PRESIDENT'S BUSY DAY IN ST. LOUIS

TAFT WILL BE KEPT ON MOVE EVERY MINUTE THROUGHOUT DAY.

SEES A BASEBALL GAME

Will Deliver Address On the Tariff Board at Coliseum This Evening.

St. Louis, Mo., Sept. 23.—Upon his arrival in St. Louis this morning President Taft found prepared for him a program calculated to keep him on the move almost every minute from the time he finished his breakfast at the Mercantile Club until the conclusion of his address at the Coliseum tonight and the resumption of his westward journey. On the arrival of the special train at the Union Station where thousands of cheering people had gathered, a special reception committee of leading citizens made a passageway to the street, where automobiles were in waiting to convey the visitors to the Mercantile Club. A trip over the boulevards was taken after breakfast. The chief features of the program for the remainder of the day and evening included luncheon at the City Club, attendance at the National League baseball game, dinner at the Jefferson Hotel, and the night address at the Coliseum.

Taft to See President Installed.

Baldwin, Kan., Sept. 23.—This quiet college town is all agog in anticipation of the arrival of President Taft and party, who are to spend the greater part of Sunday here. The primary purpose of the President's visit is to speak at the inauguration of the new president of Baker University.

Kansas City in Readiness.

Kansas City, Mo., Sept. 23.—The finishing touches to the preparations for the visit of President Taft and the meeting of the National Conservation Congress, which the President will address Monday night, are being put on today. The presidential party will be quartered at the Hotel Baltimore. The suite of rooms they will occupy has been especially decorated and hung with beautiful tapestries.

Delegates to the conservation congress have begun to arrive in considerable numbers. The downtown section of the city is taking on a gala appearance. Building after building is one great mass of color from sidewalk to roof and the national colors are everywhere in the shape of shields, bunting and countless numbers of flags.

CHARGED HE EMBEZZLED FINE PAID BY NEGRO

By Associated Press.

Brookhaven, Miss., Sept. 23.—T. P. Jones, president of the board of supervisors and Louis F. Noble, a member of the same board, were indicted Thursday by the Lincoln county grand jury. Jones is charged with the embezzlement of a fine paid by a negro, and Noble with neglect of official duty.

BANKER PYE OF HOUSTON CONVICTED

Bryan, Texas, Sept. 23.—F. E. Pye was convicted this morning and given a two-year sentence on a charge of forging the name of Miss Rene Perry to a land note and lien for $5000. He was president of the Central Bank & Trust Company. Pye's friends announced that a motion for a new trial will be filed and if they fail to secure this they will appeal.

The Central Bank & Trust Company, of Houston, went into litigation following which numerous irregularities in connection with paper negotiated by Pye were alleged and grand jury indictments found. Former trials in Harris county were unproductive of results, and a change of venue was taken to Brazos county.

Celebrate Railroad Opening.

Aberdeen, Wash., Sept. 23.—This has been a red-letter day in the history of Aberdeen and all the surrounding country. In honor of the completion of the new $200,000 bridge of the Oregon-Washington Railroad and Navigation Company across the Chehalis River an all day celebration was held and Aberdeen was filled with visitors from far and near. Commercial delegations came by special trains from Portland, Seattle and Tacoma to attend the celebration.

The completion of the bridge across the Chehalis means much to this entire section, from the viewpoint of commerce and industry, for it marks the inauguration of railroad communication with the outer world. The bridge will be used by both the Harriman and the St. Paul roads as a part of the new lines just completed to afford communication for Aberdeen, the largest timber center in the United States, the port of Gray's Harbor and several other thriving cities and towns in this section.

BLOODY BREATHETT NOW WANTS ORDER

Citizens of Lawless Kentucky County Hold Law and Order Meeting.

Lexington, Ky., Sept. 23.—Tired of the reign of lawlessness that has existed almost continuously for many years and has made "Bloody Breathitt" a by-word the country over the citizens of Elktawa, one of the towns of Breathitt county, joined in a mass meeting today to discuss plans to restore law and order throughout that section. The meeting was preliminary to a county-wide conference of the same nature which is to be held at Jackosn, the county seat early in October.

NEWS FORECAST FOR COMING WEEK

PRESIDENT TAFT WILL ENTER REAL INSURGENT COUNTRY NEXT WEEK.

CONSERVATION CONGRESS

At Kansas City Will Be Important Meeting—Primary Elections In San Francisco and Philadelphia.

Washington, D. C., Sept. 23.—A busy week is in prospect for President Taft. After making a number of short stops in Missouri and Kansas on Monday, he will arrive in Kansas City in time to address the National Conservation Congress Monday evening. On this occasion it is probable Mr. Taft, in the course of his remarks on the general subject of conservation, will make clear the Administration's future attitude in Alaskan affairs.

From Kansas City the President will go to Hutchinson to speak at the State Fair and the Kansas semi-centennial celebration. Topeka, Atchison and Leavenworth will be embraced in the Wednesday itinerary. The next two days will be given to Iowa, with stops at Council Bluffs, Fort Dodge Waterloo, Des Moines, Ottumwa and several other points. Another swing across northwestern Missouri is scheduled for Saturday and thence the route will lead to Omaha, where the President will spend Sunday.

The third meeting of the National Conservation Congress, to address which President Taft is to visit Kansas City, promises to be the most notable gathering of its kind yet held. A number of subjects dealing with the conservation of natural resources will be discussed during the three days' session, but especial attention will be given to the question of soil fertility and its maintenance. Secretary of the Interior Fisher, former Secretary Garfield, Gifford Pinchot and many other men of note will be heard.

