Frank H. Jernigan Charged With Incest on Person of His Daughter

16-Year-Old Daughter Victim

Thursday of last week Frank H. Jernigan was arrested on a charge of incest on his 16 year old daughter. The daughter signed the complaint, alleging that these relations had been going on for five years.

Jernigan was arrested last Thursday and is being held in the county jail to await the action of the grand jury, having waived the preliminary hearing.

Jernigan comes from one of the best families in the valley, and his old father and mother are heartbroken.

Thursday when Jernigan came to town to have some welding done Mrs. Jernigan sent a note to officers to come out.

J. C. Compton, district attorney, and Bob Poindexter, deputy sheriff, went out, taking the necessary papers with them.

The wife and daughter were warned of the seriousness of the charge before the complaint was signed.

Jernigan has been a resident of the valley for a number of years, operating an irrigation farm west of town, and a feed mill and machine shop in Portales.

There are counter rumors in regard to this case which probably will be brought out in the trial.

BOY SCOUTS GO TO CAMP IN MOUNTAINS THIS MONTH

Arrangements have been completed for the Boy Scout camp in the Sacramento mountains, which is to open June 28 and close July 4. Only one period is being held this year but each of the seven days will be filled with hiking, swimming, pioneering and all kinds of fun activities.

The cost has been reduced from \$7, the price last year, to \$6. Ivan O. Bridges of Clovis is chairman of the camp committee and P. V. Thomsen, executive of the eastern New Mexico area, will be present during the week.

The troop leaders are urged to entice the boys into making an effort to attend the camp this year.

Hot Weather Causes Water Shortage

George Chumbley got out of water on his ranch west of Floyd for three hundred seventy-five head of his steers. In order to get them watered he had to haul water three or four miles.

Now he has them on the sand grass and reports that they are doing nicely. The sand grass seems to be a lot better during this dry weather the last of last week and the first of this one.

HEAT WAVE BROKEN

Roosevelt county was experiencing hot weather at the time the nation was signaling under a scorching sun but according to weather recorder J. B. Sledge the thermometer reached the peak on Saturday and Sunday, June 23rd and 24th when it was 100 degrees.

On Saturday of last week, June 10, the mercury reached 99 while on Sunday the highest recording was 99 and since then the days have been cool and most pleasant.

McCaslands Report Successful Revival

Mr. and Mrs. Taylor McCasland report a very successful revival meeting at Amarillo. The meeting was in progress about two weeks and closed last Sunday evening.

Rev. Sam Morris, pastor of the First Baptist church at Stamford, Tex., was in charge of the preaching services and Mr. and Mrs. McCasland of the singing. Several people in Portales heard the song services last Sunday evening over the radio through station KGRS.

The services were well attended. The crowds Sunday evenings were estimated at 2,000. There were more than fifty additions to the church.

The McCaslands visited Dr. and Mrs. C. L. Fields of Croom, Tex., before returning to Portales. Mrs. Fields is Mrs. McCasland's aunt.

Rates on Postage Lowered July 1

A drop in the local postage rate from 3 to 2 cents will go into effect July 1.

A law recently enacted also gives the President authority to make a general reduction in postal rates if he finds business conditions warrant that action.

The drop in the local rates will be closely watched by officials to see what effect it has on postal revenues.

Mr. and Mrs. Taylor McCasland have returned to Portales after spending the last two or three weeks in Amarillo, Tex., conducting the music during a series of meetings conducted by a Texas evangelist.

E. A. Herndon Injured While Working Cattle

E. A. Herndon was in Portales from his ranch the last of week to consult a physician about his leg which was injured while bulldozing a steer.

He reports his cattle are none too fat. Most of his steer cattle are in Kansas, while most of his cows are on the Beeman ranch near Richland.

Mr. Herndon has seen these dry spells in New Mexico before, but does not like this one any too well.

Holiday Farmers Praise Mrs. Baca

At a mass meeting of the Farm Holiday association Monday, June 12, it was unanimously resolved, "That the New Mexico Farm Holiday association go on record as expressing its sincere appreciation to Mrs. Marguerite P. Baca, secretary of state, for her honest cooperation with the Farm Holiday association and in refusing to accept counteracting petitions offered by the state highway commission."

SISTER OF W. D. PATE DIES AT ABILENE, TEX.

W. D. Pate, former county commissioner, received a message Sunday telling of the death of his sister, Mrs. Dovie Martin, at Abilene, Tex.

Funeral services and interment was made at Chillicothe, Tex., on Monday.

Mrs. Martin had been in failing health for several months. She leaves her husband and five children.

Transients Swell Unemployed Here

The annual influx of transients has begun, and this only increases the unemployment situation in Portales.

In the past week seven or eight new camps have been noticed in the edge of town.

Every spring many campers come here hoping for employment in the valley on the irrigated farms.

The Red Cross has been caring for many unemployed for the past year and there is sufficient labor here to handle all of the farmers needs.

The seeking employment are warned that there is no work in or near Portales and are advised to stay away.

Back from Chicago Century of Progress

Aubrey Davis reports that he had a very pleasant and instructive time at the World's fair at Chicago. He estimates the length of the fair grounds to be about two miles. He could not estimate the width. Part of the grounds are on an island.

Nearly everything advertised is good. He liked the American exhibits better than he did the foreign ones.

He mentions the General Motors exhibit as being very interesting. They are assembling Chevrolets in any of their styles desired. The Fisher company is assembling bodies for cars, also.

The fair grounds are very pretty. They have good lighting effects. Radio loud speakers are located in many places in order that the spectators may hear the various broadcasts.

Dr. E. T. Hensley Returns from North

Dr. E. T. Hensley gives a favorable report of the economic condition of the east, where he has been attending the Mayo clinic the last few weeks.

He visited one woolen mill which was running as large a crew as it had ever run in the history of the plant. The manager of the plant stated that the products were sold before the goods were made.

Crops are as fine as they could be, the doctor said. But rain is needed from Chicago this way or they would soon be suffering.

The doctor thinks there is a more satisfactory atmosphere among the people in general than there has been for some time.

NEW HOPE FARM HOLIDAY GROUP MEETS TONIGHT

The New Hope Farmers Holiday association local meets Thursday (tonight), June 22, at 7:30 p. m. at the New Hope church.

All members are requested to attend as we will elect our officers for the ensuing year.

MRS. A. E. GRANT, Sec.

Mrs. J. M. Bradley left the first of the week for Joplin, Mo., in response to a message telling of the illness of her brother, who had fallen and received an injury.

Neers Report Nice Vacation

Edwin Neer and family returned from a visit to Mrs. Neer's parents, Mr. and Mrs. W. L. Partin, of Madisonville, Tex., about 150 miles north of Houston.

The Neers went on down to Houston and enjoyed the beach for a few days. They returned through central Texas.

Mr. Neer reports that he found the crops at about all stages of maturity. Around Lubbock the cotton was just coming up. In southern Texas there is nothing can keep the corn from making unless some unforeseen disaster occurs.

"The crops from Brownwood on to the Gulf are the finest I have ever seen," Neer stated. "Corn is made unless destroyed. From Brownwood this way, some more rain would not have hurt the crops."

"Another thing I notice about the people down there is their thriftiness," he went on. "In some of the towns they have what they call a community garden. People who are not able to have gardens are assigned a plot in the community garden so they may raise their own vegetables at home."

Mr. Neer mentions the water-melons as being good, and reports having had all kinds of fresh vegetables to eat.

Mrs. Neer always enjoys visiting her parents and relatives.

One of the things that Marie thinks was outstanding on the trip was the good time she had on the coast.

Earl McCollum Is Also Farmer

Earl McCollum not only is interested in contracting the building and repairing of houses, but he has a couple of small farms near Portales. On these he keeps a watchful eye.

One cutting of alfalfa has already been taken from his farms, while another cutting will be made the last of this week. The alfalfa seems to be doing fairly well this season.

Mr. McCollum is also trying Irish potatoes. He has finished planting fourteen acres and seems to have quite a bit of confidence in the yield. He has five acres of sweet potatoes, also.

To mix the crop up some more, Mr. McCollum has seventeen acres of cotton planted. He bought the seed at the Portales gin.

All of his crops are doing satisfactorily. Sid McEwin is farming the east place and Mr. Morris the west.

