Congressmen Asked To Vote Themselves Raise

HELICOPTERS AID IN RESCUE

Austrian police carry a litter patient from the helicopter which flew injured to Leudesch, Austria, from Blons, an Austrian Alpine hamlet hard hit by avalanches which struck in four counties. Fresh snow, rain and alarms of new avalanches hampered rescue efforts in snow-buried Austrian valleys where more than 100 persons are known dead.

WET NORTHER DUE SATURDAY

By The Associated Press

A wet norther was due to slap all of Texas with snow or rain Saturday and send temperatures tumbling.

Light snow and freezing rain was predicted for North Central Texas, snow for the Panhandle and West Texas and practically all of the rest of the state was due to get more rain.

A dreary drizzle continued over much of Texas early Thursday. Only the upper South Plains and Panhandle missed the sloppy weather that disrupted schedules and coastwise shipping and made driving difficult.

In some sections, the gloomy weather was a bright hope for farmers with winter grains in the ground. It was expected to greatly help condition the land for spring planting.

But in the drouth area around San Angelo, in West Texas, the little rain so far has been of little help. Ranchers were feeding both cattle and sheep as grazing lands were exhausted.

The steady drizzle had no effect on livestock in North and East Texas because of mild temperatures.

Temperatures were expected to drop as low as 10 degrees late Friday night in the Panhandle as the cold front reached Texas.

At Victoria, in South Texas, farmers said the .73 hundredths inches of rain that has fallen improved oats and clover and should greatly benefit the corn crop, which will be planted next month.

Denton and Paris, in North Texas, each had over an inch of rain.

Other rainfall for the 24 hours ending at 8:30 a.m. Friday included:

Abilene .19 inches; Austin .11; Dallas .24; El Paso .09; Houston .27; San Antonio .08; Waco .21; Del Rio .02; Bonham 1.20; Fort Worth .21; Wichita Falls .23; Texarkana .73; Lufkin .77; Mineral Wells .50; Marfa .34, Snyder .18.

Temperatures early Friday ranged from 19 at Dalhart in the Panhandle to 67 at Brownsville. Generally they were in the 40s and low 50s.

Thick fog shrouded a large area early Friday from the coast to Texarkana. San Antonio, Austin, Dallas, Fort Worth, Tyler and Lufkin had light to heavy fog. Kerrville reported its worst fog in years with a radius of 75 miles around the hill country limiting visibility to 50 feet.

Greta Thyssen (above), Miss Denmark of 1951, who has been ordered deported from the United States, is fighting the ouster order. The 23-year-old blonde beauty, married to a Southern California lumber yard owner, is accused of failing to renew her visitor's permit and accepting employment, forbidden under her permit. She has appeared on TV and the screen.

Widow Pensions, Veep House Asked

WASHINGTON (AP)—Senators and House members were invited today to vote themselves a $12,500 a year pay increase. This would boost their salary to $27,500 a year.

A special commission set up to study salary problems also recommended a $14,500 a year increase for Supreme Court justices, comparable raises for other federal judges and higher expense allowances for the vice president and speaker of the House.

The committee's report to President Eisenhower made other recommendations:

1. A government-provided official mansion for Vice President Nixon and his successors in the post.

2. A further study of pensions for the widows and dependents of the various officials. It said there is no such provision now for survivors of justices and other judges and "inadequate" provisions for congressional families.

It's up to Congress itself to decide whether to vote these increases or settle for smaller ones or none at all.

The resolution creating the 18-member nonpartisan commission gives the legislators 60 days to make up their minds. There is nothing to stop them from extending that period, however.

And, with election coming up this year for a third of the Senate and all the House members, it may take them quite a while to decide whether it would be politically wise to give themselves the increase almost all of them want.

An early sampling of congressional opinion indicated the Senate may well vote for some sort of increase. The outlook in the House is more doubtful. Whatever they do about their own pay, the legislators are almost certain to raise judges' salaries.

The commission, headed by Bernard G. Segal, an attorney of Philadelphia, agreed unanimously that members of Congress and federal judges should get higher salaries as a means of "assuring the nation top-flight leadership." There was some difference of opinion, however, as to how big the increases should be.

The compromise recommendation if finally adopted would cost the taxpayers a total of $11,336,000 a year. Some four million dollars of this, however, would be paid back in the form of income tax.

The proposed salary scale would give associate justices of the Supreme Court $39,500 a year, compared with the present $25,000. The chief justice would continue to get an extra $500. Federal district judges would be raised from $15,000 to $27,500. Appeals Court judges from $17,500 to $30,500.

Congress' last increase in compensation was in 1946. At that time the lawmakers raised themselves from $10,000 a year to $15,000.

The commission took note of the higher cost of living nowadays and said in addition that legislative and judicial salaries are inadequate, out of balance with the responsibilities of the offices and the pay of other officials and executives in private industry.

The commission said the present pay scales "tend to confine these important poitions to persons of independent wealth or outside earnings."

Houston Adds Bus Trouble To Telephone Rate Hike Battle

HOUSTON (AP)—This city's fight to collect personal property taxes from Southwestern Bell Telephone Co. and its efforts to ban increased telephone rates and city bus fare boosts had all concerned jumping today.

Southwestern Bell Telephone Co. yesterday filed suit to enjoin the city from collecting—through foreclosure and sale—some $1,654,110 in personal property taxes.

Almost simultaneously a city council hearing on proposed bus fare increases was recessed so the city legal department would have more time for its fight against the proposed telephone rate increases.

TESTIMONY SET MONDAY

Testimony is scheduled to begin Monday in the telephone rate dispute. Master-in-Chancery Jack Binion is to hear the case.

Telephone company representatives yesterday deposited a cashier's check for $952,671.43 with Dist. Clerk R. J. Lindley. The company maintains that is the actual amount Bell owes Houston in personal property taxes.

City officials recently refused to accept a cash payment of the amount deposited yesterday and filed suit in district court Jan. 4 seeking the $1,654,110. Company manager J. B. Patterson says the city is inconsistent in its treatment of company property. He charged yesterday in a prepared statement that one value was set in the rate case and another for tax purposes.

Meanwhile, Houston Transit Company president Carl Frazer said again that "it looks like municipal ownership of bus companies is inevitable."

SALARY BOOST LEVERS

An official of the bus drivers union said in San Antonio earlier this week that city transit companies over the nation were following what seemed to him a pattern in threatening municipal ownership if rate boosts were not forthcoming. He also said the transit companies used salary boosts given workers as a lever to pry increased fares from cities they served.

Mayor Roy Hofheinz, who has said the transit company needed to do a selling job instead of boosting fares, ordered yesterday's council recess after Councilman Joe Resweber said there was no need to continue the hearing.

"I see no need to continue the hearing until the company comes in with some other solution to its problem than a fare increase," Resweber said. "The bus officials admit this requested increase is only a temporary answer to their problems."

WANTS 20-CENT FARE

The Houston Transit Company is seeking a 20-cent fare. Current fare is 15 cents per ride.

The telephone dispute to be heard beginning Monday grew out of a rate increase averaging 44 per cent which the company asked last year. The council rejected the request in November and Bell then obtained a temporary injunction setting aside the city's telephone rate ordinance.

Then the company posted rate boosts that average 37 per cent.

The telephone dispute first was to be tried on its merits, but Dist. Judge Wilmer Hunt, earlier this week, approved a company motion for appointment of a master-in-chancery to receive testimony and prepare fact findings for possible submission to a jury.

Light Rain Is Better Than In Previous Years

The first rain of 1954 fell on Snyder yesterday and last night, and it has already boosted the January total higher than that of the last three years.

By 7:30 o'clock this morning, the drizzling rain measured .18 of an inch, according to Mrs. D. P. Strayhorn, weather observer.

This year's first moisture came two days earlier than that of last year, and the January total is already .03 of an inch more than that for all of January last year. The first moisture last year was snow falling on Jan. 16.

The rain is the first to fall here since Dec. 2, when a shower dropped .15 of an inch.

The first rain in 1952 fell on Jan. 2 and 3. A total of .12 of an inch fell in January that year. Snow made up all the January moisture in 1951, totaling .14 of an inch. There was a trace of rain on Jan. 3 that year, but it was not enough to measure.

Mild temperatures accompanied the rainfall. Last night's low was 35, while the high yesterday was 52. Reading at 7:30 o'clock this morning was 45.

Snyder Woman Beaten And Raped Last Night

A 24-year-old Snyder housewife was beaten and apparently raped early last night when two men believed to be of Mexican extraction broke into her home in Northeast Snyder.

The incident occurred sometime before 10 o'clock last night. The woman told officers and attendants at Battenfield Hospital that she had gone to bed at about 8 o'clock and was asleep when she heard a crashing noise.

She arose when she heard the noise of someone breaking into the house and was on her way to the telephone when two men attacked her. The men knocked her to the floor, scratched her about the face and legs while she was fighting them, and finally stomped on her stomach, rendering her unconscious.

The woman's husband was in town at work, where he is employed until 11 o'clock at night.

Dr. Wilton N. Jones, staff physician at the hospital, said that from all indications the woman was raped. He said the scratches on her body appeared to have been made with something other than fingernails, possibly with a small, sharp instrument. She was also badly bruised. She was still in the hospital this morning but was not considered in critical condition.

The woman told officers last night that the men broke a glass pane from the front door of the house to gain entry.

When the woman regained consciousness after the struggle, the men were gone. She said she crawled to the telephone and dialed the operator, who called the police dispatcher. A Bell ambulance took her to the hospital.

The two men were not definitely known to be Latin-Americans, but the woman said both of them spoke Spanish. She said she could not see them clearly because no lights were on in the house, the only lighting being a gas heater. She said she believed both of them were wearing short jackets and hats and that one was tall and slender and the other short and heavy.

Police and officers of the sheriff's department spent much of last night combing the area of the woman's residence and checking the few clues they had. They were working on the case this morning and had not yet found any good leads.

Pilot Clears Big Spring In Race To Death

BIG SPRING (AP)—A student pilot was killed yesterday when he flew his crippled jet plane into rocky ranch country rather than bail out and risk it crashing into a residential area of this West Texas city of 17,000.

Killed when the training plane burned yesterday as it hit the ground was 2nd Lt. David K. Rae, 22, of Palo Alto, Calif.

Two other pilots flying over the area saw the crippled plane as it wobbled over the city and then crashed two miles beyond the edge of town.

Rae's plane brushed another jet as a flight of four started down for a landing at Webb Air Force Base. A part of the tail control surface was broken off.

He called the Webb tower and said "I have a serious vibration and I am having trouble controling the aircraft."

But he righted the plane and climbed to 1,500 feet.

