Voters Reject 1 Bond Issue In Hermleigh

A proposed $30,000 tax bond issue for Hermleigh was defeated by 11 votes in an election Saturday, but a $40,000 water revenue bond issue carried by two votes.

Election judges certified the results as 58 votes cast for the tax bond issue and 69 votes cast against it, while the ballots tallied 67 for and 65 against the revenue bond issue.

The results will not become official, however, until the election is canvassed by the city council tomorrow night, the Rev. Bob Creswell, mayor, said today.

It has not been determined whether the revenue bonds will be issued, Mr. Creswell said, and no definite plans will be made until after the canvassing of the returns.

The revenue bond issue was to provide for additional water mains, fire plugs, other extensions of the water system, and a new 50,000-gallon surface storage water reservoir.

Improvements by the defeated tax bond issue were to include a $10,000 city hall, fire truck, fire-fighting equipment, and a city jail.

The bonds were to be purchased by H. L. Sheafer & Co., bond investment firm of Amarillo, at 3 per cent on those maturing in the first 10 years, 3½ per cent on those maturing in the next 10-year period, and 4 per cent on those maturing thereafter, with the city having option to retire all the bonds in 15 years.

Extension To Salt Creek Being Plugged

A one-quarter mile south offset to the Heyser No. 2 Lohman, southeast extension to the Salt Creek pool in West-Central Kent County, has been given up as a failure by Lucerne Corp. of Dallas.

The dry hole is that concern's No. 1 Atkins ranch, which was reported to have been plugged and abandoned at total depth of 6,628 feet in Pennsylvanian lime.

A 75-minute drillstem test taken at 6,605-28 feet recovered 1,682 feet of slightly oil-and-gas-cut salt water.

The No. 1 Atkins ranch was quit in the Pennsylvanian reef lime, approximately 120 feet low to the No. 2 Lohman, the nearest producer from that formation.

Location of the abandoned hole is 664.9 feet from the west and 1,965.6 feet from the north lines of section 114, block G, W&NW survey, nd seven miles northwest of Clairemont.

KENT COMPLETION

Kewanee Oil Co. is preparing to make production test and complete its No. 2 D. Wil Connell as a three-quarter mile northwest extension to the East Polar Pennsylvanian Field in Southwest Kent County.

This development will complete from a new and lower pay for the region.

It bottomed at 7,443 feet in the upper section of the Mississippian lime. Top of that zone is at 7,424 feet. Datum on that marker is minus 5,203 feet.

No shows of oil or gas were logged in that formation. No drillstem was taken on the horizon.

This project showed on two drillstem tests in the lower Pennsylvanian between 7,192 and 7,218 feet that it likely would make an oil well.

On one of those tests the well flowed as high as 30.36 barrels of oil an hour naturally. The five and one-half inch casing is to be cemented at approximately 7,225 feet. It will then be perforated at about 7,190-7,210 feet for the completion effort.

The nearest other oil well in the East Polar Pennsylvanian field is from pay at 6,855-80 feet. The No. 2 D Wil Connell did not indicate commercial production from that zone.

Location of the new pay discovery is 660 feet from the north and west lines of sction B, block 4, H&GN survey. That makes it 15 miles southeast of Clairemont.

HOWARD LOCATION

Standard Oil Co. of Texas has spotted location for its No. 2 Frances Gunn in Central-North Howard County. It will be drilled as a quarter-mile west stepout to the East Vealmoor field.

Nearest production is Amcan No. 1-A Branon, which was recently completed for 2,453 barrels of 44-gravity oil a day through a one-half inch opening. Pay was topped at 7,270 feet. The No. 2 Frances Gunn projected to 7,500 feet, will be drilled 2,007 feet from the south and 553 feet from the east lines of section 17, block 27, H&TC survey.

Drillsite will be eight miles southwest of Vincent.

Food For Fighting Men

Pfc. Lundy Fletcher of Columbus, O., with two ducks tied to the equipment on his back, advances along a street in Seoul as fighting for the Red-held South Korean capital rages.

Three Killed, One Critically Injured, In Wreck Near Here

Mrs. Eugene Munns, 30 years old, of Wills Point, Tex., remained in a critical condition at the Snyder Hospital today, where she is being treated for multiple fractures and internal injuries suffered in a car accident yesterday in which three persons died.

The dead were the Rev. T. A. Sutton, 42 years old, Abilene; Garth James McKinney, 35, son of Mr. and Mrs. W. R. McKinney of Dallas; and Mrs. Munn's husbnad, Eugene Munns, 30, also of Wills Point. Sutton and Munns were killed instantly, and McKinney died at the hospital here shortly before noon yesterday.

ON ROBY HIGHWAY

The accident occurred at 8:45 o'clock yesterday morning, 17 miles east of Snyder on the Roby highway, near the Scurry-Fisher County line. Both cars were demolished.

E. W. Green of Snyder, highway patrolman who investigated the accident, said there were no skid marks on the straight, level highway at the scene of the head-on collision. He said the Sutton automobile, a late model Nash, was traveling west, and a Mercury driven by McKinney, with Mr. and Mrs. Munns as passengers, was traveling east. The collision occurred on the south side of the highway.

Sutton, a ministerial student for the last three years at Hardin-Simmons University, Abilene, was on his way to preach a sermon at Dermott, a few miles west of Snyder in Scurry County. Notes for his sermon were found on the seat beside him.

Ambulance drivers had to cut part of the car away to extricate Sutton. The impact had pinned the sterring wheel against his chest.

The Wills Point couple and the Dallas man, all riding in the front seat of the Mercury, were believed to be returning from a vacation in Colorado. Camping equipment was found in their car.

George Nunz and J. C. Newton, Snyder oil field workers, said they witnessed the crash. From a nearby farmhouse, they called Bolger-Barnes funeral home for an ambulance, then proceeded on a trip east.

SUTTON RITES

Funeral services for Sutton are set for 10 o'clock Wednesday. A native of Ovalo, Tex., Sutton had lived in Bradshaw, Tex., before moving to Abilene four years ago. He leaves his wife, the former Ermalene Taliaferro of Bradshaw.

Other survivors include his mother, Mrs. M. E. Sutton of Comanche, five sisters, Mrs. Marvin Edwards of Doole, Tex., Mrs. N. J. Coley of Cross Plains, Tex.; Mrs. J. J. Davis of Comanche; Mrs. W. K. Wilson of Kadoka, S. D.; and Mrs. Fenton Best of Merkel; and a brother, Lewis Sutton of Brownwood.

McKinney leaves his parents, Mr. and Mrs. W. R. McKinney of Dallas; two sisters, Mrs. R. F. Baker and Mrs. W. M. Crockett, both of Dallas, and a brother, Weldon McKinney, Houston.

Munns, a native of Van Zandt County, is a son of Mr. and Mrs. T. J. Munns of Wills Point. He leaves, besides his parents, a brother, C. E. Munns of Dallas. Funeral services will be held tomorrow at Wills Point.

Ochoa Remains In Prison Cell

MEXICO, CITY, Oct. 2. (AP) — George Ochoa, wanted for trial for two murders in Laredo, Tex., is still in the Mexico City penitentiary today although the way has been cleared for his extradition hearing.

Ochoa was arrested by Mexican police in Mexicali and the extradition hearing must be held by the district federal judge in Tijuana. Ochoa is expected to fight extradition on the grounds he is a Mexican citizen. However, the U. S. request that he be turned over was accompanied by numerous documents which he signed as a U. S. citizen.

Ochot has been fighting even the hearing on the extraditiaon request by a series of requests for injunc- to forbid Mexican authorities to tions. He has asked two courts here send him to Tijuana. The latest was denied by the second district court on Saturday. This left the way clear for his transfer to Tijuana, but penitentiary officials said this morning they had received no orders to send him anywhere.

Canada Dollar Gains On Open World Market

(By the Associated Press)

The Canadian dollar, cut loose over the week end to find its own level, gained three to nearly six cents in terms of the United States dollar in world money markets today.

In New York, most quotations were around 93 3-4 cents to the U. S. dollar, compared with the former official rate of 91 cents and the closing rate Friday of 90 7-8.

However, New York quotations ranged up to 94 5-8 and down to 93 cents, and there were very few transactions as traders waited for the Canadian currency to stabilize.

FLUCTUATES

In Montreal, the Canadian dollar fluctuated between 93 and 95 cents in U. S. funds in early trading.

The Bank of England announced new Canadian dollar rates in London that were equivalent of 96.6 cents in U. S. currency compared with 90.7 cents last week.

The Canadian Government, acting Saturday when transactions were suspended for the week end. 1939.

removed its control over the exchange rate for the first time since

The unpegging of the Canadian dollar is not expected to have much immediate effect on the consumer in the United States.

EXCEPTION

An exception to this may be newsprint, the paper which newspapers are printed on. It may now be raised in price. More than 80 per cent of newsprint used in the United States comes from Canada, and its price is quoted in U. S. dollars delivered in New York. The dollar will mean that Canadian new higher rate for the Canadian newsprint producers will receive less Canadian money for their product than under the old official exchange rate, and yet their costs of production will remain where they were in terms of Canadian money.

Priority Order To Be Issued On Industry

WASHINGTON, Oct. 2. (AP) — The National Production authority topight will issue a priority order harnessing industry to the $30 billion a year military preparedness program.

The regulation reportedly will require every plant to accept military orders and fill them on time — ahead of any civilian work waiting for a place on the production line.

Prime contractors making planes, tanks and other munitions will be able to pass on the priority to subcontractors and suppliers clear back to the mill and mine, officials predicted.

SECOND

The regulation will be the agency's second compulsory order governing business. Two weeks ago an inventory control edict made it illegal to hoard 32 scarce defense materials.

The arms program got another boost last night when Secretary of Commerce Sawyer announced a 9,400000-ton expansion of the steel industry, to be achieved by the end of 1952.

This increase, nearly 10 per cent beyond the present annual capacity of 100,563,000 tons, was described by Sawyer as "an encouraging demonstration of the willingness of industry to forge ahead."

MAY EXCEED IT

The secretary predicted that the goal of 109,963,000 tons a year "well may be" exceeded. It represents the expansion plans of 20 companies, as reported to Sawyer by the American iron and steel institute. The companies were not named.

Steel industry sources said the program is wholly independent of government aid. So far as is known, all the companies included in the figures will rely on private financing.

The expansion was requested by Sawyer on Sept. 11, when he called 21 steel company presidents to a meeting here with NPA Administrator William H. Harrison and other defense officials.

BIGGER PLANS

At that time the steel executives said they planned a 5 million ton expansion by the end of 1952. Sawyer asked them to raise their sights and report back to him a bigger program — "not suggestions or hopes, but actual commitments for the future."

The American iron and steel institute thereupon canvassed the industry. The resulting program will match the industry's growth during any comparable period of world war, when the government pumped millions of dollars into steel plant construction.

French Troops TakeIndochina RedStronghold

SAIGON, Indochina, Monday, Oct. 2. (AP) — A French military spokesman said today a French column occupied Thainguyen, Communist communications hub in North Indochina, at 5 p. m. Sunday (5 a. m. Sunday EST).

Two other French columns were advancing toward that principal military-political center, 40 miles north of Hanoi, on the left and right of the forces that entered the city.

That Nguyen, a major Vietminh communications hub about 40 miles north of Hanoi, was seized during what was described as the largest French offensive in three months.

BLAST INTO CITY

A military spokesman said French troops slogging up Colonial Route No. 3 over rain dranched terrain blasted their way in to the city. The two flanking columns were hammering north to seize positions around the city.

The spokesman said the troops advancing north fought a series of skirmishes against Vietminh units seeking to stall the French advance. The main Vietminh resistance was broken at Duthanh, a river crossing 18 miles south of Thai Nguyen.

The French offensive was supported by fighter and bomber attacks against Vietminh positions and by large artillery concentrations, the spokesman said.

An hour before the French spearhead thrust into that Nguyen, paratrooper units were dropped north of the city. The paratroopers broke into the city from the north to join the French ground troops in their mopping up operation.

The French seizure of Thai Nguyen was considered to have fractured the major fixed Vietminh positions in North Indochina. The city is the center of a triangular mountain position where Communist Vietminh leader Ho Chi Minh had concentrated some of his best trained and equipped troops.

Huks Murder Two Men

MANILA, Oct. 2. (AP)—Two hundred Communist Hukbalahaps killed two citizens army defense men and sacked the remote village of San Narcisco Saturday night, a report received by officials here said today.

South Koreans Tear 30 Miles Into Red Country

Vishinsky Charges U.S. Guilty Of Direct Aggression In Korea

LAKE SUCCESS, Oct. 2. (AP) — Russia's Andrei Y. Vishinsky charged today the eight-nation U. N. resolution on Korea constituted "direct aggression" against the people of that country and was designed to vest a mantle of legality on American intervention there.

In a policy speech before the U. N. assembly's political committee, the Soviet Foreign Minister promised to put in a resolution of his own to counter the measure under debate. He said the eight-nation proposal was designed to perpetuate the occupation of all of Korea by foreign forces and added:

"When will they get out? Well, perhaps when the mountains are level with the sea."

Vishinsky explained that his proposal would call for halting of American bombings. This same proposal has been beaten down in the Security Council. He said a companion Soviet proposal calling for the disbandment of the present UN commission in Korea also would be presented because that commission "acted unobjectively" and failed to carry out its mission.

