Dickey Appointed To Precinct 1 Position

Bobby Dickey has been appointed as the new Precinct 1 Commissioner of Red River County.

The action came September 6, when Judge W.S. "Scotty" Whiteman appointed Dickey to the post.

H. Drue Pirtle was removed from the psot as Precinct 1 Commissioner the week before, when Whiteman told him that he could no longer represent the precinct because the law prohibits an elected official from serving on two posts, in this case, commissioner and member of the Talco-Bogata school board.

A committee, consisting of Travis Hale, W.C. Barnard, M.J. Dodd, Ennis Moore and Rev. Billy Daniels met the day before, September 5, with the County Judge, to ask if he would not change his mind about Pirtle and re-appoint him to the commissioner's post.

Whiteman said he would not change his mind, even if he vacated the school board position.

Then then asked toe judge to call a special election and let the people of Precinct 1 decide, offering to underwrite the expense of the election.

County Attorney Tom Fowler contacted the Texas Secretary of State's office, and that office replied that there are no provisions for such an election and Whiteman's appointment would stand until the 1986 November general election.

The committee spokesman, Travis Hale, said that the group was not authorized to make any recommendations.

Judge Whiteman also commented that neither the historical society, nor anyone else, "pulled his strings" about county business. This was in response to rumors that the historical society had instigated the removal of Pirtle. The historical society has expressed their feelings that they did not have anything to do with the matter, and felt it was unfortunate.

Dickey, the newly appointed commissioner of Precinct 1, expressed his hopes that the controversy would have no effect on his performance of duties. He said he has had no part in the controversy, and wants to do a good job.

He is a native of Bay City, where he attended school, is 54 years old, lives at Pine Branch, and has worked as a pipefitter with Phillips Petroleum. He moved to Bogata in 1964, was a licensed plumber, and then took a position with E.L. Dalton and Co. He later operated his own backhoe company. He then went to work for Simmons General Contractors in Talco. He has a 21-year old son at ETSU.

Nichols Worth

By: Nanalee Nichols

Well, every now and them it's bound to happen. I looked at the crisp, blank, white sheet of paper in the typewriter, and the paper looked back.

The look that blank sheet of paper gae me was as real as the look of a friend, or dog, or whatever. It was a cold look...an impersonal look, an uncooperative look!

Then the paper communicated. I don't mean that it spoke...I'm not that far around the curve YET. But it told me quite plainly that this week's column could be a problem.

Usually, a blank piece of paper is a friendly, challenging thing. Before I know it, the typewriter ribbon is jogging up and down and the little letters are filling that white expanse of paper right up.

But this week....welllll.....it just didn't work. I typed a few lines with a half-hearted idea. Tore them out, reread them and put them in File Thirteen (wastebasket).

Rolled in another sheet...tried the same idea from another angle. Hated it, tore it out. Repeated steps 1, 2 and 3, all over again.

Put another idea into the beginnings of a column. Tore it out, threw it away.

Decided to clear my mind (what there is of one) by going through the mail, recepting checks, thumbing through a few trade catalogues. Spent several hours attending to any business but the one that still lodged in the back of my mind.

Returned to the white piece of paper. It stayed white. Decided to finish up the day's work, drive to Paris and forget the whole thing. When these blocks occur, sleeping on them invariably cures them.

Returning the next morning, nothing had come to light. I was blanker and felt dumber than usual!

