

Johnson Ahead By Slim Margin Thousands Of Tanks Clash In Polish Area Select Contractor For Big Air School

Army Grants \$141,570 For More Facilities

Officers Select Site For Radio Range For \$4,500,000 Advanced Twin-Engine And Bombardier Training Center Here

A general contract for first construction work on the \$4,500,000 Army Air Corps Advanced Twin-Engine and Bombardier Training Center at Midland was awarded Saturday to Cage Brothers and F. M. Reeves and Sons, Inc., of Austin. It was a negotiated contract on a fixed fee basis.

The award was announced by Lieutenant Colonel L. H. Hewitt, U. S. Army Engineers, district Army engineer, at Galveston.

The contract calls for frame and wood siding or asbestos siding construction. O. C. Hallmark, representative of the contractors, will be here in a few days to make plans to get construction underway as soon as possible. Other officials of the company will be here during the week.

The naming of the general contractor followed approval by the War Department of the first construction program totalling \$2,370,052. This program calls for the following:

15 supply officers' club, 7 officers' quarters, 151-bed hospital unit, motor repair shop, theater, 6 warehouses, bomb sight storage building, parachute building, 3 hangars, 7 mess halls, chapel, 15 administration buildings, 2 recreational buildings, bomb trainer building, 3 link trainer buildings, guard house, utility shop, night lighting, railroad spur and 3 radio unit buildings.

Authorize More Construction Soon after the announcement of the contractor, the War Department authorized construction of additional facilities costing \$141,750 at the training center. The additional facilities include three school buildings, a photographic laboratory and utilities.

Bids for water storage tanks for the center were opened at Hewitt's office Saturday and referred for tabulation. Bidders and their bids follow:

Pittsburgh-Des Moines Steel Company, Dallas, \$52,520; Chicago Bridge and Steel Company, Houston, \$53,650.

The Army engineer's office at Galveston sent word to Mayor M. C. Ulmer that it would send a representative here Monday to complete the lease with the City of Midland for the 1,030 acres of land, including the Midland Municipal Airport. The Army will pay the city \$1 a year for the use of the property.

A group of Army men was here Saturday completing plans for the radio range for the big training center. In the party were Major N. D. Frost, Air Corps regional control officer of the Third Communications Region, Duncan Field, Texas; Major Bernard Case, Signal Officer of the Gulf Coast Air Corps Training Center, Randolph Field, Texas; Lieutenant Otis H. Halliday, assistant Corps Area Signal Officer, Fort Sam Houston, Texas; and Cleo Lawrence, Corps Area radio engineer, San Antonio.

Select Radio Site They selected a site about four miles west of the airport for the radio range station. The present radio transmitter and Army Airways Radio Control station will be used by the training center. It was approved by the Army officers as suitable and adequate for the needs of the school. The station is located east of the airport.

Miss Carlyn Cox Will Represent Midland At Stamford's Big Rodeo

Selection of Miss Carlyn Cox, daughter of Mr. and Mrs. Charlie Cox, Glascock County ranch family, to represent Midland in the Cowgirl Sponsors Contest at the Stamford Cowboy Reunion and Rodeo July 3-5, was announced Saturday by Chamber of Commerce officials.

Miss Cox has ridden a horse practically all of her life and is one of the best horsewomen in this section. She resides with her parents on the Cox ranch south of Midland in Glascock County.

Housing Survey To Be Made Quickly

The Midland Chamber of Commerce will make a quick survey to determine exactly how many houses, apartments and rooms of every kind and description are available here for men who will be employed in construction of the \$4,500,000 Army Air Corps Advanced Twin-Engine and Bombardier Training Center.

Contractors already are making inquiries concerning available housing in the city and the Chamber of Commerce wants to know the correct answer. If you have vacancies or can provide rooms telephone the Chamber of Commerce, (Phone 55), and tell it how many houses, apartments or rooms you can provide. This information is needed quickly.

Midland Must Be Patriotic

(An Editorial)

Unwarranted rent hikes and price increases are unpatriotic in times of National Emergency and Midland must never be guilty of profiteering when our country is doing everything within its power for National Defense.

It is the duty of every citizen to squeeze his quarters as much as possible to aid in taking care of the men who will build the \$4,500,000 Army Air Corps Advanced Twin-Engine and Bombardier Training Center here and the officers and men who will staff it on its completion.

Houses must be built, and they will be built. Apartments will be provided and trailer camp space arranged for the new residents. Officials and leading citizens are working out details through the Chamber of Commerce.

Let's provide the best available quarters for the men connected with the National Defense task in this time of Unlimited National Emergency.

Rumors are afloat that some property owners are hiking rents. Midland must show a true spirit. Keep rents and prices on a fair basis.

Midland owes a lot to the oil and cattle industries. It must not fail them during the National Emergency. They are both vital for defense and have aided in the progress of the community. Their men must be properly and adequately housed and there should be no profiteering at their expense.

Any person who profiteers during a period of National Emergency is unpatriotic. Our country has a job to do. Midland has a job to do. They will be done.

If rents or prices are jacked up beyond reason, our government will take action, but Midland is capable of keeping its house in order during these crucial times and will do so.

Russia Reports 4000 Locked In Luck Territory

German Losses Run Into Untold Numbers; Minsk Battle Favors Soviets

By The Associated Press In probably the greatest tank battle the world ever has witnessed, German and Russian steel monsters are clashing all up and down the front in former Poland, with 4,000 of them locked in mortal combat in the Luck sector alone, it was reported Sunday by the Russian information bureau.

In general, the Russian communique stressed that the German advance is being held up by this terrific defense, with Nazi losses running into high but untold figures. Particularly in the direction of Minsk, capital of White Russia which appears as a prime German objective, German tanks were halted, the Russians asserted.

The communique spoke of the Red Army inflicting important losses on the Nazis in rear guard actions while withdrawing to new positions, (See WARFARE, page 6)

Many Complaints Heard By City Officials Here

Complaints about sick horses, well horses, cows, flies, weeds, mice, rats, trash and other matters concerning public health have been pouring in on city officials in recent days.

Action is promised by the officials but they in turn ask cooperation of every citizen in safeguarding the health of the community.

Public nuisances must be eliminated, several officials commented as they studied appeals of various citizens. Heavy rains in recent months caused extreme growth of weeds and with this came more flies, bugs and rodents.

Precautions necessary to control the situation are promised. Property owners are urged by officials to promptly cut and dispose of weeds and trash. This will aid in curbing flies and bugs.

If property owners do not comply with the request, the city will see that weeds are cut and trash cleaned up. One official urged citizens to be sure lids are kept tight on trash and garbage cans.

Midland always has been known as a healthy community, he said. Proposals to bar the keeping of horses and cows near residences in the city are being studied by councilmen.

They said several nuisances have been reported. Sanitation measures have been ignored by some citizens, they were told. An investigation of specific cases has been started.

Gerald C. Mann Carries Midland

Midland County voters favored Gerald C. Mann for United States senator in the special election Saturday, giving the Attorney General 322 votes. Congressman Lyndon Johnson ran second with 284.

Gov. W. Lee O'Daniel was third with 262 votes and Martin Dies polled 236. Voting exceeded a predicted 1,900 total as 1,108 votes were cast. Sam Morris, Del Rio, Baptist, known as the "Voice of Temperance," got two votes in the county. Starl Newsome, Jr., anti-C.I.O., and for immediate declaration of war, polled one vote as did Joseph C. Bean, 66-year-old carpenter of Bay City, Texas.

Mann carried the city vote with 182 in precinct one and 122 in precinct five. He tied O'Daniel with 11 votes at Stokes box. Mann did not get a vote in the Stephenson community, precinct three.

Newsome and Bean got votes in precinct five, west Midland. Morris got his two ballots in the Warfield community, precinct four.

Takes Lead In Senate Race

Lyndon B. Johnson

Behind The Headlines

By Kirke L. Simpson The great task Hitler assigned to Nazi armies launched against Russia a week ago pales into insignificance beside what he simultaneously entrusted to Dr. Goebbels and his Nazi propagandist specialists.

Goebbels' experts were commanded to set about proving overnight to a stunned world that the two-year appearance of the Nazi lion and the Communist lamb lying down together was mere camouflage.

The lamb, the world is now told, was the real objective of the lion all the time.

That the Russian lamb happened to be a tempting morsel, rich in such vital war juices as oil and grain, is a mere happenstance in the Hitler-Von Ribbentrop-Goebbels.

(See HEADLINES, page 6)

War Branch May Seek Congress Declaration

WASHINGTON (AP)—Word circulated at the capitol Saturday that the war department wanted a congressional declaration of a national emergency and brought out immediate manifestations of opposition.

Such a declaration would permit National Guardsmen and selective service trainees to be kept in active service indefinitely, and would also lift the present restriction on the President's powers to send troops out of the Western Hemisphere.

New Dealer Closely Pressed By O'Daniel

Attorney General Gerald C. Mann Takes Third Place In Hard Fought Contest For United States Senate Seat

By Texas Election Bureau

DALLAS.—Incomplete and unofficial returns from 249 of the 254 counties, including 81 complete, gave the following:

- Johnson 163,491. O'Daniel 158,753. Mann 132,807. Dies 76,510. Bean 104; Calvin 44; Davis 154; Fisher 96; Gilliland 35; Harding 43; Hatfield 55; Head 47; Heath 29; Hicks 49; King 106; Morris 908; Newsome 40; Ryan 40; Schulz 40; Somerville 24; Thompson 90; Waller 17; Welch 23; Williams 53; Elvins 163; Jones 52; Brooks 39.

DALLAS.—Congressman Lyndon B. Johnson, who campaigned under the New Deal banner of President Roosevelt, was in the lead early Sunday in the hard-fought race for the United States Senate seat of the late Morris Sheppard, but the young representative was closely pressed by dimpled Governor W. Lee O'Daniel.

O'Daniel's strength increased as late returns from Saturday's special election poured in from rural sections and the outcome of the contest was still uncertain.

Late tabulations by the Texas Election Bureau of its copyrighted figures, showing incomplete and unofficial returns from 241 of the 254 counties of the state, put Attorney General Gerald C. Mann in third place. The totals from 70 of the counties were complete.

Congressman Martin Dies trailed lamely in fourth place. Of the other candidates, who received relatively few votes, Sam Morris of Del Rio, Baptist minister and radio advocate of liquor prohibition, made the best showing.

Johnson received a big vote in the larger cities but also ran ahead in many rural counties, particularly in Central and Southwest Texas. O'Daniel was running strong in the high plains.

Hear Returns From Mansion Johnson, weary from his strenuous campaign, went to Austin from Johnson City, where he voted, to receive the election returns. He made his last speech of the campaign Saturday in Johnson City where a holiday was declared in honor of the occasion. He plans to rest in Austin a few days.

The governor and his family heard election returns at the executive mansion. The Hillbilly boys were there to provide music for the crowd and members of O'Daniel's family were busy trying to see that their many friends had a good time. The governor read the returns.

Pretty Molly, the O'Daniel's daughter, was all over the place, accompanied by her fiancée, Jack W. Wrather, Jr., of Tyler.

Asked if he would appoint another intrin similar to succeed Andrew Jackson Houston, who died Thursday night, O'Daniel said he would have no statement on the subject immediately.

Reef Lime Discovery In Ward Flows 225 Barrels Of Oil And 216 Barrels Of Water On Official 24-Hour Gauge

By Frank Gardner, Oil Editor

West Texas' newest pool opener, Stanolind Oil & Gas Company No. 1 Spencer-Evans in Southeastern Ward County, flowed 225.6 barrels of 26-gravity oil and 216.7 barrels of water on official 24-hour Railroad Commission gauge terminated Saturday.

The test was taken through one-quarter inch choke on 2-inch tubing and gas-oil ratio was 285-1. No. 1 Spencer-Evans was neither shot nor acidized. It is producing from reef lime and is on a structure mapped and blocked by D. C. DeVito, Midland geologist, who turned part of his acreage to Stanolind for drilling the well.

Location of the strike is 467 feet from the northeast and northwest lines of the southwest half of section 53, block 34, H.&T.C. survey, two and one-quarter miles west of production at the north end of the Estes sand pool. The Stanolind well topped pay time at 2,925 feet and reached a total depth of 2,990 feet. The 5 1/2-inch casing was cemented at 2,910 feet.

Highest Ellenburger, lower Ordovician, yet found in the Abell pool of Northern Pecos County was encountered by Magnolia Petroleum Company No. 3 V. W. Crockett. The well logged first Ellenburger at 5,784 feet, datum of minus 3,395. Normal producing formation of the pool is Simpson sand of the middle Ordovician. No. 3 Crockett topped the Simpson at 4,740 feet but showed faulting of that member at 5,191 feet. At last reports it was coming out with core from 5,800-12 feet. A core from 5,788 to 5,800 had returned 12 feet of Ellenburger dolomite showing nothing. The well is located 330 feet out of the northeast corner of lot 9, section 41/2, block 3, H.&T.C. survey.

One-half mile farther northeast, Magnolia No. 1 J. F. McKee, indicating first Ellenburger production for the pool, is showing a little gas while swabbing acid load. The test is in a fault plane, having topped a faulted Ellenburger at 4,808 feet, then going back into Simpson some 45 to 55 feet deeper. It went into normal Ellenburger at 5,914 feet and logged pay from that point to total depth of 5,940, showing oil on drillstem test.

Stanolind and George T. Abell of Midland No. 1 Meyer-Logan Unit, second Permian producer in the Conry shallow area several miles east of the Abell pool, is standing after cementing 5 1/2-inch casing at 3,729 feet with 500 sacks. Present total depth is 3,747 feet, where the well showed for production in drillstem test. It will be cored (See OIL NEWS, page 6)

Siamese Twins—Power, Responsibility

Eleven million Americans are now members of labor organizations. That is not only a far greater number than ever before, but it is a higher percentage of the whole number of workers; about 22 per cent of the estimated 50,000,000.

The measure of that growth is seen in the fact that in 1910 only a little more than two million workers were organized, just above 8 per cent. In 1920 the nearly five million organized workers were just above 17 per cent of the total, which percentage had dropped off to nine in 1930.

This is a momentous change. It means a tremendous concentration of power, economic and political, in the hands of organized workmen.

When there is power, there must be responsibility for the use of that power. A thousand years of history and much blood have been poured out in the effort to make political rulers responsible to the peoples they rule. Blood still flows in that unceasing struggle.

All who exercise power of any kind must be responsible. As Disraeli emphasized, "... all power is a trust ... we are accountable for its exercise ... from the people and for the people all springs. ..."

The labor leader is a trustee of power. He is responsible for its use not only to the members of his own organization, but to all the people. In precisely the same way, the industrial manager is responsible, not only to his owners and stockholders, but to all the people. Whence come the right to hold and own the property in the first place? From all the people. Whence came the laws and the social outlook which permitted unions to organize to their present high peak? From all the people.