The American-supported proposal which Vishinsky attacked calls for United Nations aid and supervision of the pacification, unification and rehabilitation of the whole of Korea. It also calls for a new U. N. Commission with broad powers to help reorganize the political and economic life of the country.

In an hour and a half speech, Vishinsky made these claims:

1. South Korea rather than North Korea was responsible for touching off the conflict, and American authorities encouraged South Koreans in this plan.

2. The Korean conflict is a civil war in which the U. N has no right to intervene.

3. The United States and Britain misled the U. N. in the Korean case with the result that U. N. organs took illegal and mistaken decisions.

4. U. N. decisions serve to cover up illegal American intervention in Korea, and the United States "applied pressure on countries economically dependent" on America for Marshall plan aid to get backing in the United Nations.

Referring to U. S. Chief Delegate Warren R. Austin's statement Saturday that the 38th Parallel is an imaginary line, Vishinsky declared: "If that is so there is no such thing as two states."

ILLEGAL ACTS

Vishinsky maintained the report of the present UN Korean commission showed illegal acts were carried out during the South Korean election of last May. He added that supporters of opposition parties were beaten up.

The election took place in an atmosphere of "unbridled terror" created by the police of South Korean President Syngman Rhee making free balloting impossible, Vishinsky declared.

Describing the South Korean government as "rotten," Vishinsky said the catastrophic financial situation in the country resulted from a boycott by the people against Rhee's policies.

"There was the so-called land reform in 1949," Vishinsky said. "It was not satisfactory."

Vishinsky declared a Fascist state had been set up in South Korea. He accused American authorities of endeavoring "to bolster that Fascist state."

Fifteen countries including seven of the eight sponsors have gone on record in the 60-nation political committee as favoring a joint resolution to extend UN aid to all Korea. The roll is expected to mount swiftly, with a committee vote by mid-week.

Korea War In Brief

(By the Associated Press)

The 38th Parallel: South Korean Third Division drives 30 miles beyond 38th Parallel into North Korea. South Korean Capital Division troops swing westward after capture of Yangyang, seven miles north of parallel on east coast. Reds reported readying stand at Wonsan, 70 miles up east coast and directly across from Pyongyang, their capital.

Seoul area: U. S. Marines push slowly north of Seoul to points 18 miles north of South Korean capital, rubbing out pockets of enemy resistance. U. S. Seventh Division troops capture Ichon, east of Suwon, as Americans mop up elsewhere, taking record bag of prisoners.

Air War: B-29's hit Pyongyang, North Korean capital, once again. Allied planes scatter millions of leaflets bearing MacArthur's ultimatum to North Korea to surrender or face total defeat.

No U. S. Troops Are Used In The Attack

Three Divisions Cross 38th Parallel, More Ready To Make Jump

(By the Associated Press)

TOKYO, Oct. 2. — South Koreans ripped 30 miles into Soviet satellite Red Korea today almost unopposed.

Nearly two divisions — about 20,000 solely Korean troops — made the advance while their United Nations allies remained south of Parallel 38.

A third South Korean division was poised to jump across the artificial border.

American liaison officers said resistance was very light. Indications were that the going would get tougher, however. Captured Red prisoners said the Communists were preparing to make a stand some 70 miles north of 38.

NOISY THREATS

Neighboring Red China made threatening noises but there was no further indication that the Chinese Communists might intervene to save North Korea from unity with the republic.

The South Koreans' drive was launched Sunday along the east coast and carried nearly halfway to the line where the Red prisoners said the North Koreans were Building up for a last-ditch stand.

This line runs roughly across the Korean peninsula at its narrowest point 70 miles north of 38. It stretches from Wonsan on the Sea of Japan through the Red Pyongyang capital area to the Yellow Sea.

American Marines in the west were driving north toward the border but were not reported on it at any point.

Gen. MacArthur and his top commanders maintained silence on the border crossing. A spokesman said the campaign was too delicate both militarily and politically to be discussed. First reports of the crossing and 30-mile penetration came from field dispatches.

MINES FOUND

In Washington, Adm. Forrest Sherman said U. S. Navy ships off Korea have found "a great many floating mines" of Russian type.

The chief of naval operations told the House Armed Services Committee an examination indicated the mines had been "recently laid and not long out of the storehouse."

The U. S. Destroyer Brush hit a floating mine Wednesday. Nine men were killed, 10 injured and five are missing. The destroyer reached a Japanese port.

The Reds ignored MacArthur's Sunday surrender ultimatum. It was broadcast hourly in four Korean dialects and showered across North Korea in millions of air-dropped leaflets.

Chou En-lai, Red China's premier, made a bristling week-end broadcast from peiping. Chou said Red China's half billion people will not "supinely tolerate her neighbors being savagely invaded by the imperialists."

WARNING

Chou's military commander-in-chief, Gen. Chu Teh, warned Sunday in an order of the day:

"American imperialism is now carrying out an armed invasion of China's neighbor, Korea, and in collaboration with remnant Chiang Kai-shek brigands has openly invaded China's territory, Taiwan Formosa. American imperialism is threatening world peace. I order you to get fully prepared . . ."

Kim Il Sung, Red Korean premier, told Chou in a message Sunday that North Koreans are "firmly resolved to fight to ultimate victory under support of the Chinese people."

Chou expressed the belief that North Korea would eventually win the war.

The South Korean assembly chairman, P. H. Shinicky, dismissed Chou's warning as "only a gesture . . . only barking."

In Formosa, the Chinese Nationalist defense ministry spokesman, Gen. Chang Yi-ting, scoffed:

"Chou cannot decide to do anything. It will all be decided for him in Moscow."

Socialists Try Enlist Support Of Rearmament

By GLENN WILLIAMS

(Associated Press Staff)

MARGATE, Eng., Oct. 2. — The ruling British Labor Party embarked on a campaign today to convince its many Pacifist members that rearmarment against Russia now is virtually necessary to prevent war.

Party Chairman Sam Watson, an officer in the national union of mineworkers, called for support of rearmarment and conscription. Both now are being carried out by the Socialist Government, although they were for many years opposed by the Socialists.

REBELLION THREAT

The party's pacifist wing in parliament has threatened to rebel over these policies.

"The history of the world is not a history of attack of the strong on the strong, but of the strong on the weak," Watson said in an address to more than 1,500 delegates at the first session of the party's annual conference here.

"Armed forces are required to defend all we have won in our long struggle for freedom," Watso argued.

SECURITY

He expressed belief there will not be another world war if the democratic western nations grow strong and act together.

Watson denounced the Communist-sponsored "Stockholm Peace Petition" as a fraud.

"No one wants war," he declared. "That is why peace petitions are superfluous. As well to sign a petition to say you don't want double pneumonia. We know you don't want it without getting your signature . . .

FRAUD

"The peace petition is a fraud. It is not a peace petition. It is a demonstration against the western democracies on behalf of certain men whose revolutionary ideals have been corrupted by power.

Watson said only two things could abolish war—the freeing of "backward peoples from their dire poverty" and the spreading of real democracy over the world."

Building Permits For September, $532,080

Forty-seven building permits were issued by the city, during the month of September, Mrs. Clara Jones, acting city secretary, announced today.

Estimated at a total value of $532,080, the permits were for 42 residence buildings, three business houses, one apartment building and one auto garage.

Second highest in valuation for the year, the month is only exceeded by February and ran over twice the $256,000 in August.

Bringing the total for the year to $3,131,106, totals by months are January $523,400, February $587,825, March $256,400, April $152,725, May $311,163, June $292,045, July $209,213, August $256,000, and September $532,080.

KSNY Is Affiliated With Liberty Network

Radio station KSNY has joined the Liberty Broadcasting System as a full network affiliate, Charles R. Wolfe, manager, announced today.

The Liberty schedule includes several newscasts a day from Washington, a direct broadcast daily from the United Nations, the Army football games throughout the season, and Doak Walkers football predictions each Friday night.

West German Police Prevent Riots Sunday

DUESSELDORF, Germany, Oct. 2. (AP) — West German police today claimed a decisive victory over Communists who attempted to turn yesterday into a bloody wave of riots and demonstrations.

Police jailed more than 1,400 Red ringleaders and broke up every attempt they made to start riots in a score of cities.

The day marked for bloodshed ended with nothing more serious than scattered fist fights and stone throwing. About 30 police were hurt in the skirmishes.

TRUMAN ASSURANCE

Meanwhile, the people of Soviet-encircled Berlin received assurance yesterday from President Truman of continued aid to keep the city free. The President's message was delivered by Paul G. Hoffman, retiring chief of the Economic Co-operation Administration, in a speech at the opening of the German industrial fair in Berlin.

"Our aid will continue," Truman's message declared, "for we are confident of the eagerness of the German people and their republic to join the free of the world in defense of all that we cherish."

BLOODY PROMISE

Red leaders had promised to make Sunday a bloody day of "national resistance" to the western allies and the West German government they sponsor.

The Communists had shipped in thousands of young fanatics, trained in troublemaking, from Soviet-occupied East Germany.

They tried to foment riots in the streets and squares of many cities from Hamburg to Munich. But they didn't get far against 100,000 well-organized German police.

Board Chairman Asks Complete Revamping Of Insurance Laws

The chairman of the State Board of Insurance Commissioners today called the Texas insurance code "antiquated" and said that he would ask the legislature for a complete redrafting of it.

George B. Butler, Austin, who also is state life insurance commissioner, said redrafting of both life and fire insurance codes was necessary.

FOR BETTER SYSTEM

He said the public at present "doesn't know what it's buying" and that he, as commission chairman, "has to sit there and okay it."

Butler arrived today to speak before the San Angelo Association of Life Underwriters at the Hotel Cactus.

He said that under present insurance laws he is required to grant a license to any dealer applying, without regard to the applicant's qualifications for dealing in insurance.

"Insurance agencies must be made a profession," he said, "and study and examinations should be required of persons entering the profession."

'PAGE 4 FROM PAGE 1'

Too many insurance policies now, he said, are so written that they "give you benefits on page 1 and take them away from you on page 4."

The commission, he said, now has no jurisdiction over writers of those policies. "A policy on life, accident or health," he explained, must be filed with the Insurance Commission. The commissioners however, do not have the right to approve or disapprove it.

Butler's talk was one of several he has made throughout the state in an effort to interest insurance dealers in redrafting the insurance code. He, as chairman of the State Board of Insurance Commissioners, presides over the State Fire Insurance Commission and the State Cauulty Insurance Commission, along with the State Life Insurance Commission.

FIRE PLAN NEED, TOO

He said that until today the state's fire insurance formula also was "antiquated." Effective today, however, a new formula will reduce some fire insurance rates extensively and result in a statewide saving of $2 million.

The reduced rates, which he explained are not all inclusive, were attributed to reduced building risks, better fire departments, etc., which have cut rates as much as 20 per cent on some buildings in some towns.

Greatest fire premium reductions were city and suburban residential properties and apartment houses, excepting brick protected and unprotected dwellings. Rates also were reduced on farm properties.

Butler will go from here to a Butler will go from San Angelo to a meeting of insurance dealers in Midland.

The Weather

WEST TEXAS: Considerable cloudiness with a few scattered thundershowers this afternoon and tonight. Cooler in Panhandle, South Plains and Pecos Valley westward tonight. Lowest tonight 38 to 48 in Panhandle and 42 to 52 in South Plains. Tuesday partly cloudy.

EAST TEXAS: Partly cloudy this afternoon, tonight and Tuesday with scattered thundershowers in northwest portion tonight. Cooler in extreme northwest portion Tuesday. Moderate to fresh easterly winds on the coast.

Phils Grab First Pennant In 35 Years From Bums Yesterday

PHILADELPHIA, Oct. 2.—Their first pennant in 35 years safely stowed away, the Philadelphia Phillies today planned to shoot the works against the highly favored New York Yankees in the World Series starting Wednesday.

Unless he has a change of heart, Manager Eddie Sawyer of the Phils will open with Robin Roberts, 4-1 conqueror of the Brooklyn Dodgers yesterday in the game that gave the Whiz Kids the National League flag. Roberts will be opposed by Allie Reynolds in a battle of right-handers.

Having clinched the American League pennant last Friday, the well-rested Yankees will rule 2-1 favorites over the tired Phils. Experts figure the Yanks have too much experience, deeper reserve strength and stronger pitching than the youthful Whiz Kids.

Philly manager Eddie Sawyer does not appear to be worried about the Yankee prowess.

"We weren't figured to have a chance to beat Brooklyn for the pennant, were we?" he reminded.

"I haven't decided who will pitch the opener," the jubilant 40-year-old candidate for "manager of the year" added. "But I'd say that Roberts is a strong possibility."

"After all, what was good enough for the Dodgers might be good enough for the Yankees."

BEST OF CAREER

Rose-cheeked Robin undoubtedly pitched the greatest game of his life. However, he knew he was in a battle with Brooklyn's Don Newcombe. If Dick Sisler hadn't hit that homer with two on in the top of the 10th to snap a 1-1 tie, the game might be going on yet.

The blow by Sisler, son of the immortal George who acts as Brooklyn's head scout, ended Brooklyn's "miracle" finish that for a time threatened to throw the race into another flat-footed last day tie. It gave Roberts his 20th victory of the year after the youngster had made five futile tries for it.

Although Roberts yields but five blows to 11 for Newcombe, he had to summon all his wile and cunning to hold off a Brooklyn baseloaded threat in the ninth that appeared restined to bring about the Phillies sixth staraight defeat.

