this fearsome four is at the top again—the only teams that have ranked every week of the season.

The Southwest Conference placed two teams in the top ten. Rice held onto No. 6 and SMU climbed to tenth. Baylor was ranked 15th. Despite four narrow losses, Texas got seven votes. TCU got 2.

Oklahoma and California moved ahead of Army, which lost favor in their narrow escape from Penn, 14-13. They fell to fourth.

Notre Dame's Irish, who haven't been threatened in first place since the second week, solidified their position by subduing North Carolina 43-6. Notre Dame received 140 first place ballots from the 162 sports writers.

**Oklahoma Gains**

Bowl-bound Oklahoma, 27-7 winner over Missouri, gained 15 first place votes to finish second with 1,298 points.

Michigan, the 1948 national champion, clung to fifth place, being followed, in order, by Rice, Ohio State, Minnesota, Virginia and Southern Methodist.

Ohio State and Southern Methodist are newcomers to the first ten, replacing Cornell, which had its perfect record spoiled by Dartmouth, 16-7, and Michigan State, which bowed to Oregon State 25-20.

Oklahoma and California face stern challenges this week. The Sooners meet a Santa Clara team that has been beaten only by California. The Bears oppose Stanford.

Notre Dame goes against Iowa and Army is idle while preparing for the Nov. 26 engagement with Navy.

Michigan plays Ohio State at Ann Arbor, Mich., in the only game involving two members of the top ten. The tilt may decide the Big Ten championship.

Rice plays TCU, Minnesota faces Wisconsin, Virginia meets Tulane and Southern Methodist goes against Baylor.

The total vote with points figured on a 10-9-8 etc basis (first place votes in parentheses):

| | |
|---|---|
| 1. Notre Dame (140) | 1,592 |
| 2. Oklahoma (15) | 1,298 |
| 3. California (5) | 1,252 |
| 4. Army (1) | 1,130 |
| 5. Michigan | 768 |
| 6. Rice | 566 |
| 7. Ohio State | 486 |
| 8. Minnesota | 428 |
| 9. Virginia (1) | 276 |
| 10. Southern Methodist | 194 |

The second 10—11. Kentucky, 150; 12. Stanford, 105; 13. Louisiana State, 87; 14. Dartmouth, 75; 15. Baylor, 64; 16. Maryland, 52; 17. Cornell 49; 18. Michigan State, 46; 19. and 20. Tulane and Santa Clara, each 44.

Others receiving votes: College of Pacific, 38; North Carolina, 31; Pennsylvania, 24; Wisconsin, 23; Villanova, 8; UCLA and Texas each 7; Princeton and Duke, each 4; Alabama and Tennessee, each 3; Texas Christian and Boston each 2; Wake Forest, Missouri, Illinois and Xaxier, each 1.

## Calfropers Defeat O. L. Slaton, 6 To 0

Carroll Thompson's Calfropers defeated the O. L. Slaton Warriors, 6-0, Tuesday afternoon at Chapman field to wind up the season for the junior high eighth-graders.

The Calfropers capitalized on a fumble of a punt in the second quarter to set up their score, and a few plays later Gary Garner sneaked over for the winning touchdown. Neither team threatened seriously in the second half.

Warrior Bill Polk suffered a torn cartilage in his chest, but the injury was not considered serious, Coach Russell Wimberley announced.

Bert Locke's Calfropers finished the season with five victories, two losses and one tie.

Outstanding for the winners were Bennie Foster, Bennie McCollum and Henry Atkinson, and Dennis Backery and Jimmy Stanford played well for the Warriors.

## Jacksonville High Will Not Seek Re-Admittance In Class AA

JACKSONVILLE, Nov. 15. (AP)—Jacksonville High school has decided not to ask for re-admittance into Class AA of the Texas Interscholastic League.

Supt. Larue Cox announced today the school board had made that decision. He surmised that Jacksonville will be placed by the TIL in District 16-A.

The local high school has been below the necessary enrollment for Class AA for a number of years, but has been voted in 10-AA by the district committee.

# Westerners Hold Rough Drill In Preparation For Midland Tussle

## Lubbock Can Cop 3-AA Title Friday

The Lubbock Westerners drilled hard Tuesday at Chapman field in preparation for the District 3-AA tilt Friday night with Midland's Bulldogs in Midland.

In a rough scrimmage, Tackle Joe Brock suffered an injury to his left knee which will sideline him for this week's game. After talking with the team doctor, Coach Pattison said that Brock will not play against Midland and would see no action in practice until the end of the week.

**Game Decisive**

The Westerners can clinch the district title by hanging a defeat on the Bulldogs who thus far have won one game and lost one in district play. Coach Tugboat Jones' Bulldogs lost their first district game to Odessa and then defeated Brownfield. With two triumphs in the district, Lubbock could eliminate Midland from the running and at the same time fall heir to the district crown.

**GAME SET AT 8 P. M.**

**High school officials said Tuesday that the Midland game would be played at 8 p. m. Friday. Some schedules circulated in Lubbock have the game set in the afternoon, but it will be played at night.**

Concentration in the scrimmage yesterday was on blocking, and Coach Pattison was quick to stop the action to demonstrate the proper technique to the players. Some plays were rerun several times in order that lineman could determine how to carry out assignments.

Subbing in at left guard for the injured Freddy Gray was Ross Craig. Bog Newell and Curtis Roberts alternated at right guard on the first team during most of the scrimmage in the place of Sammy Modrall.

**Rawls Sees Action**

Both Roberts and Newell have been developing into serious threats for Modrall's starting position, and their play has been complimented by Coach Pattison.

Running with the ball for the first time in nearly two weeks was substitute Fullback Don Rawls, who suffered an ankle injury the week following the Lamesa game. Fullback Malcolm Young confined his activities to running laps around the field, having slightly sprained his right ankle last week against Odessa. Young will be ready for the Midland game, however.

The most enthusiastic running of the day was turned in by Halfbacks Charlie Williams, Wayne Stroud and Mack Taylor. All three were hard to stop and broke through the defensive line for long gains before the whistle stopped play.

**All Players Workout**

During the course of the long session every player saw service on offense and defense, with the workout being stopped by darkness.

Tickets for the game may be purchased at the high school, E. J. Lowrey announced early in the week. Tuesday Lowrey said that ticket sales had been slow, but that persons reserving the ducats should pick them up today if possible. Following close of sale Thursday, the remaining tickets of the 1,010 alloted to Lubbock will be returned to Midland, Lowrey stated. Price of reserved seats are $1.50.

## Ducats For Littlefield-Slaton 4-A Title Game On Sale Here

Tickets for Friday afternoon's District 4-A title football game between Littlefield and Slaton, to be staged in Jones stadium, went on sale here Tuesday at The Baker company.

Ducats also are on sale in Slaton and Littlefield.

Ticket prices are $1 for adults, 50 cents for Texas Tech students and 30 cents for all school children. There will be no reserved seats.

The winner of Friday's game will advance to the state Class A bi-district playoff. Littlefield last week won the north zone title in 4-A with a 20-13 triumph over Levelland, while Slaton edged out Post, 7-6, for the south zone championship.

**Spirited Dummy Scrimmage Held**

# Red Raiders Polish Offense Formations

★ ★ ★

Routine work occupied the Texas Tech football squad yesterday, the Red Raiders going through a spirited dummy scrimmage that featured polish on offensive plays and defense against New Mexico formations.

Coaches G. B .Morris and Tipp Mooney took over the majority of the varsity players after Coach Dell Morgan drew the defensive Raider team to one side. Prior to that point in practice, the entire squad had been working on offense.

Coach Polk Robison, who scouted the Lobos last week, sent a group of freshmen through dummy scrimmage using New Mexico plays. From time to time, both Morgan and Robison pointed out when the Lobos probably would run certain of their more effective plays.

**Lobos Use Spread**

At the same time, Coach Morgan set his Raider defense against the New Mexico T, which features wide usage of the spread. From the various spread formations, the Lobos either will run or pass, and against Colorado last week they made effective use of both.

Meanwhile, the rest of the varsity squad worked on offensive plays, smoothing timing and blocking assignments. When the Jones Stadium lights were turned on before 6:30 p.m., the offensive squad continued work under the floodlights.

Actually, there isn't too much to worry about in the Tech offensive. The Raiders have been consistent this year in the ground game, their most effective weapon, rolling up yardage via the earth in every game.

**Stuver Paces Backs**

This is shown by the fact that six Raider backs have an average of four yards or better each carry, with Halfback Ike Stuver pacing the backs. Stuver sports a 6.63 yard average on 285 net yards gained in 43 carries.

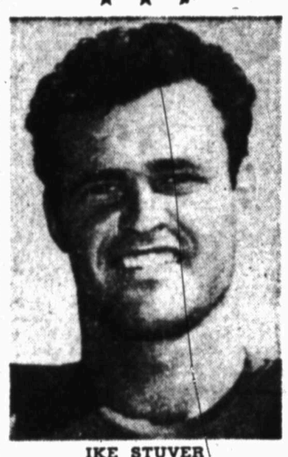

Fullback Bud Conley, the hard-hitting Quanah back, is the workhorse of the team. He has carried 110 times, 32 times more than any other back, and has gained a net of 456 yards for a 4.48 average.

Other backs and their averages include Halfback Tim Hatch, a 4.54 average on 200 net yards in 44 carries; Fullback J. W. Thompson, a 4.49 average on 193 yards in 43 carries; Fullback Earl Jackson, a 4.38 average on 205 net yards in 47 carries; and Halfback Cal Steveson, 4.18 average on 326 net yards in 78 carries.

End Jack Davis of Littlefield tops the pass snatchers with two touchdowns, although catching only six passes for 111 yards. Hatch has caught 11 passes for 135 yards without scoring and Stuver has caught seven passes for 121 yards and one score.

Quarterback Ernest Hawkins has the best passing record among four quarterbacks, completing 39 percent of his attempts. He has 29 completions in 74 attempts for 467 yards and three touchdowns. Milton Rathbone has a 36 percent average on nine completions in 25 attempts for 84 yards and also three touchdowns. Bill Lyman has a 35 percent mark on seven completions in 20 attempts for 63 yards and no touchdowns. Albert Salem has completed one of four for seven yards and no touchdowns.

Steveson and Conley each have four touchdowns, while Stuver and Davis have scored twice. Other touchdowns have been made by Hawkins, Jackson, Bobby Close, Walter Maloney, Elbert Johnson and Jerrell Price.

IKE STUVER
Tops Tech Ball Carriers

## Smith Leads SWC Ball-Carrying

DALLAS, Nov. 15. (AP)—Bob Smith, Texas A. & M.'s lineblaster, enjoys a comfortable lead in Southwest Conference ball-carrying—enough that if he has a good day in his last game of the season he can salt away the title.

Smith has only one left—against Texas. His closest competitors, Gordon Wyatt and Bobby Lantrip of Rice, have two apiece. However, Smith is 135 yards ahead of Wyatt, who last week surged into second place. He has 154 yards more than Lantrip, who fell into the third spot.

Smith has 671 yards on 133 carries, Wyatt 536 on 100 runs and Lantrip 517 on 108 efforts.

The passing championship, however, is far from decided. In fact, Lindy Berry of Texas Christian has a golden opportunity to beat out Paul Campbell of Texas.

Campbell leads with 81 completions in 165 throws for 1,233 yards —100 yards ahead of Berry, who has connected with 83 in 174 throws. Campbell has only one game left while Berry has two.

In third place and within striking distance is Adrian Burk of Baylor, who has completed 90 out of 153 for 1,078 yards. Burk also has two games to go.

Kyle Rote and Doak Walker, the Southern Methodist touchdown twins, lead the punters. Rote has averaged 43.4 yards on 15 boots. Walker has 41.3 on 19 kicks. Dan Wilde of Texas Christian is third with 39.4 on 28 punts.

In punt returns, Bobby Dillon of Texas leads with a 19.5-yard average on 10 runs. Rex. Proctor of Rice is second with 17.9 on 11 and Berry is third with 16.8 on 16.

Ben Proctor of Texas is well out in front in pass-receiving but he, too, can be headed since he has only one game, while J. D. Ison of Baylor and Morris Bailey of Texas Christian each has two.

Proctor has caught 39 for 642 yards and six touchdowns. Bailey has gathered in 31 for 444 yards. Ison has snared 34 for 372.

Berry leads in total offense with 1,299 yards on 273 plays. Campbell is second with 1,127 on 200.

Rice tops in team offense with an average of 370 yards per game. Texas is second with 355.

## Rice Takes Lead In Stadium Race

HOUSTON, Nov. 15. (AP).—Rice Institute took the lead today in Houston's football stadium race, announcing plans for a 50,000-seat structure.

Reliable sources meanwhile said young but ambitious University of Houston has plans for a 65,000 seat stadium in the drafting board stage.

Mayor Oscar Holcombe, who made a last-minute effort to prevent two stadiums being built, said the Rice announcement apparently has killed any hope for a huge municipal stadium.

He still hopes, however, some agreement can be made whereby the University can use the new Rice stadium.

**Ready By September 30**

The Rice announcement said the new oval structure will be ready for the school's opening game next season, September 30.

Plans call for a foundation that will facilitate increasing the capacity later to 80,000.

Rice officials said the stadium will be "available for other schools for any worthwhile projects."

They said the possibility of its use fo rprofessional football would have to be discussed later.

Oilman Glen McCarthy, who last year proposed that the city build a 100,000-seat municipal stadium, is said to be interested in bringing to Houston an All-America Professional Football Conference franchise next year.

McCarthy withdrew an offer to underwrite half the $6,000,000 cost of the proposed municipal stadium after residents were slow in responding.

The Houston Chronicle today said oilman philanthropist Hugh Roy Cullen soon will offer to enlarge the Houston public school stadium to 65,000 for use by the University.

Cullen is chairman of the University's board of directors and has given millions to the school.

Contracts for the new $2.500,000 Rice stadium are expected to be awarded by the first of the year.

The new stadium will be about 1500 feet west of the preesnt 31,-000-seat stadium.

## Arena Fight Card Ducats Go On Sale

Tickets for Thursday night's professional fight card at Sled Allen's arena will go on sale this morning in the lobby of the Hilton hotel.

Priced at $3, $2.50 and $1.25, ducats will remain on sale at the Hilton all day today and Thursday. They also will be available at the arena box office Thursday night.

Bill Henderson, classy Levelland lightweight, meets Tony Olivas, El Paso, in the 10-round main event of the FFA-sponsored card.

In the eight-round semifinal, Lubbock's Gene James faces Eddie Lamarr, Oklahoma City, in a heavyweight match.

The six-round feature bout pits Leonard Duncan, Hale Center middleweight, against Art Gray, El Paso.

Augustine Guiterrez, Pecos, Engages Tommy Mannoai, El Paso, in a four-round lightweight preliminary.

All profits from the show will go to establish a scholarship fund for the Texas Tech chapter of the Future Farmers of America. Henderson, James and Duncan also will donate their entire purses to the fund.

## Eddie Arcaro Drives King Ranch Horse To New World Turf Record

NEW YORK, Nov. 15. (AP) — Eddie Arcaro, master saddlesmith, today drove King Ranch's Flying Missel to a new world record in winning the $20,000-added Daingerfield Handicap at Jamacia over two and one sixteenth miles.

Flying Missel sliced three-fifths of a second from the world standard set on Oct. 30, 1945 by Eurasian. Flying Missel was timed in 3:32.4.

A solid favorite, Flying Missel returned $3.30, $2.20, $2.10. First Nighter returned $2.60, $2.10 and Blue Hills was $2.10 to show.

# Rice Faces Upset-Happy TCU Eleven In SWC Tussle Saturday

## League Title May Depend On Frogs

By HAROLD V. RATLIFF
Associated Press Sports Writer

FORT WORTH, Nov. 15 — The spoiler of Southwest Conference football hopes stands in the way of the Rice Owls and their first undisputed championship in a dozen years.

Leo (Dutch) Meyer sends his Texas Christian Horned Frogs against the mighty men in blue here Saturday.

The question is: What has Meyer got cooked up for the greatest offensive team in the Conference?

**Upset Longhorns**

Last week he threw a nine-man line against Texas and pulled the biggest upset of the season in beating the Longhorns 14-13. This was two weeks after Meyer's Frogs were slaughtered by Baylor 40-14.

Down through the hectic years, Meyer has been known as a coach who could win one certain game if he made up his mind to do it. He might not have the material and his record might be terrible but the little Dutchman always could pull his forces together for that one great effort.

**Psychological Moment**

Saturday a Rice team that has averaged 370 yards per game comes to town. It meets a Frog outfit that has averaged almost 100 yards less.

Rice is ranked sixth in the nation. Texas Christian isn't even in the first 20.

They say here it's just the psychological situation for Meyer. It's the time when he gets his greatest thrill out of a victory.

Defeat for Rice could throw the Conference race into a tie—if Baylor beat Southern Methodist. Anyway, it would take the last games of the season to determine the title.

## Wharton, Victoria Will Meet Thursday

(By The Associated Press)

It will be the same old story in the South Texas Junior College Conference unless the Victoria Pirates can stop the Wharton County Pioneers in the feature game of the loop at Wharton Thursday night.

Johnny Frankie's Pioneers are undefeated in Conference play and evidently headed for the title behind runner Bill Morrow and Passer Ed Lechler. The main obstacle to the throne room is Coach Stump Evans and the second place Pirates. The strong Del Mar Vikings of Corpus Christi are contenders too.

Del Mar beat Victoria and Wharton beat Del Mar. An upset this week by Victoria would throw the loop into a three-way tie.

Wharton showed no signs of weakening as Morrow and Lechler led to a 27-6 clouting of Edinburg regional's Bronco Saturday night. Victoria was pushed hard to get past Laredo Junior college's Palominos 7-0 in the closing moments of an Armistics Day game in Laredo. Del Mar pushed aside Texas Southmost of Brownsville 20-12 in the other Conference game.

Del Mar entertains Laredo in Corpus Christi Thursday night while Southmost will be host to Schreiner Institute of the Southwestern Junior College Conference at Brownsville. Southwest Texas Junior college plays host to Trinity's Junior varsity at Uvalde Wednesday night.

## Army Not Available For Play In Any Post Season Grid Game

MIAMI, Fla., Nov. 15. (AP) — Army's unbeaten football team is not available for participation in the Orange Bowl, or any other post-season gridiron contest.

Official announcement that the Academy will continue its policy of not participating in such games came today in a telegram from Gordon Gray, Secretary of the Army, to John S. Knight, editor and publisher of the Miami Herald.

**21 TITLES MAY BE DECIDED**

## Class A Schoolboy Grid Race Reaches Final Week Of Play

(By The Associated Press)

Texas' vast Class A schoolboy grid race reaches its final week with 21 district championships hinging on wind-up games.

An upset here and there Friday and district committees will be required to decide playoff representatives.

Eleven of the 32 districts have teams assured of places in the first round of the five-week playoff to pick a state champion. But even among these "settled" districts there's a change for a co-champion or two.

Only eight teams sport perfect records now, while six are unbeaten but tied.

**Cameron Must Win**

A couple of playoff games are brewing to settle two districts, 21 and 12.

Cameron, which last week blanked Rosebud, 7-0, will have to win again this week to take the title in 21-A. The playoff game will be at Temple Thursday night.

Irving and Garland tied, 7-7, in their regularly scheduled 12-A game, but if they get a nod of approval from the Interscholastic League they'll square off again this week. Hillcrest, last district foe on Irving's schedule, agreed to forfeit the game to allow the playoff.

Six zone champions tangle in two districts this week—Slaton and Littlefield in District Four, Mexia and Huntsville in District 20, Haskell and Rotan in District Six.

One of the wildest races is District Five, where Wink last week ousted favorite Kermit from consideration, 34-12. Wink leads Andrews by a half-game and must knock off Crane to take the title. A Crane win, plus an Andrews victory over Seminole, would give the championship to Andrews.

**Playoff Teams Named**

Teams certain to be in the playoff and the districts they will represent are Lefors (2); Ranger (8); Atlanta (14); Mineola (15); Grand Saline (18); Lavega (19); Lampasas 22; Brenham (23); New Braunfels (24); Freer (29) and Mission (30).

In other districts this is the title situation:

1—Dalhart leads, needs victory over Canyon to win.

3—Spur leads, needs victory over Floydada to win.

7—Ballinger leads, needs win over Winters to win.

9—Burkburnett can clinch title by beating Holliday.

10—Bowie needs win over Nocoma to advance.

11—Birdville and Arlington settle title.

13—Clarksville and Honey Grove play for crown.

16—Leverett's Chapel needs win or tie over Carlisle to win.

17—Kaufman and Terrell play for title.

27—Bay City can cinch crown by beating El Campo.

28—Edna can win outright by beating Beeville.

31—Hot Wells and Edison settle matters Friday.

32—So do Del Rio and Uvalde.

Del Rio and Uvalde are among the seven teams with perfect records.

The others are: New Barunfels, Kaufman, Mexia, French, Lefors, and Edna. Unbeaten but tied are Leverett's Chapel, Dalhart, Bowie, Irving, Arlington and Ballinger.

## Election Of Officers Will Feature Gun Culb Barbecue

Annual election of officers will feature a barbecue to be held by the Lubbock Gun club at 7:30 Friday night at the Gun club range.

All members are urged to be present, both for the barbecue and the election of officers. Reservations may be made through Mrs. Tommy Jean Rogers at Tom French company. Please call 2-6996.

## Lindy Berry Suffers Fractured Jaw In Last Week's Texas Game

FORT WORTH, Nov. 15. (AP)—Lindy Berry, Texas Christian university's ace quarterback, suffered a fractured jaw last Saturday in the 14-13 victory over the University of Texas.

Coach Dutch Meyer today said a mask was being rigged up to protect the jaw but that Berry still was on the doubtful list for the Rice game this week-end.