The time has passed when any man can run his business without giving ultimate consideration to the wishes and welfare of all the people. And the time has passed when a labor leader can run his union without giving ultimate consideration to the same thing—the wishes and welfare of all the people.

The more thoughtful leaders of both the A. F. of L. and the C. I. O. are looking gravely on their recent victories in organizing workers. They know that with the victory comes the burden, and with power comes responsibility.

To anyone who holds power in trust may come a day when it will be asked of him as it was of the steward in the parable: "How is it that I hear this of thee? Give an account of thy stewardship; for thou mayest be no longer steward."

Buy Defense Bonds

When The Reasonable Is Unreasonable

When a man owns property, the presumption is that he need part with it only on terms which he believes reasonable in view of his own needs and the inducement offered.

The great resources of the world's natural wealth are perhaps not quite on so simple a basis. Any reasonable person would agree that it is wrong for any people to sit on indispensable quantities of the world's resources and to deny them to other peoples. One of the world's needs is some means of better distributing and making available the raw materials of the world.

The pitiful part of it is that the basis for such a reasonable solution has been destroyed, and destroyed by the very people who stand to profit most by such a solution. Japan's "demands" on the Dutch East Indies for a share in the exploitation of the riches of that region are quite reasonable on their face. They want to provide entry of Japanese ships to East Indies ports, coastwise navigation privileges, fishing privileges, and the like. Entirely reasonable, but—

Unfortunately, over the past 10 years Japan has destroyed the reputation of her people as willing to confine themselves to these legitimate and reasonable objectives. Does not the world know what Japanese business men do in a strange country beside business? Does it not know what Japanese ships and fishing vessels do in strange waters beside fish?

Is anyone ignorant of what citizens of Hitler Germany do in foreign lands beside what the rest of the world considers legitimate business? When every drummer, every fisherman, every consul, every traveler, is an agent for international revolution, for government spying, for domestic intrigue and the sowing of dissension, then business is no longer business.

That is the tragedy.

Representatives of totalitarian powers have long since proved that no one can trust them to be what they seem to be, to carry on simply the business they say they wish to carry on.

That is why demands, reasonable on their face, are not really reasonable or even tolerable, and must be refused.

The Factories At Night

Shortages In American Industry Is Coming Home, Affecting Everyone From Grandfather To Granddaughter

By Peter Edson
The Reporter-Telegram
Washington Correspondent

WASHINGTON—This matter of shortages is beginning to trickle down. At first, the big orders on priorities seemed to affect nothing more petite than a box car but substitutes are beginning to appear for other things and there will be more of the same as time goes on. Pretty soon you won't recognize yourself.

Take sporting goods. They seem about as far removed from defense materials as anything you might mention, and therefore one of the least likely to be affected.

The very remoteness of sporting goods from defense materials, however, makes them among the first things where substitutions must be made. Sporting goods are classified as luxuries in war time and if any savings can be made in consumption of aluminum, steel, leather, rubber and brass, the sporting element will be the first to feel the pinch.

If the rings on your ski poles are made of aluminum, hang onto them for they are definitely pre-war. In the future these rings will be made out of rattan.

If you're horsey and your favorite polo pony won't take anything but an aluminum bit or won't respond to any digs in the ribs from anything but aluminum spurs, you'll probably have to send the critter back to be rebroken, for spurs and bits will hereafter be made of steel, which was, after all, good enough for the old gray mare.

Rations For Footballers
Football coaching will require an entirely new school of Pop Warners, for leather helmets and shoulder pads are out. They'll be made of fiber and that will naturally alter the tactics of the double wing back and razzledazzles. Even the in-soles on athletic shoes will be fiber instead of leather. Pigskins will still be pigskins for a while but they will be inflated by pumps of steel, instead of brass.

If gasoline becomes so scarce you decide it's better to ride to work on a bicycle, reconcile yourself to getting a model which will have lights and horns made of enameled steel, not nickel.

Even your yacht will have to be a little less fancy. Boat whistles are to be made of plastic instead of brass. The flagpole sockets, bow and stern handles will be malleable iron instead of brass. The place won't seem as much like home with these substitutions, and if the chrome trim is taken away too, you might just as well invite your friends to spend a weekend on a barge. But, like the courageous Britons, you must learn to do without, but bear up bravely under such hardships.

Production for defense is even stepping in to disrupt your vacation plans, and if you are getting new equipment, you may find the top on the picnic thermos jug made of plastic instead of aluminum, while the new model camera cases will have plastic instead of aluminum boxes.

President Has Quiet Weekend At Home But Eyes Senate Election

By Douglas B. Cornell
HYDE PARK, N. Y. (AP) —

President Roosevelt spent a quiet, diversified Saturday at his country home disposing of business that always stacks up near the end of the government's fiscal year, consulting Washington officials by telephone on the international situation, and keeping an interested eye on the special senatorial election in Texas.

Several bills which had to be signed before the end of the fiscal year at midnight Monday were approved by the president. More were expected to arrive by airplane from Washington, including a \$10,384,821-624 War Department appropriation, and as congress finished action on them.

Signed Saturday were measures which:
Extend the life of the Federal Housing Administration from July 1, 1941, to July 1, 1944 and increase the limits of its insured loans from \$4,000,000,000 to \$5,000,000,000 for new construction and from \$100,000,000 to \$165,000,000 for modernization and repair.

Appropriate, for expenses in the year beginning Tuesday, \$21,822,467 for the State Department, \$179,009,100 for the Commerce Department, \$66,307,500 for the Justice Department and Federal Judiciary and \$188,325,923 for the Interior Department. In addition, interior received authority to make contracts up to \$16,675,000.

Scharbauer To Have Entry In Pecos Show

The Scharbauer Cattle Company will have an entry in the cutting horse contest of the 12th annual Pecos rodeo, July 3-4.

Afternoon and night shows will be held each day. E. E. Harrington is rodeo chairman. Contests are slated in: Bronc and bull riding, calf and steer roping, horse cutting, steer decorating, bulldogging, team tying, girl's matched roping, and others.

Prize money totaling more than \$2,000 will be given.

Variety Club Is Good Fairy To 750 Youths At Bell County Camp

By Walter R. Humphrey
(Written for The Associated Press)

In an idyllic setting just west of Belton in Bell County, 750 underprivileged and undernourished boys are being rehabilitated this summer.

They are all Dallas youngsters, seven to 12 years old, and their good fairy is the Dallas Variety Club, an organization of amusement men who came down almost en masse June 15 for a father's day program which 75 boys, the first shift, dedicated to their principal benefactor, R. E. Griffith.

Back in 1939, Griffith, owner of a string of Texas theaters, spent \$25,000 for one of the most beautiful spots in Texas and gave it to the Variety Club for this charity enterprise.

The club spent an additional \$25,000 for equipment, cabins, mess hall, gymnasium and maintenance, and for three years now has been sending down an eager and hungry bunch of Dallas youngsters for two weeks of camp under the direction of Dallas Athletic Club Physical Director Marshall Brown, an annual summer leave to do the job.

The camp has been a tremendous success, far beyond the dreams of its sponsors.

The boys fish, hike, swim and play games every day. They have a council fire in the woods Friday nights, and there they are cited for good sportsmanship and good Americanism.

In the evenings picture shows in the gymnasium are their chief entertainment.

But they have boxing, games of a dozen sports, and occasional trips into Belton (just a mile) where the city entertains them at the municipal natatorium.

Two weeks they get of this summer camp, and then their busses take them back to Dallas and another crop comes down. The kids gain from five to 20 pounds during that two weeks period, and the main reason is that there's no limit on the supply of milk. They can have all they can drink.

Mustangs Team Wins Two Tilts

The Mustang boys' Club won a softball double-header in Odessa, walloping a boys' team, 27-17, and trouncing the Merchants Girls, 12-3.

The victorious club included, Paul Smyers, Tom Tisdale, Jimmy Watson, Red Roy, Odie Kelly, Ivan Hall, Thomas Flournoy, Charles Forrest, Ula Tisdale, and Capt. E. G. Foster.

Senators Field Well And Defeat Red Sox

WASHINGTON, (AP) — Bill Zuber scattered nine Boston blows and received some flashy support from the Washington infield Saturday as the Senators defeated the Red Sox, 3 to 1. It was Washington's second straight win over the Red Sox.

The score:
Boston 000 100 000—1 9 2
Washington 120 000 000—3 11 0

Roadside Shooters Kill Midland Stock

The sheriff's department Saturday warned "roadside shooters" to stop firing when stock was in sight.

At least three head of cattle and other stock have been found shot and killed on roadsides in Midland County.

Two cows from the S. O. Golladay place on the Garden City highway were killed. Andrew Fasken reported a cow had been shot from his stock.

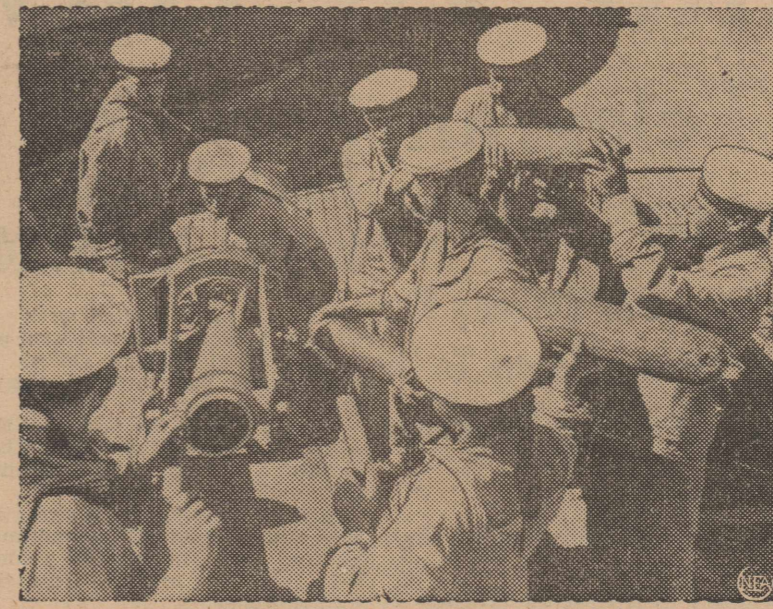

Russia Rallies Army, Navy And Civilians To Repel Lightning Invasion

MILITARY QUESTION MARK—Anti-aircraft gunners of the Red Army man a multi-barreled anti-aircraft machine gun as "enemy" planes approach—a few of the millions of Soviet men who recently took part in huge tactical maneuvers. How many men Russia, fully mobilized, can bring to the front, and how many modern weapons she can equip them with, remain military question marks.

PREPAREDNESS PARADES—Before the Nazis bombed Kiev, Ukrainian capital, these Soviet air raid precaution workers marched through its streets in preparation for such an eventuality. The city was darkened by practice "black-outs." But when the Nazi Luftwaffe struck with sudden fury, killing or wounding hundreds of people, Kiev was caught unprepared—with its lights on.

SOVIET SEA POWER—As Rumanian forces battle the Russians on land, the little-publicized Black Sea fleet of the Soviet Union fights back at its foe by sea. Above, Soviet sailors on the 32-year-old battleship Paris Commune, modernized during the past few years and armed with the newest technical equipment, take part in artillery practice with light-weight dummy shells.

Young People's Meeting To Be At Christian Church

The young people's Fifth Sunday interdenominational meeting will be held Sunday evening at 6:30 o'clock at the First Christian Church in connection with the adult-youth service.

The Rev. W. C. Hinds of the First Methodist Church will bring the chief talk.

The young people's orchestra of the First Christian Church will play. Young people of the various churches, as well as adults, are invited to be present.

Construction In Midland Passes \$200,000 Mark

Construction in Midland for 1941 soared over the \$200,000 mark last week when permits authorized maintained a steady clip and \$9,850 worth of building was recorded including a \$4,300 business house.

W. E. King and J. V. Gant received a permit to build a \$4,300 steel-tile-stucco business house at 305 West Wall St. It will be a sandwich shop. The building was approved Wednesday by the city council.

Floyd Pace will build a frame lumber structure for a dwelling at 1107 West College in the West End Addition. It will cost \$2,750 and includes a one-car garage, attached.

Total is \$207,800.

Also in the West End addition, E. P. Kenner will build a dwelling at 1107 West Kentucky at a cost of \$2,500. The home will be 28 by 27 1/2 feet and the permit includes a one-car garage, detached.

Freddie Sims will construct a boxed lumber structure at 211 N. Avenue C in the Moody Addition at a cost of \$200.

Jose Rangel was issued a \$100 permit to build a boxed stripped structure in the Moody Addition. It will replace a home damaged by flood waters.

The \$9,850 total brought the year's building to \$207,800.

Senators State Soviet Aid Will Cost Big Amount

By William B. Ardrey
WASHINGTON (AP) — Several senators differing on general foreign policy agreed Saturday that any substantial American aid for Russia would necessitate a multi-billion-dollar increase in the present \$7,000,000,000 lend-lease program and appropriation of large new sums for armament plants.

At the same time, there was speculation in congressional quarters that the administration might soon ask additional money for the lend-lease program. President Roosevelt has promised all possible aid for Russia in fighting Germany.

Says Congress Will Aid
Senator Byrd (D-Va.) told reporters he had heard rumors that more lend-lease money would be asked, but that he did not see how much aid could be given Russia. This country, he declared, "is not producing enough military equipment for its own needs and those of Great Britain."

Senator Pepper (D-Fla.) said "Congress will give the President any reasonable sum" and added: "If we don't spend \$5,000,000,000 or so to stop Hitler in Europe now then it will cost us five to 20 times \$5,000,000,000 to stop him later."

Lea County, N. M. Adds New Oil Pool

HOBBES, N. M.—Highlight of New Mexico developments Saturday was the opening of a new area in Western Lea County three and three-quarter miles east of the north end of the Halfway pool.

The discovery well is Harry Leonard and Van Welch No. 1 State, located 660 feet out of the north-west corner of section 18-20s-35e. The strike encountered showing of oil in white dolomite from 3,098 to 3,102 feet, the total depth, and filled 200 feet with oil the first hour. It had 2,000 feet of oil in the hole at the end of 48 hours. At last reports owners were running 7-inch casing preparatory to testing the well.

Richmond Drilling Company of Midland, Texas No. 1 Shell Oil Company, Inc.-State, Lea wildcat four and one-half miles west of the Vacuum pool and the same distance east of Maljamar production, is drilling below 3,510 feet in anhydrite. With elevation of 4,146 feet it logged base of salt at 2,590 feet, indicating favorable structural position. The test is in section 22-17s-35e.

Brown Test Shutdown
Depth of 4,300 feet in lime has been reached by Fullerton Oil Company No. 1 State, Western Lea wildcat seven miles north by northeast of the Maljamar pool. It topped the lime at 4,240 feet, 16 feet below sea level. Location is 1,980 feet from the south and 660 from the east line of section 18-16s-35e.