MARRIAGE LICENSES

The following marriage licenses were issued by the clerk of Roosevelt county:

William Slike of Wetumka, Okla., and Miss Thelma Breshers of Portales.

Donald Brown and Miss Oleda Chambers of Plainview, Tex.

Eugene H. Byars and Miss Ila Mae Skork, Plainview, Tex.

Sam Donnell and Miss Nina Beaty of Throckmorton, Tex.

Portales Wins Over Lariat

The Portales baseball team journeyed to Lariat last Sunday afternoon and brought home another victory for Portales. It was difficult to play good baseball due to a heavy windstorm.

Jones, the Lariat pitcher, almost sent the local boys home with the smaller end of the score. Portales rallied, 2 to 1, until the first part of the eighth inning. Local fans do not blame the wind altogether for that score.

When the eighth started Vinefield and was safe on first. Harp walked and was safe on first. arp walked, Onstott sacrificed with a bunt and was safe on first, making three men on base for Portales. Portales fans began to get excited.

Burkett sacrificed, scoring Onstott, and was thrown out at the plate. Byrdine hit a fast one to third base, scoring Harp, but was thrown out at first. Angley hit one to center field, scoring Burkett.

Both pitchers hurled good games. Harp allowed four hits and no runs, while Jones allowed five hits and two runs. Harp maintained his 1,000 average.

Vineyard, who has been in a batting slump all season, came to the front in the game and garnered two hits out of four times up, and started the winning rally for Portales.

Next Sunday's game is looked forward to with keen interest on the part of both Portales and Dora fans. The teams have not yet met this season. Harp is expected to play his usual good game. Several players of both teams are expected to give a good account of themselves. The game is to start at 3 p. m. at the regular place.

The league schedule for next Sunday is: Portales vs. Dora at Portales; Elida vs. Clovis at Clovis; Kenna vs. Lariat at Lariat.

The league standing to date:

Portales	1,000
Clovis	750
Dora	750
Kenna	250
Lariat	250
Elida	250
Kenna	250

Tournament Planned

Manager Ted McDermott thinks that arrangements can be made for a baseball tournament this fall. The teams participating would consist of all the teams of the league and probably would be held at the home of the winning team.

Perhaps further announcements concerning the tournament will be made later. There is considerable interest being taken in baseball this summer.

Eldridge Mears Says Conditions Improving

Eldridge Mears, who has been attending law school in Lexington, Va., states that indications are that economic conditions in the eastern part of the United States are improving.

He gave as his opinion that the cause of the tight money matters in that part of the country was due to the factories shutting down. The pay rolls were cut off and a greater per cent of the retail trade was stopped. Practically every business was affected.

Clothing prices seem to be advancing in fact all prices are advancing more or less. President Roosevelt seems to be liked quite well. There is not much talk about inflation, Mears stated.

HAS DANCING SCHOOL

Miss Ruth McKone is organizing a fancy dancing class in Portales and has rented the American Legion hall, where she will conduct her classes. Miss McKone is a sister of Mrs. William LeMaster and recently came to Portales from Chicago.

NEWS WANTADS GET RESULTS

Eight Hour Law Gives Time for Golf

The eight hour day law has had several effects on the town. One is that it seems more people are taking an interest in golf to pass away the long afternoons and at the same time get some sunshine and outdoor sport.

J. H. Lee, one of the managers of the local golf course, reports the course has undergone a general polishing up. The fairways are being cleared of weeds and bear grass. When the work is finished the course will be in shape for any golfer to enjoy himself at a good game.

G. W. Carr and H. H. Buchanan are considered pretty good at golf. It is reported Buchanan took special training from professional players in California, and G. W. Carr took similar training in Arizona.

Some of the other Portales players who play a good game are C. J. Whitcomb, Edwin Neer, W. A. Angley, J. M. "Sweat" Sanders and Keith Payne.

It is hoped a report of the best games each week can be obtained during the remainder of the season.

Near Accident to Tourists Saturday

The J. H. Stewart family of Roswell came near having a serious accident last Saturday morning while driving over the dips on State street.

The family was on its way to Rhode Island and had a trailer to the car. The trailer was being driven on State street, the trailer jerked loose from the car at one of the dips, due to excessive speed.

The trailer was somewhat damaged, but no one was seriously hurt. The trip was delayed until necessary repairs could be made.

Attend Feeders Day at Lubbock Recently

R. A. Young, vocational agriculture instructor in the Portales high school, and Jimmy Smith attended the first Feeders day at Texas Tech in Lubbock last Friday.

They reported unusual interest in this first meeting, there being something over three hundred present at the all day meeting.

This meeting was sponsored by the Texas Technological college and various phases of feeding hogs, lambs and beef cattle was taken up by the various speakers. Lunch was served at noon by the Lubbock Chamber of Commerce, and the college live stock was inspected.

One of the best features of the day was the inspection of the five pens of fat steers that had been fed on milo heads, cane and cottonseed cake. These steers had an unusually good finish and made remarkable gains on a ration that is available on most plains farms.

This feeding test revealed the following rather surprising results:

1. To get good gains it is not necessary to grind any part of the ration. The heads may be fed whole in self feeders or hand fed in bunkers.

2. That no elaborate equipment is required. A lot providing approximately 100 square feet to the steer provided with fresh water and feeders is sufficient.

3. That on an average one ton of heads together with 600 pounds of cottonseed cake and 1,000 pounds of coarse roughage will properly finish out a steer.

Floyd to Celebrate July 3rd and 4th

Floyd will hold its annual Fourth of July celebration on July 3 and 4 this year. An interesting program will be given for the entertainment of the public.

Small Valley Farmers to Get Relief Under Refinancing Plan of U. S.

Farmers of Roosevelt county will be interested in the statement just received by Mrs. Maude Smith, secretary-treasurer of the Portales Valley National Farm Loan association, from C. G. Shull, agent of the farm loan commissioner stationed in the Federal Land Bank of Wichita, Kas., telling how it is expected there will be a very substantial scale-down in the debts of many borrowers because the farmer getting a loan will be able to offer cash for settlement of debts which he might not otherwise be able to pay.

Commissioner's loans are being made to reduce and refinance farmer's debts on a longer term basis, to supply working capital and to refinance foreclosed farms. The collateral accepted is first or second mortgages upon all or any part of the farm property, real or personal, including crops. Of course, before the commissioner makes a second mortgage loan he will ask the holder of the first mortgage to waive foreclosure rights, in accordance with the commissioner's regulations.

Loans are limited to a maximum of \$5,000 each. These loans, plus all prior mortgages or other evidences of indebtedness secured by the farm property, may not exceed 75 per cent of the appraised value thereof.

During the first three years the loans are in effect, borrowers will not be required to make payments on the principal if they are not otherwise in default with respect to the conditions or covenants of their mortgages. The loan must be repaid in such annual or semi-annual installments as will discharge the debt within the agreed period.

The commissioner's agent also points out that these are collateralized and not personal loans, and that the financial condition of the applicant as well as his history must be considered, including, of course, the ability of the farmer to repay his loan.

The properties are appraised by the Federal Land Bank appraiser and he uses the same general values in arriving at the value of the property to be offered as collateral.

The principal difference between the Federal Land Bank loan and the commissioner's loan is that the land bank loan is made only on the farm property and can not exceed 50 per cent of the normal appraised value of the land plus 20 per cent of the insured permanent improvements, whereas the commissioner's agent may lend up to 75 per cent of the normal value and accept second mortgages and personal property as security.

Mr. agent points out that for the convenience of the public the secretary-treasurer of the local National Farm Loan association, Mrs. Maude Smith, has been appointed as correspondent and that farmers should find it convenient and satisfactory to make their applications to this correspondent rather than apply directly to the agent stationed in the Federal Land Bank.

The farm loan commissioner is not permitted to make loans on city or suburban residence property.

At the present time loans are not being made on unimproved farms.

You can apply to the secretary of your local Federal Farm Loan association.

Makes Report On Texas Oil Field

L. E. Miller came in Saturday last week to visit his family a few days. He is working in the oil field of Texas, Texas. He states that they are busy in this particular field.

"The main oil veins are struck at from 8300 to 9600 feet," he said. "These wells produce about an average of 500 barrels per hour when in operation."

