Finally Gets Action

Women in these two photos have taken action into their own hands and are getting things done. In the above photo, Mrs. Jewell Richter of 517 E. 14th prepares to strike the first blow in knocking down an old house across from her property that she has been trying to get removed for years. Permission for removal, in co-operation with a local construction worker was obtained through efforts by J. Lee Jones, Jr., attorney. The owner, who lives in Dallas, was contacted by Jones and granted permission for removal of the eyesore when informed of the delapidated condition of the house. In the bottom photo, members of the Colorado City Garden Club, Mrs. Earl Brown, Mrs. George Lay Powell and Mrs. Roy Davis Coles, left to right, are working on removal of weeds from near the curb of the Garden Club traffic circle across from E-Z Way Superette and Judy's Beauty Shop on highway 208. The Garden Club maintains the beauty spot inside the curb and city or highway department crews are supposed to take care of the area outside the curb. Neither department knows where responsibility lies, so Garden Club ladies decided to take matters into their own hands and hoe the weeds from the uncurbed area.

Museum To 2nd St.?

City Wants Divided Street For New High School

The City Council of Colorado City Friday night in a special meeting heard reports that indicate the city hopes within the near future to move its museum to the Snyder Building at 2nd & Oak.

The council also made plans for spending revenue sharing money for the next year, and directed City Manager J. A. Sadler Jr., to get more easement for a new street between 10th and 17th street for the new high school. A name for the street has not been determined.

The school district had obtained a 60-foot easement for the road but members of the council and city attorney Dell Barber expressed the belief that now is the time to fix up a road that will enhance the beauty of the new school as well as improve safety conditions around the school.

The council wants a 100-foot easement to make a divided street with shrubbery in the median. This type of street will help handle traffic around the new school as well as for any development that should take place in that area, council members said.

Councilman J. Lee Jones Jr., reported that it is possible that the Simpson Estate will donate the Snyder Building at 2nd & Oak to the city to be used as a museum.

Jones, who is chairman of the city museum board, said the existing facility is much too crowded and a new facility is needed and he believes that some $10,000 needed to fix up the Snyder Building can be obtained from federal sources.

The Snyder building and a building behind it, both owned by the Simpson Estate, has a total square footage of 17,500 square feet as compared to 4,500 square feet of the existing museum. The museum has proven to be an extremely popular attraction for Colorado City, as evidenced by the number of people who visit the facility each year.

Jones said that the building could be fixed to coordinate with the city's new civic center across the street from the Snyder Building and that he is working with private sources to see if the bus station can be moved to the corner of 2nd and Oak where the vacant Conoco station is now to help enhance the area.

On the other corner of that intersection is the Masonic Lodge which also has an improvement campaign underway with plans to tear down an old building beside the main building and possibly to use different colored paint to accent trim of the building. The Masonic Lodge has undergone extensive remodeling in the past few years.

Jones reported that the building where the museum is now housed will not be wasted and will be put to use in some fashion.

Regarding a budget for use of revenue sharing funds, members of the council said they wanted:

--A new garbage truck for the downtown area at a cost of about $10,000.

--New signal lights for the intersection of Hickory and 12th at Junior High, $1,000.

--Pavement to Ruddick Park and pave access to camping area as well as making improvements at camping area, about $10,000.

--Set up motor pool and central maintenance for city vehicles.

--Extend sewer and water lines to new high school as well as help in paving new street to high school, in excess of $10,000.

--Buy new road grader or front end loader, $30,000.

--Clean water towers, $16,000 to $20,000.

Since the revenue sharing program has started, the city has received $115,556 and has spent $90,121.23 to buy a new ditcher, compressor, traffic signal lights, truck, front end loader and trailor. Within the next year it is estimated that the city will have $83,227.07 to spend in revenue sharing monies.

School Awards Bids For Construction, Renovation

The Colorado Independent School District board of trustees Thursday night awarded a contract to Haney and Sivley of Abilene for $1,869,500 to build a new high school and renovate existing school buildings.

Bids for the projects were opened April 11 but all the bids were above the amount the school district had to spend. Architect Tommie Huckabee of Andrews was instructed to work with the low bidders, Haney & Sivley, to trim the costs.

The original bid was for $2,066,459 plus $9,527 and $9,220 to put new lighting in Hutchinson and Kelley Elementaries and $8,548 to install new plumbing fixtures in the existing high school which will be made into a middle school for grades 6, 7 & 8.

In addition to these costs, there was the fee of $114,000 for the architect, $14,124 for the fiscal agent and $79,000 for the equipment.

Huckabee, working with the low bidders, trimmed the cost by about $226,000 to get the projects within the money that the school has to spend.

Items deleted from the projects include:

--New cafeteria for Hutchinson at a savings of $93,233.

--New gym for Kelley Elementary at a savings of $30,000 and covered sidewalk to new gym at a savings of $3,590.

--Air conditioning for Kelley Elementary cafeteria and stage area, at a savings of $11,719.

--Delete classrooms in new gym facility at high school and extend gym by six feet at a savings of $37,018.

--Leave windows in existing high school at a savings of $8,100.

--Delete covering for walkways at new high school, at a savings of $12,100.

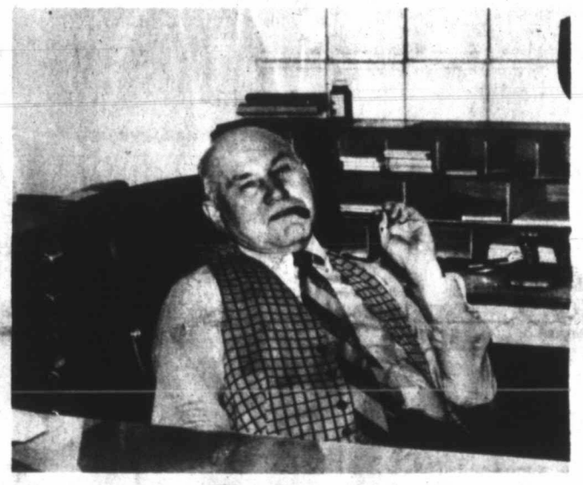

--Other items deleted or changed were of a technical nature involving type of equipment and in air conditioning, electrical work, plumbing and planting.