# SPORTS Slants

BY CHOC HUTCHESON

**The long search for a "white** hope" in the heavyweight boxing world is, it seems, about to end.

No, don't get excited. I don't have in mind any particular fair-skinned clouter capable of capturing the crown worn for the last decade or so by Joe Louis and Ezzard Charles.

But with collegiate football growing more like boxing and less like football each week, it shouldn't be long before some gridder decides to do his fighting in the ring instead of on the football field—so that he can battle one man, and not 11, at a time.

Last week, for example, there was open fistic activity in at least four big games—Army-Penn, Tulane-Vanderbilt, LSU-Mississippi State and Notre Dame-North Carolina.

Action became so violent in the Tulane-Vandy scrap that they had to call out the gendarmes to keep from spilling good old Southern blood all over the stadium. It seems that some of the fans became so engrossed in the fisticuffing that they almost decided to join in the merriment. Fortunately, the cops brought the situation under control, and the threatened riot was avoided.

• • •

**It was almost as bad at New** York's Yankee stadium, where Notre Dame and North Carolina gridders took turnabout playing punching bag for each other. The Fighting Irish, it appears, really are fighting this year, and those Tarheels don't mind tossing an occasional left hook, either. In fact, at one time no fewer than six players in the game engaged in a free-for-all that reportedly was livelier than any of the three famed Zale-Graziano middleweight brawls.

Also, it is reassuring to note that Army's 1949 football squad is composed of upright young warriors who don't take nothin' off of nobody. Two weekends ago, Fordham engaged the West Pointers in hand-to-face combat, and came off second best. Last week, Penn suffered the same shameful fate. Two such rousing fistic triumphs within a fortnight indeed pay tribute to the physical conditioning of the Military cadets, and it's comforting to know that these tenacious stalwarts will be on my side should Russia ever decide to latch onto any choice American real estate.

• • •

**Moving closer to home, we had** quite a slugfest right here on our own High Plains last Saturday.

The Borger-Amarillo battle (using the word literally) apparently bruised more than Borger's feelings. Judging from available reports, this one should have never been played by rounds, rather than quarters. The scrapping, 'tis said, was just that bad.

Afterwards, the Panhandle press directed several strongly-worded blasts at the officiating. While I did not see the contest, I have been assured by Referee Jack Christian himself that the officiating left much to be desired.

Even so, I feel that Christian and his fellow officials—L. D. Meyer, Ed Haley and Adrian Clark—should not be made to shoulder the full blame for this incident. Much of the responsibility properly belongs elsewhere—with the players and coaches.

• • •

**If football players have their** heads set on fighting, rather than playing football, the best official in the business is going to have a tough time straightening them out. This is shown, I believe, by the above mentioned collegiate incidents of last week—all of which took place in games handled by top-flight officials.

To get at the root of the evil, let's look at it this way: If players refrain from slugging, it will not be necessary for officials to call such infractions—and, consequently, the officials can better concentrate on the technical aspects of the game.

Now, I realize that occasionally a player will "blow his top" when an opponent does something he doesn't consider cricket, and that this will lead to a little extra-curricular scrapping.

But when a game degenerates into a boisterous brawl, as did the Amarillo-Borger tilt, there is a basic fault that goes much deeper than the mechanics of officiating.

If two cars ram together at a traffic intersection where a policeman is stationed, we shouldn't blame the cop for the wreck. One, or both, of the drivers must have been at fault. It's the same with officials. After all, these fellows are hired to direct the course of the game, not to referee 11 simultaneous boxing matches.

At Amarillo, officials ejected six players from the game and assessed 175 yards in penalties (plus several which were declined). These figures, I believe, attest to their conscientious effort to keep the game under control. Maybe, as has been charged in print, they were lax in "cracking down" on infractions early in the game. But the fact remains that players persisted in fighting even after stern measures were taken. Certainly we cannot blame officials for the acts of players who insist on making a farce of what was originally intended to be a sportsmanlike football contest.

• • •

**In case you're interested, here is** Referee Christian's own explanation of the difficulty at Amarillo (and may I state at this point that I always have had, and still have, respect for Christian both as a fellow and as a grid official):

(1) Because two of the officials arrived only 10 minutes before kickoff time, the customary pre-game conference of officials (at which correlation of respective duties usually is discussed) was not held. The failure of officials to hold the conference was partially that of the two who arrived late, and partially that of school officials who failed to notify any of the four officials in advance as to who his colleagues would be. Had this been done, the officials could have definitely arranged the pre-game meeting.

(2) Players of both the Amarillo and Borger squads went into the game with an improper attitude. Since Amarillo was out of the district 1-AA title race, and Borger virtually so, the players apparently felt that they had little to gain from this game—and they reacted accordingly. From the opening kickoff, Christian said, there was constant, audible "beefing" from a number of players on each squad. In short, the boys simply weren't on the field to play a clean game of football.

• • •

**I do not maintain that officials** are fool-proof, because certainly they are not. Some are not even qualified to handle the duties they take upon themselves. But we should exercise extreme caution in putting "blanket blame" on ALL officials who become involved in a specific controversy.

Part of the responsibility for such a misfortune as the Amarillo-Borger affair belongs elsewhere, and the public should not fall for the ruse of making "whipping boys" of the officials, who have trouble enough already.

## Coach Quits After College Bans Athletic Scholarships

ARKADELPHIA, Ark., Nov. 15. (AP)—The head coach of an Arkansas Baptist college which yesterday banned athletic scholarships, today announced that he is resigning.

Wes Bradshaw said he is "definitely resigning" at Ouachita" college here June 1, 1950.

His announcement was made after Dr. S. W. Eubanks, Ouachita president, told the executive committee of the Arkansas State Baptist Convention last night the school will not subsidize athletes next year. Dr. Eubanks also said athletic subsidies will cost the school $45,000 this year.

# Tag Team Match Feature At Arena

Action to please any fan will be seen tonight at Sled Allen's arena, and the promoter has four of the area's top grapplers in the main event, a tag team match.

Opening the snow will be a regular match for two of three falls, with Al Getz and Andy Tremain scheduled to go the distance.

The main bout will be running over with talent as George Overhull and Salvador Flores take on the Grey Mask and Alex Kasaboski in a match for one hour or two of three falls.

**Flores, Overhull Meet**

Flores and Overhull will meet two of the rings toughest and roughest wrestlers when they tangle in the headliner. Last week Ovehull lost a close one to to the Mask and welcomes the chance to meet him again. Kasaboski has been the one man Flores has been wanting to meet and is getting set to show the Russian a few things.

This is a match that should provide all the action and bring out all the tricks known to the wrestling game, and the referee no doubt will have his hands full trying to keep only two men in the ring at a time and these two fighting cleanly.

Two holds likely to be seen are the flying tackle as administered by Overhull and the crucifix as displayer by Flores. What the Mask and Kasaboski use remains to be seen.

**Tremain Returns**

Tremain returns to the area for the first time in many months to swap holds with the burly Getz in the opener. One of the most scientific light heavies in the business, Tremain is considered a top man in the profession.

Getz is a man who plays to win regardless of method used, and he will push Tremain to the limit.

Matches start at 8 p.m., and tickets may be bought today until 5 o'clock at the arena.

## Independents Down Barber Quint, 56-41

Top game of the day at Boys club Tuesday saw the Independents down Barber college, 56-41, in a high-scoring basketball battle.

Pacing the Independents to their second win over the Barbers was Jackie Cook who looped in 14 points, being closely pressed by Bob Steely with 13. Doug Galey made 15 for the losers. The victors held a commanding, 36-11 margin at halftime.

The closest game played was in the Pee Wee league, and the Roughies came from behind to drop the Buffaloes, 6-4, Gene Calvert sank the winning goal for the Roughies after Buck Bannister evened the count at 4-4 with less than two minutes to play. Ken Marmaduke tallied three times for the Buffs.

Two Junior league games were played, with the Big Five beating the Fungus Five, 19-10, Keith White making six points. David Norman accounted for half of the losers' total with five.

Donny Washington's 16 points was high as the Hornets out-played the Basketeers to win, 28-10. Glen Akin made six for the losers.

James Butler made 14 points as the Midget Raiders turned back the Galloping Ghosts, 10-9, and Doug Tucker made six for the Ghosts.

Only two games are on tap today, with the Wildcats meeting the Mustangs in the Pee Wee loop and Five Angels playing the Midget Alley Rats.

**WILLIAMS GETS LOST**

ELY, Minn., Nov. 15. (AP)—Lost overnight in the woods, Ted Williams, Boston Red Sox outfielder, returned to the woods with other members of his deer hunting party today apparently none the worst for the experience.

# Wilson Team Ready For Playoff

## Six-Man Outfit Rolls Up Points

By CHOC HUTCHESON
Avalanche Sports Writer

WILSON, Nov. 15 — You probably haven't heard or read much about it, but there's a football team here in Lynn county that's one of the "scoringest" outfits in all Texas.

I refer to the Wilson Mustangs, newly-crowned champions of six-man District 4-B. If you think these Ponies aren't potent, just take a look at their record.

Point-a-minute scoring usually is considered quite a feat in football circles, but the high-geared Wilson crew does that well on its "mediocre" nights. And when the Mustangs really get to rolling—well, the scorekeeper had better start looking for a pencil sharpener!

**Roll Up 378 Points**

Undefeated and untied in seven games this fall, Coach A. J. Sales' Wilson club has rolled up 378 points, for an average of 54 tallies per game. In the meantime, they've allowed the opposition a total of only 73 points—which, in six-man ball, is considered a rather remarkable defensive mark.

This amazing performance has carried the Mustangs into the bi-district playoff, where they meet Weinert, another perfect-record aggregation from Haskell county. The game will be played at 7:30 p.m. Thursday on the Post High school field, and promises to attract some 1,500 fans.

The winner of the bi-district setto will advance to the regional finals in sixman competition.

**The Wilson Record**

Wilson's complete 1949 record includes: Wilson 52, McAdoo 0; Wilson 44, Dickens 25; Wilson 74, Guthrie 6; Wilson 44, Flomot 0; Wilson 33, Southland 27; Wilson 74, Patton Springs 8; Wilson 57, Roaring Springs 7.

Under six-man rules, all players are eligible pass receivers, and Wilson has taken full advantage of this. No fewer than 13 of the 20 members of the squad have scored touchdowns this season. End Victor Steinhauser and Backs Pete Bruedigam and Harold Crooks have paced the point making. The team operates off the T formation, whereas most six-man units employ the shot punt or single wing.

This is Wilson's second trip to bi-district play in three years. The Mustangs won their district in 1947 but bowed to Ackerly in the playoffs.

Sales, a Texas Tech graduate, is in his first year of coaching.

"Until this season, I never had read the six-man rules," he says, "so I just had to learn the game from the ground up."

Apparently he's done a fine job of learning. At least, with that point-plus-per-minute record, you'll have a difficult time convincing folks down here otherwise.

The Wilson roster, with classifications, weights and years—if any—as lettermen, includes:

**ENDS**—James Kelley (Sr., 170, 1L); Victor Steinhauser (Sr., 165, 2L); Marvin Hagens (Jr., 150, 2L); John Mark Stoker (Soph. 140); Freeman Smalley (Soph., 145); George Lambright (Soph., 150); Cardell Hagens (Fresh., 120); Don Henderson (Fresh., 125).

**CENTERS**—Carlton Wilke (Sr., 160, 2L); Harold Preston (Soph., 155); Gilbert Steinhauser (Fresh., 130).

**QUARTERBACKS** — Leonard Brieger (Jr., 160, 2L); Thomas Mason (Jr., 140, 2L); Joe Stone (Soph., 130).

**LEFT HALFBACKS** — Pete Bruedigam (Sr., 180, 2L); Paul Stoker (Sr., 135, 1L); Claudie Phillips (Fresh., 140).

**RIGHT HALFBACKS** — Harold Crooks (Jr., 160, 2L); Johnny Robinson (Jr., 140); John Lester Mason (Fresh., 130).

**HIGH SCORING SCHOOLBOYS**—The Wilson Mustang squad, pictured above, currently boasts the South Plains' top grid scoring mark, with an average of 54 points per game in seven contests this season. The Mustangs meet Weinert at 7:30 p.m. Thursday at Post for the bi-district six-man championship. Left to right, front row, are Freeman Smalley, Harold Preston, Carlton Wilke, James Kelley, Victor Steinhauser, Marvin Hagens and John Mark Stoker. Left to right, standing, are Coach A. J. Sales, Joe Stone, Paul Stoker, Johnny Robinson, Leonard Brieger, Pete Bruedigam, Thomas Mason and Manager Walter Bednarz. (Staff Photo.)

## Browns Sign Erle Brucker To Be In Charge Of Bullpen

ST. LOUIS, Nov. 15. (AP)—The St. Louis Browns announced today that Zack Taylor will be retained as manager of the club next year.

At the same time owners of the club disclosed that Earle Brucker, recently released by the Philadelphia Athletics as a coach, has been signed by the Browns. He will be in charge of the bullpen.

# Wilkinson Lauds Sooner Line Play

NORMAN, Okla., Nov. 15. (AP)—A straight line is the shortest distance between two points, and the longest too, if you know the University of Oklahoma football forwards.

Bud Wilkinson, Oklahoma's head football coach, and line mentor Gomer Jones have developed a line that can do both.

Taking rushing defense. The Sooners find the shortest distance is directly to a ball carrier as he passes the line of scrimmage. That formula has enabled Oklahoma to yield less than 50 net yards a game rushing to lead the nation.

As for the longest distance, a ball carrier can't get away for those long treks without a lot of help from a forward wall that knows how to block. This the Sooners do well, and lead the nation in rushing offense with more than 300 yards a game.

With that type of versatility, you'd think Oklahoma's line mountainous enough to push the opposition into gopher holes.

Instead, the Sooners' starting line averages just under 200 pounds per man.

That's lighter than most teams of Oklahoma's caliber and record.

# Shipping Strike Delayed 30 Days

(Continued From Page One)

golis as a last resort.

The shipowners, members of the American Merchant Marine institute, were vigorously opposed to setting up a fact-finding board with authority to recommend a settlement. The union was agreeable to such a solution.

**Rotary Hiring Halls Opposed**

Major stumbling block was the union's demand that the present preferential hiring arrangement which gives it a virtual union shop, be brought into what is termed a rotary hiring hall.

The union wanted its members to be picked to operate the 500 Atlantic and Gulf port vessels in rotation rather than by chance.

The companies insist that their only connection with their cargo and passenger vessels while they are at sea depends upon the officers and they want to select those men.

A short while before the truce was announced, an industry source in New York said most of the companies involved favored the setting up of a fact finding board. This official, who declined to be named, said he based this estimate on a telephone survey.

**Firm Signs Pact**

The development came as the independent Newtex Steamship Corp., not in the 40-firm group, signed an agreement with the union.

M. J. Frechie, vice-president of Newtex, said the company gave the union recent west coast terms on hiring, seniority and job security, and agreed to settle other terms in 60 days.

About 70 union members on 12 ships are affected.

Captain Charles F. May, head of the union, said that American vessels caught by the strike on the high seas would be considered "hot" in any non-Communist port.

That would mean the vessels would have had trouble being serviced in most foreign ports.

About 500 vessels using American and Gulf ports as their home bases are involved. There are four or five members of the unions on every freighter and more than that on passenger ships.

Government mediators offered to set up a fact finding board if the strike were called off. Such a board would have power to recommend a steelement.

As an alternative, the government had the Taft-Hartley act to fall back upon.

Captain May and Captain E. A. Higgenbotham, of Mobile, said that union members along the Eastern and Gulf coasts were standing by for the signal to strike.

But the strike was not to begin without word from union officers engaged in eleventh hour conferences with the conciliation service.

The union insisted 17 issues were innvolved but Frank J. Taylor, president of the American Merchant Marine institute, and chief negotiator for the shipowners, said only the hiring hall issue was holding up settlement.

# Good Turnout Attends Opera Program Here

More than 1,000 enthusiastic persons witnessed the operatic double-bill "Cavalleria Rusticana" and "I Pagliacci" Tuesday night in the Lubbock High school auditorium.

Produced by the Texas Tech artists course, the program will remain here tonight for a final performance. The admission charge for the performance will be $1.80, according to R. A. Mills, head of the artists course.

A traveling troupe of 125 persons, including a company of 75 players, an orchestra of 30, and a mixed chorus of 20 will be included in this performance.

The story is of simple Italian peasants. Both operas were written nearly 60 years ago and have seen many stage productions since that time.

Tech students holding odd numbered activity fee receipts will be admitted to tonight's performance, Mills said.

# Robbery Attempt At Claude Is Thwarted

CLAUDE, Nov. 15. (AP)—Loud yells by a filling station operator tonight thwarted armed robbery of his station.

G. R. Lauderdale had just serviced a car driven by three men when one of them stuck a revolver in Lauderdale's ribs and another grabbed his jacket.

Lauderdale fell to the station floor, yelling for help. The three men, apparently alarmed by the noise, fled, driving at top speed toward Clarendon.

Claude is about 17 miles southeast of Amarillo.

Highway patrolmen set up road blocks in the area.

The gray, two-door Plymouth sedan carried Mississippi license plate 517-178. The men took no money and one dropped a billfold which was turned over to officers. It contained no money.

## Two Americans Captured By Korean Reds Reported Safe

SEOUL, Wednesday, Nov. 16 (AP) — Two Americans from a ship shanghaied by Korean Communists are safe in Red-controlled North Korea, the Pyongyan radio said today.

The broadcast from the North Korean capital was the first word on the fate of Capt. Alfred T. Meschter and Chief Engineer Albert E. Willis, advisers to the South Korean crew of the cargo ship Kimball R. Smith.

Meschter, 28, of Kindernook, N. Y., and Willis, 40, of Brooklyn were staff men of the Economic Cooperation administration.

# Roosevelt Seeks

(Continued From Page One)

he remarked: "She pays frequent visits to members of her family. I hope that during the winter she will pay us a visit."

Roosevelt, who served with the Marines as a colonel during the war has been a California resident 11 years. He will be 42 years old next month.

Announcement of his candidacy was repeated on two radio broadcasts later tonight, but he released copies of his speech at the press conference. He said:

"Every resident of California who is willing and able to work has the right to find a job at a fair wage and under desirable working conditions."

He told the press conference that in this he included any resident of another state who might choose to live in California.

He said he objected to the term "socialized medicine" but is in favor of "an all inclusive medical program. Whether this should be financed by taxes or payroll deductions he said he was not ready yet to discuss.

He told a negro newsman that "a negro is just as entitled to appointment to a state office, provided his qualifications are satisfactory, as is any other American citizen."

Roosevelt, executive vice president of Roosevelt & Sargent Insurance Co., said he will resign all business connections if elected. He is Democratic national committeeman from California and former chairman of the party's state central committee.

His probable opponent in the Democratic primary is George Luckey, who soared high in presidential favor after conducting the sucessful 1948 Truman campaign in Southern California.

Roosevelt belatedly hopped on the Truman bandwagon after failing to stir up support for Gen. Dwight Eisenhower at last year's Democratic national convention.

He will be the second of FDR's sons to run for office. Franklin, jr., was elected congressman from New York last spring.

In his radio broadcast, Roosevelt lashed out at California Republicans and California "nonpartisanship."

# Cotton Quotas

(Continued From Page One)

ing quota referendum.

For Lubbock county, about 7 per cent of the 250,605 acres will be held back by the county office for small farms, new farms and corrections.

The Morning Avalanche was told that the Lubbock county allotment was based on the number of acres in cropland, with the figure set at approximately 50 per cent of the county's some 500,000 acres in cultivation.

It was explained that no farmer will be able to grow more cotton on his land than he grew in any one of the three past years—1946, 1947 and 1948—even though his allotment might have been higher if figured on the basis of his total acres in cultivation.

Miller said the Terry county acreage allotment for 1950, a happy surprise for most of the Farm bureau members, was based on a percentage of the county's average acreage for 1947 and 1948. This figure was 138,000 acres.

However, Miller added that the county office, in notifying farmers of their quotas, would hold back approximately 10 per cent of the 119,464 acres alloted by the state. This reserve acreage would be used for new farms, small farms and for corrections of previous survey figures, Miller said.

He pointed out that the state office also held back a portion of the total number of acres alloted to the state. This reserve, probably less than 10 per cent, will be used to cover possible inequities and injustices, he said.

Miller said his office already was working on individual farmer allotments, and "we hope to have these in the mail by Dec. 2."

He pointed out that farmers will vote on marketing quotas on or about Dec. 15, and they must be advised of what acreage they would have if the plan is approved by two-thirds of qualified voters in cotton-producing areas. Should the election fail to favor marketing quotas, no support price program will be available.

Miller said that the two-thirds approval must come in the total vote. A county voting against the proposal would still be under the program if all votes cast over the nation approve the measure by a two-thirds majority.

In another phase of the meeting, Farm bureau members voted to reduce cotton pulling prices by 25 cents, following the lead of other farmers in the South Plains in an attempt to put harvesting costs in line with profits for the farmer.

Farm bureau members and their families gathered for the annual program ate their way through the greater part of 356 pounds of barbecued meat prepared for the occasion.

Bureau members re-elected their panel of officers. They are County Judge H. R. Winston, president; J. T. Fulford of Meadow, vice-president; and H. L. King, secretary-treasurer.

Winston appointed a committee to study cotton classification services available to Terry county farmers after the group expressed dissatisfaction with present grading service. Committee members are Kenneth Purtell, J. Fred Bucy and Lloyd Dawson.

The effect of the 25 cent reduction for cotton pulling was to bring the price down to $1.75 in the field and $2 at the gin in some areas and $1.50 in the field and $1.75 at the gin in other areas.

Herman Wheatley was named as a new member of the board of directors. Directors re-elected were Purtel, Dawson and W. J. Carter.

Speakers on the program were Elmer C. Watson of Meadow; Hugh G. Porterfield, experiment station superintendent; C. L. Lincoln, county service officer; Juan Rodriquez, Mexican national and leader of a cotton pulling crew; W. H. (Bill) Tilson, state Farm bureau director; Miller and Winston.