Primary elections in two cities at opposite ends of the country will attract public attention during the week. In San Francisco a primary will be held Tuesday for the nomination of candidates for mayor and other city officials. In Philadelphia a similar primary will be held Saturday. In a broad sense, the same issue prevails in both cities, beng a fight of the better element of the citizens to wrest the control of municipal affairs from the officeholders and politicians alleged to be guilty of the grossest kind of political corruption and graft.

TELEPHONE COMPANY MAY COME TO TERMS

Special to the Times.

Denisin, Texas, Sept. 23.—Indications today are that the ouster proceedings instituted several days ago against the Southwestern Telegraph and Telephone Company by N. L. Decker, attorney for the city of Denison, may be withdrawn and the differences of the company and the ciuncil settled out of court.

It is understood that the company has agreed to concede everything asked by the city except the length of the franchise. The company is asking for twenty years and previously the city has only offered fifteen. It is now believed that the council will grant the franchise for twenty years and the company will comply with all that the council asks.

A conference of the council and Mr. Decker was held Thursday night and the matter discussed at length. It is stated that J. E. Farnsworth, vice president and general manager and C. A. Gates, general superintendent of plant, both of Dallas, will be in the city either today or tomorrow and another conference will be held by them and the council together with City Attorney Decker.

IS "KIMMEL" KIMMEL?

Niles, Mich., Sept. 23.—Whether "George A. Kimmel" is George A Kimmel remains as much in doubt today as when the released Auburn, N. Y., prisoner appeared in Niles to claim relationship with his mother who has steadfastly repudiated him.

It was said this afternoon the aged Mrs. Kimmel had reached the conclusion that the man was not her son but later she declared she wished still more time in which to come to a conclusion. Above all she wished to consult with her daughter, Mrs. Ada Bonslett of Chicago, who was the plaintiff in the suit at St. Louis to recover the large amount of insurance on her brother's life.

It is said "Kimmel" on his visit to the old home did not recognize the family portraits on the wall, among which was the portrait of George Kimmel. He said he desired time to think the matter over.

ART NAYLOR STILL HITTING THE BALL

Big Art Naylor, the Wichita Falls outfielder who headed the batting column in the Texas-Oklahoma League is disturbing the batting records in the Pacific Coast League, where he is playing with the San Francisco team. From the box score published in the Sporting News it is seen that Naylor is hitting better than any other player on the San Francisco team. The games in which Naylor does not get from one to four safe hits are exceptions. A good percentage of them are two sackers too. In one game Naylor secured three out of six hits made by his team. He is playing a practically errorless game in the field too.

Skeleton Mystery Intensified.

By Associated Press.

Houston, Texas, Sept. 23.—The mystery in the finding of a skeleton in a woods near Sheldon Wednesday was intensified by the refusal of Charles Redding's mother to accept the remains as his. This, the authorities say, means that the charge of murder against W. I. Long, Redding's brother-in-law, will fail. Redding's mother says the teeth of the skeleton indicate beyond a doubt that the bones are not his.

KATY CARMEN QUIT WORK AT 10 TODAY

FAILURE OF RAILROAD TO SET DATE FOR JOINT CONFERENCE CAUSED STRIKE ORDER.

FEW AFFECTED HERE

Order Effective Over Entire System. Hundreds Out at Denison, Sedalia and Parsons, Kan.

A CONFERENCE REFUSED.

By Associated Press.

Denison, Sept. 23.—About 1200 M., K. & T. carmen quit work at 10:30 o'clock this morning all over the line because the road failed to set a date for a conference between its officials and the Carmen's Union over the proposed new wage schedule and working agreement. L. M. Watkins, general manager of Brotherhood of Carmen was here when the union went out and said the men would stay out till the road fixed a date for the conference asked.

At ten o'clock this morning the car inspectors and the car repairers employed by the Katy here laid down their tools and quit work. This action followed the receipt of a strike order from headquarters of the union at Parsons, Kansas, and is said to be general over the Katy lines. Three thousand men are affected by the order.

Higher wages and better working conditions are demanded.

Reports received by the strikers here this afternoon are to the effect that 7,000 men are out, including 500 at Denison, 75 at Smithville, 125 at Houston, and great numbers at Sedalia, Mo., and Parsons, Kansas Waco and Hillsboro.

Everywhere the strike order was received the carmen have quit work and according to the reports sent out by the officials of the union not a union man has refused to quit work.

While only a few men are employed as inspectors and car repairers by the Katy at this point, there is a local of the carmen's union here and a close watch will be kept to see that the carmen employed by the Northwestern and the Southern are not asked to do work which would otherwise be done by the Katy carmen. Such an attempt the strikers say, would precipitate a strike of the Northwestern's carmen.

Out All Over System.

By Associated Press

Boston, Sept. 23.—It is stated in railway circles that the car shopmen on the Katy struck for a raise and better conditions this morning. It is reported that 500 are out at Denison, 75 at Smithville, and 25 at Houston. It is announced the order to strike came from Sedalia, Mo. It is said 3000 men were ordered to quit. Hillsboro and Waco are also said to be out.

TEXAS HAS HER OWN AMMUNITION READY

Keeping Good Supply of Dry Powder In Event Mexicans Give Trouble On Border.

Austin, Sept. 23.—In connection with the visit of Governor Colquitt to Kansas to confer with President Taft regarding the Mexican boundary situation it has been discovered that the state has laid in an extra supply of ammunition that may be used if necessary.