The contractors said work will get underway within 10 days and they hope to have all work done before the 1975-1976 school year gets underway.

Retires ...From SPCA

Baker Honored Friday Night

R. B. Baker, fisherman, domino player and prennial election judge, will retire April 30 as office manager of Colorado City's office for Sweetwater Production Credit Association, a post he has held since 1945.

He was honored by PCA at a dinner in his honor Friday night in Sweetwater. His retirement will become effective April 30 shortly after he turns 70, the mandatory retirement age.

Baker will be succeeded by Eddie Mitchell as manager of the Colorado City office. Sweetwater PCA serves six counties, Mitchell, Nolan, Borden, Fisher, Scurry and Dawson.

Baker was born in Van Zandt County and he and his parents moved to Colorado City when he was a month old. He was graduated from Colorado High School and then went to business school in Kansas City, Mo., where he met his wife, Margaret Wittman. They were married Sept. 16, 1931.

Baker worked for a time for National Steel & Supply Co., in Kansas City before he returned to Colorado City in 1931. From 1931 until 1942 he was engaged in farming. From 1942 until 1945 he was manager of Swift's Gin. In 1945 he became manager of the local PCA office, succeeding J. W. Watson.

When he took over as manager of the local office, the peak loan volume amounted to $190,000. That peak volume now has reached the $2.75 million mark and growing.

PCA which is in the Federal Intermediate Credit Bank, makes loans to farmers and ranchers who are stockholders in PCA.

About Baker, F. C. Shillingburg, president of Sweetwater PCA, says, "He's done a wonderful job in the area he serves. He's well liked and respected by everyone concerned. He has contributed greatly through the association to the economy of the area he serves."

"A whole lot of good things could be said about R. B.," says Raymond Watlington, Mi-

Revival At First Baptist

First Baptist Church in Colorado City will have spring revival services from April 21 through 28, morning services at 10 and evening services at 7:30.

Charlos McLeod, presently pastor of First Baptist Church in Plainview, is evangelist for the revival.

McCleod is a graduate of Wayland Baptist College and Southwestern Seminary and has pastored San Jacinto Baptist Church in Amarillo and First Baptist Church in Silverton.

He and his wife, Bonnie, are the parents of three daughters, Ann, Gale and Amy.

McLeod is a native of Farmersville.

Music director of the revival is Billy Hilbun, president of Crescendo Music Service. He was interim music director of First Baptist Church in Dallas.

A choir covered dish supper and rehearsal was held at the church Saturday evening.

Takes Over ...For SPCA

Mitchell SPCA Manager Here

Eddie Mitchell has been named to become office manager of the Colorado City office of Sweetwater Production Credit Association.

He succeeds R. B. Baker, manager of the PCA's Colorado City office since 1945. Baker is retiring April 30.

Mitchell and his wife, Cresta, moved to Colorado City in December 1973 and now live at 956 Marshall. They have an 8-month-old son, Brian Paul Mitchell.

Mitchell was born in Sweetwater and grew up around the Trent community. He is a graduate of Texas Tech University with a degree in Agricultural Economics. Prior to joining PCA in Colorado, he was with the USDA Statistical Reporting Service in Austin for about 2 1/2 years.

The new PCA office manager grew up on a farm in the Trent area and while attending high school was active in the Future Farmers of America. He was president of the local chapter, was on several judging teams, showed livestock at many stock shows around Texas, and holds the Lone Star Farmer Degree.

Five Advance To State

Five girls from Colorado High School won in Regional UIL competition in Literary events Saturday and will advance to state contests.

Placing first in journalism feature writing was Sally Smith, daughter of Mr. and Mrs. Jack Smith.

Spelling first place winner was Cindy Holder, daughter of Mr. and Mrs. Kent Holder.

Helen Haggerton won second place in shorthand and will go to state contest. Elaine Ruffin was third place winner and is alternate if either first or second place winner cannot compete. Miss Haggerton is the daughter of Mr. and Mrs. E. W. Haggerton and Miss Ruffin is the daughter of Mr. and Mrs. Eldon Ruffin.

First place in typing went to Jackie Palmer with second place going to Lani Muinch. Miss Palmer is the daughter of Mr. and Mrs. Mel Palmer and Miss Munich's parents are Mr. and Mrs. George Munich.

The wins for Colorado High School students were a clean sweep for CHS.

Police Investigate Break-ins

Colorado City police and Mitchell County Sheriff's departments have had a rash of burglaries in the past week added to their list of investigative work.

Eddie's Pharmacy was burglarized either Saturday night or early Sunday morning of last week and $400 worth of addictive drugs stolen.

Two break-ins were discovered Thursday morning, one at Cattleman's Restaurant on west Interstate 20 and one at Hale's Westbrook Truck Stop just off I-20 in Westbrook. In

All-Sports Banquet Slated

Colorado High School has set the date for the All-Sports banquet for 7 p.m. May 9 in the high school cafeteria.

The covered dish affair is very informal and all interested persons in the community are invited to attend. Bring a covered dish and join in the fun, invites Coach Weldon Brevard.

Football team members have a separate banquet earlier in the year, Brevard pointed out, but all other sports at Colorado High School are included in the All-Sports covered dish supper; Varsity, Junior Varsity and Ninth grade basketball; Girls volleyball and track; Boys and Girls tennis; Boys track and golf.

Coaches will give awards and recognition to team members' contributions during activities at the supper but no formal speeches are slated, Brevard said.