J. W. Brown, Inc. No. 1 State, wildcat eight miles northeast of nearest production in the Vacuum pool of Lea, is shut down for orders at 5,507 feet in lime, seven feet past second contract depth. It was deepened an additional 200 feet below original contract of 5,300 feet. A core from 5,303 to 5,320 feet returned 16 feet of lime carrying fair porosity and good saturation from 5,303 to 5,307 feet. However, a 35-minute drillstem test from 5,279 to 5,338 feet showed rise of 165 feet of drilling mud only. Last core, from 5,445 to 5,463 feet, returned 18 feet of dense, dry lime. The test is in the center of lot 11, section 4-16s-35e.

D. D. Thomas (formerly J. D. Barefield) No. 2 Strump, Western Lea wildcat 1,980 feet from the north and east lines of section 12-18s-32e, was abandoned a failure at total depth of 4,500 feet in anhydrite and lime.

Big Gasser Gauged
In the South Lovington pool of Lea, Stanolind Oil & Gas Company No. 6-E State, Tract 18, was completed for natural flow of 167 barrels of oil in 24 hours through 12/64-inch choke on 2-inch tubing set at 4,990 feet. Gas volume was estimated at 100,000 cubic feet per day. The well topped pay at 4,618 feet and is bottomed at 4,990 feet in lime. It is 1,980 feet from the north and 660 from the west line of section 1-17s-35e.

The same firm's No. 7-A C. M. Farnsworth, in the Rhodes area of extreme southeastern Lea, was completed as a gasser, gauging 29,870,000 cubic feet of sweet gas daily. Location is in section 18-26s-37e. It entered the gas horizon at 2,975 feet and halted drilling at 2,986 feet in sandy lime.

Short north outpost to the Maljamar pool in Western Lea has been staked by Phillips Petroleum Company as its No. 1-B Maljamar Oil & Gas Company-State, 1,980 feet from the south and 660 from the west line of section 16-17s-32e.

Grayburg Widened
New completion for the Barber pool of Eastern Eddy County is Neil E. Wills and associates' No. 4-C F. G. Keyes, in section 15-20s-30e. It pumped an average of 17 barrels of oil per hour on an eight-hour test of natural production. The well is producing from one foot of sandy lime between 1,489 and 1,490 feet, total depth.

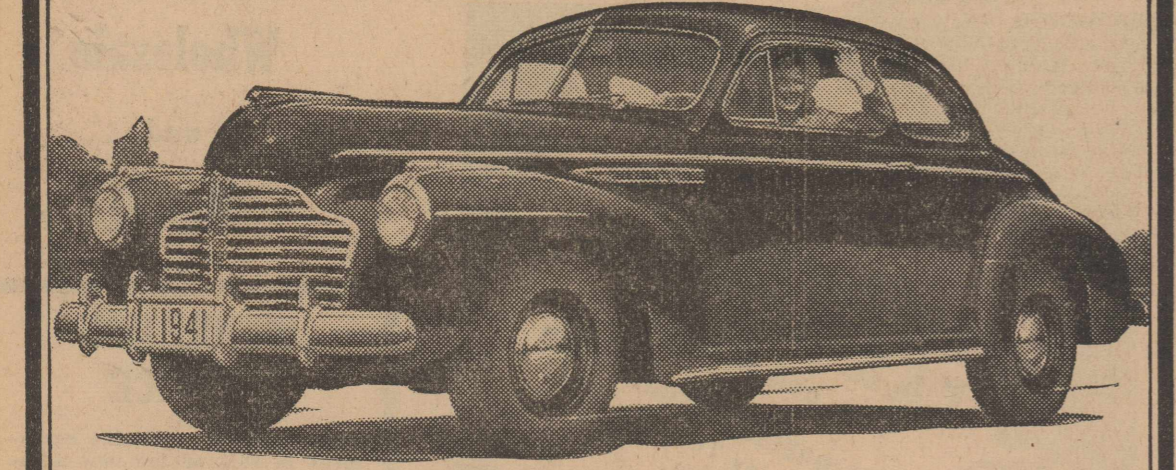

Dandiger Oil & Refineries, Inc. No. 2-B Turner, 660 feet out of the southwest corner of section 17-17s-31e, extended the Grayburg pool of Eastern Eddy a short distance east when it flowed 14 barrels of oil hourly through open 2-inch tubing set at 3,437 feet. The well topped pay at 3,378 feet and is bottomed at 3,437, plugged back from total depth of 3,448 feet in lime. It was acidized with 1,000, 2,000 and 1,000 gallons in successive stages.

North extension of the Grayburg pool will be sought by Etz Oil Company in No. 7 State, 2,310 feet from the north and east lines of section 16-17s-30e. In the Grayburg pool proper, Murchison & Clossuit will drill No. 2 Foster 1,650

Home-Stretch Spurt Any Time You Say

PLENTY of men can run a mile around a cinder track.

But those who win races—and championships—are the ones who can turn on the plus when it's needed.

Probably that's why you hear so much these days about Buick's exclusive Compound Carburetion.

It gives you an engine that will cruise right along with the distance runners and pile up plenty of miles for your gasoline money.

But any time you want plus-performance—a home-stretch spurt—just step down on the gas treadle.

Instantly, you send an extra carburetor into action. You step up the

supply of both gasoline and air—and virtually give yourself a bigger engine to get you places in a hurry.

That means thrills—plenty of them.

It means, also, efficiency—proper use of every drop of fuel without useless waste.

It bears out the Big Point about this 1941 Buick—that on size, style, comfort, room and ability, it's far and away the top value of the year.

To see how true that is, just go size one up against the low delivered prices your nearest Buick dealer is asking.

\$930
for the Business Coupe (illustrated above) including Compound Carburetion.

Pope Pius Prays Before Broadcast

VATICAN CITY (AP)—Pope Pius XII prayed at the tomb of St. Peter Saturday night on the eve of a radio address to the world in which he was expected to make known his views on the war the Axis is waging against Soviet Russia.

The Osservatore Romano, a Vatican City newspaper, said the Pontiff would "expound his views on the subject of divine providence in human events."

Nothing came from official circles to suggest what the Pope would say, but the Vatican's concern over Atheistic Communism and the danger of its spreading over Europe, if not the world, has been expressed many times.

The Pope is expected to talk in Italian for 20 minutes at 12:30 p. m. (4:30 a. m. Central Standard Time) in his world broadcast over Vatican radio. Translations in English, Spanish, German, French, Polish, Dutch, Hungarian and Portuguese are to follow.

Midland To Have Big Baseball Tournament

Reporter-Telegram Will Sponsor Meet

Payne Will Manage Semi-Pro Tourney For West Texas And New Mexico Teams To Be Played On Four July And August Weekends

By Tanner Laine

Baseball is coming back to Midland! The Midland Reporter-Telegram will sponsor the first annual baseball tournament here on four successive weekends—July 25, 26 and 27; August 1, 2 and 3; August 8, 9 and 10; and August 15, 16 and 17.

Twenty-five or thirty West Texas and New Mexico teams are expected to enter, Jim Payne, tournament manager, said. Entries are open to any club not a member of organized professional baseball. Entry blanks will be mailed to Denver City, Seagraves, Wolfthorpe, Lubbock, Sundown, Artesia, N. M., Carlsbad, N. M., Plainview, Pecos, Marfa, Fort Davis, Goldsmith, Odessa, Big Spring, Texon, Hamlin, Abilene, Camp Barkeley, Stanton, Colorado City, Snyder, Ackerly, and Anson.

Four winners will receive money awards. The tournament winner will receive \$150 or 30 per cent of gross gate receipts. The runnerup will get 15 per cent of the receipts. The third place team 7 1/2 per cent, and the fourth place team 2 1/2 per cent.

A wrist watch will be presented to the most valuable player in the tournament and the sponsor of the tournament winner will receive a trophy.

Entry Blanks To Payne.

Four or five West Texas teams have notified Payne, they would compete.

The double elimination system will be used. Two defeats will eliminate a team. Each team will be allowed 16 players including a playing manager. If the manager directs from the bench, the team will be allowed 16 players.

Tournament entry blanks should be mailed to Jim Payne, Box 1591, Midland, Texas. The entry fee is \$5. This will not be returned but each team will receive 15 baseball tickets usable in any game.

Baseball scouts will be invited to attend the tournament. West Texas-New Mexico League scouts are expected to be present.

Midland will enter a team.

Midland-Odessa Baseball Game Begins At 4 P. M.

With its most spirited week of training behind, Midland's semi-pro baseball team engages Odessa at the baseball park here at 4 p.m. Sunday.

The tilt will be the second of the season for the Midlanders. They dropped a 4-9 decision to Goldsmith last Sunday.

Odessa's team has been strengthened and Midland will depend on a hustling group of baseball youngsters, including recruits from the softball league.

The Odessans are managed by Hi Haven and Walter Butler. Their probable starting lineup will include: Butler, c; Herbert Wright, 1b; George Hillier, 2b; Johnny Terry, ss; John Reynolds, 3b; Roland Johnson, lf; Red O'Keefe, cf; Allen, rf; and Leonard Rose, Haven, or Lefty Shelton, pitchers.

Midland has Bobby Walker, p; Willis, 3b; Grimes, cf; Hensley, cf; Jim Maedgen, c; Mack Webb, ss; Hardin, rf; Jay Hart, 2b; Val True-love, lf; Van Edd Watson, 1b; Jess Hart, rf.

Jim Payne is manager.

Airport Gang Plays For Wilsons

One of the scrappiest teams of the city league is Wilson Dry Goods ten. It is composed of players from the Air Corps unit at Midland Municipal Airport. The team includes (above, left to right): Smith, outfielder and manager; Walton, 1b-outfielder; Gregory, lf; Harrison, c-ss; Carter, p-1b; McKee, rf; Crump, 2b; O'Shea, 3b; Hicks, p-ss; Huxtable, outfielder; and Warren, c.

Texas Company Defeats Wilson In Makeup Tilt

The Texas Company corralled Wilson Dry Goods, 12-7, in a makeup city softball league fracas Friday night.

Jess Hart parked a homer for the winners, Beatty, Texas, and Walton, Wilson, hit triples and Warren, Wilson's and Cagigal, Texas, knocked two-baggers. Carrol hit three for four for Texas.

The Texans unrolled a new pitcher in E. Bizzell. Huxtable and Hicks pitched for Wilson's. Cagigal, normally a cracker-jack infielder had his fun as an outfielder for Texas. He fielded brilliantly.

The box score:

TEXAS COMPANY					
Player	AB	H	R	E	PO
Cagigal, 2b of	2	2	2	0	4

Louisiana Net Star Is National Titlist

COLUMBUS, O. (AP)—Earl Stewart, Louisiana State's red-haired 150-pound junior, climbed to the National Intercollegiate Golf Throne Saturday, firmly grasping as a scepter the magic putter with which he won the right to rule.

Ripping two strokes off par, the straight-shooting kid from Dallas turned in a 3 and 1 victory over Ray Brownell, six-foot three-inch Stanford sophomore, in the 36-hole championship match to succeed F. Dixon Brooke of Virginia.

Benjamin Singles In Phillips Winning Run

NEW YORK. (AP.)—Stan Benjamin's single with two out and two mates on base sent a run across in the 12th inning Saturday to give the Phillies a 3 to 2 overtime victory over the Giants.

The score:

Philadelphia	000 020 000—3 10 0
New York	001 100 000 000—2 11 1
Blanton, Hughes and Warren, Livingston; Wittig, Brown and Danning.	

Mrs. Stacy Loses In Women's Meet

Mrs. F. A. Stacy, Midland, playing in the second flight of the West Texas Women's Golf Association tournament at Wichita Falls, lost to Mrs. K. N. Greer, Cisco, 1 up in 19 holes in a semi-finals match.

She won over Mrs. L. W. McCrory, Wichita Falls, by default in the second round.

Braves Beat Higbe And Brooklyn, 3-2

BOSTON. (AP.)—The Braves snapped Kirby Higbe's four-game winning streak and the Brooklyn Dodger's six-game victory run Saturday by shoving two runs across in the sixth inning to whip the Dodgers 3 to 2. Carvell Rowell's homer produced the deciding runs.

The score:

Brooklyn	000 200 000—2 8 1
Boston	100 002 00X—3 7 0
Higbe, Brown and Franks; Erickson and Berres.	

Straughan, Adamson Turn In Good Pitching Performances And Mackey's Club Ball To Feature Week's Games

Tight pitching by H. L. Straughan, Independent tosser, and Big Jim Adamson, Mackey Motors flinger, and heavy hitting by the Macks featured city softball league play last week.

Straughan and Adamson pitched three hit tilts. Straughan cuffed The Texas Company team, 5-2, and Adamson limiting the Independents to three hits in a 13-1 set-to.

The kingly Mackeys started the week by trouncing Wilson Dry Goods 21-6 with a 11-run inning. They came back Wednesday night and routed the Independents 13-1 with Jim Maedgen the hitting star and Adamson pitching almost shutout ball.

The Independents with Straughan on the mound bested Texas Company 5-2 Tuesday night but lost Wednesday to Mackey Motors 13-1. Games Start At 7 p.m.

Texas after dropping the close one to the Independents retaliated at the expense of Wilson's Friday night, 12-7.

Merchants Girls proved better than John P. Howe by a score of 16-6 but the "Girls in Blue" beat Central Pharmacy 30-23. Southern Ice added a win over Central 13-10 after dropping one to Sewell Motors, 7-24.

Rule changes were made by league officials. First games will begin at 7 p.m. and the second tilt at 8:30 p.m. Sewell Motors and Merchants Girls, Odessa team, must forfeit one game per week. They divide the schedule. Girl's teams now play 5-inning games.

No games will be played Thursday night because of the July 4th holiday.

The week's schedule: Monday night—Central vs. Sewell, 7 p.m. and Texas vs. Mackey, 8:30 p.m.; Tuesday night, John P. Howe vs. Southern Ice, 7 p.m.; and Independents vs. Wilson Dry Goods, 8:30 p.m.; Wednesday night—Merchants Girls vs. Southern Ice, 7 p.m. and Independents vs. Texas Company, 8:30 p.m.

League officials posted the official standing:

Team	W. L. Pct.
John P. Howe	5 2 .714
Merchants Girls	4 3 .571
Sewell Motors	3 4 .429
Central Pharmacy	0 6 .000

Team	W. L. Pct.
Mackey Motors	3 0 1.000
Texas Company	5 3 .625
Independents	3 5 .375
Wilson Dry Goods	0 8 .000

Willis Mackey, passed Watson, Independent, in runs scored. The chunky third baseman has scored 15 to Watson's 14. Other leading run getters are: Hensley, Mackey, 13; Hart, Texas, 12; Hageman, Mackey, 11; and Warren, Wilson's, 11.