"There are three new wells going down at the present time," he said. "These will all be deep ones; however, there is a vein of oil that may be had at a lesser depth."

In the deep wells, the first stratum of the oil is white and will burn in a car about as readily as gasoline. This oil is struck at about 8300 feet. The drillers go through this and strike the regular black oil.

The rotary drill is used to drill the well. They drill while the oil of the first stratum is flowing. "They see working fast," Miller said.

HELPFUL SESSIONS AT SUPERINTENDENTS MEET

F. D. Golden, superintendent of Portales schools, has returned from the conference of school superintendents which was held in Las Vegas from June 7 to 14.

The conference was sponsored by the Normal university and many subjects of interest were discussed. The superintendents took to the conference the ideas and suggestions which had been beneficial in their respective schools, and these were passed on to the heads of other schools.

A program of many subjects was given during the six days.

Lewis Ridings returned to his home in Amarillo.

Wool Sale at Roswell Is Good

Arthur F. Jones and Ed J. Neer attended the wool sale at Roswell Saturday morning. There was a large crop on the market in the sales room, which is reported as no small plant.

The wool was well displayed and several bidders were on the floor. Bidding was keen and fast.

The wool was of different grades, the best bringing 20 cents per pound. Prices ranged downward to 15 cents.

Prices were considerably higher than last year, when 5 cents per pound was about the highest, and much good wool sold for 3 1/2 cents.

M. P. Hill Home Is Being Rebuilt

The M. P. Hill residence, at the corner of Main and Chestnut streets is being made over into an apartment house. The residence was too large for the Hill family and was not suited to existing rooms.

It is to be made over into four apartments, each apartment containing two rooms and a bath. The building will face Chestnut street.

Workmen are hurrying to get the building completed. One workman who quit at 4 o'clock was complying the statute for giving him a rest that early in the afternoon.

From indications the remodeling will be completed soon.

Floyd Farmer Has Excellent Crop

C. L. Banister of the Floyd community has had his share of the rain this spring, judging by what he reports.

He says that he has ten acres of cotton up to a good stand. He planted his tight land first and then his sandy land. He was still able to plant the last of last week. His other crops seem to be doing well.

He makes it a practice to plant ten acres of cotton each year. Year before last, he made 6 bales to ten acres, and last year he made 5 bales to ten acres.

Traveling Salesman Estimates \$1 Wheat

The drought in the panhandle of Texas and part of Kansas is reported a serious problem. The wheat crop is beyond hope. The only chance for a crop this year is for a rain to come in that part of the country so that the sorghums would have a chance.

The country affected by the drought is part of the biggest wheat belt of the United States. Part of Nebraska is reported in this drought stricken area, and this is principally a wheat growing section.

One of the newspaper traveling men estimated the price of wheat this fall will be at least \$1 per bushel. He does not think the reported surplus of wheat is based on sound facts and will soon be depleted.

It seems that further south the wheat is better and there will be about half a crop.

Another man from Wisconsin reports that the crops from Chicago this way will be suffering soon if they do not receive rain. No estimate was given as to how much of this latter named territory is wheat country.

The crops that grow farther south are reported as good. It seems that the corn and cotton belts are very much more fortunate.

The rains in New Mexico are not general at this date. Tucuman reports a good rain. The country south of Roswell is dry except for spots. The western part of the state is reported dry.

Band Concert This Evening

Many of the members of the Portales band find Thursday evening is more suitable to them for the free concert and this was the date chosen.

The concert will be given on the court house lawn this evening beginning at 8 o'clock.

The director announced a very pleasing program for the hour's entertainment this evening.

Wagons Must Have 3-in. Reflectors Now

The three-inch red reflectors now required on the rear of all vehicles must be placed on wagons as well as motor vehicles, it was explained in a press dispatch from the state capital.

Apparently the public has misunderstood this law, and believed only motor vehicles were required to have the reflectors.

Kenneth Jones is working at the Farmers elevator during his vacation this summer.

DEMOCRATIC IN POLITICS

Portales Herald consolidated with Portales Times, March 27, 1913. Portales Valley News bought Portales Herald-Times, September 12, 1916. Portales Valley News consolidated with Portales Journal, December 14, 1920. Roosevelt County Herald absorbed by purchase January, 1929.

Entered as Second Class Matter in the Post Office at Portales, New Mexico, under the Act of March 3, 1879.

SUBSCRIPTION RATES

Table with subscription rates for New Mexico and Out of New Mexico, including one year and six months options.

REFINANCING THE SMALL FARMS

From all information that the News has been able to get it will be necessary, in order to refinance the small farms of the Portales valley, to organize an irrigation district.

Under this refinancing plan irrigated farms which are not included in an irrigation district will receive no benefit from this source.

If such a district is to be organized it should originate with the farmers themselves. The business interests of Portales stand ready to aid the farmers in any move to their advantage, but do not feel it is proper to initiate such a farm movement.

Such movements take time and, if the farmers are to save their homes, organization should be started at once.

EXCESSIVE FREIGHT RATES HAMPER DEVELOPMENT OF STATE

One of the greatest handicaps to the development of New Mexico is the excessive freight rates on incoming and outgoing shipments.

When the railroads were built in New Mexico, it was merely a means of getting to coast points. Local conditions and development was not considered.

This state of affairs has continued until today it is impossible for the New Mexico farmers to market their crops and receive prices equal to those of neighboring states.

The trucks have come to the relief of the farmers and business men until it is estimated that in Roosevelt county from 50 to 75 per cent of the products are moved out by truck.

The business interests of Portales have organized and employed Attorney Cole of Amarillo to take up the fight before the Interstate Commerce Commission in an effort to secure fair freight rates.

If the railroads are to continue operation they will have to readjust their rates to meet truck competition.

The public realizes that the long hauls are made better by the railroads, yet when it is considered that great tonnages are going out of this county to California by truck it will be seen that this is a serious handicap.

Yet car shipments of many products are hauled through New Mexico and delivered to distant points at a less freight rate than is charged from New Mexico points, so one cannot blame the shippers for using truck transportation.

The railroads must modernize and readjust freight rates to save their own lives. Were they good business men and able to read the signs of the times, it would not be necessary to employ an attorney to secure what the shippers are justly entitled to.

DRY WEATHER FARMING

The dry weather of this season has been discouraging to the farmers, especially those who have not been here any length of time.

The old-timers will recall many instances where the rainy season did not set in until the latter part of June, and where, by cleaning the fields of weeds during the dry weather and dry planting, bumper feed crops have been produced.

The writer's first experience in farming was in this county. In 1910 or 1911 he recalls the dry planting of maize in June. The crop was brought up by light showers and was almost ready for cultivation by July 4.

With dry planting in a field cleared of weeds, a good crop of kaffir maize or broom corn can yet be made. Feed will be valuable the coming fall, and the farmer who produces a half crop will receive a profit therefrom.

The dairy herds, the poultry flocks and the pig pens must be supplied with feed, and there is yet time to plant small produce a good crop.

To those who have not undergone this experience the prolonged dry weather is heart-breaking, but there is always a silver lining to every cloud.

Cotton planted the middle of June has produced from a half to three-quarters of a bale to the acre in Roosevelt county. Feed prices will be the best the coming fall since 1925.

Play the game and keep a stiff upper lip and you will win out.

BOTH MAJOR PARTIES MUST BE REORGANIZED

The News is Democratic. It believes in the rule of the people. It believes that the people are the government. It

also realizes that the two major parties are a necessity. It realizes that if the people of New Mexico are to get a square deal there must be a complete reorganization of both major political parties.

How is this to be brought about? There is only one way. That is for the voters of each precinct subdivision of the counties to voice their opinions.

Before the next political campaign arrives each precinct chairman should call a precinct meeting and every voter in the precinct should attend and make careful selection of the delegates to the county convention.

No employed or appointed officer of precinct, county or state should be allowed to become a delegate to the county or state convention. Care should be taken to see that the highway machine does not control these conventions.

State delegates who do not hold any office should be selected and these delegates should go to the state convention uninstructed and unbound in any way. These delegates should make their nominations, not for some one who has been loyal to the party, but for some one who has human sympathy for the people of the state.

