## MOTHER MISTAKEN FOR BURGLAR KILLED BY SON

### HURRY GIRLS

\*\*\*  
Weaker Sex Falls Down on the Job During Leap Year

The so-called "weaker" sex fell down on the job during Leap Year with the result that there were fewer marriage licenses issued in 1928 than in 1927 when males had the sole right to this propitious proposition.

Up until noon today and with only the remainder of the day before the end of the year, a total of 570 marriage licenses had been granted from the offices of County Clerk A. M. Howard here. This is materially fewer than the total of 600 year, according to Mr. Howard.

Of these 570 licenses, however, an even 100 have been purchased during the month of December. This is the highest total of any one month during the year.

Eight licenses were issued over the week-end. They are: John Henry Jones and Ruth Bennie; Ovis Huff and Christine Draper; Raymond Hardin Louise Thompson; Jack Anders and Inez Young; W. T. Bullock and Marie Talbert; Nezy Mann and Lays Dillard; Vernon Wilhoit and Mary Link; and Minter Orrips and Opal Knowles.

### EAST TEXAS MAN SHOTS AGED PARENT

**NERVOUS AT THOUGHT OF PROWLER, YOUTH FIRES QUICKLY**

SULPHUR SPRINGS, Tex., Dec. 31.—Mistaking her for a burglar when she returned last night from a visit with a neighbor, Raymond Wofford shot and instantly killed his mother as she entered the back door of the home.

Wofford, his wife and friends thought they heard a prowler in the back yard. They went to the home of a neighbor, where his mother had gone a few minutes before, and borrowed a gun.

Wofford returned with them and after her son and a companion had entered the front door, she walked to the rear of the house.

As she opened the door, Wofford fired once and the woman fell.

"Son, you have shot me," she said before dying.

Mrs. Wofford is survived by four children.

### LOOKS LIKE A DRY NEW YEAR'S

It looks like the spell of the Sahara may fasten itself on Lubbock's New Year's Eve.

County officers said today that raids made before and during the holidays had cruelly diminished the city's supply of illicit liquor.

Bootleggers in general seemed to have tied themselves to greener and safer pastures. Anyway, the police records show fewer arrests for drunkenness have been made this holiday season than ever before in history of the city.

Pictured above is an exhibit of just such a motley array of contraband liquor as has been confiscated by the local officers in raids before and during the holiday period. A big quantity of this booze was burned on the courthouse square a few days ago.

### MISSISSIPPI NEGRO FIEND SURRENDERS

**CONVICT KILLED PRISON EMPLOYEE, KIDNAPED HIS DAUGHTER**

PERTHSHIRE, Miss., Dec. 31.—Charley Shepherd, negro convict surrendered to a woman planter near here today for the murder of J. D. Duval, an employe of the Parchman state prison farm, and the kidnaping of his 18-year-old daughter, Ruth.

Shepherd's brother works on the plantation of Miss Laura Mae Koeler, and he received word this morning that the escaped convict was in a vacant house on the plantation and "needed help and needed it right away."

The message was delivered by a negro named Bill who also worked on the plantation.

The brother informed Miss Koeler, who got in communication with a guard at Parchman and the brother was sent to see Shepherd. After a time Miss Koeler went to the house and Shepherd surrendered.

Miss Koeler and several neighbors started with him for the state prison farm about 25 miles away.

### THUGS' NEMESIS

When four thugs attempted to hold up a card game in a Brooklyn, N. Y. residence, Peter Pardone, a guest, played the hero.

Three of the four bandits are dead from bullets of Pardone's revolver, for which he had a permit.

### WORK ON ADDITION TO LOCAL HOSTELRY WILL BEGIN IN TEN DAYS, ANNOUNCEMENT SAYS

**COUNTY OFFICERS CHANGE TUESDAY**

The Lubbock county courthouse was a scene of much confusion this morning as offices underwent reconstruction and office holders made preparations to move out and officers-elect made preparations to move in and assume responsibilities as office holders tomorrow.

New occupants of the courthouse, beginning tomorrow, will be: Wade Hardy, sheriff; Robert H. Bean, county judge; Vaughn Wilson, county attorney; A. J. Clark, tax collector; Miss Mae Murfee, county school superintendent; A. B. Ellis, tax assessor; Miss Anne Ford, county treasurer.

Several changes are to be made in the offices and both the coming-in and the going-out officers this morning were arranging everything for the beginning of the new regime of office.

**Mother Of Lubbock Woman Dies In Ohio**

Word has been received here of the death of Mrs. H. E. Buck, mother of Mrs. Clarence S. Mast, 2219 12th street, of this city, at Delaware, Ohio, Saturday.

Mrs. Mast left immediately after word of the death was received and will arrive in time for the funeral services Tuesday. She probably will remain in Delaware for two or three weeks. Mr. Buck, father of Mrs. Mast, also has been seriously ill for some time.

**New Traffic Cop Is Added To Force Here**

Lubbock has a new traffic cop. J. D. Johnson, former member of the traffic department of the Amarillo police department, and more recently a farmer of Lynn county, this morning was added to the local police force.

Johnson replaces L. O. Wheeler as motorcycle officer here. C. E. Luce, other motorcycle officer here, also was formerly with the Amarillo police department.

**Commissioners In Final Session Here**

The Lubbock county commissioners court met in regular session in the county court room this morning for the last session of the present year.

Nothing other than the payment of bills and other routine matters came before the body this morning. County Judge Charles Nordyke presided over the court for the last time during his tenure of office.

The commission will be in session this afternoon and tomorrow.

**COLUMBUS, Ohio, Dec. 31 (AP)—** Pieces of a peanut lodged in the lung of 19-month-old Donald Hettich of Corning, were removed today by Dr. C. F. Bowen, at Grant Hospital here, and the baby is on the road to recovery.

### GUNMEN KILL TWO IN CAMDEN SPREE

CAMDEN, N. J., Dec. 31 (AP)—Police of this city and Philadelphia today searched underworld haunts for a trio of gunmen who, armed with a machine gun and a pump gun, shot two men to death and wounded five other persons, two of them women.

The slayers, believed to be Philadelphia gangsters seeking revenge for real or fancied wrongs, poured more than 100 shots into two automobiles loaded with Merry-makers on the Black Horse pike near here early yesterday and sped away in a yellow roadster.

### Wave Of Car Thefts Reported In Region

A wave of car thefts in Lubbock and in the surrounding territory is shown by the reports received by the local police station today.

Cars reported stolen in and near here over the week-end include: Master Six Buick sedan, Ford touring, Chevrolet coupe, and Dodge coupe.

Officers have been notified in every direction to be on the lookout for the stolen cars.

### SLATON MILK PLANT GOAL OF CAMPAIGN

**CREAMERY OWNED BY FARMERS, DAIRYMEN LOOMS PROBABLE**

(Special To The Journal)

SLATON, Dec. 31.—A large creamery, to be financed and operated by a co-operative association of dairymen and farmers of the Slaton territory, loomed as a very distinct probability for this city as a result of the second meeting of the committee of 18 men recently appointed by the Slaton Chamber of Commerce to work out and execute a definite plan for a milk plant here.

A general mass meeting of farmers from all over a large area surrounding Slaton was called for Friday night, Jan. 11, by J. H. Brewer, chairman of the committee. Brewer and W. E. Olive, both Slaton bankers, and W. H. McHorse, banker at Southland, near here, form the finance group. The mass meeting will be held at the city hall.

The nucleus of the co-operative dairy association will likely be formed at the mass meeting on Jan. 11, Mr. Brewer said. A continued campaign will follow for members in the body, the erection of the creamery occurring as quickly as possible, perhaps at least within a very few months, maybe within four months.

**Sufficient Cream Available**

That there is sufficient cream supply in the Slaton area to make the creamery a profitable venture

(Turn to Page 8, Column 3, Please)

### NEGRO HOLDS UP TRUCK DRIVER

FARGHMAN, Miss., Dec. 31 (AP)—A negro believed to be Charley Shepherd, convict sought for slaying J. D. Duval, state prison farm employe, and abducting his daughter, Ruth, held up a white man driving a truck between Mound Bayou and Merigold early today.

Meanwhile, more than 2,000 men in posse searched for Shepherd on a wooded section near prison camp Number 11, where, it was believed, Shepherd is hiding. Adjutant General J. M. Hairston directed the searching parties, aided by about 40 national guardsmen.

Duval's body was found early today.

(Turn to Page 8, Column 5, Please)

### REGENTS ASK SUITS TO HALT LAND LEASING

**DRASTIC ACTION WILL BE TAKEN BY STATE IF NECESSARY**

(By Associated Press)

AUSTIN, Dec. 31.—The University of Texas board of regents today passed a resolution asking Attorney General Claude Pollard to file such suits as may be necessary to prevent Land Commissioner J. T. Robinson from selling any of the mineral leases advertised for sale on January 2.

The decision was reached at a special session of the board held at the office of President H. Y. Benedict to determine what to do, if anything, about the fact that Land Commissioner Robinson intends to lease 12,800 acres of the 103,000 University "oil" lands originally ad-

(Turn to Page 8, Column 5, Please)

### SAUNDERS IS BURIED HERE

Funeral services were held Saturday at the Rix chapel for L. B. Saunders, 41, farmer of near Grovesville, who died as a result of a gunshot wound in his lung suffered last Friday afternoon.

The purported story in a Lubbock weekly newspaper that Mr. Saunders left a note to his family was not justified by the injured man's statement to an attending physician in the local hospital where he was carried. He told the physician that he accidentally shot himself with a shot gun as he started to fire at hawks which had been bothering chickens on his farm. No inquest was held as a result of the death.

All members of the Saunders family were away from home at the time, and the injured man was found unconscious several hours later in the door of his home where he had dragged himself. The charge of gunshot badly riddled one lung.

The Rev. W. R. White, pastor of the First Baptist church here, officiated at the services. Burial was in the Lubbock cemetery.

Other than his widow, Mr. Saunders is survived by five daughters: Mrs. Walker Armat of Lubbock; Mrs. Della, Ethelyn and Billie Saunders of Grovesville, and one son, Kelton.

### MRS. NORTHCOTT TAKES ALL BLAME

RIVERSIDE, Calif., Dec. 31 (AP)—Mrs. Sarah Louisa Northcott pleaded guilty to the murder of Walter Collins in superior court there this morning and was sentenced to life imprisonment.

The woman, who was accused with her son, Gordon Stewart Northcott, Winerville chicken ranch operator, of the death of the Collins boy, accepted full responsibility for the murder of the lad.

The unexpected court appearance of the woman who with her son led southern California officers on an international man hunt prior to their capture in Canada, followed a secret confession given Saturday night to Chief Deputy District Attorney Earle Redwine and Sheriff Clem Sweeters.

### BANDITS KILL WATCHMAN IN AUTO ESCAPE

HEDLEY, Tex., Dec. 31 (AP)—Furnished with descriptions of three men who last night shot and killed J. H. Ricker, 55, Hedley night watchman, after he had found them looting the safe of a grocery store. Northwest Texas officers were engaged today in an extensive search for the trio and the automobile in which they escaped.

Wounded by a charge from a sawed-off shotgun, Ricker lived long enough to give authorities a description of the burglars.

Fearful that the sound of gun fire would arouse nearby sleepers, two of the bandits fled in the car, leaving a third, who fled on foot.