ELIZABETH CRAIG
Receives $300 Award

# Students Get Awards

(Continued From Page One)

teams which will compete in national contests during the latter part of November.

A number of distinguished guests were present, including Representative George Mahon, who was introduced by Dean of Agriculture W. L. Stangel.

**Graduate Award Presented**

Another outstanding award made at the pig roast, a $600 graduate fellowship in agriculture, which was made possible by the Lubbock Cotton Oil company, was presented to Jesse L. Robinson, graduate students in agriculture, for research toward his master's degree. The fellowship was awarded by Jamie N. Caviness, representing the company. Caviness was the recipient of the fellowship in 1941, the last time it was presented until this year.

**Active On Campus**

Krueger, who is majoring in animal husbandry, is quite active on the campus and in the Agriculture club. He is a member of the International livestock judging team, and the Senior dairy cattle judging team, two of those honored at the "pig roast."

Miss Craig, who is a Home Economics education major, is secretary of the Home Economics club, chaplain for Phi U, honorary Home Economics fraternity, and is that division's representative on the student council. She is a member of Ko Shari and the Forum. She has been a resident of Lubbock all her life, and is a graduate of Lubock Senior High school.

Approximately 60 members of the Home Economics club saw Wentworth present her with the award. The remainder of the program was in charge of the freshman Home Economics students, who presented a skit on campus courtesy.

**Girls Present Program**

A special feature of the "pig roast" were two comedy performances of three girls, Janet Moore, Pat Todd, and Freeda Harwell. Dressed in colorful costumes, the girls acted in pantomine to the accompaniment of recordings.

During the meal, the Conjunto Panamericano, a Latin orchestra composed of Tech students, entertained.

Marion Baumgardner acted as master of ceremonies, and introduced the judging teams being honored.

They were:

The senior dairy cattle judging team, which competed at Waterloo, Ia., under the coaching of K. L. Neeley, associate professor of animal husbandry. Members are Tommy G. Hewlett, J. Paul Jones, William J. Krueger, jr., and George Piller.

The dairy products judging team, which competed at Dallas and Los Angeles, coached by Dr. J. J. Willingham, head of the dairy manufacturing department. Members are Clarence Darter, Royce T. Jackson, Terry R. Smith, and Harold W. Sawyer.

The American Royal meats judging team, which has competed in Kansas City, and which will compete in Chicago on Nov. 28, coached by Ray T. Crane of the animal husbandry department. Members are Willard Hill, Glenn Quattlebaum, James Waddell, and Frank B. Young.

The American Royal wool judging team, which has competed in Kansas City, coached by H. Ray Burkhart, assistant professor in animal husbandry. Members are William Davis, Ewing F. McEntire, James Waddell, and Buddy H. Winter.

The American Royal livestock team, which has competed in Kansas City, under coaching of Stanley E. Anderson of the animal husbandry department. Members are William Davis, Robert F. Fee, James H. Heath, E. Doyle Lane, William Rodgers, and Buddy H. Winter.

The collegiate crops judging team, which will compete in Kansas City on Nov. 22 and in Chicago on Nov. 26, coached by Cecil Ayers, associate professor of plant industry. Members are Raymond Reeves, Roy E. Martin, L. W. Rosenbaum, jr., and M. F. Baumgardner.

The International livestock judging team, which will compete in Chicago on Nov. 26, coached by Stanley E. Anderson of the animal husbandry department. Members are William J. Krueger, jr., Robert F. Fee, James H. Heath, E. Doyle Lane, William Rodgers, and Buddy H. Winter.

## Express Agency Cancels Bid For Boosting Rates On Citrus

WASHINGTON, Nov. 15. (AP)—The Railway Express agency has withdrawn its application for a 10 percent rate increase on citrus shipments from Florida and Texas, the Interstate Commerce commission said today.

The increase was originally scheduled to go into effect Sept. 30. It was suspended for seven months to permit public hearings first.

Sen. Holland (D-Fla) had demanded a public hearing in Florida. The ICC had scheduled one in that state next January. Holland said, but it has been canceled in view of the express agency's action.

## American Cargo-Passenger Ship Reported Fired Upon

NEW YORK, Nov. 16. (AP) —An American- cargo-passenger ship, the Flying Cloud, was reported today to have been fired on and damaged by a Chinese Nationalist warship near the mouth of the Yangtze river.

The Isbrandtsen Steamship Co., operator of the 6,214-ton vessel, reported the incident to Secretary of State Acheson and asked him to "take appropriate action immediately."

In Washington, State department officials said only that the report, along with a similar one from the American consul-general at Shanghai, was taken under study immediately.

# Suspect Jailed In Dope Case

Bond of $500 set for Santos Madrid, 35, a Fort Sumner, N. M. Latin American, held on a charge of illegal possession of marijuana, had not been posted late Tuesday night, sheriff's officers said.

Bond for Madrid, who was remanded to Lubbock county jail, was set by Mrs. Olioe Fluke, U. S. commissioner for the Lubbock division of the Northern Federal Judicial district.

Madrid was arrested at Littlefield and transferred here by Lamb County Sheriff Sid Hopping, C. E. Luce, Deputy U. S. marshal said.

**Transfer Tax Unpaid**

The charge specifically accused the defendant of having acquired a quantity of marijuana May 12 without having paid a transfer tax. Luce said he is accused of having had several cigarets containing the drug.

The sheriff's department arrested two other Latin Americans for Arkansas authorities on a charge of removal of mortgaged property.

The suspects were later released pending further word from Arkansas authorities with the understanding they would report back to the sheriff's office here.

There was indication that a fugitive complaint might be filed as a prerequisite to Arkansas extradition steps unless the prisoners satisfy lien holders in connection with a truck they allegedly drove here.

Cal Lee, of Big Spring, was fined $10 and costs in county court on a charge of check law violation. Lee allegedly gave a worthless check in the amount of $25 to a tourist court here Sept. 12. He was arrested in Odessa.

S. D. Lenox, 26-year-old Lubbock negro, pleaded not guilty of a charge of aggravated assault filed in connection with the beating of another negro. Bond for Lenox was set at $500.

# Child Slayer Sought

(Continued From Page One)

then the hunt fanned out to other districts, including the Baldwin hills where in 1937 three little girls were lured from their homes, strangled with wire and their bodies violated after death.

**Detective Finds Body**

Searchers during the night passed and repassed the trashpile where Linda's body was found at dawn.

The child was found by a detective who stepped on one of the tot's blood-streaked arms in investigating the trash pile.

The shocking murder recalled other horror slayings of children in the area. In the 1937 triple slaying, Albert Dyer confessed and was executed.

William Edward Hickman paid with his life in 1927 for the strangulation and mutilation slaying of 12-year-old Marion Parker.

More than 500 persons were questioned by police in connection with the kidnap-slaying of six-year-old Rochelle Gluskoter in 1946.

Nicholas D. Meyers, 44-year-old pool room operator, was released today by police who had been questioning him in the Gluskoter case.

District Attorney William E. Simpson refused to issue a murder complaint after discussing with deputy sheriffs the results of an exhaustive lie detector test given Meyers which Simpson declared were "negative."

It was also stated that in addition to the lie detector result, there was a discrepancy in the identification of the alleged murder car.

# 'Scheme' Charged

(Continued From Page One)

a 25 per cent cut in coal-burning pasenger train service and said the railroads could return to full operation next Sunday.

4. The board of directors of the Southern Coal Producers' association concluded a two-day meeting in Washington without making any new overtures to the UMW to resolve the prolonged contract dispute.

Federal Mediation Director Cyrus S. Ching kept silent on the coal controversy and devoted his efforts to heading off a threatened tie-up of Atlantic and Gulf coast shipping at midnight tonight.

The White House also was silent. Other administration officials said, however, that President Truman probably will propose fact-finding in the coal dispute before resorting to the 80-day anti-strike injunction weapon of the Taft-Hartley law.

**Fined For Contempt**

The 1948 coal case was brought to an end in the some courtroom where Federal Judge T. Alan Goldsborough found the union and Lewis guilty of contempt in refusing to obey an injunction to halt the walkout.

Goldsborough ascended the bench just long enough to mark the miners' account paid in full and Welly K. Hopkins, UMW chief counsel, turned over the certified check and a bundle of cash to District Court Clark Harry Hull.

In response to a question from Goldsborough, Hopkins said he had no statment to make on the proceedings. The Goldsborough fine recently was upheld by the Supreme court.

The ICC directive to the nation's railroads came as result of the miners' return to work under a three-weeks strike truce after 52 days of idlness.

Lewis has indicated the men may be called out of the pits again at midnight Nov. 30 if a new wage agreement is not reached to replace the old contract which expired last June 30.

**MAN SUFFERS ATTACK**

A Sanders ambulance was called about 11 p.m(AP) Tuesday to a downtown drugstore where a man had apparently suffered a heart attack, police said. The man left the building without assistance, it was reported. Neither police, bystanders, nor drugstore employes were able to identify him.

# Tech Building

(Continued From Page One)

ments.

The new science hall has been tentatively scheduled for erection between the chemistry and library buildings and probably about 25 yards west of their west line. The two-story hall thus would have its main entrance directly west of the Neon-lighted double T, now located between the two buildings.

Additions to the petroleum engineering building would more than triple its size, making it a two-story structure with over twice as much frontage. The present home economics building will be enlarged, with additions extending from both ends and with wings built to those.

Proposed site of the music hall will be due south of the present recreation hall, facing upon Nineteenth street. It will contain a basement and ground floor and will be so constructed that additions may be made later.

**Recreation Hall To Be Moved**

The present recreation hall will be moved to make room for the student union building when plans for its erection are complete. To face north towards the rear of the administration building, the SUB will be financed by donations, profits from the college bookstore and other funds raised by the students.

Locations for the new buildings were decided upon partly on the basis of an overall campus picture prepared by landscape Architect E. J. Urbanovsky. Original plans called for additions to the present engineering building, but those were discarded because the structure would then be nearly an eighth of a mile long.

The new engineering building will necessitate the moving of several temporary structures erected on the campus as an emergency measure, Dr. Wiggins said. The new hall will be 280 feet long and 60 feet wide, with construction allowing for future addition of wings. The present building will be reconverted to enlarge the engineering library and give more room to those departments remaining in it.

**Petroleum Expansion Slated**

A total of approximately 5,500 square feet of floor space will make up the petroleum engineering building after its completion. Preliminary sketches of the additions would give the building a reservoir engineering laboratory, an advanced production lab, and natural gas, core analysis and liquified petroleum labs. The present entrance would be made into a window and the front entrance centrally located in the overall structure.

Several practice rooms as well as larger band and orchestra rooms and offices would be included in the new music hall, should the board of directors approve preliminary sketches Dec. 10. The home economics additions would include classrooms and cooking and foods laboratories, while the science hall would have several large labs besides regular classroom and offices. No plans have as yet been drawn for the student union building.

All plans are still in the preliminary stages, Dr. Wiggins pointed out, but some action will be taken by the board of directors in their meeting here. All of the buildings will be constructed in such a manner that additions may be made later.

# Allies Agree

(Continued From Page One)

a 1946 decision of the foreign ministers council.

**Protest Is Made**

The U. S., Britain and France protested against the 1948 Danube convention, forced to conclusion by a Soviet-dominated conference, which gives Russia two-thirds control over the river and stifles free flow of commerce.

Acheson was asked about the case of U. S. Consul General Angus Ward and four of his staff who are held incommunicado in a Mukden jail by Chinese Communists.

The secretary said he expects to take up the matter at once, after conferring with Undersecretary Webb, who has been handling it in Acheson's absence.

It is believed that Acheson, Bevin and Schuman reached an accord on Germany designed to alleviate French fears that intensification of German industrial production might build that nation into a warmaking power again.

Reports have it that the U. S. is prepared to underwrite a 30 division army for France as the ultimate goal of the arms-aid program.

Approval of the master defense blueprint Johnson is expected to take to paris would free $400 million in cash and $500 million in contract authority to purchase arms for Western Europe.

Under the congressional arms-aid act, until the North Atlantic defense committee and President Truman approve the plan, only $100 million of the appropriation may be used.

## New License Plates Ordered From Texas Prison System

AUSTIN, Nov. 15 (AP) — The State Highway department today ordered 1951 auto license plates from the Texas prison system which manufactures the plates for the state.

The order calls for enough plates to:

Stretch from Austin to Chicago (1,024 miles).

Make a steel road 22 feet wide and 26 miles long.

License enough cars to stretch three abreast from New York to San Francisco, bumper-to-bumper.

Require enough paint (17,000 gallons) to refinish 2,430 five-room homes.

Register 3,094,500 vehicles, two plates each.

**YOUNGSTER IS KILLED**

SHAMROCK, Nov. 15. (AP)—A railroad crossing accident on main street caused the death last night of Fonzie Lavon Willoughby, 8. The boy was riding with his parents, Mr. and Mrs. John F. Willoughby, when their car was struck by a fast freight train. The parents were injured.

# Congratulations to:

Mr. and Mrs. J. H. Puckett of 3217 North Third on birth of a daughter weighing 9 pounds at 2:05 p. m. Tuesday in West Texas hospital. The father is co-owner of the Architectural Stone company.

Mr. and Mrs. E. N. Hudman of 1414 Thirteenth on birth of a daughter weighing 7 pounds 8 ounces at 9:36 p. m. Tuesday in West Texas hospital. The father is field representative for GMAC.

Mr. and Mrs. W. A. Nuff of 216 East Tulane on birth of a son weighing 8 pounds 6¼ ounces at 3:24 a. m. Tuesday in Lubbock Memorial hospital.

Mr. and Mrs. J. M. Keith of 2220 First St., on birth of a daughter weighing 9 pounds 10 ounces at 3:40 a. m. Tuesday at St. Mary's hospital. The father is a shipping clerk.

Mr. and Mrs. W. T. Cooke of Lubbock route 3 on birth of a son weighing 7 pounds 2 ounces at 10:47 p. m. Monday at West Texas hospital. The father is a farmer.

# Man Convicted

(Continued From Page One)

member was polled, and each gave the "guilty" verdict of the entire panel.

Judge Alexander Holtzoff set no date for sentencing Burgman, who had served as a U.S. combat soldier in World War I.

Present in the court when the jury convicted Burgman were his German wife and son.

Burgman's main defense during the five weeks trial was that he was insane during the time that he stepped to the microphone for the Nazi warlords.

In his broadcasts he posed as an American named "Joe Scanlon," and pretended to be speaking from a station "D-E-B-U-N-K," located in the American middle west.

**Sits In Wheel Chair**

Burgman, who has been ill, heard the verdict from a wheel chair without sign of emotion. He was wheeled into the courtroom, his eyes almost closed and his face ashen, when the jury sent word that the verdict had been reached.

Before the verdict was reached, however, the jury returned twice to the court room for further instructions from Judge Holtzoff.

The case was given to the jury at 11:15 a.m. CST, after Judge Holtzoff had delivered a 65-minute instruction to the panel.

The case was due to go to the jury last Monday, but the date was postponed when Burgman complained of "pains in the chest" and protested that he was too ill to come to court.

**Nurse Sits Nearby**

As Holtzoff delivered the charge, a uniformed nurse sat nearby and at one time went over to Burgman and talked with him briefly.

Holtzoff said there was a "sharp difference of opinion" among psychiatrists who testified at the trial on Burgman's mental condition, and that the jurors must decide whether he was legally insane.

# HST Pledges Fight

(Continued From Page One)

their peoples.

Mr. Truman said these objectives can be achieved under the United Nations.

He said it has been a traditional policy of the U. S. to administer territories as trustees, to develop their economies and political life to the point where, if their people so desire, they could enter the family of nations "on a basis of equal partnership." Mr. Truman said:

"We welcome the recognition of this principle in the United Nations charter, and are deeply interested in the encouragement it has provided to the political aspirations of many peoples.

"Political independence has little meaning if it is not accompanied by full economic development. There are vast areas of the world today where whole populations do not have the bare necessities of life, even though their countries are rich in natural resources.

## Attorneys To Submit Briefs In Anti-Trust Suit Against Paper

CLEVELAND, Nov. 15. (AP) — Federal Judge Emerich B. Freed heard five hours of argument today and then asked for briefs in a government suit charging the Lorain Journal with violating the Sherman anti-trust act by restricting sale of its advertising space.

The judge gave attorneys until Friday to submit the briefs, but did not indicate when he would issue a decision.

The Department of justice has asked for a temporary injunction forcing the daily newspaper to accept advertising from merchants who also patronize Elyria, O., radio station WEOL and WEOL-FM and the weekly Lorain, O., Sunday News. Elyria is about five miles from Lorain.

The government charges the newspaper and four of its officers with combining to restrain and monopolize the spreading of news, advertising and other information. It claims the Journal refuses to publish advertising of business houses which advertise in the Sunday News, or over the radio station.

## Strike Rumbles Heard Among Southwestern Bell Workers

SAN ANTONIO, Nov. 15. (AP)—Forebodings of a telephone strike involving 50,000 Southwestern Bell workers in five Southwestern states were heard today at the Southwestern division convention of the communications Workers of America here.

D. L. McCowen, St. Louis, regional president, indicated the 600 delegates will be asked to take a strike vote. Whether the authority granted by the vote is used by the union directors would depend on progress of negotiations, started Oct. 28, for a new contract with higher wages and other benefits for the employes.

The present contract expires Dec. 1. Negotiations have been suspended during the convention.

# Communists Claim

(Continued From Page One)

China are "only half of the story." The other, and more important half, he added, was that of Russia's attempt to gain an economic stronghold over China and the rest of Asia.

Tsiang said that with the Red successes in China the borders of old Tsarist Russia have been pushed forward for "many hundreds of miles," into half of the Asian continent.

Previously, Marshal Tito's heir-apparent charged that Soviet, Bulgarian, Hungarian and Romanian troop movements have taken place along the Yugoslav border.

Milovan Djilas, No. 2 man in the Belgrade politburo, also pinned the "warmonger" label on Russia in denouncing Cominform threats to his country. He stressed that Yugoslavia wants peace in the Balkans.

In a speech before the 59-nation political committee, the former partisan leader tore apart Cominform claims that Yugoslavia has aggressive intentions toward Albania, following cancellation of a security pact with the tiny Soviet satellite.

"I have to declare this publicly and officially in the name of the government of Yugoslavia, so that it should be known once and for all: Yugoslavia wishes Albania, as well as her other neighbors, to be sovereign and independent states.

Yugoslavia will support every action designed to preserve peace on Albania's frontiers and her independence, which is the duty of the United Nations."

# Taft Denounces

(Continued From Page One)

unemployment?" Taft asked.

President Truman, Taft continued, argues that anybody who "objects to the expense of any of his plans is a reactionary."

Taft said opponents "are convinced that only a continuation of our present system of liberty and particularly liberty from government controls can reach the goals of Utopia which he describes."

**"Dictation" Is Scored**

"The Truman program based on dictation by government of the daily lives of the American people can only turn America back to stagnation and austerity," Taft added.

The senator said the President wants:

"Power to fix prices, to fix wages, to control distribution and the necessary rationing that goes with it, and to put the government into business it desires to enter."

A farm plan involving "complete power to impose production controls on farmers." Taft said under this the "government would tell farmers how many acres of wheat, corn and soy beans they can raise; how many hogs they can sell; how many beef cattle they can feed, and dairy cattle they can handle; and how many chickens they can keep."

The government to "guarantee every man a job, but it can only do that if it is given power to tell every man what job he shall take and at what wages."

Taft said these three measures "would give complete control of industry, commerce, agriculture, and labor" and added:

"When you include repeal of the Taft-Hartley law, the [illegible] tion of medicine, universal military training and [illegible] ices' to the people, we shall have almost a duplicate of the Labor-Socialist regime in England today."

**FOG CHOKES BRITAIN**

LONDON, Nov. 15 (AP) — Blinding fog blanketed most of England today. Planes were grounded and road and rail transport crippled.

# Strike Averted

(Continued From Page One)

for two years and provides for "another automatic wage increase at the end of the first year." He said full terms of the agreement will be announced after ratification by union membership, "which we expect within ten days."

**LUBBOCK IS SPARED MOTOR FREIGHT TIEUP**

The Dallas settlement which averted the AFL teamsters strike called for midnight last night spared Lubbock frfom a major tie-up in motor freight shipments.

While only two motor line companies in Lubbock have drivers belonging to the Dallas AFL teamsters local, company managers said a four-state strike would have stopped or delayed inter-line shipments of freight.

Further, O. R. Cotton, Lubbock steward for the dock workers union with headquarters in Amarillo, said that his group would have joined the work stoppage had the strike gone off on schedule.

Cotton explained that if drivers for Miller and Miller Motor Freight lines and Sunset Motor lines, the two companies with Dallas local drivers, had gone out, there would not have been work for the dockhands.

He added that the dock workers would have supported the drivers because of past support given by the drivers.

The Inter-City Motor Express company, another company in Lubbock with AFL drivers, would not have been directly affected here because its drivers are members of an El Paso local which is connected with the West Coast AFL organization instead of the four-state group which met in Dallas.

Odell Hughett, Lubbock manager for this company, said however that the Inter-City company had drivers in its Oklahoma City office that would come under the Dallas agreement.

Hughett said the Lubbock drivers with the El Paso local got a new one-year contract on July 31 which provided for wage increases.

Nearly 100 drivers coming into Lubbock are members of the Dallas local, it was estimated.

W. T. Miller, with Miller and Miller lines, said his company had about 45 drivers, all out of Wichita Falls, and it was estimated that as many more were with the Sunset lines. Both companies use Lubbock as a turn-around point, and inter-city drivers live at other points.

Miller said that his company would have "tried to operate" had the strike gone off on schedule. "It would have slowed us down, but we would have tried to keep freight moving."

