Around Muleshoe

The Muleshoe Singles Group is in a re-organization stage and will hold a meeting on Thursday, August 1, at 8 p.m. at Summit Savings.

New officers will be elected, and outings planned, such as to Canyon to see "Texas" and to Carlsbad Caverns. All single adults are welcome to attend the meeting, and to participate in the activities.

Babysitters for the meeting will be at 319 Avenue K.

Amy McGehee of Lazbuddie ran the 100m in the State TAAF Tack and Field meet in Fort Worth, July 19 and 20. She was fourth fastest in preliminaries, with a 12:8 and was fifth in finals with 12:9.

She failed to make the finals in the long jump.

Competing were 17 regions from across the state, with over 4,00 youth participation in this meet.

Army Staff Sgt. David J. Woodcock, son of George L. and Valeda M. Woodcock of Union, Mo. is a member of a winning marksmanship team that competed in a national shooting competition.

Competing in the 1985 National Indoor Standard Pistol Championship at Fort Benning, Ga. Woodcock was part of a team that scored 2241 points out of a possible 2400.

He is a small arms marksmanship instructor with the U.S. Army Marksmanship Unit at Fort Benning.

His wife, Kathy, is the daughter of Bill Tosh of Bolivar, Mo. and Mary Franklin of Muleshoe.

Franklin, son of Bill R. and Mary Franklin, Muleshoe, has completed a U.S. Army primary leadership course at Schofield Barracks, Hawaii.

Students received training in supervisory skills, leadership principles and small unit training techniques essential to a first-line supervisor in a technical or administrative environment.

His wife, Jerrie, is the daughter of E.L. and Sue Wear of Stinnett.

He is a 1979 graduate of Muleshoe High School.

Lazbuddie ISD has opening for teacher aides and for cafeteria workers for 1985-86. Interested persons are asked to call 965-2156 or go by the school for an application.

TOURNEY TROPHY-- Lions Club Chuck Smith said the Lions Club plans to win and take home this trophy to be presented during the Civic Clubs' miniature golf tournament on August 15. "It's too bad the other clubs won't be able to match up with us and win this beautiful trophy," Smith said.

A WATCHDOG DELUXE--Because he is curious and because he can't see what's going on from the backyard where he is supposed to be living, Audie, shown here on the roof of the house, has taken to the roof to live. His owners, Mr. and Mrs. Bob Cowley, said the Springer Spaniel refuses to live on the ground anymore, and reaches his lofty perch by jumping on his doghouse, to a shed, and from there to the roof. Audie has chosen to observe the world from the roof of his owners' home.

New Activities Added To Mule Day Festival

It's just around the corner -- in fact -- it's just two weeks away, and you need to be making your plans now, and

Girl Scout Hut Repair Is Underway

With the increased interest in renovation of the Girl Scout Little Hut, and the re-activation of the Girl Scout program in Muleshoe, a committee has been formed to handle the renovation. Committee members include Judy Watson, a former Girl Scout; Jackie Johnson, whose daughter, Jennifer, is a Girl Scout and Nelda Merriott, coordinator of the renovation project.

Donations may be made at the Muleshoe State Bank, either inside or at the drive-in window, where an account called: "Little Hut Repair Fund" has been opened. All donations will go into the account which will be used 100 percent on the local Little Hut for its repair.

"To date, it's coming along beautifully, thanks to all of you," said Mrs. Merriott.

Three members of the Muleshoe Kiwanis Club, R.A. Bradley, Cleve Bland and James Roy Jones, were at the Girl Scout Little Hut on Monday night to assess needed repairs. While there, they took out storage shelves in what will be the new bathroom for the Hut.

Mrs. Merriott said she thought the Kiwanians were a little taken aback at the amount of work needed to be done, but they set to work, and even set additional work nights.

"We certainly appreciate the labor the Kiwanians are expending on this project," added Mrs. Merriott. These are really big jobs that we all really appreciate the help with."

