The Patton Springs school board is composed of Joe M. Rose, president; Clark Forbis, secretary; Paul Braddock, Paul Hotchco, B. D. Clifton, L. C. Roberts and W. J. Collier

Six new Ford school buses will offer transportation to the 400 scholastics.

The Patton Springs school is contemplating a very successful school year under the direction of Superintendent Dan McRae.

W. R. Lewis Wreck Victim August 21 In Lubbock

Last rites for William Ralph Lewis, about 65, of Lubbock and former resident of Spur, who was killed early Wednesday morning, August 21, after his car crashed into a powerline pole in Lubbock, were read at 10 o'clock last Friday morning in the Plains Funeral Home Chapel at Lubbock.

M. Norval Young, minister of the Broadway Church of Christ of Lubbock ,officiated and the body was carried overland to Tatum, New Mexico for burial.

Survivors include one daughter, Miss Annie Laurie Lewis of Lubbock, two brothers, Hoyt Lewis of Las Vagas, New Mexico and Houston Lewis of Roswell, New Mexico, and one sister. Mrs. Johnnie Klees of San Antonio.

Mr. Lewis was returning home about 12:45 a.m., the same time of the accident, having just driven a friend who had been visiting his daughter, to her home. He was alone in his car at the time.

Lewis was employed in the meat market of Furr Food No. 4 and was in the grocery business when he lived in Spur.

Hospitalized Veteran Unseats Dickens Co. District Clerk

Unofficial complete returns from all 13 voting precinct in Dickens county, Saturday night, revealed that L. J. Varnell, Jr., World War 11 veteran who lost a leg in combat in the South Pacific theatre, had defeated Eric Ousley, incumbent, who lost a son in combat, in the runoff contest for county and district clerk. Jake Varnell polled 1,272 votes against 1,239 cast for Eric Ousley in the tight race, a margin of 33 votes.

A. C. Sharp appeared to be winner over Monroe B. Gage for the office of county judge to succeed judge E. H. Boedecker, who was not a candidate for re-election. Sharp layed up 1,391 votes against Monroe Gage who received a vote of 1,078.

For Sheriff-Tax Collector, C. C. Kimmel polled 1,453 votes against Johnnie Koonsmans 1,052.

County Commissioner, Precinct 1: F. L. Edwards, 354, K. W. Street, incumbent, 308.

County Commissioner, Precinct 3: E. J. Offield, incumbent, 168; T. J. Randolph, 101.

Heavy Rains Break Drouth In Area

Rains sprinkled the drouth-parched fields and pastures of Dickens county this week, starting with a light shower, with .09 inches recorded prior to 8 o'clock Tuesday morning, running the gage up to .25 inches during the day, and ranging up to 2.85 inches Tuesday night, bringing the total to 3.18 inches up to 8 o'clock Wednesday morning according to the official gage at the Texas Agriculture Experiment Station west of town.

It is possible the moisture came to late for some crops, but will help late feed and cotton that survived the summer heat and will put moisture in the ground for fall sowing of grain. While not a drouth breaker, the rains will go a long way towards improving conditions and there are still prospects for additional rains.

$8,000 Damage In Freak Accident

An estimated $8,000 in damage was caused to the "Sunshine Service" building, situated on the corner of Burlington and Third, Spur, when the weight of a large quantity of rain crushed the southwest portion of the roof and ripped out a large portion of the south wall.

Occurring a few minutes before 7:00 a.m., Wednesday morning, the damage is generally attributed to the weight of an accumulation of water on the flat roof, heavy enough to crush about 125 feet of the double brick wall and allow the roof to crash inward. The force of the roof hurled portions of the brick wall as far as 65 feet but freakishly left intact five panes of glass in a window that had been a part of the wall.

The Odis Cash Repair Shop, located in that end of the building, escaped serious damage to equipment as the equipment was all close to the north wall. One automobile, in the repair shop at the time, suffered damage from falling debris. Two passenger cars and two pickups, property of the State Soil Conservatiin Service, were in storage and sustained a good deal of damage when they were pinned under the roof. A large truck, property of Eugene Ash Electric Co., likewise suffered damage.

Heavy timbers were splintered and twisted as the roof fell. Fortunately, no one was in the building at the time and no injuries were sustained.

The building is a portion of the estate of the late Mrs. P. A. Ramsey and is currently under lease to C. D. Foreman, operator of the "66" station located in the east end of the building.