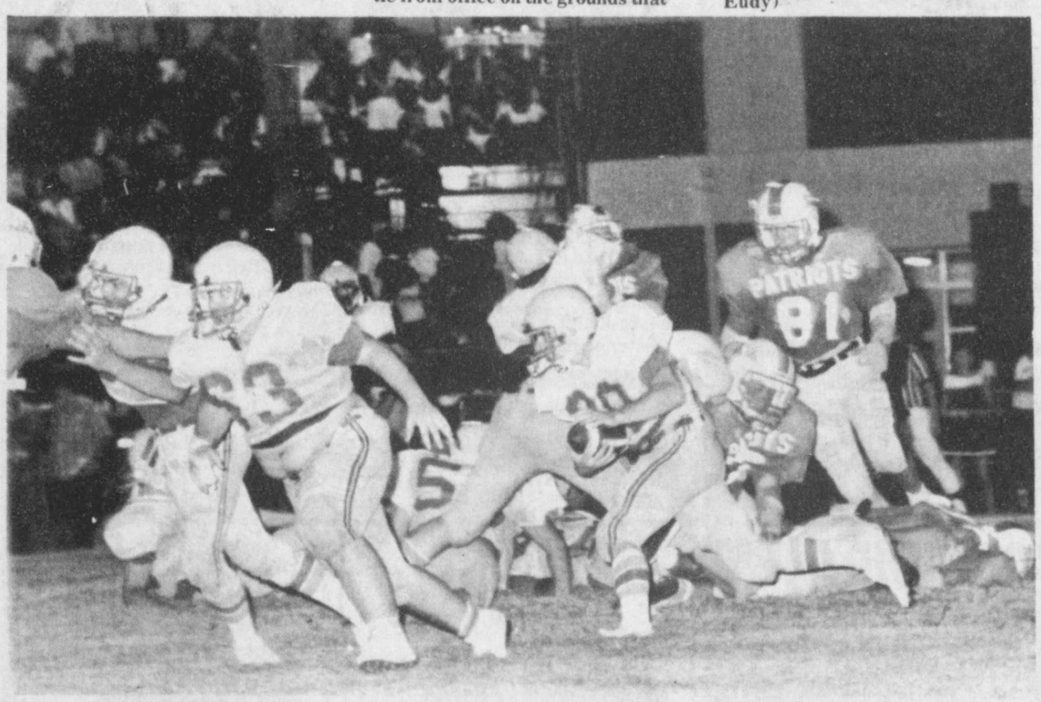

Finally, with time running out, realized that the paper, typewriter and brain weren't communicating at all.

So, I've listened to the paper, hostile as it was, and simply recorded what can happen on those occasional bad weeks. There hasn't been one for quite a while, and I can hope this feels the quota for some time to come.

Because, I don't LIKE it when the paper looks back at me with that hostile look!

MEETINGS-Members of a delegation met last Thursday with County Judge Scotty Whiteman, left, to ask him to re-appoint Drue Pirtle as commissioner. Whiteman announced Friday that he has appointed Bobby Dickey to fill the position. Whiteman removed Pirtle from office on the grounds that Pirtle could not hold his commissioner's position and his position on the Talco-Bogata CISD board of trustees. (Staff Photo by Diana Eudy)

Rivercrest Rebels Fall To Patriots

By Diana Eudy

The Rivercrest Rebels traveled the short distance to Pattonville to meet the Prairiland Patriots last Friday night. The Rebs couldn't get their offensive attack together and dropped the game 18-0. The Rebs are in the process of building their offense with young quarterbacks at the helm. Jimmy Lewis, a freshman, made some key passes count, as he went 4 of 7. Senior Charley Martin did some good running. Rivercrest drew several delay of game penalties which could be attributed to season opener jitters, but they settled into the groove during the second half and got the plays off in time.

Prairiland has an experienced team with about 20 seniors listed on the roster. An experienced player will not make the mistakes a young one will. Once a little playing time is behind you, things are usually better.

The Rebel defense held the Patriots to only six points in the first half. They made some outstanding tackles to halt the Patriot's moves. Rebel Head Coach Terry Giddens said, "If Prairiland didn't play well, we had a good chance, but they have a good team and they eventually wore us down."

The Patriots, on their first scoring drive, drew three penalties in a row. One for unsportsmanlike procedure and two for holding. But a recovered fumble by the Patriots got them back on the track and a 24 yard completion from Scott Scudder to Mike Connot set up the score on the next play. The Patriots led 6-0

The Rebels got a break when they punted to Prairiland and got an automatic first down as the Pats roughed the Rebel kicker. The Rebs had a run of bad luck though as they fumbled the ball away on the Rivercrest 23.

The Patriots went to the air and marked up three incomplete passes. A spearing penalty against the Rebs marched the Pats down to the two.

The Rivercrest defense refused to allow the Patriots into the endzone this time as Rebel Bo Brown effectively stopped th edrive. The Patriots led at the halfway mark, 6-0.

Prairiland received the second half kick-off and despite a strong attck, failed to score on their first drive. Bubba Simpson, 165 pound Rivercrest senior, did some good running for his team, but the larger Patriot defense held him in check. A recovered Patrio tfumble set up the score for Prairiland with 4:21 left in the third quater. Ronnie Bridges scrambled up the middle from the one for the second touchdown of the evening. The extra point conversion was no good, the Patriots led 12-0.