Boys' Adventure Roundup

Boy Scouts will have their Adventure Roundup Wednesday at 7:30 p.m. in Ruddick Park Scout Hut.

During the Adventure Roundup, they will learn about summer camp and summer Scouting activities.

Fred Armijo, Scoutmaster for Troop 20 in Colorado City, will present information to 11-14 year old boys about a summer camp program for Scout-aged boys.

Gary Harkins, Cubmaster for Colorado City Pack 2, will discuss plans for summer activities for Cub ages, 8-10.

Along with the summer program discussion, a nature demonstration will be presented for the boys and their parents, using a live animal in the demonstration.

District Executive for Boy Scouts, Don Butler, asks that parents attend the Roundup with their boys so they will also know about the summer plans.

New SCS Conservationist

Mark Moseley has been assigned as Range Conservationist with the Soil Conservation Service in Colorado City and is in the process of moving to his home in the country. He is a native of Rochelle, a 1967 graduate of Rochelle High School and a 1973 graduate of Texas Tech University in Lubbock. This is his first assignment with the SCS since his graduation from college and he will be working with range planning services in the county.

Industrial Sales Team Important

Alton Staggs of Abilene, Friday told members of the Colorado City Noon Lions Club one of the primary reasons for Abilene's success in recruiting industries is an industrial sales team.

The Industrial sales team is a community sales organization with the purpose of selling industry on the idea of locating in that community, Staggs pointed out.

Selection of the right persons for the sales team is important as is the proper training for the persons selected, he pointed out.

In general, he noted, the subject areas covered by the industrial sales team are: Labor sites and available existing buildings; financing; transportation; education and training; utilities; government--taxes, zoning; community facilities and raw materials.

Since the Abilene Industrial Sales Team was organized in 1969, Staggs said, 24 new industries have been located in Abilene, and 27 others have expanded, adding 5,527 new jobs to the Abilene economy.

Staggs is a candidate for state representative of District 61. He is opposed by incumbent Elmer Martin of Colorado City and Mike Young of Abilene.

★Meeting Set

Pony League and Teenage League will hold an organizational meeting 7:30 p.m. Thursday in the Reddy Room of Texas Electric Service Company.

All interested parents and coaches are asked to attend to make plans for the coming season.

Rodeo Set For C-City

Colorado City rodeo fans will have an opportunity to watch exciting action in the arena here in three performances Friday and Saturday.

The rodeo is sponsored by the West Texas Junior Rodeo Association and entry blanks are available from Bowers Western Wear on east I-20. Entries need to be postmarked no later than Tuesday.

The rodeo is sanctioned by the West Texas Junior Rodeo Association and members and non-members are invited to participate.

Friday's performance will begin at 8 p.m. with a matinee Saturday at 2 p.m. and regular final performance Saturday night at 8 p.m.

The usual rodeo events are included.

For additional information, telephone Mrs. Francine Edwards, 653-3988 in San Angelo.

No headquarters will be set up locally.

Ruth COFFEY'S CONVERSATION CORNER

WHAT ARE a few of your favoirite things? They may be an index to the real you.

Reading newspapers? Much--too much--of the news we read is sad and sickening. But if you read it ALL you are sure to find some delightful items to cheer you along the way.

For instandce, read the other day that a controversary has finally begun between educators over the teaching of modern math. Goodie. Was glad all day. Modern math may improve and speed up the minds of school pupils leaning it from scratch but it really plays heck with parents and grandparents when it comes to homework.

It is the stuff of which inferority complexes are made for the older generation.

* * *

IT BROUGHT a kind of joy to read, too, that a number of music lovers have at least one thing in common with Pat Nixon, The First Lady, whose favorite song happens to be "My Wild Irish Rose." Even those who love Schubert's Serenade best find her choice intriguing, human, simply sweet.

Well, what are a few of your favorite things? The list may be short or stretch from here to Westbrook.

And it can be all mixed up with things like climbing roses in bloom in April to sharp cheddar cheese, any season...a hymn, a fresh tomato...rain on the roof.

* * *

IT CAN BE a rainbow...anybody's baby...a full moon... a TV series...a little wedding present teapot...a ride in the country...a walk in the sun...an old rocking chair...new curtains, a new magazine, new shoes...a train coming through in the dark...going to bed... getting up...sitting still for a while.

It can be a letter, though the art of letter writing is almost passe'. It costs you a dime to write a letter now but am here to state it may be worth $100 to someone you love who receives it. Remember a cup of coffee away from home costs two dimes.

Published collections of letters written by the brilliant or famous of any era are always a delight to read. Suppose you should suddenly become rich and famous? Would letters from your pen, when collected, all begin "Enclosed find check," or "Dear Cousin, how are you?"

* * *

HATE to write letters? Well write Dear Abby who is both witty and wise. She will send you for a small stipend pamphlet full of suggestions on how to write interesting letters.

Or you can start exchanging tapes though this may not be the most tactful time to mention it.

* * *

IT IS a shame for the art of letter writing to dwindle, almost die out. Wonder why it's so much finer to get a letter than to write one, though.

While we're at it wonder what ever happened to the art of making tatted lace. It used to be one of the favorite things of ladies--especially those expecting new babies. You hardly ever see tatted medallions and trimmings any more.

* * *

EVEN SO it is as true as true that the more favorite things you cherish the wider your interests and the more fun you'll surely have.

And think how little trouble most of them are these days... listening to stereo music while you dust...browsing in the library...loving the little field daisies which have covered field and highway shoulder overnight...watching kittens or puppies at play...drinking frozen orange juice and instant coffee...taking a leisurely long warm bath...getting a fresh shampoo...window shopping...seeing and hearing cardinals... seeing people.

Ah, these are a few of my favorite things!

* * *

SEEING PEOPLE may top the list sometimes. Seen latelys here were that nice man named Henry Bilberry...Mabel (Sissy) Merritt...Beauteous Gillian McEntire...Alta Casbeer and Bonnie Brown...Smiling Eddie Piland, too.

