## Nicaragua Must Explain Her Act

AMERICANS WERE TAKEN AS PRISONERS OF WAR, AMPLE REPARATION MUST BE MADE.

## GOVERNMENT GOES SLOW

Decisive Action Will Be Taken Under All Circumstances Are Known, at Washington.

Associated Press.  
Washington, Nov. 19.—A tense situation exists this morning as a result of the execution of the Americans, Cannon and Grace recently in Nicaragua by order of President Zelaya of that republic.

The State department has been in possession of the facts in the case for forty-eight hours and has adopted an attitude of reserve, awaiting some sort of explanation from Nicaragua.

If it appears that the Americans were killed within the lines of the government forces and planted dynamite mines, or performed some similar feat, they might be regarded as spies and therefore subject to summary execution, but if they fought openly, they could have been treated as prisoners of war, in the opinion of the officials at Washington.

If the circumstances were as outlined in the latter case, Zelaya will be called to account and ample reparation demanded and the demand enforced.

Associated Press.  
Bismarck, Nov. 19.—Telegraph wires to the interior are down and it is impossible to confirm the reported execution of Leroy Cannon and Leonard race.

Associated Press.  
Washington, D. C., Nov. 19.—Indications seem clearly to point to the recognition by the United States Government of the belligerency of the revolutionists in Nicaragua, under General Estrada, and it is not improbable that a public declaration to that effect will be made in the near future. The war ships dispatched to Nicaragua ports are expected to arrive at their destination today.

Associated Press.  
Panama, Nov. 19.—Passengers arriving from Nicaragua report that Zelaya has severed relations with Jose Olivares, and the latter's home at Managua is guarded day and night. Zelaya is distrustful of his own men and has surrounded himself with foreigners. One thousand persons have been imprisoned at the capital because he suspects disloyalty or for refusal to contribute to the war tax.

## INJUNCTION IS GRANTED.

State Cannot Prevent the Piping of Natural Gas from State.

Associated Press.  
Muskegon, Okla., Nov. 19.—Federal Judge Campbell today granted an injunction to the Quapaw Oil and Gas Company restraining the state from stopping the piping of gas to another state. A force of men today began building the line from Washington county to Joplin, Mo.

## Will Resume Mileage Books.

Associated Press.  
Dallas, Tex., Nov. 19.—The Missouri, Kansas and Texas Railroad Company today announced it will resume the sale of mileage books and honor fares sold on the mileage basis by other roads for interstate travel. This was discontinued recently on account of an interstate commerce commission ruling.

## Farm Lands Change Hands.

S. C. McKee of Hazelton, Kas., is in the city today for the purpose of closing up a deal, having purchased from Jas. Rogers 313 acres, and from a Mr. Pritchard a 100-acre tract of land located five miles east of this city in Clay county, on the Fort Worth & Denver railroad. Mr. McKee will move, with his family, to Texas within the next two months.

George Shipp of Austin, was in Wichita Falls this morning and called upon the University of Texas students here, in the interest of the University Y. M. C. A. building. He received considerable encouragement here.

In compliance with the state law, the Vreeland building, which is being partially used for rooming purposes, is being equipped with a fire escape.

## DICK BOWMAN WILL BE GOVERNOR'S SECRETARY

Associated Press.  
Austin, Tex., Nov. 19.—Governor Campbell today named Representative J. Richard Bowman of Amarillo, as his private secretary to succeed A. M. Barton, who was appointed yesterday financial agent of the state penitentiaries.

Bowman is a member of the legislative committee investigating the conditions in the penitentiaries and camps and will assume his duties immediately.

## SAN ANGELO IN RACE.

West Texas City Wants Cattle Raisers Headquarters.  
Texas News Service Special.  
San Angelo, Tex., Nov. 19.—A movement to secure the headquarters of the Texas Cattle Raisers' Association, if removed from Fort Worth, was begun today by the San Angelo cattlemen. Inducements will be offered which will meet the requirements of the association's headquarters. Cattlemen of large grazing area about San Angelo are co-operating. It was announced yesterday that the headquarters would probably be removed owing to Fort Worth's failure to pay the headquarters' rent.

## CHICKASAWS ANGRY.

Declare Against White Methods and Threaten Trouble.  
Texas News Service Special.  
Ardmore, Okla., Nov. 19.—The Snake Indians precipitated a fight in the Chickasaw Legislature at Tishomingo, when they spurned the white man's civilization, declared the government unfriendly to Indian interests and urged the Chickasaws to return to the barbaric customs of early days. Chickasaw Governor Johnson with the white and mixed Indians, form a majority.

## SLAGER WILL PROBABLY RECOVER FROM INJURIES

W. J. Slager, who was thought to be fatally injured in an affray with Dan Hardy yesterday afternoon, is reported much better this morning and his chances for recovery are considered much improved. He has not yet fully recovered consciousness, but has rallied wonderfully and if there are no complications will recover. It is not yet established whether his skull was fractured or not, the principal danger being from the concussion. Dr. Wade Walker considers that he has a very good chance to get well, although there is danger of brain fever and similar complications.

Associated Press.  
Postoffice Department Accedes to San Angelo's Request.  
Washington, D. C., Nov. 19.—The Postoffice Department today announced that mail service will soon be established on the K. C. M. & O. railroad between San Angelo and Sweetwater. San Angelo citizens urged this service.

Mr. John Harnyore living at 607 Broad street has recently become insane and was committed to jail. He has tried to commit homicide and suicide. Dr. Swarts reports that he will be taken to Indiana as soon as his brother arrives.