A crowd of 35,073, biggest of the year at Ebbets Field, went into hysterics as Cal Abrams led off the last of the ninth with a walk and took second on a single by Pee Wee Reese.

SNIDER LINES ONE

That brought up Duke Snider, the best lefthanded hitter on the club. With everyone expecting a bunt, Snider teed off and slashed a line single to center. Abrams attempted to score from second but Richie Ashburn made a one-hander scoop of the ball and threw on the run to the plate. The ball came on a good hop right into Stan Lopata's hands. Abrams didn't have a chance and was tagged standing up.

Then it was the Phillies turn. Roberts opened with a single to center. Ashburn, attempting to sacrifice, bunted into a force play at third. That set the stage for Sisler's game-winning clout.

The Phillies drew first blood tallying in the top of the sixth on three singles after two were out.

The Dodgers tied the score in their half on a freak homer by Reese. The four - bagger was a slicer which went drifting out into right field in lazy fashion. It struck the screen at the point, where it meets the fence beneath and wedged in there while frustrated Del Ennis looked up at it plaodingly.

Stan Musial Picks Up Batting Championship For His Fourth Time

NEW YORK, Oct. 2. (AP)—Stan Musial, the "ball player's ball player" of the St. Louis Cardinals, is the National League's batting champion for the fourth time.

He finished yesterday with an unofficial average of .346 to win the crown by 18 points from Jackie Robinson of Brooklyn, the defending titalist.

Stan blasted out 192 hits in 555 trips to the plate.

Duke Snider, Robinson's teammate, placed third with .321.

Del Ennis of the Phillies and Walker Cooper, of Boston, were tied for fifth place at .313.

Ralph Kiner, the one man team of the Pittsburgh Pirates, led the league in home runs with 47. Pafko finished second with 36.

Sal Maglie of New York posted the best won-lost record, .818. He won 18 and lost four.

Benner Sparks S.M.U. To Win Over O. State

(By the Associated Press)

They say Southwest Conference teams are "pass happy" and last week they were so right.

It was the forward pass that brought Southern Methodist, Baylor and Rice victory, and Texas, Texas A&M, and Arkansas found it a perfect balance for vicious running games.

There were some amazing individual performances last week, but the most amazing of all was that of Fred Benners.

Benners pitched four second half touchdown passes to give Southern Methodist a 32-27 victory over Ohio State, and completed 19 of 34 attempts for 306 yards.

Vernon Glass tossed four scoring passes as Rice smacked Santa Clara, 27-7, and Larry Isbell threw three touchdown heaves in Baylor's 34-7 victory over the University of Houston.

Texas mixed passing with vicious running by Byron Townsend in outscoring Purdue, 34-26. A&M did the same in beating Texas Tech, 34-13, and Arkansas in running over North Texas, 50-6.

Oklahoma A&M, roundly outplayed if you believe the statistics, dumped Texas Christian, 13-7.

This week Texas Christian and Arkansas kick off conference competition, while Southern Methodist tackles Missouri; Baylor meets Mississippi State and Rice takes on Louisiana State. Texas is idle.

Southern Methodit trailed Ohio State, 24-7, halfway through the third period. Then Benners unlimbered his passing arm and started the Mustangs on a wild stampede that left 80,672 fans in the Columbus, O., Stadium limp with excitement. The Mustangs gained 415 yards passing and ended with a minus seven yards on the ground.

Two of Texas' touchdowns came on passes, Arkansas scored two this way and Texas A&M three.

Stastistics Are In SMU's Favor

DALLAS, Oct. 2. (AP) — A look at the Southwest Conference football statistics shows in less than a second why Southern Methodist now is the favorite for the championship.

It required just two games for the Methodists to convince most of the folks that they and not the Texas Longhorns should be put at the top.

Southern Methodist has two of the three leading passers, the three top pass-receivers and the best punter. Also, SMU's Kyle Rote is the best all-around offensive man. He has gained 370 yards rushing and passing.

Johnny Champion and Bennie

The record of H. N. Russell, Jr., White as pass-snagging is amazing. Together they have caught 28 passes for 488 yards and six touchdowns in two games. White has snared the most throws with 11 but Russell has gained the most yardage, taking 10 for 173 and three touchdowns. Champion has caught seven for 158 yards. White's 11 have produced 157 yards.

Fred Benners, the tall Methodist junior, is the conference's leading passer with 20 completions in 37 tries for 314 yards. Ben Tompkins, Texas quarterback, is second with 14 out of 25 for 248 yards and Rote is third with 12 out of 23 for 222 yards.

Vernon Glass of Rice has played only one game but has the startling record of 12 completions out of 21 attempts for 217 yards.

The leading ball-carrier is Bob Smith of Texas A&M with 221 yards on 44 runs. Byron Townsend of Texas is second with 208 yards on 37 carries.

Rote leads the punters with an average of 40.8 on five boots. Larry Isbell of Baylor is second with 39.5 on 11 kicks.

Abilene, Arlington Heights In Spotlight Class AA Division

(By the Associated Press)

Championship play starts this week in the Class AA division of Texas schoolboy football but the major interest will rest on a couple of interdistrict battles.

Breckinridge and Texas City, two of the state's 16 undefeated, untied teams, run into strong tests. Breckenridge plays Abilene, once-beaten but still one of the favorites in the championship struggle. The defeat was at the hands of Arlington Heights (Fort Worth), a City Conference power.

Texas City engages Conroe, which could knock off TC without occasioning any surprise.

District 9 is the first to start conference play. Tyler meets Gladewater and Marshall tackles Kilgore.

The other 14 undefeated, untied teams hit some rugged foes along the line but most of them should come through without too much trouble.

The 14 teams are: Pampa, Big Spring, Lamesa, Sherman, Texarkana, Palestine, Cleburne, Port Arthur, Freeport, Galena Park, Corsicana, McAllen, San Benito and Midland.

Four teams are undefeated but have been tied. They are Longview, Lubbock, Sweetwater and Pasadena.

Last week found a couple of the championship favorites plunging from the unbeaten ranks. Highland Park (Dallas), lost to Sherman 19-12, and Austin, was beaten soundly by Thomas Jefferson (San Antonio), the defending state City Conference king. Jefferson won 27-0.

On the basis of play thus far Pampa, Breckenridge, Sherman, Texarkana, Port Arthur, Corsicana, Abilene, Lubbock, Sweetwater, Odessa, Highland Park and Austin look like the class of the field with Port Arthur rating No. 1 but Sherman and Corsicana not far away.

Abilene Christian And Southwestern To Meet Next Saturday

(By the Associated Press)

Two mild surprises of the 1950 Texas Conference—Abilene Christian and Southwestern—tangle this week in one of two loop tilts.

Abilene Christian last week made it three straight victories with a 13-7 decision over the University of Chattanooga. Southwestern bumped Stephen F. Austin, 7-0.

The other conference game matches Texas A&I at Brownwood. Howard Payne last week beat New Mexico A&M, 33-6, and A&I lost to Southwest Texas, 7-6.

McMurry, which was defeated, 41-19 by West Texas State last week, takes on Mississippi Southern and Austin, only other undefeated team in the conference, meets East Texas State in the Cotton Bowl at Dallas.

Ray Morrison's Austin team slapped Midwestern, 27-13, last week.

City Conference Boys Make Record Showing Against Class AA

(By the Associated Press)

The City Conference boys were doing a little button-busting today as the Texas schoolboy football campaign finished its first month.

Last week they won five games while losing nine to Class AA teams, which, the best record of the year.

However, the City Conference members won most of the big ones—Thomas Jefferson of San Antonio whipped Austin 27-0, Paschal (Fort Worth) edged Amarillo 27-21 and Brackenridge (San Antonio) laid it on Miller of Corpus Christi 19-12.

On the debit side was the upset of undefeated Poly (Fort Worth) by Plainview, 14-13, and a 31-0 licking puton Jeff Davis (Houston) by Pasadena.

But Lamar of Houston, one of the favored teams in the City Conference state title race, smashed Galveston of Class AA 60-0.

Only one undefeated, untied team remains in the City Conference—Lamar. Sunset (Dallas) was kicked out last week by John Reagan of Houston, 12-6.

Class A Unbeaten Dips Down To 31 Teams As A Dozen Take Count

(By the Associated Press)

The list of undefeated, untied teams in Class A high school football has been trimmed to 31.

More than a dozen perfect teams took the count last week and several had ties.

Most of the 220 schools in this division play in district races this week.

Biggest surprise last week was Wharton's scoreless tie with New Braunfels, rated Class A's best.

Haskell and Crowley are the only teams that haven't yielded a point this season as far as can be determined.

Undefeated, untied clubs are Memphis, Littlefield, Kermit, Monahans, Wink, Haskell, Crowley, Olney, Diamond Hill, Newcastle, Arlington, Mt. Pleasant, Mt. Vernon, Sulphur Springs, Hearne, Lavega, Georgetown, Brenham, Giddings, Gonzales, Alvin, Lamarque, Vidor, West Columbia, Floresville, Robstown, Sinton, Mercedes, Pearsall and Uvalde.

Unbeaten but tied are Phillips, Shamrock, Abernathy, Henrietta, Mesquite, Pleasant Grove, Terrell, Hooks, Linden, Lampasas, Elgin, New Braunfels, Seguin, French (Beaumont), Wharton and Donna.

One of the top games this week matches Monahans and Wink in a District Five contest.

Littlefield, defending state champion, tackles a District Four foe in Brownfield.

Other top games include Seguin-Gonzales; Shamrock - Memphis; Birdville-Newcastle; Cisco - Ranger; Stamford-Haskell; Mesquite-Arlington; Lagrange-Brenham; Laporte-Alvin; Pt. Acres-Silsbee; Floresville-Karnes City; Mission-McAllen, and Pearsall-Crystal City.

Texas Christian and Southern Methodist have met 32 times on the gridiron, and each has posted 13 wins, with six ties.

Vols Need One For Dixie Win

SAN ANTONIO, Oct. 2. (AP)—Nashville tonight could close out the Dixie Series.

The Southern Association champion hung a 6-4 licking on San Antonio, Texas League playoff winner, last night to take a three games to one advantage in the best four of seven series.

Bama Ray's high fly scored Bob Dant with one run in the top of the ninth inning and a few minutes later Damato doubled home another tally to clinch the game.

San Antonio had come from behind to tie the game with two runs in the fourth and went ahead with two in the fifth. Nashville tied the game with two runs in the seventh. The Vols had shot ahead with a pair in the first.

UCLA has at least one letterman in every position for the 1950 football campaign.

Only one member of the UCLA starting team weighs more than 200 pounds—left tackle Hal Mitchell who weighs 206.

Goodman Of The Red Sox Takes Batting Title In Ameircan

CHICAGO, Oct. 2. (AP) — Billy Goodman, brilliant handyman of the Boston Red Sox, is the new American League batting champion.

The 24-year-old Concord, N. C., star won his first title on an average of .354 to succeed George Kell, the Detroit Tigers' 1949 champ.

Goodman one finished 14 points ahead of Kell.

His unofficial average is eight points better than that of Stan Musial, of the St. Louis Cardinals who won the National League title.

Next were Dom Dimaggio, Boston, .326, and Phil Rizzuto, New York, and Larry Doby, Cleveland, each with .324.

Al Rosen is the home run king with 37 to lead Walt Dropo, 34, and Joe Dimaggio, 32.

Ed Whitey Ford is the best pitcher, boasting a won-lost percentage of .900 on nine victories and one defeat.

Vic Raschi of the Yanks followed with 21-6 for .724.

Russell Frizzell, left tackle from Racine, Wis., at 235 pounds is the heaviest player on the 1950 University of Tulsa football team.

Texas Tech To Meet Buffaloes

PHOENIX, Ariz., Oct. 2. (AP)—Full scale Border Conference football action Saturday spotlights Lubbock Tex., where the defending champion Texas Tech Red Raiders meet the loop leading West Texas State College Buffaloes.

Another Texas club with title hopes and possibilities, Hardin-Simmons University, journeys to Tucson for a clash with the University of Arizona.

Arizona State College at Tempe, over its first hurdle with a 41-6 victory over New Mexico, shouldn't have too much trouble with Arizona State College at Flagstaff. New Mexico should get back on the winning trail at the expense of New Mexico A&M. The first game is at Tempe and the second at Albuquerque.

Texas Western plays non-conference Idaho at El Paso.

West Texas goes against the Red Raiders with its slate unmarred and three wins to its credit. Although Texas Tech hasn't won yet, it's dropped two decisions to Southwest Conference opposition — the University of Texas and Texas A&M.

West Texas exploded for three touchdowns in the final five minutes last Saturday with McMurry to take a 41-19 victory. Texas Tech bowed to the second half power of the Aggies, 34-13.

Arizona watched Utah capitalize on the breaks and win 27-14. Arizona State College at Flagstaff came up with a 37-0 win over Laverne.

H-SU took a 41-0 win over Trinity.

RELIEF AT LAST For Your COUGH

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed, bronchial membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, Creomulsion is guaranteed to please you or druggist refunds money. Creomulsion has stood the test of many millions of users. (Adv.)

Look. After a month—or a year—of use on a properly adjusted gas range, pan bottoms are so clean they won't soil the daintiest handkerchief. You can see it—you can believe gas is clean.

Seeing is believing

Only the live gas flames consume greasy vapors produced in broiling. You broil with the *broiler door closed* so no greasy vapors escape to soil the kitchen. Look. See how, see why it's so clean.

which is the cleanest-cooking, easiest-to-keep-clean range

NO matter what kind of range you now cook on, it couldn't possibly be any easier to keep clean than a modern gas range.