Scott Scudder, with a quarterback keeper, carried the ball over the line for the Patriots' final score of the night. Scudder carried from the eight yard line with 11:50 remaining in the game. The extra point kick was no good for a Prairiland lead of 18-0. This score would stand through the final horn.

The Rebels continued to run the ball with Bubba Simpson and then took to the air. One pass fell incomplete and the next was intercepted. The Patriots connected for 52 yards on a bomb from quarterbck Scudder to Aubrey Allen, but they failed to put together a scoring attack.

The Rebels recovered a fumble on the three yard line with 41 seconds remaining in the contest, but their fate had been sealed.

Coach Giddens remarked on his young quarterback, "Jimmy Lewis looked good. He went 4 of 7 throwing the ball. He took a good shot on the knee, but I don't think it is major. The doctor said it was bruised and would be sore. I'm not sure if he will play this week. Charley Martin did some good running..it depends on practice this week which quarterback we'll use."

Added Giddens, "I watched a film on Cooper and they have a good offensive line and a good running back. Cooper is very quick on defense and we will have to get outside and throw the ball."

The Rebels will host the Cooper Bulldogs Friday night at Johntown at 8 p.m. Come out and give them your support!

Football Contest Begins This Week

The paper's annual Football Contest is under way once more, offering cash prizes and fun for all.

On the contest page there will appear a game in each ad, plus a tie breaker game in the center. Mark the winner in each game. Do not try to guess the score, just the winner.

In the tie breaker game, predict the winner and the score. It will be counted with other games but the score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points by winner fourth.

Be sure to fill in the name, address and phone number and either mail or bring the page to the Deport Times office or the Bogata News office.

Entries brought to either newspaper office must be in that office no later than 5 p.m. on Friday of ech week. If mailed, entries must be mailed to either the Deport Times, P.O. Box 98, Deport, TX 75435 or to the Bogata News, P.O. Box 306, Bogata, TX 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

Only one nentry per person may be submitted.

First prize will be $12, second $7 and third prize $5. Come on and join in the fun!

Winning Is Winning 'Til It Isn't!

By Joyce Alexander

The return address was clearly stamped "Sweepstakes Clearing House Prize Notification Department". Yep, the envelope was all official like, asking the postmaster to please forward, if addressee had moved and filed a regular change of address notice or return this letter IMMEDIATELY, if addressee moved and left no forwarding address.

Lucky me, had I at long last won a Sweepstakes $150 or $250? What was on that last form I filled out and sent in by return mail? With great expectations, I took my best cutting scissors and ripped the envelope apart. There it was, a check, not for $250. Not even $150, but it was more than the $.10 I had received one time before. Yes sir, right on that check was writen "The Sum of 200 dollars 00 cents". Now who can't use $200 nowadays? But wait just a cotton picking minute, on one end of that check it says non-negotiable and there I was already negotiating. On the other end was stamped credit-voucher, return with order and in smaller letters "do not cash".

I wasn't planning on ordering anything, but on a closer look, there was a letter of congratulations saying as a consolation winner I could apply my $200 towards the purchase of one of the following products: a new five-piece matched luggage set, $289.95, handsome, high quality, heavy duty vinyl expertly described in a lovely brochure. Now, what normal American woman wouldn't want that luggage? Not me! I have a brand new set of luggage, just as handsome and of high quality, the only traveling it has done was from the department store to my bedroom closet, where it is patiently waiting for a long overdue vacation.

The next item I could spend my $200 for was a zig-zag sewing machine. Also heavy duty, makes buttonholes, plus it cna create 1001 decorative zig-zag stitches automatically. The only thing that can do more zig-zagging than that is a drunk driving down the highway. This wonder was only $312.00. Now, I don't really need a sewing machine, my old stand-by is pushed over in a corner just yearning to be used, so I'll just keep old faithful and clean out the cob webbs every now and then.

Number three prize, for only $489.95, was a 19" color television, automatic color control, electronic tuning, does everything but put your supper on the TV tray. Now who could turn down a bargain like that? I can!

I don't want to spend my $200 for another television when I have two already. One my husband bought me for Christmas so he could watch all the games during ball season. Now I am in a predicament if I don't spend that $200 for the television, then the $200 won't be mine. No sir, it sure won't, but the $289.95 that I would have to spend to get it would be mine and I am keeping it to spend when my new luggage and I go on a vacation.

September Is Good Time To "Balance" Fish

If the fish population in your pond is hopelessly out of balance, September is a good month to remove these fish with rotenone. During October and November after water temperatures decline, your pond can then be safely restocked.