He could have easily bailed out.

Capt. Kenneth Stephens, control operator at the tower, said, "I am sure from his voice that even though he was in trouble Lt. Rae had his wits about him completely.

"I strongly feel that he was attempting to clear the city and stayed with the ship so long that he finally lost complete control and had no time to parachute."

Lt. Rae was the son of Mrs. John Rae of Palo Alto. He would have won his wings next month.

Blizzard Hits In Northwest

HELENA, Mont. (AP) — Blizzard conditions gripped Montana early today and the first severe winter storm of the season pushed into Wyoming and spilled over the Continental Divide on the heels of 40-mile winds.

The cold wave, spawned in Canada, was expected to cover all or parts of six northern states by Saturday.

The Helena Weather Bureau issued a special advisory that Montana temperatures would dive today and tonight, reaching 30 below in the north and 10 below in the south.

Up to 12 inches of snow had fallen in the Flathead Valley in northwestern Montana.

The forward edge of the storm numbed Sheridan, Wyo., and other points near the Montana border, and edged into Idaho and North and South Dakota. It was expected to hit Colorado tonight or early Saturday.

Big Auto Merger Of Nash, Hudson Planned

DETROIT (AP) — Hudson Motors and Nash-Kelvinator are consolidating—marking another in a series of big intercompany deals in the auto industry in recent months.

Subject only to anticipated stockholder approval, the Hudson Motor Car Co. and Nash-Kelvinator Corp. will become the American Motors Corp.

An estimated 355 million dollars in total assets and more than 100 million in working capital are involved.

Boards of directors of the two companies agreed on terms of the consolidation yesterday.

N-K's Nash and Kelvinator divisions and Hudson agreed to become separate divisions of the new corporation. Kelvinator is the electrical appliance-producing division of N-K Corp.

Big Profit For Reds At U.S. Taxpayers' Expense In Butter Deal

By The Associated Press

If the deal for sale of surplus butter to the Russians goes through, the Soviet government stands to make perhaps 500 per cent profit.

The Russians will sell the butter through their state retail channels at prices comparable to those charged for Soviet, Argentine and Danish butter now on sale—roughly the equivalent of $3.40 per pound.

The U. S. government price to American farmers who produce the butter is 65 cents per pound.

Cullen's Niece Bringing Suit Against Him

SAN ANTONIO (AP)—A niece of H. R. Cullen, millionaire oilman-philanthropist, has charged her wealthy relative with false imprisonment and named him a defendant in a damage suit for $350,000.

Cullen is the Houston man who has contributed millions to educational and charitable institutions in Texas and was one of the biggest contributors to the Republican presidential campaign fund in 1952.

The niece, Mrs. Helen Cullen Brantley, 39, of Dallas, charged her arrest in Harris County (Houston), her imprisonment in Harris and Bexar County jails, and eventual commitment in early 1952 to the San Antonio State Hospital were the result of a conspiracy between her uncle and her father, R. F. Cullen Sr.

Mrs. Brantley and her husband, Patrick filed the suit yesterday in Judge C. J. Quin's 57th District Court here. She alleged her commitment to the state hospital on a complaint filed here by her father followed her arrest in Houston after she had failed to see her uncle about a family matter.

WEATHER

NORTH CENTRAL TEXAS: Cloudy with occasional rain and a few thundershowers through Saturday. Turning much colder Saturday with rain changing to freezing rain or snow in north portion.

WEST TEXAS: Turning much colder with occasional light snow in Panhandle late Friday and in Panhandle and South Plains Saturday. Colder Saturday. Lowest 10-25 in Panhandle Friday night.

EAST TEXAS: Cloudy with occasional rain and a few thundershowers Friday. Saturday, thundershowers and much colder. Freezing rain or snow in extreme northwest late Saturday. Fresh to locally strong southerly winds on the coast, shifting to northerly Saturday or Saturday night.

SOUTH CENTRAL TEXAS: Cloudy with occasional rain, mostly in north portion through Saturday. Turning colder in north portion Saturday. Fresh to locally strong southerly winds on the coast, shifting to northerly Saturday night.

Good Flow Is Discovered In Howard Well

Trans-Tex Drilling Co. of Longview No. 1 Reed Ranch, Northeast Howard County wildcat, has reported a flow of 190 barrels of oil in four and one-half hours from the Pennsylvanian reef.

The wildcat has now been shutin in preparation for the potential test.

Casing was perforated from 7,713-721 feet for the test on which the oil flowed, with the flow natural. It was flowed to pits for one hour and then to tanks through various sized chokes. No water was present. No flowing pressure was reported, but shutin pressure after one and one-half hours was 660 pounds.

Top of the reef lime in this project was at 7,712 feet on a datum of minus 5,284 feet. It flowed oil at the estimated rate of 25 to 40 barrels per hour on a previous test from 7,712-722 feet.

Drillsite for the No. 1 Reed is 1,980 feet from north and east lines of section 22-25-H&TC, 27 miles northeast of Big Spring.

GARZA PROJECT

Stanolind Oil & Gas No. 1-A Bird, Northeast Garza wildcat, made no shows of oil or gas on a drillstem test in the Wichita-Albany from 4,430-510 feet. The tool was open one hour and 20 minutes. Recovery was 270 feet of mud and 2,080 feet of salt water.

In Northwest Howard County, Oceanic No. 2 J. F. Winans is at total depth of 8,239 feet in the reef and running electric logs. When the logs are completed five and one-half-inch casing is to be run.

NOLAN WILDCAT

Seaboard Oil of Delaware has filed application to drill a wildcat in the Maryneal field of Nolan County seven miles northeast of Blackwell.

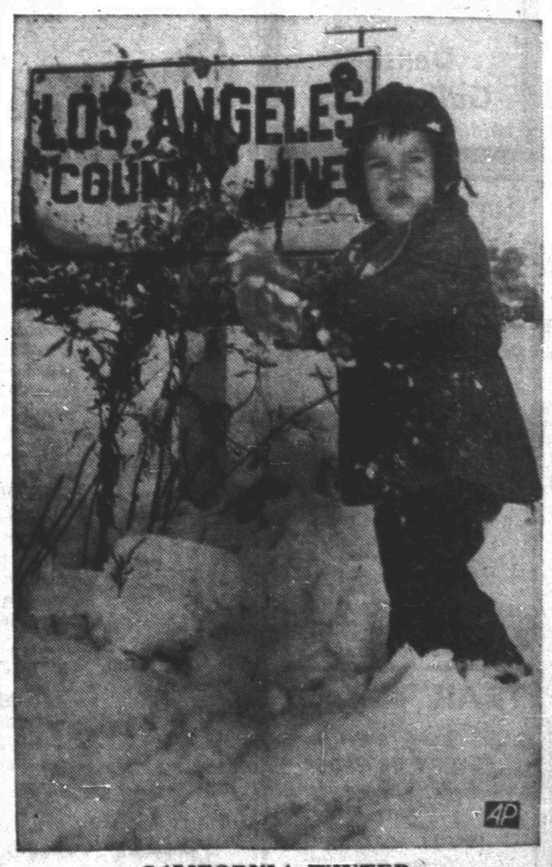

It will be the No. 13-A Billie Hanks, 2,780 feet from north and 1,800 feet from east lines of 28-Z-T&P. That is 555 feet northwest of Strawn production in the field, and the depth of 4,800 feet is planned to test another pay zone.

Kilroy Oil Co. No. 1 C. J. Roberts, Southeast Nolan wildcat, has indicated production from the Cambrian sand.

On a 49-minute drillstem test from 6,070-120 feet, gas surfaced in nine minutes and oil in 29 minutes. The flow was turned to pits for 20 minutes with no gauges made. Electric logs are now being run.

The No. 1 Roberts is in section

(See OIL NEWS—Page 2)

CALIFORNIA WINTER

Persons facing miserable weather over most of the nation can take comfort during the current bad weather that it's cold and snowy in California, too. Here's Tommy Chigwidden, 2, making snowballs on the road leading to a mountain community on the Los Angeles County line just off the Ridge Route to the San Joaquin Valley. The snow came during Tuesday's storm.

Moslem Fanatics Are Arrested In Droves By Egyptian Order

CAIRO, Egypt (AP) — Arrests mounted to 450 today in the government crackdown on the outlawed Moslem Brotherhood.

A communique from President Mohammed Naguib's Revolutionary Council accused the fanatical political-religious organization of conniving with both the Communists and the British, and with plotting a counter-revolution against Naguib's regime.

The communique said the brotherhood, which claimed a membership of two million at the height of its power in Egypt, conspired with the Communists for the purpose of fomenting disorder in this strategic Middle East country.

Representatives of the brotherhood also were charged with making secret contacts with the British resulting in a weakening of Egypt's position in the lengthy negotiations over the future of the vital Suez Canal zone.

The government dropped the ax on the brotherhood Wednesday, ordering it dissolved and its assets confiscated. Of the 450 arrested, only 20 have been set free. How many might face trial before a revolutionary court was not disclosed.

Lt. Col. Anwar el Sadat, one of the members of the Revolutionary Council now running Egypt, summoned newsmen to a special conference early today to detail the charges against the brotherhood. He had faced trial during the regime of the deposed King Farouk on charges of being a brotherhood supporter.

The communique charged C.M. Crewell, British minister to Cairo, and Treffor E. Evans, Oriental counsellor at the British Embassy, had met with Hassan el Hodeiby, the deposed head of the brotherhood, and other of its big officials.

The communique said El Hodeiby and the other leaders discussed British policy on the Suez negotiations and this made it more difficult to get the British to come to terms for removal of their troops from the Suez Canal zone.

The British Embassy said it had no comment. British sources remarked, however, there would be nothing extraordinary or unusual in their diplomatic representatives explaining the British point of view to anyone who might request it.

The communique charged the brotherhood with setting up three organizations to spread sedition against the Naguib regime. One worked among army officers, another among noncommissioned personnel and the third among the police, the communique said.

Observers saw Naguib's move against the brotherhood as reflecting his confidence that the present regime rests on firm foundations. Governments under King Farouk moved cautiously against the brotherhood. Saadist Premier Mahmound Fahmy Nokrashy Pasha banned the brotherhood Dec. 8, 1948, for terrorist moves. He was assassinated by one of its members less than three weeks later.

Mother, Child Are Overcome By Fumes

Asphyxiation of a young mother and her nine-months-old baby was prevented yesterday afternoon here by work of members of the fire department and a Snyder doctor.

Artificial respiration for 15 minutes, oxygen, and an injection of caffien sodium benzolate were given to Mrs. Bill Holley, 19, 2407 Avenue V, before she showed any signs of life, Ivan Gatlin, fire marshal, said.