Hageman leads in hits with 14. Other totals include: Hart, Texas, 13; Hensley, Mackey, 11; Crites Independents, 11; and Brady, Texas, 11.

Webb, Independents; Hageman, Mackey; Cagigal, Texas; Warren, Wilson's; Carroll, Texas; and Hardin, Mackey, are leading in two-base hits.

Warren of Wilson's and Hardin and Hageman, Mackey, are three-base hit leaders.

Home run hitters include: Hart, Texas, 3; Jones, Texas; Maedgen, Mackey, and Hageman, Mackey, one each.

Mrs. Ball Keeps West Texas Title

WICHITA FALLS. (AP.)—Mrs. J. H. Ball of Wichita Falls retained her West Texas Women's Golf championship Saturday when she defeated Mrs. P. C. Roeborn of Fort Worth, 3 and 6, in the 36-hole finals at the Wichita Falls Country Club.

The challenger's usual iron and putter wizardry virtually deserted her throughout the match.

Mrs. Ball, tournament medalist with a seven-over-par 84, was 8-up for the morning round.

Other flight finals: First flight championships—Mrs. Harry Stallcup, Big Spring, defeated Mrs. Ted Huestes, Abilene, 1 up, in 19 holes. Second flight Championship—Mrs. K. N. Greer, Cisco, defeated Mrs. C. C. Dillon, Odessa.

First flight consolation—Mrs. Cliff Widener, Lubbock, defeated Mrs. H. P. Leadford, Wichita Falls, 1-up in 24 holes.

Second flight consolation—Mrs. Dean Culp, Stamford, defeated Mrs. O. C. Dickson, Wichita Falls, 4 and 2.

Russian Success In War With Hitler Will Depend On Mastery Of Modern Army Methods

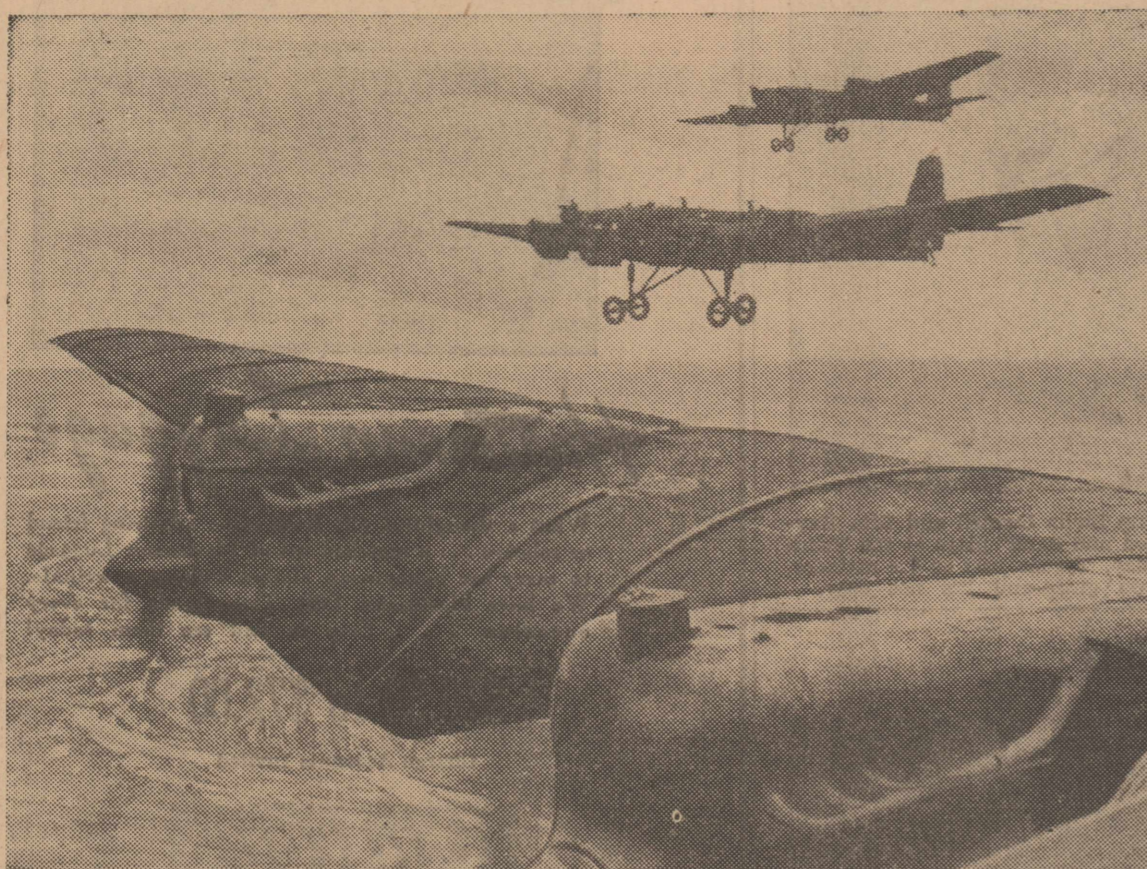

Experts Say Soviet Was Not As Bad As Finnish War Showed

By Thomas M. Johnson
NEA Service Military Writer
WASHINGTON.—The success or failure of the Soviets' resistance to Hitler's legions may depend upon how well the once mechanically clumsy Russian has mastered the martial gadgets of the modern age—planes and tanks and trucks and all things that are made of metal and run by motors.

All that is known for certain about the Red Army is that it is the largest, numerically, in the world. But how good are the steel and the workmanship in its tanks, how up-to-date are its first-line planes, the quantity and quality of its artillery, the full extent of its mechanization—these are dark mysteries that now will be lit up in flashes of Nazi lightning.

In short, the world is about to find out what Russia has got. "Not much!" was the popular answer after the Finnish war. The Red soldiers seemed to be beaten black and blue until the mere task of beating them tired out the Finns. But today military opinion generally agrees that was a superficial answer.

Truth is that the Russians tried a quick, slap-up job like the Italians in Greece. That failed. But unlike the Italians, the Russians kept coming—and above all, fighting.

ing. **Army Understood**
American military observers noted that when the Soviet army finally had assembled its really good troops and sufficient equipment, it showed it could learn how to use them. And not merely in blind mass attacks, but with constantly improving tactical judgment. No sooner was a Russian error apparent than the

Russians corrected that error. The Red Army's officer corps showed a rather surprising open-mindedness when it is recalled that one-third of them—some say the best third—had lately been purged, and of the remainder another third could barely read and write!

The Finnish war ended, the Soviet leaders confirmed that they understood their weaknesses by three steps:

1. They fired the political commissars who had cramped their style and established a sensible non-commissioned officers' system.
2. They passed the biggest military budget in Russia's history.
3. They began immediately to spend it on more and better equipment and more training for more troops.

Large Quantity Men and Equipment
Today Russia probably has available against Germany, Finland and Rumania 170 big 26,000-man divisions, backed by 10,000,000 trained reserves. There are 22 cavalry divisions and 12,000 tanks partly attached to infantry, partly grouped in an armored force that may equal or exceed the Nazis' in quantity if not in quality. The Finns found some of the Russian tanks very modern but others showed poor steel and poor workmanship, which is true of not a little Russian equipment. That includes some airplanes. Russia makes them largely after other countries' blueprints, although she has a new fighter that looks good. But neither this plane nor any other brand-new Russian model was used against Finland, which was badly bombed with second-line planes. These were too slow to do much against the Messerschmitts. And unless Russia has some bomber far superior to anything she has shown thus far, the golden opportunity to attack eastern German industries which the RAF cannot reach may be lost.

Russia is credited with at least

5000 first-line planes and ample pilots, who looked good in Spain and Finland. Russia originated parachute troops and is supposed to have 100,000.

Nazi strategy is expected to go right after the Caucasus and the Ukraine, not only so that Hitler can have the oil and the wheat but so that Stalin can't. He might get along without the wheat, but hardly without the oil. Lacking it he not only cannot fight, but his collective farms cannot gather their produce.

That is why Russian troops are massed in the Ukraine, to withstand the envelopment plan drawn up long ago by Germany's unknown genius of World War I, General Hoffmann. That is why Moscow recently announced that its large air concentration there was "to spray the wheat crop."

If Hitler confines himself to Ukraine wheat and Caucasus oil he not only gains those two commodities and steps into Asia Minor, but he also avoids the Napoleonic error of which Molotov warns, of taking on the whole of Russia. Also, here again he may be aided by a Fifth Column of Ukrainians he has long trained for the purpose. And per contra, a Russian counter-thrust into Poland or Czechoslovakia would probably find underground support.

Errors Aid Bruins In Defeating Bucs 3 To 2
CHICAGO (AP)—Errors helped the Chicago Cubs to 3 to 2 victory over the Pittsburgh Pirates Saturday. The Bucs got to Vern Olsen for 11 hits, including Vince DiMaggio's ninth homer but Olsen maintained strict control in the pinches.

The score:
Pittsburgh.....000 100 100-2 11 2
Chicago.....000 100 20x-3 7 0
Butcher and Lopez; Olsen and George.

McQuinn Hits Winning Run Across For Browns
DETROIT (AP)—A homer by George McQuinn with Jack Kramer on board in the tenth inning gave the St. Louis Browns a 3 to 1 victory over the Detroit Tigers Saturday after Buck Newsom had wild-pitched the tying run home for St. Louis with two out in the ninth.

The score:
St. Louis.....000 001 001 2-3 6 1
Detroit.....000 100 000 0-1 6 0
Kramer, Niggeling and Ferrell; Newsom, Benton and Sullivan.

REACHES AGREEMENT AT CHEMICAL PLANT
WASHINGTON (AP)—Dr. John R. Steelman, head of the labor department's conciliation service, said Saturday night a tentative agreement had been reached to settle the work stoppage at the Midland, Mich., plant of the Dow Chemical Company.

British Demand Daring Assaults On German Areas

LONDON (AP)—Agitation grew in Britain Saturday night for daring attacks by army and navy raiders on the German-held continental coasts, now that the Nazis backs are turned, and one general suggested that amphibian tanks join them in a general offensive teamed up with the great, continuing RAF aerial assaults.

General J. F. C. Fuller, one of the first British generals to exploit the use of tanks in the world war, called in the "Sunday Pictorial" for "tip and run" raids by the army and navy on "the coasts of countries now occupied by Germany." Strong German forces would have to be diverted to protect these coasts, he declared.

Long an exponent of amphibian tanks, General Fuller said that in 1931 Vickers-Armstrong put "an efficient amphibian light tank" on the market, and he added that "if we have such a tank our path is easy."

The public is growing restive now that there seems to be a special opportunity to strike at Germany while she is preoccupied with Russia on the East.

McLaughlin Show To Be Conducted Today
A delegation of Midland citizens will attend the annual C. T. McLaughlin Diamond Ranch horse show Sunday.

The event is held 12 miles southwest of Snyder. Outstanding stables of Texas will be represented at the show.

The host is C. T. McLaughlin, Midland and Wichita Falls oil man. A barbecue for guests will be held at noon.

The show is scheduled to begin at 2 p. m.

Discuss Fibre Research At World Cotton Meeting
WACO (AP)—The second World Cotton Congress—a three-day clinic to probe the Lone Star's ailing king crop—ended Saturday with a prophetic discussion of cotton fibre research and related fields of chemistry and textile manufacturing.

Processors, research men, marketing specialists and retailers heard the promise that cotton may see better days if research, growing and processing methods continue their promising trends.

Thousands Of Persons At Air Base Ceremony
OKLAHOMA CITY (AP)—An estimated 19,000 persons turned out Saturday for the dedication of the army's air base here to the memory of Will Rogers, world famed Oklahoma humorist.

Visiting army officers included Maj. Gen. Jacob E. Finkel, March Field, Calif., commanding officer of the Southwest Air Corps district; Maj. Gen. Richard Donovan, Fort Sam Houston, Tex., commanding general of the Eighth Corps Area; Lieut. Gen. Herbert J. Brees, San Antonio, Tex., retired commander of the Eighth Corps Area.

East Texas Operators To Hold Ickes Meeting
TYLER (AP)—East Texas Oil Association officials said Saturday that East Texas Independent oil operators will meet at the district court room here at 10 a. m. Monday in one of a series of regional conferences called at the request of Harold L. Ickes, Petroleum Coordinator for National Defense.

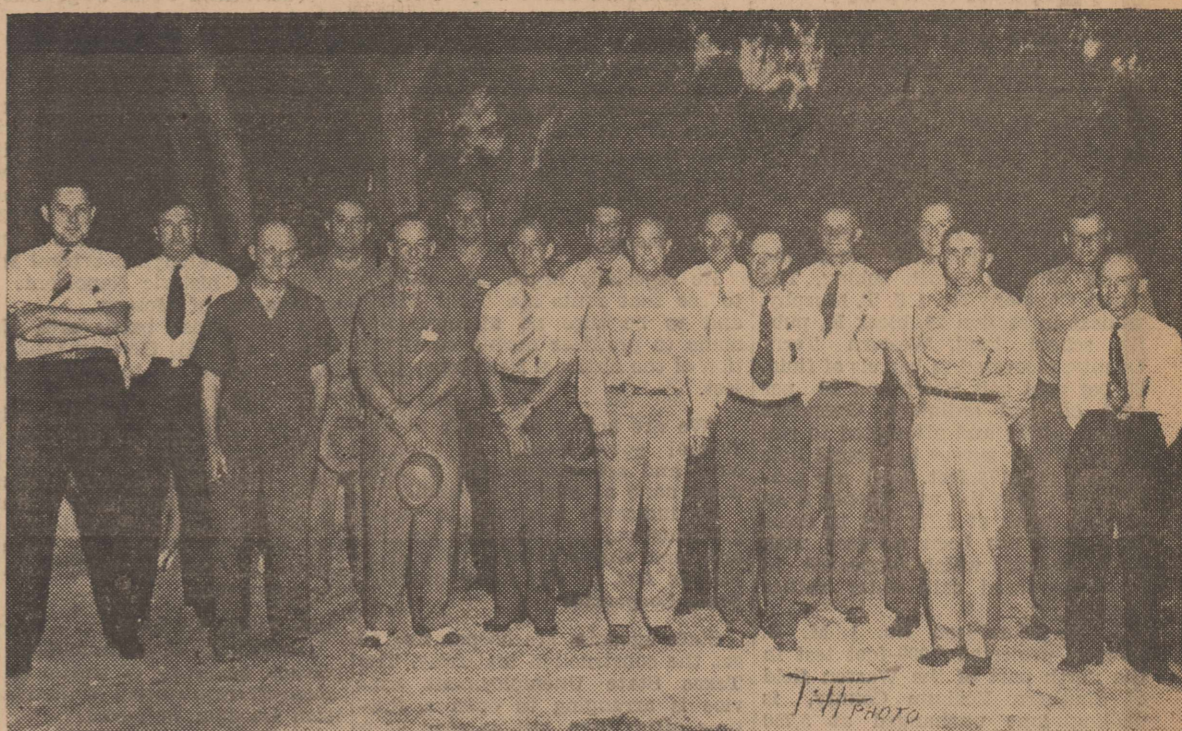

Producers, royalty owners, refiners, distributors and other oil men will attend.