An automobile answering the description of that in which the men made their escape passed through Clarendon at a high rate of speed, officers said.

### FINES TO MEET LATE AUTOISTS

**KELLAR SAYS ARRESTS WILL START WITH TUESDAY MORNING**

Fines of from \$1 to \$200 and costs will be assessed automobile owners operating cars after tomorrow without 1928 license plates. This announcement was made this morning by John Keller, officer of the state highway department.

Mr. Keller will be aided by Fred Hickman, license and weight inspector of the state highway department of the Amarillo department in checking up on the cars not yet registered for the next year.

Strict orders have been received from the highway department and

(Turn to Page 3, Column 1, Please)

### COUNTY SCHOOLS RESUME MONDAY

Rural schools throughout Lubbock county resumed teaching this morning a holiday of one week.

Hurwood opened in a new \$9,553 brick school building, which has been under construction for some time. W. A. Fincher is superintendent of the school.

Many rural school teachers resigned during the holiday period and there is a rush for positions in several of the communities.

### TWO CHICAGO BEER BARONS ARE SLAIN

(By Associated Press)

CHICAGO, Dec. 31.—Two "tough guys" of the beer racket, William Gunner McSpadden and Hugh (Stubby) McGovern, were shot to death early today at the Granada cafe, 68th street and Cottage Grove avenue.

Nearly 200 patrons dove under tables, dashed for exits or hid behind pillars at the sound of the six shots, fired in succession. Very few though witnessed the actual shooting, which was in a secluded corner of the cafe, one of the better known South Side night clubs.

George Mahoney, a pistol in his hand, was arrested a moment after the shooting. Police said six shots had been fired from his revolver.

McGovern was described by police as a former associate of Al (Scarface) Capone, and reputed foe of

### SLIGHT DAMAGE FROM WALKER-SMITH FIRE

The fire caused only a slight damage to a truck at the Walker-Smith Grocery company, although a fire alarm was placed on one of the first trucks from the station answered the call, the fire was extinguished before the arrival of the truck.

### FIVE DAY WEEK IS PLANNED BY FORD

Ralph Sheldon in beer operations on the South Side. McSpadden, a pal of McGovern, was a business agent for the Asbestos Pipe Covers' union.

Both men were shot through the heart, and there was a bullet hole in McGovern's forehead. The first shots went wide, giving McGovern a chance to draw his pistol. It was still in his hand, unfired, when he fell.

McSpadden had no weapon.

McGovern, McSpadden, two other men and four women entered the cafe about 1 a. m., and had been seated about an hour when Mahoney, a male companion and two women entered and took a table nearby. Witnesses said Mahoney walked over to the others' table, said a few words to McGovern, and the guns flashed.

**Five Day Week Is Planned By Ford**

DETROIT, Dec. 31 (AP)—Announcement by the Ford Motor company of a plan to employ 30,000 additional men so its factories can be placed on a basis of "six days for machines and five days for men" is believed here to presage not only the 20 per cent increase in production which it promises immediately but another social welfare experiment by Henry Ford.

### \$3,197,544 Final Building Total

The final day of the year this morning saw the issuance of two building permits for a total of \$3,500, boosting the year's total to \$3,197,544, a point from which it will vary little if any.

December's total now stands at \$1,125 for thirty-two permits. During this year 680 permits have been issued from the city offices.

This morning's permits were: \$3,500 to R. E. McCurdy for the construction of a residence for Stockton Henry at 1415 22nd street; and \$2,000 to R. W. Walker for the construction of a warehouse for the Acme Seed company at 504 Broadway.

### INFLUENZA CLAIMS FIRST VICTIM HERE

The body of Mrs. Willie Starnes, 29, 2423 14th street, who died at a local sanitarium at about 5:30 o'clock yesterday morning, was sent last night to Lone Oaks, Texas, her former home, for burial.

Services were held at the First Presbyterian church at 3 o'clock yesterday afternoon with the Rev. Jack Lewis officiating. The services were under the direction of Bynum Brothers.

Mrs. Starnes was the wife of Dr. M. H. Starnes of this city. Her death came as a result of a short attack of influenza.

Surviving are her husband and two children: Sarah, 6, and M. H. Jr., 3; her father, B. L. Adair, of

### COVER CHARGES SOAR TO PEAK

NEW YORK, Dec. 31 (AP)—Mint boxes, whether in a Harlem night club or a smart mid-town hotel, was making elaborate preparations today for the entertainment of Father Knickerbocker and his guests.

(Turn to Page 8, Column 6, Please)

### NORTH PLAINS GET THREE INCH SNOW

PAMPA, Dec. 31 (AP)—Residents of the Panhandle awoke today to find this section blanketed with a three-inch snow. Skies were clear today and the temperature was slightly above freezing.

### JUST ANOTHER TUESDAY HERE

**LITTLE OBSERVANCE IS PLANNED FOR NEW YEAR'S DAY**

Observance of New Year's day in Lubbock promises to be slight with little activity more than the average Tuesday.

January 1 is not scheduled as one of the regular holidays of the Retail Merchants' association, and only a few of the members plan to close up in observance of the day.

Banks and the local postoffice will be closed, although two collections and one delivery in the business section will be made from the postoffice. Collections will be made at 9:30 o'clock in the morning and 6 o'clock in the afternoon. No parcel post will be delivered.

## Federation Board Meets In January

WASHINGTON, Dec. 31.—The annual mid-winter meeting of the board of directors of the General Federation of Women's Clubs will be held at headquarters in Washington January 9-11, the President, Mrs. John F. Sippel, presiding. The board consists of the officers, state directors, department chairmen and trustees. State president and division chairmen are conference members.

A wide range of subjects relative to the work of the General Federation will be discussed by these leaders who will assemble from every state in the Union and the District of Columbia and there will also be speakers from several of the Government departments.

President Coolidge will receive the visiting club women and it is expected that Mrs. Coolidge will also receive them. The outstanding social event of the week will be the reception to be held at headquarters on the evening of January 8. Several hundred invitations have been extended for this the cards of the club women having been included in invitations sent to their senators and congressmen.

Ample time will be given the visitors to visit congress and the many other points of interest in and about Washington with which the nation's capital abounds. It is expected that there will be about 100 present. The Maxwell, located in three blocks from headquarters has been designated as the official hotel.

## Bits Of News And Personal Mention

Mrs. A. E. Pettit and son, David, of Las Vegas, N. M., are visiting in the home of Mr. and Mrs. Homer Thompson.

Miss Louise Jennings is leaving today for Tulsa after visiting her parents, Rev. and Mrs. Walter P. Jennings, during the holidays.

Mrs. L. E. Wright is ill at her home.

Mr. and Mrs. Ethridge Eagan are to return today from Abilene where they have been visiting since their marriage last week. They will be at home at 2312 16th Street.

Miss Louise Jennings left last night for Tulsa after spending the holidays with her parents, Rev. and Mrs. Walter P. Jennings. Miss Grace Jennings, who also visited here, left for Fort Worth where she is to re-enter Texas Christian University.

Miss Marjorie Leaverton, student in Texas Christian University at Fort Worth, is returning to her school this evening.

Mr. and Mrs. Charlie Ward and children left Saturday night for Torrington, Wyo., after they had received a message telling of the critical illness of Mrs. Ward's sister, Mrs. Leubetter, there, a later wire told of Mrs. Leubetter's death.

Mr. and Mrs. W. P. Soash and son, George, have returned from McAllen where they spent Christmas with Mr. and Mrs. E. C. London. Mrs. London is the daughter of Mr. and Mrs. Soash.

Mr. and Mrs. Lyman O. Ashby of McLean are returned in the home of Mrs. Ashby's parents, Mr. and Mrs. J. H. Beard during the week end.

Tom McCrary, of Vernon, former student of the college, arrived in Lubbock this morning to enter Tech when the second semester opens Wednesday. McCrary is a sophomore.

Full of sorghum and country sausage, Durwood Bradley, district attorney of the 99th and 72nd district courts, returned to Lubbock yesterday afternoon following a two-weeks visit in Arkansas. Mr. Bradley reports a big time.

Miss Louella Davis of Amarillo, who took the influenza while visiting friends and relatives in Lubbock over the week-end, was sent home on the train yesterday. Miss Davis is a former student of Texas Tech and is this year enrolling at the University of Texas.

## ON SCREEN AND STAGE TODAY

**LINDSEY**  
Leatrice Joy in "Man-Made Woman" with H. B. Warner, John Eadie and Seena Owen. Also Al All in "Farvel Post" and news.

## ORNAMENTS ADD CHIC TOUCH TO FORMAL GOWNS

BY JEAN PATOU

Special to NEA Service  
PARIS, Dec. 31.—An evening dress—apart from line, color and cut—needs still another element added to these three essential qualities to make it a perfect gown. It needs somewhere a touch of brilliancy.

Although we have become accustomed to the formal, plain evening gown, a keen observer will have noted the fact that a scintillating ornament always adds that finished touch necessary to anything that can be called a creation.

Jewels For The Fortunate  
There are, of course, a few fortunate women who possess a sufficiently large number of jewels enabling them to enhance every feature of their evening gowns and lend that sparkling note associated with all evening functions.

When beaded dresses were in fashion, this mode of ornamentation was extensively furnished the required brilliancy. Whether entirely covered with spangles or embroidered with sparkling stones, these dresses had the drawback of being entirely too heavy to wear. Besides, there was a distinct abuse made of these beaded evening gowns and the reaction was necessary that which gave us the plain, unadorned gown. The problem then was to give the evening gown the necessary sumptuous note, without losing sight of and rather accentuating the elements of simplicity, lightness and clearcut aspect of the gown.

The "Why" Of False Jewels  
It is this lack of adornment in dress in general that caused the extreme vogue of imitation jewelry that still persists and threatens to grow more and more important every day. The absence of embroidery is, in a sense, a justification of this extreme popularity and it is the only "raison-d'être" of false jewels.

Imitation jewelry lends that decorative effect necessary to dress made of plain fabric. My first impulse was one of revolt against anything sham and, although I have rather revised my ideas on this subject and tolerate the thought of a woman wearing imitation jewelry, there is one thing I cannot accept and that is to see them being worn with an elaborately beaded evening gown. There are still women who prefer the elaborate gown of imitation jewelry, but imitation jewelry, in my opinion, is a very superfluous accessory. If any jewels are worn at all with such a type of dress, it should be only rare gems as are accepted on any occasion and with any dress.

Beaded Dresses Fewer  
In every collection that is presented now the number of beaded dresses is always being reduced. Whether I make ten or thirty of these, however, I always sell the same number. There is always the same number of women who choose such a type of dress and whether they have ten or thirty models to choose from makes no difference. If I were to cut the number down to three I would still sell the same number.

By imitation jewelry I mean the stones that are called semi-precious. This mode of using them as an accessory to a gown is about the only use I can see for them and it was in line with this principle that I created my first "jewel" dresses a few seasons back.

The jewel was created for the dress and vice versa. Neither was complete without the other.

Another essential quality of sham jewelry is that it absolutely must possess a decorative value and show proof of first-class workmanship.

If these elements were always present in the imitations women wear nowadays, I could become reconciled to false jewelry.

## Surprise Party Given For Two Friday

Mrs. J. E. Haves entertained Friday evening in her apartment at 1622 1-2 17th street with a surprise birthday party for her husband and for Mrs. Joe G. Stanton. She was assisted by Mrs. Walker Jackson.