The fire department's artificial respiration machine was used for about an hour before Mrs. Holley was revived enough to talk, he said.

The child regained consciousness without air after fresh air was turned into the apartment where the near-deaths occurred.

Gatlin said that Billy Holley, the husband, discovered his wife and child unconscious when he returned from work at 3:30 o'clock yesterday afternoon. He is an oilfield worker.

"A window by the bed in which the mother and baby were lying that was open about two inches probably saved their lives," Gatlin said.

Gatlin quoted Holley as saying that he left the gas stove burning in the living room of the apartment when he went to work about 6:30 o'clock yesterday morning.

Mrs. Holley told her rescuers that she remembered nothing from the time that her husband left for work until she was revived. She and the baby were unconscious in the bed when the husband returned.

The fire marshal said that no gas was escaping in the building, but that the stove was not properly adjusted and was "throwing off fumes."

"The woman and baby both appeared dead when we arrived," Gatlin said. Wayne Glasscock, city fireman, aided in the rescue.

Gatlin said oxygen was administered to the woman by Dr. Carl A. Dillaha, Jr., and that the physician gave the woman the injection early in the rescue attempt.

"It was 15 minutes before she showed any signs of life," Gatlin said.

Pressure For Increased Trade With Red Nations Is Applied

WASHINGTON (AP) — Pressures are mounting on the Eisenhower administration to lower some of the cold war barriers so as to permit more trade between the United States and Russia and its satellites.

Many top officials responsible for international economic policy feel some decisions will have to be made fairly soon. Meanwhile, splits appear to be developing between the interests favoring trade and those wishing to maintain maximum economic pressure on the Communist bloc.

The issue may come into focus upon an application by Minnesota businessman Dwayne Andreas for permission to export 20,000 tons of butter and 3,000 tons of cottonseed oil to Russia. These are not strategic materials and there is no policy barrier against them except a general policy under which the government reserves the right to bar any exports to Russia contrary to the security interests of the United States.

Officials said today the Andreas application is now before an interdepartmental committee made up of representatives of the State, Agriculture and Commerce departments. It deals with broad issues of economic security embracing the particular problem of East-West trade. This, of course, is not exclusively an American problem. In fact it has been mostly an Allied problem.

There are several forces pressing strongly for official sanction of greater trade with the Soviet Union and satellite countries. They are:

1. The development of a buyer's market — meaning a supply of goods running consistently above the demand.

2. The accumulation of vast stores of surplus agricultural commodities in the United States.

3. A slow move toward general easing of international tensions. The more the Soviets make friendly gestures, the more traders everywhere tend to look for business with the Soviet Union.

But on the other side is a set of arguments which remains powerful and which has many adherents, especially in the State Department and probably in the Defense Department as well. They include:

1. A majority policy of the administration has been to exploit differences between the rulers and the ruled in all the Communist countries. A major source of trouble for the Soviet leaders has been low agricultural production. The export of any large quantity of foodstuffs such as fats and oils would run contrary to U. S. policy on this point.

2. Agricultural surpluses for foreign sale are often in effect subsidized by the government. The government would have difficulty justifying the subsilized export of any foodstuffs to Russia.

3. A basic rule of U. S. foreign economic policy is not to export surpluses in such a way as to interfere with normal trade patterns of friendly countries. Countries other than the United States, notably those of Western Europe, are normal traders with the Soviet Union. A heavy export of goods there might defeat U. S. policy interest in maintaining and expanding these trade patterns for countries to which billions of American aid dollars have gone.

4. Despite the relaxation of cold war tensionns, there has been no real evidence of any change in Soviet policy or purposes.

Aliens Told To File Report

All aliens now residing in the United States will be required to file an address report by Jan. 31, M. R. Toole, acting district director of the U. S. Immigration and Naturalization Service in El Paso, has announced.

This ruling applies to aliens residing either permanently in the United States or temporarily for a period in excess of 29 days. This report is in addition to the change of address report which is required to be submitted by permanent aliens within 10 days of such change of address. Aliens temporarily in the United States must submit, in addition to the January report filed each year, a form showing their current address at the expiration of each three-month period regardless of whether it has changed or not.

Aliens who have applied for naturalization papers but have not yet completed naturalization are also required to file the address report card, Toole said.

The address report card, form I-53, is available at all post offices and may be returned to a post office after it has been filled out.

BIRTHS

Mr. and Mrs. Harland M. Posey, 316 Twenty-eighth Street are the parents of a son, Howard David, born Sunday in a Colorado City hospital. Weight at birth was seven-pounds, six and three-fourths-ounces.

Poll Taxes Jump 123 Since Noon Yesterday

One hundred, twenty-three persons paid poll taxes or obtained poll tax exemption certificates from noon yesterday until noon today, making the total issued to date 2,421.

Of this number, 557 are exemptions, and 1,864 are paid taxes.

Deadline for paying poll tax or obtaining exemption at the office of the tax assessor-collector is Jan. 30.

Bad Check Charge

A county court charge of swindling by worthless check was filed late yesterday against Jack Childress, about 30, of Snyder, who pleaded innocent this morning and was released on recognizance to attempt to make bond of $100 set by the court.

He is accused of giving a worthless check for $15 to Evans & Faver Service Station.

13-2-T&P, four miles southwest of Nolan and one and one-half miles northeast of the Maryneal-Cisco field.

DRILLING REPORT

Wellman & Weiner No. 1 Blassingame, Mitchell County wildcat, is drilling below 7,320 feet in shale with streaks of lime.

Knickerbocker No. 1 Jordan, Northwest Scurry project, is drilling in lime and shale below 5,425 feet. Ohio Oil No. 1 Turner, Scurry stepout, is shutdown to repair the engine on the pumping unit.

In North Borden County, Skelly No. 1 Windham is drilling in lime and chert below 8,429 feet, Stanolind Oil No. 1 Beal, Southeast Borden exploration, is drilling in lime and chert below 9,020 feet.

Texas Pacific No. 1 Haney, Northwest Howard tester, is drilling in lime and shale below 6,490 feet. In the same area, Texas Pacific No. 1 Phipps is drilling in lime below 4,786 feet. Texas Pacific No. 1-B Tom Spencer is drilling in lime below 7,475 feet and Texas Pacific No 1-C Spencer is drilling below 8,101 feet in lime and shale.

Stanolind Oil No. 1 Dyer, 15 miles southeast of Lamesa, is drilling in red beds below 223 feet. Stanolind and Albaugh No. 1 J. Y. Graves, extreme Southeast Dawson wildcat, is rigging up a reverse rig.

Bonds Set In Felony Cases

Bonds were set this morning by W. C. Davidson, justice of peace, for two men arraigned on felony charges.

Bond was set at $750 for Luis R. Rivera, 21, Snyder, when he waived preliminary hearing on a charge filed yesterday, alleging he operated a motor vehicle while under influence of intoxicating liquor after having previously been convicted on a similar charge in county court. He remained in jail by noon today.

Rivera was convicted last September on a charge filed in August in county court. He then paid a fine of $123.50, including court cost.

Robert William Allen of Midland also waived preliminary hearing, and bond was set at $2,000, in connection with a charge of forgery filed early this week. He, too, remained in jail in lieu of bond. He was arrested earlier in the week at Gainesville and returned here by the sheriff's department.

The grand jury is to investigate the charges on both.

Unemployment Is Up, Oregon Is Worried

PORTLAND, Ore. (AP) — Oregon Democrats have urged Gov. Paul L. Patterson to call a special session of the Legislature to deal with "the deepening economic crisis."

A letter signed by the Democratic party's four top officials in the state said unemployment in Oregon was "the most critical of all 48 states."

The State Unemployment Commission recently reported 12 per cent of Oregon's workers were jobless, with a half-dozen cities reporting unemployment at 22 per cent.

The governor made no immediate response.

The Gulf Stream flows the 100-mile-wide Straits of Florida at an average rate of 7,245 million gallons a second says the Woods Hole Oceanographic Institution.

Contracts Are Awarded Here

The commissioners court yesterday accepted two bids for paving programs in the county, formally awarded contract on the resurfacing of the courthouse parking area, which was completed yesterday, and approved renewal of an agreement for operation of the county park swimming pool.

The court awarded contract for preliminary work on 10.1 miles of the Polar Road northward from a point about eight miles north of here. Contract price was $29,338.05 bid by W. O. Pelphrey of Fort Worth, builder of many roads in the county. The contract does not include paving, which will be done by the county later, but includes grading, surfacing, and most preliminary work.

The other contract was awarded to Orvil Thornburg, Jr., for all work in paving of 5,194 feet of the Fluvanna caprock road from a point about five miles north of Fluvanna northward to the Garza County line. This strip is on extremely rough terrain, where blasting will be necessary.

The two bids accepted were the lowest of a large number submitted by nine contractors. Highest bids were $63,000 on the caprock strip and $39,485.41 on the Polar Road work, both totaling $102,485.41.

The court awarded contract to Bell & Braden Construction Co. on resurfacing the courthouse parking area for materials cost of $1,600 plus labor and other work for $1,050.

An agreement used last summer between Jack Dillon and the county for operation of the swimming pool was renewed.

Film On Oil To Be Shown Here Tonight

A film, "Oil and Man," will be shown to the public tonight at 8 o'clock at Ballard's Cafe under the sponsorship of the Kiwanis Club.

The show, which lasts one hour and 10 minutes, is being brought here by the Ohio Oil Co. It will show how an oil company goes about developing an area.

There is no charge for seeing the film.

British railways report that more than a million dollars worth of vegetables were raised in 1953 on tiny plots besides the tracks on their rights of way.

BICYCLE RIDE ENDS

Warren (Buddy) Shuey, a gangling 15-year-old schoolboy who wants to be a minister, prepares to latch on to some of his grandmother's fried chicken—for which he pedaled his bicycle 700 miles. Buddy arrived in Atlanta Wednesday night from his home in Washington, D.C. He had left home Jan. 6, presumably for school. Buddy said he's sorry he worried his parents, but said he wanted to return to his old school in Atlanta and to attend camp meeting with his grandmother, Mrs. Beulah Brannon, shown with him.

Youth Center Broken Into Here Last Night

Police are investigating the burglary last night of the Scurry County Youth Center from which several items were stolen.

A small gas heater, a double burner hot plate, a single burner hot plate, some soft drinks, a box of peanuts, and a box of cheese crackers were stolen by the burglars, police said.

Johnny Claybrook, police desk sergeant, said that Roy Wilhelm, and Clyde Thomas, policemen, are investigating, but no arrests have been made, and they have no suspects so far.