Harvey Bass donated a kitchen table for the Hut and Ann Moore contributed paint rollers and paint pans. J.O. and Leavell Parker donated green carpet and the E.T. Fords also donated carpet. Paul Poyner of Poyner's White Stores gave padding to go under the carpet.

"How very much we appreciate all of this, and we hope that everyone will come by to see it when it is completed," added the project coordinator.

saving Saturday, August 10, for a full day of activity during the annual Mule Days Festival.

Toni Eagle, manager of the Muleshoe Chamber of Commerce and Agriculture, said The CofC is planning several new activities for this year's Mule Day Festival, and they certainly hope everyone enjoys the new activities to be held in conjunction with the celebration.

First, the Chamber is encouraging all businesses to run "Mule Day" specials or bargains for the week of August 5-10. Businesses are also being asked to participate in the parade, entering commercial floats and displays.

The CofC is also encouraging everyone to dress 'western' for this year's Mule Day Festival. During the day, some lucky person will be chosen as the 'best-dressed' by representatives from the CofC. Merchants are urged to have their employees dress for the occasion.

Children of this area can participate this year in two brand-new events. A Mini-Mule run will be held during the 10K and 2-mile run on Saturday, August 10. This race is for runners under the age of four years. Trophies will be awarded in every age division, said Mrs. Eagle. If interested in entering your youngster in the Mini-Mule run, be sure to be at KMUL Radio's parking lot before 8 a.m. to sign up for the special run on Mule Day.

On the afternoon of August 10, there will be the very first "World Championship Stick Mule Race" for children under the age of six years. The Stick Mule Race will be held during the Mule rodeo, which begins at Jeff Smith's arena at 1 p.m.

Children are asked to bring their own Stick Mules, if possible, as there will be a contest for the winner of the following: The Prettiest, The Ugliest, The Funniest, The Most Unusual, and possibly others.

Mrs. Eagle also said the CofC will have the American Mule Bicentennial buckles for sale on Mule Day. The buckles will be displayed in a booth at Jeff Smith's Barn, and will sell for \$19.95 for pewter; \$55 for the gold buckle and \$65 for the gold and silver buckle.

Activities for the day kick off early, with the 4-H Omelet and the Hot Air Balloon races

Moisture Helps Crops; More Is Needed Now

CCC Money Is Released For Farmers

Danny Noble, executive director of the Bailey County ASC office, was notified by telephone Wednesday that funds were available again to write checks for commodity loans, storage, diversion and deficiency payments. He was notified on July 17 that effective July 18, no checks could be written for the four items listed above.

He said his office, along with the other ASC offices nationwide, could only continue to write checks for the ACP program, along with the administrative operation for ASC, both of whom are handled under separate divisions.

Noble explained that it takes \$70 million per day, nationwide, to write CCC loans for price supported commodities, which also include milk, dairy, and honey, and the \$1 billion released by the government as a "stop-gap" measure, will only last some two weeks.

At no time can the ASC owe the U.S. Treasury more than \$25 billion, so the county executive director explained that the funds, including an additional \$2.9 billion, are tied up in a conference committee at this time.

Even the additional \$2.9 billion would only allow for the CCC loan program to be operated until approximately mid-September, added Noble, at least two weeks short to end the current fiscal year.

No certain limit or set amount has been allocated for Bailey County, said Noble, and his office has started writing checks

Former Deputy Becomes County's Chief Appraiser

On Monday of last week, Jerry Hicks became the second Chief Appraiser for the Bailey County Tax Appraisal District, in the history of the tax appraisal office in Muleshoe.

In May, Dale Jones, who was the first appraisal chief in this county, submitted his resignation, and the office has operated without a chief appraiser until the past week.

Hicks, a native of Afton, has lived in Muleshoe since he retired from the United States Air Force in 1976, and moved here from Fort Worth.

Born to the late Mr. and Mrs. T.B. Hicks, Jerry Hicks attended school in California and Patton Springs, where he graduated from High School.