## BANK ROBBERS SECURE \$1600 IN IOWA TODAY

Associated Press.  
Des Moines, Ia., Nov. 19.—Two masked men dynamited the safe in the Bank of Alleman, at Alleman, early today, securing sixteen hundred dollars in money. The robbers escaped toward Des Moines in a buggy.

Scott-Brown.  
A quiet home wedding was solemnized Wednesday evening, November 17, 1909 when Miss Lulu Odell Brown, daughter of Mr. and Mrs. J. A. Brown of 304 Lee street, was married to Mr. John Scott of this city.

By the sweet strains of music which was rendered by Miss Imogene Brown, the groom and best man, Mr. W. Meredith entered, and then the bride, attended by her sister, Miss Hattie came to the altar, and in a short and impressive ceremony, Rev. J. P. Boone pronounced them man and wife.

After congratulations from the friends and relatives present, dainty refreshments were served. The bride was gowned in cream colored satin, trimmed in cream colored lace; the bridesmaid in drab colored satin beautifully trimmed.

Mr. and Mrs. Scott left on the 11:30 a. m. train for Fort Worth and other points south, to return home in a few days, to make this city their future home.

The bride and groom received quite a number of beautiful presents as tokens of esteem from their friends.

Deaths Filed for Record.  
The following deaths have been filed for record in the county clerk's office since last issue:

Floral Heights Realty Co., to R. C. Hardy, lot 3 in block 6, Floral Heights. Consideration \$400.  
J. W. Scott to Will and Annie Bryan, lot 2 in block 9, Burk Burnett. Consideration \$300.  
A. G. Fletcher and wife to F. C. Utz, lot 13 in block 9, Kemp and Jackson addition. Consideration \$950.

## OIL BOOM SEEMS TO BE ON AT ELECTRA

MAN LEASES BEING CLOSED IN VICINITY OF RECENT SUCCESSFUL STRIKE.

## PROSPECTORS ON SCENE

Reported That Large Oil Interests Have Watchful Eyes on the New Field.

Electra is now experiencing an oil boom of no meager proportions and the recent discovery there has put that town very much on the map. During the past few days a number of prospectors have passed through Wichita Falls en route there. There has been a big demand for oil leases in the vicinity of the successful well and overtures of this kind have been made everyone in that vicinity.

One oil lease has been closed nearly two miles from the scene of the successful strike and at the present rate that entire section of the country will soon be covered. The leases are being taken out by individuals and it is not known just what interests are back of them, though there are reports current that some of the combines are becoming interested in the new field.

It is learned that several outfits have been ordered by prospectors and within a few weeks the field will doubtless present a very busy scene. Those Wichita people who have visited the place recently say that considerable excitement prevails over the discovery.

## WRECK NEAR TULSA.

Train Jumps Track on High Grade. None Killed.

Texas News Service Special.  
Tulsa, Okla., Nov. 19.—Spreading rails caused the engine and part of a passenger train on the Arkansas Valley and Western Railroad to leave the track on the high grade west of Tulsa last night. Two coaches remained on the track and prevented the train from rolling down the embankment. Mrs. Lena Hudson of Tulsa, was seriously injured. The other passengers were only shaken up.

## TRIAL AT CHICKASHA.

Haskell and Other Defendants Will Probably Plead Not Guilty.

Texas News Service Special.  
Muskegon, Okla., Nov. 19.—Governor C. N. Haskell and the five other Muskogee citizens are preparing to leave tonight for Chickasha, where they will appear before Federal Judge Marshall following their indictments on the charges of defrauding the government out of lands. It is expected they will plead not guilty.

## THE VILLAIN AND THE FLOWER GIRL

At the Empire Tonight.

Newcomb and Edwards presented 'His Country Sweetheart' at the Empire last night. Tonight they play 'The Villain and the Flower Girl.' We assure our patrons that they will see two first-class artists, and an up-to-date act. Miss Edwards is also noted for her buck and wing dancing. The \$100.00 hat will be given away on December 1st.

"PROFESSOR" EVERTON, HYPNOTIST, AND SUBJECT WHO DIED UNDER HIS SPELL.

Scientists and others everywhere who are familiar with hypnotism or have seen hypnotic performances on the stage are interested in the case of "Professor" Arthur Everton, who is in jail, charged with having caused the death of a subject named Robert Simpson, during a stage performance at Somerville, N. J. Everton had been performing with Simpson as his subject for several weeks, putting the man under hypnotic control and then reviving him in the presence of his audiences. A part of the act consisted in making a bridge of Simpson's rigid body between two chairs, the hypnotist standing on the subject's chest, as shown in the picture. At the Somerville performance Everton was unable to bring Simpson out of the trance, and when physicians were called they declared the man was dead. Another hypnotist was sent for and worked over the body for hours before surgeons were allowed to perform an autopsy. The postmortem revealed a ruptured artery near the heart.

## RESCUE TOO LATE; ONLY DEAD BODIES

FIREMEN ENTER MINES AT CHERRY, BUT FIND ONLY CHARRED HUMAN REMAINS.

## FLAMES BEING QUELLED

Several Loads of Bodies Brought Up Today, But Few of Them Are Identified.

Associated Press.  
Cherry, Ill., Nov. 19.—Early today a Chicago fireman and a group of miners penetrated the galleries of the St. Paul mine and for two hours fought the fire in the coal veins without much trouble. All the rescuers worked without oxygen helmets or apparatus and suffered no bad effects.

The rescue work seems too late. In the second vein the firemen discovered a pile of bodies, many of which could not be identified. It is uncertain when the bodies will be recovered, as the gallery is badly caved in.