Tops are one-piece . . . oven corners are rounded, eliminating dirt-catching, hard-to-clean places. All surfaces, inside and out, are porcelain or chrome—easy to clean as a china dish. Often-soiled parts such as burners, grids and spill-over trays are plate-size for dishpan sudsing.

Easy? Just the easiest-to-keep-clean range in the world! No wonder 96 out of 100 women in the Southwest area cook with gas!

• Lone Star Gas Company and many dealers are offering special trade-in allowances during October and November.

On display and sale almost everywhere.

Today Marks Third Year Of Freeze On New T.V. Stations

By JACK ADAMS
(Associated Press Staff)

WASHINGTON, Oct. 2. (AP)—The television industry today circled this date on the calendar, marking the start of a third year for the freeze on new TV station permits.

It was a reluctant gesture, for no one foresaw an end to the freeze which the Federal Communications Commission invoked Oct. 1, 1948 "for about six months."

No one connected with television is happy that the recess dragged out through two years. Least of all the FCC, which finds itself caught between a constantly swelling demand for more television outlets and its announced plan for getting TV on a technically sound basis for steady future growth.

NOTHING DOING

However, there is nothing whatever to indicate that the commission will break down and authorize additional stations until it has gone through its announced schedule for disposing of color, providing more TV broadcasting channels and adopting a new channel allocation plan for the whole country.

FCC Chairman Wayne Coy said last week that only by sticking to the schedule "can we insure that the television broadcasting and manufacturing industries can proceed to serve the people of the United States with assurance that no unnecessary technical obstacles will arise to plague them in the future."

The consideration of color—just one of the reasons for freezing the situation—took up almost all of the past year. And the commission is still not finished with that problem.

TURNED DOWN

The set manufacturing industry has turned down a commission suggestion that it build future sets capable of receiving in black and white the color programs broadcast by the Columbia Broadcasting System method. Developers of rival color systems have challenged the FCC's right to impose the CBS method on the industry, and may go to court to block it.

Then, too, the commission has other routine work which it must handle daily. It said last month it won't even be able to start hearings on the proposed additional channels until mid-October.

After that, it must go into the allocation procedure, which will find communities in every area of the nation demanding a fair share in the distribution of channels.

Westinghouse Workers Under New Contract

PITTSBURGH, Oct. 2. (AP)—Nearly 50,000 employes of Westinghouse Electric Corp. went to work today under a new one-year contract giving them a 10-cent hourly pay boost and improved pension benefits.

The pact with the CIO International Union of Electrical Workers (IUE) expires September 30, 1951. It can be reopened for wage talks after six months.

The pay boost is retroactive to last Sept. 18. Affected workers had been making an average $1.56 an hour under the old contract.

Negotiations are continuing with three other unions in Westinghouse which have another 50,000 workers.

PROVISIONS

The CIO-IUE contract provides a pension guaranteeing a $100 minimum, including social security, for workers retiring after 25 years service. The company agrees to completely finance the pensions for workers earning less than $4,800 a year. Workers making more than $4,800 can obtain higher pensions by participating in a contributory plan.

The social insurance program in the new contract provides life insurance from $2,500 up, depending on employes' earnings, sick and accident insurance up to $32 a week for 26 weeks and certain other benefits.

FIVE YEARS

The pension and insurance plans are to be in effect for five years but either plan may be reopened for negotiations after one year by mutual consent.

James B. Carey, chairman of the CIO-IUE, which has been negotiating with Westinghouse for four and one-half months, said the contract is "excellent" and asserted it will "help all Westinghouse employes and the entire labor movement in the nation."

The Independent United Electrical Workers, which was ousted from the CIO last year, blasted Carey and the CIO-IUE for agreeing to the contract.

More Tax Due To Come Out Of Pay Checks

WASHINGTON, Oct. 2. (AP)—The government is taking a deeper bite out of all paychecks from now on.

New federal income tax withholding rates went into effect yesterday. That means more than 25 million American workers will find the withholding taxes taken out of their next paychecks about a fifth greater.

The bigger "take" from paychecks is heeded to keep taxpayers on a pay-as-you-go basis under the tax boosts voted by Congress to provide money for the country's big defense build-up.

Individual income taxes raised by an estimated $2,700,000,000 a year. Taxes on corporations were also hiked.

The withholding payments taken out of paychecks are pre-payments toward each individual's final tax bill for this year, due by March 15. As in past years, some individuals will have refunds coming to them from the government. Others will have to fork up some more cash to settle their final tax. But the withholding payments are designed to come close to the actual amount due.

Hit-and-Run Charges Filed Against Man

Police are holding a man on a hit-and-run charge who ran his car into a tree early yesterday morning after running a red light with his lights off at Avenue M and Twenty-fifth Street.

Patrolmen investigated the accident after the night manager of the Westerner Courts called to report it.

A witness told police the driver of the 1946 Ford got out of the car after the accident occurred, picked up a bottle of whisky, and left the scene of the accident. Getting the driver's name from his companion in the car, the patrolmen secured a warrant and arrested the man at his home on an intoxication and hit-run charge.

Yankees Clinch American League

New York Manager Casey Stengel, center, is hoisted onto the shoulders of Billy Johnson, left, and Yogi Berra while other members of the team gather around for a victory cheer in their hotel in Boston, after news reached them that Detroit had lost to Cleveland thus assuring the Yanks of the American League pennant. Front, left to right, are Jim Turner, Johnny Mize, Johnson, Stengel, Barra, Tommy Henrich (hidden behind Berra) and Ed Ford. Back, left to right, are Joe DiMaggio, unidentified, Ed Lopat, Gene Woodling, unidentified, Bobby Brown, Cliff Mapes and Joe Ostrowski.

Truman Letter Sells For Neat $2,500 Sunday

CHICAGO, Oct. 2 (AP) — President Truman's letter—the one that raised the ire of the U. S. Marine Corps League—sold for $2,500 yesterday.

And the league stands to make an additional $75,000 because of the letter, according to George T. Bullen, past national commander. He said the league plans to print up 75,000 copies of the letter and sell them for one dollar apiece.

The letter dubbed the Marines as "the Navy's police force" with "A propaganda machine" comparable to Stalin's. Leathernecks raised a howl about the references and the President apologized.

Harry Frasier, 52, president of Fraiser Associates, Inc., and an Army private in World War I, bought the letter for $2,500 as a collector's item. Terms of the sale allow the Marine Corps League to distribute copies and provide that no copies be distributed until after the Nov. 7 elections.

Latest Casualty List Shows 35 As Dead

WASHINGTON, Oct. 2. (AP)—The Defense Department reported 278 Korean war casualties in a list No. 112 released today.

The total included 35 killed in action, 214 wounded, 22 missing and seven injured in combat zone accidents.

Russian News Is Way Behind Korea Action

MOSCOW, Oct. 2. (AP)—Dispatches from Korea said today northern forces are battling the Americans about one mile north of Seoul. They said North Koreans were falling back to prepare positions in the face of numerically superior enemy forces.

The dispatches did not report any crossing of the 38th Parallel by southern forces.

Noted Texan Succumbs

SAN ANTONIO, Oct. 2. (AP)—Last rites were to be held today for Miss Mary De Zavala, 78, granddaughter of the first vice president of the Republic of Texas. She died at her home yesterday.

Famliy Of Four Dies In Louisiana Accident

THIBODAUX, La., Oct. 2. (AP)—A family of four died yesterday when their automobile flipped over twice, landed in a canal and caught fire.

Chief Deputy Sheriff Ed Steve Marie said the car settled in about six feet of water. Part of the vehicle remained above water, caught fire and burned to the water's edge.

He listed the dead as Thomas G. Bigelow, 62, structural iron contractor; his wife, 55; and their daughters, Toleda, 36, and Mildred, 25. All were from Miami, Fla.

Supreme Court To Decide On Eleven Reds

WASHINGTON, Oct. 2. (AP)—The Supreme Court reassembles today for a new term in which it faces momentous decisions affecting Communism, race relations and other major national problems.

At the forefront of attention is an appeal by 11 top U. S. Communist Party leaders who were convicted in New York of conspiring to advocate violent overthrow of the government.

"There is no testimony in the record that during the entire period of the indictment any of the 11 personally taught or advocated that the government be overthrown by force or violence."

The 1950-51 court term could bring also a final test of the new anti-Communist law passed by Congress over President Truman's veto. Some attorneys say such a test is not likely to reach the court for several months.

Already on the docket for early hearings are three appeals contesting validity of the government's loyalty program and a fourth questioning whether grand jury witnesses may be held for contempt because they refuse to answer questions about Communist party activities.

Racial problems also will give the court some of its more noteworthy cases in the new session.

To start off, Texas wants the court to reconsider its decision of last June requiring its decision of Negro student to the white law school of the University of Texas.

The justices must decide, too, if they will grant a hearing to Willie McGee, a Mississippi Negro whose death sentence for rape of a white woman has been protested by many persons, including some described as Communists.

Murry Named Head Of Democratic Speakers

WASHINGTON, Oct. 2. (AP)—Sen. James E. Murray of Montana today was named chairman of the Democratic Speakers' Bureau for the congressional election campaign.

His appointment was announced in a statement by William M. Boyle, Jr., chairman of the Democratic National Committee.

Working from committee headquarters here, Murray will have charge of speaking engagements for cabinet members, democratic governors and senators and others booked throughout the national committee.

Plane Strikes Antenna In Residential Area

SANDUSKY, O. Oct. 2. (AP)—Joseph H. McCutcheon's airplane struck a television antenna atop a one-story house yesterday. The rented plane crashed into a playground and McCutcheon, 28, suffered a fractured skull and pelvis, police reported. Police said they did not know why he was flying low enough to strike the antenna, but that his home was nearby.

Italian Nun Beatified

ROME, Oct. 2. (AP)—An Italian nun—known during her lifefime as "friend of the poor"—was beatified by the Roman Catholic church yesterday.

Some 50,000 persons crowded St. Peter's Basilica while Pope Pius XII honored the Blessed Marie De Mattias.

Horse Steals Show At Prison Rodeo

HUNTSVILLE, Oct. 2. (AP)—The annual Texas prison rodeo opened yesterday and a horse named "Booger" stole the show.

"Booger" tossed two conviet riders, including A. E. Scobey, 55, serving 15 years from Denison, a veteran of 15 prison rodeos.

Fred Moore, who expects to be discharged this week, won the bronc riding contest.

Two Youths Escape from Oregon Reform School, Kill Policeman

HILLSBORO, Ore., Oct. 2. (AP)—A brief period of freedom for two 14-year-old reform school boy brought death to a state policeman yesterday.

The two tough-talking youths were captured after terrorizing a Northwest Oregon area.

Officer Dale Courtney, 27, a rookie in the state force, was felled by a shotgun blast yesterday in an abandoned farmhouse where the 14 year olds were hiding.

Held in the slaying and lesser crimes before and after the officers death are Henry Thomas O'Day, Portland, and John Wilson, Newberg. They fled from the State raining school at Woodburn Saturday evening.

PULLS TRIGGER

State Police Sgt. James Maulding said O'Day had admitted pulling the trigger of the shotgun. He said formal charges awaited action of the Washington County district attorney.

The sergeant said the blast also peppered Fred Plieth. He had alerted police and accompanied Courtney to the small house near his Tigard farm.

Sgt. Maulding said this was what then happened:

The boys fled in a car after taking Courtney's revolver and wallet. The aroused a sleeping housewife and demanded keys to her buick. Eluding a widening police net, the boys robbed a service station and later shot at a motorist before being captured.

YELLS AT BOYS

The motorist, Cecil Chambers, had yelled at the boys when they took license plates from his car near the coast. They fired Courtney's gun, one bullet piercing Chambers' coat sleeve. He tried to argue the boys into giving up their guns. They refused, but agreed to drive ahead of Chambers to state police at Tillamook and surrender. En route, they sped away from Chambers and wrecked the stolen Buick.

Sgt. Maulding said both boys calmly came out of the woods near Blaine when called by officers W. A. Ummel and T. E. Green.

The housewife, Mrs. Lee Roberts, said the boys had a revolver and a shotgun aimed at her door as she opened it. "We just killed a cop and are not afraid," she quoted one as saying. The service station owner, Les Howell, said one pulled a gun and ordered "you get in the house or I'll shoot you in the back."

Wilson had fled the school last April and was captured in El Cajon, Calif. O'Day was committed Sept. 8 on a car theft conviction.

Texas Christian University has had only three football coaches since 1923—Matty Bell, Francis Schmidt and Dutch Meyer.

Fire Truck Involved In Accident On Way To Answer Fire Alarm

Little damage resulted from a three-way collision at Avenue S and Twenty-fourth Street yesterday morning involving a car stopped at a traffic light, a fire truck, and a pickup driven by a volunteer fireman.

Fireman D. T. Pierce, 40, of 803 Twenty-eighth Street, was answering a fire alarm about 10 o'clock yesterday morning, driving the red two-ton 1949 Ford fire turck north on Avenue S. Reaching the intersection at Twenty-fourth Street, the truck struck the 1949 Ford pickup heading west, driven by volunteer fireman Jim Sullinger, 27, of 1008 Twenty-eighth Street, who was also on his way to answer the call.