Saw Eual Henderson...lovely lady Clydine Stickney working in her Cedar St. yard...Violet Moeser and her brother Eddie... Naomi Stagner...Marie Harkins of the LTNS, long time no see, department...Ditto Freddie Guitar FP, favorite person...Nina K. (Quinney) Crout...Mamie Lou New...Mike Burt out grocery shopping.

Jack Smith was happily carrying his darling little grandson...Josie Feaster...Katherine Dorn, both on the shopping scene...Scott Weaver, CHS student who is polite and handsome at the same time...Mary Jo (Pickens) Hill.

* * *

FAMILIAR FACES were Elizabeth and Howard Cox dining out...So were Thelma McSpadden and Mabel Kelley...Mrs. Fielding Lee, Sr...Elmer Martin, Texas House of Representatives, and his diminutive wife Billie, nee Wyatt...Bill and Faye Bloomer...the good looking Joe Morren...Perry Bowles with his wife Evelyn, FD, favorite dear...Tom Rees, attorney... Pat Fuller again.

Likeable Marion Simpson of Abilene was over our way. I'm gonna sit right down and write himself a letter.

Spied Dr. Billy Bruce Bridgford...Rancher Bunky Girvin... Gerald Gordon...Sweet Mary Lou Bell, registered nurse... Alvie Hickman...Chief Browning of C-City Police Department...Philip and Minna Berman.

* * *

SEEING PEOPLE is absolutely one of my favorite things. See YOU soon?

What Does Mike Young Say About The Right To Work?

Mike Young and friends are talking about how a strong representation in District 61 is needed.

Mike Young believes that people have the right to work without having to join a union in order to hold a job.

But when labor unions try to force people to join or lose their right to work, this is unjust. If you agree, vote for Mike Young. Remember, you only have one voice in Austin, so make it a strong one, Mike Young.

Claxton Lodge News

By Venita Garnett

Twenty three residents and sixty two visitors enjoyed the good country musical presented by the following musicans on April 5. Mr. and Mrs. Earl Hayes, Frank Robinson, Kenneth Wilson, O. L. Montgomery, Hoyt Roberts, Gipp Harmon, Sofia Oliver, Maggie Hamrick, Duel Blair, Toby Sanderson and Eddie Alberts. How very much we appreciate all the fine people of Mitchell county.

Last Sunday Bible class was attended by 42. Good Friday was observed by a party planned with RSVP and other volunteers. Most of the residents were in attendance. There is never a dull moment at Claxton Lodge and no two days are the same.

New residents are Cordelia Davis and Velma Cobb. New employees are Fay Madewell, LVN; Lucille Bohanan, LVN; Wallen Banks, LVN; Deborah Haddox, Aide; Linda Faver, Aide; Dee Bowen, Aide and Danny Andrews Orderly.

We are happy to have these fine people on our staff.

Venita Garnett is in San Antonio this week for Texas Nursing Home Association Convention. The theme is Reality Orientation. She was accompanied to San Antonio by Annie Marshall, who is well known in Colorado City. Annie will enter Bexar County Hospital for tests. Florence Walker is in Hendricks Hospital, Abilene, following minor surgery. Fannie Arnold remains in the local hospital but we expect her home soon. We look forward to the return of all those mentioned.

Garnett Returns

Venita Garnett, representing the Claxton Lodge, of Colorado City, has just returned from the Texas Nursing Home Association's 24th Annual Spring Meeting, held April 15-18, at the San Antonio Convention Center. The meeting drew over 600 nursing home owners, administrators, guests, and representatives from the health care field. This year, the Texas Nursing Home Association will represent some 50,000 licensed nursing home beds in Texas and is the largest nursing home association in the United States representing both privately owned and non-profit long term care facilities.

TNHA is dedicated to the continuing improvement of quality health care for the aged. Recognizing the needs of the patients and residents in the long term care environment, TNHA designated "The Nursing Home- A Good Place to Live" as its meeting theme. The meeting offered fifteen (15) hours of education credit to those attending as approved by the Texas Board of Licensure for Nursing Home Administrators. The special education sessions were supervised by the University of Texas at Austin, Division of Extension, Distributive Education Department and focused on Reality Orientation, a rehabilitation program designed to prevent patient withdrawal from the realities of living.

elected school board members Truman Bodine, Ed Roach, Drew Ballard and Bob Motley. Tom Rees was re-elected president of the board; S. L. (Mac) Morris was elected vice-president, and Drew Ballard, secretary.

--Appointed Truman Bodine, Ed Roach, and Bob Motley to board of equalization which will hold its local hearing at 9 a.m. Thursday, June 20. Bodine will be chairman.

--Released Basketball Coach Dean Ingram from his contract effective May 1 so he can take a job in Lubbock.

--Accepted a bid of $5,074.39 for workmen's compensation insurance from the Texas Association of School Boards. The board expressed regret at not being able to award the bid locally but the general belief was that the TASB bid would save the schools several thousand dollars a year. The school employees will be covered by workmen's compensation for the first time, effective July 1.

--The board adopted a pay schedule for hourly workers to comply with the new federal minimum wage law. The new pay schedule will cost the school district $2,227.46 for the remainder of this school year; $10,944.28 next school year; $16,985.87 for the 75-76 school year and $8,403.85 for the 76-77 school year as compared with current pay scales. ★Break-ins From Page 1A

both the burglaries, small change from the cigarette machine was taken, and lighters and small change from the newspaper racks. At Hale's Truck Stop, two tape players and speakers were also taken.

Marvin Hale, owner of the truckstop, and Homer Bass, who was opening the station at 6 a.m., discovered the break-in, Bass saying that the lock was lying in the drive-way.

Panny Shurtleff, operator of Cattleman's Restaurant, said that the cook was opening the cafe between 4 and 4:30 p.m. and discovered the break-in there.