The local miners today learned that the miners in nearby mines, fearing the unsafe conditions, had struck and inspectors will be sent today to the mines where the trouble is feared.

Three of the bodies were first removed through the main shaft, being brought to the surface at 8 o'clock. A pile of other bodies is in sight, but the passage to them is for the present hampered by fire.

Four other bodies were brought up on the next trip of the cage, one of them that of a boy. The town hall has been turned into a morgue.

Scores of women sought to identify the dead, but the condition of the bodies made this difficult.

The first body identified was that of Dickie Buckles, a stable boy, and the second that of Louis Gibbs, a miner.

"I was at Messina after the earthquake, but the horror of that catastrophe was no worse than this," said Ernest Bicknell, the Red Cross representative.

## CREEL GOES HIGHER UP.

Understood That He Will Become a Member of Diaz's Cabinet.

Texas News Service Special.  
El Paso, Tex., Nov. 19.—Despite denials from Mexico City that Governor Enrique Creel will become a member of President Diaz's cabinet, elaborate preparations are being made for the farewell ball in honor of the governor on Saturday night. Advice received here from responsible sources are to the effect that President Diaz will retire from the active executive control, leaving the portfolio to Vice-President Ramon Corral, with Creel as one of the advisors. Creel was formerly the Mexican ambassador to Washington.

## MEXICO IS CONDEMNED.

Presbyterians Object to Granting of Race Horse Franchises.

Texas News Service Special.  
San Angelo, Tex., Nov. 19.—The Texas Presbyterian Synod here today condemned the action of Mexico in granting to Col. Matt Winn and his associates a concession to operate a race track in Juarez, opposite El Paso. The resolutions will be forwarded to Washington, urging governmental interference.

## BIG RAILROAD SCHEME.

Hawley Plans Combine of Katy, Frisco, Rock Island and Others.  
By Associated Press.  
St. Louis, Mo., Nov. 19.—Well-informed St. Louis financiers are discussing the widely circulated report that Edwin Hawley is organizing a five-million dollar holding corporation to include the Frisco, Katy, Rock Island and other roads, with a mileage of twenty-five thousand miles, reaching from Newport News to Galveston.

## CHILD LABOR LAW.

Davidson Interprets Recent Legislative Enactment on Subject.  
Texas News Service Special.

Austin, Tex., Nov. 19.—Attorney General Davidson today ruled that the state anti-child labor law applies to the employment of children by factory or mine owners, or by their own parents. Children of widowed mothers or incapacitated parents may work in factories, but not in mines.

## Culberson Goes to Washington.

Texas News Service Special.  
Dallas, Tex., Nov. 19.—United States Senator Charles A. Culberson will be unable to preside at the political meeting here Monday night, when Congressman Rufus Hardy will discuss the tariff issue. The senator will go to Washington Saturday on official business.

## SUBTERRANEAN FLAMES TERRIFYING NEGROES

Texas News Service Special.  
Fort Worth, Tex., Nov. 19.—A subterranean fire in the west part of the city today threatens to burn the surface and destroy the thickly settled negro quarters.

A number of dwellings are undermined and more are being removed. Negroes, with children in their arms, are praying, believing the end of the world near.

This region twenty years ago was used as a city dump ground, the rubbish forming a foundation thirty feet deep.

The fire started a month ago, but only became dangerous today. The fire department is sinking pipes to flood the burning cavity.

## Football Player Improved.

Texas News Service Special.  
Abilene, Tex., Nov. 19.—The condition of John Aerhart, captain and quarterback of the Simmons College football squad, who is suffering from concussion of the brain as a result of injuries received in the recent game with Baylor College, is improved. He will probably recover.

## PRESIDENT AT NORFOLK.

Delivers Address to Virginia Waterways Association Today.

Associated Press.  
Norfolk, Va., Nov. 19.—President Taft arrived here today aboard the Mayflower, and he will make an address to the Atlantic Deep Waterways Association. A salute of twenty-one guns greeted the president as the Mayflower took up her anchorage.

## COTTON SHIPPING OVER THE KATY THIS SEASON

Wichita Falls has shipped 6,739 bales of cotton this season over the Katy, according to figures compiled by the freight department of that road. This is a better showing than any other town on this branch of the road, with the exception of Henrietta and Gainesville. The figures do not include cotton shipped over other lines and the major part of Wichita Falls' cotton shipments, probably, have gone over the Denver.

Following are the shipments made at the leading towns along this branch of the Katy:

Wichita Falls, 6,738; Collinsville, 2,859; Denton, 4,926; Gainesville, 14,721; Henrietta, 8,329; Nocona, 6,354; St. Jo, 3,651; and Whitesboro, 2,981.

## Alarm Felt in Chile.

Associated Press.  
Santiago, Nov. 19.—Great anxiety is felt here because of the notification of the United States to close the legation here unless the Chilean government consents to an adjustment of the Alsop claim, or agrees to refer the dispute to the Hague. The American colony here says the proceeding is arbitrary and detrimental to American interests in Chile.

The Chilean government today opened negotiations with Washington with a view to submitting the Alsop claim of the United States against Chile to a specially constituted court of arbitration at the Hague.

## WILLIAM LAFFAN.

Publisher of New York Sun Dies of Appendicitis.

Associated Press.  
New York, Nov. 19.—William Laffan, publisher of the New York Sun, died today at his home in Long Island, following an operation for appendicitis last Monday.

## Mortuary.

Mrs. F. M. Kemp, aged 59, died at her home at Holliday, Texas, yesterday at 2 p. m., after a lingering illness. The remains were prepared for burial by the North Texas Undertaking Co. of this city and shipped to some point in Missouri, the former home of deceased, for interment.