During his years as a pilot in the USAF, he attended night school at Eastern New Mexico University, Portales, N.M., from 1964-68, including one full semester and received his degree.

He also received two years credit for his training as a navigator, pilot and fighter pilot and attended Air Force Command Staff College, prior to receiving his degree at the University of Nebraska at Omaha.

After moving to Muleshoe following his retirement, he worked for John Crow at the former Crow Chevrolet for two years, before becoming a Muleshoe City Police Officer.

He attended the South Plains Association of Governments Police Academy, September and October, 1978, and became a lieutenant with the Muleshoe City Police Department in December, 1978. Hicks served as acting city police chief from late in 1980 and the first few months of 1981.

In August, 1981, he moved to Lubbock and served as a parole officer for the next six months,

Late last week, for the first time in three weeks, rain visited this area. Although the official rainfall in Muleshoe was only .62, in some areas of the city, the rainfall amounted to almost an inch for the last three days of the week.

However, the Bula area, which was soaked in early June from rain, had received more than four inches.

A spokesman at Clauch Gin at Bula said four and a half inches of rain had fallen during the week, and "fell just right," according to the spokesman.

Two and a half inches of the rain fell on Thursday and Friday nights, adding to the two inches received earlier in the week.

On the Arch (NM) highway, near the New Mexico line, Mrs. Floyd Davis said they had received an inch and a half on Thursday and Friday nights, rain that fell slow and soaked

Fred Johnson Leaves Hospital

As of Friday, Fred Johnson, who moved to Muleshoe earlier this year, as administrator of West Plains Medical Center, is no longer administrator of the hospital.