Season Opens On Doves September 1

Open season on mourning doves, except on State Game Preserves, Satutory State Wildlife Sanctuaries, US Wildlife Sanctuaries ,and on public highways within all districts ,will open September 1 and remain open until October 30.

Bag and possession limits for the first day a person shall be permitted to possess only one days limit of the species of game taken on such opening day. The bag limit is 10.

Hours for hunting will be one-half hour before sunrise to sunset.

No Open Season Set On Prairie Chicken This Year In Texas

Cecil Fox, game warden for district 5, which consists of seven counties, including, Dickens, Motley, Cottle, King, Stonewall and Kent ,announced this week that there would definitely NOT be an open season on prairie chicken.

There has been widespread opinion that there will be an open season on prairie chicken, beginning September 1, but the state game commission annoucned that there will be no hunting of the birds anywhere in the state this year.

Heavy fines are imposed for illegal hunting of prairie chicken, ranging from $50. to $200.

Church of Christ Meeting Starts At Steel Hill Sept. 1

Sunday morning, September 1 at 10:30 o'clock, a gospel meeting will begin at the Steel Hill Church of Christ, four miles east of Spur, just across the railroad track from Justice Store.

The new church building has been moved to this location recently.

C. M. Walkup will be in charge of the services, and evening services will begin at 8:15 o'clock. The meeting is to last through two weeks. Everyone is invited to attend each and every service.

Lions Club Votes To Continue Tuesday Noon Meetings

The Spur Lions club met in a business session at the Spur Inn Tuesday night and voted to continue the Tuesday noon meeting time instead of Tuesday evening.

Dickens County First Bale of 1946 Cotton Ginned August 19

The first bale of the 1946 cotton was received and ginned in Spur, Monday August 19. The first bale was grown by Arner Watson who lives one mile east of Spur and ginned by the Farmers Co-op Gin.

The 1560 pounds of cotton ginned a 405 pound bale, which was pulled from about 15 acres and was planted April 10.

The second bale, also brought in on Monday, by C. F. Watters, who lives about 14 miles south of Spur was not ginned until Tuesday. This cotton which was planted the last day of April and the first day of May, was pulled from 12 acres. The 2050 pounds of cotton ginned a 525 pound bale.

The first premium was $93, going to Arner Watson and the second premium was $62, going to C. F. Watters. Neither bale have been sold.

In years gone by ,arrival of the first bale of cotton was a big affair, but interest along that line dwindled during the war. At the present time with the scarcity of the king of cash crops in West Texas, it is hoped the long staples will get back in the spotlight today. In carrying out the annual custom, the undersigned business men and citizens of Spur and surrounding communities donated as a premium for the first bale of cotton ginned in Dickens county for the 1946 season.

Postponement of Opening of Dickens School Announced

Due to last minute administration adjustments, the Dickens Public school will NOT open until Monday, September 9.

A full faculty has been employed and everything will be in readiness at that time, for regular opening.

This announcement was made this week by Jack Wester, superintendent of the Dickens school.

SPUR SCHOOL BELLS TO RING MONDAY MORNING, SEPTEMBER 2

In announcing the opening date of the Spur Public schools for September 2, and giving advance details of plans for the beginning of a new school year, Superintendent C. F. Cook said this week, there will be a change in the opening school program from that of past years.

There will not be school on Monday, September 2, for the children of the East Ward and Junior High schools. The High school students will register on Monday and Tuesday, September 2 and 3. Regular classes for high school students will begin on Wednesday, September 4. East Ward and Junior High school students will attend school for the first time for the 1946-47 school year Tuesday morning at 9 o'clock and will have a regular school day.

Please Check the Opening Schedule For All Instructions.

Statement of Superintendent Of Schools

I am beginning my fourth year as superintendent of schools in Spur. This has been a very pleasant tenure. The students, teachers and patrons have been very nice and cooperative. It has been a happy association.

We are beginning a new year, and the same policies will be carried on as in the past years. I want to assure the school board and the patrons of this community, that I will at all times try to guide and direct this school in such manner that we will all be proud to have a part in the Spur schools. We will do our best to have a better school in the future.

There has been many mistakes made in the past few years I have been here and perhaps will be more made this year, but I will assure you that they were and will be made trying to do what I think is right. I trust to have your cooperation this year as we have had in the past. It is my policy to treat your child as if he or she were mine, and when I have to correct your child, please know that it is my belief that this child should be so corrected. I believe in being the same to all. Any child or person that expects to have more privileges than others, will find that I am not so easy to get along with. We can enjoy ourselves better by having the same rules for all.