## OUTLOOK FOR NEW DEPOT UNCERTAIN

REPORTED THAT PRESENT DENVER STRUCTURE WILL BE REMODELED INSTEAD.

## AFTER FIRST OF YEAR

Depot Facilities Are To Be Improved, Though to What Extent Is Not Known.

That Wichita Falls is not to get a new depot from the Fort Worth and Denver, but that the present structure is to be remodeled and improved, is the latest "dope" on the depot situation. This information is not authentic, but comes upon what is considered good authority. Whatever the Denver decides to do in this matter will not be done until after the first of the year and by that time an entirely new depot may be definitely decided upon.

The Denver has been figuring upon a new depot building here for some time and it has long been considered a necessity, the business and traffic having outgrown the present structure. Plans for a handsome two-story depot were drawn some time ago and have been approved, but no action has ever been taken. It is safe to predict, however, that Wichita Falls will either get a new depot after the first of the year, or the old one will be put into a condition more in keeping with the other buildings of the city.

## A Corn and Mill Inspector.

State Health Officer Brumby would have an inspector to watch every mill in Texas and see that he does not grind rotten corn, or damaged grains that have been shelled from the nib of the ear. The Dr.'s plan would put out about as well as the great farce known as the Bell Punch which by legislative enactment was forced into the saloons along about 1879-89. This "punch" was a small nickel-plated affair about the size of a cigar box and was screwed down on the saloon counter. It was furnished with a small crank and every time a drink was sold the saloon man gave the crank a turn, a little bell rang, and the sale was registered. At the end of the quarter, the inspector came around, unlocked the little machine, counted the perforations on the little paper ribbon, and collected a per cent on the drinks sold which went into the State treasury.

These Bell punches would have answered the purposes for which they were intended had all saloons been fair and had all cowboys been born without a sense of humor and devilment. At Cherry Springs in Gillespie county, a cowboy held the barkeeper at bay while a dozen rollicksome comrades took turns for nearly two hours turning the Bell punch crank—just to hear the unseen bell ring. At Fort McKavett a bevy of Concholand cow punchers got gay and after prying the nickel lined machine from the counter, took it all apart to see what was inside. At Menardville a big cow outfit came along and after having partaken copiously of Billy Johnson's fire water pulled their Colt's and shot Billy's Bell punch to fragments. The Bell punch had a brief but luminous career. Dr. Brumby's corn inspector system if adopted might not afford as much gaiety as the Bell punch but its career would be less bootless. The Dr. contends that many people consume damaged corn unwittingly. Perhaps, but a man who cannot detect musty meal is devoid of the senses of taste and smell and pellagra and the hookworm ought to seize him.—San Angelo Standard.

## TOTAL OF \$68,183,000.

Value of Cotton Exports This Year Reaches That Sum.

Associated Press.  
Washington, Nov. 19.—The total value of the cotton exports from the United States, according to a bulletin from the department of commerce and labor, has reached eighty-eight million, one hundred and eighty-three thousand dollars.

## SUES FOR \$200,000.

San Antonio Man Asking Big Sum as Damages.

Texas News Service Special.  
San Antonio, Tex., Nov. 19.—Suit for two hundred thousand dollars was brought today against the local traction company by Will Hollifmann, who was knocked off a water wagon which he was driving and seriously injured when a car struck the sprinkler.

## SEVENTY-THREE FIRED BY COLLECTOR LOEB

Associated Press.  
New York, Nov. 19.—Collector of the Port of New York today announced the removal from the customs service of seventy-three employees and attaches in the weighing and other divisions of the service here.

The local football team has received a challenge from a team at Childress for a game there. The deft will probably be accepted for one day early in December.

## FIFTH PRIZE ARTICLE IN INDUSTRY CONTEST

The Times today reproduces the fifth prize article in the recent Home Industry contest:

We all naturally cherish a feeling of heroism for our country, aiding in every way possible for its advancement and power before the world. In order to do this, we must let our influence be felt first of all in our home town, striving always to do our part for its benefit, which we can only do by keeping our money at home.

Why should we seek to build other towns, by giving them what our own town has a right to, and will appreciate. In the place of lavishing it upon a ready-built city, which has so great an income, that it does not appreciate our little remittances.

Our home money helps to build modern churches, schools, (and nothing so advances a town as educational advantages), home factories, and enterprises of every nature.

It's the foundation of a well founded town, which merges into city of many thousands, with the paved streets, concrete sidewalks, electric street cars, modernly equipped, brick, steel and stone business houses; forgetting the one story frame structures, that are so dominant in towns that patronize out-of-town business houses.

It enables our merchants (from the smallest capital invested to the business man who is able to meet the demands and wishes of every one) to be in a position to know what to buy, when to buy, and how to buy at a sacrificing low price—indirectly giving us back a part of our expenditures, by our home patronage of spending Wichita Falls money in Wichita Falls.

It puts a more congenial feeling between everyone, all feeling free to express their opinion relative to our town or city.

Our money spent at home enables the employer to pay his bookkeepers, clerks, salesladies, better salaries, putting the employee in a better financial standing, that he or she might pay his or her necessary bills.

The employee can give his or her employer better services. This you can readily appreciate business relations to be more mutual—bringing all in closer touch, and every one in a much pleasanter mood—so spend Wichita Falls' money in Wichita Falls.

By spending our money at home, directly and indirectly develops the rural district environment, and when the rural district surroundings have been developed, you have gone forward quite a few paces in developing a better city or town—when you have founded a firm foundation for both city and rural, then your greatest task is accomplished, for both go hand in hand, and will profit materially by being thus founded.