Unless this is done, the machine will grind you into the dust of despair.

MILLIONS OF MEN TO BE PLACED AT WORK

Word comes from Washington that by Oct. 1 four million men from the army of the unemployed will be put to work on reconstruction projects.

This will afford much relief, not only among the unemployed, but will create a better market for farm products. It also will create a demand for increased labor in the many industries of the nation.

It looks as if this will in a great measure solve the problem of the nation, and business will soon be back to normal.

CRIME NEWS

A newspaper is in a peculiar position in regard to the publication of crime news. The editor gets no pleasure out of the publication of the same, and the innocent families always have his sympathy.

It would be much more pleasant if there were no news of crime to publish, but by suppressing such news a paper is doing an injustice to its readers and society in general.

It can show no partiality in such news, but must go on serving society fairly and impartially.

Refinancing of Farm Loans

From the Federal Land Bank of Wichita, Kans., June 8.—The Federal Land Bank of Wichita announces in the June issue of its bulletin that the bank's collection record indicates that of its 31,000 borrowers much less than 5 per cent are in such financial difficulties that they owe more than all of their property is worth.

The Farm Loan Commissioner, whose agent for this district is stationed in the Federal Land Bank at Portales, may make a loan secured by a second mortgage on the farm and a chattel mortgage on the personal property in a case such as this, but the total of this loan and the first mortgage must not exceed 75 per cent of the value of the farm and farm property.

WEATHER PROFITS AND NEW COMERS

J. W. Taylor and J. C. Hill were discussing the question of a rain one hot afternoon last week. Both of the men are considered old timers in Roosevelt county. It seemed that both of them needed rain badly.

Hill consoled himself by saying that, "if it were to rain I would have to finish my planting and the weeds would be coming and I would have to work or simply refuse to work. As it is there is no excuse for me not to come to town, I have the excuse that it is to dry to work in the field and there is no reason to stay at home. Perhaps, some way I will be provided for."

Taylor agreed with him all the way along. It seemed that he also had the ideas before. However, both men seem to have an eye on the horizon.

Mr. Atkinson, who lives south of Portales, states that he has 117 acres of crop that is up to a fair stand. His grass is getting a little short.

of \$1,301.04 to be divided among other creditors who have claims amounting to \$3,660.

To settle for 35 cents on the dollar will be painful to these creditors. But surely that is better than nothing, which is what they will get if the bank forecloses its mortgage. And by compromising indebtedness, they will get the money now.

And when this is done, so long as the borrower keeps taxes and insurance paid, the Federal Land Bank will accept semi-annual payments of \$84.90 instead of \$130 to keep his loan in good standing, during the remainder of the five-year period from July 11, 1933.

Where the creditors of a borrower will not make such an adjustment of his indebtedness voluntarily, the provisions of Chapter VIII of the Bankruptcy Act of July 1, 1932, as amended, provide legal means of forcing them to do so through proceedings in the bankruptcy court.

ROWLEY-CRANFORD

A quiet wedding was solemnized at the home of Mrs. Paul E. Morrison Sunday morning at 7 o'clock when Rev. C. A. Lorts read an impressive ring ceremony uniting in marriage Miss Mildred Rowley and Leroy Cranford.

The living room was attractive with a profusion of garden flowers. The bride wore a tan silk crepe sport ensemble with accessories of the same hue.

Immediately after the ceremony the young people left for a honeymoon trip to points of interest in New Mexico and Colorado. They will later return to Portales and establish their home in one of the Doherty apartments.

Mrs. Cranford is the youngest daughter of Mr. and Mrs. H. G. Rowley and graduated from the Portales high school with the class of 1928, when her parents lived here, but after they moved to Artesia she remained in this city and made her home with Mrs. Morrison. She is secretary of the Junior Woman's club.

Mr. Cranford is a son of Mr. and Mrs. J. F. Cranford of Floyd, but has made Portales his home for the last several years. He is deputy county clerk for Mrs. Morrison.

Those attending the wedding were Mr. and Mrs. Charles Bussell, Mr. and Mrs. Jim Warnick, Mr. and Mrs. R. G. Bryant, Mr. and Mrs. H. C. Walton, Mrs. J. C. Compton, Mrs. S. A. Jackson, Mrs. Paul E. Morrison, Mrs. Ike Hughes, Mrs. Escher Cleveland, Miss Mary Alice Walton and Otto Kaptina, all of Portales; Mrs. H. G. Rowley and son Marshall Artesia; Mrs. Claude Anderson and daughter Claudia of Slaton, Tex.; Mrs. Ernest Hall of Taliban, Jewel Johnson and Ruth Wyniger of Johnston, Dick Goley and Florence Connor of Amarillo.

HONORS GUESTS

Miss Agnes Pickett of Post, Tex., and Miss Winifred Gower from Lubbock, Tex., were the honor guests last Saturday evening at a very informal party in the home of Miss Mildred Lyons.

The girls visited and played games and later ice refreshments were served. The members of the party were Misses Agnes Pickett, Winifred Gower, Winifred May, Mildred Lyons, Maynor Hayes, Frances Estelle Bryant and Marie Neer.

DINNER PARTY

Miss Pauline Stewart was hostess last Saturday evening at a happy dinner party in the home of Mr. and Mrs. Lacy Armstrong.

The dinner was announced at 7 o'clock and the two quartet tables were arranged out in the beautiful rear garden of the Armstrong home. Electric lights were hung to give ample lighting and garden flowers were used in bowls upon the table and baskets about the garden.

The delicious meal was served in three courses. After the meal the party was taken into the living room where two tables were arranged for the evening contest of bridge.

The dinner guests included Misses Annie Maud Hunter, Mary Evelyn White, Madine Brasell, Nadine Brown, Mildred and Ruth Carr. Miss Irma Belle Smith was invited for the bridge game.

RICHLAND CLUB

Mrs. J. O. Creighton and Miss Bonnie Lovelady were the new members received into the Richland Homemakers club when it met in an all day meeting last Thursday, June 15, with Mrs. Hibbird Fulton.

Five guests joined with the members in making the day a very delightful occasion. These were Mrs. P. F. Swan, Miss Blanch Swan, Mrs. Troy Brown, Mrs. W. T. Chenuit and Mrs. A. L. Chenuit.

During the business meeting plans were perfected for the picnic which the club members and the young people of the 4-H club will hold at the Richland school house.

Miss Oakley met with the club and gave a splendid talk to the group on the phases of the club work for the summer.

In appreciation of her very splendid work the club members presented Miss Oakley a gift of pretty linen. Mrs. L. H. Faw made the presentation remarks.

During the program hour little Billy Fulton gave a reading and Miss Erma Embree rendered several piano selections.

The Richland 4-H club members met with the Women's club but conducted their business meeting as a separate session.

The young people will be in charge of the program at the picnic on Thursday, July 20.

W. C. T. U. MEETING

The regular program of the Women's Christian Temperance Union was given last Friday afternoon in the Christian church, with Mrs. J. W. King as leader.

Much of the latest temperance news was given in the many beautiful articles read by Mrs. Charles Starkey, Mrs. W. H. Catt, Mrs. J. M. Bradley, Mrs. J. B. Raymond and Mrs. C. A. Lorts, who were invited to assist the leader with numbers.

Final preparations were made for the silver medal contest, which was held at the church Monday evening.

The next regular meeting of the organization will be held at the Methodist church.

Charles Anderson was among the farmers of the Floyd community who got the rain last week.

SMITH-DISNEY

Miss Aileen Smith and Lorace Disney were united in marriage Friday evening at the Methodist parsonage, with Rev. J. T. Hedmon reading the simple ring ceremony. Ernest Wheeler, close friend of the groom, was the only attendant.

Mrs. Disney is the only daughter of Mr. and Mrs. W. B. Smith and has lived in Portales during the last few years with her parents. She graduated from the Portales high school this May.

Mr. Disney has lived in Portales for the last several years, having his home in south Portales with his parents. After graduation from the local high school in 1927 he began the study of electricity and is now a licensed electrician of Portales, with headquarters in the Portales Hardware company.

The bride wore a little afternoon dress of white silk, with black accessories.

The young people will make their home here in Portales, where both have their established circle of friends.