Sheriff's deputies are investigating these two burglaries.

Colorado City police are also investigating cause of a missing calculator from Texaco station at I-20 and San Angelo highway exit. The calculator was not discovered missing until Thursday afternoon by Johnny Creager at the station, but he reported to police that it had disappeared sometime during the week.

Thursday night an attempt was made to break into Marshall's Downtown Department Store and Sequoya Mobile Homes was burglarized, about $1,064.12 taken from the manufacturing plant in tools and calculators.

The attempt to break into Marshall's was through a window vent in the front of the store but the attempt failed and nothing was taken.

Police are investigating all of these burglaries.

Circus Coming

Galloping horses, cavorting clowns, educated dogs and ponies, trained baboons, llamas, camels and performing elephants-wirewalkers, beautiful aerialists, jugglers, acrobats, balancers, equestrians,-they are all coming to Colorado City on Tuesday May 7th with the great King Brothers three ring circus.

Presenting many new and unusual acts the performance features The Conley Liberty Horses; Kirks Baboons; Bill & Kathy, Cradle Trapeze; Danny Carey; rolly bolly; Spanish Web by the Rawls Family and The Mills Family; Tight wire by Miss Susan and Miss Peggy; Duo Adonis, aerial perch; Bill Guna and Company, balancing; The Juggling Rummels; plus many others and of course the King Brothers performing elephants and those funny clowns.

King Brothers Circus is being presented in this area by Mitchell Co. Boys Club as a fund raising event. The circus bigtop will be located at Fairgrounds with performances at 5 and 8 p.m. Prior to the opening of the circus the old time circus side show will be in operation on the midway.

Tickets are available now at Western Auto, Corner Drug and the Boys Club.

BECAUSE YOU HAVE ENOUGH SOIL PROBLEMS ALREADY.

If the soil in West Texas was the same as the soil everywhere else maybe the herbicides they use would be good enough for you.
But you've got different soil. Sandy soil.
And different problems.
You need an herbicide specifically made for sand, loamy sands and fine sandy loam soils.
You need Sancap®.
If you used it when we introduced it last season, you know what it can do.
STOP CARELESSWEED AND RUSSIAN THISTLE COLD.
Without hurting your cotton.
With just ordinary rainfall or irrigation.
And all you have to do is broadcast Sancap over your field at planting or within two days after.
No incorporation, either.
Sancap. The only herbicide made for sandy soil.
We made it especially for your soil and problems.
And not anybody else's.

Certificates Awarded To Members

During the annual meeting and dinner of the Mitchell County Heart Association certificates of appreciation were given to four members.

Fern Brown of Colorado City, gave the following members certificates: Friday Moore, JoAnn Merket, and Ellon Burson.

Bob Nowlan of San Angelo, regional director, spoke and then gave a surprise certificate to Fern Brown.

Friday Moore was awarded for setting up the blood pressure clinic in Mitchell County and JoAnn Merket was awarded for the program she brought to the nurses "Arrhythmia Schooling For Nurses" and also for "RECOM School for Nurses."

Ellon Burson was awarded for outstanding service to the association as secretary and Fern Brown was awarded for her outstanding service to the association and for her work as chairman.

During the meeting it was announced that the local Heart Association has gone over their quote for 1973-74 with $4,030.

TARS Have First Easter Egg Hunt

On Saturday, April 13, the Mitchell County TARS (Teens Aid the Retarded) held their annual Easter egg hunt in Ruddick Park at 2 p.m.

About twenty-five people were involved in hiding and hunting the eggs. In addition to the candy eggs there were seven prize eggs containing quarters and one large silver egg containing a dollar. It only took a few moments to harvest the eggs, money and all. It was enjoyed by everyone.

Following the egg hunt, plans were made for the upcoming TARS Hike-Bike. On May 4 the TARS and all interested young people in Mitchell County under 19, will compete for a ten-speed bicycle. The competition will be to see who can raise the most money by obtaining pledges of contributions for miles walked.

The person getting the most money will win the bicycle. The object will be to walk 10-20 miles over a course between Colorado City and Loraine. Those interested in competing can obtain entry and pledge forms from Gay Hull, Donnie or Sheila Woodard in Colorado City; Ira Purdy in Loraine and Billy Hogue in Westbrook.

Supper Held At CHS

On Tuesday April 9 a mother-daughter salad supper was held by the Senior FHA of Colorado High to further the year's project on "Careers."

Mrs. Marilyn Hicks, Colorado Public School Cafeteria Director, spoke on "Careers in Food Service" and Mary Lou Wilkerson, West Texas Rehabilitation Center Physical Therapist in Abilene, spoke on "Careers in Physical Therapy." Both guest speakers are former FHA members and graduates of CHS.

The table was decorated in the Easter theme.

Twenty members and guests attended.

The program and supper was planned by Sharon Matthews, chairman of special projects assisted by student teacher, Miss Sandra Norwood and Mrs. Marian Craddock, advisor.

The "Wishing Well" at High School netted $10 for the Industrial Team Drive. The "Well" was a project of the Senior Chapter during National FHA Week. Giving the money to the Industrial Drive is a way the chapter can say thanks to the community for assisting in various ways.

AARP, RSVP And NART Urge Residents To Write These Letters

The Colorado City Record has been asked to publish the sample letters below by local persons in the American Association of Retired Persons (AARP), Retired Senior Volunteer Program (RSVP) and National Association of Retired Teachers (NART).

Write this letter to the Representative (Congressman) from your district. (If you don't know his nam, call your newspaper or public library.)

The Honorable
U.S. House of Representatives
Washington, D.C. 20515

Dear Congressman:

We know that you are a sincere, dedicated congressman whose record shows interest and concern for consumer rights, and we appeal to you.

PLEASE-- Don't let the FDA take away my privilege to buy vitamin and mineral supplements that I now enjoy without restrictions!