Let us work for the things that will draw people to our town, some great advantages over her neighboring sisters.

We have it in our power to make this thriving little town of ours a significant, independent city demanding recognition of every one.

"So let us strive on."  
MRS. SIMEON C. COOK,  
1204 Twelfth street.

At Actual Cost.  
We will rent the front of our store December 1st, and will only occupy one-half of the building, which is entirely too small for the stock we have on hand at present. ## A Gold Mine to All

The following is an analysis of water taken from a well on my farm two miles southwest of town, on the road to Lake Wichita; was made by G. S. Fraps, Ph. D., State Chemist, at the Agricultural and Mechanical College of Texas, on Oct. 13th, 1909.

This sample of water has the following composition, expressed in grains, per U. S. Gallon:

|                         |        |
|-------------------------|--------|
| Carbonate of Lime.....  | 7.58   |
| Sulphate of Lime.....   | 23.33  |
| Calcium Chloride.....   | 15.68  |
| Magnesium Chloride..... | 32.19  |
| Sodium Chloride.....    | 135.41 |

This water is classed as a mineral saline water. These waters stimulate the secretion of the stomach, increase digestion and favor a more complete absorption of the food. This water should have a laxative action, taken in small doses, and a purgative action taken in larger doses, on account of the magnesium which it contains.

Yours truly,  
G. S. FRAPS.

This water will be delivered to any part of the city at 10c per gallon.

### WANT AN EXTENSION.

"Big Pasture" Settlers Want Five Years Additional Time.

H. H. Parks, of Grandfield, president of the Big Pasture Settlers Association, and a committee of Big Pasture farmers, were in the city several days last week in the interest of the Big Pasture extension. They will ask for a five years' extension of payment and the privilege of relinquishing in case the homesteader finds it necessary to dispose of his holdings.

The extension will be a great benefit to the Big Pasture farms who have not yet made satisfactory crops upon their lands. The pasture was opened too late to do anything that first year, and the second they were drowned out by floods and this year their crops have been cut short by the protracted drought.

Nine hundred of the homesteaders upon these lands have not yet made final proof. They are making a herculean effort to make their farms fruitful and only ask of the government to wait until the lands can be put in a good state of cultivation, that they may not have to place mortgages upon their homes. In the event of an extension they expect to pay their percent interest and neither the government or the Indians would lose anything by accommodating the settlers.

The committee headed by Mr. Parks was very much pleased with the reception they received at the hands of Mr. Valentine, commissioner of Indian affairs, who heard their story and is believed to be in sympathy with extension. He is a very progressive man and remarked that he would be glad to do anything that he could for the pioneers who are doing so much to develop the country. Congressman Ferris has also been enlisted in the movement, and will work for the interests of the settlers. Senator Gore, in reply to a telegram asking his assistance, replied in his characteristic manner, "I will do all in my power to help you and more."—Lawton Constitution-Democrat.

**"PERSONAL LIBERTY."**

The liquor dealers, recognizing that their very obvious pecuniary interest would lessen the weight of any argument which they might publicly advance are making their fight under cover of organizations purporting to represent those who use liquor. Many well-meaning men have been misled into believing that every attempt to lessen the evils of intemperance is a "fanatical attack" on "personal liberty."

It is time the phrase "personal liberty" were defined.

What is meant by "personal liberty?"

Does it mean that a person has a right to drink in any quantity, at any time, and in any place, no matter what injury he may inflict upon others? If not, with whom rests the right to fix limitations?

A drunken man is a menace to the lives and property of those about him; have his neighbors no right to protect themselves?

A drunkard robs his wife and children, and he may finally make his family and himself a charge upon society; has society no right to protect itself?

The saloon is next-of-kin to the brothel and the gambling hall; it is a rendezvous for the criminal element and the willing tool of the corrupt politician; has not the body politic a right to protect itself from the demoralization which the saloon works?

The right to drink does not necessarily include the right to demand the establishment of a saloon. The right to drink is sufficiently protected by any arrangement that permits the reasonable use of liquor under reason-

able conditions; and it must be remembered that the right to drink, like any other right, can be forfeited. Nothing is more sacred than the right to life, and yet one may forfeit his right to life if he uses it in such a way as to threaten the life of another. So, the man who drinks to excess may forfeit the right to drink; even the moderate drinker may forfeit the right to drink in moderation if, not content with reasonable regulation, he insists that liquor shall be sold under conditions that constitute a menace to the home and the state.

The man who desires to drink moderately ought to join with those who seek to reduce the evils of drink to the lowest possible point, instead of allying himself with those who ignore the evils of intemperance and resist every effort put forth for the protection of society.—The Commoner.

Wichita Falls Times: The fact that Mrs. Astor got her divorce without any front-page headlines may be learned with interest by those who had supposed that such things were impossible.

Dallas News: It does seem mysterious until we examine the facts. The facts are that the suit was tried secretly and the evidence sealed. The plaintiff is understood to get a settlement of ten million dollars in cash or its equivalent, which is believed to be about one-tenth of the defendant's fortune. She retains one of the children and he the other. Europe is to be her future habitat, but it is not known where his abode will be taken up, although no one expects that he will to a nursery go.

From every pulpit in Cairo, Ill., the recent lynching of a negro and a white man in one night, was denounced last Sunday by the various pastors, as a natural result and what might be expected to occur in any community, north or south, where the lawless element is allowed to gain such a stronghold as to control municipal affairs. These preachers even went so far as to condone the offense of the mob by asserting that such acts were necessary occasionally, in order to arouse the better element to the existing conditions.