CHRISTIAN LADIES' AID

Mrs. C. A. Lorts was in charge of the program given before the Christian Ladies' Aid society last Thursday afternoon, when members met in an afternoon session with Mrs. J. W. McMinn.

"The Harvest and the Reaper" was the lesson subject and the leader was assisted by Mrs. T. J. Keller, Mrs. R. B. Ohlhausen, Mrs. W. W. Copeland, Mrs. J. J. Brown, Mrs. W. B. Jones, Mrs. Carl Bremer and Mrs. J. M. Sanders.

Mrs. W. H. Catt read the scripture lesson and Mrs. McMinn gave the opening prayer.

An ice course was served by the hostess at the conclusion of the program.

The next meeting will be the first Thursday in July, when the women will hold an all day meeting at the P. E. Jordan ranch. Each woman will take a covered dish of food for the noonday meal.

HOMEMAKERS CLUB PICNIC

All members of the Homemakers club are invited to join in the annual picnic to be held next Saturday, June 24, at the home of Mr. and Mrs. Leslie Smith in East Valley View. Each member is asked to take a basket of food for the picnic dinner to be enjoyed at noon. Also each woman should take cups and plates for her own family.

Portales women not having transportation will gather at the home of Mrs. J. C. Hullum before 10 o'clock and will be given transportation to the picnic grounds.

BENEFIT BRIDGE

About seventy-five persons were present at the I. O. O. F. hall last Friday evening when the members of the Rebekah lodge entertained with a benefit bridge and domino party.

The players began the contest about 8 o'clock and enjoyed several progressions of the card and domino games.

No prizes were given for scores. A committee from the lodge served a delicious and bountiful plate lunch at the close of the evening.

The party consisted of players from Elida, Clovis and Portales, and the proceeds of the evening will be used to send the Rebekah team to the state meeting in Albuquerque later in the year.

Mrs. L. Lankford, who was one of the pioneer settlers of the Millmesand community, has moved to the Arch community since the death of her husband and is making her home with her son and daughter, Mr. and Mrs. Arthur Brasell.

SUNRISE BREAKFAST

Miss Verda Oakley was the honor guest of the Portales Homemakers club last Saturday morning when the members and some invited friends gathered at the home of Mr. and Mrs. J. A. Fairley at 4 o'clock for a sunrise breakfast.

The Fairley home is the ideal place for an outdoor meal, with the lovely blue grass lawn and pretty shade trees and a convenient open space for the building of a fire over which the morning meal was prepared.

The white cloth was spread upon the grass and here the very bountiful meal was served after it had been prepared by the several members.

All visited together most pleasantly during the breakfast hour, with the president, Mrs. Clarence Eulam, paying a tribute to Miss Oakley for her very splendid work and appreciated assistance during the last three years.

Mrs. Hullum and Mrs. Gibson sang a duet which had been composed as an appropriate message to Miss Oakley at the close of three years' work in the county.

After this portion of the program had been completed Mrs. W. H. Catt invited the honoree to glance behind her, and here very quietly had been arranged a pretty tea table set with hand painted china for eight persons and the table covered with a hand decorated linen cover and napkins to match.

This Mrs. Catt presented to the honor guest with the best wishes and love of the club members. The women returned to their several homes about 7 o'clock.

FOURTH CIRCLE MEETING

Mrs. Randolph Raines and Mrs. Wilma Bussell were the two new members admitted to the young matrons organization which is Circle 4 of the Baptist Missionary society last Wednesday afternoon, when the women came together for a meeting in the home of Mrs. J. W. Slone Jr.

Mrs. Charley Rogers conducted a program from the Royal service, and was assisted by other members of the circle.

These young matrons are very active and alert and their circle is one of the most wide awake organizations of the church.

FLOYD HOME MAKERS CLUB

Miss Verda Oakley met with the Floyd Home Makers club last Friday afternoon for her last meeting, and the women were most sincere in their compliments of her work and instructions during the last three years and are sorry she is resigning from the service.

Mrs. Percy Jones and her mother, Mrs. D. A. Gordon, were hostesses

bel Morrison, Naomi and Maybelle McCarty, Mesdames Luther Thomas, Thelma Mersfelder, J. D. Turner, Ray Snelson, E. R. Black, Ted Forbes, Otto Hanton, J. H. Lee and H. H. Buchanan.

After the game an attractive plate lunch was served by the hostess.

The players included Misses Ma-

SUNRISE BREAKFAST

Some of the members of the Sunday school class taught by Miss Maybelle McCarty, together with the teacher and a few invited friends, went to the sand hills last Friday morning for a sunrise breakfast.

The party left Portales about 4 o'clock and, after preparing the meal over a bonfire, they visited and played games, then returned to their respective homes about 7:30 o'clock.

The class members were Warren and Durwood Wright, Junior Means, Warren Copeland, James Harold Case and E. T. Moody Jr.

The friends invited to accompany Miss Maybelle and the boys were Miss Eleanor Nelson, Miss Naomi McCarty and Billie Schumpert.

BUSY BEE CLUB

A few intimate friends gathered in the home of Ruth Briggs on Wednesday evening of last week and organized the Busy Bee Sewing club. The girls will gather in the various homes on regular dates and in addition to an afternoon of sewing will learn some club songs. Much of the time last Wednesday was devoted to the election of club officers and plans for future activities.

Ruth Briggs was chosen president, with Marie Brown secretary.

After two hours of sewing Ruth served refreshments to her guests, which included Geneviva Hamlett, Irene Andrews, Vera Chatterton, Marie and Juanita Brown.

RAINBOW GIRLS

The regular meeting of the Portales Rainbow girls was held on Thursday evening and Miss Doris Lee was elected to membership. She will be given the rites of the order at the next regular meeting.

At this meeting Mrs. W. D. White, mother advisor, completed plans for the Friday evening party when she and about twenty-five of the girls met at the Masonic hall at 4:30 o'clock and went to the swimming pool for an hour of sport in the water.

After enjoying the swim the party participated in a wienner roast and returned to the city some time near 7 o'clock.

COFFEE CLUB

Mrs. Cline Caperton entertained the members of the Coffee club and Mrs. H. H. Buchanan at the home of Mr. and Mrs. Howard last Thursday afternoon with several progressions of bridge.

Mrs. Ted Forbes received the high score award for members and Mrs. Buchanan for non-members and the low score award went to Mrs. J. H. Lee.

After the game an attractive plate lunch was served by the hostess.

The players included Misses Ma-

HAPPY-GO-LUCKY CLUB

Four members of the Happy-Go-Lucky club and two guests had a delightful afternoon Wednesday in the home of Mrs. Willis Slaton.

Virginia Tyson and Ruth LeMaster were the afternoon guests and the girls found outdoor games so very interesting that no time was left for sewing or indoor activities.

Delicious refreshments were served later in the afternoon and this was followed by an auto ride.

The meeting was a social occasion and a farewell party to the home demonstration agent.

The next meeting will be at the home of Mrs. M. F. Spears on Friday, June 23. This will be an all day session and the women are asked to go prepared to quilt.

Truman Green and Emmitt White have gone to California this week with a load of produce to sell.

When Mrs. Slaton took the girls to their respective homes.

Watt Williams, who lives southwest of Portales, says his sand grass is all he has to depend on for grazing. The grass on the hard land is too short.

W. L. Wade of Arch says that he has fifty acres of cotton that is looking good. However, it has been a dry spring in his part of the country.

Do It Electrically....

Summer is here, and from now on the weather will be warm and the household tasks more tiresome.

You may have a pleasant and enjoyable summer if you let electricity take care of your problems. Use electricity to cool your house; to clean your floors; to keep your eatables in perfect shape; to wash your clothes, and to do all the drudgery about the place and thereby lift the burden of toil and unpleasantness off your daily problems.

The cost of doing your work with electricity is far less than the cost of any other servant you can employ, and is always ready for instant use.

Do your work electrically and be fit to enjoy the summer.