He said drivers for Miller and Miller receive five cents a mile for driving tractor trucks with two-axle trailers, and 4.75 cents for driving trucks with one-axle trailers. Sleeper truck driving pays six cents a mile, but this is divided between the two-man crew.

Cotton said the local dock workers union, which includes city deliverymen and helpers, began a new one-year contract in May.

One other Lubbock company, Merchants Fast Motor lines, has union workers but they are members of a Texas union with headquarters in Houston.

**BODIES STILL MISSING**

SEYMOUR, Nov. 15 (AP) — A pair of coveralls which belonged to Bert Brown, one of two Wichita Falls boys who drowned in Lake Kemp, washed ashore today. Two duck decoys which belonged to the 16-year-old boy also were found along shore. Brown and Jackie Parr, 17, also of Wichita Falls, drowned on a duck hunting jaunt on the Lake Saturday. A third boy, Dawson Ward, jr., clung to the overturned boat and reached shore.

# Prospects For Ending Cold War Dim Despite Peace Talk At UN

By J. M. ROBERTS, JR.
Associated Press Staff Writer

Despite all the talk of peace at the United Nations, a stalemate in the cold war seems to be about the best for which anyone can hope at the present.

Said chief U. S. Delegate Warren Austin at the United Nations Monday:

"If the Soviet government wishes to undertake measures for strengthening the peace, the means are at its instant command. Stop your campaign of hate against the non-Cominform world. Forsake your doctrine that the non-Communist world is your enemy. Let your people meet with ours and discuss together our common problems. Lift your iron curtain and you will strengthen peace."

**Prospects Are Gloomy**

The statement is a yardstick by which to measure the possibilities of peace in the cold war. The prospects don't measure up very well.

What Austin is doing is asking the Russian government to abondon some of the central themes of its existence. The chance that it would occur in any given period of times seems next to impossible.

Russia's propaganda springs from the belief that peace between Communism and the bourgois world can never be more than a truce pending the ultimate showdown. There have been many charges by American observers that it is also a part of Kremlin domestic political tactics, to give the Russian people an objective to excuse their regimentation.

**Isolation Policy Followed**

So is the policy of isolation which prevents a meeting of the Russian people with other peoples. The two are so inter-dependent as to be almost the same.

Mr. Austin mentioned other Russian practices—failure to keep agreements and the like—which militate against peace. There are many, such as traditional expansionism which was invented in Russia long before the Bolsheviks.

There is the use or threat of armed force to enforce Russian policies on her neighbors.

Many manifestations of Russian intransigence do not even seem to be deliberate. They are a part of Russia, and to the Russians seem natural and right.

**NUTTY AT LAST**

GRAND RAPIDS, Mich. (U.P.) — After 17 years, a walnut tree owned by Mrs. Alma Hertel has finally produced fruit—one nut.

## NEWS BRIEFS

**A. G. Blankenship of 809** Thirtieth has returned to Lubbock after attending the American National Insurance company convention at Galveston.

**A total of $325 in fines was paid** by 13 women arrested in several downtown hotels last night on charges of vagrancy by prostitution, police records showed.

**Joe P. Gibbs of Austin, state** casulty insurance commissioner, will be principal speaker at the Kiwanis club luncheon meeting in Hotel Lubbock Thursday.

**Two demonstration locks valued** at $12 were reported stolen Tuesday from Ralph Cocoanougher, a salesman for Paul Graham company, the police said.

**The bathroom of the one story** house of Mrs. Florence Woods at 1712 Sixteenth was badly damaged by fire about 5:50 p. m. Tuesday, records of the fire department showed. Cause of the blaze was believed to be a small gas heater placed close to one wall of the room.

**Police and Highway patrol units** in the area were asked last night to be on the lookout for Richard Pringle, 13-year-old son of Mr. and Mrs. Cecil M. Pringle, of 202 University, missing from his home since early Tuesday. The youth, wearing a plaid shirt and jacket, and possibly carrying a .22 caliber rifle, may be headed for Austin, his parents said.

**A total of 32 members of the** Knights of Pythias attended a regular weekly business meeting at 8 p. m. Tuesday at the lodge hall. The rank of Knight was conferred on John Gentry and Freeman Paschell during the meeting by Frank French, chancellor commander of the lodge.

**Mercedes Sanford, 7, was hurt** slightly about 3:30 p. m. Tuesday when cars driven by his mother, Mrs. Mary Drane Sanford, 36, of 3007 Twenty-second, and H. B. Parchman, 22, of Lamesa, collided at the intersection of Main and Ave. Q. The child was treated for a cut upper lip at a doctor's office here. Police said Parchman, who was attempting a left turn north onto Ave. Q, had been given a ticket for failure to yield right of way.

## Father Testifies In Hearing To Determine Sanity Of Son

DALLAS, Nov. 15. (AP)—Lewis F. Petersen testified today about his son's feeling for the girl the son killed.

"She was the only girl he ever loved," the father said. "She was his life."

The son is Keith Peterson, 21-year-old former Southern Methodist university journalism student. His father was the first of 37 witnesses scheduled in Keith's insanity trial in criminal district court. Selection of a jury was completed today.

Lewis F. Petersen testified also that Keith is insane and was insane Sept. 2 when he shot pretty Carolyn Schofield, 20, in a downtown Dallas office building.

Keith wiped his eyes and sniffled as his father told of the romance. It was the first show of emotion by the tall, good looking youth, since the trial began Monday.

He heard his father describe him as a precocious child with a superiority complex who developed a hatred for his mother at the age of 10.

Lewis Petersen said the boy once told him: "You have the brain of a peasant."

The distinguished looking, white-haired man said Keith read the Bible when he was 10. At 11 he used a medical dictionary to translate Gray's anatomy, a ponderous medical book, into simple language he could understand.

HOME TO LUBBOCK—First Lt. and Mrs. Bill K. Sayers and daughter Cynthia Cherie of 804 Avenue M are very happy to be stationed in Lubbock. The city is their home and they expect to build their own home soon. At present, they are making their home with Mrs. Sayers' parents, Mr. and Mrs. John Cooper. Lieutenant Sayers recently returned from Germany and an assignment with the air lift. Lt. Sayers formerly was a member of The Avalanche-Journal staff. (RAFB Photo.)

## Court Slaps $35 Fine On Shallowater Man

Lonnie H. Johnson, 28-year-old Shallowater man, was fined $35 on a charge of reckless driving following a jury trial in Corporation court Tuesday.

The defendant, represented by Winston Brummett, has appealed from the fine, and posted bond of $70.

Johnson, part-owner of a used car lot here, was the object of a Civil Service commission discussion shortly after he was taken into custody on the charge Aug. 24. He had complained to that body of irregularities in police handling of the case.

Three policemen involved in Johnson's charges, Acting Desk Sergeant T. W. Cooper, and Patrolmen Lynn Campbell and W. C. Johnson, were absolved by the commission of any misconduct in connection with the case.

Johnson told members of the commission his cash bond of $50 had been refused by Cooper, and a surety bond demanded instead. Later it was learned that the situation was not covered in city ordinances, and an ordinance permitting posting of cash bonds was drafted. Johnson was taken to police headquarters because he refused to sign the traffic ticket acknowledging the reckless driving charge, police said.

James Moore, assistant city attorney, presented the case for the city. Corporation Court Judge Solon Lea presided.

**DREAM TOO REAL**

POUGHKEEPSIE, N. Y. (U.P.) — Herbert Allen, a 25-year-old YMCA roomer, dreamed he was on a sinking ship. To save himself, he lunged for a porthole. The crash of window glass awakened him.

## Frederic March Sought For Leading Role In Production Of 'Cyrano De Bergerac'

By LOUELLA O. PARSONS
INS Staff Correspondent

HOLLYWOOD, Nov. 15.—Fredric March, who always seems to have his tongue in his cheek about Hollywood, and looks down his nose, is being paged by Stanley Kramer for "Cyrano de Bergerac." Did I say nose? It was purely accidental, I assure you.

I am afraid I am not one of Mr. March's great admirers, and I was not sold on his "Christopher Columbus," but there are those who are and who found him all that Chris should be when he sailed from Spain to discover America.

Mr. March will have a lot of competition in "Cyrano." Jose Ferrer was great on the stage, and when I was a very young girl I was taken to see Richard Mansfield, and then there was Walter Hampden. But, if Mr. March can overcome his feeling about Hollywood perhaps he'll sign for the picture, and then we can compare him to the other Cyranos.

* * *

**New Bankroll Provided**

From Paris comes news that Walter Wanger has a new bankroll and a contract to produce 12 Romulus films in London. His backers are Jimmy and John Woolfe, who are said to have been a part of the J. Arthur Rank movie empire in the early days of affluence.

Included in those 12 is "Ballad and the Source," which stars Joan Bennett, and Greta Garbo's picture based on "The Duchess of Langeais," which starts in April—or at least Walter hopes will start in April if Garbo doesn't get frightened again.

Most of his pictures on this deal will be made abroad. He himself, realized more money on "Joan of Arc" in Europe than he did in America.

* * *

**Tennis Tourney Starts**

Greg Bautzer and Ginger Rogers are invited to compete in the "Pimms Cup" tournament at Palm Springs Sunday. Ginger is a top tennis player and Greg is very good, too, but Ginger starts her picture this week. Others in the tournament are Gary Cooper, Mrs. William Powell, Evelyn Keyes, Jack Warner and Dick Haymes.

In a very newsy letter from Bennett Cerf he tells me that Mrs. Arthur Hornblow's novel, "Memory and Desire," is high on the list of the spring Random House best novels. Arthur and George Oppenheimer found the title in one of T. S. Eliot's poems.

* * *

**Couple With Tour**

Snapshots of Hollywood collected at Random:

John Agar being seen around New York with Rhonda Fleming didn't excite Hollyywood too much. Both are with the Selznick young stars on tour.

Lou Costello, who underwent an operation last week, will be well enough to start work Dec. 1. His pal and partner, Bud Abbott, is working on the script of "Foreign Legion" at Universal-International.

Dr. Herman B. Baruch, brother of Barney Baruch, is in Hollywood with his bride. He is being shown the town by Polan Banks, who is married to his niece.

Steffi Dunna is home from St. Vincent's hospital but she has to stay in bed two more months to give her leg a chance to heal.

* * *

**Ryan Marries Heiress**

Those who met Morgan Ryan when he was married to Arline Judge (he was her 4th husband) will be interested to know he was married over the weekend to Nancy Wright, Milwaukee heiress and veddy, veddy social.

Mary Boland telegrams to say: "In Jimmy Fidler's broadcast he mentioned a stag play in the making, lampooning you, in which I am starred. If this is true it is news to me. Best regards. Mary Boland." Why, Jimmy, how could you make such a mistake?

Frances and Edgar Bergen, June Allyson and Dick Powell were at Mocambo to hear Vic Damone. They agreed with me that he has a lot of charm. He looks a little like Tony Martin and I think MGM can do a lot with him.

Edward G. Robinson's son, Manny, is trying for a stage career in New York. He was associated with that stage venture of young Sydney Chaplin's in Hollywood.

## Truman To Fly To Florida On Vacation

WASHINGTON, Nov. 15. (AP)—The White House announced today that President Truman will fly to Key West, Fla., Nov. 28 for a vacation of approximately three weeks.

The news of his trip actually was old but this was the first time it had been announced officially.

The White House yacht, the U.S.S. Williamsburg, already has left for South Florida.

White House Press Secretary Charles G. Ross said he could not yet announce whether Mrs. Truman and Margaret Truman would go with the President. But they were expected to be in Florida with him at least part of the time.

While in Florida the President will have to combine some work with his vacation.

He will work on his State of the Union message for the new Congress while in Key West. Various officials of the government probably will pay flying visits to him to keep him abreast of government developments.

---

In the Supreme Court Building in Washington, each of the justices is provided with a suite of three roomsprivate office, secretary's office, bath and shower.

## *Mongrel Dog Saves Child From Death*

CORONADO, Calif., Nov. 15 (AP) — A mongrel dog saved a child of 19 months today from drowning in San Diego bay.

Mrs. Irene Lee said she discovered her son, Charles Stevens Lee, face down in the water off the shore near her home.

She waded in and pulled him out unconscious.

Witnesses said the dog was under the child, holding him up.

The dog belongs to neighbors.

## Two Former Tech Students Stationed At Alaska Base

Word has been received that two former Tech students have been stationed at the Army base at Anchorage, Alaska.

They are Sgt. Steven E. Hart of Plainview and Lt. James Stephenson.

Hart's wife and two children, Stephen and Judy Lane, will join him after a visit of several months in Florida. Stephenson's wife and daughter, Pam, arrived in Anchorage several weeks ago.

REAL EARNINGS DECREASE

# Hidden Wages, Deductions Add To U. S. Pay Day Complications

By RADER WINGET
Associated Press Staff Writer

NEW YORK, Nov. 15 — Things are getting so complicated that it's almost necessary to have a statistician figure out how much money you really made in a week.

For instance, the average factory worker is making more money than he did even during the wartime boom—but his real earnings are less. That is, his week's work buys less goods.

Total personal income so far this year tops all previous years except the average for 1948, which was the all-time peak. But even in that year nearly one-third of the nation's individuals and families made less than $2,000 a year in cash.

**Hidden Wages Noted**

And the whole picture is being complicated further for the average man by hidden wages in the form of pensions and insurance paid for by the employer. He never sees this money until he is 65 years old, or until he breaks a leg and gets laid up. Death benefits, of course, help the family.

The National Industrial Conference board, a non-profit research organization, finds that the average weekly earnings of production workers in manufacturing amounted to $54.60 in August, the most recent figure.

That is 129 per cent higher than the average 10 years ago. Even the peark war year of 1944 when everyone was working overtime and getting premium pay, the average was only 93 per cent above 1939 .Top pay, incidentally, was earned last December—an average of $56.14 a week. All of 1948 averaged $54.14 a week.

**Pay Loses Power**

The question is: "How much of that income is spendable, and how much will it buy?" In other words, when you bring home your pay envelope minus income tax and social security payments, what can you and your wife buy with it?

The conference board says you can buy 33.5 percent more as of last August than you could 10 years ago, even though your gross pay is 129 percent higher today than it was then.

Back in 1944 during the war when there was price fixing and rationing, your pay got you 48 percent more goods than in 1939, even though you were grossing only 93 percent more than you did in 1939.

That shows higher prices cut back the enlarged earnings since the war.

But it also shows that the average factory worker is well ahead of the game so far as the comparison with pre-war years is concerned.

## Last Rites To Be Held Today For Father Of Lubbock Men

James W. Day, 81, of Abilene, father of two Lubbock men, died Tuesday after a lengthy illness. His sons, James Wendell Day, 2402 Twenty-eighth and E. Esten Day, 2603 Thirty-second, had returned to their homes Tuesday after spending two weeks at their father's bedside.

The widow also survives.

Funeral services will be conducted in Abilene this afternoon.

## Cost Of Sending Gift Relief Packages To Europe To Be Cut

WASHINGTON, Nov. 15. (AP)—It will cost less in the future to send gift relief packages from this country to Europe.

The Economic Cooperation administration announced today that postal rates have been lowered from eight cents to six cents a pound on gift shipments to most western European countries.

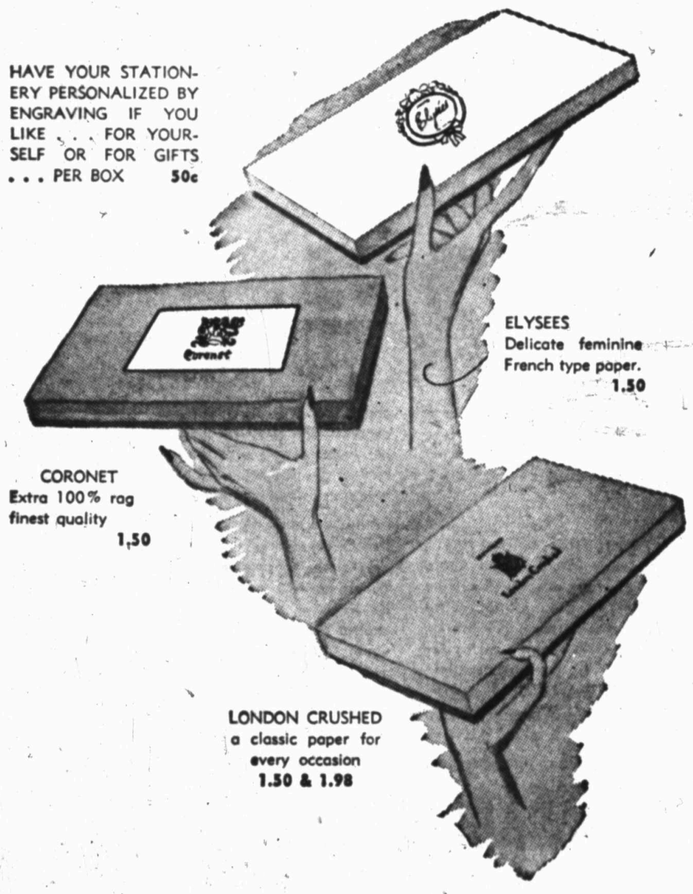

The cut results from use of Marshall plan funds to help defray certain shipping costs, ECA said.

## Texas Crude Oil Allowable Is Cut

By BO BYERS
Associated Press Staff Writer

AUSTIN, Nov. 15.—A 218,357-barrel cut in December's daily crude oil allowable was ordered today by the Texas Railroad commission. This wiped out production increases granted for October and November.

Commissioners Ernest O. Thompson and Olin Culberson agreed that mounting stocks of crude and petroleum products made a cutback necessary.

**Demand Fails to Develop**

Testimony presented at today's statewide oil proration hearing overwhelmingly favored curtailment. Purchasers said anticipated market demands for the approaching winter had not developed.

The commission knocked two days off the producing schedules of all fields, placing all except East Texas on 18 days. The East Texas field will have 16 days.

This action will drop the average allowable from a current figure of 3,313,227 barrels daily in the 30-day month of November to 2,094,870 barrels a day in the 31-day month of December.

"This cures the supply situation because demand has been very light due to unseasonably warm weather in oil-burning districts," Thompson commented.

Daily production of an estimated 272,000 barrels of natural gasoline and distillate will boost total permissive petroleum output to 2,366,870 barrels per day in December.

Several witnesses at the hearing told the commission there were ample stocks to meet any sudden heavy demand created by a sharp cold spell.

The U. S. bureau of mines had forecast a December daily demand for 2,230,000 barrels of Texas crude, the same as its estimate for November.

Advance nominations of oil purchasers had totaled 2,433,958 barrels daily, down 60,604 barrels from those for November.

The commission reported an increase of 1.15 pounds per square inch in the East Texas weighted average bottomhole pressure during October, when the field was on 17 producing days.

The new statewide oil hearings

See ALLOWABLE CUT Page 4

**Chairman Of Board Presented Title To Land, Buildings**

## Tech Given Deed To Project

Texas Teconological college was handed the deed Tuesday to 17,000 acres of land and 433 buildings formerly composing the Pan-Tex ordnance plant 17 miles north of Amarillo.

Charles C. Thompson, Colorado City, chairman of the Board of Directors, accepted the deed from officials of the General Services administration, formerly the War Assets Administration, acting on behalf of the federal government.

Tech has been operating the farm this year by virtue of a memorandum agreement handed down by the government last April. Valued by the GSA at $23,000,000, the deed to the property is an outright educational grant to the college and costs it nothing.

A meeting was held in Amarillo Monday between Dr. D. M. Wiggins, president of the college, officials of the GSA, and utility companies concerning the natural gas supply to the farm, now called the Pan Tech farms. Gas has formerly been furnished by the City Service Gas company of Borger, but will now be supplied by the Amarillo gas company, Dr. Wiggins said.

Entirely self-sustaining, the new college farm contains besides the 433 buildings, 9,698 acres of tillable soil and 4,346 acres of good grassland. Over 6,000 acres were put into wheat by the staff of 12 persons farming the land for Tech this year.

**Wheat Stored At Project**

Several million bushels of wheat are currently being stored in buildings on the farm by grain companies, bringing in an as yet untotaled amount of money to the college farm, the president said.

The farm is now being used and will continue to be used by the college for experimental work in the field of agriculture, Dr. Wiggins explained, with its work being coordinated with that undertaken on the college farm in Lubbock.

Current experiments include one in conjunction with Texas A and M. college concerning wheat poisoning to cattle, Dean W. L. Stangel of the agriculture division said. This research has been conducted by Tech for the past two years. A more recent experiment will seek to find a means of eradicating the bindweed, he said.

J. P. Smith, formerly of Lubbock and a graduate of Tech, is director of the Pan Tech farm, whose staff includes animal husbandrymen, custodians and farm workers.

**TOO MUCH IRON IN BLOOD**

## Lubbock Doctor Willing To Donate 'Washed' Blood Cells

Somewhere in Lubbock and vicinity is a person or persons in need of washed red blood cells.

These washed red blood cells will be given free to anyone in need of them, by a Lubbock osteopath who feels it's a shame to waste blood—namely his own blood.

The osteopath is Dr. G. G. Porter of 2806 Twenty-second, owner of the Porter clinic-hospital here.

He suffers from the same disease that resulted in the death of Harry Hopkins—hemochromatosis.

Dr. Porter considers himself very lucky inasmuch as the disease was discovered by a biopsy rather than an autopsy as in the case of the man who came to dinner which resulted in an indefinite stay at the White House. In other words, he's glad the disease was spotted while he was still alive.

Discovery of the disease came while Dr. Porter underwent a thorough examination in New Orleans at Oschner's Clinic from July 19 to Aug. 4.

He had been ill since last January and only upon the insistence of a Louisiana friend, did he enter the clinic that was described in last month's Coronet magazine as "The Mayo's of the South."

Although no positive cure has been found for the disease, Dr. Porter readily agreed to be the second patient to undergo the prescribed treatment of a noted New Orleans physician, Dr. William D. Davis, jr.