The Youth Center is being operated under the sponsorship of the Junior Chamber of Commerce.

Claybrook said that no money was reported missing.

The National Geographic Society estimates that parchment diplomas awarded at commencements in the United States cost more than a million dollars annually.

Local Group Pleads For Allotment Hike

Legislation for increased cotton allotments for this area was requested this week by a committee from the chamber of commerce here which attended a hearing in Waco being held by the U. S. House of Representatives agriculture committee.

Bob Crowell, chamber manager, and Bentley Baize, seed breeder, represented the chamber in its plea for the passage of legislation such as that passed by the Senate this week, which provided for increased allotments.

The problem of overproduction, which has resulted in huge cotton surpluses which must be bought with tax dollars of the government, was not discussed at meeting. The need for cotton allotments is a result of these surpluses.

The bill passed by the Senate provided for figuring cotton allotments at 65 per cent of the average planting for the past three years or 43 per cent of the highest number of cotton acres planted, but resulting in an allotment of not more than 50 per cent of the total cropland.

Crowell and Baize, in a brief filed with the committee, told the panel that because of severe drouth conditions in this area the average acreage for the last three years, from which allotments are figured, is very low. Farmers could not plant much cotton here because drouth conditions prevented it. If the county had had normal years, as did some areas who are also getting allotments figured on the three-year average, the allotment program would have given this county much more acreage.

Under the plan passed by the Senate this week, Scurry County would get about 7,500 additional cotton acres. The county's allotment is now 67,000 acres, and its average planting for the past three years is 112,000 acres.

"We feel that we have been penalized enough by drouth," the brief stated, adding that "any increase in allotted acres for cotton in our county and area will be a large factor in helping our agricultural economy, and overall economy, regain part of its balance . . ."

NEW CAR ANNOUNCEMENT FROM THE BUILDER OF THE 'ROCKET'

NEWEST NEW OLDSMOBILE IN FIFTY-SEVEN YEARS!

NOW . . . the "88" of tomorrow . . . the car that Oldsmobile has been "building up to" for many years . . . will be displayed on Wednesday, January 20th!

JUST WAIT! For the most significant, the most exciting new car announcement in Oldsmobile's 57-year history. Yes, even more startling than 1940, when Hydra-Matic Drive was introduced by Oldsmobile. Even more spectacular than 1948 and the debut of Futuramic styling. Even more thrilling—believe it or not—than 1949, when Oldsmobile's first "Rocket" was launched and started a whole new era of high-compression power.

JUST WAIT! It's going to be not just a new car, but an ultra-new *kind* of car. A "dream car" that actually had its beginnings years and years ago. A "show car" that draws inspiration from the many experimental models of recent years. A "car of tomorrow", so basically new in styling and engineering, with so many new convenience and comfort features, that it's bound to set new trends in automotive design!

JUST WAIT! It's going to be *THE* "88." Remember when Oldsmobile startled the automotive world with its first "88" model? It represented a new *idea* in fine cars—a new balance of power and pace, style and grace—and soon became the "hottest number on the highway". Even today, if you'll check trade-in values and used-car prices, you'll find that those "88" numerals still possess their own special kind of magic. And this new Oldsmobile for 1954 represents the peak, the climax, the fulfillment of the "88" idea!

JUST WAIT! You're going to see a startling new kind of styling that—we warn you!—will make you dissatisfied until you actually *own* this car. A definite low slung "sports car" look, but American through and through. With a "new slant" on windshield design. (This will start a new trend, just watch!) A new silhouette that's longer, lower, lovelier. New fender treatment, new door design, new interiors—well, frankly, everything everywhere you look is new!

JUST WAIT! Your biggest thrill will come when you *drive* this car. For remember, it's a "Rocket"—and you know what a wonderful performer the "Rocket" Engine is right now. Yet for 1954, the "Rocket" will be *bigger, more powerful* and—here's real news—*more economical* than ever. Already, it's a World's-Record-breaker! In a gruelling test run at Monarch Pass, Colorado, this new 1954 Oldsmobile engine outstripped the famous 1953 "Rocket" in every phase of performance, hit the "top of the world" at the Continental Divide with far greater ease than any car had ever approached. Similarly, at the Indianapolis Speedway, in a 10,000-mile, nonstop economy run, this astonishing new "Rocket" used 10% less gasoline than a 1953 Oldsmobile.

JUST WAIT! And you won't have to wait long! This "dream car", this "car of tomorrow", this *newest* new Oldsmobile in fifty-seven years, is being displayed on Wednesday, January 20. So make a date with this *new* "88" at your Oldsmobile dealer's. JUST WAIT TILL YOU SEE IT!

JUST WAIT TILL YOU SEE THE NEW 88 ---- JAN. 20 IS THE DATE!

COMING SOON TO YOUR OLDSMOBILE DEALER'S

Mrs. Odeatha Hays, clerk and alteration woman at a local cleaners, checks in a customer's clothing, prior to inspection for ripped seams and loose buttons.

SOCIETY SCRIBBLINGS

Alterations Work Came In Easy Way To Mrs. Hays

A knack for sewing often proves useful in a way you least expect it. So says Mrs. ODEATHA HAYS, alterations woman and clerk at Thompson's Cleaners sub-station on the Big Spring highway.

About five years ago, when she was living at Mount Pleasant, a friend in the cleaning business needed a special alteration job done and asked Mrs Hays if she would do it, and she did. Pleased with her success on the garment, he asked if she would help out whenever needed. "First thing I knew, I had steady work," she laughed.

Two years ago, she decided to move here, since her parents, Mr. and Mrs. T. W. THOMAS, had become residents of Snyder. Some of her dresses having wrinkled in the move, Mrs. Hays took them to the cleaners to be pressed. "Naturally," she said, "I had to talk shop a little, finally asking if they needed another employe." Since they didn't, she forgot about it. Later, when she went back to pick up her clothes, they asked when she could begin work. She has since been transferred to the sub-station.

Asked if she has ever done any actual cleaning, she laughed and said she had done some pressing, "but if I were paid by the hour for pressing, I'd be fired."

Personal contacts vie with sewing for first place as the most interesting part of her work. "I love every minute of it," she exclaimed. Like many others, Mrs. Hays confesses difficulty in connecting names and faces. Her solution to the trouble came when she found that by talking to customers, names and faces became easier to recall.

Mrs. Hays, who lives near her parents on the Ira route, usually drives home for lunch, and a locker, which she keeps filled with meat, helps the menu problem. However, she varies her days by eating in town once or twice a week. Mrs. Hays believes in the old saying that variety is the spice of life. As she says, "I just don't like to get in a rut. I think people need a change in their daily routines so that they don't become monotonous."

She usually has pot plants around her, but admits that she doesn't have too much luck with some plants. "No green thumb, I guess," she said. At present, she has ivy and a snake plant, both of which are thriving.

Photography holds first place in interests. Right now, Mrs. Hays said, she has a Brownie flash bulb camera and a lot of pictures. Someday, however, she wants a camera which develops its own pictures. The first time she saw one, she told herself, "that's for me."

DOG DAYS AGAIN

Mrs. B. E. LEIBE, JR., 2226 Sunset Avenue, says she is having dog troubles. Her boxer dog, King, had a spat with a smaller dog Wednesday morning, and Mrs. Leibe is now seeking the dog or its owner to check on whether the little dog was injured much.

HALF SIZERS!

Proportioned especially for the shorter, fuller figure, this two-piece is a "hard to find" suit-dress with trim wing-cuffed jacket with action-back-ease over a four-gore skirt! (Three-quarter sleeves, too!)

No. 2725 is cut in sizes 14½, 16½, 18½, 20½, 22½, 24½. Size 16½: 4½ yds. 35-in. or 4 yds. of 39-in.

Mrs. Guy Paxton of Laredo is a guest here of her mother, Mrs. A. O. Scarborough, 2712 Avenus S. Mrs. Scarborough has been ill with pneumonia.

TV Gold Is Still Drawing Movie Talent

By BOB THOMAS

HOLLYWOOD (AP) — John Payne is the latest film star to succumb to TV gold.

The past few years has seen a steady migration of stellar talent from the film studios to the TV field. Robert Montgomery was among the first to go. He was followed by such figures as Lucille Ball, Eve Arden, Roy Rogers, Ann Sothern, Ray Milland, William Bendix, Loretta Young, Joan Davis, Groucho Marx, Danny Thomas, Ray Bolger, etc.

Most of these personalities have been forced to give up almost completely the medium which brought them their greatest fame — motion pictures for theaters. Why do they do it?

Payne gave me a clear answer to the question: "You can't afford to pass up the money."

The actor is working in "Four Desperate Men," which may be his last theatrical movie for quite a spell. As soon as the current film is finished, he'll make a pilot film for a 39-part video series now called "Mike Conant." He'll play a sports reporter with a penchant for uncovering crime.

If the series jells, it means that Payne will have to devote most of his future time to TV. And he's a man of many enterprises. He did a night club date at the Flamingo in Las Vegas, and that led to a couple of Broadway offers, including one for the new Cole Porter show based on "Ninotchka." He turned them down. He will also be forced to refuse picture deals. He has been active on the independent producer circuit, and has taken a percentage of many of his films.

"But you still can't beat the tax setup," he commented. "It's no fun looking forward to the age of 55 and 60 when you could still be paying for your 1948 income tax.

"That's why I've investigated the TV field. That's where the money is. It's not just the first run of a series that counts. You can rerun it again in the same market and also branch out to new markets when they open up. There are around 350 stations on the air today. In five years, there will be between 500 and 1,000. Think of the entertainment that will be required to fill that time!

"The residuals involved in TV series can be fabulous. I mean with merchandise and commercial tieups and so forth. Why, a fellow like Roy Rogers could retire tomorrow and live comfortably for the rest of his life."

Runoff Held In Jr. High Race

Steve Melton defeated Dwaine Merritt by a vote of 224 to 196 in a hotly contested race for president of the junior high school student body yesterday, Herman Trigg, principal, said.

Yesterday's election was the second held this week at junior high school. The first election was held Monday as a primary to select run-off candidates for yesterday's vote.

In the race for vice president of the student body Roy Beene defeated Pearl Burleson by a vote of 303 to 117.

Doris Lewis defeated Nancy Carey for the office of secretary-treasurer by a vote of 314 to 106.

A total of 420 students voted in the election, which was held to simulate city and county elections held in Scurry County.

Trigg said that even the ballots were duplicates of ballots used in city and county elections here.

Teachers in social studies classes had spent two class periods this week in instruction on how to mark ballots and other phases of the secret balloting.

The student council has a total of 27 members.