Rotenone kills fish by constricting blood vessels in the fish gills, suffocating them. The warmer the water, the more effective rotenone; thus, August and September are usually the best months to apply it.

Some fish are more difficult to kill than others. Bullheads require more rotenone than sunfish and crappie. Bullheads inhabit the pond bottom and when maximum water depths exceed five feet, rotenon must be applied with special care to kill all the bullheads Soil Conservation Service personnel can provide technical assistance in obtaining and applying rotenone. SCS can help pond owners compute the cost of rotenoning and restocking as well as ways to improve the balance of your fish population.

New Purple Hull Variety Is Virus Resistent

Many gardeners and commercial producers have been plagued with a virus disease affecting cowpeas. The disease turns the leaves yellow and severe infections may reduce yields substantially.

According to Dr. George Philley, plant pathologist, there may be some relief from this disease in a new variety called Mopod. The new variety was developed in Georgia and is the Pinkeye Purple Hull type.

Mopod has the same production qualities as the Pinkeye Purple Hull and the eating quality is probably equal to the Pinkeye Purple Hull.

Result demonstrations to check the quality, production and virus resistance of the Mopod have been conducted in approximately 15 counties in East Texas this year. Production has been as good overall, but slightly less in some instances when compared to the Pinkeye Purple Hull.

In this first year of testing, Mopod has shown very slight infection from the cowpea virus. Philley says that plans are being made to conduct additional tests next year to obtain information from more than one year's corp. Seed will possibly be available for the 1986 crop.

TRUMAN AND ELAINE Baird of Cuthand would like to announce the engagement and approaching marriage of theri daughter, Brendia Eileen Baird to Gary Lee Haley, son of Milton and Shirley Haley of Tyler. The ceemony will be on Saturday, October 5 at 3 o'clock in the afternoon at Rose Heights Church of God, S.E. Loop 323 and Delmar St., Tyler. The family invites friends and relatives to share with them in this celebration of love.

Frys, Stinsons Vacation

Mr. and Mrs. W.C. Fry and J.W. and Kassie Stinson of Whitehouse left Talco July 24 for a six week vacation. They went to Branson, MO where they were met by Mr. and Mrs. Jackie Stinson and Jeromia. They spent a week. They saw many musicals. The Stinsons returned home.

The Frys went to Queen City, MO for Pioneer Days and Homecoming. Mrs. Fry graduated from Queen City High School in 1931. They were met there by her brother, Mr. and Mrs. Bill Bland, Rockford, ILI and Mr. and Mrs. Bill Bland Jr. and Todd and ERic of N. Aurora, ILL. Mrs. Fry saw many she hadn't seen for 50 years and visited many in the rest home and entertained in several homes.

They then went to Rockford, ILL to visit the Bill Blands and their family. Then they went to Canada where they traveled east for five days and saw beautiful scenery then came into Maine and all the northeastern states. They visited Mrs. Pearl Howell, Mr. and Mrs. Richard Price and family and Houston Howell of Sparta, TN. Houston and W.C. were war buddies and hadn't seen each other for 40 years.

They intended to go to Mississippi but a storm hit and they didn't continue. They traveled 8,000 miles and Mrs. Fry says one of her greatest desires was to visit all the states and got three more to go. They reported that Talco sure did look good when they returned home.

Jamin Graham Honored On 7th Birthday

Mr. and Mrs. Ron Graham of Rivercrest Trails entertained with a birthday-swimming party honoring Jamin on his seventh birthday Thursday, September 5 from 4 p.m. until 6:30 p.m.

Each guest enjoyed swimming in the above ground pool in the backyard and refreshments of hot dogs, chips, cold drinks, birthday cake and party favor bags served from a picnic table.

Those attending were Marla and Mandy Williams, Jeff Jackson of Bogata, Amanda and Matt Belcher of Cuthand, Jay Hancock of Rivercrest Trails and Jerah of the home.

Michael Allums Promoted

Michael Allums, son fo Mildred L. Allums of Bogata has been promoted in the U.S. Air Force to the rank of senior master sergeant.

Allums is a weather equipment superintendent with the 1st Information Systems Group in West Germany.

His wife, Nelda, is the daughter of Luther D. and Arnetta Black of Wylie.

The sergeant is a 1963 graduate of South Oak Cliff High School in Dallas.

YOU A PHYSICAL FITNESS NUT?

We're big on "fiscal" fitness too!