After games had been enjoyed, the birthday cakes were cut and served with hot chocolate, pineapple, fruit salad and chicken salad sandwiches. Gifts were presented to the honor guests.

Those who attended were Messrs. and Mesdames Walker Jackson, Stanton Rhoads, Alex Hensley, Hudson Wright, H. F. Manor, Joe G. Stanton and J. E. Haves.

## Methodist League To Have Watch Party

The First Methodist Epworth League is having a watch party this evening in the home of Mr. and Mrs. C. M. Mitchell at 2312 16th Street. There is to be a council meeting at 7:30 o'clock, a business meeting of the organization at 8 o'clock and the social is to follow the business session.

## I-Deal Club To Meet Tomorrow Evening

Mr. and Mrs. J. C. Hardgrave, 2418 20th Street, are to entertain the I-Deal club tomorrow evening at 7:30 o'clock.

Charles W. Musick, Younk county rancher, has recently purchased a brick home here from Raymond Painter and will soon move his family here from Brownfield.

(Left, top to bottom) A modernistic brooch of rock crystal, green crystal and silver forms the focal point in a beaded green gown. Novel shoulder straps on a black lace evening gown are of straw, with three circles of opaque crystal and tassel. Patou makes a lovely pendant of onyx and brilliants with blue semi-precious stones, for a gown of blue velvet. (Right) The right shade of yellow opaque beads and triple bracelet accent a chiffon dress' color.

## Living and Loving

BY MRS. VIRGINIA LEE

### MAKE CHRISTMAS RESOLUTIONS AND MAYBE THEY'LL STICK

Why not Christmas resolutions as well as New Year? Maybe because they will be kept better than those of New Year. You see at Christmas time how happy people are to receive a well thought out gift. Why not see that some are made happy at intervals all through the year? I don't mean to make expensive presents all year long. That would be too much of a strain on even a pretty well filled pocket book. But you can write a letter to an absent friend or one who is ill, you can take time to go to see someone who is shut in and you can do countless little things for those less fortunate than yourself, if you only think of them and take the time to do them.

One thing I wish my readers would remember, and that is that I get many, many letters and your letter cannot possibly be answered before two or three weeks, to be fair to others. I try to open all my mail every day and answer the most urgent, but sometimes I slip and find that one that should have been answered at once was allowed to go for several days. This is the case with Jean's.

Go to all the dances your parents approve, Jean, and practice will make perfect, you know. Just keep step with the music and let your partner do the leading and you'll come out all right.

"Dear Mrs. Lee: I have been going with a boy a few months younger than myself steadily for almost five months. The report got out that we were engaged, and as he is rather bashful and quite young, still in high school, he seemingly was not pleased with the chiding his school mates gave. Lately he has almost entirely ignored me. Mrs. Lee, is he doing it to disprove 'Dame Rumor,' or could the teasing have brought about a change in his feelings toward me? Is there anything I can do to find out the state of his feelings? Of course, I don't want a friend who acts at variance with what he has acknowledged."

"IMPATIENCE."  
He probably is a sensitive soul

We Extend Greetings OF THE Season

AS the year of 1928 passes into that long trail of yesterdays and 1929 is ushered in with its vista of promise, we extend greetings of the season and our wish that each succeeding day of the new year and its measure of contentment and prosperity.

Minter-Gamel Co.  
"That Friendly Store"

HAPPY NEW YEAR TO ALL

and cannot stand teasing. Impatience. Don't make any advances. Maybe he feels as if his attentions have been taken too seriously and he will disprove rumors by inattention.

"Dear Mrs. Lee: I am a girl of 16 years old and have been going with a boy for almost five months. Not long ago an out of town boy friend came to town and I gave him a date. The boy I had been going with didn't like it and he hasn't been the same since. Before this happened he always seemed to think more of me than of any other girl. Even now he says I 'top the list,' but he goes with other girls. Should I make any advances? If so, what should they be. 'BABE.' His pride was hurt, I suppose. Babe, just as yours would probably be if you had known he had taken out another girl, even though she was from out of town. At your age you should both go with others and have a good time. You are too young to settle down to one boy friend.

Hubert Hopper Leads C. E. Program  
Hubert Hopper was leader of the First Presbyterian Christian Endeavor program last evening and was assisted by Corrine Overstreet and Inez Hensley. Others having parts in the programs were Jennie Robison and Margaret Cooper.

Girl Is Born To Mr. and Mrs. H. Lowery  
Mr. and Mrs. Herbert Lowery, 2313 Main Street, are parents of a girl born this morning early at the Lubbock Sanitarium. The baby has not been named this morning. Mrs. Lowery and the infant were said to be doing well.

# ABILENE AREA IS STILL BUSY

### 304 OIL DEVELOPMENT OPERATIONS FOUND IN THAT SECTION

(Special To The Journal)  
 ABILENE, Dec. 31.—A total of 304 oil development operations were reported in the fourteen counties of Central West Texas comprising the Abilene district during the week ending December 22, according to figures from authoritative sources.

The Far West Texas district which includes the Pecos and Winkler county areas reported a total of 387 operations or 37 less than the aggregate for the Abilene territory.

During the period covered by the report the Central West Texas region had all West Texas, Oklahoma and Kansas in the total number of individual operations reported and by so doing maintained its position as the most active wildcat area in the Mid-continent.

The four districts in West Texas listed at the top of the list. The West Texas or Permian Basin district was second; the Wichita district with 213 operations followed and the Amarillo sector with 183 reports.

The 304 operations reported in the Abilene district, 136 of them actually drilling. First reports were carried on 19 new operations, completion of 19 producers, 2 gas wells and 15 dry holes were reported. There were eight rigs up where drilling had not started; 85 were shut down for various causes and 26 locations for tests were reported.

# NEW FEED MILL STARTS IN LAMESA

(Special To The Journal)  
 LAMESA, Dec. 31.—After much careful planning and large expenditures of capital the new feed mill belonging to the Lambeth-White Milling company commenced operations this week.

Cow feed, chicken feed and hog feed of various mixtures will be produced to suit the formula of each customer if desired, and molasses from sorghum is another product of this fine modern plant. The great heaps of feed, now lying alongside the mill ready for conversion is an impressive sight, and is a visible testimony to the advantage of this plant to the farming community of Dawson county, since it enables the stock keepers to have the conversion into higher priced products of their home crops.

The mill is under the supervision of C. C. Willis, who is an authority feeds of various kinds.

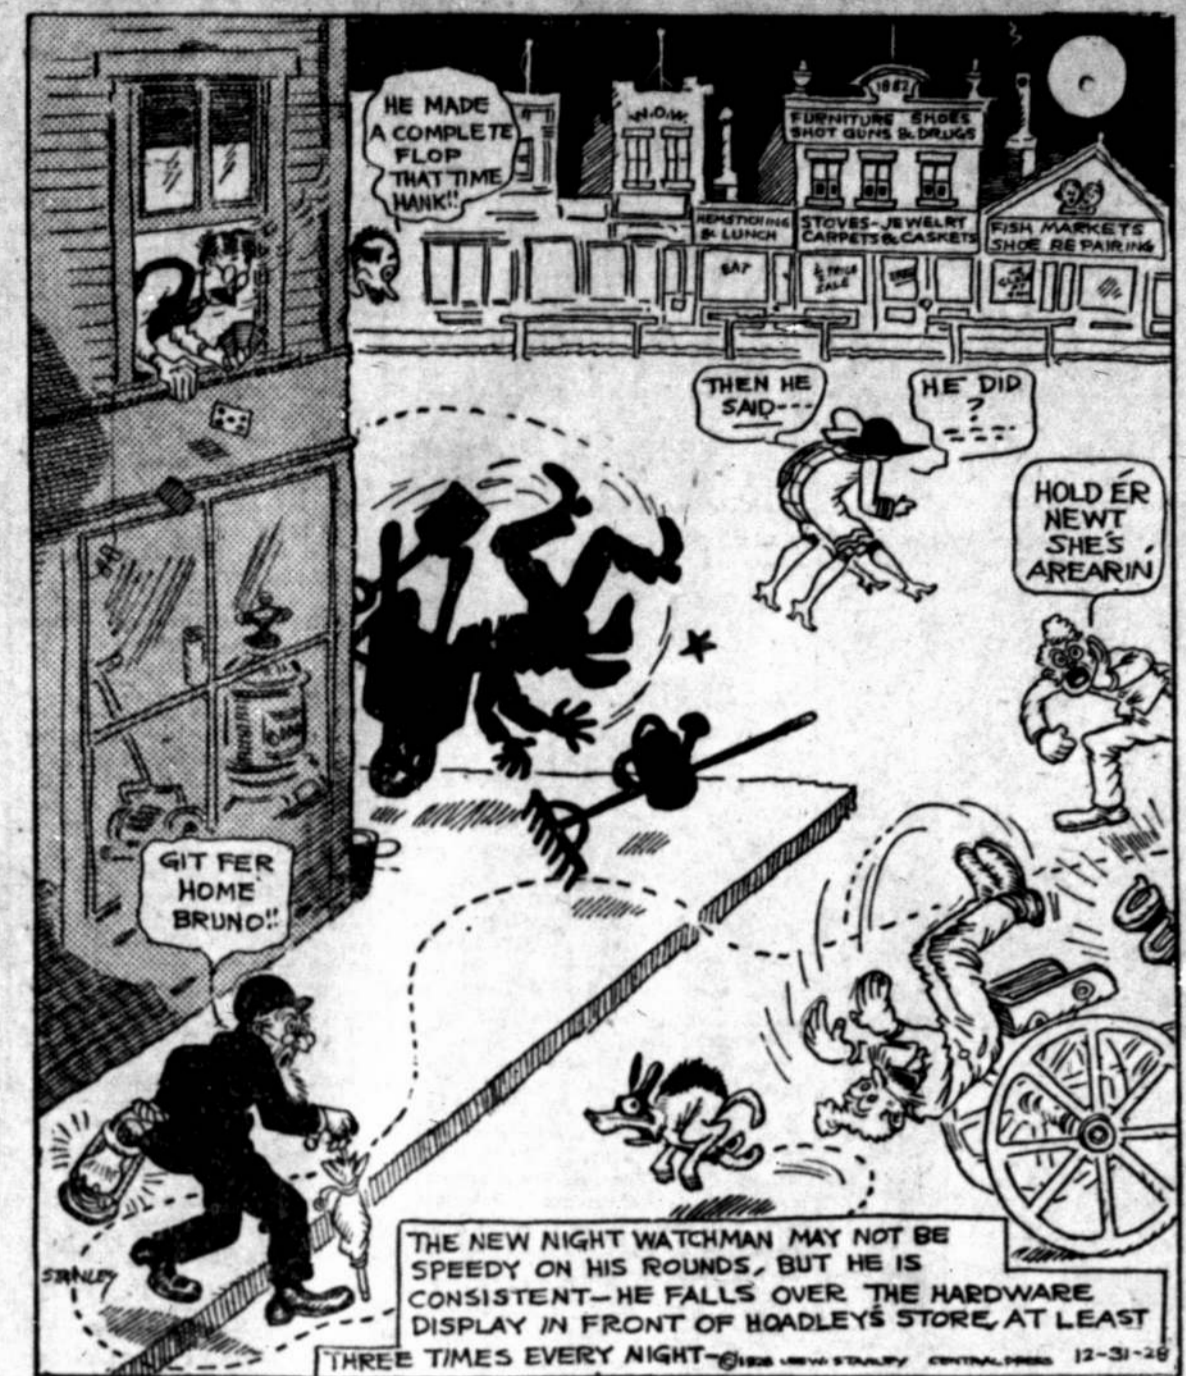

# Girl, Spurned, Kills Youth, Tries Suicide

NASHVILLE, Ga., Dec. 31 (AP)—A young woman whose love had been spurned today seriously wounded the object of her affection, and made two unsuccessful attempts to end her own life.