Charles Ray (Chuck) Cockrell was elected fire chief by a majority vote in Monday's primary election.

Not Like His Cousin

DENVER (AP) — The man from the telephone company was adamant: that tree on Jim Harpster's property had to be destroyed.

It was interfering with telephone and power lines. Besides, it wasn't a pretty tree at all. Harpster finally agreed. That's when the man bent on removal of the ugly tree said thanks and handed over his business card.

His name: Joyce Kilmer. He's a fourth cousin of the World War I poet who died soon after writing a memorable tribute—"Trees."

Seats Not Available

SCOTTSDALE, Ariz. (AP)—Artists will lecture here Sunday on "styles in art." The public was invited to attend—but asked to bring their own chairs.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-8488.

Do you have any suggestions for main-dish casseroles featuring tuna or some kind of canned fish?

W. F. E.

You may like to try this casserole using tuna. It's a dish that is hearty, easy to mix, and wonderful to eat. It looks pretty on the table, too.

TANGY TOPPED CASSEROLE

1 cup flaked tuna (7-ounce can)
cup chopped onion
¼ teaspoon salt
Dash pepper
1 teaspoon lemon juice
1¼ cups condensed vegetable soup (11-ounce can)
½ cup milk
Parmesan Puffs

Combine tuna, onion, salt and pepper, mixing lightly. Add lemon juice, soup and milk and mix until well blended. Pour into one-quart casserole. Top with Parmesan Puffs.

PARMESAN PUFFS

1 cup sifted flour
1½ teaspoons baking powder
½ teaspoon salt
1 tablespoon sugar
1-3 cup grated Parmesan cheese
1 egg, beaten
½ cup milk
1 tablespoon melted shortening

Sift together flour, baking powder, salt and sugar. Add Parmesan cheese. Combine egg, milk and shortening. Add liquid to flour mixture, stirring only until flour is moistened. Drop by spoonfuls on top of tuna mixture to make eight small puffs. Bake in hot oven about 25 minutes. Makes four servings.

• • •

Make gingerbread extra good by adding chopped pecans and a little orange rind to the batter. Serve it while it is still warm from the oven with an orange sauce. And if there are no weight watchers at your house, add a dollop of whipped cream. Delicious!

WHISPERING GALLERY

No One Is Sure Just What To Think About Eisenhower

By HAL BOYLE

WASHINGTON (AP)—This isn't a town where they keep live men on pedestals. They start looking for the clay in the feet.

President Eisenhower has met this fate. The military hero that everybody knew has become after a year in office the man in the White House that nobody here seems quite sure about.

What do they say about Ike now in America's leading whispering gallery? He has both supporters and opponents puzzled.

Here is a sampling of the kind of remarks you hear about him:

"There probably isn't a person in Washington who hates Eisenhower," said a neutral observer, "but it might be better if he were hated. Strong presidents have to make enemies."

"He's a fine man," commented a veteran Democratic legislator, "but he's in the wrong field."

"The old politicians here are still jealous of him because they don't like to see someone they think of as an amateur hit the jackpot," remarked another.

"Eisenhower still has the people behind him," said a Republican supporter, "but he hasn't used his strength. Most of the Republicans here rode back into office on his coattails—and they know it. It is time to let them know he is aware of that fact, too, and start knocking their heads together instead of making concessions."

To see how Ike has fared personally in his political war I went this week to his first press conference of the new year. Reporters have complained about some of his conferences, but most of them liked this one.

The room was jammed. Eisenhower stepped in with a springy stride, grinning broadly. Television has been unkind to him, sometimes making him look old and tired. In the flesh he is in the pink of health, buoyant and vibrant and almost as young-looking as I remember him ten years ago, when he briefed war correspondents on the approaching Sicily landing.

The reporters bombarded him with questions. Eisenhower shot his answers back quickly and crisply. The sentences came clean and firm. There were no rambling remarks that dribbled into silence.

At one point Ike remarked he didn't think he was too smart politically, and grinned. Then he rolled off some rapid fire statistics on the wool import problem. There is no doubt he has mastered a tremendous amount of detail about the political problems facing him.

"He has never said 'no comment' to a question," observed one Republican correspondent. "And he's the only president I know who hasn't. Roosevelt sometimes used to duck hard questions by giving us a geography lecture, Truman never ducked many, but 15 minutes later he might put out a correction or a retraction of an answer."

The thing that stuck in my mind after the conference was the way Eisenhower, replying to a question about his legislative program, had said for them to make no mistake about it he was going to work for the enactment of what he thought was good for the country. Then he clamped his jaw, and thrust out his chin. It is a fighting man's chin.

"That is what everybody here is wondering—how far he'll stick out his chin for his own program."

A number of political futures seem to depend upon it.

Boy Goes On Tear

TUCSON, Ariz. (AP) — Tired of the quiet life, a 4-year-old boy toddled into the corridor of an apartment house and:

Filled a dozen mailboxes with dirt, ripped up letters and switched all the others.

Tipped over a garbage can and broke milk bottles.

"I can't believe he did all this," his mother told police.

This is the architect's drawing of the proposed new Trinity Methodist Church building, which is to be built at a cost of approximately $250,000. Plans for the building were drawn by Butler-Brasher.

Fast Growing Church Plans To Build Soon

Construction work on the new Trinity Methodist Church building is to begin in the new future, the Rev. B. W. Lewis, minister of the church, said yesterday.

The building will be adjacent to Cogdell Memorial Hospital, on land north of the hospital. The church is to contain about 15,000 feet of floor space, with a seating capacity of 600 persons in the sanctuary.

Of masonry construction finished in brick, the building will cost an estimated $250,000 on completion.

The Trinity Methodist Church was organized here July 18, 1953, and has been one of the most rapidly growing Methodist churches in West Texas, Mr. Lewis said. Trustees of the church, who also serve as the building committee, are Ford Kenner, Jack Bowden, Ben L. Costin, Walter A. Wells, C. M. Patton and J. W. Burleson. Dale Clemmer is Sunday school superintendent.

The church is meeting temporarily in the Central Primary School at Twenty-seventh Street and Avenue K.

Church Preference Of Teachers Is Noted In Survey Made In Schools

A survey from records of professional personnel in the Snyder school system shows church preference at 44½ per cent Baptist, 32½ per cent Methodist, 13 per cent Church of Christ, five and one-half per cent Christian, three per cent Presbyterian, and Episcopal and Catholic six-tenths of one per cent each.

No discrimination is shown in hiring personnel, according to the administrators, who said that of the 166 personnel, 74 were Baptist, 54 Methodist, 22 Church of Christ, nine Christian, five Presbyterian, and one each Episcopal and Catholic.

Rev. O'Neal To Speak To Scurry-Mitchell Workers' Conference

The Rev. Jack O'Neal, pastor of the Green Hills Baptist Church, will deliver the sermon for a Scurry - Mitchell Baptist Association workers' conference Monday at the Buford Baptist Church.

Other speakers on the program will include Mrs. Stanley Hill, a member of the First Baptist Church, who will speak on the fundamentals of the WMU. The Rev. L. V. Ratliff, pastor of the Union Baptist Church, will speak on "Why I Am a Baptist."

Following the noon luncheon, the WMU and executive board are to meet.

Circles Meetings Are Set By Christians

Two circles of the First Christian Church will hold meetings on Monday, with the third to meet Wednesday.

Mrs. C. C. Miller, 2807 Avenue T, will be hostess to Group 1 at 4 o'clock Monday afternoon. Mrs. Hugh Taylor will be study leader. Mrs. D. L. Harlin, 3002 Thirty-eighth Street, will be hostess for Group 2 at 7:30 Monday evening, when Mrs. Zaida Brown will be program leader. Mrs. Jack Shelley will be hostess to group 3 at 9 o'clock Wednesday morning in the church. Mrs. John Boren will be study leader.

Fun Night Planned By First Baptist Church

A fun night program Monday will mark the observance of Focus Week by the WMU of the First Baptist Church.

The meeting will being with a covered dish supper at 7 o'clock. Members of the WMU, their husbands, members of the Brotherhood and their wives are invited to attend. Mrs. Ernest Sears will be program director. Included on the program will be several numbers by a barbershop quartet made up of Dale Walton, James Patrick, Wayland Holt and Myron Roe.

Missionary To Speak Here Sunday Night

The Rev. I. L. Shaver, who has been on the staff of the Snyder First Methodist Church for four years as a missionary to Japan, will preach at the church at 7 Sunday night.

Rev. Shaver returned to the United States recently for an eye operation, which was performed in the Methodist Hospital in Houston. He will report on his activities in Japan, and the public is invited to attend, the Rev. Woodrow W. Adcock, pastor of the church, said.

Euzelian Class With Mrs. Bell Monday

Mrs. Gaither Bell, 1906 Twenty-ninth Street, was hostess to the Euzelian Sunday school class of the First Baptist Church Monday night.

Mrs. Lyman Wade was co-hostess for the meeting. The devotional was given by Mrs. Madolin Crow, who also led the program. Mrs. Jennie Baker and Mrs. Clarice Short sang two duets. Group singing followed.

Refreshments were served to Mrs. Valla Osborne, Mrs. Molly LeMond, Mrs. W. N. Tooley, Mrs. Blanche Jordan, Mrs. Floy DeShazo, Mrs. Lillian Wade, and a guest, Mrs. Dora Morris.

Plans for the organization of a men's Brotherhood were discussed in a meeting at the Buford Baptist Church last Friday. The Rev. J. T. Shackles, above, pastor of the Mount Olive Baptist Church in Snyder, was speaker for the meeting, taking as his topic "The Church of Jesus Christ and Its Missionary Accomplishments in World Wide Missions."

Three Presbyterian Circles Meet Monday

All three circles of the First Presbyterian Church will hold meetings on Monday.

Mrs. J. H. Babcock, 2900 Avenue V, will be hostess for the Morning Circle at 9:30. Mrs. Giles Bowers, 2506 Thirty-first Street, will be hostess for the afternoon Circle at 2:30, and the Evening Circle will meet at 7:30 with Mrs. Bill Ballard, 201 Thirty - fourth Street. The circles will have a Bible study on the Acts, and a study on the church and the community.

Mrs. Chorn Leads Sunday School Class

A devotional called "March of Time" was presented by Mrs. Sam Chorn Monday night at the Business & Professional Women's Sunday School Class No. 1 of the First Baptist Church.

The class met in the extension department of the church.

Nine members were served punch and cake by the hostess, Miss Ruby Butts.

Esther Class Meets With Mrs. Casey

Mrs. Scott Casey was hostess for the monthly business and social meeting of the Esther Class of the First Baptist Church.

