BRITISH FLIER SETS SPEED MARK

SEVEN JURORS CHOSEN IN ROGERS TRIAL

ALL MARKS IN HISTORY FALL BEFORE RACER

SCHNEIDER CUP PILOT GOES 368.8 MILES PER HOUR

(By Associated Press)
CALSHOT, England, Sept. 10.—Riding a blue and silver seaplane, Squadron Leader A. H. Orlebar, captain of the British Schneider Cup team, today raced down a marked course of three kilometers here to break all the speed records in the world and set a new mark of 368.8 miles an hour.

Clocked by a new timing device, the results of which were announced more than three hours after the actual flight, Orlebar's average for four consecutive dashes over the course on Southampton water was 355.8 miles an hour, or 23.1 miles an hour better than the new record established Saturday by Flying Officer R. L. R. Atcherley in the Schneider Cup race.

Two Trials Better
Flight Lieutenant G. H. Stainforth, who preceded Orlebar with a Gloster-Napier Six, also bettered Atcherley's record with a mark of 336.3 miles an hour.

When the official announcements finally were made, Orlebar's four individual runs of the course were given as at the rate of 368.8, 345.2, 365.3 and 343.7 miles an hour. This gave him an average of 355.825 for the four trials.

Lieutenant Stainforth's best four runs were 351.3, 328.3, 336.2 and 329.3, giving him an average of 336.3 miles an hour. Although Orlebar raised the former Italian record of 318 miles an hour, it was understood another attempt would be made soon because the British believe that still greater speed can be attained with the machines.

Could Have Gone Faster
Swifter than any human being has ever traveled, the youthful

DRAWS WOMEN

SPECIAL SERVICE IN BIG TABERNACLE CLAIMS 250 CONVERTS

In face of inclement weather, several hundred persons heard the Rev. M. P. Ham this morning at the cooperative revival tabernacle, corner of Texas avenue and Sixteenth street, on the subject of "We Are New Creatures in Christ."

"If we are in Christ we are new creatures, and can discern the spiritual from the material things of life," the speaker said.

Following close of the evangelist's special sermon, designated for women, 250 filed down the aisle to signify acceptance of Christ, at the (Turn to Page 3, Column 5, Please)

CONSCIENCE IS APPRECIATED

This business of cultivating a conscience may be troublesome to some people but to one Lubbock merchant, at least, it's the thing to do!

Enclosed in a neat envelope which bore a Lubbock date mark \$1.20 in U. S. government stamps was delivered to Manager Harry Meyers, of Jaretz Fashion shop among other mail sent the company this morning.

No note accompanied the stamps but the merchant learned from experience what had happened.

"Somebody lifted \$1.20 worth of merchandise from the store," he reported, "but I don't have any idea who it was. These stamps are conscience money—I know, I've seen it happen before!"

First Picture Of Plane Disaster

This NEA photo, delivered in Amarillo by a plane piloted by Dale 'Red' Jackson, holder of the world's endurance flying record, was sent special to the Daily Journal and is the first picture of the tragedy which took the lives of eight persons aboard a TAT air liner in New Mexico on September 3. The picture shows forest rangers and other officials searching the wreckage of the giant ship in an endeavor to identify the five passengers and three crew members killed as the plane collided with Mount Taylor in New Mexico. This picture was taken on Sunday morning.

TEXAS COTTON YIELD IS OFF

FEDERAL REPORT SAYS 4,107,000 BALES IS TO BE TOP CROP

AUSTIN, Sept. 10.—The present 46 per cent of normal condition of the Texas cotton crop is slightly above that of 1925 and has been worse only in 1925, 1921 and 1918, H. H. Schutz, statistician for the United States Department of Agriculture, said today in his monthly report. Based upon condition as of September 1, it is estimated the 1929 cotton crop in Texas will amount to 4,107,000 five hundred pound bales, he said. Ginnings to September 1 amounted to 812,000 bales compared with 843,000 bales a year ago.

"Prospects on August 1 were for at least a fair crop in Texas except in portions of the south, but the extremely high temperatures and lack of rainfall during the month caused deterioration seldom equalled in rapidity or severity," Schutz said. "One good general rain in August resulting in the production of only one extra boll per stalk would have made an additional 500,000 bales or more. While areas have suffered only nominal losses from insects so far this year, there are others, particularly over the south half of the state, where every insect known to the farmer has injured the crop."

Two Workers Hurt In Mystery Blast

TEXARKANA, Sept. 10 (AP).—Explosion of a boiler, which partially wrecked two buildings and hurled the boiler two blocks and through the roof of another building, wrecked Texarkana's business section today. Two workmen, Roy A. Tatum, 28, and P. Conant Wayman, 19, of Texarkana were injured seriously.

Investigation Of Crash Nears End

FOUND PLANE

Pilot George Rice, Western Air Express employee, was the flier who discovered the wreckage of the TAT liner. City of San Francisco, and its cargo of dead in the New Mexico mountains Saturday.

PILOT GEORGE RICE

SENTENCE UPHELD
MEXICO CITY, Sept. 10 (AP).—The federal district superior court has upheld a sentence of two years imprisonment for manslaughter in the case of Juan Silvetti, one of the premier bull fighters of Mexico.

LAY PLANS ON ANNUAL TRIPS

FAIR BOOSTER JAUNTS WILL BE DECIDED UPON TODAY

A committee meeting, sponsored by the Panhandle-South Plains Fair Association, will be held this afternoon at 4 o'clock in the office of the Chamber of Commerce to outline definitely plans for three trade trips to be made this month to advertise the fair, which will be held in this city September 30 to October 5, inclusive.

Personnel of the committee which will have charge of all the trips had not been decided upon early this afternoon.

Advertising program of the fair was inaugurated three weeks ago when a large delegation of Lubbock citizens coupled the fair advertising with a highway boosting trip to Portales, N. M.

Every city and town on the South Plains will be included in the three itineraries.

Rain Continues In South Plains Area

Clouds, spasmodically offering moisture, continued to hover over the South Plains today, while roads are slowly getting into passable form, following heavy rains and hail storms of the week end.

Busses at the union terminal were arriving in most cases behind schedule, over all lines today. No routes are impassable, officials at the bus terminal say. Roads to Amarillo and Wichita Falls are extremely heavy, while the highway to Sweetwater is much improved today. Rain has fallen throughout north Texas and southern Oklahoma for the past five days.

DEFENDANT IS SILENT WHILE LAWYERS TALK

PANEL WILL BE FILLED TODAY; PROSECUTOR ESTIMATES

(By Associated Press)
NEW BRAUNFELS, Sept. 10.—Two additional jurors were accepted tentatively today in the trial here of Mrs. Rebecca Bradley Rogers, charged with robbery with firearms in connection with the holdup of the Farmers National bank at Buda, Tex., in 1926. Five jurors would be accepted yesterday, the first day of the trial.

Opinion was expressed by District Attorney Fred L. Blundell, of Lockhart, chief of the prosecution, that the jury would be completed today from the remaining 62 veniremen of a panel of 112.

Three jurors were accepted during yesterday's daylight sessions, and two more were placed in the box after a tedious night session.

Jurors Dismayed
Technical queries touching on insanity which many of the German-American jurors found difficult in understanding slowed up progress in the trial, and in many instances attorneys were forced to resort to the practical test of cotton sacks balanced on scales to explain the weight of testimony the defense would be required to reveal from witnesses before the former University of Texas could be liberated on an insanity plea.

The questioning of veniremen both yesterday and today was remarkably free of clashes between

TRIBUTE PAID J. T. ROBISON

STATE'S BUSINESS HALTS AS BIER LIES IN CAPITOL

(By Associated Press)
AUSTIN, Sept. 10.—The body of J. T. Robison, commissioner of the general land office for 21 years, reposed in the senate chamber of the state capitol today.

Decision to remove the bier to the capitol was made this morning when friends of the long time state official petitioned the family to let it lie in state there.

Governor Moody ordered all departments of state closed while the body was in the capitol. It will be reposed at 3 p. m. to a mortuary across the capitol grounds where funeral services will be held at 5 p. m. by Rev. W. D. Bradford of Dallas, of Southwestern Methodist university.

HE'S UNDER FIRE

Declared a propagandist for American ship-building companies, William B. Shearer is under fire in a Senate probe of his activities. Complete story below.

WILLIAM B. SHEARER

SENATE NAVAL COMMITTEE IN PROBE DEMAND

PROPAGANDA SENT OUT BY SHIPBUILDERS, IS CLAIM

(By Associated Press)
WASHINGTON, Sept. 10.—The Senate Naval committee today voted for an investigation of activities by American shipbuilding corporations in connection with International Naval limitations conferences.

The committee's decision must be approved by the Senate.

Resolution Expected
A resolution to authorize the inquiry was expected to be offered by Senator Borah, republican, Idaho, who first called upon the committee to inquire into statements by William B. Shearer, big navy advocate, that he was employed by

Foshee Case To Be Heard On Wednesday

(Special To The Journal)
LEVELAND, Sept. 10.—B. A. Foshee, 34, Hockley county farmer, in jail charged with murder in connection with the fatal shooting last Saturday of Elmer Wright, 23, his neighbor, will be brought before the grand jury of 72nd District court here tomorrow for a preliminary examination.

Judge Homer E. Pharr issued an order yesterday for the grand jury to reconvene Wednesday, and should Foshee be indicted his trial will begin probably next week. No bond has yet been set.

Grand Jury Returns Nine More Charges

The grand jury of the September term of 99th district court returned 9 indictments late Monday, making a total of 18 for the day, as the second week of the session is busily concerned with several felony counts.

Noticeable in the indictments returned by the present grand jury is a decreasing number of charges of violation of the prohibition law.

Six such charges have been returned, as compared with a far greater number for the previous grand jury.

The indictments charge four with theft, four with burglary, two with assault with intent to murder, and six with violation of the prohibition law.

ORGANIZER OF UNION IS ONE FEELING LASH

TWO STRIKERS BEATEN AS ANTI-RED MOB MAKES ITS RAID

(By Associated Press)
CHARLOTTE, N. C., Sept. 10.—Exhibiting marks on their bodies as proof that they had been spirited away last night from Gastonia and beaten by an Anti-Communist mob, three men returned to Charlotte this morning.