Randall Metts, 21, tonight had two bullet wounds in his back, and Della May Mayfield was arrested on open charges pending outcome of his injuries.

# THE OLD HOME TOWN

THE NEW NIGHT WATCHMAN MAY NOT BE SPEEDY ON HIS ROUNDS, BUT HE IS CONSISTENT—HE FALLS OVER THE HARDWARE DISPLAY IN FRONT OF HOADLEY'S STORE, AT LEAST THREE TIMES EVERY NIGHT.

# LAMESA ENDS BANNER YEAR

### BEGINNING OF DRILLING AND LEASING WAS MADE IN 1928

(Special To The Journal)  
 LAMESA, Dec. 31.—During the year the activities of the Chamber of Commerce have been wide and varied. Much work has been done in promoting interest in the Dal-Paso Saver Highway and on road building in general. A milk plant has also engaged a considerable effort. A livestock census of the county has been taken, and much work done in interesting the community in the proposition.

The year 1928 may be regarded as the real beginning of oil activities in Dawson county. This year the drilling of the Magnolia well was started and proceeded steadily during the fall until it is now around a depth of 4,000 feet. Extensive prospecting has developed

and considerable activity in leasing has taken place in a quiet, unnoticeable manner. Beyond the county line there is active drilling on the Cedar Lake section, and favorable indications for an extensive development have been discovered.

The city of Lamesa owns its own water supply, and has just completed a new well south of town adequate for the present and future needs of the city for at least two years, unless, of course, an oil boom were suddenly to develop here.

# Men Only Barber Shop For Chicago

CHICAGO, Dec. 31 (AP)—Eureka, gentlemen! There is justice.

A barbershop in the Rookery building on La Salle Street hung this sign on the door today: "No ladies served here."

"They loathe the big broker and bond men," the boss barber explained.

CHICAGO, Dec. 31 (AP)—Declaring in a note that his wife abused him, Max Tauber, 65, today shot and killed his wife, Frances, 38, and seriously wounded himself in their home.

# LENORE SHERWOOD DIES

LA JOLLA, Cal., Dec. 31. (AP)—Lenore Sherwood, formerly of Toledo, Ohio, and Washington, D. C., prominently known in musical and social circles in the East, died at her home here yesterday. She had been in poor health for six months.

# DEATH ENDS LONG SEARCH

### EIGHTEEN-YEAR-OLD MYSTERY REMAINS STILL UNSOLVED

(By Associated Press)  
 NEW YORK, Dec. 31.—The eighteen year search of a mother for her daughter, a search that baffled police of all the world, ended today with the death of Mrs. Mary Martha Parks Arnold, mother of Dorothy Arnold.

The disappearance of Dorothy Arnold comprises an important chapter in the annals of police mysteries.

On December 12, 1910, Dorothy Arnold, 28 year old daughter of Francis Rose Arnold, wealthy importer of perfumes, left her luxurious home for a stroll through Central Park and down Fifth avenue. She had youth and beauty, social prestige and health, seemingly all the gifts of nature and all things that money could buy, all that a girl could ask of life.

There was no known mystery in her life. She had had no serious love affairs, there was no reason for any one to feel enmity toward her.

And yet, after she had stopped at one shop on the avenue for a box of candy and at another for a book, she vanished as though the city's pavements had opened up to swallow her.

As the years passed with their unrelieved grief and uncertainty, the health of both the girl's parents was undermined. The father was the first to die and then the mother became seriously ill, an illness protracted through long months until today.

# Chicagoans Demand Probe For Looting

CHICAGO, Dec. 31. (AP)—Placing of "official responsibility for the looting" of the sanitary district treasury and an inquiry into the reputed padding of the district's payroll was asked today by the Citizens' Association in a petition to the state's attorney.

The "waste of millions of dollars in public funds could not have occurred except through a conspiracy involving active wrongdoing or palpable omission of duty on the part

# CAVE IS COFFIN

### Scientist's Love For Calling Ends In His Death

VIENNA, Dec. 31. (AP)—A tale of devotion by a scientist to his calling, resulting in his death, came today from Eiseners near Salzburg. Professor Franz Ratschler of the Salzburg Technical Academy, well known geologist, vanished two months ago.

His life had been of the happiest sort.

Today two youths, adventuring, made their difficult way down into a rocky cavern in Eiseners and discovered the professor's body, a rope around the neck and an extinguished candle in one hand. His light apparently had gone out and he had lost his way while attempting to explore the geologic formation in the darkest recesses of the cavern.

Before he took this step he wrote the following note: "This is a last farewell to my dear wife and child. I see nothing but darkness and death in front of me. I cannot be saved. This cavern must be my coffin. Good bye."

# CHURCHES TRADE NEW YEAR WISH

WASHINGTON, Dec. 31. (AP)—The first exchange of new year greetings between Christian and Jewish faiths was completed today when the Synagogue Council of America sent an message to all members of Protestant Catholic churches.

It was in response to a similar greeting last September by the Federal Council of Churches of Christ in America and the Jewish New Year.

The message was issued over the signature of the council's chairman, the Rev. Dr. Abram Simon.

It was in response to a similar greeting last September by the Federal Council of Churches of Christ in America and the Jewish New Year.

The message was issued over the signature of the council's chairman, the Rev. Dr. Abram Simon.

# BATTLE OF FULLBACKS FORECAST FOR ALL-STAR MIX AT DALLAS

## "THE OLD MAN" Comiskey's Wish Is To Keep Faith With Sox Fans

BY PAUL R. NICKELSON  
Associated Press Sports Writer  
CHICAGO, Dec. 31 (AP)—The "Old Roman," Charles A. Comiskey, marches on.

Head up, looking forward and never backward, the only owner of the Chicago White Sox ever had enters his fifty-third year of professional baseball tomorrow, determined to keep faith with fans by rebuilding to championship heights the club that was crushed by baseball's darkest scandal a year ago.

The "Old Roman," the only baseball player who ever rose to sole ownership of a major league club, is nearly 70 years old, but the fiery spirit and cunning still is with him. His ambition is to keep faith with his motto is "always forward, never backward."

I am fast nearing my allotted time of three keep faith with ten," the "Old Roman" said as he talked of the future to the Associated Press, "but my spirit is there—the same spirit I had when I played first base with the old St. Louis Browns."

Now in 1929—our prospects are brighter and I believe the American League race will be closer than it was in 1928. We should land in the first division at least, but who knows the fortunes of baseball? Maybe we will fool them all.

## HOWELL WILL BE THREAT OF BIG SIX TEAM

BEAVERS SOUTHWEST'S STRONGEST THREAT IN BACKFIELD

(By Associated Press)  
DALLAS, Dec. 31.—A battle of fullbacks is being forecast when the Southwest Conference All-Stars and Big Six All-Stars clash here tomorrow in their Shriner's benefit contest.

Although both elevens boast the pick of the graduating stars of their respective sections, interest will be centered on the play of Garlan "Bevo" Beavers, big Arkansas University fullback, and "Blue" Howell, Nebraska University line smasher and All-American choice.

Both were outstanding men in their conferences. Beavers, who tied with Redman Hume of Southern Methodist University for high scoring fullback in the past season with 86 points, was an almost unanimous choice for All-Southwest honors and was selected by sports writers of the state as the most valuable player. The husky back is a triple-threat star, is expected to lead the Southwest eleven's offense against the Valley stars.

Howell's play with the East All-Stars in Saturday's classic at San Francisco has impressed fans with the fact that they will see the real All-American article when he takes the field here tomorrow. The big Husker ace scored two touchdowns and was a prominent figure in his team's 29 to 6 triumph. He was expected to arrive here today by airplane from El Paso, having made a record trip from the coast in order to line up with the Big Sixers.

Beavers was injured in Saturday's game at Fort Worth, where the Southwest All-Stars downed a picture team of minor conference players, 14 to 6, but Coaches Clyde Littlefield and Matty Bell said today he would be in shape by tomorrow. Both squads will take their final workouts today.

## HINKEL RETAINS WALKING HONORS

NEW YORK, Dec. 31 (AP)—Harry Hinkel still is America's outstanding walker. The husky New York A. C. Star won the National A. C. U. Seven mile walking championship for the third consecutive time at Macombs Dam Park yesterday, leading Mack Weiss, of Newark A. C., by nearly three quarters of a length at the finish. Hinkel's time was 34 minutes, 13 4-8 seconds.

## ROBERTI ARRIVES IN BUENOS AIRES

NEW YORK, Dec. 31 (AP)—Roberto Roberti, Italian battler, has established headquarters at Buenos Aires and will get down to training for his scheduled match with Luis Angel Firpo, the once Wild Bull of the Pampas, February 1. Roberti made known his plans in a cablegram to Humbert Gugary, rival of Tex Rickard. If Firpo can get by Roberti the Argentine plans a comeback in American rings with the heavyweight crown his objective.

## CERTIFICATES TO GIRLS IN DAWSON

LAMESA, Dec. 31.—The following home demonstration club girls of Dawson county received certificates of awards for their work done in the county:

Juanita Moss, Laura Miller, Merle Shipp, Lois Sumner, Floy Sumner, Naoma Thompson, Hazel Maudlin, Mabel Linschler, Ruth Self, Ruby Sharp, Lucile Cox, Christine Barrett, Enola Randolph, Flora Vines, Glady Wyatt, Pauline Kitchen, Doris Jack, Lillian Miller, Hazel Self, Catherine Crow, Ola Mae Page, Sarah Ther Wagner, Hazel Thorp, Juanita Stephens, Lucile Finniken, Thelma Sealy, Imogene Sealy, Crine Holcomb, Hazel Barrett, Doloris Cluff, Emily Marshall, Rosa Atterbury, Jimmie Watson, Irma Dean, Bonnie Dyes, Oleta Hill, Jessie Allen; Christine Byars; Mildred Kitchens.

## Moneyed Users

NEW YORK.—Related revelations as to the De Vos-Hudkins fight last week say that Tony Biddle arranged for millionaires to usher socially prominent persons to ring side seats in Madison Square Garden. Women on arriving were handed baby blue slips. Typical ones: "Mrs. Reginald Vanderbilt will be escorted by Mr. William Rhinelanders Stewart, Jr." "Will Mr. Malcolm Meacham kindly accompany Princess Francesca Rospioglio?"

# SECTIONAL BARRIERS FALL IN 1929 SPORT PROGRAM

## MORIARTY FACES TOUGHEST JOB NEXT SEASON

SECOND BIG LEAGUE UMPIRE TO ATTEMPT COMEBACK FROM PILOT'S JOB

By NORMAN E. BROWN  
Sports Writer for Central Press and Daily Journal

NEWS NOTE: George Moriarty returns to the American league as umpire next spring after trying his hand at something else.

Second News Note: Two hundred baseball players in the American league know it.

Which means that Moriarty faces the toughest task in baseball next season—a task attempted by only one other within the reconstruction of present day baseball followers—Hank O'Day.