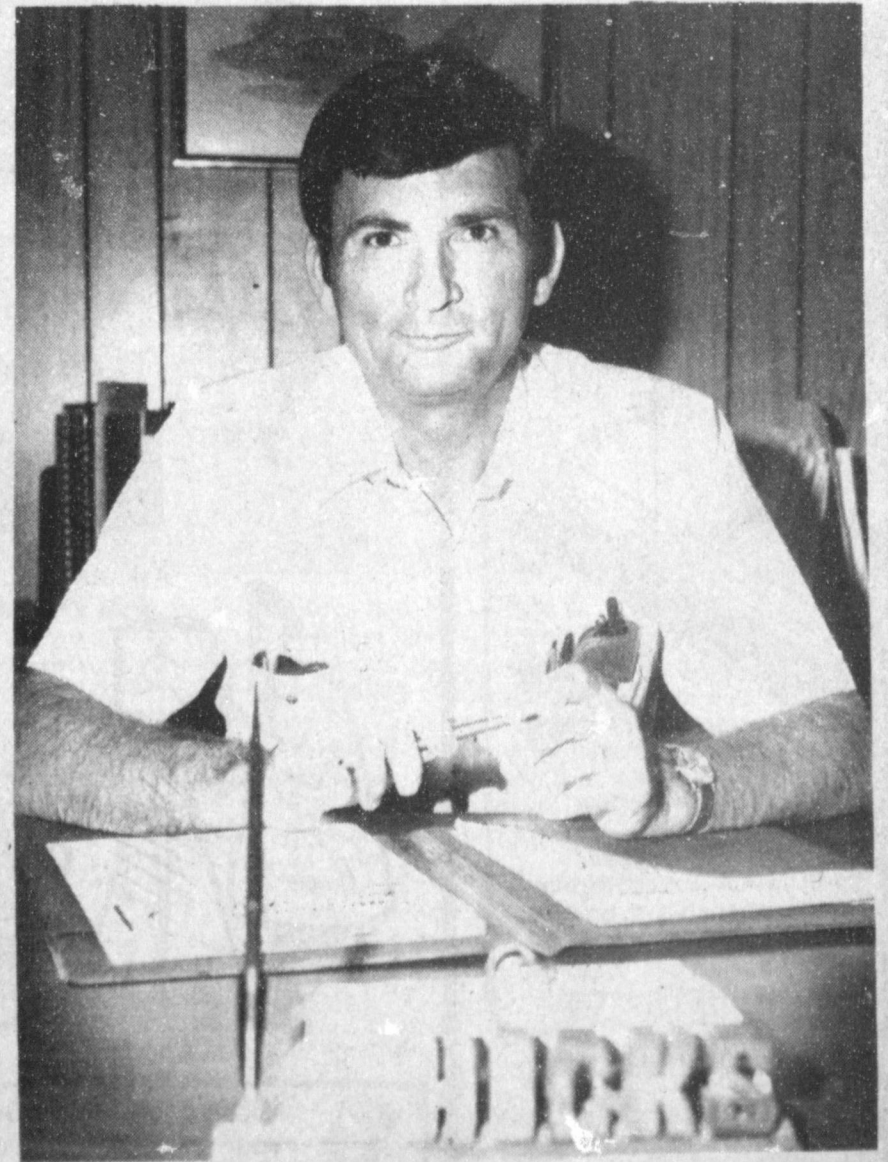

Mike Dunn, chairman and chief executive officer of Westworld Community Healthcare, Inc. of California, told The Journal Friday afternoon that a new administrator would be in Muleshoe tomorrow (Monday).

Dennis Miller, regional supervisor for Westworld Community Healthcare, Inc., said the new administrator will be Jack Reamy.

Dunn said, "Not only the community of Muleshoe, but Westworld, owes Fred Johnson a lot of 'thanks' for the work he has done the last few months to help return credibility to the hospital in Muleshoe. He has worked very hard, has made a lot of friends, and has really helped the hospital."

returning to Muleshoe to become a deputy sheriff for the Bailey County Sheriff's office in January, 1982, a position he held until he accepted the position as chief appraiser. In December, 1984, he had been named jail administrator, along with his regular deputy sheriff duties.

His wife, Mary, is city secretary for the City of Muleshoe.

right into the ground.

Jack Schuster, who resides about eight miles south of Muleshoe on Highway 214 said he had received only about three fourths of an inch of rain at his house, but a mile north, at least two inches had fallen. Schuster said that a mile and a half east of his house, more than two inches had fallen.

At Maple, the Maple Co-op Gin reported an inch and a half of rain, and said that amount appeared to be general throughout that area.

Widely reported in the Lazbuddie area were "showers" as reported by Mrs. Harrol Redwine to amounts southwest of Lazbuddie amounting to more than two inches.

Some farmers to the south and west of Lazbuddie were reported to have shut off their irrigation wells.

Mrs. R. T. Atchison in the Y-L community said they had received about an inch of rain during the past week, with near one-half inch on Friday night. "Not enough to keep us out of the field," she commented.

16 Teachers Are Hired For '85-'86

H. John Fuller, superintendent of the Muleshoe ISD, said sixteen new teachers have been employed for the 1985-86 school year.

At high school, Dale Keeling will be assuming the position of Athletic Director, and his wife, Denise, will be teaching English. The Keelings are graduates of Texas Tech University and come to Muleshoe from Spur.

Also joining the high school staff will be Andy Gamble, and his wife, Pam. He will be coaching and Mrs. Gamble will teach English. The Gambles are coming to Muleshoe from Nacogdoches and are both graduates of Stephen F. Austin University.

Completing the new high school staff will be Jeff Price of Vega. He will teach vocational agriculture and is a graduate of Texas Tech University.

Joining the junior high staff will be Kyle Carver, Sandi Chitwood, Barbara Mutschler and Nancy Rankin.

Kyle Carver is a graduate of West Texas State and will be coaching in junior high. He is a

Letter To The Editor

Dear Editor,

WOW! I could hardly believe my eyes when I saw the newspaper! I was surprised, delighted - stunned? to see the entire poster that I had hurriedly prepared - and handed to the President of the Rotary Club - across the entire middle section of the newspaper today! It seems that Mr. Larry Hall was there, saw the need expressed on the poster, tucked it under his arm and brought it back to the Journal for publication! My Goodness, scribbles, wishes, dreams and all! And the phone has already begun ringing!