I welcome at all times, your help and I know I will receive the best, as I have in the past. Please come and visit your child's teacher and discuss any problems that may arise. Please do not tell the other fellow about your dislikes, tell the PRINCIPAL or SUPERINTENDENT. This will simplify our problems and make our school a better school. Visit your school regularly.

We have employed the best trained teachers that we can find. It has been very difficult to find teachers, as there are not enough for all schools. This year, there will be about ten percent of the teaching positions in Texas unfilled. I am very happy that we have as many teachers as we now have. We now lack four teachers, but I think by Monday morning we will have a full faculty.

The school lunch room will open Tuesday, September 3. Lunches will be 15 cents each, the same as they were last year. Children must pay in advance. as this plan is the easier way for the teachers. It is best to pay by the week. The child's ticket is punched only when he or she eats in the lunch room.

We have made some improvements on our buildings this summer. The Junior High school building has received the most improvements. The building has been completely redecorated on the inside, all windows have been washed, new shades for each room have been installed, toilets have been improved and a very nice job on the floors have been done. We think you will like it, so come and look the building over.

East Ward has been improved by new shades, the floors painted, desks and wood work cleaned, windows washed and new books have been added. The dressing room at the stadium has been improved by adding a new water heater.

A. Z. HAYS is our High school principal again and we are happy that he will be here this year.

BRUCE BROWNING is our new Junior high school principal. He has had a number of years experience as grade school principal, and we feel sure everyone will like him. I am very glad to have Mr. Browning in the Spur school system.

MRS. EDITH DURHAM, is our East Ward principal again. Mrs. Durham has done good work in this school last year and I am happy to have her again this year.

Season Tickets Go on Sale For Texas Tech Football Games

Season tickets for the Texas Tech home football games this fall have gone on sale at the athletic department office and indications are the largest crowds in history will be on hand for the five games.

Center sections in the stands will be taken by season ticket holder, Morley Jennings, athletic director, stated. Demand is almost double that of last year.

Tech will play five home games: Sept. 21, West Texas State; Oct. 19, Baylor (Homecoming); Oct. 26, Denver University; Nov. 9, New Mexico: and Nov. 16, Oklahoma A and M. Only the West Texas game will be at night.

Mr. Jennings is urging all fans to make reservations for the season or individual games at once if good seats are desired.

Elmer Tarbox, Lubbock, president of the Texas Tech Ex-Student association ,is urging all former Techsans to reserve seats for the Homecoming game with Baylor to write Mr. Jennings immediately so proper seating arrangements may be made.

"Exes who don't make reservations now may find themselves standing or in temporary seats behind the goal post," he said. "Homecoming this year will be the biggest in history. We expect exes to be on hand from all over the Southwest--and we want them to have good seats. But if reservations are not made now, many of them will be sitting in places where they may not be able to see the game to advantage."

Cotton Insect Situation In Texas

The hot, dry weather which has continued to prevail in Central Texas is causing young bolls to shed and others to open prematurely in many fields. Cotton insects are moving into the more attractive younger cotton where it occurs and control measures in many instances would be profitable.

Heavy damage by bollworms is reported from scattered fields in Delta, Fannin, Hunt, Lamar, and Hopkins Counties. Another generation of leafworms is just beginning to appear in this area.

Droughty conditions have caused much of the cotton in westcentral and northwest Texas to quit fruiting, but irrigated fields are subject to damage by both bollworms and leafworms.

Tarnished plant bugs are prevalent in Floyd County of the Texas panhandle. Light to medium infestations were found in 13 fields and in 4 fields severe infestations were causing young bolls to dry up and to shed. A dust containing 5 per cent DDT mixed with sulphur is advised for this pest.

While the hot, dry weather has served to shorten and, in some cases, cut cotton production the situation may be used to the advantage of the cotton growers in the southern half of the state, if they will pick the crop as soon as possible and then plow the cotton stalks under. This step is the most important that can be taken to prevent boll weevils damage next year and is most effective when done on a community-wide basis.

An Appeal To Bird Hunters

An appeal to hunters to give birds --- and the telephone Company -- a sporting chance, was made today by Mr. C. H. Cale, manager for Southwestern Bell following several recent instances of gun shot damage to telephone wires and long distance circuits.

"When hunters take a pot shot at a bird on a telephone wire or pole they often wind up scoring a bullseye on an insulator or wire," Mr. Cale said. "I don't know how often they bag the bird.

"A careless shot will often put a number of telephone lines out of service," Mr. Cale explained. "With the current critical material shortages, this type of damage to telephone equipment is more serious than ever."