Moriarty was rated as one of the best arbiters in the majors when he suddenly became curious and wanted to stick his finger in the managerial game and see what made it tick.

Being called "robber" and "blind," and receiving suggestions frequently as to where he might spend the future, apparently wasn't enough for Moriarty. Umpiring began to pall on him. Distance had sort of lost enchantment.

Knowing ball players, it is easy to visualize the sympathy that is going to be substituted.

"Aw, well, the poor devil can't do anything else," some charitably minded person is bound to remark.

The first discussion over a rule is going to draw the question as to just what the umpire knows about baseball.

I can see the player now, head cocked to one side, inquiring, oh, so solicitously: "What did you do about it as manager, George?"

Hank O'Day, who gave up umpiring in a vain attempt to lead the Cincinnati Reds out of the bullpen, back before Hendricks, went back to the National league as an indicator. O'Day had won an enviable reputation as an official, however. His ability to meet barb with barb was well known.

Other men who have fumbled in umpiring and have failed to lead the Cincinnati Reds out of the bullpen, back before Hendricks, went back to the National league as an indicator. O'Day had won an enviable reputation as an official, however. His ability to meet barb with barb was well known.

John A. Heydler, president of the National league, won his first game as an umpire. He decided, however, that it was no job for a gentleman of delicate physique. He served a brief time as umpire under "Nick" Young, then president of the league. At Young's death Harry Pulliam, incoming president, hired Heydler to keep records.

The fact that the whole proceedings will be unfair doesn't matter. The fact that Moriarty is rated as a good umpire and his return to the indicator was welcomed by the same means of the league, won't be commended when the weather begins to warm up next May.

The ball players just won't let George forget what he has been doing the last couple of years.

He draws the prize right now for picking the toughest spot in baseball.

## TEXAS BOYS DIDN'T GET MUCH CHANCE

WALKER GRABBED LION'S SHARE OF PLAUDITS FOR BOYS FROM LONE STAR STATE IN WEST

SAN FRANCISCO, Dec. 31.—Texas went down to defeat along with the rest of the West Saturday when the East's great team of all-Americans triumphed by a 20 to 0 score in the annual Shrine game, played before 33,000 spectators.

That's what Texas gets for allaying themselves with the West. If the West had that great little pair of ball carriers along with Ray Matthews, the end, in there it might have been a different story.

Walker showed himself to be a good, fast running ball carrier on several occasions during the game. He did not get in until the last few minutes of the first half. He started off with a nine-yard squirm right through the center of the East's line with Big Butch Nowack of Illinois, Dan McMullen of Nebraska and Mike Getto of Pitt, all of them rugged 200-pound linemen, trying to stop them. He shook off a half dozen tacklers in making the run.

Walker looked like just what the West had been waiting for all during the game, but for some reason he did not get in until the last half three more times during the game. He gained one, three and five yards respectively but it meant nothing. The West was outclassed.

The West only made two first downs all afternoon while the East made 16. Red Petty of Texas A. & M. did not have much of a chance. Ike Franklin, an all-American end from St. Mary's and Paul Ford, a former Sul Ross star were better ends than Petty so they were used almost all through the game.

It is significant, however, that the West completed only one pass all afternoon, if you can imagine such a situation, with a great passer like Bill Hoffman of Sanford in the same party, was on the business end of this pass. The loss was made by Corporal Spelcher of the West Coast Army and netted only seven yards. Petty played a good consistent, business-like game while he was in there, however.

Ox Cowan, the Alhambra cowboy, got in only during the last three minutes of play. The East had the ball so much and so often that Cowan didn't have a chance to carry the oval. He was the last hope in a hopeless day for the West and as long as they didn't give him the ball Cowan can always claim it wasn't his fault that the West lost.

The reputation Texas got for football last year when Merna Hunt and Matthews were the whole show will not wear off for some years to come in this section of the country.

## Big Ten Cage Teams Start Busy Season

CHICAGO, Dec. 31 (AP)—The Big Ten basketball season bumps into its holiday hall into furious action this week with a card of 15 games capped by the start of the championship campaign Saturday night.

Every team gets into action at least one and all but Indiana and Chicago begin their quest for the conference title. It is the busiest schedule of the entire season.

## Meyers To Battle Fisher Next Week

CHICAGO, Dec. 31 (AP)—Reinstated to good standing by the Illinois State Athletic Commission, Johnny Meyers, former middleweight wrestling champion, will meet Charley "Midget" Fisher of Wisconsin here Jan. 7.

Meyers was barred seven months ago because of "unsportsmanlike tactics" in a match with Karl Pajello.

George Moriarty, left, as manager of the Tigers. Inset, above, Moriarty, the American league umpire. Below, Umpire Hank O'Day.

## TRADITIONS DUE TO FALL DURING 1929

LITTLE INTERNATIONAL ACTIVITY LOOMS ON SPORTS PROGRAM

By ALAN J. GOULD  
Associated Press Sports Editor

NEW YORK, Dec. 31 (AP)—No prospective feature of the sports campaign for 1929 is any more significant than events aimed at breaking down the old sectional barriers or removing a number of time-honored traditions.

Where 1928 has been a season of remarkable international activity, 1929 will find most of the American athletic activity concentrated at home with fresh opportunities to develop intersectional interest on a wider scale than ever before.

One of the most ancient of the old traditions will be removed when the National Amateur Golf time on the Pacific Coast at Del Monte. The Professional Golfer's association tournament also has been booked for Santa Barbara as the first runner of a round of open competition for pros.

Following the path blazed by Stanford, California's football team will journey east to meet Pennsylvania while the Army will send its eleven to the Far West for the first time to play the Cardinals in a return engagement at Palo Alto.

Yale will break away from another tradition and go south to play the University of Georgia. The Elis are booked to play at Chicago in 1931.

Tex Rickard, after having tested the drawing powers of boxing centers in the Far West, Middle West and East during his colorful career, will promote his first big fight in the South February 27 with Sharkey and Strubling clashing at Miami Beach.

About the only main events that the East still has a strong hold on are the national tennis championships and the Poughkeepsie regatta. But the big fight of the year, with Dempsey in a come-back role, is slated for Yankee Stadium, where one of the World's Series may occur again.

## IMPORANT ISSUES UP FOR SOLUTION

A few of the main questions as the New Year gets under way are:

1. Whether Jack Dempsey will attempt a come-back.
2. Whether Big Bill Tilden will be restored to good standing in good standing in amateur tennis ranks, and try another come-back.
3. Whether Fauro Nurmi will remain the greatest of all amateur foot-racers or yield to the call of the professional promoter.
4. Whether the Army and Navy will effect a reconciliation by 1930 since there is small prospect of any gridiron get-together in 1929.

If a race has to be hazardous it is for "ays" on all of the above counts, if for no other reason than

## Dreams Do Come True Sometimes

By NEA Service  
NEW YORK, Dec. 31.—A few years back Dan Grant, Mike Murphy and Fred Spuhm were members of the same Washington crew.

Don Grant and Fred Spuhm were close buddies. They each wanted to be coaches when they got through at Washington and they decided that it would be well to get nice jobs at the same place. So they dreamed.

Things don't always work out as you dream them and Spuhm and Grant found that out when they went east after graduation looking for jobs at the same place. They got jobs, but Grant's was at Yale and Spuhm's was at Harvard, later at Pennsylvania.

A few days ago Mike Murphy resigned as head coach at Yale and took a similar job at Wisconsin and the job at Yale was given to Grant.

And to prove that some dreams do come through, Spuhm resigned his job at Pennsylvania and got himself a job as Grant's assistant at the Eli institution.

that it would stimulate competitive interest.

## NEW CHAMPIONS SEEN FOR BOXING CLASSES

Tex Rickard predicts that new champions will be crowned in most, if not all of the professional ring classes in 1929 but no such sweeping forecast can be made in other ranks.

Such wearers of laurels as Bobby Jones, Walter Hagen and Glenn Collett in golf, Helen Wills and Henri Cochet in tennis, the Yankees in baseball, Rogers Hornsby in batting, France in Davis Cup competition, Babe Ruth in home-run hitting and the California crew in rowing will be difficult to dislodge.

## TENNIS AND GOLF ARE INTERNATIONAL SPORTS

There will be comparatively little international rivalry. Tennis and golf will offer the main opportunities for conflict where polo, tennis, golf, boxing and all the Olympic sports furnished a continual round of international activity in 1928.

Walter Hagen will lead another pro golf invasion to England where he will seek to win the British open for the fourth time. France will defend the Davis Cup and is not likely to have much trouble unless Italy or the United States make some astonishing forward strides.

## Stribling To Battle League; New Year's

KANSAS CITY, Dec. 31 (AP)—"Young" Stribling and Jack Leaguer principals in a 10 round bout for a boxing card here New Year's night, were to wind up their training today.

Before 2,500 fans yesterday in convention hall Stribling went through a workout.

# PLANES READY FOR TIME TEST

## 'QUESTION MARK' IS ALL SET FOR ENDURANCE FLIGHT TUESDAY

(By Associated Press)  
CANTON, Mass., Dec. 31.—Final fitting of the army's tri-motored airplane, Question Mark, planned at the metropolitan airport here today preliminary to its attempt to break the world's record endurance flight record of 300 hours, 7 minutes.

The plane will be followed in the course to be followed in the attempt to stay aloft 300 hours or more. The Question Mark moved up the scene of the take-off in a 10-mile flight from Rockwell field at San Diego.

### SMALLER PLANE TO COMPETE FOR RECORD

MARSHALL, Mo., Dec. 31.—(By Associated Press) Rushing preparations to beat the army's "Question Mark" into the air, and to be first to set up a new world's record endurance flight, B. M. Tuxhorn was planning today to take off on his endurance flight with the start of the new year.

### POINCARÉ WILL RETAIN HIS POST

(By Associated Press)  
PARIS, Dec. 31.—Premier Poincaré today told his cabinet that he had accomplished his main tasks and was ready to resign because of present unrest. The cabinet persuaded him he had much to do, particularly in regard to reparations, and M. Poincaré agreed to remain.

### LATE FINES

(Continued From Page One)  
They are to be rigidly enforced, Mr. Keller said. He explained that every year a period of grace had been granted to tardy motorists but this year arrests would begin tomorrow.

# THE TINY MITES

BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

The curling smoke tracks sure travels fast. I don't like riding looked great. Said Clowdy, "I can hardly wait until we start upon a trip. I wonder where we'll go."

The other members of the crew were Major Carl Spatz, in command; Captain Ira C. Eker, Lieutenants A. A. Halvorson and Elwood R. Quesada, pilots, Staff Sergeant Roy W. Hoop, mechanic. The crew was under orders to continue the flight until the motors or men give out.

won't go wrong. I wish that I could go along. But there are things that I must do. I guess I wouldn't dare.

"The long smoke tracks that you see are just as safe as they can be. But I'm not going to tell you where they'll take you to. Oh, no! I'll be more fun to find that out by riding on them. I've no doubt that you all will be very thrilled, no matter where you go."

And then he very loudly roared, "All right, there, Tinies. Hop aboard! You'll find some small straps in the seats. Please strap yourselves in tight. While you are riding, round about, you wouldn't want to tumble out. So use the straps and I am sure you all will be all right."