WHY does the FDA want to classify nutrients into drugs, something that ONLY Congress should have the right to do?

WHY does the FDA attempt to dictate what I can eat, or the vitamin supplements I am to use?

WHY can't I have the same privilege of buying my needed vitamin and mineral supplements as others have to buy all the cigarettes and liquor they desire?

WHY. does the FDA want to imprison, fine, or seize the property of the nutritional food store owner who truthfully says that whole grain bread is more nutritious than commercial white bread?

WHY hasn't the Hosmer-Owens Bill--HR 10093 (with 218 co-sponsors as of January 6, 1974) been reported out of committee?

WILL you please use your influence to get the Hosmer-Owens Bill reported out of committee and to a vote on the floor?

IF we are against revolution and riots in the streets, what do we have to do to retain our constitutional freedom of choice in personal helath matters?

WILL you please co-sponsor the Hosmer-Owens Bill (HR 10093)? If not, will you please tell me WHY?

Sincerely,

BE SURE to sign the letter you write, giving fill name, address, city and state. If you wish to add personal comments as to how you feel, this may be done as a P.S. to the letter.

Write this letter to the 2 U. S. Senators from your state. (If you don't know their names, call your newspaper or public library.)

The Honorable Senator
Senate Office Building
Washington, D.C. 20510

Dear Senator:

Please support Senate Bill 2801 introduced by Senator William Proxmire (and others) which will write into law the definition of food, food supplements, vitamins and minerals for special dietary uses.

As a consumer of health foods and vitamins, I sincerely believe your support of Senate Bill 2801 will mean a lot to persons like myself. This bill will correct some of the harm done by the new Food and Drug (FDA) regulations to restrict my freedom of choice.

These regulations will make it difficult, if not impossible, for me to buy certain vitamins and minerals in specified combination or potencies, because the FDA presumes that it knows better than I do what I should eat!

My feeling is that I am the better judge. However, whether I am or not is not the real point. The real point is that my choice of food is my own buisness.

I happen to be one who believes that health foods and vitamin supplements are important in producing optimum health. The FDA disagrees. I don't question their right to disagree, but I strongly protest their using that disagreement to launch a campaign to cripple the health food and natural vitamin industries.

I also protest their insinuating that I am too stupid to know whether or not health foods and vitamin supplements are good for me. FDA's job is to protect me from dangerous and fraudulent foods. But health foods and vitamins are neither dangerous nor fraudulent. So where does the FDA get the right to tell me what I should eat, or which vitamins I should take and in what potencies?

Senate Bill 2801 is a supporting Senate measure to the Hosmer-Owens Bill HR-10093 (also known as Hosmer Bill 643), and has the same main purpose--namely, to write into law a definition without changing present regulations.

As a voter, I want you to know how serious this matter is and I urge you to not only support it by co-sponsoring, but also to work for its passage. Your assistance in helping to enact Senate Bill 2801 will be deeply appreciated.

Sincerely,

NOTE: It would also be most helpful for you to write a similar letter addressed to:

Senator Edward Kennedy, Subcommittee on Health
Senate Office Bldg., Washington, D.C. 20510

(Your freedom of choice is at stake, and the more letters that are written, the surer will be the victory for natural licing. Every letter you write is important!)

What Does Mike Young Say About The Right To Work?

Mike Young and friends are talking about how a strong representation in District 61 is needed.

Mike Young believes that people have the right to work without having to join a union in order to hold a job.

But when labor unions try to force people to join or lose their right to work, this is unjust. If you agree, vote for Mike Young. Remember, you only have one voice in Austin, so make it a strong one, Mike Young.

ELECT MIKE YOUNG FOR STATE REPRESENTATIVE DISTRICT 61.

We Salute Colorado High's NO NAME BUNCH

These young men work all spring in what is called off-season training, getting ready for next fall's football season. This off-season work which includes weight lifting and other exercises to keep the athletes in shape is considered a highly important necessity according to athletic director Mike Farda. In picture are some of the young men who will be next year's Colorado Wolves.

Foster Elected Director

G. D. Foster of Colorado City was elected director for a three-year term during the 56th Annual West Texas Chamber of Commerce Convention in Odessa Friday.

Burl B. Hulsey, Jr. of Fort Worth was elected president of the West Texas Chamber of Commerce for 1974-1975 at the annual business meeting Friday. The new president, who succeeds Emil C. Rassman of Midland, is president and chief executive officer of Texas Electric Service Company.

In his acceptance speech, Hulsey stated that "in the 56 years since the West Texas Chamber of Commerce was founded, this organization has grown...in size, in purpose and in accomplishments."

The annual convention opened Thursday afternoon with committee meetings and a meeting of West Texas Bicentennial leaders.

★Baker From Page 1A

tchell County farmer and a PCA stockholder.

"He's the best man I've seen in the profession he's in," notes Watlington, adding that Baker "is well respected all over the county for the job he's done and we hate to see him go."

"He's been a solid sort of fella," says G. D. Foster, who was a teacher for Baker at Colorado High. Baker is a progressive man who also is a good fisherman and domino player, Foster added.

Baker has made a real contribution to Colorado City and to the Northside Church of Christ, said Sefton Pickens, manager of the Colorado City Chamber of Commerce and native Mitchell County resident.

"R. B. Baker has gone along and helped many people that other people never would have thought of helping. He's a good judge of people and I've never heard him say anything bad about anybody. He's a real level thinker," Pickens added.

Baker, who will continue to reside in Colorado City after his retirement, has worked with many organizations in Colorado City and continues in several offices.

He is a charter board member of the Colorado City Housing Authority, formed in 1961 and still serves on that board; he is secretary-treasurer of Northside Church of Christ; he is an active member of the Kiwanis Club and former president of that organization; he served on the board of the Colorado City Chamber of Commerce from 1957-1959; he served on the city council of Colorado City from August 1952 until April 1959, serving as mayor from 1953 until 1955; he has been active in fund raising activities for the Industrial Team, Boy Scouts, and has worked to help many organizations including 4-H clubs and FFA chapters.