Engine Too Weak to Carry Him Over the Mountains.

Special to the Times.

Clifax, Cal., Sept. 23.—Aviator Fowler resumed his flight this morning flying to Blue Canyon, Nevada, where he turned back, saying his engine was not strong enough to carry him over the mountains. He left here at 6:43 o'clock, circled the city at a heighth of 1500 feet and swung away toward the mountains.

NOTED VIOLINIST AT LEAGUE CONCERT

Prof. O. A. Pudor a teacher of wide experience and a master of the violin will be an added attraction at the concert to be given under the auspices of the Civic League at the Wichita Opera House, Wednesday evening, September 27th, celebrating the 29th anniversary of the founding of the City of Wichita Falls.

Students of music and those professionally appreciative will be no less entertained than those who are learning the possibilities of such an instrument.

SAN FRANCISCO'S LIVELY CAMPAIGN

Administration of Candidate Elected by Labor Organizations Vigorously Assailed.

San Francisco, Cal., Sept. 23.—As bitter a political campaign as was ever witnessed in any American municipality was practically ended in San Francisco today. On Tuesday a primary election will be held for the selection of candidates for mayor and other city officers, including police judges, district attorney, sheriff coroner and supervisors.

Patrick M. McCarthy, who was elected mayor by the labor organizations two years ago and under whose administration, according to the declarations of his opponents, the city has been disgraced in the eyes of all decent citizens, is the big issue of the campaign. Every form of graft is charged against the administration though the protection of vice is the charge upon which the foes of the McCarthy regime place most emphasis.

Mayor McCarthy is a candidate for renomination and has the solid support of the political machine, which he has built up since he came into office. The denizens of the underworld, who are said to have increased by hundreds as a result of the wide-open policy of the past few months, will, of course, do their utmost to aid in McCarthy's re-election. It is not believed however, that he will poll as large a union labor vote as he got at the last election.

The Republican and Democratic and Good Government parties have united on James Rolph, Jr., for mayor. Mr. Rolph is a well known business man, free from entangling alliances with any political ring. In announcing his platform, Mr. Rolph said he would make no hampering pledges, would make no appointments for political reasons and would recognize no factions, so long as they are law abiding and declares that if elected he will use the whole moral influence of his office and his utmost personal effort to show both employer and employed that their interests and the prosperity of the city depend on that justice to one another which alone insures industrial peace.

A Happy Birthday Party.

Master Joseph and Virginia Herron entertained a number of their freinds and playmates at a party celebrating their birthdays on last Saturday evening. After many merry children's games were played, the little guests were served to ice cream and cake and delicious home-made candy.

Those present were: Elton Felder Francis Gerock, Katherine and James Kilander, Alfred Bennett, Etta Maud Lee, Laverne Frazier, Warner Faunt LeRoy, Evelyn, Elenor and Elizabeth Thompson, John and Thomas Clevenger, and Osborn Stevens, Master Joseph and Virginia Herron.

In Memory of Roger Q. Mills.

Corsicana, Texas, Sept. 23.—Life long friends of the late Roger Q. Mills will unite in paying tribute to the memory of their distinguished fellow townsman at memorial exercises to be held in the public library in this city tomorrow afternoon. The Navarro County Bar Association has charge of the arrangement for the memorial meeting and has secured a number of prominent speakers.

GLASS FACTORY PEOPLE ARE ON THE WAY

Secretaray Day of the Chamber of Commerce is just in receipt of a telegram from the Chanute Window Glass Company advising that the manager of the company with the leading stockholders had left Chanute, Kansas today and will no doubt reach Wichita Falls, Sunday at noon.

Definite steps will be at once taken to close up the negotiations that have been conducted by the Chamber of Commerce for several weeks and indications point to the early fact of an additional industry to the life of the "Busiest and Best Built City in Texas."

EXTENSION FOR PASTURE PAYMENTS

CONGRESSMAN FERRIS GETS ORDER FROM GENERAL LAND OFFICE GRANTING RELIEF.

FARMERS HOLD CLAIMS

Threatened Cancellation of Right to Land Held Up Pending Action By Congress.

Lawton, Okla., Sept. 23.—Despite the fact that the last congress refused further extensions of time for the payment of monies due on Indian lands purchased in the Big Pasture, the Wood reserve and pasture number three and that, with formerly delayed payments overdue since early last spring, action had been started for the cancellation of claims held there in cases where the money could not be paid, an order from the secretary of the interior at Washington just issued holds up procedure for the cancellation of such claims and grants an additional extension of time until congress can convene again and take action in the matter.

This is the information contained in a letter received today by Congressman Scott Ferris, who had taken the matter up with the interior department on the part of pasture settlers.

714 Are Yet Unpaid.

There are seven hundred fourteen claim holders who purchased lands in 1906, who have not yet made payments in full and secured final proof. Crop failures prevented many of them from making the delayed payment, which fell due in the spring, and the general land office had started procedure in a number of cases demanding immediate payment and threatening cancellation of claims in case was not forthcoming. Some claims, in fact, were cancelled but later reinstated.

An extension for all pasture settlers was urged by Mr. Ferris, on petition signed by hundreds of settlers, and the extension was recommended by local landoffice officials.

Order to Land Commissioner.

The secretary's order is directed to the commissioner of the general land office. That part referring directly to the question, is as follows:

"In view of these representations, you are directed not to cancel any of the land of the said entries for the sole reason that the entrymen are in default in making the required payments. Final action looking to the cancellation of such entries will be deferred until after the convening of the next session of congress so as to afford the opportunity for remedial legislation in behalf of the entrymen if congress is disposed to so legislate. You will therefore defer action on said entries until further advised by the department."