Sale of 3.2% Beer Illegal in This State

CLOVIS, N. M., June 2.—Basing his opinion solely upon article 21 of the state constitution, District Judge Harry L. Patton Thursday held the possession of 3.2 beer for sale constitutes a violation of the state prohibition amendment.
Judge Patton's ruling, which was opposite to one made recently by District Judge Milton J. Helmick of Albuquerque, was made on the case of C. O. Boucher, who was charged with possessing beer for beverage and sale purposes.
Sale a Violation
"Under the admission and stipulations made" the judge wrote in his five page decision, "I can arrive at but one conclusion and that is that the possession of this beer for sale violates the constitutional provision . . . therefore the plaintiffs motion for judgement is sustained.
While the opinion was on the Boucher case only, Judge Patton said he would make the same one in the case of E. C. Calkins, who was under a similar charge.
Both men, who at a hearing Wednesday admitted possession of the beer for sale, were found guilty of violating article 23 of the state constitution which prohibits the possession for sale, or the sale of any beverage containing alcohol.
State Constitution
Judge Patton in his opinion specifically pointed out that prosecution in both cases was not made under any state statute but under a constitutional provision.
Judge Helmick several weeks ago in a decision which now awaits supreme court action, held 3.2 beer was not intoxicating and declined to find E. E. Hamm guilty of a charge of possessing beer in violation of the state dry law and constitutional amendment.

EX BROOKS TAKES ART EXAMINATIONS

Ex Brooks, student of Mrs. E. J. Barker, passed his examinations on "mural study" making a grade of 98 1/3. He also passed a test on scenery with grades of 94 1/11 and 94 1/6. Mrs. Barker graduated him on those two studies of art.
Mr. Brooks will take up other art subjects with Mrs. Barker, and he will be judged and graded when his studies are completed.
Mrs. Cannon, Miss Meril Galoway and Mrs. Barker acted as judges in the examinations.

What two eminent critics say of our new serial

The Student Fraternity Murder

Milton Propper again chooses a unique topic which in itself might lend rare excitement to any novel, let alone a mystery. In this story, the walls of the fraternity house are for the first time open to everyone—and under circumstances in which its own ritualistic mysteries are part and parcel of the mystery of a startling and unusual crime. The council chamber on initiation night at a college fraternity is a perfect setting and throughout Mr. Propper has most successfully caught the university and fraternity atmosphere.
WALTER YUST in Encyclopedia Britannica Book Notes.

One of the most admirable features of Milton Propper's newest novel is the complete authenticity of the college background. The reality he gives to the University of Philadelphia forced me to accept the amazing story as the official account of an actual murder. You'll be more familiar with the campus and buildings and officials of the University of Philadelphia than you are with those of your own alma mater.
DAY EDGAR, author of In Princeton Town.

Be sure every reader that this is a real masterpiece of detective fiction. Mysterious, baffling, unusual action and a college setting. An ideal story. Be sure to read every installment as it appears in these columns.

BEAUTY PAGEANT TO BE HELD HERE

A community beauty pageant and style show will be staged at the Portales theater here Wednesday and Thursday nights, June 28 and 29, according to Mr. Trapp, local manager.
David Dallas and his wife, who staged the show last season, will be here next week to assist Mr. Trapp in staging the revue.
"Miss Roosevelt County" will be selected to represent the section of the country in the colorful Roosevelt pageant Aug. 10-11. The winner of the Roosevelt revue will be given a free trip to the world's fair at Chicago.
Wednesday night local Portales girls will model in evening gowns and sport clothes, representing Portales merchants. Out of town judges will select six to compete with girls from Rogers, Floyd, Dona and Edda. Judges from out of the county will name the winner Thursday night, at which time the county girls will compete.
Another feature of the show will be a prologue which will be offered Wednesday night in connection with the style revue—old fashioned costumes of the "gay 90's" and an 1864 model bathing suit—as well as bicycle suits and colonial gowns will be featured.
An unusual picture program has been arranged. Wednesday night will be James Cagney and Alice White in "Picture Snatcher," and Thursday night's picture program will be Boots Maloney in "Humanity."

COTTON CONFERENCE FAVORS ACREAGE CUT

The general sentiment at the cotton conference held in Washington to discuss ways of making the Farm Adjustment Act effective for the cotton industry was to reduce the supply by abandoning at least 30 per cent of the cotton acreage planted this spring.

George J. Callaway, president of extensive textile interests in Georgia, as spokesman for the American Cotton Manufacturers Association, and W. D. Anderson, president of the Bibb Manufacturing Company, spokesman for the Cotton Textile Institute, asserted that the textile industry was in favor of immediate action which would reduce the size of this year's crop.

Senator Smith, chairman of the committee, declared that "it is our duty now to appropriate money to lease this acreage."

Present at the conference, which was presided over by Cully A. Cobb, cotton production administrator, were representatives of general farm organizations, national co-operative associations, associations of ginners, private agencies engaged in marketing cotton, associations of cotton manufacturers, organizations representing the wholesale and retail trade, farm public relations representatives and others interested in the industry.

Chester Gray, Washington representative of the American Farm Bureau Federation, submitted a statement from that organization urging immediate plans for acreage reductions this year. The Farm Federation spokesman urged that a 30 per cent reduction in acreage be sought through the rental or option plans combined or through any other methods preferred in the adjustment act.

The national Orange, an organization of 800,000 farmers members represented by Fred Brackman, submitted a statement which urged immediate action toward a reduction of cotton acreage this year of not less than 30 per cent. Mr. Brackman argued that the price of cotton has a profound influence on the nation's welfare and that with the weak statistical position of cotton it would be impossible to sustain present prices unless some drastic and immediate program is undertaken.

C. O. Moser, secretary of the American Cotton Cooperative Association, submitted a brief statement which urged that cotton acreage be reduced by 30 per cent this year and that immediate benefit payments be made to the producers "consistent only with the assurance of cooperation on the part of the farmer."

Opposition to a program seeking to bring about the abandonment of this year's cotton acreage came from two sources, John C. Thompson, a representative of the Texas ginners, and W. L. Clayton, prominent exporter.

Clayton advocated a permanent program and asserted that the program must be considered from a world standpoint. The question that must be decided, he said, is whether we are going to produce cotton for the world trade or a domestic basis.

Mrs. G. W. Billingsley left last week for her home in Salida, Col. Miss Gladys Lee Warnica went home with her for the summer. Mrs. Billingsley has been visiting Mr. and Mrs. Joe Beasley, Mr. and Mrs. Jim Warnica and other relatives in Portales for the last few days.

Home Loan Act Now in Effect

Washington, June 13 — President Roosevelt in signing the home mortgage refinancing bill today, asked creditors to abstain from foreclosing proceedings until legislation gets into operation.

"I appeal to mortgage creditors," he said, "and to all others who have claims against home owners and ask them, until full opportunity has been given to make effective the refinancing provisions of the home mortgage act, that they abstain from bringing foreclosure proceedings and that they abstain from seeking to dispose of the home owners who are in debt to them."

Washington, June 13 — President Roosevelt today signed the bill providing for a \$2,000,000,000 refinancing of small home mortgages to put them on a lower interest rate.

The administration hopes to have the new law in active operation within a month. It permits holders of mortgages on homes valued at \$20,000 or less to exchange these for government bonds bearing an interest rate of 4 per cent.

A loan of 80 per cent of the value of the homes, with \$4,000 as the maximum, is provided. A three-year moratorium on interest payments is permitted.

Loans for back taxes are allowed if the holders of mortgages can not exchange them for government paper, the law permits a cash loan to the home owner up to 40 per cent of the value of the mortgage and bearing six per cent interest.

Fifteen years is allowed for all payments. A Home Owners Loan corporation is created to administer the act. The present home loan bank board will supervise the gigantic refinancing project at the start.

Early announcement is expected of the offices throughout the country where the mortgage holders may apply for relief.

GAS EXPLOSION DESTROYS HOME OF BROTHER-IN-LAW OF JOHN RUSSELL

H. M. Wiley owner of the gas franchise for Wheeler, Texas, a brother-in-law of John Russell of Upton, recently left with his family to attend the Century of Progress at Chicago.

After disconnecting the electric wires he instructed one of his employees to fumigate his house by turning on the gas for 12 hours. After the gas had been running 4 hours the house blew up and the building and all contents were destroyed by fire.

The building was valued at \$10,000.00, and carried no insurance. It is thought that the gas was ignited by the telephone ringing, creating an electric spark.