Dr. Davis told the Lubbock osteopath he had too much iron in his blood stream. If he didn't rid his body of the excess accumulation of iron, which had already entered the liver and was threatening other vital organs, the disease would develop into bronze diabetes.

The cure began Aug. 4. Since then Dr. Porter has had 23 pints of blood taken from his arm. After the red blood cells are removed from the blood, a like amount of plasma is pumped back into his system.

As in the case of the first patient, Dr. Porter is showing signs of improvement and expects to be back at his post at his hospital Dec. 1.

By February, the iron content in his body will be reduced by 60 per cent. Meanwhile, Dr. Porter must observe an iron-free diet and must submit to the removal of a pint of blood every five days. His blood type is Type A, RH positive.

Tuesday afternoon he had four pints of washed red blood cells to give away. If he can't find someone in need of them, he plans to forward the blood to a Dallas hospital.

### Funeral Services Held For Grassland Mother, Daughter

POST, Nov. 15. (Special)—Funeral services were held at the Central Baptist church at Grassland at 3 p. m. today for Mrs. W. A. King, 28, and her infant daughter. Burial was in Terrace cemetery here.

Mrs. King, a resident of the Grassland community for the past 10 years, died early Monday in an ambulance while enroute to a Lubbock hospital.

**FATHER GETS OK**

DENTON, Tex. (U.P.) — Inez Meaker 18, North Texas State College sophomore, is the second girl in the 39-year history of the industrial arts department to take a welding course. Her father was a welder, she explained.

## Dam Project May Face Tough Test

(Special To The Avalanche)

PLAINVIEW, Nov. 15. — Rep. George Mahon of the 19th Congressional district, highlighted the morning sessions today of the annual five-district meeting of the Texas Water and Sewer Works association by cautioning those present not to be too optimistic of the successful Senate passage of the proposed Canadian River Dam project.

The bill has already passed the House and is now before a Senate committee.

"While I am elated over the progress made in the House in the last session," Mahon said, "I would not be too sure of the bill's clear sailing in regard to Senate action and Presidential approval."

**Bill Must For Area**

More than 245 persons listened as the congressman described the bill as a "must" for this area.

Representatives from the five associations participating in the meeting included Floyd Johnston, Caprock; W. T. Bell of Childress, Green Belt; E. L. Killingsworth of Big Spring, Permian; E. S. Lowry of Pampa, Canadian; and H. P. Cobb of Amarillo, Panhandle.

A. Haneman, Lubbock, district sanitary engineer of the State Health department, served as program coordinator for the meeting.

Other speakers on the day-long meeting program's schedule included V. M. Ehlers of Austin, director of sanitary engineering for the State Department of Health, whose topic was "Water Conservation" and E. J. Umbenhauer, city engineer at El Paso and president of the State Water and Sewer association, whose topic was "The objectives of the Association."

**Demonstration Is Given**

Demonstrations were presented in the afternoon following a luncheon. N. B. McCullough, superintendent of the Lubbock city water and street department, and a service crew from that department presented a demonstration on making a six-inch tap in an eight-inch line under pressure.

Miss Oma Myree Johnson, technician of the City-County Department of Public Health, presented a demonstration on water bacteriological analysis technique, with L. D. Fletcher, sanitarian from the department, giving the explanation.

Mayor Winfield Holbrook of Plainview welcomed the group and Killingsworth responded.

A resolution was passed at the meeting to the effect that Gov. Shivers use his office to the end that the Water Laws Revision committee, now in operation, be invited to prepare equitable legislation in keeping with the economy and

See WATER Page 4

ANIMAL HUSBANDRY WOMEN—Three of the five women at Texas Tech majoring in animal husbandry combine their talents in the photo above. The girls are all currently enrolled in the Agriculture department at Tech, with the girls having only two female predecessors in the animal husbandry field at the college. Shown above, left to right, are Barbara Inman, Orange, Virginia Robertson, Andrews, and Dorothy Johnston, Pecos. (Staff Photo.)

## Rev. Frank Norris To Be Here Friday

The Rev. Dr. J. Frank Norris, of Fort Worth, internationally known preacher and revivalist, will speak in Lubbock Friday night at the Tabernacle Baptist church, 1501 Avenue N.

Doctor Norris, currently in Roswell, told the Avalanche-Journal over the telephone yesterday afternoon that his program here would have to start at 7 p.m. on Friday, due to the necessity of his getting back to Fort Worth early Saturday.

The widely known and quoted Fundamentalist said his subject would be: "The Coming Revival—Joe Stalin Notwithstanding." He reported his revival campaign in Roswell as highly successful.

Doctor Norris has spoken in Lubbock upon many previous occasions, in recent years most frequently at the Tabernacle Baptist church of which the Rev. Ben D. Johnson is pastor.

**PLANT DOES OVERTIME**

ENNIS, Tex. (U.P.) — Cereus watchers here lost a lot of sleep this summer and fall, what with Mrs. P. V. Mulkey's night-blooming plant coming up with 15 blossoms on nine nights. Normally, the plants bloom only once a year.

By KENNETH MAY
Avalanche Staff Writer

Time was when it was a man's world and the woman's place was in the home.

Now comes word from Texas Tech that five girls—girls, mind you—are majoring in animal husbandry. Going to go out and make veterinarians and rancher-ettes and tend to cattle and sheep and such.

Imagine that. First thing you know they'll be digging ditches and building skyscrapers. But even that won't be as bad as this. Girl veterinarians.

**Not Awed By Standing**

It doesn't seem to worry the five of them that they are surrounded by 795 men AH majors, either. Fact is, one kinda gets the idea they like the whole setup. Some classes there's only one of them and about thirty men in. Then there's others where they go "hawg wild" and two of them are in the same class.

As a group, the girls tell similar tales about life in the wide-open farm spaces and how they would some day like to own their own ranches like their fathers or friends before them.

"Gee, I think we have more fun now than any other co-eds on the campus. And just think of the fun we'll have after we start our own herds," declares Barbara Inman, a freshman from Orange.

**Study Not Easy**

Some folks might think that girl husbandrymen would be the star agriculture students, but the five at Tech pretty generally agree they deserve something like a Cloverleaf cluster for sticking to their courses—even if they do have so much fun. One of them reluctantly revealed she's barely squeezing by as far as cows—and grades—are concerned.

The five take the same course exactly as men AH majors and are

STUDIES TO BEGIN TODAY

# Cheese To Be Stressed On First Day Of Tech Dairy Short Course

Cottage and cheddar cheese will take the spotlight today as over 125 representatives from throughout the Midwest and Southwest assemble at Texas Technological course in dairy manufactures.

Registration wil begin officially at 8 a.m. in Room 228 of the Agriculture building, followed by a welcoming address from Dean W. L. Stangel at 9:15 a.m. and subsequent studies of the cottage and cheddar cheese industries.

A dinner will be given in the Hilton hotel at 7:30 p.m. today for all those taking part in the short course. The Bell Ice Cream and Milk company of Lubbock will be hosts.

**Method To Be Shown**

One of the highlights of the day will come at 10 a.m. when N. C. Angevine of the Meyer-Blanke company of St. Louis demonstrates the way in which his company manufactures cottage cheese from powdered skim milk prepared by a partial vaccum method. Usual method of powdering milk is by heat.

The story of vanilla will be presented earlier, at 9:30 a.m., by George Illes of the A. E. Illes company of Dallas, an address in which he will demonstrate how the consumer can get the best for his money when purchasing vanilla extract. An exhibit will be set up in the Aggie building demonstrating the way extract is obtained from vanilla beans, according to Dr. J. J. Willingham, acting head of the dairy manufactures department at Tech.

**Officials To Speak**

Harry Wilson of the Kraft Foods company in Chicago will also be on hand to give recent developments in cheddar cheese manufacture and ripening. W. A. Wentworth of the Borden company in New York City will discuss the dairy situation as a whole at 1 p.m.

The short course will continue through Friday, with other well-known personalities in the field of dairy manufactures attending. Included will be Dr. G. M. Trout of Michigan State college who will be largely concerned with cleanliness in processing plants and in producing homogenized milk.

Roy Conkey of the Diamond Alkali company in Dallas will present recent developments by his company in means of cleaning and sterilizing equipment in dairy plants and Dr. C. A. Abele of the Diversey corporation in Chicago will discuss control of coliform and thermoduric organisms.

**Future Program Given**

Tomorrow's sessions will be largely concerned with laboratory techniques and sterilization of plants, while Friday's program will move more into the best methods of processing milk in ice cream plants. Included will be a study into the means of getting the most out of flavors used in ice creams.

Members of the Tech DM faculty besides Willingham who will take part in the short course include L. G. Harmon, W. H. Tinney, J. T. Carwell, J. M. Reeves, and L. B. Smith. Koy Neely of the animal husbandry department will discuss the college's artificial breeding program as it relates to dairy manufactures in an address Thursday afternoon.

The King chatted with crew members and stayed for lunch in the course of his three-hour visit. (AP Wirephoto.)

# Drug Used Abroad To 'Cure' Alcoholism May Not Be On General Market In U. S.

BY PAUL F. ELLIS
United Press Staff Writer

NEW YORK, Nov. 15. — Antabuse, a drug widely used in some foreign countries to "cure" alcoholism, may never be available for the general public in America.

Reason? the drug sometimes kills the patient.

The most recently study of the drug in alcoholism comes from the Canadian Medical Association Journal, Montreal, which describes administration of the drug on 55 patients, 46 men and nine women.

Each patient, the report said, was given a "briefing" in presence of friends and relatives, and then was given four tablets by mouth. In addition, the patients were given five tablets to take when they were at home.

The home treatment included the taking of three tablets the following morning, two on the second morning and to report back to the institute of psychiatry, which conducted the study. Each patient was asked to bring his own liquor, for the challenging test. The patients were in groups of two to five patients.

Each was allowed to drink "at his usual rate," the report said.

Reaction was quick, coming "within two to fifteen minutes, or after 2 to 6 ounces of liquor, or before a quart of beer could be consumed." One patient, a diabetic, lost consciousness and almost died. The others also became ill.

In a followup study, the Canadian Journal reported, ten persons resumed their drinking. The drug, according to the report, has kept the others of falcohol.

On the debit side, the Journal reported that in another case a patient died after drinking one ounce of rum after he had taken the antabuse treatment. It was found that his heart had been damaged, apparently by the reaction.

The doctors seem to agree that an alcoholic should remain sober for at least two days before starting antabuse — and then under the closest observation.

"It would seem to be unsafe to administer this drug on an outpatient basis," the Canadian reports said.

In the United States, many physicians have feared that general distribution of the drug even by prescription might result in "leaks" and that some wives might attempt to use it on their husbands without doctor's instructions. Hence, it may continue on in the experimental stage only.

# Three Top Reds Purged By Poles

WARSAW, Poland, Nov. 15 (U.P.) —The Polish Communist party's central committee has booted out three of its most prominent members and banished them forever from party office for "Titoism."

An official communique today disclosed that the committee ousted former Vice-Premier Wladyslaw Gomulka and two associates for "nationalism" and "opportunism"—the same charges on which Marshal Tito of Yugoslavia was read out of the Cominform.

**Other Members Purged**

Purged with Gomulka were Marian Spychalski, construction minister and former first vice-minister of defense, and Senon Kliszko, vice-minister of justice.

Through the negligence of the three officials, the committee said, "hostile" agents had slipped into Polish government posts. In fact, the ouster of the trio from the central committee followed the removal of scores of "unreliables" from Polish government posts.

None of the three, however, was ousted from membership in the Communist party, although all were barred from holding any future office in a Communist party organ.

There was no indication whether they would be brought to trial. All three had been members of the central committee since its inception. Gomulka formerly was secretary-general of the party.

**Previous Trouble Cited**

Gomulka has been in trouble with the Communist party for 18 months. He first got into hot water in July 1948 for attempting to defend Tito after his expulsion from the Cominform.

Gomulka suggested at that time that Tito was right in handling the peasants in his own way, even though it did not conform with the Moscow prescription for collectivization.

Two months later, Gomulka was removed as Communist secretary general, but allowed to remain vice-premier after he recanted his support of Tito. Early this year, it was announced that he had been relieved of the vice-premiership at his own request. He was named to the state control commission.

Despite his downfall, his popularity in the country had increased immeasurably, even within Communist ranks, up until the Communist central committee meeting last week-end.

**LEARN DRIVING YOUNG**

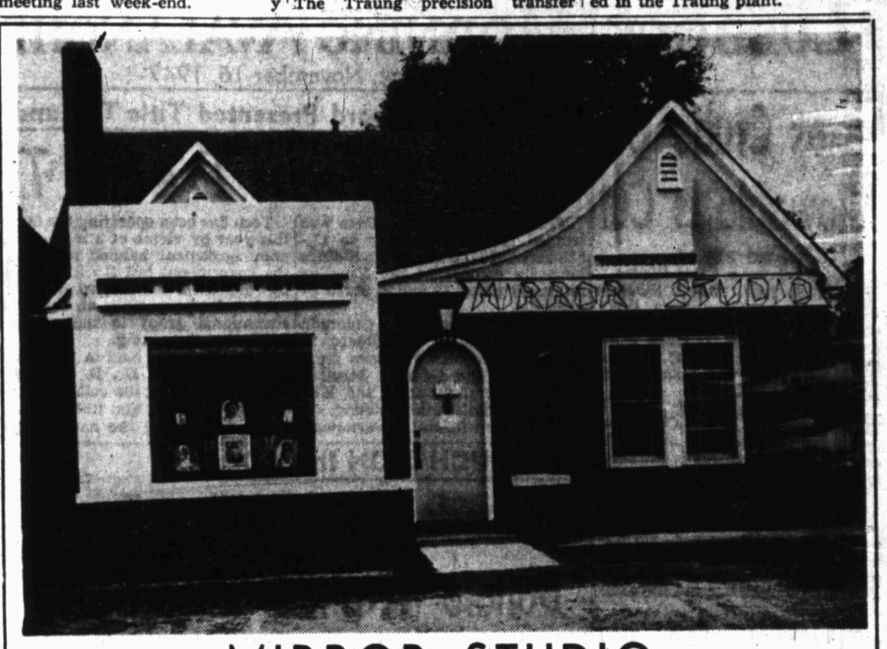

BOSTON (U.P.) — More than half of Massachusetts' 75,000 high school students received automobile driving instruction during the past year.

## Louis Traung, Widely-Known Lithographer, Sportsman, Dies

SAN FRANCISCO, Nov. 15. (AP) Louis Traung, 83, well known lithographer and sportsman, died today.

He was credited with conceiving the four-color off-set press. The Traung precision transfer press—a hydraulic device for making perfect press plates; and the world's first high speed, direct connected bronzer—to apply gold to paper or board—were perfected in the Traung plant.

the animal of economic importance has been domesticated for the past 2,000 years.

TAXING, SPENDING POLICY UPHELD

# Administration Leaders Defend Handling Of Government Budget

WASHINGTON, Nov. 15 (AP) — The government's taxing and spending policies have to take account of many factors other than just keeping outgo and income in balance, two of President Truman's top advisers said today.

Secretary of the Treasury Snyder said the nation's general economic welfare "should be the guiding principle in determining for any given period whether the federal budget should be balanced, should show a surplus or should show a deficit."

**Hearings To Start**

He added this also holds true in determining "the size of any surplus or deficit."

Similarly, Budget director Frank Pace, jr., said that budgets must be measured by long-range considerations and their effect on other policies rather than just dollar-and-cents arithmetic for a particular year.

Their statements were submitted to a Senate-House economic sub-committee which will start hearings tomorrow on government monetary credit and fiscal policies.

Both Snyder and Pace rejected the idea that any automatic guides could be formulated to determine when federal expenditures or taxes should rise or fall.

Snyder noted that a frequently mentioned possibility was a guide based on levels of national income. He commented: "It obviously is not possible to say that under all circumstances the budget should be balanced when the national income is at any particular level."

Because of the many "economic and social variants" which should determine the government's taxing and spending policies, he said, decisions must be made on the basis of economic developments as they occur.

He observed that he and Mr. Truman has stressed that "it is essential to reduce the public debt in years of prosperity, such as we have enjoyed since the end of the war."

Snyder said there no longer is a budget surplus "largely because of the tax reductions enacted by Congress in 1949 over the President's veto." He added that as a result the public debt "has been rising steadily in recent months.

Pace, who assists the President in preparing budget recommendations for submission to Congress, said that "no simple rule-of-thumb is adequate to determine over-all budgetary policy."

"Budget receipts and expenditures not only fluctuate with changes in the level of economic activity," he said, "but also are relatively uncontrollable for various other legal and technical reasons."

## Missing Denton Girls Return After Spending Night In Car

DENTON, Nov. 15 (AP) — Two girls in blue jeans who had been missing since they rode off on their horses last night, were found in Grapevine today.

The sheriff's department had sent out a searching party.

O. B. Collins, father of one of the girls, found them. They told him they had gotten lost and spent the night in a parked car in Grapevine.

The two are Mary Ruth Collins, 13, daughter of Mr. and Mrs. O. B. Collins, and Patsy Berry, 9, daughter of Mr. and Mrs. Jack Berry. They rode out from the Collins ranch near Roanoke.

NEW FLEET BOSS — Adm. John J. Ballentine, above, was named commander of the Sixth Task Fleet in the Mediterranean by his old classmate, Adm. Forrest P. Sherman, the new chief of naval operations. Ballentine, a veteran carrier officer and Pacific war hero, takes over the post recently vacated by Sherman.

## Quarter-Horse Fanciers Vote To Merge Three Organizations

OMAHA, Nov. 15 (AP) — Fanciers of the quarter-horse, the "all purpose Western saddle horse," have voted to merge three rival associations into a single big association.

In Omaha yesterday officers of the National Quarter Horse Breeders association canvassed votes from its membership and announced the group will join the American Quarter Horse association and the American Quarter Horse Racing association in forming one big unit of 15,000 members, known as the American Quarter Horse association.

Hereafter one registry or "stud book" will include all the 25,000 horses previously covered in the books of the three groups. National offices will be maintained at Amarillo.

The quarter horse is defined by ranchers of the West and South as an "all purpose Western saddle horse that can be used as a cutting horse, calf-roping horse, cow pony or a short distance race horse."

The final action in the consolidation will be taken next March when the American Quarter Horse association meets at Amarillo to vote to absorb the two retiring associations.

The National Geographic Society says wheat and vegetables mature in the short summers of eastern Siberia, where temperatures drop to 90 (cq) below zero in winter.

## Fred Farrell, 66, Pioneer Fort Worth Resident, Dies

FORT WORTH, Nov. 15. (AP) — Fred Farrell, 66, pioneer Fort Worth livestock man, died in a hospital here this morning after a three-week illness.

Widely known among Texas sheep men as a partner in the firm of Farrell & Johnson here, Farrell had been active in the livestock business since he moved here from Richardson in 1918. He was born in Plano.

Services will be held here Thursday.

## Investigators Clamp Down On Ship Probe

ACAPULCO, Mexico, Nov. 15 (U.P.) — Investigators today clamped a veil of secrecy over their inquiry into the mysterious wreck of the $3,000,000 luxury yacht Corsair, which ran aground near Acapulco harbor Saturday night.

Both port authorities and American Insurance company investigators checked statements of the yacht's 55 passengers and 77 crewmen, but said they could reveal "no evidence."

The sleek 2,700-ton former J. P. Morgan yacht lay heeled over at a 45-degree angle on its starboard side on the rock-strewn beach north of this famous Mexican seaside resort. The Corsair was beached to prevent its sinking after it scraped the La Cargada shoals, slashing gaping holes in its steel hull.

The Corsair was well up on the beach and in little danger of sinking or overturning completely.

Divers began working under the ship but neither port authorities nor the American underwriters would say whether they were patching the holes or starting salvage operations.

A seagoing tug was expected to arrive here today, possibly to tow the Corsair back to her home port of San Pedro, Cal.

Meanwhile, the ship's passengers began trying to make necessary arrangements to fly back to the United States. Some difficulty was anticipated because of the necessity of obtaining new interior ministry permits to leave the country.

What every party-line telephone user knows . . .

Every person with a party-line telephone at home knows at least three things about the service.

He knows the line must be shared fairly to be useful to everyone—just as a street is shared by those on it.

He knows he appreciates courtesy from others on the line—such as not interrupting, and recognizing his emergency needs for the line now and then.

He knows whether party-line service meets his needs. About half our customers have always preferred party-line service, even before the war, when they could have had individual lines.

Today, out of each four families with telephones, about three have party-line telephones and one of them has asked for a different type of service.

We'd like to be able to give it to them. We are working toward that, and are making some progress despite the continuing heavy demand for telephones from those still without any service.

We have on file thousands of requests for some other type of service. Wherever local conditions permit, we are meeting these requests, and are keeping a careful record of all requests, to act on at the first opportunity.

SESSION IS HELD AT POST

# District Methodists Approve Mission Projects In Japan

POST, Nov. 15. (Spl.)— Provision was made for the sending of a missionary couple to Japan and for funds for the re-establishment of a boys school in Nagasaki, Japan, at the annual meeting of the Lubbock district of the Methodist church here today.

In addition two men were licensed as minsters. They are Houston Dwight Townsen of Tahoka and Thomas Troy Beck of Lubbock.

The district conference voted $3,600 to send two missionaries to Japan and another $3,600 for rebuilding the Boys School in Nagasaki, which was distroyed in the second atomic bombing of Japan.

**Addition To Program**

The $7,200 voted Monday for foreign missions will be an addition to the financial programs of the 36 member churches of the conference, the Rev. Cecil Matthews, secretary of the conference and director of the Wesleyan Foundation at Tech, said.

The only church in the district that has maintained a foreign missionary to the present has been the First Methodist church of Lubbock, which has a missionary couple in India. The missionaries to Japan and the boys school will be maintained by a co-operative effort of the district.