The men, Ben Wells, textile mill organizer, and C. M. Lell and C. D. Saylor, Gastonia strikers, said they had been taken to a lonely spot in Cabarrus county, eight miles from Concord, N. C., where they had been lashed and left to find their way back.

Seized After Trial
They were seized, they said, by the mob which formed in Gastonia yesterday after the trial of the labor leaders and strikers, charged with the murder of Police Chief O. F. Aderholt, had been declared a mistrial when a juror became insane.

According to the story told by the three men, they were carried to the lonely spot about 30 miles from Charlotte, and while they were being beaten, a group of opossum hunters passed nearby, frightening the mob. The mob immediately dispersed, leaving the men. Wells said he was unconscious for an hour.

All three walked to Concord where they notified police; they then caught a train for Charlotte. Saylor said he could identify part of the mob.

EXPERTS WILL VISIT IN CITY

AGRONOMISTS PLAN TO VIEW TECH. STATE STATION HERE

A party of agronomists, which is visiting now in Oklahoma, is to arrive here Thursday afternoon to visit the state agricultural experiment station and the Texas Technological college, according to an announcement made this morning at the station.

Don L. Jones, the station superintendent, is with the party now and will return to Lubbock with them.

The party is made up of men from Texas, Oklahoma, Kansas and the department of agriculture at Washington, D. C. The men visited in Hays, Kas., first and are in Woodward, Okla., today. They are to visit experiment stations in Chilli-cothe and Spur before coming to Lubbock. A dinner is to be served in their honor here.

BABE WALLOPS NUMBER 43

NEW YORK, Sept. 10 (AP).—Babe Ruth, first Yankee to bat in the fourth inning of the game against Detroit today, drove a ball into the right field bleachers for his forty-third home run of the season.

Earl Whitehill was in the box. Ruth's homer was only the second hit off him. After the Babe's blow the Bengals led by 7 to 1.

PERMIT IS ISSUED

Lubbock building valuations for this month were increased to \$60,000 this morning with the issuance of a \$5,000 permit for erection of a filling station by Texas-Pacific Coal and Oil company at Sixteenth street and Avenue M.

Eleven permits have been issued this month.

Valuations for the year are \$2,897,886, for 481 permits.

BLOOD FLOWS AS WAR GOD STALKS ACROSS MANCHU BORDER

NO DECLARATIONS OF WAR MADE AS FIGHTING BEGINS

(By Associated Press)
LONDON, Sept. 10. — Although there have been no formal declarations of war, Russian and Chinese dispatches today indicated an apparent state of open hostility at points on the Manchurian border.

Dispatches told of serious fighting in progress intermittently since Thursday of last week, assuming considerable proportion Sunday and Monday both at Manchuli and at Pogranichnaya, western and eastern termini of the Chinese eastern railway.

Many Lives Lost
Reports indicate a heavy loss of life and of property as a result of air raids, artillery fire and accompanying blazes. A Chinese report that the fighting extending along the entire Manchurian border was taken to mean that clashes occurred between garrisons at other points along the 2,000 miles frontier.

As in the past both Chinese and Russians sought to lay the blame of aggression on the other army, each describing his own actions as defensive and those of the other offensive.

TOKYO REPORTS THAT FIGHTING IS HEAVY
TOKYO, Sept. 10 (AP).—Dispatches to Rengo, Japanese News agency, from Manchuli today said heavy fighting broke out Monday near "eighty sixth station." Casualties were not known. Soviet airplanes flew over the station and dropped bombs.

A Rengo dispatch from Harbin said Chinese refugees arriving at Hailuoguo today said Japanese had injured fatally when a Soviet air bomb struck a hotel Europe-Ja-Pogranichnaya Monday morning.

HAS NEW IDEA
CONSTANTINOPLE (AP)—E. B. Felsing, an American manufacturer, came back from Africa with word that splendid highways are being built in the Congo through the clever idea of the British and Belgians in presenting automobiles to native chiefs. Each wishes to reign as a speed king and therefore cooperates in road building.

At the end of the eighteenth century men were using cast iron to build bridges.

WANTS ANYONE TO CALL ON HIM
Supt. Of Memorial Park Cemetery, Amarillo, Tex., Relieved By Orgatone; Gains 10 Pounds

"I have been trying for over five years to find a medicine that would overcome my trouble but never had any success until I got hold of this Orgatone," said R. R. Murray of 223 Naches, Amarillo, Texas. Mr. Murray is a well-known superintendent of the Memorial Park cemetery.

"When I commenced taking Orgatone," continued Mr. Murray, "my stomach was in such a bad condition that I was actually afraid to eat anything at all. My food would sour, and this would cause gas to form, and I would be perfectly miserable for hours afterwards. I would have severe pains in my back and sides and would have dizzy spells and frequent headaches. I was very nervous and didn't know what a good night's rest was. I was troubled to bed with gas crowding my heart that at times, I would just get right out of bed, my heart would palpitate so fast and I was afraid something serious would result."

"Orgatone was advertised so highly, I began taking it and I feel that I am a lucky man that I found it for it has worked wonders for me. I have honestly gained ten pounds in weight and I feel anything I please with no ill effects. My bilious and dizzy spells are a thing of the past and I don't suffer from headaches as I did. In fact, my entire system is built up and I feel a different person. Orgatone is one of the most wonderful medicines, and I have already told dozens of my friends about it and invite anyone to call upon me and see and hear for themselves all the good Orgatone has done for me."

Genuine Orgatone may be bought in Lubbock at Bowen's Drug Store.

SEES HOOVER

NEW YORK, Sept. 10 (AP).—Col. Theodore Roosevelt, returning Monday from his expedition to China and Indo-China for the Field museum in Chicago, left last night for Washington to confer with President Hoover on his nomination as governor of Porto Rico. The nomination was sent to the Senate for confirmation Monday.

Lott Whips Hall In Tennis Singles Go
FOREST HILLS, N. Y., Sept. 10 (AP)—George M. Lott, Jr., Chicago, defeated J. C. Hall, South Orange, N. J., today in a third round match of the National Tennis Singles championship, adjourned from yesterday. The scores were 12-10, 6-3, 6-2. When rain interrupted play yesterday, Lott had won the first set with the second standing at games all.

"Old Masters" To Enter 3rd Round
FOREST HILLS, N. Y., Sept. 10 (AP)—Lusk has been kind to Eric Tilden and his "man Friday," Francis T. Hunter, thus far in their pursuit of the national men's singles tennis championship. The "old masters" take the court today for their third round matches after three solid days of rest. Tilden, 19, and Hunter were bracketed with Leroy M. Weir.

Leo Lomski was born in Davenport, Iowa, October 27, 1903, the son of a Polish Jew and a Scots-woman.

Plans For Series To Be Made Today

CHICAGO, Sept. 10 (AP).—Representatives of American and National league clubs still having a chance, however remote, of getting into the world series, today were here to confer with Kenesaw Mountain Landis, baseball commissioner, on plans for the classic.

The most interested delegates were those representing the Philadelphia Athletics, leading the American league by 14 games, and the Cubs, 13 1/2 games out in front in the senior circuit. However, Pittsburgh and New York, in the National league, and New York and Cleveland of the American, still were mathematical possibilities and were invited to attend.

Shreveport Sports Buy Selma Slugger

SELMA, Ala., Sept. 10 (AP).—Sale of Parker Perry, outfielder, to Shreveport, of the Texas League, was announced today by officials of the Selma Clover Leafs. Perry led the Southeastern League in hitting during the past season with an average of .365.

Watts Gunn, Walker, cup golfer, has a 17-year-old brother who won the Atlanta championship and was runner-up in the Georgia state meet.

Burleigh Grimes of the Pirates is one of the last of the spitballers left in major league baseball.

NOT ENOUGH ICE
LONDON (AP).—A theory that insufficient ice around the North Pole caused the drought in England this summer was advanced by Dr. C. E. P. Brooks, a meteorologist.

He said that dwindling in the ice areas weakened the atmospheric circulation over the northern hemisphere, thus lessening the number of Icelandic storm centers responsible for England's usual rains.

A process for the production of synthetic methanol has been perfected in France.

HOW DOES ELLIS KNOW IT?

DES MOINES, Iowa, Sept. 10.—The potency of a bottle of bay rum as an intoxicating beverage was the principal item of evidence introduced in proceedings today to condemn 3,000 bottles of bay rum seized at local P. W. Woolworth company stores here last May.

Testimony of Earl Ellis, former restaurant cook, indicated that the discriminating shopper can get the expected feeling of exhilaration on a ten cent bay rum purchase with no more severe "hang over" than that experienced with higher priced bootleg varieties.

BECKY ROGERS

(Continued from Page One)

opposing counsel in contrast with Mrs. Rogers previous trial at La Grange in 1927, when she was found guilty and sentenced to 14 years in the penitentiary, and in May of this year, when an attempt to conduct a second trial met with failure to obtain a jury. The conviction was not upheld by the Court of Criminal Appeals.

Lawyers Clash Once
At one juncture of today's session after O. Rogers, the defendant's husband, had twice repeated the phrase, "If you find this little girl is insane when she committed the robbery, will you let me take her home with me," District Attorney Blundell was on his feet with the objection that the defense attorney was "making a speech and taking up time uselessly." This was the only break in the otherwise monotonous questioning.

Apparently unconcerned with the selection of the men who were to determine her fate, Mrs. Rogers today toyed with a handkerchief in her lap and did not speak during the morning to those around her.

The remains of a fossil forest has been found in an upright position in France.

HAM REVIVAL

Continued From Page One

conclusion of last night's services, 3,000 Women Attend
Mr. Ham's lecture on "The Problems of the Modern Woman" was heard Monday afternoon by 3,000 women. Love, courtship, marriage, home, family and heaven were dealt with in the lecture, in which he gave the Bible teachings concerning the attitude of Christians toward all of the vital relationships of life.

The sermon tonight will be especially for high school students and students of Draughon's Business College on "Hell—What the Bible Teaches Concerning Eternal Punishment."

Wednesday night's services will be for men only and special delegations will be featured from the trades and crafts of the city. The subject will be "God's Last Call," postponed from Sunday night.

Kiwanis, Rotary and Lions clubs, together with wholesale and retail grocers, employees and department store employees, will be honored at the services Thursday night, when Mr. Ham will speak on "Why Men Go to Hell."