And now it is proposed to appoint a "penitentiary commissar" with salaries as \$3600 per. It gets wusser and wusser.

Why not start drilling for oil and get an oil boom of our own. It is being struck all around us and it's time to get busy.

Our principle objection to this November weather is that there is only twenty-four hours a day of it.

Mangum is said to be preparing to come to Wichita Falls en masse next Thursday, and fully fifteen hundred people will visit this city from that point. It's up to Wichita Falls to extend the glad hand.

The knowledge that the penitentiary investigation was started by yellow journals is doubtless very consoling to those convicts who have been made to feel the "bat."

The profits of the Standard Oil company this year will be eighty million dollars. Every little bit added to what you've got makes just a little bit more.

About the hardest thing that has been said yet ament the suffragette movement is that the Chinese tried it—and then went back to opium.

It will take more than a boycott to keep Texas cattle off the market, even if forty-one states are striving to accomplish that end.

Now that Charles Warriner has been indicted, all that remains for justice to do is to convict him and send him to the penitentiary.

H. Clay Pierce says that Texas holds the Waters-Pierce property by might rather than right. But at any rate, she holds it.

What O. B. Colquitt said when he learned that Davidson had resigned to run for governor is unfortunately lost to history.

It is now proposed to read insurgent democrats out of the party. It might be a good idea to read them into it first.

It doesn't really matter whether the penitentiary investigation was started for spite or not; that question is immaterial to the murdered convicts.

There is one most excellent reason why Taft will not have Pinchot fired. He is afraid to.

### TO THE INSURING PUBLIC.

#### A Few Pertinent Facts About Fire Insurance Which It Will Pay You To Know.

Since the year 1880 some 440 stock companies engaged in the business of fire and marine insurance in the United States have either reinsured, retired, or failed—an average of more than 15 retirements and failures a year.

In purchasing securities, clothing, or builders supplies, or provisions, most buyers are careful to select the best that can be had for the money. Why should not the same law of trade govern the purchase of fire insurance? The rates charged by the stock fire insurance companies are the same. Then why not select policies of companies which have large resources, whose business is carefully selected, and which have honorably met the enormous losses occasioned by the great conflagrations at Chicago, Baltimore and San Francisco, to say nothing of those resulting from the smaller catastrophes of the kind?

Any insurance policy is a good enough policy until the unexpected happens—until a fire comes, then it will be found that it paid to select the best.

Companies represented in our office have more than TWO HUNDRED MILLION DOLLARS in United States assets, they are the leaders, strong and old-established.

Don't forget that the very best insurance protection can be had for the same money as an inferior article.

Parisian Sage, the Hair Grower, is Now Sold in America on Money Back Plan.

It's a mighty good thing for the women of America that Parisian Sage can now be obtained in every town of consequence.

No preparation for the hair has done so much to stop falling hair and eradicate dandruff and make women's hair beautiful as Parisian Sage.

Parisian Sage is the only certain destroyer of the dandruff microbe which is the cause of 97 per cent of hair troubles.

These pernicious, persistent and destructive little devils thrive on the ordinary hair tonics.

Parisian Sage is such an extraordinary and quick acting rejuvenator that Mater-Walker Drug Co., who are the agents in Wichita Falls, guarantee it to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

It is a magnificent dressing for women who desire luxuriant, lustrous hair that compels admiration.

And a large bottle of Parisian Sage costs only 50c at Mater-Walker Drug Co., and all over America.

#### Play Wichita Falls Thanksgiving.

The Vernon Football team has arranged to play Wichita Falls Thanksgiving, the game to be played at the last named place. It had been hoped that two games could be arranged with this eleven, one to be played here this week and the other at Wichita Falls, but this could not be done.

A special train will be put on and special rates for round trip tickets good to return the following morning, which will give ample time for visitors to attend the show Thanksgiving night.

The Vernon boys are practicing signals and all other things that go to make up football science, and hope to put it over the Wichita aggregation, but they need encouragement, so they want everybody to go along and root for them.—Vernon Record.

## SCHOOL SHOES THAT WILL STAND HARD WORK

The children's school shoes are a big problem, aren't they?

The toes and soles are through almost before they are a week old—at least it seems that way sometimes.

Can you think of any way to prevent that?

Well there is a way and here it is.

The Webster Shoe Co. makes a shoe especially for school wear. They are made of very tough leather and the spots that get the most wear are made especially strong.

It is safe to say that the average boy or girl can wear a pair of Webster shoes at least one half longer than they can any other make and the cost is only \$2.00 to \$2.50 per pair.

That comes pretty near solving the problem for you—suppose you bring the children in the next time shoes are needed and try a pair.

## AMUSEMENTS

"A Knight for a Day." "A Knight for a Day," that comes to the Wichita Theatre on tonight is one of the most tuneful, frothy, clean and entertaining musical shows that has ever been conceived or concocted, as you prefer; moreover, it is new, completely and entirely new and will be seen here for the first time, for its Chicago run of one solid year has detained its road tour until now. There has been nothing better here this season and for several seasons there will be nothing to surpass its novelty. It awakens an interest from the start by the handsome stage settings and fetching chorus upon each arrival of the principals the merriment increases. The company without exception, presenting this new musical furore is a clever one. Edward Hume, a comedian of rare ability, creates a laugh every minute he is on the stage in the part of Jonathan Joy. Mr. Hume is all that the name implies, and one critic remarked "when Hume can't get a laugh it is because he is performing in a morgue with a number of stiffs empty." Grace De Mar as "Tillie Day" divides honors with Mr. Hume. She is a fearful and wonderful creation when it comes to provoking laughter. Her appearance is good for a smile, when she makes a move there is a ripple of laughter, and when she acts the audience becomes boisterous. Miss De Mar has accomplished one of the most unique and entertaining character creations that has been enjoyed for many seasons. Her peculiar droll style has set a pace that will be hard for other comic imitators to follow. The entire cast is far and away above the average talent provided for these up-to-date musical organizations. The singing beauty chorus is not only very pleasing to look upon, but is costumed in gorgeous raiment. One of the features of the program is the encores that have been provided for several of the musical numbers, particularly the finale to the first act to the popular hit, "Life is a See-saw," which is elaborate, expensive and effective.