Dr. J. O. Haymes, district superintendent, presided over the meeting which was attended by 275 pastors and delegates of the district. The Lubbock district is composed of Lubbock, Hockley, Garza, Cochran, Gaines, Yoakum, Terry and Lynn counties.

Chief speaker of the day was Rev. Marvin Boyd, superintendent of the Plainview district, who told the meeting that man should not destroy what God has made. Speaking on "What God Hath Joined Together, Let No Man Put Asunder", Rev. Boyd pointed out that God had joined man's intellect and emotions.

Other speakers were Dr. Harold Cook, president of McMurry college in Abilene and Dr. Robert Harrington, president of Samuel Houston college in Austin, a colored school maintained by the Methodists of Texas.

The closing sermon was delivered by Rev. Hubert Bratcher, pastor of the St. John's Methodist church in Lubbock.

**Several Talks Made**

Talks were also made by A. N. Gamble of Lubbock, district lay leader; Mrs. C. A. Ross of Lubbock, district president of the Women's Society of Christian Service; Rev. Jordan Grooms of Levelland, district director of evangelism; Rev. H. L. Thurston of Brownfield, district missionary secretary and Dr. C. A. Bickley, pastor of the Asbury Methodist church in Lubbock and representative of the Texas Mission home and Training school.

Rev. Matthews reported 915 additions to churches of the district since the annual Northwest Texas conference meeting June 1. Of that number 254 joined as new members and 661 transferred membership from other churches.

The average Sunday School attendence for the district showed an increase of 304 since the June 1 conference, with the present enrollment for the Sunday schools of the district totaling 10,456.

Largest figure of the contributions since June 1 was $63,796 for buildings and improvements, comprising about one-third of the total contributions for the period.

Rev. A. B. Cockrell, pastor of the Post Methodist church, was host pastor to the meeting and N. W. Stone was in charge as lay host. Women of the Post Women's Society of Christian Service served a barbecue dinner.

---

Before the beginninf of the Christian era, the chicken, peacock, rabbit and guinea fowl were demesticated European animals.

## Girls' Unusual Study

(Continued From Page One)

given no special considerations, according to R. C. Mowery, head of the department.

But the reasons the girls give for majoring in such a subject! For instance, Dorothy Johnston, a junior student from Pecos, declared, "Oh, my dad was a county agent and I just kinda got animals into my blood and never got them out." Now she's going to live with them for the rest of her life.

**Wanted Own Ranch**

Then there's Miss Inman, who says she originally intended to be come a cow doctor. "What I really want to do is have my own ranch stocked with Aberdeen-Angus cattle," she says. Her own ranch! Why doesn't she get fed up with sirloins and switch to something more feminine—like construction engineering maybe?

All of the girls talk about a cow or a goat just like most girls talk about the football captain or Van Johnson. Such expressions as "What heavenly eyes" and "He's so gentle" continually pop up in their conversations about Tech cattle.

Jacque (Jackie) Donnell, another junior from Eliasville, isn't content just to major in and talk about the subject, though. She's got to go and get herself three Herefords already. That's what a parent gets for raising a daughter on the farm where she doesn't have anything but cows for playmates, I reckon.

But Virginia Robertson, Andrews freshman, takes the proverbial cake for the reason for majoring in such a subject. "I don't know," she admits. You brighten a little before she adds, 'I reckon it's just because I've always liked horses and wanted to raise cattle." You've got to give her credit for her next remark, though. "I'll probably wind up being a housewife," she says.

Mrs. Pat Dean, Lubbock, the fifth woman AH student, couldn't be reached concerning the whys and wherefores of her major and future, but it really doesn't matter. The first four should be enough reason for a wholesale male revolt.

And are these five the first girl AH majors to go to Tech? That is wherein lies the only hope of a safe male future. Mowery says there have been two others—Patsy Jones of Fluvanna who graduated in 1948 and Camille Stevens of Poteet who finished last spring.

Both are now married.

## Baptist Book Store Manager Speaks At Brotherhood Meet

Thirty men attended a dinner meeting of the Myrtle Drive Baptist church Brotherhood held Tuesday night at the church parsonage on the Acuff highway.

Rev. Ira Harrison, manager of the Baptist Book store in Lubbock, spoke on "The Brotherhood and Its Responsibilities in the Community." Ralph Barton, president of the brotherhood, was toastmaster.

Dr. E. Lee McCormick, pastor of the church located in East Lubbock, said previous plans for a new church building were discussed. Work is scheduled to begin in March on a church to cost in excess of $25,000.

The dinner was prepared by Mrs. Jimmy Odom, Mrs. E. L. McCormick, Mrs. Henry Vangenault, Mrs. Ralph Barton and Mrs. T. H. Tipton.

FULL FORCE STILL IMPOSSIBLE

# Split Atoms Release Only Small Part Of Power, Scientist Claims

BY BOB CONSIDINE
INS Staff Correspondent

NEW YORK, Nov. 15.—Man's accelerated research into the mysteries of the atom was advanced another notch today when atomic scientist David L. Hill, of Vanderbilt university, announced that only one cracking atom in 500 breaks evenly and releases its full power.

The A-bombs which have been detonated to date, tremendous as they were, nonetheless released only a meager portion of their potential power, Hill and several scientists from Princeton agreed.

There is no known means of making them split equally, so as to derive from the broken nucleus the full force of its concentrated power.

**Physical Knowledge Extended**

"But we have extended physical knowledge to another frontier," the youthful, bespectacled Hill said. The former Manhattan project scientist gave full credit to the man under whom he worked at Princeton, before joining the faculty at Vanderbilt, Prof. John A. Wheeler.

"Our new knowledge has no industrial or military applications," he pointed out. "Thus we were able to pursue our studies in the open, and had the benefit of sharing and receiving knowledge without restrictions."

The fantastic calculations, which reached the conclusion of the 500-1 ratio, were made on the vast $750,000 "selective sequence electronic calculator" of the International Business Machines Corp.

**Machine Gives Answer**

More than 12 million calculating operations were completed in obtaining a step-by-step description of the process by which the uranium nucleus divides during a chain reaction.

The super-human calculator finished the job in 100 hours, and was put to work from 9:15 a.m. until 10 p.m. each working day.

"It gave us the answer on Oct. 12," Hill said. "Another day of discovery."

He added, wryly:

"If I had worked on the problem without the calculator, eight hours a day, it would have taken me just 150 years to reach the final conclusion."

## Vann Scores 12-Second One Round Knockout Over Stern

LONDON, Nov. 15. (INS) — A world's record for heavyweights was set tonight when British boxer Eddie Vann scored a 12-second one round knockout over George Stern.

Only one punch was thrown in the fight. A right to the jaw by Vann sent Stern down for the count.

Jack Dempsey kayoed Carl Morris in 14 seconds of the first round in 1918.

## Lamar Wants To Play In Junior Rose Bowl

BEAUMONT, Nov. 15. (AP)—Lamar college's undefeated and untied Cardinals expect to play in the Junior Rose Bowl at Pasadena, Calif., Dec. 10, Coach Stan Lambert said today.

"I think we can get the bid as the eastern representative if we finish our season undefeated," the coach said on returning from a visit to the West Coast.

"As the old saying goes, it doesn't cost but a nickle more to go first class," Lambert said. "We figure the Junior Rose Bowl is tops among post-season games for junior colleges, and we intend to ride lower berths to California."

He added if Lamar doesn't get the California bid, the Cards will probably play in one of the six other bowls they have been invited to or are being considered for.

The Redbirds started saving their pennies for the trip west today with a rough hour and a half scrimmage for the first of their two remaining games—John McNeese Saturday at Orange. Nov. 25 they wind up the regular season against Tyler.

## Scotties, Paris To Meet In Bi-District

DALLAS, Nov. 15. (AP)—Highland Park of Dallas will meet the Paris Wildcats in Paris at 2:30 p. m. Dec. 2 in their Class AA bi-district football game, Scot Coach Herman Morgan announced today.

Both teams already have cinched playoff berths, although each has one district game left to play. Highland Park plays Sulphur Springs here Friday and Paris plays Greenville Nov. 24.

The bi-district site was determined by the Texas Interscholastic League's five-year rule, since Paris played Highland Park in a bi-district game here in 1947. That rule applies only if two teams meet each other in the playoff twice within five years.

**STEELERS TO GET JUSTICE**

PHILADELPHIA, Nov. 15. (AP)—The Philadelphia Eagles said today they received draft rights to Robert Wilson, 210-pound University of Wisconsin center and end, in the deal with the Pittsburgh Steelers who got draft rights to North Carolina's Charlie Justice.

---

The dodo, a defensless clumsy bird found on Mauritius when the island was discovered early in the 16th century, was entirely exterminated by 1651, unable to cope with man's weapons or domesticated animals.

---

Austria has 4,884 elementary schools with a total enrollment of about 800,000.

## Allowable Cut

(Continued From Page One)

will be held at 9 a. m. Dec. 14 in Austin.

December daily allowables by districts, compared with those of Nov. 12:

1. Southwest Texas, 29,518, down 1,377 barrels daily.
2. Southwest Texas, 119,545, down, 16,348.
3. Gulf Coast, 380,315, down 38,785.
4. Southwest Texas, 192,164, down 20,456.
5. East Central Texas, 35,893, down 4,577.
6. East Texas (outside) 86,898, down 9,848.
6. East Texas field 236,904, down 36,374.
7-B. West Central Texas, 73,300, down 3,832.
7-C. West Central Texas, 55,905, down 4,684.
8. West Texas, 587,330, down 73,487.
9. North Texas, 180,913, down 8,476.
10. Panhandle, 116,185, down 23.

## Water Meeting

(Continued From Page One)

growth of the state for recreation, irrigation, processing, industrial and drinking water.

Other demonstrations given at the meeting this afternoon included: Pampa, laying of six-inch sewer lines with asphalt joints and installations of four-inch saddle; Lamesa, installing six-inch valve in six-inch line under service conditions; Matador, plugging hole in two-inch pipe; Amarillo, installation of three-four inch tap on two-inch cast iron line, using various fittings and making meter setting with box; Friona, collecting water samples in O. T. test; and Plainview, demonstration on pipe locator.

Floyd Johnston of Floydada was program chairman and R. K. Snethen and S. E. Bolles of Plainview had charge of local arrangements. P. H. Bryan of Plainview was general secretary.

FINANCING SERVICE IS SCORED

# General Motors Claimed Forcing Auto Dealers Into Subservience

By JOSEPH V. RAITI
INS Staff Correspondent

CHICAGO, Nov. 15.—Attorney General J. Howard McGrath charged today that General Motors has forced 15,000 independent auto dealers into subservience in operation of their own businesses.

McGrath said the dealers had been denied their independence through forced use of GMAC finance service as a condition of their auto franchises.

**Official Details Complaint.**

He detailed the complaint against the auto firm in a review of the government's outstanding anti-trust suits before the 16th annual meeting of the American Finance conference at Chicago.

The government official declared the nation's welfare depends on protection of the free and unrestrained movement of its commerce. He emphasized that the nation's commerce is not the private preserve of any self-appointed group.

McGrath said one of the government's major anti-trust suits involves a group of small loan companies at San Antonio, which are accused of fixing interest rates and assigning territories of operation to eliminate competition.

**Investment Firms Hit**

A third important anti-trust action he described is a suit against 17 New York investment firms charged with attempting to monopolize the nation's securities market.

McGrath asserted:

"The public is entitled to secure its finance in an unrestricted market. Those businessmen who desire to bring the advantages of cheaper financing to the borrower must be protected in their right to remain in business free from oppression of organized competitors."

Thomas W. Rogers, executive secretary of the AFC, reported the percentage of autos being sold on time payments is only half the pre-war level.

**Auto Time Buying Declines**

He told 700 members attending the opening session that approximately 25 to 30 per cent of the autos purchased are being bought on time payments.

Rogers also noted there are certain "unfortunate trends" which have made their appearance in the finance business during 1949. He criticized particularly the promises of "no down payments and umpty dumpty months to pay." Rogers said:

"It should be obvious that when loans are projected into a period too far ahead, they will not prove beneficial to either, the purchaser or the financing agency."

The executive secretary also said "pre-war patterns of experience" are returning to the financing industry and added that during recent months "fraud losses and skip accounts have been reappearing."

# Lubbock Lions Hear O. L. Slaton Chorus

An outstanding musical program was presented by O. L. Slaton Junior High school chorus under direction of Miss Imogene Webster at the noon meeting of Lions club in Hilton hotel Tuesday.

Showing their versatility, 74 boys and girls of the eighth and ninth grades sang selections ranging from the No. 1 song on the hit parade and barber shop sextet selections to religious hymns and folk songs.

**Members Are Listed**

Stanley Black, son of Mr. and Mrs. W. A. Black of 1717 Thirty-third, did a creditable job as master of ceremonies. Joanne Dean, daughter of Mr. and Mrs. J. C. Dean of 1926 Twenty-eighth, was piano accompanist.

Members of the barbershop sextet were Jimmy Crawford, Gene Zachary, Miles Bondurant, Jerry Collins, Bobby Gene Stewart, and Bob Parr.

**Guests Are Introduced**

Invocation at the luncheon meeting was asked by Elmer East. Dr. J. William Davis introduced the following guests: Miss Eleanor J. Ford of Chicago, special agent for Atchison, Topeka and Santa Fe railroad; R. L. Benson, Spur; John P. Andrews, Pittsburgh, Pa.; Dr. O. W. English and W. A. (Bill) Black, Lubbock; Sen. Kilmer B. Corbin, Lamesa; Bob Morgan, and Jimmie Wilson, Lubbock; Louis Williams, Dallas; Urban Leavitt, Plainview; Wararnt Officer Bill Renno, Reese Air Force Base; F. M. Mosley and Ray Greentree, Lubbock; and J. P. Nystel, Abernathy.

Lions President Groves Denman reported that the recent Lions Minstrels show would net a profit of $2,500 to $3,000.

Rev. David Zacharias was program chairman for the day. The boys and girls were brought to the hotel in a Texas New Mexico and Oklahoma Coaches bus.

Austria has 13 universities or institutions of university rank with a total enrollment of $35,000.

## Red Cross Emphasizes Need For Separate Fund Campaign

WASHINGTON, Nov. 15 (AP) — The Red Cross, setting a collection goal of $67 million for next year, has re-emphasized its requirement that all chapters hold fund-raising campaigns separate from other community drives.

The money is to carry on work in the fiscal year beginning next July 1. The campaign will start March 1.

At the same time the board of governors provided for limited Red Cross participation in instances where employers will permit only one annual solicitation for charity.

The dolphin, a marine mammal, is closely related to the whale.

CITY AND COUNTY

# One And The Same

MEMBERS of the County Commissioners' court apparently are beginning to realize with election time approaching that the City of Lubbock also is a part of the County of Lubbock—in fact, produces more than three-fourths of the taxes paid to the County.

This was evidenced by the joint conference the other day of members of the County and City commissions and the trustees of Lubbock Independent School district. The session, to discuss mutual problems, produced no definite action. It actually was little more than a "talk-fest" of a kind which should be held more frequently with benefit to all.

Most County commissions of the past have been accused of many discriminations against the City. They have been stingy about spending a penny for or inside the City which has supplied most of their operating revenue. They have been accused of discriminating against the City property owner in setting valuations at which property has been taxed. The fellow with a $10,000 home in the City has been taxed more heavily, it is charged, than the individual with a farm of equal value.

Members of the present commission profess with apparent sincerity, but somewhat belatedly, eagerness to be more generous in their treatment of the City and to adjust any existing tax inequities between urban and rural property.

That is what they should do, and should have been doing all along. It remains to be seen how their attitude may affect the County commission elections, including the County Judge as presiding officer of the commission, next summer. The decisive vote in those elections will be cast by City residents who will act in their own best interests if they see to it that the City of Lubbock has more representation on the next County commission.

# Aid To Sweden

BRUISES to U. S. senatorial dignity would be a poor excuse for refusing American aid to a needy and deserving nation. But, by offending members of a U. S. Senate Appropriations subcommittee, Sweden probably has imperiled its chances of continuing on Uncle Sam's relief list.

Nor is the Swedes' position likely to be improved by the apparent fact that the touring senators were justified in being offended by the cool, if not actual inhospitable reception accorded them when they visited Sweden—one of many nations on their itinerary—for a first-hand investigation of needs for continuing relief and the uses to which that help has been and will be put. The reception accorded the senatorial group, and the insulting outbursts in Sweden following its departure, do not accord with American ideas of hospitality or good taste.

However, an injury to senatorial dignity would not justify the discontinuance of help to a needy and deserving nation. But bruises of that kind will serve a proper and constructive purpose if they provide a closer study of whether the Swedes—and all other recipients of aid—actually are needy and deserving.

There may be serious question as to whether Sweden could qualify for continued handouts from Uncle Sam under either of these tests. The nation appears to be one of the most prosperous countries in the world. And a good many Americans find it difficult to forget that Sweden was a chief source of supply during the war for such essentials as the ball-bearings used in Nazi planes and other weapons.

It would be little on the part of the Senate, and of the nation, if they lack the stature to put aside affronts when they consider the distribution of the future relief funds.

But it will be their duty to reduce or cut-off entirely the help for nations which can get along without it. The conduct of the Swedes during and after the senatorial visit justifies suspicion that theirs may be such a nation, and that their inhospitality was inspired by uneasiness that the first-hand investigators might prove this to be true.

# One Minute Sermon

For the woman which hath an husband is bound by the law to her husband so long as he liveth; but if the husband be dead, she is loosed from the law of her husband. Romans 7:2.

I'll Confess—

# The Cameo

By VIRGINIA TEALE
Distributed By NEA, Inc.

(THE STORY: Martin Falter, a resident of the Doloresa art colony, has somehow come into possession of a valuable carnelian cameo. He visits a local collector, Hagar Blair, a gift shop proprietor and offers it for $12,000. Hagar cannot pay this, but Stephanie Smith, Hagar's assistant, is very anxious that Hagar obtain it. Later Falter calls on Arnold Pfieffer, a weaver, and shows him the cameo.)

* * *

III

ARNOLD PFIEFFER whistled. He turned the brooch over, fingering it gently. "What do you want me to do with it?" he asked Martin Falter.

"I want you to take it to a prospective buyer I have in San Francisco. Ask him for $12,000, but, if you have to, take ten. I'll get a power of attorney notarized tonight and bring it over. Now, let's see, I have his card somewhere . . ."

Arnold, his lips pursed worriedly, watched Martin's seach through his pockets. He gave a little cough:

"You know, Marty, you're asking me to take a lot of responsibility. I wish you'd take it up yourself."

"I can't leave town right now. And, anyway, I'd rather not deal with this man in person."

"Why not?"

"Oh, stop with the questions, Arnold—you fuss like an old woman. "Now here" he extended a card, "here's the man's name, address and phone number. I know I can depend on you to get me the best possible price."

Arnold frowned, evading Martin's eyes. He spoke hesitantly:

"Where—where did you get this pin, Marty?"

"Where d'you think I got it? I suppose you think I stole it? It's mine and I'm going to sell it. I hate people who try to pry."

Arnold compressed his mouth into a firm line:

"I'm not going to take it up to San Francisco. I just don't like the idea, that's all!"

Martin leaned back lazily. "That's tough, because you're going to. You'll do anything I ask, I think—this time or any other time."

Arnold starred at him: "What did you say, Martin?"

"You heard me. You owe me something of a debt, Arnold. Fortunately for your little bank balance, I've decided not to ask payment in money."

"I owe you a debt?" Arnold laughed nervously. "I'd say that statement was slightly cart-before-the-horse."

* * *

"WE'RE talking at cross-purposes." Martin tilted his chair and teetered back and forth. The coldness of his eyes belied his indolent attitude and drawling voice: "I feel that I've proved myself quite a friend of yours, quite a good friend, Arnold, by keeping certain things to myself."

Arnold's body went rigid. "Go on," he said.

"I will. Now the way I see it—you like it here in Dolorosa. You like the reputation you've built for yourself out West as a master weaver. You like the pilgrimages to your door by artists and sightseers. You'd hate to give it up and move away and begin again, wouldn't you?"

Arnold's face was white .

Martin laughed. "Oh, don't look so petrified. It all boils down to this—you take the cameo to San Francisco for me, and we'll forget all about Baltimore."

Color came back into Arnold's face, turning it a deep, purple-red. He jumped to his feet and sprang at Martin, raining futile blow on the bigger man's arms and chest. Martin struggled out of his chair, grabbed Arnold's shoulders and held him at arm's length:

"Now, now, Arnold," he panted. "Temper, temper!"

Arnold kicked at him, sobbing, then turned and sank into a chair and buried his face in his hands.

"You're despicable, Martin Falter!" he spat.

Martin shrugged. "But interesting," he amended. "At least no one could call me a milksop. Now, if you're over your little tantrum, I'll give you the cameo. Put it away somewhere while I go out and see about getting that power of attorney. I probably won't get back here until around 9 or 10 this evening." He paused in the doorway. "Try a little lavender salts, Arnold, they'll give your vapors no end of a lift." He laughed and was gone.

Arnold, his head buzzing, pushed back his chair and walked to the windows.

* * *

HIS thoughts centered on Martin, reviewing their friendship from its beginning on Dolorosa's sun-baked beach one summer afternoon about two years ago.

Martin had been one of his first acquaintances. He had met him informally on the beach only because Martin's cigaret lighter hadn't worked. Arnold had given him a match. They had gotten on well, and presently, Arnold had told Martin all about his work—his art weaving. Arnold had become almost garrulous. But he'd been careful not to discuss his past life, careful not to mention anything that might lead to questions about Baltimore.

All of that Martin had some-

See THE CAMEO Page 7

# Looking At Life -- By Erich Brandeis

WHY is it that so many people who are good talkers are such awful duds when they sit down to write a letter?

They ramble all over the sheet. Their sentences become involved. They seem to lose the faculty of thinking clearly and expressing themselves briefly and concisely.

BRANDEIS

Every month I receive hundreds of letters from my readers.