Servants Friday night will be especially for the city administration and all its branches, telephone operators, automobile men, garage and filling station employees.

RECORD FLIGHT

(Continued from Page One)

British ace, Orlebar, yet failed to attain the maximum speed which he might have had the visibility been better. He believed he could have done about 375 miles an hour under more favorable conditions.

Stainforth also was hampered by poor visibility. His machine was frequently lost to sight in the haze as he streaked along the course after flattening out from a swift dive.

Official announcement of the British airmen's achievements was made late in the afternoon, after a long session by timers and mathematicians.

Orlebar flew the Super-Marine Rolls-Royce S-6 with which Flying Officer H. R. B. Waghorn won the Schneider cup race for England on Saturday with a mark of 328.66 miles an hour.

The great dam at Gatun in the Panama Canal is 7500 feet high, 2,160 feet wide at the base, 398 feet through at the water surface and 100-feet wide at the top.

It pays to know!

When you spend your money for the seven and seventy things that are always popping out of nowhere to demand a portion of your income, you want to be certain they are returning the utmost in value for your every dollar.

But how can you know the worth of the products you buy? Can you test them scientifically?

Can you make microscopic examinations for flaws and imperfections? Chemical analyses for purity and composition? Physical machine-tests for stress and strain, strength and durability? Have you laboratories equipped for this work? Can you afford the scientists and research workers to perform it?

There is a less expensive way to safeguard your purchases. A better way to buy.

Buy products that have been tested by others! Products that have passed the most ruthless and rigid of all tests... that of actual use! Nationally known, nationally liked, nationally used products! Advertised products!

Here, in the advertisements, are products of sound worth brought to your attention. Products unmanufactured to standards of certain quality, that have been tried and tested by the most exacting persons... people who have bought them, and used them over and over, again. Products worth your money.

Get the habit of reading the advertisements. It pays.

THE TINYMIES

BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

The rubber bridge bent all around until the band of Tines found that they were getting dizzy. "Oh, I'm tired of this," said one. "I wish and wish for all I'm worth that we were back on solid earth. This sort of jumpy riding really isn't any fun."

"Well, I'm tired, too," ween Scouty snapped. "And don't you think that we are trapped under this stretch of rubber. I can promise we are not. I'll steer this car right off of here and bring you all a heap of cheer. If I can reach the level ground, I'm sure I'll help a lot."

Just then the bridge stretched way up high until they thought 'twould reach the sky. At first the Tines little car chug-chugged and almost stopped. And then it gave the bunch a thrill by climbing up a steep, steep hill. Each one was scared to think of what might happen if they'd drop.

"Ah, now we're safe, away up top this rubber hill. Before we flop, let's coast right down," tired Clowey said. "We'll find out where it goes." "All right," said Scouty, "that's agreed. That sort of coast to what we need. I'll try to keep a level path of safety, goodness knows."

And so he steered the small machine. Despite the fact that it would lean from side to side, they finally reached the hard ground. "Hip, huray," yelled Clowey. "Come, let's rest a while ere we go on another mile. There is no hurry cause we do not know where we are bound."

"They all jumped out and just ahead, ween Scouty saw his trees and said, 'As soon as I have had a nap I'm going to look around. The opening in those huge trees is something I'll explore with ease.' And then the Tynmies flopped down and soon were sleeping sound."

(The Tynmies enter the archway in the next story.)

VERY NERVOUS, HEAD ACHE

Virginia Lady Tells How Her Suffering Was Relieved by the Help of Cardui.

Roanoke, Va.—"I used to suffer awfully from nervous headaches," says Mrs. W. B. Caldwell, of 523 Nelson St., S. E., this city. "The back of my neck would ache, and I could not bear for anyone to touch my head. I was so nervous that I did not want anyone in the room. I felt like I couldn't move my head. I had these headaches about once a month."

"My mother was here one day while I was suffering with one of these headaches, and she told me to try Cardui, which I did."

"After I had taken one bottle, I felt better and less nervous. I kept on taking Cardui, and found that by doing so I could avoid those headaches."

"I cannot begin to tell how much help Cardui has been to me, and how much suffering it has saved me. I am now well and strong."

Cardui is a purely vegetable remedy, contains nothing harmful or injurious. It may be safely taken by women of all ages.

SENATE SEES EARLY SETTLEMENT OF VARE ELECTION WRANGLE

OLD FIGHT ON MELLON'S PET NEARS FINALE

REPUBLICANS WANT AN EARLY SETTLEMENT ON TARIFF

BY FRANCIS M. STEPHENSON
Associated Press Staff Writer
WASHINGTON, Sept. 10 (AP)—

Haunted by the three-year-old controversy over William S. Vare's right to a senate seat, republican leaders of the senate today were considering a quick settlement of the Pennsylvania election case.

The republicans first want to get down to work on their tariff measure and, second, they hope to fill the long-vacant Vare seat with a republican vote which is sorely needed in the impending tariff struggle.

Norris Opposes Vare
Senator Norris of Nebraska, republican independent who is opposing the tariff measure, confounded the administration party leaders yesterday by introducing the resolution to deny Vare his seat.

The resolution came before the senate just as the tariff debate was opening. Mr. Norris reminded the senate his resolution commanded precedence over any other legislation.

The Nebraska will call it up within a day or two, yielding to delay only on urgent request. Mr. Vare's spokesman in the senate is Senator Reed, republican of Pennsylvania. Reed is one of the framers of the tariff bill and among those most anxious for its adoption. He has the choice of an early vote on the Vare case or delay in the tariff debate.

Vare Is Sick Man
Senator Reed is concerned over the health of Mr. Vare whom he does not believe is in a condition to take advantage of the senate's offer to him to defend himself personally. He will argue for another postponement of the case, but he does not want the Norris resolution used as a vehicle for a filibuster against the tariff.

There is some controversy as to

ECKENER TO OUTDO VERNE'S DREAM

Commander Of Zeppelin Returning Home After World Voyage With Plans Of Ocean Dirigible Lines

NEW YORK, Sept. 10 (AP)—A modern Magellan sailed in his way to his giant galleon of the skies and enter wholesale and real production of the fantasies of a Jules Verne dream.

He is Dr. Hugo Eckener, skipper of the Dirigible Graf Zeppelin, returning to Germany on the liner New York, acclaimed as the pilot of the

whether the Governor of Pennsylvania could make an appointment in the event the senate denies Vare his seat as a contest by William B. Wilson, democratic candidate in the 1928 Pennsylvania senatorial election, is still pending.

The Norris resolution would deny Vare his seat on the report of the special senate committee which investigated his primary campaign of 1926 and reported his ticket spent \$785,000 in the three-cornered republican senatorial race.

fastest world voyage of history. His ship, that shortened by months the Verne dream of an 80-day world cruise, is back at its base in Friedrichshafen, there comparatively speaking, to be "shelved" in favor of greater sky liners to come.

Before departing the 60-year-old scientist who had been a scroffer before becoming an ardent pioneer with Count Zeppelin of lighter-than-air craft development, gave out the details of the proposed trans-Atlantic dirigible lines and almost simultaneously Paul W. Litchfield, president of the Goodyear Zeppelin company, told of progress in projected establishment of a trans-Pacific Zeppelin service.

At the pier he said: "I hope to return to America soon on a regular ocean liner

TWO ARE SHOT BY OFFICERS

HIGH SCHOOL STAR IS VICTIM; LIQUOR WAS BEING SOUGHT

(By Associated Press)

ASHLAND, Ala., Sept. 10—Deputy Sheriff Cecil Guthrie was held today on a murder charge for the death of Clarence Bailey, 18, Ashland high school football star, who was shot to death as Guthrie sought to arrest him on liquor charges.

Said Accidental
Guthrie, committed to jail shortly after the shooting, told investigating authorities the fatal shot was accidental. He said he fired two shots in the air as he pursued Bailey and he stumbled, discharging his pistol the third time. It was this last shot, he said, which struck the youth.

SHERIFF SAYS MAN RESISTED ARREST

WICHITA, Kas., Sept. 10 (AP)—J. D. Ellsworth, 30, died in a Wichita hospital Monday from a wound in his chest, received Sunday night near Howard, Kas., at the hands of Sheriff W. P. Brown of Elk county, who said Ellsworth resisted arrest when he and two other officers halted his motor car on suspicion he was running whiskey.

Fifteen gallons of liquor were found in Ellsworth's motor car, Sheriff Brown said. He declared the man had reached for a gun when he was stopped.

Regular air passenger service has been established between Teheran, Persia, on the Caspian sea, Kasr Shirin, on the Iraq frontier, and Bushire, on the Persian Gulf.

dirigible and not on a tramp ship.

The "tramp" was the Graf, apparently in the mind of Dr. Eckener about to become a slow loco of the air.

WEEKLY CABLE REVIEW

By FRANK HAVILAND KING

Cable Editor, Associated Press

This has been "Geneva week" for world news. The tenth assembly of the League of Nations opened Monday, and there for the present is focused not only the interest of 33 member nations of the league, but of non-members such as the United States and Soviet Russia as well.

World problems of the day, naval power, Arab-Jewish troubles in Palestine, the "United States of Europe," far eastern and Latin-American situations have featured the proceedings.

MacDonald Attends
Ramsay MacDonald, British prime minister, chose the Geneva rostrum to announce the progress of Great Britain and the United States have made toward disarmament. He told the cosmopolitan meet he and President Hoover hoped to arrive at an agreement leading to settlement of land and sea power, not only between the United States and Great Britain, but throughout the entire world.

The United States again dominated league discussions Wednesday when another step toward American adherence to the world court of International Justice at the Hague was taken. Member nations of the court unanimously approved the revised protocol prepared by Elihu Root, providing means of American participation in the work of the tribunal with reservations. Only ratification by the senate stands in the way of American membership.

United States of another kind held the league floor as Aristide Briand, premier of France, outlined

an economic and political European federation which has caught popular fancy under the term "United States of Europe." Briand surprised some observers by advocating a confederation involving political as well as economic aspects. The reference he made before the league itself and later to the journalists gave such impetus to the plan that representatives of European states will confer with him on the subject this week.