Sullinger, a supervisor for the Lone Star Gas Co., came to the intersection going west when the truck hit the right rear fender of his pickup and caused it to spin and hit a 1941 DeSoto headed south on Avenue S which stopped at the traffic light there. Driver of the car was W. H. Thompson, 24, a Snyder truck driver.

Investigating, Police Sgt. J. C. Blakely found no injuries. Damage to the fire truck was estimated at $15 and damage to the other two vehicles was estimated at $40. All were still in driving condition, Blakely said.

The fire at 1005 Twenty-fourth Street was inside a house belonging to Jim Lock of Snyder. Most of the inside of the house was burned out before firemen could douse the fire.

Slight Injuries In Collision On No. 84

Three men and two women escaped injury about 7 o'clock last night when a car driven by O. B. Nichols, of Levelland, and one driven by Earnest M. Frey, 48, of Houston, collided head-on at the junction of the Fluvanna road and U. S. Highway 84, about 14 miles north of Snyder.

Bill Zimmerman, highway patrolman, who investigated the accident with his partner, E. W. Green, said the collision occurred as the north-bound Nichols car, a 1950 Buick sedan, left the highway on the west side as Nichols attempted to pass three other automobiles, then colliding with the right front fender of the Frey car.

Frey told officers he kept his car, a 1950 Oldsmobile sedan, on the highway because the Nichols car left the pavement and was coming toward his on the shoulder. Zimmerman said Nichols had driven away before he and Green arrived at the scene and that he had not talked with Nichols about the accident yet.

With Frey were his wife and another couple. Nichols was believed to have been alone. Damage to the two automobiled was estimated at $400, Zimmerman said, although he added he had not yet seen the Nichols car.

Grocery Store Sold to Couple From Hobbs,

Goodman Grocery and Market at Twenty-eighth and Avenue K was sold and put under a new management last week.

Mr. and Mrs. W. B. Goodman, who have owned and operated the store for more than a year sold it to the Eugene Davisons. The deal was closed last week through the Jack and Jack Realty Co.

Mr. and Mrs. Davison have been in Snyder for 15 months. They were in the water well drilling business prior to purchasing the grocery store. They came here from Hobbs, N. M.

The store which is adjacent to the new elementary school on Avenue K will carry on the same policy as the store had before.

Being so close to the school, Mr. and Mrs. Davison will continue the Goodman policy of catering to the school children. They have short orders for their lunches and carry school supplies. The store is popular with students.

The store opened on Aug. 10 of last year, a few months before the new school opened. The Goodmans expected to have a small, slow business here. But their business got so big that the couple felt it was too much for them to handle. They are retiring now to Tyler Tex., which is their home, and turning the business over to younger people.

Funeral in Slaton For Restaurant Owner Here

Funeral services will be in Slaton tomorrow afternoon at 2 o'clock for Jake Hill, 54, Snyder Negro.

Hill died about noon yesterday of a heart attack before those aiding him could get him to the Snyder Hospital.

A cafe owner in the Negro section of Snyder, Hill has been a local resident several months.

Burial will be in the Slaton Cemetery. Bolger-Barnes Funeral Home is in charge of funeral arrangements.

Hill is survived by his wife, Mrs. Martha Hill, one daughter, Delois Palmer of Slaton, five brothers and three sisters.

Shoe Store Has Big Selection

Myron Fenton is pictured here as he displays part of his wide selection of ladies' Shoes to Mrs. Delbert Randolph and Mrs. M. D. Faver at the Fenton-Thompson Shoe Store. Fenton, a partner in the business, operates his store at 1712 Twenty-fifth Street. It is the shoe store for the whole family. — (J. Lawrence Devers photograph).

Bargaining Election Set At Phillips Plant

WASHINGTON, Oct. 2. (AP)—The National Labor Relations Board ordered a bargaining election today among clerical employes of Phillips Chemical Co.'s Port Adams plant.

The election, sought by the CIO Oil Workers International Union, is to be held within 30 days.

Howell's Has Every Electric Building Need

For home builders and remodelers, wiring and electrical fixtures are an indispensable item. Howell Electric is one-stop business for these needs.

The shop at 1507 Twenty-sixth Street has on hand now a beautiful selection of chimes, that are all connected so they can be heard.

Along with these Howell's has a large variety of light fixtures. Seventy-nine of them are connected and will work right in the shop.

Howell's main line of business is contract wiring in both the commerical and residential line. They have on hand wire and parts to handle any job. They have just completed the wiring of the new Village Restaurant and Wimberly Hardware Co. on Twenty-fifth Street.

Service and repair work are a specialty of Howell Electric. They take pride in this work, and are ready to make trouble calls day and night.

For the installation of new wall plugs and fixtures, particularly for those remodeling, Howell's has all the necessary equipment to handle the job.

Howell Electric also has a nice selection of electrical appliances.

Man Charged With Murder Out On Bond

NASH, Oct. 2. (AP)—C. B. Hancock, charged with murder, told the county attorney he shot a 32-year-old father because the man slipped into bed with the Hancocks' 15-year-old daughter and two younger children and then refused to leave the house.

Hancock was charged in the death of Fletcher Pruitt. He was freed on $5,000 bond pending action by the Bowie County grand jury.

Miss Joy Ann Tapp Is Wed to Jim Cutshall

A graceful arrangement of candelabra, dahlias, and gladioli formed the background for the nuptials of Mr. and Mrs. Jim A. Cutshall yesterday afternoon at the First Methodist Church.

Mrs. Cutshall is the former Miss Joy Ann Tapp. The couple were attended by Miss Margaret Scott, Mrs. Cutshall's cousin, and B. L. Fore, who is employed with Mr. Cutshall.

Mrs. Lucille Dougherty at the organ played traditional wedding music. Mrs. Jim Rhodes sang "I Love You Truly" and "'Til The End of Time."

Mrs. Cutshall wore a navy taffeta dress of street length with a shoulder corsage of pink carnations. She wore pearls and carried a white Bible, to which a gardenia trailing with satin streamers was attached. Her gloves were white, her hat of pink beaver with sequin designs.

Outof-town wedding guests were H. E. Cutshall from Breckenridge, Tex.; Mr. and Mrs. W. M. Carnant from Lubbock; Mr. and Mrs. Oliver Woodward from Azle, Tex.; Mr. and Mrs. W. A. Scott from Anson, Tex.; Mr. and Mrs. J. T. Dendy from Strawn, Tex.; Miss Inez Bauma from Abilene; Miss Mary Beth Cutshall and Miss Anna Laura Cutshall from Azle; Miss Delores Amber from Fort Worth; and George Mason from Fort Worth.

Mr. Cutshall is a lineman for Southwestern Bell Telephone Co.

Both Mr. and Mrs. Cutshall have been in Snyder only a short time.

The Rev. W. W. Adcock, pastor of the Methodist Church, performed the ceremony.

Miss Teague to Model In Baylor Style Show

Miss Nancy Teague, a sophomore at Baylor University, has been selected as a model for the annual Delta Alpha Phi style preview in Waco.

Miss Teague is the daughter of Mr. and Mrs. J. S. Teague, 2911 Avenue S. She is active in all acitivities of Delta Alpha Phi, her sorority, and in the approaching style show will model new fall clothes.

Miss Teague is majoring in drama, minoring in music education. She is a member of the West Texas Club. She is expected in Snyder next week end for a visit with her parents and friends.

PERSONALS

Mr. and Mrs. Nolan von Roeder plan to leave Wednesday for a two or three week vacation trip to California. They will visit with Mrs. von Roeder's brother, Herman Maxwell, in Long Beach, Calif., continuing on to spend some time with Mrs. von Roeder's uncle, Homer Maxwell in San Francisco.

Local women attending the annual conference of the Wesleyan Service Guild at the Highland Heights Methodist Church in Sweetwater Saturday and Sunday were Mrs. Ralph Odom, Mrs. Bob Dupree, Mrs. J. Q. Littlepage, Mrs. T. W. Pollar, Mrs. C. R. Burk, and Mrs. W. W. Adcock.

TALK OF THE TOWN

BY FRANCES BIOW

The Sunday issue of the Daily News carried this arresting bit of news: "In an effort to improve FIGHTING (should have read lighting) in the home, the Texas Electric Service Co. is beginning a month-long campaign today, offering 150-watt "bonus bulbs" to customers buying six other bulbs." It is our hope that the company can successfully live up to this promise of domestic peace. In the event their 150-watt bulbs don't stop that family haggling, you can always blame it on one of those typographical slips which are ever present in the newspaper world.

* * *

The only southwest appearance of Sadler Well's Ballet will be at the State Fair Auditorium in Dallas Nov. 25-27. The British ballet company hits the boards for one Sunday matinee, three other shows. Prices are $4.80 and $4.20, lower floor; $3.90, $2.80, $2.10, balcony. Address ticket orders to the State Fair Auditorium, Dallas, sending self addressed envelope.

* * *

Snyder goes to a wedding gown tea party:

MRS. NOLAN von ROEDER was introducing to everyone her house guest from Houston, J. ROSA ENGELKING, who this year retired after 50 years of school teaching . . . MRS. OSCAR WEBER explaining each hour she occupied the same chair so she could reach down and straighten MRS. BILLY GENE SLOVACEK's fabulous long train when it caught on the bottom step; MRS. W. W. PARK in a billowing black evening gown with a dramatic broad splash of crimson circling the skirt; MRS. C. R. COCKRELL with the surprise-touch of a red feathered chapeau chicly complimenting her black sheer frock. She was there shepherding her daughter, BARBARA, who sang. . . Finale note: MRS. R. H. CURNUTTE's cryptic statement over the phone next morning, "Well, it's over. The only difference is I just had a few more cups of coffee this morning."

Trellice Eicke Weldon Perry Wed Saturday

A double ring ceremony in the parsonage of the First Methodist Church Saturday morning marked the nuptials of Mr. and Mrs. Weldon Perry. Mrs. Perry, the former Miss Trellice Eicke, is the daughter of Joe Eicke, who resides east of Snyder. Mr Perry is the son of Mr. and Mrs. J. E. Perry, who are ranchers west of Snyder.

Mrs. Perry was attended by her sister, Mrs. James Ray Hill. Mr. Perry's twin brother, Eldon Perry, was his best man. Other members of the wedding party were Mr. and Mrs. Lee Thompson and Miss Annie Mae DeShazo. The Rev. W. W. Adcock officiated at the ceremony.

Mrs. Perry wore a wool jersey street length frock of black and aqua with a shoulder corsage of white gardenias. Mrs. Hill, her matron of honor, wore a gray and mellon jersey complimented by white carnations.

Mrs. Perry attended Snyder High School and was graudated in 1950. Mr. Perry was graduated from Snyder High School in 1948.

After the ceremony the couple left for a wedding trip to Dallas and other points, during which they planned to visit the State Penitentiary Rodeo in Huntsville, Tex. Upon returning, they will make their home eight miles west of Snyder, where Mr. Perry farms.

No Whistler At Wedding

NEWORLEANS, Oct. 2. (AP) — Herbert Belsom and his comely bride begin a Florida honeymoon today after defying the reported threats of the phantom whistler of Paradise.

Belsom, 26-year-old state trooper, and Jacqueline Cadow, 18, were married yesterday in Our Lady of the Most Holy Rosary Church at Taft, 25 miles west of New Orleans, and 10 miles from Paradis, scene of the threats. After a reception, the couple came to New Orleans for a flight to Miami, Fla.

The church was crowded by the curious attracted by publicity arising from reports of nocturnal funeral marches and threats.

Mrs. Clifford Cadow, the girl's mother, treated lightly any mention of the whistler at the reception. A few weeks ago she said someone was whistling funeral dirges around the Cadow home and telephoning threats that the wedding never would take place. Sheriff Leon Vial of St. Charles Parish county said his investigation disclosed no whistler who was a menace to the Cadow family.

There was only one flaw in the wedding plans .The ceremony was delayed about 20 minutes while a messenger sped from Taft to Paradis for the marriage license. Belsom had forgotten it.

Birthday Party For George Wesley Frost

Mr. and Mrs. Claude Lee Frost, 1411 Thirty-first Street, Sunday entertained friends of their small son, George Wesley Frost. The occasion was his fourth birthday.

Mrs. Frost served cake, ice cream, punch, and popcorn and gave prizes to the following neighbors: Mrs. Buster Lowery and Mary Jane Lowery, Betty Lowery, Lou Lowery, and Henry David Lowery; Mrs. Chester Thomas and Margaret Thomas and Polly Thomas; Mrs. Paul Clark and Jerry Clark, Alice Clark, Shirley Clark and Glenda Clark; Mrs. Harold Rector and Crystal Rector, and James Harold Rector; and Mrs. Paul Hodge and Sue Allen Hodge.

General Walker Cited For Korean Bravery

TOKYO, Oct. 2. (AP) —The commander of the U. S. Eighth Army in Korea, Lt. Gen. Walton H. Walker of Belton, was cited for bravery yesterday by Gen. MacArthur.

MacArthur awarded Walker an Oak Leaf Cluster to his Distinguished Service Medal.

Gorilla Chased Back To Cage By Small Snake

CHICAGO, Oct. 2. (AP) —Bushman, the gorilla who fears no man, escaped from his cage yesterday. A little garter snake finally chased him back inside.

The glowering, barrel-chested, 550-pound ape roamed through a corridor and monkey house kitchen for more than two hours.

A dozen Lincoln Park policemen armed with rifles and shotguns stood guard inside the monkey house as keepers tried to coax Bushman back to his cage.

Outside other policemen kept a Sunday crowd of 500 spectators at a safe distance.