Mrs. John Curry presided at the business meeting. Mrs. Casey presented the devotional, basing it on John 3:16. Six class members and the teacher, Mrs. John DeShazo, attended.

SERMON TOPICS

"The Power of Group Worship" will be the sermon topic of the Rev. Woodrow W. Adcock at the 9 and 10:55 Sunday morning worship services of the First Methodist Church. The Junior Choir, dressed in new robes, will sing at the early service, with the Sanctuary Choir to sing at the 10:55 service. The Rev. I. L. Shaver will speak at the evening service.

* * *

The Rev. Glenn Ricketts, pastor of the First Christian Church, will take as his topic Sunday morning "Be Whole Again." Speaking at 6:15 Sunday evening, Mr. Ricketts will preach on "Wholesome Fear."

* * *

The Bible teaching on hell will be the subject of the Rev. E. K. Shepherd at the morning worship service of the First Baptist Church Sunday. He is to speak on "Spirit Filled People" at the Sunday night service of the church.

* * *

Ted Norton, minister of the Twenty - fifth Street Church of Christ, will speak on "Do You Have Eternal Life?" at the 10:45 service of the church Sunday morning. At 7 o'clock Sunday night his topic will be "The True Tabernacle." Training classes meet at the church at 6 Sunday night, with Bible study classes at 9:45 Sunday morning.

"A Great Cloud of Witnesses" is the sermon to be given by Warder K. Novak at the 10:45 Sunday morning service of the Thirty-seventh Street Church of Christ. For the Sunday night service, starting at 7 o'clock, his message will be "Why Should One Be Baptized?"

Services Set Saturday Night At Local Church

A Bible lesson on "Tithes and Offerings" will be led by the Rev. Jacob C. Regier at the Apostolic Faith Church at 7 o'clock Saturday night.

The congregation is preparing for the opening of a revival meeting Wednesday night, Mr. Regier said. The Rev. James Wallis will be evangelist for the meeting, and will be assisted by the Rev. Neal Reagan. Mrs. Wallis will serve as painist. Services during the revival will begin at 7:30 each evening.

Christians Change Sunday Night Service

The Sunday evening worship service of the First Christian Church has been rescheduled for 6:15, to enable more working persons to attend, the Rev. Glenn Ricketts has announced.

Group meetings will follow the evening service. These will include the CYF, Junior Youth groups and adult Bible study groups, all to meet at 7:15.

Methodist Fellowship Meeting Here Monday

The Rev. Elmer Peterson, pastor of the First Methodist Church in Sweetwater, will be speaker for the monthly meeting of Methodist men in Fellowship hall at 7 o'clock Monday night. A covered dish supper will be served.

A district Methodist Youth Fellowship retreat will be held in Lamesa starting at 9 o'clock Saturday morning. Five young people from Snyder will represent the First Methodist Church at that meeting.

District Fellowship

Several men from the First Christian Church are expected to attend the quarterly district four meeting of the Christian Men's Fellowship in Big Spring Monday night. The meeting is to start at 7:30 in the First Christian Church.

WANTED:
200 new pupils in Sunday school.
20 consecrated Bible teachers.
Any uninlisted Baptist with a missionary heart and a pioneering spirt.

— You are always welcome —
Floyd Strickland, Minister

IN HEAVEN AND IN EARTH

Ted Norton

"All power (authority) is given unto me in heaven and in earth" (Matt.28:18). These are the words of Jesus after his resurrection from the dead. That eliminates any man or group of men claiming authority on earth but granting the Lord authority in heaven! Jesus Christ—and He alone, has "all authority" both in heaven and in earth.

Only one man claims to have all authority in earth! He usurps that authority from the Lord Himself! This is evident for the following reason: He claims that Jesus gave His authority to the apostle Peter who had prominence among the apostles—not pre-eminence or primacy, that Peter was Prince of the Apostles, and had successors. There is no scripture that even hints that Jesus selected Peter to be Prince of the Apostles. On the contrary, Jesus taught equality among His apostles, ". . . Ye know that the princes of the Gentiles exercise dominion over them, and they that are great exercise authority upon them. But it shall not be so among you: but whosoever will be great among you, let him be your minister; and whosoever will be chief among you, let him be your servant; . . ." (Matt.20:20-29). The apostle Paul labored more abundantly than all the others (1Cor.15:9-11). Not dominion but great service is the thing that counted.

Not only is there no scripture supporting the idea of Peter's primacy among the apostles, but the following considerations argue against that idea: (1) Peter was married (Matt.8:14,15) and the Lord tells husbands not to put away their wives (1Cor.7:10,11). (2) Paul wrote an epistle to the church in Rome without even a hint of Peter's being there or ruling in any way. (3) Paul was imprisoned in Rome from where he wrote several letters, but he fails to mention Peter or any supreme ruler other than Christ (Rom.14:9-12). (4) It is thought by some that Mark received much of his information from Peter; but Mark nowhere refers to the primacy of Peter. (5) If Peter was to be Christ's vice-gerent on earth, it is not strange that Jesus would entrust the care of His mother to John? (John 19:26,27). (6) There is no record of Paul's having reported to Peter on the return from his evangelistic tours. (7) Would James and John have asked for the two most prominent places (Matt.20:20-23) had they known that Jesus had already promised the chief place to Peter? (8) The apostle Paul—not Peter, had the care of all the churches (2Cor.11:28), but there is no such statement relative to Peter. (9) Peter would not accept the homage Cornelius endeavored to pay him (Acts 10:25,26). (10) Peter knew his own status better than anyone else; he refers to himself as an elder among elders ("fellow elder" A.S.V.). See 1Pet.5:1-4.

The "keys" which were given to Peter (Matt.16:19) were also given to the other apostles (John 20:19-23). Long after the death of Peter, the Lord Himself appeared to the apostle John on the isle of Patmos (Rev. 1:9-11) and told him to write a letter to the church at Philadelphia (Rev. 3:7-13) wherein he said, "These things saith he that is holy, he that is true, he that hath the key of David, he that openeth, and no man shutteth; and shutteth, and no man openeth; . . ." (Rev.3:7). This could not refer to Peter. It was the Lord Himself, speaking to John! The man on earth who claims such authority as this usurps the authority of Christ! Jesus Christ, our Lord, has all authority in heaven and in earth! This authority He will keep until He comes again (1Cor.15:22-28). All men would be wise today to respect His authority and disregard that authority usurped by one man or any group of men! Christ is Lord!

Nineteen hundred years ago, the church of Christ was established! Today, she has the same name, worship, organization, doctrine and life! Tune in KSNY on Wednesdays at 12:15 (noon) and hear Warder K. Novak.

Snyder Takes Win Over Vernon Last Night In 45-38 Contest

The Snyder Tigers tied up for second place in District 1-AAA last night when they defeated the Vernon Lions 45-38. They will continue district play at 8 o'clock tonight.

Tonight's game, which will be played here, will be against Plainview, which is now tied with Sweetwater for the lead in the district with a 2-0 record. Snyder and Lamesa both now have 2-1 records, while Vernon has a 1-2 record. Also meeting in district play tonight are Vernon at Sweetwater and Big Spring at Lamesa.

The Tigers led most of last night's tilt. The game was tied up 10-10 at the end of the first quarter after the teams had exchanged leads seven times. Snyder edged ahead in the second period, then Vernon tied it again. By halftime, the Tigers had moved ahead again to a score of 18-15.

From that time, Snyder never gave up the lead, although the Lions kept the game close throughout. Snyder led 33-29 at the end of the third. The Tigers at one time got a 10-point lead.

BEST PERIOD

The Snyder team did its best shooting in the third period with an average of 63.6 per cent. In the second quarter the squad hit only 7.1 per cent. The game average was 31.2 per cent.

Reagan White, one of the top scorers of the night and of the season, hit 100 per cent on his four field goals, as well as on his one free throw. Steve Blair hit 66.6 per cent, and both Alan Snead and Joel Tankersley hit 33.3. Snead led scoring for the night with 10 points, while both White and Jimmy Bennett had nine points.

The Vernon team hit 28 per cent of its shots in the game. Jack Bolton paced the squad with 17 points, followed by Gene Miller with 11.

The Plainview squad coming here tonight holds a 10-7 season record, compared to 8-10 for the Tigers. The Bulldogs have scored 917 points to opponents' 736. Snyder has tallied 752 to 894.

Plainveiw has downed Levelland twice, Brownfield, Alpine, Muleshoe, Seminole, Quanah, Jefferson of El Paso, Breckenridge, and Vernon. The Vernon win was by 20 points.

The squad has lost to Borger twice, Pampa twice, Abilene, Coleman, and San Angelo. It was champion in the Brownfield tournament and took third place in two more tournaments.

B TEAM LOSES

The B team was edged 55-50 last night by the Vernon B in an overtime thriller which Snyder led most of the way.

The Snyder team took an early lead and then gave it up to Vernon, which was ahead 12-11 at the end of the first quarter. Snyder came over again early in the second and led at the end of that period 27-22. Vernon was ahead for a short time in the middle of the third, but Snyder was back on top by the end of that stanza 41-37. Vernon started a catch-up game in the final quarter and tied the score 47-47 at the end of the regular playing time.

Vernon then led off early in the three-minute overtime and didn't give up the lead. Jerry Taylor paced the Snyder B with 16 points, followed by Hubert O'Neal with 12 and Billy Sellers with 12.

The B teams will open tonight's play at 6:30 o'clock.

KAYO BY CHARLES

Bob Satterfield (left) of Chicago topples to the canvas after being hit by former heavyweight champion Ezzard Charles with a left that knocked him out in the second round of their scheduled 10-round bout at Chicago stadium. Charles said the left was the hardest he had ever thrown.

Saddler Takes Warmup Today In 10-Rounder

NEW YORK (AP)—Sandy Saddler, home on leave from the Army, goes back to work after a 22-month ring layoff in a nontitle match with little Billy Bossio tonight at St. Nicholas Arena.

Although tonight's 10-rounder is regarded as more or less of a warmup for the featherweight champ, a 3½-1 favorite, he soon must get down to serious boxing. He is expected to be discharged from the Army by April at the latest.

In fact, he probably won't go back to Germany, where he has been stationed. He may be reassigned to a camp in the States until it's time to get out.

The match, at 130 pounds, give or take a pound, will start at 10 p.m., EST, and will be carried on network TV (NBC) and radio (ABC).

Because an ice show is playing in Madison Square Garden, the Friday fights move temporarily to St. Nick's.