Recommends Bill For Eminent Domain Rights
WASHINGTON (AP)—A bill authorizing the government to acquire by right of eminent domain rights-of-way for petroleum pipelines deemed essential to National Defense was recommended to the Senate Interstate Commerce committee Saturday by a sub-committee.

Petroleum Coordinator Harold Ickes Friday sent to Senator Stewart D. Tenn., acting chairman of the sub-committee, a request that the measure not be amended to include natural gas pipelines and aides said no amendments were recommended by the subcommittee.

Midland Women At Athens For Rites
Word was received here of the death at Athens, Texas, Saturday of the father of Miss Jane Ferrell and Mrs. Paul Davis of Midland. He had been ill a long time and his daughters had been at his bedside.

Pipeline Company Officials Attend Picnic

Approximately 400 officials, employees, their families, and guests attended the annual picnic of the Texas-New Mexico Pipeline Company at Fort Stockton Friday. Officials present for the event included (above, left to right): C. L. Bradshaw, senior clerk, Midland; George W. Herring, scout, Midland; E. R. Osburn, general superintendent, Midland; H. L. Teaney, master mechanic, San Marcos; T. S. Pennebaker, district foreman, Crane; A. H. Giesen, chief engineer, Jal. N. M.; Frank Stroud, machine shop foreman, Monahans; R. E. Caswell, chief engineer, Ozona; F. D. Whitaker, Jr., district foreman, Eunice, N. M.; J. R. Daugherty, chief engineer, Iraan; F. H. Cox, chief engineer, Junction; M. U. Bagwell, assistant master mechanic, Crane; Theo Placette, district foreman, San Marcos; W. R. Ferguson, welding foreman, Eunice; and J. D. Foster, chief engineer, Crane. Riffing, swimming, and dancing were provided for entertainment.

Boards Ready For Service Registration

AUSTIN (AP)—Local boards throughout Texas are ready for the selective service registration July 1, General J. Watt Page, state director, announced Saturday.

To be registered were citizens and aliens who reached their 21st birthday on or before July 1, 1941 and subsequent to October 16, 1940, provided they had not previously registered.

The men were required to register with the local board at their place of residence or wherever they happened to be on July 1 between 7 a. m. and 9 p. m.

Net Daily Allowable Is Up 2,600 Barrels

AUSTIN (AP)—The net daily allowable for Texas 97,235 oil wells was 1,433,536 barrels for the week ended Saturday an increase of 2,602 over the previous week, the railroad commission reported.

The permissible was 61,836 barrels in excess of the Bureau of Mines recommendation for daily production in June. Applying an average monthly underproduction of 3.5 per cent estimated flow from wells would be 11,662 barrels greater than the Mines' Bureau Standards, engineers added.

\$900,000 Contract Will Triple Brayton Classes

CUERO, Tex. (AP)—Clyde E. Brayton, president of the Brayton Flying Service, said Saturday a contract totaling \$900,000 had been signed tripling the U. S. Army air cadet classes receiving elementary training at the Brayton flying school at Cuero Municipal Airport.

He made no other statement regarding schools at any other Texas fields.

TRINITY RIVER FAMILY FIND MATTRESS SAFE

DALLAS (AP)—Driven from their humble home by the rising Trinity River several days ago, a Dallas family worried principally about a new mattress.

They found their mattress had been left on a feather bed. As the flood rose, the feather bed rose with it and the new mattress was kept high and dry.

Private Lawrence Lewis of Illinois, who underwent an emergency appendectomy at Ryan's Hospital late last week, was reported resting well and convalescing Saturday.

ONE Line-ONE Price Class- JUST ONE

LINCOLN Zephyr V-12

WHEN YOU CHOOSE a Lincoln-Zephyr from the wide selection of distinctive body types, you have the added satisfaction of knowing that, after all, there's just one Lincoln-Zephyr—one line—one price field! Streamlined from the inside out—here's a basically different car, in design, in engine, in construction.

Under the Lincoln-Zephyr hood is the only "twelve" in any price class! And only Lincoln-Zephyr combines such advantages as the steel-clad unit body-and-frame construction of closed types; "top-hat head room" with plenty of "ceiling" for biggest passengers, both front and rear; triple-cushion rubber insulation; new "glider ride" that's as smooth and comfortable as cruising on air.

Why not drive the car that owners say gives more fun per gallon!

New Lincoln Automatic Overdrive, factory-installed at moderate extra cost. Saves gas, oil and engine wear.

MIDLAND MOTORS
201 No. Main — Midland, Texas

Oil News

(Continued from page 1)

deeper after plug is drilled from casing. The well is one-quarter of a mile north of Stanolind No. 1 Conroy-Davis, the discovery, which now is testing at plugged-back depth of 3,815 feet after gun-perforating 7-inch pipe with 200 shots from 3,710 to 3,810 feet.

Texaco Murphy To Core Deeper.
On last eight-hour swabbing gauge through 2-inch tubing, The Texas Company No. 1 S. T. Murphy, wildcat in section 22, block K, public school land, Western Terry County, recovered 24 barrels of fluid, 90 per cent salt water and 10 per cent oil and sediment. Operators pulled tubing and attempted to run temperature survey but found hole bridged at 5,176 feet. They are preparing to core the well deeper from present depth of 5,275 feet in dolomite. It has been acidized with 4,000 gallons which appeared to have increased salt water rather than oil.

J. W. Murchison No. 1 M. B. Sawyer. projected 7,000-foot test in the north part of the Wasson field of Southern Yoakum County, is drilling lime unchanged at 5,750 feet.

In the North Cowden pool of Ector County, Broderick & Calvert, Inc. No. 17-A O. B. Holt estate flowed 582.36 barrels of 32.78-gravity oil per day, with gas-oil ratio of 1,113-1. It was shot with 310 quarts in pay zone between 4,303 to 4,503 feet, total depth.

Martin Core Barren.

Core from 4,532-44 feet in Wiggins & Hyde No. 1 Stinson & Burley, Southwestern Martin County wildcat, returned nine feet and nine inches of hard, dense, gray dolomite with anhydrite inclusions. No shows of oil, gas or water were present in the core. Operators are drilling ahead.

The wildcat, located in the center of the southwest quarter of section 4, block 38, township 1 south, T. & P. survey, is five and one-half miles airline northeast of Midland.

Mascho Oil Company of Midland is running 5 1/2-inch casing in No. 1 M. M. Fisher, wildcat southeast of Shafter Lake in Northwestern Andrews County. After pipe has been cemented, owner will drive lead well to plug off sulphur water encountered near total depth of 4,602 feet in lime. The well bailed around eight barrels of oil daily from upper shows before entering the water horizon. It has been inactive for several weeks and hole has filled with oil and water, with enough gas present to create small heads.

Mascho No. 1 Texaco-University, five miles northwest of Shafter Lake, is drilling below 4,468 feet in gray lime. Magnolia No. 1-20-38 B. B. Ralph, scheduled deep wildcat test in Northwestern Andrews, is trying to free stuck drillpipe, bottomed at 5,760 feet in lime.

Eighteen miles northwest of Midland, Texas Pacific Coal & Oil Company and Seaboard Oil Corporation No. 1-C Midland Farms Company is drilling below 3,000 feet.

Deep Tests.
Amerada Petroleum Corporation No. 1-RA University, seeking Ordovician pay in Southeastern Reagan County, is drilling below 7,778 feet in lime, shale and sand.

A north outpost to the Todd Deep

Air School . . .

(Continued From Page One)

airport as a "Military Reservation" have been installed at entrances. Reeves in an interview soon after the announcement of the appointment of his firm as general contractor expressed the hope Midland citizens would take a patriotic attitude toward the big program and cooperate with this concern in housing problems.

He especially urged city officials to see that rents are "held down" and to be sure no attempts are made to profiteer during construction of the National Emergency project.

"We are acting as agents of the federal government," he pointed out, "and are endeavoring to keep down costs as much as possible."

He indicated construction would get underway as quickly as possible and that the work will be pushed just as fast as the Army desires.

State Cooperates

State agencies are cooperating to get the construction underway. The Texas State Unemployment Service is arranging to open a full-time office here just as soon as a suitable location can be obtained. The Texas Highway Patrol probably will station two officers at Midland permanently to regulate traffic.

Army officers Saturday displayed the plan for the training center for the first time. They explained it is tentative and some minor changes may be made within the next few days.

Meanwhile, Midland made plans to serve the hundreds of men who will come here to construct and staff the training center.

Reports that the Texas and Pacific Railway was unloading construction material for a spur into the military reservation proved unfounded. Railway representatives said that it was unloading ties at the airport siding but these would be used on the main line. The railroad expects orders within a few days to start construction of the spur line into the military reservation.

pool of Crockett County, Amerada No. 1-A J. S. Todd estate is drilling at 5,470 feet in shale, while Amerada No. 1-B Todd, one mile farther northwest, is drilling in Cretaceous lime at 165 feet.

Gulf Oil Corporation No. 4-A J. B. Tubb, indicating one-quarter mile west extension of the Sand Hills Ellenburger pool of Western Crane County, is flowing at a rate of two and one-half barrels hourly while unloading wash-water. Operators plan to circulate oil to displace wash water. The well is bottomed at 5,756 feet in Ellenburger dolomite topped at 5,706 feet, datum of minus 3,165.

Gulf No. 25 W. N. Waddell et al, one-quarter mile east outpost to the four-mile southwest extension area of the Sand Hills Ellenburger pool, had drilled to 2,948 feet in Permian lime.

Magnolia No. 20 State-Walton, deep test between the Kermit and Keystone pools of northern Winkler County, is drilling in lime at 5,775 feet.

Warfare . . .

(Continued From Page One)

but did not locate this retreat.

The Germans themselves said little.

Specifically, this was the picture as Red communiques outlined it:

The heaviest fighting of all at Luok and in the district of Lwow, Poland, to the southwest; many Nazis taken prisoner in the northern Lithuanian sector; German columns still held up along the central Minsk front, the historic Napoleonic way to invasion of Moscow.

In the Minsk battle area alone, Moscow said 300 German tanks had been destroyed up to Friday night—a far from complete figure.

The conflict threatened hourly to break in full fury on the northern, or Finnish, part of the 2,000-mile front through a German drive on the Soviets' Arctic port of Murmansk, through the onslaught of 1,000-000 Russians massed on Finland's border or, more probably both at the same time.

Asks Finns To Rally

The Finnish radio announced suspension Saturday of traffic on the Inko-Pelmo section of the railway from Helsinki to Turku.

That stretch is near the Hanko naval base which Finland lost to Russia in the 1939-40 war. Its closure indicated the possibility of a battle for possession of strategic Hanko.

Behind the entire war front bisecting a continent from White Sea to Black—the greatest of all history's battle lines—there stirred, still feebly, an ideological movement which Adolf Hitler hoped to nurture into a "crusade" by Western Europe against the citadel of Communism.

Saturday the six Lutheran bishops of Finland asked churchgoers to rally to the "God-given cause" of defense of the Christian faith against "the barbaric enemy."

Claims Division Destroyed

On Sunday also, at long last, the German high command has promised that "our big successes in the Eastern theater of war will be made known in special announcements."

That was the sum of official statement Saturday on the course of the seven-day-old campaign. DNB, which is an official news agency but does not speak with the official authority of Hitler headquarters, sought to content the German people in the interim with a declaration that the Red army's "97th division" had been "broken up and destroyed."

The Russian reports told of a steadfast resistance to German-Rumanian forces from Przemyśl south and on the Prut River, dividing line between Bessarabia and Rumania, and of deadly active covering Russian withdrawal to "prepared positions"—presumably the fortifications of the old Russian frontier—from the Polish sector fronting Minsk in White Russia.

An "enemy"—that is German, Rumanian or German-Rumanian—attempts to cross the Prut River into Bessarabia was said to have been shattered.

On the Western front, British pilots went on with their greatest aerial offensive. They heavily raided a big power plant at Comines, near Lille in industrialized Northern France—this to cap an overnight assault which was said in London to have left uncontrollable fires raging in the great German seaport and shipbuilding center of Bremen.

Reports Condition Of Jones As Satisfactory

Condition of S. C. Jones 25, who was burned severely in an explosion five and one-half miles northeast of Midland in Martin County Friday night was reported "satisfactory" by hospital attendants Saturday night.

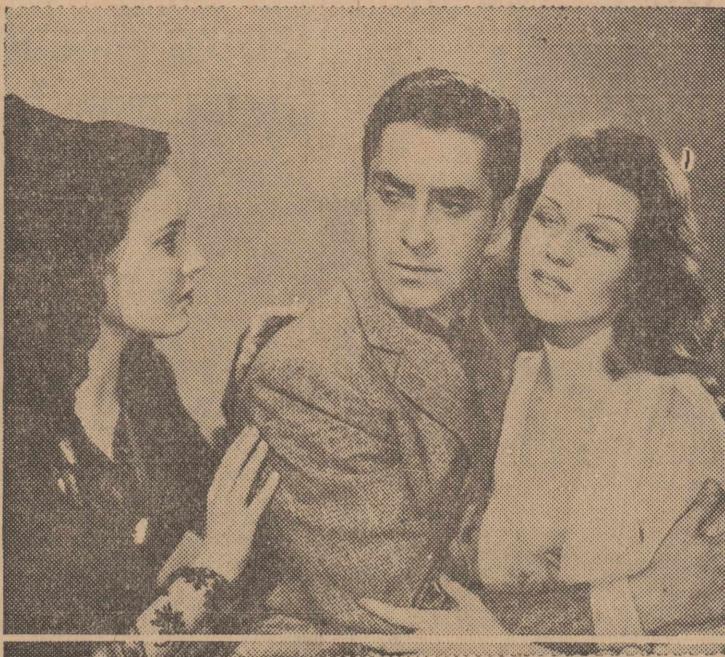

Jones was burned on the legs below the knees. His condition is not serious.

PEANUT STAND FINANCES TWO COLLEGE EDUCATIONS

COMMERCE, Tex. (UP)—Sales from a popcorn and peanut machine have enabled one youth to complete his education at East Texas State Teachers' College and are now paying for a second college education.

Purchasing the machine four years ago, Vernon Farrow of Gilmer operated the goober stand during afternoon and evenings. On graduation last spring, he turned the entire business over to his brother, Jack, a freshman, who is now operating the business to pay for his education.

Tense Moment

Starring Tyrone Power and featuring Linda Darnell and Rita Hayworth (right), the Technicolor "Blood and Sand" plays at the Yucca Theatre Sunday, Monday and Tuesday. Tyrone, cast as the matador, has to decide between the two girls—and it's not easy.