How can we say THANK YOU for such a terrific display of the Girl Scout Hut and the needs there and for the Girl Scouts? We shall always be grateful for your help.

And thanks for all the other nice things you have done, Larry, for the community. Like all the neat things about the high School Class Reunion. And all those trees in the City Park awhile back, etc. etc.

Sincere Thanks,

City of Muleshoe
Fire Department
Muleshoe, Tx 79347

Dear Chief Dunham:

I wish to take the opportunity to commend your men for their outstanding performance during the disaster exercise in Sudan on July 10, 1985.

During my nine years of involvement with EMS programs, I have never seen a Fire/Rescue organization which conducted itself as efficiently or effectively as your Department. You and your men have obviously invested a great amount of time and effort in preparing yourselves to respond to vehicular entrapment situations.

The Texas Department of Health appreciates the contribution of Fire Departments to assuring the best possible pre-hospital emergency care to the citizens of Texas. If we can ever be of assistance, please call.

YOUR FLOWERS AND PLANTS Helpful Hints

By Merlin Olsen

Orchids are probably best known as flowers used in corsages and bouquets, but they also are striking and beautiful additions to arrangements of cut flowers, according to FTD Florists.

One of the orchids often used in arrangements is the cymbidium, whose name means "boat," referring to the hollow in the lip of the flower.

The most popular orchid is probably the cattleya, whose flowers are waxy and fleshy and come in a rainbow of colors.

Another variety of orchid, the phalaenopsis, was be-

lieved by Confucius to be a sign that a married couple would have lots of children. Some people think its petals look a little like six children standing between two parents.

Here are some tips on caring for orchids:

- For best results with orchids in arrangements, place the stem of each in a vial filled with tepid water. You can buy the vials at florist shops.

- To keep an orchid corsage fresh for a second wearing, mist it with water and place in a plastic bag. Then store it in the refrigerator, but be sure to keep it away from any fresh fruit. Some fruits give off ethylene gas, which is harmful to flowers.

- To further enjoy an orchid corsage, remove the flower from the stem and greens and float it in a bowl of water.

native of Hale Center. Sandi Chitwood, a former art teacher at high school, will be returning to the system to teach junior high art. She is a graduate of Eastern New Mexico University. Barbara Mutschler is a graduate of Panhandle State University and will be teaching social studies. Nancy Rankin has been teaching in the Three Way schools. She is a graduate of Colorado State University and will be teaching Special Education.

Completing the DeShazo Elementary staff will be Kim Nelson, who is a graduate of Eastern New Mexico University; and Pat Angeley, who is a graduate of Stephens College in Columbia, MO. and who has been teaching in the Springlake-Earth Schools. Kim Nelson will be the P.E. instructor and Mrs. Angeley will be teaching fourth grade.

Five new teachers will be joining the Dillman Elementary staff. Rosemary DePalma is a graduate of Arkansas Tech University; Linda Latham graduated from Panhandle State University; Monica Reynolds is a graduate of Texas Tech University; Barbara Young, also a graduate of Texas Tech University and Jimmy Nelson, who graduated from McMurry College.

Jimmy Nelson came to Muleshoe from Clovis, and the other four teachers are Muleshoe residents. He will be teaching second grade; Mrs. Reynolds will teach P.E.; Mrs. Latham, first grade; Mrs. DePalma, first grade and Mrs. Young, first grade.

Superintendent Fuller said the Muleshoe ISD is still seeking to fill five positions: A K-2 Special Education teacher; a fourth grade bilingual teacher; a junior high reading teacher; an elementary counselor and a school nurse.