"A good idea," Coppy said. "Come on, let's do just as he said." And so the Tinies climbed into the funny little seats. The straps were quickly put in place. A smile spread on we Carry's face. "Oh, I'm real thrilled," he shouted. "This is one of our best treats."

And then the mutton that said "go" was pushed. The engine moved real slow. It wasn't long, however, till it fairly seemed to fly. Along the queer smoke tracks they sped. "So long, old Smoke Man," Coppy said. And, as the Tinies sailed away the Smoke Man yelled, "Good-bye."

(A very funny thing happens to the Tinies in the next story.)

### Another Round-Up Staged In Gotham

NEW YORK, Dec. 31.—(By Associated Press) After another week-end round-up in Commissioner Whalen's anti-crime campaign, 300 suspects were in jail today.

Six men wanted for homicide, one accused as a counterfeiter and a mail robbery suspect were said by police to be the most important catches. Others faced larceny, felonious assault, pocket-picking and lesser charges.

### IMPROVE ROAD TO NEW MEXICO

#### BETTER HIGHWAY FROM SEMINOLE TO HOBBS IS NOW AFFORDED

(By Associated Press)  
SNYDER, Dec. 31.—(By Associated Press) Completion of a 14-mile strip of Dal-Paso Cavern Highway from Seminole to the state line was announced today by the Gaines county commissioners.

Further improvement on the road is expected soon. The New Mexico state highway department having authorized construction of 26 miles from the state line to Hobbs, New Mexico.

Grading of the 24-mile section shortens the distance by road from Dallas to the Pacific coast by 103 miles.

Little excitement was in store for the Lubbock police department over the week-end, bringing to a close the quietest holiday period in a number of years in the opinion of Chief of Police John Lemond.

Four paid fines for drunkenness this morning, three for fighting, and two Mexicans paid fines for disturbing religious services.

### REDUCTION IN PHONE RATES

#### \$200,000 YEARLY TO BE SAVED TEXAS LONG DISTANCE CALLS

(Special To The Journal)  
ST. LOUIS, Dec. 31.—Another reduction in day long distance telephone rates between points 130 to approximately 1,500 miles apart will become effective February 1, it was announced today by E. D. Nims, president of the Southwestern Bell Telephone company.

This is the second substantial saving offered to the public by the Bell system in slightly more than a year. It is in keeping with the Bell system's announced policy of furnishing the best possible service at the lowest cost consistent with financial safety.

Approximately \$200,000 a year will be saved to the long distance telephone users of Texas under the new rates, it was estimated.

FORT WORTH, Dec. 31.—(By Associated Press) A. Williamson, 35, and his wife, 23, were found dead with bullet wounds in their bodies this morning in their room downtown.

The bodies were discovered when the negro maid went to clean up the room. Williamson was on the floor and Mrs. Williamson in bed. They apparently had been dead but a few hours. Both were fully dressed.

AFTER JANUARY 1ST WE WILL BE LOCATED IN ROOM 216 MYRICK BLDG.

AL. ALT—in "Parcel Post"—Leslie Wells

"it DOES pay to advertise"

—says Harry Meyers of Jarett's Fashion Shop

"We Sold 253 Dresses In The First Hour"

"From a comparatively small ad in your paper Sunday, we were literally swamped the first hour we were open for business Monday morning. Two hundred and fifty-three of the 650 Jersey dresses we advertised, were sold and it is very apparent that we will not have enough to supply the day's demand."

The above statement of Mr. Meyers exhibits ample proof that Avalanche-Journal advertising pays big dividends in EXTRA sales volume, and that the more than 10,000 families who invite these newspapers into their homes have confidence in the printed word of those who advertise in the Avalanche and Journal.

The merchant presenting his message to the ever-growing list of those who read the Avalanche and Journal is certain of substantial response to his message, for he is placing it before those who exhibit purchasing power BY BUYING THESE NEWSPAPERS BECAUSE THEY ARE INTERESTED IN THEIR CONTENTS—news and advertising. Mr. Meyers experience CAN be yours, for it is the experience of those consistently inform the South Plains of excellent buying opportunities through these NEWSPAPERS.

Of Course Avalanche-Journal advertising Pays Big Dividends!

Advertising Representatives The Texas Daily Press League, Dallas, Kansas City, Chicago and New York.

The Journal is an Independent Democratic newspaper, supporting in its editorial columns the principles which it believes to be right and which it believes to be wrong.

Thought For Today The idol gold can boast of two peculiarities: it is worshipped in all climates without a single temple, and by all classes without a single hypocrite.—Colton.

Yosemite's Trees Much of the beauty of the great Yosemite National Park is due to the huge stand of beautiful timber that grows on that great public playground.

Girls And Mothers A terrible thing happened in the mill town of Dover, N. J., a few days ago. Three respectable business men were arrested and indicted, accused of causing the delinquency of more than 20 young school girls.

New Farm Methods Whatever the ins and outs of farm relief as a general subject may be, it is becoming evident that the application of scientific principles to agriculture is a first essential.

Cotton Competition American cotton producers will face serious competition from new cotton-growing regions in central Africa in the near future, warns a French economist in the current issue of The Living Age.

THE PLAINSMAN

Says We had thought that The Plainsman would have been back home before now, and our readers would be hearing plenty about Tulsa, spars ribs and pork sausage, possums and sweet 'aters, but we are sure The Plainsman is having the best time he ever will have any more this year, and so we will take the bait for him once more, with the hope that he will be here for the first inning of the New Year.

This being the last day of the year, we presume that some people will be glad to see it come and go, but we are a bit different, and have genuine regrets for the passing of the old year. We know that this has been a mighty good year for many people, and has offered many opportunities that the coming year will not.

The year just closing out, has offered us great opportunities at the ballot box that 1929 will not. We just naturally like to vote and get more value out of our poll tax receipt than when we only get to use it once or twice during the year.

But why grieve over the passing of the old year. The young fellow that will be ushered in at midnight will have a complete stock of opportunities, pleasures, sadness, surprises and disappointments, and they will be distributed in due time. We will have all of our old friends left, and the new year will bring us many new ones, so why should we worry.

Tomorrow is New Year Day. The books are closed again. We'll be told to write today. Resolutions to break again.

Then there is this grand and glorious feeling about the New Year. We are reminded that we are much richer than we had any idea we were, because our taxes are three times as much as we imagined they would be, which goes to show that our property is worth more than it ever was, and we will have to withdraw it all from the market and re-list it much higher than we have been offering it for sale.

But we kinder hate to see the old year go, and leave undone so many of the important things that should have been completed during its administration. There is the underpasses on the Santa Fe that are still hanging fire for one reason or maybe two.

And Lubbock does not have the white way to write today, and other important streets, and the down town alleys have not been paved, and the road bond issue has not been put over, but then

The Girl on Broadway says she sure does hate for this year to pass, for she will not have a birthday for four years more.

Then 1928 brought us more political activities than 1929 can possibly bring, since the general election is over, and the state and county officials were all selected in 1928.

There is a possibility of 1929 being rather quiet, but in Texas and especially West Texas there is always something doing anyway, so we will merely take down the old 1928 calendar and hang up a new one.

Start out by writing the first check on January 1, 1929, and then change it to 1929, just like ninety-five per cent of the other folks will do, and the New Year will start off as usual.

There will be a lot of green hands at the courthouse tomorrow. They told the voters that they knew all about how to fill the office, but they will find out that they don't know everything about a big lot, and there will be a great deal of time put in over there for a few days trying to find the proper place to begin.

But there is one thing certain about this changing of years. I mean that we are going to have to get a new license plate for our automobile, and it is one time that we just naturally envy the man who does not have an automobile at all.

We regret it more, however, because all of the money is sent to Austin. Automobile tax and gas tax, and is used on the roads of East, South, Central and North Texas, and West Texas can use the roads that nature gave us, or stay at home.

That Max on Avenue Q is glad to see the coming of 1929, for it puts him over the other side of the poll tax list, and he will not have to dig up any more \$1.75 contributions. There is always a bright side of life if we can only find it.

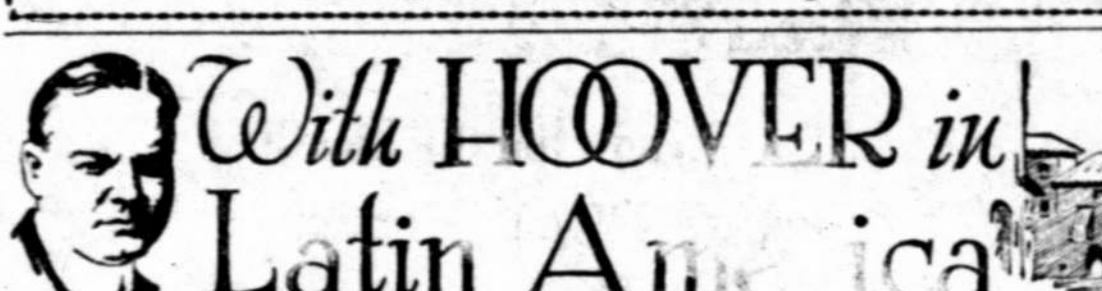

There is a new book that will be opened for you. Now be sure to start it off right. Write it 1929.

Leadership doubtless will enable the American growers to hold their own in the face of this approaching competition. These things, one may assume, will be forthcoming as they are needed.

The Rising Heavyweight Champion Of The World!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

With HOOPER in Latin America

By RODNEY DUTCHER NEA Service Writer with Herbert Hoover

AMAPALA, Honduras (By Mail)—It is the fate of Honduras to become more and more "Americanized."

Her mineral resources remain undeveloped and American capital probably will enter there. She hopes for more port, railroad and steamship development and more automobiles and highways—American capital again.

Honduras manufactures only some of the necessities of life. Other necessities and all so-called luxuries she imports. Most of her imports are far more pronounced.

Even in Amapala, perhaps the most primitive of villages and cities visited by the Hoover party, there was indications of the extent to which American business enterprise has invaded Honduras.

The native men may have been barefoot and their dogs sadly skinny, but the native women in large numbers wore cheap cotton print dresses the cloth of which surely came from Fall River or North Carolina.

Keeping the boys on the farm by dures is a policy that can never appeal to the needs for labor on the land. A disaffected farm population is scarcely an efficient working force.

It is probable that the natural tendency of normal human beings so congested in centers of population and interest will continue to draw millions of country bred to the cities, except where the tendency is held in leash by such methods as Mussolini proposes.

There will be a lot of green hands at the courthouse tomorrow. They told the voters that they knew all about how to fill the office, but they will find out that they don't know everything about a big lot, and there will be a great deal of time put in over there for a few days trying to find the proper place to begin.

But there is one thing certain about this changing of years. I mean that we are going to have to get a new license plate for our automobile, and it is one time that we just naturally envy the man who does not have an automobile at all.

We regret it more, however, because all of the money is sent to Austin. Automobile tax and gas tax, and is used on the roads of East, South, Central and North Texas, and West Texas can use the roads that nature gave us, or stay at home.

That Max on Avenue Q is glad to see the coming of 1929, for it puts him over the other side of the poll tax list, and he will not have to dig up any more \$1.75 contributions. There is always a bright side of life if we can only find it.

There is a new book that will be opened for you. Now be sure to start it off right. Write it 1929.

Leadership doubtless will enable the American growers to hold their own in the face of this approaching competition. These things, one may assume, will be forthcoming as they are needed.

A professor gives the age of the earth as 13 to 80 billion years. You know differently, however, if you ever have sat up all night playing cards and gone to work the next day.