Amir El Hussein, grand mufti of Jerusalem and president of the Moslem supreme council, probably voiced Islam accurately declaring peace could not be restored in Palestine until the policy of attempting to create a national Jewish home there is scrapped. In no uncertain terms, Arthur Henderson, British foreign secretary, informed the league his country would live up to the responsibilities of its mandate in Palestine, restore order, make full inquiry of recent troubles and punish agitators.

Ramsay MacDonald rushed back to England from Geneva just in time to see British royal air force fliers defend the Schneider trophy for seaplane speed. Young flying officer, H. R. D. Waghorn, ripped through the air at five and a half miles a minute, or 328.63 miles an hour to win.

CONVICT IS CAUGHT
LIBERTY, Sept. 10 (AP)—Jess Pet Adams, who broke jail while under a 15-year sentence for the murder of Tom Allen of Woodville last year, was arrested last night and placed in the Liberty county jail. He will be taken to Huntsville.

MYSTERY ENDS AS YOUTH REAPPEARS

Hugh Conley, 24, brother of O. B. Conley, chief deputy sheriff of Lubbock county, telephoned last night from Dallas to reveal that he is not dead.

Missing for 10 years, the youth ran away from home when but 14 years old, and he had been mourned as dead. A desire to see the world prompted him to travel.

Left No Word
Two weeks after the two brothers shook hands when O. B. left the farm of his parents near Muskogee, Okla., the younger brother disappeared. No one knew where he had gone; he left no word.

One letter was written to the mother, stating that he was on his way home. This came three years after he left the homestead. A search was started throughout the country, but no trace could be found. He was given up for dead.

The two brothers will meet Wednesday again in Dallas, together with a sister, Mrs. Frank Whitehead of that city.

PURCHASE SHIP'S SILVER
NEW YORK, Sept. 10 (AP)—A \$15,000 silver service, for presentation to the 10,000-ton light cruiser Houston was purchased here today by a group of citizens of Houston, headed by Mayor W. E. Monteith.

The group attended the launching of the cruiser at Newport News, Va., Saturday.

America last year built about 4,000 airplanes and engines for civilian flying. There are regular mail routes over 12,000 miles of American territory.

Anahuac Man Sees 40th Day Of Fast

ANAHUAC, Chambers Co., Sept. 10 (AP)—D. B. Harrington, 70, walked about town and talked with friends today on the twenty eighth of the 40 day fast which he is observing in an effort to rid himself of a skin disease. Lemonade is the only nourishment he takes.

Two Ships Collide; Proceeding To Port

NEW YORK, Sept. 10 (AP)—The radio marine corporation last night received a radiogram from the Belgian freighter Emile Franquet stating that it had collided with the Norwegian freighter Gunny about 200 miles southeast of Boston. Neither ship was seriously damaged, and both were proceeding to their destinations.

GET LONGER REST

WASHINGTON, Sept. 10 (AP)—Although the House recess ends September 23, its members were notified by mail today that no business will be transacted until October 14. With likelihood of an early Senate agreement on the tariff, bill remote, Mr. Longworth consulted with Representatives Tilton and Garner, the republican and democratic leaders, respectively. The October 14 date was agreed upon.

Let the extra miles in CONOCO gasoline buy it for you....

If you keep an accurate record of gasoline costs, you know that every extra mile you get from a gallon is so much velvet. In the aggregate these extra miles represent a handsome saving—enough to pay for those greatly desired accessories you've had in mind; perhaps a pair of new inner tubes or an extra set of spark plugs. That's why it will pay you well to fill only at the Conoco sign—the red triangle—the symbol of extra miles. Conoco gasoline is refined to produce maximum mileage without in any way sacrificing those other essentials of a good motor fuel—quick starting and rapid acceleration. It functions efficiently at every step in the driving operation with special emphasis on power and mileage.

Look for the new Conoco Red Triangle. Fill 'er up. Then speed away for extra miles.

Tire Manufacturers Turn to White Sidewall Tires

Hicks Rubber Company's Perfection Banishes Heat From the Tires

Perfection of the white sidewall, as announced by the Hicks Rubber company, manufacturers of Star tires and distributors of Dayton tires, comes simultaneously with reports in the circles that many nationally advertised lines of tires are changing over to white sidewalls. Tire trade journals this month carry announcements by several manufacturers of their turning to white sidewall tires.

Heat Is Conquered
Gratification over the swing of the pendulum to the type of sidewall that is given much of the credit for the popularity and performance of Dayton and Star tires is voiced at the general offices of the Hicks Rubber company in Ward and throughout the entire organization, which now embraces more than 120 stores and associated stores.

During the several years that Hicks stores have handled Dayton

TECH OPENS 1929 GRID CAMPAIGN; WESTERNERS SCRIMMAGE

FORTY HUSKY LADS REPORT TO MATADORS

COACHES AND PLAYERS UNDAUNTED BY DARK SKIES OF MORNING

Murky skies and a soggy turf failed to dampen the zeal of forty husky gridiron warriors who reported to Coach Grady Higginbotham and Victor Payne this morning for the initial workout of the 1929 football training camp at Texas Tech.

Unlike the opening day of past years, the heavy of gridironers who made their appearance today have in service before under the scarlet and black colors. Varsity veterans of past seasons and promising newcomers from the 1928 freshman eleven made up the group that went through the first preliminary exercises on the Tech gridiron this morning.

Take Field at Ten
A flock of scarlet swept from the college gymnasium at exactly 10 o'clock this morning as the crew of huskies took the field for the first time. The daily exercise that will be in vogue for the next two weeks. A large number of Lubbock fans were on hand to see the squad go through its first workout.

Premising Crew
With only the veterans of the 1928 varsity and freshman squads in uniform, the squad which started out on the long training grid today was the most likely looking crew that has turned out for the first day in many moons. Big husky linemen and stocky backs gave an impression of real football stability. Practically every man on the field is backed by considerable football experience and the fight for the various positions is certain to be long and drawn out.

A host of line candidates greeted Coach Payne in the first workout this morning. These were: Swift, Coppage, Dewitt, Simmons, Sides, Burham, Vincent, Strickland, Tadios, Payne, Taylor, Jones, Edmonds, Sanhitzer, Ray, Waller and J. Hill.

Bevy of Backs
A crew equally as promising are out for backfield positions: Hodges, Nixon, Cappelman, Crites, Hill, Brothers, Dallas, Bergfelt, High, DeLoach, J. D. Waller, Chenoweth, Williams and Roberts.

Ramsome Walker, the Matador backfield ace, failed to make his appearance in the initial workout, as did Charley Woodbridge, veteran fullback. Both are expected out within the next few days.

Daily Program
Following is the daily program for the Tech gridironers during the early training camp:
7:30—Breakfast.
8:30—Ready to go on field for morning workout.
12:30—Dinner.
2:30—Ready to go on field for afternoon workout.
6:00—Supper.
7:30—Back to gymnasium for skull practice, etc.

Stanford Star Is Called 2nd Nevets
STANFORD UNIVERSITY, Calif. Sept. 10.—One of the candidates for Stanford's football varsity next fall will be a youth whose athletic feats as a freshman have earned him the distinction of being the greatest all-around performer since the days of Ernie Nevers.

He is Rudy Rintala, former San Francisco high school boy, and his record as a first year athlete includes the winning of numerous titles in four major sports. This achievement had previously been accomplished only by Nevers, of All-American fame. Rintala starred as a halfback on the gridiron, a basketball guard, a javelin thrower and an outfielder.

He stands five feet nine inches and weighs 170 pounds.

Alabama Seeks Game With Army For 1931
TUSCALOOSA, Ala. Sept. 10.—A move has been launched by the alumni council of University of Alabama to bring football teams of Alabama and the Army together on the gridiron in 1931.

The game probably would be played in New York. Negotiations for the game have been under way for some time, says Borden Burr, Birmingham attorney and a member of the council.

Both teams have established impressive records in recent years, and a contest would be another test of strength of teams from the east and the south. Yale is to play University of Georgia at Athens.

Tarheel Grid Star To Coach In Florida
WINTER PARK, Fla. Sept. 10.—The alligator state has called one of its gridiron heroes back home.

CUBS SEE MATHEMATICAL CINCH IN EIGHT MORE WINS

GOES TO CUBS

KENNETH PENNER

To strengthen his pitching staff for a final drive to clinch the National League pennant for Chicago, Manager Joe McCarthy recently purchased Ken Penner from Indianapolis.

Penner, who is a minor league veteran, started his career in 1913 with Columbus, Miss. Cleveland had him on option at one time, but never made much use of him.

He pitched great ball for Indianapolis this year, and became noted for his almost perfect control. It was because of this ability as a sharpshooter that McCarthy decided to invest in the veteran.

WEST POINT'S GRIDDRERS ARE EARLY THREAT

ARMY LADS LIKELY TO PROVE ONE OF BEST TEAMS OF SEASON

By BRIAN BELL
Associated Press Sports Writer
WEST POINT, N. Y., Sept. 10.—Eleven football teams, distributed from the Atlantic to the Pacific through the east and middle west, will do well to provide themselves with the proper serum to ward off jaundice or yellow fever, or both. The army football team is busily engaged in concocting a yellow pill to sweep down upon its opponents.

Clad in vivid jerseys almost too golden to be true, the Cadets are preparing for a season that will test their shock troops against Boston University, Gettysburg, Davidson, Harvard, Yale, South Dakota, Illinois, Dickinson, Ohio Wesleyan, Notre Dame and Stanford in order.

Punting Team in Order
To fill these impressive garments, Head Coach Bill Jones and his brother officers are rapidly putting together a machine like team. There will be some newcomers in the center of the line, at the snapper back and guard positions, but experienced men will form a great foundation on which to build.

The familiar faces include the crafty Keener Cagle, a back who has few equals in contemporary football for passing or running; Dick O'Keefe, Hertz Murrell and Herbert Gilmer, looming as the probable starting back field and other good prospects from last season.

Line-men Available
Ed McCallister and Carl Carlmark are certain to play the ends, and George Perry, Charlie Number, Bill Parnham and Winston Maxwell will be available for the line. Among the line-men who have their spurs to win are Paul Miller, Ed Sauer, Dan Spengler, Coughlin, Gordon and others.

"We like 'em tough" is the Army answer to hints that the 1929 schedule is formidable.