Also, Muleshoe ISD will begin to accept applications to several teacher aide positions beginning August 1, he added. Superintendent Fuller said anyone interested in a professional or paraprofessional position, should contact the superintendent of schools at 514 West Avenue G.

getting underway between 6-6:30 a.m. From that moment, the rest of the day will be filled with activities.

There will be the ever-popular turtle races; the arts and crafts show, with at least 20 different booths to display varied arts and crafts; the live entertainment; and the parade, to highlight the morning hours.

Also scheduled will be the luncheon to be served by the Odessa Chuck Wagon Gang; the Old Time Fiddlers Contest; The Mule Rodeo; Mule Races; Sky Divers; and the evening party, with the Muleshoe Fire Department preparing to serve the dinner, closing out with the annual dance.

And, remember, most of all, the festival is held each year as a benefit for Girlstown, U.S.A., located to the southwest of Whiteface, and east of Morton. A non-government funded home for homeless girls, Girlstown is funded solely by private donations.

After necessary expenses are paid, all remaining funds are turned over to Marshall Cooper, administrator of Girlstown, U.S.A. to house, feed, clothe and educate the youngsters, who range from infancy through high school age.

Bailey County Schools Have 'Hefty' Budgets

State aid to local schools increased by \$1 billion last year to a total of \$4.6 billion. To pay for it, the special session of the legislature last summer enacted the largest tax bill in the state's history.

Not to be outdone, school trustees in the 1,068 local school districts levied the largest school property tax increase in history--\$519 million--for a total tax bill of \$4.1 billion.

For the two school in Bailey County, the Muleshoe ISD's tax levy was decreased 1.5 percent for 1984-85 as compared to a 14.3 percent increase for the average school district in Texas. For the Three Way School, the tax levy was increased 12.5 percent.

The figures come from the latest issue of 'Bench Marks for 1985-86 School District Budgets in Texas,' an annual publication of the Texas Research League, an Austin-based, educational corporation engaged in governmental research.

School budgets adopted last year called for spending \$3,103 per student for current operations. Muleshoe's budget provided for \$3,158.91 per student based on the 1,462 students in average daily attendance in 1983-84; while at Three Way School, the budget provided for \$7,066.07 per student, based on the 129 students ADA during the same period of time.

for loan payments to the county's producers.

Agriculture Secretary John R. Block called the additional \$1 billion a "stop-gap measure" to tide farmers over until Congress finishes work on the larger appropriations bill - which will include the balance of the \$2.9 billion needed to operate commodity programs.

"I don't think agriculture should be apprehensive," Block said. "And even this interruption we've seen has not been too hard on farmers. I'm sure that some people have been upset about it ... but, still it's really been a relative short-term problem."

Lariat to West Camp areas, the rain amounted to around one inch.

On Friday afternoon, heavy clouds that stayed in the Sudan area, deposited enough rain to cause problems on FM303, going north from Sudan.

Texas Highway Department work crews were called to the 303 location, where a portion of the highway was said to be washed out, and motorists stranded.

Deputy Sheriff Hal Bynum was sent south of Muleshoe to a dirt road east of where FM746 turns west to a lake area where two vehicles were stranded in deep water.

He helped get the cars out and the motorists on their way. He said the vehicles were stranded in an area that is a playa lake across the road.

On Thursday afternoon, the Morton Police Department reported a thin rope-like funnel, which apparently never touched ground, some five miles north of Morton.

Sighting of the funnel cloud prompted the National Weather Service to issue a tornado warning for Cochran County to the south of Bailey County. The funnel apparently did no damage, and disintegrated.

National Weather Service predicted that skies would clear and only a 20 percent chance of showers for Saturday. On Sunday, clear skies were expected to return to the area, along with warmer temperatures, as the mercury was expected to rise into the low 90's.

dollars were spent for salaries. Statewide, payroll expense average \$2,487 per student, as compared to \$2,446 in Muleshoe ISD and \$4,668 in Three Way ISD. Payroll expense is a combination of salary levels and staffing patterns.