I welcome them, yea, I love them.

But the shorter they are the more attention I pay to them, the more effective their impact.

Yet, some of them contain as many as thirty-five and forty pages, and thus I must wade through a whole field of weeds to find one little flower. Sometimes not even that flower is there.

A long time ago an editor said to me; "Let sixteen words be the limit of any sentence. That is about all people can digest between breaths.

I have never verified his statement. I have never even counted the words in any of my sentences.

But writing, at least in my opinion, is simply talking on paper.

Just look over one of the next letters you have written. The moment you get out of breath the sentence is too long.

* * *

Brevity is part of wisdom. Busy people haven't time to dawdle. They have better things to do.

What applies to the writing of letters also goes for writing for publication.

Very often my readers inclose clippings with their letters. Little bits of wisdom, something that has inspired them. Invariably these bits are short, to the point.

* * *

JUST yesterday I attended a Toscanini concert. It was fine. I liked it. It lifted me up and touched my heart.

Then this morning, comes a write-up in my paper.

Here is ONE sentence from the music critic:

"His unswerving musical integrity, his undeviating adherence to the letter of the score, the incredible incandescence of his temperament linked with his ability to obtain the most exquisitely adjusted balances even in the most complicated, heavily orchestrated passages, the tremendous rhythmic impact, or the equally impressive rhythmic delicacy he commands are still among the attributes which keep his artistry matchless."

There are several more sentences like it. Apparently the guy swallowed his dictionary and it didn't agree with him.

If you want to get a real lesson in how to write perfectly— or how to express yourself perfectly—read the Sermon on the Mount. Read the Gettysburg Address.

Take the time to be brief! It takes time to cook a pot roast. It takes time to boil thoughts down to digestible consistency.

Some years ago Ray Long,

ON A-BOMB CONTROL

# No Agreement Seen

By RAY TUCKER
Special Correspondent

WASHINGTON: Symptomatic, perhaps, of problems which worry the average American as well as the world's statesmen, most questions this week concerned the possibility of outlawing of the atomic bomb and a prospective increase in Social Security payments for folks past sixty-five.

Security, national and individual, seems to be today's most persistent and gnawing problem.

TUCKER

"Do President Truman and our military experts," asks W. N. D. of Houston, "still believe that an agreement with Russia to outlaw the A-bomb is an impossibility? Or do they still subscribe to Mr. Truman's idea that 'Stalin is a good fellow'?"

* * *

**INSPECTION:** Answer: Although Mr. Truman recently reiterated that we still stand on the Baruch-Acheson atomic control plan, he did it only for diplomatic reasons. There is no longer any belief here that Moscow will agree to the terms of that proposal, and the explanation is obvious.

The proposal provides for ownership of all atomic plants and processes, except mines, by an international organization. It also declares that the A-bomb shall never be used in war. To make such control effective, it contemplates periodic inspection of every nation's atomic setup by agents of the international commission.

Russia will agree to the general scheme, but she never will accept any inspection.

* * *

**OUTPUT:** The alternative to a rigid program of international control, of course, is a race to build the largest stockpile of bombs. In such a contest, the United States, Britain and Canada will have clear advantages in know-how and supplies of uranium.

Military and industrial experts note one aspect of Russia's possession of the atomic secret which is generally missed. Even though Moscow knows how to make the missle, it may not be able to manufacture it as efficiently or as fast as we can. Just as her automobiles are second-rate in comparison with ours, so her eventual output of A-bombs may be inferior.

There is, so western statemen pray, the hope that both sides' stock-piling of this awful weapon may produce a stalemate. That is, no shooting war or no dropping of the A-bomb unless the other fellow does. That may be a slim hope, but it served to prevent the use of hideous gases and bacteriological germs in World War II.

* * *

**PROGRESS:** "Has Russia made any material progress in an economic way," inquires O. O. H. of Tulsa, "and has there been any substantial betterment in living conditions for the common man? Or does it take all she produces beyond bare subsistence for the masses to support the commissar bureaucratic snoopers and her vast military establishments?"

Answer: I understand that conditions have improved slightly since the time of the czars, but not enough to brag about. The same poverty and brutality that prevailed under the Romanoffs still exist and there is even less personal freedom under the Marxist state than there was under royal rule.

The Soviet has deliberately neglected production of consumers' goods to industrialize the country under the successive five-year plans and, of course, there could be no general manufacture during the war. Material improvement for the masses is still only "pie in the sky."

* * *

**SECURITY:** "Do you think," asks O. F. J. of Bristol, Conn., "that increasing the Social Security benefits will be acted on in 1950? How much of an increase will there be? If doubled, then perhaps we could live on it by being very careful."

Answer: I believe that the January session of Congress will increase these benefits, virtually doubling them. There are reasons why Congress will act favorably.

Os I wrote in a recent column, the winning of pensions from various industries by the CIO and John L. Lewis's United Mine Workers will intensify pressure by unpensioned workers for more generous government payments. I doubt if the legislators will be able to withstand this pressure, especially in a year in which every member of the House and one-third of the Senate must face an electorate in which the number of old folks is growing every day.

* * *

**PAYMENTS:** "We are over sixty-five," explains B. C. of New London, Conn. "My wife is sick, I earn not more than $100 a month on a job not covered by Social Security, and receive $40 a month from S. S. Do I lose this $40 if the place where I work comes under Social Security next year?

Answer: Yes. Anybody working for an insured firm loses his current benefits.

Although past sixty-five, J. R. W. of St. Thomas, Pa., wants to know whether he should apply for old-age benefits, despite the fact that he is still working.

Answer: Yes, if only to clarify your status. You cannot receive payments if you work for a company covered by federal insurance. However, money is not paid automatically when one reaches sixty-five. It should be applied for, as the Social Security Board makes only three months' back payments from the date that a claim is filed. Many have lost by not sending in their application at sixty-five, if they are otherwise qualified.

---

Famous last words: "The police are looking for a hitch-hiker who was given a lift by the driver of the missing car."

---

A press agent is a man who tries to make a politician look like a statesman.

---

Another good thing that will help character growth is to give it frequent exercising.

---

Another problem is in keeping a calm political discussion calm.

# Down Memory Lane

(Taken From The Files Of The Lubbock Morning Avalanche, Nov. 16, 1929.)

The budget to be raised in Lubbock's first annual Community Chest campaign from Dec. 3 to Dec. 6 has been definitely fixed at $30,000 by the budget committee in conference with the Board of Directors, it was announced yesterday by E. L. Klett, president of the board.

The needs of the six organizations participating in the chest have been carefully considered by the budget committee consisting of Dean A. H. Leidigh, chairman, Bob Moxley, and N. L. Peters. The organizations included in the Community Chest are: American Red Cross, Salvation Army, Y.M.C.A., Boy Scouts, and Camp Fire Girls.

Believe It Or Not -

FROM GOVERNMENT WORKERS

# Capital Gamblers Rake In Money

By DOUGLAS LARSEN
Special Correspondent

WASHINGTON — (NEA) — A special investigation of crime conditions and rackets in the District of Columbia has been ordered by Congress. One of the things this probe is expected to go into is the widespread, organized gambling that goes on in government buildings. Every Friday afternoon in the fall work practically stops while government employes try to pick their selections for the next day's football pool. Two or three syndicates operate these pools. Every weekend the gamblers' take on the football pool alone is estimated to be more than $20,000.

All year long the numbers racket and horse betting flourish. Government officials ignore the situation and many top executives themselves play the ponies regularly with the bookies in the buildings. Most of the syndicates' agents are government employes, messengers and janitors. They use the government telephones to call in bets as they get them.

* * *

**Take Is Heavy**

In the Pentagon there is competition among the agents for the business. The only time officials take action is when the gamblers fight among themselves. Local police are handicapped in trying to stop this activity because their jurisdiction in a federal building is vague. And most local building guards have no instructions to stop gambling.

Total yearly take from U. S. buildings here is estimated at being over $5,000,000.

* * *

SENATOR TAFT has turned up with what his staff claims is a brand-new campaign gimmick on his current stumping of Ohio, in preparation for next year's election. He makes it his business to wind up every luncheon and supper meeting in the kitchen, congratulating the cook. Then there usually follows a bull session with the Ohio senator doing some good for himself, it is reported.

Senator Taft's supporters claim that his strategy of going direct to the people, more than a year before the election to discuss issues, has paid off. His opponents said he was jumping the gun, that he would lose his steam before the crucial campaign. That still might happen. But as of now the Taft camp is saying that the early start, showing Taft's wide popularity, has discouraged the candidates who were considering opposing him. They say the opposition is now left without a top-flight opponent for him.

Also, the first loud claims of labor groups about what they would do to Taft are being carefully modified. It is reported that the Ohio labor organizations demanded that the national labor leaders who moved in to run the anti-Taft show go back home or soft-pedal their approach. Local labor leaders don't want to be left too far out on a limb on the good chance that Taft might win.

**Patching Up Differences**

White House assistants are trying hard to patch up the differences between the President and New Mexico Sen. Clinton Anderson which arose over the Brannan plan. Senator Anderson for years was the administration's farm policy maker. He broke with the President by opposing the Brannan plan during the last session of Congress. Harsh words were exchanged between them. The situation is ticklish because Senator Anderson and Senate majority leader Scott Lucas see eye to eye on the plan.

What the White House wants at least is a trial run for a couple of commodities under the plan. But Lucas and Anderson want no part of it. It has gone so far, bets are now being made as to whether or not the plan will ever be heard of again, let alone be given a trial.

* * *

AN American firm has just bought 2000 tons of armor-plate from the German battleship Tirpitz, which was sunk in a northern Norway fjord during the war. The Norwegian salvage company which is dismantling the dead warship estimates that the whole job of taking the ship apart will take four years.

* * *

Veteran's Administration insurance officials report that the hundreds of thousands of veterans who either did not put a serial number on their GI insurance divided application card, or put more than one, have nothing to worry about. A vet had more than one serial if he rose from enlisted man to officer.

The serial number determines how soon a man gets his dividend check. In the case of no serial number being put on the card, VA has gotten it from the records. In the case of more than one, VA will add them together and determine mailing priority from the total.

---

With Marshall Plan funds, the Lille Institute of Cancer and other French medical laboratories have been able to purchase Autotechnicons, at $2,000 each, which process tissues for pathology tests, to diagnose cancer, doing in two days what formerly required eight days of hand processing.

RED TAPE TO BE BRUSHED ASIDE

# Board Orders Action To Reduce Fire Danger In State Hospitals

BY DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Nov. 15.—Cut the red tape to do away with fire danger in state hospitals.

That was the directive today of the state board for state hospitals and special schools, which also moved to double the patient capacity of the East Texas tuberculosis hospital.

The board asked its executive staff to report on what could be done immediately to build fire escapes and otherwise protect patients in buildings now wide open to fire danger.

**Special Session Slated**

While the hospital board was winding up a two-day session, Gov. Allan Shivers said he thought the legislature could find an answer to the state eleemosynary institution's needs in a 30-day session. He has called a special session for January, primarily to take care of the hospitals and special schools.

The hospital board's various surveys of needs will be completed in December. Chairman Claud Gilmer said a crew of engineers, architects and others will then go to work to bring it all to a head. Gilmer said he wanted to be ready to go before the legislature with concrete proposals and full cot estimates.

As part of its emergency program to meet more immediate and pressing needs, the board authorized spending $20,000 at the tuberculosis hospital at Tyler. By building a new kitchen and reception ward, bed space for an additional 250 patients can be used. These would be whites. The hospital now has space for 250 negro patients.

BOWING IN — Elizabeth Taylor, 17-year-old film actress smilingly adjusts the bow tie of her escort, actor Montgomery Clift as they arrive for a Hollywood premiere.

"Stripping" was begun at the Hibbing, Minn., open-pit iron mine in 1895.

editor of Cosmopolitan, cabled Irving Cobb, then in Paris: "Must have a three thousand word short story immediately. Wire copy by next week."

Cobb cabled back: "Haven't time to write three thousand word story. Will send ten thousand words."

## James E. Day, 63, Official Of Port Arthur News, Dies

PORT ARTHUR, Nov. 15 (AP)—James E. Day, 63, general manager of the Port Arthur News, died this afternoon of a heart ailment.

He was stricken Monday.

Day took charge of the News for the Marsh-Fentress organization in 1920. Previously his newspaper experience had been in Iowa, where he was city editor of the Des Moines News.

His first Texas assignment was as editor and manager of the Beaumont Journal in 1919.

He was active in civic affairs and served as president of the chamber of commerce and Rotary club here.

Survivors include his wife, Mrs. Jessie Everett Day, whom he married in 1910.

The citron is one of the oldest citrus fruits known to man, and is mentioned in the early part of the Bible.

## The Cameo

(Continued From Editorial Page.

how stumbled upon by himself.

Arnold cringed as he stood at the window. Baltimore! That dreadful scandal.

He turned from the window and paced the room. He stopped once and fitted a cigaret into his holder. What Martin Falter had just said to him amounted to blackmail! Blackmail from a man he'd thought of as a friend!

Arnold suddenly despised himself for a fool. A naive fool, for confiding in Martin, making an intimate of him. And asking nothing, nothing whatsoever in return.

They had spent a good deal of time together until Martin had got mixed up with that O'Neill woman.

Blowsy, obvious creature! Nell O'Neill had money, of course, and that would appeal to Marty. And he didn't even care that Nell's purse was filled by Tom, her good-natured husband.

Martin's financial graph was a familiar one to Arnold. Way up and then, way down. During his prosperous interludes, he would make vague and airy references to having "disposed of a picture." Though why, thought Arnold, anyone would pay money for one of Falter's pictures was a folly beyond understanding.

Up to now, he had considered that if Martin wanted to pose as an artist and loaf out his days in Dolorosa, it was nobody's business—was, in fact, rather amusing. But today's events had thrown a different light on the matter.

He got up restlessly and walked over to the steel cabinet where he had locked up the cameo. He unlocked the drawer, took out the silver box and opened it. He stared for a long while at the small, winking diamonds, the smooth, pale luster of the pearls and the exquisitely carved weeping woman on the carnelian.

* * *

HE gave a nervous start as the knocker on his front door clacked a staccato summons. He hastily closed the cameo box, put it back in the drawer and locked the cabinet. It might be Martin returning—maybe to tell him he needn't take the cameo to San Francisco after all!

He made for the hall, paused, then tiptoed swiftly down to the front door. Stealthily, he opened the Judas window a crack and peered out. Standing on his doorstep, big and brash as ever, was Nell O'Neill!

"Let me in, Arnold!" She rattled the knob rudely. "Hurry up!"

Arnold slammed the window—he'd opened it too far Nell had seen him! If he didn't let her in, would she bang on the door or cause some other kind of disturbance? Undoubtedly, she would. He released the lock.

Nell brushed past him and swept down the hall and into the studio. Arnold trotted after her.

She took a brisk look around. Where is he?"

"Who?"

"Don't be stupid! Martin Falter. I saw him come in here!"

"You should have kept your eye to the knot-hole—you'd have seen him leave."

"Did he say where he was go-ing?"

"I didn't ask him. It was none of my business."

Nell gave him a scathing look. "Got a cigaret, little man?" She sank into one of the maple chairs.

**PROSPECTIVE JURORS REMOVED**

# Attorneys Continue Juggling For Jurors In Bridges Perjury Trial

BY CONSTANCE HITCHCOCK
INS Staff Correspondent

SAN FRANCISCO, Nov. 15.—Two prospective jurors who admitted labor union associations were removed today from the jury box in the Harry Bridges perjury and conspiracy trial.

The CIO longshore boss is accused of attempting to defraud the government by concealing his membership in the Communist party and lying under oath when asked if he had ever been a Communist.

Both sides in the case, which promises to produce plenty of fireworks before it is through, have used one of their peremptory challenges.

**Electrician Ruled Out**

The government removed George Carroll of San Mateo, Calif., an electrician who said he was a friend of several members of Bridges' longshore union.

The defense in turn challenged Gilbert Vandewater. Vandewater testified he was a clerk for the American President lines and had at one-time been a member of the AFL sailors union of the Pacific, headed by Harry Lundeberg, a long-standing Bridges rival.

His place was taken by a young Harvard-trained negro social worker, Seton Manning, of San Francisco. Robert MacMillan, who is questioning all the jurors for the prosecution, asked that Manning be removed for cause.

**Peremptory Challenge Needed**

Federal Judge George B. Harris ruled, however, that Manning could not be removed except by peremptory challenge which the government was expected to employ tomorrow.

Manning was the first prospective juror questioned by Judge Harris to admit having expressed an opinion in the case. He insisted, however, that he would not be influenced by what he had read. When asked what that opinion was Manning replied:

"When this case was brought up I said it seemed strange for a man to be put in jeopardy three times on the same offense but I said I'd have to reserve opinion until I knew all the facts."

MacMillan objected furiously, saying that the government's first two attempts to deport Bridges had been civil actions.

Manning, executive secretary for the urban league which he said works to protect the rights of negros and other minorities, graduated from Harvard and took a masters degree in sociology at Boston college.

Tension in the ornately decorated federal court room where Bridges and two of his aides are on trial heightened when one venireman testified he was a member of the AFL warehousemen's union.

The organization is a bitter rival of Bridges' international longshoremen and warehousemen.

The venireman, Robert L. Coffman, also testified that a son-in-law was a member of the AFL sailors union of the Pacific.

Coffman's admissions caused Defense Attorney Vincent Hallinan to cite once more the names of two powerful AFL chieftans, both bitter foes of the 48-year-old Australian-born labor leader on trial.

They were Harry Lundeberg, president of the seamen, and Dave Beck, whose AFL teamsters chartered the warehousemen.

Yesterday, Hallinan was rebuked by Federal Judge George B. Harris when the attorney charged Beck and Lundeberg were "guilty of atrocious conduct bearing on this case."

Coffman, however, insisted that his union relationships would not affect his judgement and he was tentatively seated. Three veniremen have been excuse for cause but neither side has used any of its peremptory challenges as yet. The defense is allowed ten and the prosecution six.

**INFANT DEATH VICTIM**

SHREVEPORT, Nov. 15. (AP)—Eighteen-months-old Gerald Judston Steed died today after undergoing an operation to remove a peanut shell lodged in his windpipe. He was the son of Mr. and Mrs. Gerald J. Steed of Ruston, La. The hull was removed but the boy died a short time after the operation.

READY TO ROLL — Fifteen-month-old Mike Gallucci, jr., of Syracuse, N. Y., takes roller skating in his stride (left) and doesn't mind occasional spills (center) but he doesn't like it (right) when mother takes the skates at bedtime.

**CONDITION STILL SERIOUS**

SEMINOLE, Nov. 15. (Spl.)—The condition of nine-year-old Leon Wilson, whose spinal column was cut last week by a bullet, remained serious but satisfactory, attending physicians reported late tonight from the Gaines clinic-hospital here.

**IF YOU CAN'T GAIN WEIGHT**

• If you are skinny, thin, underweight, due to no organic cause, read these facts.

To help you gain weight—nature usually requires two things. One—a good hearty appetite. Second—better digestion to change food into flesh. Thousands who recognize these medical facts have tried a great medicine—developed by a doctor—often with amazing results.

It's Dr. Pierce's Golden Medical Discovery. Instantly, it starts its wonderful tonic action. First, makes you really want to eat. Second, helps you get more good out of food . . . turns it into pounds of added flesh. So if you are underweight this way, get Dr. Pierce's Golden Medical Discovery at your druggists today. Tablets only 50¢, liquid $1.00.

**Texans Know How To Handle Reds, Connally Tells Group**

HOUSTON, Nov. 15. (AP)—Sen. Tom Connally (D-Tex) says Texans know how to handle Communists.

The chairman of the Senate Foreign Relations committee last night told a group of the nation's top businessmen that Texas is the safest place on the globe in which to invest money.

He spoke at a dinner given for directors and officials of the National Biscuit company, which tomorrow formally opens a $7 million plant here.

Connally said there is not going to be any war in the foreseeable future.

"And there is not going to be any Communism in this country or in Texas," he added.

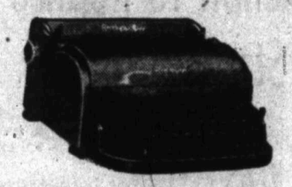

"We know how to handle Communists in Texas," he said. "We knew how to handle them in frontier days. We knew how to handle at San Jacinto those who have enslaved our people - and exploited our resources."

Justices use a private basement entrance to the Supreme Court Building in Washington.

**RELIEVE ITCHING**

LUBBOCK MORNING AVALANCHE

Lubbock, Texas, Wednesday, November 16, 1949

WAGON TRAIN SCOUT HONORED

# Dedication Of Senior High Mural Of Early West Scheduled Today

By OPAL DIXON
Avalanche Staff Writer

Dedication of a large mural in the '49'er theme, given to Senior High school by the 1949 graduation class, will take place in a school assembly to be conducted at 11:30 o'clock this morning in the school cafeteria.

The mural, which has been mounted on the northern wall of the school cafeteria which is to be opened in about two weeks, shows in the foreground a "Westerner," a scout for a wagon train, mounted on a horse. The scout is shown looking back at the wagon train.

Looking ahead in its plans for a school gift, the class had the mural painted in order that it would be ready upon opening of the new school cafeteria.

Floyd Honey, principal of the high school, will receive the gift on behalf of the school. The presentation will be made by a representative of the class.

All of last year's graduating students are invited to be present for the dedication service, it was announced Monday by Frank Poyner, president of last year's class; Nancy Davis, who was secretary, and Bettye Armstrong, who was chairman of the mural committee.

The mural was painted by Harold Gore of Lubbock. Following the assembly, time will be allowed for all students to go to the school cafeteria to see the mural.

Plans for the cafeteria have been announced by Miss Dora Nell Carroll, director of cafeterias in the public schools.