"The Man of the Hour." The greatest play of modern times, "The Man of the Hour," under the direction of Wm. A. Brady and Jos. R. Grismer, will be the attraction at the Wichita Theatre on next Saturday night November 29. No other American play has commanded such a cosmopolitan following as this strong, vital, vigorous play of Broadhurst's, with its big forceful types of masculinity, its gentle and appealing examples of womanhood, its charming love story, and its abundant and buoyant fund of general good humor. No other production has been witnessed by so many men eminent in public life, none other has inspired such broadcast and enthusiastic editorial comment to say nothing of the attention commanded from writers upon social and theatrical topics. Plays of the standard of "The Man of the Hour" encourage the belief that the American stage is pressing into new and sweeter pastures upon which the public will feed in the years to come. Nor is the uplifting influence of these drama lessons in the highest ideals of human aspiration conditional upon environment of place or action. The play is a message to the people; its pertinent and timely truths are carried straight to the mind and conscience of the playgoer. While it is before him he is alike diverted and uplifted. When he goes away he has something to think about. "The Man of the Hour" is aglow with as buoyant humor as Geo. Broadhurst ever wrote into his merriest farces. There is the sensible, straightforward, appealing love story, just such a one as real men and women figure in, not mawkish, sentimentality often found between book covers. It is a real, vital, wholesome, human play and there ought to be the heartiest kind of a welcome on its appearance here. Messrs. Brady and Grismer's special cast will be seen during this engagement. The principal members are Thos. Chatterton, John Kelly, Alexander Carlton, Harry Mills, R. E. Clark, Helen Avery, Doris Hardy and others.

The engagement is for one night only. No matinee.

"The Cat and the Fiddle." When "The Cat and the Fiddle" plays here at the Wichita Theatre on Thanksgiving, matinee and night, Chas. A. Selson, that "Easy chap" comedian, will be seen in the leading comedy role. Mr. Selson is rapidly gaining an enviable position among the foremost ranks of our comedians, and a brilliant future is assured him. He is ably supported by the Elmore Sisters, and a company of over forty people.

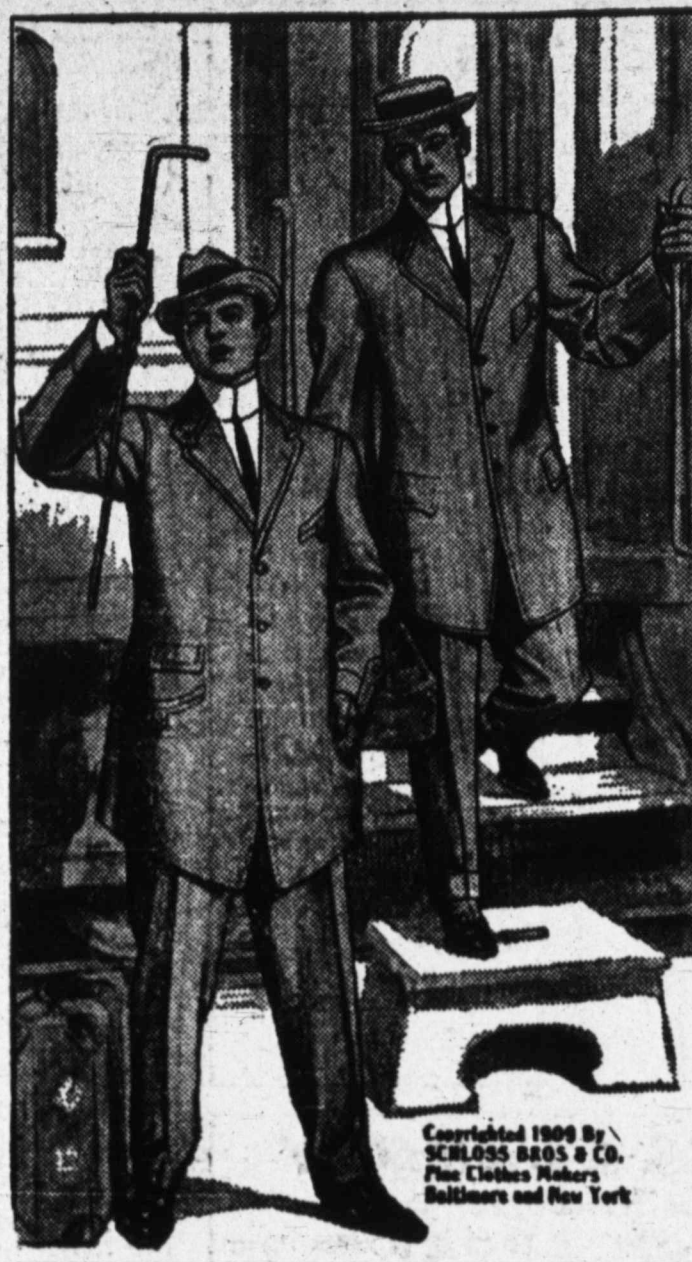

The music and lyrics of "The Cat and the Fiddle" are by Carelton Lee Colby, and are said to be bright, new, whistly and catchy. Among the new numbers may be mentioned "My Maid in the Moon," "Mother Goose and Her Baby Dolls," "Teddy in the Jungles," and several others.