With the approach of the dove season and with more ammunition expected to be available than in recent years, all hunters are asked to help eliminate this type of damage to hard-to-get telephone equipment.

Time and labor spent on wires, due to damage caused by hunters, will only delay the installation of many much needed telephones that the public have waited months for.

Mrs. Frank Laverty and son, James Franklin of Fort Worth arrived last Monday morning to visit their mother and grandmother, Mrs. Hattie Turvan. Mrs. Laverty is a former employee of the Spur Post Office.

Mr. and Mrs. A. J. Richey Enjoy Visit From Children

Mr. and Mrs. A. J. Richey have as guest in their home this week, their children, who have met here for the first time in four years. Mr. and Mrs. W. N. COOKED A FINE DINNER; THEN THREW IT TO DOG

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloat, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perpectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Dickens County.

You may lose pounds and have a more slender, graceful figure. No exercise. No drugs. No laxatives. Eat meat, potatoes, gravy, butter.

The experience of Mrs. Wells may or may not be different than yours, but why not try the AYDS Vitamin Candy Plan? Look at these results.

In clinical tests conducted by medical doctors more than 100 persons lost 14 to 15 pounds average in a few weeks with the AYDS Vitamin Candy Reducing Plan.

With this Ayds Plan you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. It's simple and easier when you enjoy delicious (vitamin fortified) AYDS before each meal. Absolutely harmless. 30 days supply of Ayds only $2.25. If not delighted with results, MONEY BACK on the very first box. Phone

Texas Tech Recommends Abandonment Of Summer Commencement

Faced with rapidly increasing requests for degrees in absentia, the convocation committee of Texas Tech College has recommended abandonment of summer commencement exercises after this year. If the proposal is adopted, students completing work during the summer will be given certificates and will be asked to return for commencement the following June, the same as students ending studies in January. Elimination of summer commencement will follow the practice of most major colleges and universities of the nation.

Mrs. Nona Starcher returned last Saturday night from Abilene where she has been attending to business.

Vows Read By Dolores Goodwin And Dumont Bridge

The marriage of Miss Delores Goodwin, daughter of Mr. and Mrs. Curtis Goodwin of Glenn and Dumont Bridge, son of Mr. and Mrs. Clayton Bridge also of Glenn, was conducted Saturday night, August 17 at 7:30 o'clock, at the home of Mr. and Mrs. Ray Gene Bostick, with Rev. Wylie performing the double ring ceremony.

The bride was lovely attired in a brown and white jersey dress with brown accessories. Her corsage was of yellow carnations.

The couple's only attendants were Mr. and Mrs. James A. Bridge of Dickens, brother and sister-in_law of the groom.

The couple left immediately after the ceremony for a wedding trip to Dallas, after which they will be temporarily at home at Glenn, Texas.

Both Mr. and Mrs. Bridge were born and raised in Dickens county and are both graduates of Patton Springs high school. Mrs. Bridge has been a student at Texas Technological college at Lubbock for the past two years. Mr. Bridge attended Texas Technological college at Lubbock one year before entering the army in 1940, where he has served for five years in the army air force and saw service in the CBI theatre.

PLEASE, FELLOWS...
Give the birds a break

When you take a pot shot at a bird on a wire the victim doesn't have much of a chance . . . and neither do telephone wires.

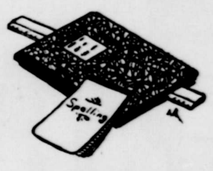

Last year in the Southwestern Company nearly 3,000 cases of wire trouble were caused by careless hunters.

Telephone equipment is hard to get and hard to replace.

So won't you please give the birds . . . and us, a break?

Thanks.

Take a Taxi Executive's word for it!

New Silvertowns "Meet Taxi Requirements"

"Rain or shine, year in and out, 24 hours of the day, taxis serve the public," says Mr. Thomas A. Ballantine, President of Yellow Cab, Louisville, Ky. "Safety, dependability, and economy are the watchwords of successful taxi operation. B.F.Goodrich Silvertowns meet these requirements."

For Safety, Economy, and Mileage choose the tire that

OUTWEARS PREWAR TIRES

One of the taxi fleets that tested the new B.F.Goodrich Silvertown before it was offered for public sale was Yellow Cab, Louisville, Ky. In addition, it was tested on police cars and the B.F.Goodrich test fleet over millions of miles in all kinds of weather under severest conditions, and even at high speeds.
All these tests supported Mr. Ballantine's findings that: "....their wider, flatter tread gives our cabs better traction and surer, safer stopping. The stronger cord body means fewer interruptions and service stoppages. And in actual mileage, tests on our fleet prove they OUTWEAR PREWAR TIRES. Because Silvertown tires cover more ground, our cabs can, too, *without* interruption."