The average salary for classroom teachers paid by Muleshoe ISD in 1983-84 was \$17,383 and for Three Way ISD was \$16,716. The average among all school districts in Texas was \$20,117 per classroom teacher.

There was an average of one teacher for 15.5 students in Muleshoe ISD and one teacher for 7.8 students in Three Way ISD compared to a statewide pupil-teacher ratio of 1 to 16.2. Because of small classes, especially at the high school level, and abbreviated teaching schedules, many classes have more than the average number of students. The new law requires no more than 22 students in kindergarten, first, or second grade classes next year.

School property tax rates in 1984-85 average \$0.622 per \$100 of market value. The school tax on a property selling for \$100,000 was \$622 in the average school district. Locally, the rate on market value in

Muleshoe ISD was \$.741 or \$741.00 and for the Three Way ISD \$1.359 or \$1,359 on a property selling for \$100,000.

If the property were a homestead or owned by a senior citizen, the school tax would be less because of various exemptions. Open-space land that qualified would be valued on its productivity value rather than market value.

Revenue lost from exemptions totaled \$780 million, which was \$99.5 million more than the total for the previous year. To balance school budgets, the revenue loss from exemptions

was imposed upon other taxpayers in the school district.

As compared to the billion-dollar increase in state aid last year, only \$129 million more state funds will be distributed to schools next year. Only 492 districts will get more; the other 576 districts will receive less. This strategy to equalize presupposes that local property taxes will remain about the same. However, the large property tax increase last year, the report concludes, substantially negated the equalization improvement that the legislature tried to achieve.

Mrs. Curtis Chester and boys of Clovis, N.M. were visitors Sunday with their parents, Mr. and Mrs. Jim Bob Hargrove and attended worship services at the FBC.

Oleta Reece is slowly recuperating from a broken foot. She is now out of the cast and is able to get about.

Recently visiting Mr. and Mrs. Ansil Locke and James have been his sister, Mr. and Mrs. Dennis Taylor and family of Aztec, N.M.

Frances Grey of Vega has been here this week visiting her parents, Mr. and Mrs. Billy Hanna and Matt.

Mr. and Mrs. Louis Fields have returned from Lake Proctor where they attended a family reunion. They also visited in Stephenville with their son, Gary who is a student at Tarleton University.

Joy Wallace of Mississippi has been here visiting her brother, Mr. and Mrs. B.A. Beauchamp and family.

Mr. and Mrs. G.C. Ritchie, Debbie Phillips, Christie and Michael have returned from vacationing. The first week was spent in Dallas and Denton where Christie was in the State Cinderella Girl and I.M.T.A. Pageants. The second week was spent in Pagosa Springs, Colo.

Mr. and Mrs. Bob Terry of Red River, N.M. recently visited with his mother, Mr. and Mrs. Les Hewitt in Littlefield. While here they celebrated his birthday.

Pam Dawson of West Brook has been here visiting her parents, Mr. and Mrs. Pat Kent and other family members.

During a luncheon and a reunion of Former Flying Queens of Wayland Baptist Basketball, Glynn Harrison was named and installed as

president for the next two years.

Visiting with Mrs. Ester Meeks has been her children and grandchildren, Ann Arnold and Jana of San Antonio. They visited in Houston with their son, and family prior to coming to Sudan. They have been joined by other family members, including Mr. and Mrs. Mack Campbell of Littlefield and Lynn Perry of Lubbock. They are looking forward to having all the family members in this area for a get-together before returning to San Antonio.

Visiting with Mrs. J.F. Arnold this week was her sister-in-law, Mrs. Lorene Quillin of Fort Worth and also Mrs. Ann Arnold and Jana of San Antonio.

Mr. and Mrs. Bo Lance and Danya have visited in the home of her parents, Mr. and Mrs. Carroll Gillett in Baird. Bo has returned home but Donna and Danya were accompanying them to visit her sister in Arkansas.