Good physical health is maintained by a consistent regimen, say of proper diet, moderate lifestyle habits, daily exercise.

Why not apply those constants to maintain fiscal fitness too? We've fiscal fitness advisors who'll work with you, devising a special financial planning regimen just for you and your circumstances.

We advocate fiscal fitness — it's very good for your health and your future!

WIN FIRST PRIZE **$12**

WIN SECOND PRIZE **$7**

WIN THIRD PRIZE **$5**

RULES OF THE GAME

CLIP OUT THIS PAGE AND MARK YOUR CHOICE OF WINNERS OF THE GAME THAT APPEARS IN EACH OF THE ADS ON THIS PAGE.

Do not guess the score, just the winner. If you predict a tie, so indicate with the word "Tie" written across the ad.

GUESS BOTH THE WINNER AND THE SCORE FOR THE GAME MARKED "TIE-BREAKER", THAT APPEARS ON THIS PAGE.

Tie-breaker game winner will be counted with other games but tie-breaker game score will be used only to break ties among contestants, with the game winner first, margin of victory second, total game points third and total points by winner fourth. If still tied, the prize money will be divided equally.

Fill in your name, address and phone number (if any) and either mail or bring this page, or a reasonable facsimile of the list of games, to either The Deport Times or The Bogata News.

Entries brought to either of the newspaper offices, must be in that office no later than 5 p.m. Friday of this week. If mailed, entries must be mailed to either The Deport Times, P.O. Box 98, Deport, Tex., 75435; or The Bogata News, P.O. Box 306, Bogata, Tex., 75417. All mailed entries must be mailed in time to arrive with the Saturday morning mail.

It is requested that only one entry per person be submitted. In event of more than one entry from a contestant, that person will be eligible for only one prize in that contest week.

Everyone eligible except employees of The News-Times newspapers and their families. Decision of judges will be final.

Arthritis Victory March Schedules Bake Sale

Mrs. Dorothy Jones, chairperson for the Talco Arthritis Victory March hosted a covered dish luncheon and planning session at her home on Monday, September 9.

A bake sale was scheduled for October 3 from 8:30 a.m. until everything is sold in front of the feed store downtown. There will be coffee and doughnuts.

Mrs. Jones said orders for cakes or pies would be taken. Anyone who wants to help or bake a cake or pie, call any of the following ladies, Dorothy Jones, Thelma Jones, Claudia Hindsley, Sis Case, Zonetta Hawkins, Jerry Ann Via, Dottie Miller or Lois Lewis.

Funds raised will help to continue and expand support services for arthritis patients and their families in Titus County and to advance the foundation's research programs that are directed to finding the cause and cure of arthritis, the nation's number one crippler.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional $980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with $190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with $400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, $190 million will be dedicated for use in water quality enhancement projects, and $200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to $250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional $980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an amount not to exceed $200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of $200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional $500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than $800 million in bonds, $500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to $1.3 billion in bonds, $1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing $500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Appropriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to $500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSTION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

(1) the abolition of the office of county treasurer in Andrews County and El Paso County;

(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Straight Talk
from Texas-New Mexico Power Company

Floodlighting makes late night emergency calls a little easier for TNP Employee Kenneth Surratt.

TNP Employee Kenneth Surratt recommends leased floodlighting because it automatically turns itself on at dusk and off at dawn every day!

When TNP Employee Kenneth Surratt has to work those necessary late night or early morning hours to keep your electricity going, he sure appreciates the floodlighting at TNP's Texas City District Office. A well-lighted parking entrance, or loading area is not only convenient but enhances nighttime security. This same floodlighting is available to your business through leasing from Texas-New Mexico Power Company. Leased floodlighting units automatically turn themselves on at dusk and off at dawn. Call our office today for more details about leased floodlighting.

MARRIS CHAPEL has a new meeting house, built almost on the site of the old church, which was torn down in the early 1960's. The new building was built by community volunteers. Pictured ae Roy and William Marris, and Don Shovan, minister from Lone Star worked on the building and Roy Marris was the leader of the group that organized and built the structure. It was started on July 1 of this year and completed except for floor covering now. It will be open for the Marris Chapel reunion the first Sunday in October and everyone is invited. The building will be free to the public to use for special events and funerals. Material and labor ws furnished by the Cemetery Association. They have hopes that someday perhaps church services might once again be held there. Marris Chapel was named after Roy Marris' grandparents. (Staff Photo)