Bossio, of course, could upset Saddler. He did beat Gene Smith, a top-heavy favorite, in Washington last September and earned a draw in a rematch. However, Billy is a little fellow, 5 feet 1, against the rangy 5-foot-8 Saddler and does not pack the knockout wallop of the champ, who has stopped 90 opponents while winning 129 of 143 pro starts. He has lost 12 and drawn 2.

Saddler, now 27, was ineffective in his fights between his last title defense against Willie Pep Sept. 26, 1951, and his entry into the Army. He lost to Paddy DeMarco, George Araujo and Armand Savoie but knocked out Tommy Collins March 17, 1952, his last start.

Already Holdouts In Baseball Contracts

NEW YORK (AP)—Latest holdouts in the major leagues are Bob Porterfield of the Washington Senators and Yogi Berra and Gil McDougald of the world champion New York Yankees.

Sources close to the Yanks also report that Mickey Mantle, their young outfielder, is dissatisfied with the contract he's been offered. However, nothing official has been heard from him.

Porterfield, one of the American League's most talented elbowmen, said the Senators "didn't offer anywhere near as much as I expected."

Cal Griffith, Senators vice president, retorted that "Porterfield has been paid extremely well since he has been with us" and noted that the Nats were off $159,000 in receipts last season as compared to 1952.

The 22-game winner thus joined Mickey Vernon, the league's leading hitter, and another half-dozen players who are seeking more money.

So far, the Yankees have received the signed contracts of only two players — Harry Byrd and Eddie Robinson, both of whom were not around the Yankee Stadium last year.

Berra admitted that he had returned his unsigned, while McDougald said at his Nutley, N. J., home:

"Let's say I'm not a bit excited as these things are expected. I received a slight raise, but I won't sign it until I huddle with Roy Hamey (the Yank executive in charge of contracts)."

No figures were revealed as usual, but Berra is reported seeking $40,000, about $5,000 more than he was offered. McDougald would like $20,000. Mantle is reported shooting for $25,000, about $7,000 more than he earned last year.

Two of the big blasters of the National League were drawn into the fold. The Brooklyn Dodgers announced they had signed Duke Snider, who hit 42 home runs in 1953, and the Chicago Cubs banked Ralph Kiner's document.

Snider no doubt received a fat increase over the $24,000 he drew last season. Kiner reportedly made $65,000 in 1953. He hit 35 home runs and wound up with a .279 batting average. It's doubtful if he was raised.

The Cincinnati Redlegs announced they had received signed contracts of catcher Andy Seminick, second baseman Johnny Temple, pitcher Joe Nuxhall and outfielder Jim Bolger.

Jr. High Has Kept Record

The two junior high school cage teams stayed in their rut yesterday afternoon in Sweetwater when they took wins.

The wins brought the Snyder junior A team record to 6-2 and that of the B team to 8-0.

The A team won its game 37-23. It was ahead at halftime 15-4. The squad had no trouble taking the victory.

Bud Morgan led the team with 15 points, while Israel Hinojos had eight, Gale Courtney seven, Richard Pickett five, and Bobby Pollard two.

The B team won its game 32-15. It also jumped into the lead early in the game, leading at the end of the first quarter 20-1. Jimmy Allen paced the team with nine points, followed by Bobby Satton and Maxey Carey with six each.

The teams' next games will start at 3:30 o'clock Tuesday afternoon in Lamesa.

Plainview Meeting

ABILENE, Tex. (AP)—West Texas-New Mexico Baseball League directors hold their spring meeting in Plainview tomorrow night. The main subject will be how to get more folks out to the ball park.

League President Hal Sayles said: "Our schedule already has been released, and our league is set to go with the same eight clubs that operated last year."

Three Ringmen Given Honors

NEW YORK (AP) — Kid Gavilan, Dr. Vincent Nardiello and Floyd Patterson were honored last night by the Boxing Writers Assn. as the sport's outstanding men in 1953.

Gavilan received the Edward J. Neil Memorial Plaque as Fighter of the Year, an award named in memory of the former Associated Press boxing writer who was killed while covering the war in Spain.

Dr. Nardiello, former boxer and New York State Athletic Commission physician for many years, was given the James J. Walker Plaque for "long and meritorious service" to the sport.

Patterson, 165 - pound olympic champion in 1952, accepted the James Dawson Memorial Plaque as Rookie of the Year.

Nino Valdes, the Cuban heavyweight contender, also received an award from Editor Nat Fleischer of Ring magazine for showing the most progress during the past year.

Aggies Narrow Coach Field To 7 Applicants

COLLEGE STATION (AP)—Texas A&M College has narrowed its field of prospective head football coaches to seven men and says the "basketball situation is in good shape."

The college's athletic council, after an 8-hour session yesterday, emphasized there was no preference in its listing of seven men it wishes to consider for the football job. They were listed as:

Jim Tatum, coach at the University of Maryland; Mike Brumbelow, Texas Western; Johnny Vaught, University of Mississippi; J. V. (Siki) Sikes, who recently resigned at the University of Kansas; H. N. (Rusty) Russell, former Southern Methodist coach now at Schreiner Institute, Kerrville; Mike Michalske, Texas A&M line coach, and Dick Todd, SMU assistant coach.

NO DEADLINE

Athletic Council Chairman W. L. Penberthy, at a press conference following yesterday's session, said there was no deadline on selection of a coach to fill the vacancy left by the resignation of Ray George.

"The council is going to check further into the records of these men," he said, "then interview them and maybe narrow down the list further."

He gave no indication of when or where the seven men would be interviewed. He said the college, on its own initiative, contacted Tatum, Brumbelow, Vaught and Todd. He said Sikes, Russell and Michalske were contacted because it was reported they were interested in the Aggie post.

In answer to a question, Dean Penberthy said the athletic council favored contracts longer than the one-year agreements used in recent years.

FLOYD GIVEN APPROVAL

The council chairman said no report of its actions would be made today to a meeting here of the A&M system's board of directors unless the board requested it.

Asked about the status of basketball coach John Floyd, Penberthy said, "We think the basketball situation is in good shape now," and added:

"John Floyd is our coach and we're going to back him. Every member of the council has a profound regard for Floyd as a man, a coach and a teacher of the game."

Floyd's status was a mystery after two players, Rodney Pirtle and Don Moon, quit the squad last weekend. There were unconfirmed reports, of which Floyd professed ignorance, that the entire Aggie basketball team had quit once this season.

Penberthy said the council particularly noted what he called "the fine game AOM played against Texas Tuesday night." The Aggies, in command most of the contest, were shaded in the closing minutes 49-46 by the Longhorns.

Bing's Meet Starts Today

PEBBLE BEACH, Calif. (AP)—One of golf's most colorful processions—professional and amateur stars, entertainment celebrities and athletic heroes—streamed out today in the first round of the annual Bing Crosby pro-amateur championship.

Former U. S. Open title holder Lloyd Mangrum was the established favorite to retain the pro honors he won here last year. His 204 for the 54 holes set the tournament record.

Mangrum, incidentally, held the previous record of 205 made in bagging the 1948 tournament.

The $10,000 event, for which Crooner Crosby puts up all the money, is worth $1,000 to the low-scoring professional. The pro of the leading pro-amateur team in the best ball phase of the competition receives $1,000.

The 124 teams were split today, 62 playing over the Cypress Point Course. The balance played their initial round at the Monterey Peninsula layout. The fields will reverse courses for tomorrow's second round after which the low 45 teams will battle it out in Sunday's finals at Pebble Beach.

Crosby enjoyed a role as spectator as his big golfing show got under way.

Profits from the gallery tickets and other sales will go to local charities.

Ned Underwood of Snyder is a probable starter in the Saturday night match between the Texas Tech freshman squad and the Howard County College cage team. The game, which will be played in Lubbock, will start at about 6:30 o'clock, ending before the Tech-New Mexico A&M varsity game. Underwood led the frosh team with 19 points Tuesday night in the team's first game, which it lost 73-65 to Odessa Junior College. Underwood last year was scoring leader for the Snyder Tigers.

Rice Challenges UT In Crucial Contest

The nationally-ranked Rice Owls, pre-season favorites in the Southwest Conference basketball chase, put their blue chips down Friday night in a game with the loop-leading Texas Longhorns, undefeated in conference play.

It's a crucial test for both quintets and could go a long way toward deciding the championship.

Also playing are Texas Christian's Horned Frogs, defending champions, and the trampled Texas Aggies at College Station.

Anything can happen.

The Owls were upset in their conference opener by Southern Methodist after winning 10 straight pre-season games and earning a 11th-place ranking in the Associated Press weekly basketball poll. They dropped to 15th place last week in the AP poll after their defeat at the hands of the Mustangs.

Texas, improving as the season rolls along, finds itself tied for the conference lead with the surprising Mustangs. The Longhorns were off to a mediocre start in the pre-season games, but now have won three straight conference victories.

Since losing to the Mustangs, the Owls have bounced back with a win over Texas A&M, a team that showed vast improvement Tuesday night in giving Texas a merry battle before bowing 49-46. The Aggies, racked with player dissension that saw two of their starters quit the squad last week end, will be trying mightily for their second victory of the season in the Texas Christian contest.

Rice defeated Texas in the pre-season conference tournament at Houston, but by a close margin. A defeat for either team Friday night means a long rough road ahead to the championship, and it would be practically hopeless for the Owls.

Southern Methodist's smooth Ponies—lightly regarded at the start of the season—meet once-beaten Arkansas Saturday night in the evening's only conference contest.

The Razorbacks, playing on their Fayetteville court, will be no mean adversary for the co-leaders.

Sauer Denies Rumors Of Job Offer In Neb.

WACO, (AP)—Football coach George Sauer of Baylor, All-America fullback at Nebraska in the '30s, says he has not been offered the job as athletic director and coach at his alma mater.

Persistent rumors, highlighted yesterday by a copyrighted story in the Omaha, Neb., World-Telegram, say Sauer has been offered the double job at Nebraska. It is similar to the one he holds at Baylor under a long-term contract.

Sports editor Floyd Olds of the World-Telegram said in his story that the Nebraska Athletic Board had been assured Sauer would take the post.

Sauer said he did not know Olds and did not know where the sports editor got his information. But he got a prepared statement together which said, "I'm not looking for a job."

"Baylor has a nice athletic program and future," he continued, "but my friends at Nebraska would not understand my saying I would not be interested without first knowing something about the position.

"How could an answer be voiced without an offer?

"I don't know whether or not I'd be interested."

Olds quoted a group in Lincoln, Neb., which he said wanted Bill Glassford removed as Nebraska coach and said assurance Sauer would come to his old school came from them.

Glassford has conferred with University officials about terminating his contract but said yesterday, "I'm still football coach at Nebraska." Nebraska athletic director George (Potsy) Clark, however, resigned last month.