SECOND LARGEST WARSHIP IN WORLD

Philadelphia, Sept. 23.—Ranking as one of the greatest warships ever laid for any government in the world, the Argentine battleship, Moreno, will be launched shortly before three o'clock this afternoon at Camden. It's only equal is the Rivadavia, a sister ship, launched recently.

At The Colonial Theatre.

Probably the most realistic picture ever presented in motion photography is that of the Mexican bull fight, which will be seen at the Colonial Theatre tonight. The bull fight at which this picture was taken was witnessed by more than 30,000 people, including President Diaz. In it were five of the greatest bull fighters in the world, and ten bulls trained especially for the arena were killed.

Every detail of the contest is shown and persons who witnessed the fight and have seen the picture say it is even better than the original for the reason that all of the tiresome incidentals are eliminated.

Newton Ashton and Newton are also on the Colonial bill again tonight with another burlesque comedy act.

Refinery Manager Favorably Impressed With Wichita Falls

Duke A. Rogers, vice president and manager of the Kanotex Refining Co., of Caney, Kansas, who is now investigating the local situation with the idea of locating a refinery at this point expressed great surprise at the extent of development in Wichita Falls and the surrounding territory, after having taken an auto trip with Secretary Day of the Chamber of Commerce.

Mr. Rogers, accompanied by J. G. Culberson and T. T. Blakely, are this afternoon viewing the Electra oil field and upon return will take up in detail the matter of location here.

The exceptional distributing facilities possessed by Wichita Falls give it pre-eminence as a desirable point for locating a refinery the "crude" supply being reasonably assurred, and Mr. Rogers seems to think this field is yet in its infancy, the appearances indicating an extensive yield.

Some tenative agreement will no doubt be entered into before Mr. Rogers leaves the city, looking to the establishment one of the company's refineries at Wichita Falls.

To Provide School Books to Pupils Unable to Buy Them

The Mothers and Teachers Club of the city have started a movement to secure school books for pupils who are unable to buy them and are asking the help and co-operation of all the people of the city.

They request that citizens having school boiks in their homes not in use send them to the nearest school building, where the teachers will give them to pupils who are unable to buy them.

It is believed that if all the unused books are sent to the school houses there will be plenty for all.

It is known that many children are now out of school because their parents have not the money to buy books.

Officers of the Mothers Clubs request that the books be sent direct to the school houses, where the teachers know where to place them.

Linen Shower.

Miss Ida Bachman, whose marriage takes place on the 25th, was the honoree of quite a pretty linen shower, given by her cousin, Miss Imogen Brown, at her home on Eleventh street, the invitations reading from three to six. The guests were first entertained with quite a musical program, rendered by Misses Jimmie Brown, Lillian Bachman, Jewel Brown, and the hostess. At the conclusion of which Little Juanita Bachman entered with the gifts for the bride, composed of linens of every weave, from the filmy cambrics to the heaviest damask. After opening and admiring each piece, the guests were invited into the dining room where a scene of beauty met the eye, the dining room being decorated in pink and white roses. The dining table in the center of the room being laid with a handsome centerpiece of cluny lace on which reposed tiny Cupid with bow and arrow. The cream and cke carrying out the color scheme of pink and white. Miss Jimmie Brown served punch.

Mrs. Boone's Tackey Party.

On Thursday evening about seventy-five or eighty assembled at the home of Rev. and Mrs. Boone on Tenth street, to indulge in an old time tacey party. The costumes will long be remembered. Those of Prof. and Mrs. Jones, Mr. and Mrs. Phillips Mr. McKeehan and Welsh Morgan deserving special mention. Mr. and Mrs. Boone in their usual cordial manner made each guest welcome. Many old time pleasures were indulged in and the Blue Back Speller was once more brought to the front, and the guests were given a chance to show what they didn't know. Several old time songs were given. Later in the evening refreshments of buttermilk and gingerbread were served. It was with regret that each guest departed. The money raised by Mrs. Boone will be used to buy little red chairs for her Sunday school class.

What Next Club.

The members of the What Next Club met at the home of Mrs. Jeff Waggoner in Floral Heights, Miss Aline Waggoner, as hostess. This being the last meeting of this Club for some time, as three of the young ladies are leaving for school—Miss Waggoner going to the Polytecnic, Miss Trueblood to Austin, while Miss Katherine Stonecipher returns to St Louis. The guests were bidden to meet with Miss Waggoner from four to six, the house being decorated in gold and green, the Club colors, sunflowers being used profusely in decoration. It was quite a surprise to Misses Waggoner, Trueblood and Stonecipher, when they were showered with a beautiful collection of gifts for room decorations while at college. Delightful cream and cake in the club colors was served to the following members: Misses Eve Benson, Lena Gardner, Thresa Smith, Katherine Stonecipher, Helen Trueblood, and Aline Waggoner.

—o—

Sewing Club.

The Thursday Sewing Club met with Mrs. J. W. Murph at her home on Tenth street, Mrs. McDowell owing to sickness being unable to have them. This club is composed of congenial spirits, who meet once a week to do fancy work, and enjoy the society of each other. Once each month they serve dainty refreshments to their friends. The next meeting will be Thursday with Mrs. Claud Montgomery, at her home on Tenth street.