Seed Loan Money Must Be Repaid

This office has been advised that some truck crops are now moving from many sections of Texas. A reasonable necessary marketing expense will be allowed in needed cases when marketing these truck crops, however, a strict accounting of any sale made by the borrowers must be shown. Notice is hereby given to all borrowers and buyers that the government has a blanket first mortgage on all the crops grown and sold by any and all borrowers.

You may give this full publicity so that no one may endanger himself or cause extra expense and that it will not be necessary to call upon the buyer for second reimbursement to the government since a strict accounting will be expected in all cases covering all sales until accounts are paid in full. Immediate remittance should be made to the Dallas office covering any sales made by all borrowers. It is the borrower's responsibility to repay not the government's to collect.

There have been some requests for lists. Such records are available at the County Clerk's office in every county and is a notice to all buyers. The field men, committeemen and county agents have a knowledge of borrowers in ad-

dition to the county clerk's records. Due to the transfer of this organization from the Secretary of Agriculture to the Farm Credit Administration, it will perhaps be ten days before lists are compiled, but these will be furnished to those needing same as soon as possible. This letter will serve to notify the public generally and we ask the united cooperation of the borrowers and buyers in order to eliminate future questions, controversy and expense. All remittances should be made payable to: The Treasurer of the United States, and mailed to: The Crop Production Loan Office, Dallas, Texas.

REMEMBER—The government loan was made in a time of need. It has aided continued programs. It must be repaid. Borrowers' future credit ratings are now being made.

Very respectfully yours, Owen W. Sherrill, Regional Manager.

DANCING PARTY
Miss Frances Estelle Bryant entertained with a dancing party Tuesday evening at the home of her parents, Mr. and Mrs. R. G. Bryant, as courtesy to her house guest, Miss Agnes Pickett of Post, Tex., and Miss Winifred Gower, who is visiting in the city.

The hours from 8 o'clock until 11:30 were spent very happily by the young people dancing and also visiting on the pleasant and inviting front porch.

Tea punch was served during the course of the evening.

The dancers invited for the evening included Misses Agnes Pickett, Winifred Gower, Winifred May, Maynor Hayes, Marie Neer, Annie Maud Hunter, Madine Brasell, Jeff Hunter, Nadine Brown, Mary Evelyn White, Mildred Lyons, Mack-Korn Walton, Ruth and Mildred Carr, Jane Alice Hall, Messrs. Tilden Cissell, Edridge Mears, Fred Hubert Jordan, Vincent Cox, Earl Stratton, Jack Walker, Junior Jones, James Compton, Jack Carr, Leen Pogue, Francis Shaw, J. B. Maxwell, J. R. King, Gordon Hatch, Melvin Cissell, John Meiner and Douglas Terrill.

SHOWERS MISS ROWLEY
Miss Mildred Rowley was showered with gifts last Friday afternoon when Miss Mary Alice Walton, Mrs. Esther Cleveland, Mrs. J. C. Compton and Mrs. J. L. May entertained at the home of Mr. and Mrs. H. C. Walton.

A bower of greens and flowers was erected at the rear of the side yard and before this Miss Rowley was seated.

At the appointed hour little Patsy Ruth Patton rolled on to the lawn a baby buggy with gifts and then was followed by Joan and Adele Cleveland with baskets of pretty presents.

Tall garden baskets filled with flowers outlined the space reserved for the guests. The folding chairs were placed in a large circle to accommodate the many friends gathered to view the gifts. An attractive bride's book had been prepared and in this the guests were invited to register.

After the presents had been unwrapped and admired, tea punch and small cakes were served from an attractive table by Mrs. Roy Morris, Miss McKewen Walton, Miss Frances Estelle Bryant, Miss Winifred May and Miss Mildred Lyons.

Pink and green were the accent colors for the afternoon party, which began at 5 o'clock.

HONORS WITH BREAKFAST
Mrs. H. H. Buchanan, Mrs. Ed J. Neer and Mrs. Lacy Armstrong entertained with a breakfast in the Buchanan home on Monday morning honoring Miss Verda Oakley, whose marriage to I. B. Davis of Bonham, Tex., has been announced for June 30.

The house was pretty with bowls of garden flowers and vases of these centered the dining table and the two quartet tables at which the guests were seated.

The splendid meal was announced at 8:30 o'clock and was served in three courses. The hostesses were assisted in serving by Miss Rosamond Deen and Miss Norabelle Grizzle. The remaining morning hours after breakfast were spent visiting most informally.

Those enjoying the occasion with Miss Oakley and her hostesses were Messames J. J. Spire, J. W. McMinn, G. J. Whitcomb, C. A. Lorts, W. H. Catt, Ike Hughes, W. D. Dabbs, T. E. Mears, Paul E. Morrison, Esther Cleveland, Kenneth Brough, E. N. Neer, P. E. Jordan, J. P. Deen, J. D. Turner and Miss Kate McManaway.

Mr. and Mrs. J. B. Priddy, Mr. and Mrs. James Goodloe and infant son, Mrs. J. P. McDonald and three children, Mrs. Hollingsworth, Mr. and Mrs. Carl Yochum, Mrs. Paul E. Morrison, Miss Velma Coons and Leon Jones.

RINKY-DINK CLUB
Officers were elected to serve for a term of three months at the last meeting of the Rinky-Dink club, which was held in the home of Frances King on Nevada street last Friday afternoon.

Marorie Linna Mersfelder was chosen president; Lois Mae McCall, vice president; Maxine Cook, secretary; Alma Ruth Lee, assistant secretary, and Frances King, song leader.

The afternoon program consisted of games and contests. Little Gloria Vesan and Mildred Arlene Morrison were invited to serve the refreshments at the close of the program.

The club members present were Marjorie Linna Mersfelder, Lois Mae McCall, Maxine Cook, Alma Ruth Lee, Lucy Belle Carroll and Frances King. The guests were Joyce King and Lucy Fay Yochum.

Miss Lucille Rowley, a member of the junior high school faculty at Artesia, left last week for a seven weeks' tour of the east with the Wichita (Kas.) school omnibus party. Miss Lucille joined the crowd at Dallas and from there will go to Washington, D. C.; New York City, Montreal, Canada, and on the return trip will stop in Chicago. She was a teacher in the Portales schools for a number of years.

Mrs. E. H. Robinson and her daughter Mary are expected home within the next few days to spend the summer vacation here, after being in Austin, Tex., during the last school year. Miss Marjory, a student in the university, will do summer work at the university and remain in the Texas capital. Miss Louise Robinson left last Saturday to visit for a while with her sister.

SOCIETY NOTES

ARCH HOMEMAKERS CLUB
The last meeting of the Arch Homemakers club was a complimentary to Miss Verda Oakley, whose wedding will occur this month.

The meeting was an all day session at the club house, with each woman taking food for the very bountiful meal served during the midday.

Mrs. Dacus conducted the business meeting, with Miss Oakley giving some recipes for making steam bread and also making cream cheese.

When all business had been given attention the meeting was turned to Mrs. Lena McCorry and Mrs. Joe Bill Thompson, who were the leaders for the program, which was a compliment to Miss Oakley and was most unique.

A bride's book was presented and in this all the members were invited to register.

Next came the honeymoon story, with each woman contributing some portion of the story. After this had been completed the women were given the letters found in the words, "Verda Oakley," and asked to use these as adjectives in describing the groom-to-be.

The remainder of the book was filled with illustrations taken from magazines picturing the home and home life of the newlyweds.

When the book was completed Miss Oakley was invited to follow the string of life which covered the three years she has spent as home demonstration agent in Roosevelt county. Along the line she found this tribute, "Three years ago our pathways merged into one. We have erected a stone for each year you have spent with us. The first marks the place where the journey together began. At first we loved you for your friendliness to us, now we add to that the many things you have done for us. You have been patient and untiring, always ready to help, not only with your advice and counsel, but with your own hands. In our first year we won first place with our club efforts. The second year and also the third have brought honors to our organization. All that we have accomplished we owe to your aid and interest and we feel our inability to express our appreciation for all this help. We owe you greater praise for your work with our 4-H club girls, who through your training were able to win first, second and third place in the county; first at State College and become the outstanding girls' club of the state. But now comes the parting of the ways, and "O how we long to travel back and bread again that ancient track and meet more reach that plain. Where with you we began to train. Go from us yet we shall stand henceforward in thy shadow. Never more alone upon our three-hold door. Let us shall keep thee in our hearts. Nor let thee utterly depart. And be as if thou had never been." At the end of the tea was the fortune, which was a lovely gift from the club members.