Kitchen equipment will consist of the following units: Vegetable preparation, cook's pastry, salad and sandwich units, two dishwashing rooms and the cafeteria counter. Of stainless steel fabrication, the cafeteria equipment is comparable to other school cafeterias. Equipment has been standardized in all school cafeterias.

**Provide Four Lines**

Counters are in "U" shape and provide for four cafeteria lines. Three of the lines will have access to a complete selection of food and one line will be a supplementary line for students who wish to supplement their lunch brought from home.

The complete lines will have selection of soup, plate lunch, sandwiches, desserts, salads, milk and ice cream.

By being arranged in four lines, students can be served at the rate of about 56 per minute. The seating capacity at the beginning will be 500, but the dining room will seat approximately 600 if extra seating capacity is needed, the director said.

**A Master Kitchen**

The Senior High cafeteria kitchen will be a master kitchen. Soon after opening, it will prepare food for two elementary schools.

Miss Helen Priebe will be manager. She was graduated from Texas Technological college in 1940 and worked as a dietitian at Lubbock Memorial hospital and later at Harris Memorial hospital in Fort Worth, served in the Navy two years, and since that time has been head dietitian at Lubbock Memorial hospital. She has been working at J. T. Hutchinson Junior High school cafeteria since September.

Fifty per cent of the personnel will be employes who worked in cafeterias in a master kitchen last year. Most of the other employes are receiving training. Four student employes are being trained as cashiers.

## Program For Underprivileged Children Explained To Kiwanis

"National Kid's Day," a program to raise funds for underprivileged children, was explained to the Hub City Kiwanis club Tuesday at their regular weekly meeting by member Burritt S. Mills.

Mills, who has seen the program developed in 167 Kiwanis clubs throughout the nation, told the members of some of the unique methods he has seen employed in the observance of the day. A Kiwanis-sponsored program in line with a general policy of child welfare, a "National Kid's Day" program is being considered by the club.

Newell Baldwin introduced Mills. Jason O. Gordon, president, appointed a committee, headed by Paul McLain, to nominate candidates for an election of officers to be held Nov. 29.

He also announced a meeting of the board of directors for noon today at the Lubbock hotel. The Rev. Claude Canterbury gave the invocation.

## RAIL OFFICIAL DIES

ST. LOUIS, Nov. 15. (AP)—James E. Payne, 49, vice president in charge of traffic of the Frisco railway, died unexpectedly at his home last night. He was playing cards when he suddenly collapsed and died from causes not yet determined. His health had been failing for some time.

More Practical Gifts Noted In Early Purchases

# Christmas Buying Is Underway

A survey of Lubbock's department and jewelry stores indicates Hub City residents are already getting ready for Santa Claus' scheduled stop here Dec. 25.

Merchants say his sled will be packed with more practical surprises than in years previous.

Instead of lounging pajamas, which were very popular last year, milady will find ever-wearing nightgowns tucked into her stocking after Santa has scooted down the chimney.

Watches and electric mixers will be seen around many Christmas trees in Lubbock homes this year in place of cigaret lighters and compacts, which were abundant last year.

Wearing apparel and ties that can be worn have undergone considerable gift wrapping the last two weeks, according to the twine twisting specialists who have had to limber up their tying fingers a couple of weeks early this year.

Reason for the more practical gifts, according to clerks, is that there are more lines of merchandise from which to select this year than previously.

Clerks also say buyers are more choosy this year but don't mind paying a little more for quality goods. Many expensive watches are in layaway departments of jewelery stores.

As one jewelry salesman put it, "people had rather take their time, select what they want and pay for it early this year."

Merchants and commission conscious sales clerks are happy with the early buying.

"Usually, our Christmas sales don't come until after Thanksgiving," said one store manager, "but this year, the buying season is already two weeks old."

However, several store managers said they had noticed no appreciable trend for early gift buying yet.

Influx of Air Force personnel, population increase and later crops have been attributed as factors for the early buying trend.

One manager said Air Force personnel are buying

See CHRISTMAS BUYING Page 6

## Short Legislative Session Expected

AUSTIN, Nov. 15. (AP)— Gov. Allan Shivers said today he sees no reason why the special session of the Legislature in January should last more than 30 days.

He said he had not decided on the exact date of the call but imagined it would be "along the last part of January."

"I think it ought to finish in 30 days. I see no reason why it shouldn't. Everyone is familiar with the problem," he said.

The problem is to provide for needs of the state's eleemosynary institutions and find a source of revenue to cover the costs.

The governor gave his views on the session at a press conference.

"I've made a lot of speeches over the state and in every one have mentioned the deplorable condition in state hospitals," he said, adding:

"I have found a lot of enthusiasm on the part of the people all over the state. They want something done to correct the situation. I think the Legislature will want to get it over with in a hurry.

Gov. Shivers said he plans to go deer hunting this afternoon and tomorrow in Comal county and to attend the Southern Governor's conference in Biloxi, Miss., Nov. 20, 21 and 22.

## 4. Employment

### d-Agents-Salesmen

**CAN YOU STAND PROSPERITY?**

We would have no opening in our organization were it not that a number of representatives who came to us from other fields are not used to cash earnings of $600 to $1200 monthly. They have to take time off to spend the surplus. We would like to interview a few sober, industrious salesmen with family income. To those selected, we can offer unlimited immediate earnings and an opportunity for executive responsibilities.

Write Box No. 32, Avalanche

DOCUMENT BELIEVED UNTOUCHED

# 'Secret' Memo Planted By FBI Revealed In New Coplon Trial

NEW YORK, Nov. 15. (AP)—An FBI man told today of planting a phony "secret" memo, designed to fool Soviet agents, if it fell into their hands, in a Justice department office where Judith Coplon would have access to it.

But Agent Robert J. Lamphere said he had no reason to believe that Miss Coplon, convicted on one spy charge and facing trial on another, ever took any information from the memo and sent it to the Russians.

Lamphere was one of a series of FBI witnesses called in a federal court hearing by which Miss Coplon's lawyer is trying to prevent her being tried for conspiracy to spy with Soviet Engineer Valentin Gubitchev.

**Document Signed 'J. H.'**

Lamphere said the planted document was signed "J. H."—the initials of J. Edgar Hoover—and contained a reference to a device known as a "geophone," an instrument for measuring the intensity of blasts.

The agent said he prepared it, getting some of his information from the Atomic Energy commission, last Jan. 7 at a time when the FBI was closely watching Miss Copion because of New York meeting with Gubitchev.

Her attorney, questioning witnesses, sought to show that these meetings were not dictated by spy plotting, but by the romantic feelings Miss Coplon said she had for Gubitchev until she learned he was married.

**Agent Denies Claim**

But Agent Robert Granville, who arrested the pair here last March 4, insisted that their New York encounters looked like "espionage meetings."

Palmer is trying to prove to Federal Judge Sylvester J. Ryan that Miss Coplon's arrest was illegal. He also contends that she shouldn't be tried with Gubitchev because she was found guilty of "the same offenses" in Washington.

The charge on which she was convicted there was stealing secret papers with the intention of passing them to the Russians. She was sentenced to 40 months to 10 years in prison but is free in $40,000 bail pending appeal.

With Gubitchev, she now faces trial on a charge of conspiracy to steal the papers for the benefit of the Soviet Union. Gubitchev has been suspended from his United Nations engineering post.

## Temporary Peace Marks Dispute Over Appearance Of Fan Dancer

HARLINGEN, Nov. 15. (U.P.)—A temporary armistice apeased to settle today over the disputed appearance of fan dancer Sally Rand's revue at the Valley Mid-Winter fair here Friday.

J. L. Head, president of the fair association, said he has not received a formal protest from the Harlingen chapter of the Women's Christian Temperance union and has "nothing to act upon" unless he does.

The local WCTU corresponding secretary, Mrs. Mary D. Myrick, said she telephoned Head yesterday and informed him of the organization's moral objections to bringing Miss Rand's "girlie" show to Harlingen.

Head indicated a written protest would be required to bring action from the fair's board of directors.

Meanwhile, the WCTU claimed its booth space at the exposition and members started preparing for their annual display at the fair.

The ancient Norman Capital of Rouen was France's first seaport.

W. L. Wines, to construct residence at 3609 Twenty-sixth, $9,000.

## Christmas Buying

(Continued From Page One)

many presents now in order to have plenty of time to send presents to loved ones.

Another said new residents here always discover some necessity in the way of home appliances they need but put off the actual buying until Christmas time.

No trend has been recorded for buying in children's toys but one department store said scores of dolls have been put in law-away until Christmas time.

Most managers were in agreement in expecting a greater volume of sales this year and all agreed there will still be that last-minute rush to make Santa's deadline.

**NEW HELICOPTER RESCUE PLANE** — Air rescue tests employing the McDonnell Aircraft Corp., XHJD-1 "Whirlaway," believed to be the first twin-engine, twin-rotor helicopter, have been successfully completed. it was disclosed with release of this picture in St. Louis. The plane, a Navy experimental helicopter, was tested for the purpose recently by Air Force representatives at Lambert-St. Louis Field. In the photo, Ralph Ballard, an experimental mechanic at the McDonnell plant has been lifted from the ground and is about to be taken into the plane. (AP Wirephoto.)

## Brothers Killed In Truck-Train Wreck

LODI, Calif., Nov. 15. (INS)—Two men died in a "tower of flame" today when their empty cattle truck crashed into a Western Pacific freight train in a heavy fog five miles east of Lodi.

They were identified as Carol Crooks, 30, driver of the truck and his brother, Earl, 33, of Dixon, Calif.

Four cars of the 36-car train were derailed and the truck was demolished. H. L. Fuller of Lodi, engineer of the train which was hauling a load of produce, said a thick, low-lying fog limited vision to about 50 feet. He added:

"I did not see the truck but I heard a crunch. I looked back and saw a tower of flame shoot up."

A spokesman for the railroad said it would take a wrecking crew ten to twelve hours to clear the tracks.

## Granite Shaft Marks Grave Of Former Governor Jester

CORSICANA, Nov. 15. (AP)—A granit shaft marks the grave of the late Gov. Beauford H. Jester today.

The shaft and stones of gray Georgia granite were installed at the Jester plot in Oakwood cemetery here.

The seal of the State of Texas is atop the eight foot, six-inch shaft. Beneath the seal is the inscription:

"Beauford H. Jester, Governor of Texas, 1947-1949."

A wind of only 10 miles an hour at a temperature of 40 degrees below zero, Fahrenheit, can freeze exposed human tissue in one minute.

## 37 Witnesses Expected To Testify In Insanity Hearing

DALLAS, Nov. 15. (AP).— At least 37 witnesses are expected to testify in the current insanity trial of Keith Petersen who slew his pretty sweetheart.

The 21-year-old former Southern Methodist university journalism student shot Carolyn Schofield, 20, in a downtown office building Sept. 2. His lawyers say he was and is insane.

District Attorney Will Wilson contends Petersen is legally sane and fully responsible for his act.

Defense Attorney Maury Hughes and Wilson questioned prospective jurors at length today. Already 47 men had been called as some were dismissed from the original 32-man panel.

The defense must prove Petersen's insanity. Their witnesses will be called first.

Medical men and laymen were expected to give their opinions of Petersen's sanity both at the time of the shooting and now.

Petersen seemed disinterested in court procedure today. He smoked cigarets in a black, silver-tipped holder, chewed cough drops and picked lint from his neat blue suit.

He sat alone several seats from his mother and father. Only once was his mother seen to glance his way. It is on her affidavit of insanity her son is being tried.

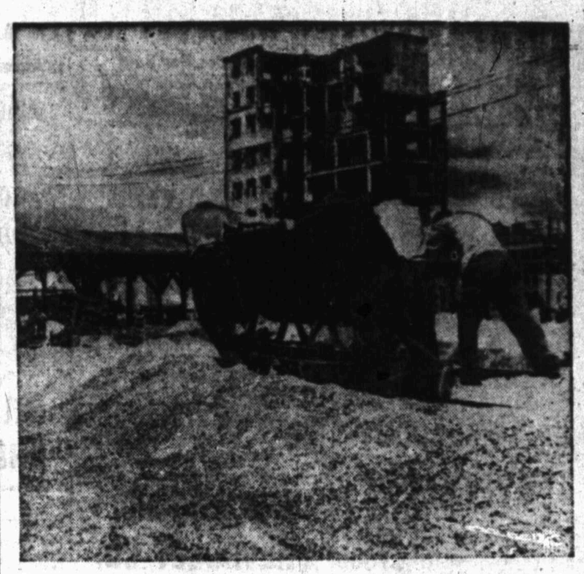

## Mexican Officials Seek Origin Of Million Dollar Gin Blaze

MATAMOROS, Mexico, Nov. 15 (U.P.)—Plant officials and fire inspectors today attempted to determine the origin of a million dollar fire at the Algodonera Victoria gin warehouse here.

The fire broke out yesterday after an explosion in the warehouse, destroying sacked cottonseed, machinery and office equipment.

Two oil tanks inside the warehouse exploded, but firemen from Brownsville and Matamoros kept the blaze from adjoining warehouses. No one was injured.

The world's longest mountain range lies a mile deep under the Atlantic Ocean.

**BRICKS FROM WAR'S WASTE** — War ruins in Warsaw, Poland, are providing the bricks badly needed for reconstruction. In special mills located near the devastated areas rubble is ground, sorted, mixed into concrete and finally pressed into bricks. Above, workmen move the ground rubble toward the concrete mixers. Below, the finished bricks are hauled on lorries to construction sites.

STOCKS HIT MONTH'S LOW

NEW YORK, Nov. 15. (AP)—The stock market gently settled to a four-week low today.

Today's decline followed the worst setback in a month on Monday. During the two days the market value of all stocks listed on the New York exchange has been chopped down around $1,000,000,000.

Selling was never severe only enough support developed to slow the trend. Individual issues lost fractions to a point or so.

The Associated Press average of 60 stocks dropped .4 of one point to 66.9, lowest since 66.5 was touched Oct. 17. Industrials made the poorest showing, with rails and utilities well in the rear.

Two big blocks of Northern States Power hit the ticker tape just before the close. One 10,000-share lot sold at 10½, down ¼, quickly followed by 17,500 shares at the same price.

Also lower were Columbia Gas, North American Co., U. S. Steel, Bethlehem Steel, Chrysler, Studebaker, U. S. Rubber, Sears Roebuck, Douglas Aircraft, Radio Corp., American Telephone, Phelps Dodge, International Nickel, Benguet Consolidated Mining, Geenral Electric, Barnsdall Oil, Gulf Oil and Transcontinental and Western Air.

Running against the trend were Goodrich, Anderson-Prichard Oil, Libbey-Owens-Ford Glass, Dome Mines, Allied Chemical, Dow Chemical, and International Paper.

### Cotton

NEW YORK REPORT

NEW YORK, Nov. 15 (AP) — Cotton futures were irregular in slow trading today. Increased hedge selling, coupled with liquidation in nearby December accounted for easiness in old crop deliveries. New crop positions were steady on local and New Orleans buying.

The threat of a shipping strike at the Atlantic and Gulf ports created some hesitancy in the market.

Futures closed 25 to 35 cents a bale lower than the previous close.

| | Open | High | Low | Close |

| Oct. | 27.93 | 27.95 | 27.89 | 27.90 |

AVERAGE PRICE

NEW ORLEANS, Nov. 15. (AP)—The average price of middling 15/16ths-inch cotton today at 10 designated southern spot markets was 30 cents a bale lower at 29.71 cents a pound; average for the past 30 market days 29.69; middling 15/16ths-inch average 30.12.

### MARKETS at a glance

NEW YORK, Nov. 15 (AP) —

STOCKS — Lower; slow board decline.

BONDS—Lower; selling in rails.

COTTON—Irregular; hedge selling.

CHICAGO:

WHEAT — Lower; traders disappointed over lack of export news.

CORN—Firm; reports of big government export plan.

OATS—Easy with wheat.

HOGS—Steady to 25 cents lower; top $16.10.

CATTLE — Unevenly 50 cents lower to 25 cents higher; top $40.00.

### Grain

FORT WORTH REPORT

FORT WORTH, Nov. 15 (AP) — Wheat No. 1 hard 2.29¼-2.31¼.

Oats No. 2 white 90¼-91¾.

Corn No. 2 white 1.60-62.

Sorghums No. 2 yellow milo per 100 lbs. 2.07-12.

CHICAGO REPORT

CHICAGO, Nov. 15 (AP) — Soybean futures rallied today on overnight reports that the government had bought quantities of soybean oil.

Corn was firm on buying influence by reports that the government plans a big corn export program. Wheat was weak most of the session on lack of export program. Wheat was weak most of the session on lack of export developments, with losses reaching more than a cent occasionally.

Soybeans dipped again near the close and finished ¼ higher to 1 lower than the previous finish. November $2.21-$2.22¼, wheat was 1⅛ to 1⅜ lower, December $2.09¼-⅜, corn was ⅛ to ⅜ up, December $1.29⅜-½, oats were ⅛ to ⅜ down, December 74⅜, rye was off ¼ to 1¼, December $1.33⅜-½, and lard was 15 cents a hundred pounds lower to 5 cents higher, November $9.30.

### Produce

DIFFERENT OUTLOOK STRESSED

# Women Urged To Take Part In Fight For Lasting World Peace

By WATFORD REED
INS Staff Correspondent

PORTLAND, Ore. Nov. 15.—It's up to the women to bring the world lasting peace.

So declares Mrs. Theodore D. Walser of New York, an observer at the United Nations and a field representative for the United States section of the Women's International League for Peace and Freedom.

Mrs. Walser, dynamic widow of a missionary to Japan and tutor to high-born Japanese, said:

**Lasting Peace Possible**

"The women of the world can guarantee lasting peace if they make up their minds to it.

"I'm afraid the world won't have lasting peace unless the women do the job."

Her reasons are two:

"We are a majority of the population, and we have a different outlook from men.

"Men think in terms of the past and in terms of force. They reckon the cost of war in money and its effects on business, and factors like that.

**Women Think Differently**

"Women, on the contrary, are accustomed to thinking in terms of the future. They get that habit from their interest in their children."

She added:

"Women are tremendously interested in human values and conserving human life. What's the use of bringing the human race into being, only to have it shot up every few years?"

She is all for participation in politics by women, like Mrs. Franklin D. Rosevelt, who are qualified to compete with men. But women in general must do more, in Mrs. Walser's opinion.

**Integrity, Ideals Stressed**

"We need to stress the importance of integrity, of sticking to ideals," she said. "For instance, we ought to take to heart the militarization of youth in this country.

"We ought to influence our sons not to take Navy scholarships to college just to get there more easily if they really don't want military careers, as an example. Scientific grants from the armed forces, which mould the thinking of youth who work under them, should bother us."

In this connection, she praised the action of a group of scientists who announced recently that they will withhold their discoveries from the armed forces and began enrolling foreign scientists who take a similar view.

**Greater Participation Urged**

The spare, forthright New Yorker, went on:

"We must fight delinquency. We can and ought to help settle displaced persons and make them feel at home in their new homeland.

"Women ought to know who their representatives and senators are and their voting records. And if the records are not good enough, we ought to tell them so."

Mrs. Walser was tutor to cousins of the Japanese emperor for several years before the war and held several teaching positions and organization offices in Japan. She and her husband returned to the United States on the Swedish liner Gripsholm in 1942, shortly after the outbreak of war with Japan.

Driving a motor car is twice as dangerous in the country as in the city with 10.8 deaths per 100,000 vehicle miles in the country as compared with 5.3 deaths in the city.

## Change In Direction Fails To Ease Hard Road For Soldiers

NEW BRAUNFELS, Nov. 15. (AP)—A Car driven by two soldier patients on leave from Brooke General hospital at San Antonio:

Hit one car going south.

Hit another car going south.

That car burned.

Reversed direction and knocked down a couple of highline telephone poles, then flopped to a stop.

Nobody was injured.

It happened at 1:30 a.m. today at the New Braunfels city limits. The two soldiers have to appear in court Nov. 21 on charges of driving while intoxicated.

## Lubbock Optimists To Study New Scout Troop Proposal

A motion to sponsor another Boy Scout troop was tabled Tuesday by members of the Optimist club at a luncheon meeting in Hotel Lubbock.

In tabulating the motion, it was explained that the club needed more time to study the proposal, which was submitted to the club unexpectedly at the meeting.

Joe Meador of the Chamber of Commerce introduced Joyce Wendborn, who sang two numbers, with Jack Burgess as accompanist.

First Lt. M. J. Ihrig, assistant public information officer at Reese Air Force Base, told the club the Air Force was happy with the "open arm" reception given its personnal by Lubbock.

G. C. Stewart presided. Billy Davis was program chairman. Paul J. Yancey gave the invocation.

## Major Greek Party Leaders Agree On Need For Election

ATHENS, Greece, Nov. 15. (AP). Spokesmen for major parties in the coalition government said today they have agreed that Greek general elections should be held this spring.

A final decision will be taken and a date set after the return, expected within a week, of Popular party leader Constantin Tsaldaris and the Liberal party head, Sophocles Venizelos, from the United Nations General assembly.

**CRASH VICTIM FUNERAL**

HOBBS, Nov. 15 (Special) — Services were to be conducted in the First Baptist church here this afternoon for Norman James, 48, who died at 2 a. m. Monday in the Treadway-Daniell hospital at Brownfield of injuries suffered in a train-car collision there Friday.

He was the third to die as a result of the crash.

## Hill County Burglary Suspect Released Under $7,000 Bond

HILLSBORO, Nov. 15 (AP) — Jettie Bass was at liberty today under a $7,000 bond posted in Hill county, where he is charged with burglaries of six places in two Hill county towns.

Bass, a 34-year-old ex-convict from Dallas, was charged in the burglaries Sunday night or early Monday morning of firms in Mertens and Irene. Sheriff Charlie Garrison of Hill county, said $1,100 was taken.

Will David Hundley, 28, and Delbert Bowers, 29, were charged with one count of burglary each. Hundley remained in jail and Bowers is at large.