In New York By Swan

NEW YORK, Dec. 31.—Thanks to a sudden rush for the auto-biographical confessions, many interesting sidelights upon Broadway's most colorful personalities are beginning to reach a wider audience.

Eddie Cantor, who rose from an East Side gamine to Manhattan's most popular comic, is already between the jackets of a book which he pleases to call "My Life—Is in Your Hands."

And Gus Edwards is right on his trail with a forthcoming comic, "The Kid's Clever."

Both were graduates of the sawdust floor and singing-door circuit.

Edwards was singing for pennies and dimes before he could spell. Few living humans have had a more hectic and vivid youth.

It was one long round of living by the wits, for his parents had no money. He made his first dime as a woe to singing on the steamer which was bringing his immigrant parents to these shores.

He sneaked into the amateur show's singing from the boxes, occupying a gallery seat, he decided to assist a damsel who was singing upon the stage.

Today Edwards sits in state in Hollywood, picking talent and figuring stunts for the talking picture features. He has the reputation for being the world's champion discoverer of latent talent.

Edwards never could read music and never wrote a note in his life—but he composed something like a thousand songs. Who doesn't remember "School Days" for instance?

And "Tammany" has never gone out of fashion as the national song of Tammany Hall. It's become all but the symbol of the Democratic party, for that matter.

Edwards learned to pick out tunes on the piano of Tin Pan Alley. So has many another lad. Piano was for many a year, free to kids who came in off the streets to "practice."

WEST TEXAS: Tonight fair, somewhat colder in north and east portions; Tuesday increasing cloudiness.

EAST TEXAS: Tonight a d Tuesday generally fair; colder tonight, with freezing in north-west portion; Tuesday somewhat colder.

OKLAHOMA: Tonight clearing; colder, with hard freeze probable; Tuesday probably fair.

ARKANSAS: Tonight and Tuesday mostly cloudy and unsettled, with rains tonight and probably in east portion; Tuesday morning somewhat colder in west portion tonight; colder Tuesday.

LOUISIANA: Tonight cloudy, local rains, colder in west portion; Tuesday probably fair, colder.

BARB'S If you think that gold isn't very commonly used as a wedding material, you ought to visit the divorce courts and observe the way it mends broken hearts.

A scientist says fish are color blind. He must have formed this judgment after studying the careful regard of a crowd of pedestrians for a traffic light.

A prehistoric skeleton has been found, its legs wrapped around its neck. Proving that the rumbler seat is older than hither-to supposed.

Flapper Fanny from the firm that makes 57 or more different kinds, canned bacon from Chicago, baking soda from "Nueva York," apparatus from San Francisco and canned oranges from a London firm—but who wants canned oranges?

American Movies No movies in Amapala, but they have them in Tegucigalpa and other larger communities. They are 90 per cent American. The other 10 per cent are films from Britain and France, which Honduras say are too long and involved.

American movies are believed to be having an immense effect on the customs and habits of the people, especially in the interior towns.

But development of pro-Americanism and spread of American ideas of progress are also coming from the many younger men of the upper class who now receive their education in the United States.

Diet and Health

By Lulu Hunt Peters M.D. Author of "Diet and Health" and "Diet for Children"

THE "TUMMY TEN" EXERCISES NOT CITED TO CURE RUPTURE

Abdominal Exercise and Hernias "In your Tummy Ten exercises you have one which you say has been known to cure rupture. I wish to inquire whether a cure might be effected by this exercise, even though no truss is used, or must be held in by a truss in order for the exercise to do any good.

Alkaline Eye Wash Take a moderately-heaped teaspoon of bicarbonate of soda (ordinary baking soda, borax and table salt); dissolve in a quart of boiled water; add a full tablespoon of glycerine and filter. (You can filter by pouring solution through a cotton-stuffed funnel.)

My eyes trouble me. When I am in the wind or read a lot, they become blood shot, or I get little pimples upon the lids and they swell up. What causes this? Please give me a solution in which to bathe my eyes? I can see all right, but I can not understand why the eyes should get red and swell underneath.

Editor's Note: Dr. Peters can not diagnose, nor give personal advice. Your questions, if of general interest, will be answered in the column, in turn. Requests for articles must be accompanied by a fully self-addressed stamped envelope and 2 cents in coin for each article to cover cost of printing and handling.

Tomorrow: Life in Day-light compartments.

The World And All BY CHARLES B. DRISCOLL

A FINE TRIUMPH Most of the great who do original things or think original thoughts must wait for their triumph until they have been long dead.

Orville Wright, by taking good care of his health, has managed to live long enough to receive the plaudits of his own fellow-countrymen. Of course, Smithsonian Institution hasn't yet admitted that Orville and Wilbur Wright invented and built a few of the first man-carrying airplanes. But that is just a spectacle of human pride and futile stubbornness, and Wright is so much bigger and greater than Smithsonian that he can afford to ignore that silly institution's stand.

On and about the twenty-fifth anniversary of the first airplane flight at Kitty Hawk, the whole world clamored for the privilege of honoring Orville Wright, inventor of his own country, and the first notice of his achievement, and honored him by recognizing Wright.

It is with considerable shame that we remember that Americans did not give the Wrights the recognition they deserved until all the rest of the civilized world had hailed the intrepid Dayton brothers as geniuses and benefactors of mankind. The Wrights made almost no money out of their invention in America, but received some fairly substantial sums from France and Great Britain.

Creomulsion FOR THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified crocote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs crocote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to crocote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the crocote goes on to the stomach, is absorbed into the blood, attacks and gets it not at all bitter. He and his brother conferred a great benefit upon mankind, and their own people were slow to recognize the fact.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

DAILY MARKETS

Cotton Markets

NEW YORK FUTURES. NEW YORK, Dec. 31 (AP)—Cotton opened steady. Jan. 20, 20 1/2; March 18.62; May 19.61; July 19.49; Oct. 19.10.

NEW ORLEANS FUTURES. NEW ORLEANS, Dec. 31 (AP)—Cotton futures opened steady. Jan. 19.50 bid; March 18.62; May 19.61; July 19.49; Oct. 19.10.

NEW YORK TRADING. NEW YORK, Dec. 31—The cotton market opened steady at a decline of 2 points to an advance of 4 points. Business was restricted by the holidays abroad, but there appeared to be some trade buying to fix prices and a little commission sold prices. January contracts sold up to 20 1/2 and July to 19 1/2, making net advances of about 2 1/2 to 5 points, and the market was within a point or two of the best of the end of the first half hour.

Foreign trade buying was reported on the early advance, but this season supplied and trading later quiet. Prices sagged to about a little below Saturday's closing figures under pre-holiday realization. At midday the market was dull, with prices not unchanged to 3 points lower.

E. B. CHAPMAN, Agent. Phone 1939J, 810 Main St. DALLAS NEWS, By E. Walraven, Traveling Agent.

Livestock Prices

erly its head. They said a \$28,000 creamery will be ready to start operation in Plainview in Feb., 1929. The Hale County Dairy Association has nearly 400 members, they announced, and gave figures as to increased profits realized by farmers through co-operative marketing of cream. Conley and Anderson recommended the co-operative plan for this section.

NEGRO CAUGHT

(Continued From Page 1) Friday at his home. He had been struck over the head and his throat had been slashed. Almost simultaneously it was discovered that his daughter was missing.

Miss Duvall made her way Saturday into camp Number 9, about six miles from her home, where she told of having been carried off by Shepherd. She said she had been forced at the point of a rifle to walk barefooted until ten o'clock Friday night before escaping.

REGENTS ASK

(Continued from page 1) vertised for Wednesday in the face of University protests. Leasing of the remainder will be postponed until later as a result of a conference between Governor Moody and Robinson Saturday at Dillie, averting a special session of the legislature to repeal the lease law and take the land off the market, because of unfavorable lease and market conditions.

ATTEND 'ARMY' MEETING

Captain F. C. Scott and wife of the local division of the Salvation Army will leave Wednesday for Fort Worth where they will attend the state-wide officers council meeting.

STOCKS AND MONEY

WALL STREET STOCKS. NEW YORK, Dec. 31 (AP)—The stock market opened the final trading day of 1928 with prices showing an upward trend and initial sales in blocks of 5,000 to 10,000 shares.

There were a few exceptions, however, notably Radio, which opened at 10 1/2 points, and Montgomery-Ward down 2 1/2 points.

Coppers encountered strong support in the announcement that the price had been raised. Anaconda and Nevada broke into new high ground, while Kennecott, U. S. Smelting and Chile stepped up a point and more. St. Joseph lead also bought at new high levels.

Rails were in good demand on further reports of excellent November earnings and large car loadings. New Haven and Pennsylvania touched new peaks for the year, and Missouri Pacific jumped more than 3 points. The railway equipment market also improved, notably General American Tank Car and American Car and Foundry.

Some utilities made good headway, American and foreign power advancing more than 2 points to a new high, and Electric Power and Light touching a new peak. Atlan- tian Retaining was a strong point of the day. Westinghouse Electric and Victor gained 2 points each.

Tax selling was well absorbed. Many operators have been reluctant to take profits of their 1928 gains, but sales made today, except for cash, carry over into 1929.

Foreign exchanges opened lower, with cables at \$4.85 11-32, off 3-32.

Grain Market

CHICAGO TRADING. CHICAGO, Dec. 31 (AP)—All wheat today went under the lowest prices the market heretofore had touched this season. Good sized deliveries of December wheat contracts here, together with world shipments of wheat on a large scale, had a decided bearish effect. Opening unchanged to 3-4c lower, wheat values later showed a material setback.

Corn, oats and provisions were a little easier, with corn starting 1-8c off to 1-4c up and subsequently showing slight general declines.

Produce Prices

BUTTER AND EGGS. CHICAGO, Dec. 31 (AP)—Butter and eggs unchanged. Creamery extras 46-1-2; standards 46-1-2; extra firsts 45-1-4@46. Firsts 44-1-2@45; seconds 43@44. Eggs, unchanged, extra firsts 34@35; firsts 32@33; ordinary firsts 28@30.

POULTRY PRICES. CHICAGO, Dec. 31 (AP)—Poultry, alive, easy; receipts 6 cars; fowls 23 @ 27; turkeys 27; geese 20; turkeys 25; ducks 25; geese 18.

POTATOES. CHICAGO, Dec. 31 (AP)—Potatoes: dull; Wisconsin sacked round whites 85@100; Minnesota and North Dakota sacked round whites 80@90; Idaho sacked russets 1.40@1.75.

SLATON PLANT

(Continued From Page 1) was set forth when reports were read Friday night on the survey of the territory made in the last two weeks, these reports showing there are now about 1,200 dairy cows in the section included. Allowing for home consumption there should be a daily average supply of 1,000 to 2,000 pounds of cream, figuring about one-third that amount of butter fat, it is estimated.

Bankers are ready to aid farmers in buying more cows and in taking out their financial interests in the creamery, if this is needed, they have said. These bankers are aware of the value of dairying in building up a country's resources, realizing it means steady and permanent prosperity for farmers at all seasons, every year.