"Tight Shoes" At The Ritz

"Tight Shoes," written by America's socko-story teller, Damon Runyon, plays at the Ritz, Sunday, Monday and Tuesday. It stars John Howard, Broderick Crawford, Leo Carrillo and Binnie Barnes and tells a riotous story of racketeers and racket-dears.

Army General Says Chain Of Command In Maneuvers Weak

By Rice Yahner.
WITH THE ARMY IN TENNESSEE, (AP.)—Summing up a month of simulated warfare by 77,000 soldiers under his command, Lieutenant General Ben Lear declared Saturday "our chain of command (from the officers down to the ranks—is weak—weak to the extent that if this condition is allowed to continue, the chain, at its weak links, will break whenever an emergency imposes a heavy load."

A soldier of 43 years experience, General Lear, commander of the Second Field Artillery, struck out at a meeting of about 300 staff and field officers assembled to hear his opinion of the maneuvering of the 5th, 27th, and 30th infantry divisions and the second armored division in the field in Tennessee since June 2.

Of the first field test of one of America's new armored divisions, General Lear said "offensive action by armored forces can be restricted and denied freedom of movement by trained and adequately armed troops."

Give Inoculations To Mexican Youths

Sixty Mexicans, mostly boys and girls, are receiving typhoid inoculations from the Midland city-county health unit.

Recent heavy rains left low places under water in the Mexican part of Midland and many are still water-filled.

Ranchers To See Big Roping Match

Clarence Schaarbauer, Roy Parks, and John Dublin, Midland ranchers, will see the world's championship steer roping match between Bob Crosby and Carl Arnold today in Roswell, N. M.

The contest between the titleholder Crosby and challenger Arnold for first prize purse of \$3,000 is scheduled at 2 p.m.

The ropers rope, trip, and tie 12 wild Mexican steers. The event is sponsored by the Roswell, N. M., Lions Club. Crosby ranches near Roswell. Arnold is from Buckeye, Ariz.

Headlines . . .

(Continued From Page One)

bels white-book. It develops as they state the case that it wasn't a lamb at all with which they had so trustfully consorted, but a wolf in sheep's clothing, sharpening its fangs to 'eat up the lion in due course.

Little Light On Reds
Seven days of furious Red-Nazi fighting on a front nearly 1,500 miles long have failed to disclose conclusively just what kind of a fighting animal Soviet Russia is. The bear is the favorite symbol for Russia and always has been. It looks from this distance as though Hitler might yet find it was a bear and neither a lamb nor a wolf he had by the tail.

This much certainly is true: Hitler is urgently seeking help now as never before from small continental neighbors as well as big. There are even hints that an actual Nazi proffer of alliance with England against Russia has been transmitted diplomatically.

If so, it was a futile gesture. Nor is there yet warrant from Tokyo for the predictions made in Rome that Japan will strike at the Siberian flank of the Russian bear as an Axis ally and to balk American aid for Russia.

Australians Shoot Down Vichy Fliers

JERUSALEM (AP.)—Australian airmen flying new American-made Tomahawk fighter planes Saturday shot down six American-made Glenn Martin bombers piloted by Vichy fliers in one of the hottest air engagements of the Syrian campaign.

The Australians were escorting RAF bombers in an attack on the French military depot at Palmyra when they sighted two Martin bombers raiding British and Free-French troops.

The Tomahawks (Curtiss) closed in as the Martin dived. Both bombers crashed in flames.

Hunt Wins Collegians National Tennis Title

HAVERFORD, Pa. (AP.)—Joe Hunt, of the Naval Academy, took less than an hour—54 minutes to be exact—to defeat Ted Olewin 6-3, 6-0, 6-1, Saturday to win the National Intercollegiate Tennis Championship at Merion Cricket Club.

The Annapolis star gave a perfect demonstration of how the nation's No. 4 ranked men's player hits them in defeating the University of Southern California sophomore. In one streak Hunt won ten straight games.

Watlington Favorite At Motor Boat Races

D. B. (Tot) Watlington of Midland is listed as a top contender in motor boat races at Lake Trammell near Sweetwater Sunday.

Other speed kings named as favorites include Oran Evans and Darrell Wilson, Brownwood, Roy Joy, San Angelo, and Roy Bailey, Abilene.

Sweetwater's races are the first of the West Texas season.

Mr. and Mrs. Leo Booker returned Friday from a vacation trip to California by way of Boulder Dam, the Painted Desert, and Grand Canyon. They visited relatives in Los Angeles and also visited Dr. and Mrs. Homer Johnson and son, Jerry, in Glendale, Calif. Dr. Johnson, who has been serving as flight surgeon in the U. S. Army air corps, expects to return to Midland with his family about Oct. 1.

Mrs. Ed Wolfe has been ill at her home here for several days.

Governor In Good Humor As Adverse Reports Are Heard

AUSTIN (AP.)—The Hillbilly boys played with zip and Governor W. Lee O'Daniel read election returns in wise-cracking humor to a big crowd gathered under multicolored lights on grounds of the executive mansion here Saturday night.

In his headquarters at a hotel several blocks from the mansion, Congressman Lyndon B. Johnson, like the governor a major candidate for the U. S. Senate, watched with a throng of friends the unfolding of the special election drama.

When early returns showed the governor trailing Johnson, he commented to the crowd that he was mostly from the cities and that later ones from the rural districts and small towns would be very different.

Not as large as that which attended the mansion party last year when O'Daniel was re-elected, the crowd stood and sat on the grass of the lawn and now and then overflowed into the flower beds along the walks.

Dies Of Injuries

"Uncle John" Mitchell, 80, died Saturday morning in Monahans of injuries received when struck by an automobile. He was widely known there.

Patriotic And Historical Film To Be Shown Here

"The Last Stronghold," a film depicting America as the frontier of freedom, will be presented at the high school auditorium, Wednesday evening at 8 o'clock under auspices of Bundles for Britain.

"The Last Stronghold" is a history of the period between late 1918 and the present. It portrays the men who have made history during the last twenty-seven years—President Wilson, President Roosevelt, Secretary of State Cordell Hull, Mussolini, Hitler, and many others—all pictured against a background of international events. Animated maps, adroitly placed in the film, illustrate and give added meaning to the changing political geography of the world.

Launching of the new re-armament program and the early stages of the defense program are shown. Departments of State, War and Navy have contributed authentic material for the picture.

Tickets were distributed at a called meeting of Bundles for Britain at the home of Mrs. J. P. Butler, Saturday morning. They may be purchased in advance from organization members or obtained at the door Wednesday. Admission fees are small. The public is invited.

Story Hour Is Held On Lawn At The Courthouse

The weekly Story Hour was held under the trees on the lawn at the courthouse, Saturday morning.

Mrs. O. J. Hubbard was in charge of the hour and four stories were told. They were: "The Fox and the Wolf"; "The King Who Would See Paradise"; "The Magic Mirror"; and "The Mink and the Wolf."

Children present were: Wanda Joe Hankla, Betty Joyce Richards, Billy Jensen, Bob Short, Helen Short, LaVerne Joyce Wingo, Danny Dale, Daisy Ann Merritt, Orman J. Hubbard, Glenda Hamilton, Herman Hankla, Wandell Green, Charles Shepperd, John Jensen, Harold Merritt, Mary Ann McRae, Bobby Stubbeman, Patsy Ruth Barney, Ethel Sue King, Geraldine Smith, Don Gray Smith, Harris Smith, David McPherson, Charlie Crites, Jean Darnall.

MIDLAND GIRL ON HONOR ROLL

Miss Evelyn Wozencraft of Midland who is attending Draughon's Business College, Abilene, is among the twenty-one highest ranking students, whose names appear on the honor roll at the school this month. She is a 1941 graduate of Midland High School.

ALL-DAY SINGING AT GREENWOOD CHURCH

An all-day meeting of the Midland, Martin, and Howard County singing convention is to be held today at Greenwood Church, 10 miles east of Midland on the Prairie Lee Road. The public is invited to attend, each group bringing a basket lunch.

Picnic And Program Mark Closing Day Of Bible School

A picnic at noon at Cloverdale Park and a program at the church at night Friday closed the two-weeks daily vacation Bible school of the Calvary Baptist Church.

Attendance averaged more than 99 a day and enrollment reached 127. Fifty-two received diplomas for perfect attendance.

Nine conversions were reported during the school.

Intermediate girls of the school embroidered nine pairs of pillow cases and junior girls 30 cup towels for the Hendrick Memorial Hospital at Abilene. Boys made two cupboards for holding literature and supplies.

Approximately 140 persons were present for the picnic at which a basket lunch was served.

Children found amusement in wading and playing on the park apparatus and softball games were recreation for adults.

Songs, memory work from the Bible and a display of handwork of the school composed the program at night.

Coffee And Shower Compliment Mrs. Dow

WINK (Special) — Miss Alice Hill and Mesdames D. A. McClatchy, D. O. McAdoo, E. H. Kennedy, and L. H. Riley were joint hostesses at a stork shower and morning coffee given Mrs. Melvin Dow Tuesday morning from 10 till 12.

The party was given in Mrs. Riley's home which was decorated with pink sweet peas and roses.

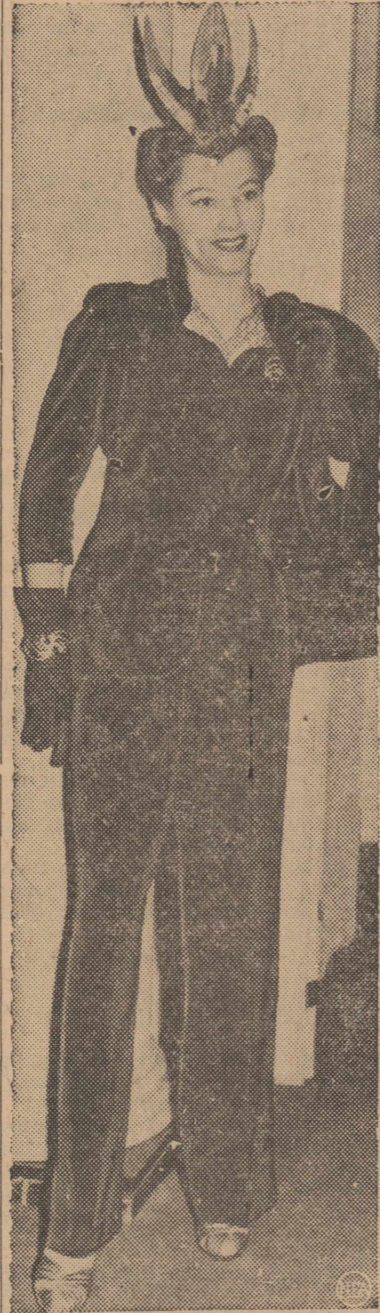

The coffee table was laid with a linen cloth centered with a miniature cradle with a doll dressed in a full length baby dress which was a gift to the honoree. Low crystal bowls of pink gladiolus were at either side of the center piece. Mrs. James L. Dow and Miss Adele Watson presided at the coffee service. Tiny pink booties tied with blue ribbons were plate favors. Those who registered in the guest book, which was a small baby pillow of pink satin covered with net and blue satin bows, were:

Mesdames A. D. Jenkins, Carl Hamm, A. C. Williams, J. P. Hollis, F. A. Robinson, L. B. Eddins, G. H. Starling, Harold Dermody, Bill Hurd, J. M. Hoskins, E. H. Thacker, A. A. Cook, T. M. Conner, C. C. Gober, Park Bennett, J. E. Wooten, T. W. Turner, F. E. Summers, Perc Nottingham, H. L. Roberson, Lewell Butler, R. C. Priebe, B. J. Walters, C. T. Brashear, R. B. Tucker, C. M. Anderson, Joe Arledge, J. H. Barker, Paul Jette Jr., Lee Johnson, David Rhoads, Ellie Arledge, and Miss Ida Stoll.

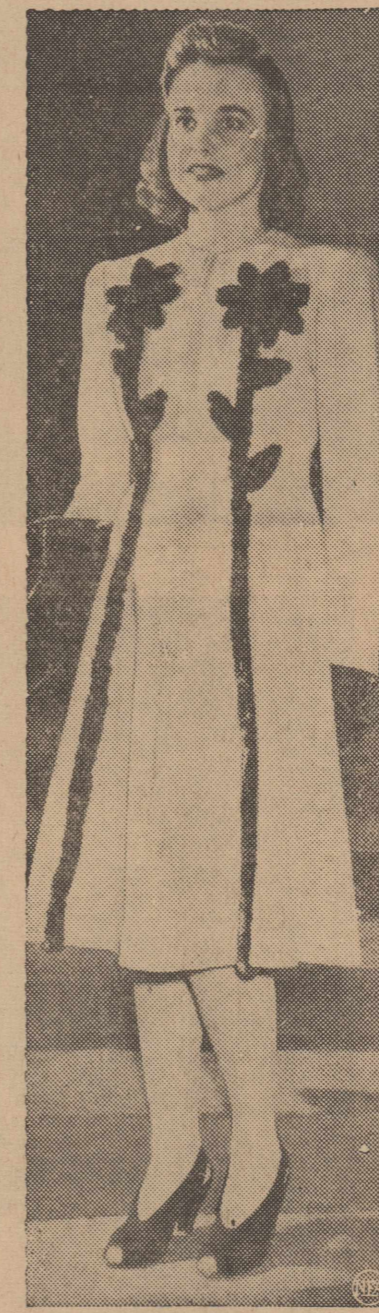

Sending gifts were: Mesdames J. B. Estabrook, M. Stoll, John Baker, Judine Godfrey, R. B. Woodward, J. L. Potts, J. E. Bucy, Raymond Monkress, Gertrude Weeks, Ruby Corely, Miss Pauline Storey, Miss Thelma Abbey, Miss Jane Blackburn, Mesdames James W. Lamar, Lee Purse, Guy Swain, Lula Short, Loyd McAdoo, Dow Miller, W. L. Tarver, A. C. Reese, Donald Walters.

Fall Fashion Preview Achieves Novel Effects With Fur

New Designs Are Original

"Americana" Theme Evident

New York's first showing of fall fashions proved again that New York designers have more tricks up their sleeves than variations of the shirtwaist theme in a wide assortment of colors.

Among the news-making styles in the show, which highlighted Uncle Sam's own fur, Alaska sealskin, were: dresses with lowered waistlines, achieved by skirts with yokes; slim skirts with front and hipline draping; dolman sleeves; cardigan jackets of fur; a ten-gallon hat, shown with a pepper-pot red gabardine dress with spur and stirrup trimmings; a theater hat of nude rayon moire with a band of brown sealskin.

New and unusual looking was a dinner suit of navy bengaline, shown at the left. Trousers are extremely thin; jacket long and fitted. The suit was teamed up with a tiny hat, entirely covered by a bird, and a safari brown sealskin cape.