Mrs. Babe Ruth calls her husband "George," which puts her one upon everybody else. Nobody has found who calls him "Her-man."

SHREVEPORT, HOUSTON, WICHITA AND DALLAS CERTIFY STARS FOR PLAYOFF

(By Associated Press)
DALLAS, Sept. 10.—The names of 80 players, half of whom will battle for the Texas league championship in the playoff series between Dallas and the winner of the second half of the race were announced by league officials here today.

Each of the four clubs in the upper division, under an agreement named a list of 20 players who will represent the club in case the club gets a place in the playoff.

The lists follow:
Dallas: Catchers—Bischoff and Mealey; pitchers—Glamer, Frazier, Barnabe, Connally, Taucher, Gens Moore and Martins; infielders—Davis, Radcliff, Morse, Plankhamper, Jeffries, and Stock; outfielders—Rosenthal, Randolph, Moore, Johnson and Harvel.
Tobin Certified
Wichita Falls certified Tobin as coach, but not eligible to play, and

MERRILL PARK HIDING PLACE OF WORK-OUT

MENTORS PLEADED AS PLAYS ARE TRIED BY CHARGES

The Westerners put one over on the inquiring public Monday afternoon, slipping away to Merrill Park to go through a lengthy scrimmage session while hundreds of fans were wondering just what sort of club Coach Fruka and Morgan are going to muster for the coming season.

With the squad divided into two elevens, the Westerners opened up with a series of deceptive plays that showed the coaches effectively on both sides and gave a world of satisfaction to the high school mentors.

Boys in Good Shape
The afternoon's activities showed the gridironers to be in excellent physical condition, but many ragged spots in the club's offensive play were brought to the surface. Coach Morgan's backs are yet a little new to handling the ball under fire while the linemen have not the jump that will be necessary for a seasoned aggregation.

Aggressive performance of the four candidates for the wing positions added further complication to the job of selecting the first string ends. Rich, Price, Hardberger and Watkins have the earmarks of first class wingmen.

The high school coaches are making preparations this week to send the Pioneers to O'Donnell Friday for the first practice game of the season. Practically the entire squad of linemen will see service in this tilt with Coach Gilbreath's eleven.

The coaches are determined to allow the public to see the 1929 Westerners in action. Coach Fruka announced last night that the first "open house" of the year would likely be held during the latter part of the week. A regular visitor to the game is designated for each game during the coming season.

DID YOU KNOW

Random Scraps Of News Pertaining To Sports World

During the trip to Pebble Beach, George Von Elm and his pretty wife, "Toots," were in a Pullman compartment. The Pullman conductor considered the best place for a guard and a high class convict. The convict got hold of one of the guard's guns and the two of them shot it out, man fashion, at a distance of 15 inches. . . . George said he thought somebody was trying to shoot his way into his compartment, so he grabbed a niblick. . . . It wouldn't have been the first time George has fought with that old niblick. . . . In fact he beat Bobby Jones with a couple of years ago, on the fairways. . . . Cyril Tolley said at Pebble Beach that when he played with certain people his game went to pieces. . . . One of these people is his friend, Eustace Story. . . . Tolley says that "privately, however, he's a lovely chap, you know."

SOUTHPAW HAS CONTROL
FORT WORTH, Sept. 10.—(AP)—Jimmy Walkup, Cat pitcher, is refuting the theory that a southpaw is shy on control. In 15 complete games, this season the former Detroit slabster issued only 13 passes. He finished every one of these games, and with a second division club.

IN THE REALM OF SPORE

WITH ALLAN CARNEY Journal Sports Editor

The day has at last arrived. Out on the Tech gridiron today approximately forty husky candidates for the Matador football eleven are in uniform for the first time, going through preliminary exercises and getting accustomed again to the "feel" of the pigskin.

A promising horde of stalwarts were on hand yesterday at Tech athletic headquarters, as Coach Grady Higginbotham and Victor Payne issued equipment for the training camp which will last until the opening of school on Sept. 23. The influx of gridironers from the 1928 freshman squad is a welcome Tech mentors valuable additions to the dozen or more varsity letter-men who have returned.

Alas and alack! A cloud of gloom that borders on despair hangs over the fair city of Amarillo. Just wait until we tell you. Looks like the Golden Sannies are due for the cellar in the district football race. Three "terrible" mishaps have occurred. The Sannies' coach, the Amarillo mentor is very gloomy over the prospects. "OK" Bufkin has hurt his arm. "Wart" Hudgins has a charley horse, and last but not least, Abe Lockhart, the veteran fullback who became famous over this district last season for his pugilistic inclinations, was operated on for an ingrown toe nail. Never before in the annals of inter-scholastic League has one high school football squad been hit so hard by the injury jinx. So great is our sympathy for the poor crippled Sannies that we are strictly in favor of Quanah and the other teams in the district giving Amarillo at least a two-touchdown advantage in each game.

Oh, well, maybe they will struggle through the season some way, and unless their competition is much stronger than we think it will be, the Sannies are to repeat their performance of 1928. Training began yesterday behind closed gates at Butler Field in Amarillo and this means Smith and May are down to serious business. Butler Field, incidentally is the new name for the Texas Park, bought last year by Amarillo High school. The Sannies athletic shrine is named in honor of the late Hugh Butler, former Amarillo coach, who died following his first year as Sandy mentor.

Two members of the 1928 Lubbock High school football eleven will don the moleckins this fall under new colors. Earnest Dowell, Westerner quarterback, and H. A. Paulman, considered the best receiver in the district have left for Clovis, N. M., where they will take their last year of high school football. Both of these veterans have surpassed the age limit for participation in Texas Interscholastic League athletics, and since neither could be of service to the local team, the shift was made to the New Mexico high school. The Clovis coach will find in this pair two capable gridironers, who are able to hold their own among the best in any high school class.

Three members of the T. I. A. A. that are included on the Tech football schedule for the coming season are touted as strong contenders for the championship of that conference. At Daniel Baker and at McMurry the coaches have sprung something new in presenting championship thought to their fans. Both schools lost a host of veterans but are looking forward to great seasons because the graduation of these old stars leaves the way open to a whole flock of recruits, more eager for victory because their taste for conquest has not been dulled. Abilene Christian College is another Tech foe headed for a successful year, according to reports from the Wildcat camp. A. C. C.'s backfield stacks up as the best the Wildcats have ever had. Cheevers, Roland, Moyes, Keyes and Black are left over from the 1928 team, and Thompson, quarterback for the 1927 club, has returned after an absence of one season. Sul Ross is classed as one of the most dangerous clubs in the association but cannot be called contenders because they are unable to arrange a representative schedule.

Fancy Grid Togs To Set Off Duke Eleven
DURHAM, N. C., Sept. 10.—(AP)—Duke university's 1929 football team plans to knock the enemy horizontal next fall with vertical stripes, white jerseys and blue pants.

Jimmy DeHart, football mentor, has ordered his 1929 togs, consisting of white helmets, white jerseys offset by dark blue vertical stripes and blue pants, with blue and white stockings.

The new togs will not be used until the formal opening of Duke's new stadium, which takes place October 5, in a contest with University of Pittsburgh.

Whiskery, winner of the 1927 Kentucky derby, will come out of retirement for a shot at the American National at Arlington park in July.

In the British open of 1923 Cyril Tolley drove a 350-yard first green and held his putt for an eagle in 110.

PIRATES HAVE LITTLE HOPES OF FINAL WIN

BOTH CLUBS TAKE ONE MORE VICTORY; JINTS GRAB A COUPLE

By HERBERT W. BARKER
Associated Press Sports Writer
Joe McCarthy's Chicago Cubs set forth today in quest of eight more victories. All they need to clinch the 1929 National League pennant. Thirteen games ahead of the second place Pittsburgh Pirates and with only 19 more contests to play, the Cubs were hoping to clinch the pennant within the next two weeks or less.

Record Is Clear
As the situation stood today, the Cubs by winning eight of their remaining games would wind up with a record of 98 victories and 54 defeats. Pittsburgh, by winning all of its 21 remaining games would finish with 88 victories and 56 defeats, the difference being that two Chicago games with St. Louis have been washed permanently off the schedule. Every Pittsburgh defeat from now on, of course, will make the Cubs' already easy task that much easier.

The two leaders each chalked up victories yesterday, the Cubs nowing out Boston, 4 to 3, and Pittsburgh outgunning Brooklyn, 9 to 7.

Giants Win Two
The New York Giants took two from Cincinnati, 6 to 4 and 10 to 4, in 9 innings. The Giants concentrated their attack on Adolph Luque in the second inning of the first game for four runs and then added two more off Ken Ash in the ninth. Hubbell held the Reds in check most of the way. McGraw's hopefuls slugged Kolp and Rixey for 12 hits in the abbreviated nightcap, and Pittsburghers had little trouble coasting in to victory.

The Phils bunched hits to down St. Louis, 9 to 3. Sweetland had only one bad inning, the second, when the Cards scored all their runs.

MacFayden Wins
Danny MacFayden outpitched Jack Ogden, and the Boston Red Sox beat St. Louis, 6-3. The game was scheduled as the first part of a double-header, but rain forced postponement of the second game. MacFayden gave up only seven hits and was never in danger after the sixth.

Sox gave him a 3-3 lead in the sixth.

In the only other American League game of the day, Xpung Ed Walsh gave Washington only six hits, and Chicago beat the Senators, 6-4. A three-run White Sox rally in the seventh sent Sam Jones to the showers.

Rain Takes Hand In Texas League's Gonfalon Battle

SPORTS AND HERD ARE WINNERS AS SPUDS TWIDDLE THUMBS

By GALE TALBOT, JR.
Associated Press Sports Writer
Moisture provided Athletic Park at Wichita Falls yesterday, and Jim Galloway's Spudgers were forced to twiddle their thumbs while the Shreveport Sports climbed to within a game and one-half of the league pinnacle. Coming at any other time, the rain probably would not have been unwelcome at Spudville, but it scarcely can benefit anything but crops just now.

The Sports continued at their tremendous clip, slugging out a third straight victory over the Exporters, 9 to 6. The rush of Phelan's men is pumping interest into a race which a few days ago appeared to be dead on its feet. With six days to go, the Louisiana nine still has an excellent chance to overhaul the leaders.