In honor of C. B. McConnell, the drill team of M. W. A. camp No. 12006 gave a surprise party Thursday night at the I. O. O. F. Hall. Mr. McConnell leaves tonight for San Antonio, where he will have his headquarters as district deputy. Dancing followed a musical program and the affair was greatly enjoyed. During the course of the evening Mr. McConnell was presented with a gold signet ring bearing the inscription "M. W. A. 12006."

Mother's Club Meeting.

Eighteen or twenty members attended the called meeting of the parent-teacher association of the Stephen F. Austin school on last Wednesday afternoon. Much enthusiasm was manifested.

The resignation of our president, Mrs. R. A. Thompson, was regretfully accepted. Mrs. Thompson leaves next week to make her home in California. Her work of last year was in every sense of the word a success. The association was more thoroughly organized, and the work so well planned that we hope to accomplish great things this year.

The association unanimously elected Mrs. J. W. Lee, president and Mrs. Frank Kell, vice president for the term 1911-12.

It is the sincere desire of the officers that every mother, father and teacher of the Stephen F. Austin school take an active interest in the association in order that these plans may be executed in ways that will result in the laying foundations for strong and noble characters in our boys and girls.

The yearly dues of ten cents per member is due and several have paid it.

The Mothers' Congress of Texas convenes in Dallas during the State Fair, and we expect to be represented there. The association meets every fourth Thursday of the scholastic month at the school building. The first meeting is to be held Thursday, Oct. 5th.

Reception at Mrs. Thatchers.

The beautiful home of Mr. and Mrs. T. C. Thatcher was the scene of much pleasure on Friday evening, when the older members of the Christian Church entertained with a reception for all the members. The house being decorated with ferns and flowers while the beautiful lawn was strung with electric lights. The young people's quartette of the church gave several beautiful pieces.

Misses Dabney and Carlton added materially to the evening entertainment with choice readings.

Piano solos by Misses Frances Allen and Edna Mooneyham, two of the city's most talented young musicians were features of the entertainment, and were highly enjoyed.

Mr. W. J. Bullock was called upon for a short talk. In responding he used the "Sunday School" for his theme. C. C. Huff following with a very interesting short talk on "The New Church." Rev. Hamlin's talk being on "Ice Cream and Cake," which was so suggestive that the ladies at once served cream and cake.

Before good night being said Mr. Bradley sang much to the enjoyment of every one.

Mr. and Mrs. Thatcher proved themselves most delightful host and hostess.

News From the Oil Fields

First Discovery of Oil in Wichita Co.
(Iowa Park Herald)

No doubt there are many of our readers who well remember when oil was first discovered in Wichita county.

We are told that at the time when the Fort Worth & Denver were building their railroad to Harrold, over 25 years ago, men who were putting down a well for water, for the railroad company five miles west of Iowa Park, struck oil at a depth of between 300 and 400 feet. As the railroad company was drilling for water, instead of oil, they told their men to move on and nothing ever materialized from the well.

Later on Dr. J. M. Bell, H. B. Hines and a number of others organized a stock company for the purpose of drilling for oil in that section. Land was leased and then the drilling began. When down a few hundred feet, oil was found, and was said to be in paying quantities, but in some way the lease was neglected and allowed to expire. On trying to renew it, the owner of the land refused to give further lease. So that was the end of that well, as the owner himself never developed the field.

Further seeking for oil in this county was disbanded until parties at Electra who were drilling for water struck oil, and after a few years they began work in earnest, and the last day of March, this year, they found their first big gusher, and work in that part of the county has developed wonderfully since that time.

Less than a year ago another company was organized in Iowa Park for the purpose of putting down a well for oil or gas on the L. N. Lochridge farm one and a half miles northeast of town. The well was put down in the neighborhood of 1600 feet, but the parties doing the work pronounced it "nothing doing." But it is the opinion of many who watched the drillers at work, that oil was found, but for some reason the workmen were bought off or something was wrong. We were out there several times and we well remember one Sunday, just before they closed down, when the oder of gas was so strong that it was offensive and it would raise from the hole as the drill was being pulled up in a vapor.

We have been told by different parties that today gas is escaping out of the old hole at times. It is our belief, that for some reason the oil was suppressed and had they gone down 75 to 200 feet further we would have had oil or gas in Iowa Park today, or had this home company sold out to the big oil company we would have been enjoying a boom.

It is the opinion of many, who are today taking leases, that oil will be found close to Iowa Park in paying quantities.

The Magnolia Petroleum Company has just completed emptying its 37,000 barrel tank at Petrolia and tonight it is expected the "B. S." will be burned. This is a residue from the petroleum and burns quite freely. The "B. S." has been run off into an earthen tank. If it is burned tonight the heavens will be lighted and those who have not read this will think the town of Petrolia is afire.

Good Showings In Matthews Well.

The Matthews well No. 1 on the Wichita-Wilbarger tract is progressing as nicely as could be expected it is now down about 600 feet and will probably be completed within the next few days. There have been two exceptionally good showings in this well up to date and it bears a good prospect of being a good one. Should it come in strong the territory will be extended about one and one-half miles further northwest than the present proven territory extends. The Guffey Oil Co., has 530 acres adojining the Matthefs tract on the north and west and even though the Matthews well fails to show up very much oil there will be considerably more development in that direction. —Electra News.

60,000 Acres Leased in Big Pasture.
(Lawton Star)

What promises to be of the very greatest importance to the future development of Comanche county, is transpiring daily in the southeastern part of the county. For some time there have been men, until recently unknown in this community, going from farm to farm and securing leases from the farmers in that section. The question which naturally arises under the circumstances is, whom did these parties represent?