Fine Clothes Makers  
Baltimore and New York

After all, it's really the tailor who makes a suit a success or a failure. The most fascinating style would be a fizzle if there were not careful needle work underneath.

The most phenomenal designer on earth could not make a garment a success without the co-operation of the tailor. It is he who, by the diligent plying of his needle, gives shape and style and ensures service.

The world's most excellent tailors are congregated in New York on account of its being the greatest clothes manufacturing center in the world. They have more work and are better paid there.

Could there be a better explanation of why "Benjamin Clothes," Made in New York, are the most stylish and the most perfectly made of any on earth. Won't you make it your particular business to see these wonderful "Benjamin Clothes."

### "TOO MANY WIVES."

Jewish Comedian Gives Passable Performance at Wichita.

Joe Morris, the Jewish comedian, in "Two Many Wives," trod the boards at the Wichita last night, and the production proved fairly pleasing to the audience. Joe Morris himself was clever and entertaining and his jokes and songs did much to vivify the play. His work is different from that of other comedians of that sort, and he established himself as a good laugh-getter. There were but one or two good voices in the company and that was a serious defect in a play that depended largely upon its musical features. Eleanor Irving as Mrs. Lester was a clever and melodious bit of femininity and won much favor, as also did Miss De Lesque as Kate Winchester. James McCracken as Jack Simon and Andrew Lewis as Bob Lester were the principal male characters, next to Morris, and their work was passable. The chorus was probably good-looking once, but it has outlived its usefulness.

There were enough bright spots in the play to make up for its lack of melody and there was plenty of action throughout the production. Several songs took very well indeed, among them being "That's the Kind of Girl I'd Like to Be," "How'd You Like to Call Me Dearly," and "When the Moon Shines on Broadway."

### A JOYFUL PASTIME.

It's Really a Pleasure to Cure Catarrh by Breathing Hyomel.

It isn't a pleasure to saturate your stomach with vile nostrums or to shock the tender membrane of the nose and throat with disagreeable sprays and douches.

But, strange to say, there are a few thousand people who do not keep abreast of the times who are hoping against hope that these ancient methods will rid them of catarrh.

If the readers of the Daily Times who suffer from catarrh want to banish this vile and disgusting disease forever, go to Mater-Walker Drug Co. today and get a complete Hyomel (pronounced High-o-me) outfit for \$1. It is doesn't cure it won't cost you a cent because Mater-Walker Co. will give you your money back.

Hyomel is so simple and pleasant to take; pour a few drops from the bottle into the inhaler and breathe it. As it passes over the membrane and into the lungs with the air you breathe it soothes the raw membrane and kills the catarrh germs. Don't experiment longer. Leading druggists everywhere sell Hyomel for catarrh, coughs, colds, bronchitis, etc. Drop a postal for our free book, Booth's Famous People, Booth's Hyomel Co., Buffalo, N. Y.

Phonograph for a Foster Mother.  
An East New York family has a phonograph as a foster mother. The baby is 2 years old and has acquired the habit of going to sleep to the music of its real mother's voice. The real mother is something past 40 and her voice is not what it used to be. It broke recently and its lack of melody so granted on the sensitive musical temperament of the baby that the mother found it difficult to put her to sleep.

About this time the father brought a phonograph with a disk containing a lullaby by one of the best singers in vaudeville. One evening while the mother was rocking the little one, the father turned on the lullaby. The child went to sleep almost immediately. The next night the voice of the mother was silent and the baby went swiftly to sleep again to the music of the horn.—New York Sun.

## CHILD LABOR LAW VIOLATED.

State Commissioner Finds Children in Factories of the State.

Austin, Tex., Nov. 17.—Alleged violations of the child labor law were found by Deputy Labor Commissioner Wagner, who has just returned from a tour of inspection of several mines and factories at Waco and Temple. At the mines he found that while there has been a number of the miners who were not 16 years of age, that the owners already have been warned by the mining inspector, had discharged these miners and indicated that they would not employ persons under the age limit in the future.

In factories at Waco and Temple Mr. Wagner said he found a number of children 13 and 14 years of age at work, and some of them said that they were permitted to do so by their parents or guardians. Mr. Wagner advised these to procure affidavits to that effect.

He found some of the children unable to read and write a sentence intelligently. He found the owners of these factories ready and willing to obey the law, but found also that they were not very familiar with the provisions of the law.

**Building their Own Cars.**  
Within the past few months the Denver railroad built seven box cars in the Childress shops as an experiment and the enterprise proved so successful that they are now building three cabooses and have orders for the construction of 25 more freight cars. By accurate accounting it has been found that these cars can be bought from the factories in the East, and then there is an additional advantage in the fact that the home built cars are stronger and better than those obtained from the eastern factories.

From an interview with the shop officials there seems little room to doubt that in the future the Denver road will build all its freight cars in the Childress shops, and this, of course, means more employment for carmen and more population and business for Childress. Indeed, we were informed by a leading official that there would be an increase of ten men in the car shop force right away—Childress Post.

## Prescription Value

The value of a prescription is not what you pay for its compounding; it's in the good it does the patient. Have your prescriptions put up where pure ingredients and expert compounding will insure just the results anticipated by your physician. You cannot get better prescription service than we provide. No purer drugs and chemicals than ours are obtainable and we employ only registered pharmacists. We guarantee purity, accuracy and reasonable prices when your prescriptions are compounded here.