In addition to all this, Baker has served as election judge for almost every election in Colorado City for many years. "I can't remember when I didn't see R. B. Baker's name on the back of the ballot," recalls R. P. (Pete) Ainsworth, Mitchell County rancher and a director of the City National Bank of Colorado City.

A long illustrious career is coming to an end. But now maybe R. B. -- there aren't any names, just the initials -- will have time to get up more fishing expeditions and play more dominoes.

An American farmer produces enough food and fiber to feed and clothe 27 people—far more than in other countries. This high productivity couldn't happen without a superior transportation system that brings equipment, fuel, feed, seed, fertilizers and chemicals to the farm—and carries the farm's output to market.

Dear Jill,

Sometimes on TV they talk about an official record. What is one?

OFFICIAL RECORD

Dear Official,

It is one made by the legal authorities.

* * *

Dear Jill,

Are full skirts coming back in style?

FULL SKIRTS

Dear Full,

I think so, but you can check the fashion magazines to be sure.

* * *

Dear Jill,

My brother has started calling me a nickname but I don't like it. What can I do?

NICKNAME

Dear Nickname,

If you don't like your nickname, don't answer to it. Act like it's not yours.

* * *

Dear Jill,

I've heard copper pennys are going out. Should I start saving mine?

PENNY

Dear Penny,

Yes. Because if they weren't going out you'd still be saving money.

* * *

Dear Jill,

Is it too early to buy a bathing suit?

BATHING SUIT

Dear Bathing Suit,

Evidently not, because they're in all the stores.

* * *

Dear Jill,

I want a ten-speed bicycle but my birthday and Christmas are a long way off. What can I do?

BIKE

Dear Bike,

Maybe get a summer job and save your money to buy a bicycle.

General Regulations-Restricted Devices

It is illegal to fish from the road surface or deck of any causeway or bridge maintained by the Texas Highway Department.

It is illegal, in all regulatory counties to take fish by "snagging or jerking," a method where one or more hooks are attached to a line and such line is periodically jerked. Artificial lures are not included in this restriction.

It is illegal to use any explosives, electrical shocking devices, poisons or any other substances which drug, paralyze or kill in the taking of fish from any public waters of the state.

All freshwater trotlines must be identified with a legible tag, contructed of a material as durable as the trotline, bearing the name and address of the fisherman and the date it was set out. All trotlines which remain in public waters shall be redated at the expiration of each 90-day period. No such lines may be placed or set in the vicinity of any public boat dock, public bathing pier, public bathing beach or any public place commonly used as a swimming or bathing area.

Trotlines, throwlines and jug lines may not be placed in any body of water 500 acres or less lying totally within any state park or in that portion of any stream bordering a state park.

Any such lines in violation of fishing regulations may be removed from public waters by a game warden.

Historical Markers

Mitchell County has twenty-two historical markers awarded to buildings, places or in memory of people. A complete list of markers and their location in the county can be had from the library or the museum.

Museum

The Colorado City Historical Museum is open to the public Tuesday through Sunday from 2-5 p.m. The museum features area collections in paleontology and pioneer memorabilia. There's also an excellent display of photographs depicting scenes of the early settlement.

Opera House

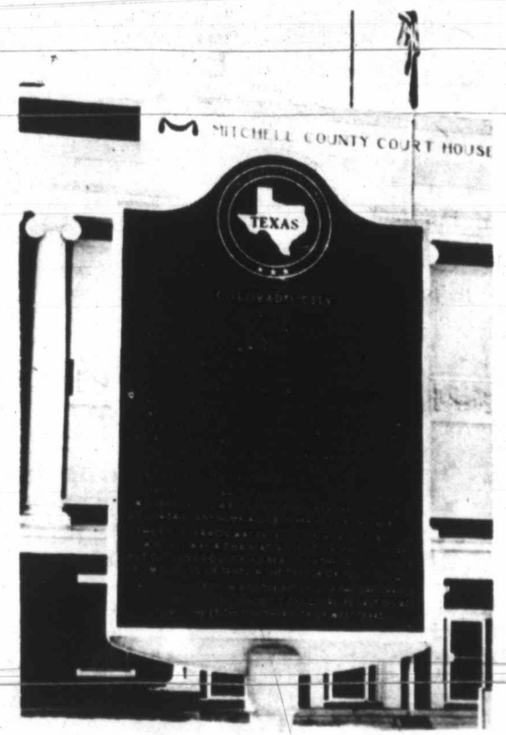

Colorado City's Playhouse group presents four productions a year in the Opera House. The building was constructed at the turn of the century as an opera house and was restored by the Playhouse group in the late 1960s and 1970s.

Library

The Mitchell County Public Library moved into its new, modern facilities in 1960 across from the Courthouse and now has 30,000 volumes, plus periodicals, large-type books, audio-visual equipment and meeting room. Hours are 9:30 a.m. to 5:30 p.m. daily, except Thursday when hours are 12:30 p.m. to 5:30 p.m. The Library is closed Sunday.

Other Attractions

Colorado City has state park at Lake Colorado City, plus two lakes for fishing and water sports, plus a movie theater showing up-to-date films and a city park located along scenic Lone Wolf Creek. Trailer parking facilities are available at Ruddick Park.

Lake Colorado City State Park

The 574 acre tract known as Lake Colorado City State Park was leased from Texas Electric Service Company and opened July 10, 1970. The Park is situated on the 31,970 acre foot Lake Colorado City.

When improvements are completed the Park will cover approximately three miles of shoreline. The entrance to the Park is on the south side, off F. M. 2836. Included in the development processes are: approximately 6.4 miles of paved road; 2,200 square yards of parking area; a sewage system; 950 feet of underground electric lines; 6,150 feet of main line and 3,400 feet of secondary water line.