Only fragile (for Bushman) wire netting over the windows and wooden doors barred the big ape from the crowded park grounds outside.

Edgar Robinson, who raised Bushman from infancy, tried to lead him back to the cage, but the animal bit his arm. Bushman ignored fruit and other food placed inside his cage as a lure.

Finally keepers shoved a baby alligator through the kitchen window. Bushman retreated to the corridor but wouldn't go any farther. Then keepers pushed the two-foot garter snake under the kitchen door leading to the corridor.

Bushman couldn't take it. He hurried into his cage.

The gorilla apparently pushed open a sliding door of his cage to escape.

Oil and Gas Tanks Are Destroyed By Blaze At Port Arthur Plant

PORT ARTHUR, Oct. 2. (AP) — Eleven large oil and gas tanks had been destroyed and three still were burning today at the Texas Co.'s largest refinery and storage area.

Massive columns of smoke and flame rose today from the plant area about two miles west of Port Arthur and 12 miles from the Gulf of Mexico.

The blaze broke out about 1 o'clock yesterday morning and quickly was spread to other tanks by a stiff east wind.

The Texas Co. declined today to estimate its loss but experienced observers said damage would run between a million and a million and a half dollars.

The spectacular blaze lit up the sky and countryside for miles around as trained Texas Co. crews fought the blaze.

The refinery itself not far from the tank farm which caught fire, was not set afire largely because of the favorable direction of the wind.

Austria Head Charges Reds

VIENNA Austria Oct. 2. (AP) — Austrian officials charge Communist plans for a general strike Wednesday are aimed at destroying the Austrian state and warn they will use force if necessary to deal with the situation.

Ferdinand Graf state secretary in the interior ministry, said the Russians obviously were inspiring the threatened strike to "upset Austria's economy and thus undermine our sovereignty."

"As a result of their catastrophic failure in Korea," Graf said, "Cominform strategists have given orders to their Austrian hirelings to do everything they can to destroy the peace and inner order of our country."

The Communists have warned that a general strike will be staged if Red demands for higher wages are not met.

No Trace Found Of Miss Seoul City Sue

SEOUL, Korea, Oct. 1. (AP) — Delayed — Municipal authorities said today no trace of Seoul City Sue, the North Korean woman radio announcer, has been found here.

No identification of the woman has been made.

Texas Naturalist Dies

SAN ANTONIO, Oct. 2. (AP) — Albert J. Kirn, 65, one of Texas' foremost naturalists, died here yesterday. Services will be held tomorrow at Somerset.

He had nearly completed on a treatise on birds of Southwest Texas.

He was a former treasurer of the Texas Academy of Science, and a member of the American Society of Mammalogists the American Ornithologists and the American Society of Herpetoligists.

Eleven Die In Accidents Over The Week End

(By the Associated Press)

At least 11 persons died violently in Texas six in traffic accidents, over the week end.

Four persons were shot to death and one died of strangulation.

There were six traffic deaths, three shootings and one strangulation.

Three men—the Rev. T. A. Sutton, 42, of Abilene, Garth McKinney of Dallas and Eugene Munns, 30, of Wills Point—were killed instantly in a head-on collision near Roby Sunday. Munn's wife was critically injured. Sutton was traveling alone to Dermott, where he was to conduct church services. The others were on their way home from a vacation in Colorado.

C. Z. Munson, 76, of Beaumont was killed instantly Sunday when the car in which he was riding overturned near Stoll.

Harlin Haley, 21, and Braden Haley, 43, believed to be brothers, of George West were killed Saturday in a head-on collision south of Alice. Three persons were injured.

Matilda Rinebolt, 67, was found shot to death in her bed in Dallas early Sunday. A pisotl was in her hand. She had been in ill health.

Edgar Jones, 47, of Regency, Mills County, died Saturday in a Brownwood hospital after he was found-shot at his home. Jones had been in bad health.

Charles Bryan Burks, 54, of Tyler was found dead Saturday at the edge of a Dallas creek. Justice of the Peace W. E. Richburg returned a verdict of accidental death Sunday and said Burks evidently fell into the water and strangled.

I. J. Jones, 34-year-old Negro, was shot to death in Dallas Sunday in a quarrel over a business deal. A 50-year-old friend of Jones' was arrested.

Hear Eight Charges In Justice Court

Justice court began the new month with eight cases filed this morning, two of them charges of speeding on highways, one a charge of operating a vehicle without a Texas registration, and six charges of drunkenness.

Those charged with drunkness, five men and one Negro woman, pleaded guilty and each was assessed a fine of $1 and court cost of $13. The traffic cases had not been heard at noon.

During September 157 misdemeanor and traffic cases were heard in justice court. Fines and court costs for the month totaled $2,625, with $631 being assessed as fines and $1,994 as costs.

Mrs. R. C. Walton is a patient in the Hendrick Memorial Hospital in Abilene where she underwent surgery last week. Mrs. Walton resides a few miles south of Snyder.

LEGAL Notice

NOTICE

TO THE REAL AND TRUE OWNERS, WHETHER HEREINAFTER NAMED OR CORRECTLY NAMED OR NOT, OF PROPERTY ABUTTING UPON AVENUE R AND THIRTEENTH STREET AND SUNDRY OTHER STREETS AND AVENUES WITHIN THE LIMITS HEREINAFTER DESCRIBED IN THE CITY OF SNYDER, TEXAS, AND TO ALL OWNING OR CLAIMING ANY SUCH ABUTTING PROPERTY, OR ANY INTEREST THEREIN, AND TO ALL INTERESTED IN ANY OF THE PROCEEDINGS, CONTRACTS OR OTHER MATTERS HEREINAFTER MENTIONED.

Notice is hereby given to the real and true owners, whether hereinafter named or correctly named or not, of property abutting upon Avenue R and Thirteenth Street and sundry other streets and avenues, within the limits herein defined, in the City of Snyder, Texas, and all persons owning or claiming any such abutting property, or any interest therein; and to all others claiming or interested in any of said property, or in any of the proceedings, contracts and matters herein mentioned, that:

The City Council of the City of Snyder, Texas, by duly enacted Ordinance, dated Aug. 14th, 1950, has determined the necessity for, and ordered the permanent improvement of, the following streets within the following limits, in the City of Snyder, Texas, to-wit:

72. Avenue R and Thirteenth Street. Avenue R from the N. Prop. Line of 24th Street to the N. Prop. Line of 13th Street and Thirteenth Street from the W. Prop. Line of Avenue R to the E. Prop. Line of Avenue S to be known as unit number seventy two.

73. Avenue S and U. S. Highway 84. From the N. Prop. Line of 24th Street to the N Prop Line of 8th Street. Block 3 of Scarborough Subdivision, to be known as unit number seventy three.

by raising, grading, filling, widening, paving, repaving or repairing same and by constructing, reconstructing or realigning concrete curb and gutters where determined necessary by the City Engineer, said streets, and in making and levying said assessments against the property abutting upon one of said Units no matter or circumstance in connection with any other of said Units shall be considered or have any effect upon the other, all as fully and to the same extent as if separate proceedings and contracts had been had and executed with reference to the improvements to be made in each of said Units.

A Hearing will be given and held by and before the City Council of the City of Snyder, Texas, on Oct. 10th, 1950 at 8 o'clock p. m. in the Chamber of the City Council in the City Hall of the City of Snyder, Texas, to the real and true owners, whether named or correctly named herein or not, of all property abutting upon said streets and avenues within the limits above defined, and to all persons owning or claiming any such abutting property, or interest therein and to all others owning, claiming or interested in said abutting property or any of the proceedings, contracts or matters and things herein mentioned or incident to said improvements or contracts or matters and things herein mentioned or incident to said improvements or contract herein described.

At said time and place all such persons, firms, corporations and estates and their agents and attorneys, shall have the right to appear and be heard and offer testimony as to the said assessments, and to the amount thereof, proposed to be assessed against said abutting property, and the real and true owner or owners thereof, the lien and charge of personal liability to secure payment of said assessments, the special benefits to accrue to each such abutting property and the owner or owners thereof by virtue of said improvements if any, or covering any error, invalidity, irregularity, or deficiency, in any proceedings or contract in reference to said improvements, and said proposed assessments, and concerning any other matter or thing as to which hearing is a constitutional prerequisite to the validity of said assessments, proceedings and improvements and on which they are entitled to a hearing under the laws of the State of Texas and the proceedings of said City Council of the City of Snyder, Texas.

Following such hearing, assessments will be levied against each and every parcel of property abutting upon said streets and avenues, within the limits herein defined, and the real and true owners thereof, for that portion of the costs of said improvements determined by said City Council to be payable by such abutting properties, and the real and true owners thereof, and said assessments shall be and constitute a first and prior lien upon said abutting property, from the date said Improvements were ordered by said City Council and shall be a personal liability and charge against the real and true owners thereof, as of said date, whether such property be described or correctly described, or such true owners be named, or correctly named in said proceedings or not, and no error or mistake or discrepancy in the names of such owner or owners or in describing said property in this notice or in any of said proceedings with reference to said improvements, shall invalidate any assessment or certificate issued in evidence thereof, but nevertheless each parcel of property abutting upon each of said streets and avenues, and the real and true owner or owners thereof, shall be charged with, and be liable for, said assessment, which shall be valid whether or not such owner or owners be named or correctly named, or such property be described or correctly described, all as provided for under the Acts of the Forty-first Legislature of the State of Texas, First Called Session, Chapter 106, commonly known as Article 2105.b, Revised Civil Statutes of Texas as amended, and adopted by said City Council as the Acts under which said Improvements, proceedings and assessments are being constructed, performed and levied.

Of all said matters and things, all owning or claiming any such abutting property or any interest therein, as well as all others in anywise interested or affected by, the things and matters herein mentioned, will take notice.

DONE by order of the City Council of the City of Snyder, Texas, this the 28th day of Sept., 1950.

F. G. SEARS, Mayor
Attest: CLARA JONES, City Secretary.

Two Atlantic Storms Grow

MIAMI, Fla., Oct. 2. (AP)—Weather observers kept track of two disturbances today, one a hurricane near Bermuda and the other a storm in the Gulf of Mexico.

The Atlantic hurricane—seventh of the season—was stalled about 180 miles south of Bermuda. The Miami Weather Bureau said slight intensification was expected but with little or no forward movement in the next few hours.

Winds were up to 100 miles an hour around a small center and gales extended outward 200 to 250 miles.

The gulf storm, with winds of 40 to 50 miles per hour, was accompanied by squalls extending outward about 150 miles to the north and northeast of the center.

It was expected to move very slowly west northwest or northwest with some increase in intensity likely. Small craft along the Louisiana coast was advised to remain in port.

Great Mistakes of World War II

Unconditional Surrender Seen As Most Costly War Blunder

By HANSON W. BALDWIN
(Military Analyst of the New York Times)
Second of a Series

Unconditional surrender was perhaps the biggest political mistake of the war.

In World War I, Wilson took care to distinguish between the Kaiser and the militaristic Junkers class and the German people. In World War II, Stalin drew a "clear line between Hitler and the Nazis and the German people, and even the German Army.

ALL-OUT RESISTANCE

The opportunity of driving a wedge between rulers and ruled, so clearly seized by Wilson and by Stalin, was muffed by Roosevelt and Churchill. Unconditional surrender was an open invitation to unconditional resistance. It discouraged opposition to Hitler, probably lengthened the war, cost us lives, and helped to lead to the present abortive peace.

This policy grew in part out of the need for a psychological war cry. In part it was intended as a reassurance to the Bolshevik leaders that there would be no compromise with Hitler and that the Allies would fight on to total victory.

The haunting fear that motivated so many of our actions during the war—the fear of a separate Russian peace with Germany — and Russia's growing suspicions of her Western Allies because of their inability up to that time, January, 1943, to open a "second front" on land in Western Europe, dictated the famous declaration of Casablanca.

It is noteworthy that Stalin was never associated with formulating "unconditional surrender" as a doctrine. He later specifically criticized this doctrine. He took peculiar care to differentiate between the unconditional surrender of Hitlerism, and the unconditional surrender of Germany.

STALIN UNDERSTOOD

Obviously the more complete the German defeat, the greater the extension of Russian power, but Stalin understood well the political advantages of strengthening the anti-Hitler opposition in Germany. In one pronouncement November 6, 1942, Stalin even promised that a German defeat would not mean the end of "all military force in Germany," and the Soviets took active measures through the Free Germany committee, the Union of German Officers, and the high-ranking Germans captured at Stalingrad and elsewhere to build up an active opposition to Hitler.

Despite pressure from the British, the Russians, and strong and repeated demands from Anglo-American military leaders for a definition of unconditional surrender which would strengthen the opposition to Hitler, hasten the end of the war, and provide a positive —instead of a purely negative — war aim, the President never retreated from the Casablanca dictate.

Not until December, 1944, with the war almost ended, in the directions sent Eisenhower for the military government of Germany, were our propagandist able to indicate to the Germans the hard terms that faced them.

GOEBBELS CAPITALIZED

Captain Harry C. Butcher, USNR, notes in his dairy, "My Three Years With Eisenhower," under entry of April 14, 1944, "There is a feeling that at Casablanca, the President and the Price Minister, more likely the former, seized on Grant's famous term without realizing the full implications to the enemy. Goebbels has made great capital with it to strengthen the morale of the German Army and people . . ."