We know you'll want these tires for your car. So to be on the safe side, see us today.

THE ARMY HAS A GOOD JOB FOR YOU!

NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

GOOD jobs in *non-commissioned grades* are being offered *now* by the Regular Army to qualified former servicemen!

Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

★

Highlights of Regular Army Enlistments

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of $50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service — increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

THROUGHOUT our nation's history there have been occasions when skeptics said "it couldn't be done" . . . and American Labor went ahead and did it! Sometimes the job was one of peacetime production, sometimes of war production. Always there have been obstacles to overcome. Duck Creek Soil Conservation District News Notes

RILEY WOOTEN, Chm. OSCAR McGINTY, Sec.
WILL WRIGHT TOM MURDOCH CHAS. WITT

In October 1940, Horace Woods dry planted 8 acres of alfalfa. He has an average of four cuttings of hay per year, netting close to $100.00 per acre per year. Woods, who is cooperating with the Duck Creek Soil Conservation District and is carrying on a complete conservaton program, states, "This year I have got one crop of hay and a seed crop. I harvested the seed in one operation with a regular combine. We had to operate at a slow speed, but it did a very good job by turning out 2400 pounds on the 8 acres. Alfalfa certainly beats cotton and I intend to plant more of it." With the wholesome price of alfalfa seed at approximately 35 cents per pound, his seed crop has netted Woods $100.00 per acre this year.

The Weeping Love and Sand Love grass planted last March by D. P. Smiley in the North Glenn Conservation Group is up to a good stand but, like everything else, is needing a rain. Smiley wants to increase his grass plantings with an additional 6 acres next spring.

"Conservation farming pays off on the plains too," declares A. J. Allen of the Caprock Group. "I believe I have doubled my production by conserving water that would have otherwise run off. We usually have one or more heavy rains that afford us an opportunity to store up an underground season of moisture and if we take advantage of this apportunity we can be assured of a normal crop."

Paige Gollihar, cooperator of the Duck Creek Soil Conservation Distrist ,is rebuilding some of his terraces with a whirlwind terracing machine.

R. L. Rickels has the county eqiupment repairing some of the damage done by the June 19 rain. As a result of the terraces, Rickels saw water standing on his fields for the first time instead of running off iinto Dockum Creek.

The interests of all inhabitants of Spur deserve the consideration of every public official and the best way to make progress is to take care of every legitimate interest.

Local Student Finishes Summer School at Traphagen

Miss Ruth Hindman, daughter of Mr .and Mrs. W. H. Hindman, Route 1, has completed an intensive six-week summer course in Costume Design and Illustration at the Traphagen School of Fashion, New York.

Her class was one of the largest ever to attend the summer sessions in the twenty-three years since the schools founding, and included students from as far away as Iceland and Siam.

The class enjoyed numerous field trips arranged by the school for inspiration purposes as well as practical knowledge. Among their field trips was a visit to the American Museum of Natural History where they were conducted through the Museum by the artist W. R. Leigh, celebrated for his paintings of the American West as well as for his backgrounds in this Museums African Hall. The galleries of the Metropolitan Museum were visited under the guidance of George Gage, portrait painter and illustrator who instructed the Life and Illustration classes during the summer sessions at Traphagen. Another highlight was the opportunity to attend a specially planned program at the studio of Paul Swan, painter and sculptor, also famed for his dancing. Theatre parties were arranged for "Henry V" for study of the historic costumes unique in the motion picture field for their authenticity.

At the school, a display of 19th and 20th century French gowns from the Traphagen museum collection aroused much entheusiam: one. a Worth gown, was worn at the last ball given at the court of Empress Eugenia and Napoleon 111. This display was arranged not only for students of the school, but to honor a delegation of French teachers, specialists in vocational arts, sent to America by the French Government to observe American teaching methods.

The final exhibition of the summer will be of outstanding student work accomplished during the six-week session, shown in the schools Penthouse Galleries, 1680 Broadway, to which the public is invited.

Information On Pears And How To Make Summer Mince Meat

Homemakers planning to can pears from their own orchards should harvest them when they are mature but still green and allow them to ripen in a cool, dark, well-ventilated place. This practise will assure a finer texture in the canned product and will prevent the fruit from having a bitter taste.