Official dedication ceremonies of the new State Park were held June 9, 1973.

Facilities of the Park include a Headquarters complex; a storage and maintenance building and Park residences.

The recreational facilities include thirty picnic sites; 35 camp sites with water and electricity; three restrooms with showers and one without; a lighted fishing pier; two boat ramps; a concession building with restrooms; ten picnic sites; fifteen campsites; twenty screened shelters; an unlighted fishing pier; a dump station; a Mini-bike area; playground equipment and additional roads and utilities.

Lake Colorado City State Park collected $23,437.25 for entrance to the Park during the period from Sept. 1, 1972 through August 31, 1973.

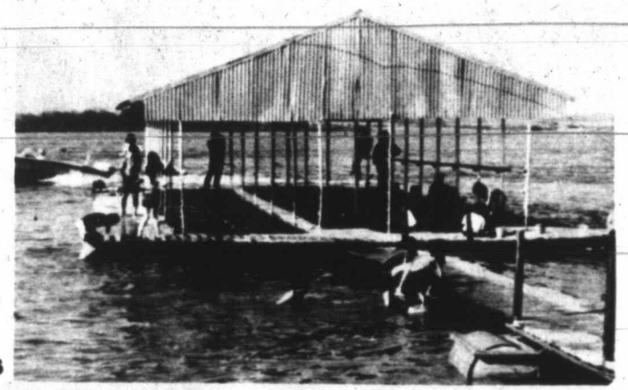

Recreation concession brought $153.58 into Park coffers and overnight facilities added $8,318.

Texas Electric Power Plant-Helps Fish Grow

Texas Electric Service Company's Morgan Creek Power Plant on Lake Colorado City is the largest power plant in West Texas and the biggest in the vast system of TESCO.

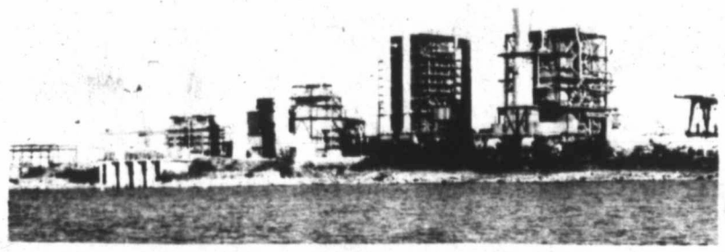

The power plant has six generating units at Lake Colorado City capable of generating 833,000 kilowatts. The six units include a 500,000 kilowatt generating unit completed in 1966.

The power plant is one reason for the high number of game fish in Lake Colorado City and Texas Electric has won national acclaim for its consciousness of effects of its power plant on the lake environment.

Due to the large volume of water circulated by the power plant, there is greater distribution of nutrients and minerals than there would be otherwise, resulting in extended spawning seasons.

TESCO manager B. B. Hardee and Park Superintendent Joe Robinette.

MORGAN CREEK PLANT

Lake Colorado City has consistently yielded 50 per cent or more of game fish in nettings while other lakes produced only 20 per cent or less of game fish.

Studies by TESCO have determined that the temperature of water discharged from the power plant enables game fish to live in deeper water which is monopolized by rough fish in other lakes.

It is also thought that the temperature of the water in parts of Lake Colorado City enables fish to continue to grow in the winter when fish bodies normally become dormant.

This enables fish to grow faster. So, not only is there more fish because of the power plant at Lake Colorado City, it is also said that there are more big fish than at other lakes.

County Hunting

The sale of hunting leases and supplies brings about $100,000 to Mitchell County residents each year, estimates a study made by the Soil Conservation Service here on the economic impact of game animals.

Mitchell County contains 602,000 acres and more than half of the county is leased for hunting each year, about 359,000 acres.

Lease money for that 359,000 acres would amount to $80,000 or more, according to figures in the range conservation report.

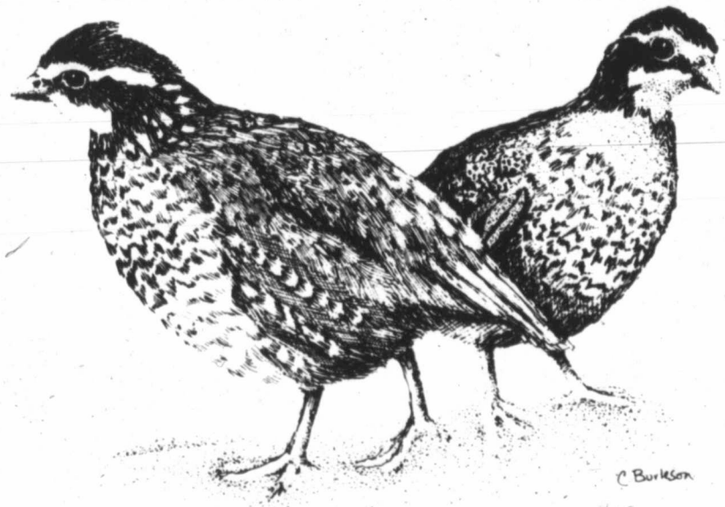

Add to the $80,000 figure the money hunters spend at local businesses for supplies, such as gasoline, groceries, ammunition and equipment for hunting, and money spent for lodging and food, and the total amount added to the county economy by hunting each year would probably reach the $100,000 figure.

By hunting season time last fall, there had been 479 hunting licenses sold in Colorado City, plus 209 combination hunting and fishing licenses.

Both Bobby Sparks of Sparks Hardware and J. C. Britton of Western Auto sell hunting licenses and they are also available at the County Clerk's office.

Ronnie Aston, game warden here, estimated that the county's deer population is increasing, and through proper hunting management the herds are in good condition.

Turkey were also abundant during the last hunting season and are expected to be in good supply this year, along with a good mix of blues and bobs for the quail population.