The President was the author of the famous phrase. Elliott Roosevelt in his book, notes that at luncheon on January 23, 1943, in his Casablanca villa, the phrase unconditional surrender was born:

"For what it is worth, it can be recorded that it was Father's phrase . . . Churchill, while he slowly munched a mouthful of food, thought, frowned, thought, finally grinned, and at length announced, 'Perfect, and I can see just how Goebbels and the rest of 'em'll squeal.' "

The phrase, however, was not a casual inspiration as it has been made to appear, for subsequent events showed it was deeply embedded in Roosevelt's war philosophy and he resisted attempts to modify the doctrine.

CHURCHILL BANKS UP

Churchill, in a debate in Parliament July 21, 1949, tried, inferentially, to dis-associate himself from the policy. He stated that at Casablanca President Roosevelt broached the subject "without consultation with me" and said it was not his "idea."

Mr. Churchill did, however, "give support" to the policy, and on November 17, 1949, in another statement to Parliament, Churchill corrected his own faulty memory, and substantiated, in general, the account given by Elliott Roosevelt.

Strangely enough, however, the official communique of the Casablanca conference did not mention the phrase unconditional surrender, and it remained for President Roosevelt to use at a press conference a phrase that, according to Mr. Churchill, had just popped into his mind.

FDR WAS ARCHITECT

Roosevelt's debonair use publicly of a phrase that had just "popped into his mind" could not possibly have been the sudden carelessness such a description implies. The evidence is overwhelming that unconditional surrender and its implications were dsicussed in private at Casablanca prior to public announcement; and Roosevelt was the principal architect of the phrase and of the policy, which was a carefully calculated one.

Regardless of its origins, there is no doubt that it caused grave harm.

The German underground, as noted by Albrecht von Kessel in his dairy, felt the unconditional surrender formula greatly handicapped their efforts.

In the negotiations leading up to the Italian surrender and collapse, the harsh and strident note of unconditional surrender, modified only slightly and then but temporarily, probably delayed the inevitable collapse of Italy four to six weeks—ample time to permit the reinforcement of the Italian front by the Germans, a reinforcement which was the direct cause of the bloody stalemate that ensued.

DROVE THEM TO HITLER

The doctrine of Casablanca was in direct contradiction to the assurances given by the British government in public speeches and in private conversations in 1939-40 that a Germany which had rid itself of Hitler and his associates would be an acceptable basis for peace talks. Edward C. W. von Selzem, in a letter to The New York Times, points out that the "declaration drove most of the vacillating generals away from the opposition and attached them for better or worse to Hitler."

The Casablanca conference, with its unconditional surrender doctrine, indicated the Presidential predilection for intuitive decisions and personalized policies—a fault shared to a considerable degree by Churchill, whose ideas, however, were more fully tempered by a riper wisdom and more seasoned advice.

The Casablanca policy came to logical fuition in the Morgenthau "pastoral Germany" policy at Quebec in September, 1944. The outlines of this plan, which fortunately quickly was abandoned — "leaded," and this dire American blueprint for Germany's tomorrow undoubtedly still furthered stiffened Nazi resistance during the last months of the war.

DELAYED VICTORY

Unconditional surrender was a policy of political bankruptcy. It delayed our military objective—victory—and confirmed our lack of a reasoned program for peace. It cost us dearly in lives and time, and its essentially negative concept has handicapped the development of a positive peace program.

"War to the bitter end," writes B. H. Liddell Hart, the British military expert, "was bound to make Russia 'top dog' on the Continent, to leave the countries of Western Europe gravely weakened and to destroy any buffer."

Unconditional surrender could only mean unlimited war, and unlimited war has never meant—save in the days when Rome sowed the fields of Carthage with salt and destroyed her rival with fire and sword—a more stable peace.

This political policy, coupled with a military policy of promiscuous destruction by strategic bombing, could not help but sow the dragon's teeth of future troubles.

(From the book "Great Mistakes of The War," copyright by Hanson W. Baldwin, 1950, and reprinted by special arrangements by Harper & Brothers, Co.)

Injured Columnist To Be Released From The Hospital Late Today

COLUMBUS, O., Oct. 2. (AP)—Joe Williams, New York sports columnist injured in a plane crash Saturday night, is scheduled to be released from Cross.

The New York World-Telegram and Sun writer said he would return immediately to New York in time for the first game of the World Series.

Williams suffered no fractures or serious injuries. The pilot burned to death. Two other passengers, Lester Scott, director of the New York Knickerbockers of the National Basketball Association, and Paul Jones, manager of the sports department of Mutual Broadcasting System, were treated for minor injuries.

The plane belonged to John Galbreath, president of the Pittsburgh Pirates, who was host to the three men at the Ohio State-Southern Methodist football game. The plane crashed on Galbreath's private field.

Hull Warns U.S. Of Dangers Of Soviet Russia

By JOHN M. HIGHTOWER
(By the Associated Press)

WASHINGTON, Oct. 2.—Former Secretary of State Cordell Hull advised the non-Communist world today to "get on fire with the spirit of liberty" in a "double alert" against the dangers of Soviet aggression.

In a birthday statement, the white haired former cabinet officer praised the effectiveness of the United Nations in dealing with Red aggression in Korea, but he warned that "grave difficulties and dangers still confront us on all sides."

79 TODAY

Hull is 79 years old today. It is exactly six years since he wound up his work in the State Department, beset by a long illness which forced his retirement. He formally resigned as secretary in November, 1944, and was hailed by the late President Roosevelt as the "father of the United Nations."

Since then he has largely recovered his health and for many months has been able to receive friends regularly, and to leave his apartment in a Washington hotel almost daily for an automobile drive or a walk.

Through conversations with government officials and through close attention to press and radio, he keeps in touch with daily developments in the world and particularly with the work of the United Nations which he played a large role in creating.

In the birthday statement issued today, Hull said that "people everywhere should be highly gratified to observe that the United Nations has proved capable of acting effectively to oppose aggression."

DIFFICULTIES

"Grave difficulties and dangers still confront us on all sides," he continued. "But I am certain that with time and patience, and with devotion and sacrifice on the part of the free nations, the United Nations will steadily grow in strength and capacity to fulfill its central function, the preservation of international peace and security."

To this end, Hull said, every free country now needs more than ever before "an informed, responsible and public spirited citizenry."

In the United States, he added, one great question "is whether we can stand united and strong as we face the challenge of aggression and subversion." He added:

"Never before have we so desperately needed knowledge and understanding of foreign affairs by American men and women and constructive public discussions of the problems involved, but always in a spirit of true non-partisanship and with the national interest alone at heart."

Parachute Jumper To Try For New Mark

BLYTHEVILLE, Ark., Oct. 2.—A paratrooper who's out to top his Army buddy's world record for consecutive parachute jumps may try again later this week.

Sgt. Howard Griggs, here on furlough, peeled off 25 jumps at municipal airport yesterday but quit when a gusty south wind started whipping him around like an autumn leaf.

"The wind got too strong and my elbows were hurting," said Griggs. He injured his elbows on the first jump but continued after first aid.

The unofficial record he was trying to top is 123 jumps, held by J. W. Swetich, who also is stationed at Fort Bragg, N. C., with the 182nd Airborne Division.

Two Alabama Men Are Tried

BIRMINGHAM, Ala., Oct. 2. (AP)—The State of Alabama today resumes its efforts to win convictions under a law which halted masked raids by white-robed Alabama nightriders.

Two of 18 men indicted by a grand jury which investigated an outbreak of hooded hoodlumism last year were called to trial today. They are charged with flogging while masked.

The defendants are Bret Brasfield and A. Byrd Carradine, a school bus driver. Carradine was tried last fall, but the jury was unable to arrive at a verdict.

Four flogging trials in addition to Carradine's previous hearing ended with the juries freeing the accused men.

Brasfield and Carradine are being tried under a law passed by the state legislature following a wave of terror raids.

Both men and women were dragged from their homes and flogged. Crosses were burned by robed men whose faces were shielded by hoods.

State officials accused the Ku Klux Klan with some of the illegal violence, but Klan officials denied any part in the night-riding. Both Carradine and Brasfield have been identified at previous trials as KKK members.

Second British Group On The Way To Korea

LIVERPOOL, Eng., Oct. 2. (AP)—A second British contingent for Korea—800 men of the First Battalion Royal Ulster Rifle Regiment—was on the high seas today.

It sailed yesterday aboard the troopship Empire Pride, with many of the men asking War Minister John Strachey at the dockside here: "How long shall we be away?"

"There is no answer to that question, although of course the position is more encouraging for you now," Strachey replied.

The first British contingent of 1,500 troops was sent from Hong Kong late in August. The government announced in mid-September it planned to send a total of about 5,500 troops to Korea.

Reserve Officers Give Approval On Draft

DALLAS, Oct. 2. (AP)—The National Executive Committee of the Reserve Officers Association said Sunday mobilization should be continued until the threat of Communism is removed.

"What we mean by our resolution," said Col. Charles W. Skelle of Deruyter, N. Y., committee president, "is that we shouldn't call it quits and demobilize now that the Korean situation seems to be under control."

The committee met here because many of its members had attended the Air Force Reserve convention in Fort Worth last week.

(Continued from Page One)

and Balboa Oil Co. of Midland No. 1 Lawrence D. Brooks cut five-inch casing set at 6,691 feet and pulled it up to 5,875 feet and re-cemented it at that point.

The prospector is now plugged back to 6,018 feet waiting for shot at 5,875-6,018 feet. That interval will be shot with 600 quarts of nitroglycerin.

Pay in the lower Permian lime in the Strawn is at 5,950-6,005 feet. Operator plans to shoot the hole Sunday.

The explorer was drilled to a few feet below 7,500 and tested water in the Ellenburger. Operator tested back up the hole to its present plugged back total depth and did not find possibilities of commercial production.

Location of the No. 1 Brooks is 660 feet from north and west lines of section 21, block 3, H&TC survey.

GLASSCOCK WELL

On a drillstem test from total depth of 6,055 feet in Spraberry sand, R. R. Herrell No. 1 Marshall Cook, Central Glasscock County wildcat, recovered 90 feet of very slightly oil cut mud.

Previous to the test a core was taken from 6,005-6,055 feet. Recovery was 50 feet of sand bleeding oil.

There was a slight blow of air for the first 16 minutes of the one-hour test.

Operator is now drilling ahead below 5,005 feet.

The Spraberry was topped at 5,995 feet with an unreported elevation.

The No. 1 Cook is 660 feet from north and east lines of section 5, block 34, T-4-S, T&P survey. Drillsite is four miles west of Garden City.

Scheduled destination of the wildcat is 11,000 feet, which is sufficient to test the Ellenburger.

SHALLOW TEST

Coronet Oil Co. of Midland has spotted a shallow wildcat in Northeast Crockett County about 15 miles south of Barnhart.

The company's No. 88-A University will be 330 feet from south and east lines of section 21, block 45, University survey.

Projected depth is 2,000 feet. Cable tools will be used to drill the wildcat. Operations will begin at once.

Approximate elevation is 2,570 feet.

TERRY FLOW

In East-Central Coke County, five miles east of Robert Lee, Union Oil Co. of California No. 3-B McCutchen flowed 15 barrels of oil in 15 minutes on a drillstem test in Cisco sand at 3,970-80 feet.

On the drillstem test, taken for one hour and 53 minutes, gas surfaced in one and one-half hours. Oil headed in one hour and began flowing steadily in one hour and 23 minutes of the test through a five-eighths inch bottom hole choke.

This indicated producer, when completed, will bring the number of wells in the McCutchen Cisco sand pool to three.

The northeast offset to Union No. 1-B McCutchen, the discovery, and east offset to No. 2-B McCutchen, the second well, prepared to run five and one-half inch casing on bottom at 3,980 feet.

Completion try will be through perforations. The Cisco sand pay top is about flat with that in the No. 1-B McCutchen.

No. 3-B McCutchen is 660 feet from north and 1,980 feet from west lines of section 445, block 1-A, H&TC survey.

TO PLUG BACK

Humble Oil & Refining Co. No. 1 Midkiff, southeast Midland County test, has recovered fish and is preparing to plug back from total depth of 7,520 feet in sand to 7,425 feet and try to complete from the Spraberry section where it flowed some oil. The plugging back is calculated to eliminate most of the water this prospective wildcat discovery has developed.

On the last gauge reported, it made 7 ½ barrels of fluid which was 74 per cent oil and 26 per cent salt water in six hours. This fluid came from the zone at 7,451-7,520 feet.

The prospect had previously flowed an average of 8.6 barrels of 34-gravity oil plus 1.1 barrels of salt water per hour for 20 hours from the top of the Spraberry between 7,281 and 7,347 feet. This was before it was deepened to 7,520 feet.

The No. 1 Midkiff is 660 feet from north and west lines of section 46, block 38, T-4-S, T&P survey and 25 miles southeast of the City of Midland.

C. W. Murchison of Dallas No. 1 Canon, wildcat 660 feet from south and east lines of section 13, block 41, T-4-S, T&P survey, 24 miles southwest of the City of Midland and four miles east of the Sweetie Peck field, is progressing below 10,686 feet in lime and shale.

This project has also indicated production from the Spraberry section.

Drillsite is one and three-quarter miles north and one-quarter mile west of the Pegasus field.

MIDLAND WILDCAT

Magnolia Petroleum Co. is drilling below 10,657 feet in lime and shale on its No. 1 H. F. Timmerman, wildcat in West Midland County.

Location is 11 ½ miles south and west of the City of Midland, and 660 feet from north and east lines of section 8, block 40, T-3-S, T&P survey.