Ice cream and cake was served at the close of the afternoon.

ACE HI BRIDGE CLUB
Mrs. Carl Bremer entertained the members of the Ace Hi Bridge club with a morning party last Friday at her home on Nevada street. Leo Randolph was invited to join with the members in the morning at cards, with the contest beginning at 9 o'clock.

The high score prizes went to Mrs. Randolph and Mrs. J. D. Marlow, with Mrs. Willis Breshers winning the traveling prize.

At noon Mrs. Bremer served a delicious two course luncheon, with summer flowers decorating the table and also the living room.

The guests were Messames Leo Randolph, Mrs. J. D. Marlow, Mrs. Willis Breshers, Mrs. J. J. Brown, Mrs. A. C. Youngblood, Mrs. L. S. Kirby and Mrs. Cleo Pike.

ANDERSON-ATKISSON
The marriage of Miss Lucille Anderson and Garrie Atkisson at the Christian parsonage this week united two of the pioneer families of Roosevelt county.

The bride is a daughter of Mr. and Mrs. L. M. Anderson and her father was one of the early homesteaders in the community west of Portales, while Mr. and Mrs. A. K. Atkisson, parents of the groom, are among the established and prosperous farmers of their vicinity.

Both young people are well known in Portales and the bride was a member of the 1932 graduation class from the Portales high school. She is a niece of Mrs. J. L. May.

Mr. Atkisson is an only son and is connected with his father in the operation of the home farm south of Portales.

A residence is being prepared for the newlyweds and in this they will establish their home.

CONTRACT BRIDGE CLUB
Mrs. W. W. King invited four guests to join with the members of the Contract Bridge club Monday afternoon when the women met in her home for several progressions of the popular pastime.

Mrs. Ray Bonner held the high score of the afternoon and Mrs. H. H. Buchanan the low.

After the game Mrs. King served a plate lunch to Messames J. C. Compton, Bert Hawkins, S. H. Nelson, H. H. Buchanan, Coe Howard, E. N. Neer, P. E. Jordan, J. D. Turner, Ray Bonner, A. D. Ribble, E. L. Wright and Kenneth Brough.

OVERNIGHT PARTY
Miss Elsie Parnell invited ten of her friends to be her overnight guests on Monday of this week.

The girls gathered at the Parnell home about 7 o'clock and after enjoying a few games the young hostess served dainty refreshments.

The girls had intended sleeping in the rear yard, but the main clouds scared the overnighters into the house and beds were prepared for the sleepers.

Tuesday morning breakfast was prepared out in the rear yard and the meal was eaten out in the open.

The guests included Misses Ora Denny, Mildred Sunnett, Johnnie Lee Compton, Willie Vale Oldham, Virgie Schaefer, Barbara Green, James Lynn Hill, Eulah Elliott, Mildred Disney and Louise Trout.

U. D. C. DINNER
The husbands of U. D. C. members were the special guests at a bountiful and delicious dinner served cafeteria style last Tuesday evening at the home of Mr. and Mrs. G. M. Compton.

Each of the women contributed to the meal and as a result a real feast was announced about 7:30 o'clock.

Quartet tables were arranged in the house and some of the people ate at these while others went to the huge front porch, which was most inviting.

After dinner some of the guests joined in bridge contests, some played dominoes and others remained on the porch and visited.

The special guests other than the husbands of the various members, were Claudia May Moody of Artesia, Tex.; Miss Alta Williams of Canyon; Ralph McDonald, Prisma; Mrs. Rasha Smith, and Edridge Mears.

HONORS WITH BREAKFAST
Miss Lucille Wurster, whose marriage to Harold Sweetland has been announced for the month of July, was the honoree at a pretty breakfast yesterday morning when Miss Bess Dohoney and Mrs. J. W. Maulpin entertained at 9 o'clock in the lovely home of Miss Dohoney.

The dining table was arranged for ten and accented a color plan of pink, white and green. Over the center of the table hung a huge wedding bell of white, with white and pink streamers connecting it with the table.

Green crystal dishes were used and in the center of the table was a green crystal bowl filled with pink sweet peas and ferns. Tall pink tapers in crystal holders illuminated the room.

The bride-to-be was seated at the head of the table with her mother, Mrs. Earl McCollum, at her right and Mrs. A. H. Sweetland at her left. Directly in front of her place stood a miniature bride and groom in proper wedding attire, taking the vows before a solemn minister.

The delicious breakfast was served in two courses, with the color plan carried out in the preparation.

The breakfast party consisted of Miss Lucille, Mrs. McCollum, Mrs. Sweetland, Mrs. A. D. Ribble, Mrs. N. T. Watson, Mrs. J. W. Stone Jr., Mrs. I. D. Johnson, Mrs. Gordon Lyons, Mrs. Ray Bonner and Miss "Bill" Lyons.

CLASS MEETING
The regular meeting of the young business women's class in the Baptist Sunday school will be held at the home of Mrs. Merle Wallace on Tuesday evening of next week, June 27, at 8 o'clock, and an urgent invitation is given to all members to be present.

EVENING PARTY
Mrs. C. O. Bickham entertained with an ice cream supper last Saturday evening in honor of Mr. and Mrs. Tyson of Dallas, Tex., who have been in the city visiting in the home of their son, Rev. Joe M. Tyson.

The evening was spent visiting most informally and enjoying the delicious home made ice cream.

The guests included Mr. and Mrs. Tyson, Rev. and Mrs. Joe M. Tyson, Joe Jr., Virginia, Ina Laura and Jimmy Tyson, Mr. and Mrs. R. W. Bickham, J. C. Andrew and the hostess.

SUNDAY GUESTS
Judge and Mrs. T. E. Mears invited some congenial friends to their home last Sunday and after the very delicious meal the friends enjoyed visiting together most informally.

Mrs. Mears was assisted by her sister, Miss Kate McManaway, in serving.

The guests included Mr. and Mrs. J. A. Hall and daughter, Jan; Alice Jordan Glover; Mr. and Mrs. P. E. Jordan and son, Fred; Miss Dr. and Mrs. J. E. Champ and son, Bill Thompson.

JUNIOR WOMAN'S CLUB
The regular meeting of the Portales Junior Woman's club was held at the club building yesterday afternoon.

A program on "India," with Miss Mack-Korn Walton as reader, was the outlined entertainment for the afternoon.

A detailed account of the meeting will be given next week.

Mrs. H. C. McCowers together with her four children, and her father, Mr. Tillinghast, left Tuesday on their eastern trip, which will include some time spent at the fair in Chicago, and a visit to Mr. Tillinghast's old home in Rhode Island, which he has not seen for fifty years. They will be absent from New Mexico for several weeks.

What Makes a Safe Tire? ... I KNOW!

ARE you willing to risk your life on advertising statements claiming blowout-proof and unblowable tires? One manufacturer gives as the reason for claiming blowout-proof tires—the use of one ply of another color—another, a patented "no breaker" construction—a mail order house, high stretch "elastic" cords, etc., etc. Actually the fundamental cause of a tire blowout is the flexing of the tire which causes friction of the fibers in the cord, resulting in heat and causing the rubber to soften and the cords to deteriorate.

Firestone

Patented Construction Features Give You Greater STRENGTH, SAFETY and MILEAGE

Firestone Tires have won the 500-mile Indianapolis race for 14 consecutive years, the most grueling tire test. The reason is the Firestone patented extra process of Gum-Dipping which saturates every fiber and insulates every cord with pure rubber—which gives strength to the cords and prevents friction and heat in the fibers. This year 42 drivers in this race equipped their cars with Firestone Gum-Dipped Tires and not a single driver had any tire trouble.

Race drivers know why Firestone Gum-Dipped Tires are safer and not subject to blowout and will not risk their lives on ordinary tires. Your life and the lives of your family are often in danger at the high road speeds of today and you should not take greater risks than the race drivers who make sure that they have the best and safest tires they can buy—Firestone. Come in today. We will give you a liberal trade-in allowance for your old tires on new Firestone High Speed Tires—the safest tires in the World.