The pepper-pot red gabardine dress is shown in the center. Notice the wild west trimmings, Florence Reichman's ten-gallon hat and a sealskin refter, tossed casually over the shoulders.

The other photograph, at the right, shows Lanz's smart little beige wool refter, trimmed with stem and posies of sealskin. The use of fur flowers on coats for the young is an enchanting as well as a new fall 1941 idea.

Banner Sewing Club Meets At Brown Home

Mrs. Paul Cole will entertain the Banner Sewing Club, next Wednesday afternoon at her home, 106 W Indiana.

Mrs. C. A. Brown, 410 S Marshall street, was hostess at the meeting Wednesday. After an hour of sewing and conversation, refreshments were served to: Mrs. Paul Cole, Mrs. W. C. Ravan, Mrs. John Godwin, Mrs. Albert Ravan, Mrs. C. V. Shelton, and the hostess.

Honor Society Visits Ruidoso

WINK (Special) — The Junior and Senior National Honor Society of the Wink School has returned from a three days' visit to Ruidoso, N. M. The group was chaperoned by Superintendent Lee Johnson and R. A. Lipscomb and Miss Thelma Abbey. Students who made the trip were Leatrice Saunders, Earline Senter, Donella Bucy, Billie Ann Estabrook, Owen Horn, Billie Marie Marsh, Martha Riley, Vernon Page, Jimmie Short, Charles Saunders, Fred Moore and Floyd Carpenter.

Mrs. Fred Riley Honored At Shower

WINK (Special) — Mrs. Fred Riley was honoree at a shower Thursday afternoon. Hostesses for the occasion were Mesdames Marie Nichols, Marion Ellis, Belle Hickey, Lillie Burton, Minnie Dell Smith, and Elva Gober.

Vanda Gober gave a reading, "The Baby" Mrs. Tom Pritchard a piano solo, Billie Ann Estabrook a piano solo, and Sarah Estabrook sang, "Mighty Like a Rose."

Guests who were present or sent gifts were Mesdames Park Bennett, V. H. Harvell, Ernest Roper, Elva Arledge, R. E. Griggs, Tom Pritchard, Hugh Sasser, J. M. Stephenson, A. K. Bailey, Olive Black, O. W. Franklin, W. L. Tarver, John Crawford, Jeff Jerome, Frank Heasley, J. W. Storey, J. S. Peebles, L. R. Tarver, Clay Sloan, A. A. Cook, Guy Swain, A. H. Brown, W. E. Cass, P. O. Beck, Fred Adams, L. M. Feyen, L. T. Cope, Lee Purse, B. J. Walters, L. H. Riley, J. B. Estabrook, C. M. Anderson, Roy Priebe, A. L. Pugh, Tom Conner, H. B. Starling, Judine Godfrey, R. B. Woodward, Lue Franklin, G. N. Stovall, and Misses Gene Dupree, Billie Ann Estabrook, Sarah Estabrook, Vanda Gober and Evelyn Reagan.

ON VACATION.

Miss Ruth Freeman will leave for Booneville, Mo., next Thursday, returning the following week with her sister, Mrs. Jimmy Walker.

FEMININE FANCIES

By Kathleen Eiland

Latest advice for care of shoes: Put them in the icebox! Of course such advice, like much other laded out in this old world, must be taken with discretion. It is meant to be applied only to those new plastic shoes which are a direct descendant of Cinderella's much-famed slipper. Even so, it is astounding enough. We've heard of putting shoes in the oven to dry them out but never of putting them in the icebox to bring them back to prime condition.

Just such usage is advocated, however, for a pair of the new slippers which have ramps of the transparent plastic or "glass" whenever this 1941 model material seems to be losing its proper conditioning.

These particular slippers, by the way, had the added novelty of circles of black suede as decorations.

We just know it's coming—some day we'll succumb to the lure of the new and buy a pair of those glass slippers—only to find that our next need is a fairy godmother to provide us with properly beautiful feet to go inside them.

Some people can learn only by the trial-and-error method. We seem to be a member of that legion.

Don't know why but iced coffee

Belmont Class Continues Study Of Deuteronomy

Study of Deuteronomy was continued by the Belmont Bible class in its meeting Friday, with Mrs. S. L. Alexander teaching chapters five and six. Mrs. H. D. Bruce was hostess to the class at her home on N Main.

Opening prayer was given by the hostess and closing prayer by Mrs. H. M. Reigle.

A refreshment course was served to: Mesdames V. O. Baldrige, W. L. Sutton, A. C. Moore, Reigle, W. M. Craft, W. P. Collins, H. E. Skipper, J. D. Webb, Alexander, and the hostess.

There will be no meeting of the class next Friday which is July 4. The following week Mrs. W. P. Collins, 710 S Weatherford, will be hostess to the class.

seems somehow the most potent of the summer drinks. That is, when made properly with the fresh hot brew poured directly over the ice in the glass with a generous amount of rich cream and a couple of spoons of sugar added.

Iced tea of course is the perennial favorite of the American public. But for something to keep one awake or on tiptoe for the job, we vote for the iced coffee.

Golf Luncheon Draws Large Group At Country Club

The weekly luncheon of the Women's Golf Association was served in buffet style at the Country Club, Friday.

Mrs. Leif Olson and Mrs. S. P. Hazlip were hostesses.

Present were: Mesdames H. J. Kemler, P. H. Liberty, J. A. Mascho, Leif Olson, Mrs. J. Luker of Kansas, Jimmie Brooks, Miss Frances Gillett.

Mmes. Walter Cremin, H. S. Ferguson, W. C. Henderson, Curt Inman, Ralph Cooley, R. L. Blunden, Ed Reichardt, Jimmie Wilson, Wilson of Oklahoma, Robert Dewey, E. A. Culbertson.

Mmes. Leland Davison, Livermore, Wilkins, Thompson, John Shipley, Bill Pitzer of Brackenridge, F. J. Schempf, Elliott Miller, Dan Hudson, and Hazlip.

There will be no meeting next Friday because of the July Fourth holiday.

Wink Man Weds Port Arthur Girl

WINK (Special) — Announcement has been made of the marriage of Dr. Harold D. Dow, son of Mr. and Mrs. James L. Dow, of Wink, to Miss Dorothy Huber, daughter of Mr. and Mrs. George P. Huber of Port Arthur, which took place at the home of the bride at 10:00 o'clock Friday morning.

Dr. Dow received his B.A. degree in Texas Tech in 1936, and his M.D., at State Medical College in Galveston in 1940 and completed his internship in Charity Hospital in Shreveport, La., last week.

Mrs. Dow is a graduate of Jefferson High School in Port Arthur and a graduate from University of Texas College of Nursing in Galveston.

After visiting Galveston, Houston and several other coastal cities, they will go to Levelland, Texas, where Dr. Dow will be associated with Drs. Dupre and Phillips, in the Levelland Hospital.

Midland Girl And Soldier Are Wed Quietly Here

Climaxing a romance begun when the Provisional Searchlight Battalion was stationed here this spring, Miss Louie Lee Corbin of Midland and Sgt. Frank R. Tyrell of Camp Hulen, Palacios, were married quietly at the parsonage of the First Christian Church, Friday evening at 10:30 o'clock. The Rev. John E. Pickering, pastor, read the single ring ceremony.

The bride wore a plaid jacket dress with white blouse and white accessories.

The daughter of Mrs. Lillie An Corbin of Wichita Falls and M. T. Corbin of McClean, Texas, Mrs. Tyrell came to Midland about six months ago. She will continue her work here for about a month and then will join her husband at Palacios.

After about six months, they plan to make their home in New Hampshire.

The bridegroom is the son of Mrs. Mabel J. T. Tyrell of New Hampshire. He is a member of A Battery, 197th Coast Artillery.

Adobe To Be Made For Mexican Library

A meeting of leaders in the Mexican library project was held Friday afternoon at the home of Mrs. John M. Hills, 904 W Missouri.

Mike Carrasco was given the order to make adobe bricks for the building which is to be erected back of the Benito Juarez building on the plaza in Mexican town.

Besides housing the library, the building is to include a small kitchen where girls may be taught cooking and serving.

Present at the meeting were: Mrs. Fred Cassidy, Mrs. James H. Chaplin, Mrs. Cooper Hyde, Mrs. Hills, Curt Inman, Mike Carrasco, and Albert Montemayor.

"Water's Fine!"-So Are These New Swimming Suit Styles

By Marian Young

NEA Service Staff Correspondent NEW YORK.—Most arresting of the current crop of fashion shows are posed against backgrounds typical of places where the clothes featured actually will be worn.

Fashions to wear on the beach are paraded beside swimming pools and beach clubs. Slim, sophisticated luncheon and cocktail dresses are shown during luncheon and cocktail hours in restaurants where smart women gather.

As a result—and a satisfying result it is—the potential customer doesn't have to sigh, "Yes, that swim suit is pretty in this soft light. But how would it look in sunlight on the beach?"

All within the past few weeks New Yorkers have been shown clothes for the races on models parading up and down the ramp of the special terrace at Belmont Racing Park; luncheon ensembles for hot days during lunch hours at hotels and restaurants; beach clothes right at nearby beach clubs.

Extremely handsome were the beach fashions shown at the Huntington, Long Island, Crescent Club a couple of days ago.

A brief sunsuit of white gabardine, shown above, worn by CBS actress Virginia Dwyer, practically stopped the show. Pockets of the shorts and the bra top are appliqued with green leaves.

Chic spectators—members of the Huntington Crescent Club and their guests—applauded also the bathing suits at the right. The striped creation comes in emerald green and white. The flowered model is of white silk jersey with the South Sea Islands design in brilliant colors.

PERSONALS

Miss Eula Anne Tolbert returned from El Paso where she visited her cousins, Mr. and Mrs. Tolbert Bell, and left for a visit in Wichita Falls where she will be the guest of Miss Mozelle Ward.

Mrs. E. W. Cowden is visiting her daughter, Mrs. Joe Ward in Wichita Falls.

Mr. and Mrs. Fred Mitchell are spending the week-end in Aspermont.

Mrs. W. G. Henderson and little son are leaving this weekend for a vacation at Estes Park, Colo.

Mrs. Gladys Holster has returned from a visit with her sister in San Antonio. She went by way of Austin where she visited the Waltons who formerly lived here. She was away nearly three weeks.

Mr. and Mrs. N. G. Oates and family have returned from a two-

weeks vacation spent visiting at Bonham, Dallas, Anson, and Abilene. At Bonham they saw the Rev. W. J. Coleman, former Presbyterian pastor here.

Mrs. Carrie Sorge has been ill at her home here for several days.

Mr. and Mrs. Riley Parr have returned from Mineral Wells where they were called by the death of his sister, Miss Angie Lee Parr, 25. Funeral services and interment were at Vernon, Texas.

Mr. and Mrs. Guy Tamsitt and children, Jimmy and Lillian, have returned from a two weeks vacation trip to Ruidoso, N. M., and other points.

Mrs. Van P. Welch and her children are planning to spend the month of July in La Jolla, Calif., where they have taken a house.

McCamey News

Mr. and Mrs. Lester Bates have as their guests, his mother, Mrs. Paralee Bates and their cousins, Miss Gloria Rainey and little Joy Rainey of San Angelo.

Mr. and Mrs. Edw. Bierschwale had as their guests last week, their daughter, Mrs. Sid Galloway and little daughters, Sidney, Carole and Mildred Ann of Dallas.

Mrs. C. H. Carr of San Angelo was a guest in the home of her daughter, Mrs. Dewey Jones, and Mr. Jones last week.

Mr. and Mrs. Edgar Leach of Odessa spent from Monday until Wednesday here with Mr. Leach's parents, Mr. and Mrs. H. M. Leach.

Mr. and Mrs. W. O. Weinland and son Billy returned Wednesday from a three week's vacation spent visiting Mr. Weinland's mother, in McComb, Ohio.

Mr. and Mrs. C. H. Wilson of the Humble Production Department are vacationing in Fort Worth and points of interest in that vicinity.

Mr. and Mrs. J. M. Curry will return this week end from Killen where they have been spending the past week with Mr. Curry's mother.

Mrs. Paul Fisher and little daughter, Paulette, of Snyder, are guests this week in the home of their mother and grandmother, Mrs. Marguerite Perry.

Mr. and Mrs. J. W. Gaddy Jr., are spending a two weeks vacation in New Mexico and plan to visit the Grand Canyon while away.

SINGING SCHOOL IS HELD AT RANCH McCAMEY. (Special). — Miss Mary Bess Hamilton of Alpine is pianist and W. A. Sims of Nocona, Texas, is teaching the singing school sponsored by J. A. McDonald at his ranch south of Girvin. A school bus leaves the First Baptist Church in McCamey each afternoon at 2:15, carrying those who wish to attend. The classes begin at three p.m. and continue until 6 o'clock, when a barbecued supper is served. Afterward the school continues until 9 o'clock. The school is scheduled to run two weeks.

Dental Corrections On Midland School Students Total 699

Dental corrections for Midland County school students since the visit here of a mobile dental unit of the State Department of Public Health totalled 699. The sponsor was the Midland city-county health unit.

Dr. W. A. Buckner of the state department performed 477 and Midland dentists did others. Buckner's work was with the indigents.

A report of the work of the mobile unit and later work in Midland County schools follows:

North Elementary School: 181 corrections since dental inspection; 307 needed dental care.

Junior High School: 128 corrections, 409 needed care.

South Ward School: 51 corrections; 137 needed care.

High School: 162 corrections; 357 needed care.

Negro School: 32 corrections. Mexican School: 103 corrections; 116 needed work.

Prairie Lee School: 27 corrections; 56 needed work.

Valley View School: 14 corrections; 25 needed work.

Stephenson School: 1 correction; 5 needed care.

Service Registrant May Name Residence

A selective service registrant, who, on registration day July 1, has more than one place of residence may choose the one which he wants as his place of residence to determine the local board that will have jurisdiction over him, General J. Watt Page, state selective service director, said.

On the first registration day, Oct. 16, 1940, registrants often were confused as to which place to list, General Page pointed out.

In the second registration registration cards will contain a space for registrants to list their place of residence.

Brings Cow And Calf For Lawn Mowing Job

J. B. (Colonel) Wright tells this story about Windell Jackson, whom Wright hired to mow his lawn. Jackson showed up with his mower. Closer inspection by the "Colonel" revealed that Jackson also brought a cow and calf. The cow and calf were brought to graze, the worker explained.

4-H CLUB BOYS, AGENT HONORED AT BARBECUE

McCAMEY. (Special) — Mr. and Mrs. Willis Johnson were hosts to C. Snell, county agent, and his 4-H club boys and their guests with a barbecue dinner at their ranch home west of McCamey.

The 4-H club boys practiced livestock judging, and will leave Sunday for Lubbock where they will enter livestock judging contests. A team from this county will also be taken to A&M in July.