Magnolia No. 1 H. S. Collings, Central-West Midland County exploration is making hole below 11,458 feet in lime.

This development, which is one location north of the discovery well of the Parks-Ellenburger field, 11 ¼ miles southwest of the City of Midland, has shown for commercial production in the upper Wolfcamp at 9,181-9,250 feet.

Cumberland and Ted Weiner No. 1 Powell is deepening below 8,585 in lower Permian lime and shale. This test is at the center of the southwest quarter of the northwest quarter of section 4, block 36, T-4-S, T&P survey.

Operators will go to around 13,000 feet or to commercial production with toraty. It is two miles northeast of the Germania discovery.

ECTOR VENTURE

Vina Bagley estate of Midland No. 1 E. W. Cowden, wildcat in Southeast Ector County, four miles northwest of the Sweetie Peck field, is drilling below 6,210 feet in lime and shale.

It is on a spread of 2,000 acres out of the E. W. Cowden ranch which was purchased for an unreported cash consideration by Wright and McMillen of Midland.

They turned part of the acreage to the Bagley estate to drill, and retained some of the leases including some offsetting acreage.

It is being supported by General American Oil Co. and Phillips Petroleum Co.

Exact location is at the center of the northwest quarter of the northwest quarter of section 48, block 42, T&P survey.

MARTIN COUNTY

Ashland Oil & Refining Co. of Kentucky No. 1 Tant Lindsay, 8,000-foot wildcat in Central Martin County, has taken a drillstem test at 4,274-4,300 feet in a Permian lime section.

Tool was open one hour and shutin 15 minutes for a bottomhole pressure gauge. There was a strong blow of air throughout the test.

Recovery was 440 feet of oil cut mud and 930 feet of slightly oil cut water. Operator is now going in the hole to drill ahead below 4,300 feet.

Flowing bottomhole pressure was from 350 to 750 pounds and 15-minute shutin bottom hole pressure was 1,000 pounds.

No. 1 Lindsay is 12 miles north and slightly east of Midland and 12 miles northwest of Stanton. Exact location is 330 feet from south and west lines of section 17, block 38, T-1-N, T&P survey.

Gulf Oil Corp. No. 1-E-B George W. Glass, Southwest Martin County wildcat, 18 miles west of Stanton and 12 miles north of Midland, went in the hole with tubing and packer to swab on perforated section at 10,635-655 feet, in the Pennsylvanian.

The tubing plugged shortly after it was run and operator is now pulling it out of the hole to clean out.

The perforations are in a five-inch liner which is cemented at 10,821 feet. Drilled out depth is at 10,787 feet.

This prospector drilled to a total depth of 12,915 feet in the Ellenburger and made water in that formation.

It has been plugging back and testing since then in various sections up the hole which indicated possibilities of petroleum.

Up to now no sort of oil well has been developed.

Location is 1,980 feet from north and east lines of section 13, block 39, T-1-N, T&P survey.

McCULLOCH

A 900-foot cable tool wildcat has been staked in West-Central McCulloch County by Clinton E. Smith of San Angelo.

Location for No. 1 G. W. Davenport is 450 feet from west line of the 51-acre lease which forms a right triangle. Drillsite is five and one-half miles northwest of Brady.

Operations will begin immediately.

SALT WATER

Aurora Gasoline Co. No. 1 Mrs. Jewel Brannan, wildcat one and one-half miles east of Goodfellow Air Force Base at San Angelo, recovered 410 feet of salt water on a one-hour drillstem test from 5,313 feet to 5,325 feet in the Strawn.

Open flowing bottomhole pressure was 200 pounds, and 15-minute shutin pressure was 2,290 pounds.

The Strawn lime was topped at 5,280 feet on an elevation of 1,841 feet. This was correlated 549 feet on an elevation of 1,841 feet. This low to Shell Oil Co. No. 2 J. Willis Johnson, a failure about three miles to the northeast. Shell No. 2 Johnson was abandoned on total depth of 6,200 feet.

No. 1 Brannan is located 1,016 feet from south and 1,184 feet from east lines of the L. Schuchert survey No. 160 and two miles southeast of San Angelo.

FAILURE

Skelly Oil Co. No. 1 T. G. Stevenson has been plugged as a wildcat failure in Southeast Fisher County.

Operator quit this test on total depth of 4,003 feet in the Swastika after recovering only salt water on a drillstem test at 3,970-4,003 feet.

It was 467 feet from south and east lines of John Rodman survey No. 5 ½ and one and one-half miles southeast of Longworth.

About six miles northeast of Eskota in Southeast Fisher County, Stanolind Oil & Gas Co. has plugged and abandoned its No. 1 W. L. Barbee. Total depth is 5,100 feet.

This dry hole is 2,150 feet from north and 660 feet from east lines of a lease in the George Creath survey and one mile east of the Eskota pool which produces from the 4,400-foot level of the Pennsylvanian.

RUNNELS DRY HOLE

Callery and Hurt, Inc. No. 1 Edmond Englert, wildcat failure in West-Central Runnels County has been abandoned at 5,275 feet in Ellenburger.

Location was 660 feet from south and west lines of section 9, H&GN survey and one mile southwest of Norton.

The failure is one mile south and slightly west of Standard Oil Co. of Texas No. 1 Lilly, 5,451-foot Ellenburger dry hole.

Irish Score Against Carolina

End Jim Mutscheller (leaping) clutches the ball in the end zone for a first-quarter touchdown by Notre Dame against North Carolina in South Bend, Ind. The pass came from Quarterback Bob Williams (9, dark jersey). North Carolina identifiable players: Back Dick Weiss (79), Guard Don Kimel (62), Back Ted Hesmer (41); Notre Dame — Back Bill Gay (22), Center Jerry Grooms (50), Guard Fred Wallner (bottom, right, on knees).

Senate Crime Investigators Going Over Chicago Rackets

CHICAGO, Oct. 2 (AP) —With two gang-style killings heralding its coming a U. S. Senate crime investigating committee turned its sights on Chicago today.

George H. White, top committee investigator, arrived from Kansas City to hunt down and serve subpoenas on Chicago's reputed racket bosses. The committee will start closed hearings Thursday.

White, former head of the Federal Narcotics Bureau here, also is expected to delve into angles of the unsolved slaying of William J. Drury and possibly the killing of Marvin Bas.

Drury, a former police lieutenant turned crime investigator, was killed by shotgun assassins a week ago while a committee lawyer was trying to contact him for information on underworld activities. Bas, a lawyer, was slain by gunmen four hours later.

Although the killings have not been linked, both Drury and Bas reportedly offered to supply information on crime to John Babb, Republican candidate for sheriff of Cook (Chicaga) County.

White disclosed earlier in Kansas City that a subpoena has been issued for pretty Virginia Hill, girl friend of the slain gambler, Benjamin Bugsy Siegel. She will be asked to testify before the committee.

Siegel was shot to death in Miss Hill's swank Beverly Hills, Calif., home in 1947.

In addition to digging into organized crime, the Senate committee wants to look into such matters as "muscle persuasion." The city's loop hotels have been asked to tell who supplies their liquor, bar supplies and some services.

Fishing Licenses Cut Put Before District Court Judge In Austin

AUSTIN, Oct. 2 (AP)—A crowded court docket today brought another delay in the hearing of an injunction suit to stop the Game, Fish and Oyster Commission from issuing an increased quota of commercial fishing boat licenses.

Judge Charles O. Betts in 98th District Court postponed the hearing on agreement of both sides in the controversy. It was the fourth postponement for the hearing.

A new date was not immediately announced, but was expected to be decided later today.

The Texas Fisherman's Association, Inc., bought the court action after the commission increased next year's boat license quota from 1,550 to 2,325. The association charged the board exceeded its authority in granting the increase.

The increase was announced July 7 after the commission ruled last year's landing of 28,540,632 pounds of shrimp justified the new quota.

EVERY BITE A TASTE DELIGHT

Truman Enjoys Cruising About Quiet Waters

ABOARD YACHT COMMANDER, Chesapeake Bay, Oct. 2. (AP) — President Truman poked around the Chesapeake Bay today on his yacht the Williamsburg, apparently enjoying thoroughly his first extended rest since last spring.

With a small party of aides, the chief executive left Washington late Saturday on an eight-day cruise down the Potomac River and on quiet Chesapeake Bay waters.

Newsmen aboard this accompanying yacht spotted Mr. Truman yesterday. He was wearing a colorful sports shirt and a sea-going yachtman's cap. Earlier he had sunbathed on deck and thumbed through the Sunday papers.

When the commander came alongside the Williamsburg late yesterday, Rear. Adm. Robert L. Dennis, Mr. Truman't naval aide said there would be no comment on Korean war developments.

The chief executive was in constant touch with world developments. Hourly news summaries were being radioed to him by the Defense Department.

The Williamsburg anchored last night in the vicinity of the Patuxent Md., naval air station after spending the previous night at Quantico, Va.

Weather Is Mixed At All Points Of Nation

CHICAGO, Oct. 2. (AP) — Autumn behaved like winter and summer today.

It was blustery and cold in the Pacific Northwest, northern Rockies and northern Plains. The Midwest and eastern seaboard sweltered in summerlike heat and humidity.

There were these extremes: New York City had a reading yesterday of 88.4 degrees—highest for the date in 69 years. Livingston, Mont. had a low of 10 and a mid-day reading of 25.

A week-end storm in the Central Rockies piled up snow to a depth of 16 inches. Snow was general throughout much of Wyoming and Southern Montana, and spread to Northwest Nebraska.

Butte, Mont., had a low of 12 above; Ely, Nev., 17 and Reno, Nev., 20. Chadron, Neb., reported 32 and Santa Maria, Calif., 37.

Eastward, Boston, Mass., and Portland, Me., had high readings of 85. The heat tied a 1927 record for the date in Portland. Chicago had a high of 83.8 with mostly sunny skies.

Livestock Market

FORT WORTH, Oct. 2. (AP) — Cattle steady; some good yearlings 28.00 to 30.00; medium grade steers and yearlings 24.50 to 27.50; common steers and yearlings 21.00 to 24.00. Beef cows 16.50 to 22.00; good and choice slaughter calves 25.00 to 28.50; common and medium 20.00 to 25.00; stockers 23.00 to 32.00; stocker yearlings 22.00 to 28.75; stocker heifers 28.00 down; stocker cows 18.00 to 24.50.

Hog butchers and sows 25 to 50 cents down; feeder pigs unchanged; good and choice 180 to 270-pound butchers 19.75 and 20.00—lowest prices since last June.

Slaughter lambs up 50 cents; others steady. Good and choice 53-pound slaughter lambs 29.50. Shorn slaughter lambs 25.50 to 27.00; good slaughter yearlings 24.00; medium slaughter ewes 11.00 to 15.00; feeder lambs 27.00 to 29.00. Feeder yearlings 22.00 and 23.50.

STOCK MARKET

NEW YORK, Oct 2 (AP) — Activity in Canadian issue contributed to a slow-motion rise in today's stock market.

Although the list was peppered liberally with small minus signs, there were enough advancing issues to give the market an improved look. The pattern was similar to that of last Friday when a lazy upswing out stocks at another new 19-year high on average.

Autumn Weather Due To Hit Whole State Sometime Tomorrow

(By the Associated Press)

Crisp fall weather blew into the Texas Panhandle this morning. By late tomorrow, all the state should know that autumn really has arrived.

Temperatures dropped as the cool front moved through northwest Texas this morning. At Dalhart, where the front had passed, the thermometer reading was 53 degrees at midmorning. At the same time, Amarillo, where the front hadn't struck, recorded 65 degrees.

The cool air is expected to slow its southward movement when it strikes the Dallas-Fort Worth area about 8 or 9 p. m. tonight. But it is due to push through to the coast, arriving very late tomorrow or early the following day.

Ahead of the front, scattered thundershowers are expected as the cool air undercuts moist, warm air from the south, forcing it upward and causing rain.

The mercury is expected to drop to a shivery 38 to 48 degrees in the Panhandle tonight with 42 to 52 degrees in the South Plains.

Fair skies are forecast after the front passes.

Showers and rain fell yesterday and early this morning at a number of west and southwest points. Presidio recorded 1.14 inches, Victoria .86 inch, Palacios .33 and Dalhart .21. Traces were recorded at Bryan, Salt Flat and Texarkana.

Crum Funeral At 3 Today In Camp Springs

Funeral services were to be held this afternoon at 3 o'clock in the Camp Springs Methodist Church for Frederick William Crum, 70, retired Scurry rancher of 20 years residence. The Rev. W. W. Adcock, pastor of the first Methodist Church here, will officiate.

Crum died yesterday afternoon at 1:30 in the Snyder Hospital from a heart ailment. Ill for the last four years, he had been in the hospital here two months before his death.

The widely-known rancher had lived near Camp Springs since about 1930 when he moved there from Roscoe. He had come to Roscoe with his father in 1900 from Georgetown, Tex., where he was born June 14, 1880.

Survivors, who are all here for the funeral, are his wife, Mrs. Sally Cochran Crum; his daughter, Mrs. Blessie Lou Watkins of Pear Valley; two sisters, Mrs. L. S. Howard of Roscoe and Mrs. Bessie Lavender of Houston; and two brothers, P. G. Crum of Austin and R. E. Crum of Santa Anna.

Funeral directions are by Bolger-Barnes Funeral Home, and burial will be in the Camp Springs Cemetery.