Riviere Is Victim
Six runs off Tink Riviere in the first two innings enabled the Sports to breeze through easily, although they continued pecking away at Estill later on. Whelan lead the assault with two doubles and a single. Morrell was not exactly a puzzle to the Shippers, but they could not overcome the early deficit.

In the only other game, the Steers gained a close verdict over Houston, 4 to 3, after the Buffs had staged a thrilling ninth inning rally. Whitley Glanzer, although crapped soundly, had the Bisons blanked until the closing period, when they piled into him hard. A homer by Roy Moore brought in two of the runs. A spectacular shoe-string catch by Randy Moore prevented the Buffs tying the score.

The Coffroth handicap run at Tijuana is the richest stake in this country although one of the youngest. This year it was worth \$125,000.

Sox gave him a 3-3 lead in the sixth.

In the only other American League game of the day, Xpung Ed Walsh gave Washington only six hits, and Chicago beat the Senators, 6-4. A three-run White Sox rally in the seventh sent Sam Jones to the showers.

PIGSKIN WORK IS UNDER WAY

CHAMP LONGHORNS AND RIVALS BEGIN ON ROUTINE

DALLAS, Sept. 10.—The Texas University Longhorns, 1928 Southwest Conference gridiron champs, and six schools intent upon succeeding to the throne buckled down to work today in preparation for what promises to be as thrilling a race as the conference has seen.

Uniforms were distributed yesterday, and the seven conference coaches were prepared to bear down from the start. All of the squads will be put through two hard workouts each day until the middle of next week, when school opens. The Southern Methodist University Mustangs will take their second workout after dark in the glare of flood lights at Orenby stadium. No other school is similarly equipped.

Many candidates have been working out privately for several weeks, and it will not be necessary for the mentors to dwell over long on getting their squads in condition. Coach Morley Jennings of Baylor and Coach Morrison of S. M. U. both face opening games September 21, so it will be necessary for them to start whipping their machines together almost from the first day.

As actual training began, the Baylor Bears still ranked as outstanding favorites to go through to the championship.

...in a horse it's SPIRIT!

...in a cigarette it's TASTE!

"SAWING WOOD and saying nothing" . . . ageing, blending and cross-blending, the standard Chesterfield method that makes good tobacco deliver its last atom of good taste . . . And as a result, the most steadfast army of smokers any cigarette ever had! It's plain that smokers get out of Chesterfield precisely what we put in.

"TASTE above everything"

36. NOTICES

NOTICE TO BIDDERS
The Commissioners' Court of Lubbock County, Texas, will receive bids at Lubbock, Texas, on 23rd of September, 1929, for the purchase of one or more existing tractors. J. Y. BOYD, County Auditor, Lubbock County, Texas.
NOTICE BY PUBLICATION OF FINAL ACCOUNT IN PROBATE.
The State of Texas, to the sheriff or any constable of Lubbock County, Texas: C. A. Holcomb, administrator of the estate of A. W. Norris, deceased, having filed in our County Court his final account of the condition of the estate of said A. W. Norris, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ for twenty days in a newspaper published regularly in said county for a period of one year next preceding this date, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the September term, A. D. 1929, of said County Court, commencing and to be held at the courthouse of said county in the City of Lubbock, on the 16th day of September, A. D. 1929, when said account and application will be considered by said court. Witness: Amos Howard, Clerk of the County Court of Lubbock County, Texas. Given under my hand and seal of said County Court, at my office this 27th day of August, A. D. 1929.
AMOS HOWARD,
Clerk County Court, Lubbock County, Texas.
meon. deputy.

NOTICE OF BANKRUPTCY PETITION FOR DISCHARGE

In the District Court of the United States for the Northern District of Texas:
In the matter of Wylie Elbert Boyle, bankrupt. No. 27, in Bankruptcy.
OFFICE OF REFEREE
Lubbock, Texas, September 7, 1929. Notice is hereby given that Wylie Elbert Boyle, of the county of Hale, and district of Texas, did, on the 6th day of September, 1929, file in the Clerk's office of said court, at Lubbock, a petition setting up that he has heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property and has fully complied with all the requirements of said act and of the orders of the court touching his bankruptcy, and praying for his discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.
On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge, pray for in said petition, shall, on or before the 12th day of October, 1929, file with the referee for the Lubbock division of said district a notice in writing of their opposition to a discharge in the above entitled case.
W. D. GIRARD,
Referee in Bankruptcy, Special Master.

To all parties concerned, My property is off the market. M. J. Stubbs.

FIRE ARE SCATTERED

ST. PAUL, Minn., Sept. 10 (AP)—Favorable weather for the past few days in Lake of the Woods county has temporarily averted the spread of forest fires scattered throughout an area of 600 square miles. Grover M. Conzel, state forester said last night.

WILL TAKE BENCH

BORGER, Sept. 10 (AP)—J. Pickens, Canadian, yesterday formally qualified as eighty-fourth district judge on Governor Moody's appointment to fill the vacancy created by the resignation of Newton P. Willis. Judge Pickens will take the bench in Hutchinson county Oct. 14.

WALL STREET OPEN IS OFF

GENERAL STOCK TREND IS REACTIONARY ON GOTHAM CURB

(By Associated Press)
NEW YORK, Sept. 10.—Renewal of selling imparted a reactionary tone to opening prices in today's market. A few stocks continued to move against the general trend, American Machine & Foundry showing an initial gain of 4 1/2 points, International Harvester 3-4 and Lone Wolf, Biscuits, 1. Pennsylvania Railroad and Commercial Investment Trust each dropped 2 points and Montgomery Ward, Westinghouse Electric and Missouri-Kansas-Texas yielded a point or so.

Prices were extremely confused in the early trading.
Adams Express, which did not sell yesterday, jumped 15 1/4 points above last week's final quotation. National Lead ran up 4 1/2 points, while Greene Cananea Copper dropped 3 1/2.

There was a fairly good demand for the rails at the outset. Lackawanna ran up more than 3 points to a new high at 109 1/2, and Chesapeake & Ohio, Baltimore & Ohio and Union Pacific advanced a point or so.

Water Works Own
American Water Works dropped 1 1/2 points and early declines of 1-2 to 3 points were recorded by Dupont, Reia First Preferred, General Electric, American Power & Trust and National Cash Register. Foreign exchanges opened steady, with cables unchanged at 48 1/2-11-16.

Produce

CHICAGO POULTRY
CHICAGO, Sept. 10 (AP)—Poultry hens firm; springs steady; fowls 30; springs 26 to 27; No. 2 springs 19; broilers 27; roosters 21; turkeys 20 to 25; ducks 16 to 21; geese 10.

CHICAGO DAIRY REPORT

CHICAGO, Sept. 10 (AP)—Butter: creamery extras 44; standards 43; extra firsts 42 to 43; firsts 39 to 41; seconds 37 to 38. Eggs steady; extra firsts 26 to 27; firsts 24 to 25; ordinary firsts 20 to 22.

CHICAGO GRAIN

CHICAGO, Sept. 10 (AP)—Rains in Argentina sent wheat downward early today. Traders were cautious about selling, however, in view of an expected government crop report.

Opening at 1-3c to 7-8c setback wheat dropped a little further, and then rallied somewhat. With frost reported in Iowa, corn and oats developed firmness, corn starting up changed to 3-8c off, and later scoring gains all around. Provisions were easy.

GIRL FACES CHARGE

A 20-year-old girl, who arrived in Lubbock last week to make plans for entrance this year at Texas Technological college, was arrested this morning on a charge of swindling by check and is being held by Lubbock county officers for a \$50 bond.

NEW ORLEANS OPEN

NEW ORLEANS, Sept. 10 (AP)—Cotton market opened steady. Jan. 12.25; March 12.49; May 12.58; asked; July 12.77; bid; Oct. 12.96; Dec. 13.23.

LIVERPOOL SPOTS

LIVERPOOL, Sept. 10 (AP)—Cotton spot: moderate demand; higher. American strict good middling 11.29; good middling 10.89; strict middling 10.49; middling 10.49; strict low middling 9.24; low middling 9.24; strict good ordinary 9.24; good ordinary 9.24.

NEW ORLEANS COTTON IS IN OPENING SLUMP

NEW YORK, Sept. 10 (AP)—The cotton market opened easy at a decline of 13 to 23 points under liquidation or reselling by buyers evidently influenced by relatively easy cables, reports of further rain in the southwest and disappointment over the market's response to the low crop figures of yesterday. After selling at 12.25 at the start, December rallied to 12.49, or within 9 points of yesterday's closing quotations on covering. At the end of the first half hour was 12 to 17 points net lower.

NEW ORLEANS COTTON DOWN

MARKET RALLIES, THEN DECLINES AS CABLES COME IN LOW
(By Associated Press)
NEW ORLEANS, Sept. 10.—The cotton market opened easy in sympathy with disappointing cables. First trades showed losses of 16 to 18 points, but offerings appeared well absorbed at the initial decline, and the market rallied under trade buying. October trading to 19.04, December 19.33 and January 19.36, or 8 to 11 points above opening figures.

Later the market weakened again on renewed liquidation and considerable hedge selling. October dropped to 18.95, December 19.22, and January 19.27, or 9 to 11 points under the highs and 17 to 19 points below yesterday's close. At the end of the first hour of the market was at or near the lows.

The market turned decidedly bullish as a result of the breaking of the western drought and failure of buyers to take hold on the bullish government crop report. Also there was increased hedge selling, both here and in the northern market.

October traded down to 18.74, December 19.03 and January 19.08, or 33 to 38 points below yesterday's close. A belief that tomorrow's weekly weather and crop summary would prove favorable added to the cash and at mid-session the market was quiet and near the lows.

NAVAL DISARMAMENT CHARGES ARE FLYING THICK AND FURIOUS

CONGRESS LOOKS OVER RECORD OF SHEARER'S WORK

(By Associated Press)
WASHINGTON, Sept. 10.—The case of William B. Shearer, who has been sternly and publicly rebuked by President Hoover for his methods of opposing international disarmament, today became the subject of formal consideration by a congressional committee.

At the instance of Senator Borah of Idaho, staunch advocate of naval reduction, the senate naval committee was called into session by Chairman Hale to determine whether or not it shall make an investigation of Shearer's activities. The sentiment of the committee was known to be strongly in favor of such an inquiry.