A careful inquiry develops that they are agents for a party of capitalists who are interested in the Electra and Petrolia fields. These men have already made fortunes in the oil business and are thoroughly conversant with the business. Under their supervision the agents have procured leases for the total of about 60,000 asres of land and promise that work will be commenced within a very few weeks.

To show their good faith in the matter, their lease contracts call for a certain sum to be paid the first year and if boring is not commenced the

BABY SHOW TO REFUTE ANTI-SUFFRAGETTES

New York, Sept. 23.—To refute the arguments of the antis that the suffragists do not give to the commonwealth the due number of babies, and do not care as much as they should for the food and housing of the grown members of society, the Woman Suffrage Party of this city has installed a baby show and a pure food booth at the Domestic Science and Pure Food Exhibition, which opened in Madison Square Garden this afternoon and will continue until October 4. The proceeds derived from the suffrage exhibit will go toward a $100,000 fund that is being raised for political work.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs.

I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

Wichita Falls, Texas, Sept. 23rd, 1911.

If the defeat of Canadian reciprocity in the recent election in Canada has given the Democratic congress a black eye, what effect is it going to have on President Taft's campaign for a re-nomination?

The question of statewide prohibition really should cut no figure whatever in the coming seatorial race, but about the only way to eliminate that question in that contest, is to allow two pros and no anti to enter. That is the way the Bailey issue has been or will be side-tracked in the contest for the governorship. Both Ramsey and Colquitt are friends of Senator Bailey.

Clarence Ousley says he does not want to run for the senate unless the prohibition question be eliminated. Sorry the state of Texas cannot accommodate the gentleman from Ft. Worth in this matter—Quanah Tribune-Chief.

We thought Mr. Ousley gave it out that in the event he consented to make the race it would be as a Democrat. Perhaps he will make his announcement just as soon as he convinces himself that he can qualify as such. In his paper, the Fort Worth Record, he has charged that Mr. Bryan put himself out of the Democratic party when he failed to vote and support Dahlman, the Democratic nominee for governor of Nebraska, and if Bryan is no Democrat, there are others who have been guilty of the same offense.

The prohibition meeting in Dallas the other day showed wise wisdom in not putting out a prohibition ticket for next year. If that is going to be done at all prohibition Democrats might as well join the prohibition party. Of course it makes some difference whether or not a man is a pro, but that ought not to be his sole claim to distinction. There is a time for war and a time for peace. When fighting time comes we believe in fighting hard, but there are times when we would like to live in comparative peace. And yet, after the candidates are out we believe in the pros showing at least as much unity as the antis in picking on a man. —Baylor County Banner.

There need be no fear but that the antis will do as they did before,—unite their forces on one candiiate. They will not be condemned for doing so. Had the pros done likewise, the result would have been different. It is to be hoped that only two candidates for each state officer will bein the field at the next election. Judge Ramsey has already said that he will be a candidate for governor, and it is certain that Gov. Colquitt will ask for re-election. That will be a nice race. If there are pro Democrats who want to vote for Colquitt, they will, of course, have that privilege, but in the event they do so, when they have the opportunity of voting for a man like Judge Ramsey, their sincerelty can be questioned. Gov. Colquitt has already done and said too much to ever expect the support of any man who voted for statewide prohibition. If there are a sufficient number of Democrats in Texas who voted against the adoption of the amendment last July to re-elect Gov. Colquitt, then they would be untrue to their cause if they failed to give him their support. The same can be said with equal force as to Democrats who voted for the adoption of the amendment. The pros seem to have learned a lesson during the last gubernatorial campaign that will be of benefit to them in the next. They are going to follow the example set by their anti friends and concentrate instead of scattering their strength. For doing this it was to be expected that they would be criticised, but such criticism should not come from any except those who have ever reason to believe that in the event the pro Democrats do concentrate their forces they will sweep the state.

The conference of the prohibitionists at Dallas was a two-edged disappointment to the radical on both sides to the question. The antis hoped that the hot-headed pros would commit political suicide by turning the conference into a political convention, with nomination of a full state ticket. Then, the hot-headed pros wanted to do that very thing, and launch a political move which might land a whole lot of them in office. But the prognosticators were entirely wrong this trip. The old executive committee dissolved, the political aspirants were squelched, and the decision was taken to not even contest the late election. As stated, the action was disappointing to the elements named. It is a good thing for Texas, though, as most folks see it. There is to be a truce in the prohibition agitation, and the members of that faction who hoped to ride the wave into office will seek their preferment in a wider field. The leaders of the conference were wise.—Temple Telegram.

THE STOMACH.

Did you ever have "stomach trouble?" If you have not you have escaped one of life's most disciplinary blessings, for nothing so humbles one's pride, nothing so dissipates one's egotism, nothing so doubles one up, as it were, as a genuine and vigorous case of "stomach trouble."

The stomach is a large gunny-sack like muscular pouch situated in the northern part of the abdomen, at a convenient location to catch all the sundry material of food and drink, including ices, pickles, pies, bologna and booze, and other junk consigned to it by the owner thereof.

The function of the stomach serves for many purposes, chief among which is that of a warehouse, junk-shop, groggery and icebox, although some of the highbrows would have you believe that it is supposed to be a place to digest nitrogenous foods, etcetera.