Texas Cowboy Reunion Will Be At Stamford

STAMFORD (Special) — Those almost mythical days of the open range, of boots and spurs and six guns and large herds of cattle on the trail will be relived here July 3, 4 and 5, at the 12th annual Texas Cowboy Reunion.

Each year, old-time cow-punchers, about 800 gather here during the reunion and elect new officers for their association.

Membership in the association includes the following from Midland: Sam Preston, Young Lee, Lum Daugherty, Arthur Judkins, Sam Kelton, Geo. F. Ratliff, Jno. C. Roberts, Jno. M. Gist, Mrs. Eva H. Cowden, E. W. Cowden, J. Pate Collins and H. G. Bedford. Ratliff and Bedford are on the board of directors.

Officers of the association include J. Ellison Carroll, Big Lake, president; E. M. Cowden, Midland, and Kid Jeffers, Brady, vice-presidents; Chas. E. Coombes, Stamford, secretary-treasurer; Glen Coffee, Amarillo, range boss; Charles L. Mays, Munday, wagon boss; Bob Weatherly, Clarendon, wagon cook and Pete Holcombe, Goldthwaite, horse wrangler.

Tennis Star—Ace Style

HELEN HULL JACOBS famous tennis star, inspects a smart tennis outfit which she designed for a collection of sport clothes for American sports-women. The ensemble includes white sharkskin shorts, pleated all around, a soft lisle shirtwaist with monogram and a natural flannel blazer with colored cord binding. Among other interesting sports clothes in the collection — all designed by Miss Jacobs—are: a short flannel mess jacket in red, navy or bright green; two white tennis dresses—one with a pleated skirt, the other cut on princess lines; a polo coat in muted rust tone; a golf dress with a golf action pleats under the arms as well as across the back

Wink News

Mr. and Mrs. W. B. Sevey, formerly of Wink, now of Lawton, Oklahoma, were here last week.

Mr. and Mrs. F. M. White, of Corpus Christi, were guests in the home of Mr. and Mrs. H. L. Little last week.

Miss Martha Riley had as her guest last week, Miss Nell Murcheson of Crockett, Texas.

Mr. and Mrs. F. D. McMillian had as visitors in their home last week their two daughters and family, Mrs. Jewell Williams and Mrs. Minnie Lee Atkins, of Houston, Texas.

Miss Thelma Abbey, home economics instructor in the Wink High School had as her guests last week, her sister Mrs. Don Dellman, and daughter Jo Ann, and a friend Mrs. George Davis, from Ocala, Florida. They left Friday morning for the Carlsbad Cavern accompanied by Miss Abbey. They will visit several other New Mexico points of interest en route to Pleasanton, Kansas, where they will visit Mrs. Dellman and Miss Abbey's parents for several weeks.

Mr. and Mrs. Guy Swain and family are leaving soon for Sundown, Texas, where Mr. Swain has been transferred.

Mr. and Mrs. George Crosby are leaving this week end for El Paso, where he has been called into army service as a second lieutenant. He has been employed by the Stanolind Oil Company at Wink.

Mr. and Mrs. O. G. Rudy are visiting relatives in Salem, Indiana. Rudy is distributor for Texas products in Winkler and Ward counties.

Mr. and Mrs. J. C. Jay, and daughter, Junna are spending their two weeks' vacation in East Texas.

DEFENSE BOND QUIZ

Q. How can I form the thrift habit necessary for me to buy many Defense Bonds now, to help the Government?

A. The easiest way is to instruct your employer or banker to hold back a small fraction of your salary or other income. Even 10 cents a day and a dollar on your birthday will mount up in one year to \$37.50, the purchase price of a \$50 Defense Bond. Bigger savings buy bigger bonds.

Q. How safe is a Defense Bond as an investment?

A. Entirely safe. The full faith and credit of the U. S. Government is pledged for payment of principal and interest on these bonds.

Accident Fatal To Monahans Man

MONAHANS (Special) — "Uncle John" Mitchell, 80, was fatally injured Friday night when struck by a car driven by Gidd Faircloth, Monahans. Mitchell died Saturday morning.

Investigating officers termed the accident unavoidable. Both Mitchell's legs, an arm and several ribs were broken.

Mitchell, widely known in this area, returned in May from an 1800-mile horse and wagon trip to Oklahoma.

Funeral arrangements are pending word from a son and daughter in Oklahoma City.

Marital Licenses In June Show Increase

June is the most popular month in 1941 to-date for marriages, the county clerk's office reported. Sixteen licenses have been issued this month.

Ten licenses were issued in April and nine in May.

The clerk's office issued licenses to: Frank Tyrrell and Louie Lee Corbin, June 27; Harvey Cogburn and Mrs. Cora Belle Melton, June 27; Silido Reyes and Carmen Givada, June 24; and Clyde Carson Cox and Thelma Gertrude Givens, June 23.

STATEHOUSE JOHNSONS OF NEBRASKA DISAGREE

LINCOLN, Neb. (UP)—The statehouse Johnsons are on the move. Lieut.-Gov. William E. Johnson is asking for pay while he acted as governor.

State Auditor Ray G. Johnson refuses to allow his claim.

Attorney General Walter R. Johnson told the district court the claim is just.

State Treasurer L. B. Johnson will make the payment if the judge decides in favor of the lieutenant-governor.

By William E. McKenney

America's Card Authority.

Bridge is usually considered an afternoon or evening pastime, but in Richmond, Va., Mrs. Mary Douville and Mrs. Virginia Brown run a tournament every Tuesday morning starting at 10 o'clock. From 60 to 75 women can be counted upon to participate.

That seems rather early in the morning to play bridge—I don't know that my wits would be sharp enough to do well; but Mrs. Douville sent me today's hand to prove that, despite the early hour, the women are wide awake.

After winning the first lead, declarer forced out the ace of diamonds. East led the ten of hearts, knocking out South's second stopper. Declarer cashed the diamonds, discarding a heart from dummy, while West let go the deuce of spades and East the four of clubs.

Now South laid down the king of clubs, and East made a clever psychological play by refusing to win. She could see that to take the ace of clubs and cash the two hearts would probably leave declarer with a solid hand, through a correct guess in spades or the fall of a doubleton jack of clubs from West or a squeeze of East in the minor suits.

But when the king of clubs held, declarer had to make a blind guess. She could not imagine why the ace should be withheld if the defenders were in position to cash the hearts. To continue clubs away from the queen looked very hazardous. So she decided to try the spade finesse toward the "non-danger hand."

That was just what East hoped for. She pounced on the jack of spades with the queen, and the defenders cashed three more tricks to set the contract.

Killing Takes Focus From London 'Krieg

LONDON (UP)—It took an old-fashioned murder to take the attention from the blitzkrieg in London's Soho.

When the news spread that Harry Distleman—"Scarface Hubby"—had been stabbed to death outside a night club in London's Bohemian quarter, all Soho, agog with excitement, flocked to the scene of the crime.

People stood outside the premises in Wardour Street and watched police arrive in a van to search the place. Everyone knew that Harry was the victim of an internal war between gangs that has run through Soho despite the blitz.

Truck Hits Bridge And Operator Burns

MONAHANS (Special)—Guy Young, 20, truck driver for the Monahans P-K Oil Company, was burned to death Friday when his truck struck a bridge on the Fort Stockton highway about a mile south of Grandfalls.

Young had delivered a load of Deisel fuel to an oil well in northern Pecos county and was returning to Monahans. His truck tore down two guard posts before striking the concrete bridge with such force that the motor was driven back into the cab. Firemen from Grandfalls confined the blaze to the cab.

Young moved to Monahans about a month ago from Kermit. He is survived by his parents and two brothers, Leonard and Doyle Young.

Texans Fail To Stop Loan Shark

By Ray Neumann Associated Press Staff

A handful of lawmakers—assertedly fighting the cause of the poor and needy—abandoned hope that the current legislative session would enact statutes designed to abolish the loan shark evil in Texas.

"The most powerful lobby ever to infect this capitol," said Rep. S. J. Isaacs of El Paso, one of the leaders in attempts to outlaw small loan racketeers, "has effectively blocked our efforts."

Of a half dozen bills intended to eliminate the charging of usurious interest—a tortuous burden to many borrowers of small means—only one reached the House of Representa-

IS CONVALESCING.

Mrs. A. D. Smith, who underwent an appendectomy in Ryan's Hospital Friday, was reported convalescing Saturday.

tives' jammed working calendar.

Most sponsors of anti-loan shark legislation declared there was an essential need for establishments making small loans to persons in low-salary or wages classes but contended it was difficult to write statutes which would effectively crush existing abuses.

"It's obvious," said Rep. Howard Hartzog of Port Lavaca, author of one plan, "that the constitutionally-limited 10 per cent interest makes it unprofitable for legitimate agencies to handle small loans, especially if the borrowers have no security or collateral."

Shipments Of Crude And Products Rise

PORT ARTHUR (AP)—Vessel shipments of crude oil and refined products from Texaco and Gulf refineries at Port Arthur in May totaled 9,275,241, a slight gain over the April total of 9,142,897 barrels, company officials reported.

Shipments of the two companies in May, 1940, totaled 9,563,238 barrels.

Gulf shipments last month totaled 3,692,842 barrels, and—for the second consecutive month—were all refined products and all shipped coastwise.

Texaco shipments last month totaled 5,582,399 barrels, of which 4,299,710 was of refined products sent coastwise, 581,133 barrels of refined products shipped foreign, and 701,556 barrels of crude oil, all shipped coastwise.

Fourth To Bring Big Traffic Jam

AUSTIN (Special)—The Fourth of July will bring the highest traffic jam in the state's history, the Texas Safety Association predicted.

More important, it also will bring the biggest holiday traffic toll of the year, the Association warned, unless the extra hazard is met by extra caution.

More than 1,726,200 vehicles will pack the highways over the three-day holiday period, traveling 130,000,000 miles.

An estimated 30 persons will be killed and 360 suffer injuries in the annual jamboree of carelessness which marks Texas' observance of Independence Day.

This all-time high will result from the fact that dense production

Points Out Dangers In July 4 Fireworks

AUSTIN (Special)—Marvin Hall, state fire insurance commissioner, has issued a warning to mothers, fathers, and guardians of children of the danger involved in shooting fireworks in the observance of American Independence July 4.

"In speaking of the danger of fireworks in the hands of children the record shows that two million lives have been needlessly sacrificed in the spirit of what was 'thought to be fun' in the celebration of American Independence Day," Hall said.

"Where there is loss of life and means full pocketbooks and full gas tanks. More people are driving more cars more miles.

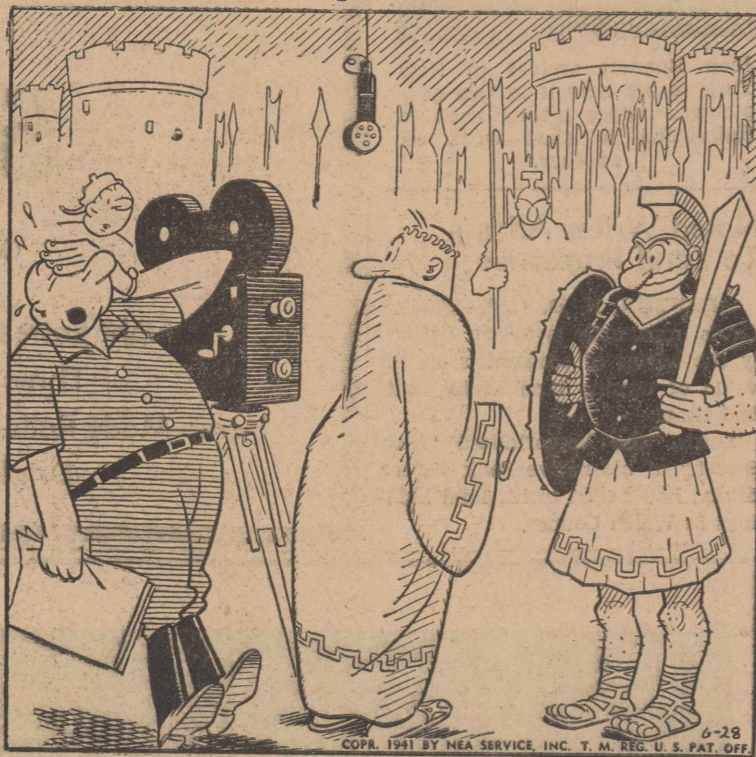

Girl Upsets Teapot And Receives Burns

WINK (Special)—Doris Crosby, 11-year-old daughter of Mr. and Mrs. M. Crosby, suffered painful burns about the legs and feet Friday, when she accidentally upset a teapot of scalding water. She received emergency treatment at a hospital.

destruction of property in the name of 'celebration' it cannot be called true patriotism. The destruction of more than four thousand lives, and more than 96,000 maimed, crippled, and blinded caused by the shooting of fireworks in the century and a half that has passed since the war for American Independence is too high a price to pay in the celebration of American liberty," Hall said.

GERMAN YOUTH AMAZED; NO WILD WEST HEROES
 SAN ANTONIO (UP).—Herbert Spiro was a little disappointed when he came to the United States from Germany. But he wasn't disappointed so much with the United States as a whole as he was at Texas. "The first thing I expected to see in Texas was a whole flock of Wild West heroes and Indians," he says. "You see, that's what we believed in Germany about Texas." The 16-year-old Hamburg, Germany, boy said the Nazi youths accept most Western fiction as fact.

WAR OBSTRUCTS STOCK ACTIVITY
 NEW YORK (AP) — The stock market finished a fairly successful week with considerable hesitancy Saturday as war worries combined with a slump in recently buoyant commodities to put brakes on buying sentiment. The Associated Press average of 60 stocks was unchanged at 41.7 but up 3.3 of a point on the week. Transfers of 139,550 shares compared with 125,200 a week ago. Business developments aided individual issues but most favorites were unable to get far out in front. Emerging with moderate advances were Canada Dry, which edged into new high ground for the year; American Can, Pennsylvania, Douglas Aircraft, Sperry, Goodyear, General Motors, Bethlehem Steel, American Telephone and Johns Manville. On the losing side fractionally were U. S. Steel, Western Union, Montgomery Ward, Glenn Martin, Phelps Dodge, Standard Oil (N. J.), Texas Corp., Santa Fe, N. Y. Central, Du Pont and Eastman, Kodak.

ANSWERS TO CRANIUM CRACKERS
 Questions On Page Two.
 1. Chicago is in Illinois; East Chicago is across the boundary line in Indiana.
 2. Minneapolis and St. Paul are both in Minnesota, separated by the Mississippi River.
 3. St. Louis is in Missouri; East St. Louis is in Illinois, across the Mississippi.
 4. New York City is in New York state; West New York is across the Hudson in New Jersey.
 5. All the Orange cities are in northern New Jersey, within a few miles of each other.

FOR SALE
 By Owner: Five-room brick; excellent condition; nice shade trees; on pavement; near schools. 1105 WEST ILLINOIS (96-3)