Urges Back Pay
Meanwhile, President Hoover has made public a second utterance in connection with the storm aroused by the disclosures which Shearer himself revealed in filing suit against three large shipbuilding corporations for back pay he claimed was due him for acting as their agent in opposing disarmament.

This time, the chief executive, in a letter to Representative McClintock, democratic member of the house naval committee, denied there had been any connection between Shearer and Rear Admiral Hilary J. Jones, now retired, who was an American delegate to the Geneva disarmament conference of 1927. Shearer also was in Geneva at the time of the conference and actively opposed any agreement that would place a limitation upon the American navy.

Adams is Satisfied
Secretary Adams late yesterday asserted his confidence there had been no improper relations between Shearer and high ranking officers of the navy. He added his department was co-operating with the department of justice in the inquiry directed by President Hoover and has extensive information regarding Shearer which it will be glad to turn over to the senate committee.

Shearer is bringing to Washington with him what he says is a confidential file from the intelligence service of the navy department which was the source of information he gave to the press at Geneva. This, he asserted, he sent to him anonymously in an envelope of "official business" envelope of the navy department just before he sailed for Europe.

Catalogue Planned For '30 Dairy Show

The catalogue for next year's Texas Panhandle Plains Dairy show will be planned when a committee for that purpose meets Wednesday morning at 8 o'clock in the agricultural building at Texas Technological college, according to an announcement last night by W. L. Dangel, chairman.

The show will be held for its third consecutive year April 7, 8, 9, and 10, 1930 in Plainview. The first year's organization was in 1928.

Members of the committee, other than Mr. Stangel, are R. B. Davis, county agent of Terry county; R. M. Milhollin, county agent of Hale county; and Maury Hopkins, secretary and manager of the Plainview Chamber of Commerce.

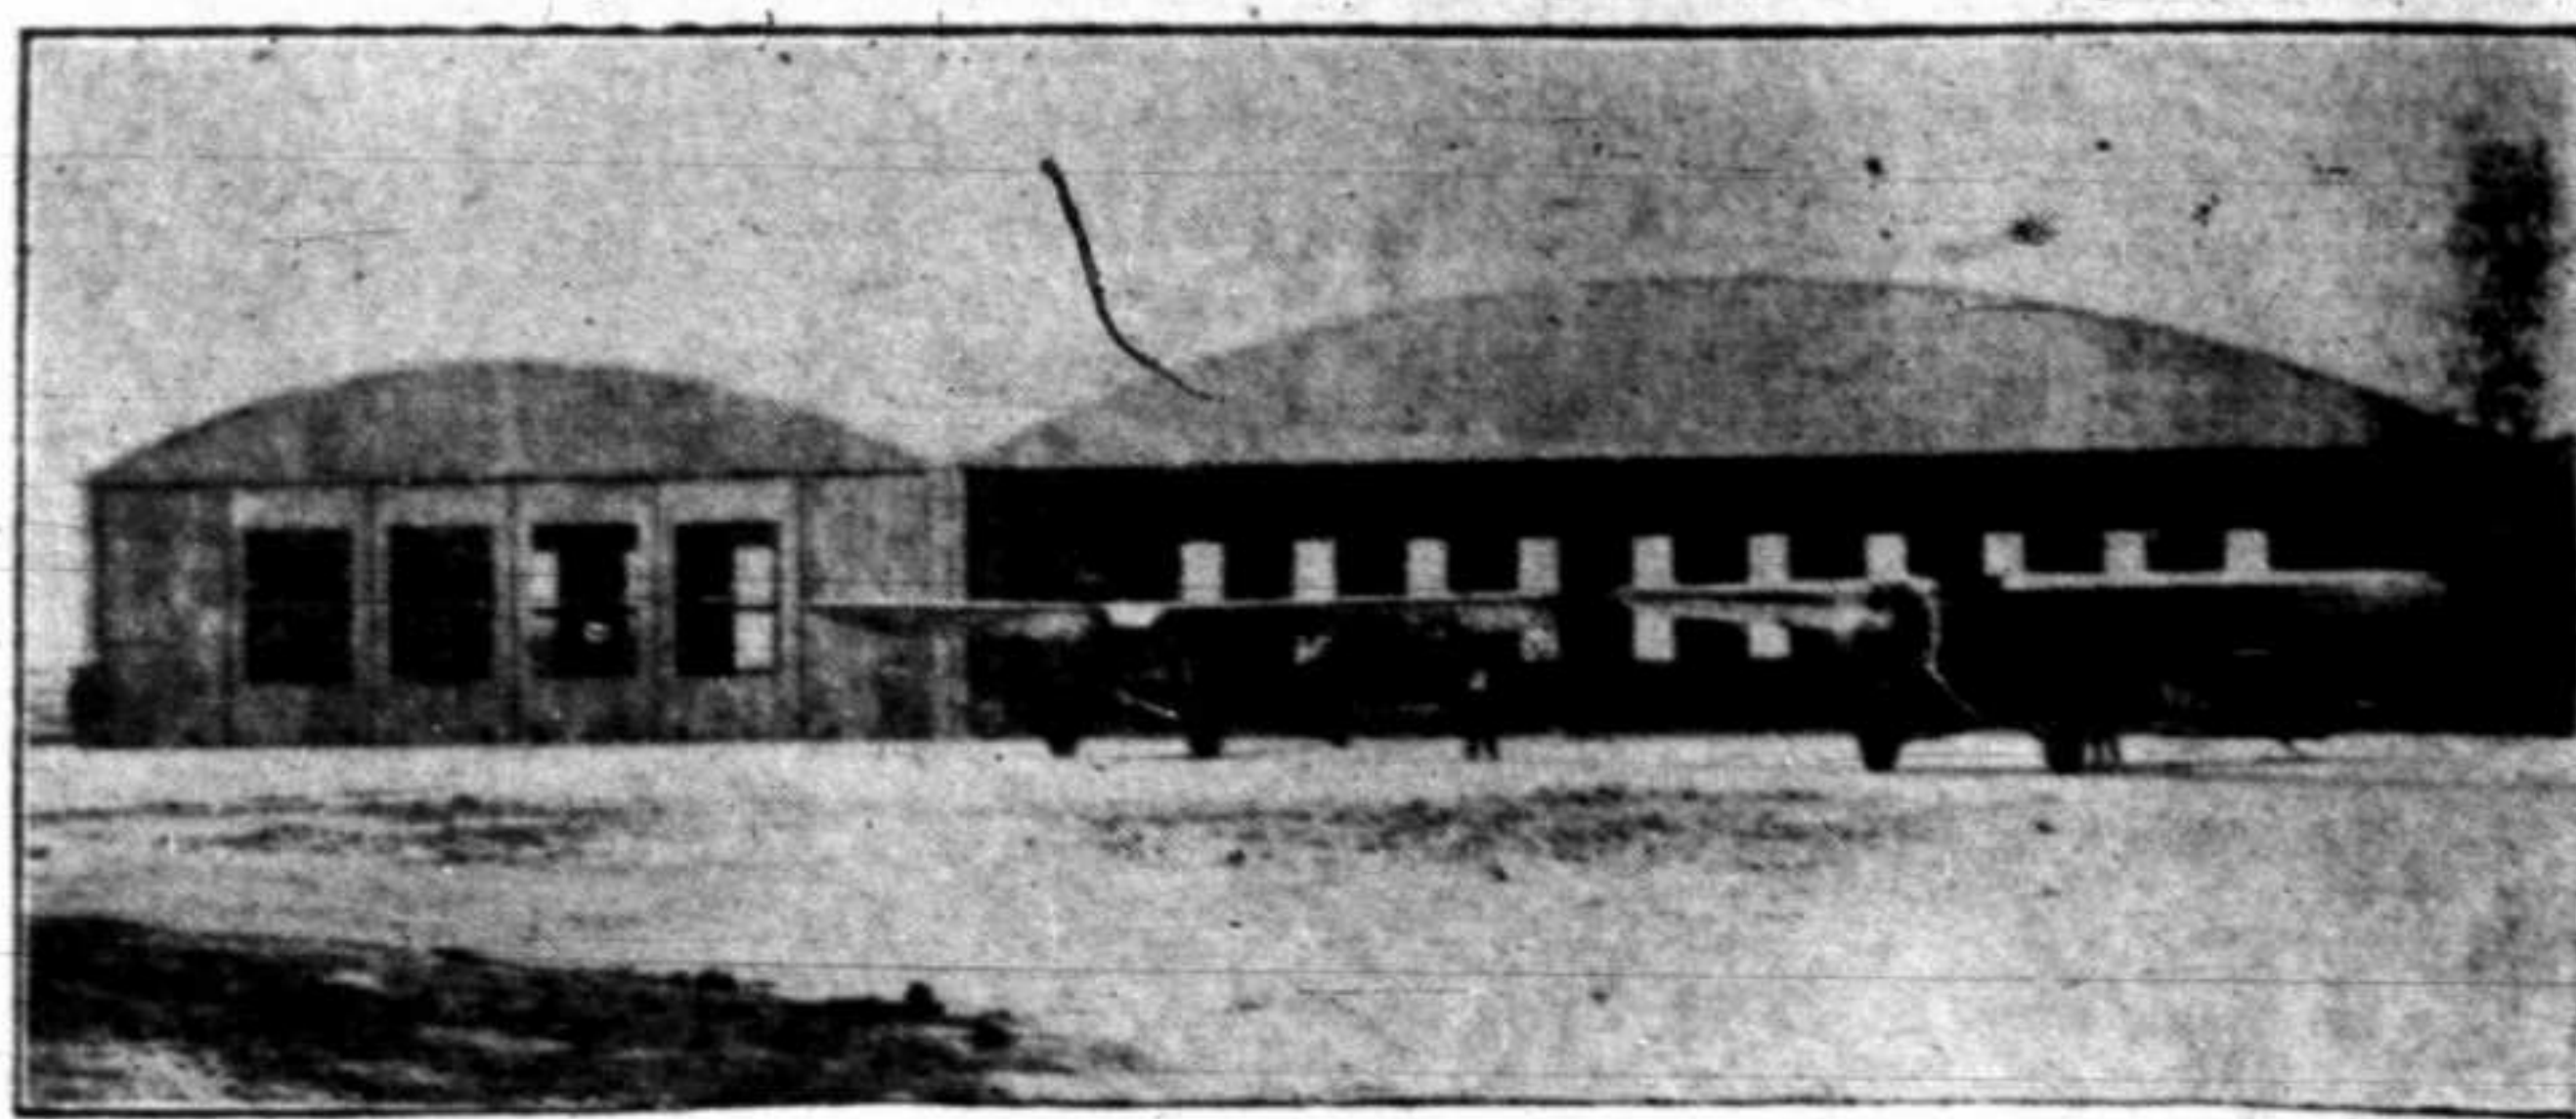

Lamesa Youngsters Scurry To Schools

(Special To The Journal)
LAMESA, Sept. 10.—More than 1,100 students crowded buildings here this week with the opening of school for the 1929-30 session.