The stomach is the most patient and long suffering of any of the organs of the body, for it seems to stand for most any kind of treatment for a number of years before its patience becomes exhausted; you may burn it with mustards, chili con carne or hot tamales, you may scald it with hot soups and hot drinks, you may blister it with peppers, sauces and raw liquors, you may freeze it with ice cream, ice drinks and ices, you may soak it with gallons of cure all mineral spring waters, or mistreat it by withholding anything but "nature's raw foods," you may souce it with patent medicines, or stuff it to standing room only with a cheap restaurant bill of fare, yet it will uncomplaingly do its best until—alas! and alack! one day the worm will turn, one day its long suffering patience will be converted into a long suffering agony, and you will then begin to debate in your mind the negative side of the old, old question, "is life worth living?"

If we could realize early enough in life that the purpose and function of the stomach is to digest a reasonable amount of properly prepared food in order that the body may be nourished, and could be made to understand that a high state of resistance to disease is only possible by having a properly nourished body, we might be deterred from misusing it as we do; but it seems that the experience of others counts for little, and each must go through his own life experience before he realizes that the stomach shoud be entitled to respect and kind treatment if it is to best serve its purpose, that of the chief nutritional manufacturing center of the body.—Kansas Health Bulletin.

BURKBURNETT STARBEAMS

TWO PROPOSITIONS FOR ELECTRIC LIGHTS

(Electra News)

Jim Long, of the Citizens Light and Power Company of Wichita Falls, has been in the city this week making inquries as to the sentiments of the people in regard to giving that company a franchise on electricity for light and power in the city of Electra.

Mr. Long's proposition is to the effect that if his company is given a franchise it will immediately put in wires and bring the juice from Wichita Falls.

He says his company will be willing to sign an agreement to put a plant at this place as early as the city will justify it and to guarantee a current at all times possible.

There is another company contemplating putting in a plant here, but it is a settled fact that should a local plant be established there would only be a night current and should Mr. would be both a day and night service at about half the rate.

Should the franchise be granted each and every citizen will have the opporunity to invest in the stock of the company which will be a paying proposition.

BRONCHITIS CONQUERED.

Dissolution Notice.

The firm of Dolan & Moran, furniture dealers at 721 Indiana avenue, is this day mutually dissolved. W. H. Dolan retires from the firm and the business will be continued by Walter Moran. All accounts due the firm payable to Walter Moran, who will also assume all indebtedness against the firm.

Dated Sept. 23, 1911.

NEWS FROM OIL FIELDS

(Continued from Page Two.)

lease is to terminate unless renewed with the consent of the owner of the property. The lease also calls for the usual per cent or royalty on the oil obtained.

The land secured by these parties begins at the river and extends around and about Grandfield, north and east, and includes a strip ten miles wide and fifteen miles long. So sure are they that there is oil in this vicinity that they have already projected an immense corporation which will shortly be organized.

Besides other rigging already ordered, they are in negotiating with Walters prties for the purchase of the drill located at that place.

(Electra News)

There is something doing at the Flusche well north of town br Messrs. Overman & Neff are making quite a stall, one or the other. There is a guard placed at their well and no one is allowed on the lease. It may be that there is a good well there or there may only be a good showing, but it is evident that it is their desire to keep whatever they have hid from the public for reasons of their own.

A. A. Little, of the firm of Little Benson and Bell, left last night for his home at Independence, Kansas, for a short visit with his family. Mr. Little left feeling good over the prospects of his firm in the Electra field. Their well is down about 400 feet and the drillers report twoa good showings. If the drillers hve good luck they will be down into the pay sand about the time Mr. Little gets back.

William Lear and others have sold to John Anderson 320 acres of land near Day Spur for a consideration of $11,200. It is believed a test well for oil will soon be sunk on this land.

An Opportunity in the Oil Fields For the Small Investor

AN OIL LOT FOR $10.00

A STRING OF DERRICKS IN THE ELECTRA OIL FIELD—From the Daily Times of September 21, 1911.

Not a stock proposition, nor a wildcat scheme, where you hold the bag and some one else handles the money, but a bona fide land deal where you get the land you pay for, and with all its oil and gas rights, in fee simple, to do with as you like.

ELECTRA OIL FIELD

Within the last four months, the Electra oil field has become the most talked of oil field in the United States. Four stratas of producing sand has been discovered, and the finest quality of oil ever found west of the Mississippi river is being produced. Vast capital is being invested, and new wells are coming in daily. At present there are more than 25 producing wells, and nearly a hundred derricks are in operation. Fowlkes Townsite lies just six miles southeast of Electra, and every broadening of the proven field is in the direction of our land. Practically on all sides of us derricks are going up and drilling is being done, and it is only a question of a [illegible] wells will be found in our immediate vicinity. A stud[illegible] will convince any one that we are in direct line[illegible] the terirtory.

$8,000 GIN ON FOWLKES TOWNSITE

What We Offer in Fowlkes Townsite Oil Company

Fowlkes' ideal location, ten miles from Iowa Park and six miles from Electra, midway between the fertile valleys of Red and Wichita Rivers, and on the main line of the Fort Worth & Denver City Railroad, encompassed as it is by wide spread fields of agricultural richness, and destined to be the greatest oil field in the country, makes it an ideal and logical site for a town of one thousand to fifteen hundred people, and the most attractive center of activity for the shrewd investor in Texas today.

Fowlkes is now and has been for sometime a shipping point for grain and cotton with an ever increasing tonnage; she has already an $8,000.00 gin plant, a general mercantile store, a church and school house, a good citizenship, and being in the center of this great oil field, as the government's geological survey of oil in this territory will show, and lying directly between the first oil well discovered in Northwest Texas, and the great gushers of Electra.