Plainview Men Talk. At Friday night's meeting, Pat Conley and Mr. Anderson, both of Plainview, gave many points of information as to experiences of the Hale County Dairy Association, where cream has been sold under the co-operative plan for several years. Anderson is now head of the association, and Conley was form-

should do anything in the way of court action. The Robinson-Moody conference resulted in an agreement by Robinson to postpone January 2 lease sales of all but 12,000 acres in the 100,000 advertised for that date. At the time Robinson did not tell the governor where 12,000 acres are located, but said that "specific requests" for its marketing under the lease law, had been made. The governor came back to Austin today and announced that no special session of the legislature would be called.

NEGRO CAUGHT

(Continued From Page 1) Friday at his home. He had been struck over the head and his throat had been slashed. Almost simultaneously it was discovered that his daughter was missing.

Miss Duvall made her way Saturday into camp Number 9, about six miles from her home, where she told of having been carried off by Shepherd. She said she had been forced at the point of a rifle to walk barefooted until ten o'clock Friday night before escaping.

REGENTS ASK

(Continued from page 1) vertised for Wednesday in the face of University protests. Leasing of the remainder will be postponed until later as a result of a conference between Governor Moody and Robinson Saturday at Dillie, averting a special session of the legislature to repeal the lease law and take the land off the market, because of unfavorable lease and market conditions.

ATTEND 'ARMY' MEETING

Captain F. C. Scott and wife of the local division of the Salvation Army will leave Wednesday for Fort Worth where they will attend the state-wide officers council meeting.

STOCKS AND MONEY

WALL STREET STOCKS. NEW YORK, Dec. 31 (AP)—The stock market opened the final trading day of 1928 with prices showing an upward trend and initial sales in blocks of 5,000 to 10,000 shares.

There were a few exceptions, however, notably Radio, which opened at 10 1/2 points, and Montgomery-Ward down 2 1/2 points.

Coppers encountered strong support in the announcement that the price had been raised. Anaconda and Nevada broke into new high ground, while Kennecott, U. S. Smelting and Chile stepped up a point and more. St. Joseph lead also bought at new high levels.

Rails were in good demand on further reports of excellent November earnings and large car loadings. New Haven and Pennsylvania touched new peaks for the year, and Missouri Pacific jumped more than 3 points. The railway equipment market also improved, notably General American Tank Car and American Car and Foundry.

Some utilities made good headway, American and foreign power advancing more than 2 points to a new high, and Electric Power and Light touching a new peak. Atlan- tian Retaining was a strong point of the day. Westinghouse Electric and Victor gained 2 points each.

Tax selling was well absorbed. Many operators have been reluctant to take profits of their 1928 gains, but sales made today, except for cash, carry over into 1929.

Foreign exchanges opened lower, with cables at \$4.85 11-32, off 3-32.

Grain Market

CHICAGO TRADING. CHICAGO, Dec. 31 (AP)—All wheat today went under the lowest prices the market heretofore had touched this season. Good sized deliveries of December wheat contracts here, together with world shipments of wheat on a large scale, had a decided bearish effect. Opening unchanged to 3-4c lower, wheat values later showed a material setback.

Corn, oats and provisions were a little easier, with corn starting 1-8c off to 1-4c up and subsequently showing slight general declines.

Produce Prices

BUTTER AND EGGS. CHICAGO, Dec. 31 (AP)—Butter and eggs unchanged. Creamery extras 46-1-2; standards 46-1-2; extra firsts 45-1-4@46. Firsts 44-1-2@45; seconds 43@44. Eggs, unchanged, extra firsts 34@35; firsts 32@33; ordinary firsts 28@30.

POULTRY PRICES. CHICAGO, Dec. 31 (AP)—Poultry, alive, easy; receipts 6 cars; fowls 23 @ 27; turkeys 27; geese 20; turkeys 25; ducks 25; geese 18.

POTATOES. CHICAGO, Dec. 31 (AP)—Potatoes: dull; Wisconsin sacked round whites 85@100; Minnesota and North Dakota sacked round whites 80@90; Idaho sacked russets 1.40@1.75.

SLATON PLANT

(Continued From Page 1) was set forth when reports were read Friday night on the survey of the territory made in the last two weeks, these reports showing there are now about 1,200 dairy cows in the section included. Allowing for home consumption there should be a daily average supply of 1,000 to 2,000 pounds of cream, figuring about one-third that amount of butter fat, it is estimated.

Bankers are ready to aid farmers in buying more cows and in taking out their financial interests in the creamery, if this is needed, they have said. These bankers are aware of the value of dairying in building up a country's resources, realizing it means steady and permanent prosperity for farmers at all seasons, every year.

Plainview Men Talk. At Friday night's meeting, Pat Conley and Mr. Anderson, both of Plainview, gave many points of information as to experiences of the Hale County Dairy Association, where cream has been sold under the co-operative plan for several years. Anderson is now head of the association, and Conley was form-

should do anything in the way of court action. The Robinson-Moody conference resulted in an agreement by Robinson to postpone January 2 lease sales of all but 12,000 acres in the 100,000 advertised for that date. At the time Robinson did not tell the governor where 12,000 acres are located, but said that "specific requests" for its marketing under the lease law, had been made. The governor came back to Austin today and announced that no special session of the legislature would be called.

## GOOD WILL IS YOUR OBJECT

### BETTER RELATIONS AND IMPROVED ECONOMIC LINK ARE SOUGHT

(By Associated Press)  
U. S. S. UTAH, EN ROUTE TO HAMPTON ROADS, Dec. 31.—Herbert Hoover's good-will trip has two stages in the view of his associates on the mission: First in Central America, turning unexpectedly into what might be termed political channels, while the second in South America, where economic conditions at its base, with requests of better relations with the United States overlying all.

During his first call at Honduras, contending political factions were brought together at a reception with what was expected to be beneficial results, both sides promising they would have more amicable relations. The same was true in Nicaragua where political leaders met, Diaz and Moncada going on record as favoring retention of American Marines until the local constabulary could be organized, with recruits of full strength. In Costa Rica members of the party were given to understand an appeal by that government to the League of Nations for an interpretation of the Monroe Doctrine in the way was intended as a slap at the United States.

Need of Capital Seen.  
In Costa Rica, as well as in other Central American republics, including Salvador, Mr. Hoover was apprised of the need of the countries for additional capital for internal improvements and to develop natural resources.

Throughout South America members of the mission were surprised at the extent of American investments. They were informed that American capital was welcomed and that South America was looking to the United States for funds to assist in development.

In Ecuador, President Ayora discussed problems of his country with Mr. Hoover, emphasizing need for outside financial assistance. Peru, one of the largest of South American republics, appeared especially eager to welcome American capital. President Leguia stressed the need of better steamship connections, air lines and roads.

Bolivians discussed the road program but also went into the question of the outlet of the sea, explaining the difficulty of bringing in supplies. Mr. Hoover listened but made no comment when internal political questions in Central and South America were mentioned. Members of the mission were impressed by conditions in Chile and had a discussion with cabinet members on economic problems. Better communications with the United States by sea and air, as well as economic conditions, formed the basis of conferences in Argentina and Brazil. The Brazilian president emphasized need for better communications and he and Mr. Hoover discussed airlines.

### District Clerk Has Busy Day Saturday

The district clerk's office had a busy session Saturday afternoon, five cases being filed. One of the suits was for debt, and three were for divorce, each alleging cruelty. The divorce petitions were filed by two wives and one husband. The fifth petition filed was by F. M. Edwards and others against L. W. Tittle for \$5,000 damages. The suit was based on trial of title and trespassing.

HOLLYWOOD, Calif.—John Barrymore and Dolores Costello are to have a honey-moon in the South Seas on his yacht.

## LAMESA GROWS AT EVEN RATE

### SUBSTANTIAL BUILDING PROGRAM RECORDED IN PAST YEAR

(Special To The Journal)  
LAMESA, Dec. 31.—A steady rate of building has been maintained throughout the year and some attractive business premises have been added to Lamesa's fine array of modern stores. The southwest corner of the square at a northwest corner have both seen fine brick premises erected in which the Acorn Store, Cannon's Variety Store, Weaver Flower and Gift Shop, Walker's Barber Shop, H. & B. Beer and Lamesa Dry Goods are located.

Other notable constructions are the Vaughn Chevrolet premises, Pearl's Store, Wilkes Store, and quite a few attractive filling stations. Last June the city building permit ordinance was put into effect, and since its adoption over \$300,000 of building permits have been issued. One of the largest constructions now in progress is the new telephone system, on which \$60,000 will be expended.

In August Lamesa celebrated the coming of natural gas, which has proved a great convenience and economy in many heating and cooking problems. The West Texas Gas Co. in the opening ceremonies expressed its determination to give the public of Lamesa a cheap, clean, and dependable fuel,

### Flashes Of Life

(By The Associated Press)

### Thank Offering

LONDON.—As a thank offering for his escape in a motor car accident, Lord Beaverbrook, newspaper magnate, will distribute £25,000 to worthy causes. He was cut by glass when his automobile and a truck collided.

### A Little Too Old

SYLVANIA, Ga.—After 58 years in public service, the Rev. H. J. Arnett, 80, Baptist, is retiring as county commissioner of public schools. He will continue to preach to four churches, once a month in each.

### Uses Ancient Bible

HYDE PARK, N. Y.—Franklin D. Roosevelt is to take the oath of office as governor at Albany tomorrow on a family Bible more than 200 years old. The first entry on the fly leaf notes the birth in 1817 of Jacobus Roosevelt, Franklin's great-great-grandfather.

### Talks 97 Hours

NEW YORK.—Bry Wilson, swimming instructor, who won

and their promises have been filled to the utmost. Along with the steady development the Texas Electric Service has kept its obligations always in mind, and this year added considerable to their generating station.

## KING GEORGE IS STILL WEAK

### EXHAUSTED CONDITION OF SOVEREIGN YET WORRIES DOCTORS

(By Associated Press)

LONDON, Dec. 31.—The exhausted condition in which King George's prolonged serious illness left him is presenting a difficult problem to his physicians which they frankly acknowledge in this morning's official bulletin.

Five of the seven doctors who have been attending His Majesty signed this morning's report, which was more detailed, and although it recorded a rather disturbed night it announced some improvement in the king's appetite and that he is holding his own as to general condition.

The best that could be said of the king's condition was that if there had been no noticeable increase in strength at least there had been no diminution during the last three days. Meanwhile ultraviolet ray treatment was being continued.

The three elder sons, the Prince of Wales, the Duke of York and the Duke of Gloucester, each spent

\$500 by talking 97 hours, says she knows of no easier way to make that amount of money. She shared first prize with one Howard Williams in an endurance gabfest.

part of Christmas week in the hunting field. The Prince of Wales, who in the first days after his return to London never left the immediate neighborhood of Buckingham Palace, spent the week end in the hunting country near Melton Mowbray, more than 100 miles from London.

Queen Mary also ventured to leave the palace. Accompanied by the Duke of Gloucester and Prince George, she lunched at the Piccadilly residence of the Duke of York. These indications, together with the fact that only the regular physicians were in attendance during the day, were interpreted as signs that the royal family was content that there was no immediate danger.

## GILBERT TO TALK DAWES REVISION

PARIS, Dec. 31 (AP)—Seymour Parker Gilbert, Agent General for Reparations, was en route to the United States today and presumably he will discuss the forthcoming revision of the Dawes plan while in America.

Although it was announced one trip was primarily personal and that he would meet Herbert Hoover and inform him of the latest developments. Mr. Gilbert also might be consulted by the American state department but it has been said that he has absolutely refused to suggest the names of American experts for the reparations revision committee.