Two hundred more will be enrolled before the term is complete. V. Z. Rogers, superintendent, predicts.

More than 100 have been enrolled in the senior class according to F. T. McCollum, principal of the high school. Last year 75 graduated from this class.

NEW STEEL HANGARS ARE FEATURE OF BIG SPRING PORT

TEN THOUSAND PERSONS EXPECTED TO ATTEND BIG SPRING AIRPORT OPENING

(Special To The Journal)
BIG SPRING, Sept. 10.—Expecting 10,000 people here Wednesday and Thursday for the Big Spring airport opening program, the local chamber of commerce, certain that every hotel will be crowded, has issued a call for the citizens to co-operate in housing the visitors for the days.

An entire floor at each of the two principal hotels has been reserved for accommodation of aviators alone. C. T. Watson, manager of the chamber of commerce, announced.

He has received assurance that 50 planes will attend the celebration from all over Texas and surrounding states.

Is Good Port
The Big Spring airport, which is located two miles west of the heart of town, is comprised of 230 acres of gently rolling prairie and is singularly free of obstructions. It has four runways, each 1800 feet long and 300 feet wide, which are being kept oiled, and is the only illuminated airport between Fort Worth and El Paso. The lighting includes a revolving beacon which can be seen for fifty miles on a clear night, and a full complement of flood, boundary and obstruction lights.

The airport is equipped with two large steel hangars, one 100 by 80 feet, with a steel machine shop, 40 by 60 feet, with an administration building of tile and stucco, and with restaurant, telegraph and telephone facilities. A licensed mechanic will be kept at the field, and also, at night, there will always be someone there to turn on the flood lights in case the drone of an engine is heard overhead. The field is the division point and luncheon stop on the Dallas El Paso passenger line of Southern Air Transport, a subsidiary of the Aviation Corporation.

JONES ESTATE IS GIVEN BOND

PORTION OF AIRPORT BONDS PURCHASED LOCALLY
A \$40,000 slice of the \$75,000 airport bond issue, which was approved Monday by the attorney general's department for the city of Lubbock, was sold Monday afternoon at par to the E. M. Jones estate by the City Commission.

Valuation of the bond sale represents the consideration paid by the city for the section of land recently purchased from the Jones estate as a site for a municipal airport and which is located four miles north of Lubbock.

Other Sale Soon
The remaining \$35,000 will be offered for sale in the near future and the money expended in the improvement of the airport the city commission announces.

The attorney general's department also approved issuance of \$50,000 for streets and \$50,000 for sewers. All three of the issues were included in one large sum of \$250,000 and were voted in September of 1928.

\$50,000 For Streets.
The \$50,000 for streets represents this city's 50 per cent of the estimated cost for installation of a subway on Avenue H. The necessary delay in the underpass project has been occasioned by failure of the Santa Fe to complete details in an agreement with the city for the remaining 50 per cent of the cost. The railroad company has appropriated an amount adequate for the proposal, and city officials contemplate that details will be complete within a comparatively short time.

DEDICATION IS READY FOR FLYING FIELD THIS WEEK

(Special To The Journal)
BIG SPRING, Sept. 10.—This is a view of the new steel hangars at the Big Spring airport, which will be dedicated with a program September 11 and 12 that will include many features expected to attract a large crowd than any similar event in Texas has drawn.

Waiting on the concrete apron for their passengers to eat lunch are two Fokker cabin ships of the flying service, which will operate the field as division headquarters. The ships on the Dallas-El Paso schedule meet here daily.

Has Shop Too.
Besides the hangars this field has a large steel shop building, five-room administration building, and an expensive field lighting system. Besides a 200,000 candlepower beacon there are two batteries of flood lights, and border and obstruction lights entirely around the field, which includes 230 acres, department of commerce.

MAN IS HURT
BORGER, Sept. 10 (S. D. B. B.). An oil company employee was critically injured in an unexplained gas pipeline explosion here today and four other men were burned less seriously. Twenty workmen were repairing a washed out gas pipeline at the time of the explosion.

TO SEIZE PROPERTY
MEXICO CITY, Sept. 10 (AP).—The property of General Marcelino Murrieta at Jalapa, Vera Cruz, at \$12,500 has been embargoed by orders of the attorney general according to El Universal's Vera Cruz correspondent. General Murrieta is alleged to have supported the Escobar revolution last spring.

see as successor to late Senator Tyson.

TUESDAY:
Senate meets at noon to continue tariff debate and take up Norris resolution to bar William S. Vare from seat.

Senate naval committee takes action on request of Senator Borah, republican, Idaho, to investigate activities of William B. Shearer, in opposing disarmament.

Alabama urged Henry Ford to support another bid for Muscle Shoals. William E. Brock of Chattanooga took seat as Senator from Tennessee.

TECH STARTS PREPARATIONS

PHYSICAL EXAMS HELD FOR GRIDDERS; QUIZ DATES ARE SET

Physical examinations for football men and other students of Texas Technological college, representing the early arrivals, are being made now at the Lubbock sanitarium.

E. L. Dohoney, registrar of the college, announced Monday that the new students should bring their entrance cards and old students their record books. Cards will be given students at the sanitarium and these must be brought at the time of registration.

Exams On Monday
Entrance examinations for applicants for the freshman class who have not been graduated from fully accredited high schools will be held Monday morning on the following schedule:

Monday—8 to 10 o'clock—English I and II, Biology; 10 to 12 o'clock—Economics, Botany, American History; 1 to 3 o'clock—Algebra I, English history, Old Testament; 3 to 5 o'clock—Algebra II, Sociology, New Testament.

Tuesday—8 to 10 o'clock, English III, Typewriting, Manual Training; 10 to 12 o'clock, English IV, Stenography, German; 1 to 3 o'clock, Zoology, Commercial Geography; 3 to 5 o'clock, Physiology, Commercial Law.

Wednesday—8 to 10 o'clock, Plane Geometry, Solid Geometry, Trigonometry; 10 to 12 o'clock, Ancient History, Modern History, Latin; 1 to 3 o'clock, French, Spanish, Public Speaking; 3 to 5 o'clock, Domestic Art, Domestic Science, Agriculture.

Thursday—8 to 10 o'clock, Advanced Arithmetic, General Science; 10 to 12 o'clock, Physics, Chemistry; 1 to 3 o'clock, Civics, Bookkeeping, Physiology.

The examinations are to be given in room 206 of the Administration building.

WILL FACE COURT
OTTAWA, Kas., Sept. 10 (AP).—Ray Pennebaker, alleged poison murderer, will be brought before Judge Hugh Means in district court here Friday to enter a plea to the murder charge against him. County Attorney R. E. Page announced today.

Pennebaker was charged with the murder of Elva Irene Barnes, who died July 31 after eating a poisoned candy bar which Pennebaker is alleged to have given his wife, Mrs. Florence Dant Pennebaker. The candy bar, met for Mrs. Pennebaker, was given the child.

BOBBITT TO SPEAK
AUSTIN, Sept. 10 (AP).—Robert Lee Bobbitt of Laredo, former speaker of the house of representatives will deliver an address before an inter-city Rotary club meeting here tonight.

Bobbitt is governor of the 47th Rotary district.

VETS TO CHOOSE CHIEF
DENVER, Sept. 10 (AP).—The political campaign of the national encampment of the United Spanish-American war veterans was developing rapidly today as two candidates appeared in the field for commander in chief for the ensuing year.

FIRE EXTINGUISHED
LONDON, Sept. 10 (AP).—A message to Lloyd's tonight said the fire which broke out on the British tank steamer Virella while it was proceeding to drydock in Rotterdam, Holland, today had been extinguished. The message gave no other details.

ACTION IS URGED
GALVESTON, Sept. 10 (AP).—A mass meeting of citizens today invited the State Board of Control to inspect an early date a site for the proposed new state psychopathic hospital which is to be established either in Galveston or Dallas.

You Have Heard About Mountain Coffees from Central America

Why Not Try This Rare Flavor Today?

If you have never tasted Central American Mountain Coffee we now ask you to accept an unusual offer through your grocer; order a pound of Folger's Coffee today. Serve it three times. Then if you are willing to return to ordinary coffee after this test, your grocer will gladly refund the money you have paid.

We do not make this offer as philanthropy or to be "different." We have built one of the largest coffee businesses in the world simply by letting people taste mountain coffee flavor.

Rarest of Coffees
Ordinarily when you change from one brand of coffee to another, you note little difference in taste. That is because 70% of all coffee sold in the United States today (regardless of brand names) is of one common type grown in the same general region. So-called "blending" and special roasting processes (in spite of advertising talk) can not change its common flavor. For roasting coffee merely brings out whatever flavor Nature has already put in.

The instant you break the vacuum seal of your first can of Folger's you will note that it is different. There is a rush of rich fragrance unlike any coffee you have ever tried before.

When the clear amber coffee is poured in the cup, you'll find it has a rare tangy flavor, full-bodied and smooth—never "flat," "thin," or "insipid." Experts agree that the Mountain coffees of Central America are not duplicated anywhere else in the world.

Try This Unique-Test
Get a pound of Folger's Coffee from your grocer today. Drink it tomorrow morning. The next morning drink the coffee you have been using. The third morning drink Folger's again. Then decide which you like best. If, for any reason, you do not choose Folger's, your grocer will gladly refund the full purchase price. We will pay him. That's fair, isn't it? You risk nothing—so why not order Folger's now for the test?