Once ripened, the pears must be used immediately or they will quickly become discolored ,warns Gwendolyne Jones, food preservation specialist for the A. & M. College Extension Service. She gives this further advice to the homemaker: Since pieces of the pared fruit become discolored so quickly, drop them immediately into a solution made of one gallon of water and two tablespoons each of salt and vinegar. This treatment not only checks discoloration but also prevents loss of vitamin C.

Complete directions for canning pears can be obtained from local county home demonstration agents or by writing to Extension headquarters at College Station.

Currently pears are the most plentiful fruit available for canning and preserving, so Miss Jones offers this recipe which has become a favorite with Texas home demonstration club women:

Summer Mince Meat

7½ lbs. pears (peeled and cored)
1 orange, 1 lemon, 1 apple (peel and all)
3 lbs. sugar
1 cup vinegar
1 cup grape juice or other fruit juice-not too sweet
1 teaspoon salt
1 tablespoon each cinnamon. cloves, mace or other spice to taste.

Grind pears, orange, lemon and apple. Mix with all other ingredients and boil for two hours. Pack in jars and seal while hot. This is an excellent way to use hard pears.

Miss Nell Francis returned Friday from Mexico City where she has been studying through the summer months. She will visit her mother, Mrs. W. B. Francis, Sr.. here before going to El Paso where she will teach in the college of Mines and Metallurgy.

A. M. Karr returned last Thursday from Albertville, Alabama where he has spent the past two weeks visiting his father, J. B. Karr and other relatives and friends. Mrs. Karr stated that it was quite dry through all the country, not encountering rain on any part of his trip.

Mrs. Preston Blackwell of Girard was in town Monday, doing some shopping and attending to business.

Mrs. William Herd is visiting in the home of her parents, Mr. and Mrs. A. J. Slaton of the Dickens Highway.

It is necesary that these boys get their uniforms at this time, so that regular workouts can begin Monday, allowing full two weeks of practice before the opening game at Haskell.

Sput. C. F. Cook announced Tuesday night that Sam T. Hawkes, who is a graduate of the Texas College of Arts and Industries at Kingsville, Texas has accepted the place in the Spur schools as coach for the 1946-47 term.

Hawkes played quarter back for four years and was all Conference quarter back for two years. He has recently completed four years service in the United States army.

Quiz Program Enjoyed By Spur Rotarians

The Spur Rotary Club enjoyed a Quiz Program last Thursday noon at their regular weekly meeting at the Spur Inn, when program chairman J. D. McCain gave test questions on World War 11 and other interesting questions.

Guest attending were, Superintendent Robinson of the Peacock schools, who was introduced by Foster Cook, Sylvan Golding and Pershing Lee who were guests of E. S. Lee and Oscar McGinty introduced his guest, Clovis Woodrow Proctor.

President Joe Long presided. The program for today will be "Rotary Information" by H. M. Christian ,with Horace Hodges as program chairman.

M. L. Rickels Enjoys Much Deserved Vacation

Mr. M. L. Rickels, local representative for the Stamford Production Credit Association, has been vacationing during the entire month of August. Many of the association employees and members know this is the first relief from duty Mr. Rickels has enjoyed in several years as local representatives, and the board of directors were glad to make the necessary arrangements so that he could make up for a little lost time. They also wish to thank the many members in Dickens and Kent Counties for handling their August business with the Spur office on Fridays and Saturdays, as it was impossible to have a substitute in the office at all times. Thanks to Ryland Gleaton, Central office accountant who has spent each weekend at Spur during Mr. Rickels absence, things have been kept pretty well under control.

Mrs. J. (Granny) Smith visited in the home of Mr. and Mrs. William Starcher last Thursday and Friday. Mrs. Smith had been visiting in Lubbock and was enroute to Aspermont where she will visit a son, A. A. Smith and family and will also go to Abilene where she will visit a daughter, Mrs. A. C. Perry and grandchildren, Jimmie Dunlap and Lit Perry ,before returning to the home of her daughter, Mrs. Nora Base in Fort Worth where she makes her home, Mrs. William Starcher is a grandmother of Granny Smiths.

It took more than four pages of the Congressional Record, in July 1945, to list the wars in which some part or another of the world has been involved since 1800.

Frozen Food is Feature Of Foodway

One of the really fine services in Spur is the Frozen Food chest at the Foodway Market. Mr. Murray keeps on hand out-of-season and fancy foods that are a real delight. As this service is not generally found except in large cities, we feel Mr. Murray deserves commendation.