The opportunity for wealth from a small investment, and the co-operation of yourself with this company, whose integrity, ability and business record is unquestioned and by spending our money together with yours to develop your own property, makes it unquestionably the most attractive proposition to the small investor ever offered to the public.

A careful study of our plan will convince the most skeptical that our proposition is fair in the extreme and will appeal to the sound business judgment of the logical business man.

Write us or see our agents for prospectus.

Expecting and wishing to merit the approval of the sound business investing public we have eliminated even from consideration all form of lottery or drawing propositions where two or three "lucky" ones receive "a house and lot, etc." to the corresponding loss of the great bulk of investors in the proposition, and ask your business consideration of the following offer of this Company:

$10.00 will buy 1 oil block of land (25x40 ft.) that is guaranteed to face on a street, assuring an outlet.

1 Contract entitling the holder to Ten Shares of capital stock of the par value of $10.00 of this Company which will be issued upon the legal incorporation of same. Said incorporation to be perfected immediately on sale of one-third of holdings of real estate.

$25.00 will buy 1 Lot of land (25x140 ft) facing on a 60 foot street, and with alley in rear as per plat.

25 Shares of Capital Stock of the par value of $25.00.

$50.00 will buy 1 Lot of land 25x140 feet out of blocks Nos. Five, Six or Seven, out of said Oil Company's holdings.

50 Shares of Capital Stock of the par value of $50.00 etc., as set forth under preceding proposition.

The promoters reserve the right to increase price of holdings after actual work begins in Well No. One (1).

A SMALL INVESTMENT MAY MAKE YOU RICH.

Fortunes have been made in other oil fields on small investments; you may do likewise. Now is the time to buy as the price of these lots may be advanced at any time. We are not exploiting this proposition with any other idea than to give each and every one a fair show, and will carry out our promises to the letter. Act promptly; give your application to our representative or address,

EDITOR PARKER ON BEN HUR LODGE

Iowa Park, Texas, Sept. 23.

Rev. H. Menenhall,
Wichita Falls, Texas.

Dear Sir: I notice where you are going to organize a lodge of the Tribe of Ben Hur in Wichita Falls, and I wish to say that as I am an old member of that good lodge, I will put my card in your lodge and will try to attend quite often when you are organized. My wife has wanted to become a member of that order for the past few years, and the next time we come to Wichita Falls we will call upon you. I have been a member of the T. B. H. Lodge Kendalville, Ind. for the past thirteen years, and just got my receipt today for my dues of this month. I think the Ben Hur lodge one of the best insurance lodges there is going. I belong to Kendaville Court No. 20. If you have a few extra blanks, you might send me a few and I will try and see what I can do in Iowa Park. Also send me a button if you have one.

Yours truly in T. B. H.

GOOD WORK.

Done Daily in Wichita Falls—Many Citizens Tell of it.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Wichita Falls still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be than the experience of friends and neighbors. Read this case:

J. M. Cloud, 622 Seventh St., Wichita Falls, Texas, says: "I still use Doan's Kidney Pills occasionally and I endorse them whenever I have an opportunity. Other members of my family also use this remedy when in need of a kidney tonic and the results are always satisfactory. About two years ago I first got Doan's Kidney Pills from the Wichita Drug House, when I was suffering from kidney trouble and they brought me so much relief that I told of my experience with them in a statement that has since been published off and on. I am now pleased to endorse Doan's Kidney Pills again, for I know that they are a reliable kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

TWO PROPOSITIONS FOR ELECTRIC LIGHTS

(Electra News)

Jim Long, of the Citizens Light and Power Company of Wichita Falls, has been in the city this week making inquries as to the sentiments of the people in regard to giving that company a franchise on electricity for light and power in the city of Electra.

Mr. Long's proposition is to the effect that if his company is given a franchise it will immediately put in wires and bring the juice from Wichita Falls.

He says his company will be willing to sign an agreement to put a plant at this place as early as the city will justify it and to guarantee a current at all times possible.

There is another company contemplating putting in a plant here, but it is a settled fact that should a local plant be established there would only be a night current and should Mr. would be both a day and night service at about half the rate.

Should the franchise be granted each and every citizen will have the opporunity to invest in the stock of the company which will be a paying proposition.

BRONCHITIS CONQUERED.

Seventy Years Old and Praises Wonderful Hyomei.

"I had a severe attack of La Grippe, it left me with bronchitis and catarrh of my throat. I became quite deaf in one ear so I could not hear a watch tick. I commenced using your HYOMEI and inhaler and soon got relief, and believe that it saved my life. I have recommended it to many. I am over seventy years old. I have told several prominent doctors what it did for me." Wm. H. Mowder, Washington, N. J., R. F. D. March 16, 1911.

For catarrh, asthma, bronchitis, coughs, colds and catarrhal deafness HYOMEI is guaranteed by O. F. Marchman. Complete outfit including inhaler and bototle HYOMEI $1.00, separate bottles HYOMEI if afterwards needed 50 cents.

Wichita Falls Man at Mangum.

Mr. F. D. Hunter of Wichita Falls arrived in Mangum Wednesday to take Tillman Thacker's place at the Star office.

Mr. Thacker will leave this evening for Dallas, Texas, where he will attend school. He will be greatly missed by the boys connected with the Star, and his many friends in Mangum.

Mr. Hunter who takes Mr. Thacker's place seems to be a man worthy of the esteem of Mangum's best people, and who is filling his position admirably.—Mangum Star.