Olds' story said Sauer talked with the Lincoln group during the Christmas holidays while he was visiting his mother in Lincoln.

The chairman of the Nebraska Athletic Board, Dr. Walter Beggs, said he didn't know if Sauer was available. He said the "only people" the board has considered recently have been potential candidates for the athletic director's post.

Cage Leaders Facing Tough Tests Tonight

NEW YORK (AP) — Two of the nation's five major unbeaten college basketball teams face their sternest tests of the season tonight. The other three aren't scheduled.

Holy Cross, ranked sixth in the country, meets Notre Dame at Boston, and George Washington, No 7, travels to nearby College Park to engage Maryland. The ranking teams each have unbroken strings of 11 games.

Holy Cross lost to the Irish by two points last year in their only previous meeting and may be handicapped tonight by the physical condition of high-scoring Togo Palazzi. Togo went to the infirmary yesterday with a mild case of the grippe but the doctors said he should be available for some action.

Maryland, winner of the All-American City Tournament at Owensboro, Ky., during the holidays, hasn't fared too well in recent games but is several notches above the caliber of many of GW's opponents.

The other major unbeaten teams are Western Kentucky (15 straight), Duquesne (14) and Kentucky (10).

Colorado A&M, No. 18, was the only one of the top 20 teams in action last night. They ran their record to 12-1 with a 62-51 conquest of Denver in a Skyline Conference game. Utah State surprised Brigham Young 73-68 for its first conference victory.

Pennsylvania suffered its first Ivy League loss, bowing to Columbia 69-54. The Lions wrapped it up with a 24-point spree in the third period after leading by three points at halftime.

William and Mary edged Virginia Military 71-67 in a Southern Conference game which was tied five times in the final quarter.

HIGH FLYER

Dickie Browning, University of Illinois tumbler, soars more than seven feet into the air as he completes a double backward somersault. His coach, Charley Pond, holds a tape seven feet three inches into the air as the junior from Dallas goes through the maneuver. Pond is grooming Browning for an assault on the world high jump record of 6-11½ inches, set last June by Walt Davis in the National AAU meet. Only catch is Dickie will have to learn to take off on one foot instead of two to follow high jumping rules.

Teachers Polled By Shivers On Controversial Salary Issues

AUSTIN (AP)—Gov. Shivers has asked thousands of school people by letter for reaction to his stand on the teacher pay problem.

Response has been plentiful, some of it very critical, but most of it favorable to his position, in Shivers' estimation.

A spot check of some of the teacher letters reflected these varying opinions.

A West Texas group was unimpressed by Shivers' charge that the Texas State Teachers Association leadership defeated a pay raise in the legislature last year by adopting what he called an "all or nothing" attitude.

"BADLY UNDERPAID"

"We know that we are underpaid; badly underpaid," wrote the West Texas Teachers. "We believe that the $600 raise would have raised us almost to the professional rank where we belong; therefore, we glory in the spunk of our leaders who would not compromise with a token raise. We need a raise, not a gesture."

A Central Texas teacher commended Shivers, writing: "I followed you and your fight on this teacher raise proposition all along and I can truthfully say that I believe your convictions were honest and true. I agreed with you in the majority of all propositions.

"I believe I well understand your fight with the TSTA. I have been a paying member in the TSTA for the past 24 years but that is about as far as it goes."

"ABIDING INTEREST"

A San Antonio teacher told the governor: "I never believed that it was your desire to destroy the Gilmer-Aikin School Laws. I believe that you have an abiding interest in Texas' schools. But that you see clearly the needs of the public system, I doubt."

A Central Texas superintendent said he thoroughly agreed with Shivers "in the stand which you have taken in this matter."

The replies were prompted by a letter which Shivers has sent to some 15,000 to 20,000 teachers and administrators at his own expense. It is accompanied by a reprint of his Oct. 9 speech to the Texas Association of School Boards detailing his stand in the teacher pay controversy.

The letter will continue to be distributed as new mailing lists are compiled, said a spokesman for Shivers.

UNCONTROVERTED FACTS

The governor's letter—addressed to "Dear Friend"—says in part, "I would appreciate it very much if you will take time to read this and let me hear from you.

"There have been so many misinterpretations and misstatements I felt I should set forth some of the uncontroverted facts."

The letter then calls attention to Shivers recommendation to the legislature last year that it increase salaries of public school, senior and junior college teachers and state employees. Only the public school teachers failed to win a raise.

"In my opinion, the raise for public school teachers would have been accomplished also had it not been for the attitude of certain representatives who assumed that 'all-or-nothing' program," the letter continues.

"I hope the committee that is now working on a solution of the public school teacher pay problem will work out some acceptable long-range program. I assure you that I will be glad to have your suggestions at any time."

WEDNESDAY MEETING SET

The committee to which Shivers refers is a 25-member group named by him and the TSTA to resolve differences and to recommend an approach to raising salaries.

That committee meets here next Wednesday to consider a compromise proposed by a sub-group which would give teachers an across-the-board $402 raise in the base pay scale.

State-local division of public school financing costs has been the big stumbling block in the pay fight.

Two major recommendations on this problem await the committee's decision, and both are in general accord with Shivers' views.

The first calls for the state and local school districts to support the minimum foundation program on an 80-20 percentage basis. Local districts now pay a fixed total of 45-million dollars a year, which means the state pays the increasing cost of education.

SHARE CONSTRUCTION COSTS

The second recommendation would require the state for the first time to help meet school construction costs. This would be done indirectly by allowing school districts a credit of $100 per teacher against their individual quotas in the minimum foundation program.

A spokesman for Shivers said the distribution of the letter to teachers "should not be considered as a personal political activity."

"It has no relation to any race he might decide to make," the spokesman said. "We would not want to jeopardize the agreement which the compromise committee appears about to reach."

Waitress Gets Half-Million In Inheritance

PALM SPRINGS, Calif. (AP) — Patrons of a coffee shop here might be surprised to discover they have been tipping a waitress who says she is heiress to a $500,000 fortune.

Mrs. Virginia Broten, 38, said she was notified yesterday at work that she had inherited that sum from the estate of her father, Dr. M. E. Garmoe, Cedar Rapids, Ia., optometrist, whose funeral she attended three weeks ago.

She's going to stay on the job, too, "at least for the present," and the first purchase she'll make when she gets the money will be "the biggest trailer in the world" for her mother, Mrs. A. F. Hibbertt, who divorced Mrs. Broten's father, remarried and lives here.

Mrs. Broten said she never expected to share in the estate because she married Lester Broten, a truck driver, in defiance of her father's orders. She is the mother of three children.

City Departments Are Explained To Rotary

Jack Shelley, city manager, and Earl Davis, head of the city sanitation department, presented the program to the Rotary Club yesterday.

Shelley discussed sanitation facilities here, and the two showed a film on the proper handling of garbage.

Visiting Rotarians were Bob Shelton of Midland, Henry Rogers, Fred Wimberley, and Bob McBride, all of Sweetwater. Other visitors were Lee Dodge of Snyder and James Bailey of Fort Worth. Joe Stinson, member of the club, was back after being out with illness.

Jailers Take Lessons

DALLAS, Tex. (AP) — Jailers from 48 north Texas counties are scheduled to attend a school here next week.

Classes will include methods on how to shake down prisoners, the use of restraining equipment and public relations.

U.S. Red Is Booted Out Of Ceylon Party

COLMBO, Ceylon (AP)—Ceylon's Communist party today accused Roda Miller, the American wife of a Ceylonese Communist leader, of being a secret agent for the United States. The Reds picked up her party membership card last week on "ideological grounds."

The woman, married to Joe de Silva, lived formerly in Bridgeport, Conn., according to Red sources. They said she and her husband came recently from Communist Poland.

The party recently blamed her for a split in its ranks and ousted her and four others from membership Jan. 7.

The Communist Journal said today that Party Secretary S. A. Wickremasinghe had been tricked "by the apparently sincere Communist Roda Miller." The paper acknowledged that a book she wrote about the executed atom spies, Julius and Ethel Rosenberg, had been, "an excellent exposition of American policy and frameup tactics." But the paper termed the book a facade to hide her "spying" and said it was "very reminiscent of American psychological warfare board strategy."

Polio Drive Reaches $800

The Scurry-Borden County March of Dimes fund had received more than $800 by early this morning, and two special events in the polio drive were scheduled for tonight and tomorrow.

Being held tonight is the Dimes drive porchlight campaign. Forest Sears, campaign chairman of the drive, asked that all residents wishing to contribute leave their porchlights on from 7 o'clock until 8:30 o'clock. Workers have divided the city into segments for canvassing in tonight's drive.

Tomorrow, from 9 o'clock in the morning to 5 o'clock in the afternoon, Snyder Shriners will be on the courthouse square to ask for donations to the March.

Frank Bernson, member of the group, said Shriners will be in all streets approaching the square to stop cars and solicit donations. He added that large garbage cans, each with a custodian, will be set up at the corners of the square to hold donations from motorists and pedestrians.

Many Wild Animals Want To Get In Zoo

SAN ANTONIO, Tex. (AP) — Animals in the San Antonio Zoo never had it so good. That must be the reasoning of wildlife outside the zoo, Director Fred Stark says.

Stark revealed yesterday in a report to the San Antonio Zoological Society that during 1953 he trapped a total of 85 wild animals trying to break into the zoo.

Included were 44 skunks, 37 opossums, 3 raccoons and 1 ringtail cat.

Grocer Afraid Of Target Gun

BETHANY, Okla., (AP) — Frightened by a recent wave of grocery store robberies, the owner of Murray's Grocery here thought the wolf was at the door when a young man drove up with a .22-caliber pistol in his hand.

Murray locked the door and told the gunman he was closed for the day. He drove off. Murray furnished police with the license number.

After an investigation, Police Chief Fletcher McLain dropped the case. He said he traced the car to Dillon Williams, 24-year-old Bethany man.

Williams said he had been target shooting at Lake Overholser and stopped at the grocery to buy some dinner on his way home. He got out of the car and took the gun out of his pocket to put it in a tool box in the rear seat.

That's when the grocer got worried. Williams said when he was told the store was closed he drove blissfully off, unaware of the excitement.

Improved Attendance With Coffee, Doughnuts

RENO, Nev. (AP)—A University of Nevada professor, A. L. Higginbotham, is getting 100 per cent attendance at his early morning classes these days.

Higginbotham, head of the journalism department, was injured in an auto accident recently and still is not strong enough to resume teaching on the campus.

So his students meet at his home. For the 8 a.m. classes, Mrs. Higginbotham serves hot coffee and an occasional doughnut.
